Secretary to the Board of Revenue dated the
17 Instant, requesting to be furnished with
100 printed Copies of each of the orders of Govern
ment dated 6th December 1858 No. 1715 Judicial
Department & 14th December 1858 No. 1663 of
Revenue Department regarding the reintroduc
tion of Oaths as respects Hindoos and Maha
medans, the Acting Secretary to Government
has the honor to state that the forms
having been broken up, the additional Copies
required cannot be supplied.-

The

20537 Fort St. George 27th December 1858

The Acting Secretary to Government begs to observe at the same time, that the Government do not intend that every Revenue Officer is to be asked his opinion, as this would cause great delay and not shew for Government a better opinion than might be obtained from a few.

No 158

To

J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St George

Bd No 3322

From the Collr of Ganjam

Sir,

With Extract Minutes

Consultation of the 21st May 1858 No 665

the Government transmitted to the

Board two letters addressed to the

Chief Secretary by the Principal

Assistant then in charge of this District

2 I beg to call the attention of the

Board of Revenue to the second of these

letters (dated 10th May) in which a

description is given of the State of the esta-

blishment and an increase of Salary

recommended for the principal Officers

3 I have alluded to this letter

because I find the description it gives borne

out by the existing state of things and because

it

it has reference to a case which forcibly e
escemplifies the temptations that afsail
the Native Cutcherry in this District

4. In para 6 of this letter Mr Thorn
hill instances the low Salaries of the Re
venue Moonshees in my Office as well a
in his own. the Board will not I think
hesitate to condemn the Scale on whic
the following Offices are remunerated in
this Cutcherry -

"	Head Moonshee	Revenue	3
"	Deputy	D.	25
"	Sorrah	D.	2
"	Criminal Sawabnuvis		3
"	Head Criminal Writer (Agency)		5
"	Translator		5
"	Civil & Criminal Record Keeper		3
"	Nazer		25
"	Revenue Record Keeper		3
"	Afsistant	D.	
"	Cash Keeper		3
"	Goomastah		

5 The Moonshees in the Afsistan
Offices receive only 25 Rupees each

The

6. The entire Moyenzabetais on a very low Scale but I have mentioned the Offices in which the present rate of pay Seems to me the most injurious to the public Service and I have appended a tabular Statement in the usual form Showing the increase which I hope may be Sanctioned

7. I think it is Scarcely neceſsary for me to use much argument in advo-cating this increase. The Board are well aware of what has recently occurred in this Cutcherry and that Similar agency is conte-nually at work to try the intigrity of public Servants

8. Further my recommendation goes merely to place the principal Servants in my Office on the footing of those who dis-charge the Same duties in other Distric ts it being I believe generally admitted that the usual rate of remuneration is rather below than above what is neceſsary to maintain indepen-dence and intigrity

9. If the Board permit me I will extend my present recommendation to all under paid Offices in the Cutcherry but I trust that those I have Specified may be recommended for the increased rates in anticipation of any further revision

No. 179

To

S. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George

Bd. No. 4675
From the Coll.
of Ganjam

Sir,

1. In reply to the Boards Proceedings of the 22d December 1857 No. 4606 requesting information regarding the entries under which the village of Boodiky is described in the public accounts, the Sunnuds under which it has been held, the other endowments if any which belong to the same Mutt and the length of time that the enjoyment of the village has remained in obeyance, I have the honor to forward a Statement shewing the different entries under which the village appears in the public accounts.

2. As regards the other points on which information is sought, I learn that there are no Sunnuds extant in support of the grant. It is however a recognized

recognized endowment of the Gungamatha Muttum at Pooree and has been held by the successive Goorooos or heads of the Mutt. As the institution enjoins celibacy, the succession goes to the nominee who replaces a deceased Gooroo.

3 There are lands belonging to this Monastery or Mutt in the Pooree Collectorate valued at 1500 Rupees annually besides the villages of Sonabono, Donnoigoodialee and Bhorthoonisothogain and 100 Bunnams of land in each of the villages of Jamoona and Codala in the Hautghur Talook together with Madhavapoorum in the Mootah of Bhavanee poorum and Ramachendrapoorum in the Daracole Talook.

4 The present Gooroo has not been in possession since 1856, but there appears no just ground for withholding the Village from him any longer and I request the authority of the Board for restoring it to him.—

Ganjam District,
Collectors' Office Chetterpore,
2nd October 1858.

/Signed/ G. S. Forbes
Collector

Fort St. George 27th December 1858.

Receipt of an Extract from the Proceedings of the Board of Revenue on the Department of Public Works under date the 22 Inst. last ending on me with reference to the Extract from the Minutes of Consultation of 17 February to consider further what Travellers Bungalows may be dispensed with on this District.

2 With the exception of the Bungalow at Madagolam of the propriety of retaining which I think there can be no doubt and that at Tavoy would be behoved the first named Palace and Kandaswamy which was till lately a Choultry and for which a Sweeper has lately been sanctioned, the rest the Bungalows on this District are all on the high Northern Road, and cannot without due regard to the wants of those for whose accommodation they were originally constructed be dispensed with.

3 The Bungalows at Jaggayanpettah

From Govt
by Dispt 1858

20568

Fort St George 28 December 1858

as the Board are aware in a very dilapidated state and sanction has been solicited for a new building Jaggayanpettah is 13 Miles distance from Nagalapuram at which place the next Bungalow South is situated and 12 Miles from the Bungalow at Nandiavaram towards Vizagapatam - Under these circumstances I cannot but express my concurrence in the opinion of my predecessor and recommend that the new Bungalow proposed by him should be sanctioned.

4 With the subject I beg to bring to the notice of the Board the great necessity which appears to exist for a Travellers Bungalow at Cocanada. The Palace is becoming I may say almost daily more frequented both by parties arriving by Sea to reside in that or the adjoining Districts and by Travellers from the interior resorting to Cocanada with the view of embarking for

Fort St. George 28th December 1858

for Madras or Cuddalore, and such inconvenience is represented by those who do not happen to be acquainted with any of the few Residents of this Station and who have therefore no place of shelter during the time they are obliged to remain. Shall be happy to address the Civil Engineer on the subject and to agree with me as to the necessity of the Steamer to make an Estimate for a Bungalow on the Standard plan to be prepared and submitted for Sanction.

B. No. 5455
From the Collector of Rajahmundry

Sir,

I have the honor to report that in a case of procuring abortion, which was committed for trial before the Subordinate Court by Dhumwadar Venkatarow Head of Police of the Talook of Coota Ramachandrapoor in this District, but which was dismissed by the Sub Judge on the ground that the evidence was not credible and that the case had been got up against the Prisoners, the Head of Police has been found to have seriously neglected his duties in conducting the trial of the case before committing it to Court.

2. He after a very long delay (one month and 20 days) referred the record to me for orders. He was told in reply that such a course was irregular and opposed

Fort St. George 27th December 1858

opposed to the orders of the higher Courts and that he should act on his own Judgement He then forwarded the case to the Court.

3. He is greatly to be blamed for his manner of conducting the case especially for the very long delay both in procuring the attendance of the witnesses, who were residents of the Villages close to his Station, and in bringing the case to conclusion, and regarding which no satisfactory explanation has been given.

4 In the report sent up with the Case to the Court there is a distinct misstatement as to date of appearance of the 1st Prisoner I do not know that the same was wilful tho it is suspicious as tending to induce a belief that the Prisoner has been apprehended 10 days later than really, was the

case

B. No. 5455
From the Collector
of Rajahmundry

Sir,

I have the honor to report that in a case of procuring abortion, which was committed for trial before the Subordinate Court by Dhurmavadar Venkatarow Head of Police of the Talook of Cota Ramachendrapoor in this District, but which was dismissed by the Sub Judge on the ground that the evidence was not credible and that the case had been got up against the Prisoners, the Head of Police has been found to have seriously neglected his duties in conducting the trial of the case before committing it to Court.

2. He after a very long delay (one month and 20 days) referred the record to me for orders. He was told in reply that such a course was irregular, and

opposed to the orders of the higher Courts and that he should act on his own Judgement. He then forwarded the case to the Court.

3. He is greatly to be blamed for his manner of conducting the case especially for the very long delay both in procuring the attendance of the witnesses, who were resident of the Villages close to his station, and in bringing the case to conclusion, and regarding which no satisfactory explanation has been given.

4 In the report sent up with the Case to the Court there is a distinct misstatement as to date of appearance of the 1st Prisoner I do not know that the same was wilful tho it is suspicious as tending to induce a belief that the Prisoner has been apprehended 10 days later than really, was the

case

case but it was the obvious duty
of the Head of Police to take care
all the entries were made correctly

5

He also allowed a
positive order by me, to the effect
that the name of every person whose
=ed with a summons, should as
a check against unnecessary
delay; and to test the value of
excuses so often made, be entered
with the date &c. in a book
at the time, to be disregarded.

6

Under the foregoing
circumstances I beg to request auth
=rity to mulct the Head of Police
the amount of one months salary
or 100 Rupees.

7.

It is right to state

a charge of extortion, in connection with
the case, was preferred before me against
Dhunwada Venkatarow by one of the
parties whom he had sent up to Court, but the same
was dismissed by me, believing it, as I did to be false.

Bd. No. 5646
From the Collector
of Rajahmundry

Sir,

With reference to the Board's
Endorsement dated the 20th Ultimo on Petition
No. 3307 of 1858 presented by Chundroo Veeranah
of Bheemavaram in the Taluk of Cocanada, I have the
honor to report, that the Petitioner holds land
in the Village of Samalcottah of the Pittapore Zemindary
bearing

bearing an assessment of about 1400 Rupees, but he is neither a resident Ryot, nor an old land holder in the Government Village of Ragumpettah in the Talook of Peddapoor.

2. The Petitioner took up for Fusly 1267 only waste land, which happened to be available in that year, for grazing bearing an annual assessment of 49 Rupees in the Village of Ragumpetta, One anala Venkumah a resident Ryot of Ragumpettah and who was without any holding in his own Village immediately complained of this and claimed the land. He was told that it would be put in his possession after the expiration of Fusly 1267. This arrangement was carried out and sanctioned by me as the claim of a resident Ryot is always considered superior to one resident in another Village and who has already a large extent of land. The

3 The term of the Petitioners lease was for one year only. He retained the land for grazing and did not lay out any thing for its improvement. The statement that the land in question has long been in Petitioners professions is quite false.

4 The Petition is herewith returned.

Bd. No. 5456
From the Collector
of Rajahmundry

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the late Commissioner Northern Circars under date the 30th August 1852, replying to a request made

made by the late Collector, that sanction might be given to debit the Pittapore Estate with the unadjusted balance of Rupees 6387-3-9 advanced to Cholkany Atchiah ex Guardian for the maintenance of his wards.

2 Subsequent to the receipt of these Proceedings the late Gaardian Atchiah gave a Complete account of the expenditure for the whole period during which he was guardain and affirmed on oath the correctness of the same - An abstract is submitted herewith -

3 Upon this the guardain who had succeeded C. Atchiah, and who had formerly complained that the latter had made false entries in his accounts and had been guilty of embezzlement, was called on to prove any specific acts of malversation - This he reported he

he was unable to do,

4 The complaint was that Atchiah had embezzled a sum of Rupees 2645-12-1 by debiting as payments to servants, and for supplies sums not really so paid, but the complaining party gave no information as to the manner in which he obtained a knowledge of the alleged fraud, and no complaints were made by any party directly interested,

5 The late Collector has already recorded his opinion that he saw no reason to believe that any large sum had been misappropriated by C. Atchiah during the time he held the Office of guardian, and as the accounts rendered have since been affirmed to by him, & nothing further has transpired tending to impune their correctness, I am of opinion that there are no sufficient grounds for longer refusing,

to admit them,

6 The statement submitted shews the sums actually received by the guardian from all sources the total expenditure and the different heads, and the sum advanced from his private funds which C. Atchiah now claims from the Estate, This last sum is shown in Column 13, and amounts to Rupees 2431-annas 4-and pice 1-and to which Sum of opinion he is entitled and therefore request sanction to disburse the same to him, C. Atchiah urges, and with truth, that the expenditure during his guardianship fell below the sanctioned amount This is seen from the statement given in the margin

Amount as per sanction from 27th November 1850 to 29th October 1857 being the whole period of service of Atchiah as guardian	21553	1	9	
Amount sent to him from Nuzzoor	13478-6-4			
Received by him from other sources	4091-15-10			
	17570	6	2	
Expended by him	17380	10	8	
Surplus of receipts	189	11	6	
Saving in the amount sanctioned	4172	7	1	

C. Atchiah also lays claim

Claim to a sum of Rs 532 — A 4 — P — which he declares was expended from his funds on account of the funeral Ceremonies of the late Zemindar Sooraboo Rs
The sum sanctioned for these Ceremonies was 300,
and the guardain was certainly not altogether justified in spending a larger amount, The late Collector disapproved of this expenditure — C. Atchiah urges that the expenditure was made under the immediate Superintendence of the Sheristadar of the late Zemindar, and under the general Supervision of Row Ram Row, a relation of the Zemindar, since deceased, and the Guardain himself the sum first asked for was 4000 Rupees being the amount of the Estimate framed in the Collector's Office, but 2000 Rupees was the sum fixed by

by the late Collector, and for which, as already observed sanction was obtained. There seems no grounds for believing that the money was not actually spent The truth of the accounts rendered has been affirmed by the late Guardain in the same manner as the other accounts. Under all the Circumstances of the case I think this sum should also be paid. —

8 C. Atchiah never received, nor did he claim any salary during the time he held the Office of guardain. The salary of the Office is 55 Rupees per Mensem. —

9 C. Atchiah refers to an order issued by the Collector requiring him to vacate the house in which he has long resided, situated within the Fort at Pittapoor an order however was subsequently passed by the Session Court to the effect that if the agent to the Court of Wards considered that the Minors had a claim to the house he must establish it in the Civil Courts subsequently another order was passed by the Collector calling on C. Atchiah to vacate This was not acted upon by him and I confess I do not see how the ejectment can be effected except by a resort to the Civil Tribunals a Course which does not appear to me to be called for

10 The Petitions presented to the Board by the late guardain as noted in the margin are returned herewith

11 I must apologize for the long delay which have taken place in submitting this matter for the consideration and orders of the Court of Wards. —

B. No 2323 from the Collector of Masulipatam

Sir,

I have the honor to propose the abolition of a small item of the Motumpha tax the nature of which has been recently brought to my notice by the Head Assistant Collector. It is called "Nala Tiroo" or Glue tax which the Board will find to be the item No 11 under head "Miscellaneous" in the Tabular Statement submitted with Mr. Frasers letter of 29th May 1858 No 54. It is collected only in one Taluk Viz. Pentapaud from one Village, and from nine individuals who besides a hereditary Motumpha of Rupees 15. 2 " contributes Rupees 69 — as the Glue tax which has continued from time immemorial for upwards of at least 30 years. Its exact origin is not recorded but is thus described by the parties

Bk 2323
Fromthe Collector
of Masulipatam

Sir,

I have the honor to propose the abolition of a small item of the Malunpha tax the nature of which has been recently brought to my notice by the Head Assistant Collector. It is called "Nali Teero" or Ghee tax which the Board will find to be the item No 11 under head "Miscellaneous" in the Tabular Statement submitted with Mr. Fraser's letter of 29th May 1858 No 54. It is collected only in one Taluk Viz. Pentapaud from nine Villages, and from nine individuals who besides a hereditary Malunpha of Rupee 15. 2 " contributes Rupees 69 — as the Ghee tax which has continued from upwards of at least 30 years. Its exact origin is not on record but is thus described by the parties

parties themselves. When the transit duties were in existence it was found very inconvenient for each person having Ghee to sell to go to the Chowky and get a pass for every little quantity he intended to sell, and for the convenience of all parties a few leading Shopkeepers arranged to buy up all the Ghee from the producers, and thus secured a profitable monopoly and as they dealt in large quantities the transit duty was not so vexatious as on the individual producers and these merchants soon had to pay an additional Rupee the Ghee tax. With the cessation of the transit duties their extensive advantages also ceased as every body sold or purchased as he pleased, but they are still required to pay as formerly Mr. Chase the Head Assistant Collector has issued orders to suspend the Collection of it from this year and I beg to recommend the abolition of this Collection.-

Collector

To

20591 Fort St George 29th December 1858

No 183

To
J D Sim Esqre
Secretary to the Board of Revenue
Fort St George

Sir,

B.d No 4997
From the Coll.r
of Nellore — } With reference to the Board's Endorsement on Petition No 2306 of 1858, hereunto returned, I have the honor to report the particulars of another Case of an Enam therein alluded to, resumed under the orders of Government Conveyed in Extract Minutes of Consultation dated 29th January 1857 as a grant of Mr Fraser but which the Enamdars Contend was an ancient Grant simply renewed by that Gentleman This will I think be better done by letter than by Endorsement-

The Enam in question Consists of 2-3 16th of Magany land in the Village of Doovoor entered as No 130 in the Statement dated 13th January 1856, submitted to the Board- It was originally granted or rather renewed as it appears by the Summul, to one Terumulrow by N. Vencatrow, an

8

* Takeeds authorizing the removal of produce.

an Officer of Nabob Wallajah in Fusly 1192 and
+ Doombalahs for Fuslies 1208 & 1209 are produced to
Show that the Enam Continued to be enjoyed by
Streenevasarow Son of Seroomulrow. The Enam
dar not being a resident of the District was not
present in Fusly 1212 and it was not Consequently re
gistered in the Accounts of that Fusly and the land
was by mistake given in Enam to the Stala
Curnums of the Village in Fusly 1214 - Subsequently
Kristnarow 2nd Son of Serumulrow appeared in
the time of Mr Collector Fraser who after an
enquiry into the Subject restored the Enam to him
by a Takeed dated 23d January 1812 - The original
Sunnud of Vencatrow and the Takeed of Mr Collector
Fraser are herewith forwarded (with Translations)
which appear to have no doubt that the Enam was
an ancient Grant of a date prior to the assump
tion of the Country and was merely renewed by
Mr Fraser.

3 The parties who now claim the Enam
are three Grandsons of Kistnarow and three Sons,
and one Grandson of his brothers, as Shown in
the accompanying Genealogical table. Neither the
Enamdar

Enamdar nor his heirs were present in the District
when the enquiry was made before transmitting the
Tabular Statement of 26th January 1856 but it
was then stated that Narrainsow and Ramarow
had mortgaged the Enam to one Cotra Aude =
narrainuppa, Since demised in Satisfaction
of the interest upon a debt due to him and that
the Enams were in the enjoyment of his widow
daughter, and Son in law -

Under these Circumstances I beg to
recommend that the Enam may be restored to the
Enamdar's family and be treated like other Enams
in the District held upon Similar Grants on
long continued possession.

Goondoomulla Kristnarow has petitioned stating that he formerly held in Doovoor a Magany (wet) Maniem Sowable with 6 Sooms of Seed and that it was not jareed (continued) during the Company's administration; and having produced the Summud of Rayajee and 2 Doomalahs granted by Hafiz Mahomed Khan, which he had with him, the Curnums of Doovoor were sent for and the matter enquired into - They gave a Statement that it is true that the Maniem was in existence formerly but that in Fusly 1214 when Maniems were given to Malacurnums the Maniem Sowable with six Sooms of Seed was given to them - A copy of this Statement is herein enclosed Now the land Sowable with 6 Sooms of Seed which is in possession of the Malacurnums should be given to Goondoomulla Kristnarow as it was before & then land Should be given to the Malacurnums in lieu of this Maniem - Keep a Copy of this order with you and give the original to the said G. Kristnarow.

No. 202

To

J. D. Sim Esqre

Secretary to the

Board of Revenue.

Fort St George.

B. No. 5699

From the Collr. of Nellore

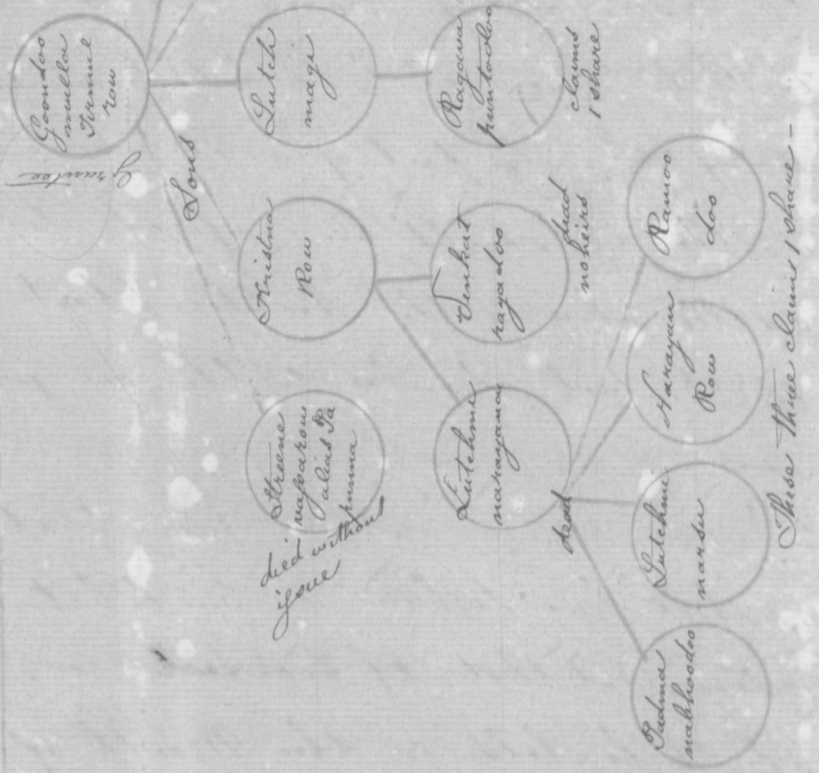

Sir.

Having now forwarded the report on the Cattle show held last week at Addanky I have the honor to request the orders of the Board whether there is to be a general Exhibition at Nellore during the early part of next year; or whether it should be confined to a cattle show in the Northern part of the District. Similar to the one just over.

I consider that there is still time to have an Exhibition at Nellore, and that, if decided on, it should be held in the Month of March, which would be a favorable time for bringing forward Raw produce, & before the great heats commence.

The

Fort St George 27th December 1838

Do

3. The Cattle shows I consider of More real importance as regards this District; it appears from the Report now submitted that an interest is fell in them by the Ryots, and that they have a Direct tendency to improve the breed of Cattle. Under these circumstances I would recommend that from Rupees 700 to Rupees 1000 should be set apart for this purpose, and that the show should take place in December: her Next, for the reasons given in My letter accompanying the Report.—

4 I request the favor of an early reply, to enable me to prepare a Prize List, and circulate it among the people after being sanctioned by the Board, should the general Exhibition in March be decided on.

To

J. D. Sim Esq.re
Secretary to the
Board of Revenue
Fort Saint George

B.d No. 5698
From the Collector
of Nellore

Sir,

I have the honor to forward the accompanying report from the Secretary of the Committee of the Cattle show held at addunkey in the Northern part of the Nellore District on the 6th and 7th of this Month.—

2 The Exhibition it will be seen was in the opinion of the Committee successful one, and the continuance of such shows regularly every year is likely to have an excellent effect, in keeping up and improving the fine breed of Cattle for which this part of the country is celebrated.—

3. Experience seems to indicate that the time fixed this year was a

a Month too early. The heavy fall of rain in the latter part of November rendered the Country South of Ongole almost impassable, and might have seriously affected the success of the Exhibition had it not been put off besides which the Cattle and especially the cows do not return from the Hills so early.—

4. I beg to request sanction for Rupees 690—3—8 the actual expences incurred as per Margin out of the sum allowed for the Exhibition which was Rupees 700—"—"—

	Rs. A. P.	
Distributed in Prizes as per List accompanying the report	665—"—"

Encl. No. 1.
No. 124

To
F. B. Elton Esqr.
President of Committee
at the Adenky Cattle
Show.—

Sir,

I have the honor to forward the required report of the Proceedings at the Cattle show held at Adenky on the 6th and 7th of the current Month.—

2 Owing to the heavy rains which fell in the last week of November, the impossibility of the Ryots bringing their Cattle from the Southern Talook of the Division, and of some of the leading Members of the Committee residing at Adenky within the time originally fixed upon it, was found necessary to postpone the date of the Exhibition for one week and instead of the 29th and 30th November the 6th and 7th December were appointed for

for the days of the meeting. Care was taken that the change of plans should be made widely known to the Ryots and from the final success of the Exhibition it may be hoped that little injury was caused by what could not but be considered an unforward delay.—

3 The following gentlemen were present at Adenkey, and formed the Committee of Management.—

Mr. Elton Collector of Nellore
President
Mr. Wood Collector of Guntoor
Mr. Menchin Sub Collector of Nellore
Secretary
Lieut. Laughton Commanding Officer Ongole
Mr. Wilkins Ongole District Moonsiff
C. Rungacharloo Nellore Naib Sheristadar
B. Gopalayah Ongole Sawildar.—

a Supply of fodder had been prepared,

and.

and was destributed gratis to the Exhibitors for the two days that the show lasted an arrangement which at a slight expense saved them much trouble and annoyance and caused general satisfaction.—

4. By the afternoon of the 6th all the cattle had collected in the Topic where the exhibition was held amounting in number to about one hundred and fifty while the appearance of the animals showed that the people of the Country had learnt the nature of a competitive show and had generally produced the finest specimens of the breed of the two Districts.—

5. The only exception was it appeared to the Committee was in the case of the Cows of which the exhibition was not considered satisfactory

Satisfactory either in number or excellence. Of the old breed of heavy Cows for which both Districts were once celebrated no specimen was brought forward and the Committee consequently withheld the full prize which had been allotted in the published programme according to the stipulation thereto annexed; no flock of wethers either was exhibited, and the Committee availed themselves of the sum thus placed at their disposal to give additional prizes in the classes where a close competition called for liberal treatment at their hands.—

6. The accompanying list of successful competitors will show in what manner the prizes were destributed, and I now proceed to add a few remarks on each class explanatory of the reasons which guide the Committee in the durations which will be found between this and the published list of Prizes offered for competition.—

In full grown Bulls.

7. G Venecatachellam was for the third time successful in carrying off the first prize with his Amanoor breeding Bull, the second prize was obtained by an animal not much inferior and which had not previously been

been exhibited while the cheenakooly Bull which obtained the 1st prize at Venookonda in March 1856 and has been honorably distinguished on latter occasions was much admired and was considered by Wm. Wood a most competent Judge of such matters, to be perhaps the best proportioned animal of the three. The Bull was so far superior to the remainder of those exhibited that the Committee awarded to its owner a special prize of Rupees 20.—

8. The three prize bulls were measured and as their dimensions may prove of interest for comparison with those of other Districts a Memorandum detailing the particulars of their measurement is annexed.—

9. There was little difficulty in selecting the

the finest of the three years old stars — but the two to which a money prize was to be awarded were so equal that it was not considered fair to class them as first and second but the sum of the two prizes was divided between their owners.—

10. The 2 years old animal that obtained the 1st prize was perhaps the finest young bull brought to the Exhibition by an unfortunate accident he was over-looked by the Committee on the first evening and three other animals nearly on an equality were placed aside for further examination. On the next morning the oversight was discovered but as the owners of the other cattle had been led to believe that they would obtain prizes and the animals themselves were of real excellence it was determined after much consideration to award two additional prizes of Rs. 10 each and to class them as shewn in the list.—

11. The show of the yearlings was particularly large and fine twenty eight beautiful young beasts were exhibited the average value of

of which could not have been less than Rs. 30 and many prizes might have been distributed with perfect fairness in this class to compete in which much preparation had been made by the Ryots many promising calves having been purchased and fed up expressely for the occasion.—

12 As already stated no heavy cows were exhibited there is some doubt whether this class of animals is still to be found amongst the people owing partly to fine cows being so generally purchased to send away from the District and partly as stated by the Ryots to a succession of bad grazing seasons in recent years. It is however an undoubted fact that the native breeders do not pay that attention to the cows that they do to the young male stock on which all their attention appears to be concentrated on this occasion Bull Calves

calves not a year old were exhibited which were larger than the Cows which they were seeking and some of the Cows exhibited especially those that obtained prizes were considered fine ones by the people.—

13. The exhibition of working bullocks was good and the trial to which the finer pairs were subjected, was interesting. They had to drag a large cart laden with two Tons of dead weight (earth stowed up in sacks) for a distance of about 80 Yards down a slight slope & back with the turn at each end of the distance.—

14 Out of twenty three pairs exhibited twelve alone accepted the test which was performed well by the four pair belonging to the parties named in the list and indifferently by the remainder most of which failed

in

in turning up the incline.—

15 It was intended to subject all the successful cattle to an increased test and for this purpose an additional Ton was placed on the cart which was then dragged by the bullocks belonging to G. Venkatachelam down the incline without pause for a distance of 210 yards no urging being permitted beyond the voice of the driver at this point one wheel of the cart unfortunately sunk into some soft earth and when the next pair of bullocks were put in they dragged the cart deeper into the difficulty so that it sunk to nearly to the axle and its extrication became impossible without unloading. By the time that the cart was got free it was so late that the further prosecution of the trial was out of the question and in finally determining the relative position of the pair of cattle it was considered by the Committee that all had acquitted themselves with such perfect equality in the

first trial that a further one was not necessary and that the prizes should be awarded on a general review of the animals and not solely with reference to their power of draught. By almost universal consent of the Committee the 1st prize was allotted to G. Narsimloo of Guntoor and the other two pairs were ranked equally in the second place receiving each a full second prize of Rs. 40.—

16 As this was the only award of the Committee which appears not to have met the general concurrence of the competitors and the Public I have thought it right to enter into this detail considering it would be satisfactory to enter a full explanation of the Grounds on which the Committee came to their decision.—

17 It will be seen that the Committee took upon themselves the responsibility of deviating from the sanctioned Prize list in some particulars and of allotting extra prizes out of the money either withheld or not competed for; It was however generally felt that

for

20612

Fort St. George 27th December 1858.

for the better encouragement of the Ryots and to reward numerous Exhibitors of fine cattle who failed to secure the first or second place in any of the classes it would have been of much benefit if an additional one hundred rupees had been at the disposal of the Committee to be allotted in sums generally not exceeding two rupees at their discretion.—

18. In conclusion I have the pleasure to state that in the general opinion of the Committee the Exhibition was decidedly successful and proved unquestionably the interest taken in such meetings by the Ryots. It appears to have been generally considered that while the continuance of an ordinary Exhibition was but of doubtful expediency the holding of an annual Cattle show in the District acting as a stimulus to improve the present fine breed of cattle would be of permanent and increasing advantage

Ongole

For

No. 333

To

A. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George

R. No. 4490

From the Collector of Chingleput

Sir,

Para 1 As promised in the latter part of my letter No. 324 of the 4th Instant I have the honor to forward a detailed Statement showing the entire Stipendiary Establishment of each Taluk with Specification of the Officers who could be transferred to the Police in the event of a Separate Police Establishment being organized. As regards hereditary Establishments by which I presume are meant Village Taliars, Dornams and possibly Munsiffs as being chosen from the Sharers of Manians, I do not see how any could be transferred without a Legislative Act, as they are placed exclusively under Collectors by Regulation VI of 1831 and therefore I have not furnished a List of them. Moreover I do not consider any such transference practicable, as it is impossible to devide these hereditary Establishments into

into sets portioning off some to Revenue duties and others to Police without greatly impairing their efficiency by frittering their services as often the transference they will not, as now, look to both duties according as they may be necessary, but keep themselves to one only and leave the other to its fate.

2. Should the Board and the Commissioner for the revision of Civil Salaries and Establishments, however, insist on such a Statement being problematically drawn up, I not only fear the inconveniences I have above pointed out, but also that it will introduce Schisms into the Village Communities, and eventually entire stoppage of work.

Chingleput Collector's Sadapet 14th November 1857

District ....
Office ....

/Signed/ C. J. Shubrick
Collector.

To. A. D. Sim Esqre.

Acting Secretary to the Board of Revenue

Fort St. George

B. No. 2106
From the Collector of Bellary

Sir,

I have the honor to forward a List of Bungalows classed as required in Extract from the Proceedings of the Board of Revenue No. 892 of 18th March last,

2 I was about to suggest but I believe that the Board have already decided that the articles required for the Bungalows should be obtained of a uniform pattern from England, at all events I would recommend the whole of the articles being sent from Madras of one pattern for this District, should the suggestion above not have been adopted with the exception of the following which may be readily procured at Bellary.—

Viz.t Kettles sauce Pans spots Frying Pans—
Table Cloths—Napkins common Lights—
Mattresses—Bolsters—Punkahs—Lanterns

3 Pensioned sepoys or retained at Bungalows in this District but under the new Rules their places would be better supplied by Mates

A Cook or butler in the first instance might be retained at the Bungalows mentioned in the Margin.—

Bdle No. 4369
From the Collr.
of Bellary —

Sir

I have the honor to submit
a proposition for the Consideration
of the Board for relieving tempo-
rarily from assessment lands taken
up for planting Dwarf Cocoanut
or Betel nut gardens in order to en-
courage the planting of these valuable
products because it seems to me that
sufficient encouragement has never
been given in this District. Throughout
the whole District there are only 1030
Betel nut gardens and 1167 Cocoanut
gardens they occupy in the whole only
3154 acres out of 15,0000 acres (the quan-
tity of land classed as Irrigated in
the Bellary District) They are
found in the undermentioned Talooks Viz.

" Since	818	1154	329	384

Fort St. George 27th December 1858.

Many of the gardens planted before the Survey made at the Commencement of the Century were assessed at the Survey with the objectionable extra assessment called Beraz Duty, which has been only lately entirely abolished Those planted since pay only the Survey land assessment - In the Canle Rules of Colonel Munro, a provision was made for a Canle to new Dhroopyre gardens granting an abatement only of the entire assessment of the Land for a period of two years provided no other Crop was raised on the land while the plants were growing but after the expiration of 10 years when the young trees began to bear the assessment that had been temporarily suspended was to be Collected with the Current years Revenue the Collection of the arrears spreading over a similar period of 10 years - But this Canle was not acceptable & was availed of to a very small extent not more than

than 66 acres were taken up on
this Coast - The Ryots preferred paying
the Rent for the Land unproductive
though it was during the time the
trees were growing - But judging
from the very limited extent of these
new plantation which are when they
come to maturity so profitable it may
be safely assumed that more encourage-
ment is required to our Ryots who are
generally poor and without Capital
to induce them to enter into expensive
though so profitable Speculations not
yielding an immediate Return -

2 Great labour and Considerable
outlay is required to plant these
gardens & the owners reaps scarcely
benefit whatever from them for 10 years -

3 The Method pursued in
raising these plantations whether
wholly of Cocoanut or of Betel nut
with a border of Cocoanut trees
is as follows. —

4 It is first necessary to
plant the garden with the Betel Leaf
Creeper and to do this several Ryots who have
no further interest in the garden agree
with the proprietor to plant the Leaf garden
This is necessary to prepare the ground
and afford shade to the young nut plants
which are planted in after the first year
of the growth of the Leaf - The Betel Leaf
takes 2 years to come to maturity and
then it remains for 6 more years and the
Ryots who planted it alone reap the
profits that accrue during these years while
the proprietors of the Land alone pays the
rent of the Land to Government By the end
of 8 years the Cocoa & areca / Betle / nut
plants are able to get on without the
Shelter of the Betel leaf plants which
are then cut down - But a period of
4 years longer elapses before the trees
become productive or Return any
thing to the proprietor who has to
bear the Charge of Revenue for the
10 years and the entire expenses of
tending

Fort St George 27th December 1858

than 66 acres were taken up on this Condn - The Ryots preferred paying the Rent for the Land unproductive though it was during the time the trees were growing - But judging from the very limited extent of these new plantations which are when they come to maturity so profitable it may be safely assumed that more encouragement is Required to our Ryots who are generally poor and without Capital to induce them to enter into so expensive though profitable speculations not yielding an immediate Return -

2 Great labour and Considerable outlay is required to plant these gardens & the owner reaps scarcely benefit whatever from them for 10 years

3 The Method pursued in raising these plantations (whether wholly of Cocoanut or of Betel nut with a border of Cocoanut trees) is as follows. —

Fort St George 27th December 1858.

4 The Proprietor on the } 150

plant the garden with the Betel Leaf Creepers and to do this several Ryots who have no further interest in the garden agree with the proprietor to plant the Leaf garden This is necessary to prepare the ground and afford shade to the young nut plants which are planted in after the first year of the growth of the Leaf - The Betel Leaf takes 2 years to come to maturity and then it remains for 6 more years and the Ryots who planted it alone reap the profits that accrue during these years while the proprietors of the Land alone pays the rent of the Land to Government By the end of 6 years the Cocoa & areca (Betle) nut plants are able to get on without the Shelter of the Betel leaf plants which are then cut down - But a period of 4 years longer elapses before the trees become productive or returns any thing to the proprietor who has to bear the Charge of Revenue for the 10 years and the entire expenses of tending

Fort St. George 27th December 1858.

tending the plants for the last 4 years. In the first 3 or 4 years the labour is performed by the Sharers in the Betel leaf garden who during that time water the young areca and Cocoanut plants.

5 It is not easy to estimate the Cost of planting one of these gardens as so much labour is provided by the Ryots own people &c. But the following is supposed to be an approximate estimate for rearing a garden of one acre incurred by the Proprietor of the Soil

Price of Plants	15
Sundry Charges	5
	20
Manuring and other Charges in the 7th Year after the Betel Leaf Plant has been Cut down	30
Expenses for New Bullocks &c. from 7th to 10 years	100
	150

Fort St. George 27th December 1858.

Total expences of Proprietor on the garden for 10 years	150
Add Government Rent for that period (say) at 9 Rs. per annum	70
Total Cost.	240

Produce during the above 10 years Viz.

1st and 2d years	Nil
3d to 6th years	Do.
(as the planters of the Betel leaf take what there is for their labour the Proprietor paying the assessment to Govt.) 7th Year produce from other petty plants Ginger Turmeric &c.	5
8th Year Do.	7
9th Do.	8
10th Do. the first produce of areca or Cocoa nut	20
	40
Balance against the proprietor	200
To which should be added the Interest of Money for 10 years at 12 per Cent say	280
Total Net outlay Rupees	1,80

of Land with the aries and Cocoanut Trees to build permanent wells, without which it would be impossible to raise the plants. and his request is that the land shall be entirely exempted from the levy of Fasl Sastee / the 2d crop assessment for a period of 10 years - or until the Gardens become productive. The proposition is so very reasonable that I think the Board will not hesitate at once to grant it. all lands are now by the revision of assessment classed as one crop assessment. This will be levied as usual during the 10 years though Ling appah will obtain no benefit from the land during these 10 years but will incur a very heavy expense. The assessment that would be levied on the 2d Crop because the land is occupied is also the abatement asked for by this enterprizing man for the period of 10 years during which he reaps nothing. It must be remembered also that this assessment is secured by improvement made by the ryat himself and

and would not in the generality of cases be realized were it not for this improvement But in Consequence of these improvements made by the ryat not only will the first Crop assessment be permanently secured to the Government for a very long period without risk of failure as would be the Case if water failed in the Tank but the 2d crop extra assessment will also be gained as a permanency to the Government - The proposal made by Ling appah is to my mind too moderate and too inadequate to effect the object I have in view Viz the more general planting of these Valuable gardens profitable to government as well as the ryat in all localities where they may be likely to succeed —

9 There is no District so arid no District so devoid of trees as Bellary There

of Land with the area and Covenant to
to build permanent wells without which
would be impossible to raise the plants.
his request is that the land shall be
exempted from the levy of First Sasle
crop assessment for a period of 10 years
until the gardens become productive.
proposition is so very reasonable that
think the Board will not hesitate at once
grant it. all lands are now by the resum
of assessment classed as one crop
ment. This
will be levied as usual
the 10 years though Ryot will
no benefit from the land during the
10 years but will incur a very heavy
The assessment that would be levied
2d Crop because the land is occupied
the abatement asked for by this enterprizing
man for the period of 10 years during which
he reaps nothing & it must be remembered
also that this assessment is secured by
improvement made by the ryot himself

and would not in the generality of
cases be realized were it not for this
improvement But in Consequence of
these improvements made by the ryot
not only will the first Crop assessment
be permanently secured to the Govern-
ment for a very long period without
risk of failure as would be the Case if
water failed in the Tank but the 2d
Crop extra assessment will also be
gained as a permanency to the Govern
ment - The proposal made by Lieut
Speak is to my mind too moderate
and too inadequate to effect the object
I have in view Viz the more general
planting of these Valuable gardens profi
table to Government as well as the ryot
in all localities where they may be likely
to succeed —

There is no District so arid
no District so devoid of trees as Bellary
There

Fort St. George 27 December 185

There is no District I may venture to
assert in which encouragement to pla
Dhrospye Gardens should be given
a more liberal hand than in Bellary and
give what management we may the numbe
of gardens that would or could be planted
would after all Cover but a speck of la
here and there in this vast barren looking
District yet I understand in some other
Districts and particularly in that for
more highly favoured District of Mala
bar the encouragement given to the
rearing of the areca and Cocoanut Tree
is very Considerable If rightly informed
it appears that in Malabar when a ryot
wishes to plant such a Tope he enjoys
a rent free Cowl for 10 or 12 years and
even after that he is assessed for seven
years following only in proportion to
the productive powers of the young
trees

Fort St. George 27 December 1858

in the garden until they all come to full
maturity If such is the Case in Malabar
it may be surely Conceded to Bellary to
offer some such liberal encouragement
to ryots who will plant these trees.

10 Objection may be raised
that the principle of taxing all lands oc=
cupied would be interfered with but there
must be some exceptions to general rules
and there exists this exception already
in Bellary and other Districts where waste
lands are given on Cowle for instance the
extensive plains of the valuable Black
or Regur lands Could never be occupied
were they not given on lands rent free
for a period of five years Cumdars
are obliged to give a longer period to
get their Black lands cleared.

11 Another and greater ob=
=jection may be raised that the
Government would lose existing
revenue levied on the land and
the

the value of the water taken from the
Tank they will Certainly lose this for the
period of the Cowle but what will the
amount to? In return they secure a Certain
permanent rent and in addition a 2nd Crop
rent from the improvement made by sinking
the wells and the amount of loss by the re-
-mission of the assessment for a few years
will in my opinion be greatly over balanc-
-ed by the permanent improvement
of the Circar land and the Consequent
security of the revenue It must not
be supposed that these gardens will
by the encouragement it is proposed
to give them affect detrimentally
the revenue in any appreciable degree
even for a short time for it will
be found that various Causes
will impede the spread of these
plantations The want of Capital the

the few localities where the experiment
could be tried with a good prospect
of success the uncertainty of the seasons
&c. will for many years retard the spread
of Dhrosyre gardens under the most
favourable offers of encouragement
& I Calculate that for ten years follow-
-ing the order authorizing the pro-
-posed Cowle not more than about
1200 acres will be thus occupied throughout the whole District the Cowle re-
-mission on which of the whole assess-
-ment would perhaps be 8000 Rupees
or including Fusl Sastee 12,000 Rupees —

12 It may also be objected that
fraudulent claims to remission on
the plea that a garden was in Course
of being planted might be made but
that is an objection scarcely worthy of
a

a reply. The fraud could easily be de-
-tected, and sufficient security could
be taken to prevent unfair dealings in
the matter But even should a fraud be
occasionally successful that is no sufficient
reason for withholding a general benefit

13 What is required is a Cowle suffi-
-ciently remunerative to induce ryots more
generally to expend their money and labour
in permanently improving their land for
the advantage of Government, as well as
themselves, by rearing a Product of great
value every where and especially in Bellary
where there is such a want of every descrip-
-tion of tree and for this purpose I submit
to the consideration of the Board the pro-
-position, that land occupied specially
for the purpose of planting Dhroopye
Gardens, of area or Cocoanut Trees be
allowed a Cowle of 10 years during which
time

20643 Fort St. George 27th December 1858

time no rent save a nominal Quit
Rent of 1 to ½ Rupee per Garden be taken
for Government, but that at the end
of 10 full years the Iyen Land wet as-
-sessment be levied for the future, and
that the 2d Crop assessment leviable
thereon be further abated for a period
of 5 years but after that time, i.e after
the period of 15 years from the time
the Cowle Commenced both the
Iyen and the Fusl Jastee assessment
be collected permanently. —

14 The Condition of the
Cowle should be that the Gardens is
bonafide planted with the full
usual proportion of Trees,
at the proper time in the proper
manner, that it is properly
tended, that a good permanent
well

Fort St. George 27th December 1858

well when required is sunk or some other work executed, as a Mullah which will ensure a permanent supply of water and that such other condition as it may appear to the Collector in any particular case to be reasonable are duly observed and that in failure to observe these Conditions the Cowle will be annulled and the ryot held liable for the full assessment of the land that may accrue during the time the Cowle may have been held

No. 115

To,

J. D. Sim Esqr.
Acting Secretary to the
Board of Revenue
Fort St. George

Br. No. 1482
From the Collector of Cuddalapah. 3

Sir,

With reference to your letter under date the 27th Ultimo No. 867 desiring that the payments collected for Bandies and all sums now in hand derived from this source may be returned, I have the honor to state, that no sums are on hand, and none had been collected authorizedly either by my cognizance or I believe by my Predecessors, at the same time it cannot be legally proved tho surmised, that such collections have been made. whatever arrangements are entered into by the Villages to exempt themselves and their carriages from being prefsed for the Service of Government, may be considered of a private nature, and is not generally known and the people themselves will rather deny having paid money at all, tho they actually have to prevent their carriage being taken, as it may cause them a very serious loss & inconvenience in the cultivation of their lands upon which their livelihood & wealth depends We shall take an instance of this nature The Board are aware that the cattle required for cultivating the lands are of a large and heavy description, they are not bred in the country but are purchased from cattle dealers from Nellore and Gunlook when two or three years of age and

20645

and carefully nourished until 5 when they attain their strength and are fit for agricultural purposes these Bullocks are employed in drawing water for the garden land of the owners and from the expensive nature of the animal few cultivators can afford to keep more than is absolutely necessary for their cultivation and consequently should the Bullocks required for well purposes be prefsed to aid the removal of troops from one station to another, the owners are deprived of the use of their own cattle and must hire others to carry on their cultivation otherwise it may perish for want of irrigation, it is therefore natural that they should prefer to pay a small sum to induce others to go in their room instead of being deprived of the services of their own cattle, and their means of livelihood endangered This is evidently the origin of the system, which, tho not sanctioned by the authorities has been in practice for many years, as would be seen from the late Collector Mr. Cochranes letter under date 27th June 1849 This arrangement is no doubt objectionable and leads to fraud, but the compulsory system of Government in compelling carriage to be supplied by one District for long marches 2-3 and 400 miles, is equally objectionable, particularly as the cartmen are liable to have their carriage seized at the end of the journey and made over to another Regiment to

to go a still further distance I do not in the slightest degree, attempt to palliate the system, but it is one carried on by the parties themselves to save them from heavier loss which would occur to them by supplying their own cattle. Those who do not require their cattle for drawing water, during the non cultivating season are induced by high pay to offer their carriage for the removal of troops from one station to another.

With reference to my letter 19th June Para 8, where it is stated that, this forms a fund from which those who consent to lend their carriage receive payments "as above stated in addition to the regular hire," these collections are unknown to the Collector, and in many cases even to the Tahsildars the arrangements are made between the Village Reddies and the Bandy Maistries and even connived at by the other servants as the Collector is called upon to supply carriage he in return calls upon the Tahsildars of the different Talooks to supply the number specified, the latter again calls upon the heads of Villages where carriage is known to exist and the villagers among themselves make up such a sum of money as will enable them to find substitutes for the number of Carts required from the respective villages this amount, as appears from Mr Cochranes letter above quoted, forms the fund from which substitutes are obtained, but no accounts are forthcoming nor can it be distinctly ascertained what sums have been collected. The most practicable remedy

20645 Fort St. George 27th December 1858.

practicable remedy to remove the evil of this system, I suggested to the Board on two former occasions, Viz^t that each District should be called upon to find carriage for Troops only as far as the large town in the neighbouring Zillah and as long as the system of pressing continues and carriage is taken for several hundred Miles from the hands of the cultivators they will rather subscribe amongst themselves sums of money sufficient to find substitutes than run the risk of losing their cattle and themselves being taken away for Months from their families, than volunteer their own carriage.

In Madras and other large stations there are numerous individuals who live entirely by letting out their cattle and carriage on hire, to them the pressing of carriage is of little inconvenience, but it is different in this District where the cattle are required for agricultural purposes and are of much larger and more expensive kind than those in the Southern provinces the loss of one animal, which may be valued at 30 or 40 sometime as high as 70 Rupees will be as deeply felt as the loss of a pair less expensive and more easily procurable.

With reference to 2^d para of your letter, wherein the Board requests to be informed how much has been collected for the last 6 or 7 years, I would beg to state, that there is no annual collection made, and none are thought of until the order is issued to supply carriage for a regiment about to march, and no accounts of any description are forthcoming I am rejoiced to learn that the Board have now taken this subject into their serious consideration and as it is probable a reform will take place throughout the army, some new suggestion may be approved of by which the forcing of carriage will be avoided there is a Quarter Masters Generals Department and a Commissariat Department and Canonkapilla wherever Troops are stationed

stationed these authorities ought to be called upon to make the
necessary arrangements & the Quarter Master General might be
called upon in making his arrangements to provide as far as
practicable that the carriage of one Regiment should convey
back the Regiment by which it is to be relieved, and a rule
laid down that press carriage should not be taken from
beyond a given number of miles, say one hundred calcu-
lated from the principal station of the province from
which they were pressed such a measure being adopted
carriage would be more easily obtained and the
practice of procuring substitutes be greatly prevented.

From the Collector of
Cuddapah

Sir,

I have the honor to return Petition N.o 3086 of 1858,
presented by Abdul Summut Khan of Talapoola, and with
reference to the instructions contained in the endorsement
thereon, to state, that I quite agree with the Board in the
expression of their opinion that it would be unjust
to deprive Petitioner of his hereditary share of the
family

20646 Fort St.a George 27.th December 1858

family Pension and this was not recommen-
ded by me in my letter of the 17.th June
1858 N.o 58 in which the full particulars
of the case is set forth On the receipt
of the orders of Government to
divide the Pension into three as a
proposed by the Board instructions
was sent to the talook to have the
orders carried into effect but from that
date the Petitioner has refused to receive
his reduced share of the family Pension -
I therefore submissively request the
Board will obtain the sanction
of Government to disburse to the
Petitioner his full share enjoyed
by him and that the portion of
the Pension of Abdul Mazeed Khan
be made over to his Father for the
support of the younger branch of the
family

family as recommended in my letter above quoted.

Bd No 5612
From the Collector of
Cuddapah.

Sir,

I have the honor to inform you, that having learned that antimony or Soorma can be obtained at a Short distance from Cuddapah near a village named Cottoor, on the banks of the Pennair River, I dispatched on of my Delayet with a few Rupees to pay the labourers who were required to extract if from its bed and bring me specimens of the same which he has accordingly done. I have now the pleasure to forward specimens for the inspection of the Board of Revenue and shall be obliged if you will have them analised and let me know whether they really are antimony and whether it would be worth the Government working it the specimens sent are small but masses are to be found of several pounds weight imbedded in quartz stone

some

20647 Fort St. George 27th December 1858

some very fine specimens I have procured, which I propose forwarding to Madras for the exhibition to take place in February.

2. Should the Board of Revenue require it I shall forward to them several pounds of the ore in small and large pieces by Banghy when it could be thoroughly examined and analised I shall be also much obliged by your affording me any information which can be procured in Madras as to its marketable value, its uses and any other particulars that can be obtained I have looked into Macculloch's Commercial Dictionary & Balfours Cyclopaedea of India, but find it is used in Medicine and for hardening the lead of which types are made.

3. I am informed that small quantities of this metal is prepared and sent to Hydrabad as a pigment for anointing the eyes of females.

20649 Fort St George 27 December 1858

No 127

To I. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St George

Bd No 5075
From the Collr of
Kurnool - - -

Sir,

With reference to
Extract from the Proceedings of
the Board of Revenue dated 21st July last
No 2799 reviewing the report on the
settlement of the land and Extra Sources
of Revenue in this District for Fasly
1268 I have the honor to offer the
following explanations to the remarks
therein Contained -

Para 5.
Para 5
Order

2 The Board observe
that the marked decrease of 5720
acres in the Dhone Taluk alone
should have been explained

The decrease is owing
to

10

Fort St. George 27 December 1858

to the following causes. ——

Increase	Acres	Decrease	
Waste Cultivated	2563	Desertion	74
Parumboke Do.	140	Poverty	6972
Lapsed Enams	827	Payacarry	957
	3530	2 Villages transferred to the Nundicoodoor Talook	1247
			9250
		Net decrease	5720

This Talook abounds with red soil which is cultivated for 2 years and left fallow for 3 or 4 years to give it strength It has been usual to include such fallows in the ryots holding but they were omitted from the Villawaree last year owing to the poverty of the ryots, and the whole fields left waste were omitted in accordance with the Board's Proceedings under date the 11th August 1857

Besides

Fort St. George 27 December 1858

besides this 2 of the Villages were transfered to the Nundicoodoor Talook hence this large decrease. ——

3 The Board observe that there is nothing in the report to shew whether their instructions that the entire holding of a ryot should be considered in Making reductions in over assessed lands have been attended to and state that the Offg Agent should have shewn by the example of a single ryot the plan be followed I have the honor to observe that the orders of the Board on this subject appear to have been carried out as will be elicited by the accompanying statement

Para 13 Letter 5th Sept 58

4 I beg to state that there are no permanent remissions in this District which would admit of being entered in Column 4 of enclosure B in Statement No 10 of the Summary accounts The only remissions of this nature are the Beriz of Jaghire Villages which is collected

in

in Common with the other Revenue and paid in Cash from the Treasury to the Jaghiredars in full and not a portion only, and the Enams given instead of the ready money allowances formerly paid to Mosques and Pagodas.

Entered Para 14

5. The observation made in this para will be attended to for the future. The orders of the Board Communicated in their Proceedings of the 11th August 1857 have been hereafter observed in the preparations of these accounts

Para 15. Entered

6. Statement N°11. was prepared from the Demand Collection and Balance Statement in which Rupees 476 was credited under the Minor head of "unclaimed property" of which the Major head is Sundry Sources of Revenue", and Statement N°14 was prepared from the journal in which Rs 35 was credited under the Minor Head of "unclaimed property

property the Major head of which is Majesterial receipts hence the net difference of Rs 441 but care will be taken to make the accounts tally for the future

Entered Para 16

7. The difference in the number of puttahs entered in Statement N°1. and 16 pointed out in this para is an error a revised account is herewith forwarded to take the place of Statement N°1.

Entered Para 17

8. The quinquennial Return N°18 of the Government irrigation Sources lately Submitted is correct that forwarded in 1262 fasly was prepared simply on the accounts of the previous period.

Para 18 Entered Para 18

9. The Demand Collection and Balance Statement ending 30th June 1857 was submitted to the Board of Revenue previous to the receipt of the Boards' Proceedings dated 11th August 1857 but the Boards orders on the Subject will in future be observed. —

Examined Corrected

Fort St. George 27th December 1858

No. 133

To, I. D. Sim Esqre.

Acting Secretary to the
Board of Revenue
Fort St. George

B/ No. 4002
From the Collr. of Salem.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 12th July 1858 refering to para 2 of Extract Minutes of Consultation dated the 11th March 1856 No. 285 in which the Government approved of the Boards proposal to abolish the Settlum & requesting the several Collectors to Communicate their opinion on the point referred to in para 2 of the Minutes as to what rules ought to be adopted in future in notifying relinquishments & transfers of lands.

2 The Board proposed in para 21 of their letter to Government dated the 4th July 1855 No. 1683 to lay down the rate that each Ryot shall be answerable for his holding of the preceding year, unless within a fixed time he shall present a writing detailing any fields which he wishes to resign or any new land which he wishes to

Fort St. George 27th December 1858

to occupy and that these representations should be promptly settled & on their completion the Cultivation returns of the year shewing the land under occupancy should be drawn out. The Government remarked that some more precise and definite rate might be required than that proposed by the Board and that not only the relinquishment of land but also transfers of land ought to be noticed.

3 In the Salem District the time for relinquishing land has for many years past been limited to a certain fixed date & no person is allowed to relinquish land after that date. The time thus fixed for receiving Razeenamah is the 31st of July. It is fixed thus early in the season to allow of their Ryots taking up the relinquished land for Cultivation the same year. Thus by the end of July the entire extent of land given up is accurately known. No such limit has been

4 fixed for the taking up of fresh land. The Cultivation

Fort St. George 27th December 1858

cultivate in season depends in a great measure on the rains which fall earlier or later in different years. Generally speaking the season for dry cultivation terminates at the end of November & the wet at the end of January but no exact limit can be assigned in either case. I therefore think it best to continue the present system & accept applications for fresh lands whenever made.

5 Transfers of land are registered at the Salook Cutcherries whenever application is made for the purpose and no fresh permission is necessary on this point. The pattahs for lands transferred are not issued till the Summabundy but no person who has applied in proper person at the Cutchery to have a transfer made is allowed to cancel the transfer intermediately between the date of his application and the Summabundy, excepting with the consent of both the parties concerned.

6 The Board will see from this explanation that I do not think there is any necessity for altering the practice at present observed in this District in regard to the relinquishment and transfer of lands.

From the Coll.
of Salem

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated the 22d January 1857 No. 262, adverting to Mr. Brett's letter of 5th Idem on lapsed Enams in the Salem District and calling for information as to whether there were no lapses in the Sub Division or whether this branch of business is usually taken up by the Collector himself for the whole District, I have the honor to state that the entry in the Statement which accompanied Mr. Brett's letter of the

20660 Fort St. George 27th December 1858

the 5 Instant includes all the lapses that accurred in the whole District Viz. in the Collectors Division in the Sub Division and in the Head Assistants Talooks.—

2 It has been the practice in the District that all cases of lapses accurring either in the Sub Division or the Head Assistants Division are forwarded to the Collector for his finial disposal and the Collector has been in fact therefore the only Officer who attended to the Excise branch of business for the whole District.—

The

The Decree of the Civil Court in the Zillah of Salem.—

Subordinate Judges Court

Original Suit No 70 of 1854.—

Plaintiff	Defendants
Vencatachella Chetty.—	1 J. W. Cherry Esquire Sub Collector
	2. Visvanada Pillay.

Civil Judge Court A. S. No 159 of 1856.—

Appellant 1st Defendant
J. W. Cherry Esquire
By Government Vakeel
Goolam Gofsain Saib

The question at issue in the suit is whether the Plaintiff during July 1262 made use of water belonging to the Sircar for the irrigation of his garden land and was consequently liable for a certain amount of increased tax or whether he only used the water from his own well for the said land.—

2. The Defendants were exparte—

3. The Acting Sub Judge considered that the Plaintiffs Witnesses had proved

that

the over flow of water to the Plaintiffs lands from other sources than the Plaintiffs own Wells was the consequence of heavy rain for which accident no additional tax could legally be imposed by the Revenue authorities, He therefore held the 1st Defendant responsible for the amount sued for and Costs,

4 The Collector representing the 1st Defendant appealed 1st on the grounds of the Suit having been tried exparte though the 1st Defendants answer was tendered in October 16th 1855 previous to the Court having recorded points and 2d because the Decree shewed that the Plaintiff had failed to prove that all their lands were irrigated independent of circar water,

5 The Plaintiff Respondent answered maintaining the justice of the lower Courts decree,

Judgement

6 The first question raised by the Appellant really is whether a party who has received due notice of a suit, and who has for

for the next 9 or 10 months omitted to take advantage of the most liberal extension allowed him can about two months after the suit has been set down exparte claim the right to file an answer, and when this has been refused appeal to have the case remanded for the reception of the same, The Civil Judge is of opinion that a party thus wilfully defaulting must abide by the consequences of his neglect and cannot be permitted on such grounds to protract the disposal of a case for years,

7, The second ground for appealing cannot stand as the evidence shews that the Plaintiff had sufficient water in his wells for the irrigation of the land, and that its receiving water from other sources was the result of floods &c. from heavy rain but a careful inspection of the

receipts

receipt and examination of the Plain-
-tiff shew that a fatal error has been
Committed the Plaintiff sues for the
increased tax for Fusly 1262 but is
Compelled to admit that no increased
tax was collected from him for that
fusly 1262 having by mistake been
entered in the Plaint for 1263 Under
these Circumstances the Court is
Compelled to reverse the Acting Sr
Judges decision and to dismiss the
Plaint with all costs.

Encl. No. 1

To,

H. A. Brett Esqre

Collector of Salem,

Sir,

With reference to your letter of the 19th

* herewith returned

July forwarding Petition No. 1315 of 1858 presented to the Board of Revenue by Nullaspah reddy inhabitant of Poolanjary in the Talook of Namcul, I have the honor to forward you the required explanation,

The Petitioner requests in his Petition that shavy remission may be granted for his lands in consideration of the loss sustained for want of water as was granted in the case of other Ryots,

The particulars of the lands held by the Petitioner and his brother jointly and seperately in the Village of Poolanjary anjalam and Sairgoody are as follows,

Poonjah	128	33	1	328	1	193	10	"
Nunjah	22	26	1	304	13	8	200	14	6
	151	19	2	1132	13	9	394	8	6

The extent of land in which produce was reaped

72 — 8 — 3 — 319 — 2 — 298 — 11 — 10

The extent of land in which the crops perished

79 — 10 — 15 — 113 — 11 — 9 — 96 — 13 — 8

During

Fort St. George 27th December 1858

During the Examination held by the Sub Collector Mr. Grant at the time of Summabundy it having been proved that the extent of shavy or loss sustained by the Petitioner was 25 per cents below the amount of assessment of the lands on which crops perished the whole amount of seerwah was demanded without any portion of it being remitted,

It appears that during the past Fusly the Board of Revenue having sanctioned the grant of shavy remission the Ryots who had reaped their first crops also came forward to claim a remission without stating the actual extent of loss they sustained, as the produce reaped by the Ryots was below the usual quantity in some of the lands while all the crops on some perished it was determined that an uniform standard should be observed and that no remission

remission should be made in cases where the produce reaped was 25 per cent in value above the amount of assessment of the land cultivated remissions were accordingly made in this way throughout the Sub Division, the loss sustained by the Petitioners being below the said standard remission on the same was refused as it was in similar cases. This appears also to have been approved of by the Collector,

The proceedings connected with the case are herewith sent,

Secretary to the

Board of Revenue

Sir

Fort St. George

Bd. No. 2909
From the Collector of
North Arcot.

In the remark appended to
Memo showing the extent of cultivation
in the Government land to the end of
June 1857 it was observed that the dec
in the extent of cultivation in the accounts
compared with the last fusle was attributable
to the incomplete state of the returns
owing to the Ryanams in some Talugs of
the Sub Division being occupied at
Mr. Banbury Cacheri in preparing
accounts connected with the revision of the
Assessment.

2. I have subsequently received
a letter on the subject from Mr. B

20681

Fort St. George 27th December 1858

which the accompanying is a copy His proposal
that the Ryanams should be allowed on the
23d of each Month to proceed to their
Villages, and return to Mr. Banbury
by the 3d of the following Months, would
I fear in spite of every precaution lead
to the loss of much valuable time and
to the cause serious impediments to the work
of revision.

3. The necessity of the attendance
of the Ryanams at Mr. Banburys
Cacheri has been created by the necessity
imposed on Mr. Banbury of adhe-
ring in part to Mr. Nisbetts former
operations If that necessity be
removed

Fort St. George 27th December 1858

removed, and permission be granted to apply the new rates to the premises consolidated assessment, the necessity of taking the Karnams in that part of the District from their usual duties will cease. This is the only effectual remedy for the evil adverted to by Mr. Sullivan

Bd. No. 5247
From the Collector
North Arcot - Para 1

I have the honor to state for the information of the Board that upto Fusly 1266 the practice was to exhibit seperately in the Jamabundy Statement A No. 3 the three sources

Sources of Revenue Viz. Poonjah Nunjah and Totacal and the increase and decrease in the proper Column On the later revision of assessment Totacal having been classed with either Poonjah or Nunjah the entries in the Statement will not afford the means of Comparison I beg to request therefore the instructions of the Board whether in preparing the Statement for Fusly 1267 the 3 descriptions in question should be shown or whether Nunjah and Poonjah only should be entered and last fusly's totacal should emerge in the Nunjah and Poonjah of that fusly by an adoption of the same means that have caused its disappearance in the Statements of fusly 1267.

2, Another point on which I would request the instructions of the Board is whether in Statement Bis No. 3 for fusly 1267 the assessment entered against

Fort St. George 27th December 1858

against the extent of the holdings at the commencement of the fusly should be the old or reduced assessment - If the old assessment be entered the amount due to Government and if the reduction given a comparison cannot be made with Similar Statement of last fusly. I would therefore suggest that in the Statement for fusly 1267 an additional entry be made below the entry of the ryotwar holding in which entry the amount of assessment remitted should be given which deducted from old assessment would give the amount of assessment actually levied in the manner proposed in the margin

Ryots holdings at the beginning of fusly 1267 —
Deduct Amount reduced by the Revision of assessment —
Remaining —
Deduct holdings relinquished by the Ryots. —
Remaining —
Add holdings taken up by the Ryots. —
Total —
Deduct remissions for waste —
Remaining —
Viz.
Actual cultivation —
Waste brought to account —
Total —

3 The Collections on account of Road Fund being a new source of Revenue - I beg the instructions of the Board as to the manner in which this source is to be exhibited in the Summabundy Statements to no provision on this account having been

To,

-No. 204-

To-

J D Sim Esqre
Secretary to the
Board of Revenue
Fort Saint George

Bd No 4525
From the Collector of Tanjore

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 24th Ultimo No 3612 reviewing my report on the Settlement of the Land and Extra sources of Revenue for Fusly 1266 A.D. 1856/57

Para 2

2 Refurring to the Boards remarks regarding the time occupied in the Settlement of the different field assessed Taloks as shown in statement No 1 I beg to explain that the return in question includes not only the time taken up for the distribution of Puttahs but also the period previously devoted by the establishment of the preparation of the Jummabandy accounts all the Curnums I would mention are not called up at the same time but come in as their Adungul and the Taloks Uzanacish of their Villages are completed and

and when each Curnum has finished the necessary accounts he is sent back to his Vuttum. Thus the preparation of the Accounts proceeds till they are ready for the whole Talook when the days for the distribution of the Puttahs and the order in which the Village should be brought up are arranged. It is then and not till then that the Curnums and the Ryots of the Villages fixed for each day are summoned and as the latter generally get their Puttahs and have their objections heard and disposed of at the Appointed time there is nothing to prevent their being then at liberty to return to their Villages

3 Another Set of Villages being ready is similarly disposed of. It will thus be seen that the Curnums are never detained unnecessarily and the Ryots hardly ever beyond a day. The protracted periods of four and five months shewn in the Statement embrace many whole days and even weeks during which no Jummabandy work was done

as

as an interval of several days often elapses between one set of Curnums going back and another attending owing to the adjungal not being ready or to other causes. Statement No. 1 will be drawn up so as to show hereafter only the time during which the European Officers are present in the Talook engaged in the Settlement

Para 3

4 Renewed engagements were effected in the past fusly in the case of nine out of the Eastern Cmany Villages referred to I could not effect the remaining seven on suitable terms.

5 In this Paragraph the Board using the word Village refer to some Nunjah lands in a Village mentioned in the Jummabundy report for Fusly 1265 as having been rented at about 5% per Cent below the standard Those lands are only a part of the Village of Yikalar in the Munnargoody Talook and are property of a Pagoda. Owing to defective drainage the entire Village appears

4th Nov. 2/56 No. 174 Para 21

appears to have long remained in a neglected and determined condition Between Fuslies 1250 and 1260 attempts were made to have it permanently rented at a reduced assessment but they proved unavailing till in the years 1850 and 1852 the drainage of the lands was improved at a public expenditure of about 1000 Rupees were then received for renting the Village but not at the orginal standard rate of Assessment Viz. C M 121-4 the valy or 18-5 the acre after a full enquiry Mr. Forbes succeeded in leasing out from Fusly 1263 at 110 Cullums a valy or 16-7 an acre that portion of the Village which did not belong to the Pagoda The remainder which formed the endowment of the institution was rented in Fusly 1265 at the rate determined upon by Mr. Forbes for the rest of the Village As however the renter would not engage to cultivate and pay for the whole V. M. 9 10-8-95 from the first year of his lease it was stipulated that he should be bound for V. M. 4-18-95 in Fusly

1265

1265 for $\frac{T\ M-S}{7-13-95}$ in the next year and for the fasli standard Dittum of 10-3-95 from the third year This Settlement was made on behalf of the Pagoda concerned because the Devastanam Tariff lands were then under management by Government Officers — The Trichalar Pagoda lands were last year transferred to its trustees and the Village has evidently improved as no difficulty seems to be experienced in discharging the Government rental and the Pagoda Swamy bhogum

Para 5 6 As regards the discrepancies noticed by the Board between the Report and its accompanying statements it will be seen from the 7th paragraph of the former that it was explained by me that the forms for the quinquennial returns having been received late in the fasli the information necessary for their Compilation was not ready that the figures exhibited in the Report were therefore according to previous accounts and that the statements in question would be separately

forwarded afterwards This was accordingly due in January last Thus the figures in the Report were taken from the old returns and not those in the Statement as supposed by the Board The latter were framed from information specially obtained after the Jummabundy report had been despatched

Para 6 7 The number of Merasdars given in Column 2 Statement No 16 is correct but I apprehend that it should not be expected to correspond with Statement No 19 as the latter besides the Merass Puttadars includes the holders of detached Enam and shotriem lands in Ryotwary Villages who though not Merasdars strictly speaking contribute to the rent roll of the District

Para 7 8 Mernatchee Ammani is chiefly an Oloongoo Merassdar The amount of her rents therefore rises and falls annually with the current prices In fasli 1266 prices having been lower than

than in Fusly 1265 the Government's Jummah against her was necessarily less amounting only to Rupees 8158 which being within 10,000 Rupees does not appear in the list to which the Board refer

Tanjore Vellum 4th October 1858.

Bd. No. 4762

From the Collector of Tanjore

No. 2951 of 1858
Dated 2nd Decr. 58

In their endorsement on the Petition from Hurry Row of Combaconum marginally noted it is intimated that my endorsement on his previous address does not dispose of

No. 3143 of 1855

the request he formerly made to be allowed to throw up his unprofitable Poonjah land which the Collector refused to permit

2

It will not escape the Board's notice that in his recent address to them

them, Hurry Row does not repeat the request originally preferred. He limits his present application to a demand for a reduction of assessment. In his later petitions to this Office likewise he never makes any allusion to his unprofitable Poonjah

3

It is true that till lately it was a condition of the Ryotwar System that land once cultivated was permanently added to the Dittum and no deduction was ever allowable or made even when any portion of the occupied land had become utterly unfit for cultivation The Board will remember however that recently the Government have sanctioned a modification of this System to the extent of allowing of the relinquishment of any land that may be ascertained to be unprofitable rating it at half the Village Average Assessment

Pro: of the Bd of Revr. 29th August 1856 No. paras 58 & 59
Ex: M: of C: 11th June 1857 No. 576 paras 5 & 6

Under this rule it is open

4

to the Petitioner to give up any portion

portion of his Dry land which may
shown to be unfit for cultivation
as doubtless he is aware of the fa
as it has been publicly notified to
Merassidars he has not reiterated
the request he made in 1855 when ma
the rules then in force the Collect
of course declined to permit the

B. No. 5492
From the Collr.
of Tanjore

11th Nov. 58/4204

In the Boards proceedings marginally noted my attention is called to the circular order dated 22nd September 1856 dispensing with copies of Collectors Endorsements on the Return reviewed.

2 I have the honor to observe that the insertion of my endowment in the Return adverted to seemed necessary because the Boards instructions on the Petition disposed of were thus: "Forwarded to the Collector for report by Endorsement"

(2514 of 1858)

3 Had they been for disposal by Endorsement I should have passed such orders as appeared proper recording it on the Petition itself which I should then have delivered to the Petitioner without troubling the Board with a copy of the order given in Column V of the Return.

B. No. 5505
From the Collector
of Tanjore

From the accompanying copy of a letter from the Civil auditor dated the 3d ultimo, it will be observed that he has retrenched from my contingent Bill for July last, a charge of Rupees 114——a——a incurred for the said additional Establishment,

on the ground that the sanction granted on the 21st January last applies "only" to similar charges of the last fusly and cannot be construed as authority "for those incurred in the current Fusly."

2, The manufacturing season commencing generally about February

Continues

Fort St. George 27th December 1858

continues till september and it is during this period that the temporary Establishment is required. The sanctioned amount is accordingly to meet the charges so incurred Out of the total amount authorised for July 1267 Viz. Rupees 280—7—8 only were expended within the July and Rupees 285 have been since disbursed, Viz. the July, august and September

From the 16th April on which date the Establishment was Entertained to the 30th Sept.

	Rs.
May	57—«—«
June	109—7—8
	114—«—«
	280—7—8

3 It will thus be seen that from circumstances of the manufacturing season extending over two fusles, the charges cannot be incurred within any one fusly and I am not aware that the sanction for the Establishment is intended to cease with the termination of the fusly indeed similar objections have never heretofore been made by the Civil auditor.

4 As however this functionary now refuses

Fort St. George 27th December 1858

Rs. 114—«—« refuses to pass the expenditure incurred in July last, I beg to request that the necessary authority may be obtained for removing the difficulty as well in respect of that amount as of the sums disbursed in the subsequent months of August and September, amounting in all to Rupees 285—«—« I would further beg that the sanction accorded for the additional establishment in future years may be such as to meet similar retrenchments by the Civil auditor and thus obviate the correspondence to which they necessarily give rise—.

August Rs. 114—«—«

Abstract No. 5755
From the Collector
of Tanjore

Fort St. George 27th December 1858—

I was expediting the shipment of the Vessels cargo already sold to Government and as I understand under engagement to be delivered at Mangalore before the 31st of December next and as Messrs. Bainbridge and Co. of Madras, the shippers of the salt, are already in communication with the Government of Fort St. George relative to the remission of anchorage dues and demurrage for the Vessel,

I have the honor to request that you will be pleased to allow the usual port clearance to be granted to enable the ship to sail,

Should the Government of Madras after consideration require the dues to be paid, Messrs. Bainbridge & Co. to whom I forward a copy of this letter will pay the same,

Road No. 9 from Palamcottah via Aulavecolumn to Tenkasy & Courtrum with the road No. 1	Do. at Aulavecolumn	Roofs require repair	/	Do. Do. 12th September 1856	No. 5 Vide remark to No. 1

Tinnevelly
Collectors Office
12th February 1858

Signed J. Silver
Collector

From

Fort St. George 27th December 1858.

Zemmdaries of yellamuddy, Sofotoor and Pagoo
are embedded within the Madura Frontier.

3 It is palpable that such an arrange-
ment must oppose great difficulties in the due adminis-
of Police. I have had strong grounds for believing that
owing to their distance from a controlling authority bur
of Robbers by whom depredations attended with murd
have been committed in the Madura territory were orga
in these Zemindaries, and at the present time the
Tahsildar of the Cusbah Taluk of Madura is engaged
enquiring into a Robbery alleged to have taken place
Cacotoor 40 miles from Madura and abo
to Sandoor.

4 The objections to an interchange

1st That the system of settlement

Fort St. George 27th December 1858.

2d That some of the Madura Villages
are Inam to Kuttays and servants in the
Meenatchee Pagoda at Madura.

5 The inconvenience arising from these two
causes does not appear to me of equal weight with the
great advantage which will be obtained in Police
The Madura Villages when made over to Tinnevelly can
continue to be settled on a Money assessment, The lands
Madura will obtain in exchange will be chiefly Zemin
dary, which are on the same footing in both Districts
In the few Ryen Villages a money assessment can be intro-
duced without much difficulty, The Inam Villages will
remain under their owners as hitherto to whom the
only difference will be that they will have
somewhat further to go for the purpose of

Enclosure No. 2

No. 1120

To,

J. Silver Esq.re

Collector of Tinnevelly

Sir

In reply to your letter of the 25th August I have the honor to state my opinion that some interchange of lands is very desirable with the view of rendering the boundary line of Tinnevelly and Madura more regular, The expediency of such an arrangement struck me very forcibly at the time the transfer of a Talook from Madura to Trichinopoly was under discussion, and I then deputed my Superintending Maistry to examine the line and employed him to draw out the Map+ which is forwarded herewith,

+ to be returned

2, you will perceive therefrom that Madura possesses isolated Villages even beyond your large stations of Sauttoor and Sreevilly pottoors and that the Tinnevelly Zemindareee

Zemindaries of yellamuddy, Sofolow and Paryur, are embedded within the Madura Frontier,

3 It is palpable that such an arrangement must oppose great difficulties in the due administration of Police. I have had strong grounds for believing that owing to their distance from a controlling authority bands of Robbers by whom depredations attended with murder have been committed in the Madura territory were organized in these Zemindaries, and at the present time the Tahsildar of the Cusbah Taluk of Madura is engaged in enquiring into a Robbery alleged to have taken place at Cadacoor 40 miles from Madura and close to Santhoor.

4 The objections to an interchange of the 1st. That the system of settlement in Tinnevelly, differs from that of Madura

2d That some of the Madura Villages are Enam to Kuttays and Servants in the Meenatchee Pagoda at Madura,

5 The inconvenience arising from these two causes does not appear to me of equal weight with the great advantage which will be obtained in Police The Madura Villages when made over to Tinnevelly can continue to be settled on a Money assessment, The lands Madura will obtain in exchange will be chiefly Zemindary, which are on the same footing in both Districts In the few Ryen Villages a money assessment can be introduced without much difficulty, The Enam Villages will remain under their owners as hitherto to whom the only difference will be that they will have somewhat further to go for the purpose of

No. 5066 of 1858
From the Sub Collr. in charge Tinnevelly

Sir,

I am directed by the Board of Revenue to acquaint you that Mr. Farmer Collector will proceed to Travancore on Friday next the 29th instant, and that the Treasury will be left in charge of the Sheristadar.

I am Sir
Your most obedient
humble Servant
(Signed) A. D. Anne Esqre.
Secretary to the Board of Revenue

To
H. C. Baker Esqre.
Sub Collector in charge
Tinnevelly

Sir,

With reference to your letter No. 4410 under date 27th Ultimo, I have the honor to inform you that the Ship "Blue Rock" arrived

20742 Fort St. George 27th December 1858

arrived at this Port on the 10th Instant and that the embarkation of the Salt was commenced on the following day under arrangements effected by Capt.n Robertson the Master Attendant, without whose able assistance much delay would have been unavoidable.—

2 The Salt is being conveyed to the ships said in Gunny bags of which I have procured and ordered about 2,000 and the empty bags are returned for a fresh supply after the contents are stacked into the hold The quantity embarked yesterday was 1600 Maunds but on receipt of the remainder of the Gunny bags and more hands from the Salaks I hope to be able to measure and dispatch the Salt at the rate of 2500 Maunds per diem at which rate the "Blue Rock" will have embarked her share of the 45000 Maunds on or about the 22d Instant.—

3 The Panama has not yet arrived—

4 A notice of the probable date of departure of the "Blue Rock" for Mangalore has been forwarded to the Collector of Canara.

No. 25

To, J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

B No. 873
From the Collr of Coimbatore ...

Sir.

I have the honor to acknowledge the receipt of Extract from the Boards Proceedings dated 29th August last No. 2820 and in reply I beg to state for their information as follows.—

2 The actual number of River Channels in this District is 66 as stated in the Tamabundy Report for Fusly 1263 inclusive of received ones the number of 98 Channels shewn in the Statement No. 3 sent for fusly 1262 includes the branch Channels of each Village in some Salaks this mode of entry in the account has been always usual.

3 The Spring Channels and Jungle streams are one and the same but in one year have been denominated

Jungle

Jungle streams and in another entered as
Spring Channels hence the mis apprehen
sion In future they will be Called Jungle
streams only The 107 Channels shown in the
abstract appended to para 7 of my Re=
=port on the Settlement of Fusly 1263
are those supplying irrigation
directly from themselves the number
126 entered in the statement No. 3
sent for fusly 1262 includes also the
Jungle streams that supply Tanks
but not themselves directly Hence
the difference of 19 Channels point
=ed out in the Extract under reply—

4 In Statement No. 3 Annicuts
have been shown as usual but as the
abstract appended to para 7 of the
Report for Fusly 1263 was intended to
shew the actual number of works
of irrigation the Channels belonging to

Rivers channels 12
Jungle Streams
of Supply - 4
Channels - 4
16

to the Annicuts respectively have been shown
omitting the latter as unnecessary in the
abstract, as they irrigate only through
the Channels under them.—

5 The account for Fusly 1262 No. 3
contains the whole number of Tanks both
irrigating and used for storing water
and that for Fusly 1263 shows only the
Tanks actually irrigating lands under
them the difference of 33 Tanks pointed
out consists only in small Ponds useful
for Cattle and People but not for irri
=gation.—

6 The difference in the number of
both the River and Spring Channels
in the Talook of Karoor as referred to
in the Boards Proceedings, is from
the Cause particularized in paras 2 and
3 of this letter the actual number of Chan=
=nels in the Talook of Karoor being
16 and not 18.—

As

7 As regards the Ayacut assessment referred to in the latter part of para 2 of the above Proceedings, I beg to state that the amount entered in the separate Statement No. 1 Viz Rupees 758977 after permanent reductions, is the Correct one, the sum of Rupees 762675 shown in the abstract annexed to para 7 of my report for Fusly 1263, Comprises the original Survey assessment of some Saloaks, instead of the reduced assessment as in other Saloaks. —

8 The actual number of Land Revenue Puttahs for Fusly 1263 is 195271 as shown in the first statement The difference of 35046 Puttahs pointed out in the Boards' Proceedings Consists

Land Revenue Puttahs 156382
Ready Money Collections 35046
Quit Rut 3843
195271-

Consists in the Puttahs of ready money Collections which were included in the Maturpha in the 2d Statement referred to above in order to equalize the same with the average number of those Puttahs for 5 years from Fusly 1255 to 1259 when such Puttahs were entered under the head of Maturpha premuims to the instructions Contained in para 10 of the Boards Proceedings dated 1st April 1852 The 3 items in the 2d Statement in question as noted in the margin amount to the same number of Land Revenue Puttadars Viz 195271 shown in the 1st Statement in para 10 of my report under reference deducting the above Puttahs of ready money Collections from the Maturpha ones in the 2d Statement the remainder is the same as shown in the first abstract. —

Land Revenue Puttadars Fusly 1263 156382
Quit Rents 3843
Puttahs of ready money Collections or Rayan wanting to be included in Maturpha Puttah 35046
195271
Maturpha Puttah as per 2d Statement 86504 Deduct Puttahs of ready money Collections included as usual in the above 35046
51458

9 The total number of new Wells

7 As regards the Ayacut assessment referred to in the latter part of para 2 of the above Proceedings, they to state that the amount entered in the separate Statement No. 1 Vizt Rupees 758977 after permanent reductions is the Correct one, the sum of Rupees 702675 shown in the abstract annexed to para 7 of my report for Fusly 1263 Comprises the original Survey assessment of some Salooks, instead of the reduced assessment as in other Salooks. —

8 The actual number of Land Revenue Puttahs for Fusly 1263 viz 195271 as shown in the first statement The difference of 35046 Puttahs pointed out in the Boards Proceedings Consists

Land Revenue Puttahs 156382
Ready Money Collections 35046
Quit Rent 3843
195271

20746 Fort St. George 27 December 1858

Consists in the Puttahs of reddy money Collections which were included in the Maturpha in the 2d Statement referred to above in order to equalize the same with the average number of those Puttahs for 5 years from Fusly 1255 to 1259 when such Puttahs were entered under the head of Maturpha premains to the instructions contained in para 10 of the Boards Proceedings dated 1st April 1852 The 3 items in the 2d Statement in question as noted in the margin amount to the same number of Land Revenue Puttadars Vizt 195271 shown in the 1st Statement in para 10 of my report under reference deducting the above Puttahs of ready money Collections from the Maturpha ones in the 2d Statement the remainder is the same as shown in the first abstract. —

Land Revenue Puttadars Fusly 1263 156382
Quit Rent 3843
Puttahs of Ready Money Collections or Rayan wardaby included in Maturpha Puttah 35046
195271
Maturpha Puttah as per 2d Statement 85504
Deduct Puttahs of ready money Collections included as usual in the above 35046
50458

9 The total number of new Wells

Wells excavated up to Fusly 1265 under the orders of Government exempting such wells from additional taxation amounted to 2540 as stated in para 21 of my report on the Settlement of Fusly 1215 dated 31st December last No. 176 of which 196 were made from advances to poor Ryots from the Chuttrum Funds the rest have been excavated at the Ryots own Cost.—

Amount included to be advanced 13000-
Deduct amount advanced for 208 wells at different rates 11850
Balance ——— 150
Amount recovered back on wells having been dug for 62 wells 865
Remainder actually given for 196 Wells- Rs ——— 13985

10 As regards the difference pointed out in para 5 of the Proceedings I beg to state that the sums entered in Statement No. 14 under the Heads of Fusul Kammy" and Teerwa Kummy include the sum of 416 8—7 being the difference between the Survey assessment and Settlement on Nunjah waste while in the Abstract appended to para 23 of the report the above items refer only to Cultivated lands - The Kaboolaty waste of Rupees 21399 referred to

Fusul Kummee 336
Teerwah Commutee ——— 80
416

Regd BG

20746 Fort St. George 27 December 1858

to in the report comprises the above 416-8-7 and the same item in Statement No. 14 is exclusive of the amount in question This mode of entry in the accounts as usual heretofore has been done away with Nunjah waste lands being excluded from accounts as per instructions contained in para 6 of the Proceedings under reference—

11 The Statements No. 9-10- and 12 of old Forms being superseded by new ones furnished by Government under date the 23d August last para 8 of the Proceedings in question needs no reply.—

12 I beg to forward a statement shewing the amount of tax or pack Bullocks, and the amount annually remitted on account of death of Bullocks &c as also on Bullocks employed by Ryots in conveying their grain to Market as stated in para 60 of my Report for Fusly 1263

Fort St. George 27th December 1858

It will be observed that the porteair still retained under the Head Tzt Rupees is the tax usually realized on pack Bullocks kept for traffic, and not on those employed by Cultivators for conveying their grain to Market which is remitted annually in the Settlement upon due inquiry of its truth when a person paying Bullock tax becomes a landholder, and employs his Bullock for conveying Grain to Market, the tax on his Bullock is remitted. In cases where a Ryot gives up his whole lands, and uses his Bullock for traffic, he is charged with Bullock tax these 2 different cases usually occur in every year for Settlement

13 In reference to para 11 of the Board's Proceedings I beg to state that if the Land Revenue above of Fusly 1263 is Compared with that of 1257 and not 1259 as stated in

Fort St. George 27th December 1858

in the Proceedings there is an increase of Rupees Cay 117 — " — " in favour of Fusly 1263; as particulars

Revenue

Items	Fusly 1257	Fusly 1263	Comparison Increase	Comparison Decrease

Board of Revenue
Fort St. George

Bd. No. 5348.
From the Collector
of Coimbatore - E.

Sir

I have had the honor to receive on the 31st Ultimo, the Sub Secretary's Official Memorandum of the 26th idem calling for an early report on Petition No. 2878 of 1858. This Petition also reached me on the same date (31st October 1858) through the Acting Collector of Malabar, to whom it appears to have been sent by the Board, -

2. The Petitioner states that the Collector of this District owes him Rupees 31,291 - 13 - 0 but on what account and for what purpose is not explained and requests orders for the payment of the same, -

3. A reference to the records of this Office shews that the Petitioner presented to the Collector of this District some seven or eight Petitions in 1851 & 1852 stating that

Fort St. George 27th December 1858.

that a sum of Rupees 3/291 — 12 — is due to him by the commissioner of Mysore, and requesting payment of the same. The Petitioner appears to have been informed to prefer his claim to the Commissioner himself.

3, It appears also from the Register kept in this Office of Petitions endorsed by Government that Sunjeevee Chetty addressed to them four Petitions as noted in the margin, all on the same subject which were returned by Government under paras 3 & 4 of the Petitions Rules.

+ No. 340 of 1854
No. 520 of 1854
No. 941 of 1854
No. 1280 of 1854

4 An Abstract of this, the 1st Petition as endorsed in the Government Office is annexed in the margin the purport which corresponds with that of his Petition to the Collector to the effect that the amount claimed by him is due by the Commissioner of Mysore, whether the Petitioner has had any transactions in that province the records of this Office does not afford any

Abstract of Petition No. 340 of 1854

"Represents that "on stating his claim "to the Collector of Coimbatore "to whom he was referred "by the Commissioner of "Mysore for the payment "of Rupees 3/291-12- "due to him, orders were "issued to the Tahsildar "for disbursement of "the amount to him "on which he says may "be paid by that "officer on Petitioners "receipt.

Petitioner

Petitioner

Fort St. George 27th December 1858.

any information. Perhaps a reference by the Board to the Mysore Commissioner might elicit some information on the Petitioner's case, —

5 No order were ever issued to the Tahsildar as stated by Sunjeevee Chetty, in his Petition quoted above for the payment of the amount which he supposed to be due to him, —

6, I am informed that Sunjeevee Chetty is an old man wanting in intellect, and that he was wandering about the Cutcherry Compound some six or seven years before way laying the Collector with the statement of his supposed claim for the money alluded to, —

7, The Petitioner No. 2878 of 1858 bearing the endorsement of the Board, is returned herewith —

There

8 There is no demand of any kind against the Office standing to the Petitioners credit.—

Fort St. George

Sir

Bd. No. 5667
From the Actg. Collector of Coimbatore — 8

I attached to my Office being now supernumerary vide Fort St. George Gazette of the 3d Inst. Page 1191. I have the honor to request the orders of the Board for the transfer to my Department of 1st Dresser M. Veerasawmy No. 176 who is now employed at the Military Barracks at this station.

2 I learn from Dr. Cornish who was lately here as Zillah Surgeon, that Veerasawmy is an active and experienced Dresser he was brought up under Dr.

Dr. Porteous when that Officer was employed at this station, He is further familiar to all the Cutcherry servants I would therefore solicit the favor of the Boards moving the proper authorities for the early transfer of the above Dresser to my Department,

3 The Samabundy time is fast approaching I shall have to leave Coimbatore shortly on circuit, when it would be necessary for me to have a Medical Subordinate with my Cutcherry

Sir

With reference to the correspondence

Boards Circular No. 298 - 21st April 1858
To the Board 17th September — —
From the Board 22 December 1858 No. 4672.

correspondence noted in the Margin, I have the honor to forward copy of Memorandum from Mr. Sullivan acting Sub Collector expressing his opinion as to the inexpediency of giving waste lands on which Palmira Trees are grown, to parties applying for the same, in cases in which the tree tax is more than the revenue demandable on the land,

2 Mr. Sullivans arguments are so clear and conclusive, that I perfectly concur in the opinion expressed by that Gentleman,

3. In order to prevent loss to Government in the relinquishment of revenue hitherto levied on Trees grown on lands, which would be applied for nominally for cultivation, it appears desirable that a discretion should be vested in the Revenue Officers either to accept or reject such applications, subject, of course to an appeal to

Fort St. George 27th December 1858.

to the Board of Revenue in the event of the Party concerned considering himself aggrieved by the orders of the Collector, and with this view I beg to forward draft copy of an additional clause to the amended Rule for the approval of the Board,

Signed J. W. Cherry
A. J. Collector

Encl. No 1

Memo

In para 16 the Government trust that the foregoing orders will meet all the requirements of the case of these topes and trees.

I am of opinion that they do not in the cases of trees growing on waste land.

In para 15 the Government desire the extension to all districts of the rule, that whenever application is made for the land on which the trees stand

E. M. C.
6th March No 208
1858

Fort St. George 27th December 1858.

stand the tenant shall have the option of taking the land with the trees at the "Tarum" assessment on the former or on the same terms as may have been proposed by the Darkastdar and on his refusal the trees shall be made over with the land to the applicant.

Through Government from

what they say in Para 3 do not seem to be aware

already has been remitted in this District Rs. 28,138-1-3 though the loss likely to ensue by the adoption of the Government plan is entered in the margin of the Contract at 87.

of it, a large decrease of Revenue in this District must be the result of the rule referred to in para 15 being universally applied and this where a tax is not only not oppressive but on the contrary extremely light when the advantages which the trees renter derived from his contract are taken into consideration, is highly inexpedient. The renter will of course except in cases where the trees are very few in number take the land at the Tarum assessment with the

the trees and in some cases out of them would be a
gainer of 300 per cent by the exchange. The highest
tax they pay is 1 — 2 per tree and I am informed by
parties well able to judge that by selling the leaves for
roofing houses, the fruit and the toddy which the Pal-
-myra yields they clear at least Rs. 2. a tree and it
is to be observed that they are only taxed for producing trees remissions
being granted for all trees that
have ceased bearing - They have no
expences of cultivation like other
trees, and in the worst season they are
certain of their crop. It is pretty clear
from that the case of such individuals does
not call for any particular indulgence
What the extent of the indulgence would
be if the proposed rule is made of univer-
sal application may be gathered from the following

It is calculated that 1/64 of
a Bullock of land will contain 70 Palmyra
trees

One Bullock might
therefore contain 4480
trees

trees. We shall not therefore be assuming
too much in supposing a topes of 300
producing trees as being contained within
a Bullock. Let us suppose that the
renter pays now one anna for each
tree. His yearly rent is therefore Rs 18-
a p
12 - his income cannot be under —
Rupees 200 - Under the new rules
the utmost he will be called upon
to pay amounts to Rupees 5-10- which
is the highest Company's rate in the
District probably only 1/5 of the sum
will be the demand against him -
Palmyras usually stand on poor
and sandy soils -

Why should the state be
deprived of its just revenues when
the concession can answer no end save
to make the tillers of the soil repine
at the partiality shewn to those who
even under existing rules are better off
than they are - The system which obtains in
the

Fort St. George 27th December 185

this District. I announce as pertain
in the extract A (Purkadar make
application for a Bullah of land
(Circar waste) on which say 200 Palmy
are growing and which yield a reven
of Rupees 12½. This sum is remitted
the tree renter is directed to Pay half
it or Rupees ¼ to the land owner as c
pensation for the damage he might
in going backwards and forwards to
trees. Now the highest Poonjah rate
before stated is Rupees 5-10-4 The
all the Purkastar can be called on
pay, but he receives Rupees 6-4
from the tree renter, so that whether
cultivates the land or not he must
Rs a p
" 9-8 for really doing) nothing
making a Purkad for the land. The
I have instanced above is a petty one but
shows the rottenness of the system in
Andeyoor Taluk there is a Palmyra
which numbers nearly a lac of the Palmy
a neat little income might be turned
under the present System by landi

20763

Fort St. George 27th December 1858.

tendering for the land on the above terms,

The renters of Palmyra trees
are only too glad to pay their present
taxe and I think that it should be
left to the discretion of the Collector
to refuse tenders for this discription
of land if the Public Revenue is
likely to suffer by their being accepted
a double tax, (on the land and
on the trees) is of course most objec
tionable but it ought I think to be
left to the discretion of the Collector
to select which of the two demands
is to be paid,

B. No. 5497
From the Actg Collector
of Malabar ———

Sir,

I have the honor to forward three Statements of Compensation paid for lands, trees buildings &c taken up for Railway purposes in this District for the quarter ending 30th September last —

2 The entire extent of land taken up in this District during the quarter is 25 — 11 — 1 Of this, 12 — 9 — 13 — are situated in the Collectors & 13 - 1 - 4 in the Sub Collectors Division.

3 The description and extent of as well as the assessment on land taken up in each of the Divisions are given in the margin & the total loss of Revenue is Rupees 41 — 2 — 9

A.

	Extent			Assessment		
	acres	as	cs	Rs	a	p
Collectors Division — Paddy lands	7	1	0	29	8	1
Gardens	5	8	13	4	14	10
Total	12	9	13	32	6	11
Sub Collectors Division — Paddy lands	12	4	13½	8	11	10
Gardens	0	12	5½	0	0	0
Total	13	1	4	8	11	10

Fort St. George 27th December 1858

It will be observed that the garden lands taken up in the Sub Division being waste, do not bear any assessment & the same cause a piece of Garden land in the Collectors Division measuring as 6. 18 is unassessed.

5 The total amount of compensation paid during the quarter is Rupees 1059-4-

		Rs	a	p
Collectors Division	Paddy lands	500	4	0
	Gardens	255	0	0
	Total	755	4	0
Sub Collectors Division	Paddy lands	2361	0	0
	Gardens	12	0	0
	Total	2373	0	0
Grand Total		3128	4	0

Of this sum Rupees 3128-4- were for land alone and were distributed as per margin. The lands had already been inspected by Mr. Robinson and their prices settled: so that nothing remained to be done, but to pay the money. The rates at which compensation was paid in the two Divisions are noted in margin.

Collectors Division	Paddy lands	Rs. 71 per acre
	Gardens	Rs. 46.
Sub Collectors Division	Paddy lands	Rs. 192 —
	Gardens	Rs. 11-10-0

Actually

Fort St. George 27th December 1858.

6. The remaining Rupees 7464 were distributed entirely in the Sub Division for trees Rupees 883-8-0 — For Plantain trees and Pepper vines Rupees 86-8-0 and for buildings Rupees 6494-0-0 — The rates of Compensation were settled by a Punchayet in conjunction with the Sub Collector, who entered fully into each case, inspecting the various houses, trees &c., and were he deemed it necessary and proper, making certain modifications the houses are all to be removed by their owners at their own expense the trees have been paid for outright, and orders have been issued for their sale, the proceeds, as soon as they are brought to account will be exhibited in next Quarters Statements.

7. The amount for which the sanction of Government is now requested is Rupees 755-4-0 in the Collectors Division and Rupees 9837 in the Sub Division making a total of Rupees 1059-4-0

20789 Fort St George 27th December 1858

No 198

To
L. Dalrymple
Secretary to the Board of Revenue
Fort St George

Sir,

Recd 30th Dec 1858
From the Collr of Madura

With reference to the Board's remarks in Para 8 in my proceedings under date the 22d Instant on the Memorial from Mr Ward in this Office I beg to state that I have since conducted the enquiries personally into the circumstances of the case and find as follows

1 That Mr Ward's statement of his own father and family is substantially correct

2 That Mr Ward according to the statement of his own father and family is a native Christian by birth with the Madura Caste name and belongs to the Vellala Caste

3 In the case of the Memorialist the circumstances of the father, or Mr Ward's own family living together although not under the same roof, and that Mr Ward is a native Christian by birth

20790 Fort St George 27th December 1858.

4 proceed to mention also. I thought it very unlikely that she did not receive the yearly allowance of 66 Rupees, and that if she did that she must have been aware for what purpose the pension was made and moreover that she could not have been ignorant why she had not shared with her sister the pension derived from her father.

4 As to Katiyah Ravi and Thave to state that Sadasiah Poosparaj was 15 years old when his father died and by an age which in my opinion rendered him perfectly sensible of and conversant to the cause by which a woman who had apparently become his wife was made to personate a daughter and to obtain an allowance which was his own heritage.

5 Coupled with this Jacob and with that of his having always lived with his own Malayan wife Begum his motive for proposing to be considered his heir and the successor to the larger pension was I thought to be stated that I had stated was a strong reminder

20791

Fort St George 27th December 1858.

Sworn before me this 29th day of December 1858

No 5429
From the Collector of Madras

Sir

With reference to the proceedings noted in the margin, I have the honor to state that on the receipt of the Board's Proceedings of the 8th August 1855, immediate steps were taken to give effect to the orders of Government — The Moozavars and Privileged Inamdars were duly informed that in commuting their ready money allowances every consideration would be shown them in the selection of lands and that at the Commencement of the ensuing Fusly their allowances would cease to be paid from the Treasury, which accordingly ceased to be disbursed from the 1st July last.

2, A statement of these lands their quality &c is herewith enclosed for the Boards information I have the honor to request that sanction may be granted for their transfer-

Remarks,

The off[g] agent wishes to be informed whether the increase may be remitted or collected;
The rents of the land being in future payable to the Priests &c[a] entered in the list, the off[g] agent requires instructions how to proceed in the event of a total season or refusal to pay by the Pulladay - whether in failure of payment from any cause will suffice to transfer the lands to the yeomiahdar

Signed J. G. Russell

Bd No. 3682
From A. Hunter Esqre M.D. In charge of Madras school of Arts.

Sir,

With Reference to your letter No. 3341 of yesterday, to inform you that the price of the Model of the water wheel is 6 Rupees.

2 The probable Cost of making in Jeakwood a full sized wheel of 5 feet

20828

Fort St. George 27th December 1858.

in diameter would be 60 Rupees and one of 7 feet would probably Cost 90 Rupees - If made of Some of the Commoner Jungle woods a Saving of 8 or 10 Rupees might be affected in the price of wood.

3 A wheel of 5 feet in diameter is worked by a Single Cooly, one of 7 feet in diameter requires two Coolies & the handle must be longer -

Madras - - - 18th December 1858

(Signed) Alexr. Hunter Mr. D in Charge Madras School of Arts.
