3d. Volunteers of long standing who have held acting situations at different times and have rendered gratuitous service in the hope of permanent employment when vacancies occurred.—

2. I think it would be great hardship to subject such individuals to the operation of the new Rules after they have rendered approved services for various lengths of time many of the Volunteers have been from 8 to 10 years in this Office many moreover have never had the means of educating themselves placed within their reach and cannot now obtain at this station the books from the study of which alone within the very limited time allowed they could hope to pass the prescribed examination Under these Circumstances I fully trust the Board will agree with me in the propriety and Justice of exempting the above classes of persons from the ordeal I submit the matter with the recommendation for the favorable Consideration

Mr. Cazalet's Register of Enams bears root the names of the Grantor and the Grantee Mr. Oakes Register shows the enam to be 1 1/2 Veesums and to have been granted in the name of Sood: -hapully Goorumabuttoo in Hejra 1086 by A.D. 1672 Tanasha Basha.—

Come to, and Kristamah who first admitted it now denies it, and says the enam was a joint one but there is the fact proved that Gerrama made over her right to him, which would not have been necessary had it been a joint enam. The two other sons of the original grantee died without issue.—

There is nothing to support the entry in Mr. Oakes Register that this enam was given in A.D. 1672 Mr. Cazalet seems most trustworthy - if so the

it being an express con-
-dition of the deed that should
any lapse occur the share of the
deceased should be equally divided
among the survivors The adoption was not
reported in pursuance of the Board's Circular order
dated 16th March 1846. but the omission is attributed by
the parties to the sudden and unexpected death by small
pox of the last holder and to the ignorance of Rules on the
part of the surviving members all being females under these —
circumstances I think that on the grounds of long possession
the enam may as an act of grace be left in possession of the —
females but as there is no title and the proposed adoption was not
reported I do not consider that Government is called on to acknow-
-ledge Ramanah as heir but on the death of each of the Females
per share should revert to Government. —

of which a full report was
submitted to the Board
on 18th November 1857 on
Petitions Nos. 3185 and
3527 of 1857.—

Gajanadoss says (the
petition is not forthcoming)
that in 1838, when the
gift was made he and
his brother petitioned the
Collector to regester the enams
as the property of the Temple.
This being unattended to,
they petitioned again
in 1852 to the same
effect, allending to
to their former petition.
The produce of the enam
has been ever since 1838 devoted
to the Pagodas and Neither of
the contending parties wish to
disturb this.—

The first alienation
in this case being prior to the rules of 1848.
is not to be interfered with. Circular order
7th May 1855 Page 83.—

From the wording of the sannud it would
appear that this was a personal Grant and not hereditary.
the expression is for this (original grantors) subsistence and the his
children were to goon their prayers with his, there is nothing to show they were
to succeed the deceased and his brother however purchased their right
to the property at a bonafide Government action, 26 years ago, and as
long as it was in the family of the purchaser, no interference seems
called for, but I would not recognize their right of alienation
but recommend its resumption on the death of the younger
brother.—

regular succession and on the strength of this long possession as there is nothing to prove that there ever was a Valid summund I would recommend that on the deth of each of the present incombents the Cuttoobady on his share should be raised by half the deffference between the present Cuttoobady and proper Cists and on the death of his successor the full sist should be lenied. —

Enclosure sent

11. Goodowdah Talook Vinna Cottah Purgunah

granted to Vinna Cagudola Gopaun Cabkristunah by Rayah Canna nana Pauperah and sooriah Coun[cil]

The Talook investigation as well as the Woozoor Record prove the continuance of the enam to the family from the time of the grant

Mr Cazalets Register of enams fully bear out the particulars of the summd But Mr Oakes Register differs from the summd it being stated that the grant was made to Vincataerrostina samayagoodoo in Fusly 1168 by Enrogunty Puttabher amaroca and that the son of the grantee Gopaul Krisnamah (the summund grantee) was enjoying it then.

The enam in question was granted by the then Zemindars of Goodowadah as shown in the summd now produced this was 7 years before the date after which such grants are invalid by whomsoever granted the records of the Office go to confirm the authenticity of the Document one Doombala dated 1797 being

Dry-wet	Total annual cutturn				city	Sannud granted to	Charity Heredita- ry —	Sannuda guddee Swanah Eldest son of the original grantee died ang 1 Vysaka year	The deceased and his 2 brothers enjoyed the entire enams	Family left by the deceased	Ramasamy alias Pocham son of Ds maattoo doo second younger brother of Swanah deceased	The above individuals possess no other means of subsistence save these enams —

Total	8-8	-1	—	30								

Acres	coon
*16	39

* The summund makes mention simply 1/2 Cully at Dolleporroo without distinction of wet or Dry and Mr Oakes Register says 1/2 Cully Dry - but in the accounts 1/4 Cully is entered as wet and 1/4 as Dry there is no wet land in the Village Pasmarroo itself all the enam is dry at present

July 1848, the date of the order
requiring report on cases. The
adoption was not registered in
the Collectors Office in pursuance
of the notification under date 26th March 1846,
but it is not questioned by the son of the body
and appears to have been recognized by the civil
Court for several suits are said to have been filed by and
against the individual No. 1. as the adopted son of the
deceased The inam is already entered in accounts in the
name of the adopted son from fusly 1260, tho apparently without
authority and has been enjoyed by himself and his step-
brother ever since the death of their father the land being
held common. —
This inam is one of upwards of 100 years
standing and tho there is no sanad yet as it was
bought at a public sale held under orders of a
Court of Law and was admitted as inam by the Chief
Revenue Officer it should not now be interfered
with as long as it continues in the family of the
present holders. The original grantee being Zemin-
-dar and not a sovereign power could not
alienate it in to and it must revert to Govern-
-ment if it passes from the family of the
present holder. —

left 5 other daughters-all of whom recognize the will as genuine and advance no claims on their own parts, but it must not be forgotten that the orginal granter had no power to alienate, and that therefore the parties can only claim on the ground of long. possession the summud produced being apparently a fictitious one. Looking down by the female line, and looking at the imperfect and suspecious title set up. I think the deceased's share may be resumed leaving the Co-sharers in possession of their holdings. the widow of deceased's husbands brother keeping her 2-10 for life while the 2-12 purchased and held by B. Veeracharry should be reported at his death.—

No Children but there are Pannakea: karauze son of the late elder brother of the deceased husband with 3 shares with him.— Posses no other means of Subsistence.

The alleged grantee Vejayaramoodoo and his younger brother Puttaya appear to have divided the 1/2 Cully Enam equally between them long ago. after their demise the deceased succeeded to the share of her hus: = band Puttaya and Pannakalarauze. to that of his father (the grantee) which he still enjoys.—

Pannakalarauze now as heir claims the deceaseds share.—

The Goodemadah Tahsildars agree on the subject No 82 of 1856 has on it a Memorandom said to have been made by Mr. Fraser to the effect that the deceaseds share should be elapsed as sairy and Pannakalarauze resumed on his demise and this seems to be the Course to be pursued as there is no title and deceased has left no family.—

NB. The deceased's younger uncle Lunka Sreenevasa Charloo gave her 5 Cawnums of Enam at Venkea: tapoorum agrahārum This is now claimed by Teroovengalamah as having been given her by her Mother: tho no mention is made of it in the will but Sreenevas: sacharloo admits the claim. this will form a subject for enquiry on the death of Sreenevasa: charloo Teroovengala: mah has also claim on the next Enam.

From the accounts in the Hoozoor the Enam appears to have uninterruptedly continued to the family of the grantee. The deceased has left a will on the date of her demise bequeathing the Enam to her only daughter and Sent on agree to the (Colr. also, the will is proved by Witnesses Teroovengalamah is said to be married but her husband a boy has no means of supporting her. There is no title shown, but as the Enam has been for so many generation in the possession of the family. I would recommend its Continuance as a the life grant to Teroovengalamah to cease on her death to Government.

ledge the receipt of your letter on the subject
of printing the District Gazette as a Digest.
Hope I may be permitted to continue
as I have Commenced. I have taken the
greatest interest in these Gazettes &
flatter myself the Ganjam Gazette was
not nor is the Masulipatam the least
useful of these useful publications, &
wherever I have observed no improvement
I have not been slow to adopt it but
printing this District Gazette in English
as well as Telugu is, I submit not yet
necessary & it would entail much
Extra Labour & double the Expence of the
publication —

This the Board will allow is a serious consideration as Papers are expected to be self supporting & the Press here has much Extraneous work which it could not do if burthened with a double Gazette, besides allow me to remark that the Chief of the supporters of the Gazette Certainly the main body of Subscribers are Villagers who cannot read a word of English & who would not study English merely to read the Gazette were it altogether printed in that language. On the other hand the Board may have observed that I am in the habit of inserting notices in English when such are likely to interest the English reading portion of the subscribers & this course I hope the Board will allow me to pursue.

Bd's No 5428

From the Coll.r of Masulipatam

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings dated 8th ultimo No 3776 calling for further information regarding the surplus Sale proceeds of the Kykaloor Estate claimed by Byjee Mohmudoss.

2 Believing that the orders of Government were final and that nothing remained but to pay the money I did not think that my opinion was called for but as the Board have reopened the matter I beg leave to submit the following replies to the calls for information in Para 3 which will I hope be all that is required.

First The amount for which the estate was sold was Rupees 45008-8-8 Particulars of which are shewn in Appendix A which accompanies

1 The exact amount of assessment interest and all legal charges for which the estate was sold.

accompanies this letter.

II The Exact date (30th or 31st March 1846) on which the estate was sold.-

Second. The sale was commenced on the 25th and concluded on the 30th March 1846 the interruption being caused by Holidays.

III The amount realized by the sale of the Estate.

Third The amount realized was Rupees 58000 as reported to the Board on the 13th April 1846 No 32.

IV The sums Collected subsequently to the day of sale from the Ryots for Arrears & ca due by them to the Exe-Proprietor up to the day of sale noting the dates and amount of each Collection.

Fourth The accompanying Appendix B gives this information. The Zemindary Arrears collected since date of sale Amounted to Rupees 631- To this is to be added Rupees 1475-15-3. the balance of a sum of money kept back to meet Custom charges estimated at the time of sale at Rupees 1852-13- but which were afterwards found to amount only to Rupees 376-14-4. The Sum therefore of Rupees 2106 remained due to the Estate Subsequent to the date of sale.

V The several sums paid to Brijee Mohundoss and the dates of each payment

Fifth The only payment made to Brijee Mohundoss was Rupees 1259 3-4-3. This was sent to the Civil Court for payment to him on the 18th March 1850.

The

VI The sums still due by the Ryots for Arrears and Rists previous to the day of sale.

Sixth The Amount of Ryotwary Arrears of Zemindars time to the end of Fusly 1254 (11th July 1845) on the date of sale was Rupees 14432-10-3 Arrears of Ryotwar Rists of Current Fusly (1255) The Same properly speaking none because in those days Rists were unknown and the Settlement was made on a Division of the Crop and no Collections were made till very late in the season as explained in para 4 what remained uncollected of the Arrears has been Lastly written off under the orders of Government.

+ 13801-9-9

3 In reply to Para 7 of the Board's Proceedings I beg to state that the items in the Counts account are all in the main correct the item 1877-1-0 should as already explained be Rs 2106-15-9 and the sum of Rupees 1868 will therefore be Rupees 12095-9-1.

4 With respect to the item Rists collected from July 1845 to March 1846 Rupees 5336 I am of opinion that the sum taken by the Sudr is the equitable one altho it is likewise contrary to the received reading

reading of the law among Revenue authorities
It will be observed that it is stated in Para
2 that there were no arrears due by the Ryots
because no demand could be made until the
crop was divided and thus the rule laid
down for a Ryotwary Estate with a
regular Kistbundy will hardly hold good
where no such custom was known - The
Zemindar had to pay his kist tho he could
not by any act of his own or those acting
for him obtain any returns from the Ryot
till the crop was shared - This he did it
is true by his own agreement but it does ap
pear hard that he should have to pay the
kist and that Government should take from
the Ryot the whole of what they ought to have
paid him and give him no credit for what
he paid in anticipation of this payment
it will be observed that while the collections
up to the date of sale were but Rupees 1200
Subsequent receipts were Rs 9000 and this appears
to have been the ground on which the Court
ordered the sum to be set down in Brijee
Mohundoss

Vide app. C

Mohundoss favor Deducting charges of
collection a slight deduction might be
made of about 200 Rupees as shewn in C
5 It is also to be remarked that
the total demand for Fusly 1255 was not
realized in full as supposed by the
Court and Rs 612-7-10 have been since
remitted but this too would form but a
small item if only a proportion is to be
charged to Brijee Mohundoss account.
6 The Board will not however
fail to observe that the Court have de
parted from their order that the account
should be closed on the day the sale was
confirmed and the question is an important
one for the law now laid down might very
easily be forced into a precident to justify
the claim of remission for all Cists due
after an estate had been attached and
upto the sale tho the collections may
have previously been made away with and
again as observed by my predecessor had

a third party purchased the estate he could not have been called on to make good this sum of money - His bidding at the day of sale would no doubt have been regulated by the amount of crop known to lie on the Ground and this enhanced rate of purchase Money is all that Bayee Mohundoss could strictly speaking be entitled to and perhaps had the Settlement been made by the Court in Communication with the Collector the decision might have been somewhat modified but as it has been made on equitable Grounds and affirmed by Government I would not advocate the reopening the discussion.

7 With regard to the crediting of Rupees 1877-1 to Government notwithstanding the orders of the Sudr Adalut I beg to explain that Rupees 1069-13-10 were carried to the credit of other Estates on the 28th February 1848 long before the date of the Sudrs orders 26th November 1849 Rupees 569-10-7 were

were similarly dealt with in October 1850 This appears to have been done under an impression that all the claims of Bayee Mohundoss had been already satisfied by the payment made to him in March 1850 the remainder Rupees 239-6-7 was adjusted from the head of deposits along with several other items by mistake.

8 Statement C forwarded by my Predecessor is correct in every respect The item of Rupees 1877-1-11 the gross correct for the calculation starting from the date of adjustment must be altered into Rupees 2106-15-9 in the calculation which starts from the date of sale

The item of Rupees	5768-11-6
Consists of Current Kists	3536-5-8

B.R. No. 5601
From the Collr. of Masulipatam } Ser. Para

I have the honor to submit the prescribed statements illustrative of the settlement of the Estates under the administration of the Collector for fusly 1267.—

2 Last year there were two Estates under the Collectors management and one more has been added to this number in the fusly under report Viz Ootcoor. The Circumstances under which this last was taken charge of by the acting Collector has been already reported to the Board.—

3 All these Estates experienced the effects of the generally bad season of fusly 1267 owing to the scanty supply of water in the tanks. the wet Cultivation was much Contracted in the mylavarum & Ootcoor Estates. The Village of Bullepurroo suffered from flood in consequence of its wet lands lying adjacent to a natural drainage channel.

No. 227

To

I D Sim Esquire
Secretary to the
Board of Revenue

Rt. No. 5572. From the Collector of Masulipatam. Sir, Para 1

Subject to regulating Political

In reply to the Boards Circular Proceedings of the 13th June 1857 No. 2039 on the Stipends so as to S. Govt. to regulating Political ensure their gradual extinction I have the honor to state that the only case to which the Rules of the India Government on the subject are applicable in this District is that of the Descendants of the family of late Hussenalikhan so known by Courtesy as the Nawab of Masulipatam - on this I shall make a few general remarks bearing on the case

2 Originally a stipend of 1ac of Rupees per annum was sanctioned for the support of this family at this date only Rupees 41341-15- is paid the rest having lapsed to the state from time to time of this amount Rs. 32252 -"-"- is drawn by the male descendents of Bujendra Khan and Rupees 9090-15- by those of his daughter & other relatives to whom separate stipends were allotted originally on the principle of gradual reduction has never been lost sight of in dealing with cases connected with this family and in many instances the allowances has been resumed where there were no immediate heirs entitled to consideration. The Board will observe that in this manner Rupees 58658 of the amount originally fixed have already lapsed to the state

3 There was no condition attached to the Stipend as to time. It was to be continued simply during the Company's good pleasure

4 I send a Table which contains the Pedigree of the family and shews also the relationship of the present recipients to those relatives of Hussenalikhan to whom independent stipends were allotted at first.....

herewith returned

Fort St George 28th December 1858

given the village to the Ryots
upon a Ground Rent tenure
on their agreeing to pay an annual
Rent of Rupees 230 for fasly 1268
by creating the Proposal of one D
Ramiah for a triennial lease for
a larger amount as it was my
opinion more desirable to give
the lease of a Village to the same
Ryots where they are able to
undertake it than to strangers
even tho the latter offers a larger
rent.

2 Upon a long time past the
practice of Ryots to the Produce
to Government and retaining for
their use and support the greater
part of the assessment of the allo-
ted Land has prevailed in this Village
and it is only during the last
few years and under the work
ing of this Division of
Circuit system that Rents has
been fixed as a temporary yet stable

From the Collector of Guntoor

In reply to Extract from the Proceedings of the Board of Revenue № 2162 of the 22nd ultimo, I have the honor to forward a Statement shewing the emoluments enjoyed by each of the several Curnums in the Timmercottah Tullook of whom 35 have signed the Petition submitted to Government.-

2 The pay allowed to each Curnum is 36 Rupees a year, and the proportion of 2 per Cent on the demand is shared equally by as many Curnums as are employed in each Village.-

3 A large portion of the Enam exhibited in Column 8 of the Statement is probably left waste annually from various causes but in order not to give cause for complaints, it has been considered expedient not to enquire too minutely into the real extent of the uncultivated portion.-

4 No reply appears to have been received from Government to Mr Newill's letter of the 26th June 1856 № 32.-

No. 111

To, J. D. Sim Esqre
Secretary to the Board of Revenue
Fort St. George

Sir

B. No. 4233
From the Collector of Guntoor - - - - }

I have the honor to retransmit the State-ment returned with your Communication of the 16th ult.o No. 3109 Rupees, annas price &c. having been entered in red ink on the headings of its Columns and this I conclude to be the omission required to be supplied.

2 The claims of the Enamdars were as a matter of course compared with the accounts furnished to this Office by the Department of Public Works in 1855. but as these accounts exhibited merely the amount of land occupied by the Channels and not the whole extent of Enam, the entries in the Statement now returned were made with refence to other accounts received from Ta.Cooles. and verified by the Survey clafs. additional land having been allowed in cases only where the entire extent of Enam was found on re measurement not to exceed the quantity entered in the original Enam accounts in cases in which excefs of land was found the difference was de-deducted from the extent to be given in exchange.

3 I regret that the extent and value of lands should not have been shewn in the body of the letter such omissions will be guarded against on all future occasions.

Particulars of the Cattabady Enam alluded to in Petition N°256 of 1858 with reference to the old Records in the Horzoor

The "Kyfeyet" of Enams of Fasly 1232 shows as follows:

Acres — Cents
61 — 14

An Extent of dry land measuring 3 Cochals was Assigned on Fees by one Moothah Reick upto Fasly 1212 from the time of his father Thupia Reick and in Fasly 1213 a Quit Rent of Rupees 35 per Annum was fixed on the said Enam by the then Zemindar Runchoor Vencata Gounda Row

In Fasly 1214 an Extent of 2½ Coorchals was added to the above Enam by the same Zemindar with a Quit Rent of Rupees 10 per Annum making a total of 6½ Coorchalas on a Quit Rent of Rupees 45 a year.

The Enam land was measured again in Fasly 1217 and the Quit rent was raised from 45 to 55 after carrying to account the Quantity of land then found in Excess Viz 13 Acres.

In Fasly 1227 the Enam in question was reduced to 4½ Coorchalas instead of

of 5½ Coorchalas and the Quit Rent also was reduced proportionately by the said Zemeendar to Rupees 3 8½ per Annum.

In Fasly 1236 the Quit Rent was again reduced to Rupees 3-5-3-9 as appears from the Enam account of that Fasly.

The accounts of Enams from 1237 to 1241 are not forthcoming on the Records of this Office the Malabarage Estate having been in the hands of the Zemeendar for that period. In the account of Fasly 1242 when the Estate was taken under Management the Quit rent was entered at 4½ with reference to the Accounts of previous Fasslies in possession of Casmans. By this it appears that the Quit rent was raised so by the Zemeendar between Fasslies 1237 to 1241 while the Extent of Enam was the same at 4½ Coorchalas

An Extent of dry land then assessing 3 Cawdies was Enjoyed on Kyfeyet by one Moothah Reick up to fasly 1212 from the time of his father Thupha Reick and in fasly 1213 a Quit Rent of Rupees 35 per Annum was fixed on the said Enam by the then Zemindar Venkaneya Yenada Row-

In fasly 1214 an Extent of 2½ Cawdies was added to the above Enam by the same Zemindar with a Quit Rent of Rupees 10 per Annum making a total of 6½ Cawdies on a Quit Rent of Rupees 45 a year.

The Enam Land was measured again in fasly 1217 and the Quit rent was raised from 45 to 55 Rupees after carrying to account the Quantity of Land then found in excess Viz. 13 acres.

In fasly 1227 the Enam in question was reduced to 6¼ Cawdies instead of

of 5½ Cawdies and the Quit Rent also was reduced proportionately by the said Zemindar to Rupees 5 8½ per Annum.-

In fasly 1236 the Quit rent was again reduced to Rupees 5-3-9 as appears from the Enam account of that fasly.

The accounts of Enams from 1237 to 1241 are not forthcoming on the Records of this Office the Malabarge Estate having been in the hands of the Zemindar for that period. In the Account of fasly 1242 when the Estate was taken under management the Quit rent was entered at 5 Rupees with reference to the Accounts of previous fasslies in possession of Casnavins. By this it appears that the Quit rent was raised by the Zemindar between fasslies 1237 to 1241 while the Extent of Enam was the same ie 6¼ Cawdies

B/ No. 5260. From the Collr. of Nellore —

With reference to Extract from the Proceedings of the Board of Revenue dated 18th October last I have the honor to state that the number of Servants in this District of the class alluded to in 119 and they are designated Peishcars.

2 Considering the low qualifications of this grade of Servants generally is probably attributable partly to the people of this District not generally possessing the natural qualities suited for the prompt and efficient discharge of extensive public duties in an eminent degree, and partly to the low pay of the Peishkars. I do not think that the present number of these Officers is much more than is necessary for the due discharge of the

the duties required of them - By re-
forming some of the present Divisions
however, it appears that 16 of them can
be conveniently reduced, and that a
number of Servants will therefore
be available for transfer to Cuddapah -

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 12th December 1857 on the subject of the Jungle rents for the privilege of cutting fire wood and the Poollary or pasture tax and to furnish the further information required on the latter subject which it is of great importance should be finally decided in order that the principles laid down by the Board and Government may be brought into operation from the commencement of the

the Ensuing fusly and the full advantage to be expected from throwing open so much land now wholly or partially occupied for pasture to those desirous of taking it up for agricultural operations, secured before the season has too far advanced.

2. The 1st point on which information is required is what portion of the tax on Sheep and Goats is paid by Shepherds who do not hold land This from the way in which the Poollary tax is levied throughout the greater part of the District it is impossible to state The Inchtah system was introduced for the purpose of avoiding counting the cattle there are therefore no accounts forthcoming later than for the 3 years preceding its introduction

Poollary report to Board dated 18th January 1856 Para 6

introduction viz from fusly 1247 to 1249 and these do not contain the information required by the Board the state of things moreover may have since materially changed and it would neither be desirable nor likely to be attended with satisfactory results were an attempt to be made now to ascertain the details asked for by enquiries from the different Shepherds and Villagers themselves who alone possess information on these points applicable to the present time.

3. I do not see any good grounds for charging the owners of Sheep and Goats who do not hold land with Poollary tax any more than for charging the Cattle of non cultivating ryots It would be contrary to the principle of taxing

the

the land and not the stock or produce which it would I think be better to keep to as broad and well defined and which may now perhaps be considered an integral part of the fiscal policy of Government It may moreover be expected as cultivation advances and waste is now scarce that Sheep owners will have to take up lands for pasture or make some arrangements with those who hold them.

4. The next point is whether the renting of the jungles in the Western Talooks alluded to by me is included in the item of Rupees 60000 estimated as likely to be realized by the rent of Poollany waste It was not

not included in this item but in the expected Revenue under the proposed arrangements for rents of Cumchas as I think will be perceived embodying closer into para 17 of my former Report.

5. Under this explanation it will be seen that the jungle in question one not to form a new source of Revenue.

6 As regards the payment of Tarum assessments for all land in occupation whether for cultivation or pasture subject to the retention of 1/4 Gorbo free the principle having now been settled by the Board and Government it only remains to carry it out in such a way as shall not prove detrimental to the interests of Government on the one hand or been too hardly on

ryots on the other This will mainly depend on how the line is drawn between waste lands hitherto unclassified which are to be assessed at what they are worth with reference to their productive powers and Cunchus which Government have decided should be rented out to the highest bidder.

E. In. C. para 17

Ditto para 18

7° Some progress has been made in carrying out the former In the Villages named in the accompanying statement the whole or great part of the available waste has been taken by the villagers at Sarum rates and a tax on the land has in fact actually been substituted for the Pottary to a large amount the result of which is as shown therein very advantageous to Government But these Villages are all in the Eastern Talooks when lands in

request and pasture lands are scarce such a result cannot be anticipated in the poorer and more thinly populated Western parts when large tracts of land are available.

The result of past transactions shows that the average rents of Cunchas in the Western Talooks has not exceeded 4 annas per ground a rate of assessment which is fixed on the lands with liberty to use them as the holders may please either for cultivation or pasture might seriously effect the Revenue by inducing the ryots to throw up their present Dry lands and cultivate these very low assessed ones instead

In the Eastern Talooks named in the Margin and in the Northern ones of the Sub Division Waste lands should only be allowed to be taken on moderate rates of assessment to be held like other Puttah lands

that they should be for not less

is that before the rains and while
the crop of grass is uncertain persons
will not come forward freely and by
waiting till after the rains have
commenced much time is lost in
getting suitable offers and the

13. The expected revenue under the proposed arrangements was put down at Rupees 121,000 composed of the following items.

	Rs
By rents of present Cumcha's	15000
By rents of Pollary waste	60000
By lands retained at the full assessments	6000
By additional Cultivation expected from the release of lands occupied for grazing	40000

14. The revenue realized under the 1st and 3d heads will probably exceed the amounts here given The 2d and 4th are the ones which are considerable in themselves and on which some room for doubt exists.

15. 1st Rents of Pollary waste expected revenue Rupees 60000 These are the lands at present held

held by the ryots of the Villages in which pollary is levied and which are considered the equivalents for that tax.

16. The extent of the unassessed waste lands more or less fit for pasture is in round numbers Gorloos 103,000 or acres 321875. which at an average of 3 annas per acre would yield upwards of Rupees 60000 the sum estimated.

17. On the abolition of the Pollary tax this large extent of land some of which is fit for cultivation reverts to Government and if required as it must be to a great extent by the ryots for grazing their Cattle would have to be taken up by them either on full tarum assessments or as Cumchas.

18. It seems therefore that under good arrangements the sum estimated might be realized.

2d

19. 2d Increased cultivation Rupees 1.000 It will be very difficult to trace with any thing like precision now far any extension that may take place under this head is attributable to the abolition of the poollary how far to reduction of assessment improved irrigation or other causes The impediment which the poollary have throws in the way of extending cultivation adverted to in this correspondence ought however in my opinion at any rate to be removed in order to give the District in which there is such a very large extent of waste land fair play and to prevent the interest of the ryots being in opposition to those of Government.

20. At prisent it is the interest of the influential ryots in the best part of the District to prevent

prevent land from being taken up for cultivation and (unless watched) to induce the rejection of proposals for land on frivolous or inadmissable pleas in order that it may be retained for pasture.

The expected increase Rs. 21.

Vide Statement B accompanying

1.000 is very moderate considering the great desire lately shown to take up lands.

The District has however suffered so seriously from the injury done to the Tanks by the late hurricane and the present season unfavorable that I cannot bear so unfavorable that I cannot speak with that confidence on this part of the subject that I did in the year 1856.

Para 10 4 With regard to the Remarks in para 10 I beg to explain that Shanikant Bunjer does not under any circumstances include entire fields left waste but only portions of fields when the portion bears such a small proportion to the entire holding it does not appear as Shanikant Bunjer but as Khalsa Bunjer in consequence of the peculiar circumstances of this District in which the fields are sometimes very large.

Para 11 5 With reference to para 11 I beg to state that in consequence of the reduction of assessment sanctioned and the principles enunciated in the Government orders of the 10th of July 1854 I have during the present Summahlundy division granted the Palemany Remissions, whether given to Non Resident Ryots, or for Manual Labour involved in the use of Picottahs during portions of the year, the

former is objectionable in principle & the latter is open to great abuse, and is not generally necessary since the reduction of assessment But if experience should show that in some few cases, in which Picottahs are permanently in use, some reduction is necessary it will be better I think to place the lands in a lower Survey, instead of giving this annual remission of assessment.

Para 12 6 The Resumed Inamdrees referred to in para 12 are in the possession of parties who are related to those who originally constructed the works of irrigation. A Statement is herewith forwarded showing the former assessment of those Inamdrees & their Beriz in Fasly 1266.

To

Secretary to the
Board of Revenue
Fort Saint George

B. No. 4794
From the Coll. of Nellore

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 1st Instant, and to furnish the information called for regarding the Sub Collectors residence at Ongole and the extra Tent allowance drawn by him.—

2.— Mr. Minchin informs me that his residence at Ongole cannot be calculated correctly from the Extra Tent allowance Bills which the Board were perusing, as he never drew that allowance except on occasions of arriving at, and Marching through that Station and not when residing there. He also begs to refer to Para 2 of Extract Minutes of Consultation February 5th 1856, and a letter No. 1092 from the Secretary to the Board of

Revenue

Revenue dated 12th April 1856, which he stated clearly direct that his residence is not to be confined to the station of Ongole, but to the Northern portion of the Division Mr. Minchin adds that he left Ramapalam for the North on the 1st November in Spite of the most threatening weather, and was detained four days at Singarayconda by the gale, and impassible rivers, but on this occasion his Tents were with him, he proceeded as soon as moving was practicable to Ongole, and staid there till the 23rd November, when the Monsoon having cleared off he went out in Tents on a tour in the Northern parts of his Police Divisions, and after a Month Southwards under this impression he was required at Nellore (without quitting the Talook) returned to Ongole where he remained until the 12th December, when he finally went out on Jamabundy, on which he was engaged in various portions of the Division until he left the District on leave on the 1st March. Prior to his regular residence in the North Mr. Minchin

proceeded to Ongole in the Month of August, and resided there throughout the Moharam in the latter half of July he was in Tents on a Tour through the Southern portions of his Police Divisions; in September he was summoned to Nellore by the acting Collector to take charge of the District, and in October he again went out in Tents until he was driven back to Head Quarters by the violence of the Monsoon. In fact Mr. Minchin states for the two years 1856 and 57 he has been perpetually travelling in his Division, and more particularly in the Zemindar Districts, which had been unvisited previous to his own tours for many years and he regrets that he should have fallen under the implied censure in Para 7 of the Board's proceedings under reply.

3.- With regard to the Board's observations in Para 2 Mr. Minchin states that he has always had his Tents with him on the occasions alluded to, except when proceeding to Nellore, where he has never gone except on public business at such time his Cutcherry has been accommodated in a Bungalow in my compound, which either the Acting Collector or myself have always

placed at his disposal, and rule XI of the Rules dated 28th August 1856 he considers explicitly sanctions such a charge, unless as specified in rule XII when such Officer is in charge of the District—On the journeys to and from Nellore and Ramapatam, Mr. Minchin states that he has held the Cutcherry at a purely frequented Public Bungalow at Mun-nelladerovoo and at a Revenue Bungalow of mine placed at his disposal at Allur, he adds that it would have entailed no additional ex-pence upon him to have taken his tents with him on these journeys, as he always keeps up a travelling Establishment of his own even bullocks, and bandies, and until the recent correspondence alluded to by the Board, he simply refrained from sending a couple of his own Bandies with his Tents, when he knew they would not be required for use as he did not consider that step necessary to entitle him to the allow-ance but that he shall not in future omit to do so.—

4.— With regard to Para 3 of the

Fort St. George 28th December 1858.—

Board's Proceedings the Sub Collector adds that he has never drawn extra Tent allowance while presiding at Ongole, but that he has drawn it when arriving at or marching through the Station and as he always moves about the District by Marches he considered himself entitled to the allowance under rule IX when bonafide travelling with his Establishment that such a charge has always been made by and sanctioned in the case of his predecessors and that in Ongole he presided in his own house, and therefore when passing through that station his Tents may possibly not have halted there on some occasions, but gone on to his next Stage but he trusts such an inadvertant infraction of the proviso in Rule IX may not be considered opposed to its spirit.—

5.— With regard to the Board's observations regarding the other Officers I beg to observe that the periods alluded to in some instances do not agree with the records of this Office—Mr. F. W. Morris the Senior Assistant was 60 days out

in

Fort St. George 28th December 1858.

in the District between the 1st May and 31st December 1857, as shown in the accompanying Statement, not 37 days only as observed by the Board.- This Officer was removed from this District in January, which not only accounts for his not having been out longer, but was the cause of Mr Hooper's being called in, as the Station and Treasury could not be left without a European Officer, and I was immediately about to commence the Jamabundy and left Nellore about the time of Mr Morris' departure.- Mr L. Forbes who returned to the District some time after Mr F. W. Morris' departure was also a considerable time out in the Talooks forming the Head Assistants charge during the remaining 2 Months of the Official years.-

Appointed to act as Senior Assistant to the Collector and Magistrate and Agent to the Govr in Fort St George in Veragapoolam.-

6.- The periods during which Mr Hooper was out in the District are also shewn in the accompanying Statement, with the principal duties he was engaged on.- They were by no means confined to the visits to Rapoors, or to trips to the

Fort St. George 28th December 1858.-

Coast with Treasure, though he did accompany me to the former as well as to Sydapoor, as I considered it my duty to give the Junior Assistant the opportunity of becoming practically acquainted with his duty which was afforded by his being present at the settlement, and should have continued to do so but for Mr F. W. Morris' removal. I beg also to point out that a Revenue of 5 Lacs of Rupees is derived from Salt in this District, and that it is especially necessary that some one of the European Officers should visit the Cotaurs on the Coast, and that these trips are not merely to ship Treasure.-

7.- The Statements in this Office show that Mr Taylor the Acting Collector went out more than once, and visited the Talooks named in the Margin.-

8.- As regards my own tours I beg to explain that I rejoined the District the beginning of October, soon after which the Monsoon set in, and that it is not generally safe to take the Cutcherry and Records on Circuit in the Southern part of the District

much before the 15th December, on account of the pains I had besides several special and important duties in Nellore during the Months noted in the Margin, and the Sumamabundy of 8 Talooks to perform— Under these circumstances it would have been impossible to spend any great length of time in each without deferring the completion of the Settlement, and interfering with other important duties— I remained however as long in each Talook as it appeared to me to be really necessary and regret that these arrangements have not met with the approval of the Board.—

3 The balances classed as due on the 3 Villages sold in the Insurgent days are in the Jurisdiction of the Protectors. They are included amongst the 21 Villages on which a reduction of Land was recommended by the Settlement Officer Mr Ratcliff Government in

on Minutes of Consultation dated 27th September 1858 Para 7 considered the information on which the reduction was recommended be sufficient and deferred the settlement of the question of the Land Revenue assessed on these Villages by the general Survey. They were again brought to notice in my letter on the Statement balances dated 23rd May 1856. The final orders of Government as regards 3 of the Villages were conveyed in Para 5 of Minutes of Consultation dated 25 November 1856 in which it was directed that there should be no further interference with them, but it does not contain explicit instructions as to the disposal of the balances in question. I do not consider it desirable that these Villages

12 of the Villages situated in the Narayanapooram Obanapalem has been in the hands of Government for

for many years owing to the inheritance of the Ryots - The others fall under attachment more recently owing to the circumstances of fasles 1263 and 1265 and from the breaking of the Tanks of Narayanapooram 13. The balances which accrued against them while in the hands of Government are entered as irreconcilable, Rajapalem was restored to the Shrotriemdars in Fasly 1267 and Obanapalem in Fasly 1269 they were probably encouraged to take them back from the advantages of the present high prices -

14 The Shrotriemdars of Narayanapooram applied for its restoration but the Village being under attachment for three years it could not be restored - The fourth Village Tungella Eekapally near Venkatagiri still remains under attachment as the ryots are unable to pay up the balance and take it back - The

If the arrears accused against the Village accused whilst they were in the hands of their proprietors they were in consequence taken under attachment on Fasly 1267 but yielded a much smaller sum than the Peishcush. For these reasons the balances are considered irrecoverable.

a Statement No. 3 showing the amount of Assessment / Sayer / Balances due on some of the Shrotriem Villages of this district and 2 others similarly situated on account of the Goods charged to them for the repairs performed to Tanks and River Channels by which they are supplied with irrigation — These balances are in each case shown in the Margin and have been found irrecoverable for the persons detailed below and I request that the early sanction of Government may be obtained for writing them off —

management being left when the Reckoning due upon them there are no means for recovering these balances

Tommagunta 15a 24 The Shortrums of Tommagunta having been presumed from July 1866 the Varamd balance against it has to be written off.

Venkatapuram Rs 114-3-2 25 The Venkatapuram Shortrum was long under attachment and restored in July 1866 the Ryotwar balances of Rs thereof against it having been written off forward of Resources. This balance which accrued previous to its restoration is for the same reason irrecoverable

Gundlapalliem Rs 742-12-5
Vemulatipand Rs 1465-9-5 26 The balances against the two Villages marginally noted are on account of the Cost of repairs performed to the tank of Nellore and to divert Channel as well as for the excavation

of a new Supplying Channel to the Tank. The Equity of charging a proportion of Cost of Repairs and improvements of this kind to Shortrunners who are already in many instances highly assessed is very questionable Especially as their lands may not sensibly benefit thereby and they have no voice in the matter. The irrigable lands of these Shortrums are limited in extent some of the lands of Gundlapalliem are inundated by the Nellore Tank and others belonging to Vemulatipand are inundated by Varigonda another Govern.t Tank. Both these Villages were long under attachment apparently owing to the heavy assessment. Gundlapalliem was only restored in July 1866 and a proposition to reduce the Jodee of Vemulatipand is under the consideration of Government

under these circumstances these balances are classed as irrecoverable.

Soomarazoopully Cunniya 62-4-2 Classed among Sundries.

27. The balance outstanding against Soomarazoopully Cunniya on account of repairs performed to the Gunjapatam River channel from which it receives a supply for the agricultural purposes of his Village having fallen and the channel itself having been since grown up for a new one the Shotrumdars decline any benefit from the channel and the balance is considered irrecoverable.

Nagamam Rs 1-1-10

28. This amount is due on account of repairs performed to the channel of the Caniyeary Tank irrigating the Shotrum Village of Nagamambapuram and 2 Government Villages which was filled up by the Ryots of Tuckpad the Shotrumdars refusing to do the work on the ground

ground of its being usually performed by the Ryots themselves but as the channel was in that year filled up to an unusual extent it was considered desirable to perform the work at Government cost. The Shotrumdars have also to liquidate some other balances on account of repairs performed to the Tank itself which they do not object and this balance is considered irrecoverable.

Vadagoopad Rs 14-9-5

29. This amount is the share payable by the Inam Village of Vadagoopad on account of a new head sluice made to the River channel of the Cavan Tank from which it receives irrigation. The new head sluice is a failure and the Inamdars can hardly be called upon to pay for a work from which they derive no benefit and in the execution of which they had no voice.

Rajamolies & Dasabandam Lands of Rajamolie Tank Rs 98-2-7

Secretary to the Board of Revenue

Fort St. George

Sir,

I have the honor to forward copies of the correspondence with the Civil Auditor noted in the Margin regarding a Pension of Rupees 87-8 per Mensem granted in Extract Minutes of Consultation dated 17th April 1818 to Badurajah Sahiba Widow of one Syed Ally Mahomed Condey the Soldier of which died on the 1st of September last.

2. Badurajah Sahiba has left no Children but she adopted Syed Mustapha Sahib her husband's brothers grandson and expressed a wish to the Tahsildar of Wodiaghory, the day before her death that he should succeed to her pension and all her property. She was the daughter of Abdool Kaider Ockan the father of Allaudy late Jaghiredar of Wodiaghory and resided

Extract from the Minutes of the Right Honorable the Governor in Council 17th April 1816.

Read the following letter from the Paymaster of Stipends at Vellore

To The Chief Secretary to Government Fort St George

Sir,

I have the honor to acknowledge the receipt of your letter of the 8th Instant which was sent to Mysore in consequence of the words "Mysore Stipends" being on the direction in large Characters and Vellore in small.

The widow of Syed Ally Mahomed Cawdy resides at Madras and did not present her Petition through my Office and I have not therefore the means of knowing more about her than that she is actually the person she describes herself to be. It has hitherto been usual to continue the pensions if small and a part of them if large, to the families of deceased Sirdars and till another generation or two have passed

I do not think it would be politic to break through this custom.

The sum set apart by the Honorable the Court of Directors in the same as agreed to in the partition Treaty of Mysore and has always proved more than sufficient for the maintenance of the family of Tippoo Sultaun.

The pensions for this family have been decreasing fast for the last 10 years and in a few years more they will in all probability be reduced to one Lac of Pagodas.

Resolved that a Pension of Twenty five Pagodas Monthly be granted to Badarajah Sahiba widow of the late Syed Ally Mahomed Cawdy from the 1st of January last

Stipends

as recommended by the Pay Master of Stipends in his letter of the 4th of March.-

Ordered that the foregoing Resolution be communicated to the Pay Master of Stipends at Vellore and to the Civil Auditor, and that the latter Office be desired to give the requisite authority for the payment of the Pension at Vellore or at the Presidency according as the holder of said Office Mahomed Cawdy may request-

Ordered that the Civil Auditor be desired to lay before the Board a list of the Mysore Pensions as it now stands, and report the checks in force against the undue continuance of the Stipends after the decease of the Incumbents.

Dated 7th Decr 1858
No. 1538.

With reference to an Extract from the Proceedings of the Board of Revenue returning the Statement of Enam cases lately forwarded from this office for explanation and amendment I have the honor to furnish the following explanation regarding the several apparent discrepancies noticed by the Board.

2. The Number of cases which remained on the 2d of July 1857 was entered in my Statement as 846 which is the same as the total of the last 2 Columns entered in the Return of that date viz. 841 unexamined and 5 ready for report.

3 The reasons why the total in Column 4 did not correspond with the entries in the preceding Columns are given

given in Para 2 of my letter of the 6th November last viz.

Because the Statement of the 2d July 1857 did not (as explained in the remarks appended to the same) include the cases of Enam lapses which were under enquiry in the Talooks of the sub Division, and Because as since ascertained it included many cases which should not have been entered at all such as where the possession of the Enam lands was at issue among rival claimants which cannot properly be classed among lapses or cases connected with Village Officers and Cuttoobadies which belong to a wholly different class.

4 With these explanations I beg to resubmit the Statement.

Dd. No. 5796
From the Collector
of Nellore —

With reference to an Extract from the Proceedings of the Board of Revenue under date the 10th Ultimo, I have the honor to state that the Enams Lands therein referred to were continued by Mr. Collector Fraser to the deceased Ramasawmy and his 2 brothers named in the Genealogical table in the Margin, so far back as the year 1823. Ramasawmy is the sole survivor of the three, and Kistna yah his Nephew enjoyed the Enams with him as Member of an undivided family, but they were not registered in the latter's name till this year when they were continued by the Sub Collector to Atchena and Kistayah on the grounds that the service for which the grant was made was continued to be performed under para 5 of the Board's Circular Orders dated 27th July 1848. This was alluded to by me in my Jabulpur Report as follows. —

The Sub Collector reports that both Atchiah and Kistayah supply Medical Aid in the Surrounding Villages to those who require it and has directed the registery in their names in equal portions of the Enams. —

2. In respect of the Poosoorums a special report on the occasion of a lapse was required to be furnished in Extract Minutes Consultation under date the 15th November 1850, but this did not apply to the Enams which were considered to come under the General rules. —

With reference to the endorsement of the Deputy Secretary to Government I have the honor to report on the accompanying petition No. 2645 of 1858 presented by M. Venkatarazoo Naumah praying a half Share in the Sholavaram of Mungalapally proved —

2 The Sholavaram Village of Mungalapally proved was in Fasly 1211 shortly after the appropriation of the Country registered in the name of Sudeeya who has enjoyed the same ever since. He requested that the Sholavaram

Shortarium might be registered in the name of the Brother or Sons & appeared which was done in 1872.

3. Shortly after the above transaction in consequence of his Nephew Venkata Reddy's Petitioner having arrived he appears to have executed a Deed of Gift of half the Shortarium to him, and afterwards divided his Cattle again Mortgaged his 1/2 share to a third party.

4. The Shortarium was released from attachment on 5th July 1865 and made over to A Venkatasumudu brother of a Appanah in whose name it was registered in 1872.

5 I consider that Petitioners claim is prima facie good & that justice requires that he should be permitted to sue for the recovery of a half share of the Shortarium in the Civil Court, which I have appointed effectual so far as Government are concerned.

Sir,

With reference to the Collr's letter No 164 of the 17th May last I have the honor to forward a statement No 1 showing the comparative proportion in the rates of Cardamoms of the several Sales in this District.

2 As to why the Boards question whether the Sales of each Farm is separately stated I have to state that this is, i.e that the Sale at Coolang for instance is stated at Coolang and so on for the other Farms. But in stating it no care is taken to keep the Sales of different rates of Cardamoms separate - it is stated promiscuously as receipts of so Grace Each and Sold as occasion offers the longest stated being as a rule sold off first.

3 Statement No 2 will show the quantity of Sold Manufactured each rate of Cardamom on the average of the last 10 years.

No 1 Statement shewing the causes of the vari-
ation in the rates of Coddy Contravarum in the Districts of
Chingleput

Items	Rates of Coddy varum per 100 Indeen Rounds for Chingleput				Rates for Chingleput	Rates for Cuddalore	Remarks
	Rs	a	P	Cents	Rs a P Cts	Rs a P Cts	
Coddyputt or Fees allowed to Maniapsidars for manufacturing Salt and Conveying it from the Pans to the new Plat forms	5	7	7	30	4 15 2 62½		The distance from the Pans to the new Platforms being greater than to the old the rate for the former is proportionately greater Vide letter to Bd dated 19th June 1858 Para 4.
Coddyputt or fees allowed to Maniapsidars for manufacturing Salt and conveying it from the Pans to the old Plats forms	4	13	7	30	4 5 2 62½		The Maniapsidars have a natural interest and Emoluments & Privileges which is not the case with the Village Sarkarvarsy The latter therefore seems to be allowed a higher Rate also see remark opposite Coddyputt
Fees to Village Sooravasies from manufacturing Salt and Conveying it from the Pans to the new Plats forms	12	4	4	49	" " "		
Fees to Village Sooravasies for manufacturing Salt and Conveying it from the Pans to the Old Plat forms	12	10	4	49	" " "		The Sooravasies of the Villages having less advantages than the Village Sarkarvarsy as the rate for the former appears greater Vide also remark opposite Coddyputt
Fees to Sooravasies of other Villages for manufacturing Salt and Conveying it from the Pans to the new Platforms	13	9	1	70	1 8 8 2⅛		
Fees to Sooravasies of other Villages for manufacturing Salt and Conveying it from the Pans to the Old Plat forms	12	15	1	70	10 4 8 2⅛		
Cawny Maniem or a favourable rate allowed to Maniapsidars for manufacturing Salt and Conveying it from the Pans to the Plat forms	20	8	10	93¾	21 " 5 8 1¾		These the highest Rate of Contravarum and is something less than Maniem allowed most probably in consideration of the Meerasdy rights
Fees to Davastanum	17	8	11	40⅝	17 8 11 40⅝		
Cavel Maniem or Enam to Cavalgars	15	5	10	15⅞

After B. No. 5422 From the Collector of Chingleput

Sir,

In returning the accompanying Petition No. 3260 bearing the Board's Endorsement of the 15th Ultimo I have the honor to state that I confirmed the pent. of the Village of Madoovoil to Venkatnarain Pillay at a lower offer than the Petitioner, because he was the late Shrotriemdar and Merasidar of the Village while the Petitioner was a Stranger and a Resident of Madras.

2. At the time that I ordered the pent of the Village to be made out in the name of Venkatanarain Pillay which was on the 26th October, I was not aware of the Petitioners two higher offers one of which was presented on that day and one on the day before but they were brought to my notice in due course before the Order in favor of Venkatanarain Pillay was drawn out when I considered that a few Rupees higher bid should not outweigh his local claims and the verbal order I had previously given in his favor

The Dittum or Estimate of expected Revenue of the year shall be held to be the holdings of the past year plus extra lands for which Durkasts have been made, and minus such holdings as have been given up by Rajeenamah. It shall be taken for granted that unless a Pyat sends in a Rajeenamah, his farm will remain the same as last year and he shall be charged accordingly.

No permission shall be granted in case of nunjah land, unless it is clearly established that the land left waste could not have been cultivated for want of sufficient water.

With respect to Poonjah and Totacal lands, no permission will be allowed except for peculior reasons in individual cases or when the season is so disastrous as to call for

for Special measures of relief on which occasions the orders of the Board of Revenue will be obtained. In case of lands left fallow or "Poodoogal" in the routine of agriculture, ex- remissions will be granted as usual These indulgences will only be shewn till the revision of the assessment has been completed

The existing Rule regarding "Shantat Runjer" or portion of fields left waste shall continue in force until the revision of the assessment has been completed after which no remission will be granted.

Natungal remissions will be dis- =continued from the Commencement of the ensuing Fusly 1269. The Ryots are therefore required to bring their Natungal lands of that Fusly into Cultivation as soon as the Seedlings are removed.

The time within which lands are to be relinquished shall not be later than the end of July for unirrigated land and the end of August for irrigated Unless the relinquishment is made within the time above specified the land will be charged to the Ryot.

Such relinquishment shall be made by means of a Rajeenamah or written document

Specifying

Specifying the extent of the Ryots past years holdings under the different heads of dry wet and garden with their Seerwahs and the Particulars of land intended to be relinquished in consecutive order under the different heads of dry wet and garden with their respective assessments. The deed of Relinquishment shall be presented to the Tahsildar who shall notify the same within 2 Days to the Village Curnum or to the Village Curnum direct who shall give a receipt for the same.

Puttadars employing goomastuhs to Superintend their Cultivation shall nomi- =nate them if possible to the Tahsildar in person by a written Document in default of which the person recognised by the Village Officers shall be considered the Goomastah and all acts done by such individual whether duly nominated or not shall be held to be valid to all intents and purposes.

No relinquishment of land shall be allowed where the result will be to lower the holding below 5 Cawnies

No

No part relinquishment of land shall be allowed to a Puttadar holding 5 or less than 5 Cawnies.—

The Tahsildar shall transmit a weekly return of relinquishments to the Hoozoor.—

Durkasts shall be presented to the European Revenue Officers or to the Tahsildar direct, and shall be in writing specifying the present Puttah of the applicant and the fields with their Seerwah which he proposes to take up and embodying also the information whether he is a Merasidar or a Poyakary Durkast shall be disposed of only after the Curnum has certified the land to be available for Durkast.

The first option for taking up lands on Durkast shall be given to the Merasidars if in a merassy Village and on condition of paying the full assessment whether Cultivated or not.—

Next to a Merasidar, the Ryot who holds the adjoining land, shall have the preference in taking up land on Durkast

and adding to his holding.

In the event of their being no such Merasidar or Ryot the land shall be available for any other applicant preference being given to a resident Ryot over a Stranger.

Ryots obtaining lands on Durkast shall duly pay the Village Cooppatums and other Meraks together with the regular fees to the Curnums and other Village Servants according to the Saluntra Dittum of the Village.

Merasidars may engage with Poyakarries for the Cultivation of their lands on terms to be agreed upon, but the Merasidars shall be held responsible for the assessment of all lands entered in their Puttahs.

When a Ryot has a Puttah in the Village his Durkast for land shall be recognized

recognized whatever may be the extent of his application But where the Durkast dar holds no Puttah in the Village his application for less land than 5 Cawnies shall be rejected.—

The Tahsildar shall have authority to accept Durkasts and put the parties in possession, but in cases where there are difficulties connected with disputed claims or local or municipal rights or privileges the matter shall be reported to the Collector.

The Tahsildar shall keep a book of Durkasts and use every means to make them public either thro the Tahsildar or the Village Officers and shall send a periodical return every 15 days of the Durkasts on his register to the Collector. Shewing the number on hand at the last return, the number since received, the number disposed of and the number remaining at the beginning of each Fusly the Tahsildar shall apply to the Hooyoor for the necessary Durkast Registers.

When

When a Durkast is made for land left waste on the death of a Puttadar, the first option shall invariably be given to the nearest of kin to the deceased provided he applies for it within 6 months.—

It shall be understood in all Durkasts (except for Coole) that the Durkastdar is liable for the full Jeerwah of the land for that Fusly whether Cultivated or not.—

Where transfers may have been made in consequence of land having been sold for arrears of revenue or in conformity with the orders of the Civil Court, Puttahs for the same shall be issued unhesitatingly but in the latter case the production of the Courts Hookoomnamah will be required.—

In case of change of lands arising out of private transactions, such as sales mortgages or gifts the transferer and the transferee shall execute a mutual agreement before the Tahsildar, who shall register the same in the form now in use and submit monthly returns of such changes to the Hooyoor.—

The Tahsildar shall conform to the orders

From Ft. St. George 28th. December 1858.

token however of his being the owner of the land his name shall be entered in the Monthly Cultivation Returns and Adungul Vs. accounts, and receipts shall be given him for the payment of the Teerwah. Such pieces of land may be transferred under the Condi-tions applicable to Puttah lands irrespective of the Puttadars Rajeenamah.—

Encl. No. 2.

Ramabundy Rookroomnamah of the Zillah of Chingleput.

In Villages where the cultivation is confined to Poonjah lands or where the supply of water does not generally admit of raising a Navaray crop, the cultivation accounts are to be closed on the 31st. of December, but in Villages where Navaray crops prevail, the accounts are not to be closed before the 31st. of January. The Puttamaniagars and Curnums of each village accompanied by the Toty and Taliars and the ryots should then proceed to inspect the lands from first to last according to the order of their registry in the Survey accounts, entering the results of their examination in the Adungul Cooloogoo as suggested in Rules 13, 14 & 15 of the manuel relating to Ryotwar Villages.

orders that he may receive thereon, and instruct the Curnum in writing to enter the Cultivation Returns and other accounts for the land transferred in the name of the transferree.

When a Ryot transfers a portion of his land, it shall be duly registered with the consent of the transferree in the Talook Cutcherry Otherwise the land remaining in his Puttah, he shall be held responsible for the payment of the Jeermah thereon.

In the case of a Poyatharry failing to file a Rajeenamah for land given up by him, he shall be liable to pay the assessment. In default of payment his nearest of kin who may pay the arrears shall be put in possession. In the absence of any heirs the land shall be made over to the Merassidar, who pays the arrears. If no Merassidar agrees to pay the arrears the land will be sold to the Highest bidder.

No change of Puttah will be granted on a plea of transfer, unless both parties have registered in the Cutcherry of the Tahsildar in whose Talook the land may be situated. The deed of transfer, and the Counterpart of acceptance shall be attested by witnesses in the presence of the Village

Officers

Officers.

In the case of a Puttadar dying, his death with an intimation of his nearest heir, shall at once be reported by the Curnum to the Tahsildar, and by the Tahsildar to the Collector who shall give such orders thereon relative to the registry of the Puttah as he may deem proper. Curnums omitting to report the immediate deaths of Puttadars shall be liable to a fine not exceeding Rupees 5 in each case.

No alleged Mortgagee, Sale or Gift will be allowed except with the Consent of the registered Puttadar, unless under a Decree of Court.

No separate puttah will be issued in the name of a person not holding a Puttah, for any piece of land he may purchase below 5 Cawnies unless such purchase is consequent on the Sale of the land for arrears of revenue or the orders of the Civil Court, but he shall only hold it under its late Proprietor. In token

villages.

If Punjah or Totacal products are raised on Poonjah lands either as a first or second crop by means of water drawn from a Tank or other public Source of irrigation, the fact must be entered in the Adungal accounts, specifying whence the land was irrigated, and the classification and assessment of the adjoining wet or Totacal lands.

In preparing the adungal of the Villages transferred from the Wandawash and Trivattoor Talooks of North Arcot, care should be taken to ascertain whether the Bramin and Mahomedan Ryots cultivate their lands through their own farming Stock, or by the aid of Soodra cultivators; should the latter be the case, the number of

of ploughs with oxen complete, used by each Soodra are to be specified. If either the Bramin or Mahomedan cultivators under lease their lands, this circumstance also is to be recorded. The rules laid down in this Paragraph are applicable likewise to all other villages in which the ryots have been allowed Teazgary remissions. The remission to Bramin and Mahomedan Ryots cultivating their lands through their own farming stock will be granted till the revision of assessment shall have been completed.

At the proper season the Tahsildar will send Circular instructions calling upon the Village authorities to report the completion of the Adungal within a specified time."

For the purpose of testing the correctness of the reports, the Tahsildar will divide the villages of the Talook between

between himself, his Sheristadar, Peishcar and other servants who will proceed to examine each village of their divisions. In the event of any discrepancies being discovered, the Tahsildar will proceed to the village himself; and he is expected under any circumstances to examine personally some of the villages of each division into which he may divide his Talook.

The Puttamaniagars and Curnums who originally prepare the Adungal, the Villadars who examine and verify it, and the public servants deputed to supervise the same will be held responsible for the accuracy of the accounts prepared by them respectively. In the event of any fraud being discovered, the Puttamaniagars and Curnams will be punished in accordance with the Regulations, the curnums

being subject to a forfeiture of their Meras in aggravated cases of misconduct, whilst the public servants will in addition to the penalties prescribed in the Regulations be liable to immediate dismissal.

The Hoozoor servants deputed to prepare the requisite account for the Jamabundy settlement will in the first instance examine the monthly cultivation and the Adungal Vas accounts and direct the curnums to prepare the Jamabundy Chitta and sign the accounts in attestation of their being free from error.

The following instructions are framed for regulating the Items of Fussal Jasty and Peerwajasty in the assessment of Poonjah, Nunjah and Totacal lands.

If Poonjah land is converted into Nunjah or Totacal by water brought from a Circar Tank, channel or river, it is to be assessed at the

the same rate as the nearest Nunjah or Totacal land of similar description and quality and possessing the same means of irrigation. The additional assessment being carried to account under the head of Teerwah Jasty.

If Poonjah land is prepared (by embankments) for a Paddy crop like Manavary land or rice land dependent on the falling rain, and paddy is raised on it, the assessment of the nearest similar Manavary land is to be collected, the difference between the Poonjah and Manavary assessment being included in the accounts as Teerwah Jasty. This rule shall be in force until the revision of Manavary lands.

If Poonjah land is cultivated as Poonjah for the 1st crop and afterwards cultivated with Totacal or Nunjah Produce by means of water, for a second

crop the full Nunjah or Totacal Teerwah is to be levied, the amount being carried to the head of Teerwah Jastee.

Should any person construct a brick or stone well on Poonjah land and thus convert it to Nunjah or Totacal "he will have the full benefit of his improvement."

All old wells constructed by the outlay of private capital in Poonjah lands shall also be allowed the same immunities as the new wells without reference to their capacity.

Wells in Poonjah land shall not be exempt from extra assessment if within 10 years of a Tank Bund or within 50 yards of a river or channel.

In the case of rivers or Jungle streams in remote localities, such that no public or private interest may seem to be affected, the levy of Teerwa Jasty shall be foregone at the discretion of the Collector

In

In cases where the preservation of public or private rights as may require it, double or even as treble Teerwah Jasty shall be levied according to circumstances, and the digging or using of a well or violation of Rule shall be absolutely prohibited if necessary.

Nunjah lands.

If a second crop is raised on single crop Nunjah land one half of the single crop Teerwah is to be added to the demand under the head of Fussul Jastee.

When Plantains, Sugar cane, Betel or saffron are grown on single crop land second or half crop Teerwah is to be levied and entered as Fussal Jastee. This demand will not be remitted on account of Sembacal or young betel gardens.

Totacal Land.

In the Village of the Talooks

Regd. B.G.

assessed in Fuslies 1233, 1236 and 1237 the present rates of assessment are to be continued and the practice followed of levying half the first assessment as Fussal Jastee when a second crop is raised.

The cowle rent which was fixed in Fusly 1211 for the village of Iroosamanellore in the Carangooly Taluq and has been in operation since, will be continued. In the same manner the Puttivar Teerwah introduced into the village of Voyalore in the Nayer Saloot will be levied for the present as heretofore.

In the villages transferred from North Arcot to this Zillah and situated in the Ostramaloor Conjeveram and Poonamallee Talugs the general rules of the Bookoommanah of that District which have been hitherto in force will be continued until the revision of assessment shall have been completed.

Remissions.

When Ryots by their industry raise three crops on any Nunjah fields,

assess-

assessment will be demanded for the 1st & 2d only. No additional Teerwah will be levied for the 3d crop.

All sheigal and Laikh fields are to be fully cultivated.

No remission will be granted for portions of fields left waste when the field is less than 2 Cawnies in extent of Poonjah land and one cawney of Nunjah land.

In Poonjah fields varying in Extent from 2 Cawnies to 5 and in Nunjah fields of from 1 to 2 Cawnies remissions will only be granted for parts left waste when such portions amount to half the field, provided always that satisfactory reasons are given for the failure to cultivate.—

In more extensive fields the Teerwah of any portion left waste from unavoidable causes will be remitted.

"Remissions on account of Shamlet Bunjer will be granted only until the revision of assessment shall have been completed.—

claims

Claims to remission for loss of crops on Poonjah and Totacal land will not be allowed. On Nunjah land remissions for "Shavy" or Crops entirely destroyed by drought will be granted at the discretion of the Collector in reference to the percentage which such losses may bear to the Fysly gross berij as well as to the general circumstances of each individual. This indulgence will be granted until further Orders.—

The instructions of the Board and Government respecting certain Permanent and Fluctuating Cowles having been communicated to the Tahsildars they must be guided for regulating remissions on this head in the Current year. The exact period when each Cowle will expire should be noted in the Jamabundy Chitta.—

The remissions which have been hitherto granted in some Villages at fixed percentage

per centage will cease on the completion of the prevision of assessment, while those under the head of Seazgaree will be continued as long as the Purwanadars or their heirs continue in possession of the lands.

Under the head of Ready money collections will be included as hitherto the amounts of the rents sanctioned in the Pooyoor for Tank fisheries, junglewood &c. in those Villages where these rents have hitherto prevailed. The proceeds of the sale of various jungle products in the Sheeharicota Division and the tax collected on firewood and timber for building purposes cut in those jungles will also be entered under this head.

The rules laid down for the preparation of the Motorpha and population returns in the Circar Villages are to be followed by the Curnums and head inhabitants in preparing similar accounts in the various Zamindary Shotriem Enam and Eyana Villages.

The

The individuals assessed with a Motorpha tax and those who are called on to make payment under the head of ready money and Sevoy Jumma will also receive Puttahs shewing the particulars of their liabilities.

Cultivation Hookoomnamah of the District of Chinglepute.

No person is allowed to raise Nunjah or Dotacal produce on Poonjah Maniem land by water from the public Tank or Channel which irrigates the Seerwapet lands or to cultivate a second Crop on single Crop Nunjah Maniem land. When this is done an extra assessment will be levied in the former case and Fusul justee in the latter.

It is the duty of the Putta Manigars or head inhabitants to clear the supplying Channels and keep them in order, so that the Tanks may receive their supply of water during the Monsoon. Rivers and Spring Channels are to be daily inspected and cleared under the orders

orders of the Puttamanigars who will also station the Toty Talier and some laborers on the bunds of the Tanks during the Monsoon to watch their safety and repair without delay any slight breaches—

The Puttamanigars are to investigate and settle any petty disputes which arise in the Village regarding the occupancy of land or the right of water and are likely to cause impediments to Cultivation. When these disputes are beyond the control of the Puttamanigars they are to be immediately referred to the Tahsildar for adjudication.

In September, October and Novem: ber, when the principal Cultivation is carried on the Zillahdars are to visit all the Villages of their Divisions / Shagil / twice, to examine the Cultivated lands and check the Village accounts. They are to report to the Tahsildar the dates on which they make their examination

examination in each Village and the result of their enquiries and when those reports bring frauds or discrepancies to light, the Tahsildar will himself investigate the circumstances and report them to the Hoozoor.

Any fraud or misconduct on the part of the Puttamanigars, Curnums and Zilladars and other public Servants either in preparing the Monthly Returns of Cultivation or in examining the lands actually Cultivated will be punished under the provisions of the Regulations, and the Tahsildars in their occasional visits to the different Villages will scrutinize the accounts and the general proceedings of the inferior Servants.—

"The Village jungle and Tank Fishery rents shall be granted to the Meerasidars for periods from 1 to 10 years with reference to the average revenue of the previous 10 years. The Tahsildars are therefore required to forward to the Hoozoor at the beginning of each year, the

Referring to Paras 1 & 3 of Extract from the Boards' Proceedings No 3864 of the 24th September last I have the honor to state that Sooba Row and Ramaw Row are two brothers enjoying 1/3 of the Curnum

21371 Fort St. George 28th December 1858.

Gunnums Hecarasy of the Village and that in lieu of these 2 Shares proposed to appoint one person to the portion of the Gunnumship they had forfeited.

2 Those two brothers in addition to their 3rd Share of Groundspoondy enjoy also the Gunnum Hecarasy of 5 other villages as noted in the Margin. The other 2/3rd of Groundspoondy are enjoyed in equal Shares by Samandanen Raid and Sasha Pillay who have also each noted above in the Margin and the former has in addition the remaining 1/3 Share in the two other Villages.

3. Neither of these two Gunnums is implicated in the Frauds of Sasha Row and Haracan Row or in any way related to them. I propose therefore with the Boards permission to nominate Samandanen Row and Sasha Pillay to the forfeited Share of Sasha Row and Haracan Row to work the accounts in turn agreeably to the usual custom and enjoy the Emoluments during the life time of Sasha Row and Haracan Rowden their heirs to permit their Share to revert to their nearest of kin who is fit for the Office in conformity with the Standing Order 4 of Extract from Minutes of Consultation No 1207 of the 1st November 1853.

In reply to the Board's order No 12587 of the 29th October last on
enclosing Extract from Minutes
of Consultation No 1446 of the 12th Ultimo
relative to a claim to 7 3/16 Cawnies
of land at Cuyoor in the Cotra
-nabee Talook preferred by
the Revd Frances Xavier Shave
the honor to refer the Board
to my Endorsement of the 28th
May 1857 on Petition No 555 of
1857 from the same individual
and on the same subject shewing
that the Petitioners claim is quite
untenable -

2 In his present Petition the Memorialist
he

he states that Mr Conway visited the "disputed ground" and decided the claim in his favor and that an order was issued No 936 of the 8th November 1830 notifying the same to the Inhabitants of the Village. From the records of this office it does not appear that Mr Conway did any thing of the kind beyond looking at the ground it was Mr Greene who issued the order adverted to and attached Petitioner inclosed a copy in his address to Government. The order settled a dispute between the Petitioner and the Inspectors of the Village as to who was to occupy the 3 - 3/8 Cawnies of land in lieu of the 4 Cawnies which were allowed to the Church Mariem. Mr Greene decided that the possession of the 3 - 3/8 of land belonged to the Church

in right of occupancy and not to the Grant in question. on the strength of this order the Petitioner appears to build his claim that the 3 - 3/8 Cawnies were equally declared to be Mariem with the 4 Cawnies but the case is not so as the order settled the right of possession only and not the freedom from Garden duties these circumstances as to Cawnies are only decided in the accounts as the Churches Mariem the 3 - 3/8 Cawnies are charged for on Pusilies 1264 and 1265 on the occasion of their being cultivated.

3 If the Government willing to confer a favor on the Roman Catholic Church at Negapatam the present may be an occasion for doing it but it will be of mere grace and not of any shadow of right

In a deposition given by the Petitioner who is a native though bearing a Portuguese name before

Forest Hill Sept. 23rd December 185

before the Selectmen of the Town on the 13th September 1857 he clearly shows that he has no reasonable to offer his claims need allowed that the parts of said premises of Mr Mackleson which he alleges he promised to give the Church land for the church provided he completed the building of the church then only in part of construction. Further the promise or its fulfilment was to be left among the heirs.
