(1-2)

To Messrs. Arbuthnot and Co. — Gentlemen,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of this day's date, and in reply to acquaint you that the price of Salt on delivery in Bengal has been increased under the terms of the advertisement published at the Fort St. George Gazette of the 17th Instant to Rupees 70 per 100 Bengal Maunds from Rupees 65. On Shipment however the charge of Rupees 35 per 100 Bengal Maunds is retained, and the Board of Revenue do not see occasion to recommend any reduction.

an amount exceeding that of any year since Fusly 1232 a period of 11 years is satisfactory.

4. We concur generally in the observations recorded by your Government and by the Board of Revenue on the Collector's Reports. We observe however that you are disposed to consider that the whole Amount at which the District was permanently assessed in 1802 and 1803 including the remission then made to the Mootadars ought to be looked at as a standard for future demands. We do not agree in that opinion as we perceive from the proceedings under review that in the

819 Villages which have been surveyed and assessed according to the ascertained qualities of the soil, the assessment has been fixed at about 9 4 p% Cent below the permanent beriz which we should therefore regard as too high to be taken as a fair standard.

3 The purchase by Government of certain Estates in Chingleput sold for arrears reported.

6 Proceedings connected with a Stamp defalcation in Cuddapah reported.

8 In this case it appears that an embezzlement to the extent of Rupees 4800- 8- " had been committed by a Stamp Vender which was reported to the Board of Revenue so long since as September 1835. The sum of Rupees 2215-9-10 has been recovered and the remainder Rupees 2381-14-2 remitted.—

4- The Board of Revenue to whom these paras will be communicated will be requested to notify generally to the Revenue officers intrusted with sale of Stamps that under the sentiments expressed by the Honorable Court of the determination of Government strictly to enforce in every future occurrence according to their liability the provisions of the Regulations

See despatch dated 11th July No. 10- 1838. paras 35 & 36.

9- By clause 1 section 10 of Regulation 13 of 1816 the distribution of Stamps in each district is placed "under the superintendence and responsibility of the Collector of the Land Revenue." You admit that this occurrence "could only have happened under the very lax management and control exercised by the local officers for a long course of years over this branch of their charge," and we think that under these circumstances the personal liability imposed by the Regulation should have been enforced against those Officers through whose negligence the loss occurred or against their successors who by giving receipts for Stamped paper

paper without duly satisfying themselves of it's being in their custody or in that of their officers rendered themselves responsible for the acts of their predecessors in office.

13. Correspondence relative to a system adopted by the Acting Collector of Rajahmundry of granting Village leases for extended periods without authority submitted.

12 We fully agree in the objections taken by you and by the Board of Revenue to the plan adopted by Mr. Smith of granting leases of Villages for long terms. Even if the stipulated rents could be collected for a series of years which there appears to be every reason to doubt the facilities for effecting a regular survey and assessment of the district which have been long in contemplation would be in

in no wise increased, but the reverse, for as you justly observe an individual settlement without a survey is the best preparative to a survey assessment in as much as it tends to afford to the Collector and his Establishment that minute and personal acquaintance with the resources of the district without which no settlement can be altogether satisfactory.

11. Realization of a sum of Rupees 1000 by the sale of a House belonging to Runga Row the defaulting Stamp vender in Chingleput.

34. For our sentiments on the course to be pursued generally in cases of Stamp defalcations, we refer you to paras 35 and 36 of our Despatch dated 11th July 1838.

=cretary to the Board of Revenue.—
(5) Here entered 4th June 1841. No 265)
From the Paper submitted with the
foregoing.

foregoing letter it appears that in the case in
which the conduct of Ramanooja Row
Head Serishtadar of Nellore was impugn-
=ed on account of his retention of certain
lands for Cultivation in that District
in express violation of a distinct promise
to his superior to relinquish them, the Principal
Collector was of opinion that the proceedings
of the accused had been such as to shake all
confidence in his veracity and honesty and
to damage his reputation as an upright
public Servant. In this view the Board
concurred and they considered the Serishtadars
deception and equivocation to be extremely
culpable and unbecoming in a Servant of
such Standing and responsibility. As re-
=gards the charges of the corrupt receipt
of Money the Principal Collector after an
elaborate investigation of these cases, as of the
former one, declared his belief that Ramanooja-
Row had been corrupt, whilst the Board
recorded that after a careful review of the
whole of the papers they did not consider the
charges

10222 Fort St. George 23d. August 1841.-

charges to have been established.-

2. In these circumstances of a con-
currence of opinion between the Board
and the Principal Collector on one part
of the accusations against the Serishtadar
and of an entire difference on others, and
in reference to the Magnitude of the sum
in question, it would have been better if the
Board had submitted the case for the orders
of Government, respecting the payment
of arrears of Salary, in the first instance,
instead of directing in their Proceedings
of the 1st. April 1841. that Ramanooja
Row should receive them to the date of his
removal but as the matter now stands,
His Lordship in Council will not withhold
his sanction to the payment of Rupees

by the Acting Collector that a general authority should be given to the Collector to reduce the Quit rent on Land long uncultivated on his own responsibility, subject to the ultimate confirmation or rejection by the Board of Revenue.-

Proceedings Relative the Settlement of the Land Revenue of the District of Nellore for Fasly 1249.—

Read again the report of the Principal Collector of Nellore on the Settlement of the Land Revenue of that District for Fasly 1249.—

/Here enter No. 59/

Para 1. The total quantity of rain is stated to have fallen more opportunely for the Cultivation than in the previous year.— The season for the 2.d Crop Cultivation, wet and dry, was very favorable, the rains being timely in July and August and in September they fell to such excess as to occasion some tanks to burst.— a large extent of the Carr or 1.st Crop was destroyed by the September rains, and by the heavy freshes in the Rivers.— at the same time the Ryots were enabled to cultivate their lands with great advantage

Fort St. George. 23d August 1841.

advantage before the commencement of the North East Monsoon which in some measure failed in October and December — on the whole the season was favorable, and the general outturn of all descriptions of produce was good —

2. There was a falling off in the average prices of dry and wet grains as shewn in the Margin, compared with those of Fasly 1248,

$13\frac{6}{16}$ per % $\circ/12\frac{10}{16}$ per % which is to be attributed, partly to the scarcity of produce, but chiefly to there being no demand for supplies of Grain in the Northern and Western Districts which had in that year caused an unusual rise in the Prices throughout the District —

5- There was an excess in the total extent of land taken up for cultivation of Goortoos 2,008- 7- 11½- in the extent of Land left uncultivated there was a decrease of Goortoos 2,129- 2- 9¾ — while the Net Increase in all Lands actually Cultivated amounted of Goortoos 1,137 — 10 — 5- of which the chief item was Goortoos 3,331- 15 9/16 of Naganey or Wet Cultivation, owing to the more favorable Season. —

6- The falling off in Sandy Cultivation, which has been gradually declining of late years in Nellore, is endeavoured to be accounted for by Mr Stonhouse from various causes, from the deteriorated condition of the Lands, the delapidated state of the wells and brackishness of the water, but chiefly, in the Principal Collectors opinion, by the want of a good Market for Tobacco, the demand for which in Madras has of late been superceded, it is said by a better description of Article grown in the neighbouring Districts. If these be the real causes of the declension of this branch of

of Cultivation, a remedy might be applied to some extent by the issue of Cowles to enable the Ryots to reimburse themselves in the expense of improving their Lands and restoring the Wells. But the Board are led to think from facts which they will proceed to state shortly, that the deterioration of the Lands and condition of the wells are merely the effects of the existing system of taxation, and that the pressure of the assessment is the primary cause of the continued relinquishment by the Ryots of Sandy Lands in Nellore.

7. It is seen from accounts in the Board's office that the assessment on Lands classed as Sandy fluctuates in Nellore from Rupees 29 per Goostoo, where the Land is cultivated with Hemp, to Rupees 116, where Tobacco and some other products are grown, while in some instances the assessment, as on the article Ginger, rises to Rs 232 per Goostoo, the tax being imposed not with reference to the classification or capability of the soil, but on the assumed value of the article produced. This was also, it is believed, the case as regards the Article Sugar, previous to the introduction

of the recent modifications of assessment generally in the Sugar cane Cultivation throughout the Madras territories, which in Nellore was liable to an assessment of from Rupees 116 to Rupees 232 per Goostoo. The principle laid down in reference to Sugar by the Honorable the Court of Directors in their despatch of the 17th August 1838 was declared in the orders of Government thereon under date the 7th September 1839 to be equally applicable to all staple commodities and valuable products of the soil throughout the Presidency. The demand was ordered to be fixed with reference to the productive powers, and not upon the actual produce of the land, and tho' this has been done on Sugar Cultivation in Nellore it is believed that on other products a contrary practice still prevails. Mr Stonhouse's attention is particularly requested to this subject with a view to the discussion of the questions in a separate report for if the System exists as supposed

supposed, it is manifestly as faulty in principle as it is opposed to the wishes and orders, both of the Government and the Home authorities, and no time should be lost in correcting the evil and introducing a more fair and equitable Assessment —

8- If a reference be made to the District of North Arcot, it is seen that the average assessment on Garden land in that Province does not exceed Rupees 16-8-8 per Cawney or Rupees 38-12-3 per Goontoo - In Chingleput the highest proposed rate under the new Survey is Rupees 21 per Cawney or Rupees 49- per Goontoo, whereas on

in Nellore the same land pays Rupees 116 per Goontoo or even more- while such is the case, it is manifestly impracticable for the Ryots of Nellore to compete in Tobacco or other such products successfully with the more favored Cultivators of other Districts- Hence the unavoidable inference that the height of the Assessment is the real cause of the decline of Garden Cultivation in Nellore, and the pressing necessity of an amelioration of the system by a modification of the assessment on this class of lands-

The subjoined Statement exhibits the Gross settlement of the Land Revenue the amount of the Remissions which have been made, and the Net Settlement in comparison with Fasly 1248-

10- Deducting the amount of the Remissions or Rupees 184,605-4-8- from the gross settlement of Rupees 10,01,332-1-11- the Net Settlement amounts to Rupees 14,16,726-13-3- being Rupees 61442-2-9- above the Settlement of Fusly 1248- In the total amount of Remissions there is a decrease of Rupees 38432-10-2 below the remissions of the previous Year —

11- The Remissions for dried up

Para 14- crops amounted to Rupees 5954-2-2- and was granted solely on account of the 3rd last Crop — The Principal Collector does not explain whether a first or a second Crop, or both had been reaped in the lands of any Ryot whose 3rd Crop had perished - In their Proceedings on

Para 15- the Settlement of Fusly 1248, the Board admit that there are difficulties in ascertaining the extent to which Crops, for which Remission is claimed, have actually suffered, but when Remission is granted solely on the 3rd last Crop, there seems to be no reason why the outturn of all previous

Para 18- the amount of Rupees 11,51,178-1-3, partly owing to the rain Tanks in some instances not having received a full supply and partly to a deficiency of water in those Tanks, the banks of which were breached - The number

of Tanks which were breached is not stated and viewing the season as a favorable one, with reference to the heavy falls of rain in September which filled most of the

Para 5. Tanks and to a subsequent fall of 22 inches in November it is to be regretted that a failure in the supply of the rain Tanks should have proved an obstacle to the cultivation of those lands which they usually irrigate -

13. The extent of dry lands left waste exceeded that of the previous year the difference in assessment being Rupees 548-1-9. and arising chiefly from dry lands having been flooded and rendered unfit for cultivation, and from the distressed and deplored circumstances of poor Ryots. In the Sub Collectors' division the remission on this account was

under what circumstances this was con-

on the additions made in the Settle-

first on account of excess of lands
discovered by measurement, and secondly
in the amount added to the assessment
on account of lands discovered to have

respect to the second point the Board
request that explanation may be
afforded regarding the lands which
have been improperly assessed

of these rates was of somewhat
old standing and it became neces-
sary to grant discretionary remissions

rates had been changed and lowered to

of the change in the assessment may be

I have the honor to acknowledge the receipt of your letter of the 11th February last, and to report that the quantity of Fish ascertained to be annually cured in this District amounts on an average to about 1277 candies. This quantity is not cured it is stated either by the application of sea water or earth impregnated with saline particles and subsequent exposure to the sun. The salt used for the purpose is the common salt purchased at the Monopoly price of Rupees 105 per Garce. There was a Sayer Duty on the salt Fish up to fusly 1246 but this was remitted in 1247 since which

Sir,

From the Collr. of Madras } Para 1. I have the Honor to report that one Olabapatty Chetty applied to me for the purchase of a piece of Ground containing 1. 480 sq. ft. which belongs to Government and is situated in St. Thome. It having been brought to my notice that Scavengers Carts were emptied thereon, I made a reference to the Justices in Sessions on the application, and they informed me that the sale of the Ground was so far as the Adjustment Department was concerned unobjectionable, there being other spare spots adjoining it where the public rubbish could be deposited. The Military Board to whom also a reference was made state that the occupation of the Ground in question will not interfere with any of the public roads. The estimated value of it according to the selling price in the neighbourhood is Rupees 42. I request sanction for putting it up at that Sum for sale by public auction, in pursuance of the orders of Government communicated in

of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation of the 15th. July last, having reference to the appropriation of Pacheapah Moodellys' Bequest, and in reply to state that no steps have yet been taken for establishing Schools and professorships from the legacy bequeathed by the Testator.

Inform. 17th. June 1841.

2 The Board under date the 2nd. March last were instructed by Government to place themselves in Communication with the Advocate General on this subject, with a view to the immediate establishment of these Schools and professorships within the Provinces subject to this Presidency, and no time was lost in conforming to these orders. They have heretofore however been prevented from maturing a general scheme for the administration of Pacheapahs Bequest, both from the many difficulties that beset the proper settlement of the question, as well as by the absence first of the third and afterwards of the first Member of the Board on public duty

Fort St. George 26th. August 1841.

duty in the Provinces. They have now however concurred in an arrangement which they trust will overcome all objections.

Inform. 18th March 1834.

3 Government were pleased to declare in the Minutes of Consultation of the 22nd. February 1834. that the Charities of Pacheapah Moodelly established by the decree of the Supreme Court ought to be carried into effect under the Provisions of Regulation VII of 1817. and that it was the special duty of the Board to take such measures as might be necessary to ensure that all Endowments for such purposes were fully appropriated, under the sanction of these orders, and bearing in mind the recent injunctions of the Honorable the Court of Directors to withdraw from all interference with the internal Management of religious institutions, the Board propose to make over the entire endowments of Pacheapah Moodelly in the Provinces to the Committee appointed and approved by the Supreme Court, and it is

Fort St. George 26th August 1841.

is proposed that the following deed of Trust shall be executed by the Board and the Committee respectively.-

"Whereas the Supreme Court "has appointed and approved of you as fit "and proper persons to receive the interest "of the Funds secured for the purpose of carry- "ing into effect the Charities established "within the Presidency of Madras under the "Provisions of the Will of Richard Cook deceased "and Has decreed that you should carry the "same into effect as far as relates to acts "to be done within the limits of the said "Supreme Court, and as in the opinion of "Government and according to the Decree of "the Supreme Court it is competent for the "Board of Revenue under Regulation VII of "1817 to delegate to you, so appointed and as "approved as above, the requisite powers "of carrying into effect the Charities to be performed "under the Provisions of the said Will in the Provinces of "Madras beyond the Jurisdiction of the said Supreme Court

Fort St. George 26th August 1841.

"Court. Now we the Members of the Board of "Revenue do in virtue of such declared opinion "of Government and in deference to such de- "cree, nominate and appoint you to perform "and conduct all such Charities to be per- "formed in the said Provinces agreeably to a "decretal order of the Supreme Court of "Judicature dated 30th October 1832 and to the "scheme therein approved of, and subject "to and in accordance with the separate "instructions, in that behalf, of the Advocate "General.-"

4 This deed has been framed by the Board in communication with the Advocate General who has signified his approval of it, if its adoption be authorized by Govern- ment immediate effect will be given to it.-

5 The trustees of the Charities approved of by the Supreme Court will be held responsible for any breach of the duties and trusts assumed by them at Madras through the Advocate General as an officer of the Supreme Court, and their subordinate

Fort St. George 26th. August 1841.

Subordinate agents in the Provinces will be liable to the Provisions of the Regulation now inforce as applicable to religious and charitable institutions - The Chief of these is Regulation VII of 1817 which under existing circumstances and recent orders will most probably require amendment and modification, when this shall have been done the local agents under Pacheapah's bequests will like all other Native agents be subject to the control of the Provincial Courts in such manner as may hereafter be provided for by law -

6. In Conclusion the Board direct me to add they have reason to believe that the Honorable the Court of Directors are in error in stating in their despatch of date the 28th April last that the amount of Pacheapah Moodelly's bequests applicable to purposes of education yields an annual income of Rupees 4.200 only. They have been given to understand that from subsequent accumulations, an income of

of Rupees 30,000 Per annum and upwards is available for that purpose -

The Decrease in the collection of arrears occurred in the Districts noted in the Margin

8.

In Rajahmundry it arose from the large amounts of remission granted to several Zemindars on account of resumed Moturpha and Loom Tax having been

been adjusted and credited on account of the balance of arrears due from them for Fusly 1248 - In Coimbatore, Tanjore, Gunjam, Chingleput, Canara, Malabar, Trichinopoly and Tinnevelly from the arrears at the commencement of the Current Fusly having been less than at the commencement of Fusly 1248 - In Madura from the Pagoda and Mosque allowances not having been credited under this head in the Current Fusly.

13 The increase in the Collections of Current Land Revenue occurred in the Districts noted in the Margin

14 In Bellary, Cuddapah, Vizagapatam, Masulipatam, Guntoor Trichinopoly and Malabar it arose from the favorable nature of the season, and in North Arcot, South Arcot, Chinglepat, Coimbatore Tanjore, Canara, and

the increased collections were owing to the new system of Revenue management introduced in the Government Estates - In Nellore from the Cam V^ea crops having been largely cultivated in consequence of the early fall of rain, and from the Summary Collections of the Woodiagherry Jaghire in Fusly 1249, In Salem and Madura the increase was caused by the nature of the season and by the more punctual payment of Rents by Zemindars V^ea -

18. In Tanjore it arose from the amount of arrears collected on account of the Village and Ryat & Curnums wages and from the surplus remaining out of the Collections made on account of the Village Sibbendy in the summary Villages after payment of their wages for Fusly 1248. In Rajahmundry from a large amount of fines formerly levied which was in deposit for several years having been credited under this Head in Fusly 1249. In Madura, and Bellary from fines and taxes on the cultivation of Lands not included in the Jummahbundy. In Malabar it was caused by the revenue of concealed Lands not included in the Jummahbundy, and the sale proceeds of

of certain unclaimed Articles. In South Arcot it arose from the Collections made on account of the Colighy or Village & Sibbendy not included in the Jummahbundy and from the excess collections of Fusly 1242 having been credited in the Current Fusly. In Canara from increased collections on account of newly cultivated lands, and from the sale of a large quantity of Sandalwood in Fusly 1249.

20 In Tinnevelly it arose from the amount of certain unauthorized Collections having been brought to the Head of Land Revenue in Fusly 1248, whereas there was no similar item in the present Fusly. In Coimbatore from diminished sales of Sandalwood and of Elephants on Government account in

Fort St. George 20th August 1841

in the current fasly. In Tinnevelly it is attributable to smaller receipts on account of Extra cultivation and fines from Public Servants. In Ganjam and Vizagapatam it occurred from the amount of Commission charged on Estates under management having been less than in the preceding year. In North Arcot from the Collections of the assumed unclaimed Enam lands and portions of Enams of deceased Dehat Enamdars &c. being less this year than in the last. In Nellore from there having been no collections on account of Nuzzurs payable by the Jaghiredar of Wondiaghery which has come under permanent attachment. In Madras from a smaller number of Government Grants and Certificates having been issued this year than in the last. In Salem from less extent of land cultivated after the close of Jummabundy.

Recoveries of advances for Cultivation and repairs.

22. The decrease in the items of recoveries of advances for Cultivation and repairs chiefly occurred in the Districts of North and South Arcot, Tanjore, Trichinopoly, Coimbatore, Nellore, Canara and Tinnevelly. in consequence of Smaller advances having been made in the Current than in the preceding year.

In Gajam there was a decrease owing to the adverse nature of the season during the Current Fusly.—

Charges — Collection of Sequestered Zemindaries.

23. The increase in the recovery of charges Collection of Sequestered Zemindaries arises from large advances having been made for the repairs of Tanks and Water-courses in the Sequmed Zemindary of Sheragungah in the District of Madura.—

Interest on account of arrears unpaid.

24. The decrease under this Head occurred in Gangam from a Smaller amount of balances having been collected from

from Zemindars and Proprietors and from the interest on balances outstanding against certain Estates not having been realized during the Current Fusly.—

Receipts on account of Company's Plantations, Sales of Land, Batta &c. Gain by Exchange.—

25. The increase under this Head occurred principally in Bellary from a large gain by exchange and in consequence of increased Collections on account of Lands Revenues.—

Profit and Loss.

26. The increase under this Head arose in Madura from increased settlement of the Villages assigned to Government by the late Cashkeepers Bickajee Row.—

29. The increase of

Rupees 19,132 - 9 6 under

the head of salary and

Commission is the result

of a gross increase of Rupees 73,950 - 2 - 4 -

and a gross decrease of Rupees 54,817 - 8 - 10 - 8

The increase occurred chiefly from the

salary of the 3rd Member of the Board

of Revenue having been drawn only for

6 months in Fusly 1248 - in consequence -

of his having proceeded to Malta, whereas

in Fusly 1249 it was drawn for the whole

year - In Vizagapatam it arose from the

appointment of a first assistant to the

Collector 1st. In Ganjam it was owing to

the increase allowed to the Collector -

and his Principal assistant from -

December 1839 - and to the salary of

another assistant Collector having been

charged in the current Fusly from

January

January 1840. In Bellary it is chiefly attributable to the increased amount of Deputation allowance. In Trichinopoly it arose from the present Collector having been paid a consolidated allowance, and from the late Collector Mr. Blair having been paid for some months in the current Fusly. In Chingleput from the late Collector Mr. Maclean having drawn arrears of salary from 28th December 1838 to 13th January 1839, and from two assistants having drawn their salary for the whole period of Fusly 1249, while in 1248 they drew it for less than 12 Months. In Madras from Deputation allowances drawn by the acting and Deputy Collectors.

Decrease. 30. The decrease in Cuddapah arose from the salary of the assistant Collector not being charged for five months on account of his removal and that of the Native assistant for seven months in consequence of his absence on Leave. In South Arcot from a change in the number of assistants. In Nellore from there having been no charge on account of Deputation allowance and from the assistant

Collectors having drawn their allowances for a short time in the current Fusly. In Guntoor from arrears of the late Head assistant Mr. Mathison's Salary having been charged in Fusly 1248, whereas there was no similar charge in the current Fusly. In Coimbatore from one fourth of Mr. Drury's Salary having been stopped in Fusly 1249. in consequence of his absence on leave beyond one year, while one sixth only was stopt in the preceding Fusly. In North Arcot from the salaries of the Head assistant and assistant Collectors not having been fully charged in Fusly 1249 in consequence of their absence on leave and from vacant periods during the year. In Rajahmundry partly from the Salary of the late Collector Mr. C. Grant from 23d January to 7th February 1838 having been charged in Fusly 1248, and partly from the intervals which took place between the dates of appointment of the Head assistant and assistant Collectors. In Tanjore from Mr. Kindersly not having drawn his salary for one month, and the assistant Mr. Peters for 12

months

months in the current Fusly - In Salem from there having been no charge on account of Deputation allowance in the past Fusly -

Huzzoor / District Establishments - 31 - The increase

Increase 6,934-13-2 in this item occurred in Tanjore from the salaries of Potails being charged in Fusly 1249 for 12 Months of that Fusly and for six Months of Fusly 1248, whereas they were charged only for six months in the preceding year - and from sanctioned increase of Pay of the Head Seristadar -

Extra Charges connected with Revenue but not Chargeable to any particular branch of Revenue -

Increase 24,295-11-11.

32 - In Coimbatore the Increase under this head arose from an increased charge on account of Elephant Hunting; from payment of rewards for killing a larger number of Tigers, and Elephants, and from the purchase of broad cloth supplied for the use of the Principal Collector's Office - In Cuddapah it was occasioned by the employment of Extra Gomastahs in Recopied old records, and of Carkoons, Gomastahs

Gomastahs and additional English writers during the progress of the settlement, and by the payment of the Price of the Porto Novo Ploughs supplied to his District - In Malabar it is attributable to Batta paid to servants on circuit, and to an increased amount of rewards paid for the destruction of wild beasts - In Chingleput it occurred from an increase in the charges for conveying Dufters &c. and on account of Batta to the Huzzoor Servants while on circuit, and from repayment of a sum to the late Subadar Major Noor Oodeen Khan Bahadur, being the amount of collections made from him for the Village of Tundlum - In Vizagapatam from the travelling of an increased number of servants and from the destruction of more Tigers than in the preceding Fusly - In Madura, from the transfer of the pay of Extra Gomastahs and other charges to this Head in the current year - In Nellore from the amount paid to the Hunganah Gomastahs, and the hire paid for conveying remittance and records having been brought under this

Head,

sums on account of fixed and Extra Tent allowance in Fusly 1249 than in the preceding year.

Saderward	34	Requires no remarks.
Decrease - 915 - 6 - 6. Extra Charges. Decrease - 12,238 - 13 - 7.	35.	The decrease under this Head occurred in Cuddapah, Madura, Rajahmundry, and Coimbatore, from Nellore certain Charges hitherto debited to this Head having been transferred to the Head of Extraordinary Revenue charges, under the instructions from the Accountant General.
Repairs & Tanks and Watercourses. Decrease - - 16525 - 11 - 8.	36.	The decrease under this Head arose in Tanjore and Coimbatore from the repairs made in Fusly 1249 being less than in the preceding year.
Surgeons Allowance. Decrease - - 3368 - 0 - 0.	37.	The decrease in this item occurred from the civil pay of the assistant Surgeon attached to the District of Rajahmundry being charged under the Head of Medical Judicial charges in Fusly 1249.
Compensation in lieu of resumed Lands Offices and privileges. Decrease 11254 - 7 - 4.	38.	The decrease under this Head arose in South Arcot from the collections of the lands of certain Cavilgars &c. resumed

Head, and from payment of the value and hire of conveyance of Porto Novo Ploughs. In North Arcot from the payment of hire for conveying records &c. while on circuit — and the value of Porto Novo Ploughs supplied for the use of that District, and from the amount disbursed for constructing — Sahsildar's Cutcherries at Solingur and Pullicundah. In Bellary from the — entertainment of a temporary establishment for the arrangement of the English Records.

Tent allowance. Increase 2091 - 6 - 7	33	The increase in this item arose in Trichinopoly from the Collector and his Assistants having drawn their tent allowance for a longer period in the current year than in the preceding Fusly. In Ganjam from the fixed and Extra tent allowance drawn by the Principal Assistant Collector from December 1839. and that drawn by the Assistant collector from 24th January 1840 having been charged in the present Fusly. In Chingleput from the Collector and his Subordinates having drawn larger sums

resumed by Government, not having been debited to this Head in Fusly 1249 as was done in the preceding year.

Pagoda & Mosque allowances in lieu of resumed lands privileges

Decrease 2,9263-9-

39. The decrease in this Item arose in Canara from a large amount of undisbursed allowances having been written back to the credit of Government this year, and consequently deducted from the actual charge.

Pagoda & Mosque Allowances

Decrease 17257-11-5

40. The decrease in this Item occured in Madura from the collections on account of Devastanums and Chuttrums having been incorporated with the Land Revenue, and from there having been no charges under this Head in the current Fusly.

Pensions & Charitable allowances chargeable on the Revenues.

Increase-5387-15-11.

41. In North Arcot the increase under this Head was occasioned by the amount of certain Pensions having been fully disbursed within Fusly 1249 and by the arrears due to certain Yeomildars from Fusly 1242

1242 & 1247 having been paid in the current year.-

Extraordinary Advances for Cultivation and Repairs-

Decrease 166,835-47-

42. The decrease in this item arose from the Ryots in Tanjore, Rajahmundry, Ganjam, Nellore, North Arcot, South Arcot, Trichinopoly, and Tinnevelly not requiring so large an amount of advance as was allowed in the past Fusly.-

Sir

With reference to your letter under date the 15th ultimo, requesting to be informed whether it has been found practicable to carry into effect the Rules devised by the Sudder Adalut for the prevention of Forgeries, and with what success, I have the honor to acquaint you that the Rules in question are strictly adhered to, but whether any beneficial result has yet been derived from them it is impossible to say without further trial and longer experience of their effects.—

From the Collr. of Bellary

Stating that the rules devised for preventing forgery appear to have been attended with some success, but that the privilege of allowing unstamped deeds to be filed in suits must give room for forgery.

Sir,

With reference to your Circular letter of the 15th ultimo, I have the honor to report for the information of the Board that on the receipt of the communication therein alluded to the Rules devised by the Judges of the Sudr Adalut were too recently carried into effect and the necessary instructions issued on the subject to the Hoozoor Darogah and the several Stamp Venders of this District. I am happy to be able to state that the measure appears to have been attended with some success. I am inclined to think that the privilege of allowing unstamped deeds to be filed in suits must give room for forgery.

The total Stamp Revenue of Fusly 1250 is Rupees 26205-1-0

Do. by Talook Venders	893	8
Penalty on unstampt Deeds levied by the Zillah Court	980	
Company's Rupees	6371	4

It is to be remarked that of the above aggregate the amount realized by the Vender at Bellary is a far greater increase than in the other Talooks. To this increase the sale of Papers to the Zillah Court Pleaders has chiefly contributed to the extent of Rupees 4200. From the information of the Stamp Vender at Bellary it appears that with the exception of Papers purchased by Pleaders, all other Papers are invariably endorsed and registered according to the prescribed forms. But these Papers forming the exception, it has been found impracticable from the Circumstance of the Pleaders never affording the requisite information to enter more detail than that the Paper is sold on such a date to such a Pleader for a law

The Board having entered into full details regarding them in their Proceedings of the 10th. September 1840 will not now do more than notice the general results of the year under review which will be easily understood by a reference to the accompanying Tabular Statement.

A. 3. The Collections exhibit a slight improvement over those of the preceding year

but not more than the circumstances of the season required in one Estate Suttanapully there is a great falling off, and in none does the Increase equal

equal the proportionate improvement exhibited in the Mulcrauze Estate under the servants of Government the outturn of which is added in the margin for the sake of comparison. None of the four managing Proprietors rendered their accounts of the administration of the year, tho' the Board have repeatedly called upon the Collectors to warn them of the effects of such contumacy. The amount of Balance on the Permanent Peishcush was greater than that of last year in the four Estates

1249 —	402,216	159,027

principally owing to the diminished current collections of the Vaysereddy property, in which however a large sum amounting to 61077- was credited to arrears which must have been effected principally at the expence of the current resources with the exception of 20303. 10. 6 recovered from the produce of Fusly 1248.

The falling off in the 4 Suttanapully Estate has been occasioned, the Board have reason to believe, by the embarrassed condition of the proprietor and by the diversion of a portion of

of the resources of the Zemindary to satisfy the exigency of Court Receipts. As the management of this Proprietor has been hitherto unsatisfactory and as the amount realized by him in Fusly 1250 as shewn in the Demand, Collection and Balance Statement of the Guntoor District, is still below what might under tolerable management, have been anticipated, the Board have placed themselves in communication with the Collector and have required his sentiments on the propriety of at once assuming charge of the Estate.

3. The Chilkaloorpaud Estate has been again temporarily assumed in Fusly 1250 in consequence of the demise of the party placed in possession, and the incompetence from sex and minority of the parties interested in the property. The only remaining Estate that can be under the management of the proprietors is the Vasiy Reddy Zemindary, and the Rayapally Estate, the latter of which has heretofore been comparatively the most productive in the District, and which, of the Zemindar's management

management continued favorable, might still be left to his immediate administration.

As regards the Vaseredday property this stands in a somewhat different position from the other zemindaries. These Estates were not sequestered for arrears of Revenue, but were assumed in virtue of a Precept issued by order of the Provincial Court on the 1st February 1826, at the instance of the Court of Sudr Adalut requiring the Collectors of Goontoor and Masulipatam to retain them under their charge pending the prosecution of a suit for the possession of the property in appeal successively from the Provincial Court to the Court of Sudr Adalut, and to the Queen in Council. In 1836 the details of management were, with the Concurrence of the Sudr Adalut transferred from the Collectors Zilla Establishment to Ramanadar Bundoo, one of the parties in the Suit whose inability to give security for a due and faithful account of the proceeds of the

the Estate had formerly induced the legal tribu-
=nals to place it under the administration of the
Collector. The property therefore has been held
throughout by the officers of Government under
trust for the party in whose favour the suit
may ultimately be decided; and it is actually
still so held as an account of this trust must
be rendered to the Sudr Adalut, at whose
instance it was assumed at a time when it was
not only quite solvent, but possessed of funds
standing to the credit of the Zemindary in Govern-
=ment securities.

7. The Board of Revenue have
hesitated to communicate to the Collector
the orders of Government contained in
the Extract from the Minutes of Consulta-
tion of the 16th April last, because they feared
when these became known to the parties most
immediately interested they were likely to produce
the worst effects on the character of the
management pending the result of the final
orders of the Court of Directors. Much of the present
objectionable

In Govt. 5th May 1841.

objectionable system of Superintendence arises out
of the uncertainty felt by the present managers
of the Estates burthened as they are with such
overwhelming arrears when their chance of retain-
-ing them shall appear still more hopeless
from a knowledge of the view taken of their
circumstances by the Government, it may
be surmised that their conduct will become
reckless, and that they will turn the remaining
fleeting of their temporary authority as much as
possible to their own advantage.

It is therefore worthy of considera-
-tion whether it would not be advisable to cause the
Collector at once to assume the management of this
Estate pending the receipt of the final orders from the
Home authorities regarding its disposal, and the Board
with the concurrence of Government would suggest
this course for the Collector's guidance unless Mr.
Goldingham is of opinion that the means
already at his disposal enabled him adequately
to control the Zemindar's Proceedings.

Mrs.

Para. 32 to 60

Q. Mr. Goldingham proceeds to give the details of the system pursued in the management of the Malrauze Estates as required by the instructions of the Board in their Proceedings of 10th September 1840. The principles which have guided him in making the settlement are explained to have been a steady adherence to a fixed Mukhla or rent for each field to the non collection of past balances to due attention being paid to the present condition of the Ryot wherefore produce has fallen short of the demand against him" in other words to allowing remissions for short produce, "and to the Ryot being relieved from the vexations and destructive interference of temporary and many Establishments - viz. of occasional Servants entertained before the harvest to estimate the crops - So far all these general rules are very judicious. The mode of granting remissions is not specified, but it is presumed that the estimates of loss by failure of produce, which may be required to judge of the amount of

relief.

relief are made by the regular establishment and checked by the collectors own cutcherry at the time of settlement, a System which is found quite practicable in many districts, but from the statement of charges of establishment in a subsequent part of the report, the Board infer that the employment of temporary Establishments so justly deprecated is only confined within narrower limits not entirely abolished.

+ Para. 50.

10. The increase in the cultivation of the year amounts to 1163 Coochels of dry land yielding 29,447 Rupees, and to 238 Coochels of wet land bearing an assessment of 35894 Rupees. With regard to the former it is observed that lands waste since the last famine are let at a reduced rate for periods varying from 1 to 4 years in consideration of the reduced condition of the Ryots, and the increase under this head alone compared with the previous Fusles amounts to Coochels 769-5-14 11/12 the full rent of which is 27880-4-1 which are given for 1256 Fusly making the total of such leases for 1249 - 34989 -

The copies in which each Cowle differs from the authorized Cowle now in force, are annexed.

The Board have been informed that in consequence of the Ryots in many parts of the Country having declined to receive Pattahs under the Cowle now in force, the Collectors have been authorized to issue Pattahs to them on the former terms

11 The Board do not gather so clearly from the report the system pursued in some particulars. The Demand seems to be determined by the Dowle which answers to the preliminary engagements in other Districts made by the Ryots at the commencement of the season and which is afterwards examined and modified at the Jummabundy or Settlement when likewise any remissions for lands unsown or produce withered are also determined. But in this Estate the Dowle being the Demand any such losses or failures remain as balance Thus the full demand or Dowle was 2,88,811-12-2 of which were collected within the

The total Balances against this Estate amount to 11,71050-3-5 having accumulated principally since 1237 Fusly up to which time its resources had been ample) when the Estate was made over to the Proprietor Mubrauze Lutchmiah. It was again resumed in 1252 Fusly for arrears which continued to accumulate in the succeeding disastrous seasons of 1243-44-45. All those against Ryots which had accrued previous to 1246 and which amount to 10,39,581-1-11 Mr Goldingham recommends should be written off and in fact no other course seems left but to do so. If the Board felt satisfied that these were all bona

bonâ fide arrears occasioned by the calamities of drought and pestilence there would be no hesitation in recommending this step as one both of justice and necessity. But the fact of the Estate having been made over to Mulrauze Lutchmiah in 1237 Fusly with an actual balance of only Rupees 19-7-10 which on its resumption the Zemindars accounts shewed one of 110396-10-9 takes away all confidence in the entries of the Company's Servants previous to 1242 and reduces the plea for supporting Mr Goldingham's proposition to that of necessity alone. Such arrears can only be verified by the personal examination of the parties against whom they stand, and the length of time which has elapsed together with the number of individuals swept off by the fearful ravages of desease and famine render any such enquiry futile if not altogether impracticable. That portion however stated to be due from Rented Villages from Manavarta Enams and Myrtaharums amounting to 5678 Lk appears deserving of more particular enquiry which might

lead to the recovery of a portion at least of the demand without infringing on the resources of the agricultural population and the Collectors attention is requested to this part of the subject. The foregoing remarks will apply in a great measure to the outstanding arrears of Tuccavie particularized in Para 5 for which there seems to be no remedy but to cancel them altogether.

The Charges of Management call for no particular remark. That for Extra Establishment is considerably reduced particularly as it is made to include the Survey Establishment, but the employment of Estimaters of produce is continued in all the wet the most valuable lands.

If the above be correct, it would appear that but little change has been effected in the old Village rates, and that as far as the interests both of Government and the Ryots are concerned it may be questioned whether it would not be preferable to retain the old rates and classes with which the people are already familiar. It would be premature however to pronounce an opinion on — anticipation of the report promised by Mr Goldingham, but to assist him in preparing the accounts that will accompany it and to obviate the necessity of future reference and delay the Board have caused a Memorandum to be prepared in Telugu of such particulars in the account now rendered as seemed to them to require further elucidation and detail, copy of which will be transmitted with the present proceedings.

66-75 15 The Extra sources formed the subject of the Board's Proceedings under date 25th February and call for no further remark.

75-102- 16 In Palnaud there is an increase of 12,7,17-11-2- in the settlement and of 23,32. 2-- in the Collections of the year under review compared

with 1248. Fasly the particulars of which are satisfactorily explained in the succeeding paras.

17. In this Taluk several wells have been Constructed by the application of private capital, and the assessment on the lands irrigated by them has been allowed to remain at the rate which it bore before the improvement was made. But as this would place such lands on a more favorable footing than those paying the old Garden assessment. Mr Goldingham has found it necessary to procure these also. Gardens watered from Nullahs have been fixed at the highest dry rate of the District and those irrigated from wells at the highest dry rate of the Village in which they are situated. Notwithstanding the encouragement held out to this species of tillage, no great increase seems to have taken place. In fact the average rates of the assessment are so moderate that the inducement to engage in it is not so great as it would be elsewhere. The subject of well cultivation was noticed in the Board's Proceedings on the Settlement of Cuddapah.

In July 1839 and in pursuance of the course then intimated, a circular was sent to all Collectors, desiring them to report on the measures adopted on their districts in consequence, and requesting their opinion of their probable results. The replies to this communication have for the most part been received, and the Board propose to bring the whole subject to the notice of Government at an early period.

Ordered also that a Copy of the Extract from the Board's Proceedings with transcripts of the Extract from the Minutes of Consultations of the 16th Ult be forwarded to the Collector of Guntoor for his information and guidance.

With reference to Para 40 of the Board's Proceedings of 19th August 1839 on the Summahbundy Report of fusly 1247 approved of by Government in Extract from the Minutes of Consultation dated the 17th September 1839, I have the honor to report that Madenary China Venkiah and some others of Mopparam a Village in the Dawgoor Taluk, attached to the Sub Division having complained that there was concealed cultivation in the above said Village in fusly 1249, it was proved before the Sub Collector that cultivation to the extent of Rupees 93-11-6 had been concealed, of which Rupees 83-5-2 has been actually collected and brought to account. As it will thus be necessary to grant a reward of one fourth of the sum actually collected as above stated on the Con-cealed cultivation brought to account, to

From the Collector of Bellary. Para 1.

Reporting on the progress made in arranging the English Records of his Cutcherry.

Sir,

With reference to the Remarks of the Board under date the 25th March last, on item 125 in the Statement of Revenue Extra Charges incurred under Estimate for July 1249. calling upon me to report the progress made in arranging the English Records of my Cutcherry, and the probable period still required to place them in a state of efficiency, I have the honor to acquaint you for the information of the Board that the records (the extreme disorderly state of which was noticed in my letter of the 15th February 1840.) have been mostly arranged and tied in bundles according to their dates. There are however still a few Boxes containing accounts prepared for occasional reference and fair Copies of letters &c. &c. mingled with refuse Papers, which require arrangement, and this

Fort St. George 26th August 1841.

this will be completed in a short time.—

2 The arranging of the Papers, (the first part of the duty of the temporary Establishment sanctioned by Government under date the 31st March 1840,) to which their attention was chiefly directed ever since their Entertainment in November 1839. required no small degree of labor on the part of the Servants who had to separate the correspondence from the accounts, and then to classify, to collect therefrom the Papers relating to each item, before they could be placed in bundles in the order of their dates. &c. &c.—

3 I shall now explain what has been done in regard to the other branch: Viz. Registering. The mode of keeping the Records in this District varied from time to time according to the orders of the Collectors; within the last 40 years. For instance, the letters received and sent during Colonel Munro's administration were kept in bundles according to the dates, being previously docketed and abstracted, but without being entered in a Register. Those during

during the Collectorships of Messrs. J. Gahagan. W Chaplin. W. Shackery, C. Smalley. and A. D. Campbell or from 1807. to 1823. were in the same manner tied in bundles and registered, while the plan of the late Principal Collector Mr. Robertson was to paste all letters received — which he chose to give in to the Office in stick boards, (according to the order of dates) dividing them into Departments, each Department — having a separate stick board. but none of these letters were endorsed, abstracted, or entered in a Register. The variety of modes observed as above explained, rendering any attempt at introducing one uniform principle difficult, and otherwise inconvenient, it has been only considered necessary to register those that are not registered, and to place them in their original order without alteration. The servants having been employed in arranging the Papers they have been able only at intervals to Complete a few years. Registers, and these is yet a great deal to be done in this branch. It is therefore impossible for me in

in the present stage of the Work to state the period for which the services of the temporary Establishment will still be required more precisely than that I do not expect that the remaining portion will be finished before a year or two.—

4. The difficulties stated in my former letter above referred to would not have occurred had late Principal Collector Mr. Robertson allowed to the Writers under him access to the Records, and the circumstance of his having kept them to himself without endorsements &c added to their removal in this state from one place to another, has led to the confusion in which they were subsequently found.—

5. In conclusion I have the satisfaction to state that the English Records as far as they are arranged bear an appearance of regularity and reference is now more easy than it used to be.—

Proceedings

10409 Fort St. George 26th August 1841.

Proceedings thereon — Para 1 — The Board of Revenue are not disposed to sanction the entertainment for an indefinite period of an Establishment at Rupees 82 per Mensem for the purpose of arranging and registering the English Records. This Establishment has been organized since the 1st November 1839 — and it would seem from the Collector's letter that he contemplates it's further entertainment for one or two years —

2. It is not clear what advantage would be derived from the labors of this Establishment so indefinitely protracted, and at such an expence. The English Records are already stated to have been separated and arranged according to their dates, and more than this seems hardly necessary. The practice of posting letters in Boards dividing them into Departments, each Department having a separate stick Board, said to have been followed by Mr Robertson is the simplest method of arrangement and most convenient for a Mofussil Cutchery. Having the whole Correspondence abstracted and endorsed seems quite unnecessary.

3 — With these impressions the Board desire that the Establishment under observation may be dispensed with from the 1st November next. The charge will not be passed after that date. —

22 From the Collr of Chingleput

Sir

For some time past I have felt convinced of the necessity of bringing to the consideration of the Board the propriety of recommending for a Pension Seelumbu Rau the Head Sheristadar of this District who from age and long service (38 years) is totally unequal to the duties of the Office he holds, and which I am to do with greater confidence from the reflection that his past services as well as the advisableity of the suggested measure must be well known to some of the Members of the Board —

2 — The talents and abilities of Seelumbu Rau were never, I believe, of the highest class and his memory is evidently failing, but he has always borne, and to which a much greater degree of praise is due, a high character for integrity and uprightness under whom he has been employed — With those under whom he has been employed —

3 — This consideration has induced me to delay forwarding an application of this nature but a sense of what is due to the Government, to the District, and to myself as responsible for its efficient administration now compels me to solicit that he may be pensioned at the highest rate allowed by the Pension Rules and which would be Rupees 210 — 11 — 8 per Mensem as shewn in the accompanying Register in which are also exhibited his period of service and other details —

From the Asst Collr of Tanjore.

Sir,

I have the honor to return the Petition noted in the Margin.-

The Petitioners are Meerasdars and owners of a considerable quantity of land in the Munnargoody Talook. In consequence of the animosities and squabbles of the different parties in their Village it was, as a temporary measure, thought advisable to appoint on the part of Government a person to undertake the duties of Puttamanegar, and it was hoped that arrangements might be made after a short period for selecting certain of the wealthier and influential inhabitants of the Village whose nomination to the Office of Puttamanegar might be satisfactory to all the Meerasdars after continued attempts

Reporting that the Petition of Petitioners is No 930 of 1841 & acknowledge the Puttamanigarship appointed by the Collector & to pay their Kists to them or to the Tahsildar of the District & that the attachment of their property & sale ordered under the authority of the Collector to cease.

attempts to effect this, and the most contumacious opposition by the Petitioners to every proposition put forward by the authorities of the District, the attempt to reconcile all conflicting interests was abandoned. To maintain a person as Puttamanigar unconnected with the Village was clearly not the intention in the institution of the Office; and it therefore became necessary either to abandon the system in this Village, or for the Collector to make selection of such Meerasdars as he thought fit for the Office and to declare them appointed. This was done after much enquiry and deliberation; and Petitioners decline to acknowledge them and have pertinaciously refused to pay their kists either to them or to the Tahsildar of the Talook. In this course they have persisted for the last six Months, and as no other means of enforcing the dues of Government were left, their property has been attached and will be sold by auction. The Petitioners are fully able to

to meet the demand made against them to the correctness of it they have no objection to advance, and it is only with a view of forcing a compliance with their unreasonable requisition that they now withhold their visits. To give way to them would subvert the authority of the Collector, and the difficulties of realizing the Revenue which are daily increasing would be augmented to a dangerous extent.

Proceedings thereon. Para 1

28-29

It would seem from the Statements of the Petitioners that an arrangement was made for the management of their Villages in 1838 under which a certain number of Puttamanigars were nominated from the inhabitants as also a Puttamanigar with a small Establishment on account of the Circar, and that this gave satisfaction and was acquiesced in. That this arrangement has since been discontinued, and four Parties abstaining whose

whose Nomination previously had been disapproved of and set aside by the Principal Collector.

It is ordered accordingly

That the original Petition noted in the Margin be returned to Mr Kindersley with a request that he will be pleased to order such further enquiries into the matter in dispute as may seem necessary with a view if practicable to put an end to the dissensions that unfortunately prevail in this Village.

Submitting for consideration and orders proposals for the management of the three Principal Pagodas in his District.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated the 24th of June 1841. I have the honor to submit for their consideration the following proposals for the management of the three principal Pagodas in the district of Trichinopoly, Viz.

The Pagoda of Rungnaudu Swamy

Fort St. George 28th August 1841.

Swamy at Seerenghams.-

The Pagoda of Samboakeis-
veram at Seerenghams-

The Pagoda of Joymanaswamy
in the Trichinopaly Fort/usually called the
Rock Fort Pagoda/

2 I am induced to submit the
proposed arrangements for the above Insti-
tutions separately because as they are those of
the greatest note in the district, and in-
deed of great celebrity throughout the
Hindoo world, the knowledge that the
Government has withdrawn interference
from them will tend to facilitate the
measures I have in view for carrying out
the orders of Government in regard to the
other Institutions in the district under
my charge, and because I hope it will
be satisfactory to Government to
learn that so little difficulty has
been experienced in making what
I must sincerely trust will be
considered satisfactory arrangements
for the important Pagodas in
question.

3 I have endeavoured to
make the arrangements as simple
as

Fort St. George 28th August 1841.

as possible keeping in mind that the
great object of Government is to divest
themselves of all necessity of interference
in the religious rites of the people in
such a manner as not to give offence
to prejudice or in any way to give rise
to suspicion that there is any other
object in view than that which
is plainly expressed in the Extract from
the Minutes of Consultation commu-
cated in the Proceedings of the Board
under allusion, and I feel confident
that I have been successful in this
respect.-

4.- I will now proceed to explain
the arrangements, which indeed are
contained in the three deeds submitted
and are so simple as to need little
explanation-

5.- After consulting with the
most respectable inhabitants of the
district who in the most cheerful and
unreserved manner expressed their
opinions, the following highly trust-
worthy individuals have agreed to
become managers of the Pagodas
mentioned above as "Dharmacartahs"
succession

succession to the Office being provided for by a rule that vacancies occurring shall be supplied by those who remain in Office.-

For Runga nadar Swamy Pagoda / the great Pagoda at Seringham

1 Chundrashakararum Pillay whose father under the former Government held a situation equivalent to that of Head Sheristadar under the British Government, and who was himself for a long time a Tahsildar under the former and under the British Government.-

2.- Appasawmy Moodliar Head Gooroo Cash keeper of the Collector's Treasury.-

3 Ponnambalam Moodliar Manager of the Pay Office Southern Division

and the four Stalattars.-

*For the two institutions of Sambasiva swamy Pagoda at Seringham and Togmana Swamy at Trichinopoly.

1 Di. Banlasoobramaniea Moodliar an independent land holder and Merchant of large passessions.-

2 Sungrasungam Pillay Manager Cannipurum Department

3.- Arunachellah Pillay translator Provincial Court South Division.-

6.- The conditions upon which the transfer of their administration

administration of these institutions is to be made is of course subject to the approval of the Board- and I trust that the terms of the agreement will be approved of- I have some difficulty in drawing them up so as to meet the views of all the parties same were fearful that their subjection to the authority of the Courts would render them liable to the same sort of supervision as is now exercised by the Collector, and I had to guard against advertising to their responsibility in any manner which could possibly excite jealousy in regard to the degree of trust reposed in them- They expressed themselves desirous of undertaking the charge only upon an explicite understanding that they were to be free agents and completely and bona fide at the head of affairs- and as this is agreeable to the intentions of Government I have endeavoured to make terms accordingly.-

4 It is not to be supposed however that the change in the administration of affairs of these Pagodas

Fort St. George 26th August 1841.

Pagodas can be effected in such a manner as to please all parties. The Archikams whose Office is to adorn and dress the Idols have expressed themselves dissatisfied with the proposed arrangements because the Statutars are included. and I have no doubt that the Board will be assailed with petitions remonstrating against the measures proposed by me. I do not however consider the opposition of the Archikams reasonable. they have particular offices to perform in the Pagodas for doing which they are rewarded by salaries and Established emoluments, and cannot be considered in any other light than as Hereditary officers of the Pagodas, whereas the Statutars have always been recognized by the authorities acting on the part of Government as having a right to interfere in the general management. The Statutars are certainly not fit to be trusted with the sole management of funds but there can be no doubt of their

Fort St. George 26th August 1841.

their having an hereditary right to be consulted at least in regard to their disposal. It would not therefore be, in my opinion, just to exclude them from the arrangements which may eventually be adopted.

The Archikams have stated to me that they have no objection to any part of the measures proposed except that which includes the Statutars. The Statutars will not of course submit quietly to being excluded and as it is quite clear that it will be impossible to please both parties I most respectfully submit to the Board that the opposition of the Archikams should be disregarded.

With regard to the transfer of the property of the Pagodas to the Dharmakartahs, there will be but little difficulty. the Revenue consists mainly of the ready money allowance paid from the Circar Treasury. the lands are of trifling value, comprizing a few Cawnies in the immediate neighbourhood of the Pagodas, and may be made over without compromising the interests

It may be proper to mention in regard to the Loyman Swamy Pagodas that rites are performed in it by several distinct parties - The superintendance of the principal part of which belongs to the "Tamberam" whose appointments to the Office depends on a Society of Tamberams at Dharmapooram in Tanjore and who have the right of making these appointments it is alleged throughout India - The arrangements now submitted in regard to this Institution, have reference only to those rites which have been performed with money paid from the Circar Treasury - The other concerns of the institution may be conducted as heretofore by the parties to whom by usage they belong -

To the Coll.r of Trichinopaly communicating observations on the arrangements proposed by him for the management of the Principal Pagodas in his District. Ins.d 25th Aug.t 1841

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 9th instant. It appears to the Board that the object of Government in transferring the superintendence of religious institutions to the people themselves is not as stated in the 3d para of your letter simply "to divest themselves of all necessity of interference" in future by adopting the readiest means that offer for getting rid of the trusts now vested in them, but to devolve that the trust upon the people in such a way as shall appear best calculated to preserve the funds of the charities from misappropriation or spoliation.—

2 The scheme suggested by you does not appear to provide sufficiently for the latter purpose— The jealousy of interference evinced by the Members of the Committee now selected the mode of supplying vacancies in their

10435 Fort St. George 25th August 1841.—

their body by self election and the operation of the 3d article of the form of agreement will tend to invest that body with the character of a close co-operation— Some provision is necessary for keeping the accounts of the trust open to the inspection of parties legitimately interested in the welfare of the institution by whom alone the administrators of the funds could be rendered answerable in a Court of Justice.—

3— With regard to the choice of proper persons to fill the Office of trustee, a suggestion of the Collector of Bellary, for this purpose is deserving of attention— He proposes to give the principal inhabitants of the town or district in which the temple is situated the power of electing qualified individuals by Majority of votes— If found susceptible of practical application, the Board would be glad to see this principle generally adopted.— A objection suggests itself to the selection of parties to fill the office of Pagoda Managers from the public servants of Government; it might lead to an erroneous impression on the minds of persons at a distance who have been unaccustomed to witness the disposition of the interference of Government in such matters, that the withdrawal has not been so final and complete as was looked for— When the arrangements that have been drawn on recent publications from the voluntary attendance of native public servants at religious ceremonies of their own faith are recalled to mind, the necessity for cautious this inspection will be apparent.—

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Circular of the 29th July relative to the propriety of fixing a higher rate of taxation on Arrack and Toddy. —

2 The ease with which intoxicating drugs can be procured from intoxicating

inebriating liquor could be manufactured in every house were determined drunkards to be driven to such a measure by excessive taxation renders it extremely difficult to propose any sufficient method for checking the vice of intoxication. I am of opinion however that it will be worth while to try the experiment of raising the Minimum price of Arrack and Toddy to double the sum at which it is now fixed which would probably have the effect of reducing the Revenue for the first year about one fourth.

3. I am not disposed to think that this measure would render it necessary to adopt any additional precautions to prevent smuggling.

4 I take the liberty of suggesting the propriety of making drunkenness a crime liable to severe punishment as a measure deserving of trial.

Order thereon.

Ordered to lie on the Table.

Read again letter from the Principal Collector of Madura dated 12th and entered in Consultation 29th ultimo.

36

Proceedings thereon Para 1.

The Principal Collector of Madura submitting a letter from the Dy. Collector of Madura suggesting certain Modifications of his Huzzoor and District Establishments with the Boards sentiments and recommendation on the subject.

Para 1. The Principal Collector of Madura suggests in the letter now under review a Modification of the Establishment, Huzzoor and District, to a very considerable extent. The increase of charge is mainly owing to enhanced pay to a Sault Amildar and certain Sayer Chowkeydars to the proposed new Police Establishment at Nellacottah, to an increase of 80 Police Peons in Shevagunga, and 10 Revenue Peons in the Tandecomboo Talook, and a small increase of Pay generally in the Salaries of the Sayer and Sea Custom Peons. But the chief alteration suggested is that of the appointment of 70 new Officers to be denominated Naut Cummums on Salaries of Rupees 7 per Mensem in lieu of 38 Zillahdars for 6 Talooks now employed at Rupees 10 a Month.

† This however is not a new charge.

2 As the enhanced disbursements

disbursements are met by a diminution of expenditure under other Heads by the abolition of the Zillahdars and the reduction of the Revenue and Police Establishments of Nellacottah Talook, about to be transferred to the Superintendence of the Zemindar, and as the entire Establishment as now proposed falls short of that already authorized, the Board of Revenue would not have hesitated to submit the revised Mozenzabetah for sanction, but that they entertain doubts of the expediency of the removal of the class of officers entitled Zilladars and the substitution of others to be called Sirkar Curnums in their stead.-

3 These Zilladars were first appointed in Madura in 1828 on Mr. Vincent's representation of the inefficient state of the District Establishments generally, for purposes of Revenue and Police, from the absence of any Public Servant for reference between the Tahsildar and Head inhabitants that Gentleman observed that this absence prevented the exercise

From the Board's 10th & 17th Nov. 1828.

exercise of any efficient check over the returns of cultivation, delayed the general business of the District, checked enquiry and investigation into many matters, Revenue & and Police, which the multiplicity of business precluded the Tahsildar from himself pursuing. The appointment of those officers with a Superintendence of from ten to twenty Villages according to their extent &c would, he observed, greatly relieve the Tahsildars from a great quantity of less important but necessary investigations, relative to Cultivation and Revenue Grants, would lead to the detection and suppression of offences against property and the Peace of the Country, and besides be highly useful as a school from whence the superior Revenue Servants should be selected.-

4 It was under these impressions that the appointment of Zilladars was originally suggested and approved of, but as Mr. Blackburne it is seen now states that this

class

. . . . class of Servants is not so efficient as they ought to be, and are not acceptable either to the Talook authorities or to his own Cutcherry. To make them really efficient he adds, that their numbers should be increased to 70. their pay raised to half as much again, and each have a royaum attached to him with three or four Rs. The expense that would attend the introduction of such a System has deterred the collector from recommending its adoption, and he therefore suggests the dismissal of the whole establishment as it now exists, and the substitution in their place of 70 others to be denominated Natt Curnums, on Salaries of 7 Rupees per mensem.

5 Their employment is described to consist in settling Petty Revenue disputes about the cultivation of lands, attending to the means of irrigation and the distribution of water, inspecting the crops and detecting concealed cultivation, thus operating as a check upon the

the Village Curnums. They are besides to be required to see that the Ryots payments are duly entered and receipts granted; to urge on the Maramut works, and to see that the roads and avenues within their circuits are duly looked after.

6 These duties differ in almost no respect from those of Zilladars or Carcoons in other Districts, the single distinction seems to be that Mr. Blackburne intends that they shall be selected from a lower class "men connected with the Villages and conversant with the Lands and Ryots of their class" that their pay shall be smaller and their number more. Now one of the principal objections to the present arrangement is that the pay of the Zilladars is insufficient and that more is required to tempt a Superior class of men to accept the duties that devolve upon them.

7 The increase of numbers then seems the only advantage to be derived from

from the arrangement contemplated by the Principal Collector of Madura, and this advantage is counterbalanced by a decrease of pay and a consequent diminution of the respectability of the appointment.

8 The Class of officers that now exists is found in all Districts under the denomination of Zillahdars, Carcoons or as Parpatrees &c. and they are every where acknowledged to be an [illegible] useful and necessary portion of a Ryotwar Establishment. Their emoluments vary from 8 to 14 Rupees per Mensem, according to circumstances, and many of the most efficient Native Revenue Servants have been advanced from the rank of Zillahdars.

9 Impressed with the conviction that it is desirable to maintain and extend such a class and believing that their usefulness in Madura can only be impaired from the smallness of the number and consequent inability to

to superintend effectually an extensive tract of country, the Board would infinitely prefer that an addition to their number, and if necessary to the emoluments, be made in preference to the nomination of a lower class of Servants with inferior salaries. The number of Zillahdars might be increased to 56 or 60 thereabout, without adding any fresh charge to Government over and above the present Moyen Jabitah, and the Board will instruct Mr. Blackburne to modify his Establishment in accordance with these views if Government to whom it is ordered that this Extract from their Proceedings be submitted, should see fit to approve of their suggestions.

10 The nomination of a 3s Royden to each Officer of this description is unusual and would not add, the Board think, to their usefulness.

11 The Board on Mr. Blackburne's strong recommendation beg to

10450 Fort St. George 26th August 1841.

to support his application for an increase of Salary to the Sulk amildar, but not in arrear, and the other arrangements proposed generally. tho they must different from the arguments which would urge the measure as a personal grant to the individual because his services are approved. The Salary attached to a Situation should be fixed and invariable with reference to its importance and the responsibility of the duties that devolve upon the holder. good Conduct therein may give a claim to promotion to higher emoluments, but not to an increase of pay in that particular Situation. alterations based upon estimate of individual character will not hereafter be supported by the Board of Revenue, for if the management of the Party employed is approved he should be encouraged by promotion, if bad he should be removed altogether from office or to a less responsible appointment.

In answer to your letter of the 19th instant forwarding Petition No. 348 of 1841. for further report, I have the honor to state that the Petitioner is in possession of the original Deed of sale, for the land he claims, executed by the Inhabitants of the Village of Gourry Vallaba Seria Odiatever late Zemindar of Shevagungah, and is also in the enjoyment of the land, - but as on reference to the order he stated to have been given him by the said Zemindar in relinquishing the land to him it was signed. "Chokalingum Sonay" (literally assistance of a Deity of that name) and the Petitioner alleged it had been written by order of the Zemindar by one of his Sumpradies or Chokalingum

10450 Fort St. George 26th August 1841.

Chokalingom pillay, which was, however, contradicted by two Gomastahs of the Zemindary now in my Office, and formerly in the service of the Zemindar, adding that the order in question had been passed by Mootoo Vadooga Tever, father of the late Ex-Zemindar. I held the written authority suspecious, and maintained the Zemindar's right to Swamibogam. On reference to the Accounts received from the Zemindar's Cutcherry, no Swamibogum appears to have been paid since the alleged alienation of the land. I have therefore directed the Ameen not to collect any Swamibogum till the receipt of further instructions from the Board. the Petition is herewith returned.—

Proceedings thereon. (37-38)

Under the circumstances stated in the foregoing letter that no Swamy Bogum was collected by the Zemindar of Shevaganga since the date of the instrument under which Petitioner Kundasawmy Rajah claims possession, the Board are of opinion that the demand may be remitted.

Ordered that the original Petition No. 348 of 1841 be returned for delivery to the Petitioner thro' the Principal Collector of Madura with the following Endorsement.—

"The Board of Revenue have furnished the Principal Collector of Madura with instructions in the Matter to which this address relates. Petitioner is accordingly referred to that authority"

Reporting upon the claims of Petitioners in No 457 of 1841 to the value of certain boats supplied by them for the use of the Farmers in his District.

In returning the Petition No 457 of 1841 I have the honor to state for the following circumstances on the subject thereof.

2. Large Boats being required for the use of Farmers in this district, the Tahsildar of Bantwal was directed to report as to the places at which they could be procured and could be procured at a Cost not exceeding 36 Rupees each Boat. He was accordingly

10456

Fort St. George 26th August 1841

ordered to get them when he engaged with the Petitioner to furnish him with six Boats, each of one Cooge burden 1½ Tons As the petitioner had in a former contract endeavoured to cut Laps off Boats of a smaller dimension than was stipulated for, the Tahsildar did not mention the price of the Boats in the engagement, but entered a condition that the Petitioner should receive such price as might be fixed by four experienced persons on the delivery of the Boats at Bantwal. Boats having been produced at Bantwal were there inspected by four experienced persons of the Petitioner's caste and were valued by them as follows.

2 Boats @ 40 Rupees each		80
2 Do: @ 36 Do:		72
2 Do: @ 32 Do:		64

the prices being fixed according to the size of the Boats.—

To the Pt. Coll.r of Canara

Sir,

Parel

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 7th Instant, reporting on Petition No 137 of 1841

2. The Board do not see what necessity there was for the second reference regarding the Value of the Boats furnished by the Petitioner which appears from Para 3 of your letter was made to the Mangalore Tahsildar or by order of the Asst & Sheristadar particularly after a valuation

10457 Fort St. George 26th August 1841

Thinking the above valuation too high he ordered the Tahsildar at Mangalore to have the Boats valued, who sent in a still higher valuation which was not approved of.

4. The sum at which the Boats were first valued at, was then ordered to be paid to Petitioner, but he declined to receive it demanding to be paid according to the valuation of the Mangalore Tahsildar.

5. The fares offered to the Petitioner averages 36 Rupees per Boat, or which is less by one Rupee only than the amount paid on the previous year for similar Boats to another person to whom no advance was given while the Petitioner received more than two thirds of the fares of the Boats in advance. I therefore consider his present claim to be quite unreasonable, and that he is only entitled

10459

had been made by four competent Persons of the Petitioner's caste which did not exceed the Price at which it was refunded in the first instance that the Bonds were procurable and which was less than the amount paid for a similar bonds in the preceding year but as the reference was made the Principal Collector will be pleased to settle a fair and liberal price with reference to the two valuations and see that the Petitioner is hard accordingly

I have the honor to report for the information of the Board of Revenue, that Hafiz Mahomed Nyamattoolah the holder of a Service Jageer of Rupees 33½ per annum, as Reader of the Korans at the principal Mosque in Black Town of Calicut granted to him under the Sanction of Government of date the 24th October 1816, died on the 4th Instant, leaving two Sons Mahomed Nyamattoolah and Abdool Cauzie and a Daughter Seerauzeepah

2. The widow presented a Petition to me on the 22nd Ultimo praying that her Eldest Son Mahomed Nyamattoolah, who is 9 years old might succeed to the Office now Vacant and that until he be of age the mother of her late Husband Shaik Mocrab alias Mudeen Patchah might be allowed to act for him

3. It appears from an enquiry made from the other Officers attached to the Mosque as well as the Sworn Caziee that

Fort St. George 26th August 1841

that the arrangement submitted by the Widow of Hafiz Mahomed Nyamuttoollah is unobjectionable and that Shaik Merah has for some time past performed the Service satisfactorily and possesses the necessary qualifications.

It would seem that the late Hafiz Mahomed Nyamuttoollah was permitted to fill the Office on the death of his Father which took place on the 5th September 1816 the Yeomiah having been continued to him from that date. In the like manner they have to recommend that the Eldest Son of the deceased Mahommed Nyamoodeen may be now appointed as Reader of the Khoran, and that pending his minority Shaik Mahomed Ameer Mahomed Patchay may be allowed to officiate on his behalf on the allowance held by the last incumbent, Rupees 354 per annum from the 13th ultimo.

You have again submitted for our favorable consideration the claim of Madava Row late Head Sheristadar of

of the Southern Division of Arcot to an extension to his two next heirs of the Shrotriem Grant to which by our orders of the 15th July No 6 of 1840 paras 6 to 9 was limited to his own life.

2 The Board of Revenue strongly urge our compliance with this request on the ground that after the numerous precedents which exist for such Grants Madava Row retired from the Service in full confidence that the indulgence would be conceded to him and they state that they are the more urgent in their recommendation as he is almost the last remaining of that school, to many of whom have resorted this distinction for their faithful services

3 We have already adverted to the merits of Madava Row as a faithful servant, and although we are fully alive to the wisdom of bounding by the limitation of recorded Precedents the extended grants of Land

as a general practice, we shall in this instance yield to your recommendation and we accordingly authorize you to extend the grant to his two next male heirs on conditions which will reduce the value of the Shrotriem on the occasion of the first heir to two thirds of the original Amount, and during the life time of the last to one third.

From the Collector of Guntoor — Sir,

Trans- mitting a Statement Shewing the outturn of fusly 1250.

Para 1

From Board 29th August 1836.

To The Secretary to the Board of Revenue Fort St. George.

With reference to the letter Noted in the Margin, I have the honor to Submit the accompanying Statement Shewing the outturn of fusly 1250 in comparison with fusly 1249. The general result is a Net Increase of Rupees 12,998-8-3 in Fusly 1250. which is composed of a Gross Increase of Rupees 77,655-12-8- and a Gross Decrease of Rupees 64,657-4-5. the season was on the whole favorable for the Jonna Crops, there was but little wet cultivation, from the Tanks not having received sufficient supplies of water.

2 The items composing the Increase and Decrease are

are as follows

Increase.

Land Revenue permanently Settled		57,377-5-8
Palnaud Government Estate		5,113-9-11
Sayer	2,003-13-8	
Abkarry	104-7-4	
Sundry Small farms and Licenses	379-2-4	
Madurpha	4,378-11-2	
Stamp Revenue	5,976-15-6	
	75,334-1-7	
Deduct Decrease — Salt	62015-4-6	
Sea Custom.	320-4-10	
	62,335-9-4	
Net Increase		12,998-8-3

The

3. The Decrease, it will be observed, has occurred with a trifling exception in the Salt, the Cumbadies and other trades having given a preference to the Cotaurs of the neighbouring Districts.

Peishcush and Payments on that account.

4 The Demand for fusly 1250. on account of Land Revenue, permanently settled is Rupees 12,25,458-7-7. The Amount paid into the Government Treasury on this account is Rupees 11,54,444-9-11. In the payment of the Rapully and Wajsereddy Estates there is a Decrease of Rupees 1434-12- and Rupees 943-15- respectively. In the other Estates there is an increase, the particulars of which are as follows.

Under the Management of the Proprietors

Suttanapully	22,483-11-4
Under attachment.	
Mulrauze	17,953-15-4
Chilcaloorpaud	18,271-9-3

Extract from the Proceedings of the Board dated 11th Jan 1841.

5 In the Chilcaloorpaud Estate a Sum of Rupees 19,665-5-10½ after deducting charges, was in the hands of the 2 Proprietors, out of the Collections of the Fusly, previous to the attachment of the Estate under the orders of the Board — The two widows have been twice addressed regarding this money, but nothing has been yet elicited from them in regard to it, nor have they forwarded the agreements taken from the Ryots although repeatedly called upon to transmit them — There ought to be no delay in submitting the real accounts.

Arrears of Peishcush

6 The following comparative Statement exhibits the Payments on account of arrears in the several Estates.

10497 Fort St. George 30th August 1841.

Extra Sources-7. The Decrease under the head of Salt will be found to be made up in the Salt sales of Nellore and Masulipatam. — the Decrease in the Sea Customs is an ordinary fluctuation - the Increase in the abkarry, Sundry Small Farms, and Moturpha Sources, proceeds from the favorable character of the season; in the Stamp Revenue the increase is from — increased business in the Court.

Fort St. George 30th August 1841.

it appears was commenced so far back as 1819, and was inspected during it's progress by the late Principal Collector Mr. Robertson, who suggested certain improvements in it, and promised to obtain for it's support a grant of land on it's completion. The improvements suggested were carried into effect, and the Establishment completed in the month of June 1839.

The Present Collector Mr. Mellor reports that he has visited the Building in the course of his late tour thro the Talooks, and states that it is in good repair and conducive to the convenience and comfort of the native community, and Establishment is kept up and the means of food and Shelter afforded to the travellers.

3. The Collector observes that the distance between the site of this Choultry and the town of Bellary, is some what less than that prescribed by

by the rules under which grants are usually sanctioned, but adverting to the acknowledged utility of the institution and the prospect held out by the late Principal Collector that it would be supported by a grant on its' completion, the Board beg to recommend that this may be made a special case, under No. 3 of the rules sanctioned in 1829, and that the Collector may be authorized to make over the extent of Enam land indicated in the statement which accompanies his letter, assessed at Rupees 47-11-10. per annum, for the support of the Chaultry in the name of T. Chockalinga Moodeliar the son of the original founder and his heirs, the said grant to continue in force only so long as the proceeds of the land are applied exclusively to the above purpose.

Reporting the demise of Somasoondra Moodelly the registered Shrotriumdar of Meenjoor and Arenvoyal in this District and requesting to grant authority to register the Shrotrium in the name of his son Appiah Moodelly.

I have the honor to report for the information of the Board of Revenue, the demise on the 27th Ultimo of Somasoondara Moodelly, the registered Shrotriumdar of Meenjoor and Arenvoyal, in this District. The deceased has left a son, named Appiah Moodelly in whose name he requested by an Urzee, under date the 26th July, that the Shrotrium might be registered, and the latter has also addressed an Urzee to me to the same purport.

2. The Board will observe from the enclosed Copy of the Purwanah that these two Villages paying to Government an annual Kist of Pagodas 481-44-55 were originally conferred upon Meenjoor Appoo Moodely late Head Servant in the Department of the

the Marine Store Keeper at Madras, and his heirs on Shrotriuno tenure for the support of himself and family — and for the annual expences of the two Pagodas in the Village of Meenjoor on which the said Appoo Moodelly had disbursed considerable sums of money on the death of the original grantee, the Shrotriuno according to the condition of the Purwanah was registered in the name of his son, Yacombra Moodelly who dying without heirs, was succeeded by Somasoondera Moodely, a grand son of Appoo Moodelly and whose name appears registered in the Books of this office under date the 26th June 1819.

3. I see no objection to the Shrotriuno being registered in the name of Appah Moodelly — the son of Somasoondera Moodelly deceased, and request the Board will

With reference to the correspondence noted in the margin, I have the honor to state my opinion that the substitution of the Indian Maund for the Garce measure, would have no injurious effect upon the Salt trade, although the trading classes might for a time be put to some inconvenience from adopting a weight foreign to this part of the Country-

2- One Madras Garce of Salt being equal to 120 Bengal Maunds, the proportion of Monopoly price on 100 Maunds Amounts to Rupees 87-8 - and the Salt should be sold at the rate of 84 18¾ pounds per 100 Bengal Maunds calculating the Garce at 10,102½ pounds as directed in a letter from the Board dated 22d September 1828-

3- A Statement shewing the different rates of Manufacturer's share payable per Garce and for every hundred Bengal Maunds is here with forwarded for the information of the Board.

It will be necessary to furnish scales with Triangles and weight to each of the Salt Depots-

With reference to the Extract from the Board's Proceedings of the 17th June last, calling for my opinion of the probable effect which the substitution of the Indian measure for the Garce Measure proposed by the Honorable the Court of Directors with the view of simplifying the transactions of the Salt Department at the Madras Presidency with the Governments of Bombay and Bengal would have upon the Salt trade, I have the honor to inform you that if the proposed change is intended to be confined to the Salt sold for exportation I do not consider that it would at all affect the Salt trade, although the sale by weight of Salt purchased by Measure, would afford a door to fraud on the part of the servants employed and the Government thereby be a loser,

Fort St. George 30th August 1841

sentiments as to the probable effects both on the Public Revenue and on the Morals of the People which the measure of raising the tax on intoxicating liquors would produce.

2 The selling price of Arrack now fixed in this District is already considered much too high for an extensive consumption. This is the common complaint. It is alleged that in Chingleput and other Districts, it is sold at 20 cs. fanams the Gallon, and here it is fixed at 24 fanams. To raise this rate would reduce the revenue about one third.

3 In the Sunbady Castes, the Boatmen or Catamaran Coolies, Weavers, Dungaries or cloth beaters, Villagers employed in hard labour such as working Poosattahs and toiling in various ways from Morning to Night, that a dram of Arrack is as necessary to them after Cessation from labour as their daily food.

4 I cannot discover that the wealthier classes, I mean those who are not called upon every day to labour incessantly are at all more circumspect than the poorer classes I have been describing.

The

10520

Fort St. George 30th August 1841

The records of my office only shew one case of High way Robbery and three cases of Theft in three years committed by drunken men. If a man is wealthy and not by his caste debarred the use of Spirituous liquors, the chances are he will indulge in them. The case is different with the lower orders, hard labourers and such like, who really require the luxury, they can never afford to spend much money in procuring it. what they earn is not sufficient for that, and if placed above the highest their means, it might very probably deprive them of sufficient strength to perform the labour required of them for their daily maintenance.

5 In order the Article more expensive would certainly not check the illicit sale of it, it is an indispensable requisite, and to preventing smuggling except into well protected towns would be almost hopeless.

From the Pl. Collr of Coimbatore — Para 1. Referring to the Correspondence noted in the Margin I have the honor to forward Statements shewing the names &c. &c. of Abkarry Betel and Tobacco Renter for Fusly 1251. From which the Board will observe that the Renters of the several Farms have either made a Deposit or tendered Security according to their means and that the arrangements are now finally concluded.

To the Bd 19th May 1841
From Do. 31st Do.

2. In consequence of the failure of certain parties to give competent Security or to make the required Deposits subsequent to my former Communication dated 19th May last, the Farms proposed to be rented by them were relet.

3 The following Statement shews the amount of Proposals for the Current Fusly contrasted with the Rented Beriz of the preceding year giving a Net increase of Rupees 756 . . .

Sanctioning Extra Tent allowance drawn in Fusly 1249- by himself and Subordinates-

11th July 1840 entered 30th Augt 1841.

To

The Collector of

Malabar

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of the Statement of Extra Tent Allowance submitted by you for Fusly 1249.

2 It appears that the Sub Collector Mr Godwyn charged Extra Tent allowance for 15 days at Calicut the Kuzzoor station while in charge of the District and that

Copy to Rs

he also resided there for a further period of 10 days from the 17th August to 1st September 1839 as the Kuzzoor Cutcherry was at the disposal of the Sub Collector during the period he was in charge of the District and as it is not shown that his residence at Calicut during the 10 days above noticed was authorized by the Principal Collector the Board cannot pass the charge of Extra Tent allowance for the periods in question.-

3 It is observed that the Head Assistant Mr Silver charged Tent allowance for 75 days at Calicut as he ought during that period to have been accommodated in the Kuzzoor Cutcherry the charge is disallowed.-
