Extracts from the Minutes of Consultation
Under date the 12th July 1841.

Read the following letter from Captain F. Cresley His Highness's Nizam's Cavalry Forwarding all the evidence he has been able to procure regarding the question of the right to collect the "Poollery" tax from the Zemindars of Moonegal Lungagerry and their Ryots and offering certain observations on the subject.

(Here enter 28th May 1841 No. 714)

The information furnished by

by Captain Gresley in the foregoing letter and its accompaniments regarding the question of the right to Collect the Poollery Tax from the Zemindars on the Nizam's Frontier does the Right Honorable the Governor in Council to be satisfactory and in transmitting the papers to the Board of Revenue with reference to the Extract from the Consultation dated 27th March 1841 he resolve to draw their attention and to direct that orders be issued in conformity to the suggestion conveyed in para 25 of Captain Gresley's report which accompanied his letter of the 10th March last, wherein it is recommended "that strict orders should "be issued to the Zemindars and local "officers on each side of the Frontier not to "permit their cattle or sheep to graze be-"yond their boundaries without having "previously obtained the permission of the "party to whom the forage belongs".

Captain Gresley is requested to furnish His Highness the Nizam's Government through the Resident at Hyderabad with Copies of his reports and enclosures on the Poolery question under

under his own signature, if he has not already done so, and His Lordship in Council directs communicate the Resolutions of Government thereon to the Resident in view to His Highness being solicited to issue orders on the subject to which the attention of the Board of Revenue has been directed.

Sir,

I have the honor to forward for the information of the Right Honorable the Governor in Council all the evidence I have been able to procure regarding the question of the right to collect "Poollery" from the Zemindars of Nuneegal and Lingagerry and their Ryots, and especially upon the two points to which my attention was directed in paras 1 and 3 of the Minutes of Consultation as dated

Fort St. George 2nd August 1841.

Labor. 27th March 1841. —

2 Regarding the first question about which further information was required is whether a "right of Common" has existed from time immemorial between the Company's Zemindaries of Moonegal and Lingagerry and the adjoining Villages of the Nizam's Territories the following evidence is submitted. —

3 (Nos. 1 and 2) The statements given by the Zemindars of Lingagerry and Moonegal declaring that the demand for Poolliery is unusual and has never been made until lately, and that mutual permission to graze in each other's Jungles has existed from time immemorial between the Inhabitants on each side of the Frontier. —

4 These are the Statements of one of the parties immediately concerned and of course directly contradicted by the opposite party. —

5. Nos. 3 to 14 are translations of the documents which accompanied the statements given by the Zemindars

of

Fort St. George 2nd August 1841.

of Lingagerry and contain evidence given by various individuals mostly residing in the Nizam's Territories corroborating the statement of the Zemindars that Poolliery had never been collected from the Lingagerry Villagers by the officers of the Nizam's Government. —

6 This evidence appears considerably in favor of the Lingagerry Zemindars claim especially as most of the people who gave it resided in the Nizam's Villages the dates of the original documents shew that there were given several years ago, some of the writers of them are now dead and I had no opportunity of questioning any of the parties myself. —

7 Various objections were made to these documents by the Nizam's Zemindars, the principal of which were, that several of the parties whose names are attached to them are friends or connexions of the Lingagerry Zemindars and that their documents were not produced on a former occasion when the Lingagerry people were called

called upon by the Moonsiff in one of the Company's Courts to shew cause why a claim made on account of Poallery should not be enforced (vide enclosure No. 22). —

8 No. 15 is a statement by the Amuntagherry Zemindar contradicting the above evidence. —

9 No. 16 is a translation of an Urzee dated in 1830 from Areehundee Sheshadree Nayroo Zemindar of Pagoolpar Purgunah to the Collector of Masulipatam written in reply to a complaint made against him by the Lingagerry Zemindars explaining why he had collected Poallery from certain Ryots of Lingagerry Purgunnah. —

10 No. 17 is a translation of an Urzee to the Collector of Masulipatam from the Amil of Nalgoondah dated 1830 to the same effect. —

11 No. 18 is a Statement given by Mahomed Azim Ali Talookdar of Amuntgerry &c. Purgunnahs in reply

reply to the Statements given by the Zemindars of Moonegal and Lingagerry.

12 The above evidence can scarcely be considered otherwise than exparte and there is no third party on the spot from whom impartial evidence upon the subject could be obtained. —

13 No. 19 is a copy of a letter from the Collector of Masulipatam to the Resident at Hydrabad dated 1831 stating that he considered the demand for Poallery unjust, upon the ground that the Moonegal and Lingagerry people had a prescriptive right to take their cattle to graze on lands within the Nizam's Territories free of tax. —

14 No. 20 is a translation of the Report sent to the Nizam's Minister by Mahomed Azim Ali who was ordered to enquire into the matter in which he endeavours to shew that the Company's Zemindars never had any such right. —

15 No. 21 is a translation of a letter from the Nizam's Minister shewing that the Nizam's Government do not recognize such a right. —

16. No. 22 is a copy of a Decree given

given in one of the Company's Courts in a
case wherein Shavhadree Nayroo Zemindar
of Nagoolpar sued certain Ryots of Lingagerry
Purgunnah for payment of a written engagement
to pay a certain sum for grazing in the Co.
Nagoolpar lands in the year 1830 - the decree
was in favor of the Plaintiff. -

17. Mr. Purvis Assistant to the Collector
of Masulipatam observes in a letter dated
30th August 1838 concerning this decree
that the suit was decided ex parte upon
the bond, the Lingagerry people having
failed to attend at the Moonsiffs Court
and that the general question of the
right to levy Poollery was not entered upon. -

18 It may be here remarked that
had the demand been an unjust one, or
had the written engagement been procured
by unfair means the Lingagerry people had
an opportunity of opposing the claim Co.
upon those grounds but that as they
did not do so, the giving of the written
engagement may be taken as in some
degree an acknowledgment that the
sum was fairly due. -

19 No. 23 is an extract from
an Urzee written by the Zemindars
of Lingagerry to the Collector in 1830 Co.
complaining that the Zemindar of
Nagoolpar

Nagoolpar had "extorted" from the Ryots
the sum of Rupees 347-15 on account of Poollery.

20 No. 24 is also an extract from a Co.
Petition addressed by the same Zemindars
to the Collector dated 1831 stating that in the
year 1812 the Zemindar of Nagoolpar had
insisted upon their Ryots paying Poollery: -
These sums were refunded upon

21 a complaint being made by the Collector to
the Nizam's Authorities - but the Petitions
shew that the demand for Poollery was made
by the Nagoolpar Zemindar as far back
as 1812 and is not Novel demand as is now
stated by the Lingagerry Zemindars. -

22 Enclosure No. 25 contains trans-
-lations of various Accounts kept by the
Nizam's Government Officers and by the Pur-
-son who formed the Poollery Collections Co.
during the year 1241-42 Fusslee (1831-32) shewing
that during those years various sums
on account of Poollery for sheep and Co.
Cattle grazing on the lands of Avinuntghee-
-ry Purgunnah were paid by the Ryots
of the Company's Country to the Nizam's
Government as follows. -

	Rs
From the Villages of Mowgal Purgunnah	32-15

23. The Evidence which accompanied my Report upon the settlement of the Boundary dispute between the Villages of Moonegal Purgunnah and the adjoining Villages of Purgunnah Anantgerry shews that for some years prior to 1830 several of the Nizams deserted Villages on the border were rented by the Moonegal Zemindars or their Ryots and of course their cattle grazed in the Jungles of those Villages during the period of the leases without any extra demand being made for Poollery by the Nizam's Government Officers.

24 † Enclosure No. 26 contains Extracts from the Government records of the Collections on account of the Circar Reuenues made in the Purgunnahs of Kunnuckgherry Maddra Hauelee and Anantgherry which border upon the Masulipatam District shewing that between the years 1238 1250 Fusslee various Collections amounting altogether to 9120 Rupees have been received from the Inhabitants of the Company's Villages on account of Cattle and Sheep grazing and carried to the credit of the Nizam's Government.

25. This is all the evidence that I have bearing directly upon the question.

There

There is so much party feeling among the inhabitants on both sides of the border that the depositions of the Zemindars or their partizans are by no means to be relied upon. A comparison between Enclosures No. 13 and 16 both written by the same person shews how little value can be attached to this kind of evidence.

26. The accounts (No. 25) the decree of the Court (No. 22) and the admissions made by the Lingagerry Zemindars prove that various sums have been paid to the Nizams Government by the Moonegal and Lingagerry Ryots for Poollery though what the Nizam's people call Collections the Company's Zemindars call extortions and the fact of the disputes having existed for so many years is a proof that the demand is not a new one.

27. I am not aware of any other part of the frontier where a right of common either exists or is demanded although there are many places where the Inhabitants on each side of the border

border have made temporary arrange-
ments among themselves mutually of
giving up the demand for Poolley. The
only reason why such a right is likely
to have existed is that mentioned by Mr.
Stonehouse in his letter to the Resident
at Hydrabad (Enclosure No. 19) Viz. that
"the practice has arisen from there being
"no pasture lands belonging to the Company's
"Villages in question" (that is in the Linga-
gary and Monegal Villages) and the pe-
-culiar position of these two small
Zemindaries.—

28 I may here remark that it is
only since the Permanent Settlement of those
Zemindaries that the Cultivation has
been so much extended as to present
there being sufficient pasture lands
for the Cattle belonging to the inhabi-
-tants; before that period the Ryots
of these Zemindaries had no occasion
to go to the neighbouring country for
forage, but as the population and
number of Cattle increased, the
pasturage in the adjoining Nizam's
Villages became valuable on ac-
count

account of the demand made for it by
the Company's Ryots.—

In other Zemindaries similarly
29. situated no such right is found to exist.—

For instance Purtyal and four
30 other Villages belonging to Kanat Talookah
(Nizam's) are insulated in the Company's
Territories in the same way as Monegal
and Lingagerry are insulated in the
Nizam's like those Purgunnahs these
Villagers of Kanat Talookah have no
pasture land within their boundaries
sufficient for their Cattle, and the
Inhabitants are constantly obliged
to take their Cattle to graze in the
Company's Villages beyond the fron-
-tier. The accompanying Extract from
my own Notes (No. 77) shews that the
people of these Villages who take their
Cattle to graze in the Company's Country
have to pay Poolley to the Company's Zemindar.

I place some reliance upon
31 this item of evidence because the
man who gave it (Tirmul Row) is a
Despondiah under both Governments
and entirely unconnected with the
parties

parties at issue and the Villages of Kanat Salook'ah are at a distance of 50 Miles from the Moonegul and Lingagerry frontiers.

32 The Village of Moongamar is a part of Coojoor Purgunnah (Company's) insulated in the Nizam's Purgunnah of Muddra, the lands of this Village are mostly under actual Cultivation and the Inhabitants are entirely dependent upon the neighbouring Villages of Muduva Purgunnah for pasturage. it appears from the Government accounts of Purgunnah Muddra (No. 26) and the enclosure No. 28 that Poollery has been regularly paid to the Nizam's Government by the Inhabitants of Moongamar according to their own written agreements in the same way as by the Inhabitants of other Company's Villages on the Border.

33 The following enclosures contain evidence regarding the second question Viz. whether Poollery is collected in the Company's Country upon cattle brought from the Nizam's Villages or not.

34 Enclosure No. 29 contains the Statement given by the Tahsildar of Inggiapet upon the subject. He states

that in the Purgunnahs under his management the Cattle graze on the pastures of the Nizam's Villages and the Cattle of the Nizam's Villages graze on the pastures of the Company's Villages until evening and return to their respective Villages" in which case no Poollery appears to be levied by either party also that no Poollery has been Collected in Moonegal Lingagerry and Nanila Co Purgunnahs but that in Penguncky pole and Betavole Purgunnahs Poollery is levied at various rates upon Cattle that are brought there to graze, if they remain for any length of time, and that a small Poollery tax is levied on the frontier upon "Bandy Bullocks, of burden 9 ca" that pass and repass on certain roads.

35 The Tahsildar's report is formed from the statements given by the Ryots of the Company's Villages on the frontier (who are interested parties) and not from his own experience.

36 Enclosure No. 27 contains a Memorandum of the Statement which I received on the spot from the Government local Officers at Inggiahpet who attended at my camp in January last.

No.

37. No. 30 contains a declaration given by the grain dealers of Pochumcherla who are in the constant habit of trading with Juggiapet, that they are charged a small Poollery Tax upon each Bullock for every day they remain in the Company's country, which they pay without dispute.—

38 No. 31 is a statement from the Zemindars of Muddra Purgunnah giving the names of certain Ryots who are entitled to graze free of tax in consideration of their cultivating lands as Pykhasts" in their adjoining Company's Purgunnahs, they state that other Ryots of Muddra Purgunnah who do not cultivate lands in the Company's Villages rent Ground for grazing in the Company's country.—

39 The above evidence is very contradictory but it is sufficient to shew that payment is made for forage in the Company's Country by Nizam's Ryots who take cattle to graze there for any length of time.—

40. In Mooinegul and Lingagerry Purgunnah no Poollery has been collected probably because there is

is no opportunity for demanding it but in Pongunchypsole and Betamole where there are large tracts of Jungle yielding good pasturage Poollery is collected.—

41 The following explanations will perhaps put the matter in its proper light.—

42 On referring to the map of the Lingagerry Purgunnah which accompanies my report upon the settlement of the Boundary disputes between that Zemindaree and the Nizam's adjoining territories, you will observe that almost the whole of the boundary was disputed. Most of these disputes had existed more or less from time & on immemorial and large tracts of waste land amounting altogether to about 3000 Acres are occupied by neither party.—

43 Through these extensive & Jungles there was no acknowledged Boundary line in actual use, and though neither party could allow the other to clear the Jungle and bring land under cultivation so as to establish any thing like a right of occupancy. Yet the cattle of both parties grazed upon the disputed lands which in many places afforded good pasturage and on these lands undoubtedly

undoubtedly each party had a right of Common as long as the Boundary disputes remained unsettled.

44 The present Boundary fixed by Arbitration has made about an equal division of these waste lands and the Ryots of each party would appear to have the right either to bring under Cultivation their own share of the land or to leave it for pasturage; if the right of Common were to be enforced it might materially interfere with the Cultivation and afford a constant source of dispute.

45 I am convinced that no right of Common has existed beyond the tracts of land above mentioned unless arrangements between the Inhabitants on each side of the border for mutual permission to graze in each others Jungles made for mutual convenience and perhaps in some instances kept up for several years in succession, be considered as sufficient to establish such a right in a perpetuity.

46 These arrangements are perfectly understood by the Inhabitants and are never considered otherwise than temporary and liable to be annulled by either party as circumstances may suggest.

No. 1.

Translation of a Petition from K. Vencata=cristna row Manager, on the part of Rajah Cotanda Ramiah, Minor Zemindar of Mone=gal Purgunnah.

Since the formation of our Monegal Purgunnah, and of the Purgan=nahs of Anantagerry, Nagoolapar, Toond=rongondah, Poorlongondah, Jaleepelly, and Nalacondapelly in the Nizam's Country: that is to say since these 3 or 4 Hundred years no Peshkree tax has ever been demanded by the Nizam's people from the Ryots of our Villages, or by the people of our Villages from the Nizam's people Nor has any dispute ever taken place on this account at any time.

With a view to violate this usual and uninterrupted custom. M. Dighton had attempted to demand this tax, after the Circars of Canmanmeth &c. have come under his management from the commencement of the year 1831.

We having thereupon communicated this to the Collector of Masulipatam District through Arzees, he expressed the matter to the Resident at Hyderabad, and caused Takeeds to be issued to the people of the said Purgunnahs, thro' the Medium of the Nizam's Minister prohibiting such unusual demands. In this manner it is clear that no Poleiree has ever been levied. It is a matter of great astonishment that Ramajag=garow the Dasamook of Anantagerry Purgunnah and also the Dasapandyas have stated in their Kifeyet that they have right to Pleiree, while they had confessed before your Honor that they had not collected it from us.

Under these circumstances we do most earnestly pray that the long established custom which was prevalent as above particularized, may be brought into enforcement.

Translation of an Urzee from Rajah Rautre=poogadoo Narahary and Mattiah, Zemindars of Lingagerry Purgunnah to Captain Gresley.-

Dated 12th January 1841.

The Villages of our Lingagerry Pur=gunnah and those of the 3 Purgunnahs of Anuntagerry, Vazeerabad, and Naugoola=pahar in the Nizam's Territory, being on the same borders, the Cattle of our Estate graze in the said Purgunnahs, and those of the latter in ours without ever payeng Pleiree; a custom which has been in force ever since the original formation of the Villages, and uninterrupted, in the administration of either Mohomedans or Company's Government.-

Now, Amarunayeenee Ramajaggaroo Zemindar of Anantagerry Purgunnah sent his force about 150 in number on the 19th June 1840 com=mitted every kind of disturbance, forcibly carried away the bullocks which were ploughing

ploughing, and also the the Buffaloes, sheep and goats which were grazing in our own lands, put them in a close custody at the Fort of Pochemcherla without allow=ing them either grass or a drop of water, and at last exacted a sum of Rupees 316—4—9. Subsequently also, he is commit=ting many acts of injustice.—

As regards the Zemindar of Nagalapar Purgunnah, we beg to re=present that we being in variance with him on the subject of a boundary, he made illegal exactions of money at two times. However, as the decision of the boundary dispute has allowed us a great part of jungle fit for the grazing of cattle, and as the Cattle of his Talook always come to graze in our lands, he has entered into an agreement with us stipulating that the Cattle of our Talook should graze in the other without payeng Pulchree in accordance with the former custom and also repaid us the amount twice extorted as before mentioned.—

In

In regard to the Purgunnah of Vazeralad we have to state that the Villages of Calawapally with the hamlet of Cacha=wara poogoodien, Latchmeepooram and Anja=neeporam being contigeous to it, the Cattle of the Villages and of the said Purgunnah still graze in the lands of each other without Pulchree, and the cattle of our remaining Villages; namely Lingageery, Lacamawarum, Janoogabunda, Saravawarum, Calawapally, Amaravarum, Streenewasa=pooram and Sectaramapooram graze in the jungles, only which are decided by your Honor in our favor, but they need not go into the lands of that Purgunnah.—

The Cattle of Pochemcherla do always come into the hamlet of our Vil=lages Lacamawarum and others to graze and quench thirst. Although our Cattle do not go into the lands of the opposite party, Rama Jag=gerav being a man of power has unautho=rizedly exacted money as already set forth under pretence of our cattle having trespassed into

into his lands. By this our Estate has been in a deteriated condition and we have sustained a great loss.-

We hold in our possession documents executed by the Nizam's people, which prove that there is no customs of ever levying Polekree from our Talook. Under these circumstances we most earnestly pray that your honor, being the seat of justice, will be pleased to release us from the demand of Polekree by the Zemindars of the above named 3 Purgunnahs and also direct re-embursement to us of the sum of Rupees 310-4-9 extorted by the Zemindar of Anantagerry Purgunnah from our Ryots.-

Translation of a letter from Sheerjee Nuccoom beg. Stack of Vazeerabad Purgunnah, to Mantrapragada Seemiah and Mattiah, Zemindars of Lingagerry Purgunnah.-

Dated 25th Rabelawal of Hejry 1246. (A. D. 1830)

In reply to your letter desiring

to know my knowledge as to the custom of levying Polekree from your Purgunnah by the Nizam's people, I have to acquaint you that since these 20 years I have been appointed as Naib, there is not a single affair passing out of my knowledge in the Purgunnahs of Vazeerabad and Nagoolapar; and that no such kind of tax was ever levied either by the Zemindars or by the Circar during their respective managements

You say that Arebundy Sashachalapaty Naido, Zemindar of Nagoolapar has unjustly exacted a sum of Rupees 350 on account of Polekree, what have I to write on this subject?. If you communicate this to the Collector of Masulipatam, he would immediately obtain orders from Maharajah Chandoolal to relieve you from all interference of that Zemindar for ever.-

In a late instance, Comarooddeen Khan, during his administration, had on a letter from the Collector, issued injunctions to the Dasamookh of the said Purganah prohibiting him from demanding Polekree.-

If

If you now communicate this matter to the Collector in the same manner, he will no doubt bring this to a successful close without delay.-

Dated 4th Decreasing Moon of Aswejam. year Veerooty (A. D. 1830.)

Arebundy Sashadry Naido having confirmed your cattle in the Sort of Gurda-=pilly and levied Polchree, the Curnums and Moonsiffs of the 3 Villages made a report to the Head of Police on that subject- What answer would be given thereto, and what measures do you adopt on this matter? I have held the office of Curnum of Gurdapilly and Rayagooden, and of Dasapandya of the Pargunnah for a period of 50 years, and I am aware that it is universally known that no Polchree was ever levied till now on the Cattle of Gooroogalumda, Saruwarum and

and Calawapally, at the time the whole Purgunnah was in our profession or even after the said A. Sashadry Naidoo's succession. Lately in the year Angeerasa, when this kind of tax was forcibly collected by the said Sa-=shadry Naido. Comaraddeen Khan had on application from the Collector of Masulipatam investigated into the unne-=morial custom, prohibited such unusual collection of Polchree and communicated the same to you- I think that you may have this document in your possession- I do not know by what means he intends to succeed in his point. He gives no ear to the advice of people like me. As the subject of this unusual tax must be settled through the Medium of the Masulipatam Collector, I think that the wisest step you can adopt is only to depute your Vakeel to him with your application. However-= you may do it as you think proper.-

I have felt the deepest regret since

Fort St. George 2nd August 1841.

since I heard that A. Sashachalapaty Naido, lately collected Polehree from your Talook. How could your British Government suffer such unaccustomed levy of a tax? If your Government does not take notice of this, who will protect you? You should enable yourself in retaliation to seize on the owners of the Cattle in his (your adversary's) Talook and collect from them as many Rupees as were collected by him. The Government to which you are subject is not a Mahomedan one. Why should not the Company's Government have regard in the their Talookahs and Ryots. You will therefore go to Masulipatam, report this to your Authority and get the Money recovered, lest otherwise your Neighbouring 3 Purgunnahs of Vazeerabad, Naugodpar and Anantagerry would pursue and confirm the same habit of collecting Polehree, which is not hitherto

In your letter you say that A. Sashachellapaty Naidoo confined the Cattle of your Villages of Ganogabunda, Seruwawarum, and Calwapally, in the fort of Gundapally and has demanded Poleree on them, and desire me to persuade him to release them by expressing to him the circumstance of there being no custom of such demand. Formerly during the administration of Tay= =dar Cumaradeen Khan, the Cattle of your Talook were detained for Polerees in similar way, when the Collector of Masulipatam having brought this circumstance to the notice of that Fouzdar, the latter made enquiry and ordered Sashachala paty Naido to release your Ryots cattle. Naido from the cattle of your Talook to the sum of above Rupees 301. It has never been collected by the Neighbouring 3 Purgunnahs in the Nozam's Country - In a late instance where he had designed to introduce a system of levying such tax, he was prohibited by the then Foujdar Camaraddeen Khan, on a communication from the Masulipatam Collector. I have the pleasure to acknowledge the

the receipt of your Arzee giving cover to a letter from the Collector, to my address - You say that at Sashachala-patty Naido, Dasamooth of Nagoolapar Purgunnah having detained the people of your Talook for Peshkree, you joined yourself with the Zemindars of Vazeerabad, and have, as an act of alienation, seized the people of Nagoolapar Talook. I have not heard this from you till now, nor have the Zemindars of my Circar, yet reported this to me at all, but having understood this from the Collector's letter I enclose herein a Takeed to the said Sashachalapaty Naido, directing him not only to set your people at liberty, but also not to recur to the introduction of unusual practices of similar nature in future - I am glad to hear of you being in amity with the Zemindar of Vazeerabad, I wish the augmentation of your friendship with your Collector daily, and desire you to despatch the enclosed letter to him. -

My Villages of Pannagoodem &c. on the said Purgunnahs and your Villages of Lingagerry and others being on the same borders, it has long been a practice on the part of the both of us not to demand Palekeree whenever the Cattle of your Village graze in my Lands or the Cattle of my Villages graize in your Lands.

Upon my seizing the Cattle of your Villages and collecting some money from spiteful natives on account of a late dispute, you came and remonstrated against such a levy of Palekeree saying that there is no custom to do so. Having upon enquiry found that there is no custom of demanding Palekeree, I have repaid the Money to your people from whom I had collected. Now upon my seizing some cattle of your Villages of Gana-gubunda and Sarwanarum, and obtaining engagement for the payment of Palekeree you came to me and said that it is unjust for me to do so while I had in a former instance repaid the Money I had collected on account of Palekeree and that it would also be just for you to collect such a tax when the Cattle of my Talook come into your Lands. Now with my open heart I restore the engagements taken by me from your people and hereby stipulate, that no demand of Palekeree shall ever be made whenever the Cattle of my Talook may graze

The People in the Com=

under the idea that their own cattle
feed on grass which would have other=

Company's people. This practice has
been observed towards our cattle in
the Jaggiapettah and other Talooks
in the Company's country. According
to the same custom the Company's

without any objection - Besides we
have always been receiving this kind
of Tax from the people of Monegal &

Company's Territory on the borders of
Anuntagerry - This Tax was uninterrupt
=edly levied until the Management of

Whenever the Company's people re:

their cattle under restraint - Now
upon our preventing the cattle &

Translation of an Arzee addressed to John Dent Esqr. Collector and Magistrate &c. in the Zillah of Masulipatam by Rajah Vareebundey Sasbadry Naidoo Zemindar of the Purgunnah of Nugoolpaudoo in the Nullagondah Circar appertaining to the Talook of the Nizam -

Dated 10th October 1830-

Para 1st Agreeably to the Ancient custom of levying Poollary tax upon cattle for those years in which they might be brought by the Ryots of the Villages of Saraaraawareeu, Calawapully, Ganoogabunda &c. (appertaining to the Purgunnah of Linga gerry which is situated in the Company's territories on the frontier of my Talook) and made to graze in the Villages of Ponoogadoo Rayaneegoodem, Gurridapully &c. appertaining to my Purgunnah,

I

Fort St George 2d August 1841-

I levied in this year also the Poollary Tax from the Ryots who grazed their cattle, but Muntrapragada Puttiah and Seeniah Zemindars of the Purgunnah of Lingagherry with a view of preventing my getting in future the said Tax which I had been levying commenced a groundless dispute by the intrigues of Tadacamulla Rayaroo and Puttiah who are my enemies and thinking that the Canpoos and Curnums of the Villages were their dependants, invented several falsehoods and caused them to make a report to the Head of Police of Juggiahpettah who came to Lingagherry to make an enquiry and he wrote me a letter -

2- The invariable custom observed between me and the Ryots of the Purgunnah of Lingagherry is that they should contract and cultivate

cultivate the land of the Villages of my Talook either from fixed money Tax or for share and that I should exempt such Ryot from paying any Poollary Tax for those years and levy the said Tax from the Ryots who might not have any concern with the cultivation in my Talook and who graze their cattle. I have according to the said practice exempted the Ryots who cultivated & from paying the said Tax and received the usual Poollary Tax from those who without cultivating grazed their cattle my Vakeel having reported the circumstance to the said Ameen he accordingly took a deposition from him and in proof thereof he also took the accounts of some years in which the Ryots of the Purgunnah of Lingaghery grazed their cattle in my Talook. & a representation was made to him to

to send for the ryots also from whom I levied the Poollary Tax in the respective years and receive proof from them also but I am not aware for what reason the Ameen without taking it, is assisting the Zemindars of Lingagherry they are Company's subjects but I trust that you, who are allwise will make a strict investigation regarding the same and render justice-

3d In the statement of the Zemindars of the Purgunnah of Lingaghereee caused the Ryots, who are inhabitants of the Talook and from whom I have been accustomed to levy the Poollary Tax) to give before the said Ameen by instigating them they got them to mention words which were not true, Viz. that the cattle of the Villages of my Talook used to go and graze in the Villages belonging to the Purgunnah of Linguagherree

and

and that the cattle of Lingagherry used to come and graze in my Talook but that it was never customary to make claim on each other and receive Poollary Tax and that the cattle were forcibly carried off in this year only and Poollary Tax was levied contrary to the custom --

4 If you who are the ruler of Justice will make a personal investigation on the subject it will appear that the Statement of the Ryots of Lingagheeree of the cattle of my Talook having grazed in the Purgunnah of Lingagheeree is false because there is no possibility for the cattle of that Talook to graze in consequence of their being no pasture land at all and the whole of the land being cultivation land, that the said Statement has been adduced to support their present plea that it is the custom to levy Poollary tax for the cattle which

which might graze even in this country Viz.t in the Purgunnah of Batavole and Panoyquncheepole belonging to the Company's territories is notorious, I had no reason to allow the whole of the cattle belonging to the Ryots of the Purgunnah of Lingagherry which is a foreign country to graze in the Villages of my Talook, the greater portion of which consists of pasture lands which yield a large income on account of carr's tax, and that my receiving Poollary Tax for the cattle which might graze in my Talook is just and that I levied it in this year also agreeably to custom, I therefore beg that you will be pleased to issue an order to the Zemindars of Lingagherry directing them not to make any preventation in the payment of the usual Poollaree Tax for the cattle which the

I have understood that the in

The said Desmook therefore sent
for the Individuals and justly received
the Poollary Tax according to the custom
regarding which the Zemindars of the
Purgunnah of Lingagherry addressed
an Arzee to your presence respect
=ing the circumstance in another
manner -

I have to state that
Poollary Tax was invariably levied
from the said Individuals since the
administration of Mahomed Cumroo
=deen Khan and Mahomed Roshun
but the individuals subsequently
used to cultivate in the Villages
of the said Talook as Payakaries and
pay a revenue to the Circar. The
Poollary Tax was not therefore received
from them for some time as an indulgence
They-

they ceased to cultivate since these two years but forcibly grazed their cattle in the Hamlets of the Villages of Ponoo=godoo &c. appertaining to the Talook of the said Desmook and failed to pay the Poollary Tax. he / Sashadry Naidoo / consequently received Poollary Tax from the Individuals according to custom. You will therefore ispue an order to the Zemindar of the Purgunnah of Lingayherry directing him not to make any objection in future re=garding the Poollary Tax - I have no thing further to say -

Translation of a Statement by Mahomd Ajum Ali Talookdar of Anuntayherry Purgunnah in reply to the Statement given by the Zemindars of Lingayherry and Moonegal -

I have received your letter

letter desiring me to peruse and to give any explanation regarding the statements of the Moonegal and Lingayherry Zemindars about the Poollary -

I have accordingly perused them attentively and beg to state as follows -

The letters in the Names of the Putwarees and others of Wageera= and &c. Purgunnahs which the Lingay= gherry people have exhibited as proofs of the truth of their own statements, are mostly dated 12 Years ago, some 6 and some 4 years ago, some of the persons by whom they are said to have been written are now dead, but Mudoom Beg in whose name one of the papers is written and who was formerly Naib of Wageerabad Purgunnahs is now residing in Lingayherree Purgunnah and = rents one of the Villages and if

the

Fort St. George 2d August 1841.-

the original papers could be submitted to him and to any of the others in whose names they are written who may be alive I am confident that they will not be acknowledged by them.-

Most of these papers are dated before the decision which was given in the Company's Court when Sheshadree Nayar brought an Action against certain Ryots of Lingagerry and recovered the Money due to him for Palekree, if the Zemindars had these papers in their possession at the time, how is it that they did not produce them in Court.- according to the written proceedings of the Court.- Six Months were allowed to the Lingagherry people to produce their evidence before the decree was given, and still they were unable to bring any.-

The Moonegal Zemindars say

Fort St. George 2d August 1841.-

say in their statement that the demand for Poollary has only been made since Mr Dighton has had superintendence of the Amuntaghery Purgunnah and that it was never claimed before. This is not the case for before Mr Dighton had charge of that part of the country, the Ryots of Moonegal Purgunnah who brought their cattle over the border to graze, always paid the customary Poollery unless they cultivated as Pykhast in the Zeyamd Villages.- Mahomed Meeran and other people who framed the Poollery collection can give evidence to this fact.- It is true that while Mr Dighton had charge of Amuntaghery Purgunnah and by reason of the Zemindars have absconded the country was in "Bamanie" the cattle from Moonegal were not seized in default of payment of Poollery, this was from an anxiety to prevent

prevent disturbances and under the

Abstract

No. 20.

Abstract of an Arzee of Mahomed Azem Allie, Taloogdar of Cummunmett, to Rajah Chundoo Lall.

(A.D 1831)

12th Jammaad Oavanee 1247. Hegeeree. your letter of the 22nd Jammaudoolawl has been received, regarding the dispute between Vencatanarasimma Row, Zemindar of Monagul, the Zemindars of the Purgannah of Anuntaghery and the former Naib.

The complaint of Vencata Nur-simmah Row against the Zemindars of Anuntaghery is thus. It was customery for the ancestors of the Zemindars of Anuntaghery to allow the Cattle of the Talook of Monagalah to graze in Anuntaghery without demanding /Poollary/ or the usual payment. In return the Ryots of Monagalah held field in Anuntaghery and their flocks of Goats and Sheep were penned there. this was the practice for years.

In

In 1232 fusly. the zemindars of Moongolah reversed the agreement and Mahomed Meean the Izardar demanded Pollaree and with many disputes collected it for few years.

When the Contract was at an end. the zemindars took it in their own managements, and the custom was continued. this time the zemindars of Anuntagherry, Amaranance Venkiah, Ramajuga Row and Rama Row remained concealed in the Mongal Purgunnah in Naresimmah rows house, and there made a Settlement of the Purgannah with Meer Goolam Ali through Narasimmah Row.

Narasimmah Row taking this opportunity prepared the boundary papers and got the Zemindars signature to them kept their Jewels and of 2000 Rupees gave 2,000 as a bribe to Golam Allie.

In all appearance till Amar Naunee

Naunee Venkiah. Deshmook was killed there was partnership and a strict friendship against the zemindars. after this the fear of the two Sircars induced Ragava Row and Rama Row to separate when the Purgannah was in Amanie and when Meer Goolam Allie seized any of the Cattle. complaints were made against the zemindars and all in appearance Ramajaga Row and Rama Row acted concert with the Naib

In Short in 1239 fusly Ramajaga Row, Rama Row living in the house of the Zemindars of Moonagal plundered with the aid of Narasimmah Row and Ragava Row the Villages of the Despondiah and cut the /kakool/ or tufts of heir off the heads of the Bramins and Ryots, plundered their property tied them upto a Tamarind Trees and took their money. their Petition to this effect was forwarded by Captain Burr. since I have been

been here I have never demanded any Pollary for the Anuntagherry Purgan=nah from Narrasimmah Row.

Narrasimmah Raw ought to pay the Pollary - as in the time of his Ancestors, or allow the Ryots to come and cultivate in Anuntagherry.-

The particulars of the Tyfsel of the Zemindaree of Kesara Vencata Nooresimmah Raw / authenticated / have been sent to Mr. Dighton, a Copy and Translation is sent

Ragava Row is now absent and has sent a reply to Government through his Brother. The amount of the Saloog is Rupees 10,565. He gave a bribe - of Rupees 5,000 to Meer Golam alli in 1238 fusly to take away the Kowle which had been given to Erasanee Ven=kiah Deshmook and took the Talook for Rupees 5,000. I demanded the

payment according to the Khureef Settlement. Ragava Row wrote some time after through his Brother that he agreed to pay Rupees 6,000 and could not pay any more, I wrote five or six times, he would not agree and also denied having taken the Coule of Roocherermancher to the Seeks that Sent to demand the money. which had been due for two years. He took the Arms of the Seiks - and sent them beyond the boundary -

The house of Ragava Row is in the Company's Territories, therefore the Seiks came away quietly, their Arms are still with him - I am unable to write all the malice - and disrespect of Nara=simmiah Row - and Ragavarow - they reside in the Company's Territories - and from the fear of the Company's Amla no person can say any thing to them, and they complain and do as they please. They think that their

There is a constant dispute between the zemindars of the Company's and this Government regarding Pollary, These are the particulars of it. Bullocks &c. from the Talooks of the Company Come to graze in the Purgannahs of Ka= =nakaghurree, Madera, Anuntagherry, and the Havalee of Commummett of this Government. the owners of the Cattle formerly gave so much a hundred yearly and this was carried to the Go= =vernment Account and is so still, Reevara Naradimmah Row, the Zemin= =dar of Inoonagall some times gave money, sent his Ryots to Cultivate in the Anunta= =gherry Purgannah, or penned his Sheep in the fields, now he pays nothing, nor sends his Ryots, nor does he pen his Sheep, and he refuses any Pollary- the Zemindars of this Government request that the rights of this

may

may be enquired into. if the Cattle come and graze in the Talooks of this Government, is the money to be paid or nat. If the Pollary was formerly paid, let it now be paid, and if it was nat formerly paid, let it be proved - and I shall so consent, as the zemindars have written. so I have mentioned in order that yow may do whatever may be proper -

Plaintiff brought this suit for the recovery of Arcot Rupees 149-12-as Deccan Rupees 187-3-3- being the amount of Principal and Interest of a Kararnamah executed to him by the Defendants on Thursday 11th Increasing Moon of Aswoojum year Vecrooty, for a balance of Decan Rupees 178 which was then found due on account of the Pollary Tax of the pasturage grazed upon the Defendants' Cattle in the Villages of his zemindary.

In their answer the Defendants deny the claims into be and allege some false Grounds in support of their defence -

The reply filed by the Plaintiff corroborates his Bill of Plaint -

Plaintiff named two Witnesses who are examined.

Defendants failed to produce their Witnesses and Documents in support of their defence. altho' 6 months time was allowed after the presentation of

of their answer —

The execution of the Document on which this suit is founded is satisfactorily proved by the Plaintiffs Document No. 12 as well as by the evidence of his Witnesses — No. 16 and 17. The Plaintiffs claim therefore appears valid —

The Pundit Sudr ameen accordingly adjudge that the Defendants — agreeably shall pay to Plaintiff the sum of — Rupees 149—12 sued for. together with the Subsequent Interest of Rupees 11—11 as and Costs incurred by the Plaintiff. and shall bear — their own Costs of Plaintiff. —

No. 23.

Extract of an Arzee addressed by Rajah Muntreepragada Seeniah and Mootiah Zemindars of Lingagherry Purgunnah to John Dent Esqre. Collector Masulipatam.

That the 6 Villages belonging to our Purgunnah situated betwixt the Nizam's three Purgunnahs. Viz.t Nagoolapadoo, Vadapillay and Anumtagherry appertaining to the Circars of Nullagoondah and Combhummettoo. Formerly the Zemindar of the said Nagoolapadoo Purgunnah by name Urribundy Sashachelapatty Naidoo had forcibly driven away the cattle of the inhabitants of certain Villages in our Purgunnah under pretence that the said inhabitants must pay him Pullary or tax of the pastures and so forced the said inhabitants for the payment thereof. In consequence of the Magistrates not having inflicted any

any punishment upon the said Sashachellaputty Naidoo for his having come with armed people into the limits of the Honorable Company's Country and unjustly obstructed the lands of our Zemindary from being cultivated, and inconsequence of his having obtained friendship of the head of the Police at Juggiah Pettah, he (Sashachellamputty Naidoo) is fully persuaded that he could have no any harm if he should commit any kind of disturbance in the Company's Country, so that he was bold enough to come again into our Zemindary Villages on the 6th September 1830 with about 200 armed people, and while the Cows, Bulls, Sheep, Goats & Year Cattle 3,122 in number belonging to the Villages of Gaundoogabundah, Survavarum and Colavapully in our Purgunnah were grazing on the pasture grounds

grounds of their respective Villages, he-
seized them with their keepers and forcibly
driven them away and kept them under
restraint in the Village of Gurdapully-
belonging to him. Being informed that the said
Cattle were restrained without feeding and
drinking, and that some of the Cattles were
dying for want of feeding as well as
by diseases, the owners of the Cattle
went thither to see them, when they
were also seized, and the Zemindar
after using coercive measures, extorted
from them the sum of Rupees
347—15—. and released them together
with their Cattle. At the time the
Cattle were seized and driven a-
=way to the Nizam's Country the
Villagers made a Report to the
head of Police on the subject. After
which we also acquainted him
with the foregoing circumstances

by

by a letter dated 11th of the same month,
notwithstanding the Police Ameen made
delay for some time and at last he came
into our Villages only on the 18th of the month
and took depositions from the Villagers. After
which he wrote a letter to Sashachelapully
Naidoo, being his friend, who sent his Goo-
=mastah Jayentee Gooraviah, from whom the
Ameen also took a deposition - and
transmitted the Record for the consideration
of the Magistrate, of which no decision has
been passed yet. In the deposition given by
the said Gooraviah he admitted his master
having forcibly driven away the Cattle belong-
=ing to our Ryots while they were feeding
on our fields, and extorted from them the
Sum of 347Rs—15As in the manner above-
=mentioned. but states as an excuse
his master was to receive the Pullary
Tax from them, that he had formerly
received the said Tax from some other
Ryots

Ryots (who are not now resided in our Villages) in the Fusslies 1222 & 1231.

The circumstance of his not having received any Pullary Tax from our Ryots in Fusly 1222 (or A. D. 1812) is clear by the accompaniments quoted in 1st Paragraph and in the fusly 1231 (A. D. 1821) he neither attempted to extort any some of money from the present Ryots under denomination of Pullary, nor they paid it. During which period there was a dispute between him and ourselves regarding the boundary limits pending before the Arbitrators. who made an award in our favor in the year A. D. 1821 (on fusly 1231) by this it is evident that he never received Pullary Tax from our Ryots in that year.

If it were true that he had received Pullary Tax from our Ryots in the fusslies 1223 up to the last year 16 years inclusive - To which he says that our Ryots had taken some lands in his Zemindary in

in rent and paid him an assessment. and that he could not prove the same by the Village accounts or by agreements entered into by our Ryots - He further deposes that our Ryots went to his master in the commencement of the present year and promised orally to pay him Pullary Tax. If it were true he would have obtained from them written agreements to that effect. what Ryots did promise - and how many Rupees did they agree to pay. As he has owned that his master never obtained written agreements from our Ryots. all the circumstances he mentioned in his deposition in support of his masters false claim is altogether unworthy of belief. The said Sashachelaputty Naidoo. prepared a Petition introducing gross falsities. that the sum of Rupees he extorted

extorted from our Ryots was paid by them in part of the poollary Tax that he is still to recover the same tax from some other Ryots of our villages, and that we put a stop to it which Petition was sent by him to one named Bundaroo Surrauze who is a Vakeel for the Mooctesla Zemindar here at, who caused the same to be presented into your presence by his Brotherinlaw. The said Sashachelapputty Naidoo, misrepresenting the fact to the Fouzdar of Nullagondah Circar got a letter to be written by him in your name in support of his false claim which letter he sent here by his own Servant named Mohammed Khasim, this very man followed Sashachelaputty naidoo when he came into our Villages in the two last occasions and created himself every kind of disturbance towards us, now he feigns himself as

as a Servant of the Fouzdar which is not correct. If you take the foregoing circumstances and accompaniments into serious consideration you will perceive Shashachellaputty Naidoo to have introduced falshoods in his said Petition and made the Fouzdar write a letter to you in accordance to his Petition after misrepresenting the fact and that there was not Mamool to pay him Pullary Tax by the Ryots of our Purganah and that he has extorted the sum of Rupees 347-15- from our Ryots in this year.

No. 24.

Extract of a Petition from the Zemindar of Lingagherry to the Collector of Masulipatam dated 10th May 1834

tho

"The said Sashadry Naidoo formerly seized and carried off the Ryots of the said Villages of the Singagherry Purgunnah, and insisted upon their paying Pullery Tax in the year 1812, when we in return seized the Ryots of Gendapillay which was his Village and reported the circumstance to Mr. Russell then Collector, who immediately perused the same and on the 16th April 1812 wrote a letter to the Aumeen of Nulgondah saying that a demand of Pullary tax by each in the adjacent Villages situated on the boundaries which was never customery was not proper and Cumroodeen Khan who was the aumeen approved of the same and reproved Sashadry Naidoo, Caused my Ryots to be set at liberty, directed that similar unusual acts should not be committed in future."

Translation of an Arzee addressed to S. Grant Esqre. Collector of the Zillah of Masulipatam dated 30th April 1841. by Valagapoody Codundaram Puntooloo Tahasildar of Juggiahpettah-

Your Hookoom No. 1 of the 12th April 1841 have reached me on the 16th of the same Month, which states that in my absence Police Tavabies Palavarapoo Sobanadry have personally informed Captain Gresley that the Bullocks of Burden and Cattle &c. Coming from the Nizam's Territories, into the said Juggiahpettah Talook on grazing upon its pastures, a Mamool of 2 Pice is levied per Bullock per day

lay under Pollary and Calls upon me, to procure reports from each Village under my range of the Mamool that exists in levying Pollary per Month upon per hundred Cattle of Bullocks, Cows, Sheep, Goats &c. that are driven from the Nizam's Territories for pasturage into Bullavale and Lingagerre Purganahs, Villages, and the Mamool of Pollary levied for Cattle &c. driven from the Company's Territories for pasturage into the Nizam's Territories and to give information with the reports to the Huzzoor within 8 days.

Since that I sent Peons to every Village to procure the reports and I have received all except Nundegamah Purganah which is very distant, from which the reports of some Villages have been received and from some none - If I wait for the reports of the remainder Villages of Nundegamah, apprehensive that the limit of your Hookoom to forward the reports to the Huzzoor would expire, I therefore forward with a list all the reports that have been received which I

hope will meet approbation - These reports that are to come from the remainder Villages of the Nundegamah Purganah, as soon as received they shall be forwarded - But from the reports that have already been received from the Nundegamah Villages there appears no mamool of Pollary having been given or received - Further these Villages are not in the Nizam's Boundary and Cattle of Burden does not pass or halt on those roads. on enquiry into existing Mamool from the said reports of the said Sugegah pettah Talook. Lingagerre, Moonagala, Bullavale, Panoogunchprole, Nundgamah Purganahs and Namella Mootah. Villages that borders on the Nizam's Territories - The Cattle graze on the pastures of the Nizam's Villages and the Cattle of the Nizam's Villages graze on the pastures of the Company's Villages until evening and return to their respective Villages - For Cattle grazing in like Manner belonging to either Parties, no Mamool of Pollary appears

appears to be levied by either Party-

The Cattle of the Nizam's Villages and the Cattle of the Company's Villages do not remain in either pastures, longer than the evening. Of the undisputed Villages, it is not Known that at any time the Company's ryot's Cattle graze in the Nizam's Villages and that the Nizam's Ryot's Cattle graze in the Company's Villages. It does not appear that any Pollary has been levied by the Engageers and Moongalah Purganah and Kamela Mootah. The Cattle of Danoogunchepprole and Battavole Purganahs Villages belonging to the Company and the Cattle belonging to the Nizam's Villages, on Coming to graze, if they Remain any length of time of 2 or 3 Months, from the Commencement of the year until the end of Maganamasum or how many Months as they remain for so many Months. Resting or Padaca Pollary is levied, at 2-3 or 4 Rupees per hundred Cattle per Month, and it appears that

a Maumool exists of levying Pathares Pollance on Bandy Bullocks of Burden Vizt. that pass and repass from the Company's Territories into Nizam's Territories, and from the Nizam's Territories into the Company's Territories, on the general roads of Juggiahpettah. Shareemahomed pettah, Rundegamah, Vizt. in some villages 3/4 Dues, some Villages 1/4 Dues, some Villages 1/4 Dues, this is all but for the Cattle Coming from the Nizam's Villages to graze daily in the Company's Villages and for the Cattle going from the Company's Villages to graze daily in the Nizam's villages. and each returning in the evening to their respective Villages. no maumool appears of levying Pollary either by the Nizam's or Company's people- I write all this for your honor's information and approval.

We are in the habit of going from the aforesaid Village with our Cattle to Sugguiahpett in the Company's Country for the purpose of trade. the people of the latter place on the plea of it's being Customary to demand Pollery, number our Cattle and take payment from us at the rate

of a Dumree for each Bullock per day, for as many days as we remain there. if we take merely a single Bullock with us and remain there for one night only, not even allowing the Animal to graze, they still demand payment from us at the rate mentioned above. these demands which the people there make against us, as being Customary. we pay without disputing. and we write this for the information of our Masters.

The Right Honorable the Governor in Council having given his attentive consideration to all the circumstances reported in the proceedings which accompanied the above letter, under which Audeapah Naick and his Son Bal Naick were removed, respectively, from the situations of Hutwah and Pappal Moottuddee at Mattoopolliem, is of opinion that the punishment

Fort St.e George 2d August 1841.—

punishment inflicted on these individuals is excessive. It is observed that Audeapah Naick was charged with "falsifying a public document relating to public records in his charge" in reference to certain proceedings against his son, and that the latter was charged with embezzlement, and of these offences both were acquitted but they were subsequently dismissed for neglect of duty. His Lordship in Council thinks that in the time these individuals have been out of employment they have been sufficiently punished, and He Resolves therefore to direct that Audeapah Naick and his son Bal Naick be both reinstated.—

in Government securities. Rupees 18,500 appropriated as Government Peishcush and Rupees 7,190-2-11 expended for the Minor's subsistence and charges collections. Total Rupees 42,692-2-11 which being deducted from the gross receipts, leaves a balance of

Para 9. Rupees 2,287-12 in hand.

5 The Court sanction the Estimate of charges for fusly 1250 on account of the Minor's subsistence and the pay of Districts servants amounting to Rupees 6,760 being the same as for the year under review.

6- It is satisfactory to observe that the Gross charges incurred in fusly 1249 were below those of the preceding year by Rupees 887-14-1.

The increase in the Dowle of Fubited in the above statement is attributed to extended cultivation of waste land. The balance of the settled dowle due at the close of the year was reduced to Rupees 97-12-8 by the date of the Collector's report and it was expected that this sum would be realized shortly. The difference between the Kham and Settled Dowle Rupees 147-11-8 remaining as a balance, which

Para 15- is likely to be realized.

8- Agreeably to the recommendation contained in Para 14, the Court authorize the remission of the irrecoverable balance of Rupees 958-11-2. The remaining balance due to the estate and classed as recoverable amounts to Rupees 706-13-2.

9- The total receipts within the year including the ready money balance of July 1248 Rupees 3,242-4-4 amounted to Rupees 17,911-4-6 of which Rupees 16,892-8-3 were appropriated in the manner noted in the Margin, leaving a balance of Rupees 1,018-12-3 in

From the Coll.r of Vizagapatam } (16)

Sir,

Para 1. I have the honor to forward herewith a Statement exhibiting the offers for the rent of Toddy Makams of this Zillah for the current fusly 1251 as required in para 3 of the Board's Proceedings under date the 7th ultimo.-

I take this opportunity of intimating to your Board the death of T. Senkary Security to the Arrack Renter previous to the execution of the Security Bond. I have therefore received the security Bond from his widow and adopted son who are his heirs whom I believe to be unobjectionable.-

3 The Board will no doubt be pleased to observe that the decrease in the amount of offers has been somewhat reduced by those made subsequently to the despatch of my letter dated 26th May last.-

The

Resolution thereon (16-17) The Board of Revenue authorize the acceptance of the offers for the Toddy rent of Vizagapatam for fusly 1251 amounting in the aggregate as shewn in the accompanying Statement to Rupees 10,486--

To The Secretary to the
Board of Revenue

From the Collr. of Vizagapatam

Sir

1 I have the honor to acknowledge the receipt of your letter dated the 14th June last requiring further information regarding the accompanying Petition from the Ryots of Parapy in the Vizianagarum Zemindary--

2 The demand on the Village of Parapy for fusly 1249 was as follows--

List of the land cultivated in that fusly	1339	-- --
Tuckavy	164	-- --
Current Demand	1483	-- --
Arrears for former years	2,517	-9-9
	4,000	-9-9

From

9491 Fort St. George 2d. August 1861

From a deficiency of rain in fusly 1249 the value of the produce was only Rupees 1052-5-8 but the Village of Parapy is favorably situated for irrigation and in ordinary seasons, the lands are by no means over assessed and the ryots are consequently in very good circumstances--

3 With reference therefore to the produce and the condition of the ryots I reduced the demand for fusly 1249 to Rupees 823-10-- of which 720-12-- were collected and the balance Rupees 102-14-- remains as an arrear to be realized hereafter. The mode of Settlement is explained in para 41 of my Annual report for fusly 1248 and I am satisfied the Board will not think the demand by any means excessive--

From the Collr. of Rajahmundry } Submitting the required explanation as called for by Board's Proceedings of 24th Ultimo on the subject of the Interest of Tandemullah Estate.—

Para 1. I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of 24th June, calling for explanation respecting an apparent inconsistency between the account furnished by me under date 25th September 1840 which shewed a balance of Rupees 1,363-1-3 against the Tandemullah Estate and the letter of my Head Assistant of 8th Ultimo, recommending that a charge of Interest to the extent of Rupees 1,880-1-11, should be remitted, observing that if the demand of Government had been confined to the principal and Kuft charges and the Interest originally excluded, the total demand whould have been Rupees 17,517-6-2- and deducting the purchase Money Rupees 18,000. the balance due to the Proprietors would only be Rupees 482-9-10—

2 In reply, I beg leave to state, that the account submitted by me on the 25th September, was at that time correct,

but

but the subsequent receipt of Rupees 3110-6- on account of Collections realized in the Estate in the Month of September, up to the day of sale, rendered a different adjustment necessary, and a sum of Rupees 19441-14-11. was carried to the account of Government, as follows.-

3.

I have to apologize to the Board for the unintentional conveyance of a meaning, which I did not intend, in

my letter of 25th September, for as until the final confirmation of a sale is received, the Accounts of an Estate cannot be definitely closed, my object was to obtain leave to recommend the balances which I then certainly expected to remain, to be written off but it was not my intention, that the Sanction for writting them off, should have been given until the sale was confirmed, and I had had an opportunity of adjusting the Accounts accordingly.-

4 As the same remark applies to the other four Estates, which were included in the Account of 25th September, I beg leave to Submit, a Statement, shewing the final adjustment of the Accounts of those Estates, made inconsequence of the Sanction of Government of 13th November 1840.-

5 The Cundemullah Family are very respectable, and under their Father, had attained a very high State of prosperity, but since his death, adverse seasons and Family quarrels have considerably crippled their resources, and as their other engagements to Government, inconsequence of adverse seasons, are still very heavy, I have considered them justly entitled to the indulgence recommended by my Head Assistant on the same principles as a similar indulgence has on several occasions been shown, particularly in the cases of the Estates of Panoonuddum, Bekeemole and Hooppandah.-

To the Chief Secty to Government.

Para 1. I am directed by the Board of Revenue to request you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying correspondence with the Collector of Rajahmundry relative to a demand for interest on the balances that accrued against the Soondamullah Estate.

From the Pr. Sec. to Collector in Charge 8th Con. 21st Instance 1841. Proceedings of the Bd 2d Dr. From the Collr 17th July in Cons. 2d August 1841.

2 That Estate was sold for arrears of Revenue and purchased by Government under the authority conveyed in the Minutes of Consultation of the 13th November 1840. In Con. 13th Decr 1840. for Rupees 18,000. The state of the account with the Zemindary up to the date of sale is shewn in

Para 2

9498 Fort St. George 2d August 1841.

Para 2 of Mr. Smith's letter of the 17th July; and the surplus, after defraying charges of attachment, with interest, was repaid to the proprietor Viz. Rupees 1,668-7-1. The amount of interest charged on the arrear was Rupees 1,880-1-11 and it is the object of the present application by Mr. Smith to refund that amount and to carry it to the credit of the Proprietors in satisfaction of balances due on other Estates belonging to the family which are also heavily in arrears to Government. The Parties in question are represented to be highly respectable, and to have been noted for their punctuality in meeting the Government demands as far as their means admitted.—

3 Under these circumstances, and with reference to the very unfavorable seasons that have recently been experienced in Rajahmundry and the very depressed

condition of the proprietors generally in that District, the Board direct me to recommend this application to the favorable consideration of the Right Honorable the Governor in Council.

From the Dy. Collr of Nellore

Sir,

With reference to my letter under date the 7th Instant reporting the intended attachment of the Sydapoor Zemindary, I have the honor to submit the accompanying Statement which will afford the Board an insight into the shameful manner in which the Zemindar has acted under

under the great indulgence which has been shewn to him for the last 4 or 5 years.

2 The Amneen on taking charge found the Treasury empty, and it will be seen from the accompanying Statement that the Zemindars Collections for Fusly 1250 have amounted to upwards of 33,000 Rupees, while the Amount paid to Government for the Peishcush of the year amounts up to the present Date to 13,502 Rupees.

Sir,

I have the honor to request —
that you will bring to the notice of the
Board that the individual named Rajah
Sahiba, the sister of the late Jagheredar of
Woodiagherry alluded to in Para 53 of my —
Report in Woodiagherry dated the 11th of
August last, and to whome a Monthly
allowance of 10 Rupees was recommended
and sanctioned, died as I am now informed,
a few years ago. leaving a husband named
Syed Meer Cudry, two sons named —
Syed Abdul Caudier and Syed Hussain, and
one daughter named Khadeja Sahiba —
The circumstance of the death of this
individual

individual was not brought to my notice —
at the time of the enquiry which was
made into the affairs of the Woodiagherry
Jagheerdars family. I therefore beg to —
recommend that the allowance Viz.t 10
Rupees which was sanctioned to be grant=
=ed to Rajah Saheba may be continued to
her sons Syed Abdul Caudar and Syed Hussain
in arrear from the date of the former sanction
in consequence of the family being in des=
=titute circumstances and having as far
as I can ascertain no other means of livelihood.

Resolved that the foregoing
letter be submitted to Government with —
the Board's recommendation that under the
circumstances therein stated, the pension
of 10 Rupees per Mensem already sanctioned
in the name of Rajah Saheba the Sister of the
late Jagheerdar of Woodiagherry may be continu=
=ed to her sons Syed Abdul Cauder and Syed —
Hussain in arrear from the date of the former
sanction; the Principal Collector having ascertained
that Rajah Saheba died some time ago, leaving the
family without the means of livelihood. —

From the Coll.r in the N.A. Dist.t of Arcot } Sir

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated the 12th July, requiring with reference to my letter of the 2nd of the

the same Month information as to the cause of the decrease of Revenue in offers for the Settlle and Tobacco rents for Fusly 1251.

2. The chief cause was the want of competition. For Fusly 1250, Mr. Potter of Arcot and four other Individuals duely all new handy, rented the Farm conjointly, and by their own Statements they have lost considerably by it; Mr. Potter acknowledging that he had to make good several thousand Rupees which he could not collect from his under Tenants. He made an offer of 18,000 Rupees for the present Fusly, but would not give more his Carpenters refusing altogether to attend the sale. Mr. Turner the Abkary renter was present and offered 20,310 Rupees but was out bid by Goorapapa Naick and Narraina Moodelly, to whom the rent was knocked down.

3. Proposals were invited a full Month before the day of sale, and

and usual notice exhibited throughout the District but no person came forward except those above stated.-

2 This tender the Board forward to Mr. Ogilvie for disposal.- If the Farm should have been previously placed in possession of Goorooyapah Naick and Narraina Moodelly it is not desired to dispossess them but if not with reference to the decrease of Revenue in the rents for the present year, the Board think that they should be again offered to public competition.-

From the Supt. & Treasurer of the Government Bank. (Para 1.)

Gentlemen,

Fort St. George.

In transmitting the accompany-ing Contingent Bills, I have the honor to state, with reference to your Secretary's letter, of the 22nd April last, that the Moochee of the Bank, binds all the Books required for its use, and that these reduc-ed charges, have been made under the cognizance of my Predecessor, since the year 1834. By way of example, 4 Bills are submit-ted, for your inspection indicative of those so made in former years,

Memorandum.
From 1830 to 1833. For binding Imperial size from Rs. 2 to 14. For Do. Royal, Medium & Demy from Rs. 7 to 4. For Do. Foolscap Rs. 2.
From 1834 to the present time Imperial Rs. 5. Royal &c. Rs. 2 to 1. Foolscap 1 Rupee

by which you will observe that a great saving has been effected.

2- I further beg to state, that, the

Fort St. George 2d. August 1841.

the increase which has of late taken place on this item of expenditure is owing to the binding of several old Volumes which were formerly allowed to remain in sheets, but which from being constantly referred to were found not only to be considerably injured, but would in a short time become utterly useless, unless protected by binding, and as the whole of these Volumes have now been bound this item of expense will not hereafter be so heavy in the Bills of this department.—

3. Under the foregoing explanation I trust that the Board will no longer have any hesitation to pass the Bills referred to above.—

I likewise beg to forward a Bill for Rupees 8 being the amount paid on account of an Almanac purchased for the use of this department, which I

Extract from a General Letter from the Honorable the Court of Directors dated 8th July 1840 No. 5.

Secretary's letter dated 12th June No. 28. 1830 and 19th July No. 15. 1839 also Para 6 of letter dated 20th Dec[r]. No. 21. 1838. and Para 26 of letter dated 10th Sept[r]. No. 23. 1839. Affairs of the Bunganapully Saghire in Cuddapah.

2. The refusal of the Zemindar to assist the Collector in the investigation of the debts chargeable to the Estate is much to be regretted as it need-lessly delayed the adjustment of the claims and the putting off such as may be adjudged to be fairly due, in train of liquidation.

From the Minutes of Consultation under date the 6th July 1841 No. 903.

from the surplus revenues of the Zemindary. His refusal to accept the allowance assigned for his support or to concern himself in any way in the arrangement of his affairs, appears to have arisen from an apprehension that by so doing he would be held to have conceded your right to resume the Jaghire. The favorable decision on his case which was communicated to you in our Political letter dated the 19th September 1838 paras 69 and 70 appears to have entirely removed these apprehensions and the liquidation of the debts and the liberation of the Estate from its incumbrances are now proceeding as rapidly as could be expected, under the very judicious management of the Collector Mr. Blane.

3 It does not appear necessary at present to express any opinion on the questions respecting the ultimate disposal of the Jaghire and the terms on which it is to

Secretary's Letter dated 9th November No. 49. 1838. Mr. Hinderseley's Survey and Field Assessment of Tanjore.

4 With this Letter you transmit a copy of a Minute recorded by Mr. Sullivan in which he examines at considerable length the results of Mr. Hinderseley's Survey and Assessment of Tanjore with reference both to

3 Since the receipt of this Dispatch the Honorable Mr. Lushington has recorded his sentiments in respect to the Survey Field Assessment of

to it's moderation &c as regards the Meerasdars and it's adequacy to furnish the Government with a fair amount of revenue both which questions he decides in the affirmative, and he recommends that Mr. Kindersley should be allowed "to go on with his work, and to complete revenue of "the Assessment in the eight Talooks into which it has been for the most part introduced, correcting the errors into which he has fallen in the assessment of the waste and garden land, and moving the Board of Revenue to direct the Collector of Tanjore to make a further report upon the subject of the Meerasdars claims, and to state whether he is prepared to recommend that the Meerasdars should be allowed to retain their lands free of assessment, or that they should be assessed at a reduced rate, and if so what rate he would propose.

7. The Board of Revenue have now submitted the Report called for by the Minute of Consultation of the 5th ultimo, and have recommended that the Meerasdars should be allowed to retain their lands free of assessment, on the ground that the Assessment introduced by Mr. Kindersley has failed to realize the anticipations which were formed of it, and that the Meerasdars have a claim to the indulgence which was granted to them by the Government in 1807, and which has been continued to them ever since.

8. The Board of Revenue have also submitted the Report called for by the Minute of Consultation of the 23d ultimo, which will now be brought to the notice of the Honorable Court together with Mr. Sullivan's Report of Tanjore introduced by Mr. Kindersley in a Minute dated the 23d ultimo which will now be brought to the notice of the Honorable Court together with Mr. Sullivan's Report

"the services of a Surveyor "in conjunction with "the Meerasdars for appor- "tioning the Assessment upon "the several proprietors".

5. On the other hand the Board of Revenue have arrived from a consideration of the same data at the conclusion that the actual results "do "not appear to them "to afford grounds for "a more favorable opinion "of the Assessment in- "troduced by Mr. Kindersly than they had expressed on previous occasion. -

6 Mr. Chamiers letter states that Mr. Sushington had signified his intention to record

the Tanjore Survey for any further observations and explanations they might desire to offer, with reference to the remarks contained therein on their Proceedings, but as no reply has been as yet received, they will now be called upon to explain the cause of the delay and to state when their report may be expected, and on its receipt Government will

his sentiments in a separate Minute, copy of which should be immediately forwarded to us, but we find no trace of this document or of the final determination of your Government as to the continuance or suspension of Mr. Sinderolay's operations, either in your correspondence with us or in your consultations, so far as they have yet reached us.

7. We shall await the arrival of this information before giving our final decision on the question at issue.

To The Honorable the Court of Directors

The humble Memorial
of Coopoo Teagaroyen.

Humbly Sheweth,

That having the deepest
sense of respect due to your Honorable
Court and impressed with firm convic-
tion of impartial justice emanating
from your administration of the &
affairs of India, I your humble &
Memorialist beg leave to bring to
your Notice my grievances in &
the humble hope of seeing
redressed

redressed against the powerful in=
=fringement of the right which des:=
=cended to me from my ancestors
who having acquired it at a con=
=siderable trouble and expense of
their own money:-

That by perusing what is
hereunder briefly stated of my case,
Your Honorable Court will be con=
=vinced in what precarious man=
=ner of security the persons and
property of the poor defenceless
natives are placed in the hands
of local authorities.-

That my ancestors had
erected and Established a Pagoda
several years ago, and for its
support in perpetuity they ac=
=quired a Village called Colatoor
in the Zillah of Chengleput under
the Presidency of Madras, on tenure
of paying a certain sum of money
annually to the Nabob's Government.
This acquisition was made
at a considerable expense of
Nazirs

Nazirs or Gifts to the then Nabob who
made the Grant with no intent of
resuming it at pleasure at any future
period on any pretence whats-oever,
but it was entirely given away,
subject only to the annual pay=
=ment to Government to be pos=
=sessed for ever for the use and
benefit of the Pagoda in question
by the acquirers, and their poste=
=rity as everlasting honor to their
family.-

That the posses=
=sion of the above Village continued
on my family from a very long
time, and on the Assumption of
the Country by the Honorable Com=
=pany, this Grant was confirmed
by their representatives, who
also granted on similar tenure two
other Villages called Poothagarom
and Pelavaray in the same
Zillah.-

That by failure
of rain in 1827 in the Zillah of
Chengleput

Chengleput small sums of kists being Rupees 189-7-2 fell in arrears upon the above named Villages of Colattoor and it was in consequence together with the other Villages of Poola-garum and Palavery on which there was no balance at all, taken in attachment by the Collector of the District and they were so continued for some years, The Circar Servants under whose management the Villages were placed mismanaged the affairs of those Villages, and subjected them at last to a very Large balance, my father however, recovered the Villages called Poottagarom and Pelavaray from attachment after paying the balance due upon them.

That the Government having subsequently ordered a Proclamation to be made to the effect that all the Shrotrium Villages under attachment for arrears of kists should be taken possession of by Government unless the balances against

gainst them were paid within a given period, my father paid Rupees 1294-6-10, which was due on the other Villages called Colattoor to the Tahasildar in May 1835, which was within the time mentioned in the Proclamation and requested the Collector by an Arzee to restore the said Village from his attachment. I beg leave to observe at this opportunity that the Government had no right to take possession of any of the Shotrium Villages and therefore the Proclamation was illegal in as much as they were held perpetually under grant given by Native Princes of this Country for the support of religious institution subject only, as before mentioned, to the Annual payment to Government and which payment some of the holders of the Villages were not able to

pay

pay owing to drought in a particular year. The Collectors servants having neglected to have those Villages under attachment properly cultivated, the balances upon them have increased year by year and consequently we were unable to recover our Villages for some time.

That notwithstanding several applications made by my father and by myself after his death (in July 1835) Mr. Maclean would not restore the said Village Colattoor.

That on the 11th August 1835, Mr. Maclean the Collector of Chengleput suggested to Government by a letter addressed to the Board of Revenue that the Villages attached to the several Davastanoms in this District might be incorporated with the Amanie under his controul and that a ready money allowance

be

be fixed for the support of those Davastanums in lieu of the Villages, and as a reason for such suggestion he represented that owing to mismanagement on the part of the Churchwardens or holders of those Villages, the Villages became unproductive. The Board of Revenue, making any inquiry as to the facts represented by the Collector or without calling upon the holders of the Villages for any explanation, recommended the measure to Government and the Government sanctioned it, Mr. Maclean having had orders to the effect caused all the Davastanom Villages to be incorporated with Amanie Villages of the District under his Controul, and I was astonished to find while I was asking for the restoration of my Village Colattoor, that the other

two

two Villages Pottagaram and Pallavaram were taken possession again by the Collector's Servants without any notice having been given to me of the cause of such attachment.

That this became a general grievance and several persons holding those Villages joined with me in representing our grievances to the Madras Government and to the Government of India. The latter, however, having found the illegality of the measure have sent out positive orders to the local Government not to interfere with the Villages or the Davastanoms in question, and the Madras Government accordingly issued necessary orders for the restoration of the Villages to their respective holders.

That Mr. Maclean in

consequence

consequence of that order restored all the Villages excepting those belonging to me and four other persons, and on our applying to him for the restoration of our Villages he would not give any reasonable answer and it seemed that he bore an animosity towards us because he found out that we stood foremost in representing the Government of India which caused the annihilation of the measure he recommended to Government, not having had any redress from the Collector Mr. Maclean we appealed to the Government of Madras and they were pleased to grant us an endorsement in the following words "The Right Honorable "the Governor in Council having "ascertained that irregularity and "misconduct on the part of the "Petitioners induced the Collector to "retain their Villages under Government

"Management he resolves not to in-
"terfere in this case, but he will be
"prepared to take into consideration
"any suggestions which that officer
"may offer in their behalf. The
"Petitioners are recommended to apply
"to the Collector."

That what those ir-
regularities and misconduct on
our part, we are quite unaware,
nor did the Government order the
Board of Revenue to enquire
and ascertain the correctness of
those alleged charges, I beg leave
to observe that the Collector
might have shewn a particular

any against me and the four
other persons either before or
after his having attached our
Villages with a view to make

since such period the Villages have

leged to us are the same as have
been represented by the Collector
in general with other Churchwar-
dens on the occasion of his re-
commending the sequestration
of all the Villages and the grant-
ing of money allowance those
are old stories and which the
Government of India would not
approve of. In the endorsement
above quoted, the Government
plainly say that having ascer-
tained that irregularities and
misconduct on the part of the
Petitioners induced the Collector
to retain their Villages and there-
fore resolves not to interfere
in the case, but refer them
to the same Collector who the

Government

Government were aware had been inimically disposed why could not the Government issue orders to the Board of Revenue to ascertain the correctness of the alleged charge, and if there should be no good ground to retain the Villages any longer to give positive orders for the restoration of our Villages. It is strange that Government instead of noticing the disobedience of the Collector to their order declare interference in this case, we are at a loss to know why should the Government say that they would take into consideration any suggestion which Mr. Maclean would offer in our behalf, how are we to get him to write in our behalf we hardly imagine. From these circumstances it is evident that

that the Government so far from redressing us are rather inclined to countenance and support the illegal proceedings of Mr. Maclean against us.

That we have no means of ascertaining what Mr. Maclean had written against us. it is but just that we should be furnished with the charges made against us that we may be enabled to give our explanation thereof but your Honorable Court will perceive from the manner we have been treated by the local Government. We have no other alternative than appealing to your Honorable Court for redress a course which is novel to the Natives of this place until lately we were not aware that there is an appealing authority in England

and

and that our representations will reach them if forwarded through a regular course. I therefore take the liberty to foward this (unsealed) through the Government of Madras that they may Despatch it with their own remarks upon the case for your information, so that you may be pleased to pass your orders without further reference to this Government.

I beg to make one remark that in consequence of my Villages being under the attachment of the Collector he has taken charge of the Pagoda under his own Management. and would not allow me or my servant, go into the Pagoda either to worship or to make necessary repairs and to inspect

C. P. R.

inspect from time to time several valuable things secured or laid in the several Rooms belonging to the Pagoda against any damage. The Collector has also ordered the usual respects in the Pagoda to be paid to his own servants and not to us who are only entitled thereto. The performance of the Ceremonies in the Pagoda I am sorry is conducted at a very low rate of expence because from the mismanagement of the Village affairs, there is no fund left to meet the expenses. Thus I endeavour to shew the unnecessary interference of the Collector Mr. Maclean with our Religious Institutions which I am fully confident that your Honorable Court will not be pleased

Sir

I am directed by the Governor
General in Council to acknowledge the receipt
of your letter dated 21st Ultimo, transmitting
copy of a letter from the Colonial Secretary at
Columbo and of a representation from the
Chamber of Commerce upon the subject of the
export duty on Cotton of the Madras Presidency

Bottoms from Ceylon.

I am directed to explain that as
there is a difficulty in arranging with the Government
of Ceylon a concession of the drawback on Cotton imported
from the Madras Districts for reshipment to the United
Kingdom in consequence of the inability of that Govern-
ment of its own authority to make any correspond-
ing concession in respect to the differential
duties levied in the Ports of Ceylon on the produce
of the possessions of the East India Company
The Governor General in Council is disposed
to postpone bestowing any further benefit on
the Shippers of Madras Cotton from Ceylon than
the reduction of the Export duty sanctioned in my
communication to you dated the 5th of August
1840 until the requisite permission be obtained
by the Colonial Government for admitting the
produce of the Possessions of the East India Com-
pany into that Island on less disadvantage-
ous terms than at present, compared with
the produce of the United Kingdom or any
of her Majesty's Possessions abroad other than
the possessions of the East India Company

From the discussion which this question is undergoing at home and from the opinions which are understood to prevail in favor of the removal of all distinctive duties in Australia and Ceylon by which advantage is given to the industry of the United Kingdom and its other dependencies over that of India, it may be expected that the application of the Ceylon Government to the authorities in England to admit imports from the Presidencies of India upon those and terms as the imports of other dependencies of the Crown will be favorably entertained, or at least that authority will be obtained for arranging the Tariffs of Ceylon and the Presidencies of India on terms of mutual advantage by which the intercourses of both will be benefited. In the mean while the Government of India will be in the receipt of the report expected from the Madras Government on the subject of the Sea Customs Duties of your Presidency, and may be in a condition to determine uniform rates of Import and Export duties for all the Territories of the Honorable Company.

4.

It will also be the opinion of His

His Lordship in Council be a proper time for deciding the general question as to drawback, and for recurring to the particular circumstances of the Cotton Trade between the Districts of Madras and Ceylon as described in the late correspondence between the Governments of Madras and Ceylon.

The original papers received with your letter dated the 8th of July are now returned. They were inadvertently retained when my reply of the 5th of August was dispatched.

/Received 3d June 1841, No 235/

Para 1.

In reply to the recommendation submitted by this Government on the 8th of July 1840, that the Export duty on Cotton from Ports under the Madras Presidency should be totally abolished, when shipped on a British Bottom, the Government of India observed that they were averse to partial interferences with the system of Export duty; but as the present duty appeared to be a little too high at the Madras Ports, they suggested that the Board of Revenue should be required to ascertain the value per

From the Secty to the Govt of India dated 25th June 1840 No 257.

Maund

Fort St. George 5th August 1841

Maund of Cotton produced in the Madras Provinces and assimilate the export duty to that fixed for the same Articles shipped from Calcutta and Bombay - That Government at the same time observed that the duty at Calcutta was 8 Annas per Indian Maund, and at Bombay, on account of better quality the duty was 9 Annas per Indian Maund, and requested that the rate determined at this place, if reduced below its present amount, be reported for their information -

2. The Board of Revenue were accordingly directed under date the 3d of September last to ascertain and report for the information and orders of Government the value per Maund of the Cotton produced in the Territories under this Presidency with a view to the Export duty thereon being assimilated to the rate fixed at Calcutta and Bombay as suggested by the Government of India - And authority was at the same time granted, agreeably to the recommendation of the Board of Revenue for reducing the Tariff valuation of that Article at Madras from Rupees 75 to Rupees 68 per Candy -

From the Sec.y to the Bd. of Rev.e dated 13th Augt. 1840 No 36.

In

Fort St. George 5th August 1841.

3. In their Letter dated 22nd of April last and recorded in Consultation of the 24th Ultimo, as also in their Letter recorded above the Board of Revenue explain that the Indian Maund is a weight of 82 lbs while the Maund in use under this Presidency is equal to 25 lbs Avoirdupois weight and that by the result of the calculation, as exhibited in the Margin, the duties appear to be in effect lighter at the Port of Madras than they are at Calcutta, the difference of duty on a Candy of Cotton being Rupees 1 - 0 - 2.

In Bengal. - At 8 Annas a Maund in a Candy of 500 lbs the export duty on Cotton would be per each Candy Rupees	3 — 0 — 9
In Madras. - At the Tariff valuation of Cotton 68 Rs. per Candy of Cotton & the duty of 3 per Cent the export duty would be per each Candy only Rupees	2 — 0 — 7
Difference of duty levied at Madras on each Candy	1 — 0 — 2

4. Under these circumstances the Right Honorable the Governor in Council considers that all that is necessary now to do is to place the out-ports on an equal footing and to introduce uniformity in respect to the levy of duties, is to extend the operation of the Schedules sanctioned by Government on the 30th of September 1831 for the port of Madras to all the subordinate Ports under this Presidency as

as recommended by the Board of Revenue in their Secretary's letter of the 13th of August last No. 34, and he accordingly directs that this measure be carried into effect. It is observed from the Board's Letter of the 22d of September 1831 No. 30, that it was originally intended to extend the Schedules alluded to above, to the out ports after they had been in operation for a year at the Presidency an intention however, which it would appear had been lost sight of.

5. His Lordship observes that by the introduction of the above Tables of duties at the out ports the duty now levied there on Cotton exported on British Vessels would be reduced from 5 to 3 ½ Per Cent and that on Cotton exported on Foreign Vessels from 10 6 ½ Per Cent.

6. Ordered that the foregoing Resolution together with the letter from the Secretary to the Government of India recorded above, be communicated for the information and guidance of the Board of Revenue.

From the Agent to the Governor at Vizagapatam

Submitting with reference to his last annual report on the Vizianagrum Zemindary Copy and translation of a communication received from the Zemindar together with its enclosures—

With reference to my last annual report in the Vizeanagarum Zemindary, I have the honor to submit copy and translation of a communication dated 23d Ultimo just received from the Zemindar together with its enclosures—

To W. U: Arbuthnot Esqre—
Agent to the Governor—
Vizagapatam

Sir,

Para 1— With reference to my letter to your address under date the 15th October 1840 it has occurred to me that perhaps I have not been sufficiently explicit therefore in order to prove that it is my first wish to accord with Government and its officers for whom I have the

the highest respect, I hereby agree and consent without reservation, to the introduction of a sound fiscal system into my Zemindary — founded upon a Survey valuation of the land, and the payment of the encumbrances thereon—

I further wish every just debt owing by me, to be fairly and faithfully discharged—

3 In consideration thereof I hereby bind myself and mortgage my Zemindary to the Government of Madras on which they will hold a lawful lien, until the whole of my debts become liquidated—

4. I further agree that the Survey shall be made exactly in the manner the Government desires; I also further agree that the expences incurred by this Survey be either wholly defrayed by myself or by the Government or partly by the Government and myself in such proportions, as the Government choose to direct. In fact, it is my wish to convince the Government, that I place my affairs in the hands of Government, in full confidence

confidence that the Government will assist me and protect me, and I trust no further delay on this score will take place as I hereby bind myself implicitly to agree to any thing and every thing the Government may think proper to determine, covering the payment of the expences of this Survey or in any other way according with the views and intentions of Government—

5 I enclose a draft of a Mortgage Bond which perhaps may Answer the purpose, however if Government think proper to order any instrument, to be drawn and forwarded to the Agent of the Lieutenant Governor of Agra, here, I will execute it in his presence—

/ Signed / this 23d
Rajah of Vezianagarum.—

Benares,

Proceedings thereon

Ordered that the foregoing letter with its enclosures from the Rajah of Vizianagrum, be forwarded for the consideration and orders of the Right

Fort St. George 5th August 1841

Right Honorable the Governor in Council with reference to the Board's Proceedings on the Management of the Vizianagrum Zemindary for Fusly 1249, bearing date the 8th July 1841—

In submitting the fore-going communication to Government, the Board think it proper to remark that they see no reason to alter the opinion expressed in the 19th Para of their Proceedings above referred to, on the question of the expediency for the reasons therein stated, of requiring the Rajah to relieve the Collector of Vizagapatam from the charge of his Zemindary—

To

Comp.d J.R.

To the Secretary to the
Board of Revenue
Fort St. George.

Sir,

(12)

From the Coll.r of Vizagapatam. Submits Statement of the Pagodas in the District of Vizagapatam together with his proposal for their future management.

Para 1. I have the honor to acknowledge the receipt of Extracts from the Proceedings of the Board of Revenue dated the 10th and 24th June last, and to submit herewith a Statement Shewing the number of Pagodas and the Sums paid to each by Government throughout this District.

2. Offerings from individuals amounting on an average to about 500 Rupees a year is received at the Pagoda Marked No.1. in the accompanying Statement, in addition to the 1,000 Rupees allowed by Government. The manner in which the affairs of this Pagoda has hitherto been administered is as follows. The Head of Police at the commencement of the Fusly prepared an Estimate of the years expenditure with reference to which he periodically drew from my Treasury the allowance and at the end of the Fusly he forwarded an account of the actual expenditure. The allowance and the receipts at the Pagoda covered all repairs &c.a and no additional Sum on this account has ever been defrayed by Government.

Almost

3. Almost the whole of the Records of the Collector's Office were destroyed by the inundation in the year 1809. It is not therefore in my power to ascertain with any certainty the annual Revenue of the different Pagodas at the time of the assumption of the Country by the Company's Government but I have been informed from pretty good authority that the Village of Nuckapilly which yields an annual Revenue of Rupees 1200, was formerly allotted to this Pagoda. This Village was resumed previous to the permanent settle=ment and an annual allowance of Rupees 1000 substituted.-

4 The best arrangement which I can suggest for the future is to transfer it to the Proprietor of the Nuckapilly Estate in which it is situated. This arrangement will some what raise the value of the Estate as it will always be an object of ambition with Hindoos to obtain an Estate, the possession of which will place in their hands the management of a Pagoda of some celebrity- it will also be in consonance with the Custom that prevails in most of the Zemindaries where there are Pagodas. Thus in the Vizeanagrum Zem=indary there are several Pagodas to which large Revenues are attached, the management of which is left entirely in

in the hands of the Zemindar.-

5. In transferring the management of this Pagoda to Narrain row, the present Proprietor of Nuckapilly, it will I suppose be sufficient to take a Sunnud from him, binding himself to administer faithfully the Revenues of the Pagoda and stipulating that he and his subordinates will be responsible for any malversation that may be established in a Court of Justice.-

6. The following Sums are in deposit on account of this Pagoda, the expenditure in the years spe=cified having fallen short of the income, and the balance being held available for any contingencies such as repairs &c. The amount may either be paid over to the administrator at once or be kept in deposit till required.-

7. With regard to the Pagodas from No 2 to 50 in the accompanying Statement the amount is annually paid to the worshippers. I merely order the payment but do not in any way interfere with the internal arrangements of these institutions. The worshippers are named in the Per=manent Settlement accounts and the allowance des=cends in the same manner as any other real property.-

(12-13)

To the Collector of Vizagapatam.

Sir,

To The Collector of Vizagapatam.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 17th ultimo regarding the withdrawal of interference on the part of Officers of Government from the Religious institutions in your district. The only case in which such interference would seem to exist is that of the Streevencateswara Swami Pagada, in the Village of Woopmakah with an annual income from the public Treasury of 1000 Rupees which it is observed you propose to entrust to the administration of the Nuckapilly Zemindar, an arrangement that appears unobjectionable as far as it goes. But this plan does not provide for the case of the Nuckapilly Estate itself coming into the hands of the public Officers, either during a Minority, on account of arrears of peishcush, or in obedience to a decree or precept of a Court of law, in any of which cases "the withdrawal would not be final and complete".-

2. The Board consider moreover that some stipulation should be made for the accounts of the trust being open to the inspection of the parties interested in the prosperity of the temple, otherwise it does not appear how the Zemindar or his Subordinates can be made "responsible to the Courts of Justice for any breach of the duties and trusts assumed by them".

3. You will be pleased to submit a draft of the instrument or sunnud by which you propose to transfer the trust to the party selected.-

Report upon Native Temples and Places of Religious resort in the Bellary District.-

Sir,

Para 1 I have the honor to acknowledge the receipt of the Extracts from the Board's Proceedings under dates the 10th and 24th June last, on the subject of Native Temples and Places of Religious resort in this District.-

2 In the first of these communications the Board were pleased to call for a "Statement exhibiting the annual revenues of the Pagodas &c. at the "time of the assumption of the Country by the "Company's Government and the money allowances that have since been assigned "for their support with all sums expended "in the repair of the buildings or for any "other object connected with the institutions" together with information as to if there are any and what number of institutions in this District capable of being entrusted with

with advantage to the superintendence of Native Managers or Trustees without the necessity of submitting accounts to the control or scrutiny of the Collector or other Officers of Government, and that the Parties and their fitness for the Task to be particularly noticed.—

3 With reference to the foregoing instructions I have the honor to transmit herewith a Statement No. 1 of the Hindoo Pagodas in this District under the management of the Officers of Government, shewing the amount allowed for their support at the time of the assumption of the Country as well as the expenditure of one year averaged by the actual charges of 10 years from Fusly 1233 to 1242 according to the account furnished to the Board under date the 17th August 1836 and to observe that independent of those enumerated in the above statement, there are several other Hindoo Pagodas and Mahomedan Mosques &c. which enjoy Enam lands and Ready Money

money allowances in this District, but which either from established usage or right, are under the exclusive management of Private Individuals. A Statement of such institutions was forwarded to the Board on the 30th August 1834, and the present requisition having no reference thereto, it seems unnecessary for me to transmit a separate account of them.—

4 By the subsequent communication, I was directed to report in detail, the arrangement which I might propose for each "institution superseding the present extent of "interference and control and shewing how far "that is withdrawn by the operation of the "method of administration that is to supersede "the present arrangement" accompanied by such other particulars as to "what manner "vacancies are to be filled in the Trustees, so "that the withdrawal of active interference "by Government in the affairs of the Pagodas "and Mosques shall be final and Complete."—

5 In reply to this reference, I have the honor to subjoin an abstract of the Statement No. 1.

Names

9620 Fort St. George 3rd August 1841

The item of Revenue entered in Column 6 of the above abstract has of late considerably decreased in consequence of the practice of renting out the Offerings having been discontinued — The management of these institutions remained with the Officers of Government ever since the assumption of the Country agreeably to the system which obtained under former Dynasties, but considerable withdrawal of Circar interference (such as the discontinuance of the Guard formerly furnished) however as already taken place — In order to give effect to the wishes of Government I shall now explain the manner in which I propose to dispose of it for the future —

Establishments—

7 With regard to the nomination of Trustees for the management of the affairs of these Pagodas Vizt. it is my opinion that the leading Members of the community of each place where there is a Pagoda should form themselves into a "Sabah" or association, and chose a Person as "Trustee." They should have power to supply by Majority of Votes or ballot all vacancies in the Trusteeship arising from death or resignation Vizt. the Trustee thus elected ought to execute in the name of the association, an instrument in writing binding himself to disburse the money which he may receive according to Mamool and to be responsible to the Courts of Justice, for any breach of the duties and trust assumed by him, or for any violation of the mamool or oppression to any Person connected either directly or indirectly with the institution and in short for all innovations

or

or malversation created by his acts; and also that he should furnish security to the satisfaction of the Electors but in the event of the members of the "Sabah" dividing equally in number and opinion, or any difference occurring in this respect, the Parties are to refer the matter to a society composed of several respectable Native Gentlemen and Pundits at Bellary, who have resolved themselves for this purpose into a separate Society whose decision shall be acted upon.—

8 After the nomination of the Trustee the duties which have hitherto devolved upon Public Officers and from which they are in future to be relieved shall thence forward be entrusted to him. They are as follows.—

1st To take charge of the money paid by the circar and the collections from Dubbee or contributions by individuals professing the same faith and resorting to the institutions.—

2nd To purchase and supply articles and

and issue payments according to the scales established by Maumool for each particular purpose, such as the daily Poojahs or Ceremonies, Offerings and Lights also for the daily Weekly, Monthly and yearly festivals in the Pagodas.—

3rd To cause the accounts of receipts and disbursements to be written by those servants who now perform that duty in the Pagodas.—

4th To discharge the Wages of the servants attached to the institution according to Maumool, and to conduct the affairs of the Pagoda properly.—

5th To be vested with power to dismiss such servants as may not perform their respective duties in the Pagoda according to Maumool, and to Employ others in their stead, subject however to the concurrence of the "Sabah".—

9 Having thus proposed to transfer

Fort St. George 5th August 1841

transfer the affairs of the Hindoo Pagodas and Mosques to the Trustees, preparatory to the final relinquishment of all our interference with them, I have further to acquaint you for the informa: tion of the Board that instructions have been &c issued to the Tahsildars of the Talooks in which the institutions are, to get the Trustees chosen by the people of the place, and to report to me. They were also directed to give due publi: city among the people, to the intentions of &c Government, of continuing the management of lands by the Revenue Officers as hitherto, and of paying not only the net proceeds accru: ing from such lands, but also all authoriz: ed and customary payments and allowances, as contained in the 4th Para of Mr. Chamier's letter dated 12th June 1841. when the reports of the Tahsildars are received, the arrange: ments above proposed will be carried into operation if approved of by the Board. —

10 I have also the honor to &c report, as required in the 5th Para of the letter referred to that the surplus funds of the Pagodas (after paying all expenses) as

Fort St. George 5th August 1841

as now remaining deposited in my Hoozoor Treasury from Fusly 1243 down to the present period, &c amount to Rupees 7787-13-11 as follows:—

Hurnee Davastanam —— 7187-13-11

Raidroog D:o —— 600-"-"

Total Company's Rupees 7787-13-11

Independent of this amount, there may be &c trifling sums of money in the Talook Trea: suries, as also the assets of the Pagodas in Gold and Silver Ornaments &c &c lodged therein for better security, of which no &c accounts is yet received, when received, I propose to make over at once to the Trustee or Trustees of each institution, &c the whole of its assets in money, Jewels and all appurtenances whatever. —

Bellary District, Collectors Office, 9th Dec

Ordered that the following letter be sent in reply:—

To The Collector of

Bellary

(14-15)

To The Collector of Bellary.

Communicating observations on the plan of management proposed by him for the Religious Establishments in his District — Dated 5th August 1841

Sir,

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 29th Ultimo on the subject of the three religious Establishments in your District, for which you have proposed a plan of management:—

Before giving an opinion on the merits of this arrangement the principle of which appears to be a good one, the Board desire to be made acquainted fully with its details.— It will be necessary to fix some standard or qualification that shall entitle an individual to a voice in the choice of the Trustee, and some provision will be required for the settlement of doubtful claims to the possession of this right of vote. The necessity of a reference in cases of an equal division of numbers to the

the society of Native Gentlemen at Bellary seems of doubtful expediency, that Society being a self constituted body, for whose permanence there is no guarantee.—

3 A form of the instrument by which it is proposed to make over the Trust to an individual so chosen should be prepared and submitted together with that which it is intended to exact from him in return. The stipulations for this latter document proposed in Para 8 of your letter are generally approved of, but an additional clause should be inserted in the 3d stipulating that the accounts shall be open to the inspection of every member of the Sabah or body of electors.—

4 It is observed that a Trustee so chosen is intended to retain the Office for life, or during his own pleasure. His removal for breach of trust should be made to depend on a decree of Court at the prosecution of the electors.—

Ordered to be recorded

In Cons. 25th Novr. 1839.

Read again letter from the Sub Collector in charge of Cuddapah under date the 21st October 1839 together with the original Proceedings in the matter of C. Royaloo the merassy Curnum of Errapollem and other Villages in the District of Cuddapah—

18 Proceedings thereon.— The Petitioner has appealed from a decision passed by the Collector Mr. Blane modifying the decree of a Punchayet which had been appointed to adjudicate on the conflicting claims advanced by himself and Ackummah widow of a former incumbent in the merassee named Appiah. The decision of the Collector directed that the widow of Ackummah should be put in possession of the whole share lately in the enjoyment of the said Appiah.

The Board of Revenue having attentively considered the Appellant's Statement as well as all the original Proceedings held in this case deem it unnecessary to interfere in the matter in dispute, and resolve to confirm the Collector's Order.—

Resolved that the following Endorsement be passed accordingly on Petition

B. R. No. 51 of 1839. 632 of 1839.

"The decision of the Collector of Cuddapah under date the 17th March 1839 in reference to the Merassee in dispute has been confirmed in appeal by the Board of Revenue."

19 From the Pt. Collr. of Cuddapah

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter dated the 26th April last calling attention to certain correspondence respecting the misconduct of a Duffadar and the Reddies of Gadecottah in the Royachoty, and directing me to afford the necessary explanation of the delay which has occurred in furnishing the information called for, and at the same time to state what inquiries were made into the matter by the Officers then in charge of the District.—

2. I am informed by the Magistrate's Sawabneevis that in the year 1838 an enquiry was made by the Head Assistant Mr. Copleston, which lasted for two or three days. that the parties on both sides were present, but that he cannot remember

Fort St George 5th August 1841.

remember what was the result of the investi-
-gation. The records have been called for repeated-
-ly, but are not to be found in the Cutcherry.
and it is supposed that the English papers, were
kept with the depositions taken by Mr Copleston
for the purpose of preparing the report called for,
and were either mislaid, or purposely with drawn
from the Cutcherry by some interested person.-

3. The Reddies of the Village are still
in Office, and the duffadar was in the year 1839
promoted to the Office of Kurcheshem, from a-
which I infer that the enquiry had not occasion-
-ed any unfavorable impression against them.-

4. Since writing the above, 3 Depositions
have been produced, upon a search being again
made in the Native Records, which were taken be-
-fore Mr Copleston, but they merely contain a
repetition of what appears to have been stated before
the Court, and no order or decision on the case
appears to have been passed.-

Submitting a letter from the Pr.l Coll.r of Cuddapah explaining the proceedings that passed in regard to the affray in which the Duffadar & certain Reddies of Goddicotta in Royachoty was concerned so far as they can now be traced & observing that as nearly four years have elapsed since it occurred Govt will not probably now deem it necessary to pursue the enquiry.
From the Pr.l Coll.r of Cuddapah, 19th July
in Cons.s 5th August 1841

Sir,

Para 1. The Board of Revenue having called upon the Officer in charge of the Cuddapah District for a Report of the result of the enquiry ordered into the conduct of the Duffadar and certain Reddies of Goddicottah in the Royachoty Talook. as required in the Extract from the Minutes of Cons.s of the 13th April last, I am now directed to request you will lay before the Right Honorable the Governor in Council the Accompanying letter from Mr Ashton, explaining the Proceedings that passed in this matter so far as they can now be traced.-

2. The investigation seems to have been entrusted to Mr Copleston, then Head Assistant Collector, but no decision is said to have been recorded, indeed the original English Records are not now to be found, having

probably

Fort St.e George 5.th August 1841.

probably been misled. Five depositions only in the Native language have been produced which Mr. Ashton states throw no new light upon the transaction. But the Duffadar is said to have been since promoted, and the Reddies still retained in Office.—

3 As nearly five years have elapsed since the affray occurred and as that does not seem to have been of serious consequence, probably the Right Honorable the Governor in Council will not now deem it necessary to pursue the enquiry which so far as it went seems to have tended to the exculpation of the accused. It may be proper to add that the Board do not see ground for supposing that the English Records were abstracted by an interested Party. Their loss was discovered by the Sub Collector Mr. Cochrane in 1838 and the loss supplied by

From the Collr. of Madras.

Sir,

1. I have the honor to acknowledge the receipt of your letter under date the 12th Instant transmitting copy of an order of Government and of its accompaniments relating to the shipment of Salt for Calcutta, and desiring my opinion as to the nature and extent of such further conditions as I may deem it expedient to make with a view to induce the speedy export of the Articles so urgently required in Bengal.

Reporting that there is not sufficient inducement at present for Ships to proceed to Calcutta and recommending in consequence, that the Cost price of Salt for this Presidency be reduced for the present to Rupees 80 and the price to be paid in Bengal raised to Rupees 70, or that the latter alone be increased to Rupees 75 per 100 Bengal maunds to encourage the Shipment of the maunds in store at Madras within a reasonable time

2. It would appear from the result of my enquiries that there is not sufficient inducement at present for ships to proceed to Calcutta, as the rates of freight there are low, and few Ships comparatively have lately gone thither from Madras. Besides, the Commanders of Ships are averse to taking Cargoes of Salt from the Coast in consequence of the detention to which they are subject when discharging the Salt in the Hoogly. The terms on which Salt can be exported must therefore

therefore be made more favorable than those at pre-
sent in force to ensure the shipment of the
quantity in store at Madras within a reasonable time.

3. The price payable by the Ex-
porters here under the Advertisement of date
the 21st Ultimo is Rupees 35 per 100 Bengal
Maunds, and that which they are entitled to
receive on delivery of that quantity at the
Salkea Gollahs in Calcutta is Rupees 65, the
difference or freight thereon being Rupees 30
or only about 8 Rupees per ton. It seems that,
instead of this, they would expect a return or
freight of Rupees 45 or at least Rupees 40
per 100 Bengal Maunds, the former giving about
12 Rupees and the latter 10 3/4 Rupees per ton.
To afford them the benefit of the first men-
tioned rate, the additional expense to
Government would be Rupees 15 and of the
second Rupees 10 per 100 Bengal Maunds;
but I conceive that the latter sum would under
all circumstances, be adequate, and I beg leave
accordingly to recommend that the Cost price
for

for this Presidency be reduced for the present
to Rupees 30 and the price to be paid in
Bengal raised to Rupees 70, or that the former,
to avoid the necessity
of any reduction in the
price already fixed
for Salt of the Coromande-
l Coast, be continued, should
the Board consider it
preferable, at
Rupees 35, and
the latter alone
increased to Rupees 75 per 100 Bengal
Maunds, so as to give the Exporters a difference,
or freight, fully equal to the proposed rate
of Rupees 40.

†Note:
In Para 4 of the letter from the Board
of Customs, Salt and Opium in Calcutta
of date the 10th November 1840 of which
a Copy was furnished to this Office on
the 11th February 1841 they observe
that in applying for a supply of the

any reduction in the price of Salt of

Sir

Referring to Mr. Ashton's letter of the 27th February last and to the Board's Proceedings of the 11th March ensuing, I have the honor to state that I have received numerous representations from the Manufacturers of Indigo complaining of the loss and inconvenience experienced by them by the restriction imposed by the late Principal Collector which requires them to keep the Indigo manufactured by them at their Factories until the duty is paid in place and hereafter being removed to their dwelling houses for greater security.-

2. I have made minute enquiry into the subject and am satisfied that the Manufacturers will be subject to both

both inconvenience and loss by the strict enforcement of the new system, and it appears to me that Mr. Ashton's object which was the security of the Public Revenue may be fully answered by requiring the Manufacturers to give good and sufficient security for the Amount of the duty on the Indigo as it is removed with a further stipulation that the same shall be discharged in full within a given date three Months from the time of its removal. By these conditions the Manufacturers express themselves perfectly ready to abide and with these Checks I would beg respectfully to suggest that the System heretofore in force shall be allowed to Continue.-

In reference to the penalty of treble duty imposed upon the individuals* for a direct breach of the late Principal Collector's order, I can recommend no remission because the parties

P.R. 10 Oct. 1841 to Consl. 1st Dec. 1841

Proceedings thereon.

33

From the Record in this case it is seen that the Appellant was charged with having carried to his own private account Rupees five, the proceeds of the sale of certain grain received by the Curnum from one Veerabadra pillay instead of bringing it to public account as a portion of the demand due by the latter for his land. The defence of the Curnum was that the grain was given him by Aroonachellum father of Veerabadrum, and that the proceeds were carried to private account in part liquidation of a Bonded debt secured by an instrument executed by Aroonachellum.

The evidence produced goes to shew that a bond executed by Aroonachellum to

to the Appellant does exist as the Curnum admits the receipt of this grain its sale, and the whole matter turns on the fact whether or not it was given for payment of Revenue, or in part discharge of the private debt.

The Board having attentively considered the case and all the documents and depositions are of opinion that the weight of evidence is in favor of the Appellants Statement and that the conviction of the Curnum was wrong they direct accordingly that it be quashed.

Mr. Onslow will accordingly return to the Complainant any sums that may have been levied from him under his award.

Cons. Para 2.— 2. The discrepancy in the number of Villages alluded to in the 2nd para of the Board's Proceedings arose from an inadvertency on my part. The real state of the case is this, a portion of a ruined Village having been brought into cultivation in Fusly 1249. the Village in question was deducted from the number of ruined and added to that of cultivated the total number of Villages thus remaining the same.

3. In regard to the extent of Cawnies 9.965- stated in my report to have been relinquished by Ryots "who from poverty were unable to cultivate it." I am constrained to confess that the information afforded was very defective and to state that I fear I cannot now give a very satisfactory account of it. It was not however relinquished entirely on account of poverty but, as the Board suppose a considerable portion of it was given up by Ryots who thought fit to apply their labor to the reclaiming of Porumpoke &c. but in what proportions it was left waste on account of poverty and in exchange for other lands I am not able to say, for individual Chittahs were not prepared in fusly 1249 and the details necessary to supply the requisite information are consequently wanting.

4. That individual Chittahs were

not prepared in fusly 1249 in conformity with the Board's Orders is a matter of great regret to me. Previously to the commencement of the Summabundy I had made such arrangements as appeared to me necessary to insure the Board's orders being complied with- but when it was endeavoured to prepare the Chittahs according to the forms prescribed, it was found, that many points had still to be considered and so much detail to be examined that it was utterly impossible to conform to the Boards wishes for that fusly, both from want of proper instructions to the Village Servants and from the establishment of Gomastahs being quite incompetent to the additional labor, I trust that the Board will not consider me altogether inexcusable on this head when they call to recollection that the Head Sheristadar of my establishment upon whom I was of

course

cause chiefly dependant for the Subordi-
nate arrangements necessary to introduce
the new measure was the very inefficient
person who a few Months ago was dismissed
from Office. It is them to this cause. the want
of Individual Chittahs. that I am unable
to give the Board any detailed accounts
at all to be depended upon relative to the
above extent of land which was left waste
in fusly 1249. It may however be said ge-
nerally that it is for the most part por-
tions of the holdings of ryots who took up
up new lands under the prevailing
custom of the District hereafter to
be explained - and partly the entire
holdings abandoned on account of
poverty.

5. The arrangements made
for the fusly just about to expire (1250)
will be exhibited in my usual Annual
report and will I trust shew that
I have not been wanting in attention to
the subject - and the experience

which

which I have now had of the District has
enabled me to prepare a Hookoommanah
which with reference to para 10 of the Board's
Proceedings under reply, I beg herewith to
submit for consideration. My chief object
in the preparation of this document has
been to reduce within rules the indefinite
and anomalous practices which have obtained
in the District and which were every day
tending to increase confusion.

It will not escape the
6. notice of the Board that their orders
for the abolition of the Patent system
which had for it's object the maintenance
of a Ryot in the possession of a certain ex-
tent of land, but which was in practice
converted into a means of oppression by
establishing a demand upon the Ryot
for the assessment on his entire Patent
whether he cultivated it or not have
been but partially attended to. Convenience
rather than any fixed rule having been
the guide, the demand upon the ryot on

account

account of Bunjer or waste lands having been regulated chiefly according to his power or inability to resist it. I trust that the rules upon this head contained in the Hookoommanah will be considered equitable.

7. The rules laid down regarding the abandonment of and taking up lands anew are those to which I would particularly direct the Board's attention, as they go to subvert a system so anomalous and irregular that it is astonishing that more confusion has not arisen from it. Under this system which Mr. Blair frequently brought to the notice of the Board, the Ryots have been allowed to exchange their lands under peculair arrangements which I will endeavour briefly to explain in elucidation of the rules under allusion.

8. A Ryot under the system in question abandons his usual holding or a portion of it and takes up an

equivalent in extent in another place and if the rates of Assessment on the land so newly taken up be the same as or lower than the rate of the land abandoned, no change takes place in the accounts. for in the former case the total amount of course remains the same and in the latter the rates are raised to an equality with those of the land given up. and the total demand is still the same.

9. If the land newly taken up in lieu of that relinquished exceed the latter in extent or bear a higher assessment, the difference of the excess only is brought to account in the manner I have endeavoured to exemplify in the accompanying Statement No. 1 It will be observed that the only indulgence allowed the Ryot under this system is that when any portion of his old holding is assessed at Paracoody or a favorable rate, he is allowed a similar indulgence to a similar extent in the lands newly taken up.

In

10. In regard to bringing lands relinquished under the above system to the head of waste this is only done when the quantity taken up anew falls short of that relinquished and when any of that taken up in excess of the Ryots Patcut in a preceding year is relinquished in a following year.

11. It will thus be seen that vast changes take place every year which are not noticed in the Summabundy accounts and that those accounts do not contain correct Statements of the land laid waste or of the Turns of the land occupied.

12. The System of exchange has been allowed also in regard to crops as well as the classification and assessment of lands. I need not explain that in many parts of this District the assessment is regulated according to the Crop or fusul as well as the classification or Turn of the land. The rate of teerwah however on account of the Crop does not vary with the actual cultivation each field being

being permanently rated as producing a certain description of Crop in the Settlement accounts What the practice has been I have endeavoured to shew in the accompanying Statement No. 2. It will there be seen that the extent of a Ryots holding is 3-50-"-0 composing fields bearing the No. 867-890-88 89-and 105 the teerwah which these lands yielded in fasly 1248. according to the Mamool or Standard Assessment fixed on them amounted to Rupees 21-1-7 but in fasly 1249. it will be seen it was increased to Rupees 21-8-11- the difference between which sum alone is noticed in the accounts-and not the actual increase and decrease.

13. In order to the right understanding of the working of this system I beg to call attention to the following explanation 1st. If a Ryot throw up a portion of his holding being land bearing assessment for a high crop and cultivate in lieu of it an equal extent of land bearing a low crop assessment he is required to pay the high Crop assessment 2nd. If lands bearing a low Crop assessment be cultivated

cultivated with a superior Crop they are assessed with the Beerwah of the latter 3 ½ of lands on which the high crop assessment is fixed be cultivated with inferior Crops they become liable to the superior rate. The accompanying Statement No. 2 will I hope explain my meaning sufficiently clearly.

14. Such has been the ordinary practice of the District but I have reason to believe that it has been set aside as convenience required, and it is quite clear that under it a Knowledge of the real state of affairs on the part of the controlling authorities was very difficult to be arrived at. The Statements alluded to in the foregoing paragraph are transmitted in Hindoowee as well as in English.

15. The rules laid down in the Hoobunnamah now submitted will not, I conceive, be considered to bear hard upon the ryot when it is recollected that under them he will not be liable as he formerly was, to be saddled with waste land to an indefinite extent, and that it will be optional with him to retain or relinquish as much of his land as he pleases.

16. Some of the provisions of the Hoobunnamah make allowances for modes of settlement peculiar to certain

Villages

Villages. I have thought it preferable to adopt this measure rather than to proceed at once to abolish established Customs, (although they seem to have crept into the system unauthorizedly,) to the probable detriment of individual rights obtained by long prescription. I allude more particularly to the privilege allowed in a few Villages of cultivating Punjah land as Punjah turrum Punjah (which latter bears a lighter assessment than the former) care will of course be taken that these privileges are not extended.

The restrictions imposed on Mahajanums are, I believe, as far as they go, in accordance with the wishes of the Board as expressed in former communications, but I am not sure whether the Board will be of opinion that they go far enough. I particularly allude to para 26 of the Hoobunnamah by which Mahajanums are allowed to cultivate other lands than those constituting their usual holdings at the favorable rate, provided the said lands newly taken up are included in lands formerly belonging to Mahajanums but I did not think it advisable to abolish the custom without the sanction of the Board.

In conclusion I have only to state that being anxious to bring the accounts of the District into a more regular condition I have given orders for the provisions of the Hoobunnamah now submitted being carried into effect for the Current fusly 1251.

I have &c.

Hookoomnamah

No. 3.

Rookoomnamah for Fusly 1251.

Para 1. The Circar knowing the inconvenience to which Ryots have been put by being required to pay teerwah on the whole of their Patent land, whether it was wholly or partially cultivated; and with a view as therefore to contribute to their welfare gave orders that they should retain such quantity of it as they might be able to Cultivate and be responsible for the payment of its teerwah; relinquishing the remainder thro' the Medium of a Razeenamah to be given before the Tahsildar previous to the commencement of the Cultivating season, in consequence of the little attention that has been paid to this order, the Circar were led to promulgate a Rookoomnamah for Fusly 1250. at the Cultivating season, and to issue repeated orders touching the rules therein contained. The Rookoomnamah was in some respects observed, whilst in others it was totally unattended to. owing probably to the ignorance an

9670 Fort St. George 5th August 1841.

on the part of the Ryots of its provisions, and of this circumstance the Ryots were duly apprised at the time of settlement. The following rules have therefore been framed.

2 The Tahsildar shall form annually a Sagoohady dittum or Cultivation agreement, that the Ryots of each village may know how much they have to cultivate, the Ryots must not be forced but should be left voluntarily to engage for any quantity of Poonjah, Nunjah or Bagoyet lands they may wish to cultivate. and the same should be entered in the dittum accounts. If any Ryot wish to relinquish part of his Patent, he shall be allowed to do so, provided it is a whole field and so situated that it can be conveniently Cultivated by another, who may choose to take it up; and the relinquishment of such land will be disapproved, if no Razeenamah is executed to that effect and presented to the Tahsildar before the 31st July. a Razeenamah

Razeenamah of the above description shall not be applicable to lands taken on a Durjeavary or gradual Cowle, as they ought not to be given up before the expiration of the term.-

3 If the Ryots in the wet portion of the District be desirous of relinquishing part of their Putcut, their Razeenamah will be received provided the land they wish to give up be composed of the first, middle, and last Class.-

4 The Ryots by cultivating cs Mauniums in addition to those which they may have been in the habit of cultivating are accustomed to lay a portion or the whole of their usual Putcut waste, solely with a view to evade payment of teerwah to the Circar. This they are now prohibited from doing, and unless they cultivate the cirkar putcut land to the fullest extent they must not proceed to the cultivation of additional Mauniums. should they break this prohibition, teerwah will be

be collected on the Putcut so given up, and the Razeenamah tendered respecting it, refused. In cases in which Ryots after relinquishing their Putcut by tendering a Razeenamah in the manner aforesaid, undertake the cultivation of the Putcut lands of other Ryots for waram (share) or Cunthoyem (rent) or of Survamaniems, Shrotriums, Istimirar, Jaggeer &c lands or of Davadoyem, Birmadoyem, or Service Mauniam lands the Razeenamah of such Ryots shall be considered null, if the land so given up has not been cultivated by another individual when it shall be included in the settlement in the name of the late proprietor.

If Ryots leave a portion or the whole of their usual Putcut waste, and without giving it up thro a Razeenamah proceed to the cultivation of Mauniam lands &c. which they may have been in the habit of cultivating. the cs teerwah on the Putcut so left waste will be included in the settlement, and collected.-

5 The Razeenamah which as abovementioned is to be given before the

the Tahsildar should not only contain a specification of the description, the designation, the number, the extent, the teerwah of the land relinquished, the date, Month, and Year, in which it was given, but also the reason why the land could not be cultivated, and it must moreover be distinctly stated in it, that the Cirkar lands shall not be laid waste with a hope of Cultivating additional maniums &c. and that should this condition be broken after the delivery of the Razeenamah, the teerwah of the land given up must be paid, and the Razeenamah considered as cancelled. The Razeenamahs presented in the manner described above must be carefully examined by the Tahsildar who after the necessary enquiry should he find it to be correct, will accept of them. He shall then date them, procure thereto the signatures of two witnesses, and place it on the records of his Cutcherry, duly attested by himself

himself. when the time fixed for receiving Razeenamahs expires, the Tahsildar will forward the Book containing the entry of Razeenamahs, with the Gramawa Goshfor account, to the Woozoor.-

6. It was customary up to Fasly 1249, when Ryots threw up a portion of their Puttah, and Cultivated in its stead a Jursee land a new, to fix on the latter the same Jarum and the same teerwah, as the former; this Custom leads to the alteration of established Jarums and also causes the erroneous entry in the accounts of unassessed for assessed lands. Inconsequence of this being an anomalous practice, it was laid down in the Rookoomnamah of the preceding Fasly that in lieu of such practice; the teerwah of the Paddogal land or that thrown up should be set aside, and a reasonable teerwah should be fixed on the land newly cultivated in its stead. The Ryots however neglected to give Razeenamahs regarding lands which

which they threw up / declining to take new ones during the time of making dittum in their stead.) under a plea of their being ignorant of the rules concerning Razeenamah - This circumstance has led to the reception of Razeenamahs after the expiration of the time allowed for receiving them and also to the deduction from the settlement of such waste lands as were not duly relinquished thro' Razeenamahs - a fact of which the Ryots were informed at the time of settlement - It is therefore now particularly ordered that Ryots should tender their Razeenamahs with respect to such quantity of their Putcut land as they wish to throw up, within the limited period, and pursuance of the rules above detailed - Razeenamahs tendered after the given time will be refused - and the lands to which such Razeenamahs may relate considered as cultivated, and on their teerwah collected accordingly -

7 Lands abandoned under the

the rules above mentioned shall not be restored as of right; they will be rented out by the Circar to any Ryot who may propose to take them; but if the offer of the Ryot who had relinquished them preceds the offer of others, the preference shall be given to him - Lands which have been enjoyed by Natoors Mahajanums for an a reduced teerwah shall not be rented out to others without their consent -

8 The extent of Nunjah, Doonjah and Bagoyet lands, which Ryots may retain (setting aside that deducted from their last years Putcut) the teerwah calculated thereon according to the settlement of the preceding year, the amount and number of additional waste lands which they may have newly taken up for this year; should the land be Sheygal, turosee, the tarum and teerwah which was originally fixed thereon; the tarum and teerwah to be fixed in the manner shewn below on another Bunjer land which was never before cultivated - the fasel teerwah of the voluntary cultivation of Ryots - All these particulars should be distinctly ascertained and a separate account of lands newly taken up; to which must be added the total of the extent and teerwah of the abovementioned descriptions of lands / must be prepared in conformity to the Ramoonah, and

and the signatures of the Ryots obtained there=
=to.-

9. If after the Sagoobady dittum by the Tahsildar has been completed any Ryots make cultivations of their own accord, the Curnum of the Village should immediately report the fact with an account of the Extent and Number of the land on which such Culti=
=vations may be made, and whether it was made on assessed or unassessed land - In cases in which it is found that after the completion of the dittum, Cultivations were made on unassessed land, the tarum of such land and the Teerwah of the Fusel with which it may have been Cultivated must be entered in the Fasty Sagoobady account agree=
=ably to the rules hereunder mentioned.-

10 If sheygal tursee or unassessed land forms a portion of the lands newly taken up by Ryots, the same tarum and teerwah which was fixed thereon at the time it was originally Cultivated must be ascertained from accounts and the Ryots encouraged to Cultivate them for the same amount of teerwah, and such land moreover ought not to be rented out for a lower teerwah than that it formerly yielded - Should Ryots desire to cultivate the land with a Fusel superior to that which

which it was cultivated with before, they are at libaty to do so, and they must be ap=
=praised at the same time of the amount of teerwah to be affixed thereon which should be calculated according to the usual rate of the Village - and an account of all sheygal tursee or assessed land which may have been newly taken up must be kept, clearly shewing that the tarum and teerwah which were affixed thereon were established as per such accounts of such fusly - as also the amount of fusel fasty or increased cultivation -

11- In cases in which sheygal tursee Poonjah land, cultivated for one or two years with superior crop may be subsequently rendered unfit for such cultivation, and lay=
=ing waste since - the Tahsildar must make a proper examination as to the quality of the land, and should he be convinced of it's being incapable of yielding the superior

Fort St. George 5th August 1841.

superior kind of produce, cause it to be cultivated with such crop as he thinks it fit for only for one year. appraising the Ryots of the teerwah to be fixed thereon according to the usage of the Village, and an account containing the remarks relative to it must be kept. The proceeding of the Tahsildar in this respect shall be confirmed should it upon examination receive the approbation of the Circar at the time of Settlement. If on the contrary, it be disapproved, such crop as the Circar might order must be cultivated on the land for the next year. tho' teerwah on it is to be collected according to the Tahsildar's arrangement for that one year. should the Ryots of their own accord, and without the order of the Tahsildar, cultivate a low crop, on a land which was formerly cultivated with a high one, the teerwah of the high fusel, which was originally established will alone be levied. —

If

Fort St. George 5th August 1841.

12. If Nunjah and Sotaval lands of Sheygal turnee could not be cultivated with that high crop with which it was formerly cultivated, from want of water, or any other just cause. the Tahsildar in such case must examine the land properly, and prepare an account shewing the teerwah and tarum originally fixed thereon. as also the fusel with which it could now be cultivated, together with the reasons for which it could not be cultivated with the former fusel. and forward it to the Kotgoor with an argee. and advice by the order he might receive with reference thereto. The Tahsildar is not at liberty to order a low crop to be cultivated on such land of his own accord. and if Ryots should cultivate a low crop at their own pleasure, their reasons for doing so whatever they be, will never be approved, and the teerwah originally fixed will be collected from them. —

Sheygal

13. Sheygal teeram land must be cultivated in whole numbers, but not in portions. If on the contrary, a Ryot cultivate part of a whole field leaving the remainder waste, the teerwah of the whole field shall be collected, therefore the entry in the dittum account of a portion of a whole field cultivated must be avoided.—

14. In all cases in which a whole field may be cultivated by 2 or 3 Individuals, or a portion of a whole field be deducted from the settlement of the preceding fusly, and another portion brought under Cultivation, such subdivided portions must be entered as Oil or number within Number beginning from 1-2-3 and so fourth. Should any portion of such subdivided land be laid waste, it shall not be deducted but brought to account. If Poonjah lands above 4 Cawnies form a whole field and a subdivision of it is rendered necessary by the actual

in

inability of a single individual to Cultivate it, the Tahsildar ought, upon Ryots offering Durgasts, to report the fact to the Hoozoor and with their over subdivide such lands into two or more portions, fixing on the portions so subdivided oil or internal number, and then rent out each such portion.—

15. The extent of land which Ryots may agree to cultivate from another in Bunjer or Porumboke must be measured off, numbered, and the same entered in the Fasty dittum account. The land which in the manner aboresaid may have been measured off and numbered as should be cultivated wholly, and no portion of it should be left waste, a breach of this rule will be noticed by the entry in the account of the teerwah of the whole field agreed to.—

16. In all cases in which the Tahsildar may be under the necessity of fixing teerwah on Anady Bunjer or Porumboke

Fort St George 5th August 1841.

Poramboke which were never before cultivated or assessed, he must proceed to the spot accompanied by 2 or 3 respectable and experienced Ryots, and after a careful examination should fix Teerwah thereon with reference to the assessment of the adjoining lands of similar description and quality under cultivation, entering at the same time in the Fasly ditteum account the Nunjah, Tarum and Teerwah of such adjoining lands, as also of such of them as were taken as a standard for fixing the teerwah on the immemorial waste together with the assessment of the Crop with which it may have been cultivated. Should the arrangement of the Tahsildar in this respect be found at the time of settlement to be incorrect such tarum and teerwah as the Circar may deem fit will be fixed on the land so newly cultivated when there are no cultivated and assessed lands of a similar description and quality adjoining or in the same Village the quality

Fort St George 5th August 1841.

quality of land of similar description in the Neighbouring Villages must be referred to. Should the Ryot to feel it inconvenient to cultivate the lands they have taken up with that crop which they have engaged for at the time of making Sagoobady ditteum, the assessment of the fusel which they may have been able to cultivate on it will alone be brought to account and Collected.—

17. In all cases in which there may be no accounts which would enable the Tahsildar to fix on the Sheygal turuee or assessed land the same tarum and teerwah to which it was originally liable the Tarum should be determined with reference to its adjoining land of similar description and quality, and the assessment fixed with reference to the Crop with which it may have been cultivated according to the provisions of Column 16.—

18. Should the Ryots of Villages in which Oolcoody or the full and Poracoody or the 3/4 teerwah prevails, take

Fort St George 5th August 1841.

take up land which was formerly cultivated and liable to Poracoody teerwah, full assessment shall be fixed on such land provided its cultivators be Odeoody or resident Ryots. but should they be strangers residing at the distance hereunder mentioned, Poracoody or 3/4 teerwah will in such case be fixed.—

19. It has happened that in consequence of the disputes and trouble made by the Ryots in Villages which Poracoody teerwah has been allowed, there has been a great want of regularity in fixing the teerwah on lands newly taken up— Poracoody and Odeoody teerwah being indiscriminately fixed on lands cultivated by Resident Ryots and the same Ryot being charged with both Poracoody and Odeoody teerwah in the same Village and even in the same field. Ryots also have

Fort St George 5th August 1841.

have been allowed to cultivate lands at the reduced rate on the plea of their being situated in other Villages, altho' they are quite close to their places of residence. This is an improper custom, but as by introducing an innovation on the rates of teerwah which have already been fixed the Ryots will be put to inconvenience, it is resolved that the assessment fixed on various descriptions of lands and which may have been enforced up to preceding fusles should remain unaltered so long as these lands are in the possession and occupation of the now existing proprietors and that assessment should be fixed on lands hereafter to be newly cultivated in pursuance of rules hereundermentioned.—

20. In some Villages lands of all description are by custom liable to Poracoody or 3/4 teerwah, and this rate of assessment is taken as a standard for assessing fields which are annually brought under Cultivation, Consequently all

Fort St. George 5th August 1841.

all lands hereafter to be cultivated in such Villages will be charged with the same rate of teerwah.—

21. Provided the inhabitants of a Village where Oolcoody or the full and the Poracoody or the 3/4 teerwah prevails cultivate lands situated in the same Village wherein they may reside, full assessment will be fixed on the lands so cultivated. This rule is applicable also to ryots who may reside within a distance of 3 Miles from the land which they undertake to Cultivate. If, on the contrary, the Ryots live at a distance of 3 or more Miles from the land. Poracoody or 3/4 teerwah will in such case be fixed on the land Cultivated by such Ryots, but this will be commuted to a full assessment in the event of their establishing their place of residence in the same Village in which the lands they have agreed to Cultivate, may be situated.—

22. If land which was liable to the payment of Oolcoody, or the full teerwah be

Fort St. George 5th August 1841.

to left waste, and a Ryot living at a distance of 3 Miles from the land so left waste, wish to take it up for Poracoody teerwah, such Ryot must present a Durghast to that effect to the Tahsildar, who, where he finds there is another that would take it for full teerwah, shall rent it out to him; but if the individual who first gave Durghast consents to pay the full teerwah, it must in that case be rented out to him. In the event of no ryot offering full teerwah for the land, the person who gave the Durghast will in such case have it for Poracoody or 3/4 teerwah.— Ryots who cultivate lands from Arady Burger, or from such waste lands as were excluded from the settlement and assessed with Poracoody or 3/4 teerwah, and situated at a distance of 3 Miles from their Homes, will be allowed the advantage of paying Poracoody or 3/4 teerwah.

In

23. In some Villages there are lands which are appropriated for the use of Davastanums, chuttrums, chavady and colleges, and consequently favorably assessed, & the Puttahs respecting those lands exist in the names of the administrators of the charity institutions. These, after paying to the Circar the usual reduced teerwah, appropriate the proceeds of the lands for such charitable purposes for which they were designed, where the whole of the lands in a Village are assessed with similar favorable assessment, and a custom prevails of charging fields newly taken up with the usual rate of teerwah, no alteration in the existing rates of assessment should be introduced, where, on the contrary, only a portion of the Village is favorably assessed, the assessment on the remainder must be determined with reference

to

to the extent of land cultivated for the last five years, or in other words where the extent of lands so remaining and brought under cultivation newly, exceeds the highest Dittums of cultivated lands of those fields, full assessment should invariably be fixed.

24. In Villages in which these following peculiar kinds of assessment prevail Viz.th 1st Sookavassy and cowle Colcoody being 3/4 of the full teerwah, 2d.y Cowle Poracoody being 1/2 of the full teerwah. 3rd.ly Moonasib teerwah an indulgent rate fixed without reference to any particular standard upon each cawney lands newly brought into cultivation are according to the existing custom assessed at the usual teerwah of the Village. This practice will still continue in force.

of a reduced teerwah, the sheygal tursee of such lands shall be assessed accordingly whenever they are brought under cultivation by the zemindars and their copartners.— but this rule is inapplicable to anady Bunjer and fields which were formerly liable to the payment of full and poracoody or 3/4 assessment and when lands of this description are brought under cultivation anew, the regular assessment shall invariably be fixed thereon.

29. Should waste lands be cultivated anew in a Village where Poracoody or 3/4 teerwah does not obtain, such lands will be charged with full assessment according to the custom which was heretofore followed.

30 Where it is the custom to bring under the head of fusfel jastee lands which are newly cultivated with a superior crop- the customary rate at

ab which the superior crop is assessed — will be taken as the teerwah and the Customs of Edoo hitherto allowed in regard to the crops cultivated is abolished no remission will be allowed on account of fussel cummee. The peculiar indulgences allowed to certain Runjay lands established by authority and customs will not be disturbed by the above rule.

31. Where Poonjah lands are converted into Nunjah or Bagayet; or Bagayet into Nunjah, the increase — in the assessment must according to custom be brought into account. Provided lands cultivated with nunjah or Bagayet crops and paying a high — teerwah be rendered incapable of such — cultivation from the filling up of Tanks or channels or from their not receiving their usual supply of water, such lands will be charged with the teerwah of

of such crop with which they may have been cultivated - but in all such cases the Tahsildar is not at liberty to allow the cultivation of a low crop without previously obtaining the orders of the Hoozoor to that effect - and should Ryots cultivate such lands with a low crop without the orders of the Tahsildar, and of their own accord the teerwah of the high crop will be levied.

32. Where Vanpire, Betel, Plantain, Turmeric &c. are cultivated the increased assessment will according to custom be fixed on such kinds of cultivation, this increased assessment will be excluded from account when the crops become allegal - that is when they have been destroyed on account of having become unfruitful as is

is always the case with these crops after a term of years - no remission will be allowed till the expiration of the said term.

33. Betel gardens are productive for no more than 3 years - a custom has in some places obtained of collecting the assessment of the three years in the first year of cultivation - This custom, besides bearing hard upon the cultivators, causes confusion in the accounts - it is therefore abolished, and in future the assessment will be collected in equal sums in each of the three years to which the cultivation extends.

34 According to the custom hitherto prevailing all transfers of lands in the wet taloohs must be registered and signed by the Purchasers and sellers in

in the presence of the collector.
In all other cases Ryots of the
Dry portion of the District who
may be desirous of selling &
or transfering their land by
gift or otherwise, to another
in whose name they would
have the Puttah issued, must
present themselves before the
Tahsildar, and execute a
Razeenamah stating in &
it their reasons for disposing
of their land. such Razeena-
=mah shall be carefully &
examined and accepted upon
its being found to be
unobjectionable. The Tahsildar shall
then

then take a Moochilka and
a competent security from &
the purchaser, and enter his
name in the dittum &
A book containing the entry
of the matter should at
the same time be opened
and produced at the time
of settlement; when orders
will be issued for pre=
=paring the Puttah in the
name of such purchaser.

35. The Ryots must
without fail pay the Money
due on the land they
may have engaged &

cultivation agreement, and for which they are held responsible. and should any portion of the land so engaged for be laid waste, deductions shall be made upon a due consideration of the circumstances of the Ryots, and the causes which led to the land being laid waste at the option of the circar. but this indulgence they shall not be allowed, if it be proved that they have laid waste their land without sufficient reason.

36. Where Talady or 2d crop waste happens

happens in the Nunjah land owing to the deficiency of water or other just cause the usual discretionary remission will be allowed.

37. Persons desirous of erecting Houses on Circar tursky or waste land should present a Durghast to the Tahsildar, who will with the orders of the Hoozoor, allow them to build Houses or make back yards on tursky lands or on a back yard land that may be deducted in the Pymash and for which there may be no heirs. If on the contrary the Ryots build Houses or make back yards without orders, teerwah will be collected from them.

38. The result of cultivating beds of Tanks is that their reservoir become gradually filled up with earth and incapable therefore of holding the usual quantity of Water. and that their banks are materially injured. The Ryots are therefore hereby prohibited from cultivating beds of Tanks, and should they attempt to act against this

this prohibition the Puttadar and Curnums must prevent them from doing so, and report the event to the Tahsildar, who after due enquiry shall address the Hoozoor, who will fine such offenders.

39. When a Sheygal turshy land which has been cultivated during 6 years past is newly brought under Cultivation, full Assessment thereon will be collected from the Ryot cultivating it but if a period of more than 5 years has elapsed since the land had been Cultivated, a Cowle or progressive teerwah shall be fixed according to the following data.

	1st year	2d year	3d year	4th year	5th year	6th year
Lands left waste for more than 5 years	1/2	3/4	Full			
Lands forming a light jungle or Yeluncaudoo and on which there may be small trees	3/16	3/8	1/2	3/4	Full	
Lands forming thick jungles or Paroncaudoo and on which there may be large trees	1/8	1/4	3/8	1/2	3/4	Full

At

It has been customary with

40. Ryots when they consider the productiveness of their lands to have become diminished by constant cropping to cultivate other lands in their stead - but the lands so thrown up have not, as they ought to be, been included in the Sheygal turshy Accounts nor have the lands taken up in their stead been deducted from the Turshy Accounts on the other hand those lands entered under the head of immemorial waste are in many instances Sheygal lands. This custom was abolished in Fusly 1250 - and it is resolved that Sheygal lands of the above description shall not be allowed to be held on progressive Cowle until the expiration of five years from the date of their ceasing to be cultivated.

In consequence of there

41. being large and small trees on such Sheygal turshy lands, which were uncultivated for a considerable time past, Ryots, willing to take up such lands, will be put to

to trouble and expense in improving them.
In all such cases, the Tahsildar, upon being
convinced that the lands, which Ryots
may wish to take on Cowle or progres-
-sive teerwah, from a portion of a light
or thick jungle, should communicate the
circumstance to the Hoozoor and abide by the
orders he might receive therefrom.-

42. Lands which may be rented
on Cowle, shall be assessed with full teer-
-wah according to the durjevary or pro-
-gressive rates whenever they are Culti-
-vated by Polcoody or resident Ryots; but
when lands situated in Villages where
Poracoody teerwah may prevail are Culti-
-vated by a Poracoody or stranger residing
at a distance of 3 Miles from the land which
he may propose to take poracoody or 3/4 of the full
assessment shall be fixed, subject of course to the
durjevary or progressive rates. No lands which

may

may have been assessed with less than 3/4 teerwah
shall be rented on Cowle-

43. Ryots, who after cultivating
their putcut lands to the full extent, might
propose to take other lands on Cowle teer-
-wah, shall be allowed the indulgence where
in breach of this rule, Ryots to leave a portion
of their putcut land waste, and Cultivate
Cowle lands, the Cowle teerwah on the latter
shall be annulled, and full assessment sub-
-stituted. In case of Ryots, who may have cul-
-tivated their putcut land fully in the year in
which they may have proposed and obtained
other lands on Cowle teerwah, leaving any part
of their putcut land waste in the next year,
the durjevary or progressive teerwah on the latter
shall be annulled, and full assessment sub-
-stituted. The particulars above detailed must
therefore be inserted in the Moschilka which
Ryots shall be required to give in all similar cases
and in the Cowle Cheetoo to be granted to

such

such Ryots.

44 Persons who may be desirous of taking lands on durjeyany or progressive teerwah should present Durkhast to the Tahsildar, who if he thinks it fit, will grant to Ryots making such Durkhasts Cowle Chits, and no progressive teerwah shall be allowed where a Ryot may Cultivate on Cowle lands of his own accord without obtaining the Cowle Chit aforesaid.

45- The arable portion of the lands in many of the Villages attached to this dis= =trict, have been classified, but the assess= =ment on such lands is not formed with reference to the classification only it being a based on the tarum or classification of the land, and the fussel or Crop with which it may be cul= =tivated- consequently no lands shall be given on Cowle for Gram and other low but only for the Cultivation of Crops liable to high teerwah.

46- Statemaniem, Chaturbagum, Astabagum

Astabagum &c. shall according to custome be excluded from the Settlement.

47- Where the lands of persons holding Shrotri= =um or Sodegay, and who may be present in other= =wise, are left waste, and the usual rent there= =of shall be irrecoverable, the Tahsildar shall seize or attach such Maniums, and get them Cultivated by others- and an account shall be kept for the purpose which shall be produced at the time of Settlement.

48- In the old accounts in many Villages none but land which was under Cultivation at the time the accounts were prepared has field war Numbers and in some Villages even the Cultivated land is not numbered- In the Villages in which it has been the practice to Number the Cultivated land, the Numbers have in many instances been altogether lost when the lands have been thrown out of Cultivation. To prevent this irregularity for the future, it is ordered that the Numbers of the lands shall remain as they were in fusly 1250, and that all lands newly taken up shall be consecutively numbered, beginning with the number immediately following the highest number in the

the Village.

49. The Curnums when they go to inspect a Cultivation, should ascertain whether each Ryot has cultivated the whole, or a portion of his field and inform such Ryots as may have neglected the Cultivation of a whole field, that full assessment on his field shall be collected. The Curnum, Moreover, must point out to the Cultivator the extent or the boundary of his field. Care should be taken by the Taksildar to see whether the Curnums strictly conform to the above order or not.

50. The Taksildar will forward Copy of the Hookumnamah duly attested by himself to the Curnums and Puttadars to whom its contents should be well explained and give it all the publicity he can. The Taksildar, Moreover, should explain the Hookumnamah to the Ryots whenever he goes on Circuit thro the Villages, and if he wishes to be guided in cases which the Hookumnamah does not provide for he must apply to the Hoozoor, and act according to the orders he might receive therefrom.

Sir,

With reference to an Extract from the Proceedings of the Board under date the 26th November 1840, I have the honor to forward the Istimrar Sunnud, originally granted to the Zemindar of Shevagherry. It is in a very damaged state and is pasted in an accompanying parcel. It is difficult to ascertain and specify what private interests in a particular might be intrenched upon by the issue of a new Instrument, but there are numerous boundary disputes which might be materially affected by the adoption of such a measure.

From the Collr. of Malabar. } Sir,

Submitting a further report on the measures which seem necessary for attaining the object of preventing the premature cutting of Seat. Saplings.

Para 1. I beg to acknowledge the receipt of the Minutes of Consultation of the 31st. May forwarded with the Proceedings of the Board of Revenue of the 7th. Ultimo, on the subject of rules to prevent the premature cutting of Seat. Saplings.

2. The Right Honorable the Govern.or in Council apprehends, I observe, practical objections to any Enactment prohibiting the cutting of undersized Trees, or to the measure of laying a heavy duty on such as may be felled. The removal of the "Young trees," his Lordship observes, "cannot be absolutely interdicted, because this may be sometimes necessary to promote the health "and growth of large Timber."—

and

and again his Lordship does not see in
"what way the enactment of a heavy duty
"on the Sapling will be brought into
"operation. where it is proposed that the
"duty shall be taken; whether it shall
"be a forest duty or a duty of transit
"or a duty of trade, and if the latter,
"where collected?"

3. With the highest respect for the authority from whom these objections emanate, I beg to observe, that I do not think that there would be any particular difficulty in disposing of them satisfactorily.

4. The necessity alluded to of removing young teak trees for the due preservation of others, applies, I think chiefly to their separation when mere plants, but presuming the prohibition to be in force, a dispensation might be always given on its being brought to the notice of the Chief Salook authority that the felling was absolutely required for this purpose.

With

9702. Fort St. George 5th August 1841

With regard to the objections respecting the enactment of a heavy duty, it may be sufficient to observe that the idea was merely to raise the duty already imposed on all Teak (as well as other valuable Timber) to such an extent on teak saplings as to render it not worth the while of the Merchants to bring them for sale. The duty in question is a transit duty, which has for a long series of years been levied on Timber brought to the Coast by the rivers which descend from the Forests. The Chowkies are stationed a few miles above their debouchure into the Sea, and as the great mass of Teak Timber is brought to the Coast, but little escapes this transit duty.

5. But as there are, no doubt, objections to very high rates of duty from the inducement held out to smuggling &c. and as I believe there is every probability of the transit duties being shortly entirely abolished, it may be considered a better and a more effectual process, to prohibit the felling of saplings generally, and to

attach

attach penalties to the infraction of this prohi-
bition. It appears that this was considered the
more desirable course of proceedings so far
back as 1828 on a reference, on this subject, made
by the Principal Collector Mr. Sheffield. The opini-
ons of Mr. Sheffield; who, as the Board are well
aware was one of the most able and best locally
informed Collectors that have been in Malabar,
are so very deserving of attention, that though
to be found on the Board's records I have thought
it desirable to quote them at length here:-

"With advertence to the 5th Para of the
"letter from Government, remarking that the
"most effectual way to prevent the felling
"of young Teak trees would be to prohibit it, and
"to attach a specific penalty to the breach of
"the order, I beg permission to press upon your
"notice in the strongest manner, the absolute
"necessity of some immediate step being
"taken to put a stop to the destruction of young
"Teak Timber, for it is my decided opinion, that
"unless some determined measure be adopted to

put

"put a stop to this ruinous practice, the
"Forests, in a very few years, will be utterly a-
"nnihilated, as far as relates to valuable -
"Teak Timber, in situations accessible to transporta-
"tion, and I venture to assure your Board that
"it has come within my own personal observation
"during my different excursions through Forest
"tracts, under the Ghaut Mountains, that a
"vast number of young Teak trees, and
"even saplings have been felled with the
"most wanton profusion, for any one of
"which a person in the adjoining States of
"Cochin and Travancore would suffer the
"severest punishment."

"Considering it as a matter of in-
"calculable eventual consequence to our mari-
"time and Commercial interests, most effica-
"cious measures ought undoubtedly to be adopted
"to put an entire stop to this pernicious practice, and
"it occurs to me, that the mode which would be the
"most effectual to this end, would be the one which
"has already been pointed out by Government, and I,
"accordingly beg permission to recommend, that a

proclamation

"proclamation be issued, with the authority of
"the Right Honorable the Governor in Council, and
"bearing the signature of the Secretary to Government,
"prohibiting the felling of such young Teak trees,
"in any of the Forests in this Province as come
"within the denomination of Kyle, or are under
"32 inches or 27 3/7 Bores in Girth, under a severe
"penalty, Viz.t a fine of fifty Rupees for the first
"offence, one hundred for the second, for the third,
"two hundred, and a like amount for every
"subsequent offence, and declaring that if the
"person convicted of such offence before the
"Collector or any of his subordinates, shall repose
"or omit to discharge the penalty which shall be
"imposed, process shall immediately be issued
"against the property of the offender, and if
"property belonging to the offender sufficient
"to make good the penalty, shall not be found,
"he shall be committed to the debtors ward in
"the Zillah Jail for any period not exceeding
"six Months, as may be deemed proper upon
"a consideration of the circumstances of
"the case."—

No

9702 Fort St. George 5th August 1841

"No hardship would be imposed
"by such a prohibition, for in every tract of Forest
"in Malabar, there are besides Teak, a great many
"other species of Timber equally well adapted
"for domestic and other private purposes. And
"moreover the discontinuance of such wanton
"destruction of Property would eventually prove
"highly beneficial to the individual proprie-
"tors of Forest tracts, in so much that their
"profits would be considerably enhanced
"by effectual means being taken to preserve
"their Timber, until it shall become fit for
"the purpose of House and Ship buildings."

"I have prepared as a Memorandum
"a rough draft of a Proclamation to be issued
"as suggested in Para 7 of this address, a copy
"which is herewith submitted."

6. I have little to add to these observations of Mr. Sheffield on the subject of the destruction of the Forests. They have proved but too correct, as is attested by the appearance of all who have lately had

had their attention attracted to the subject. The damage that has been perpetrated in the 12 years, which have elapsed since they were written, is irreparable but its further progress will, I earnestly trust, be stayed by the adoption of the measure then recommended. However inconsistent with the general principles of political economy, it is I am convinced a necessary measure, and as I have explained in former letters, one that will be anything but displeasing to the Chief proprietors and Merchants who have foresight enough to see that their property and trade will be eventually ruined by a system which they are unable of themselves to put a stop to. The Zamorin and the Nellumboor Tirowadaad two of the most influential of Forest Proprietors, have both expressed their desire to have such a law passed, and

and the same wish was stated to me by the two most respectable Timber Merchants at Calicut, whom I lately spoke to on the subject. The parties to whom it will be distasteful are first, those needy Proprietors who care for nothing but immediate advantage, however small. Secondly, those Inferior Merchants who take advantage of such Proprietors wants, and obtain the power of felling wood indiscriminately for a very trifling consideration - and thirdly, that numerous party of adventurers, who cut saplings wherever they are to be found, either without the knowledge of or in connivance with, the Servants of the Proprietors, as was done in the case brought to the notice of Government in my letter of the 12th March last, which has led to a reconsideration of this subject. The 1st Class is the only one that deserves any consideration, but clearly not such as that the interests of the whole trade should be sacrificed to

to their temporary advantage.

7. I beg therefore, in conclusion, to forward the draft of Mr. Sheffield's proposed Proclamation, which I suggest may be made law with any such modifications as may appear necessary to the Board. It will not, I trust, be objected to in consequence of the severity of the penalties. Confiscation must be added to the infliction of fines. Without this provision, a man might yet cut undersized trees, trusting to the difficulty of detection or conviction, or possibly indemnifying himself for the fine he might have to pay by cutting an extra number.

The object aimed at is to put a thorough stop to a long continued, but most pernicious evil. To do this requires measures of extreme vigour and stringency.

Memorandum

9702. Fort St. George 5th August 1841.

A

Memorandum, being a rough Draft of a Proclamation proposed by the Principal Collector of Malabar in Para 7 of his Report to the Board of Revenue under date the 25th December 1828.

Whereas it being deemed especially necessary to put an end to a very ruinous and wanton practice that prevails in every tract of Forest in the Province of Malabar of cutting down the young teak trees for domestic and other purposes, whilst there are a great many other species of timber equally well adopted for such purposes, the Right Honorable the Governor in Council has come to the resolution of prohibiting this pernicious practice in future, and accordingly directs, that no young Teak trees such as are denominated Kyle or are under 32 inches or 27 3/7 bowls in girth, shall

shall be cut down after the date of promulgation of this Proclamation and that if any person shall be detected in felling or be engaged either directly or indirectly in cutting down young Teak Timber after that period, the said Timber shall be seized and confiscated, and the person or persons offending be moreover fined by the Collector or his Subordinates as follows. for the first offence fifty Rupees, for the second one hundred, and for the third two hundred, and two hundred more for every subsequent offence, and if the person convicted of such offence before the Collector or any of his Subordinates, shall refuse or omit to discharge the penalty which shall be imposed, the amount shall be levied by the sale of his property,

and

9702. Fort St. George 5th August 1841.

and if property belonging to the offender sufficient to make good the penalty shall not be found, he shall be committed to the Zillah Jail, and confined in the debtor's ward for any period not exceeding six months, as may be deemed proper upon a consideration of the circumstances of the case.

Whosoever shall give information of any person offending against this Proclamation, shall be entitled to half the amount of the value of the Timber which may be seized and confiscated, in consequence of his information.

The above Prohibition is not meant to extend to the felling

felling of any other species of Timber of whatsoever size or growth in the said Forests, all which may be cut down and carried away as heretofore.

Requesting permission to allow Extra batta to the Public Servants whom he may find it necessary to take with him to the Neilgherries, also that the Collectors Peons & other Cutcherry Servants drawing less than 10 Rupees a Month may be allowed a Batta of One Anna per diem whenever employed on Circuit in Wynaad—

1. I beg permission to allow an Extra batta to the public Servants whom I may at any time find it necessary to take with me to the Neilgherries. These individuals, like all other Natives proceeding to the Hills from the low Country, are necessarily exposed to considerable expense for warm clothing, fire, house Rent &c., and the usual batta allowed for their travelling expences is utterly insufficient to meet these demands. It is true that an additional allowance has not been granted hitherto in this District, but it is equally true that the Servants at times deputed to the Neilgherries have felt it as a considerable hardship that they should be forced to make comparatively heavy disbursements while engaged on a duty under no circumstances very palatable to them. The Madras Native public Servants while employed on the Neilgherries draw (as I observe by a Memo. furnished me by the Civil Auditor) batta amounting to, from half to the whole of their fixed pay according to their salaries, and circumstances; and an equal indulgence may perhaps be shewn to my Servants.

I

9705

Fort St. George 5th August 1841.

I will take care that this indulgence, if granted, be not the means of entailing any thing like a severe charge on the Government by limiting my Establishment to the smallest possible number during the short periods I may be on the Neilgherries. I may in fact assure the Government that it shall not exceed 150 Rupees in the course of the year. This 150 Rupees will not be altogether a new charge as a deduction must be made for the batta receivable under the present rule.

2 I beg further that the Collector's Peons and other Cutcherry Servants drawing less than 10 Rupees a Month, may be allowed a batta of 1 Anna per diem whenever employed on Circuit in Wynaad. The Country is particularly feverish and trying to the constitution of the inhabitants of the lower Country, and it is desirable that the persons I allude to should have the means of purchasing Course flannel, or other similar clothing to protect them, as far as possible, from its influence. This charge will of course be very small.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation of the 19th June requiring further information on certain points called for by the Government of India in reference

to be pledged to the entire or partial continuance of certain Jaumah allowances in North Arcot

2 The information required by the Supreme Government will be found detail in the correspondence on the Records of Government noted in the margin and which it is believed will afford full explanation on every particular.

3 From this it will be seen that in 1806 five years after the Cession of the Carnatic Government upon the recommendation of the Board of Revenue were pleased to resolve that all the Jaumahdars holding Sunnuds of either of the three last Nabobs Burdutool Umrah, Wallajah and Mowareedeen Khan should be continued in the enjoyment of their allowances and confirmed therein by new Sunnuds under the Seal and Signature of the Collector under the

recognition of the principle the Amount Period and Conditions of the Jaumah were ordered to be determined by the terms of the Sunnud under which it was originally granted.

4 Doubts having occurred of the genuineness of many of the instruments it would seem that the Register obtained by the Duplicates of the Nabobs Government was adopted in lieu of the Sunnuds as the more correct way whereby to determine the authenticity of the Claims, and although at a later period it was suggested that the new Sunnuds signed by the British Government should not be respected in as much as they were often granted on imperfect information, Government destined by and adverting to resolved to confirm them however questionable might be the grounds on which they were first granted.

5 Applying these observations to the cases forwarded with the Principal Collector of

of North Arcot's letter of the 19th March last it will be seen that the allowances enumerated in the Statement which accompanied that communication were all held under Purwanahs granted by one or other of the Sovereign Princes adverted to above, fortified by a new Summud issued by the Officers in charge of the Collectorate. The allowances are considered hereditary and the Government seems pledged to their continuance in fact.

6. Under this explanation it is trusted that Sanction be granted for the continuance of the Gramials to the several claimants, as recommended in the Extract from the Board's proceedings of the 23d July 1840.

Extract from the Minutes of Consultation under date the 2d July 1841.

Communicating observations and orders on the Board's Proceedings relative the the Settlement of the Land Revenue of the the Government Estates in the District of Tanjore for Fasly 1249.

Read the following Extracts.

From the Proceedings of the Board of Revenue

Relative to the Settlement of the Land Revenue of the Government Estates in the District of Tanjore for Fasly 1249.

(Here enter 21st June 1841)

Para 1. His Lordship in Council observes with much regret the adverse character of the season of Fasly 1249 in

the District of Tanjore which is represented in Mr Bannerman's report which accompanys these Proceedings to have been in the highest degree unfavorable and its effects disastrous in the extreme. The total cessation of the periodical rains subsequent to the Month of September caused an almost entire failure of the harvest throughout the Government Estates except in a few Villages where the means of irrigation were afforded by River Channels. Great mortality ensued from Cholera and small Pox and from the prevalence of diseases produced from unwholesome food which added to the emigration of the Inhabitants in search of the means of subsistence caused number of Villages to be entirely deserted, and Mr Bannerman observes that it would be long ere the Country can fully recover from the effects of these visitations.

It is satisfactory to

Fort St. George 9th August 1841.

to His Lordship in Council to learn that the measures adopted to give employment to the people in works of Public utility throughout the District afforded seasonable and extensive relief to most numbers of the laboring Classes and that the abundant supply of grain imported from Chittagong successfully kept down the prices and afforded the means of subsistence at a rate far lower than could have been effected under circumstances of such extensive local failure.—

3 The Collector's Report and abstract Statement shews the Settlement of the Villages in each Taluk as contrasted in the Fusly 1248 the result being a Net Increase in the Gross Amount in favor of the year under review in the sum of Rupees 2121 9 — From the explanation afforded by the Collector on this point it appears that the promise of a favorable year at the commencement of the cultivating season induced the

Ryots to extend their Purchases or Proposals for Land by the Amount of which the Settlement of the Demand is regulated.

4 The Settlement of all the Government Estates as shewn above amounted to Rupees 439135 15 9 the Collections realized within the Fusly were Rupees 340814 11 3 in addition to which a further sum of Rupees 6027 11 — was subsequently collected the balance remaining on the 31st of March last is observed to have been Rupees 86293 9

6. The greater part of which Mr. Bannerman stated his opinion it would be eventually found necessary to remit

His Lordship in Council will be kindly to have before him the Collector's separate report with the Board's suggestion thereon respecting the outstanding Balances of the last two Fusles

The increase in the Amount of Settlement

Talook which Mr. Bannerman ascribes to the development and improvement of its resources, resulting from a return of tranquility and confidence in the people. The local situation of Gooty, however rendered it less exposed to the failure of the periodical rains, and this must not be lost sight of in drawing a comparison with other Talooks less favorably circumstanced. The abolition of certain arbitrary Taxes under the head of Motarpha during the Fusly under review is represented to have given great and universal satisfaction. It is highly satisfactory to His Lordship in Council to observe that crime has been of rare occurrence and that the most perfect good order prevails in the Talook and that confidence and satisfaction are manifested a-

among

among the agricultural classes while the Military classes are said to evince the enjoyment of their services—Grounds that they have every reason to be content."

6. His Lordship in Council is happy to observe that the attention of the Collector has been directed to the importance of improving the means of irrigation in the Talooks of Wadadah and Cobbacondah produced the most important results during the Fusly under review in the former the Crops though below the average quantity usually not suffer materially and in the latter the Crops are represented to have been preserved in a few Villages to be expected

enjoyed the advantage of a supply of water in consequence of the construction of a temporary Dam across the Cauvery River facts which prove that much of the misery which adverse seasons entail upon the District might be prevented by extending the works of irrigation. Mr. Bannerman states in Para 18 of his report that Tanjore in its numerous "Hill Streams and other natural facilities "affords a very favorable field for the application of Scientific skill, but hitherto almost "nothing has been done for the improvement "of the river irrigation" His Lordship in Council would press upon the Board the importance of giving this subject their early and particular attention and desires that the Civil Engineer be directed to furnish the necessary plans and Estimates for the information of Government.

In Order to the Proceedings

Comp. S.R.

Fort St. George 9th August 1841.

Proceedings a comparision is drawn between Fusly 1248 and 1249 as regards the Collections under every head inclusive of the items of Extra Revenue from which it appears that the decrease in the year under review was Rupees 29,786-4-7. as shewn in the annexed Figured Statement. The entire demand from all the above sources for Fusly 1249 amounted to Rupees 13,23,721-2-3 and fell short of the Revenue Demand of the preceding year in the sum of Rupees 6,272-3-9.

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of the Land Revenue of the Tinnevelly District for Fusly 1249.—

(Revenue enter 7th June 1841.)

The season of Fusly 1249 in the District of Tinnevelly is represented, by the Collector, to have been an average one, producing an increase in the Cast and Peshanum Cultivation but exhibiting a decrease in the Punjah Harvest.—

The Prices of the year under review are observed to have fallen 6 25/32 per Cent below the Settlement Prices obtained in the year preceding.—

The Gross Settlement of the year amounted to Rupees 19,18,486-13-5 but after the deductions for Maniums and Cowle Lands, was reduced to Rupees

4. Of the amount of net demand for the year as exhibited in the foregoing parah, the sum of Rupees 20,35,476-9-8. was collected within the Fusly, leaving a balance at its close of Rupees 2,17,025-"-6. which it appears was realized with the exception of the sum of Rupees 3,848-11-7. on the 31st "/" of March 1841.—

5. The Right Honorable the Governor in Council considers it unnecessary to follow the Collector through all the details of his report, which consist chiefly of mere notices of the extent of cultivation, of produce and prices, with figured

figured statements in illustration of the same without any satisfactory explanation of the principles upon which the settlement was conducted - In the few instances in which any tangible points of management have presented themselves, the Board of Revenue have noticed them and furnished the Collector with appropriate instructions for his guidance - These are chiefly isolated cases of erroneous principles of assessment and of objectionable practices in granting remissions, but there is nothing either in the Collectors' report or in the Proceedings of the Board of Revenue, to shew that any steps have been taken to rectify those grave and radical defects in the Revenue administration of the Tinnevelly District, which were brought to notice in the Minutes of Consultation of the 20th. March 1827 / founded on a Minute recorded by Sir T. Munro / and subsequently impressed very forcibly on the attention of the Board in the Minutes of Consultation of the 31st. October 1837. In reply to these last mentioned Proceedings of Government, the Board stated their anxiety "to carry out

* Proceedings of the Board of Revenue 21st. June 1838 Para. 21.

the alterations and improvements which the state of things in this District so urgently calls for" and held out the expectation that a report upon this subject would be submitted "at an early period." Three years however have since elapsed, and the Right Honorable the Governor in Council is now informed / Board's letter 22nd. April 1841 / that it is proposed to defer the commencement of the work until the Collector who stands permanently appointed to the District shall join his station - This delay is greatly to be regretted in a case where there is too much reason to believe that the interests of Government and of the poorer classes of Ryots are greatly neglected and annually suffer much detriment; and where, to use Sir T. Munro's words, "the system such as it is, is calculated to keep the Collector in ignorance of the state of the District"

Minute dated 24th. Febry. 1827.

Whatever may be the advantage of leaving the practical details to the new Collector, there can be no reason why the result of the Board's Consideration of this important subject, which has been so long before them, should not at once be laid before Government and all points upon which orders are required disposed

disposed of for the guidance of the Collector, before he undertakes a work of such magnitude and difficulty as the introduction of a system of revenue administration upon sound and approved principles, throughout an extensive District—

7- His Lordship in Council notices with much satisfaction the terms of approbation in which the merits of the Sub Collector Mr. Charles Bird, and the Head Assistant Mr. Pringle, are acknowledged by the Collector, whose own services are observed to be regarded with approbation by the Board of Revenue—

8- In reference to the subject of the Motusfha tax, the Modification of which is again urged in para 29 of the Sub Collectors report, which accompanied the proceedings above recorded, the Right Honorable the Governor in Council desires to call the attention of the Board of Revenue to para 3 of the Extract Minutes of Consultation dated 15th March last No 348 and to request that the Report therein

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract from the Minutes of Consultation No 1008 dated 27th July on the subject of the Settlement of the Tinnevelly District for 1249 Fusly and to offer the following explanations of the delay in the prosecution of the Survey, animadverted upon in paras 5 and 6 of that communication—

2- The Report upon the defects in the Assessment of that district promised in the Board's

Fort St. George 9th August 1841.

Extract Letter 25th July 1838.

† Cons. 31st Oct. 1839.

Board's Proceedings of the 21st June 1838 and 11th April 1839 was submitted in the Board's Proceedings of the 2nd March 1840. in which, in conformity with the instructions of the Honorable Court of Directors furnished to the Board in Extract from the Minutes† of Consultation of the 23d August 1839, a review was taken of the various modes of settling the assessment that had obtained since the acquisition of the province by the British Government. It was clearly shewn that thro' the loss and destruction of the old accounts, the obliteration of boundary marks the confusion and inequality of the standard land measures, and the practice that had long prevailed of apportioning the assessment on general averages without reference to the productive powers of the land - all traces of any systematic plan of taxation that had formerly been in use was completely lost, and that any attempts to introduce partial remedies or in fact any measure short of an entirely new survey assessment, would only be productive of further disappointment.

and Mr. Thompson, the Collector of the District, in whose fitness for the Conduct of the work the Board reposed the greatest confidence, and who had been at the same time furnished with a copy of their proceedings, left the district on the 2nd November following. His successor Sir Henry Montgomery whom the Board likewise consider to be eminently qualified for the task could not immediately be relieved from the duty on which he was then employed, and is only now about to assume his permanent charge. The Board deemed it essential to the successful issue of the work that it should be begun and completed under the superintendence and on the responsibility of the same person, and that the experience gained in the early stages of it should not be lost to the individual who would be required to conduct the more important details at its close. It is believed therefore that the delay already incurred will be amply compensated by the advantages of uninterrupted supervision which have been adverted to, for these reasons they did not wish the Acting Collector Mr. Ogilvie to

Instructions have been forwarded to the present Collector for his guidance, and as his attention will be directed to this important measure from the first day of his joining the district, it is hoped that he will be enabled to prosecute it to a Successful termination without the occurrence of farther interruption or change.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 15th instant, and to inform you in reply that the Rules which accompanied your letter of the 2d January 1840 have been fully enforced throughout this District, and the result has been decidedly beneficial - No precaution would entirely put a stop to Forgeries and I am aware of instances where stampt papers have been bought under fictitious names and for improper purposes; but I am perfectly satisfied that Forgeries will hence forth be much less frequent than formerly, and I think it would be an improvement if a rule were passed that all stampt papers must be used within three months after they are purchased.-

I have the honor to acknowledge the receipt of your letter of the 15th instant, and in reply to inform you that no difficulty has been experienced in carrying into effect the rules devised by the Sudr Udaulut regarding the sale of Stampt Papers which have continued in force in this District from the date on which they were first promulgated - The period the Rules have been in operation is too limited to enable me to hazard an opinion as to the degree of success which has attended the adoption of them - There can be no doubt that in certain cases Forgery by means of stampt Papers has been rendered more difficult. but on the other hand the rules have placed it in the power of any individual to purchase through a Confederate a Stampt Paper and to have recorded on the paper itself and in the Venders stale book that it has been purchased for the very person whom it is contemplated to defraud, and for the very purpose

purpose to which it is intended fraudulently to apply it - The Vender has no means of ascertaining that the actual purchaser has been authorized to buy by the person whose name he gives as requiring the paper, nor is there any thing to prevent the purchaser himself, if so inclined, giving a false name - I am not aware that a case of this nature has actually occurred, but the plan is one quite open to adoption, where parties are so disposed.-

submitting opinion regarding the substitution of Indian Rupees instead of Sicca in the salt trade together with other circumstances necessary to declare what is the Indian Rupee under late transactions of the District.-

Para 1. I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of 17th Ultimo, forwarding Extract from a General Letter from the Honorable the Court of Directors dated 16th December 1840, and requesting me, with reference thereto, to submit my opinion as to the probable effect

effect, which the proposed substitution of the Indian Maund for the Garce measure would have upon the Salt trade.-

2 In reply I beg leave to state, that in my opinion, the substitution of weight for measurement in the sales of salt would be advantageous not only with reference to the object sought by the Honorable Court of Directors, but as closing the door to many abuses which it is very difficult to prevent in the use of the present measure, the slightest additional application or withdrawal of pressure in filling it, making the most material difference to the purchaser.-

3 Should the measure now mooted be adopted it will be necessary to declare what is the Indian Maund. According to the actual weights of this District, the Madras Garce of 1400 Mercals or 120 Bengal Maunds. Contains 4,800 Seers of Eighty Rupees weight each. whereas the Bengal standard is Eighty two Sicca weight and when the measure of supplying Salt for export to Calcutta by weight was first introduced in 1826. 2 Enclosed is copy of the 6th Para of Mr. Tweedie's opinion on the subject as shewn in his letter of the 26th February 1833 to the Board in which I fully concur, and I conceive besides delivery by weight instead of measure would put an entire stop to any frauds that may by possibility still exist. But it would entail the cost of Scales and weights in each Pan; and possibly a small increased Sibbendy, tho' I do not think that likely.-

One Madras Marcal equals one Indian Maund; 400 Maunds one garce so that if the Government prefer a half measure they can continue the receipts and delivery of Salt by measurement as usual, and merely substitute the maund for garce in the accounts to be forwarded to the Presidency.-

2. The orders passed by Government under date the 27th March last upon a similar application from Madura might have deterred the Board from bringing the present case to the notice of Government, but their Senior Member Mr. Dent, late Commissioner in South Arcot having

having represented to them personally, the extreme state of destitution under which the parties in whose behalf the advance is requested, are suffering, and their inability to repair the losses they have sustaind without some assistance the Board are induced to request that the bounty of Government may be extended to them, and that the acting Collector may receive sanction for making them the advance recommended.—

3. The Board would observe that the grant of Tuccavie for such purposes is even more beneficial to the Ryot than for the purchase of Seed or Cattle. in the former it enables him to meet an unavoidable and necessary expenditure without the heavy interest exacted by Village Shroffs. while in the latter it may be considered rather as a stimulus to cultivation which but for such help would not be undertaken.

Sir,

In returning the enclosures, I have—
the honor to state that the assessment complained
of is that which Mr. Ashton thought it advis-
able to remit on the 4th May last, as reported in
his letter of the same date to your Board.

Cuddalore, Collectors Cutcherry, 30th July 1841. — (Signed) C. H. Hallett, Acting Coll.

Order thereon.

(46-47) Ordered that the following Endorse-
=ment be passed upon original Petitions 721
& 722 of 1841. and that they be returned for
delivery to the Parties thro' the Acting Collector
of South Arcot.—

"The Board of Revenue have
ascertained on a reference to the Local of-
=ficer, that the assessment complained of in
this address has been remitted."

To The Secretary to the
Board of Revenue
Fort St. George.

(48)
From the Actg. Coll. of South Arcot.—

Sir,

I Two Petitions Nos. 654 and 213 of
1841

9771 Fort St. George 9th August 1841.

1841. were presented to the Board by some inhabitants of the Talook of Munnargoody, claiming remission for loss of crops by inundation.

2. Mr. Ashton reported under date 27th April last, and the Board confirmed his view of the case by endorsement, bearing date 10th May 1841 on Petition No. 654 of 1841.

3. It appeared also from an Endorsement which some of the Petitioners brought before this office, that Government coincided with the inferior authorities.

4 These parties and others revived their complaints lately before Mr. Commissioner Dent, in the hope that they might by chance gain something. That Gentleman endorsed their Petition that as it had been settled he could not interfere but afterwards on leaving Cuddalore, he wrote to the Tahsildar of Munnargoody, that the question of granting remission should await "further orders" and the collection be delayed. I need hardly say that the parties of course will

9772 Fort St. George 9th August 1841.

will never press for such further orders.

6. If this remission was ever justifiable it should have been authorized at the time, when a small sum would have amply covered all well ascertained losses. At this time 8 Months subsequent to the period of the inundations, it is quite impossible to obtain true accounts, and to grant indulgence only to the deserving. I shall certainly hereafter, if I find that any Nadar people have suffered, write off from their debts to the circar a full allowance for such loss. Further than this I do not consider it advisable to go. And leaving it an open question, as it now is, has a most injurious effect.

7. The balance in South arcot is now about 2½ lacs: many other parties claim a similar indulgence viz. "to wait for further orders" and hesitate to pay wherever they have any excuse or complaint to make.

8. The Matter was previously well

9773 Fort St. George 9th August 1841

well considered and decided on. They appear only to have started the demand again when they saw the system of asking for every thing lately in practice, a further order is required from a higher authority than myself. The subject affects the collections generally; and I therefore earnestly beg of the Board to repeat in strong language their previous opinion on the subject leaving me to exercise discretion, if I should hereafter find any extreme cases calling for consideration.

Cuddalore, — collector's cutcherry, 3d August 1841.

Proceedings thereon.

(48-49)

Mr. Hallett will be pleased to exercise his discretion in collecting the Balance of Revenue due by the inhabitants of Munnargoody- the Petitioners in No. 654 of 213 of 1841- shewing such indulgence to Parties that require it, as may be found necessary.

An original Petition received from

From the A. Pl. Coll.r of Tanjore.

Sir,

The Poliaput of Padavcottah in the Talloot of Puttoocottah was, under the directions of the Board of Revenue dated 19th July 1832 placed under the management of the Collector during the minority of the Poligar. I have the honor to annex a memorandum of the annual income of the Poliput, at which amount it has been rented for 5 years and ample security taken, the charges to be deducted annually from this income, and the Balance actually in the Treasury of this District, and to request I may be informed whether the Board see any objection to my investing in the 5 per cent Government Loan, the sum of 2000 Rupees

on

9775 Fort S.t George 9.th August 1841.

on account of the minor, the balance which would then be left in the Treasury will in my Opinion be ample to meet any unexpected contingency.

I take the opportunity of report=ing to the Board that the education of the Minor is proceeding satisfactorily

From the Actg Coll.r of Tinnevelly — Sir, Para 1. With reference to your letter of the 25th March last, I have the honor to report on Petition No. 248 of 1841 which accompanied it.

2. It appears upon enquiry that the Petitioners have no share or right in the land which they cultivate, but are merely under Farmers or Renters to the Pattas in whose names Puttahs have hitherto been granted, and who have hitherto been held responsible for the Revenue due to Government. As the present Puttahdars have objected to the issue of such Individual Puttahs as are now claimed, and as a transfer of names and Puttahs could not be made without setting aside or interfering with the claims of the present Puttahdars, the Petitioners request was considered by me as open to peculiar and local objections, and has not therefore been complied with.

9778. Fort St. George 9th August 1841.

3. With regard to the Petitioner's charges of oppressive and illegal exactions, these if specifically made, will be duly enquired into and disposed of under the Regulations which expressly provide for the protection of under Farmers and Renters in such cases.

Proceedings thereon.

(54-55)

Ordered that the following Endorsement be passed upon original Petition No. 248 of 1841. and that it be returned for delivery to the Parties concerned through the Acting Collector of Tinnevelly.

The Board of Revenue having referred to the local authority do not see occasion, under the explanation of the Acting Collector, to issue any special instructions in the matter to which this address relates.

B. No. 21. Govt. No. 317. 1841.

giving Cover to certain Petitions herewith—returned, containing accusations against Soolochenam Moodeliar the Naib Sheristadar in this Office and others. I have the honor to state that upon an enquiry into the Proceedings connected with the supply of materials for the erection of the Bridge alluded to in the Petitions, some of the allegations relative to the cutting of Timber and supply of Bricks have been substantiated against Soobramonea Pillay, lately Tahsildar of the Nelliambalum Taloke, and Mootoo sawmy Pillay a Gomastah, who had the chief management in the collection of Materials for the use of the Bridge, and who have subsequently been removed from office.—

2.— The Petitioners themselves however have failed to acknowledge the signatures affixed to the Petitions or

to come forward in any way— up to the present time to substantiate the charges they have made against Soolochenam Moodeliar, altho' I have used every endeavour to discover who the Petitioners are, by search in the Villages mentioned in the Petitions.—
