B No. 3410
From the Collector of Coimbatore; } Para 1.

Sir,

I have the honor to forward the Statements No. 1 and 2 of Demand Collection and Balance for July last prepared in the form which accompanied the Memo: from the Secretary to Government dated 2d Instant.

2. In the form hitherto in use, the Demand Collection and Balance of Sevoy Jummah were shewn in two different items "Lands" and "Extra Sources" but in the present form the above distinction is not made, and in lieu thereof two items "Extra Revenue" and "Interest account" are provided for - but no instructions are given in the Memo received from Government as to whether the items noted in the Margin* which have hitherto been included in the item of "Sevoy Jummah" under the Orders of the Board of Revenue

* "Sales and purchase of lands," "Batta or Gain by Exchange," "Commission on Private Estates."

Revenue conveyed in the Extract from their Proceedings dated 13th December 1852 should now be incorporated with "Extra Revenue." It appears however that it is the intention of Government that the present form should show those items only for which a demand is exhibited in my monthly Journal, in as much as the Accountant General has recently directed in his Circular of the 14th June 1856 that the demand on account of "Extra Revenue" and "Interest account" should be exhibited in the Monthly Journals of Collectors which was not the case before.

3. Under this view, the Columns in the present Statements opposite to the item "Extra Revenue" are filled up with the sums which are bonâfied entered in my Journal under that specific head, all other items hitherto included in "Sevoy Jumma" being omitted.

4 The items shewn in the Margin of para 2 of this Communication, have separate specific

specific heads in my Journal, so far as the Collections are concerned - but no demand is exhibited for them.

Coimbatore Coll.r Office,

2. The Board deem it desirable to ask instructions on the points referred to by the Collectors of Guntoor and Coimbatore connected with the new forms.

In

3. In justice to themselves the Board must offer two observations on the Circulars sent to Collectors from the Government office with which they have now become acquainted. In the first Circular it is mentioned that the new forms had been approved by the Board, and it is therefore incumbent on them to observe that here there is some misapprehension. On the forms being brought to them by Seyram chetty the Uncovenanted officer employed in their prepartion under the Revenue Secretary, the Board after examination considered the forms generally suitable, but before recommending their adoption expressed a wish to receive the reports of the Collectors on the new forms of Village accounts sent for trial in the past fusly. These reports were to be immediately expected and as the Village accounts form the basis of the whole system, this precaution seemed desirable.

4. The Board had therefore no anticipation that the new Huzoor and District forms would have been circulated for immediate

adoption and their surprise is the greater because the Circular instructions to Collectors direct that they are to be used in preparing the settlement accounts of the fusly just expired 1265. against such an arrangement the Board had used earnest arguments. They observed that in many Districts the settlement accounts were already partly prepared, and that much additional labour would be thrown on Collectors and their establishments and a risk of delay created in the transmission of the Settlement reports, if the new forms were ordered to be adopted for that fusly. It appeared to the Board that no benefit would arise to counterbalance these disadvantages and that the new forms could have best been introduced in the fusly now opening when the result of the trial of the new Village forms would be known. The Board believe that their fear of delay and difficulty will not appear unreasonable when it is borne in mind that according to their standing orders Collectors are to dispatch their settlement

For^{t} St. George 6th September 1856.

reports within 3 Months of the close of the fusly year. The preparation of the accounts therefore commences as soon as the settlement is concluded and the reports begin to reach the Board during September.

5. The Board will only add a hope that in future when instructions on subjects connected with their duties are sent to Collectors from the Government Office. Copies may be furnished at the same time for their information.

Ordered that the following letter be sent.

332

To The Collector of Chingleput.

B. No. 2923.
To the Collector of Chingleput.

Sir,

The Chief Engineer in recent communication submitted to the Board a suggestion of the Superintendant of the Eastern Coast Canal that a Magistrate or Joint Magistrate should be specially appointed to the Canal, and recommended that Lieut. Chambers should be invested with Magisterial powers, the Board in reply stated that the question of giving Magisterial authority to Civil Engineers had been already negatived by Government, and that they would address you as to the propriety of deligating the powers of an Ameen of Police to some native functionary on the spot, I am therefore directed by the Board of Revenue to forward an Extract from the report of the Superintendant of the E. Coast Canal having reference to this subject and to request that you will state your opinion as to the expediency of the arrangement now proposed.

B. No. 2229.

From the Collector of Cuddapah

Forwarding certain Statements and requesting that sanction may be obtained for the Employment of Six Peons, Ears and thirty Eight Carkoons in addition to the present Establishment for the efficient Examination of Lands in order to prevent fraud and loss of revenue to Government.

Sir,

I have the honor to bring under the consideration of the Board of Revenue, the propriety if not the absolute necessity of increasing the number of Carkoons throughout the district, as at present it is physically impossible that they can execute the work they are called upon to perform. The number of Villages they have to supervise, the number of Cultivated fields to examine, and to ascertain that there has been no neglect or omission on the part of the Village Officers, are so great, it is not possible for them to do so, particularly when many of the Villages ought to be examined twice yearly ones at the Rartee Kum Crop and once for or during the Vysakum, I herewith enclose a Statement of the number of Carkoons

Carkoons in the province, showing the number of Villages in each pirkah and the number of fields each individual is called on to examine. I shall at the same time forward a Statement of the number of Carkoons in the surrounding districts; and if it be satisfactorily shown that the number in Cuddapah is fewer, I trust the Board will see the necessity of having it increased.

2. The Carkoons are a very necessary and important portion of the Collectors' Establishment; a certain number is attached to each Taluck and under their immediate supervision are placed a given number of Villages called "pirkahs". Their duty is to see that the Cultivation is regularly carried on to enquire into disputes, to examine the accounts of the Curnums, and to see that the Ryots receive receipts on the payment of the different Kists, and in addition they are called upon to enter

upon

upon police enquiries, hold inquests upon persons found drowned or who have come by a violent death or supposed to have come by one, if they are near the spot to enquire into thefts and robberies and report the same to the Head of Police. In Villages where wet Cultivation prevails each Village ought to be examined at least twice every year but in Cuddapah, where the pirkahs are large, the number of Villages and fields considerable, and the alteration of Assessment constantly changing (for dry land may be converted into garden or wet by means of Cirkar water, one crop is charged dry, the other for the use of the water) garden into wet &c. this must be narrowly scrutinized in order to ascertain that no fraud takes place in the Curnums accounts, they from their fewness cannot possibly execute the supervision over the Villages they are required to do, and the Curnums knowing this take advantage of it not

to

to enter in their accounts certain lands which co had been cultivated and other land which co ought to be charged with teerwah jasty is co omitted, though probably the extra tax for water has been collected, but never carried to account. The loss to Government on this is considerable, and can only be remedied by an increase in the Establishment of Carkoons.

3- The accompanying Statement shows the number of Carkoons attached to Cuddapah* and Bellary+ In Fusly 1262 the co land revenue of the latter only co exceeded that of the former by Rupees 14,1816 and the number of Carkoons is 62 to 107. In the latter the greater co portion of the revenue is collected from dry lands, while that of the former is from wet, and the total number of fields to be examined in the former is 863,554 while the latter is 505,438 and the average co number to be examined by each Carkoon in co Cuddapah

Fusly 1262.
Rupees 22,38,221 *
20,96,405 x
14,1,816-

Fusly 1263.
Rupees—19,59,013-x
16,61,746-*
2,97,267-

Cuddapah 13,978, in Bellary 4724 shewing that the greater quantity of work is left to be done by the much smaller body of Carkoons. The dry lands particularly in black soil do not co require to be examined more than once a year, as only one crop is produced, or if two no extra tax is charged but in wet this is not the case, for the most part two crops are co obtained, and dry lands are converted into co wet on which an extra Assessment is charged, besides, which the remission on garden land co is one third, while that under tanks is one fourth. Should garden lands be watered by co tank water, the remission is changed from co one third to one fourth; this may take place one year, but not the next and the co Carkoons ought to examine all these co lands most carefully at least twice a year. As the wet crops prevail in co Cuddapah, it is evident the duties which devolve upon the Carkoons are greater co than

than in Bellary though they exceed those in Cuddapah by 45. Hence the conclusion to be drawn is that if 107 Carkoons are required to perform the duties in Bellary where they are not so laborious those in Cuddapah, where the work is greater, are much too few and require to be increased.

4. In Nellore where the land revenue is Rupees 15,10,145—"—"— the number of Carkoons is 119 and in Guntoor where the land revenue is Rupees 13,50,167—"—"— not nearly so great the number is 107 shewing the great disparity between the different districts; from this comparison with the neighbouring provinces, it is obvious that the Establishment is defective.

5. The Board of Revenue in their Proceedings have repeatedly remarked upon the prevalence of parties being punished for concealed Cultivation and embezzlement of the Collections in Cuddapah. This is not greatly to be wondered at as the check upon the Proceedings of the Curnums is

is so slight and ineffective, they knowing the work the Carkoons have to perform and that however willing they may be to complete it, still they are unable to do so, and the chances of their detections being in their favor, they are emboldened to cheat by not entering cultivated lands in their accounts or of Teervojasty, which ought to be charged.

The supplying a sufficient check to the embezzlement of Curnums has been under my consideration for some time, and my decided opinion is that it will continue until a sufficient staff of Carkoons are appointed. The Board and Government are quite aware of the deficiency of these officers, an extra number is sanctioned during the Settlement for a period of four months at a cost of Rupees 280, and for the last two years Rupees 560, which certainly helps to add to the check, but they are inefficient as they have no permanent situations and

are

are often induced by the Curnums to connive at the concealment of Cultivation they know of - Their nomination lasts only for a few Months and their pay is very small; they are therefore as tempted by a douceur to pass over the fraud they have detected under the hope they will not be discovered - Instead of being temporarily appointed they ought to be permanent they as having something definite to lose their as examination would be more careful, if per= =manent, knowing they can rise from good as conduct will get a pension after the period of service has been completed will not be so liable, to be corrupted as those who hold the appointment for only a few months -

7. For the last four years I have been at great pains to have as many of the fields examined as possible by the as fixed and temporary Carkoons and Goo= =mastahs, by the Talook Goomastahs and those Carkoons who were lazy had as additional

additional Carkoons employed to assist them as and a portion of the Carkoons pay deducted to remunerate them for their services, also by the Huzzoor Goomastahs who were deputed to examine Villages where concealed Cultivation was supposed to exist by this arrangement the return has been most satisfactory as com= =pared with the previous years, as the accom= =panying Statement + will show. These sums No 2. would not have been carried to the credit of Government had it not been for the examination; but notwithstanding this, I feel satisfied as that there is still a considerable portion of land not brought to account and I am satis= =fied that an additional Establishment of Carkoons, instead of being a loss to Govern= =ment would be an absolute gain, and the concealed Cultivation discovered will more than reimburse the state for the pay of such as officers, besides being a check to dishonesty on the part of the Village officers, and a protection to the ryotts

ryotts and they may be held responsible for the correctness of the monthly returns of cultivation delivered by the Curnums into their hands and forwarded by them to the Tahsildar and the usual pretext that they had not time to examine the lands will be done away with. These accounts if correctly prepared will at once put a stop to all fraud.

8. I would further beg to add that in Bellary there are a superior class of servants called Peshkars 14 in number attached to the different talook Cutcherries whom the Tahsildar deputes to examine and report upon any Villages where disputes arise on suspicion of incorrectness of accounts on the part of the Curnums may be excited, in fact is an assistant to the Tahsildar. In Guntoor there are nine in the Talooks the beriz of which exceeds one lac, but in Cuddapah

Cuddapah there are only two, one in Doopaud, where the Talook is very extensive and the other in Chitwail the average beriz of the former is Rupees 1,10,000 and the latter is Rupees 1,90,000. It would be very advisable to have a Peshcar appointed to the following Talooks the beriz of which is stated below.

The average Beriz.

Goorrumconda	1,45,000.
Muddenpully	1,36,000.
Chennoor	1,07,000.
Jummulmudgoo	1,80,000.
Dovvoor	1,62,000.
Cumbum	1,30,000.

the salaries of whom might be Rupees 15 each for three and 20 Rupees each for the remaining three making a total of Rupees 1260 per annum. I would beg to suggest that 38 additional

Fort St. George 6th September 1856.

Additional Carkoons be appointed to be
to be divided into three classes.

15 at 10 Rupees a month equal to Rupees ——— 1800 " "
15 at 12 Ditto ——— Ditto ——— to ——— " ——— 2160 " "
8 at 14 Ditto ——— Ditto ——— to ——— " ——— 1344 " "
38.

Total ——— 5304 " "

for temporary Carkoons &c.a — from which must be deducted ——— " ——— 560 " "

leaving a balance of ——— " ——— 4744 " "

to which must be added the proposed Peishcars Salary Rupees 1260 making a total of Rupees 6004 or upon the whole land revenue of the district taking the average of 5 years from Fusly 1258 to 1262 Rupees 20,59,727 a percentage of 4 annas and 8 pice.

9. The necessity of an increase to the Establishment has been clearly elucidated. I therefore trust the Board will take it under their favorable consideration and obtain the necessary sanction for the Employment of the Peishcars and Carkoons required. A Statement shewing the annual cost that will be incurred by the increased Establishment

prepared

Local Government Recommendation

Orders of the Government of India

Home Department — Remarks — Orders

Financial Department — Remarks — Orders

For the efficient examination of lands in order to prevent fraud and loss of Revenue to Government and for placing the establishment on a footing with the neighbouring districts

Cuddapah District Collector's office on Circuit Kailpaud 15th June 1856 ——

/Signed/ M. Murray
Collector.

Bd. Vo. 2922 B

Proceedings thereon.

(333-334)

The Board have carefully Considered the reasons given by the Collector for increasing the number of Carcoons in his District, and are of opinion that the existing establishment is quite inadequate to the efficient supervision of the Village accounts and Cultivation so as to secure the revenue from the Serious losses Shewn to have been occasioned by the Concealment of Cultivation in former years - But as the Government have declared themselves unwilling under present Circumstances to Sanction any increase of Establishments, the Board are averse to making application at present for an augmentation of the Collector's Establishment.—

2. It occurs however to the Board that the Collectors of the neighbouring districts might without impairing the efficiency of their Establishments be required to supply a few Carcoons to Cuddapah at least for a time.—

3 It is observed that there are 107 Carcoons in Bellary and Guntoor, and 119 in Nellore, while in Cuddapah the total number is only 62. The area and revenue of these four districts are shewn in the margin. Though the revenue of Bellary is higher than that of Cuddapah the duties of the Carcoons of the latter

	Area in Sq. Miles	Revenue
Cuddapah	12,910	Rs. 29,64,408
Bellary	13,056	" 22,38,224
Guntoor	4,960	" 13,50,107
Nellore	11,930	" 15,10,145

	Fields
Cuddapah	363544
Bellary	505438

Fusly 1264 Apte	
Wet	829589
Dry	1155149

are greater and more arduous owing to the number of fields in Cuddapah being nearly three times as great as in Bellary, and to the revenue of Bellary being chiefly derived from dry lands requiring no examination on account of 2d Crop, where as in Cuddapah nearly one half the Revenue is collected from wet lands which for the most part produce two Crops.—

4. In Guntoor and Nellore the Carcoons though far more numerous than in Cuddapah, are serving in Districts Considerably inferior to it in area and Revenue.—

5. Under these Circumstances, the Board think it advisable that 38 Carcoons should be transferred as a temporary arrangement from the districts of Bellary Guntoor and Nellore to that of Cuddapah - If with this aid it is found that a large extent of Cultivation is brought to account the Collector will report the fact, for the information of the Board, who will, if they then Consider it advisable, apply for a permanent enlargement of the Cuddapah establishment.—

	Carcoons
Bellary	7
Guntoor	15
Nellore	16

6. If the Government approve the arrangement now proposed, the Board will issue the necessary instructions to the Collectors of Bellary, Nellore and Guntoor - Mr. Murray's letter

Sir

Para 1. I have the honor with reference to the papers noted in the margin to report upon Mr. Dymes' application to govern= =ment for refund of Godown Rent —

2. Mr. Dymes seems to have misrepresented the facts of the case which are as follows: —

3. Messrs. Dymes and Co. Imported 100 Barrels of sulpher ex "Antilope" from Singapore — The Sulpher was landed on the 17th and 18th June, the Casks being injured on the 30th Mr. Dymes solicited permission to pack it in Bags. which was granted on the 1st & 2d Instant, it was weighed, and on the 1st July twelve days after the goods were landed he applies to clear them and on the 3d July they become liable to Godown Rent. On the 30th June Messrs

16336 Fort St. George 6th September 1856.—

Messrs. Dymes and Co. applied for permission to sell the goods in the Custom House which was permitted as a special indulgence on the 4th July application is made to clear the goods they having become liable to Godown Rent the Day previously which in the Ordinary Course of Duty was directed to be Charged. Messrs. Dymes and Co. applied to me to remit the penalty and I informed them it was not in my power, I had no authority under which I could entertain their request.—

4. It appears that Messrs. Dymes and Co. allowed the sulpher to remain 12 Days after landing without taking any steps respecting it, but to suit their own convenience they left in the Custom House to be sold by auction. After having become liable to the penalty of Godown Rent notwithstanding they had received every assistance and indulgence this Department could afford, find matters of grievance in having their convenience consulted and addressed Government for redress.—

5. I beg to refer to the correspondence noted in the margin, which contains the decision of Government shewing that ignorance of the Rule is not a ground for remission and on the same ground I apprehend parties cannot Evade the penalty whereas in this instance it was incurred to suit their own Convenience.

CM

In

16337 Fort St. George 6th September 1856

B. No. 2930.
Proceedings thereon

In T. Govt. 16th in Cons: 22d July/56 12739

335-336

In Messrs. Dymes & Co's letter to Government dated 17th July 1856. they requested a remission of Custom House Godown rent on one hundred Barrels of Sulphur landed from the "Antelope" to their consignment.—

2 From Messrs. Dymes & Co's Statement it appears that the Sulphur was landed on the 18th June in bad order and with the Casks broken and imperfect as a removal of the article in this State would result in further loss, the Consignees obtained permission for its sale at the Custom House by Messrs. Oakes & Co. on the 1st July, the day of Sale, an application was made to clear the Sulphur, but the Sales and the delay in weighing prevented its clearance. Messrs. Dymes & Co. then go on to say "The Custom House authorities had requested us to transfer the sulphur from the broken Barrels into Gunny bags, and it was the third before this was done, the other 3 Barrels put into a fit State for weighing, and the whole amounting to 33,000 lbs weighed on the 4th it was cleared, and we should have removed it from the Custom House, but a claim for Rs. 129-— was made for Godown rent, the 14 days allowed by Government have escpired on 2nd July."

3 In his report upon the case the Acting Collector disputes the correctness of Messrs. Dymes & Co's Statement and proceeds to give the following version of the transactions.

26th July 1856
In Cs. Sept. 5th/56.

4 He states that the Sulphur, was landed on the 17th and 18th June the casks being then in an injured State. On the 30th Messrs. Dymes & Co. applied to see the Sulphur and solicited permission to pack it in bags which

16340 Fort St. George 6th September 1856

just now I beg to request that you will adopt such measures as may enable me to be supplied with 8 Tents to Store in Bear arrack and other goods which are being landed. — Soliciting your early attention to this I beg also to request that you will obtain the sanction of Government for the monthly outlay of the Godowns which I shall give up as they became vacant.

No. 149

To

The Chief Secretary

to Government.

Sir

1 I have the honor to acknowledge the receipt of the order of Government dated 31st Ultimo requesting me to state whether I see any objection to the arrangement suggested by the Sub Treasurer in his letter to your address of the 30th Ultimo.

2 In this letter the Sub Treasurer brings to the notice of Government the inconvenience and responsibility which would be entailed on the Treasury by his being required to draw Interest from time to time on the Government Promissory Notes deposited in the General Treasury by the Secretary to the Court of Wards on a Power of Attorney to be granted by him, as required by the Extract Minutes of Consultation No. 320 of the 7th Ultimo, and that the arrangement which now obtains in respect to Securities lodged by the Administrator General be carried into effect in respect to

to the Securities to be deposited in the General Treasury by the Secretary to the Court of Wards Viz.t that the Interest due from time to time be drawn by the Secretary on Registers to be prepared by him and to be Certified by the Sub Treasurer.

× to the effect that the Promissory Notes enumerated in them are deposited in the General Treasury.

3 I am aware of no objection to the arrangement proposed by the Sub Treasurer being sanctioned by Government. It will obviate the necessity of the frequent deposit in the Treasury, and return to the Secretary to the Court of Wards, of the Promissory Notes. At the same time it will remove from the Sub Treasurer the trouble and responsibility of drawing and remitting the Interest, with accounts thereof which may accrue on the deposited Securities. From this extra duty, which is not strictly speaking within his province, the Sub Treasurer naturally wishes to be relieved.

To No. 309

T. Pycroft Esquire
Chief Secretary to Government

Sir

It would appear from the Extract from the Minutes of Consultation No. 320, of the 7th Instant, in the Financial Department, that the Government are of opinion, that Interest on the Government Promissary Notes, deposited in the General Treasury, by the Secretary to the Court of Wards should be drawn by the Sub Treasurer, on a Power of Attorney to be granted in his favor—

As this arrangement would entail a responsibility on the Treasury, which it has never yet been called upon to incur, and which I

I am of opinion is not requisite for the attainment of the object sought by the Government. I do
myself the honor of addressing you on the subject.

All Government Promissary Notes,
lodged in the Treasury for safe custody, are
transmitted to the Officers immediately interested
in them, for the purpose of drawing Interest—
This was the course pursued by the Secretary
to the Court of Wards, previous to the Notes
being transferred to the Government Agents
This practice keeps the General Treasury with-
-in the strict letter of the duty required of it,
as a place of custody, and obviates the ne-
-cessity of any accounts—

In the case of the Administrator General, the practice referred to, led to much inconvenience; the withdrawals and deposits being so constant, it was therefore provided that interest on all Securities, lodged by that Officer, should be drawn upon Registers; the Sub Treasurer Certifying that the Promissary Notes, specified in those Registers were in his custody; such an arrangement as this, if approved of by Government, would I conceive, answer equally well in the case under reference—

Ex. Min. of Cons. 20th July 1852 No. 1402 Judicial Dept.

I

16348 Fort St. George 8th. September 1856

In these days, when the quick furnishing of Accounts is so imperatively demanded, it is requisite to consider how these may be simplified, and multiplicity prevented. In the arrangement which has at present the sanction of Government, the Treasury would require to Keep an account with each estate, exhibiting the transaction during the year, and a copy of these would have to be furnished to the Secretary to the Court of Wards; this would also render it necessary to pass all the transactions through the Books of the Office, the whole of which might be avoided should the Government on a reconsideration of the matter be pleased to permit of the system pursued with regard to the Administrator General's Notes being carried out with those of the Secretary to the Court of Wards. The security would be equally valid; the responsibility of the Treasury restricted within its proper limits; and all superfluous correspondence and accounts be got rid of.

Sir

By the orders of Government under date the 26th April 1845, all payments in the shape of pensions or honorary allowances are to cease on the death of an incumbent, and not to be continued to his heir, prior to the special sanction of Government.—

I beg respectfully to suggest, whether this rule, excellent as it no doubt is generally, may not be dispensed with in the case of the Rajahs and others who receive Malikhanah in this Country.— The Malikhanah is strictly hereditary, and is secured as such by solemn treaty to the parties who enjoy it. It is in fact a certain portion of the assumed rent of the Country, formally assigned to the parties who had regal claims on the Country, on the condition of their abandoning

16351 Fort St. George 8th September 1856

abandoning those claims in our favor.—

The relaxation of the rule I have referred to, would be very grateful to the parties who suffer from its existence. The delay from complying with the required orders, and obtaining the necessary sanction from Government is such as to put them, in many instances, to considerable inconvenience, and that at a time when from succeeding to a new dignity they are exposed to more than common expense.—

abandoning those claims in our favor.—

The relaxation of the rule I have referred to, would be very grateful to the parties who suffer from its existence- The delay from complying with the required orders, and obtaining the necessary sanction from Government is such as to put them, in many instances, to considerable inconvenience; and that at a time when from succeeding to a new dignity they are exposed to more than common expense.—

Calicut — 27th June 1848

Collector

Statement

1855.

Fort St. George, 8th September 1856.

B.R. No. 2940

Proceedings thereon.

360-361

From this Return it is seen that during the last seven years, 139 lapses have occurred, of which only 23 have been reported on, and 116 remain undisposed of, most of these Enams have lapsed long ago and have been left unexamined year after year.

2. The Government having called for a general Return of all lapsed Enams with reference to the Board's Circular of 10th July 1856 No. 2100, the Collector will be good enough to send in his report on the 19 cases which are ready and to expedite the enquiry into the remaining 97 - as lapses occur in future they should be investigated immediately on their being reported by the local Officers, and the result should be communicated to the Board in cases in which such report is required by the Circular orders.

Resolved that an Extract from these Proceedings with copy of the Collector's Return be forwarded for the information of the Right Honorable the Governor in Council in conformity to the orders contained in Extract Minutes Consultation at 831 dated 7th August 1856.

In Cons: 16th Augt. 1856.

Bd. No. 3174

From the Collector of Coimbatore

States with reference to the Boards Proceedings dated 12th ultimo, that the Dittum settlement hitherto made by Tahsildars may be dispensed with.

Sir,

With reference to Extract from the Minutes of Consultation dated 11th March 1856 No. 285, conveyed in the Board's Proceedings dated 12th July 1856, I have the honor with reference to para 2, to state that I have no doubt the proposed alteration in the Dittum arrangement will relieve the Ryots from considerable trouble.

2. According to the new system of accounts, all Ryots must necessarily attend at the time of Jamabundy Settlement to sign Statement No. 5, which shows the particulars of each, as Ryots and therefore their attendance before the Tahsildar for "Dittum" is uncalled for.

3 I think it however necessary to state that as soon as a writing is presented by the Ryots, as directed by the Board, on the subject of retaining or relinquishing their lands within a fixed time after the commencement of the cultivating season, the Tahsildar must take prompt steps to endeavour to get the

Fort St. George, 8th September 1856

the resigned lands cultivated by others, and to give new lands to those who apply Previous to the Jamabundy the Tahsildar or other Officers must of course go and examine as usual, all the waste lands relinquished by the Ryots in each Village, as well as those left uncultivated, from death, desertion or insolvency, with a view to prevent frauds on the part of the Village Officers, and to facilitate the Jamabundy Settlement.-

4 As regards the instructions contained in para 2 of Extract Minutes of Consultation under reply that transfers of lands must also be notified in the writing to be presented by the Ryots, I beg to state that transfers of lands in this District by one Ryot to another are usually effected by means of documents, given on stamp Papers before the Tahsildar by both parties - any mention therefore in the said document again seems unnecessary

5 Though the Ryots bind themselves as above to retain waste lands on full

Rent

Fort St. George, 8th September 1856

Rent, remission in some cases, such as adverse seasons, losses of cattle &c. &c. is still unavoidably necessary at the time of settlement.-

Vide para 21 of the Board's report dated 4th July 1855.

6 With respect to time to be fixed for presenting a writing by the Ryots as stated by the Board, I am of opinion that such documents may be presented within the end of Vyasy (May) for Poonjah and Garden, and Audy (July) for Nunjah lands. this will afford sufficient time to the Ryots wishing to give up his lands, to cultivate as much as he can, and also to other Ryots who come forward to take such lands for cultivation.-

7 Under the above view, I think that the Dittum settlement of the Tahsildars may safely be dispensed with.-

8 Adverting to paras 3 and 5 of the Extract under reply, I beg to state that the instructions contained in paras 19 and 20 of the Minutes of Consultation will be strictly attended to in future, in crediting the revenue from Forests and from Sandalwood, as directed, the accounts of all Sources

16365

Fort St. George, 8th September 1856

Sources of Revenue for Fusly 1265 having already been closed as usual, other instructions contained about arrears will be duly attended to.

Vide para 3 of Extract from M. C. 11th March 1856

9. No remission was ever allowed in this District for "Kauttumcal," Ryots having been accustomed to use a small portion of the land they hold, for that purpose. Should the above arrangement about "Dittum" be approved by the Board, I shall issue the necessary orders and notifications to the Tahsildars and Ryots on the subject.

Coimbatore ..... 9th August 1856.
Bd. No. 2939.

(Signed) E. B. Thomas
Collector.

Proceedings thereon.—

364-365

As the Board approve of the arrangements proposed by the Collector in lieu of the present Dittum Settlement, he is requested to carry them out during the current fusly.

2. They observe however, by Para 2 of his letter, that Mr. Thomas appears to be under a misapprehension on an important point. He there observes that "according to the new system of accounts all Ryots must necessarily attend at the time of Summabundy." But this is not the case, and it is not wished that these Ryots who have made no change in their holdings should be summoned from their Villages. It will be sufficient if statement No. 5 is signed by those Ryots for whom new Puttahs have to be prepared.—

16365 Fort Saint George 8th September 1856.

No. 102.

To

G. S. Forbes. Esquire
Secretary to the
Board of Revenue
Fort Saint George

366.

Bd. No. 3214

From the Acting Collector of Guntoor

Reporting on the subject of lapsed Enams with reference to the Board's Circular order dated 10th Ultimo and describing the obstacles to the speedy disposal of these cases and also of sundry disputed quit rents on enams &c. and the adjustment of the large balances involved in the same.—

Sir,

I have the honor to forward the statement relating to lapses of Enams called for in the Board's Circular Order of 10th Ultimo.

2. The subject of the lapses in Enams in this District is one of much importance, and has come under the notice of the Commissioner for the Northern Circars in the correspondence noted in the margin.

From Commissioner 26th April 1854 to 14th September 1855.
From Do. 23rd Do. to 5th October 1855.
To Do. 11th February 1856 Para 28.—

3. It appears that it is only a few years since that these lapses began to be reported, and then even in a very imperfect manner, as it was not easy to enforce the rule on account of its not being universally known and understood to the enamdars who are often not resident on their lands. Reports however came in from time to time, and an effort was made by Mr. Purvis to keep up the investigation of them as currently reported. This however was not sustained, owing to the pressure of many other duties and the long and tedious examination of documents, accounts, and often voluminous

Fort Saint George 8th September 1856.

voluminous records connected with the case, and Mr. Burris accordingly in his letter of 23d September 1854 applied for a special agency to commence with the enquiry of these lapses, and eventually to take up the investigation of these tenures generally. The number of lapses had then reached about 608 which were beyond the power of the Collector to dispose of within any moderate period. They have since reached upwards of 1000.—

4. Since assuming charge of the District I have insisted on the current lapses being regularly reported, registered, and the information being prepared as far as practicable. In the two Quarters of the present year no less than 185 cases have come in, many of them however in reality dating anterior to this period, but which had not been duly reported at the time. In many of these cases the Enamdars are non residents and much deficulty has been found in ascertaining what documents are held in support of the grants, and with constant efforts to push the matter forward. I find that only 42 cases are now in a state of preparation for decision.—

5. Besides the lapses of Enams there are for investigation about 400 cases of disputed Quit rents involving about Rupees 90,692 of arrears and to which the correspondence in the margin refers. The disposal of the arrears of revenue which chiefly belongs to these cases was allu-

ded

Fort Saint George 8th September 1856.

a proper representation of the cases, I do not find much ground for condemning any dilatoriness on the part of the Naib Sheristadar. It is proper for me, however, to add that I am unable to continue the exclusive application of his attention to these duties, as the annual accounts and numerous other current matters will require most of his time till the next settlement in which also he must take a share.

8. The difficulties in the way of the disposal of these matters have already been represented to the Commissioner for the Northern Circars in my letter dated 11th February 1856 in which I stated the necessity of the employement of a special agency for the investigation of the lapsed Enams and disputed quit rents above alluded to, similar to that which, I understand, was so successfully entertained in Masulipatam.—

9. What I have above represented will, however, I trust, have shewn to the Board that no effort has been spared on my part to effect what is possible, tho' the result leaves little prospect of the speedy completion of the enquiries.—

The

Fort Saint George 8th September 1856.

Lapses 1221
Disputed quit rents 400

10. The number of cases above described is so large and many of them so complicated as to require much time for consideration, that the Board will, I think, without hesitation concur with me in supposing the task to be beyond my power of accomplishing within any reasonable time with the present limited assistance that I possess, the only assistant in the District being Mr. C. G. Master, who has not been employed in the service one year, and who up to the date of joining me in May last had not been entrusted with any revenue matters. Whatever promise Mr. Master may now afford from his habits of business of most valuable assistance hereafter, it is obvious that time alone must afford that experience which is necessary for rendering efficient assistance in such important duties as those above described, as well as many others belonging to the current routine.—

From the Collector
of Chingleput

Sir,

Adverting to the Board's endorsement on the accompanying Petition No. 2091 of date the 11th. Instant, I have the honor to state for their information that the Tahsildar of the Caroongaly Taloob, to whom orders had been issued to adjudicate this dispute between the Petitioner and his opponent by arbitration as intimated in my letter No. 98 of the 31st March last, has reported that he is unable to carry them out in the absence of the Petitioner at Madras, and his refusal to attend on him for examination. Unless he therefore returns to his Village and names his arbitrators, his complaint cannot be attended to for the final adjustment of the dispute in question. The orders of the Board as communicated in their Proceedings of the 22d. April last, will be duly attended to.

Bd. No. 3199.

From the Collector of Chingleput

Sir

Adverting to Extract from the Proceedings of the Board of Revenue No. 2363 under date the 11th Ultimo calling for information relative to the practice of including the date and palmira trees on the Ryots holdings in the Abkiarry Farm of this District. I have the honor to report for their information that all trees from which toddy is drawn whether situated on the Ryots Puttah lands or otherwise, have been usually included in the abkiarry Rent, and that the Renters have always paid for the same. No remission is therefore required to be granted to them on this account.

2 There is no loss or inconvenience of any kind experienced by the Ryot by including in the Abkiarry Farm the trees in his Puttah lands, as the toddy is drawn from them only with his Consent, and he is paid for it by the Toddy men. The alleged injury supposed to have been done

to his crops is visionary and has no real existence. He does not pay any addition taxe to Government for the trees in his lands, and has no real grievance calling for redress.

3 Instances have no doubt occurred in which a few Ryots prevented the Renter from drawing toddy from their trees; but this they did at the instigation of the Toddy drawers who endeavoured to swindle the Renter, and had no self interest at stake; Even if they had the disputes between them and the renter has probably been adjusted between themselves as no complaints have been received at this Office either from the former seeking the exclusion of their trees from the Abkiarry Farm, or from the latter soliciting permission for the same.

4 Under these circumstances, it appears to be inadvisable to alter the present system of including in the abkiarry Farm all trees from which toddy can be drawn and making the Renter pay for the same. Should it however be contemplated to exclude

Fort St. George 8th September 1836.

exclude them from the annual rental it is apprehended that it will involve an annual sacrifice of about 6000 Rupees out of a demand of Rupees 92,650 settled for the five Fusslee's from 1760 to 1770 while no corresponding advantage is likely to accrue to the State or to the Ryot.

5 Under the system of Meerasey right prevailing in the Jaghire, all applications for occupation of lands are in the first instance referred to the Merasidars on whom they are conferred if they agree to bring them under cultivation The growing trees, whether planted by them or not are considered their property and no special Rules would seem to be needed for their regulation In all cases in which cowles are issued for lands required by Poyakarries, it would be sufficient if it were stated that the trees on them should be liable to the demands of the Sh Harry Rawlins.

Chingleput District,
Collector's Cutcherry,
Sydapet 4th September 1836.

Signed C. S. Shubrick
Collector

Order thereon
376-377

Ordered to lie on the Table.

Resolved -

Fort St. George 8th September 1836

Resolved that the following Proceedings be despatched.

Read Extract Minute General Letter dated 8th August 1836 Judicial Department forwarding translations of depositions taken before the Magistrate of Chingleput, on an enquiry held by him regarding a charge of torture preferred against Streenevasa Row Tahsildar of Peddapollium and requesting the Board to consider their resolution dismissing that Officer from his situation thereon.

378
B. No. 2944.
Proceedings
Communicating the views of the evidence on which the Tahsildar of Peddapollium was convicted and dismissed and stating that they consider his case deserving of some leniency.

In the foregoing Extract Minute in Consultation the Government discuss the merits of the evidence on which the Tahsildar was convicted of torture and the circumstances connected with his case, and observe that the enquiry was conducted in the loosest manner that the evidence was little to be relied, that the Defendants witnesses were not examined and that he himself had acted under circumstances of great difficulty having been refused permission to realize the Money by distraint and yet threatened with the displeasure of his superiors should he fail to collect it.

2 It is observed also that the Board's decision dismissing Streenevasa Row was based on the order of Government regarding

regarding cases of forfeiture and on the Collectors report last that his proceedings had not been before them, and the Government proceed to request the Board to examine the depositions in both the cases against the Tahsildar and to reconsider their former orders.

3 The Board have in compliance with the wishes of Government carefully considered these cases as presented to them in the depositions and will now proceed to state the conclusion to which they have been led.-

4 The first case in which the Magistrate convicted and fined the Tahsildar occurred while he was Tasildar of Ponnamallee.

5 The evidence was consistent and decisive, and proved that the Tahsildar had (under circumstances of great provocation) abused his authority in a harsh and oppressive manner. The sentence gives a brief summary of the circumstances and fines the Defendant 25 Rupees. The Board see no reason to question the propriety of this decision.-

6 The details of the more recent case have been entered into by Government in the Extract Minutes Consultation now under reply, and the conduct of

of the enquiry has formed the subject of strictures which the Board consider to be perfectly just.

7 At the same time the Board desire to observe that as the Magistrates sentence in this, as in the former case convicted the Tahsildar of inflicting ill treatment in the exercise of his official power and as the sentences were left undisturbed by the Judicial authorities under whose review they passed no course was left them but to direct the dismissal of the Tahsildar in accordance with the orders given by Government in Extract Minutes Consultation dated 7th June 1833. Para 15.

8 Government now call for the Board's opinion on the merits of the case as shown in the depositions taken by the Magistrate and they will observe preliminarily that cause exists in their opinion for quashing the Magistrates sentence on account of an important informality on that Officers part in neglecting to take the evidence tendered by the accused for his defence.-

9 But in making this remark the Board cannot pronounce the Tahsildar innocent of the charge preferred against him. The leading points in that charge

charge are deposed to by 3 witnesses a trader, a ryot and a peon and their statements are so supported by the facts of the case that as the Board cannot reject them as unworthy of credit. The arrear had accumulated not from the inability of the weavers to pay the tax but from their opposition as to the payment of a Motirpat tax at all: and the Collector had directed the Tahsildar to proceed in person to collect the Money in the expectation that his arguments and the influence of his position would lead the weavers to withdraw their opposition and pay the demand against them.—

10 This expectation was not however realised as the Tahsildar absconded the defaulters at the cutcherry town of Peddapolliem and after a days altercation failed to obtain the money: he then took them with his Peons to their Village and there collected the greater part of the arrear by the evening of the following day. The parties immediately went to the Collector and Magistrate to complain that the Money had been forced from them by illtreatment committed on

in

in their Village and under these circumstances the Board cannot discredit the statements made by the witnesses though containing some apparent discrepancies which however might have been cleared up by a more carefull enquiry, as the witnesses were perhaps present at different hours.

11 The imputation which thus rests on Streenavasa Row in these 2 Cases and the remarks made by the Collector on his general character render the Board unwilling to recommend his restoration to the Office of Tahsildar He ought not in their opinion to be again vested with Police authority, but at the same time they consider that he is deserving of some leniency on account of the difficulty in which he was placed on this occasion by being refused those legal means of collecting the arrear for which he applied to the Collector. On this ground the Board think that he might be employed in the account Department for instance as Talook Sheristadar, and they make this recommendation with the more readiness in consequence of Streenevasa Rows length of service and

and the imperfect opportunity which was given to him for exculpation under the present charge.

12 In the views enunciated by Government on the subject of Charges of torture preferred against Native Officers, and on the nature of the investigation to which such charges should be subjected the Board entirely concur; the orders of Government on this head have already been circulated by them to Officers in the Provinces.

Resolved that Copy of these Proceedings be forwarded for the consideration of the Right Honorable the Governor in Council, the depositions which accompanied the Government Minutes Consultation, will be returned at the same time.

From the Collector of Chingleput

Submitting a further Report on the Garden Assessment of his District.

Sir,

I have the honor to reply to the Board's Proceedings of the 8th August 1856 in which they discuss the proposition made by me for assessing the garden lands of this District at a Uniform rate of 1 Pagoda per Cawney and desire to have a calculation of the results of three General modes of taxation which occurred to them

During the survey of this District the Grama Nuttum or Village sites were alone with but a few exceptions, entered as garden lands all the others being classed as dry or wet according to their means of irrigation The Grama Nuttum is apportioned into building grounds with back yards attached to each which are held rent free so long as the sites are occupied with houses or cattle sheds, but when not so occupied they are assessed on being brought under Cultivation. The Village sites being necessarily high ground are generally poor and especially wanting in

in the means of irrigation so essentially requisite for raising garden products to any considerable extent and as the labour of garden Cultivation is also great the ryots mostly confine themselves to such garden products as are required for their household purposes and for which their backyards which they hold rent free are available whereas in the other Districts to which the Board have referred for comparison lands of the best quality possessing proper means of irrigation which have usually been devoted to garden Culture are entered as Bagayet. The garden products supplied to the Madras Market are raised on lands classed as wet or dry possessing means of irrigation from Government reservoirs or private wells as well as from those that are bonafide Grama Kuttum.—

3 The total extent of Grama Kuttum land held rent free is according to the accounts of Fusly 1264 Cawnies 9730. The remaining assessable Garden Ayacut is Cawnies 4407. with an assessment of Rupees 31,682 of which Cawnies 521. assessed at Rupees 1014. were Cultivated in that year leaving 3/13ths waste, which however it will be observed forms but 1/13th of the whole Garden

* i.e. that which is occupied by houses or cattlesheds.—

Garden Ayacut including that which is rent free.

4 As desired in Para 11 of the Proceedings I beg to forward herewith a Statement shewing Taloor Kuar the assessable Garden Ayacut and the portions of it Cultivated and remaining waste in Fusly 1265 It will take some time to prepare a Statement exhibiting these particulars for each rate of assessment prevailing in a Taloor But these statements I submit are unnecessary and not likely to lead to Conclusive results The accounts of several individual Villages with different rates of Garden assessment high and low which were examined in my Office seem to shew that these lands are laid waste from Causes which are altogether independent of one assessment These Causes are those which have been already mentioned viz. the poverty of the soil the absence of the means of irrigation. the severe labour of Garden Cultivation and above all the large extent of rent free land available for the purpose so that I cannot augur any Considerable extension of Cultivation from a reduction of the Garden assessment.—

Note an increase of Cultivation Consequent on an increase of occupied houses would not bring an increase of Revenue as the lands would then become rent free.—

The

Fort St George 9 September 1836.

5 The question is in reality of very little financial importance and the relief it will afford the Ryots what they will generally very little feel; it is simply of Consequence as tending to uniformity and simplicity, as lands reserved for a special purpose and paying Revenue under certain Contingencies a uniform rate appeared to me peculiarly appropriate and as that of one Pagoda had already obtained in the greater portion of the District, I recommended that rate to be generally enforced with reference to the inferiority of the Garden lands in point of soil and situation as already explained & trust the Board will not Consider the above rate as disproportionate to the garden Assessment levied in adjoining Districts in totally different descriptions of soil and position. In a few Villages of Mr Maclean's settlement in which other than Grama Puttum lands were classed as gardens the same can now be entered as Punjah and rated with the highest Punjah Assessment Confining the Garden lands strictly to Grama Puttum.

6 But Subject to Mr Smollet's proposal of fixing the Assessment on the Grama Puttum Lands at 1st Class Punjah because it will introduce a great variety of Garden rates will occasion murmurs and Complaints in those

Fort St George 9 September 1836

Villages where the present Assessment will have to be raised and on the whole create a greater sacrifice of revenue, as the Assessment on 1st Class Punjah exceeds 1 Pagoda in only 92 out of 1853 Ryotwary Villages and falls considerably lower in the others moreover it does not necessarily follow that Villages with the best Punjah lands possess also the best Grama Puttum.

Vide margin to Para 2 of the letter to Board dated 3d July 1835.

7 And in regard to the Board's proposition of reducing the rates of Assessment only where they exceed 8 Pagodas to that sum the uniformity and simplicity which it is their object to establish will by no means be attained The Board will perceive that this System would be fair only if the existing garden Assessments had been fixed upon a regular classification throughout the District whereas I have already observed that in the greater portion of the district, a uniform rate of 1 Pagoda was fixed without reference to the quality of the soil The remedy would therefore be but imperfect perpetuating the existing inequalities

in

16392 Fort St George 9th September 1856

in the garden assessment though the sacrifice of Revenue would certainly be less than under the arrangement I have proposed. The loss of revenue under my arrangement being 5,000 Rupees Calculated on the present annual Cultivation and 15,000 Rupees on the whole applicable garden ayacut which I do not believe will ever be fully under Cultivation while the Board's arrangement would be about ½ of the same at a rough Calculation.

8 I hope these explanations will be deemed sufficient. But should the Board still desire to have the figured Statements shewing the exact financial results of the several propositions mooted in their Proceedings.

I

16393 Fort St George 9 September 1856

I will cause them to be prepared and will hereafter submit them with my arrangements for the remission of the assessment generally. They would have been prepared and submitted with my present Communication had it not been for the late changes and uncertainties in my Head Sheristadars Department I believe however that I have shewn that the objects desired by the Board can be correctly ascertained without them or at least that I have furnished them with sufficient data to form their opinions.

Sydapet 25 April
1856

Signed C. J. Shubrick
Collector

Statement

16395. Fort St. George 9th September 1856.

Bd. No 2954. Proceedings Submitting with the Board's observations a letter from the Collector of Chingleput reporting on the garden assessment of his District.

407-408

In the foregoing letter Mr. Shubrich thereon replies to the Board Proceedings of the 8th August 1855 No 2042 in which he had been requested to furnish figured Statements in explanation of the financial effects of the change of System proposed by the Board. He was also called upon for any information which would explain the reason of so large a proportion of the Garden Ayacut 2/3rs of the whole remaining waste.

2. He states that from the examination of the accounts of detached Villages he is led to believe that the extent of land which is allowed to remain uncultivated has little reference to the rates at which it is assessed among other causes Mr. Shubrick considers that the cultivated area is equal to the requirements of the people in reference to the class of land now treated of which he explains to comprise simply the Gramanuttum or Village sites which are frequently elevated ground, difficult of irrigation and of inferior soil.

3. The Garden produce of the District which finds its way to the Madras Market is

Chingleput Collectorate Cutcherry 25th April 1856. (Signed) G. Shubrick Collector

T.B.C.

is raised not on the so called garden lands but on the better discription of poonjah soils posessing the advantages of irrigation. hence Mr Shubrick contents no fair parallel can be drawn between these lands and the Garden lands of South Arcot and Nellore alluded to in the Board Proceedings and it was with a view to this circumstance and with the object of introducing simplicity and uniformity of rate that he suggested a general assessment of one Pago: da per Cawney throughout the District the Majority of the garden lands being already so assessed.—

4. It is evident the Board observe from this discription that the term garden lands in its usual acceptation is out of place here. the question under discussion is rather the amount of assesment which should be fixed on lands

lands comprised within the Area of the Village when not required for building and backyards.

5. Considered under this view these lands should be very moderately assessed for though their proximity to the Village gives the holder a greater advantage in point of convenience for watching Cultivating and manuring yet the tenure is necessarily subject to the condition which renders all Gramanuttum lands liable to be taken up for building sites as the Community increases which at the same time it is clear from the little disposition shown to cultivate these lands. that they are generally of inferior quality.

6. In a financial point of view any modification of the present assessment which may be decided upon is of little importance and the Collector is disposed to look upon it as of equally little moment to the ryot.—

A

7. A uniform rate of one Pagoda would reduce the Revenue on the estent now cultivated by Rupees 5000 A reduction of 7 Rupees of all rates which now esceed that sum as proposed by the Board would diminish this loss by about one half It appears that the measure contemplated by the Board would apply only in a limited number of Villages and the approach towards uniformity would be trifling as the great majority of the lands are highly assessed. Of the precise effect of either scheme the Board have not the means of judging as Mr. Shubrick deemed it best to submit the case as he has now put it for the consideration of the Board before proceeding to frame the Statements they had called for:-

8. It has certainly been shown that there is no urgent necessity for a change and there seem to be no advantage in anticipating the general Revenue Survey or that revision of the assessment of this District. which the Collector has been instructed to consider when

when this measure is brought before them the Board are not averse to entertain Mr. Shubricks Suggestion for a uniform rate of one Pagoda. the question will however have to be considered in reference to the rates of Poonjah which may be determined.-

Resolved that these Proceedings be forwarded for the information of the Right Honorable the Governor in Council with reference to Estract Minutes Consultation dated 20th December 1855 No 1342.-

B. of R. No. 2955
To The Collector of Malabar.

Ordered that the following letter be sent in reply.

To The Collector of Malabar.

Sir,

I am directed to request that you will inform the Board of Revenue whether the Total wastage of the Salt of Fusly 62 and 63 entered in your wastage Statement of Fusly 64 has not already been sanctioned by Government on the dates entered in the Margin.

21st May in consg. 4th September 1836.

5th in Cons. 22nd May 1834
10th in Cons. 22nd Sept. 1835

2. If this be the case the whole of the Salt of Fusly 62 and 63 entered in Column 11 of the Statement must be struck out and the Sales of Fusly 64 will then amount only to 15,000 Maunds or about one half of the usual Sales.

The Board desire me to request an early reply.

Bd No 2956
To the Collector
of Canara

416

To The Collector of
Canara

Sir

On referring again to your Statement
of Salt Wastage in Fusly 1264 dated 20th February
last the Board find that the total of Columns 4 rather
exceeds 12 lacs of Maunds and that of Column 5
is some what less than 11½ lacs the latter appa-
rently representing the aggregating sales of the
Fusly But the Total sales in each of Fusilies 60 61
and 62 fell far short of this having ranged
from 463000 to 444000 -

2. The Board desire me to request that
you will explain the cause of this large excess
in Fusly 1264 and inform them of the manner in
which the Statement is prepared The point on
which they require this explanation is whether
the same Salt is entered more than once in
Column 4 Thus for instance supposing a lac
of Maunds at any Taluk to have been "cleared for
transportation" with a wastage of 10 per cent and to
be

be delivered into another depot with a further wastage would the original lac of Maunds appear in the Statement under the former head and the balance after deducting the wastage be re entered under the second head.?

3. The Board observed a heavy wastage in the Honore Jeans which has been passed without notice or explanation

4. The Board request a reply at your earliest convenience.—

Fort St. George

Sir.

445
Bd. No. 2238.
From the Collector of Chingleput.

Adverting to para 1 of Extract from

Fort St. George 10th September 1856.

from the Proceedings of the Board of Revenue N° 1180 under date the 18th April last. I have the honor to state for their information that in conformity with the usage exciting in this District, as explained in para 4 of Mr Places report on the landed tenures in the Jagheer dated 6th June 1799 appended to the fifth Report from the Select Committee on the affairs of the East India Company it appears that a Poyakarry cannot transfer by sale or mortgage his interest in the land in his occupancy. The portion of the report bearing on the subject is hereunder transcribed for facility of reference "But they cannot sell, mortgage "or transfer for a valuable consideration their right "for it consists in the use only and not in the substance "of the soil. Their heirs succeed but in default of "them the lands revert to the Merassidars. This "however is to be considered the law, as it originally "stood with regard to such property; for, on account "of the reduced state of population, these Poyakarries "I believe are allowed to call in others and to appoint "successors, still the right is never a subject of bargain "and sale" "although they have no more than a contingent "interest yet it is improved at least into a life estate. But "they do not in any shape participate in the fees and privileges of the.

Fort St. George 10th September 1856.

"the Merassidars to whom on the contrary they pay "fees" It may further be added that the principle involved in the above question formed the subject of the marginal correspondence between this Office and the Board when they fully approved of the propriety of the orders issued in the case which then formed the subject of reference and which is analogous to the one now under notice.

+ To Bd 8th June 1855
To D: 18th D: "

2. The Petitioner has no cowle which he is able to produce for the land but holds a Puttah and pays his assessment direct he has not paid any fees to the merassidars. but the latter state they are suing him for them in the Civil Court.

3. Referring to para 3 of the Boards Proceedings under reply. I beg to state that instances have occurred in this District in which Poyakarries under similar circumstances have been required to relinquish their lands in favor of Merassidars on receiving compensation in full for all the labor and expences they had undergone in improving them, but in the case now under consideration Petitioner having surrendered his lands in favor of his opponents unconditionally and filed a formal Rajeenamah in their favor without any qualification it was considered unnecessary to make arrangements for reimbursing him the loss if any which

which he may have incurred.—

2068 Cuddapah 2d inSons 6th September 1856.	Seasonable rains throughout the district. Many of the smaller Tanks have received a full supply and the larger from 1/4 to 3/4.	In red and mixed lands and garden dependent on wells, Sujja, Arecalo, Oil plants, Jouna, Indigo, Ragy, Mangee, Corra and other species of grain promise well. In black lands besides the species of grain just mentioned the sowing of Cotton and Jonna has been extensively commenced. The wet cultivation on lands under channels and tanks where water is available is in progress. The Sugar cane and Indigo Crops promise well.	Prices of all kinds of grain continue high.	
2080 Chingleput 4th inSons 9th Septr.	Heavy and favorable rains have fallen in many parts of the District.	The recent rains have had a favorable effect on the Paddy cultivation had preserved the Indigo plants from effects of drought.	Prices of agricultural produce have not varied materially.	
2082 South Arcot 2d inSons 9th Septr 1856.	Heavy and frequent rains throughout the district high rivers and Tanks, generally speaking abundantly supplied.	Cultivation has been going on extensively both on Poonjay and Nunjay lands. Much Cumboo and Indigo has been cut and harvested. The crops of Gingelly oil seed that have been cut are very fine.	Cumboo selling 25% cheaper than last month Price of good paddy has not yet much fallen at and near Cuddalore but in the Southern Talooks there has been a decline. White paddy selling at 25 Measures the Rupee in the former locality & at 28 in the latter.	
2079 Madura 2d inCons 9th Septr. 1856.	Copious showers throughout the district moderate quantity of water in the river, and tanks generally have received a supply sufficient for cultivation.	The early rice crop is being reaped and its yield is good. The sowing and planting of the Kolum or late rice crop is under progress and promises to be extensive. Cholum and other dry grains are thriving well.	Prices still high, but falling.	
2094 Kurnool 1st inSons 10th Septr 1856.	Unusually heavy rains. The tanks are all over flowing.	The crops are in a most flourishing state, some of the first sown yellow jowaree has suffered some what from excessive rain. The dry crops which have been already sown are doing well. Cotton & Coraloo are being sown as also paddy in the wet lands.	Prices of grains of all descriptions have fallen considerably.	
2093 Bellary 1st inSons 10th Septr 1856.	Good fall of rain throughout the district: tanks have received a sufficient supply of water.	The Crops in the district generally are reported to be thriving. several species of Dry and wet grain have been sown; and so have Indigo, Cotton & Sugar cane. Cumboo, Raggy &c are being harvested in some talooks, and are ready for harvesting in others.	The price of Paddy is following. At the Chittoor bazars rice sells at 15 13/16 measures per rupee.	
2092 North Arcot 4th inSons 10th Septr 1856.	Abundant fall of rain.

Bd No 2419
From the Collector of Rajahmundry

Sir

With reference to the Extract from the Proceedings of the Board under Date the 11th May 1855 on the Subject of the Enams held for the Swinging festival in this District, I have the honor to State that the present holders of Enams in the several villages enumerated in the accompanying Statement have, except in Case No 2. expressed their willingness to receive a reasonable Sum in ready money in lieu of all further claims. The Sums asked for seem to be fair and reasonable except in case No 3 where the party has exaggerated the annual income derivable from his land and demands too large a sum by way of Compensation.—

2. A reference to the Records shows that none of these Enams are entered in the permanent accounts and in several instances they appear entered, not in the name of the present holders or their families, but in that of the village Idol or the Vetty Pooja of the Village: this is not extraordinary as it is generally one of the latter who performs the ceremony.—

3. There is no Doubt however that the present holders have held the Enams for a number of years past, and as the Sum demanded is generally so small—I beg to suggest that I receive authority to disburse the Sums exhibited in Column 9 of the Statement.—In case No 3. I propose that I be authorized to offer the holder 50 Rs which Sum I feel little doubt he will accept.—In case No 2 the enam may continue during the life of the present holder to be finally resumed on his death Each party will be required to enter into engagements never again to perform the ceremony.

Rajahmundry District Collectors Office
Cocanada 23 June 1856.....

/Signed/ A. Purvis
Collector

Statement

1614/39

Fort St. George 11th September 1856

(Enclosure No.)

Statement Shewing the particulars of the Enams held for Swinging in the Zillah of Rajahmundry and the result of enquiry.

	Bheema varum	Goonta Potadoo	"	2	"	1	96	5 " "	10 " "	10 " "

of Fusly 1253 that the Enam was entered as a "Subsequent grant" for Swinging Festivals in the name of Goonta Nawegandoo.—

4	Rally	Rally Vanapilly Pullegandoo	"	2	"	2	"	1 8 "	10 8 "	10 8 "

The enam does not appear in the permanent accounts or those for Fusly 1234, but in those received from Fusly 1251 it is entered as having been a "Subsequent grant" for Swinging Festival to Vanapully Barber.—

	Madakooroo	Vallapoody Potadoo	"	2	8	2	8 "	1 4 "	8 12 "	8 12 "

The Enam does not appear in any accounts.—

	Paravarum	Gundapully Ramoodoo	"	1	8	1	14 "	1 4 "	8 12 "	8 12 "

The Enam is not entered in the Permanent accounts nor in those for Fusly 1234, but in the accounts from Fusly 1251 — F. 1 — M. 8 is entered as Doom bala Enam for Swinging in the name of Vetty and in the accounts for Fusly 1261 in that of Vetty Pullegandoo.—

	Toudavarum	Muttyparty Boollegandoo	"	2	8	2	" "	1 8 "	10 8 "	10 8 "

In the accounts for Fusles 1250 and 1251 the enam stands entered in the name of Nayadoo and in Fusly 1260 it is entered as "Subsequent enam" in the name of Boollegandoo Son of Nagoodoo.—

	chendrapoor	Vellore	Tatsungy Soobbudoo alias Veneadoo.	"	2	3	"	2 8	" 13	" 13	"		This Enam counts up to Fusly 1262 in which year it stands entered as an Enam not entered in any former accounts.
2	Singumparroo	Singumparroo	Cutta Pallegaudoo	"	8	2	"	1	"			This individual is not included to receive money, wishing to retain possession of his Enam	Not entered in any accounts in the name of the present holder but it seems to be included in the extent entered in the name of the washermen by whom it was granted originally to the present holder.
	Yalaiswarum	Goottoola	Guddegaudoo	"	18	4	"	10	" 100	" 50	"		Do Do but is included in the extent entered in the name of the Village idol. The amount of Compensation demanded is excessive.
	Teroomally	Anoosoory	Sooregaudoo	"	19	4	"	5	" 30	" 30	"		It appears that this land is not entered in any accounts received up to Fusly 1226 those for Subsequent Fuslies have not been received the Village being a Proprietary one.
3	Woondy	Peda Ameram	Tohala Naregaudoo	"	28	2	"	1 4	"	6 4 6 4	"		This land is not entered in the amounts received up to Fusly 1224. In the accounts of Fusly 1224. the Enam is entered in the name of a Vetty as a "Subsequent Enam" Continued by Mr. Robertson the then Collector for Swinging Festival.
	Bheema warum	Goonta	Potadoo	"	2	1	9 6	5	"	10	" 10	"	It appears in the accounts of Fusly 1253 that the Enam is entered as a "Subsequent grant" for Swinging Festivals in the name of Goonta Naregaudoo.
4	Rally	Rally	Vanapilly Pullegaudoo	"	2	2	"	1 8	" 10 8	" 10 8	"		The enam does not appear in the Permanent accounts or those for Fusly 1234 but in those received from Fusly 1251 it is entered as having been a Subsequent grant for Swinging Festival to Vanapilly Barber.
	Madakooroo	Vallapoody	Potadoo	"	28	2	8	1 4	" 8 12	" 8 12	"		The Enam does not appear in any accounts.
	Paravarum	Gundapilly	Ramoodoo	"	18	1	14	" 1 4	" 8 12	" 8 12	"		The Enam is not entered in the Permanent accounts nor in those for Fusly 1234 but in the accounts from Fusly 1251 — T. 1 M. 8 is entered as Doombala Enam for swinging in the name of Vetty and in the accounts for Fusly 1261 in that of Vetty Pullegaudoo.
	Toodavarum	Nuttyparty	Boollegaudoo	"	28	2	"	1 8	" 10 8	" 10 8	"		In the accounts for Fuslies 1250 and 1254 the enam stands entered in the name of Nayadoo and in Fusly 1260 it is entered as "Subsequent enam" in the name of Boollegaudoo son of Nagoodoo.

Fort St. George

Designation of office and present Salary	Alterations which have been taken place within the last 25 years in the Salary allowed	Duties to be performed
Special Asistant Collector of Malabar Salary Rs 733 5 4 Fixed Tent allowance 142 8 4 House Rent 35 — — Rs 810 13 4	At the time when a special asistant was appointed he drew only the Salary of an asistant Vizt Rs 350 but under circumstances brought to notice by the late collector and Magistrate it was raised to that of a Head asistant Vizt Rs 733 5 4 from 1st March 1851 under the sanction of Government of India dated 27th June of that year.	The Revenue and Police charge of 3 Talooks and the Police of a 4th including a supervision of the conduct of the Native Police officers in their several Divisions over a tract of country 1870 Square Miles in extent. The decisions of graver cases sent up by them for disposal together with the preparation of cases occasionally for transmission to the higher courts. inspection of the 3 Treasuries and enquiry into every grievance and Complaint made by 1,01,810 people The above duties entailed in the year 1855 the despatch of 1565 orders.

Order thereon

502-503

11th September 1856.

Special circumstances which were considered or ought to be considered in fixing the Salary.

Independent of the ordinary duties of a Head asistant Magistrate, the chief object of the appointment of the Special asistant Magistrate was as expressed in the Magistrates letter of 5th October 1849 and the Extract Minutes of Consultation of 22d October 1849 that there might always in these the most fanatical Talooks of this fanatical District "the presence and services of a European Magistrate frequently on the move and always accessible to all sorts of people and reports" as a Judicious Officer of this nature might do much in investigating and settling by his own exertions many of the petty Complaints between the Moplahs and Hindoos which are liable to lead to Collisions between them" and the fact of the murder of the late Collector by Moplahs from the Talooks that other of the European Officials have had their lives threatened and that within the last 15 years 12 of these fanatical and bloody outbreaks have taken place say enough for the difficulty and responsibility of the duties of the post enhanced as they are by the bigotry and absence of all reasonable Ideas of Justice of a large proportion of the Moplahs to a degree appreciable only by eye witnesses.

To the responsible difficult and dangerous character of the duty may be added the escpences necessarily incarred in living and moving about in a country where at present except for an isolated 15 miles no bandy can travel and every thing must therefore be moved on coolies heads where European supplies must be obtained at a greatly enhanced price either from Bombay or Madras at distances respectively of about 710 and 400 miles and where the disease of weakness in the loins which is of such frequent occurrence on this coast often destroys a valuable horse in a few minutes.

Besides the feverish character of those parts of the country lying at the foot of the Hills it is well known that the climate of the District generally is extremely enervating to the European.

(Signed) E. G. Thomas.
Special asistant Magistrate

No 2464

Sir

With reference to the Boards Proceedings Dated 5th Instant, remarking on the Return of Persons charged with Offences under Regulation IX of 1822 in this District for the month of June last, I have the honor to State that the parties inserted therein were only fined at first but adverting to the tenor of the Boards observation I have now ordered their dismissal from the Service.—

2. As regards the Son of the 2d Defendant he was sentenced with the others to pay double the amount escorted by him. but this name was omitted in the Return from a mistake in the Office.—

Calicut 22d August 1856.

/ Signed / T. Clarke
Collector

504-505

Order thereon.— Ordered to be recorded.—

No 95

506

To G. S. Forbes Esqre
Secretary to the Board of Revenue
Fort St. George

Bd. No 3357
From the Collector of Bellary.

Sir

1. I have the honor to acknowledge the receipt of the Esctract from the Proceedings of the Board of Revenue Dated 23d May 1856 Communicating Esctract from the Minutes of Consultation under Date the 3d March 1856 desiring to know what

Furnishes the information required in the Bds Circular of the 23d may 56 regarding fees received by the Village authorities from the moturpha ryots.—

Fort St. George 11th September 1856.

what rate of fees is received by the Village authorities from Moturpha ryots, and directing Collectors to act on the instructions for making the Moturpha Puttahs generally permanent.—

2. The Reddy, Curnum and Taliary receive Vurthana Fees from the payers of Moturpha besides akyah or nyarah fees from Land Revenue Ryots. The fees paid are not uniform in all Villages. the practice of one Village differs from that of another, but the payments in each Village could not be ascertained without a lengthened investigation. In the Town of Bellary however the Curnum and Taliary receive Vurthana fees from Moturpha ryots. the former of whom collects 5 annas and 4 pice from every Veesabady and Baghire Veesabady Ryot except weavers. from whom he collects 10 annas and 8 pice a head, and the taliary obtains one anna and 4 pice from every ryot except weavers from whom he obtains that fee on each loom.

3. The following is a Memo. of Vurthana fees payable by Moturpha ryots in the town of Bellary. . . Items

Fort St. George 11th September 1856.

4. The vurthana fees have immemorially been collected from Motursha Ryots by those who have claim to the same and I do not consider it expedient at present to discontinue the practice in order to pay the recipients at a percentage on the Bariz. No important disputes or difficulties arise in this district either in the Collection of this fee from the Ryots or in the appropriation of the same by the Village Servants as a Rewaz list was established for each Village in Fusly 1224. based on the practice of many previous years in which is laid down the rate each Ryot has to pay the different Village Servants and this Rewaz is generally adhered to and disputes are adjusted by reference to these Documents.

5 In regard to the proportion of making the Motursha puttahs generally permanent till cause arise for making an alteration in the same I beg to state that though a change in all the puttahs does not occur necessarily every year, yet the changes are numerous as will appear from the following Statement which exhibits the changes in Fusly 1264 to the number of 15392 Puttahs out of 43798 Comprising the whole number of Puttahs issued.

	Total	9390	98358	34408	140287	43798	238645

16448 Fort St. George 11th September 1856

The Motorpha tax is not paid by any uniform rate at so much on each profession, or family or house, but is fixed according to the practice existing in each Village. the present practice of issuing fresh puttahs every year enables the Ryots to know with certainty what they have to pay. and where so many changes are made every year it would be inadvisable to allow it to continue untit the whole tax is abolished or modified

Bd No. 3419
From the Collector of Malabar

Sir,

I have the honor to report for the information of the Board that in consequence of the Balance of salt remaining in the several Gollahs in this District being small owing to the enhanced sales which obtained in the past Fasly as will be seen by the accompanying statement, I have taken measures for replenishing the Gollahs at the opening of the season by inviting Tenders from Bombay and Canara as well as this District for the supply of salt at the places and in the quantities noted in the margin.

Cannanore 200 Garce of 120 lbs Mds.
Tellicherry 100 Ditto
Calicut 500 Ditto
Ponnany 730 Ditto
Chawghat 50 Ditto
Cochin 20 Ditto

If the very unusual demands now being made at Ponany and Calicut for salt continue I fear the supply of salt in the Gollahs at those places will only suffice for the next four and six weeks respectively.

Ponany 2746 Lbs Mds
Calicut 28320 Do

In the event of no Vessels laden with salt arriving within this period, I expect I shall have to supply the want in these Gollahs from that at Tellicherry.

Calicut, 26th August 1856 } Signed T. Clarke

From Adjutant Genl. of the Army, Fort St. George -

To, The Secretary to the Revenue Board.

Sir,

The letter from the Collector of Canara No. 90 dated 22d. July last transferred to the Medical Board under Resolution No. 2484 having been submitting to the Commander in Chief I have the honor, by order of his Excellency with reference to the above Gentlemans observations as per Margin to state that so far from Mr. Fisher's remarks being just, it is the practice of this Department to appoint the Senior and most experienced 2d. Dressers to Collectorates -

"I must observe that 2d. Dresser Ramaswamy is unfit for the position he holds both from old age and defective education; being one of a class too frequently I fear posted to Revenue Stations.

It is not to be wondered at if Medical men are most ready to part with those of their subordinates whose want of capacity, or habits render them troublesome or useless, but it must be remembered that the men sent into the Revenue Department have to act when alone, and unable to obtain the advice and assistance of their Superiors that it is important that these Dressers should be men whose Characters and ability may justify the European system of treatment to the people and that they should when out with the Collectors Camp, to overlook the vaccinators work in effect or afford an intelligible account of the symptoms and Chief Characteristics of any epidemic that may break out.

If it is admitted that a Dresser ought to render assistance to be informed on to most steady men should be selected to fill vacancies where they can be little overlooked, and where their professional knowledge should the Board deem my remarks just I hope that the manner in which these Medical Subordinates were to be returned to procure the services of better and more experienced men are generally to be found attached to Collectors Offices."

To Messrs. Elliott Brothers London

Gentlemen

From a Bill dated March 1855 now on the records of this office it is seen that the former supply of Instruments for the Revenue Survey in this Presidency procured from England by Mr. W. H. Bayley, was purchased from your firm, the Board of Revenue have now directed me to request that you will forward to their address. Five dozens Gunters Steel chains of English manufacture which are required for the Survey.-

2. It is requested that the chains may be forwarded by a fast sailing Vessel or if possible by one of the Screw Steamers which come out by the Cape route and you are at liberty to draw on the Board of Revenue for their value by a Bill at 10 days sight or the money will be remitted to you should you prefer it by a Bill on England on the amount being known.-

From the Collector of Salem.....

Sir.

1. I have the honor to transmit the cultivation Statement in the Government lands of Salem for fusly. 1256.-

2. I pointed out in the Memorandum for June that no comparison could be made in the new form between the cultivation for that month in the present fusly and the corresponding month in fusly 1265. because the new form /3d. Column/ exhibited the fisel assessment and Teerwajasty, whereas the Talook return for June 1855 exhibited the Jummahbundy beiz.-

Boards Proceedings dated the 8th August 1856.

3. The Board remarked on this point that a comparison might have been made by shewing separately the amount of Fusuljasty."-

4. I beg to explain that the last years monthly Statements exhibited the Fisel beiz less deductions for Cowle Reyaut and Pilloo Teerwah Reyaut. There was therefore no use in shewing the fusuljasty with a view to comparison.-

5. The only effectual mode of exhibiting a comparison is to ascertain the fisul assessment including Teerwajasty, on the lands entered in last years Statements.-

6. The Statement now submitted exhibits the fisul assessment including teerwajasty on the lands entered in the last years statement for July, and not the actual beiz as entered last year but it should be remarked that the Statement for the present month as it regards the cultivation for fusly 1265 and all the future Statements for this fusly, if the present course be followed, will differ in all the Teerwah Columns from last years Statements up to the end of the fusly.-

7. A Statement for June with comparison prepared in the same way as that for July is enclosed in this letters.-

553

Bd. No. 3351

From the Collector of North Arcot.....

Sir,

I have the honor with reference to Extract Proceedings Board of Revenue dated 21st Instant No. 2672 observing that certain papers had been omitted in the list of letters received from the Board of Revenue and remaining unanswered to 30th June 1856 to state that it appears from the correspondence noted in the Margin, that the question respecting Bee Sahibah Beebee's yeomiah has merged in the general question of the personal appearance of female yeomiahdars in proof of their identity which is now under consideration

States that the question of Bee Sahibah Beebee yeomiah has merged in the general question of the personal appearance of female yeomiahdars &c.

From Board 4th July 1855 No. 1673
From Do. 17th Do. — " — 1798
To — Do. — 14th August " — 110.
From Do. — 29th — Do. — " — 2238.
To Do. 2d October " — 148

2. In his letter of the 14th August 1855, para 2, Mr. Binning the Sub Collector in charge stated that the female yeomiahdar in

Fort St. George, 12th September 1856

in question no longer wished to transfer her Yesmiah as the transfer was to be accompanied with a reduction in the allowance but that she requested that she might be allowed the privilege of exemption from personal appearance on the ground that her Yesmiah dates its existence from a very remote period.-

3. The Board having submitted this letter for the consideration of Government it was observed in Extract Minutes of Consultation dated 23d February 1856. that Government would defer passing orders on this case as the subject of personal appearance of female Yesmiahdars was under consideration.-

4. As this case of Bee Sahibah would come under review when the question of the personal appearance of female Yesmiahdars was ultimately decided, and as the original cause of the correspondence on the subject Vizt. the wish of Beebee Sahibah Beebee to transfer her pension had caused to exist, it was considered that the question had been disposed of and the Proceedings referred to were therefore omitted in the unanswered list.-

With

Fort St. George 12th September 1856

5. With reference to the Board's Proceedings of the 22d February 1856 I regret to have to state that the instructions contained in para 4 Vizt. to forward to the Boards samples of articles exhibited have been overlooked.-

6. Copy of the Proceedings was sent to Mr. Elliott the Secretary to the Committee with a letter dated the 29th February requesting that he would be so good as to lay it with the Memo of prizes before the local Committee for their consideration and I am unable to explain how the Board's instructions come to be overlooked. I fear it would be too late now to remedy the omission.-

End. No. 1.
No. 68
To,
G. L. Forbes Esqre.
Secretary to the
Board of Revenue

Fort St. George,

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 13th Ultimo No. 753 forwarding Extract from the Minutes of Consultation under date 31st January last on the subject of Employment in the Department of Public Works of Deloyets and Peons of the Collectors Establishment I have the honor to state that it has not been usual in this District to make use of the Collectors Peons in this way to any great extent.-

2. The Civil Engineer of the Division has

Fort St. George, 12th September 1856

has always had two Deloyets attached to him and his 1st Assistant one, when they are actually on duty in the District, but no Deloyet have been given to Executive officers.-

3. No Talook peons are supplied for works under the Executive charge of the Engineer Department and money is generally sent for by Superintendents and others by means of their own peons to whom if the sum is large a peon or Taliary is added by the Tahsildar forwarding the money.-

On a few works which are now under progress Talook Peons are employed but altogether there are at present only one Duffadar 16 Peons and 3 Taliaries on this particular duty throughout the District.-

5. I do not think that any peons could be abolished in this District in consequence of their services being no longer required by the Engineer Department as will be the case when the new system comes fully into operation.-

The

16471 Fort St. George, 12th September 1856

6. The Employment of Talook peons on Marahmut works has always been regarded as interfering with their more ligitimate duties and it will be a relief when the call for them ceases.-

557
Bd. No. 3357
From the Collr. of South arcot ... } Sir,

I have the honor to solicit the instructions of the Board of Revenue as to whether the 30 "ain Villages which have been recently transferred from the Villeporum and Trivady Talooks to that of Cuddalore should be surveyed by Capatain Priestley.-

2. They have now become included in the Talook of Cuddalore, but agreeably to the orders of the Board contained in Extract from the Proceedings dated

16472 Fort St. George 12th September 1856.

dated 21st Ultimo forwarding Extract of Minutes of Consultation under date 11th Idem, sanctioning the transfer of their accounts will for the present be kept separate from those of the Villages which previously formed the Talooks.-

They are Villages as the Board are aware which have already come under the revision of assessment so that unless it is contemplated to survey the Hooloos Talooks from which they came, it may not perhaps be deemed requisite that they should be measured.-

I think however that as the old Villages of the Cuddalore Talook have all been surveyed, it will be a good plan for the sake of uniformity to have those ones also surveyed so that when the new assessment is introduced into Cuddalore, they may be brought under it also.-

559 B.R. No. 2996.

Fort St. George, 12th September 1856

Statement shewing the state of the season in the undermentioned districts for the month of August 1856.

	District and date	Rain fall	State of the crops and the cultivation operations	Prices whether high or low rising falling or stationary	Further Remarks
2137	Vizagapatam 4th in Cons 12th September 1856.	Rains still slight and insufficient in some divisions for the transplantation of the rice crops.	The early crops have been good and are being harvested. The agricultural report for the past month is favorable.	Prices high	
2130	Rajahmundry 1st in Cons 13th September 1856.	Heavy and continuous falls of rain.	The early dry crops have been partly reaped and have suffered materially more or less from heavy rains. The 2d Series of crops as yet cultivated and those in wet lands under the Godavery channels and tanks are generally thriving, but owing to an abundance of rain and freshes considerable damages apprehended Sugar Cane and Indigo thriving, the Gingely has suffered considerably.	Prices much the same as last month.	
2131	Canara 4th in Cons 12th September 1856.	Rain abundant every where 30 Inches at Mangalore.	Damage has been done in some places by very heavy Rain and in others by insects but on the whole rice Sugar Cane, and Garden produce look well.	Prices declining throughout the district.	
2132	Malabar 4th in Cons 12th September 1856.	26 – 8 3/4 Price is very much abated	The first crop of paddy is being extensively harvested and the fields which have been reaped are again already sown. The Yield is more than ordinarily good. The Cocanut trees are loaded with fruit and the Pepper vines and Coffee trees are also said to be in a good bearing, the upland crops have almost all been cut and the yield has been above the average.	The Prices of Paddy and rice are quoted at 5 3/4 and 4 per cent respectively below the rates of the previous month	

Gingely seed Ps. Garce 393 – 7 – 8

580
Bd. No. 3002.
To the Secretary to Government Revenue Department.
*5th March 1856 No. 1

To The Secretary to
Government Revenue
Department.

Sir.

In para 5 of Extract from Minutes of Consultation dated 12th June 1856 Rev. D. No. 598, Communicating certain paras from a despatch* from the Honorable the Court of Directors, the Government call upon the Board of Revenue to report whether the circumstances of the Cuddapah district continue to be such as to render it desirable to retain the observance of a rule under which an increased allowance is given to the Collector after a residence of six years, or whether he might be left to look for promotion to another

Fort St. George, 13th September 1850.

another appointment.

E. Mins. 11th Dec. 1849. R. D. No. 1192 Para 9 Jud. Cons 17th Jan. 1850.

2. In a previous dispatch from the Honorable Court dated 29th August 1849. No. 11 they state that the object which they had in view in authorizing prospectively an increase to the allowances drawn by the Collectors of Cuddapah and Guntoor was to retain in those situations Officers whose standing would otherwise lead to their attaining promotion elsewhere. It was thus intended to secure those districts from the disadvantages which are inseparable from a constant change of Collectors and to which they were found liable from their unpopular character.

3. The Board are called upon to report only as regards the districts of Cuddapah. This district is large the labour of its management great, and the climate trying. These combined circumstances which of course continue the same, place the district under many disadvantages, and no European Officer would be willing to remain in it, if he could

Fort St. George, 13th September 1850.

could get a pleasanter or an easier charge. A From a list which has been prepared in this Office and is forwarded herewith, it will be seen that from the years 1835 to 1855 inclusive, no fewer than 23 changes took place in the Officer in charge of the district, a fact which affords strong evidence of the unhealthiness of the climate, and the undesirableness of the charge. Under these circumstances the Board of Revenue are in favor of continuing the salary of the Collector on its present footing, so that some inducement may be held out to an officer once appointed to remain in charge of the district for a lengthened period.

Revenue Board Office, Fort St. George, 13th September 1850.

To, G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George.

583

B. No. 3315.
From the Collector of South Arcot

Sir.

I have the honor to return Board's Petition No. 2081 of 1856 presented by one Soobraya-er a resident in the village of Vallianoor in the Tindevanum Talook, appealing against an order of mine removing him from the office of Puttah Moneyam and appointing in his stead,

one.

16483 Fort St. George, 13th September 1856

one Ramsawmy Iyer the brother of the widow of the lately deceased Monegar, Sinneevassy Iyer

2. The following are the circumstances of the case. The late Monegar Sinneevassy Iyer died in September 1854, when the Office was claimed by the Petitioner and other Members of the family.-

3. The Sub Collector by whom an enquiry was instituted, formed the opinion that the Petitioner had the best right to the situation and accordingly appointed him thereto an appeal was then made by the Widow of the deceased when I looked into the case.-

4. The original incumbent, upon a relationship with whom the parties found their respective claims, was one Sinneevassy Iyer of whose elder brother the Petitioner is the Son. He is thus Nephew to the original incumbent but as the family was divided previous to the acquisition of the Monegarship by Sinneevassy Iyer, he had no right to claim the Office as his inheritance.-

5. Upon the death of the original incumbent, the Office of Moneyam was conferred upon his

grandson

16484 Fort St. George, 13th September 1856

grandson, [by daughter] instead of being given to the elder Brother's family to which the Petitioner belonged.-

6. The death of this grandson of Sinneevassy Iyer created the present vacancy, and it did not seem right to me that the Office should be taken away from the branch of the family in which it had been for so many years, as the widow of the deceased had a claim for support which she would have lost if the situation had passed away.-

7. Shortly after the Petitioner was appointed by the Sub Collector to the Office, he was suspended for a year, on the grounds of neglect in collecting the revenue and he was under this sentence when I disposed of the appeal case.-

8. It appeared to me that as the deceased had no direct male heir it would be a fair arrangement to appoint the brother of his widow who was reported to be well qualified for the Post which I accordingly did.-

[Signed] A. Hall
Collector

South Arcot
Collector's Circuit Cutcherry
Pallicancottah,
20th August, 1856.-

Proceedings

Bd. No. 3010.
Proceedings
583-584

thereon. The Board observe that the Petitioner Soobaroyen is the nephew of the original incumbent and they regard him therefore as a nearer heir notwithstanding the division of the family than the brother of the widow of the deceased incumbent who was the grandson in the female line of the original holder.-

2. The Board are therefore of opinion that he should be reinstated in Office when the period of suspension to which he has been sentenced for neglect of duty has expired. His retention of office will of course depend on his future conduct.-

3. The Board further observe that Offices of this nature are 'merassy' so far only as to be hereditary in families where men fit for the duties are found in them. The preference is to be given to the nearest heir if he is qualified. The salary or other emoluments attached to the office are intended as remuneration for the performance of its duties and should be devoted exclusively to this purpose.-

They

They do not form a private source of income from which a widow or any person not employed in the office is entitled to support.-

Ordered that the following Endorsement be passed on Petition No. 2081 of 1856. "Petitioner is referred to the Collector who has received instructions on the subject of this Petition."

From the Collector of Vizagapatam

Sir,

I have the honor to report the death on the 3d Ultimo of Gungabuttoolah Rajennah, Proprietor of Appecondah, paying an annual Peishcush of Rupees 613, leaving a widow and a minor adopted son aged 10 years. The dowle of the Estate being only about 900 Rupees which will not cover the expences of management and the subsistence to the Minor Ves family, I have ordered the widow of the late Proprietor to take charge of the Estates and manage the same in conjunction with one M. Yembaroo, whom the late Proprietor nominated in his will as guardian for his family and Estate.-

2. The arrangement in question had been

publicly

publicly notified to me by the late Proprietor many months before his death. He had long been in a very precarious condition. I have caused the Estate to be registered in the name of the minor Gungabuttoolah Suttayah.-

From the Collr. of Trichinopoly ....

Sir,

I do myself the honor to transmit the prescribed Advertisement for the sale of certain lands of this District the property of Ryots in the Talook of Porriore who have failed to satisfy the demand for arrears of Revenue due on account of Fusly 1265, and I solicit your Board's sanction for the sale taking place.-

2. The arrear for the Fusly amounting in the aggregate to Rupees 781-10-10, is justly due by these proprietors who have shown no intention or inclination to make good the Government demand, notwithstanding the service upon them of the legal notice, I have therefore no other alternative than

Resolved.

10498 B. Fort St. George 13th September 1856.

B. No. 3000.

Resolution thereon. Resolved that the above letter, and the previous correspondence as noted in the Margin, be Submitted for the information of the Right Honorable the Governor in Council, with reference to the Extract Minutes Consultation dated 16th January 1856 No. 739.

Rec'd 27th ult. from 26th July
in Cons. 6th Sept. 1856
B. of Rev. 6th Sept. 1856
In Cons. 22d July 1856.

599-600.

2. From the Acting Collector's letter of the 26th of July it appears that Messrs. Dymes & Co. having landed the Sulphur now in question on the 17th and 18th of June, deferred their application to repack it, until the 30th idem, and in his present letter the Acting Collector explains that the transfer of the Sulphur to bags, and the consequent further delay in clearing it, was the act of the consignees and not of the Custom House authorities. The Board of Revenue therefore Consider the demand for Godown rent against Messrs. Dymes & Co. to be in accordance with the rules, and they are unable to recommend a remission of the charge.

From the Collector of Madura

Sir

With reference to the Extract from the Proceedings of the Board dated 10th Instant, I have the honor to observe that the Villages included in the Villicutty Talook are situated in that portion of the Ramagherry Talook whereof in my letters of the 26th

16370 Fort St. George 15th September 1856

26th December 1855 and 10th January 1856 &c
I have recommended the transfer to the District
of Trichinopoly.—

B No. 1847
From the Collr of South Arcot.
Submitting his opinion on the subject of the Pulsar charges which are in force in the District and solicits the favorable consideration of a modification being allowed in them for the ensuing fusly.—
× Letter dated 6th Octr 1854

Sir.

I have the honor to address the Board in the subject of the Pulsar charges which are in force in this District and to solicit their favorable consideration of a modification being allowed in them, for the ensuing Fusly.

2. The Board were pleased by Extract from their Proceedings dated 4th December 1854 to sanction upon my recommendation × a reduction of one third in the amount of the present rates, but this privilege was only granted temporarily and was limited to the ten Avoloes Talooks of the District.

3. Circumstances led me to refrain from carrying fully into

Fort St. George 15th September 1856.

into effect the permission thus given and to restrict myself to granting remissions, to the extent specified only in those cases where such an indulgence seemed urgently called for.

4. Two reasons chiefly influenced me in deciding only to act partially on the orders of the Board. In the first place I was afraid that if a general reduction took place in the Kuffer rates of the 10 Tooloffs Talooks the Ryots of the other Three Talooks of the District, in two of which there is a very large extent of land Chargeable with Kuffer, would be dissatisfied and would show their discontent by opposing the settlement. In the second place, I found that if the reduced rates of Kuffer were applied to the permanently irrigated Poonjay lands which

I

Fort St. George 15th September 1856

†By Extract from Proc of Bd dated 22nd March 1855.

I had been subsequently †directed to transfer into corresponding Nunjah Tarums, upon the principles laid down in my letter of the 19th December 1854 it would have brought down the assessment on them lower than it is on the Nunjah lands of the same quality and class of soil and this have precluded me from obtaining the Consent of their owners to the proposed transfer.

5. The practise which has hitherto prevailed in this District of †charging a uniform rate of Kuffer for each Cawney when Government Water is used without any reference to the quality or Capability of the land irrigated, appears to me, as I have already stated in my letter of the 6th October 1854 to be unfair, as well as unsound in principle and I would therefore venture to propose that there

†6 Rs per Cawney when Nunjah is raised 3 Rs per Cawney when Poonjah is raised.

there should be different rates of Kuffer applicable to the turums of the land for which the water is taken.

6. At present a Man who uses the Sirkar water to raise a rich Nunjah crop on land of superior capability pays precisely the same that a Ryot does who takes only perhaps a small quantity of water from a similar source for a light Crop on the worst description of soil.

7. The hardship of this is obvious and I have been struck by the many instances of the kind which have come before me at the time of the annual Settlements in some of which it was apparent that the Ryot had only been able to raise a unserable Crop on the worst kind of land, but was still required to pay the same rate as his neighbour who had obtained a

full and rich Crop from his superior land by water from a similar source.

8. To obviate this inconsistency I think that the same principle as that by which the fixed assessment is put upon the land should also regulate the charge for Kuffer, at the same time I would not wish to create so many rates as there are on Poonjah land in the Hoolos Talooks.

9. With this view I beg to propose that there should be three rates Viz.t Rupees 5–4 and 3 per Cawney made applicable to the Poonjah lands in the 10 Hoolos Talooks when Nunjah Crops are raised on them by means of Sirkar water and two rates Viz.t Rupees 2 and 1 per Cawney when Poonjah Crops are Cultivated.

10. The following Table exhibits the mode in which I

Fort St. George 15th September 1856

I think these rates ought to be applied by which the Board will observe that the Kuffer paying lands would then still be somewhat less advantageously placed in regard to the amount of taxation on them, than those lands which only bear a fixed Nunjah assessment

		For Nunjah Crops								For Poonjah Crops.			Nunjah rates in 10 Rooloos Talook.

Fort St. George 15th September 1856

11

I beg also to propose that the same rates should be made applicable to the Perumboke Poonjah lands in the 10 Rooloos Talooks and in Cuddalore when irrigated by Sirkar water, but as these lands have no tarums but are assessed according to the average of the rates prevailing in the whole tarumwar Poonjah lands of the particular Village where they are situated it will be necessary to regulate the charge by the amount of the actual assessment on them, which may be done by the following rates.

For Nunjah crop

When the assessment already on the land is Rupees 3-9-" per Cawney and upwards — Kuffer at the rate of 5 Rupees the Cawney to be charged.

When the assessment is 2-3 and upwards as far as Rs. 3-9-" — Kuffer at the rate of 4 Rs. the Cawney to be charged.

When the assessment falls below Rupees 2-3-" - - - - - - - - - - — Kuffer at the rate of 3 Rs. to be charged.

For Poonjah Crop

When the assessment is Rupees 3-9-- and upwards.	Rufser at the rate of 2 Rs. the Cawney to be charged.
When the assessment is below Rupees 3-9-	Rufser at the rate of 1 Rupee a Cawney to be charged.

12. In the two southern Talooks of Manargoody and Chellumbrum there is only one uniform assessment of Rupees 3-1-- per Cawney on all Poonjah land whether Tarumwar or Perumboke. It will not therefore be feasible to introduce into them a scale of Rufser rates and I would therefore recommend that 5 Rupees per Cawney may be the maximum charge for Nunjah Crops grown on any Poonjah land by Sirkar water and 2 Rupees for Poonjah ones raised by the same means, subject in both Cases to a further reduction.

reduction of 1 Rupee from each rate at the discretion of the Collector, when he finds special grounds to warrent the indulgence.

13. In the Cuddalore Taluk there are five Tarums of Poonjah land with rates of assessment varying from 7 as to 14 as per Cawney. I would therefore propose that Rufser should be charged in this Talook for the use of Sirkar water by the same rules that I have suggested for the Perumboke lands in the Pooloor Talooks.

14. If the Board would be pleased to sanction the modification I now propose it would cause much satisfaction among the body of Cultivators and would, I think, be as equitable a mode of charging Rufser as circumstances will admit of a revision will of course take place when the lands

For Poonjah Crop

When the assessment is Rupees 3—9—0 and upwards. } Rupee at the rate of 2 Rs. the Cawney to be charged.

When the assessment is below Rupees 3—9— } Rupee at the rate of 1 Rupee a Cawney to be charged.

12. In the two southern Talooks of Manargoody and Chellumbrum there is only one uniform assessment of Rupees 3—1—0 per Cawney on all Poonjah land whether Tarumwar or Perumboke. It will not therefore be feasible to introduce into them a scale of Rupee rates and I would therefore recommend that 5 Rupees per Cawney may be the maximum charge for Nunjah Crops grown on any Poonjah land by Sirkar water and 2 Rupees for Poonjah ones raised by the same means, subject in both Cases to a further

reduction.

reduction of 1 Rupee from each rate at the discretion of the Collector, when he finds special grounds to warrent the indulgence.

13. In the Cuddalore Taluk there are five Tarums of Poonjah land with rates of assessment varying from 7 as to 14 as per Cawney. I would therefore propose that Rupee should be charged in this Taluk for the use of Sirkar water by the same rules that I have suggested for the Perumboke lands in the Pooloor Talooks.

14. If the Board would be pleased to sanction the modification I now propose it would cause much satisfaction among the body of Cultivators and would, I think, be as equitable a mode of charging Rupee as circumstances will admit of a revision will of course take place when the

lands

lands. of the whole District have been surveyed and reassessed.

15. The Settlement for the Current Fusly shows a great increase in the Revenue derived from Poonjah land irrigated by Sirkar water, but unless a reduction is made in the rate of charge to meet the altered Circumstances of the land under the revised assessment, I see reason to think that before long a great falling off will occur as the people are evidently disposed rather to sink Wells on their Poonjah lands, than to Continue to pay a charge which they universably Consider too high. This proceeding on their part however beneficial to themselves would of Course gradually entail a loss of

of revenue to Government.

16. The plan of modification which I now submit will not involve so large a sacrifice of revenue as my former proposal would have done, had it been carried out. Taking the Kuffeer revenue of Fusly 1264 as the standard, the reduction Caused by the new plan of Charging would come to about 14,800 Rupees in the 10 Ooloofs Talooks and to about Rupees 8000 in the other three Talooks making a total of 22800 Rupees a great portion of which would undoubtedly be made good by the extension which would take place in the Cultivation of Poonjah lands by means of Sirkar water, Consequently upon a reduction in the rates of Kuffeer.

17. As directed by the Board

Board, I have taken into Consideration the kuffser Rates sanctioned for North Arcot which I received with their Proceedings dated 26th March 1855, but I do not think they are applicable to this District or that it would be wise to attempt to introduce them into it as they provide for a charge being made upon a first and upon a second crop when cultivated on the same land.

18 With the exception of 23,000 Cawnies of Nunjah land registered as double crop and doubtful of two crops, all land, both Nunjah and Poonjah in this District pays a fixed assessment whether the owner raises one, two, or three crops on it

it. It would therefore be necessary to depart from this rule, if the kuffser rates of North Arcot were applied and I think most decidedly that the attempt to make such a change would be injudicious and that it will be far better both for the Ryots and for the interests of Government that the kuffser rates should be consolidated with reference to the capabilities of the soil and not chargeable upon each crop which may afterwards be grown on the land. The rates for North Arcot are not therefore, in this point of view suited to this District.

19. I have on several occasions* taken an opportunity of expressing myself in favor of a consolidated assessment being in general fixed on land instead of an additional charge being made when second crops are

* Letter to Board dated 5th April 1855 Para 4 Do 11th Sept 1854

are actually raised, and I can but repeat that the more experience I gain in Revenue matters the more Convinced I become that this principle is the one which in the end must prove most beneficial both to the Cultivators themselves and to the interests of the state.

20. The sum of what I now seek for in regard to the Kuffser charges is, that the principle of adjusting them to the general Capabilities of the Soil may be introduced in lieu of that of levying them, as now, according to the extent of the land irrigated without any regard to the turum to which it belongs.

21. Unfortunately Circumstances do not admit of a uniform application of this principle throughout the District, but still I hope this will not interfere with sanction being given for the change.

22. The Rules would be as follows.

1st. For Tarumwar Poonjay land in the 10 Hoolooſs Talooks.

For

For Nunjah Crops.

When the Poonjah land irrigated is one of the first 5 Tarums Kuffser will be charged at the rate of 5 Rupees a Cawney.

When the Poonjah land is one of the next three Tarums Kuffser will be charged at the rate of 4 Rupees per Cawney. When the Poonjah land is one of the last two Tarums, Kuffser will be charged at the rate of 3 Rupees per Cawney.

For Poonjah Crops.

When the land is one of the first 5 Tarums Kuffser at the rate of Rupees 2 per Cawney will be charged. When the land is one of the last 5 Tarums. Kuffser at the rate of 1 Rupee per Cawney will be charged.

2d. For Perumboke Land in the 10 Hoolooſs Talooks and for Tarumwar Perumboke land in

Cuddalore.

For Nunjah Crops.

When the fixed assessment on the Poonjah land irrigated is Rupees 3-9 per Cawney and upwards Kuffser will be charged at the rate of 5 Rupees per Cawney.

When

16526 Fort St. George 15th September 1856

When the fixed assessment is Rupees 2-3 and upwards as far as Rs. 3-9 Kuffer at the rate of 4 Rupees per Cawney will be charged. When the fixed assessment is less than Rs. 2-3 Kuffer will be charged at the rate of 3 Rupees per Cawney.

For Poonjah Crops.

When the fixed assessment is Rs. 3-9 " and upwards Kuffer will be charged at the rate of 2 Rs. the Cawney.

When the fixed assessment is less than Rs. 3-9 " Kuffer will be charged at the rate of 1 Rupee the Cawney.

3d For Tarumwar and Perumbokie Lands in Chillumbarum and Manargoody.

For Nunjah Crops.

A uniform charge of 5 Rupees a Cawney will be made subject to a reduction to 4 Rupees the Cawney if the Collector sees sufficient grounds for such a remission.

For Poonjah Crops.

A uniform charge of 2 Rupees per Cawney will be made subject to a reduction to 1 Rupee at the distriction of the Collector.

South Arcot
Coll.rs Cutcherry
Cuddalore 22d May 1856

I Signed I Arthur Hall
Collector

16527 Fort Saint George 15th September 1856

Rd No. 3027
Proceedings thereon
Stating the Boards views with reference to the modifications proposed by the Collector of South Arcot in the System on which the Kuffer or water rate is levied in that District.

628-629.

At the commencement of this letter Mr. Hall reports that he had not thought it expedient to introduce the reduced scale of Kuffer rates sanctioned by the Board as a temporary measure on the 4th December 1854, because the limitation of the reduction to the 10 Wooboo Talooks seemed calculated to produce discontent among the ryots of the other three talooks and also on the ground that the application of the reduced rate would admit of the cultivation of Nunjah Crops on more favorable terms than if these lands were transferred as had been directed to the corresponding class of Registered Nunjah a circumstance which would necessarily render the holders averse to such a transfer.

2 Mr. Hall proceeds to explain the System he is desirous of substituting for that now in use.

3 In place of a uniform rate of charge for water employed in the irrigation of dry lands of all classes he proposes to vary the charge for

Fort Saint George 15th September 1856

for water in proportion to the return to which the soil is capable of yielding under irrigation, and he has with much care apparently prepared a scheme for the application of this system to the circumstances of the Wasloos and the Southern Talooks.

4 The Board do not feel it to be necessary to discuss the question thus presented to them, as it has very recently been under the consideration of Government in the case of the newly irrigated Talooks of Guntoor and they have in passing orders on the subject in Minutes Consultation dated 21st August 1856 No. 883 very decidedly condemned the principle now advocated by Mr Hall.

In Cons. 6 Septr 1856

5 " A copy of Para 6 of the Government Minutes Consultation herewith

Fort Saint George 15th September 1856

herewith forwarded for Mr Halls information the Board fully concur in the views there stated and he will perceive that they render further discussion unnecessary.

6 It remains therefore to consider the objections which offered themselves to the the reductions already authorized on the existing Kuyser rates and to which the Board allow full weight. They do not however perceive how this can be removed until such lands as will appropriately belong to a Nunjah class are permanently so registered and as these lands are most extensive in the two Southern Talooks it will not be practicable to anticipate their transfer by a reduction which would throw serious difficulties in its way.

Mr

Fort Saint George 15th September 1856

Pd No 2553
From the Collector of Chingleput
Submitting his proposition relative to the exchange of Villages between this and the adjoining districts of North and South arcot

Sir,

Para 1 Adverting to Extract from the Proceedings of the Board of Revenue No 3346 under date the 6th December 1855 giving cover to Extract from Minutes of Consultation No 1293 of the 30th November preceding relative to the expediency of introducing modifications, where necessary in District and Talook Boundaries I have the honor to forward herewith two Lists No 1 and 2 exhibiting the names of the Villages proposed for exchange between this and the adjoining Districts of North and South Arcot, and another list No 3 shewing the alterations necessary to be made in the local limits of the several Talooks composing the District for their better and more efficient management.

2 It may be as well to remind the Board that most of the proposed changes now submitted are not new, but were laid before them so long ago as 1823 by Mr Smally though

* Vide Mr Smallys letter dated 23 Sept 1823.

though not then carried into effect in consequence of the objections raised by Mr Roberts, the then Principal Collector of North Arcot, on the ground of their involving the sacrifice of a great number of Villages belonging to his District which he was unwilling to part with. In 1834 however a few Villages were exchanged between the Districts as though without defining the boundary line in a clearer way or bringing the Villages nearer to their Cutcherie station. In 1838 Mr Maclean again urged the necessity of amending the boundaries of the two Districts but without success, and nothing would since appear to have been done. The Villages now entered in the Lists will therefore be seen to be mostly those which were formerly recommended for exchange with a few that have now been added to improve the boundary and facilitate local administration.

3 For the better elucidation of the relative positions of the Villages proposed to be transferred to the neighbouring

Districts and vice versa, I beg to forward an old map with the Villages in question consecutively numbered as they are entered in the lists. The Villages proposed to be ceded to North and South Arcot 45 in number, being entered in Red Ink, and those to be added to this Collectorate 50 in number, in Black Ink.

4 On a reference to the map it will be seen that the line forming the present North Western boundary of this District runs very irregularly, and is by no means easily distinguishable, although the Aranéya Nuthey which flows in the vicinity of Poddapollieem could be used for fixing it with exactness giving the Villages on the left or western bank to North Arcot and on the right or eastern to Chingleput. They would thus be easily separated, and both the Revenue and Police especially the latter better managed than at present. The Villages to be thus ceded to North Arcot would therefore be 16 from No. 24 to 39 and to be received from that District 4 from No. 33 to 36 and the effect would be to bring them nearer

Fort Saint George 15th September 1856

nearer to their Cutcherys and improve the
Control and protection now afforded them.

5 South west of the above the Board will perceive that the Villages of Cavaripauk in North Arcot and those of Conjeeveram in Chingleput are likewise mixed up together so as to make the boundary line very ill defined, and I would therefore propose to make the High Road from Perumbaukum to Wallajanagur the boundary by transferring to Cavaripauk all the Villages on the west side of it as well as some others at a considerable distance or from No. 1 to No. 23 and receiving in exchange those situated on the east side from No. 1 to No. 19 which will have the effect of bringing the latter nearer to their Cutcherys than they now are. It is true that the Conjeeveram Villages to be given to Cavaripauk will be further from Wallagahnuggur, their new Cutcherry, than they now are from Conjeeveram, but on the other hand they will all lie compactly with other Villages in North Arcot and be better looked after than they now

Fort Saint George 15th September 1856

now are while lying only scattered among them.

6 Still further South, the Villages of Octramaloor in Chingleput will be seen mixed up with those of Vandanash in North Arcot and I therefore propose to take 8 Villages from the latter Talook Nos. 20 to 27 and to return them one Chertput No. 40 formerly received from North Arcot but whose isolated position among Chingleput Villages renders it desirable to restore it to its former Jurisdiction.

7 Thus it will be seen that the total number of Villages proposed to be ceded is 45 while those to be received in exchange are only 36. To make up for the difference and to render the western boundary of the Conjeeveram Talook more perfect than it now is. I propose to withdraw from North Arcot the portion of land between the Cheyour and Palaur Rivers which is intersected by the Road from Conjeeveram to Vandavash The extent of land within these limits may be calculated at about 40 Square Miles, and to

Contain

Fort Saint George 15th September 1856

contain about fourteen principal Villages. The object
of the transfer is not so much to obtain an accession
of territory as to better define the boundary by well
known and easily described land marks.

8 Lastly, I beg to state that the necessity
of exchanging 5 outlaying Villages Nos 41 to 45
in the Carangooly Talook in this District with
an equal number belonging to Tindivanum in
South Arcot has long been felt by the authorities
of both Collectorates, and was urged on the
20th Sept. 1820 consideration of the Board by Mr Smally under
date noted in the margin though without receiving
permission to carry it out. I have therefore
now placed myself in Communication with
the present Collector of South Arcot on the Sub-
ject and as that Officer has acquiesced in
the propriety of the exchange and has expressed
his Consent to it. I beg to recommend that as
it may be acceded to at once. It is proper to
add that the Collector of South Arcot has also
proposed

Fort Saint George 15th September 1856

proposed to me a further exchange of Villages
but as the effect of the exchange would be
to do away with the Oppanair, the present
boundary and substitute another not so easily
discribed, I am loath to give it my
support.

9 The reasons for effecting
changes in the Talook boundaries will be
apparent from the Statement No 3 shewing
the shorter distances the Villages will then
bear to their new Cusbahs and to which
therefore I need do no more than refer the
Board.

10 In conclusion, I beg to state that
the Ayacut Beriz of the several Villages proposed
to be transferred to North and South Arcot and of
their

Fort Saint George 15th September 1856

contain about fourteen principal Villages. The object in
of the transfer is not so much to obtain an accession
of territory as to better define the boundary by well
known and easily described land marks.

8 Lastly, I beg to state that the necessity
of exchanging 5 outlaying Villages Nos 41 to 45
in the Carangoly Talook in this District with
an equal number belonging to Tindivanum in the
South Arcot has long been felt by the authorities
of both Collectorates, and was urged on the

No. 440

To C. I. Shubrick Esqre
Collector of Chingleput

Sir,

In reference to my letter to you dated 8th
Ultimo on the subject of defining the boundary
line between Chingleput & South Arcot I
have the honor to propose that in addition to the fol-
=lowing number the Village of Cochikolatoor which
at present belongs to your District and is situated
Close to Woalroor in South arcot on the south side
of the stream which forms the boundary should be
handed over to me and that the small village of
Caramoodoo, Namely, on the North of the stream
should be given to you -

Besides these villages I cannot find
that there are any others which are so situated as to
point out the propriety of their being transferred
either to or from our respective Districts so that
the line of demarcation may be clearly
defined -

B/d No. 2719

Sir,

From the Collector of North Arcot — Para 1

With reference to Extract Proceedings of the Board of Revenue dated 6th December 1855 deprecates any change in the existing talooks of the District till the revision of assessment has been carried out — — — — —

With reference to Extract Proceedings of the Board of Revenue dated 6th December 1855 Calling upon me to Submit any proposals I may have to make in regard to the alteration of Talook limits, I have the honor to State for the information of the Board of Revenue that the Reports of the several Talookdars embodying the requisite information have been received -

The District Engineer has also offered some Suggestions on the Subject in reply to a Communication addressed

2

addressed to him -

3 I have also received a letter from the Collector of Chingleput proposing the interchange of a Considerable number of Villages -

4 I would however beg to submit that the present time is not as far as this District is Concerned well Chosen for an alteration in the existing villages. The proposed new Rates of Assessment are as respects the Northern Talooks in this District entirely founded on the Classification of Mr. Groeme in Fushy 1215 and in the Southern Talooks the Classification of Mr. Nisbet will be Relied upon in applying the Rates The introduction into this District of Villages whose original Settlement differed from those adverted to above, will Create great difficulties, and cause still further delay

delay in the introduction of the new Rates of Assessment into this District -

5 The objections taken by Government in Extract Minutes of Consultation No. 677 under date the 2d July 1856 to my scheme Refer only to some parts as Requiring amendment and it is therefore probable as there exist in my office different applications of the Rates that I shall be able very shortly after the receipt of the orders of Government Referred to in para 3 of the above Extract Minutes of Consultation to submit a modified proposal of Rates of Assessment for the Northern Talookes

addressed to him -

3 I have also received a letter from the Collector of Chingleput proposing the interchange of a Considerable number of Villages -

Taloaks that will fully meet the wishes of Government –

The application of the new rates to the Southern Taloaks is also under progress and under these Circumstances I would earnestly deprecate any change in the existing Taloaks of this District till the Revision of assessment has been carried into effect –

North Arcot
Collector's Cutcherry
Chittoor 16th July 1856

(Signed) C. Whittinghame
Collector

Bd's No. 3031.
Proceedings thereon
(630-634.)

The Board observe that the papers recorded above relate to certain changes in the Taloak and District boundaries of Chinglepute and North and South arcot and have been submitted by the Collectors pursuant to the orders of Government Communicated in

In Cons 6th Dec. 1855

in Extract Minutes Consultation dated 26th November 1855 No. 1293 –

2 The propositions of the Collectors of Chinglepute are first to alter the limits of certain Taloaks of this own District Second to transfer 6 Villages to South arcot and to receive in exchange the same number from that District and third to effect an exchange of several Villages with North Arcot –

3 With Reference to the first Mr. Shubrick proposes the following transfers –

From Periapallicum to adopt Taloak 19 Villages Viz.

The result of these transfers will be to bring these Villages all within 12 Miles of their Cutcherry Stations and to secure greater Compactness in the form of the Talooks to which will be affected by the arrangement the Board therefore recommend that the Collector may be authorized to carry them into effect—

The Villages proposed for exchange in 4 between Chinglepat and South Arcot are situated in the Talooks of Caroongooly and Tindevanum and the transfer will be form one to the other Talook as shown below—

JHS

10555 Fort St. George 15th September 1850

5 The Board observe that the expediency of the interchange appears to have been long felt by the officers of both Districts the Carvoorgooly Villages are surrounded by those of South Arcot as will be found on reference to the old Map forwarded by Mr. Shubrick where the positions of the Villages are marked by figures in red ink and their transfer will consequently define the boundary line of the two Districts with greater distinctness than at present.

6 With regard to the remaining proposition of Mr. Shubrick for effecting an exchange of Villages with the Collector of South Arcot the Board have to observe that Mr. Whittingham strongly recommends that no alterations should be made at present in his District as the introduction of new Villages into either the Northern or Southern Talooks will cause delay in the revision of the assessment now going on in the latter and will interfere with the speedy submission to Government of a modified scale of rates for the former Talooks the Board propose therefore with the approval of Government to postpone the consideration of any changes in the District until after the introduction of the revised rates of assessment.

J. G. B.

To

10550 From Fort St. George 16th September 1850.

From the Collector and Agent to the Governor Vizagapatam

Land Revenue Report of the Vizagapatam District for Fasly 1260

Sir,

I have the honor to submit herewith the annual Report on the management of the Land Revenue and Extra Sources of Revenue of this District for Fasly 1260, accompanied with 59 Statements in illustration of its details, framed according to order. I put it to the intelligence of the Board whether at least two thirds of these Statements might not be dispensed with as their preparation entails a large amount of work that otherwise would be well devoted to more useful purposes.

Land Revenue

2 The District of Vizagapatam is wholly private property with the exception of the Government Talooks of Surwasiddy and Golgondah and the ancient Zemindary of Palcondah leased to Messrs. Arbuthnot & Co. Surwasiddy forms the Revenue charge under present circumstances.

From the Collector and Agent to the Governor Vizagapatam

Land Revenue Report of the Vizagapatam District for Fusly 1260

Sir

I have the honor to submit herewith the annual Report on the management of the Land Revenue and Ecctra Sources of Revenue of this District for Fusly 1260, accompanied with 59 Statements in illustration of its details, framed according to order. I put it to the intelligence of the Board whether at least two thirds of these Statements might not be dispensed with as their preparation entails a large amount of work that otherwise would be well devoted to more useful purposes.

Land Revenue

2 The District of Vizagapatam is wholly private property with the exception of the Government Talooks of Surwasiddy and Golgondah, and the ancient Zemindary of Palcondah leased to Messrs. Arbuthnot & Co. Surwasiddy forms the Revenue charge under present circumstances.

:ces of the Principal Assistant Collector and agent; but as Mr. Knox was called away on other duties in December last the Settlement of necessity devolved on me.

3 The early rains were very deficient in the South Western portion of the District where the Government possessions are situated on this account Cultivation was contracted, and loss sustained by the destruction of the earlier wet crops. Late in October, abundant rains fell, and the season on the whole was moderately prosperous. The prices too of all sorts of Produce were highly remunerating although in some instances slightly below the range of the preceding season. The average prices of grain in this District for 10 years is here inserted for facility of reference.

The

4 The total demand on the Zemindary and proprietary Estates together with that of the Government Lands for the year under review, amounted to Rupees 17,42,496-4-1 There was no change in the numbers of Zemindaries nor of Proprietary Estates but from their fixed demand of Rupees 97,185-5 Rupees 824-2-10 the Mootapha demand of Wallair which has been resumed on account of Government was necessarily deducted. The current year's Zemindary demand amounted, therefore to Rs. 9,76,020-13-2 The rented Bariz of Palcondah and of the Bimlepatam Dutch Lands was Rupees 110958 as in the preceding year. The gross demand of Suruvasiddy and Galgondah in Fusly 1265 amounted to Rs. 155517-6-11 exclusive of remissions but inclusive of quit rent on Enams and ready money Items &c. Fusly 1264 the same gross demand amounted to Rupees 1,67,394-7-1 There is a decrease therefore of Rupees 6,877-2 on these two Talooks attributable to the less favorable nature

of

of the present season as already noted The Gross decrease in demand from land including Wallair Moturpha now under a different head was Rupees 7,701-3-11

5 The demand of the Government Estates managed by the Officers of Government together with the rented Lands of Palcondah and Bimlipatam Batcha Lands was Rupees 26,475-6-11.

6 The remainder of Villages of Surwasiddy and Golgondah was 246 being two more than in the preceding year The system of settlement is partly Ryotwar and partly Village and individual rents One hundred and twenty seven Villages in the season under review with a cultivable demand of Rs. 14,338-14-11 were settled direct with the cultivators The remaining Villages, many of such are very small hamlets in the vicinity of the Hills were settled under rents Of these 21 Villages were in joint rent to the Ryots.

7 From the nature of the season it was necessary to make considerable remissions for the distributions of Lands originally undertaken by the Ryots upon the whole of the Government Ryotwar settled

Settled Lands, the Athoobady or the list of lands undertaken (omitting waste not proposed to be cultivated) was Rupees 136,170-1-2 From this a deduction of Rupees 10,240-7-11 was found to be absolutely necessary for the great deficiency of produce The Settled demand on the Villages was 0 Consequently Rupees 125,929-10-2 only.

8 Of the Villages settled jointly with the Cultivators the Athoobady demand was Rupees 13,365-12-6 the Settlement agreed upon was Rupees 13,217-11-7 but from this a small deduction of Rupees 115-11-11 was afterwards made for loss of produce. The Villages separately rented bear a demand of Rupees 5,179-12-11 per annum. the rent of the years under notice was Rupees 4,763-10-11

9 Deducting the remissions as above set forth, the Settlement of the year on these Government Lands was reduced to Rupees 11,394-2-11 adding ready money Collections Enam cultivations and such items, the aggregate demand was Rupees 153,617-6-11 Of this Settlement Rupees 134,336-4-11

were

were brought to account within the 30th June. and the Balance then outstanding was Rupees 981 - 2 a portion of which has since been realized.

10 Comparing the aggregate settlement just reported within the upshot of the preceding year, it will be seen that it fell below the settlement of Fasly 1265 by Rupees 1877 - 2 this result was wholly caused by the partial adversity of season in 1265

11 The arrears outstanding against the Ryots in the Government Talooks amount at the present date at Rupees 7295 - 12 - 3. It is proposed to address Government separately tho' the Board of Revenue with a view to strike off the greater portion of this sum from the accounts The manner in which the settlement reports are now disposed of in the Gross renders the explanations of these recommendations unnecessary in a general Report.

12 The permanent Peishcush of the Estates included in these Talooks was Rupees 114,0118 - 8 - 11 The Collections within the present year were Rs 154536 - 2 - 11 There was a surplus therefore on the whole

whole of Rupees 41,417 - 12 - 11 In some of these Talooks this surplus was considerable In other Talooks this surplus was such as the late Superintendent was guilty of. The deficit of collections below the Permanent Peishcush was very large. But it is not considered necessary to remark on the deficiencies in some or the surplus in other Talooks in detail The permanent Peishcush is a manual demand and useful only as a Standard to see whether present settlements exceed or fall below past years collections The comparison is defective in many particulars. In the first place the permanent Demand included the surplus now collected and charged under a separate head There there is a large Inam cafsa valued at Rupees 2,000 - 0 - 0 per annum set aside in Gulgondah for the support of the Zemindars family not included in the present annual settlement On the other hand large disbursements are now made, not always wisely under warrant to test the value of Government management in preference to the system which it superseded would exceed the

limits

limits of an annual settlement. Report, and would possibly besides not prove an agreeable theme for contemplation so far as pecuniary profits are concerned.

13 It has been already stated that Palcondah was rented to Messrs. Arbuthnot & Co. of Madras. The rent was Rupees 110,908 paid in full, but one of the last instalments was not received until after the close of the Fusly year. The settlement of this Talook now rent exclusive of Moturpha exceeds the Permanent Peishcush by Rupees 13,926-1-2 per annum. The rent has been continued to the present renters under the orders of Government dated the 29th May 1835 for a further term of 5 years.

14 The Zemindary demand in Fusly 1245 was Rupees 9,76,020-13-2 of which Rupees 9,72,399-4-11 was paid within the year, and Rupees 3,541-8-1 was subsequently received a few days after the close of the Fusly. The Balance

Balance of Rupees 80-1-3 is due upon the Wallajanagaram Estate by one of the Copartners & it will be realized shortly.

15 The kists as they fall due were paid with much punctuality in the year under notice. Interest at 12 per Cent charged on defaulters only realized Rupees 434-2-5. in this year. It is almost unprecedented to find this district without much unprecedented Balances of Current Zemindary Balances.

16 At the commencement of the year 1245 Balances against Zemindars outstanding was Rupees 16,070-11-1 of this Rupees 13,185-13-2 were brought to account. With the current settlement the total Collections from Zemindary Lands was therefore Rupees 9,85,885-1-2. The total collection from Government Lands with in the year current and arrears, was Rupees 2,65,572-1-8 including Palcondah. The total Land Revenue therefore received within the Fusly from Government Lands and private Estates in Vizagapatam amounted to Rupees 12,51,457-2-10.

The

17 The arrears on Permanently settled Estates in Vizagapatam are very trifling There is a small amount of money due on the Panchapentah Zemindary for Fusly 1259 mostly consisting of interest charges. there is also an unsettled demand of Rs 1,000 compensation on Wattair standing on the accounts of this District a reference (unanswered) has been made about the latter and the Panchapentah Balance will be again brought to notice separately as ordered by the late Commissioner in his proceedings of the 30th June 1850 Para 5.

Exctra Sources.

18 The Exctra Sources of Revenue in this District remain to be noticed The Demand under each Head is shewn in the accompanying figured Statement The falling off in the Salt Revenue in this year is Rupees 28,350-12-" In the Stamps there was also a decline of Rupees 241-4-" in comparison with the preceding year. In the items of Sequestrations Abkarry and Moturpha there was an increase but the decrease

decrease of Revenue in the aggregate on Fusly 1263 was Rupees 4409-5-2.

No.	Sources.	Fusly 1264			Fusly 1263			Increase			Decrease

Salt.

19 The falling off in the Salt Revenue was entirely owing to the deficient production of Salt at Coopilly and Conadah It has been considered desirable always to have in these Parts a two years supply but in the year under review from the constant rains in the manufacturing season the supply was so short that the whole Salt was sold in two months There was a small increase of Revenue from

from the Carassa and Nelliwoekoo Paus but in the aggregate, the decrease of Revenue from want of production was Rupees 28,350 .12. ". The sales at the several Cotaurs are exhibited marginally for facility of reference.

No.	Mahaams	Fusly 1264			Fusly 1265			Increase			Decrease

4	Coopilly	39,241	12	"	21,188	5	"	"	"	"	1753	7	"
	Total	177,637	7	4	147,250	11	4	6,723	11	10	35,074	7	10
	Deduct Increase										6,723	11	10
	Decrease										28,350	12	"

20 The wastage of Salt is very considerable principally at the Currassah Paus where the Salt is very inferior and small in the grain and where the stocks of Salt has been for a long time on hand. No Salt was made during the past season in this Pau. and the total supression of the manufacture there is contemplated at an early date.

21 There is an apparent increase of Rupees 7.382 - 10 - 5 in the charges of this Department. This increase is nominal because the quantity of Salt manufactured during the Fusly 1264 was not received into store within that fusly but in the fusly under consideration when its price was debited in the accounts. The Extra Charges attending the manufacture of Salt in Fusly 1262/63 were also

also sanctioned and debited in the accounts in Fusly 1265 The charges of the Establishment of the preceding fusly are only for Eleven Months whereas those of the Current year embrace a period of 12 Months.

22 An advance of Rupees 1350 was made to the Salt manufacturers for the manufacture of Salt in Fusly 1265 but it was not recovered within the year as it was found impracticable to store the quantity manufactured before the first July 1850.

23 After deducting the charges of the Department amounting to Rupees 14,890 .5.9 the net revenue of Salt in Fusly 1265 were Rupees 134,390 - 5 - 7.

Sea Customs 24. There was a large increase in the Sea Custom Collections of Rupees 22,797 - 1 - 8 the Collections of Fusly 1265 being Rupees 79,850 13 - 2 whilst those of Fusly 1264 were Rupees 7,059 - 8 - 6 only In the preceding year there was a great scarcity of shipping which led to diminished receipts in this Department Whereas in Fusly 1265 trade was brisk, tonnage abundant and the demand for Rice, Oil Seeds and other articles for export great. The result has

has been an immense export of produce chiefly from Bunderpatam to the extent of fourteen lacs of Rupees

23 The increase of expence in this department is caused by the wages for twelve months being charged instead of for eleven as in the preceding year. The Establishments also have had an increase of pay granted to them which has recently come into operation. The net receipts after deducting the charges of Collections were Rupees ??? 15 - 11 - 1.

Abkarry 26 In the demand of the abkarry farms there is an increase of Rupees 111.2 - 9 - 1 compared with that of Fusly 1264. The present years demand was Rupees 61.577 - 13 - 1. Of this Rupees 61213 - 2 - 11 - have been brought to Books within the Fusly and Rupees 364 - 10 - 2 - shortly afterwards - there is an increase of Rupees 388 - 39 in the net Revenues of this source in the year under consideration

Stamps - 27 The total sales under this head realized Rupees 19796 - 8 - 11 shewing a decrease of Rupees 241 - 4 - 11 There was also an increase in charges owing to Commission to Venders for the preceding year having been paid in the past year. There was also a large increase in refunds many suits being withdrawn and the duty repaid under Act XVII of 1850.

Motorphas 28 The demand of the Motorphas Revenue for Fusly 1265 is Rupees 5316 - 17 - 2, which exceeds the demand of the preceding year by Rupees 242 - 13 - 1 al: though there is an actual diminution in the demand of the Government Estates caused by the relinquishments of trade and by some arbitrations and by other casualties. The Motorphas of Vellair Estate having been assumed by Government has now the whole caused small increase.

29 Of the above demand Rupees 4805 - 11 - 7 have been received within the Fusly leaving an outstanding balance of Rupees 510 - 11 - 0 to its close reduced to Rupees 383 - 11 - 10 from subsequent Collections. The Establishments having been charged Wages of the Collection for 12 months there is an increase of Rupees 12 in the charges

30 The arrears outstanding on this source of Revenue up to the close of Fusly 1265 amounted to Rupees 285 - 15 - 2 of this Rupees 139 - 1 - 11 - were recommended to be remitted last year. No orders on this subject have as yet come to hand.

31 A comparison between the net Revenue Current and arrears of the Extra Sources of Revenue after deducting charges of Collection is furnished in the subjoined account. The shews a net decrease of Rupees 14708 - 3 - 7 - on that of Fusly 1264.

has been an immense export of produce chiefly from Bunderpalaum to the extent of fourteen lacs of Pagodas

23 The increase of expence in this department is caused by the wages for twelve months being charged instead of for eleven as in the preceding year. The Establishments also have had an increase of pay granted to them which has recently come into operation. The net receipts after deducting the charges of Collection were Pagodas 2,22,15 - 11 - 1.

Abkarry 26 In the demand of the abkarry farm there is an increase of Pagodas 1,11,2 - 9 - 1 compared with that of Fusly 1241. The present years demand was Pagodas 61,677 - 13 - 1. Of this Pagodas 61,213 - 2 - 11 have been brought to Books within the Fusly and Pagodas 364 - 10 - 2 shortly afterwards. There is an increase of Pagodas 888 - 39 in the net Revenue of this source in the year under consideration

Stamps 27 The total sales under this head realized Pagodas 19,796 - 8 - 11 shewing a decrease of Pagodas 241 - 4 - 11. There was also an increase in charges owing to Commission to vendors for the preceding year having been paid in the last year. There was also a large increase in refunds many suits being withdrawn and the duty repaid under Act XVII of 1830.

The

Motorpha 28 The demand of the Motorpha Revenue for Fusly 1765 is Pagodas 5316 - 17 - 2, which exceeds the demand of the preceding year by Pagodas 242 - 13 - 1 al: though there is an actual diminution in the demand of the Government Estates caused by the relinquishments of trade and by some artizans and by other casualties. The Motorpha of Wallain Estate having been assumed by Government has on the whole caused small increase.

29 Of the above demand Pagodas 4,805 - 11 - 7 have been received within the Fusly leaving an outstanding balance of Pagodas 510 - 11 - 0 to its close reduced to Pagodas 303 - 11 - 10 from subsequent Collections. The Wages of the Establishment having been charged for 12 months there is an increase of Pagodas 12 in the charges.

30 The arrears outstanding on this source of Revenue upto the close of Fusly 1765 amounted to Pagodas 285 - 13 - 2 of this Pagodas 139 - 1 - 11 were recommended to be remitted last year. No orders on this subject have as yet come to hand.

31 A comparison between the net Revenue Current and arrears of the Extra Sources of Revenue after deducting charges of Collection is furnished in the subjoined account. It exhibits a net decrease of Pagodas 11,708 - 37 - 0 on that of Fusly 1764.

No.	Sources.	Fusly 1264			Fusly 1265			Increase			Decrease		
1	Salt	170,171	12	"	134,396	5	7	"	"	"	35,775	1	5

		2,58,982	14	4	2,44,274	8	9	22,349	1	6	37057	1	1
					Net						14,708	5	7

31 The Collections current and arrears from the Zemindaries and Proprietary Estates — with the receipts of Revenues from Government Lands added to the Extra Sources of Revenue for Fusly 1265 amounted to Rupees 13,16,715 " 10. The Collections for Fusly 1264 were Rupees 13,37,262 11 9. The decrease on the year is Rupees 15,547 1 9.

32 Upon the whole, the District of Vizagapatam is in my judgement at present in a State of great Prosperity partly through the large expenditure within it of money in raising cane and in Sugar manufacture at Bimlipatam and also in good measure by the high

high prices obtainable for rice and ginjily oil seeds for export to foreign markets. The stable prosperity of this part of the Country is also largely attributable to the expenditure within the Provinces of the Native Zemindars each of whom resides within his own Estate and spends a large portion of his income on his own people. It may be calculated that exclusive of Enams, ten lacs of Rupees are annually gathered from Zemindary lands beyond what is paid to Government and the enams and Morasas in the ancient Zemindaries yield probably nearly as much more.

With

Fort St. George 15th September 1850.

No.

33 With such an expenditure of money and such accumulations of private property within its boundaries it is not surprising that this District should exhibit a prosperity unknown to other Provinces, where there is only a Collector and a Peasantry with no landed gentry. In Vizagapatam there are between thirty and forty lacs of Government Securities held by Natives of this District the interest of which is drawn through this Provincial Treasury.

Vizagapatam Collector's
Government Agents Office.
21st August 1850.

I Signed I P.O.S. Smollett
Collector & agent to
the Governor.

Explanation of Cause of decrease.

From one of the Enamdars at Royavarum Hoondah of Surrasiddy having refused a piece of Land in lieu of his own which was included in a Tank newly formed there and desired instead a reduction of Cattoobady on his other Enam lands in other Villages which was done to the extent of Rupees	15 9 u
In consequence of an Enam having reverted to Government the owner of which expressed his wish that it may be resumed as he was unable to pay the fixed Cattoobady Rupees	11 4 u
In consequence of an Enam of a deceased Golgondah caste having been reverted to Government Rupees	2 u u
	28 13 u

| | | |

dated 6 July last in which I consider-
ed it needful to bring their conduct
Encls. 1 prominently to notice It will be seen,
that I arrived at Betuttpoodiangad-
dy the Cusbah station of Betuttnaad,
on the morning of the 21st June last their
failure to render me effectual aid
on so important an occasion com-
pelled me to postpone my enquiry
till the 23d.

3 The government as will be seen
by the accompanying Copy of Para 7
of Extract Minutes Consultation dated
12 Ultimo, have directed that the
Officers referred to "should be
"severely punished" and that I should
"at my discretion visit their neglect
of duty by fine suspension or dismis-
sal" In conformity with this injunction
I have deemed it necessary to
punish them in proportion to
their respective guilt.

4 The Adigharee and Menon
of Vadda Kampram Umahom had
already been suspended from
their situations by my special As-
sistant Mr. Thomas for 6 months
last

last their dismissal from the service
appeared to my mind a more appro-
priate punishment for the great want
of efficiency they had displayed in
their proceedings in the matter as well
as their general conduct.

5 I take this opportunity of
informing the Board that I have
also deemed it requisite to suspend
Vaddakat Rama Menon late Acting Tahsildar of Betuttnaad and present Sheristadar of Palghaut Talook suspended 25 Augt 1856 Naranna Potter Sheristadar of Betuttnaad & 18 D:—
the officials named marginally
from their posts pending an enquiry
now in progress in regard to their
wilful dilatoriness in carrying out
the orders issued to them for the
immediate attachment of the property
in Betuttnaad of Manday portion
Mamod Kutty Moopa one of the
banished Prisoners.

Calicut
1st September
1856

I Signed J. Clarke
Collector

No. 1

Extract from a letter from the Magis-
trate of Malabar to the Chief Secretary
to Government No. 59 dated 6
July 1856.

In continuation of my report
of

of the 25th ultimo I have the honor to inform you, that I arrived with my Assistant at Betutpoodiangaddy, the Cutcherry Station of Betutnaad on Saturday morning the 27th I found however that the people of the fined Amshoms had not been all collected For this neglect I held the Tahsildar Rama Menon chiefly responsible, sent the Police Gomastah Coma Panikar and the adigharry and Menons of the Talukad Amshom, Krishna Menon and Kunkan Menon are very much to blame These latter Officers had evidently taken no trouble to inform themselves of the truth of the Statements made to them by the Principal Moplahs nor did they during the enquiry aid me at all as they might have done In fact I was compelled to dispense with their services as well as with those of the adigharies and Menons of the three other Amshoms in this Talook as utterly useless The names of the village officers in these three Amshams are in the village of Vaddakaporam the adigharies name Cooly Ramen Menon and the Menons name

name Oonaikah Menon.
In the village of Kulpakuncherry the adigharies name Narania Nosiada, and the Menons name Gopal Panikar.
In the village of Kammanom the adigharies name Veerah Oany and Menons name Coomara Nossada
Had these Officers done their duty my enquiries would have been greatly facilitated, but cloaking themselves under the idea that being Hindoos they could not be supposed to have it in their power to render effectual aid regarding the property of Moplahs, or from worse motives they utterly neglected their duty. In the other Talook Hindoo Officers rendered me effectual aid. I was therefore reluctantly compelled to postpone my enquiry till Monday the 3d.

639

B No. 3623

From the Collector of North Arcot

With reference to Board's letter of 29th August 1855 forwarding with certain observations a list of yeomiahdars in this District prepared in the prescribed form and containing all the information required by the Board except that called for in the foot note of the form. Promises to furnish this information with the Memo required in para 7 of the circular

Sir,

Para 1. With reference to your letter of the 29th August 1855 No. 2264, I have the honor to forward a list of the yeomiahdars in this District prepared in the prescribed form, and containing all the information required by the Board, except that called for in the foot note of the form. This information will be supplied with the Memo required in para 7 of the Circular, of the ratio of lapses among Males and females at ages elapsed by decades the preparation of which Memo is found to be attended with some difficulty, it being necessary to consult the records of many years past. This information also will be furnished as early as possible.

2. The Statement now forwarded shows that the present disbursements under the head of Yeomiah amount to Rupees 1,01,154 - - 3 and that of this total, yeomiahs amounting to Rs. A. P. 62128-12-2 are

are liable to discontinuance on the death of the present incumbents.-

3. The number of persons who were in receipt of yeomiahs in this District was originally not great but subsequently many were transferred from Madras, South Arcot, and other places, and from the Z register which was the first of its kind prepared in this District, and Copy of which was forwarded to the Board by Mr. Graine with his letter of the 29th January 1813, it would appear that the total number of yeomiahs was then 356 and the amount paid annually 7321-14-2-8. In those were included 377 life pensions which have lapsed with the exception 12-27. called in the register "sutwaid pensions" have been transferred to the Chingleput District, 108 hereditary pensions were under the instruction of Government dated 21st January 1813, converted into life pensions and have all lapsed with the exception of seven. In the Register, now transmitted are included the 12 life pensions, above adverted to, seven of the converted pensions not yet lapsed and 141 service pensions

pensions. The discrepancy in the total is caused by the circumstance, that in Mr. Graine's register the number of pensions only was stated whereas in that now forwarded the number of recipients under each pension is given. The amount of yeomiah allowances payable in this District has thus been reduced by Rupees 59050-2-5, since Mr. Graine's register was prepared.-

4. With reference to the measures adopted in this District for checking imposture, I beg to observe that the yeomiah rules are strictly attended to. The male yeomiahdars are mustered once in six months by one of my European assistants, and of the female yeomiahdars those under 50 years of age, have been according to rule, hitherto required to furnish quarterly life Certificates signed by male yeomiahdars, whose yeomiahs are equivalent to, or exceed one half of the allowances of the females who have been also required to nominate, as their Vakeel, on other persons than those in receipt of yeomiahs themselves. With regard to female yeomiahdars above 50 years of age, they have all been in default of personal appearance according to rule deprived of their yeomiahs under the orders of Government dated 6th April 1852. Agreeably to

13th May 56
No 1454

the recent Circular Orders enquiry has been set on foot to ascertain who of the female yeomiahdars are really Goshia women, who on the ground of

are liable to discontinuance on the death of the present incumbents.-

3. The number of persons who were in receipt of yeomiahs in this District was originally not great but subsequently many were transferred from Madras South Arcot and other places, and from the Z register which was the first of its kind prepared in this District, and Copy of which was forwarded to the Board by Mr. Graine with his letter of the 29th January 1813, it would appear that the total number of yeomiahs was then 650 and the amount paid annually ₹32,14-28. In those were included 377 life pensions, which have lapsed with the exception 12-27 called in the register "Sutwaid pensions" have been transferred to the Chingleput District, 108 hereditary pensions were under the instruction of Government dated 21st January 1813, converted into life pensions and have all lapsed with the exception of Seven. In the Register, now transmitted are included the 12 life pensions, above adverted to, seven of the converted pensions not yet lapsed and 141 service pensions

pensions. The discrepancy in the total is caused by the circumstance that in Mr. Graeme's register the number of pensions only was stated whereas in that now forwarded the number of recipients under each pension is given. The amount of yeomiah allowances payable in this District has thus been reduced by Rupees 59050-2-5, since Mr. Graeme's register was prepared.-

4. With reference to the measures adopted in this District for checking imposture, I beg to observe that the yeomiah rules are strictly attended to. The male yeomiahdars are mustered once in six months by one of my European assistants and of the female yeomiahdars those under 50 years of age, have been, according to rule, hitherto required to furnish quarterly life Certificates signed by male yeomiahdars, whose yeomiahs are equivalent to, or exceed one half of the allowances of the females who have been also required to nominate, as their Vakeel, on other persons than those in receipt of yeomiahs themselves. With regard to female yeomiahdars above 50 years of age, they have all been in default of personal appearance according to rule deprived of their yeomiahs under the orders of Government dated 8th April 1852.- Agreeably to the recent Circular Orders enquiry has been set on foot to ascertain who of the female yeomiahdars are really Goshia women, who on the ground of

City and County of George 16th day of September 1856

Before me Alfred Hewett, Mayor of the said City and County of George duly commissioned and sworn personally came and appeared Hy Hall Defendant / named in the foregoing Petition and made oath that the statements therein set forth are true to the best of his knowledge information and belief. And the said Hy Hall further made oath that the Plaintiff Thos Hall Executor named in the said Petition is justly and truly indebted to him in the sum of $3116.67 - 10 - 2 and that the same is now due and owing and unpaid. Sworn to before me this 16th day of September 1856 Alfred Hewett Mayor

2 And the said Defendant also filed his Petition praying for Certain orders and decrees touching the Disposition of the Estate of the said Thos Hall Deceased and that the Executor of the said Thos Hall Deceased might be cited to appear and render an account of his administration of the said Estate and that he might be ordered to pay over the balance found due from him to the Plaintiff as Executor as aforesaid and for such other and further relief as to the Court may seem meet and proper.

3 Whereupon a Citation was issued directed to the Sheriff of this County commanding him to summon the said Defendant Hy Hall to be and appear before the Clerk of this Court on the first Monday in October A.D. 1856 then and there to answer the said Petition of the said Plaintiff Executor as aforesaid which said Citation was duly served on the said Defendant Hy Hall on the 17th day of September A.D. 1856 by reading the same to him in person and delivering to him a true and correct copy thereof and the said Defendant Hy Hall now comes into Court and waives the issuing and service of any further Citation or notice in the premises and enters his appearance to this suit and consents that the same may be heard and determined at this term of the Court without further notice.

4 And the said Defendant Hy Hall now comes into Court and files his Answer to the Petition of the said Plaintiff Executor as aforesaid in which he admits the allegations of the said Petition to be true and prays that the same may be heard and determined by the Court.

And the said Plaintiff Executor as aforesaid now comes into Court and files his Replication to the Answer of the said Defendant Hy Hall denying each and every allegation of new matter therein contained and prays that the same may be heard and determined by the Court.

And the said Defendant Hy Hall now comes into Court and files his Rejoinder to the Replication of the said Plaintiff Executor as aforesaid and prays that the same may be heard and determined by the Court.

And the said Plaintiff Executor as aforesaid now comes into Court and files his Surrejoinder to the Rejoinder of the said Defendant Hy Hall and prays that the same may be heard and determined by the Court.

And the said Defendant Hy Hall now comes into Court and files his Rebutter to the Surrejoinder of the said Plaintiff Executor as aforesaid and prays that the same may be heard and determined by the Court.

And the said Plaintiff Executor as aforesaid now comes into Court and files his Surrebutter to the Rebutter of the said Defendant Hy Hall and prays that the same may be heard and determined by the Court.

And the said Defendant Hy Hall now comes into Court and files his Rejoinder to the Surrebutter

or otherwise of executing works, and other matters, are constantly occurring and require the attention & consideration of the Collector, whose duties have also been greatly increased, and will for some time continue heavy, from the arrangements ne-
cessary to carry out the orders for the levy of a fair tase for the use of the water supplied from the noble hydraulic en-
works lately constructed in this Province.—

6 Statement B shows exctents of the English and Vernacular correspondence conducted by the Collector himself
Papers addressed to, or sent by, his Subordinates, by, or to the local Officers are not included.—

7 For purposes of Police, the Province is divided into 19 Talooks or Police Divisions; 14 under the Tasildars of e-
Talooks in their capacity of Heads of District Police, and 5 Police Divisions in Zemindary estates in charge of Darogas
Of these, 5 are under the immediate orders of the joint Magistrate, who is also the Sub Collector, and over whose pro-
ceedings the Magistrate only exercises a general supervision - The remaining 14 Talooks or Divisions from the e-
Magistrates' charge - The Magisterial and Police duties connected with 8 are at present performed by the Head
Assistant Magistrate under the supervision of the Magistrate; The details of the remaining 6 Division are
conducted by the Magistrate himself, Gang Robbery and the more heinous crimes are not common, except on
when disturbances occur in the hill Talooks which was the case last year - The crimes of House breaking and
theft are the most prevalent, and the number of petty cases of various Kinds brought before the Police,

is very considerable - The Magistrate and his Subordinates have to exercise a general controul over the
proceedings of the Native Officers to dispose of references and of cases the records of which are sent up
under Section II Regulation IV of 1821 and Act XXXIII of 1837 where a greater degree of punishiment than
the Head of Police is empowered to inflict, appears to the local officers to be called for, and
dispose of appeals against the decisions of the last named Officers - In the past years
57 cases were personally investigated and dispased of by the Magistrate in addition to the
above work:—

8 The multifarious duties, besides those specially belonging to him as such, which en-
devolve on a Collector, Magistrate, in this Country are too well known to need capitulation in detail
Today he has to find carriage and supplies for a Regiment, and tomorrow to listen to the complaint
of a traveller whose morning tea may have got cold while waiting for the milk - He posts bearers
for travellers, is the recipient of all their complaints, well founded or not as the case-
may be, and finally has often to dun them for batta or hire due to the bearers.—

No 1

2 The Board observe
that the object of this return is to
shew how many officers hold authority
distinct headings of Revenue and
Police are therefore out of place.
To Tinnevelly only 3 You will at the same time
be pleased to explain why Village
Monneyffs have not been included
in the number of Village officers.
I am desired to point out
To Malabar only 4 that the amount of Revenue and
the number of contributors to it in
1833 have not been given. You are
therefore requested to furnish this
information when transmitting the
return now called for.

Revenue Board Office
Fort St. George
