Secretary to the Board of Revenue
and Court of Wards
Fort St George.

Sir,

I have the honor to forward

B.d No 2525-

From the Collr of Rajahmundry

Forwarding Copy and Translation of a complaint filed by Volaty Neelachellum of Comaragherry Curnum of Hamum in Pettapore Zemindary & draft of the proposed answer to be filed in Suit No 3 of 1838 Sub Courts file.

Copy and translation of a complaint filed by one Volaty Neelachellum of Comaragherry Curnum of the Village of Hamum in the Zemindary of Pettapoor against me and certain others in the Subordinate Court at Rajahmundry in No 3 of 1838 objecting to the appointment of a joint Curnum to the said Village by Mr Smith the late Collector of this District in 1841 during the former management of the Zemindary under the Court of Wards in consequence of the present Minor Zemindars father being then a Minor: A Draft of the answer proposed to be filed in the Suit is submitted.—

H

Fort St George 29th June 1838.

2 It will be seen that during the time of the Plaintiffs father a joint Curnum was appointed for the performance of the duties connected with the office and the 1st Defendant in the present Suit was nominated 17 years ago as joint Curnum; and since then, the duties of the office have been performed by him. The revenue of the Village is now Rupees 2,200,-

3 Under these circumstances I request the Court will be pleased to grant Sanction for defending the Suit at the escpense of the Estate.

4 The time for filing our answer in the Sub Court will escpire by 14th Instant I request as early a reply as convenient to this letter though of course further time will be asked for if necessary

Fort St George 29th June 1838

No 3 of 1838

To
The Subordinate Court of
Rajahmundry.

A complaint filed by Plaintiff Volaty Veelachellum of Comaraigherum Curnum of the Village of Kamand against Defendants Volaty Atchataramennah of the said Village, Curnum of Soobliane pettah, 2, Adivey Bhogaranuze at present residing at Cocanada Guardian to Atree Rajah Row Venkata Gungadara Rama Row Minor Zemindar of Pittapore Talook and 3 A Purvis Esqre Collector of Rajahmundry.-

1 For a length of time past my Grandfather and myself have been successively the sole list Curnums of the Village of Kamam bearing an assessment of Rs 840, in the Zemindary of the 2d Defendant without any joint Curnum: During the minority of the 2nd Defendants father Volaty Ramunnah who was employed by him as Vakeel and in other principal situations, and being uncle to the 1st Defendant

Fort St George 29th June 1858

Defendant with a view to deprive us cause legally of our hereditary right by his merely bearing the same family name cause his younger brother or the 1st Defendant's other uncle Janakeramoodoo to present in the Collector's office the accounts of Fusles 1242 and 1243. My father Puttalaramiah the rightful incumbent having thereupon presented an Arzee to the then Collector Mr Crawley requesting that this irregular act might be disapproved he enquired into the matter and dismissed the said Janakeramoodoo issuing an order in the Month of November of Fusly 1243, stating that he should not perform the duties of Curneekum as he was not entitled to do so.-

2 Even since that period my father, and after his demise, myself, who was entered in the list in Fusly 1248 have performed the Curneekum duties, but in Fusly 1250, the 1st Defendant and certain other Ryots of the Village having enmity presented an arzee against me to the then Collector pretending that

I

Fort St George 29th June 1858

I had embezzled the Collections, the said Collector without obtaining any proof issued an order under date 26th July 1841 appointing 1st Defendant (or heir to the said Janakeramoodoo) as a joint Curnum of the Village, The 1st Defendant has in consequence joined the office of joint Curnum and performs the duties thereof.-

3 The charge then made against me was dismissed by the Collector and I am doing the duties of my rightful Curneekum office as usual- The suit presented by me in your Court on 8th January 1852 — requesting the removal of the 1st Defendant from the joint Curneekumship for having illegally usurped half of the emoluments I derived from this office was received by the Civil Court a file in No 23 of 1853 and referred to the District Moonsiff's Court of Peddapoor, who examined both parties and admitted that there was proof by documents as well as by the Statement of the 1st Defendant, that the latter had no right to the office

Fort St George 29th June 1838

offices, and that I was sole Curnum, he dismissed the suit stating that decision could not be given on the ground that the Zemindar had not been included as Defendant, Upon an appeal against it in No. 29 of 1837 the original Decree was confirmed. As the Zemindary Estate has been held under management, I have often requested the 2d and 3d Defendants personally and by Petitions to remove the 1st Defendant but they have not an swered me, I am in consequence induced to file this complaint against the Defendants with an attested copy of the original decree, I therefore pray your Court will on examination of my witnesses and documents be pleased to pass a Decree directing the removal of the 1st Defendant from the joint Curnechumship of the Village of Hamum, yielding annual Emoluments of 32 Rupees and directing that the duties of the office may be solely taken from me, that the 1st Defendant may be compelled to pay me the annual emolument of 16 Rupees, which he is to enjoy from the

Fort St George 29th June 1838.

the Current Fusly of 1267 and that the charges of the suit may be defrayed by the defendants. I have given up my claim for past Emoluments - Please to perusse -

The 16th February 1838 - /Signed/ Volaty Veelachellum
Plaintiff

No 3 of 1838.

To
The Subordinate Court
Rajahmundry.

Proposed answer of A Purvis Esqre Collector of Rajahmundry 3d Defendant to the complaint filed by Volaty Veelachellum of Comanagherry Curnum of the Village of Hamum in the Zemindary of Pittapoor under the control of the Court of Wards. -

In

10544

Fort St George 29th June 1838.

In reply to the 1st para of the Com=plaint the Collector begs to state that the state=ment of the Plaintiff that the joint Curnum the late Tolaty Janakeramoodoo was upon his fathers application dismissed on the ground that he had no right to the office is not true. The late Collector appointed the said Janake=ramoodoo as joint Curnum and received from him the accounts of the Village for Fusles 1241- 1242 and 1243, but as he execuled a sum of Rupees 528-14- from the Ryots beyond their Cist the Collector recovered the amount from him and issued an order under date 22d November 1834 dismissing him from his situation and requiring the selection of another competent person for that office= The 1st Defendant was since appointed as the present joint Curnum the Cist of the Village at the time of his appoint=ment was Rupees 1100 but as it has since gradually increased to Rupees 2200 viz to Fusly 1266, and the Kham Cist of the Village amounts to Rupees 2,800 the appointment of a joint Curnum

10545

Fort St George 29th June 1838.

Curnum is not contrary to Section II Regulation XXIX of 1802; which provides for the nomination of a single Curnum for a Village bearing the Cist of 1,500 Rupees. As the Plaintiff was moreover convicted for an offence as hereunder stated the late Collector mistrusting him, appointed the 1st Defendant as joint Curnum on the 24th July 1841- The 1st Defendant has since held the office of joint Curnum that is for 17 years, discharging the whole duties of the Village with actuity and diligence while the Plaintiff has all along neglected his duty and has entirely failed to perform it, since the Estate came under the management of the Court of Wards in Fusly 1260-

In reply to paras 2 and 3 of the complaint the Collector begs to state that while the Plaintiff was sole Curnum of the Village (i e after the removal of the above named Janakeramoodoo from the joint Curnumship) he was accused by the 1st Defendant and others of having Embezzled public money, the late Collector instituted

10546 Fort St George 29th June 1858

instituted an enquiry. The Plaintiff was convicted of the offence and sentenced on the 1st December 1841 to pay a fine of 50 Rupees and in default to be imprisoned until the payment or for a period of one year under Regulation IX of 1822. The Statement of the Plaintiff that the charge brought against him was dismissed for want of proof is not true. The retention of the 1st Defendant (who was employed during the said enquiry) as joint Curnum was therefore found expedient.

5th The Court will perceive that joint Curnums have been appointed both during the time of the Plaintiff's father and himself owing to their improper behaviour and neglect in the performance of their duties and that the services of the 2d Defendant are required to conduct the duties of the Curnumship. The very long time Plaintiff has allowed to elapse before bringing forward his claim

E.R.

10547 Fort Saint George 29th June 1858

claim is worthy of consideration The appointment of the 2d Defendant as joint Curnum has moreover not deprived Plaintiff of any Emoluments derived from the Curnee Kum Enam land. The Plaintiff alleges that the other emoluments amount to 32 Rupees this is greatly exaggerated the amount is at present estimated at 4 Rupees per annum, inclusive of certain presents made by individuals as pleases them when marriage ceremonies are performed.

Under the foregoing circumstances the Collector requests the Court will be pleased to nonsuit the Plaintiff with costs.

Board of Revenue
Fort St. George

B. No. 2629.
From the Collr. of Guntoor ... Sir,

In reply to Extract from the Proceedings of the Board of Revenue No. 582 of 1st. ultimo I have the honor to state for their information that I have no suggestions to offer in addition to those already made by the Board of Revenue for obtaining a correct return of the price of grain and other articles from each District.

2. With reference to para 18 it appears to me that the Employment of the Talook Shroffs for the purpose of noting down the actual prices at which grain has been sold and offered for sale in the Bazar might secure the object in view. Some Shroffs are professionally traders, others are related to or more immediately connected with the Merchants who may have that intimate knowledge of the sales and prices which could not be found in other subordinate servants, whose employment in this duty would perhaps carry with it some appearance of authority.

3 The Establishment of markets of the nature adverted to by the Board in para 32 would no doubt be advantageous to the Public, but I question whether such Markets could be established unconnecting with the assistance of Government.

1050 Fort St. George 29th June 1858

No. 87

To G. S. Forbes Esq.
Secretary to the
Board of Revenue
Fort St. George.

B. No. 2311
From the Collector of Bellary

Sir,

Proposes with reference to Minutes Consultation 14th January 1858 para 3 Application among widows of the Enamdars in cases not in the Tabular Report of the Lapsed Enams for the 3rd Quarter 1858.

With reference to Extract Proceedings of the 16th Idem No. 177. I have the honor to point out that the total value of the Enams belonging to the family in question is Rupees 1086. 3-1 and not about Rupees 650 as it would appear that Government were under the impression was the case.

2. When the share of Rupees 202- 1-7 was assigned by the brothers to the first wife of the second brother on the occasion of his second marriage the Elder brother returned a share of Rupees 422- 1-7 and the second brother a share of precisely the same value on the death of the Elder

Fort St. George 29th June 1858.

† Note In reporting to Government on his death the total was by an error stated to be Rupees 437-10-7

elder Brother† his share of Rupees 442-11-7 was continued by Government to his widow Annajummah and the assignment of Rupees 202-1-7 to the first wife of the second brother (then alive) was also recognized.—

3.

As it seems to be the desire of Government now in the death of the second brother not to restrict the share of his first widow Pudmavah to the share of Rupees 202-1-7 originally assigned to her during the life time of her husband but to admit her to an equality with the other widow of her husband. I have the honor to suggest the following arrangement. I would propose to divide the total amount of the share retained by the second brother Viz: Rupees 442-11 and of the share assigned to his first wife Viz: Rupees 202-1-7 or a total Rupees 644-2-6 equally between his two widows. The respective shares of

Fort St. George 29th June 1858

of the three widows will then be as follows.—

	Rs a p
Padmavah first wife of second brother.	322-1-3
Hoombamah 2? Do — Do —	322-1-3
	644-2-6
Annajummah widow of the first brother	442-11-9
Total value —	1086-3-1

4. The share continued to the widow of the first brother in 1849 was only that which her husband had held in his own right and to the whole of which she would appear to be equitably entitled, I would therefore beg to recommend that no alteration be now made in her share.—

5

The sister of the two brothers is a widow, and now holds 12 Acres of land rated at Rupees 40. This appears insufficient for her maintenance and I would therefore propose that an allowance of Rupees 100 per annum be in addition paid to her in future by the

10555 Fort St George 29th June 1858

to do so I might incur an undue responsibility I observe the late officiating Agent has addressed the Board on a behalf of the Cash keeper Chenapaka and I wait their instructions in regard to the disposal of his case.—

Case No.	1 Taloop Village & extend and Value of the entire Enam	2 When & by whom granted name of the original grantee	3 Nature of the grant Charity or Service Service nature of the duty prescribed by the grant	4 Name of the last holder date of his decease and the relationship in which he stood to the grantee	5 Share enjoyed by the deceased and held by the other Members	8 Family left by the deceased name & age of the parties their circumstances and the means of subsistence possessed by them	9 Recommendation of the Collector and the grounds on which it is made.	10 Decision of the Board of Revenue & Government
1	Ready money Purwanah allowance in grant lieu of Dehaut Enam of Almaloo: munga poorum: each to in the Vellore Ally alias Taloop as per Government Sanction dated 27th June 1857.	Nabob Oom: doot ool oom: rah to Syed Hajeey Goolam Hoossain Khan of Jamadilawil in Hizery 1212 or A.D. 1797.	Hereditary	Syed Goolam Hoossain alias Son of the original grantee died on the 4th February 1856	The deceased held three fourth Share in the Village of Almaloo munga poo: rum in Ready money allowance 892-8-0	Abdul Cauder deceased's elder brothers son aged 18.	The Dehaut Enam Village of Almaloo munga poorum is one of the thirteen held on hereditary tenure adverted to in para 7 Extract from the Proceedings of the Board of Revenue dated 10th March 1857 No. 92. The amount of commuted money payment sanctioned at its resumption was 952-8-0 per annum according to Statement of the Collector forwarded with his letter of the 14th November 1850. In this Statement a Share amounting to 892-8-0 was recommended to be granted to the deceased Syed Goolam Hoossain. The remaining 60 Rupees was granted to Syed Abdool Cauder, who claims the share of the deceased Syed Goolam has left no son or daughter, and his wife is dead Abdool Cauder is the nearest of kin. As the Board in the Extract Proceedings above referred to have stated this Enam to be hereditary I beg to recommend that the lapsed share of 892-8 be paid to Abdool Cauder.

Sir,

Bd No 2234 From the Collr of Trichinopoly

As directed by the order of Government in para two of Extract Minutes of Consultation under date the 6th March 1858 No 301 which accompanied your Boards Proceedings No 1018 of the 24th of March last, I have the honor to report the reductions made in the assessment of Poodoo Village in Arrealore Talook recently resumed under the Resolution of Government quoted above-

2 The Circumstances of this Village in point of assessment being precisely similar to the other portions of the Arrealore Talook, I caused the same reductions to be made at the settlement of the present Fusly (1267) as more particularly by Government in the Minutes of Consultation No 577

of

Fort St. Georges 29th June 1858

of date 5th June 1856 namely 9/15 of the full Teerwah for Poonjah to be deducted & the Remaining 7/15 to be Charged-

3 The subjoined Statement exhibits the past & present Rates-

Former assessment				Reduced assessment		
1st Rate	Rs	7	4	Rs	3	2 9
2d "		6	9		2	13 11
3d "		5	12		2	8 3
4th "		5	4		2	4 9
5th "		4	6		1	14 8
6th "		4			1	12 "
7th "		3	8		1	8 0
8th "		3			1	5 "
9th "		2				14 "

4 No reductions were allowed for lands held on progressive Cowle from the Shrotriemdar-

5 No Nunjah Cultivation as was made during the past season as the Tanks lieing out of Repair "

The same Reductions of 8/8ths of the full assessment as allowed in the Arrcadoo Talook for Wet Crops will be granted here

6 The present Nunjah assessment

Fort St. Georges 29th June 1858

assessment for Canny is Rs. 8-4-" which reduced it will be Rs. 5-2-6-

From the Collr of Madura

Sir,

With reference to the Proceedings of the Court dated 17th April last

No. 1344 I have the honor to state, that in Consequence of an application from the Managers of Shevagungah for the entertainment of an Extra Gomastah to arrange the old Records of a certain Talook which it was stated were in a very bad Condition,

10573 Fort St. Georges 29th June 1858

Conductor Ivy was Called upon to report upon the state of the Records of the other Talooks. He reported after communicating with the Sheristadar that the Records of some Talooks had been partly destroyed by white ants and that the rest were in such Confusion that great delay was occasioned in searching for any document. He accordingly recommended that the Records should be Regularly arranged to perform which duty an extra Establishment was absolutely necessary.

If the amount of the Estimate Now submitted be considered too large I request that sanction be granted to entertain the Establishment at least for a period of 9 months This will reduce the Estimate to Rupees 1080.

No. 47

To G. S. Forbes Esqr.
Secretary to the Board of Revenue
Fort St. Georges

Sir

Bd No 22173 Draw the Collr of Canara — Draw Mssrs Brie 10th May 1858 To do 15th do From do 1st June

I am forwarding transcripts of a Correspondence with Mssrs Brie & Co of Tuddry Regarding their application for a remission of duty paid by them on some parcels of Tobacco sent to England & for a remission by Government of the duty now levied on this article when shipped for the united Kingdom, I have the honor to bring the latter subject to the notice & favorable Consideration of the Board of Revenue

2 From the trade Returns of the Presidency it would appear that Mssrs Brie & Co are nearly the only Merchants who have sent unmanufactured Tobacco the produce of this Presidency to England & it is certainly astonishing that whilst this Country produces tobacco in large quantities & of superior quality so little of it should find its way into the English Market

3 As the Consumption of this article in England is very great & the supply is almost entirely drawn from foreign Countries the interests of both Indian growers & English Consumers would be consulted by tobacco being put on the same favorable terms as Cotton with a view to the produce of

British

10575. Fort St. George 29th June 1858

British India being brought into Competition with that of America in the Home Market—

4 The duty laied on India tobacco sent to the united Kingdom does not at present amount to a sum worth a moments Consideration as an item of Revenue & little or nothing will be lost by an alteration in the duty under any Circumstances, whereas a Considerable Reduction of duty would probably cause a demand for the better qualities of leaf which would have a favorable effect on the Land Revenues of some Districts & lead to the more skilful culture & preparation of an article in general use not only in England but in all those Countries which trade with India—

5 On these grounds therefore I think I may venture to bring the existing duty on tobacco exported to the united Kingdom before the Revenue Board with a view to the ultimate reduction or Removal of this tax as a staple product of the Country which ought to find ready sale in the English Market—

6 Should the Board see fit to lay this subject before the Government I trust they will be able to recommend for favorable Consideration such indulgence as regards the duty already paid by Messrs. Brice & Co. as their case

10576. Fort St. George 29th June 1858

on the general remission or remission of the duty in question will allow—

Collrs Cutcherry — Mangalore 5th July 1858

(Signed) W.m Fisher Collr

To W.m Fisher Esqr
Collr of Canara
Mangalore—

Sir

We have the honor to address you on the subject of Tobacco—

This article has to our knowledge never been exported from this Coast to England the trade having chiefly extended itself only to the Indian ports—

We have therefore made an experiment with two shipments direct to England viz. per Jn. Palestine & per Alice Thompson & found that the produce would promise to become a most important export article & introducing an extensive Trade into this Country if the prices were not so very much enhanced by the heavy Duties to be paid in India & at Home

and

10577. Fort St. George 29th June 1858

We shipped by "Palestine" 98 Bales, & "Alice Thompson" 137 ditto 235 Bales

Total Rupees 441-7-9

or 10 % on the value in India to this we pay no importation at home 3/ P. pound extra, which makes the cost quite extravagant, and quasi puts a bar to the enterprize of the Shipper and, necessarily, checks the Cultivator, and certainly also affects the Revenue, as Tobacco would be grown to a great extent, if the Shipper could find an encouragement to take the crops, considering Tabacco to be very valuable produce, we think this fact to be of importance.—

Government has ever shown its great desire for the promotion of Cultivation and trade, by making certain allowances in Duty or giving grants of an equivalent nature. We take therefore the liberty to ask whether it could not be made possible that the duty of the above Exports Amounting to Rupees 441—7—9 be paid back to us in consideration of its being an experiment for the benefit of the Country, and whether the Export Duty could not be reduced in future as under present rules it is next to an impossibility that the Tobacco trade and Cultivation ever reaches that extent which it is capable of bearing.—

(Signed) Alex.r Brice & Co.
H. Cuthbertson

10578 Fort St. George 29th June 1858

Enc. No. 2

To
Messrs. Brice & Co.
Tuddery

Gentlemen

I beg to acknowledge the receipt of your letter of the 10th Instant on the subject of Tobacco. I am not aware that there are any legimate grounds on which I could recommend the repayment to you of the regular duty levied on the shipments of Tobacco made to England by "Palestine" and "Alice Thompson". The Government as you remark show great desire for the promotion of trade, and the extension of Cultivation. but I do not see how the real interests of either would be advanced by the remission to one House at a port in this province, of a duty levied on all exporters of Tobacco throughout the Presidency.—

I do not know to what you allude in para 4 of your letter when you say that the Government have evinced their solicitude for general improvement of trade by making certain allowances in duty or giving grants

grants of an equivalent nature, if you refer to particular instances, and not to general remissions of duty; and I do not think there can be any precedent on which you can found a claim for the return of the duty paid on the shipment above alluded to.—

Enc No. 3

To

W. Fisher Esquire
Collector of Canara
Mangalore

Sir,

We have the honor to acknowledge your favor dated 15th May. Tobacco with regard to legetimate grounds for repayment of duty, we beg to draw your attention to Cotton, an analogous Export produce to Tobacco. It was owing to the abolition of Export duty on Cotton that the growth and commerce of this staple acquired its present extension, and India has consequently derived great benefits by

by this wholesome measure, as it produced the influx of English money to India instead of to America. and effected the now ever increasing cultivation of Cotton - India has taken a share in the supply of Cotton; and this supply becomes every day more important.—

As to Tobacco - it stands at present in the former position of Cotton. it is directly supplied to England by America, and India has no share in the Commodity.—

We learnt by our last experiment that the Indian Tobacco is very much liked at home, but that it would require a considerable reduction of duty in India to rival with the American Kind, and to supplant the Trade to India and give to India the benefit of English wants and English Money.—

It is quite evident that this might be effected if a liberal view of the case were taken as yet it could not have attracted the Authorities, as Tobacco has not yet been exported direct from this Coast to England.

save our 2 operations under notice, which we believe to be the very first experiments of this Kind.—

The Exports of Tobacco from this Coast were chiefly confined to the

Fort St. George 29th June 1858

the Indian waters, the Persian Gulf and bay of Cambay, and the exports in question therefore do not come under the remark made by you that you do not see how the real interest of either would be advanced by the remission to one House at a port in this province, in this presidency of a duty levied on all exporters of Tobacco throughout the Presidency and we do therefore think that we are entitled to a favorable Consideration. Our trial if backed by liberal concessions, may lead in future to considerable operations, and bring forward a prosperous trade, extended cultivation and extended Revenues, and it must be the interest of Government to encourage such trade which are for the essential benefit of the Country.

Machineries

Fort St. George 29th June 1858

Machineries &c. intended for the benefit of the country pay no import duty into India, and when the first hydraulic press was brought to Bombay, Government gave a free passage to the same from Suez to Aden and Bombay. In 1850 Government being desirous of encouraging the Export of Cotton gave advances of money to exporters merely for the benefit of the country.

Considering our trial shipments of Tobacco to be the first steps towards the establishment of this Trade we feel convinced that Government will be glad to encourage us by the remission of the duty on the parcels in question, and by taking the subject of Duty on Tobacco exported to England into consideration, and if possible enact the abolishment of the duty or grant a reduction of the same, which makes it possible to compete with America for the benefit of India.

No 87

To G. S. Forbes Esqr.

Secretary to the Board of Revenue

Fort St. George

Sir,

Bd's No 2504
From the Agt Collr
of Ganjam

With reference to the Endorsement on Petition No 93 of 1857 I have the honor to report that there was a suit for the Naikaramship of Nundegam Village in Tekaly Talook -

2 Jungum Naidoo states that his father and Uncle held the Naikaramship for 50 years and that he succeeded to it by right and that the Petitioner when he took the Village usurped the office of Naidoo to which he has no right whatever as neither his father nor his grand father ever held the same -

3 Petitioner admitted Jungum Naidoo and Ramanaidoo held the Naikaramship for 50 years and stated that Ramanaidoo caused his father name to be entered as Naidoo in fasly 1264 The Petitioners father was of unsound mind and he was a minor so that Jungum

Fort St. George 30th June 1858

Jungum Naidoo was appointed to transact the duties of Naidoo and that 9 years ago the Zemindar appointed him Naidoo he admitted that his father never performed the Naikaram duties -

4 The evidence produced by each party supports his own view -

5 In the Goodecattoo accounts and Village servants lists for fasly 1262 the name of Jungum Naidoo is entered as Naidoo while in fasles 1263 & 1264 the name of both parties are shown.

6 In the account produced by the Petitioner in support of his claim his fathers name is merely entered as holding Inamium and not as being Naidoo -

7 The fact of Jungum Naidoos name being entered in the accounts for fasly 1262 clearly refutes the statement of the Petitioner that he has held the office since 9 years -

8 The pedigree of their family shews that Jungum Naidoo is

a

Fort St George 30th June 1858

a Member of the elder branch of the family and has therefore a legal right to the office. The suit was therefore decided in Dungum Naidoos favor by the acting Principal assistant Collector and the late acting Collector Confirmed this decision.

Sir

In my letter of the 1st instant

Fort St George 30th June 1858.

existance No 79 I have already reported the attachment of the Davaracottah Estate I now submit a List of the Establishment deputed to take Charge of it. The Number and pay of the Servants are the same as in last year Two Goomastahs who were entertained last year in the Hoozoor performing the Extra work thrown on the Establishment but who were by an over sight omitted in the list then submitted to the Board are added in the present one.

2 The arrears due on the Estate at the date of my last letter have not since the attachment been diminished by a Rupee and have been augmented by the Pay Kist I have received no detailed account of balances remaining for Collection but I believe they are not Considerable I see no reason to suppose that the sale of this Estate can be avoided. The Zemindar is deeply in debt. He owes his own Father

Fort St. George 30th June 1858

father in law about 80000 Rupees and has many other large creditors besides-

3 The Noozeed Zemindar having paid up Rupees 37707-10-11 since the date of the advertisement and promised to leave no balance at the end of the Current month I did not consider it desirable to attach his Estate as he Complained that his arrangements would be much interrupted by so doing and I was anxious to save him all ex-
-necessary expenses-

4 The proprietors of the Tumbra-
-pettah Estate has paid up Rupees 7000 and stipulated to liquidate the rest by the end of the Current month. In pursuance of a Precept from the Court I have been obliged to attach this Estate in Execution of a Decree obtained by a Creditor of the Zemindar- In doing so I deemed it advis-
-able to make the attachment on behalf of Government also- The private claims has been now satisfied

and

Fort St. George 30th June 1858

and as the greater part of the public claims has been also liquidated- I shall on receiving instructions from the Court take off the attachment as soon as the balance is paid

No Establishment was deputed for this Estate, as I fully expected the money would be paid-

5 Of the other Estates viz -
-cluded in the advertisement some are paying up though others are still slow But as there is no doubt-
of their ability to pay before the time fixed for sale I shall not enter into any particulars regarding them at present-

To J. G. S. Forbes Esqr
Secretary to the Board of Revenue
Fort St. George

Sir,

Bd Rs 2375
From the Collr of Masulipatam

I have the honor to acknowledge the receipt of your letter of the 28th Ultimo No 1510 calling my attention to the omission of my predecessors to explain how other than Government stores are landed at the Port in contravention of Para 22 Extract Minutes of Consultation 24th August 1855 Public Work Department No 459"

From the Records of the office it appears that on a reference made by the Sea Custom Agency asking instructions how he

Fort St. George 30th June 1858

he should treat Commissariat Stores &c. for the Arsenal and baggage &c. belonging to European Gentlemen many of whom were then Residents of the Fort Wm. Porter on the 22d May 1824 issued an order permitting these to be landed or shipped at the Pier Head, instead of at the new Custom House -

3 This practice still obtains and when I attempted to carry out the orders of the Board I found that the canal is so silted up that laden boats can only enter and leave it at high water it often takes 3 days for a Cargo boat

Fort St. George 30th June 1858

boat to get from the basin to a ship in the Roads the Lock is useless and has not been used for some years under Captain Orr's orders there is no Scour to keep the Canal clear and as far as I can learn it is a very expensive work and and that had better be dropped as soon as possible Captain Biden advised a straight cut to the Sea from the basin and Mr. T. L. Hunt told me he had pointed out to Captain Chambers the advantage of Carrying out the new Canal to the North of the Cantonment which would place the mouth in a more Convenient position as regards the anchorage and with groins and the flood it would always

Fort St. George 30th June 1858

always be kept open and free from S. still the Native Merchants use the Canal as much as possible to avoid the expense of Carriage but when there is so much delay entailed I feel sure the Board will not insist on any Change in the existing Customs until the Canal is put into good order if it is kept up.

4 A Peon is always on the look out at the Peir head and a Goomastah is sent for when any large Shipments are landed, and in order that Government should not suffer by what is a very Convenience to Merchants Residing in the Fort they gladly pay the toll in fact it is far Cheaper to do so than to Cart their goods from the basin back to the Fort so that there seems no good Cause to interfere with this privilege—

No. 91.

To, G. S. Forbes Esqr.
Secretary to the Board of Revenue
Fort St. George

Bd. No. 2371.
From the Collector of Nellore.....

To Board 25th March 1856 Extract Minutes Consultation dated 11th February 1857 Para 8 Board's Proceedings dated 25th April 1857 No. 1393—

Sir,

With reference to the correspondence marginally noted, I have the honor to submit the following report on the progress made in the arrangement of the Records of my Office during the present fusly—

2. I am induced to do so at this early period, before the expiration of the year in order that there may be time to obtain Sanction for continuing on the Establishment from the commencement of the ensuing fusly instead of breaking it up till renewed Sanction is obtained in the ordinary course—

3. With the end derived from the Register already existing prepared in Mr. Collector Bishop's time considerable progress have been made in separating the useful from the useless papers of the Poozoor Zelogoo Records, and a very large number of Duffers,

or

or bundles, of the latter have been removed as will be shown in detail below. The useless papers removed from the Record rooms are being sold as waste paper, the amount realized by the sales will be stated hereafter.

Records connected with Land Revenue Sheristah Department.

4. There was a very large quantity of Records under this head, and considerable progress has been more in sorting them. Out of a total number of 4,138 Dusters belonging to the period between fusly 1211 and fusly 1254 2,044 Dusters from fusly 1211 to fusly 1350 have been removed.

5. Orders accompanied by detailed instructions were issued by me, and the same mode of procedure has been followed with regard to the other Departments noticed below. In deciding what Records should be retained, and what destroyed, I have received great assistance from the Head Sheristadar Runga charlu

Ditto Sayer.

6. It was not found necessary to retain many of the Records of this Department which has been abolished. The accounts of the first and last 3 years (Faslies 1211, 1252 and 1253) together

together with a number of abstract Statements prepared in the last years of the Sayer, showing the particulars of the Revenue derived from this source in the previous years, were retained, as well as some other accounts extending over a greater period which were considered of some importance. The remainder consisting of 638 Dusters, or portions of Dusters, have been removed those retained amount to 90, some of which are not entire.

Ditto abkary.

7. The Records of this Department which were removed amount to 100 Dusters those retained to 2. The period to which they belong is from Fusly 1211 to Fusly 1254

Ditto Salt.

8. The greater portion of the Records of this Department were of a temporary nature, and were consequently removed. The number of Dusters separated as useless is 716, those retained 127 extending over a period from fusly 1211 to 1250.

Ditto Sea Customs

9. In this Department numerous accounts and other papers were removed viz 187 Dusters belonging to the period from fusly 1211 to fusly 1250. The number retained for the same period

In

Fort St. George 30th June 1858.

Ditto Maramuttoo. 10. In this Department the annual Inamakirch accounts Bills of works performed, and abstract lists of Estimates, and Maamoolnamahs or established rates of hire, and some other accounts were retained The number of Dusters removed were 249, belonging to the period from fusly 1211 to fusly 1251.

11. The papers removed are noted down in the detailed Register Books which being preserved will show what they were at any future time Separate Register Books of the papers retained have to be prepared hereafter being mixed up with those of a more recent date which have to be registered, this cannot be done at present.

12. The total number of unregistered Dusters extending from fusly 1251 to fusly 1267 is 3,338 to which about 500 more Dusters of fushies 1265 and 1266 are expected to be added. Of these 1080 Dusters have been arranged and registered. when the whole are registered the useless papers will be removed, and separate Registers prepared of those which are retained.

The

Fort St. George 30th June 1858.

13. The Records of the Talooks and Police Divisions remain to be arranged orders have been issued to the Heads of the respective Talooks to do so, but little or no progress has been yet made, and none of the temporary Establishment could be spared for the purpose.

14. In the English Department the Index of the correspondence with the Board of Revenue from the present period back to 1815 has been copied by the writer employed in the Board's Office, and I expect that the index of the previous 15 years will be completed by him before the end of the fusly, after which the arrangement of the English Records in my Office will have to be proceeded with.

15. On the whole I trust that the progress more will be considered satisfactory especially as the principal difficulty is met with at starting and that sanction for continuing the establishment for another year may be granted for which purpose I have included in my Estimate of additional Establishment for fusly 1268, but as the final orders of Government on this estimate may not be received for some time after the commencement of the next fusly, I request the instructions of the Board for Keeping on the establishment and proceeding with the work in the mean while.

Sd

10613

Fort St. George, 30th June 1858.

16.

It would however I consider enable me to make greater progress if the alterations proposed in the annexed Statement were sanctioned, as a greater number of lands would be available, without increasing the expense, or impairing the efficiency of the establishment. If this is approved of I request that corresponding alterations may be made in my estimate of additional Establishment for the ensuing Fasly or that it may be returned to me for the purpose.

Board's No 597
From the Coll[r] of Chingle[put]

Reporting on the ineffediency of maintaining all the Travellers Bungalows on the Southern Trunk Road in this District.

Sir,

1 With reference to Extract from the Boards Proceedings No 264 of the 19th Ultimo I have the honor to state the number of parties who halted at the Poonamally Bungalow during the last year amounted to 7/8 almost all I believe persons passing through the station. I think the Board are correct in supposing that the abolition of the other Bungalows on the Road will have the effect of rendering a Bungalow at Poonamally less necessary for Travellers than before as one of the consequences will probably be to send them to the Railway more than at present if they can afford it. The latter is a very important item for consideration in

in large families, as the rate being per head mounts up very high while from the Class of persons now generally using the Bungalows, I am inclined to think the greater part of them must travel by Bullock Coach or Bandy and will be necessitated to travel that way whether there are Bungalows or not. The abolition or retention of the Bungalows does not therefore appear to me to depend on the number of Travellers only but whether they are the Class of Europeans for whom the Bungalows were built. This Class of Travellers has almost disappeared from the Road since the opening of the Railway and the Bungalows can I think, be made to disappear with them. While it is true that the Bungalow may be less wanted for Travellers at Pernamally than before I think from its being a station there ought to be a Bangalow as there is nothing so ackward as arriving at a station and having no place to go to. When marching it does not much matter The Traveller is always desirous of pushing on and in the absence of a Bangalow is

Contd

content with the shelter of a tree, but arriving at a station he wants a place to go to if only to secure his luggage and would nowhere feel the want of a Bungalow so much.

2. The repair of the Bungalow at Rajahs Choultry is guessed at about Rupees 450 by the Assistant Executive Engineer who however has not made a regular Estimate.

3. With reference to the Board's opinion about keeping up any Bangalows between Poonamally and Arcot, I have the honor to submit my concurrence with their views that they will be unnecessary except at those stations.

B. No 2377

Sir

From the Collector of Chingleput

I

With reference to the Nota bene entered opposite Para 3 of Extract from the Board's Proceedings No 4669 of the 23d December last. I have the honor to state that the value of the shells therein adverted to was taken at what they would fetch in the Madras market had they been shipped and sold there Vizt at Rupees 10—12— per Garce.

Intimates that the Rent of the shell Quarries in the villages of Chunnambore allum and Elavoor being about to expire by the 30th instant advertisements have been issued putting the Quarries up for sale for the next 3 Fusilies—

2 The Superintending Engineer's letter referred to in Para 3 of the Board's Proceedings under reply was dated the 17th February 1855.

3 The Contractors referred to in Para 3 of my letter No 326 of the 7th November 1857 was Colonel Atkinson Contractor.

4 Copy of the Agreement called for in Para 9 is herewith forwarded, from which it will be seen that under the circumstances of the attachment, and subsequent neglect of the Government servants, the Renter cannot fairly be made responsible for the balance omitted to be recovered from his shells when attached— Had the shells been made over to him under proper restrictions, as he repeatedly requested, the balance might have been recovered; but as this was not done the blame appears to rest with the Government servants exclusively.

5 The particulars of the charges incurred for the management of the farm during the period it was under amany, are entered in the margin. The excavators were paid their hire in shells.

6 In Paras 11 & 13 of the Board's Proceedings a balance of Rupees 258—5 is

* Salary of a Temporary Goomastah from March to June both months inclusive at Rs 7 per Mensem ——— 28—
Inam to Coolies for digging shells 6—3—1.
Total ——— 34—3—1

is struck against the Renter, and the remainder Rs. 1107–6–5 proposed to be remitted; but it is this very balance that has been held irrecoverable, and recommended by me for remission. I beg therefore to request that the above sum of Rupees 258–5 may be added to Rupees 1107–6–5 proposed at the end of Para 13 to be written off, making the total so under that head Rs. 1365–6–10.

7 With reference to the Board's enquiry why I did not recover the full value of the missing shells from the Government servants Viz. Rs. 1261–15–7 instead of a portion only Rs. 948–12–3, I beg to state that the whole quantity of shells was recovered at the cost of the Public servants, but that portions of them valued at Rs. 313–3–4 being found to be

be unfit for use, were unable to be sold, and became a dead loss to Government.

8 The Renter can have no objection to his accounts being squared in the manner proposed.

9 The Quarries were rented out for 3 Fuslies from 1265 to the suppliers of the Superintending Engineers Department, agreeably with the recommendation of the Military Board, and their contract expiring on the 30th Inst. Advertisements have been issued putting the quarries up for sale for the next 3 Fuslies 1268. 69 & 70.

10 The subject of Para 2 of the Board's Proceedings dated the 24th October 1857 has been disposed of in the correspondence noted in the margin.

To the B. of R. dated 31st Dec. 1857 No. 6
From Do. dated 5th March 1858 No. 80.

Chingleput District Collector's Cutcherry Sydapet 4th June 1858

/Signed/ C. J. Shubrick
Collector

10617 Fort Saint George 30th June 1858.

Translation of a Moochelika executed by Gopaliah an inhabitant, Vellacolum in the Talook of Nayer in favor of Company's Circar.

Whereas I have rented the shell Quarries of Chumamboocolum and Elavoor in the Nayer Talook for 3 Fuslies or from Fusly 1262 to 1264, and there has been incessant rain which precludes the excavation and exportation of shells in that Fusly and in consideration of this circumstance, the lease for Fusly 1262 has been considered null & void and the same extended for 3 Fuslies from 1263 to 1265, at Rs 925 for Elavoor inclusive of tolls &c. and at Rs 25 for Chumamboocolum amounting on the whole to Rs 1196 these are to state that I have named one Elospaukum Eroosapah Moodelly as my surety for the above amount. If the same is accepted, and a Cowle issued to me I bind myself to pay the circar Kists and enjoy the produce.

Fort St. George

B. No. 275
From the Collector of Chingleput

Sir,

Agreeably with the instructions contained in Mr Sims letter No. 1843 of the 22d ultimo, I have the honor to forward a Statement exhibiting the expenditure on Public Works during the last 6 years, and the charges incurred in each year for Establishments. During the first 3 years of the period, the works were under the execution of the Collector, when the average expenditure amounted to Rupees 1,65179, and of Establishments to Rupees 8297 or a proportion of the latter to the former of 5 per cent. During the second 3 years, these Items reached Rupees 295987, and Rupees 56455 respectively, or a ratio of 19 per cent. It should be observed

1859

Fort St. George 30 June 1858.

Statement shewing the amount of Establishments sanctioned for Communications / Permanents / granted in this District.

Name of Tax	Nature of Item	Year of Abolition or reduction	Amount	Remarks
Land Tax	Salary		525 16 0	
	Emoluments at 12½ per Cent		65 15 0	
	Do at 11 per Cent		113 13 10

Sydapet 18th June 1858

Fort St. George 30th June 1858

observed, however, during the first period of 3 years; the Civil Engineers' Establishments of North Arcot were debited in the books of this District and that the sums entered in the Statement are a portion only of the entire sums so debited with reference to the proportion which the land Revenue of Chingleput bears to North Arcot the Establishment charges of the former have been taken at one third. There were no means of forming an actually correct Statement of charges for the District alone as the Board are well aware the Civil Engineer and many of his subordinates moved between the Districts, and drew their salaries as belonging to the Division and not separately as to one District or the others.

respect - In their present Employment many of them draw horse allowance and have therefore no excuse for not attending at the Cutcherry in person, and in this District they ought never to be more than 12 or 15 Miles from a Talook Treasury It is their own want of management if they have made their salaries payable at a Talook Treasury other than the Talook they are working in, and such a case it would be very hard to require the Talsildar to forward their salaries horse allowances and contingent charges after them at 3 different times it may be to the other end of the District.-

the enjoyment of the two grants and deed in the year 1849. showing previous to his demise adapted his youngest brothers Grandson Ramganadah Ghosay the wife of the deceased Balajee Ghosayma. med Yummanah Bhoye aged 23 now requests that the grant be registered in her name and that at her demise it be entered in the name of the adapted son Ramgana dah Ghosay now a lad of 11 years old. There are two points however which should be considered The widow lays claim in addition to the above grants to $\frac{c\ a\ c}{11-8-8}$ of Nunjah Inam land, situated in the Village of Sallayinagaram, which appears from the Tahsildars enquiry to have been enjoyed both by the deceased and by his father. There is however no grant or any thing extant to substantiate the claim now urged by the widow. to this $\frac{b\ a\ c}{11-8-8}$ How this Inam came into the family cannot be discovered. In the Soloah Inam Register the land in question Viz $\frac{c\ a\ c}{11-8-8}$ is entered in the name of Gunda charry son of Kanoonmuthoo Bagavunt Concerning whom nothing can now be ascertained The second point to be considered is the adaption. By the depositions now recorded. it appears that the adoption took place subsequently to January 1859 Consequently agreeably to the Boards

Fort St. George 30th June 1858

Boards order dated 16th July 1846 the parties making the adaption should have repeated the same for registery in the Collectors office this was not done The case should be it appears referred to the Board in accordance with para 9 of the Boards Circular order dated July 27th 1848 as although there is no objection to registering in the name of the widow the 2 grants for which Summuds are extant, still the Boards Orders are necessary regarding the "a c s" held without Summud and which has passed out of the family to which the grant was originally made also regarding the rejection or otherwise of the adaption.—

You and Your disciples in succession should enjoy by supplying travellers with food and water and live happy.

The annexed morals are to be observed in order to prevent this charity being abused or usurped Viz.t.

He who confers a gift in land should consider that boon in the light of his daughter if confered by his father his sister and by any one else his mother. He who therefore usurps such a boon makes

makes himself a monster guilty of incest.

Of him who confers a boon and he who supports and protects if the latter has the greatest praise, but if the charity bestowed by one is usurped by another, that other loses the praise even if any good he himself had ever done.

Again He who confers a boon will enjoy Heavenly bliss and he who protects a boon will enjoy everlasting happiness.

These morals will no doubt be strictly observed and attended to.

No. 119.

To,

G. S. Forbes Esquire
Secretary to the
Board of Revenue
Fort Saint George.

Bd No. 2729.
From the Collector
of South Arcot.

Sir,

I have the honor to report on the working of the District Press under my charge for the official year 1857/58, and to submit the prescribed statements No. 1 to 4.

2 It will be seen by statement No. 1 that the Receipts available to meet the printing charges are estimated at Rupees 1346-4-2 and the outlay incurred on account of the Establishment and contingencies amounted to Rs. 1024-13-7 leaving an excess in favor of the Press of Rs. 321-6-7 on the 30th April last.

3 The 3 first Items of Receipts are derived from the salaries of the situations which were abolished by Mr. Hall with the subsequent approval of the Board of Revenue conveyed in their proceedings of the 16th October and 1st December 1856 respectively.

These

These sums will be permanently appropriated to the Establishment after the receipt of the sanction of Govt to the Tabular Statement which I had the honor to submit with my letter of the 29th May last

4. The 4th and 5th Items are those which have been objected to by Government in their order of the 14th May last, in obedience to which order I have restored the situations which were previously reduced, but as the salaries, of the Press Establishment were partly disbursed from those funds upon abstracts daly passed by the Civil Auditor (with the exception of that for the months of April last) I request that the Board will be pleased to obtain the sanction of Government for adjusting my accounts accordingly.

5 The 6th Item of Receipt is the unpaid salary derived from the reduction made by the Civil Judge in the Establishment of the Mooftie Sudr Amun attached to his Court to cover the expense of the printing required by the Courts of this District. It will however be

Statement No. 3 that no work was actually executed for the Courts after this reduction was made, this is accounted for by the circumstance of their having on hand a sufficient quantity of printed forms &c. for which cash payments had previously been made. During the current year however there will probably be a considerable increase of work done for the Courts, there are no less than 38 of their papers in the press at the present moment making in all nearly 10,000 Impressions.

6 The remaining Items comprize cash payments received for works executed and the amount of subscriptions paid on account of the South Arcot Gazette.

7. On the Credit side of the account current a detailed statement is given of the sums disbursed to the workmen employed at the Press and the amount laid out for contingencies during the year under report. Bearing in mind the quantity and quality of the work performed this expenditure will not be considered to be beyond what was required to ensure efficiency in the Department and promptitude

promptitude in the execution of the work.

8 The Establishment being now complete, I conticipate that considerably more work will be performed during the current year provided the additional type and other materials applied for in my letter of the 26th Ultimo be sanctioned by Government.

9 Statement No. 2 shows the quantity and estimated value of the entire work executed during the year both on account of Public Officers and Private individuals. This Calculation has been made in accordance with the rule laid down in para 5 Extract from the Proceedings of the Board of Revenue dated 1st December 1836 No. 4067.

1857/58 — 1892-3-7
1856/57 — 1228-2-10
Increase 664-0-9.

The increase over the preceding year in the value of work done is shown in the margin.

10 Statement No. 3 exhibits a comparison between the value of the work performed and the funds available to meet the expences of the press, giving an excess in favor of the former of Rupees 545-13-5.

11. The value of Printing stock and stores is shown in Statement No. 4. With the exception of the

the last item this return is identical with that furnished last year. The item alluded to is that of Rupees 147, being the value of some Tamil Type purchased through the superintendent of the Government Press although this sum was advanced from the earnings of the Press, it has not been included in the expenditure of the year because under the Government order dated 29th March last, sanction will no doubt be accorded for its disbursement along with the cost of the rest of the materials required to complete the printings stock of the establishment.

12. It only remains to advert to the introduction during the year under report of the South Arcot District Gazette. The first issue was published on the 1st October 1857 and from the 30th of that month it has appeared regularly every Friday evening. I have alluded to the general utility of this publication in previous letters and the Board are able to judge from the weekly copy forwarded to them whether the Gazette issued from this Office is not calculated to secure the objects of such a publication.

13. As a medium of communication to all public

public officers of the District its value is incalculable, but it has been my endeavour, by the insertion of topics and information of general interest to make it sought after by Village Officers, Merchants, and Ryots. It frequently contains information with which it is desirable that Moonsiffs and Monigars should be made acquainted and to encourage them to subscribe I have allowed two Copies to be sent by District Tappal free of postage; and have also reduced the subscription in this case from 3 to 2 Rupees per Annum the effect of this arrangement has been satisfactory as will be seen from the accompanying return of the number and position of the public officers and of the private subscribers who receive the Gazette. The number of recipients now amounts to 428 of whom 178 are public officers who receive service copies and 300 paying subscribers.

No. 114

To

G. L. Forbes Esqre
Secretary to the
Board of Revenue

Fort St. George

BC No. 2097
From the Collector
of Tanjore

Sir,

On the dates marginally entered I had the honor to address the Board in respect of certain measures of indulgence which, under the peculiarly depressing character of the season and the difficulties arising from it, seemed absolutely necessary for preserving unimpaired the future resources of the District I had hoped the application then made and accepted by your Board, would have sufficed for the relief obviously required by the Meerasdars such however I regret to state, has not been the result of your liberality on which I am bound to make a further demand by seeking permission to abstain from realizing the Moiety of the

10th Feby 58
19th Do
Do

gain

gain by fuce for which according to the Coloongoo rules the Meerasidar are liable. —

2 Whatever for sometime past may have been my own expectations and fears, I could not justifiably bring the subject before your Board until the harvest of the year was closed as it now is, and the Summa= =bundy or commutation price for the Coloongoo Villages had been de= =termined and fixed. With their re= =sults before me, it is sufficiently apparent that the condition and pros= =pects of the Province are likely very seriously to be effected by the unfavorable year now drawing to a close, unless some Comprehensive remedy be applied and further indulgence be granted.

3 The character of the season and its effects upon the cultivation having been described in my former 10th Feb.y/58 N.28 communication, it seems unnecessary I should trouble the Board with a repetition of their details. —

4 I then represented that for the

the untimely falls of rain and the gene= =rally unfavorable nature of the season, there was a diminution in the different Para 7 & 8 descriptions of the produce, even when compared with the disastrous season of Fusly 1263; that from the N.E. Monsoon having however continued in the present Fusly somewhat later than in Fusly 1263, the current season Para 11 would be attended by a less extensive failure of the harvest; and that from enquiry and observation, the Para 13 Kumbah Peshanum harvest was not I thought likely to yield more than from 1/2 to 3/4 of an aver= =age crop.

5 Adverting under these circum= =stances to the necessity of affording to the Meerasidars of the Coloongoo and grass rented Villages, every induce= =ment to reap their own crops, thus to avoid as far as possible, the manifold evils of the Amanny mode of settlement I applied for permission to remit the demand on waste and unproductive

land

Fort St. George 30th June 1858

land in those classes of Villages, to all such persons as should consent to reap the remainder of their land under the ordinary rules, and to this proposition the Board were pleased to assent. According by the assessment on 2235 valies of waste and 1662 Valies of Nuttoopaul (the latter including all lands on which the out turn was less than 20 Collums the Valy) in 283 Villages, has been remitted, the aggregate remission amounting to Rupees 106,552. By this means 7275 Valies which would otherwise have been thrown up to be dealt with by Government Officers under the Amanny, have been harvested by the Meerassidars; nevertheless 3,650 Valies have come under the Sharing system.

Pro: 13th Feby/58
No 622
Dc 22nd Dc No 678.

6 The extent on which claims were advanced for remission under the special terms sanctioned by the Board, as well as that which was thrown up to be settled under a division of the crops, would have been greater; but I must state that the expectation of

Fort St. George 30th June 1858

of remission of any kind was as much as possible discouraged during the earlier stages of the harvest, as I had not then obtained authority for departing in any way from the ordinary rules of the District; also, notwithstanding the prevalence of a general impression among the Meerassidars that some relaxation of the established terms of settlement would, under the peculiar difficulties of the year, be allowed, they proceeded with the harvest inorder to avoid the certain loss of the crop ready for the sickle which would have been occasioned by waiting for desired and expected Concessions. They were the more impelled to this course as the prices that then ruled were high, and in many quaters, depredations on the standing crops were being committed under the pressure of the prevailing sciarcity. Moreover, I was not able to give effect to the Board's orders as soon as they reached me owing to the necessity which arose for a second

No 678

preference

reference:- In fact, it was not till about the end of February that the requisite instructions on the subject, could be placed in the hands of my Tahsildar, at which time the harvest had made very considerable progress.

7. Refearing to the small esetent of land on which the benefit of the Board's special remissions was claimed, as well as to that which came under a division of the crop, it should not be supposed that the loss was not really so great as the character of the season had caused me to anticipate. Much that would otherwise have come under the above heads was repeated to avoid delay and escape loss upon loss, and not because the turn was ample and sufficiently remunerative. It has been matter of notoriety that even where the yield was no more than 50 per Cent, or one half of an ordinary crop, the Meerasidars at once reaped on their own responsibility.

8. The rule of the Province prescribed that remission of waste and Nuttoo paul, and admission to the right of "Varulchadum" shall be accorded only to those who at the time of their application have not reaped any

any portion whatever of their crops. The rule is not an unfair one under ordinary circumstances and is clearly necessary in order that the total out-turn of an entire holding in one Village, may be estimated and taken into account, the indulgence being refused in all cases where the entire crop is not less than 70 per cent of the standard. Those Meerasidars therefore who were tempted under the circumstances stated, to cut even the smallest portion of their crops, forfeited their claim to all remission, even though a portion of their lands might really and truly have been waste and unproductive.

9 I stated in my former report that the out-turn of the Thumbah Peshanum was not likely to be more than from 1/2 to 3/4 of a full yield. The result of the harvest has shown that this estimate was not altogether incorrect. During a portion of February and throughout March I was myself out in the Talook and had my camp pitched in a central position as regards the Neerarumbum

parts

parts of the Principal Division, thus secur-
=ing frequent opportunities of inspecting
the state of the crops. Both the special
Assistant & Assistant Collector were also on the
move during almost the entire period of
the harvest and respectively supplied me
with information of the state of things
in their neighbourhood. I personally
superintended the harvest in some
Villages and on the whole have been led
to estimate the out turn in the Coloongoo
portions of the District, taking one
Village with another, at about 5/8
of an average crop.

10 That this is not wholly
conjectural is shewn by the following
facts. The extent of land thrown up by
Meerasidars to be harvested
under Circar Superintendence was 3,650
Valies. The standard grain demand
on this area is 5,22,240 Collums,
whilst the actual out turn under
strict Superintendence by Goviern-
=ment Servants, was but 194,450
Collums or only 372 per Cent. So also
the Standard assessment of the 834 Valies
which

which remained under cultivation during the year
is 132,952 Collums, and the actual produce reaped
62,442 Collums or nearly 47 per Cent Combining
the two, we have as the out turn on 1484 valies
harvested under Government superintendence,
256,892 Collums or scarcely 40% on the standard grain
assessment. It is believed that the 3378 valies
reaped by the Meerasidars after the remission
of the Seerwah on waste and Nuttoopaul lands
yielded not more than 50% or 55% of an ordinary crop.

11 This is the result as regards the
lands brought under a division of the crop
as well as those reaped under the inducement
of special remissions as respects those harvested
by Meerasidars on their own responsibility
I apprehend I am not far from the truth
in estimating the outturn at not more
than 70% on an average so that the
actual yield for the entire Coloon-
=goo portion of the District may be
safely assumed at about 60%

12. Owing to the early cessation of
the moonsoon there was not sufficient
moisture to admit of the full formation
of the ears consequently in numerous cases,

what

what appeared on a first inspection to be sound grain proved on subsequent reaping to be mere chaff. Even the more experienced of the cultivators were in this manner disappointed and repented of having reaped their crop and thus incurred the usual prescriptive liability for the full demand. I myself and the Head Sharishtadar also secured ocular proof of the checked maturity of the grain not only on the threshing floors on which [illegible] and that Office separately superintended the harvest of certain Varulchadum and [illegible] among villages, but also in some experiments as to produce which were specially made at the request of Mr. Newill, the Director of Revenue Settlements on certain fields in a well cultivated Estate favorably situated for irrigation.

13 As was the case in [illegible]

Fasly

Fasly 1263 so. also in this year the early Cadapoorcar crop suffered more or less from the heavy rains and floods in October on the setting in of the N.E. monsoon its outturn being diminished both in quality and quantity.

It is hardly necessary

14 to state that this deficiency of produce has not been confined to the wet crop. The Board have already been informed how completely the dry cultivation has failed. Under their orders the demand on Poonjah shavy or perished crops, amounting in round numbers to Rupees 30,000 has been foregone, garden cultivation likewise has not been remunerative.

15. This general scantiness of produce has been aggravated by the prices ruling for grain having been higher than has been known since

Fort St. George 30th June 1858

No. 1

since the introduction of the Ooloongoo system in Fusly 1232 or indeed since the assumption of the District assuming that the price lists of the earlier years are to be depended on accompanying I beg to transmit a Statement which shows the commutation price of each year commencing from Fusly 1233 the resulting addition to the Ooloogoodemanol, the usual deduction of 10% including special remissions granted in particular years as in Fuslies 1233-34-63 and 65 and the net amount added to the Jummah.

16 It will be perceived that even during the famine of Fusly 1233 and 34 the increase in the then price did not much exceed 750%. In Fusly 1263 it was 70 where as in the present Fusly the enhancement on the Standard rate is more than cent per cent But this result is obtained by taking the average for the entire District. Looking at the prices which have prevailed in each Mahganumnor subdivision of a taloke I observe that the increase in the commutation rates ranges from 91 to 134 per cent on the fixed standard price.

Fort St. George 30th June 1858

17 The Ooloongoo demand of the year as near as it can at present be stated (the Jummabundy accounts not being yet ready) amounts as shown in the Statement already referred to, to Rupees 1,40,518 to which the gain by price viz. Rupees 1,16,154 after the usual deduction of 10% being added makes the aggregate Ooloongoo Jummah of the year 2,30,672 or more than that of any previous year. The comparison however should not be carried back further than Fusly 1239. as the entire District was under Ooloongoo anterior to that year, almost the settlement.

18 A simple Statement of these facts will be sufficient, I trust, to convince the Board of the uselessness of my attempting to enforce such a demand in a season of deficient produce like the present one, even of the strictest Coercive measures were likely to prove successful in the realization of so large an Amount of Revenue out of the 101 8% increase by price 50 per cent or one half has already been added to the regular Jyen

Rent

hist for the months of March, April and May. The amount of this additional demand is nearly six lacs of rupees of which only Rupees 197667 have as yet been collected and I cannot but be sensible of the difficulty which the Meerasidars already experience in procuring the where withal to discharge this large addition to the usual demand. Under the general depression occasioned by the unfavorable season and the withdrawl from circulation of a very large amount of Specie consequent on the extinction of the Tanjore Raj money does not appear to be procurable even at high rates of interest

19 As the cultivation season of the ensuing year is now fast approaching seed grain is in great demand and the price Lists for the last and present months accordingly shew a rise where previously there had been a fall and it seems to me therefore to be quite obvious that any undue pressure for the full additional Demand will inevitably interfere with the cultivation of

of the Coming Fusly

20 It should also be remembered that Commencing from fusly 1262 we have had a series of disastrous and far from favorable seasons Fusly 1263 was characterized by the widely spread havoc of a most destructive Storm and sufficient time has not yet elapsed to efface the traces of that visitation. The trial thro which the District passed in the very next Fusly 1263 is so fully recorded as not to be easily forgotten. Fusles 1264 and 1265 were decidedly bad years; and the different season of Fusly 1266 is succeeded by a combination of deficient harvest and unprecedented rise in prices

21 Under these circumstances it is obviously necessary to consider how we are to exercise a sound discretion for the prevention of damage to the resources of the Meerasidars so that their means of future production shall remain unimpaired. I will not occupy the time of the Board by adverting to the peculiarities incident to Colongoo system or to the

Fort St. George 30th June 1858

the Course pursued in former years under similar circumstances as additional reasons for the measure which I feel it incumbent on me to propose your Board's approval. The very full report of the late Collector Mr. Forbes, dated the 7th June 1854 renders this unnecessary.

o Para 16

22 On reference to that Report and to their own letter to Government dated the 10th August 1854 the Board will remark that a part from the policy of affording due relief to the Ooloongoo Meerasidars in a season specially bad like the present one, it has been held, and justly so I think, that under the terms of the Original Rent Moochilka, they have reasonable and fair ground to expect that their condition will receive consideration.

x Para 5

23 Tho' unwilling to suggest a departure from the established principals of that mode of settlement when it can be avoided by any other course of proceeding, their seems to me at the present time to be no slight or reasonable expectation that the full addition of Rupees 1161.000 by Price to the Syen Demand of the year can be realized without serious detriment to the future interests of my charge, and I do not hesitate to submit

Fort St. George 30th June 1858

submit the opinion that a relinquishment of a large portion of this grain is imperatively required

24 It has already been stated that the average outturn of the Ooloongoo portion of the District where the Meerasidars reaped on their own responsibility, may properly be assumed at 70%; but as it was doubtless somewhat more in certain cases and less in others, I would propose to take the loss in produce at 25%. The rise in price being Cent per cent, this loss is doubled and 50% therefore, or one half out of the addition by price, is what I am of opinion should be remitted. This abandonment of a demand which certainly cannot have been calculated on by the authorities, will be fair both to the Meerasidars and the Government and the sacrifice of

of Revenue, great as it may appear, does not seem more than is judicious under the circumstances stated, and will doubtly be fully compensated by preserving the healthy condition of the resources of the District.

2d The amount of remission involved in this proposition is Rupees 5,80,000 and is no doubt considerable, but so also is the other moiety which it will remain with me to bring to account. Its realization will make an addition of revenue of 5,80,000 Rupees and raise the net Ooloongoo rented Demand to Rupees 17,20,000. The 50% which / the other 50 being foregone / will be left to be collected is, it will be observed, more than has ever been brought to account since the introduction of the Ooloongoo, with the exception of the amount in the Fasly 1234; but in that year we see that the produce of the District did not materially fail, and the rise in the price was owing to a great demand for grain in other places.

26 Thus, the proposed remission, the Board will

will remark will not diminish the Jyen beriz but enhance it by an addition of nearly 6 lacs.

27. The sums already remitted under the Board's order on account of waste and Nuttoo paid lands in Ooloongoo and grofs rented villages, and on Dry Shavy in the Cadarumbum tracts, amount respectively to Rupees 1,06,000 and 30,000 in round numbers, or together to Rupees 1,36,000 which added to the 5,80,000 Rs. now recommended for abandonment will raise the total extraordinary remission for the year to the sum of Rupees 7,16,000.

28 The Board will not fail to observe that the necessity for this remission is owing almost entirely to the peculiarity of the Ooloongoo system. To the Meerasidar of the tarum settled villages, the deficiency in produce has been more than made up by the high prices, the profits of which they enjoy, whilst the nature of the settlement with the Field assessed villages secures to them the remission of the assessment on waste and short produce without the necessity for the special applications which an unfavorable year renders necessary in the case of the Ooloongoo Meerasidars.

No. 120

To G. L. Forbes Esqr.

Secretary to the Board of Revenue

Fort St. George

Sir

Bd No 2741

From the Collr of Tanjore

I have the honor to reply to your letter of the marginal date forwarding a Copy of a Despatch from the Honorable Court of Directors with a Pamphlet printed by Mr. Bayley on the subject of a uniform System of weights & measures for the whole of the British Territories in India

22d July 1857 No. 2529

2 I have perused the Pamphlet and observe that the subject is treated of under four heads -

1 Linear Measure

2 Superficial Measure

3 Weight

4 Measure of Capacity

Paragraphs 6 to 12 of Pamphlet

3 The Indian Linear and superficial measures are at present so varying and uncertain that they cannot be depended upon and

Fort St. George 30th June 1858

and I agree therefore with Mr. Bayley that it is desirable to introduce some well defined standard - The English yard and foot are already extensively in use not only in all the Public Works in India, but in the ordinary transactions of cloth tailors & other Merchants - They are I believe well and generally understood and there will therefore be no difficulty in introducing their universal adoption in practice -

4 In like manner the Imperial acre seems to me the most eligible for adoption in the place of the numerous and undefined local land measures - It has been successfully though partially introduced in official Records the larger body of Native Public Servants and those immediately Connected with them as well as the more intelligent of the Cultivating Classes are already familiar with it & though the local denominations widely differ all the public accounts are now Rendered in acres & its subdivisions - I consider therefore that its introduction would be quite feasible.

In

Paras 32 to 37 & 49 & 50

5 In Regard honored to Mr. Bayley's propositions on the two Remaining heads Viz^t^ Weights and measures of Capacity I am not equally clear & inclined to doubt whether the Changes he proposes the present standards would be easily understood or adopted in practice - The Tables of weights and Measures published by the Madras Government in the Fort St. George Gazette of the 20 October 1846 do not generally adopted in the Bazars Correspond in general with the existing Native systems and having been in use in Government transactions at least for more than 10 years are I think more or less familiar to the Natives - To substitute for them none for mere purposes of assimilation with the imperial weights and measures of great Britain now standards such as those advocated in the Pamphlet is likely to result in

in confusion & after all to answer no useful & I would therefore retain the standards offic: -ially announced in 1846 & gradually but steadily enforce their adoption in private as well as public transactions

D 73

6 I agree with Mr. Bayley that in any arrange: -ments which may be made hereafter beaped mea: -sures should not be recognized but discouraged as much as possible -

19 June 58 -

7 My reply to your circular under notice is submitted at this late date & merely in Consequence of your recent Reminder because it had appeared to me that the Board was desirous of Receiving answers to their Communications only from those Collectors who might be Conversant with metro: -logy & Capable of offering information of Value which I must acknowledge is not the case with myself - In fact in now stating my views on the four points touched on I feel doubtful whether I have not missed the object of the circular -

of Madura — } Sir,

Adverting to your letter of the 27th ultimo No. 1901 I have the honor to inform you that the allowances to the Pollacottah and similar Zemindaries were deducted from

from the Settlement and placed in Deposit from which it was disbursed by instalments under the item of "10 per cent allowance to assumed Zemindaries" In the returns furnished to the Accountant General the charge was no where to be found distinct but included in "Deposits of the Revenue Department."

I wish to be informed whether the intention of the Board is to pursue the above practice.

I request to be favored with an early reply to enable me to close my accounts of the Fasly year (which will expire on the 30th Instant) punctually.

Madura —
Meylore 11th June 1858 } (Signed) A. Hathaway
Asst Collector

No. 50

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Bd No. 2602
From the Coller of Canara — } Sir.

I have the honor to acknowledge the receipt of Eextract from the Proceedings of the Board of Revenue No. 1082 under date 25th March 1858 and to state with reference to the Board's

Fort St. George 30th June 1858.

Boards observations on the return made by me on the 3d February of persons charged with offences under Regulation IX of 1822 that the Shanbouge in question having appealed against the decision of the Acting Sub Collector the fine imposed on the appellant has been remitted, as I am of opinion that no case can be made out against him on the evidence adduced.

Collectors Cutchery
Mangalore 12th June 1858 } (Signed) Wm. Fisher
Collector

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Bd No. 2745
From the Collector of Canara — } Sir.

I have the honor to acknowledge the receipt of Eextract from the Proceedings of the Board of Revenue dated 26th March 1858 communicating Eextract Minutes Consultation dated 17th Idem regarding the non observance of Sunday in all Native Public offices and calling for a report on the subject.

2. I do not find that any order to close Native public offices on Sunday has ever been issued by my predecessors, but in July 1847/48 Mr Reade and Mr G. S. Forbes when

Fort St. George 30th June 1858.

when in North Canara closed the Public offices in their several Divisions on Sunday, and since that time the practice has become general, except at the Custom Houses along the Goa Frontier.

3 Although no orders seem to have been issued in South Canara except to the Sea Customs Department, when Mr. S. Stokes was Deputy Collector of Sea Customs the Talook Establishment in Mangalore have followed the practice observed in the Collectors' Office and have not been in the habit of carrying on business on Sundays.

4 In the other Talooks there have almost always been one or Two Christian Tahsildars who have closed their offices on Sunday as a matter of course and the Sadr Depots have also been universally closed on that day. Of the Hindoo and Mahomedan Tahsildars some close their offices and others do not but it appears to me that an order might be issued to close all Native offices throughout the District on Sunday, the various heads of Police making due provision for the due conduct of any emergent businesses that may arise on that day.

5 From the partial manner in which the Native Offices in this District are now closed on Sunday - I do not apprehend any difficulty or inconvenience from a strict observance of the practice, but notice should be previously issued, so that the people may be aware of the fact and make their arrangement accordingly.

Bd. No. 2458
From the Acting Collector
of Malabar

Sir,

With reference to
Extract Proceedings of the Board of Reve-
nue dated 12th Ultimo, I have the honor
to state in the case noted in the
C. S. No. 20 of 1856 on the file of the Sudder Ameen.

The Defendant gave no answer to the Ap-
peal of the Plaintiff, but instituted an
appeal against the original decision.

2 I therefore beg to submit a
translation of this appeal from which
it is presumed the nature of the Defend-
ant's answer may be gleaned.

3 A copy of this letter with
Enclosure has been sent direct to the
Government

Fort Saint George 30th June 1858.

Government Reader.-

Cuttack

2nd June 1858 } (Signed) W. Robinson
Acting Collector.

To

The Civil Court of
Cuttack.-

Appeal Petition Ramun Menon
on Behalf of Mooroo Roo-
-mo Moonsiff and Sumboorun
of Cuttack residing in Valleya-
-nud Thokkum of the Cutcherry
Salo Plaintiff in O.S.
No. 20 of 1856 on the File
of the Moosiffy Sudr Ameens
Court.-

I beg to prefer an Appeal on
the following grounds from the Decree passed
in the above cause dismissing the suit against
Mungaldeen Pattil Kunnaren inhabitant
of Tenoovungad Thurshoon in the Cuttack
Salo for the recovery of Rupees 1,500 being
damages

Fort Saint George 30th June 1858.

damages of Character.-

1 Since the 6th to 12th paragraphs
of the Decree strongly establish
the fact that every thing contained in
the Plaint has been proved and admitted
the Plaint has been proved and admitted is
declared in the Decree itself that it is
conclusive that the Defendant who made
use of expression contrary to the usages
of the Country, is an unworthy man the
the effect that no damage can arise to the
honor of the Sumboorun the value of
which is incalculable and that the Plain-
=tiff a sum of Rs. 1,500 can by no
means redeem such honor (from disgrace)
are quite unreasonable.-

2. When a person destroys the
life of another the Sircar punishes him
with death, and even when a contempt
of

of Court is committed a reparation for it is obtained by the levy of a fine In this Suit the Defendant can suffer no other punishment than a pecuniary one Commensurate with his circumstances in life Such being the case the remark in the Decree that no loss of property has been proved by Witnesses to have resulted from the disgrace occasioned to the Sambavarayan that there are no grounds to adjudge payment of such loss is not reasonable

3 The assertion in the 15th Paragraph of the Decree in opposition to Paragraph 12 affirmatory of the proof adduced on the part of the Plaintiff that no disgrace can be considered to result from the use of derogatory language in reference to deceased Sambavarayan not just Since it is certain that the imprisonment in writing by the Defendants and of derogatory

Translator

character the disgrace arising therefrom for from concerning the deceased Sambavarayan does affect both the deceased as well as those now being to an equal extent Such will be evident by the fact of the Plaintiff's Sambavarayan having been included as a Supplemental Plaintiff (in the Suit) and also by the Decree of the Sudr Adalut in Special Appeal Suit No 15 of 1824.

4 The remark in the Decree that no Proclamation had been issued prohibiting the use of the term Pajeo instead of "Sambavarayan" in official Communications has been made from an ignorance of the whole tenor of the Documents on behalf of the Plaintiff as will be clear by a reference to those documents. To punish persons for having themselves contrary to the usage of the Country

(Country)

Fort Saint George 30th June 1858.

country & irregularly is in the power of a Court dispensing justice, and not in that of a Collector. Hence, the observation in the Decree that the matter should have been communicated to the Collector is frivolous.

5 The Defendant has admitted in his Deposition that he was not aware that the Letter marked P. was disgraceful to the Tamboovan & that the Gumastah of his Cutcherry having written & brought it to him, he signed it &c. The assertion made in the Decree (in direct opposition to this admission) to the effect that such a letter could be addressed

Fort Saint George 30th June 1858.

to the Tamboovan, and that no disgrace is occasioned thereby, is not a fair one. Moreover, a reference to the letter addressed previous to that marked P. by this very Defendant, on the 22d June 1855, and which has been filed (in the Suit) will of itself render it conclusive that the Defendant possesses a Knowledge of the usage of the Country, and that he addressed the letter P. purposely with a view to cause disgrace. Therefore the decision passed dismissing the suit without any punishment to the Defendant cannot be a just one.

Under the foregoing circumstances, I pray that a Decree may be passed reversing the original decision.

No. 1877

Sir

With reference to your Circular letter dated 26th Ulto requesting to be informed as to the efficiency of the existing laws for the repression of smuggling I have the honor to inform you that in this respect they are still deficient, as will be perceived by reference to the Marginal Statement called for. To what however this is owing, to the best of my belief even were the laws for the suppression of smuggling effectually as long as success in it is attended by so great pecuniary advantage. The confiscation of Carts Vessels Cutter &c employed in the trade would perhaps be the most efficient measure as to the expediency of the measure as one for general adoption I am inclined to doubt.

Establishment

In 1853/54 and 1854-1856 the Surveyor attached to this Collectorate drew Salary at Rupees 144-4 and in the two following years, or up to 1856-1857 at Rupees 143-12-4 per Mensem, which rate continued up to December 1856. In January following the designation was changed into "Supervisor" and Mr A P Kemp drew Salary as such from that month at Rupees 243 per Mensem up to January 1858.

There was, and is no Maramut Establishment, properly so called for this Collectorate. Where any of the Tanks required to be repaired or other Public Works had to be

Government

That there is a difference between the amount given in the Statement and the Official Year 1857/58 for the Specie and Bullion received and disbursed by the Collector of Customs

Signed A. E. Anderson
Collector of Customs

10760. Fort St. George 30 June 1858

Official Memorandum.

A after
No. 2582.

From the Collectors of Sea Customs - - - The Collector of Sea Customs has the honor to acquaint the Secretary to the Board of Revenue with reference to the first para of his Memo: dated 12th Instant that no Bullion or specie was imported on account of Government.

The Statement of Bullion and Specie Exported was forwarded to the Board, one not being sent in the previous year - The Collector begs, however, to forward a Statement shewing the Gold and Silver exported both by Government and Individuals. It would appear that there is a difference of Rupees 1800/43 between the amount given in the Statement for the official year 1857/58 and that exhibited in the Memo: under acknowledgement.
