From the Sec. to Government Transmitting copy of a letter from the Pt. Coll. and Magistrate of Salem reporting on certain complaints from several Blacksmiths at Salem with the orders passed thereon by Government.

To

The Chief Secretary to Government
Fort St. George

Sir,

I have the honor to acknowledge the receipt of your letter of the 27th Ultimo, calling my attention to a Petition sent to Government by several of the Blacksmiths at Salem, and received at this Office with your letter of the 4th June 1840. The complaint of these persons consists chiefly in that 1st they are called on to perform work without receiving adequate remuneration. Their complaint on this head is general, they say that when called to serve any Gentleman they only get three or four days pay for ten days work. when required to specify particular instances they are unable nor can they bring proof. I therefore dont credit the

assertion

assertion, were such the case they would not be backward in bringing it to notice.

2. As regards the work required at the Rhut during the feast at Salem in consequence of the number of days Meerasy dars in that town being insufficient it has been usual in preparing the Car to require the assistance of the persons holding the Village Office of Blacksmith and Carpenter from the neighbouring hamlets At such time the full hire is not paid but batta is given them. Of this they have never complained nor do I think they would have done so now had it not been to have something to say against the Brahmins with whom they appear to be at feud.

3. Relative to the second item of complaint that their tribe was insulted by the Tahsildar and others I called the parties before me and examined into the case. It was dismissed for want of sufficient proof on the 1st September 1840.

4. As regards their assertion that they should have precedence of the Brahmins

a right which they state was wrested from them through the craft of the Brahmins and the ignorance of the ruling powers about five Centuries ago, their claims on this head regard Civil rights which are best settled in a Civil Court. when I came into the District or shortly after there was an uneasy feeling between these parties and my object was to keep it as much as lay in my power from breaking out into open rupture. I look on the present Petition as one calculated and intended for mischief.

Pt. Coll.r and
Magistrate

The Right Honorable the Governor in Council observes in respect to the first item of complaint that as no specific instances have been brought forward of the Petitioners having done work without receiving adequate remuneration their assertion to that effect is undeserving of attention

2. The second subject of complaint is admitted to have some foundation and as the compulsory labor exacted from the

Fort St. George 4th October 1841.

the Petitioners is contrary to the spirit of the orders of Government in the similar case of drawing the Cars, His Lordship in Council directs that in future the Officers of Government be prohibited from all interference in such matters leaving it to the parties interested in the repair of the Raths to procure workmen and to settle their remuneration as in other cases of private contract.

3. It will be the duty of the Magistrate to keep the peace between the hostile sects and to punish insults on either side without shew of favor to either party.

4. In reference to the right of precedence claimed by the Petitioners, His Lordship in Council observes that this is a case properly cognizable by a Civil Court, and in which he cannot therefore interfere.

5. The Principal Collector and Magistrate will communicate the substance of the foregoing observations to the Petitioners Calacana Soondara Chuchary and others Carpenters &c. of Salem with reference to their

Before submitting the revised Statements of the allowances to be granted to Village Officers in the resumed Jagheer of Saincarapooram, the Right Honorable the Governor in Council desires to be informed whether all claims contained within the limits of the Jageer have been included in them. 2. Of the various items forming the present emoluments of the Village Officers, the allowance of 5 in 105 of the gross produce should be carried to the account of Government, as well as the Official fees or Meras paid at the same time and which have been credited to Government in all the other parts of the District but those entered as Sommitrium paid by the Ryots and which appear to come out of the Ryot's share after the division of the produce should as proposed by Mr. Hallett, be no longer claimed. It is believed that certain of the sums entered as ready money allowances are derived from Poorumbook lands very lightly assessed, and if so, they should properly be

As however the Buildings are included in the Statement of property on which remission of quit rent was allowable under the above orders, His Lordship in Council sanctions the refund of the sum of Rupees /904-10-4/ Nine hundred and eighty four, Annas ten and Pice four recommended by the Board of Revenue, to Messrs. Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Shevagunga Estate in the District of Madura for Fusly 1249.

Extract from the Minutes of Consultation dated 24th September 1841.

Read the following Extract from the Proceedings of the Board of Revenue.

Reporting on the Settlement of the Shevagunga Estate in Madura District for Fusly 1249.

Received May 16th 1841.

Para 1.

The amount of Peshcush due to Government was cleared off in Fusly 1248, but this Estate continued under the Management of the Collector pending the result of an appeal for the decision of Her Majesty in Council against a decree

Bodagaroo Saumy Periya Woodia Versus Rance Unganooter Vachyar

12080

Fort St. George 4th October 1841.

decree passed by the Sudr Adalut.

2.

The various arrangements adopted by the Principal Collector in forming the Settlement appear to have been highly beneficial and judicious, and his Lordship in Council is happy to observe that the objectionable practice adverted to in Para. 3 of these Proceedings, & vacating from the Ryots the difference between the estimate & the Proprietor's share and the actual produce has been abolished during the Fusly under review.

3.

With reference to the circumstances connected with the future disposal of this Estate His Lordship in Council concurs in the observations of the Board as to the inexpediency of appropriating the funds of the Zemindary to carry into effect the proposition of the Principal Collector to erect a number of Granaries, such as are used in Ramnad, for the purpose

Fort St. George 4th October 1841.-

purpose of storing Grain and thus doing away with the responsibility which under the present system attaches to the Ryot of guarding the produce and the Zemindar from the loss to which he is subject by a forced sale under disadvantageous terms.

4. The particulars of the Settlement are stated in Para 5 of these proceedings and exhibit a result in favor of the Fusly under review of Rupees 41,452-9-7.-

Fusly 1249	4,777	13-8-"
" 1248	4,367	60-14-5
	41,452	-9-7

Balance at close of Fusly 1,66,737-

5. A considerable balance of Current demand remained outstanding at the close of the Fusly which was reduced by the end of October to Rupees 1,24,919- of which the sum of Rupees 1,33,435-7-3 was due by the Purchasers of grain. It is satisfactory to observe that the Principal Collector entertained no doubt as to the future payment by

Fort St. George 4th October 1841.-

by these parties of the whole amount.

6. On the recommendation of the Board of Revenue His Lordship in Council resolves to sanction the portion of the arrears of Fusly 1248 announcing to Rupees 2,046-11-5 pronounced irrecoverable to be struck out of the Public Accounts.

Arrears	2,195-4-6
Irrecoverable	2,046-11-5
Recoverable	149-4-1

7. On reference to Para 11 of these Proceedings it appears that after deducting the Charges, the amount in the Treasury was Rupees 51,985-7-9 which being added to the balances due for Fusly 1249, would produce a sum of Rupees 1,75,878-7-1 for the benefit of the future possession of the Estate. Results so favorable are highly satisfactory and His Lordship in Council has much gratification in recording his approbation of

(18) From the Secretary to the Board of Revenue. Fort St. George 26th Augt. 1841.

From the Advocate General. Reporting that with a view to the objects stated in the Extract from the Minutes of Consultation No. 209 of 2d. March last, he obtained on the 6th August last the decree of the Supreme Court upon the points which had been reserved in their last Decree of 22d. September —"—

of 30th October 1832, and that this last Decree now obtained is final and complete upon all the subjects connected with Pitcheapahs Charities which have to be performed within this Presidency. Observations and suggestions thereon.-

Para 1. The Right Honorable the Governor in Council observes in reference to the measure proposed for adoption in the foregoing communications from the Board of Revenue, that the Honorable the Court of Directors, in Paras 9 and 10 of their despatch of the 5th February 1834 not only approved of the arrangement by which the late Pitcheapahs Moodelly's Charities were placed under a Decree of the Supreme Court under the joint management of the Board of Revenue and of certain Native Trustees, but specially directed that the Board should "be enjoined to exercise a real and not a nominal superintendence over the

the Establishments when formed, and not only to encourage suggestions from the Native Committee for improving the course of instruction, but themselves to suggest improvements and see that they are carried into effect."-

2. The Honorable Court, in a despatch dated 28th April last, suggest a different appropriation of the sum available from Pitcheapahs' Legacy for educational purposes, evidently under an erroneous impression as to the amount of those funds, but were the Honorable Court correct as to the sum available, it is more than doubtful whether it could be legally diverted from the objects to which it has been assigned by the Decree of the Supreme Court; and as it appears by the letter from the Advocate General, above recorded, that the annual income, arising from

Rs. 1,03,000

Fort St. George 4th October 1841.-

from that portion of Putchenpah's bequest which is applicable to purposes of education, is ample for carrying out this design, it is resolved, in reference to re-cent instructions from the Honorable Court, relative to the withdrawal of all interference with Native Religious Institutions, that authority be granted for the adoption of the Trust Deed, adverted to in the 3d Para of the foregoing communication from the Revenue Board, and that immediate measures be taken by that Board for giving it effect.-

From the Collr. of Guntoor Sir,

Letter from the collector of Guntoor submitting his opinion on the Draft of an Act No. IV. of 1840 with a Statement of Summary Suits filed and disposed of in his Office during the last 10 years.

Para 1.- I have the honor to acknowledge the receipt, on the 23d ultimo, of your letter dated 12th ultimo, with Draft of an Act No. IV of 1840 relative to the adjustment of disputes regarding possession of Land, and calling for my opinion as to its sufficiency or otherwise, to attain the end proposed.

2.- Section II of the proposed act does not include Heads of Police, and Heads of Villages. This is defective. It is not expedient that every case, particular

Fort St. George 4th October 1841.

minor case, should be required to be brought before the Magistrate the distance might operate as the denial of Justice to some, and in all cases.- witnesses would be called upon to be absent from their Homes. Section LI. Regulation XI. of 1816 vests the power of adjudication in the Heads of Police, and Heads of Villages, in cases of forcible occupation, or seizure of lands or crops, and forcible occupation or diversion of Water for Cultivation. The proposed act should embrace this Provision.-

3 Section III empowers the Magistrate to attach in cases in which he is unable to satisfy himself as to what party was in prosession of the subject of dispute. This appears questionable. The Magistrate can generally determine, more especially when the aid of an assessor is afforded, who has the preferable right to occupy

occupy – attachment is in expedient for many reasons it may prove in practice too easy a mode of meeting difficulties: it will be of no benefit to either party, and involves the withdrawal of the subordinate Police Officers from other duties to take charge of the subject in dispute. attachment is not un= =frequently desired by the Party who has the less preferable claim, not because the subject in dispute will be secure but because his opponent is kept out of possession for a time perhaps for years. There will be a suspension of enjoyment= involving loss to the right ful owner and to Government where Revenue is payable Further the Magistrate according to the present practice of the Courts must be a= Defendant, as the Court of Competent authority cannot cause the subject in dispute to be given up without the answer and explanation

explanation of the Magistrate, thus, occasioning an unnecessary demand on the time of the= Public authorities, and expense to Government on account of fees Stamps &c.

Note

In the case referred to in letter to the Board dated 5th August 1840. the Govern= =ment were re= =quired to pay Costs to the extent of= Rupees 200= merely to get the subject of dispute out of the Magistrates custody=

4. The provision of sec= =tion IX is very important, as calcu= =lated to facilitate the adjustment of disputes, and to save the parties from having recourse to a Court of Law.

5. In the proposed re= =cision of Regulation V. of 1822 –– the important provisions contained in Sections VIII. XI as far as this= Section refers to costs and damages XV. XVII and XVIII should not be lost sight of in the new enactment Regulation V of 1822 is a valuable enactment, and the proposed= new act should be made fully an equivalent.=

6. With reference to the concluding Para of your letter under acknowledgment. I have ––

Gentlemen

In obedience to the Order of the Honble the Board of Revenue dated 10th ultimo, I have the honor to forward herewith a Statement shewing the number of Summary suits filed under Regulation V of 1822, disposed of and remaining at the end of each year before the Collector of Guntoor from 1831 to 1840 inclusive.

2. I have also filed in this Office, and displayed at the Cutcherry, a Copy of the Regulation, and have many reasons at the close of the year 1837 to regret that the Native Establishments attached to the Collectorate are not allowed a Monthly Allowance from Government, as the Duties they have to perform are very much increased by the Regulation, and the Collector is frequently obliged to employ Peons at his own expence, to enforce the attendance of Witnesses, the Law should be altered in this respect.

4 The decrease in Home Consumption occurred chiefly in the Neidavassel Division, and is accounted for by the usual circumstance of the inhabitants on the Southern borders of South Arcot having been compelled in the previous year, to resort for their domestic supplies to the Bazaars on the Northern border of this District in consequence of the failure in the Manufacture at the Southern

5 Of the large decrease in Inland consumption viz.t 351 G. 195 m. / 161 G. 185 m. occurred in the same Division, the wholesale Merchants who usually resort to the Salt Pans of South Arcot, having in Fusly 1249 been obliged to draw their supplies from that Division by the circumstance mentioned in the preceding para. The remainder of the decrease has occurred for the most part in the Southern Division, Arsanagherry and Sendalay, and chiefly during the Months of October, November and December, when the very heavy rains rendered access to these pans extremely difficult, and materially obstructed traffic of every kind, especially in an article so easily affected by wet and damp as salt. It is moreover

moreover to be remembered, in account-
-ing for the decrease in the
Inland sales, that there was
an increase under this
Head in Fusly 1249 as compared
with the preceding year of Garce 145.34
The increase in the
Export to the Danish
Settlement of Tranquebar
and the decrease
in the quantity
supplied to the
Karricaul Government
is a satisfactory proof that
the clandestine supply of
the former settlement,
through the latter, has been
considerably checked.

20. The decrease in the Sale of Sayer Rowannahs is chiefy to be accounted for by the Tobacco, which was under Annamy in Fusly 1249, having been rented in the year under report; and the facilities for evading the issue of Rowannahs under rent are obvious.

21. The balances of current

for the rest of the year, the remainder of his Rent was resold, at a loss of Rs. 300 Rupees, of which 26-2-1. having been recovered by the sale of his property, he was sent to the Zillah Jail on the 12th. August last, as reported in my Letter of that date, as a defaulter to the payment of Rupees 273. 13-11-

23. The Head Assistant Mr. Cooke has during the Fusly, had charge of the Departments of Salt, Sea Customs, and Frontier duty; and it only remains for me to remind the Board of the satisfaction expressed by Sir H. Montgomery with his management of them, and the ready and useful assistance he derived from that Gentleman in every Department in which his services were required.

into store in the course of the year under report making a total of Garces 4,289-142-
or inclusive of the salt gained by Measurement and by confiscation during the same period, of Garces 4298-53-3/4
Of this quantity, Garces 2,413-378-3/4 were disposed of within the year 1250, leaving a balance on the 11th of July 1841 after deducting the wastage on the sales of Garces 1,798-390-- as particularized in the Margin.- - -

Increase- - - - -	16283-5-3	

3. The Value of Salt sold in this year is Rupees 2,53,464-5-3, exhibiting an increase on the receipts of the past Fusly of Rupees 16283-5-3. This quantity sold, viz Garces 2,413-378-3/4 and the amount realized from it Rupees 2,53,464-5-3, it will be observed by reference to Statement (No. 1) exceed all previous years. The Chief part of this increase has occurred at the Pans at Vypaur where during part of the previous year there was no Stock on hand

hand. The cause of the Merchants applying so largely to these Pans during Fusly 1250, may be partly traced to Vypaur having been during the same period a favorite place of export for Cotton, affording an opportunity for employing the return Carriage in the conveyance of salt to the Interior.-

4 The decrease in the Sales at the Arasadee Pans may be accounted for by the nearly corresponding increase in the two depôts immediately North and South of that Station, and a comparison of the Sales at Coolasagaraputam with those at the two depôts in its Neighbourhood, will explain the decrease in the latter.

5. Inclusive of the Extra Collections derived from Fines and forfeitures &c. in this Department during the year amounting to Rupees 80-10-1. the aggregate Amount

Fort St. George 4th October 1841.-

Amount of Collections stands at Rupees 2,53,544-15-4. or Rupees 16,231-5-5. above the gross Collections of Fusly 1249, the highest on record previous to the year under review.-

Charges.

Fusly 1249 - - -	31,972-7-1.-
1250 - - -	21,080-11-1.
Decrease - - -	10,891-12-0.

6. The charges on the above Collections amount to Rupees 21,080-11-1. or 85/100 per Cent, exhibiting a decrease of Rupees 10,891-12-0. In tracing out the particulars of these charges it appears that the Material item of decrease is "Salt Manufacturer's Share" less by Rupees 11,034-10-5. than in the last year, the early part of the season of Manufacture having been unfavourable, a less quantity of salt was stored before the close of this Fusly than before the close of the preceding Rupees 1220-7-4. under the Head of Commission, Caused by the Cessation of this allowance on the resignation of Mr. Eden and annexation and Piece 8 in Saderware & making in

in toto Rupees 12,255-8-5. Against this Gross decrease are the expences of the additional Establishment of a Peshcar &c recently sanctioned by Government for the better Supervision of the Salt Department, and Augmentation of Pay of the Several Salt Chowkeydars in the District, which with excess in the incidental Charges, Amount in all to Rupees 1,363-12-5, being deducted, the Net decrease will be equal to Rupees 10,891-12-0- as above remarked.

Do. 1249-	20,541-2-10.	
Increase - - - -	2,923-1-5.	

7. After deducting the above charges from the Gross Collections, is found a Net Revenue of Rs. 2,32,464-4-3. which by Rupees 2,923-1-5. is greater than in the past period, a result which will doubtless be deemed creditable to Mr. Pringle, the Head Assistant, under whose immediate Management the Department is conducted.-

Fusly 1249- - - - -	74830.
1250 - - - - -	77,270.
Increase - - - - -	2,440.

8. The Betel and Tobacco duties were rented in the past fasly for Rupees 77,270- or more

more than the Rents for the year preceding by Rupees 2,440. Of this demand, the Sum of Rupees 3,650 outstanding against the Contractors at the end of the fusly has been since reduced to Rupees 93-14-4. and this small amount will be shortly collected.

Fusly 1249	4,650.

Fusly 1249	128563-3-10.
" 1250	115,118-6-4.
Decrease	13,444-13-6.

9. The Collection of Sayer under Dumanie Management is Rupees 115,118-6-4. or Rs. 13,444-13-6. less than fusly 1249. The greater part of this deficiency has occurred from diminished Exportation of Piece Goods to Bombay Mocca and Malabar, of Jaggery to the Presidency and from reduced produce of Gingely Oil & Seed Sea for Home Consumption.-

Sayer Collections	191,238-6-4.
Extra Collections	137-4-9
Gross Collections Fusly 1250.	191,375-7-1.

Charges.

Fusly 1249	23020-2-1.
" 1250	17681-13-4.
Decrease	5338-5-1.

11. It will be observed that the Charges Collections are considerably reduced in this year. This has occurred chiefly from short payments on account of drawbacks consequent on diminished exportation of Piece Goods, and on the abolition of Collector's Commission as already Noticed.-

Gross Collections	191,375-7-1.
Charges	17681-13-4.
Net Collections Fusly 1250	173,693-10-1.
Do. 1249	180,638-7-6.
Decrease	6,944-13-5.

12. Notwithstanding the decrease in the demand under the Head of Sayer, this large reduction in the Charges, as observed above, leaves the Net Collections less only by Rupees 6,944- than in fusly 1249.

Sea Customs.

Fusly 1249	23958-13-11.
" 1250	18638-2-1.
Decrease	5320-11-10.

13 The Revenue derived from Sea Customs for the year under review, exhibits, in contrast with the former

former year a diminution of Rupees 5,320-11-10. This decrease would have amounted to Rupees 8,875-15-1 had not a gain on the Exportation of Chanks to Bengal, of Cotton to China and of Sundry articles to other places, with some trifling increase on import amounting together to Rupees 3,555. 3-3. formed a set off against that Sum. The Net decrease, Viz, Rupees 5320-11-10. has been occasioned mainly by decreased Collection of the duty on Metals. In the previous year a quantity of white lead, the Cargo of the Lady Wallace, which was wrecked on this Coast in December 1839, was transhipped to Madras &c on Malabar, and the duty thereon swelled the Collections of Fusly 1249. Less on exports of Juggery to Madras, of on Salempores and other Cloths to the Presidency, Malabar and Tanjore, Cause a further decrease. Certain on Vessels destined to Travancore from other Ports, having in Fusly 1249 from

Vide Statement No. 8.

stress of weather been forced to land their Cargo of Tobacco at the Ports of this District, the duty on that article was increased in Fusly 1249. and accounts for the decreased Collections on comparison under the Head of importation of Tobacco in Fusly 1250..

Charges.		
Fusly 1249	2419-2-1.	
" 1250	6069-4-11.	
Increase	3650-2-10	

14- There is an increase in the disbursements for this year of Rupees 3650-2-10. The account particulars of these charges shew a deficiency in every item except refunds, in which there has been a considerable increase, for reasons thus explained:

From the Board 16th April 1840.
Do - - - Do 1st May - -
From - - Do 24th Sept - -

A duty of 10 per Cent was levied on Cotton exported to France on Foreign bottoms, and of 5 per Cent on that to China on a British Vessel during the last and present fusslies, but by reference to the correspondence noted in the Margin, it will be observed that the former duty was reduced to 5, and the latter to 3 per Cent. Consequent on this alteration it

Fort St. George 4th October 1841.

it has become necessary to refund the difference between these two rates to the parties concerned, amounting to Rupees 3930-12-9. From this sum the decrease in Sundry charges Rupees 280-9-11. being deducted, the residue will be equal to Rupees 3,650-2-10. on the Net Increase. This increase of charges added to the decrease in the Bariz itself has reduced the Net Collections, Rupees 8,993-2-9. below the amount brought to account for last year.-

There is a falling off under the Head of Small rents for this year owing to decrease in the biddings for that for Chay root, and the Fish revenue having been considerably diminished from the failure of periodical rains during the Season under review. Of the total Bariz of Rupees 18118-7-7, Rupees 13,905-7-1. have been realized within the fusly, and Rupees 3163-14-11. since that period,

former year a diminution of Rupees 5,320-11-10. This decrease would have amounted to Rupees 8,875-15-1 had not a gain on the Exportation of Chanks to Bengal, of Cotton to China and of Sundry articles to other places, with some trifling increase on import amounting together to Rupees 3,555.

Vide Statement No. 8.- 3-3- formed a set off against that sum. The Net decrease, Viz, Rupees 5,320-11-10- has been occasioned mainly by decreased Collection of the duty on Metal. In the previous year a quantity of white lead, the Cargo of the Lady Wallace, which was wrecked on this Coast in December 1839, was transhipped to Madras & on Malabar, and the duty thereon swelled the Collections of Fusly 1249. Less on exports of Juggery to Madras & on Salempores and other Cloths to the Presidency of Malabar and Tanjore, Cause a further decrease. Certain on Vessels destined to Travancore from other Ports, having in Fusly 1249 from

stress

Stress of weather been forced to land their Cargo of Tobacco at the Ports of this District, the duty on that article was increased in Fusly 1249. and accounts for the decreased Collections on comparison under the Head of importation of Tobacco in Fusly 1250..

an increase over and above the amount of the last year of Rupees 2169-1-5. This excess is caused by the realization of arrears as detailed in the Statement B. which accompanies this. Deducting the Charges from the aggregate amount of Collections as specified in the above Statement the result is an excess of Rupees 22,776-8-10 in favor of Fasly 1250.

Order on the two foregoing Statements (55-57) } Ordered to be recorded.

Read the following letter

From the Coll.r of Malabar (58) }

To the Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to acknowledge the instructions convey-ed in the Board's Extract of the 4th 13th Instant, that the Renter of the Neilgherries Aberaree Farm be required to pay at least at the rate of 8700 Rupees per Annum for the six weeks which elapsed be-fore the Farm was fully made over to him - i.e. from the 12th July to 27th August last - But I would observe, in explanation of my recommendation, that he should only pay 6,250 Rupees for that period that the Farm was not as supposed by the Board, under Amanie Management. Not being prepared at once to take it I informed Lutchmana Naick that he might hold it at

Fort St. George 4th October 1841.

at the reduced rate at which it had been knocked down, till a final ar-rangement was made. I trust, under these circumstances my original recommendation may meet the Board's approval.

Malabar Collectors Office Calicut 25th September 1841. } (Signed) A.V. Conolly Collector

Resolution thereon, (58-59)

Under the explanations afforded in the foregoing letter the Board authorize the Collector to calculate the amount to be paid by Lutchmana Naick for the Aberaree Farm of the Neilgherries for the first 6 weeks of the present year at the rate suggested in his letter of the 1st ult.o viz. Rs. 6,250 per annum.

Sir,

With reference to the Proceedings of the Board of Revenue dated the 4th

Fort St. George 4th October 1841.

the 6th Instant, I have the honor to for-
=ward the enclosed Copy of a letter from
the Principal Collector of Coimbatore
from which I regret to observe it
does not appear practicable to
effect any reduction in the rate of
Bandy hire, the more especially
as the Bandy men have received
their full pay and appear to have
proceeded according to the instruc-
-tions given them to Coimbatore -

To the Acting Collector of
Sea Customs
Madras -

Sir,

With reference to your
two letters dated the 25th May and
28th June, I have the honor to be
inform you, that on the receipt
of the former, instructions were
sent to the Tahsildar of Errode,

to

Fort St. George 4th October 1841.

to detain the Bandies laden with Ploughs for
the American Cotton Planters at that place,
but my instructions could not be observ-
=ed, the Carts having travelled by way of
Trichinopoly and Caroor, instead of
the usual, and direct route. It appears
a great mistake has been made in
the transmission of these implements.
In the first place, the Orders of Govern-
=ment were not strictly attended to.
the instructions were that the Ploughs
&c were to be sent to the address of the
Principal Collector at Errode which was
not done. Again the drivers received
full, instead of half hire, previous to
leaving Madras which is not con=
=sistent with the Police Regulations.
and having received full pay
they of course avoided the route by
Errode because they had in anticipation
the idea of being employed to
carry the Ploughs &c to Errode,

but

but as they would not consent to make
-any -abatement in the charge, -and
being necessary that some scrutiny sh
take place to varify the number -and
-dition of the consignment, other car
were necessarily Employed, -and Capt
Hughes complains with great justice
that this business has been greatly in
-managed.

Extract from the Minutes of Consultation in the Public Department, dated 16th September 1841.

Read the following letter from the Acting Post Master General

To
The Secretary to Government
in the Public Department
Fort St. George

Sir,

Para 1. I have now the honor to forward transcript of the New Rules for the Posting of Bearers which has upon more than one occasion been adverted to, of late in correspondence with the Government. My reason for proposing their adoption is, first, to prevent Government from incurring either loss or responsibility from parties not paying for their Bearers, and it will be seen by the annexed Statement that Rupees 613-14-7 are outstanding which must either be paid by the Parties under orders from Government, or by Government itself, or the Bearers must be losers. Not desiring to mix up the past with proposals for the future, I shall not, on this occasion trouble Government with proposing measures for realizing the outstanding balances, I have directed the Deputy-

Fort St. George 7th October 1841.

Deputy Post Master to prepare and
shewing by whose orders the Bearers were
posted the length of time they were on the
road the reason of their detention and of the
recal and the grounds alleged by different
individuals for refusing payment. I must
advert now to the fact of an outstanding
of Rupees 613-14-7 unpaid to Bearers
employed to shew the necessity of sanctioning
an advance from individuals requiring Pal
sufficient to cover all charges likely to be
incurred &c

2. Another reason for the
modification of the rules is that they are not
in some places intelligibly worded and provision
has since been made by Government respecting
an empty Palankeen which is not included
in them. Another reason is, that under the
Rules Bearers not employed will receive
than when they carry a loaded Palankeen the
full distance. thus Bearers posted to Sha
to bring an individual to Madras will receive
Rupees 137 and if recalled without touching
a Palankeen Rupees 190. This difference arises
chiefly from the batta that will not
be paid the Bearers until they can be
recalled after notice received at the

Fort St. George 7th October 1841.

Office that they are not required. In the
New Rules, 3 clear days is fixed as the li-
-mit for Bearers remaining after which they
will of themselves return, unless new orders
are conveyed to them which is I conceive,
a great improvement and will prevent parties
being put to so great an expense as at
present. Para 8 provides for the rate of hire and Para 10 for Batta for detention.

3. There are only 2 subjects
that appear to require observation from
me, the one is, when ½ hire is allowed for
Bearers going beyond 40 Miles to bring
a party in by stages and this seems to
be reasonable. If the Bearers carry a
party to Vellore, and are discharged they
can in most cases get hire returning,
and will, therefore, be paid both going
and coming, and it is provided also in
the rules that Bearers posted carrying
a party out say 50 Miles and bringing on
another party back the same 50 Miles get
full hire from each. Therefore I think
it is quite equitable that the Bearers who
go out 60. 80. or 100 Miles, to bring a party
in by stages, should receive ½ hire for
going

Fort St. George 7th October 1841.

going out and full hire for returning with the load is

4 The other is giving Bearers who proceed backwards and forwards the same stage for different individuals ½ hire one way and full hire the other. If they carried a Traveller each way they would receive full hire backwards and forwards, but it often happens that several Travellers proceed day after day on the same line, and in this case the ½ hire is proposed. Mr. Drury in Coimbatore strongly advocated the right of Bearers to this rate of hire and his successor informed me that if it were not acceded to Travelling would be stopped and I accordingly requested him to allow it / as Magistrates have by law the power of fixing the rate of hire / rather than that Travelling should be stopt. It seems necessary that the rule should obtain in Coimbatore and Shanar, therefore inserted it desiring that the rules may embrace all possible contingencies. I am not aware that in other Districts similar

Fort St. George 7th October 1841.

similar occurrences will take place, but it is not expedient to have different rules in different places, and as the demand appears equitable I have inserted it.

5 These rules will be carried into effect under the provisions made by the Accountant General on the 30th June last, and under any others framed consequent upon any letter to your address of the 18th Instant.

6 I have been forcibly struck since in charge of this Office with the enormous expense attending Dâk Travelling consequent upon the necessity of sending Bearers from Madras - For instance, no one can Travel Dâk from Madras to Trichinopoly or any station beyond it or between it and the Presidency without sending Bearers 137 Miles from Madras to Sheatty - This in = volves for one Pollam Rupees 137, but by a proposition hereafter to be made

communication on all lines.

8. The pay of the Bearers employed by Government will, as heretofore be Rupees 6 Monthly. This will be defrayed first by their hire at 8 Annas a Mile, being carried to the account of Government and I propose to make up any deficiency that may occur by charging for Bearers throughout the Country who are Posted by Government 8 Annas per Mile paying Bearers not in the Government employ 5 Annas per Mile and carrying 3 Annas to the Bearer employed, to make up deficiencies and as I have no doubt it will more than do this, the amount can be reduced to 7 or even 6 Annas if circumstances seem to justify it.

This will enable Officers of both public and private to proceed Dâk, which now they cannot, and on a late occasion, when we had reason to believe an Officer was likely to proceed from hence to Bombay with despatches it was found he could not move

move under 24 hours, as not a Bearer is
be found on the road for 73 Miles - The
provision of Bearers, would therefore, be a
great desideratum to Government. It
sure the Traveller on each line where the
were not to be found, a great outlay, if
having been shewn he could proceed
Stealthy by paying 69 instead of 137 Rup
so that all parties seem to benefit as

10. I see but one objection
can be urged and that is that persons
not to pay more than Bearers receive
they are to be had on the spot; my reply
this is first that he gains by the propos
plan, for although he pays more where
Bearers are to be had he pays very con
=siderably less where they are not to be ha
and thus in fact is a great saving. And
argument is, the Traveller is about
all the advantage of employing
the Government Servants all through the
Country, gratis. Thus the plan now pro
=sed is to benefit no party but Travellers
themselves, Government taking the trouble

of the Collection and management, and we are
such migratory beings in India, that all
residents are likely more or less to travel
over the road where Bearers are not pro=
=curable, and thus will derive pecuniary
benefit from the Bearer fund.

11 My object in making
this proposition to Government has
resulted from the very great inconvenience
and expense, experienced in the Company's
Territories and from the want of
Bearers the moment we quit our frontier
whereas, on the road to Hydrabad or
Mysore, we find Bearers provided
by the Government, and I have sought
to obtain a like advantage without involv=
=ing an expense to the State and their
payment is the only means of obtaining
this, as all propositions to locate
Bearers, by grants of land have
failed.

12 As new Rules are
to be enacted, I consider it
advisable to bring this subject
forward once for all - If it be
adopted

12839- Fort St. George 7th October 1841

adopted all that will be requisite will be
to insert a Para. which I annex, between
Rule 15 and Rule 16, and to insert 11 Annas
as the amount of deposit to be made and
if, on the other hand, Government are not
disposed to adopt this scheme, 8 Annas
can be inserted in Para 8, and the rule
remain as now framed, as 3 Annas per
Mile is to be given as a deposit beyond
the regulated hires.

receive half hire one way, and full hire the other, for each time they traverse the road.— When Bearers are sent to a distance, exceeding 40 Miles to bring a Traveller back by stages, they are to receive ½ hire for going out and full hire for returning.—

14. In case a Set of Bearers who are posted for any traveller, having received their hire to such post, and are required for any other traveller, such person shall pay the Set the established rate for every Mile they carry him, as if they had been originally posted for him, and if the Set be detained, he will be liable to the charge for detention specified in Para 10.—

15 When a set of bearers is posted, on a Dawk laid for a Traveller, either by the Dak Master General, or the Authorities in the interior, and another Traveller employs them, without the authority

superseded "Bearers Service" in order that no delay may occur in their being sent by the proper authority.—

12. Each Set of Dawk Bearers comprises fourteen men, viz. Twelve Palanquin Bearers one Mussalji, and a Cavy Coolie for which the charge shall be at the rate of 5 Annas per set for every Mile they carry a loaded Palankeen exclusive of the Cavy Coolie and Oil and the charge shall be the same whether a Cavy Coolie be employed or not as Cavy Coolies are to be procured in some places & Coolies will be employed and a charge made for the second at the rate of 4 Annas per Mile.—

13. Sets of Bearers posted from Madras & Out stations shall receive full hire for the distance they carry the loaded Palankeen and half hire for post to their post for such part of the post over which they do not return loaded.— If the Bearers return backwards and forwards for the convenience of different Travellers, they shall receive

authority or knowledge of the Officer who posted the set or laid the Dawk, the individual so doing will be liable, in addition to the regulated hire of the bearers used, to and every extra charge incurred by the Traveller whom the set was originally posted or Dawk laid.

16 In order to facilitate the keeping of accounts, all fractional portion of a Mile will be discharged. - If the fractional part exceed the half, the bearers will enjoy the benefit of a full Mile, if less than a half, they will not be entitled to any hire for the same.

17 All charges of hire shall be made agreeably to the Table of distance and routes in the Madras Road Book.

18 The load for a Coowry Coolie shall not exceed 50 lbs. weight, divided into two equal portions of 25 lbs. each.

19 It is to be understood that although Government have directed its Public Servants to lay Dawk bearers for the convenience of the Public, and will cause every pains to be taken to insure regularity and punctual attendance to all requisitions; yet that neither

neither Government nor any of its Officers are to be held responsible to the traveller, for any unavoidable disappointment he may meet with on his journey, or for the expences consequent thereon.

20 In cases of surcharge or charge being made which to the parties complaining appears irregular, it will be the duty of the Post Master General at Madras to investigate the matter with a view to afford redress. - The decision by the Post Master General at the Presidency, in all references relative to Dawk bearers, to be considered final, except, in cases, when the bearers are posted by him, or his Deputy, in which case the party considering himself aggrieved will be permitted to appeal to Government.

21 It is to be understood, that nothing in the foregoing rules is intended to interfere with Travellers applying to private individuals to post their bearers, should they prefer making their own arrangements without the intervention of the Public Authorities but that no Public Officer will attend to a requisition until the required deposit is made.

To The Secretary to
Government
in the Public Department
Fort St. George

Sir,

Para 1 I have the honor to acknowledge the receipt of the Extract from the Minutes of Consultation of Government, dated 5th April forwarding a letter from the Acting Magistrate of Tanjore and its enclosure and calling for a report thereon.

2 It would seem, that the Magistrate of Tanjore complains of the Department receiving payments in advance from travellers and for its discontinuance upon the grounds of the length of time the Bearers are kept out of their pay that is due, and in consequence the system not being in force in other countries. —

3 The representation of the Acting Magistrate is consequen

upon one received from the Joint Magistrate. — With reference thereto I beg to enclose the correspondence between that officer and myself and to state that I was under the apprehension that the arrangement made of placing funds at his disposal was satisfactory to him, inasmuch as when this was done the amount was received and acknowledged without observation and I was therefore led to presume, that the course taken had satisfied Mr. Forbes, I was not therefore prepared to find the subject brought before Government with the observations contained in Para 3 of Sir H. Montgomery's letter. —

4 To proceed with the Subject I beg leave to observe, that the receipt of a deposit equal to the entire expense to be incurred by the traveller was not intended solely to suit his convenience but principally to prevent the Government

Government being subject to dem
for Bearers not paid by him. There
now an outstanding Balance due
Bearers in this Office of Rupees 2
2-5, of which particulars will
given at a future period and

to pay the Bearers, and the
plan is in operation at Hyd

the Magistrate of Tanjo
deprecates the plan, and

and in another by the

5 The plan o
demanding an advance is in

operation in the Presidencies of Calcutta and Bombay and I enclose a notice sent officially to this Office by the Post Master at Ponah on the subject. To this plan no objections were made by any of the Officers in the Interior except the Joint Magistrate of Tanjore and the Magistrate of Trichinopoly, upon the latter receiving a sum in advance he was satisfied, leaving the former Officer the only dependent.—

6 I had it in contemplation to insert as a Rule in the new Regulations now under preparation, respecting the posting of Bearers to the effect that no Bearers should be posted by any Public Officer until an advance was made, but this reference has obliged me to bring this part of the subject before Government sooner than I had otherwise intended.—

7 I now beg leave to recommend that the inclosed Notice be published to have effect from the 1st of June, that our plan of posting Bearers may assimilate with that in force at the other Presidencies. The object is to obtain from each traveller 5 annas a Mile for the Bearers, and 3 annas to cover the expense of Rattor Oil and other contingencies, the Balance to be returned to the traveller, at the Completion of his

Journey

Fort St. George 7th October 1841.

Journey—

8 An individual desirous of travelling should write to the nearest Public Officer to Post Bearers, that Officer should receive 3 annas per Mile for each Palankeen as a deposit, and write to the different authorities along the whole line of Road to post the bearers, he will pay the Bearers in his own range, and send the Balance the Post Master General—East Post Master or Officer posting Bearers should on the traveller paying his range pay the Bearers in full and send a Memorandum of the charge to the Post Master General. That Officer will make out an account of all charges incurred and forward it with an order for the Balance to the traveller.—

9 To enable the Public Officers to pay the Bearers, each individual should have a sum advanced him, not to exceed 500 Rupees, and the amount disbursed from this will be from time to time made good by the Post Master General remitting the amount disbursed. A list of officers who are to receive the advance and the amount to be placed in his charge should be forwarded by the Post Master General for the sanction

Fort St. George 7th October 1841.

of Government. The Officer receiving charge of an appointment from another, will account to the Post Master General for the deposit and send a receipt for the Cash in hand as also a statement shewing the amount outstanding and the parties for whom it has been expended. The enclosed Copy of a letter from the Accountant General will shew that the Principle of Public Officers making an advance is not considered by him to be objectionable.

10. That plan will answer every purpose and I hope obviate all objection on the part of the authorities in Tanjore, it will ensure the Bearers being paid, secure the Government from loss, which is not now the case, and be a very considerable Convenience to the traveller. Under any other system there can be no Security against Government being constantly put to expence by the non payment to Bearers, as under the present system, they would appear to be responsible to them for their hire.—

11. An objection is made in Para 4 of the letter of the Acting Principal Collector of Tanjore, to the payment of Bearers by the Public Servants but the same objection will hold good respecting Tappal runners and all the inferior servents of Government, and moreover

no

12858 Fort St. George 7th October 1841

no Complaint was made by the Public Bearers who must have been paid in this manner. The Bearers throughout the Country are now placed under one authority viz. the Post Master General, and it seems necessary to have some definite system introduced. It has often been remarked by strangers, that the system of posting here is inconvenient to the traveller. In paping from Bengal to Bombay, while in the range of these Presidencies, he proceeds without interruption and without any demand, but as soon as he arrives at the Madras Frontier he is subject to demands at each stage, and not knowing the language, subjects him to much annoyance, but as soon as he reaches the frontier of Bombay, his journey is facilitated, and these annoyances Cease. I therefore consider it advisable that, without delay, the plan recommended should be immediately enforced, should it meet the approbation and concurrence of the Right Honorable the Governor in Council.—

Sir

I have the honor to acknowledge the receipt of the Government Bill for Rupees 117-4-0. contained in your Deputy's letter of the 13th Instant.—

I take this opportunity of bringing to your notice the great delay that the system lately adopted in your Office of allowing Travellers to pay for their own Hire by the Bearers.—

Mr. Norton paped through Tanjore on the 24th of January and the Government Bill will not be due until the 27th Instant. The money has then to be Sent from the Treasury at Negapatam to my Office, so that 36 days is the least that will elapse between the performence of the work by the Bearers and the receipt of their Hire.—

It has always been Customary in this District to present the Traveller with an Account in English of what is due at each stage, so as to enable him to pay each set of bearers on the spot as soon as they have completed their journey, and as this plan involves no inconvenience to the

12860 Fort St. George 7th October 1841

the Traveller is of essential advantage to the Bearers as
and in accordance with the rules lately published by
Government. I trust that unless under peculiar circum-
=stances, you will not in future encourage a departure
from it.—

It will be seen that the Bearers in Tanjore
will have travelled with Mr. Norton, Mr. Douglas, Mr. Bar
and Mr. Horsely, and any traveller who may come under
similar permission to pay for his dawk at Madras betwe
this and the 2d Provinces without the receipt of one portion
whatever of their hire, and under such circumstance
is not to be expected that they will cheerfully perform
their duty, and Travellers therefore will in the end be
the sufferers from delays and annoyances which so long as
the Bearers are not promptly paid as heretofore, it will
be not of the power of the local authorities to remedy.

of intimation from the public Officer from whom such application may have come, that the hire of Bearers for the entire distance has been received from the traveller in advance, and I beg to submit the following arrangement as calculated to give effect to the measure.-

2d. The Post Master general, or his Deputy, at the Residency and Public Officers at Out-stations whose duty it may be to provide for travellers, will on receipt from the latter of the hire for the entire distance, in advance, intimate to Public Officers on the route, to whom they may make application to provide bearers, that the full hire has been received, and request them to disburse the hire of such bearers as they may provide, and to debit the same to the applicant in account. The Public Officer who may have received the full hire in advance and applied for an outlay on account of portions thereof by other Officers, will credit to the latter in his accounts the portions of hire paid by them respectively, for the Bearers whom they provided,

Sir,

I have the honor, with reference to the Minutes of Consultation of Government dated 15th June 1841 to transmit the enclosed Copies of letters from the Post Masters in the interior to the Accountant General, and forwarded by him to this Office, respecting the payment for posted bearers, from which it will appear, that some modification of the plan laid down by the Accountant General is desirable. -

2. In the present mode of Adjustment, Government may be losers, inasmuch as the Officers receiving the advance will calculate the amount of deposit according to the direct distance, and, in the event of Bearers having to be brought from a distance, or Dutta to be paid for detention, the amount credited in the Account will be less than the same disbursed, the difference falling upon Government.

3. It will therefore be necessary that the first Officer who is applied to, for posting bearers should receive 8 annas per Mile, as an advance, to cover all

all charges- Each officer should debit the Amount paid by him, in his account as proposed by the Accountant General, and inform the Post Master General of the same, as is done at present, and an arrangement can then be made with the Accountant General by the Post Master General, for returning the balance due to the individual making the advance.-

5.- I beg to recommend, that the subject be referred to the Accountant General and that he be requested to issue instructions to meet the difficulties noticed.-

6 It appears from the correspondence that difficulty is experienced in ascertaining the distance between places each officer entrusted with the posting of Bearers, should be furnished with a Road Book and a Copy of the Polymetrical Tables, if not already supplied with them, by which the direct distance can be calculated with ease.-

To The Accountant General
Fort St. George.

Sir, Your Circular of the 30th ultimo, on the subject of posting bearers did not reach me till the 5th Instant.-

In answer to a Circular on the same subject from the Post Master General, I did not fail to show under Date the 10th January 1839 the difficulties that opposed his wishes as well on the score of Extraordinary expense that would be incurred in one or many Collectorates by

by neglect or impossibility to comply with all co=
=sidered requisitions, in one and which it remains
to be settled. if it should be met by the traveller
or by Government or if the Collectorate Post Master
should be responsible, and secondly on the
score of adjustment of the Accounts.-

2. In the 2d para of your letter you
lay down a General rule for crediting to differ=
=ent Officers the portion of hire they are to pay
for a traveller starting from hence to a distance
and paying here in advance, and require me to
a portion such sums respectively &c &c my
information extends only to my one Collectorate
I am unable to do so without detailed instructions

3. In the 3d Para you require me
to make all necessary subsidiary arrangements
for the same above named reason, that I am un=
=acquainted with the details of other Collectorates
I cannot undertake it without detailed
instructions from those who have the power to
call for information, and digest a plan to
meet such difficulties as may occur
in the following examples.-

A orders me to post four
sets of bearers with a Curry Coolie
to carry him post to Nagpoor by Nun=
and Hydrabad (for the sake of example

calculating the number of Miles I receive
in advance from the traveller my demands.
At Cuddalore all bearers have been pre
engaged and are kept on the Road for
the Right Honorable the Governor or for
some Military exigencies, all the rest of the
route they have been duly laid kept for
the traveller three days and recalled.- I
address the traveller to pay batta bills.
he naturally declines, and in addition re=
=quires remuneration from me for his dis=
=appointment.-

Again when he arrives at Hydrabad
still for the sake of example, he finds Curry
Coolies are not in use, but double the Number
to carry loads on the head are provided for
him. They cannot by any means keep pace
with the palanquin. He will not travel with=
=out them and goes only 2/3rds of posting rate
per diem, all the bearers in advance require
batta. those nearest his journey's end have
been withdrawn, because of the lapse of
3 days in his non arrival.-

4. In my mind it is impossible
for each Collector, Acting independently, to give
effect to yours and the Government's wishes, and the
only way to effect it is for one controlling
authority to lay down instructions
in

Fort St. George 7th October 1841.

in detail for all.

Again, The bearers in the Hyderabad Country were not formerly subject to Madras rates of hire. If they are so now, I know not neither are they to be found at each station. after making my communication to the Post Master at Hyderabad. I find that using his discretion for the accommodation of the traveller an unforeseen difficulty of refusal of the Nizam's bearers to do their duty he has called a sufficient number from Masulipatam, Vizagapatam &c (still for the sake of example.) and to my demand on the traveller for the enormous bill of batta, he declines paying, saying he gave at first the just hire for which he understood the Government had undertaken to convey him to his destination and he cannot be responsible for the want of arrangement and information on the part of the Government Officer.-

Para 1. The depressed condition of this Estate is attributed by the Collector to the disturbed state of the Rumpah Country, to which it adjoins, and to the effects of the damage sustained by the storm which occurred in the Month of November 1839.-

2. These combined causes materially retarded the regular realization of the Demand on the Estate, for the

period under review - The Amount outstanding on the 13th March 1841. the date of the Collector's report, appears on reference to para 5th of these Proceedings to have been 3189-11-5 of which Rupees 1,181-6-10. only were deemed recoverable - The Board supported the recommendation of the Collector as to the expediency of remitting the remaining Rupees 2,008-4-7. and His Lordship in Council resolves accordingly that the above amount be struck off from the Public accounts, as an irrecoverable balance

3. The Board request the further sanction of Government for the remission of such portion of the old balances due from Fusly 1240. to 1248. inclusive, as on the additional information rendered by the Collector were proved to be irrecoverable - Under the explanation now submitted - His Lordship in Council directs that the sum of Rupees 19,380-15-2- be at once written off - The whole Amount

Para 7-8. 4. The receipts of the year amounted to 15,102-7-10 of which after deducting charges, there remained 19,508-15-3. to meet the Peish-cush Amounting to 12,789- leaving a balance of 2,280-4-9. which added to those of previous years since Fasly 1240 gives a total of arrears to the date of the Collector's report of 29,252-13-1. in addition to the sums already written off. the Amount of the arrears at the time the Estate came under the Manage-ment of Government was 12,821-4-7. and the subsequent accumulations are chiefly to be attributed to adverse seasons. The resources of Cottapilly alone appear, from a reference to Statement No 1. in the Collector's report Column 20 to be

From the Agent to the Governor of Fort St. George at Vizagapatam. Reporting on the claim of P. Chinniah Petitioner to be exempted from the Cuttoobady imposed on her Manium lands.

Sir,

I have the honor to acknowledge the receipt of the 2 Accompanying Petitions addressed to the Board of Revenue by P. Chinniah of Bonee, in the Vizagapatam zemindary, and which bear the endorsements of the Board, calling on me to report on the claim of the Petitioner to be exempted from the Cuttoobady imposed on her Manium lands.-

2 I may observe that the 2d Petition is chiefly a complaint against a Pleader in the Court of Sudder Udalut and makes merely a cursory allusion to the above claim, to the effect that it is under examination in my Office.

3 The Petitioner states that after the resumption of the Village of Bonee which is entered in the Permanent Settlement accounts as a Mocapah of her

her brother, a piece of land was granted in lieu thereof, to her Sister in law who subsequently transferred it to her.

4 The above land is entered as Jeroyte in the Permanent Settlement accounts and a Cuttoobady was fixed upon it in Fasly 1247. on the principle adopted by my Redecessor, and which has been previously explained to the Board of Revenue.

5 Since the receipt of the 1st Petition now under consideration, I have repeatedly called on the Petitioner to adduce proof / documentary if practicable / to support her statement but she has hitherto failed to do so. I have therefore at present no means of judging how far her statement is correct or otherwise, but I shall be at all times ready to enter into an examination as to the justice of her claim to be exempted from Cuttoobady

9 From the Collector of Vizagapatam. Reporting on the claim of Petitioner to compensation for being removed from the Ground they occupied.

Sir,

Para 1. I have the honor to acknowledge the receipt of the accompanying Petition which bears an Endorsement of the Board of Revenue directing me to report on the subject of it at my earliest convenience.

2 The Petitioners complain of having been turned out of their houses and claim compensation for the loss of them.

3 The Ground occupied by the Petitioners intruded as an angle into

into the space which had been assigned as the batting ground of the Regiment stationed at Wallair

4 The Officer Commanding the Division applied to me if possible to procure this piece of Ground and forwarded to me the representation of the Officer Commanding the 1st Regiment Native Infantry, not only applying for the Ground, but pointing out in very strong terms the injury the Regiment sustained by the very objectionable nature of the Houses then occupying it.

5 This Ground is not the property of Government, but forms part of the proprietary Estate of Wallair. I therefore applied to the Proprietor of Wallair to know if the Ground could be obtained, and if so on what terms. He informed me that he had permitted the huts to be built there on the express condition that the Ground should be restored to him if he required it

it and that he would give the owners a spot of waste land close by, to which they might remove their huts - This he has accordingly done and the Petitioners are now comfortably located in a very eligible spot of Ground - The whole value of the huts could not have exceeded 50 Rupees, and as the Petitioners have removed all the Materials they can have incurred very little expense - If the proprietor had required any compensation for the Ground - I would not have hesitated to have applied for the Sanction of Government - for the disbursement, but he distinctly stated that he did not require any. The Petitioners were removed from the spot of Ground which they occupied by him, not by me, and from him therefore they ought to claim compensation.

Sir,

I do myself the honor to enclose for your perusal, a Letter received from the Officer Commanding the 17th Regiment Native Infantry, and request you will kindly inform me, if the owners of the Property therein named are willing to dispose of the same or if there is any Ground in the vicinity of the Lines available.

Northern Division.
Waltair.

Sir,

In bringing to the notice of the Brigadier General Commanding the Division, the circumstance of the Ground hitherto allotted for the lines of the Regiment at this station, being inadequate for the purpose intended I have the honor to represent 1st that this insufficiency of space arises not solely from the augmentation of numerical strength by an additional Company, the Ninth - but consequent on the original deficiency of room for the Putting of a Regiment even of the previous strength, as appears evident in the preceding Corps, the 44th, having always had upwards of two hundred men unprovided with hutting ground, and who were obliged to find cover wherever it offered, either in the Public Bazar or elsewhere, a course which I need scarcely remark is prejudicial to the established

established system for the preservation of a salutary state of order and discepline, and incongruous to the imperative injunctions of Paras 32 and 33. Section XIV. of Infantry standing orders.

2 I would beg respectfully to suggest for the Brigadier Generals consideration, the practicable arrangement of including a spot of Ground which abuts, as an angle on the space assigned for the Regimental lines and in a liniment therewith skirting the public road which forms the front boundary, now occupied by a nest of Toddy shops, and receptacles of depravity constituting a positive Nuisance, offensive both to the maintenance of regularity in so large a body of men, however generally well disposed, and to the European Residents immediately adjacent. The spot to which I allude would add sufficient Ground to the present lines where one inclusive to hut the whole of the

the Regiment, and would also remove the facility now offered for the corruption of men hitherto not addicted to inebriety and the disability to impose restraint efficiently as enjoined in the conclusion part of para 10 Section XIV. of Infantry Standing orders.

Proceedings thereon. There appears to be so great a discrepancy between the assertions of the petitioners and the report of the Collector, both as to the time since which the petitioners have occupied the spot of Ground of which they have been dispossessed and the amount value of their houses, that the Board are desirous of

9-10

of having more particular information on the subject, before disposing of the case. The Collector is requested accordingly, to furnish a Statement shewing the number of persons affected by the appropriation of the spot of Ground in question to Military purposes. The number and value of their houses. a Sketch shewing the position and extent of Ground from which they have been removed, and of the space allotted to them in lieu thereof.

(13) Sir,

From the Collector of Vizagapatam } Para 1. With reference to the letter from the Secretary to the Board Reporting the dispute of Revenue in the Department of Public Works dated the 22d August 1839 and the Extract from the Minutes of Consultation which accompanied it. I have the honor to report that the season early favorable, I availed myself

which the proprietor is willing to give up for — Rupees 30,000-

myself of the opportunity of my late tour to the Southern extremity of the District to inspect / in company with the Civil Engineer / the disputed channels in the Survasiddy and Royavarum Estates-

2 The Government declined to sanction a sluice proposed to be erected by the Civil Engineer on the ground that it was objected to by the Proprietor of the Royaveram Estate who alleged that Mr Freese had passed a decision in his favor

3 The object of the Civil Engineer was practically to carry out the decision of Mr Freese though certainly in a manner different from that laid down in the decision itself.

4 The Royavarum channel has been dug at a spot where the River takes a bend, so that the whole stream flows down the channel, and the original bed of the River has been choked up by sand and a great deal

deal of it is now under Cultivation-

5 Mr. Freese's decision was to the effect that the sand in the original bed of the river should be cleared out till it was on a level with the bed of the channel and that the beds of each should always in future be on the same level. Now this decision though perfectly equitable only afforded ground for future disputes- The Channels in the Rivers are generally filled by freshes which do not continue for more than a few days at a time a great deal of sand generally accompanies these freshes and in the event of one of the parties proceeding to remove the sand the other immediately prevents them on the ground that they are deepening their channel in opposition to Mr Freese's decision and before the matter can be settled the water has all passed away.

6 To remedy this state of things the Civil Engineer proposed to erect a Sluice in the bed of the river to make

an equitable division of the water before it entered the Mouth of the Channel. To this Narrain Row objected I could see no force in his objections but from the failure of rains I have been unable fully to perceive the effects of Mr Freese's decision till now.

7. When I visited the spot the Proprietor of Royavarum was present and he could not help admitting the great loss the Villages of Survaseddy were sustaining. In his channel there were upwards of 7 feet of water while in the Survaseddy channels or rather the original bed of the river, it was not Ankle deep.

8. Narrain Row is very unpopular in this Estate and disputes between him and his Ryots are very numerous. This circumstance and the impossibility of advancing any arguments to support his claim to the water which he has for many years unfairly taken, have induced him to make a following

proposal

proposal.

Narrain Row purchased the Royavarum Estate in public auction in the year 1815 for Rupees 40,500 and he now offers to transfer it to the Government for Rupees 30,000. This offer appears to me very advantageous and I must strongly recommend it to the favorable consideration of the Government and the Board of Revenue. The Estate of Royavarum is undoubtedly a profitable one. It can be incorporated with Survaseddy and the expences of Management will therefore be very small. Besides the two Estates of Royavarum and Survaseddy being united by an equitable division of the means of irregation of which in ordenary Seasons there is ample for both, the Government revenue in Survaseddy will be improved and preserved and an end will be put to disputes which have given rise

to

to much excitement and bad feeling in that part of the District—

10 Should the Board and the Government have any objection to the above arrangement Narrain Row offers to transfer the Villages irrigated by the channel in dispute, if Sub division Accounts are prepared and their proportion of the peishcush deducted from the amount which he has to pay—This proposal is also very liberal, and evinces an anxious desire on his part to bring this Dispute to an amicable termination, but the first proposition appears to me more just to both parties and I trust that it will be viewed in the same light by the Board of Revenue, and the Government—

11 I beg leave to transmit a translation of the proposal of Narrain Row the proprietor of Royavarum—

3 There are many other circumstances also, which clearly shew that the will is not the act of the deceased

4 As the widow appears to be the legal heir, and as it has been satisfactorily proved by respectable witnesses that she is in her 19th Year and is fully competent to Manage the Estate I recommend that the Estate should be registered in her name and made over to her on her paying up the Arrears of Peishcush Amounting to Rupees 782–12–1–

Sir,

I am directed by the Board of Revenue to forward for submission to Government the accompanying Letter from the Principal Collector of Nellore enclosing a Statement shewing the names and endowments of the Pagodas in that District in the Administration of which the interference of Government has been hitherto exercised; and suggesting arrangements for their Management after that interference shall have been withdrawn.—

2. From the Statement No 1 which accompanies the Principal Collector's report it appears that the Pagodas under the Management of the Circar in Nellore are neither numerous nor of any very great note existing only

only in the 7 Villages entered in the margin,

1. Immarada
2. Gundavaram
3. Pandurty
4. Indukoorpettah
5. Kistnapatam
6. Jaregummully
7. Mullavaram

The expenses of these Pagodas have been defrayed from the proceeds of Villages appropriated to that purpose of Cundreyas. Maniams, and Salt Reysomes. The Collections and disbursements having been made by the Circar and on account of each there is a Sum remaining in deposit in the Collector's Treasury varying from 5 to 970 Rupees. The total amount being Rupees 1493-10-11.—

3 In regard to the Pagodas belonging to the Villages of Immarada Gundavaram, Indookoorpettah Kistnapatam and Pandurty, the Principal Collector suggests that the Management of each should at once be made over to a Committee composed of the parties specified in the 4th Para of his letter, being in most instances

From the Collr of Nellore. — Informing the public sale of the Sydapoor Zemindary. and submitting a Mogeerabitah for the Management of the said Talooke. —

To The Secretary to the
Board of Revenue
Fort St. George.

Sir,

Para 1. I have the honor to report, for the information of the Board, that no portion of the balance of Peishcush due on the Sydapoor Zemindary for Fusly 1250. having been discharged, the Estate was put to public sale on the 9th Instant and purchased by me on account of Government for Rupees 20,000 - - - There were only two Bidders. the Venkatagherry Vakeel, and a substantial Reddy of one of the Government Villages. a year or two ago when there was a probability of the Estate being sold, it was understood that the Venkatagherry Zemindar intended to purchase the Sydapoor Estate which adjoins his own, and to confer it on the future husband of his daughter, but the death of his eldest Son a few months ago led him, it is stated, to abandon the intention.

I beg

2. I beg to request therefore that the Sanction of Government may be obtained for the purchase of the Estate on its account, for Rupees 20000 - " - " This sum exceeds the balance of Peishcush due for Fusly 1250. which on the day of Sale after giving credit up to that date of Collections subsequently made by the Ameen amounted to Rupees 18481 - 5 - 6. The surplus Viz.th 1518 - 10 - 6. will be carried to the Credit of the balance of Rupees 43660 - 6 - 11. due up to the close of Fusly 1245, leaving a net balance still due of Rupees 42141 - 12 - 5 regarding which I request orders, whether the whole or any portion is to be demanded of the Zemindar, or the sum remitted altogether, if the latter, I request Sanction for writing off the amount to profit and loss. The Board will observe that in the foregoing calculation, no charge for interest, either on the old balance of Rupees 43660 - 6 - 11 or on the balance of Fusly 1250. has been taken into account. On the former, or

Interest.

Interest is not strictly chargable as the Collection was postponed by Government, and as the Estate has been sold, the Board will perhaps not deem it necessary to insist on the payment of interest on the balance of Fusly 1250.-

3. I could have wished to have incorporated the Villages of the Zemindary in portions with the adjoining Government Talooks of Goondavole, Toonmalatalpoor and Survapully, but it is not practicable. The Zemindary consists altogether of 115 Villages and hamlets, of which 46 are core Villages, and 21 hamlets. The number of alienated Villages and hamlets are stated to be 48, but future enquiry must determine the precise number held on valid titles. Extensive tracts of Jungle intervene, between many of the Villages and those of the adjoining Talooks.-

4. The revenue management of the Zemindary has for many years been carried on without System or regularity, and in fact every Village has been within the last 20 years more or less deserted.-

The

The former estimated gross revenue of the Zemindary was upwards of 80000 Rupees exceeding considerably what have been the actual Collections for many years past. It will require for some time to come, great care, and close superintendence to raise it from its present depressed state. The landed tenures and the large alienations which appear to have been made will also require a close scrutiny. Even putting these considerations aside I am satisfied that the extent and number of the Villages in the Zemindary would not allow of an efficient management if it were split up into portions, and attached to adjoining Talooks. I would therefore recommend its being formed into a separate Talooka-daree. When the Zemindary was formerly attached in the time of Mr. Collector Fraser the Salary of the Dumeen was 105 Rupees per Mensem, and I would propose that the pay of the Tahasildar and of his Establishment should be fixed on the same scale as that of the adjoining Government

Talooks

Talooks of Goondavole and Pommalatalpoor, The pay of the Tahasildars of these Talooks is 70 Rupees, and considering the extreme unhealthiness of the Sydapoor District, and the arduous duty which a Tasildar has to undergo in a newly assumed Country, I do not think that that amount of pay would be more than a fair remuneration.

5- I beg therefore to submit for Sanction the Moyenzabitah, which I propose to be employed, amounting to Rupees 438-8-0 per mensem. The Moyenzabitah of Goondavole Talook comprising 24 Coroo Villages, is Rupees 375-12-0 and of the Pommalatalpoor Talook Comprising 18 Coroo Villages Rupees 346-12-0 per mensem, It will be seen that the monthly charge for the Sydapoor Talook exceeds that of the neighbouring Talooks of Goondavole and Pommalatalpoor, but this arises from its being much larger, containing nearly double the number of Coroo Villages in comparison with Goondavole, and more than double in comparison with Pommalatalpoor.

6- The Establishment of a Police Duffadar and 6 Peons sanctioned under date the 11th April 1837 will be no longer required which will reduce the actual monthly charge to Rupees 404-8-0-

Fort St. George 7th October 1841.

Sir,

From the Sd. Coll.r of Nellore
Reporting the circumstances under which the Head Cauzoo & Moonsiff of the Cusbah Nellore was deprived of his official Mannium and recommending the grant of certain other Land in lieu thereof.-

I have the honor to bring under the consideration of the Board the case of the Head Cauzoos of the Nellore Cusbah, who at the time of Survey in fusly 1235 Cost their Mannium and are not at present in the receipt of any emoluments for the discharge of their duties as Moonsiffs and Pedda Cauzoos of the Cusbah Town of the District although those they have to perform are far more arduous than are required in other Villages.-

2 The Mannium which they originally held consisted of 3 15/16 Coorties of Cauz Land situated in the bed of the Nellore Tank which was measured at the time of the survey.

Fort St. George 7th October 1824

survey and found to be 13 — 23 3/16 acres cawnies and in the — — Survey assessment fixed thereon was Rupees 70 — 12 — 6 They enjoyed the Maniums up to Fusly 1226 at the close of which year the decennial renter having relinquished his rents the Village was managed under Cumum At that period it seems the Peishcar of Nellore was nominated the Moonsiff (and) as he was in the receipt of Monies pay as Peishcar the revenue from the Manium land was received into the public Treasury, and carried to the Account of Government, and at the time of the Survey was included among the Cauvo Lands, as it was then and had been for some time under Cauvo Cultivation. From the great uncertainty of reaping a crop from their situation in the bed of the Tank, the Manium lands are seldom cultivated in fact all traces of a Paddy bank are obliterated from the great deposits which have in

Fort St. George 7th October 1824

in the course of years been made. It is not desirable to say nothing of its unfairness that a Reddy who has to discharge the responsible duties of Moonsiff of so large a Town as Nellore should be deprived of the usual Emoluments of the Office and thus in fact be placed in a worse situation than the Reddies of the other Villages in this District, as the produce from the original Manium lands for reasons explained above is extremely uncertain and still more so now than formerly from the improvements which have of late years been made by which an earlier and larger supply of water is thrown into the Nellore Tank, I would respectfully recommend that other lands assigned in the Margin may be granted in lieu. These fields are not in

13- Comparative Statement of the Population-

2. The settlement of the year was made as usual in detail for each Talook. The exchange of 5 Talooks which were last year under the Sub Collector having been approved, a similar number of those under my immediate management were transferred to the Sub Collector consisting of Anuntapoor, Penagondah, Rodoor, Lah, Madugserah and Dhurmaveram, these Talooks have been settled by Mr. Pelly, who commenced in November and concluded in April, I commenced with the other 12 Talooks on the 15th of November and finished the Settlement before the end of April.

Fort St. George 7th October 1841.

April- the number of places I selected this year as central and affording shelter &c. for Ryots and as most convenient for conducting the Summahbundy were 4 and in each of these I issued the two Puttahs of 3 Talooks, Viz.-

" Gooty Do. of Gooty Yadekee, and Sandpatny-

" Hospett Do. of Hurpunhally, Koodlegee, and Kowinhudgalee-

" Bellary Do. of Bellary, Humplee, and Raidroog-

3- I am happy as in last year to be able to report that during fusly 1250 the Population in General as also the Agricultural Stock have been free from sickness of every kind-

4- In the first instance I will enter into a detail of the two seasons namely the Moongar, or 1st Rain and Hingar the last, and the Crops which resulted from these seasons in fusly 1250-

1. As soon as the Rains fall in May, the Dry Lands of the Moongar Crops are ploughed up and pre= pared and seed sown in June and July, the seed sown is yellow Jawary and Bajerah as well as all kinds of Cordware or Pulse and seeds.

The Pingar being the season which avails for the Regud or Black Cotton land, Cotton, Corrala, white Jawary, Wheat, Bengal Grain &c. are sown in August and September. In short the four Months named above are the periods for sowing Dry lands whilst the Rain of the two latter Months brings the Moongar Crop to maturity. In the Study under report, the Rain in June having totally failed, the Ryots were compelled to sow their Moongar seeds in July, in which Month an adequate quantity

quantity of Rain fell all over the District. The failure again of August Rain was felt so severely in a few Villages that some fields were parched up, but the steady Rain that fell in September was enough both to bring up the Moongar Crops and to prepare the Pingar land to receive seed. The thorough fall of Rain in the Middle of October having brought up the Crops of the black & Sandy, the extent of Dry Cultivation of the year is above that of last year and the ad= =vantage to the Ryots was fully equal to that year.

5. The Net Cultivation under Tullahs and Wells was carried on as extensively as in last year, but that under Tanks falls below it by a Percentage of 13. 11. From the following Statement it will be found that this decrease is in 12 of the 17 Talooks, the greatest decrease being in Koodleghee Talook and the smallest in Raidroog=

7. The survey value of the land entered in the Curnum's Accounts as original engagement for cultivation of the year amounts to Rupees 3352387- or Rupees 42498 below that of last year owing to the practice that obtained till last year of retaining in the Ryots agreement and afterwards excluding from the Pullah lands not under tillage, as expressed in Para 7 of my last report. This practice I thought proper to put an end to by a Circular to the Tahsildars in the early part of the season and the difference between the said engagement of the year, termed annils Dowle, and the value of the land included in the Pullahs amounts to Rupees 20131 most of this or Rupees 19529 of course owing to the insufficiency of water in several of the Tanks. The decrease in the Gross settlement below last year is Rs 60324. The extent and survey value of the different classes of land included in the Settlement of fusly 1250 compared with the year preceding are exhibited in the following statement.

17. The Net decrease of Rupees 28538 below the last year entered in the accompanying Comparative Statement of Cowle land for Fusly 1250 is the result of a Gross increase of Rupees 17196 and a Gross decrease of Rupees 45734. The increase is composed of Old waste newly taken up Rupees 13908 and Land taken in prior years but not entered in last years Register Rupees 3288. In the decrease, the proportion arising from diminution of Cultivation Amounts only to Rupees 1993 whilst the remainder (Rupees 43741) consists of Rupees 42246 Cowle expired land. most of this Land has already been reclaimed from waste and freed from Rent Great a great proportion of it. Rupees 19540 is in the Gudem Taluk the proportion in the Bellary Taluk being Rupees 7550 in Adiwanie Taluks Rupees 6338 and in the remaining Taluks of Trivial Amount. The importance of

attached to having this Cowle land cleared has been stated in Para 17 of my report on the Settlement of Fusly 1249 and I beg to assure the Board that the attention of the Talook Servants has been peremptorily called to this part of their duty.

18. With reference to the observations which the Board have been pleased to make in Paras 11 to 16 of their Proceedings on the Settlement of last year, on the existing Cowle System of the District I beg to state that the orders there conveyed having reached me only in April last or just by the time I had nearly concluded the Settlement of the year under report there has not been opportunity to collect such information and accounts as the Statement directed and replies expected in Paras 11. 15 & 16 of the said Proceedings require and upon which a report so important can alone be grounded, but I shall have the

the honor of supplying this in my next report or separately, and in the mean time I beg leave to offer the following which though too brief and deficient in many respects as to the financial results gained by the present system yet will be found to contain some part of the information required.—

19th In para 11 of the Proceedings in question the Board expresses a wish to receive a clear explanation of the effects of the operation of the present system of Cowle on the general revenues of the District. The black soil Talooks are 6 namely, Bellary, Adwanee, Gollam, Punchapolem, Gooty and Raidroog, the first three being the Talooks wherein old waste has been abundantly brought under actual tillage. I beg to annex a figured abstract in which the Board will be gratified to observe the augmentation which has taken place in the revenue of these Talooks of late years

33. The Ordinary Charges bear a per centage of 9-12-3 on the Gross Collections of the year being less than the Charges of Fusly 1249 by Rupees 10,571 the cause of the present decrease is ascribed to the increased Charges incurred in last year on account of both the Principal Collector's Salary till 21st February of that Fusly, and the Deputation allowance for the whole period which in the present year was not incurred since the appointment of the Collector on his present reduced salary.-

34. Of the seventeen Talooks composing this Division of the Ceded Districts, nine have technically the appellation of Dry Talooks and the other eight Wet, and in order to show their condition as regards financial results since Fusly 1232 the year in which the Ryotwar system was introduced I beg to state that in the Fusly under report, compared with the average of the last 18 years from Fusly 1232 there is an increase of Rupees 193,639 in the Dry Talooks and a decrease of Rupees 4,967 in the

the Wet making a net increase of Rupees 188,672- upon the whole 17 Talooks, and also when compared with last year, there is an increase of Rupees 49,026 in the Dry and a decrease of Rupees 50,970 in the wet Talooks to arrive at the real decrease of Rupees 1,944- From this it appears that the Talooks, where a great proportion of Dry Land is cultivated, are improveing whilst those in which wet Cultivation exceeds have declained.- I beg however to offer a more explicit view of this in the following figured statement Talookwar.-

With reference to Para 36 of my [illegible]
= part on the Settlement for fusly 1249. I have
* Statement No. 13. the honor to transmit the Censes of the fol
= lation as it stood at the close of fusly 12
contrasted with two fuslies namely 12
and 1242. from which it will be obse
that in 15 Talooks. there is an increase of
persons above the Census of fusly 1216. whilst th
two Talooks, Hurpaunhull and Raidroog. sho
decrease of 6,548 persons. this decrease has been
caused by unfavorable seasons in those two
= looks. The comparison between fusly 1242
gives in seven Talooks an increase of 33,343 and
ten Talooks a decrease of 36,547 persons. being
or nearly one third in the Talook of Penchapelam
alone and the cause is attributed to the famine and
of fusly 1248. during which period it is understood
many of the poorer class dispersed to different
same having fled to Foreign Countries, and some to
Talooks of this District. The Board will observe that
number is now 11,26,703. being only 3,204 persons below fusly
1242 in which year the late Principal Collector
great care compiled a Return. The present
were taken by the Karcoons with as much care as
be to obtain an accurate result the difference
them is so little as 3,204. I am satisfied that the present
= count is as correct as the former one. I beg to appen
an abstract of the two population in fuslies 1216, 1242 and
having contrasted the two latter years alone

In para 21 of the Proceedings under date the 18th March last the Board concluded that the extent of waste has undergone examination to find the actual quantity of cultivated portion of land, and observe that the practice of this kind "would lead to most uncertain results, since of neither

"nothing could be more easy than "for Ryots to Cultivate the Entire "Extent of the Aumil Cabuliet "and for the Curnums in collusion "with them, to point out to the Hur= "coons coming to examine a portion "on of the Ayacut Bunjer as that "which was Exhibited as waste in the "accounts". In reply to this part I must explain, that it never has been customary in this District, to examine waste alone, but every field in each village

From the Tables we have sent yesterday, and by which it will be seen that the Duty levied may be raised to the same Rate for the year 1250. Fuslee, which is required for the Carnatic Proper, and the Ceded Districts, we have fixed upon the same Rate for the Jaghire, and the Northern Circars, as the Duty levied in those Districts is about equal to the Duty required in the Carnatic Proper, and the Ceded Districts.

The Tables will show the Land Revenue which will be collected in the Fuslee year 1250, and the Decrease which will be occasioned by the Reduction of the Duty on Tank Cultivation.

The Decrease of Revenue from Tanks in the Carnatic Proper, and Ceded Districts, will be Rupees 23,009, as follows:

Decrease of Revenue from Tanks in the Carnatic Proper, and Ceded Districts	16,347
Decrease in the rest of the Division	16,662

Fort St. George 7th. October 1841.

The partial failure of the heavy Rains upon which the Tanks are dependant is more felt in these Southern Talooks than in the five Western Talooks which comprise my former charge or in any other part of the District. All these Talooks are all peculiarly Wet Talooks and mainly dependant for their revenue on the Tanks. The Dry lands do yield a very small part of the Revenue. And this circumstance will account for the falling off of the revenue of this Division of the District while it is I believe higher generally throughout the other parts of the District. Coodlighee Talook alone excepted a Talook equally dependant on Tanks as those Southern Talooks—

The Amils Caboolatt on amount of cultivation entered in the Curnams accounts inclusive of concealed cultivation added at the Summabundy was 7,61552 Rupees and the Summabundy Grop Settlement after striking out the sum of 145,923. Rupees not properly belonging to the Settlement was 815629 Rupees assessed on 5,64214 Acres for which Puttahs were issued. In the Statement No 4 will be found a full account of each class of land occupied compared with last year and the subjoined abstract taken from it will give a concise view of the whole—

By

Fort St George 7th October 1841

By this it will be seen that a Decrease to the amount of 39146 Rupees in the cultivation of this year below that of last year has taken place and that it is confined almost exclusively to the Irrigated land and chiefly though not entirely to the Tank lands. The Decrease in the Dry Tegwo Cauvery Black lands in Acres 216 is small, but in Assessment 814 Rupees, large, compared to the Increase of the other Dry lands in Acres and Assessment. The decrease is high assessed Dry Black land cultivated inside the beds of Tanks. The very small proportion the assessment bears to the Acres in the Increase the inferior kinds of Dry lands arises in consequence of a small proportion of Acres of Dry land, cultivated in the beds of Tanks and bearing a high assessment being uncultivated this year while a quantity of other common land lightly assessed has been brought newly under cultivation. The consequence is the Net result shews a quantity of new land being cultivated apparently at a very low rate. But the actual state is thus :-

	Acres	Rupees	Average per Acre
Gross Increase	27093	5829	0-3-3
Gross Decrease Cultivation inside Tanks	1368	3337	2-7-0
Net	25725	2292	0-1-5

Fort St George 7th October 1841

The Decrease in the Tank lands of 909 Acres assessed at 19032 Rupees is entirely owing to the deficiency of water in the Tanks. The Decrease of Nullah cultivation is nearly three fourths (about 5700 Rupees) to the decrease of cultivation in the beds of Tanks watered by Tulpurghy Nullahs (chiefly in the Anuntapoor Tank) which was cultivated last year but in consequence of there being some water in at the time for cultivation could not be sown this year. The rest is a Decrease under the smaller and River channels. The half of the Decrease under Wells is attributable to the same cause Viz, the decrease of cultivation inside Tanks which was last year cultivated by means of Wells.

4. But the actual revenue compared with last year is still more unfavorable when the usual deductions are made on the land actually entered in the Puttahs. These may be seen in the same Statement B4 and the subjoined extract is taken from that account and shews each class of Remissions compared with the same made last year.

The

The first Item. is a decrease of Revenue of 15,431 Rupees below last years for 4yr deductions on lands occupied but left unsown - The deductions on the land sown are less than last year because the General Remissions of 3/3 and 3/4 are less consequent on the diminished cultivation - The result shews a decrease of 34,583 Rupees Ryotwar and there being a small increase in the Enam cultivation (96 Rupees) and larger disbursements for ready money allowances (248 Rupees) the Net Decrease is 33,009 Rupees - The revenue being last year 5,37,503 and in fusly 1250 only 5,04,494 Rupees 5

But the Gross Increase and decrease Ryotwar from which the above results are deduced are set forth in the Statement No 2 to which I beg to refer - There is a Gross increase of 1767 Ryots (Col 55) and a Gross decrease 1450 (Col 78) leaving a Net increase of 317 chiefly Payacary ryots - The decrease of cultivation (Col 54) is 59,[illegible] Rupees Vasoli the Jerum on [illegible]

on this sum is 52,297 Rupees - And the Jerum of the Gross Decrease of Cultivation 49,056 - Vasoli (in Col. 81.) is 82,442 Rs - The difference of the two is the sum of the Decrease 30,146 Rupees mentioned above in para 3 - The increase of Rent on lands left unsown last year (16,556 Rupees) and on lands cultivated in both years (1624 Rupees) requires no remark - I shall therefore proceed at once to the Decrease - The Decrease of Cultivation in Col. 81 stated at 49,056 Rupees is the Revenue of lands thrown up in nearly equal parts by Ryots who hold no puttah (Col. 79) in the present and by Ryots who still have only relinquished a part of their farm (Col. 80) The causes which have occasioned this relinquishment are attributed to Deaths 119 Rupees - Emigrations 634 Rupees Inability 6,245. land relinquished by Payacaries 896 by Gouchees or cultivation in Partnership 2,974 making in all a sum of 10,913 Rupees relinquished from want of means to cultivate

But the rest by far the greater part ... entirely attributed, with the exception of 3,326 Rupees the loss from exchange to lands to the want of water and amounts to 34,812 Rupees of this sum 14,272 Rupees is the Ayen Assessment of lands thrown out of cultivation and the rest 20,540 the extra Taxes of Fusul Justee on the 2d. crop sown last year on one Crop land, and Teeruee Justi on Dry land converted into wet and cultivated last year - The particulars above noticed will partly be found in the usual places in the State=ment No 5. The Decrease of Rent on lands occupied in both the last and present year amounts to 41,142 Rupees (Col. 89) of which 37,791 Rupees (Col. 82) is the deductions made at the Jum=mabundy for lands which were not sown though occupied this year for want of rain principally - The sum entered in Col. 83 is a Decrease arising from the difference of the remissions of one third which

of one fourth being allowed to lands watered by Wells in the present which in the foregoing year were irrigated from other sources 273 Rupees and the is a small remission of 40 Rupees to Cattoohady Peons whose lands were not cultivated this year and 222 Rupees to Shrotriemdars being their share on the increased cultivation in the Shrotriam Villages - A corresponding increase from this head of 354 Rupees is included in the sum entered in Col. 60 - The sum of 1799 Rupees (in Col. 85) the decrease of revenue under the head of remissions allowed for failure of Crops is composed of larger re=missions allowed this year to poor Ryots and heavy assessed lands 609 Rs. Of Remissions for two Crop land which was cultivated with one crop only in this year 190 Rupees - Of Remissions for Crops which were dried up 268 Rupees and for deficient Crops Rupees 732 chiefly of Betelnut Topes in the Madugserah Talook which are heavily assessed & where from want

want of water in several cases a real loss was experienced - The sum of 9.64 Rupees (in Col.No. 87) is a decrease arising from larger remissions on the Ryotwar Settlement to the persons in charge of the Topes in place of the remission of Jody which by your orders has been discontinued - The decrease is not so real as for this cause there is an increase under the head of Jody or Quit Rent amounting to 1061 Rupees - 6.

The Increase & Decrease on Enam Cultivation remains to be noticed - The first item is Increase of Quit Rent (Col. 67.) amounting to 1,306 Rupees - Of this 1,061 Rupees is the increase just mentioned of Jody which hitherto had been remitted for the care of the young Topes - The rest 206 Rupees is an increase of Quit Rent on increased cultivation - The Decrease of Quit Rent (Col. 91.) is 627 Rupees and is owing to inability to pay the kandalis being [illegible]

J.B.

Fort St. George 7th October 1841.

There is a Net decrease of 330 Rupees (Col. 68 92) under the head of Neersarghes because certain Enam lands were not cultivated with a wet crop which subjects them to this Tax - The enam Jodi Peak is also below that of last year being an increase of 180 Rupees (Col. 69) and a decrease of 438 Rupees (Col. 93.) The decrease is owing to less enam being cultivated by Circar Ryots beyond the established proportion than was cultivated last year - The decrease of 282 Rupees under the head of ready Money allowances in excess of those granted last year, is payments to persons placed in charge of some Villages where the Office fees were not sufficient to reimburse them and the Merajdars had been removed from incapacity or other cause. The whole payments this year were 811 Rupees (see No. 5 Col. 194) - The Increase and Decrease of which the the above Statement affords full particulars may be shortly stated thus -

7.— A few remarks on the Settlement of the year as shewn in the General Revenue Statement No 5 will conclude this report.

The Population entered in Col 11 is the result of the census just completed under your orders In the last census taken in 1242 the population was estimated at 330,174 Persons and by the present census is stated to be only 320,716 Persons being less than in 1242 by 9,758 Persons or 3 per Cent. In Pennaconda Talook alone the result of this census shews that there has not been a decrease

at least it is only 232 Persons— In Anantpoor and Mudugerah it is 5 per Cent and in Codecondah and Dharmaveram it is 2 per Cent below the Estimate made in 1242 fusly— This result is by no means satisfactory, and not easy to account for the population in 1215 was 260,983 Persons and in 1237 fusly 289,934 persons or 11 per Cent Increase— In fusly 1242 it was 330,474 persons or a further increase above 1237 of 14 per Cent in five years only. But the result of this years estimation throws back the population 3 per Cent after the lapse of a period of 8 years. An Estimate of the number of Cattle also was made at the same time the result of which will be seen in Col. 65 and 67 Viz. Horned Cattle 233,338 Sheep and Goats 301,120— The former exceed the number of last year by 120,288 and the latter decrease by 23714—

8. The sources of Irrigation in Tanks, Nuttahs and Wells are in this Division much

much more numerous than in the Western Talooks. The Tanks are nearly 800 in number and those which have above 20 Acres of land under them 531 Tanks considerably more than in all the rest of the Division.

9. The Jgent of fixed an Assessment on the lands occupied this year is stated at 7,29,635 Rupees and the extra taxes or Irrigated lands amounted to 35,974 Rupees of which the largest portion is on Dry land converted into wet 5,903 Rupees and 29,427 Rupees tax on second crop of one Crop land. They are both lower than the preceding year owing to the failure of the rains.

Col. 102 to 116

The total Cirear land occupied is stated (in Col. 106) at 3,15,029 Rupees. and the Enam land (in Col. 109) at 165,714 Rupees of which 104,435 is cultivated by the Enamdar himself and 61,279 by other Ryots who also hold Cirear land too. The cultivation of

Enam in the present year, has as the Cirear Cultivation decreased and is more than 6 per Cent below the cultivation of last year. More than two thirds of the Enams is sinva enams or free of tax. The Jody Enams paying Quit Rent are 52,989 Rupees and pay this year 21,919 Rupees or 41 per Cent as revenue. Further particulars of the Enam cultivation are entered in the accompanying Statement No. 10.

10. The land sold on Cowle (Col. 117) is trifling in this division only 1030 Rupees, and is all of one description the the Chedate or progressive Cowle. They payments this year are 494 Rupees. The

No. 8 usual register of Cowle land is sent as

No. 9 and the comparative Statement of Cowle

No. 9 Col. 13. land also from the latter it will be seen that 929 Rupees of Cowle land last year

year have been transferred to land paying full

No. 9 Col. 22. tax and 584 Rupees has been newly taken up on Cowle —

Statement No. 6 11. In Statement No. 6 the

usual details of Goochy or land held in partner-

— No. 5. -ship / stated in Col. 123 at 9491 Rupees / will be found. — This mode of occupancy is carried on in the greater number of the Villages. There are 5054 Ryots engaged in partnership cultivation of which 3734 Ryots also hold se-parate individual Puttahs — The number of Goochee Puttahs issued was 934 Goochees in practice in the Dry but principally in the irrigated lands and not confined exclusively to either Tanks Nullahs or Wells but is gen-erally to all — Very little is Cowle land as in the black lands where Cowle to a large extent is cultivated in Goochey. It is almost all Rayets or Partnership not liable to the [illegible]

up and the Ryots share the Crop and not the land almost entirely. The latter mode of Division is however more general in Condicon-dah and Muduguserah in proportion to the cultivation in those Talooks than in the other Talooks —

12. — The Vysack Dowle (Col. 125) is large. But this is an evil it is hardly possible to avoid without deferring the settlement to too late a period — as all the Talooks are wet Talooks — there is no choice left to the Sub Collector to begin his Settlement in a Dry Talook and complete it in the wet Talooks and consequently unless he defers the commence-ment nearly till February he will always have to make a Dowle or Estimate of the Vysack Crop of two or three Talooks and as these would throw his Settlements somewhat behind that of the Principal division it should not perhaps be recommended to defer till that time

Fort St George 7th October 1841

cultivation detected by the Canoonos after the Immanabundy entered in Col: 175 is 3334 Rupees but it is the amount entered in the accounts up to the end of May only.—

15. The total Ryotwar Settlement is shown in Col: 170 to be 47819 Rupees. The amount of this land which was occupied both in the last and present year is 43766 Rupees the demand on which last year was 46628 Rupees.

Col: 334 275 The increased cultivation is 3138 Rupees. The Columns of the Comparative Statement do not afford further details which it seems unnecessary particularly to notice. The Statement of the

Col: 197 to 237 difference has been fully explained in the above report. There is therefore nothing further to notice in that Statement. the Revenue for the year is 45544 93 Rupees. 6 2 R A P. per cent below last year's sum collected within the Fusly is 4906 9 Rupees leaving a balance at the close of it 757 4 Rupees a little more than one per Cent.—

Fort St. George 7th October 1841.

From the above Statement it will appear that there is an increase in all sources of the Excise Revenue. The increase in the Sayer Revenue is attributable to the favorable terms offered by the renters of Betel and Tobacco &c. and to the increased consumption and transit of Piece Goods, Opium, and Tamarind. The increase of these items has more than counterbalanced the decrease in the duties on Betelnuts. The sum of Rupees 11615 — 6 — 1 entered as balance due on this head at the end of the July was collected within the year but not remitted to the Treasury until after the commencement of the current July. The increase in the Abkary Revenue was caused by the favorable terms of the rent. The balance of Rupees 302 under this head has since been collected.

The following Statement exhibits the particulars of the net increase of Rupees 1[illegible] 2 in the various branches of Revenue included under the head of Sundry Small Farms &c. Licenses exclusive of Bungalow Tax.

Abstract

Fort St. George 7th October 1841.

The Collections of the Moturpha revenue of the District amount to Rupees 137673-15-10 shewing a Net Increase of Rupees 2990-9-5 above the preceding Fasly Viz.

	Rs. a. p.
In Veesabady	500-12-8
In Baghyr Veesabady	2489-12-9
Total	2990-9-5

The increase in the Veesabady appears to have arisen from a little more attention having been paid to the Collections on the part of the Revenue Officers. The Amount for each Falook was fixed in the usual manner with reference to

the Scale laid down by Mr Dalzell in 1829 since which period no revision has taken place the increase in the Moturpha or Baghyr Veesabady is attributable to an augmentation in the number of Looms and &c flocks of Sheep.-

The undermentioned Statement exhibits the particulars of the Collections of the old balances.-

The increase in the Sayer is attributable to the high offers for renting Betel and Tobacco &c. and to the increased transit of certain articles.

The increase in the Abkary is caused by the high terms of the rent. The sum of Rupees 425— 13- 4 entered as balance under this head has since been collected.

The small decrease in the Moturpha is owing to the emigration of some merchants and Shepherds to the Carnatic Country.

Statement

13106 Fort St. George 7th October 1841.

The sum of Rupees 96-2-11 was remitted under the sanction of Government above alluded to.

With respect to the balance of Fuslies 1248 and 1249 an enquiry will also be instituted to ascertain whether the same can be collected or not at the time of the next Jummabundy.

Translation of a Will executed by Arnoortacaryi Satagopah Charriar on the 7th day of Audy in the year Sarvari A. D. 20th July 1840.

Ramanoojah Charriar

my father, and Ananta charry were the sons of my Grand Father Thistna. -ma charry, the former by his first wife, and the latter by his second. During the life time of their father they shared the family property and became a divided family, and the truth of this fact was confirmed on Oath before the Supreme Court. My father died when I and my brother Rangavan were 6 and 2 years old respectively. My mother

was

was so much distressed for money at the time; that she was unable even to defray the expenses of the funeral obsequies of my deceased father. but my Uncle Anunta Charry being then in affluent circumstances kindly admitted us into his family and not only afforded us the means of education, but also performed our marriages at his own cost. We never obtained any property from him either in Jewels or Money, and only when his circumstances failed did he withdraw his protection from us, and leaving us at Madras proceeded to Streeperumadoor. Through the kind assistance of some Merchants I was then enabled to maintain myself without much difficulty or distress, whilst my brother supported himself and family by being employed as Papal Writer at Chittoor. My Brother never sent to me even a piece from his own acquisition, as his salary

was insufficient for his own maintenance, but I have discharged his debts to the extent of 100 Pagodas, again through the kind aid of my Mercantile friends. I bought the Mootah of Vallacottah, at a Public sale in the year Visho, and have from that period lived upon that Estate, and also performed weddings &c from the funds acquired from the same source. No one ever contributed any thing to my maintenance, nor have I had any patrimony left to me. In the year Surwassiddy my brother in Rangavier having lost his situation at Chittoor came to Streeperumadoor with his family, where I, as an act of kindness, supported him and in likewise subsequently performed the Wedding of his Daughter. In the following year Verathy, he proceeded to Amby, with his family and there settled himself as a farmer or Agriculturalist. I have up to this time continued to send him as a further kindness 10 Pagodas annually. His own Mother swore to him that no paternal acquisition was

was left to the family consequently none except my son has any claims on my Estate. I promised through affection to pay my brother 200 Pagodas of which has been already advanced on the lands at Amby, together with 10 Pagodas paid him in Cash on the 22d Augt of the present year the remainder Pagodas 130 remains to be paid to him. Neither he or any others have any claim on my Estate. In case of any danger occurring to my life, my brother Rangavun shall carefully secure my Estate during the Minority of my son Bashyum, and restore the same to him when he is of age. he shall relinquish the Management if he cannot manage it. He shall not desire to derive any thing from my Estate, should he be unwilling to do as aforementioned. My son in law Rawmanaguru shall undertake to manage the same. In the event of my wife Lutchumy not being inclined to live in the family, she is to receive 100 Pagodas for herself and 50 Pagodas for her Daughter Canakeem.

I have executed this Will by own hand.

I have the honor to submit for the consideration of the Board of Revenue, the enclosed Petition with translation from one Pendummall on behalf of the 2 daughters of the late Sreenevasa Saragava Charry Shrotriemdar of Poodoomavalingay & 5 Villages praying for the grant of 700 Rupees on account of the marriage expenses of the children, and for the continuance of their Pension of 17½ Rs per Mensem during life.

From a perusal of the correspondence connected with this Petition, it appears that the late Shrotriemdar left two widows and two infant daughters by his second wife,

Recommending that the Pensions allowed to the two daughters of Sreenevasa Saragava Charry late Shrotriemdar of Poodoomavalingay & 5 Villages be continued until they attain the age of 17 years and that a grant of 250 Rupees each be for ceissons assigned granted for the expense of their marriages.

Had the Father or Mother of the Girls in the present case been alive, he or she would do the needful for them without any want. That burden has fallen upon me, and I am unable to meet the expenses without the help of their Paternal Estate. I therefore pray that the Pension at present allowed to the Girls may be continued during their lives. If this favor be not granted these female orphans will be subjected to the greatest distress and misery.

In consideration of the loss of the Mother of the Girls and the lapse of the Pension of 30 Rupees enjoyed by her, I beg you will recommend the case for the consideration of the superior authorities and obtain their orders not only for the grant of the sum of 200 Pagodas or 700 Rupees required for their Marriage Ceremonies but also for the continuance of the Pension of 5 Pagodas during their lives.

For which act of benevolence towards these Girls I shall pray for the prosperity and welfare of yourself and family.

Fort St. George 7th October 1841.

Had the Father or Mother of the Girls in the present case been alive, he or she would do the needful for them without any want. That burden has fallen upon me, and I am unable to meet the expenses without the help of their Paternal Estate. I therefore pray that the Pension at present allowed to the Girls may be continued during their lives. If this favor be not granted these female orphans will be subjected to the greatest distress and misery.

In consideration of the loss of the Mother of the Girls and the lapse of the Pension of 30 Rupees enjoyed by her, I beg you will recommend the case for the consideration of the superior authorities and obtain their orders not only for the grant of the sum of 200 Pagodas or 700 Rupees required for their Marriage Ceremonies but also for the continuance of the Pension of 5 Pagodas during their lives.

For which act of benevolence towards these Girls I shall pray for the prosperity and welfare of yourself and family.
