No 42.

To

J. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort St George

Sir

B. No. 1750.

From Collector of Salem

I have the honor to submit my report on the Settlement of the Land Revenue for Fusly $\frac{1265}{56-57}$, with the annual and the quinquennial Statements in English. The former Statements have been prepared according to the forms received with the late Government Secretary's Mems; dated the 23d August 1856; and the latter according to the forms received with his letter dated 31st March last.

2. The delay in submitting my report for this fusly is owing in part to the difficulty experienced by the Village Curnums in preparing the accounts for the first time according to the new formes.

The

Season.

3. The Season for the year under report was a favourable one. In May, at the begening of the cultivation Season, there was a general fall of rain throughout the District. In the month of June and July there was seasonable rain in nine out of the 14 Talooks. In the Talooks of Vaneul, Paramuty, Trichengode, Triputtoor, and Tengaracottah, the rain failed, but this was in some degree counterbalanced by the heavy rain that fell throughout the District in the succeeding months down to October. In the months of November and December there was again a general fall in all the Talooks, except Denkencottah and Raiyapoor. The tanks received a sufficient supply of water for the wet crops. The outturn from the dry crops was a fair one, excepting in a very few places, where the pulse crops, such as Horsegram, Bengal gram, Oil seeds, &c. partially failed, owing to the early land winds. On the whole, the entire outturn of the crops, both wet and dry, was

much more than enough for local consumption, but owing to the demand for grains in other Districts, there was no material fall in the high prices which commenced in July of fusly 1266.—

4. In the more heavily assessed portions of the District (the 8 Talaghat Talooks) the reduction of 12½ per cent on all dry lands assessed at Rupees 1–5–3 per acre and upwards, the same as in the preceding fusly, was a great relief to the ryots. A large extent of waste land was brought under cultivation in the year, both in the lower and the upper portions of the District. This may be ascribed to 3 causes,—to the reductions in the assessment, to the large sums expended by the Railway Company among the labouring classes, and lastly, to the favourable character of the Season.—

5. The District was not free from epidemic diseases during the year.—

In the months of July, August, March, and April,—

there

there was much cholera, particularly at Salem where the mortality was far greater than that of last year. In the 2 talooks of Erngaracottah and Salem the cattle suffered from murrain, and a large number was carried off.—

Statement No 7 shewing the places where the Summary was made.—

6. The Statement noted in the margin shows that at the time actually occupied in settling the Collector's division was 2 months and 6 days, and a month and 16 days in settling the Sub division. Out of 14 Talooks, 12 were settled in one or more places within the Talook. The talook of Erngaracottah was settled at Mullur which is just beyond the limits of the talook and the Talook of Wonalore at Kuttumpully close to Salem. These places were chosen

as best suited for the health of the people while cholera and fever were prevailing in the two talooks.—

Statement No 8 shewing the commutation and current prices of grains.

Paras 11 & 9.

7. The commutation rates at the Survey for the Poonjah and Nunjah provinces are entered in the Statement noted in the margin. A full explanation has been given regarding these rates in my last two reports. The average price per garce of Nunjah province in fushy 1266 was below the average price in fushy 1265 by Rupees 10—12—3 per cent; and it exceeded the average price of the preceding ten years by Rupees 24—10—11 per garce. The average price of the Poonjah province per garce in fushy 1266 was below that of fushy 1265 by Rupees 7—11—1 per cent. It exceeded the average price of the preceding ten

ten years by Rupees 20–12–11 per garee Com=
=pared with the commutation rates the price
in fusly 1266 exceeded the commutation rates
in the one case by Rupees 17–11–7, and in the
other by Rupees 23–9–7.–

8. The subjoined Abstract exhi=
=bits the average price of the 7 different
kind of grains entered in the new form, com=
=pared with the average price for the
same description of grain in fusly 1265.–

Demand for Fusly 1265		20,24,950 [illegible]
Net Increase		126741 [illegible]

The

Enclosure A. of Statement No 3 shews in a comparative form the extent of cultivation and Settlement.

10. The Statement noted in the margin exhibits an increase of acres 95,005 in the extent of Dry, Wet, and Garden cultivation, and a proportionate increase of Rupees 1,77,225 — 2 in the assessment. If to this amount is added the "additional assessment" and the assessment levied on second crop lands and other sundry items, the total Ryotwar Beriz for the year under review amounts to Rupees 1,82,051 — 10 — Deducting from this amount Rupees 56,914 — 7 — 11, being the increase in the remissions made in this Fusly, there appears a net increase of Rupees 1,25,136 — 8 — 11 in the Ryotwar Beriz for the Fusly under report. This was owing to large tracts of waste land having been brought under cultivation in the Fusly.

17 In statement 4 under the head of customary remissions a sum of Rupees 24-8-0 is entered as "Neercoaly" This sum was charged to the Ryots of Woraviundoor, which formerly belonged to the Trichinopoly District for using the water of the Moganoor Channel Before the village was transferred to this District. this sum was deducted by the village authorities of Woravundoor from the Beriz and paid to the village authorities of Moganoor in the accounts of which village the sum was credited under the head of "Neercoaly" Since the village of woravundoor was transferred to the Salem District, the practice of deducing the Neercooly in the account of woravundoor has been kept up As this arrangement is no longer necessary, I propose from next fusly to credit Woravundoor with its full Beriz without making the above deduction.—

18— The Beriz under the head of sundry items in the last fusly amounted to Rupees 88,105-12-4

Beriz for the present fusly amounts to Rupees 88,598-5-0 which is more than the Beriz of the last fusly by Rupees 492-8-8.—

The remainder Rupees 384-12-3 is the actual increase derived under this item of Revenue in the fusly under review This increase is owing to a large number of productive trees having been taken up in this fusly.—

The

Statement No. 5 shews to what extent remission has been made on withered crops.—

19. The Statement noted in the margin is left blank as no remission was made on withered crops in the fusly under report

Statement No 6.

20. The Statement noted in the margin shews the extent of land held on permanent, and progressive Cowle and the assessment levied thereon.

21. The Subjoined Abstract exhibits in a Comparative form the Cowle Beriz and the remission made from it:—

Fusly	Cowle Beriz	Remissions	Net Beriz
1265	69,950 3 4	41,838 2 10	28,112

Net Increase	62,038 15 1	44,137 6 6	17,901

The above Abstract shews a net increase of Rupees 62,038–15–1 in the Cowle Beriz above that of last fusly and a corresponding increase in the remissions, amounting to Rupees 44,137–6–6. This is owing to the increase in extent of waste land taken up for cultivation on Cowle tenure in the present year. Under the head

of Cowle remissions, amounting to Rupees 83,975–9–4, remissions made for Cowle lands on account of deaths or desertions, are included—

Statement No. 7 shews the cultivation of Sugar Cane, Cotton and Indigo.—

22. The following Abstract shews in a comparative form the extent of land cultivated with sugar cane, cotton and Indigo, and the amount of Revenue realized from each of those items

23 Under the head of Sugar cane cultivation there appears a net increase of Rupees 137–2–15–11. This increase was derived from Jairy Moottah where an increased extent of land was cultivated with Sugar cane in this fusly. Under the item of cotton cultivation there appears a

a decrease of Rupees 6050-6-7, in the Jury Mottahs, against an increase of Rupees 9536-2-7, in the Amany and Enam portion of the District which gives a net increase of Rupees 3485-12-" under this item of cultivation for the present fusly. Under the last item of cultivation jindigo the decrease for the present fusly is Rupees 629-15-1, This decrease was owing to a partial failure of rain at the proper season for the cultivation of the indigo plant.

24.- The decrease of Rupees 1338-1-3 under the items of Ayen Maturpha is owing to a number of persons liable to the Maturpha tax having turned to pursuits upon which taxes are levied, and to the desertion or indigence of ryots charged with that tax.-

25. I beg to take this opportunity of referring the Board to my report dated 28th March 1855 No 34, in which I brought to notice certain objectionable items in the Maturpha tax, and requested the

Statement-No 9 shews the particulars of the Current Demand on account of Extra Revenue & Interest:

29 In this Statement- there is a gross increase of Rupees 7[illegible] under the several heads of Land Revenue, sundry sources, stamps and Interest.— This increase is owing to the usual fluctuations under the severall items not

several items of Ryatwar Mathpha, and Extra revenue, are accounted for in Paras 19, 24 and 29—32.

Enclosure B of Statement No. 10 shews the extent of cultivation and the average assessment per acre.

This statement shews that the average assessment per acre on dry lands is Rupees 1-6-7— On wet lands Rupees-4-3, and on garden lands Rupees 4—2—8 The assessment entered in Column No. 3) Survey assessment) includes subsequent remissions amounting in the aggregate to Rupees 41,048 Viz:t remissions made by the late Collector Mr. Hargrave in Fusly 1228 in the Talooks of Namacul and Paramuty on nunjah lands and the Cavery Channels, 2d remissions made on dry, wet and garden lands in the two Villages of Tiruvalamunnasamoodram and Vadgavayattoor in the Paramuty Talook in the year 1854, and lastly remissions

on well garden lands in Fusly 1265— In Column No. 4, the above remissions are deducted from the Survey assessment.

Statement No. 11 Shews the Demand Collection and Balance of all Sources of Revenue Current and arrears.

44 The sum shewn in Col.11 of the Abstract Rupees 18,605-3-7 includes the sums which I propose in my settlement Reports for fuslies 1264 and 1265 to strike off and the sum which I propose to reset in this fusly. The particulars are given below.

Vide Para 81 of the Settlement report for fusly 1264 and Col. 10 of the abstract appended to para 37 of the Settlement report for fusly 1266.

45 As the several sums shewn in Column No. 11 cannot be realized, I beg that Sanction may now be obtained to strike them off from the publick accounts.

Enclosure A of Statement No.13 shews the Extent to which Coercive process was employed in the Collection of Revenue.

46 This Statement shews that the Revenue collected by coercive process in this fusly amounted to Rupees 325-9-8, and that the number of cases in which coercive process was employed was 13.

Statement No.14 shews the Particulars of gross Collections and charges under the different heads of Revenue.

47 This Statement shews that the arrears collected on account of past fuslies amounted to Rupees 18,469-14-2, which gives an increase of Rupees 8,042-10-1 over the Collections under the same head in the preceeding fusly. This increase was owing to some delay in the collections at the close of fusly 1265, and to the large amount of arrears outstanding at the beginning of fusly 1266. It also shews that the Collections on account of Current Demand amounted to Rupees 1,74,259-13-7, which gives an increase of Rupees 11,851-8-10 over the Collections of the preceeding fusly. This increase must be ascribed to a corresponding increase in the Demand for the present fusly and to the Ryots having paid their Rists

Rists more regularly in this fusly than in the previous one. Under the head of Salary to Collectors there is an apparent increase of Rupees 9944-5-- This increase was owing first to the entire Salaries of the Covenanted Officers in the Revenue Department having been charged in the accounts within the years. 2dly to an increase on account of deputation allowances; and 3dly to certain arrears of pay due to Mr. Hodgson, the late Head Assistant Collector, for fusly 1265 having been debited in the accounts for that fusly - The increase under the head of Hoozoor and District Establishment, amounting to Rupees 3-4, is owing to the Salary of the Hoozoor and District Establishment for the month of June in fusly 1266 having been debited in the accounts of that fusly - The above reason applies also to

increase of Rupees 758 in the contingent charges.

Statement No. 18 shews the entire number of Villages and hamlets in the District.

48. The following Abstract exhibits in a comparative form the entire number of Villages in the Amaney portion of the District.

Items	Fusly 1265	Fusly 1266	Increase	Decrease
Ryotwar Villages	4747	4752	6	1
Moturph Villages	0	1	1	0
Villages in Shares	141	141	0	0
Sodigly and Enam village	167	167	-	-

49. The increase in the number of ryotwar villages from 4747 to 4752 is owing to one additional village and 6 additional hamlets in the Wonalore Talook having been brought to account. It appears from certain old records that these villages were in existence at the time of the Survey - Shortly afterwards they were deserted, e

bat

but in fusly 1250 the Villages were again inhabited and the lands brought under cultivation. From this time the Beriz of these villages was erroneously brought to account under the head of Sevoy Summa, or Extra Revenue, until the close of fusly 1264 at the Settlement for fusly 1265 this error was rectified, and the Beriz was brought to account under the head of Ain Beriz that fusly, though the villages were inadvertently omitted in the proper Statement. The village entered under the head of Mala-pha in the Abstract given above is the Curbah of Darampoorpa is purely a Mutturpha village. The village has been hitherto shewn under the head of ryatwar as there was no provision in the

old forms for shewing the Mutarpha villages under a distinct head.—

Enclosure 1 of Statement No. 15 shews the number of villages and hamlets in the Jary Mootahs & Poliputs.

50. The subjoined Abstract shews the entire number of villages in the Jary Mootahs and Poliputs in a separate form.—

Statement No. 16 shews the number of Ryats, Puttah Ploughs and Cattle.

51. This Statement shews that the number of ryats is 220780, the number of Puttahs 167333, the number of Ploughs 92680 and the number of Cattle 490389.—

52. The subjoined Abstract shews the number of Ryats, Puttahs, Ploughs, and Cattle, in the above Statement, compared with the census taken in fusly 1264

Statement A 20 shews the Circar and Enam Ayacut and the Cultivation in the District for fusly 1266

57 From this Statement it appears that the total Ayacut of the District is acres 27,999 84 — 24 — which is acres 1,34,923 more than the Ayacut given in the Statement which was forwarded to the Board in fusly 1263 Vizt This large increase arises from the following Cause. In fusly 1263 the Ayacut accounts from some of the Talooks contained merely the Survey extent — In this fusly excess and deficiency discovered by remeasurements subsequent to the Survey have been taken into account. The Circar Ayacut after deducting the Porumbokke and Enam land amounts to acres 1,30,977 31 — 38 — 10 Deducting from this the arable waste. Vizt acres 4,31,588

the cultivated area as it existed at the Settlement of fusly 1266 Amounts to acres 8,78,148 — 36 — 5 Assessed at Rupees 16,63,361 — 8 — 10

Mr. J. W. B. Dykes 5 months & 12 days.
Mr. H. M. Grame 1 months and 28 days.....
Mr. G. R. Sharpe 4 months
Mr. F. C. Carr 4 months and 10 days.....

The names of the Officers employed in the District during the year are entered in the margin, and the period each Officer served I had every reason to be satisfied with the way in which the two Gentlemen who filled the Office of Sub Collectors performed their duties Messrs Grame and Sharpe were each employed for very short periods before they were transferred to other appointments and the Junior Assistant Mr Carr. who but recently joined

joined the District has not as yet passed his first examination

No 85.

To,

H. A. Brett Esqre
Collector of Salem

Sir,

I have the honor to report upon the Settlement of the Land Revenue for Fusly 1266 of the four talooks of Namcul, Paramaty, Trichengode and Senkerry Droog talooks which form the Sub Division of this District, Having only joined the district on the 13th Ultimo I am naturally unacquainted with its circumstances and shall add but few remarks in explanation of the Statements which are submitted.

2 The Jummahbundy of Namcul Paramaty and Trichengode talooks with the exception of one Village in the last mentioned was conducted by the late Acting Sub Collector Mr. Gordon That Officer having been nominated to another appointment at Canara

Season—

10. The rains setted fell in Bruary enabled the Ryots to commence cultivation in the dry lands and irrigated farm wells the supply in Tunel and Tubs was short and the rain in August although agood supply was not sufficient to make up for the short coming of the previous two months—The crop fully in the Canneny Channel was a Failure

Cattle &c. 11 The season cannot be said to have been healthy— Cholera prevailed more or less in all the Talooks, and the former Cattle suffered much from the high prices which obtained, Manure of Sheep, was also much sold by the cattle.—

Prices of Grain 12 The average prices of grain are given in the subjoined Statement—although Cavan than they were last Fasly with the failure of rain which has been experienced for the last few years the crops have been deficient— and the prices are so high that the Ryots are not profited the Merchants to carry materials degree— the export of grain to the neighbouring Districts has also enhanced prices

Actual cultivation.—

14 The actual extent of land brought under cultivation during this Fusly as entered in the Statement No. 3 enclosure B, is acres 2,12,628, assessed at Rupees 4,47,782-5-8 which on comparison with the preceding Fusly exhibits an increase of Rupees 56,995-. This increase has arisin in consequence of the encouragement given to the Ryots for the last two Fuslies to take up waste lands on lowle and full assessment by the grant of temporary remission of Rs 12-8 per Cent in the Assessment on dry lands and by the reductions made in the Poonjah garden irrigated by wells— The present high prices as also the knowledge that a permanent reduction in the Assessment on wet and Dry lands is under the consideration of Government have tended to increase cultivation verry considerably

Remission on the cultivation.

16 The subjoined abstract exhibits the remissions allowed on the cultivation amounting to Rupees 87,063-7-11 which on comparison with the preceding Fusly shows an increase of Rupees 19,226. this is chiefly owing to the remission of 12-8 per cent in the assessment of dry land to the reduction allowed for a considerable extent of waste lands brought under cultivation with reference to the provisions contained in the Cowlnamah and to a larger amount being deducted on account of charges of the establishment of the Amany villages the Beg of which increased during the year - There is no necessity for making a large remission for Shavy and uncultivated wet lands - the want of water in the tanks was not much felt. The decrease in the remission on pasture lands has arisen from the Ryots having taken up those lands for cultivation.

Bd. No. 826

To,

G. S. Forbes Esqre.
Secretary to the
Board of Revenue
Fort St. George

From the Asst. Collr. of Tanjore.

Replies to the requisition of the Board for further information relative to the remission recommended on the 10th Instant.

Sir,

Para 1 I have the honor to reply to an Extract from the Proceedings of your Board dated the 13th Instant No. 622 on the subject of the remissions to be granted under the present peculiarly adverse circumstances of the Season.

2. The Board will observe on reference to my communication of date the 10th Instant, that as a means of inducing the Tanjore Ineraisdars to cut their own crops, thus partially to escape the evils of a division of Produce, I solicited as an unusual and special measure, specific permission from the Board, to deduct the assessment on Kunjah waste and unproductive lands in the Oloongoo Villages and in those on which only the gross

gross basis has been fixed. The Board, however, call for information as to the amount of Revenue involved in these measures, but it is not clear from the wording of their Proceedings whether, pending its submission, they contemplate the adoption by me of the course which I had ventured to recommend.

3 The crops are now ready for the sickle and are even over-ripe, but the Ryots are holding back from harvesting them being deterred by the prospect of a deficient out-turn and the fear, if they commence reaping, of being saddled, under the rules of the Oungo Settlement, with the full standard demand including the assessment on land they have not cultivated and such as, though cultivated, will not, owing to the character of the season, yield them any return. Under the pressure of the prevailing scarcity, depredations are being committed on the standing crops by the cullers and others of the lower classes of the Population, and every day's delay therefore in cutting the crops, adds to the loss of both the Ryots and Government.

4 Though the time for action has thus come and it is of the highest importance to afford every facility for the progress of the harvest under the peculiar difficulties of the season, and although the matter would better have been settled without the delay of a further reference to the Board, still I do not feel at liberty, under the terms of their Proceedings under acknowledgment, to take any decisive steps in the matter.

5 It is not practicable at present to state with precision the amount which will have to be given up on account of Punjah waste and unproductive lands in the Oloongoo and gross rented Villages. Out of the 6000 valies, however, of waste this year, about 4300 valies, as nearly as I can estimate, belong to the above classes of Villages and about 1,25,000 Rupees will therefore, I think, have to be given up on account of waste. It is useless,

N Rs.
4300 × 30 = 129000

I

I submit, at the present early stage of the harvest, to attempt to estimate the loss on account of Nuttoopaul or unproductive lands, but I propose to extend to the above Villages, the rule which, in those that are Field assessed, declares all lands to be unproductive which do not yield more than 20 Cullums a valy.-

Mr. of Le. 11th. June 57 Para 23

6 The Board will observe, if they refer to the correspondence noted in the Margin, that the same measures for which on the 10th. Instant I sought sanction, were adopted with their concurrence under very nearly similar circumstances in Fasly 1263, in order to facilitate the harvest, and that permission having been asked for and accorded by the Board on that occasion in general terms in the first instance, it was not till the month of June that statements of the pecuniary results of the remissions granted could

To Bd. 20th. Feby. 54
From do 27th. —Do.—

7th. June 1854

could be laid before them.-

7 The Board may rely on my hereafter submitting full accounts of the amount of the deductions, but as the Total assessment involved in the measure, will not, I apprehend be allowed to affect the principle on which the concessions for which I apply, are granted, I respectfully request that I may at once be authorized to make the remissions for which I have sought authority-

First- On Punjah waste lands.-

Secondly- On what are called Nuttoo= =paul or unproductive lands.- the minimum of Produce entitling a Ryot= =ryot to remission under the latter head being fixed at 20 Cullums a valy, as in the case of Field assessed Villages.-

8 In according the above relief, those only will be considered as entitled to the indulgence, the produce, of whose lands

lands in Oloongoo rented villages may not exceed 70% of the Standard and in those grofs- rented 60% as the latter derive all the benefit of high prices.-

9 The extent of Poonjah shown in the Candarumbeum Villages will be carefully ascertained and reported hereafter In the mean time I shall avail myself of the Board's permission to use my discretion regarding the Kists now falling due.-

I have the honor to acknowledge

the receipt of Extract from the Proceedings of the Board dated the 3rd Instant No. 651, and as thereby required I will explain more fully the nature of the Yakakoshem tenure.-

2 The Yakakoshemi tenure is that where a whole Village - Nanjah Poonjah and Garden lands, with all the waste embraced within the boundary, has been purchased years and years ago by any one individual - who becomes the sole proprietor, and either cultivates himself, or lets out the land to others on rents as his tenants at will. The pottah being made out in his name, so that his tenants have no claim whatever.-

The yakakoshakaren renders to Government the full teerwah for all the cultivable land.-

3 But in the case of Dry - yakakoshem Villages, where the Poonjah lands cannot be cropped year after year, it

it is usual to charge the fallows and waste lands, with the grass tax, and thus even in this case the sole proprietor pays a tax for all land, excepting the Parambokes of his Village.-

4 This Village of Tinnaconam was purchased at a very remote period by the husbands of the present proprietors - And like other Villages held on this tenure, the sole owners render to Government the full tax demandable, and no remission or deduction is allowed. Full teerwah being assessed on all cultivated land, and grass tax upon the entire waste - No portion in fact is held free of tax.-

5 I am of opinion, as stated in my former letter that these petitioners cannot be created holders of pottahs and if they require the waste lands for Cultivation, they must rent from the

the Yakkakoshakarrs.-

Sir,

I have the honor to acknowledge the receipt of a letter from the Register to the Court of Sudder Adalut to your address under date June 19th last accompanied by Extract Minutes of Consultation under date 4th March 1857 as also your letter of this day calling for an immediate report

report on the subject of the above Circular of the Sudr Court
I reply Shave the honour to observe
that my means of noting the operation of Act XXVIII of
1855 is extremely limited So matters to which it re-
fers come officially before me and I can only judge
of its value by a Knowledge of the particular object
in view when it was enacted and of the effect it
may have had on dealings between parties as gather-
ed from those most likely to have information
on this point.

Not having been furnished with the
arguments on which it was deemed expedient to repeal
the usury Laws I cannot tell how far the proposed
objects have been attained but the principal effect
observable since their repeal is, that engagements are
entered into according to the position of the borrower
and the value of money in the market at the time
and subterfuges and chicanery are no longer necessary
to enable a man to get his moneys worth. The usury
Laws were in fact easily evaded and I believe
actions brought on bonds unsecured by mortgage
of land were / under the usury Laws / seldom
founded on the original assessment between the
litigants unless interest for the period the bond had to
run had been first deducted from the principal lent
or calculated and entered in the bond in addition to the
amount

amount really lent to the borrower Otherwise most
bonds exhibited in reality interest and principal of old
debts clubbed together / whatever the rate might
have been / with 12 per cent as interest payable
thereon

Now at any rate whatever is done
can be done openly, but I must observe with regard
to all transactions in which land is the security the
interest claimable perhaps has been and will be
under and often very much under the limit al-
lowed by the usury Laws. This is however quite
unconnected with the subject under notice being
the result of the ever increasing value of landed
property and the general prosperity of Canara
Money can therefore be borrowed
on first rate landed security as low as 4 or 5 per cent
and it is probable that reference to Suits now before
the Courts will bear me out in this

Sir.

B. No. 378. From the Collector of Rajahmundry

Reporting with reference to the Minutes Consultation of the 10th Ultimo relative to the Claim of Soobareddy of Sirevaka in the District of Rajahmundry

I have the honor to acknowledge the receipt of the Extract from the Minutes of Consultation of the 10th Ultimo directing me to report on the claim of Soobby Reddy of Sirrivaka to compensation on account of the prohibition to levy tolls on the Godavery.—

2. The party referred to by Lieut. Haig in his letter to the Chief Engineer is the Coroconda Soobbareddy of Coratoor referred to in my letter to the Commissioner Northern Circars of the 18th February 1850.—

3. It therein stated that the Petitioners founded their claim on immemorial Custom and a Puttah from a former Zemindar of what was called the Reddy Shema. That during the administration of a former Collector the rofsoons payable to C. Soobbareddy were on one occasion attached, but that the attachment was subsequently removed and orders issued to

to allow him to collect the same as usual. Certain sums realized under the management of the Government Officers were paid to him.—

4. In para 7 of my letter I gave it as my opinion that under the circumstances of the case the parties were entitled to compensation, and suggested that a small annual payment should be made to them during their lives.—

5. The Commissioner however did not feel justified in recommending that compensation should be granted in consequence of the collections of the fees having been disallowed, and as I was not aware of any circumstances in the case of the parties in question other than those I had already detailed nothing further was done.—

6. Coroconda Soobbareddy has lately I regret to say so conducted himself as to deprive himself of any claim to consideration. At the head of a large gang he, under circumstances with which Government have been made acquainted attacked and plundered the Village of Nagavaram. He with his son and a body of 300 Armed men surrounded a Village in which my Head Assistant was at the time compelled him to give up to them the Monsiff of the above named Village and certain prisoners who had been apprehended Soobbareddy and his son have since perpetrated other acts of lawless violence and been in arms against the Officers and troops of Government.—

B° N° 5061
From the Collector of Salem

Sir.

I have the honor to acknowledge the receipt of the Board's Proceedings of the 1st September 1857. N° 2956. reviewing a petition addressed to them by Mr Fischer, enumerating various instances in which he conceives that the Committee of the Salem Exhibition for 1857 have wronged him, and calling for the sentiments of the Committee on some of the points touched upon by Mr Fischer.

2 In regard to the 1st point complained

complained of by Mr Fischer, "that the Jurors "withheld from him the prize offered for any "new dye of real value." I beg to state on behalf of the Committee, that the Jury for the dyes, consisting of Messrs Gordon, Richardson and two respectable natives, gave their opinion that Mr Fischer was not entitled to a prize for exhibiting Koosoomba as a new dye of real value on the grounds that the dye was a very ordinary kind and in common use among the people, and was therefore deserving of no particular mark of distinction. a Majority of the Committee having concurred in the opinion of the Jury no prize was awarded to Mr Fischer for the Koosoomba he exhibited.

3 In regard to the 2d point of complaint viz: "that a Bull exhibited "by Mr Fischer and pronounced to be the "best, as also a mare, were refused prizes" I beg to state that the Committee were unanimously of opinion that Mr Fischer having

Fort St George 23d February 1858.

having once obtained prizes for these two animals he was not entitled to a prize for exhibiting them a second time. no prize was therefore awarded to Mr Fischer for the Bull and the more he exhibited.

4 In regard to the 3d point, that in "Nos 38, 39, and 40 (Cotton) the Jurors considered "the 2 prizes to be offered for the two best "exhibitors in all not each of the Nos, and "that while he produced samples of 4 different "descriptions of Cotton, and, at the instance "of the President, in opposition to the "other Members of the Committee, was adjudged the 1st prize, the 2d prize was given "to a competitor who brought forward a small "quantity of Oopsum Cotton less than that "required by the prize list."

5 I beg to state that through an omission of the word each in the English prize list, the Jury were of opinion that the 2 prizes offered for Nos 38. 39 and 40 were for the 2 best exhibitors in all and not each, but

Fort St George 23d February 1858.

but the Committee, on the matter being referred to them, decided that the 2 prizes offered were for 2 exhibitors in each - and not in all. The Board will observe from the list of prizes appended to the Secretary's report† that the 1st prize in each of the 3 Nos (38-39, and 40) was awarded to Mr Fischer. Mr Fischer therefore had no real ground of complaint on that point.-

† Forwarded with the Collector's letter of the 13th Jan 1857 No 145.-

6. In regard to the 3d prize in Oopsum Cotton, I beg to enclose Copy of the remarks made by Mr Gordon on the subject. Mr Gordon was one of the Jury for the Cotton. The Jury proposed that the 1st prize offered for the Oopsum Cotton should be awarded to Sunkappa Reddy of Nanknd with reference to the very superior quality of the Cotton exhibited by that person — All the Members of the Committee agreed with the Jury in this respect, but as the quantity brought by Sunkappa Reddy was below the quantity required by the prize list,

5

I (as President) awarded the 1st prize to Mr. Fischer and a prize of 50 Rupees (double the 2d prize) to Sunkappa Reddy. All the Members of the Committee were unanimously of opinion that Sunkappa Reddy had a fair claim to this award.

Mr. James Fischer having recorded at length his reasons for supporting the claims advanced by Mr. J. & F. Fischer, a Copy of his Minute is enclosed. —

No. 1.

Memo.

I am of opinion that the grievances brought to the notice of the Board by Mr. Fischer are perfectly just for the following reasons. —

1. I was one of the Sub Committee appointed to receive and arrange the articles for exhibition and can therefore assert

assert that with the exception of the dyes enumerated in the Prize list Koosoomba (safflower of which Mr. Fischer exhibited two hundred in large quantities) was the only new dye of real value and therefore was deserving of a prize.

2. A prize was withheld from Mr. Fischer for Indigo, because it was considered inferior to the Cuddapah or Vellore Indigo. The question was not whether his Indigo was so good as, or better than or inferior to any other Indigo in the world. Two prizes were offered for the best Specimens brought to the Salem Exhibition the jurors will not, I believe, disallow that Mr. Fischer's was the best sample exhibited, if so, it was entitled to a prize. The only condition that two Maunds of the dye should be exhibited was complied with. The Indigo exhibited was obtained from the grand leaf by the Bengal mode of manufacture and similar samples generally fetched from 5 to 6 the lb. in England.

Prizes

Fort St George 25th February 1858

3. Prizes were refused Mr Fischer for a Bull and Mare that he exhibited on the ground that they had competed successfully at the previous Exhibition. The published Prize lists specified no such conditions, or it would have been abided by, on the contrary, they declared the prizes open to all competitors unconditionally. If therefore the Bull and Mare exhibited by Mr Fischer were the best as the Jurors adjudged they certainly ought to have gained prizes.—

4. That the prizes offered for the Cotton were for the best specimens of each kind and not for all together there can be no doubt. The very wording of the prize lists (a copy of which I append for reference) will prove this, though the circumflex without the words for each kind which are evidently left out inadvertently is likely to mislead. and this is further borne out by the Tamil prize lists (a copy of which I append also) which distinctly state "[illegible]

Fort St George 25th February 1858

Dry Cotton" / 2 prizes of 75 Rs & 25 Rupees for each kind.)

5. The 2d prize for Cotton was awarded to a competitor who brought a small quantity of Oopums and not 5 maunds as the Lists specifically required. The condition was complied with by Mr Fischer and he was therefore fairly entitled to the prize.—

Lest it should be argued that I am an interested party I have been the more anxious simply to adduce facts. none of which I submit can be gainsayed

No

I regret that Mr Fischer's petition does not accompany the Board's Proceedings, the united efforts of the Committee might possibly have succeeded in producing a counter irritation, thus neutralizing any ill effects supposed to arise from

from the obnoxious nature of the remarks it contains. It appears unnecessary to notice Mr James Fischer's remarks about the indigo as the non award of a prize for the specimen he exhibited does not seem to be included in the list of Mr Fischer's grievances. I was a Member of the Jury of the dyes with Mr Richardson and we were both of opinion that Mr Fischer was not entitled to a prize for the "Koosoomba" he exhibited, in as much as this article was pronounced by the Native jurors and others many of them dyers and weavers by profession, to be a dye of the most ordinary description in common use among the people, and as such undeserving of any particular mark of distinction admitting that the "Oppum" Cotton produced by the exhibitor a ryot who obtained the 2d prize might have been somewhat deficient in quantity, in quality it was so superior that I

proposed in the first instance conferring upon him the first prize, or at all events of dividing the honors between him and Mr Fischer equally, but in this I was over ruled and the 2d prize was awarded, to which in my opinion he was fully entitled. With respect to the Bull and Mare, Mr Fischer it seems, desirous of deriving a permanent annual income by the exhibition of these two animals, a laudable ambition no doubt, though scarcely compatible, if conceded, with the objects of an agricultural exhibition. Moreover, it has been more than once suggested to me that the mare was bred in the neighbouring gillah and not in this division. On the whole my impression is that there exists no substantial grounds of complaint against the decision of the Committee. It may perhaps be as well to add that the Jurors against whose award Mr Fischer appeals were nominated or selected by himself.

A peon ministry		5	" "
A Cumcopoly		3	" "
		18	8 "
or for 5 roads			92-8-"
		Total	1259-11-"

2 It is not probable however that for the first month more than two or three hundred will be employed. I would propose

*5 in number

would propose that for the present each Talukdar be instructed to employ 200 persons under the orders of the Public Works Department.

3 This aid from Government will probably be needed till the harvest of the second crop cultivation which occurs in the month of July.

4 The only other expense that will have to be incurred is the purchase of tools and baskets.

5 The work on the roads alluded to in Para 1 of this letter will easily come under European supervision

From the Sub Coll^r in charge Coimbatore } Referring to Extract from Proceedings of the Board of Revenue N° 55 dated 5th Instant concerning the Sub Collectorate Outcherries and Travellers Bungalow at Carroor, in para 11 of which the Collector is called upon for his opinion as to whether it would be best to build a new Travellers Bungalow and whether a healthier site is easily procurable, I have the honor to report that the Board's conjecture that the site of the present building is in every respect ineligible is quite correct and that there would be no difficulty in obtaining a healthier site to the east of the present Bungalow

2 The present site could not be materially improved; the bank that might be made to seek another standing

standing place but the offensive channel could not be turned. the Bungalow stands at about 50 yards distance from the eastern bank and the town closely lines the western bank; the low and unhealthy nature of the spot is an abiding objection.

3 A second class Bungalow will answer all the present requirements of the line, though it is probable that with the increase of Europeans and growth of the settlements on the Nielgherries the number of Travellers on it may increase, good sites can be obtained beside the Nielgherries road to the east of the present locality

Translation of an Urzee presented by Anantaya late Tahsildar of Oodipy to J. D. Robinson Esqr acting Collector of Canara dated 1st October 1857.

Agreeably to order No 67 received from your honor, I beg to state as follows. While I was Tahsildar I addressed 2 Petitions officially to the Collr praying that the full pay of my office may

may be given to me, but no orders were passed on them as your honor is aware of about the same time I addressed a Petition to the Sub Collector Mr Parker who passed an order directing me to apply to the Collector This order I beg to enclose After the final order for my dismissal was passed on the 2d August 1849, I addressed a Petition to the then Collector Mr Blane in English and in his being appointed Member of the Revenue Board and while about to leave this, I addressed another in Persian language which he was fond of, but I received no answers to either. When my official Petitions met with no reply I beg to leave it to your honor to judge what must have been the fate of the others. As I received no orders upon any of my Petitions, I was debarred from taking any further steps.

Though I had served with fidelity and zeal in offices of trust and responsibility for a period sufficient to entitle me to pension jeoparded my life in gratitude to the Government, during the insurrection

insurrection caused by Kalianapah accom-
panying the troops on their way from Cannanore
to this place and from this to Cuppergode and
enduring great hardships in procuring sup-
plies for them, for which I had obtained fa-
vorable testimonials from the Officers, the
machinations of my antagonists prevailed
and I was deprived of my situation. I was
also debarred from obtaining justice by
making an appeal, as Copies of the necessary
proceedings of the case applied for by me
were denied. I attribute it to my ill luck
that the object of the equitable rules of the
Government should have been frustrated in
my case, by the machinations of ill disposed
persons and this has prayed greatly on me
On the appointment of Mr. Blane to the
Revenue Board the hope of his taking my
case into consideration at least then tempted
me to address him a Petition but this shared
the same fate as the others.

Hearing

Hearing of his Lordship the
Governors intended tour through the provinces
with the view of enquiring into the circum-
stances of poor ryots, and hearing several
people extolling his humanity, I was encou-
raged to address him a Petition when
he visited Mangalore and I was ordered
to address the Collector. I addressed one
to Mr. Fischer but as that Gentleman
was then on the eve of his departure, I
addressed a Petition to your honor I beg
to say that I am reduced to very poor circum-
stances and I most humbly pray that your
honor will be good enough to cause the
amount of pay I am justly entitled to, to be
disbursed to me.

With reference to Extract Cy.
Proceedings

Proceedings of the Board of Revenue dated 22d. December last, I have the honor to state that a meeting of persons unconnected with the Public service was held at Calicut recently - The opinions of those consulted were found divided.

2. The wealthy and the Money lenders are in favor of the act in question which leaves them to make their own usurious bargains with their clients - But almost universally those who may be said to take an impartial view of the matter consider that some legal protection is still required in this country by the large portion of the community requiring credit.

3. The principle is clearly sound and had we a large and well supplied money market and a public opinion in the Country, it might be put in practice perhaps at the Presidency Towns it might will be introduced - but I fear it will lead to great discontent in the Mofussil.

4. Up country Capitalists are few in number, they acquire a gigantic and unrestrained

unrestrained influence and they are little given to conciliating the masses - we have a caste torn community with little individual sympathy piety or principle of whom it has been truly said that throughout the length and breadth of this Country, the strong prey almost universally on the weak and power is too commonly valued only as it can be turned into money I would not give facilities -

† Honorable Mr. Halliday's Minute on the Police of Bengal.

5. Almost all nations have found it requisite to impose, at certain periods of their history restrictions on usance and the poorer and more excitable the Masses the more has it been necessary to maintain these restrictions I doubt greatly whether throughout India we have arrived at a time when these restrictions may safely be removed and the Government lend itself to enforce the usurious transactions of the Mahajan or close fisted

fisted Bramin money lender, against the large and powerful Rajahs who are always the borrowers-

6. In the eyes of the poor and ignorant the Decree of a Civil Court is considered, as much the act of Government as an order in Council why then expose the Government to unnecessary obloquy- No one for a moment supposes that the needy Rajahs will get money cheaper for the act, but the Government may be called upon (and often will be so in this District) to enforce usury and multiply despair under its provisions. Twelve per Cent is surely good interest for money even in India, and it is as much as a greedy money lender should be entitled to ask a British Government to enforce for him.

× or need it less

7. I greatly fear that much political discontent may result from the introduction

introduction of even a good principle of Political Economy-

2. No portion of the land taken up by Mr. Potter can be irrigated by more than one tank.

3. This tank called the Anaitongul was

Fort St. George 24th February 1858.

was in 1854 repaired by Government at an
expense of Rs. 1,699. Of this sum 816 Rupees were
laid out by Mr. Potter to whom the amount
was made over for that purpose by the Collector
Mr. Bourdillon. This step was taken to obviate
the delay that was apprehended from the
opposition to Mr. Potter of the Village authorities.
The remaining portion of the estimate Viz Rs. 883
was made over to the Civil Engineer's depart-
ment on the transfer of the Maramut executive,
and the repairs of the tank were completed
by that department.

4. With reference to the question at
whose cost the tank is to be kept in repair,
I beg to state that the uniform practice
from which no deviation has been authorized
is, that when a tank has been repaired by
Government it is kept in repair by Government.

5 The tank in question neither irrigates
nor will irrigate any land beyond that
taken up by Mr. Potter.

Original Suit No. 45 of 1850. Mofsly —. Sudr Ameen's Court file. —

Plaintiff. Versus. Defendant.

Appeal Suit No. 140 of 1850

—. Civil Court file. —

Appellant. Versus. Respondent.

Bascarloo Naick. Erooluppa

Vakeel Sobramoniah. Maistree.

1. The suit was brought for the recovery of a Bullock Bandy valued at Rs. fees 35 and the profit obtained thereon by Defendant being Rupees 5—9—7.

2. The Plaintiff stated that on the 23d. February 1850, while the Bandy in question was being used by him for his private purposes, it was forcibly taken posession of by the Defendant on the High Road and made over to certain sepoys on march to Paulghaut and sent

Fort Saint George 24 February 1858

sent on with the said Troops from Paulghaut to Cannanore, the Bandy man and Bullocks having been dispensed with at Paulghaut. That inconsequence of this forcible seizure and appropriation of his Bandy, Plaintiff sustained a loss of Rupees 14 per mensem, besides having to incur the further loss of the salary of the Bandyman and food of the Bullocks, and he therefore sues for the recovery of the Bandy in question and 12 days profit at the rate of 14 Rupees per mensem being 5-9-7, and for Rupees 14 per mensem from the date of Plaint until the restoration of the Bandy.-

3. The Original decree sets forth that Plaintiffs claim was proved by his witnesses, that Defendants witnesses deposed discrepantly, that it appeared that the Defendant accompanied the Troops on the occasion in question for the purpose of supplying them with Bandies, that as the Bandyman and Bullocks were in possession of Plaintiff the demand

Fort Saint George 24 February 1858

demand for 14 Rupees per mensem on account of a Bandy only was not admissible The Moosty Sudr Ameen accordingly awarded to Plaintiff the sum of Rupees 5-8-- being the amount of hire admitted by Defendant to have been paid by the Sepoy for the Bandy, and directed the restoration of the Bandy to Plaintiff and profit thereon at the rate of 2 Rupees per mensem from the date of Plaint until the restoration of the Bandy, and costs of suit.-

4. Dissatisfied the Plaintiff appeals and states that he proved his original claim- That had the Bandy been in his possession, he could have earned with it more than 14 Rupees per mensem, that the award of 2 Rupees a month granted by the Lower Court, was not correct, because under the circumstances his Bandyman and Bullocks had to be idly maintained by him at a cost of 9 Rupees a month and the hire of a Bandy alone was 2 Rupees a month, and he accordingly prays

prays for modification of the original decree, and that the Judgment in appeal may be inconformity with the original Plaint.—

5. In answer, the Respondent states that Appellant's witnesses did not prove the forcible seizure of the Bandy by him, that the Bullocks and Bandyman were re-turned to Appellant who employed them at a profit with another Bandy, that the hire of an empty Bandy does not exceed 1/4 a month and that the amount awarded was excessive, and that the claim for 14 Rupees made by Appellant was unjust.—

—. Judgment.—

6. The evidence clearly shows that the Appellant's Bandy was seized on the occa-sion in question on the High Road with the knowledge and consent of the Respondent, who made himself responsible for the act. There is nothing advanced by the Respon-dent to satisfy the appellate Court that the circumstances were such as to justify the private property of the Appellant being

pressed into the service of a Sepoy or has the Respondent adduced any evidence to show that he had authority to act in the way he assumed to do.

7. The judgment of the Court is there-fore for the Appellant.—

8. Under the circumstances of the case, and considering the inconvenience the Appellant was subjected to by being deprived of his Bandy, the Civil Judge deems it proper to modify the decree of the Lower Court, and to award the cost Bandy in question or at the option of the Appellant, the value thereof which at the time of its seizure may be estimated to have been Rupees Thirty, and which it appears has ever since been in the Respon-dents possession the Court further awards the sum of Rupees 5—8—0 being the cost amount of hire received by the Respondent for the use of the Bandy by the Sepoy, toge-ther with the sum of Rupees 86—4—0 being at the rate of 2—8—0 per mensem from 6th March

Fort Saint George 24th February 1858

March 1850 the date of Plaint to 20th Jan-
uary 1853 to compensate the Appellant
for the loss of the use of his Bandy dur-
ing that period, making a total of
Rupees 91—12—0 and the Court also ad-
judges interest to be paid thereon from
date of this decree to payment, and directs
all costs to be paid by the Respondent.—

From the Collector of Tinnevelly — } Sir,

With reference to para 1 of Extract from the Proceedings of the Board of Revenue under date the 7th November 1857 pointing out a difference between the quantity of Salt entered in Column 1 of the Return which accompanied my letter of 26th November 1856 and that exhibited in Column 8 of the Account Current for September 1856 and Stating that as the difference equals the quantity said to have been written off in the Account Current of September 1855 on account of loss by change of equivalent, the explanation of the difference given in the foot note of the above Return cannot be correct, I have the honor to inform you that the difference Viz. 34,922 Indian Maunds pointed out by the Board, is the loss by the change of equivalent calculated at the actual per centage of $5\frac{35}{53}$ on 618,947 Indian Maunds of Salt, shewn in Column 1 of the above Return, and this is

quantity

Fort St. George 24th February 1858.

quantity was the Salt, for which Goodewarum was debited in the Treasury accounts, as stated in the foot note above referred to inclusive of the quantity Sold up to the end of September 1855, but not struck off the Account in consequence of the Sale proceeds not having been credited in the Treasury accounts. The latter part of the foot note in question, in which it is stated, that the quantity of Salt exhibited in the Account Current ending 30th September 1855, Viz. 5,82,025 Indian Maunds is the quantity actually in Store in the Chowkies up to the above date, is an error through an oversight.—

2 I beg to send herewith as directed by the Board, a Copy of the Account Current for September 1855, in which the actual quantity in Store on the above date is shewn, and the note now entered in the above Statement, will explain the variation between the quantity therein entered, and that shewn in Column 1 of the Return which accompanied my above quoted letter.

In

Fort St. George 24th February 1858.

3. In the Account Current sent from this Office, from October 1855 to October 1856, the loss by change of equivalent has been excluded from the receipt entries as observed by the Board in para 2 of the Proceedings under reply. As the Board state that the correct course is to bring all the receipts first regularly to account, and then to exclude from them formally the amount of deduction. I beg to forward my account Current for October last, prepared as above directed, and if the Board approve of this Statement, revised accounts from October 1855 will be forwarded as required by the Board.—

4. With reference to the concluding para of the Board's Proceedings under acknowledgment, I beg to state that the deductions have not been made at 6% in the quantity received as supposed by the Board, but at the actual per centage of 5 35/53 referred to in the margin of para 2 of the Board's Circular of 3d June 1856.

Sir,

I regret to have to report the decease on the 12th Instant at Calicut of Mr Platel the Uncovenanted Assistant Collector of this District. —

2. Mr Platel had spent upwards of

of 46 years in the Service of Government, in which his ability great assiduity and obliging usefulness, early brought him to prominent notice. He enjoyed very considerable influence, and was highly respected and confided in by the principal officers of the District even long before his promotion to the grade of Uncovenanted Assistant a post which he had held at the time of his death for upwards of 18 years with respect and credit to himself. —

3. In Mr Platel the Government has lost a laborious and very able Servant, and the District of Malabar an Official who cannot easily be replaced His intimate knowledge of every detail of business, his good

good judgment. accurate business habits, and his wonderfully retentive and ready memory in regard to every matter of record extending over the better part of half a Century made him the most useful referee of his official superior in almost every matter.

Secretary Forbes' letter No. 3772 of the 5th Instant, I have the honor to inform the Board, that the records of this Office do not show that any order was passed in the case therein adverted to on the 8th April 1857, nor is any allusion made to it in the appeal Petitions to the Board preferred to me for report. The order referred to, instituting Sawmy Pillay in the Office of the Curmun is dated the 23rd February 1857 No. 904, Copy and Translation of which is herein enclosed, and which it will be seen, is in perfect accordance with my letter No. 250 of the 25th August last.

2. With reference to Para 2 of the above letter I beg to observe that I have already reported in my letter of the 25th August that "Petitioner has "virtually no right whatever to the "Meras of in question, the interest "and title possessed by his family "in the same having been formally "by resigned by his father in favor "of his cousin who collected it to its present

the effect that Sawmy Pillay is also
entitled to a half share in the
Merasy and that he should be

to the Board that my orders which
transferred Sawmy Pillay's share
to Cunnia Pillay were based on a
Statement found in the records
and made by the above witnesses

From the Actg. Collector of Ganjam — — — — — Sir,

With reference to the Extract from the Proceedings of the commissioner Northern Circars dated 11th. December 1857 No. 970 I have the honor to report that the Petitioners own Statement that the bandies were worth 15 Rupees each is founded probably on what they cost when new the Polaly people were notorious for making away with their produce; in this case, the account however shows that the grain disputed was the Government share of produce.

The late Commissioner refers to the delay in disposing of this Petition and I know and regret the very great delay

delay but I cannot prevent it I have no Assistant. I have all the minor details of the Office to look after and my Criminal file is very heavy and the number of translations I have had to prepare in cases of murder, rebellion, and gang robbery has fully occupied my time, I give my whole time to my work and feel it very hard that I should be blamed for not doing the work of two Officers I may mention that the number of petitions received by me from the ryots amounts to about 800 per diem and the hearing of these and the various police and revenue reports frequently occupy me the greater part of the day.——

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 4th. Instant communicating the resolution of the Board to forward copies of papers of interest for the information of the local Officers. A single copy only of the papers alluded to in the 2d. para was received and I would beg leave to suggest that a second copy of each paper should be forwarded for the use, and record in the office of the Sub Collector. It would be a great convenience if copies were furnished for each European Subordinate as is now the case with the Board's Circular letters &c. but perhaps this is asking too much.

From the Actng

J. D. Shaw Esqr.
Actng Secy to the Board of Revenue
Fort Saint George

Sir

I have the honor to acknowledge the receipt of the Board's Endorsement dated 23rd. ultimo on petition No. 2481 of 1857 requesting information as to whether the receipts now produced by the petitioner are calculated to give a different view of the case from that taken by the late Collector.

2. The inam lands alluded to by the petitioner amount to 31 acres subject to the payment of an Annual Dust Rent of Rupees 3.8 a. It appears that in 1237/1827-28 the Zemindar of Munagapaty Estate in which the inam is situated raised the Dust Rent which was resisted by the Inamdar and complained of to the Collector whose order dated in 1834 directs that no more than the usual Dust Rent should be levied the difference between the "Mamool" demand and the increased amount appears to have been debited in the accounts as an arrear and it is on the alleged non payment of this arrear by Rupees 7. 6. 2 with the prescribed date that the inam was ordered to be resumed in 1861.

Adverting

3 Admitting the correctness of this demand even the petitioner has still grounds for complaint. His receipt book shews that on the 28 December 1854 he paid to Rupees 8 Annas of which 3. 8 a were credited to "current demand" and 4 Rupees in adjustment of arrears of Quit Rent leaving a balance of a 4. under the latter head this was incorrect the adjustment of the arrears of previous Justice should have taken precedence of the "current demand" but this has not been the case

	M. As. P.
Fusly 1237	4 2
1243	3 2
	7 4

4 The small sum of a 7 4 was however paid in March 1855 but the Inam has been resumed in consequence of non payment within the 30th of November 1854.

5 Hence it will be seen that the demand itself is of a questionable character and admitting it to be correct the payment was made and entered in the receipt book ie Rupees 7 a a on the 28 December 1854 or 3 days previous to the date prescribed in para 4 of Extract from Minutes of Consultation of the 7th idem No 1547 and a 4. 2 months after that date and it is therefore for the Board to determine whether the Inam claimed by the petitioner is to be restored or otherwise.

6. Petition No 0431 of 1857 is returned with its several enclosures.

Sir,

Consequent on the failure on the part of one Sheik Syedan of Seroocundum in the Peddapollium Taluk to liquidate a Pagoda balance of Rupees a. 3. 8. outstanding against him for Fusly 1261 his moveable property was attached and advertized to be sold but before the date of sale the party paid the amount into the hands of the village Pattak Monigar who failed to convey the necessary information to the Taluk authorities. The property was therefore ordered to be sold by the Taluk Sheristadar and realized Rupees 11 6 2.

2 When the remittance from the village was received into the Taluk it was found that the balance against the defaulter had already been liquidated and that the sale of his property was not required. The proceeds were consequently offered to be refunded to him but as he refused to receive

receive the amount and instituted legal
proceedings against the Sheristedar
for various Kinds of losses sustained
by him and obtained a decree
for Rupees 70 & 10 which was
satisfied by the Sheristedar from
his own resources the amount was ordered
to be credited in the accounts under the head
of "Extra Revenue" "Stamp Summons"

3 The Sheristedar however
now applied to me for the sale proceeds of
Rupees 11 & 2 being paid to him urging
that he had made good the loss sustain
ed by the defaulters from his own pocket
and that he is therefore entitled to the same
and as his application seems to be reasonable
I request the Board will be good enough to
obtain the Sanction of Government for my
refunding the amount to him accordingly.

Enclosure No. 1

To. The Honorable Company

Kurar executed by Maimoon Hajee Abdool Suckoo Shett residing in the Town of Mangalore dated 10th August Fusly 1265.

Having agreeably to the Ishtyar issued from the Hoozoor on the 17th July last undertaken to supply for sale at the Sannahs of Bundwal and Pane Mangalore 250 Garces of salt of 400 Marcals each at Rupees 20-8- per Garce and 100 Garces at Rupees 20-12- being

being the manufacture of Fusly 1264 and my contract having been confirmed. I hereby bind myself to deliver the above quantity of salt such as shall be approved of by the Sirkar by 7 instalments Viz. 25 garces by the end of October 50 by the end of November 60 by the end of December 80 by the end of January, 70 by the end of February, 45 by the end of March and 25 within the 15th of April Conveying the salt in open boats and delivering the same at Mangalore by measurement and after producing the receipts for the same. I will receive the Amount in full the expence of boat freight to Mangalore and the lower rates of Sayer leviable at Bombay being defrayed by me.

2. I request that a certificate may be granted to me in favor of the Collector of Bombay for remission of the higher rate of duty on the quantity of salt Contracted for by me Viz. 350 Garces and I hereby bind myself to produce before the Collector of Bombay within 2 months after the delivery

delivery of salt at Mangalore the certificate granted by him duly endorsed by the Collector of Mangalore and in case of any loss of salt by damage of the vessels conveying the salt by sea being proved. I request that either a certificate may be granted to me or a separate remark entered in the Certificate recommending the remission of the higher rate of sayer on the quantity of salt thus damaged but on the contrary if any loss occurs from throwing the salt overboard to save the vessel from violent storms &c. or from any fraud having been committed or if I fail to produce before the Collector of Bombay the landing certificate within the prescribed period of 2 months I promise to pay to the Bombay Government upon my own responsibility the higher rate of sayer due on any quantity of salt thus lost or damaged or I have no objection to the sum due being deducted from the money payable to me for the value of the salt which I shall deliver and pledging for the said sayer all my property moveable and immoveable. I execute this bearer of my own free will. In case I fail to pay the sayer

sayer as agreed above, I agree to the amount being recovered by the sequestration and sale of the property pawned as is done in the case of arrears of Land Revenue.

3. Should I desire to take to Malabar or any other port salt of inferior quality which may have been rejected the Collector should grant me a permission accordingly should I delay in clearing such salt, I agree to the same being thrown into the water without any regard to my objections to the contrary and not to demand the value of the same.

4. Should I fail to deliver the salt agreeably to the instalments agreed upon by me, I shall be liable to a fine of Rupees 5 per garce on the quantity falling short and should any inconvenience be thereby experienced in the sales I agree to pay a further penalty of 50 Rupees per garce upon the quantity that may be short and in that case if the Government should purchase the quantity that is deficient

deficient I agree to pay any extra escpense they may thereby undergo. If I import any vessels of salt either before the period fixed upon or after its expiration, and thereby experience any inconvenience for want of a sufficient number of boats &c. to unload the vessels the loss and damage which I may thus undergo by detention shall not be demanded from the Sirkar. If I produce the salt regularly within the respective periods fixed upon, the Collector shall be bound to empty my vessels within 6 days.

5 Should any Smuggling or fraud of any other nature occur in the salt which I shall deliver I am willing to undergo any punishment that may be inflicted upon me by the Sirkar.

6. If I require an advance out of the value of the salt contracted for by me the Collector shall grant me 1/3d or Rupees 2,400 out

out of the total value or Rupees 7,200 upon my furnishing or regular surety by a deed duly executed and registered upon my delivering the salt by measurement and producing a receipt for the same I shall always be entitled to receive two thirds of the value thereof one third being deducted for the advance received by me and if I do not require any advance I will produce within 20 days hence a deed duly executed and registered pledging all my property and take back the amount of percentage deposited by me viz. Rupees 1753 one hundred and seventy five - to which effect I have executed this agreement of my free will

1 The original suit was instituted by the Plaintiff to procure a declaration of Plaintiff's title to 17 parcels of land alleged to have been conveyed to him on Caranguerry tenure by a Brydoo Rajah deceased

2 The 2nd Defendant contended that the deceased Rajah had no authority to alienate Stanam property in manner as the Plaintiff alleges

3 The Subordinate Judge was of opinion that no valid sale was made by the late Rajah to the Plaintiff and dismissed the suit

4 In his decree after commenting upon the unsatisfactory nature of the evidence adduced by the Plaintiff, the Sub Judge adds- "There is an aspect of fraud on the very face of the transaction, An old and infirm man lives in the plaintiff's house, connected with him in the left handed manner of nair relationship, near his own death without the cognizance or consent of those who are to succeed him sells a portion of his ancestral property to this Plaintiff- Such a case would alone constitute a strong ground for equitable relief

relief but when in addition I hold the evidence both as to the payment of money and the purpose to which it was applied utterly worthless, I can have no hesitation as to the course to be pursued" and thus course was the dismissal of the suit

5 The Plaintiff appeals. He urges that the onus probandi was upon the 2nd Defendant not upon him as 2nd Defendant was the objecting party to the alleged sale & that his witnesses proved that the property was alienated to meet an exigency of the Stanam - that the remarks of the Sub Judge on the evidence adduced are not borne out by the evidence that the documents B C shew that property may be alienated by the Stanom Karr.

6 Respondent was not served with a notice

Judgment

7 I have carefully perused the original Decree and heard the evidence adduced by the Plaintiff, and I have no hesitation in recording my conviction that these two witnesses depose falsely. This is evident from the depositions

depositions and the circumstances set forth by the lower Court for discrediting this testimony are convincing.

8 It was clearly the duty of the Plaintiff to prove that the lands were alienated by the late Rajah to meet the exigencies of the Sarmaad this important point has not been proved consequently according to the recognized local usage as regards the constitution of the Sarmaad in Malabar the transfer was illegal.

9 Consequently affirm the original Decree and dismiss this appeal with costs against the appellant.

1 This is an appeal from the Decree of the Principal Sudder Ameen of Tellicherry dismissing the Plaintiff's suit for the restoration of a Parumba alleged by him to be the Jenmom property of his Sarmaad since

874

The

2 The Paramba was made over to the 2nd Defendant by the Circar when waste and it appears the Plaintiff interfered with the Defendant when making improvements a Police case ensued which ended in the rejection of the Plaintiff's jenmom right. He sued and filed an old jenmom deed and supported it by three witnesses. These witnesses statements as also the document were rejected by the lower Court

3 In appeal he urges that his jenmom right was proved both by the deed filed and the witnesses, that the cause assigned by him for the paramba being waste

waste for so long was correct viz that for long period the only members of the Tarwad were women

4 The 3rd Respondent answers that the document is a false one and got up by the Plaintiff that the Circar documents prove that the land is the jenmom of the Circar

Judgment

5 It does not appear that the Plaintiff ever had claim to a jenmom right over the paramba until the 2nd Defendant proceeded to cultivate the same after having obtained it on Cowle from the Circar as the Plaintiff pleads it has belonged to his Tarwad since 871. He supports his case by filing an old document, but the document does not show the name of the Paramba the same having become mutilated neither is there any proof of an admissible nature that the document is a genuine one. As to the statements of the witnesses to the authenticity of a document of this nature no reliance of course could be attached. and the Plaintiff's witnesses merely depose upon hearsay.

Forwarding the Statement of the permanent and temporary Establishments in the Abkary Department & supplying the information required in Paras 7 & 9 of Extract Minutes Consultation 20th January No. 79.

Sir

As directed in Board's Order dated 23d January No. 320 attached to Extract Minutes of Consultation 20th Idem No. 79, I have the Honor to forward the Statement, called for in Para 4, of the permanent and temporary Establishments in the Abkary Department, and to supply the information required in Paras 7 and 9.

Extracted from Para 7

With regard to, placing

Bills

4. Bills for the various sup-
-porters in their Division are given them
to collect, examination taking place
from time to time of the Bills still
in their hands, and as to the reasons
why the amount has not been readily
paid they reply generally that the door of
the house is shut and distraint pre-
-vented, or that the house is empty, and
no property forthcoming, and sometimes
that the site for which the Bill is
prepared cannot be found by them.

5. It is impossible that they
one Amildar can satisfy himself as
to the truth of these assertions. How
more will be done in this way when
I receive another Amildar, and then
much room is left for the Conviction of
twainies enforcing the demands in favor
of those who purchase their good offices
It would be impolitic therefore to re-
-duce their lawful allowances, only
to be made good by dishonesty.

candidates for the office, laborious assist
-is, and whose clothes and those of their
family could scarcely be purchased by
their Official pay.

7. With respect to what is re-
-quired of me in Para 9 I can only say that
it was necessary to provide for the duties
of Head Writer and Native Recordkeeper
on the retirement of Mr Wilson whose
pay was 210 Rupees monthly, and I sup-
-posed that the arrangement was good which
secured their performance for 105 Rupees
and reported it directly to the Board. If
I had nominated one on the old allowances,
which was the only course, if the fixed
pay was not to be altered, I should not
easily have got rid of him and the
proposed most necessary modifications
could not have been carried out with-

I have the honor to state that the Tents for the survey party employed under me in South Arcot and Trichinopoly applied for on 14th December

December 1856 have not yet been supplied.

The date of the order sanctioning these being supplied on 11th March 1857 again on the 16th July. the Board Revenue addressed the Commissary General a second time on the subject.

I need hardly point out that in order to undertake field work some shelter for the office and maps records &c. is absolutely required.

Should it be found impossible at present to give the Tents already sanctioned I beg that sanction be given for expending a small sum in erecting a shed at Perumbelore or some other central place in the Volcondapooram Talook ordered to be surveyed this year.

This arrangement would for the present suffice as a Tent could at any time be lent by one of the Officers of the survey when a portion of the Office might be required at a distance from the central Camp.

With reference to the Extract from the Proceedings of the commissioner Northern Circars dated 11th. December 1857 No. 970 I have the honor to report that the Petitioners own Statement that the bandies were worth 15 Rupees each is founded probably on what they cost when new the Polaly people were notorious for making away with their produce; in this case, the account however shows that the grain disputed was the Government share of produce.

The late Commissioner refers to the delay in disposing of this Petition and I know and regret the very great delay

delay but I cannot prevent it I have no Assistant. I have all the minor details of the Office to look after and my Criminal file is very heavy and the number of translations I have had to prepare in cases of murder, rebellion, and gang robbery has fully occupied my time, I give my whole time to my work and feel it very hard that I should be blamed for not doing the work of two Officers I may mention that the number of petitions received by me from the ryots amounts to about 800 per diem and the hearing of these and the various police and revenue reports frequently occupy me the greater part of the day.——

under date the 7th. Instant, and in
reply to state that the quantity to be
deducted on Inaunds 2,15,988 — 23 — 40
at 5 5/8 per Cent is Inaunds 12,149 — 14 — 25
instead of Inaunds 11,502 — 14 — 1 as er=
=roneously entered, and I request
that the mistake may be rectified

2 If this correction be made
there will still be a difference of 76 — 16
47 between columns 4 and 5 which is
entered in column No. 6 calculated at

Fort St. George 26th. February 1857

at 5 5/8 per Cent, and the difference
is caused by a deduction made in
column No. 5 at 5 5/8 and odd in each month.

3 With regard to the difference of
407 Inaunds existing between the quantity
entered in column No. 5 and the quantity
inserted in the Accounts current for June
1856, I beg to state that Inaunds 90 — 1 — 77
at 5 5/8 per Cent were deducted from the e=
=quantity of wastage incurred from July to
October 1855, and Inaunds 316 — 26 — 38 the
deduction made on the wastage Salt
of Fusly 1264 not written off in the
Accounts, and amounting in the aggre=
=gate to Inaunds 406 — 27 — 35, are includ=
=ed in the Accounts Current for June
1856 In column No. 5 of Statement
No. 3 the wastage is shewn from No=
=vember 1855 to June 1856 only ——.
