1 To the Chief Secy to Government

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Copy of a letter from the Secretary to the Government of India, upon the subject of the contemplated rescission of Cir Cy Regulation

Regulation V of 1822 of the Madras Code; and to state with reference to the order of Government thereon, bearing date the 8th June last, that the Board have considered it advisable to furnish a copy of the draft of the proposed Act (the counterpart of Act IV of 1840) for the opinion of the local Officers in whose Districts the provisions of Regulation V of 1822 may be supposed from the existence of Zemindars and independent proprietors, to have been most frequently brought into practice - and that they have called upon the same Collectors to furnish the information required by the Supreme Government regarding the nos of Summary Suits for arrears of rent which may have been filed and disposed of within the last 10 years. The information thus called for will be submitted to Government as soon as practicable after its receipt.

To The Collr of Chingleput, Nellore, Guntoor, Rajahmundry, Tinnevelly and Madura.

To The Collector of Chingleput.

Sir,

Para 1. The Right Honorable the Governor General in Council having in contemplation to rescind Regulation V of 1822 of the Madras Code, and to substitute two separate enactments, the one for the adjustment of disputes regarding "possession of land" and the other for the "realization of rents" the accompanying draft of an Act nos IV of 1840 (already in force in Bengal) having reference to the first mentioned subject, has been transmitted to this Government with a view to ascertain how far its provisions are applicable to this Presidency.

2 I am directed by the Board of Revenue to request that you will compare the draft now furnished for your consideration with provisions of Regulation V of 1822 under which the proceedings of the Magistrate in cases of forcible dispossion, and disputes regarding boundaries &c are regulated, and state your opinion as

Enclosure in the Minutes of Con. 8th June in Con. 29th July 1841.

as to its sufficiency or otherwise to attain the end proposed in the enactment of the rescission of the Act at present in force.

3.- For the purpose of supplying certain information required by the Supreme Government with a view to the proposed enactment regarding recovery of arrears of rent, I am directed to request that you will submit a Statement showing for the last ten years how many Summary Suits under Regulation V of 1812 have been filed in your Office and disposed of in each year, and how many were lying over at the end of each year and that you will state also the time which appears to have usually elapsed between the filing of a summary suit and its decision.-

4 The Board trust that the information called for in their letter will be furnished within a Month from its receipt.-

To The Secretary to
Government in the
Public Department

Sir,

The period of service of Vejay Ram Rao, late translator on the Establishment of the Board of Revenue, reported in my letter of the 15th. Instant, having been taken from the annual lists of Establishment received from that Department, was in that letter stated as appearing "to be 19 years and 8 Months Viz. from the Month of November 1821 to 20th. June 1841." an Error in those annual lists of Establishment under the head of

of "Date of Employment" fixing that of Vejeay Ram Row from "November 1821" led to the above Statement.— I now find by a reference to the monthly lists of that Establishment for the year 1821 that Vejeay Ram Row was entertained on it's from the Month of June inclusive and not from November which consequently renders the actual period of his service twenty years and one month Viz.t from June 1821 to June 1841 both Months inclusive.—

Submitting for approval and confirmation of the Board an advertisement for the sale of different Zemindary & Proprietary Estates in the District and proposing to sell for the Government arrears due up to July Mss Rec'd 4th

To the Secretary to the
Board of Revenue
Fort St. George

Sir,

Para 1. I have the honor to submit my report on the Zemindaries and Estates in this District, which were in the possession of their Proprietors at the commencement of fusly 1250, along with an advertisement for the sale of such as may not have fulfilled their engagements by the 31st August next to be recommended by the Collector by 31st August next as detailed in a Statement herewith sent.

2. The total Demand on this account is Rupees 139117-2-10 of which Rupees 64762-7-11 have been realized and Rupees 74350-10-11 remain to be collected hereafter -

3. After two such bad seasons as fusly 1248 and 1249 it was to have been hoped that this District would

would have been spared another to distress=ing a calamity, but the past fasly 1250 have been in many respects as bad as the preceding ones, and indeed in some worse- The features of the season were, a total failure of the early rains and the inability to sow the Poonasah or early crop, in consequence of which the Ryots had whilst spare=ing for the cultivation of the principal Crop, to live on imported rice the most expensive of food- The South West Monsoon was decidedly favorable, and I had hoped would have put an end to the distresses of the Dis=trict but the utter failure of the N.E. mon=soon prevented the principal Crop from reaching maturity in the places where there was no sufficient Artifi=cial supply of water and generally deteriorated the quality of the grain which always requires a little rain to fill it out before ripening, and also destroyed the prospects of a Pyrah Crop in many

many parts of the District. Besides the other distresses of the season, the ravages of the small pox were very great-

These features of the sea-

4

=son were explained in my several Su=ccessive Demand Collection and Balance accounts but I considered it desirable to avoid any very strong expression of my own feelings but rather to endea=vour to encourage the people and to take advantage of such points in the season as were favorably

5

Having thus explained the motives by which I have been actu=ated in avoiding to bring the circum=stances of the season to the notice of the Board so forcibly as perhaps its actual unfavorableness warranted- I shall proceed to state the measures proposed by me, with reference to the six classes into which I have divided the fifty four Estates-

Vide Enclosed Statement Marked B.

The first class contains

three estates which have paid their revenue in full

full within the fusly:-

7. The second class contains fourteen Estates which have paid 145978-6-2. out of Rupees 166349-4-11. and which will undoubtedly discharge the remaining Rupees 20370-10-9. before the thirty first of August the day proposed for the general sale of Estates.

8. The third class contains seven Estates which have nearly paid the current Revenue and part of their arrears agreed on but which require some little additional indulgence, with respect to the remainder, and I accordingly beg leave to recommend that the indulgence formerly shewn should be extended as shewn in the Statement.

Vide Board's Proceedings 13th. Augt. 1840 in reply to my letter of 13th. July 1840.

9. The fourth class contains seventeen Estates which have failed in their engagements to a considerable extent but with respect to which, I have abstained from extreme measures, as such

such would undoubtedly have involved their Proprietors in utter ruin and placed Government in a worse position for recovering these arrears than they are at present. Considering it therefore desirable that the Proprietors of these Estates should have another opportunity of serving them I have proposed that they shall be required to pay by the 31st. of August such sums as will make up the payments to one years' current revenue in every case, and on these conditions I beg leave to recommend that the indulgence granted in the last two years be extended, as shewn in the Statement.

Vide Col. 12 of Statement B.

10. The fifth class contains three Estates. Of the Cotah one, the subdivisions are still before the Board, and it could not, therefore, be sold, were such a measure desirable even, but I have warned the Proprietor that, if such an amount is not paid into my Treasury before the 31st August, as will make up his payments to the amount

From the Collector of Rajahmundry

Sir,

With reference to your letter of 15th Ultimo requesting me to report whether it has been found practicable and without loss of success, to carry into effect the rules devised by the Judges of the Sudder Adalut, for preventing forgeries by means of Stamped papers, I beg leave to state that no difficulty has been experienced in giving

Fort St. George 12th August 1841

giving effect to the rules in question, but no case having come under my cognizance, I am not prepared to give a decided opinion on their success, though I believe, as there are one or two positions of cases, to which it may be difficult to apply a successful remedy. One of these is the instance of a person not willing himself to attend for the purchase of a stamped paper, and another is the instance of a large Family engaged in disputes, when though a paper may be apparently correctly purchased and applied, it may still be made subservient to the interests of one Member of the Family over another

Sir

I have the honor to acknowledge the receipt of your letter of the 15th Ultimo; and to state that it has

been found practicable to carry into effect the rules devised by the Judges of the Sudr: adaulut and they are apparently well calculated to meet the object for which they have been provided. No case of Forgery by means of Stampt Papers has been brought forward as yet since the rules in question have been acted upon.—

Sir

I have the honor to acknowledge the receipt of the Board's circular dated 15th instant desiring to be informed whether advantage has accrued from the adoption of the "Rules devised by the Sudr: adaulut with the view of preventing forgeries by means of Stampt Papers."—

An order very similar to that devised by the Sudr: Adaulut was put in force by Mr. Lesl[illegible] upon nearly

3 years ago. I have little doubt that good effects have resulted in consequence that some check has been imposed on fraud.—

From the Coll.r of Masulipatam

Submitting a Report on Petition No. 842 of 1839 presented by Rajah Mudrauze Lutchmiah praying that the Allt due to her by the Zemindar of Davarcotah may be paid to her.—

Para 1 With reference to your letter under date the 23d September 1839 forwarding the accompanying Petition from Mudrauze Lutchmiah Zemindar of Bellumcondah &c. Purganahs in the District of Guntoor, praying that the amount of a Bond executed in her favor by the adoptive Mothers and Guardians of the late Doorga Prasada Naidoo Zemindar of Davercotah during his minority may be paid to her with interest from the date of the Bond, I have the honor to submit the result of

Fort St. George 12th August 1841

of my enquiries into the circumstances which have hitherto prevented the liquidation of the amount due to her.—

2 The Board will observe from Mr. Dent's letter dated 23rd December 1827 that the Petitioner had agreed to abate Rupees 20,025 in the total amount of Rupees 60,100 which was due to her and to accept of the sum of Rupees 40,075 on condition of that sum being paid to her within a month from the date of the promise of the manager to do so and that Mr. Dent being unable to comply strictly with the terms of the compromise had proposed to the Court of Wards to discharge the amount as far as possible from the surplus funds of the Estate of Davercotah then at his disposal amounting to Rupees 30,845-8-9 as to and to defray the remaining sum of Rupees 10,012-7-3 as to from the surplus revenue of the year of Fusly 1237 which it was hoped would be sufficient to cover the demand inclusive of Costs

Deduct Paid from the surplus of Fusly 1236	30,845-8-9-	
Remainder	10,012-7-3	

Fort St. George 12th August 1841

3 To this proposition the Court of Wards assented, as will be seen on referring to Para 2 of Mr. Secretary Elliotts letter dated 28th February 1828 and the sum of Rupees 30,845-8-9 as to was paid accordingly, a fresh Bond having been executed for the remainder on which Interest was to run from the date of execution and a formal deed of acquittal having been at the same time presented in the Provincial Court for the whole amount of her claim.—

4 At the close of Fusly 1237 as it appears that the available surplus did no exceed Rupees 5,572-4-7 as to Mr. Dent in Para 3 of his letter dated 25th November 1829

1829 made another proposition recommending that the last mentioned sum should be paid over to the Guardians of the Minor who declared that Mulrauze Lutchmiah had agreed to accept of that amount then available and the balance from the surplus in fusly 1238.—

5 The payment of the sum of Rupees 5,574-4-7 received the sanction of Government on the 12th March 1830, but it appears that up to 31st October 1831 the date of the delivery of the Estate into the hands of the Zemindar, so far from there being any available surplus by which the balance could be paid, there remained a balance of Peishcush amounting

amounting to Rupees 46,222-9-2 a.p. which could only be discharged by borrowing money on the mortgage of the Estate and during the long period it has subsequently been under Management the balance of Peshcush has continued to accumulate from the increase of the permanent Assessment, so that no part of the balance due to the Petitioner could be discharged.—

6 Under these circumstances as it appears that a fresh Bond was executed for the sum of Rs. 19,012-7-3 a.p. and as the non payment of the whole Amount has been caused by circumstances over which the Zemindar of Davercotah had no control, I see no way by which the Petitioner can

can recover the amount of her claim except by Civil process in the Courts, or by postponing her claim till an available surplus may arise from the funds of the Estate.—

The Petition is hereunto returned.

Proceedings thereon— As there are no available funds belonging to the Davercotah Estate from which the claims of Rajah Mutrauzie Lutchmeah can be liquidated, it seems unnecessary at present to take them into consideration.—

From the Fd. Coll.r of Nellore— Sir,

I have the honor to acknowledge the receipt of your letter of the 12th Ultimo upon the subject of the exportation of the 150,000 Maunds of Salt which are required for Bengal.—

Submitting his opinion in regard to the measure to be adopted to ensure the exportation of Salt now required for Bengal.

2 The Merchants in this District have never engaged in the Salt trade to Calcutta and they are rather apprehensive of undertaking such a Voyage. Moreover they are under an impression that the Port Dues in the river are very heavy. They aver that the present prices do not yield a sufficient profit, but that if the old rates of 25 Rupees per 100 Bengal Maunds payable for the Salt on the coast and 72 Rs. receivable by the Importer on import at Calcutta be again adopted, they will engage to procure Shipping to export from this District between this and the 12th March Next 134,500. B. Maunds in two trips. Nothing stimulates them to make even this offer but the large profit which those prices ensure to them, and which they say affords them the only sufficient inducement to engage tonnage, or employ the few Vessels they have of their own out of their regular channel of trade. They require however a final answer

to

to their proposal by the 10th Instant.-

3 I suggested in my letter of the 22nd May last that the price paid for the Salt on the coast should be reduced for the present season to 25 Rupees, as an inducement to Shippers to convey the salt to Bengal.- There is no measure that I am aware of excepting a reduction of price that will be effectual for ensuring the export of the salt to Bengal at this late period of the year. As the season advances, the risk increases and prices which would have satisfied Shipowners two or three months ago may not improbably be now or a month or two hence deemed insufficient.- As a supply of salt is so urgently required by the Bengal Government, I think no half measures should be adopted and I would recommend the rates of 25 Rupees and 72 Rupees being at once adopted for the present year's supply.- The total loss on the 150000 Maunds to be sent from this District would be 23,500 Rupees of which that which would fall upon the Madras Government would amount to 15000 Rupees.- The loss I conceive would be trifling compared with what would be occasioned by there being no Government salt of this description in the Calcutta Market.

In Cons.: 12th July 1841.

Sir,

Para 1. With reference to the correspondence furnished from your department under date the 28th June last. I am directed by the Board of Revenue to state that very little progress has yet been made in supplying the indent of the Bengal Government for salt the produce of the Coromandel coast.-

their replies, the Board learn that a very general disinclination exists amongst the owners of native Vessels to engage in the Salt trade, and that the exportation of the quantity required for Bengal is only likely to be effected by the enhancement of the price so as to induce English Merchant Vessels to engage in the traffic.

3. Under these circumstances and adverting to the advanced state of the season and the enquiry of the Board of Customs Salt and Opium at Calcutta to facilitate the exportation of Kurkatah salt from the Coast on such conditions as may be found necessary, the Board of Revenue would beg to recommend that the price to be paid on delivery at the sulkeah Gollahs be raised from 65 to 70 Rupees. It is suggested that an advertisement to that effect be published accordingly in the Fort St. George Gazette

4. A Portion of the quantity expected to have been supplied by the

Madras Presidency has been found unfit for exportation from inattention of the manufacturers, and the disadvantages of season, but the Board hope to be enabled to furnish a supply from Rajahmundry in lieu of that damaged in the Madras Presidency. This will form the subject of a future communication.

5 In the event of the Bengal Government requiring a farther supply of Salt next season, the Board of Revenue beg to suggest the necessity of early information as to the Extent of their wants. For no salt is kept in store in the Pans on the Coast, and the quantity capable of being manufactured is limited and controlled by accidents of season.

Forwarding Jamabundy and Kistbundy Statement &c of the Zemindary of Choondy for Fusly 1249.-

23

To The Secretary to the Board of Revenue Fort St. George

Sir,

I have the honor to forward herewith the Jamabundy and Kistbundy Statement of the Zemindary of Choondy for Fusly 1249 with a Comparative Statement between Fusly 1248 and 1249 both in English and Mahrattah.-

2- The number of Coroo Villages of the Zemindary was 44 and that of Shrotri hamlets the same as in Fusly 1248.- The hamlets dependant on the Coroo Villages were only 34 in Fusly 1249, while those in the preceding Fusly were 35, thus causing a decrease of one hamlet named Gollapalem depending on Polenanepolem which consisted of only one or two houses, the owners of which for some cause or other gave up their residence in the hamlet and settled themselves in the large Village of Polenanepolem.-

3- The season may be considered to

Fort St. George 12th August 1841.

to have been more favorable than in Fusly 1248, but though there was a fair quantum of rain it fell unseasonably, and from the want of rain in the latter period of the Monsoon, the Wet Crops to some extent perished from drought.

4. The following is a Comparison of the Cultivation between fuslies 1248 and 1249.

Description of Land	Fusly 1248. Gorroos	Fusly 1249. Gorroos	Increase Gorroos	Decrease Gorroos
Dry Land	2700 31/64	2840 58/64	140 55/64	"

Total	3196 53/64	3428 41/64	231 57/10	"

Vide Statement No. 3.

5. It will be seen from the above that there is an increase in the Cultivation of all descriptions of land in Fusly 1249 which is occasioned from the more favorable nature of the season.

6. All the 44 Coras Villages composing the Zemindary were as usual settled in Fusly 1249 for an annual Village Rent and none were managed under Aumany as was the case with 2 Villages in Fusly 1248.

7. The particulars of the Settlement of the Zemindary for Fusly 1249 are here under detailed.

It

8- It will be seen from the above that the net Beriz of Fusly 1249 including Shrotriums and Maturpha exceeded that of the preceding fusly by Rupees 1169-9-9. There was a decrease of Rupees 1421-8-9. in the deduction for Magany waste which is attributable to the favorable Nature of the season but at the same time it must be observed that the deduction for Sooktee on Crops dried up is above that of Fusly 1248 by Rupees 70-12-1 which is owing to the insufficiency of Water in the Tanks of 4 Villages to bring the Crops to maturity as already explained. It would appear that there has been a large decrease of Rupees 227-8-0 in the Maturpha tax which is owing to the Collections under this head which have hitherto

been

been credited to the Zemindary having since November 1839 been carried to the credit of Government pursuant to the orders of the Board and Government- The increase in the Dowle Ezapha and Shrotriums being trifling, requires no particular remark.-

In the amount of allowances there is an increase of Rupees 2400 than in the preceding fusly which occasioned from part of the Arrears of allowances sanctioned and paid to two Members of the late Zemindar's family Viz^t. Creditors of the late Zemindar as per orders of Government and the permanent Peishcush fixed for the Zemindary having been brought into operation from the month of November 1839, there has been an increase under that head also.

16. The Surplus funds of the Zemindary in deposite up to 15th August 1839 as stated in my report for Fusly 1248 were Rupees 27,844-0-11 which added to the subsequent actual Collections from that date up to 15th June 1841 and the Amount credited to the Estate being transferred from the Allowances charged but not paid to the relatives of the late Zemindar Amounting to Rupees 65,863-5-11 forms a Total of Rupees 93,707-6-10 from which the disbursements to the same period amounting to Rupees 53,249-5-3 being deducted, leaves in deposite a Ret sum of Rupees 40,458-1-7 as will be seen from the accompanying Statement No. 6.

to the Board on account of the refusal of the Members of the Family to accede to certain terms proffered to them for their future maintenance, with the particulars of which I shall hereafter acquaint the Board. Two Widows of the late Humparasiah appear to have, subsequent to the attachment of the Jaghеer Villages, attended at the Hoozoor Cutchery. One of them is since dead. The name of the surviving widow is Gungurah and she has since my arrival in the District represented to me the distressing circumstances under which she and the family have been left by the assumption of the Jaghеer which is their only means of maintenance. No puttahs have been issued in the Villages, the Amuldar has had the sole Management and Collection of the Revenue, and the Ryots do not enjoy the 25 p.r Cent remission accorded to the subjects of the Circar.-

3 On referring to the records of this Office it appears that this Jaghеer was granted to the late Hamparasiah under the orders of Government dated 1st

Fort St. George 12th August 1841.

1st November 1806, it forms part of the Jaghire Villages granted to the Poligar of Hurpunhully, and was at the recommendation of Colonel Munro separated in consequence of the "most violent hatred" existing between the late Poligar and Humparasiah. The Revenue of the Villages granted to Humparasiah and his heirs as entered in the sunnud bearing date the 31st October 1806. is estimated at 1,288 Canteroy Pagodas. The Ayacut of the Villages, as the same stands at present, is given in the subjoined Abstract.-

Vide his letter to the Secretary to Government dated 29th March 1806 and to the Board of Revenue dated 6th Septr 1806.-

This

Fort St. George 12th August 1841.

This Sagheer was enjoyed by Hunparasiah and after his death devolved to his adopted son and heir Veroopantchee appah, whose death I have now the honor to report.—

4. The deceased is stated to have gone to Madras on his own private affairs to have been taken ill there and to have died the fourth day after his return to his Sagheer. This man having no issue by either of his wives is reported to have adopted soon after his return from Madras, a boy of six years age in the presence of his Wives, relations, and others of the Village as ordained by Hindoo Law, and to have given to this boy the name of "Hunparasiah" on his behalf, the family claim the Sagheer.—

5. It is reported that Mr. Robertson doubted the right of this Boy to the succession of the Sagheer, in consequence of his having been adopted only two days previous to the death of Veroopantchee appah

Fort St. George 12th August 1841.

appah that the granting to this Sagheer to the Widows of either Hunparasiah or Veroopantchee appah, was not congenial with the wishes of Government in the case of Widows of the late Polygar of Hurpunhully, as expressed in their Secretary's letter of the 4th February 1825, that "none of the Widows have any claim to the succession," and that it was the intention of the late Principal Collector to recommend the assumption of the Sagheer, and to procure sanction for paying the Widows and other Members of the Family a Pension out of the Revenue of the resumed Villages in money.

Vide the letter from the Secty. to the Board of Revenue to the Collr. of Bellary dated 4th February 1826

A Petition was received from Gungawah on the 30th January 1840 to the effect that the Sagheer should in the event of it's not being granted to the adopted son of Veroopantchee appah, either continue in the joint names of herself, and the two Widows of Veroopantchee appah, or that the whole revenues of the Sagheer should be paid to the Family in money.—

The

Fort St George 12th August 1841.

6. The case of this Family appears to me exactly similar to the case of the Poligar of Burpunhully. An Enquiry was made by the Tahsildar of the Taluk regarding this adoption. I have not submitted this Enquiry. The claim was considered by Mr Robertson preposterous. The Boy pretended to have been adopted is the son of a Poojaree Brahmin or dweller in Rumparasiah's House, but no relation. The Widow has represented that the Family are involved in Debt to the extent of 50,000 Rupees but no creditors have appeared before me. The assumption of the Sycheer has no doubt compelled them to borrow, and I am of opinion that this Statement should receive consideration.—

7. With reference to the foregoing details, I have the honor to observe, that no report of the adoption was made to the Collector, nor am I of opinion that the usual measures regarding adoption as prescribed by Hindoo Law, could have been taken, as

Fort St George 12th August 1841.

as the death of Veroopantchee appah was sudden and unexpected. Veroopantchee appah was himself the adopted son of Rumparasiah and had succeeded him without dispute. The sunnud granted by Government to Rumparasiah on the 31st of October 1806 declares that the Grant is made to the "Holder and his heirs," and shall continue in full force and effect, "provided however that if the Family "of the said Rumparasiah shall at any time "fail and become extinct, the Villages shall "then revert to the Honorable Company." The matter now to be considered is whether this event has not occurred. Government having in the case of the Burpunhully Widows decided "that the Widows have no claim to the succession," and the adoption of the Boy being attended by the doubtful circumstances above stated. It will not be necessary for me to trouble the Board with the particulars of the faithful services of Rumparasiah

Fort St. George 12th August 1841.

Humparasiah to the Honorable Company, as they are on record.—

8. The Amount remaining out of the revenue derived from these Sagheer Villages since their assumption, and held in deposit in the Huzoor Treasury from Fusly 1243 to the end of Fusly 1250. is Company's Rupees 20,663-9-2; as specified in the annexed Memorandum.—

9. The family at present consists of the following Members, Vizt.—

Fort St. George 12th August 1841.

1- Humparasiah, the adopted son of Veroo=pantchee appah.—

2- Gungawah, the Widow of the late Humpara=siah.—

3- Oomah Boyee and

4 Bagheerady Boyee, the Widows of the late Veroopantchee appah, and about 20 other Persons connected with the family and depending upon them for maintenance.—

10- No instructions on this important subject are to be found on the records of this office, and the affair has remained in this state nearly six years. I have not entered at length into the arrangements that will be ultimately necessary, because it appears advisable that in the first instance I should receive the sentiments of the Board on this subject, when a final settlement agreeably to the instructions received, can be proposed. It must be clear that the money remaining in Deposit should either be carried to account, or repaid to the right=ful

=ful owners.—

11- I have made no minute investigation into the matter of the adoption - On the face of it there is an appearance of improbability - I am also informed that for an adopted son to adopt is not usual or legal - The right of the Widows to succeed appears decided for, if the Widows of the Kurpunhelly Poligar from whose Estates these Villages were alienated had no right, the widows of the adopted son of the Minister appear to have still less claim. But the Creditors of the Family will I imagine be considered as having a claim - On all these points I request the instructions of the Board. It would be convenient to receive them while I am in the immediate vicinity, as it will be necessary to make arrangements with Ryots for the ensuing Summahundy.—

Resolution

25-26

Resolution thereon. The Board are clearly of opinion that the Villages alluded to in the foregoing letter must be considered as having reverted to Government, under the terms of the Sunnud originally granted to the Dewan, Rumparasiah in 1806. (Para 7). and they will be prepared to recommend their resumption forthwith upon receiving from the Collector a report of the arrangement which he would propose for the maintenance of the widows of Rumparasiah the original grantee, and Veeraputchee appah the last incumbent, and the settlement he would suggest for the payment of the debts of the family.—

To the Actg Collr of South Arcot.

Sir,

I am directed by the Board of Revenue to transmit to you transcript of a letter received from Mr Ashton, Principal Collector of Cuddapah, with its enclosures, having reference to a suit brought by one Vencatarama Reddy against that Gentleman

24th July inclos 12th Augt 1841.

9884 Fort St. George 12th August 1841-

Gentleman in his capacity of Principal Collector of South Arcot.—

2. The suit appears to have been defended in the first instance at the public Expence, and Judgment having gone against the Plaintiff, the action has been carried in appeal to the superior Court.—

3. Similar suits in principle and one or more embracing the same facts have since come before the Board and on farther consideration have been refused to be recommended for defence at the Public charge. This suit however having been defended heretofore on its merits must, it is supposed, be supported in appeal, unless a Compromise can be effected in the Matter.—

4- You are requested accordingly to take any necessary measure for this purpose, reporting what you have done for submission, if necessary, to Government.—

To,
The Sheriff of
Madras.-

Sir,

Para 1. I have the honor to apprize you with reference to your letter of the 8th. Instant, that the Zemindary of Poungoor was transferred by Moodookistna Moodelly to

to Neroomboor Vadachella Moodelly on the 11th. June 1841 and therefore the Zemmindary was not the property of Moodookistna Moodelly when attached by your Peons.-

With reference however to your Statement of your Peons having been ill treated, I request you will desire either the Peons or some person able to give a defined account of the transaction, and of the persons complained against, to attend at my office for that purpose.-

Sir,

Para 1. In acknowledging the receipt

receipt of your letter under date the 10th Inst and with reference to that letter, I have the honor to inform you that if Seroomboor Vadachella Moodelly feels he is injured by my having seized the Zemindary of Pounjoor alleged to have been transferred to him on the 11th of June last, by Allahvoor Moodoo Kistnah Moodelly, he must commence proceedings against me in the usual manner in the Supreme Court of Judicature at Madras to establish his title to the same and to recover any damages he may suppose he has sustained on this account.-

2 I maintain that Vadachella has no title whatsoever to the Zemindary for he gained none by the alleged transfer, that being a Fraudulent and illegal transfer and effected evedently with a view to defeat the execution issued in this action;

for

Fort St. George 12th August 1841.

for it was well known to Vadachella on the 18th of May last (as will appear by the annexed Copy of a letter written to me on his behalf.) that this execution was then pending and unsatisfied, and if under these circumstances he thought proper to purchase of Moodoo Kistna after he had notice of the execution, he must take the consequences of his own acts.-

3 I beg to acquaint you that it is my intention to proceed to an immediate sale of the Zemindary of Pounjoor, and request you will be pleased to caution all persons from interfering in this matter, as they will render themselves amenable to the Jurisdiction of the Supreme Court, should they do so.-

4 With reference to the second para of your Letter referred to. I have to thank you

You for the same, and to inform you that I shall take an early opportunity of Com=

Now I hereby give you notice that all such Household Furniture and moveable property, so being in the said House in Salay street aforesaid, and so seized by you under such execution as aforesaid is the bona fide property of the above named Neroomboor Vada=&c
=chella Moodelly, who is the Tenant for the time being of such before mentioned &c
House, and that the same does not form any part of the property of the Defendant in this action, nor has the said Defendant any right whatever there to or any in=
=terest whatever therein.-

Under these circum=&c
=stances I have therefore to request that you will immediately remove

Your

your seals from the aforesaid household furniture and moveable property, and restore the same to my Client (the said Veroomboor Vadachella Moodely) who is legally entitled thereto, and I beg to apprize you that in the event of your neglecting forthwith so to do. my client will hold you responsible for the value of all such household furniture and moveable property and for all loss, costs, charges, damages, and expences, which he may sustain or be put to by reason of such illegal seizure by you, as such Sheriff as aforesaid, and will take such proceedings for recovering Compensation or damages as he may be advised.-

Sir,

From the Actg Collr. of the Sn. Dn. of Tirt.

Submitting observations in reference to the proposed revision of the Emoluments of the Village officers in the resumed Jaghire of Suncarapoorum in his District.-

1 With reference to the Board's Proceedings dated 31st May last on the subject of revising the Emoluments of the Village Officers in the resumed Jaghire of Suncarapoorum, I have the honor to make a few remarks.-

2 In Mr. Ashton's letter of the 14th August 1839 he recommends that the "extremely objectionable" mode of payment, Viz. by unauthorized fees of money and grain "be put a stop to" and that a similar practice to that prevailing in the Toobah be put in force.-

3 It now appears that on sanction is granted for a revision of the mode of payment only inasmuch as that these irregular money and grain fees are to be paid to the Circar and the Circar is to give the Toobah mamool rates to the Curnums and Notagars at

9899 Fort St. George 12th August 1841.-

a loss to Government of 1,143-3-4 as follows.-

Amount of former payments to the Village Servants of all kinds- 2,426-7-1

Proposed rate as in the Toobah- 3,569-10-5

1,143-3-4

At this loss to Government all the trouble, vexation and objections to the Ab System, remain the Ryots only gaining the advantage of paying to the Circar instead of to other parties.-

Out of the 2,426-7-1

4 763-13-1 is paid by a deduction from the Jummah.- This of course would be carried to account of Government, and the remainder of the 3,569-10-5 Viz. 2,801-1-4 should I think, to complete a really good measure, be entirely disbursed by the Circar.

If this view be not on

5 adopted, I cannot but remark that I consider it very questionable if it would not be better, to let matters remain as before, than to cast upon the Circar the invidious office of

Subject of the correspondence noted in

In Con.n 11th March 1841

2 The total amount which it was
proposed should be disbursed directed
from Government on account of the
Village Establishment above alluded to
as shewn in the statement which ac-
-companied Mr. Ashton's letter of the
24th February last was Rupees 3,569-10-5
being Rupees 1,143-3-4 in excess of the
estimated emoluments of the Village
Officers under the Jaghire dar which
amounted to Rupees 2,426-7-1 and
it is for the actual disbursement
of the above sum of Rupees 3,569-10-5
that the sanction of Government is
required.— It will be seen from
the 4th Para of the letter now sub-
-mitted that a portion of the emoluments
formerly enjoyed amounting to
Rupees 763-13-1 consisted of de-
-ductions from the Gunnah. This
under the proposed arrangement
will be carried to the Credit of

From the Agt Collr of the Southern Divn of Arcot

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings of the 10th Ultimo and in reply beg leave to state that when the amount of Estimate for repairing the Carrumbao Pan in question was found insufficient to complete the work, the late Principal Collector Mr Cunliffe permitted the Ryots to defray a portion of the expense, which was accordingly done.

2 With regard to the rate of Leoodewarum I have to inform

Fort St. George 12th August 1841.

you that from the commencement of the Manufacture of salt made at this new Pan till July 1788 - 14 - " - " per Garce was allowed as Coodewarum Subsequently + 11 - 11 - 2½ Garce was given according to the sanction of the Board of Revenue under date the 13th July 1829.

+ 814 - 8 - 9½ for Tocavasey

3 In conclusion I have to observe that the manufacture in the Pan called "Pelingapullum" on which forms the subject of the present reference was ordered by Mr Commissioner Dent to be made as usual under date the 11th Ultimo.

From the Asg Coll.r of the Sp. Dist. of Arest

Reporting the principles upon which certain Kyuitta land cultivated by Petitioners in Fas. 545 of 1841 was assessed & which they complain.—

1.— I have the honor to acknowledge your letter of 14th June.— It will be necessary to reply some what at length.—

2 In this district I find that there is a considerable quantity of Kyuitta land that is land which was originally omitted accidentally in the Pymash accounts, and is not to be found under any head or class.—

3 It has been the custom to assess such land when taken into Cultivation at the average rate of Assessment of the adjoining lands thus making a distinction from Parumbokie land which is assessed at the average rate of the whole village lands.— This

Fort St. George 12th August 184

4 This Kyuitta land as may be supposed is generally in small spots.—

5 The Petitioners in the present instance took up Fourteen Cawnies of land of this description, which became valuable in consequence of the Government having expended a considerable sum in repairing some tank works.— The old rule being carried out, the rate was fixed at 7/ per Cawney, formed on an average of Poonjee land on three sides, and Punjee on the fourth.— This Assessment they paid for 2 years.—

6 By taking this up as Punjee land it will be observed, that as the average was formed on three parts Poonjee rates and one part Punjee a very easy tax was fixed especially with reference to the recent advantage from the Circar maramut expenditure.—

7.— If it had been taken up as Poonjee, and then Cultivated as Punjee in consequence of the supply of water, it would have been

been rated at 5-4 as Poonjee, with an additional 6 Rupees per Cawny for as Kuper or teeva Iyattee in all 11-4.

8 Lastjusly it appears that the Principal Collector, considering the unusual extent of the piece of land, ordered that it should be set down as Punjee per umbuke, and thus it became liable to an assessment of 14-11-5 instead of 7 per Cawney as now complained of. —

9 It seems extraordinary how so large a piece could have been Kyuit. it is also worthy of remark, that recent Circar outlay had increased the value and that three sides adjoining were poonjee under such circumstances I conceive it to have been a case coming quite within the discretionary authority of the Collector, and the assessment ordered does not appear to be excessive. —

10 Had the cause come before me I think I should have held that as

as on 3 adjoining sides the land was poonjee the average should have been formed on those rates only and the land entered as poonjee and then the usual Kuper charged on its being Cultivated as Punjee. —

11 I believe the subject of such Kyuitta lands is under consideration by the late Commissioner of South Arcot in a Hookumnamah under preparation on this account. I have entered very fully into this complaint and given my opinion in the last para as to what I conceive would be a fair principle in taxing this description of land. In such irregular matters at the same time it cannot but strike that much should rest on the discretion and local knowledge of the Revenue Authority. —

From the Coll.r of Malabar } Sir,

I beg to recommend that the additions detailed in the accompanying enclosure may be made in the land Tariff of Malabar.

2 They have been prepared by my Head Sheristadar, during a late sojourn in Palghaut in conjunction with the Principal Merchants. The modifications proposed are not. it will be seen, very important, but they will give, I believe considerable satisfaction. Their necessity has been more particularly caused by the orders of the Board of the 15th November 1840 regulating the dues administration of the land Customs duties.

Proceedings thereon

(45-46)

As the insertion in the Tariff of the articles enumerated in the Statement forwarded with the foregoing letter and the rates of valuation are stated to have been prepared in communication and with the approval of the principal Native Merchants interested in the trade the Board of Revenue sanction Mr Conolly's suggestion.

Resolved that the following letter be despatched.

To The Collector of Guntoor.

(47)

To the Collr of Guntoor

Sir,

Para 1 The attention of the Board of Revenue has been drawn to the Amount of balance outstanding against the Sultana Estate for July 1230 as shewn in the Demand Collection and Balance Statement for the Month of June. The arrear of Current Revenue amounted, it is seen to Rupees 84,66 reduced to Rupees 67,000 up to the 26th July.

2 In the Chilkalorpaud Estate on the other hand the arrear is only Rupees 3,652 and as this is an exact moiety of the Sultana fully Zemindary the vast disparity in the sums brought to account in each merits notice and requires explanation

The

The Board are not aware whether from the gross collections of the Chilkalorpaud Zemindary the allowances proposed to be allotted to the family for their maintenance remain to be deducted or whether these have been paid from the Collections of the year. But whether they have or whether they have not the discrepancy between the sum brought to account in comparison with what the Sultana fully Proprietor has discharged is very large.

Under these circumstances the Board are of opinion that the Zemindar should be required after making a suitable allowance for his expenses to pay up an Amount equal to the receipts accruing from the Chilkalorpaud Division and in the event of his non compliance that the Estate should be assumed and managed under the immediate superintendence of the Government Servants.

The Balance on the Vaspy Fully Estate amounting to Rupees 30,000 and upwards

exceeding that of the preceding season by nearly one lac of Rupees also merits your immediate attention and report.—

No 579 of 1841. 6. In connexion with this subject the accompanying Petitions from Manoor Venkata Ramoonyanah Proprietors of a moiety of the Chilkalooripad Estate is herewith forwarded for your consideration and report.—

7 You will be pleased to state whether this Person is competent to undertake the responsibility of the management of her division of the Zemindary and to furnish security for payment of the Peishcush to the extent offered in her address.—

2

From the Chief Sec.y to Government — Communicating observations and orders on the Board's Proceedings relative to the settlement of the land revenue of Malabar for Fasly 1249.

Extract from the Minutes of Consultation under date the 4th August 1841.

Read the following Extracts from the Proceedings of the Board of Revenue (Head Quarters 12th July 1841)

Para 1 — His Lordship in Council is happy to observe that the state of the District of Malabar in the Fasly under review continues in the

the opinion of the acting Principal Collector to present the same marks of prosperity which it has done for some years past.-

2 The settlement of the Land Revenue

Fasly 1249	10,35,588-5-5	for fasly 1249 exhibits an improve-
1248	10,20,039-8-10	ment in the general out-turn of
Increase	9518-12-7	every item coming under this head

as compared with the preceding fasly, the aggregate giving an increase of Rupees 9518-12-7

3 In paras 5 & 15 of Mr. Conolly's letter to the Board, the various causes which contributed to produce the above favorable result are fully explained.-

4 With reference to the increase noted under the head of Gardens which tho small in amount is looked upon as an important and satisfactory result from the apprehension that existed that the introduction of the Garden Survey instead of being attended with advantage to the Revenue would on the contrary entail a heavy loss of 10000 or 12000 Rupees so far however from such being the effect the general

x Rs. 791-10-3

general introduction of the measure has been followed by an increase of Revenue derived from these lands, of Rupees 20,325 since fasly 1243 which as stated by Mr. Conolly "is the more satisfactory when it is remembered that the system without unfairly preying upon any has had the effect of relieving a good many poor Ryots from an undue share of taxation."

5 The completion of this survey it is stated would take place within the current fasly, there remaining at the close of Fasly 1249 about 6,000 Gardens only to be inspected out of a total of 285895 included within the several Talooks of the Districts

6 The remaining items do not call for any particular remarks but are considered satisfactory and indicative of the increasing prosperity of the Districts.

7 The Gross Demand for the year as already stated Amounted to Rupees 10,35,588-5-5 the Collections made within the fasly are observed to have

have been Rupees 16,31,389-1-3, leaving at its close an outstanding balance of Rupees 4,199-4-2 — at the commencement of the current fasly this arrear was reduced to Rupees 1,223-11-10 and measures were stated to be in progress for the realization of the remainder.—

8 The balance of arrears of land revenue for fasles anterior to that under review amounted to Rupees 1590-11-5 of which 1121-13-9 were made good, leaving a small balance, the realization of which was considered doubtful.

9 Inclusive of the Revenue derived from Extra sources, the total Collections made within the fasly amounted to Rupees 32,31,014-2-9 and exhibits a net increase of Rupees 94,959-9-9 as contrasted with the corresponding Collections during the preceding year. A result which His Lordship in Council concurs with the Board of Revenue in considering "indicative of the increasing prosperity of the District and highly creditable to Mr. Conolly's management and to the exertions of those under him"

His Lordship in Council is
10 happy to observe that the acting Principal Collector contemplates great local benefit as likely to result from the commercial operations stated to be in progress in the impoverished Talook of Wynaad and will be highly gratified to learn that these operations are successfully prosecuted.

It is also gratifying to His
11 Lordship in Council to note the high terms of commendation bestowed by the acting Principal Collector upon the Sub Collector Mr. Goodwyn and the Assistant Collectors Messrs. Silver, Ironckton and Platel as well as the satisfaction expressed with the services of the Shirastadars Kistna Row and Devasagoonay Pillay.

To the President and Members of the Board of Revenue.

Sir,

I have the honor to acknowledge the receipt of your Circular letter dated the 15th ultimo and to state that the Rules relative to the sale of Stamps are conformed to in this District-

I am not enabled to state what success as regards the prevention of forgery has practically attended the introduction of the rules in question, which however appear to me to be well calculated to obtain the object in view-

In reply to your letter-

Fort St George 16th August 1841-

of 1st ultimo, I beg leave to state that of the 3486-243-4- Garces of Salt manufactured at Mogultoor in the year 1936, Eight hundred and Ninety Nine Garces still remain on hand -

2. The last three unfavorable years have interfered most materially with the sales of Salt in this District first in the diminished means of the lower classes to purchase it, and second in the increased production of spontaneous salt owing to the great drought of the seasons by which the swamps have now been thoroughly soaked, and the present season promises favorably it is hoped that the sales will reach their proper standard, and the greater portion of the Salt at Mogultoor be disposed of before the close of the manufacture of the ensuing year -

To the Secretary to the
Board of Revenue
Fort St George

Sir,

14

From the Collr of Bellary — Requesting the sanction of the Board for granting lands for the support of a Chaultry erected between Bellary and Cooltany in the name of T. Chocalinga Modeliar & his heirs -

1. An application having been made for a Grant of land for the support of a Chaultry erected by Ambalavana Modeliar, which was published in the Supplement to the Fort St George Gazette of the 12th February last Page 2 - I have the honor to submit the following particulars connected therewith for the consideration and orders of the Board of Revenue -

2. The want of a Chaultry for the accommodation of Native Travellers on the high Western Road from Bellary to the Principal places noted in the Margin, having been seriously felt, particularly between Bellary and Cooltany, a distance of about 12 Miles there being neither Tank nor Well within this space a respectable Native of Bellary by name Ambalavana Modeliar erected in the

Fort St George 16th August 1841-

the year 1819, at his private expense a Choul=
=try with a Pagoda and Well between the
above two places - The site selected for
this chaultry is centrical and good, lying
by the road side within the limits of
the Mazara of Kolagull and the
building is considered a work of much
public utility - It appears from the
Statement of the applicant that
the late Principal Collector Mr
Robertson personally inspected the
Chaultry and recommended certain
improvements thereto promising
at the same time that he would
obtain for him a grant of land for
its support as soon as the proposed im=
=provements were finished - Accordingly
=ly the work was commenced, but so
not completed earlier than the month
of June 1839 - The improvements so
above referred to chiefly consist of an
additional stone Chaultry with the
Garden &c &c as will be perceived by the
Enclosed Sketch Plan - The arrangements are good.

The

Fort St George 16th August 1841-

The institution affords an asylum to the
Traveller, at the chaultry, he is fed, &c
and every alteration shewn to him -
An Establishment of Servants is also
maintained for this purpose -

3. It further appears that
the abovementioned Individuals applied
for the promised Enam lands about
the time Sir Henry Montgomery
quitted the District, but nothing was
then done, I deferred making a
report, until I had seen the Chaultry
myself which I had an opportunity
of doing during my late tour through
the Talooks - It is in good repair and
conducive to the comfort and con=
=venience of Native Travellers -
The applicant has chosen for the
Enam a tract of immemorial Waste
land in the vicinity of the Chaultry
and within the limits of Allapoor, he
also wishes to include a small parcel of
Dry land converted into Garden land at Cusbah

Bellary

-Bellary and now in his own occupancy as specified in the accompanying State= =ment but as this land is not near the Choultry but entirely unconnected with it, I cannot recommend it. Regard= =ing the remainder, he states that if his prayer is granted, he will break the Waste and cultivate it by means of new Ryots-

4. The number of Choultries built by Private individuals in this District is small compared with other Districts- There are many situations in this extensive Province where the want of such institutions is much felt, but there are very few People who can afford or possess inclination and spirit to do acts of benevolence of this kind for the good of the Public- The extreme difficul= =ty of procuring wood forms a material obstacle to undertakings of this nature

5. It will however be observed that the Choultry now reported on does not come under the restrictions of the General Rules dated 19th June 1829 it having been erected ten years prior to the promulgation of the rules in question- An objection presents itself in this case as regards the distance between Bellary and the place the Choultry above referred to is built

built being less than the distance fixed in the General Rules for the construc= =tion of Choultries- It is for the Board to consider whether this objection is sufficient or not, to set aside the application for lands for the sup= =port of the institution. There is also the objection of the time that has elapsed since the commencement of the Choultry-

6. Under these circumstan= =ces, I have the honor to request that you will obtain, in the event of the above objections being considered immaterial, the sanction of the Board for my granting the lands applied for on Enam tenure, amounting to an annual assessment of Company's Rupees 47-11-10- which is within the sum fixed by the General Rules, in the name of T. Chocalingam Moodeliar the son of the founder and his heirs not for their own per= =sonal advantage but exclusively for the support of the Choultry-

From the Pl Coll= in the Nn Dn of Arcot — Reporting that Goorapa Naik and Narrain Modely have not yet been put in possession of the Betel and Tobacco Farms and that the Puttah will be withheld pending the Board's instruction—

Transmitted

To the Secretary to the
Board of Revenue
Fort St George

Sir,

Para 1. I have the honor to acknowledge the Extract from the Board's Proceedings dated the 2d Instant transmitting a letter from Mr Turner conveying an offer of Rupees 1000 additional for the Beetle and Tobacco rents of North Arcot, and with reference to the decrease of Revenue in these farms for the present year, the Board are of opinion that they should be again offered to public competition if Goorapa Naik and Narrain Modely have not been put in possession —

2. Goorapa Naik and Narrain Modely have not been put in possession inasmuch as the Puttas and Mochelkas have not been exchanged, there being always a few weeks delay in effecting this and the sanction of the Board of Revenue also being necessary previously to the parties being put in possession still I am of opinion to establish the precedent of setting aside their

Fort St George 16th August 1841-

their right to this rent when put up to competition, by authority, might shake their confidence in any future public sale legally proclaimed —

3. It would have been of advantage to Mr Turner in his management of the Ahkarry Farm had he obtained the rent of the Beetle and Tobacco at the same time, and it is desirable that they should be taken together if possible Mr Turner being well aware of this, but nothing at the time of sale could persuade him to come forward with a higher offer —

4. One thousand Rupees in addition will not put Goorapa Naik and Narraina Modely out of the rent and it would be scarcely fair now to fine them in more than this sum when Mr Turner had every opportunity at the proper time and place of making good his own right to it —

5. Although there is a decrease in the Farm for the present fusly it will not tend to lower the rent in future years — Goorapa Naik & Narraina Modely

Fort St George 16th August 1841-

Moodely will always contest the sale, & and had they been opposed on the late occa-
-sion they would have been prepared to have bid higher for it -

6. The parties are so fam
in possession of the Farm at present as their own Sibbendy having charge of it, but I shall withhold the Puttah until I receive further instructions -

-parison with that of the preceding fusly -

2. With reference to the observations of the Principal Collector in Para 2. of his letter, the Board desire it may be distinctly understood, that

Fort St George 16th August 1841-

that no rents are valid until confirm-
-ed by the Board of Revenue - To with-
-hold their confirmation from insuffi-
-ciency or otherwise would not there-

-fidence in future sales -

3. Mr Ogilvie is requested to intimate to Mr Turner or to his agent that the Board having ascertained that ample opportunity had been afforded him in the first instance to bid for the Betel and Tobacco Rents do not now see occasion to open the farm for farther competition -

Sir,

The Mushrooty Yeomiah-dar Mohomed Modeen died on 11th May last. His younger son Sheik Meeran claims succession by virtue of his Father's Will —

But I have the honor to report that it appears there is an Elder Brother Thumbeza who proceeded to Sea about 3 years ago and that he was not on good terms with his Father Sheik Meeran is now performing the duties of Kateb for which the yeomiah was granted and I propose to allow him to remain to "acting" pending the return of the Elder Brother, whose title is good according to the Mamool —

Sir,

From the acty. Principal Collr. of Tanjore - - -

Fort St. George 16th August 1841.

Ordered that the following address be submitted with the foregoing letter, and the previous correspondence on the subject.—

(36-37)

To The Chief Secretary to Government.

To The Chief Secy. to Government.

Recommending for sanction an arrangement proposed by the Acting Pr. Coll. of Tanjore for remunerating the Deputy Serishtadar and others for duties performed by them while the office of Hd. Serishtadar in Tanjore was vacant.

Sir,

Para 1. The demise of the late Head Sheristadar of Tanjore was reported to the Board of Revenue on the 14th December last, and on the recommendation of the Acting Principal Collector, Goondapah, Head Sheristadar of Bellary was nominated his successor to have effect from the 1st June last.—

2. During the interval noted in the preceding Para, Streenevasa Row the Deputy Sheristadar performed the duties of the superior office, the Tahsildar of Trivady Taluk having been nominated to officiate for Streenevasa Row: an acting Tahsildar was appointed to Trivady on the fixed pay of that situation, the importance of the Taluk Sir H. Montgomery reports rendered this arrangement necessary.—

Fort St. George 16th August 1841.

3. Under these circumstances the Acting Principal Collector has proposed to remunerate the Deputy Sheristadar, Streenevasa Row from the undrawn emoluments of the Head Situation at the rate of Rupees 280 per mensem, the lowest grade of allowances attached to the Principal appointment. From the Collr. of Trichinopoly. — Submitting further explanations in the several points as called for in the Bd's proceedings of the 26th October 1840-

Sir, I have the honor to submit for the consideration of the Board the following remarks on the several points upon which in their proceedings of the 26th October 1840, Commenting on my report on the land Settlement of the District of Trichinopoly for Fusly 1248. explanation is called for. —

2. In para 11 of the above proceedings I am required to explain why instead of Rupees 1,925 11-0. the full amount of assessment on the extent of land found deficient in certain Punjay villages resurveyed by the Board's orders only Rupees 1,772-3-4. were remitted - The explanation is this, in the sum of Rupees 1,925 — 11 — 6- is included the assessment of the deficiency of the 4 pools of land

Fort St. George 16th August 1841.

land which were actually cultivated and of the Sheigal Tarsee. The sum of Rupees 172 - 3 - 4 - is a fesement of the extent found to be deficient in the measurement of the former - the remaining sum of Rupees 153 - 8 - 2 - being the a fesement of the deficiency found in the measurement of the lands left waste and not a fessed to the Revenue in that year. Consequently the former sum is the amount of actual remission made. -

3. From the accompanying detailed statement, it will be perceived that out of the total increase in the extent of lands according to the measurement of fusly 1248. as compared with the accounts of fusly 1234. Viz. Cawnies 32 - 25 - 7 - bearing an assessment of Rupees 218 - 11 - Cawnies - 6 - 66 - 7 - a fessed at Rupees - 40 - 6 - 10 - were in fusly 1248 waste. Consequently

Fort St. George 16th August 1841.

Total Cultivated = 2 Waste 218 - 0 - 11 -
Deduct waste 40 - 6 - 11 -
Remainder 177 - 10 - 0 -

the amount of actual increase under this head was only Rupees 177 - 10 - 0 -

4. In para 12 the Board observe that the accounts do not shew whether the general rule that no differences in measurements less than 10% in dry lands and 7½ in wet lands are to be taken into consideration, has been attended to in this instance. I beg to state for the Consideration of the Board that neither the rule alluded to, nor any other rule in respect of differences of measurements has been in force in this District. The practice however has been in general to bring to account all increase and to take no notice of any decrease. -

5. The reason of this custom is ascribed to the circumstance of its being hardly possible in any instance to place reliance on

Fort St George 16th August 1841-

on the Pymash accounts which are at present to be had - for where they exist - and in many villages there are none. they do not include all descriptions of land - Poramboke - and & Bunjer and so forth having no place in them - It has therefore, I presume, been concluded that where such facilities exist of adding to a farm, it is not likely that a deficiency will be found - and as to Boundaries - whenever they are pretended to be described they are utterly inapplicable to the actual state of the lands - The accompanying Statement however shews the per centage of Increase and decrease in the lands in question according to the settlement now made -—

6- The Form of Statement sent with the proceedings under reply requires that specified Fieldwar information should be

Fort St George 16th August 1841-

given of the increase and decrease between the measurements of Fuslies 1213 and 1248. This I have not the means of doing, for altho' the accounts of Fusly 1213. pretend to exhibit the particular holding of each individual at the time they were prepared, all notice of the Chuckbandy or Boundaries of the holding is omitted. and during many years subsequent to fusly 1243 no attempt has been made to keep a fieldwar account - In fusly 1233 however new Pymash accounts were prepared by the Village Officers which are in the possession of the Curnoms, a comparison therefore has been made between these accounts and

Fort St George 16th August 1841-

and the recent measurement, and is submitted for the consideration of the Board in lieu of a Comparison with the Survey of Fusly 1213-

7- This comparison however is practically of no use, for the Pymash of Fusly 1233 is not the result of actual measurement, but a mere adjustment of the increase and decrease brought to account from time to time in preceding years, nor is any benefit to be obtained from a comparison of the accounts of Fusly 1233 with the original accounts, for as has been often explained to the Board, no correct measurement ever was made- In the original survey the lands are distinguished into

Fort St George 16th August 1841

into Cuttays - the boundaries of which, as before mentioned, are not now to be discovered - a statement as nearly as possible in accordance with the Form which accompanied the Board's proceedings is herewith transmitted -

Para 14- 8- In reference to the remarks of the Board relative to certain lands being cultivated under the management of the Circar, I beg to state that it was found impossible to let them at any thing like the full amount of the assessment fixed on them - I am quite aware of the objections to the measure of which the Board disapprove - and I will in the course of a short time submit

Fort St. George 16th August 1841.

submit a further report on the subject of the lands in question which I am not yet prepared to do, so fully as I could wish. —

Paras 18-19. 9. In reference to the Board's objections to the formation of a new Village, I beg to observe that as the lands of which it is composed belong to two separate Villages, the formation of a hamlet would in fact be liable to the same objections: and as there are no very particular reasons for keeping the tract of land in question distinct, I have thought it best that it should remain annexed to the two Villages to which it respectively belongs, a measure which at once obviates all objections. —

The

Fort St. George 16th August 1841.

10. The instructions of the Board in regard to the assessment of land cultivated with sugar cane in the Talook of Oodiarpollaim have been duly attended to. —

Proceedings. Extract from the Proceedings of the Board of Revenue dated 16th August 1841.-

Relative to the settlement of the Shevagungah Estate in the Madura District for Fasly 1249.

3rd October 1840. 12th Nov. 1840.

Read the following letter from the Principal Collector of Madura, containing his report upon the settlement of the Shevagunga Estate for Fasly 1249.-

/Here enter No. 101/

Board's Proceedings 23rd Nov. 1840. Para 8.

1 The arrears of Peishcush on account of which the Shevagunga Estate had been held under attachment prior to Fasly 1249, having been cleared off in the course of that year, the property continues under the Principal Collector's superintendence pursuant to an order of the Sudr adawlut, and pending the decision of her Majesty in Council in the appeal by Bodagaroo Sawmy Roya Woodia Taver against the decree of that Court in favor of the Ranee Ungamootoo Natchyar.-

Season. 2 The season appears upon the whole to have been tolerably favorable altho' the super abundance of Rain at its Commencement is stated to have caused the breaching of a considerable Number of Tanks, the greater portion of which however

Para 2- however were made available for purposes of cultivation by the early and strenuous exertions of the ryots, at but little expence to the Estate.-

3 In forming the Settlement of the Fusly under review the Principal Collector, 25th April 1839. under authority from the Board put a stop to the practice which had obtained under the management of the Zemindar of exacting from the Ryot under the designation of "Pillai Choondoo," the difference between the estimate of the proprietor's share of grain and the actual produce- From the increase of 4979- in the Number of Potiate Ryots noticed in Para 8 of the report, it may be inferred that this boon has been duly appreciated by the parties for whose benefit it was intended, and this in conjunction with the other judicious arrangements made by the Principal Para 5-6-7- Collector for the speedy Division of produce and disposal of the proprietors share to the Merchants appears to have been attended with the most beneficial results both to the Ryots and the Estate.-

4 With the view of more effectually protecting the interests, both of the ryot and the Zemindar, by preventing the recurrence of the system of obliging the former to match the produce and be responsible for its deficiency, and the loss to which the latter might be subjected from being obliged to dispose of his share at once without reference to the state of the market, the Principal Collector proposes the erection Para 6- of granaries for storing Grain in different parts of the Zemindary to the Number of 272- at an expence varying from 70 to 300 Rupees each, one half to be Commenced upon immediately and another quarter to be sanctioned afterward- Under the uncertainty which at present exists as to the length of time which may elapse before the decision of the question of proprietorship by His Majesty in Council which will determine the duration of the Principal Collector's Management, the Board do not consider it expedient to sanction so large an outlay from the proceeds of the estate as

as the erection of the proposed Granaries would involve, and they consider that the interests of the estate will be sufficiently consulted by adherence to the system already introduced by the Principal Collector as explained in Para 6. the Grain when disposed of being at the risk of the purchaser alone,

Para 6. "who was repeatedly warned of the folly of procrastination" "in taking charge of it" "and "by whom it was understood that the Ryot was "not to bear any responsibility for wastage or "deterioration, he having it fully in his power "to provide against it."-

5. The following statement shews the particulars of the settlement for Fusly 1249 as compared with that of the preceding year and exhibits a net increase of Rupees 4,452-9-7- the amount for Fusly 1248. being Rupees 4,36,260-14-5- whilst that for the year under review was Rupees 4,77,713-8-0 as compared with the average settlement of the last 5 years that of Fusly 1249- shews an increase of no less than 114749-11-2- or 31-9-10- per cent.-

Para 11.

The extent of Nunjah land paying in Kind which was included in the Settlement of Fusly 1249. exceeded that of the preceding year by 4,142 cheyo. and in the proprietors share of the Gross produce there was an increase to the extent of 8,774 cullums. The produce is stated to have been greater than in any previous year of the Assumption, but owing to a falling off in price, the money increase was not so great as it otherwise would have been, the Statement annexed to Para 13. shews the increase by extent of cultivation or excess of produce to have amounted to Rupees 94,572-4-" and the decrease by price to have been Rupees 60,008-7-7. thus reducing the net increase in money to &c Rupees 34,563-12-5.

7

The Causes of increase and &c decrease in the other items comprized in the Settlement, the explanation of which is contained in the paras noted in the margin, do not appear to call for any particular remark-

9

The arrears due by the ryots for Fusly 1248 amount to Rupees 2,195-4-6.- The particulars of which are detailed in Para 24 of the Principal Collectors report, and under the explanation there given, the Board resolve to recommend that Rupees 2,046-5-5 of the above sum may be written off, leaving &c Rupees 149-4-1. to be recovered if possible hereafter.-

Sungumaal's Chettrom at Sholavandan.	Repairs of Cook room	117 65		When this branch of Road No. 15 became broken up and no longer frequented, this highly endowed and valuable chettrom was allowed to fall into exceeding disrepair, and that of Dhadomputty in the other Branch was built from its funds, that the charity might continue of its pristine importance. For five years gradual repairs have been making to this branch and in last year to a very considerable extent so that only one more bridge of 240 Rupees value & a less amount of earth work to be executed next year is wanting to put it in efficient repair, and it has already regained one third of its former traffic - For the first 6 items there ought to be no hesitation in granting sanction. I beg sanction for the 7th though there is not money sufficient in hand, but because the work is essentially necessary - and before seasoned wood, for which there is already a sufficiency of funds, can be procured, there will be a sufficiency to complete the work - The works were estimated by Chokakotten the Devastanom sheristy, and both before and since have been directed and compared personally by the Sheristadar, Tahsildar and myself. -

From the Asst. Coll. of Tinnevelly. } Para 1.

I have the honor to report on the disposal of the different Rents of this District for Fusly 1251, as detailed in the accompanying Statements No. 1 to 5.

From Statement No. 1 it will be seen that the Betel rent has been put up in lots, each being considered most convenient to all Parties, and 2 were thus disposed of to the highest bidder for Rupees 37,665, exhibiting a decrease on the whole of Rupees 2,285 below last year. The requisite Securities have been taken from the purchasers, in addition to the usual deposit of One months hist for the due performance of their respective Contracts.

" 1251 - 37665
Decrease - 2,285

The competition for the 3. rent of the duty on Tobacco for the whole District has produced Rupees 27,600 which exceeds the amount obtained in the past Fusly by Rupees 250. The purchaser

purchaser has deposited one months hist — or Rupees 2,300 and has also furnished collateral Security for the fulfilment of his engagement, as exhibited in the State- ment No. 2. The rent for the Frontier duty on the same article was, as usual, put up to auction, and a proposal for Rupees 5,650 only was made by one person, named Sandoo Abdulcauder Lubbay. This sum on reference to the accounts from Fusly 1229 down to Fusly 1250 as shewn in the Marginal Statement, is far short of the amount obtained in any of the years either under the renting system or aumanie Management. Under these circumstances, I beg to recommend that the duty on the Frontier Tobacco for the current Fusly may be collected under Aumanie in pre- ference to its being rented for the low sum that has been offered, more particularly as no extra expenditure in the way of establishment will be incurred by its retention under Aumanie.

4. The farming of arrack and Toddy for the District and for the Towns of Palamcottah and Tutacorin have been as usual put up separately, and disposed of to the highest bidder. From Statement No. 3 it will be observed that each lot has

than last year, with the exception of the Toddy Rent for the whole District (exclusive of Palamcottah and Tutacorin) in which there is a trifling decrease; the whole amounts to Rupees 24,575, which being set against the amount obtained in the past year, the result shews a surplus of Rupees 1,685 for the year under report. The several renters have furnished the required Security and a deposit of one months Hist in addition.

5 The Chayroot Revenue and the duty thereon were put up separately, but have been taken by one individual, as noted in Statement No. 4. The best offer received for both items is Rupees 9,720, which is equal to the sum obtained for the preceding Year. A deposit of one months Hist with the necessary Security has been furnished by the renter and approved of.

6. The several Hill rents in the District have been disposed of to advantage, the proposals received for the same amount to Rupees 4,060, exhibiting an increase of Rupees 785 in favor of the present year as particularized in Statement No. 5. The usual deposit and Collateral Security have been produced by the renters and admitted.

7. As the result of a comparison of the amount of the rents as enumerated above, with that of the past period, shews an increase of Rs. 435 in the current Fusly, I beg to recommend that the several proposals may be accepted.

Proceedings thereon — The offers for the Rent of the Betel and Tobacco duties in Tinnevelly for Fusly 1251 as shewn in the Statements that accompany the foregoing letter are sanctioned by the Board of Revenue, with the single exception of the Rent for the Frontier duty which will be kept under summary as proposed, on the distinct understanding that no additional Establishment will be required for the Collection of these duties.

The Board are also pleased to sanction the acceptance of the offers for the Arrack and Toddy Rents for the Chayroot Revenue, and for the several Still Rents. It is presumed Mr. Ogilvie has satisfied himself of the competency of the intending Renters and their several Sureties.

From the Pl. Coll. of Canara

Sir,

Para 1. In reference to the Petitions No. 1395 and 1396 of 1840. I have the honor to submit the following report on the subject to which they relate.-

2 One Vurdaya Bullal of Coollor in the Mangalore Talook, having died; his estate was claimed by the Petitioner and by the Wegade of Dhurmastalla- each party advancing his right to it's posseſsion; the latter being a distant relation and the former the son of the deceased Bullal- The dispute was inquired into by the Tahsildar and referred to the Assistant Collector Mr. Young for final orders; who passed a decision on the case in favor of Dhurmastalla Wegade- The Petitioner however appealed to Mr. Malthy the Sub-Collector in charge in April 1838 against Mr. Young's decision.-

3 The original proceedings having

10078 Fort St. George 16th August 1841.

having been sent for and reviewed, it appeared that the case was not properly cognizable either by the Collector or Magistrate- The decision of the Assistant Collector has been accordingly reversed, and the whole of the estate ordered to be restored to the Petitioner, as being the person in charge of it on the death of the late Vurdiah Bullal- The Petitioner's case has thus been redressed and he has no further cause of complaint.-

The original Petitions are herewith returned.-

From the Collr of Canara
Reporting on the Subject of remitting the tax on the salt used in Curing Fish in Canara.

Para 1. In reference to your letter of the 11th February 1841. Calling for a report on the subject of the Fisheries in this District. I have the honor to submit a Statement furnished from the Several Talooks of the quantity of Fish Cured during the season of 1840/41. by means of Government salt and by the application of Sea water and salt earth. This Table however Can not be considered correct as there are no means of accurately ascertaining the quantity of fish cured either for home consumption or exportation. I have no doubt that the quantity exhibited is much below the mark.

2 With respect to the question in the latter part of your letter under reply. I am not inclined to think that there would be any considerable extension of the Fisheries by the remission of the tax wherever the Fishermen had the

Fort St. George 16th August 1841.

the means of using Sea earth, salt or other modes now in use of drying and Curing their Fish. It would be only in the immediate neighbourhood of the salt Cotties that there would be any increased consumption of the article for the purpose mentioned were the tax remitted to the Fisheries. For as in the Curing of fish with salt earth or by the other processes in which salt is not used, the fishermen are put to no expense beyond the labor necessary for the purpose which is generally performed by their own families, it cannot be expected that they would be at the trouble of going to any distance for salt to be employed in Curing their fish, where they had the means of preparing them for market equally well on the spot. In places where there are few facilities for procuring earth salt as is the case in Cundapoor in this District, the allowing salt duty free would no doubt prove of great service to the Fisheries.

3 As salt in Canara is a Government

Fort St. George 16th. August 1841.

Government monopoly, the only mode of lowering the Cost to the Fisheries would be by the reduction of the monopoly Sale price which is now about 525 per cent on the first cost. But in order to prevent the Revenue from being defrauded by the abuse of this privilege, some strict Regulations must necessarily be enacted and it is worthy of consideration, I think, whether in lieu of a remission of tax or reduction in the Sale price of Salt to be used in the Fisheries, it might not be advisable to give a drawback on the Fish cured with Salt either for home consumption or for export.-

4 In order to protect the Salt Monopoly in this District, former Collectors have prohibited the Fishermen from using Salt earth called "Vagarao Munnoo" in curing their Fish, and they have been liable when discovered using it to be brought before the District authorities for examination, although this prohibition has been greatly

Fort St. George 16th. August 1841.

greatly evaded as shown by the return now sent, yet it has always been felt as a grievance by the Fishermen — and it has no doubt operated to a certain extent as a check on the extension of the Fisheries.-

5 From the imperfect State of my Records I am not aware whether the above prohibition has ever been communicated and received the sanction of the Board, but as it seems to be the desire of Government to remove all impediments to the extension of the Fisheries, I would beg to recommend that full permission may be given to the Fishermen on this Coast to use the Sea earth Salt above mentioned in curing their Fish.-

From the Collr. of Malabar.

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings under date the 17th Ultimo, desiring me to submit my opinion as to the probable effect which the proposed substitution of the Indian Maund for the Garce measure would have upon the Salt trade.—

submitting opinion as to the effect which the substitution of the Indian Maund for the Garce measure would have upon the Salt trade.—

2 I have already by my letter dated the 22d January last brought to the notice of the Board the objections which presented themselves against the introduction of the system of receiving and issuing Salt by weight, and the Board were pleased to concur in the view I had taken of the case—it only remains

Proceedings 18th February 1841.—

Fort St. George 10th August 1841.

remains for me, therefore, to submit that the substitution of the Indian Maund for Garce may be a matter of account and that the receiving and issuing of Salt may continue by measurement.—

1 Parrah of Salt = 110 lbs
120 Parrahs being one Garce.
1 Garce = to 12000 lb which @ 30/ Rs say 36 Rs per lb = Rs 4,32,000 Rupees 3200 Rupees being one Indian Maund Garce of Salt is equal to 135 lb Indian Maunds.—

3 According to a trial made in this District it appears that a Garce is equal to 140 lb Indian Maunds, I would therefore beg to propose, that with the view of giving effect to the orders of the Honorable the Court of Directors this rate of conversion may be adopted in bringing to account all Salt received and sold by measurement and such other rate as the Board may determine after receiving the reports of other Salt Districts as I conceive it is of moment, that one uniform rate should be observed by all the Collectors.—

I have the honor to request the Board will have the goodness to inform me whether that excess as comprised in the three last items of the Statement noted in the margin or any portion of it may be considered in reference to the duties for which it has been incurred as coming rightly under the head of Civil armed Establishment and be accordingly required in future to be included in the returns from that District of the said Establishment or whether it should still be charged as hitherto under the head of "Extra Revenue Charges" as suggested in the concluding part

furnished to you for those periods respectively.

I beg to explain that there has been no actual increase in the number and expense of this Establishment, the additional Servants in the two Returns already sent to you, having been inserted therein since the receipt of your Circular dated 13th January last, as the wordings in the Form of Return which accompanied it appeared to require their insertion in those Returns. These Extra Servants have hitherto been charged under the head of "Extra Revenue Charges," and it will probably be more correct to continue them under that head.

Read the following letter from the Collector of Rajahmundry containing his report upon the management of the Cotapilly Estate for July 1841.

(Rec.d enter.d No. 30-13th in Cons.n 22 March 1841)

11

Proceedings thereon Relative to the Management of the Cotapilly Estate in the District of Rajahmundry for July 1841.

Para 1 The Season is stated to have been favorable at the commencement both for the dry and wet cultivation, but a subsequent failure of rain to return with the storm which happened in November 1839. caused a considerable falling off in the crops, which the Collector refers to

to have been on an average, not more than half as abundant as usual. The Palaks is stated to have suffered also from the disturbed state of the Rumpah Country.

2. Of the 32 Villages comprising

P. 3 in the estate the Collector has succeeded in obtaining rents for 23 the remaining 9 being settled under Runnams. In the preceding year 11 only were rented and 18 settled Veespatabady.

3. The Annexed List of the Veespatabady Villages amounted to Rupees 6346-6— the particulars of which are shewn in the margin.

settlements of Jagapaty Nagrum on account of the damage sustained by this Village from the storm, which the Collector observes "was "too real to admit of a doubt of "the necessity of great remission" The total deductions thus amounted to Rupees 1775- leaving the net settlement of the Annamie portion of the estate Rupees 4,571-6-. The addition of the extra items enumerated in Para 6 amounting to Rupees 1337-13- raised the total demands on the Annamie Village to Rupees 5909-3- being 865-2-7 more than the demand on the same portion of the estate for Fusly 1248 the decrease having occurred almost entirely in the Village of Jagapaty Nagrum, which the Collector was unable to trust in the Fusly under review and the settlement of which - owing to the causes above noticed fell below the sum

No. 1

To The Provincial Court of Appeal
Masulipatam.

A separate Pleading filed by 1 Condah Seroobhoo and 2 his Uncles son Soobiah appellants in Case No. 27 of 1840 on the file of your Court.

As your Court will perceive all

all the circumstances by the Record of the said Case, we beg leave to offer explanation only to the objections specified in the Decree of the Lower Court regarding our land in dispute as follows 1st. The Lower Court stated in the Decree that the Bill of sale specifies only Laukerauze land but was it true, the value thereof would have been ten times greater. To this we beg to observe that as we personally filed the said Complaint we have only claimed the land together with the past produce forwant of the knowledge that we might claim ten times as much the value for Laukerauzee Land. Consequently your Court will perceive that it is not just for the lower Court to state (as an irregularity on our part) that the value would have been ten times greater had it been a Laukerauze land instead of causing us to file the Complaint to that extent in the same manner as your Court now directed us. We have stated in our Complaint that the land in question is Laukeerauze and the Respondent (the Collector in the Zillah of Rajahmundry) admitted in his Original answer that it has been held as Maunium land by the father of the Defendant in Case No. 772 of 1809, when it was sold to us by the Court in satisfaction of the amount of the Decree in that Case. It

It will also be proved by the Bill of sale we obtained as well as by the Fifty report and List of the sale (by auction) Exa filed in the Record of the said case No. 772 that the said land was purchased by us for Rupees 232 at the rate of Rupees 928 per Pootty which is a great deal higher than what should be paid for the common Laukerauzee lands. While the matter was thus, it will be very clear that the Decree specifies erroneously that the Land in question was not proved to be Maunium, and that it was stated only in the bill of sale as Laukeerauzee land. Besides this, your Court will perceive that since the land was put up to sale by the Court as Laukeerauzee Enam and made over to us on payment of a high price to the Government, it is not just for the lower Court to deny its being Maunium land, also for the respondent (the Collector) to claim it as Jeroyettee, when it was so purchased in the Public sale of the Court.

2ndly as the Decree of the lower Court further remarks that our assertions were in no way supported by Witnesses, we beg to observe that the declaration of our Witnesses, as quoted in the same Decree is that the land in question was granted in gift as Maunium to the father of the Defendant in Case No. 772 of 1809, and it was purchased by us in sale by the Court as Maunium Land, but no Cuttoobady was ever

ever levied thereon. This Statement we trust will substantiate our claim fully. Though the Witnesses of the Respondent (the Collector) have given Contradictory evidence with a view of obtaining his favor in consequence of his being a great authority, yet it is trusted that the Jefty Jabitahs obtained by the Court for the sale of the Land by public auction, as well as the statement of the Respondents 1st and 2d Witnesses, the former declaring that the Land was stated to be Nauncium at the time of sale, and the latter setting forth at first that it was sold as a Laukeeranjee Land, will Convince your Court that the lower Courts remark in the Decree that our assertions were not supported by witnesses is contrary to justice, since it is very plain that the Land in question was sold to us as Laukeeranjee, and we should therefore be permitted to enjoy it by Law. 3rdly The accounts submitted by the Collector regarding the land in question marked **A.B.C.D.E.F.** and **G** not being attested by the former authorities, it is trusted are not applicable in the present Case. 4thly Our witnesses named Pary Ramanah stated in his deposition that he has an Enam land lying on the East of our said disputed land, and another Enam land of Syagary akapah and sevaramdas (which is situated on the west side of

of our Land) which were obtained subsequent to the Permanent accounts. To this we beg to observe to your Court that in fusly 1228 or year Bahoodhanian the then Collector Mr. Robertson caused the accounts to be prepared regarding all Surva Agraharams and Doombalah Enams and those charged with Cuttoobady in the Circar of Cocanada, showing the portions thereof issued previous and subsequent to the Permanent accounts respectively, and held in deposit the amount levied upon the latter Class by placing them also under attachment. And then Mr. Collector Hanbury assessed the Cuttoobady tax upon those attached Agraharams and Enams under sanction of Government, but although he had assessed the Cuttoobady tax at the rate of 16 and 20 Rupees per Pootty for the darimlah Enams (or Lands issued subsequently to the Permanent assessment) which are lying on the East and west of the said disputed land, Viz. 5 Joons, yet he charged for the latter only, the Sairy or Jeroyettee Cist at the rate of 64 Rupees per Pootty since it has been enjoyed by ourselves for a period of 16 years from 1810 to 1826 as Laukeranjee Land upon

Fort St. George 19th August 1841.

/upon its purchase in the public sale of the lower Court by one of us the 1st Plaintiff for a sum of Rupees 232) besides its being previously enjoyed by the Defendant in Cause No. 772 of 1809 from 1803 to 1809. Consequently we trust your Court will perceive that the lower Court erroneously passed the Decree which is contrary to the Law without enquiring into the said irregularity.-

Under the foregoing circumstances we pray your Court will be pleased to reverse the Decree of the lower Court and adjudge the Respondent /the Collector/ to make over to us the Laukeerawzee Land which was purchased by us in the public sale of the Court in satisfaction of a Decree in Cause No. 772 of 1809 above alluded to together with the past produce of Rupees 192 and all Costs of suits in the two Courts. Please to peruse. Dated 22d February 1841.

No. 2.

To The Provincial Court of Appeal
Northern Division.
Masulipatam.

Proposed Answer by the Respondent G. A. Smith Esqre. Collector in the Zillah of Rajahmundry, to the separate pleading filed by 1st Condah Sarboo and 2nd His uncle's son Soobiah. appellants in Case No. 27 of 1840 on the file of your Court.

The appellants state in their separate pleading that the lower Court stated in their Decree that the Bill of sale specifies only Lakerawzee Land, and was this true, the value thereof would have been ten times greater, but as they (appellants) personally filed the Complaint, they did not know that they ought to claim to that extent, that the Collector admitted in his original answer that the Land in question has been held as Maniem by the father of the Defendant in Case No. 772 of 1809 when it was sold to them /appellants/ by the Court in satisfaction of the Decree

in

Fort St. George 19th August 1841.

in that case, that though the Decree of the lower Court remarks that their assertions were in no way supported by witnesses, yet the declaration of their witnesses quoted in the same Decree will substantiate their claim fully, that it will be proved by certain Sufty Zabitahs vizt obtained by the Court in case No. 772 of 1809. as well as by the statement of certain witnesses on behalf of the Collector, that the Land in question was sold to them as Lakerauzee, that the accounts submitted by the Collector marked from A to G are not applicable in the present case as not being attested by the former authorities- that Mr. Collector Hanbury in assessing a Cuttoobady tax of 16 Pagodas 20 Rupees pr. Poolly for Darulah Enams which are lying on the east and west of their said disputed Land, Charged for the latter only the Zeroyty Cist at the rate of 6¼ Rupees pr. Poolly, that since it has been enjoyed by them for a period of 16 years, from 1810 to 1826 as Lakerauzee Enam, besides it's previously

Fort St. George 19th August 1841.

previously being under the enjoyment of the Defendant in Cause No. 772 of 1809. from 1803 to 1809, they trust the Court will adjudge the land to be made over to them, together with the past produce of Rupees 192 and all costs of Suit.

In reply to the above the Collector begs leave to state that the land which the appellants claim to enjoy free of tax, is not Lakerauzee Enam, but Zeroyty, paying a Cist to the Circar, and is not entered in the Permanent accounts under the Head of Enam, either in the name of the Defendant in Case No. 772 of 1809. or his forefathers- As the Estate of Amlapoor which includes the Village Bumdaroolunka reverted to Government in fusly 1228. the then Collector Mr. Robertson on an investigation of the Enams in the moottah, found that the land in question Vizt 5 toons which is a part of 1- Pottee 77 17½ of Zeroyty Land occupied by a ryot named Toolah Rajanah and which paid a Cist of Pags 4-3-6. or Rupees 16-2-8. at the rate of 385 Rupees pr. Cent was granted by the Villagers in the year Roodhodgary or fusly 1213 which is 5 years subsequent to

to Caulayookty or Fusly 1208 upto which period the permanent assessment was formed with the consent of the then Renter Cauterla-poody Jaggernadharauze under the Proprietor to Rundy the father of the Defendant in the said cause No. 772 of 1809 as Enam, and that it was purchased by the appellants in the sale which took place in Projotputty year or Fusly 1221 under the Court's warrant. But as such proceedings were contrary to Sec 12, Regu-lation 25 of 1802. that lands alienated out of those paying a Cist to the Circar should be allowed to be enjoyed as Enam, the Collector Mr. Hanbury issued an order to the Amuldar of Amlapoor under date 11th March 1826 to Collect the former Cist Rupees 16-2-8 upon the said Land, and it has been accordingly Collected from the appellants from that Fusly. The fact of appellants having en-joyed the land without paying any tax while it was under the Proprietor, is not a bar to the tax being Collected now when it is under the Government. The specification of Laba-rauzee Enam in the Bill of Sale as well as in the Zufty

Zufty Zabitahs Vis. of the Court cannot secure the interest of the appellants because it might have been so inserted without due inquiry, as no tax was paid upon it when it was sold under the Court's warrant in Case No. 772, the Estate being under the proprietor, The Collector denies having admitted in his original Answer that the Land in question was Enam as he only stated therein, that the Zeroyty Land was given for Maniem subsequent to the permanent assessment, to the loss of Government. The Court will plainly perceive by the Decree of the Zillah Court that the evidence ad-duced on the part of the appellants is not sufficient for holding the said Land as Labarauzee Enam, since it is clear it was given in gift as above alluded to, after the permanent assessment was finished, and all disputes of the kind must be settled by the accounts of the permanent assessment which accounts Vis. produced by the Collector prove that zeroyty Cist was levied upon this Land upto the year Doondoobby or Fusly 1212. The statements of the appel-lants cannot also be approved respecting the

the want of signatures to the Documents submitted by the Collector, as it is a fact that the majority of the accounts of the kind formerly lodged in the records of this Cutcherry, shewing the Cist per. of the Lands, not only for the Village in question, but for a great number of the other Villages of the District, do not contain any signatures, but nevertheless all such accounts have been in full force without any objection in the Course of the various Proceedings before the authorities since the time of the Permanent Settlement. The Court will also perceive that the appellants admit themselves for the assessment of Cuttoobady on all the Agraharums and Enams issued subsequent to the permanent assessment, but pleads that their land only was charged with a heavy or Zeroyty Cist, while the neighbouring ones were taxed at lower rates. The answer to this is clear, the land of appellants was not newly assessed, but the Zeroyty Cist which had existed at the time of the Permanent settlement and which was paid

up to fusly 1212 but subsequently temporarily remitted by the Proprietor during his pleasure, was required to be paid.

Under the foregoing circumstances, the Collector trusts that your Court will on the inspection of the original record and decision of the Zillah Court be pleased to confirm the latter and non-suit the appellants with all Costs.

To The Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to submit, my report on the accompanying Petition presented to the Board of Revenue by

18
From the Collector of Rajahmundry

Original Petn 1353 of 1841

by certain Banians of the Town of Rajahmundry in this District, complaining of their Moturpha tax having been lately much increased, and requesting that it may be reduced.

2 In July 1249 there were 173 Banians in the Town of Rajahmundry, who paid the Moturpha tax, at rates varying from eight Rupees to eight Annas, to the extent of Rupees 314-12-0

In July 1250 the number of Banians was increased from 173 to 181 and in the course of the Summah bundy the following alterations took place in the Assessment of this tax.—

		Rs. a. p.
Tax of July 1249		314-12-0
Deduct on account of Banians deceased and departed from the Town	15-12-0	
On account of persons who had abandoned their professions	6-0-0	21-12-0
Remaining		293-0-0
Add		
On new persons	28-8-0	
On former professions increased	18-8-0	47-0-0
Moturpha tax on Banians in July 1250		340-0-0

Fort St. George 19th August 1841.

On referring to the Accounts of the Motorpha tax for the last five years as noted in the Margin, it will be seen that this tax has decreased, and though the last three distressing Seasons have been a sufficient excuse for its depression, still there is no doubt but that attention must be paid so as to secure its increase where the circumstances of the parties and the actual state of the trade will admit of it.

I have the honor to acknowledge the receipt of your letter of the 29th Ultimo transmitting a Petition from Srolamay Ameed Vakeel of His Highness the Nabob Wookkar, relative to a Bungalow and Garden situated at Allandoor, one of the Villages forming the Cantonment of St. Thos Mount. Previous however to taking any steps in the Matter I would respectfully request the Board to reconsider their orders as it would appear on many grounds inexpedient for me to enter upon the investigation of a Matter, in which I could take no steps, whatever might be the result of my enquiries and which would also expose me as the Officer of Government requesting information to the same or even a more stringent answer than the Vakeel has already received from Messrs Arbuthnot & Co. The property has from the Statement of the Vakeel been so long in the undisturbed possession of the parties, that it would not be in my power as a Magistrate or Collector whatever might be my opinion of the justness of His Highness' Claims to oust the parties in possession and make the property over

From the Collr of Chingleput 22d June in Cons 1st July 1841 Pro: 1st July — From the Collr 9th inst in Cons 14th Augt —

Para 1. With reference to the orders of Government on Item 9 of the Statement of Extra Charges in Chingleput for fusly 1249 and dated the 23d April last, I am directed by the Board of Revenue to request you will lay before Government for orders the correspondence noted in the Margin which has passed in regard to this charge —

2. From this it will be seen that on the death of the female Jamdee in fusly 1245 the allowance in question was continued by Mr Maclean then Collector of Chingleput to her son Sheik Tippoo by whom the ceremonies at the Mohorum festival continued to be performed - The continuance of the allowance appears to have been based upon the authority of Mr Secretary Bells letter of the 16th March 1821 which Sanctioned the disbursement for the specific purpose and not as a personal grant to the female

Para 1. In returning the inclosed Petition No 466 of 1841. requiring a report upon the matter therein complained of, I have the honor to submit explanation on the several points as follows -

2. The Petitioners claim remission for loss of Crop by excess of rain and inundation: this subject was reported on by the late Principal Collector under date the 27th April last, on which the Board of Revenue passed their decision

3. They next complain that the Enam Land of the Woodiar-pollium Cavilgan was cultivated by them on an equal grain share, and that since the lands have been placed under attachment of the Collector a higher teerva is demanded. Whether this be true or not is immaterial they now only pay the regulated pymash rates and are not liable to any arbitrary or irregular tax of any sort -

4. They also request that their Village office salaries should be adjusted, with reference to the sums due on puttah. It is for better that these emoluments should be paid

In regard to the fine imposed upon the Petitioners, it is the duty of the Monigars to see that the Collections are realized with punctuality, & if they fail in this respect they are deserving of punishment; in the present instance the amount of fine would seem excessive, and in the expectation that the Petitioners will hereafter pay strict attention to their Village duties, the Board are pleased to direct that it may be remitted —

From the Asst of Tangore Reporting upon Petition from Coodalinga Pillay complaining charges brought against certain Public Servants & complaining that he has been called upon to give security by the Head Assistant Magistrate.

Nov 15 of 1841.

Sir,

I have the honor to report in the Petition noted in the Margin in conformity with the directions contained in your letter of the 26th Ultimo.

The Petitioner Coodalinga Pillay is a notorious troublesome character in this Town and his name has long headed the list of Rogues against whose evidence and conduct the Civil and Criminal authorities are warned.

He commences his complaint against the Public servants of the Head Assistants' Cutcherry by stating that they prevented his offer for certain rents in the Salt Department being accepted. It is true that Coodalinga Pillay made a proposal when these rents were put up to Auction before the Head Assistants and that that Gentleman declined accepting it. The character of Coodalinga Pillay was well known as was his incompetency to meet the engagements he wished to enter into. He had on a former occasion rented the Askarey Farm of Kevalore Taboob and failing in the regular payments

payment of his visits, his house and the
house of his security were attached & sold by
public Auction and the dues of Government
realized thereby. On another occasion Coodu.
=lingum gave parupos ab to rent an Arbary
Farm but absconded when the time arrived
for making the required deposit. The Petitioner
complained to me, as he states, against
Mr. Cook's rejection of his offer in the Salt
Department, but I completely approved of Mr
Cook's proceedings & declined to comply with
Coodalingum's demand that they should be
reversed.

Petitioner next complains
that he has been unjustly called upon
to give Security. The grounds of the Head
Assistant Magistrates requiring this
of him are stated in the enclosed
original letter from Mr. Cook and
are in my opinion sufficiently strong
to warrant the course he pursued.
But in the enquiries which I have
now instituted into the former conduct
of Coodalingum, I find that he was
in 1838 & 1839 on three occasions brought before
the Police & Magistracy for assault & violent
conduct & that he was in the beginning of
the latter year called upon by Mr Cook's predecessor

for security for maintaining the peace for 6
Months in two securities of 25 Rs each. But a charge
of a more serious nature now stands recorded
against the Petitioner & has been brought forth
during the investigation into the assaults for which
he was fined by the Head Assistant Magis-
=trate and though proof is wanting to bring
home to him the actual contract with certain
convicts in the Jail, the presumption that he
has been employed as a Medium of communica-
=tion between them & their friends with the object
of aiding their escape is fully warranted by
certain Cadjan letters which were found in his
possession.

Petitioner asserts that he
can prove by many respectable Merchan-
=dars and others that he bears a good
character and to substantiate his assertion
he has inundated the Authorities
at Madras with addresses bearing the
supposed signatures of Merchants and
others residing at Madras, at Pondi-
=cherry and at Negapatam. How the
inhabitants of Madras can be aware of
the character of so insignificant a person
whose only connection with them would
appear to have commenced with their
favorable

favorable report of him during years which
he has wholly resided at a distance of 200
Miles from Madras I leave to the Board
to determine; but that the Petition
purporting to come from the Merchants
of Pondicherry has obtained signatures
under false statements of its contents is
certain as will be at once seen by reference
to the enclosed original letter to my
address from the Superintendent of Police
at Pondicherry, and that the Petition
bearing the names of certain inhabitants
residing in the Veeravalore Talook has
been got up in a similar mode. I have
ascertained from personal enquiry from
the few who acknowledge to have
signed it without being aware of its
contents, while the majority are un-
known and apparently fictitious
signatures. So far therefore from proving
his respectability by these documents a
totally contrary effect has been produced
the report of his former bad character
being confirmed by them and by a
genuine Mahzzer which presented
to me by persons of respectability residing
in the Town of Nagapatam whom I
had assembled for the purpose of giving
evidence on certain points in the Petition
referred

referred for my report and who design-
-nate the Petitioner as a public nuis-
-sance and the fomentor of disturbances.-

The Petitioner states that
7 murders have taken place since the
appointments of the Police Ameen
two years ago and in the Petition he
has sent from Pondicherry he gives the
particular cases, inculpating the Police
Ameen himself in the commission of
some of them and in procuring the release
of the actual perpetrators of others.-

The first case is the -
accidental death of an insane person
whose body was found in a Tank. On
investigation in the usual course was
made into the circumstances attending
his death in presence of a large concourse
of people. It was ascertained to have
been quite accidental, it was duly
reported to the Magistracy and entered
in the accounts submitted to the
Court of Circuit.

In

In case 2d the Police Ameen is accused of exculpating one man of a charge of murder for which two others suffered death. This case was committed to the criminal Court by the Police Ameen & by his exertions the murderers were brought to justice so voluminous were his proceedings & so full was his report on this murder that the attention of the Foujdaree Adawlut was attracted by them and I was directed by that Court to inform the Police Officer that such minuteness was not necessary. The Magistracy, the criminal Court, the Circuit Court and finally the Foujdaree Adawlut have closely examined the details of this case, I have also now gone through it and there are no grounds for the Petitioner's wicked assertion that this person was in any way concerned in the murder.

In the 3d case the Police Officer received intimation of the death of a child of 2 years old which had not been reported to him in the regular manner. On repairing to the streets where the deaths occurred, he found the child had been buried. The body was disinterred and the truths of the Statements given by the child's parents and relations

relations of the accidental deaths by burning was fully confirmed and the proceedings as the Police Ameen approved of by the Magistracy.

The 4th case of Murder was investigated and committed to criminal Court by the Head Assistant Magistrate. The Police Ameen was absent from Negapatam during the investigation but on a call for further evidence some Months subsequently from the Foujdaree Adawlut to whom the case was referred by the Judge on Circuit, the depositions of four witnesses were taken by the Police Ameen in his Cutcherry in a regular manner and transmitted to Court and form the only part the Police Ameen had to take in the case.

The foundation for the 5th & 7th cases I have been unable to trace, nor part of such events have ever reached the Police & it is next to impossible that in a Town full of informers like Negapatam such murders could have occurred and been suppressed for even a time without some intimation reaching the Head Assistant Magistrate individually residing there and almost daily passing the very streets where these are said to have happened. The deaths of the man said to have been murdered in the 6th charge was

was duly reported to the Magistracy and was clearly shewn to have been purely accidental—

With regard to the charge of the receipt of bribes on the part of the Police Ameen I have made extensive examinations from those placed under his control and have taken depositions from upwards of 80 of the respectable Inhabitants— In some very trifling instances only does there seem any reason to suppose that any irregularities have been practiced by the inferior servants subordinate to him, and in no case is there any in which the Police Ameen himself is implicated— The exaggeration on this subject in the Petition is as palpable as it is on the state of this part of the country in consequence of the supposed oppressive acts of this Officer whose vigilance and activity having borne in the two large sea Ports Towns over which his authority extends and whose perhaps over rigorous execution of his duty has made himself obnoxious to the ill disposed portion of the inhabitants among whom the Petitioner and certain of his associates, who have presented similar complaints to me stand conspicuous—

I have the honor to return the original Petition as well as letters on the same subject which have been forwarded for my report from the Secretary to Government, to whom I have intimated that the required explanation have been transmitted to the Board—

Sir,

With reference to your note of Yesterday, calling upon me to state officially my reasons for taking security from Codalinga Pillay, I have the honor to inform you that he was forwarded to my kutcherry by the Police Ameen of Negapatam, charged with sixe different cases of Assault— On examining the proceedings, I found three of the charges proved against him, and fined him 12 Rupees— accompanying these proceedings was a Mauzramah signed by a considerable number of respectable Inhabitants setting forth Codalinga Pillay as a bad and disorderly character, having no settled or ostensible means of livelihood, extorting money from the Inhabitants under the penalty of bringing,

bringing false and vexatious charges against them, in short that he was a Public nuisance to the Inhabitants Upon reading this Mauzramah I sent for several of the parties who had affixed their Signatures and questioned them regarding the Accuracy of the said Document — They severally — deposed before me as to the Character of this Individual and held to the Statements set forth in the Mauzeramah I then read over the Police Ameen's — report which was, if possible more strong and giving it as his decided opinion that it would be highly in = =expedient to release this man without Security —

Upon these grounds and from the depositions given before me by the par= =ties signing the Mauzeramah, I considered it prudent for the due preservation of the Peace of the Town, and as a warning to other dis= =orderly Characters, to demand Security from

Codalinga Pillay, and accordingly bound him over to keep the peace for One year in two Securities of 70 Rupees each — After a time he produced the Security demanded and was released —

I have only to state as a practical proof of the expediency of this measure, that the Police duties of Nega= =patam have diminished nearly a half — since his departure from it, and the conse= =quent dispersion of his Companions in = mischief —

The Secretary to the

Sir,

39

From the Pl. Coll. of Canara.— Forwarding a Statement of the Suspension and dismissals of the Village Officers with some observations on the Subject.—

1. In reference to the Proceedings of the Board of Revenue under date the 25th June 1840. and of the 14th ult. January last, I have the honor to forward a Statement of the Suspensions and dismissals of the Village Officers in this District, for a period of Seven Months, from July 1840. to January 1841 in the form prescribed by the Circular order of the 25th August 1831.—

I beg to Submit at the same time copy of a letter from the Sub Collector. Mr. E. Maltby. on the Subject of those returns. It is true as stated by Mr. Maltby that the Village Servants in Canara, originally possessed no hereditary right to their Offices, and since our acquisition of the Province they have been paid, and considered on the

Same

Same footing as the other public Servants.

In the year 1833, however, Mr. Vivea[illegible] the then Principal Collector, issued a Circular order proclaiming that the Offices of Mogany, Shambogue and Potail, should henceforth be considered hereditary, and these Officers be only dismissed for Murder and other heinous Offences. This order however, it would appear, has not become generally known or understood as Mr. Maltby does not seem to have been aware of it.

3. I am certainly inclined to believe myself that under the system which has hitherto obtained in Canara, with respect to the Municipal Officers, there is a better assurance for their good conduct, than can be expected when the Offices are held hereditary. With regard to the Potails it has been very commonly

the case, on the Office becoming vacant, for the principal inhabitants of the Village to recommend a fit person to succeed, and on occasion of any of these Officers misbehaving they generally request his removal. There has been thus a double responsibility, to the Village community and to the Circar, which could not fail to have a salutary effect on the conduct of the Potails. although I am unable myself to perceive any equal advantage likely to result from making the Office of Head of Village, hereditary in this Province, yet as the order of Government on the subject is positive, I shall of course conform to it and unless I should receive any instructions from the Board to the contrary I shall take measures for promulgating Mr. Vivea[illegible] order abovementioned more fully in the District.

The circumstances which led to the dismissal of this Potail were as follows: It was brought to his notice that a Serious affray was taking place at a house in the immediate vicinity of his residence, but he did not proceed to the spot to quell the disturbance, and subsequently although both parties came before him to complain. wrote a report to the Cutcherry Tahsildar on the Statement of one party alone, the attacking party, giving an entirely false colouring to the affair, and when he afterwards heard that one of the inmates of the house, a woman, had died from the effects of the ill. treatment which she had received, he neither went to the house to inspect the Crops and prevent it's removal, nor instituted any enquiry nor wrote any report to the District Police on the subject. Some of the persons in whose behalf he had drawn out his first partial report were subsequently committed to the Circuit Court and punished. Under these circumstances he was considered unfit for the Office of Potail and was removed accordingly.

No. 2.

To The Principal Collector
of Canara

Sir,

In accordance with the in-
structions received from your office, I
have the honor to forward a State-
ment of Village Servants suspended or
dismissed from employ, prepared accord-
ing to the form which accompanied the
Circular letter of the Board of Revenue dated
the 25th August last, but as this is the first occa-
sion of the return being made, I beg to point out that
the Village Servants in Canara are not of the class
alluded to in the letter of the Board, and that it ap-
pears to me of much importance that the distinc-
tion between them and the servants specified
in Regulation 6 of 1831 should be preserved.

2. You are aware that in this
District the Potails, Shanbogues and Village
Peons hold their appointment precisely on the same
tenure

Fort St. George 19th August 1841.

tenure, as the rest of the Public Establishments
that they have no hereditary right to their offices,
and are remunerated not by fees or privileges
but by fixed salaries. This system appears
to me to have many advantages, as the parties
perceive that they hold office for the public
not for their private benefit and when
changes become absolutely necessary either
from the misconduct of the parties, or their
losing their family lands and property
the requisite arrangements for carrying on the
public business are made without difficul-
ty or embarassment.

3. If however these servants continue to be
included in the periodical Returns made to the Board
of Revenue under the provisions of Regulation 6th of 1831, I fear
that an opinion will gradually arise that they have privi-
hereditary rights, and that the advantages of the present
system will be lost. I beg therefore to suggest that if Return
of the Changes in the Village establishment are hereafter re-
quired from this province the statement
should

Fort St. George 19th August 1841-

should be prepared in such a manner as to bear no connection with the abovementioned Regulations-

Proceedings thereon 1-

(39-40)

Although the Village Officers in Canara may not have heretofore been regarded as Hereditary, the Board are of opinion that it is generally advisable to treat them as such, and to fill up vacancies as they occur from the families of the last Incumbents whenever a fit and proper person can be selected therefrom for the discharge of the duties. This should be the rule and the exception should be in the event of there being no competent successor in the family when disinvestal is made thro' misconduct or crime or on the failure of Heirs or when the family has gone to decay. On these or such like occasions a fresh selection should be made on the representation of the principal inhabitants, otherwise the succession should devolve hereditarily.-

Fort St. George 19th August 1841-

It seems also very necessary to guard against the removal of these Village Officers capriciously or without adequate cause and the Board would therefore wish that a return from Canara in the form now sent be furnished regularly in each Month.-

To Captain Leslie
Military Pay Master, Centre Division
Vellore

Sir,

With humble respect I beg leave to bring to your Notice that the Board have been pleased to decide my claim as inadmissible under the remarks made by the Principal Collector of North Arcot in his letter dated 29th June 1841.-

I now respectfully solicit again to lay the following explanation to the Principal Collector's remarks which I doubt not will meet with your and the Board's Approval.

Fort St. George 19th August 1841.

In reference to the 2d and 3rd Paras of the Principal Collector's letter I beg to enclose an Original House Grant Certificate of a House and extensive Ground attached to it at Chittoor granted by Mr. Graeme in the year 1818 then Collector to an individual employed in the Civil Department as Magistrates writer and afterwards Head Accountant in the Collector's Cutcherry by the contents of which the Board will be pleased to perceive that Mr. Graeme was pleased to state in the said certificate "that according "to the usage in this part of the "country the House and the land "attached to it with Garden to be en-"joyed free of all rent."

In the Military Department the Principal Collector has been

been pleased to say that he knows of one pub=
=lic servant who pays a very high assess=
=ment for the land attached to his House
at Vellore. He does not himself reside
in this House but the land is assessed
and the demand always regularly paid.

Honored Sir the house above alluded
to is a Gentleman's House and Garden
containing about 100 Cawnies. It is a
large upstaire house erected by Colonel
now Major General Andrews C. B.
who having obtained several Cawnies
of already assessed land from Inhabitants
it was since levied by a Government
Grant and subsequently Colonel Stewart
added several more Cawnies of land
and obtained a separate Government Grant
for the same, a large Mango Tope called
Para Bog and Siddy Bog consisting of
about 50 Cawnies of land is also attached
to this House, which is situated far
from

from Pettah of Vellore, the House rent and
the produce annually derived therefrom
is from 1500 to 1600 Rupees. I am sorry to
find that the Principal Collector thought
proper to compare this to my dwelling
House in the Pettah. the Bills of this
House are sent in the names of Colonels
Andrews C. B. and Stewart which are
discharged by Narasimmooloo the public
servant spoken of by the Principal
Collector. He, Narasimmooloo, has a
large personal dwelling House with
extensive Ground in the Pettah for
which he pays no rent whatever,
same as all other Government
public Military Servants residing at
Vellore. in proof thereof, I beg to attach a
Document signed by certain Military Public
servants in the Pay Office who enjoy this pri=
=vilege in continuation.

Many

Fort St. George 19th August 1841.

Many Native Officers who purchase Houses from Merchants are freed of Quit rent in many instances on application to the Principal Collector.

My Dwelling House in the Pettah which together with the land attached thereto is only half Anna & less than Quarter Cawny so that it is not one Four hundred part of the above Ground. I think the Principal Collector considers my dwelling House to be similarly situated. I am certain had he a sight of my House He would immediately recommend in my behalf.

I humbly beg to state that my claim being for a personal dwelling House such as is inhabited by the several subscribers, the Board will consider the opinion given by the Principal Collector in the concluding Para of his letter "but if relinquished in one instance, there

"will be many applicants for similar "indulgence" is not applicable to my present solicitation, the contents of the house Grant certificate issued by Mr. Graeme and the Statement herein attached from several Government Military public servants already in the enjoyment of similar indulgence will move the Board to confirm my Claim to be admissible and the Board will Trust be pleased from what I have here submitted to consider me also grounds entitled to exemption from payment of Quit rent as being a Head Military public Servant.
