Proceedings thereon.

Relative to the settlement of the Land Revenue of the District of Salem for Fisley 1248.

15th December 1839.
Para 1–11

Para 1. The general results of the year seem to have been favourable. The supply of rain was for the most part seasonable and sufficient and the District was free from sickness or other calamity. The Produce was abundant and the average of prices somewhat above that of 1247 Fusly; but while the cost of the more expensive products was considerably higher owing to the demand from without that of the more common sorts of grain constituting the food of the working classes was below that of the preceding season. The consequence was an increase of cultivation and of Revenue compared with the preceding year to the extent of 29,986-24-6 acres chiefly in the dry Lands rated at Rupees 50,138-5-1 the Settlement on which was 47,714-3-8 from which results a Net increase of Rupees 46,408-1-10.

Para 33.

The most important subjects noticed in the Report are the present states of the Cultivations of the best and highest assessed lands in Salem and the conditions of the present Cowlenamah. These two subjects which are intimately connected are discussed from Paras 16 to 32.

Proceedings 4th April 1839 Para 16 Page

4.

The subject is taken up from the point to which it had been brought in the Board's Proceedings on the settlement of 1247 Fasly in which remark had been attracted to the

Ibi para 16 excess of land relinquished over that newly occupied to the large proportion of Cowle

" " 19 Lands held on 1/2 and 1/4 assessment over the

" " 23 low lower rates and to the peculiar provisions of the Cowlenamah itself.

Report Para 17 5.

Of the four reasons given in explanation of the first of these subjects the second appears to be real and certainly one of the most important viz. that of "high assessed lands to a large extent being cultivated on Cowle and thrown up immediately

immediately the period of Cowle expires" Mr. Greig further observes that he experienced great difficulty in obtaining data for more exact information from the absolute freedom of cultivations which it has been considered "a primary object"

M. para 18 to encourage in Salem;- that the results of these "unquestioned" relinquishments and appropriations has given birth to a system by which the higher assessed Lands "not only in Salem but in other Districts also are progressively becoming waste whilst those that are easier taxed are being

" " 26 occupied instead;- that the Cowlenamah holds out encouragement to . . . Cultivate the best [recent] arable waste and again relinquish it rather than the old waste, for the gradual and permanent occupation of which the Cowle

" " 27 System was intended;- that the same process is going on in every District where the Lands are too highly assessed to enable the Cultivator to employ them profitably and that

" " 28 in consequence the Ryot is driven to take up

up such overtaxed lands on the short & limited terms allowed by the Cowlenamah for 7 & and 14 terms because in any other shape they would be unprofitable.

6.

Before noticing these opinions more particularly it may be well to premise that on the introduction of a Survey assessment the best Lands in each Village, that is those possessed of the greatest natural advantages in point of fertility, position, &c. having been long under Tillage and their capabilities fully ascertained, will naturally be placed in the superior classes and stepped with the highest rates of assessment. On the other hand the resources of those that remain waste will be imperfectly or perhaps not at all ascertained. The Cowlenamah or grant of favorable leases was instituted for the purpose of reclaiming the latter when the former should have been fully occupied and at the same time of allowing the more substantial Ryots to find a profitable employment

employment for their surplus stock and capital. Notwithstanding every precaution however, in framing the conditions of these Cowles they have been found liable to much abuse, by inducing the transfer of labor from the oldest and best Lands to such as from any cause were more light assessed or to such as derived undue advantages from the terms of the temporary lease. It has farther been a universal rule of revenue administration that while the Ryot was left free to cultivate as much or as little land as he pleased he was not suffered to occupy or relinquish the minute Divisions of the Land, which under the names of fields, numbers &c. have been adopted for the more accurate distribution of the rates of assessment but that particular tracts or groups of fields should always go together.

7. The Board are not prepared to coincide with the Principal Collector in attributing the results pointed out by him to over assessment, but rather to the neglect

neglect of the leading principles above mentioned.

8.

It would seem that the unlimited freedom of cultivation here referred to has enabled the Ryots to pick and chose their fields as best suited their individual convenience and interests to retain the Locations in which from whatever cause the assessment fell below the average and to relinquish the best and most productive sites hitherto permanently occupied. The loosely framed provisions of a Cowle annah frequently modified, has permitted them by means of long leases to reclaim waste that had never before been assessed while the shorter Cowles have enabled them still to derive a profit from their old holdings, by taking them for periods of 3 years at ¼ or ½ assessment quitting them when the full assessment became due to take them again on a new Cowle renovated and restored by the prescribed interval of fallow.

9.

The absolute freedom of cultivation

cultivation appears to have arisen out of an order of the late Principal Collector explained in his Report of the Settlement of 1239 Fusly. But the re-layations proposed by him were moderate and prudent compared with the present practice which is described as "leaving the Ryot unquestioned, perfectly free and untrammelled to give up the whole or any part of his Lands as may be most for his convenience & in like manner to take up whatever lands may suit him without let or hindrance". Nevertheless the proposition of Mr. Orr tho' far less general and sweeping induced the Board to caution him against "the issue of General Orders affecting the established system of administration, or even to propose them without being prepared to shew that they are in accordance with the principle of the assessment and the usages of the Country and suitable to its circumstances". It is easy to conceive the effects of the latitude of choice permitted by the present practice. Fields naturally connected with each

each other will be dissevered and the rejected portion rendered useless to any one else; others surrendered in the midst of those retained will be deprived of means of access; every inequality of assessment will influence the Ryots choice instead of excess in one place being made to compensate deficiency in another. A European farmer might as well insist on selecting the choicest portions of his farm and throw the remainder back upon his Land Lord instead of regulating his Lease by the outturn of the whole. The objection urged by Mr. Gleig against a return to the old practice that "it would have the effect of driving many "Ryots from their present holdings to "take Lands under the Mootahdars" does not seem a valid one because previous to 1239 Fusly when no such Licenses existed the number of Mootahs was much greater than at present.

The

10. The Board desire to be understood as entirely opposed to all compulsory Cultivation and to advocate by every means the freedom of Cultivation; subject only to the restriction; that if a Ryot relinquishes a part of his holding he shall do so agreeable to the Custom of the Country in such portion with reference to facility of irrigation &c. as will enable the Circar to get it cultivated by some other person. On this point they feel they cannot do better than call the attention of the Principal Collector to the Rules for the freedom of Cultivation which were promulgated in February with the full approbation of Government in 1234 Fusly with reference to which Mr. Gleig will be pleased to prepare and submit a modification of the Hookumnamah of his District.

encouragement given to the tillage of waste in this District had been a frequent subject for animadversion. The subject was further noticed in reviewing the settlement of the preceding Fusly and the period of fallow entitling the grant of a Cowle was restricted from 3 to 5 years, which limitation has been confirmed by Government and the propriety of which is fully confirmed by the facts noticed in the present report.

12.

The Land newly taken on progressive Cowle in 1248 Fusly is 22148 acres 27/32 exceeding that of the previous year by 9,140 acres. Of this about 1/2 is held free of demand for one or two years the remaining half is liable only to 1/2 or 1/4 tax the largest proportion to the former. There is however a small Decrease on the total Cowle Cultivation of the year.

13.

It would be useful to compare the Cultivation of fully assessed and Cowle Land

Comp. F. R.

lands for a series of years, but the number of Mootahs that have from time to time reverted to Government and been added to the Ayen renders this difficult if not impracticable. Mr. Gleig however has furnished a comparative statement shewing the Cultivation of 1207 Fusly, the first year of the survey, and that of 1248 Fusly excluding it is presumed all intermediate lapses. The result exhibits an increase both of cultivation and of revenue, but by no means in the same proportion, for while the lands occupied is in the ratio of 35 per Cent, that of the Teerwa is only 20 per Cent in addition to that of 1207 Fusly.

Statement No. 17.

14. The working of the system is still more clearly developed in the subjoined table extracted from the above statement, shewing that the increase has taken place from the occupation of the lighter assessed lands and the relinquishment of the old cultivation, agreeably to the process described by Mr. Gleig to be now in operation. about 39 per Cent of these old lands have been abandoned altogether, and the average Teerwa on the remainder, considerably reduced, while about 40 per Cent of what was waste at the survey has been brought under tillage at lower rates than formerly prevailed. — Guntah

15. The accompanying marginal statement taken from the Hindoo chitta account of a single Village (Wuntoo) transmitted with the other chitta account according to the late order of the Board, shew the manner in which the exchange of fields goes on, to permit a ryot at the settlement to relinquish the customary fully assessed lands retaining his cowle field only altogether at variance with the principles and practice (in all districts) of the revenue administration,

administration, and the effects of the practice may be gathered from the statement in Para 27 of the report where it is shown that the the general average of the Poonja cultivation is only 1-6-8. per acre. the average of that on the shorter Cowles is 1-13-3 per acre. The Board remarked on the settlement of 1239 Fusly that the statements regarding Cowles then "indicated the withdrawal of labor and capital from the old putcut lands to apply them to the cultivation of waste" the state of things above mentioned not only confirms this remark, but also proves that a large proportion of the old putcut lands have subsequently become waste.—

Proceedings 17th March 1831. Para 33.

Report. Para 31.

16. The cause must be one of two things, either as Mr. Gleig imagines the old survey assessment must be too high or the provisions of the Cowlenamah must be too favorable. The latter appears to be the real one.—

17. The average teerwa of the Poonjah (which are those chiefly affected) in

in four neighbouring districts is shewn in the margin. the pleas of over assessment therefore fall to the ground. —

21. Paras 35 to 47 - regarding

items of increase and decrease do not call for particular remark --.

Paras 43 & 49. 22. Of the total demand 16,79,416-11-6- Rupees 16,38,609-10-5- were collected within the Fusly - leaving a balance of 40,807-1-1- which has since been reduced to Rupees 2,693-14-2- on the 31st of December last --

23. Separate communications having been received of the Doubtful Balances noticed in Paras 50 to 54, and Para 57- these will be replied to in another place.-

24. The amount stated in Para 55. - stated to be irrecoverable by reason of deaths, desertions and extreme poverty, will be recommended to be written off --

25. The settlement of the Arayoor Nanddumdum and Cadmepoor Mootahs call for no particular observations --

26. The explanations on the subject of exemptions from Moturpha tax is considered satisfactory, and the Board concur with Mr. Gleig in thinking that the application of the rule should be left to the discretion of the Collector -

27. In summing up the resources of the year, Mr. Gleig shows that there has been a net increase on the year of 46,408-1-10, the present amanie demand however in those districts in which the permanent peacush was formerly determined still falls short of that demands by a sum of 14,571 8, the decrease being greatest in the Sinkhagherry Talook —

Proceedings Relative to the Settlement of the Extra Sources of Revenue in the District of Tanjore for Fusly 1249.

Salt

Para 1 The Board proceed to take into consideration the letter from the Acting Principal Collector of Tanjore noted in the Margin, containing his report on the extra Sources of Revenue in the District for Fusly 1249.

2

Fusly 1249	433856-8-5	In the amount from the Sales of Salt in Fusly 1249 there was an increase of Rupees 5,045-9-7. The Statements inserted in Paras 3 and 4 of the Acting Principal Collector's report exhibit the particulars of this increase. - From the former of these, it appears that there was a net increase of 68-7-1 in the quantity of Salt sold for Home and Inland consumption at the rate of Rupees 105 per Garce at which rate 1 Garce 110 were disposed of, to the Tranquebar Government which had made no purchases at all in the previous Fusly, making a total increase in the quantity sold amounting to 69-117-1. - There was

was a decrease to nearly an equal extent in the quantity sold to the French Government of Carical and for export by sea, amounting in the former case to £ 4 - m 23, and in the latter to 64 Total £ 68 - m 23. Thus the actual increase in the quantity sold during the Fasly was amounted only to 1 Garce - 94 - 1. but the increase in the money result was occasioned by the price of the excess Sold for Inland consumption and to the Tranquebar Gauernment, being as above noticed Rupees 105 per Garce, whereas the decrease occurred in Sales to Carical and the Eastward at the rates of Rupees 13 and 35 per Garce respectively. —

consumption was the result of an increase of £ 145 - m 345 in the latter, and a decrease in the former of 77 - 337 - 7. This decrease is attributed by the Acting Principal Collector to the annoyances to which the Salt Merchants have been subjected during the latter part of the Fasly in their transit thro' the Territories of the Rajah of Tanjore. The Board trust that the representations which have been made upon this subject to the Resident will be effectual in causing the removal of the evils complained of, and that the trade with Tanjore, which it appears has considerably fallen off in the last two Fasslies will be carried to its former extent

Para 6

The

Fort St. George 1st. February 1841.

The Acting Principal Collector observes that notwithstanding this decrease in the sales for home consumption, they were still - Gs. 77 - Ms. 144 - above the average of those of the ten years preceding, which includes the unusually large Sales of Fasly 1248. The increase of Gs. 145 - Ms. 345 in the sales for Inland consumption is stated to have been caused by an increased demand for the supply of Coimbatore, Trichinopoly, and South Arcot, owing in the latter, to a failure in the manufacture in the preceding season at the Southern Sales.

4 It is satisfactory to observe that a supply of Salt, tho' but a small one, has been taken from Tanjore for the uses of the Danish Government of Tranquebar, during the Fasly under review; the export to that Settlement having for the two previous Faslies entirely ceased. This recommencement of the supply, the Acting Principal Collector

The accounts particular of Extra Collections on account of Salt Layer & Sea Customs Nos. 1-2 & 3 include certain items under the head of "gain by exchange" which are also included in the sums exhibited in Statements C & D which accompany the report, but are not shewn in Col 9 of Statement A it is desirable that such discrepancies should be as much as possible avoided.

6 With reference to the con=cluding part of Para 3 of their pro=ceedings on the extra revenue settlement of Fasly 1248, the Board observe that the Acting Principal Collector has again omitted to furnish the statement prescribed in Para 2 of their circular order under date 22nd June 1837 shewing the places for which Rowanahs for salt intended for Inland consumption have been taken out and the quantity to each. - The Board do not deem it necessary to call for this Statement with reference to the Fasly under review, but they desire that they may be regularly transmitted for the future. -

The demand under this head for Fusly 1249 fell short of that for the preceding year by Rs. 3,363-4-3. the particulars of this decrease are exhibited in the margin.— It does not appear requisite to recapitulate the causes to which the increase and decrease in the various items comprized in the Sayer demand are attributed by the Acting Principal Collector excepting that as regards the decrease in the Collection of duties on Tobacco, the revenue from this Article alone falls short of that of the preceding Fusly by Rupees 3,116-5-11 and is Rupees 3,455-... below the rent of Fusly 1246.—

The Board particularly noticed this in their Proceedings on the settlement of the extra Revenue for Fusly 1248, and suggested the expediency of inviting tenders for the rents of these duties in future agreeably to the practice which obtains in other districts—a suggestion which was approved by Government in the Minutes of Consultation dated the 21st May last, and it would have been more satisfactory if Sir H. Montgomery had reported the result of his endeavours to carry out this suggestion.—

Proceedings.

Relative to the management of the Extra sources of Revenue in the District of Madura for Fusly 1249.—

Para 1. The Board proceed to dispose of the report, by the Principal collector of Madura, upon the management of the Extra sources of revenue in that District for Fusly 1249. contained in the letter noted in the margin.—

Salt.

2. In the revenue from the sale of salt, which, as noticed by the Board in their proceedings on the Extra Revenue report for Fusly 1248. has been gradually improving since Fusly 1245. there was an increase in the Fusly under review to the amount of Rupees 5,970-14- which the Principal collector attributes entirely to the improved state of the roads. In the sales for exportation to Coimbatoor, which had fallen off in fusly 1248 there was an increase in the year under review to the extent of Rupees 10,224- In the sales for home Consumption in Ramnad and Shevagunga there was a decrease, owing

25th March 1840.—

owing to the stoppage of Communication caused by the heavy rains which breached many tanks in the Shevagunga Estate; but as the Principal Collector observes, that this cannot be regarded as a very serious evil, as the same heavy rains, by affording means for extending the cultivation in that Estate, caused an increase of no less than 4. 3,000 Rupees in the land revenue.-

3

The amount of the Gross collections from the sale of salt was Rupees 2,61,306-1-10 and that of the charges, in which there was an Increase of Rupees 14 68-9-7 in Consequence of the greater quantity manufactured, Rupees 47,963-14-10 leaving a Net Revenue of Rupees 2,13,340-3, which exceeded the net revenue of Fusly 1248 by Rupees 4,290-11-9

31st Augt. in Cons. 9th Sept. 1839 Para 5.

9

In his report upon the Extra sources of revenue for Fusly 1248 the Principal Collector took occasion to bear favorable

favorable testimony to the integrity and activity of his salt Amildar, Nursingrow; and in the present report, after detailing the nature and extent of his duties, the Principal Collector concludes by recommending that his pay may be increased from 100 to 120 Rupees per mensem from the 1st August last, in consideration of the heavy and responsible duties discharged by him, and of the annual increase in the revenues under his charge. and because his pay is less than that of a Tahsildar, collecting a smaller amount of revenue. with every wish to secure a due remuneration for the zealous and punctual discharge of important duties, in whatever situation, the Board regret that they cannot second this proposal of the Principal collector. The pay of the salt

Amildar

From the Pl. Coll.r 17th. inst.o 31st. Dec.r 1831.

Amildar was proposed by the former Collector Mr. Vincash at its present rate with express reference to the large amount of the revenue which he had to superintend, and the extent of Country from which that revenue was derived, &c and the Board doubt the policy of allowing the mere circumstance of an increase of revenue having occurred during the administration of any particular individual, to operate as a claim for an augmentation in the pay of his situation- similar pleas might be urged in almost every District under the Presidency, which it would be found difficult to refuse if this were acceded to, tho' evidently impossible to grant. The Board consider moreover that any suggestions for the modification or augmentation of existing establish= ments had better be offered by the

Collector when his usual Moyen Zabitah is submitted for sanction. The above remarks apply equally to the case of the Sayer Chowkedar, Palaniappah Moodelliar in whose favor an application for an in= crease of Pay is made in the report under consideration.

Sayer.

In the Sayer Collections there was an increase of Rupees 19,716.14.2 of which Rupees 4,272-8.10. occurred in the Collections of the 5 per cent duties under Aumaine, and Rupees 15,444-5-4. in the rents of the duties on Betel and Tobacco. The greater part of the Increase under Aumanie= took place in the collections at the Madura Chowky, which amounted to Rupees 37,314 being considerably above the amount collected in any former year whether under Aumanie or rent- the

greatest

greatest decrease is stated to have occurred in Chintamoniyputty in Tandicombo, and in the Chowky of Custaba Theroomanpa-lum. the exact amount of the falling off in each is not specified, but it is attributed in the former case to a decreased produce of Lamp Oil, and Gingle Oil seeds, and Ghee - and in the latter to the abolition of three mettoos which with many others were discontinued under sanction of the Board dated 23d April 1838; when the sayer establishments was modified, in consequence of the alteration sanctioned by Govern-ment in regard to the Collections of Transit duties generally - To remedy in the inconveniences which the Prin-cipal Collector represents to have been experienced from the abolition of these Mettoos, he submits a list of 18 for

for the reestablishment of which at a monthly expense of Rupees 169-12- he re-quests that the sanction of Government may be obtained - The Board observe that the Mettoos entered in the list are with a few additions, the same as those entered in the list which ac-companied the Principal collectors

Encl. 1 -

Encl. 14th June 1838 - letter of the 2d June 1838; which was these submitted at the express desire of the Board; but the establishment of the mettoos was countermanded at the suggestion of the Principal col-lector himself, for reasons which were detailed at length to Government in the Boards' Proceedings of the 3d December 1838. In the Principal Collectors report on the Extra revenue for Fusly 1248, moreover the reduc-tion of 20 mettoos, tho attended with a trifling decrease in the sayer

collections

From the Pt. Colls. 4th Aug. in Cons. 9th Sept. 1839

Collections is designated as "a salutary relief to the poorer classes-" with this conflicting testimony before them, the Board cannot recommend any increase in the sayer establishment, unless further experience shall have rendered the necessity of such a measure more apparent than it is at present.-

6. Of the increase of Rupees 4,272-8-10- in the 5 per Cent duties above noticed, Rupees 2,386-4-10- were collected on piece Goods in excess of Fusly 1245: and the remainder Rupees 1,886-4- was the increase in the collection of the duty on 35 other articles, the immediate and total abolition of which is proposed by the Principal Collector in reference to the smallness of the amount of revenue realized therefrom- It appears however from the statement entered in Para 4 of the report that the amount derived from this branch of the revenue is

in the Fusly under review was Rupees 3,2,003-2-8- which is a larger sum than the Board think it expedient to recommend, should be relinquished in anticipation of orders which may be expected for the abolition of the sayer generally.-

7. The Gross Collections under the head of sayer amounted to Rupees 2,74,896-12-10- and the charges to 2,7,597-4-11- in the latter there was an increase of Rupees 5,018-6-4 occasioned by there having been a much larger exportation of piece goods to Columbo, on which drawback was allowed- The Net Revenue after deducting charges was Rupees 2,4,7,299-7-11- or Rupees 1,4,7,18-13-4- in excess of the Net Revenue of Fusly 1248-

Sea Customs.

The total demand from all the Extra branches of revenue in Fusly 1249. was Rupees 6,27,867-10-9. the whole of which was realized within the year. The Gross Collections, which include extra collections, Rupees 387-6-7. and Rupees 317. due at the close of Fusly 1248. on account of the demand for that year, amounted to Rupees 6,28,572-4-4. and exceeded the Gross Collections of Fusly 1248. by Rupees 28,739-13-7. In the

79,715-12-4. charges there was an Increase of Rupees 6,538-5-4. the causes of which have been alluded to, in the foregoing para.

The Net Revenue after deducting the charges amounted to Rupees 5,48,855-5- and exceeded the Net Revenue of

of Fusly 1248. by the sum of Rupees 22,201-8-3. a result which the Board consider highly satisfactory and reflects much credit on Mr. Blacke. burne's management.-

Ordered that a Copy of the above proceedings be submitted for the information of Government, and another copy furnished for the information and guidance of the Principal Collector of Madura.-

In Cons. 26th Oct. 1840

Sir,

With reference to your letter of the 21st October last, I am directed by the Board of Revenue to request you will lay before Government the Correspondence noted in the Margin, relative to the alleged sale by the Sheriff of Madras of lands on the North Esplanade the property of Government

To the Actg Coll. of Madras 17th Feby 1840
From Do 11th in C 28th Nov. "
To the Chief Engineer 26th D. "
From Do 24th Dec. in Cons. 14th Jany 1841.

2 The land in question is exhibited in the Plan submitted with Mr. Huddlestons letter of

of the 11th November last. From the Chief Engineer's letter of the 24th December, the Board gather that the sale was a fictitious one, that the alleged Mortgagee was the Purchaser, and that it was made only as a pretext on which to found hereafter legal proceedings.

3 The property is still therefore unappropriated by any private party.

From the Chief Secy. to Government. - } Extract from the Minutes of Consultation under date the 9th January 1841.-

Read the following letter.-

To The Chief Secretary to Government Fort St.e George.

Sir,

In consequence of an advertisement having appeared in the Fort St.e George Gazette dated the 16th August 1839.

Fort St. George 4th February 1841.

1839 - inviting tenders for the purchase of Sandalwood in the Coimbatore District, I did myself the honor on the 23d of October following to submit a tender to the Principal Collector of that District which was accepted by the Revenue Board -

On the 10th December, I again addressed that Functionary, informing him to that effect, and requesting, if not inconvenient to the Government, that the Wood might be permitted to remain in the Government Warehouse until there were sufficient water in the River to float it down, and on the 17th of the Month and year last mentioned, I forwarded 20,000 Company's Rupees, and the balance of the purchase on the 24th February 1840 agreeable to the Board's wish -

On receipt of their refusal to permit the wood to remain in their Godowns, a result contrary to my expectation and former practice - I directed my agent to use all possible dispatch and stow it at Bhowany until there were water in the River sufficient to float it down; my people went to that place to receive the wood, and the Collector deputed his Tahsildar to deliver it, he being the accredited servant on the part of the Government, and to him they consequently looked as the channel of communication -

In March - I received a letter from my agent stating that his servants had stopped receiving the Wood, as they had detected the Tahsildar

Fort St. George 4th February 1841.

Tahsildar in imposing an inferior quality upon them; and a Gentleman from Salem was deputed by my Agents to go and see the Tahsildar on the subject, the result of which was, that he, the Tahsildar, confessed himself in the wrong and offered to exchange the Wood and deliver quantity in terms of the Advertisement. -

A communication was forthwith opened with the then Acting Principal Collector of the District, and he replied that he was too busy to visit the place personally, and that therefore he must rely on the Tahsildar. In consequence of this reply, my Agent's servants were obliged to desist from receiving any more Wood, unless delivered in terms of the Advertisement. -

At this period Mr. Ogilvie succeeded to the Collectorate and gave immediate orders for the Wood to be reassorted, which was done, and he then discharged the Tahsildar and thereto[illegible] whom he had deputed to examine into the

the case, after this, to my astonishment, my Agent was told that he must receive the Wood as it was in its former state.—

As I could not account for the apparent inconsistency of such proceedings, after having discharged two of the Government Servants, which was the best evidence he could give that he was satisfied an imposition had been attempted upon me, I addressed myself to the Secretary to the Board of Revenue on the 3d of July following, requesting his interference, and that orders might be sent to the Collector of Coimbatore to deliver the Wood to me in terms of the Advertisement under which it had been sold, but not receiving any reply thereto, I repeated my application, and the only redress I could get from the Board was to this effect:- "that if I did not receive the Wood as they directed and remove it, they would resell it, altho' it was my property, the same having been paid for Months before.— I had therefore no alternative but to take away the

the Wood, and to order my servant to Protest against the proceedings now narrated, as the season was so far advanced that no passage could have been made down the river until next year, had any further delay taken place—

I must also beg leave to bring to the Notice of Government that the Advertisement signed by the Collector, set forth that the Wood was 1st 2d 3d 4th and undersized Logs, and they forced my servants, previous to the removal of the Wood to pay Duty on the whole as first and Second Sort as shewn by the Rowanah which is another proof, were such wanted, of the manner in which I have been treated.—

The enclosed Memorandum will shew that the total quantity received was 11,930 Logs or 233 candies, 3 Maunds and 11 9/10 Pounds, out of which there are no less than 3248 Logs or 63 Candies 1 Mound and 11 Pounds objectionables, which with the corresponding charges, I beg to submit that I am entitled to a refund, and to request that I may be favored accordingly

Fort St. George 4th February 1841-

accordingly with an order for Rupees 10,071—1—3-—

I further beg leave to state for the information of His Lordship in Council, that in consequence of this Work not having been delivered to me in the terms of the Advertisement under which I purchased it, and according to which I had made my arrangements, a delay of Eleven Months has taken place, for it has only just reached Nagoor, and whereby the opportunity of sending it to China, the only market for it's disposal has been lost, and this large sum of money locked up thro' what appears to me very reprehensible conduct on the part of the Collector's Servants;— Tho' they were discharged, this is no indemnifi=cation for the heavy loss I have so sustained, altho' I admit it is calculated to have a very salutary effect in

in protecting future purchasers from the severe hardships I have now detailed, and of which I am seeking redress-—

Sir,

To the Chief Secy. to Government.

With reference to the orders of Government dated the 9th Ultimo, upon a letter addressed to you by Mr. Wm. Haylett under date the 30th December last, I am directed by the Board of Revenue to forward for the information of the Right Honorable the Governor in Council the accompanying report by the late Acting Principal Collector of Coimbatore, with its enclosures upon the subject of the transaction which forms the grounds of Mr. Haylett's complaint, together with the orders passed by the Board in consequence, under date the 13th August last.

Subsequently to the date of their decision on the case, which was forwarded to Mr. Haylett on the day on which it was passed, the Board have received a further communication from that Gentleman requesting a re-consideration of his case, but as the reference in question contained no new matter, the Board did not deem it necessary to give the subject any further consideration, it being quite clear from the information already before them that the grievance complained of by Mr. Haylett was owing to the neglect on the part of himself or his agent, in not causing the removal of the Sandalwood he had purchased within 20 days, agreeably to the terms of the advertisement, altho' repeatedly warned by the Principal Collector that it must be removed within that time.—

Extract from the Minutes of Consultation under date the 9th January 1841.

The Right Honorable the Governor in Council proceeds to take into consideration the letter from the Honorable the Court of Directors dated the 23d September 1840. No. 13.—

Para - 1.

From the papers forwarded with the letters noted in the Margin, the Honorable Court will observe that with the view of making experiments for the improvement of the breed of Sheep at Madras, as well as in the interior, two Merino Rams were placed under the charge of Major Havelock and that that Officer's report of the result of experiments made with them was considered to be very satisfactory; as well as that the farm at Ofsoor has recently been transferred to

To, The Chief Secretary to Government.

Sir,

5

From the Chief Secy to Government-

Transmitting copy of a letter from the Sudr Udalut and requesting the Board to expedite the submission of the report called for, relative to the proposed Rescission of Regulation 32 of 1802 & 5 of 1822 of the Madras Code. —

Para 1- I am directed by the Judges of the Court of Sudder Udalut to acknowledge the receipt of the Minutes of Council Under date the 19th Ultimo, accompanied by a Despatch from the Supreme Government on the Subject of the proposed Act, for rescinding Regulation V of 1822 of the Madras Code-

2. A Statement of the kind required in the first clause of para 3 of that despatch could probably be prepared from the abstract Diaries prescribed by Section XXI Regulation V of 1822, compared with the original complaints to the Collectors; but the Court of Sudr Udalut cannot command these Records, the Board of Revenue it is conceived are the proper authority to furnish such a Statement. The Court of Sudr

Sudr Adalut could prepare, if required a state-
ment of the appeals preferred to the Courts, cx
under Section XVI of the same Regulation, from
the Summary decisions of Collectors in suits
concerning arrears of rent, shewing any desired
particulars; and from this compared with the
former, might be framed a further Statement
shewing the proportion of appeals and of decisions
finally confirmed and altered, all of which
taken together might form an useful expe-
-rimental test of the success with which
Collectors have exercised the jurisdiction
in question.-

3. But the chief ground on which
this jurisdiction was conferred, and is proposed
to be continued, is, the peculiar qualifications
of Collectors for exercising it, arising from
their Office.- They are almost necessarily cx
conversant with the subject matter of such
disputes and with the considerations which
ought to influence the decision of them, to

a degree to which no Court can be supposed
to be; and this qualification will become more
valuable and indispensable in proportion as
Pottas are made unnecessary to sanction dis-
-traint.- On this ground the Judges at present
consider that it would be highly inexpedient
to transfer this jurisdiction to District cx
Moonsiffs either with, or without the assis-
-tance of Punchayets. In neither way would they
have nearly the same advantages for deciding
quickly or rightly as Collectors.-

With reference to the 2d Clause
4 of para 3, the Judges think that unless it be
intended to allow Pottahs to fall entirely
into disuse, it will not be necessary to enact
formally the rules respecting the non inter-
-change of Pottahs and Moochilkas. The Judges
indeed remark that the mere repeal of
Regulation V. 1822, without any other enactment
will render the issue of Pottahs no longer necessary
preliminary to distraint; and they are still
as strongly opposed, as ever, to the discontinuance
of these most useful documents.-

5. They beg to refer to their letter

to

to Government of the 31st July last and to their former letter therein referred to and to state that nothing has been adduced which at all alters the sentiments there expressed. It may be added that it is of consequence to a proper revenue management that the Officer who is to realize the public revenue of the land, should have the most intimate knowledge of the condition of the people; should know the precise extent to which distraint has been carried; should be able to arrest that power, when unjustly exercised, before it involves the Ryot in ruin, should use the influence which his fiscal Office gives him, to sooth Village feuds, and reconcile disputes, and contests between Zemindars and their inferior tenants and should be able to bring before his superiors and the Government, annually, the true state of the Country committed to his charge, not only as regards the Government revenue but the pressure of the Zemindars demands upon the people. It is evident from the 33d and 35th paras. of the Revenue letter from

from the Court of Directors to this Government dated the 16th December 1812 and from the 135th and following paras; of their Judicial letter dated the 29th April 1814, that the Honorable Court considered the enforcement of the use of Pottahs as a point of the first importance, and there is reason to believe that since the use of Pottahs has ceased practically to be enforced, the Zemindary Districts have not been so productive.-

6. The question proposed in the third Clause of para 3 appears to the Judges to be purely a revenue question and they would suggest a reference of it to that Department.-

7. The Court of Sudr Udalut has not the means of stating whether the controul of Collectors over the ousting of tenants has been hitherto exercised effectively or not, the Board of Revenue could probably furnish the information as far as it can be furnished. There is nothing the Judges think to suggest

a

a doubt, a priori, that it might be quite effectively exercised; and if it was so it could not fail to be beneficial. There are all the same reasons for vesting this power in Collectors preferably to any Courts as there are for granting to them jurisdiction in disputes respecting arrears of rent; and the Judges would be as decidedly opposed to such a transfer of the power as they at present are to the transfer of the jurisdiction.-

8. The Court of Sudr and Foujdaree Udalut are of opinion that in lieu of the provisions contained in the proposed act from Section XXV to XXXII, respecting dispossession and disputes regarding boundaries &c. the mere extension to this Presidency of act IV of 1840, would suffice, with suitable alterations.-

9. It is desirable that Section XXV of the proposed act, the provisions of Section II of act IV of 1840 should

should apply to property in general, personal as well as real, jewels, bonds, &c.-

10. It will also be expedient to retain Section XXXI of the proposed act, which makes the Principals, tho' absent responsible for the acts of their Agents &c. But the cases alluded to in para 6 of the Bengal dispatch may be omitted and left to be disposed of under the General Code.-

11 The notice to be given by the Magistrate to the Collector in Section III of act III of 1840 may be omitted as the 2 Offices are here vested in the same person.-

12. The appeal provided for in Section VIII of the act should here lie to the Sessions Judge, proposed to be substituted for the Provincial Courts.-

13. But Sections XXXIII to XXXVIII of the proposed act should be retained as necessary to amend the local

local law of this Presidency.-

From the Acting Coll.r of Cuddapah

Sir,

Para 1. I regret that from various causes chiefly beyond my control I have been hitherto unable to reply to your letter of the 4th ult.o since last regarding the Quit rent to be levied on the Properties of Europeans in this District. I have now the honor to forward a Statement shewing the extent of land attached to each property and the amount which it is considered may be demanded annually from the Owners or occupants.-

Submitting a statement shewing the extent of land attached to Houses occupied by Europeans in this District and Amount of assessment which it is considered proper to demand annually from the owners or occupants and requesting instructions with regard to the arrears-

2 With regard to the arrears for

for the five last years, I beg leave to send the letters received from the several owners who have objected to pay wholly or in part, and whenever it has appeared that the occupancy had taken place within five years, I have only charged for the time of actual possession of the property. In their answers Mr. Stromboom and Mr. Blane objected altogether to pay any arrears of Quit rent, and the former supposed that there must have been a grant for the land on which his house is built and the garden thereto attached, but on applying to the Registrar of Grants at Madras, he says there was none entered for this

this property. Mr. Stromboom also supposed that there would be a deed of sale or some other Document noting the transfer of the Godowns from the Government to the former proprietor of his premises, but there is no such paper forthcoming. I request that I may receive the orders of the Board of Revenue as to the objections offered by these Gentlemen, and also their approval as to levying a smaller sum for arrears of Quit Rent than the gross estimated amount of

five years arrears. I would suggest that in future the annual Quit Rent should be Collected in the Month of January in each year, or as soon after as possible.

No. 2

To the Subcollector in Charge

Cuddapah

Sir

I have the honor to acknowledge the receipt of your letter of the 18th Ultimo. with its enclosure and to inform you that I have no Government Grant for the land appropriated for my house and compound at Cuddapah though as it was built many years ago by Mr. Rundal then Commercial Resident it is probable a reference to the Office of Register of Grants at Madras may show that one was granted.

A part of the Compound however in which the old range of Godowns is situated as well as those Godowns were originally the property of Government and when the Residency to which they belonged was abolished were sold by public auction and bought by the late owner of the house, for this site therefore the boundaries of which are clearly distinguishable I

Fort St. George 4th February 1841

should hope that no quit rent would be levied whatever may be the decision as respected the remaining ground attached to the house. I hope therefore you will be pleased to refer the matter for decision to higher authority.

(Signed) P. H. Stromboom

To William Lavie Esquire

Acting Collector of Cuddapah.

Sir

In acknowledging the receipt of your letter of the 13th Instant enclosing a copy of a letter from the Board of Revenue dated 6th June last together with a list of the lands occupied by my bungalows at Muddenpully and Cuddapah and requesting me to remit to you the sum of Rupees 196-11-1 on five years assessment on those lands. I have the honor to state that the demand for more than one year in arrear appears to me to be an error arising, as I imagine, from the circumstance of the lands occupied by my houses being confused with lands held under

Fort St. George 4th February 1841

under regular Government Grants on a fixed Quit rent which should have been paid regularly every year and it is to arrears of this nature which the Board of Revenue evidently refer in directing them to be collected as far back as 5 years. The lands however occupied by my houses are not held under any Government Grant nor is there any Quit rent due upon them, but they are lands of the description referred to in the second Paragraph of the Board's letter of the 26th September last in which they state explicitly that "It is not intended that the order contained in this Para shall have retrospective effect.--

Unless therefore this order of the Board respecting the latter class of lands has been specially rescinded since, all that is demandable from me is the rate for one year which would apply if

Fort St. George 4th February 1841

if the land were occupied for Cultivation" that is to say Rupees 39-5-5 according to the statement now inclosed by you.--

Kurnool---
17th August 1840.

(Signed) T. L. Blane

To the Head Assistant to the Collector of Cuddapah

Sir.

Our agent Mr. Norman, now at Cuddapah, has handed to us Copies of correspondence which he has had with you relative to the Quit Rent on your Office Land occupied by buildings belonging to us.--

To avoid the necessity of reference to us being again necessary by Mr. Norman, we address you direct on the subject, and have to regret that it was not brought to our notice before.--

On the other side, we beg to hand Copy of a Certificate which we received at the time we became purchasers of the property, which you will observe was on the 24th November 1838. From that date

Fort St. George 4th February 1841

date only we imagine we are liable for Quit Rent and this we shall be prepared to pay upon being informed of the amount due.

Proceedings thereon-

19-20

It was not intended that arrears of assessment for five years should be levied from Parties in possession of Houses and Grounds in Cuddapah unless their lands were occupied under Government Grants, and had been during that entire period in the enjoyment of the present Holders. Mr. Blane and Mr. Stromboms' objections are therefore so far valid.-

The demand on these Gentlemen and other Parties similarly situated should be restricted to the Fusly in which it was made.-

From the Acting Collr. of Cuddapah } Sir,

With reference to the Extract from the Proceedings of the Board of Revenue, dated 27th august 1840, directing that the Board cannot recommend the renewal of the Muddutmash Yeomiah, adverted to in my

Submitting further explanations regarding the claim of Vencatla Row to the renewal of a muddutmash yeomiah enjoyed by his father Streenevasa Row.

my letter of the 10th of the same Month, to Vencatrow, son of Streenevasrow, unless the service annexed thereto be of a useful or charitable nature, I have the honor to state that on the purport of the foregoing extract being intimated to the claimant he submitted the enclosed three original summuds which have been granted to the ancestors and Father of Vencatrow, who now claims the Yeomiah, from which it appears that they were in the enjoyment of 8 Villages originally and subsequently only 4, together with some fees, and the Petitioner states that his deceased father was in the monthly receipt of 6 Pagodas and that at the commencement of the British Government that sum was reduced to 6 Pagodas 2-2-13/4 as explained in my letter above alluded to. The Service therein stated is not useful for the public but is of a charitable nature

nature in feeding Bramins and per-
forming ceremonies yearly. As I think
that the Board of Revenue would
on the perusal of these summauds
perhaps be inclined to show more
indulgence on this claimant than in
the cases of the Ordinary Muddut-
mash Yeomeadars and as the pen-
sion now claimed appears too tri-
fling in comparison with the Em-
luments mentioned in the above
summuds, I would beg to recommend
that this Pension of Rupees 77-6-11
be renewed in the name of the
son Vencutrow from the 28th May
1840, the date on which his father
died. I request that the summuds
may be returned for transmission
to the Petitioner--

of Cuddapah-

Sir,

With reference to your letter of the 14th Instant, requiring a revised Statement of Extra Tent allowance for Fasly 1249, exclusive of the Amount drawn by Mr. Blane, while in the Curnool Country, to be furnished; and that Mr. Blane should apply to Government for its special sanction, I have the honor to forward herewith Copy of an Extract from the Minutes of Consultation, under date the 11th January 1840, authorizing Mr. Blane to drawn Extra tent-allowance, altho employed at Curnool-
As the Extra as well as the Fixed Tent allow-
ance and the Salary of Mr. Blane have been already charged in the accounts of this District, and as the authority above adverted to, may perhaps be sufficient to induce the Board to admit the above charge into the Statement

Statement of the extra tent allowance of this District, I have thought it proper to apply for further instructions before forwarding a revised statement as required in the letter under reference.

(25) Proceedings.- Para 1.

Relative to the Settlement of the Land Revenue in the District of Chingleput for fusly 1248.-

Ordered to be brought forwarded at a future day.-

(DESTROYED)

Read again Report from the Collector of Chingleput on the settlement of the Land Revenue of his District for fusly 1248.-

The Collector sets out by stating that the Net Land Revenue of fy 1248 was Rs. 1,79,892. below the Amount of the Permanent Settlement and Rs. 9,274. less than the amount of fusly 1249 or a decrease of 16½ per Cent, and 7 per Cent respectively.- It will be seen that as regards the deficiency below 1247 fy, there is a falling off Amounting to Rs. 7,908-13-11 as C. under the head of Villages settled on Ryotwar principles, whilst on those rented on Dustoor, there is an increase of Rs. 3073-5-11. as P.

2 In the abstract Comparative Statement appended to Para 3 from whence these results are taken, in the years 1247 and 1248 Separate heads (Cols 5 and 8) are opened with a view of shewing the amount of Sundry Small farms and Licenses included in the Permanent Settlement but

but it is observed that the Amounts entered are the actual Collections of those years and not the Amount included in the Permanent Beriz - without knowing what is the precise Amount so included, no faithful comparison can be made between the Collections of the present day and the Amount of Beriz fixed at the Permanent settlement, the Board desire to know what is the exact Amount on account of Small Farms and Licenses included in the Permanent Beriz -

3. In the absence of this precise information it appears to them that the only legitimate Comparison that can be made is between the actual Collections of Land Revenue for any particular year - excluding those from Sundry Small Farms - altogether from the Account - A comparison made on this principle between Fusly 1247, and 1248 exhibits the result shown by Mr. Freese Vizt. a deficiency in the latter year of 69,275.

4. In following out hereafter the

the Comparison between the Permanent Beriz and the Collections of Fusly 1248, it will be necessary for the Collector to explain whether the Sollee grant, Quit Rent &c. Amounting to 3,076 - 5 - 10 - shown separately in the same State-ment, is included in the Permanent Beriz or not, and if not, why not - If not found inconvenient, it would seem advisable that these items should be incorporated with the land Revenue of the respective Villages to which they properly belong.-

5. The season of 1248 Fasly is represented to have been generally unfavorable - The failure of early rains impeded the Dry Cultivation throughout the whole District, whilst the North East Monsoon upon which the wet Cultivation almost entirely depends, was very partial - so much so that few of the large Tanks received more than half their usual quantity - The supply derived from the Rivers

Area 4.

Fort St. George 4th February 1841.

Rivers passing through the District is stated to have been scanty, whilst under the Chumbrumbaukum Tank alone, there was a remarkable decrease in the extent of Cultivation compared with the preceding fusly owing to the small quantity of water in the Tank, which only admitted of the irrigation of fields in low situations.

6. In the Northern Taluks however where the Rains fell heavy, the extent of Cultivation and Revenue increased in a corresponding degree, beyond the preceding year, The general result of the season was a Net decrease in the Cultivation Compared with the preceding fusly of 12063 Cs. wet and Dry land or a per Centage of 8½.

7. The price of Grain in 1248 Fs. was favorable to the Ryot, being Twelve per Cent above the price of the preceding year, or on an average 15 Mercals per Pagoda.

Para 6.

8. Referring to the detailed comparative Statement of the Number of

Fort St. George 4th February 1841.

of Villages and amount of Revenue under different modes of settlement in 1248 Fs. compared with 1247 Fs. it will be seen that the few cases of Decrease and Increase which exist under the heads of Fourty Zemindary and Throtteen Villages are satisfactorily explained, as being dependent upon

Paras 7 and 8. arrangements which have already received the sanction of the Board and Government.

The increase of 14 in 9. the total Number of Villages compared with the number in the accounts of 1247 Fs. originated in it's having been ascertained during the recent Survey that these heretofore called Hamlets possess separate Lands, Ryots and Boundaries circumstances which have rendered, their independent inclusion with the other Gen Villages of the District, necessary and desirable.

Para 10. 10. Owing to the unfavora-ble appearance of the season and the fear of ultimate loss few proposals were made - for renting the Annamy

Fort St. George 4th February 1841.

Annamy Villages in 1248 F. The number actually rented was 70. the rented Beriz of which exceeded the Revenue realized in 1247 F. by Rupees 3073-5-11- or 16¼ per Cent.

11. Mr. Freese explains that in consequence of the difficulty in procuring adequate tenders for renting the Villages under Annamy, and being most anxious to avoid a resort to the last mentioned vexatious mode of settlement, he resolved to adopt the recent survey assessment as the basis of his Tunmakbundy for 1248 F. a course which on enquiry he found would be agreeable to the general desire of the people, and which would also have the advantage of affording the means of testing the feeling of the Ryots in general towards the recent survey and rates of assessment completed by Mr. Maclean. In pursuance of this resolution it appears that in addition to 819 Villages in which the Survey rates of assessment already

Fort St. George 4th February 1841.

already prevailed, they were introduced for the first time into 649 additional Villages, making the total number of Villages thus settled 1468 in the Tunmakbundy accounts of 1248 F. Mr. Freese has also supplied a Statement shewing the actual results of the Ryotwar Settlement with a comparison between the Revenues in the Villages lately surveyed, and those formerly assessed, with the Permanent Settlement and past Fusly.

12. In this Statement Mr. Freese shews that the Settlement of Fusly 1248 in the 819 Villages assessed by Mr. Vincash fell short of the Settlement of 1247 by 15 per Cent and of the Amaunt of Permanent Settlement by 23 per Cent, whilst the Settlement in Fusly 1248 of the 649 Villages settled according to Mr. Maclean's Survey was only 2¾ per Cent short of the Beriz of 1247, and only 17 per Cent less than the Amaunt of Permanent Beriz.

13. It appears to the Board that no useful comparison can be made between

between the Collections in 1247 and 1248. from the two Setts of Villages alluded to. The Collections in Fusly 1248 of the 819 Settled by Mr. Vincash are made according to a fixed rate of Teerwah upon the actual extent of land held Ryotwar compared with Collection made upon exactly the same principle in 1247, whilst the Collections in 1248 in the 649 other Villages are it is true, also according to a fixed rate of Teerwah upon the extent of Cultivation, but contrasted not with Collections similarly made but with the Net Amount realized Chiefly from Rents 630 out of 649 Villages being rented out, and excluding the profit of the Renter. Having recorded the foregoing observations, the Board do not consider it necessary to follow Mr. Freese thro the Statements he has appended to Paras 13 and 14.

14.

Paras 15 & 16 Mr. Freese has explained in these Paras the mode in which he introduced the Settlement in the newly assessed Villages; observing that

that in consequence of his intention of taking the survey assessment as the basis of the Jummabundy not being known to the Ryots at the commencement of the season, it became necessary to deviate in some respects from the course he would have otherwise pursued, and the Board are of opinion that having once determined upon the introduction of the Survey Rates in the 649 Villages on his own responsibility, he appears to have adopted the best means in his power to get the Ryots to agree to it.

15 It would appear ample opportunity was given to every Ryot to take advantage of the Survey Rates provided he considered it his interest to do so by reaping and threshing his grain without the Surveillance of the Government Servants. On the other hand on behalf of all Ryots who might be unwilling to adopt the Survey rates on the supposition that they would

Fort St. George 4th February 1841.

would press more heavily on them than the result to which they would have been subject under the Aumany system, provision was made for estimating the Crops and giving permission to cut them, leaving the circumstances of each Ryot's case for final adjustment at the appointed period of completing the Settlement.

16. The great Majority of the Ryots it appears at once assented to the Survey rates, and those Ryots who in the first instance desired to have their Crops estimated, or who objected on other grounds, also, agreed to the general arrangement on finding from the result of a trial in a few Villages in which the Crops were cut and thrashed by the Government Servants, that the Government share of the produce fully covered the assessment, and as Mr. Freese observes, "Cut their Crops without waiting for their being estimated."

Fort St. George 4th February 1841.

Para 17. 17. The total amount of Remission in 1248 was Rupees 59,040-15-11 a large proportion of which Rupees 42,967-14-10 was made in the Villages newly brought under the Survey Assessment whilst that in the Villages formerly settled amounted to Rupees 16,073-1-2.

15,049 - 12 - 10

18. Under the head of Shamilat Bunjer, the excess of remission over the amount remitted in 1247 is very large. but Mr. Freese explains this to have been occasioned by the nature of the season and the circumstance of the introduction of a new system - and that the like remission would not be granted for the future.

Rs. 11,192-4-10 - 19. The same remarks apply to the remissions under the head of Phala Nastom or deficient Crops - More liberal terms were granted in the newly assessed Villages under this head, including the sums remitted on account of inferior products raised

Ryots Rupees 1,551-15-14 The whole amount collected in full - 1,299-13-9 therefore thus paid Remainder paid by Ryots - - - 1,551-15-11 by the Ryots was 2,851-13-8 Rupees 2,851-13-8. whilst the sum remitted was 2,766-14-8 Rupees. In the newly assessed Villages the amount of Teeruah on the land the Crops of which perished was Rupees 10,485- the whole of which was remitted with a small exception inconsideration as explained by Mr. Freese of the peculiar circumstances under which the introduction of the survey rates took place in the first year of their adoption.-

21. Mr. Freese attributes the small amount of Teeruah on land the Crops of which perished in the old assessed Villages compared with the excess in the newly assessed Villages to the discouragement which the existing Rules of granting Shavi Remissions under a survey assessment holds out to the industry of the Ryots. The Board would observe that in fixing

raised on highly assessed Lands than will be necessary in any subsequent year. It is not stated by Mr. Freese what description of inferior products are here referred to, although the Board are led to include that they were ordinary Punjey or Dry Grains.-

20.- Under the head of Shavi or Crops destroyed by drought, the amount of remission was Rupees 13,186-4-4 of which Rupees 2,766-14-8. were granted in the old assessed Villages and Rupees 10,419-1-8 - in the newly assessed Villages. On referring to Statement 23 it will be seen that the Teeruva on land the crops of which were wholly deficient in the Villages formerly settled amounted to Rupees 5,618-12-4 of which Rupees 1,299-13-9 were collected in full leaving Rupees 4,318-14-7. Of this sum, the amount remitted on a variable rate of percentage was Rupees 2,766-14-8 - Remainder to be paid by the Ryot

fixing a Teerwah upon the average produce and price for a period of years due allowance is made for unfavorable seasons and except when the loss by Shavi is very great indeed and far exceeds the grain by high prices, no remission for shavi should be claimed as matter of right.- Mr. Freese concludes his remarks on this subject by asking the question whether it is advisable for such small sums as those which came to the Government Coffers under the operation of the Rules mentioned above, to put a check upon the agricultural spirit of the Ryot. In reply to the foregoing remark the Board resolve to forward for Mr. Freese's information and guidance Extract from a letter from the Secretary to Government on the settlement of South Arcot for Fusly 1233 dated 4th March 1825 which clearly defines the Rules under which remissions in regularly surveyed and assessed lands should be made.- It will be seen from these

Para 3d Instr. 10th March 1825.

that

that although the claim of the Ryot to remission in an unfavorable season is for the reasons therein stated, not admitted as matter of right still that ample latitude is left to the Collectors to grant remission in all cases in which the inability of the Ryot to pay the assessment is properly ascertained.-

22 In regard to the Cowle remissions referred to in these Paras (22 to 30), the Board will at an early period report upon them separately, when they have received a report from the Collector upon certain other Cowles granted in the Talooks surveyed by Mr. Viveash which was promised on the completion of the survey and which has been again called for.-

Paras 34-35 & 36.

24. In these Paras, the Collector reverts to the subject of the result of the settlement as connected with the introduction of the late survey and assessment in the 649 Villages.— His object is to explain that although at first sight the remission in the newly assessed Villages might appear excessive, this excess is not more than would have been actually allowed as Remission under the old system of Rents and Summary management, or in other words that in one case the net results only are exhibited whilst in the latter the entire rent of all land cultivated is in the first place brought to account, from which it is always necessary to

to distinguish as remissions such portions of the Rent as cannot from various causes be fairly realized.— In elucidation of this subject, Mr. Freese has explained in a Comparative Statement the actual number of Cawnies of each description cultivated in 1247 and 1248 in the newly assessed Villages under different modes of realizing the Revenue with the net Collections and average per Cawney in these two Fusles, of which the subjoined is an Abstract.—

The

25. The Board cannot concur with Mr. Freese in thinking this excessive Remission more apparent than real- No just comparison can be made with Villages settled under rents and aumany, but there is no disguising that in 819 Villages settled under the old survey rates- the amount remitted amounted only to Rupees 16,073-.-2 while in the 649 newly assessed Villages the amount of Remission came to Rupees 42,967-14-10- which the Board think can only be accounted for as already explained in Paras 18-19 and 20 of these Proceedings-

26. Mr. Freese concludes the subject of the newly assessed Villages by stating that he received "few or no complaints against the amount of assessment and the proposed survey rates, whilst much rivalry was displayed to obtain the Puttahs in their respective names- An inclination which it should be the aim of the

the Collector to foster and encourage as evincing a strong desire on the part of individual Ryots to enter into direct engagement with Government as affording them the best security against the oppressions of their more influential neighbours- As Mr. Freese determined upon introducing the new survey rates he acted properly in personally making known to the Ryots and entering in their Puttahs that the new assessment was liable to the revision of higher authority.-

The Collector's settlement 27 of the Village of Colatavanjary referred to in para 38 of the Collector's Report in Fs. 1248 exhibits a satisfactory increase over the Mootahdar's management in Fs. 1247 being 26⅜ per cent in excess of the latter, yielding a satisfactory proof that under good management the permanent Bariz in a well conditioned Village is by no means an exorbitant Rent

Rent. The outturn in the Amany Villages of Madamadanombaidoo was very different awing, as Mr. Freese states to the Mootahdar &c. having, as a final act ruined almost every individual by suddenly enforcing the payment &c. of old balances - The Board desire to know the name of this Mootahdar and to be informed whether he has still any other Estates in the District -

Para 41. 28. The Collector should have stated the names of the two Villages referred to in this Para, the names of the parties by whom they are held and their present condition, compared with what it was at the time of the Grant being made. The Board are however of opinion that it will be preferable to retain these two Villages entire under the Head of Rent according to the conditions of the respective Cowles, as at the expiration of the period stated therein

therein, they will naturally fall under Ryotwar settlement -

29 The course proposed to be followed as regards the incorporation of the Colapatadoo Villages recently surveyed by Mr. Maclean, with the Ryotwar Villages is approved -

30. The Board concur with the Collector in thinking that for the reasons stated by Mr. Maclean in his report of 15th April 1837, Copy of which is given in the margin, the sums collected from certain Enamdars in 35 Villages in the

(28)

From the Pt. Coll.r of S. D. of Arcot.-

Sir,

I have the honor to forward the accompanying Statements containing the information required in the Board's Proceedings dated 9th December 1839 and as the amount of the collections is of no importance to the Circar though extremely vexatious to the payers I beg leave again strongly to recommend that the same may be discontinued from the commencement of the current Fusly.-

Chinglepute Zillah Auxiliary Court Original Suit No 152 of 1838.

Plaintiff
1 Mootoo Comara Reddy (L.S.)
2 Vallaya Pillay

Defendants
1 Hatoo Bava Ravuten
2 Maddata

Decree of the Assistant Judge's Court.

This suit is instituted for the

Fort St. George 4th February 1841

the recovery of 3 and odd Cawnies of Poonjah land paying annually Rupees 20-2-10 and for Rupees 124 being the value of crops and trees thereon.

The Plaint states that in Fusly 1240 the property of one Pettu Reddy was sold on account of some circar balance, the 1st Plaintiff became the purchaser, subsequently Pettu Reddy mortgaged to Plaintiff 4 and odd Cawnies of land, a part of the land which he received on Mortgage and a part of the land which he had purchased at the circar Sale. Plaintiff afterwards planted it with Vala Trees when the defendants who had no right whatever gave threatened for the land in question. Plaintiff complained to the Tahsildar who decided that the

the land belonged to him and took a Novacheticu from the 2 Plaintiff binding himself to pay full teerwah reporting the case to the then Collector Mr. Dent. The Collector, however, without proper enquiry, ordered the land to be given to the Defendants, but when Mr. Ashburn came as Acting Collector, he enquired into the case and finding that the Plaintiffs were cultivators belonging to the same Village and that they agreed

 Fort St. George 4th February 1841.

agreed to pay the full teerwah, ordered the land to be given to them; and when Defendants forcibly ploughed the lands, the Collector repeated his former orders. Defendants complained to the Revenue Board and the Collector having reported all the circumstances, the orders was approved of. Plaintiff accordingly cultivated the land in the year Dummookhe 1 3/16 Cawney as beetle garden - 3/16 of a Cawney with Vala trees, and having cut the Vala trees on the rest of the land ploughed and sowed it and enjoyed the produce, but at the period of giving puttahs at the end of the year. Mr. Dent returned, and gave back the land in dispute to Defendants having destroyed the puttah given to the Plaintiff. Defendants cut down 150 Vala Trees on the land they left the beetle garden as it was and cultivated the rest. Plaintiffs therefore sue for recovery of the land valued as above - of the produce of which he was deprived for one year, amounting to 52 Rupees and 75 Rupees being the value of the Vala Trees.-

The Defendants in answer state that

that 4 and odd Cawnies of land, including that in dispute, having been for a long time waste, Defendants in the year 1836 presented a durcast and obtained and endorsement from the Collector for the Tahsildar to give them the land in question - Afterwards the 2d. Plaintiff to prevent their getting possession of the land presented a durcast for 6 Cawnies stating himself to be the Goomastah of Mootoo Lingia Reddy of that Village - The Collector fully investigated the subject and gave 1/2 Cawney to Plaintiffs and the remaining portion to Defendants - Defendants cleared their land accordingly and commencing sawing Cumboo, when Mr. Ashton coming into the District as acting Collector, the second Plaintiff presented a Petition to him on the subject and Mr. Ashton delivered up the land to Plaintiffs without instituting a proper enquiry and bid defendants to apply to the Revenue Board, Defendants appealed accordingly and an order came to give the land up to Cultivators, who were inhabitants of the Village - The Collector then enquired again and found out that there was no such person

as Mootoo Lingia Reddy an inhabitant of that Village and as Defendants were the original Durcastdars, gave the land up to them and they have enjoyed it ever since - This is the case as far as defendants are concerned - they further argue that the 2d. Plaintiff in his Petition to the Collector stated himself to be the Goomastah of Mootoo Lingia Reddy, and now mentions Mootoo Comarapah Reddy, as it was discovered that no such person as Mootoo Lingia Reddy existed -

Plaintiffs in their reply repeat the assertions contained in their Plaint and state that in the pleadings before the Collector the 2d. Plaintiff did not designate himself as Goomastah of Mootoo Lingia Reddy but Mootoo Comarapah Reddy -

Defendants in Rejainder maintain that the land was never Cultivated by the Plaintiffs, that the portion which Plaintiff purchased at auction was left waste for 5 years, and that the Cawnies mortgaged by Pettah Reddy had been many years uncultivated, so that Pettah Reddy had no right to Mortgage them -

Plaintiffs filed a list of 4 Witnesses who

who were examined and 7 documents. Defendants produced no Witnesses but filed one Document.

Plaintiffs' document No. 1 is the Mortgage Bond given by Pettah Reddy.

No. 21 Copy of an Arzee from the Tahsildar of Trwady to the Collector.

No. 22. Copy of a Mochilca given by the 2 Plaintiffs to the Tahsildar.

No. 23. Copy of an order given by the Acting Collector to Tahsildar dated 7th June 1836.

No. 24. Copy of a Diary order by the Acting Collector dated 21st June 1836.

No. 25. Copy of an Endorsement on the Defendants Petition dated 14th June 1836.

No. 26. Extract from the Register of Petitions dated 4th August 1836.

Defendants Document No. 1. Copy of a Diary order by the Collector dated 19th June 1837.

Decree.

It is not denied that the land was waste at the time Defendants gave Durcast Vizt. in Fusly 1246 for though the Plaintiffs state that they planted Vala Trees, yet they had paid no Teerwah and the payment is the only test of cultivation, but the proposal made by the Defendants was not finally accepted nor

were the Defendants put in possession in Fusly 1246. On the contrary in consequence of the Tahsildar's Report No. 21 the Acting Collector in his Tacked No. 23 dated 7th June 1836 ordered that the Plaintiffs should be put in possession on the grounds of their being Coolkoodies and as such entitled to a preference under the terms of the Revenue Hookumnamah. The Court is also bound not to have entirely out of consideration the right which the Plaintiff had derived by Mortgage and purchase which is not disputed, it is proved by the evidence that agreeably to this order No. 23 Plaintiffs were put in possession of the land by the Revenue Authorities. that they cultivated and paid Rists for the year Doormookee, and the order is further confirmed in the Tacked No. 24. An appeal subsequently made by the Defendants to the Revenue Board failed to obtain a reversal of this decision. Mr. Dent however having returned in June 1837 for the first time reversed the Acting Collector's order, and ordered

ordered the lands then in possession of the Plaintiffs to be transferred to the Defendants. In the opinion of the Court, the Collector was not justified in depriving plaintiffs of possession after they had cultivated and paid Teerwah for one year. Mr. Dent's order of the 19th June 1837 takes notice of two objections raised by the present plaintiffs but disposes of only one, while it leaves the strongest objection viz. That defendants had never been put in possession. (although the Plaintiffs had unanswered. The Court therefore decrees that the Plaintiff be put in possession of the land sued for. With reference to the value of the Vala Trees for which Plaintiffs sue, the Acting Assistant Judges is of opinion that they are not entitled to recover the value of the produce of land for which they paid no Teerwah and to which therefore they had no right previous to Mr. Ashton's order of 7th June 1836.

The Court is also of opinion that if the Plaintiffs wished to recover the loss sustained by them by non-Cultivation in Fasly 1247 they

they should have included the late Principal Collector in their suit, but that they are not entitled to recover from Defendants-

The Costs should be divided in proportion to this decision. Defendants defraying that portion incurred on the Estimated value of Land, and the Plaintiffs to be charged for the share incurred on the other items entered in the plaint-

in answering your letter of the 1st Ultimo respecting Sepoy Jgem permaul No 1581 in that I had to communicate through the Sub Collector with the Tasildar of the most distant taluk - I have the honor to forward copy of his address which will show you how much the Sepoy has been mistaken in his opinion of what that Officer has done or is able to do for him. The very assumptions of the Sepoy borne out by the public accounts and by oral testimony shew at once the complaint cannot be entertained by any Revenue or Police Authority - And I am of opinion that Clause 4 Section XVIII Regulation II of 1802 equally precludes the entertainment of any suit by the Judicial Courts for recovery of lands of which the party has been so long without possession. It is for you to consider if the little chance of such a result is sufficient to warrant his absence from his Corps - The attempt might be made but I doubt not it would be vain by a duly authenticated power of Attorney in the name of any relative he may have left on the spot -

Salt

2

In the Current Collections from the sale of Salt in Fusly 1249 there was a Decrease of Rupees 9,844-10-1. which is attributed by the Collector in part to there having been an unusually large demand in the preceding year, in consequence of which the stock in some places was nearly all expended before the expiration of the year. The sales of Fusly 1248 were reported to have exceeded by a considerable amount those of any previous year since the establishment of the Monopoly. so that as the Collector observes the occurrence of some slight decrease in the following year might naturally be expected. The Collector reports that in consequence of the entertainment under sanction of Government of a more efficient establishment for the conduct of this branch of the Revenue in the Current Fusly, a very great improvement may be anticipated, the sales to the date of the report under consideration having exceeded those in the same period of the preceding year by 11,000 Rupees.

3 The total supply of salt for the Consumption of Fusly 1249 inclusive of the previous year's balance was after deducting wastage 5323-11[2]-5[m] of which 2258-3[m]46-5[m] were sold within the year and 45-9[2] written off as wastage leaving a balance of 3019-7[m] in hand in part of the supply of the Current Fusly.

Fort St. George 4th February 1841.

132-9-11 amounted to Rupees 237313-9-11 and the Charges to Rupees 31,972-7-1. The Charges exceeded those of Fusly 1248 by Rupees 5,216-10-8 owing to the quantity of salt manufactured having been greater by 683-29[2] than in the preceding year which caused an increase in the item of Koodewaram or Manufacturers share alone, to the extent of Rupees 4,786-10-. The amount of Net Revenue after deducting charges was Rupees 205341-2-10 being less by Rupees 15161-4-5 than the Net Revenue realized in Fusly 1248.

Sayer 5 In the Settlement of the Sayer Revenue there was an increase of Rupees 14,756-15-. the result of a Gross increase of Rupees 31,967-15-. of which Rupees 26,228-1-7 occurred in

From the Coll.r of Tennevelly — Para 1

With reference to an Ex-
=tract from the Proceedings of the Board
of Revenue under date the 21.st ultimo and its
accompaniments, I have the honor to state that
the Chank Fishery has usually commenced in
October and ended in May; although the present
season is somewhat advanced, I have taken mea-
=sures for its renewal during the broken period
and in order that no time should be lost—
have confined the advertisement of its renewal
and the invitation of tenders to this District
alone, more particularly as by a reference
to the records of past years I find that the
tenders have almost exclusively been made by
parties residing in this District.—

2 Enclosed I beg to forward to

Fort St.e George 4.th February 1841

to the Board Copy of the usual Advertise-

From the Actg Collr of Malabar — } Sir,

Submitting explanation called for by the Board on the 7th Ultimo respecting the non payment of the full reward claimed by certain officers for Elephants Killed in the vicinity of Palghaut.-

In reply to your letter of the 7th ultimo (received on the 29th) I have the honor to acquaint you that some time ago I received yr dasto from my Head Assistant Mr Silver informing me that the officers whose letter formed an Enclosure to yours had killed to the amount of 18 Elephants at respective times and proposing with reference to the size of the Animals &c as reported by the Talook Authorities, that certain rewards should be paid for them. The rewards appearing to me to be sufficiently adequate, I gave instructions for their being disbursed.-

On the 10th of November last I received a letter from Messrs Smith and Clogstoun, two of the Officers in question, informing me that they considered that they

2.

they were entitled to 30 Rupees for every Elephant that might be killed small or great and requesting that if as they had been informed by Mr Silver any distinction was made under instructions from your Board, I would furnish them with a copy of those instructions -

3 In reply I forwarded Extracts from your Boards' letters of the 10th August 1815 and 13th June 1836 and since that time have heard no further from them on the subject -

4. I beg to enclose a Memorandum shewing the exact size of the animals killed as reported to have been measured by the Talook Officer in his Official report, which of course is the only document on which Mr Silver or myself could found our decisions - Nothing was mentioned of the circumstances of danger &c now brought to notice in the Original Statements that were transmitted to us - It appeared to me that these Gentlemen had gone out on a shooting excursion for their own pleasure and that there was no reason for giving them any larger reward than would have been allowed to a native Shikaree -

The

Proceedings thereon-1. The Board are content to leave to the discretion of the Local Officer the extent of Reward to parties engaged in the destruction of wild animals and the maximum for an Elephant having been fixed at Rupees 70 Mr Conolly did right in sanctioning smaller sums for the Elephants destroyed by the Party of Officers whose claims are under observation in reference to the age and size of the animals -

(48-49)

2. On the whole however the Board are disposed to think that the scale of Reward adopted by the Acting Principal Collector is too low- Sums of 10-15 and 20 Rupees for the destruction of even a small Elephant seem but an inadequate recompense for the risk and enterprize incurred in the pursuit and the maximum Reward should they think be paid for Elephants standing 9 feet in height -

3. It is requested that the

the original letter from Lieutenants Smith and Clogstoun, and Ensign Wylde may be returned to the Board of Revenue -

From the Asst Collr of Malabar -

I request to be informed whether the usual Monthly allowances of any Treasury may be made by my Uncovenanted Assistant Mr Platel during any period in which I have not the services of a European Assistant - Mr Platel has performed this duty for the last two months, but I do not feel certain that I was authorized to direct him to do so under the orders of Government circulated with your Board's letter of the 25th November 1833 to which

which have only lately come under my notice.

I trust that there may be no objection for I have every confidence in Mr Plated, and it would be extremely inconvenient to have to come into Cutcherry merely for the purpose of examining the Treasury at times when my duties lead me to be in a distant part of the District.

From the Ag. Pl. Coll.r of Malabar.....

On a visit to Tellicherry some Months ago, a Petitioner came to me with the Extraordinary Statement that he had purchased some property at a Government Sale about 16 years previously, but that although he had actually paid the Money for his purchase, he had never been put in possession of it, and had failed hitherto in every attempt to get justice done him. The Complainant being an inhabitant of One of the Talooks under the charge of the Sub Collector, I requested that Gentleman to have the matter thoroughly investigated, and I have now the honor to forward a Memorandum received from

from Mr. Goodwyn, which shews that the Statement made is thoroughly correct.—

I request that as it is not possible to put the Petitioner in possession of the land which was sold him, I may be permitted to return the purchase Money with Interest up to the present time.—

Memorandum of the Joint Magistrate regarding Utcharatha Moosahs case.—

Utcharatha Moosah has repeatedly during the last 16 years presented Petitions to the authorities of Malabar, to the effect that on the 9th July 1824 he purchased at a Government auction, the Garden and house called Kelath at Tellicherry for 765 Rupees, which sum he then paid and holds

receipts for, that he never however was put in possession of the said Garden and that no attention has been paid to his arzees praying that, that may be done.—

The above auction he states, took place in obedience to a letter from the Court to the Collector in the matter of the Provincial Court's Decree in Suit No. 1. of 1821. Calingul Raricken. Versus Ponmanichindeagatha Coonjee Poker.—

On looking over all the proceedings, it appears that the complainants Statement is correct.— At the time of the Sale, no claimants to the property appeared, but some delay took place in regularly installing Moosah in possession of the property, and a person of the name of Rodrigues subsequently brought forward his Claims and proved (by a Decree No. 17,030 passed on the 19th December 1813 by the Zillah Court in the Northern Division in Suit No. 17,030 of 1813 Coonjee

Fort St. George 4th February 1841

Coonjee Poker, Versus Rodrigues Vea. / that the property was entailed in Rodrigues's family, and it could not therefore be alienated either by Mortgage or otherwise. in Consequence, as shewn by the Cotiote Tahsildar's Arzee of 30th July 1827- he / the Tahsildar / was unable to put Moosah in possession of the Garden that he had bought and paid for. No Order appears to have been passed on this Arzee.

In 1827 Moosah brought a Suit No. 453 of 1827 and also other suits before the Moonsiff to recover the rent of the Garden but the Moonsiff dismissed his suit or suits as the Plaintiff could not prove what particular right he had purchased.

It appears that on the 9th July 1824 the purchase Money paid by Moosah to Government was

Fort St. George 4th February 1841

handed over to Rarichen Vea. as the parties for whose benefit the Garden in question was sold:- this appears to have been premature as the purchaser had not been put in possession of his purchase, moreover, it is clear that directly it was found that possession could not legally be given as no such right as that sold existed, Moosah ought to have had the purchase Money then in the Government Treasury restored to him, or if it had been paid over to Rarichen Vea. it should have been recovered from them.

I cannot obtain the Original Proclamation for the sale or the account of the claims, if any, put in against the property, the decision passed thereon, or the exact description of Mortgage sold at the Auction. I have used every endeavour to obtain these documents

Before disposing of the case brought to notice in the foregoing letter, the Board of Revenue would wish to know who the Party Aurichen is, to whom the Purchase money paid by Moosa for the Garden was handed over—and whether the amount in question could not be recovered from him or from his representatives.—

From the Coll.r of Madras—

Submitting observations on the subject of certain rules relating to the arrack and Toddy shops at St. Thomas' mount proposed by the Adjutant-General of the Army with reference to representations from the Commanding Officer and explaining when and under what authority they were originally licensed and that the rule which applies to them obtains also in every other part of the Collectorate and which could not, therefore, be well altered on their account only

Recd 6 January 1841

Para 1. I have the honor to acknowledge the receipt of your letter under date the 21st Ultimo, transmitting an Original Extract from the minutes of Consultation in the Judicial Department dated the 27th October last, and communicating the instruction of the Board of Revenue to furnish them with such observations as I may wish to offer on the points in the documents which accompanied it.—

2. The Documents which call for my attention appear to be only those marked Nos 2 with the letter from the Foujdarry Udalut dated 17th October 1840 and Nos 4, 5 and 8, the first of which being a letter from the Adjutant General of the Army to Government dated 28th August, contains Rules 3 and 4 relating to the Arrack and Toddy shops at St. Thomas' mount,

submitted

Enclosure No 2.

submitted for the consideration of the Right Honorable the Governor in Council. The 3d Rule provides that the Commanding Officer alone should have authority to order where Spirits and Toddy are to be sold and that the present system of making a positive loss to the Dealers not to force into consumption, a certain quantity of Arrack daily should be immediately put an end to, and the 4th Rule provides that not only should the sale of Spirits be reduced within Military &c limits, but that the Contractor should only be allowed to establish a closely restricted number of shops within a circuit of at least two miles of them.

3. The Sowdarry Udalut observes with respect to the proposed Rules, that, under Section XLIII, Regulation VI of 1832 Government are competent to fix the limites within which liquor may be sold and by order to the Commissary General are

Vide the Sowdarry Udalut's letter appended to the Extract from the minutes of Consultation 27th October 1840

are competent, under Section XLIV to fix such rules and stipulations as they may deem proper, but that the Commanding Officer can have no power over the manufacture &c and sale of liquor, such control being &c vested, exclusively, in the Commissary General, who may place an Officer at the Mount in Charge of the Abkarry there, and direct him to consult the Commanding Officer in giving effect to any Rules which Government may sanction.

4 With reference to the above, &c I beg leave to observe that the sites of the shops within the Cantonment were originally selected by the Commanding &c Officer himself, and the 16th Para of the Local Regulation, of which the Document No 7 is a Copy, shews that no shop can be removed from its present locality "without &c "giving notice to the Police Officer in writing" and obtaining his "approbation" and this &c is

From Officer Commanding St. Thomas Mount 19th May 1830

is invariably attended to in the case of any change in the site of the shops at the mount.

5. The Arrack Shops at the Mount established by this Office were licensed with reference to the Correspondence entered in the margin. Under the instructions of Government communicated by the Board on the 30th April 1829, the sale of Arrack previously carried on under the superintendence of the Commissary General was transferred to the General Abkarry Contractors of Madras and Chingleput. When the Abkarry farm was taken under Aumany management, the Board, on the 6th May 1830, observed that they entertained "no doubt that the former

"former orders of Government allowing the "Establishment of shops for the sale of "Spirituous liquors within the Cantonment "of St. Thomas' mount, although they had "an especial reference, to the Contract then "subsisting, intended that, after the termi- "nation of the Contract, those shops should "be under the Collector of Madras, and mana- "ged according to the same system as the Madras "Abkarry generally."

The same rule which

6

obtains in every other part of the Collectorate

6th May 1830

is observed accordingly at the Mount also- as directed by the Board the shops within Military limits are let "at auction to the highest bidder". The Dealers are not "forced" to take any Arrack, they merely obtain from this Office the quantity which they voluntarily engage fairly and openly to sell, and they are probably the best Judges

judges of what the consumption will be under any circumstances. If the quantity which they propose to sell on payment of the established duty is diminished, the probability is that the surplus for daily Consumption will still be drank, and that Government alone will sustain the loss from the clandestine introduction of Spirits which have not paid the regulated tax.—

7 The Order of Government furnished on the 30th April 1829 shew that, after much discussion, and mature consideration on the part of that authority, as well as of His Excellency the Commander in Chief and

and Commanding Officers, the number of shops for each of the Cantonments of St. Thomas' mount, Palaveram and Poonamalee was limited to two "within 4 miles of the respective Guard Houses." This area seems to have been fixed upon solely with a view to the maintenance of good order within the Cantonment, certainly not with the view of obtaining the greatest amount of revenue that could be realized.

8. It is proper to notice here, that the power of licensing formerly exercised by the Commissary General was transferred to the Revenue Department, under the sanction of Government whilst

whilst Section VII. Regulation IV. of 1827, which has been since rescinded was in force and contained provisions similar to those laid down in Sections XLIV and XLVII Regulation VII of 1832 relating to the rights of the Commissary General and Commanding Officers.

9 Adverting to the letter from the Officer Commanding the Centre Division of the Army under date the 19th august, in which the circumstance of two additional or temporary Arrack Shops having been opened at Sydapett for 3 days from the 13th of that Month is noticed, I have to observe that, as in 1838 and 39, in the case of similar Shops opened on the occasion of the Little Mount feast, no objection was made to this Office, a reference to the Commanding Officer in respect to those placed at Sydapett was supposed to be unnecessary: but this is obviously an omission which shall not occur again.

Enclosure No 4

The

Enclo 2 & 5

10 The Officer Commanding St. Thomas' Mount in his letter to the Adjutant General under date the 22d August, suggests that an efficient Civil Magistrate may be appointed to supervise, under revised Regulations, the Abkarry farm, and that, if the Arrack contractors cannot be released from any engagement to sell a larger quantity of liquor than they have any prospect of disposing of fairly and openly, the public revenue from arrack may be realized in the same way that it is from the sale of Toddy.

11 Regarding the advantage which might attend the appointment of a Civil Magistrate, it is not requisite that I should offer any observation.

12 The observations in Para 6 above apply to the engagement entered into by the contractors. The rules for the management of the

arrack

Fort St. George 4th February 1841

arrack and Toddy shops respectively, which were submitted to the Board on the 7th March 1835, could not, under existing circumstances, be well attered at the Mount, whilst they continue in force all around it.

Encls. 2 & 8. 13. The Commanding Officer in his letter of the 15th July, states that there are two arrack Shops at the Mount and one at Sydapett, that the utmost quantity of arrack they can fairly and openly sell in one day is from 14 to 15 Gls. between 1/2 past 5 in the Morning and 9 at night, whereas the contract formed on the 12th July 1840 was for the Sale of Gls. 29 and Dms. 15 per diem, and that the whole, it is conjectured, is disposed of at R. 1-8 per Gallon.

14. It has been already explained that the two shops at the Mount were licensed under due authority: and, as regards the one at Sydapett the correspondence noted in the margin

To Bd. 18 June 1831.
From Sec. 4th July

Fort St. George 4th February 1841

margin will shew that it was established at the recommendation of the then Commanding Officer. The local Regulation provides that the retail price of arrack at the Mount - "is never to be below 40 Cash per dram, and for "the unadulterated quality of which the "the contractors will be held responsible," and further that the "regulated "price of it be communicated monthly "or at other convenient intervals to "the Police Authority, and that a "proof of unauthorized prices, adulteration or deliterious admixture be "made subject to fine;" but the Commanding Officer reports "that, "by mixing water with the Arrack "they retail, their gain is greater than "that derivable from the Established "rate of 40 Cash per dram, and "that the average price" at which it is sold is Rupees 1-8-0 per Gallon, which gives only 38 1/2 Cash per dram.

The

Fort St. George 4th February 1841

15. The Commanding Officer also states that the nominal number of contractors is 3. whereas the real contractors are 23. in number, who are the most influential Natives resident at the Mount, and whose immediate interest it is to forward, by every means in their power, the illegal sale, and that there are 7 Toddy Shops at the Mount and Sydapett, which pay a certain sum daily, and this without reference to the quantity sold.

16. This Office looks only to the parties who actually contract with it, and has no cognizance of Subdivisions of their Shares. Toddy Shop keepers as the Board are aware, although they do not pay a tax on their actual daily sales, pay one upon the number of Trees from which they are allowed to draw Toddy; the quantity which such trees will afford being estimated according

Fort St. George 4th February 1841.

according to fixed rules. The only difference, therefore, between the manner in which the Arrack and the Toddy Shop keepers pay their taxes is, that the Arrack tax is paid on the actual measurement of the liquor. The Toddy tax upon Estimate.

17. In conclusion, the Commanding Officer observes that, besides these Shops regularly authorized, there are other places of Sale supposed to amount to between 12 and 18, and suggests that the selection of contractors should be left to the charge of the Police, and the continuance of the license should be made to depend on the good conduct of the person to whom it has been granted, and that the sale of spirits should be conducted in strict accordance with the local Regulations.

18. The unlicensed sale of Arrack or Toddy is an offence cognizable

cognizable by the Officer in charge of the Police under Section XVII. Regulation VII of 1832. Whilst to limit the parties who might contend for the Sale of spirits at the mount to parties selected by the Police would tend to injure the Revenue in an undue degree, it appears very desirable that attention should be paid to any representations from the authorities at the mount respecting the character of Individuals; and this Office will, at all times, be prepared to give what assistance it can in inducing obedience to the local Regulations.

19. The whole of the Enclosures in the letter under acknowledgment are returned herewith; copies, for the use of this Office, having been taken of those referred to in the foregoing Paras.

Government that a Military Detachment of 1 Havildar, 2 Naigues and 20 Sepoys is at present entertained at Polacamund for the purpose of guarding the Public Offices & as Captain Cumming coincides with me in opinion that the services of this Detachment might, with advantage, be dispensed with, were a small extra Establishment of 6 peons and one Duffadar substituted in its place. The peons would be useful for other duties as well as for that of acting as guards. the expense to Government would not be so great as is incurred by the present system and the efficiency of the Regiment from which the Detachment of Sepoys is furnished would clearly be improved by having its force more concentrated. I may add that the Barrack now in use by the Sepoys can be made available for the Tahsildar's Cutchery. The season of fusly 1249 was

Pittapoor- 2.

at the Commencement favorable, as regards
the Poonasah or early Crop, and the prin-
=cipal Crops both wet and Dry. The
Outturn of the early Crop indeed was as
good as could have been expected, but
the failure of the rains at the beginning
of the N. E. Monsoon had been already
injurious to the principal Crops, when the
Storm, which occurred on the 16th November
1839, destroyed the produce, which had
either been cut and heaped, or was being
cut, or was ready to be cut up to that time.
The great quantity of rain however,
which fell during the Storm, was beneficial
to the Crops, which had not reached
sufficient

Fort St. George 8th February 1841.

sufficient maturity to be injured. The damage done by this storm was two fold. In the Estates of Cadeyem, Covvoor, Cundavillay, Attaly and Penogondah, which are inland, it was confined to the effects of the wind and rain at the time, but in the Pittapoor and Cocanadah Talooks, which border on the Sea, the effects of the Storm on land were aggravated by an inundation of the Sea, of the most awful nature, occasioning a loss of life to the amount of 8,244, and extending to a greater portion of this Zemindary than any other individual property. Under this severe Calamity, the Crop is Estimated not to have exceeded 5/16th of a good average one.

× Vide my letter to Bd. of Revs. dated 22d. Janry 1840.

3. The same Calamity, which destroyed so much produce of the Country proved also fatal to many Vessels laden with grain, and the prices were consequently enhanced considerably which assisted to a certain extent the realization of the Revenue.

4. The number of Villages on the Pittapoor Zemindary in fusly 1249 was 198, the same as in fusly 1248, and were settled as follows

7. In the Vifsabady System in force in this District, during late years, the Ryots were divided into two Classes, Dar and Nadar, or Rich and Poor, remissions being allowed to the latter Class only. In the Current fusly all distinction of Classes was abolished and endeavours were made to suit the engage= =ment of each Ryot to his ability of fulfilling it. The actual Calamitous circumstances of the season in this Zemindary did not admit of the system being fairly tested, but it is expected that when the defects of it have been supplied by the introduction of the Rules for

A decrease is thus shown of Rupees 32722-13-3- which is partly to be attributed to the Calamity above alluded to and partly to the sad depression which successive bad seasons have brought on a Zemindary once the most flourishing in the District and which only requires fair seasons to render it so again. The following Statement shews that the decrease is entirely confined to the Villages which were under rent in Fusly 1248, the depressed State of which is borne out by the actual losses sustained by the Renters and the large balances unrealized inconsequence.

13. The Amanie balances are classed in the Margin under three pro= =per heads. Of these, some are unavoidable, as others again are rather of a vexatious nature arising out of the want of will, rather than the ability to pay them. Indeed after the storm, the inclination to exaggerate its effects was so great as to render the making the settlement at all most difficult. With respect to the rented balances the

Under date 9th March 1840, Submitted a Statement of the rented Balances and I stated that I thought a sum of Rupees 1,69,562-12-4 would require to be remitted, provided the parties come forward to make arrangements for the discharge of the remainder. This, I regret to say, has not been done, and a very vexatious and indeed in some cases, fraudulent spirit has been shown to evade them. Under these circumstances, I have been obliged, in order to uphold the interests of

of the Minor and Government, to have recourse in some cases, to the Provisions of Regulation XXVIII of 1802 Section XXXIV. If a man was really poor and could not pay, this course would be harsh, but in this instance, there is not one, who cannot meet the demand to the extent which has been required, and as most of the Renters owe every thing they possess to the more prosperous seasons of this Zemindary, it is but fair that they should share both the good and bad. The balances of fusly 1249 have already been disposed of above, the amount now, therefore to be treated of is Rupees 2,86,459-11-1, From this, Rupees 1,304-8-4- require to be deducted on account of Collections or arrangements made, and Rupees 3,3961-4-1, I beg leave to recommend to be written off, as really desperate being due

From

From the above, it appears that the actual available receipts of the year from the resources of the Zemindary, were Rupees 3,72,783-10-7. of which Rupees 2,52,075-14- were appropriated to the discharge of the Circar Peishcush, leaving a balance, on this account, of Rupees 1,41,362-10-8, and, including preceding arrears Rupees 3,35,857-5-3. It is to be regretted that so great a balance should be outstanding just at the approaching close of a Minority, but when two such seasons as Fusslies 1248 and 1249 have occurred, the only way to form an opinion of how far the interests of the Minor and Government have been attended to, is to refer to the rest of

of the Management of the District and looking to the heavy balances, which now have in these two years accrued on the principal Zemindaries and Estates in possession of the Zemindars and Proprietors, I trust it will be found that

that the actual result is favorable to the Management of Government.—

16— The instant the Minority expires, a report will be submitted of the actual state of the Zemindary to that date, and my opinion of the best course to be adopted, both as regards the realization of the future revenue and the recovery of the amount of Rupees 9,691. 7—10— advanced by Government for the satisfaction of the Decrees of the Courts against the Zemmandary. I have again applied to the Accountant General respecting the realization of the amount of the Bond forming the principal portion of the balance in hand.—

(23)

From the Coll. of Masulipatam. Submitting a report on the Extra Sources of Revenue for fusly 1249.

Sir,

Para 1 I have the honor to forward the following Report on the Extra Sources of Revenue in this District for fusly 1249 together with the usual Statements.-

2 The following Abstract exhibits a comparison between the amount of Revenue for fusly 1249 and that for the previous year, and shews a net increase of Rupees 33,871-13-3 a p there being a decrease of Rupees 12,000-"-3- and Rupees 22-12-3 a p in the items of Stamps and Moturpha respectively, while there was the large increase in all the other items of Rupees 45,894-9-9.-

3 On reference to Statement No 1 it will be observed that the quantity of salt sold in the Pondraca and Innoogoodroo Cotaurs on account of Inland and Home consumption for July 1249 amounted to 2,627-390-0 and the Collections to Rupees 2,75,937-6-0 shewing an increase both in the sales and Collections in the former of 422-303-0 and in the latter of Rupees 44,389-8-7 above those of the July preceding. This increase is unusually large, as will be seen from the Abstract of the annual Collections noted in the Margin, and is owing to the circumstance of the Result of a greater Number

7. Statement No. 2 will shew that there was an increase in the revenue under this Head to the amount of Rupees 477-10-5 for the fusly under review. —

8 It will be observed that the said increase arises principally in the following articles Viz. Cs Tobacco, Lamp oil, and Articles used for dying &c. but there would have been a much greater increase had it not been for the decrease in the sale of Cloths, Ghee, and other Articles, consequently on the small number of troops at present in this District. —

9 The total collections from this source of Revenue within the Cs fusly amounted to Rupees 92,746-6-11 inclusive of Extra items and arrears and

and the charges to Rupees 22,406-10-2 Sa. Pa.
shewing a decrease in the latter of
Rupees 2,382-14-3 Sa. Pa. below the charges
in the last fusly. - This decrease is
owing to the following causes, 1st viz.
the reduction effected in the charges
of Management by renting out in
the fusly under review the duties
on Betel and Tobacco in some Divi-
-sions 2ndly the small amount ab-
-lones on account of Drawback.
Notwithstanding the decrease in
the total Collections as shewn in Col. 4
of the Printed Statement the said de-
-crease in the charges caused an
increase in the Net Revenue to the
amount of Rupees 1,999-14-5 Sa. Pa. above
that of the fusly preceding as noted
in the Margin. -

11 The total Collections under
this head amounted to Rupees 8494-7-10
from which deducting Charges Viz.
Rupees 2460-11-10 the net amount
of Revenue is Rupees 6033-12-0 Sa. Pa. -

With reference to Statement
No. 4 it will be seen that the de-
-mand under this head for the
year under review shews an in-
-crease of Rupees 299-14-6 above
that of the fusly preceding as noted
in the Margin. - This increase is
owing chiefly to the circumstance
of the Bunder Mostah having
been retained under Aumany
management in fusly 1249 while

ib

it was under rent for fusly 1248.—

13 The total Collections within the fusly amounted to Rupees 33516-8-7 inclusive of the Extra items and arrears shewing an increase of Rupees 1519-11-7 above those of the preceding fusly. The total charges amounted to Rupees 2255-5-8 including Rupees 302-5-8 for the charges for the Bunder Division. the net collections however, exceed those of last fusly by Rupees 1816-10-11. as shewn in the margin.—

14 Statement No. 5 will shew that there was an increase in the demand under this head for fusly 1249 of Rupees 192-11-11. This increase is owing to the circumstance of no rent having been obtained for the fisheries in the preceding fusly, in consequence of the extreme of draught which rendered them unproductive.—

15 The Collections under this Head for the fusly under review shew a decrease of Rupees 12,000-11-3 below

below those of the fusly preceding as noted in the margin, in consequence of few stamps of a high value having been sold during the fusly. The total Collections within the fusly, inclusive of charges refunded, amounted to Rupees 21519-4-5 and the total charges to Rupees 2082-4-9 inclusive of Rupees 142-7-3 on account of stamp duty refunded under the Court's Precepts, leaving the net amount of Revenue at Rupees 19,536-15-8.—

Decrease 22-12-3

16 It will be observed from Statement No. 7 that the demand under this Head shews a decrease of Rupees 22-12-3. This decrease is nominal and arises from the Statement on each individual for fusly 1249 being exhibited in that Statement as the demand agreeably to the instructions contained in the Board's proceedings dated 14th May last, entering the collections on account of arrears under the head of "Extra Revenue" as per

letter from the Accountant General dated 5th September 1835. But to the demand of the fusly under review, if the sum of Rupees 254-11-10 the Collections on account of arrears as shewn in Statement marked A be added according to the custom observed in this District up to the fusly 1248 the revenue would exceed that of the preceding fusly by Rupees 231-4-7 as noted in the margin.

17. The total Collections under this Head amounts to Rupees 14,561-10-2 inclusive of the extra items &c from which deducting Rupees 8563-15-6 on account of charges the net amount of Revenue is Rupees 5997-10-8

18. The gross collections within fusly 1249 on all sources of Revenue inclusive of Extra items and

Arrears amount to Rupees 4,47,565-9-11 and the gross charges to Rupees 53903-15-10 leaving the net revenue at Rupees 393661-10-1 exceeding that of fusly 1248 by Rupees 34,838-1-3.

19. The causes of increase and decrease in the demand and collections in each branch of Revenue being shewn above, I beg to forward Statements A and B called for in Mr. Secretary Elliott's letter dated 24th October 1828.

20 Statement A will shew that the demand in all branches of Revenue and also in the extra items + amounted to Rupees 4,49,141-7-2 of which Rupees 4,43,522-9-8 were collected within the fusly, leaving a balance of Rupees 5,618-13-6 at its close. Of this a sum of Rupees 2,751-1-18 has been collected up to the end of this Month in full liquidation of the Sayer balance, and of Rupees 2,234-1-2 in part liquidation of Mr. Kary and Moturfa balances. There still

21 Statement B will shew that the arrears outstanding on all branches of Revenue up to the end of fusly 1248 amount to Rupees 14,411-9-3 as particularized in the Margin. The balance due on account of Salt is nominal, because the money was collected within the fusly, tho' not received into the Treasury and carried to account till after its close

22 Of the said balance of Sayer revenue Viz.t Rupees 8041-15-6 the sum of Rupees 1,900-13-1 was collected in fusly 1248, tho' not carried to account till fusly 1249. There is still a balance of Rupees 6,142-11-5 due by Renters in former years, the particulars of which are detailed in enclosure No. 1 of Statement B and full explanation

as to the causes of the amount due not having yet been recovered. —

23. Respecting the balance of Abkary revenue which amounted to Rupees 5,889-3-9 up to the end of fusly 1248, I beg to state, that a sum of Rupees 1,661-13-2 has since been collected, leaving a balance still due of Rupees 4,227-6-7. Of this balance, the sum of Rupees 3194-5-11 is due from the Ellore Zemindar, Cn Rajah Narriah Apparow, the Security for P. outstanding against the Condapully Renter Boodderauze Basawarauze, and the Nylaveram Renter Imam Khan &c are due by the Toddy drawers themselves in the several Villages. The case of these not having been collected hitherto has been owing to the badness of the season and the difficulty of obtaining any other security than the nominal one of the Toddy drawers in the same Village being sureties for each other.—

25- There can be no doubt but that the necessity for remission would be less frequent were the Toddy drawers able to produce, as sureties, the inhabitants of other Villages and unconnected with the Abkary Department and as this principle is now acted upon in requiring security, I trust that the Balances will hereafter be neither so large or of so frequent occurrence as hitherto. the whole of them as far as the means of the Defaulters and their Sureties will admit. The remainder should be remitted after a full enquiry rather than keeping them hanging over their heads, a measure which exposes the Government to loss, in as much as by lowering the credit of the individual and exposing him to the importunities of the Petty Sircar Officers, it diminishes his means of paying the Current demands against him.—

26- The balances in the items Nos. 2, 3, 6, 8 & 10 of Statement No. 2, as also the sum of Rs. 116-5-3 due in item No. 7, amounting in the aggregate to Rupees 205-9-9 are deemed irrecoverable, and therefore Authority is now requested for writing them off.—

No 1 The increase arises in the inland sales from the re
of the unusually large number of Lumbadies owing to
favorableness of the season which afforded a sufficient
ply of water & forage for their droves of cattle & from
great demand of Salt in the Rajahmundry Dist
well as in the sales for home consumption.

No 2 The increase in the charges is owing to the incr
production of Salt

No 3 The charges of fusly 1248 include the amount
years of Commission paid to Mr Thomas & that on ad
ment made on account of Commission due to Mr Tho
the late Collector under instructions from the
Auditor, whereas in fusly 1249 similar charges no
ring occurred is the cause of this decrease. –

No 4 The Gross collections of fusly 1248 include the Co
of arrears of fuslies 1241 & 1243 but those of the curr
fusly are exclusive thereof, hence the decrease. –

No 5 1st This decrease is owing to the reduction of
establishment in consequence of the Tobacco & Sa
Duties in some Districts being rented out.

No 2 Vide remark on No 3.

No 3 This decrease is owing to the small payment
Drawback arising from the diminished exportat

No 6 This increase arises from a greater exportation of S
Hides during the year. –

No 7 1st This decrease is owing to the rent of the
Custom House being debited under the Head of House R
rent under instructions from the Accountan
General. –

No 2 Vide remark on No 3

No 8 This increase arises from the increased Collection
from the Masulipatam Mootah being under the
as well as from the regular payment of Kists by
Renters of the other Purgunahs. –

No 9 This increase is owing to the payment of wages
Establishment of the Masulipatam Mootah be
Cumsamy Management. –

No 10 This increase is owing to the circumstance of t
fisheries having been rented on advantageous terms
quence of the Swamps and Ponds having received a
supply of water. –

No 11 This decrease arises from the circumstance
being no demand for Papers of high value fo
Suits. –

No 12 This increase is owing to the large amount

From the Collr. of Guntoor-

Reporting upon certain Petitions presented to Government by certain Individuals of the Town of Guntoor Complaining that their houses had been taken from them against their consent for enlarging the Road.-

1058. 1060. 1061. of 1840.-

Sir,

I have the honor to submit the Petitions noted in the Margin, presented to Government by certain individuals in the Town of Guntoor, complaining that their Houses had been taken from them against their consent for enlarging the Road, on each Petition has been duly reported on by Endorsement by the Head of Police of Guntoor. Translation of that Officer's Report on each Petition is herewith co transmitted, together with Translations of the Hyfeyets referred to. It will be seen that the Statements of the Petitioners are altogether without foundation.-

The Madras Entrance into the Town was through a narrow and winding Street. The Houses of the Petitioners, one a small thatched House and

and the other an old Piled building in a decayed state, together with other Houses were purchased and pulled down. A new and handsome street has been formed, each side being a line of Shops. A considerable drainage from the Town passed near the Piled house which belonged to Petitioner in No. 1060 of 1840.- this low spot has been filled up and the water turned; and from a low and filthy passage, it has become a wide and handsome Street, with Shops on each side.-

I was particularly desirous that the Petitioners should receive the full value of their property, in addition I allowed them to take away the materials of the old building and other things to which they were not entitled as they were included in the purchase, and further another piece of Ground to build upon was given them.- The property was almost without value before, A very considerable sum has now been expended

expended upon it by the Merchants in the Town which has given it a value.-

The Madras entrance to the Town was so narrow and so filthy, that the Petitioners must have given up their Houses under the act which as been published for general information in the Fort St. George Gazette.-

From the A.J. Collr. of Cuddapah

Returning certain Petitions with his Endorsements, and submitting information Called for regarding a Petition appealing from a decision passed by the Head A.J. Collector

Sir,

I have been so fully employed since I took charge of my present Office, that I have not before had time to dispose of the Petitions received from the Board of Revenue, I now return some with my indorsement or opinion on the subject, and others have been sent to the Talooks to be returned to the Petitioners or to be inquired into in the usual way. among these papers I was sorry to find a Petition of appeal from the decision of the Head Assistant Collector, Mr. Copleston, presented so far back as the 6th November, and sent to the Collector for explanation, and for the purpose of forwarding the original proceedings on the 8th December 1837. I am surprized that these papers should have remained so long unnoticed, as they do not seem to be difficult to comprehend. The three Petitioners disputed with one Chittumbarum the Grand son of Uckimmah, (deceased)

Fort St. George 8th February 1841.

regarding one sixth of the Porhetum Enam assessed at C. P. 5-6-10½ in the Village Wonipenta in the Doosoor Talook. The relationship and claims of the parties are set forth in the Appeal Petition. It seems that the dispute was referred to a Punchayet who decided that these three Petitioners should possess two thirds of the portion of Enam in dispute, and the Grandson of Uckimmah should possess the remaining third. On an appeal to the Head Assistant Collector, he refused to confirm the decision of the Punchayet and ordered that the Grandson Chittumbarum should possess the whole Share. The Grounds of this order appear to be the right of Chittumbarum to succeed to the property of his deceased Grand mother, she having considered him in the light of a son. The possession of this share by Uckimmah who was divided from the Petitioners, and the inability of these latter to perform the duties of the Office for which the Enam was Granted since then

Chittumbarum

Fort St. George 8th February 1841.

Chittumbarum has remained in possession of the Enam, and under all circumstances I consider that Mr. Copleston's opinion was correct as regards the equity of the case. I am not called to give an opinion regarding the Law. Should the Board of Revenue come to a different conclusion, I shall readily carry their instructions into effect.—

There being some doubt and confusion regarding the amount of the Enam a reference was made to the Dasvaur Tahsildar, and this has caused much delay in the despatch of this letter. The proceedings and Petition mentioned in your letter of the 7th December 1837 are herewith sent.

Read again letter from the Collector of Chingleput dated 5th November 1840 and entered in Consultation 14th ultimo.

Ordered that the following letter be sent in reply.

To The Collector of Chingleput.

(38)

Sir,

To the Collector of Chingleput.

Calling for further information on the subject of the Charge of bribery brought against Vencata Patty Razu Tahsildar of Terooporoor.

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 5th November last enclosing Copies of evidence taken in support of a charge of bribery brought against Vencata-patty razu, Tahsildar of the Talook of Terooporoor, together with a Copy of the Tahsildar's defence.

The Board have given these documents an attentive perusal, and they cannot but think not only that the facts charged against the Tahsildar in this instance are of an extremely improbable nature, but that the evidence brought forward in support of the charge is of very doubtful credit. It appears hardly credible, unless established upon the most undoubted testimony, that a Tahsildar should have demanded a bribe of 200 Rs. for the release of property valued by the prosecutor at only 57½ Rs. or that the prosecutor having no fraud to conceal, should have been induced to pay down 80 Rupees under such circumstances, and give security for 70 Rupees in addition.

2. The Board do not consider it necessary to follow out
3 in detail the evidence which has been laid before them, but before passing final orders in the case, they would wish to have further enquiry made and

Fort St. George 8th February 1841.

and explanation afforded upon the subject of the "Dustuck" which the defendant asserts was written and given to him by the sumpruty Sahaputy Pillay, and which one of the witnesses Shaick Daod admits that he received from the Tahsildar, and that, furnished with that authority he went to Trimal Naick (the party who is stated to have stood surety to the Prosecutor, for the payment of 70 Rupees to the Tahsildar) not to enforce payment of that 70 Rupees, but to collect certain arrears due by Trimul Naick to the Circar. The sumpruty denies having written this document at all, and the Board think it of importance that the truth or falsehood of this denial should be established, which the Tahsildar's statements may easily be done, by many Servants attached to the Cutcherry.

4

There is another fact stated by the Tahsildar in his defence which the Board consider to require some notice, Viz. that the Prosecutor Rungapah Chetty and Sahib Khawn Saib are in the habit of smuggling salt a Statement which if at all true, would go far towards invalidating their testimony in the case. you will be pleased to make further enquiry on this point either by ascertaining from the Defendant the grounds on which he made the assertion, or from your own records whether the names of the parties have ever appeared as salt smuggilers.

5

The Board will defer the final disposal of this case, until after the receipt of the further information called for in this letter.

Proceedings Relative to the Settlement of the land Revenue in the District of Salem for Fusly 1249.—

In Cons.n 15th October 1840 Paras 6 to 12

The Board proceed to review the Settlement of Salem for 1249 Fusly.—

Here enter the Report from the Principal Collector dated 1st October 1840

Paras 1 The favorable result of this Settlement together with the detailed Examin=ation of that of 1248 Fusly with which the Board have been so lately occupied render it unnecessary to enter into any lengthened remarks on the present occasion.—

The season appears to have been even more favorable than the last which occasioned an increase of Cultivation

above the settlement of 1248 – .

Para 11

2

It will be seen that the main increase took place in the Poonjah lands paying less than the average – the net increase under this head being 5,208 8- acres and 32,401 Rupees while the increase in the Cawle cultivation over that of the preceding Fasly – was chiefly in land of the higher turns, and amounted to 14,103 acres the Survey assessment of which is 26,992 Rupees but which are now taken up

up at 5,354 Rupees, thus exhibiting a con=
=tinuation of the same state of things so
fully adverted to in the former proceedings

profitable and useful employment.

The statistical Tables

given in these Paras show a considerable increase in houses, population and agri=
=cultural stock – The average number of persons composing a family deduced from these returns is only 3/5 which appears to be unusually small.

The number of Tanks

5

Wells and other supplies of water is the same as the preceding year. They are classed under two heads Vizt those intended "for purposes of Cultivation," and those "for private use" – The Board are

at

at a loss to understand the exact import of the latter denomination - Tanks Nullahs and Annicuts not being usually adop= =ted to purposes of domestic economy!— It has occurred to them that sources of irrigation constructed at the expense of the ryat in Ryotwar lands and exempted from additional demand may be — intended - They desire to be furnished with more accurate information on — this head the same question with refer= =ence to other districts being now under consideration

6 The tables of Produce and price both indicate the plentiful — character of the season - The Crops in the adjoining districts being likewise abundant the price of grain naturally fell below the average of the preceding season.—

Para 45 7 The total demand of land Revenue under the Collectors management was Rupees 17,50,4-36-3:1 of which Rupees 17,26,898-11-8- were Collected within the Fasly and a further sum of Rupees 1639—5-5- Subsequently

subsequently leaving a balance of Rupees 40,9-2—"— only outstanding a result very credita= =ble to Mr. Gleig's administration of this — Sum he considers Rupees 1037-5-10 to be irrecoverable and the Board accordingly — Para 130 resolve to solicit the sanction of Government for writing them off to profit and loss —

8 The balances due from dd arrears will be separately noticed those for 1248 Fasly noticed in Para 44 as irrecover= =able from indigent and deceased ryots have already received the Board's recommendation to be written off-

9 Besides the balances of Land Revenue already noticed a further sum of Rupees 164-2-1 is due on the Extra revenue making the total arrears outstand= =ing against the Gross revenue of the — District of Rupees 29,74,490-6-3- to be only Rupees 3,806-15-8- on the 31st Decem= =ber last which it must be repeated is also very satisfactory and creditable to — Mr. Gleig's management.—

10 The Board will not enter into the comparison instituted — between

between the revenue of the year under review and that of the average of preceding ones. The fluctuation in the extent of the Ayen lands render such comparisons difficult and unsatisfactory in all districts but in Salem the conclusions derived from such views must be more than usually fallacious from the number of Mootahs that have successively lapsed to Government and been incorporated with the Khabeek lands. An examination of the causes of the deficiency of the present revenue in these Mootahs below the permanent Peshcush fixed in 1215 Fusly noticed in the preceding years proceedings would lead to much more practical and useful results.

From the Supt. of Cochrane's Canal.

Gentlemen.

I had the honor of addressing a letter to you on the 10th February last, stating my distresses, and soliciting that my case be brought to the kind consideration of Government; not having as yet received a reply thereto, may I beg the favor of your Board to take my circumstances to your early and kind consideration, and bring my case to the notice of the Right Honorable the Governor in Council, that my really distressed state may be alleviated.

Permit me the liberty to inform your Board that the revenue of the Canal for the past Fusly amounted to Rupees 34,000. your Board will admit that this increase of Revenue is owing to my attention and exertions towards the interest of Government and

Sir,

With reference to the case of dismissal, by the Sub Collector, of Narrain Gounden, Nattamgar of Syempully Talook, reported in your Return for the months of September 1840. I am directed to observe that it does not seem to the Board that any criminality can be attached to Narrain Gaunden from the mere retention of the Gold ornament alluded to, and that unless Weightier causes than the one alleged have influenced his removal, a temporary suspension from office would have been adequate punishment for the Offence.
