Read the following letter

To The Secretary to the
Board of Revenue
Fort St. George

Sir,

Para 1 I have the honor to report for
the information of the Board of Revenue
that I proceeded to meet the Collector
of Rajahmundry at the spot of the
disputed embankment in the Tan-
=davah River and it affords me
satisfaction to be able
to state that the Plaintiff in the
suit against the Collector of Rajah-
=mundry as well as the present
Proprietors of the Godicherlah Estate
has been induced to consent to an
arrangement which seems to me
perfectly equitable to all the parties
concerned

They have consented to file

2 a Rajeenamah in the suit on the
following conditions - That their
right to raise a Mud Embankment
of a limited size across the
Tandavah River be acknowledged
and that the costs already incurred

4

From the Collr of Vizagapatam
The Collr of Vizagapatam reports for the Board's information upon the result of his visit to the spot of the disputed embankment in the Tandavah river

be equally divided between themselves and the Defendant – The expenses hitherto incurred will not exceed Rupees 500 and the Plaintiff insists on a portion being paid by the Defendant not so much on account of the sum to be gained thereby as from a very natural feeling that if the were to pay all the expenses an impression would in consequence be created that the suit filed by her late husband was vexatious and unnecessary. –

3 This Rajeenamah if filed will however permanently establish the right of the Godicherlah Estate to the water of the Sandavah River undoubtedly to the prejudice of the Streerampoorum Estate in this and the Cottaw one in the Rajahmundry District, and ought not therefore to be hastily or unadvisedly entered into. An adverse decision on the suit now filed before the Provincial Court would however have the same effect and the question therefore is, could the right claimed by the Plaintiff be successfully resisted. After due consideration

Consideration and enquiry I am of opinion that it could not Mr. Smith appears to have come to a contrary conclusion. – We have therefore decided on submitting our sentiments for the consideration and decision of superior authority.

4 The Godicherlah and Streerampoorum Estates have always been under one Proprietor. They depend for their irrigation principally on Channels from the Sandavah River on the bank of which they are situated, the Godicherlah Estate being higher up the stream. –

5 I beg to submit a sketch of the river and of the Channels in dispute which has been prepared by the Civil Engineer who accompanied us to the spot and which will enable the Board more readily to understand the statement which I have now the honor to submit. –

6 The Bhoomee Channel irrigates the Godicherlah lands which pay an annual sist of about Rupees 10,400 The Mootah Channel again irrigates lands of the Streerampoorum Estate, yielding a revenue of Rupees 28,000 and lands of the Cottaw Estate yielding Rupees 800.

7. The Proprietor of Godicherlah claim

13639 Fort St George 14th October 1841.

claims the right which he says has existed from time immemorial to throw a mud embankment across the Pandavah river to divert the water into the Bhoomee Channel which right is disputed by the Collector of Rajahmundry on the ground that it is contrary to Custom and that it deprives the Cottam Estate of the water to which it is entitled.

8. The following are my reasons for thinking that the claim of the Godicherlah Proprietor could not successfully be resisted.—

1st. It is allowed by the Proprietor of Cottam and by the Ryots of Streerampoorum. Mr. Smith alleges, that the admission of the Cottam Proprietor has been obtained under circumstances which render it of little value and the Streerampoorum ryots are said to be so much under the influence of the Proprietor of the estate that they will declare any thing he may think proper to dictate.—

9. I am not sufficiently aware of the circumstances of the Cottam Proprietor with reference to the late Goody Sooriah Pracausah Row to enable me to judge of the value

13640 Fort St George 14th October 1841.

have considerable weight in a Court of Law and my past experience leads me to the conclusion that very strong motives indeed would be required to induce the ryots of Streerampoorum to abandon their claim to water to which they are entitled. There is no right to which a ryot clings with so much tenacity as that to water required for the purposes of irrigation.—

2nd. The descent in the bed of the river is not so steep as in the Bhoomee Channel, consequently but little water would flow into it unless an embankment were thrown up in the bed of the river. The lands under the Bhoomee Channel are entered in the permanent Settlement accounts as wet lands.— If they could not be supplied deprived of water from this Channel

3rdly The Estates of Godicherlah and Streerampoorum have, as I have already stated, always been under one Proprietor. It is therefore extremely improbable that the late Proprietor and his predecessors would have insisted on their right to raise an embankment contrary to Custom to irrigate lands yielding

yeilding Rupees 10,000 if by so doing they would deprive of the means of irrigation their own lands which yield a revenue of Rupees 28,000—

I now proceed to consider the arguments by which Mr. Smith seeks to dispute the claim advanced by the Proprietor of Gorecherlah—

He says that it is unnatural to dam up the bed of a river to feed a cut out of it.—

Whether natural or no, this custom is common in this district and I am told in the Rajahmundry district also.—

In this very river there are two embankments higher up one of them raised by the Proprietor of Cottaveram himself to supply one of his Channels.—

The practice has been adopted not only to divert the stream which would otherwise principally flow down the natural Channel of a river, but also to raise the water to a higher level as the lands to be irrigated are generally on a higher level than the beds of rivers and this is especially the case in the present instance.— At the point A the bed of the Channel is

nearly three feet higher than the bed of the river—

But Mr. Smith principally grounds the removal of the embankment on the decision of Mr. Hanbury in 1825 which he argues has been constantly acted upon by subsequent Collectors and has never been set aside by a competent authority—

I readily admit that the measures adopted by his predecessors in regard to this Channel morally justify the present Collector, but I have great doubts if they do so legally—

A Magistrate and a Tahsildar under his orders under Clauses III and VII Section II Regulation XII of 1816 has authority to decide matters of this kind temporarily, and with a view to prevent a breach of the peace, and a Collector may under Regulation XII of 1816 appoint a punchayet to decide water disputes, but a Collector is no where authorized himself to decide upon of this nature.— Besides

13643. Fort St. George 14th October 1841.

18 Besides Mr. Hanbury's decision was according to his own shewing founded on an exparte Statement and on the evidence of one Witness an inhabitant of Toonee the very Village on account of which for its dependent hamlet the embankment is objected to and the Godicherlah Proprietor never had an opportunity of maintaining his claim such a decision would I imagine have very little weight in a Court of Law.—

19 I have only to add in conclusion that the Plaintiff in the present action would be perfectly satisfied that the suit should be left to the decision of the Court in which it has been filed But she has consented from a feeling of deference to the expressed wishes of the Board and of the Government to forego her claim to damages and to enter into an arrangement which seems to me perfectly fair to all parties and which will effectually put an end to all disputes on this subject for the future.—

Sir,

From the Collr of Rajahmundry Submitting the result of the sale of the several Estates for arrears of Revenue on the 14th Instant.

(1)

Para 1 With reference to my letter of 20th July, and the Proceedings of the Board of Revenue of 12th August, I have the honor to submit the result of the sale of Estates fixed for the 14th Instant, on which date it was commenced and continued by adjournments to the 20th.—

2.— The Statement B which accompanied my letter of 20th July, contained fifty four Estates, three of which were clear from ——— demands, and the remaining fifty-one bore a balance of Rs 7,43,650—10—11.—

the remainder Rupees 1,281-13-9 will be paid immediately.

The Statement No 4 now submitted includes twenty seven Estates the Permanent assessments of which is Rupees 292,570-3-4 and the balances against which on the 20th July amounted to Rupees 23,681-5-1-3, of which Rupees 6,298-14-1 were required to be paid by the day of sale. Of this sum Rupees 5,367-3-4 have been paid, leaving Rupees 14,851-10-9 still outstanding, but as the persons by whom this is due, have generally exerted themselves to fulfil their engagements, I do not consider it advisable to press them harder immediately, but to allow them to pay the balance still due, with their first kists of fusly 1264, and in case of their doing this, I beg leave to recommend that they be allowed, as well as the others who have fulfilled their engagements, to pay the remainder of their balances by the yearly instalments shown

5 The Proprietors of Tabey, Vadasalairoo &c. having failed in their engagements, those Estates have been attached, as reported in my letter of 15th Instant. The Subdivision Accounts of the Moongawadah Estate are still under preparation, and the arrangements regarding the Venkatarayapalleem Zemindary are not completed, yet, through I expect they will be in without further delay.

my compliments and embrace

13659. Fort St. George 14th October 1841.

this opportunity to inform you that we are
all well here, hoping at the same time
that you will continually inform me of
your welfare.

I trust that the whole circum-
=stances, mentioned in my reply of the 4th instant,
to your Encyet namah dated 29th August
1841. Stating that my minority having ex
=pired by the 27th August last. I should make
the necessary arrangements for the liquidation
of the balance due by me to the Government,
might have been brought to your notice. As
you have been pleased to say that, it will
be impossible for you to recommend to
the Board of Revenue, regarding the Con-
=dition I therein proposed, that I should li-
liquidate the Sum, paid by the Govern-
=ment on account of the warrants issued
against me, in ten years. I now take the
liberty to state that, the sum of Rupees
98,691-7-10. already paid by the Govern-
=ment on that account as well as the
Sum of Rupees 24,074-9-4. which is now
to be paid on account of the warrants
issued about the Nagrum Estate, in
all (Rs. 1,22,766-1-2-) one lac, twenty two
thousand

thousand, Seven hundred and Sixty Six, Pc.
anna one and Pice two, will be discharg=
=ed by me in five years or from fusly 1251.
to fusly 1255. You will therefore have the
goodness to submit my above request=
with your recommendation to the Board
of Revenue, and obtain their sanction, to put
me in possession of my Talook. Also re=
=quest that you will protect me in times
of adversity. Please to keep favor towards
me and take this into your favorable
Consideration.

Proceedings in the 2 foregoing letters. Para 1.

(6-8)

From the letter dated
the 23d September 1841 recorded above
it appears that the Veeravaram Estate
belonging to the Peddapoor Zemindary
which was put up to auction for
arrears of Revenue on the 11th Instant
was knocked down to Row Bavia[illegible]

the Mother of the Zemindar of Pittapoor
for the sum of Rupees 54,120. and in
his letter of the 25th Instant, the Collector
recommends that an application should
be made to Government to advance a sum
of Rupees 24,074 to the Zemindar of
Pittapoor, who has just attained his
majority, in addition to advances
made during his minority to the
amount of no less than 98,691 Rupees.

2. It appears to the Board
that it might reasonably have been
expected that the Pittapoor Zemindar
should during his minority have been
assisted in his difficulties by his
Mother's friends, rather than that
Government should have been
applied to for advances on his
account, and without further explanation
on this point from the Collector, the Board
hardly consider that they would
be justified in recommending
that the Sale of the Veeravaram
Estate

13662 Fort St. George 14th October 1841.

Estate to Row Bhavirah, involving an outlay of 54,120 Rupees, should be confirmed.

3 The Collector is requested to state for the Board's information on what terms the Pettapore Zemindar has been living as regards his mother, and how it happens that the funds above alluded to have not been applied to the object of relieving his Embarrassments rather than to the purpose now Contemplated.

13663. Fort St. George 14th October 1841.

To The Secretary to the Board of Revenue Fort St. George.

From the Collector of Rajahmundry. Submitting the information required by the Board's Proceedings of 10th and 24th June 1841 regarding the Native Institutions in the District with the Statement called for.

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue of 10th and 24th June, conveying the orders of Government of 21st April and 12th June, respecting the Native Institutions in this District, capable of being entrusted to the Superintendence of Native Managers or Trustees independent of the Controul of the officers of Government, and with the view of giving effect to this measure, directing me to submit a Statement shewing the annual revenues of such institutions at the time of the assumption of the Country by the Company's Government, the Money allowances that have since been assigned for their support, with all sums expended in the repair of the buildings or for any other purpose connected

Connected with the institutions. At the same time observing that it is not intended to make over to such Managers or Trustees any lands now under the Management of the officers of Government, but merely the net produce, connected with which it is necessary that I should report the sums of Money now in deposit in my Treasury belonging to such institutions, with my opinion as to the expediency of making over the funds at once or keeping them in deposit to be drawn for as required by the Managers or Trustees for filling up vacancies among whom, I am also required to state my opinion.

2. In reply, I beg leave to submit a statement of all the institutions of the Character referred to, existing in this District, receiving allowances from Government, out of which however one only Viz. the Pagoda termed the Lutchmeenursinhaswamy at

Three Vatchavoy Pedda Tirrutha pagah, tullygaurs Zemindars of Pedda pore was the Original Donor but all the titles are lost.

This Pagoda appears to have enjoyed, previously to the Country coming under British rule, the Village of Outravady, Permanent assessment of, which is Rupees 1,539-10-0 but since that period, more has only been allowed, the amount having been fixed by Mr. Branfill, Collector of the 3d Division, about the year 1799. at 756 Madras Pagodas or Rupees 2910-9-7 per annum. Besides this Money allowance, 2 Pootlies and 17½ Toons of land are enjoyed by certain of the persons attached to the Services of the Pagoda subject to a Cuttoobady of Rupees one per Pootly per annum, which lands are in the possession of the parties.

3 Three parties have come forward with offers to conduct the affairs of the Shree Lutchmeenursinhaswamy Pagoda 1st Rajah Vuldindy Coomara Lutchmeenursimharauze the Descendant of the former Zemindars of Mogultoor, who

Sir,

From the Collector of Masulipatam. — Reporting the engagements entered into by Rajah S. Veneatapaty row for the liquidation of arrears due on Valawadum Estate, which has been made over to him under the orders of the Board dated 15th July 1841.

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board under date the 15th July last, approving of the arrangements proposed by me, and directing that the Estates of Valawadum and Chena Pondraca be made over to the Zemindar Rajah Sooranany Veneatapaty row, on his executing the engagements adverted to in my letter dated 25th June last.

2 The engagements above referred to, as far as regards the Estate of Valawadum, have been duly signed by the Zemindar, who has paid up the arrears of Peishcash for Fusslies 1249. and 1250 due on that Estate.

3 With respect to the Estate

13673 Fort St. George 14th October 1841.

Estate of Chena Pondraca, the Zemindar declares his inability to discharge the arrears, and proposes that it should be retained under attachment.

It will be observed that a modification of the original instalments specified in the agreement executed on the 30th January 1838 has been found necessary, in consequence of the late Zemindar having failed to discharge any part of the instalments as stipulated by him.

See W. Wraughton's letter to the Board dated 5th February 1838.

The instalments now proposed are the following Viz.t

To the Secretary to the Board of Revenue Fort St George

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 15th April last, pointing out the course which should have been observed in conducting the investigation into the claims of the parties who contested the right to succeed to the estate both real and personal of the deceased Rajah Summeta Nursumnah, and directing me in the event of an eligible person competent to undertake the duty of Manager presenting himself to report this circumstance for the Boards information and to deliver over the Village of Bullapurroo into his Custody -

2. I regret that the investigation which I deemed it to be my duty to enter into according to the Provisions of Sections III and VI Regulation V of 1804 and should have been considered to be a work of supererogation on my part, but

but I beg to assure the Board that a no less searching scrutiny and patient enquiry would have satisfied me as to the propriety of the course recommended in my letter dated 23d March last, or justified me in incurring the personal responsibility involved in such a recommendation —

3. The Board observe that the party deceased having left an adopted son, it would have been sufficient to have recognized the Boy and referred all other claimants to the Courts of Law.

4 The determination of this single point did not seem to me to be sufficient to establish his right to be considered the heir at Law in preference to Rajahlutchmanah, the other claimant. It appeared to be necessary to enquire whether the property of the deceased was hereditary or her own exclusive property with the view of determining another question viz. whether its disposal must necessarily follow the

the laws of inheritance or whether it could be bequeathed without reference to the law of inheritance according to the intention and wish of the adoptive mother —

5. As it appeared after a long enquiry that the property was of the latter description, & was satisfied that whether the adoption itself were valid or otherwise, the Boy so adopted had established the best claim to be considered to be the heir at Law —

6. According to para 4 of the Extract under acknowledgment I have to acquaint you that I have nominated as Manager, subject to the Board's confirmation, a person named Cutteddi Narsummah, a relative of the deceased who is willing to undertake this responsibility and has furnished security to the amount of Rupees 27,164-4-0 in addition to the objection contained in section X Regulation V of 1804 for ensuring the efficient and faithful discharge of the trust to be reposed in him —

From the Coll.r of Bellary. } 1.

Submitting, as directed by the Board, further details of the arrangement proposed for the management of the three religious Establishments in the Bellary District.-

Sir,

I had the honor to receive your letter of the 5th Ultimo, conveying the desire of the Board, to be made acquainted fully with the details of the arrangement which I proposed for the management of the three religious Establishments in this District, and to acquaint you, for their information, that it is proposed that the "Sabah" or Council proposed to be forme=at each place where there is a Pagoda shall consist of five members, and a President, each of the former having one vote, and the latter a casting Vote, and be selected from amongst men of respectability character, and rank in society, having interest in the Pagoda and more specially those entrusted with village authority: also religious chiefs, Native Princes or Rajahs, Poligars,

Poligars, Matathepatics, or Head Priests, Village heads, and all other respectable Inhabitants. No Person, whatever may be his fortune, whose rank, habits or manners may disqualify him to a seat in the sabah shall be admitted. A Deed of consent **A** should in all practicable cases be executed at first, in the presence of the Tahsildar, by the People of the place, specifying their consent to the nomination of the Individuals as members of the sabah, as also for their continuance as such for life or during their own pleasure. In the event of a vacancy occurring among the Members of the sabah thus constituted, the remaining members shall supply the vacancy from amongst others who may be eligible thereto under the above restrictions, without applying for the concurrence of the People at large.

After the sabah is once thus finally formed

Should a claim be preferred by any Person to the right of vote, or in other words, to the right of becoming one of the Members of that Sabah, his claim shall be taken into consideration when a vacancy occurs, provided always that there be no objection in regard to his respectability or other qualifications. and if there be disqualifications his claims shall receive no consideration in any quarter. These are the grounds which shall entitle an Individual to a seat in the sabah, or to a voice in the choice of the Trustee, and the Provision which I have just above made will, it is hoped, settle all doubtful claims to the possession of the right of Vote.

2. With regard to the necessity of a reference in case of a division among the Members, to a body of Native Gentlemen at Bellary, which seemed to the Board "doubtful expediency, that Society being a "self constituted body for whose permanence there

"there is no guarantee." I beg to state that my reason in proposing it was because on complaint being made to the Collector it would have enabled him at once to refer the case to a competent Tribunal, because these men, are persons of respectability, Education and wealth, and are permanently settled at Cuddah Bellary, which is the only important Principal Town in this District inhabited by all classes of Natives. It would therefore I think not be improper, in cases of a difference of opinion amongst the Members of the Sabah, to allow them to choose as "Umpires" such Native Gentlemen as are permanently settled at Bellary, and to have their disputes settled by them, but should this plan not meet with the Board's approval, the alternative is merely to make the adjustment of these differences also depend on the decree of a Court of Justice.

3 The Sabah should elect

a respectable and honest Person as the Trustee for the management of the affairs of the Pagoda, and make over the Trust to that Individual. A form of the instrument to be granted by the Sabah to the Trustee for this purpose, together with that which it is intended to exact from him in return is herewith submitted B and C as required by the Board. In the latter Document, an additional Clause has been inserted in the 3d Article relative to the Accounts of Receipts and Disbursements of the Davestanum being kept open to the inspection of every member of the Sabah as directed by the Board.

4. A communication to the Circar should be made in writing by the Sabah (to be written in the presence of the Tahsildar) intimating that such a Person has been elected by them as the Trustee, and requesting, that the Established allowances Pagoda

continued

continued by the Government for the support of the Dasvestanum, may be paid into his hands. The Documents A.B. and C. herein before referred to, should be prepared and signed in Duplicate, one copy to be kept by the Sabah, the other being retained by the Tahsildar, who after this proper security having been obtained from the Trustee, shall deliver over to him the money allowances &c. fixed for the Pagoda, and such portion of the Jewels, cloths and Utensils as may be required for present use, on being furnished with a receipt for the same.-

5.- As observed by the Board, the Trustee, it is intended shall retain the Office for life or during his own pleasure, should he resign his Office at his own request, another is to be appointed by the Sabah to succeed him under the foregoing rules. But the Trustee shall not be liable to be removed at pleasure (as provided for in the Document already referred to) except by

a final decree of the Court for any breach of Trust &c. &c. on his part at the prosecution of the Electors by means of summary proceedings.-

6 From the further enquiries which I have recently made regarding the propriety of delivering over at once to the Trustee the whole of the Funds, and the valuable Ornaments now in Deposit &c. &c. there appears to be a very general wish that as the Trustee is not expected to have a large Establishment of servants necessary to secure the property, and that it might be usurped or misappropriated by the Trustee himself or by others in his Family, on pretence of the Property in question being stolen, and as apprehensions of this kind do not appear groundless, that it would be reasonable to allow the Funds, Ornaments, apparel &c. to remain in the Taloor Cutcherry, not at the risk of Government but simply as being in some places the only secure place of Deposit, this is now done even in those Cases where the Government have

have no concern whatever with the Pago-
=das they appertain to.-

7. Under the proposed arrange-
=ments a heavy burden and responsibility
rest upon the Trustee, for which I think
he is entitled to receive in return the under-
=mentioned allowance and honors.-

First.- A commission of 5 per cent
upon the total income of each Pagoda in
ready money Fan. to be made up by corres-
=ponding reductions in the expences thereof.-

Secondly.- In addition to the above
allowance, suitable honors to be observed,
on the Trustee coming to the Pagoda and
leaving it, which the Sabah of course
arrange for themselves.-

8 Having in the foregoing
Paras. submitted all the details
required by the Board, I have
the honor to state that I shall be
guided by such final instructions
as may be furnished to me on

this subject.-

Bellary, Collector's Office,

Sir,

From the Dy. Coll. of Cuddalapak

Para 1. I have the honor to report the death of Soobapah or Sooba Naid one of the sharers in the pension of the family of Venkut Rudreeputty Naid (No 67 of Mr. Ross's Register X) entered No 82 in the Register forwarded by Mr. Dalzell on the 13th. September 1830. This lapse took place on the 14th. April 1838 and the share of the deceased has consequently reverted to Government.-

(24)

2. It is now reported by the Tahsildar that the deceased left two widows named Mangammall and Lutchmummal aged 40 and 36 years respectively who have come forward to claim the continuance of the pension for their support.-

3. They have been disputing together on which account it is stated they did not prefer their claim immediately on the demise of their husband. The Tahsildar reports that they hold a small quantity of land under Pattah but it is insufficient for their support and that they have incurred debts for their subsistence in the expectation of the pension being continued to them.-

4 On the demise of Vencatapa Naid of the 3d branch in this family, the whole of his share was continued by Government to his son Vasuntapa Naidoo, and on consideration of the whole history of this pension it appears to me consistent with the spirit of former renewals that a portion should be continued to each of these widows. I therefore beg leave to recommend that a life pension of one Canterory Pagoda or Rupees 2-14-8 be granted to each.-

Reporting the demise of the Poligar of Bonganoor on the 24th Instant.-

I have the honor to report the demise on the 24th Instant of the Poligar of Bonganoor. He has left a widow and two sons the latter named Emady Sunkara Royel and Moodhoo Chicka Royel aged respectively - 11 and 9 years - a few days before his death, - adverting to the differences which have long existed between himself and his brothers he wrote to me requesting that in the event of his decease, means might be provided for the protection of his family through his confidential servants and that the same favour which had been shewn to himself and predecessors might be continued to his Son Emady Sunkara Royel.-

30

An application was also made by Veera chicka Royel the next brother - of the deceased Poligar requesting to be appointed to

2

to the Management in the event of his decease-

3.- Under these circumstances I have appointed the head Sumprety Roosoom Venkat Rao, who acted as Dewan to the temporary charge of the Sagheer and the discharge of the Police duties.

4. I am not aware of any objection to the nomination of the brother except the disagreement in the family but that appear to be of so long standing and so strong as to give room for doubts of the expediency of appointing him guardian to the minors- In the event of another person being appointed the surviving brothers could receive their allowance as heretofore from the Revenue of the Sagheer.-

2. The Principal Collector states that he has received an application from Vera chicka Royel the next brother of the deceased to be allowed to manage the Estate, but considering the enmity which existed between this individual and the late Poligar, (which is noticed in the correspondence above referred to) the Board consider that such an arrangement would be inadvisable, and they propose with

with the sanction of Government to direct the Principal Collector to take the Pollium under management of the Court of Wards in behalf of Emady Sunkara Royel the Eldest son of the deceased and heir to the property. Should this measure meet the approbation of Government the Principal Collector will be desired to submit the names of the parties whom he may propose as Manager of the Estate and Guardian of the Minors.-

last, an application has been made to me by his son Dulalikhan requesting that the Village may be registered in his name.-

2. On reference to the records I find that the Village was originally conferred during the Mahomedan Government upon Mahomed Bahader on Enam tenure, for the support of a Mosque situated in the same Village and from whom it has successively descended to his son and Grand son, the late Enamdar in whose name it was registered in the Books of this Office on the 1st January 1815.-

3. One Hussain Khan has also preferred a claim for the registry of the Village in his name on the alleged ground of his being the son of Mahomed Shuffagan, one of the brothers of Purvesh khan, the last incumbent. but on enquiry it appeared that the 4 Brothers of the last incumbent executed a document in his favor resigning all claims on account of the Enam Village, and stating that their Brother the last incumbent, was alone to perform-

4 Nizam Khan

the services in the Durgah- It was moreover proved by the testimony- adduced during the investigation that Hufsainkhan was not the legetimate Son of Mahomed Shuffagan, but is the son of a kept- woman.-

4. I request therefore that the Board will grant authority for registering the Enam in the name of Dulalikhan, the legal son of the last incumbent Mahomed Purveshkhan who now performs the services in the Masque.-

From the Collector of Chingleput — Port St.

Reporting the demise of the Shotriems dar of Vasenam but named Satagopum Ponnady Yderajah Iyer and requesting orders to register the Village in the name of Satagopah Charry the successor to the deceased Priest.

I have the honor to report for the information of the Board of Revenue the demise at Sreerengum, in the Trichinopoly District on the 12th February last of Satagopum Ponnady Eteraja Iyer who held the Shotriem Village of Vasenambut in Manemungalum Taloob, paying annually a Sodgy of 182 Rupees

2. This Shotriem was granted by the Mahomedan Government in fasly 1123 to one Ramanoja Charrier, the then Head of a Matum or seat of Priesthood at Streeperumatoor, and to his heirs in succession, he being the 7th Jeyar from its first Establishment. The accompanying Genealogical Tree exhibits the names of the different Priests who presided over the Matum before the last incumbent and who was the

the 11th in Succession.

3. The last Jeyar previous to his demise sent written instructions to his disciples desiring them to recognize his nephew Satagopah Charry as his successor and to deliver to him the Seal and other properties of the Matum, and which the people have since intimated to me they were ready to comform to. Satagopa Charry also applied to me for the registry of the Shotriem in his name and the continuance for the rights and privileges of the 2d Teertum in the Pagoda of Streeperumatoor, enjoyed by his Predecessor

4. There is a balance of Rs 1152.—4 against this Village on account of the First of 1250. but as Satagopah Charry tendered the payment of this sum, I have ordered it to be received and placed in deposit, pending this reference to your Board.

From the Coll.r of Chingleput ... } Para 1.

On the 11th July last, Venkatanarrain Pillay Shrotriumdar of Muppaidoo paying to Government an annual kist of Rupees 173-4-8 having died, his son named Venkatanarsoo Pillay aged 18 years addressed a Petition to me requesting that the Shrotrium might be registered in his name.

(38)

Venkatanga Pillay
Venkatanarsinha Pillay

2.

On reference to the Register Book I find that the Village was last registered in the names of the deceased and his two brothers on the 11th October 1831 but it

appears on enquiry that the two last mentioned persons died previous to the demise of Venkatanarain Pillay the former leaving a son by name Vengoo Pillay aged 14 years and the latter a widow named Alemalummall. It further appears that Venkatnarsoo Pillay is the only son of the deceased Venkatanarrain Pillay by his 1st wife and that his 2d wife named Lanakummall lives in the same family with Venkatarsoo Pillay.

3. I consider it expedient that Shrotriums generally should be registered in the name of the Head of the family leaving it to him to settle with the other Members for their respective shares and under this view, would suggest this shrotrium being registered in the name of Venkatanarsoo Pillay, the only son of the eldest of the three Brothers, should the Board however think proper the parties will not object to its being registered in the joint names of Venkatanarsoo Pillay and Vengoo Pillay.

A.

4.

A person named Nagore Sonna-
-vandra Pillay has also preferred a claim
to the Shrotriem on the plea that it was
originally granted in the name of his Grand
father Nagore Mootoo Pillay, but that it
was subsequently obtained from him by
the ancestors of Venkatanarrain Pillay, now
deceased, by fraudulent means. This claim
however was previously disposed of in the
correspondence noted in the Margin.

Resolution thereon,

Under the circumstances
stated in the foregoing letter, the Board
authorize the Collector of Chingleput to
Register the Shrotriem Village of
Muppaidoo in the name of Venkatanarsoo

Venkatanarain Pillay, unless the family express
a desire in writing to have the Village registered
in the joint names of Venkatanarsoo Pillay and Vengoo Pillay.

38-39

Read again letter from
the Principal Collector of North Arcot dated
15th April 1840 and entered in Consultation
3d May last.

Proceedings thereon.

In their Proceedings
under date 28th November 1839 the Board
requested the Principal Collector of
North Arcot, to furnish a detailed State-
-ment of the land to be granted as
commutation of allowances to the Villages
Sibbendy of certain Villages distinguish-
-ing the cultivated from the waste
land, it being their desire that land
thus allotted should be partly waste and
partly cultivated.

40

The Statement, however
which were submitted by the Principal
Collector in his letter of the 15th April
1840 shew that the proportion of waste he
has proposed to allot in lieu of the present
remuneration to the Village Officers of
these Villages far exceeds that of the
cultivated lands thus in the allotment
of

of land in addition to the Maunium and Marah already enjoyed, and in the allotment proposed to be made in those Villages in which only the Marah is allowed. The disproportion in the amount of cultivated land to the waste is as follow.

	Cultivated.			Waste			Total		
	Pts	a	P.	Pts	a	P.	Pts	as	P
As per Statement A	25	6	11	2448	—	—	2473	6	11
As per Statement B	35	4	—	1126	15	3	1162	3	3
	60	10	11	3574	15	3	3635	10	2

By this distribution the whole of the land to be allotted for Villages services will in some Villages consist entirely of waste — If this waste is arable or Shaykol (which it is presumed to be as the Seerwa is specified) the Board can have no difficulty in approving of the proposed transfer, but if it

consists of land which has never been cultivated or has been abandoned for many years, it is desirable that the parties interested in the arrangement should have the option of taking such waste for their Maniem and Marah in lieu of money payments.

In reference to Statement

3.

A it would seem that the assessment of the land allotted to the Curnum of Colle in the Vellore Talook, exceeds the Maniem and Marah he has hitherto enjoyed. The difference should be charged in the demand against their person. No remuneration to the Monegar of this Village is shewn.

4. In the abstract Statement

B the amount of the average Maniem and Marah

Fort St. George 14th October 1841.

marah in the Village of Cottoor in the Talook of Sripetteo being already equal to the two Manool Marah enjoyed by the Cumums No allotment of land is proposed in lieu thereof. It is not explained why a destinction is made in the Village. The system in the remuneration to Village Officers should be the same in every Village and in this instance there appear no grounds for an exception it appears to the Board therefore that the Money allowance should be resumed and Land as per Cols 2 and 3 should be given in lieu thereof.

5, Mr Ogilvie has not stated in what manner he proposes to charge the allotments of the Lands bearing an assessment in the public accounts the readiest mode will be to deduct the amount from the annual Settlement of each Village in which the transfer is made.

Fort St. George 14th October 1841.

power for ages back, the innovation contemplated was contrary to long established Custom, and if persisted in religious worship in their Temple would cease.

8. In stating this to be the feeling of the body politic of Trip-atty my intention is to shew that we can expect no cooperation from those immediately connected with this Pagoda to be of the most distant service in carrying out the measure, and inconsideration of the difficulty of obtaining this, I can only propose a System of Management which if entered upon, even if by compulsion, should uphold the pure administration of it's affairs.

marah in the Village of Cottoor in the Talook of Shippettee being already equal to the two Mamool Marah enjoyed by the Cumums No allotment of land is proposed in lieu thereof— It is not explained why a destinction is made in the Village. The system in the remuneration to Village Officers should be the same in every Village and in this instance there appear no grounds for an exception it appears to the Board therefore that the Money allowance should be resumed and Land as per Cols 2 and 3 should be given in lieu thereof.

5. Mr Ogilvie has not stated in what manner he proposes to charge the allotments of the lands bearing an assessment in the public accounts the readiest mode will be to deduct the amount from the annual Settlement of each Village in which the transfer is made.

power for ages back, the innovation contemplated was contrary to long established Custom, and if persisted in religious worship in their Temple would cease.

6. In stating this to be the feeling of the body politic of Tripatty my intention is to shew that we can expect no cooperation from those immediately connected with this Pagoda to be of the most distant service in carrying out the measure, and in consideration of the difficulty of obtaining this, I can only propose a System of Management which if entered upon, even if by compulsion, should uphold the pure administration of it's affairs.

9. The Jeyengars, Poojaries and Priests are the Chief Individuals connected with the internal management of the Temple. They hold their respective places on meraisy rights, and have the entire Superintendence and control of all the various Services of the Institution

Institution. These Individuals, seven in number, I would propose to be a manag:
:ing committee, and a sufficient number of unexceptionable Characters from the Town, could be selected as a general one. The two Zemindars of Calastry and Carvertnuggur may be elected Patrons, or Honorary members of the general Committee. The Calastry Zemindar would be objected to by the Priests as a member of the managing Committee on account of his not being a follower of Vishnoo, but the Zemindar himself is altogether careless of the matter and indeed he has expressed a desire to be relieved from all interference.-

10. If the measure is to be carried through, nothing short of at once withdrawing Government interfer
: ence will tend to rouse into action the thinking properties of these slug:
:gish and bigoted Priests who keep

themselves immured areand this Temple, hid from all sight, and scarce to be traced out by enquiry. There they reside and spend their existence in inert care:
:lessness, enjoying the produce of their lands and Villages, secure in the ad:
:ministration of their worship, kept pure by a Government Zealously recog:
:nising all their rights, and carefully of their religious feelings & prejudices. To such the change must be any thing but pleasing, and to keep things as they are consonant, of course, to their natu:
:ral notions of ease and security.-

11 The innovation will certain:
:ly be great, but nothing can arise to effect their rights or prejudices, how:
:ever absurd, by the withdrawing of Government interference. The exclusive privileges appertaining to the Priests and Jeyengars of the Temple, consti:
:tute them the fittest and indeed the

respective Pagodas, and

respect to the provision to be made
for the succession to the Trusteeship

To the Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to submit for the information of the Board the accompanying two Statements shewing the offers made for the renewal of the Arkarry and Betel and Tobacco revenues of this District for the ensuing fusly 1251. the sale of which took place at Dharmapoory on the 10th instant as intimated in my letter of the 7th Instant.

Fort St. George 14th October 1841.

The Board will observe, that there has been an increase in the offers made for the rent of the Arkarry in all the Talooks to the amount of Rupees 8741, which is chiefly owing to the great competition there was this year and if compared with the average of the 3 Fushes noted there appears an increase of Rupees 19307-10-8 anticipating that if the rent of the Betel and Tobacco were put up for the Talooks separately the number of renters would lead to inconvenience and constant disputes I put up the whole at once as in last fusly when the offer of Rupees 25500 was made, being Rupees 3300 above that of the preceding fusly and Rupees 8322-13-6. above the average of the 3 Fushes - In the two branches of Revenue there was a total increase of Rupees 12041. above the rents of last year - As the above offers are the most advantageous, I would beg to recommend there being accepted -

2. Several have made a deposit of 25 per cent on their offers from whom no further security is required but the Tahsildars have been directed to report upon the competency of the securities given by the parties that have made the usual deposit of 15 per cent - As the fusly is near its close I beg to be favored with the Boards' early instructions to enable me to put the renters in possession of their rents on the 12 proximo -

Resolution thereon. The Board confirm the settlement of the abkary and Betel and Tabacco rents in the Salem District exhibited in the Statements which accompany the foregoing letter.

(43-44)

Read again letter from the Acting Collector of South Arcot dated 1st and entered in Consultation 16th Ultimo.

Proceedings thereon. Para. 1 The explanation calling for further explanation on certain points connected with the subject of the diminished cultivation of Totacal highly assessed land in South Arcot.

afforded in the foregoing letter of the Causes that have led and are leading to the diminished Cultivation of Totacal highly assessed land in South Arcot is doubtless to some extent correct, and the remedy proposed to be applied is in accordance with the Board's recommendation in their Proceedings of the 19th April last. Before however submitting the subject for the orders of Government, there are still some points deserving of Consideration on which further explanation is required.

(45)

2 The principle of regulating the demand in strict conformity with the nature of the Cultivation under

it is true, tend to bring again under culture the large portion now left waste, and would so far benefit the people and the Government Revenues to the extent of the Seerwah which would accrue on the lands at present unproductive. But on the other hand it is clear that the boon accorded will have the effect of lowering the demand on the lands classed as Totacal and still cultivated with garden Produce. The Revenue derived from these lands in Fusly 1249 was Rupees 39155. and the departure from the Survey Rates in the 50 per Cent now abandoned, will act as a further stimulus on the holders of the remaining Portion to cease Cultivating thereon with Garden Produce, and lead them to sink New wells in other Portions of the Poonjah Lands. This should be fully considered, otherwise it might happen that with increased Cultivation a decrease of Revenue below what is now collected, might result.

Reference

3 Reference is made by Mr. Hallett to the very remarkable abandonment of totaal Land, as attributable to the pressure of the assessment and to the subsequent changes in Revenue Management which has led the Ryot to construct a new well and to reap the benefit of his own improvements, abandoning his old and lightly assessed lands. But an examination of the accounts shews that the abandonment has not been so remarkable as the acting Collector seems to imagine, and leads the Board to believe that under no system would the entire extent of lands classed as Totaal be brought under cultivation in ordinary years.

4 Of Two thousand Cawnies or thereabouts classed in the Survey accounts as Totaal, the total extent under cultivation in the three fusles 1218. 1216. and

1217 immediately following the introduction of the survey, was Cawnies 2,015 3/4 on an Average. The average of the last five years from Fusly 1245 to Fusly 1249 inclusive, gives an average extent under Culture of 1,668. Cawnies. One of these years Fusly 1246. was almost the lowest on record, and Fusles 1248 & 1249 shew Cawnies 1,800 under the plough in each year, or a diminished Cultivation of one tenth only.

5. It occurs to the Board therefore with a view as well to prevent any part of the existing Totaal Cultivation being thrown up or to restore that already abandoned, that the indulgence suggested in a former communication of regulating the demand in conformity with the nature of the Cultivation undertaken in Gardens in which the Wells are out of repair and unfit for use or the springs have entirely failed

+ Board's Proceedings 19th Sept. 1844 Para 10.

should

should be extended only to those who kept up their lands in Cultivation to the usual extent, this restric= =tion might be applied also to Poonjah lands in which new wells had recently been dug, which should not be held on the pay= =ment of Poonjah Teerwah except in cases where the parties claiming the indulgence had cultivated the usual extent of Land in their holding.

6. These suggestions are thrown out for Mr. Hallett's consideration, and the Board will await his reply when he has been enabled to give the question that attention which its impor= =tance m[illegible]

From the Asst. Coll.r of the 2nd Divn. of Arcot, stating that there is in deposit in his treasury a sum of money which has accumulated from the surplus allowances granted for the repairs of Choultries and Bungalows under Regn. VII of 1817. and recommending that after retaining sufficient for the special purposes intended, the remainder be expended in works which would conduce to the general convenience and comfort of the people.—

Sir.

Para[illegible]

To The Secretary to the Board of Revenue Fort St. George.

There is in deposit in my charge in this Treasury, a sum of money which has accumulated from the surplus yearly allowances granted for the repairs of Choultries and bungalows. This money, according to Regulation VII of 1817, is under the Control of the Board of of Revenue, and being according to that Regulation, solely and strictly available for the benefit of the public, I think there Can be no doubt whatever that it would be both expedi= =ent and beneficial to their interests, if sufficient being retained for the special purposes, a part were expended in works which would conduce to the general convenience and Comfort of the people. News, Bridges on great through fares or similar objects. I allude to, and Section XII clearly contemplates such appropriation of the surplus.

2 Under the general Authority of the Collector, derived directly from the Board of Revenue, I conceive that I should be justified in

in using these funds in such a manner, at times and with discretion, but as I find that occasionally references have been made I have the honor to ask the Board, if there is any objection, in order to avoid the trouble and delay of reference in every instance, to my exercising such Control on my own responsibility, subject of course to a careful management and entry of account, for production if at any moment called for by the Board.

3 The Board will observe that the funds I allude to are in no way the property of the Government, but entirely by the Regulation quoted, under their own Control.

4 With authority such I have now the honor to request the Board will rest in me, I am sure I can do much for the public good, without in the slightest degree trenching upon the Original object of the funds which are in no part to be resumed, and should not be allowed to accumulate.

Proceedings thereon.

The Board regret that they are precluded by the regulations of Government from sanctioning the arrangement proposed by the Acting Collector of South Arcot in the foregoing letter. If it is deemed advisable to apply the funds in question, or any portion of them, to purposes other than those for which they were Originally intended, it is necessary that an application be made for the special sanction of Government, specifying the purpose for which such an appropriation is recommended, & the exact Amount required to be disbursed for such purpose.

To The Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Collr of Trichinopoly

Adverting to the order of Government published in the Fort St. George Gazette of the 10th December 1836. I have the honor to state that I have hitherto found it impracticable to arrange the Hindoovee and Malabar records for which an expenditure of Rupees 750. was authorized under the sanction of Government conveyed to me in the Extract from the Proceedings

48

proceedings of the Board of Revenue under date the 28th October 1840, in consequence of the absence of my Cutcherry from the Hoozor station on Jemmabundy and owing to the Cutcherry being under repair. I have therefore the honor to request that the sanction above alluded to may be renewed and that it may be permitted to continue in force until I shall have reported that the arrangement has been completed, or for a period not exceeding two years for I find that it will be impossible to do all that is necessary in one season.

Trichinopoly Collector's Cutcherry 25th September 1841.

Collector.

Proceedings thereon.

(48-49)

In Cons: 26th Oct. 1841

The Board are led to conclude from the foregoing letter that the establishment sanctioned by Government under date the 8th October 1840 for the purpose of arranging the native records in the Cutcherry of the Collector of Trichinopoly has not yet been entertained, & that the Work has not been as yet commenced. Should this be the case, it does not appear necessary, under the

Fort St. George Gazette

for sanction should be submitted to Government, as the period allowed for the employment of the temporary establishment was in this instance specially stated at the time of sanction, & the Board are not prepared to recommend that any extension of that period should be allowed.

From the Coll. of Tinnevelly. Reporting upon the Petition W. 943 of 1841 which accompanied the Board's letter of 28th Ultimo, complaining against the acts of certain Mussulmanaries.

To The Secretary to the Board of Revenue Fort St. George.

Sir,

Para 1. I have the honor in reply to your letter of the 28th Ultimo, to report on the Petition enclosed in it.

2. The Petitioners complain that their temple has been injured and their car burnt. The Pagoda in question is reported to be nothing more than a mud building and was formerly the Village Temple belonging to the Inhabitants of Soobramonyapoorum. Among the 44 Persons who have signed this Petition, only one appears to be an inhabitant of this Village, the others it would seem have no concern whatever with the building.

The circumstances attending

the case are simply these, The Heads of the Village of Soobramonyapooram and a great part of the Inhabitants voluntarily requested the Revd. Mr. Thomas to instruct them in Christianity. A Catechist was depated to the Village and prayers were read in the Village Pagoda, and the Building was, at the desire of the Villagers to whom it belonged, and without objection or interference on the part of any one, converted from a heathen to a Christian place of worship, and so remained for some time previous to the occurrence which forms the real subject of this Petition. While the Pagoda was in the quiet possession of the Inhabitants under christian Instruction, some windows were put to it and a lock placed on the door. To these alterations no objections were raised at the time, but on the departure of the catechist to another Village, certain Heathens assembled, broke the lock, destroyed the windows, and took forcible possession of the building. A complaint of these acts was preferred to the Head Assistant Magistrate who summoned the parties complained

Complained against. But instead of obeying his summons, the Peon serving it was beaten and three persons whom he had managed to capture were rescued. A warrant was then issued for the Offenders and the case was duly investigated by the Head Assistant Magistrate, who being clearly of opinion that the Building was previous to the forcible seizure of it by the Heathens in the quiet possession of the complinants to him, and that the outrage on the part of the Defendants was unjustifiable, maintained the right of the complinants to occupancy, and fined the Defendants for a breach of the peace.

I have the honor to add that the proceedings of the Head Assistant Magistrate and the whole record of the case were duly submitted to the Judge late on Circuit.

Tinnevelly,
Tenecauy,

Collector.

Proceedings thereon.

The Board are of opinion that the appropriation of the Village Pagoda alluded to in Petition No. 943. of 1841. for the purposes

50-51

purposes stated in the foregoing letter, was objectionable in as much as the exclusion of the heathen portion of the Community, however small, from a building originally intended for their use, as a place of worship might naturally be expected to breed discontent and lead to dissatisfaction.

In the instance mentioned by the Collector, the interference of the Assistant Magistrate was of course requisite for the prevention or punishment of a breach of the peace, & his proceedings will be cognizable by the Judge of Circuit before whom it appears they have been laid.

Ordered that the following endorsement be passed on Petition No 94 of 1841.

Petitioners are referred to the Collector of Tinnevelly who has been put in possession of the Board's sentiments on the subject of

2. After much correspondence on the subject of a Precept, which was issued to the Collector of this District, calling on him to register the lands of the Perumput Village of Boomipoorum in the name of a Plaintiff in an Original suit before the Sudr Ameen subject to the Auxiliary Court at Tinnevelly & to which it is not now necessary to refer, save for the purpose of bringing the case to the recollection of the Board, Mr. Thompson on the 28th January 1839 suggested that the Government are the owners of the Village & this suggestion the Board on the 14th February 1839 notified their acquiescence and from the date of this last Communication I find nothing on the records reporting to the Board the further proceedings that have passed.

3. As the Course suggested by Mr. Thompson and approved of by the Board has not been pursued, it appears proper that the Board should be informed that the suit has been carried on the Plaint, Answer, and reply into the Court previous to my visit and I found on my

assuming charge, that a few days only remained of the time fixed by the Court for replying to certain queries, and furnishing documentary evidence in support of the Claim of Government. Time did not admit of my making reference to the Board and I therefore complied with the requisition of the Court.—

The Record of the case is I believe not complete and it is probable judgment will be given shortly. I shall of course report to the Board the nature of the Decree as soon as it is passed. In the mean time it seems proper that the Board should be in possession of what has been done in the matter subsequent to their last communication.—

Stating that in consequence of the Solemn affirmation of the Mother of the Minor Zemindar of Sanet Saar & Catanpanitty & that an attempt had been made on her property and the Lock of the Treasury broke open and property and specie to a considerable amount had therefrom been stolen by Purvathummal, Grand Mother of the Minor, and the Mother of the late Zemindar, during her absence— Under this complaint, and the circumstances attending it, with a

state for the information of the Court of Wards, with reference to the Extracts from the Proceedings dated 24th May 1841 and also in consequence of a complaint solemnly affirmed to before the Assistant Magistrate by Augutthar Ammaul Mother of the Minor Zemindar of Sanet Saar and Catanpanitty, that an attack had been made on her property and the lock of the Treasury broke open and property and specie to a considerable amount had therefrom been stolen by Purvathummal, Grand Mother of the Minor, and the Mother of the late Zemindar, during her absence— Under this complaint, and the circumstances attending it, with a

a view to protect the property of the Minor, as well as to remedy, as far as possible, further depredation and mischief to the Estate; such property as was forthcoming and portable has been secured in the Huzzoor Treasury. The particulars of which are specified in the list. The other effects, which were under lock and key, I have not disturbed, but provided for their security by placing my Official Seal on the door of the Treasury, and on the Boxes until I have been favored with the Court's instructions regarding the final disposal of the property.-

B

2.- As the Proceedings in this case, are extremely voluminous, I venture to subjoin the information in the Abstract, in order to save unnecessary trouble. It would appear that the bad feelings existing in this Family have been produced by the rejection of a Document submitted by the late Zemindar

Fort St. George 14th October 1841.-

Zemindar, to the Huzzoor, a few days previous to his death, which ought to have been acted upon without suspicion, or delay, inasmuch as its property was in effect the only course that could have been consistently pursued, according to Regulation V of 1804, had no such Documents existed; and to the unhappy selection of the person who was deputed to enquire into the affairs of the Paligars and also to the culpable disobedience on the part of the Tahsildar to written instructions, which were sent to him from the Huzzoor regarding the security of the property.-

3.- On the 5th of October

C

1838 an Arzee without date was received in the Huzzoor from Vannaovarayer Sounden, late Paligar of Samuttoor, stating that as he was dangerously sick and his younger Brother, and his son

son, were not of an age to man-
-age the affairs of the Polipat
after his death, it should be taken
under Circar management. He
No 1 in C forwarded a List of the Land
he had given to his Mother,
Brother, Wife and other relat-
-ions for their support, and
requested further that the Tahsil-
dar of Putachy Talook, might be directed
to attend upon him, that he might explain
certain Documents &c.a in his hands and
also that Sepoys might be sent to guard
his property. Donations whatever ap-
-pears to have been taken of this Arzee
This Document bears on the endorse-
-ment "no answer" I cannot learn why
immediate measures were not
adopted to give effect to the request
of the Poligar. The Poligar died
on the 16th of October 1838 twelve
days after the receipt of his letter
above mentioned and the circum-
-stance of his death was communi-
-cated to the Board on the 1st of

February 1839. In the second Para of
this letter, the Acting Principal &
Collector states that "I cannot ascer-
-tain whether this Arzee is authentic
or not". His relations all deny its authen-
-ticity. The grounds upon which this
opinion was formed, appears to have
been on the receipt of three Arzees by
D E and F Tapaul on the 18th November 1838
purporting to be from the Wife
the Mother and the younger Brother
of the late Poligar, and on the reports
made to the Huzzoor by the persons
who had been deputed to enquire into
the circumstances of the Polipat.
The widow of the late Poligar, most
C solemnly denies the validity of the
Arzee D. The subject of these Arzees
is that the Poligar did not write
the letter C. to the Huzzoor and
that the administration of the
Estate, should be placed under Cur
-vathummans, the Mother, and
the Brother of the deceased Yemmudar
until

Fort St. George 11th October 1841.

until the minor came of age The cause that gave rise to these Petitions I will explain below—

H

On the 30th of October 1838, a Sonnasta to Coopaosamiah was directed in a written order as follows "Vannarayer Gounden, the late Paliyar of Sanattur and Kattampatty having perviously to his death solicited an Arzee to the Huzzoor, that the Palipatt should, after his death be placed under Circar management till such time as his son might himself be able to conduct the affairs of it, a communication on the subject, is to be made to the Board of Revenue, you will therefore, immediately after the receipt of this order proceed to Sanattur examine the Accounts of Cultivation, and of Collections, and also enquire into the origin, History, and usages of the Palipatt carefully, and submit a distinct report to the Huzzoor, accom-

panied by accounts. The Tahsildar of the Taluk has been directed to procure you the attendance of a Vakeel acquainted with the circumstances of the Paliyat and to afford you every reasonable assistance in this particular. Nothing was heard from this person until the 3d December 1838 on which date he was called upon to report the progress he had made; In a reply dated the 6th of the same Month he states, that he was for some time prevented from preparing the necessary Accounts, by the absence of the Cusmans, and Managar of the Palipatt, which had since been contradicted, and that he was informed by the Mother of the deceased Paliyar, that, her son had made, previous to his death, a written note, a letter to the Huzzoor to the effect, that, the Palipatt should be placed under Circar management. The

Fort St. George 14th October 1841.

The Papers marked D, E and F above mentioned, were received during this interval. There is every reason to believe, that the Mother and the Brother of the late Zemindar did with the advice, and connivance of Coopoosawmiah, fabricated the Aryee in the name of the Widow by which Purvathummal, the Mother obtained the temporary management of the Estate Coopoosawmiah returned to the Hurryoor, in the middle of December 1838, with the requisite Accounts, and Kyfiut+Putty or memorandum particularizing the origin, and history of the Polipat In this Memorandum also he has written that Agattoor Annamah the widow, had consented to the Polipat being entrusted to her Mother in Law that the Aryee received in the Hurryoor purporting to have been addressed by the Poligar,

+J

previous to his death, was a false one; and that the Ryots, in the event of the Polipat being taken under her management, will be subjected to trouble, and emegrate in consequence. This Document, prepared by Coopoosawmiah, is witnessed by the Curnam, Manigar and certain Ryots. Agattoor Annah having denied upon oath, that her consents for placing the Polipat under Purvathummal was ever given and declared that the Document, was a false one, some of the witnesses were called upon to identify their signatures affixed to this Memorandum and they have distinctly declared that the signatures in this Paper are not their own, and that they never signed such a Document. The Talliar of Putachey Talook in which this Polipat is situated, has also affixed his signature to all the Papers prepared by Coopoosawmiah as was required by the Hurryoor but he

he appears to have signed them without satisfying himself as to their correctness, or otherwise.

5 It would appear that Conjeevarumiah on his return to the Kuzzaar, had sufficient address and influence with the Head Sheristadar, to obtain his credence to what he had written in the Hyjuit Putty dated 9th December 1838 and the following Draft from the Head Sheristadar's Duftar to the Tahsildar of Pulacherry, appears on the Records. The purport of it is as follows, and it was acted upon. "The Paliputs of Samuttoor should be pending the sanction of the Board of Revenue, placed under the charge of Purvathumma=nah, who is able to read & write and in whose hands the keys of the Treasury &c. were delivered by the Paligar before

before his death. He was further directed to acquaint Purvathumma=nah, and Agutthaar Ammaul that, on all occasions of any of the Boxes being required to be opened, they should do so in the presence of Mediators, after giving an intimation of the same to the Circar, and secure it again by placing the seal of both of them upon it, and that he would in=struct Purvathummanah to take care of the Minor, and of his matter. In making the proposition of placing the Paliputs and the Minor under the management of Purva=thummanah, the Head Sheristadar ought to have known that this arrangement was illegal, by Clause Third, Section XIX Regulation V of 1804, from the fact of Purvathumma=nah having a son of her own, who would succeed to the

the Estate on the Lapse of the Minor. It will be here necessary to state, that, no prescribed obligation either as a Guardian, or Manager was ever obtained from Purvathemmal.

5.

Purvathemmal and Agutteen Ammaul, and all the witnesses in the case solemnly affirm, that the Tahsildar, did not communicate to them, the orders from the Huzzoor, respecting the opening of the Boxes &c. but that, he simply acquainted them, that he was directed to place the Poligars under the management of Purvathemmal. The Tahsildar stated that he went to Sanuttoor and personally communicated to them the entire subject of the Sukeed. The Statement made by the

order to the Tahsildar, that the keys were given into the hands of Purvathemmal by her deceased son, the Poligar and that, Purvathemmal, was capable of reading and writing is beyond all doubt, void of truth. The several Arzees of Purvathemmal on the Records of this Office, as well as the Letter E, bear her marks only, and not her signature. this is corroborated by Purvathemmals subsequent acknowledgment before me. I have evidence, solemnly affirmed to prove that the Poligar was not in terms of amity with his Mother, during four or five years before his death, and that the keys were delivered by him to his wife, with instructions, that she should not open the Treasury and the Boxes, before his son was capable of managing the Poliput affairs. investigation under review has been most disgraceful. A reference to the Argued and the Memorandum I will justify the belief, that Coopasawmiah either committed, or was accessary to the commission of a Forgery. As he has left the District and was dismissed some time ago from his employment on other grounds he is beyond my reach but I do think that his future incapacity to serve the Government in any situation, with these suspicions hanging over him, ought to be recorded in the strongest terms.

7. The conduct of the Tahsildar of Pulachey is deserving of marked censure, and I cannot dispossess myself of the belief, for which I have very strong grounds that his participation in the misrule, which has occurred has been wilful, and is inexcusable. All communications made by him to the Head of this Polipet, and of others in his Talook have been made by writing except in this very important

and particular case, which he states he did verbally both to Agattoor Ammaul and Purvathemmaul. This would justify the supposition, that he had been accessary to Purvathemmauls proceedings, and aided her to the great injury of the Estate by wilfully neglecting to communicate to the parties in writing, as he had previously always done the orders he had received for the security of the property belonging to the Estate, and that in consequence, that much property had been abstracted and misappropriated by Purvathemmaul by her forcibly breaking open the Treasury. Under these circumstances I beg the Board will sanction the determination I have come to of dismissing him from his situation. Independent of his culpability in this matter, he is quite unfit to conduct the duties of a Tahsildar with advantage to Government.

8. I had the honor to inform the Board under date 14th May 1841, that one of my first acts in the

the District, was to restore the Minar to his Mother. It would appear, that during the period of her grief at the loss of her husband and when she was inconsequence plunged in apathy, and indifference to all around her Child was taken from her, and when she recovered from this state of depression in some degree, she found that in addition to the loss of it, she was deprived of all the privileges and advantages which appertained to her by Law, as the wife of the late Poligar, and Mother of the Minor. Soon after this, she was driven from her House, no provision made for her subsistence and for many Months existed upon the bounty of her Father, whilst the Mother in Law, was squandering away the fortune accumulated by the late Poligar in bribery to enable her to retain what she had so unlawfully acquired.

9 The Treasury at Samattoor, is said, still to contain some specie

and other property. the amount is not ascertained and as the grand Mother of the Minor, contumaciously holds possession of the key of this and of other Boxes in the Huzzoor Treasury which she refuses to give up, it is necessary I should have sanction for taking the property under the protection of the Court of Wards. I beg to suggest that all the Money should be invested in the present Government 5 per Cent Loan in the name of the Collector for the time being in order to enable him to realize from time to time the interest accruing thereon.

10 I would also recommend that the Grand Father of the Minor Vizt. Agutoor Ammauls Father should be appointed Manager of the Estate, under the provisions of Regulation V of 1804.

His

13800. Fort St George 14th October 1841.

His conduct throughout this trying period has been most praiseworthy and gives assurance that the interests of the Minor could not be placed in safer hands — and in the event of this arrangement being approved, I request authority for making over to him conjointly with the Minor's Mother all the live stock and moveable property entered in List B. The original Documents I request may be returned.—

From the Collr of Canara

Sir,

Submitting a report on the Mokturpha Tax in the District of Canara as Called for in the Board's Proceedings Dated 11th March 1811

Para 1. In compliance with the instructions conveyed in the proceedings of the Board, under date the 11th of March last, I have now the honor to submit a report on the Mokturpha tax in this District.

2 Previously to Fasly 1232, the Cumeri or hill Cultivation, as well as several petty farms, and other Items not properly belonging to this bunch of Revenue, were included under the head of Mokturpha. In that year, however, they were struck out by order of the Board of Revenue, and brought to account under their proper heads. since that time there has been little variation in the Amount of the Mokturpha tax, which has never exceeded Rupees 9,831-1-9.

To The Secretary to the Board of Revenue Fort St. George.

From the Collr of Canara

Sir,

Submitting a report on the Mokturpha Tax in the District of Canara as Called for in the Board's Proceedings Dated 11th March 1841

Para 1. In compliance with the instructions conveyed in the proceedings of the Board, under date the 11th of March last, I have now the honor to submit a report on the Mokturpha tax in this District.

2 Previously to Fasly 1232, the Cumeri or hill Cultivation, as well as several petty farms, and other Items not properly belonging to this bunch of Revenue, were included under the head of Mokturpha. In that year, however, they were struck out by order of the Board of Revenue, and brought to account under their proper heads. since that time there has been little variation in the Amount of the Mokturpha tax, which has never exceeded Rupees 9,831-1-9.

From Board's Proceedings 11th August 1837.

in Fasly 1249.

3 Owing to this Province having been formerly under the rule of several petty chieftains, imposts were imposed on certain trades and professions in one part, which were exempted from

tax

tax in another. This in a great measure Accounts for the inequality of the Mohturpha tax, as hitherto levied in Canara, as with the exception of the shop tax, neither under the Mysore Dynasty nor since our assumption of the Country, have new imposts under this head, been imposed where they did not formerly exist. The shop tax has been generally levied in Towns and Villages on new shops being established although from the accounts which have lately been prepared, there appears still a Considerable number which have not been assessed.

4 The chief place however where the shop Tax has not been regularly imposed is in the Town of Mangalore, and here a great proportion of the shops and Warehouses are unassessed to the Mohturpha. The reason assigned for this exemption is, the very high ground rent which is paid by the shopkeepers and Merchants in most parts of the Town, which is not the case in the

the Villages and Cusbahs in the Talooks. On enquiry this appears to be the case and in Fasly 1238. when Mr. Dickinson, the then Collector, proposed to assess all the shops in Mangalore which had been previously exempted from tax, a strong remonstrance was made by the shopkeepers and traders, and the subject, I understand, was brought to the notice of Government. The tax was suspended by Mr. Dickinson's order, but in consequence of the destruction of the Mysore records, I am not aware whether any communication on the subject was made to the Board or any instructions received on the occasion.

5 From the accounts furnished by the Tahsildar, the sum to be levied on the Shops and Warehouses in Mangalore not now assessed to the Mohturpha, Amounts to Rupees 1,540-8- Looking to

to the smallness of the sum to be realized and the great dissatisfaction the forcible collection of it would now occasion in this Town, I would beg to recommend that those shops and ware houses which have hitherto been exempt from the tax, on account of the payment of ground rent, should not now be assessed with the Mokturpha.

6. In his Report on the Extra Revenue for Fusly 1245. Mr Lewin the then Collector stated that the imposts under the head of Mokturpha would undergo revision, and he alludes to the injustice which attends the inequality of the tax as exhibited in the Statement appended to his Report.

31st January 1837 Para 35.

7 The applicability of the abovementioned observations of Mr Lewin were not apparent on the face of the statement referred to, as remarked by the Board in their proceedings on the Extra Revenue of the District for Fusly 1245. and further information was therefore called for.

22nd June 1837 Para 43.

8 In the proposed revision of the Mokturpha

Fort St. George 14th October 1841

Mokturpha it was understand Mr Lewins intention to recommend that those Items on which a mere fraction of Revenue is now Collected, should be struck out of the Accounts, and that the tax on the Items to be retained, should be generally levied, such a revision appears to me to be very desirable, and I beg to submit for the Consideration of the Board a Table shewing the various Items Composing the Mokturpha Revenue at present, with those which I would propose to strike out of the Account.

9. Strictly speaking there are no manufacturers in Canara, the few weavers entered in the Account are some of the poorest Classes who make the coarsest sort of Cloths, chiefly for the use of their own families. Artificers of all kinds are few in number and of the worst description, and when good workmen such as Carpenters, Masons and smiths are required, they are obliged to be

Fort St. George 11th October 1841

be procured from Malabar and Goa. It would be, therefore, I think impolitic to impose any additional tax at present on these professions, as every encouragement should be given them to settle and increase in this Province.-

10. It will be observed from the Statement submitted, that the Items which I propose to strike out of the Account, would each yield the merest trifle of Revenue, when the tax has been fairly levied on all of the several trades and professions, and in the aggregate the Collection would only amount to Rupees 755-4-1. It seems therefore objectionable in principle to continue a tax yielding so insignificant a

13th September 1841.

Para 1.

I have the honor to forward to be laid before the Board of Revenue, Copy of a letter from the Additional Sub Collector, reporting the seizure of 8 — 13 — 14 Cs. mds. of Smuggled Beetelnut in Soudah.

61

2 In from the detailed Statement in Mr Lushington's report of the circumstances under which the Seizure took place, there can be no doubt of the fraudulent intent to defraud the Customs due on the Beetelnut, I feel no hesitation in recommending that the Board will be pleased to grant their Sanction for the sale of the smuggled goods, and distribution of the proceeds according to the Regulations

of the quantity of Betelnut shown in the margin, which was seized on the 7th July at a spot near the Eastern frontier of the Soopah Talook under the circumstances stated below.—

2. This Betelnut was seized by the Toladarees and 2 Kolkars attached to the Burtunhully Sayer Chowkey in the Sonda Talook and was brought to that Chowkey on the following day with 6 Persons and 31 Bullocks who had been engaged in carrying it. On receiving the report of the Ramnavisdar of Land Customs I directed that all the parties should be forwarded for examination before me. From the investigation which I have held, it appears to me to be clearly proved that the Betelnuts was purchased and taken up at the Village of Kittuthully near the Burtunhully Chowky on the day preceding the seizure, that the Chowkydar having obtained secret intimation of a large drove of Bullocks having come for the purpose of carrying it away, sent out parties of Peons in different directions to watch the various bye roads, when the 3 persons above named came upon a track which showed that the party conveying the Betelnut

Betelnut had passed on the previous night and following up this, which led them across the Sonda frontier into the Soopah Talook, at length came upon a Spot where the Smuggl-glers had encamped in the midst of a dense Jungle, fully 14 Miles in advance of the Chowky, where under the established rules, the Hawlut duty ought to have been paid, within a few Miles of the frontier of Soopah and Dharwar, and quite out of the range of all the Sayer Chowkies in the Soopah Talook.—

3. Of the 6 persons produced by the Rolkars one was at once released by me, as it was declared that he had not been seized on the Spot, and there was no proof of his having any connexion with the Smuggler. The remaining 5 who were taken on the Spot with the Betelnut give their names as follows.—

1 Sungayah an inhabitant of Randroog in the Mahratta Country.
2 Lingar - - - - - - - ditto - - - - - - - - ditto.

4. In their defence they did not attempt to deny the act of Smuggling, but declared that they were not the owners of the Betelnut that they had never before entered the District of Canara, and were engaged at Doondashee in the Dharwar District by 2 persons named Bapapah and Hurry Bapapah, who are not forth coming to proceed with their Bullocks into the Canara District for the purpose of bringing Betelnut to Hoobly. From the numerous contradictions which their Statements as well as those of the Captors contain, it is impossible to ascertain how many other persons were engaged in conveying the Betelnut.—

5. As shortly after I had commenced the investigation of the case, evidence was given before me to the effect that several of the Bullocks now produced had been seized on a recent occasion near the same Spot, when conveying Smuggled Betel nut and that some of the parties now seized were well known in this District and were residents of the Soopah Talook, it became necessary for me to institute an examination into the correctness of these

Statements

Statements and to this circumstance and enquiry into various Collateral points which arose therefrom and appeared to me to be of importance, and my wish to ascertain who were the real owners of the Betelnut is attributable the length of time which the case has been under investigation and my having abstained from submitting a report at an earlier period.

6. As the Canarese proceedings will accompany this letter, it appears to me unnecessary to enter into any detail of the various points which I deemed worthy of enquiry with the view of ascertaining where the Betelnut was purchased, and whether any of the parties before me were the owners. The identity of the parties from whom the Betelnut was purchased in the Burthunally Nagany has been established without doubt, and although the knowledge of the Chowkydar that they had a large quantity in Store, 3 days previous to the Seizure which is not now forth coming and which corresponded in quantity with that now taken, prevented their denying the sale, and they further state that they believe

believe that Captured to have been purchased from them they have, as might be expected, avoided saying any thing Criminatory of the parties in attendance before me, and the identity of the persons to whom they state that they sold the Betelnut, Shevoo Bupuppah, and Raewupah residents of Chiggullee a Village on the Soopah Talook close to the Frontier has not yet been brought home to either of those persons in any tangible shape.

7. Against the parties under examination before me it has been proved that one at least has resided for many years at the Village of Cheggallee abovementioned, the population of which is noted for skill and Succes in evading the Sawlut duties that all have been frequently seen in this District, and have at times passed the Burtunhully Chowky, that of the Bullocks now Seized & were Among which were taken when conveying 2 Kandies of Smuggled Betelnut so recently as the 27th of May and were only released about a fortnight before they were again Seized and in the present examination it has been proved that the parties who were then found with these

Bullocks

Bullocks gave an entirely false account of themselves, as has been done by the 5 persons who were Captured on the occasion to which this report refers. The discrepancy in their Statements regarding the ownership of the Bullocks and on some other points leads me to believe that they are nearly Members of a large Gang who act in concert, and are Constantly engaged in defrauding the Customs.

8. Upon a consideration of all these circumstances, and the absence of any proof that the loss of the Betelnut will in any way fall upon these 5 persons, and the fact that the Custom of giving false names and denying the owner ship of the property Seized, or the ability to produce the owners has lately become very prevalent, it appeared to me desirable that these persons should be dealt with according to the Regulations, and that there were no extenuating points in the Case which should lead me to hesitate about taking such a Step. I have accordingly forwarded these 5 persons for trial to the Court of the Principal Sudr Ameen of Seeray under the provesions of Clause 21, Regulation I of 1813.

In

9. In this case the 3 Officers who made the Seizure have endeavoured to secure the whole reward for themselves by Stating that they were not sent out by the Chowkydar, and that they acted on private information which they had obtained. The examination of the case has convinced me that this is entirely false and I therefore propose that the reward shall be distributed in the proportion of 4/12 to the Chowkydar who sent out the different parties and produced evidence Shewing the place from which the Betelnut had been purchased, 2/12 to a party consisting of 4 persons named in the margin who were sent out by the Chowkydar, and were engaged in watching other bye roads leading to our Frontier at the time when the Seizure was made and the remainder or 5/12 to the 3 Officers who actually made the Seizure. While recommending that this portion of the reward should be given to them for their activity in following up the track and effecting the Seizure of the Smuggled property, I shall take

Submitting the information called for by the Board's Proceedings dated 2d Instant relating to certain lands at Thadayar part of which is in the occupation of Mr Pugh under a Grant issued in 1807 to him & regarding together with a Sketch plan now made out of the whole, which shews that the Military Board's report in respect to the situation of Mr Pugh's property is not correct.

From Military Board to Govt 9th August 1841 D.

I have the honor to acknowledge the receipt of your letter under date the 23d Instant, transmitting two original plans of lands at the Adyar, which are returned herewith, and to submit now the information called for by the Extract from the Proceedings of the Board of Revenue dated 2nd Instant.

2. The Military Board in the letter addressed to Government under date the 9th Ultimo state that one of the plans submitted by them "represents as correctly as the ill defined nature of the document admits of" the piece of land belonging to Cadery-cameyswera and Venkatachellaputty Pagodas at St Thome, for which Grant No 1195 dated 27th January 1807 was issued.

From Military Board 18th March 1841. To D. 20th April.

3 As it appeared to me from a recent

recent correspondence with the Military Board that the site of the land referred to in Grant No. 1195 was not correctly laid down in their plan, I directed the Surveyor attached to this Office to prepare and furnish me with a Sketch plan of the whole by actual survey.

Encl. 1. His plan is transmitted herewith, in which the thick dotted line shews the exact limits of Grant No. 2121 in the name of Sadut Bon Nissa Begum, which was given in 1838 in substitution of No. 1503 dated 1st November 1817. In this Grant the Eastern boundary was stated to be "the high road leading to Pondicherry."

4 The limits of Grant No. 1195 according to the old plan attached to it in 1807 are denoted by a strong black line. The oldest inhabitants declare that there was formerly a passage or thoroughfare on the Eastern side of the land, as it is now defined in the

the Surveyor's plan by a thin dotted line, and that the site of the present washermen's pettah was at that time unoccupied.

5. The lands now in the possession of Sadut Bon Nissa Begum and Mr. Pugh respectively are colored green and yellow. Mr. Pugh is entitled to Cs. 41:7:2165, but he is in the actual occupancy of only Cs. 38:10:1147.

To Chief Secy to Govt. 24th July 1841.

Paid 2/3/1847

6 The Military Board consider Mr. Pugh's right to the whole of the land claimed by him or to any part of it extremely doubtful, not only because it was originally granted in 1807 for the support of the two Pagodas named above, but because land so granted cannot by Regulation VII of 1817 be sold or alienated. They state that they were informed by Narrainsawmy Naik, who styles himself the Church-warden of those Pagodas, that the Grant was obtained from him by Mr. Maurray when Collector of Madras, and not returned tho' repeatedly applied for, and that,

under

under these circumstances, it seems
desirable to determine whether Mr. Pugh
has any legal right or claim to the
land, and then, if any doubt exists
on that point, whether the grant was
transferred by competent authority.—

To B. 28th March 1832
From 2d April
To 17th May
From 21st Do.
To 9th June
From 5th July
To 11th Augt.

7. As regards Grant No. 1195,
the correspondence entered in the Margin
shews that Mr. Pugh having transferred
Co.s 5:1:730 of the land therein specified to
the Mirassy Washermen of St. Thome,
an application from them for a rent
free Grant was submitted by this Office
to the Board on the 28th March 1832 ac-
-companied by certificates from the
Master of the Supreme Court and
Mr. Solicitor Vivash, when it was ex-
-plained that the land was the same
as that referred to in a letter from this
Office dated 27th June 1822 as having been
purchased by Mr. Murray when sold by
order of the Supreme Court.

From B. 2d Apl. 1832.

8. The Board observed, at
first, that they were by no means satis-
-fied with the competency and validity
of

of the authority under which it was
represented, that the land had been
alienated, and called, in consequence,
To B. 17th May. for further information. This was fur-
-nished, and it was explained at the
same time that "the Pagodas to which
the land was originally made over
/had/ long ceased to exist."—

From B. 21st May. 9. The Board stated in reply
that they declined to recommend the
application from "the want of proof of
a complete and legal transfer of the
piece of land purchased by "Mr. Murray
at the Sheriff's Sale to Mr. Pugh."—

To B. 9th June. 10. On its being explained that
Mr. Pugh was willing "to procure the ne-
-cessary documents from Mr. Murray,
and in the mean time to indemnify the
Government and the other parties interested
in the transfer against any claim which
Mr. Murray /might/ make on account
From B. 5th July. of it" the Board recommended, and Go-
-vernment on the 3d July 1832 authorized
the issue of a fresh Grant for Co.s 5:1:730 of the
land included in Grant No. 1195, a fresh

Grant

Grant was accordingly made out and delivered to the Merasy Washermen on the 20th of that Month.

From Bd. 8th Feb. 1837 P 5.
From Bd. 19th March P 2.
From Bd. 15th May P 2

11. Whilst it was decided by both the Board and Government, in 1821, that the provisions of Regulation VII of 1817 did not apply to Pagodas within the limits of the Supreme Court, Narrainsawmy Naick, the individual alluded to by the Military Board, stated in a written declaration given before me on the 21st instant that, during his absence many years ago from Madras, the Pagodas in question were pulled down by the late Gundavaddy Audeapah Chetty and his sons Vencatram Chetty &c., that on his becoming Security for a Member of His Highness the Nabobs' family he executed a Mortgage Bond in favor of Mr. Murray on the "7th May 1809" when Grant No. 1195 and several other Grants were taken from him by that Gentleman. He entered the last mentioned date in his declaration after having carefully referred to several old

old papers he had at the time in his possession. He afterwards stated that the records of this Office would shew that Grants Nos. 978/979/1277 and 1278 in the name of Mr. G. Arbuthnot were assigned over to the Pagodas of which he was Warden.

12. The fact however is that Mr. Ogilvie was Collector of Madras on the "7 May 1809" the date on which Narrainsawmy Naick states that Grant No. 1195 was delivered to Mr. Murray. His Statement before the Military Board that it "was obtained from him by Mr. Murray when Collector of Madras" is not, therefore, borne out by his declaration as given at this Office. Nor is it true that Grants Nos. 978/979/1277 and 1278 were transferred to any Pagodas, as there is no entry of such transfer in the Books of this Office, whilst they shew that of those Grants Nos. 1277 and 1278 were cancelled on the 1st November 1817 by Nos. 1502 1503 and 1504 in the name of Gundavady Audeapah Chetty.

From Military Bd. Gen. 9th August 1841. P 5 and 6.

13. The Military Board observe that

that Grant No. 1195 describes plainly the Eastern boundary to be the road leading to the Village of Trevanmore, whereas the Eastern boundary as claimed by Mr Pugh is about 600 yards to the West of this line, and that the Grant appears to have included the Garden and House now the property of the Begum near the new Bridge, as well as the washerman's Pettah and Ground. They further state that this is confirmed by a plan produced by Narrainsawmy Naik, and that, according to him, the Garden now possessed by the Begum, "which formed part of the Pagoda property" was sold a short time ago to His Highness the Nabob i. Mookhtar by Gundavaddy Vencatram Chetty, "who had no power or right to dispose of it."

14. The Surveyor's plan now submitted shews that, as stated in Para 14 above, there was a passage on the Eastern side of the land included in Grant No. 1195, which perhaps is the one referred to in that instrument as "leading to the Village of Trivanmore." That this must

must have been the case is sufficiently proved by the issue of Grant No. 1503 on the 1st November 1817 for the very spot now held by Sadut Ooo Nissa Begum under Grant No. 2121. It is, therefore, fair to presume that Narrainsawmy Naik's plan is incorrect, and that the Military Board are labouring under a mistake in supposing that the Garden now possessed by the Begum "formed part of the Pagoda property."

15. Having thus noticed such parts of the Military Board's letter as required explanation, I shall now proceed to submit the information called for by the Extract from the Minutes of Consultation dated 17th ultimo.—

Extract from the Minutes of Cons. dated 17th Augt. 1841. P. 1

16. The facts stated in Para 7 to 12 above explain the circumstances under which the land referred to in Grant No. 1195 was sold by order of the Supreme Court. It appears from the reply to query 6 appended to Para 2 of Mr. Murray's letter of date the 27th June 1822 that it "was argued at the time that this land was Church property, but set aside by the Court, as it had never been

been so appropriated." Mr. Murray added — that "all these transactions took place when (he) was not Collector of Madras" — —

Plan A shews the precise limits of the ground to which Mr. Pugh is entitled.

P2. 17 The different spots in the direction of that in the occupation of Mr. Pugh were originally held under grants — Nos. 710/987/1195 and 1223. The two first, — Nos. 710 & 987, with two others, Nos. 1277 and — 1278, were cancelled on the 1st November 1817, and new grants issued instead in the name of Gundavaddy Audeapah Chetty, — Nos. 1502/1503 and 1504, for Cs. 28: 21: 502. Of this, the land included in No. 1503 alone, — Cs. 18: 9: 1232, is situated in the neighbourhood of Mr. Pugh's, and that grant was cancelled on the 11th September 1838 by one in the name of Sadut Oon Nissa Begum as stated in Para 3 above.

18. The only grant in the name of the Pagodas, of which Narrainsawmy Naick is represented to have been Warden

is

is No. 1195 for Cs. 46: 9: 495, of which, by the new Grant of 1832, No. 1792, Cs. 5: 1: 730 belong to the Merasy washermen of St. Thome.

19. It appears that the land — to the Westward of Mr. Pugh's from which — it is separated by a road, is in possession of His Highness the Nabob, who obtained it from Mr. Joseph Pugh, and that the Grant for it, No. 1223, has been mislaid by Mr. D. Pugh; the extent being Cs. 35. 6: 690.

From the Asst. Collr. of Madras

Submitting lists of persons holding more arrack and Toddy shops than one as well as lists of the holders of arrack shops who have deposited the necessary security stating that no licences have not been issued to any of them under Aumany management and that the Enamdars were not called upon to afford any assistance when the whole shops were lately closed.

Para 1. I have the honor to acknowledge the receipt of Mr. Porter's letter under yesterday's date, and to report, for the information of the Board of Revenue, that 43 of the arrack and Toddy Shopkeepers within the Supreme Court limits hold more than one shop, as will be seen by the enclosed lists A and B. Lists C and D exhibit the amount of security deposited by each Vender of Arrack. There is not any license prepared at this Office and issued to the Shop keepers.

From Asst. Collr. Oct. 1831

2. Under the Orders of Government of date the 29th November 1831, the licenses forwarded previously by the Superintendent of Police, to be issued from this Office, were returned for alteration on the 21st of the Month following; but they were not

not received here again.

3 On the 9th December 1830. the Superintendent of Police stated that a list of Toddy Shops being forwarded to him would be sufficient to guard against any irregularities. A list having been furnished accordingly, it was known to him whenever any new shop was established afterwards, as he was applied to, in the usual manner, for information as to whether the spot on which it was to be opened was objectionable on account of its interfering with any of the Houses in the neighbourhood.

4. When the Arrack shops are let, the holders lodge Security in ready money equal to 10 days kist, and sign a Kowlies that they will adhere to all the rules and regulations applicable to them; but the licenses to be prepared by the Police Authorities have not been issued to any of them since the Abkarry was taken under Aumany management. The number of Toddy Shops held free from tax was, in 1835, 13. The present number is 4; the others having been resumed on the death of the original grantees. These 4 Enam Shops, as well as the Shops liable to pay the full Amount of rent were closed after the 18th September. The holders of them were not then called upon to offer me any assistance, as it did not appear to me that they could have done so, from the orders passed by the Acting Chief Magistrate and Superintendent of Police which were represented to be to the effect that the Shops should not have any sheds or windows to them, and that none but the Venders duly authorized should carry on the Sale. It was only on the 26th that the Enandars appeared before me jointly with the others. But yesterday they, of their own accord, came to me again, and stated that on being called

"The proposed arrangement for the payment of the hire of Bearers, before Starting at the rate of 8 annas per mile for the entire journey appears to the Board to be impracticable as shewn by the Principal Collectors of Salem and Madura because it is impossible to determine the total hire

Submitting the Board's sentiments on the new rules proposed by the H.M. Post Master General for posting bearers.—

hire to be paid to all bearers in every District for coming and going to their Stations or for Batta so as to fix the charge, as suggested by the Accountant General, in order that the different Officers may disburse the hire and debit the amount to the Officer applying for bearers in account. and Military Superintendents of Police and Postmasters who post bearers would have no means of making such an adjustment of account, if it was practicable to carry it out. Such a System of adjusting advances for bearers involves much additional labor in the Offices in the Provinces, and would require an addition to Som Establishments at least, to ensure accurate attention in the complicated Cash

transactions which frequent demands for bearers would occasion.

2. The payment of the full hire in advance for bearers might perhaps be restricted to Travellers quitting the Presidency, and the Post master General might be allowed to draw bills at sight upon Collectors or in favor of Military Superintendents or Paymasters as the case may be, on account of the portions of the advance received for payment to bearers within their respective limits, at the usual rate however of 5 annas per mile leaving any difference to be settled with the traveller on the road, which may be easily done in each District by furnishing him with an account in English. this plan would confine the adjustment of the accounts of all Public Officers at out Stations

Fort St. George 18th October 1811.

Stations, who post bearers for travellers, to one Office only, and to the amount of the Bills daun- of- which a Statement could be fur:nished to the Accountant General's Office by the Post Master General.—

3.— With respect to posting bearers for travellers proceeding to the Presidency or from one Province to another, the present System is calculated to prevent diffeculty and confusion, and as stated by the Joint magistrate of Tanjore, it involves no inconvenience to the Traveller, and is of essential advantage to the Bearers as well in that, as in every other District.—

4. The rate of hire being declared to be 5 annas for every mile for a Set of Bearers comprising 14 persons Viz.t Twelve Bearers 1 Cavady

cavady cooly and 1 Masalgie. The Board are of opinion that the payment of the hire should be immediate and be regulated by the Magistrate accord:ing to local usages, both with reference to distance, and to the actual employ:ment of the Bearers and in whatever Districts it has been customary to pay half hire to bearers for going any distance to bring a loaded Palankeen, this payment should be continued. In many Districts the bearers are resident inhabitants and gain their livelihood either as Fisher:men or in attendance in Marriages or native festivals, and it is obvious that they should never be called from their usual occupations for the convenience of a private indivi:dual without receiving the remu:neration which, by the Sanction of long usage, has always been granted

13879 Fort St. George 18th October 1841.

granted to them.

5. The application of one rule respecting the charge of half hire cannot be the same in those places where there is great competition for employment among this class of labourers as for instance at the Presidency it seems therefore only necessary to refer the charge of half hire when it has been customary to be regulated by the Magistrate under the provision of Section LIII Regulation XI of 1816.

6. The rule to fix the detention of Bearers at their post for three clear days (or 72 hours) unless new orders are conveyed to them appears judicious. The Board however cannot concur with the Acting Post Master General in the opinion that no one can travel Dâk from Madras to Trichinopoly without sending

13880 Fort St. George 12th October 1841.

Sending bearers 37 Miles from Madras to Literally Travellers may have been invited in the meanwhile of expense attending such an arrangement but by a timely requisition for bearers in South Arcot and Tanjore it is believed that it may always be avoided.

The Acting Post Master General proposes that Government shall again interfere bearers if it can be shewn that this can be done without loss to the State and he suggests the employment of one set at 12 or 13 stations noted in the margin. But in the margin — But to cover the expense of their services he suggests first that it shall be defrayed by a charge of 8 annas per Mile and in order to make up any deficiency that may occur he further proposes to charge for bearers

bearers throughout the Country who are posted by Government that is to say by the Post Master General at the Presidency or by Public Officers at out Stations) 8 Annas per mile paying Bearers not in the Government employ 5 Annas per mile, and carrying 3 annas to the account of the Government bearers to make up deficiences,

8 The adoption of this measure is obviously objectionable from the very serious consequence to travellers in the addition of nearly half as much again to the present expence of travelling - It would have the effect of withholding from travellers the indulgence of Government in allowing its Officers to assist them on their Journey and

would compel them to apply to private individuals to post their bearers to avoid this exhibitant charge It also prescribes that the greater number of travellers shall pay for the convience of the few -

9 The Board are of opinion that no alteration whatever should be made in the present charge for posted bearers at the rate of 5 annas per mile But if the Government see fit to establish one set of bearers at stations where their services would be highly advantageous to all European and Native travellers for the use of them will be available to both The Board consider that the charge of their hire might be fairly fixed at the rate of 8 annas per mile which would be amply sufficient to defray the expence of their Establishment The Pay of 14 Persons including

Fort St George 18th October 1841

including 12 Palankeen Bearers 1 Cassady Coolly and 1 Masalgie at 6 Rupees each with the addition of 1 Rupee to the Head bearer amounted to Rupees 85 per Month Calculating the average stages at which each set of bearers would have to travel to be 20 Miles and that each set will never be employed less than ten times in every Month (it may be expected that on some lines they will be employed oftener) their hire would amount to Rupees 100 per Month or Rupees 15 more than the charge of them pay to Government. The proceeds of the hire of all the Government bearers may be carried to one fund and the deficiency if any, on account of one or more sets, may be made up in the aggregate of the year, unless bearers employed by Government

Fort St George 18th October 1841

travel ten times in a Month it may be inferred that their services are not required.

10. The only points which appear to require further remark relate to the rule No 15 which provides for the payment on account of bearers taken by a party for whom they were not posted. From this rule it might be inferred that another traveller could take up a Dak without the consent of the individual for whom they were posted. To prevent such an occurrence Bearers should not on any account be taken by one party, when they are posted for another without the consent of the latter

and,

13885 Fort St. George 18th October 1841

and without a communication to the Officer who posted them they are required to be in readiness for 3 clear days, and the Officer who posts them may have received a requisition to post them for a fresh party — any traveller taking bearers which are posted for another party should be required to pay 5 times the amount of hire, and be called upon for explanation which if necessary should be submitted to Government. The charges according to Rule 17 may be made agreeably to the table of distances in the Madras Road Book, unless from local Knowledge it may be found that these are more or less as the case may appear to the Magistrate

1.

The Court of Sudr Udalut observe that Mr. Glass' order for taking security from Kauterlapordy Seetah for the produce of two years, adverted to in para 2 of his Return was not authorized by Clause fourth, Section XVII Regulation III of 1802 which he cites in support of it. And adverting to the remarks in para 4 of the same Return, the Court observe that although Mr. Glass' view of the Intendment of Clause fifth, Section XVII, Regulation III of 1802 be correct, yet the following clause shews that the administrator must be an indifferent person distinct from the claimant -

Copy of Return from the Acting Judge of Rajahmundry to the Provincial Courts precept of the 21st July 1841. No. 942 -

The Acting Judge in the Zillah of Rajahmundry has the honor to acknowledge the

the receipt of the foregoing precept, trans=
=mitting an Extract from the Proceedings
of the Northern Provincial Court of
appeal under date the 21st ultimo together
with an Extract from the Minutes of
Consultation under date 12th ultimo re=
=quiring to be informed under what
Regulation he has issued his order
dated 29th April last for putting
Kaukerlapoody Seetah in possession
of the Zemindary of Cotapilly as it
seems to be opposed to a previous
order of the Provincial Court for the
Northern Division and for which it
seems questionable whether there
is any authority in the Regulations.

The Acting Judge has
the honor to state in explanation to
the foregoing Precept that the Provin=
=cial Court of the Northern Division
in their Proceedings under date the 27th
December 1830 directed the Mother of
Kaukerlapoody Seetiah to bring a re=
=gular suit against the late Zemindar of
Paddapoar Boochee Seetiah who had laid
claim to the Cotapilly Mootah. In 1834
Mr Brown the Acting Judge of this Zillah
decided that Boochee Seetiah had the
best claim to that estate but on the 24th Decem=
=ber following the whole of Mr Browns proceedings
were set aside by the Appeal Court, and the Mootah
remained

remained under the Management of the
Collector under whom it continued up to
the present time in default of an acknow=
=ledged owner —

When Kaukerlapoody Seetiah
2.
preferred her claim to the Collector for
possession of the said Estate on 10th August
1840, he referred her to this Court to
prove her heirship. On the 12th December
following she accordingly presented a
Petition to Mr Dowdeswell who direct=
=ed it to be placed upon the file of the
Court, together with two Wills and other
documents necessary to prove her heir=
=ship and shortly after the arrival of the
Acting Judge, this suit was brought
to his notice by an Extra Petition
from Kaukerlapoody Seetiah and he
accordingly enquired into her case which
having proved satisfactory he direct=
=ed the Collector to put her in possession
on payment of the arrears of revenue
due to Government or if these be not
liquidated to insert her name as
owner of the said Estate, and subse=
=quently directed by Clause IV Section
XVII Regulation III of 1802, that ade=
=quate security for the produce of
two years should be taken from her
which tho' inserted in his Proceedings was
omitted by oversight on his Precept
by this precaution his decision would
not

the receipt of the foregoing precept, trans=
=mitting an Extract from the Proceedings
of the Northern Provincial Court of
Appeal under date the 21st ultimo together

of the Zemindary of Cotapilly as it
seems to be opposed to a previous
order of the Provincial Court for the
Northern Division and for which it
seems questionable whether there
is any authority in the Regulations

1.

The Acting Judge has
the honor to state in explanation to
the foregoing Precept that the Provin=
=cial Court of the Northern Division
in their Proceedings under date the 27th
December 1830 directed the Mother of
Kaukerlapoody Seetiah to bring a re=
=gular suit against the late Zemindar of
Podalapoor Boochee Seetiah who had laid
claim to the Cotapilly Mootah. In 1834
Mr Brown the Acting Judge of this Zillah
decided that Boochee Seetiah had the
best claim to that estate but on the 26th Decem=
=ber following the whole of Mr Brown's proceedings
were set aside by the Appeal Court, and the Mootah
remained

removed under the Management of the
Collector under whom it continued up to
the present time in default of an acknow=
=ledged owner —

When Kaukerlapoody Seetiah
2.

preferred her claim to the Collector for
possession of the said Estate on 10th August
1840, he referred her to this Court to
prove her heirship. On the 12th December
following she accordingly presented a
Petition to Mr Dowdeswell who direct=
=ed it to be placed upon the file of the
Court, together with two Wills and other
documents necessary to prove her her=
=ship and shortly after the arrival of the
Acting Judge this suit was brought
to his notice by an Extra Petition
from Kaukerlapoody Seetiah and he
accordingly enquired into her case which
having proved satisfactory he direct=
=ed the Collector to put her in possession
on payment of the arrears of revenue
due to Government or if these be not
liquidated to insert her name as
owner of the said Estate, and subse=
=quently directed by Clause IV Section
XVI Regulation III of 1802, that ade=
=quate security for the produce of
two years should be taken from her
which tho' inserted in his Proceedings was
omitted by oversight on his Precept
by this precaution his decision would
not

not prejudice the rights of future claim=
=ants as in his opinion this was allow=
=ing sufficient time for the claimants
to prefer regular suits against Kow=
=kerla poody Seetick by Regulation
but as Kaukerla poody Seetick was
the first claimant the Regulation
could not apply to her there being
no one against whom a suit could
be brought —

3. The Acting Judge begs
further to remark that during the
investigation of Kaukerla poody See
=ticks claim it appeared doubtful
to him whether the Proceedings of
the Provincial Court above alled
=ed to rescinded the whole or only
part of Mr. Browns proceedings to
satisfy himself therefore that he
was not acting either contrary to
the orders of the Provincial Court
or retrying a case finally disposed
of by a former Judge a reference
was made to that Court who declared
that the whole of Mr. Browns pro=
=ceedings had been completely set
aside and expressed surprize that
any other interpretation could
have been put upon them —

4. The Acting Judge does
not consider he has acted illegally
by proceeding summarily into the
merits of Seetichs Petition in the ab=
=sence of opposing claims, as clause fifth
Section XVII Regulation III of 1802 provides that in all

cases wherein there may be no one au=
=rized and willing to take charge of the
landed Estate of a person deceased the
Judge " " is authorized to appoint an ad=
=ministrator for the due care and
management of such Estate " " until the
legal heir viz " " shall attend and claim
the same" in which case " if the Judge
be satisfied that the claim is well
forwarded or if the same be establish=
=ed after any enquiry that may appear
necessary" he shall make the Estate
over to him —

5. The Acting Judge conceiv=
=es therefore that his decision is
legal and is not aware that his orders
are opposed in any way to a previous
one of the Provincial Court as sup=
=posed by Government but on the
contrary he is only carrying out the
Provincial Courts Proceedings of
the 27. December 1830 wherein it is
decided that the Mother of Kaukerla=
=poody Seetick since dead might be
put in possession on giving a
security —

6. The delay in returning
this Precept has been occasioned by the
pressure of business that it always
occurring at the beginning and end
of every Month and in consequence
of the insufficiency of the English De=
=partment so frequently brought to
the notice of the higher Courts —

Present
G. J. Waters Esqre
Acting 2d Judge
E. B. Grey Esqre
Acting 3d Judge

Dated 24th December 1834 —

Read Precept with Extract
1. from the Proceedings of the Court of Sudder Adalut dated 22d November

November 1834 on the Supplemental Return made by this Court dated 8th to that Court's precept of the 21st July 1834 relative to the fines imposed by Mr. Brown in the case of the 4 claimants Vazt. Vatchavoy Tripulty razuz &c. to the Cotapully Talook. The Court of Sudr Udalut direct this Court "to proceed on their own responsibility to pass the appropriate orders reporting them to the Sudr Court"

2. Pursuant to the aforesaid directions the Provincial Court of Appeal have again carefully considered the whole of the proceedings in this case, and have arrived at the conclusion that all the fines ordered by the late Acting Judge Mr. Brown ought for various reasons to be returned to the parties from whom they were collected—

3. In the first place as noted by the Court of Sudr Udalut "it is impossible to understand the proceedings of the Zillah Court in respect to filing the Petitions and receiving the exhibit of the 3d Claimant unless the then Judge Mr. Vibart acted under Section XX Regulation V of 1804, with reference to Regulation X of 1831"

The Provincial Court of Appeal however from diligent consideration of the whole Record have much difficulty in concluding that the enactment in question was at the time in the contemplation of the Gentleman aforesaid—and if so, it follows that the original proceedings in which these fines have their origin are not strictly conformable to the Regulations or to the usages of Court in as much as the Claimants should have been directed to file regular suits without entering miscellaneously into an enquiry regarding the correctness of their claims—

4. Again tho as noted by the Provincial Court in the 12th Paragraph of their proceedings of the 8th November 1834 "all these Claims cannot be well founded." It is impracticable from the Records before them to decide which claim in particular is false much injustice therefore may rise were these fines Collected under circumstances of a premature character) to be affirmed—It is also possible that these Claimants from consanguinity to the deceased Zemindar may consider themselves entitled to shares in the Zemindary altho the Hindoo law of which they may be very

very ignorant / does not recognize their claims
under which circumstances they may have
been nothing litigious contemplated by
these Petitioners which spirit alone
/and not mere error / should be
visited by fine -

5. To the Provincial Court
it appears probable that Mr Brown
fined these people under the record-
=ed supposition that they admitted
the validity of the Will exhibited by
the 3d claimant - The fact however is
as shewn in former returns of this
Court that the Petitioners did not
admit the validity of such document -

6. The grounds also upon
which the fines were ordered to be
levied, namely that the claimants
had not proved their pretensions
must be ruled altogether unsatisfac-
=tory there being nothing upon the
Record to shew that these persons
were acting from litigious or vexa-
=tious principle -

7. It is clear to the Court
that these people should in the first
instance have proceeded by regular
suit - also for the foregoing considera-
=tions that the fines have been pre-
=maturely collected -

8. Ordered therefore that a Precept
be sent to the present Acting Judge of Rajahmundry
directing

directing him to return the fines in
question and to report conformity with-
=out delay - Copy of these proceedings
will also be transmitted to the Court
of Sudr Udalut in return to their

Para 1. The favorable results of the

the season and settlement which form the subject of these proceedings are viewed by the Right Honorable the Governor in Council with much satisfaction, exhibiting as they do, an increase in the revenue of the district of 9,068 Rupees and affording grounds for believing that it is steadily recovering from the deteriorating circumstances of former bad years —

2. The views taken by His Lordship in Council on a former occasion of the success of the experiment tried upon the Zemindary Estates under assumption for arrears, of entrusting their to the administration of the proprietors are confirmed by the further experience of the year under review — The increase in the Collections from three of them is neither commensurate with the improved character of the season nor in proportion to that realised in those parts of the district which are more immediately under the management of the officers

of

Sattanapilly

of Government, whilst in the fourth there is a positive defalcation to the extent of 12590 Rupees. Neither have the proprietors in any one instance furnished the Collector with the stipulated annual accounts of their administration —

Under these circumstances

3. His Lordship in Council approves of the proposition of the Board of Revenue directing the Collector to assume charge of the Estate of Sattanapilly. That of Chellalore had it is observed has already come under the Collectors management, in consequence of the incompetency of the late Zemindar's heirs to continue in charge. The further indulgence extended to the Rapilly proprietor can only be continued to him as long as the conditions of his Estate exhibit its the same degree of improvement as the lands under the Management of Government to this point to Mr Goldingham's attention will

will be particularly given and the result stated in his future reports-

4. The Board of Revenue in these Paras explain the reasons which have induced them to recommend that measures may be taken for transferring the Superintendence of the Vasareddy Estates from Rammanadhan Baboo to the Officers of Government arising out of the peculiar position in which that property stands towards the Government and the parties contesting the succession, in addition to these it is observed that Mr Goldingham considers the Managers conduct to be far from satisfactory The resort to the temporary expedient of collecting the Demand in kind on the occurrence of a favorable season instead of adhering to the usual fixed money rates was noticed in the Collectors report on 1248 fusly and the discrepancy between the estimated and actual payments of

5. His Lordship in Council observes with pleasure the growing prosperity of the Madras Talook and considers this state of things to be very creditable to Mr Goldinghams zeal and assiduity- His attention will be directed to those parts of the System noticed by the Board of Revenue particularly to the extension of Cowle cultivation and to the satisfactory disposal

Read the following letter

(21) To the Acting Chief Secretary to Government

Sir,

Fort St George

In answer to a demi official letter which I wrote to the Chief Secretary to Government on the 29th September last I received authority to expend

+ 13th Oct. 1840 -

an

Fort St. George 18th. October 1841.

an individual of the name of Pallo who holds the situation of a Moonsiff at Calicut that the Government were willing to purchase certain Teak Forests which he had privately offered to me for sale at a "fair and moderate price."

2. I now beg to inform you, that I have done all in my power since the receipt of this authority to ascertain what the real value of the property in question is, and I trust I have succeeded so far as to be assured that the Government will not be losers by assenting to the arrangement which I propose —

3. There is a good deal of difficulty as may be easily imagined, in making a correct survey of forests which lie (as most of the forests in Malabar do) in remote

Fort St. George 18th. October 1841.

sites, and which stretch over an enormous range of Ground intersected with Hills Ravines &c. I have found it necessary indeed to have three separate inspections, before I could procure such information as would enable me to make a satisfactory report, and this will account for the delay, which has taken place since my first communication —

4. The first of these inspections was made by the Taluk and Cutcherry Servants conjointly. The second by some Gomastahs from my own Cutcherry. The third by an intelligent and active public servant of high character and respectability whom I selected for this especial duty. I think I may now state with confidence that the account herewith submitted

Fort St George 18th October 1841

submitted of the state and resources
of the Forests is one that may be
in the main depended on.—
5. The price at which it
is proposed the forests shall be
taken is 15,000 Rupees—There are,
as will be seen in the Statement
432 standing Teak Trees of a
fallable size besides 201 already
felled total 633. Trees, the solid
contents of which may be estimated
at 1,368 Candies. There are also about
100 Blackwood Trees (a fourth of
which have already been felled)
which would let more or less give
about 345 Candies of wood valuing
the Teak at the low rates (com-
=pared with the present Market
prices of 16 Rupees per Candy) for
the 1st and 8 Rupees for the 2d
sort, as the cost of the Wood
after

Fort St George 18th October 1841

after arrival on the coast the amount
would become to about Rupees
4,460 Blackwood valued on the
same principle, at 8 Rupees per
Candy, would give Rupees 2,750 —
Total Rupees 17,210 from this is —
to be deducted the charges incur-
=rable until the arrival of the
wood on the coast, which may be
computed at Rupees 6,438 — the residue
will therefore Rupees 10,772 — —
If to this is added Rupees 1,650 as
the fair valuation of an equal
number of Teak saplings, the —
extra sum to be paid for the
full and perpetual possession
of the Forests, containing in —
addition to the above from 6.
to 10,000 young teak and other
valuable plants, is only —
Rupees 2,578 — 6 — —
There can I think, be
6. no

no doubt that this is a favorable purchase, and I request should the Government be of the same opinion that I may receive early orders to complete the bargain. The superficial area of the Forests may be calculated at about Eighty Square Miles and it will be necessary to entertain an Establishment for their care as per Margin.

1 Inspector - - - - -	30.
6 Peons at 5 Rs each	30.
5 Bill Men at 4	20.
20 Malassers at 3 - - -	60.
Total per Month Rs	140

This Establishment is on the proportion recommended in my letter of the 19th October last -

They are situated within 20 to Miles of Forests secured for Government in December last, and the Sub Conservator will be able to superintend them without inconvenience especially with the assistance of

(39)

Sir,

From the Coll.r of Masulipatam. Para 1. I have the honor to acknowledge the receipt of your letter under date the 11th February last, requesting me to ascertain and report the quantity of Fish which is annually cured in this District by the application of sea water or earth impregnated with saline particles, and subsequent exposure to the Sun, and further, desiring me to state my opinion whether the Fisheries would be largely extended and the public benefited by the remission of tax on salt used in curing fish.

Reporting with reference to the Board's letter dated 11th February last, the quantity of Fish which is annually cured in this District by the application of Manufactured Salt, and Submitting his opinion as to remitting the tax on the Salt used for the same.

2 No fish is cured in this District by the application of sea water or earth impregnated with saline particles, and it

is by the manufactured Salt alone that fish is salted and preserved. It is estimated that the quantity of Fish cured in this District amounts to 500 Maunds, and it has been ascertained that in consequence of that supply not being sufficient for the consumption of the inhabitants, a considerable quantity of this article finds it's way here from the Zillahs of Rajahmundry and Guntoor which are exporting Districts.

3 Each Maund of Fish requires 4 Seers of Salt to cure it, and each Seer of Salt costs about 6 Pice to the Fishermen So that the whole Fish Cured requires at 320 Maunds would cost about 6 Rupees 62-8 as a. Now on the Supposition that the Monopoly price of Rupees 105 per Garee were remitted, and that the Fishermen were only called on to pay the prime cost of the Salt calculated at the price for which

Government could afford to sell it at the pans, or about 5 Rupees per Garee, the sum which the said 500 Maunds of Cured Fish would cost would amount to only 3 Rupees-

4 There appears to be no doubt that if the Monopoly price were remitted to such persons only as are employed in Curing Fish, and for the quantity bonâfide cured, the fisheries would be benefited and the trade in Fish augmented, because it is the high price which the Article must bear before it reaches Consumers situated at a distance from the Coast, that tends so much to diminish Consumption in this District, as well as exportation to other Districts-

5 The loss in the Sale price of Salt would be more than compensated by the improvement in the general trade

and the public advantage derived from the measure.

in importations of Betelnuts, Cocoanuts, Raw silk &c from Mysore, and in the exportation of Cotton, thread, and Piece Goods, and a decrease in the importation of Sugar and the exportation of Jaggery &c. The decrease also includes Rupees 2,524 occasioned by the article of Dried chillies being expunged from the Tariff under instructions from the Board dated the 14th January 1841 duty having been previously collected improperly upon that article under the general head of Pepper.

Fort St. George

Sir,

From the Asst. Coll.r
in the Sn. Dn. of Arcot

In reply to your letters calling for the early transmission of the Demand Collection and Balance Statements in arrears for July, I have the honor to state that I will use all Despatch in furnishing them and that the delay has been occasioned by the remission of a tax ordered by late Commissioner, which having been partly collected has occasioned repayments as well as deductions and in consequence kept the Accounts open.

Fort St. George

Sir

From the Pl. Coll.r of Madura.

In explanation of the

Reporting on the Revenue management of the Shevagungah Zemindary for Fusly 1250.

Settlement of the Shevagungah Zemendary for Fusly 1250/ A. D. 1840/41./ I have the honor to forward the following Statements.-

1 Abstract of Settlement.
2 Detail.-
3 Average price of Grain.-
4 Demand Collection and Balance
5 Account Current.-

Season

(46)

2- Rain fell in abundance for the Punjah cultivation in July and August and it was carried to its full extent, but that extent is small in comparison with the Punjah land. For the Punjah Cultivation water was very insufficient, but from the partial falls of October and November the Cultivation of the coarser kinds of Paddy requiring only three Months to attain maturity, was carried on in addition to a small quantity of the finer sort as far as it could be; yet from want of after rain much withered

and

and generally the rest gave only small returns-
In the preceding year there were only 897 Cheys
(1 Chey 1 5/10 Cawney) in which the Crop was lost
from drought. In the year under report there
is an entire loss in 1371 Cheys. In the five
Talooks depending principally upon the waters
of the Vighey there is also much deficiency.
That river gave only one supply which was ex-
hausted by the numerous receivers long before
it reached the end of its usual course in Sheva-
gungah, and as I have before reported, no
water at all was left for the lands of Ramnad
situated further to the South East. The four
Talooks most favored in Shevagungah were
Theroopravanum receiving the first portion of
the Vighey water after its entrance into the Zemin-
dary; Aaroor Vuttagay and Thiruppettoor border-
ing on the Government Talook of Meyloor,
which I have formerly shewn to have been
most particularly favored with Rain, and Thiru-
vaugonpatty approaching to the Coast and border-
ed by Tanjore. In the Nunjah Talooks the small
quantity of Crop that was saved from perishing
must be attributed to the efficient repair of the

Tanks

Tanks recently made, as may be apparent by
inspection of the Village accounts but the
first fresh was insufficient to fill them
and there was no second one to renew the
supply. With exception of the four Talooks
abovenamed the rest ten in number suffered
most extensively. In Fusly 1249 the total
Nunjah Cultivation amounted to Cheys 27,163.
in the present it did not exceed 23,354 Cheys
thus giving a decrease of 3,809 Cheys. The
Nunjah produce proprietors share of Paddy in 1249 was 274,799
Cullums in the Fusly under report it is only
197,331 Cullums.

3 Though the Cultivators
have suffered much, there is no such appear-
ance of poverty and distress as was but too
apparent when the Estate was first sequestor-
ed; and the extremely improved state of the
Police and watchful care to secure the
inhabitants from oppression, and to prevent
them going to plunder in neighbouring Dis-
tricts seems to have prevented the extensive
temporary emigration, I should otherwise
have

13945 Fort St. George 18th October 1841.

have apprehended. The high price of labor, and inability to till their own lands has caused some small portion of the people to seek employ in the Coffee Gardens of Ceylon and for clearing the lands and some who have returned, satisfied with their hire report the employment one of a feverish nature, which had induced them to abandon it From the subjoined Statistical Abstract some judgment may be formed of the state of improvement in the Estate.-

	Fusly 1247	Fusly 1249	Fasly 1250

4 The scruting of the Settlement Accounts &c. commenced on the 5th

August and was conducted in four centrical stations of the Estate till its completion on the 15th Instant, on the same principles as in last year. principally on receipts in kind and to small extent in Money and fixed grain payments. The Ryotwar Settlement Accounts have this year been prepared in detail and will be of use hereafter for reference, and in each Puttah has been inserted each Ryot's separate Cultivation, and the name of his fields are entered.-

5 Notwithstanding the unfavorable season, frauds in the return of Cultivation, estimates and out-turn of the produce, have been few. There have only been three convictions during the year under Regulation IX of 1822; the previous average was seventeen. This Regulation seems of great power and advantage in a Collectorate where the Revenue

Fort St George 18th October 1841.

Revenue is received in kind. From the abolition of the Pellai Throudos. the expediting of the reaping, threshing, and division of produce; and from the promptitude and severity with which frauds were punished and petty abuses and malpractices discountenanced; and extreme improvement in the means of irrigation and of communication by the high Roads; and state of security from the vigilance of the of the Police, the prosperity of this Estate is great and apparent. and during my tour of Settlement the complaints have been few, trivial and open to redress by the talook authorities had the parties addressed them. Where the Rice crop failed, there was of course no share for the proprietor. where the dry land Crops failed, I remitted the tax in full.

The

Fort St George 18th October 1841.

The above abstract exhibits a gross decrease of 26 Rupees 13/16 annas p.r Cent on the whole Estate: but the decrease in the Therovaigam Putty Talook does not exceed 4 3/4 p.r Cent. whilst in Partapanellore the decrease is no less than 59 1/4 p.r Cent, the causes of which I have already shewn in the 2d Paragraph and the Settlement of the Current year only falls short of the average of the last five years by 12 1/2 p.r Cent.

7

It usually happens that in years of Scarcity the price of grain increases so much as to keep the Revenue at par, but in the one under report we have had to contend in a pretty nearly equal degree with both short produce and low price in consequence of abundant produce in the rich Country of Tanjore and in Trichinopoly.

This state of things seriously affected the disposal of the proprietor's share and to add to the difficulty the grain to be sold was for reasons above shewn of

Fort St George 18th October 1841.

of that coarse kind, ill adapted for preservation in Store. The losses of former years and apprehensions for the future prevented the competition of the liberal contractors the Nattor-Cotay Chetties and with exception of two of the Meracoyers of Kulacarray the produce has been sold to Merchants of much inferior capital and enterprize; but I am happy to think that they are at least secured from loss for the present by the continued holding off of the usual rains of August and September.

The average price of last years Paddy was p.r Cullum Rupees 1-1-2 5/16; In the year under report it has attained only annas 14 13/16 being a Decrease of annas 3-2 p.r per Cullum.

The following Abstract

8

exhibits at one view the Decrease in the Nunjah Settlement, by Cultivation by produce, and by price as compared with the preceding year.

Nunjah

13954 Fort St George 18th October 1841.

The average produce per Chey
in the year under report is only Cullums 18
Ms 3 - Mrs 3 3/4 whereas in the preceding -
one it was Cullums 22 - 6 - 2 1/16 or a decrease
of Cullums 4 - 2 - 4 5/16 per Chey.-

In the Nunjah paying a -
Money Tax there is a Decrease of Rupees 858-
10 - 8 owing to less Cultivation --

The Decrease of Rupees
3,609 - 5 - 11, in Nunjah Mail Poonjah paying
in kind is consequent on the low price - In
all other items of Poonjah produce are an -
Increase for the reasons shewn in Para 2.-

The Decrease of Rupees 4,320-
10 - - in the land and straw tax is dependent
on decreased Nunjah Cultivation.-

The Village rents are less
by Rupees 662 - 15 - 9 in consequence of their
being no acceptable Offer for the rent of one;
and because of the renter relinquishing his
engagement in a second --

There is a Net Increase
of

Net Increase - - 354-5-8

Peishcush of the Petty Pollams remains un-
-varied.

The Increase of Rupees 1303 in the
Chank rent is owing to the, to be regretted
competition between the two brother Maracayers
Viz.t Versay Ibrahim and Kuthay Nasah -
both very respectable Merchants.

There is an Increase of 1½ Rupees
in the Cheyroot rent. The total Decrease
in the Settlement of the land amounting to 33 fs.
Cent. is reduced when the fixed Porroppo and other
ready Money Collections are added to 26 13/16 fs. Cs.

Having thus explained the state of the
Demand demand I will proceed to shew that of the Collection
and balance Settlement.

13. The Settlement of the Zemindaree private lands amounts in the year under report to only Rupees 7,530-9-3, being a decrease of Rupees 5,964-9-8, below the Settlement of the preceding Fusly and attributable solely to the unfavourable state of season for the wet lands.—

14- The exertions and ability of my Sheristadar Shashagherry Row, have been more especially conspicuous and serviceable to me than usual, and I am sorry that a higher Settlement has not enabled me to give a more palpable proof of it for the Satisfaction of the Board and of Government.-

Sir,

I have had the honor to
your letter of the 14th Instant, [illegible]
Extract [illegible] letter from the Board of

J. G. B.

13997. Fort St. George 18th October 1841.

dated 30th August last informing me,
that the Extra Tent allowance, drawn by
me, for the 75 days, from 9th July to 21st Septr.
I was at Calicut, in 1839, is disallowed.

2. I shall feel much obliged if
you would have the goodness to bring
to the Board's notice the following
circumstances when I visited Calicut
at the period alluded to, it was by desire
of the Acting Principal Collector Mr.
Underwood to dispose of cases in the
Magisterial Department, which from
a pressure of other business, he was unable
to attend to; Mr. Underwood informed me,
it would be necessary for me to proceed
to Calicut for a Month and I travelled
down post; but subsequently, from having
several reports to make out, at the time,
and from the circumstance of the Circuit
Court being then at Calicut, he directed me
to remain; and Mr. Underwood mentions
this

Fort St. George 18th October 1841.

this, in his Summabundy Report of that year, and as during this period I still continued to rent my Cutcherry at Palghaut, I would under these circumstances respectfully request the Board's permission to retain the Extra Tent allowance drawn by me.

3. In illustration of what I have just said I would beg to add that when by your permission I visited Calicut during March, of the present year as it was there at my own request that I proceeded to Calicut, I did not draw Extra Tent allowance for that period.

To,
The Collector &
Malabar

Sir,

With reference to the Extract from a letter from the Board of Revenue dated 30th August 1841. I have the honor to state that

Fort St. George 18th October 1841.

that the Acting Principal Collector of Malabar

24th July 1839. Mr. Underwood having directed me to proceed to Ootacamund on duty during the South West Monsoon I started on this journey intending to proceed via Palghaut and Coimbatore owing to the nearer routes through Wynaad or Cotiaad being impracticable at the beginning or middle of August owing to the unusual heavyness of the rains; but as the Acting Principal Collector on my meeting him at Calicut was anxious that I should examine the Carcoon and Goodaloor Passes, which had been repaired the previous year he requested me to proceed by this route. I was therefore obliged to halt at Calicut for some days till the weather cleared, and hence as this delay at Calicut was caused by the directions of my superior and contrary to both my plans and wishes

69 1/2 inches in May, June, July and Aug. 1839.

wishes, I certainly consider that I am fully entitled to draw additional Tent. allowance for this period.-

Whilst I was in the Neilgherry Hills, Mr. Underwood then at Palghaut, was appointed acting Collector of Sea Customs at Madras & therefore directed me to proceed without delay to Palghaut and Calicut to take charge both of the Office and Treasury.- I was thus put to an expence of a rapid journey of 161 Miles, and subsequently to that of keeping up an additional house at Calicut. Whilst at the Huzzoor station, I performed the duties of my own, the Principal Collection and Head Assistants' Offices Mr. Silver being then acting as Assistant Judge at Cochin / for which I received no additional pay or allowance whatever, and hence am surely entitled to the Extra Tent allowance which I should have drawn

drawn had I remained in my own Talooks where my duties would have been far lighter, and my expences of travelling &c. far less.-

Sir,

I have the honor to acknowledge the receipt of your letter dated the 16th April last, and to state my opinion that the Suit Rent on the Hills should be levied in conformity with the Provisions of Regulation XXVII of 1802.-

A perusal of the voluminous papers in this case has satisfied me that our temporizing longer, is not only unnecessary but inexcusable, as

Government

11002 Fort St. George 18th October 1841.

Government have upon a full consideration of all objections determined that the Dust Rent shall be levied in conformity with their orders dated the 6th February 1838 & several attempts have been made to collect the Dust Rent due by orders sent to the Tahsildars but this Officer does not appear to possess sufficient weight and authority to enforce them. I therefore do myself the honor to request, that no further orders may be issued to him, but that you will proceed with your Cutcherry to the Nilgherry Hills at the earliest practicable period, and personally enforce the payment of all arrears under the powers vested in you under the Regulations.

Sir,

From the Actg. Collr. of Madras.

Submitting his opinion that for stated reasons the Arrack and Toddy Shops within the Supreme Court limits are entitled to remission of the full amount of the arrears outstanding against them — Rs. 11624-3-5 which had accumulated for the number of days that the Shops were actually shut.

Sir,

I have the honor to acknowledge the receipt of Mr. Porter's letter under date the 14th Instant, desiring me to state my own opinion regarding the claim to remission advanced in certain Petitions presented to me by the Venders of Arrack and Toddy within the Supreme Court limits for the time that their Shops were closed

2. As the opinion I have formed is based wholly on the various circumstances brought to the notice of the Board in the letters on the subject which I addressed you lately I shall refer to them again on this occasion

It

3.

It will be seen from my communication of the 21st Ultimo that in the Petitions presented to me on the 18th which I referred to the Acting Chief Magistrate and Superintendent of Police on the same day, it was represented that "it has been always customary with the Petitioners to take up from 1 to 4 Shops each, and to place them in charge of their Servants but that a few days ago the Police Peons seized and took several of them to the Police Office, where some were fined, and a few who could not pay the fine, were sentenced to work on the public roads for allowing their Shops to be managed by their Servants, and for constructing a shed at the entrance of their respective Shops, as well as for keeping one or two windows open." That Officer in returning the Petitions, did not deny the correctness

of the representation therein made, but observed merely that "as the fines which were imposed on the Arrack and Toddy Shopkeepers at the Police Office for a breach of Clause 10 of Police Regulation No. 4 were inflicted by the Sitting Magistrates, it was not in his power to remit them."

Public Department Original Despatch

4.

I saw on the 26th September the Petitioners appeared before me, they re-asserted the grounds of their complaint, being similar to those stated in their Petitions of the 18th and requested that the system which obtained for a considerable time past might be reverted to, and that the provisions of Section 10 of Police Regulations No. 4 might not be enforced.

In

J. B. 2 Oct. 1841 P. 3

5.

In consequence however of the communication from the Acting Chief Magistrate and Superintendent of Police under date the 28th Ultimo that "the provisions of Police Regulation 4 Sec: 10 have always been in full operation and [that] of this the Arrack and Toddy Shopkeepers were perfectly aware," I stated in my endorsement on the Petitions of date the 18th the purport of the letter from the Police Office, and added that the Petitioners were held answerable for the arrears of Revenue outstanding against them although in Para 9 of my letter to you under date the 2d Instant I observed for the reasons therein assigned, that his Statement that "the provisions of Police Regulation 4 Sec: 10 have always been in full operation was not borne out by facts."

To B. 2. Oct. 1841 P. 5

To B. 2. D. P. 10

6. In the further Petitions containing observations on my endorsement, which I submitted to the Board in my letter of

the 9th Instant, the Shopkeepers repeat the Statement made on the 18th Ultimo that contrary to long established usage, they were punished for having had sheds and windows to their Shops and for having entrusted the sale to their Servants.

7. It is therefore evident that there does a strong impression arising from the late Proceedings at the Police Office against several of them that the holders of Shops with sheds or windows, as well as those who left the management to hired Servants or others which in the case of the parties who had more Shops than one, was unavoidable would all be punished by the Police Authorities and that this alone had induced them to close the Shops until an arrangement

arrangement affording them security against molestation was made.

8. Having been thus influenced by an apparently well founded fear of punishment from a restrictive rule under which almost every Shopkeeper must have rendered himself liable to it, the Petitioners on being duly informed on the 26th September of the orders of Government of the preceding date, and on being assured that I would recommend their case strongly to the Police Authorities, if they had readily met my wishes reopened the Shops without further hesitation

9. Cit is only by continuing the sale without interruption that they would obtain the means of livelihood it is their interest to guard against the closing of the Shops upon any

frivolous pretext. They must in consequence have been very anxious to resume the sale as soon as they could have done so with perfect safety. For these reasons I submit my opinion that the Petitioners are entitled to a remission of the full amount of the arrears outstanding against them, Rupees 10,624-3-5 which had accumulated for the number of days that their Shops were actually shut.

11002 Fort St. George 18th October 1841.

Government have upon a full consideration of all objections determined that the Dust Rent shall be levied in conformity with their orders dated the 6th February 1838 & several attempts have been made to collect the Dust Rent due by orders sent to the Tahsildars but this Officer does not appear to possess sufficient weight and authority to enforce them. I therefore do myself the honor to request, that no further orders may be issued to him, but that you will proceed with your Cutcherry to the Nilgherry Hills at the earliest practicable period, and personally enforce the payment of all arrears under the powers vested in you under the Regulations.

To,

The Secretary to the
Board of Revenue
Fort St. George

Sir,

50

From the Actg. Collr. of Madras.

Submitting his opinion that for stated reasons the Arrack and Toddy Shops within the Supreme Court limits are entitled to remission of the full amount of the arrears outstanding against them — Rs. 11624-3-5 which had accumulated for the number of days that the Shops were actually shut.

Sir,

I have the honor to acknowledge the receipt of Mr. Porter's letter under date the 14th Instant, desiring me to state my own opinion regarding the claim to remission advanced in certain Petitions presented to me by the Venders of Arrack and Toddy within the Supreme Court limits for the time that their Shops were closed

2. As the opinion I have formed is based wholly on the various circumstances brought to the notice of the Board in the letters on the subject which I addressed you lately I shall refer to them again on this occasion
