Ward

Season 10. There is little or no difference in the state of the season between the past and present Fusles. In the months of May and June when the Cultivation of the Dry Crops and Dry Garden Crops commences, the periodical rains were partial in the Talooks of Womalore, Daramporry and Denkan-cottah, and there was no fall of it in the Talook of Salem. The fall in the succeeding months to the middle of November was not considered to be ample - it having however brought supplies to most of the Tanks, the Nunjah as well as the Garden and Ponjah Cultivation was commenced, but from the total failure of rain, from the middle of November to January the Crops suffered and the produce reaped was below the average quantity - From want of water in the Tanks certain Nunjah lands were left waste, and the Crops also perished in some of the lands of the same description in the Talooks of Salem, Womalore and

and Denkencottah-

Sanatory State of the Talooks-

11. This year has not been considered as a healthy one, Cholera was prevalent and fever and ague broke out in some places- the former disease especially caused many casualties. The great rise in the prices of grain was also a source of much distress to the people in general. The Cattle also suffered from sickness and want of pasturage-

Prices of Grain.

12. The subjoined abstract shows the average prices of a few descriptions of grain, which it is known are the principal products of the Talooks. Contrasted with the preceding year it shows a great rise in the selling prices. This is owing to the partial Crop reaped- from failure of rain at the proper season and to the exportations of grain made to the neighbouring Districts-

Kaboolyaty waste

14 In this year, of the extent which the Ryots agreed at the time of Pettum to cultivate, Acres 8,520.34.11 assessed at Rupees 18,370.2.5. was left waste by them of which acres 5,600.12.15 assessed at Rupees 13,287.3.4 was struck off the Summabundy, on due enquiry as regards their inability to bring the same under cultivation, and the remaining extent was included in the Settlement. It was more especially owing to the unfavorable state of the season, that such a large extent of land was left waste, but in addition to this cause, in the Month of July when "Rayeramahs" are generally tendered for lands, Cholera prevailed at the Cusbah and Suburbs of Penkencottah, and consequently the Ryots were greatly deterred by fear of the disease from going to the Tahsildar to relinquish their lands in due form. From these circumstances a greater extent, than usual, of land was left waste in that Talook.—

During

Kabooliyaty waste charged to the Ryots.

16 During the Fusly under report a great extent of land was left waste of that which the Ryots agreed to cultivate, owing to the unfavorable nature of the season and to the partial supplies received in the Tanks &c. - At the settlement every enquiry was made on these points and Acres 2,920-21-12 assessed at Rupees 5,082-15-1 was charged to the Ryots, but on a due consideration of the condition of individual Ryots the collection of Rupees 1,813-9-1, was ordered to be suspended. The particulars appear in the subjoined abstract. -

cultivation including the waste charged to the Ryots. -

17 The following statement shows the quantity of cultivation including the waste charged to the Ryots, which formed the land Revenue of the year. There is a Net increase in the Pairz of the current Fusly of Rupees 4,171-15-2 this is owing to a greater quantity of Poonjah lands being brought under cultivation in the Talooks of Salem, Womaloor, and Durampoory. - There is a large decrease in the Kunjah in consequence of great extent of land in the Talook of Denkencottah being left waste from want of water in the Tanks - I would here mention the great difficulty I experienced in getting at any thing like correct information of the quantity of water in the Tanks, in many instances the supply in one and the same Tank being stated to be sufficient for only one, two or four Months, varied according to the interests of the Villagers or the ignorance of the Carcoon, who had never perhaps visited the locality as a partial check upon such unsatisfactory explanations, I beg respectfully to suggest that Circular instructions be sent to the Tahsildars, directing that registers of the depth of water in all the principal Tanks should be kept, and forwarded by the heads of Villages periodically to the Tahsildar, in the same way as the Monigars in my Sub division, observe and report upon the condition of the Cavary Channels. -

Remissions on the Cultivation

18 The subjained abstract eschibits the remissions allowed on the Cultivation amounting to Rupees 51,318-15-5, which on comparing with the preceding year shows an increase of Rupees 1,268-6-., this is chiefly attributable to the greater exctent of Cowle and pasture lands taken by the Ryots, and to the larger amount deducted on account of Sibbendy in certain Villages, the Bariz of which increased during the year - A decrease of Rupees 219-10-3 has occurred in Agraharumdars shares on account of the decline in the Bariz of the Villages held on shares.

Under

25. Under the head of Sirr Moturpha there is a large decrease of Rupees 967 — — 6 this has occurred by the death and desertion of some of the Moturpha Puttahdars. and by the relinquishment by others of their trade on account of the trying nature of the season the tax was remitted in the cases of those who established themselves in agricultural pursuits, and also to certain females of indigent circumstances.

26. A Net decrease of Rupees 579 — 8 — 8 appears under the head of Sundry small Farms. this has been caused chiefly by a decrease in the rent for fish, amounting to Rupees 224 — 5 — 4 — arising from the scarcity of water in the Tanks and a decrease of Rupees 346 — 13 — 4 in the Sedagaud farm at Denkencottah, a portion of which viz. Bamboos and Trees, has been held under amany in July 1854, agreeably to the sanction of the Board of Revenue dated 27th July 1854.

27. There is also a decrease of Rupees 365 — — in the sale of stamps in consequence of less number of papers sold during the year.

Extract

D.C.

Fort St. George, 2d January 1856.

Extract from the Proceedings of the Civil Court of Madura dated 19th November 1855.

Read Petition No. 318 of 1855 presented by Soobramaneya Iyer Vakeel on behalf of Rattama Natcheyar daughter of the late Gavoreevullabah Pereya Oodia Taver Zemindar of Sheragunga by his 3d Wife Valoonatchyar praying with reference to Proceedings of Sudr Udalut under date the 5th July 1855, for reconsideration of her application praying to be allowed to sue in formâ Pauperis for the Establishment of her right as sole & lawful heiress of the said Zemindary upon the decease of the last surviving widow of her late Father.

Read again Petition No. 337 of 1855 presented by Savoomeya Natcheyar daughter of the said Zemindar by his 6th Wife Purvatha-vurdanee Natcheyar also praying with reference to the said Proceedings of the Sudr Udalut dated 5th July 1855 for reconsideration of her application praying to be allowed to sue in formâ Pauperis for the Establishment of her right as sole and lawful heiress of the said Zemindary upon the decease of the said last surviving widow of her late Father.

Read also proceedings of this Court dated 16th June, 20th September as well as proceedings of 6th November 1854 rejecting the prayers of the said

Petitioners.

Read also Proceedings of the Sudr. Udalut under date the 3d July 1853.

Read the decree passed by the Court A. S. No. 2 of 1845.

The Petitioners seek to be admitted pauper Plaintiffs to institute a Suit for the restoration of the Zemindary of Shevagunga from the hands of its present proprietor the Direct Heir Male of the Family.

The Privy Council was decidedly of opinion that the only point to be raised and adjudicated upon by the lower Tribunals was the division or non division of the Family.

The case was subsequently brought on the file of this Court by the deceased Unganoothoo Natcheyar and after a most patient hearing of the evidence oral & Documentary the preceding Judge Mr. Baynes gave a decree pronouncing that there was no proof of Division of the family and consequently dismissed the Plaintiffs Suit with costs.

She preferred an Appeal to the Sudr. Udalut A. S. No. 7 of 1849 but before that Suit came on for hearing the decd.

Subsequent to her decease several parties came forward and Petitioned the Sudr. Udalut to be allowed to carry on the Appeal instituted by the deceased Unganoothoo Natcheyar. their request however was rejected on the ground that the Petitioners did not appear before the Court as the direct Heirs of the deceased Appellant but as heirs of the late Zemindar the husband of the deceased Appellant, that they had separate interests and were not Paupers. Consequently the Court directed the Appeal Suit to be struck off their file telling the parties in effect that if they thought proper they must have recourse to a Court of original jurisdiction to try their claims.

This order the present Zemindar considered was tantamount to an order recognizing their right to sue as heirs of the deceased and a Petition was presented requesting the Court to give a decided opinion on this point.

In the Courts proceedings under date the 16th September 1852. it is stated that the order alluded to gave no such meaning but only directed the parties to present themselves before the Court of Original Jurisdiction "who would be guided as to the admission or hearing "of their claims by the Regulations in force". This Court is now called upon to give a decided order on this Petition which seeks to admit Petitioners as Pauper Plaintiffs to review the question already decreed upon by this Court. The point for consideration is under existing Circumstances, is the Decree of this Court which pronounced the Zemindar's family as undivided one to be considered final: the

Appeal

Fort St. George, 2d January 1856

Appeal from it having lapsed from the death of the Appellant and the Appeal Suit struck off the file of the Sudr. Adalut. & 2d. these pauper Petitioners cannot be admitted to institute a Suit upon a point already finally disposed of because by the Decree in question their right to appear in this Court as heirs has been entirely taken from them.

Upon due consideration of all the circumstances of the case and the position of these Petitioners, the Court is decidedly of opinion that the ends of Justice would not be met by an admission of these Paupers to sue. The admission would be a dangerous precedent opening a door to endless litigation and exposing the present Decree to the most harrassing and never ending litigation.

The admission of a Suit to try again the question of Division would only entail useless labour and call upon the Court to go over exactly the same ground as it had done before and it would place the Court in the false position of passing a Decree upon a point already finally disposed of by our former Judge a procedure never contemplated by the Legislature. Law and Common Sense alike point out the inexpediency of again reviewing the point which has been finally decided upon and further steps arrested as it was by the Decree of providence.

Holding this view of the matter the Court must necessarily reject this application on the above grounds - holding that the original Decree passed by this Court is under the existing circumstances final.

Sir.

With reference to Extract from Minutes of Consultation, No. 1160 of the 17th Ultimo, in which I am desired to report on Mr. Prager's case, thro' the Board of Revenue, I beg to refer to the correspondence noted in the Margin, and to forward the following information

2. Mr. Prager's Statement that the withdrawal of his licence to sell spirituous liquors was sudden and abrupt, is untrue - Constant complaints had been made to me of the irregular and improper way in which Mr. Prager, in contravention of his licence, sold small quantities of ardent Spirits, both in and out of his own House; and Mr. Prager had been warned that his licence would cease at the expiration of his lease on these grounds.

grounds - Strong representations were made to me by the then Commanding Officer at Ootacamund, of the facility with which the European soldiers brought small quantities of Spirits, and prayed the prevention of the evil. I add Copy of Major Hall's letter, dated 23d March 1849 No. 179. & Extract of one from Mr. Turner, 4th Feb. 1844. -

3. That the non renewal of his license ruined Mr. Prager, is equally incorrect - Mr. Prager kept an Auction and Commission Shop and failed in it, more than once. He could and did sell what wines he pleased. He could not properly sell any liquors to the soldiery, and as that class, and the consumption of spirituous liquors in Ootacamund by the better classes, was not likely to support Mr. Prager, Mr. Prager writers plausibly, as in his letter of 3d October, when it suits him. the enclosed original will show Mr. Prager's style and tone on the other side. -

dated 2nd Nov. 1855 and the without date -

4. There are, besides the Spirit contractor, licenses on the Hills all of old and respectable Stands. The 2 Parsees established above 30 years, Framjee and Jahonghear, Mr. Dawson's Hotel, and Mr. Davison's Do.; 5 licenses in all. Ample, I conceive, for the real wants of the Community more would be deprecated by all the respectable residents and House holders on the Neelgherries, and by the Officer Commanding Jackatalla. -

5. I need hardly add that a similar Complaint was preferred by Mr. Prager in 1850, and upon a report submitted by me it was rejected with the following endorsement, "The Government having received a report from the Acting Principal Collector of Coimbatore on the subject of this Petition approve of that Officers proceedings in the matter of the renewal of Mr. Prager's "license".

Fort St. George 2d. January 1856.

"License." a similar decision was also passed by the Board in Extract from their Proceedings of the 24th. December 1849.

6. The Board will remark that Messrs. Edwards and Co. in their application contradict Mr. Prager's want of a license. and Mr. Atkins, once Mr. Prager's partner, whose letter is enclosed, shows that the very Original License Mr. Prager complains of loosing was not in Mr. Prager's, but Mr. Atkin's if the Board think any more necessary I would first recommend in Mr. Etienne an old and very respectable applicant to me tho' he has not troubled the Board.

1. I have the honor to forward herewith the complaint on oath of Mr. Felix Joachim Superintendent John Stanfield against Mr. Prager for illicit sale of Brandy, to one Patrick Meehan who is a Private of the 2d. European Light Infantry residing on General Gibsons premises at Kotagherry together with the depositions of J. Darling and P. Meehan and the Statement of Mr. Prager.

2. As Patrick Meehan has resolutely refused to state in reply to my repeated questions, from whom he obtained the Brandy, which

which Mr. Darling swears was taken from the box which was carried from Mr. Prager's shop to his own and thence to Kotorgheri=ry I shall feel obliged by your informing me if Patrick Mechan has not rendered him=self amenable to the provisions of Section I Act XXX of 1841 He states that he is prepared to pay the full amount of the fine and I have no doubt that he will be assisted by Mr. Prayer of whose participation in the transaction I have little doubt although in consequence of P. Mechan's declining to tell the whole "truth" required of him in accordance with the oath he has taken there is not I conceive sufficient proof to warrant my committing the case for trial.-

Extract from the Minutes of Consultation in the Revenue Department under date the 18th December 1855.

Read the following letter from Surgeon E. G. Balfour Government Agent at Chopauk.—

Extract from a letter from Surgeon E. G. Balfour Government Agent at Chopauk dated 31st October 1855 No. 70

Extract Minutes of Consultation 15th October No. 1152 of 1855. — Resolved that the above letter with the Summuds that accompanied it, be forwarded to the Government Agent at Chopauk with a request that he will be good enough to give his opinion on the point submitted in Para 1 and on the suggestion conveyed in Para 2.—

Para 1 In returning the three Summuds received with the orders as per Margin I have the honor to report that there

there is no doubt as to their perfect authen-
=ticity. —

2 The seals on them are those of his Highness the late Nabob Mahomed Ally who is so generally known in South India by the title "Wallajah which he received from Delhi in 1765 — but as each of the three seals differ, Mr. Parker had just grounds for doubting their genuineness, and in explaining the Summuds, I will explain the cause of these differences of their seals. —

Summud C. 3. The Summud marked by me C, bears a seal of Mahomed — Ally engraved in the year 1156 Hijree 1743, A. D. the document itself however is dated 4 years later, Viz.t on the 24th Shaban 1160. 16th August 1747, and as both of these dates are prior to the fall of Anwaroodeen Khan, on the 3d August 1749, at the battle of Amboor, Mr. Parker, evidently justly, asks how this Summud could ever have been issued by Mahomed Ally and

and what authority he had to do so —

4 It will however be re-
=membered that some time after the Nabob Dost Ally was slain Nizam Ool Moolk who had usurped authority over all the Southern Provinces chose to recognize Dost Ally's Infant grand son Syed Mahomed as the rightful Nabob of the Carnatic, and com-
=mitted the lad to Anwar Ood Deen's care. The boy was shortly afterwards murder-
=ed, however, and Nizamool Moolk then recognized Anwerood Deen Khan as the Nabob of the Carnatic. Anwar ood Deen was then about 96 years of age, and he gave his son Mahomed Ally, charge of the Fort of Trichinopoly and of all the surrounding districts, which though meeting with many vicissitudes, until the murder of Chunda Sahib in 1752 placed all the Carnatic in his power Mahomed Ally never again lost. The chieftains of Southern India however, though all acting with independence,

ever

ever affected to hold their power from the Emperors of Delhi and the three seals on these Sunnuds show that Mahomed Ally was not any exception to this rule as he in each of them styles himself the servant of the Emperors.—

5 When his father fell at Anwar boor in 1749 he retreated and found a refuge for the wreck of the Army in his fortress of Trichinopoly; and the following year when we recommenced the contest with Chunda Sahib and were unsuccessful Mahomed Ally and the English again took shelter in that fortress and opened a negotiation with M. Dupleix to recognize Chunda Sahib provided Mahomed Ally were guaranteed in the Zemindaree of Trichinopoly.—

6 While Killedar of the fortress of Trichinopoly and Zemindar of all its dependencies and in his father

*corresponding with 1156/1743 Mahomed Ally Khan devoted Servant of Mahomed Shah, King defendar of the faith.—

father Anwar ood Deen Khans life time it is evident that Mahomed Ally had granted the Sunnud (C) dated 24th Shabbaan 1160. 16th August 1747 and the Seal on the Sunnud supports this view, as the words on it, *shew him to have then been holding an inferior position to what he afterwards attained.—

7 Sunnud B. After the murder of Chunda Sahib in 1752 Mahomed Ally thus left without a rival was invested in the Sovereignty of the Carnatic in the year 1755. at Arcot, and the date engraved on the Seal in the Sunnud Marked B/1174/1760/ is subsequent to this instalment.—

Corresponding with 1174/1760 Comdut ool Moolk Surgjood Dowlah Anwar ood Deen Khan Bahadoor Munsoor Jung, Devoted Servant of the King Defender of the faith.—

8 He also adapted as a title, his father's title of Anwar ood Deen Khan* which however no other of the succeeding Nabobs have continued to use, the words on the seal are as per Margin

+ Anwar ood Deen Khans Name was Mahomed Anwar.—

Vane

and the date of the Summud B is 5th. Rubbee ool Awul 1175. 4th. October 1761. —

Though neither of the two Summuds A and B above described are registered in the Books of the Carnatic Durbar, for there were very many Sunnuds never so registered there is no doubt that they are quite Authentic, and it is believed that they may be found registered in the Record office or in the Revenue Board office, after the year 1801.

Summud A. Subsequent to the above date in the year 1765 Mahomed Ally was confirmed by a firman of the Emperor of Delhi as Nabob of the Carnatic. —

corresponding with 1179 1765: 6 Ameer ool Hind Wallajah, Comdut ool Moolk Surajood Dowlah Anwar ood Deen khan Bahadoor, Munsoor Jung, Sepah Surdar Devoted Servant of Shah Alum Bahadoor King Defender of the faith year of reign 5. —

the firman declaring him independent of the authority of the Emperor under the titles of "Wallajah Ameer ool Hind" and the date on the seal of Summud A

A (1179 1765) is subsequent thereto. the words on the seal are given on the Margin and the date of the Summud itself is the 12th Zeehaida 1179. 22d. April 1766. This Summud (A) is registered in the Circar records. —

Shave attached to each Summud its translation and return them for retransmission to Mr. Parker ashe will see that all the three Enams to which these Summuds relate were merely personal allowances granted to individuals for the life time of the individual, or for the life or tenure of office of the grantee; and that if we be still, in the year 1855 making these payments to the descendants of the original holders or to any other persons we are merely doing so in ignorance of the condations of the grants, or out of a wasteful extravagance which no Native ruling power would ever have committed. —

Fort St. George 3d. January 1856

Para 1 In his letter of the 2d. October last, the Collector of Madura recommended that a reference should be made to the Government Agent to Chepauk respecting the authenticity of three Summuds with reference to the seals which they bore and suggested at the same time that Mr. Balfour should be requested to draw up a short treatise on the seals used in Summuds in South India and on the Princes entitled to grant such Summuds; and this suggestion was referred for Mr. Balfour's consideration.—

2 In his reply above recorded Mr. Balfour states that there is no doubt of the authenticity of the Summuds in question and explains in paras 2 to 11. the grounds on which this opinion is founded. In the remaining paras of his letter, he reports on Mr. Parker's suggestion relative to the preparation of a treaty of the nature above alluded to, the importance of which he fully recognizes.—

Fort St. George 3d. January 1856

3 It has already been resolved by Government that the Enam tenures shall be investigated conjointly with the prosecution of the general Survey, and so far as concerns Enams and Yeomiahs in the Carnatic, purporting to be held under grant from any of the Nabobs, a Manual of information such as Mr. Parker has in view will be extremely useful to officers conducting such enquiries whether now or on a general system. The Government resolve therefore to request that Mr. Balfour will be good enough to draw up in his capacity of Persian translator a treatise of the kind suggested by the Collector of Madura.—

4 Resolved that a copy of Paras 1 to 11 of Mr. Balfour's letter together with a copy of the present order be forwarded to the Collector of Madura through the Board of Revenue, and that the original Summuds and other papers received with reference under

With reference to your statement of actual charges under Estimate for Fusly 1264 dated 29th October and received 15th November last I am directed to request further information regarding item No. 5 Viz. "House Rent for lodging Native records belonging to the Circuit Cutcherry at Sydapet."—

2 The Board observe that the charge has been doubled since February last without any intimation to them.—

3 They also wish to know why the charge is incurred for the whole year.—

4 The Board believe it was understood that the permanent residence of the Collector of Chingleput at any other station than Conjeveram should not entail any extra charge on the state.—

From the Collector of Malabar

Sir

Since the receipt of the Boards Circular order dated 27th July 1848, it has not been usual in this District to report the death of incumbents in the receipt of Maulikanah, unless the continuance of the same on any of the grounds adverted to in the said order admitted of any doubt.—

2 My predecessor in his letter dated 27th June 1848 brought to the notice of the Board inconvenience to which the successors would be subjected by complying with the orders of Government dated 26th April 1845 which had special reference to cases of Maulikanah and under the subsequent order above quoted it

Fort St. George 3d January 1856

it appears to have considered a report of lapses in such cases unnecessary except whenever there were any grounds for a doubt.—

3 I do not however feel sure that this view is altogether correct and therefore request to be favored with the Boards orders as to whether I am to report lapses among recipients of these allowances or to follow the course adopted by my predecessor.—

2 Those prepared in this District are not open in any considerable degree to the objections Enumerated in Para 6 of the Minutes of Consultation of Government of the 11th June last. The Paddy or measure in which they are expressed is the Madras measure struck. The prices are those of the past month and such as prevail in the Towns of Dindigul Madura and Ramnad, which I think a more reliable criterion of the average price of the District than one struck from returns from a great many different places selected without discrimination, as another objection set forth in the Proceedings of Government is thereby obviated Viz.t "the quantities sold at the different prices not being considered"

Sir,

In reply to your letter, No. 3337 Dated the 15th instant, I have the honor to state for the information of the Board of Revenue at Madras that the whole of the articles specified therein are treated at this Custom House as Manufactured articles unenumerated in the Schedule.—

2 The principal to be observed in classifying articles under the different headings of the Schedule is explained in the following extract from a letter from Government to the late Board of Customs Dated the 20th July 1836 No. 640.—

"The duty laid upon unenumerated
"articles is the general Duty upon Imported or
"Exported Goods. The specified Items are the
"exceptions, the latter therefore must be construed
"strictly. Thus only such articles as consist entirely of
"Metal, will be entitled to the Special Duty provided
"for Metals in a wrought or unwrought state, while
"Guns, Mathematical Instruments &c. are rightly
"proposed by the Board to be regarded as unenumerated
articles."

"articles, so mixed Cotton and woollen Goods, on the other "hand plated wares and Ward ware consisting entirely of "Metal must be rated as wrought Metal".

Proceedings thereon.

In reply to Messrs. Commaido & Co's application for a refund of the Duty of 10 per Cent levied upon the foreign Guns and Musical boxes imported by them, Mr. Underwood states in his letter of the 29th November that it is the practice in all Custom houses to treat articles of this description as wrought Metal: On this ground 10 per Cent was levied on Messrs. Commaido & Co's Goods which are of foreign origin.

2 — Being of opinion that Mr. Underwood's classification of these articles was erroneous, the Board referred to the Collector of Sea Customs at Calcutta to ascertain the practice obtaining there, and are informed by Mr. Young that articles manufactured from Various Substances combined are treated as "unenumerated in the Schedule" under orders from the Bengal Government dated 20th July 1836.

3 The whole of the articles therefore

therefore which have been imported by Messrs. Commaido & Co as well as all foreign watches and Clocks are liable only to a duty of 5 P Cent. The Board resolve to forward to Mr. Underwood Copy of the letter received from the Collector of Sea Customs at Calcutta; they are not aware on what grounds Mr. Underwood has stated in his letter of the 7th December 1855, to Messrs. Commaido & Co. that the orders under which he acts precluded him from referring this question for decision by the higher authorities similar references having been not unfrequently made to them by him.

Copies of these proceedings will be furnished to the Collector of Sea Customs and to Messrs. Commaido & Co.

Bd's No. 3727

From the Military Board.

Sir,

I am directed by the Military Board to request you will explain to the Revenue Board that they have not been furnished with Copies

copies of the papers connected with the Establishment of Printing Presses, but presuming that the Revenue Board desire to obtain the suggestions of the Military Board on which your Board can decide on the future arrangements about these Printing Presses. I am directed to state as follows.—

Before any change can take place in any Office Establishment by reason of the introduction of Printing it is essential that the Press should be established in practical working order with plenty of Type and Blanks with spare articles of all Kinds.—

As to the possibility of diminishing the Office Establishment of a Collectorate the Board believe that with a Printing Press this is quite feasible, but the Press must be in perfect order and complete with Type and every article.—

To enable a Collector to reduce his Establishment the Printing should be extensive and in fact every paper of which 3 Copies are required, should be Printed.—

The

The Native Language of the district will require Type and in ample quantity to allow of "Forms" being kept standing for some days.—

The greatest utility of a Printing Press will be found in the Heads of the Office never being pressed for "Proofs" on the plea of scarcity of Type, and as this is moderately priced there is no reason for not having an ample supply.—

The Board do not learn from your communication the exact mode in which Funds are to be supplied to lay in a stock of Printing Presses, but the Board would advise that a supply of Iron Presses with a Gally Press for each and abundance of English Type should be obtained from England, or if the Iron Presses be considered to expensive, the wooden Press might be made up in this Country and the Type ordered from Home, the Native Language Type being procured at Madras.—

The Board would also advise a complete allotment of all articles for a Printing Press being made out as the omission of the smallest article will be a hindrance to the Printing.—

It

Fort St. George, 3d January 1856

It is within the knowledge of one of the Members of the Board that very useful Memorandums were drawn out and lists of Articles required for a Press Prepared by Sayrami Chetty, and it is believed that Mr. Bourdillon also prepared a report on Printing and the Military Board would suggest a reference to these papers for useful information.

The Military Board fear that the information they now offer your Board will be of little practical utility but when they have expressed their confidence in the utility of Printing Presses in each Office of any extent on the condition of being amply supplied with Type of all Kinds and other articles, the Board have expressed all that is necessary to ensure success: and the Board may add moreover that every Collector has work sufficient to employ two or three good Printers at least.

If any thing further can be done by this Board to assist your Board in carrying out this useful measure, you may rely on the readiness to aid their efforts.

inform. 3rd Jan. 1856

To

The Secretary
Military Board

Sir,

I am directed to acknowledge the receipt of your letter dated 22d Ultimo, regarding the establishment of Printing Presses in the Offices of the Collectors in the interior.—

2 I am instructed to explain that the Presses have already been provided, and that the Government have as stated in my letter of the 13th December 1855, approved of the arrangements suggested by the Board of Revenue. The Presses will be despatched to their destination immediately and be brought into operation as soon as possible—

3 The subject on which the Board were desirous of receiving the sentiments of the Military Board was the mode in which the Mofussil Departments under the Control of the Military Board could most conveniently contribute towards the maintenance of the Presses at their stations (if they have recourse to them) and the probable amount of their contributions.—

4 On no other point was any doubt entertained or any difficulty anticipated.

5 The Presses though set up in the Collectors Offices will work also for the Military Judicial

Fort St. George 3d January 1856

Judicial and other Departments, each of which (if employing the Prefees) will have to contribute towards the maintenance of the new Establishments in one of the modes suggested in para 6 of my letter of the 13th Inst. It was never intended, nor could it be expected that the Prefees should work gratuitously for other Departments while their expences should be provided from the Collectors' establishments of the inefficiency of which to perform the duties now imposed on them, the members of the Revenue Board have personal and practical experience.

I am therefore directed to request that you will move the Military Board to favor the Board of Revenue with their opinion as to the mode in which the Offices subordinate to your Board in the Provinces can most conveniently contribute towards the expense of maintaining the Prefes at their Stations (if they make use of them) and the probable amount of their assistance in this manner.

B. No. 32
From the Collector of South Arcot ...

Submitting a report on the outstanding balance of Revenue in the District on account of Fusslies ranging from 1250 to 1263 with 2 statements apperteining thereto.

In reference to the Extract from the Proceedings of the Board of Revenue dated 31st May last No. 1331, on the subject of the outstanding balances of Revenue throughout the Presidency I have the honor to submit the following report on the arrears of this District as they stood at the close of the past fusly 1264. on account of fusslies ranging from 1250 to 1263, both inclusive.

2 In his report dated 25th September 1852 the late Collector Mr. Maltby pointed out that the arrears of Land Revenue for fusslies prior to 1260 amounted to Rs. A. P. 37,093-2-5. out of which he recommended that Rs. A. P. 25,183-6-6 should be struck out of four accounts as irrecoverable, which was done by the order of Government dated 5th July 1853, leaving a balance supposed to be recoverable of Rupees 11,909-11-11 of this sum Rs. A. P. 4,758-4-7 have been since realized but a considerable addition has been made to the remainder by the balances of the four subsequent Fusslies Viz. from 1260 to 1263, both inclusive.

3. The following shews the arrears in question as they actually were at the close of 1264 after deducting the Collections made since Mr. Maltby's report, and the sums recommended for remission as noted in the accompanying statement but not yet sanctioned.

Statement

Table	Amount		
Fusly 1250	408	3	9

Total	19,234	9	6

4 By this the Board will observe that the total then outstanding amounted to Rupees 19,234-9-6 of which the large sum of Rs 10,448-10-1 belonged to Fusly 1263 which it will be remembered was the year of severe drought and scarcity.

5 I subjoin a statement shewing the amount of these arrears in each Taluk of the District classed under the Heads of Recoverable Doubtful of Recovery and Irrecoverable.

6 The nature of the foregoing balances does not seem to require any particular explanation. They are all arrears of Revenue due by Ryots on account of the land settlements of the different Fuslies against which they stand.

7 As far as the enquiries I have been able to make go the sum of Rs 6,051-4-8 May fairly be regarded as irrecoverable, and I beg therefore to solicit permission to strike the items which compose it out of my accounts.

8 I am adopting measures to ensure the speedy realization of what is recoverable from the Ryots either directly or indirectly by the sale of their property. Circumstances have been somewhat adverse to the attempts which have hitherto been made to collect these arrears, but still I think that a larger proportion of the sum which Mr. Mallby set down as recoverable and Doubtful of recovery ought

ought to have been realized by this time than has been actually brought to account. The only excuse seems to be the extreme badness of Fusly 1263 the effects of which were much felt in the following fusly

9. A statement in the prescribed Form shewing the particulars of the amount (Rs 6051-4-8) which I now recommended for remission accompanies this Report, but I may here briefly mention the grounds upon which my proposition rests as detailed below. —

Amount of arrears due by deceased Ryots		419-4-10
Dº by Ryots who have deserted their Villages		383-1-10
Dº by do who are unable thro' poverty to discharge the demand		2,839-9-8
Dº by Dº against whom the demand has been found incorrect		1376-11-10
Kavil Fees in the Pallicondah Saghir suspended by order of the Board dated 16 June 1853		840-13-2
arrears standing against certain Ryots holding land in dispute between Brichi: = nopoly and this District people		191-11-4
		6051-4-8

10 The investigation I am now carrying on and the measures I am about to adopt with a view of adjusting that the portion of the outstanding arrears which I have classed as recoverable will probably shew that it will be necessary to give up a further sum in addition to that which I have recommended should be at once relinquished but I am not at present prepared to say how much it will be.

11 I have reason to think that when the people see that the just demands of Government must be paid many will discharge the sums due by them rather than have their Lands sold. —

12 Besides the arrears alluded to in the foregoing

there are Rs 3457-12-7 standing in my accounts as out-standing balances under the head of Sevoy Jamah as shewn in the following statement in which I have distinguished the particulars which appear from the enquiries already held to be recoverable and irrecoverable. I have no hesitation in recommending that the sum Viz Rs 1138-12-1 stated to be irrecoverable should be struck out in the accounts. —

13 The particulars of arrears which I beg to be allowed to remit are as follows. —

Dues

Fort St. George 3d January 1856

Due by deceased Ryots	130-5-8
Do by Ryots who have left their Villages	73-13-10
Do by Do who have positively no means of paying	359-6-11
Do by Do against whom the demand has been found untenable	326-5-5
Do discharged for lands in dispute between this and the adjoining District which has been already paid in the latter	248-12-4
	1138-12-1

14 The remainder may be allowed, I think to stand as recoverable till I have been able to ascertain positively what portion of it is so or not, I am now adopting measures to effect the realization of such sums as can be readily collected and I expect that by the close of the Fasly a final adjustment will be feasible.

15 The Sevoy Sumah arrears are allowing as in the Case of the Ain land Revenue by individual Ryots against whom

such demands should never have been allowed to remain unadjusted for the length of time that a great part of them have been.

16. I beg to forward herewith a Statement shewing the particulars of the arrears in question.

Sir,

From the Collector of Chingleput } Submits a Statement of Yeomiahs paid in the District

In compliance with the orders conveyed in your Circular letter of the 29th August last I have the honor to forward a Statement in the prescribed form shewing the Yeomiahs at present paid in this District. It has been prepared from the list kept in my Office under the Board's Circular Orders dated 18th January 1821.—

2 The Yeomiahs paid are 18 in number and are with the exception of a life Yeomiah of a permanent character being granted for Services rendered at Mosques &c. and are liable to forfeiture only on the discontinuance of the Services a circumstance which lessens the inducement for imposture.—

3 The Yeomiahdars if males or not Goshe are required to draw their allowances in person and are once in six Months examined before the Collector or his European Assistants with the aid of a descriptive Roll kept in his Office.—

In

In respect of female Yeomiahdars who may be Goosha the Certificates of other Yeomiahdars drawing at least one half of the Yeomiah are required. The Rules laid down in the Board's Circular Orders dated 18th January 1811, 1st July and 16th December 1830 and 10th March 1851 are strictly obeyed and no case of imposture has come to light for many years past.—

4. A foot note has also been appended to the Statement shewing the Amount of Yeomiahs paid originally the Lapses that have occurred and the number that remain. The Statement has been very difficult to prepare and its usefulness for the purpose for which it is required has been impaired by the frequent transfers and retransfers of Yeomiahs from one District to another.—

5. In the absence of any accounts shewing the ages of many of the Yeomiahdars and owing

owing to their frequent transfers as above referred to I am unable to furnish a Statement shewing the rates of lapses among males and females classified according to their ages. The ages of the Yeomiahdars now living are shewn in the Statement.—

6. I beg to add with reference to Para 2 of the Board's Proceedings of the 21th July 1855 that there are no other hereditary allowances paid in this District whether to dispossessed Poligars or other Parties.—

From the Collector of North Arcot

Sir,

Adverting to Extract from the Proceedings of the Board of Revenue, dated 28th October 1804, calling upon the Collector to ascertain and report, what portion of the Moturpha Revenue has the form of a Quit Rent, I have the Honor to state for the information of the Board of Revenue, that that portion of the Moturpha which is collected from the four Sources noted in the margin, may be classed as Quit rent, and be fairly applied to municipal purposes.

2 The total Moturpha Collections realized in this District in Fusly 1203 amounted to Rupees 38230: of which the Sum of Rupees 22,617 accrued from the four Sources mentioned above, as noted in the Margin.

3 In the event of its being decreed to confine the proposed Sanitary improvements to the larger towns, a considerable diminution in the amount of present realized from the four Sources must be anticipated, as it would doubtless not be considered equitable that the Smaller towns and Villages should be taxed for improvements benefiting exclusively the larger towns.

4 I have therefore given in the Margin the proportion of the 6 taxes Collected from the Smaller towns, and that realized from the 17 larger towns named in the Margin.

5 With reference to the concluding clause of the orders of Government I beg to state that the accounts in my Office have been found sufficient to yield the necessary information, and that therefore no communication on the subject has been made to the
