From the Chief Sec. to Government

Extract from the Proceedings of the Board of Revenue

Relative to the Settlement of (Here Enter 20th May 1841) the Land Revenue in the District of Madura for fusly 1249.—

1. The season in the District of Madura in fusly 1249 is reported to have been very favourable during a great part of the year, but to have closed with a failure of the customary late rains, the consequence of which was some deterioration in the Pulse and Punjah Crops.—

2 Although the District is represented to have been in general healthy

a

a fever similar to that which raged in 1812 is stated to have visited part of Dindigul extending itself over 29 Villages, the Mortality however was chiefly confined to the Villages of Ahloor and Aresputty in which no less than 1363 persons perished out of a population of 3910. It is satisfactory to observe that the Crops were highly productive in that part of Dindigul, and that scarcity was not added to disease to increase the evils resulting from this Epidemic. Great Credit is due to the Principal Collector for his humane exertions to alleviate the sufferings of the People.—

3 The amount of remission which it was necessary to grant for withered crops fell considerably short of the disbursements issued under this head in the preceding year, when the sum allowed was 19020 Rupees and in the fusly under review it was only 9528 Rupees, being a decrease of Rupees 9492. With reference to the opinion expressed in para 5 of the Principal Collectors' report "that remissions should invariably be

granted

"granted for all perished wet land Cultivation without reference to the Ryots "General rent Roll" His Lordship in Council is not aware that there exist any circumstances peculiar to the assessment in Madura which could justly be opposed to the introduction into that District of the System upon which remissions are usually granted in others, and concurs with the Board of Revenue in considering that the sentiments of Government expressed in their observations on the settlement of Land Revenue of Madura for fusly 1233 should be adhered to and carried out, due regard being had to cases rendering a Modification of these principles necessary.—

4 The total Gross Revenue inclusive of that derived from Extra Sources for fusly 1249 amounted to Rupees 24,08,226-2-5 the Land Revenue for the same period was settled at Rupees 17,83,646-5-8 exhibiting an increase over the previous

year

	Fasly 1248	1249.	Increase
Settled Zemindaries	26468-2--	33468-2--	7000---
Unsettled Do.	8654-2--	8804-2--	1500---
Ryotwar	1,20,977-12	1,58,847-5-8	37869-9-6

year of Rupees 46369-9-6 as noted in the Margin. The increase in the fasly under review as contrasted with the average of the last three years amounts to Rupees 1,72,049 which is considered a highly satisfactory result.—

5 The entire demand was realized at the close of the fasly with ease and punctuality reflecting great credit on the management of the Principal Collector.— The only outstanding balance of the year was a sum of Rupees 2,528-4-3 due upon the Colemunakai Estate at present retained under Attachment by His Lordship in Council approuer of the instructions issued to the Principal Collector upon this subject by the Board of Revenue in directing that the above sum should be entered as a balance of Peshcush under the head of "Estates under management" and not written off until the Capabilities of the Estate

Para 11 and 12

Estate shall have been ascertained by the present Experiment, and the proposed reduction in the Assessment, in conformity with the principle prescribed by the Honorable Court of Directors, ultimately decided upon.—

6.— It is satisfactory to observe that the issue of Succavoy has been reduced to a trifling amount and still more so to find that no deterioration in the Revenue resulted from the withdrawal of advances which are justly deemed objectionable in principle when issued otherwise than in case of special necessity.—

Rupees 1000

7. His Lordship in Council is happy to observe the continued and progressive prosperity of the Ramnad and Shevagunga Estates, and that the administration of the Manager meets the approbation of Mr. Blackburne. His Lordship will be happy to have before him the separate report of the Shevagunga Zemindary when furnished by the Principal Collector.—

8. His Lordship in Council considers the general Management of the land revenues of the Province of Madura during the period under review

Fort St. George 19th July 1841.

review highly creditable to the Zeal and ability of Mr. Blackburne and views the progressive improvement in the amount of Revenue and punctual Collection as extremely satisfactary and affording just ground to presume that the prosperity of the District is steadily advancing and that the demands do not press heavily upon the people.—

The Board of Revenue in para 18 of their Proceedings express their disapprobation of the imputation supposed to be cast upon the administration of Mr. Blackburne's Predecessors in the 6th Para. of his report, but the Right Honorable the Governor in Council does not view the expressions used by Mr. Blackburne in that light and is not of opinion that there is ground for the censure which the Board have passed upon him on this account.—

10. It affords His Lordship in Council much satisfaction to observe the terms of commendation in which the Principal Collector bears testimony to the services of his Sub Collector Mr. Davidson, and of the Head Sheristadar Shashagerry Row.—

From the Collr of Madras 31st

Reporting upon the Settlement of the Abkarry Revenues of Madras for Fasly 1251.

With further reference to the Extract from the Proceedings of the Board of Revenue dated 3d Ultimo,

(36)

I have the honor to report, for the information, that the right to sell arrack, by retail, in the several licensed shops within the Abkarry limits of this Collectorate, with the exception of two at St. Thomas Mount, one at Sydapett, and four others which were discontinued in consequence of the Villages at which they were formerly placed being found, on examination, to be within the limits of four miles around the Mount Cantonment and Palaveram, was put up to public Auction. The result as regards the Batavia Arrack shops, exhibited in the Margin. It will be seen that the Dowle for the fixed

From the Collr. of Madras Reporting that through oversight the sum of Rs. 2,000 being part of the Estimated Toddy revenue was omitted to be included in the aggregate amount of Net Collections both from Arrack and Toddy for Fusly 1250 entered in Para 9 of the letter dated 5th Instant, and submitting in consequence the Calculations to be substituted for the items therein specified.

Sir,

With reference to my report on the settlement of the Abkarry Revenues of Madras for Fusly 1251 under date the 5th Instant, I have the honor to bring to the notice of the Board of Revenue that through oversight, the sum of Rupees 2,000. being part of the estimated Toddy revenue from the 1st to the 11th of the present Month, was omitted to be included in the aggregate Amount of Net Collections both from Arrack and Toddy, for Fusly 1250 entered in Para 9, the addition of which would render an alteration of a few of the items therein referred

referred to necessary. I beg leave therefore to submit the following in substitution thereof.

From the Princl. Collr. of Madura — Forwarding a Statement of original Endowments to Pagodas and Chettrums

Sir,

Paras. On the 20th Ultimo, I had the honor to receive the Circular Extract from the Board's Proceedings of the 10th of the same month, together with an Extract

Chettrums on assumption of the Country by the Company. Their Revenues in Fusly 1211 and in 1249 and the amount of ready money annually assigned in lieu—

Extract from a letter of the 21st April— from Government, calling for a return of annual revenue of religious institutions at the time of assumption of the Country by the Company, and of the many allowances since assigned for their support, with all sums expended on their repair or for any other object connected with the Institutions— which I have accordingly the honor to forward herewith, as well as a similar return for the charitable institutions, in case it should be required—

2. The Settlement of the 179 Villages which were assigned to these two kinds of institutions on the assumption of the Country by the Company yielded in Fusly 1211— Rupees 58,534-8—"— In last Fusly Vizt— 1249. they yielded Rupees 1,23,601—2—7 and the amount assigned in lieu of them is Rupees 59,927—8—8— per annum—

For Pagodas— 156 Villages Revenue in Fusly 1211 Rupees 7,872-14-10— Revenue in Fusly 1249— Rupees 9,014-10-11— assignments in lieu Rupees 49,155—0—1— For Chettrums 29 Villages— Revenue in Fusly 1211 Rupees 17,661—9—2. In Fusly 1249— Rupees 32,586-7-8— assignments in lieu Rupees 9772-8-7—

3. From the above Statement are excluded the Pagodas and Chettrums supported by lands in the Co's Talook of Maroongapoory; for this the revenues are collected by me and made over to

to the different institutions, no surplus is ever appropriated to Government, or any deficiency met by its assistance— and in the same way are excluded from this statement the highly endowed Pagodas in Shevagunga, which I assumed very shortly after sequestration of that Estate for arrears—

4. On assembling the heads of different Pagodas and proposing the— abandonment of the fixed funds to them, entirely exempt from the interference of Government, they presented a written petition objecting to such abandonment— by Government on the ground that there being many of equal claims and equal— authority, there is no single person to whom the care could be entrusted, and they clearly anticipate the result probably foreseen— by the Home Government, that embezzlement, animosity, and ruin to the Establishments will follow—

5. A few brief remarks on— the Ramiswaram endowments since that Pagoda is quoted by Government, may— not be here out of place— The Establishment was involved in extensive debt— when formerly assumed by Government in

Rs 2,40,000—

in. Fusly 1225 and retained till restoration of the Ramnad Zemindary in Fusly 1237. and whilst under the Collectors manage= =ment it was in part esctricated from its embarresments - again it was assumed in consequence of misunderstanding between the Manager and Pundarum in A.D. 1833, and again abandoned to the Pundarum in the following year, and check by sur= =veillance of a Servant appointed by the Manager of Ramnad, and the want = of unanimity between the manager and himself has secured attendance to the rules laid down for guidance and Management by the Collector, so that the debt was last year entirely paid off. an expensive ceremony called the = ashta Bundanum has been celebrated and there is a surplus of near 30,000 Rupees in the Pagoda treasury - Its annual revenue is about 35,000 Rupees per annum -

6. When cessation of the interfe= =rence on the part of the collector is finally determined upon, instructions will be = required for our guidance if we are to = attend to requisitions for Coolies to draw the

the Cars at the great festivals, and by = whom the requisition is to be made - and if we are prohibited from compelling such attendance what precau= =tions are we to take against popular tumult -

7. It is not clearly under= =stood if it is in the contemplation of Government to abandon the entire annual settlement of the 179 Villages. or only the amount fixed by Mr. Hurdis in lieu of them -

To the Pr. Coll.r of Madura - 3

Communicating further instructions with reference to his letters of the 8d & 10th July regarding the endowments and managements of Pagodas within his district.

Answd 22 July 1841.

1-3

To, the Principal Collector of

Madura.

Sir,

Para. I am directed by the Board of Revenue to acknowledge the receipt of your letters of the 3d and 10th July having reference to the endowments and management of Pagodas within your district. The former of these communications it is seen gives cover to a Statement shewing the Settlement in Fusly 1211 of Villages granted by former Government to Pagodas, but since assumed, in comparison with the Settlement of Fusly 1249, and in contradistinction to the amount payable annually by Government in Commutation for all purposes including Repairs.

2. It was the object of the circular Extract from the Board's Proceedings of date the 10th June last to obtain an account which would exhibit at one view the money allowances expended on these institutions from the time of the assumption of the Country to the present date, in contrast with the actual Receipts in every year, and the Balance that has accrued to the state from

8934 Fort St. George 22d July 1841.

from the arrangement. This the Return now furnished does not shew, unless an approximation be attained by multiplying the single year exhibited, by the total number of Fuslies from 1211 to 1249. If it would not occupy a very large portion of the time of your Establishment, the Board would still wish that an Abstract account embracing the entire period be furnished for submission to Government, as above explained.

In Para 6 of the letter under acknowledgment, reference is made to requisitions for the compulsory attendance of Coolies to draw the Cars at great festivals, from which the Board are led to infer that such compulsory labor is still exacted by Public authority within your district. the Board have reason to believe that by a Circular order of date the 21st May 1836 all interference on the part of the Collector and Magistrate to require the attendance of the People against their inclination on such occasions was positively interdicted by Government.

From the Pl. Coll. of Madura

Sir,

(2)

I have just had the honor to receive Extract from the Board's Proceedings of the 24th Ultimo, with Copy of a letter of the 12th of the same month from Government to them on the subject of immediate transfer of the charge of religious funds and institutions to natives of their respective persuations. Your letter of the 10th Ultimo on the same subject I had the honor to answer on the 3d Instant, and I request you will bring to the Board's notice that I can take no further steps in the matter till they communicate to me their wishes on the doubts therein submitted to them.

(Signed) J. Blackburne.
Principal Collector.

Ordered that the following letter be sent in Consequence.

To

Fort St. George 22d. July 1841.

If this be the case you will be pleased to explain the practice that is now observed in Madura on this point, and to state why full effect has not been given to the orders therefurnished for your guidance.

4. Adverting to the remarks in Para 7 of your letter of the 3d. July, it is only necessary to observe that the tenor of the instructions conveyed in Para 3 of Mr. Secretary Chamier's letter of the 12th June, shews that it is not intended to abandon the Settlement of any assumed Villages to the native managers of the institutions, on which they were originally bestowed.

Cons. 24th June 1841.

5. In conclusion, the Board of Revenue direct me to forward the original Correspondence noted in the margin shewing the Proceedings adopted by the Bombay Government for withdrawing from all connection with native Religious institutions under that Presidency. The

Submitting the revised annuall Moyen Jabitahs of the Collector and Magistrate's Cutcherry &c. Fuzzoor and District of Rajahmundry for fusly 1251. together with the necessary Statements & Explanation for the Sanction of Government.

To The Secretary to the Board of Revenue Fort St. George.

Sir,

Para 1. In Submitting my &c. Moyen Jabitahs, for the approaching fusly year 1251 it is necessary I should enter into the consideration of the actual state of my Establishment, with reference to the number of Estates, which have reverted to Government during late years, the approching termination of the minority of the Zemindar of Pittapoor and the necessity of making my Police Establishment fully effective with reference to the correspondence noted in the margin.-

From Foujdary Adalut Dated 11th June Do.-

2. The Permanent Settlement of the Land Revenue in this District is Rupees 1,32,448. 11. 7. of which in the year 1828, Rupees 1,65,810-6-11 were in the hands of the Zemindars and Proprietors, and Rupees 2,70,638-4-8 had reverted to

to Government inconsequence of the inability of different parties to fulfil their Engagements.—

3 At the period thus quoted in 1828 the Huzzoor Establishment of this Office was sanctioned at Rupees 1,925-0-0 Per Mensem. but in that year the Pittapoor Zemindary, the Share of the Permanent Settlement of which was Rupees 3,71,147-13 5. having come under the management of this Office, an Establishment of Rupees 130-0-0 a per Mensem was allowed which was afterwards increased to Rupees 265-8-0 *

5. With respect to the Crime of Gang robbery, which has attracted the notice of Government, it behoves me to remark that, though this Crime formerly prevailed in it's worst features to a most considerable extent in the Divisions bording on the Hills, those parts are now generally free from it, excepting when some exciting cause leads to a Specific rising in the Hills such as was that of Sooba Reddy in 1838 and of the Rumpah Petty Chiefs in 1839-40 King, however at the distressing nature of the three Past Seasons in this District, it is impossible to have expected but that there would have been a good deal of Crime, but as I explained in my report of 8th ult. February 1841, the increase of Crime consisted in 1840 in burglaries Committed principally in those Divisions, which suffered so dreadfully in the Storm

b. Having thus explained
the objects which I have had in view in
the preparation of the Moyen Zabitahs now
Submitted, I beg leave to observe that in
my Huzzoor Establishment I have proposed
Per mensem. an increase of Rupees 184-8-0- to meet
the Management of Estates, the Permanent
Settlement of which is Rupees 3,91,026-
Per Mensem 6 Rs. a P. 265-8-0 184-8-0 81-0-0 b-11- this increase being below the amount
of Rupees 2,658 authorized for the Management
of a similar Extent of Revenue in the
Pittapoor Zemindary, the Permanent assess-
ment of which is Rupees 3,92,492-2-8-
The principal increases are in the Sheristah
Department and have in view, besides
rendering the General Establishment effective
providing for the conduct of the duties of
the Head Assistant Collector efficiently, the
Government Estates now extending over
every

every part of the District and requiring
that a Division of labor should take place
to secure an efficient controul.

7. With respect to the increase
of Rupees 792. proposed in my
District Establishment, I beg
leave to Submit a Statement
Shewing, the Divisions, No. of Villages
in each, amount of Revenue
under charge of the Establishment, and
the present and proposed Establish-
ment. From this it will be seen
that the increases are confined prin-
cipally to Eight old and one new Police
Rumpah- Division, proposed to be created. This last
Establishment is proposed with the view
of Keeping this Office informed of what
is occurring in the Rumpah Hills, and
checking any inclination to outbreak
among their lawless Inhabitants. Al-
though this Country is at
present perfectly quiet, its management
has not been yet established on a Sa-
tisfactory footing, and some change in the

principles hitherto adopted appears necessary though it is desirable in the first instance to create some Permanent power on behalf of Government, which will enable the Collector to take advantage of any conciliatory propositions of the Inhabitants to conduct the Management, without any great interference of Government.-

8. The increases of the pay of the principal Amildars appears necessary with reference to their actual duties as well as the increases in a few Subordinate Revenue Situations and the increases in the Police Establishment have been proposed according to the actual necessities as they have attracted the notice of Government, at the same time it will be observed that I have not been inattentive to economy, but that reductions have been made wherever it was possible, and the actual increase of Rupees 976- 8- "

The alterations in the Sayer Department are — made to render that Establishment more effective and involve no increase of Expence.

9. The Moyen Habitah for the Management Estates is also herewith submitted, amounting to Rupees 1,999- 8- " per Mensem, but no alteration appears necessary at present particularly the Minority of the Zemindar of Pittapoor being about to expire so immediately-

The R. I. Boileau Esqre
2d Judge
P. H. Strombom Esqre
3d Judge

Read Copy of an Extract from the Minutes of Consultation of Government dated 9th Instant on the half yearly Criminal Reports for the Second half of

Fort St. George 22d July 1841.

of 1839 with an Extract from the Proceedings of the Fouzdary Adalut held thereon under date the 25th Instant Nr. 78. directing this Court to call upon the Magistrate of Rajahmundry to submit a List of his Police Force as it at present stands together with a Statement of the Extra Police Force he may consider to be necessary to render the Police Establishment of this District completely efficient.

Ordered that a Copy thereof be forwarded to the Magistrate of Rajahmundry with directions to furnish both the Statements called for by the higher Court as early as practicable.

Ordered that an Extract from these Proceedings be sent to the above Officer with Precept requiring Conformity thereto and returnable in ten days from and after its receipt.

Judicial Department.

Extract from the Minutes of Consultation under date the 9th March 1841.

Read Extract from the Proceedings of the Fouzdary Adalut under date the 31st December 1840 Submitting a half yearly Criminal Reports for

for the Second half of 1839.

Para 6. It cannot be denied however that Gang Robbery of the worst description has prevailed for a considerable period to an alarming extent in the District of Cuddapah and also to a considerable extent in Bellary and Rajahmundry in all of which Districts however measures were taken under the Sanction of Government for putting it down and according to the returns now submitted for the Second half of 1839, with considerable Success.

7. A recommendation has been preferred in the Secret Department to the Government of India for maintaining a Small Corps of the Kurnool Irregular Horse for the Ordinary Revenue and Police duties in that Territory as well as for rendering it available in the adjoining Districts more especially in Cuddapah, where Gang Robbery has been most extensively prevalent and where it might be made a very useful Auxiliary to the Police, and His Lordship in Council proposes, if the Sanction of that Government should be obtained to the measure, to employ them in this manner in the Ceded Districts.

8. In Para 47 of their Proceedings of the 31st December last the Sudr Adawlut have promised a special report of the State

State of Police in the District of Cuddapah which His Lordship in Council desires may be furnished without delay with a report shewing the present state of those Districts, where Gang Robbery extensively prevailed and particularly of Cuddapah, Bellary and Rajahmundry. In the event of Gang Robbery in those Districts or in any others now prevailing to considerable extent, His Lordship in Council directs that orders may be issued for increasing the Police Force in those Districts respectively, without awaiting further orders, and that the extent and cost of the temporary Establishment may be reported for Sanction and that the Judges will immediately suggest any other measures which they consider the necessity of the case may demand, in order that the Crime of Gang Robbery may be put down in the other Districts, as it has been in a great degree by the energy of the Authorities in Tanjore.

(True Extract)
(Signed) W. Douglas

Ordered that the above be communicated to the Provincial Court of Circuit in the Northern Division with instructions to Call upon the Magistrate in the District of Rajahmundry to Submit a list of his Police Force as it at present stands together with a Statement

of

of the Extra Police Force he may consider to be necessary to render the Police Establishment of his District completely efficient.

(Signed) W. Douglas
Regr.

In reply to the exigence of this Precept and the Extract from the Proceedings of the Provincial Court of Circuit for the Northern Division of 31st Ultimo, and the Extracts from the Proceedings of the Court of Sayidarry Udalut of 25th and the Minutes of Consultation of Government of the 9th of the same Month, which accompanied it, the Magistrate in the Zillah of Rajahmundry has the honor to forward

No 142 Statements, shewing the strength and expense of his present Police Establishment, as also of his Revenue Establishment by whom the Police duties are generally performed

No 3 and also a Statement of the additions which appear desirable but at the same time he begs leave to suggest that as the altered and altering circumstances of his District absolutely demand a Complete revision of his Establishment whether it would not be better to allow him to submit the proposed increases in connection with his Annual Mayen Zabetah under preparation.

Such distressing Seasons as the three last which this District has witnessed it is to be hoped for the sake of humanity will rarely be experienced by others, and of

of course they have had a considerable effect on the state of Crime but as the whole subject has already received the consideration of the Magistrate with reference to the approaching termination of the Minority of the longest ancient Zemindary in the District, and the Circumstances that his Moyen Zabitah has not been revised with reference to the very large purchases of Estates the Government have lately been called on to make, he thinks it probable that this Course will not be considered an objectionable one.

Given under my hand and the Seal of the Magistracy at Singovcottachum this 26th day of April A.D. 1841.

(Signed) G. A. Smith

Extract from the Proceedings of the Sayidarry Udalut under date the 11th June 1841.

Read letters dated respectively the 26th of April and 7th Ultimo from the Provincial Courts of Circuit in the Centre and Northern Divisions submitting with reference to Para 8 of the Minutes of Consultation under date the 9th March 1841 Copies of the returns made by the Magistrate of Bellary, the Acting Magistrate of Cuddapah and the Magistrate of Rajahmundry Submitting Lists of their Police force as it at present stands together with a Statement of the Extra Police force they consider necessary to render the Police Establishments of their respective Districts completely efficient.

The

Fort St. George 22d July 1841.

Rajahmundry.

Para 4. The Magistrate of Rajahmundry forwards Statements shewing the Strength and expense of his present Police Establishment as also of his Revenue Establishment, by whom the Police duties are generally performed and also a Statement of the additions which appear desirable, but at the same time he begs leave to suggest that as the altered and altering circumstances of his District absolutely demand a complete revision of his Establishment, whether it would not be better to allow him to submit the proposed increases in connection with his annual Mizen Habitahs under preparation.

5. The Court of the Foujdary Adalut are of opinion that such course would certainly be preferable and they resolve therefore to direct the Magistrate of Rajahmundry to submit a copy of the report which is preparing for the Board of Revenue whenever it may be completed.

Ordered that Extract from these proceedings /Paras 4 & 5/ be sent to the Magistrate of Rajahmundry for his information and guidance.

To,
The Magistrate of
Rajahmundry.

Report on the State of the Police in the District of Rajahmundry for the year 1840.

1. In obedience to the orders of 29th of August 1834 the Magistrate in the Zillah of Rajahmundry begs leave to submit his Annual report on the state of the Police in the District under his charge, together with the Translations of the reports of each of his twenty Heads of Police.

2. The Abstract of Crimes and Misdemeanours for 1839 and 1840 shews a considerable increase in the latter year, but the actual state of this District requires consideration. The first part of the year 1839, or the end of Fusly 1248, was a termination of a season of the most complete famine. The commencement of Fusly 1249 or the middle of the year 1839 was favorable, when the Storm and inundation of the Sea of the 18th November destroyed all the prospects of the season causing a loss of life to the extent of 8246, and involving many of the most prosperous parts of the District in complete ruin. It was hoped that this awful calamity would have been succeeded by some redeeming advantage, but no season could have commenced more unfavorably than Fusly 1250, the early rains having entirely failed and left the inhabitants dependent on the most expensive food, imported price Looking

at the actual State of crime in the year under review, there is a considerable increase under two heads, those of Burglary and attempting to commit Burglary. out of 277 Burglaries committed, however 119 were committed in three Divisions, leaving an average for the other seventeen of about nine. The three Divisions, in which this heavy weight of Crime occurred, were those of Cocanada Coringa and Amlapoor, which adjoin each other in a line on the Coast, and which were the sufferer by the inundation of the Sea. This sad calamity acted as an incentive to Crime in two ways for while it left the lower Classes without houses and without food, it generally destroyed the enclosures around such of the strongest houses as escaped its worst effects, thus leaving private property unusually exposed to depredation at a time when more than ordinary protection was necessary.

As observed in the 4th Para of my report of 14th February 1840, murder is committed in this District with very little compunction but in the year under review, out of 21 Cases, two only entirely escaped detection by the Police.

Of the 5 Cases of Robbery and Murder, the only one committed in the plains was detected, the other four arose out of the disturbed state of the Rumpah Hills, which has been

since

since got the better of in a great measure and the Magistrate is now endeavouring to effect a reconciliation between the Minor Zemindar and the Inhabitants.

On a comparison of the Gang Robberies committed in the years 1839 and 1840, the decrease in the latter year is fifty four.

1839. 115.
1840. 61.

The Magistrate during the last year has constantly Superintended the Police of the whole District, and has himself conducted the details of the Divisions bordering on the Hills. The details of the other Divisions were conducted by the Head Assistant and Assistant Magistrates.

B

Agreeably to the Contract from the Proceedings of the Foujdary Adalut dated 1st. November 1837, the Magistrate begs leave to submit a Statement shewing the number and nature of deaths by suicide and accidental Causes, which have occurred in the Zillah of Rajahmundry during the year 1840.

2 The Abstract of Crimes and Misdemeanours for 1838 and 1839 shews a heavy list of Crime the latter rather less in the latter than in the former of the two years. Two causes have attributed to the increase of Crime in this District Viz. first the general one of the distress caused by the failure of the season in July 1838, or from 11th July 1838 to 12th July 1839, the consequences of which would have been much worse had not the consideration of Government afforded the means of relief by the employment of the Poor on Works of Public utility, and second the local one of a disturbance in the Rumpah Hill Country on the western Frontier of the District, bordering on the Territories of the Nizam.

3. All the cases of Robbery attended by Murder were discovered but one and that was committed by a large Gang from the Hills.

4. In the cases of Murder, the Police were less successful, eight out of Seventeen Still remaining undetected. His crime is committed with very little compunction and on very slight provocation in this District. The attention of the Police has however been particularly called to each of the Undiscovered cases.

115. 5. The list of cases of Gang Robbery in the year 1839 though apparently large contains many numbers of a nature

nature in which grain for food was the object sought after and the number of Cattle cases shews the same tendency. In this latter head however some cases occurred in which there was undoubtedly some connivance in the low Country Villages the prying off of their Cattle to the Hills being pleaded as an excuse for withholding the Revenue.

Sir,

From the Coll.r of Masulipatam.- I have the honor to-

10 forward for the purpose of being laid before Government the accompanying Petition addressed to the Right Honorable the

the Governor of Madras by Meer Ghos-
-lam Razakhan, one of the Pensioners
belonging to the family of the Nabob of
Masulipatam, praying that permission
may be granted to him to proceed to
Mecca, and to be absent from Masuli-
-patam for the period of 5 years, and fur-
-ther requesting that his Montly allowance
of 231 Rupees may be paid into the
hands of Cocherlacotah Soobbaroydoo from
whom he has borrowed 3000 Rupees to
enable him to proceed on his pilgrimage.

To. The Right Honorable the Governor
in Council
Fort St. George.

The humble address of Meer
Goolam Rajah Khan Sahib.
inhabitant of Masulipatam.

With utmost deference and sub-
-mission, I beg pardon for the presumption
I have now assumed in addressing the follow-
-ing few lines for your kind information.-

After

After the demise of my father
named Meer Mohomed Sadakha Mur-
-hoom, your Government having been pleas-
-ed to grant in my name the allowance
of 231 Rupees which were fallen to his
my late father's share from the amount of
Rupees 100,000 which the humane Govern-
-ment had contemplated to grant annually
to Nabob Khoot-Booddowlah Husanally-
Khan Bahadar as his maintenance for
life, I am happily together with my nume-
-rous family, subsisting upon the said
allowance, and offering up my prayers to
Heaven for the prosperity and augmentation
of your just Government. I am blessed
with a boy of 5 years age whose name
is Meer Goolam Hoosain, and two daugh-
-ters, if by the will of Providence any male
child is to be born, I shall give immedi-
-ate account of it to your Government.

I beg to state that the said
allowance which I am on the receipt as
my late father's share, should be paid af-
-ter me to my said son, because I have

no

no other heir than him..

What I have particularly to inform your Government is that I am since long time under the preparations of going to Mecca, but was precluded from want of travelling charges, consequently I have now borrowed 3000 Rupees from Cotcherla-cota Pedda Soobbarayadoo who is a Sowcar to accomplish my hope of going to that place; therefore I respectfully crave your Government to grant me permission for the space of 5 years and issue an order to the Collector of Masulipatam direct-ing him to pay my said allowance of 231 Rupees to the hand of Cocherlacotah Chinna Soobbarayadoo who is my Vakeel after receiving from him the attested receipts which were granted to him by me with my seal and signature for these 5 years for the liquidation of the said debt. for which act of kindness I as in duty bound shall ever pray.-

To the Coll:r in the Zillah of Masulipatam. } Para.1.- I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 8th July, In Cons.n 22nd July 1841. submitting an Address from Goolam Raza Khan for permission to pro-ceed to Mecca on a Pilgrimage to be absent for five years, and his Pension to be paid to one Co-cherlacota Soobbarayadoo.-

10-11

2 As this indulgence has been formerly granted in many in-stances the Board will authorize the payments be made as request-ed during the absence of Ghoolam Raza Khan provided it does not ex-ceed the period of five years, or unless

unless information of his death be received in the interim.-

3 It is seen in fact by reference to former correspondence that this individual has twice before applied for similar permission first in 1832 and again in 1835 that his application was on both occasions laid before Govern:-ment and leave granted accordingly. It should be explained why the permission last accorded was not taken advantage of by Meer Ghoolam Raza and he should be informed that if he does not now proceed on his intended pilgrimage, no further application will in future be at:-tended to.-

I have been applied to by the Sub Collector of this District for instructions whether he should permit the transfer by the present incumbent of a Bhuteurty Enam in the Doopaud to another person who is not a relation. The present incumbent is a female said to be without heirs, and if the transfer is not permitted the Enam will lapse to the Circar on her demise. The Bhuteurty Enams appear to have been sold and transferred previously to the passing of the Act No. XXXI of 1836 but as they are thereby rendered liable to the rules laid down in Regulation IV of 1831. A Complaint has been preferred some time ago by certain Ryots of the Chitvale Talook of this District against the Jaghiredar of Etamakpooram for several irregularities and exactions also with improperly distraining their property for arrears of rent not due, and for refusing to issue Pottahs &c. and this Complaint has not been disposed of by my Predecessor upon

upon the supposition that the Jaghiredar is not amenable to the authority of the Collector under the provisions of Regulation XXVII and XXX of 1802.

If it is decided that he is not liable to be interfered with by the Collector, the parties complaining should be referred to a Civil Court for their remedy. but it appears to be a very hard measure that they should be deprived of the same protection as other Ryots merely because the lands they Cultivate are held in free Jaghire without the payment of any revenue to the Government.

I have the honor to request an early reply to this reference as the season of Cultivation has commenced, the Complaint frequently renewed has been put off from time to time for the last three years and considerable irritation is felt in consequence by the party.-

Chengadoo claims one and proves by the above witnesses that his Father Samoodoo held it during the Nabob's Government and also to the end of the decennial lease Fasly 1230- that when his Father died he was a Minor and then it was the Petitioners usurped his share- The Petitioners on the other hand produce a number of Witnesses who state that the whole of the 4 shares never belonged to Chengadoo's Father Samoodoo, that he was only a Goomastah appointed to act for some other share holder and so on- A point of dispute which never

never can be settled unless by arbitration- The Pymash Chittah of Fasly 1215, however, gives it in favor of Chengadoo, his Father's name is therein entered as a shareholder, and likewise in the Cuam Registers of Fasslies 1211 and 1218 which I considered as conclusive and put him, Chengadoo, in possession of his share.-

4 As this did not satisfy the Petitioners the Case was sent before native Assessors for investigation under Clause III Section IV Regulation VI of 1831, which both parties readily consented to at the time, but Ramadoo one of the Petitioners discovering that the award was likely to be contrary to his view of the Case, declined abiding by it- His petitioning now is Vexatious and the Petition should be dismissed.-

With reference to the Board's Endorsements of 2nd November 1840 and 30th day last upon the Petitions noted in the margin. I have the honor to submit the following observations.-

The original Proprietor of this Maniam and House was Sooriya moorty Pundarum, during his life time

time on the Marriage of his daughter Perea naigay amaul he gave her the Maniam and House Vera do a Marriage Dowry. this woman whose right to the property is distinctly recognized by the Court, died a Widow leaving no Children, and on her death she gave all her property by a deed of Gift dated 20th Zye Jear Vigoordy, Corresponding with the 31st January 1831. and filed in the Cuddalore Auxiliary Court 5th May 1838 to one Ramalinga Moodily who subsequently Mortgaged the House only to one Chinnapah Moodily as security for a debt, and the debt not being discharged according to time, Chinnapah Moodily prosecuted the Mortgager in the Court got a decree in his favor and the sale of the House was ordered on the 30th July 1839. the House was actually sold in the following Month, but the proceeds not being sufficient to meet the debt, Ramalinga Moodily was put into Jail where he remained three Months and was then released upon an engagement that he would make an arrangement for the settlement of the debt. nothing however was done until may 1841. when Ramalinga Moodily presented

a

a Razeenamah to the late Principal Collector on the 13th of that Month, making over the Manniem and the amount of produce for two years in deposit to Chinnapah Moodily, and Chinnapah Moodily accordingly on the 27th May last addressed a Petition to the Principal Collector requesting that the Manniem and the produce in Deposit might be given up to him.-

The above statement of facts has been abstracted from a Map of Proceedings which have taken place in the last ten years, the Petitioner, Chedumbra Moodily, in No. 1572 of 1840 and 706 of 1841 has Cultivated the Manniem land for several years being in possession when the dispute about the land was first brought to notice without giving any account of it. For the last two years the produce has been taken possession of by the Circar which in truth is what the Petitioner Chedumbra Moodily complains of, but he has no right whatever to the Land and his Claims

claim should be rejected. The Manniem Lands together with the produce of the last two years now held in Deposit will be made over to Chinnapah Moodily on receipt of the Board's orders to that effect.-

Cuddalore, Coll.r Cutcherry, 9th July 1841.

From the Pr Collr of Madura - (30)

Sir,

I have the honor to refer you to the Board's refusal to recommend sanction for contingent charges, Items Nos 9 and 14 in the "Statement of charges incurred

incurred without estimate in Fasly 1210 – 11 as per their letter of 4th January 1838, with enclosed Extract of 13th November 1837, to my explanation of that charge in returning the rejected Items under date 24th January 1837, on which I shewed that Rupees 2–8– had been expended for conveyance of Tasildar's dufters – but promised that in future the "Ryots should be compelled" to do the duty gratis, and the Board's acquiescence in that promise, and sanction for the previously rejected charge, as communicated in their letter of the 7th June 1838, and request you will bring it to the Board's particular notice with my opinion that the compelling ryots to do such work is most objectionable and will always make it difficult for a Collector to protect the people from unauthorized exaction of labor. This, the care of roads and avenues, and drawing cars, and other Pagoda duties are the only forced labors tolerated in this

this Collectorate, and I trust the Board will procure me authority to discontinue the first and enable me to do it with facility by allowing something to heads of Talooks either in lieu of such personal service or by payment of their bills of charges which latter I recommend.

Madura 3d July 1840 } Signed J. Blackburne

Principal Collector.

Proceedings thereon; ~ The Board of Revenue are not aware that it can ever be necessary to employ Ryots in the conveyance of Talsildars dufter, nor do they distinctly understand how these should be required to be removed in so bulky a shape as to call for a charge for their conveyance - such a charge is unknown in any other district, and the Board think that any documents from a Talsildar's dufter might easily be conveyed either by the Peons of the Talook or by Village servants without incurring any charge for the duty.

(30-31)

2, " The Principal Collector's observations regarding the existence of forged Talook drawing Cadjans and other Pagoda duties will be attended to in a separate communication.

Proceedings Relative to Management of the Land Revenue of Madras Collectorate for July 1749.

3d in Cons.n 22d July 1840

(32)

The Board proceed to a consideration of the Acting Collectors Report on the Settlement of the Land Revenues of Madras for Fusly 1749.

2 The demand for Current Revenue in the Fusly under review was Rupees 62,572-15-5 exceeding the demand of the preceding Fusly by Rupees 588-11-6 The increase was occasioned from enchanced demands on lands situated in Nunjeevoyen Puttada and for quit Rent on uncultivated land brought that year under the Plough. The figured Statement subjoined will shew the demand under each Head, the Collections within the Fusly, and the Balance at the close of the year.

3 The Collections of Current Revenue in the year under review, it will be seen were Rupees 51831-1-4 and the Balance at the close was Rupees 10741-14-1.

Fuesly 1248 —	52340-5-3	If a comparison be made with the Current Collections of the previous year, a decrease of Rupees 509-3-11 will appear in the Fuesly under observation.
1249 —	51831-1-4	
Decrease Rupees —	509-3-11	

4 The Current demand on Houses occupied, and on Fields actually under cultivation amounted to Rupees 52007-15-10 of which Rupees 45760-3-4 were realized within the year leaving an outstanding balance of Rupees 4895-12-6. The balance is stated to be occasioned partly by the Poverty of some of the defaulters, and partly from some of the Houses being unoccupied, or else up to prevent the distraint of private property, by which only means alone the arrears could be recovered.

5. In the Revenue derived from the sale of lands under authority, there was a decrease on the year of Rupees 118-8-6 the amount received in Fuesly 1248 under this Head was Rupees 312-6-6 and in Fuesly 1249 Rupees 193-14-0

6 The demand on Houses and Gardens unoccupied and on Fields partially productive was Rupees 2,834-8-8 of this Rupees 10-9-8 only were collected within the year leaving a Balance of Rupees 2,823-15-2 unrealized.

7. The charge for Ground Rent on the year under observation was Rupees 6806-6-9 the Collections within the year under this head were Rupees 3924-4-4 and the Balance therefore Rupees 2882-2-5. The cause of this large Balance is not explained by Mr. Hudleston.

Ground Rent for Boutiques	2882 2 5

8. The demand for Shottrium was Rupees 210 and the Collections within the year Rupees 70 only the Balance was then Rupees 140. The arrears of Fuesly under every Head amounting to Rupees 10741-14-1 are from reference exhibited in the Chara-

9 The arrears of former Fuesles brought to account within the year amounted to Rupees 3,488-5-6. If this amount be added to the Current Collections Rupees 51831-1-4. the total revenue realized in Fuesly 1248 is seen to be Rupees 55,319-6-10

Current —	52340-5-3	In Fuesly 1248 the Collections Current and arrears were Rupees 55,837-7-4. consequently the decrease on the year was Rupees 518-11-9.
Arrears —	3,497-2-4	
	55,837-7-4	

10. At the commencement of Fuesly 1249 there was an outstanding arrear in the Madras Collectorate of Rupees 77,885-3-5. It has been stated above that the Collections of old balances with the year was Rupees 3488-5-6 leaving Rupees 74396-13-11 uncollected add to this the Balance of Fuesly 1249 Rupees 10741-14-1 and the total arrears at the beginning of Fuesly 1250 was Rupees 85,138-12-" On this Head Mr. Hudleston has expressed his intention of submitting a separate Report at an early date, but up to the present period none has been received Mr. Robertson's attention is therefore

again

again ordered to be called to this point in order that so much of the foregoing balances as is considered irrecoverable may be at once written off.

11 In Para 7 of Mr. Hudleston's letter reference is made to the permission that has recently been given to reduce in certain cases the assessment on lands left long waste, to such an extent as would induce the proprietors to bring them under cultivation. The Boon thus accorded does not seems to have been brought into operation in Fusly 1249, but application, it is stated, has been made to the Collector of Chingleput for a Memorandum of the rates of assessment prevailing in his District on lands of a similar description, with a view to the introduction of a reduced demand in the Madras Collectorate.

12 To obviate the necessity of a reference to the Board of Revenue for sanction of the reduction in the case of each applicant, the Acting Collector has proposed that a general authority be given to the Collector of Madras to reduce the quit rent on the basis of land long uncultivated on

on his own responsibility. To prevent this discretion from being abused, he suggests that, with the yearly report of the settlement a concise Statement be submitted shewing the extent of the reduction allowed in each case, and the reasons which guided the authorities in making the reduction.

13 The Board on the whole approve of this suggestion with the proviso that any reduction permitted by the Collector shall be distinctly understood to be temporary, and subject to confirmation or rejection of the Board of Revenue. In short it should be known that the indulgence was granted for that year only on the Collectors discretion, subject to the further orders of the higher authorities.

14 The Revenues of the Madras Collectorate under all Heads, Land Revenue, Peyer, Salt, Abkary &c. Current and arrears amounted in Fusly 1249. to Rupees 1,238,192-3-4 and exhibited a Net Increase.

Extract from a General Letter from the Honorable the Court of Directors dated 13th January 1841.

No. 1.

Extract from the Minutes of Consultation under date the 13th July 1841 No 960.

Settlement Fusly 1244 Rs 22,3260
1245 " 21,7404
1246 " 24,9735

Para 3. Owing to a deficient supply of Water in the Tanks and the consequent failure, to a considerable extent, of the Cultivation depending on them, the net settlement fell below that of the preceding year by Rupees 75869, although it exceeded that of Fusly 1244 in the sum of Rupees

Rupees 51,775. of the total amount Rupees 20,52,515 were collected within the Fusly and Rupees 41,636 subsequently, leaving only the inconsiderable balance of Rupees 883. We consider this result to be satisfactory, and very creditable to the management of the Principal Collector Mr. F. W. Robertson.

7169. Settlement of Canara for Fusly 1246.

5. Notwithstanding the disturbances which occurred in this district towards the close of the Fusly under review, the settlements in consequence of a favorable season, and a good out-turn of the different descriptions of produce, exceeded that of the previous year, by Rupees 12,787. The collections were made with punctuality, the balance remaining outstanding on the 16th May 1838 being only

12614. Settlement of Coimbatore for Fusly 1246.

8. We have perused with much concern the very unfavorable account given by the Principal collector of the season of Fusly 1246 in this district. In consequence of the failure of the Monsoon, the supply of Water failed in the Wells and Tanks, and was unusually deficient in the Rivers on which much of the Country is depended for irrigation. Forage for the cattle was not to be procured, and although the ryots removed them from the district in quest of food, yet notwithstanding this precaution, more than half the number perished.

Settlement.		
Fusly	1244.	Rs. 20,15,483.
	1245.	20,84,913.
	1246.	17,82,120.

9. Under these circumstances it cannot be matter of surprise that a considerable defalcation

defalcation occurred in the land revenue which was settled at Rupees 17,82,120, being Rupees 3,02,792 less than in the preceding year. We have noticed with much satisfaction the consideration shewn by the Principal collector Mr. Drury in forbearing to press the collection of the outstanding balances, and we agree with you considering that his management of the district under the very trying circumstances of the season is highly creditable to him.

10 We are much pleased to observe that in Mr. Drury's opinion "the "resources of the Country "have not been materially "injured, and with ordinary "seasons the ryots will soon

"soon recover the losses they "have sustained."-

10 & 20- Settlement of Cuddapah for fusly 1246.

12. The season is stated to have been unfavorable, and the want of rain which was felt generally throughout the district with the exception of Two Talooks, materially checked the cultivation both of the dry and wet lands, and occasioned a net decrease in the Settlement of Rupees 3,854- This decrease will be more than doubled if the recently assumed Talook of Banganapully is excluded from the account, and adverting to the large decrease also sustained in the preceding year, we agree with you in considering the result to be far from satisfactory.

13. We are glad to observe that the family disputes which rendered it necessary to place this Estate under the Management of the Collector have been amicably adjusted.

14. Our attention has been particularly attracted to the circumstances attending the transfer in 1804. of the Village of Doogoorauzpooram by the late Zemindar Purmanaba Deo, to Nursinga Row as an agraharam subject to a Cootubady of Rupees 100 per Annum. The Village was subsequently for some unexplained reason resumed by the

4. The attention of the Board of Revenue will be called to the observations of the Honorable Court of Directors in respect to the circumstances and conditions under which the transfer of the Village of Doogoorauzpooram appertaining to the Teekaly Estate was made by the late Zemindar. The propriety of the transfer under the view adopted by the Honorable Court seems

zemindar, and in 1824 a suit was brought against him for the recovery of the revenues for the years 1821-22-23 stated to amount to Rupees 3,600 for which sum together with interest and costs, judgment was given against him. It appears that this amount was paid by the Zemindar who however still retained possession of the Village. No further legal proceedings appear to have been taken, till the year 1836. when on the motion of the Guardian of Nursinga Row's heir, the

the Provincial Court of appeal passed an order for the payment of the revenues of the Village for the years 1825 and 1826, with an intimation that it was open to the parties to proceed by regular suit for the recovery of the revenues of the Succeeding years. A precept was accordingly addressed to the Collector, directing him to proceed to the sale of a sufficient portion of the Estate to satisfy the decree, but it has been unnecessary to act upon the order, in consequence of a satisfactory arrangement having been subsequently entered into with the creditors for the gradual liquidation of their claims on the Estate.

9t

15 It appears to us that these proceedings involve a principle inconsistent with the security of the revenue chargeable on the permanently settled Estates, and we are surprised that they did not attract the attention of the Board of Revenue, & of your Government. The Zemindar of Tekaly was subject to the payment of an annual Peishcush of Rupees 40,548, and the only security which you proposed for the regular discharge of your demand, consisted in the power which you retained to dispose of the proprietary rights which the Zemindar

hand

had acquired, in consequence of his agreement with you in the lands composing his Zemindary - The Zemindar however permanently alienated a Village, forming a portion of those lands, and stated to be worth upwards of Rupees 1,200 per Annum, for the comparatively trifling consideration of a payment of Rupees 100 per annum, thereby rendering himself by so much the less able to meet the Government demand on his Estate, and his right to create this new tenure at the expense of the security of the Government revenue has been, it would appear affirmed by the Courts of Adawlut -

We

15 We are anxious that this question should be deliberately considered by you, and should any alteration in the Law be necessary to prevent similiar alienations, we desire that the subject may be brought to the notice of Government of India, with as little delay as possible -

Relative to the Settlement of the Land Revenue in the District of Coimbatore for Fusly 1249-

(Here enter 5th April 1841)

The season of Fusly 1249 in the District of Coimbatore was represented by the Principal Collector to have been upon the whole favorable, enabling the Ryots to extend their cultivation beyond that of the previous year. the Cotton Crop however was scanty and the prices of agricultural produce fell slightly below those obtained in the foregoing Fusly-

1.

The Total Settlement of the Land Revenue amounted to the sum of Rupees 19,67,213-4-5 and exceeded that of Fusly 1248 in the net amount of Rupees 39,370-12-11 This result proceeded

" 1248-19,27,842-8-6
39,370-12-11

proceeded from an increase under the head of each description of Cultivation and is considered very satisfactory as betokening a gradual improvement and recovery throughout the District from the effects of the disastrous season of Fusly 1246- The Statement in the Margin exhibits the amount of Settlement in each year from Fusly 1246 to 1249 inclusive-

Fusly 1246-17,82,120-
" 1247-19,05,213-
" 1248-19,27,842-
" 1249-19,67,213-

3.

Of the total amount of Settlement, the sum of Rupees 19,47,981-0-6 was realized within the Fusly, leaving an outstanding balance at its close of Rupees 19,232-3-11 which amount was subsequently reduced to Rupees 6,531-12-8 a result which reflects great credit upon the general management of the District by the Principal Collector and his subordinates-

4.

His Lordship in Council will be happy to have before him the result of the enquiry respecting the claim of the Poligar of Poovaveypollieum to the Forest Lands.

Lands in the Taluk of Coimbatore advertised to in Parah 5 of these Proceedings.

5. It is observed that during the fasly under review no alteration was made with respect to the disposal of the Rayem and Discretionary Cowles existing in Coimbatore. The instructions of Government respecting the disposal of these Cowles were furnished to the Board of Revenue in an Extract from the Minutes of Consultation dated 29th of May last.

6. His Lordship in Council approves generally of the observations of the Board of Revenue on the subject discussed in the parah noted in the margin and of the instructions they have issued to the Principal Collector.

Parah 7.

7. The expedient proposed by Mr Drury for preserving to the Village sibbendy the means of remuneration for their services by exchanging lands stated to be unfit for cultivation at present held by these persons for Circar Waste.

Paras 8 & 9.

Waste should be considered with reference to the observation of Government recorded in the 2d Parah of the Minutes of Consultation dated 19th March 1838 No 457. The transaction if permitted to become general is liable to objection as causing alteration in the assessment and classification of the Village Lands and as holding out an inducement to the parties concerned to neglect the improvement and the cultivation of their present Enam Lands for the purpose of obtaining an undue advantage by the exchange.

8. With respect to the subject referred to in these parahs, His Lordship in Council is disposed to concur in the view taken by the Board of Revenue and is of opinion that a uniform system throughout all Districts more particularly as regards the condition upon which improvements are to be regulated is desirable, except where local circumstances present serious obstacles or a change would produce a heavy addition to the payments which the Ryots have been accustomed to

(29A) 2d Para of 12th Cons. 26th August 1841.

Proceedings Relative to the manage =ment of the Estates of Pettapoor and Penapullah in the District of Rajahmun =dry for Fusly 1249.

Para 1 The resources of the Pettapoor Estate which suffered to a considerable ex =tent from the devastrous season of Fusly 1248. were still further impaired in the succeeding year by the storm and in =undation which occurred on the 16th November 1839 and which affected principally the Talooks of Pettapoor and Coconada comprizing the greater portion of the Estate a detailed account of the devastations caused by the storm in question was submitted to Government under date the 24th February 1840 - The ef =fect as regarded the Pettapoor Estate is stated to have been an estimated fal =ling off to the extent of 1/16 of the average crop. The realization of the Revenue was at the same time affected to a certain degree tho but slightly, by the enhanced price of Grain consequent

on

on the loss by the same calamity of many Vessels with their cargoes of Grain on board.

2 There was an increase of 14 in the number of Villages brought under a Vestabady settlement in Fusly 1249, and a corresponding decrease of 14 in the number of rented Villages the total number exclusive of 2 Agraharums being 196 of these, in Fusly 1248-54 were under Vestabady settlement and 142 rented. The increase and decrease just noticed as having occurred in the Ammanie and of rented Villages in the Fusly under review was the result of 26 Villages which were under Ammanie in Fusly 1248 having been rented in the following year, of 40 of the Villages which were in the former year having in Fusly 1249 been brought under Ammanie.

3 In forming the settlement the Collector appears to have borne in mind the observations contained in the Boards Proceedings upon the management of these Estates for Fusly 1248 regarding the inequality of the indulgence granted in bad seasons to the different classes of Ryots under the designation of Dar and Radar This distinction, the Collector observes, was abolished in the Fusly under review and endeavours were made to suit the engagement of each Ryot to his ability of fulfilling it.

the Fusly under review which being added to arrears of former Fusly makes the total due to Government Rupees 3,35,707-8-7. The annual Assessment being Rupees 3,92,492-2-8.-

Venapullah — 11 The settlement of this Village, owing to the same causes which affected the Pettapoar Estate fell short of that of Fusly 1248 by Rupees 156-11-6 the total demand being as Rupees 1368-11-8 The Collections as however exceeded those of the preceding year by Rupees 361 the amount realized in Fusly 1249 being Rupees 1,192-8-11 whereas in Fusly 1248 only Rupees 831-8-11 were Collected.-

12 The total amount brought to account in Fusly 1249 was as Rupees 1,312-4-11 and the disbursement Rupees 1308-11-4 of which Rupees 1094-13-11 were credited to Government on account of Peishcush the balance of which

Proceedings thereon Relative to the Settlement of the Land Revenue of the District of North Arcot for fusly 1249-

Para 1. The season commenced with plentiful Rain in May and June, for the cultivation of the usual Dry Crops, and taking it altogether, there has been no season so favorable, as stated by the Principal Collector, for the last sixteen years. The Wet cultivation was also successful, particularly from the Spring Wells, which were amply supplied for the early or Car Crops. In the month of September there was an abundance of water for the late or Samba cultivation. In November the Rains were scanty and in December there was not a shower. The Crops sown in these and subsequent Months were consequence not in so good. The general outturn however of the wet cultivation exceeded that of the preceding year. In the preference of the Ryots to any

any description of cultivation the Board think they should be left entirely to their own judgment and free choice, and from the practice of sowing a Wet Crop in November it may be inferred that there are local causes which from experience render this Crop more profitable to the Ryots than a Crop of slower growth. The Garden culture is shewn to have been in advance of the previous Fusly.

2. The following abstract Statement exhibits the increase in the extent of Cultivation in Dry Wet and Garden lands and in their assessment respectively compared with Fusly 1248.

The prices in the Villages may not have exceeded from 20 to 23 Pagodas for 70 to 80 f. Rupees / a Garce according to the locality instead of 25 Pagodas (Rupees 87 f.) but the difference was no doubt made up by the excess of produce in fact as stated by the Sub Collector "a much greater "quantity of Grain than usual was "produced

"produced which had the effect of lower-
"ing the price, more especially as there
"was an abundance of Grain in the ad-
"joining Districts". The Board do not see that any advantage can be deri-ved from procuring the prices of Grain from various parts of each Talook, & and by having them prepared for the end of each Month instead of the begin-ning. The prices in the Market Towns are sufficient to shew the general demand for produce they would be higher than in the Villages by the Charges of Carriage and are always regulated by the ordinary effects of Trade. The assessments are already fixed, and the proposed measure for as-certaining "the prices actually obtained "by the growers" might interfere with the transactions of the Ryots in the sale of their produce whether by contract or in any other manner convenient to themselves, and the Board therefore think its adoption by the Sub Collector as a regular system unnecessary.

5. The Principal Collector has explained the cause of this omission to exclude the amount of Remissions on account

account of Shavie on dried up Crops from the Settlement which will in future be attended to Remissions for Shavie have been granted only in the Sub collectors division in four Talooks to the amount noted in the Margin the greater proportion being in the Talook of Polvor in the examination of the Tahsildars and in consideration of the loss of the Cultivators by low prices the Sub Collector remitted the whole assessment of such Shavie as was proved - The Board disapprove of the deviation from the principles by which claims to remission on account of dried up Crops are to be determined Low prices alone cannot be admitted as a ground for remission and in the year under review they have been occasioned by the excess of produce If a Ryot makes the claim from inability to pay the condition of all his cultivated lands should be ascertained & the Principal Collector should satisfy himself

himself from a combined consideration of produce and price that he is incapable for paying the demand - The Board direct the attention of Mr Ogilvie to their letter of the 13th June 1831 shewing the principles which ought always to be observed in deciding upon claims to remission - The total Remissions for dried up Crops amount to Rupees 4318-12-3 and are entered in the accounts as a Balance which cannot be collected - The Board therefore request the sanction of Government for writing off this sum from the public accounts -

6. The total demand inclusive of Permanent Peishcush amounted to Rupees 21,89,657-a-3 of which Rupees 20,35,344-1-4 were collected within the fusly leaving a balance of Rupees 1,54,312-14-11. Subsequent collections to the end of April have reduced this balance to Rupees 1,14,671-9-5. Of this sum Rupees 1,08,283-8-a are outstanding

outstanding against the Cavetnuggur Zemindary—

7. The embarrassed condition of the Proprietor of this Estate had form-ed the subject of much previous correspondence and during the fusly under review the necessity of proceed-ing to a sequestration of the Zemin-dary with a view to secure the inter-ests of Government seemed almost inevitable. Ultimately however the the Zemindar discharged a portion of his arrear by a prompt payment of one Lac of Rupees under the circumstan-ces detailed in the correspondence noted in the Margin soliciting permission at the same time to discharge the remaining Balance by five instalments extending over a period of five years—

From the Pt Coll. of North Arcot dated 6th July 1840— in Cons 18th Dec. Extract from the Proceedings of the Board of Revenue dated 17th August 1840—

8. The payment of one Lac served to discharge the arrears of pre-vious Fushes but left Rupees 108283-8-0 of the current Peishcush to unliquidated, and the correspondence noted

noted in the preceding Para will sufficiently illustrate the Board's senti-ments in the matter. It will be seen that they were averse to order the sequestration of the Estate, because an understanding had apparently existed that upon payment of a Lac of Rupees this extreme mea-sure would not be enforced. They instructed the Principal Collector how-ever to take a special Muchilka from the Zemindar for the discharge of the arrear by fixed instalments in addition to the current Peshcush of future years, and intimated that the whole arrangement would be sub-ject to the Sanction of Government being obtained thereto.

9. It was of course expect-ed that Mr Ogilvie would have reported the exact stipulations originally entered into by the Zemin-dar in order that the matter might have been laid separately before Government and sanction had for the arrangement suggested, but the Principal Collector

Fort St George 26th July 1841-

Collector has omitted to do so; and hence the necessity of this explana=
=tion. The Board desire that the omission be supplied without delay by a separate letter, mean=
=while as another year has e=

12 The Remissions from the Crop settlements according to the establish-ed mode of Revenue settlement in the District amounted to Rupees 2,12,590-5-11 shewing a net increase above the remissions granted in the preceding year of Rupees 14,334-1-7 In the usual items, namely.-

1st Lands ploughed but not sown-

3rd Loss of second crop, there-and as noted in the margin is a decrease of Rupees 11525-5-10 occasioned by the unfavorableness of season which it will be observed has at the same time proved the cause of Increase in other items of Remission. The Remission granted to Brahmins &c.a has increased in proportion to the extent of lands which the parties entitled to it have cultivated. A partnership with Landlord necessarily renders a claim for this remission void, and the Board conclude that partnership is only admitted in cases in which the names of the parties entitled

entitled to it are entered in the same Puttah, and they are all Brahmins or Mahomedans as the case may be. The Remission on account of the permanent reduction of the Survey rates of assess-ment exceeded that of the last year

Hill Villages 13. The Principal Collector reports that a Malayalum or Hill Village situated in the Vellore Talook, and hitherto rented for one year is brought under Arcanum, the latest Settlement under the heads being Rupees 1,783-11-8 and Rupees 888-4-8 above the Settlement of last years. It does not appear that in the Hill Villages Individual Puttahs have been distributed to the Ryots. The Boards Proceedings on the settlement of the preceding year not having been received in time to enable the authorities to conform to the direc-tions therein conveyed, Mr. Bourdillon the Sub-Collector however intimates that the orders on this point will be borne in mind, in the current Fusly.-

14 The net Revenue derived from

from ready money Collections exhibits an increase of Rupees 4,946-13-11 arising from the Increase of cultivation in the Lands paying Quitrents- The other items of remission do not appear to require notice.-

15.- Deducting the foregoing Remissions as shewn in para 12 there is a Nett Increase in the Settlement of all Lands under Ryotwaree Management of Rupees 2,99,447-12-3 above the preceding year as follows.-

	Settlement.-
Fasly 1249	17,38,703-0-0
1248	14,39,255-12-9
Nett Increase	2,99,447-12-3

16 Of the foregoing amounts of Increase, it is observed on reference to the Statements that Rupees 1,66,798-4-9 have accrued in the Talooks under the management of the Principal Collector and Rupees 1,32,649-7-6 in the Sub Collector's Division, a result which the Board consider highly satisfactory.-

17.- In Para 22 of his Report Mr. Ogilvie has furnished a Statement explanatory of the corrections made in the Accounts, with respect to the number

Statt. A

of Villages which have been inaccurately entered for some years past- It would have been satisfactory to the Board to have received further explanation how with the ordinary diligence so many as forty six (46) Villages and one hundred and twenty four (124) hamlets amounting in all to 170 could have been omitted in the annual examination of Villages during the settlements since Fasly 1231- The discrepancy also in the accounts of various sources of irrigation in all 223 is deserving of comment- The Board trust the Principal Collector is satisfied that the statistical accounts of the Districts are now correct.-

18.- Adverting to the observations on the Sub Collector's Reports in Paras from 22 to 24 Fasly 1248 the Principal Collector has expressed his opinion that the present practice in preparing the Adungul Accounts+ by the Village Officers and of subjecting them to further examination by the Talook Servants tends to do good- he adds however that the -+-

+ Estimates of the produce for the whole year.-

scrutiny

scrutiny of these Adangul accounts be made to the fullest extent because the Talook Officers are not allowed sufficient time, without neglecting altogether other duties. The Board cannot acquiesce in this view. No exception should be made in the complete examination of the Accounts prepared by the Village Officers to shew the cultivation of their respective Villages for the security both of the interests of the Ryots and of the Government. This is especially the duty of the Cartroom establishment of the District. The suggestion of the Sub Collector to abolish the examination of these Accounts in the Villages generally and to select only the Accounts of a few Villages for scrutiny is obviously objectionable the accuracy of the Accounts of one Village can afford no test for the correctness of those in another. and it is necessary to know that the Demands is both fair and equitable to the Ryot as that it is justly payable to the Government.

19. The Sub Collector has explained the chief causes of the refusal of Puttahs

Para 22 Puttahs in his Division to be the denial on his part to grant remission to Brahmins to the extent demanded & the dispatisfaction at the rates of assessment on lands newly brought under cultivation.

20. With the information before them the Board are unable to judge on what grounds the objections to these rates of assessment are made and whether they pertain to Dry or Wet lands. The Sub Collector states that it

Para 22. was his particular care to fix the assessment at an equitable rate so as to secure neither the Government nor the Ryot. Without sanction no change in the classification or assessment of any description of lands can be permitted. The Principal Collector has offered no observations on the Proceedings of Mr. Bourdillon, and the Board desire that he will explain the practice described by him of Ryots throwing up their old lands with the hope of getting new lands at an easier rate of assessment and that at the same time, he will furnish a statement

Fort St. George 25th July 1841.

=ments shewing the number of Villages in which the classification & assessment of lands have been changed distinguishing the original assessment, and that recently determined by the Sub Collector. The Principal Collector is also requested to state in what manner the parties adjust the payment of their rents, and if the same practice of refusing Puttahs prevails in the Talooks under his own immediate management.

Sub Coll's Report Para 19

21. With respect to the Collection of the Arrack Brick tax, as it is described amounting to about Rupees 100 annually, which is still suspended, pending the receipt of orders regarding it, it is to be observed that this tax is not fixed with reference to the quantity of Bricks produced but is more of the nature of a personal tax, being levied at the rate of 15 Rupees a year from each man engaged in the trade of Brick making. On reference to the accounts of Fusly 1247 and of former years both of Land Revenue and of Extra Sources, the manner in which this item is charged is no where to be found. The

Sub Coll's Report in Fusly 1247 Para 26.

Fort St. George 25th July 1841.

Pr. Coll's letter to Board dated 25th May 1839 Para 3 in Cons 10th June.

The Principal Collector states that this tax was established under the Nabob's Government and he explains that a similar tax is collected in the Talooks of Tanjore Paish, which in the Kundooree Accounts explanatory of the demand on account of Maturpha, is shewn to amount in Fusly 1249 to Rupees 55-12 A tax of this description is paid in other Districts by persons engaged in the manufacture of Earthenware Tiles &c. and is not considered vexatious - it is included in the Maturpha as a tax on the trade, and in the opinion of the Board the Brick tax in question should be carried to the same head of account. They do not therefore consider that a recommendation to abolish it is called for and request that measures may be taken to realize the arrears on this account, which have been allowed to remain so long uncollected without sanction they desire that in future it may be included in the Maturpha and also that the head of account under which this tax was charged up to Fusly 1247 may be ascertained.

Board's Proceedings on the Settlement of Fusly 1248 Para 19.

22. Mr. Ogilvie has overlooked the instructions of the Board to furnish information

Fort St. George 25th July 1841.

information, as to the tenure of the Village of Perangaraapoatoor and on what conditions a remission of one fourth of the assessment as Chatur Bhagum was granted they desire that this enquiry may be supplied in a separate letter without delay.-

23.- In Statement No. 1 shewing the Land granted on lowle, it appears that in the Taluke of Arcot Cawnies 12-14¾ of Nunjah were taken on lowle in Fusly 1248 on a Teerwa of Rupees 86-15-3- In the year under review the same land is again charged with the assessment of Rupees 87-7-1 The cause of this change in the demand is no where explained, and the Board desire the Principal Collector to state how it has occurred, whether by an error in the assessment fixed at first, or by subsequent alteration- We shall state how long this land has been left waste, and whether it has been at any time cultivated & assessed

He will also explain on what principle

From the Pt. Coll.r of North Arcot.—

Reporting that the Petitioner Toppa Moodelly declined all interference of a Punchayet to settle his claim.—

Para 1 I have the honor to acknowledge your letter of the 28th June transmitting Petition No. 47 of 1841 from Toppa Moodelly Meerasidar of Vellacoolum, and directing me to report upon the truth or otherwise of the Petitioner's Statement and the measures finally taken for the disposal of his case, the Petitioner asserting that the delay in the adjustment of his claim is not owing to his own neglect, for that he has constantly and personally attended to no purpose before the local authorities during the last four Months.—

2. Toppa Moodely in pursuance of the orders of Government dated the 11th January 1841 on his Petition No. 897 of 1840, attended before me at Caveripauk in the Month of February following, when I communicated to him the steps taken to adjust his claim by Punchayet, conformably with his and the consent of all parties to abide by the award of that tribunal, as was reported to the Board in my letter of the 12th December 1840, and

and as being the only satisfactory mode of settling the dispute and to which Toppa Moodelly himself expressed his willingness to my Predecessor to abide by so far back as May 1834, and having an agreement to that effect on the 15th October 1834.—

3.

At the interview above mentioned the Petitioner declined all interference of a Punchayet with his claims, positively refusing to go before one, and to this determination he strictly now adheres. He carefully avoids in all his Petitions alluding to a decision of his case by Punchayet as formerly agreed upon by himself.—Indeed he was the first to propose this mode of Settlement. The opposite party as reported in Mr Roberts's letter of the 20th May 1834 refusing their assents but afterwards conc[illegible]ns, positively refusing were then g[illegible]e and to this determination he ble the requ[illegible]ns alluding to a decision of his

Under the circumstances mentioned by the Principal Collector the Board consider that Soppa Moodliar has no grounds for attributing to the local authorities the delay in the adjustment of his claims, of which he complains, the same having been occasioned entirely by his pertinacious refusal to abide by the agreement made by him in 1834 to submit his case to the arbitration of a Punchayet.

Sir,

The Polligar of Andipatty at present a minor of the Court of Wards, having completed his eighteenth year of age I have the honor to request the sanction of the Court may be obtained for placing him in legal possession of his Estate at the expiration of the current Fusly 1250 agreeable to the provisions of Regulation V of 1804.

No register or other entry of his birth has been kept by the family for determining accurately his precise age: But from investigation held last year and depositions given by his mother and others of the family as well as from his appearance and the fact of his being the father of a family there can be no doubt of his majority.

Sir,

I have the honor to acknowledge the receipt of your letter of the 15th Instant. Before submitting it for the consideration of the Court of Wards I request you will be pleased to furnish me with detailed statements descriptive of the financial state of the Andipatty Estate at the time it was assumed in order that a contrast may be made with its former and present state as it is requisite that the Court should be put in possession of the fullest information regarding the condition of the Zemindary previous to the arrangement you propose taking effect.

Sir,

Agreeable to your requisition of

of the 22nd Instant. I have the honor to submit two Statements. The one shewing the quantity of land brought under Cultivation at the close of this season fusly 1250, Compared with the extent of land under the plough previous to the period of assuming the Andipatty Estate. The other exhibiting the financial particulars of the Pollams made up to the 25th Instant.—

2 It is evident from the first Statement that the Zemindary has not fallen off during the four years of its administration under the Court of Wards, but rather that a gradual increase in its cultivation and other recourses has taken place—

3 The second Statement shews that the Collective Settlement during the four years from fusly 1247 to 1250 inclusive amounts to Rupees 26,520 —"—"— of which Rupees 24,840-4-10 were collected leaving a balance of Rupees 1679-11-2 to be liquidated of this sum Rupees 658-1-2 must

must be considered irrecoverable while the remainder is expected to be realised within the close of this fusly—

4 The result after deducting Peishcush, family payments, Stipend to the Village Officers and the sum paid in September 1839 for Marriage expenses is a balance in favor of the Estate up to the present writing of Rupees 1,615-8-5 and this independent of the revenue still due and outstanding for the Current fusly—

Para 1. The attention of the Board of Revenue has recently been called to the propriety of fixing a higher rate of taxation on Arrack and Toddy with a view to the diminution of crime in the interior. The suggestion seems to have originated with the Joint Magistrate

Fort St. George 29th July 1841.

Magistrate of Nellore, and the following Extract from the Proceedings of the Court of Fouzdary Adalut dated the 31st December last conveys the sentiments of the Judges on this Proposition.

(Here enter Paras 40-41-42 of the Report)

2 You will be pleased to state your sentiments as to the probable effects both on the public Revenues and on the morals of the people, which the measure of raising the tax on intoxicating liquors so as to render them only available to the wealthier classes would produce. Your consideration should be given at the same time to the means at your disposal to check smuggling in the event of such a proposal being adopted as well as the amount of prohibitory duty that should be imposed.

3. It is trusted that your sentiments on this reference will be received within thirty days from the receipt of this communication.

To

Chief Secretary to the

Sir

From the Chief Secy to Government . . .

I am directed to acknowledge the receipt of your letter No. 270 dated the 5th ultimo with its enclosures, relating to the rescinding of Regulation V of 1822 of the Madras Code.

2

2 The Governor General in Council observes that the Government of Fort St. George agrees with him in opinion as to the feasibility of separating the subject of violent dispossession from that of realization of rent and of adapting Act IV 1840 to the circumstances of the Madras Presidency.

3 Accordingly I am directed to transmit for the consideration of the Governor in Council a draft act for

preventing

preventing affrays concerning the possession of Land, and to request His Lordship's opinion on its provisions as applicable to that Territory.-

4th Upon the subject of summary suits for rent I am directed to observe that the authorities at Fort St George have repeated their opinions in favor of causing such suits to be tried by the Collectors in preference to any more strictly Judicial tribunals. But the information which was asked for in order to test the correctness of those opinions has not been furnished and it is said that the Statements required are not necessary, and that to furnish them would occasion delay.

5th But upon referring to Mr Halliday's despatch of the 12th October last the Governor in Council will perceive that what is sought is extremely simple especially the Statement of summary suits filed and disposed of in each year, and as it

it is in the opinion of the Governor General in Council of importance to ascertain this and also if possible the time usually occupied in disposing of summary suits by Collectors, I am directed to request that the Board of Revenue may be called upon to supply the Statements with all convenient expedition.

Act N[o] IV of 1840

Passed by the Right Honorable the Governor General of India in Council on the 17th February 1840.

An act for preventing affrays concerning the possession of Land and for providing relief in cases of forcible dispossession within the Presidency of Fort William in Bengal

I. Whereas it is expedient to remove doubts which have arisen upon the interpretation

interpretation of Regulation XV of 1824 and to amend the law for preventing affrays concerning the profession of land and for giving relief in cases of forcible disprofession, and to extend it to cases not hitherto provided for, and to make it applicable to persons of every class or description, whether British-born subjects or others.

It is hereby enacted that Regulation XLIX of 1793 Regulation XII of 1795 Regulation XXXII of 1803 Section 5 Regulation VI of 1813 Regulation XV of 1824, and Regulation II of 1829 of the Bengal Code, together with so much of any Regulations as extends any of the above Regulations or parts of Regulations to any places within the Presidency of Fort William in Bengal be repealed.

II And it is hereby enacted that whenever any Magistrate, or other Officer exercising the powers of a Magistrate may be certified that a dispute likely to induce a breach

breach of the peace exists concerning any Land, Premises, Water, Fisheries, Crops or other produce of Land, within the limits of his Jurisdiction he shall record a proceeding stating the grounds of his being so certified and shall call on all parties concerned in such dispute (whether Proprietors, dependent Talookdars, Farmers, under Farmers, Ryots or other persons) to attend his Court in person or by Agent, within a reasonable time, and to give in a written Statement of their respective claims as respects the fact of actual possession of the subject of dispute. And the Magistrate or other Officer as aforesaid shall without reference to the merits of the claims of any party to a right of possession proceed to enquire what party was in possession of the subject of dispute, when the dispute arose and after satisfying himself upon that point shall record a proceeding declaring the party whom he may decide to have been in such

possession

possession to be entitled to retain possession, until ousted by due course of law, and forbidding all disturbance of possession until such time and if necessary the Magistrate or other Officer as aforesaid shall put such party into possession and maintain him in possession until the rights of the parties disputing be determined by a competent Court.

III And it is hereby enacted that if the Magistrate or other Officer as aforesaid shall in the cases mentioned in section II of this Act be unable to satisfy himself as to what party was in possession of the subject of dispute when the dispute arose, he may attach the subject of dispute until the rights of the parties be determined by a competent Court giving the Collector information of the attachment; — and if the subject of dispute be Land, the provisions of Regulation V of 1827 regarding attachment by order of a Zillah or City Court shall apply to attachments by

by order of a Magistrate or other Officer as aforesaid made under this section.

IV And it is hereby enacted that if any party shall complain to a Magistrate or other Officer as aforesaid, that — he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops, or other produce of Land within the Jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependent Talookdar, Farmer, Under-Farmer, Ryot or otherwise the Magistrate or other Officer as aforesaid shall require the party or parties complained against, and any other parties concerned to appear and make defence in person or by agent within a reasonable time and if, after the examination of the necessary witnesses and documents, the complaint appears to him to be substantiated, he shall record a —

The Right Honorable the Governor in Council is of opinion that it is highly advisable to establish with such restrictions as may be necessary a rule similar to that described in these Paras.

It may not be necessary perhaps to grant a reward in cases where the casualties occur under the immediate observation of an European Paymaster. His Lordship in Council however previously to taking steps in this matter directs that these Paras be communicated to the Superintendent of Pensions with instructions to submit a full report to Govt on the subject. over and above those charities, should the funds exceeds the sum of one Lac of Pagodas applied to the latter there remains a fund yielding an annual income of 4,200 Rupees, with this you propose to endow schools and Professorships at the places which the Testator has chosen as the sites of his bounty, assigning 35 Rupees a Month to Brahmins who will engage to give instruction in the Laws and Regulations, and 17½ Rupees to others engaging to set up an English school. The measure of appropriating any such surplus to educational purposes originated in a recommendation from ourselves, but the sum in question is too small, particularly as subdivided, to answer any other object than the grant of pensions to individuals who may or may not deserve them, although it may be sufficient to execute descentent and mistrust. It had better we think have been added to the means of fulfiling one of the objects of the Testator the repair of Choultries and other Public buildings.—

Sir,

From the Collector of Ganjam—

14

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated the 17th Ultimo, whereby my opinion is requested as to the probable effect which a proposed substitution of the Indian Maund, for the Garee measure, would have upon the Salt trade.

The contemplated change seems to me of some importance, as involving the substitution of the method of selling salt at the Government stores by weights instead of by measurement, as has hitherto been the practice. It is well known that the weight of salt varies very materially with reference to it's state of dryness or moistness at the time, and as the salt is received into store immediately after it's manufacture and while still damp, the wastage on the sale out-turn of a heap would

be

be likely to be considerable. I think also that the process of weighing the salt would be attended with much trouble and delay. I apprehend moreover that any change in this respect would be unsatisfactory to the Brinjaree Merchants, through whom the inland trade is almost wholly carried on.

To The Secretary to the
Board of Revenue
Fort St. George.

16

Sir,

From the Collector of Vizagapatam. — Para 1.

submitting further arrangements for improving the Police Establishment together with a moyen zabitah for the entire province.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 28th January 1841. on the subject of the proposed reforms of the Police Establishments of this District.

The

Fort St. George 29th July 1841.

2. The Board express their inability to understand what the difficulties are that are calculated to interfere with the introduction of the system advocated in their Proceedings dated the 4th December, and they seem to be of opinion that the fact of the Vizianagarum Zemindary being under the management of the Collector ought rather to facilitate the introduction of that system.

3. Such would indeed be the case were the Vizianagrum Zemindary, which, as I have already stated, forms more than half of the District, permanently under the management of the Collector, or the property of Government.

4. The Board's proposition was to divide the District into ten or more Talloks and to place at the head of each a Shasildar vested with full Revenue and Police powers over the entire division under his Superviseon. and to provide him with an adequate Establishment, the expense of which in Estates under management should be borne partly by the state and partly by the Estate under

management.

management. This is the principle of the present system, only that in the Vizianagrum Zemindary the Thasildars are necessarily more numerous and the whole of their salary is defrayed by the Estate.

5. The Board are aware that a Ryotwar Settlement has been introduced into the Vizianagrum Zemindary. Now such a system when there has been no survey is necessarily complicated and the Talookes must therefore be smaller than would be at all necessary were they composed of several small Estates, some of which might occasionally be under management, or were the duties of the Amildar confined to Police supervision and the collection of Extra Revenue.

6. Under these circumstances a greater number of Heads of Police is required than would be the case were the zemindar to resume the management of his Country. Since I have taken charge of this District, I have reduced four Talookes in the Vizeanagrum Zemindary to

to enable me to make the Establishment some what more respectable without putting the Estate to additional expenses, and I am satisfied that no further deduction is practicable without risk of material injury to its prosperity.

7. This being the case I do not consider that I shall be justified in recommending that the Heads of Police should at present receive a larger salary from the state than Rupees 35. Should the zemindar of Vizeanagrum resume the management of his Estate, the number of Districts may hereafter be reduced and the pay of the Amildar be proportionately increased.

8. I now beg leave to submit revised Moyen Jabitahs of all the Establishments of the District as follows.-

A. A Statement of the present and proposed public Establishments, Hoozoor and District.

A

B A Statement of the present and proposed Establishments in the Estates under management.

C A Statement of the proposed combined Tallook Establishments in the Estates under management.

D. A Statement of the present and proposed Tallook Sauderwared charges.

9 **A** My Hoozoor Establishment is now perfectly efficient and I have very few alterations to propose. In my former representation it had escaped my observation that many of the Hoozoor Peons receive only 3 Rupees a Month. The same arguments which have, I trust, satisfied the Board of the necessity of raising the pay of the Tallook peons, apply equally to those employed at the Hoozoor. I have also made a small increase in the number of the latter. This has been rendered necessary by the late change of systems in this District by which my peons are much occupied not only in escorting

prisoners

prisoners from one authority to another within the District, but in occasionally conveying them to Chingleput.

10 I have remodelled the Police Tallook Establishments on the principles laid down by the Board of Revenue, this and the increase in the pay of the Tallook peons are the principal changes in the Tallook Meyen zabitah.

11 **B.** The Tallook Establishments in the Estates under management are manifestly inadequate to the duties they have to perform, nor are they at all equal to those in the Government Estates in proportion to their extent or Revenue. This has arisen from a large portion of the Villages of each Tallook having been formerly rented out on leases of different descriptions. All the Shurteganah Sursaul rents were brought up by my predecessor and many other leases have gradually fallen in, so that now with very few exceptions the whole Country is under a Ryotwar Settlement.

As

As a portion of the Tallook Establishments will under the proposed arrangement be defrayed by the State instead of by the Zemindar. I have availed myself of the opportunity to place the Tallook Establishments on a proper footing. I have also raised the pay of the Peons to an equality with the Government ones, and this has been effected at very little additional cost to the Estate.

12. **C.** To satisfy the Board that the proposed combined Establishments are still very moderate, I have prepared this Statement.

13. **D.** The Saderwared allowed to the Tallook Establishments has been quite inadequate to the expense incurred on that account, a considerable portion of which has been borne by the District Servants themselves. It has also been customary to deduct from the sanctioned Saderwared the expense of the remittances from the Tallooks to the Hoozoor Treasury, this I consider objectionable and the expense incurred on that

that account will as heretofore be separately submitted for Sanction with the Annual Accounts.

14. In conclusion I must repeat my request that the proposed Establishments for this District may be compared with those of any other District of equal extent and I am satisfied they will be found sufficiently moderate. It is unnecessary now to enquire what has led to the very reduced Establishments and Salaries hitherto entertained in this District but the evil effect of this has been severely felt.

15. The Board of Revenue may be assured that I would not have recommended so considerable an addition to the expenditure of the District were I not fully convinced of its necessity and I trust that my present proposition will be submitted to Government with their recommendation.

To the Chief Secty to Government.

Submitting a letter from the Coll.r of Rajahmundry enclosing a revised Moyenzabitah of his Establishment for Fusly 1251 and recommending that sanction may be granted for the Amount thereof Viz.t Rupees 11565-12-0 per mensem.

20th June received 22d July 1841.

Govt. Para 1. I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Rajahmundry, enclosing a revised Moyenzibelah of his Establishment for Fusly 1251.

2. The total Amount of the Hoozzoor and District Establishments sanctioned for Fusly 1250, was Rupees 10589-4-0 per

per mensem. The list now forwarded shews an increase of Rupees 976-8-0 per mensem. The result of a gross increase of Rupees 1158. and a decrease of Rupees 181-8-0 the particulars of which are exhibited in the Memorandum No.1. which accompanies the letter now submitted. The greater portion of the proposed increase (Rupees 579) appears to be on account of a proposed augmentation of the Police force, the expediency of which is apparent from the circumstances adverted to in the correspondence with the Provincial Court copies of which the Collector has submitted with his report.

Encl.e A

3. Upon the whole the Board consider that the proposed increase in the Collector's Establishment is called for under the circumstances explained in his letter, and they accordingly recommend that sanction may be granted

granted for the Moyenzabitah
now submitted amounting to
Rupees 11,065—12—0 per Inmsem—
to It is not proposed
that any alteration should be
made in the Moyenzabitah for the
estates under Management, the Amount
of which remains as in Fusly 1250,

Para 1. I have the honor to submit for the consideration of the Board of Revenue, copy and translation of a letter to my address from Cillah Venkatachellum Chitty the Proprietor of a Bungalow at Cocanada, my Huzzoor Station in this District, inconsequence of a demand for Quit rent made on him, with reference to the correspondence noted in the margin.—

From Bd 26th Sept 1839
" Dr 4th June 1840
To Dr 19th Sept Dr
From Dr 14th January 1841

2. The Bungalow is rented by myself for Rupees twenty five a Month, or Rupees three hundred a year, some portion of which, has been obliged to be expended in repairs, during the time I have occupied it—With the exception of the Buildings on it, the value of the ground is small, the soil being sandy and part of it unfit for cultivation.—

3.— Under these circumstances, it appears to me, that a Quit rent fixed at

Vide Govt order of 18th April 1837 received with marine Bdc letter of 21st of that Month the advertisements therein sanctioned contain this rate of Quit Rent.

at the rate of Rupees three per Pootty, being that adopted by Government in 1837. when the Commercial Buildings at Ingeram and Maddapollem were sold, would be fair, and I accordingly beg leave to recommend, that this reduced rate be adopted, and as no Quit rent Demand had ever been made until this period, that the measure have effect from the commencement of the current Fusly.

An Arzee from Callah Venkatachellum Chitty.

I have received your Cowitnamah of 12th March last directing me to pay Rupees 366-3-0 on account of Quit rent (both arrear of 5 past Fusles and Current) for the Bungalow and Compound belonging to me situated at Cocanada at the rate of Rupees 61-0-0 per annum, and beg to inform you that I cannot

be held answerable for the arrear of the Quit rent of 5 past years, since it is very clear by a letter to you from Callah Ragava Chitty dated 14th March 1839 stating that the Rent of the said Bungalow may be transmitted to me from the Month of February of that year, when it became my property, consequently I beg you will be pleased to strike off the arrear. As you are aware that the rent I receive for the Banglow is very little, you will be pleased to recommend in your Proceedings to the Board of Revenue to take from me the adequate Quit Rent by reducing a great part of the sum of Rupees 61-0-6 for the Current Fusly, as I shall pay it when I know the amount. Please to peruse. Dated 24th March 1841.

of the 6th Instant, reporting upon an application from Colla Venkatachellum Chetty for a reduction of the Quit Rent payable on his premises at Cocanada.

2.

The Board cannot undertake to recommend to Government the remission of the assessment as proposed by you, the amount is fixed by the instalment under which the property is held. If the Land is assessed beyond its actual value, it is optional with the proprietor to relinquish so much as he may think fit retaining only an extent of Land sufficient for the convenience of his premises, and leaving the remainder open to occupation by others for Cultivation or other purposes. In this case a permission Certificate will be issued to C. Venkatachellum Chetty from the Register of Government Grants at Madras.

3.

Colla Venkatachellum Chetty is however not liable to the demand of Rupees 388-3. for five years arrear of Quit-Rent if as he states in his address he only came into

into the ownership of this property on the 4th March 1839. By the Circular letter from this Office of date the 4th June 1840 the demand for Quit Rent was expressly ordered not to extend beyond the time of possession if the right of property should have been acquired within the last five years.

I have the honor to report for the information of the Board of Revenue, certain circumstances, with reference to which, I have considered it right to postpone carrying into effect the sanction conveyed to me under date 14th December 1840, on my own recommendation for remitting to Chintapatla Vengiah the balance of

of Rupees 26747—12—8. due from the Pypparah Estate.

2. With respect to the hopelessness of recovering this balance, my sentiments are not changed, but it only lately came under my notice, that this Proprietor was the holder of a number of bonds, which had been taken many years ago from the Ryots of this Estate, for the arrears of different seasons, and that she had commenced to enforce them by Suits in Court. Directly I was informed of this I made a Motion to the Court, explaining the circumstances, and stating the amount of the Government Demand against this Proprietor and requesting that any amount which might be realized by the Court on her account, might be made over to me under the Demand, and at the same time, I informed this Proprietor that I should not carry into effect the remission of

Sir,

From the Coll.r of Masulipatam } Para 1. I have the honor to acknow=

annexing an Extract from the Minutes
of Consultation dated 31.st May last, toge=

to, and according to the instructions con=
=veyed in the former, proceed to state
for the information of the Right Honor=

that had been taken by me for the protec=
=tion of the rights of the Zemindars of Lingu=

=ated on the frontier -

Reporting with reference to the Boards' Proceedings dated 14 June 1841 the mea=
=sures taken to protect the rights of the Zemin=
=dars of Mou=
=negal & Lin=
=gagherry -

23

On the receipt of a Petition
2. from the joint Zemindars of Lingagherry
complaining of the acts of violence referred
to in the above Petition I addressed a letter
to the Resident of Hydrabad urging in the
strongest manner the necessity of taking
measures to prevent such lawless pro=
=ceedings and to induce Ramagoggarow
the Zemindar of the Anuntagherry Purgunah in the
Territories of His Highness the Nizam to desist from
such

Fort St. George 29th. July 1841-

such acts of aggression pending the final
settlement of the Poolary question by the
commissioner -

3. In reply to my communica-
tion, the Resident forwarded copy of a note
from the Nizam's Minister to the Resident,
together with Copy of a letter addressed
by Mr. Dighton to Azim ally Khan Amil
of Cummummett on this subject -

4. From these, it appears that
Mr. Dighton received instructions to re-
store the cattle and also to endeavour
to make a temporary settlement of the
dispute by means of the local officers
situated on each side of the frontier. The
cattle were accordingly restored and
orders were issued to the Head of Police
of Juggiahpett to despute a Guard of
Peons to protect the interests of the
Lingagherry Zemindars, but no perma-
-nent adjustment of the dispute could
be effected because the question of the
right to collect the Poolary tax could
not be adjudicated until the return
of Captain Gresley who had proceeded
to Sea for the recovery of his health -

5. The question of Poolary is one
of the highest importance and deeply affects the
interests of the Honorable Company - It is
estimated that there are about 30000
head of cattle, including Sheep and Goats
grazing

Fort St. George 29th July 1841-

grazing in the Zemindaries of Mooneyal and
Lingagherry which as may be seen by the
Map are encompassed by the Territories
of His Highness the Nizam. The superficial
extent of pasture land in the said Zemindaries
is very small and quite insufficient to
support the number of Cattle which
have been immemorially maintained
by the inhabitants. It consequently
follows that their cattle must either graze
in the adjoining territories or their
number must be restricted to the
means of subsistence within the local
limits of the Zemindaries. If the right to
collect the Poolary be decided in the affirma-
-tive it is clear that either of these alterna-
-tives will involve a great loss of Rent
to the Zemindars and it becomes a ques-
-tion whether some arrangement might
not be effected for defining and limiting
the amount of the tax so as to render its
operation less vexatious to those who are
called upon to pay it -

6. It appears to me that
a fixed amount might be agreed upon
to be paid annually by the Honorable
Company to His Highness the Nizam
for the right of pasturage in common
and that the amount so agreed upon
should be assessed proportionately on the
Zemindars of Lingagherry and Mooneyal, as
according as their several interests are in-
-volved in the measure, or, perhaps, should
the amount appear to press too heavi-
-ly on the Zemindars, that it should be
borne

borne exclusively by Government unless some expedient of this kind be adopted I apprehend that a greater expense must be incurred by Government in maintaining a large body of armed Peons to resist such acts of aggression as those that have been complained of —

7. The Petitions are herewith returned —

I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying correspondence with the Collector of Guntoor having reference to a modification of

of his Moyenzabitah with a view to provide for the appointment of a Deputy Moonshee in the land revenue Department and an increase of salary to the Head Sheristadar of the Moozoor Cutcherry —

2 The pay attached to the Office of Head Sheristadar is Rupees 70. per Mensem — The Collector in November 1838 recommended an increase of 50 Rupees to this situation but the subject was under orders of Government dated 5th July 1839 referred to Mr C. R. Cotton and has since remained undisposed of — It appears that in consequence of the smallness of his salary the Head Sheristadar has been allowed to hold the Office of Sayer Peshcar on a salary of 35 Rupees making together 105 Rupees per Month. It is now proposed by the Collector to abolish the situation of Sayer Peshcar and to add the pay to that of the Office of Head Sheristadar as this arrangement does not

not involve any increase of charge and supercedes the necessity of allowing one individual to hold two distinct offices, the Board recommend that it may be sanctioned —

3 They also recommend that Mr Goldingham may be authorized to employ a Deputy Moonshee in the land revenue Department on 35 Rupees per Month, and a Goomastah in the Sayer Chowkey at Collapara on 8 Rupees per Mensem. These charges it will be seen on reference to the Collector's letter of the 22d March last are met by corresponding reductions —

4. The alterations proposed are entered in detail in the accompanying Statement from which it will be observed that the result is a net decrease of Rupees 261 per Mensem below the amount of the Establishment at present maintained. The total amount of the proposed Mayen Zabitah for which sanction

per Mensem —

5. The Board further recommend that the increase of pay to the Naib Sheristadar may be sanctioned retrospectively from the 1st February 1841 and the appointment of the Deputy Moonshee from the 17th November 1840 on which dates respectively it appears these arrangements were made —

I am a Petition transmitted to Government by Canajummah the Elder of three Widows of the Family of the Raydroog Rajah in the year 1822 she requested that one Kistnapah might succeed to the allowance allotted to them amounting to Company's Rs. 1077 14-4 per Annum & this Petition was sent through the Board to Mr. A. D. Campbell for reply— That Collector accordingly reported on the 1st May 1822 that the

9256. Fort St. George 29th July 1841.

the adoption of the man was unauthorized by Hindoo Law— The Board having reported this, the Government in the Minutes of Consultation of the 28th May rejected the Petition altogether vide letter from the Board dated 31st July 1823.—

2.— The aforesaid Canajummah alluded to in para 3 of Mr. Campbell's letter died on the 16th May 1832— The Present Petitioner Chinna Bhagummah being also one of the three Widows enjoys the whole allowance the demise of the others— she is now said to be 80 years of age— This old Lady apprehensive that according to the verbal permission of the late Mr. Roberstson (which she says she obtained four years back) the adopted Timmapah Naidoo son of her own Brother, and she now requests the Board's permission may be obtained for him to enjoy the allowance which is continued to her.—

3.— I consider that this point has already been decided; the Widow Canajummah's Petition having been rejected as it must be evident that

Fort St. George 29th July 1841.-

that if Conajunmah had no right to adopt, the remaining Widow Chinna Bhagunnamah can have none. It does not appear that Mr. Robertson ever reported the death of the Widow Conajunmah. The Amildar reported her death to the Collector and Mr Robertson gave an order on the 27th May 1832 to continue to Bhagunnah the Pension which she and the deceased Conajunmah enjoyed together. This he appears to have done with reference to the opinion expressed in the 2 Para of his letter to the Board dated 25th August 1831 and the views of Government conveyed in their Secretary's letter to the Board dated 14th October 1820 - as no division of the Pension had ever taken place, it was continued as usual. The only survivor has now attained a great age, it will be for the Board to consider whether the Immediate should not be at once informed that the Pension reverts to Government on her death.

enquiries to be made regarding the alleged excess in the Salt Mercall in use at Reddepollium in North Arcot I have the honor to inform you that a Mercall was lately sent by Mr. Ogilvie for my inspection and found to contain an excess of 3/8ths of a Pady or measure above the Mercall used in this District, and which corresponds with the standard measure formerly sent by the Inspector General of Civil Estimates. The Reddypolliam Mercall also differs in shape from the standard, being less deep and wider which would admit of a larger excess if it was not properly stricked. Mr. Ogilvie however in his communication mentions that the Mercall was struck close with

with the edge in selling Salt.—

Reporting upon a Petition from Vencata-royen and others com-plaining of having been deprived of certain Charities and recommending that the support the Petitioners formerly received may be again accorded.—

To the Secretary to the

Fort St George

Sir,

I have the honor to acknow-ledge the receipt of your letter of the 30th May last, forwarding for report a Petition bearing the endorsement of Government from Vencataroyen and others of this District pray-ing for the continuance of certain Charities of which they state themselves to have been deprived.—

The Petitioners are either stone

stone blind or cripples as they describe themselves and up to the Month of December last were maintained by a Charitable Insti-tution established at this place many years back and which received the special sanction of Government in 1806. this will be found particularly described in a letter No. 31 from the Principal Collector of this District dated 31st July 1837 to which I would beg to refer your Board.—

In the above letter ten persons were reported to be then incumbents on the charity out of these, 3 have since died, one has left the Country and proceeded to Mysore, leaving Six remaining, to another was added in June 1838 making the total number of this description of persons receiving support from the Institution up to December last when it was withdrawn, only seven as per Annexed Memo: five of whom are the Petitioners.—

The

The reason assigned for withdrawing the allowance was that the Institution being intended for the support of indigent travelling Brahmans the Petitioners did not come properly within the scope of its provisions, their original admission probably arose from the prosperous state of the institution there being from time to time a surplus which amounted up to 30th April last to Rupees 7061) and adverting to the length of time which many of them have subsisted on the bounty of the institution and their utterly helpless condition, I beg strongly to recommend that the support the Petitioners formerly received may be again accorded to them.

No 871 of 1841

Referring to the Board's Endorsement on Petition noted in the margin I have

have the honor to submit the following observations—

A party gave Dirkast for certain land the boundaries of which were therein described, but the land not being made over to him agreeably thereto, he preferred a Complaint of the circumstances to the Principal Collector the land it appeared had not been made over to the Dirkastdar because it was a place reserved for the cattle to pass by, yet it was asserted by the proposer that the Monegar himself cultivated this very spot of land. The Monegar stoutly denied the fact, the proposer as stoutly insisted that it was the case, a Tarkoon was sent to the spot accompanied by the Monegar and proposer to ascertain the point and it was most satisfactorily proved to be cultivated by the Monegar. the party proceeded with this information to the Principal Collector who put the question to the Monegar whether the land was or was not

cultivated

cultivated by him, but what took place may best be given in the late Principal Collectors own words extracted from the Summahbundy Diary No 63 "The Monegar of this Village being sent to examine the Ryot No 54 would "not give any answer to the plain question whether the account given by the Carkoon "was true or not, was first, after due warn- "-ing fined five Rupees then ten Rupees and "finally for his contumacy in refusing to "answer, is suspended for five years" The foregoing and a Yakeed directing the above decision to be carried into effect are all that is to be found on record

(45)

In reference to the Boards Proceedings of the 10th June last I have the honor to submit the following observations The objection which Mr Ashton had to receive exchanged Rowanahs in their present Form in support of claims to Drawback was that they did not exhibit the specific amount of duty collected on the Goods

Goods for which they were granted and that it was necessary in consequence to calculate this amount upon the value of the Goods entered in such Rowanahs. Beyond the time required to make this Calculation which is at a uniform rate of 6 per Cent for Piece Goods, the only Article receiving Drawback on Export upon Native Vessels to places not subordinate to this Presidency, I am not aware of any inconvenience attending the admission of Rowanahs in their present Form, and as the Change proposed by Mr Ashton would render necessary a Circular order to all the neighbouring Collectors to enforce the change in their Districts, it may I think be dispensed with.—

At all events no blame can attach to the Merchants whose claims to Drawback are now in suspension. they have produced all the Documents in the Form hitherto required, and as observed above, they could not obtain them in any other form without

without instructions being sent to the Collectors of the neighbouring Districts I have therefore not considered it necessary longer to withhold sanction for the payment of the Drawback due to them and have given the necessary orders for their discharge.—

From the Collector of Trichinopoly
Submitting two Statements regarding Main and Cooly Cavilgars in the District.-

Read the following letter-

To The Secretary to the
Board of Revenue
Fort St George.

Sir,

Para 1 In acknowledging the receipt of your letter of the 3d Ultimo, I have to express my regret that owing to the want of more particular explanation in my report of the 18th August last, I have led the Board into error regarding the numbers and amount of fees of Men and Cooly

Cooly Cavilgars in this District In the 33rd Para of my report I ought to have written instead of "each Cavilgar now employed" "now proposed to be employed"

2. The number of 2202 is that proposed by my predecessor Mr Blair as the future Establishment of Cooly Cavilgars and I trust that the accompanying Statement No 1 being a comparative Statement of the numbers as they stood in 1829- and as they are proposed to be distributed in each talook in the event of the Board's thinking it necessary that an arrangement of the sort should be

be made, and containing also an explanation of the difference between the fees of the Cooly Cavilgars as stated by Mr Cameron in 1829 and by myself in August 1840, will be considered satisfactory but both as regards the numbers of Cavilgars and the amount of fees, it must not be considered that the Statements are completely accurate for the Accounts of the Curnums are not to be relied on implicitly.

According

Comp. E.R.

Fort St George 29th July 1841.

3. According to a census of the Cooly Cavilgars taken by my predecessor Mr Blair, the number employed throughout the District with the exception of the two talooks of Arrealore and Woodiarpolliam is 1543. The number in the above two Talooks could not be ascertained as it varied according to the will of the Arsy- Cavilgars who employed as many as they thought convenient.

4. I beg to annex a Synoptical Statement of the number of Cavilgars and the Villages in which they were distributed as far as has been ascertained and the proposed distribution.

3 In regard to the new Cavilgars the Statements forwarded by me in August last were prepared from the Village and Cutcherry Accounts and all possible care was taken to ensure their accuracy. The difference observed by the Board between them and the Statement forwarded in 1839 is exhibited in the accompanying Statement No 2.

It arises it will be perceived from addition of incumbents and the Amount of Emoluments in the Enam Villages and in a few of the Circar Villages before brought to account. I hope that the recent Account is tolerably correct but I have experienced very great difficulty in arriving at anything like exactness

6 In allusion to the concluding para of the Board's letter I beg to state that the grain fees are paid by the people from their own share and under arrangements made by themselves.

Order thereon.-

Fort St. George 29th July 1841.-

Ordered to be recorded.-

Read the following letters.

To The Secretary to the
Board of Revenue

Sir,

Fort St. George

From the Pl. Coll.r of Madura.

Submitting a revised Moyen Zabitah of his Establishment from the Commencement of Fusly 1251.-

Para 1.- I have the honor to forward for the Board's consideration, a revised roll for the Establishment from commencement of the current Fusly 1251/ A.D 1841/42/ bearing in mind their instructions of the 20th May 1819 to keep it within the lowest possible bounds.-

53

2.- In the 4th clause of the 2d Para of my report of the 31st August 1839. I intimated my great satisfaction with the integrity and activity of the Salt amildar, and my hope that

Fort St. George 29th July 1841.-

that the Board would be prepared to support my recommendation for an increase of pay to him if he persevered in the same line of conduct another year. In their proceedings on that report under date the 26th of March 1840 they took no notice whatever of my request and I construing their silence into acquiescence, strongly urged an increase to him of 20 Rupees a month from the 1st August 1840. in the 2d clause of the 2d para of my report of the

See Appendix No.1- 21st August of the same year on the settlement of the extra revenue for fusly 1249, and I shewed an annually increasing salt revenue which had risen from 2,35,000 Rupees in Fusly 1245. to Rupees 2,61,000 in

in the fusly under report, with my belief that it would go on increasing which as yet continues to be borne out by fact. In the 3d para of their proceedings of the 1st February 1841, when they took that report into consideration, the Board observe that my recommendation for an increase of 20 Rupees a Month to the Salt amildar is grounded on "the heavey and responsible "business discharged by him, and "on the annual increase in the re- "venues under his charge and because "his pay is less than that of a co "Tasildar collecting a smaller "amount of revenue" and declined Supporting it because Mr. Vieash had fixed his pay at this height with express reference to the large amount

"of revenue which he had to superintend "and the extent of country from "which it was derived." Because it was impolitic to let "the mere cir- "cumstance of an increase of revenue "having occurred during the adminis- "tration of any particular individual "operate as a claim for an augmenta- "tion in the pay of his situation." - because "similar pleas might be urged "in almost every District in the co "Presidency." And they deemed more over the application should be made when submitting suggestions for modi- fication of the existing establishments with the usual Moyen Zabitah returns and Government supported this view in the 3d para. of their minutes of Con- sultation of the 5th March following. -

In answer to the Board's objection, the 14th para. of Mr. Vieash's letter of the 17th December 1831 only contemplates the amount of revenue to be collected by the Salt amildar at 2½ Lacs of Rupees, derived from a coast 130 Miles in length in a co Zemindari

Fort St. George 29th July 1841

Zemindars' Country: whereas his average collections are now in the Salt alone more than 2½ Lacs: and in his since imposed character of Superintendent of Sea Customs, he collects an annual revenue of about 11,000 Rupees, which extends his duty over an additional 30 Miles of Coast: To this is added payment of the Convicts on work at the Channel at Pausmben, and the police duty of the whole line of Coast has been imposed on him since Mr. Viveash's letter in 1831.—

If then increased responsibility and increased personal labor ought to entitle to favorable consideration for increased pay. I trust I have made out that claim satisfactorily.—

It is not for me to dispute the Board's opinion of the impolicy of increasing the pay of an office to a successful administrator of any particular branch of revenue; nor the basis of that opinion Viz that the

claims

Fort St. George 29th July 1841

claims on such grounds would evidently be impossible to be granted; tho' I certainly do continue to think that a relatively small reward to one under whom or any branch of revenue greatly increases or (provided he is in other respects a worthey man, and has not so raised that revenue to the loss of another branch or of a neighbouring Collectorate) can never impoverish, or be even too onerous to the State.— But I am not aware that I advocated the increase of pay to the Office, but to the individual; and in this point of view, I will now beg to reiterate my recommendation in behalf of Narsingh Rão. If the Board had time to attend to the acts of individual subordinate officers, they would recollect I am not in the habit of recommending those newly employed to high rates of pay; and that I never fail to advocate the claims of deserving servants as they advance in age and ability.—

To

9296 Fort St. George 29th July 1841

To the Board's next objection that the application should have been originally made in its present form, I can only plead error of judgment, and I trust, if the Board are now willing to support my recommendation, they will not let a poor and worthy man suffer because I have sought to do him justice, or shew him favor thro' an improper channel. I hope the Board will believe that if they had condescended to set me right when I advised them of my proposed recommendation on the 31st August 1839, I should not have hesitated to adopt the present mode. It is true the Board may say they could not guess I did not design to adopt the proper course, but I hope they will recollect they had previously acceded to my application similarly made on the 16th February 1835 for increased pay to certain inferior Salt servants, which has proved in the result so beneficial; and I therefore hope they will procure

a

9297 Fort St. George 29th July 1841

a special sanction for paying this increase of 20 Rupees a month in arrears from the 1st August 1840.—

To meet any unforeseen objection of the Board I would beg you to bring to their notice the standing rules for regulating the pay of native Revenue servants, under date the 20th May 1819 the 5th clause of the 3d para of which expressly restricts the pay of a Head of the Salt Department to Rupees 150 per mensem. Now the Board may be aware that after several years experience and perfect satisfaction of Narsingh Rao's conduct, on a pay of only 100 Rupees a Month, I do not even now recommend him for the highest rate of pay he could hold under those rules if he had the good fortune to obtain their favor, but only for 120 Rupees a Month, thereby putting him on an equality with the first of the two Classes of Tasildars.—

In support of my recommendation of an increase of 7

Rupees

Fort St. George 29th July 1841.

Rupees a month to Palaneappa Moodeliar, Chokeydar of Madura, I beg leave to copy the 1st clause of the 3d para of my report of the 21st August 1840 "The increase "of the Sayer revenue over the preceding "fusly /1248/ is Rupees 19,416 as shewn "in para 1: I do not suppose the Board "would wish me to enter into detail "of the relative increase and decrease "of each chokey; I will therefore content "myself with nothing only those where "the increase or decrease is remarka- "ble: and amongst the first the cus- "tom Chokey of Madura is preemi- "nent - In fusly 1230, the highest of "the old Amany years it yielded "only 16,242 Rupees; In 1246, the high- "est year of rent, it more than doubled "that amount as was usually the case, "and yielded 23,760 Rupees. The Amany "collections of 1248 were no less than "34,932; and in the fusly under report "/1249/ they amount to Rupees 37,314: "In 1238 there were only 1470 looms, but they now "amount to more than 2,000: I believe this Chokey is quite

free

Fort St. George 29th July 1841

"free from fraud and tricks, and I am "very anxious the Board will countenance "my desire to increase the pay of "the Chokeydar, Palaneappa Moode- "liar, from 28 to 35 Rupees a month- "He was appointed to the charge on the "12th July 1837, on re-institution of the "Amany system."-

I scarcely know how to give weight to my recommendation for an increase of pay to Salt Lascars of from 3 to 3½ Rupees a month and to the Land and Sea Custom peons of from 1¾ to 3, and 2⅝ to 3½ Rupees a month:- I may be asked what should render an increase necessary now, as seeing they have never had more; I am not prepared to say that for- merly these classes of men were compelled by the insufficiency of their means to devote a portion of their time to their own cultivation or were on the alert to exact some- what in addition to what they were entitled to levy, or countenanced, or winked at, frauds, but I verily believe

Fort St. George 29th July 1841

believe such to have been the case, and I equally believe that acquiescence in my suggestion of an increase of pay will be productive of increased revenue to the Government and of increased contentment to all who have dealings with this class of people.—

If any of the Board have ever been engaged in committees for feeding paupers or beggars they will perhaps agree with me in thinking that a sufficiency can scarcely be procured for them at the rate of 1 Rupee a head per mensem. tho' procured for hundreds at a time in the most economical mode that can be devised. The lowest rate of pay to a revenue peon is 3½ Rupees, and the labors of the Salt lascar are, except in share paying Districts, far more onerous and uninterrupted, and the price of food is much greater on the coast than inland.—

5 In the 13th para: of his letter of the 10th November 1828 Mr. Vivesh explained the cause of introducing

Fort St. George 29th July 1841

introducing Tillaidars into the talook Establishment:- Fearly adopted as his view of the advantages that ought to have resulted therefrom, but could not help seeing they were far from being so efficient as they ought to be. I made many enquiries and considered many suggestions, for, as they are they are not an acceptable class of servants either to the talook authorities or to my own cutcherry: and their services, as now employed, are not equivalent to their expense. To make them really efficient their numbers should be increased to 70 and their pay should be half as much again, and each should have a roysum attached to him, with 3 or 4 Peons to be furnished by the Tasildar. By the increased pay we should tempt a class of men who would be fitted equally for Police as well as revenue duties, and being entrusted with

Fort St. George 29th July 1841.

with the authority of a Tasildar under Regulation XI of 1816 there would be a prompt attention to revenue and Police by an authority always on the spot or nearly so; and there would no longer be pretence for the people to affirm they cannot get redress because of the distance of the talook Cutcherry from their Village and the probability of the Tasildar's absence:- But as this plan would be too expensive for me to expect sanction, I content my self with seeking for an Efficient revenue control in adopting the suggestion of the Sheristadar that for the 36 Zillahdars should be substituted 70 Natt Curnoms / Tho' neither term is known in this collectorate yet the latter has the advantage of being in the vernacular language of it and as the Natt curnum is not to have any Police authority it may be as well to change it if the Board think proper / These men being selected from the Villages and conversant with

Compt. S.R.

Fort St. George 29th July 1841.

with all the fraud and tricks of their Class ready in Cadjan writings and Accounts, are expected to be eminently useful 1st in settling petty revenue disputes at the time of Cultivation which often now end in the land being left waste from the impossibility of applying to the Tahsildar in time, 2dly. inattention to the means of irrigation and settling petty disputes as to the quantity of water to be distributed to each ryot - and in obliging the ryots to clear their Channels in proper time, (their procrastenating habits constantly exposing them to serious loss of water.) 3dly, and a Chief duty, to inspect the Cultivation and see that all is duly entered by the Village Curnoms, at present our only check in this point is an extraordinary decrease, quarrels in the Village, or an accidental discovery - This was a principal duty expected from the Zillahdar, but the vast Number of Villages over which he was

placed

placed entirely nontralized his appointments.

4th — They must see that the payment of Rists are duly entered in the signed Cadjan furnished by the Collector for each tax payer. 5th They must urge on all ordinary tank Muraammut, and 6th see that the roads and avennes in their respective divisions are carefully tended. —

I purpose each shall have control of land yielding about 15,000 Rupees per annum, and beg to inclose a list particular, and in these divisions I mean that all ordinary business should be transacted by the Tahsildar thro' them, and not as at present, direct from his cutcherry with each Village in Cummum, by which means I hope to attain much more promptitude and regularity of administration, relief to the Tahsildars, and much greater ease to the people.

Appendix No 2

6 There is scarce a doubt that the Zemindar

Zemindar of Cummumdays will resume his Estate as soon after the close of the accounts as possible, and tho' the existing Establishment must be retained till that time, the present Mohinzabulah is prepared with a view to save the Board and Government trouble and a renewed consideration, (the Board may think it is also to save myself trouble but such is not the case) as tho' each change was to take place, simultaniously from this days' date. As his Estate comprises the greatest part of Nellacotay the Establishment of that talook must cease and remaining Villages will be put in small part under the Tasildar of Thenkurray, and chiefly under him of Tandicomboo. The first has Establishment sufficient for the additional duty. To aid the latter I beg an increase of ten revenue peons.

7 I think it would be highly imprudent to abandon charge of the Police to the Polligar, even if he were inclined to undertake it. The Establishment at 130 Rupees 8 annas per mensem tho' large,

large, is the lowest I deem it prudent to propose from the locality of the Estate under the hills abounding in Jungle and difficult passes and separating different portions of the Company's lands.-

8. The 50 police peons for Shevagunga have long been sanctioned and are only extra to make the Mohinizabitah complete, which same reason accounts for the entry of the abolished situations, and the reason for the future abolition of the Zillahdar and of the Nellacotta talook Establishment is above adverted to.

9 I find I have omitted to explain cause for recommending a small increase to three Chonkeydars and a decrease to two others. It is in accordance with

with my Estimation of their integrity and ability.-

Fort St. George 29th July 1841.

No. 1.

Extract from report dated 21st August 1840.

I have no suspicion of fraud in any part of the Salt Establishment. In the 2d Para of my Extra revenue report for the preceding-=jusly, dated the 31st August 1839, I sought to prepare the Board for a favorable consideration and increase of pay to the Salt Amildar-= Nursingh Row, which I deem him entitled to for his industry and integrity, because of his very heavy and responsible duties, because of the annual increase of the revenues under his charge, and because his pay is less than Tasildars Collecting a less amount of revenue. He was restored by me to this situation in November 1834 on the decease of the late incumbent, having been dispossessed by my predecessor for an enquiry which he did not bring to a conclusion, and from which I could see no fault in him. The salt is manufactured on a line of Coast 80 Miles in Extent (see No. 8 in table of roads) and bordered on its-= whole length by the Zemindary of Ramnad and a small portion of Shevagunga. The whole of the Sea Customs on the

Fort St. George 29th July 1841.

the same line and at the distant port of Paumben, with charge of the Salt treasury, and disbursement of all payments in the above and to Colonel Monteith's Establishment at Paumben, are intrusted to-= him. He is head of Police of the long narrow tract of the sea Coast and is very frequently employed by me to report upon local facts and explain-des=-crepancies in reports of disputes in his neighbourhood.

The Annual increase in the salt revenue has been alluded to above. His pay is only rupees 100 per Mensem, whilst that of the 3 higher revenue Tahsildars,-= whose collections average only rupees 1,74,942 is 120. I beg to recommend he may be gratified with an increase of 20 rupees a Month from the 1st of August.-

7 The increase in the Sea Customs is-= attributable chiefly to the Export of Chanks to Bengal and of rice and paddy to Ceylon, and to the import of Chayroot from Columbo. I am happy in thinking this department quite free from fraud. It is under the superintendence of the Salt Amildar who makes frequent Journies along the Coast.-

The greatest deficiency of Salt is in the Tyravanadapatam Mocarcoody and Shethandathanam Pany, where the heap is lay unsold for a long time. Heap No. 1. in Tyeravanadapatam was made up with Salt remaining of 1838 and produce of 1839. In Sholeacoody and Cattanom the wastage exceeds the rate fixed but not to a large extent. Wastage in year 1850 averages only 2 2 3/4/16 per cent on the whole whereas last year it averages 2 3/4 Sanction for writing it off in the accounts is requested.

Sir,

From the Collector of Malabar - - } Dated. I have the honor to acknowledge the receipt of your letter of the 17th Ultimo, desiring to be informed "whether my experience leads me to believe that the smuggling of Pepper into the foreign Settlement of Mahé is pursued to the extent surmised by Mr. Underwood, and if so, to offer any Suggestions that may occur to me for it's Suppression."

Submits with reference to the Board's letter dated the 17th June that neither his experience nor the information which he has been able to obtain would appear to warrant the conclusion arrived at by Mr. Underwood regarding the smuggling of Pepper into the foreign settlement of Mahé.

2 In reply, I beg to inform you, that neither my experience, nor the information which I have been able to obtain on this subject, would appear to warrant the strong conclusion at which Mr. Underwood has arrived.

3 Shortly before the receipt of your letter, I was induced for my own satisfaction, and with the view of testing the integrity of the public Servants in the vicinity of Mahé to make private enquiries as to the amount of Pepper exported

Fort St. George 29th July 1841.

exported in two French Ships which had taken in Cargo at Mahé this season. The result was highly satisfactory. of 826 Candies which I ascertained to have been shipped, 582 had paid the Government dues (as shewn by our Custom accounts) previous to its introduction into Mahé, and as the French territory itself is supposed to produce more than 30 Candies of Pepper per annum, the additional amount exported was sufficiently accounted for.

4 That this result is not an exception to a general rule, will be proved by the accompanying Memorandum shewing the import into, and export from Mahé of Pepper for the last 10 years.

5 I account for Mr. Underwood's views on this subject, by the fact of the Smuggling of a quantity of Pepper into Mahé having been detected very shortly before his appointment to act as Principal Collector in Malabar, Mr. Underwood examined this case, in which all the Land Custom Servants were implicated, and dismissed them all. I see no reason to expect a similar combined breach of trust. Petty Smuggling of Pepper will no doubt at times occur, but this must be expected, I fear, under any preventive Establishment.

6 The Chief Smuggling we have to complain of is that of Tobacco from Mahé into our territories, but this point has been lately under the consideration of the Board & Government.

In Cons. 7th June 1841. Consultation of the 25th May last, I am directed by the Board of Revenue to request you will lay before Government, the accompanying

To the Coll. 5th June 1841. From Do. 5th Cons. 29th July " Correspondence with the Collector of Malabar with reference to the Supposition entertained by the Collector of Sea Customs at the Presidency that Smuggling in the article, Pepper, extensively prevailed at the Port of Mahe on the Western Coast.

The Right Honorable the Governor in Council will observe that Mr. Conolly is of opinion that Mr. Underwood's Surmise on this point is not well founded. The exports from Mahe this season in Pepper amount, it is stated, to 625 Candies of which 583 paid the Government duties, and a small quantity

quantity of Pepper it is said is grown within the Foreign territory.

The accounts of Import and export for ten years likewise furnished by the Collector of Malabar tend to shew, if correct, that the clandestine introduction of Pepper into Mahe can only have prevailed to a very limited extent during that period.

From the Coll. of Malabar } Submitting a proposal from certain Merchants of Tellicherry to farm the Cardamom produce of Malabar for a period of five years.

Sir,

I have the honor to forward a tender from two of the most respectable merchants of Tellicherry, proposing to farm the Cardamom produce of Malabar for a period of five years. The terms they offer are to pay the Government annually 5,250 Rupees to settle with the Ryots for their half Share at 250 Rupees per Candy, and to pay the Sea Custom duty at the rates noted in the Margin.

3d " " 250.

2 I am decidedly of opinion that it is desirable, under present circumstances, to lease the Cardamom farms for a succession of years instead of, as hitherto for one year only - owing to the very unfavorable state of the market for the last few seasons, the Cardamom Hills have been greatly neglected, and it is to be feared that unless some extraordinary measures are used, they will Continue to be neglected.

3 It is not worth the time of the person who gets only a years lease to expend money in bringing them into order, but the case is of course altered if he have the farm for five -

4 To work effectually however, the Farmer must have the Co-operation of the Cardamom Hill Proprietors, and this the Tenderers hope to secure by giving them (as they have generally been

accustomed to, and as they prefer) a fixed sum for their half share, in place of leaving them to get the half of the net amount bid as it was determined (on my recommendation) should be the case by the Board's Proceedings of the 11th March last.

this year, the first the New system has been fully tried, the half share amounted to within the nearest fractions 200 Rupees per Candy of 640 ℔ inclusive of a moiety of Customs -

5 This fixed sum (250 Rupees) per Candy of 640 ℔ being in all probability in advance of what the Ryots would receive from the actual moiety, the tender may in one way be thought not so advantageous to the Government as it should be, but this Consideration will not perhaps be suffered to have much weight - It is of importance for Government as well as for other parties that the Farm should be improved and a measure by which this improvement is effected need not be repeated, because there is some irregularity in it at the lapse of five years, it is to be expected that

Fort St. George 29th July 1841.

but little below it, and Considering the price
to be paid to the Ryots may be said to be
in excess. On the whole, I think it will
be well to accept this offer, or should the
Board deem it better to invite Similar
tenders and close with the most advanta-
geous one that may be received.

that trouble and attention in the preparation

that the Government will derive a Con-
siderable increase of revenue in again leasing the farm.

6. The rate at which the Tenderers propose to have the Tariff fixed at, is I think fair and reasonable. It is above the ad valorem duty which was levied this year under the Sanction of your Board, but the Merchants have agreed with me, that as this Tariff will have to last for five years and it is more probable that a Small rise will occur in the value of Cardamoms, than that they will remain in their present very depressed Condition, the addition now proposed is no more than is just.

Resolved that the following letters be despatched together with the Petitions therein referred to.

To the Collector in the Village of Chingleput.

(97)

To the Collr of Chingleput.

1257 of 1841.

Sir,

I am directed by the Board of Revenue to transmit to you the accompanying Petition from Govindaraj Avvaul Ramaloo in behalf of his Highness the Nabob of Arcot claiming a Bungalow and Garden situated in the Village of Allatoor attached to your District and to request you will be pleased to enquire into and to report upon the subject, at your earliest convenience.

Revenue Board Office, Fort St. George, 29th July 1841.

Signed C. B. Lawrence. Secretary.

To the Principal Collector of Madura.

To the Pr. Collr of Madura.

(98)

Sir,

With reference to the Petition from the Nabob's Proceedings of the 15th June I am directed by the Board of Revenue to transmit to you the accompanying Extract of Accounts which it is wished

9354 Fort St. George 29th July 1841.

Should accompany the Settlement Report of your District in future.

It will be seen that the number of Statements are 18 or five more than the usual number furnished from Madura, but much that was unnecessary has been omitted and it is believed that their preparation will occupy less time than those previously in use.

3 A detailed summary account of one Village in the District and Villagewar Accounts shewing the increase and decrease of Land Revenue in the last and Current Fusles are annually required according to the Circular Order dated the 21st October 1839 in the Margin.

Revenue Board Office,

Sir,

From the Collector of Malabar - - } Dated. I have the honor to acknowledge the receipt of your letter of the 17th Ultimo, desiring to be informed "whether my experience leads me to believe that the smuggling of Pepper into the foreign Settlement of Mahé is pursued to the extent surmised by Mr. Underwood, and if so, to offer any Suggestions that may occur to me for it's Suppression."

Submits with reference to the Board's letter dated the 17th June that neither his experience nor the information which he has been able to obtain would appear to warrant the conclusion arrived at by Mr. Underwood regarding the smuggling of Pepper into the foreign settlement of Mahé.

2 In reply, I beg to inform you, that neither my experience, nor the information which I have been able to obtain on this subject, would appear to warrant the strong conclusion at which Mr. Underwood has arrived.

3 Shortly before the receipt of your letter, I was induced for my own satisfaction, and with the view of testing the integrity of the public Servants in the vicinity of Mahé to make private enquiries as to the amount of Pepper exported
