Bd No 2471

From the Secy to Government,

Requesting the Board to call for & examine the order regarding the Village Moniagar.

233

Fort St George 10th September 1855

Read the following papers.

No. 988.

Extract from the Minutes of Consultation in the Revenue Department under date the 28th August 1855.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 18th August 1855 No 2145)

Para 1. With these Proceedings the Board submit two letters from the Collector of North Arcot (dated respectively the 24th July and 6th August,) in answer to the enquiry of Government whether he was taking full advantage of the Board's Circular Order of April 30th 1855. for the recovery of arrears of Land Revenue.

2. The Collector explains that the large deficit in the Collections which had attracted the notice of Government, is due chiefly to the fact that the Summabundy of Fusly 1264, was made very late, being still unfinished apparently in the Sub-Division, even at the date of his second letter. Adverting to the fact that large balances had been withheld by wealthy Ryots from the belief that no coercive means could now be used for their recovery Mr. Whittinghame explains that on his calling before him the chief defaulters

Fort St. George 10th September 1855

Defaulters of each Talook, and informing them of the legal means of recovery at his Command, and which would certainly be enforced, the outstanding arrears were speedily reduced, and he anticipates that it will not be necessary in any case, to have recourse to the actual sale of land. Much credit is due to Mr Whittingham for his prompt and straight forward proceedings; and it is very desirable that the same course should be adopted in the Talooks of the Sub Collector and Head Assistant, where there are still large arrears. There should be no backwardness in proceeding to the sale of land when the preliminary measures may not lead to the discharge of the arrears.

3. The Government request that before authorizing a departure from the rule, respecting the attendance of Village Officers at the Talook Cutchery, the Board will call for that Order and examine it. They will find, it is believed, that it only exempts the Village Officials from accompanying the remittance when that is of the proper amount and made them still liable to be sent for and questioned, when it is deficient. For the

Fort St. George 10th September 1855

reasons which will be found, in the papers circulated with the Board's order of the 26th February 1855, the Government are not of opinion that this restriction should be so relaxed as to leave it in the power of a Tahsildar to determine whether a Monigar shall be compelled to attend or not. It may be proper, however, that the Board should define more precisely in what cases such attendance shall be compellable and that they should make such rules of general application. They will remember, however, that the mere collection of the Revenue is not the only thing to be considered, the importance must also be kept in mind, of making the Office of Head of the Village respectable, and of protecting the holder of it as far as practicable from caprice, exaction, or malice. Before issuing a final Order on the subject, the Board will be pleased to lay the draft before Government for approval.

(True Extract)
(Signed) J. D. Bourdillon
Secy to Govt.

To, The President & Members of the Board of Revenue.

Ordered.

14465 Fort St George 10th September 1835

Bd No 2353.

Order thereon.

2334 Ordered to be Communicated to the Sub Collector in Charge of North Arcot, with reference to the Boards Proceedings dated 18th August 1835 No 2145.

2 Mr Binning is requested to forward a Copy and translation of the Orders regarding the attendance of Village Monigars at the Talook Cutcherry alluded to in para 3.

235

Bd No 2488.

From the Secy to Govt Rev Dept. Trusting the Board will render the existing law regarding the recovery of arrears of revenue so long as it remains in force as effective as possible & correct misconceptions by a circular order.

No 1007

Extract from the Minutes of Consultation in the Revenue Department under date the 30th August 1835.

Read the following Extract from the Proceedings of the Board of Revenue.

Here entered 15th August 1835 No 2105/

In these Proceedings the Board reply to the Extract Minutes of Consultation of 3rd August 1835, No 929 on the subject of a temporary Act to be obtained for legalizing the sale of personal property for arrears of revenue, prior to the attachment and sale of the land of the defaulter. In the Minutes of Consultation above cited, the Government expressed their unwillingness to advocate such a measure without a strong necessity which seemed to them to be wanting at

14466 Fort St George 10th September 1835

but they suggested a reference to the Government. Pleader as to the effect of the existing law with reference to a particular enactment, Section VII Regulation XXV of 1802. The Board now report that Mr Norton adheres to his opinion that the sale of personal property in the first instance is not allowable, and they again urge the necessity of immediately strengthening the hands of those who are engaged in collecting the Public revenue.

2. In support of this recommendation, the Board submit two letters from the Collectors of Canara and of Bellary respectively. The latter does not appear to the Government to be material to the question.

Para 8.

Para 10. They approve of the Boards order to the Collector, and they must observe that the Sessions Judges mere opinion as to a proceeding being "highly objectionable" need not guide the Revenue Officers. If a Court should pronounce any such proceeding to be illegal, it will become necessary either to conform to such decision or to appeal against it.

3. The Acting Collector of Canara represents the delay which he thinks must attend the realization of the revenue in that District without the power of selling the personal property of defaulters, but it appears to the Government that he over estimates the difficulties. In para 3 he observes

observes that under the withdrawal of power over the personality Ryots who choose to do so may withhold their kists with impunity at any rate until the close of the Fusly. This appears to indicate a belief that land cannot be attached or cannot be sold till the end of Fusly year, but this is a mistake; the very orders which Mr Fisher quotes (point out (para 3) that land may be attached immediately on default of a single kist, and directs that full advantage to be taken of the law.

4. Again the Acting Collector dwells on the delay which must result in a District where there are no field assessments, from the process necessary to determine the proper Government demand on the piece of land selected for distraint. But this impediment also has no real existence. The Law clearly regards the whole Estate of a defaulter, or at least each separate estate as a whole, as being liable for an arrear of revenue accruing; and it nowhere imposes on the revenue authorities the necessity of subdividing the property to suit the exact amount of the arrear though it makes it competent to them (Section V Regulation XXVII of 1802) to make such subdivision when they may deem

* Circular Order 30th April 1855. Ps 1049.

it expedient to do so. Mr Fisher was probably led into this misconception by some expressions in the Circular Order just quoted which were intended to apply, and are alone applicable, to field assessed districts.

5. The Board state their opinion that two courses are open to the Government. First, to obtain a Short declaratory Act, sanctioning the sale of personal property for arrears of revenue in the first instance; or second to authorize Collectors to continue the practice, notwithstanding the opinion of the Government Pleader against its legality. As respects the latter proposition, the Government consider that it would be highly unbecoming, after having sought the opinion of their legal advisers and received it deliberately and repeatedly against the lawfulness of a certain line of proceeding, to set that opinion entirely aside, and direct such proceedings notwithstanding.

6. As to the former of the Board's alternatives, the Government have again given careful consideration to the papers, and they are still of opinion that such an urgent necessity is not made

Fort St. George 10th September 1853

made out as would alone justify the Government in recommending the enactment of a temporary law to the effect proposed. The only evidence offered by the Board is contained in the letter from Canara above remarked on. And on this it must be said that the arguments of the Acting Collector are purely speculative, and that as already shewn, of the two difficulties which he alleges, one has no existence, while he has greatly overrated the effect of the other. Looking to the actual facts of the case, nothing is found to justify the course recommended. Comparing the Collections of Land Revenue in Canara in Fusly 1263 with those of Fusly 1264 up to the end of July in each case, in comparison with the demand it is found that those of the later year are below those of the earlier by less than 21,000 Rupees, a difference too inconsiderable

Collections of Land Revenue on account of Fusles 1263 & 1264 up to the 31st July

	Fusly 1263	Fusly 1264
	Rs	Rs
Demand	17,17,284	17,29,995
Collections up to 30th June	16,99,602	16,99,639
Do. up to 31st July	1,82,020	2,22,058
Total	18,81,622	18,71,697
Balance	37,662	58,298
Difference	..	20,636

Fort St. George 10th September 1853

inconsiderable to need serious notice.

7. The letters from North Arcot recently laid before Government by the Board with their Proceedings of the 18th August (No. 2145) lead to the same conclusion that it is not necessary at present at least, to have recourse to temporary legislation. This was one of the three districts specially quoted by the Board in their former Proceedings of the 21st July (para 4) as evincing the necessity of the measure; but the Collector states that though a number of Ryots had held back their kists, yet on his simply calling to me of the defaulters before him and warning them that though personal ill-usage would not be permitted, yet that the existing law (which he fully explained to them) would be rigorously enforced, this contumacy ceased; and the Collector anticipates that resort to extreme legal measures will no where be necessary.

8. The Government would observe in conclusion that the foregoing remarks are not to be understood as implying their opinion that the law for the recovery of arrears is now in a proper state. They have

14471 Fort St. George 10th September 1855

have already recorded their views to the Contrary effect, and have adopted measures for amending the law. They readily admit that until such amendment shall take effect the difficulties of Collectors in realizing the Government revenues will be increased, and the performance of this duty will call for more watchfulness and care on their part than has hitherto been necessary. But the Government are not of opinion that these difficulties are insuperable or are such as to necessitate the objectionable measure of passing a temporary law on a subject whereon the whole existing body of law is actually undergoing revision, in view to its early amendment. The Government trust that the Board will enter into these views, and endeavour to render the existing law as effective as possible so long as it remains in force. To that end it may be useful to correct by a Circular order, misconceptions existing in any District similar to those entertained in Canara, as well as to call the attention of other Collectors to the immediate effects which followed the simple and straightforward measures adopted by Mr Whittinghame.

He

14472 Fort St. George 10th September 1855

The attention of the Collector of Bellary may also be properly called to paras. 3 & 5 of the Circular Orders of the 30th April above quoted, the Government believe that even in that District the prompt and strict enforcement of the existing law in the mode there pointed out would effectually prevent the accumulation of arrears.

/True Extract/

/Signed/ J. D. Bourdillon

Secy. to Govt.

To,

The President & Members
of the Board of Revenue.

B.R. No. 2356.

Proceedings thereon.

235.6

In their Communications of the 21st July and the 15th August 1855 the Board brought to the notice of Government that their revenue Officers have now virtually no legal means of Collecting the land Assessment since doubt has been thrown on the legality of attaching and selling the personal property of defaulters. They pointed out that nearly a Million of Cultivators pay less than Rupees 10 annually in Monthly instalments of one and two Rupees, and that the punctual realization of such an revenue could not be ensured without the power to sell personal property even if the land itself

itself had a saleable value, which from various circumstances is seldom the case. Foreseeing therefore the increasing difficulty which will be felt as the tax-payers become acquainted with our inability to exercise prompt legal process against them and anxious after the published remarks of Government on the Report of the Torture Commissioners to give our native servants due means of discharging their duties in order that they may receive the protection to which they are entitled and our administration be relieved from the stigma lately cast on it, the Board proposed on the first occasion that no time should be lost in obtaining an act to legalize the sale of personal property for arrears of revenue. As Government demurred to this proposal, the Board added on the last occasion a second suggestion that the practice of distraining and selling personal property should be continued, in order that if the right to use this process was disputed the question might be brought before the courts and the state of the law be thus authoritatively ascertained.

Proceedings to Govt 21st July 1855 Para 5

From Govt 8th Cons 7 Augt 1855 Para 3

Proceedings to Govt 15th Augt 1855 para 14

CB

The

2 The Board must regret that on so vital a point immediately connected with the Department over which they preside their experience and opinion should have been set aside and they themselves left in the painful position of having to sit in Judgment on servants who are now liable to be charged either with neglecting their duty or with resorting to illegal acts in the absence of legal means of discharging it. Tahsildars are aware that their Official character and prospects much depend on their success in collecting the revenues of their Divisions and unless they are furnished with legal powers for the purpose the Board must fell that they will be led to acts of at least doubtful propriety thus compromising themselves and throwing discredit on our administration. In their Remarks on the report of the Torture Commissioners Government observe "that the crisis demands instant action and that the matter must not be allowed to slumber" The Board therefore brought to notice the State of the law for recovering arrears of revenue which is admitted to be imperfect and since the power to sell personal property has been called in question they still

still trust that Government may see fit to relieve Revenue Officers from their present false and dangerous position by at once procuring them the legal means of performing the duty placed in their hands.

3. If the realization of the public revenue was alone concerned the Board would have refrained from further observation after the recent reply of Government but as the character and prospects of their Subordinates are at stake they feel it incumbent upon them to observe that they cannot consider it prudent to trust to what is termed the "Simple and Straight forward proceeding" of Mr Whittingham With the reasonable and obediently disposed, moral persuasion carries weight. but revenue Officers have to deal with the contumacious and the unreasonable as well as with parties who mistakenly think from being partial Judges in their own case, that they have valid grounds for insisting on remission or delay. Towards these clases of persons stronger measures must be taken and if the native revenue Officers are not vested with adequate legal powers. the Board feel that questionable and illegal acts will not the less exist because they

E. M. Cons 30th Augt inclosing 10th Sept 1855 Para 8.

they are not always brought to light. It appears to them a point of paramount importance that the necessity for all such acts should cease and Tahsildars have the means of discharging their duties with efficiency and good repute.

4. It is also to be observed that the case of North Arcot was peculiar It was found late in the season that many of the ryots including the landowners, under the plea of waiting for the expected revision of the assessment had paid nothing. When therefore the collector remonstrated with them on the impropriety of their Conduct, and pointed out that he should proceed to sell their valuable lands it is not surprising that a portion of the arrear was forthwith paid. But this precedent would not avail for the recovery of the Ordinary balances due towards the close of every fusly by the cultivators of those numerous tracts of land which in all our Districts have now no Saleable value among these defaulters are to be found the Contumacious and those who are glad of any pretext for indulging the native reluctance to part with money. To explain to

to these persons the present imperfect state of the law, and to declare them safe from all other coercive process would be tantamount to giving up the collection of the arrear. The balances which are now outstanding may be hereafter collected, but if so the Board feel that this will be effected by the Tahsildars by threats of process which the present state of the law prevents their using and by other measures which endanger their own appointments and prospects, and cause discredit to our administration. The Board were anxious to stop all this evil which will increase as the want of legal means to recover arrears of revenue because generally known. The Board would also beg to point out that if the Revenue should not be collected with the same punctuality as heretofore this will in all probability not be attributed by the public to the sudden withdrawal of a long exercised legal power, but be adduced as a proof of illegal practices lately charged against our native Officials.

5. The Board will not however pursue a subject which is now fully before Government, but as Government have observed that it would be highly

unbecoming" to adopt the alternative measure which they suggested, they wish to explain the circumstances which led to their recommendation. Government had observed / Extract Minutes of Consultation dated 3d August 1855 / that they were unwilling to apply for a new act until the necessity of doing so was clearly ascertained and Mr Stokes who had been appointed to digest the revenue regulations proposed that an exposition of the law regarding the mooted point of selling personal property should be sought from the Judges of the Sudr Adawlut in whom the Construction of the Regulations is vested. But Government replied "that such references were objectionable and that the only means of obtaining a decision of the Sudr Adawlut as of the Courts of Law in England is by bringing an actual case before it". The Board need hardly observe that there was no method of accomplishing this end and thus obtaining an authoritative declaration of the law but by pursuing the course recommended by them and they had no hesitation in offering that suggestion because in the opinion of Government as well as of themselves the distraint and sale of personal property

for

Fort St. George 10th September 1855

for arrears of revenue is strictly legal and the right has been freely exercised without question and with the tacit sanction of the courts for the last fifty years.

6. The Board would also observe that this method of obtaining an exposition of the law is no novel one, as an instance they would refer to the instructions given by Government for the purpose of ascertaining whether the smugglers of salt could be punished otherwise than by the confiscation of the salt a point which their officers doubted. With reference also to the Government Pleader the Board are unable to perceive any impropriety in their suggestion. The opinion of that Officer is deservedly entitled to much weight nor would the Board lightly oppose it, but it is not infallible and the ultimate interpretation of the law is vested in the Court of final appeal.

Ext. Mins Cons. 24th Nov. inclosure 1st Dec. 1853 P.7

Letter from Govt Pleader to Board 10th inclosure 21st May 1855. P.7 & 8.

On a recent occasion the Government Pleader himself suggested that a point involving the right of a Mortgagee in possession under our laws should be brought before the courts notwithstanding his own opinion on the subject and in the present instance there appeared to the Board peculiar reasons in favor of that course. The construction to be placed on the Revenue Regulations would the Board conceive be much influenced by the old laws and usages of the Country with which Mr. Norton has necessarily an imperfect acquaintance and the opinion which he gave is opposed to that of Government and the Board and to long established practice. The

Fort St. George 10th September 1855

8. The Board therefore hope that though Government may not deem it expedient to follow their suggestion they will not on reconsideration be of opinion that the Board proposed to them a measure which it would be "highly unbecoming" to adopt.

9. With regard to the 4th & 8th Paras of the Extract Minutes Consultation under acknowledgment the Board desire to explain that the difficulty in selling land stated to be experienced in Canara is not to their knowledge exaggerated. The Estates in that District are often much subdivided without the subdivisions having been reported and officially recognized and so long as the revenue is paid they continue undisturbed. When the owner of one plot falls into arrear it would be a measure of great harshness to attach and sell at once the whole Estate, parts of which have often been long possessed parties quite unconnected with the defaulter but before endeavouring to collect the arrear by selling the plot on which it is due the whole estate must be examined and the assessment formally apportioned. Hence the unavoidable delay deprecated by Mr. Fisher

Sept. 2355
To the Sub Collr in Charge of North Arcot

To
The Sub Collector in Charge of
North Arcot

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 27th Ultimo forwarding translation of an Urzee from two Mahomedans of Chittoor and requesting instructions regarding the terms on which the Petitioners should be allowed water for their Manium from the Samareddy Channel.

2 The Board observe that an explanation of the circumstances under which the Petitioners became possessed of their present Maniums should have been given in your letter. It appears however from the terms of the Petition and of the Summud which accompanied it (Extracts of which no translations were sent) that the Sub

14490 Fort St. George 10. September 1855

Collector Mr Bourdillon assigned to the Inukaindurs certain lands in the adjacent Pergunnah in lieu of others relinquished by them at his desire for public purposes that the land given up by Petitioners was irrigated by Wells sunk at their own expense and produced Runjah crops. A Petition appears to have been addressed by the Makandars to Mr Brett then Acting Collector requesting that they might be allowed to irrigate the Maniems newly assigned to them from the waters of the Samareddy Channel; and the Summud issued by Mr Brett permitting them the use of this water free of charge evidently contemplated giving the new lands the same advantages which the old Maniems possessed. The case is therefore an exceptional one, and the Board authorize the continuance of the privilege granted to the Petitioners by Mr Brett's Summud without reference to the rules of 8th March 1855.

Revenue Board Office,

Military Board

To

The Secretary. Military
Board.

Sir

I am directed to request that you will obtain the permission of the Military Board to furnish the Board of Revenue with a Memorandum of the cost to Government of the various Articles supplied to public Offices on Stationery Indents. The prices it is presumed do

do not vary materially from year to year.

2. Sum also directed to enquire whether the Military Board would be favorable to the abolition of these annual Indents and the substitution for them of a standard Indent for each Collectorate. From the actual consumption of past years there would probably be no difficulty in framing a standard and when special circumstances rendered an additional supply requisite a supplemental indent could be easily furnished with the necessary explanation. In like manner when a smaller supply than usual is likely to be required the fact might be reported and the standard Indent might be quinquennially revised Unless thus specially advised of the necessity for a larger or smaller issue the ordinary standard supply would be forwarded as a matter of course of the stationery Department direct to each Officer, and these cumbersome statements be generally dispensed with.

Bd No 2465.

From the Asst Collr of Canara

Sir

The present Talook Cutcherry at Siddapoor in Bilghy Talook being ill adapted to the purposes for which it is required, and in fact without plan or the arrangement requisite in a public building of the kind. I propose to forward an Estimate for a new Cutcherry for insertion in the Budget for 1856-57.

Siddapoor however is not, it appears to me, the most eligible place for the head quarters of the Talook Officials - Bilghy being much more Central, and from its position with reference to roads now under Construction or urgently required, in all respects a very superior position for the Talook Offices. A Court is to be built for the Talook Moonsiff lately appointed, and preparations to

14503 Fort St. George 11th September 1855

to Commence this work must be made assoon as the Rainy Season closes, and I take this opportunity to request the Sanction of the Board to the removal of the Cutchery from Siddapoor to Bilghy, when Sanction may be obtained for the building required, and permission to build the proposed Court at Bilghy, no particular place having been named at the site of this Court, which would however as a matter of Course, have been built in the Cubah of the Talook

From the Collector of Tanjore

To the Revenue Department for Fusly 1263

Sir,

With reference to your letter dated the 14th Instant, returning Statement A of charges incurred under Estimate, and the accounts particular of Saderward belonging thereto, with Corrections in pencil of certain Sums entered against some of the items in the latter, I have the honor to inform you that the noticed difference is the result of variations in the prices of Saderward Articles purchased

14505 Fort St George 11th September 1855

purchased in the several talooks and towns of the districts on various dates, from several parties, at different rates; and eventually brought to account at the close of the fusly at an average rate, omitting some fractional differences in the Calculation so as to bring the account in unison with the actual payments — Under these Circumstances it is not possible to make the Corrections pointed out by you and the Statement is accordingly returned —

2. The Certificate called for in the 3d para of your letter is herewith forwarded

From the Collector of Tinnevelly.

Sir

Para 1 I have the honor to inform you that originally 3 individuals named in the margin were appointed as Trustees to Soobramaneya Swamy Pagoda at Cooroocootory in Tinnevelly enjoying a Tusdeek of under 30 Rupees per annum the first two in Consequence of their Connexion with the Teroovadoothony Madum and the last independently of these the 3d having since died and the 1st resigned his office the 2d Ramalingum Pillay and one Moottia Tumberan appointed by the Madum in the room of the 1st with the Concurrence of the Circar Continued to receive the Tusdeek money and manage the affairs of the Pagoda —

1 Soondiralinga Tumberan of Teroovadoothoray Madum
2 Ramalingum Pillay Curnum of D:
3 Kandumathenada Pillay of Tinnevelly

2. Now the Karbar of the Madum represents

11307

Fort St. George 11th September 1855

represents that Ramalingum Pillay being dismissed from the Office of Curnum for misconduct, and a person in whom he has confidence, he should be put out of the Office of Trustee.

3. The Tahsildar of Nelliambalum Taloohs reports as the result of his enquiry that the conduct of the said individual is irregular, and that the Services of the Pagodas are solely maintained by Subscriptions, many are thereby delayed.

4. Under these circumstances and as the Jewels and other property belonging to the Pagoda are usually deposited in the said madum I have the honor to request the permission of the Board to dismiss the said Ramalingum Pillay and to take in his room the new Curnum appointed by the Maidars.

Fort St. George 11th September 1855

authorize the removal of Ramalingum Pillay from the Trusteeship of the Soobramoneya Swamy Pagoda, and the appointment in his stead of the present Curnum of the Teroovadoothoray Madum. The name of the latter should however have been mentioned.

No 107

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue

Sir

(278)

Bd No 2509
From the Collector of Coimbatore.

Affords certain remarks with reference to the opinion of Mr Norton in the case of water dispute by Mr Davison on the Neilgherries.

Para 1 I beg to acknowledge the letter from the Secretary to the Board 17th August 1855, No 2135, with Mr J. B. Norton's opinion on the water question, and to offer a few remarks, the Boards orders seem to call for.

2. The Regulations XII of 1816 and V of 1822, referred to and quoted, manifestly refer, in the original intention, only to Ryotsand to land irrigated for Cultivation and even then, the process of Settlement laid down, was tedious, and indirect, a Panchayet must be agreed to and Collected, and if declined by either party they are referred to the Civil Courts. The Cases on the Neilgherry Hills differ greatly from those contemplated by the above Regulations they are between Europeans

Fort. St. George 11th September 1855

Europeans and for irrigated or cultivated Lands but chiefly for domestic or ornamental objects, and a Punchayet if acceded to would not be always practicable some more speedy and summary, the fair mode of Settlement, is obviously necessary and some power or penalty /subject to appeal/ necessary to enforce, temporarily such decision.

3. I do not think an action as contemplated in para 6 of your letter would be advisable or lead to any good result a Simple order or enactment enabling the collector to enforce the Rules of the Board's Manual /of 1850/ in all Cases is all that is required probably similar to some practice in Bengal.

4. The Board have mistaken me in some points on this subject they think and call the water rate I proposed "Compulsory" whereas I had asked and obtained the willing Consent of almost every one such an one privately exists at Coonoor, and I only Contemplated a Voluntary rate, but its expenditure and allotment to be under public Control the needful repairs and expenditure

Fort St. George 11th September 1855

on Estimate, as preferred by the Board again when I suggested a Committee to whom the Collector might refer if necessary it was because I thought /as Mr. Norton now does/ an appeal probable against any single decision and because it seemed to me to be in accordance with the Spirit and intent of the Punchayet of Regulation V of 1822 substituting only an European for a Native one, where Europeans were mainly Concerned; but from long knowledge of the Hills for many years. I shall have no difficulty I think in Coming to a fair decision on most Cases - if I have only clear powers granted to me so to act - and no delay need or would occur, as I always can and have, personally inspected every locality where a dispute has occurred. but while Settlers are yearly increasing, rapidly and the water remains the same /or rather less than formerly/ the Contest for it will be of Course be eager in proportion to its Scarcity and value.

From the Collector of Madura

Sir,

With reference to the Proceedings of the Board dated the 17th Instant, I have the honor to transmit copy of a letter from Mr. Clarke explaining the necessity of his residence at Palney for 53 days; and as regards the Stay of Mr. Hodgson at Ramnad, I beg to state that, at my request, he made that place, at which there is no cutcherry, his Head Quarters. The Fouzdaree Adalut, some years ago, expressed their opinion that Ramnad should be the Station of an Assistant Magistrate, and if the Board will do me the favor to look at the Map of the District they will at once perceive the propriety of this arrangement. When I have had more than one assistant, the charge of the Head has been the Police of Ramnad and Shevagungah with the routine Arrzees of the Departments of Salt and Sea Customs, and Madura itself constitutes a very inconvenient

Fort St. George 11th September 1855

inconvenient Station for the performance of this duty I have therefore deemed it my duty to direct the Head Assistant to make Rammad and Shevagungah his Head Quarters, and the former chiefly. At present I am obliged to arrange differently owing to there as yet being no Second Assistant within the District.

Madura

Enclosure No 7

To,
R. D Parker Esqre
Collector of Madura

Sir

In reply to your letter of the 22d Instant, calling on me for an explanation of the cause of my Continued Stay for 53 days at the Town of Palany in the months of September and October of last year, I have the honor to inform you that it was necessitated by a protracted and intricate inquiry I was compelled to make into the accounts of the Sequestered Pollium of the Minor Poligar of Ayacoody the Cusbah of which was 3 Miles from Palany and where during the

Fort St. George 11th. September 1855

there were great objections to my Staying before I could conclude the Settlement of the estate for fasly 1263.

2. The letter of Mr Walhouse the Acting Sub Collector when applying for the Establishment for the estate will have informed the Board of Revenue of the very entangled state in which the accounts were found, and they are also aware that just before the Settlement the Tahsildar of Palany and Manager of Ayacoody died and that the Moozumdar of the same Taluk was also promoted throwing the Superintendence of the estate into perfectly new hands.

3. Very early in the enquiry I was also wholly deprived of the aid of my Sheristadar whose illness was duly reported to you, and others of my establishment were also laid up - Myself had once to seek medical aid in Dindigul and was at the last driven in by a serious and painful illness.

4. In making the Settlement many difficult and intricate questions arose which could only be settled by a reference on the spot to the accounts of

Fort St. George 11th. September 1855

of former years and by personal enquiry, and in some Villages almost every item had to be scrutinized and verified at the same time an enquiry was making into the private accounts of the late Poligar to ascertain the amounts of sums due to him

5. Altho' I might have left the Settlement accounts to be prepared by my establishment it was impossible for obvious reasons to permit the private accounts to be examined out of my presence and to have carried them accounts about with me would have been inconvenient and expensive.

6. It would unnecessarily occupy your time were I to expatiate on the difficulties I had to contend with in these enquiries so far from receiving any assistance from the guardian of the Minor he only obstructed and protracted my enquiries.

7. In the matter of the debts due to the estate he could have given material assistance but whenever called on he simply stated he knew nothing whatever of the affairs of his late brother

8. After much diffiuntty a schedule of the debts

Fort St. George 11th. September 1855

was drawn up, and it only remained to call on the several debtors to pay the amounts shewn to be due or to prove their nonliability, my illness put an end to this enquiry which my subsequent removal to Madura wholly prevented.—

9 I trust this explanation may prove sufficiently satisfactory to justify the Board in passing the Bill. It has not been my habit to seek to remain in any favored spot in the District— where duty has imperatively called me and detained me there. I have proceeded and there remained till the work in hand was finished.—

And on the occasion under Comment had it been possible I would gladly have shortened my stay at the Town of Palamcottah which high wind and bad water render anything but a pleasant place of resort.—

B. No. 2359

Proceedings thereon — (286·7)

Under the Circumstances stated in the foregoing letter the Board authorize the sale for arrears of Revenue of the Lands alluded to and direct the publication in their Office of the advertisement forwarded by the Collector, Wednesday the 10th October next being fixed for the day of Sale

No. 89

To G. L. Forbes Esqre
Acting Secretary to the
Board of Revenue

288

Bd. No. 2573.

From the Collector of Cuddalore — Furnishing the information required by the Board in their Circular Letter No. 1540 dated 18th June 1855 in respect to the discontinuance of rent for the privilege of sifting the ashes from the furnaces of gold smiths &c. and recommending that the several items of Motorpha be remitted upon labourers —

Fort St. George

Sir,

I have the honor to acknowledge the receipt of the Board's Circular Letter No. 1540 dated 18th June 1855 Requesting to be furnished with the information required by Government in respect to the discontinuance of Rent for the privilege of sifting the ashes from the furnaces of Goldsmiths &c. and in Reply beg to state that the Rent above Referred to was abolished in Conformity with the instructions Contained in the Board's letter

14522 Fort St. George 11th September 1855

letter dated 16th March 1816 —

2 With respect to para 3 I recommend that the Motorpha Taxe remitted upon the Labourers mentioned under the following heads which are entered in the public accounts as house Taxe under the head, Bagar necessaldy —

No 1 Stone Cutters
" 2 Coolies who build houses.
" 3 Ditto Ditto Mudwalls
" 4 Ditto Ditto digging wells
" 5 Servants under merchants Weavers &c.
" 6 Coolies employed for clearing the grass out of the fields and for Repairing the Crops —
" 7 Coolies obtaining their livelihood by selling kill grass Leaves, Charcoal small Bamboos and Sundry wooden materials —
" 8 Servants under Cultivators —
" 9 Females who live by spinning and others who gain their livelihood by selling the milk of a few Buffaloes which they maintain —
" 10 Persons who live by the labours of their Cattle which are let out for hire

&c

Fort St. George 11th September 1855

3 In fact I think that Moturpha ought to be abolished from all individuals who obtain their livelihood by manual labour in the fields, and have no other means of maintaining themselves and families. The amount of Moturpha which would be sacrificed with new Collections upon the 10 items before mentioned will be Rupees 9560 being the average amount for the last 3 years, a mere pittance to Government but would be a Considerable Relief to those who pay it, as they are all in a very poor Condition.

Cuddapah Collectors office 5th September 1855

Order thereon

288.9

Ordered to lie over.

No. 88

To G. L. Forbes, Esqre

Acting Secretary to the Board of Revenue

290

B. No. 2574

From the Collector of Cuddapah

Furnishing the explanation required by the Honorable Court in regard to the disproportion between the cultivated and uncultivated lands.

Sir,

Fort St. George

I have the honor to acknowledge the receipt of Abstract from the proceedings of the Board of Revenue under date the 21st September 1854 forwarding a Copy of Report presented to Parliament by the Honorable Court of Directors

Fort St. George 11th September 1855

together with the Board's letter to Government dated 24th August 1854, and requesting to furnish explanation required by the Honorable Court in regard to the disproportion between the cultivated and uncultivated land.

2. From the papers enclosed, it is impossible to state with any accuracy the superficial area of the district of Cuddapah there being a difference of 38 square miles between columns 1 and 2 and 183 square miles between Columns 2 and 3 in the enclosure C, but taking column 1 as a correct statement and supposing that 640 acres from the square mile, the whole number of acres will be 83,00,800 of which from the Tymash accounts it is shown that 34,52,492 acres are unfit for cultivation, but in addition to this, a further sum of 15,71,392 may be added on account of range of hills and mountains, covered with forest and Jungles, which is not entered in the above accounts making a total of 50,23,884 which being deducted from the whole extent of acres viz. 83,00,800 leaves 32,76,916 land fit for cultivation. Of which 1052833 is land alienated in enams. which being excluded, leaves

Circar lands	19,98,362	
Poonganoor Polipatt	2,25,781	
	22,24,083	
Of which Circar land cultivated	12,99,627	
Estimated cultivation in the Poonganoor Polipatt	50,000	
Total	13,49,627	centage 62
Waste	8,74,456	
Total	22,24,083	D: 38

leaves acres 22,24,083 Circar and Poonganoor Polipatt lands comprising cultivated and uncultivated. Of these 13,00,000 in round number belonging to the circar and acres 50,000 for Poonganoor together making 13,50,000 acres actually under cultivation which will yield a centage of cultivated lands 62 uncultivated 38.

3. Of the amount of land entered in the Pymaish account as barren, there is no doubt that portions of it are fit for cultivation and vice versa. Since the Pymaish a considerable quantity of cultivable land has become Poyamaleer unfit on account of its being injured either by being washed away by floods or the land becoming impregnated with Sodar, Salt, &c. besides which there have been considerable errors committed by those employed in the measurement of the lands at the time of Pymaish, who have entered cultivable lands as barren and vice versa. The exact amount is at present unknown, but every exertion

lands in Doopand, Poolevendalah and other talooks of a very poor quality, which can be brought under cultivation for 2 or 3 years, after which they must be left waste for a similar period in order to recruit their strength by being laid fallow and having the benefit of the droppings of the cattle and sheep which graze upon them - these together will, to some extent, reduce the centage of the waste land, when compared with the cultivated, but should the whole of the uncultivated lands be compared with that actually cultivated, the centage of the latter will be very small in comparison with the former.

4. A Statement showing the total quantity of land in the district, together with the quantity actually under cultivation, and that unfit as well as the quantity alienated in that unfit as well as the quantity alienated in the remainder and also the extent of land left uncultivated is herewith forwarded.

Cuddapah, Collector's Office 5th September 1853.

Bd's No. 2546.

From the Acting Collector of Madras ..... } Sir,

With reference to the remarks of the Board in Para 1 of their Proceedings of the 25th Ultimo, I have the honor to explain that the term "bribe" was erroneously used in the Return. It was a case of asking for a present which is but too common, and will be severely punished upon discovery in future.

The account noticed in Para 2, was not forwarded as knowingly false, but was incurred from want of supervision.

In reply to the concluding remark I would beg to state that there is no reason to suppose that the Amildar connived at the fraud. The case was, as the Board presume, with the addition, that after the matter was brought to the Amildar's notice he was extremely negligent and dilatory in examining into it.

Extract from the Minutes of Consultation under date the 31st August, 1855.

Read the following letter—

No 899.

To,

J. D. Bourdillon Esqr

Secretary to Government of

Fort Saint George.

Sir

I am directed to acknowledge the receipt of your letter No 726 dated the 14th Ultimo, reporting the death of Peera Saib a Saghiredar of the Kurnool district, and recommending that an allowance to the extent of one third of the amount realized from the Saghire, viz. Rupees 342 12 1 per annum be granted to Shah Ibram Khadra, the son of the late Saghiredar, also stating that the Government of Madras propose to continue to Shah Ibram Khadree some small Enams which were held by his father for the support of Fakeyals or Fakeer stands.

In

2. In reply Sam desired to state that the Honorable the President in Council has been pleased to authorize the grant of an annual allowance of Rupees 342 12 1 to Shah Ibram Khadree, for life, But his Hono'r in Council does not understand how it can be proper to continue the allowances for the Jaheyahs to him for life or otherwise. These allowances which the President in Council Concludes are for the maintenance of the tombs of certain deceased Musulmans of sanctity ought not to have been or to be for any advantage of any living person neither the late Saghiredar nor his son can have a right to make money out of grants for keeping up tombs.

3. If the tombs or whatever the object be for which the allowance is proposed to be made ought to be kept up by the Government, that question should not depend on the life of the deceased Saghiredars Son. The President in Council therefore requests to be furnished with further information on this point.

Fort William
20th July 1855.

/ Signed / C. Beadon
Secretary to the Government of India

Ordered

Ordered that the above letter from the Government of India be forwarded to the Board of Revenue who will obtain and submit to Government such further information regarding the origin and purpose of the enam in question as may be obtainable together with such observations as they may desire to make on the objections to its Continuance raised by the Supreme Government.

2. The sanction of the Government of India for Continuing to Shah Ibram Khadree, the Son of the deceased one third of the pension enjoyed by his father, which amounts to Rs. Three hundred and forty Two, Annas Twelve, and Pie one /342-12-1/ per annum, will be acted upon at once, and Comunicated by the Board of Revenue to the Agent to the Governor at Kurnool.

The allowance which is for the support of the family of the late Peera Saib, is to Commence from the date of the deceased's demise.

Extract

14537 Fort Saint George 12th September 1855.

Bd's Nos. 2561.
From the Secretary to Government Revenue Department

No. 1185.

Extract from the Minutes of Consultation in the Public Department Dated 4th September, 1855.

313

Read the following letter from the Director of Public Instruction.—

Submitting Copy of an account furnished by Mr. Armour of the Expenditure of the amount sanctioned by Government for the Printing Press in the Cuddalore Provincial School and recommending that the Collector of South Arcot may be authorized to provide Mr. Armour with an additional sum of Rs. 358 2-10 for the purchase of Tamil Types and other articles required for the Press.

Here enter 18th August/55.

In sanctioning, under date the 30th May 1854, the grant of 800 Rs. for the purchase of a printing Press for the use of the Government Provincial School at Cuddalore, the Government were under the impression that it would cover the expense of the necessary supply both of Tamil and English Type, as apparently Contemplated also by the Collector of South Arcot.

It

2. It now appears that the above amount has already been exceeded by Rs. 40 10 10 as indicated in the Margin, and that a still further sum of Rupees 316 8 " is required for providing a Tamil Type Fount for the Press, making a total of Rupees 357 2 10

Cost of Press English Type Fount	677	9 4
Import Duty Freight & other charges at Madras	161	1 6
	840	10 10
Amount originally sanctioned	800	" "
Excess	40	10 10
Tamil Type	276	8 "
new cases for Do. Fount	40	" "
Rupees	357	2 10

3. The Cost of the Tamil Type will be paid to the Superintendent of the Government Press who has been instructed to have them Cast

4. In authorizing the Collector to disburse to Mr. Armour, the Head Master of the Provincial School at Cuddalore, the sum of Rs. 180 0 10 (Eighty, Annas Ten, and ¾ Pice Ten, the Government observe that the price paid for making Type Cases Viz. 14 Rupees per pair, is very high, the charge for English Cases in Madras being only Rupees 3 14 " the pair. The same remark applies to the charge Viz. Rs. 29 for the imposing Stone and Masonry fittings the usual cost of such

such an article at Madras, including a substantial wooden Stand with drawers is only Rs. 25.

5. The Government Concur in opinion with the Director of Public Instruction that full Cost of printing official documents for the Collector and for the Courts should be charged to those Departments. orders to this effect will accordingly be given to Mr. Armour by the Director General.

6. As by this means the work of the establishments in those offices will be materially lightened, the Government expect that reductions will be effected in them, corresponding with those to be elsewhere made on the introduction of the Revenue Printing Press Establishments in the Collectorates.

7. The Revenue Board and Court of Sudr. Udalut will be requested to require information on these points from the Collectors and from the Civil and Sessions Judges of South Arcot and Rajahmundry, where also a Press in Connection with the School is to be established.

8. The Court of Sudr. Udalut will also be directed to ascertain to what extent generally the work now performed in the Courts by hand writing can be advantageously executed by the Collectors Press and whether Consequent on the assistance to be thus afforded, any reductions could without

inconvenience

inconvenience be made in the establishments and a saving thus effected in one Department to aid in meeting the increased expenditure in the other.—

To
The President and Members
of the Board of Revenue.

True Extract.
(Signed) L.D. Bourdillon
Secretary to Government.

313.14

Bd No 2373.

Order thereon. Ordered that Copy of the above Extract from Minutes of Consultation up to para 7. be Communicated to the Collector of South Arcot and of Paras 5. 6. and 7 to the Collector of Rajahmundry. These officers will furnish respectively the information called for by Government. It is probable that any modification in the Poozzoor Establishments to meet the expenses of working the printing Presses Cannot be satisfactorily determined upon until some future experience has shewn the Extent to which printing Can be brought to take the place of Copying and preparing forms. the Collectors of South Arcot & Rajahmundry will report on the subject when they find themselves able to do so definitively.

No 157.

To
B. Cunliffe Esqr
Secretary to the Court of
Wards
Fort St. George

Sir,

315

Bd No 1376
From the Collector of Tinnevelly
Reporting the result of the Enquiry made respecting the claim brought forward by Kristnasawmy Moodeliar of Madura upon the Samptoor Estate within mentioned, forwarding the Original Documents in support of the Petitioners Claim together with translations and requesting the Sanction of the Court for disbursing to the Petitioner the Sum of Rs 786-6- out of the surplus funds in Deposit in favor of the Estate and for Continuing the Enam and Cowle lands referred to.—

Enc 1 to 2.

Para 1. With reference to Para 4 of my letter to the Court of Wards dated 8th July 1852, I have the honor to report the result of the Enquiry made by me respecting the claim brought forward by K. Kristnasawmy Moodeliar of Madura upon the Samptoor Estate in this District as set forth in his original Petition herewith forwarded.—

2 As stated in the Petition Vadakamaya Nainker a former Zemindar of Samptoor granted to the Grand father of the Petitioner under a deed executed on plain Cadjan on the 11th April 1806, 5 Cottahs of land Inroah maniam and 20 Cottahs on Cowle tenure for Reclaiming waste under Pettancolum attached to Coolycolum Village in the said Estate, and it appears that the heirs of the Original Grantee enjoyed the Inroah maniam to the end of Thuly 1253. From Thuly 1254 the Estate having been in the hands

of a Renter who held a Lease for 10 years and
the Manirm lands having been included in the
Lease the Renter paid a Compensation of Rupees
per annum to the Petitioner and deducted the
same from the amount of Rent to the 2nd of Fasly
1260.- In Fasly 126[illegible] the Zemindar having died
and the Estate having come under the Manage-
ment of the Court of Wards, the proceeds of the
Manirm from Fasly 1261 to 1263. the years in
which the Lease expired were Collected from
the Renter and are held in Deposit.-

3 With reference to the Cawle lands
it appears that they were in the enjoyment
of the said heirs till Fasly 1241, when
the said lands having been included
in the Lease granted by the late Zemindar
to Certain other individuals at that
time he, the Zemindar agreed
to pay Compensation to the Peti-
tioner at the rate of Rupees 50
per annum which was accor-
dingly paid to the end of
Fasly 1260 and that the proceeds of the
Lands

Encl. No 3

Encl. No 4

Lands from Fasly 1261 to 1263 are due
to the Petitioners.-

4 The claim of the Petitioner
is admitted by the Mother of the Minor
and is also fully established by
the evidence of the Curnum and
Nattamagar of the Estate.-

5 The Petitioner made another
claim for a Sum of Rupees 1,982-6-7
under 3 deeds bearing date 1st Monsey
of Paralava year 26th May 1820 and
11th February 1808.
12th Carteyay of Vekroothy year, which
25th November 1829
shew that the Sum in question was
borrowed by the late Zemindar and
his Elder brother from the Petitioner's father
and Grandfather, and that a portion or
Rupees 300 were repaid on 2 different dates.

Encl. No 5

6. The Mother of the Minor ad-
mitting this claim also, entered into a
Compromise with the Petitioner under
date the 26th December 1833 by which
it has been stipulated that in
satisfaction of the debts due to the Petitioner by
the

14544 Fort St George 12th September

the Sum already paid and of the inte
due thereon the Petitioner is to receiv
Rupees 636-6- from the income of the
Estate remitting the remainder in her
favour, to collect from the renter t
proceeds of the Maniam due to him i
arrears and to enjoy the Maniam and
Cowle lands from Fasly 1264 accord
to the tenor of the Cowlnamah Rupees
to above.-

Under these Circumstance
have the honor to forward for the
information of the Court the or
ginal Documents in support
of the Petitioner's claim together with
translations and request the sanction
of the Court of Wards for disbur
to the Petitioner the Sum of Rup
636-6. as arranged between the par
and Rupees 150 on account of
proceeds of the Puram, due
to the Petitioner in addi
from Fasly 1261 to 1263
or both together Rupees 786-6-

14545 Fort St George 12th September 1855

Surplus funds in Deposit in favour of the Estate amounting on the 30th April 1855 to Rupees 18688-15-3 and for Continuing the Maniam as well as the Cowle lands/ the Zemindars being entitled under the provisions of Section 15 Regulation XXX of 1802 to hold on Cowle the waste lands in their Estate/ in the name of the Petitioner, From Fasly 1264 according to the tenor of the agreement entered into by both parties which in my opinion is deserving of approval.-

Translation of an agreement on plain Cadjan executed by Sunkerlingatiamya Naiker Zemindar of Saptoor to Kristnasamy Moodelliyar residing at Madura under date 29th November 1813 corresponding with 15th Karthegy of Shreemoogha year.—

As I have rented to you on the 16th day of Kartegy of the Current year the privilege of receiving the Mailwarum due to me according to a former Cowle Pattah on the Nunjah lands under Pettaneelum Tank attached to Kodyeelum Village belonging to my Zemindary at 54 Pons per annum from the present year, you are from the Cursent year to take the said 54 Pons in liquidation of the interest due on the 450 Pons referred to in the deed of debt executed by my brother Vadatiamya Naiker under date the 1st Massy Prabawa year. Until the amount of principal adverted to in the said deed of debt shall have been discharged you are to keep this agreement as receipt for the payment of the

B. of R. 2367.

Proceedings thereon. Resolved that
319.20 the letter above recorded
with its enclosures, be submit-
ted for the order of the Right
Honorable the Governor in
Council.—

2 The Board recom-
mend that sanction
be granted for the issue
of a Permission Certifi-
cate in the form C. to
the Reverend. B. R. a
Cugnet for 8 Cawnies, 2 3
grounds, and 92. Square
feet of land, bearing a
Quit Rent of Rupees 2 8 1 2.
applied for by him at
Soorudah in the Ganjam
District for Mission
purposes.—

3 It will be seen
that

14579 Fort St. George 12th September 1855

that the Quit Rent proposed to be levied on the land is more than double the rate recommended to be charged in the land held by Captain Ort and Mr. Noble at Bezwada in the Masulipatam District that the land in that case was part of a stony hill leaving no cultivement and unfit for cultivation, whereas it appears from the letter of the Acting Collector of Guntoor dated 20th August 1853, that the land of Mr. Cragnet bears the same assessment that it would if taken up for agricultural purposes. The Board have therefore proposed no change in the amount of Quit Rent fixed by Mr. Knox.—

To Govt. dated 7th Sept. 1853.

14580 Fort St. George 12th September 1855

No. 170

To

G. S. Forbes Esqre

Acting Secretary to the

Board of Revenue

Sir,

With reference to the Board's Proceedings of the 4th August on the Saint Thomé Survey, I have the honor to forward the explanation of Mr. Walker upon the several points alluded to by the Board.—

321

Bd. No. 2545

From the Acting Collector of Madras.

Forwarding Mr. Walker's explanation regarding the Saint Thome Survey and one of his fair field books with Plans &c.

2. He states that his plotting generally kept pace with the field work and never was more than 3 or 4 days in arrear and that "the discrepancy of the main traverse and the total of the areas of the minor traverses" is within the allowance of error declared to be admissible by the Superintendent of the Bengal Survey.—

3. I send also one of Mr. Walker's fair field books (received only today) and do return the plans &c. as the Board may wish to make a further examination of them.—

4. I would recommend that the

Para 6. suggestion of the Board as to Lieutenant Roberts.

Roberts Verifying some of the measurements be immediately acted upon - The Maps of the Southern Division are now ready and Lieutenant Roberts might re-measure a few holdings in each Division and give his opinion as to the general accuracy of the Work.—

5 The Registers are under preparation, but progress slowly - when completed, I will lose no time in affixing the portions at present entwined, and in submitting my report upon the general results of the Survey.—

Madras
5th September 1835. } I Signed I B. Cunliffe
Acting Collector

No 1

To

B Cunliffe Esqre
Acting Collector of Land
Customs Madras

Sir

In Compliance with your Memorandum of the 7th Instant, I have the honor to submit for information the explanation called for by the Board.—

2 Mr O'Connell [illegible]

his letter that early in March he found that the greater part of the field work of the Survey had been finished, but that scarcely any thing had been done with reference to the Office work - But from the commencement of the Survey until the field work was nearly completed I strictly adhered to the 6th Para of my instructions and my plotting was never more than 2 or 3 days in arrears of my field work and of this Mr O'Connell was aware, as on my first visit to him - I took the whole of the larger Maps that were plotted with me for his inspection, and explained to him that it had been my Custom to keep up my plotting daily on rough Sheets, and after I had completed the filling in of one of the minor traverses, to transfer these temporary plots to the larger Maps - Of these sheets, I shewed him about Sixteen they were not coloured, and some of them unfinished as some parts of the Sheets would be occupied by portions at that time not surveyed - And these reasons I gave Mr O'Connell for not finishing

finishing them at once. Mr. O'Connell could not therefore (after seeing the plans) mean to say that the plotting was in arrear, but by the 2d Para of his letter he has led the Board into the belief that a period of a twelve Months had elapsed between the commencement of the Survey and that of the Office work. I presume that Mr. O'Connell must have alluded to the smaller sheets intended for the Collectors Register, and to my fair Register these were not at that time commenced but not from fault of mine and it was sometime after the Survey was placed under him before it was finally arranged between him and the Collector what the size of these Sheets should be, and how the Survey Numbers should be as these Sheets are in connexion with the Register I could not go on with them until these points had been settled - but before Mr. O'Connell left Madras the whole of the Sheets with the Register of the Southern portion of the Division were completed as far as I could then see them and taken by me to him at the Col-

3. With reference to the 3d Para of the Boards letter I cannot help noticing with sorrow the inference they have drawn as to the probability of my plans being drawn from any other source than my own field work - and would beg leave to bring to your notice the impossibility of such a proceeding - In the first place I believe there is no Map of that portion of Madras which delineates the boundary of each separate holding at least I have never seen one, and should imagine that if there had been such a Map in existence, the present Survey would have been unnecessary - Again could I fancy for an instant that such a dereliction of duty on my part would escape detection - How would my Register agree with that of the Native Register unless I inspected each holding, and would the proprietors allow me to measure their lands unjustly and carelessly without bringing it to your notice - You have it also in your power by questioning the native Register (as to discover whether I was careless or otherwise in Surveying, and all this my rough field books may be unintelligible to any other person they are plain enough to me and my fair ones will (when completed) I am quite certain afford all the -

Fort St. George 12th September 1855

the information that will be required. The Board also seem to expect that I have retained my rough plots and refer to para 8 of my instruction I have not kept these for the purpose of being placed on record, and have indeed destroyed many of them, as I had not the slightest idea that they would be required. The clause of Para 8 and this Sketch (with Mr. Bayley's permission) dispensed with as he said that Wills Map would answer the purpose just as well.

4 I have on several occasions at the commencement of the Survey spoken to Mr. Bayley on the subject of the 4th Para of the Board's letter, and pointed out to him the difficulty and almost impossibility of measuring and holding separately and he was aware at the time of the System I was adopting. the Survey would have taken a much longer period than it has done, and in my opinion the areas of the smaller buildings could not have been so accurately computed from distinct measurements as they can be from Maps. There are very few of the cultivated holdings but have crooked boundaries, even those in the Pettahs that have parallel sides consequently by measuring each side, only an approximation of the area could be obtained, especially as in these two

Fort St. George 12th September 1855

no measured diagonal on the Ground could be obtained, but from the plan as the first were generally thickly cultivated, and the latter built upon, and I may here observe that the Variance of my areas with those of the Cutcherry accounts may arise from the System adopted by the Maistries of measuring merely the Sides of a holding.

5 Para 5 refers to certain Errors in my Calculations, the discrepancy at first appears Excessive, but one of the first Surveyors in India (Colonel Thullier) says that 1 in 1,000 is an allowable Error in chaining - my Error is less than this, and occurs principally in the Northings and Southings of the main traverse, and which I attribute first, to my Lascars being at that time unaccustomed to the work, and to the nature of the Ground, the Eastern and western lines being about the worst I had in the whole Division. The other Error mentioned, may be a mistake Either in the Calculating or Plan, but as my Books are now at the Board's Office I cannot at present say which, and as these Plans were rather hastily prepared I trust this may be overlooked.

In Conclusion I would beg leave -

Fort St. George 12th September 1855

leave to request that my plans papers &c. may be returned to me from the Boards office as soon as possible as I have finished the remaining plans, and shall shortly beat attend Hill for work. Twelve my Establishment are now Employed in the computations of areas and finishing the register which will be Completed in a few days, and all that then has to be done, to complete the work is the Coloring of those maps in the Boards Office, and the fair field books.

Revenue Surveyor

Memorandum

With reference to Mr. Walkin's letter of this date the Acting Collector is of opinion that the Board would wish to receive a fair field book, in order that they may test the Plans by it.

The Acting Collector begs to be informed how the area of the separate holdings was found for as far as he can see the mode pursued is not explained.

If as appears to be the case from Para 4 the area of a field when a dispute arises is to be recomputed from the Plan, and the

Fort St. George 12th September 1855.

the latter becomes of the first importance and authority, the admission that they "were rather hastily prepared," appears to require some explanation.

Madras
16th August 1855.

/Signed/ B. Cunliffe
Acting Collector

To,

B. Cunliffe Esqre
Acting Collector of Land Customs
Madras

Sir,

1 In obedience to the order contained in your Memorandum of the 16th Instant, a fair field book shall be sent in as soon as possible.

2 The method I have adopted in computing the areas has been, in some cases, where the ground was open, to measure the holding by chain and cross staff, in others where this method was (from obstacles) impracticable to survey the boundary by measured lines round it, and the areas contained by them were afterwards computed from diagonals &c. measured by scale from the plot, and the offsets computed in the Customary way.

3 The plans which I mentioned in

Fort St. George 12th September 1855.

in Para 4 of my letter of the 16th Instant as having been rather hastily prepared were mere traverse outlines and not of any holdings and the work was prepared by myself, and not as all the other Computations have been. The traverse outlines are not yet finished and this particular one was prepared only as a sample for Mr. Bayley's sanction and approval. I find the Error was one of Calculation and not of plotting.

Revenue Surveyor

(True Copies)

(Signed) B. Cunliffe
Acting Collr.

Fort St. George 12th September 1855

Bd. No. 2368 Proceedings 321.2

thereon. Resolved that the foregoing letter with its enclosure be submitted for the orders of the Right Honorable the Governor in Council.

The Saint Thome survey which forms the subject of Mr. Cunliffe's letter has been conducted by Mr. Walker and was placed under the superintendence of Lieutenant O'Connell pursuant to the instructions of Government in their Minutes Consultation of the 9th February. In reporting on the progress of this survey in a letter dated the 30th June Lieutenant O'Connell noticed some inaccuracies in Mr. Walker's measurements and especially that the total area of the minor traverses did not correspond with that of the main traverse. This and other points were noticed by the Board in their Proceedings of the 4th August 1855, and the Collector of Madras was directed to call upon Mr. Walker for his explanation, the Board at the same time observed

In Con. 23 Feby 55.

In Board's Lett. 15

No. 1790

observed that it would be desirable to verify Mr. Walker's work by further measurements, as the alleged inaccuracies greatly detracted from its value and usefulness.

3 Mr. Cunliffe in forwarding Mr. Walker's letter also points out the expediency of testing the new survey. Mr. Walker states that the errors in his measurements are very trifling and do not equal the proportion stated by Colonel Thuillier to be admissible, he explains the manner in which he measured the area of holdings which were occupied by buildings or from other causes accessible only at their boundaries, and says that this plan was approved by Mr. Bayley. Other topics are also included in this explanation but the Board abstain from entering on them at present deeming it unnecessary in the first instance to

the correctness of the work further proved. They therefore resolve to request that Lieutenant O'Connell's successor Lieutenant Roberts may be directed should his other employments permit, to measure portions of the lands surveyed by Mr. Walker and report to the Board how far he finds his work correct.

Para 1 With this letter the Board submit reports from the Collectors of Tanjore Coimbatore North Arcot and Nellore and from the Government Agent in Kurnool on the management of the Punjerkannahs in their Districts respectively during 1854.

2 The following Statement shews in Comparison the sanctioned amount in each case - the expenditure in 1853 and 1854 respectively and the difference between the two years

Amount

Fort St. George 13th September 1855

	Amount Sanctioned			Expenditure in 1853			Expenditure in 1854			Difference between the Sanction and the actual expenditure						Difference between 1853 and 1854					
										Excess			Saving			Increase			Decrease		
Tanjore	1200	"	"	1228	13	3	1521	5	4	321	5	4	"	"	"	192	6	1	"	"	"
Coimbatore	1193	14	5	452	12	6	1220	5	1	26	6	8	"	"	"	767	8	7	"	"	"
North Arcot	9641	15	"	5368	2	5	5954	7	9	"	"	"	687	7	3	4586	5	4	"	"	"
Kurnool	360	"	"	357	4	"	323	2	6	"	"	"	36	13	6	"	"	"	27	13	6

Total	15335	13	5	10313	6	10	14852	3	2	342	12	"	831	0	3	4586	9	10	27	13	6
										Nett			488	10	3	4538	12	4			

3 The amount of the sanction for all the Pangerkanahs is Rupees 15335 — 13 — 5 while the expenditure of the year 1854 was Rupees 14852 — 3 — 2 or Rupees 488 — 10 — 3 within the Sanction. There was a saving in every District except Tanjore and Coimbatore. In the former of these Districts the expenditure was considerably in excess of the Sanction both in 1853 and 1854. In explanation of the unauthorized disbursements the Collector states that it was caused entirely by the high price of grain, but both he and the Collector of Coimbatore should be informed that the sanctioned amount is an absolute maximum never to be exceeded. The allowance to the two Institutions in Tanjore was granted out of the Surplus Pagoda funds & the Board will ascertain and Report from what sources the charges are now defrayed.

Letters from Board May 23d 1839 Ex. Bus. Cons. Sund 11th V. 764

Comparing

Fort St. George 13th September 1855

4 Comparing the expenditure of 1854 with that of the previous year it is seen that the latter exceeded the earlier by Rupees 4538-12-4. This increase occurred in all the Districts but Kurnool where there was a slight decrease in consequence of the discontinuance of Money payments. The increase in Coimbatore is attributed by the Collector to the adverse nature of the season and the consequent high price of grain which compelled more persons to resort to the Institution. The same cause probably operated to produce the excess in the other Districts, but no explanation is given on the subject. In future the cause of the variation should be explained. Viz. it should be noted how much of it is due to change in the numbers relieved, how much to modification of the quantities of food distributed to each applicant and how much to a variation in the price of the food.

5 The Governor in Council concurs with the Board that the issue of raw grain in Kurnool is open to similar objections to that of money payments and desires that the practice

practice be discontinued and boiled rice only be distributed for the future.

6 The Acting Collector of Nellore has sent up no accounts whatever and his report affords little information. The accounts from the other Districts are in various forms. They should for the future shew the number of persons relieved, the different rates of relief, the mean rate, and the cost. It may also be explained whether the generality of cases relieved are permanent or casual. The method adopted by the Collector of Coimbatore in enumerating the number of persons relieved is the proper way to shew the actual facts and the total reliefs divided by the number of days will give the daily mean.

7 Forms in which the accounts should be prepared will be sent to the Board with these proceedings for communication to the Collectors concerned. For the sake of uniformity the Official year should hereafter be adopted in the accounts instead of the Calendar year.

The accounts for the first four months of 1855 may be put by themselves in a Separate Statement and the next report should be for 1855/56 the

four months statements being sent up at the same time and noticed in the Report.

Bd. No. 2494

From the Secy. to Govt. Rev. Dept.

No. 1174

Extract from the Minutes of Consultation
in the Public Department under date the
31st August 1855

Read the following Letter from the
Officer in Charge of the Government Central Museum

States that he has always
regarded the Museums established
by Government Institutions and
the supplies necessary for them to be
obtained on Indent like all other
Departments of the State thinks
it highly advisable that Government
connection with them be

continued

continued for some years
to come and instead of
increasing the allowance
would recommend their
Indents being sanctioned

(Here enter 16th August 1855)

The Governor in Council is still of
opinion that the proposed supply of Stationery
to the Local Museums on Indent is objectionable
but as it appears from the above letter from
the Officer in Charge of the Central Museum
that his original estimate of the monthly allow-
ance required from Government for the support
of these Institutions was not intended to meet
such Charges as those for Stationery or Furniture
or other Articles usually supplied on Indent
to Government Institutions - the Government
resolve to increase the monthly allowance granted
in Extract Minutes Consultation dated
16th February last No. 214 and to fix the monthly
allowance from Government to each Local Museum
at Rupees 55/ fifty five Rupees per mensem in
lieu of fifty Rupees as formerly granted
on the above date

2 It is to be distinctly understood
that the allowance now sanctioned must
suffice for all ordinary contigent expenses
inclusive of Stationery and establishment
The articles of Furniture and the fittings
requisite

requisite for the Museums will be supplied in the first instance by Government. The Indents will be submitted to Government for approval and will be sent with their orders to the Military Board.

3. The Government will also be prepared to sanction the expenditure necessary to adapt any available Government building for the purpose of the Local Museum but a distinct Estimate in the Ordinary form must be submitted as a necessary preliminary

These proceedings of Government will be communicated to the Revenue Board and will be considered to supersede the orders conveyed in Extract Minutes Consultation dated 26th. July last No. 990.

Ordered to be communicated to all Collectors, with reference to the Board's Circular dated 9th. August 1855

No. 75.

To
B. Cunliffe Esqr.
Secretary to the Board of Revenue
Fort St. George

Sir

(354)
Bo. No. 1753
From the Collector of Trichinopoly
Submits the several Statements required in the Board's Proceedings of the 1st. February last regarding the several rates prevailing in the four dry Talooks of this District

As directed by Extract from the Proceedings of the Board of Revenue No. 241 dated the 1st. February 1855, I do myself the honor of submitting the several Statements required embodying the detailed information called for in paras 14, 15 and 16 of the Proceedings under reply.

2. The forms Nos. 1 to 15 furnished me have been found to be defective, and do not comprise all the favorable rates Existing in the four Talooks. It has been necessary to draw up other Statements both exhibiting these omissions, and at the same time affording all the details required. Two additional Statements are furnished for certain Garden lands held on favorable tenure in the Talooks of Arreatore and Wodiarpollium. While the return for the Punnavashey lands in Volcondapooram received, is sent unfilled up, for the reason that such rates and lands do not exist in that Talook.

No

3 No alteration has been made in the drawing up of these Statements. The Original form transmitted has been adhered to most scrupulously and I trust these returns will put the Board in possession of all the details they require with reference to the Ayacut, Extent and Assessment in each Class of land paying full as well as reduced rates.

4 The Board will observe from these Statements now sent that I was correct when I stated on the 7th December 1853 that favorable rates are allowed for Nunjah in the Talooks of Wodiarpollium and Volcondapooram.

5 Adverting to the several objections raised to my proposals for a revision of the land tax, submitted on the 25th October 1853 and likewise to the forcible reasoning contained in Para 17 of these Proceedings, I am inclined to Concur in the inexpediency or rather impracticability of introducing a regular tarum Assessment into the four dry Talooks, before a Survey and Classification of the lands have been made.

6 There is such confusion in the diversity of rates of tax for almost every field throughout the Division and that tax too differing with each variety of grain grown, that, I am of opinion the easiest method for the present will be to continue the existing system of taxation according to the product grown. But granting a reduction and Modification of Assessment in the precise manner and form as has been just permitted under the Board's orders during the Settlement of the current Fusly 1264 / 1854/55

7 These remissions have amounted to a sum of Rupees 109494-2-10 exclusive of the extra Cesses remitted under the head of Roossums and Saderwared. Inclusive of these it is Rupees 137937-4-4.

Second tax reductions Rs 109494-2-10 ps
Roossums &c 28434-6
137937-4-4

8 And if such reductions be applied to waste lands there will be an immediate increase of Revenue with extension of Cultivation.

8 The "Neerwaree" Cess, as fixed for the Southern Division of Arcot, appears to be just and reasonable, and I can see no objection or obstacle to introducing the same rates here.

9 As required by Para 21, I beg to furnish a detailed statement of the "Extra imposts" given up under the orders of the 31st August last.

10 With reference to the Nautairs of Volcondapooram, I beg to state that the Board's orders of the 12th November 1846 have been and always are strictly enforced.

Trichinopoly Collector's Office

B. No. 2278

From the Collector of Trichinopoly

Fort St. George 13th. September 1854

No. 105

To

G. S. Forbes Esquire
Acting Secretary to the Board of Revenue
Fort St. George

Sir

Para 1 In obedience to the order of your Board as conveyed by Extract from their Proceedings No. 1823 dated the 20th. Ultimo, I do myself the honor to submit the particulars of the remissions and reductions carried out in the four dry Talooks of this District during the recent Settlement for Fusly 1264 1854/55 as directed by the Proceedings of the 1st. February 1855 paras 18 and 19.—

2 Immediately on the receipt of the instructions above quoted, I caused the Extent of reductions and relief accorded to be generally promulgated throughout the four Talooks affected, and had it clearly intimated to the Ryots both then and during the distribution of Puttahs that the present measure was only temporary and provisional pending a final adjustment of the question of revision of tax. And in carrying out the reductions and remissions I adhered most carefully to the directions laid down for my guidance in paras 18 and 19 of the Proceedings for reducing the tax on Poonjah and Nunjah lands.—

The

1

Fort St. George 13th September 1855

3 The relief thus accorded gave the greatest satisfaction to all the Ryots while it was in itself liberal and ample and perhaps more than the people ever anticipated

4 I beg to furnish herewith the nine Statements so drawn up as to exhibit for each Talook the extent of land over which the remissions have extended, the number of Ryots affected thereby, and the amount of the reductions allowed

5 Your Board will observe that out of 707 Villages 674 benefitted. That the total extent of land wet and Dry is Cawnies 88,413½. The remission granted thereon Rupees 110163-10-3 And the number of Ryots affected no less than 83,703 persons.

6 There are 33 Villages to which the reductions did not apply for the reason that they are held on favorable and reduced rates below the regular assessment of their respective Talooks.

7 There is a discrepancy of Rupees 699-1-3 between the amounts of remissions as shown by the present Statement and that exhibited at para 7 of my letter

Fort St. George 13th September 1855

dated the 19 of June last. I have therein stated the reductions to amount to Rs. 109,494-2-10. This sum is incorrect and should be Rupees 110193-10-3 Brought about by the corrections and additions now discovered as explained by the following items.—

Remissions extended to the Village of Moorungakallathoor of Moosery Talook now but formerly of Torriore and entitled to benefit Rupees ---------- 282-3-6

Remissions to certain Poracoody Ryots of 8 Villages in Volconda Poorum Talook omitted at the Settlement, but subsequently claimed — 312-8-3

Remissions on lands cultivated after the distribution of Pottahs in the four Talooks ———— 104-4-8

8 The total remissions allowed in these four Talooks inclusive of the Extra Cesses abolished make the aggregate sum of Rs. 1,38,806-11-9 obtained thus— Remitted land tax — 110163-10-3

Roopum Vca. relinquished 28,453-1-6

9 The further information called for by your Board's Proceedings of the 1st February 1855 No. 251, I had the honor of submitting by letter on the 19th June last No. 75.—

Proceedings thereon

Submitting with reference to Extract Minutes Consn 12th July 1855 a letter from the Collector of Trichinopoly furnishing the information called for relative to the reduction of assessment in the four dry talook of that district the other case regarding the revision will on receipt of the information called for from the Collector be laid before Government

In Consn 13th Sept 1855

In Consn 19th Sept 1855

354-6

Resolved that the foregoing letter with its enclosures be submitted for the information of the Right Honorable the Governor in Council

In their Minutes Consultation of the 12th July the Government directed the Board to obtain a report from the Collector of Trichinopoly on the reduction of assessment in the dry talooks of that district, the foregoing letter is a reply to their requisition and is accompanied by Nine Statements intended to exhibit the particulars of the reductions made in each talook

3 The further information alluded to in the close of the same para in the above mentioned Extract Minutes Consultation was furnished by Mr. Bird in a letter dated the 19th June, this subject will be noticed before closing these proceedings

4 Reverting to Mr. Bird's report on the settlement now made in the four talooks of Torriore Oodiarpolliem, Arrealore and Volcondapooram the Board observe that Mr. Bird has been particular in explaining to the Ryots that the present reductions have been temporarily sanctioned pending a final adjustment of the assessment he states that the relief afforded by this measure gave great satisfaction

In

Fort St. George 13th September 1855

5 In carrying out the reduction of rates Mr. Bird was guided by precise instructions conveyed to him in paras 18 19 20 of the Board's Proceedings of 1st February 1855 No 24

The reductions there authorized were particularized as follows On Poonjah lands throughout the four talooks Full Teerwa was to be abolished and the following rates substituted for it—

In Torriore 3/4 Teerwa on all lands now paying full Do.

In Codiarpollam and Arrealore 9/16 Teerwa and in Volcondapooram 5/8 Teerwa or all lands which now pay higher rates—

6 This reduction was strictly limited to bona fide poonjah lands not irrigated from Government tanks On Nunjah lands no reduction of assessment was sanctioned in the talooks of Torriore and Codiarpollam as the actual rate in the former talook is not more than 7 Rupees and in the latter averages 7/8 though the highest as existing rate is 16 In the other two talooks Volcondapooram and Arrialore the rates were higher and a reduction of 25 per cent was directed on all lands paying full Teerwa, all other rates in excess of 3/4 Teerwa being also reduced to that grade the new rate would thus be 3/4 of full

Fort St. George 13th September 1855

Teerwa on the 1st Crop while half the reduced Teerwa would be levied when a second crop was raised—

7 As Mr. Bird has literally adhered to these instructions it appears sufficient to state the general result of the reduction, 674 Villages comprising a total Ayacut of Cawnies 88413/2 and cultivated by 13703 Ryots received a total remission of the land Revenue of Rupees 110163 10 3. the abolition of Roofsooms and other Extra imposts caused a further reduction of Rupees 28443 1 6 the entire amount of Revenue relinquished is therefore Rupees 138606 11 9—

8 In Extract Minutes Consultation of the 12th July above alluded to the Government requested to be informed whether Mr. Bird was preparing the information called for in Board's Proceedings 1st February In paras 14 15 16 of these Proceedings the Board observed that preparatory to entering on a revision of the assessment, exact information would be required on the following points—

1st The Ayacut, extent and assessment on all lands paying full Teerwa rates The

14625 Fort St. George 13th September 1855

2nd

The same particulars as exhibited by the cultivation of a recent season—

3rd

The extent ycs. of land in each class of those which pay a portion only of full teeruia—

4th

The extent of lands under each kind of crop liable to a district rate and whether irrigated from a Circar source or not—

9.

In order to obtain these particulars in a convenient form the Board furnished the Collector with Blank Statements to be filled up as the headings required. Mr. Bird returned these forms duly filled up with a letter dated 19th June the information thus brought before the Board and the complete revision of Assessment which it was designed to base upon it will be made the subject of future consideration by the Board—

Br. No. 2419

From the Collector of Bellary - - - -

Sir

Submitting an Estimate of Veesabady Tax for the ensuing 5 years from 1265 to 1269 amounting to Rs. 106,200 per year for the Sanction of Government.—

The period of 5 years having elapsed since the last sanction was given for the Veesabady Tax. I have the honor in conformity with the provisions of Section III Regulation IV of 1818 to annex an Estimate of Veesabady Tax for the five ensuing Faslies from 1265 to 1269 amounting to Rupees 106,200 per year for the Sanction of Government. A detailed Statement of the same marked No. 1 is herewith submitted.—

2 The estimate of Rupees 111000 per year framed for the five last years from 1260 to 1264 was sanctioned by Government on the 3rd December 1850.—

The

Fort St George 13th September 1855

The difference between the amount fixed for the assessment of Veesa-
-bady during the five last years from Fusly 1260 to 1264 which re-
-ceived the sanction of Govern-
-ment on the 3rd December 1850 and that of the present Estimate is - Decrease 4,800

The difference between the ac-
-tual Collection of Fusly 1264 and the amount of the present
Estimate is an Increase of Estimate 7862

The difference between the
average Collections of the past five years and the amount of the present Estimate is - - - - - 94

3 The decrease of 4,800 Rupees in the amount of the present Estimate com-
-pared with that of the last five years is owing to a decrease in the number of Veesabady ryots and to the inability of the Merchants to make good the sum that was taxable on the former estimate the present estimate has therefore been framed

Fort St George 13th September 1855

framed according to existing circumstances and in reference to the average of the
Bevies of the last 5 years.-

4 The amount of the present Estimate, it will be seen, is in excess of the amount of the Bevies of Fusly 1264 by Rupees 7,862- The seasons of 1263 and 1264 were bad and therefore in submit-
-ting an Estimate for the maximum
amount to be levied I have fixed it with reference to the actual cultivation of the preceding 5 years rather than with reference to the last year.-

5 In anticipation of the sanc-
-tion of Government being obtained for the amount fixed for the assessment of the Veesabady tax, I have issued orders to the Talooke authorities to proceed with the Settlement of the Veesabady and request therefore that the early sanction of Government may be obtained- but I am aware that it is under

Fort St George 13th September 1855

under contemplation to modify the Moturpha Tax generally in the Madras Presidency which Tax bears more heavily in the Ceded Districts (Bellary and Cuddapah) where alone the Veesabady system exists than in any other District in the Presidency - It is a mere trifle in most other Districts compared with the assessment of the Ceded Districts especially with Bellary - The whole amount of Moturpha from the 21 Districts of the Madras Presidency amounts to about 12 lacs of Rupees

Of this sum 4 lacs are paid by the two Districts composing the Ceded Districts - Bellary especially seems to be heavily assessed with this tax on Trade and handicraft as it pays a little short of one fourth of the whole of the Madras Presidency and when the average is divided over the whole population of the several Districts does not exceed Re a p 4-7-10 per each person, the proportion in Bellary is Re a p 4-3-7 or 5½ times as much as

as the general average - No District appears to be so heavily taxed with the Moturpha as Bellary; Kurnool which is the next highest assessed with reference to the population pays 3 annas the next is Cuddapah and that is only 1 as 8 p - 8 -

I have stated these facts in this place as it may appear proper to Government to give some relief to the Merchants who continually complain of the heaviness of the Tax with reference to the assessment on Merchants and Tradesmen in other Districts - but while the subject of the Moturpha is under the consideration of Government I have not thought it proper to recommend any reduction in the usual revenue derived in the Established manner from the Veesabady -

Bd No 2374

Proceedings thereon.

357.8

Rs 4,800-

Fort St George 13th September 1855

The Estimate now submitted by Mr Selby amounting to Rs 106200 per annum is somewhat lower than that which obtained during the last five years. it approximates closely however to the average Collections during those years the difference being only Rupees 94. The Collection in the past fusly 1264 were considerably below the average amount in consequence of the General distress.-

2 The Settlement of the Vuddy Revenue has been commenced by Mr Selby at the rates he has recommended in anticipation of the sanction of Government.-

3 Mr Selby takes occasion to point out the disparity between this tax as it exists in Bellary and Kurnool and in the other provinces of this Presidency where the Total amount divided on the whole population gives an average of 10 pice per Man as a whereas in Bellary it is 3-7- and in Kurnool

He

14634

Fort St George 13th September 1855

He observes however that the subject of the Moturpha is already before the Government.-

4 The Board abstain for a similar reason from anticipating any changes which it may be in contemplation to make, and request the sanction of Government for the Estimate now submitted pending such other arrangements as may hereafter be made.-

Resolved that the following letters be dispatched.-

Serno.
Bd. No. 2355
From the Sec. to Govt. Cancelling from orders & directing that the Lands claimed by Rungapah Naick &c. &c. of Mannellore Sangam be restored to him with the exception of 93 Cawnies which he is debarred from by ordinary legal means and calling on the Board to take the necessary measures
Extract from the Minutes of Consultation in the Revenue Department Under date the 5th September 1855
Read the following letter from the Acting Secretary to the Board of Revenue
Here enter 8th August 1855 No 2021
In this letter the Board report on a memorial from Rungapah Naick Chief of Mannellore in Tanjore District addressed to the Honorable Court of Directors complaining of having been deprived of a part of his meras[illegible] land, and they submit two letters from the Collector on the subject and other papers -
2. The facts of the case as obtained from these documents are as follows
The Village of Mannellore is permanently divided into four shares or parts to each of which was attached at the time of the survey a certain quit of land exempt from tax to be used as a threshing floor by the Ryots of that share one of these shares

Fort St. Geo. 14th September 1853.

shares belongs to the memorialist having been inherited by him from his father In the year 1836 one Narrainsawmy obtained leave from Memorialists father to put up a temporary house on 18 Goolies of his threshing floor waste while he was re-building his own house As he did not remove this temporary building - Com-plaint was made in 1838 to the Collector who however dismissed the Complaint on the ground that the land belonged not to the Merrasidar but to the Govern-ment In 1841 Narrainsawmy applied to the Collector for the usual grant of 40 Goolies of land for a backyard to the house which he had thus built on the threshing floor waste And this was given him out of the same waste notwithstand-ing the objections of the Merrasidar of that share Vide Memorialists father It also appears that the defendant subsequently appropriated 42 Goolies more in addi-tion to the 18 obtained in the mode above mentioned

Fort St. George 14th September 1853.

from the Merrasidar and the forty granted to him by the Collector making 100 Goolies in all.-

3. In 1844 Memorialist who had succeeded to the property sued the defendant in the Moonsiffs Court for the whole quantity in his occupation he was non-suited however though the Cause of that decision is not given - The Zillah Court on appeal ordered the case to be replaced on the file and the Moonsiff then decreed in Plaintiffs favour, on appeal to the Zillah Court this decree was reversed on the ground that the threshing floor waste belonged to Government and that the case was one to be decided by the Revenue authorities and not within the Cognizance of a Civil Court in 1851 the defendant Complained that Memorialist interfered with his occupation of the land and he was then placed by the Collector in possession not only of the 40 Goolies originally granted but also of the 42 Goolies in respect Memorialist being entitled of possession

Memorialists

4 Memorialists claiming the
ignored both by the Court & the
Revenue authorities he has addressed
a Memorial to the Honble
Court which is the subject of the present
Report. The Collector is of opinion that the
Memorialists claim is good He argues
that the waste belongs to the Mirasidars
and not simply to the Government and
he considers that the former Collector had
no right to give an owner of land in one
Meeras Division of the Village any
part of the waste of another Division
either for a backyard or otherwise
his second Letter of the 30th June Mr Stokes
enlarges on the Meeras question and
cites various proofs in support of his
position that the Meerasdars are entitled to the waste - The Board observe
from the Collectors views they hold the
the land in question being Pormboke
is no part of the Meeras and the Govern-
ment could give it to whomsoever
they pleased and they advise that
things should be left as they are
Memorialists claim having been
rejected by a Committee of the

Letter March 30th para 7 and 8.

* Replies to questions on Meeras by right Reply 2.

5. The Government has given
careful consideration to this case and
they are unable to Concur in the Boards
opinion of its merits In addition to
Mr Forbes testimony to the Custom on
Tanjore which is entitled to much con-
sideration they hold that the best
authorities agree that in Meeras Villages
the meeras extends to waste as well as
arable land This right is not exactly
the same in regard to waste as it is
in regard to arable as is clearly ex-
plained by Mr Ellis: but in both
cases it equally excludes strangers
The Board object that the Land in question
being "Pormboke" cannot be regarded
as simple waste Land required and used
for roads the sites of houses threshing
floors and some other purposes is taken
out of the arable & but as not being
available for culture and is classed
with rocks hills &c" under the term
"Pormboke" but as soon as such land
ceases to be required for such partic-
ular purpose it ceases also ipso
facto to be Pormboke and becomes sub-
ject to the ordinary laws affecting waste
-ject to the ordinary laws affecting waste

Holding

14645

Fort St. George. 14th September 1853

6. Holding these views the Government are of opinion that the Memorialist has suffered wrong in that his Meras land has been given to another in spite of his opposition. It was wrong to give the defendant a backyard in the Memorialists division of the Village and it was a further wrong to replace the defendant by force of the Collectors authority in possession of other land in Memorialists Division which he had originally acquired only by encroachment and of which by means not explained Memorialist had recovered possession

It remains to consider how this injury can be redressed. The Court has refused to interfere on the ground that the case was one for the Revenue Department only without pronouncing any opinion as to the soundness of this doctrine the Government are yet of opinion that it affords ground for the superior authority to act, in accordance with its resolves to pass the following order

Except 18 Gootas in which he is entered by permission of Memorialists father the defendant holds all the rest of the disputed land by virtue of the Collectors order and this

14646

Fort St. George 14th September 1853

this the Government now resolves to cancel and to direct that the land be placed in possession of the Memorialist As to the 18 Gootas above referred to this will be entered in the accounts as memorialists land but as defendants entry was lawful memorialist must be left to the ordinary legal means to oust him.

7 Adverting to the allusions occurring in these papers to the customary grant of land for backyard in Tanjore free of assessment the Government resolve to call on the Board to state the rules and limitations under which such grants are made and the number aggregate extent and Varum Assessment of such free holdings they regard also that the Board will obtain and submit similar information as to all other Districts the extent should be reduced to acres.

The result of the Settlement
having been embodied in the Board's
general report it is sufficient shortly to
observe that the local rains, both in the
commencement and conclusion of the
season

Fort St. George 14th September 1855

in endeavours to improve the condition of the people and was, it is believed, the first native of influence and respectability on this side of India, who broke through the prejudices of caste and custom by sending his son to be educated at the Elphinstone College at Bombay. He also founded and maintained for several years at his own expence an excellent English School under an European Master at Tinnevelly and he devoted the greater portion of his patrimony to the erection of the beautiful Bridge over the Tambraparney between Pallamcottah and Tinnevelly at a cost of Rupees 50,898. Independently of the great benefit which by his munificence he has conferred on his countrymen, he has saved them an outlay of upwards of half a lac of Rupees which sooner or later have been incurred in bridging the river, and has further relieved the Government

From Board of Revenue 14th July 1842.

From Board of Revenue 27th July 1845.

Fort St. George 14th September 1855.

for many years, of an annual expenditure of 784 Rupees previously incurred for ferries.

3. At the suggestion of the Board, it was proposed to confer an honorary title on Sooloochenum Moodeliar, as a mark of the high appreciation of Government of his conduct; but as he evinced no desire for the distinction, a recommendation was made to the Honorable Court for the grant of a small Jaghire of waste land which however they did not see fit to confer.

P. W. D. 14th January 1846 No. 1.

Despatch dated January 1847 No. 2 Para 35.

Sooloochenum Moodeliars services were recognized by Government by his appointment on the 30th November 1847 to the high Office of Principal Sudr Ameen but he lived only a few Months to enjoy that position.

4. From the report of the Collector of Tinnevelly it appears that at his death in May 1848. Sooloochenum Moodeliar left a Widow (the present petitioner) a son Vidadrisadasen Moodeliar who

now

now holds a situation under the Travancore Government, a concubine and a son by her a boy of tender age, who, with his mother lives under the protection of the widow property which Sooboochenumm Moodelly left to his widow (supposed to have amounted in 1851 to about 30,000 Rupees thought but a small portion of the fortune he inherited from his father, was certainly ample for her maintenance) in respect of but dissentions which have alienated her from her son, and expenses imprudently incurred by her on a pilgrimage to Benares have combined to place her at the age of upwards of 70 in real ability and without regular means of livelihood.

5. Under the circumstances above noticed, the Governor in Council is of opinion that the case of Vadavunnmal is deserving of the compassionate consideration of the Honorable Court He wishes therefore to forward her petition to that

authority, with the recommendation of Government, that a life pension of Rupees fifty per mensem, (which is less than the actual saving to the state caused by the discontinuance of the ferry expenses) may as proposed by the Board, be conferred on this old lady as a mark of the Courts appreciation of the good services and public spirited conduct of her deceased husband and in relief of the indigence to which she is unhappily reduced.-

To The President & Members of the Board of Revenue.

B. No. 2390
Order thereon.- Ordered that a copy of the foregoing Minute be furnished to the Collector of Tinnevelly for his information.-

(374)
B. No. 2407. Read again letter from the Collector of Trichinopoly dated 9th September and entered in Consultation 12th October 1854.-

Proceedings thereon. The result of the Settlement having been embodied in the Board's general report it is sufficient shortly to observe that the local rains, both in the commencement and conclusion of the season

Reviewing the report on the Settlement of the District for Fasly 1263-

Fort St. George 14th September 1855.

season proved scanty as in other Districts, causing much loss of produce from drought on the Poonjah lands, and in the Nunjah cultivation under tanks. The river irrigation showed marked peculiarities. In the middle of July the Cauvery came down in an almost unprecedented flood, but the freshes were afterwards so scanty that it was only through great exertions and from the efficient state in which the channels had been kept by the Civil Engineer Major Lowford, that the Nunjah crops in the Wet Taloors were saved. They were however harvested with fair returns and their proprietors made a handsome profit from the high prices to which grain rose.

2. Outbreaks of Cholera occurred in December and January but otherwise the season was healthy.

3. Except in granting remissions with the sanction of the Board for crops destroyed by drought the Settlement was conducted in the ordinary

Fort St. George 14th September 1855.

and excluding the newly added Mootah of Kautpootoor shews a Net decrease of Rs. 65,962 or 4 3/4 per cent compared with the preceding year. In the Poonjah cultivation there was a Net decrease of Rupees 44,000, and the Nunjah cultivation in the wet or river Taloors also fell off to the extent of Rupees 21,962 in consequence of the sowings having been impeded by the scantiness of the rains and the want of water in the Cauvery at the proper season. The remissions for crops destroyed by drought amount to Rs. 16,023. and after crediting some items of increase, the Net Settlement gives a deficiency of Rupees 65,962 as already observed in comparison with the preceding year. If contrasted with the average of the 5 Fuslies from 1258 to 1262 the falling off amounts to the larger sum of 98,408.

Adding Rupees 16,101-3-10 on account of the peishcush of the Kautpootoor Mootah recently added from Salem the demand of the year becomes Rupees 1,33,1,504. of which Rs. 1,31,7149 were collected within the

Jusly and an additional sum of Rupees
10251 up to the end of August At the
time therefore of the Collector's report
outstanding balance was limited to Rs
of 3804 and Mr. Bird expressed his anti-
=cipation of its early realisation
5. In consequence of the dam
done by the Hurricane in 1262 the Col
was authorized to distribute Rupees 3999 as
as tuccavy to ryots requiring aid Mr. Bird
reports that Rupees 35188 were advanced
under this permission and that the
whole amount has been recovered -
6. In Para 22 the arrears out-
=ing for 1262 are stated as 5457-14-2 d
Bird observes that under the unfa-
=orable nature of the current season
abstained from pressing for their pay
and will report the result of the
=sures he was about to take for the
recovery In accordance with the recommend
made in his letter of 24th September
the sanction of Government has been
=quested for writing off 3157-15-8 on
account of the irrecoverable portion of

In Cons 2d Nov 1853

Fort St. George 14th September 1853-

the balances due for Jusles 1260 and 1261 - A
further sum of 490-8-5 still stands in the
accounts for these 2 years and Mr. Bird will
hereafter report whether he has succeeded
in recovering it through the agency of the
Civil Courts as he anticipated. -

7. In Para 20 of the report and in
Statement 23 the Sevoy Sumah arrears are
entered at 3432-10-5 but the proper amount
was 11351-8-11, the actual balance outstanding
at the Commencement of the Jusly and
the Collector should have thus entered it
showing afterwards the portion of the
Arrear Rupees 7918-14-6 for writing off
which the Sanction of Government was
subsequently obtained. By adopting
this course the Statement and report
would have been consistent with those of
the preceding year - Mr. Bird does
not make in his report any specific
recommendation regarding the
Balance still outstanding for Jusles
ending with 1262 but in Statement 23
Rupees 2,554-9-6 are entered as irrecoverable

and

Fort St. George 14th September 1855.

and as this entry corresponds. allowing for subsequent trifling collections with the recommendation made in Mr. Bird's separate letter of 24th November last, the Board have included that sum among the balances recommended for remission in their general report. It is observed that in Statement 23 many items of Sewaye Jamah belonging to Land Revenue have been entered under extra Revenue. For example out of the 14 items under that latter head the following six items alone belong to it.-

In Fort 12th Decr 1854.

Amount of Loom Tax and Ahkarry collected after Summalundy
Tax for oil presses.
Fees collected from Boatmen
Penalty for deeds not written on Stamp paper.
Deposit of Ahkarry contractors forfeited from failing to give security.
Interest collected from Ahkarry Defaulters.-

The other 8 items belong to Land Revenue.-

The

Fort St. George 14th September 1855.

8. The details of the Collector's report and the Statements by which it was accompanied call for the following remarks.-

9. The English Statement of the Population No. 2 has been left blank with a remark that the details will be given on the next census in 1265. But in the Hindoo Statement the numbers are entered and on contrasting them with the return for 1260 the Board observe that the Mahomedans &c. to have been diminished by 113172 while the Hindoos have been increased to nearly the same amount. The cause of this difference should be explained.

	Account of 1260.	Hindoo Statement	
Hindoos	538054 -	649447 +	111393 -
Mahomedans &c.	171142 -	57970 -	113172 -

10. From Para 18 of the Collector's Report it appears that the total remission granted under 2 heads for fusul Cummy amounted to 41870 being an increase of 20164 over the preceding year, but it is observed that there are no entries on this account in Statement 14 nor on account of the teerwah remitted on the lands which according to Statement 17 have been taken

taken on Cowle. The Board wish in future all remissions which are made during the Settlement to appear in Statement 14.

11. In Statement No. 10 it is observed that the 2 Crop wet lands are divided into 2 Classes "Two Crop Iyen" and "one crop or two crop". For the latter single crop Teerwah only appears to be entered, though it is stated in Para 18 of the report that double crop land "remains under the usual classification of two crops" in accordance with the instructions of the Board dated 16th April 1849. Mr. Bird is therefore requested to explain why the full 2 Crop teerwah of these lands was not entered in the Statement the remission granted on the Cultivation of one crop only being shewn under the head of fusul Cowmy.

	Extent.	Assessment.	Fusul Jasty.	Total.
1st Item Garden land new well	70-15-9	185-11-8	-11-11-11	185-11-8
2d Garden Cultivation under new Well in dry land.	203-11-11	643-11-4	37-15-8	681-11-11
	273-25-4	828-12-11	37-15-8	866-11-8

12. From Para 19th the Board are gratified to find that under the new rules private wells are already increasing in number. They wish however to call Mr. Bird's attention to the two items in the Margin extracted from Statement No. 10 and to be informed with respect to

the first why garden land is assessed at Poonjah teerwah, and with respect to the second why fusul jasty was charged for garden cultivation carried on in Poonjah land with the aid of new wells.

	Cowmy.	Assessment.	Fusul Jasty.	Total.
Statement 9.	193-26-7	635-11-6	37-15-8	673-11-2
Ditto 10.	203-12-11	643-11-4	37-15-8	681-11-11

13. The Board also observe a discrepancy as noted in the Margin between Statements 9 and 10 regarding the extent of dry land converted into garden by new wells. In future it will be sufficient to enter in the Summabundy report a Memorandum of the new wells and the extent of land cultivated by them for the purpose of shewing the success of the new rules in encouraging this improvement. Dry land on which private wells have been sunk need not be distinguished from other dry land in Statements 9 and 10 as no change takes place in its assessment.

14. In this report and its Statements the land and extra Revenue of the Kantpostoor Mootah are shown separately. Hereafter the Board wish them incorporated with the general Revenue of the District. The Peishcush will be added to that of the other estates held on permanent tenure and the extra revenue Abkarry Moturpha &c. are to be brought to account in the Talook where they are collected.

15. The Board are gratified to perceive the favorable mention which the Collector makes of his two assistants Messrs. Smith and H. E. Sullivan.

B/o No. 2467.

From the Secretary to the Medical Board-

Sir,

The Government being about to entertain Warrant Medical Officers as circuit Vaccinators in the several Collectorates of this Presidency, I have the honor under instructions from the Medical Board to solicit information and the opinion of your Board on the following points-

2. The several Collectorates vary much not only in extent of surface but also as regards population and the Board would wish to know whether in your opinion, one individual of the description alluded to, would be able thoroughly to supervise the operations of the Native Vaccinators in each Collectorate-

3. It is probable that in some Collectorates owing to the population being so widely dispersed one supervisor might not be

be sufficient: while in others from their being less scattered a single individual may be able to overtake the duties of two Collectorates.

4. The intimate acquaintance of your Board with the several Collectorates will enable them to give valuable and accurate information on the subject with which the Board would request they might be favored. They enclose Copy of Minutes of Consultation of Government on the subject.

Exctract from the Minutes of Consultation Dated 20th March 1855

Read again the following letters.

From the Secretary Medical Board.

Dated 19th April and recorded in Dy. Consultation 8th May 1855.

From the Secretary to Govt. of Bombay.

Dated 31st May and recorded in Consultation 10th July 1855.

Read also the following letter.

From the Secretary Medical Board.

Here enter 19th July 1855.

1. The Medical Board approve the

scheme adopted in Bombay of entertaining Superintendents of Vaccination to make circuits through their respective ranges and see how the operators do their duty. They however adhere to the opinion previously expressed by them, that Warrant Officers should be employed for the service in preference to Commissioned Officers and that they be attached to the department of the Collector.

2. The Governor in Council is disposed to think with the Board that it will be sufficient to employ Warrant Officers as Circuit Vaccinators, and that it is unnecessary to go to the expense of Covenanted Medical Officers to perform that duty. He therefore desires that the Board will submit a scheme shewing the number of Warrant Officers to be employed, the grades of which they should be and the entire expense of the arrangement. The Board will ascertain by reference to the Adjutant Generals department whether

Fort St. George 14th September 1855.

whether the Warrant Officers required can be supplied from the present Establishment, or whether it will be necessary to add to the Establishment: and if so to what extent, in which last case they will submit for the sanction of the Government of India a Statement in the prescribed form showing the augmentation that may become necessary-

3. The suggestion of the Medical Board at the conclusion of Para 3 of their letter has already been disposed of by Government in their letter to the Government of India 2d March 1855 Copy of which has been furnished to the Board-

(Signed) A. Lorimer

Secretary. Medical Board

Ordered that the following letter be sent-

To

Fort St. George 14th September 1855.

To,

The Secretary to the

Medical Board.

Sir,

(379.80)

B. No. 2397.

To the Secretary to the Medical Board

Stating that one Superintendent for Vaccination should be appointed to each district in making a difference in the allowances according to the size, and population of each District and suggesting that in case two should be appointed to one District that they should be for Cuddapah Bellary Madura and Canara-

Sel. Cons. 14th Sept. 1855.

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 23d Ultimo, enclosing a Copy of Extract Minutes Consultation 20th August on the appointment of Superintendents of Vaccination and requesting the opinion of the Board as to the number of Superintendents necessary in each District-

2- The Medical Board suggest that the variation in extent and population of the districts in this Presidency may perhaps render it advisable to employ more than one Superintendent in the larger districts, while a single Officer may be able to take charge of more than one small District-

3. The Board of Revenue are of opinion that as a general rule it will be found most convenient to have a single Officer in each of the Collectorates notwithstanding

their

14668 Fort St. George 14th September 1855

their difference in size and population it may be proper to make a difference in the allowances to be allotted for different districts especially with reference to the extent to be traversed - If it should be thought advisable to employ a second Superintendent in any District, the Board would suggest that this should be done in Cuddapah, Bellary, Madura and Canara, the area and population of the three first of these provinces being a good deal above the average and the last named (Canara) from its peculiar shape rendering a great deal of travelling necessary -

4. The population and area of the 3 first districts are as follows -

Bellary - 13,056 Sq. Miles. 1,229,599 people

Cuddapah. 12,970 —"— 1,457,921 —"—

Madura - 10,700 —"— 1,756,791 —"—

(Signed) G. S. Forbes
Acting Secretary

14669. Fort St. George 14th September 1855.

No. 185

To G. S. Forbes Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir

I have the honor to acknowledge your letter, No. 2148, Dated 20th Instant, conveying the observations and orders of the Board in regard to my suggestion that two thirds of the Pension enjoyed by the late Poligar of Mungalore should be continued to his family -

381

Bd. No. 2427
From the Collector of South Arcot
Conveying the information requested by the Board on the 20th Instant and recommending that two thirds of the Mondy pension enjoyed by the deceased Poligar of Mungalore should be continued upon his heirs. -

2. I see no means of obtaining the accurate information as to the wealth of the Surviving Members of the family which the Board require me to furnish. It is commonly reported and believed that the deceased has left his widows and children in affluent circumstances, but I am unable to ascertain the real state in which his affairs were at the time of his death.

3. He held partly on Puttah

14670 Fort St George 14th September 1855

196 on Puttah
101 in the Rented
300 Villages

Puttah and partly in the rented Villages 300 Cawnies of Land of good quality, and the Vakeel of the Family from whom I have taken a Deposition has admitted before me that the property consisting of the said land, houses and Jewels is worth 20,000 Rupees. It is probably of much greater value.-

4.

It appears from the enquiries I have made and from the records of my office that the Deceased Poligar was not in the habit of distributing any part of his Pension or of the gain he derived from the bounty of Government among his relatives, but that he merely maintained in the usual way those who were by custom dependant upon him as the Head of the family.

Boards Proceedings 5th July 1841

5.

Besides the two widows and their two Sons alluded to in my letter of the 9th Instant, the Poligar left the following relatives and connections all of whom are said to have been living in his house and to have been dependant

14671 Fort St George 14th September 1855

maintenance.

List

Ramasawmy Bundary . . . Cousin
Pommummaul Sister to Do and her husband
Minachee - - Do Do — Do — Do
Kanniammaul widow of a Cousin
Minachee Do - - Do
Ramasawmy Bundary Son of Minachee
wife of Do
Daughter of Do
Vishalachy betrothed wife of elder
son of the Poligar.-

6.

I am of opinion that a recommendation for the continuance of the bounty of Government cannot, in this case be made upon the score of the poverty of the family. At the same time it must be remembered that the late Poligar enjoyed what may be regarded an equivalent to an annual allowance of 500 Rupees, the sudden stoppage of which could hardly take place without causing the Surviving Members of the household some inconvenience.-

Upon

Fort St. George 14th September 1855.

Upon this consideration alone can I venture to propose as I still do, that the Government should be moved to grant permission for the continuance of two thirds of the ready Money pension which was paid to the deceased.—

South Arcot.
Collector's Cutcherry
Cuddalore 24th August 1855

Signed / A. Hall
Collector

Proceedings thereon. /

Recommending that a pension of Rs. 198-1-9 be continued for life to the Eldest Son of the deceased Poligar of Mangalore in the District of South Arcot.—

381-2

In his letter of the 10th July last Mr. Hall reports the death of Andeappa Sarabundary, Poligar of Mangalore, and requested instructions regarding the money allowances and the lands on easy tenure which he had enjoyed. His annual receipts from these sources amounted to about Rupees 3,497 and consisted of the following Items

1st 196 Cawnies of land held by the Poligar on half teerwah in 8 Villages of the presumed Mangalore Jaghire a privilege estimated yielding Rupees 500.—

2nd The Villages of Yendal and Puttacowchy held on a fixed modified rent of Rupees 53 3/8 one fourth of the Ordinary

Fort St. George 14th September 1855

Government grant conveying this privilege as stated 7th August 1821 and expressly limited it to the life of the deceased Poligar—

3d A money allowance of Rupees 198-1-9 per annum granted in 1808 to the Cavilgars at the rate of 15 per Cent on the resumption of Cavilly fees.—

4th A money payment at the rate of 6¼ per Cent on the revenue of the presumed Jaghire of Mangalore in lieu of Cavelly fees, yielding on an average Rupees 259-11-4 annually.—

With respect to the 1st of these Items, 2. it is explained that the deceased enjoyed the privilege on a Cowle given by the late Jaghiredar, which became invalid on the resumption of the Jaghire, and that it was through inadvertence at first and afterwards through indulgence that ½ teerwah was continued during the late incumbent's life. The 2d Item ceases as a matter of course on the Poligar's death in accordance with the Government Orders. The 3d Item ought not, the Collector observes, to have been continued to the deceased, but should have ceased on the death of the first recipient according to the usage of the District, and the Board find from the letters of the early Collectors, Messrs. Ravenshaw & Hyde, that these allowances were only intended to

to be life grants. With respect to the 4th Item also an inadvertence occurred. The Cavil fees ought to have been assumed with the Jaghire and the deceased's claim restricted to a money allowance for his life, fixed as in the case of other Cavilgars at 15 per Cent of his former receipts. It was not deemed necessary to at once correct this error on its being afterwards brought to notice but the Collector points out that Extract of Minutes of Consultation dated 30th March 1852 shows it to be the intention of Government that the payment should cease on the recipient's decease.

In Cons: 22d April 1852

3.

After giving the above detail, Mr Hall recommended that as the Poligar had left his family "in comparatively speaking affluent circumstances", the money allowances should cease and full tearwah be hereafter collected on the lands which he held on indulgent tenure.

Parag 2 from 10th July
In Cons: 20th Aug 1855

4.

Subsequently Mr Hall* forwarded a petition from the two Widows of the deceased, soliciting Government aid for themselves and their two infant sons, and requested that an allowance equivalent to two thirds of the late Poligar's pension might be assigned to them, for although the family appear to be

* Letter dated 9th in Cons: 20th Aug 1855

possessed of considerable property its members might be pursed some distress if deprived all at once of the income which the late Poligar received from Government.

Para 4.

5.

The letter now under acknowledgement furnishes in reply to a Call from the Board more detailed information regarding the family and its resources. The Poligar is stated to have left 2 Widows - each of whom has a Son aged respectively 9 & 6 years - besides ten other relations and connections, who are said to have been maintained by him, but without receiving any fixed share of his allowance - The lands of the family consist of 300 Cawnies of good quality and its Takeel admitted that its property is worth Rupees 20,000, an estimate which the Collector thinks is much under rated.

(7/25 Aug 1855)

6.

Under the circumstances brought to notice by the Collector, the Board resolve to recommend that the pension of 79 8 + 9 be continued for life to the eldest Son of the deceased, for although the family has little claim on the liberality of Government, in consequence of the conduct of the late Poligar and the questionable tenure on which he enjoyed a large part of his income, yet the sudden cessation of the large annual payment of

14676 Fort St. George 14th September 1855

of Rupees 2595 — 11 — 4, and the levy of full tax on its easily assessed lands would otherwise cause it inconvenience and distress.

Board of Revenue
Fort St. George

383

B. No. 2506
From the Actg. Collector of Canara

Sir,

I have the honor to acknowledge the receipt of the instruments allotted to this District a list of which accompanied your letter of the 28th June last.

With reference to the 3rd para, I beg to observe that under existing circumstances, little can be done towards the formation and instruction of a surveying class at present, as Mr. Hack of the German Mission is now able to devote but little time to the subject, and the number of revenue officers in the district is so much reduced, as to preclude the few remaining from taking any active part in the matter.

The appointment however of a properly qualified Instructor will not, it must be hoped, be much longer delayed, as the opening of a School for surveying and engineering excites great interest here, and is likely to produce all the good effects anticipated by Mr. Maltby when applying for a Survey Establishment.

Proceedings

14678

Fort St. George 11th September 1855.

B. No. 2389.

Proceedings thereon. Read & Ordered The foregoing letter be submitted for the Orders of Government.

Submitting letter from the Collector of Canara and recommending that sanction may be granted for the purchase of 810 Garces of Bombay Salt and for advancing the Contractors one 3rd of the amount.—

(No. 2566) Inl. 19th Sept. 1855.

The Board request that sanction may be granted for the purchase of the Salt applied for by Mr. Fisher—

385-6

Referring to Para 11 Extract Minutes of Board's Proceedings dated 4th September 1855, the Board beg to state that in purchasing Bombay Salt for sale in Canara it has been hitherto usual to offer to the contractors an advance of one third of the price On their giving Bonds and sufficient Security. This System has the advantage of enabling the smaller dealers to bid for the contracts and is on the whole advantageous to Government by keeping down the price of the Salt Without the advance, the Competition for the contracts will be confined to the richer merchants of Mangalore.—

3 But the difference is not likely to be great and if the Government Consider it to be better to pay a higher price the Board to make this advance the change can easily be made in the ensuing year.

4 In the present instance, the Collr having invited Competition in the usual form an advance of one third by the Board beg to recommend that the indulgence may be sanctioned for the present year.—

14679

Fort St. George 11th September 1855

B. No. 2196.

From the Asst Collr of Madura—

Reporting the several systems of levying a tax on land prevailing in this District.

Sir I have the honor to acknowledge the receipt of your letter of the 23d Instant and in reply to Para 3 beg to inform you that the principles which have obtained in this Office regarding the collection of Quit Rent and Ground Rent, are as follows:—

Quit Rent
Fasly 1234 July 1824.

2 Quit Rent on land within the Black Town Walls is assessed with reference to the valuation of property 12½ being levied for every 350 Rupees value.—

3 Property situated outside the walls has been assessed at various rates the ordinary

at

Fort St George 14 September 1855

at Rupees 5 4 per Cawney. In some cases a Quit Rent varying between Rupees 7 8 & 12 per Cawney has been levied, while the Subdivision of a Cawney provided that Buildings found on them have been taxed from 1 Rupee to 12 8 per ground. Ground not built upon and left thus 1 Cawney is assessed proportionally at the rate of 5 1/4 Rupees the Cawney.

Fb. 27 Dec. 1810

The above rates existed from before the period at which the Collection of the Quit Rent devolved on the Officers of the Principle which guides the Amount to be levied on the description of the ground assessed, the Ordinary Demand of 5 4 Rupees per Cawney not being increased or lowered but by the Criterion of the Rules of Ground Rent now laid down within the Black Town Wall are as specified in Mr Collector Ellis's letter dated 17 August 1812 and Base as follows

Ground Rent.

Situation of Ground.	Articles included thereon	Amount to be paid per ground
North and South Beach	Grass for any description	Rs. 35
Do.	Huts	35
Do.	Trees & Timber	4
Black Town near Candy Sammy Pagoda	Bazar for fruits &c	1
On the South side of the Black Town Wall on the beach and other places in the neighbourhood	Grass and ground hutts	5
	Bazar of different Kinds	17
	Trees & Timber shelters	1
	Charcoal &c	17
	Cheroots	1
	Sawers	5

Under date the 15 June 1829. the Board authorized the charging of a similar rent on ground outside the Black Town Wall at the rate of Rs as 17 8 the Ground.

No 1

The enlargement and enclosure of Guindy Park was effected by Lord Elphinstone in 1839. Compensation being given to the Merasidars for the cultivable lands taken from them as an acknowledgement of their proprietory right, but the uncultivable lands they were not paid for as being unproductive they could not be ploughed and brought under tillage and yield them a profit in the Circar Sense of the term. These uncultivable lands however, it must be remembered, include the space occupied by the Tank and yield besides grass and rushes and as such are of great use to the Villagers affording them grazing for their Cattle and their being deprived of them would cause them Considerable loss and deteriorate their condition and prospects. If the Park had not been enlarged and their lands enclosed in it they would have enjoyed them for ever.

The Government however, if it thinks fit, may deprive them of the use of these uncultivable lands without Compensation as they pay nothing for them but

Fort St George 11th September 1855

Sent as they have enjoyed them time out
mind, and similar lands are every where else
enjoyed on similar terms of non assessment they
would feel it a very great hardship and
misfortune and it would tell injuriously on the
welfare and the Revenue from their Village
Compensation would very little mend the matter
and it would be temporary: the privilege
appears therefore to be necessary to keep the
Petitioners on a footing with the rest of the
District and secure them the advantages
derivable from the lands they dwell on and cultivate

There can be no doubt that if grass and
rushes and the produce of Bambut and Palmyra
trees were liable to assessment, they would have
held Puttahs for them, as they do for the Tank
Fish and Palmyra trees, and their right has
remained uncontested It is owing to these
articles being exempted from assessment that they
have not been entered in their Puttahs

Roy

Fort St George 11th September 1855

They are not entitled to cut down
any timber without leave.—

21th May 1855 /Signed/ C. S. Shubrick
Collector

I should be glad if Mr Shubrick can
find any Document specifying any agreement
or settlement made on this subject in 1839
when the Park was enclosed.—

Was there a Tank at all previous to
the Park bund being made, or was it formed
in Consequence of the Bund?—

Is there any Document shewing the
quantity of land /uncultivable/ over which
the Merasidars had enjoyed free pasture?

I learn from Mr W. Elliot that at
the time of the enclosure, this right of pasture
was merely good-for-nothing and that it is
the fact of enclosure, which has given some value
to the land.— /Signed/ H.

I

Fort St. George 11th September 1855

Enclose translation of an agreement taken at the time of Enclosure from the Ryots of Pollipatt. Similar agreements were also taken from the Ryots of the 3 other Villages whose lands were required for the Park.

It will be seen from these agreements that the lands for which the Ryots were not compensated from the beds of the Tanks in the Park. and that they allowed them to be enclosed on condition of retaining the use of the water and right of fishing as they had been paid for all their other lands taken from them. They also bound themselves not to graze their cattle in the Park.

The Tanks appear to be two in number and with a Bund to cover 9 P. Cawnies. the 31 Cawnies formerly mentioned, referred only to one Village

Fort St. George 11th September 1855

Village.

The Tanks were in existence during the Nabobs Government. An Order of Mr. Greese dated 11th June 1839 directs the Villagers to appoint a day for their fishing and to obtain the Park Keepers permission through the Tahsildar before they Commence it.

The trees entered in their Puttahs are those growing on the Tank Bunds and within the area of the Tank Beds and are roughly estimated at 180. They can be paid for them if it is thought necessary and to prevent future Collision.

The Railway paid 1 Rupee per tree.

The Grass and rushes growing in the Tank beds were formerly grazed by cattle and were of little value, but as the cattle have been kept out since the enclosure of the Tanks they have greatly increased and become of markitable value. The Agreements shew that the Ryots have no legal claim to them now and their enjoyment of them hitherto must therefore have been upon sufferance although they received no compensation

11.692

Fort St. George 11th September 1855

Compensation for the Lands they grow on.

If the trees are now taken from them as they are not strictly speaking their private property, but they only enjoy their Produce they need not be compensated at the rate the Railway paid which was for trees growing on a Ryots Kyfut or holding and therefore belonging to him absolutely.

Sydapet
28th June 1853

/ Signed / G. I. Shubrick
Collector

I should be disposed to expect the Ryots to be informed through the collector distinctly what the real State of the case is and that they evidently have no right to the grass which has only become of value since the enclosure and that if they are allowed to take any now it can only be by sufferance or on their asking permission of the Government.

They should be paid for the trees in order to prevent any future intrusion.

I

11.693

Fort St. George 11th September 1855

I think it advisable that the Ryots of all the Villages should be assembled before the collector with Reely in attendance and that the State of the agreement should be clearly explained to them and also the facts respecting the Grass rushes and of their having now become valuable by the enclosure.

They should be informed that their day of Fishing must be notified through the Tahsildar and any application for leave to cut rushes or Grass in the way.

I think they should receive the price of the trees within the boundary of the Tanks and I should have no objection to their receiving also some small sum for the land tho' it was evidently of no value whatever before the enclosure.

I would have this to be settled by Mr Shubrick.

June 29th 1855

/ Signed / H.

I.

Fort St. George 11th. September. 1855

I have seen the Ryots and explained to them in the presence of the Park keeper the Conditions on which they will in future be allowed to enter the Park, read to them the agreement entered into in 1839, and directed them in future to apply to the Tahsildar whenever they wanted to fish and for permission to cut the grass and rushes which would only be allowed them if they were not otherwise required.

The Palmyra trees are much more numerous than they were estimated being altogether 926 Viz.

Young trees not bearing fruit 203
fruit bearing trees on the bund 693
Do Do on the Tank bed 30

and are valued by the Tahsildar at Rupees 517, who excludes the young trees from the account as having sprung up since the enclosure.

The other kinds of trees which have also sprung up since the enclosure are and are jungle trees are excluded from

Compensation

Fort St. George 11th September 1855

Compensation on the same grounds.

As the Ryots enjoy the use of the Tank water it is considered unnecessary to compensate them for the land enclosed in the Tank. Should they ever be deprived of the water they may then be compensated for it. They are in fact unwilling to receive any Compensation at all either for the land or the trees, hoping to be allowed to enjoy their produce which it has however been clearly and distinctly explained to them can only be by sufferance and with permission previously obtained through the Tahsildar and Park keeper.

Sydapet 6th August 1855 } / Signed / C. I. Shubrick Collector

I think the Ryots should be paid the value of the trees and they would then have no claim on them though they might as an act of grace be allowed to take such portion of the produce as might not be wanted they always making their request through the Tahsildar as prescribed.

A copy of these papers will be sent up to Government with a request that the sum of Rs 517 may be paid over to the collector for the purpose of remunerating the Ryots for the value of the trees.

The Collector will be informed of this

Government House August 8th 1855 } / Signed / Harris / True Copy / Signed / C. I. Shubrick Collector

Translation

11.696

Fort St. George 11th. September 1855

Translation of an agreement dated 29th Executed to Government by the undersigned Ryots of Pulliput attached to the Vellachary Tope the Sydapet Taluk Gellah Chingleput.

Having been summoned and consulted in regard to the enclosure of the net and dry land in the interior of our Tank together with the Tank in the Guindy Park of the Right Honorable the Governor situated to the west of our Village we have agreed to the same and the Circar can at once begin hedge round the land without any obstruction on our part arrangements should however be made by Circar for permitting us to take the usual quantity of water from the Tank for the irrigation of our fields for the performance of the requisite repairs to the Tank from time to time by the Circar for our contributing the usual quantity of grain labour towards such repairs and enjoying the Tank Sluice and for our letting out the Surplus water through the Calingula so as to save the Tank from injury a Cowle should also be granted to the same effect.

We shall not claim Compensation for the land now to be enclosed in excess of the lands already granted from us for the above garden we shall not have any Garden our cattle horse sheep etc for grazing drinking water or on any other pretence we shall not on any object to the lands having been taken gratis nor shall any claim to them in future.

This agreement is given with our assent in the presence of

Mootial Naick of Vadasemmengary
Ramasawmy Pillay Pulliarasy

Fort St. George 11th September 1855

Bd. Sc. 3990
Proceedings thereon
396.7

The Board observe that in the Copy of an agreement entered into by the Ryots of Poliput when the enclosure of the Guindy Park was first made, no mention is made of any rights beyond those of irrigation and the fishing of the tanks; Strictly speaking therefore they are not now entitled to claim Compensation anew there is no doubt however that the produce of the Palmyra trees and the Veddul or tank rushes would have been in their enjoyment had the land not been enclosed, and as it is necessary in order to secure the privacy of the Government Park that no claim to any produce within it should be left unsettled, the Board resolve to submit for the orders of the Right Honorable the Governor in Council Mr. Shubricks letter, and request that Sanction may be given to pay Rupees 517 to the Villagers at the rate of Compensation calculated by the Tahsildar.

Circular

Sir

I am directed to request that you will, at your earliest possible convenience submit a Statement of all Printing done for your Office at any Presses other than the Government Press during each of the three years ending July 31st 1855. with the price paid in each case, the name of the Press also should be stated. In cases where the paper was furnished by the Press you will be good enough to exclude the cost of it, and state the charge for Printing only. In this list ordinary Office Forms and Circulars should be shewn distinctly from Bookwork.

2. You will also be good enough to state what reduction can be made in your Office Establishment, in the event of the Government Printing Press undertaking to print all the Circulars, Forms, and other such Office Papers that you may require to issue.

3. I am requested to desire that the information now called for may be submitted without

Fort St. George 17th September 1855

without delay as it is required for early
submission to the Government of India.

To
The President and
Members of the
Board of Revenue

/Signed/ J. D. Bourdillon
Secretary to Government

Ordered that the following
be sent in reply.

418.19

Bd No 2106
To the Secretary
to Government.

To. The Secretary to Government
Revenue Department

Sir,

Inlosing 17th Sept 1855.
2106

I am directed by the Board of Rev
to acknowledge the receipt of your Secretar
Circular Dated 25th August 1855. calling fo
a Statement of all printing done for the Off
at any Presses other than the Government Pres
during each of the three years ending July 31st 185
with the prices paid in each case, and the na
of the Press at which the work was executed
In cases where paper was furnished by the Bo
it is wished to exclude the cost of it the abov
for printing alone being stated Ordinary Offic
Forms and Circulars are also to be shewn
distinct from Book work.

2. The Board are further requested
to state what reduction can be made in the

Fort St. George 17th September 1855

Establishment in the event of the Government
Printing Press undertaking to print all the
Circulars, Forms, and other such Office papers
that they may require to issue.

3. In reply I am desired to acquaint you
that as all the printing work (excepting Circulars)
required for the use of this Office during the three
years named, has been executed at the Fort
Saint George Gazette Press no charge has been
incurred on this account.

4. Previous to the current year, the Circulars
issued by the Board, were lithographed at the
Government Lithographic Press except on one
occasion last year when the Government Press
being overwhelmed with work, it was found
necessary to resort to a private Press to print
an emergent and lengthy Circular, Since the
Commencement of the year however the Board
have had their Circulars printed at private
presses the cost of which has been paid from their
Contingent account. The Sums thus paid
are shewn in the accompanying Statement.

5. The only expense therefore that can be
saved by the Government Press undertaking all
the printing work of this Office including Circulars,
will be, taking the average of that incurred for

Bd No 2554
From the Secretary to Government.
Directing the continuance of the Enamity tax in certain cases and remitting it in others in the District of Kurnool.

Statement Report 10th October 1853. paras 10 to 16.

Fort St. George 17th September 1855

Revenue Department

No 1017

Extract from the Minutes of Consultation in the Revenue Department under date 5th September 1855.

Read the following Contract for Proceedings of the Board of Revenue / Her inter 28th June 1855 No

The Tabular Statement submitted with these proceedings, Contains the report the Agent at Kurnool on the claims to from payment of the Enamity tax preferred certain individuals in his district

2. The Circumstances which led to the ment being prepared are briefly these the late Agent, brought to the notice of Board certain balances against Enam which were disputed by the parties on grounds, and suggested that they should finally struck out of the accounts, as it been Customary to remit them every year Board remarked that similar demands been left outstanding on account of years, the Agent should submit a separate report on the usual

Proceedings 4th June 1849 Para 7.

Fort St. George 17th September 1855

of the disputed titles and the amount of arrears, with his opinion thereon. This the present Agent has done in the report now laid before Government.

3. The total number of Enams included in the report is fifty seven. The following Statement shows the several parties by whom they are held, the number and extent of the Enams enjoyed by each party; the Assessment and Enamity tax leviable on the on the Enam, and the balances on the latter account outstanding against the Enamdars from Fusly 1257 to 1263.

11708 Fort St. George 17th September 1855

1. From the documents A. B and C produced in support of this case, the Agent states that he has no reason to doubt that the family of Purvut Shastree held Enam lands on Grant from the ruling power upwards of a century ago, but he is unable to ascertain from these documents, in what Villages the Enams were situated, or what was their extent. From the fact however of document C. being addressed to the Village Officers of Cusbah Nundial he concludes that the Enams must have been situated exclusively in that Cusbah. He therefore recommends that the Enamity tax be remitted on these Enams only, but be levied in all the others: it being the rule of the district not to allow exemption in any case which is not clearly supported by documentary proof, whatever the length of possession may be. The Board remark that these views differ from those expressed by Mr Phillips* who recommended that the Enamity tax should be permanently remitted, on the ground that similar claims had been allowed by his predecessor in

Purvut Shastree, 22 Enams.
Esctent @ 32 6 9 10 3/4
Assessment Rupees 180 1 .

*Settlement Report 10th October 1818 para 10.

11709. Fort St. George 17th September 1855

in previous years, and that the present Enamdars had been in undisputed enjoyment for a long time. But they think that the principle adopted by Mr. Daniel is the proper one, under the circumstances of the district, where it is well known Enams were profusely granted without any intention of their being enjoyed in perpetuity. They also add that the imposition of the enamity tax does not altogether destroy the character of the Grant, but merely requires from the holder a payment equal to about half the regular assessment of the land, so that the tenure will still be a favorable one. In these views the Government Concur; and they direct that the enamity tax be levied on all the enams held by Purvut Shastree with the exception of the first* in Cusbah Nundial, and that the balance of Rupees 610 6 5 appearing against him from Fusly 1257 to 1263 be written off the Public accounts.

*Enamity Rupees 2 1 0

The Agent has no doubt

5.

that these persons are lineally descended from

from the Agnihotri Brahmins referred to in Talooks A. B. and C. but for the reasons explained in the case of Purvut Shastree, he recommends that the Enamity tax may be levied on all their Enams except the first in each case and that the balance outstanding against them from Fusly 1257 to 1263 Amounting together to Rupees 559 5 8 may be remitted in this recommendation the Board fully Concur and the Government direct that it be carried into effect.

6. In reference to the first five of these Enams, the Agent recommends that in those cases where the grants have been Subdivided enamity should be imposed on all the Shareholders except the party performing the duties of the Office, and that the strictly Service Enams should not be divided. In the last case he recommends the resumption of the Share held by the late yellapah, and the imposition of enamity on the portion enjoyed by the

From the Secretary to Government

Extract from the Minutes of Consultation in the Revenue Department under date the 5th September 1855.

Tabular report on a lapsed Enam in the district of Tanjore co dated 28th June, and submitted with the re: marks of the Board of Revenue 30th July 1855, No. 1951.

The Collector explains that an erroneous recommendation was made in his tabular report of 12th March last in reference to lapses Nos. 33 and 34 which were treated as having belonged to the same party. He now recommends that the share in No. 34 enjoyed by the late Iyacooty may be continued to his nephew Gopalien. The Government resolve therefore to cancel so much of their orders of the 16th May last as

as refers to that number, and to direct that Syd=
=eooty's share Rupees 1-15-2 be renewed in the=
name of Gopalien his nephew-

From the Secretary to Government

No. 1021

Extract from the Minutes of Consultation in the Revenue Department under date the 5th September 1855-

Tabular report on a lapsed in=
Dshant Enam, in the Distriction=
of South Arcot dated 2d Augt.
and submitted with the remarks
of the Board of Revenue 20th in=
August 1855, No. 2165-

The Governor in Council grants =
authority for the sum of Rupees 39 thirty nine,
or nearly two thirds of the share in a Dshant Ena=
pension in South Arcot enjoyed by the late Meer
Rajah Hoosain, being continued to his younger =

brother Meer Syied Ally, in arrear from the 27th
December 1853, the date of the elder brother's death-

2. Thus lapse will reduce the pension =originally granted to Syed Hoos=
=sain Mohideen, the representa=
=tive of the family, to Rupees
487 per annum as shown in
the Margin-

		Per annum
Amount of Pension originally granted		525-11-11-
Lapse from the share of Meer Bertha ally		19-11-11-
		506-11-11-
Present lapse from the =share of Meer Rajah Hoosain-		19-5-4-
		486-10-8-

3- These orders will be communicated to the Civil Auditor for his information and guidance-

Acting Secretary to the Board of Revenue
Fort St. George-

428

Bd. No. 2475.

From the Collector of Rajahmundry

Sir,

I have the honor to acknowledge the receipt of your letter of the 31st Ultimo, No. 1959 and

* Herewith returned.

and of the accounts returned therewith for correction.

2. In reply I beg to state that with a few exceptions the rates given in those items marked ✓ in the accounts under notice thus* are reduced as usual from the quantity of the article purchased and the total price paid for that quantity.

3. With reference to Statement No. 1 of Sanderwarad Charges in the Revenue Department to the objected to item No. 1 (these items have been numbered for facility of reference) the rate given has been deduced as near to the truth as possible for if the rate be altered to $6\frac{14}{32}$ Seers per rupee the result would fall below the actual account as paid by Rupees 2-9-2. The computation of the second item at the 2nd rate given is Rupees 147-8-8 (and not Rupees 147-4-5 as entered in pencil.) If the rate be altered to 1-9-9675 the result will be Rupees 147-7-8. The price of 224 Seers of Sealing Wax being calculated at the 3rd rate given in item No. 3 is Rupees 42-7-56 (and not Rupees 43-10-2 as entered in pencil) which is as near to the truth as can

$6\frac{13}{32}$ 1st Seers per rupee.

a. p. 2nd
1-9-9775 per each

a. p. 3rd
3-a-4 per Seer.

be calculated. The price of 167½ Seers of twine at the rate given in item No. 4th is Rupees 10-3-5-425 which is as near as can be calculated. The computation in item 5th at the rate given is Rupees 85-4-11 which is less than the amount actually paid by 7 pice, but if the rate be lowered to $7\frac{4}{32}$ seers per rupee, the result would then exceed the actual amount by 5 annas 5 pice. The calculation in item No. 6th at the rate given is Rupees 17-10-0-46 (and not Rupees 17-9-7 as given in pencil) which is as nearly correct as can be calculated. The rate in item No. 7th-0 has been altered to 6-8 pice per seer. The rate in item No. 8th has been altered to 1-8-35 per each. The computation of item No. 9th at the given rate is Rupees 27-0-5-45 (and not Rupees 27-12-1 as marked in pencil) The rate has been altered to 3 annas-0-88. The computation of item No. 10th at the rate given is Rupees 4-14-0-71 which is as correct as possible. The rate given in item No. 11th is more nearly correct than $6\frac{7}{32}$ seers per rupee, for if by the former rate the result be 7-26 pice less than the actual amount by the latter rate the result will

exceed

4th pice 11-71 per Seer

5th $7\frac{5}{32}$ Seer per rupee

a. p. 6th
15-18 per each

7th pice
6-72 per Seer

a. p. 8th
1-8-65 per each

a. p. 9th
3-87 per Seer

a. p. 10th
1-7-93 per Seer

11th $6\frac{21}{10}$ Seers per rupee

exceed the actual amount by 3 annas and 4 pice.

pice 31-94 per Seer

The 12th rate in item No. 12 has been altered to 32-256

1 anna. 10 pice each

pice per seer. The 13th rate in item No. 13 has been

altered to 1 anna 9-75 pice each. The 14th rate in item

7½ Seers per rupee

No. 14 has been altered to 7 14/32 Seers per rupee. The

7 1/32 Seers per rupee

15th rate given in item No. 15 is as near to the truth as

as can be deduced. The result at this rate is

Rupees 36-8-9 and not Rupees 36-8-7 as entered

in pencil.

Rs. As. P. 16th

1-9-8-9 per 100 quills

4. The 16th rate in Item No. 1 of Statement No. 1

of Sundrywares in the Magisterial Department has

17th

8 3/32 Seers per rupee

been altered to Rupees 1-9-11-31 per 100 quills.

The 17th rate in Item No. 2 is as near to the truth as can

be deduced. for if it was altered to 8 7/64 Seers per

a p 18th

1-8-55.

rupee, the result would be 8 annas 8 per pice

above the actual charge. The 18th rate in Item

No. 3 has been altered to 1 anna and 8.575 pice per

19th

2.11-88 per Seer

each duffer cloth. The computation of Item

No. 4. at the 19th rate given is Rupees 11-1-10-86

a p 20th

1-4-94.

and not Rupees 11-0-6 annas marked in pencil.

5. The 20th rate of item No. 7 in Statement

a p 21st

1-0-66.

No. 2 of Batta to Prisoners has been altered to

1 anna 8-94 pice per each. The 21st rate in item No. 2

has

has been altered to 1 anna 0-0-6 pice per each.

1 anna 7-0-7 pice

6. The 22nd rate in item No. 1 of the Statement

No. 3 of the Charges for transmitting Treasure from

the Talooks to the Hoozoor has been altered to 1 anna

1 anna 7 pice

and 6 pice. The 23rd rate in item No. 2 has been altered

1 anna 5 pice

to one anna 5.95 pice. The 24th rate in item No. 3 has

7 anna 3 pice

been altered to 1 anna 0-2 pice. The 25th rate in item

No. 4 has been altered to 1 anna 4-15 pice. The

2 annas 5 pice

26th rate in item No. 5 has been altered to 2 annas

1 anna 0-25 pice

0-575 pice. The 27th rate in item No. 6 has been

altered to 1 anna 0-0-8 pice. I must apologize

for the numerous errors in this account.

7. With reference to the Item No. 1 in State-

ment No. 8 of Charges for measuring Salt

I beg to state that the leaves having been brought

at different times, the fractions of a pie which

could not be paid at each time, amount on the

whole to 7 pice, hence that difference between the

result of the computation and the actual charge.

The period, for which the additional Gomashta

was employed as detailed in Item 2 is I

regret to say, incorrect. it should be from

17 4/5

Fort St. George 17th September 1855.

17th May to 8th October 1854, and has been so altered accordingly.

8. I enclose as requested a Certificate that no batta was paid to Public servants while so residing at the Hoozzoor either on Summabundy duties or otherwise employed.

Rajahmundry, Collector's Office, Cocanada, 23d August 1855.

B. No. 2474.
From B. S. Chimmo Esqre
Secretary to the Canara
Museum

Sir,

I am directed to acknowledge the receipt of printed Circular No. 2014 regarding Stationery required for the use of the local Museums.

The Committee of the Canara Museum request to be informed whether indents for almirahs, Cases and other articles of furniture will

Fort St. George 17th September 1855.

will be sanctioned or whether these also besides stationery must be paid for out of the 50 Rs. Monthly allowance. Should this be the case it is scarcely necessary to point out how inadequate the sum would be for this purpose. In fact unless the Cases and almirahs be supplied at the cost of Government, there will be such a drain on the funds of the local Museums on this account that the Committee will be obliged to countermand certain Commissions for specimens which scientific friends in Bombay Ceylon and this coast have undertaken to execute and the Museum, in the opinion of the Committee will be a failure.

Surgeon Balfour in his letter to the different Local Museums states that Stationery Office furniture, Almirahs, Cases &c will be supplied on indent independent of the allowance of 50 Rupees per mensem, now as this Office from your printed Circular No. 2014, appears to be mistaken in regard to the supplying of Stationery the Committee of the Canara Museum are desirous of being fully informed what articles

will

Fort St. George 17th September 1855.

will be supplied on Indent and what besides stationery are to be considered incidental escpenses to be paid for out of the Monthly allowance.

Sir,

From the Collector of Tanjore.

I have the honor to report on Petition

Fort St. George 17th September 1855.

No. 42 of 1855 referred to me on the 22d March last.

The enam lands referred to in the petition are enjoyed by 30 persons of the Juggler Class, and are stated to have been held by their family from time immemorial. The grant appears to have been made by one of the ancient Chola Rajahs of this Province. The enam is exempt from all taxe even from the Cavil fees which in Tanjore are usually levied on all Suvaramanium lands. It is entered in the Survey account of Fusly 1238 in the name of the then existing members of the family under these circumstances I see no objection to the permission solicited by petitioners, being granted.

Negapatam,

Sir, Fort St. George,

Para 1. In obedience to the order of your Board dated the 17th Instant passed on Petition No. 76. of 1855, I have the honor to state that as yet I have found no opportunity of placing P. Ekambara Pillay, into a Subordinate situation.—

2. No permanent vacancy has occurred since his removal, and even had one been available I am free to confess I should hesitate to nominate him from my knowledge of his physical inability for locomotion, on account of the disease he suffers from, hydrocele of the Scrotum, rendering all exertion impossible.—And a Subordinate who has no locomotive energy or power must be useless to a Tahsildar.—

3. I cannot allow this Petition to pass through my Office without noticing the unwarrantable tone in which the Memorial is drawn up, as well as the highly improper expressions used towards myself while ascribing wrong motives to all my acts and orders to him when under me.—If my Official Character is such as Ekambara Pillay is pleased to portray, I am surprised he should be so anxious to take service again in this Province as long as I am here.—

9

4 I have no protege or follower to serve, and as this individual is to be employed in some subordinate post for which he is qualified. I am prepared to put him into the first suitable vacancy if he will condescend to await for the opening, and be present in the District to accept the same.

5 The Petition is herewith returned.

The Collector informs the Board that no suitable opportunity of re-employing Petitioner has occurred and looking at the reprehensible tone of Petitioner's addresses, the Board have not been disposed to press the matter - at the same time they regret that some provision was not made for Petitioner in the changes which followed the nomination of the 3 new Tahsildars, and they wish to know in reference to the final Para of Mr Bird's letter, for which appointments he is deemed qualified in order that they may judge of his prospect of future employment. Perhaps Mr Bird may be able to arrange on vacancies occurring, for E Kumbarapillay obtaining some office not requiring personal activity in another District, if no precisely suitable Office should be available in his own

To, G. L. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George,

(450)

Bd No 2284.

From the Collr of Chingleput

Sir,

In compliance with the orders of Government communicated with an Extract from the Proceedings of the Board of Revenue under date the 26th April last, I have the honor to report that I have restored the half share of Cavaly Shotreems of Madapoukum and Cuttevaukum which was in the hands of Government to the two surviving Sisters of the last incumbent Ramasawmy Naick and to the son of his 3d Sister deceased, and registered the same in their several names.

2. The claims to succession since advanced in Petition No 1858 of 1855 herewith returned by Mungapathy Naick and others belonging to collateral branches of the family of the original Grantee appear to me inadmissible under the construction placed on the terms of these Grants by Court of Sudder Udalut and approved by Government

vide notes 45 & 46 Pages 278, 279, 280 of the Boards circular order

Government. The Privaiah of the British Government confers the Shotriem on Ramachendra Nauck and his heirs and this has been held by the Sudder Udalut in the papers above quoted to exclude coheirs such as the Petitioners.

3. The Pakeed of the Collector Mr. Cooke dated 30th. October 1819 enclosed in the Petition did not give a share of the Shotriem to the Petitioners, but directed the then Shotriandar Ramasawmy Nauck to maintain the several Members of the original Polygar's family as had therefore been the practice, and it was moreover issued under a view of the case which has since been overruled by the Sudder Udalut as above quoted. There are no other records to shew that the Petitioners were in the enjoyment of any share of the Shotriem prior to its resumption in 1835; if there had been they would doubtless have been noticed in Mr. Cooke's report of the 25th. March 1835.

4. Annexed is a Statement of the income realized from the half

share of the Shotriems during the period they were under Government management. It amounts to Rupees 3,508–2–7. after deducting Rents, charges of management and repairs, for the refund of which to the three branches of the family, I request that sanction may be obtained. There are besides 101–10–1– Rupees outstanding against the ryots which the Shotriandars will be able to recover.

Proceedings Submitting letter from the Collector of Chingleput and requesting sanction for the payment of the half share of the proceeds of the Madepaukum and Cottypaukum Shrotriums to the present Shareholder

Fuslies 24th April 1855

450-1

thereon. 1 Resolved that the foregoing letter be Submitted to the Right Honorable the Governor in Council with reference to Exctract from the Minutes of Consultation Dated 16th April 1855.

2 In the above Exctract Minutes Consultation the Government having had under Consideration the opinion of the Sudder Court upon the case, decided that the two Surviving Sisters of Ramasawmy Naick and a nephew Son to a third Sister deceased were the rightful heirs to the half Share which the Said Ramasawmy Naick had held in the Villages of Madepakum & Cottyvakum, the restitution of the half Share in equal portions to these three parties was therefore directed, and the Collector reports that he has placed them in possession accordingly.

3. In the event of any dispute occurring as to the particulars of this arrangement, the Collector was instructed to

to take the opinion of the Government Pleader, it does not appear that there has been any necessity for this step.

4 In paras 2 & 3 of his letter Mr Shubrick remarks on the claims since preferred by a person named Munga putty Naick - and by other collateral branches of the family - it would appear from para 3 that this claim was mooted in 1819, and the petitioner produces the endorsement passed on his petition by the then Collector, this Officer did not assign the petitioner a share in the Shotrium, nor, as Mr Shubrick observes, is his claim good — — under the construction given by the Sudr Adalut to grants like the present, which is limited to the Grantee and his heirs.-

Petition 1858 of 1855.

5 The income realized from the half share of the Shotrium, while under Government management, after all deductions is Rupees 3,508-2-7, which

amount the Board request sanction for, paying to the present share holders, as directed in para 4 of the Extract Minutes Consultations already quoted.-

---

No. 150.

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(452)
Bd No. 2310
From the Collector of Madura

Sir,

States that the loss under the reductions proposed by the Board of Revenue in para 3 of their Proceedings of the 19th April 1855 would amount to 1300 Rupees and that he is left in doubt whether there has not been some omission in the previous remarks.-

From the observation in Para 3 of the Board's Proceedings of the 19th Ultimo, that the loss under the reductions proposed by them would amount to 1,300 Rupees per annum, I am left in doubt whether there has not been some omission in the previous remarks.-

2 By Para 2 the Tax on Gardens on the upper range is reduced from 6 Fs. to 4½ Fs per Gooly, and by Para 3, that on Cardamoms which was 10 Fs. per Gooly is

Coloured

Fort St. George 18th September 185

lowered to 3 Fs. This is the sum of
alterations, and the decrease occasioned
thereby is.-

Gardens — Rs 243. See Enclosure in letter
Sub Collector, dated
April 1854, where
the tax at 3 Fs the
the loss is stated at

Cardamoms 14. See Statement in par
13 of

Total — 257

I think it possible that the Boa
may have intended to reduce
tax on the Punjah in the upper
range - It is now 4 Fs per Goo
his enclosure, the Sub Collector
shewed that were it decreased to
Fs the loss would be 1002, whic
added to the loss from Gardens
Cardamoms would amount to 1259
nearly the sum given by the Boa

3 It shewed however that
Punjah stood in the same relatio
to the Potum as one crop to two
Punjah elsewhere, and therefo
gested 3 Fs which would I think be

Fort St. George 18th September 1855.

sufficiently liberal - It would entail a loss of 501 Rupees.-

4 The Government on the 30th June 1854 sanctioned the abolition of the Plantain tax in the upper range and of Garden tax on the lower range, at the same time it raised the Poonjah tax in the latter to 3 Fs. This change was not carried out at the last settlement, because the Ryots had commenced their cultivation before the orders were promulgated - accounts however were taken to shew what would have been its effects - Copy of which, as regards the lower Range - I beg to enclose - The Plantain cultivation in the upper range is too inconsiderable to require further notice - It will be observed that had the new system been adopted, there would have been a net increase of 607 Rupees in the settlement of the Veroopatchy and Tandigoody Villages on the land cultivated in 1264 - a result, which I think the Board

Fort St. George 18th September 18

Board as little anticipated as I did my
self. It no where appears that they
any intention of increasing the burd
of the people, and the proposition to
enhance the general Teerua or Poon
was made at the same time with
to do away with any distinctive Tax
on old Plantain Gardens. Sam inclin
to think that both should go togethe
and that either the Poonjah Teerua
remain as before at 2 Fs per Gooly
that Plantains when cultivated in
Gardens should cease to bear an
:ceptional tax. As regards Teerua
Ginger, and other products taxed
Garden in the lower range, I would
propose that they, under any circu
:stances, should pay simply as Poonjah
in as much as they are grown without
irrigation in Poonjah lands.

The reason which influences
the Board in adhering to the present
of 10 Fs on existing Plantain Gardens,
prohibition, but it is not stated whether
they desire to prohibit the cultivation

of plantains altogether or only clearings
of the forest for fresh Gardens. If
their object is confined to the latter,
it may be observed that with res:
:pect to existing Gardens, the mischief
to the forest has been already done,
and that if, for the purpose of pre:
:venting further destruction of timber,
any measure is requisite in addition to
the heavy tax of 15 Fs per Gooly on fresh
clearings for Plantains, the best would
seem to be something to induce the
Ryots to be contented with their pre:
:sent lands, and to fit them for this
cultivation by manuring. Along with
the penalty on new lands, there would
then be a bonus on the old ones. I have
written to the Acting Sub Collector,
and the Tahsildar of Tenkurry, to consult
with persons well acquainted with the Hill
Villages for the purpose of ascertaining whether
these views as regards Plantains, are correct,
and should their report give me no reason to
suppose to the contrary, I hope the Board
will allow me to bring the point again before
them, and approve of my suspending the order
to raise the Poonjah Tax in the lower ranges
meanwhile.

(Signed) R. D. Parker

Bd. No. 2418.

Proceedings thereon.

Stating that they deemed it advisable to retain the established taxation on the old gardens on the Pulney Hills to avoid more clearings of the forests being made, & that they will be prepared to bear the Collectors views on the entire subject when it has undergone his consideration.

452-3

Mr. Parker is informed that there was no intention to alter taxation of the Nunjah lands in the upper range - The entry of Rupees as the probable loss from the measure proposed by the Board was simply a casual error - the diminution of revenue which would have occurred if the distinctive tax on Plantains in the upper range was abolished having been included by inadvertence in the calculation -

2 With reference to the recommendation made in Para 6 of Mr. Parker's letter, the Board observe that under the late orders of Government Turmeric, Ginger, and other products without taxes as Garden in the upper range, will hereafter pay same as Poonjah: These orders abolish the distinction between Poonjah and Garden, as observed by Mr. Parker in Para 2 of his former letter dated 30th June In Cons. 13th July 1852

In Cons. 11th June 1855

5th May 1852

will hereafter be subject to any distinctive taxe, and this is not on account of the value of their produce, but to prevent a cultivation which endangers the valuable forest timber -

3 Mr. Parker points out that the new System of taxation will, it is ascertained when carried into effect, increase the burden on the cultivations in the lower range, a result which was not anticipated or desired. He explains that this has arisen from his proposal for increasing the Poonjah taxe from 2 to 3 fanams having been acceded to without the distinctive taxe on old plantain gardens having been abolished as he intended; on this subject the Board observe that the increased Poonjah rate proposed by the Sub Collector and concurred in by Mr. Parker, was sanctioned, because the Poonjah lands were described as rich and producing fine crops, and the privilege of growing Garden products in

14748 Fort St George 18th September 1855

in them without the extra taxation hitherto imposed had been accorded.

Under Mr Parker's present explanation, the Board will not however object to the introduction of the newly sanctioned Poonjah rate of 3 fanams being postponed until he brings the subject again before them on the completion of some enquiries in which he is engaged.

With respect to plantain cultivation, Mr Parker expresses doubt whether the Board desired to prohibit it altogether or only clearings of the forest for fresh gardens. His own opinion appears to be in favour of relieving the old gardens from any but the ordinary Poonjah tax, and he observes truly that the mischief is already done with the forest as respects them. But on the other hand, it is to be remembered that to lower taxation on existing gardens and thus greatly increase their value is a questionable prelude to

14749 Fort St George 18th September 1855

to arrangements for preventing the extension of the Cultivation. Such a measure would make the people more eager to enter on the cultivation, and would lead them, the Board thought, to disregard the prohibition against making clearings for new gardens, as they would have difficulty in believing that a heavy penalty would be enforced for new Gardens when they saw Government rewarding and encouraging the old ones by a large relinquishment of revenue. The Board therefore deemed it advisable to retain the established taxation on the old Gardens, but they will be prepared to hear the Collector's views on the entire subject when it has undergone this reconsideration.
