Board of Revenue

Sir,

From the Collr of Chingleput submitting further information relative to the charges brought against Venkatasupathy Razu Tahsildar of the Tiruvoteeswar Talook.

I Para. 1. I have the honor to acknowledge the receipt of your letter of the 8th instant calling for further information on several points connected with the charges against Venkatasubathy Razu of having improperly exported a sum of money, and to submit translated copies of Seven Depositions taken from Kutcherry Servants of the Tiruvoteeswar Talook.

2. From these depositions the Board will clearly see that the Duplicate was not written either by the Sumpareetty Subapathy Pillay or by any other person attached to that Cutcherry; and this document has also been compared by my Huzoor Cutcherry Servants with documents in the records of this Office, by which I have been convinced that their statements on that point are perfectly correct.

3 I mentioned points regarding this

Fort St. George 4th March 1841.-

this document and affecting the defence of the Tahsildar has been elicited during the examination of the Sumpretty Viz. that Venkatapaty Bay only two days previous to his being summoned & sworn the charge as to him the amount due from the Village of Moottoocaud - now as this was about 9 days subsequent to the Peon Sheik Dawood being sent to that Village to demand the money from Moottoocaud Veroonnil Naidoo, and when the facts of the complaint having been made Some was known it would appear that it was then fabricated to substantiate the defence, and given to the Peon to produce; for were this not so, it is hardly probable he would have retained it about his person for so long and been prepared to produce it, when he did not know why he had been sent for. The Board could not have failed also to observe the contradiction in the Statements of the Tahsildar and the Peon Sheik Dawood regarding it; the

Fort St. George 4th March 1841.-

the one having stated it was given to him at Veraysavoor, and the other at Vencies Chowltry and also upon different dates.-

4 Another extraordinary circumstance has during the inquiry regarding this District, also come to light and which is noticed in the depositions of the Sumpretty and Hoozoor Peon Veerasawmy, namely, the concealment or destruction of the statements given in by the Tahsildar by the Cutcherry Servants. It is true the Peon was not ordered to bring any such documents, but the original Dustuck having been given to him he was ordered to shew it to the Sumpretty, and in the event of his denying it being in his handwriting to the other Servants in order that the writer whoever it should prove might appear before me.-

5- With regard to the second point on which the Board demanded further information, I have the honor to

Fort St. George 4th March 1841.-

to inform you that no persons charged of having been concerned in smuggling Salt is known to have been made against Ruingapah Chitty, and Saibkhan Sait, and that when the complaint was first made to me, I caused an enquiry to be instituted at Conjeveram, and tracing the persons to whom the Salt was sold, ascertained that no excess beyond the quantity in the Carts that were stopped and which was covered by a Rowanna had been sold by the parties.-

6 The account of the transaction given in the charge did, I must confess, at first appear to me also, of an improbable nature, and it was not until I had finished the examination that, though I believed the Tahsildar to be a dishonest man, I became convinced of the truth of the charge - the very improbability of the charge however does now, that the matter has been proved, appear to me to be an argument in favor

Fort St. George 4th March 1841.-

favor of the truth of the Statements, as it has almost invariably been found that false charges are brought in the most likely and simple guise to enable the parties to establish their stated facts by a few false witnesses to particular points.-

7.- The true history of this transaction is that Ryine Khan and Selaman Khan having had a dispute with Sait Khan Sait and knowing that he was about to take Salt to Conjeveram for sale gave the Tahsildar false information that the Salt was smuggled in order that the Bandies might be detained, and when the Tahsildar having seized the Carts found that the Salt was covered by a Rowanah, he concluded, that a like quantity might have escaped him, and on that ground stopped the Bandies until he has extorted this money.-

8.- Apart however from the direct charge of corruption above alluded

of the Talook Servants had written it.
Batto Sabapaty Pillay and Sacrapaya
Moodely did the same, on which the
peon returned with Sabapaulty Pillay
to the Hazoor Cutcherry.-

2 Were Hanattoo Runyapa Chitty
or Sahebkhan Sait ever discovered smug-
=gling Salt?

A. I have been employed as
Talook Sheristadar from Fusly 1243 and
no complaints of smuggling Salt has
been made against them during that
time, nor have I heard of any such thing.-

2 Was not this Dustuck written
by the Talook Sumpatty Sabapaty Pillay
and was not the peon Sheik Dawood
sent with it to collect the balances
due against the Village of Moottoocad?-

A This was not written by Saba=
=paty Pillay and I do not know whether
Sheik Dawood was sent with it to
Mootoocaud.-

by Venkatapaty Ruz Tahsildar to Peon
Sheik Dawood on the 18th October 1840 on
account of the Circar balances due against
the Villages of Moottoocaud- By whom
was it written?-

A It was not written by any
of the servants attached to the Talook
Cutcherry, nor did I in the hand writing
of any of the Volunteers usually attending
the Cutcherry.-

2 Was it not written by the
Talook Sumpatty Sabapaulty Pillay?-

A It is not his writing.-

2 Who is it in the Talook Cutcherry
that usually prepares the Dustucks?-

A The Royasem Chuckrapaty
Moodely usually prepares the Cadjan
Dustucks- Dustucks are also some=
=times written by myself or by the Sum=
=patty or by the other Royasem.-

2 Do you know the circumstances
under which a Peon named Sheik Dawood

proceeded

proceeded with the above Dustuck to Mauttoocaud for the purpose of collecting the Circar balance?

A I do not.

2 Is it customary to send Peons charged with Dustucks on Circar business without your knowledge or of the other servants of the Cutcherry?

A If a Peon had been charged with a Dustuck and sent out on Circar business, it would have been known to some of the servants of the Cutcherry.

2 Do you know if Hanuttoor Pungapah Chitty and Saibkhan Saib were ever charged with smuggling Salt?

A I have been employed as Sawabnevis of this Taluk since 1835. No complaints has ever been brought against them of smuggling Salt, nor have I ever heard of their having done so.

2 Did you hear that these individuals had smuggled Salt in last October, and of the Tahsildar's seizing and examining it?

J.

Fort St. George 4th March 1841.

A I did not accompany the Tahsildar when he went to examine the Salt. I was not then aware of the circumstances, but understood afterwards from the Tahsildar when he desired me to prepare an answer to a Yakeed received from the Havyaur on the subject.

2 What did you understand from him?

A I understood that on being told that Pungapah Chitty and others were conveying smuggled Salts he went and seized the Carts near Colimundapatti, and finding on examination no excess in the quantity of Salt, had released them.

2 Where was the Tahsildar on the 18th October last?

A I do not recollect, but I can ascertain by referring to the Cutcherry records.

2 Look at this Dustuck ijued by Venkatapaty Ray Tahsildar on the 18th October 1840 on account of the balances due against Moattoocaud.

Did you write it?

A I have seen it, I neither wrote it, nor do I recollect to have seen this hand writing any where else - none of the Curnums or Talaiters who are in the habits of attending the Talook Cutcherry, and with whose writings I am acquainted, wrote this dustuck.

During the investigation of the Tahsildar's cases, a Kowzour peon named Veerasawmy produced it before me and asked me whether I wrote it. I denied having had any concern in it, and furnished him also with a Kyfeyut to that effect.

2 Was not this Dustuck written by Sabapatty Pillay, the Talook Sumpatty?

2 Do you know if one Shewit Durvood a peon was sent in October last to collect any balances due against Moattoocaud?

A I dont know.

2 When the Tahsildar has occasion to ijue Dustucks for the balances of any Village who writes them usually?

A They are generally written by me, but some times either the Sumpatty or the Jawabnevis or the other Royasums writes them.

2 Did Kannattoor Rungapah Chitty and Sahebkhan Sahebever smuggle Salt?

A It is 4 years since I was first employed in the said Talook during which time no complaint has been received against them of smuggling Salt nor have I heard of any such thing.

Deposition

3413

Fort St. George 4th March 1841.-

Deposition of Subapauty Pillay Sumpareddy of the Peroapavaroar Talook.

In your deposition of the 4th November last you stated that the Dustuck ifued by the Tahsildar Venkatapaty Ray in the name of the Reow Sheik Dawood on account of a Circar balance was not written by you- but the Tahsildar states that it was actually in your hand writing, but that you now falsely deny this, what have you to say in reply.-

I never wrote the Dustuck and could produce in proof of it not being my writing, many documents in the records of the Talook Cutcherry I now produce a few of them.-

If the Dustuck was not prepared by you or by any other person in the Talook Cutcherry, how comes it to contain the date of the Faish the number of Cawnies and the amount of Berij.-

About

Fort St. George 4th March 1841.-

A. About two days previous to the Tahsildar Venkatasaty Razu being summoned to the Hoozoor for the purpose of answering to the complaint in the Salt case, I was desired by him to ascertain the amounts of Circar balances against the Village of Mootoor and according to the Saist Dasturs received for that Village, I accordingly gave him a Memorandum shewing the Numbers of Saist Cawnies the crops of which were fit for cutting with the Beriz thereon amounting to about Rupees 60-- He must have got the Dustuck prepared by some other person according to that Memorandum.-

2. Why did you write the Beriz upon the Saist Dasturs by guess. What was the amount of the actual Beriz?

A. It is not customary to shew the assessments in the Saist Dasturs and as the Sistu Dasturs was not then

then received, and as I recollected the Jeerwahs of the lands. I calculated the Amount of Beriz by Memory, but the exact amount for the 7-1/12. Cawnies is as ascertained from the Sistus account Rupees 49-1-9.-

2. Do you not know by whom the Tahsildar got the Dustuck prepared?

A. I don't Know - as it was not prepared by any of the Cutcherry Servants, I suppose it was written by some of the Tahsildar's own people.

2. When the Peon came from the Hoozoor to summon you, what passed?-

A. The Hoozoor Peon Veerasamy, brought the Dustuck to the Talook Cutcherry and shewed it to me and also to the Sheristadar Jogee Pundit, and Royasum Chuckia Moodely. I wrote and gave him

a Cadjan: Kyffent that the dustuck was not written by me. The Sheristadar and Poysum also gave him two separate Kyffents to the same Effect. and when he was returning to the Hoozoor accompanied by myself, one Calastri Raz, the Tahsildar's dependent, met him on the Road near Cauraney. We accompanied the Peon for some distance speaking to him privately, whilst I was following them at a short distance. and when we arrived at Pulicarney the Peon did not deliver the written Statements which were given to him, on my asking him the reason, he said that he had given them up to Calastri Raz as he was not directed to obtain such documents.

2. Why did you not state this when you were last Examined, as you then knew that he gave away the documents executed by you and others to the Tahsildar's man?-

I was

2. State what occurred when you were sent to bring the Veroopooroor Talook Sumpretty on account of the enquiry then pending at the Hoozoor on the Complaint brought against Venkatapaty Raz Tahsildar of Veroopooroor?-

A. When I arrived at the Talook Cutcherry I produced to the Sumpretty the Dustuck sent with me which was issued by the Tahsildar in the name of the Peon Sheik Dawood, on account of a Circar balance due against the Village of Moottoocaud, and asked.

Fort St George 4th March 1841.

asked him if it had been written by him, he denied it, and I took a written Statement from him accordingly. I then shewed it to the Sheristadar and Royasem, and desired them to tell me who it was prepared by, they both stated that it was not written by any of the Servants of the Taluck Cutcherry, and gave [illegible] Jeyutnamahs to that effect, the former on a paper and the latter on a Cadjan. I and the Sumpretty remained on the pial of the Cutcherry, when about 11 O'Clock at Night as I was returning from the Tank, a person belonging to the Tahsildar's house, whose name I dont know, came to me, and said that the Tahsildar's father wanted

Fort St George 4th March 1841.

wanted me. I said I had no leisure to go to him, he went away and again returned at 12 O'Clock and informed me that the Rajah wanted to know if I did not want batta. I told him I did not. He then said that the Tahsildar's father promised to pay me 4 Rupees if I would give up the documents taken from the Sumpretty. I did not consent and he then went away. The following morning I started with the Sumpretty for Pullicarney, and took him to the Cutcherry. When I was returning from the Bungalow, the Tahsildar's man by name Calastri Razmet me in the Road, and told me that my having taken the documents received from the Sumpretty and others was of no moment, because they themselves were ready to

to depose the fact, I replied that I obtain-
-ed them for my own support, but not to
do harm to others, and tore them up on the
spot. A Peon attached to the Terooporoor
Talook named Virdapoorum Veerasawmy
was then passing by, and might have
witnessed my destroying the documents.-

2. The Dumpretty states that you
mentioned to him that you had given the
documents to Calastri Raz. Did you say
so to him?-

A. I do not now recollect what
I told the Sumpretty.-

2. Did Calastri Raz meet and
speak to you on your way to Pullecanney
accompanied by the Sumpretty of the
Terooporoor Talook?

A. When I came close to
Sourdienpettah accompanied by the
Sumpretty, Calastry Raz met me

and

and enquired when I went to Terooporoor,
I told him that I had gone the preceding
day. He then asked if I had seen and spok-
-en to the Tahsildar's father in Terooporoor,
I answered him I had no time to do so.-

2. Why did you not produce
the documents in the Cutcherry which you
brought with you as above stated.-

A. I obtained those documents
with the view of producing them if the
Sumpretty and others gave a different
account at the Hoozoor, but not with
any intention of delivering them in the
Cutcherry. I therefore did not produce them.-

of the Terooporoor Talook. No. 2.-

2. Did you accompany the
Tahsildar Venkatputty Raz when he
went to examine certain Tall in October
last

last, and if so what passed?-

A. About 3 Months ago one day at about 12 O'Clock the Tahsildar Vencatapuitty Raz ordered me, as well as another peon named Vencataram Naick, to accompany his Son-in-law Ramasawmy Raz- we accordingly went with him at 3 O'Clock that evening to Calemundapuitt, when he desired us to stop certain Carts about 10 or 11 in No. laden with Salt and belonging to Kannuttoor Rungapah Chitty &ca. which were then on the Road between Calemundapuitt and Kadumbaor. We did so accordingly. very shortly after that the Tahsildar or Vencatapuity Raz made his appearance, and after seeing the Carts went away to Calemundapuit directing that these should be brought near the Village. We then examined 4 or 5 other Salt Carts which were

were under a Banian Tree near the Village. On the Carts belonging to Rungapah Chetty being brought near the Village, Ramasawmy Raz spoke to Rungapah Chetty for about ½ an hour and then went to the Tahsildar and consulted him- In the mean while the examination of the 4 or 5 Salt Carts having been completed, they were released on the Grounds that no excess was found in them- The Tahsildar afterwards directed us to retain charge of the 20 Salt Bandies belonging to Rungapah Chetty and proceeded himself to Calemundapuitt accompanied by Rungapah Chetty and Ramasawmy Raz- we as well as two other Peons named Salahmyeah and Sheik Davood remained with the Carts that night, and the next day at 2 O'Clock we were

ordered

ordered by Ramasawmy Raz, by the desire of the Tahsildar, to release them.

2 Were those Carts then taken away from that place or did they still remain there?

A. The Carts were not removed when I left that place, but I dont know when they were driven off.

2. Why were those Carts seized, and detained until 2 O'Clock the follow-ing day?

A. They were ordered to be seized by Ramasawmy Raz on suspicion that they conveyed smuggled Salt and were detained until 2 O'Clock the next day, when the Tahsildar ordered them to be released.

2. Was the Salt laden on those Carts remeasured.

A. No.

2. Why did they allow the Carts to be released without it?

They

A. They were released as I was told by Ramasawmy Raz and Peon on Lalah Meyah because the quantity of Salt conveyed agreed with that as specified in the Rowanah produced by Rungaiah Chetty.

2. Did you see Moottoocand Jeroomala Naick there?

A. On the same night on which his Carts were seized, Rungiah Chetty sent two Cartman (whose names are unknown to me) to Mottaocand Jeroo-mala Naick to report to him the deten-tion of the Carts, and requesting him to call there, he accordingly arrived the following morning and enquired of me after the Tahsildar. I informed him that he had gone to Unjoor. On the Tahsildar returning from thence at 10 O'Clock, he (Jeroomala Naick) went to see him. I dont know

know what then occurred. It was after this the Carts were ordered to be released at 2. O'Clock.-

2. What was the object of Moattocand Seroomala Naick's Coming there, Did he speak to the Tahsildar?

A. I dont know his object in coming there, but on his arrival he enquired after the Tahsildar and went to the Street of Calemundapatt to see him. I dont know if he spoke with the Tahsildar as I remained near the Carts.-

2. Did you witness Rungapah Chitty paying any money either to Ramasawmy Raz or to the Tahsildar?

A. I did not.-

2. Did Sheik Davood Peon remain with you until the Carts were released?

A. He did not stay with me until the release of the Carts. He was in charge of the Seeveram Carts from the morning of the second day, while I was with the Carts belonging to Rungapah Chitty, and we both went to the Tahsildar at 2 O'Clock after the Carts were released.-

Sir,

With reference to my letter
Para 1
of the 9th Ultimo relative to the boundary dispute existing between the Villages of Paranoor and Allecoolee, I have the honor to inform you that the Officers of the Zemindar of Cavatenagarum have declined to cooperate with the Tahsildar of Peddapollium in defining the limits of the two Villages according to the Punchayet decision referred to in my

my last letter stating that that decision is not applicable to Paranoor, but during the enquiry made in consequence of your letter of the 30th March 1838 a Ryot of that Village named Vencatreddy who was the Complaining party and since dead produced a Copy of the decision and stated that although it related to a dispute between Allecooly and Kaleyenbaukum, yet as Paranoor itself was contiguous to those Villages and its lands were understood and enjoyed with reference to the decision in question the present dispute regarding the limits of Allecoolee and Paranoor should likewise be settled in conformity thereto

2. A copy of his Statement given on the occasion is herewith sent for your information, and although the Zemindar of Cavetnagarum seems to think that the Punchayet decision regarding the the limits of Allecoolee and Kaleyembaukum cannot be binding on the Meerasdars of Paranoor yet as that Village borders on the two others its limits must of necessity be

be determined by those of the contiguous Villages as defined in the said decision. I have reason to hope that if the limits mentioned in it be now properly ascertained by both parties and boundary Stones fixed accordingly, all cause of dispute might be removed, and therefore request that you will be good enough to cause the Zemindar of Cavatenagarum to have this effected without further loss of time in communication with the Tahsildar of Peddapollium.

3 Should it then be found that the limits specified in the decision encroach upon the lands belonging to Paranoor the question must of course be enquired into and settled by the Tahsildars of the two Districts conjointly. I accordingly trust that you will adopt effectual measures to bring this matter to a speedy conclusion and that you will favor me with an early reply to this communication.

Para 1 With reference to your letter of the 15th December last, requesting me to adopt measures to settle the boundary dispute between the Villages of Paranoor and Allecoolee and requiring the Tahsildar to proceed to meet yours on the Spot, I have the honor to inform you that Paranoor being in the Zemindary of Cavettynugger, I have of course no Tahsildar to depute upon the duty - The Cavettynugger Zemindar is the individual to send an authorized person for that purpose, and notwithstanding the repeated orders issued to him to do so, he has declined hitherto complying.

The Zemindar appears not to be at all satisfied with the view taken by the opposite party in defining the limits, his communication to me on the subject, I transmit for your information - He declines to recognize the claim set up by the Inhabitants of Allecoolee defining the limits of the two Villages, and as I have no authority to compel him to do so the matter I imagine must be decided in the Courts of Law -

Sir,

From the Pr. No. 1.

To

The Principal Collector in the

Northern Division of

Arcot.

Sir,

Para 1. In reviewing the Police — Reports of this District for the last half of the year

year 1836, the Court of Fouzdaree adawlut
noticed the defective state of the Village Po-
lice in the Poloor Talook, in consequence of
the absence of a proper provision for its' mainte-
nance; and they express their opinion that
"the Magistrate should lose no time in remedy-
ing the defects stated to exist." there with that
view I have the honor to submit an account
of the present state of the Village Police
in the Poloor Talook and to propose measures
for rendering it efficient. A few
Villages in the other Talooks of the Sub-
division being as badly provided for
as those observed in Poloor, I have taken
the opportunity to bring forward their case
also; as well as to notice the ill provided
condition of that important and
useful class, the Village Pariahs or
Tolies.

2 The Poloor Talook con-
tains 181 Villages of which 56 have no en-
dowment whatever for Village watchers,
and are entirely without that class of servants.

In

In 71 Villages no taliauries have been nominated
for many years, but the meeraudars of the
Office enjoy the emoluments, and in many
Villages do the duty, although not regularly
appointed. In the remaining 54 Villages
there are taliauries regularly nominated
and doing the duty.

3. In those Villages where
there is no allowance at all for the
Taliauries, it is necessary to make a pro-
vision for them anew, and to increase the
emoluments in the rest, where they are now
too small. The cheapest way of doing
this, as well as that most agreeable to
the usage of the Country, is to grant
land free of rent out of the waste of the
Village; and the proportion which I propose
as sufficient for each Taliaury is two Cawnies
of Poonjah and one of Nunjah; which will
afford him about 30 Cullums of grain annu-
ally, clear of Cultivation expenses. where the
Village is small, however, and the duties
Consequently lighter, I have reduced this quan-
tity. Taking the Beriz generally as the
criterion,

Criterion, with some regard also to the popu-
-lation. I have allowed the full extent where
the Revenue of the Village or Villages
of the individual exceeds 200 Pagodas; and
assigned 1½ Cawney Poonjah, and ¾ Cawney
Nunjah where it ranges from 100 to 200 Pago-
-das; and 1 Cawny Poonjah and ½ Cawny Nun-
-jah, where it is below the former amount.

4. The 56 Villages mentioned
above in the beginning of Para 2, appear
never to have had Village watchers, at least
not for very many years. I am told
that in the latter times of the Mahomedan
power a Poligar or Maincauvalgar assumed
the right of nominating Taliauries to them,
but it does not seem that even then they
had any authorized emoluments, and since
the execution of this man, (for his end was
the Gallows) there have been no Taliauries
at all. There are no meerar claimants to the
Office forth coming in these Villages, and I
have been able therefore to make a more
economical arrangement than would otherwise
have

have been practicable, uniting two or more
Villages under the charge of one Taliaury,
where they are small and near together. Of
these 56 Villages one belonges to the anvil-
-conda Jagheer; enclosure A gives the parti-
-culars of the arrangement made for the
remaining 55. I propose to nominate twenty
sive Taliauries, and to grant 49 Cawnies Poo-
-jah and 24½ Cawnies Nunjah for their support.

5. Of the 71 Villages next
adverted to, three posses sufficient emolu-
-ments already; of the rest a few have small
mauniums, and most have mairahs but to
a very trifling amount. In fixing the extent
of land to be granted in these Villages I have
followed the scale mentioned in Para 3,
deducting the existing mauniums in those
Villages where there are any. Statement B
exhibits the particulars. The proposed in-
-crease amounts to 89¼ Cawnies Poonjah and
39¾ Cawnies Nunjah for 54 Taliauries
in 68 Villages.

6. Of the remaining 54 Villages,
which

which already possess Taliaries, 19 have suffi:
=cient allowances for their support; six more
have maniums which are too small and need
to be increased, and 29 have no maniums and
require that they should be granted anew. The
particulars are given in Statement C being
56 Cawnies Poonjah and 25 3/16 Cawnies Nunjah
in 35 Villages for 30 Taliaries. The total amount
of land which I think it necessary to grant
in this Talook, therefore, amounts to 194 1/4
Cawnies Poonjah, and 89 7/16 Cawnies Nunjah;
and this I hope will be agreed to. Poloor which
is so much worse off than the other Talooks
as regards the Village Police, is the very
one in which an efficient Police is most
needed, being a wild hilly and jungle tract,
bordered too on three sides by other zillahs.

7. I now proceed to notice
the wants of other Talooks; which are smaller
than those of Poloor. In Arcot there is
one Village totally without any provision for
a Taliary, and 8 Villages in which from
the Beriz and population being large, or
from

from the Village being in a high road, the
present allowances are insufficient. Enclosure
D gives the particulars of the grants which
I consider expedient in these Villages, amount:
=ing to 14 1/4 Cawnies Poonjah and 10 Cawnies
Nunjah for 16 Taliaries, and no further
explanation appears necessary.

8. In Trivatoor Talook
there are two Villages which have no
Taliaries and no provision whatever for
the support of any; three which have no
maniums and only trifling mairahs; and
twenty two which have some manium but
too small. The particulars of these Villages
are given in Statement E. the extent of
manium required is 24 7/8 Cawnies Poonjah
and 9 3/4/16 Cawnies Nunjah, for 24 Taliaries.
In Wandivash Talook there are only two
Villages which require an increase of mani:
=nium, as shewn in enclosure F to the
extent of 4 1/2 Cawnies Punjah and 2 1/2 Caw:
=nies Nunjah.

9. Thus the total extent of
manium

Maximum. which I consider it necessary to grant for the Taliaries in these four Taloks, is 237 7/16 Cawnies Punjah and 111 9/64 Cawnies Nunjah. all this is from the immemorial waste, and the measure involves therefore no sacrifice of Revenue, while the object in view is most important to the peace and good order of the Country. Government fully recognize this truth in their consideration of the Police reports above adverted to, when they observe that efficiency cannot be given to the Police unless "an adequate remuneration is afforded to the Officers "who form the Village Police, which is the corner "stone of the general Police." The rate of remuneration which I advocate will hardly be deemed exorbitant. In those Villages where there are any emoluments already, I have taken two Rupees a month as the standard, and have not proposed an increase in any Village where the income amounts to this; and only in those in which it is less; where the size and population of the Village, or the circumstances

× Mim. Cons. 13th Jan. 19. 1838 Para 26.

of

of its being on a line of road, give the Taliary more work to do and seem to render augmentation specially necessary.

10. A sufficient provision for the Toties or Village Pariahs is not less essential than for the Taliaries, they also being an important part of the Village Police. The remuneration of that class of Officers in these Taloks is extremely small. Under former Governments they were better provided for; but a few years after the British assumption more than half their emoluments (previously by no means large) were sequestered, and carried to the account of Government. The present allowances constitute a miserable pittance, and, except in a few instances, the Village Pariahs are in a state of wretched Penury, inconsistent with an efficient discharge of their duties. I propose therefore to increase their income in those Villages where it is now too low, as in the case of the Taliaries

Taliauries, by grants of land from the immemorial waste; the cheapest way of doing it, and that which will be most effectual and most valued.

11. I have considered it unnecessary to make any addition, where the present emoluments amount to one and a half rupee a month, for each individual necessary for the duties of the Village.— where it is less than that I propose to make up the Maximum to 1½ Cawny Poonjah, and ¾ Cawny Punjah, in Villages of which the Beriz exceeds 100 Pagodas, 1 Cawny Poonjah and ½ Cawny Punjah, where it is from 50 to 100 Pagodas, and ½ Cawny Punjah and ¼ Cawny Punjah, where it is below 50 Pagodas; modifying the grant, however, in Cases where the Nairahs are much higher or much lower than ordinary. I may here state that in every Case the Beriz of Fusly 1247 has been taken, as being about an ordinary and average one.

Enclosure

12. Enclosure C shows in abstract the former and present amount of the Tolies emoluments, together with the additions now proposed, and H, J, K, and L are the particular Statements for the four Talooks of the Subdivision. Arcot contains 138 Villages of which it is necessary to raise the tolies emoluments in 106. The number of tolies in these is 111; their average income under the Mahomedan Government was 1-9-10 at present it is 1-14-4, and the increase proposed will raise it to 1-3-9. The extent of land to be granted for the purpose is 137 Cawnies.

13. There are 269 Villages in Trivatoor Talook, of which it is necessary to raise the income in 203, for 178 tolies; the monthly average under the Nabob was 1-14-2 for each person; at present it is 11-11- the proposed augmentation raises it to 1-1-8 at the expense of 23½ Cawnies of waste.

14. In Poloor Talook increase is required in 149 Villages, out of 181 which

the

the Talook contains, and the number of Toties 164. Their average income under the Govern: ment of the Nabob was R. 1-4, at present it is 9-9, and it will be increased by the proposed grands to 15-5- to do this 202 5/8 Cawnies of land are to be granted. The numb: ber of Toties is greater in this Talook in proportion to the number of Villages, and their average income less, than in the other Talooks, because the Meerassdars have subdivided their meerases to agreater extent.

15. In Wandiwash there are 238. Villages. of which increase is necessary in 139. for 117 toties. Their average income under the Nabob was R. 2-2-3 a Month. at present it is 15-4. and the proposed increase raises it to 1-4-5. by the grant of 136.3/8. cawnies.

16. The total extent of land therefore which I recommend should be granted for increasing the emoluments of the Village Pariahs is 707 1/2 Cawnies. the increase which I have proposed above for the Talla: ries is 348 1/2 Cawnies, total. 1056 Cawnies.

The

The whole of this, as already said is from immemorial waste land, which has never yielded Revenue to our government and which is not likely to do so. The measure which I recommend, therefore, will cost nothing, and an extensive and important benefit may thus be conferred on the public, without any addition of charge to the state.

Sir.

With reference to the Boards Proceedings dated the 19th November last, I have the honor to inform you that Srinivasa Reddy the person who was put in possession of the land claimed by the Govinda Reddy and Nadamony Reddy has been called upon to relinquish it, but refuses to do so. If the power to dispossess him was vested in the Revenue authorities, it would be a most unjust proceeding to enforce it, as he has been legally put into possession in conformity with the practice of the district, and he alleges that he has spent a considerable sum of money in improving his possession - while the claimants have no sort of right by former occupation or any other means:

means by which the tenure of land in this or any other District is supported.-

2. But for the misconduct of the late Tahsildar Narrain Row now employed under the Board, the claim put forward by the Petitioners would never have appeared, as they had not put forward any claim or expressed any wish to occupy the land previous to the proposal of the present occupant.-

From the Pl. Coltr. in the Ld. Dn. of Arcot -

I have the honor to forward for the consideration of the Board of Revenue a Copy of an application received from Mr. C. Guerre for a special licence to manufacture spirit from Molasses in his sugar factory at Chaittput in this District. The spirit is to be employed exclusively in the process of manufacturing sugar, and will only be distilled in the quantity required for that purpose.-

2. I beg to recommend that a licence may be granted for a year renewable if no inconvenience is found to result. The licence will not interfere with the terms of the abkarry rent.-

Ayant besoin d' alcool pour la purification des sucres que je fabrique à ma Sucrerie de Chaitpett, et desirant en même temps utiliser par ce moyen les mélasses ou Sirop provenant de mes sucres, je viens vous prier de vouloir bien me faire obtenir une autorisation spéciale pour distiller de l'alcool dans mon établissement pour la quantité nécessaire pour mes propres besoins. Je m' engage de la manière la plus formelle de ne point en faire sortir de mon établissement pour en faire un objet de trafic, et de n' en produire que la quantité necessaire pour l'épuration de mes sucres. With a view to encourage the manufacture of Sugar, the Board have no objection to grant permission to Mr. C. Lyonne to distil spirit from Molasses in his Sugar factory at Chaitput as an experimental measure, on the distinct understanding that the spirit so distilled is to be entirely consumed in the process of manufacturing Sugar, and will not interfere with the Abkary rent.-

Stating that he has no means of ascertaining the quantity of Salt fish cured in his District by means of Sea Water or earth impregnated with saline particles and subsequent exposure to the sun and suggesting under certain restrictions that the tax on Salt used in curing fish be remitted with a view to improve the quality of the Articles.-

Sir,

In reply to your letter dated the 11th Instant, I have the honor to state that

that I have no means of ascertaining the quantity of Salt fish cured in this District by means of Sea Water or Earth impregnated with saline particles and subsequent exposure to the sun, it is not probable that much change has taken place in the quantity cured in the abovementioned, or any other manner since Mr. Pycroft's report dated 9th August 1838.- The manufacture is in the hands of the fishermen, who are of the poorest of the labouring Classes.- Contracts are sometimes made with them by Merchants in the interior, but they must be to a small extent.-

It would I think conduce to the public benefit by the improvement in the quality and also in the increased quantity if the tax on the Salt used in the manufacture was entirely remitted. but it would be necessary in introducing the measure carefully to guard against the abuse of it, to which the high rate of the

the tax on Salt is a strong temptation.

If the exemption from tax on Salt used in curing fish, is resolved on, I would recommend that it should in the first instance be limited in its operation to individuals who should undertake to consume a certain quantity, that it should be delivered to them at the Cost price with Charges at a particular place agreed on where the manufacture should be carried on, and that a proportionate watching establishment to prevent smuggling should be entertained, the expense of which should be included in the Charges for the Salt, and the undertaker should be bound by contract under a penalty to use the Salt supplied to him solely in

From the Collector of Madras.

Sir,

I have the honor to acknowledge the receipt of your letter under date the 11th Ultimo, and to report, for the information of the Board of Revenue, that it appears from my enquiry that the fish procurable at Madras meets generally with a ready Market, in its fresh state, and that if any portion remains unsold, it is cured, not by the application of sea water, but of Salt, and this only so to preserve the fish from rapid decay. I therefore do not think that the remission of the tax on Salt used in Curing fish at Madras would be attended by any public advantage.-

Order thereon. Ordered to be recorded.—
46-47

Read again letter from the
Collector of Trichinopoly dated 19th August
48 and entered in Consultation 25th September last.—
Proceedings thereon.— In the above case Chellapah
Acquitting Chellapah Moodely, Head Sheristadar in the Collector's Cutcherry at Trichinopolly, of the Charge brought against him of wilful & falshood and of having Caused false and fraudulent entries to be made in the Public Accounts as regards the classification of Land in the Village of Vallore and directing that the fine imposed on him on this account be repaid.—

Moodely, Head Sheristadar in the Collector's Cutcherry at Trichinopoly, is Charged with "having Caused false and fraudulent entries "to be made in the Public Accounts &c "concerning the classification of 3-77-9 C G. anas "of land in the Village of Vallore in the "Talook of Inoosery."—

2. The manner in which these false and fraudulent entries were made is detailed at length in the Official Charge preferred by the Collector, it may be sufficient here for the due understanding of the case to state

Fort St. George 4th March 1841.

State briefly the substance.-

3. The above land clafsed as Paranakaud Poonjah or dry land and as- afsefsed with a teerwah of 4-8 as. p. per Cawney or on the whole Rupee-1-1-7. was in Fusly 1246. converted into two Crop Baghayet or Garden by means it appears of a well constructed at the Ryots expence, and became liable thereby to a teerwah of Rupees 2-2-1. per Cawney or on the whole Rupees 15-9-5. which amount was in that Fusly entered in the Accounts and collected.

In Fusly 1245, when Chellappah Moodley made the settlement of the above Talook, the Land in question was in like manner cultivated as a Garden and entered in the Dowle accounts as such, but the Garden teerwah was subsequently remitted. In subsequent Faslies from 1246 to 1249 both inclusive the conversion of the Land was duly as noticed

Fort St. George 4th March 1841.-

noticed in the Village Accounts- but the extra Teerwah remitted as- except in Fusly 1247 when it is stated to have been collected under an im- proper head- In Fusly 1245- and in Fusly 1249 it is admitted that as- Chellappa Moodeley made the settlement without the aid of the Head sheristadar thó in the other years it would seem that the settle- ment was made by the Head She- ristadar afsisted by Chellappah,- and the Gravamen of the charge would appear to be that whereas the Land in question was in Fusly 1244 afsefsed and brought to account as Garden,- Chellappah Moodeley in the follow- ing year of his own accord and without authority omitted it from the Summah bundy Account and remitted the excefs Teerwah, the same is alleged to have been done in Fusly 1249, although the extra teerwah was collected as in

in Fusly 1247.-

4. The accused admits the correctness of the statement that the Land in question had been converted from Poonjah to Garden as represented, and adds further, that anterior to Fusly 1244 a considerable quantity of other Land of the same description had also undergone a similar change without being assessed with additional terwah, and that in Fusly 1245, and in subsequent Fusles when he made the Settlement he had shewn the transaction in the Accounts, but had in each year upon a representation from the Ryots only authorized the collection of Poonjah terwah, and that in the only year when the extra assessment was collected, viz. 1244 it had been done by the Tahsildar upon an account of

of extra cultivation given him by the Curnum after the close of the settlement, and remitted to the Hoozoor in ignorance of the prevailing Custom, as extra Revenue at Sivoy Jummah, but neither in that year nor in any Fusly subsequent upto 1249 had the amount of extra assessment ever been included in the "Dowle Jummahbundy accounts" and subsequently deducted.

5. The accused justifies the remission of the extra assessment on the ground that the land in question formed part of the Meerassy land of a Mel Village in a Mel Talook where as it was not Customary to make any remission on account of waste, so it was not usual to assess any extra terwah upon the conversion of land from an inferior to a superior grade.

6. Mr Onslow asserts that the Putcut system has been abolished

and

Alagherry
Voravounthan

and has shown that in two other Villages in the same Talook in Fusly 1247 and 1248 remission on account of waste had been allowed, but he brings forward no instance in which it had ever been allowed in the particular Village / Vullooy referred to, and it is presumed therefore that none was ever granted, and in the two instances where it had been allowed the explanation of Chellappa Seems satisfactorily to account for it.-

7. Had the remission been made by the Collector himself, and were the question now to be determined, whether this remission was to be confirmed or the extra assessment Collected, the Board would have no difficulty with the information before them in authorizing the former since the Orders of the Board in Fusly 1240 abolishing the Putcut system had reference only to the dry Talooks and left the system in the four wet.

Proceedings of the Board 21st Nov. 1831

wet Talooks undisturbed, and it appears from a letter recently received from Mr. Onslow "that in the wet villages of the wet Talooks "an increased demand has not "always been made on Lands cultivated under new Wells- In the wet Villages of the 4 Talooks in question he observes there are 132 Cawnies of Poonjah land under 80 Wells- of these 132 Cawnies an increased demand has been made only on 88 Cawnies in consequence of their having had wells dug in them, the remaining 44 paying only the Poonjah Tax.-

22nd June 1840- in cons 6th July"

8. In such a varying state of things, the Board are not surprized that Chelluppa Moodely, invested with authority by the Collector to make the settlement should have, in the exercise of his discretion, granted the remission in question, and tho' it would have been proper the amount of extra

extra assessment having once been carried to account as extra Revenue, to have made a reference to his superior, it does not appear that there was any attempt at concealment, since the transaction for the five years in which he was engaged in the settlement was regularly shown in some of the Village accounts.— The Board cannot therefore concur in the censure which Mr. Onslow has passed upon Chelluppah Moodeley, either in thinking him guilty of wilful falsehood or in having caused false and fraudulent entries to be made in the public Accounts, and do therefore acquit him, and direct the fine imposed on this latter account to be repaid.—

9. The Board having now recorded their opinion on the last case in which Chelluppah Moodeley

Moodely has appeared before them as a Defendant cannot close their Proceedings without offering a few observations which forcibly suggest themselves.—

10. This Individual has been in the Public service upwards of 26 years, and from the testimonials which he has produced appears to have given satisfaction to successive Collectors, and in particular to have possessed during a series of years the entire confidence of Mr. Onslows immediate predecessor Mr. Blair — of his knowledge of the affairs of the District.

District generally, there cannot be a doubt, the Papers before the Board bear ample testimony to the fact, and in the exercise of the authority vested in him by Mr. Blair, the Board are bound to say, that he appears to have acted with much discretion. It is to be regretted therefore that Mr. Onslow should entertain sentiments so entirely opposed to him, but the Board indulge a hope after the opinion which they have recorded in the four cases that have come before them, that Mr. Onslow's sentiments towards this Individual may have undergone a change; and that he may have seen cause to view Chellapjah Moodleys Conduct in a more favorable light than it was originally presented to him.

From the Collr. of Trichinopoly. Reporting on the claims against the Estate of the Minor Zemindar of Podiarpollium.

Sir,

With reference to the Extract from the Proceedings of the Court of Wards, I have the honor to submit for their consideration the accompanying Statements connected with the claims against the Estate of the Minor Zemindar of Podiarpollium —

2 In their proceedings above alluded to, the Court notice the difference between the amount of the claims as reported in my letter of the 18th April 1840 and in Mr. Gilvie's of the 24th December 1838. The difference arose chiefly from a clerical error on my part in stating the claim made on behalf of Chinniah by Peter Cator Esqr. at about Rupees 32,000 instead of Rupees 155,050 — Statement A clearly shews the reasons of the difference.

3 Statements Nos. 1-2-3-and 4 exhibit in figures the particulars of each claim and the Settlement I have been able

able to make with the Claimants Remarks upon each claim are written upon a separate paper to avoid the inconvenience which would arise from increasing the size of the figured Statements if they were appended to them.—

4 The number of claims first repre=sented to the Board by me was 44 exclusive of Mr. Cators' the amount claimed was Rupees 81327-12-3- One claim has been subsequently prefered amount=ing to Rupees 86391-11-3 making the total 167719-7-6 (exclusive of Mr. Cators')- The additional Claim has not been examined, owing to the failure of the Claimant to appear before me and as the Bond on which he claims is of very ancient date I am in hopes it will turn out to be not valid.—

5. The detailed Statements Nos. 1.2.3.4 with the remarks will I trust, exhibit to the Court in a sufficiently perspicuous way the particulars of each claim.—

6 The Principal and Interest entered in Columns 3.4.5 of the detailed Statements are sums said to be due in the petitions presented to me Columns 6.7. and 8 exhibit the several transactions alluded to as recorded in the accounts

accounts of the Zemindar.—

7 Column 9 exhibits the date which each voucher produced to corroborate the Claim bears- It will be observed that many of them bear a recent date In most of the instances in which this is the case an adjust=ment of accounts has been made between the present Zemindar's Mother and Guardian and the Creditors, and the transaction has been considered to Commence afresh on the date of the adjustment.—

8 A strict examination of the accounts of both parties has shewn that the amount entered in the vouchers produced Even in some of those recently executed is not the amount of the actual debt accordingly Column 10 exhibits the Amount as per the several documents and Columns 11-12 and 13 the sums which the Zemindar's family appear from the accounts and Settlements obtained from both parties to have actually received, together with the Interest due thereupon calculated up to the 31st of December 1840, and as it was discovered during

4 The number of claims first repaired to the Board by me was 44 exclusive of Mr. Cators' the amount claimed was Rupees 81,327-12-3- One claim has been subsequently preferred amounting to Rupees 8639-11-3 making the total 167,719-7-6 (exclusive of Mr. Cators')- The additional Claim has not been examined, owing to the failure of the Claimant to appear before me and as the Bond on which he claims is of very ancient date I am in hopes it will turn out to be not valid.—

accounts of the Zemindar.—

7 Column 9 exhibits the date which each voucher produced to corroborate the Claim bears. It will be observed that many of them bear a recent date. In most of the instances in which this is the case an adjustment of accounts has been made between the present Zemindar's Mother and Guardian and the Creditors, and the transaction has been considered to commence afresh on the date of the adjustment.—

8 A strict examination of the accounts of both parties has shewn that the amount entered in the vouchers produced Even in some of those recently executed is not the amount of the actual debt accordingly Column 10 exhibits the amount as per the several documents and Columns 11-12 and 13 the sums which the Zemindar's family appear from the accounts and Settlements obtained from both parties to have actually received, together with the Interest due thereupon calculated up to the 31st of December 1840, and as it was discovered during the

the examination that the Creditors had in several instances obtained small sums in part payment of their Claims subsequently to the adjustment above alluded to: these sums have also been deducted from the debt and Counter Interest on them has been charged against the Creditor See Columns 14, 15, 16.—

9 The balance actually due upon the Claims examined is exhibited in Columns 17, 18 & 19.—The number examined is 29 the amount of these Claims as per Columns 3, 4 and 5 is Rupees 29,607-7-1.—

10 The Amount rejected is inclusive of the Amount of the Claims settled by decrees of Court and private arrangements by the Zemindar Rupees 3986-5-9½ See Column 5 in Statement B.—

11. The amount of Claims unexamined is out of the 44 first presented, Rupees 44003-2-10½ (Column 5 Statement B) to which must be added the additional Claim of Rupees 86,391-11-2 making a total of 126,394-14-1½.—

12 The amount which the Creditors have agreed to relinquish on certain conditions

Fort St. George 4th March 1841

is Rupees 1626-10-11 See Columns 19, 20, 21—leaving the amount which I recommend for payment including interest up to the 31st December 1860 Rupees 26550-11-4 as per Columns 22, 23, 24.—

13 It will be seen however that in most of the Cases in which the Creditors have consented to relinquish any portion of their Claims a stipulation has been made that they shall receive payment within 6 months from the date of their settlement with me and as the time stipulated will for the most part expire about the middle of April I obtain the favor of the Courts orders before that time.—

14 In one instance (No. 26) the time has already expired and I trust that my having paid the Amount will be approved of by the Court as it has not received their sanction it remains as an item in the Column exhibiting the debts to be paid.—

15 I should have explained before how I have calculated the amount of Interest* according to Regulation XXXIV.

No 30 This Claim is founded on a one bond bearing interest at the rate of 9 per Cent for Rupees 40- and Rupees 10 1/2 per Cent per Annum for Rupees 217-4-0- The Money was lent on the Mortgage of jewels which will be restored when the debt is paid.

No 31 A bond is exhibited purporting to bear the signature of the present Zemindar's Grand father - The Claimants obtained it from the heirs of the person in whose name the bond was originally made out - The Signature is not recognized by any of the Zemindar's people, and is very suspicious -

Rejected.

No 32 A document very much defaced bearing a portion of the Seal of a former Zemindar and no Signature is exhibited -

Rejected.

No 33 Claimant produces a Bond dated about 15 years ago for Rupees 2000-

It

Fort St George 4th March 1841.

It is denied on the Zemindar's part that any Money was ever received, the Zemindar dying soon after the date on which the Bond was signed. A further Claim is made amounting to Rupees 875- but as the Claimant have failed to adduce any proof and the Zemindar's people declare that it is not due, it cannot be admitted.

Rejected.

No 34. A Bond on unstamped paper and to which there are no witnesses names affixed for Rupees 879-4-3- is produced. A further Claim is made but as it is unsupported by any Vouchers and no trace can be found of the transactions alluded to in the Zemindar's accounts, the entire Claim must be Rejected -

No 35. There appears to have been some Money transactions between the late Zemindar and the Claimants but it is alleged on the part of the Zemindar that only a portion of the Sum Claimed was paid to the Zemmindar and that jewels to a large amount were given in

in pledge to Claimant. This Claimant denies, and as the Case is involved in great intricacy and the substantiation of the debt would be a difficult matter, it does not seem proper to admit the claim, which is accordingly rejected.

No. 36. This Claim has been arranged by the Zemindar's family, who have obtained an acquittance.

No. 37 Settled under instructions from Court of Wards 6th November 1837.

No. 38. Two bonds are exhibited, one for Rupees 2,000, one for 1,500 - and a Claimant exhibits a list of Monies supplied at different times for Rupees 500. The validity of the list is denied on the part of the Zemindar, and is quite unsupported by accounts &c. Regarding the Bonds there can be no doubt, and it appears that the Claimant has received Rupees 1113 in part payment of the first bond - and that jewels &c. valued at Rupees 3360 were Mortgaged. The Sum of Rupees 2,387. the amount of the said bonds.

bonds Remaining unpaid must be admitted. and be paid with interest. The jewels must be restored.

Recommended.

No. 39. Two bonds on unstamped &c. paper, one for Rupees 115 1/2, once for Rupees 213. On the part of the Zemindar accounts are exhibited to shew that the amount of the first bond has been paid, and the Claimant has relinquished his Claim so far and made over the bond to me. Rupees 82 1/2 are further due as per accounts and 383-12- on account of jewels Mortgaged. Total original admitted Rupees 679-4-0 the interest amounts to a like Sum, and Claimant agrees to deduct Rupees 58-8-0 from the total amount if he receive payment on or before the 2d May 1841.

No. 40. This is the same Claim as No. 8. It was entered twice in consequence of two petitions having been presented, one signed by a Vakeel, the other by the Principal.

Rejected.

Fort St. George 5th March 1841.

Rejected.

No 41 Stand for Rupees 669 and two receipts for the sum of Rupees 4606-2-0 are exhibited. There appears to be no reason to doubt the validity of these documents.

No 42 The Money transactions between the claimant's father and the late Zemindar seem to have been involved in considerable intricacy and with a view to prevent law suits, an amicable arrangement was concluded between the Mother and guardian of the Zemindar and claimant on the 30th March 1840- and a bond was executed by which the latter Consented to Confine his demand to Rupees 3829 bearing interest at 12 per Cent per annum from the above date- all former bonds being Cancelled- Under all the circumstances of the Case, I am persuaded that this a fair arrangement, and I have accordingly admitted the above Sum, from which claimant agrees to deduct 500 Rupees if he receive payment on or before the 20th April 1841-

No 43. The amount of this claim was not mentioned in the petition originally presented- A bond is exhibited for Rupees 6415-9-6 but by the accounts he seems to have received payment at several times reducing the amount of the original sum to 667-5-6. This must be admitted.

No 44. The claimant appeared before me, but as reference to the guardian of the Zemindar being necessary, he left Tinnivelly for the purpose of Conferring with her and has not since returned.

To the Collector of Sir,
Tinnevelly. Para 1

In Cons. 4th March 1841.—

I am directed by the by the
Board of Revenue to acknowledge the receipt
of your letter of the 11th Ultimo, and to inform you that
as

as it appears that the Villages of Poovany and Saccaragoody are both situated within the limits of your Collectorate, the Board desire that you will take immediate steps for settling the boundary dispute existing between them the particulars regarding which were reported in your letter of the 5th January last.—

In Cor. 28th Jan.y 1841

2 It does not appear to the Board that there was any good reason for reversing the decision of the Punchayet assembled under the orders of the late Collector in 1830 for determining to which Village the land in dispute belonged — and the Board are of opinion that that decision should, if practicable be enforced — should there be any difficulty in effecting this you will take such other measures as you may consider advisable for the speedy adjustment of the dispute in question and report the result

with

with as little delay as possible.

From the Pr.Coll.r of Canara

Sir,

Para 1

I have the honor to submit for the consideration of the Board translation of a Petition presented to me by the Chowter Rajah residing in the Buntwal Talook in this District, praying for some assistance from the Circar for the repairs of his family mansion.

2

Part of this building has been occupied as a public Bungalow for travellers since the year 1829 and the roof of it being in a very decayed state some repairs to the extent of 200 Rupees are urgently required.

3

The rest of the building is occupied by the Chowtar himself and a

a great portion of it is also in bad condition and as the Rajahs means are too limited to enable him to make the necessary repairs at once, I beg to recommend that the advance he solicits may be granted him to be recovered from his allowance in five annual instalments.

Petition to the Principal Collector from Chowdra Shekir Chetteraya Chowter of Moodbidry.

My mansion House which was built by my ancestors at an outlay of considerable amount is very old and much out of repair. To put it in repair I possess no funds. The House being situate in the high road to Mangalore all European travellers by this route do me the favor of occupying a part of my house for

for whom it affords proper accommodation
Formerly when my predecessor wished to
give it some partial repairs finding
himself much in want of funds for it
he represented the same to Mr Dickenson
the then Principal Collector of this District
who recommended his representation to the
favorable notice of Government and
obtained sanction to pay him my Predecessor
500 Rupees as Tacavi recoverable within
a given term of years. This indulgence of
the Government enabled him to have
the building partially repaired. I am
now residing in that mansion, about
three fourths of which stand in urgent
need of repair, and this Stock the liberty to
point out to you, when you last visited this
place. I am anxious to execute these repairs
this year. This is a large Edifice which was raised by
my ancestors, while they had in their hands the Government of the
country

country but it is now beyond the reach of
my means to make the necessary repairs to
such a building, without the Special assistance
of Government to which my family have con-
=tinued attached with an unfeigned loyalty
ever since our ancestors Relying on the bounty
of Government and your kindness to reward
our firm attachment I respectfully solicit
that you will recommend my case to the
favorable notice of the Government and
obtain sanction for favoring me on this
occasion with a gift of 500 Rupees and
allowing me an advance of 500 Rupees
more recoverable by instalments out
of the allowance paid me by Government
annually. by doing me this favor you will enable
me to repair my mansion House completely
and greatly oblige me as one of the several Re-

take pleasure in extending your helping hand.

Read the following letters

To

The Secretary to the Board of Revenue Fort St. George.

Sir,

In transmitting herewith the Statement of Smuggled Goods seized during the last Month, I have the honor to submit the following explanation regarding the seizure No. 3. the value thereof being above 100 Rupees.—

2. A Darkhast was presented to the Manager of Sea Customs at Calicut, in the name of Dellah Dewarchund, for permission to Export 56 Pieces of Blackwood, containing in the aggregate 798-1-4; the Manager deputed one of his Gomastahs to inspect the wood, who reported that the Ranks appeared to differ much with

ORIGINAL DESTROYED

with the dimensions specified in the Darkhast, whereupon the Manager himself proceeded to the River side, and having duly measured the wood, found that the 56 Pieces contained 1376 - 2 - 12 k. B. 16ths or 578 - 1 - 8 - above the quantity mentioned in the Darkhast.—

3.

Pellak Devarchund disclaims all intention of fraud. attributes the difference to some mistake on the part of his Gomastah named Kanajeson Koatty.— and the Darkhast Writer. The Gomastah Kanajeson Koatty, however, declares, he got the Darkhast prepared according to a Memo; given him by his Master, specifying the length, Breadth, and thickness of each piece, and the Darkast Writer states he made out the Darkhast agreeably to the Memo delivered to him by

by Kanason Koatty.—

4.

It appears to me that Devarchund was in hopes to defraud the Custom, most probably by an anticipated collusion with the Government Gomastah, and under these circumstances, and with the impression that the case comes within the scope of Clause first, Section XIX Reg. I. 1812 (extended to the department of Sea Customs by Section XX Reg. II of that year) I beg to recommend that the excess, above the Darkhast, Viz.t 578 - 1 - 8. k. B. 16ths of Blackwood be confiscated.—

Proceedings thereon - 1.

Calling for further information on the subject of an attempt to pass without payment of duty a quantity of timber through the Custom House at Calicut.

The Board do not clearly understand the practice observed in clearing goods through the Sea Custom Departments in Malabar, and they request that the Collector will explain it more particularly.

2. From the tenor of the letter now before them, it would seem that an application was made to the Manager at Calicut to pass for export by sea, a quantity of Timber, stated to contain a certain extent

extent of Cubic Feet by measurement - On examination the wood was found to measure considerably more than the owner had stated, and it is proposed to confiscate the excess as having passed or having been attempted to be passed through a Custom House without payment of duty.

3 The Board would wish to know if

if it is usual to pass goods or num-
-ber merely on the applicat-
-on and description of the
Merchant, without examination.
It would seem to be the
especial duty of the cus-
-tom House Servants to
see that the goods or arti-
-cle corresponded with
the description given by
the owners, and to c-
charge duty according-
-ly.—

Plaint, the Plaintiff must have had in his posession the Maroo Pattom Docu=ments and if Ramah Panikare did not make over to Chembom Poker the whole of his right to the land, He, Ramah Panikare, must have had in his posession the original Document he had obtained from the Plaintiff's Karoonawar, nothing therefore was easier for the Plaintiff than to establish before the Collector the Claim he now advances, by producing the Documents above alluded to, but this was never done, nor was any representation made touching the land, which is the subject of the present suit.—

Under the above circumstances, it will be obvious to the Court, that if the Plaintiffs claim were founded on truth, and could be established by Documents, it were to be expected he would have come forward and proved his claim between 9th/1800/ the year in which the property belonging

This it was proposed, should be accomplished by forbidding the working of separate stills, and confining the manufacture to a certain number of Distilleries to be established by Government; bringing thus the whole business within a comparatively small compass, and enabling it thereby to be effectually superintended and controlled by a limited Establishment.

5 Mr. Guichard's application for permission to extract sugar from the juice of cocoanut trees &c. seems to me to be unobjectionable, provided he agrees, under the existing Rules and Regulations, to enter into engagement for the payment of the dues of Government both on the Toddy and sugar.

I take this opportunity to report, with reference to my letter of the 7th December 1836, that the extent of land in this Collectorate now employed in the production of Sugar Cane is Cs. 44, and that the cane grown from year to year continues to be used chiefly in its raw state, though some sugar has of late been manufactured at the Presidency.

To A. Robertson Esquire.
Collector of
Madras.

Sir,

Having found the means of improving (by reboiling to a certain degree) the common sugar called Jaggery, but that operation producing a good quantity of scum and treacle (or Syrup), which, in their actual state, are of no use to me and prove to be a great drawback on my speculation, I have had the idea of converting them into liqueurs (as Anisette, Noyau &c.); but for that purpose I require to work a still of a moderate size in order to distil them together with the necessary ingredients for the manufacture of liqueurs: as I understand that your permission is required for that purpose, I beg leave to ask for it, and should you not find yourself authorized to grant it, I shall feel very much obliged by your kindly submitting my demand to Government.

Having

Having in my compound a certain quantity of Cocoanut trees, I would like to try to extract sugar out of the juice of some of them, say 30 or 40, and that only for one day, to extract the juice, may I be allowed to do so? if I succeed and that I find it worth my while, I will then apply again for your permission to continue doing so and pray the regular duty thereon.

Proceedings thereon.

The Board of Revenue under the circumstances stated in the foregoing letter concur with the Collector in thinking it in principle objectionable to grant a license to Mr. Guichard for purposes of distilling within Madras. That Gentleman's application for permission to extract sugar from the juice of Cocoanut trees under the restrictions suggested by Mr. Robertson, seems unobjectionable.

In adverting to the falling off in the sales of salt for Home consumption, the Right Honorable the Governor in Council regrets that any obstruction to the Trade should have occurred within the Territories of his Highness the Rajah of Sanjore, but trusts that the grievances complained of have now been remedied.—

3. The attention of his Lordship

Fort St. George 8th March 1841.

Lordship in Council has been particularly drawn to the circumstances regarding the sale of salt to the Danish Government. The usual Annual supply required for the Sranguebar territories (about 41 Garces) must have been obtained from illicit sources, and by means of a fraud which the Danish Provincial Government are bound by Treaty to repress as much as possible with a view to obviate any difficulties that might arise. His Lordship in Council is willing to sanction the offer proposed by the Board of Revenue for a reduction of the selling price to 75 Rupees a Garce (which was the original standard) but not to any lower sum. Meanwhile the Acting Principal Collector should be cautioned to exercise his vigilance in detecting the source of fraud.—

Though there is an increase of Rs. 1887-6-7 under the Head of Sayer, yet it appears that in the actual demand there was

With reference to the decrease in the Tobacco duties which now realize about half what they did 3 years ago, the Right Honorable the Governor in Council trusts that the Acting Principal Collector will forward without delay to the Boards of Revenue the result of his endeavours to carry out their suggestion of renting these duties.—

6- The Right Honorable the Governor in Council is happy to observe that a General increase seems to have occurred in the Collections of Revenue from Exctra sources in the district of Tanjore, and the fact that the whole Demand for the present Fusly amounting

amounting to Rupees 10,24,455-9-6- together with the Balances for previous years, have been brought to account; is very creditable to the Management of the Acting Principal Collector.—

7- His Lordship in Council also notices with satisfaction the terms in which Lt. Montgomery mentions the services of His Head Assistant Mr. Cook.—

From the Pt. Collr. on the Nr. Dn. of Arcot

Sir,

Para 1 I have the honor to return Petition Nr. 1744 of 1840, and to report, as directed on the case of the Petitioner Esmph Khan.

2 The Petitioner is at times quite out of his senses, and is at this present moment in confinement. His Brother Shamsaus Khan is a Pensioner upon 35 Rupees per mensem. This pension was granted to him and for the other members of his family on the 15th December 1836.

3 The Petitioner is quite insane. His Brother allows him every thing that is necessary for his support and comfort, but he throws it away and commits acts of violence whenever at liberty.

4 He is at present in confinement being a dangerous character to set loose upon society.

I have the honor &c

From the Sr. Collr. in the Nr. Divn. of Arcot

Reporting on the subject of Salt used in Curing fish at Pulicat.

Sir,

Para 1 I have the honor to furnish the information called for in your letter of the 11th Instant on the subject of Salt used in curing fish in this District.

ORIGINAL DESTROYED

2 All the fish cured in the District is at Pulicat and its neighbourhood. It is done by the application of earth impregnated by saline particles, which is found where the sea water has had its course. The quantity of fish annually cured at Pulicat and along the coast is rated at about 25,000 Rs.

The

Fort St. George 8th March 1845.

3 The fish is carried for sale to Madras, Bangalore, Vellore, Arcot, Wallajanagger and Chittoor and disposed of by wholesale the quantity retailed being but small in comparison about one hundred Candies yearly, is disposed of at Pulicat alone but the fish sold off there is generally of an inferior kind.

4 It is not supposed that the Fisheries would be largely extended or the public benefitted by the remission of the duty on Salt used in Curing Fish. In reality no sea water salt is used at present; it is only Earth impregnated with saline particles. By repealing the duty on Salt levied on this account every individual under that plea, will have it in their power to manufacture Salt for private consumption and also effect a fraudulent sale of the article.

ORIGINAL DESTROYED

5 Since the remission of the duty on Salt, the Merchants derive all the advantage, the public none. The people complain of the Salt fish being sold now at a higher rate

3646 Fort St. George 8th March 1841.

rate than it was formerly, and a further indulgence to the dealers does not appear necessary.—

Sir,

It was only on the 2d that I had the honor

Fort St. George 8th March 1841.

honor to receive your letter of the 15th Ultimo, requiring at my earliest convenience a report of the quantity of fish annually cured in this Collectorate by the application of Sea water or earth impregnated with saline particles and also my opinion if the Fisheries would be largely extended and the public benefitted by remission of tax on salt used in curing fish, and in answer I beg to state the average of the Custom Returns of the 5 Ghauts from 1240 to 1244 shews the annual amount of fish cured not to have exceeded 1959 Candies, all that was cured by free salt the monopoly of retail sale of salt, for which purpose was granted to

Fort St George 8th March 1841

per

to a single individual to amount of about 4,000 Rupees per annum; and none is cured by saline earths. The scarcity of fish in this part of the gulph of Manar and the difficulty of taking it makes the remission of tax upon salt a measure of no consequence to this Electorate.
