Thursday ... 29th April 1841. } Alexander Maclean Esqre Temporary Member.
Walter Elliot Esqre Third Member.

_____ absent on leave.

Minutes of the last meeting read and approved.

Read the following Extracts.

3 From the Chief Secy to Government-

Transmitting copy of a letter from the Collr of Malabar recommending the adoption of certain measures for the prevention of the felling of young teak trees in the Forests in his District with Copy of a letter addressed to the Govt of India on the subject and desiring the Bd to communicate to Mr Conolly what has been done & to request him to submit all future reports on the subject thereto for their Offices.-

Extract from the Minutes of Consultation under date the 5th April 1841.

Read the following letter.

To the Chief Secretary to Government-
Fort St. George-

Sir,

I take the liberty of sending a translation of a report just received from two of my Gomastahs whome I deputed to make an examination of some forests which I saw occasion to secure for Government, and to suggest whether under the circumstances therein detailed, it would not be very advisable to pass an Order

Fort St. George 29th April 1841.

order by which the cutting of all teak trees under a certain size, say 3 Candies, should be visited with a severe penalty.-

2. The most unobjectionable plan perhaps would be to lay such a heavy duty on all Teak saplings, as would amount to a prohibition and this plan as the Government are probably aware, has been recommended by many of the authorities who have in late years had the charge of this District.-

3 It is true that the Government of India in their letter to the Secretary to the Government of Bombay dated 2nd September 1840 express an unwillingness to sanction "scales of duties contrived, so as to discourage the felling of small trees, in the hope that the larger timbers will become more plentiful;" but I should almost hope that on reconsideration they would not object to change their opinion.-

I have

Fort St George 29th April 1841.

4- I have no doubt that all the chief proprietors would feel an enactment of this nature as a great boon- The Zamorin with whom I immediatly communicated on the subject of this report informed me that the saplings had been cut without his knowledge, and requested me to find out and punish the persons who had been guilty of the trespass on his woods- the fact of the case is that depredations of this description are made by the timber merchants in Collusion with the Proprietors Servants- The Proprietor, as a general rule, never visits his own forests, and is forced from their unhealthiness and distance from the cultivated part of the country, to give them into the charge of inferior persons over whom he can have little control- It is clear therefore, that their interest as well as those of the public would

Fort St George 29th April 1841-

would be advantaged by a measure like the one I am now advocating

5- I have thought it well to address the Government direct on this subject, with reference to the late Correspondence that has passed with regard to the Forests in Malabar.

Malabar, Collrs Office,

To G. A. Bushby Esquire.
Secretary to the Government
of India.

Sir,

With reference to the Correspondence that has taken place with the Government of India on the subject of the preservation and improvement of the Timber Forests on the Western Coast, I am directed by the Right Honorable the Governor in Council to transmit a Letter from the Collector

From Govt of India	22d April	1840	No 21-
To Do	30th June	"	397/708-
To Do	28th Augt	"	621/949-
From Do	2 Sept	"	212-
To Do	29th October	"	1191-
From Do	18th Novr	"	267-
To Do	5th January	1841	48-
From Do	27th "	"	9-

of

of Malabar giving cover to a report from two Gomastahs who were deputed to examine certain forests in that District, from which it appears that large numbers of Teak saplings still continue to be cut with impunity, and that without some order of the nature suggested by the Collector, further and more serious injury is likely to ensue-

His Lordship in Council is aware that the Government of India do not advocate the levy of a heavy duty on teak saplings in view to the larger timber becoming more plentiful, but the Officers of this Government have repeatedly recommended the measure as the only effectual remedy for the evil, and indeed the necessity for it, or for some other having for its object the prevention of the felling of young trees, is daily becoming more apparent, and more so from the Communication now transmitted; that His Lordship in

in Council entertains the hope that the Government of India will see fit, on reconsideration, to sanction one of the measures recommended by Mr Conally, namely, That the felling of undersized Trees be visited by a penalty by a formal enactment or which is considered the least objectionable, That such a heavy duty be laid on all Teak saplings as would amount to a prohibition-

Fort St George,
5th April 1841.

(Signed) H. Chamier.
Chief Secretary-

Ordered, that the foregoing letter and enclosure and a copy of the letter addressed to the Government of India on the subject of Mr Conally's recommendation be furnished for the information of the Board of Revenue-

The Board will communicate to Mr Conally what has been done upon his proposition, and request him to submit all future reports

reports on the subject through their Office.—

Extract from the Minutes of Consultation dated 5th April 1841.

Read the following letter—

(5)

From the Chief Secry to Government — Transmitting for such observations the Bd may have to offer, Copy of a letter from the Civil Auditor furnishing explanation on the subject of drawback allowed on oil exported to Ceylon from the Malabar Coast on Certificates of the re-exportation of the same to the United Kingdom.

To the Chief Secretary to Government.

Sir,

Para 1. The letter from the Board of Revenue dated the 13th of April 1840 and an Extract (Paras 8 and 9) of the communication from the Secretary to the Government of India dated the 2d of October 1839 — No. 103, with the orders of Government passed thereon under date the 29th of April last, relative to the irregular practice of refunding the duty received on Oil exported

ORIGINAL DESTROYED

exported to Ceylon from the Malabar Coast, on Certificates of the re-export of the same to the United Kingdom having been laid before me for my Consideration and report, on my resuming charge of my office, I have now the honor to submit for the information of the Right Honorable the Governor in Council the following explanation on the subject, which I trust will satisfactorily shew, that the continuance of the practice therein referred to for a period of ten years, was owing to no want of check in the Audit Department over such payments—

Having been obliged to refer

2. to records of old date, some time has been necessarily taken up in tracing the former Correspondence and in ascertaining from the Collectors accounts of the last 24 years the principle upon which the Charges on account of Drawback were admitted by this Office. To Complete

my

my enquiry into the system of check which has hitherto obtained and still obtains in respect to these disbursements, I found it necessary to ascertain what was the course pursued in other nearly similar cases, wherein Charges have been incurred under the express provisions of the Regulations of this Presidency, in order that I might be able to submit my opinion as to whether the system observed in auditing Drawback Charges is correct, and in conformity with established usage—

3. It will be observed from the accompanying Extract* from the Audit of the Accounts of the Collector of Malabar for Fasly 1226 or 1816/17, when Drawback Charges incurred under Regulation II of 1816 first came under audit in this Office, that the authorities under which those Charges were admitted were the following

A

following communications.

From the Collector of Sea Customs dated 30th September 1818.

From the Secretary to the Board of Trade " 17th June 1816.

From the Deputy Accountant General " 5th February 1816.

Copies of which I beg to submit for the information of Government, and that the Vouchers in support of the Charges were the Original Certificates on which the amount of Drawback had been disbursed. From this, and from a careful enquiry which I have made on the subject in respect to any subsequent alteration of the system of check then adopted, I learn that it was usual for this Office, as it is now, to confine itself to the following points in admitting the Charges in question.

1st That the requisite detailed Lists, with the Vouchers being the Original Certificates were

were furnished, and that they were in the prescribed Form - and 2dly That the payments on account of Drawbacks charged in the Monthly accounts corresponded with the amount of the Certificates therewith transmitted.-

4. This Course having been regularly followed, I trust it will satisfactorily appear therefore, that as far as this Office was concerned in the admission of these Charges, the disbursements in question had not been passed "without adequate and sufficient Vouchers," being furnished in support thereof, as observed in the letter from the Secretary to the Government of India under acknowledgment.-

5. In respect to the payment of Drawback "without authority under Regulation" I would respectfully beg to observe that it appears to me to be properly the province of the Controlling Revenue Authorities to see that such payments are made in strict

strict conformity to Regulation, in the same manner as charges incurred under Regulation by Judicial and Magisterial Officers are checked by the controlling Judicial authorities, they being considered competent to decide in each instance, whether the particular charge has been duly regulated by it, or comes within its scope and intent. It would appear therefore to have been the duty of those authorities to have checked the irregularity brought to notice in having granted Drawback on Oil shipped from the Malabar Coast to Ceylon and thence re-exported to the United Kingdom; and this opinion would seem to be borne out by the communications referred to in the preceding Para: for it will be observed from the circular addressed by the Secretary to the Board of Trade on the 17th of June 1816 that the Collectors of Sea Customs in Malabar and Canara and in other Districts were required to furnish that Office with

with Monthly Statements in a particular Form of such Drawbacks as were granted in the course of the year under their sanction, to enable them to lay the same before Government with their Annual Reports of Draw-backs. Instructions similar to the above would appear from the letter of the Collector of Customs dated 30th September 1818, to have been also issued by the Board of Revenue to the several Collectors.

6. I am unable at this late period to state when this supervision which was evidently once exercised by the Board of Trade over the payments of Drawbacks, was discontinued, or to whom the duty was subsequently transferred, but I presume that the Board of Revenue ought latterly to have exercised the necessary check over the disbursements in question, inasmuch as the control over the receipts and issues of the Customs Department properly belongs to that authority.

As

7. As the subject however is one of importance, and as the refunds of duties on Goods shipped from one Port to another and thence re-exported to the United Kingdom, are extensive, and unquestionably require some efficient check, I would respectfully beg to suggest, that the disbursements in question be hereafter annually reported by the Board of Revenue for the special sanction of Government, in the same manner as all variable Charges incurred in the Judicial and Magisterial Departments are annually checked and submitted for sanction by the Court of Sudr and Foujdaree Udalut. By this arrangement, the controlling Revenue and Judicial Authorities and the Audit Office will possess that check over disbursements in their respective Departments, which it is the province of each to exercise.

8. In conclusion I beg to state for the information of Government, that the average number of Vouchers received annually in this Office from the

the Collectorate of Malabar alone in support of Drawback charges is 506: it can therefore be hardly expected that with a Small Establishment and only one Revenue Auditor, who has always on his hands sufficient work fully to occupy his time and attention, the Audit Office could have checked those irregularities in the grant of Drawback in Malabar, arising out of a misconception of the Regulations which has been brought to notice and which the Board of Revenue would seem to impute to its inefficient control over such disbursements.

Fort St. George,
Civil Audrs. Office,
24th March 1841.

/Signed/ J.C. Morris
Civil Auditor.

Ordered that the foregoing letter and its accompaniments be referred to the Board of Revenue for such observations as they may have to offer on the subject with reference to their Secretary's letter of the 13th of April last. The Board will

will give their attention to the suggestion contained in the 7th Para of the above letter, and report whether the disbursements on account of Drawback allowed on goods in the several Districts cannot be hereafter examined in their office and annually reported for the special Sanction of Government in the same manner as charges incurred in the Judicial and Magisterial Departments are annually checked and submitted for sanction by the Court of Sudr and Foujdara Udalut. It is observed that Drawback granted by the Collector of Sea Customs on supplies furnished to Her Majesty's Vessels has been usually submitted by the Board for sanction.

/Signed/ Wm. Chamier.
Chief Secretary.

Customs Department.

To, the Collector of
Sea Customs
in Malabar and Canara.

Sir,

I am directed by the President and Members of the Board of Trade to transmit for your information the accompanying Extract of a letter to the Chief Secretary to Government dated 20th Ultimo - and to acquaint you that the Right Honorable the Governor in Council has been pleased to express his concurrence in the opinion therein stated, with regard to the reductions of duty on Goods exported to England to the mode of calculating and paying the drawback as well as of distributing it between the Departments of Land and Sea Customs.

I am further directed to
2 transmit to you the form of the certificate which is to be granted for drawbacks on Export to the United Kingdom, and as Regulation II of 1816 expressly provides that in these cases

cases no "drawbacks shall be allowed,
"unless applied for when the goods
"are exported, and unless the application
"be accompanied by the Rowannah
"or Rowannahs granted when the duty
"for which the drawback is claimed
"was collected." You will be particularly
careful in making the prescribed
entries in the certificates which you
grant, and which are to be made
payable at the General Treasury
nearest the place of Export. In order
to complete the annual Reports of
Drawbacks which are to be submitted
to Government from this Office as
well as to facilitate the after adjustment
between the Land and Sea Customs
Departments, the Board are desirous
of receiving from you a monthly
Statement of such drawbacks
as may be granted in the course
of the year under your sanction. I am
directed to enclose a form of the
Statement.

Circular to Collectors.

Sir,

With the view to prevent the inconvenience that might be occasioned to individuals in the recovery of the drawback to be allowed under the new Custom Regulations upon the exportation of certain commodities, in consequence of there not being always money in the hands of the Collectors of Sea Customs, by whom the drawback is certified, it has been arranged that the certificate of Drawback shall be discharged at the nearest Revenue Treasuries where the exporters may reside, and the annexed form of certificate has been adopted by the Board of Trade to be used universally on such occasions.

In pursuance of this arrangement I am directed by the Accountant General to request that on presentment of any certificates of Drawback of the description referred to, you will cause them

Fort St. George 29th April 1841.

to be discharged, and debit the amount in your Public Accounts under the Head of Drawback, provided in the Printed forms of Accounts, as the sums to be refunded will in almost every case be on account of duties originally paid in the Land Customs Department.

Order thereon

ORIGINAL DESTROYED

Ordered to be sent again in Circulation.-

From the Chief Sec.y to Government
7

Extract from the Minutes of Consultation
Under date the 12th April 1841.

Read again letter from the Secretary to the Board of Revenue dated 10th February and entered in Diary & Consultation 2d March 1841.

Read also Extract from the Minutes of Consultation in the Military Department-

(Vide Mily. Cons.s 16th March 1841- No. 356.)

In

Fort St. George 29th April 1841.

Dy. 26 January 1841 No. 41-42.

1. In his letter of the 19th December 1840 the Magistrate of Trichinopoly represented the inconveniences arising from the present system of providing carriage for the march of Troops, and suggested certain arrangements for overcoming them.

These were.

That the Commissariat should arrange with the Collectors of Districts through which Troops may have to march to procure a relief of carriage, and thereby avoid the inconvenience of taking the same carriage the entire distance of the journey-

That the quantity of carriage required for each individual of the Regiment or for the Baggage and Stores of the Regiment should be fixed by Rule.

That Carriage should in all practicable cases be contracted for, as is done for other requisitions of the Service.

Deeming

2 Deeming these suggestions
worthy of attention the Board of Revenue
and the Commissary General were required
to consider and report upon them and
their replies are noted at the head of
these Proceedings. The Board of Revenue
do not think the propositions of the
Magistrate for remedying the evils
of the existing system so matured
as to admit of immediate adoption
The Commissary General has shewn
that the contract for carriage for
Military purposes can better be effected
by the Civil authority than by the
Commissariat, and has suggested
that the Adjutant General and
Quarter Master General should be
required to draw up a table of an
allotment of Carriage for corps
marching from one station to
another, by which the requisitions
on the Civil authorities, he observes
would in some measure be regu-
-lated, instead of being as they now
unlimited.

3 In this respect the
Commissary Generals views meet those
of the Magistrate of Trichinopoly,
and as His Lordship in Council
also concurs in the expediency of
a regular allotment of Carriage in
lieu of the present mode of de-
-manding it to an unlimited
amount, which he considers most
objectionable, he resolves to direct
that instructions to that effect be
issued through the Military Depart-
-ment. The propositions contained
in the 3d and 4th Paras are also of im-
-portance and worthy of adoption and
the attention of the Military will be
generally called to them, while, the
Magistrates on their part will be
required to keep a Register of the
Carts available within the limits
of their authority to meet calls of
emergency and employ them in rota-
-tion as suggested by the Commissa-
-ry General. In short such a Course is
urgently

urgently required, since if it is impracticable to move Troops in this Country without pressing Carriage, every thing should be done to make it bear as lightly as possible upon the Cart owners.

4 In reference to Para 5 of the Commissary Generals letter, His Lordship in Council is of opinion that Carts ought not to be pressed for a larger portion of a journey than is absolutely necessary, and that the owners should be relieved at large intermediate stations where other Carriage is procurable.

5 Ordered that the letter of the Commissary General and of the foregoing Resolutions be communicated to the Board of Revenue in order that instructions corresponding with the views of Government may be issued to the several Magistrates and to the Military Department in view to the Officers concerned

concerned being instructed accordingly.

/ True Extract /
/ Signed / W. Chamier
Chief Secretary

To the President & Members of the Board of Revenue.

A.

To the Chief Secretary to Government.

Sir,

I have the honor to acknowledge the receipt of Extract from the Minutes of Consultation of the 23d. January 1841, and order thereon of the 28th. Idem, and to forward Copy of a Communication to my address and its accompaniments from the Deputy Assistant Commissary General Lieutenant Mackenzie at Trichinopoly, who deems it needless, for the reasons stated, to enter into contracts, as suggested by Mr. Collector Anslow for the supply of private Carriage, and which he considers can with more propriety, be supplied by the Collector and Magistrate, and in which opinion, I fully concur, as it appears that compulsory seizure is

is unavoidable under present circumstances.—

2 I would beg, however respectfully to suggest for the consideration of Government, the expediency of the Adjutant General and Quarter Master General drawing up a Table of an Allotment of Private Carriage, the same as I am led to believe obtains in Bengal, for Corps marching from one station to another, by which the requisitions on the Civil authorities might be in some degree regulated, instead of being as they are now unlimited.—

3 Much of the disinclination on the part of the Owners of Cattle to engage with private Individuals, while they exhibit no such backwardness when required for the Public Service, no doubt arises from the ill usage to which they are subjected by servants; by being over-

loaded

loaded, by prolonged detention for the adjustment of their Hire, and from their being very often forced on completing one Journey to accompany the relieved Troops on another.

4 These evils might in a great degree be remedied by Officers Commanding the Corps, to which Carriage is supplied, being held strictly responsible that the Carts are not over-loaded, or the Drivers ill-treated by the Officers servants or their men, and by issue of protection Chits by the Collector or Commissariat Officer at the station where they are originally supplied to secure them against a forced employment after the completion of the March for which they are engaged.— Registers also should be kept in the Military Police Choultries and Collector's, or Aumeen's Cutcherries of the number of Carts that the station and circumjacent

Villages

Villages can bring forward on calls of emergency, and if a Roster of their employment for the service of the Public were kept, it might prevent any partiality being shewn to favored Proprietors, and ensure their being taken up in just Rotation, without reference to the season for any duty for which they may happen to be required.—

5.

Though it might to a certain extent be acceptable to the owners of Cattle to be relieved at intermediate stations on the Route; yet, I am apprehensive it would be attended with so much perplexity and inconvenience in the adjustment of accounts, and the fitting up of Bandies, which is necessary for the families of Soldiers and Sepoys, that I consider it would be unadvisable to have recourse to such a measure.—

Commissary Gen.l Office,
Madras, 10th March, 1841.

/Signed/ A. Tullach Lieut. Col.
Commt. General &c

To the Commissary General
of the Army

Sir,

With reference to your communication of the 30th Ultimo, forwarding Copy of a Letter from the Collector here to the Chief Secretary to Government, regarding Public Carriage and calling on me for whatever suggestions I may have to offer, I have the honor in reply to forward Copy of a Letter addressed by him to me on the subject with my reply thereto, as well as that of a Memo furnished by me to the Brigadier Commanding the Station on being desired to allow the Collector to supply all Carriage here, shewing the deference between the limited rates of hire and those of this Department on which the Order was withdrawn.—

I beg to remark that it is and always has been impossible for the Officer of this Department to secure more than a very few

Bandies

Fort St. George 29th April 1841

Bandies or Bullocks here from the little authority he has at this Station on account of such a small portion of it being under Military control, and if he even did hire them they were always subject to seizure by the Collector whose power is paramount over almost the whole of the place and therefore I consider the most proper person to supply Troops as he also has often to send into the District when more than a Native Corps marches about the same time, there has therefore been no reflection meant to be thrown on the Department here although former Collectors have not thought proper to represent the matter.

With the above view of the case I of Course consider it useless entering into Contracts for carriage, as I am confident a sufficient number could not be procured by this Department and the Collector has almost always on the march of Troops been obliged to have recourse

Fort St. George 29th April 1841

recourse to seizing them. I have no doubt, but that owners of cattle would come forward more readily if the prospect was held out to them of being relieved at intermediate stations, and thereby lessen the necessity for compulsory seizure or perhaps if the duty was made over to the Collector he might be able to arrange so as to obviate the necessity altogether, and which I understood was his wish as expressed to the Brigadier, and if so I consider the exact number required, Vide Vide might be ascertained by the Commissariat Officer through whom the application ought to be made as well as applying to Collectors at intermediate stations if that system was adopted.

Southern Division,
Trichinopoly 2nd Feby 1841

/Signed/ W. A. Mackenzie
D. A. G. General

To The Deputy Assistant
Commissary General
Trichinopoly

Sir,

I have ordered the
Bandies

Bandies to be released.—

2.

I take this opportunity of informing you that I have thought it may duty to represent to the Office Commanding the Southern Division of the Army the very great inconvenience arising from the system of more than one authority being engaged at the same time in providing Carriage for Troops and I trust that I shall have your support in endeavouring to place Matters on a better footing.—

Trichinopoly,
Magistrate's Office,
10th December 1840. } /Signed/ A. P. Onslow.
Magistrate

To The Collector and Magistrate of
Trichinopoly

Sir,

In acknowledging the receipt of your Letter of yesterday's date informing me of your representation regarding Carriage for Troops and trusting that I would cooperate with you / as far as lies in my power / in placing matters on a better system, I have the honour in reply to state that I shall be most happy to assist in any arrangement by which the Collector alone will

will provide the Carriage for Troops as it is impossible the Commissariat Officer can do so in a small Military Bazar like the one here, / as / the only obstacle that I see is, that the Department has in employ a Bullock Maistry who contracts for the supply of Public Carriage at the same rate at all seasons cheaper than those provided by you I believe, and the difference of Course will be objected to by higher Authority this however may be remedied and the system for all supplies for Sepoys Families, Messes, and Officers, as I have before stated, I shall be glad to see placed in an improved footing as suggested by you with some remedy pointed out warranting a change which would be satisfactory to other authorities regarding Public Carriage.—

Commissariate Office

From the Chief Secy to Govt.

Transmitting Reports from Captain Gresley upon the settlement of the boundary disputes between certain Villages in the Masulipatam & Guntoor Districts & His Highness the Nizam's territories, and desiring that the Collr's of those two districts be directed to give effect to the same as Captain Gresley's decisions are recognized as final and binding upon the two Governments.—

Read the following Extract.

Extract from the Minutes of Consultation under date the 13th April 1841.—

Read the following letters from Captain F. Gresley, Umpire for the settlement of the Boundary disputes on the Nizam's Frontier.—

Forwarding a Report upon the settlement of the Boundary disputes between certain Villages of the Masulipatam and Guntoor Districts and Villages of the "Kandr." Talookah in the Nizam's Territories.— (Here enter 14th March 1841 No 372) Guntoor

Forwarding a Report upon the Settlement of the Boundry disputes between the Purgunah of Betawole of the Masulipatam District and the Purgunah of Amuntagherry of the Nizam's Territories.— (Here enter 20th March 1841 No 373)

Forwarding

Forwarding Reports upon the settlement of the Boundary disputes between the Villages of Kunnuckghery and a part of Madras of the Nizam's Territories and the adjoining Villages of Meroorgut &ca of the Masulipatam and Ellore Districts.-

(Here ente 30th March 1841 No 41

Offering a few general remarks concerning the origin of the Boundary disputes along the Frontier of the Masulipatam Dis= =trict- Reporting the re result of the present se settlements, and suggesting that in the event of similar disputes ar arising hereafter in the tracts now covered with Jungle, they should be settled by Punchayet.-

(Here ente 30th March 1841 No 41

The

Para 1.- The Right Honorable the Governor in Council is glad to observe from the Reports recorded above that the Boundary Disputes which unhappily prevailed for a long course of years between certain Villages in the Masulipatam and Guntoor Districts, and His High= =ness the Nizam's Territories, have been adjusted to the satisfaction of all parties concerned, through the instrumentality of Captain St Fresley of the 14th Regiment Bengal N.I. who was with the concurrence of His Highness' Government appoint= =ed under date the 21st November 1840 sole Commissioner for that purpose. The great attention, despatch and ca= =pability with which that officer has discharged the important duty en= =trusted to him and the happy re= =sults which his exertions have already produced by large tracts of waste having since been brought under

under cultivation and by the establish-
=ment of several new hamlets, as
exhibited in the Reports under consid-
=eration, are highly creditable, and
claim for him the commendation
of Government, His Lordship in Council
will not fail to bring Captain Gresley's
valuable services to the notice of
the Supreme Government.—

2 Captain Gresley's decisions
in the several cases enumerated
in his Reports being recognized as
final and binding upon the two
Governments this Lordship inclines
resolves to transmit all the papers
on the subject, together with the
Maps which accompanied them
to the Board of Revenue, with direc-
=tions to direct the Collectors of
Guntoor and Masulipatam to give
effect to the settlement, and on no account
to allow of any deviation from it.—

3 It is observed from Captain
Gresley's letter of the 30th March (Para 9)
that notwithstanding the precau-
=tions taken to define the boundaries

Para 9th Post-
=script.—

he anticipates that some disputes may
may hereafter arise from the cul-
=tivation of those parts which are
now covered with Jungle, and
recommends that in such event
the native local officers on both
sides of the Frontier may be directed
to meet as near to the scene of dis-
=pute as convenient and adjust the
matter by Punchayet; and when the
disputed track is of any considera-
=able extent, that a survey and re-
=cord of the decision be made.—
In the propriety of these sugges-
=tions the Right Honorable the Go-
=vernor in Council fully concurs,
and he resolves accordingly that
the Collectors of Guntoor and Masu-
=lipatam be directed to attend to
them should the exigency arise.—

4 Captain Gresley is requested
to furnish His Highness the Nizam's
Government, through the Resident
at Hydrabad, with copies of his
Reports and enclosures under

his

his own signature, if he has not already done so; and His Lordship in Council purposes to forward a copy of the Resolutions of Government hereon to the Resident in view to His Highness being moved to issue the necessary orders to the local officers of his Government on the Frontier to abide by an enforced settlement. — It is observed from the Postscript of his letter of the 11th March that Captain Gresley has forwarded a Copy of his report on the disputes connected with the "Khanat" Talookah to the Resident at Hydrabad. —

5 Seemingly the only other disputes unadjusted are those arising from the levy of the "Poollary tax" regarding which more particular information was called for from Captain Gresley on the 27th March last, and it is hoped that at no distant period these will be brought to a satisfactory

a conclusion as the Boundary disputes.

To the President & Members of the Board of Revenue

A

To H. Chamier Esquire
Chief Secretary to Government
Madras.

Sir,

I have the honor to forward for the information of the Right Honorable the Governor in Council a report upon the settlement of the Boundry disputes between certain Villages of the Masulipatam and Guntoor Districts and Villages of the "Khanat" Talookah in the Territories of His Highness the Nizam.

I am preparing Reports upon the settlement of all the remaining disputes which I shall shortly have the honor of forwarding to you.

(Signed) Thos Gresley Capt.
Umpire for the Settlement of the Boundary Disputes &c.

Hyderabad
March 11th 1841

N. B.

N.B. I have forwarded a copy of the Report to the Resident at Hyderabad

In A.

Report upon the Settlement of the Boundary disputes between His Highness the Nizams "Kanut" Talookah and the Honorable Company's Districts of Masulipatam and Guntoor.-

Kanut Talookah

When the Circar of Moostaffanuggur was ceded to the British Government, certain Villages containing the celebrated Diamond Mines were retained by His Highness the Nizam.- These Villages which were formerly included in Nundygam and other Purgunnahs of Circar Moostaffanuggur are now designated the "Kanut" (Mines) Talookah and (with the exception of Malacelly and Boswuncha) are situated on the North Bank of the River Kistna and surrounded by Villages belonging to the Honorable Company.-

Extent of disputed tracts.-

2 The disputed parts of the boundary

boundary extended for about 12 Miles, and the land in dispute was mostly fertile black soil, well adapted for dry grain cultivation, and four Islands in the bed of the Kistnah uncultivated but yielding good pasturage.- Of these about 2,250 acres were in the possession of the Company's Zemindars, about 30 acres under the Nizam's Government, and about 890 acres occupied by neither party (Vide appendix D.-)

3 The only dispute in the settlement of which there was any difficulty was that concerning the Islands in the bed of the Kistnah.-

Islands Changes made by the River &c.-

4 The entire bed of the River is here about 3 miles broad, for several years the stream has been encroaching upon the left bank, and the Village of Atcoor which is now on the edge of the River (a part of the Village having in fact been swept away during the last few years) was in former days a Mile or so distant from the bank.-

A.

At some former period during an inundation a small channel was formed between the Village and the bank, cutting off a large portion of the lands of Attoor, and it appears from the very minute survey executed in 1816-17 that the channel which has since become 3 furlongs wide and is now one of the principal streams of the Kistnah during the Monsoon was at that time (1816-17) only about 200 yards across (Vide Map E) The Island according to the survey was then about three times its present size, and it will probably disappear entirely in a few years more if the River continues its present course.—

5 While this process has been going on on the North bank of the River, changes of an opposite nature have taken place on the South bank. From the copious

copious alluvial deposit which has been made in the small channels which separated the Islands from the bank and from each other, One Island has become annexed to the main land, and three others have increased in extent and altered in shape so much that although they have retained the names they can scarcely be considered to be the same Islands as those which existed in 1816-17 It appears probable that these three Islands also will in course of time be annexed to the main land.—

6 The large Island in the centre of the River has been cut in two by the River having formed a channel through the middle, and a considerable deposit has been added to the western end of it.—

7 A small Island on the North of this large Island which is laid down in the survey was entirely washed away 12 years ago.—

There

8 There is still a considerable stream between the large Island and the others on the south, which will probably prevent their junction for at least several years to come.

Settlement. — 9 It will be seen from the accompanying appendix C. that the claim made by the Nizam's Government to two of the Islands was admitted, but as it is impossible to establish permanent boundary marks in the bed of the River, it is scarcely to be expected that this settlement will prevent disputes occurring hereafter as the limits of the various Islands become altered by the action of the streams.

10 Of one of the disputed tracts, a partition has been made, and the other has been decided according to actual possession, with the exception of a few acres of uncultivated land which have been transferred to the Nizam's Talookah.

March 14th 1841. (Signed) Thos Pressley Capt. &c
Umpire for the Settlement
of the Boundary disputes &c
Settlement &c

A

Settlement of the Boundary dispute between the Village of Cumchamcherla Purguinah Nundegaom of the Honorable Company's District of Masulipatam and Moogloor and Butteenpar of His Highness the Nizam's Kanat "Talookah.

Land in dispute

The tract in dispute between these Villages consisted of about 920 acres, all of which with the exception of a small portion on the S.E. Corner where there were the remains of some Diamond Mines was fine arable black soil (regur.) about 20 acres were in the possession of the people at Moogloor and Butteenpar and the rest had not been held by either party for many years.

Both parties admitted &c

2 that the greater part of the land had been uncultivated and disputed for more than a century nor was there any evidence to shew former occupation by either

Village. — Eight

Former settlement

3 Eight years ago an attempt was made by the Inhabitants to adjust the dispute, and the case was referred with the consent of all parties to Firmul Row one of the Joojoor Kistpondias.- Firmul decided that as there was no evidence to shew that either party had a better right to the land than the other, it should be equally divided.- A "Mahjur" of the proceedings was drawn up and a decision was made for that with.- The Zemindar of Cunchumcherla however refused to abide by this settlement on the plea that Firmul Row had not made a fair division.-

Original limits of disputed tract.-

4 The original limits of the disputed tract as laid down in the Mahzur were, three boundary stones on the East a Nullah on the S. W. and on the North a line taken from the North of the three

three boundary stones to another stone on the Western extremity.- On the present occasion the claims of both parties some what exceeded those limits and after a careful survey of the land it appeared that Firmul Row's decision was slightly in favor of the Mooglaar Claim.-

Decision

5 Having reduced the dispute to within what appeared to have been the original limits, I made a division of the land taking into consideration both its quality and extent.-

(Signed) Fras Gresley Capt.

Umpire &c.

Settlement

B

Settlement of the Boundary dispute between Purtyal of His Highness the Nizam's "Kanut" Talookah and Gotee Mooklah of Purgunnah Joojoor of the Honorable Company's District of Masulipatam.—

This was a dispute of very old standing, and the Record of the Masulipatam Collector's Office shews that at various periods as far back as the year 1770 affrays had taken place on the disputed land and Troops had been called out to keep the peace.

The land disputed was in the possession of the people of Gotee Mooklah and consisted of about a thousand Acres of black (Regur) soil, and about 300 acres of Hills and 100 acres in the bed of a Tank.—

Evidence on the part of Purtyal as (Nizam's)

In support of their claim the Purtyal Zemindars produced various papers to shew that the dispute had been constantly kept up.

That

Comptr. S.R.

2.— That a Cheroo called Pedda Balwapore belonged to Purtyal many years ago.—

3.— That Tubberaz Cheroo and land under it were in the possession of Purtyal 92 Years ago.—

4. That a part of the produce of the disputed land was received by the people of Purtyal in the years 1782 and 1802.—

5 That transit duties had been constantly levied on account of Purtyal on the road North of Tubberaz Cheroo (Tank).—

Remarks.— There was no date to the paper recording "Pedda Balwapore," the hamlet has not been in exis= =tence for many years and there was no evidence whatever regarding its site, or to shew that it was on the disputed land.—

The fact of levying transit duties on the road to Gotee Mooklah on a part of the disputed land without the other party having objected was

Fort St.n George 29th April 1841.

was the strongest part of the evidence, but this evidence was weakened by the consideration that the opposite party had little or no interest in preventing it, and if the transit duties had not been demanded, it might have been considered as a relinquishment of the claim.-

Evidence on the part of Gotee Mooklah & Honble Company

The Zemindars of Gotee Mooklah produced papers to prove.-

1st That they had had possession of and cultivated parts of the land at different periods since 1701.-

2d That in the year 1802. the Putwaree of Purtyal agreed to abide by the decision of three named persons, and that the decision of these three persons was in favor of Gotee Mooklah.-

3d That in 1808 the Taloogdar of Khussum after having perused the statements on both sides, and satisfied

Fort St.n George 29th April 1841.

satisfied himself that the Gotee Mooklah Ryots had had possession for many years, ordered the people of Purtyal to withdraw their claim.-

4th That in 1830 the Collector of Masulipatam (Mr.n Dent.) made an enquiry on the spot and after hearing both parties was of opinion that the land belonged to Gotee Mooklah, that he reported his proceedings to the Nizam's Government, who made no objection thereto, but issued orders to the Purtyal people to give up the grain &c.a.n which they had seized, styling their demand "beja-w-a-na-Moonasib".-

Remarks. According to the Mahzur recording the settlement upon which the Gotee mooklah Zamindar asserted his right to his present possession, the Boundary should go by the south end of the bund of the "Ubberaz Cheroo," the line shewn went some what

to

to the south of this.-

Decision.

The claims of the Purtyal Jemindars were rejected with the exception of a few acres of cultivated land S. W. of the Ubberaz cheroo (Tank) and part of a Hill called Pullabor, which according to the papers shewn by the Gotee-mooklah Zumindar appeared to belong to Purtyal - with this exception the boundary was fixed according to the actual occupation.-

(Signed) Thos. Gresley Capt.
Umpire &c.

C.

Settlement of the Boundary dispute between Gauny Atcoor of the "Khamut" Talookah of His Highness the Nizam's Territories, and Amravaty and Vicontapore - Purgunnah Condaveer of the Honorable Company's District of Guntoor

This was a dispute regarding four Islands in the bed of the Kistnah, the Islands were

were uncultivated; and merely used for pasturage, their extent was altogether about 850 Acres, three of the Islands were in the possession of the people of Amravaty, and one in the possession of the people of Vicontapore.-

Evidence on the part of His Highness the Nizam's Village.

The Putwarees of Atcoor stated that formerly the Islands called "Pedda Lunka" "Jungilee gudda" and "Rellow gudda" were in their undisputed possession up to the year 1792; but that in the year following the Jemindars of Amravaty and Vicantapore (Raja Vasareddy) having farmed the Village of Atcoor for 4 years, took possession of Rellow gudda as his own personal "siree," and when the period of the contract had expired (1796) he retained in his own hands the Islands of Rellow-gudda and Jungilee gudda on the plea that they were disputed, and should

from 1801. to 1807- and in 1817- 1818 and of the other Islands at various periods.

2d 5. Copper plates recording a grant of the Village of Atcoor to certain Brahmins by "Vaima Reddywar" dated 1267 Salwahen (A.D. 1343.) shewing that 497 years ago- the South East corner of the boundary of the Village was on the East side of an Island to the west of Viconta pore hill and that the boundary went west from this corner along a branch of the river which flowed South of the Island.-

3d Letters from Mr Oakes Collector of Guntoor and orders concerning the Islands, shewing that in 1818 the Deopondiahs of Atcoor preferred their Complaint to the Collector of Guntoor, that the Collector having made enquiries concerning the case wrote

should be given over to the proper party when the dispute came to be settled- a claim was soon after made for Pedda Lanka. From 1799 until 1816 the Islands were disputed, sometimes one party had professon, and sometimes the other- in 1817 the Atcoor people took professon as and upon being ejected by the opposite party, the Deopondiahs laid their complaint before the Collector of Guntoor- who enquired into the matter and ordered the Islands to be given up to Atcoor- that the next year the people of Atcoor cultivated on one of the Islands but when the grain was ripe the Amravaty people seized the Crop and since then have kept professon contrary to the orders of the Collector of Guntoor.-

1st The Atcoor Putwarees produced Various accounts and Documents shewing professon of Pedda Lanka from 1782 to 1796- also from

Zumeendar (Vide appendix C.2)

4th A Mahzer signed by certain persons of the neighbouring Villages, stating that they considered the Islands to belong to Atcoor.-

Objections made by Amavaty people.

The Putwarees of Amavaty stated that the Islands which were formerly disputed and decided to belong to Atcoor were certain Islands now in the possession of the people of Atcoor with the same names as those now claimed, that the names are merely on account of some local peculiarity as "Pedda Lunka" (large Island.) "Relloo Lunka" (Grass Island.) and so forth, and that the former dispute was in consequence of a claim which the Amavaty people had upon the large Island of Atcoor, that the Collector of Guntoor formerly ordered them not to interfere in the cultivation of the "Pedda Lunka" of Atcoor & accordingly they have not interfered since.-

In

(32)

wrote to the Ameen at Amravatty directing him to give up to the Atcoor people the Islands under dispute as (24th March 1818) that on the 24th May 1818, the Ameen wrote to the Curnum of Amravatty saying that the dispute about the Pedda Lunka had been decided in favor of Atcoor, and that the Collector had issued orders to relinquish it to the Atcoor people.-

That in 1819 the Collector of Guntoor wrote to the Atcoor Despondiahs (in reply to a complaint which they had made against the Zemindar of Amravaty for having seized their Crops on the Pedda Lunka, Pullenanee gudda and other Islands) stating that he had formerly after making enquiry decided the above mentioned Lunkas belonged to Atcoor, and referring them to the Court to bring an action for damages against the

Zumeendar

Fort St. George 29th April 1841.

Remarks.

In the Masulipatam Survey which was made about the same time as the Collector of Guntoor's enquiry, the large Island in the centre of the Kistna now claimed by Atcoor is recorded as "Pedda Lunka."-

On an examination of the Atcoor Village Accounts, it appeared that the Island opposite the Village was called "Lunka." "Chinna Lunka" "Cora Lunka," but the Amrauty Putwaries were unable to discover any paper wherein it was called "Pedda Lunka." "Pedda Lunka" or "Lunka i Kulam" was mentioned in the same years as "Chinna Lunka" or "Lunka Kharood," and from the large quantity of cultivation on "Lunka" or "Chinna Lunka" it could not have been any one of the small Islands stated to have been washed away.-

There

Fort St. George 29th April 1841.

There was nothing from which it could be inferred that the Amrauty people ever made a claim for the Island near Atcoor they acknowledged that they had not had possession of it for 200 years and that it was beyond the limits of the boundary papers which were in their possession.-

The Atcoor people were the Claimants when the Collector investigated the matter and decided in favor of Atcoor.-

The Atcoor people in their urzee to the Collector claimed an Island from Viconta pore- the people of Viconta pore never made any claim for the Island near Atcoor- hence it was clear that the "disputed Islands" of 1818 were not the Islands belonging to Atcoor.-

There did not appear to be any reason to doubt that the Pedda Lunka which the Collector

6148. Fort St. George 29th April 1841.

Collector of Guntoor in 1818 de-
=cided to belong to Atcoor was
the Pedda Lunka of the Survey
the Island now claimed by
the people of Atcoor.

Evidence on the part of Amaravaty and Vicontapore

The Amaravaty Patwaree produced
1st "A. Makzer" recording the settle-
=ment of a dispute between
Amaravaty and Durnacota. shew-
=ing that 450 years ago the boundary
of Amaravaty went by the North
of the "Pedda Lunka."

Objections

This was an exparate
Document in as much as there
were no signatures of the former
Putwarees or other people of Atcoor
attached to it.-

2d Various Village Records viz.
shewing posession of Pedda Lunka
and Tungilee gudda in 1796-
1800 and at various other periods
up to the present time.-

3d A. Mochelka said to be written by
the Atcoor Putwaree in 1799 engaging
to "walk the boundary" within a
certain time.-

It

6149. Fort St. George 29th April 1841.

Objection. It does not appear
whether the Atcoor Putwaree did walk
the boundary or not according to
his agreement.-

The Vicontapore Putwaree produced:-

1st to 4th Various Documents shewing posses-
=sion of "Pellor Lunka" in 1791-1795
and at various other periods up to
the present day.-

5th A Document shewing that in 1800
the Atcoor people agreed to pay
4 annas "Pollaree" for every head
of cattle grazing in Pellor Lunka:-

6th Various depositions taken by the
Ameen at Amravaty in 1823.-
from the Putwarees of Amaravaty
and Vicontapore and certain other
inhabitants. stating that they
considered that "Pedda Lunka"
in the centre of the River
(now claimed) belonged to Amra-
-vaty. Pellorgudda to Vicontapore-
and the "Pedda Lunka" alias
"Mannaravoo Lunka" opposite
Atcoor, belonged to Atcoor.- The

Former Survey

The Masulipatam Survey shewed that in 1816-17 the Island in the Centre of the River now claimed by the Atcoor people was called "Pedda Lunka." that the middle part of it has been washed away while some addition has been made to it on the west side since that time - that Pullewanee gud=da has been entirely washed away, and that "Pellor Lunka" and "Jungilee gudda" are now 3 or 4 times as large as they were in 1817. and are very nearly joined to the South bank of the Kistna.

Remarks-

The above evidence proved that the Pedda Lunka was or=dered by the Collector of Guntoor to be given up to the Atcoor people in 1818, and that the Amaravaty Zemindar had evaded compliance with the order, but it was not very clear whether the Collector had ordered the other Islands also to be given up - as the Ameen's letter conveying

conveying the order to the Curnum Vea=n only specifies the "Pedda Lunka." moreover the Pelloogudda and Jun==gille gudda of the present day are very different from the Pellor=gudda and Jungilleegudda of 1818, and it is evident that from the deposit now taking place in the channels to the south of them, they will in the course of a few years cease to be Islands and form a part of the main land.-

Decision.

I decided that the Pedda Lunka in the centre of the river belonged to Atcoor, and that the boundary should go south and west of that Island, leaving a space of about a furlong and half between the present bank of the Island and the Boundary.-

(Signed) Fra.s Gresley. Captn Umpire. Vea=n

Translation.

Fort St. George 29th April 1841.

C. D. No. 1.

Translation of a letter from Mr. Oakes dated 24th March 1818 to Eloor Papaya Vea Deasondias of Atmakoor Circar Moostafanuggur.-

I have received yours Urzee dated 21st of this month - let any one of you attend at my Cutcherry along with all your documents and Papers connected with the Dispute between the above Village and Vicontapore, and I will send for Darla Achunna and will enquire into and settle the dispute.-

Dated at Anaverum.- /Signed/ Oakes.

No. 2.

Translation of an order from Mr. Oakes to Pedda Turma Mootta, acting Zubtee Ameen dated 21st May 1818.-

Your Urzee No. 33 of the 20th of this month together with its enclosures has been received - you state that the Lunkas under dispute belong to Atcoor.- You are therefore hereby ordered to give them up to Atcoor.-

Guntoor Zillah Collrs Cutcherry 21st May 1818.

Sir

I do myself the honor to forward for the information of the Right Honorable the Governor in Council the accompanying Report upon the settlement of the Boundary disputes between the Purgunnah of Betavole / of the Masulipatam District / and the Purgunnah of Amuntytserry / of H. H. the Nizam's Territory /-

(Signed) Frat. Gresley Capt.
H. H. the Nizam's Cavalry

Hydradad
March 20th 1841 }

In B.-

Report upon the Settlement of the Boundary Disputes between the Purgunnah of Betavole of the Honorable Company's District of Masulipatam, and the Purgunnah of Amuntytserry of His Highness the Nizam's Territories.-

These disputes were between three Villages of the Betavole Purgunnah and five Villages of Amuntytserry extending

extending altogether along 8 Miles of the Frontier or thereabouts.-

2 The principal dispute was about a considerable tract of waste Jungle, which neither party had occupied within the memory of man.-

Of this tract a division has been made

3.- In one of the other disputes the Company's Zemindars and the other the Nizam's Zemindars were the claimants.- None of the claims were supported by evidence of any importance, and they have therefore been rejected.-

4 The Boundary, which existed 25 years ago appears to have been recorded very minutely in the Masulipatam Survey of 1816, and the actual possession of each party agreed with the lines of that Survey, which was sufficient proof that no encroachment had taken place on either side during the last 25 years.-

Excepting

5 Excepting the first mentioned disputed tract (of which a division has been made) the Boundary which I have laid down agrees with the actual possession.-

6.- Maps of the Boundary have been given to the Putwarees of the Villages and the usual Boundary marks fixed at convenient points along the line.-

(Signed) Thos Wesley Capt.n
Umpire for the Settlement of the Boundary disputes.-

March 20th 1841.-

A Settlement of the Boundary disputes between the Village of Anaram Burgunnah Betavole of the Honorable Company's District of Masulipatam (and the Villages of Redlaconta, Conjegul and Coochpoody Burgunnah Amuntgherry (of His Highness the Nizam's Territories).-

This was a dispute of very old standing, neither party had actual possession of the

The

Land.-

6164

Fort St. George 29th April 1841.-

Evidence on the part of the Company's Village.-

The Putwaree of Anaverum produced a Boundary paper of the Sagil Rain Disputes vide Appendix B with reports and Mooregul & ca disputes in which the Boundary of the Village of Anaram was recorded; but none of the marks mentioned in the paper could be identified with those shewn on the line claimed.

A copy of a Paper written apparently as a Memorandum by the Putwaree of Anaverum stating that on a former occasion 35 years ago the Putwaree of Redlaconta had agreed to the Boundary marks shewn on the line, but that on an attempt being made to settle the disputes he had refused to keep his word.-

3. There were no signatures or witnesses to this paper- Three Boundary marks on the line claimed.-

The

6165.

Fort St. George 29th April 1841.-

Evidence on the part of the Nizam's Villages.-

1st The Putwaree of Redlaconta produced a Village Record dated Khudee Shaum" / shewing possession of a field called "Moatalla Mundal Chenno" / said to be on the disputed / tract for 3 years.-

2dly The Putwaree of Coimpegul and Conchipaudy / produced a boundary paper, without date, written by a former Putwaree of the Village shewing that the Boundary mark between the 3 Villages of Redlaconta Caupgul and Anaram, was on the spot shewn.-

3dly There were two Boundary marks along the line claimed.-

There were no other documents produced by either party.-

Petul Venkiah- Peadah residing in the Village of Redlaconta deposed that for two years he had cultivated a field on the N. E. corner of the disputed tract the land having been given to him by an Ewan with the consent of both parties

Fort St. George 29th April 1841.

parties in consideration of certain services rendered to each.-

Remarks.- The above evidence was not sufficient to establish the rights of occupation on either side, or was to prove actual possession at any former period, with the exception of the small field cultivated by Petal. Venkiah / a Rukmalee Pean / the whole tract is a dense Jungle and the greater parts of the land of such an inferior description as to be scarcely fit for any kind of cultivation.-

The limits of this dispute were minutely laid down in the Masulipatam Survey of 1816-17- the lines now claimed somewhat exceeded those limits.-

Decision.- Having rejected those parts of the claims which exceeded the limits of the former survey, I made a fair division of the tract in dispute, taking into consideration the quality of the land, which is rather better on the Anavaram side.-

/ Signed / Thos: Bresley, Capt.
Umpire & Sett.

Fort St. George 29th April 1841.

B

Settlement of the Boundary dispute between the Village of Cachavaram (Purgunnah Anuntgherry) (of His Highness the Nizam's Territories) and the Village of Tukerlapar (Purgunnah Betavole) (of the Honorable Company's District of Masulipatam).-

The Zemindars of Anuntgherry Purgunnah claimed as belonging to Cachavaram a tract of land about half of which was fine Arable soil, partly cultivated by the people of Tukerlapar and the remainder Hills and thick jungle.-

The Betavole Zemindar also claimed as belonging to Tukerlapar a considerable tract of Jungle in the possession of the people of Cachavaram.-

The whole tract in dispute was about 7/40 Acres.-

The

Fort St. George 29th April 1841.

Evidence on the part of His Highness the Nizam's Villages.—

The Cachawaram Putwaree shewed four boundary marks along the line claimed and stated that the land was first occupied by the Tukerlapar people 43 years ago.—

Evidence on the part of the Honble Company's Villages.—

The Tukerlapar Putwaree produced a copy of a "Hakeekat Kaifeeyat" signed by the former Putwaree of Cachawaram dated 1213 Fusley agreeing to the boundary shewn on a former occasion by the people of Tukerlapar.—

The Nizam's people objected to this document as it was not original.—

A Village boundary record drawn up and signed by himself.—

Both parties produced boundary records of the "Inguk Rui" Duftur (Vide Note with former Report) but the boundary therein recorded was quite unintelligible.—

Remarks.—

There was not sufficient evidence to dispossess either party of

Compt. J. R.

Fort St. George 29th April 1841.

of the lands they occupied, but as there was no defined line of possession among the Hills to the Eastward.—

On the top of a Hill called named Moongaloor, about 5 furlongs N. of Condlamagoota is an old boundary mark which all parties concerned acknowledged to be the Korelly (Corner Stone) of the 3 Villages of Gundraye Cachwaram and Tukerlapar. Both of the Surveys agree with this Corner, and it appears never to have been disputed before.—

Decision

I laid down the boundary in a direct line from the point on the left bank of the Palair River which defined the actual occupation of each party to the top of the Hill (Moongaloor) above-mentioned which line agrees exactly with the Survey of 1816.—

(Signed) Thos. Gresley Capt.
Umpire &c.
Settlement

C

Settlement of the Boundary dispute between the Village of Gundraye in Purgunnah Betavole / of the Honorable Company's District of Masulipatam and the Village of Wallabee Purgunnah Anuntgherry / of His Highness the Nizam's Territories -/-

The Betavole Zemindars claimed as belonging to Gundraye, a tract of land of about 350 Acres most of which was cultivated by the people of Wallaby -

Remarks -

The only evidence of any kind in support of this claim was a single boundary stone with the usual marks on the line claimed - The people of Wallaby had had undisputed possession of the land until two years ago - the line of the present possession corresponds exactly with the line of the Masulipatam Survey, and there

there was no reason to suppose that the boundary had in former days differed from that in present use -

Decision. - This claim was rejected and the boundary laid down according to the present possession -

/ Signed / Thos. Gresley, Capt^n
Umpire 4^th

Sir,

I do myself the honor to forward for the information of the Right Honorable the Governor in Council the accompanying Reports upon the Settlement of the Boundary disputes between the Villages of Pergunnah Kunuckgherry and a part of Pergunnah Muddra of His Highness the Nizam's Territories and the adjoining Villages of Pergunnahs Meeroorgat &c. of the Honorable Company's Districts of Masulipatam and Ellore.

/ Signed / Fras. Greeley Capt.
Umpire for the Settlement
of the Boundary disputes
&c.

Hydrabad,
March 30th, 1841.

Report

Fort George 29th April 1841

Report upon the settlement of the Boundary disputes between the Purgunnah of Kunuckgherry of Circar Khummum (His Highness the Nizam's) and the Purgunnahs of Chintalapoody Chatlay Sumulway and Meroor of Circars Ellore and Moostuffanuggur (Honorable Company's)

Nearly the whole of the Boundary between Kunuckgherry Purgunnah and the adjoining Purgunnahs of the Masulipatam and Ellore Districts extending for about 55 Miles was disputed.

Extent of disputed land.

2 The tracts of land in dispute amounted altogether to about 10,585 Acres of which 7,920 were claimed by the Nizam's Zemindars, and 1,235 by the Company's Zemindars, about 1,430 were in the actual possession of neither party

3 The Country to the South and West of Vainavelly Hill (vide Map No 3) is a fine plain of rich black soil extensively

Fort St George 29th April 1841

cultivated, several tracts of land on the border here had been left waste on account of these disputes

4 To the North and East of Vainavelly Hill (vide Maps Nos 1. 2) the land is very inferior, and excepting a few fields in the immediate vicinity of the Villages and some lands under Tanks, the Boundary was through an almost impervious Jungle and seldom defined by any kind of land marks, so that the extent of the actual possession of each party could not be clearly ascertained.

Evidence

5 There was very little evidence in support of the claims made by either party. Those made by the Nizam's Zemindars including in some places thriving Hamlets and valuable Tanks which have been occupied by the Ryots of the Company's Villages for several generations were founded upon some tradition handed down from the Putwaries

Putwaries Ancestors a Boundary stone lately discovered in the Jungle, an entry or two in an old Village account (frequently of very doubtful authenticity) or some old document recording a former settlement of the Boundary according to certain Trees, fields, and other perishable land marks which had long ceased to exist, and where any attempt was made to describe the direction of the route, it was done in such vague terms that the document might generally be interpreted so as to suit the line shewn by either party

6

The only evidence which was of any use in deciding the boundary was the Masulipatam survey which recorded the line shewn by the Company's Zemindars 25 years ago. where the Boundary was accessible at that time, the line of frontier in this survey was very accurately laid down and where the land was cultivated, it described minutely the possessions of the

Masulipatam Survey

the Company's Zemindars / for it did not in any place include lands which were then cultivated by the Nizam's people / but where the Boundary passed through Jungle, the line of the survey appeared in several places to have been laid down at random, or too much in favor of the Company's Zemindars / as it included within the Company's frontier some sites of deserted Villages and lands which were subsequently brought under cultivation by the Nizam's Ryots which undoubtedly belonged to the Nizam's Villages /

7

From this evidence it appeared that a few Corners of fields lately cleared, and some lands which could be irrigated by the Tanks of the Company's Villages, had been occupied by the Company's Zemindar's beyond the line of boundary shewn by them 25 years ago. It is possible that they may have encroached in a similar manner, before the survey was made - at the commencement of the

Proved that the Company's Zemindars has in some places exceeded their proper limits

Company's

Company's permanent settlement, the Zemindars of Yendapully, and Sivoor had authority, on both sides of the frontier, the Nizam's Villages were deserted or nearly so, and the temptation to encroach was great in as much as whatever land they could bring within the limits of the Company's Villages, was clear gain to them but there was no evidence of the fact—

8 Excepting these lands occupied by the Company's Zemindars beyond the line of the survey altogether about 470 acres which were decided to belong to the Nizam's Territories, there was not sufficient evidence to establish the claims of either party, and the Boundary was settled and defined by Boundary stones according to present possession wherever the actual possession could be satisfactorily ascertained - but it was difficult to fix the Boundaries of the Villages through several miles of Jungle where there was no evidence beyond the

Settlement of the Boundaries

statements of the Villagers - I therefore made what appeared to be a fair line of division of the Jungles, after hearing the statements of all parties concerned, and fixed Boundary marks, at accessible points on road sides or places where they were not likely to be lost -

/Signed/ Thos: Gresley Capt.
Umpire for the settlement
of the Boundary dispute

March 30th 1841

A

Settlement of the Boundary disputes between the Village of Yendapilly Purgunnah Chintalpoodee Ellore Circar and the Villages of Shomoor and Dooddapoodee Purgunnah Kunnuckgherry Circar Khurnonum

The Kunnuckgherry Zemindars claimed from Yendapilly a large Tank called "Linga Sumoodrum" a small Tank called "Shaina Cheroo" and about 1100 Acres of land, the greater part of which was available in good seasons for rice cultivation -

Claims made by Nizam's Zemindars.

They

They stated that the land had been occupied by the people of Thomoor and Dooddapoodee about 70 years ago, and that when the permanent Cowles were given by the British Government to their Zemindars, the Villages on both sides were under the same Zemindar, but the Nizam's side of the frontier was an entire Jungle that the Zemindar / Soopilly war / in consequence increased the cultivation of Yendapilly and its hamlets at the expense of Thomoor and Dooddapoodee, which were deserted, and that up to a few years ago, the Yendapilly people had been extending their Boundary-

There was no evidence whatever brought forward to prove these claims, except a broken stone, which was pointed out as a land mark and a "Mahzar" / or declaration / drawn up four years ago by the people of Thomoor to shew that another land mark had formerly existed and had been removed by the Yendapilly people.-

The

The Yendapilly Zemindar proved possession of the large Tank and some of the disputed fields for the last 50 or 60 years

After surveying the disputed grounds and comparing it with the Masulipatam survey, it appeared that the present Boundary of Yendapilly had been considerably extended under the large Tank and also on the North bank of the Tamilair

The Company's Zemindar urged that the survey might have been laid down on the shewing of the opposite party or that the line might have been carelessly recorded by the Surveyor-

With regard to the first objection, the line of the survey included the site of the old Village of Thomoor and some lands to the North of the Tank which had never been in the possession of Yendapilly nor did it in any way coincide with the

the line claimed by the Nizam's Zemindar which was sufficient proof that it could not have been laid down on their shewing

With regard to the second objection urged, the Masulipatam survey was in this part of the line accompanied by "Memoirs" (similar to those of the Hyderabad survey of the Boundary of Muddra to the Westward) these Memoirs agreed with the Map, and although the survey did not appear quite so exact as in most other places, still there was no difficulty in ascertaining the line laid down, and no doubt that the line now shewn was considerably beyond that of the survey

Decision

The claims of the Kunnuckgherry Zemindars for the large Tank & Linga Sumoodrum were rejected, the line North of the Tank was laid according to present occupation as well as it could be ascertained and the Boundary South of the Tank was decided according to the Masulipatam

Survey

survey which occasioned a transfer from Yendapilly to Dooddapoodee of the Sheina Cheroo Tank and about 300 Acres of land

(Signed) Jas: Greeley Captain
Umpire Vea

Settlement of dispute between Chinnampet (Honorable Company's) and Burreepar (His Highness the Nizam's) and between Chunnoobunda (Honorable Company's) and Vencatapoor (His Highness the Nizam's)

There was a trifling dispute between Chinnampett and Burreepar- It appeared that 110 years ago the Boundary was settled by Ordeal and had continued the same up to the present day-

After a little discussion this dispute was settled by the Putwarees, who requested that Boundary marks might be placed according to their present possession which was done accordingly.

There was also a dispute about

Fort St. George 29th April 1841

about a small field between Vencatapa
and Kistnarow polliam (hamlet of Che
bunda) the field had been uncultivated
for several years, and it could not be sa
-factorily ascertained which party had
better right to it, the survey line appeared
nearly as I could calculate it to go thro
the field, and the Boundary was settled
according to it

Decision

Both parties made claim
for some lands beyond their Bounda
but brought no kind of proof in sup
-port of their claims which were
therefore rejected

Umpire pro tem.

B.

Settlement of the Boundary disputes
between the Villages of Amapollium
and Coonjpurtee of Purgunnah Kunnuck
-ghery (His Highness the Nizams,)
and the Villages of Coorlamunda
and Vaimareddypilly (Honorable Company's)

The

Fort St. George 29th April 1841

The Kunnuckghevry Zemin
-dars claimed a large extent of land
altogether about 3,500 acres about one
third of which was cultivated by the peo
-ple of Coorlamunda and Vaimareddy
-pilly, the rest was Jungle, this claim
included two populous hamlets under
Vaimareddy pilly (Suttanagoorum and
Nootypar) and 4 or 5 small Tanks-

The Vaimareddy pilly
Zemindar claimed from Coonjpurtee a
Tank and about 300 acres of land occu-
-pied by the Ryots of that Village-

These extensive claims
made by the Kunnuckghevry Zemindars
were founded upon a document dated
1021 Fusslee (230 Years ago) recording
a former settlement of the boundary and
signed by the Putwarees and Zemindars on
each side- The Boundary recorded in
this paper was according to Trees, certain
fields and other land marks which had long
since ceased to exist and although it was evidently

Evidence on the part of the Nizam's Zemindars

to

to the South of the Boundary in present use it was by no means clear that the line claimed accorded with the line laid down in the paper -

Some Village accounts were produced shewing possession of small portions of land North and West of Nootypar during the years 1178 – 79 Fusley, but it was doubtful whether this was not land within the line of their present possession -

There was also another boundary paper dated 995 Fusly (256 Years ago) which was so far intelligible that the boundary recorded did not agree with the Boundary laid down in the other document -.

Evidence on the part of the Company's Zemindars.

The Putwaree of Coorlamunda produced a paper written by the present Putwaree of Amapollium 4 Years ago giving up his claims upon Coorlamunda and agreeing to the Boundary in present use -

A paper shewing possession of Dopullawar Coonta close to the present

present Boundary in the year 1196 Fuslee (56 years ago) -

The Vaimareddy pullay — Putwaree produced a document signed by both parties dated 1162 Fuslee (89 years ago) recording the Boundary of his Village — considerably to the North of the present possession - This document was not — original - Village papers shewing possession of a small Tank in the present possession of Coonjpurtee in the year 1175 Fuslee and of the lands mentioned in the Coonjpurtee accounts (of 1178-79) in the year 1181 and 1209 Fuslee and up to the present day -

Remarks

There was tolerably authentic evidence to shew that the hamlets of Suttanagoorum and Nortypar had been established under Vaimareddy pilly for nearly a Century and that the cultivated lands now claimed from those hamlets — had been occupied by the Vaimareddy pilly Zemindar's Ryots for 70 Rupees, and that the

the Tank claimed from Cooniporte had been occupied by the people of that Village for at least as long a period.

Decision

The claims on both sides were rejected and the Boundary laid down according to present possession.—

/Signed/ Fras. Gresley Captain
Umpire &c.

C.

Settlement of the Boundary disputes between Guneshooneepar and Mullacoontala and Chintagoorinno of Kunnuckgherry Purgunnah /His Highness the Nizams/ and Cokulumpar and Thogapilly Purgunnah Meeroorgut /Honorable Company's/

Claims made by Nizam's Zemindars

The Nizam's Zemindars claimed about 560 Acres of land, nearly half of which were cultivated by the Ryots of Cokulumpar and Thogapilly, the rest thick Jungle this claim included the populous hamlet of Thogapilly and three Tanks and also some of the houses of Sunjeerowpollium a hamlet under Cokulumpar

Cokulumpar.

No evidence whatever was adduced in support of this claim.—

Claims made by Company's Zemindars.

The Company's Zemindars made a claim for a Tank and some of the lands cultivated by the Ryots of Mullacoontla, and produced two or three documents of very doubtful authenticity in support of the claim, this claim was however withdrawn.—

Evidence—

The Cokulumpar Putwaree Produced a Mahzur recording the settlement of the Boundary between his Village and Guneshoonepar which took place with the consent of both parties in 1806.—

The Boundary laid down in this paper agreed on one part of the line with the Boundary claimed by the opposite party, and not with the line shewn by the Putwaree of Cokulumpar.—

The Putwaree of Thogapally produced documents proving that Thogapally had existed as a hamlet of Peroor, for upwards of 60 years, and that lands on the South East and west of the hamlet

hamlet had been cultivated by the Ryots of Phogapully for the last 50 years..

Masulipatam Survey

On comparing the ex Boundary of the land now occupied by the Phogapilly people with the Masuli=patam Survey it appeared that on the West side of the Village and towards the deserted Village of Chintagoorium the Boundary had been extended on since 1816 considerably beyond the former limits, and also that a boundary stone shewn by the Mulla=coontta Putwaree in the Jungle, West of the two Villages, was very nearly upon the line of the Survey. There was no other evidence regarding this dispute.-

Decision.

The Boundary between Kokulumpar and Guneshooneepar was laid down according to the Mahzur Produced by the Putwaree of the former Village which agreed with the present posession.-

The Boundary between Phogapilly and Mullacoontta and Chintagoorium

Chintagoorium on the East side of the Village of Phogapilly was laid down according to present posession and on the West side nearly according to the Masulipatam survey, which occasioned a transfer of about 75 Acres from Phogapilly to Mullacoontta and Chintagoorium.-

/Signed/ Thos. Gresley. Captain
Umpire Vea

D

Settlement of the Boundary disputes between Pairwunsah and Raggoonath=goorium Purgunnah Kunnuckgherry and Akapollium Purgunnah Meeroorgat.

With the exception of a Tank called "Chupulgoi Coonta" under which in favorable Seasons a small quantity of Rice may be raised, the disputed ground between these Villages was an almost impervious Jungle, the Akapollium Putwaree proved posession of Chupulgoi Coonta and the lands under it 27 years ago, the Nizam's Zemindars admitted that they had not

not occupied the ground for 100 years, there was a marked Rock, a large tree, and an old Boundary stone, with the usual marks, which all parties agreed were upon the proper Boundary.-

Decision

The Tank was decided to belong to Akapollium, and the remainder of the Boundary was settled according to the land Marks agreed to by both parties, by taking a straight line through the Jungle from one to another.-

/Signed/ Fras. Gresley. Captain. Umpire. 4th ult.

E

Settlement of the Boundary dispute between Monocoola and Vavelala /Purgunnah Meroorgut/ and Ruggoonathagoorium and Yerrabowenpilly Purgunnahs Kunnicherry.-

The Boundary between these Villages was through a dense Jungle and did not seem to have been ever defined by any generally acknowledged land marks, there was

a broken tank called Chittoo Coonta in the middle of the Jungle which was claimed by all four Villages, and from the best evidence procurable, it appeared, that land on the East and South of this Tank, had been cultivated by the Ryots of Vavelala and Monocoola (Company's) in 1190- 1207- 1208 and 1236 Fuslee, and that the bed of the Tank had been disputed for several years between Ragoonauthagoorium and Yerrabowenpilly /Nizam's/ a document was also produced by the Enamdar of Yerrabowenpilly/ an Agewar Bramin/ recording a settlement of a dispute between that Village and Ruggoonauthgoorium, to which after some discussion all parties were persuaded to agree the "Korally" or junction of the four Villages as recorded in this "Mahzer" was the South end of "Chittoo Coonta" and the boundary was laid down according to

to the shewing of the Ayewar Enamdar /abovementioned/ which differed very slightly from the line of the Masulipatam Survey.-

/Signed/ Thos: Gresley. Captain. Umpire for settlement of the Boundary dispute.

F

Settlement of the Boundary disputes between Peddawaram yerrumer Goollapoady and Arlapar Purgunnah of Meeroorgut (Honorable Company's) and Vainavelly Pelgawaram. and Chinna Korkundee Purgunnah Kumicklgherry /His Highness the Nizam's/

Claims by Nizam's Zemindaries.

The Kumicklgherry Zemindars laid claim to about 1500 acres, more than half of which was cultivated by the people of the Company's Villages Yermar and Arlapar. the land was fine "Regur" soil.-

There

There was no evidence whatever in support of these claims.-

Claims by Company's Zemindaries.

The Zemindar of Arlapar claimed about 400 acres of land, most of which was cultivated by the Ryots of Pelgawaram and Chinna Korkundee, and in support of his claim produced.-

Evidence.

1st A "Mahzur" written 73 years ago by certain Inhabitants of Meeroorgut Purgunnah describing the Boundary between Arlapar and Korkundee.-

This was an exparte document.-

2nd A paper written by a former Putwaree of Pelgawaram describing the Boundary between his Village and Arlapar. The description of the Boundary given in this paper by no means agreed with the Boundary claimed.-

3rd Some papers dated 51 years ago recording a division of the lands of Arlapar among the shareholders of the Zemindaree, and describing

describing part of the Boundary on the Western side according to the co claim.-

These were exparte documents-

4 Several Village accounts shewing posseſsion of feilds near a Nulla, and 2 small Tanks on the land claimed from Korkundee in the years 1170-73-74-76-78-1180-82- down to 1211- Fuslee-

The Telyawaram Putwaree produced Village accounts shewing posseſsion of some of the lands claimed by Arlapar in 1172-1186-78 Fuslee and in 1224-5-6 Fuslee-

The Putwaree of Chinna co Korkundee produced accounts shewing posseſsion of the fields claimed from his Village in 1150-55-70-72-77-79-85-97- Fuslee and from 1205 to 1219 Fuslee and from co 1230 Fuslee to the present day.-

Remarks.

It appeared upon enquiry

enquiry that a settlement of this dispute had been made about 30 years ago by co the Putwaries of Arlapar and Chinnakor- kundee and that since that time no alter- ation of the Boundary had been made, nor was there any satisfactory co proof that the Arlapar people had made any claim until last year.-

There was an error in the Map of the Masulipatam Survey, which being rectified, co co co it appeared that the line of present posseſsion was almost exactly co the same as it was 25 years ago, and the claims made by the Arlapar co people were much beyond the line of the Survey.-

Decision.

There did not appear to be any grounds for altering the present Boundary it was therefore marked out according to

Fort St. George 29th April 1841.-

to actual possession.-

/Signed/ Thos: Gresley. Captain.

Umpire. 1st

C.

Settlement of the Boundary disputes between Chinna Korkundee and Tallor of Purgunnah Kunnegherry (His Highness the Nizam's/ and Cotcoor, Conjerla and Nemela of Purgunnah Meerongkut/Honorable Company's-/

The Zemindar of/ Chinna Korkundee

Fort St. George 29th April 1841

Claims by Nizam's Zemindars

Evidence

Chinna Korkundee claimed about 650 acres of land from Cotcoor almost all of which was cultivated.-

The Putwaree of Chinna Korkundee produced Village accounts shewing possession of two fields on the tract of land claimed, during the years 1150-51-79-85-97-1205-6-8-18-19. Fusles. There was no other evidence in support of the claim.-

The Putwaree of Cotcoor produced Village Accounts shewing possession of the same lands and others claimed by the Chinna Korkundee Zemindar in the years 1163-72-73-74-90-99-1205-6-21-Fusles and up to the present day.-

The Boundary as it had existed for several years was well defined by a ridge and a large Boundary stone exactly agreeing with the line of the Masulipatam Survey.-

The Cotcoor Zemindar claimed some waste land beyond this line.-

Decision

The Boundary here was laid down according to actual possession.-

Between Conjerla and Nemila and Chinna Korkundee and Tallor was a tract of waste land of very inferior soil through which there was no sort of defined Boundary. no part of it had been cultivated for many years about the centre of it was a spot called Moocheewar Bowry, which all parties agreed was on the proper Boundary this spot was close upon the survey line and as that line was the only evidence upon the subject and appeared to make a fair division of the tract in dispute, I decided the Boundary very nearly according to it.-

Report

6211 Fort St. George 29th April 1841

Report upon the Settlement of the Boundary disputes between three Villages of the Muddra Purgunnah / His Highness the Nizam's / and five Villages of the surrounding Zemindaries of Jumalwaree and Meroonghut / Honorable Company's /

Three Villages of His Highness the Nizam's Purgunnah of Muddra which are insulated in the Honorable Company's Territories, were not included in my Report upon the settlement of the Boundary of that Purgunnah forwarded in September 1838

About 7 miles of the Boundaries of these Villages were disputed. The Nizam's Zemindars claimed on account of Gangapar and Chintapilly about 100 acres of land cultivated by the Ryots of Rolapar and Chintalapar of Meroonghut Purgunnah and about 250 acres of uncultivated land within the boundaries of these Villages.—

There was very little evidence regarding

Evidence 3

regarding these lands on either side The Gungoopar and Choutapully Putwaree produced a Gorekut/or Boundary paper/ dated 109 years ago and signed by all parties concerned on both sides shewing that the Boundary at that period accorded as well as the paper could be made out with his claim.—

4 The Rolapar Putwaree produced an equally respectable document signed also by the Putwarees Zemindars &c.a on both sides shewing that 125 years ago/16 years previous to the date of the other paper/ the boundary at Rolapar extended much further to the Eastward than the Boundary of the present posession No reasonable objections could be made to the authenticity of either of these papers, they only proved that great alterations in the boundaries had taken place in former days.—

5 The Gungoopar Putwaree also produced Village accounts shewing posession of

of three or four fields on the disputed tracts in the years 1762-1793 and 1794.—

6 The Chintalapar and Rolapar Putwaries produced three sunnuds recording Grants from the Zemindars to certain Brahmins of lands on the disputed tracts in 1729-1745 and 1757-1758 and proved posession of several of the lands since 1785.—

7 It appeared that within the last 15 or 20 years the Tank at Rolapar had been repaired and the Dam increased so as to enable the people of that Village to carry water Course as far as the Boundary between Rolapar and Gungoopar, in Consequence of which a Considerable quantity of land had latterly been brought under irrigation which had before been either waste or Cultivated with Crops of dry Grain a part of this land was claimed by the Gungoopar Putwaree and on comparing the present Boundary with the Boundary of the Masulipatam survey it appeared that the Rolapar people had pushed their Rice fields a little beyond their legitimate limits.—

Decision 8 With this exception the Claims of the Nizam's Zemindars were rejected and the Boundary fixed according to present posession which differed very slightly from the line of the survey.—

Hydrabad— March 1841

(Signed) Fras. Lyeoley, Captain Umpire for the settlement of the Boundary disputes

To

H. Chamier Esqr.

Chief Secretary to Government

Sir,

Fort St. George.

Having now forwarded to you Reports upon the settlement of all the Boundary disputes along the Frontier of the Masulipatam District and abstract Statements of the investigation and decision of each particular case, in sufficient detail to shew the grounds upon which the settlements have been made, and to serve as Records to be referred to in the event of any of the disputes being again agitated, I beg leave in conclusion to offer a few general remarks concerning the disputes.

2 In many of the old documents which were inspected during the enquiry, the names of Villages are recorded of which no trace now remains, broken dams of large Tanks, and Canals are frequently met with in the midst of thick Jungles, from these and

Proof of former high state of agriculture in Telingana.

and other causes we may infer, that at some remote period this part of Telingana has attained a high state of agriculture. whether the Country was subsequently ruined during the contentions between the Mahomedan Kings of Hyderbad and the Zemindars, or whether it was depopulated by famine need not be discussed here, but when the Circars Mostufa-Junnuggur and Ellore came into the hands of the British Government in 1768. the Country on both sides of the frontier was, compared to what it had been at some former period, and to what it is at the present day a tract of Jungle the old Boundary marks had been lost or forgotten, and it was only through some small tracts of land where the cultivation on each side of the border met, that there was any thing like a regularly defined Boundary line.

Subsequent deterioration of the resources of the Country.

3 Years of peace under a more Settled Government tended to produce an increase

Gradual improvement.

increase of population and agriculture, and notwithstanding the check given to its increasing prosperity by the severe famine of 1792. the state of the Country on both sides of the frontier kept gradually improving, deserted Villages were repeopled, small Hamlets became thriving Villages, and consequently large tracts of Jungle were cleared.

4 In 1802 an extraordinary stimulus was given to agriculture on one side of the

Permanent settlement on the Company's side of the Frontier.

Frontier by the permanent Cowls granted by the British Government to the Zemindars at a very moderate rate of Assessment. The immediate consequences were that many of the Cultivators on the Nizams' side of the border who were not attached to any particular Village by Meeras rights or other advantages, were attracted to the Companys' Villages by the low rate at which the Zemindars' could afford to let their

consequences thereof.

their lands. The Zemindars repaired their Tanks and cleared away Jungles, especially where they were able to carry water courses and as the limits of their Villages were seldom clearly defined, they sometimes brought land under cultivation which was beyond their legitimate Boundaries.

Origin of Boundary disputes.

5 Boundary disputes then arose and old disputes which were sinking into oblivion, were revived. not only between the Nizams' and Company's Villages but also between the Villages of the different Company's Zemmindaries.

The latter were settled by the Local Officers' or were litigated in the Companys' Courts, where many are still pending, but no effectual settlement of the former could take place, the contending parties being under separate Governments, and instead of subsiding they were kept up with increased

Difficulty of settling them.

violence

violence the cultivation of the disputed tracts was interrupted, the Crops frequently carried off by the claiming party, and serious disturbances were of frequent occurrence.

6 The accidental discovery about that time (30 years ago) of an old Duftar containing descriptions of the Boundaries of most of the Villages of circars Moostuffanagar, Khummumm, and Nulgoondah, as they existed about 100 years back, tended in no small degree to keep up the excitement and increase the difficulties caused by the disputes. These singular documents (of which a detailed description is given in my Report upon the Moonegala &c disputes) were worded in such strange terms, and the boundaries recorded in such a vague manner, that each Village Puttewarree fancied he could interpret them

so as to suit his own claims, and many fresh claims were brought forward founded merely upon these old records.

Neither party has ever ousted the other from fields in actual cultivation, nor do I think that with a few trifling exceptions, either party has ever encroached upon lands in the acknowledged possession of the other - but the Company's Zemindars have undoubtedly been gainers in several instances by having been the first in the field on the disputed tracts for the main principle upon which the present decisions have been given was, that it was necessary for the claiming party to prove a better right to the land before the party occupying it could be ejected.

Actual encroachments seldom occurred.

Advantage gained by Company's Zemindars.

The result of the present settlements.

8

The result of the present settlement has been as follows:

The frontier for 200 Miles between

between 82 of the Companys and 73 of the Nizams Villages has been carefully surveyed and defined by Boundary stones or rocks with the usual marks cut upon them, and every possible precaution has been taken to prevent these land marks being lost or mistaken hereafter.

10 Of the disputed tracts which in the aggregate amounted to an estimated extent of 65,340 acres / rather more than 102 square Miles / 11,200 acres which were not occupied by either party, have been divided according to circumstances, that is to say, upon consideration of the quantity as well as of the extent. 31,140 acres have been transferred from the Company to the Nizams Territories, and about 50 acres from the Nizams to the Company.

11 I have reason to believe that the Settlements have been generally satisfactory to the Inhabitants of the Country on each side

side of the border, and I am happy to be able to state that several new hamlets have been established, and considerable fields brought under cultivation on tracts of land which at the commencement of this enquiry were waste and disputed.

Hyderabad, 30th March 1841. } /Signed/ Frat. Gresley, Captain. Umpire for the settlement of the Boundary disputes.

P.S. I think it probable that as cultivation is extended on either side of the Frontier, disputes may hereafter arise in some tracts which are now covered with Jungle, and I beg to recommend that in the event of such disputes occuring, the Native local Officers on both sides of the Frontier, should be directed to meet as near to the disputed ground as convenient, and settle the question forthwith by Punchayet. the Putwaree of each contending Village nominating two members and these four nominating a fifth. Should the tract be of any considerable extent, it would be advisable to send a subordinate Officer of the survey Department to survey and record the Boundary line decided on.

Measure suggested in case of future disputes.

Fort St. George.

Sir,

16

From the Collector of Ganjam — Para 1.

Reporting on the Settlement of the Land Revenue of the Hurrysally Talooks of his District for Fusly 1249.

I have the honor to submit the annual accounts of the Settlement of the Land Revenue and Motorpha of the Hurrysally Talooks of this District for Fusly 1249.

2 I regret to report that, owing to the almost entire failure of the periodical rains the season of Fusly 1249 was in the highest degree unfavorable, and its effects disastrous in the extreme. The early rains in June and July were sufficiently copious but since the end of the month of September scarcely a drop of rain fell throughout the whole District; in many Villages the seed for the rice Crop was not sown at all, or when planted out, withered up for want of water and in the Poobhacondas and Itchapoor Talooks, with the exception of a few Villages in the former which were partially

partially supplied by the construction of a temporary Dam in the Rossecoolah River, the failure of the harvest was very extensive as illustrative of the extraordinary severity of the drought which has prevailed in this part of the District it may be mentioned that a very large number, above 10 ℔r Cent of the Cocoanut Trees in the extensive plan-tations in the Trustenum ℔r Purgunahs have withered and died from its effects, which I believe to be an extremely rare and unusual circumstance. In the Wadadah Taluk owing to the supply of water from the river Channels which irrigate a large proportion of its Vil-lages, the Crops although below the average quantity, did not suffer very materially. In the Jelmoor Division of that Taluk in which the Lands are supplied from Tanks, the failure of the harvest was however more extensive. Gum-sur and Soordah from their situation among the Hills were more favored with showers than any other part of the Wavelly Lands in the Dis-trict. The recurrence in succession of three ad-verse Seasons has preyed severely on the habits

of the Ryots of the Poobbacondah & Itchapore Taluks, and reduced many of them to the lowest extremity. Disease originating in insufficient & unwholesome food as well as Cholera and Small Pox, have carried off multitudes of the Ryots, through-out the District, and many have emigrated in search of the means of subsistence. Numbers of Villages have in consequence been entirely deserted and it will be long ere the Country can recover from the effects of these visitations. Large importations of grain from the Chittagong Coast at the same time ma-terially tended to keep down the prices in the Market, and supplied what was required for the consumption of the District, but this afforded but a partial alleviation of the distress of the unfortunate Ryots, who lost even the seed put into the Ground, and obtained no return whatever for the labours of the year.

3d. The measures which the Go-vernment were pleased to authorize for the employment of the poor in the repair of the road between Berhampore & Itchapore, afforded most seasonable and valuable relief to multitudes of the labouring Classes in that part of the District. The repairs of the Tanks &c. in the

Poobbacondah

Fort St. George 29th April 1841.

Pobbacondah & Itchapoor Talooks also gave employment to some extent and the construction and repair of the great Northern road between this and the Bengal frontier in progress under the superintendence of Captain Lambart, has happily been the means of extending most valuable and timely relief to numbers of the starving population. In such a season it was to be expected that Gang robbery and offences against property, would be of frequent occurrence, but by the exertions of the Police with the additional aid that was authorized crime was greatly checked and any thing like an organized System of Robbery prevented.

4th

The following Memorandum shews the result of the changes that took place in the mode of the settlement of the several Villages in Fusly 1249 contrasted with the previous fusly.

No.	Items.	Fusly 1248	Fusly 1249.	Increase	Decrease
		No. of Villages	No. of Villages	No. of Villages	No. of Villages

	Total	999	999	22	22

The

Fort St. George 29th April 1841.

5th

The number of Villages is on the whole the same in both Fuslies an addition of two Villages in the Coondah and Wadadah Talooks which were waste in the preceding year having been counterbalanced by a corresponding decrease of two Villages, owing to those of Lunjapelly and Dobadah having been granted on Mokasah tenure to members of the family of the late Zemindary of Coondah. Of four Villages that were under Amany in Fusly 1248, the settlement was made with the Ryots in the present year, and 18 Villages for which the Cummabundy had been engaged for by the Ryots in the previous year were leased to individual renters for fusly 1249. Of these latter 13 Villages are situated in the Itchapoor 8th Talook, of which the resources have been very greatly deteriorated, & where the mortality and emigration of the Ryots has been very great.

6th

The following Abstract Statement shews the increase and decrease on the settlement of the Villages in each Talook for fusly 1249, contrasted with that of the previous Fusly exhibiting a gross increase of Rupees 28,611-12-10 & a gross decrease of Rupees 4,400-3-10, the result being a Net increase of Rs. 24,211-9-2 for the whole District

Signed

6232

Fort St. George 29th April 1841

To Increase above shewn it will be observed, refers to the gross amount included in the Durkhasts or agreements entered into by the Ryots at the commencement of the season for the Lands intended to be cultivated, had the season proved ordinarily favorable, and the circumstances of these engagements being entered into at a time when the nature of the ensuing season could not of course be foreseen, will account for the apparent anomaly of there being an increase in the nominal Demand while the actual circumstances of the season were so disastrous. As the mode in which the Settlement of the Demand is regulated in this District, has been recently under the notice of the Board of Revenue it may not be necessary to advert further to the subject in this place.

Proceedings of the Board dated 3rd September 1840 Para 6 to 12.

The Principal Items of Increase and Decrease compared with the previous year are as follows.

8- The only Item which appears to call for particular notice, is as the increase in the Goomsur Talook to the extent of Rupees 21637-5-2 which is ascribable to the development and improvement of its resources resulting from the return to their Homes of many of the former Inhabitants who had emigrated during the disturbances and to the gradual accumulation of Stock for the purposes of husbandry and the application thereof to the extension of cultivation. This increase in the Settlement of the Villages, it is also necessary to remark has been attained with reference to the boon granted to the cultivating Ryots of being relieved from the arbitrary extra taxes they had heretofore been liable to and of which, on the Boards recommendation, the Government authorized the remission; - This measure came into operation in fusly 1249 and gave great and universal satisfaction to the Ryots- The deduction actually made on this account as appears under the head of Motunpha, was Rupees 6,706-6-8 being as near as possible equal to the sum at which the remission was estimated in my letter of the 13th September

September 1839. If this deduction be set off against the gross increase in the Land revenue Settlement of this Talook, there is still a Net increase of Revenue of about 15,000 Rupees. Gowr "sur is rapidly recovering from the effects of former occurrences and a progressive improve- "ment in its resources and increase in its reve- "nues is anticipated, but the two last unfa- "vourable Seasons have retarded the attain- "ment of these results. The most perfect good order, I am glad to say prevails in the Talook and feelings of confidence and satisfaction under the present state of things are manifest among the agricultural classes while the Military tribes are so well off in the assured enjoyment of their service lands under the liberal arrangement that was made for them, when the Country first came under Government management, that they have every reason to be content; &c and I believe they are perfectly satisfied with their condition. I may add that the services of the Lamastan Esta- -blishment as a preventive Police seem

seem to be very effective; for the rare oc- -currence of Crime in Goomsur has been very remarkable.

9th Of the total Land Revenue Settlement for Fusly 1249 amounting to Rupees 4,39,135-15-9, Rupees 3,46,814-11-3 were realized within the Fusly, and a further sum of Rupees 6,027-11-0 has since been collected up to the 31st March, leaving a balance of Rupees 86293-9-6 still outstanding; one half of which is upon the Dobbacondah Talook alone, & about 19,000 Rupees upon the Itchapoor Talook, the greater part of which must eventually be remitted. I propose however to submit to the Board a separate Report on the balances of the past two Fuslies the detailed accounts of which have not yet been quite completed.

10th The following abstract Statement exhibits the Settlement of the Moturpha including small Farms and Licenses for Fusly 1249 compared with that of the previous Fusly, shewing a Net Decrease of Rupees 7217-8-4.

James.

Dist. Engr. Off.

6240 Fort St. George 29th April 1841.

11th The Items of Increase appearing above arise from the return to their Villages of Individual contributors to this branch of Revenue, or to new comers having commenced the exercise of their respective trades. The chief part of the increase however which is in the Sthalpore Talook, is attributable to the more favorable renting of the Soordah fisheries.

12th The Decrease in the Sthalpore and Poobbacondah Talooks, as well as in the Pattalungam Estate is ascribable to the depressed state of trade generally, owing to the adverse nature of the season; and in the Wadadah Talook, another cause, the removal of the Gillah Court from Chica-cole to Vizagapatam during Fusly 1249 has contributed to this result.

13. The Decrease in the Goomsur Talook as has been noticed above, arises from the abolition of certain objectionable taxes under the authority of Government contained in the Minutes of Consultation

under

under date the 24th October 1839.

14 Of the total Demand on account of Moturpha Fee for Fasly 1249 Viz. Rupees 12772-9-7. Rupees 9161-10-6 were realized within the year, and Rupees 370-1-8. have been since collected to the end of 31st March last, leaving Rupees 3240-13-5 still outstanding.-

15th The aggregate amount of Rents of the Cocoanut topes in the Purgannah of Jeerlies.

Fasly.	Rents.
1248	4779-2-6
1249	4752-2-6
Decrease	27-"-"
Rents	4752-2-6
Collections upto the 12th July 1840	833-11-11
Balance	918-6-7.
Since Collected upto 31st March 1841	28-2-"
Still outstanding	890-4-7.

Jeerustanum and the Manoor cottah for the year under review exchibits a Decrease of Rupees 27-"-" on the preceding, but owing to the extensive destruction of trees from the excessive drought, and the unproductiveness of the remainder from the same cause, a considerable balance unavoidably occurred, great part of which, as the topes

topes were rented by the ryots of the Villages in which they are situated, will hereafter need to be remitted.-

16th The subjoined Abstract Statement exchibits at one view the result of the settlement and collections of all branches in the Ganjam District during Fasly 1249. The total aggregate demand, it will be observed, was Rupees 13,23,721-2-3. of which Rupees 9,45,425-15-11 were realized upto the 11th July 1840, leaving a balance of Rupees 3,78,295-2-4 or Rupees 28-9-3 per Cent of the total demand, unrealized at the end of the Fasly. Of the above, Rupees 2,17,907-6-9. have since been collected to the end of the 31st March 1841. which result, considering the extremely unfavorable nature of the past season, will I trust be deemed satisfactory.-

Fort St. George 29th April 1841.

17th A Separate Report has already been submitted to the Board on the Extra Branches of Revenue.

18th The observations contained in the Minutes of Consultation of Government dated the 14th October last, as to the importance of improving the means of irrigation in this District, shall receive the attention they so well deserve. I believe that Ganjam in its numerous Hill streams, and other natural facilities, affords a very favorable field for the application of scientific skill to this object; but hitherto almost nothing has been done for the improvement of the river irrigation; the annual maramut having been confined to the most ordinary repairs of existing works. The Poothecoolah River, flowing through the Poothacondah Talook, the lands of which so frequently suffered from sever drought, is at present of little service for the irrigation of the Country, but I should hope that it may be found practicable to devise some plan for rendering its

Fort St. George 29th April 1841.

its Waters more extensively available for the purposes of irrigation, as well as for the improvement of some of the principal reservoirs and Tanks &c. throughout the District. I shall not fail to communicate fully with the Civil Engineer, on these matters, when he shall be enabled to permit this part of the Country.

19th The Survey Establishment is now employed in measuring the lands of the Wadadah Talook, and as the fields there are generally larger in extent, and their boundaries more regular & better defined than those of the Villages of the Poothacondah Talook, which was first surveyed, greater progress has

Fort St. George 29th April 1841.

has been made during the past year, than previously. Adverting to the remarks in the Minutes of Consultation of Government on this subject, I beg to explain that before commencing on the survey in this District, the late Collector Mr. Stevenson, secured the services of a competent person as a Sunnyasdar, who had much experience in the Revenue Surveys of the Bellary and Darwar Districts, under whose superintendence the work has been carried on according to the most approved mode of Surveying & by whom the Goomastahs employed

Fort St. George 29th April 1841.

employed were instructed in their duties. The smallness of the number of persons employed and their inexpertness at the commencement, has unavoidably retarded the work, but it now progresses more rapidly, and I trust that what has been executed has been done accurately, and in a creditable manner.

Ganjam District,
Collector's Cutcherry,
Ganjam, 31st March 1841.

Signed/ R. A. Bannerman
Collector.

Ordered

6330. Fort St. George 29th April 1841.

Order thereon. (Vide Pro: 24th June) 16-17

Ordered to be sent again in Circulation.

Read the following letters.

18

From the Collr of Rajahmundry }

To the Secretary to the Board of Revenue Fort St. George

Sir,

The Ameen of Cocanada Sookooroo Venkatanursoo, and the Ameen of Ramachendrapooram Pocheraauze Venkiah, have shewn such incapacity and mismanagement in the conduct of their respective duties during the current fusly, that I have considered it necessary in justice to Government and the Proprietors to remove them and to institute myself a most minute enquiry into their conduct. should it appear, however, that their conduct has arisen only from their abilities not having been equal to meet the exigencies of a season which has been a most difficult one from its great inequality, I shall, of course, be prepared to provide for them in a manner more suited to their capacity. It is certainly a fact this year

year, that taking my Government and manage=
=ment Estates throughout indiscrimi=
=nately the Servants in whom I had
confidence have succeeded in a man=
=ner fully equal to my expectations,
while those who were before doubtful,
have failed in a manner dispro=
=portioned to the actual resources
of the season.-

Lillah Rajahmundry
Coll[r]s Circuit Cutcherry
Pipparah 15th April 1841.

Signed G. A. Smith
Collector.-

Proceedings thereon.-

(18.19)

It is desired that the
result of the Collector's investigation into
the conduct of the Ameens of Cocanada and
Ramachendrapooram be reported here=
=after for the Board's confirmation.
mean while it is trusted that Mr. Smith
will secure the services of some intelli=
=gent officers to undertake the duties
of the parties removed.-

From the Coll[r] of Rajahmundry submitting information

Sir,

Para 1. I have the honor to
acknowledge

information on the subject of fish which is annually cured by the application of Sea water as called for in the Board's letter of 11th February last.-

acknowledge the receipt of your letter
of 11th February last, directing me to
ascertain and report the quantity of
fish which is annually cured in
this District by the application
of sea water or earth impregnd
=ted with saline particles, and subse=
=quent exposure to the Sun, and also
my opinion whether the Fisheries
would be largely extended, and the
public benefited by the remission of
tax on Salt used in curing fish.-

In reply, I beg leave to

2.

state, that I have experienced consider=
=able difficulty in obtaining data to form
an Estimate of the quantity of fish an=
=nually cured, but about two hun=
=dred Candies or a lac of pounds will
not I think, be far out. In the parts of the
District frequented by the shipping and
those where the Market requires an Article
of a superior quality, some manufactured

Salt

Salt is already used, but generally speaking the fish is first placed in water, which has been strained through sand collected in the immense swamps in which this District abounds, and then exposed to the sun.

3. There is a great diversity of opinion as to whether the trade in this Article would be much increased by the remission of tax on Salt, in some parts it undoubtedly would, but generally speaking I should hardly think commensurate with the abuses to which a door would be opened by a partial measure of this description.

From the Pt. -
Coll[r]te of Nellore } Sir,

I have the honor to acknowledge the receipt of Extract from

from the Board's Proceedings dated the 25th Ultimo, transmitting Copy of Extract from the Minutes of Consultation of the 13th idem in which information is required by Government whether Syed Khaja Ahmed and his Brother were in any way connected with the intrigues of the late Jaghiredar of Wodiagherry.

2. I am not aware whether anything was elicited by the Commissioner in his enquiries at Wodiagherry to throw a suspicion upon the parties in question of any direct participation in the late Jagheerdar's treasonable proceedings. I think not, but as far as my own knowledge extends there is nothing to lead to the belief that they engaged actively in his schemes, though they were fully aware of them. This however may be said of almost every native and certainly every Mussulman in Wodiagherry.

Sir,

I have the honor to request
you

Fort St. George 29th April 1841.

you will submit the following applica=
=tion to the Right Honorable the Governor=
in Council.-

On quitting the College
in March 1840, "I was recommended to
Government by the Board" as a pro=
=per subject, to be permitted to study
for the Pagoda reward - and a period of
leave was granted me for that purpose.
but some time before it's expiration, I
feeling that some active employment
would further my ends, I applied for=
and obtained my present appointment.
As the period within which the said examin=
=ation must of necessity be passed, is approach=
=ing and it is requisite such examination=
should take place at the Presidency, I have now
the honor to request a leave of absence from my station
for that purpose (and for that solely) from the 1st
of June, until the 1st of October inclusive. I am in=
=duced to ask for a somewhat longer leave
than

than may appear on the face of the matter, absolutely requisite in as much as I am desirous of some short period for uninterrupted study in preparation, in the Canarese language, which I find it impossible to obtain when actively employed in my duties here, independent of the great distance at which this is from the Presidency added to which, some three Months of the leave before granted me, for this purpose, were still unexpired, when I entered on the Active duties of the service & thinking it better to gain more knowledge, up Country first, and Reapply for it subsequently, at the finish, which I have herein the honor of doing.-

I have also to trust, that this leave may, (as I believe on all hitherto similar occasions) be without loss of allowances or without prejudice to the "free" leave of 3 Months accorded to Civil Officers,

Officers after a service of three years, without receiving any (ordinary) leave.-

Bellary 10th April 1841. } / Signed / J. Rattiff

Proceedings thereon.-

24-25.

Mr. Mellor will be pleased to intimate to Mr. Rattiff the necessity of his application for leave of absence being made agreeably to the Rules laid down in the Fort St. George Gazette of the 25th February 1840.-

The Board cannot forward an application with their recommendation unless submitted in accordance therewith.-

To the Secretary to the Board of Revenue Fort St. George

26.

From the Coll.r of Bellary - - - Bringing to notice the circumstances under which the Pension allowed to the Minor Rajah of Aunaygoondie has been discontinued and submitting for approval certain arrangements as

Sir,

} Para.-

Under the instructions conveyed in Mr. Acting Sub Secretary Frere's letter of the 6th February 1840, the Pension granted on account of the Minor Rajah of Aunaygoondie was continued to be paid to Runga Rauze agreeably to the Mookhtearnamah granted to him by Ranee Narasingummah and

as regards the future payment of the pension.

and Kaisavummah the mother of the Minor Rajah.

2. Some family disputes having occurred between Narasingummah and Kaisavummah, the latter separated herself from the Family and addressed me a letter stating that the Rance and Runga Rauze have, besides spending extravagantly the pension paid by Government contracted debts amounting to about 20,000 Rupees within the short period of about seven Months, that the payment of pension therefore to Runga Rauz on account of the Samustan should be withheld and that such part of the pension as may be necessary for the subsistence of the Rajah and the family should be paid reserving the remainder in the hands of Government to be paid to the creditors of the Estate. In consequence of the instructions of the Board that the Pension should be made over to the Rance

Rance Narasingummah and the Rajah's Mother or to any person who may be appointed to receive it on their behalf. I thought it necessary to withhold the payment of the Pension particularly with an expectation that the Rance Narasingummah and Kasavummah would adjust their differences, and request the continuance of the Pension as heretofore, but this has not been the case. In the subsequent addresses I have received from Kaisavummah she urges the necessity of adopting the measures suggested in her first letter, whereas Runga Rauze on behalf of the Rance and the Minor Rajah represents the distressing circumstances under which the Family has been left by the discontinuance of the Pension.

3. Under all the circumstances of the case, I would propose for the consideration of the Board of Revenue that Kaisavummah may receive a pension equivalent to the amount paid to Ammachi

Ammaul

Annual from the pension allowed by Govern=
=ment on account of the Annaygoondie Sa=
=mustan, and that the Ranee Narasingum=
=mah (with whom is the young Rajah)
should have the management in conjunc=
=tion with Runga Rauz during the mi=
=nority of the Rajah Sirmuldana royer.
The amount to be paid to Kaisavamm=
=mah, if approved by the Board will be
Rupees 131-4-0 and to the Ranee Narasin=
=gummah on account of the Rajah Rupees
1115-3-4. Monthly.

4. The objection to the arrange=
=ment proposed by the mother I conceive
to be the utter uselessness of interfering
regarding the debts or private arrangements
of the Family, and also that it was probably the
intention of Government in allowing a handsome
pension to this Ancient Family, that not only
should the young Rajah himself be
maintained in respectability but also that
the various members of this unfortunate
race should partake in
the

Cert. A.R

the Bounty. The amount I have pro=
=posed for Kaisavammah is small, but
as she has chosen to desert her son and
reside in the Nizam's Country, it is as
much as she is entitled to.

Bellary, Collr's Office,
15th April 1841. } (Signed) A. Mellor.
Collector.

Proceedings thereon. Under the circumstances
(26-27) detailed in the foregoing letter, the
Board authorize the Collector of Bellary
to adopt the course suggested by him in
regard to the payment of the pension
allowed by Government for the support
of the Annaygoondy Samustanum, Viz. to
by making a separate payment of Rs.
131-4-0 to Kaisavammah the mother
of the Minor Rajah who is stated to have
separated from her son, and taken
up her residence in the Nizam's Country,
and praying Rupees 1115-3-4 to be
Ranee Narasinguinmah on account of the Rajah.

Read the following letter.

To The Secretary to the
Board of Revenue
Fort St. George.

(28)
From the Collr of
Chingleput ... } Para. Sir, With reference to your letter
under

under date the 5th Instant, directing the payment to the late Tahsildar of Teroopoor of his salary from the date of his suspension to that of his re=-moval, I have the honor to state for the information of the Board of Revenue that the Seristadar of that Talook having acted as Tahsildar during the whole period of the suspension of the former or from 5th November 1840 to 31st March 1841. a part of the late Tahsildar's salary namely 42 Rupees per mensem being the difference between his own pay and the pay of a Tahsil=-dar of the lowest rate was ordered to be paid to him. There now remains only the difference being Rs. 147 in=- deposit, which will be paid to the late Tahsildar as directed by the Board.

2. Should the Board however Consider the late Tahsildar entitled to the full pay for the period during which he was suspended, I would request the Board will submit to Government

Government the claim of the Talook Seristadar. The amount for which sanction would be required is Company's Rupees (203) two hundred and three.

Chingleput District,
Collr's Circuit Cutcherry,

Fort St. George

30

From the Collr. of Chingleput- Reporting upon Petition No. 486 of 1841 presented by certain Meerasdars of Conary Corpum in the Conjeveram Taluk, complaining that they were prevented from being present during the survey of the Chetty Street in their Village.—

Para. 1. With reference to your letter under date the 29th Ultimo and Petition No. 486 of 1841 which accompanied it from Certain Meerasdars of the Shrotrium Village of Conareecorpum in the Conjeveram Taluk, Complaining that they were prevented from being present during the Survey made of a Certain Street belonging to their Village, I have the honor to report for the information of the Board of Revenue that the Pymashdar who was sent to this Village in 1840 having surveyed the Sunjey Punjey lands &c. in the presence of and with the assistance of Petitioners, proceeded to Measure the Street occupied by the Chitties, but the latter having objected to the Petitioners, as well as the Vettyans (being Pariahs) entering their Street, the Pymashdar apprehending that the prejudices of these people would lead to disagreeable results, requested permission to

to measure the Street with the assistance of the Curnum only, and he was accordingly ordered in Consequence of the dissensions stated to subsist among the parties, to proceed with the work accompanied by the Village Curnum and a Taluk Peon only.

2 The Street referred to although Connected with Conarycorpum, is as well as the adjacent Villages Considered a Suburb of Conjeveram, and all lands or houses in it are the private property of the owners, and sales are effected independent of the Village Meerasdars. There has long been a dispute between the Petitioners and the Chitties arising from the prejudices of their Castes, the former being of the right hand and the latter of the left, and the claims now urged is merely with the object of annoying their opponents.—

3 The presence of Meerasdars during the measurement of Cultivated lands may be Considered essential in as much as they have to distinguish the lands whether as Varapet or Manniam, but no such

such necessity exists for their being present during the Survey of the sites of Houses.

4 The duties of the Moonsiffs are to the Superintendent of Police and the Collector of Revenue in the Chetty Street are conducted by the Head of their own Caste. The Petitioners have not a Vestige of ground in that Street, nor is there any Cultivated ground there. It is therefore evident that the Petitioners have no valid Cause of Complaint.

5 The original Petition is herewith to be returned.

Chingleput District,
Collector's Circuit Cutcherry,
Pullecarnay, 12th April 1841.

(Signed) A. Sweese.
Collector.

Resolution thereon. Under the circumstances represented in the foregoing letter, the Board do not Consider it necessary to take further notice of the Complaint contained in Petition No. 486 of 1840 upon which the following Endorsement is ordered.

(30.31)

Endorsement.

"As it appears from the report of the Collector of Chingleput upon this Petition, that the Curnium of the Village was present superintending the Survey of the Streets alluded to, and as moreover the Petitioners have no property themselves in the said Streets, the Board do not Consider the Complaints of the Petitioners to be deserving of notice.

So

To

The Secretary to the
Board of Revenue
Fort St. George.

Sir,

(32)

From the Coll. of Chingleput — Para 1.

Reporting upon Petition No. 415 of 1841 presented from certain Inhabitants of Madras and Seroopoor regarding the Office of Durmakurta on the Principle Pagoda at that place.

I have the honor to acknowledge the receipt of your letter under date the 8th ultimo together with Petition No. 415 of 1841 from certain inhabitants of Madras and Seroopoor, requesting that the present Head of the Matum at the latter place named Mooroogasa Sumberan be removed, and one Chedumbara Sumberan appointed in his stead, and to report for the information of the Board of Revenue that the Pagoda was placed under the management of a Circar Servant appointed by the late Collector under the sanction of the Board, and that Mooroogasa Sumberan has no controul over it. He only occupies the Matum attached to the Pagoda, having been put in charge of it under the following circumstances.

dated 5th May 1834.

2. When the Matum was vacated by the death of the former Churchwarden, the inhabitants of Seroopoor represented the necessity of appointing another

another and named Moorooga Sa Tumberan as being a recluse and fit person to succeed to the profession. At the same time Chedumbara Pundaram (not Tumberan) the individual who is now proposed in the Petition for the Office urged that he had been nominated by the former Durmakurta and requested that the Superintendence of the Pagoda as well as the Matum should be made over to him. An enquiry was then instituted regarding these two individuals, when the Stallutars gave the preference to Moorooga Sa Tumberan as being competent in all respects to succeed to the Matum, declaring the other unfit for that office as being considered a family man. The latter also stated at the time that he would not take the Office unless the Churchwardenship and the management of the Shrotriem Villages were also vested in him, and as Moorooga Sa Tumberan consented to be the Head of the Matum without interfering in the Pagoda affairs he was placed by Mr. Maclean in charge and received the ornaments which distinguished the former Tumberan.—

3. The Matum has ever since continued under the control of Moorooga Sa Tumberan who has also executed and is still carrying on considerable repairs to the Pagoda

Pagoda out of funds collected by him through private subscriptions.—

4. Chedumbara Tumberan is the person referred to in the 15th Para of Mr. Maclean's letter dated 22d April 1834 as having been nominated by the former Durmakurta, at a time when he was under suspension, and which nomination was not approved. This individual has since requested at various times that he should be made Durmakurta, when being informed that there appeared no necessity for altering the existing arrangement, he has now got up the Petition under reference.—

5. From the enquires now made as directed by the Board, it appears that many of the persons whose signatures are attached to the Petition were not aware of its contents, nor has it been shown that any inconvenience has been felt by them from Moorooga Sa Tumberan holding charge of the Matum.—

6. The building though called a Matum is merely a house constructed expressly for the residence of the Churchwarden, and belongs to the Pagoda. It is not a place of worship as Matums are

are generally considered. The affairs of the Pago-
=da do not appear at present to require the
appointment of a new Churchwarden, as under
the arrangement formerly made with the sanction
of the Board, they are conducted without
complaints. Under these circumstances the request
of the Petitioners seems to be inadmissable. —

7. The Petitioners urge that Moorooga-
=sa Sumberan is an Iron Smith and Chedum-
=baru Sumberan a Pundaram by Caste. This
no novelty. The late Sumberan was a weaver
in caste, and it is well known that the
distinction of caste is no longer observed when
a person becomes a Sumberan. —

8. The Original Petition is re-
returned. —

Chingleput District }

27th May

34

From the Collr of Chingleput. . . stating that further disputes have arisen among the Members of the family of the Shrotriem of Boochie Atteput and suggesting that the permission of Govt under the provisions of Regulation IV of 1831 be obtained for the parties establishing their respective rights in the Civil Courts.

To

The Secretary to the
Board of Revenue

Sir,
Fort St. George.

Para 1. On the 29th of November 1834

Mr. Maclean, the then Collector of Chingleput, laid before you, for the consideration of the Board of Revenue, the disputes and claims of the different Members of the family enjoying the Shrotriem of Boochie Atteput when the Board directed that Bhashcar Iyengar the Head of the family should be maintained in possession of the Shrotriem Village, and the other Members of the family directed to look to him as the Head of the family for their support; which he had expressed his willing-
=ness to afford. —

2. Upon the receipt of these instructions Mr. Maclean issued an order to the Tahsildar of Peddapollium instructing him to maintain Bhashcar Iyengar in the management of the entire Shotriem and

and to instruct the Shrotriemdar to pay to the widows of his cousins Chengamalamaul and Seroo-
=vengadummal 8 Rupees per Mensem for Maintenance.

3. To this decision the widows have re-
constantly declined to accede, and have abstained
from receiving the amount named - Chengamala-
=mal having since died, further disputes have
arisen regarding the Share formerly claimed by
her and the surviving widow Seroovengadummal
and Streenevasa a Charry the alledged adopted
son of the deceased widow, applied for permis-
=sion to file a Pauper Suit in the Zillah Court of
Chingleput against Mr. Maclean and the Head
of the family, for the proceeds of 3 1/4 Share of the
Shrotrium, and for the possession of certain Heredy
Lands to which they considered themselves
entitled. —

4. A notice being issued to Mr.
Maclean on the subject, he transmitted it to
me in order that the necessary steps for
defending it might be taken, but the parties
having

having consented to withdraw their Plaint,
in the event of that part of Mr. Macleans
order by which a stipulated rate of allowance
was fixed, and to which they had never
consented being suspended, leaving to them
to urge their claims on the Shrotriemdars to
participate in the proceeds of the Shrotrium
according to their respective shares, I considered
it expedient to follow that course, and the
suit as far as concerned Mr. Maclean was
withdrawn. —

5. The question of right to participate
in the proceeds not being the only question involved,
but the legality of the alledged adoption also,
it appears to me expedient that the permission
of Government under the provisions of Regulation
IV of 1831 should be obtained for the parties to pro-
=secute their respective claims in the Civil
Courts, and that the widow and adopted
son, should be prohibited from
interfering in the management of
the Shrotrium until their claims shall
be

Read the following letter.

To
The Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Jt. Coll.r of North Arcot.

Reporting on the accompanying Petition presented by Mootto-sawmy Naidoo in No. 191. of 1841. relative to his adoption by the late Nargunty Polligar.

37

I have the honor to acknowledge the receipt of your letter of the 11th February 1841. transmitting a Petition No. 191 of 1841. from Mootto-sawmy Naidoo, adopted son of Vencatapa Naidoo late Poligar of Nargunty. Complaining of the proceedings of Lutchinedawummah his adoptive Mother in the management of the estate.

2. There appears no foundation for the allegations of Petitioner against his adoptive Mother in having mortgaged certain villages of the Estate, or having contracted debts to the injury of the Pollium.

3. My letter to the Board of the 17th August 1838. explained the relationships the Petitioner Mootto-sawmy bears to the late Poligar Vencatapah Naidoo. I stated that there could be no doubt that the testamentary paper left by the

the deceased was perfectly authentic, and that it conveyed his absolute direction and wish that his Widow should adopt the Boy Moottoosawmy Naidoo. Examined at that time all the attesting witnesses to the will. all who were present when the will was written and also the Royasum who wrote it, one and each declaring that it was drawn up by desire of the Testator. that it was read over to him, approved of by him, and that he died in the belief that the same would be carried into effect by his Widow.-

4 Since the receipt of the letter under reply. I have gone over the same ground again and have taken depositions conclusive of the fact that the will was written in the presence and by the desire of the deceased. The Widow herself does not deny this, and my letter of the 20th. September 1839 further informed the Board that I had received a Communication from the Widow to say that she would conform to

to the desire expressed in the will of her husband.-

5 As directed in the Extract from the Board's Proceedings of the 30th. August 1838, intimated to Lutchmee Davummah that she would be expected to carry into immediate effect her late Husband's selection, but up to this time she has paid no attention to this order, on the Contrary she has repeatedly stated since, that Moottoosawmy Naidoo shall not be adopted by her.-

6 There is nothing that I can learn, objectionable in the Management of the Estate by the Widow, inasmuch as she is not incapacitated by Minority Sex or natural infirmity from administering its affairs, nor is her Management Characterized by recklessness as alleged by the Petitioner. the only point to be decided is, has she a right to keep possession of the estate, under any circumstances her Husband having declared by will that she should adopt the boy Moottoosawmy Naidoo as her Son.-

An

7

An exposition of the Law on this point it was my intention to have laid before the Board, but the Judges of the Provincial Court having refused me permission to put the question to their Law Officer (Copy of the Extract from their Proceedings accompanies) I am not prepared to say that the adopted son can be at once recognized and placed in possession of the Polliam.-

North Arcot, ---------
Principal Coll.r's Cutcherry,
Palmanair, 10th April 1841.

Signed G. M. Agilvie
Principal Collector.

A.

Extract from the Proceedings of the Provincial Court of Appeal for the Centre Division under date the 8th April 1841.-

In M. P. 57 of 1841. Read again Petition presented by D Streenivasa Charry, Government Vakeel on behalf of the Principal Collector in the Northern Division of Arcot - The Vakeel states that the Principal Collector forwarded him

him a Vakeel directing the presentation of a motion to this Court to put a Question to the Hindoo Law Officer regarding the Will left by the deceased Poligar of Naud-gunty to his widow, authorizing her to take the individual therein mentioned in adoption, and forward his answer.-

It does not appear that the Regulations authorize an exposition of the Law by the Law Officers attached to the Courts excepting in Cases where suits are pending before any of the Courts. In the present instance it does not appear that any proceedings have been instituted in the Civil Courts, the Judges therefore consider it inexpedient to permit the questions proposed by the Principal Collector to be referred for the opinion of the Law Officer.

Ordered that the same be communicated to the Government Vakeel

(True Extract.)
Signed W. H. Babington.
3d Judge for the Register.

Proceedings

Fort St. George 29th April 1841.

37-38

Proceedings thereon

Informing the Pd Coll. of N. Arcot that under the circumstances represented by him the Bd do not feel themselves empowered to interfere in reference to the claims of Mootoosawmy Naidoo to the succession to the Nadagunty Pollem.

Under the Circumstances stated in the foregoing letter, and as it appears that there are no grounds for the allegation contained in Petition from Mootoosawmy Naidoo of the Mismanagement of his adoptive Mother Latchmee Davamal in the administration of her Pollem, the Board of Revenue do not feel themselves empowered to interfere in reference to the Petitioner's claim to the succession.-

Ordered that the following endorsement be passed upon Petition No. 191 of 1841.

Endorsement.

The Board of Revenue cannot interfere to remove Lutchmedavamah or to place the Petitioner in possession of the Pollem of Nargunty - but Petitioner if so advised may seek redress through the Established Courts of Adalut.-

Ordered also that the Petition No. 608 of 1841 be returned for delivery to Lutchmedavee Ummall, through the Principal Collector Northern Division of Arcot, with the following Endorsement.-

Endorsement.

The Board of Revenue have furnished the Principal Collector of North Arcot with instructions in the matter referred to in this address. Petitioner is accordingly referred to that authority.

From The Pd Coll. of the Sn Dn of Arcot

Sir,

I have the honor to forward copy and translation of original and Supplemental Plaints in Suit No. 552 of 1840. filed in the Auxiliary Court at Cuddalore against another person and myself with a draft of an Answer, which I request may be submitted to Government for the purpose of obtaining a decision whether the suit shall be defended at the public expense or not.

Villapooram
South Arcot
Dist. Collectors Cutcherry

No. 1
No. 552 of 1840.

Translation of a Plaint presented to Veneaa tachellah Moonsiff of Villapooram Talook attached to the Court of the Assistant Judge in the Zillah of Chingleput, by Audenarayen of Gentoo Braminn Cast, a Ryot of Sinna nercoonum in the Tindevanum Talook complaining

Fort St. George 29th April 1841

complaining against one Runga Reddy residing at Velengumbaudy of the same Talook for the recovery of 3 5/8 th Cawnies of Nunjah land valued at 32 Rupees and paying a Teerwah of 25-6-- per annum.

The said 3 5/8 Cawnies of Nunjah land which is of 9th class numbered 495. and situated in the above Village, is my paternal property. It is entered in the name of my father Terovenkiah in the Pymash account &c. It was cultivated and enjoyed by my ancestors for a length of time and after them by me up to the year Vecoorthy. The Putcut Puttah &c. of the said Land had been continued in the name of my said father Terovenkiah, and since his death which took place about 20 years ago, in my name. From the year Para, the said land was laid waste from want of the supply of water. In the Month of Audy of the present year Sarvary, I made the necessary preparation to cultivate the same

when

Fort St. George 29th April 1841.

when the said defendant alleging that he has presented a proposal for it took possession of the same, and has carried the cultivation thereof since the said month of Audy, I therefore pray that the said 3 5/8 Cawnies of Nunjah land of 32 Rupees value and of Rs. a p. 25-6-- Teerwah may be recovered from the Defendant and restored to me.

Assistant Coll.r

No. 2

No. 552 of 1840.

Translation of a Supplemental Plaint presented to the Judge of the Auxiliary Court in the Zillah of Chingleput by Audenarayen Plaintiff in the said Suit.

That agreeably to the order passed on the Motion No. of 1841, I beg leave to include the Principal Collector of this Zillah as a Defendant who is concerned in the Suit, and to state my ancient right

for

for the land in question and some other particular circumstances respecting the same.—

That Inerasoy for the Village of Nircoonum has descended to me hereditarily from my ancestors the land in question was time immemorial waste and overgrown with jungles— immediately after it was surveyed, it was cleared and levelled by my father at a large expense— He continued to Cultivate the same and sustained heavy losses— afterwards during the time of renting as well as of Amanie. My father and I continued to cultivate the same without intermission and the puttahs were continued in my name up to the fusly 1242. but from fusly 1243 to 1248. the land in question was lying waste in the same manner as those adjacent to it owing to the failure of rain, as well as the want of supply of water. In consequence of the New System prevailing in this Soobah of presenting a proposal for the land of another and of its being

being accepted by the Collector and the land made over accordingly to the proposer. I consider that my right for the land in question should appear in the records of the Circar as although it was in my occupation and I accordingly presented a proposal for the same in Fusly 1249. and a Thoudoo Chit also was issued in my name. I then manured the land by placing cattle on it, and having made up the necessary ridges I prepared to plough it but I was prevented from carrying on the Cultivation by want of rain and supply of water. In fusly 1250 when I was about to cultivate the land having manured it by placing cattle thereon the 1st Defendant presented a proposal to the Collector for it and I also presented one myself but the Collector made over the land to the defendant alleging that the defendant presented his proposal 4 days previously without making any enquiry as to the law or to my right. What reason was there to give

give it up to the 1st Defendant by force and without my Razenamah while I the proprietor thereof was bound to pay the Razenamah for the same. I therefore pray for a just decision establishing the right of the land according to the meaning of the Regulations. It was inadvertently mentioned in my original plaint that the land was entered in the name of my father which I beg may be excused and the statement which this supplement contains be admitted

No 3

Draft of proposed answer to a Complaint against the 2nd Defendant in Suit No 552 of 1840.

Plaintiff.
Audenaranyer of Sinna Mercoonum in the Talook of Tindevanum.

Defendant.
1 Rungah reddy of Valungum-bady in the Talook of Tindevanum.
2 H. Ashton Esqre Principal Collector of South Arcot
Supplemental Defendant.

The Complainant sues for the recovery

recovery of one field containing 3 10/16 Cawnies of Nunjah land, which is properly described in the Plaint, with exception of the extent which on actual measurement has been found less than is entered in the Pymash Account. The Complainant claims the land as hereditary property, but admits that he has not cultivated it or obtained a Puttah for it for seven years; In Fusly 1249. the Complainant made a proposal to cultivate the land, which was accepted but he did not do so, or take out a Puttah and in the Current Fusly 1250. a proposal of the Defendant Rungah reddy was accepted for the same land. It was found on measurement that the field only contained 2 10/16 Cawnies and that extent being cultivated is entered in Rungah Reddy's name.

The Complainants claim to an hereditary property in the land is denied, the right of disposing of waste lands in South Arcot being vested in the Government and

and the Principal Collector in the exercise of that right having acted in conformity with the laws and usages of the District, requests that the suit may be dismissed with costs.

Pl. Coll.r

Ordered that the following address be submitted in consequence

To
The Chief Secretary to
Government.

Sir

(39-40)

To the Chief Sect.
to Government.
Recommending that authority may be given to the Pl. Coll.r of South Arcot for conducting the defence of a suit instituted against him at the public Cost.

10th Con.n 29th April 1841

Para 1. I am directed by the Board of Revenue to request, you will lay before Government for orders the accompanying letter from the Principal Collector of South Arcot requesting authority to defend a Suit instituted against himself and others in the Auxiliary Court of Cuddalore No. 552 of 1840 at the public Expense.

2. This action has been brought by one Audenarayen to recover possession of certain lands stated to have been his ancestral property and granted to one Rungareddy by Mr. Ashton in Fusly 1250. The Principal Collector's Answer asserts that the land in question was left uncultivated

Comp.d J.R.

uncultivated by the Plaintiff for seven years that in Fusly 1249 he [Plaintiff] proposed to cultivate the Land that his offer was accepted but that he did not do so nor take out a Puttah. Mr. Ashton proceeds to state that in consequence Runga Reddy's proposal was accepted in Fusly 1250 in accordance with the usages of the District.

3. This Defence if the facts can be fully substantiated, the Board consider a complete and valid answer to the Plaint and they direct me accordingly to recommend that the usual sanction be given to conduct it at the public Cost.

43

From the Asst. Princ. Collr. of Tanjore

I have the honor to submit for the orders of the Board a letter from Mr. Forbes Sub Collector requesting authority for the removal from Office of Ramasab Tahsildar of Valengaman.

Ramasab a native of Coimbatore has been employed in this District for 12 years first as a Mazoomdar and for the last 9 years as Tahsildar. His health has been for some time so bad as to render him unfit for his duty & nothing but a dislike on the part of the authorities under whom he has served to the removal of Tahsildars has kept him in Office so long. The manner in which the business of his Talook has been conducted has been for some time very unsatisfactory to Mr. Forbes who has frequently noticed it to me, & during Mr. Forbes' absence on leave in November last,

Fort St. George 29th April 1841.

I had an opportunity of seeing that such was the case. As Ramasab does not possess the claims of long service nor of high Character for ability or good conduct as grounds for any special indulgence, as he is in affluent circumstances and as his ill health is not attributable to any thing connected with his labors as a Public Servant, it appears to me that the Public Service should not be embarrassed by his being longer permitted to retain a situation the duties of which he is unable to perform and I have therefore the honor to recommend a compliance with Mr. Forbes' request.

Tanjore Cutcherry } Signed A. C. Montgomery
14th April 1841 } Asst. Princ. Collector.

ORIGINAL DESTROYED

A.

To The Principal Collector

of

Tanjore.

Sir

I Having received an application from Ramasab, Tahsildar of Valungaman, for seven weeks leave of absence on account of sickness, I have the honor to bring the state of his general health to your notice.

2. In the year 1838, when I held the appointment of Head Assistant Collector and

and had charge of the Salt Department Ramaspah, then Tahsildar of Manargoody was put into the Office of Salt Amildar for 3 Months, his health not permitting him to carry on the Settlement of his Talook, and the Amildar was sent to Manargoody-

3- In the year 1839, when the Revenue Talook was under my charge, Ramapah being then Tahsildar, was obliged to take 3 Months leave at the period of the Summabundy as having no health to undergo the fatigues of the duty-

4- In the year 1840 being then in Vellum man, he applied to me for Leave of absence at the time of the Settlement, but as he enjoyed the emoluments and authority of his Office during the nine comparatively easy Months of the year, and left the heavy weight of the Settlement to others, I declined to comply with his application-

5- I have now again received a request for Leave on the grounds of being quite unable to perform his duties.

6- When lately at Vellum man for the purpose of settling the Amany Villages, as Ramapah was unable to attend my Cutcherry for

for some days from sickness, or even to leave his house, and the business was in great measure carried on by the Deputy Tahsildar-

7- From enquiries I made in the Talook at the time, I learnt that the Tahsildar was in the habit of attending his Cutcherry only twice a Month, on the 1st and 15th to send the remittances and that on other days, what business he was able to transact, was done in his own house-

8- Under these circumstances I submit that Ramapah is at present quite unfit to transact the duties of Tahsildar, and that his state of health for some years past, as detailed above, has been such as to give little hope that the Leave of absence he now solicits, will avail to restore his strength-

9- I have therefore the honor to request that you will submit to the Board of Revenue my request to be permitted to remove him from Office, on the understanding that there is nothing to prevent his future employment, should his health hereafter be restored-

To The Secretary to the
Board of Revenue
Fort St. George—

45

From the Actg Coll.r of Tinnevelly—

Sir,

Para. 1 With reference to an Extract from the Proceedings of the Board of Revenue under date the 25th Ultimo, I beg to state that the Complaints against Ram Row were for partiality in his Statements forwarding accounts showing failure in the Car Crops to the favouring of some Individuals and to the perjudice of others. His accounts were sent in at so late a period as to preclude the possibility of ascertaining their correctness from the Fuzzoor. There is no check upon the Statements given by the inferior Revenue Officers after the crops are cut and much depends upon the vigilance and activity of the Tahsildar in making an extensive personal examination and reporting early to give time for enquiry to be instituted from the Fuzzoor, when there is room for suspicion. The irregularity in his Proceedings alluded to in the latter part of my communication, occurred in a case of a disputed claim of inheritance to property of some considerable amount in land and grain, in which he most unnecessarily and unauthorizedly interfered in favour of one party and to the prejudice of another by ejecting a person in possession, and

The Board of Revenue are content - under the circumstances stated to leave the removal of the Tahsildar Ram Rowta Talook of inprior emolument to the discretion of the local Officer

Read again letter from the Collector of Malabar dated 22d Ultimo, and entered in Con- sultation 15th Instant. -

Ordered

Ordered that the following address be submitted in consequence

47

To the Chief Sec[y] to Government

Submitting a letter from the Collector of Malabar recommending the remission of the tolls on the principal Bridges in that District and that the revenue derived from the ferry boats be held available for inter- nal Communi- cation generally stating that the Board are un- able to support to their full ex- tent the proposals of Mr Connolly, and that any Change in this impost be confin- ed to a reduction in the rates if these be found to prep heavily on the Community also suggesting that the sub Coll[r] proposal to exe- empt foot Pas- sengers from toll on the Cringully Bridge be Sanc- tionally authorized if after further inv[e]stigation the Coll[r] should deem the proposal worthy of adop- tion

To The Chief Secretary to Government -

Sir,

Para 1. Adverting to the letter from this department under date the 6th July last and the Extract from the Minutes of Consultation thereon of the 29th of that Month, I am directed by the Board of Revenue to request you will lay before the Right Honorable the Governor in Council the accompanying communication from the Collec- tor of Malabar on the Subject of the Ferry farms and tolls in that Province

Mr Conolly it will be observed has

2 now proposed that the tolls on the principal Bridges throughout Malabar be remitted the loss to Government thereby he estimates at Rupees 9000 per annum - after taking into account an anticipated falling off in the receipts from Ferries in the vicinity of the Bridges. The total amount received from Ferries and Bridges in Malabar he states at Rupees 36,485 per annum, on an average of twenty years - Deducting - from this Rupees 9000 there will remain Something more than Rupees 27,000 a sum which he advises should be held available for improving the internal communication generally of the district -

The Board of Revenue direct me

3 to observe that they are unable to support to their full extent the proposals of Mr Conolly - whatever - might have been the original intention in levying a ferry tax; it is obvious that now all revenue deriv- ed therefrom must be carried to account and any Sums required for making roads or otherwise im- proving the internal communication of the Country defrayed from the Public funds when Sanction for the outlay proposed is obtained in the department of Public works. -

Neither

4 Neither is it considered reasonable to discontinue the levy of all tolls on Bridges built to supercede the use of Boats, and thus to facilitate trafic and promote public convenience. The Reparation and replacement of these works when injured and carried away being undertaken by the State, a fund for these purposes is properly raised by the imposition of a toll on the goods passing over them.—

5- But the rates of toll as observed in my letter of the 6th July last are properly subject to modification if these be found to press heavily on the community, more especially on the poorest classes, and the Board are accordingly of opinion that any change in the impost under observation should for the present be confined to an alteration of this nature. In Mr. Goodwyn's letter of the 22d April 1840 submitted with the Acting Principal Collector's communication of the 3d June it was proposed to exempt foot passengers from toll on the Erinjolly Bridge and to confine the levy to Bullocks, Bandies, &c. and this that Officer stated would be considered a great relief to the Poor while the sacrifice of Revenue would fall short of one third of the whole amount now raised. The Board deem this suggestion deserving of attention and they would propose that it be conditionally authorized if after farther investigation the Collector should deem the proposal worthy of adoption.—

Revenue Board Office;
Fort St. George,

(48)

From the Coll.r of Malabar.

Reporting on the Petitions from Vafsum and Sooboo Putter relative to certain lands which they state to have been improperly escheated.—

Rec.d 29th & Ans.d 30th ditto.

Para 1

Sir,

I regret that so much time should have elapsed in furnishing the further information on the subject of the accompanying Petitions called for by the Government in 1836. It is partially to be accounted for by a wish to obtain such decisive statements as should set the question at rest one way or other. Some of the papers to be subsequently noted have only reached me a short time back.

2 The difficulties mentioned in the Minutes of Consultation under date the 7th October 1836, in the way of accrediting the claim of the Petitioners Vafsum and Sooboo Putter, to certain lands which they state to have been improperly escheated are

First The delay of twenty eight years in preferring their claim.—

A

Secondly. A doubt as to the validity of a deed of partition on which their claim chiefly rests.—

The Government in consequence direct that farther information be obtained in regard to the indentity of the Petitioners as the rightful propritors of the property—that enquiry be made as to whether any one deed of partition was executed among the three parties who shared the family property, and in case of there being more than one that the copy of the deed now furnished by the Petitioners be compared with those in the possession of the other parties.—

4- With regard to the first point of delay; I would beg to observe that the Petitioners state in their Petition forwarded to the Board of Revenue under date the 15th January 1826 that they represented their case to Mr Warden and subsequently to Mr. James Vaughan in 1817 and to Mr Commissioner Graeme in 1823 without obtaining an

Note
The Copy of an urzee to Mr Warden 28 years ago is produced by the Petitioners. The original is not to be found, but I have no doubt from the appearance of the Copy which is written on substantial paper, that its date is as old as it professes to be

an answer to any of their Petitions—This statement is at all events partially true, as Petitions to Mr. Graeme in 1823 are still to be found in my Records.—

With regard to the second point the doubt is to the validity of the deed of partition, I may state, that its genuineſs, on further enquiry would appear to be sufficiently proved—Its apparent newneſs which raised some doubt in the mind of Mr Clementson (as remarked by the Government) seems to be attributable chiefly to the care taken by the Petitioners in preserving it—The Deed given by the Zamorin Rajah transferring the land in question to Bunasawmy Putter the Petitioners' father in 1793/94 (that is two years previous to the date of the Deed of division) which the Rajah acknowledges, and which is free from all suspicion, presents an equally new appearance.—

6 With reference to the call for further enquiry as to the identity of the

Fort St. George 29th April 1841

the Petitioners, I would observe, that it seems to have been proved by evidence taken before Mr Sheffield on the 5th November 1827 from four respectable and aged persons three of whom were present when the division of the family property took place, that the Petitioners Vapum Putter and Socboo Putter, are really the descendants of Annasawmy Putter. The age and appearance of the Petitioners bear them out in the circumstances which they set forth. Vapum Putter says he is 53 years old and that his brother Socboo Putter is about four or five years younger than him, and this their appearance confirms. The sequestration of the property having taken place in 974/1798/99 they could not then have attained sufficient ages to advocate their own cause.—

7 In reference to the last point of information called for I beg to state, that at the division of the family property, three deeds were executed, each brother getting one—Those that were given to

Naunoo

Fort St. George 29th April 1841—

Naunoo Putter and Chinnoo Putter are not forth-comming—Neither of them are now alive but the widow of the former states that the Deed given to her husband was burnt with other property several years ago, and Chinnoo Putter's son says, that the Deed possessed by his father was amongst his property that was confiscated, and that he cannot tell what became of it.—

Among other Papers connected with this case, an old private account 8— book in Malabum has been produced by the Petitioners, which they assert to have been written by Chinnoo Putter, with his own hand and which contains a list of all his property—In this book the particulars of the division of property that fell to the share of Annasawmy Putter are entered, which except in some immaterial items, agree with the deed of division—There is no date to this book, but there seems to be very little difference in the writing between it and

several

several Original Malialum Urzees addressed by Chinnoo Putter in 975/1799 1800 and 976 to the Commissioners, which were found in my Re-cords, and which having been written while Chinnoo Putter was in Jail, are most pro-bably his own handwriting - One of the Urzees bears the endorsement of the then Commissioners - The writing in this Urzee agrees with the signature in a Cadjan Chit which has been found by the Tahsildar of a Talook, in which Chinnoo Putter frequently resided, and of the authenticity of which there appears no reason to doubt - The Tahsildar was directed to procure - if possible any document which could prove the handwriting and signature of Chinnoo Putter, and he some time ago sent in this - It is in itself a do-cument of no importance relating mere-ly to some small money dealings - between Chinnoo Putter and another - individual.

9 On the whole I think that sufficient

sufficient proof has been adduced to shew that the claim of the Petitioners is well - founded, and I beg to recommend therefore that the ground which appears to have been improperly escheated may be made over to them, subject of course to the usual Govern-ment assessment. -

Sir,

Para 1. With reference to your letter of the 23d Ultimo, I am directed by the Board of Revenue to request that you will submit for the information and orders of the Right Honorable the Governor in Council the accompanying Copy of a letter addressed to Captain Victor Hughes Superintendent of the American Cotton planters in Tinnevelly, under date the 15th Ultimo, together with the letters from that Gentleman noted in the Margin, containing information regarding the

54

To the Chief Secy to Govt. } Para 1.

Submitting Copy of a correspondence with Captn Victor Hughes Superintendent of the American Cotton Planters in Tinnevelly containing information regarding the present employment and proposed operation of the planters recommending the Establishment of an experimental farm on account of Government and that it be limited in the first instance to 300 acres in extent that the Collector be authorized to prepare a residence on the spot for the Planters and Godowns for the reception of

30th ult. & 3d inst. from Collr of Tinnevelly 8th April 1841.
Inclosures in Cons. 22nd April 1841.

Fort St. George 29th April 1841.

of the seed &c a also recommending that Sanction be granted for the rent at 15 Rs per month of a house occupied by the planters since the 15th January last and that a money allowance be made to them to Cover extra Charges when actually travelling, and stating that the Board have called for further explanation regarding Establishment of Labourers Cattle and implements required for the use of each of the overseers.

the present employment and proposed operations of the Planters.

2. From what is stated in Captain Hughes's letter of the 3d Instant, it appears that in consequence of the lateness of the season and the want of preparation as regards accommodation for the Planters, and the supply of implements of husbandry it has been found impracticable to carry into operation the plan for employing the overseers in Superintending the Cultivation and reaping the produce of the Cotton sown on the 1,200 acres of land, which it was originally proposed to make over to them for that purpose — indeed the ill success which seems to have attended their first essay to instruct the ryots in the neighbourhood of Tinnevelly in the American Method of Cultivation, as

3d April. detailed by Captain Hughes in his first letter, leaves very little reason to expect any beneficial result from their exertions, until the establishment of an experimental

farm

farm on account of Government shall have been completed, on which the whole of the operations attendant on the production of Cotton from the sowing of the seed to the clearing & packing of the cotton wool may be conducted from first to last under their superintendence.—

3. The extent of ground which it is proposed to take up for the formation of an experimental farm is 450 acres, of which 150 acres would be assigned to each of the planters who have suggested that it would be expedient that for the first year they should be located together for the reasons stated in the 7 Para of the letter last alluded to, and that after the first years experiment, when they shall have obtained some knowledge of the working of the system, they should be sent to other districts, leaving one of their number to superintend the farm in Tinnevelly.—

4. Adverting to the possibility of

of being deprived of the services of one or more of the overseers by sickness or other causes; and at all events to the contingency of only one of the number being left after expiration of the first year in charge of the establishment in Tinnevelly the Board think it would be inexpedient to commence by taking up the utmost extent of ground which it is considered that each individual can effectually superintend and they think therefore that the farm should in the first instance be limited to 300 acres in extent. Captn Hughes in his last communication states that he has, in consultation with the planters, apprized the Collector of the description of the Soil, and situation most suitable for the successful production of the American Cotton plant, and the Board recommend that so soon as the site has been finally selected, the Collector may be authorized to proceed immediately to prepare a residence on the spot for the planters

planters and godowns for the reception of the seed, together with the Ploughs, of the arrival of which on the Ship Chieftain, the Board were informed by Government under date the 2d Instant, and which remain for the present in custody of the Collector of Sea Customs. In reference to the Gin the Board will issue orders for sending it to Tinnevelly, so soon after it's arrival as they receive notice that the place destined for it's reception is either ready or sufficiently advanced to afford a prospect of it's being completed by the time the article can reach that station.

In Cons 5th Apl

5. The Planters are at present living in a house in the Fort of Palamcottah which has been taken for them since the 15th January last, at a monthly rent of Rs (15) fifteen, for the disbursement of which sanction is requested from the date above mentioned and for the future, until accommodations

accommodations shall be provided on the proposed farm. With regard to the arrangements adverted to in Para 9 of Captain Hughes's letter of the 3d April, for reimbursing the planters for the expences incurred in travelling &c., the Board concur in the opinion therein expressed that the most economical mode of proceeding would be by making them a money allowance when actually travelling, to be paid upon abstracts countersigned by Captain Hughes.

6. The establishment of labourers, Cattle and implements required for the use of each of the overseers, in the event of the proposal for the formation of a separate farm being sanctioned, is detailed in Captn Hughes's letter of the 5th Instant, on this subject the Board have required further information, as to the manner in which it is proposed to obtain the supply of tools, and the purposes for

for which horses are required, and whether those purposes could not be as well, if not better, answered by the employment of Bullock, Dca Dca upon the receipt of which information, they will address the Government again with a view to obtain specific sanction for what may be considered necessary.
