No 134

To

G. S. Forbes Esqre

Acting Secretary to the

Board of Revenue

Fort St George.

258

Sir,

Para 1. I do myself the honor to submit my report on the Annual Settlement of the Land Revenue of this Collectorate for the first fusly year of 1264 A.D. 1854/55 prepared agreeable to the instructions conveyed by the Circular letter issued from your Board's Office under date the 14th September 1854. And at the same time I beg to transmit the General accounts and Statements connected with the report, drawn up according to the formula which accompanied your Circular of the 13th of June 1853.

2. Both my Assistants Mr. Lewin and W. E. Sullivan, were transferred to other appointments soon after the commencement of the year. And Mr. Henderson my late Acting Head Assistant did not join his post until the 30th of March last. It became imperative upon me to undertake the settlement of this Provence.

(and)

03d No 2833

From the Coll.r of Trichinopoly

Submits Report on the annual Settlement of the Land Revenue of his Collectorate for the past Fusly year of 1264 A.D. 1854-55

joind distribute the Puttahs of the freight Talooks myself.

The Settlement of the Fusly therefore commenced the beginning of March and was brought to a termination by the middle of May.

3 The subjoined exhibits the several Stations at which the Settlement was prepared and the places where the Puttahs were given out to the assembled Ryots.

Villages at which the Settlement was made.	Names of the Talooks	No. of Villages	Total Puttahs	Names of the Mottahs where Puttahs were distributed
Cornaud Cutcherry at Nagenadasenny Choultry in the Fort of Tschumpoly	Cornaud	158	6956	Perogamany Alesthaga poram
Moosery Talook Cutcherry	Vellicutty	64	2991	Kestnaroya poram Vyghamallore

Mootah	5	8	5	8	"	"	"	"
Istimirar	135	34	135	34	"	"	"	"
Backerak	12	27	11	27	"	"	1	"
Suvvamanium	72	60	72	60	"	"	"	"
Tenneyarasam	5	"	5	"	"	"	"	"
Total	1478	960	1477	959	3	1	1	2

4. The Marginal Statement will shew the number of Villages in the District and the tenure under which they are held. The Villages have been augmented by three, while there is a decrease in the Hamlets and Backerak of one respectively.

The augmentation of the Villages is more nominal as regards two, and was brought about as a matter of public convenience in respect to the Village of Camala poram in Moosery being so extensive it was found best to divide it into three, and thus enable the Curnom and his Assistants to prepare their accounts per Fusly expeditiously and ease.

The other Village was obtained from the Backerak, or ruined Villages, one of which in the Talook of Woodiarpolliam has been reoccupied and reclaimed. And this transfer causes a corresponding decrease under the

the head of the Bacherak.

The increase and decrease of the Hamlets is brought about for the former, by bringing Sircar pollicim to account in Cowrie Paloke as explained in a late correspondence.

Board's order on Petition Nº 184 - 1855 Dated 12th March 1855 Endorsement by the Collr 4th April 1855 Board's Order thereon 15th June 1855.

For the latter in taking two hamlets of Camalapooram to make up the new village.

Nature and Extent of the Principal Sources of Irrigation.

5 The principal sources of Irrigation in the District are numerous channels taken off the rivers Cavery, Coleroon, Amberavelly and other streams. With Tanks and Wells. The first description of source, supplies the whole of the four Wet Talooks, while the second waters the rice lands in the four Dry divisions. The Statement / Nº 3 / for the Details of Irrigation is not sent, as that return was transmitted with the Settlement report for Fusly 1262 A.D. 1852-53 and the Board's Circular dated the 13th June 1853 directs it shall be Quinquennial.

General Statistics as amount of agricultural Stock, population number of Ryots and Puttahs

6. For the same reason any account of the amount of agricultural stock and population of Province is not sent. But I am justified in saying the condition of the people is both improving and prosperous. The number of Puttahs distributed were 73278 and exhibits an increase of 1857 compared with last year

year 1763 A.D. 1853/4. The District was on the whole pretty healthy throughout the year. A little Cholera shewed itself in the Fort of Trichinopolly, and in some of the Villages during January, but nothing alarming. Grass and forage were every where abundant, and the general grain harvest of the whole country good.

Rent Roll 7 The rent roll is not submitted as that return has been ordered to be sent in every fifth years.

Season and Sanatory State of the District. 8. The past season of Fusly 1264 A.D. 1854/55 was on the whole a favourable one, and better than the average of the several past years. Though the early portion of the cultivating period, that is the months of June and July 1854 were dry and without rain, the subsequent months from August to the breaking up of the regular monsoon were very favorable for agricultural purposes, and enabled the Ryot in the Dry Villages of the Province to extend his cultivation with profit. While the Wet Talooks with all ninjey lands under Tanks, had also heavy yields of rice grain. The Cumbo was the only crop that was

was a little below the average in return.

19 The rivers Cavery and Coleroon were late in receiving their freshes No regular fresh of the Season commenced until the 17th July, an unusual late date, but having once set in, the rivers remained Steady in their supply throughout up to December. The irrigation was every where perfect. If there was cause for slight complaint, it might have been in maturing the second crop of Paddy.

The Caur and Shumbah rice were harvested with good returns. And all the Ryots of those Wet Talooks profitted largely from the high prices of the whole year.

Prices of Grain

10 Grain of every description has been selling at very high rates during the year under review, compared with the previous ones. In that year Shumbah quoted at Rupees 95-1-1 per Garce, while Caur was at Rs. 95-15-4. The quotations during the period under report were for Shumbah Rupees 112-15-5 and Caur Rs 101-2-1 exhibiting a rise in both sorts of 18 13/16 and 15 11/16 per Cent respectively. Rates almost unprecedented in the South of India

Fusly. 1263

Statt. No. 6.

I beg to subjoin a statement shewing the respective prices of the two seasons together with a comparison of the prices of this year and the rates on which the Commutation was determined for the land Assessment of the irrigated Division. The result is that the present Current prices are much in advance of the Commutation rates, being Rupees 38—11—11 for Shumbah and Rupees 34—15—1 for the Cauri.—

Grain	Commutation price in the Terms originally fixed	Price in Fusly 1262	Price in Fusly 1264	Increase between the Commutation price and price of Fusly 1264	Comparison between the prices of fuslies 1263 & 1264	% Contage
	Rs. a p	Rs. a p	Rs. a p	Rs. a p	Rs. a p	Rs. a p
Shumbah per Garce	74 3 6	95 1 1	112 15 5	38 11 11	17 14 4	18 13 2
Cauri per Do.	66 3 0	86 15 4	101 2 1	34 15 1	15 2 9	15 10 5

Dittum

Statement No. 9

11 The subjoined Abstract statement gives the dittum of the Fusly compared with the past one, and shews a Net decrease of Cawnies 4639 in round numbers. The only and chief decrease is the Dry Cultivation, and this is attributable solely to the failure of the early rains in July, and the ryots in consequence fearing to take up engagements for

16284 Fort St. George 9th October 1865.

Kabalaty waste

12 Under this head there is a considerable decrease Compared with the previous year shewing that a good deal of the land

	Extent of land	Assessment
	C. gs. Qrs. a. P.	
Extent of waste in fusly 1263	4,265.4.8.16	19,7.8.16.6
Do in 1264.	29.25.23.6	12,63.45.4.9
Decrease	14,134.26.9	7,18.13.10.9

engaged for was cultivated. The Marginal account shews the waste as the respective Fusslies —

Actual Cultivation

13 The actual cultivation of the season is given in the Statement hereunder, and proves the Ryots generally were able to extend their operations in land — —

Statement No 10. The Net increase is Canm 9,7.9.5.40 — 1 — —

To the Secretary to the Board of Revenue.

Sir,

I have the honor to forward herewith a Statement of the Actual Cultivation of Fusly 1264 in the Collectorate of Chingleput, and to request that the Board will be pleased to cause the Collector to be charged with the Rent thereof.

I have the honor to be,
Sir,
Your most obedient Servant,
(Signed) [illegible]
Collector.

Statement referred to in the foregoing Letter.

16287 Fort St. George 9th October 1855

Remissions on the Cultivation

15 The following abstract account affords the full amount of remissions allowed on the Cultivation, and a Comparison is shewn between the years of 1263 and 1264 A.D. 1853/54 A.D. 1854/55 resulting greatly against the latter in a Sum of Rupees 9,4,824-4-10 This increase is caused by the reductions on the land tax granted in the four Dry Talooks under the orders of the Board and Government. And the particulars of this transaction, I have duly reported by my letter of the 5th of August last, and to which I beg respectfully to refer the Board.

	Fusly 1263		Fusly 1264		Comparison Increase		Decrease

	708	1	"

The decrease being as much as Rupees 15314-12-9. The marginal Note Shews where the losses chiefly occurred.

Extent of land Cultivated with Sugar Cane Cotton and Indigo.

Statement No. 19

	Cawnies	
Fusly 1263	1530	
" 1264	1131	

16 In the culture of Sugar Cane there has been a slight falling off. Cawnies 1131 were under this Crop, being Cawnies 225 less than last Fusly. Nearly all the Sugar is grown in the Talooks of Laulgoody Torrore and Woodiarpolliam, where the Soil is best for such Crops. No Sugar fit for exportation to Foreign Marts is manufactured in the District. The operations being confined to Joggery and course Sugar. For the encouragement of the growth of Sugar Cane, I have already submitted my opinion on a call from the Board by Circular July 10th 1855 No 83 No 1597 of the 25th June last and therefore there is no necessity for my recapitulating the same here.

The Culture of Cotton in the District

is trifling Cawnies 4585 were under this product being about 51 Cawnies below last year.

In Indigo likewise the operations are limited there being Cawnies 546 under this Crop. And that is about Cawnies 117 less than the year 1263 The failure of the early rains may have caused this but Trichinopoly does not grow much Indigo This crop is chiefly in Lauldoody to the east end of that Talook along the sandy tracts on the North bank of the Coleroon river where irrigation Ceases.

Sevoy Jumma Statement No. 23.

17 The subjoined Abstract Statement exhibits the demand Collection and Balance of the sevoy Jumma or Extraneous sources of Revenue Shewing an accumulated balance of Rs. 3245-14-11 for the writing off which as irrecoverable I have recommended in my letter dated 17th August 1855.

Statement No. 10 Statements No. 12 & 14

The Net decrease noticed in the Land Revenue is attributable to the Remissions granted in the 4 dry Talooks under the orders of the Board dated 1st February 1855

22 The decrease in the Abkarry Revenue which forms the principal head

head of Extra Revenue in this Collectorate of Rupees 5480. is ascribed in part to the Demand of Fusly 1264 being below that of 1263 by Rupees 41160, owing to the unfavorable State of the season as explained in my letter of the 9th June 1854. In part to a decrease of 800 Rupees occurring in consequence of the renter of the Moosery Talook having failed to make good his first instalment, it was necessary to invite other offers and the result was a reduced tender as explained in my letter of the 1st July 54 and sanctioned on the 3d Idem

23 Under the head of Sundry Small farms and licenses there is an Increase of Rupees 520-10 resulting chiefly by the Increased rate of rent Collected from the Iron and steel Company at Porto Novo under their Lease dated 17th May 1852. Also Certain gardens being rented at a higher rate this fusly. The details shewing the Nature of the items entered under this head are given in the Statement as required in the 2d Para of the Board's Proceedings dated 4th January 1855. Statement No 4

24 There is a decrease under the head of Moturpha to the amount of Rupees 497-15-7 resulting from the usual fluctuations in the

the Loom and Bazaar tax, and therefore seems to call for no especial notice. the details shewing the nature of the Looms and Bazaars are given in the Statement. No 5

25 The Stamp Revenue exhibits a Decrease of Rupees 1422-12-0 resulting from the reducted Sale of Stampt Papers in this Fusly.

Abstract Statement Showing Demand Collection and Balance of Current Land Revenue Statement No 22

Fusly	Demand	Collection	Balance
1264	1239129-12-2	1188116-0	L 51013-11-10

26. In the Margin is given the Demand Collection and Balance of Current Land Revenue

Of the total Demand for the Year Rupees 12,39,129-12-2, the Collections within the Fusly or up to 30th June 1855 were Rupees 11,88,116-0-0 leaving a balance of Rupees 51,013-11-10. And this sum has since been reduced by subsequent Collections to Rupees 6,263-10-10. the present outstanding balance which may be expected to be realized in a short time

July-August & Sept. 44750-1-0

27 A report on the entire outstanding balance of Revenue in the District at the end of Fusly 1263[x] amounting to Rupees 12231-0-0 was submitted to

Abstract Statement of Arrears upto July of 1855 Statement No 24

16295 to 1631 7 — Fort St. George 9th October 1855

to the Board on the 17th August last and subjoined is an Abstract Statement shewing the present balance to be reduced by Rupees 8536-15-1 in consequence of subsequent Collections

Explanation as to what extent Coercive process was employed in the collection of the Revenue and shewing what lands were sold for arrears of Revenue and what prices they fetched

28 Since the issue of the Board's orders of the 30th April 1855, empowering Collectors to put in force the provisions of the law for realizing the arrears of Revenue due, Immerous Notices of attachment of land have been served upon defaulters and much land advertised for sale. But hitherto no sales have actually taken place, for the reason, the proprietors have always paid up the demands against them either on the day of sale or a short time previous.

Particulars of the amount recommended to be struck off

Chitchat Evening 9 ÷ October 1855.

Present Mr. Bender, Mr. Wonder, Mr. Wells, Mr. Sommerdale, Mr. Accordion, Mr. Tell, Mr. Gardener

Dear Sir, I have received your favour of the 3rd inst. and am glad to hear that you are all well. I am sorry to hear that Mrs. Brown has been ill with a bad cold, but hope she will soon be better. We are all pretty well, except that I have had a bad cough for some days, but it is now much better. Mary has had a bad sore throat, but is also getting well. We have had very fine weather for the time of year, and the crops look promising. I shall be glad to see you all here at Christmas, if you can manage to come. Please remember me kindly to Mrs. Brown and the children. Your affectionate brother, John Smith.

No. 136

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

264
Bd. No 2842
From the Collector of Trichinopoly

Sir,

Adverting to my letter of the 14th August last No. 112, and to your Board's Orders thereon No. 2158 dated the 20th Idem, I do myself the honor to report that out of the arrear due Rupees 509-2-5 were paid up by the defaulters, with Interest in full, on the day of sale.

× Rs 1060-9-9

The defaulters Eswara Iyen and Sashien not being able to meet the demands against them, Rupees 695-1-2, with Interest inclusive, their respective lands were put up to sale and sold accordingly.

The amount realized by such sale is Rupees 801-8-0 and this is over and above the arrear by Rupees 106-6-4. But these two individuals owe the aggregate sum of

268

Bd. No. 2878

From the Collector of Tinnevelly.

Sir,

Fort St. George

With reference to Extract from Minutes of Consultation of the 5th July last, annexed to Extract from the Proceedings of the Board of Revenue dated the 21st Idem- I have the honor to submit the Statement called for in Paras 13 and 14, shewing the details of the total cost of 100 Maunds of Salt including the charges for the conveyance of the same from the several Pans to the nearest Sea Port, and to inform you with regard to Para 15 that the accounts of this District do not shew that Salt has been exported to Calcutta or elsewhere for a great many years past, and it is not anticipated that considerable Exports of this commodity will take place hereafter.-

Should

16380

Fort St. George 9th October 1855.

2 Should Salt however be exported it does not appear that there would be much risk of smuggling being practised at the Shipping Port under the Check described in para 15 of the Minutes of Consultation under notice, though perhaps Salt shipped for foreign Ports would be smuggled on shore again at a distance from a Port which it would be difficult to prevent.-

3. In reply to Para 17, I beg to state that the average charges for shipping 100 Maunds of Salt at the Ports near the Salt Pans in this District amount to Rupees 3-5-0 which if added to the aggregate of the charges detailed in the accompanying Statement will raise the total to more than Rupees 15- and consequently should, in my opinion, be excluded from the price put upon each 100 Maunds of Salt declared for export to foreign Ports.-

No. 315

To, W. S. Forbes Esqre. Acting Secretary to the Board of Revenue

Sir,

272

Bd. No. 2857

From the Collr. of Sea Customs Madras } Forwards letter regarding the charges prefred by him against Mr. Cochrane, Deputy Collector

Para 1. I have the honor to acknowledge your letter of the 5th Instant, which I have received with unfeigned surprise.— I have no alternative but respectfully to solicit that the correspondence may be submitted for the consideration of the Right Honorable the Governor in Council.—

2. In Para 8 the Board observe "under "the difficulty in which he (Mr. Cochrane) was "placed respecting personal communication "with you," the Board have information, I do not possess, there has been no cessation of personal communication between Mr. Cochrane and myself and again in Para 7 the Board further observe "the chest did not contain any money".

In the Chest after the Cochrane was suspended there was.

In Government Cash	411
In Postage Stamps	3114
In Cash Rupees	3555

In this respect also the Board of Revenue have on information derived from sources other than the papers I had the honor to submit.— I beg

beg that His Lordship in Council may be pleased to permit this circumstance to be brought under his observation

3. During more than 30 years I have had some experience of the service and its decisions, and I am led to believe that if precedents are permitted to receive due weight, and this case considered on principle and not as one between Mr. Cochrane and myself, subordination from an inferior to his superior Officer will be found to be the fundamental Rule from which within my humble experience every deviation has been followed with censure.

4. I respectfully refer to Mr. Cochrane's Career in the service compared with my own. I do so under the impression the decision of this question much will depend upon that Gentleman being able to substantiate that he has hitherto conducted his duties with deligence and energy and that he is now charged for the first time with omitting to

perform them.-

5. The duties which have been devolved by me on Mr. Cochrane have invariably been executed by a Covenanted Officer. The Departments placed under the charge of the Deputy Collector have varied from time to time with views entertained by the gentlemen who have been at the head of the Office.-

6. In deference to the views expressed by the Board of Revenue I shall replace Mr. Cochrane in charge of the Executive Department immediately on his return from leave. I defer to the opinion of authority whether expressed or implied, yet I trust I may be permitted the expression of an opinion to His Lordship in Council that in my humble judgement

the

Fort St. George 9th October 1855

the decision which the Board of Reve-
=nue have arrived at in the letter of their
Secretary's dated 5th Instant, does
not do justice to the Head of
this Department. The decision
I very respectfully submit defines
the authority possessed on the one hand
by the Superior Officer and the
discretionary power on the other
vested in the Subordinate. Mr.
Cochrane received an order
dated 20th August, he did not
act upon it for twenty two days
which might have been executed in
twenty four hours and disobeyed the
written order of his superior Officer.
If Mr. Cochrane may do this
every subordinate of every grade may do
the like.

7. The Board observe I assigned

Fort St. George 9th October 1855

I respectfully ask Government if
that be so, does it justify the sub-
=ordinate in passing by written
orders unnoticed, and does this ap-
=ply to the orders of the 20th Au-
=gust. The Board then observe
"they cannot perceive
× ×
"that Mr. Cochrane
was bound to obey your requisition" May
I respectfully, appeal from the deci-
=sion to the judgment of his Lord-
=ship in Council. I have always
believed the Rule of the service
to be that the Deputy is bound to
obey an order but is permitted to
appeal to authority against the
propriety of its issue. The officer
who gave the order must abide the
result. I apprehend the decision of the Board
(I speak with great difference) defend Mr.
Cochrane in setting written orders at defiance,

Acase

16389 Fort St. George, 9th October 1855

a case of this character has never come under my observation.-

8. Under a sense of duty and believing a grave question of principle to be involved and one of great importance to the Government itself and the well being of the service at large. I am induced to solicit that the correspondence may be referred to Government.-

2. It will be in recollection of Government that Mr Cochrane lately applied for a months private leave, which was granted by Government at the recommendation of the Board; although Mr Underwood had expressed objections against the request being conceded

Rd 5th Septr 1855.

Subsequently when Mr Cochrane had availed himself of his leave, Mr Underwood addressed the Board preferring charges against Mr Cochrane, which he desired might be laid before Government. These charges involved the serious

3.

Dated 29th Septr inl
5th October 1855.

Fort St. George 9th October 1835

serious accusation of "deliberate deception and concealment - quitting the office in a manner which was equivalent to being absent without leave - improperly removing records from the office insubordination - and neglect of orders."

4- The correspondence submitted by Mr Underwood on the occasion and the character which Mr Cochrane holds in the service satisfied the Board, that there were no grounds for such serious charges which they thought had been written under feelings of temporary irritation. They therefore pointed out to Mr Underwood that they could not concur in his views, and felt reluctant to lay his letter before Government, but should be ready to do so if after receiving the expression of their opinion he called upon them to take that step -

Dated 5th October 1835 -

5- Mr Underwood, to the Board's regret, repeats his accusations, and it is at his express desire that the entire papers are now laid before Government -

Dated 5th & 9th October 1835 -

6- As the merits of the case are detailed in the papers now submitted, the Board will not enter into a full recapitulation. They will shortly observe that for any charges affecting the

Fort St. George 9th October 1835

the uprightness of Mr Cochrane's character and proceedings they see not the least foundation, and deeply regret that the head of an office should have assailed the character of a subordinate on what they must consider as groundless a manner. They also considered it preposterous to charge Mr Cochrane with improperly removing records, when the alleged records consisted of letters which had passed between him as a servant of Government only and the Civil Auditor, regarding his private leave, and which had no connection whatever with the affairs of the Sea Custom House -

7- Two points remained - the mode in which Mr Cochrane left the office when taking his leave, and the manner in which he ordinarily performed his duties. Of intentional insubordination the Board acquitted Mr Cochrane, and observed with regret

Fort St. George 9th October 1835

serious accusation of "deliberate deception and concealment - quitting the office in a manner which was equivalent to being absent without leave - improperly removing records from the office insubordination - and neglect of orders."

4. The correspondence submitted by Mr. Underwood on the occasion and the character which Mr. Cochrane holds in the service satisfied the Board, that there were no grounds for such serious charges which they thought had been written under feelings of temporary irritation. They therefore pointed out to Mr. Underwood that they could not concur in his views, and felt reluctant to lay his letter before Government, but should be ready to do so if after receiving the expression of their opinion he called upon them to take that step.

Dated 5th October 1835.

5. Mr. Underwood, to the Board's regret, repeats his accusations, and it is at his express desire that the entire papers are now laid before Government.

Dated 5th Inst. 9th October 1835.

6. As the merits of the case are detailed in the papers now submitted, the Board will not enter into a full recapitulation. They will shortly observe that for any charges affecting the

Fort St. George 9th October 1835

the uprightness of Mr. Cochrane's character and proceedings they see not the least foundation, and deeply regret that the head of an office should have assailed the character of a subordinate on what they must consider so groundless a manner. They also considered it preposterous to charge Mr. Cochrane with improperly removing records, when the alleged records consisted of letters which had passed between him as a servant of Government only and the Civil Auditor, regarding his private leave, and which had no connection whatever with the affairs of the Sea Custom House.

7. Two points remained - the mode in which Mr. Cochrane left the office when taking his leave, and the manner in which he ordinarily performed his duties. Of intentional insubordination the Board acquitted Mr. Cochrane, and observed with regret

Fort St. George 9th October 1855

regret the duties which had been imposed upon him by Mr. Underwood after his leave appeared in orders. But at the same time they called upon him to explain why he had not notified to Mr. Underwood on the Saturday his intention of taking his leave on the Monday, and why he has not made over charge of the Cash Chest in the prescribed manner.

To Mr. Cochrane 6th Oct. 1855.

On the second point, the Board awaited the additional information which they called for from Mr. Underwood and Mr. Cochrane's eventual explanation before pronouncing an opinion.

8. Mr. Underwood's final letter in which he requests this reference to Government calls for but few observations on the Board's part. He takes exception to the Board's remark, that the Treasury Chest

Fort St. George 9th October 1855

contained no Cash when given over by Mr. Cochrane, and observes that the Board must have had information derived from sources other than the papers submitted by him. To which it is sufficient to reply that the Board's observation was founded on Mr. Underwood's letter to them of the 29th September para 8. Government will also perceive that Mr. Underwood does not answer their question regarding the instances of carelessness which had led him to take the executive Department from Mr. Cochrane and the nature of the duties which he had since assigned to him.

In concluding this painful

9.

subject, the Board will only remark that their desire is always to enforce subordination, and attention to duty.

but

16395 Fort St. George 9th October 1855

but they feel that decipline and the
proper performance of public busines
cannot be attained unless the char
=acter and feelings of subordinate
officers receive due regard, and if
Mr. Underwood's authority is shake
by their late decision, they must
attribute the result to Mr Under.
=wood's acts, and especially in imped
=ing leave granted to Mr Cochrane
by Government and allowing prints
of comparatively trivial importance
to become the basis of a series of
grave accusation.

Acting Secretary to the
Board of Revenue

274

Rd No 2881.

From the Agt Coll. of Madras stating circumstances connected with an action brought against the Surveyor and Dist Rent Amildar of this Office by one Cothundaramma Moodly for Tort and requesting that Govt will be pleased to direct their Law Officers to appear on their behalf

Sir,

I have no time in bringing to the notice of the Board that on my arrival at Office to day, the Assistant Surveyor Mr Mead informed me that he and the Dist Rent Amildar had received a Summons to appear before the Judges of the Supreme Court on Tuesday the 16th Inst to reply to a Charge of Tort brought against them on the small Cause side, by one Cothundaramma Moodelly of Pondicherry laying his damage at 100 Rs.

2. The Cause of action arose as follows.-

3. Having proved to the satisfaction of the Board in my letter of the 25th July last, that Cothundaramma Moodly had very lately taken possession of a piece of ground in Pondicherry which had hitherto been unenclosed unoccupied and unassessed, and for which he had no title, I received the Board's orders to dispose of the land by public Sale

11th August This

Fort St. George 9th October 1855.

4 This was accordingly done after the usual formalities on the 21st ultimo and the ground in question pur-
-chased by one Parthasarady Iyengar

5. On the Assistant Surveyor and Amildar proceeding on the 6th October to measure the ground, previous to obtain-
-ing the Board's Confirmation of the sale and the grant of a Certificate for the land to the purchaser, they were forcibly ejected by Cothandarama Modelly and his people from the premises immediately on their setting foot within them.-

6. The 6th Preferred a Complaint before the Chief Magistrate under Clause XIII Act XII of 1857 against Cothandarama Modelly for such Conduct and have as yet received no Reply indeed yesterday being Sunday, there has been been time for the reply to reach me.-

7. Meanwhile Cothandarama Modelly has adopted the Course which I have had the honor already to Communicate and probably under the Circumstances now set forth, the Government will be pleased to direct their Law Officers to appear on behalf of the Servants of this Office

Madras 8th Oct. 1855

To The Secretary to Government Revenue Department

Sir,

B. No. 2641.

To the Secretary to Government

Requesting to direct the Government Law Officer to appear on behalf of the punt rent amildar and assistant Surveyor in the case of the Ejectment of Cothandarama Modelly.-

I am directed by the Board of Revenue to submit for the Consideration and orders of the Governor in Council the

From Madras 25th July in Cons 8th Aug. 1855
Proceedings to 9th August —
From 16th in Cons 20th August 1855
From 8th in Cons 9th Oct. 1855

Correspondence noted in the Margin.—

In Cons 11th Sept. 1855

2. On the 25th July, the Collector of Madras addressed the Board on the Subject of a piece of land claimed by one Codanda-Rama Modelly, on prescriptive right in virtue of long occupancy. It appeared from the testimony of the Merasidars and Comicopoly of the Village that the land was in reality unoccupied, and that Cothanda Rama Modelly had run a ridge round it subsequent to its measurement by Mr. Mead the Surveyor.-

3. Mr Cumliffe stated that the claimant to this land possessed no title deeds whatever and paid no punt rent and on the ground above stated he.- recommended

16399

Fort St. George 9th October 1855.

Recommended that the land should be put to public sale when Cothunda Rama Mo... might acquire a legal title to dispose of.

The Board in their Proceedings of the 17th August 1855 authorized the sale as recommended by Mr. Cunliffe of the land claimed by Cothunda Rama Moodaly without title Comprising 6 Cawnies 122 5/8 Square feet, and the usual advertisement was published in the Fort St. George Gazette. Cothunda Rama Moodaly then caused printed notices to be circulated warning intending purchasers not to bid for the land which was however put up and sold on the 27th ultimo, he has since as detailed in Mr. Cunliffe's letter of the 8th instant forcibly ejected from the premises the assistant Surveyor and unit rent amildar who had been ordered to measure the land and these Officers have received a Summons to appear in the Supreme Court on the 16th instant on a charge of Tort brought against them by this Cothunda Rama Moodaly under these circumstances, the Board request that the Right Honorable the

x page 979

St Chingleput Oct. 1855

as a rule - At present in the first district a small Guard (1 Havildar 1 Naigue 12 Sepoys) is employed at Ootacammund in Consequence of a Considerable sum of money being kept there for the use of the Governor General and his Suite - The Bellary 2 small parties from the Detachment at Ghooty are temporarily employed at Gadakar and Sandpatry in Consequence of the depredations of a Gang of Robbers headed by an escaped Convict. - The Collector believes that a Jemadar Commanding Officer has been added to each party, by the Commandant Chief - In the Cumlum Taluk of Cuddapah it is usual to apply to the Officer Commanding for a Naigue's guard at night during the absence of the Tahsildar for any length of time, which however is not of frequent occurrence. -

(of 12 each)

Sullor 11 miles 18th Augt 1833 No 2314

4. The only troops in the Sullor District are detachments of Veterans, stationed under European Officers at Sullor and Ongole - The former supplies a party of 12 Sepoys 1 Naigue and 1 Havildar for the Treasury at Cordiaghery a Taluk bordering on the Cuddapah District about 60 Miles from Sullor in an Easterly direction. -

5. The Board are not aware whether it

Fort St. George 9th October 1833.

is considered objectionable to employ Veterans on detached Service of this kind The Treasury in this instance is at some distance from Head Quarters, and the reliefs must be several days on the March to and fro If the guard be with-drawn, the Collector recommends the entertainment of 12 armed Sepoys and a Naigue at an expense of Rupees 67 per Mensem - as there are already 6 musket Sepoys and a Naick in the Taluk, the Board think an addition of the same number should suffice care being taken to render the Treasury buildings secure, if it is now deficient in this respect. -

2 Sepoys @ 5-10
1 Naick @ 6
16 pr mem

6. The Ongole Detachment provides a guard of one Havildar and five Sepoys for the Tomoor Ry Salt Treasury Seermugoon-tah, distant 10 miles from Ongole - The Collections are now permitted whenever they amount to Rupees 4000 and there are 3 armed and 6 unarmed Sepoys in the Division - the Board think that an addition of 2 armed Sepoys and a Naick should suffice the remittances being made more frequently if considered advisable They would recommend however that five arms be provided for a larger Number of the Sepoys both here and

Fort St. George 9th October 1855.

Madura
20th Mr. Cons 25th July
1855. No. 2090.

and at Oodiaghery the Ongole Treasury is furnished with a guard from the Detachment located there and it is presumed this arrangement is not open to objection.

7. In Madura the treasuries at the Station and at Rammad are guarded by Sepoys from the troops stationed there. From the Collector's letter, it would appear that the retention of the Detachment depend entirely on Military Consideration, and that if they are withdrawn, he could provide for the security of the Treasuries from his ordinary Establishment; which however is at present weakened by the employment of some of the Peons in the Public Works Department. If the Detachments are continued, there seems to be no objection to their providing the duties as at present.

6th Mr. Cons 23rd Augt.
1855. No. 2400

8. In Canara there are 3 Taluk Treasuries guarded by 6 Peons, Viz. at Honore, Soray and Coctor. The acting Collector considers the retention of the first desirable, but can dispense with the two latter if an additional Police force of Six Peons and 1 Naigue be sanctioned for each. If the guard at Honore be withdrawn, he recommends a further addition of 12 Peons and 1 Duffadar. In the latter case the total annual

Fort St. George 9th October 1855.

expense would be Rupees 1,680 - in the former Rupees 864 - Mr. Fisher would prefer an addition to the armed Peons to the entertainment of ordinary Peons at Soray.

Malabar
21st Mr. Cons 18th
augt. 1855 - 2117

9 In Malabar Military guards are employed at the Taluk Treasuries of Palghaut, Cochin, and Manantoddy - at the latter place a guard can be provided from the present Establishment of Peons, and an additional 7 or 8 Peons at each of the former would suffice to provide for the Security of their Treasuries. As however Palghaut is the Station of a Regiment and Cochin of 2 Companys this arrangement would seem to be unnecessary - as the other duties devolving on the Peons are onerous. -

Tanjore
18th Mr. Cons 22d Augt. 55
2393
Cons 11th March 1852

10 The employment of Military guards in the Tanjore District has been repeatedly discussed since 1825 - On the last occasion (Extract Minutes Consultation 5th March 1852) the number of regular guards was restricted to the 3 Taluk Stations of Nemargoody, Vitrapoondy and Puttocottah an Establishment of Peons being substituted for the rest - The present Collector concurs with his predecessors as to the advisability of retaining these guards, but in the event of their withdrawal

Fort St. George 9th October 1855

being now determined Considers that the smallest force which Could safely be substituted for them would be 1 Havildar 1 Naigue and 16 pensioned Sepoys for each Treasury - The Kurnaloor Palook Cutchery is at Nagapatam where a detachment is stationed under a European Officer and no change seems requisite -

While the Board admit that it would be very desirable to retain the Military guard now employed in Tanjore, they see no reason to apprehend danger by the substitution of efficient pens selected from pensioned Sepoys retaining sufficient strength and activity for the duties required and accustomed to habits of discipline The question therefore to be one of expense in which the additional Cost of the pens is to be balanced against the Military disadvantages of the present System. -

12 The question of Substituting Invalids generally for Regular Troops employed at stations selected on Civil rather than Military Consideration has already been discussed and the plan abandoned as per Extract of Minutes Consultation 22d January 1850

Inclosure 3 to 9th January 1856.

Fort St. George 9th October 1855

13. From the present reports it seems that in the 15 districts embraced in these the employment of Military guards in Palook Treasuries does not prevail in 10 except temporarily under exceptional circumstances that in 3 others the detachments which provide the guards are under European Officers and that it is only in Nellore (where the troops are Veterans) and Tanjore that some of the Detachments are not under the Supervision of European Officers.

Note The Board enclose the detachment at Pamanoddy is under a European Officer

14. The Board have however limited themselves to the question proposed to them and have not invited the opinions of the Collectors as to the abolition of any of the stations at which Detachments of regular troops are permanently located

15. The Board leave for the Consideration of Government whether it is advisable to relieve the regular troops from a portion at least of their present Detachment and guard duties by establishing Local Corps under European Officers and will only observe that much of the inefficiency of the pens now employed as armed guards is undoubtedly owing to the weapons with which they are furnished, which are chiefly

Fort St. George 9th October 1855

chiefly old flint muskets. The Board can-
not consider this bad economy and they would
strongly recommend the issue of superior
arms. The weapon most suitable would
be a light fusil, with a sword bayonet and
percussion locks. The barrel of the fusil
should be shorter than that of the musket
in present use in order that it may be more
handy and that the bayonet may be long
enough for use separately as a sword. The
persons selected might be easily taught how
to clean and use them, and the superiority
of the weapon would beget greater confi-
dence in the men and also induce them
to take proper care of them. The maximum
expense if the Collectors proposals
modified however suggested in Miller
be followed, will be.-

Miller	82	Rs. per Mn
Canara	140	" "
Malabar	80	" "
Tanjore	195	" "

302

Bd. No. 2758

From the leollector of Tinnevelly.

Forwarding an advertisement for the Sale of the Village Alagapoory attached to the Vadee Mittah Estate in this District for the recovery of arrears of Revenue amounting to Rupees 3327 6 6 and a Statement in the form given in the Bd's letter of 11th April 1825 Shewing the Subdivision of the said Estate.

Sir.

Para 1 I have the honor to forward an advertisement for the Sale of the Village Alagapoory, attached to the Vadee Mittah Estate in this District for the recovery of Revenue amounting to Rupees arrears of 3327 6 6 including interest due by the Proprietor of that Estate on account of Fuslies 1263 and 1264.

2. My letter of 22d August 1854, informed the Board that I had attached 3 Villages belonging to this Estate for arrear of Revenue 1329 10 9 including interest, outstanding at the end of Fusly 1263, I should have taken further Steps for the realization of this arrear had it not been that the Estate was ordered to be Sub divided to Satisfy a Decree of Court awarding one fifth of it to be made over to a Successful claimant named Mannarsaw: my Moniegar.

The

Fort St. George 11th October 1855.

3. The transfer has been now made and the one fifth Share consisting of six entire Villages and the wet lands in a 7th one, put in posession of the above named individual on the 17th Ultimo.

4. Meanwhile the proprietor who had Complained to me after the attachment of the Villages last year that he was unable to collect his rents from the ryots, allowed still greater arrears to accumulate and at the end of Fusly 1261, was indebted to Government in Rupees 4,168 5 11.

5. The whole estate was consequently attached as reported in my letter of the 30th July last, and I was surprized and annoyed to find from the report of the ameen who was appointed to the charge that the proprietor had collected all the rents from the Ryots so that there remained no assets from which to recover the arrears. The proprietor now informs me that the money has been expended

Fort St. George 11th October 1855

which has terminated in the transfer of one fifth of the Estate to Mamarsamy Monigar and wishes the Estate to be retained under Government management until the revenues shall have Sufficed to clear the Balance.

6. Considering however that the Proprietors Conduct has not been correct, I think he should be made to raise the money to satisfy the Government demand immediately or suffer the loss of part of his land, and I therefore recommend the Sale of one Village Alagapoory which from the accounts recently prepared for the purpose of Subdividing the Estate in Satisfaction of the Court decree, is known to be of Sufficient value and which if bought in favor of Government, is conveniently Situated being on the Confines of the Vadee Estate, and adjoining to Government Villages.

7. The Beriz of the Village is Rupees 611. from which deducting the proportional part of Pisheush Rupees

Fort St. George 11th October 1855

Rupees 316 the remainder Rupees 295 is between an Eleventh and a twelfth of the amount of arrears.—

8. The enclosed Statement in the form given in the Boards' letter of 11th April 1825, will explain the condition of the Vadeemuttah Separating the portion Sub divided by order of Court, and the Village now proposed to be sold.—

9. The Board are aware that no Suddudi Milkeat Istemerar was ever granted for the Vadee Estate, or for any of the other forfeited Pollams which were Sold by auction in this District at the beginning of the Century. The accompanying advertisement has Consequently been modified to suit that Circumstance.—

2. Persons desirous of becoming purchasers may depute authorized agents or Vakeels for that purpose and all purchases made by such authorized Vakeels shall be held to be valid in the same manner as if the purchase had been made by their principals.

3. But it is required that such authorized Vakeels shall state at the time of purchase the names of their Constituents, on behalf of whom such purchases may be made.

4. The intention of the Condition being to prevent fraudulent collusion notice is further given that in the event of any purchase being made under a fictitious name the Deposit money made on account of such purchase will be liable to be forfeited to the Government and the Estate to be resold.

5. The purchasers of the Village will not be put in possession till the Sale has been

Fort St. George 11th. October 1855

Sanctioned by the Board of Revenue; but in the mean time 15 per cent of the purchase money will be required to be deposited immediately and Security given for the payment of the remainder on the receipt of the Boards Sanction or within one month from the day of Sale; in default whereof the Village will be resold at the risk of the first purchaser.

6. In cases of the Sale not being Sanctioned by the Board of Revenue the deposit money will be returned and the person depositing it released from all responsibility with regard to the Village.

7. For further particulars enquire at the Office of the Board of Revenue or at the Collectors Cutcherry at Tinnevelly between 10 and 5 o'clock, Sundays excepted.

312
Bd. No. 2888
From the Ag collector of Canara.

Sir,

In reply to para 2 of the Board's Circular Order No. 2325, under date 7th ultimo, I have the honor to inform you that I have taken measures to ascertain the manner in which the manufacturers of Canara Salt would view the adoption of weights instead of measures, in their deliveries of Salt at the Government Stores, with reference to the order of Government, directing 424 Marcals of Salt to be reckoned as the authorised equivalent of 120 Indian Maunds.

2. The result is that the manufacturers declare 120 Indian Maunds of Canara Salt really equivalent to 480 or 525 Marcals the rates

rates varying at different pans and in differ
:ent Talooks. —

3. They are therefore unwilling to give 120 Indian Maunds as the equivalent of 124 Marcals of Salt, unless paid at higher rates some asking Rupees 16 on 120 Indian Maunds and others demanding as much as Rupees 21 for that quantity. —

4. As the manufacturers are not likely to take a larger view of this subject than their own immediate interests are calculated to present to them, a reply to the effect of that made, was I think to be anticipated; but if it was left to their choice to give 120 Indian Maunds of Salt as the equivalent of 124 Marcals or see the manufacture discontinued or thrown open on payment of an excise duty, I have no doubt that they would submit willingly enough to the sacrifice proposed to them. —

5. Looking at the matter as a question of whether they or the Government should pay the difference between the cost price of 120 Indian Maunds and 124 Marcals of Salt it is not surprising that they are unwilling to incur the loss themselves. —

Fort St. George 11th October 1855

No 1

Advertisement.—

1. It is hereby notified that the undermentioned lands have been attached in satisfaction of arrears of Land Revenue due by the late holder, and that unless those arrears and further arrears up to the day of Sale, with interest, charges of management, and other charges lawfully incurred shall be previously paid, the Sale lands will be sold by public auction at the Village of Mogallur, in the Talook of Buddapoody on Monday 12th November next. The Sale will Commence at 7 Oblock in the morning, and the lands will be knocked down to the highest bidder without reserve.—

2. The amount payable on the lands for the current Fusly, exclusive of the arrear is Rupees 18 L 3 as shown in detail in the Statement at foot.—

3. Purchasers will be required to deposit 15 per cent of the purchase money at the time of Sale and where the remainder of the purchase money shall not be paid within thirty days from the day of Sale, the money so deposited shall be liable to forfeiture.—

4 When such Deposit shall not be made nor the remaining purchase money paid up the lands shall

16449 Fort St. George 11th October 1855

No. 116

To,
G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(322)

Bd. No. 2885

From the Collector of Salem

Sir,

Para 1 Adverting to your circular letter dated the 11th ultimo, transmitting para of Extract Minutes of Consultation dated the 5th idem, and calling upon me to state what rules are now in force in this District regarding the grant of rent free backyards, and to furnish an account, in acres, of the extent of land so occupied and the number and Assessment of the holdings, I have the honor to state that in the Salem District no such separate item as rent free backyards appears in the public accounts.—

2. During the Survey the land occupied by each Village was measured, and the gross area entered in the Survey accounts as exempted from Revenue under the head of Gramabustee Poramboke —

3. Applications are sometimes made for

Fort St. George 11th October 1855

for fresh sites for the purpose of removing from an unhealthy locality, and sometimes additional space is required to meet the wants of an increasing population — on these occasions the applicants are permitted to take the lands that may be most convenient, whether immemorial waste, or lands that may be lying fallow & Topes. In these cases the assessment is remitted and the extent of land so occupied is included in the "Granabustee Brumbokie". In no case however is the Ground occupied by each Ryot without payment permitted to exceed 5 Goontahs, the limit prescribed in section 37 of the Rookroonnamah — If the Space should exceed that limit the excess is charged at the same rate as Patent lands.

4th. If the Board wished to ascertain the actual extent of every backyard in the District, it would be necessary to measure each separate Space which would be a tedious and endless work.

(326)

Bd. No. 2901
From the Deputy Collector of Sea Customs.

Submitting explanation on the points referred to by the Board in their letter dated 6th Instant regarding the charges preferred against him by Mr. Underwood.

Sir

I have the honor to acknowledge the receipt of your letter of the 6th Instant, requesting an explanation from me on two points mentioned in a letter addressed to the Board of Revenue by the Collector of Sea Customs dated 29th September, and in reply I beg to state that.-

1st With regard to Mr. Underwood having called upon me to give two days notice before availing myself of the leave granted me in the Official Gazette of the 7th September 1855, I did not comply with his request because it appeared to me an unusual proceeding, and that he had no right to desire me to do so, after my leave had been granted to me by Government. I may however state that I had wished to leave

leave Madras or Monday the 10th of September
in which case I should have given notice of
my intention on Saturday the 8th September
on that day I received an Official Memo-
randum from Mr. Underwood desiring me
to attend Office, both on Saturday, out of the
usual routine, and on Monday to remit
Treasure to the General Treasury which
obliged me at considerable personal inconvenience
to alter my arrangements as was thus
prevented from attending to my private affairs
and it was not until Monday afternoon
of the 10th September that I was able to let
Mr. Underwood known that I had arranged
to start on Tuesday the 11th September.

With regard to the 2d point I consider-
ed that I had never been in actual charge of the
Treasury though as Deputy Collector I have
always had in my possession a single key
of the padlock of the Cash chest. The receipts
for all securities and deposits are given and
held in the name of the Collector of Sea Customs.
The Collector and also the Cash keeper have each

a key of the chest besides that which was
with me.

On Monday the 10th September after
remitting the treasure as required by Mr.
Underwood to the General Treasury and
having received the receipt in duplicate
from the Sub Treasurer for the amount
forwarded, I examined the remaining cash
in the chest attested the entry with my signature, locked up
and sealed the Cash chest and delivered over the key of the
same with an Official letter into the hands
of the Cumadar of the Office, to be given
to Mr. Underwood, not thinking it was
necessary to do so in person as I was not
in charge of the Treasury.

I may add in Conclusion that on
a former occasion when I delivered over
charge to Mr. Underwood no formal
proceedings or examination took place
I merely gave him the key of the cash chest into
his own hand, whereas in the present instance
I caused it to be delivered to him with an Official
letter through the Cumadar of the Office.

Madras, October 10th 1855. /Signed/ W. E. Cochrane
Deputy Collector Sea Customs

Ordered

161.56

Fort St. George 11th October 1855

Order thereon. Ordered that the following letter be Submitted.

(326.327)

Bd No 3649

To the Secretary to Government

To, The Secretary to Government

Sir, Revenue Department

Para 1 I am instructed by the Board of Revenue to forward for the information of Government in Connection with my letter of the 9th Instant a letter from Mr Cochrane Deputy Collector of Sea Customs giving explanation of his proceedings on two points where it was called for by the Board.

2. On the 1st point, the Board are of Opinion that Mr. Cochrane would have acted more judiciously if he had reported on the Saturday his intention of taking his leave on the Monday or Tuesday following, as such reference was due in Courtesy if not in absolute right to the head of the Office. But under all the circumstances of the case and as Mr Cochrane deferred his journey for a day to Comply with Mr Underwoods

D/to in Letter 11th Oct 1855. No 2901.

161.57

Fort St. George 11th October 1855

Underwoods' wish that he should attend Office on the Monday; the Board do not see Cause to attribute much blame to Mr. Cochrane on the occasion.

3. On the 2d point Mr Cochrane shews that he was not in charge of the treasury and the Board Consider his explanation quite Satisfactory.

From the Secretary to Government

Reviewing Mr. Stokes preliminary report of his proceedings in pursuance of the order of Govt. of the 20 and 21st June regarding the revision of certain parts of the Revenue laws of this presidency, and stating that full consideration will be given to his further report promised in para 32 of his report under review.—

Se. 1115.

Extract from the Minutes of Consultation Revenue Department under date the 5th Oct. 1855

Read the following letter from H. Stokes Esq. on Special Duty

Here enter 20th September 1855

In this letter Mr. Stokes makes a preliminary report of his Proceedings in pursuance of the orders of Government of the 20th and 21st June by which he was directed to undertake the revision of certain parts of the Revenue laws of this Presidency and sketches out the general scope of the amendments which he would propose.—

2 Mr. Stokes first takes a general view

Fort St. George 12th October 1855.

view of the Revenue Law of this Presidency as it now stands Comparing it with that of Bombay next he states the General principles according to which he is of opinion it should be remodelled and lastly, he sets forth the method in which he proposes to give these principales a practical application The present Report is of so very general a character that there are but few points in it on which the Government need or can express an opinion the particular scope of the intended legislation is not touched upon but is reserved for a future report. The Governor in Council will however record his views on the more prominent of the matters treated of.—

3 Mr. Stokes state his reasons (paras 4 to 10) for thinking it the best Course now that the amendment of the Revenue law is to be taken up, to extend the revision to every part of it instead of confining it to the particular portions to which his attention had been directed by Government. The Governor in Council has no hesitation in declaring his full Concurrence in this opinion in the expediency of revising Consolidating and Condensing the whole of the present heterogenious law though this will materially enlarge the Original plan of proceeding and protract the time necessary for.—

Fort St George 12th October 1855

their Completion.

4 In paras 13 to 23 Mr Stokes considers the question where the boundary should be drawn between the powers of the Legislative and the executive authorities He justly remarks on the inconvenience not to say the impossibility of Regulating before hand every point of procedure by a Legislative Act. The earlier regulations* abound in details on matters of form and procedure and the rule laid down in the first Regulation of the Code is so Comprehensive, as to leave scarcely any thing to the arrangement of the Executive. So impracticable was it found to act on this rule that it has become almost a dead letter, and as yet remains unrepealed very many orders have issued must in strictness be regarded as illegal.

5 But while fully recognizing the evil and the inconvenience of formal legislation on trifling matters the Governor in Council must yet caution Mr Stokes as to the necessity of avoiding the opposite error. Formal legislation tending alike on the executive power and on those subject to it is needless and to censure the latter against hasty and ill Considered or partial and ex post facto orders.

* Reg 1 of 1802 &c &c

Fort St George 12th October 1855

against any change in short in the rules by which they are to guide their Conduct without due Consideration and due notice Care must be taken then in excluding formal legislation from main important matters both that the exclusion is not too sweeping and that the powers of the executive are duly limited and due provision made for their right exercise, on the subject thus newly placed within its Control.-

6 In para 24 Mr Stokes declares the inexpediency of having two sets of Officers or tribunals to perform similar Acts merely because those acts relate to different departments, or Concern the rights of different parties or rights of the same parties in different respects, But in the succeeding para he expresses the opinion that in this Country this principle Cannot be applied with out material Reservation The Governor in Council is not prepared to deny that there is some truth in this view of the necessity of such exceptions but he is of opinion that they should be admitted with Caution.-

7 The revised Code of Revenue Laws as sketched by Mr Stokes in Para 29. would Comprise three enactments each containing a number of

Fort St George 12th October 1855

against any change in short in the rules by which they are to guide their Conduct without due Consideration and due notice Care must be taken then in excluding formal legislation from unimportant matters both that the exclusion is not too sweeping and that the powers of the executive are duly limited and due provision made for their right exercise, on the subject thus newly placed within its Control.—

6 In para 24 Mr Stokes declares the inexpediency of having two sets of Officers or Tribunals to perform similar Acts merely because those acts relate to different departments, or Concern the rights of different parties or rights of the same parties in different respects, But in the succeeding para he expresses the opinion that in this Country this principle Cannot be applied with out material Reservation The Governor in Council is not prepared to deny that there is some truth in this view of the necessity of such exceptions but he is of opinion that they should be admitted with Caution.—

Fort St George 12th October 1855

their Completion.

4 In paras 18 to 23 Mr Stokes considers the question where the boundary should be drawn between the spheres of the Legislative and the executive authorities Her justly remarks on the inconvenience not to say the impossibility of Regulating beforehand in every point of procedure by a Legislative Act. The earlier regulations* abound in details on matters of pleading and procedure and the rule laid down in the first Regulation of the Code is so Comprehensive, as to leave scarcely any thing to the arrangement of the executive. So impracticable was it found to act on this rule that it has become almost a dead letter, and as it remains unrepealed very many orders since issued must in strictness be regarded as illegal.—

5 But while fully recognizing the evil and the inconvenience of formal legislation on trifling matters the Governor in Council must yet caution Mr Stokes as to the necessity of avoiding the opposite error. Formal legislation tending alike on the executive power and on those subject to it is necessary to secure the latter against hasty and ill Considered or partial and retrospective orders.—

against

* Reg 1 of 1802 &c &c

Fort St George 12th October 1855

Chapters, Of these three divisions the second which treats of the Settlement and Collection of the Revenue, is the most important and this Mr Stokes proposes to take up in detail first. The laws for the recovery of the arrears of Revenue the imperfect and unsatisfactory Condition of which at present first led to the design of reviewing the law belong to this division, and it is desirable that, that portion of the law should receive the earliest possible attention.—

8 With respect to the First General division, the Governor in Council would observe that it does not seem clear that "the punishment of malversation" in the 2d the case thus apparently intended should come under this head at all The Settlement of the Revenue and the recovery of arrears also involve the profession and exercise of certain powers by Revenue Officers, but those subjects are not therefore classed under the first head and it would certainly not be thought a fitting classification to place the Laws defining Crimes and their punishment under the title "Laws relating to the powers and duties of Judges".—

Fort St George 12th October 1855

9 In connection with this subject, the Governor in Council would have Mr Stokes consider carefully to what extent it is necessary that Revenue Officers should possess power for the punishment of malversation beyond those of moderate fine suspension and dismissal should in short possess Judicial power for that object in thus expressing himself he would not be understood as signifying an opinion already formed that no such power is necessary, but simply as saying that its necessity and if necessary the proper extent of it require to be carefully considered One observation he will make, it must not be supposed that all the advantage of the present power, whatever it be is so much clear again whatever circumstances render the position of Public Officers insecure certainly lower the attractiveness of the employments and therefor the character of those who hold them it might be worth while to surrender some of the apparent or supposed security afforded by the present law for the sake of raising the standard of the Revenue Officers as to respectability and character

Fort St George 12th October 1855

Chapters, Of these three divisions the second which treats of the Settlement and Collection of the Revenue is the most important and this Mr Stokes proposes to take up in detail first The laws for the recovery of the arrears of Revenue the imperfect and unsatisfactory Condition of which at present first led to the design of reviewing the law belong to this division, and it is desirable that, that portion of the law should receive the earliest possible attention.—

8 With respect to the First General division, the Governor in Council would observe that it does not seem clear that "the punishment of malversation" in the 27th section thus apparently intended should come under this head at all The Settlement of the Revenue and the recovery of arrears also involve the possession and exercise of certain powers by Revenue Officers, but those subjects are not therefore classed under the first head and it would certainly not be thought a fitting Classification to place the Laws defining Crimes and their punishment under the title "Laws relating to the powers and duties

Character

Character.

10 The third general head of law relates to Enams but of this the details Mr Stokes states have yet to be considered This subject will require as he justly adds "intensive investigation and careful and patient thought" but it is one in which both legislation and action are very necessary The Government have lately in Considering the Subject of a General Survey and a settlement of the land declared their Conviction that the investigation and final Settlement of the Inamdars Enams of this Presidency ought not to be longer postponed and prior to such Enquiry a law is necessary to regulate it and to guide the decisions. On this head too, some useful assistance may be derived from Bombay Legislation the same Subject having been discussed and settled there in Act XI of 1852

11 The Governor in Council will now close these Remarks which are as general in their Character as the Report to which they refer. He will only remark lastly that the Course of proceeding sketched in Para 30 appears

* Ct Mins Cons 4th Augt 1855 No 957 paras 6 and 7.

appears judicious and proper and that he will be prepared to give full Consideration to the further Report promised in para 32 to contain a view of the existing law under the Head of the general Heads Vizt the Settlement and Collection of the Revenue with a Sketch of the proposed Act in that Subject.

Read the following letter from the Secretary to the Board of Revenue

(Here Enter 19th Sept. 55 No. 2422)

342

Bd's No. 2864

From the Secretary to Government

In this letter of the 6th August the Magistrate of North arcot applied for the re-employment under Civil authority of the recently abolished Military Police of the arcot Cantonment for the protection of the Cantonment and town of Ranipet submitting at the same time a letter from the Joint Magistrate representing the necessity of this measure In that letter Mr. Binning described the present Civil Police Establishment at that place as very scanty and inadequate to the maintenance of the peace and prevention of Crime in great Measure and wretchedly inefficient during the present prevalence of robbery and violent Crime.—

2 It does not seem to the Government that

1847.4

Fort St. George 12th October 1855.

the Police Establishment of Rompatam is so scanty as Mr. Bunning would make it appear there are at present according to his subsequent letter of the 4th September to the Board of Revenue when in charge of the District a Police Ameen with a Goomastah a Duffadar and ten Peons besides a Cutwall with a writer two Duffadars and twenty five Peons.—

Thus there are thirty four Peons and three Duffadars for the Police of a town not exceeding 2000 inhabitants and the miscellaneous duties of a small Station as however the abolition of the Military Police has no doubt somewhat added to the duties of the Civil Police the Government will recommend to the Government of India to authorize the retention of five Peons and a Duffadar out of the late Military Police.—

Establishment as an addition to the Establishment of the Civil Cutwal at the rates of pay received by the existing Establishment Viz. 6 Rupees to the Duffadar and Rupees 3-8-0 to the Peons Considering the present pay of the Police ameen Viz. 35 Rupees to be too low the Governor in Council will also recommend that it should be raised to 50 Rupees the amount received by the late Military Police ameen. These changes will be carried into effect provisionally from the date of the receipt of this order and the measure will be reported for the approval of the Government of India.

To the President and members of the Board of Revenue

Fort St. George
Dated 12th October 1855.

(342-343)

Sir,

I have the honor to transmit herewith for the orders of the Board of Revenue a Petition from the Inhabitants of Rompatam praying for the retention of the Military Police Establishment at that place.

2. The Petitioners state that the Police Establishment of Rompatam is so scanty as Mr. Bunning would make it appear there are at present according to his subsequent letter of the 4th September to the Board of Revenue when in charge of the District a Police Ameen with a Goomastah a Duffadar and ten Peons besides a Cutwall with a writer two Duffadars and twenty five Peons.—

Thus there are thirty four Peons and three Duffadars for the Police of a town not exceeding 2000 inhabitants and the miscellaneous duties of a small Station as however the abolition of the Military Police has no doubt somewhat added to the duties of the Civil Police the Government will recommend to the Government of India to authorize the retention of five Peons and a Duffadar out of the late Military Police.—

Establishment as an addition to the Establishment of the Civil Cutwal at the rates of pay received by the existing Establishment Viz. 6 Rupees to the Duffadar and Rupees 3-8-0 to the Peons Considering the present pay of the Police ameen Viz. 35 Rupees to be too low the Governor in Council will also recommend that it should be raised to 50 Rupees the amount received by the late Military Police ameen. These changes will be carried into effect provisionally from the date of the receipt of this order and the measure will be reported for the approval of the Government of India.

Fort St. George
Dated 12th October 1855.

From the Collr. of Coimbatore

Sir,

Adverting to the Board's circular dated 28th June 1852, I have the honor to state for their information that the only Estate in this District under the charge of a Minor Poligar is Rampatam, all others being either in the hands of the respective Proprietor or under the management of Court of Wards

2. The Poliput of Rampatam is in the Talook of Pullachey, and is paying an annual Peishcush of Rupees 1,436—9—3. It is under the charge of the grand mother of the Minor Nundagopalayerropagsunder 16 years old.

3. On a reference to the accounts received from that Poliput, it appears that the expenses thereof are on a moderate

Scale

Fort St. George, 5th October 1855

the accounts cannot be considerable very correct, but its consideration of the relationship of the person in possession of the estate, to the minor, there is no reason to think that the Revenue of the Pollpt is improperly expended to the detriment of the minor's interest.-

From the Collector of Tanjore ... d

Explaining the cause of the delay in the transmission of the Demand Collection Balance Statement for June 1855.-

Sir,

1. I have had the honor to receive your letter of the 11th instant.-

2. The new system of transmitting to the Board the Statement of Demand Collection and Balance came into operation in February - the Statement for that month was sent from here on the 5th of March - for March - it was sent on the 30th of the same month for April on the 30th of the same month and for May on the 2d of June - so that on all these occasions, unless delay occurred in the post for which I am not answer-able, the Statements from Tanjore must have reached the Board within the time that your letter refers to, Viz. the 7th or 8th of the month fol-lowing that for which they were prepared.-

3. The Statement for June cannot in Tanjore be prepared with the same regula-rity - In a woolungoo Settled Province the actual demand is not known until the close of the fusly, and it really is impossible to

Fort St. George, 12th October 1855.

to prepare an exact Statement of a bariz amounting to fifty Six Lacs, between the 30th of one Month and the 2d of the next

4.

But independent of this, there are other causes of delay over which I have no control.

5.

The Board are aware that the French authorities at Karical collect the Sea Custom duty for us on all grain exported which has passed the British Frontier, furnishing us with an account each month. The account for June, although I had asked for it three times did not reach me until the 12th instant, or after the date of your letter under reply calling for my demand collection and balance Statement; which of course could not be prepared without it.

6.

I am sure the Board are not unwilling to make what allowance is just for districts in which peculiar difficulties are felt, and that in transmitting to Government the Statement which I now enclose, they will explain that the Woolungoo Settlement, and the Collection of Sea Custom duties by the French authorities, over whom I have no control, and whom it is my duty to treat with every courtesy, present difficulties which are

B. R. 2801

From the Collector of Madura -- Sir, & Para 1

Reports on the different claims which may be preferred to the Ramnad Zemindary on the death of the present Incumbent and forwards a Genealogical trees of the family of the Zemindar and a Petition No. 2592 of 1855.

I have the honor to acknowledge the receipt of your letter of the 29th Ultimo desiring me to furnish the Board with a Statement of the different claims which may be preferred to the Ramnad Zemindary on the death of the present Incumbent, with a Genealogical table, and a Statement of the particulars of the adoption of an heir by one of the daughters of the late Zemindar -

2. The probable claimants are the following placed inversely as to the value of their pretensions -

1 Vellee Tavern.

2 Mootoo chella Tavern.

3 Sevasawmy Tavern.

4 Puttabher Ramasawmy Tavern.

5 Satookarasoo Nacheeor.

6 Pereasawmy Tavern, Son of Rangiah Tavern.

3. I enclose Genealogical Trees No. 1 & 2, of the Ramnad Zemindars, filed in O. S. No. 3 of 1813 before the Provincial Court

Court S. D., in which Sevagamy Nachear daughter of the Zemindar, before the Perma= =nent Settlement sued the Istimrar Zemindar Mungaleswara Nachear and was defeated; a continuation of the same Marked No. 3, and the family Tree of Sevasawmy Javen No. 4 I proceed to notice the probable claimants en Seriatim.—

Vellee Javen 4 A Copy of a Petition presented by this individual to the Sudr Adalut was forwarded to me with the Board's Proceedings of the 1st May 1851. He claims because Mootoo Troovoyee Nachear, whose Son Mootooramalinga Sathoopathy and daughter Ranee Mungales= =wara Nachear, successively enjoyed the Zemindary, Married a brother of the Petitioners alleged Grand father. The claim seems worth= =less, for the two Zemindars abovementioned inherited in right of their Mother, not their Father, whose relations therefore can have no pretension. Verenjee Javen was never Zemindar.—

Verenjee Javen

Mootoochella Javen. 5 The claims of this person, was en= =tered in enclosure No. 1 to Mr. Blackburn's letter of the 11th November 1854, and pronounced unworthy of consideration. He is not a member of

of the family, but his Sister Married en Annasawmy Saitoopathy who was adopted by Zemindar Mungaleswara Nachear, and his Brother Ramasawmy Javen become Zemin= =dar by adoption of Annasawmy Saittoopathy and his wife.—

Sevasawmy Javen of No. 3 of 1855 on the file of the Civil Court

Sevasawmy Javen is now suing the present Zemindar for the Estate on the ground of Ramasawmy Javen, Cousin of his Great Grand father, having Married the Istimrar Zemindar Mungaleswara en Nachear, and the brother of his Grand father having been given in adoption to Mungaleswara Nachear and succeeded her as Zemindar. These however give no title. Ramasawmy Javen was never Zemindar, and as regards Annasawmy Saitoopathy, adoption took him out of his natural family, and communicated to it no rights as regards the property which he thereby acquired. The Board will find this claim discussed at en length in my letter of the 12th January 1854.—

Puttabhee Ramasawmy Javen.

Puttabhee Ramasawmy Javen is mentioned in Para 9 of my letter of the 1st April 1851. He Styles himself the illegitimate son

son of Mootooramalinga Saittoopulhy, who preceded the Istimrar Zemindar and was deposed - If this relationship gave a Claim, why did he not succeed his father? Supposing him to be what he pretends to be, his illegi-
timacy and supercession by the Govern-
ment, and their grant of the Istimrar summed to another appear to me a complete bar to his Succession. I have no proof that he is son of Mootooramalinga Tavern-

Salthookarasoo Nachear.

8 Salthookarasoo Nachear also e mentioned in my letter of the 1st. April 1851, Paras 5 & 7 is the daughter of Vegeya Gopaul Saittoopulhy by his Wife Poomasoondra Na-
chear - This Vegeya Gopaul Saittoopulhy re married a second time Sevagaumy Nachear, formerly alluded to as suitor for the es Estate in 1813 and daughter of Mootoorama-
linga Saittoopulhy. She can have no claim thro her Step Mother, but I am not so cer-
tain that if the descent of her father from the Zemindar, as exhibited in the Pedigree marked No. 2, could be established, it might not be of more avail. —

Perasawmy Tavern. —

9 Perasawmy Tavern, son of er Kangiah Tavern, also claims from Sevagaumy Nachear

Nachear and Vegia Gopaul Saittoopulhy, asserting his fathers adoption by them. It is certain, that they for some time before their death treated Kangiah Tavern as their adopted son, and the fact but not the e date is mentioned in a Mookteamamah dated 1st. March 1830; but there is consi-
derable doubt as to the adoption having been legal - In the first place Gopaul Saittoopulhy was taken by Sevagaumy e Nachear after She had repudiated her first husband a Custom tolerated by the Maravars, but opposed, I should think, to Hindoo Law. and certain persons, examined by an e Ameenah Sent to enquire, in 1843 - deposed to his being a servant only of the Nachear, A further objection, urged by Salthookarasoo Nachear, is stated in Para 8 of my letter of the 1st. April 1851, Viz; that Kangia Tavern was too old to be adopted and had 2 Children in 1830 when the adoption was first declared - My own opinion is adverse to the validity of the adoption. —

10 As regards all claims derived from persons antecedent to the Summud e Istimrar

1496

Fort St. George 12th. October 1855

Istimrar, it may be questioned whether that Instrument, which conferred the Estate on Mungulesvara Nachiar, did not confine the Succession to her descendants. The Privy Council decided against Sivagaumy Nach (Plaintiff in O. S. No. 13 in the Provincial Court Southern Division) on the ground that the Sunnud Istimrar was the foundation of right to this Zemindary.

In reply to the Board's question relative to the adoption by the Rani of the female Minor Zemindar, Dhararajah Nachear, I beg to refer to Mr. Blackburne's letters of the 26th. September, and 4th. October 1855. The adoption was made the day before her death, and was invalid under Section XXV Regulation V of 1804 - not having been previously sanctioned by the Court of Wards. The individual is alive and is named Sevasoomy alias Amasaumy Tavey - His acquiescence in the enjoyment of the present Zemindar would, I should think, be accepted by the Courts as a conclusive proof of the nullity of the adoption -

12. The Petition of Sathoo Nachear, received with the Board's letter

No. 2692 of 1855.

Taver.

Explanation of the Genealogical Branches of Shadoobathees who have held the Puttum of the Zemindary of Ramnad.-

1st Vijia Ragoonatha Woodiar Sadoopathee otherwise named Shadaka Taver as the 1st original Father of the family of Shadoobathees. He was managing the Zemindary of Ramnad for 17 years from the year Salivakana 1527 corresponding with the year Vizbovanissoo up to that of Thummathe.-

2.- Cooten Sadoobathee his son was holding the Puttum of the Country for 14 years from the year Thoondoomy up to that of Goovah.-

3.- Talavoy Shadoobathee his son for 10 years from the year of Thautoo up to that of Baurtibah.-

4.- Ragoonada Shadoopathee for 26 years and 3 Months from the year Via up to the Month of Aany of Pareethasee year.-

5.- Rayeevaria Shadoobathee his son for 6 months from Audee up to Maurgalee of Varithabee year aforesaid

6.- Audinaraina Shadoobathee for 3 months from Tye up to Punguney of the above year.

7.- Audeenaraina Sadoobathee aforesaid had two children of which one is named Raugoonada Sadoobathee otherwise named Kelaveen Sadoobathee and another Soulakaul Natcheyar Kelaveen Shadoobathee who is the 7th branch was holding the Puttum of the Country for 37 years from Prematheecha up to Verotheecroothoo and died issueless.-

Fort St George 12th October 1855.

8. The aforesaid Kelavan Shadoobathee has left no issue behind him to inherit the Zemindary and as in such case is customary with our family to appoint a deceased Shadoobathees own Sisters son to the succession Vizia Ragoonatha Shadoobathee who is the son to the Sister of Kelavan Shadoobathee has been holding the Puttum for 15 years from the year of Vegroothee up to that of Krothee and also died without children.

9 Tauder Shadoobathee son to Shadoo Nacheyar sister to Vizia Ragoonatha Shadoobathee aforesaid was holding Puttum for 4 months in the year Visvasoo and killed by Bavana Singara Tauen bart from a Concubine of Kelaven Shadoobathee and then the Puttum has been held by this illegitimate usurper for 3 years and 8 months then the country has been immerced in a state of Anarchy.-

10- Then Woodia kaul Nauchear sister to Vizia Ragoonatha Shadoobathee had one son and two daughters named Coomaura Moottoo Ragoonatha Shadoobathee otherwise named Cattay Tauer Cauthaly Nauchear and Maleypalay Cauthaly Nauchear of which Coomaura Moottoo Ragoonatha Shadoobathee also Cattay Tauer after having supplanted the aforesaid Bavduk Saugara Thaver was holding the Puttum for 6 years from the year of Savoomiah up to that of Anunda.

11. Syevataray or Moottoo Cumara Shadoobathee son to the aforesaid Cattay Thavier otherwise named Coomaura Moottoo Ragoonatha Shadoobathee [illegible]

for 13 years from the year of Ratchasa up to that of Ribavah and died issueless-

12. Rauken Shadoobathee son to Caudaley Naucheyar sister to Coomaroo Moottoo Ragoonatha Shadoobathy aforesaid otherwise named Cattay Thaver was holding Puttum for one year from the month of Chitry up to that of Pungoony of Vibah year and died without children.

13. Malaypelay Cauthaly Natcheyar sister to the aforesaid Coomaura Moottoo Ragoonatha Shadoobathee or Cattay Thaver had a son and a Daughter named Moottoo Vizia Ragoonada Shadoobathee alias Chella Thaver and Moottoo Tiruvoy Nauchear of which the first was holding the Puttum for 13 years and 9 months from the year Suketah up to the month of Tye Chitra Baunoo year and died also without issue.-

14. Moottoo Tiruvoy Naucheyar sister to Moottoo Vizia Ragoonada Saithoobadee or Chella Tauer aforesaid had a son by name Moottoo Ramalinga Shadoobathee and a daughter Ranee Shadoobathee Mungalaswary Nauchear of which Moottoo Ramaliuga and Shadoobathee had enjoyed the Zemindary for 32 years from the month of Tye of Chetra Baunoo year up to Anundah for the space of 9 years of which His Highness the Nabob Wallajah had the Management of the Country and

and for the remaining 23 years the aforesaid Moottoo Ramalinga Shadoobathee was holding the Puttum and at last proved guilty towards the Honorable Company and deposed.-

15. On the 4th July 1795 the Honorable Company has entitled Ranee Shadoobathee Mungalaswary Natchear aforesaid to the possession of the Zemindary and continued conferring upon her a tenth part of the Revenues of the Zemindary until 21st April 1803. But on the 22d. of the aforesaid month a deed of permanent Settlement has been granted to this Ranee aforesaid entitling her to enjoy the Zemindary for ever and from Generation to Generation. In consequence of which she was managing the Country of Ramnad and enjoying the Puttum thereof until the 7th Mausey of Pressoobathee year and died on the 8th of the aforesaid month after having left a will bequething his Country to her adopted son.-

16.- Although Moottoo Vizia Ragoonadoo Shadoobathee who is an adopted son to Ranee Shadoobathee Mungalaswaree Nauchear has attained his years of majority as specified in an Edict passed by the Court of Wards Deyagaraja Pillay thro an

an immediate desire of managing the Country with an intention of accumulating riches falsely represented that Moottoo Vijaya Ragoonada Shadoobathee has not yet reached his year of Majority upon which the Government has committed the Country to the management of the Collector who hold the same from the 8th Mausy of Pressoobathee year until Mausy of Auzirasah year corresponding with 11th February 1813 and the country now put in possession of Moottoo Vizia Ragoonada Shadoobathee agreeable to an order of the Government Dated 12th of the aforesaid month and year.-

Proceedings thereon,

Submitting letter from the Collector of Madura and requesting instructions for the guidance of the Coll.r in the event of the sudden demise of the present Zemindar.

Judl. 24th July 55

The first of these letters is a reply to a requisition conveyed in Extract Minutes of Consultation 23d July in which the Government decline to accede to Mr. Parker's proposal to place the Zemindary under management of the Court of wards, as recommended by the Board, and desire that the Collector should state in what respects he considers the title of the boy adopted by the present Ranee to be defective.

2. Mr Parker points out that as there is not only no proof that the late Zemindar gave his consent to the adoption of an heir by his widow, but a strong presumption to the contrary arising from the fact of his having named, as his successors his two daughters; the conditions on which the Hindoo law admits the validity of adoption by a widow have not been fulfilled. On referring to a letter from the Collector of Madura dated 4th October 1845

Jud Cons 30 Oct 55

the

the Board see further reason to doubt that the present Zemindar ever obtained the consent of her husband to adopt a son. the letter of Mr. Blacklinne forwards a deed of adoption by the younger daughter of the present Rachaw and with A. addresses from her husband and mother, the deed of adoption purports to have been made in the presence of the relatives, it is acknowledged by the husband in his address and the mother who refers to this address as supporting her own claim to immediate succession (an arrangement which is also provided for in the deed of adoption) does not notice or impugn the alleged adoption which the Board would have done had she then contemplated a similar step by direction of her husband

Passing over as a dead letter the clause in the Hindoo law which names devout bramins as the proper heirs in failure of all others, Mr. Parker considers that

considers that the failure of ostensible heirs in the present instance is such as to "give the Government a very fair colour of right."

On receiving this letter the Board made another reference to Mr Parker requesting him to furnish them with a statement explanatory of the claims likely to be preferred to the Estate on the demise of the present Rance. In reply he has explained in his letter of the 27th September the nature of the claims preferred by the five individuals named in the margin, forwarding at the same time three genealogical tables of the Rammad Zemindars [Nos 1-2-3] and a fourth of the family of Sevasamy Tavee [No 4]

The first person in the above list Velee Tavee claims in right of his alleged grandfather's brother who married into the Zemindar's family and whose son and daughter successively inherited

To Coll. 29th augt

† 1 Velee Tavee
2 Mootoochella Tavee
3 Sevasawmy Tavee
4 Puttalchee Rama Swamy Do.
5 Sadoo Karaseo Nechear
6 Perea Sawmy Tavee Son of Rangaiah Tavee

* No I. conducts the descent from the founder of the family to the 1st Patimar Rance who succeeded her brother deposed. No III continues the line to the present Rance who succeeded to her husband himself the adopted heir of

of the widow of an adopted heir. N° II Explains the succession & descent of collateral branches and from this table it appears that Vegaya Gopaul Sattiapatty is descended from the 4th Zemindar in the female line. N° N Is the pedigree of Sevasamy Tavern Vide Table N° 3 1st Istimiar Zemindar and her deposed brother.

inherited the Estate in right of their Brother Moottoo Veerappa Nachear. This claim as Mr Parker observes is evidently worthless. The second claim that of Mootoo Chella Tavern is founded on the fact that his brother Ramasamy Tavern became Zemindar in virtue of his adoption by the Zemindar Annasamy Sattiapatty. It is equally clear that this relationship conveys no title of inheritance 3dly (Sevasamy Tavern claims because his great grandfather's cousin married Ranee Mungaleswara Nachear and also because his grandfather's brother being afterwards adopted by the same Ranee became himself Zemindar) This claim which is of the same character as the preceding is now under litigation. The 4th claimant Puttabhee Ramasamy Tavern avows himself to be a natural son of Moottoo Ramalinga Sattiapatty who was the elder brother and predecessor

predecessor of the first Istimiar Zemindar and was deposed for disaffection - It is unnecessary to notice this claim -

5th Sattiavu Karasa Nachear is the daughter of Vegeya Gopaul Sattiapatty who would appear by genealogical table N° 2 to be descended from the 4th Zemindar, if this pedigree is substantiated the claim appears to Mr Parker to be of some importance - 6th The last in the list of claimants, Perasamy Tavern, asserts that his father was adopted by the same Vigeya Gopaul Sattiapatty and his reputed wife Sevagamy Nachear daughter of the predecessor of the first Istimrar Zemindar Sevagamy Nachear's claims were disallowed in O.S. 3 of 1813 before the Provincial Court -

4 Perasamy Tavern

It is objected /para 9/ of this that the father of this Perasamy

Perasamy

Fort St George 12th October 1855

Perasamy Tuven was too old to have been adopted having two Children at the time and that the parties alleged to have adopted him were not married Mr Parker goes on to explain /para 11/ that the alleged adoption of Sevasamy Tuven by the second daughter of the late Zemindar on the day of her death was invalid.

5 It results from the above explanations that the present Ranee has no direct heir by adoption or otherwise, and that of the six living claimants one only No 5 Sattho Rarasa Nachear advances pretensions which can be considered as deserving of any consideration, these claims rest on the descent in the female heir of Vegeya Gopaul Sattoo putty / father to the claimant A / from the 2d Zemindar, but as this collateral branch springs from the original family tree at a point long anterior to the grant of the Istimirar Sunnud the title appears

on

Fort St George 12th October 1855

para 10

on the precedent quoted by Mr Parker, to be of doubtful value. Should this claim be disallowed it seems probable that on the death of the present Ranee the Zemindary may lapse to Government in default of legal heirs.

In Cons: 24th July 1856

6 Reverting to para 2 of Extract Minutes of Consultation dated 23d July in which the Government observe that no legal cause has been adduced by the Board for placing the Estate under the management of the Court of Wards seeing that the present Ranee is not incapacitated by age or infirmity and that her sex formed no bar to her succession the Board would point out that the state of mismanagement which is described by Mr Parker in his letter of the 27th June taken in connection with the infirm health of the Ranee, seemed to them to justify the conclusion that under the combined disadvantages of

Sex Rule

sickness and of her sex. She is incapable of efficiently conducting the affairs of the Zemindary the proposal to place the Estate under the Court of Wards appears therefore to the Board under the explanation now given regarding the succession to be still deserving of consideration the Board must also request the instructions of the Govern- -ment for the guidance of the Collector in the event of the suddendemise of the present Zemindar, as the directions given to him by the Board have been recalled under the order given at the close of para 3 Extract Minutes of Consultation dated 23d July last.

Bd No 2542
From the Secy to Govt

Read the following papers

No 1614

Extract from the Minutes of Consultation in the Revenue Department under date the 4th September 1855.

Read the following letter from the Acting Secretary to the Board of Revenue -

(Here enter 29th August 1855, No 2242)

With this letter the Board submit a draft of proposed rules in accordance with the orders of Government in Extract Minutes Consultation July 25th 1855 No 894, respecting the exaction of personal attendance on the part of female Zemindars.

2. The Government must observe that these rules are far from meeting the requisition of the Government of India which led to the order above referred to. That Government specially desire "a precise rule", defining the cases which are to be regarded as exceptions to the general rule of personal appearance, and the considerations to be attended to in dealing with such cases. On both these points the present draft is wholly silent. Rule II, the only one bearing on them at all, leaves them in precisely the same general and indefinite condition in which they are at present. The Governor in Council resolves therefore to return

16521

Fort St. George 13th October 1855

return the draft rules to the Board for revision and amendment in this particular.

3. It is observed that the Board propose that the power of granting exemption from appearance shall be vested in themselves. it appears doubtful to the Government whether this will be expedient, or whether it will meet the wishes of the Government of India.

(A true Extract)
(Signed) J. D. Bourdillon
Secretary to Government.

To
The President and Members
of the Board of Revenue.

Ordered that the following letter be sent in reply.

387-388

To,

The Secretary to
Government.

Sir,

In accordance with the wishes of Government, conveyed in Extract Minutes of Consultation 13th September, I am directed to submit the Accompanying Amendments which the Board propose making in the draft rules regarding Female Yemmiahdars.

2 It appears to the Board that the general rule should be that every Female pensioner should appear to draw her allowance. The only exception

B.P. 2683.

For the Secy to Government.

Dated 13 Octr 1855.

J. Burdon

16522

Fort St. George 13th October 1855

exception if the Government wish to deal strictly with this Class. should be in favor of those whose religion forbids their appearance in public provided of course that their seclusion is in all cases rigidly maintained by them. If the Board are correctly informed, every Mahomedan female whose circumstances in life permit it, is necessarily Goshá, and continues so as long as she lives. The Board do not propose therefore to retain the limitation as to age contained in the existing rules, restricting however the privilege of exemption from appearance to those who maintain their seclusion under all circumstances.

3. There is still a large class of Hindoo Females, of high birth, and rank, who though not prevented by religious scruples from appearing in public, would shrink from attending personally to receive their pensions and there are others to whom, from age or physical infirmity, this compulsory attendance would be a great hardship. The Board propose that females of these classes be

exempted.

16523

Fort St. George 13th October 1855

exempted from the necessity of personal attendance every Month but continue liable to appear periodically before the Collector or to be visited by an Officer deputed by him for the purpose—

4 As every proposal for exemption will require the previous sanction of Government, and as the Collector can, on reasonable grounds, require every Geomiakdar to appear before him, and as the responsibility incurred by the Vakeels-pensioners themselves, is heavy, the Board think these concessions may be allowed, consistently with the object which Government have in view—

5 As there are no recognized gradations of rank or birth, and age does not affect the question, the Board are unable to suggest any rules more definite than the above, which shall combine security from fraud with that just regard for religious prejudices and self-respect which Government would desire to display—

Revenue Board Office,
Fort St. George,

No. 1.

Revised Rules regarding Female Geomiakdars

I All Female Geomiakdars shall be required to attend personally to receive their allowances, under the same rules as are in force regarding Male Geomiakdars—

II Exemption from the necessity of personal appearance will be allowed only in the case of females who are prohibited by their religion from appearing in public—, and who can prove to the satisfaction of the Collector that they never so appear under any circumstances whatever—

III- Female Geomiakdars of high rank, or disqualified by infirmity or old age, may be exempted from personal attendance, but will be liable to appear before the Collector periodically or whenever required or to be visited by an Officer deputed by him for the purpose—

IV. In all cases where it may be desirable to, relax rule I, Collectors shall make a special report to Government through the Board of Revenue, specifying the age, rank and position of the Pensioner or the peculiar grounds on which the application is preferred, and it shall rest with the Government to decide, whether the

165 25

Fort St. George 13th October 1855

the indulgence shall be granted or not -

V Females exempted from personal appearance or attendance, with the sanction of the Government, shall provide Vakeels, under the conditions specified in Clause IV of the Jeomiah Rules, and the order of Government contained in Extract Minutes of Consultation 25th February 1857

C.C. Book page 274

C.C. Supplement Page 6

VI On reasonable cause of suspicion, a Collector is empowered to call on a female pensioner to prove her identity by a personal appearance before him; and that, on her failure to do so within a given time, not only her pension shall cease, but those persons who have certified her life, and drawn her pension, shall be liable to the forfeiture of their own Jeomiahs or Enams, unless they can prove satisfactorily that she died subsequently to the latest period for which they may have certified her life, or received her Pension -

VII When the personal attendance of a female Jeomiahdar is required, attention shall be paid to avoid publicity, as far as is consistent with the establishment of her identity -

From the Secy to Govt

Reviewing the question of the Pollery Tax and recording their views thereon calling on the Commissioner Northern Circars and Board of Revenue to report on the Jungle rents existing in the districts under their control & requesting them to consider and the views of Government regarding the Pasture tax -

Fort St George 13th October 1855

No 1026.

Extract from the Minutes of Consultation in the Revenue Department, under date the 8th September 1855 -

Read the following Extract from the Proceedings of the Commissioner Northern Circars.

(Here enter 25th November 1854 No 167)

In the above Proceedings, the late Commissioner for the Northern Circars discusses the Pollery or grazing tax, as it obtains in the District of Guntoor in view to its adjustment on a right basis - The subject is one of much importance; it seems to have been under discussion for some time; and it is desirable that it should be settled without further delay. The Government propose now to review the whole question, using chiefly for this purpose, the Commissioner's Report, and the letter of the late Collector Mr Stokes to him, dated January 4th 1853, which though quoted in the report is not among the enclosures, but which the Government have been able to obtain. They will first set forth the past history and present state of the tax, next, notice the remedies proposed by the Collector and by the Commissioner; and lastly, record their own views

From the Secy to Govt

Reviewing the question of the Pollery Tax and recording their views thereon calling on the Commissioner Northern Circars and Board of Revenue to report on the Jungle rents existing in the districts under their control & requesting them to consider & express their views of Government regarding the Pasture tax.

Fort St. George 13th October 1855

No 1026.

Extract from the Minutes of Consultation, in the Revenue Department, under date the 8th September 1855.

Read the following Extract from the Proceedings of the Commissioner Northern Circars.

(Here enter 25th November 1854 No 167)

In the above Proceedings, the late Commissioner for the Northern Circars discusses the Pollery or grazing tax, as it obtains in the District of Guntoor, in view to its adjustment on a right basis. The subject is one of much importance; it seems to have been under discussion for some time; and it is desirable that it should be settled without further delay. The Government propose now to review the whole question, using chiefly for this purpose, the Commissioner's Report, and the letter of the late Collector Mr Stokes to him, dated January 4th 1853, which though quoted in the report is not among the enclosures, but which the Government have been able to obtain. They will first set forth the past history and present state of the tax, next, notice the remedies proposed by the Collector and by the Commissioner; and lastly, record their own views

The

16527 Fort St. George 13th October 1855

2. The term Poollery properly signifies a grass or pasture tax; but in Guntoor it includes also the rent of wild Chayroot, and of certain jungles. These two items will be treated of separately below. As respects Poollery properly so called there are two distinct systems prevailing in different parts of the Guntoor district; viz one in the Guntoor Circar, and the other in that division of the district which is called the Palnaud, comprising the two Talooks of Dachipully and Timmircotah. The former of these divisions, constituting the bulk of the district, will be first considered; the Palnaud will be more briefly treated of afterwards.

3- Poollery proper being the tax on cattle and pasture, appears to have always existed in Guntoor; but the amount levied has greatly increased of late years. The Commission gives a table (Para 2) taken from the Collector's report, shewing the Collection in each of the twenty Fusly years 1242 to 1261- In the first three years, the average amount was below 6500 Rupees, while in the last three it exceeded 1,11,000 Rupees, and with but very few exceptions the amount of each year in the interval exceeded that of any before it- There is no doubt that the famine of Fusly 1242 affected

Burton

16528 Fort St. George 13th October 1855

affected the amount of Poollery for several of the earlier years in the statement and it is to be observed also that up to Fusly 1257 the Poollery of villages rented out, was not shewn separately; but still making due allowance for these circumstances, there has certainly been a very large increase in the amount of Poollery.

4. The cause of this gradual progression is explained by Mr Stokes in his letter of the 4th January 1853 above adverted to. It appears from that letter that a considerable extent of land in Guntoor always paid Poollery; and that the tax sometimes paid in reality though not ostensibly; viz when a ryot had a farm or a share of a village, in which he paid a fixed rent whether the whole of his land was cultivated or not. On the other hand, in villages where the revenue was taken in kind, the uncultivated lands were annually rented out for pasture, and certain tracts of low lying land, fitter for pasturage than tillage were specially reserved and rented out as pastures.

It would appear that the Zemindar levied

16529 Fort St. George 13th October 1855

levied Poollery only in these two modes, the practice of counting the Cattle and taxing them at so much a head, being then appa-rently unknown in Guntoor. In 1836 the Collector Mr. Bruce ordered that the Cattle of such ryots as would not rent pasture land should be taxed; but this order was soon recalled. The tax however appears to have continued to be levied more or less generally; and in Fusly 1256 (1845-46) during Mr. Stokes' temporary absence, the practice was introduced of annually putting up the Poollery of a village and letting it to the highest bidder. This caused a rapid increase in the collections; but the increase was not caused by augmenting the resources of the payers, the legitimate source of increased revenue, but simply by increasing the demand.

5. It is not quite clear from the papers what rights these renters acquired, but it appears that, besides their fair claims on the waste land, they adopted the plan of counting the cattle of the ryots, and as this was much disliked by the ryots from superstitious notions of misfortune connected with it, they were willing to purchase exemption from it. At all events the practice of renting out

16530 Fort St. George 13th October 1855

out the Poollery appears to have caused much oppression, and it also caused the rapid increase of the product of the tax to Government, and of course a still greater increase in the collections made from the payers. The Commissioner states that the tax has now risen to such a point as to be detrimental to the agricultural interests of the district, and the Collector's report strongly indicates the same opinion. In Fusly 1259, being convinced of the injurious effects both of the practice of levying the tax by toll at so much a hundred, and of that of renting out the Poollery, Mr Stokes abandoned both, in every case, wherein the inhabitants of a village were willing to pay the previous year's amount. Where this was the case, is that amount was fixed in the gross, and the ryots were left to apportion it among themselves. Mr Stokes did not feel at liberty however to lower the demand, and the total collections continued even to increase

6. The Poollery in Guntoor is made up of several parts, levied in different modes, on different classes of the people, or in different localities. First, there is the tax on cattle, which, as already said, is

quite

quite a modern impost. Second, there is the ordinary waste Poonjah Land along the Kistnah, which affords rich pasture and is therefore kept under grass, as it is more profitable to employ it in that manner than to cultivate it. This land appears to be usually taken at the full assessment. Third, there are certain tracts of marshy ground, called Madapoo Bedas, yielding abundance of grass, which appear to be annually rented out on tenders, but which are sometimes perhaps taken by Ryots at the full fixed assessment. Fourth, there is the rent of the jungles in the Western Talooks, these jungles are extremely rich in grass, and during the dry season cattle are brought there in great numbers from long distances for pasture. These jungles are rented out every year to the highest bidders; the renters making their own bargain afterwards with persons bringing Cattle, at so much a head or otherwise.

7. Poollery to a small amount is collected in several of the districts under this Presidency; but it exists to any considerable extent in only three, Viz. Guntoor, Nellore and Coimbatore. The cause of this exception seems to be the same in all the three, Viz. that in these districts, from peculiar advantages

Burton

advantages of soil or climate, cattle are largely bred for export to other parts of the country, as a distinct branch of business, whereas, in other districts not only there is no such trade, but the cattle reared or maintained in a village are for the most part immediately connected with its agriculture. In Guntoor in particular notwithstanding the aridity of the climate, the nature of the soil is such, from its power of absorbing and retaining moisture, that the country is clothed with luxuriant grass of fine quality in localities which in other districts are utterly bare; and as a consequence the breeding of cattle is a profitable business. This circumstance may properly be made a ground of difference of treatment as to the taxing of pasture, but here, as elsewhere, the levying of the tax ought to be made to discriminate between Cattle Kept bona fide for agricultural purposes and those Kept for profit. This is the chief object of the measures proposed both by the Collector, Mr Stokes and by the Commissioner, viz; to exempt from tax agricultural stock, but to assess the pasturage of breeders. Their plans are as follows:

Mr.

16533

Fort St George 13th October 1855

Letter Genl Jany 4th 1853
Paras 10 and 11.

8th

Mr. Stokes proposed to exempt entirely in their own villages, the whole of the cattle, large and small, of all persons holding land, and thus contributing to the land revenue. He would give this relief in three equal annual instalments, to avoid a sudden loss of revenue. He would however continue to levy Mundu Poollery, or the tax on cattle brought from a distance; but he would abandon the plan of renting the western Jungles, on the ground that the Ryots of the Delta are compelled to take their cattle to those Jungles for pasture in the dry season. It may be here noticed that it does not appear that these Jungles were rented out till a comparatively recent time.

9

The Poollery which Mr Stokes would retain, is as follows; first, he would let out waste land for pasture to all applicants at rates varying from the full assessment to one fourth of it, such land to be given up if challenged for cultivation, unless the renter should agree to pay the full assessment. It does not however appear how the proportion of the assessment to be levied is to be fixed in each case, and the uncertainty seems likely to afford wide scope for fraud. Mr Stokes admits (Letter para 13) that this plan would afford facilities to wealthy Ryots to secure the best pasture for themselves without payment. Secondly, as respects the

J Burton

16534

Fort St George 13th October 1855

the non-cultivating classes, Mr Stokes would treat them as in the Palnaud division of the District, viz: he would tax their cattle at certain fixed daily rates a head, amounting to from 8 to 12 annas a year. But this would bring in the practice of counting which is so much disliked by the people, and which is stated to have led to great evasion and fraud. Thirdly; as respects the shepherds, Mr Stokes would levy a fixed rate of 8 Rupees a hundred on their flocks in return for which he would allow them the free use not only of the hills and jungles, but also of waste land and of pastures not rented out.

10. The Commissioner objects to this plan as respects its first and main provision, viz: the entire immunity of persons holding land. He thinks that under such a rule breeders would evade payment of cattle tax by taking a small quantity of land. There appears to be some truth in this view; but it must be remembered that the proposition only exempts holders of lands in their own villages or their own Burgunnahs. Further, it is probable that the Ryots of a Village would not allow a Stranger to bring in an unlimited number of Cattle to graze on the common pasture; so that probably this evasion would have less existence

Fort St. George 13th October 1855

existence in practice than may seem likely before hand.

Para 15

11

The Commissioner proposes two plans; the first is, that prevailing in Coimbatore, which allows Ryots to hold land for grazing and fallows to the extent of one fifth of their farm or holding, at quarter tax. He estimates that this would yield 37,390 Rupees, which taken from 70,233 Rupees, the amount stated in Para 15 as paid by cultivating Ryots, would leave a deficit of 23843 Rupees Mr. Elliot, like Mr. Stokes, would retain the Munda Poollery, or tax on cattle from without, as well as the Mada Poo Beedoo of rented pastures; and he would also retain the practice of renting the gungles of the western Talooks, which Mr. Stokes would abandon. Thus the entire relinquishment of revenue under this plan would apparently be the amount above stated: Viz: 32,843 Rupees.

Para 17

12

Mr. Elliot's second plan and the one which on the whole he considers the simplest and easiest of adoption, is to allow every cultivating Ryot exemption from Poollery to the extent of 10 per cent of his puttah. In other words as it seems the Poollery is to be calculated for every Ryot as at present, and then remission is to be given, of the whole

Para 18

Para 20

when

Burton

Fort St. George 13th October 1855

when the amount may be within one tenth of the Ryots' puttah for the year, and to that extent when it may exceed that proportion. It is not stated how the Poollery is proposed to be computed under this scheme; but as the plan of fixing an amount for the Village and leaving the individual adjustment to the Ryots, would evidently be inapplicable, the only alternative, it appears, would be that of counting the Cattle, with all its inconveniences. It seems probable that, had the Commissioner fully considered how the plan would work, he would not have spoken of it as the simplest and easiest of adoption in practice. The object of the limitation of 10 per Cent appears to be to avoid the evasion of the tax by regular cattle breeders, but it seems very undesirable for the sake of that object to require that the Poollery of thousands of ryots should be calculated, merely to be remitted, and this too (as it seems) by the extremely unpopular plan of counting the Cattle. And after all the gain to the revenue would be extremely small. It is difficult to form any exact estimate,

Para 20 end

because

because it is impossible to judge how large a proportion of the ryots would leave Poollery above 10 per cent; but if the Coimbatore plan which would be equivalent to an allowance of 5 per cent for Poollery would bring in only 37000 Rupees as estimated by Mr Elliot, it seems unlikely that an allowance of 10 per Cent would bring in more than 15,000 Rupees at most, out of the present amount of 70,000 Rupees, paid by cultivating ryots. Thus the loss of revenue by this plan would be about 55,000 Rupees.

13

Such are the three propositions for the future treatment of the Poollery, stated in the Commissioner's report. Any one of them would be a great improvement on the present system; but none of them appears to the Governor in Council quite satisfactory as a settlement of the question. The Government have carefully considered the subject, and will now record their own views upon it. Poollery proper in Guntoor consists of four parts. 1st. The rent of the hill jungles of the western Talooks; 2d. The rent of waste lands; 3d. The rent of certain tracts of pasturage called Madapoo Beedoo; and 4th. Poolleri levied on cattle and flocks, the last of which may again be

Burton

be subdivided into that paid by cultivating Ryots, that paid by shepherds, and that paid by other persons, chiefly strangers. As respects the first three of these divisions no reason appears why the levy of Poollery should be discontinued. As to the first, or the Jungle rents they do not seem to interfere with the right, which should be continued to the Village community to graze their cattle on the waste and unoccupied lands of their respective villages; these rented Jungles are held and rented, and cannot be considered as belonging to any village. The rents also give no right except to graze. Mr. Stokes main objection to these rents, seems to have been founded on the gabbling and corruption for which they give occasion on the part of the Tahsildars, who manoeuvre to get the rents for particular persons. But it appears to Government that this may certainly be prevented by an alteration in the mode of fixing the rents. The Jungles should be put up to auction in the presence of the Collector or his Assistant on a fixed day publicly notified beforehand; and the highest bid on that day should be at once accepted, and its acceptance declared.

The

Fort St George 13th October 1855

because it is impossible to judge how large a proportion of the ryots would leave Poolleay above 10 per cent; but if the Coimbatore plan which would be equivalent to an allowance of 5 per cent for Poolleay would bring in only 37000 Rupees as estimated by Mr Elliot, it seems unlikely that an allowance of 10 per Cent, would bring in more than 15,000 Rupees at most, out of the present amount of 70,000 Rupees, paid by cultivating ryots. Thus the loss of revenue by this plan would be about 55,000 Rupees.

13

Such are the three propositions for the future treatment of the Poolleay, stated in the Commissioner's report. Any one of them would be a great improvement on the present system; but none of them appears to the Governor in Council quite satisfactory as a settlement of the question. The Government have carefully considered the subject, and will now record their own views upon it. Poolleay proper in Guntoor consists of four parts - 1st. The rent of the hill jungles of the western Talooks; 2d. The rent of waste lands; 3d. The rent of certain tracts of pasturage called Madapoo Beedoo; and 4th. Poolleay levied on cattle and flocks, the last of which may again be

Burton

Fort St George 13th October 1855

be subdivided into that paid by cultivating Ryots, that paid by shepherds, and that paid by other persons, chiefly Strangers. As respects the first three of these divisions no reason appears why the levy of Poolleay should be discontinued. As to the first, or the Jungle rents they do not seem to interfere with the right, which should be still continued to the Village community, to grage their cattle on the waste and unoccupied lands of their respective villages; these rented Jungles are wilds and reiwote, and cannot be considered as belonging to any village. The rents also give no right except to grage. Mr Stokes main objection to these rents, seems to have been founded on the Jobbing and corruption for which they give occasion on the part of the Tahsildars, who manoeuvre to get the rents for particular persons. But it appears to Government that this may certainly be prevented by an alteration in the mode of fixing the rents. The Jungles should be put up to auction in the presence of the Collector or his Assistant on a fixed day publicly notified beforehand; and the highest bid on that day should be at once accepted, and its acceptance declared.

The

Fort St George 13th October 1855

14

The second and third of the four divisions vary little from each other. Both consist of land well suited for pasture, and generally yielding a higher profit to employed than when under the plough; the difference is that the Madapoo Beedoo lands appear to be richer for pasture, and at the same time less fitted for cultivation, than the ordinary waste land in the 2d Division. There appears to be no reason whatever why lands of either class should be exempted from taxation, merely because it is uncultivated; while the reason of its being waste, is that it yields a higher profit in that way than if cultivated. It has now been recognized as a principle of the land revenue system, that the assessment should be fixed on the land, and that the holder paying that assessment should be at liberty to use his land in any mode he may find convenient, without any alteration in the demand. It appears to the Government that the application of this principle to Poollery would clear away much

obscurity

Burton

Fort St George 13th October 1855

obscurity, and confusion, its application would consist in a rule that land kept by a Ryot for pasture should pay the same assessment, just as if it were cultivated. Such a rule would not interfere with the common right of all the Ryots to graze the waste and unoccupied land, but any Ryot desiring the exclusive occupation of any land, whether for cultivation or for pasture, would have to pay for it. If it be said that this would burden the Ryot, it may be replied that no man need take land on the proposed terms except by his own free consent, and that probably persons would rarely do so unless they were cattle breeders. All land not thus appropriated would, as waste be open to the common use of the Village community generally, except the tracts above referred to under the term Madapoo Beedoo, which might be especially reserved as they always have been But to prevent the Ryots of a Village combining together not to take land for pasture, so as to have the whole in common without payment, a contingency however, which the Government do not think is much to be feared, it should be

provided

Fort St George 13th October 1855

provided that land not taken by any of the Village body should be available on exactly the same terms to strangers; as is already the case with land wanted for the ordinary purposes of cultivation.

15 This plan appears to have the advantage of simplicity, of consistency with the recognized principles of the land Revenue, and of adaptation to every state of agriculture, whether tillage or pasturage chiefly prevail. It may be added that it appears to be only in a limited portion of the district that the valuable pasture lands above described are found; and in other parts of it pasture would be untaxed as it is in most other districts. Under this plan indeed, Poollery as a separate head of taxation, would disappear in Guntoor.

16 The fourth head of Poollery above given (P. 13) is that levied on cattle and flocks. Under the plan just stated this division of the taxe would disappear entirely in this form. All persons whether cultivating ryots or others would be permitted freely to graze their cattle on the waste and Jungle lands of their

Burton

Fort St George 13th October 1855

their own Villages, and all persons having occasion for the exclusive use of land for pasture, might have it on praying the regular assessment of the land. The very unpopular practice of counting the cattle would then wholly cease, and with it all the evasions and exactions to which it gives rise.

17 The papers before Government do not afford the means of forming an estimate of the amount of revenue which would be given up by the adoption of this plan, but it may be confidently assumed that it will be less than what has been added to the Poollery revenue of Guntoor within the last ten or twelve years, by the local Officers, without any formal sanction from higher authority. Prior to 1845 cattle were no more taxed generally in Guntoor than in other districts; the taxation imposed since, is equivalent to an addition to the land assessment, and it has been made without any sufficient authority. Had the question been brought fairly before Government beforehand they

Fort St George 13th October 1855

they would certainly have refused to impose this new tax, but as it had already been laid on without their Knowledge, and came under the name and character of an old tax, it has escaped special notice. Relief however seems now to be called for. The remarks in this para. do not apply to the tax on Sheep and goats which will next be spoken of.

18 In para 24 of his Proceedings the Commissioner proceeds to speak of the Motarpha tax levied on Sheep and goats, and on the proposal of the Collector to consolidate that tax with the Poollery levied on these flocks; for many persons pay both taxes. The Statement given in para 24 shews how irregular and anomalous the demand is. The Chief payers of this branch of Motarpha are persons of the Shepherd tribe; but a few ryots also pay it; some persons pay Motarpha and Poollery; and land revenue also, some pay Motarpha and land revenue, but no Poollery, and some pay only Motarpha and Poollery. The total amount of Motarpha on Sheep and goats

Burton

Burton

Fort St George 13th October 1855

goats is 10,239 Rupees of which 9,551 Rupees is paid by Shepherds. The payers of Motarpha pay also 8,536 Rupees as Poollery for the same flocks, besides 10,927 Rupees as Poollery on cattle. The Commissioner authorized the assessment of a fixed sum of six Rupees a hundred yearly on Sheep and goats; which was estimated to involve a temporary loss of 2,398 Rupees of revenue. In the remaining paras, of his proceedings (25 to 33) the Commissioner discusses proposals for partly relieving cultivating ryots from Poollery on flocks, and he inclines to the method above described as proposed for cattle, viz. that of allowing immunity to the extent of one tenth of their Beriz.

19 Of the measure ordered by the Commissioner it must be said that though an improvement on the old system of a double tax, it prepetuates the very pernicious practice of counting, with its invariable concomitants of evasion on the one hand, and fraudulent exaction on the other. Further, the demand is certainly excessive. Six Rupees a hundred is equal to a fraction more than an Anna a head, but the average value of flocks of this kind, and in the interior, certainly does not exceed half a Rupee a head and the tax is therefore at least 12½ per

16545 Fort St. George 13th October 1855

per cent. per annum on the miserable capital of this pauper class. The same arguments which are urged by the Collector against taxing the agricultural stock of ryots, are in part good against taxing the flocks of Shepherds. These flocks are kept in a great measure for their use in manuring the fields, and so far they are a part of the village agricultural stock. Further they are fed almost wholly in the jungles and wastes and very little on any land deserving the name of pasture; so that the plea of their being fed on Government land cannot stand. But admitting this plea to be true as a fact, flocks of this kind would even then be only on an equality in this respect with horned cattle; and the same rule should be applied to them. It is admitted and even urged by the Commissioner that the village community have an undoubted right by the custom of the country to graze their cattle and flocks on the waste land of their village, and the Government think that both should be exempted from Poolley, except when pasture is specially engaged for them.

Letter Jany 4th 1853. para 4.

the paragraph

20. As to Moturpha, it is utterly indefensible to levy it on such a class.

The

Burton

16546 Fort St. George 13th October 1855

The worst feature in this tax is that it leaves the wealthy untouched, and fixes on the poor and miserable. The only ground on which the Moturpha could be defended would be as an income or property tax; but then it could only be just if it taxed the rich at least as heavily as the poor, and if it were general all over India. Although the question of the general abolition of the Moturpha has been referred for the decision of the Government of India, it is still open to this Government to abolish such items of it may be specially objectionable, and this more particularly when as in the present case the tax is Moturpha only in name while in reality it is strictly a part of the land revenue. This so called Moturpha may properly be included therefore in any measures that may be taken with respect to the Poolley.

21. Thus much of the Poolley in Guntoor proper, in the division of the district which is called the Palnaud, and which is not a part of the Guntoor Circar, a different system prevails. The cultivating ryots pay no Poolley in their own villages, even in their own Purgunahs; the non-cultivating classes, and cultivating ryots out of their own Purgunahs, pay at rates varying from

per cent. per annum on the miserable capital of this pauper class. The same arguments which are urged by the Collector against taxing the agricultural stock of ryots, are in part good against taxing the flocks of shepherds. These flocks are kept in a great measure for their use in manuring the fields, and so far they are a part of the village agricultural stock. Further they are fed almost wholly in the jungles and waste, and very little on any land deserving the name of pasture; so that the plea of their being fed on Government land cannot stand. But admitting this plea to be true as a fact, flocks of this kind would even then be only on an equality in this respect with horned cattle; and the same rule should be applied to them. It is admitted and even urged by the Commissioner that the village community have an undoubted right by the custom of the country to graze their cattle and flocks on the waste land of their village, and the Government think that both should be exempted from Poolley, except when pasture is specially engaged for them.

Letter Jany 4th 1853. para 4.

The paragraph

20. As to Moturpha, it is utterly indefensible to levy it on such a class.

The

The worst feature in this tax is that it leaves the wealthy untouched, and fixes on the poor and miserable. The only ground on which the Moturpha could be defended would be as an income or property tax; but then it could only be just if it taxed the rich at least as heavily as the poor, and if it were general all over India. Although the question of the general abolition of the Moturpha has been referred for the decision of the Government of India, it is still open to this Government to abolish such items of it may be specially objectionable, and this more particularly when as in the present case the tax is Moturpha only in name while in reality it is strictly a part of the land revenue. This so called Moturpha may properly be included therefore in any measures that may be taken with respect to the Poolley.

21 Thus much of the Poolley in Guntoor proper, in the division of the district which is called the Palnaud, and which is not a part of the Guntoor Circar, a different system prevails. The cultivating ryots pay no Poolley in their own villages, even in their own Purgunahs; the non-cultivating classes, and cultivating ryots out of their own Purgunahs, pay at rates varying

from

Fort St. George 13th. October 1855

from 8 to 12 Annas a year a head of full grown cattle. Shepherds pay on their flocks at the enormous rate of Rupees 12-3-6 a hundred, being probably above 25 per cent on the capital value of their stock. There is no Moturpha. The total collections of Poolley in this part of the district amount to about 8,400 Rupees. Mr. Stokes was satisfied with these arrangements, and was of opinion that no change was called for*. In so far as the cultivating ryots are exempt from special Poolley, the system is good; but on other classes the tax is heavy, and excessively so on the Shepherds. It is accompanied also by the evils of counting already spoken of. No reason appears for making a difference between this part of the district and the other parts of it; and the measure proposed above in paras 14. to 16 when finally adopted, should be extended to the Paluand.

22. It only remains to notice the coast jungle rents and the chayrot rents. Neither of these belong properly to Poolley. The former are found in 33 villages near the coast; and are for the exclusive privilege of cutting firewood in the jungles, for home use as well as for sale. The amount is about 1,100 Rupees a year*. The tax is leviable to certain fixed rates

* Enclosure in Mr. Stokes's letter

Ibid para 21.

the particulars of which however are not given, and probably from a great number of individuals. The right to levy it has hitherto been farmed out and the proceedings of the renters and their servants have often been made matter of complaint. It is stated that about a third of the whole quantity of firewood cut is taken elsewhere for sale, and in this case the tax actually received from the people of these 33 villages for cutting wood for their own use in their own Villages is about 660 Rupees, and the amount paid by them to the renters for this right probably exceeds 1000 Rupees. The Commissioner is of opinion,

Para 22 end.

in consideration of the small amount of the tax, that it may be abolished, but before assenting to this recommendation the Government would desire to have some more particular information.

23. The Chayrot rents are for the privilege of digging wild Chayroot in the lands where it grows spontaneously, which it is believed, are chiefly the sandy tracts along the coast. The produce is about 7,000 Rupees a year, all rents of this description are objectionable for the opening which they afford to extortion but

Statement in Para 2 of Commissioner's Proceedings.

but the Government are not aware of any special objection to this rent in particular. It should cease however to be included in the Poollery, with which it has no connection.

There are similar rents in the four districts noted in the margin* and to the amounts there stated, in Fusly 1263. In Tanjore and Nellore the amount is included in the land revenue, under the head of ready money collections; in Chingleput and Timevelly it is entered under small farms and licences. The same course should be followed in all, and the proper head to which to credit this item is "Ready money collections" under "Land Revenue."

2dly. The views of Government as above recorded may be briefly stated as follows:

1st. That the practise of renting the jungles & hills of the Western Talooks shall be continued with some precaution against abuse.

2d. That waste lands suited for pasture as well as the swamp pastures shall be given at moderate fixed rates of assessment, to be held on Puttah like other lands, and shall be subject to no other demand however improved and whatever mode employed & whether occupied by the puttadars or sublet by them to others. The ryots of the village to have a prior claim to these

*Tanjore 500 - - -
Chingleput 1832-1-7
Timevelly 9,350 - - -
Nellore 1492 - - -

these lands, and on their failing to take them, other parties to be admitted on the same terms.

3dly. That the taxing of cattle whether of cultivating or non-cultivating Ryots shall entirely cease.

4th. That the tax on Sheep and goats, whether called Poollery or Motturpha shall be abolished.

5th. That the wild Chayroot rents shall be brought to account under the head of ready Money Collections instead of under Poollery.

Before giving practical effect, 25. however, to these views, it is proper to permit them to the Commissioner in the Northern Circars for his report on their probable financial effect. Mr. Goldingham will be please to give his consideration to the subject, and submit a statement, prepared as carefully as circumstances may permit, to show the probable diminution of revenue under the operation of the measures above detailed. As the Poollery or grazing tax of Guntoor has been raised to its present enhanced amount within a few years by increased exactions on the people

people, which have never been deliberately sanctioned by competent authority, the Governor in Council does not expect or require that the whole present amount of the tax should be maintained, but it is necessary before ordering a change in the mode of taxation, to have some clear idea of its probable effect on the revenue. The Governor in Council hopes the Commissioner will be able to furnish this information without delay, so that the new system may come into operation in the current year. Mr. Goldingham will be at liberty to offer any remarks on the plan above stated which he may see fit to make. It is only necessary to add that the approaching revision and reduction of the Assessment in Guntoor will afford a favorable opportunity for introducing the change of system as respects Poolery.

26 With reference to the Jungles on the coast, his Lordship in Council desires to have some further information before him. He would wish to know whether the firewood cut for the consumption of the villagers themselves is taxed, whether such taxes or rents prevail elsewhere in the Northern Circars, and if so under what

Burton

what circumstances, and to what number and amount, whether the jungles are close adjoining to the villages and included within their limits, to what places and by what means the firewood is carried for sale, and by what classes of persons the rents are taken, whether, if the tax should be retained any improvement could be effected in the mode of levying it, with any other particulars which it may seem useful to add. The Commissioner need not however delay the submission of the statement called for in the preceding para. till he can supply also this information respecting the Jungles.

27 The Board of Revenue to whom this Minute will be communicated, will also report on the jungle rents existing in the districts under their control, with reference to the particulars enumerated in the preceding Para. They will also take into consideration the views above recorded as to the proper method of treating pasture tax, and report how far it may be practicable at present to apply them to the Poolery existing in the districts under their control.

B. No. 769
From the Collector
of South Arcot

Sir

Submits a Statement containing the information called for in letter dated 25th Jany last No. 183 of all grants of a religious or charitable and personal nature which may be paid in the district by deductions from the Tarum Bariz on the land.

With reference to your letter No. 183 dated 25th January last calling for a Statement of all grants of a religious & Charitable and personal nature which may be paid in this District by deductions from the Tarum Bariz on the Land, I have the honor to submit the accompanying one Containing the information required by which the Board will observe that the total amount of deductions of the Kind in question for Fusly 1263 was Rupees 9944-13-3. for Rupees 1241-12-1 of which Government have since ordered rent free lands to be allotted.

2 I am of opinion that where such deductions are made on account of religious Institutions, they might

might be commuted into grants of rent free Land; where they are made for Charitable purposes they should be resumed and ready money pay ments substituted and that where they are personal grants they might be changed into fixed pensions, mostly for the lives of the present recipients.—

3 As regards the deductions allowed in the Munargoody Chellumbrum and Cuddalore Talooks for the religious institutions termed Chillara Davastanums amounting in all to Pds 19,16-12-5; it appears to me that as these Davastanums are situated in the actual Villages where the deductions are made for them, the Government Connection with them might be altogether got rid of when introducing the revision of the assessment in these Talooks, which is now under Consideration, by fixing the Varvah on the

P. 1 to 271

the land irrespective of such dues.—

4 It would not be necessary to relieve the holders of the Lands from contributing as usual to the support of their Davastanums, but it might be left to the villagers themselves to collect what has hitherto been paid by deductions, without the interference of the Government Officials.—

5 Similar deductions were given up to the people by Mr. Ravenshaw when fixing the assessment in other parts of the District as may be seen by a reference to Enclosure marked O which accompanied his Report to the Board dated 10th May 1808.—

6 From P. 272 to P. 565, in the Statement are deductions made on account of what are called Muddiasta and Jahry Davastanums. They are merely of rather more importance than the ones alluded to before as Chillara

Fort St. George 13th October 1855

chella Devastanums and the deductions
made for them Extend over several Villages
for each institution.—

7 The principle upon which
the deductions are made for them, is pre-
cisely the same as in the former cases,
but as the contributions are levied upon
other Villages than those in which the
Pagodas are actually situated, it would
not be an easy matter for the trustees
or managers to realize their dues in the
event of their being given up to them.
If it was considered unadvisable to
adopt such a measure, it would be
best to assign Grants of rent free Land
and include the deductions in the assessments

8 From No. 566 to 587 are deduc-
tions allowed for Pagodas situated partly
in this District and partly elsewhere,
which should also be commuted, I think,
into Grants of Land

9 From No. 588 to No. 668. are
items of deductions for certain Devas-
tanums in the Cuddalore Talook Jaw

same

Fort St. George 13th October 1855

some villages the deduction is at so much
Grain per Cawney and in others at a
fixed average sum of money. It would
appear right to give Grants of rent free
Land in lieu of them.—

10 From No. 669 to No. 737 are de-
ductions allowed as Charitable grants to
Brahmins and Pundarums in the Cuddalore
Talook, in lieu of their Sosuntrums formerly
resumed. I think it would be better to
discontinue the deductions and make money
payments to the Individuals equal to the
amount of the Sosuntrums they used to
enjoy but to lapse to Government upon
the death of each present incumbent.

No 738 to 741, is a sum of money
11
deducted from the Beriz of the resumed
Inungalore Jaghire villages in the Verda-
chellum Talook, and paid to certain
Virtanadars as this grant is simply of
a personal nature without any service
being attached to it, it may fairly be
discontinued

Mr. Cunliffe's letter to Board dated 18th August 1827. Para 14.

Fort St. George 13th. October 1856

discontinued at the deaths of the present recipients, being at once converted into a direct money payment from the Treasury.—

12 No. 762 to No. 764 is an endowment to a Choultry at Tripapaloor. The Management of the Choultry is in the hands of the Trustees. The present mode of Endowment might be changed into one of a ready money allowance to be applied by the Trustees under the Collectors Supervision.—

13 The Circumstances of the Endowment was explained to the Board by Mr. J. Dent the late Principal Collector in his report dated 31st July 1837

14 No. 765 to 789 are deductions allowed from the assessment of certain lands in the Talooks of Chellumbrum and Munargoody, known as Koilpurnay lands attached to religious institutions, which benefit thereby.—

15 As these deductions are of long

Fort St. George 13th. October 1856

To Board 20th. October 1827. Para 32

long standing and the Devastanums for which they are allowed, are in Existence, I think grants of rent free land might be allotted in lieu of them, equivalent to the present amount of the remissions.—

16 No. 790 to 812 are deductions made for the Cavilgar of Mangalore in the Virdachellum Talook. They might be commuted into ready money payments subject to audit for the life time of the present incumbent upon whose death they would lapse to Government, as ruled in Minutes of Consultation dated 30th. March 1852.—

No. 162.

To

G. S. Forbes Esqr.
Acting Secretary to the
Board of Revenue
Fort St. George.

395

Bd. No. 2538
From the Collector
of Madura

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue No. 1329, and dated the 28th May last, I have the honor to state that a careful search has been made in the Sub Collectors' Office and my own without success for any correspondence or endorsement on a Petition in which the Sub Collectors decision in the Amia-naikenoor Boundary dispute was confirmed by the Board. Mr. Clarke has personally informed me that he thinks that the assertion to that effect in his report, from which the statement in my own letter was copied, must have been derived from verbal information.

Madura
1st September 1855

/Signed/ R. D. Parker
Collector

Bd. No. 2676
395. 396
Proceedings thereon. The Board consider that Mr. Clark has shown good grounds for doubting the correctness of Mr. Davidson's decision and they consent to the matter being reinvestigated. The preferable course would seem to be by Punchayet under Regulation XII of 1816 but they leave this point for the collector to decide.

2. Mr. Davidson's decision seems to have been passed

10592 Fort St. George 13th October 1855.

Order thereon.

Ordered to be sent

Fort St. George 13th October 1855

passed in 1841 - The first of the Petitions under re=
=port are dated 1846 - and the Petitioners are stated,
in the interval, to have enjoyed some, if not all,
the produce of the lands in dispute. The delay
which has occurred would not bar an appeal in
a judicial proceeding, and as the Original
decision has not been confirmed by the Board,
there seems no valid objection on this score to
further enquiry into the matter.

Read again Estimate from the Collector
of Tanjore dated 19th and entered in Miscellane=
=ous Consultation 28th September 1855 of Charges
proposed to be incurred on account of additional
Establishment in Fusly 1265.

Ordered that the following letter
be sent in reply. -

1 Enclosure with Petition

Fort St. George 13th October 1855

Encl 2 to Bd. Lr. of Customs Bombay 27 April 1855 No. 73 from the Dy. Commander of Customs Salt and Opium dated 7th May 1855 No. 223

similar to that which occurred in the Month of April last, respecting which a reference was made to the Acting Commissioner of Customs Salt and opium, in which he stated that the Goods had not passed the Custom House in Bombay — In that case the goods were condemned to confiscation under section XXXIX act VI of 1844: but the penalty was commuted into a fine by the Collector under section I. XII. —

4. In this instance, the same course was pursued, the fine paid, and the goods released. —

5. The Right Honorable the Governor in Council will observe that so far from the goods having been over valued and the "Chintzes" valued at Rupees 225—6—8 the Jaconets found were valued at 120 Rupees, whereas the applicant himself valued them at 174—8—8 the Bundles valued at Rupees 400. by him said to contain 110 Pieces of Jaconet, was valued by the Appraiser at Rupees 225—6—8 —

Fort St. George 13th October 1855. —

6. The goods confiscated were as follows. —

			Rs.	A.	P.
Jaconets	48	Pieces	120	—	—
Bobbin Net	1	"	2	8	—
Spotted long cloth	1	"	5	6	8
Sarees	50	"	87	8	—
Scarfs	10	"	10	—	—
		Rupees	225	6	8

7. The penalty exacted Rupees 112—11—4; and as the offence was one of a doubly aggravated character, Viz:, from having been in the first, surreptitiously passed through the Custom House in Bombay and then attempted to be passed here contrary to the letter, and spirit of section XXXIX, I am of opinion that the party has been very lightly dealt with. —

Inbons 25th Sept. 1855.

2. As the Trustee of the Institution has consented to the arrangement, the Board of Revenue support the Collectors recommendation for the grant of 7 goolies of poonjah land assessed at Rupees 4-7-3 to Tiroomalay pillays Chuttrum, at Manaraparay, in exchange for land of the same extent and assessment to be given up by the Trustee for the erection of Houses for the Tahsildar and other Servants of the Ramagherry Talook

Read again letter from Mr. V. Sethsam dated 13th and entered in consultation 27th September 1855.

To G. S. Forbes Esqre

Acting Secretary to the Board of Revenue

Sir.

Fort St. George

3. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue of date the 27th Instant, requiring me to report on the application of Mr Sethsam for a reduction in the Peishcush charged on his Moottah of yacattoor.

402.

Bde No 2808

From the Collector of Chingleput 3-5-1

Reports on the application of the Moottahdar of yacattoor for a reduction of Peishcush.

Fort St. George 13th October 1855

2. Mr Sam founds his claims on the fact that according to the accounts recently prepared for the Subdivision of this moottah, the average actual Collections of the past 7 years gives a margin of only 10 per cent above the Peishcush with which it is burdened, and this profit he argues is hardly sufficient to cover the charges of management which he says amount to 14 per cent. It however appears to me that under the Conditions of the permanent tenure on which the Moottahs are held, the Moottahdars have no claim for a reduction of the Peishcush. The only ground on which the necessity of such a measure should be recognized is its being called for to enable the Moottahdars to relieve their ryots from the pressure of a heavy assessment. This ground does not appear to exist in the Moottah of yacattoor, where as quoted by the Board, the Dry lands under cultivation bore an

Fort St. George 13th October 1855

an average an Assessment of Rupees 1 8 2 and the wet of Rs. 1 10 5 per Cawney. The heavy rates on the Tottacaul are Common to all the Moottahs and Shrotriums, being those which formerly obtained in them when under Government Management, and which Consequently entered into the assets on which the permanent Peishcush was calculated, but from the small extent of this Description of Cultivation and its being used for the higher kinds of produce alone the pressure of their assessment is not particularly felt by the Ryots; when however a uniform moderate rate of Garden assessment is introduced into the Government Villages, it will be but fair to extent it to the ryots of Zemindaries and the Shrotriums, making a Corresponding reduction in the Peishcush payable to Government by the proprietors: which I do not believe, will involve a large sacrifice of Revenue

The

Fort St. George 13th October 1855

Wet	
Sheigal	1.88
Poik	129

Dry	
Sheigal	300
Poik	247
Anady	372
	919
Of which Cultivated on an average of 7 years	164

3. The claims of Mr. Sam on the score of inadequate profits yielded by his Moottah cannot be recognized. He purchased it with all its chances of profit and loss. But if an opinion were to be ventured from the Subdivision accounts before me I am inclined to believe that with the large extent of lands still available for cultivation as marginally noted, the Moottah ought to prove a profitable one under good Management.

Chinglepet District
Collectors Cutcherry
Sydapet

/signed/ C. J. Shubrick
Collector

Ordered that the following letter be sent in reply.

To. Mr. V. Seth Sam
Madras.

(402.403)
Bd. No. 2678.
To Mr V. Seth Sam
Madras.
Declining for reasons stated within to recommend a reduction in the peishcush of the yacattoor moottah.
In Consy Ltr to Bd No 155

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 13th September, praying for a reduction in the amount of Peishcush levied on your Moottah of yacattoor

In

Fort St. George 13th October 1855

From Chingleput 29th June inclos 9th Augt 1855

2. In the above letter you refer to the accounts recently prepared for the Subdivision of the Moottah, as shewing that a very limited margin remains after payment of the Peishcush, to cover the expenses of Management; the Board have accordingly referred again to those accounts in order to observe the rates of assessment on the Moottah lands; it appears that the dry lands under Cultivation pay on the average Rs. 1 8 2. and the irrigated lands Rs. 1 10 5 per Cawney. as these rates are in themselves moderate and are more favorable than those which obtain in surrounding districts, the Board cannot admit that any ground for reduction has been shewn

3. As regards the amount of profit realised by you from the purchase of this estate, the

Fort St. George 13th October 1855

the Board do not think it necessary to enter into a calculation I am directed to observe however that as the amount of cultivation for 7 years gives an average of 507 Cawnies of Punjah out of an ayacut of 770 Cawnies, and an average of only 164 Cawnies of Poonjah out of a total ayacut of 919 Cawnies; it would seem that the resources of the Estate are not yet fully brought into play, the demand of Government is limited in perpetuity while this area is available for the extension of Cultivation.

The Board must decline under these circumstances to recommend a reduction in the peishcush of the yacattoor Moottah.

5 Denkencottah
6 Dossoor

2 I beg to enclose a Statement shewing the result of the experiment since the date of Mr. Phillips'

Report

Fort St. George 13th October 1855.

report. It will appear from this State-
ment that on the 30th of June 1851, when
the last return was furnished to the
Board, the number remaining at that
date from the Original flock was
125, and that the produce from the
Country Ewes tupped by Merino Rams
was 16, making a total of 141 Sheep both
of Merino and Country blood.

The returns since received
shew no favorable result. The
increase in the Original flock
from the 30th June 1851 to July
1855 was 69, which makes the
total number of the pure breed
amount to 194, of which 112 or
nearly 3/4 are reported dead; so
that only 82 of the Original flock
remain. The increase from the
half bred stock was 15, making
a total of 31; of which 18 have died,
leaving only 13 of the cross breed
The present number of Sheep in
existence of both merino and Country
blood amounts to 95, or 46 less than

* Rams - 58
Ewes - 67
Total 125

+ Rams 7
Ewes - 9
16

* 125
69
194

Fort St. George 13th October 1855.

the number at the date of Mr. Phillips'
report.

The decline in the Merino
breed in this District was attributed
by Mr. Phillips to the want of proper
care and attention on the part of
the Ryots, and others, to whom
the Sheep were entrusted - I incline
to the same opinion - The minute
instructions issued to them, re-
lative to the feeding and breeding
of the animal have not been fairly
carried out, owing, no doubt,
to the greater expense which
attends the system compared with
what is necessary for the care of
the common Country Sheep.

recorded be submitted for the orders of the Right Honorable the Governor in Council with reference to Extract Minutes Consultation dated 6th February 1855.

Inbons 25th Sept. 1855.

2. As the Trustee of the Institution has consented to the arrangement, the Board of Revenue support the Collectors recommendation for the grant of 7 goolies of poonjah land assessed at Rupees 4-7-3 to Tiroomalay pillays Chuttrum, at Manaraparay, in exchange for land of the same extent and assessment to be given up by the Trustee for the erection of Houses for the Tahsildar and other Servants of the Ramagherry Talook

Read again letter from Mr. V. Sethsam dated 13th and entered in consultation 27th September 1855.

To G. S. Forbes Esqre

Acting Secretary to the Board of Revenue

Sir.

Fort St. George

3. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue of date the 27th Instant, requiring me to report on the application of Mr Sethsam for a reduction in the Peishcush charged on his Moottah of yacattoor.

402.

Bde No 2808

From the Collector of Chingleput 3-5-1

Reports on the application of the Moottahdar of yacattoor for a reduction of Peishcush.

Fort St. George 13th October 1855

2. Mr Sam founds his claims on the fact that according to the accounts recently prepared for the Subdivision of this moottah, the average actual Collections of the past 7 years gives a margin of only 10 per cent above the Peishcush with which it is burdened, and this profit he argues is hardly sufficient to cover the charges of management which he says amount to 14 per cent. It however appears to me that under the Conditions of the permanent tenure on which the Moottahs are held, the Moottahdars have no claim for a reduction of the Peishcush. The only ground on which the necessity of such a measure should be recognized is its being called for to enable the Moottahdars to relieve their ryots from the pressure of a heavy assessment. This ground does not appear to exist in the Moottah of yacattoor, where as quoted by the Board, the Dry lands under cultivation bore an
