Read the following Papers.

No. 315.

To,
G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

157.

No. 3079. Sir,

From the Collector of Tinnevelly

Reporting in reply to the Board's letter of 25th April 1855 upon the difference between the reported and actual value of the Village of Malliancolum recently acquired from the Travancore state in exchange for the Company's Village of Poolicary.

1. I have the honor to reply to your letter of 23d April on the subject of the difference between the reported and actual value of the Village of Malliancolum recently acquired from the Travancore state.

2. I regret that the fact of a difference was not brought to the notice of the Board immediately after the transfer of the Village but as the arrangement was already completed and it would have been altogether inexpedient for many reasons to give up the Village again there seemed to be no immediate necessity for reporting to the Board before the exact value of the acquisition had been ascertained. The cause of delay in ascertaining the value has already been explained, Viz. the difficulty of measuring the lands which were

under

Fort St. George 8th December 1855.

under Cultivation at the time of the transfer &
and the calamitous nature of the following &
season when it was thought better not to in-
=terfere with the order of things to which &
the Villages were accustomed.-

3. It will be seen from the accompanying
Copy of papers* received from the Resident of
Travancore, that what was stated in his letter
of 14th September 1846 as the average revenue
derived from Malliancolum, was in fact as
the Beriz of a particular year and that &
it included several Items of an occasional
description and no deduction was made &
for the pay of the Curnoms and Thundul-
=cauns. It will be seen also at foot of
Statement+ that the average Collections for
7 years mentioned in para 1 of my letter of
23d March last was incorrectly stated by
the Curnom it should have been Rupees
1602 instead of Rupees 1537 after deducting
pay of Curnoms &c.-

4. The point of importance however

&c.

Enc: No. 1 dated
24th July 1855.

+ Enc: No. 2.

19649. Fort St. George 8th December 1855.

is whether the Company's Government is a loser
by the exchange of Pooliary for Malliancolum-
5. From the subjoined comparative &
table of the actual Collections of the Villages &
which were exchanged for 10 years preceding the
transfer it will be seen that too high a value
was accidentally assigned to them both and
No. 3. from the Statement given in Enclosure No. 3
it will be observed that taking the values of
the respective villages according to arrangement
proposed in my letter of 5th September last
for reducing the assessment and any alteration
I am about to submit for approval in the &
rate of assessing certain tanks in Malian-
=colum set down in my letter of 23d March
last the remaining values are in favor
of Malliancolum and that the Company's &
Government will be rather a gainer by
the exchange.-

Total	17328			15832.	
Average	1733			1583	

6. The Village of Maliancolum being situated on the borders of the Sharemmadavy Talook is placed under the management of the Sub Collector in whose Division that Talook lies. But the Summabundy of the Sub Collectors' Talooks having been made by me for last Fusly the affairs of Maliancolum were brought more immediately under my own notice than they had been before. At the request of the Ryots the wet lands have now been measured and the result giving an increase of 19-5-5/8 Marcals above the extent mentioned in my report by reducing the Travancore Ayacut extent to our standard admitted by the Ryots. The Settlement was made according to the recommendation contained in my letter with one exception above referred to, and which I now beg to lay before the Board for their favorable consideration as it involves some decrease in the Beriz.

7. The Ryots objected that the Mail: warum rate proposed to be placed on the lands under 3 rain fed Tanks in the Hamlet of

of Poothoocody according to that of the neigh=
=bouring Caracoorchey rain fed Tank lands on
Grain Cottahs 2–18–3 Mor 3n was too heavy and much
in excess of the old Travancore rate of Grain
Cottahs 1–5–5 and begged that the Manlwarum
rate of another near rain fed Tank lands on
Cooloomady might be taken instead amounting
to Grain Cottahs 1–11–3 and as it appeared on
that the objection of the Ryots was reasonable
I granted their request for that Fusly subject
to the Board's approval for future years on
which I hope will be accorded – The difference
of Beriz as the Board will perceive will be
126 Rupees on the ayacut and 56 on the ex=
=extent of Cultivation in last Fusly, but the
effect on the average Beriz I believe would
be advantageous as it is probable that at
the rate first proposed a good deal of
land would always be left waste –

Enc: No 4.

8. Connected with this subject is
a correspondence which has taken place on
I have to bring to the notice of the Board
with

Enc: No 5.

with the Resident of Travancore regarding future
duties which since the removal of our Con=
=houkey from Pooliary to Elvunjee the
people of the Shencottah Talook of Tra=
=vancore have become subject to – The duty
collected on Export not intended to go
through the Pooliary Pass into Travancore
proper but for consumption in Shencottah
Talook during Fusly 1264 was Rs 234–2–6 –
Do on Imports from
Travancore Villages lying
east of the Pooliary pass
in the same Fusly Rupees – 46–13–11 –

9. I beg to recommend that these duties
may be remitted on the principle recognized
by the Government in their letter to the
Government of India dated 29th April
1851. para 2 "to liberate from frontier
duties articles of local consumption
and petty traffic," and under the same
precautions as duty is now remitted on
articles passing a Company's Chouhey
from

of Poothoocody according to that of the neigh:

No. 1376.

To, Lieutenant General W. Cullen.
British Resident of
Travancore.

8th 8th 8th

Sir,

With reference to your letter of the 13th Ultimo, No. 1125 and my reply thereto No. 1180. dated the 27th Idem, I have the honor to submit herewith a Statement marked A since received from the Tahsildar of Shencottah shewing the Items of the revenue of the Maljancolum Mayam composing the Ayacut amount of Rupees 4,462—8—11. the average or Voothespoo amount of Rupees 1,615—a—10 as it stood at the time the Voothespoo system was introduced Viz. in 998 and the latter amount as it stood in 1020.—

It will be perceived from the above Statement that the Voothespoo amount of revenue as established in 998 was Rupees 1,615—a—16 while the same amount is furnished to you by the Dewan Peishcar in 1746 according to the Collection

of 1020 was Rupees 1916–8–0. The difference of Rupees 301–7–2 is accounted for as follows.–

As the Voothippoo system was made applicable only to the several Items of Revenue comprehended in the permanent Ayacut certain Items of Exctra revenue stood unaffected thereby and the amount recovered under these latter Items in 1020 as exhibited in the lower part of the Statement, Viz^t., Rupees 154–12–7 together with an additional amount of revenue recovered in 1020 on reclaimed lands &c^a the same as affected by the Voothippoo and amounting Rupees 146–10–7 was added to the Voothippoo amount of 998. namely Rupees 1615–0–10 which made as the total amount of Voothippoo equal to Rupees 1916–8– the amount as furnished by the late Dewan Peshcar Rashava Pillay in 1846.–

1761–11–0–	
1615–0–10–	
146–10–7	

* 154–12–7 / 146–10–7 / 1615–0–10 / 1916–8–0–

From the above it will be evident that the account furnished by you to the Collector of Tinnevelly in 1846 was a correct one and that the Curnom must have made some mistake in his account of the revenue of

of the Malayancolum Manyam although I cannot now exactly conceive what that mistake could be.–

I also submit herewith another Statement marked B shewing the Collections of revenue for 10 years between 987 and 996 both inclusive on which the average or Voothippoo was struck.–

You are aware that the Voothippoo was calculated only on the Collections for 10 years and not on the demands for these years in order to avoid any cause for dissatisfaction on the part of the Ryots and that the intention was to limit the system as a trial to 3 years although circumstances have not hitherto permitted the intended revision of the Voothippoo system.–

Hoozzoor Cutcherry, Trevandrum, 21st July 1855.

Encl. No. 5

No. 1552.

To C. J. Bird Esqr.

Collector of Tinnevelly.

Sir,

I have the honor to submit for your consideration an Original Petition from certain Inhabitants of Shencottah representing the inconvenience they experience in the position of the present Chowkey at Elengie as compared with the system that obtained when the Chowkey was at Pooliary. the grain and other articles passing from one Maniem to another or from Shencottah to Tencausey and vice versa for the sole use of these Districts are now charged duty as if they were going to and from Travancore, while formerly they were exempt from all such exactions.

I would request the favor of your enquiry into the circumstances and whether any remedy for the present inconvenient system could be suggested.

President's Office
On Circuit,
Courtallum 15th August 1855

I have &c.
Signed W. Cullen
President

To

1964 Fort St. George 8th December 1855.

To Lieutenant General W. Cullen
Resident of Travancore.

Sir,

With reference to your communication dated 15th August last No. 1552 giving cover to an original Petition from certain Inhabitants of Shencottah /herewith returned/ I have the honor to state that I do not feel authorized to direct the discontinuance of the practice of collecting duty on Grain and other articles passing from Shencottah to Tencausey &c and vice versa as it would be an infringement of the provisions of Act No. VI of 1844.

The Chowkeydar of Pooliary was directed by an order from this Office dated 20th October 1852, not to stop articles covered by pass ports passing from one place to another in the Travancore state by one Frontier chowkey since the receipt of your letter under reply another strict order has been issued to the Chowkeydar to the same effect.

Ordered that the following letter be sent in reply.

(16758.)

To The Collector of Tinnevelly.

B No. 3289.

To the Collector of Tinnevelly

Sir

1. I am directed by the Board of Revenue to call for further information on a subject alluded to

19666 Fort St. George 8th December 1855.

to in the concluding part of your letter of the 18th October.

2. In Para 8 of this letter you bring to the notice of the Board a correspondence which has passed between yourself and the Resident of Travancore regarding the levy of frontier duty on petty articles passing between villages belonging to the Travancore Government situated East of the Pooliany pass, & from them to Tenkaussey.

3. General Cullen states that articles passing between the places thus situated did not pay duty previous to the removal of the Companys Customs Chowkey from Pooliany to a place called Elunjee and that the collection of the duty on provisions and petty articles is felt as a grievance by the people in the letter under reply you suggest that these duties should abandoned as being of very trifling value and of a vexatious nature. the Board are not aware of the circumstances under which the change in the position of the Chowkey was made and desire to be informed on this point as

For Ft St George 8th December 1855.

as well as regarding the general results of the Measure and the desirableness or otherwise of continuing the Chowkey in its present position.

4. I am to request that you will also mention what are the precautions which you allude to as being observed in permitting the transit of articles of local consumption and the petty traffic from one part of Travancore to another through a Company's Chowkey and which you propose should be taken in the case of these Villages in the event of articles passing between them being allowed an exemption from duty.

5. The information called for by the Board should be furnished as early as possible in order that and other subjects treated of in your letter may be finally disposed of.

BR No 3179
From the Collector
of South Arcot. 8/1

Sir I have the honor to request that you will be so kind as to obtain for me the instructions of the Board of Revenue as to whether I ought, for the future to require the Villagers themselves to put up boundary marks round their villages when surveyed by Captain Priestley as I am apparently empowered to do so by Section I Act XX of 1855 published in the Official Gazette dated 11th September 1855 or whether such boundary marks should in the first instance be erected at the expense of Government as they were in those Villages in which I had them built before the publication of the Act in question.

2. Hitherto I have charged against the Survey the expense incurred

incurred for putting up these perma-
nent marks.

3. The marks which I have ge-
nerally adopted are square pillars built
in brick and chunam standing between
2 and 3 feet above the ground and
with the same depth of foundations.

4. The average cost in the Pa-
liencottah Zaghire villages was about
10 annas for each pillar, but the
numbers of course vary in every
village according to it's size or con-
figuration.

B. No 3219
From the Collector of Tinnevelly
Reporting upon the Settlement of the Land & Exctra Sources of Revenue of his District for Fusly 1264.

161.

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir.

Para 1 I have the honor to submit the following report upon the Settlement of the Land and Exctra Sources of Revenue of this District for Fusly 1264. A.D. 1854/55 and to forward agreeably to the instructions of the Board of Revenue contained in Para 2 of Extract from their Proceedings Dated 18th January last, the several

A to D and accounts as per accompanying list prepared numbered 1 to 16.

according to the forms previously in use.

2. The subjoined table No 1 will shew by whom the distribution of Puttahs was superintended in each Talook at the Summabundy of the Fusly under report, and the names of the places within each Talook where the distribution was made. Of the 13 Talooks composing the collectorate of Tinnevelly the Settlement of 9 Talooks, 5 in the Principal Division and the 4 lately attached to the

Fort St. George 8th December 1855

the Sub Division, but of which two Streevilly poottoor and Shenkerninar covil have recently been taken under the Collectors' management (Vide Extract from Proceedings of the Board of Revenue dated 19th April last) was made by the Collector, leaving the remaining 4 Talooks including the two Wunganachery and Vullyoor which lately formed the Revenue charge of the Head assistant, but are now placed under the Sub Collector to be settled by that Officer.

The Settlement of the last named two Talooks was made in the preceding Fusly by the collector so that in the two years the Revenue charges of the Sub and Head assistant collectors have been visited by the collector agreeably to the circular order of the Board of Revenue dated 3d October 1853. The working of the exchange of Wangunchary and Vullyoor for Streevilly poottoor & Shenkerninar covil Talooks in the Sub Division will be

Fort St. George 8th December 1855

be more particularly noticed in the next Jummahbundy Report. Thus far the advantages expected from the arrangement have been perceived without any Countervailing disadvantages.

It will be noticed that no Puttahs were distributed by the Acting Head Assistant Collector. The reasons of this were partly that of the Talooks now placed under the Head assistant Attapedarum and Punjamahl, the former was settled in the last 2 or 3 years by the assistant and now acting Head assistant Collector, and partly in order to allow Mr. Swinton as much leisure as possible to prepare for the examination which he was to undergo in July.

Fort St. George 8th December 1855.

To

The Secretary to the Board of Revenue.

Sir,

I have the honor to forward herewith a Statement No. 2 shewing the Increase and Decrease of the Villages under the Head of Nunjah Cloongoo, as caused by the Fusly 1264 as compared with Fusly 1263.

The Increase of 4 Villages under the Head of Nunjah Cloongoo, was caused by one Bottom, two Poroopoo, and one cuttoogootta Village, having reverted to Circar the first at the Request of the Cottinidar, the 2 Poroopoo Villages of them, and the application of that of the other, under the Head of Cuttoogootta Village claimed was brought on the Cuttoogootta Village claimed was brought under the Head of Circar Villages granted for 3 Years from Fusly 1264 by the Collector in pursuance of the Orders contained in the Board's Proceedings of 22nd May 1855.

The decrease of 6 Villages under the Head of Amanee is owing to three Villages having been at the Request of the Ryots rented for one year during the Fusly under Reference.

The amount of 6 Villages rented for one year and the Extent of Cultivation in the Districts of Trichinopoly, Tanjore and Madura as well as under the minor Rivers, under the Division of Kollair, Pondicherry, as given below.

19685.

Fort St. George 8th December 1855.

13. On reference to Statement No. 8 it will be seen that in the Ramjah Maraput Villages there is a total decrease in cultivation of Seed Cottahs 411 b. in Carr of Fusly 1264 both under Agapat and Ponacolums and a total increase of Seed Cottahs 94 61 in the Cultivation for the Peshanum owing to the character of the season for that period. From which deducting the value decrease of Seed Cottahs 411 b. the Net increase stands at Seed Cottahs 5344. The increase in Cultivation has produced a Corresponding increase in revenue of Fusly 1264 over that of Fusly 1263 of Rupees 3704-1-1

15. Of the 18 Aumany Villages Composing the grandam Zemindary of Chokkumputty & having been rented for 1 year there remained 12 Villages under the head of Aumany for Fusly 1264, while the whole number Viz.t 18 was under direct management in the preceding Fusly 1263. Statement No. 10 shews therefore the comparative results of the 12 Villages which were under Aumanyen both Fusties presenting an increase in cultivation of seed Cottahs 42-12-2 5/8 above Fusly 1263. In spite of this augmentation in cultivation, as decrease in revenue of Rupees 900-13-11-has occurred owing to the lowness of the Peshanum Harvest.—

18. The falling off of Seed Cottahs 39 exhibited in the foregoing Statement No. 13 as decrease in the Cultivation of Lands paying at Poroopoo or a favorable assessment in Money for Fusly 1264 is only nominal, having

Fort St. George 8th December 1855.

having been caused by the transfer to the head of Oloorgoo in the year under report of 2 Poroopoo Villages. 1 as before mentioned on the death and the other at the request of the Poroopoodar.

19. The decrease under Items No. 1 in the subjoined Statement No. 14 of Seed Cottahs 1079 in Cultivation, and Rupees 33025 in Beriz is a difference in Account only, resulting from the 8 Kinds of specially taxable produce hitherto retained under this Head having been in the Fusly under notice assessed with the land tax and incorporated with Runjah lands agreeably to the orders of the Board of Revenue conveyed in para 7 of their Proceedings dated 18th January 1855.

20. The increase of Seed Cottahs 693 and Rupees 2381 in the total Cultivation and beriz respectively of the remaining 2 Items Viz. No. 2 & 3 is attributable chiefly to the Season having been propitious for the cultivation of the Runjah mail poonjah products.

21. Notwithstanding the above increase under the 2d and 3d items, there is shewn a decrease in the aggregate of the Runjah mail poonjah Cultivation and beriz of Fusly 1264 of Seed Cottahs 386 and Rupees 3064 respectively owing to the Cause assigned for the decrease under Item No. 1.

No. 14.

19695. Fort St. George 8th December 1855.

22 From Statement No. 15 relative to the 4 experimentally assessed Villages it will be seen that in the Fusly under report there is a decrease of Seed Cottahs 113 in Nunjah including Punjah melnunjah, and of 19 Mercals and 6 measurs in Baggayet causing a net decrease in Beriz of Rupees 947-6-6.-

23. Under the Head of Poonjah there is a trifling increase of chains 33 in cultivation and a preponderating augmentation in beriz of Rupees 335, caused chiefly by lands bearing a higher rate of assessment having been cultivated to a greater extent in the past than in the preceding Fusly.-

Poonjah

24 The Season for Poonjah was not altogether favorable, the excessive falls of rain during the sued time having prevented cultivation of sevvel red soil land to the usual extent and caused the decrease shewn in cultivation of chains 4.319. Nevertheless there is an increase in Beriz of Rupees 1658 owing to a greater breadth of highly assessed Carroosal black cotton soil land for which the season was peculiarly propitious having been cultivated than in the previous year.

25. The increase in cultivation of chains 128 and in Beriz of Rupees 240 under Item N[o] 2 in the foregoing Statement N[o] 6 is consequent on the favorable nature of the season.

26. The increase in cultivation and Beriz under the 3[d] 4[th] Items took place chiefly in the 2 Northern Talooks of Shreevelly poottoor and Shen Kerninarcoil, where the Kunjah crops were attacked by a wide spreading disease produced by excess of

rain at the Peshanum season, and the Ryots therefore were obliged to extend the cultivation under wells in order to compensate for the loss of their Kunjah crops.

27. The decrease in the revenue derived from the 5[th] Item is owing to certain dry lands in the Shreevilly poottoor Talook paying only Beshacavil fees in grain when cultivated for a 2[d] crop having been cultivated to a limited extent in the preceding year consequent on the season having been as mentioned in a former para adverse for the tillage of red soil land.

28. The extent of land entered under Fusly 1264 in the last Item N[o] 6 is the quantity of Kunjah Ayacut land under Ponocolums and Minor rivers beyond the reach of irrigation cultivated during the Fusly under the advantageous rule sanctioned in Extract from the Proceedings of the Board

Board of Revenue dated 2d August and 28th September 1854. These lands are entered in the loose accounts accompanying (which have been prepared according to the forms used in Fusly 1261) under the Head of Poonjah, in consequence of those forms not containing any Column to enter the amount of teerwah Cummee as was the case in the new forms employed for Fusslies 1262 and 1263. A Statement No. 17 is given to shew the particulars of the extent of cultivation under this Item.

29. On the whole there is a net increase in Revenue of Rupees 4,338-7-4 under the Head of Poonjah notwithstanding the decrease in cultivation exhibited in the foregoing Statement No. 16.

No.

No. 17.

Statement shewing how much of the excess Nunjah Ayacut under minor rivers and Ponacolums has in Fusly 1264 been cultivated as Poonjah and the amount of tax thereon both at the Nunjah and Poonjah rates respectively with the difference entered as Fazul Cummee in the last column.

Fort St. George 8th December 1855.

No. 20. Tadbunds or Palmirahs.

34. On reference to the foregoing Statement No. 20, it will be seen that there is a small increase in the number of trees under the first Item, and a more than proportionable increase in the Beriz derived therefrom ascribable to several trees which were included in the lower classes up to Fusly 1263 having been on examination made in the Fusly under report advanced to higher classes, bearing an increased rate of Assessment.-

35. The increase in the revenue obtained from the 2d. Item is attributable to the biddings for renting the same having been higher in Fusly 1264 than in the previous year.-

From

36. From Statement No. 21 it will be perceived that there is a decrease of 111 in the number of Tope trees and of 135240 in that of Palmirahs planted on sand drifts owing to the seeds which had come up in the previous years and were seemingly promising having died in in the Fusly under consideration from continued excessive heat of the air and ground consequent in the want of rain at times when it was much needed.-

37. The number of Palmirah trees planted on river banks exceeds that of the previous year by 140 owing to a like number of seeds sown in the previous years having come up in the year under report.-

38. The increase under this head has resulted from thorn bushes usually subject to Poonjah assessment having grown more extensively in the past than in the preceding Fusly.-

Woodengand.

Fusly 1263	2,524	14	8
1264	2,796	13	4
Increase	271	14	8

The

39. The decrease of Rupees 6—8—6 under this head is attributable to certain dry lands and Palmirahs held on Cuttoogotta tenure in the Village of Nattoopoorem in Punjamahal Talook having been resumed under the head of Ayen agreeably to the Rules given in the Tabular Form which accompanied the Board's Proceedings dated 10th November 1854 in consequence of persons other than the holder thereof having obtained possession of the same by purchase-

Fort St. George 8th December 1855.

41. On reference to Statement No. 22 it will be observed that the remission granted in Fusly 1264 for total and partial failure of produce amounts to Rupees 16,809-7-11 and is less than that of the previous year by Rupees 327,349-4-5 owing to the character of the season. Though remission for entire and partial failure of crops were necessary in every Talook yet of the total amount granted nearly 3/4 or Rupees 111,400 were given in the Talooks of Streevelly pootoor and Shenkerni-narcoil in consequence of the Peshanum crops of these Talooks having suffered from a disease, and yielded little or no produce consequent on the unseasonably long continued falls of heavy rain in these parts of the District.—

No. 23.

Fort St. George 8th December 1855.

No. 23. Tabular Statement of Coule Remission.

Fusly.	Of which	Total	Ryotwar	Punjah	Poonjah.	Rupees 10	Rupees 10	Rupees 10

	Increase —	535	10	2	172	14	2	362 12 .

Fort St. George 8th December 1855.

42. In the extent of land held on Zabitah Cowle tenure there is an increase under progressive rate of assessment. both heads of Nunjah and Poonjah owing to the numbers of new Cowles granted in Fusly 1264 having been greater than in the previous Fusly

43. Remissions amounting to Rupees 2,486-7-9 were granted on account of Caboolaty Bunjer which is of 2 kinds. the one, land left waste though included in Moochilkahs executed by the land owners or others binding themselves to pay the Teerwah or assessable thereon whether the land be cultivated or not, with a view in the case of Proprietors, to prevent the intrusion into their lands of strangers, and in that of others to acquire free possession of lands to the exclusion of Proprietors; the other, land left waste though included in Moochilkahs executed by their Proprietors agreeing to pay the assessment thereon whether Cultivated or not, in consideration of improvements made to the Tanks of irrigation

irrigation by Government.

44. These remissions were granted as a special case in consequence of its being ascertained that the waste portions could not be cultivated from their being either flooded or of Tanks having breached too late to be repaired or of the stipulated repairs not having been made by Government as the case might be.-

45. The amount of remissions here shewn was allowed on lands cultivated in Carr and Peshanam of the past Fusly 1264 subsequent to the receipt of the Board's orders on the subject dated 21st August 1854 and 16th April 1855 respectively.-

19717

Fort St. George 8th December 1855

Lb. The increase under the 1st 2d items amounting together to Rupees 1930—5—3 has been caused solely by these Enams having been in the year under report remitted in full as usual instead of in proportion to the Beriz, from which they are deducted, as it was the case in the preceding Fasly in consequence of a Considerable Deficit having occurred from decreased Cultivation &ca.—

47. The decrease of Rupees 7892—9—6 under the 3d Item was Caused by a great portion of the Enams to individuals having been Commuted into a fixed ready money allowance Conformably to the orders of the Board of Revenue dated 17th September 1851.

48. The increase under the 4th Item of Rupees 531—3—6 was chiefly occasioned by an increase in Cultivation on which this Item depends The decrease of Rupees 141—15—5 under the last Item has been Caused by diminished Cultivation of the Enam land from which this Item is derived.—

50. The demand on account of the several Items enumerated in the foregoing Statement No. 26 which are usually added to the Land Revenue amounts for Fusly 1264 to Rupees 385225 — 6 — 11 exceeding that of the previous year by Rupees 5033 — 10 — 5.

51. The decrease of Rupees 1568 under the head of Hill rent is owing to the discontinuance of the Hill farms in this District from 12th October 1854, agreeably to the instructions Contained in Extract from Minutes of Consultation Dated 7th September 1854. prefixed to Board's Proceedings of 25th Idem.

52. The decrease in the 2d Item is due to a Village called Kelangolum in the Shreevilly poottoor Talook and held on Cuttoogoottah tenure in favor of a Chattrum which once escisted there having in the year under report reverted to

Fort St. George 8th December 1855

to Government agreeably to the orders of the Board of Revenue Conveyed in their Proceedings Dated 22d May 1854.

53. An increase in the cultivation of certain wet lands subject to Deshacavil fees has caused an increase under the 3d Item.

54. The increase under Item No 7 was occasioned by the amount of Subsistence grants collected and held in deposit as mentioned in Para 9 of my letter to Board dated 18th March 1854 [illegible] head subsequent to the receipt of Extract from Minutes of Consultation of 19th August 1854 Subjoined to Boards Proceedings of 7th September following, directing the disbursement of the Enams in question from Ayen i.e from the Huzzoor Treasury.

55. An Augmentation in the cultivation of lands contributing to the head of Tripany combined with less amount of entire and partial failure of crops has caused an increase under the head of Tripany.

56. The foregoing Items being added the total net land Revenue of Fusly 1264 amounts exclusive of Deposits to Rupees 24,31,128 — 6 — 1 and inclusive of the same to Rupees 24,48,389 — 11 — 2. as noted in the margin.

Total land Revenue including Deposits

4	Do of Seerwah on certain lands proved on investigation into a Complaint from the Proprietor, have yielded short produce	26 11 7
		403 5 11

19733

Fort St. George, 8th December 1865.

67. From the foregoing Statement No. 31 it will be perceived that the aggregate extent of all descriptions of land Viz. Dry Wet and garden employed for the cultivation of garden in Fusly 1264 and the Revenue derived therefrom exceeded that of last year the former by acres 994 11/64 and the latter by Rupees 2,21,3-4-1

This increase both in cultivation and Revenue is chiefly owing to the heavy rains of the North Eastern Monsoon which fell abundantly in the months of October and November or during the Peshanum season and were as noticed before peculiarly favorable for the cultivation of black Cotton Soil.

68 The increase in cultivation of the product in question combined with the abundant Yield of the Cotton crops of the preceding Fusly caused an increase in the Exports of this article during the past year of 1494 as shewn in the Margin.

	Candies
Fusly 1263	25,720
" 1264 From the reports of Tahsildars:	
From ----	22,843
From Do of Vyasarpadi	3146
To Tiruvannamalai Do. the Frontier Chauky	1225 27,214
Increase	1494

69 The product of Fusly 1264 as Compared with that of the preceding Fusly has been of an inferior quality owing to the weather having been damp during the time of picking.

Cotton Cultivation for Fusly 1263

19732

this a sum of Rupees 88-7-3 being the extra Collections of fines levied from the Servants in the Salt Department the gross receipts amounted to Rupees 317,184-3-11 from which the charges amounting to Rupees 69,114-9-9- being deducted the nett Salt Revenue for the year stands at Rupees 2,58,039-10-2 or Rupees 34,178-11-3 below that of Fusly 1263 which is attributable to the two causes above mentioned and to an increase in the charges of Rupees 5,874-2-6- Chiefly in the payment of Salt Manufacturers Shares.—

Sayer. 75 The Sayer Collections during the year amounted to Rupees 32,017-5-6- or Rupees 10,310-8-2 less than the previous year owing to a decrease in the valuation of certain Goods especially Betel nuts Salt, authorized in the revised Tariff since received, and to the Fusly 1264 being 11 days shorter than the preceding one. The extra Collections of Rupees 568-9-11 received during the year by the sale of smuggled goods being added, the total amounted to

70 No complaints has been heard of adulterations having been practiced in the year under report.—

71 The prices paid by the European Merchants for the 1st sort Cotton produced in this District for Fusly 1264 ranged from Rupees 54 to 57 per Candy whilst that paid by the Chetties was only from 50 to 56 Rupees for the 1st sort. The difference in the price is attributable to the Chetties having entered into contracts with the producers for the growing Cotton crops.

72 A portion of foreign varieties were raised in the District during the Fusly under notice.—

73. The results of the settlement of the Extra Sources of Revenue during the Fusly under report are as follows:—

Salt. 74 Owing to limited Exports on account of Inland Consumption and partly to the sales during 11 days (1st to 11th) in July not having been brought to account as was the case in the preceding year the revenue derived under this item in Fusly 1264 amounted to Rupees 3,17,095-12-8. or 27,337-1-11 less than that of the previous Fusly adding to this

Fort St George, 8th December 1835.

to Rupees 32,585-14-6. From which deducting the charges Rupees 2,799-3-11 the nett yearly Revenue of Fusly 1264 stands at Rupees 29,786-10-7 or Rupees 9,606-2-9 less than that of the previous Fusly.

Sea Customs. 76. The Sea Custom Collections in Fusly 1264 amounted to Rupees 17,971-11-1 or Rupees 114-2-6 less than in the previous year. The particulars of increase and decrease in the several Items comprising the receipts under this Head will be found in Statement No. 9 added to the above Collections the marine receipts during the period amounting to Rupees 1,130-13-7 the total comes to 19,102-10-8 from which the charges of Rupees 1,254-14-4 being deducted the remainder stands at Rupees 17,847-12-8 or Rupees 27-8-11 below the nett Sea Custom Revenue of Fusly 1263 which is too insignificant to be susceptable of explanation.

Arrack. 77 Of the two items composing the receipts under this head Viz. the arrack and Toddy rents, the first was sold by auction for Rupees 18,800 or Rupees 7,360 less than in-

Fort St George, 8th December 1835.

in previous year owing to absence of effective competition, and the 2d for Rupees 7,000 or Rupees 370 in excess of the preceding year The Revenue under this head has thus decreased by Rupees 6,990.

78 Inclusive of Rupees 22-11 realized under the head of Extra Revenue the gross collections for the year under report amounts to Rupees 23,064-2-11 which in the absence of any charges is the nett Revenue under this head and falls short of that of the previous year by Rupees 10,126-5-11 Of the above sum Rupees 23,064-2-11 were collected within and the balance Rupees 3,138 subsequent to the termination of the Fusly under report.

Stamps. 79. The Revenue realized from the sales of Stamp papers in Fusly 1264 amounted to Rupees 22,010-4-11 and fell short of that of the previous year by Rupees 6,660-4-11 in consequence of limited sales and of the Fusly in question not including the Wadgo Collections as was the case during the preceding year. The Extra receipts of Rupees 16,84-9-6 consisting of

Fort St. George, 8th December 1855.

of penalties levied from parties for writing documents on unstamped papers, and of additional fees Collected on Europe Paper for deeds as also the Stamp duty charged on papers used by Paupers being added, the total Collections under this head amounted to Rupees 23644-13-6 Deducting therefrom the charges Rupees 2,175-1-10 the nett Stamp revenue for Fusly 1264 stands at 21,469-11-8 or Rupees 3,911-13-8 less than that of the preceding year.

Malurphia 80 The demand on account of Moturpha has amounted to Rupees 96,812-10-9 and is less than that of the previous year by Rupees 781-2-1 owing to several persons liable to house and Poll Tax having emigrated to Columbatore in Consequence of the adversity of the season.

81 The Collections on account of the above demands amounted on the 30th June to Rs. 74,092-9-6 leaving at the end of the Fusly a balance of Rupees 22,753-1-3. which has been reduced by subsequent Collections till 30th September to Rupees 4,266-8-9 including Collections on account of arrears and

Extra.

Fort St. George 8th December 1855.

Extra Revenue amounting to Rupees 1216-13-2 and Rupees 2-2-11 respectively, or both together to Rupees 1219-0-1 the aggregate Revenue was Rupees 75311-9-7 or Rupees 21911-9-7 below Fusly 1263.-

Small Farms and Licenses. 82. The demand under this head which is composed of the following 3 Items Viz.t Cheyaroot, fish rent, and Chank Revenue, amounts to Rupees 17412-11-11 and is below that of the previous year by Rupees 5828-3-4. which is composed of a decrease in the fish rent of Rupees 474-11-4, and a falling off of Rupees 5350-0-0 in the Cheyaroot rent, and of a deficiency of Rupees 3-8-0 in Saltpetre which last Item was retained under a many during the Fasly under report. The

Fort St George 8th December 1855

83. The Collections realized within the Fusly on account of the above demand were Rupees 8559-4-6 leaving a balance at its close of Rupees 8853-7-5 which has been reduced by subsequent collection to Rupees 1837-13-10.-

84. Inclusive of Extra Revenue Rupees 4-12-6 and arrears on account of previous year Rupees 1967-6-4 the gross receipts amounts to Rupees 10527-7-4 which in the absence of any charges is the net Revenue of Fusly 1264 and is Rupees 10720-11-1 less than the previous year.-

Collections not belonging to any particular source of Revenue.-

85 The Revenue derived from this Item carried to the head of Extra Revenue "Sevoy Jummah" in the year under report and consisting of fines and forfeitures, sales of unclaimed property and fo

Fort St George 8th December 1855

of dead and fallen trees) amounts for Fusly 1264 to Rupees 2138-3-9 and is less than that of a corresponding Item for the preceding year by Rupees 140-12-11

86 . These Collections it will be observed were hitherto entered separately in the Sevoy Jummah Statement No 8, accompanying the Land Revenue Report.-

87 The Demand Collection and Balance on account of the several Sources of Revenue (for Fusly 1264) treated of in the foregoing Paragraphs are exhibited in the following Statement No 32 in contract with Fusly 1263.-

Fort St George 8th December 1855

89 I had at times during the past Fusly less efficient assistance than was requisite for the satisfac-tory conduct of the business of the District.-

90 The sub Collector Mr Whittingham was taken from me to a higher sphere in October and Mr Levinge did not arrive till February - The Head assistant Mr Child was deputed to a duty to Madura in February Mr Swinton was absent on leave for six weeks from 5th

Fort St George 8th December 1855

5th September to 19th October and after-wards was unable to render me as much aid as he would otherwise have done, in consequence having to study for Examination in December and June. Mr Ames the new assistant arrived in December. The experienced and trusty head Sheristadar Baitchai Row died in April.-

91 Of Mr Whittinghams and Mr Chiles qualifications it would be superfluous to speak, Mr Levinge is also a kind hand and his return to this Dis-trict where he is known and appreciated a cause of satisfaction. Mr Swinton is no less careful and pains taking than hereto-fore and Mr Ames gives promise of being a

19748 Fort St. George 8th December 1855

a very good and useful public servant.
It is to be regretted that ill health
obliges him now to return to Europe.-
92 I am myself about to leave
India temporarily, if not for good,
and I would fain hope that during
the six years that I have been entrust-
-ed with the charge of this District its
interests have not suffered from
neglect, and that some progress has
been achieved in promoting its ad-
-vancement, both physically and
morally. I trust that my successors
efforts in the same direction will
be rewarded with still

more

19749 Fort St. George 8th December 1855

more fruit than have been my own.-

Tinnevelly.....

1830 Fort St. George 8th December 1835.

the year to raise additional Crops assessable with half

teerwah.

= ception of that paying 1/2 assessment for a 2nd Crop.

Add Ayacut for the 2d Crop

of Crop land paying 1/2 assessment cultivation.—

2 Crop lands entirely left waste or cultivated with only one crop but assessed with full teerwah in consequence of the Ryots with own item having consented to it with a view to make demand, & entitled to a remission of 1/2 teerwah on additional crop raised on single crop lands.

Total 2d Crop lands brought to account in Fusly 1264.

Extent of land which paid 1/2 teerwah in Fusly 1263.—

Extent of one Crop Land cultivated with a 2 Crop in Fusly 1264.—

Collections within the Fasly	97	221	82	75309	08
Extra Revenue	1	9	2	21	11
Total	97	223	32	75311	97

				11 21912 36
				11 21912 36

This decrease is partly attributable to a falling off in the Beriz of Fasly 1202 and partly to the Collections of 11 days of 1st to 11th in July not having been brought to account as was the case in the preceding year.

For particulars of this increase vide accompanying ex Memorandum F.

Sayer or Land Duties

Sayer Duties Collected within the Fasly	42327	138	32017	56	
					10310 82
Extra Revenue	48	5	11	56	89
					520 31
Total Land Customs	42376	3	32585	46	520 31 10310 82

The Collections of Fasly 1203 including the 11 days receipts in July and a recession in the Tariff valuation of certain goods caused this decrease.

For particulars of this increase vide accompanying Memorandum G.

Sea Customs.

Import and Export Duty	18	08	51	37	17971 11
					114 26
Extra Revenue	4	1	66	18	6
					23 6
Total Sea Customs	18	12	7	41	17990 11
					137 3

This decrease is chiefly owing to the collections of Fasly 1202 not including the 11 days receipt in July.

For particulars of this decrease vide accompanying Memorandum H.

Salt-Monopoly

This decrease is partly owing to limited exports on account of Inland consumption and partly to the

Collections within the Fusly	97	221	102	75309 68
Extra Revenue	1	9	2	211
Total	97	223	32	75311 97

= 9 11 21912 8 6

This decrease is partly attributable to a falling off in the Beriz of Fusly 1262 and partly to the Collections of 11 days of 1st to 11th of in July not having been brought to account as was the case in the preceding year.

For particulars of this increase vide accompanying ex Memorandum F.

Sayer or Land Duties

Sayer Duties Collected within the Fusly } 12327 138 32017 56 = 10310 8 2

The Collections of Fusly 1263 including the 11 days receipts in July and a remission in the Tariff valuation of certain goods caused this decrease.

For particulars of this increase vide accompanying ex

No. 77.

To, C. J. Bird Esqre.
Collector of
Tinnevelly

Sir,

Para. 1. I have the honor to forward the report on the Settlement of the Nellian balam, Streevy goontum, Manganacherry &c. and Pullyoor Talooks for Fusly 1264, together with the accounts numbered from 1 to 7 prepared in accordance with the instructions contained in the Board's Proceedings dated 18th January 1855.

3.

Owing to the unfavour-
able reports of the canal season, we do not consider it necessary to extend the proceedings of the Committee, entitled to the canal Cooted Kanied under Pondacolum when our predecessors of A. D. 1854 - 19 1/8 the Poozacolum under which Kinds are executed are not altogether dissimilar, there are large wells intended under the Kinds for the purpose of planting the ground of the Crops for care of Fasline under the Tanks

4 The increase in the Peshanum cultivation was owing to the favorableness of the season which set in with continued and heavy rain in October and November 1854—

No. 4 Poonjah

Fusly	Total cultivation	Deduct extent of 2d Crop	Remaining extent of 1st Crop
1	2	3	4
	Chains	Chains	Chains
1263	32,982 31/64	61 34/64	32,920 61/64
1264	29,436 46/64	67 12/64	29,369 29/64
Increase	"	5 4/64	"
Decrease	3545 49/64	.	3,551 32/64

5. Owing to a want of rain up to the end of September, the ryots were unable to plough or prepare their dry lands for cultivation and when the rain did fall, it was so

so continuous and heavy, that the land could not be sown and therefore the Fusly under review shews a decrease under this head—

Fort St. George 8th December 1855

The rise of price in Fusly the Carr Nerack for 7. 1264 was caused by the failure of the Peshanum crops of the previous Fusly, and also by the unfavorableness of the commencement of the Carr season of Fusly 1264, the fall in the Peshanum prices was owing to the favorableness of the season.

Net Increase 220323 13 6

1996

Fort St. George 8th December 1855

8. The present Fusly shews an increase of revenue over Fusly 1263 amounting to Rupees 220323—13—6 chiefly owing to increased cultivation during the Peishanum season and also to total absence of remission on account of drought in Fusly 1264, which amounted to Rupees 199819—15—11— in Fusly 1263—

10 It being the custom to tax trees only if they have fruited, and this having been an unproductive season as regards fruit bearing trees, a decrease in the revenue under that head has occurred as shewn above. The decrease of Rupees 60 13 5 is owing to the land occupied by certain Topé trees having been cultivated with Garden produce

19914 Fort St. George 8th December 1855

16. The increase in the Sundbund revenue of Rupees 271-12-11 is owing to 591 trees having come into bearing. The bidding for trees let out on lease was less than in the preceding Fusly.

Dt. No. 3277

From the Collector of Nellore

Replying to Board's letter dated 18th October 1855 on the Subject of the Sub Collectors Head Quarters.

Sir.

I have the honor to acknowledge the receipt of your letter dated the 18th Ultmo. but received only the beginning of this month, on the Subject of the Sub Collectors Head Quarters.

The Extract Minutes of Government having been forwarded to me direct with some enquiries connected with a proposal to vest the District Moonsiff of Ongole with Criminal powers, involving a reference to the Joint Magistrate. Mr. Bruckin in replying to the same, also took up the question of residence pointed in the 4th Para, and addressed through me an appeal to Government against the proposed

Fort St George 8th December 1855

proposed change, Copy of which I beg to forward herewith, together with an Extract from my letter to Government in reply to the enquiries above alluded to.

3 I have therein recommended Mr Munchin's letters to the favorable consideration of Government and the Board having now asked my opinion as to what part of the year should be passed by the Sub Collector at each Station, I must defer giving any definite answer on this point till it is decided whether there is to be any change at all. To obviate the necessity for which (inasmuch as giving up a long established Station is pronounce to those holding house property there, and would entail a very serious Loss on Mr Pownlie) I beg to suggest that the Taluk of Cavaly

Fort St George 8th December 1855

Cavaly lying South of Ramnapatam, the present Head Quarters of the Sub Collector may be included in the Sub Division. There are several reasons on public grounds for this measure being carried out, which was on the point of being submitted for the Board's sanction by Mr Bishop, a late Collector of Nellore, when he was removed from this District to Tanjore. 1st Since the foundation of the Sub Collectorate which was supposed to be one third of the District, the additional Talooks of Sydapoor and Woodaghiry have been added to the Principal Division. 2d The proximity of Cavaly to the Head Quarters of the Sub Collector the Police of which has been for some time under the Joint Magistrate 3d The size of this District, and the large amount of details which come before the Collector

The Registrary portion of

4

of Nellore consists at present of 17 Talooks of which the 5 named in the margin are under the Sub Collector. The District also includes the large Zemindary of Venkatagherry divided by the Zemindar into 8 Talooks, and which constitute 6 Police Divisions each under a Government Head of Police the small Zemindary of Chandy, and some Villages belonging to Calastry.

1 Buddapoody
2 Davagoodoor
3 Ongole
4 Cramana-mellore
5 Chendaloor,

5 The business in each Talook here is not individually heavy but so numerous are the details, and so heavy the correspondence with the different Departments of late, that I am sure that any arrangement that would relieve the Head of the District some what more of details, and enable him to give more time to important cases, and reports to the higher authorities, would be for the benefit of the public service.

Under

6. Under these circumstances I do not hesitate to ask the sanction of the Board to transfer the Revenue management of Cavaly to the Sub Collector, who would gladly undertake it; and I trust that this arrangement which will extend the Boundary of the Sub Division so much to the South of Rammnapatam, may prevent the necessity of any change in the Sub Collectors residence; and that in the words of Mr Munchin Government will leave it to the Sub Collector's own sense of duty to spend that time in the various portions of his charge; which he may feel to be conclusive to the interests of the people.

7 A reply to the other enquiries made by the Board regarding

19926 Fort St George 8th December 1855

regarding the practice of the District Courts
hitherto, as well as regarding the state of
the public Cutcherry at Ongole will
be found in Mr Minchins 2 letters
referred in the margin (copies
of which I beg to forward
for the favorable consideration
of the Board.

No 1.

19927 Fort St George 8th December 1855

No 7

To F B Elton Esqre
Collector and Magistrate of
Nellore,

Sir.

I have the honor to acknowledge the receipt of your Memorandum No 10 forwarding Extract Minutes of Consultation under date 12th October 1855 with reference to the recommendation to vest the District Moonsiffs in Ongole with criminal Jurisdiction and calling for my opinion whether that Jurisdiction should not be extended to the Police Divisions of Darsy - Chendulur and Podila -

2 As I opine that the vesting of such powers in the District Moonsiffs would not in any way supersede my own duties in that extensive charge but only enable him to settle such petty Police cases as are however beyond the authority of the Heads of Police and that my own supervision of the latter offices would remain as heretofore I beg to state that in my own opinion the granting of such powers to the District Moonsiffs would be highly advisable -

3 With reference to the subject of the 4 Para I have the honor to state that the

Sub

Sub Collector has not regularly resided at ongole during any period of the last five years there being no dwelling house at that Station except those occupied by the Commanding Officer and District Moonsiff. There is however a Cutcherry Bungalow employed to hold the Records which has one hall and two both room in which the Sub Collector was always put up on his visits to the Station I have myself thus visited ongole twice during the time I have been in charge of the Division to investigate important cases besides having halted there when I settled the Talook in the neighbouring Village of Perramatta.

4 When the Sub Collectorate was first established Mr Orr the first Sub Collector erected a Bungalow at Ramapatam which has ever since been the residence of the Sub-Collector's and Ramapattam has been always considered there Headquarters Station. I trust I may be allowed to represent respectfully the peculiar hardship with which a sudden order to change this long standing arrangement will fall upon myself.

5 The question of the Sub Collector's residence at Ramapatam has been mooted on more than one occasion and the result has been that he has heretofore been permitted

to

to make it his Head Quarters but the privilege of drawing Extra Tent allowance for providing a Cutcherry for the public Servants was with drawn on the ground that his residence at Ramapattam was to suit his private convenience. Considering the question

6 therefore to have been settled by authority on a firm basis as soon as Mr Ratcliffe's removal to Cuddapah made my own confirmation as Sub Collector a matter on which from my position in the Service I might justly rely. I made arrangements to purchase the house at Ramapattam from its former owner Mr Parker, a previous Sub Collector of Nellore, arrangements which were concluded only in the last Month.

7 If an order of Government forbids the Sub Collectors future residence here the house is not only useless to myself but will become worthless to any one involving me a loss of more than Rupees 3000 without any imprudence on my part

9

19930 Fort St. George 8th December 1855

I need hardly say a most serious one to a person in my position who has held no confirmed appointment higher than that of Head Assistant and whose only means for effecting such a purchase were the current savings from his present Salary.

8. While thus venturing to bring forward the purely personal consideration of the question as regards myself, I would respectfully urge that the residence of the Sub Collector at Rama-patam is not so objectionable on public grounds as might appear. A central position is certainly advisable but as Sub Collectors have no treasury to take charge of it has heretofore been considered sufficient if they resided within the limits of their own Division without tying them down to any particular spot.

The

19931 Fort St. George 8th December 1855

The Nellore Sub Collector is

9. obliged to live at least four months in the year in Tents on his Jumabundy tour namely from December to march inclusive and from that date until July the heat at Ongole is more severe than in most Stations in this part of India, and would be peculiarly trying there, owing to the want of a proper residence. At Ramapatam there is the advantage at times of a Sea breeze which renders existence bearable even during those months, the heat of which in this Division is not known by those who live only at Madras, and is unquestionably most trying to the health of any European for repeated seasons.

10. Ongole is also at a great distance /80 Miles/ from the Cusbah Station of Nellore and a Constant separation by so long a journey from the Collectors Cutcherry would not be without inconvenience. At the same time it must be remembered that the Police of the Talook of Ieavaly has for years been under the Superintendence

Fort St. George 8th December 1855

Superintendence of the joint Magistrate, and almost ever since I have had charge of that office, the Talooks of Talamunchy and the Division of Pamoor have also been under my charge in the Police Department.

The Talook of cavaly alone extends to a distance of twenty miles to the South of Ramapattam and Talamunchy to within ten miles of Nellore though I acknowledge that the charge of this Talook and Pamoor are only under the joint Magistrate as a temporary arrangement. though it is one that may last a long time owing to the want of asistants to send to the different Districts of standing sufficient to undertake independent charge.—

11. I believe that neither my predecessors nor myself have at any time shown reluctance to move to the most distant portions of our extensive charge when any local enquiry appeared advisable I have myself on four occasions left my head-quarters within the twelve months on different tours independantly of the Jamabundy and including the four months devoted to that tour, when the Sub

Collector

Fort St. George 8th December 1855

Collector visits every portion of his Revenue charge one month allowed by the orders of the Revenue Board in Nellore for the purpose of communication between the Collectors and Sub Collectors kutchery, and the time spent on detached visits to various places in the District it is doubtful whether any Sub Collector is ever able to spend six months in the year at his head quarters four of which at least fall during the hottest portions of the year, when a residence on the Coast is almost necessary for the health of any European who is retained for consecutive seasons in this Division.—

12. Under all these circumstances I trust the Government will again take this case into their favorable Consideration and permit the Continuance of an arrangement which has now lasted undisturbed from the Commencement of the Sub-Collectorate for thirty years, while its unexpected alteration would now fall upon me with peculiar severity.—

Ramapatam Subcollr and Joint Magistrates Office 18th October 1855.

Fort St. George

Sir,

Para 3. + + + + +

With reference to the 6th Para of the Minutes of Consultation under date as per I have received no Communication as yet from the Board of Revenue on the Subject of the Sub Collectors residing at Ongole but as the Subject so far as it is connected with his Magisterial jurisdiction will come before Government, I beg to forward for their favorable Consideration a letter from Mr. Minchin pointing out the serious loss that he will incur if a change of residence is insisted on.

4. The remarkable zeal and activity displayed by Mr. Minchin in the performance of that part of his duties which may require his personal presence, renders it less important than it might otherwise be that he should reside in any particularly central spot, and it is certain that during the late heavy rains he

Fort St. George 8th December 1855

have breached several tanks in that neighborhood, he could not have been better placed than in the Buddapoody Talook in which Ramapatam is situated, where wet Cultivation is chiefly carried on in the Sub Division.—

To. F. B. Elton Esqre
Collector of Nellore

Sir.

I have the honor to acknowledge receipt of your Memorandum No 59 forwarding Copy of a letter from the Board of Revenue concerning the proposal by the Government that the Sub Collector should in future Consider his Head Quarters to be at Ongole, and calling for information Concerning the practice hitherto and the amount of accomodation for the Cutcherry at Ongole.—

On the first point I have already reported in my letter of the 17th Ultimo that

Fort St. George 8th December 1855

that Ramapatam has been hitherto cons:ed the Sub Collector's chief Station, such having been acknowledged by arrangement Since the Establishment of the Sub Collectorate. The only dwelling house available for the Sub Collector was certainly built at Ram:patam, by Mr. Orr the first Gentleman who held the appointment in Nellore.

A cutcherry for the use of public servants has also been erected at Ram:patam at the private expense of previous Sub Collectors and I had myself collected the materials for putting that Cutcherry into repair before I received the Extract from minutes of Consultation of the 12th October.

The Cutcherry Bungalow at Ongole is chiefly occupied by the records of the Division which indeed fill the building with the exception of the front hall and two Sides rooms which are about the Size of large bath rooms.

These front rooms have hitherto been used as the residence of the Sub Collector on their temporary visits to Ongole, and I myself

Fort St. George 8th December 1855

myself occupied them on such occasions according to the Custom which I found in existence.—

There is no house obtainable for residence in Ongole and the Sub Collector when there, must therefore either live in this Bungalow, the Custom hitherto, or occupy Tents.—

In the former case there is no accommodation for the Cutcherry people beyond the back Varandah of the building which would be highly inconvenient for them, Confined Even if the front hall be used only as the Sub Collectors own Cutcherry and not in any way as a residence, the Same inconvenience would be felt, and further accommodation would be imperatively called for.—

I trust that the Government on a Consideration of the case, will not consider it necessary to bind down the Sub Collector to any fixed amount of residence at Ongole, but leave it to his own Sense of duty to spend that time in the various portions of his charge, which

which he may feel to be conducive to the interests of the people.

Ramapattam
Sub Collectors Office

Bd. No. 3258
Proceedings thereon.—

In the Boards Proceedings of the 18th October the Collector was requested to furnish certain information required by Govern^t regarding the Station at which the Sub Collector has hitherto principally resided, and the rule which it is advisable to make for that Officer passing a portion of each year at Ongole in the centre of his division.

In the letter now under consideration Mr Elton mentions that he has forwarded direct to Government with his support an appeal from the Sub Collector against Ongole being considered the Sub Collector's Station in the place of Ramiapatam

Pending

Pending the result of this appeal he has considered it unnecessary to do more than lay before the Board Copies of the letters addressed by him and Mr. Minchin to Government with a recommendation that the Talook of cavaly lying South of Ramiapatam may be transferred from the Collectors to the Sub Collectors charge.

2. The Board would not object to such an arrangement, but they observe that while it would cause Ramiapatam to be no longer on the Southern verge of the Sub Collector's division the Sub Collector would still be equally remote from Ongole, and the Northern talooks. The Board must

Extract from the Proceedings of the Honorable the President of the Council of India in Council in the Financial Department under date the 1st November 1855.—

Read an Endorsement from the Home Department No. 1269 dated 10th Ultimo forwarding a proposal from the Government of Madras for the resumption of the Shotrium Village of Tripapoloor and Caroonady in the District of South Arcot and the grant of a pension in exchange to the Shotriemdar.

an

Resolution.— On the 16th June 1841 the Honorable Court authorized the Government of Madras to extend to his two next heirs a Shotrium Grant* made to Madana Row late Head Sheristadar of the Southern Division of Arcot on conditions which would reduce the value of the Shotrium on the accession of the next heir to two-thirds of the original amount and during the life time of the last to one-third.—

*Land allowed to be held at a favorable rent by an individual either as a reward for services or as a Compensation for duties to be discharged.—

The Lands are at present in possession of Rajah Row grandson of the Original Grantee who during the last ten years has received an average annual income from them of 1304 Rupees and it is now proposed, in order to secure to the Ryots of these Shotrium Villages the same remissions as are enjoyed by others in their respective Talooks, that the Villages of Tripapoloor and Caroonady should be resumed and that a pension of one hundred Rupees a month or 1200 Rupees a year should be granted to Rajah Row instead.— for the remainder of his life.

under

19950 Fort St. George 11th December 1855

Under the circumstances stated the Honorable the President in Council is pleased to sanction the resumption of the Villages above named and the payment from the date of resumption of the proposed pension to Rajah Rau, to cease on his demise.—

Order.— Ordered that a Copy of the foregoing resolution be sent to the Home Department together with a copy of the Madras Government's Despatch, the original being kept for record.—

/ A Hereenter 14th November 1855 /

Para 1 It is observed that in Extract Minutes of Consultation 12th July 1855 the Government determined on retaining Berhampore as a Military Cantonment and directed that measures should be taken for clearing away the bush and jungle in the neighbourhood. Enquiries were also ordered to be made with the view of ascertaining whether the position might not be improved by draining and the Collector was instructed to report as to the mode of adjusting the claim to compensation on

19952 Fort St. George 11th December 1855

on account of the Eraun lands proposed to be added to the Cantonment. To this requisition no reply has yet been received.—

2 As regards Bellary the Collector has furnished the report required by the orders of the 11th May 1855, respecting the number and descripte of the inhabitants of Bruce and Mellore Pettahs at that station, but in Extract Minutes of Consultation 9th October 1855 No. 1128, further information was called for on the same subject which has not yet been supplied.—

3. The Government now resolve to call the attention of the Board of Revenue to the orders of the 12th July and 9th October last, and to request that they will expedite the submission of the information called for by them.—

Sir

BR No. 3101.
From the Collector of Malabar - - -

I have the honor to transmit Extract from a Letter addressed by my Predecessor to the Accountant General with transcript of a subsequent correspondence the whole relating to a modification of the Kistbundy of this District consequent upon the Fusly year having been made to commence on the 1st instead of the 12th July.—

Transmitting copy of a Correspondence with the Accountant General relating to a modification of the Kistbundy of this District and requesting Board's orders thereon.

* To the Accountant General dated 3rd October 1855 No. 2446 From Do. 13th Do. No. 1049.

2. Mr. Conolly appears to have addressed the Board on the subject under date the 7th March 1844 and as he repeated his suggestion after an experience of 15 years I would venture to recommend that the Board will be pleased to authorize the proposed change.—

3. I am assured that the introduction of the modified Kistbundy will as remarked by Mr. Conolly, be beneficial to both

Vide Appendix A

Proceedings of the Board 28th May 1855.-

both the people and the Government, and facilitate the execution of the orders of Government of April 12th № 102 of 1855.-

Calicut the 22nd October 1855.- } (Signed) J. Clarke
Collector

№ 1

Extract of a letter from the Collector of Malabar to the Accountant General dated the 26th July 1855.-

1. You will also be pleased to let me have your Kistbundy and to state whether the Kists can be brought forward.-

* Appendix A

I beg to enclose the present Kistbundy and to propose that instead of 10 there be only 8 Kists as shewn in the last Column of the Appendix A

3. With reference to Paras 9 to 14 I beg to observe that considering the peculiar nature of the cultivation of this Province and its entire dependance upon the S.W. Monsoon I am decidedly of opinion that the Fusly year as now altered, is best adopted for all purposes, and preferable to the Official and Calender years

4 The Jummabundy being conducted and concluded during the fair season on the Western coast say by the end of

of April, there is ample time for the winding up of the accounts before the 30th June - whereas if the Official year be adopted the Public servants will have to be present at the Huzzoor Office to close the accounts of the 30th April just at the time that their services will be required in the several Talooks.-

5 The Calendar year contrasted with the periodical cultivation of this District will in my opinion, be equally objectionable under all these circumstances I would recommend the Fusly year.-

6 If the Kistbundy now proposed by me be adopted, I request to be favored with an early communication on the subject, in order that it may be introduced before the next first Kist falls due.-

(208.)

Bd No 3103
From the Collector
of Madura
Sp. 6. Madura
11th Dec 1855

Represents
Represents the unsatisfactory position in which the holders of Enam Villages stand towards their Ryots and towards the Sircar and solicits that the case may be referred for the consideration of Mr Stokes.

Sir

I have the honor to address the Board on a subject in which they may think that they at present have no power of interference, but may deem fit for the consideration of Mr Stokes.

2 It is the unsatisfactory position in which the holders of Enam Villages stand towards their Ryots and towards the Sircar.

3 Notwithstanding the opinion given by the Government Pleader in regard to the recovery of arrears, which affirms the doctrine that the Ryots in Government Talooks have the same relation to the Government that the Zemindars have, I think that the Board will consider that according to the Correct theory

theory, the Ryots of the Government lands and those in Zemundaries and enam Vil-
=lages have exactly the same rights the Zemindars and enamdars standing in
loco Government as recipients of the
land tax - If such be the case, the
Ryots in Enam Villages have reason to
expect that their Tanks shall be repaired
in like manner as in Government Villages

4 I am constant Complaints rea-
=ched me that this duty is neglected by the
Enamdars - some few years ago, the Col-
=lector would have refused the grievance
by keeping the Village under Ryoti till he
had repaired the Tank from the yearly
income, but the power to do this stood on no
legal basis and would in the present
day be resisted.

5 I will mention an in-
=stance to shew how requisite it is that some
law should be passed on the subject The
Village of Veraganoor, near Madura is
held as Enam on a quit Rent of several

needy extravagant Mussulmen - For many
months I have never passed it without
being besieged by the Ryots Complaining
that they were being reduced to indigence
by the Tank not being cleared out, and
a few days ago I had an opportunity of
seeing the truth of the assertion I was
walking with Captain Horsley shortly
after a fresh had been received in the
Vigay River, and we were surprised to
observe that whilst on the higher of two
parallel Channels water was running
with great rapidity, in the lower there
no Current The latter Supplied this
Veraganoor Tank when we came to which we
found, that owing to the filling up of the
bed, the water in it though not enough for
a fortnight, was quite as high as that at
the Channel head, from which of Course
therefore no water Could flow.

6 It seems to me very desirable
that it should be made Competent to the
Collector under such circumstances to issue

an

an injunction to the Owner to Repair the Tank and in default to Fine it till it may have been Repaired from the Income.

7 The second point is the difficulty of dealing with all the Shareers in an Enam Village. It is not necessary to exhibit proof of a Circumstance which is well known to all Revenue Officers and I would propose as a remedy that when the Government Seewa of a Village is enjoyed by several persons, they should be called upon to elect a Manager for the purpose of transacting business with the Revenue Officers.

Madura

Bd. No. 3265
Proceedings thereon

(Signed) R. D. Parker
Collector

The Board request to be furnished with a Copy of the Summons under which the Village of Veraganoor is held as Enam.

2. With reference to the last Para of the Collectors letter the Board presume that it is usual to Register an enam Villag

in the name of the leading enamdar who might be reasonably expected to transact the business of the enam with the Collector. They therefore wish to be informed if there are any Special Causes which make it necessary in Mr. Parkers opinion to appoint a Manager more formally in these Cases.

Bd. No. 3366
From the Collector of Sea Customs -- Madras -- } Para

Sir

I have the honor to report

Dated 5th Octr 1855 that 61 Tons of Salt arrived here from Liverpool on the Ship "Wansfell" and the parties not being able to dispose of it here, I permitted it to be landed under the enclosed order. It was under the Cus tody of this Department, and reshipped in the same manner for Calcutta on the

Barque

19969

Fort St. George 11th December 1855

Barque "Paragon" on the 20th October 1855.

2

I have no authority for this procedure or in fact for permitting it to be landed except on the payment of 1¼ annas per Maund under Act VI of 1844 and Government Notification dated 6th August 1855 or to be landed under Act XXV of 1836, it being first assessed for duty, but I considered it by no means advisable to agitate the question or to throw any difficulties in the way of the parties the duty of 1¼ annas per Maund being as previous against its consumption in Madras as the 3 Rupees per maund under Schedule A. Act VI of 1844.

Fort St. George Gazette dated 7th August 1855. Page 921

3

Parties are now in Communication with Merchants in England respecting the importation of Salt at Madras and as the duty above noticed prohibits its sale there is little doubt but that a representation will be made to the Home authorities on the subject and probably noticed in the House of Commons.

I

19970

Fort St. George 11th December 1855

dated 2 8bre 1855
From Acting Collector of Madras

4

I beg also to enclose Copy of the Salt Certificate given to the Commander of the Ship "Nabe" through this Department on the clearing of the Vessel and as your Course is to account for every thing respectfully to observe, it is to be regretted that documents of this character should be given, as it gives opportunity to interested parties of which they may avail themselves to make Comments on the Monopoly which to say the least are better avoided in England.

5

The Salt Department was formerly under this Department for Shipment, and I cannot but take the liberty of suggesting it should be so now for exportation, as all Salt would be if Imported, and that on all Cases of shipment of Salt a Custom Officer to be sanctioned for the purpose, should be sent on Board and

Remain

Fort St. George 11th December 1855

remain on Board during the shipment of Salt.

It

9975

Fort St. George 11th December 1855

2 It has been the practice here since the passing of act XI of 1844 to pass Ginger Wine at a 5 Per Cent duty adualorem that is at $\frac{A.}{5}\ \frac{P.}{7}$ per Gallon Having reason to surmise that a different practice prevailed in Calcutta, I addressed the Collector on the subject and it appears that Ginger Wine is charged duty as "Wine" under the Tariff &c at 1 Rupee Per Gallon.

3 The Tariff of Calcutta being introduced here I apprehend there is no alternative but to charge the duty at as at Madras as in Calcutta I do not however think it right to change the existing practice without your Boards Concurrence the more especially as it will effect Shipment now on the Road and weigh very heavily upon parties importing it for sale It would be equitable I think, to give 6 Months notice before enforcing the order, parties would order it in the knowledge of the duty to be paid thereon The price at present

19970

Fort St. George 11th December 1855

present is Rupees 15 per Dozen by retail.

212-213
B.t N.o 3267

Proceedings thereon

Mr. Underwood states that duty has been levied on Ginger Wine since the act of 1844 at an advalorem duty of 5 per cent he observes that the practice in Calcutta is to charge a duty of one Rupee the Gallon, and proposes that as the Calcutta tariff is introduced here, he should Charge duty at the latter rate allowing six months notice to importers before Carrying the change into effect.

2. The Board do not gather from Mr. Underwoods letter on what authority

Fort St. George 11th December 1855

authority an advalorem duty of 5 per Cent was levied by him on this Wine Schedule A appended to Act VII of 1844 directs that a duty of 10 per Cent (advalorem) shall be levied on Wine and liquors This rule was however altered by Act IX of 1845 (Vide Schedule) which directs that a duty of 1 Rupee per Gallon shall be Collected on them. It appears to the Board that since IX of 1845 duty must have been Collected on this Wine as being a Manufactured article not enumerated in the "schedule" whereas under this act the duty should clearly have been 1 Rupee the Gallon In the Calcutta Customs and probably in all the other Presidencies,

Ginger

19979 Fort St. George 11th December 1855.

Ginger Wine is rated as Wine a liquor and the practice of the Madras Custom House has been the Board consider an error which the Collector will in future rectify.

B. N. 3517

From Acting Collr. of Canara

Pointing out the necessity of employing an officer exclusively for the duties of Assistant in the Forest Department and recommending Mr. Miller for the said post.

Sir

The death of Mr. Poulton, an Uncovenanted assistant Collector, Forest Department, which was reported in my letter of the 14th Instant, makes it necessary that steps should be taken to supply his place.

2. In doing so, I am anxious that arrangements should be made to place the conservancy of the Canara Forests on a better footing and that some more regular system, having for its object the preservation of valuable forests, the raising of plantations, and due attention to the spread of cultivation should be established.

3 In order to this, the first step would be the appointment of an assistant in the Forest Department, who shall have no other call on his time and attention, than the many subjects connected with the forests in this District.

4. Mr. Poulton was always away for a portion of the year, and in fact the arrangements by

Fort St. George 11th. December 1855

by which the acting agent for the Bombay Government, became assistant Collector, Forest Department, here would seem to have originated rather in consideration of economy on the part of the Bombay Government, than in any proposal for the special benefit of Forest Conservancy Mr. Poulten's long residence on the coast, and general acquaintance with the Canara Jungles, rendered him a very fit and proper person for the post, but this cannot be the case with his successor in the Bombay agency whilst the best results might, I think, be expected from the appointment of an Officer to take special charge of the Forest Department in this District, with sufficient powers to enable him to work it with advantage, as an uncovenanted assistant to the Collector and magistrate.

5. We have yet to ascertain the real extent of existing resources and their value as regards position with reference both to water and land Carriage. We ought to raise plantations of Teak and perhaps of some other valuable woods also, in situations best adapted to their growth

Fort St. George 11th. December 1855

growth, and removal when wanted. These and other subjects therewith connected which have overtaxed the powers of an active and efficient officer, who was frequently absent on other duty, are sufficient to occupy one man for some time to come; but questions regarding Coommery clearings could be best considered and treated encroachment stopped and regulations suggested by an intelligent European officer attached, as proposed, to the District, and constantly moving through the Forest.

6. Offers for land in Forest tracts would be more quickly disposed of, and the presence of such an Officer would be a great protection to the ignorant and thinly scattered population of Soopah.

7. I have enumerated some of the most important duties that would devolve on an assistant in this Department, and enough has been said, I trust, to show the necessity of our having a man attached to the District, and not liable to be called away elsewere for long periods, and at a time of year when his services are most required.

8. The work to be performed is of a

a peculiar kind, and would task the energies of an active man acquainted with the language of the people, and in some degree at any rate with the nature of the duties to be undertaken.

9. I would therefore venture to recommend to the notice of the Board of Revenue Mr. Miller, Executive Officer in charge of the Arbyle road circuit, under the orders of the Civil Engineer 3rd Division.

10. Mr. Millers practical knowledge as a bridge builder and road maker would be of the greatest use. He has succeeded in gaining the confidence of the natives employed under him, whilst the amount and quality of the work he has performed attest his activity, and exhibit his abilities.

Mr. Robinson, the additional Sub Collector, who has had even more opportunities than I have of observing the conduct, and marking the success with which Mr. Miller has hitherto carried on operations entrusted to him at once named this energetic officer as one whose services I should be most useful could they be obtained on the present occasion.

I have

12. I have also the more confidense in bringing Mr. Millers name before the Board as Mr. F. Mallby is acquainted with him and knowns him to be a thoroughly useful and upright man.—

13. The Civil Engineer, under whom he has now served for some time, could, I think bear out all I have said, and though perhaps unwilling to part with so efficient an assistant would be still more so to stand in the way of his preferment which I trust the proposed appointment if conferred on him would be.—

16. Mr. Poulten drew Rupees 200 a month as, assistant Collector Forest Department / in addition to his allowance, 300 Rupees as agent for the Bombay Government / and I would propose that in future the pay of the appointment should be raised to at least Rupees 250 per mensem, and that allowance as drawn by Mr. Poulten. The revenue derived from the Forests would well warrant this expenditure, and I should, under proper management not only expect to see an increasing income derived from

this

this source but also look forward to a steady improvement in the state of the Forests themselves.

Collectors Cutcherry
Mangalore
26th November 1855.

(Signed) W Fisher
Acting Collector

Ordered to be submitted to Government with the following letter.

2/6-2/7.

B. N. 3269.

To the Secretary to Government.

Sir

I have the honor to be
Sir
Your most obedient Servant
(Signed) T. Pycroft
Secretary to Government
Revenue Department

Submitting with reference to the letter from the Board of the 29th Ultimo a letter from the Acting Collector of Canara approving of the proposal to separate the offices of Assistant in the Forest Department and that of Agent to the Government of Bombay mentioning Mr. Miller for the former place, and suggesting the appointment of Lieutenant Taylor of the Indian Navy to the executive charge of the proposed harbours &c. of North Canara holding at the same time the office of Agent to the Bombay Government.

Fort St. George 11th December 1855.

With reference to my letter of the 29th November 1855. I am directed to request that you will lay before the Right Honorable the Governor in Council the accompanying letter from the Acting Collector of Canara dated the 26th November in which Mr. Fisher states the arrangement that he is desirous of making in consequence of the death of Mr. Poutlan for the Forest Conservancy of the District of Canara

2. Mr. Fisher proposes that in future the office of Assistant to the Collector of

of Canara in the Forest department be separated from that of Agent to the Governor of Bombay for the purchase of timber, with which it was before connected. He observes that the duties of the former office alone which he details are fully sufficient to occupy one person "not liable to be called away elsewhere for long periods, and at a time of year when his services are most required" and he mentions Mr. Miller an uncovenanted Officer in the Department of Public Works as particularly qualified for the proposed charge.

3. I am directed by the Board of Revenue to state that they appreciate the argument for dividing the appointment of Assistant to the Collector of Canara in the Forest Department from that of Agent to the Government of Bombay The duties are arduous and increasing To regulate Coomery cultivation, to explore the Forests to report upon the numerous applications for

forest

19987

Fort St. George, 11th December 1855

Forest lands and determine which shall be granted and which must be reserved to regulate the supply of timber, and to keep the roads by which it is to be made well will be the duty of the Assistant, and if he is enabled to give his undivided attention to them the Collector will have the means of combining the due conservancy of the valuable jungles with the extension of cultivation and improvement now in progress

4. I especially qualified by knowledge of the language and people and by uprightness and integrity of character for these duties. Mr. Heller is a German who came to India as an artizan attached to the Industrial school of the Basle Mission. As there was not scope for his profession, that of watch and Clock making he accepted the offer of the present employment in the Department

Acting third Member of the Board to take

19988

Fort St. George 11th December 1855.

of Public Works and in that sphere his services have been most valuable.

5. But there is one reason which leads the Board of Revenue to hesitate in recommending the above arrangement to Government which is, that Lieutenant Taylor of the Indian Navy has expressed a desire to succeed Mr. Poulton on his appointment. The eminent qualifications of that Officer as a Surveyor would be of such value in North Canara where the forests have hardly been explored and Lieutenant Taylor's absence at Sedashaghur would so greatly advance the project of the land over which he has planned that if the continuation of the two appointments should be essential to securing Lieutenant Taylor's services the Board of Revenue would regret any change and would secure that advantage.

6. But the arrangement most advantageous would be if Lieutenant Taylor's services should be secured by his

his being placed in executive charge of the proposed harbours and Canals of North Canara holding at the same time the office of Agent to the Government of Bombay for the purchase of Timber.-

7. A Canal connecting Tudderi and Compta with harbour works both at Sadashaghur and Compta are already under the consideration of Government or about

&c &c &c &c &c

to be laid before them. The Government of Bombay have espressed their great interest in the improvements of the harbours in connection with the roads of Dharwar and Belgaum and would the Board have reason to hope concur in making Lieutenant Taylor's services available while holding the Timber Agency which has hitherto been held by an officer of Lieutenant Taylor's service.-

8. Should this suggestion meet the approval of Government the Board would recommend that a reference be made to the Government of Bombay on the subject of Lieutenant Taylor and the vacant appointment

appointment of Timber Agency. After the sentiments and intentions of the Bombay Government are known the question of appointing Mr. Miller to the Forest conservancy can be considered and meanwhile the Collector might make temporary arrangements for the charge of the Forests, if Government approve the suggestion which the Board made on this point in Para. 6 of their late letter dated 29th November 1855.-

No. 155.

To. G. I. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

222.

Bd's No. 3533
From the Collector
of Coimbatore

Affords explanation with reference to the Board's Circular of the 25th September 1855 regarding Tinnul Jasty & Teervah Jasty.

Sir,

I have the honor to acknowledge the receipt of the Board's Circular No. 2518. 28th September 1855. requiring my opinion on the rules regarding "Tinnul Jasty and Teervah Jasty" appended thereto. -

2. I presume that these rules are not intended to apply to dry lands permanently converted into Punjah under channels or Tanks which are chargeable at the same rate as the neighbouring Punjah lands are taxed but only to those that are temporarily appropriated to Punjah Cultivation in one year or more and entered under the head "Tinnul Jasty" reverting in the following year to their former position and under this impression, I beg leave to state that the said rules are not applicable to this District. -

3. The only Poonjah or Garden lands temporarily converted into punjah in this District are

are generally those that are in a low level during heavy rains they become swampy and unfit for dry Cultivation the Ryots rather than keep them waste appropriate them to wet Cultivation when water is required which is seldom the case he drains an adjoining swamp for irrigation which suffices to produce a scanty Crop. in such cases Nunjah Assessment is levied this may perhaps be discontinued and the rule of a water rate may be introduced but the profit to be derived by the ryot under this charge would not be great and in those instances in which the Nunjah rate to be demanded is lower than the Combined amount of the original assessment and the water rate it would be productive of loss to the Ryot as will be seen from the meloseid Statement.

4. The Board may hopefully consider on a reference to the Statement that the above remarks apply more properly to Gardens (dry)

/dry/ and that the introduction of the water rate may be advantageous as far as the Poonjah lands are Concerned, this in point of fact is the case but it occurs to me that taking into Consideration the annual amount derived from this source it is unnecessary to break thro' the usual practice and to establish two different systems. Calculated to Complicate and Confuse the Accounts.

5. Rule Sixth prescribes that the immunity enjoyed by new well lands /Poonjah/ "is subject to such rule as may hereafter be made by Government as to wells situated near Government works of irrigation" this appears unnecessary is calculated to create distrust in the minds of the ryots and to affect the general and very desirable investment of Capital in the improvement of dry lands.

6. Adverting to Nunjah lands the distinction of water rate for one or two Crop is inapplicable to the northern Division of Coimbatore where there is no distinction of the nature above adverted to, all lands paying the prescribed

prescribed rate of assessment whether Cultivated

with one or two crops.

7. In the Southern Division the

difference of one and two crop with

but the practice is not uniform and

varies in different Talooks as explained

in my Communication of the 25th Sept

last. In canoor Dharapooram &c the

rate leviable for a 2d crop is Rupees

2—15—5 where as the proposed water rate

for the same is 3—8—

Lands

8. Lands termed "Punjah" & "Tarim Poonjah"

have proportionate rates of assessment

fixed upon them as detailed in para 41 of

Dated 28th Dec 1854 No 165. my report on the Settlement of Land Revenue

nue for Fusly 1263 all new lands which

are carried to that head are taxed with

the same rate and the rule laid down

in clause fourth cannot therefore be

applied to them.—

9. Under these circumstances I am of

opinion that the proposed rule would not be

of much use in this Province.—

Proceedings thereon.—

In the Boards Proceedings of the 18th October the Collector was requested to furnish certain information required by Govern^t regarding the Station at which the Sub Collector has hitherto principally resided, and the rule which it is advisable to make for that Officer passing a portion of each year at Ongole in the centre of his division.

In the letter now under consideration Mr Elton mentions that he has forwarded direct to Government with his support an appeal from the Sub Collector against Ongole being considered the Sub Collector's Station in the place of Ramiapatam

Pending

Pending the result of this appeal he has considered it unnecessary to do more than lay before the Board Copies of the letters addressed by him and Mr. Minchin to Government with a recommendation that the Talook of cavaly lying South of Ramiapatam may be transferred from the Collectors to the Sub Collectors charge.

2. The Board would not object to such an arrangement, but they observe that while it would cause Ramiapatam to be no longer on the Southern verge of the Sub Collector's division the Sub Collector would still be equally remote from Ongole, and the Northern talooks. The Board must

19940 Fort St. George 8th December 1855

must therefore request Mr. Elton

Extract from the Proceedings of the Honorable the President of the Council of India in Council in the Financial Department under date the 1st November 1855.—

Read an Endorsement from the Home Department No. 1269 dated 10th Ultimo forwarding a proposal from the Government of Madras for the resumption of the Shotrium Village of Tripapoloor and Caroonady in the District of South Arcot and the grant of a pension in exchange to the Shotriemdar.

an

Resolution.— On the 16th June 1841 the Honorable Court authorized the Government of Madras to extend to his two next heirs a Shotrium Grant* made to Madana Row late Head Sheristadar of the Southern Division of Arcot on conditions which would reduce the value of the Shotrium on the accession of the next heir to two-thirds of the original amount and during the life time of the last to one-third.—

*Land allowed to be held at a favorable rent by an individual either as a reward for services or as a Compensation for duties to be discharged.—

The Lands are at present in possession of Rajah Row grandson of the Original Grantee who during the last ten years has received an average annual income from them of 1304 Rupees and it is now proposed, in order to secure to the Ryots of these Shotrium Villages the same remissions as are enjoyed by others in their respective Talooks, that the Villages of Tripapoloor and Caroonady should be resumed and that a pension of one hundred Rupees a month or 1200 Rupees a year should be granted to Rajah Row instead.— for the remainder of his life.

Collector

№ 1

Extract of a letter from the Collector of Malabar to the Accountant General dated the 26th July 1855.-

1. You will also be pleased to let me have your Kistbundy and to state whether the Kists can be brought forward.-

* Appendix A

I beg to enclose the present Kistbundy and to propose that instead of 10 there be only 8 Kists as shewn in the last Column of the Appendix A

3. With reference to Paras 9 to 14 I beg to observe that considering the peculiar nature of the cultivation of this Province and its entire dependance upon the S.W. Monsoon I am decidedly of opinion that the Fusly year as now altered, is best adopted for all purposes, and preferable to the Official and Calender years

4 The Jummabundy being conducted and concluded during the fair season on the Western coast say by the end of

of April, there is ample time for the winding up of the accounts before the 30th June - whereas if the Official year be adopted the Public servants will have to be present at the Huzzoor Office to close the accounts of the 30th April just at the time that their services will be required in the several Talooks.-

5 The Calendar year contrasted with the periodical cultivation of this District will in my opinion, be equally objectionable under all these circumstances I would recommend the Fusly year.-

6 If the Kistbundy now proposed by me be adopted, I request to be favored with an early communication on the subject, in order that it may be introduced before the next first Kist falls due.-

Sir Malabar

In reply to your letter of the 3rd Instant I have the honor to acquaint you that the object of my Circular of the 22nd May last was to obtain information on the several points therein asked and principally as to whether the substitution of the official

for the Fusly year was practicable. This circumstance is still under reference and consideration.

2 With respect to the proposal by Mr Conolly of modifying the Histbundy of your District from ten to eight Hists. I would suggest that the subject be submitted by you with the needful explanation to the Board of Revenue within whose province it properly falls.

Do. — 29th — No. 13

Do. — 29th — No. 15

Do. — 6th March

Para 55 The lands and estates of the departed parties should under Section IX Regulation II 1819 be temporarily attached and managed by the Collector should he deem such a measure advisable. It occurs to Government that this proceeding may be useful Most of the men in question live in secluded parts of the District and have been notorious for their participation in former crimes and outrages. The presence of Government Managers on their lands will enable the Police to obtain a better insight into the state of society in such localities and prevent their relatives from engaging in future crimes. The Collector will submit his opinion on this

Fort St. George 12th June 1856

this point.

Ecctract from a part of the 2d para of a letter from T. Clarke Esqre Magistrate of Malabar dated 20th May 1856.

I believe it will be desirable for the grounds set forth in para 55 of the Government Minute, as well as to serve as an example and for the protection of the interests of the departed men, that their property should be plac= under Government management when= ever such property may consist of land, or in cases where there may be so much money as to render its investment in Government securities practicable.

I have desired a list of all the property possessed by each of the parties to be made out and of the claimants to it and perhaps the circumstances of each case may be the best guide to de= =termine, how it should be disposed of.

(True Ecctract)
(Signed) T. Pycroft
Chief Secretary.

No. 176

To,

G. J. Forbes Esqr.

Acting Secretary, to the

Board of Revenue

Sir,

544

B. No. 310

From the Collector of Coimbatore

I adverting to the correspondance noted in the margin, have the honor to forward State-ments exhibiting the amount of reduction made in the Assessment on Garden lands in this Dis-trict under the authority conveyed in Extract from Minutes of Consultation No. 1298 of the 6th October 1854.

2 Statement No. 1 shews the amount given up in each Taluk under the several heads of "Bay Punjah." Grafs &c. and Statement No. 2 furnishes similar information in an abstracted form with the amount of increase produced in 1264 by the reduction of Assessment.

3 The remissions under this head amount to Rupees 34,636. 2. 6, Rs. 1640 - 6 - 9 by the reclassification of nominal Gardens into Punjah, with the maximum rates of assessment fixed thereon, on which there never were wells, or all traces of them were lost; Rupees 18224 - 8 by the reduction of 1/3 of the previous

Order

Ordered to

Fort Saint George 12 June 1856

previous Garden Assessment on old wells which were likely to come into use again eventually and Rupees 261—11—4 by the remission of 15 and 12 per Cent.

4 With reference to the latter item it is necessary to remark, that some land / unfit for Garden cultivation and appropriated to common dry grains, from want of water in wells or other cause, for a period of less than 5 years, / were this year again cultivated with Garden produce the old wells having either been repaired, or new ones dug and as such they were not considered entitled to further indulgence than the authorized remission of 15 or 12 per Cent, which was accordingly granted in common with the other Gardens.

5 The increase, so far as it has been realized this year by the repair and resuscitancy of old wells amounts to Rupees 1985-8 which would have been far greater had it not been for the unfavorable character of the past and present Seasons, and the high prices of grain, which have nearly paralyzed the industry of the agricultural classes. It is certain however that in a few years the

Fort Saint George 12th June 1856

now given up, will be much more than repaid by the extended cultivation of Gardens. In addition to the remissions, it was also necessary to grant cowles for the repair of some very old wells, but in doing this, every care was taken against needless indulgence, and cowles were allowed to none but those who actually required it, either from investment of large capital or from such other cause which required special consideration.

It will be perceived by the Board, that the modified rate of Assessment is intended to have effect from the time the wells are repaired, and the lands rendered capable of Garden cultivation. the lands not so improved, continuing to pay the same demand as at present an arrangement of this kind was necessary, as the immediate enforcement of the revised Assessment, without reference to cultivation, would over burden the ryot, and render the present remissions nugatory.

7 Gardens under Punjah cultivation for less than 5 years, and therefore not entitled to be reclassified as Punjah, or to receive the authorized

Fort Saint George 12th June 1856

authorized reduction of 1/3rd of the existing demand amounts to Rupees 30990-10-5 It was originally proposed that 5 years should be fixed as the probationary period, for the purpose of ascertaining the real worth of a garden given up, or held on Punjah or other terms, but subsequent experience should that such a restriction is inadvisable It would perpetuate reduction of Assessment annually and would be calculated to create new claims, and I am therefore of opinion that it is better to have the demands on all Gardens of this description, revised at once in 1265 without reference to period. that is whether five years or less at the same time it would also be a very beneficial measure if the demand on Gardens who now pay full rent / minus the 15 or 12 per cent as the case may be / but which only actually yield a Punjah crop, be modified likewise upon the same principle the amount which will have to be relinquished under such an arrangement, would not be great and every care will be taken to prevent abuse and unnecessary sacrifice of Revenue. I shall carry out this, if not disapproved by the Board.

8 The reduction under this head

Fort Saint George 12th June 1856

Statement of Gardens on which Remissions of Assessment have been granted

Waste Gardens Cultivated

Gardens Cultivated Punjah tenure

/ of these Gardens / amounts to Rs. 3425-12-6, and the increase produced from extended cultivation to Rs 163-6-11, the circumstances under which these remissions were granted are precisely similar to those of "Bag Punjah," and requires no other remark The Gardens which have to be eventually disposed of bear an Assessment of Rupees 623-7-11 this item as well as, other similar will disappear, should the proposition above made, be carried out.

9 The amount given upon waste, is Rupees 2,111-3-3 and the increase from reclaiming waste wells is Rupees 3,866-4-2 a result which clearly demonstrates the good effects of the remission The extent of land to which a similar indulgence was not allowed, but which have been taken upon Punjah tenure, is something more than 200 Bullahs assessed at Rs 3,094-1-7

10. Adverting to Gardens paying full rent, which have received remissions heretofore, I beg leave to explain that all of them are in the College

Collegal Talook they have no wells or other mea
of irrigation and are dependent entirely upon
periodical rains. Just as other commandy
lands the imposition of garden rent upon them
originally, was an unfair and extra taxa
tion of the profits supposed to arise from the
cultivation of the Mulberry, instead of Pun
jah grains thus taxing the crop and not
the land, because Collegal climate happened
to favor the production of Mulberry and Silk
the labor and expense incurred in raising a Mulberry
plantation, are far greater than that re
quired for Punjah grains, and the chances
of failure and loss, likewise greater a Pun
jah field appropriated to Mulberry in
any year was immediately charged with
the usual additional Garden demand It
was held on these terms only so long as the
Mulberry cultivation lasted it was then
given up and included in waste or Rapt under
"Dry Punjah" head with remission It was
considered best to lower the Garden Assessment
ment to the level of the maximum Punjah
rate in the Northern Division, the land being
in real truth, unwatered Punjah.

11 Regarding the remission of 15 2/4 fr

of the demand on Garden lands in the same
Talook, in cases where it appeared that the
reclassification of Gardens into Punjah was
likely to raise the present demand 1/3 of the
existing Assessment was reduced, so as
to extend the benefit of the remission to
all gardens generally, such a measure
was greatly needed as the demand was
heavy & calculated to induce the eventual
relinquishment of the land of which there
were numerous instances

Remissions
Cannot be
accounted

12 The arrangements as connected
with the Enams transferred to Circar are
the same as those of other Gardens.

Remissions
15 & 12 percent

13 The remissions of 15 and 12 per
Cent on those which actually paid full
rent in 1263 amount to Rupees 67398. 3 11

14 The Gardens on which no reduc
tion was effected are only on the Neilgherries
they are valuable moderately assessed have
flowing water and do not appear to fall
within the intention of the orders of Government

A

I do not therefore consider a remission required on them

15 The last item, of Rupees 444-2-11 is the reduction on a small quantity of Nunjah under Garden culture. Wet lands unfit for Nunjah, from the difficulty of irrigation are converted into Gardens, and pay the Assessment like other Gardens, and hence they have also had the authorized remission like others

16 The annexed abstract shows at one view the reduction under various heads amounting in the aggregate to Rupees 136445 — . of which Rupees 68966-8-3 can only be considered as the amount actually given up the residue 67478-7-11 being a reduction on Paper only or in other words on lands which yielded no revenue to Government the increase which has

immediately occurred is no less than 8014-13-10 or about 1/8th of what has been remitted, and I can have no doubt that in a short time the arrangement sanctioned by Government will prove most advantageous to Ryots and Government

Statement under Classification and Assessment

| | | |

designed to shew the exctent to which the reductions have been applied and the general result of the Measure-

2. It is therefore with some disappoin=ment that the Board discover on examining the Statements now before them, with the assistance of Mr. Thomas's letter that the plan laid down for his guidance by the Board and the Government has not been closely followed and that in some instances reduction of Asses:=ment have been granted without their authority and contrary to the principles exc:=plained in the Minutes Consultation as already alluded to-

3. The instructions contained in the Government Minutes Consultation and Board's Proceedings were briefly as follows-

1. To Grant a reduction on all well lands under Cultivation to the exctent of 12½ in the Northern and 15½ in the Southern talooks- the Government positively declined to accord at this time a large reduction on Cultivated lands forming wells, on the ground that the assessment

assessment was already low-

2ndly To reduce to 1st class poonjah on Garden lands destitute of Wells or possessing only such as were incapable of repair and otherwise of=useless the permission had special application is (Bds Pro: P 2) to waste lands but neither the Board nor the Government acceeded to the proposal at the close of para 7 of Mr. Thomas's letter of In Cons: 19th Octr 1854. the 12th September to allow a reduction of 1/3rd upon any class of Garden land-

4. 3rd At the close of the Board's Proceedings 19th October 1854 a discretionary power of reduction was permitted to Mr. Thomas in reference to the waste land spoken of in Para 13 of his letter 12th In Cons: 19th Octr 1854. September 4th Cowles must be given for the re=storation of wells Capable of repair the assessment to be paid at the expiration of the Cowle being the reduced rate of 12 or 15½ Conse:=quently the instalments during the term of the Cowle were to be calculated with reference to their reduced assessment.

5. On comparing with the above instruc=tions the explanation now forwarded by Mr. Thomas the Board observe that the rule for reducing to Poonjah all lands without wells has

has been only partially carried out, and that instead of ascertaining by accurate enquiry whether gardens now in occupancy are wholly without wells or possess old wells unfit for all future use, Mr. Thomas wishes to take as a test the fact of Gardens having been Cultivated with Poonjah produce for certain number of years (see para 7 of Collectors letter of 29th December 1855.) thus departing from the procedure intended by Government and opening a door for confusion and wrongful claims for reduction. Mr. Thomas speaks of this rule regarding 5 years Cultivation with dry Grain as a part of the Government Scheme but such is not the Case.

+ Vide para 7 of Collectors letter dated 29th Dec. 1855.

6. It has been already observed that the Government did not sanction a reduction of 1/3 on any land. It will be observed however that such a reduction has been granted on some of the lands procuring old wells likely to be restored. It also appears that among the occupied lands which have been classed as

as poonjah there were some in the collegal as Talook bearing so low an amount that it was not probably to rate them as 1st class poonjah without actually raising their assessment and on these also as they have already tasced a reduction of 1/3 of the old assessment was granted. In these two instances the Collectors proceedings are erroneous. In the first the gardens should have had the 12 or 15 per cent reduction until it was ascertained that they were entirely without means of irrigation and then they should have been brought permanently under the head of Poonjah. In the second the Collector was not authorized to make any reduction and the assessment should have remained in its present state until he showed the necessity for altering it and obtained sanction for doing so.

7. Mr. Thomas appears to have supposed that the Government intended the reduced assessment to be immediately enforced

in

in full, instead of Cowle instalments being allowed during the restoration of their wells it is evident however that the assessment having been reduced, only such instalments as Mr. Thomas saw fit to fix were designed to be levied in the interim - but little use appears to have been made of the permission to Grant Cowles the 1/3 reduction having been given on lands to which a Cowle was properly applicable - The

Para 10 Board understand from para 10 that the Colleg Mallaverry Garden have already been classed as Poonjah owing to their possessing no wells

8. They will now advert more particularly to waste lands considerable discretion was allowed to Mr. Thomas in dealing with

P. 3 and 4. these lands as has been already shewn and had the reduction of 1/3 now animadverted upon extended only to these lands Mr. Thomas would not have exceeded the discretional power given to him - It seems however that no more than Rupees 211-3-3 of the whole amount of reductions has been taken off the waste lands which comprises 7,249 Bullocks assessed at 1,855 Rs.

and Mr. Thomas does not specially explain the steps which he took to act upon the authority accorded to him in the closing para of the Board's Proceedings 19th October 1854.

9. On a review of the above facts the Board feel constrained to call upon Mr. Thomas for explanation of his departure from their instructions in carrying out this measure they observe also that the Statements are drawn up in a form which it is difficult to follow he will therefore in replying to their Proceedings submit a brief abstract shewing the land (under its old and reduced assessment) under each of the heads of reduction specified at the commencement of their proceedings and explaining in a separate Column the descriptions of land subjected to the reduction of 1/3 -

Note Among other instances of this, Mr. Thomas is requested to compare the abstract he has given in Paras 16-17 with that of para 2 of Extract Minutes Consultation 6th October 1854 from which it will be seen that the assessment of waste and Cultivated Gardens exceeds six lacs. while Mr. Thomas's Statement would leave it to be supposed that land assessed at less than 1/2 that amount was concerned in this measure-

So

Fort St. George 12th June 1856.

No. 28.

To,
G: S: Forbes Esqre
Acting Secretary to the
Board of Revenue.
Fort St. George

546
Bd. No. 1135.

Sir,

From the Actg. Collr. of Canara

With reference to Extract from the Proceedings of the Board of Revenue under date the 6th Instant, I have the honor to state that I have caused the notice prepared in the Board's Office to be published in Mangalore and Caforgode, the only ports of Canara into which Bombay Salt has been introduced. The business has been hitherto conducted by the Merchants of the former place, and will in future be taken up in the first instance by them alone, if the trade is likely to prove remunerative (for resident merchants only posses facilities for the undertaking) and I think it may be notified that no Bombay Salt will be introduced into Canara on Government account after the 30th November next.-

2. The supplies of this article for the use of Government have hitherto been contracted for in august, and the first arrivals of take

Fort St. George 12th June 1856.

take place on the breaking up of the Monsoon, so that ample time will be given to the Merchants to make their preparations to meet the demands of nesct season, if a notice to the above effect is published at once-

3. The price of Bombay Salt at our depôts, based on calculation of prime cost and escpenses, plus a 14 annas duty, with as shewn in the annexed Memorandum, be about Rupees 1-1-2 per Indian Maund, and as raising the price to this extent at an early date will enable the Merchants to judge how far Bombay Salt at these rates will compete with the home manufacture, and the consumer can always take Canara Salt at 1 Rupee per Maund if he prefers it to that imported from Bombay at Rupees 1-1-2, I see no objection to making the necessary change at once and would therefore propose that the new rates be charged from and after 1st of May nesct.

4. Arrangements have as usual been made to keep up a supply of Bombay Salt during the Monsoon, and until the opening of the season admits of further arrivals, and the proposed alterations in the mode of supply can be made at the time I have indicated without prejudice to the interests of the Government, or any fear of a scarcity of Salt being the result-

Bd's No. 2122

From the Acting ... Coll'r of Masulipatam

Sir

With reference to your Printed circular of the 29th August last No 3264 requesting to be furnished with certain information connected with yeomiahs in this District,

I have the honor to state, that at present no correct report can be submitted of what were the number and amount of the yeomiahs received by the several classes at the first assumption of the Country, but those now disbursed from the Treasury are entered in the accompanying list in the order pointed out in the form received with your letter.-

2 It will be observed that these which are few in number, have, with one exception been transferred to this from the Rajahmundry District The whole amount disbursed annually is Rupees 1052-15-

3. Independently of these there are other classes

classes of allowances disbursed in this District which do not appear to come under the head of "yomiahs" – These are enumerated below but are omitted in the Statement from the supposition that they are not intended to be there exhibited. –

1	Pensions to the family of the late Nabob of Masulipatam	Amount not known	4972 [illegible]
2	Pensions in lieu of resumed Offices and Privileges		52-8
3	Do in lieu of Salt Rooscoons and Privileges resumed –		
	to Bramins – 42-14		
	to Pagodas – 198 – –		240-14
5	Do to ex zemindars whose estates have reverted to Government by Purchase		18380 –
6	Do to the families of Pensions who died of the treatment they received during the incursion of Pendaries into this District – Vide Government order 2d April 1817		94-8
7	Do Do of those who died of the injury sustained by the falling in of a large mound of earth when employed at the excavation of the foundation of a Bridge over the apparow calwah Vide Government order 3d June 1848		105 –
	Allowances to Pagoda and mosques		9-9
	Karnatic Stipends		300 –
	Native fund Pensions		119 – 12
	Superannuation Pensions		10 – –
	Total		6234 4

4 Should the Board desire lists for these allowances also to be submitted this will be done immediately on receiving instructions to this effect. –

5 The yomiahdars comprised in the list generally attend in person and the amount is paid to them & direct from the Treasury on the identification of the parties There are too few in number to allow of any table of rates of mortality being framed. –

in all Rupees 29,350 the total receipts of the Collector for a year. In 1836* the Collectors Salary was consolidated at 30,000 a year. The Tent allowance allowed under the rules sanctioned by Government under date the 9th November 1821.

*Sanad 5 May 1836.

When on circuit the Collector draws 5/8 Rupees extra Tent allowance per diem.

In 1839 when act No. XXIII of 1839 was passed the Collector and Magistrate was created Agent for the Governor of Fort St. George in the entire Tent was included Districts, and in this capacity he is Civil and Criminal Judge within those limits as well as Collector of Revenue. The Supreme Government at the time fixed the Salary of the Agent at the former pay of Rupees 30,000 per annum. as a Collector simply he would draw 2,333 a month. With the Civil and Criminal business added, an additional sum of Rupees 167 per month has been sanctioned.

*From the Offg Secy. to the Govt. of India dated 23d Novr 1839 No. 276.

which was resumed by Government making

equivalent to those of a Collector and Magistrate and of Civil and Sessions Judge collectively

For the 3 years ending with 1855. the average number of Civil Suits disposed of by the agent alone was 18 embracing property of the value Rupees 58,285 6 1. and innumerable Miscellaneous Motions and petitions referring to them. The value of the Suits disposed of does not show by any means the value of the property litigated, for during the past year the agent has prevented the litigation of claims of at least a lac of Rupees which would have been publicly litigated but for his mediation.

On the Criminal side the average number of trials was 32 embracing 70 persons. The agent has the general Supervision of the Courts of his Assistants and of the three Moonsiffs under the agency besides 21 Heads of Police in the whole District. On the revenue side he has the collection of the Land, Stamp, Abkarry, Salt, and Sea Custom revenues, assisted in some measure by his Assistants.

The area of the District is 7,808 square miles.

The Revenue Rupees 12,41,911 11 1

Population 14,00,000.

The management is Ryotwar and Villagewar and the revenue is collected from in some places 28 Proprietors and Zemindars and 3000 Ryots.

extensively throughout the District of Vizagapatam. The agent is probably six Months on Circuit. The allowance for Tentage will not pay the expences of travelling.

Designation of office and present salary	Alteration which have taken place within the last 25 years in the salary allowed	Duties to be performed	Special circumstances which were considered in fixing the salary
Collector and Magistrate and agent to the Governor of Fort St. George in Vizagapatam 30,000 Rupees Salary and Rupees 1,050 Fixed Tentage per annum	In 1830 the Collector received Rupees 25,250 a year besides a fixed average Commission of 300 Rupees per annum on account of the Extra Sources Commission which was resumed by	In the tracts of this District still under the ordinary Courts about 1/5th of the Collector exercises the powers of Collector and Magistrate only, but over the rest of the District he exercises the powers of Agent to the Governor which are equivalent to those of a Collector	Expences of living depend on the disposition of the Incumbent Shops a very large Establishment The climate is reckoned very temporate although fever prevails extensively throughout the District of Vizagapatam

an early report on the working of the Moonsiffs courts under my jurisdiction, all which from various causes I regret to observe has remained unanswered till the present time.

2. In reply I beg to state that the operations of Moonsiffs under the Provisions of Regulation IV of 1816 in this District are absolutely nothing. This is partly caused by the absence in many instances of any Enams or of any money allowance to Village Moonsiffs by the disinclination of the People to submit to their authority and the indifference of the Moonsiffs themselves to act. In the Hill Zemindary tracts of this District, Petty Civil disputes in Villages are mostly adjusted by the Zemindars or their vaqs. In the Plains the People resort in numbers to the District Moonsiffs when they cannot adjust their difference amongst themselves.

3. An immense amount of Petty litigation in the Moonsiffs Courts is settled by arbitration and withdrawal, much of this arbitration is conducted by the Moonsiffs and Village Officers. But in this District no cases are regularly tried and decided by the Moonsiffs nor do the People show any apparent desire to submit to the jurisdiction except when offered in the way of mediation.

1. A reference from Government on the subject was made to this Department thro' the Board of Revenue in 1854, replied to by Mr. H. Arbuthnot on 8th February of that year. The substance of Mr. Arbuthnot's reply reply is idential with the sentiments now submitted.

Sub Collector and Joint Magistrate order draws Pr 1166- 10- 8 a Month or Pr 14000 per Annum Head Assistant Collector and Ma- strate Pr 65 Rupees			

Fort Saint George 13th June 1856.

After the completion of 6 Years residence in India and three years service in the Revenue line an Assistant Collector is allowed to draw an additional allowance of Rupees 175 per Month or 2100 Rupees per annum.

† By Order of Government 3d September 1829.

Extra branches of Revenue having been done away with—

By an order of Government dated 23d November 1839 the Principal Collectorship was abolished and the pay of the Collr was reduced to the present standard, viz. Rupees 2333-5-4 per Month or 28000 Rupees per annum which has continued to the present time.

The Salary of the Head Assistant Collector was also fixed by the order of Government dated 21st March 1830 at Rupees 558-5-4 per Mensem or 6700 Rs per annum the portion of the commission formerly allowed to him being discontinued.

No alteration has taken place in the allowances of the sub and Junior Assistant Collectors since their situations were created.

Rupees 2724,871-13-6.

The has the entire responsibility of the receipt and disbursement of all the Money paid into his Treasury, an Amounting on an average to Rupees 324197-8-9 a year. He has the management of the Sea Customs Department and of all matters connected with the two parts of the District. He has to make arrangements for the manufacture of all the Salt sold in the District and supervises the sale. He has to look after the Taluk Post and extra branches of Revenue, such as "Land" and "Sea Customs" the "Sale of Stamps" the "farms for the sale of Country & spirits and Sundry other items demand a considerable portion of the Collectors time and attention. He is also special agent for the French Government in India, for which there was formerly a separate Officer drawing a salary of Rupees 1750 per Month. The Collector however now receives nothing for performing the duties which are much about the same as they used to be a good deal of responsible

about in this way, is quite inadequate in this District and it must be remembered that the office people have also to be accommodated by the Tents of the European Officers for which no special provision has been made.

The Sub Collector of this District resides at a solitary place about 40 Miles from Cuddalore without having a single European on the spot. He has charge of the four surrounding Taluks yielding a Revenue of about 8 Lacs of Rupees and containing a population of about three Lacs. His functions are independant of the Collector but his orders and decisions are subject to appeal. His powers as a Magistrate are the same as those of the Magistrate himself, an appeal against his acts lying direct to the Sessions Judge. He has to contend with many

9848

Fort Saint George 12th June 1856

responsibility attaches to the Office as it frequently happens that matters requiring considerable judgment and the exercise of much discrimination have to be settled between the two authorities. As special agent, the Collector is the Channel for all correspondence between other authorities and the French Government and all disputed points or subjects are referred to him. All demands for the extradition of offenders must pass thro' him and he has constantly to make such applications all involving correspondence

The Collector has also the greater part of the executive duties in the Public Works Department to discharge. This entails a great deal of trouble, and adds to his responsibilities.

The Revenue Survey of the District, being carried on by Captain Priestly entails upon the Collector an additional amount of work and the revision of the Assessment which is also in the Collector's hands is a matter which constantly demands his careful attention. The Collector has also been occupied by the arrangements for taxing such of the Surveyed lands as have not hitherto been assessed. This has been in addition to his ordinary duties. Another very arduous duty which has fallen upon the Collector of this District has been the revision of the Village Police which has proved a much more trouble-some affair than it was at first expected to be.

The frequent calls upon the

many serious disadvantages and inconveniences by being placed in a position where he has so few comforts within his reach, and where it is sometimes difficult for him to obtain the usual necessaries of life.

No 65

To G. S. Forbes Esqre
Secretary to the Board of Revenue
Fort Saint George

578

B. No 2128
From the Asst Collr
of Guntoor

Sir,

With reference to the order of the Board of Revenue communicating the Rules for the management of the Ferry and other Local Funds approved by Government on 11th April and to your letter of 2d Instant, requesting the immediate despatch of the report on the Local Funds of this District for the past official year, I have the honor to state that the only item is the rent of the Ferries on the Nizam's Frontier as particularized in the margin, for the year ending 30th April last, and amounting to Rs 258. 8. of this sum nothing has as yet been expended.

The rents for the past 10 years are as follows:

		Rs	A	P
Fusly	1256	112	"	"
	1257	116	"	"
	1258	227	"	"
	1259	227	"	"
	1260	232	8	"
	1261	233	"	"
	1262	246	"	"
	1263	260	8	"
	1264	252	"	"
	1265	258	8	"

As the time since the instructions were received has scarcely admitted of local enquiry and consultation with the Civil Engineer as to the mode in which the funds should be employed, I am scarcely prepared with any proposition to this effect, but this omission may not be considered as perhaps of much importance, as the sum available is inconsiderable and may perhaps be better appropriated after it has been allowed to accommulate.

No. 120

582

To

G. S. Forbes Esquire
Secretary to the
Board of Revenue
Fort St. George

B. No. 2117
From the Collector
of South Arcot } Sir,

Submitting a Report on the operations effected in the past Official year 1855/56 by the resources of the road Fund of the District, with 2 Statements connected therewith.—

I have the honor to submit a Report on the operations effected during the past Official year 1855/56. from the resources of the District Road Fund which is at present the only Local Fund of this District.—

2 As this Fund was not in existence prior to last year I have but to state what was done by it during the past one.—

3 The Ferry Rents and tolls forms also a Fund but as these collections have never been specially declared by Government to be available for Local purposes I have not included them in this Report.—

I am however of opinion that they might be fairly be expended for Local objects and I trust that, with reference to my letter of the 30th

Ultimo

9857 Fort St. George 12th June 1856

To the Collectors of Revenue &c. &c. &c.

Collector

Sir,

I am directed to request that you will be pleased to state whether the Establishment and Extra Establishment allowances have not been exceeded during the Official year 1855/56 and if so to report the circumstances under which and the Authority for the same.—

I am Sir
Your most obedient Servant
(Signed) C. B. Elton
Secretary

Collectors Office 7th June 1856

Collector

Submitted to the Board of Revenue.—

Collectors Office 12th June 1856

Collector

582

Ultimo. I shall shortly receive sanction to appropriate them hereafter in connection with the Road Fund.—

5 Accompanying I beg to send an account Current showing the receipts and disbursement on account of the Road Fund during the year under report. The Board will observe that the actual income amounted to 23955 Rs. - 0 as. - 5 p. while the expenditure was only 7,330 Rs. - 11 a. - 3 p. leaving a balance of Rupees 16,624 Rs. - 5 a. - 2 p. in hand at the close of the year.—

6 Being the first year of the introduction of the Fund, no arrangements were previously made to expend the sums realized, and operations were not carried on with so much system as they will be for the future.—

7 Out of the total disbursement, Rupees 5,905 were laid out in opening the new line of road from Tindevanum to Pondicherry via Villianur the sum sanctioned for expenditure for this object from the Road Fund amounting to Rupees 6293 - 12; but circumstances

did not admit of the whole being spent within the Official year.—

8 The road in question is one of much importance as it is intended to supersede the old Tappal route from Tindevanum to Pondicherry via Villianur It is now open for quick traffic and the transit Carriages make use of it as far as Pondicherry, to the great convenience of the Public. It is hoped that the Mail Bags will also shortly be brought from Tindevanum to Pondicherry by Carts instead of by Runners as they are at present.—

9 Metalling has been laid on the road throughout, and Tunnels have been constructed where most needed, but there is room for much improvement, and owing to the nature of the soil through which a part of the line runs, constant care and expenditure will be necessary to keep it in good order.—

10 The distance from the point where it turns off from Trunk Road No. 8 to that where it enters the French Territory is about 20 miles, marked

worked by Mile stones throughout.—

11 The operations on this road have been conducted by the Revenue authorities. In the first instance by the additional Sub Collector Mr. Forbes, and after him by the Head Assistant Collector Mr. Banbury.—

12 The next item of expenditure is that of Rupees 461-6-7 in opening a road from the Salem High road to Viridachellum which was very much required. The amount sanctioned for this purpose was Rupees 1130, out of which a portion was only laid out before the expiration of the year.—

13 The work has been superintended by an Overseer of the Engineer Department under the direction of the Sub Collector Mr. McDowell.—

14 A sum of Rupees 500 was sanctioned from the Fund for building 5 Tunnels on the road from Vriddachellum to the Salt Pans, of which only 3 were actually laid out within the year some delay occurred in consequence

consequence of the want of efficient superintendence which was finally remedied by the Civil Engineer placing the work under the direction of one of his Overseers.—

15 The other three sums entered in the account Current were laid out for improving and repairing Roads already made.—

16 That which was expended on the road from Tindevanum to Mercanum is part of two sanctioned Estimates amounting together to Rupees 2590. as the authority to lay out the Money was only received towards the close of the year, it was not practicable to do more than expend a small sum. This work is now also under execution by one of the Overseers belonging to the Civil Engineers.—

17 The last sum was laid out on the Pondicherry road in addition to the fixed annual allowance of Rupees 300 which was insufficient.—

18 I beg to forward also a statement

Fort St. George 12th. June 1856

statement shewing the mode in which it is proposed to lay out the Road Fund during the Current Official year, as far as I have been able to arrange with the acting Civil Engineer for its Expenditure. The amount we have disposed of comes to Rs. 38,182-10-9.

19 The proceeds of the Fund, for fusly 1265 have not yet been fully realized, but I expect that the Collections during the current year will amount besides the sum already brought to credit in the account Current to about 28,000 Rupees.—

20 In this case there will be a surplus of Rupees 6,442—10—5 for expenditure above the sum required for the works already determined on.

21 This recces in communication with the Acting Civil Engineer will be appropriated in the manner as Circumstances may seem to point out to us to be the best.—

22 The Acting Civil Engineer

F.G.B.

Fort St. George 12th June 1856

think that he will be able to provide Superintendence for the execution of most of the works proposed as I have entered in the Statement.—

23. We have not yet determined on the maintenance from the Road Fund of a permanent Establishment but it will be a Subject which will receive our early Consideration No Statement therefore of the expenditure under this Head accompanies this Report.

24 This Report is necessarily some what meagre in Consequence of so little having been done but I trust it will contain all the information required on the Subject.—

Proceedings of the Board of Revenue Friday the 13th June 1856

Read the following Papers

+ 601
B. No. 1895
From the Secretary to Government } Extract from the Minutes of Consultation Revenue Department dated 29th May 1856.

Sanctioning the registry of the Palavanum Poliput in the Tanjore District, in the name of Ramachendra Vejia Aroonachella Pundarathar, the infant son of the late holder, and authorizing its being placed under the management of the Court of Wards.

(See No. 546 in separate Volume P. 54)

+ 601. 602
B. No. 1831
Order thereon Ordered to be communicated to the Sub Collector in charge of Tanjore, who will make the necessary arrangements for undertaking the management of the Estate and report to the Court of Wards his having done so.

2 The Board request that the Sub Collector in charge will make an early report on the measures he proposes to adopt for relieving the Estate from the heavy debt with which it is now encumbered. the arrangement made by the late Poligar for the discharge of a part of which, together with the interest due on the remainder, will leave, it is observed, only

only about 100 Rupees for the annual expense of managing the Estate, for the education of the Minor and the support of himself and his family.—

603
B. No. 1938
From the Chief Secretary to Government. } Extract from the Minutes of Consultation No. 158 in the Financial Railway Department dated 31st May 1856.

Read the following Extract from the Proceedings of the Board of Revenue

/Here enter 20th May 1856, No. 1536/

In the Statement submitted by the Collector of Chingleput, the land is stated to have been taken for "Ditch &c." terms which do not give a clear definition of the object for which it was intended. It should have been distinctly stated, whether it was taken for the "way and use" or for other purposes. The Statement is accordingly returned to the Board of Revenue for amendment and they will see that no more Statements are sent up to Government in which the requisite particulars are not clearly shown.—

No. 207

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

619
B. No. 3250
From the Collector of Madura — } Report on the settlement of land Revenue &c. of the District of Madura & Dendigul for Fasly 1264.

I have the honor to submit my Summary Report for Fasly 1264 together with the prescribed accounts.

2 The Settlement of the Sub Division was made by the Acting Sub Collector Mr. Childs whose Report I enclose. Not of the Principal Division was conducted by myself except as Regards 2 villages made over to the Acting Head Assistant Collector Mr. Cockerell in accordance with the orders of the Board dated the 13th March 1854.

3 The Statement No. 1 in the Packet will shew the several places at which Pattahs were distributed.

They

They were not less than two in each Taloork and were selected with a view to the Convenience of the people, as far as time permitted -

4 The Dresser accompanied me on Circuit and vaccinated all the Children that could be got together He also rendered Medical aid to the sick

5 I annex a Comparative abstract of Villages and Hamlets in the Principal Division exhibiting in the year under Review an Increase of 1 in the former and 11 in the latter. The Village newly entered is Ram Rajapooram in the Madacolam Taloork which was paying quit Rent up to last year and under the order of the Board dated the 17th May 1841 has been since incorporated with Ayen owing to the death of its life Tenant Dasa Pundit. Of the 11 Hamlets one belongs to Ramrajapoo- and

and of the Remaining 10

3 are in Teroomungalum

1 in Meylore

3 in Tenbarry and

3 in Zemindaries

of the above -

2 were formed for Convenience in Cultivation -

1 to be near drinking water

2 from increase of Population in the present Villages -

1 for Ryots who deserted a Hamlet situated in the bed of a Tank Recently Repaired from a fear of inundation and -

1 was omitted in the accounts of previous years -

Ceasing Villages

Do Inhabited

6 The principal sources of irrigation are as follows—

	Repaired by Government	Repaired by Ryots
Tanks	281.6	5325
River Channels	523	512
Spring Channels	21	2
Anicuts	191	182
Wells	23	19438

7 Of the Tanks Repaired by Ryots a description was given in my last Report The practice which the Acting Sub Collector Condemns of the expence of the Repairs being borne by the Ryots has certainly at first sight an appearance of injustice but as it has subsisted for a great many years and has never as far as I am aware been Complained of I think it probable that the tenure of the land was fixed low on this understanding and am not prepared without full enquiry to Recommend another System—

S

Fort St George 13th June 1856

8 I subjoin a statement to show the number of new Wells dug by Ryots since the whole benefit of this description of improvement was surrendered to them and the Acting Sub Collector has done the same for the Sub Division. The effect of the indulgence is more marked in the latter owing to its being a Well Country whereas Nunjah Cultivation prevails in the Principal Division the soil of which is unfavorable to the construction of Wells.

of

Fort St George 13th June 1856

Ploughs Jan 7113
Resident Ryots 1180
Non Dr Dr 339

9 Of the increase in the Items shewn in the Margin 80 Ploughs and 78 Resident Ryots belong to the Village of Ramarajapooram newly assumed The Remaining increase in Ploughs is attributed to the improving Condition of Ryots - Of the addition to the number of Ryots who were reckoned by the number of Pattahs the greater part are occasioned by the splitting of Pattahs and the levy of Jeamuts Jastee from Emaundars who have converted Poonjah Lands to Nunjah by means of Spring water In Peroomungalums Lands there is an addition of 182 Resident Ryots from increase in Cultivation -

10 The agricultural Stocks and the Population are ascertained once in 5 years I have every reason to suppose that they have not fallen off The same remark applies to the Rent Roll.

11 The Cultivation season of each

Fasly

Tusly commences in april of the year preceding If there are then the means of irrigation a Crop of Paddy is sown in some places which is brought to account in the year in which it is reaped and a few falls of Rain at this period enable the Ryots to plough the Poonjah Lands. Madura is affected by both Monsoons.

12 In the season to be described there was very little water Remaining in the Tanks in april and May were too light to be useful for any thing but Poonjah June and July were very dry. No freak occurred in the Vigay, nor was any water received into the Tanks The failure in the Tenkarray Taloks lying under the Ghauts was remarkable as in these Months the falls of Rain generally suffice to produce a very enjoyable Climate which was by no means the Case in 1854. In August there was an improvement in all the Taloks a light fresh came down the Vigay and the Tanks generally Received a small supply of water September was generally favorable in Madura Tirooneungalum

Tirooneungalum and Meylore but otherwise in some parts and very dry in Tenkarray In October the N.E. Monsoon began during the whole Course of which Rains were abundant and in some places excessive, in so much that the bunds of several large Tanks in the Madacolum Taloks gave way and the Cultivation under them was in a great measure lost this disasters was chiefly attributable to the bursting of some Zemindary Tank above them The Remainder of both Nunjah and Poonjah Crops were brought to maturity but in many places the yield was indifferent. In some localities also the Nunjah did not sprout A large supply Remained in the Tanks of the Madacolum Taloks after the autumn or chief crop had been Reaped and Cultivation of a further one was eagerly carried on, but this generally failed The Tanks supply lasted until the middle of april 1855 when an aid was to have been expected from

from showers usually falling at this time of year but as these failed many crops withered and others were very deficient.

13 So much fever prevailed in the Northern Division of the Meylore Talook as to affect the Cultivation and Revenue but elsewhere the season was healthy both for men and Cattle—

14 The Acting Sub Collector describes the season in his Division as very favorable and healthy Poonjah and Garden form a large portion of its Cultivation and it does not therefore require such heavy Rains as the Principal Division in which Punjah Constitutes the Chief item lying for the most part further west also it Received a larger supply from the S. W. Monsoon and did not suffer so much from the excessive Rains of the N. E. Monsoon—

15 From Mr Cobb Statement the prices of Paddy and all descriptions of grain will be seen to have been very high

high Paddy was 45 per Cent dearer than at the Fysul and in all the dry grains the increase was still greater the fact in the aggregate is to be attributed to the large extent to which Tinnivelly and other Districts drew upon Madura for their support and the Considerable and increasing Export to Ceylon The higher prices of Poonjah grains as Compared with Paddy is owing to the Conversion of dry land to Cotton since the Fysul I observe too that those Classes which Consume and do not produce grain are fast

Exports by sea to Ceylon and other places—

	Fysly 1263	Fysly 1264
	Inds	Inds
Paddy—	52034—	87222
Rice—	20180—	66984

Nearly the whole of the above went to Ceylon. The accounts at hand do not show the Ports of Consignment separately.

multiplying especially peasants, whose prosperity is evidenced by the numerous substantial brick & tiled houses which are taking the place of those formerly erected of brick and mud—

Decrease — 649 — 13 — 8

16 The number of Cawnies engaged for Cultivation in the year under review slightly exceeded those taken up in the year preceding and in the aggregate there was a small difference only in the assessment but in the details the variation was considerable - The dry lands distributed was less in the Sub Division and in all the Talooks of the Principal Division but one, Tenkurray which lies under the ghauts and receives the earliest Rains - The net decrease under this Head was only 1282 Cawnies and was more than compensated by the land taken being of a superior description paying a higher Jaso - In Poonjah Bagayet, Cawnies Jaso Rs A P
1263 — 1764 — 15 1/4 — 34915 — 4 — 2
1264 — 4832 — 7 — 31225 — 2 — 2
Increase 67 — 7 3/4 — 3689 — 14 — 4

there was a trifling increase in land but a decline in Jaso owing to the abolition

Fort St George 13th June 1856

abolition of a destructive Jaso on Tobacco under the Boards orders of the 31st July 1854 -

4th May 1854

17 Under the Boards order the Head of Nunjah Bagayet and the Special Rates assessed on Betel and Plantains were altogether discontinued - Hence the decrease noted in the Margin which was the Cause of a considerable portion of the increase under the Head of Nunjah - The Dittoes of the Poonjah Converted into Nunjah and Garden was in excess of Fasly 1263 As the whole had it not been for the diminution of the assessment on lands Cultivated with Betel Leaf Plantains and Turmeric there would have been an increase in the Dittoes as regards both the lands and assessment -

Cawnies Rs. AP
930 — 10 3/4 — 11289 — 8 — 8
1691 — 3/4 — 9870 — 12 — 10
1399 — 10 — 3340 — 2 — 1

Cabooliaty Waste.

18 The total lands deducted from the Settlement as uncultivated was in Fasly 1264 at least 22519 — 1 bearing an assessment of Rupees 61006 to 21797 assessed

Fort St Georges 13th June 1856

at 55503 in 1263 The largest Remission was made in the Tuckerray Talooks where more land than usual was taken up and the season proved eventually most adverse In the Sub Division the extent of land left uncultivated was Considerably less than in the preceding Fusly The Ninjah waste in Madacolum Talooks and the Poonjah remitted in Tuckerray are the largest Items of deduction -

Actual Cultivation 19 The actual Cultivation of all descriptions of land amounted to Cawnies 394-391 - Rupees Fasc 120571 which in extent was slightly in excess of the preceding Fusly but yielded a smaller Revenue owing to the alleviation of the Jasc on certain descriptions of Produce above mentioned - There was a decrease in Cawnies in all the Talooks of the Principal Division and an increase in all those of the Sub Division except Tandicombo a

Fort St Georges 13th June 1856

a Circumstance which has been accounted for in the description of the Season, In Tiroomungalum though the extent of land Cultivated was upon the whole less a larger proportion of it was Ninjah and the Consequence was an increase in the Money Results -

Bunger returned in the Settlement:

20 Besides the above mentioned extent of land Cultivated the settlement included the assessment on the undermentioned Bunger -

	Cawn	Assessment Rs	A - P
Dry land and Garden	403 - 5¾	746 - 8	- 9
Wet	73 - 13¾	396 - 12	- 11
	477 - 3½	1143 - 5	- 8

The amount is very Moderate and Consists almost entirely of land which the owners have prevented others from occupying the Circumstances of the Season formed a sufficient excuse for the non Cultivation of the remaining Dittum waste -

21 The Remissions in the Cultivation amounted in the aggregate to 113117 which is 7110 less than those granted in the year preceding -

22 The Chief decreases will be found under the Head of Shiscos on wither Rs A P
Crops only 1-8-6 was required on this account in the Sub Division and in the Principal Division the Calums or Chief Crops in a very few instances only withered to such a degree as to entitle the Cultivators to Remissions but owing to the bursting of Tanks and other causes the yield was indifferent - The Second Crops in Several places altogether perished Chiefly from the unusual failure of the April and May Rains and although under the letter of the Rules as they now stand

July
1263-10359-4-2
1264-5483-3-4
Dec-4876-1-2

Stand Remissions Could not be demanded where one Crop had Come to Maturity, I deemed it necessary owing to the Scantiness of that Crop in many instances to ask the Board to allow a Relaxation which they were pleased to grant in their Proceedings of the 20th July 1855 No. 1816 The particulars of the Shiscos granted is shewn in the subjoined Abstract-

Talooks

Fort St. George 13 June 1856.

Cayce Maliar cultivation destroyed by inundation Fusly 1268 - 79-10-1 1264 - 1034-7-2 Increase 954-7-1

23 The large increase under this Head was occasioned by the destruction of Crops by the bursting of several large Tanks which has been already mentioned.

Fort St. George 13th June 1856

Betel & Plantain Gardens exhausted Fusly
1263 - - 650-1-11
1264 - - 55-2-9
Decrease 594-15-2

24 This Item should have altogether disappeared from the accounts of the present year, all distinction of tax on the products in question having ceased but in the Sub Division some waste land having been erroneously entered under the Head of Plantains it was necessary to remit it. In the Ag. Sub Collectors Report the Head is termed Aligal Maf.

Seerwa Cummee Fusly
1263 - - 8945-9-11
1264 - - 5622-13-1
Decrease 8322-12-10

25 Seerwa Cummee remission is granted when land assessed for one species of cultivation is from want of water or other causes appropriated to inferior crops. In the present year it was largely decreased, because the Tyal happened to be cultivated with Tobacco &c. and were rated accordingly, are now registered for the ordinary Punjah or Garden tax, as the case may be, and consequently required no remission when cultivated with those classes of products.

Pay of Sittanendal Palney Hill Village Servants Increase above Fusly 1268-78-13-7

26 The Pay of some of the Village Servants on the Palney Hills is governed by the extent of cultivation which was greater this year. In Sittanendal where the crop is divided it was also greater and extra servants were therefore required for the "Wobadee" or harvest. Hence the increase shewn in the Margin.

None

27 None of the other Items of Se:
=mission require explanation:-

28 The subjoined Statement shews the extent of land cultivated with Cotton:-

		Fusly 1263		Fusly 1264		Increase		Decrease	
		Cawny	a	Cawny	a	Cawny	a	Cawny	as
1	Sub Division	15,267	3/4	13,910	13 3/4	-	1356	1356	3
2	Madacolum	734	14 3/4	779	3 3/4	44	5	-	-
3	Tenkurray	3,520	14 3/4	2,459	-	-	1061	1061	5 3/4
4	Teroomungalom	24,438	7	24,415	3 1/2	276	12 1/2	-	-
5	Ramnad	16,544	11 1/4	17,050	7	505	11 3/4	-	-
6	Shanagungah	1,093	23/4	1,244	9	151	6 1/4	-	-
	Total	61,299	3 1/4	59,859	14	978	3 1/2	2417	8 3/4

Net Decrease 1439 - 5 1/2

29 The year was not favorable to Cotton, while the plants were young the supply of rain was to great and they in consequence rotted a good deal - Afterwards, in January there was a failure of the showers by which in ordinary years they are brought to maturity and the rain which fell unseasonably in February injured the flower - The plants were also attacked by disease just when about to bear - Owing to the above causes, the crop also

small

small in quantity and indifferent in quality. The first picking was a good deal discoloured. The second was whiter. In Ramnad towards the coast the produce was in all respects better than in the western parts of that Zemindary, and in Te:=roomungalom which is contiguous to it. On an average the produce has been variously estimated at from 1/8 to 1/4 of a full crop. It was no doubt considerably less than usual but I believe the above calculation to be too low.

30 The Cultivator was in some measure compensated by an increase in price. In Fusly 1263 the rate per Pody was from 4 1/2 Rs to 10 1/2 Rs for seed Cotton whereas in the year under review Seed Cotton in Teroomungalom and west Ramnad sold from 7 Rs to 9 Rs and in East Ramnad from 7 to 15 1/2 Rs.-

* Seed Cotton 337 1/2 lbs Cleaned 3 Rs - 243 3/4 Rs

31 A small quantity only remains in store.

32 The Acting Sub Col: =lector has made no Remarks on the Cotton of the Sub Division but I believe that the description I have given above is applicable to it.

In

33 In Sugar Cane there is a decrease and in Indigo a slight increase but the cultivation of both is very inconsiderable.

Sewaj Summah

34 It will be seen from Statement No: 23 in the Packet that there is a balance of Rupees 330-5a-0p both for arrears and current under this Head and if a deduction be made therefrom, of Rupees 146-5a-0p recommended for remission in Para 33 of my last years Report the Balance remaining is only Rupees 189-14a-8p. Of this sum only Rupees 40-13a-3p is recoverable and I beg to recommend that the remainder Rupees 149-1a-5p may be written off under the circumstances stated in the Column of remarks in the Statement.

Ready Money Collections

Jody of Enam Land Decrease 179-1-1

Jody of Dandatanum Enam Lands — Increase 31-5-6

Cannelly Cundayem fee — Decrease 18-12-7

Jody of whole Villages Decrease 31-13-7

Topaitdayem Increase 146-1-1

35 The Revenue under these Items fluctuates with the exctent of cultivation

36 This is owing to the transfer of Ramkajapooram to Ayen as stated in Para 5.

37 Under this Item there was a Net increase of Rupees 821-6a-8p in the Principal Division and Rupees 624-11a-7p in the Sub Division. The particulars of the former are given below and the cause of the latter is reported by the Sub Collector to be a greater competition

competition at the auctions.-

Amount of rent obtained for Topes at Soondrapandiem in the Talook of Tiroonungalom for which the Ryots upto Fusly 1263 paid Tree tax amounting to Rupees 566. a. 5. p. 3 but relinquished to the Circar in the year under Report. ——— 489-7-4

Do of Do for Do in 2 other Villages in the same Talook viz Do } 12-4-0

Increase obtained at auction for other Topes .... } 319-10-2

821-5-0

Fruit Gardens & Palmyra Trees Decrease 780-2-4

38. The decrease in the margin has arisen chiefly from the transfer to the Head of Topandayem of the Topes mentioned in the preceding Para, and partly for some trees throughout the District having been blown down during the year.-

Pasture land Increase 175-3-7

39 This Branch of Revenue exists only in the Talooks of Tandicoombo, Iyempully and Ramgherry in the Sub Division.- The decrease occurred in Tandicoombo and Iyempully I submitted a Report on the Subject on the 24th October 1855 which renders remark here unnecessary.-

Tax on ditch grounds Fusly
1263 -- 531-11-1
1264 -- 529-7-4
Decrease 2-4-7

40. There was a decrease of Rupees 3. a. 5. p. 3 under this Item below Last year from the deduction of quit Rent erroneously charged for some

some ordinary Poonjah Land and from the re-linquishment of certain ditch ground, but an increase of 14 annas and 8 Pice in consequence of an excess found by measurement and of ground newly occupied in the year under Report. Subtracting the latter the net decrease is as specified in the margin.-

Nilamary Decrease 156-3-7

41 This was occasioned by the discontinuance of the Tax in the Sittanendul Fee Villages in Ramnad under the sanction of the Board dated the 8th February 1855.-

Teerwa Jastee on Poonjah Manium lands irrigated by Circar water Increase Rs 221-4-5 a. p.

42 The collection of Teerwa Jastee on the account entered Marginally commenced only in the year under review in accordance with instructions of the Board of the 6th July 1854.- The tax falls chiefly on Village Servants whose income is of course considerably affected thereby.- I have since recommended money Salaries for all these Servants except Nattamagars (See letter dated the 11th October 1855 N:185)

48 Subjoined is an abstract Statement shewing at one view the general result including Zemindary Peishcush and Sevoy Jummah in comparison with last year.-

1261	1780279
1262	1947869
1263	1911488
1264	1917128

Note

The comparison is made from 1249 because the Dewastanum Villages have been included since that period.

Fort St. George 13th June 1856.

44 The outturn of the Fusly under review will be seen from the above to have been Rupees 1917128 or 5640 Rupees higher than in the preceding year, and the excess would have been greater but for the abolition of a distinctive tax on crops formerly called Vanpyre and Tobacco I note marginally the Settlement of the last 16 years from which the Board will perceive, that the Revenue may be said to have permanently increased so as to keep considerably above the former level in any season which is not one of drought like 1266. The highest of the first 8 years was 1257 when the Land Revenue was 1820466. To make a fair comparison with this year there should be added to its Revenue about.-

5,000	Gross Tax since imposed
3,000	Revenue of Settanendul Village and an Enam Village since resumed.-
4,000	Teerwa Tastee for irrigation of Poonjah Enam lands
34,000	Barem Cummee Remissions now discontinued.-
46000	
1866466	

Deduct

Fort St. George 13th June 1856

Deduct on the other hand Vanpyre and Tobacco tax reduced Difference between Peshcush now received and Pyotwar revenue on Villages received in 1251 on certain Pollams restored.

12,000	
17,500	
29,500	Remainder
1836966	

So that the Revenue of the present year which was unfavorable in the Principal Division may be said to exceed that of the previous series of 8 years by 80,000 Rupees and I can have no hesitation in saying that the tendency is to further improvement

45. The next statement exhibits the Demand for Land Revenue Extra sources and Sayer Summah-

Pr

47. The very large Balance remaining at the end of the Fusly was owing, of course to the commencement of the new Fusly being put forward under the order of Government. The large amount still outstanding in the Inada column Talook demands, however, a further explanation. This is to be found in the circumstances of the Season, in consequence of which the Nunjah Ryots have suffered very heavy losses. The early crops to be reaped before the North Eastern Monsoon generally perished and the seed beds for the main crop being sown late for want of early rain while what fell afterwards was excessive, the crop was generally deficient. The representations during the Summalundy of what is termed "Molayoorulee" or the rotting of the young plant not from want of water but from the earth becoming salt from standing water or other causes, were very frequent, and I was unable to give remission as the Rules do not provide for it under such circumstances. The again the second crop of the year very generally perished as well as that which being sown a little later, so as to be reaped

repeated in Fusly 1265 would be carried to account in the present year. Moreover where the Nair (Calum) crop did not wither it was very late and having in some instances ascertained this by personal inspection I gave orders for the postponement of the Collections beyond the usual time. No coercive process for Collection was used within the year. The reasons for delay extending very generally it was difficult to select the cases in which severe measures would have been advisable, of which no doubt there were not a few wanting some. I have recently received sanction for publishing advertisements for the sale of lands in some villages and am preparing several others for submission to the Board. In other cases the Ryots have agreed to pay within the course of a few months and it is supposed that they will perform their promise.—

48. In some instances the balance is irrecoverable without great hardship to the Ryots. This is especially the case in the village of Vandyoor in the Taluk of Madacolum in which is outstanding the large sum of 1373-2-6 R. A. P. There seems to be some thing

thing particularly bad in the soil of this Village, for though supplied from a fine Tank fed from Vigay River the crop is nearly always indifferent. Owing to this reason, this was one of the Villages to which Mr. Peter made the discretionary remission afterwards disallowed. As soon as I can find the time which has hitherto been wanting owing to the changes among my Subordinates, I shall bring to the notice of the Board the case of this and some other Villages in which I think the Jeerwa should be reduced. This year I had part of the Nunjah crops of the Village appraised with the following result.—

Cawn	Tax	Value of Produce
181	74 0 4	Rs 438

49. To collect the full Jeerwa under such circumstances from Ryots notoriously poor, would be inconsistent with the liberal disposition shewn by the Government. I have therefore ordered the suspension of the demand for the greater part of the Balance and will forwish the usual Report in the ensuing Fusly according to the Rule laid down by the Board.—

50. There is one Item which I request to

to

to be allowed to write off at once Rs consisting of Rupees 106-12 received by the late Enamdar in Ramrajapooram prior to its resumption but entered in the settlement because the Carar Sagoopadee or final examination of all the cultivation was made by the Government servants - By the order noted in the margin this and a further sum being in the aggregate the proportion of the revenue of the village due to the date of the Enamdars death have been affirmed to him and his heirs.-

Board's Ors 24th Oct. 1855

51 The Balance against Zemindaries and the Settlements of Villages is under collection.-

52 I append a Statement of Balances for Fusles previous to the one under review.-

Coollen Chetty	Hoozoor Deputy Shroff —	6 11	38 . 6	Do	— Do —	Do of Do —	Lies in the Vadagherry Village of the Senkurray Talook and was purchased on the 3d November 1855.
Ramasawmy Syen —	Magistrate Roysum —	36 6 3	415 10	Do	Partly by mortgage and partly by purchase	The Right of Coodewarum and Mailwarum in some lands and Mailwarum only in others.	These lands are situated in the Villages of Nedoongolem, Cullevalasay and Poolichecolem in the Shevagungah Zemindary and were paid for from his patrimonial funds.

I do hereby Certify that the rules prohibiting the acquisition of landed property by Revenue and Police Servants without permission have been duly enforced.

[Signed] R. D. Parker
Collector.

Inon

59. I now proceed to notice the sources of Extra Revenue the demand under each head of which has been already stated.

60 The sales of Salt exceeded those of the year preceding by 59328–36. In the latter year, however, the trade had fallen off owing to the means of carriage being occupied in the conveyance of grain to supply the wants of other Districts suffering from drought I subjoin therefore a Comparison with Fusly 1262.

Fuslies	Maunds
1262 ---	388,054
1264 ---	388,050

and there still appears an increase the only 5046 Maunds and there still appears an increase the only 5046 Looking back to former years the sales of the Fusly under report are found to be the highest with one exception Fusly 1256 when there were a severe drought in Madura and other Districts supplied her with grain and took back Salt The number of Maunds then sold was 393,873 or 4823 more than in Fusly 1264. I consider the Salt trade to have benefitted in the last 2 years by the considerable export of grain to Ceylon which has furnished a large number of bandies requiring a return load. As far as I have the means of judging the improvement is likely to be permanent.

61. The annexed Statement exhibits the detail of the Home and Inland consumption as also the quantity imported from Sinnenelly Ramagherry where the sales are very small adjoins Poodoocottah and Trichinopoly where there is a considerable manufacture of earth Salt.

62. The quantity manufactured in the year under report was Mds 537085 Seers 20 and the Balance in hand at the end of it Mds 306240 — as shewn in the marginal Statement. The Salt produced in 1855 has been stopped and brought to account subsequently so that at the present moment our supply cannot be far less than 2 years consumption as required by the Board.

63. The Salt purchased from the Ryots in Fusly 1263 was Mds 399595 Seers 20 only. The payment to them in the year under review were consequently considerably greater as noted in the margin*. To these must be added the expenditure on a record room Rupees Rs 340 — 7 — 6 and an increase of Rs 226 — 5 — 9 in Exctra charges, as also Rupees 12585 Insurvey under the sanction of Government dated the 25th April 1855 making a total excess of Rs 20540 — 2 — 5 from this if a deduction be

Charges

Fusly	Rs	A	P
1263	514	—	"
1264	325	15	2
Decrease	189	"	10

66. The receipt under this Head are confined to a duty of 3 per Cent on piece goods exported to and boiled Nuts imported from Travancore, at a single Chowkey.—

67. This decrease is caused by the reduction of establishment referred to in Para 12 of my report of Fusly 1263 having extended through the whole year.—

Sea Customs
Decrease 1462–15–6

68. This decrease is attributable to a smaller import of Betel Nut from Ceylon.

Charges
Fasly 1263–2,450–12–8
" 1264–2,086–5–8
Decrease–364–7–"

69. The gross decrease in charges arises from the disbursement of the Salary of Hoozoor sibbundies for 12 months and of District Sibbundies for 14 months in Fasly 1263 and both for 11 months only in the year under report. If Rupees 34 " –10 being the amount of Maramut charges and 3–15–2 being arrears of pay disbursed in Fasly 1264 be deducted the Net decrease will be as shewn in the Margin.

Ab Karry
Increase 755–"–

70 The demand under this Head depends upon the beddings which were higher than in Fasly 1263.

Sundry small Farms and Licences
Decrease 2393–"–6.

71 The decrease under this Head is owing to the fishery of certain Tanks which breached this year not having been rented.

Sales in Fasly	Sales in Fasly	Increase	Decrease

74 In Conclusion I have to express appro-bation of the Conduct of Mr Cockerell now Assistant, who though engaged in preparation for examination at which he passed for the second standard, performed considerably more than the share of duty which usually falls to the lot of one Assistant subsequent to Mr Hodgsons de-parture on the 30th January 1855 Mr Cockerell was my only European subordinate in the Prin-cipal Division and was obliged therefore to share

with

Fort St. George 13th June 1856.

with me the duties of the Head, while continuing to perform those of the second Assistant. Temporarily too our labours were increased by changes in the Sub Division. The manner in which Mr. Cockerell got through the business which thus devolved on him was very creditable to his industry and abilities.

75. In the Fusly under review as in all former ones, the Head Sheristadar Ramrow evinced great fidelity, patience and industry. In these respects and for admirable temper and courtesy he always merits high praise, but truth obliges me to qualify it by mentioning that he is slow and wanting in the art of stimulating his Gomastahs to exertion.

76. The Nail Sheristadar Ramrow, who is young in the appointment has been useful in making enquiries at a distance from the Hoozoor, as well as in superintending the accounts of Extra Revenue. He is

Chief

S. C. R.

Fort St. George 13th June 1856

Chief merit at present is greater respectability of character which has procured for him the respect and confidence of the Ryots.

77. Mr. Child makes favorable mention of the Sub Division Cutcherry at the head of which is Vencut row the sheristadar, a man of talent who has served the Government well for a great many years, and who being now physically infirm from age, will probably soon apply for a pension

Madura
5th November 1856

/Signed/ R. D. Parker
Collector

Madura, 30th June 1855

E. E. [illegible]

Fort St. George 13th June 1856

No. 1.

To R. D. Parker Esqre
Collector of Madura

Sir

I have the honor to submit the Report on the Settlement of the 4 Talooks forming the Sub Division of the Madura District for Fusly 1264. The Settlement Accounts are drawn up according to the new forms circulated with the Board's letter of 13th June 1853.

2. The subjoined Statement shews the Amount of the Settlement of the Fusly under review as compared with those of the preceding three Fusles.

Fusles	Amount of Settlement	Settlement of Fusly 1264 Increase	Settlement of Fusly 1264 Decrease
	Rs. As. P.	Rs. As. P.	Rs. As. P.
1261	3,26,178 10 2	... 31,663 1 ...	
1262	3,47,384 11 7	3,57,841 10 3	10,456 14 8 ...
1263	3,45,225 12 7	...	12,615 13 8 ...
Total	10,18,789 2 4	...	...
Average of one Fusly	3,39,596 6 1	...	18,215 4 2 ...

3 By this Statement it will be seen that there has been a steady increase in the Revenue of the Sub Division The Revenue of Fusly 1264 being Rupees 17615 13 8 in advance of that of Fusly 1263 and Rupees 18215 4 2 in advance of the average Revenue of the three Fusles 61 62 and 63.

4. The following Statement shews the Villages at which the Settlement of the Sub Division was made, the number of Villages of which the Puttahs were given at each place and the dates on which those Puttahs were given

I

No. 1

By

5 By this statement it will be seen that the Puttahs of each Talook were mostly distributed within that Talook and in all cases in more than one Village. The Puttahs of some Villages of the Nellacottah and many of the Tadicomboo Talook were given at Cooroombaputty a Village within 2 Miles of Dindigul, and selected in consequence of many Villages of the Nellacottah and Tadicomboo Talook being in the neighborhood. This Village though close to Dindigul the Cutcha of Tadicomboo Talook and 32 Miles from the Cutcha Ayempully is attached to the latter Talook.

6 There are 306 Villages & 2402 hamlets or subordinate Villages in the Sub Division as specified in the statement given below.

7. The above statement shows an increase of 8 Ryotwar Circar hamlets 3 in the Ayempully, 2 in Nellacottah & 3 in the Rangery Talooks. Of these, 3 are old hamlets not hitherto entered in the Accounts, the other 5 are newly built. The land adjoining these hamlets was before and still is entered as belonging to the principal or Sai Villages. The same remark applies to the increase of 1 Davastanum hamlet which has been newly built in the Rangerry Talook

8. The nature and extent of the principal sources of irrigation are shown in Statement No. III.

No. III

Irrigational Sources

Particulars	Fasly 1263	Fasly 1264	Comparison Increase	Decrease
Tanks	894	905	11	"
Channel	456	457	1	"
Dams	246	245	1	"
Wells	13392	13880	488	"

It

9. It will be seen by the foregoing account that there is an increase this year of 11 Tanks for irrigation these have all been made at the expense of the people. Of these, 4 are in the Ayempully Talook and 7 in the Rangiry Talook. Of these eleven Tanks, the seven in the Rangery Talook were constructed under the new Rules and therefore pay Poonjah Teerwah. The other 4 are old Tanks repaired to assist in the cultivation of land already Nunjah but for which hitherto the supply of water has been deficient.

10. It is right to remark that in this District the tax on tanks not made under the new Rules in the same whether the required repairs are made at the expense of the owners or at that of the Government. This is not the case in all Districts, and it appears to me that there should be some difference between the taxation on the two kinds of tanks.

11. The number of Ponds hitherto entered is omitted this year in the Accounts as they are for the greater part made only for

Fort St. George 13th June 1856.

for watering Cattle and cannot be properly included in any Account headed "sources of Irrigation."—

12. The increase of one Dam or Annicut and Channel connected therewith is in the Ayempully Talook, It is a small work, which cost about 100 Rupees to turn a jungle stream to a tank already existing; It has been constructed by the owners of the tank—

13. It will be observed that there is an increase of 488 wells as compared with the accounts of the preceding July. Of these the Tadicomboo Talook has 133

Ayempully " 135

Nellacottah " 65

Ramgherry " 155

14. Of the total increase of 488, 207 are new wells, dug on Poonjah land paying Poonjah tax according to the new Rules and 281 are old wells hitherto not entered in the accounts but these old wells, now newly brought to account do not represent any increase of well cultivation as they are not made use of owing to deficiency of water and other causes.—

The

Fort St. George 13th June 1856.

15. The annexed Table gives the Return of the Rain Guages in the 4 Talooks during July 1264—

Fort St. George 13th June 1856.

6 During the Fusly under review the seasons may be considered to have been upon the whole very favorable. There was abundance of rain in the Sub Division and it fell seasonably. There was no particular epidemic or prevalent either among the people or their Cattle tho' towards the latter end of the Fusly there has been considerable fever in some parts of the Division more so I am informed than is generally the case, and which may be accounted for by the long period of dry weather which succeeded the heavy monsoon. This lengthened hot season though not affecting the cultivation of the fusly under review caused a considerable rise in the prices of grain in the month of June.

17 The price of paddy during the year as compared with the commutation rates is shewn in statement A and the average selling price of all grains compared with their selling prices during the last 5 years is given in statement

Fort St. George 13th June 1856.

The

21. The slight decrease of Rupees 8656-12-7 in the land taken up for cultivation may perhaps be accounted for by the poverty of the Cultivators owing to the previously unfavorable season in Fasly 1263 in which Fasly it was necessary to allow considerable remission for withered crop. The Ryots appear to me to object to the system of taking the Dittum and in my opinion with very good cause.-

22. The subjoined Statement shows the Remission made on Dittum waste in the Sub Division of Madura for Fasly 1264.-

No VII

Remissions made on Dittum waste or Caboolaty Bunjet-

Talooks	Dittum waste Extent of Land	Tax	Remission Land	Tax	Per Centages

10028

Fort St George 13th June 1856

25. It will be seen by the foregoing account that there was a considerable increase of land of all kinds cultivated during the Fasly under review though owing to the reduction of tax on certain garden produce, the increase of the revenue is not in the same proportion. The decrease on the Teerwahs on Garden land has been caused by the reduction of the extra Tax hitherto levied on Tobacco Betel &c on the Teerwah or Poonjah Garden being principally affected by the reduction of the tax on Tobacco, that on Vanpire by the reduction of the tax on Betel.—

26 Out of Cowries 10388-3- left waste the small amount of Cowries 327-7½ assessed at Rupees 661-8-1 was brought to account.—

No IX

Statement shewing the particulars of Dittum Buyer or waste changed to the Ryots of the sub Division of Madura for Fasly 1264.—

By

29 By the foregoing account it will be seen that owing to the favorableness of the season remission for withered crops has been granted in one case only and that to the amount of Rupees 1-8-6 but owing to the abundance of rain remission on crops swamped and washed away by floods has been Rupees 5-8-10 on the former and Rupees 15-9-8 on the latter.-

30 The decrease of Rupees 55-4-6 in Cowl mauf is caused by Cowl lands coming under the higher rate as the term of Cowl proceeds towards conclusion and owing to the ryots being enabled by the new rules to spend their capital in digging wells in Poonjah, there is not the same demand as formerly for waste Nunjah.-

31 The decrease of Rupees 239-2-5 in Illegal mauf as compared with the former Fusly is partly caused by the large remission granted in that Fusly and partly by the decrease in the rate of taxation now levied on garden produce.-

32 The remission of half Teerwah on Cotton fields giving produce the 2nd year is Rupees 7-14-3 shewing a decrease of Rupees 24-15-9 as compared with the previous Fusly.-

33 It will be observed there is an increase of Rupees 110-14-7 in remission on gardens which yields two crops but were cultivated with but one crop on which account therefore but half the Teerwah was collected.-

34 On the total of occasional remissions there is a net decrease of Rupees 5,512-4-11 as compared with the previous fusly principally owing to the favorableness of the Season: the total of these remissions in this Fusly being Rupees 440-7-5.-

35 It is not necessary to make any remark on the customary remissions but I wish to observe that the orders that the Hooloos Mauf and Moonasib cummee shall not extend to lands not so included in the Fysul accounts is a very great hardship on the ryots a great obstruction to the cultivation of land which being waste

at

Fort St. George 13th June 1856.

at the fysul did not receive the benefit of these remissions and gives rise to great confusion in the accounts and necessarily affords great room for fraud and injustice

36 The Subjoined is a Statement of the Sugar cane and Cotton cultivations in Fusly 1264 compared with the preceding Fusly which it will be seen that in this Fusly these two Staple Crops have decreased in Cultivation.—

37. On the account under the head of "Sevoy Summah" It is unnecessary to remark beyond stating that the sum of Rupees 142-4-4 balance of Fines under Regulation IX of 1822 is the total of a fine appreated against the fines on service of Rupees 7-4-4 not collected will immediately be collected. The balance of annas 12-8 of disputed land has since been received.—

Total	13738	14	5	14593	13	"	897	13	3	37	12	8

39. The enam Jody revenue fluctuating as it does with the Cultivation on which it is levied exhibits this fusly a decrease of Rupees 37—12—8.

40. The rent on Topes has increased by Rupees 487—6—7 principally caused by the increased competition at the periodical bidding for the Topes.—

41. There is also an increase in the Item of Grass tax of Rupees 175—3—7. It appears to me that the Custom of offering the waste lands for Grass tax to the highest bidder after the Cultivation season is

is in many accounts highly objectionable

42. The last Item to be remarked on in this account is Rupees 233—5—6 Teerva Jasty on Maniums lands Cultivated with circar water and newly collected according to the orders of the Board—

43. Altho the justice of this Rule cannot be denied, I must express my opinion that such charges have a very bad effect in diminishing the confidence of the people in the stability of their property and means of livelihood, for most of these Maniums have been enjoyed at the low rate of tax for many years and the holders would most probably not have spent their money in converting their Maniums to Kunjah had they had any idea the tax would have been increased—

Extract

Fort St. George 13th June 1836.

45. By the foregoing account the Ryotwar Settlement for the fusly under review is Rupees 35,7890-5-2 showing an increase on the former fusly Rupees 12664-8-7. It will be observed that the allowance to the Zemindars and to the Nattamagars &c. has also increased. These allowances being a percentage on the actual Beriz of their respective Villages.

3	Nellacottah	43603	5	1	43603	5	1	"	"	"	"	"	"	"	"	"
4	Ranghery	81698	12	1	69093	15	9	12601	12	4	12570	8	9	31	3	7
	Total	360941	10	3	284954	9	11	70888	"	4	70319	2	4	565	11	"

48. It will be observed by the foregoing account that a considerable balance was due at the end of the fusly, but it must be remembered that the commencement of fusly 1265 was suddenly and unexpectedly altered from the 12th to the 1st of July which will partly account for this. By far the greater part of this balance has been collected by the 10th of September and there remains but Rupees 565-14-" outstanding -

49. Of the sum of Rupees 107-3-10 due in the Tadicomboo Talook Rupees 30-3-" has since been collected and the remainder 77-2-10 will be collected within a month -

Fort St. George 13th June 1856.

50. Of the sum of Rupees 427-4-7 outstanding in the Ayempully Talook 249-3-9 was collected from the people but was said to have been robbed from the Nattangar who had collected it and is now the subject of a Police investigation - Rupees 33-" -7 in the Village of Ayempully being wrongly entered in the accounts as Fusul jastee should be struck off it having been the subject of enquiry, when it appeared that the Maniam land on which it was levied was irrigated from a private Maniam tank and not by circar water Rupees 116-1-9 will the Tahsildar reports, be shortly collected and the remaining sum of 28-14-6 is a balance due by a Ryot of the Village of Heeramoor, whose property, it will be necessary to attach for the balance. A family quarrel is the cause of the non payment -

51. The sum of Rupees 31-3-7 outstanding in the Ranghery Talook is similar to the case mentioned above being an account of disputed Maniam fusul jastee and is against two individuals. One case has been decided in favor of the Maniendar on whose account Rupees 17-6-" should be remitted

remitted. The other Case including loss to the amount of Rupees 13-13-7 is under examination.

No. XVII.

52. A Statement shewing the Arrears of Land Revenue for former Fusilies.

				259 " "	
				368 9 6	

53. Fusly 1261 Balance of Rupees 2-8-" due on lands regarding which there exists a boundary dispute between the Coimbatore District and this Division. It is collected in that District and is demanded also in this.—

Balance

54. Fusly 1262 Balance of Rupees 50-10-" in Cushab Pulney in the Ayempully Talook has been recommended for remission in the preceding fusilies by Mr. Walhouse and supported by Mr. Clarke.

55. Balance of Rupees 56-7-6 is due on the land of Pereana Gounden whose house and other property were attached by the Civil Court to which application was made for the amount due. A reply has lately been received stating that the attachment has been released on the property attached not be- longing to Pereana Gounden. Further mea- sures will therefore be taken for the recovery of the balance.—

56. Fusly 1263 Of the Balance of 266-5-2 due in the Ayempully Talook for Fusly 1263 only but Rupees 7-3-" has been collected this past fusly leaving a balance still due of Rupees 259.

57. Of this sum Rupees 9-6-8 is due by one Palany Coodoomben. This must be collected as it appeared on a personal enquiry made while giving Puttahs in Fusly 1264 that the coman is an intentional defaulter. Rupees 16-"-4 was recommended by

by Mr. Clarke to be struck off, as the lands on which it was levied belong to the Agraharam Zemindary.

58. The balance of 15-12-9 on land belonging to one Cultivator, though in different Puttahs, should have been paid in fusly 1263. As this balance has not been paid as well as a sum of Rs 15-12-3 due by 3 other individuals, the land will be attached immediately.

59. During the past fusly no lands have been sold for arrears, in a few cases only the Ryots delayed payment till notice was served on them, when they immediately paid. It will be necessary however as noticed in my remarks on the old and present balance, in a few instances, to resort to the sale of the defaulters landed property.

60. No Succavi has been given in the Sub Division during the past fusly.

61. The following Statement shews the charges on the Revenue in the Division of Dindigul for fusly 1264.—

62. The inhabitants of the Lower Pulneys or Verocpatchee Hills having refused to accept their Puttahs under the new assessment sanctioned, on the 18th July 1854, with your permission the Puttahs were distributed and tax demanded according to the old assessment. The cause of their objection was the increase of tax on Poonjah from 2 to 3 fanams, Poonjah being their principal Cultivation, the increased cesspn it was not in any way compensated for by the decrease on certain highly assessed products. A particular report on this subject will in future be sent; but I think it right to observe especially as I am about to leave the Division, that the new rate of assessment will very considerably increase the Sum Total of the Tax on the Hill people, a result which I presume was neither the desire nor expectation of Government.

63. During the short time I have been in the Sub Division I have received every assistance from the Sheristadar and the other officers in my office.—

From the Collector of North Arcot } Sirs

With reference to Extract from Proceedings of the Board of Revenue dated 23d February last, No. 524, calling for certain information in regard to the population of Vellore, required by Government in Extract Minutes of Consultation, dated 12th Idem, annexed thereto I have the honor to forward for the information of Government Copy of a letter received from the Sub Collector dated 12th Instant No. 58 with its enclosure.—

2 I have from the accounts in my Office supplied what was wanting in the Statement forwarded by Mr Sullivan. It appears from this statement, that in the Census taken in 1850, eight suburbs were excluded, which Mr Sullivan, included

With reference to Boards Proceedings dated 23d Feby 1856 No. 524 forwards Copy of a letter from the Sub-Collector with its enclosure respecting the population of Vellore

included in the censuss taKen by him in 1852.

3 Deducting from Mr Sullivans census for the sake of comparison the suburbs that were omitted in the Census of 1850, the relative Numbers are 33993 and 38,864, giving an increase of 5,134 inhabitants in 2 years.

4 Mr Sullivan has, it will be observed in para 8 of his letter, admitted that the Censuss of 117883 taKen in 1848, was excessive.

To
C. W Whittingham Esqr
Magistrate of
North Arcot

Sir

With reference to your letters of the 8th Instant No 241 and of the 1st Instant No 124 with its enclosures I have the honor herewith to submit so much of the information called for by the

the Government in Minutes of Consul= =tation under date 12th February 1856 No 164 as I am able to furnish.—

2 The information called for appears to be

1st Whether the two Statements of the population of Vellore at 38,868 and at 5,1500 respectively refer to the same limits.—

2dly A Statement of the popu= =lation of every separate pettah as shewn respectively in the censuss of 1850 and my own census in 1852.

3d I assume the census stated at 38,868 to be the one of the Villages and Pettahs of which the town of Vellore is composed taKen in common with the rest of the general Census (for Fasly 1260; at that time the Vellore Talook was not under my charge and none of the accounts of that census have passed under my observation.—

4 Under these Circumstances I have thought it better to prepare a detailed Statement of the population

Fort Saint George 13th June 1856

population of the town of Vellore, the compo-
-nent parts of which I have devided into three
parts.

1st Villages or Pettahs forming the
bonafide town.

2d Villages so proximate to the town as to be
considered but part and parcel of it.

3d Villages not sufficiently near to be
classed as part of the bonafide town but still very
proximate suburbs.

5 This table has reference to the careful
census I had prepared in 1852 in connection
with the introduction of Act XXVI of 1851.

6 you will observe that I have left
columns Nos 5 and 6 vacant opposite
to each Village in which must be supplied
in your Office, for I have it not in mine
the date on which the Census stated at 38868 was
framed.—

With

Fort Saint George 13th June 1856

7 With this comparative statement
thus filled up the Government will I trust have
before them all the information required.—

8 I will only add in Conclusion that
a short residence here convinced me that the
hurried census of 117883 made in 1848 was
excessive and I am equally sure that a Census
of 38868 if it includes all included in my Census
of 1852 is under the mark.—

Proceedings thereon.
(622.623)

Resolved that the letter above recorded and its enclosures be submitted for the information of the Right Honorable the Governor in Council, with reference to Extract Minutes Consultation dated 12th
Inl 23d Feby 56 February 1856 No 164.

2 It will be seen from the Statement forwarded by the Sub Collector of the population of the Town and Suburbs of Vellore as shewn in the Census taken in 1851 and in his Return taken in 1852 that eight Villages containing a population of 7414 Souls were excluded from the former and included in the latter account. Deducting this number, the population of the Town of Vellore was in 1850.38.868, and in 1852, 43, 992 Souls.

3 Mr Sullivan admits that the census of 117833 taken in 1848 at the request of the then Collector Mr Rourdillon was exceptive, The Return to which the Board alluded in para 4 of their Secretary's letter dated 4th February 1856. No 329 as being considerably above the right number, was that mentioned in Para 9 of the Honorable Court's general

Bd No 1851
From the Collector of Vizagapatam } Sir, I have the honor to receive your Para. Circular letter of the 18th April No 1165.

2 The Demand Collection and Balance Statement for January last does not contain the Demands Collection for the 31 days of that month.

3 It contains those from 16th December to 15th January inclusive.

4 The general practice of the Talooks in this District is to make a remittance once a month to the Vizagapatam Treasury, Viz the Collections received from the 16th of one month

month to the 15th of that Succeeding. The proceeds generally reach the treasury within the end of the latter period and are therefore classed as the Collections belonging to the previous month.

5 This explanation equally applies to the Salt transactions with the exception that the remittances from the depots to the Woozoor treasury are made more frequently. The Collections of Carafoah which lies in the Vicinity of Vizagapatam are received on the day following and those of other Mokams twice a month from 1st to 15th and from 16 to 31st.

6 If it be determined that the Demand Collection and Balance Statement shall include the entire transaction of the month for which it is rendered and nothing else, it will be necessary not to close the Woozoor Chittah till the 10th within which date the Talook Collections up to the end of the previous month generally reach the Woozoor treasury. The Statements will be delayed till 20th of the month following. Collections

7 Collections made in the Villages are not included as receipts.

Bd No 1903
From the Collector of Nellore submitting report on the remodelling of the Salooks of the Nellore District.

Sir,

With reference to paras 5 and 10 of Extract from the Minutes of Consultation under date the 26th November last, I have the honor to submit the following report on the remodelling of the Salooks of this District.—

2
Letter from Asst Civil Engineer in Charge of Nellore District dated 5th May 1856.

The area of the Nellore District including the Zemindaries is 9345 Square Miles, as I am informed by Lieutenant Mullins, Asst. Civil Engineer in Charge. It is therefore equal in size to Madura, stated to be one of the largest Districts in the Presidency. A considerable portion of it however is under permanent settlement, and some of the Salooks are much smaller than they need be, but their Establishments also are on a very limited scale.

Ext. Min. Cons. Para 7.

As it appears to be the wish of Govern-

3
ment that the number of Salooks should be reduced

Jor. St. Saml. George 13th. June 1856

reduced, and as it is moreover necessary to make arrangements for taking charge of the 99 Cud-dapah Villages situated to the Eastward of the line of Hills separating the Districts, I beg to propose the following arrangements.—

	Name of the Talooks	Number of Villages: Summumah Villages	Shrotrium Villages	Ryotwar Villages	Total	Revenue of Fusly 1262 in Company's Rupees	Population according to the Census taken in Fusly 1260
1	Curnapully	40	25	65		136,392	36,380
2	Cotah	30	14	44		70,521	21,242
3	Nellore	56	31	87		147,521	76,398
4	Talammachy	15	17	62		123,876	37,433
5	Gungum	37	16	53		93,380	36,939
6	Toomultulpoor	18	7	25		45,978	14,168
7	Goondavole	24	5	29		27,044	9,121
8	Ravoor	64	14	78		111,423	39,773
9	Calegherry	39	33	72		72,520	36,701
10	Woodiaghery	58	16	74		70,960	36,264
11	Sydapoor	52	57	109		37,691	22,047
12	Cavaly	36	8	34		49,028	21,733
13	Buddapoody	40	19	59		82,396	31,057
14	Davagoodoor	76	38	114		138,402	47,896
15	Ongole	37	8	45		116,192	53,166
16	Cramamamellore	39	8	47		88,186	29,241
17	Chendalaor	38	6	44		64,606	21,615

4. A Table is given in the Margin, shewing the names of the present Talooks, their Revenue, the Population according to the last Census. The South Western Talook of Toomultulpoor and Goondavole are by far the smallest and the Villages of the former are moreover interspersed with those of

Jor. St. Saml. George 13th. June 1856

of the adjoining Talook of Sydapoor. Under these circumstances I consider that, with but little alteration, these 2 small Talooks might be incorporated with the latter, and from one Talook, to be designated Sydapoor, the Cusbah of which should be the Town of Sydapoor as at present.—

5. Todairoo the present Cusbah of Toomul-tulpoor the Town of that name having been aban-doned in A.D. 1812 is but a poor place, and has latterly been peculiarly unhealthy. Ramapoor the Cusbah of Goondavole might answer as far as the importance of the Town itself, but being close to the South Western boundary of the pro-posed new Talook, would be less favorably situated than Sydapoor, which is also on the main line of the new Ramapoor Road, at a point where a large Bridge is to be constructed.

Estimated Cost Rupees 13960

6. It is hardly desirable I conclude to abandon all 3 Talook Cusbahs, to select a new one, which would involve the expense of erecting a new Talook Cutcherry and there is nother Town of paramount importance

importance suited for the purpose.—

7. Some Villages noted in the margin at present included in the Jalook of Goondavole, but on skirting the southern boundary of that of Ravoor, might be beneficially added to the latter, as they would be much nearer its Cusbah station Ravoor, than to Sydapoor, whilst Buddavole now an annexy Village of the Sydapoor Jalook, but situated in the very midst of that of Survapully, should be transferred to the latter.—

	Villages	Distance from Sydapoor	Distance from Ravoor
		Miles	Miles
1	Peda Gopavaram	32	10½
2	China do	32	9¼
3	Vadanapurty	30	11
4	Casumvany pully	30	12
5	Seeroomalapaud	31	12
6	Pullacondah	32	10½
7	Seyacherlah. Shrotriums	30	16
8	Colorpully	32	14½
9	Voyalapully	32	13¼

	No. of Villages
Sydapoor as at present	52
Soomultipoor	18
Goondavole	24
	94
Deduct Goondavole Villages proposed to be transferred to Ravoor	7
	87

8. These changes being made the newly constituted Jalook of Sydapoor would Comprise 87 Government Villages besides 67 Shrotriums Amarums &c.

9. The Village of Codetelpollum being the only one of the Talamunchy Jalook situated

besides 67 Shrotriums Amarums &c.

situated to the South of the Pennar, it will be a convenient arrangement to transfer it to the Nellore Jalook.—

Para 5

10. The Government observe that if the Woodiagherry Jalook is really as much scattered about the Nellore District as the Map would indicate, it should cease as a separate Jalook, and be divided among those in which it is scattered. Pharoah's Gazetteer Map does not represent Woodiagherry as it is now constituted, but as it was on its sequestration in 1839. It was reconstituted with the sanction of Government in

Board's letter to Government 30th November 1846 East Main: Con. 8th December 1846

1846, and now consists of 71 Villages tolerably compactly situated, and is far too important and laborious a Jalook to manage to be incorporated with others.—

11 In the Sub Division also it appears to me that one Jalook might be reduced. The Jalooks of Chendalore and Cranganamelloor are contiguous to each other. They are of moderate size, and being chiefly Dry grain Jalooks, are two of the most easily managed in the District. They might therefore be united into one, and

Fort Saint George 13th June 1856

and the new Talook would still consist of but 77 Government Villages, besides 11 Shrotriums, its Cusbah should I consider be removed by, when a new Talook Cutcherry has been erected within the last few years.—

12. As respects the alteration of the District boundary between this and the Cuddapah Zillahs, adverted to by Government in Para 6 of the Minutes of Consultation under reply, I placed myself in communication with Mr. Murray, and have since received the Board's instructions on the subject.

13 The Villages belonging to Cuddapah, situated to the east of the range of Hill that separate that District from Nellore, are rather numerous, and are scattered chiefly among those of the Vencatagherry Zemindary, of which latter Estate on the other hand there are some Villages on the Cuddapah side of the range. An exchange therefore with the Zemindar would, at first sight, seem the most convenient arrangement and

Fort Saint George 13th June 1856

and, as directed, I called upon him to know what were his views on the subject, communicating at the same time the sentiments of the Board and Government on the point.

14. The Zemindar is unwilling to cede any of his Villages in exchange for the ones alluded to by Mr. Murray, and as I conclude his objections are almost insuperable, and that on the one hand the matter can hardly be insisted on contrary to his wishes, while on the other there is no serious inconvenience likely to result from his non-acquiescence, it appears to me unnecessary, under the Circumstances, to press the matter further upon him.—

15. The Cuddapah Villages on the Nellore side above referred to, 99 in number, as per list furnished by Mr. Murray, though somewhat scattered, are not very much so. They are sufficiently numerous and are situated sufficiently close to form a Talook by themselves, as appears indeed formerly to have been the case. I beg therefore to recommend that they be formed into a

Extract from a letter from the Collector of Cuddapah dated 20th March 1856 No. 33 Para 6 forwarded with Extract from the Proceedings of the Board of Revenue dated 12th April 1856.

Fort Saint George 13th June 1856

into a separate Talook, with Kanigherry for its Cutcherry Station, and that it be placed under the Sub Collector, within whose Talook of Tavagoodoor a few of these Villages are situated, which might perhaps be transferred to it; and the remainder near the Police Divisions under his charge. —

16. The Sub Collector will still have the same number of Talooks as at present, Cuddalore and Chendalore being united, and can thus give the new charge more attention than it is possible for me to do, with the heavy English Correspondence, and the extremely numerous details of the Collectors Office. —

Distance on the Map. —
From Kanigherry to Cuppole 36 miles
Do. to Panruti 24 do.
Do. to Cuddalore 30 do.

17. If these arrangements are sanctioned the Statistics of the 3 newly formed Talooks would be as exhibited in the annexed Statement A. —

	No. of Villages Government	No. of Villages Inam	No. of Villages Total	Revenue	Population
				Rupees	
Sydapoor	87	67	154	100,996	42,064
Chendalore	77	14	91	152,692	53,956
Kanigherry	"	"	99	42,099	"

18. It remains to consider how the Establishments should be remodelled to suit the

Fort Saint George 13th June 1856.

the altered constitution of the Talooks. —

19. The present Establishments of the 5 Talooks proposed to be reformed are shewn in the accompanying Statements, together with the Establishments proposed for the Talooks to be newly formed. —

20. The new Talooks of Sydapoor and Chendalore, into which 5 Talooks are to merge, will require Establishments on a much larger scale than they at present possess. —

21. They will comprise a wide area, and the former will include a jungle tract, where robberies have of late been frequent, besides bordering on the Western range of Hills. Under these circumstances, and taking the Establishments of the other larger Talooks of the District as a guide, 2 of which are also given for comparison, I consider that the future Establishments for these two new Talooks should be fixed as shewn in the accompanying Statements. The aggregate charge in both cases amounts to Rupees 164, which being deducted from the available sum, as shewn in the margin, the net saving is left at Rupees 509-14-11. —

Rs.	as.	P.
2120	14	11
1611	"	"
509	14	11. —

22. In the Extract from the Proceedings of the Board of Revenue dated 16th May 1856, it is directed that no time should be lost in making such arrangements as may be necessary for taking temporary charge of the Cuddalore Villages which

Fort Saint George 13th June 1856

which are to be transferred to this District.—

23. The best arrangement which can be made appearing to me to be to from them into a separate Talook as above suggested, an adequate Establishment will be required for the same. This might be provided out of the saving of Rupees 509 — 4 — 11 arising out of the reductions on the scale given in the Statement accompanying:—

Tahsildars	2	
Muzamdar	1	
Head Gomastahs	2	
Chitteries	1	
Shroffs	2	
Peons	2	
Sweepers	2	
	12	

24 In this case it will be impracticable to increase the pay of other low paid Tahsildars of this District, as contemplated by Government.

25. The proposed changes will have the effect of throwing 12 Public servants out of employ. One of the Tahsildars being old will likely retire on Pension. The other might be provided for in the new Talook of Kanigherry, but is I fear unequal to the charge. To leave the other inferior servants to be provided for as vacancies

Fort Saint George 13th June 1856

vacancies occur within the District, would amount to the virtual exclusion of many of them from the service, as a long period must elapse before they can again be brought on the strength of the Establishment. I would therefore venture to suggest, as an act of justice to the parties affected, that they should as far as possible be taken into employment in the Cuddapah District, as the arrangements for increasing the number of Talooks there would seem to afford a timely opening for the same.—

Nellore Collector's Office, 28th May 1856

/Signed/ J. B. Elton
Collector.

Nellore Collector's Office 28th May 1856

[Signed] J. B. Cotton
Collector

10072 (629. 630)
3d Dr. 1856

Proceedings thereon

Submitting with the Board's remarks a letter from the Collector of Nellore proposing to unite some of the smaller talooks of his district so as to form two of a larger size and explaining the arrangements for incorporating the 90 Villages to be transferred to his District from Cuddapah and offering suggestions with reference to curtailing the salgrees of the Thasildars of Sydapoor and Chendelloor and to providing for some of the inferior servants who may be thrown out of employ by the proposed arrangements.

Fort St. George 13th June 1856

In the foregoing letter Mr Elton first states the changes which he would recommend pursuant to the instructions of Government in their Minutes Consultation of the 26th November 1855 No 1293 the district comprises 17 talooks the area population and Revenue of which are so small as compared with those of the talooks of other districts. He proposes to unite the two small talooks of Toomulcherla poor and Goondavole with that of Sydapoor which they adjoin; Nine Villages belonging to Goondavole are however excepted as from their position it will be more convenient to annex them to the Ravoor talook.

2 At the same time it is proposed to transfer the Village of Baddavole from the Sydapoor Talook to that of Surrapully within the limits of which it is situated. The new talook thus formed will contain 154 Villages (Ayacut Shrotriem) yielding an annual revenue of about a Lac of Rupees. Sydapoor the Cusbah of that talook is said to be the town but suited for the cusbah of the new talook, the name of which it is proposed should also be Sydapoor

3 The Collector then proposes that the Village of Coodetapolliem now attached to Tallamunchy

Fort St. George 13th June 1856

Tallamunchy should be transferred to the Nellore talook as it is cut off by the Pennair river from the rest of the talook which it now belongs.

4 In the Sub Division Mr. Elton proposes to unite the talooks of Chendalore and Enamanamellore which adjoin each other and are easily managed - The new talook would contain in all 91 villages with rather more than a lac and a half of Revenue - Adunkty the Cusbah of Chendalore will form a central Cusbah town and the new talook may therefore appropriately retain the name of Chendalore.

5 From the position of the 90 Villages to be transferred from the Cuddapah district pursuant to the orders of Government dated 10th May 1856 No. 482 - It would have been an advantage could an exchange have been negotiated with the Zemindar of Vencatagherry who has property on the other side of the Cuddapah boundary but as he has expressed himself unwilling to enter into such an arrangement and as the number and position of the Villages admits of their forming a single talook which may conveniently be placed under the Sub Collectors charge, the Board consider this arrangement the best that can be made -

In Cons: 16th May 1856

Mr

Fort St. George 13th June 1856

6 Mr. Eltons other proposals are also they think unobjectionable as they will put an end to the unnecessary Sub division of the district into small charges.

7 It will be observed that no expense is to result from these changes as the reductions consequent on the suppression of these talook Establishments will provide both for strengthening those which have been reconstituted on a larger scale and for organizing an establishment for the new talook of Ramgherry - It appears however to the Board that the salary of the Tahsildars of Sydapoor and Chendalore has been fixed unnecessarily high at 120 Rupees - and that Rupees 100 for each Office would have been sufficient - the inferior servants thrown out of employ might be retained by means of the sum thus saved, and employed in those talooks which are at present most weakly provided -

8 The Board observe that one of the two Tahsildars to be reduced is entitled to pension but they do not understand why

why the other should be unfit for employ in the Ramgherry taloork, Mr. Elton will be asked to explain this; & the Board will also desire him to communicate with the Collector of Cuddapah regarding the employment in his district of any other persons who are deprived of their offices under the proposed arrangements

9 The Government will observe that the Gazetteer map represents the distribution of the Woodeagherry taloork previous to the alteration given to it in 1849, and that no further change appears now to be necessary.

No 169

To G. L. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

(131)
Bd Rs 2055

From the Collector of Tinnevelly

Sir,

I have the honor to forward an advertisement for the sale of certain lands

Tencausy
Punjamalle
Streengoontum
Nelleimbalum
&
Vedoogramroy

lands in the 5 Talooks noted in the margin for the recovery of arrears of Land Revenue due by the holders for Fusly 1264 amounting in the aggregate to Rupees 1780. 12. 9.

As it has been ascertained by enquiry that the arrears are really and fairly due by the parties, and that there is no prospect of recovering the same unless it is shewn that active measures will be taken - I beg to request that you will at your earliest convenience be pleased to procure the sanction of the Board authorizing the sales in question.

Tinnevelly
31st May 1856

(Signed) J. Silver
Collector

Tinnevelly 31st May 1856. E. E. Fs.

(Signed) J. Silver
Collector.

10090 Fort St. George 13th June 1856.

of this Vessel has been re-
-ported to the Board of
Revenue Calcutta.—

Rajahmundry District
Collector's office ——
Cocanada 23d May 1856.

Signed/A. Purvis
Collector.

/True Copy/
/Signed/C. J. Shubrick
Collector.

Bd No. 1813.
633. 634
Proceedings thereon.

The Collector is
requested to ascertain and
report what arrangement Vencata
Reddy proposes to make for con-
-veying the Salt alluded to from
Coringa to Calcutta.—

J.G.B.

10091 Fort St. George 13th June 1856

No. 115

To
G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

635
Bd No. 2056.
From the Collector
Madura —

Sir

I have the honor to forward
an Advertisement for sale of lands
of Revenue defaulters for publication
in the Board's Office.

2. The arrears in satisfaction
of which it is proposed to sell
the lands amount in the aggre-
-gate to Rupees 2589—4—7

Madura
2d June 1856

Signed/R. D. Parker
Collector.

E. E. Fox / Signed / R. D. Parker
Collector

10106 Fort St. George 13th June 1856

Bd No. 1815.
Proceedings thereon (635 636)

The Board of Revenue do authorize the sale for arrears of Revenue of the lands alluded to in the foregoing letter and do direct the publication in their Office of the advertisement forwarded by the Collector, the sale taking place on the dates and at the Villages mentioned thereon.

---

(637)
Bd No. 1832
June 1856.
Proceedings thereon

Readayam letter from the Collector of Tellore dated 4th and entered in Cons. 9th

The Board have observed that letters from the Collector of Tellore are usually accompanied by a report on the same subject from his Sub Collector, a practice which adds unnecessarily to the Volume of correspondence, and is not usual in other Districts. They resolve to instruct Mr. Tellow that it is not necessary to submit these reports except in cases which have particular reference to the Sub Division. The Collector can embody in his own letter any useful information obtained from the Sub Collector's Office.

10107 Fort St. George 13th June 1856.

To
G. S. Forbes Esqr.
Secretary to the
Board of Revenue
Fort St. George.

(638)
Bd No. 2027.
From the Collector of Madras

Sir

In reply to Extract Proceedings of the Board of Revenue, No 1679. dated the 3d instant, I have the honor to inform you that in communication with the Superintendent I have fixed 42 Rupees the 100 Indian Mds as the present freight of Salt to Chittagong and even at that sum as stated to be levy the Superintendent, returns ships were only tendering.

Madras
6th June
(638 639)
1856
Bd No. 1814.
Proceedings thereon

I have the honor to be
Sir
Your most obedient
humble Servant
(Signed) B. Cumliffe
Collector

It has been ascertained from the Collector of Madras that 42 Rupees per 100 Indian Maunds has been fixed upon as the freight of Salt for Chittagong. The Board therefore will not object to the Collector of Chingleput offering a Rupee more per hundred Maunds for Salt shipped from Covelong as proposed by him in his letter of 24 May 1856.

The

2 The quantity of Salt remaining to be shipped on Government indent for Chittagong is about 43000 Indian Maunds.

Sir

To The Acting Collector of Tuticorin

In reply to your letter dated 7 Instant requesting early instructions regarding the rate at which Salt should be purchased during the season which is about to commence. I am directed by the Board of Revenue to inform you that no change will be made at present in the rates of remuneration to be paid to the manufacturers.

you will therefore pay them the same prices as heretofore.

From the Collector of Timevelly

No 175

G. S. Forbes Esqr
Secretary to the Board of Revenue
Fort St George.

Sir

With reference to your Circular of the 20 Ultimo I have the honor to inform you that the Atlas of this District therein alluded to is incorrect in several material points For instance the Nellcambalum Talook which is an inland talook is shewn as a coast talook. Nadoomundalum and Calacaud having been sub divided under the sanction of Government dated 1st May 1838 and portion of Alwar timevelly incorporated with Sheeryeoorium Talook and the remainder formed into a New talook as Ottapedarum, they should not appear as Divisions or Talooks Streuilly pootoor and Sattoor instead of Nadoomundalum and Vullyoor and Nangoonary instead of Calcaud, should be shewn. Besides this the names of most of the places are now spelt. Some chief stations are omitted, while those of minor importance are inserted.

Timevelly
7 June 1856
(642. 643)
Order thereon

/Signed/ J. Silver
Collector

Ordered to lie over.

Resolved that the following Letter be dispatched.

Statement

			the berries appear abundant, but in other estates the heavy crops of the last season appear to have exhausted the plants The Oil seed has not yet been sown and but a little ginger has been planted &c.	
Extract No. 1372	Cuddapah. 5th Instt. to 11th June 1856.	Rain fell throughout the district during the month.	The Paddy crop belonging to the second crop reaped in this month is calculated at from 1/2 to 3/4 of a full harvest the manufacture of Indigo is not yet commenced. The Ryots have commenced ploughing their lands for the ensuing fasly.	Prices have slightly fallen.
Extract No. 1373	Coimbatore 31st May to 11th June 1856.	Heavy rain has fallen throughout the District.	The crops on dry lands in the Talook South of Noyel River are thriving. In the Talook north of Noyel the lands are being prepared for the reception of seeds. the Plants in the garden are in a flourishing condition. The Bourbon Cotton Crops in some localities as appears fair there is no Indigo plant from wild Shrubs Sugar Cane is cultivated in small quantities in Coimbatore and other Talook and the Crops are promising The Crops of the Gingely oil and Lamp Oil Seeds appear in good condition.	Prices are high but falling gradually and slightly.
Extract No. 1374	Vizagapatam 3rd Instt. to 11th June 1856.	There have been heavy falls of rain in almost every locality during the past month.	The reaping of the harvest is over and agricultural operations at a stand still as generally	Prices are stationary.

10110 (644) Fort St George 13 June 1856.

B. de No. 1819. Statement shewing the State of the Season in the undermentioned Districts during the Month of May 1856.—

District and Date	Rain fall	State of the Crops and the Cultivation operations	Prices whether higher Lowering Falling or Stationary	Further Remarks.
Dy No. 1571 Malabar 31st May Inclusive 11 June 1856.—	The S.W. Monsoon which has commenced very early this year the 18th May) has set in with strong gusts of wind and much heavy rain During the 10 Days from the 21st to the close of the Month 22 Inches of rain or have fallen in Calicut alone—	The Paddy crops sown early promise well but in some places the seed has been washed out of the ground by the heavy rains The prospects of the Season however on the whole are very fair both as regards grain and garden produce The Coffee plants in some estates were well covered with flowers and the berries appear abundant, but in other estates the heavy	Prices are falling	

Fort St George 13 June 1856

generally The heavy falls of rain however have led to the early ploughing of lands in this year intended for dry crops, and the planting of Sugar Cane has been largely undertaken in the tracts where that cultivation is followed.—

Dy No 1386	Cuddapah	Heavy rain has	The effect of the late rains on garden produce and Sugar Cane has been good, and it has been very beneficial to the 3rd crop but it is generally thought that the first crop suffer.	Prices are falling tho' little high—
	Asst. 11 June 1856	fallen in almost every taluk & during the month and storms have been experienced on the Sea board.—		
Dy No 1386	Ganjam	Rain has fallen	The Ryots are making every preparation to get land prepared to receive the seed and are ploughing in all directions.—	There have been no noticeable fluctuations in the prices of the staple articles during the month.—
	Asst. 12 June 1856.	very generally and heavily over the whole District.—		
Dy No 1387	Rajahmundry	Heavy rain has	The Gingely Oil seed crops have been gathered and the attuvu on the whole may be considered fair. The Summer paddy crops are being reaped they have in part suffered to some extent from the wet during harvest Agricultural operations for the Coming season are in progress advantage is being every where taken of the rains to prepare for the early	The prices of Sajja (Holcus spicatus) and Horsegram have somewhat fallen there has been a slight rise in the prices of other grains.—
	Asst. 12 June 1856.	fallen in almost every part of the District.—		

10112 Fort St George 13 June 1856.

early crops in dry lands to prepare the land for and plant Sugar cane and to sow paddy in seed beds The Cotton crop has been gathered as noticed in last month the yield was very fair. The article however is not cultivated to any great extent in this province Indigo has not hitherto been at all extensively

Eng No 1388 Seminevelly 5th Col. 12th June 1856.

Rain fell generally over the District.

cultivated the plant where grown is coming on well for a second cutting.

The Ryot in some localities have commenced to sow for carr cultivation and in others to plough and repair their lands. The Cholum and Raggy cultivation looks well Cotton is cultivated as extensively in this as District. but not Indigo or Sugar cane In some localities there are Cotton crops to a trifling extent to be gathered but the rain that fell this month is not favorable.
