To

J. G. Sim Esqr.

Acting Secretary to the Board of Revenue

Fort St George

B.R. Fr 2725

From the Ag Collector of Ganjam

Sir

Herewith I have the honor to Submit the returns of Bungalows in the district in the usual forms. So many of them will be off the road when the new line is completed that no other remark is called for than that in the returns now Submitted.

2 With regards to the improved accommodation and Comfort to be afforded to travellers under the new rules. I beg leave to propose that furniture &c according

to List Nr 2 be Supplied for the new Bungalows to be built at Chicacole Nursannapeta Berhampoor and at the Bungalows half way between Chicacole and Berhampoor whenever its Site is decided and it is built I annex a Scale for all others on the line which need in my opinion only be Second Class Bungalows, but as this Scale will hardly allow for breakage there Should be a Supply of Extras Sent up to the Collector with which to replace articles injured or broken. Table Cloths Napkins and tubs &c can be had here but Crockery Knives forks Spoons Kitchen utensils and the Commodes Should be Sent from Madras.

3 The Jagelly Bungalow is a most uncomfortable one, the both rooms are So close and confined that it is disagreable to enter them, they have only one door which opens into the Verandah, this Bungalow Should be altered before any charge is levied at it.

4 The Bungalow at Poondy is kept up chiefly for the use of Ship Captains and Merchants it will probably be very little used by bona fide travellers when the road is open

Captains

Captains can bring their own furniture from on board Ship.

5 Looking at the rate of wages in the district I think a reduction might be made in the Scale of pay at the Smaller Stations. Viz if the Cook is allowed to employ one of his own relations the remuneration will be quite Sufficient to ensure a respectable man.

Cook 1st — 5
Mate — 3
Sweeper — 2.8

6 As the other Bungalows are so soon to be abandoned, there seems no necessity to furnish them though if the Cauiseeboogah Bungalow were so according to Scale No 2 it would be a great convenience as it is half way between Berhampoor and Chicacole the furniture might be made over to the new half way Bungalow when Completed.

7 Para No 5 of Extract Minutes Consultation

In the Revenue Board Circular

Consultation has not been overlooked — I am in Communication with the Civil Engineer on the Subject.

Ganjam District
Collectors Office
Chitterpoor 30th June 1857.

/Signed/ W. Knox
Ag Collector

Scale

Trunk line Bungalows to be Supplied according to List No 2

Chicacole
Nursannapetta
Half way house
Berhampoor

Trunk line Bungalows on the lowest Scale on Ichapoor and the intermediate Stations.

Branch roads.

Ashta
Ingelly

On the lowest Scale and even there they will not pay their expenses.

/Signed/ W. Knox
Acting Collector

Report

8697

Fort St. George 28th May 1858

No. 1

Report on Bungalows in the District of Ganjam for the Year 1856.

Road on which the Bungalow is situated	Name of the Bungalow	Whether Clean and in good order and repair	Number of Travellers	By whom and when inspected	Remarks
Madras Berhampore Trunk Road	Ichapore	Clean and in good order the honey Comb work round the bath rooms in need of Slight repair on the Exterior Side of the Bungalow Fresh Chunamming wanted in Some places	45	By the Collector on the 7th November 1856 and Tahsildar of Ichapore on the 3d January 1857. B/ No 5159

From the Collector of Vizagapatam

Fort St George

Sir

In reply to the Boards Proceedings of the 18th March last No 892. I have the honor to enclose a Separate Statement Shewing the public Bungalows in this District and the particular class to which each is assigned in accordance with the Boards instructions, as well as the account of furniture and other articles in reference to Such classification.

2 Adverting to para 5 of the Minutes of Consultation of the 19th February, I beg to observed that to meet the considerate wishes of the Government it will be requisite to incur additional expence, for which I would Solicit Conditional Sanction Unless the remedial measures are only to be prospective, that is, on the erection of new Bungalows or when for the ordinary repairs to old ones they may be required.

Vizagapatam Collector's Office 17th December 1857

B. No 1903 From the Collector of Masulipatam

Sir,

I have the honor to acknowledge the receipt of the Boards Proceedings of the 14th Ultimo communicating the final orders of Government 21st March 1858, on the subject of the Mokhasa and Aggraarum Balances in this District.

2. The letter of the special Assistant 16th April 1855 regarding the Villages of Prasadumpaud and Mooleyalumpaud, was sent to the Commissioners Office, the receipt of which there is acknowledged in the Commissioners letter to the Collector of the 29th April 1856 No 315 para 4. The further information called for regarding them was also supplied in the letters from this Office noted Marginally.

The

3 The Village of Manchararum ex-
appears in the same list with the above men-
-oned two and the accounts of the Circuit
Committee which are of a prior date shew
it to have been then Voyt. in 1776 a Mokha-
The lists of Villages entered on the Perma-
-nent Cowles generally appear to have been
very indifferently drawn up many Villages
which are entered as Mokhasas are no
longer such and vice versa. The same may
also be said of the Circuit Committees ac-
accounts. The fact is, no scrutiny ever
appears to have been made as to what were
and what were not Enam Villages; and
hence the repeated contradictions which
occur in the accounts of those
days.—

Bd. No 2194.

Sir,

From the Collector of Masulipatam

Submitting a Statement shewing the number of backyards taken up together with the assessment now paid on them.—

Para 1. In compliance with the requisition contained in your Circular of the 11th September 1855 No 2383, I have the honor to submit herewith an account of the number of Backyards in the Government Villages of this District, the extent of land taken up by them, together with the assessment now paid by a portion of them and that chargeable on the remainder in the event of all being brought to account.—

2. In the account I have classed the backyards into first those which are immediately connected with the dwellings. Secondly those which are apart from them. There is no rule on the subject of the taxation of Backyards in this District at all. The practice varies in different localities, and the rates of assessment are quite arbitrary. In many localities, Backyards of both descriptions are free. I subjoin an abstract shewing the number and extent of each class with the assessment they are charged or chargeable with.—

Items

8713 Fort St. George 28th May 1858.

3 Generally the people of the District hate the idea of paying a tax on their Backyards when the Officers of Government went to take a measurement of them, they threw all sorts of abstacles in their way and in some instances would not let them enter their compounds, when it was absolutely necessary to do so for the purpose of current measurement. They view the taxation as an encroachment upon their ancient privileges, and would, I am told, much sooner submit to an additional assessment on their Jeerayety lands than agree to a inquisitorial tax on the grounds of the Village site which have been from time immemorial considered as no object of taxation.—

4 Those which are now chiefly cultivated, are those which are uninhabited Villages which being claimed by nobody are cultivated by the Poykaries cultivating those Villages.—

5 There being no regular assessment in this District, the sist given in the account is simply that which the Villagers pay under their own arrangements. The sist entered for the now unassessed backyards is also that which has been guessed from the assessment borne by adjoining similar lands paying revenue.—

6 I would beg leave to suggest that no change be made in the custom that now obtains in this District of allowing the backyards to be free of sist except in particular cases.—

Masulipatam Collectors Office 22d May 1858

No. 6

Memorandum

B. No. 582

From the Collector of Guntoor

As requested in Mr. Sims's demi official letter of the 8th Instant, the Collector of Guntoor has the honor to forward copy of Mr. Revill's reply to the Board's Circular of the 18th March last regarding the supply of Furniture and Crockery for Public Bungalows.-

Guntoor District Collector's Office, Datchapully, 29th January 1858

Signed H. Wood
Collector

Enclosure No. 1
No 69.

To

J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings 18th Ultimo, regarding the new system of management of the Traveller's Bungalows and to annex a list of those belonging to this District.-

2. On the Hyderabad and Calcutta main roads, I think the articles in list No. 2 with the

following

Fort St. George 28th May 1858.

following additions will suffice.—

		Rupees
4	Halwater plates	4
2	Wash hand stand	8
2	Punkah	5
		17

This will make the cost of furniture for each of these Bungalows Rs. 109-8-0

3 The Bungalow on the East road at Bapetta is extremely convenient tho' not so much frequented as the others, the articles in list No 2 will be ample without any addition.—

4 There is a small Bungalow at Tunacondah I have made no provision for this, as the very small number of travellers would not probably pay the expence of an Establishment. It is not however expedient to do away with the Bungalow as it is a nights ramp from Guntoor and from Cumbum and may hereafter be more frequented as that part of the Country is opened out by new roads.—

5 The whole of the furniture should be sent from Madras except the Mattresses, bolsters and punkahs which could be made up here.—

6. Regarding the subject of para 5, may I ask if it is intended that this and other alterations and repairs be executed by the Engineers Department after sanction given by the Board of Revenue.—

7 I may add that it is necessary that the Bungalow should be supplied with an additional Chatty, only one in each at present.—

Signed H. Newill
Acting Collector

To

G. S. Forbes Esqr.
Secretary to the
Board of Revenue
Fort St. George

From the Collector of Guntoor
Rr. No. 2190

Sir,

With reference to the Board's Circular No. 1163 of the 1st Ultimo, I have the honor to forward a Statement shewing the quantity of Country and Goa Papers consumed in my Office during the last four years.-

2. It will be seen that the use of Goa Paper is gradually superceding that of the Country Paper, the latter having been purchased chiefly for envelopes & other purposes of the kind.-

3 The average expenditure since extended use of Goa paper exceeds the previous average in the sum of 8-7-9 annum of which after deducting the cost of supplies furnished to the survey Department recently created, as

the local Gazette, the real increase amounts to only 7-8-9; a sum hardly worth consideration.-

4 The advantages arising from the substitution of the Goa Paper for the coarse Country material, are too obvious to need comment, It has reduced the weight of the mail, and rendered the office record less bulky and more compact. I would therefore advocate the continuance of its use in preference to Country Paper.-

From the Collector of Chingleput

I

Agreeably with the instructions contained in Para 4 of Extract from the Board's Proceedings No. 892 of the 18th March 1857, I have the honor to forward an Abstract Statement shewing the receipts and charges the Travellers' Bungalow at Chingleput where the Bengal system of management was introduced in June last.

2 The Receipts or Fees collected from June, to December both months inclusive, amount to Rupees 93 and the charges

of Establishment, irrespective of the pay of the Peon and Sweeper entertained under the previous system, to Rupees 66.8—. The surplus receipts Rupees 26—8— have been carried to the credit of Government.—

3 The new system appears to have worked well for the time it has lasted.—

4 The other Bungalows on the Road having since last month, been furnished with furniture &c in accordance with list No. 2, the rules relative to the Collection of fees have now been introduced into them, and will be reported on the next occasion.

5 The Rules, as they stand at present, have been questioned by 2 Travellers who arrived together and as friends occupied the same room. They considered that they should pay by the room and not by the Head. I have not been able to discover from the names in the Book who the parties were, but I request the Board's instructions as to whether in any similar future cases, payment is to be demanded for the room or by the head.—

6 There were two cases of breakage in Chingleput and payment made according to the Rules and Prices.—

7 I have been given to understand that the Travellers consider the articles supplied to the Bungalows to be of very inferior description.—

Fort St. George

Board No 1895.
From the Collector
of Chinglepute

Sir,

I have the honor to reply to Extract from the Boards Proceedings No 110 of the 26th Ultimo forwarding Extract Minutes of Consultation No 315 of the 10th idem

The orders of Government refer to an application from the Renter of the Sherburnicottah Jungle to cut firewood at the Circar Charges in the Amony Villages of Vriand and Poriand with the prospect being held out that the measure will be advantageous to Government by enabling the Applicant to manufacture Charcoal, and run his Steamer up and down the Canal

The petitioners request to say nothing of its preposterous nature / cutting firewood at the Circar charges / is totally inadmissible under the orders of Government noted in the margin on eighth portion

of

5th February 1857
No 161

of the Sturkurricottah Temple is rented out year to the highest bidder - The petitioner was the renter of the portion allotted for July 1857, and could have manufactured as much charcoal he wished, there being nothing to prevent him. and he is at liberty to bid for the portion to be allotted for July 1858 if he likes to do so

There is no favoritism shewn in the matter and the highest bidder furnishing the requisite security will be the accepted renter - The villages of Vinandapuram and Ponandapuram having been cut last year will have to remain fallow for the next 7 years, for though not in Sturkurricottah they are on the borders and will have to be treated in the same way If any exception is to be made regarding them it should be in favor of the Mareasiars -

No 12

To G. S. Forbes Esq
Acting Secretary to the Board of Revenue
Fort Saint George

Sir,

I have the honour to submit a Tabular Statement of the Sayer

Fort Saint George 28 May 1858.

of the entire Village of Hoordaguddy in the Hoodeghe Talook and of a Jaumadaree Inam situated in Hospett of the same Talook, which were in the enjoyment of one Chintapah who died on the 27th July 1855.

2 This Sayer and Inam were granted under a Sunnud of Government dated 31st October 1806 to Chintapah the Foujdar of the Polygar of Harpenhully, out of the Jaghire of 20,000 Canteroy Pagodas which had been granted to the said Polygar and his principal servants shortly after the accession of the British Government the allotment of separate portions to the Polygar and his servants was owing to misunderstanding between them and was made on the report of Col. Munro the then principal Collector under date 29th March 1806 which fully explains

explains the grounds on which a Shara
maintenance was provided for the
Soujdar of the Hurpoonhully Polegar
and to which I beg to refer / the
Copy enclosed / The grant which
bears date Fort Saint George 31st
October 1806 was made to Chintapah on
the usual condition of fidelity to the
British Government and obedi-
ence to the Regulations - It was
also made hereditary -
In the Summud the
Sagheir of the village of Hoondajuddy
and the Cham situated in Hoskotte are
entered as being in the aggregate Pardeu
Pagodas 319 - 3 - 9 7 equivalent to Com-
pany's Rupees 931. 7. 4. but in the State-
ment now submitted the Hoskotte Sum
is entered as being 154 acres and
Hoontahs in extent bearing an
Assessment of Rupees 332
2. 2. and the Sagheir of Hoondajuddy
as

as amounting to 362. 5. 5. equal to Com-
pany's Rupees 1057 — a Total Ru-
pees 1419 2 2 This difference is
attributable to the rents of the year
Heelaka or 1788/89 being entered in
the Government Summud while the Assessment
fixed on the Lands at the time of Survey is
entered in the present Statement but the extent
is the same in both the documents.
4 The deceased had
no offspring, but he has left two
widows and a child he is
Cousin Mahadevapah a boy
of 6 years age whom appears
from the records received
from the Taloor and from personal
enquiries the deceased took and
fostered from his infancy, and
previous to his death he ex-
pressed a wish that this child his
relative should be considered as his
heir

heir no regular adoption has been
made as no doubt the deceased hoped
he might yet be blessed with a son
but in failure of that there is no
reason to doubt but this child
was to be considered as his heir
Mahadavapah is also a near
relative of the deceased being the great
grandson of Ramapah the brother of (Chinto)
the person to whom the grant was first
confirmed by the British Government
and the other relatives of the younger
brother of Chintapah the original
Grantee who lived with the
present deceased Chinthapah as an
undivided family claim an interest
in the Jaghire and desire that it
may be continued in the name of
Mahadavapah. This family possess
Bhurtoorty Enam also to the

amount of Rupees 100. 15. 10.
and Service Enams also
in 6 villages to the extent of
Rupees 727 subject however
to a Jodee or Suit Rent
to the amount of Rupees
362 " " Under these
circumstances I beg to sub-
mit the claim of the deceased's
adopted son Mahadavapah
for the disposal of the Board of R.
Revenue
5 If the right of Maha-
davapah to succeed is admitted
the Bhurtoorty and other enams
will descend to him also
6 The Board may wish

Encr. No. 4
No. 1257

To

George Buchan Esqr.
Chief Secretary to
Government

Sir,

In the coure of the last cy
Humpsrayah the Dewan of Hurpon
has applied to me frquently to make the
ligar of that District asign him an allo
ance correspondent to his rank, and to
Service which he had rendered to the C
pany in having been the chief instrument
effecting the peaceable surrender of
the Zemindary to General Harri
in 1799. When Hunmpsrayah
first represented his situation to me
1801 the ceded Districts were in so
unsettled a state that I did
think it prudent to interfere furth
than by recommending to him to
deavour to adjust matters amicably
with the Poligar but this was im
practicable for the Poligar

Fort St. George 28th May 1858.

had conceived the most violent
hatred against him and had even
formed the design of taking away
his life of which Humpsrayah having
obtained information saved himself
by flight.

2. An inquiry was made into
this affair at the time by Mr.
Cochrane the Collector of
Hurponhully and though the
proof could not be brought home
to the Poligar it appeared that a
party of Peons had been detached
in the night but afterwards recalled
and little doubt was left that
they were destined against the
Dewan who was so much con-
vinced of it himself that he has
never since ventured to return
to his Village.

3 Hunmpsrayah soon after
this occurrence renewed and has
often since repeated his applications
to me but the preparations for the

Mahrattah

Fort St. George 28th May 1858.

Mahrattah war and the subsequent hostili-
dissuaded me from bringing his case befor
Government at an earlier period.

4 It may be proper to state in a f
words the motives on which he thinks himse
entitled to an adequate allowance from t
Poligars Jaghire. He grounds his cla

was to be granted to the Poli-
gar and his principal Servants
on condition that the Hurpunhully
Troops should be disbanded, —
and that the families of
the Poligar and Dewan
should reside at Mysore.

5 This settlement I have
reason to believe was, at the time
considered as a very fortunate cir-
cumstance

cumstance hath by the Commander-in-Chief and the President, and it was owing entirely to the moderation and prudence of Hum-parasayah that it was so speedily effected, for the Poligar was then a youth of only Sixteen and had nothing to say in the transaction.

6 The Jaghire was not meant solely for the use of the Poligar, but for the maintenance of himself and principal Servants, and of Humparasayah in particular, This appears evident enough from the Mochelka or Bond which was then entred into with the Company's Government, by the Poligar, and Humparasayah, jointly, and in which the Papers Nos. 1 and 2 are a Copy and Translation. It was undoubtedly the intention of

General Harris that Humparasayah who though acting as Dewan was the real master of Hurpenhully, should be rewarded for the service which he had done in giving it up, by receiving a suitable maintenance from the Jaghire, but this intention is utterly defeated if the Poligar is suffered to reduce or to resume altogether his Enam at pleasure.

7 I would therefore beg leave to recommend that one-eighth of the Jaghire should be allotted to the principal Servants under Sunnads from Government and that of this one eighth one half shall be given to Humparasayah and the other half to the remaining principal servants amounting to Six in Number, who belonged to the Poligar, when the Jaghire was conferred upon him.

By

By this arrangement the Poligar would have a Jaghier of C. Pagodas 17,500 and the Dewan and other Servants Enam Villages and Lands yielding C. Pagodas 2,500. Had a division of this kind been originally proposed it is not likely that any objection would have been made to it, and Kumpa Nayak is not suggesting it answer I imagine, from his being too confident of preserving his ascendancy over the Poligar.

8. Whatever may be determined with respect to the other Servants he has certainly the strongest claim to a suitable provision for in the surrender of the District both they and the Poligar himself were merely instruments in his hands to direct the Poligar to assign him an allowance would answer no purpose,

for it would neither be regularly paid nor could he enjoy it in safety. He is not of a character to be easily alarmed, but he had good reason to suppose that his person would not be secure without his keeping up a guard of armed men which he knows is a measure that would not be permitted under the Company's Government. The best way therefore to reward him for his service and to place him beyond the reach of the Poligar's violence, would be to allot him a portion of the Jaghier under the immediate authority of Government.

9. There will be no difficulty in settling with the Poligar the arrangement what I have proposed, and should it meet with the approbation of the Right Honorable the Governor in Council, I shall transmit a list of the

8753

Requirements of each of the four Public Bungalows situate on that line of road in this District.

As it is quite impossible to procure in Kurnool the articles required for the prices entered opposite to each, I request you will have the goodness to order their being supplied from Madras.

There are besides two thatched Bungalows at Sirwell and Punniem, on the high road between Cuddapah and Kurnool via Chagulmurry, but I have not entered them in this list as they are not Public Bungalows, although I have

+ Each consisting of 1 room, a verandah round with 2 corner rooms & 2 bathrooms.

have made them available for the accommodation of Travellers passing by that Road.

Remarks

15

(Signed) J. G. Russell, &c.

8772 | Fort Saint George 28th May 1858.

No. 29.

To

G. L. Forbes Esqre.
Secretary to the
Board of Revenue
Fort St. George.

Sir,

B. No. 1642.

From the Collector of Cuddapah } 1. I have the honor to request you will be good as lay the following proposal before the Board of Revenue for their consideration and obtain the sanction of Government for the same should they see no objections to the proposal now submitted.—

2. Auppooneyah who held the situation of Persian Moonshee in the Collector's Establishment of Cuddapah on a Salary of 40 Rupees per mensem has now died and the situation has become vacant, I propose with the permission of the Board that the 40 Rupees be divided into two separate sums. Viz. 15 and 25. The former to be added to the Salary of the Magistrate's Jawabneiss who now receives 35 Rupees making it up to 50, and placing him on a par, as to remuneration with those who held similar appointments in the adjoining Districts and the latter sum Rupees 25 to be assigned as the fixed Salary of the Persian Moonshee hereafter to be nominated

the

3 The Board are well aware that the office of Magistrate Jawabeneiff particularly the Zillah of Cuddapah is a very responsible and onerous one and is the most paid tho the most laborious of any in the District. He has a number of papers to write which requires his attendance at office often from 10 to 4 P.M. and 11 to 6 P.M. (often until 8 or 9). He has the superintendence of the quarterly Calendars and the Amusements and a great quantity of other miscellaneous business papers thro' his hands. All of which he has to perform on a Salary of 35 Rupees per Month. The duty has fallen still heavier upon him since the Government has taken from him the superintendence of the printing Press. It is evident that the members of the Board of Revenue do not consider Rupees 35 an adequate remuneration for the person who holds the office of Magistrate for he has stated as an reason for the Inquiry which he has suggested and sanctioned by the Board for the municipality of Kurnool which with the additions made to that of Cuddapah and Bellary will not equal the duties of the latter is set down at Rupees 50 per month

if this be allowed in a District where the duties are much lighter Rupees 35 is much too small for the remuneration of the holder of the office in Cuddapah. In the neighbouring Districts of Nellore, Masulipatam and Kurnool the Salary is 50 Rupees per mensem but in Guntoor it is 70, and I feel satisfied that in none of these Districts is the duty so onerous as that of Cuddapah.

4. If I were applying for an additional allowance as an increase of expense to the State particularly at the present crisis when funds are scarce and the finances embarrassed objections might be raised to it, but as the arrangement proposed will incur no extra expense to Government and be sufficient to raise the salary of the Magistrate Jawabeneiff from 35 to 50 and amply remunerate the Persian Moonshee for the duties he has to perform I submissively request that the Board will obtain Sanction for the proposed arrangement and that you will favor me with their instructions as early as possible.

5. The late Persian Moonshee

Gulfoomeyah was a relative of the Ambassador of Tippoo

8775 Fort Saint George 28th May

Tippoo Sultan at Constantinople and when

Retirement

Sir.

With reference to the Board's Endorsement on petition No 930 of 1857 calling upon me to report in accordance with the orders of Government noted in the petition, I have the honor to state that the petitioner has no interest whatever in the land to which he refers and that he since his petition was sent to Government has himself given a written document to that effect before the Tahsildar. It therefore appears unnecessary to enter into any details in explanation of the case.

No 29

To

G. S. Forbes Esqr
Secretary to the
Board of Revenue
Fort St George

Bd No 857
From the Dy
Collr of South
Arcot

Sir,

I travellers very generally complain
of the Material and fabric of the
Forks and Spoons which are supplied
to the Furnished Bungalows in this
District and from my own experi-
rience I know them to be of a very
inferior and flimsy description. They
are composed of so malleable a metal
that they can scarcely be used with-
-out collapsing in the hand - and there
is a very general belief that they form
most unwholesome vehicles of food -
I have therefore to suggest that 6 of
each size of strong electro plate be
supplied to each of the Bungalows
at Pinderavanum and Polundoor pet,
and 4 pairs of each to those at
Cuddalore Punrootty and Unnamalettah.

2. Articles of this material
can I believe be procured of a good
description

description at some of the Shops at Madras and from their really moderate price and durability they would seem to be well adapted for the use of Travellers.

3. The blades of the knives I refer to supplied appear to be manufactured of pure iron and are incapable of being sharpened. I have the honor to send one knife, fork, and spoon from the Bungalow at Tindivanum for the inspection of the Board and I would request that articles of a better description may be furnished at an early date.

South Arcot Collector's Circuit Cutcherry Tindivanum 22nd February 1858

[Signed] G. A. Taylor Acting Collector

To

G. L. Forbes Esqr. Secretary to the Board of Revenue Fort St George

Dr. No. 1112 Sd.

From the Acting 6th Sub Collr South Arcot

Adverting to the notice Bd

Travellers published in the Fort St. George Gazette in May 1857 regarding the First Class Bungalows at Tindivanum and Volundoorpett, (and more recently with respect to those of the 2nd Class at Caddalore Panrooty and Ummapettah) informing them that furniture had been supplied and occupation fees would be charged. I have the honor to enquire whether a discretion is permitted to the Collectors to modify the amount of fee to be charged, or the limit of time prescribed, with reference to the circumstances of the Travellers.

2. For instance it has been represented to me as scarcely fair that a traveller and his wife should each be called upon to pay as much as a single traveller; and I am disposed to think that a married couple, considering that they only occupy one room and certainly require less attendance than two separate bachelors might with justice be accommodated for less. The charge ought in my opinion

Fort St George 28th May 1858.

opinion to be no more than 12 Annas for 4 hours and 1/2 Rupee for the 24.—

3. The short limit of 4 hours also occasions very general dissatisfaction. particularly at the Bungalows on the coast Road which is more frequented by that Class of Travellers who proceed along the Trunk Road No 9.— It appears to me that the limit might be raised to 8 hours, to the great convenience of Travellers and without detriment to Government.

4. As I believe the present Rules were adopted from those in force in Bengal, where bullock a quicker mode of travelling is long resorted to and all the Bungalows are furnished; I submit the matter for the orders of the Board before venturing to make any alteration.

9 Sotum Soobra-
maneer
10 Maniam
Vythelinga Reddy

The Defendant is charged with
having on the arriving of the 2nd May 1858
attempted fraudulently to evade
the Frontier duty upon 933 pieces
of Cloth, 4 pieces of silk cloth
and 2 Candies of betel nut, valued
altogether at Rupees 2022/4 by convey-
ing the said goods on bandies through
the Sayer Chowkee into the French
Territory under Cover of an in-
sufficient Certificate obtained
with the Collusion of the subordinate
Customs Officers at the Chowkee
as is shown in evidence
recorded

recorded on oath before the
Collector that the Goods described
in the charge, packed in 3 Cas
and accompanied by their own
the Defendant arrived at the
Chowkee at Madanapatnam at 4
on the 2nd May. That they left
Chowkee after sunset and were
about 7 P. M. at Vamakara Cho
situated about one mile to the
of the Chowkee on the Pondich
Road by the Customs Officers
had received information of
frauds to be attempted, and
the Defendant or his Agent prod
a Certificate or duty bill for Rup
18—7—7. The value of the Goo
specified in the charge amounts
to Rupees 2022½, the duty upon which
at 3 per Cent is Rupees 78—10—8.

The charge is proved by the
who saw the Defendant at the Chowk
after the seizure of the Goods
be attempted to be removed thereby
by offers of a consideration
and bowls to the Officers
them. No further proved by

Witnesses, two of whom are Peons
attached to the Chowkee and one
a Gate Peon; that no bandies besides
those which were seized passed the
Layer Chowkee on the 2nd May.

The Defendant denies
that he made any attempt to
defraud the Customs and asserts
that he was not present when
his Goods were seized. He denies
that either he or his Agent produced
the Certificate for Rupees 18—7—7
the Goods and the name entered in
which are not his. He affirms that
he paid the full duty and claims
the release of his Goods on the
strength of a Certificate for Rupees
18—7—7 given to him by the Chowkee
Officers and bearing date the 3rd
May. He has nothing further to
urge in his defence.

Although the Certificate
for Rupees 18—7—7 under cover
of which it was attempted to pass
the Goods specified in the charge
is not drawn out in the name of
the Defendant

Fort St George 28th May 1858

with the Defendant. It is believed that attempts of this nature are repeatedly made with success by Merchants of Pondicherry and a severe example is therefore required. The value of Goods seized is very considerable, and the confiscation of the entire quantity would not, in the opinion of the Collector, be a Penalty unduly severe. He however a part of the regulated Duty actually paid by Defendant Rupees 18—7—7 the Acting Collector resolves to release the proportionate quantity of the goods which would have been liable to that amount of Duty, and declares the remainder to be confiscated to Government under Section IX Act XI of 1844.

The entire value of goods being Rupees 2022½ the Duty thereon would be Rupees 78—10—8. The proportionate value covered by the duty paid Rupees 18—7—7 will be Rupees 686.

Defrauding

"Defrauding Customs."

The 3 first Defendants being Custom Officers employed severally and respectively as Mushruff, Neervindah, and Shroff, at the Frontier Sayer Chowkee of Madalapett, are charged with being concerned in defrauding the Customs Revenue in the following instances.

1st In having on the evening of the 2d May 1858 allowed 3 Bandy loads of goods consisting of 937 pieces Cloth 4 pieces of Silk cloth and 2 Candies of betel Nuts valued altogether at or about 2,622 1/4 Rupees to pass the Sayer Chowkee, covered by an insufficient Certificate, after having collected from the owner and carried to the account of Government the sum of Rs. 18-7-7 only instead of Rupees 78-10-8 which, at the rate of 3 per Cent, is the correct duty upon goods of the value aforesaid.

2nd With having fraudulently entered and credited on the Sayer Cash Accounts of the 3d May 1858 the sum of Rupees 78-10-8 as duty actually collected upon the goods above specified which had passed their Chowkee on the preceding evening, and had been seized the same night together with the insufficient Certificate at Tanakarrah Choultry about one Mile from the Chowkee on the Pondicherry Road.

3 With having at Tanakarrah Choultry on the night of the 2d May attempted to obtain the release of the goods in question by the offer of a consideration in money and Jewels to the Seizer, the 1st Witness.

4. Lastly with having in connivance with the 4th Defendant (a gate Peon) obtained from the latter subsequent to the seizure of the goods and with the view to support their fraudulent entry in the Sayer Cash Account dated the

3rd

3rd May. a permit in which piece goods Nos are
:cified corresponding in value to those which a
:ally passed the Chowkee on the evening of th
2nd May and which were liable to duty
amounting to Rupees 78-10-8.

Nature of evidence.

The first 6 Witnesses proved the
Counts of the Charge. They were present 6
the seizure of the 3 bandy loads of goods
Tanakarrah Choultry at about 7 P.M.
the 2nd May when Certificate No 1633
Rupees 18-7-7 was produced to the Cust
Officer the first Witness by the owner of
goods and his Agents who accompanied
the bandies.

The second Count is proved
the production of the Public account
bearing the signatures of the 3 first de
fendants who were in charge of the cho
Chowkee on the evening of the 2nd May
during the absence of the Amen. Also by
the Statement of the latter Officer (Ex 20
: nexure) and by the evidence of the 6th Wit
ne

8th Witnesses who depose that no other bandies
of piece goods besides those which were
covered by the Certificate for Rupees 18-7-7
passed either the Sayer Chowkie or the Choub
try at Tanakarrah on the 2nd May.

The 3rd Count is established by the
1st 2nd and 4th Witnesses whose statements
are corroborated by the evidence of the 9th
and 10th.

The 4th Count is proved chiefly
by the circumstantial evidence. The fraudu:
lent Certificate No 1635 for Rupees 78-10-8 was
not produced at the time of Seizure, it is dated
the 3rd and not 2nd May neither was it presented
before the Acting Collector until the 8th although
his enquiry commenced on the 4th May. There
was ample time after the Seizure of the goods to
prepare a permit corresponding to the fraudu:
lent entry made on the 3rd May. The permit which
is given by the gate Peon stationed on the
North bank of the Ponneaur accompanies the
goods.

that can be procured in the District, all of which must be supplied from Madras

Fort St. George.

P. No. 1793

From the Acting Collector of Tanjore . . . . . } Sir,

Observing that the relief granted to lands not entered in the Dittum as to Crop land may be extended to fields assessed & villages also. Para 2d

Para 1. I have the honor to forward an Extract from the Minutes of Consultation dated the 11th June 1857, the Government, adverting to a second Crop tax on land on which no second Crop can be raised, sanctioned the adoption of a proposal which the Collector had made that land now assessed as two Crop, but which on enquiry may be found not capable of producing a second crop of Paddy, should be relieved from Extra cess, and directed that hereafter Seerva jasty shall be levied on land not assessed and entered as two crop land in the Dittum for those years only when a second Crop may be raised.

2. The principle as it seems to me might with much justice and propriety receive general application, but neither from the orders of the Government, nor from the Original recommendation by the Collector

12 Feby 1855 para 40.

to

to which those orders refer, does it appear to have been in contemplation to give the new rule more than a restricted effect. It is apparently limited only to Wolunteered Villages and those in which meanwhile the gross beriz has been fixed.-

3. The extension of the principle to fields assessed Villages, would, I submit, be just fair and I apprehend that it is expedient so to extend it.

Gopaul Moodelly 4. There is in fact, a case now before me in which a Meerasidar of a field assessed Talook, holds lands that are included in the two crop Pittum, which for a series of years past, have been found to be utterly incapable of yielding a second Crop.

Ltr Board 24th Dec 1857
From Ditto 1858
7th November —"
To Dr 21st — Dr
From Dr
2nd December —"

5. The hardship of Gopaul Moodelly's position was once reported to your Board and is referred to in the correspondence marginally noted. In their latter letter the Board directed that the Meerasidar "should be in future excused from the Pusul jastee Teerwa on the unfit land of his crop land provided that an equivalent to the assessment so remitted, be furnished by him

from other sources".

6. Since then however no remissions have been made to him owing to his inability to find land from which to make up the deficiency, and there are I apprehend other cases of a similar nature, all which might at once be equitably adjusted by the extension to field assessed Villages, of the principle under notice. The indulgence would afford full liberty of action to the Meerasidars and in my opinion

Fort St. George 28th May 185

pinion would have a ben
ficial effect in the Reven

I. At the same time
it would relieve the
accounts from the confu
attendant on the retention
in them of nominal de
mands of the realizatio
of which there is no pro
spect.

G. S. Forbes Esqre.
Secretary to the
Board of Revenue
Fort St. George.

Bd. No. 2082.

From the Collector of Tanjore — Reports on petition No. 2817 of 1857.

Sir,

1. I have the honor to report on a Petition addressed to Government which is noted in the Margin.—

2. Shanjee Succojee Havildar, who commanded certain Maharatta troops in the reign of Yacojee, a late Rajah of Tanjore, appears to have obtained from that prince 12.49 of the Sengara Tottum, in Cusbah Munnargody on Survamanium tenure Rajah yacojee ruled between A.D. 1679 and 1683, so that the grant is of more than 175 years standing. It was not registered in the Collectors Office, owing, it seems, to the land having been Rajahs Meccasu till Susby 1237, when it was received from the Durbar by the British Government in exchange for other land ceded to the then Rajah. No Sicca Sunnud is forthcoming. But there appears no reason to doubt the validity or genuineness of the grant which is supported by an attested copy of an Extract from the accounts of the Rajah's Duftar produced by Petitioner.—

3. This person is a descendant of the above mentioned Havildar in the direct male line and the land has all along remained in the possession of his family, having also been entered in the Pymash Accounts as Petitioners Survamaniam.—

An

Fort St. George 28th May 1858.

4. An extent of 3 Maws and Goontahs of the above land has been built upon and is occupied by houses, some of which have been rented of Petitioner by certain parties, whilst others are held by him under mortgage.-

5. He states that these parties not only now withhold from him the rent due, but refuse to make over to him the mortgaged land thus calling in question Petitioners right to the property which is entered in the Pymash account as Petitioners Inamicul ground occupied by "Casaurirkum" residents. Petitioner therefore solicits an Endorsement by Government under Regulation IV of 1831 to enable him to sue the parties adverted to for the recovery of both ground and rent.

6. The land in question is in no way subject to interference by the officers of Government so long as it remains in the hands of the original holders. I see no objection therefore to the grant of an Endorsement as solicited by Petitioner.

Bl. No. 2740
From the Acting Collector of Madura

Sir

In reference to Extract Proceedings of the Board of Revenue dated 18th March 1857 No. 892 I have the honor to forward a list of the Public Bungalows in this District according to the Roads on which they are situated and the Furniture &c. required in each according to the Lists No. 1 & 2 appended to the Circular under reply.-

2 It is but fair as the Brandy renders it that Travellers should feel that they need not burden themselves with heavy articles and in this view hardly less could be supplied than that entered in the List.

3 With reference to Para 5 of Extract Minutes of Consultation of Government No. 183 of the 19th February 1857 I shall request the attention of the District Engineer to the ill arranged and inconvenient privies attached to some of the Bungalows.-

4 The old Cook Rooms which are now in the Bungalows of this District, I would propose might be disposed of by entering and the Sale proceeds thereof applied towards purchase of new articles

To A. D. Sim, Esqr.
Acting Secretary to the Board of Revenue

Rd No. 2497
From the Collr of
Coimbatore

Sir

With reference to the Board's Cir
cular of the 18th March last No. 892 I beg to
submit an Estimate for repairing the Public
Bungalows in this District as directed in the
needful articles. On full enquiry I find I shall
be able to procure here or at Coimbatore, —
nearly all, as I Board's list a few other
things as Punkahs wanchandi Stands &c
can be made up here. The Estimate is for
21 Bungalows 3 in the first and 18 in the
2 Class.
2 The Cost of some articles will differ
slightly if the Board's Estimate be not exceed
ed, they will perhaps allow me some slight
discretion in the expenditure such for instance
as buying a small common Almirah to keep the
things safely now such being provided for Mouse
hung Coach Punkahs, in all my Bungalows which
now were mill, at a Cost of less than 2 Rupees each
3 As regards the Establishment of servants
I beg to state that there are Sweepers already em
employed in all the Bungalows in this Division
as

8826 Fort Saint George 28th May 1858.

Fort Saint George 25th May 1858.

Bungalows along the several lines of road within this District.-

2 The lines along which there are Bungalows at regular stages are.-

1 The Main Road No 2 from Mangalore to Mercara by Dumpajee Ghaut.-

2 The Coast line

3 The Coompta and Dharwar road via Deimmumy Ghaut and Sirsy and

4 The Coompta and Dharwar line by Arbyle and Gillapoor

3 Of these lines the 2d and 4th need no now come under consideration as all the bungalows on the former are of the most plain substantial and commodious buildings and placed at convenient distances, the one from the other, that there is so little frequented by any but the local Officers, that any suggestion for improvements that now proposed would be rendered inconsistent circumstances to premature and unnecessary.

4 There remain the bungalows along the Coompta and Arbyle road which from must have to afford a minimum allowance of station per which no traveller would be willing

Fort Saint George 25th May 1858.-

willing to pay the rate now fixed, nor is the road frequented by any one but the Officers of the district, and occasionally a merchant travelling between the Cotton growing districts and the Coast.-

5 On the Mangalore Dumpajee and Mercara line are tolerably commodious and conveniently placed bungalows, and as long it would I beg to propose that the new system be first tried.-

6 The total distance between Mangalore and Mercara is 84 miles and the bungalows at which Main Restablishments and furniture may in the first instance be provided are those of Mangalore, Pattoor and Dumpajee dividing the journey into 3 stages of miles 31½, 30½ and 22.-

7 These stages may appear to the Board of an very inconvenient length, but as the road lies through a ferocious Country and travellers generally make night runs halting but rarely and then only for a few hours at the

* Miles 42 each

Fort Saint George 28th May 1858

the intermediate stations I would not, p
present at least, recommend that the
Bungalows of Commongulore and
should be added to the list although by
arrangement the length of the stages would
direct the mile 17p. 15. 20 p respectively the
Bungalows I would propose to furnish
cording to list No 2 entertaining for inst
Cot Rs or Servant Fall moor Rs one Rupee
by a Dooley or Rupees 3 per measure Spr
a higher rate for the Dooley believing
would be difficult to find a fit person
the pay proposed in your Circular which
fact below what is paid to several of the pe

coolies now employed along the line as mat
might I think be dispensed with for the pres
8 On the Completion Sixty and Dharwar bun
I would propose that the bungalows at Ta
and Mannadgoodie be furnished according to
list No 2, a Cot Rs and Dooley being entertained
in each, and for the Bungalows at Coompta
would substitute that of Honore similarly
provided for, as being the first to which invalid
to the Falls generally make, & much from which
is a better choice of roads.
9 Here again the stages would be very long but
not more so than is usually now accomplished by
ordinary mode of travelling May by Palanqu

Fort Saint George 28th May 1858

10 At the Falls which are approached either from
Sirsy or by the Honore river the full Compliment of
furniture as per list No 1 might I think be provided,
and here too, the addition of an Ayah to the Establish
ment of Servants would be desirable.-
11 Every year sees a larger influx of visitors to the
Falls, and the spot is so isolated, and supplies so
difficult to procure, that a liberal provision such
as that now proposed would greatly promote the
Comfort and pleasure of the visit.-
12 The present Bungalow, is, the Board are aware,
not Government property but one of the subscription
buildings, of which is a considerable number scatter
-ed through the district.-
13. This circumstance however need not I think
stand in the way, and as the site which it occupies
is perhaps the most eligible that could be found,
it might be furnished and maintained at the
public charge until replaced by some more com
-modious and suitable building.-
14 I am not informed how far the system has been
found self supporting in other Presidencies, but so far
as this district is concerned, there can be no question
that for several years to come the receipts will fall
far short of the outlay.-
15 Convinced that more favorable results are not
to be anticipated, I have felt some hesitation in
recommending

recommending the introduction of the systematic
until the roads and communications are in a
Complete State than is now the case. The long
of the stages between the furnished bungalow
may seem objectionable and likely to defea
the object proposed, but viewed in connect
with the ordinary mode of travelling in the
parts, the State of the roads and wild an
forever in nature of the Country, I cannot
opposed to recognize in it a formidable obstac
to success.

16 Such of the articles mentioned in
list as are not procurable here can
easily be supplied from Bombay.

17 The District Engineer has been
addressed on the subject of the Alterations
proviso objected to in para 6 of the
Proceedings and requested to supply
me with a model better adapted to the
purpose than that hitherto employ
ed in their construction.

Signed J. D. Robinson

B. No. 1131

From the Agent to the Governor Vizagapatam

Sir

With reference to an Extract from the Proceedings of the Board of Revenue under date the 27th November 1857 I have the honor to forward herewith 2 Statements of Moturpha furnished by the Zemindar of Vizeanagrum —

1st. Abstract Statement of Moturpha of each Talook

2d. A Statement shewing the particulars of Rupees 7837—4—8. claimed by the Zemindar of Vizeanagrum on account of certain ground occupied by the houses premises and Shops of Traders. —

2. The Sea fishery tax amounting to Rupees 2826—10— referred to by the Board is realized for the right of fishing in the Sea and in Salt water rivers and bears an entry under the head of Moturpha. This tax was collected by the

the Vizcanagrum Zemindar up to the close
of Fasly 1266 and from Fasly 1267 the
Motumpha having reverted to Government it
since been continued on Government acco

3. In regard to the nature of the tax
alluded to in Mr. Smollets letter of
16th May 1857 Para 6 I beg to state that
is a tax on Cattle and has hitherto been
included under the head of Motumpha and
is usually assessed at the rate of 2 Rupees
hundred head. the Zemindar of Vizcanagrum
claims to resume this tax it being usually
levied for permission to graze sheep and goa
yrs on the lands within his Zemindary. The
Board of Revenue in their Proceedings of the
20th October 1857. having conveyed the sanctio
of Government dated the 18th July 1850 abolishing
all taxes on sheep and Goat yrs. have struck
off this tax from the Motumpha account

and it will not again be collected. but
I presume it is competent to the Zemindar
to levy a tax from the owners of all sheep
and other cattle grazing on pasture lands
within his territory and on this point I solicit
the Board's views for communication to the Rajah.

4 Under the orders of Government the
entire Motumpha has been resumed from the
Zemindar from the commencement of Fasly
1267 and Mr. Smollett had already instructed
the Talook Officers to collect the Taxes in the
same manner and to the same extent as they
had been previously realized crediting the
various items under the head of Motumpha and
no alterations as suggested by Mr. Smollett had
been carried out up to the period of his leaving
Shortly after I assumed charge of the District
the subject of a particular Oil tax which obtains
only in the Town of Vizcanagrum was prominently
brought

the Vizeanagrum Zemindar up to the Clo
of Fasly 1266 and from Fasly 1267 the
Motumpha having reverted to Government
since been continued on Government acco

3. In regard to the nature of the ta
alluded to in Mr. Smollets letter of
16th May 1857 Para 6 beg to state that
is a tax on Cattle and has hitherto bee
included under the head of Motumpha
is usually assessed at the rate of 2 Rupees
hundred head. the Zemindar of Vizeanagrum
claims to presume this tax it being usually
levied for permission to graze sheep and go
&c. on the lands within his Zemindary.
Board of Revenue in their Proceedings of
20th October 1857. having conveyed the sanct
of Government dated the 18th July 1850 abolish
all taxes on sheep and Goats &c. have struck
off this tax from the

and it will not again be collected. but
I presume it is competent to the Zemindar
to levy a tax from the owners of all sheep
and other cattle grazing on pasture lands
within his territory and on this point I solicit
the Board's views for communication to the Rajah.

4 Under the orders of Government the
entire Motumpha has been presumed from the
Zemindar from the commencement of Fasly
1267 and Mr. Smollett had already instructed
the Talook Officers to collect the Taxes in the
same manner and to the same extent as they
had been previously realized crediting the
various items under the head of Motumpha. and
no alterations is suggested by Mr. Smollett had
been carried out up to the period of his leaving
Shortly after I assumed Charge of the District
the subject of a particular Oil tax which obtains
only in the Town of Vizeanagrum was prominently
brought

brought to my notice. This Tax had been l
at the rate of 2 Annas in the Rupee on all
description of Oil including common Lamp O
brought into Vizeanagrum for retail Sale and
the daily use of the inhabitants. It amounted
Rupees 2000 a year but it had long been felt
both oppressive and vexatious while it was
unknown elsewhere and having satisfied myself
when at Vizeanagram of the obnoxious chara
of the tax, I did not hesitate at once to abolish

Gold dust tax. Tax on Measures

5 The other small taxes noted in the
Margin and which were also the subject
representation and enquiry before me are
likewise struck out of the Melumpha accounts
By other alterations which I propose to make
in the Items of Melumpha I will if necessary
report hereafter with all particulars.

6. In this District each Head of
Police is allowed one Assistant to aid in Police

matters. This Assistants time is fully taken up with
the immediate duties of his post as well as with
others of a Miscellaneous character and on
adverting to the very large number of persons from whom
Melumpha is leviable thus rendering the accounts
both extensive and intricate I am of opinion
with Mr Smollett that a Separate establishment
should be allowed to collect this Source of Revenue
if it be the Government intention to continue
its existence I will not however at present en
discuss the arrangements to be made in the ex
pectation that after the very general condemna
tions of the principle of Melumpha taxation
it is the purpose of Government very shortly
to do away altogether with this Source of
Revenue but should I be mistaken on
I would simply press on the Board's attention
the proposal of my predecessor in his letter of
the 16th May 1857 wherein he suggested that the
Melumpha Collections should be separately charged to
Government at a cost of Rupees 2,418-0-0 per annum.

Vizagapatam Governor
Agent Office 2d March 1858.

8862 Fort St. George 31st May 1858

To

J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George

B. No. 1050.

From the Collector of Bellary

Sir,

When the Bruce pettah of Bellary was formed, in part of the land allotted as "Gramanum Tham" for Village purposes, a Litch was excavated round the pettah shortly after the transfer of the Pettah to the Civil authorities in A. D. 1831 part of the Litch was filled up by the Sub Assistant Commissary General and another portion comprising 9 Coontahs and 6 measuring 62 yards by 7 yards was granted by that Officer to Tambayapah Moodelliar Deputy Renter in his Office.

2. Tambayapah Moodelliar has filled up the Litch at a cost of about Rupees 200. excavated & built up with a

8863 Fort St. George 31st May 1858

From Lieut. Barrow to Lieut. Pinchin Dtr. 6th/57

Rupees and converted the spot into a Garden. As stated though in the letter noted in the Margin, he evidently had no object of gain in this expenditure. The Garden is partly taken up with Pottie plants, the leaves of which are freely gathered by the Brahmins. From the few Vegetables raised in the other part of the ground he derives no profit and the water of the Pumpy is for the use of the public. He contemplates also erecting a small Choultry at an Estimated cost of Rupees 500. which will no doubt be of more advantage to Brahmins than to others.

3. This spot of ground however is entered in the accounts as "Wetland" and as such is liable to a demand of Rupees 2-6-6. Its present condition is not such that it ought to be so classed the extent of the ground is very insignificant and

Fort St George 31st May 1858.

and the object of Sambayapah Moodelliar in lay is charity & not pecuniary gain. I would therefore suggest if the Govt are not disposed to grant the land to Sambayapah Moodelliar and his heirs free of all assessment, as I would by [illegible] recommend, that Govt at least have their permission to clear the land at "Dry" and assess it the rate of 2/ Annas per acre.

No 58

To,

J. R. Lin Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

After Vide 2384

From the Collr. Sir

of Cuddapah.

I have to acknowledge

the receipt of the

Circular No 925 from the

Board of Revenue en-

closing Extract from

Proceedings of the Board

of Revenue dated the 22d

1857. together with the Extract

8869 Fort St. George 31st May 1858.

the Minutes of Consultation dated

the 18th Idem conveying Government

remarks upon the petition

of Aude Lutchmee and her Daugh-

ter Govindoo. dancing girls residing

at Goandaloor in Goorramcondah

talook in this District.-

2. Having considerable doubts

whether the petition of Aude Lutch-

mee will come under the pro-

vision of Section IV of Regulation

VII of 1831 I request you will obtain

the opinion of the Board on the

subject and favor me with the

same for my information and

guidance in the disposal of Si-

milar cases.-

3. Upon a reference to Sec-

tion II Regulation VII of 1831, it

appears to me that this Regu-

lation is strictly confined to

emoluments derived by village

officers in the Revenue and

Police departments and is not

applicable to any Enam or Emo-

lument and strictly included

under

Fort St. George 31st May 1858.

under these two heads; all other Enams come under the provisions of Regulation IX of 1831 except Davastanum, which is included in Regulation VII of 1817 but from the Minutes of Consultation above referred to, it would appear that Kyratee and Pagoda lands are intended to be brought under the provisions of Regulation IX of 1831 & is to be a question for point whether the Regulation is to be confined to emoluments derivable by Village officers in the Revenue and Police departments alone, or whether other Enams such as Bhuttuvaty Kyratee Mosque and Pagoda Enams are to be included under the above provisions, that I now address you.

4 The Petitioner Sudasiva Lutchmee claims certain lands in the villages of Goondloor and Cudalooreyachenoo the whole enam situated in the former and

Fort St. George 31st May 1858.

and the moiety in the latter. The lands claimed in Goondloore are entered in the enamaty accounts as Kyratee and amount to Rupees 33—11—0 and are entered in the name of Nungee These lands though entered as Kyratee may be considered as service Enams for the Pagoda as the holders of the Enam have from former times to the present performed the duties in the temple dedicated to Chinna Casawassamy. In the Pagoda accounts of Fusly 1237 this land is entered as Kyratee not as belonging to the servants of the Pagoda. The Enam lands in Cudaloree Rayacherroo amounting to Rupees 29—0—11 are entered in the names of Bogum Ramee and Chelvee as Pagoda Service Enam as well in the Enamaty as in those of Fusly 1237 The latter thus clearly shown do not come under the classes designated in clauses II and III of Regulation VII of 1831 It appears to me that the

the Collectors are at liberty to employ the Tahsildars in the investigation of disputes which may arise in all Enam cases which do not strictly come under the Head remuneration to village Police and Revenue departments If other Enams be included in addition to those specified in clauses II and III of the above Regulation, the Collector will be deprived of the services of his Tahsildars and his time will be entirely taken up in enquiring into disputes regarding the various Enams and the parties and witnesses will be greatly inconvenienced by being brought to where the Collector may be say 40 or 50 miles

miles distant, while the whole enquiry into the enams not provided for by the above Regulation might be easily carried on at the talook Cutcherie station.-

5. In cases like the present, I shall be glad to be informed whether the Collector is the proper authority to decide personally disputes regarding the succession of certain lands belonging to the Pagoda. The Trustee or Trustees appointed to superintend the Pagoda is invested with full power over the Revenues and servants of the Pagoda and he

Fort St. George 31st May 1858

he has authority to remove their from their situations as would appear from note IV Page 85 Volume II of Circular Order of Board of Revenue. It occurs to me that as he has such authority it is for him to decide, who is the legitimate successor to lands entered in the accounts as being granted for service performed in the Pagoda and for any irregularity on his part he is responsible to the Courts of Justice.

No 47.

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort Saint George.

Sir.

B. No 3210
From the Collector
of Cuddapah

I have the honor to acknowledge the receipt of the Official Memorandum dated the 13th Instant calling for a reply to the Board's circular No 1114 dated the 14th April 1856 and in reply to state that all the information I have to offer with regard to the levying of tax upon fuel and timber has already been supplied and this communication will be a mere repitition to that already sent.

2. Up to the present time, the inhabitants of the province of Cuddapah have been allowed to cut timber in the jungles and forest free of tax with the exception of five different species viz Palmira, Teak, Chundum, Soontie, and Jittagee all the others are allowed to be cut not only for home consumption but for exportation. In the forests of Woogalavadah in the Cumbum Taluk a number of persons during the hot season when their cattle are not otherwise

otherwise required employ their labour in cutting and their carts in driving wood to Pellore for sale and large quantities are floated down the Penner River during the freshes for sale in the neighbouring provinces and parties who contract to supply sleepers for the Railway are allowed to cut and convey away as much wood as they please from the forests of Bolapalle which is the nearest and most convenient for the purpose. The forests in that portion of the province will soon be thinned out and Government will not be able to levy tax or dispose of the wood which belongs to them as it will have been cut and carried away before the orders to stop it arrive. I have on a previous occasion brought this under the consideration of the Board of Revenue.

3. With regard to the cutting of fuel the jungles and forests have never been rented and no tax has been collected upon fuel but the wood cutters pay a tax called Pasalipatti imposition of a tax upon firewood will fall heavy on many

many of the poorer classes by raising the prices and in some places the fuel has to be brought for many miles. The firewood is not in general portions of large trees but what may be denominated lops of large trees but what may be denominated lops or stunted trees, the wood of the trees being unfit for house hold purposes, but no doubt the branches of large trees are also lopped for the purpose of firewood. Many of the towns, such as Cuddalore, are situated far from any jungles, the wood for culinary purposes has to be brought from a distance of 10 miles, and the same remarks applies to the towns in the neighbourhood - in Cuicoutlah the distance it has to be brought is still greater - In Porovoor it has to be brought from 5 or 6 miles, Cuddapah is with so long a carriage and a tax being imposed, the price will be considerably increased and fall heavy upon the poorer classes - at present those who cannot find labour in the village proceed to the jungles and bring in wood - this they are sure to find a

From the Collector of Cuddapah 17th September 1857 No 95 Para 1.

a speedy sale for, and thus provide for their
families, which otherwise might starve - The families
of the Lumbadies, when the males have proceed-
ed to a distant country for the purpose of hard
employ themselves in bringing wood to the towns
and villages for sale - They would not be able in
all probability, to pay for the load of wood over
the forests rented and many of the poorer class
would be hindered from following an honest means
of livelihood - The placing a tax upon fuel
consider very objectionable as the people have a
political right to cut fuel in the jungles they have
enjoyed this from time immemorial, long before
the cession of the country and it has been ac-
customed to them ever since by the British Gov-
ernment depriving them now of this privilege
would be severely felt and I think it questionable
whether it could be carried out as there would
be constant attempts to evade the tax and in
the jungles the renter the renter will find

as high a price as he can for his own
profit and this will be a fruitful source of
dispute between the wood cutters and servants of the
Renter - In case an individual is found with firewood
which he has taken from the jungle without paying
the Renter for it or attempting to evade the Government
tax, how is he to be punished - if sent to jail for stealing
it will in the course of two days, cost Government more
than the value of the wood taken and the party
so punished to pay his self respect by being pla-
ced in prison and probably learn new ideas of
crime which had never before entered his
imagination by being confined among hard-
ened Criminals. The placing a tax on fuel
or renting the jungles were firewood is procurable
is in my opinion by no means advisable and the sum
collected would not be equal to the inconvenience
the community at large will be put to, particularly
the lower classes -

It is necessary to look into the

question en another light there is it does to Agriculture
If firewood were abundant parties would not be com-
pelled, as they are, to prepare the cowdung and use it
for fuel. They would make use of wood and save the
other for manure. It is a well known fact that
there is not sufficient manure obtained for the
purposes of agriculture, the fields are starved for
not receiving nourishment for years together the conse-
quence is the crops are indifferent but the lands
yield a full return if properly treated and nourished
Guano and other artificial manures cannot be obtained
and if they were, would be too expensive for the ryots
they have no other manure than that obtained from
their cattle which is insufficient for the pur-
poses, should they be compelled to consume for
fuel what ought to be applied as manure the soil will
be greatly aggravated.

5. In advocating the non taxation of
I advance no objection to the Government disposing of
the large timbers in the Jungles I think a duty
fixed on

just source of revenue. It is true that the people
having long enjoyed the privilege of cutting it
hard at the same time, it is hardly fair that par-
ties should be allowed to trade in the wood which
is the property of Government if Government were
to permit the ryots to cut free of tax such quan-
tity of wood as they require bonafide for their
houses and agricultural implements no dispute or
reasonable objection could be raised and it is a very
just that the Railway contractor should have
to pay Government a share of the profits he
derives by supplying Sleepers and these are actu-
ally the property of Government which he is allowed
to cut and dispose of wholesale for his own benefit.
One of these contractors mentioned to me the profit
was 50 per cent and this derived from Government
sources. A tax of two Rupees a cart load might be
fixed and collected and it is questionable even then whether
Sleepers could not be disposed of at the same price they are
now sold, as the profit would remain highly remunerative

Hoping

Fort Saint George 31st May 1858.

Having now stated my objection to renting out the jungles for fuel or placing a tax on it and the advisability of taxing timber of a larger size, I shall now state the plans I consider advisable to be adopted as a temporary measure until further arrangements be effected.

6. Should the Government determine upon taxing the forests a conservancy establishment will be requisite and until this is effected it might be advisable to impose a tax upon all timber above a certain size and parties might be prevented from cutting quantities of timber without receiving permission or Ticket from the Collector. These Tickets might be printed and stamped the Collector's Seal and divided amongst the Tahsildars for distribution to those who apply for permission to cut timber. In each Ticket the quantity required ought to be distinctly mentioned when the tax upon the cart load might be

Collected

Fort Saint George 31st May 1858.

collected and every cart load of wood without such a ticket might be stopped and confiscated should such a Ticket not be forthcoming on a penalty of double the tax might be levied. A few Peons stationed on the different thoroughfares would be sufficient for this purpose, but still it will be necessary to have some proper conservancy to see that the more valuable species of trees below a certain girth is not cut, or any unnecessary waste take place this conservancy would require to enter the forests ascertain where the different species of timber is produced and if possible, the quantity knowing this, it would be easily protected. The principal road along which timber is conveyed is that to Madras via Bailapally a Couple of Peons stationed at that place would be sufficient to prevent carts passing with out a Ticket. Before the wood is floated down the River or it is generally collected in the villages on its banks and the

heads

Fort Saint George 31st May 1858

heads of Villages ought to be compelled to report to the Tahsildar the quantity collected from [illegible] being floated down the rivers. Through Cuddapah a large number of carts pass annually both with wood for sale in Nellore, there therefore might be examined and a few Peons stationed required for the establishment. There are many places in the Cuddapah Talooks where Timbers might be cut and carried to Nellore and not it being known to any of the Government servants. To induce the heads of Villages adjacent to the forests to exert themselves in the protection of the Government rights they might receive one half of the sale proceeds of the wood which may be confiscated if the owners are not able to shew the Tahsildar's

Fort St. George.

B/ No. 1718
From the Collector of Trichinopoly.

Sir,-

As directed by your Boards Order dated 13th February 1858, passed on Petition No 4 of the same year, I have the honor to furnish further information.—

2 Years ago during the Carnatic Government one Vencatashastry a learned Pundit in the Vedas (whether the ancestor of Petitioners or not I cannot say) obtained an allowance out of the Mailwarem of Manacha. Nellore village in Laulgoody, Talook of 80 — Cullums of Paddy.

3 On the British Government assuming the Country, the village inhabitants collectively were directed to contribute this Charity, for which an allowance was probably made out of the Mailwarem prior to the commutation prices being fixed, and a money assessment realized. In the year 1822, Dutchna Moorty Iyen grandson of the orginal Vencatashastry complained to the Collector that his allowance in grain was not regularly rendered by the people. It was ordered by the then Collector, that the value of the 80 Cullums

should

Fort St. George 31st. May 1858.

should be realized from the villagers by an Extry in their puttahs at the rate of Rupees 2-14 per share aggregating about Rupees 69-5. And which sum was not paid direct to Petitioners but taken by the Government for the land tax due on certain puttah lands of these Petitioners.

4. In short Petitioners themselves and their ancestors held their puttah land rent free by this arangement.

5. In Fusly 1265 the Ryots of Manachavellore objected to this extra Cess of Rupees 2-14 per share, and made their complaint. I caused an enquiry to be made, and report furnished by the Tahsildar. And being satisfied the Petitioners had no right or title to any such levy from the people I declined to impose the Cess. And I am still of opinion that the allowance ought not to be imposed on the Ryots.

6. Petitioners perform no service for the allowance and are not more learned than their neighbours.

7. The original papers are returned.

Encl. No 7.

To

E. B. Thomas Esqre

Collector of Coimbatore

Respected Sir,

I beg leave to forward the account

Current relating to the expenditure of the Mudeers Experimental

Farm from March 1857 to January 1858 amounting to Rupees 677-7-6

respective of the sum expended by Mr Reid of Rupees 768-7-

noticed in his account Current of the 24th February 1857. Do

2. So far as I have been able to learn of the several amounts expended from the Sanctioned Sum of Rupees 1550. Rupees 1345-11-5 being the disbursement leaves a Surplus of Rupees 304-1-7 and Rupees 79 the value of the logs sold to the Railway Company in many in your Treasury.-

3. In drawing up the present account Current I have noticed the value of the grain harvested by the Mulcers, the prices were determined by the Mean of their selling rate obtained from the Tahsildar of Pullachee the prices of the logs sold have also been taken cognizance of; the timbers on hand in the Forests being money I have set down, and the last tho' not the least the value of the lands cleared which at the rate the ryots would be willing to pay for it, would be Rupees 1200.-

4. By the account Current you will observe that I have not taken notice of the Cargos harvested as I have not been able to ascertain as yet the exact quantity of Cargos, but expect to be able to send in a seperate memo of this, when that amount will have to be added to the present account. The grain harvested will be disbursed to the Mulcers for the maintenance of themselves and families, and while exhausting them even grain, they will in consideration be employed in clearing their own Jungle Land, every inch of which will be valuable to them as cleared and

Government moreover, when the measure proposed by me of constructing a rough stone dam and getting a small irrigating channel excavated, some of the Poonjah land will be converted into Punjah, which will enhance the value of the land considerably to what it is. One third of the grain harvested will be reserved for seed for the forthcoming season which will however nominally be shewn in figures in favor of Government towards the original outlay and whatever grain of the remaining two thirds the Mulcers may use for their maintenance will be shewn as a disbursement.-

5. The heads of ploughing cattles &c. is also money but I have not taken their value nor that of the Implements into this account.-

6. The above facts will shew how Government have not been made to suffer by such a benevolent enterprize as the reclamation of the "Mulcers" and of these people have any one to thank they must ever look to you as their Benefactor, and be grateful to you for this great effort made for their good.-

7. I will take the first opportunity of waiting at your Cutcherry to compare my accounts with those furnished to your Office from Pullachee from the commencement of this undertaking.-

B. of F. 20.30.

From the Ag Collector of Coimbatore.

Sir,

1. In acknowledging the receipt of Extract from the Board's Proceedings dated 17th Ultimo No 1340, I have the honor to forward a Statement shewing the subsequent Collections up to 30th April 1858. on account of arrears of the Ab Kary Revenue of Pulladom and Karoor, and the balance still due by the late Renters of those Talooks exclusive of the Loss sustained by the resale.

B. 158-13-4.

2. Of the total arrears now due Viz. Rupees 5,866-9-10 a sum of Rupees 1326- will be recovered shortly, and Rupees 534-7- will be so only by the sale of the property under attachment belonging to

8909 Fort Saint George 31st May 1858.

to both original and late Renters — and for which the Board's sanction has been requested in para 7. of Mr. Thomas's letter dated 23d March 1858.

No 45.

3. I have also issued strict orders for the recovery as far as practicable of the arrears of Rupees 3212-13-6 shown in the above Statement under the head "Doubtful". meantime I request again the Board's sanction for the sale of the attached property in question, in order that I may be enabled to ascertain and report finally as to the irrecoverable amount of the arrears.

Coimbatore. Collector's Office Camp Dotacamund 11th May 1858.

Acting Collector

Contd

to the lands of Rungeenbankum, and even now the particulars connected with some 58 Cawnies have still to be learned, but as Bills will be issued for these lands, the parties interested will probably come forward and afford the required information.

4. The orders of the Board and Government with respect to the last Thorne Survey having determined the course to be pursued in respect to the various forms under which property is held in the Division now reported upon, the Statements accompanying have been prepared according to those instructions, and as they explain themselves leave me but little to remark.

5. The Division was surveyed in 1803 during the Collectorship of Mr. Ogilvie, and from the Statement forwarded to the Board with his report of the December of that year, the

result of his measurements and that of the Survey now under reference are compared in the subjoined Abstract.

	Cawnies	Productive Rupees	Land Revenue	Total Revenue
Survey of 1803	870½	77½	7 2 3	
Present	583	113½	667	81

6. The decrease of 117 Cawnies shown by the present Survey in the Productive Land is accounted for as follows.

Rungeenbankum 1st Jamabundy 23 2 1,700

This report was included in Mr. Ogilvie's Survey, as certificates for the same had issued from the Office. It is clearly however beyond our limits & in the Chittagong District, and must exclude it from the late Survey. The ground has always been made and Rent not collected. Information will now be given to the Collector of Chittagong that the land is under his superintendence.

Roads 1st Jamabundy 15 Extended 15 Now 24 13 Then 24 "

8. Roads extended since 15 Cawnies 6 Gs. and New Roads constructed 24 13 over Mr. Ogilvie's estimate, and the space occupied by the Cawnies River

Fort St. George 31st May 1858.

vices was 68 7 according to the Survey accounts of 1774 / there is no mention of the exact area in the Survey of 1803 / and 58 7 according to late Survey, giving an excess to the latter of 25 Cawnies and the abstract in Para 5 shows a difference of 38 Cawnies under the head of "Unproductive" against the late Survey, making a total under this explanation of 125 Cawnies which is but little in advance of the real decrease.—

Unproductive 36

9.— The decrease of 81 Cawnies in the total measurements had with the exception of the 23 2 1/2 1,700 in the Tank bed as explained in Para 7 been carried by the late Survey, not adhering to the boundaries taken by Mr. Ogilvie, but defining its limits as a public Road & the low water pointed out by Inundation, the alterations are given

below

Fort St. George 31st May 1858.

below.—

			Gs	Yds	Sft
1.	Two gardens included in the last Chowle Survey	}	2	1,559	3/16
2.	One garden given to the Egmore Division	}	7	2	808 7/8
3.	The Pagoda of Casoo hathal & Police Tenant included in Egmore	}	1	13	154 1/2
4.	Lands of Waradanore a hamlet of Ranguem hamlets given to the Triplicane Division		28	11	188
	Total		51	2	2208 1/16
	Add lands in Tank bed		23	2	1700
	leaving about 7 Cawnies unaccounted for		74	5	1508 9/16

10.— The 553 Gs 4 Yds of Productive land as shown in Statements 1 and 2 to consist of assessed lands 345 Gs 8, and unassessed 208 Gs 20. the latter divided into Pagoa for habitations 182 Gs 16. and exempt without title in the same state. It is to be enquired into Gs Yds hereafter to be enquired into the last mentioned extent that

Fort St. George 31st May 1858.

that the financial results of the survey will be developed.

11.— His completed Statement E[illegible] Lands held free but recommended for assessment. Lands held under free Certificates recommended for resumption —

Statement E[illegible]
Statement F

£1 Gds 11 As 0
15–10–11 1/2 81

Lands held free and Still awaiting enquiry as to the alleged proprietary nature of having attended —

Statement G

58–17–11 3/8 318

Add expenses found in assessed lands —

7–4 2/2 399

17–2 5 8 1/2

Total 74 21 2 3 1/2 4 8 5

12.— From an inspection of the Registry of Grants and Certificates it is estimated that 3/5 of the amount entered in Statement G will be eventually liable to Quit rent, and this sum Rupees 190–12–10, together with 81 Rupees

C. R.

Fort St. George 31st May 1858.

in Statement E and F and the excess (6–3) found in assessed lands, will yield an annual increase of 277–15–10 over the present demand.

13.— This sum together with 5 years arrears (1390 Rupees) will give some 1668 Rupees as the immediate receipts consequent on the survey, and placed against its cost of 2113 Rupees, shows that it has proved remunerative, in addition to the great advantage of having the area and its divisions correctly defined.

14.— I have to ask the special orders of the Board on one case only

No 33 of the Book of claims, and to which the correspondence marginally noted refers. I am in doubt whether the free tenure was for life or in perpetuity.

15.— Before concluding this report, I may cursorily allude to the large extent of land (83–20–2293) enjoyed in this Division, free of Quit rent, as having been purchased from the Estate of the late Dr. Anderson, as it is the only instance, as far as I know, of

To Board 17 June 1819
From Dr 10 July enclosure
From Govern. 28 June.

of the Government having parted with the fee simple of the land to an European.

From Government to Board 17th November 1791. Extract Proceedings Board 30th August 1792. From Board to Government 20th July 1793. From Government to Honorable Court 16th January 1792. Dispatched 26th June 1793 From Government 23rd December 1793

16. This Gentleman had first Gs Gs 4fs
issued to him a free Grant for 26-11-745 being the site of the old Botanical Gardens, in furtherance of the orders of the Honorable Court, directing that the Quit rent upon his property should be relinquished, inconsequence of the high opinion they entertained of Mr. Anderson's "Zeal and ability in the various pursuits in which he is engaged".

17. The Doctor subsequently got Gs Gs 4fs
possession of 57-9-1547 more, and the whole extent of above 83 Cawnies has been purchased in different portions from his heirs, though for the Gs Gs 4fs 26-11-745 originally held, and Gs Gs 4fs 13-18-451 freed to Mr. Pugh under the orders of Government of the 13th August 1840 alone have certificates issued from the Register's office.

Application

To Board 1st February 1821
From Do 9th April "
To Board 26th April 1827
" 12th June "
" 5th November "

To Board to Govt 1st December 1828
From Government 6th December "

1 Key Map
2 Coloured Section
3 Plan &c

18. Application has been more than once made to the Board, in a long series of years, for the imposition of Quit Rent on this tract, but the Government finally, on the recommendation of the Board directed that the land should be held free.

19. There seems now no objection to issue free Grants for the remaining 43-15-1117 Cawnies, on the proprietors applying for such documents.

20 In transmitting three Maps as per margin, I beg to forward Copy of a letter from the Deputy superintending Engineer in charge of C. Circle, as to the examination the survey of this Division has been subjected in his office. The Board will judge whether it sufficiently tests the accuracy of the undertaking.

21. It is apparently all office work, and would not discover omission of land, which though existing had not been entered among the measurement of the Field Book, the

8920 Fort St. George 31st May 1858

the traverses and angles having been
mapped from the latter.

22 The Boundaries of a large
number of minor holdings" are
well defined by a hedge, and our
Registry gives the limits according
to enjoyment, by which tenure the
original measurements were regula
led - There seems to be therefore
no difficulty in survey
ing the area thus given, by
an independent party.

6	D°. D°. Cattacotah 6 V.P. Pest Cattobady Pet. 3. 15.	No documents	About 100 years back the Villagers granted the Enaam to Cavoocandah Banspannah is entered in the Permanent Settlement accounts in his name and enjoyed Successively. —	For charity	C. Banspannah died on the 6th May 1855 Grants Son of the Grantee	The whole lands was enjoyed by the deceased Banspannah	Family left by the deceased C. — Widow Antanmah aged 25 years — 1 adopted Son Juggiah — 0 — 6 — ½ This adoption is genuine one which is proved before the Tashildar —
7	D°. D°. Cannavanlow 6 V.P. Pest Cattobady Dry. 1. Wet 2. 3 — 2 — 0	No documents	About 90 years back	D°.	D°.	D°.	D°.
8	D°. D°. Juggumpettah 6 V.P. Pest Cattobady Dry — — 8 — 2 — —	No documents	The Curnum declares that about 57 Years back the Villagers granted the Enaam to Cavoo Candalah Banspannah Bears mentioned in the Permanent Settlement Accounts but Seems to be an ancient grant as it was Successively enjoyed by 3 generations	D°.	D°.	D°.	D°.
9	D°. D°. Cattacotah 6 V.P. Pest Cattobady Dry — — 8 Wet — 2 — 4 — 2 — 12 — 16 — —	No documents	88 years back the Villagers granted the Enaam to the ancestors of Singumpoody. —	From Taylors work to the ryots. —	I. Durmayah died on the 2nd November 1833 by the deceased — 4 Appertain to the family of the grantee. —	Have enjoyed 6 V.P. by the deceased — 4 Washerman — 1 — 4 2 — 12 — 16	Family left by the deceased Brother C. Stan — gayah — 1 Performing the duty

This and the succeeding number bear an entry in the permanent Settlement accounts and have never passed out of the hands of the original grantees family. It is recommended that both be continued to the deceased heirs according to Para 9 of the Rules. —

Does not appear in the permanent Settlements accounts but possession is traced to 57 years back and there has been no diversions from the original grantees family adverting to this fact and the long period of possession it is proposed to assess a moiety of the Sist or quitrent and to Continue the lands to the deceased heirs. —

It is the very long period of the grant as shown by the accounts though not appearing

Frost D^t George 28^th May 1858

Dewanagahye Veesum of land is entered in the Permanent Settlement Accounts in the name of Venkayah grand father of Duraisayah and the Curnum declares that although the other 1/2 Veesum of land was originally granted Yet for reasons unknown does not bear an entry in the Said Of this Curnum to Veesum of land Yielding an annual produce of 8 Rupees was Separated by the late Proprietor 30 years ago and alienated as an Enam to a Washerman whose Sons are enjoying it These two lands measure 6 to Veesums When Mr. Mason late Head Assistant Collector got them measured

No documents

No other means of Subsistence

in the permanent Settlement accounts that Suggests Sasse no defication of the District Letter of the Rules and it is also shewn that with the exception of a portion alienated as Stated in Column 3 to a Dhobe the rest is within the family of the original Co Grantee It is proposed that on both parties a security of the Zist be fixed at the Cuttoobady
