Salem Zillah.

Office of the Pr. Collr. Cutcherry. E. E. Fs. / Signed J. D. Gleig

Fort St. George 28th October 1841

A

To

The Principal Collector of

Salem.

Sir

Para 1. I have the honor to forward the under mentioned Accounts explanatory of the Settlement of Land Revenue for Fusly 1250 of the four Talooks of Sankerydroog, Trichengode Paramutty and Namkul, under my Charge

No 1 Revenue from Estates
2 Settlement of the Government Lands.
3 Statement comparative of the Revenue of the present and preceding years.
4 Detailed Statement of cultivation with explanation of the causes of increase and decrease.
5 Statement of waste lands included in the settlement.
6. Abstract Statement of lands held on Cowle
7. Statement of the average prices of grain.

Villages and Hamlets

2. No separate Report on the Sub Division for the last three years, Viz.t for Fusles 1247, 1248 & 1249 appears to have been submitted or drawn up, but the number of Villages and Hamlets which stand in the accounts

Fort St. George 28th October 18

accounts this year under Government
Landed Proprietors respectively, corre
that stated in the accounts for each
years. There is a frequent, though slight,
in the Villages and hamlets under
Amanie management owing to the fu
lapsing of Estates, whilst the a
each description remains the same.
of Mouzas or Villages in the Sub Div
being 348, and the Mouzas or Ham
grand total 1318, the particulars of
are shewn in the annexed abstract.

	Under Proprietors			Under Government

	145	339	484	203	631	834	34

Season 3. With respect to th
Cultivation during this Fusly I beg
that it was favorable, perhaps, on the

more so than the preceding one in consequence of a sufficient quantity of rain having fallen in May and June to induce the Ryots fearlessly to plough their Punjah lands and sow the usual grains Cumbo or Bajra, Cholum or great Millet, Rape or Indian Mustard &c. Their hopes and Crops suffered however by a failure of rain during the Month of July but a quantity having fallen in august, altho' ra rather partial, the crops were brought to per -fection and yielded a satisfactory remunera -tion to the Ryots. The quantity of rain which was received in September was beneficial to the various description of grain as well as the inter linecary cultivation with legumes, pulse, as green brown and black grain, and Oil seed as Cotton, Wolawalu or Madras horse gram, Chickpea or Bengal Gram, were also sown, to all which the rain which fell in October and November was beneficial; but its cessation during December was detrimental to the grain which was supposed not to have yielded so fine a crop as there was at first reason to

to expect. Throughout the season, th lands in the majority of parcels ga average produce. In most places the irrigated by water from wells yie satisfactorily whilst the crops in spots were stated to be injured from of sufficient rain, from insects, and blight. The supply of water in the &c. from the September rains having sufficient, the cultivation of wet la commenced and although the cultiv carried on, under the smaller Tanks to have partially suffered, the produ every description of wet land was -rily remunerative. The extensive an valuable lands in the Talooks of C and Paramutt bordering on the received their usual unceasing su water from that River. But the crops in s were stated to have been damaged by blig extent of cultivation exceeded that of and the Ryots generally were well re from their outlay and exertions.

Prices

4. The average pre

marketable grains and pulse fell short of last Fusly: the comparative plenty has been the chief cause but the regularity in the payment of the Ryot's kists may have also contributed to cause this depression which a diminished demand from the surrounding Districts has by no means tended to alleviate.

Settlement

5. The Settlement of the present Fusly which commenced in the Month of January was made personally and individually with the Ryots, and was carefully formed on the usual principles and customs as laid down in the Hukummamah and Cowlenamah for Fusly 1243 and such fresh instructions as may have been received; some of which however, have in certain cases fallen heavily on the purses of the Ryots, without any corresponding advantage to themselves or the Circar. The places at which the Ryots were assembled for the Settlement were as follows: Viz^t: For the Talook of Senkery droog, at the Cusbah Senkery Droog Vi-goontam, and Pallipolliem. For the Talook of

of Trichengode at the Cusbah Station the Talook of Paramutty; at Vellore of the Cauvery, and for Namkul at Namkul, Mohanoor, and Valliaputty having issued puttahs for the Talook Trichengode and Paramutty at the Trichengode and at Vellore respec was for the joint convenience of the and the Circar Servants owing to scarcity of water in other places to those Talooks.

Puttahs and Holders...

6. The total number of C during this Fusly was 34,319 whilst Puttahs was 26080. which on a compa with the preceeding Fusly shews an of 1610 in the number of holders and 1 of their Puttahs. The particulars of th increase and decrease in the num Puttahs and their holders are hereunder

Decrease

Ryots withdrawn from their cultivation by Ra -zenamah &c within the limited period.

Ryots who have died.

Ryots who have deserted to other Villages Talo or Districts.

Ryots in partnership who have resigned the Shares.

Total decrea

Increase	Ryots	Puttahs
Ryots who have newly taken up lands for Cultivation	3,161	2,357
Moturpha Puttahdars who have become Cultivators of lands	73	64
Ryots who have taken Partners	132	.
Total Increase	3,366	2,421
Net Increase	1,610	1092

Ploughs 7. The number of Ploughs employed this year in the Amany lands of the Sub Division was 8,946; which on being compared with the last Fusly shews an increase of 240 Ploughs in the present Fusly. This net increase when so compared with that of the Ryots shews 6⅔ Ryots to one Plough, whilst the number in the whole Division Viz.t 8,946 compared with the total number of Ryots (34,319) shews only an average of about 3¾ Ryots to each plough. The Land (about 6290 acres) newly taken up by the increased number of Ryots &c.a when compared with the net increase of Ploughs gives 22 acres to each plough, whilst the average number of Acres to each plough throughout the whole Amany portion of the Division is about 17⅔

The

Cultivation 8. The total extent of Cultivation of different descriptions Land in Fusly 1250, including those of land which were left uncultiva in contravention of the terms Settlement, was 1,58,549 — 29 — 11 a/s Rupees 3,23,626 — 9 — 10 a comparison with the preceding fusly shews the tory increase of 6,289 — 30 — 10 and Rupe in the amount of their Assessment. The crease, caused chiefly by wet and Dry La taken up at the full Assessment was great measure owing to the favora prospects at the season of Cultivation Lands however were entered in the Acc which it was evidently the wish and of the Village Officers to conceal and from the Ryots own Statements cases they have for some years enjo enjoy without, in any way contribut the Revenue. The particulars of the cul are exhibited in the following Statem

Revenue

9. It is observable that the Settlement of the Land Revenue of my Division for Fusly 1250. after deducting the usual Charges on account of Village Establishments amounted to Rs. as p. 6,02,020 — 12 — 5 to which if the Revenue from Extra sources, Viz. 71472 — 15 — 7 be added the total demand for this Fusly

Fusly is Rupees 6,73,493 — 12 — a con- son of this with former Fusly shew a net increase on two items of Rup as p 8,972 — 1 — 10 the par- lars of which will be seen in the a- nexed abstract.

Transfers in cultivation

13. The total extent of land transferred this year from one description of cultivation to another amounts to Acres Gd as 823-11-15, causing a decrease to the Amount of 1264-15-1 under one head of the last years assessment and an increase of 2489-0-9 under another head of this years assessment which compared with each other shews a net increase of Rupees 1224-1-8 the particulars of which are shewn in the annexed Abstract.

14

I beg to state in explanation the circumstances under which reduced assessment has been levied upon the lands transferred to an inferior kind of cultivation. The lands brought under an inferior species of cultivation at the period of the survey having been subsequently brought to a superior kind by means of water obtained from sources the property of the circar, they were assessed at higher rates. But during fusly 1250 the said lands having reverted to their inferior cultivation from want of sufficient water and from the Trees on the wet Garden lands having fallen down they were again assessed at a reduced rate with reference to the rules laid down in Paragraphs 23 & 25 of the General Rookumnamah.

Lands irrigated by water from the Cauvary River.

15. There is an increase of 28-2-6. under this Head in consequence of

Revenue from Hills

22 The Rent of the Colly
Hills situated in the Talook of
for Fusly 1250 was Rupees
which on being compared with
the preceding Fusly shews a de
Rupees 176-8— This is attrib
Cultivation itself in the 7 Nan
the said Hills having been
extent (in consequence of
failure of rain, and al
wretched practices which
whereby the Renters who inde
do dispense with

all Putkahs and Muchilkahs collect-
rent even for waste lands however exten-
sive together with other ruinous dis-
counts and fees. These have tended
to make the Ryots discontented, even
with the System of farming out the
Revenue, and in some cases have
induced them to desert. The Renters
therefore are fearful of risking too large
a sum for the privilege of superintendence
and they cannot but feel in some
danger lest the Ryots should appeal
to the authorities who could
not force the payment to the renter
whilst that class would themselves be
none the less responsible to the Circar. There
are no substantial men on the Hills to give security for the due fulfilment of
the terms of the rental whilst no one
in the Plains will guarantee the stipu-
lated payments without an exten-
sive valuable consideration. There
is a decrease of Rupees 7058 in
some

some of these wards for the
whilst there occurred an in
competition amongst the Ryo
for the rental, to the Amou
Rupees 559.

Emigrants 23 The number of Ry

Extra Revenue 24 From the statement below Para 9 of this report it would appear that the revenue realized this year from extra sources was ₹4472-15-7 and that in a comparison of this with the last Fasly there seems a net decrease of 1879-1-9 under the head of Sayer. This Decrease is chiefly observable in the collections at Trichengode and yet daspady In the former there has always been a decrease without sufficient reasons but this year it is immense being a deficit of Rupees 1331-2- over last year and Rupees 5389-6-4 less than the collections in Fasly 1237 In Yeddapady a decrease has not before occurred. Since the Sayer came under immediate Circar management and it certainly cannot be satisfactorily accounted for. I respectfully beg to state that it is not altogether unknown to you that I have more than once freely stated my opinion upon the proceedings in the two,

above mentioned chowkies only remained for me to regret the absence of my influence therein. The Rupees 42-12-7 being the collections made in the vill of Dindamungalam attached Cuvbah Sayer of Namkal was robbed by certain thieves who way laid the chokey on their return to Namkal and still in deposit in the Treasury, having been col from the Sayer servants - not included in any account either be added to the coll above stated, or dealt with may think proper There decrease in the statement of Revenue of Rupees 590

Head of Betel and Tobacco and Rupees 51-2-8 under the Head of Meturpha whilst there is an increase of Rupees 275 under the Head of Atkarry and of Rupees 384 under the Head of Sundry Small Farms on the whole there exists a net decrease of Rupees 1.861. 4-2

Collections 25 The Demand of Revenue from Lands under the immediate management of the Government for Fasly 1250 is Rupees 3,38,395-"-2 of which the sum of Rupees 3,35,953-"- was collected within the Fasly and the Balance outstanding at the end thereof was Rupees 2,442-"-2 of this sum Rupees 900-1-1 has been collected up to the 15th Instant, leaving a balance of Rupees 1541-15-1 of which the amount reported to be irrecoverable is Rupees 446-11-7 and a sum of Rupees 96-0-3 stands against the Ninjah Lands of Coodooday and other Villages in the Taloke of Paramatty their holders having represented that their Lands are overassessed

overassessed and their case bis
Board of Revenue have personall

The Balance due up to

44. Fusly 1248. amounts to Rupees 1369–11–7. of which Rupees 2398–1–11. belongs to the Samy. and Rupees 1971–12–8 to the Amany head of Account.–

45. The former of these sums is due by the Mootadar of Marapoory from Fusly 1241. to Fusly 1243. he being a Minor– this balance must remain for after adjustment. The Mootah is at present rented for Rupees 500 per Annum above the permanent demand.–

The Amany balance of Rupees 1971–12–8. is composed of the following items

Rupees 442. is due by the Agraharumdars of Tirmulnama Samoodrum, who are paying by instalments. this will all be recovered.– Rupees 794–12–8. remains against the Kodoodory and other Villages from Fusly 1244. to Fusly 1248 the inhabitants claim a reduction of Assessment as formerly given by Mr. Hargrave as communicated to the Board in my report on the Settlement of

Fusly 1248. this amount must therefore remain until the decision of the Board on that claim be received.– The remaining sum of Rupees 735. is due from the Mootamars on the Sheriavy Hills from Fusly 1245 to Fusly 1248. the renter claims remission on account of lands having been granted by the Government to Mr. Cockburn and others– this sum the holders of the lands must make good.–

47. The arrear of Fusly 1249 amounts to Rupees 2440–7–1. made up of the undermentioned sums Viz. a small item of Rupees 12–2–5 which will be recovered– a doubtful balance of Rupees 159–11–0. and Rupees 133–12–0. the former against the Coodroory Village and the latter against the Sheravay Hills for reasons above given– An irrecoverable balance of Rupees 1271–11–5 and Rupees 354–9–0. the first against the Agraharum Villages which by the orders dated 27th April 1841. I was directed to take back to Amanny management

Fort St. George

(37)

From the Pt Coll.r of South Arcot } Para 1
Submitting a Statement shewing the Bariz of 10 Villages out of the 29 composing the resumed Jaghire of Collamalle in the Mannargoody Talook of this District and the rates at which the Villagers have agreed to take them on a lease for the next 3 years and recommending that the lease may be confirmed -

Sir,

I have the honor to enclose a Statement shewing the Bariz of 10 Villages, out of the 29 composing the resumed Jaghire of Collamallie in the Mannargoody Talook of this district, during the last seven years and the rates at which the Villagers have agreed to take them on a lease for the next three years -

2 This Jaghire was resumed in fusly 1238 - It was rented up to fusly 41 - In 42 there was a grain division - In 43 partly rented, and partly under Amany - In 44 rented - In 45 under Amany

Fort St. George 20th October 1841

Arrangy- 46 and 47 rented 48, 49 and
on a Grain produce division.-

3.- In July 46, your Board re-
-commended that the whole of the Vil
should be rented.-

4 On the principle which has
lately been in force, Viz^t. a grain divi
-sion the attendance of Many Curcar ve
-vants is found absolutely necessary -
just at a period when their service
are much required and it is notorious
that there is no energy on the part
of the inhabitants towards an im
-proved or extended Cultivation.-

5 I endeavoured personally, last
Week to rent the whole 29 Villages, & the
Majority did not at all consider that Ter
them too high, I only succeeded in inducing
these 10 to take them on a 3 years lease.

6 They did this readily, being per
-fectly satisfied that it was for their
own interest and the remainder would
have also agreed, but [illegible] feeling

Fort St. George 20th October 1841

hope that they could by keeping down the
Cultivation induce the Circar to think
their Villages far less productive than
they are well known to be.-

7.- These rented Villages I feel
confident will, now that all improve
-ment is profit to themselves, soon shew
a superior condition and serve as an
example to the rest.-

8 As the rents proposed are more
favorable to the Government than the
average and at the same time light to
the people, and as every advantage
is obtained by the adaptation of the
System, I have the honor to request
that the Board will favor me
with an early confirmation of
my arrangement.

Proceedings thereon As the Board

(37-38) of Revenue consider it extre-
desirable to avoid having re-
=course to the system of a re-
=vision of the Produce if prac-
=cable in the Villages of the
resumed Sayhire of Collerone
they are induced to sanction the
arrangements concluded by Mr.
Hallett, under which ten Villa-
have been rented out to the in-
=habitants for a term of three
years the engagements being con-
=derably higher than the avera-
Peris of the seven preceding years
It is presumed that the
Acting Collector found it impra-

14764 Fort St. George 28th October 1841.-

=cable to induce the Cultivators to un-
=dertake renting the Villages for a shorter
term of years.-

To the Secretary to the
Board of Revenue
Fort St. George

Sir,

From the Asst Collr South Arcot } Para 1.- In reply to Extracts
from Board's Proceedings of 15th
September, I have the honor to remark
that there are two points involved
in my letter of 3d August last, viz
viz 1st whether the Petitioner should
draw the whole allowance or
only one quarter the three other
parties being dead- 2d whether
arrears should be paid during
the time he did not appear.-
The latter question the

(39)

2

14765 Fort St. George 28th October 1841

the above proceedings decide
is for reference to the Civil Au
-ditor.

3.- But the farmer is cer
-tainly for the Board's judg-
ment. I have the honor to reque
their instructions on the subje
as the decision will be impor
-tant
in establishing a precedent and
general rule. My opinion certain
is that she should only draw
one quarter share.

Coll's Cutcherry
14th October 1841

Signed C. A. Hallett
Asst. Coll.

Ordered that the
following letter be sent this

14766 Fort St. George 28th October 1841

To
The Acting Collector in the Southern Division
of Arcot

Sir,

To the Asst. Coll. in the Sn. Divn. of Arcot
Jud. Cons. 28th Octr. 1841
Parl.

With reference to your letter of the
14th Instant, I am directed by the Board of Revenue to
inform you that in cases where the names of the
relations of a Jemindar have been entered in the
original grant as entitled to a specific share of
the allowance it has been usual for the share to
lapse to Government on the death of each incumb-
-ent. In the case alluded to in your
letter of the 3rd August last, the Jemindar
appears to have been granted on a Permanah
in the name of Gholam Shabaz Khan ally Khan
only and to have been paid to him in full
up to April 1836. The Board are of opinion
therefore that the whole allowance should
be continued to him until his decease, when
it will lapse to Government.

Jud. Cons. 16th Octr. 1841

2. In reference to the concluding Para

Fort St. George 28th October 1841

of your letter the Board observe that it
impossible to lay down one general rule
shall meet the exigencies of every case, it
be better therefore instead of considering
decision in the present instance as a
precedent and general rule to guide you
all future decisions, that each case
as it occurs should be decided upon
its merits, and when there may be a doubt
that reference should be made to the
Board.

Revenue Board Office,
Fort St. George,
28th October 1841

(signed) P. B. Smollett
Secretary

Read the following letter

Fort St. George 28th October 1841

41

From the P.C.C. in the 3rd Dist. dated 23rd Augt. Para 1. Submitting further information called for regarding the alienations made from the Cavil lands in his District belonging to the Woodiarpolliem Pollicar with his opinion recommending their resumption

To The Secretary to the
Board of Revenue
Fort St. George

Sir,

In reply to Extract from Board's Proceedings dated 16th September, relative to the Woodiarpolliem Maniems, I have the honor to state that all the titles and documents which could be obtained were forwarded to the Board with a List No. 2 by the late Principal Collector under date 27th November 1840. It is believed by this Department that all are original but that few are regularly signed or indeed bear marks of positive authenticity. It would be quite impossible to ascertain the soundness of title to any of these Maniem lands, the only means of Settlement appears to be, in the first place to admit the fact, and reserve for consideration the propriety of the

Fort St. George 28th October 1841

the alienation in each instance, it being remembered that no denial is attempted on the part of the Rajah

2- I have no hesitation whatever in recommending that the lands be resumed and a money allowance granted in lieu. The one reason is I think sufficient - the Rajah - ers of these Maniem lands alienate them by sale or otherwise and on a lapse occurring and being discovered (in which there is always difficulty) the actual occupant appeals and objects to the resumption by Government because he has a title by purchase or otherwise of perhaps 20 or 30 years standing - I am not supposing a Case, hundreds of lands are now in exactly this position in South Arcot -

3- If the parties receiving money allowances, lapses are always discoverable and the benefit is enjoyed very generally by the person for whose life

Fort St. George 28th October 1841

intended by the granter, if the lands be confirmed in life grants, they are the difficulties just mentioned and the additional objection that in nine tenths of the instances, the benefit is soon lost to the Grantee -

4- With regard to the alienations to Pagodas &c. I see no sound reason for making a difference, as to the condition of the funds of the several institutions - Under the contemplated arrangements for the management of such institutions these sums are not likely to be well controlled and under all considerations I am disposed to suggest that they also have a Money allowance the lands being resumed to cease at the expiration of 5 or more years

5- This subject it appears to me can only be looked at in a general view - It is clear from a perusal of the papers connected with it, that by an oversight or neglect only have these lands instead of a percentage so long been held by

14774 Fort St. George 28th October 1841

by the family. Independent of this the first title to them was but a grant of services to be performed. These services not required in consequence of the State having upon itself the burden of the Police and other duties, thus the alienated lands have proceeded from an unsound title, and to continue to the grantees a life or temporary equivalent money allowance in lieu is a sufficient liberal & indulgence.

6. I must mention that there are 5 or 6 other similar cases in this District one of which was reported under date 12th April last and that an early decision is very desirable.

Cuddalore. ———
Collector's Cutcherry

Read the following Letter

To The Secretary to the
Board of Revenue
Fort St. George

Sir,

From the Principal Collector of Tanjore — Paragraph 1. As directed by the Board's Minute of the 4th instant, I have the honor to report

Reporting on the claim of Petitioner in No. 292 of 1841 to a certain Civil Pension and stating that the amount to which petitioner is entitled from July 1223 to July 1250 at Rs. 187-9-11 per annum is Rs. 5253-5-8

the enclosed Petition No. 292 of 1841.

2. The Petitioner is one of 11 Cavalgars whose claim to pensions were reported in the 8th Para of my letter of the - November 1829 to be still under investi- tion. The occasion of its having so long remained undisposed of was the claim of Petitioner being disputed by the Widow of his brother and immediate Predecessor in Cavalgarship. This claimant however has died.

(45)

3. On the abolition of the Fees consequent on the abolition of the Cavelly System, the Petitioner held the Office of Cavalgar of the Village of Atchoor

Fort St. George 28th October 1841

Ordered to be recorded.

Read the following letter

To The Secretary to the
Board of Revenue
Fort St. George.

Sir,

Para 1. As directed by the Endorse-
ment at bear, I have the honor to report on
the enclosed Petition No 292 of 1841.

2. The Petitioner is one of the
11 Cavulgars whose claim to pensions were re-
-ported in the 8th Para of my letter of the 21st
November 1829 to be still under investiga-
-tion. The occasion of its having so long re-
-mained undisposed of, was the claim of the
Petitioner being disputed by the Widow of
his brother and immediate Predecessor in the
Cavab. This claimant however has since
died.

3. On the assumption of the Caval
Fees consequent on the abolition of the
Cavelly System, the Petitioner held the office
of Cavulgar of the Village of Atchodamungalum

having

4774 Fort St. George 28th October 1841

Order thereon.

(43-44)

Ordered to be recorded.

Read the following Letter

To The Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Princl. Collr. of Tanjore

Reporting on the claim of Petitioner in No. 292 of 1841 to a certain Civil Pension and stating that the amount to which Petitioner is entitled from fasly 1223 to fasly 1250 at Rs. 187-9-11 per annum is Rs. 5253-5-8

(45)

Para. 1. As directed by the Endorsement I have the honor to report on the enclosed Petition No. 292 of 1841.

2. The Petitioner is one of the 11 Cavalgars whose claim to pensions were reported in the 8th Para. of my letter of the 21st November 1829 to be still under investigation. The occasion of its having so long remained undisposed of, was the claim of the Petitioner being disputed by the Widow of his brother and immediate Predecessor in the Cavab. This claimant however has since died.

3. On the assumption of the Cavab Fees consequent on the abolition of the Cavelly System, the Petitioner held the office of Cavalgar of the Village of Atchodammungalum having

Fort St. George 28th October 1841

Ls having succeeded his Brother Ramasawmy Odeyan 3 years previously, and was registered accordingly. There did not appear to have been any remissness on the part of the Petitioner in the prosecution of his claim and his identity having been fully established by the investigation made by me in 1829 his claim would then have been admitted but for the counter claim set up by the Widow of his deceased Brother, to appoint a person to act for her as Cavalgar on the strength of an alleged Will of her late husband. As this a claim so completely at variance with the custom of the country could hardly have been admitted on such grounds, it was thought advisable to direct the production of the Will before finally disposing of the case. The Widow having repeatedly promised but always failed to produce the Will, the Tahsildar of Coovaugeel, within whose limits the Village is situated, at last reported that

on

Fort St. George 28th October 1841

on again urging its production the Widow had signified her desire to come to a compromise with the Petitioner before this was accomplished, however she died. There remains therefore no obstacle to the admission of the Petitioners claim. The amount of annual Pension to which he is entitled is Rs. As. P. 187-9-11 and the amount of arrears due to him from fusly 1223 the year of attachment till the end of fusly 1250 is Rupees 5,253-5-8.

Tanjore Collectors Office
11th October 1841

[Signed] N. W. Kindersley
Principal Collector

Ordered that the following address be submitted in consequence.

To The Acting Chief Secretary to Government

Sir,

To the Ag. Chief Secy to Govt Para 1

(45-46)

I am directed by the Board of Revenue to request you will lay before the Right Honorable the Governor in Council for orders the accompanying letter from Mr. Kindersley Principal Collector of Tanjore reporting

reporting upon the claim of one Areaperumal Adiard an original Cavalgar in that province to a Pension in arrear in accordance with the rule determined upon on the introduction of the new system of Police in Tanjore

2. This person it will be seen was one of Eleven Cavalgars whose claims were reported to be still under investigation in the Extract from the Board's Proceedings of the 14th December 1829 replied to in Mr. Secretary Chamiers letter of the 5th January 1830. The cause of the non-disposal of this man's Case at that time is now stated to have been the advancement of a counter claim to the Office and its emolument by the widow of the present claimants deceased Brother. This woman's claim Mr. Kindersley considers futile and as she has lately died, there is now stated to be no obstacle to the admission and Settlement of the Petitioner's demand.

Inl Cons 7th Jany 1830

3. The allowance to which the

the Petitioner is entitled, Mr. Kindersley reports is Rupees 187-9-11 ½ per annum. The arrear from fusly 1223 from which payment in like Cases has been made amounts to Rupees 5,253-5-8 and authority for this disbursement is accordingly requested.

Secretary.

Read again letter from the Principal Collector of Canara dated 21st Ultimo, and entered in Consultation 11th Instant.

Resolved

Proceedings thereon. Resolved that the foregoing letter be submitted for the consideration and orders of the Right Honorable the Governor in Council.

Recommending that Sanction be granted for certain Modifications in the assessment of Moturpha in the — District of Canara —

55

1 The Board concur in the opinion expressed by the Principal Collector that in consideration of the very high Ground rent which is paid by the Shop-keepers and Merchants in most parts of the Town of Mangalore, it would be better to forego the demand of Moturpha on the shops and Warehouses which have not hitherto been assessed, the additional amount of revenue which might be realized from this source, is stated to be Rupees 1,540-8 —

Para 4. 5.

2 The Board also recommend under

under the circumstances represented in Para 9. that an abatement may be made in the demand which might be enforced on the 5 trades called Punchals, Viz.t Gold Smiths, Carpenters, Copper Smiths, Black Smiths, and Brass Smiths, to the extent of Rupees 618-8-1. as shewn in the State= =ment which accompanies the letter under consideration, and that the items enume= =rated in Para 10. amounting to Rupees 755-4-1. may be struck out of the Account altogether.

3 The total decrease in the demand for the past Fusly which would have been occasioned by the revision now recommended, would be Rupees 2,914-4-2.

Read

Read the following letter.

	719	14	6.
Purchase Money	1210	15	6.
Net Profit		1930	14 "
		6028	10 8.

9 It is expected that the sales at this
Depôt will increase still further when the road
from the Coast to Agumbah has been Completed
On the first establishment of this Kotie it was
not expected that the sales would exceed 60
Garce per annum, which estimate was framed
in reference to the sales at the old Kotie of
Naguramukh, in its vicinity, but from the opening
of the Agumbah Ghaut, and the repair of the road
leading

Fort St. George 28th October 1841.

thereto the export by this route is likely
to exceed 200 Garce a year. It will therefore,
be necessary to entertain some addition to
the establishment now employed at this
Depôt, for which a separate application
will be submitted through the proper Channel
as well as for the erection of a second
Kotie to hold 100 Garce of Salt.

10 The Kotie at Malapoor in
Anchola was abolished on the 16th October 1840
in Conformity with the orders of Government
under date 31st
August 1840.

11 In this branch
of revenue there is a
falling off of Rupees
24,954 — 9 as Compared

Land Customs

1249	3,07,833	15	4.
1250	2,82,879	14	7.
Decrease	24,954	"	9.
Average	2,74,850	10	7.
Increase	7,929	4	"

with the preceding year, but in comparison with the
Average of the 5 past years, there is exhibited
an increase of Rupees 7,929 — 4 — "
12 The decrease below 1249. is owing
1st to the deficiency in the Crops of Supari &
Cardamums, owing to the want of seasonable
rains, and 2nd to a diminished import of
Cotton Piece goods, consequent on the fall
in the price of grain. The following Statement
exhibits the particulars of the decrease under
this head.—

Average.

14793 | Fort St. George 28th October 1841.

Sea Customs.

1249	1,74,365 — 14 — 2
1250	2,86,726 — 8 — 10.
Increase	1,12,360 — 10 — 8.
Average of the 5 past years	2,02,396. — 4 — 9.
Increase	84,330 — 4 — 1.

13 The Collections under this head in the year under report exceed the preceding year by Rupees 1,12,360 - and the average of former years by 84,330 —

This increase is owing almost entirely to the great extension of the — export of Cotton to Bombay, as will be seen from the sub- = joined table —

This

Abkary	
1249	62,952 — 8 — ".
1250	52,926 — 12 — "
Decrease	9,125 — 12 — "
Average	49,899 — 2 — 2.
Increase	3,027 — 9 — 10.

15 This branch of revenue exhibits a decrease — Compared with 1249 of Rupees 9,125 — 12 a. p. but Compared with the — Average of former years there is an increase of Rupees 3,027 — 9 — 10 a. p.

16. The great competition prevailing in 1249 raised the Amount of the farm at Mangalore to an unusual Amount. Owing to the disputes and disturbances which occurred between the Toddy drawers and the Contractor in that Fusly, the Board was pleased to fix the rates at which Toddy & Arrack should be purchased, and sold by the renters. These rates have been enforced during the year under report, and though they have tended temporarily to diminish the revenue, they have had the effect of allaying the dissatisfaction formerly prevailing among the Toddy drawers, As the new system is now understood, and has been found to work well, the Revenue under this head will, no doubt, increase hereafter.

The

Ferry Farms.	
1249	5,417 — 8 — "
1250	4,755 — 12 — "

and vanagaolu

Mohturpha.	
1249	10,552 — 6 — 2.
1250	10,698 — 5 — 2.
Increase	145 — 15 — "
Average	10,380 — " — 10.
Increase	318 — 4 — 4.

Para 9. head called for by the Board in their proceedings under date the 11th March last.

Tobacco.	
1249	289458 — 5 — 9.
1250	289335 — 5 — 11.
Decrease	122 — 15 — 10.
Average	27,665. — " — 2.
Increase	12,670. — 5 — 9.

17. The revenue from this branch has fallen below the preceding year as well as of the Average of the previous years, as shown in the Margin. This decrease is attributable to a want of the same competition which

18 There is an increase in this branch, compared with the preceding year, and with the Average of 5 past years, as shown in the Margin. The increase arose from enhanced offers for the Honey (grazing) farms.

19 The Collections under this branch of revenue exceed the preceding year by Rupees 145 — 15 — a. p. and the Average by Rupees 318 — 4 — 4. I beg to refer to my report of 24th Ultimo for the information on this

20 The revenue derived from this source, exceeds the average of former years by — Rupees 12,670 — 5 — 9. while it

falls

falls below the preceding year in the trifling sum of Rupees 122–15–10.

21 There is some difference observable between the statements in the printed form and the other Tabular Statement of this revenue, the Amount of decrease in the former being Rupees 24,516–11–4. which is consequent on a larger Amount having been credited on account of advances for the purchase in 1249. than in 1250. a large portion of the supply of Tobacco contracted for was not delivered within the last Fasly, and the advance outstanding remains, therefore, to be recovered on its complete delivery.

Stamps.	
1249	40,854–14–5.
1250	36,382–1–9.
Decrease	4,472–12–8.
Average	34,733–5–8.
Increase	1648–12–1.

22 The Stamp Collections during the year under report, exceed the average of former years by Rupees 1648–12–1. but falls short of the preceding year in Rupees 4,472–12–8. This falling off is attributable to the Civil Courts having been adjourned for a longer time than was the case in the previous year, and also to a diminished export of Supari, and Cardamums.

The

23 The following table shows the sales of Stamped paper in each Department Compared with the preceding year.–

	Sales in 1249.	Sales in 1250.	Increase.	Decrease.
	Rs. A P	Rs. A P	Rs. A P	Rs. A P
Revenue and Judicial Paper	31,082–14–5.	24,407–14–9.	" " "	6,674–15–8.
Sayer	6,852–" "	6,483–8 "	" " "	368–8 "
Sea Customs	2,920–" "	5,490–11 "	2,570–11 "	" " "
Total	40,854–14–5.	36,382–1–9.	2,570–11 "	7,043–7–8.
			Deduct Increase	2,570–11 "
			Nett Decrease	4,472–12–8.

Ameendeive Islands.	
1249	13,890–13–8.
1250	17,925–13–1.
Increase	4,034–15–8.
Average	15,267–11–11.
Increase	2658–1–2.

24 This branch of revenue exceeds the preceding year by Rupees 4,034–15–8. and the average by Rupees 2,658–1–2. The above Comparison is founded on the actual sales of the Ameendeive Coir during the two preceding years. The following abstract will show the years of which the produce has been sold, and the Amount proceeds Credited in the particulars are shown in the detailed Statement.

Fasly

14800 Fort St. George 28th October 1841.

25 An Abstract Statement of the arrears of Revenue from Extra sources outstanding at the close of the year under report, Compared with Fusly 1249. together with the balance at this date are given below—

	Rs	a	P
Arrears on the 11th July 1249.	4,437	15	10.
Ditto ditto 1250.	2,969	9	5.
Decrease in 1250	1468	6	5.
Demand of 1250	1,82,722.	4	2
Collections	1,79,752.	10	9.
Balance on the 11th July	2,969	9	5.
Since Collected	2,902	9	5.
Balance on the 15th October	67	0	0

26 Of the arrears outstanding at the close of Fusly 1249. the following sums have since been Collected—

Balance on the 12th July 1250 — 4,437. 15 6
Collections
Abkary 1457 + 11 — 7.
Ferry — 682 — 6 — 0.
— 2,140. 1 7
Balance of Abkary on the 15th October 1841 2,297. 13 6.

27. The Collection of the Abkary balance — here shewn, has been suspended, at the earnest — request of the defaulters, pending the submission to Government by them of Certain information called for in Consequence of a petition they presented, setting forth the losses sustained by them in the Contract and praying to be relieved from the demand against them.—

Deduct Decrease —

Net Increase —

Mangalore, 15th October 1841.

and the second against Sreeaty Agraharum the circumstances relating to which are fully before the Board already— these two sums therefore I beg to solicit the permission of Government to remit

48. A sum of Rupees 158-15-8 is due by the Opana Samoodrum Agraharumdars which must remain for after adjustment and report.—

49. Subjoined is a Statement exhibiting the amount Collections and charges in Fusly 1250 compared with that of 1249.—

	Fusly 1249	Fusly 1250	Increase	Decrease
Collections as per Statement No 13	17,73,345 10 7	17,63,385 15 9	" " "	9,959 10 10
Charges Do. No 14	26,698 " 8	27,537 9 7	839 8 11	" " "
Net Collections	15,10,647 9 11	14,85,848 6 2	" " "	24,799 3 9

50.— The decrease in the Collections during the present year as appears in the above Rupees 14,919-10-10 is owing to less arrears remaining on the Sawy demand in Fusly 1249 than in Fusly 1248 as well as a decrease in the Sawy Collections during the present Fusly.— The Collections in the Amany portion are above those of the former year.— The Charges in the ge-

Sawy Arrears
Fusly 1248 Rupees 33,727-11-7
" 1249 — " — 15,161-7-3
Less ——— " — 18,566-4-4

Sawy Collection
Fusly 1249 — Rupees 45,327-10-0
" 1250 — " — 44,139-4-10
Less ——— " — 1,187-5-2

Amanay Collection
Fusly 1249 Rupees 12,83,712-1-8
" 1250 — " — 12,88,762-12-5
Greater — " — 15,205-9-7

under review exhibits an increase of Rupees 7049-8-11 chiefly occasioned by increased repairs in the Tank Department and increased Salary by the appointment of an Assistant Collector.—

Puttahs Cultivators and Ploughs.

51.— The Number of Puttahs distributed during the present year is 122481 and the number of persons holding the same amounted to 149389 being Puttahs 1300 and Puttahdars 2972 above the preceding year. of this increase of Puttahdars.—

2448.— Were ryots of the District newly engaged in Cultivation & who formerly having cultivated under another now hold puttahs in their own Name.—

300. Holding Puttahs consequent on the death or emigration of the original holders.—

358. Last years Motupha ryots now commenced

2,972 cultivation.—

52 The Number of Ploughs employed in the cultivation was 37208 being an increase above those of the past Fusly of 566 double ploughs or as they are actually worked by two Bullocks. 1132.—

Remizier brought to Account.

53. The extent of waste lands brought to Account during the present year was Acres 2459-17-8 the Rent of which being Rupees 3315-13-4 exhibits an increase over the Account of Fusly 1249 of Rupees 381-9-" as more fully shown in the subjoined Statement.—

Order

Fort St George 28th October 1841.

(56-57)

Order thereon — Ordered to be brought forward at a future Meeting.—

Read the following letter

To

The Secretary to the
Board of Revenue
Fort St George

Sir,

From the Collector of Malabar — Suggesting certain alterations in the Tobacco Monopoly.— } Para 1 In concurring with my recommendation to raise the amount of reward payable for the seizure of smuggled Tobacco in this District, the Board of Revenue under date the 18th March last observed, "that they were sensible of the "partial nature of the measure here proposed" "and with reference to the fact that much "of the Smuggling of Tobacco into Malabar "was attributable to the very high Monopoly "price demanded for an article frequently "of indifferent quality compared with the "foreign contraband Tobacco obtainable "from Mahe, Mysore, Coimbatore and perhaps "Coorg at a price nearly two thirds less than "the former, desired that my attention should be

58

DESTROYED ORIGINAL

Fort St. George 28th. October 1841

be directed to the "provision of a better article, to be retailed at a more moderate cost."

2. I do not understand from the wording of the Board's letter that a change is desired in the long established mode of supplying Malabar with Tobacco and shall confine myself therefore to the suggestion of such measures as appear to me most available for carrying out the wishes of the Board under the present system.—

3 With regard to the first point "the provision of a better article," the most effectual way, as far as I see, by which this object can be attained is to resolve that the Tobacco grown in Coimbatore and purchased by the Collector of that District, for the supply of Malabar, Cochin and Travancore respectively, be purchased for the supply of Malabar alone; that such part of it as is of a superior or moderately good nature be taken for the use of the monopoly; and the remainder, of an inferior quality, be disposed of to the best advantage, to any foreigners willing to purchase it.—

My

Fort St. George 28th. October 1841.

4. My proposal will be more clearly understood by a few words of explanation. At present the Coimbatore collector purchases the whole of the Tobacco grown in his District which may be estimated, taking the average of the last 3 years, at about 4,200 Candies. This is classed into four different sorts of qualities, and fetches at an average 33 Rupees per Candy. Of this about 3200 Candies have been sent to Malabar and 1000 Candies to the Travancore and Cochin States back of these three countries receive their Tobacco on exactly the same terms. Each pays the same wholesale price 33 Rupees per Candy, - and so each gets the same proportion of the better qualities of Tobacco according to their respective demands. The proportion of the last or fourth sort of Tobacco to the three superior sorts is nearly 50 per Cent. and the necessary consequence follows that as so large a quantity of the Superior sort is required for Travancore and Cochin, Malabar has to take more and so

Note. The gross produce is 5 or 600 candies more than this but so much is rejected and burnt by the Coimbatore officers it appears doubtful whether the growth of Tobacco fitted for the Malabar market can be much extended in Coimbatore.

The Consumption of Malabar for the last 3 years has been 2975 - 3108 and 2994 Candies respectively - much of the Tobacco passed by the Coimbatore sorters is found altogether unfit for sale after it arrives in Malabar which will account for the difference between the quantity supplied and that consumed -

ORIGINAL DESTROYED

Fort St. George 28 October 1841 -

more of the inferior as its population and consumption increase.

5. Up to July 1238 the three sorts were alone received by the Collectors. A.D. 1828/29 an extra demand from the consuming Countries made it then necessary to admit a fourth sort of a much inferior description which hitherto had not been taken - If the plan I have now proposed be adopted we can dispense with at least a large portion of this last sort, and thus remove one great and just complaint of the people of Malabar of their being obliged to buy a bad article -

6. This proposition, in its main features, is by no means an original one. The probability that the supply to these foreign States might interfere with the interests of our own subjects presented itself to the mind of the Board of Revenue twelve years ago, and they then laid it down as an axiom, "that the "supply of those States, the Travancore and Cochin, "allowed originally as a mutual advantage was "an object of but secondary consequence to the

See Para 12 of the Boards Proceedings dated 11th. June 1829 -

"the interests of this Government in com-
"parison with that of Malabar — and
that if the supply should be insufficient
to meet the demand for Malabar and
Travancore and Cochin, Malabar should
be provided for in the first place. The Board
will perhaps be of opinion that the contin-
gency here adverted to has by this time ar-
rived. Since the period at which their
remarks were penned, the population of
Malabar has increased rapidly, but
without a proportional increase in the consumption
of Tobacco. This must be attributed alone, I imagine,
to the smuggling which the combined causes of
the high price and inferiority of the article
supplied by Government cannot fail
to produce, and which no preventive
measure can efficiently check. It remains
to be tried what can be effected by the
improvement in the system of supply now
recommended.

7. I do not think that any loss to

Price paid for the Tobacco — 1000 Candies — 33,000
Duty on exportation — 29,000
Rupees 62,000

to Government is to be anticipated from the
adoption of this plan, but confidently expect that
the 62,000 Rupees now received from Cochin and
Travancore on account of Tobacco, will be am-
ply realized from a large increase of sale in
Malabar: 360 Candies, sold at the monopoly price
of 175 Rupees per Candy, are more than equivalent,
it must be remembered, to 1000 Candies sold at
the wholesale price (33 Rupees per Candy) with
the export duty in addition — while from —
to 8,000 Rupees may, at the lowest estimate,
be obtained for the 500 Candies of inferior
Tobacco, which, I calculate, will remain when
Malabar is supplied.

8. I have no doubt that the
Travancore and Cochin Governments will not
be pleased with this proposition. They will
prefer the present easy, and to them, profitable
arrangement. But their interests cannot, I think,
be suffered to interfere with those of the Company's
own subjects, and, as a necessary sequel, with
those of the Company itself. The inconvenience
they

+ These States have a monopoly very similar to ours, and the Tobacco which they receive at 33 Rupees they likewise retail at a very increased price.

ORIGINAL DESTROYED

they will feel need be only of a partial and temporary nature. To say nothing of their being easily able to get supplies of Tobacco from the Northern Districts from Tinnevelly and Ceylon I have reason to know that much Tobacco might, with due care, be grown in the Countries of Cochin and Travancore themselves. These States would have also, so long as they pleased, the power of buying any part of the inferior 500 Candies of Coimbatore Tobacco which would be rejected for Malabar use at a very reduced price to what they pay at present, and inferior as it is, yet so not being absolutely unconsumeable, they would no doubt make use of it for some time at least as a partial ingredient in their monopoly. Some moderate period should, of Course, be allowed them to prepare for the change

Large quantities are already imported from the two last named Countries by the Travancore Sircar, but the supply is far from being exhausted.

9 "The great desideratum - "the better article" - being thus provided for, it remains to be considered how far it is desirable that the article be retailed at a more moderate Cost. This appears to me to be a point on which the Board

will derive little advantage from my individual opinion, but I may observe, trite as the observation is, that a decrease of price in an article of Considerable use leads to a larger Consumption, and, (unless the decrease is injudiciously great), Causes no loss, at least, to the revenue, while much advantage is gained by the Public. I see no reason why the Tobacco monopoly should form an exception to this general rule. It would, at all events, I think, be worth the trial whether it does or not, and I would propose therefore that the retail price be lowered from 175 Rupees per candy the present rate, to 157½.

10 "The Monopoly price has varied at different times from 157½ to 210 Rupees, according to circumstances. The present rate (Rupees 175) was fixed in Mr. Vaughan's time* Fusly 1232 A.D. 1822/23 being an increase on what was then levied of 17½ Rupees. The reason assigned for this increase was the higher** wholesale price which it was found necessary to pay for the Tobacco

* See Pt. of Letter to the Board dated 26th January and the Board's answer of the 1st April 1822.

** 56 Rupees per Candy whereas the purchase price of the previous year was 43½ Rs. The rate now paid is only 33 Rupees.

The

+ See Para 38 of the Board's Proceedings dated the 29th June 1826,

11 The Board so far back as 1826+ appear to have resolved to recommend that the price be reduced to 140 Rupees per Candy. They argued that even should the Revenue sustain a loss by this measure, a result which however they did not anticipate, it would be a cheap price to pay for the diminution of existing crime, caused by the high selling rates and consequent struggle to evade them by smuggling &c. &c. The Board may perhaps be disposed to take the same liberal view of the case as was done by their Predecessors, but should this not be deemed expedient at present, they will, I hope, support

support the smaller deduction which I have proposed with the view of not embarrassing the question by the suggestion of too great a change.

12. The reduction might be made as an experiment and liable to modification at the lapse of one or two years as seemed fit.— This arrangement might affect the result calculated on in para 7 on the assumption of the price remaining at its present standard, but the difference, it may be reasonably expected, would be made up by the still increased consumption which a diminution of price added to a superiority of article would doubtless cause.

(60)

To The Secretary to the
Board of Revenue
Sir, Fort St. George.

From the Collr. of Madras. — Submitting Statements of the settlement and Collection of the Land Revenue of the Madras Collectorate for Fasly 1250.

Para. I have the honor to transmit herewith, for submission to the Board of Revenue, the Statements, A to G of the settlement and Collection of the Land Revenue of the Madras Collectorate for Fasly 1250.—

Demand of Current Revenue —

Fasly 1249.	Rupees	62,572-15-5.
1250 — " —		62,255-10-8.
Decrease —		317-4-9.

2. Statement A. having reference to the Current Revenue, exhibits a Decrease in the demand to the amount of Rupees 317-4-9. The particulars in Statements B and C shew that this Decrease is the amount of Assessment on certain uncultivated lands brought under the plough in 1249. but which, from their not having yielded sufficient produce, were left uncultivated in 1250. and on which therefore the issue of bills was discontinued.—

Collections of the Current Land Revenue —

Fasly 1249.	Rupees	5,831-1-4.
1250 — " —		5,573-10-8.
Decrease —		257-6-8.

3. The Decrease in the collections of the Current Revenue is Rupees 257-6-8. owing to the falls of rain

in

in the past year not having been so regular as to have enabled the Owners of paddy fields to make timely preparations for their cultivation, whereby this office was deprived of the means of recovering under this head, a revenue equal to that of 1249.-

Sale of Land.

Fasly 1249 - Rupees 193.-14-11
1250. — " — 117-8-"
Decrease — 76.-6-"

*Date of Govt. sanction for sale in 1250.
23d October 1840.

4 In the proceeds from the sale of land effected under the necessary authority, there is a Decrease of Rupees 76-6-" which does not call for any particular remark.-

5. Statement E. shews that the current demands on Houses and Garden Houses occupied, and Paddy fields in a state of productiveness, was Rupees 52,534-7-9 of which Rupees 47,381-1-8. were recovered within the Fusly leaving a balance outstanding at its close of Rs. 5,153-6-1. This could not have been collected within the Fusly. partly from the causes explained in Para 3 above, and partly from the reduced circumstances of the Defaulters, on whose case no

47,381-1-8.	
5,152-6-1	

warrant of distraint could not have been successful. The Conicopillies were in consequence required to collect the amount of arrears from such tenants and proprietors as were more capable of discharging the same. It will be observed that the recovery of arrears under the two heads above mentioned amounts to Rupees 2,892-11-10. The aggregate amount collected of both current and arrears, is Rupees 50,273-2-6, falling short of the total demand for the year under review by Rupees 2,261-5-3.

6 Of the Current Demand, Rupees 2,357-5-8 assessed on Houses and Garden Houses remaining unoccupied, and on Gardens and Paddy fields in a state of only partial productiveness, Rupees 23-4-7. have been recovered, and the balance at the close of the Fusly was Rupees 2,334-1-1. The Collection under the head of Arrears was only Rupees 5-6-" as regards property of the description above referred to. it is proper to observe that, whenever

direct

1735-11-1.

23.-4-7.	
2,334-1-1.	

direct application for payment to found to be ineffectual, it is customary to issue a warrant of distraint, where distraint is likely to be of any use.

7 No Bills for waste lands were made out in the year under review. With reference to Para 7 of my report of date the 3d October 1840, and to Paras 11/12 and 13 of the Board's Proceedings dated 22d July last, I beg leave to bring to their notice that 82 applications for the reduction of Quit Rent on similar lands have been made by the owners as they are all under enquiry, the next year's report of the settlement will be accompanied by a statement shewing the extent of any reduction which this Officer may consider it expedient to allow, subject to confirmation or otherwise by superior Authority.

8 Of the demand on account of Ground rent, Rupees 7,153-13-3. the Collections amount to Rupees 4,064-10-3. and the balance remaining unpaid at the termination of the year was Rupees 3,089-3-a. The recoveries of arrears

7,153-13-3.
4,064-10-3.
3,089-2-a

360-15-3.
3-6-5.
854-5-8.
4,918.-15-11.
2,234-13-4

amount to Rupees 854-5-8. and the aggregate of both the Current Revenue and arrears is Rupees 4,918-15-11. falling short of the Current demand by Rupees 2,234-13-4.

62,255-10-8
51,573-10-8
92-15-11
51,666-10-7
10,589-a-1.
3,125-9-9
766-2-9.
3,891.-12-6.
51,573.-10-8.
55,465.-7-2

9 This of the whole demand, Rupees 62,255-10-8. of the Current revenue, Rupees 51,573-10-8. were collected, and Rupees 92-15-11. remitted under due authority, within the year, leaving at its close, an outstanding balance of Rupees 10,589-a-1. but, adding the recoveries of arrears, Rupees 3,891-12-6. to the Collection of the Current Revenue, the total is raised to Rupees 55,465-7-2.

Houses unoccupied Rupees 1754-3-7.
Paddy fields uncultivated 579-13-6.
2334-1-1.

10 It will be observed that a considerable portion of the balance of Current Revenue Rupees 2,334-1-1. is composed of items not recoverable immediately, some perhaps never.

Collection of arrears.
Fasly 1249. Rupees 3438-5-6.
1250-a 3,891-12-6.
Increase 403-7-a

11 In the collection of arrears in Fasly 1250. compared with that of the previous

year

Summabundy

Total of Current Revenue and arrears exclusively of the proceeds from the sale of land. Fusly 1249. Rupees 55,319-6-10.
1250 — 55,465-7-2
Increase — 146-0-4

year as per Statement C. there is an Increase of Rupees 403-7-0. The total Amount collected in 1250 of both the Current Revenue and arrears, Rupees 55465-7-2 exceeds the total Collection of Fusly 1249. by Rupees 146-0-4. In making this Comparison, the proceeds from the sale of land are excluded, the particulars thereof being referred to in Para 4 above.

12

Statement D. shews that the extent of land cultivated in 1250 was Cs. 1,968-20-1286 yielding a revenue of Rupees 9,909-4-9 of which Rupees 9,232-0-11. form part of the current Demand. The average collection is Rupees 8 per Cawney. The revenue of Fusly 1249 was Rupees 9,849-14-8 Cs. 1,962-14-937 giving a similar average, Rupees 8 per Cawney.

13

The following Abstract shews the various sources from which the Land Revenue of Fusly 1249

and 1250 respectively was realized.—

	1249.	1250.
Shotrums	161 " "	244 10 2
Quit Rent on Houses and Garden Houses occupied	4,316. 3 7.	4,307 13 2
Do. Do. unoccupied	10. 9 8.	28. 10 7.
Garden and Paddy fields cultivated	9,849 14 8.	9,965. 8 4.
Do. Do. uncultivated	" " " " " "	
waste lands	" " " " " "	
Ground rent	4,981. 10 11.	4,918. 15 11.
	55,319. 6 10.	55,465. 7 2.
Fusly 1249.	55,319. 6 10.	
Increase	146. " 4.	
Deduct decrease in the sale of land	76 6 "	
Net Increase	69. 10 4	

14

The total demand of Current revenue and arrears at the Commencement of the Fusly was Rupees 14,713.94-6-8. of which Rupees 55,465-7-2. being collected, and Rupees 813-13-3. remitted under due sanction, the residue is Rupees 9,415-2-3. This includes the arrears on wet and uncultivated lands Cs. amounting to Rupees 62,785-2-11.

83

14898 Fort St. George 28th October 1841.

Ryots of your District,
complaining of the impo-
position of an Instrupha
tax above the usual rate,
and with reference to the Board's
Endorsement of the 16th September
last on Petition No. 1538 of 1841,
request you will have the good-
ness to report thereon without
further delay.

Revenue Board Office,
Fort St. George,
28th October 1841. } (Signed) P. B. Smollett.
Secretary.

Resolved

Fort St. George 28th October 1841.

Resolved that the following Proceedings be despatched.

Proceedings.

(84)

An amended Statement of Demand, Collection and Balance for the Southern Division of Arcot from the 1st to the 11th July 1841. having been furnished by Mr. Hallett, the original Statement is ordered to be returned.

Resolved that the following letter be dispatched.

(85)

To The Principal Collector of Tanjore.

Sir,

To the Dy. Collector of Tanjore - - - } Parl. On reference to the printed Statement marked C. which accompanied your Report on the Extra Sources of Revenue for Fasly 1250, it is observed that under the head of Charges for Fasly 1249

Calling for explanation regarding certain items of charges entered in the Statement which accompanied his report on the Extra Sources of revenue for Fasly 1250.

25th Septr. 1841. Fort St. George Cons. Vol. 28th Octr. 1841.

Land Customs - - 10,829-4-10.
Sea Customs - - - 108-10-10.

the sums noted in the Margin are entered as drawbacks paid in the Land and Sea Customs Departments.

Enclosure 2 in Sir H. Montgomerie's report dated 15th in Cons. 28th September 1841.

whereas in the accounts for that Fasly stated by the late acting Dy. Collector

Fort St. George 28th October 1841.

there are no such entries, the Board therefore request explanation regarding the cause of this omission. If as it is supposed, the Charges of Drawbacks for Fasly 1249 was paid in Fasly 1250. the disbursement should be entered in the accounts of the latter year with a note explanatory of the fact.

2

Charges as per accounts for Fasly 1249 furnished by the late acting Dy. Collector. } 268-8-5.
Do. as per accounts for Fasly 1249 furnished by Mr. Flinders ley - - - } 946-7-2.
Difference - 677-14-9.

The same remarks are applicable to the Charges under the Head of Moturpha as noted in the Margin.

The difference noticed appears to be on account of refunds of Moturpha Revenue.

3

The Board further observe on reference to the Statement B submitted by you, that the Sum of Rupees 55-14-11. balance under the head of Sundry Small Farms and Licenses for Fasly 1248. is therein entered as having been collected in Fasly 1250. whereas in the accounts of the

* Statement B.

the

Fort St. George 28th October 1841.

the previous Fusly 1249. this sum is sta
=ted to have been written off under the
In Cons. 1st Augt. 1840. sanction of Government dated 6th August
1840. This error should be rectified.

Statements B and C. The Statements referred to
are returned for correction.

Revenue Board Office,
Fort St. George,
28th October 1841. } Signed S. B. Smollett.
Secretary.

To The Accountant General.

Sir,

To the Accountant General. } I am directed by the Boa
of Revenue to transmit the accompanying
(86) Statement of actual charges amounting to
Rupees 173-15-3- incurred in conveying Boom
=nahs &c. to different Collectors in last
year and duly passed by the Civil Auditor.
The Balance of Rupees 26 has not
been paid into the General Treasury, and the
Bird's receipt is herewith transmitted.

Revenue Board Office,
Fort St. George,
29th October 1841. } Signed by S. B. Smollett.
Secretary.
Received.

Summabundy

Total of Current Revenue and arrears exclusively of the proceeds from the sale of land. Fusly 1249. Rupees 55,319-6-10.
1250 — 55,465-7-2
Increase — 146-0-4

year as per Statement C. there is an Increase of Rupees 403-7-0. The total Amount collected in 1250 of both the Current Revenue and arrears, Rupees 55465-7-2 exceeds the total Collection of Fusly 1249. by Rupees 146-0-4. In making this Comparison, the proceeds from the sale of land are excluded, the particulars thereof being referred to in Para 4 above.

12

Statement D. shews that the extent of land cultivated in 1250 was Cs. 1,968-20-1286 yielding a revenue of Rupees 9,909-4-9 of which Rupees 9,232-0-11. form part of the current Demand. The average collection is Rupees 8 per Cawney. The revenue of Fusly 1249 was Rupees 9,849-14-8 Cs. 1,962-14-937 giving a similar average, Rupees 8 per Cawney.

13

The following Abstract shews the various sources from which the Land Revenue of Fusly 1249

and 1250 respectively was realized.—

58. The above decrease of Cowle bearing a fixed Peishwah of Rupees 2790—9—9 con-

Comp. Z. R.

a Summa Jeroy of Rupees 7,880-14-10 This decrease may I think be attributed to the order disallowing Cowle on lands under 5 Years Bunjer and the caution the Tahseldars received to limit the Cowle Cultivation as far as practicable. The subject of Cowle in Salem will form the subject of a separate Report when the revised Rules are forwarded as required by the Board. I would merely at present reiterate my fears that if any hasty measure be adopted to limit in any great degree the present practice, the Government must expect a very considerable falling off of revenue.

59. The Remark made by the Board in Para 13 of their Proceedings on the Settlement of Fusly 1248 that a Ryot relinquishing his Putent was allowed to retain his Cowle is a Mistake. In the Accounts of the Wuntoor Village entered in their Proceedings the full assessment has been taken from the Cowle land in consequence

57. On the above items it does not seem necessary to remark with the exception of that shewing the quantity of land newly taken up on Cowle during the past season which appears on the item of increase to be Acres 18734-1-5 assessed at Rupees 3324-1-9 and bearing a Summa Settlement of Rupees 7590-10-1 For the purpose of comparing the present years newly taken up Cowle lands with the last I forward a separate Statement marked A, from which it will be seen that the extent of newly appropriated lands on Cowle during this year is much below that of the previous season, the cultivation on the different patels is as follows.—

	Fusly 1249			Fusly 1250			Decrease

	33020	3	5	18734	1	5	14285		

58. The above Increase bearing a fixed Peishcash of Rupees 2729-9-7

Cont. P. R.

a Summa Jeroy of Rupees 7,880-14-10 This decrease may I think be attributed to the order disallowing Cowle on lands under 5 Years bunjer and the caution the Tahseldars received to limit the Cowle Cultivation as far as practicable. The subject of Cowle in Salem will form the subject of a separate Report when the revised Rules are forwarded as required by the Board. I would merely at present reiterate my fears that if any hasty measure be adopted to limit in any great degree the present practice, the Government must expect a very considerable falling off of revenue. The Remark made by the Board in Para 15 of their Proceedings on the Settlement of Fusly 1248 that a Ryot relinquishing his patent was allowed to retain his Cowle is a Mistake. In the Accounts of the Kuntoor Village entered in their Proceedings, the full assessment has been taken from the Cowle land in consequence

Consequence of the relinquishment of a
putcut - this is in conformity to Para 2 of the
Cowlenamah, the practice of allowing the
free enjoyment of the Cowle although the
putcut lands were relinquished obtained
previous to the formation of the Cowlena:
=mah in Fusly 1243. but since then I have
not known an instance. the averages
cannot therefore be at present affected
by this practice. I think the rates of the
Cowlenamah as formed for Salem, are
not so much the cause of the great
esctension of that species of Cultivation
as the provision entered in Para 17 of the
Cowlenamah which permits the Karkoon
Curnums and Monigars of the Villages
to give written permission to the Ryots
to cultivate on Cowle, and only directs
that the Ryots should get this permission
exchanged for a regular Teoloochittoo
from the Tahsildar previous to the
Settlement - In such an arrangment
it is clear that the power to check is
entirely removed from the Collector

for after cultivation has been made on
the permission as above stated, the Tah:
=sildar can scarcely refuse his consent -
and the Collector at the Settlement when
he finds the provisions of his Cowlenamah
to have been observed unless there be some:
=thing very much at variance with
usual practice must Confirm the
Agreement - There is no reason why a
Ryot should not take his original
permission from the Tahsildar, the
hindrance this might be to cultivation
which idea only could have induced the
entry of the Para abovementioned into
the Cowlenamah is not worth Con:
=sideration, for if a Ryot wants to
esctend his cultivation he does not
usually do it in such haste as to prevent
him going to the Cusbah and taking
the orders of the Revenue Authority who
has then the Means of scrutenizing
the necessity for granting and through
him the Collector of regulating
the Cowle cultivation. The orders
of the Government lately received did
not

not come to hand in time to allow of a revised Cowlenamah being issued for fusly 1251; but in Conformity thereto the Cultivation Hookoonnamah on the subject of Cowle was issued as similar to the Provisions of that obtaining in Coimbatore as Circumstances seemed to permit. I anticipate a considerable Reduction in the Cowle cultivation of Fusly 1251 below that of the present year, but whilst thus acting in Conformity to instructions I cannot resist recording my opinion to the Board that I am carrying into effect a measure for the reduction of the Revenue.

59. The quantity of lands held on the Cowle formerly granted by Mr. Cockburn shows in the present year's net decrease on those of the last Fusly of Acres 697-8-3- settled at Rupees 815-9-11- as particularized below.

	Land Acres	⅌	⅄	Jumma Teerwa Rs	a	℘

Net Decrease	697 8 3	118 4 5 2	81 5 9 11

From

60. From the above the gross increase appears on 3/4 Cowle lands to be Rupees 24-5-11 of which Rupees 14-3-- was realized on lands submerged in last Fusly now under Cultivation, and Rupees 10-2-11- on lands appropriated by other Ryots after the death of the original holder and now paying the full assessment.

61. The gross decrease is Rupees 839-15-10 from lands relinquished on account of death, poverty or desertion of the holders - from transfer to increased assessment, and from lands taken up by other ryots on their relinquishment by the Cowledars.

62. I would now solicit the Boards attention to a few remarks on the observations made by them in their Proceedings on the Report for Fusly 1241 on the subject of the freedom of Cultivation allowed to the Salem ryots - The same freedom as now exists was not, as the Board observe the consequence of the orders

orders of the late Principal Collector as explained in his report of the 30th Fusly, but prior to that, the freedom to take up and relinquish lands had been greater than was afterwards allowed by the Hookoomnamah subsequently issued by Mr. Lockburn's Hookoomnamah, a ryot was allowed to hold Cowle although he relinquished his puttcut a general permission was given to the Tahsildars to subdivide fields above 10 Acres, and a ryot relinquishing his puttcut if he took new lands either more or less than those relinquished if cultivated they were to be brought to Account, if hunger remitted, there could scarcely be greater freedom than this - Mr. Orr prevented the enjoyment of Cowle, if puttcut was relinquished assessed lands are now never divided except on special report and sanction from the Collector and

and there is a specified time within which a Ryot must relinquish his land in order that it may be available for cultivation by another - The observation of the Board that under the present system lands naturally connected = each other will be dissevered and the rejected portion rendered useless to any one else does not in practice exist. for there is a provision in the Kookoom= =namah Para 1 which prevents this - The idea which the Government have adopted as stated in Para 11 of the Minutes of Consultation that portions of fields Minute pateches of unassessed land- of places which may impede irrigation or right of way are given for Cultiva= =tion in Salem does not now obtain =

The first was prevented by the Koo= =koomnamah of fusly 1243, to remedy the second, orders were issued by me, spec= =ifying what portion of newly taken up Anaudy Cuniger was the minimum to

to be granted as reported to the Board in Para 32 of the report on the Settle= =ment of fusly 1248. the other two objec= =tions are also provided for in the Kookoomnamah now exciting -

63. Referring to the instruc= =tions of the Board that my attention should be directed to the rules for cultivation promulgated in the Bellary District in Fusly 1234 in order that I may prepare and submit a modification of the Kookoomnamah of this District with reference thereto I beg to state, that having received a copy of the aforesaid rules from the Bellary Collector, I find nothing in them which is applicable to this District which we have not already in operation the rules for the cultivation of Enam lands at the same time with puttcul= which obtains there is not required in Salem, for in Bellary the Enam lands are a large proportion of the Ayacut and a particular provision therefore necessary

necessary to prevent the withdrawal of the whole labor from the Circarlands. Other reasons also exist which it appears to me might be sufficient cause for not assimilating the two Districts. The District of Bellary has a comparatively much more wealthy population and the holdings are very much larger than at Salem, so that if it were the intention to make a ryot give up an equal portions of profitable and unprofitable lands, the Bellary ryots would still have a sufficient employment for his capital and stock if the same rule was to be enforced on some of the numerous holders under 10 Rupees who cultivate in Salem they would be left without land. There is another difficulty in this District in Bellary the lands are all in classes, and if a Ryot wishes to give up a part of his 3d class land, he may be called

called on to relinquish a portion of his 2d and 1st also, for although the higher classes may not be actually more profitable, still they are rated superior which may be sufficient to carry out the rule. In Salem we have no such classification of land, and if the Ryot was called on to relinquish equal portions of good and bad land, there is no one to point them out and the rule would be a source of constant dispute and disagreement both with the authorities and with the Villagers themselves. The Salem District is gradually progressing since the depression of Fusly 1242 as may be seen in the marginal nate, the present years' beriz. Moturpha inclusive is Rupees 36,804 above the averge of 40 years from fusly 1210. It would appear therefore, that no loss has been

been occasioned by the Cultivation & rules and taking into consideration the regular realization of the revenues as will be observed on reference to the Collections of the previous years, I am in hopes, that the Government will not direct too much interference with the cultivator in his attempts to find out the most profitable mode of employing his labor. Did the District suffer loss, I would not offer a remark, but having a poor population and a very extensive space of waste land lying useless I think it best not to interfere too much in preventing them from following out their own interest in their own way. There is no fear of any little profits they may obtain being directed from the land, they will all return to Government through the means of increased Cultivation, and as the practice of calling on the Ryot to give up equal portions of his good and bad lands has

been never obtained in Salem, I am in hopes that it will not be introduced at this time, when to all appearance the District is steadily advancing to prosperity.

64. In Para 12 of the Extract from the Minutes of Consultation under date 13th March 1841 the Governor in Council desires an explanation of the cause for the decrease in the present demand of the lapsed Mootahs as compared with the Beriz which was permanently fixed at the time of Settlement.

65. The table entered in the Boards' Proceedings showing this decrease is in a slight degree erroneous, as in excluding the Moturpha from the present beriz which was included in that of the permanent Settlement, the real decrease of the Settlement of Fusly 1249 as well as the present is shewn in Statement marked B. which accompanies and

Fort St. George 28th October 1841.

and exhibits the decreased percentage in the different Talooks as under.

Tripatore	1 10 5	9. 15 2

66. For this reduction in so many of the Talooks there may have been particular local reasons now unknown, those of which I have been acquainted will be after specified, but I shall first of all bring to the Board's

Fort St. George 28th October 1841.

Board's notice the general circumstances which I think may have operated in producing the reduction in the collections adverted to.

67 In the first place, it must be recollected, that when the assessment was formed in the Salem District in Fusly 1207 /A.D 1797/ the Country had been for some time engaged in war, that all its Garrisons were occupied with troops, and constant supplies of grain required for employed Armies - the consequence of this demand being high prices on which the rates were taken for the purpose of assessing the lands, whilst these prices lasted, the ryot could possibly carry on his cultivation with profit when any Material decrease in these war prices took place, the consequence, was a reduced value in the more highly assessed lands, and no doubt a decreased cultivation thereon - In order to shew the Board that this state of things has

exciste

Fort St. George 28th October 1841.

escisted I forward a Statement marked C Shewing the prices of the different grains from Fusly 1202 to 1206 and the same from Fusly 1245 to Fusly 1250 the averages are as under-

		average from Fusly 1202 to 1206	Average from Fusly 1245 to 1250	Decrease Fs. As.

Anamooloo		156	116 9 "	33 10 "

68. Thus in all the most useful and estensively cultivated grains appears a reduction of value to the estent of one third which is one of the most

Fort St. George 28th October 1841.

most apparent and satisfactory reasons I have been able to find for the relinquishment of the higher assessed lands and consequent reduction in the beriz—

69. Another cause which may have tended to reduce the beriz is the subdivision of the Mootahs. In Making Sub Divisions and transfers of their Estates, as the proprietors have the option of giving away any Village they please, they of course retain those which are most profitable. If the Accounts on which they formed the Sub Divisions had been unobjectionable, there would not be any reason for Noticing this, as the more profitable Villages would bear the greater share of circar demand, but as this is not the case, as the accounts from which the Sub divisions have been chiefly made were not the original accounts of

of the Village, but accounts given by the Mootahdars to the Curnums when such were required, the probability under such Management is that the less valuable portions of the divided Estate, when assessed beyond their value, were relinquished, and the more valuable retained with a reduced demand. The Accounts of the Pootoor Mootah which I lately forwarded to the Board forms an example of this mode of proceeding, and if such Accounts are now produced, when they are so much more narrowly inspected, and a ten years average required, how much more likely to have been so formerly when the accounts of three years were deemed sufficient, and even these much less attended to-

70. The Number of Mootahs originally formed in this District was 206. of which the Number undivided being 133. there remains of the original No. 73

in which Sub divisions have taken place. Thise 72 at present Number 191 Sub Divisions, of which 115 have reverted to Government and only 76 remain in the hands of the proprietors - of the amount decrease in the present year Rupees 51,145 - 15 - 8. the Sum of Rupees 37,244 - 1 - 3 remains on these relinquished Sub Divisions, which on the settled Beriz Rupees 4,19,803 - 5 - 3. is a decrease of Rupees 8 - 14 - . 4 cent. The beriz on the relinquished undivided Mootahs being Rupees 7,42,037 - 15 - 1. and the decrease of the present years demand Rupees 13,901 - 14 - 5. eschibits only a loss of Rupees 1 - 14 - . per cent. which goes to corroborate the above remarks-

71 In comparing the beriz of Fusly 1248. with the permanent assessment, it should not be overlooked that the district has not quite recovered the injury done by the

the famine of fusly 1242. up to the present time its beriz has been gradually on the increase, and in this year, is only Rupees 51,145–15–8. below the permanent demand, instead of Rupees 1,25,726–6–5. as in fusly 1248. Should the present fair prospects for fusly 1251. continue, I have hopes that even this deficiency, or a great part of it, will disappear– The great decrease in the Shenkiery droog Talook is attributable to the loss of cultivators during the famine, and a continuation of unfavorable seasons has prevented it more than other Talooks from so rapidly recovering– In fusly 1241, its beriz was Rupees 84,441–7–3 and in Fusly 1243 Rupees 49,958–4–1.

72. In Peramutty and Nadicut a reduction of Assessment was granted by Mr. Hargrave on the Cauvary lands amounting to Rupees 1,00,1–11–10 in the former, and Rupees 3,378–5– this also tends to decrease the present

present collections.

73. Although much has been said on the rates of assessment in the Ahtoor Talook, and the Board consider them fair, when compared with those obtaining in the Neighbouring District, I think there can be little doubt that the permanent assessment as fixed on that Talook was excessive. In Ahtoor there were originally 15 Mootahs and 5 subsequent Divisions, making in all 20 proprietary Estates– In fusly 1212 and 1213– these Mootahs were given as early as fusly 1216– they began to revert to Government, and by fusly 1229 they were all under Circar Management, had the terms on which they were given been fair, this could not have taken place, their proprietors were the best judges of their value, and the circumstances of their early relinquishment, the best proof of their high assessment–

These

74. These are, as far as I am aware, the only apparent causes for the decreased present demand compared with that permanently settled, there may be others of a local nature of which I am not aware, they must however I should think be of small moment with tolerably favorable seasons, ready market for produce and not too much interference with the Ryots in their freedum of Cultivation - I think it would require no long time to bring back the District to its whole Standard - The Salem Ryots are generally poor however, and require assistance In fusly 1250 the holdings were as under -

Extra Revenue							
Grand Total of Land and Extra Revenue	20,74,490. 6 3.	21,02,965. 4	28,477. 11 2	20,68,679. 10 1.	7,536. 5 "	20,76,215. 15 1.	26,752 2 4

1 4 4 per Cent.

77. From the above the increase on all items during the present year appears Rupees 28,477—11—2. and the balance outstanding at the end of august 26,752—2—4. this large balance chiefly rests on the permanently Settled portion of the District, and is which has been very considerably reduced since the statement was framed by the collection of Rupees 18,888—3— on account of land Revenue. Rupees 71— on account of small farms, and Rupees 4—8—" on account of Moturpha making a total of Rupees 18,963—11—3— and leaving an outstanding balance of Rupees 7,788—7—1— of which Rupees 2,595—12—8— are on permanently assessed lands, and will be realized on the 20th instant

Rupees 5,100—11—11— on the summary lands

lands of which about Rupees 4000 are recoverable and Rupees 91—14—6— remains on the Moturpha, Rupees 23— of which may eventually come to hand— I trust this outturn of the season may be satisfactory to the Board, and to the Government

78 In compliance with the instructions contained in Para 20. of the Minutes of Consultation dated 13th March 1841. I have the honor to report that the acting Sub Collector Mr. Elliot held charge during the Fusly of the Revenue duties in the Sub Division. I have had no satisfaction in having

Mr.

Read the following Extract

From the Actg Chief Sect.y to Government

Extract from the Minutes of Consultation in the Public Department Dated 30th April 1839.

Read the following letter from the Secretary to the Indian Iron and Steel Company

(2)

Under circumstances stated soliciting the further indulgence of Government to continue the advances of 60 Rupees or £6 per Ton upon Pig Iron shipped for England, for which Bills will be drawn on Messrs Fletcher Alexander and Co.a in favor of the Honorable the Court of Directors.

(Here enter 25th April 1839. No 408)

The Right Honorable the Governor in Council observes that a long time must elapse before the stock of Iron upon which advances have already been made can be shipped to London and that a considerable delay must be expected in the adjustment of any further advances that may

Fort St George 28th October 1841

be made but as it does not appear that the Government will be involved in any risk by the measure, while the interests of the Indian Iron and Steel Company will be materially promoted thereby His Lordship authorizes the Principal Collector of South Arcot to continue to advance 60 Rupees per Ton upon Pig Iron the produce of one furnace pending the orders of the Honorable Court upon the references made to them on the subject of these advances in the despatches, under date the 24th April and 29th November 1838. The Principal Collector is also authorized

Fort St. George 28th October 1841

authorized to advance at the same rate on the stock of Iron which may have accumulated since the 19th Ultimo when the last advances terminated

2 It is to be understood that bills are to be granted on Messrs. Fletcher Alexand and Co. under the usual conditions, on account of the advances now sanctioned, and that the Iron is to be shipped before any on which advances have not been obtained from the Government

To

The Chief Secretary to the Government of Fort St. George

Sir,

From the Asst. Secy. to Government. } I have the honor to request that the accompanying report upon the manufacture of Salt in South India may be laid before His Lordship the Right Honorable the Governor in Council.-

(11)

I have but little acquaintance with the Salt manufacture of India as a branch of Revenue, nor through whom nor by whom the manufacture is carried on, but I hope that His Lordship may think that some of the suggestions upon the subject are not unworthy of being laid before him.-

Vayacottah 7 September 1841

I have the honor to be Sir Your most obedient Servant (Signed) J. Campbell Capt. Asst. Surveyor Genl.

True Copy.

Fort St. George 28th October 1841—

Report upon the manufacture of Salt in South India, by

Captain J. Campbell, Asst. Surveyor Genl.—

1— In the 6th number of the Calcutta Journal of Natural History D. McClelland in a paper upon the "Manufacture of Salt in India" quotes the following from the Philosophical transaction for 1810, page 105, by Dr. Henry—

"That kind of Salt which
"possesses most eminently the combined proper-
"ties of hardness, compactness and perfection of
"Crystals, will be best adapted to packing
"fish and other provisions, because it will
"remain permanently between the different
"layers, or will be very gradually dissolved
"by the fluids that exude from the provisions
"thus furnishing a slow but constant supply
"of Saturated brine. On the other hand, for
"the purpose of preparing pickle, or of stuk
-ing the meat, which is done by immersion in
"a Saturated Solution of Salt, the smaller
grained

Fort St. George 28th October 1841—

"grained varities answer equally well, or even
"better, on account of their greater solubility."

2— Dr McClelland then remarks—

"In consequence of the Northern Situation
"of the British Islands, the whole of the
"Salt there manufactured is necessarily
"made by boiling or evaporation by
"artificial heat, and the rapidity with
"which the liquor is concentrated by this means,
"and the low temperature of the climate, the
"Crystals are rapidly formed, hence the Salt
"itself is generally fine grained. In consequence
"of the latter peculiarity a preference has long
"been given to what is called Foreign
"Bay Salt, for the purpose of caring provi-
-sions. The Foreign Bay Salt is produced
"from Sea water in the Southern parts
"of Europe, by Solar evaporation, or by means
"of Sun and Air, in small pits to which it
"is confined, and in consequence of the
"Slowness and uniformity of the process by
"which is formed the Crystals are large, and
hence

equally soluble in Cold as in hot water, the deposition of the crystals which fall is necessarily rapid, and their size in consequence very minute or granular, while the size of the crystals can sufficiently be enlarged for packing purposes.

3. Assuming that Dr McClelland is correct in his remarks regarding the magnitude of the foreign Salt trade, and the manufacture in India. It must be a Subject of great interest to the Government of this country to provide for the "Great Sums of money" being paid to India instead of "foreign nations" and also to increase the export trade from India to England to the utmost extent possible.—

4. It must be taken for granted that if fine and valuable Salt can be produced from Sea Water in Europe, that

where its impurities subside, and it is then exposed in shallow cisterns only a few inches in depth, where the crystals of Salt are formed, and are raked out by the workmen, after which it is allowed to drain in baskets, when the deliquescent Muriate, of Magnesia and the qualities and impurities added to the kinds of Salt which are made in which may be all easily traced to mode of manufacture, it will be Sufficient to consider the mode of operation employed in Europe and in India.—

6. In England and in the Northern parts of Europe, where the temperature is low and the air nearly Saturated with moisture by frequent falls of rain, the only means of producing evaporation of the water of the Sea, or of Brine Springs is by the application of artificial heat, and as the evaporation thus produced is of course rapid, and as Muriate of Soda is nearly equally

equally soluble in Cold as in hot water, the deposition of the crystals which fall is necessarily rapid, and their size in consequence very minute or granular, while the size of the crystals can not be increased nor crystallization effected by allowing the solution to cool gradually.

7— The only mode therefore of procuring crystals of any size of a salt of this kind is by what Chemists call "Spontaneous evaporation," that is by allowing the air to absorb the vapour of the liquid as it is gradually given off, the rapidity of which operation is increased by raising the temperature of the evaporating fluid by exposing it to the rays of the sun.—

8— The Bay salt of the South of Europe is formed by the latter process, the sea water being first allowed at high tides to run into large reservoirs, where

where its impurities subside, and it is then exposed in shallow cisterns only a few inches in depth, where the crystals of Salt are formed, and are raked out by the workmen, after which it is allowed to drain in baskets, when the deliquescent Salts, of Muriate, of Magnesia &c. &c. which adhered to the crystals run off.—

In Some parts an in Rocky

9. Countries where the extent for evaporating pans cannot be easily found the brine is concentrated in what are called "graduating houses" by exposing an extensive surface of the liquid to the air, by allowing it to trickle through piles of Faggots of wood under a light shed, which keeps off any occasional Showers of rain, and then the concentrated brine is made to deposit the Salt by evaporation in boilers.—

In

Fort St. George 28th October 1841.—

10 In India "graduation houses" would of course answer the purpose, for it is in fact the very process to which Europeans resort during the land winds to cool their houses, by the evaporation of moisture and the expense of watering the "Wet tatties," of a large mansion near the sea might be considerably lessened by concentrating Sea water instead of wasting pure water.—

11. It has been I believe proposed to use "graduation houses" in India in the manufacture of Salt, but whether they may prove economical or not may be considered a matter of doubt, until it be shown that an extensive evaporating surface can be thus produced cheaper, than the simple method of forming shallow pans upon the ground, and that the increased rapidity of evaporation will repay the expense of pumping up the brine to the top of the house twenty

or

Fort St. George 28th October 1841.—

or thirty times over.—

12. On the Eastern coast of South India, the Sea water seldom contains earthy impurities, and it is, therefore not necessary to allow it to settle, and it is at once run into the evaporating pans, which are a sort of little "paddy fields" about 12 feet Square and Six Inches deep, formed by scraping the mud into little banks. After the ground is saturated with Sea water, the water contained in them is allowed to evaporate until nearly dry and the Salt deposited is then scraped from the surface, along with much earth, and contaminated with much of the other Salts contained in Sea water, from which no attempt is made to free it by draining. By this very primitive process the Salt procured is nearly very impure and small grained, but there can be no doubt that its quality, and its value might be very much

improved

improved by very simple and not expensive alterations.—

13.— I would suggest that the sea water be first concentrated to a certain degree in the common pans as generally constructed, and that as it becomes strong that it be then further concentrated in a set of pans of much less extent formed by spreading chunam upon the surface of heat clay. When sufficiently concentrated as to be nearly saturated with Salt, it should be run into a cistern to be called the "precipitation cistern," in which the various Salts which it contains, and which would render the crystallized Muriate of Soda impure, such as Muriate of magnesia and sometimes Muriate of lime may be decomposed by adding a certain proper proportion of Carbonate of Soda (the natural cheap product of the Soda soils of South India) by which the foreign Salts will be decomposed and the resulting Carbonate of magnesia, and lime, precipitated as an insoluble sediment which will remain in the cistern. The concentrated brine thus freed from all contaminating Salts may thus be transferred to be crystallized upon a Brick and Chunam terrace, which would not require to be of any considerable extent, and on which the Solution should always be kept at least four Inches in depth instead of allowing it to become dry as in the native method, by which the crystals will be deposited of large size as the water of the Saturated Solution evaporates, and may be raked out from the bottom at Stated periods.—

14.— The modifications suggested are not beyond the comprehension and management of intelligent natives, and the State of the brine as the different periods might be readily ascertained by

14500

Fort St George 28th October 1841

by Hydrometers made for the purpose, they
=tity of Carbonate of Soda required to de=
=compose the foreign salts can also be a
=certained very readily by observing the pro
portionate quantity required to decompose
a small known quantity taken from
the Cistern.-

Read the following letter

To

The Secretary to the
Board of Revenue
Fort St. George

(17)

From the Coll.r and Agent to the Governor of Fort St. George at Vizagapatam — Sir,

Para 1 Rayah Enoogunty Seetaramiah of Bobbilly in the Zillah of Vizagapatam has forwarded to me a Petition which he presented to the Board

Reporting on the subject of 2 Petitions presented by Rayah Enoogunty Seetaramiah of Bobbilly—

14505 Fort St. George 28th October 1841

Board of Revenue praying that a deduction of half the Cuttaubady of the Ardalah Village may be made according to custom, and which bears an endorsement to the effect that with reference to Boards endorsement dated 15th April 1839 on Petition No. 422 of 1239 I should report the orders passed on the matter of the Pe=
=titioners request, I therefore beg leave to submit the following report and to return the two Petitions for the Boards disposal—

2 The Village of Ardalah is a Mocarpah in the Palcondah Zemindary assessed with a Cuttaubady of Rupees 525 It was held by Coor=
=inanadah Patroodoo an influential Dewan of the Palcondah Zemindars who as a favor were in the habit of remitting half the Cuttau=
=bady and this remission was continued dur=
=ing the almost nominal attachment of the Palcondah Zemindary—

3 In 1835 the very year in which the Palcondah Zemindary was forfeited to Government this Village was sold by the Zillah Court in satisfaction of Decrees against the above named Coormanada Patroodoo

and

Fort St. George 28th October 1841

and was purchased by the present Petitioner since the Zemindary reverted to Government the full Cuttoobady has been collected. The Petitioner acknowledges that he was aware at the time of purchase, that the Cuttoobady was Rupees 525, and his present prayer is that half the Cuttoobady may be remitted as formerly on the ground that he has appropriated the Revenue of the Village for the expenditure of a Pagoda recently built by him, or in other words that the Government will endow this Pagoda with an annual allowance of Rupees 262-8-. I informed him in the first instance that I could not recommend such a measure and having done this I did not consider any further orders on the subject necessary.

Vezagapatam District . . . . .
Bimlipatam Coll.rs Gov.t agent

Coll.r Vizgt to the Gov.t

Order thereon

(17-19)

Ordered that the following endorsement be passed on Petitions Nos. 422 of 1839 and 1302 of 1841.—

"Under the circumstances stated by the Collector of Vizagapatam in his report upon this Petition the Board consider that the Petitioner has no claim whatever to the reduction of Cuttoobady solicited by him."—

Read

JGB

Fort St. George 28th October 1841.—

Read again letter from the Collector of Rajahmundry dated 29th Ultimo, and entered in Consultation 11th Instant.—

Ordered that the following address be submitted in consequence.—

(19)

To the Acting Chief Secretary to Government

To the Actg Chief Secy to Government — Submitting a list of the Religious Institutions in the Rajahmundry District supported by Grants from Government and suggesting arrangements for the withdrawal of such control as has heretofore been exercised over the concerns of any by the Officers of Government with the Board's sentiments thereon. 29 Oct 1841

Sir,

Para 1. I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Rajahmundry, enclosing a list of the religious institutions in that District supported by Grants from Government and suggesting arrangements for the withdrawal of such control as has heretofore been exercised over the concerns of any by the Officers of Government.—

2 The list above alluded to shews the names of 16 Pagodas and one Mosque for the support of which money allowances have been granted by Government in

in lieu of Salt proffoams, varying in amount from Rupees 192-8-4 to the small sum of Rupee 1-2-6, the total amount disbursed annually being Rupees 785-13-2. with the administration of the affairs of these institutions, the servants of Government have no concern whatever, the management of them having been always in the hands of private individuals who have drawn the amount of their respective revenues from the Collector's treasury and conducted the affairs of the Pagodas at their own discretion - As regards these therefore no alteration in the existing system appears to be called for.

16 Pagodas 6-8-5-6
1 Pagoda 1-7-7-8
785-13-2

3. The only institution in the District under the direct management of the Officers of Government is the Pagoda of Streelutchmeenurayenkasawmy for the maintenance of which an allowance of Rupees 2,900-9-7 has been annually disbursed since 1799 when the said allowance was fixed by the then Collector

Collector in commutation of the proceeds of the Village of Aatavady which was attached to the Pagoda, previously to the country coming under British rule - The Collector proposed that the management of this Pagoda should be made over to Rajah Culdindy Coomara Lutchmeenurayenkapauze the Descendant of the former Zemindars of Pogalloor who has come forward and offered to conduct the affairs of it and to whose appointment to the trust there appears to be no objection.

4 In the event of this arrangement meeting with the approval of Government, the Rajah will be called upon to execute a bond binding himself to the due performance of the prescribed ceremonies and maintenance of the Buildings in repair &c. and a faithful and true administration of the funds of the Pagoda &c. and acknowledging himself amenable to the jurisdiction of the Zillah Courts in case of any alleged instance of maladministration

in lieu of Salt proposals, varying in amount from Rupees 192-8-4 to the small sum of Rupee 1-2-6, the total amount disbursed annually being Rupees 785-13-2. with the administration of the affairs of these institutions, the servants of Government have no concern whatever, the management of them having been always in the hands of private individuals who have drawn the amount of their respective revenues from the Collector's treasury and conducted the affairs of the Pagodas at their own discretion - As regards these therefore no alteration in the existing system appears to be called for.

18 Pagodas 68-5-6
1 Pagoda 107-7-8
785-13-2

3. The only institution in the District under the direct management of the Officers of Government is the Pagoda of Streelutchmeenurvinkasawmy for the maintenance of which an allowance of Rupees 2,900-9-7 has been annually disbursed since 1799 when the said allowance was fixed by the then Collector

Collector in commutation of the proceeds of the Village of Autravady which was attached to the Pagoda, previously to the country coming under British rule - The Collector proposed that the management of this Pagoda should be made over to Rajah Cultindy Coomara Lutchmeenurvinka-pauze the Descendant of the former Zemindars of Pogalloor who has come forward and offered to conduct the affairs of it and to whose appointment to the trust there appears to be no objection.

In the event of this arrangement meeting with the approval of Government, the Rajah will be called upon to execute a bond binding himself to the due performance of the prescribed ceremonies and maintenance of the Buildings in repair &c and a faithful and true administration of the funds of the Pagoda &c &c and acknowledging himself amenable to the jurisdiction of the Zillah Courts in case of any alleged instance of maladministration

4

-tration -

5 With reference to the arrangements proposed by the Collector in Para 5 for the election of trustees in the event of a vacancy in which case he suggests that Government should have a voice in the selection, the Board think that this is open to objection it being intended that the withdrawal of Government interference both as regards the disbursements of the funds and the future selection of those by whom they shall be distributed should be as complete as possible and they are of opinion therefore that if no objection is seen, the trust in this instance should be made hereditary in the family of the Rajah in whom it is now proposed to be vested -

6 A sum of Rupees 578-2-10 - is stated to be in deposit in the Collector's treasury to the credit of this Pagoda - This the Collector proposes to retain stating that he does not think that it should be made over at once but applied for as required of course, it will be wholly or in part at the disposal of the party appointed to manage the Pagoda and must be disbursed at his requisition on his assuming charge of the institution -

Read the following letter

To The Secretary to the
Board of Revenue
Fort St. George -

From the Coll[r] of Rajahmundry - - Sir,

Para 1 It appears from the Accounts of this Office that it has been the practice since 1823 not to allow a share of goods confiscated to servants dismissed from their situations although their dismissal has been subsequent to the transaction in which the goods were seized. This is the source of the complaint contained in the accompanying

20

2[d] 1011 of 1841 petition presented to the Board by Addunkey Ramachendrarow & it involves a doubt in my opinion as to whether the rule which has been observed is correct -

2 The amount laid claim to, Rupees 20-4-3 was carried to the account of Government under date 11th July 1840. under the Head of Extra revenue and if the Board are of opinion that it ought to be paid, I beg leave to request that the sanction of Government may be obtained for the disbursement

Addenkey Ramachundrarow

Most submissively beg leave

to represent that I was about 12 years ago employed by Mr. Ansley as a Huddutgaur in the Cavanacoorty Mootah in which I continued about 1 year when I was discharged in consequence of the Estate having been delivered over to the Zemindar - after which Mr. Crawley the then Collector was pleased to appoint me as a Revenue Huddutgaur of Colab Ramachundrapooram Zemindary in which I continued for about six years and was discharged when the Zemindar was lately put in possession of the Zemindary. The Present Collector Mr. Smith also was pleased when the Sayer was taken under Aumany in 1837 to appoint me as a Chowkey Goomastah of Nommedavarum Grove which after having continued about 16 months I was changed to Drachvaram chowkey

ORIGINAL DESTROYED

Chowkey where I seized six Candies of Tobacco from Nemmacayala Vencannah of Veravilly pollem who clandestinely brought it to his House without payment of duty and having reported the same to Mr. Binning the then acting Head Assistant Collector who ordered it to be sold and carried the amount to Circar account, but the share to which I am entitled for having seized Tobacco in question amounting to Rupees 20-3-" was not paid to me For some months after the above seizure was made, Chooced yellaya & 2 persons brought to me 2 parcels of Tobacco belonging to Cocan soobaroydoo of Pallam on which I levied the regulated duty and gave him a Rowanah allowing 12 days time for carrying it to Masulipatam, but on the expiration of that time the said yellaya brought the Rowanah to me and said that the said article was not carried to Masulipatam, but having been stored at Hussunbadah about one Cos distance to my Station, he requested me a Voucher for retaining the same in store, but I refused to give the Voucher to him as

ORIGINAL DESTROYED

as he did not inform immediately the cause of its detention for about 12 days, altho' it was kept within a Cos distance from my Chowky station and reported the said Circumstance to the Division Daroga who having had reasons to suspect of having clandestinely conveyed the said Tobacco to their houses two or three times upon the same Rowanah, told them that he will report it to the Collector. whereupon the said two persons conceiving dislike upon me that it was first discovered by me and fearing that their Tobacco will be confiscated, they preferred a false Complaint against me to the then acting Head Assistant Collector Mr Sutherland stating that I received from them ½ Rupee more than the regular duty when they first brought the Tobacco to me - In enquiring the above Case Mr Sutherland altho' there is no evidence to prove against me that I extorted from them half Rupee yet upon the mere depositions given by the Defendants themselves (in which there are many Contradictions) passed sentence dismissing me from my situation without

without enquiring any thing about the Rowanah upon which certain quantity of Tobacco was clandestinely conveyed to their houses at different times.

As I was not paid any share for the Tobacco which was seized by me and understanding that all the other persons who were connected in the seizure were paid their shares except myself I presented an arzee under date 30th May 1840 to the present Head Assistant Collector Mr Knox who returned it with endorsement stating that as I was dismissed from the situation I am not intitled to the share, whereupon having presented an arzee to the Collector Mr Smith on the 25th April last, he was pleased to order the amount due to me to be paid and referred my arzee to the Serishtadar to ascertain from the accounts what was due to me. The Serishtadar having enquired thro' Sayer servants found that a sum of Rupees 20-3-4 was due to me on account of my share but they having informed him that the said sum together with a large amount remaining on account of persons Unclaimed was credited in the public accounts

accounts, he informed the same to me saying that I cannot have my share paid as it was credited in the Public accounts.

I therefore most humbly beg leave to represent to your Honorable Board that I am not aware to have stated in any regulation or rules passed either by Government or by the Board of Revenue that the servants who were subsequently dismissed from their situations are not entitled to the share ordered by Government for having seized smuggled articles whilst they were holding public situations. Moreover I seized the Tobacco in question about 8 months before my dismissal was taken place. I am therefore in great hopes that your Honorable Board who are ever just and equitable will be pleased to conceive that it is quite injustice to withhold payment of the share (which is generally allowed to any person whatever who seizes smuggled articles) due to me for my exertions in seizing the Tobacco on plea that I was subsequently or after 8 months dismissed from the situation for which there was no any cause than upon mere

suppositions

suppositions of having extorted half Rupee although there are no any proofs or evidence whatever to prove the fact and humbly request your Honors to order that the amount of share due to me Vgt. Rupees 20-3-11. may be paid to me.

As I have been dismissed from my situation these two years I am suffering much trouble for my support together with my numerous family having no other means for our maintenance and earnestly request your Honors will be pleased to favor me with speedy redress. For which act of justice and benevolence I shall as in duty bound.

Ever pray.

Cocanada 11th June 1841. /signed/ [illegible]

Ordered that the following address be submitted in consequence.

To The Acting Chief Secretary to Government

To the Ag Chief Secy to Government &c.

Sir,

I am directed by the Board of Revenue to request that you will submit for the consideration and orders

20-21

No. 1011 of 1841.

From the Coll.r of Rajahmundry No. in Cons.n 28 Oct.r 1841.

orders of the Right Honorable the Governor in Council the accompanying Petition from Vaddunty Ramachendra Row formerly a Sayer Gomastah in the Rajahmundry District, together with the report of the Collector upon the same.-

2 The Petitioner solicits payment of a share in the proceeds of certain smuggled goods seized thro' his means when in employ as Sayer Headuttyar and which has, it appears, been refused on the plea that he has been dismissed from his situation tho' such dismissal took place subsequently to the transaction in which the goods were seized. Such is stated to have been the practice in the Rajahmundry District since 1823 regarding which the Collector observes that the claim now advanced has caused a doubt in his opinion as to whether the rule which has been observed is correct.

3 The Board are clearly of opinion that the rule in question is not correct and they accordingly recommend that sanction may be granted for paying to the Petitioner the share to which he is entitled, and which has been carried to the account of Government under date 11th July 1840 under the head of Extra revenue, the amount being Rupees 20-4-3.

(33)

Proceedings thereon.-

Recording observations regarding the circumstances under which a reduction of assessment on certain lands watered by the Cawvery Channels in the Parmutty Talook was first proposed and made and calling for further information on the subject of the reduction now proposed to be made in the assessment of four Hamlets of Punjah Ediar in the same Talook

Sulnt. 22nd March 1815.

Sulnt. 23rd March 1818.

The foregoing letter is accompanied by Statements relative to the Cultivation and rates of assessment in four hamlets of Punjah Ediar in the Talook of Parmutty in which it has been proposed to make a reduction of the original assessment on the Punjah lands according to the remission which was granted on lands similarly situated in 1819 by Mr. Hargrave.-

It is necessary to revert briefly to the circumstances under which the reduction of assessment on the lands watered by the Cawvery Channels in the Parmutty Talook was first proposed, and made. In a letter dated 11th March 1815. /Para 11/ Mr. Hargrave stated "in the Parmutty "Talook, I have not deemed it expedient to make "any alteration in the Punjah Teerwa, with the "exception of very little, the whole of the Punjah "lands are watered by the Cawvery Channels which "renders the Cultivation and produce certain, the "Ryots therefore are better able to pay a higher "tax than those whose lands depend on Monsoons "for water." Again under date, the 12th of March 1818.

/Para

Para 9.

(Para 9 to 11) Mr. Hargrave represented that the Mootahs which had reverted to Government on the Channels from the Cawvery, were situated the last upon it, and consequently were not always the best supplied with water, and he particularly adverted to the Valoor and Nunjah Edeir Mootahs which being the two last on the channel did not yield two equal good crops with those lands situated nearer the head of the channel, and in Para 11 Mr. Hargrave added his opinion that the Cawvery Mootahs of the Parmutty Talook were too highly assessed with reference to the Nunjah assessment in the Salem Division, and particularly in the Balaghaut (meaning the lands situated above the Topoor pass).

3. It would seem that Mr. Hargrave had, at the same time, made a reduction in the assessment on these lands for the Board under date 16th April 1818 (Para 3) granted to him permission to remit to the Ryots in the Parmutty Talook Star Pagodas 1488-24-28 or Rupees 5,209-14-3 - authorizing him to extend the remission of assessment in the Salem Division even as far as 25 or even 30 per cent, in cases in which such extent of remission was absolutely necessary to admit of the Ryot deriving a profit

profit from the Cultivation of the land accordingly Mr. Hargrave in his letter of the 15th November 1819 (Paras 13 to 22) reports the reduction made in three of the Mootahs of the Parmutty Talook watered by the Cawvery Channels and the subject is renewed in the Board's Proceedings dated 17th April 1820 on the settlement of Fusly 1228. The Proceedings of the Collector in the reduction he proposed do not appear to have been especially confirmed

In Lon. 29 Nov. 1819

Para 12 to 17.

In Column 2 of the Statement No. 10 which accompanied Mr. Hargrave's letter the gross produce is stated to be an average one, and the Government share of the Net produce is taken at 75 per cent, but for how many years the average produce was calculated, and in what manner the gross produce in each year was ascertained is not explained, nor is there any information as to the calculation of the gross produce, when the assessment entered in Column 9 of this Statement was fixed at the original survey - or how the division of produce was made, and the Circar share of it was commuted into a money payment. It was stated by the Collector that the lands were the best watered in the Collectorate; capable of

To the Board 15th Nov. 1819 Para 17.

of giving two or sometimes three crops in the year, and that the inhabitants made no complaint of the disproportion between their share and that of the Circar, but of their utter inability to give the price before fixed on the latter - The Board in their Proceedings of the 17th April 1820 Para 17 expressed their opinion that the number of Crops could not alter the state of the case as regarded the rate of division of the produce between the Circar and the Cultivator, and they desired the Collector to consider the propriety of making some reduction in calculating the Circar share of the produce, and to state the modifications it might in consequence be necessary to make in the assessment - The Board further observed in Para 19 of the same Proceedings that the Collector had throughout his statements omitted to give one very important item of information, Viz^t the gross produce of the land in the several Mootahs, without which the correctness of the Settlement could not be ascertained - It is obvious also that another omission was made with respect to the Nunjah lands in question, Viz^t, in not reporting the condition of the channels by which they were irrigated and which, it will hereafter be observed

observed, had been neglected -

4 In 1825 in reporting on the Settlement of the District in fusly 1234

From the Coll^r of Salem dated 6th July 1825 Para 64
Sub^no 18 to B^o
From D^o dated 22d May & 6th & 11th June 1834 Para 54

Mr Cockburn who was at one time impressed with the belief that the assessment on the lands watered by the Cawvery Channels in the Parmutty Talook had been very properly reduced, on further enquiry and examination, reported to the Board that repairs having been made in the Channels from the Cawvery no reduction whatever of the assessment was necessary and in their Proceedings on the settlement of fusly 1234 the Board recorded their opinion that in the lands of the Parmutty Talook attention to the repairs of the Channels for irrigation seemed alone to have been wanting to prove the fairness of the original assessment -

Report on the Settlement of Fusly 1234 - Para 64 dated 6 Feby 1826

Para 29.

5. The Question of reducing this assessment was not discussed again until 1835 when the Collector, in reference to a Petition -

29th June & 9th November 1835

No 96 of that year received by the Board from the inhabitants of Coodoothoray, one of the Villages irrigated by the Cawvery Channel in the Parmutty Talook, stated that Mr Hargrave having reduced the assessment on the lands of the Nunjah Ediar Villages in 1819, a claim was made

made by the inhabitants of Coodoothoray, one of the Punjab Ediar Villages for a similar remission, because the lands of both Villages were similarly situated, and therefore he considered as recommended by the Sub Collector to whom the Petition had been referred - that the assessment on the lands of the Petitioners, as well as on those of three other Villages, should be reduced to the same standard which had already been sanctioned by the Board -

31st December 1835 6. Upon this the Board desired that Statements might be submitted shewing the annual Cultivation of those Villages in which

20th Sept. in Cons. 10th Oct. 1836 - it was proposed to make the remission - These Statements were furnished and the Collector recommended in preference to the remission proposed to be adopted by the Sub Collector according to the scale of remission already granted in the Punjab Ediar Villages by Mr. Hargrave in 1819. Viz.th that an uniform reduction of 25 per cent should be made on all the Punjab lands in question. -

29th December 1836 - 7 Further information was required to shew the classes of the lands on which it was recommended to reduce the assessment compared with the lands of the adjacent Villages, and in forwarding the Statements submitted with

Sub Coll.r 13th December 1838. with his letter of the 22nd November 1838, now under consideration the Principal Collector states his inability to shew whether the actual condition of the lands renders it necessary to reduce the assessment on all the wet lands without an enquiry into the accounts - at the same time, it is explained that the Sub Collector has reckoned all lands watered from similar sources to be of the same value without reference to the actual assessments in Punjab Ediar on lands irrigated by running water which vary from Rupees 12 - 4 - 5 to Rupees

The uniform rate 25 p.r Cent - Sub Coll.r rate 28 - 11 - 7 - The difference between the uniform rates of reduction at 25 per cent and the application of the rate proposed by the Sub Collector is not material, but the Principal Collector observes that as a remission was made in the adjoining Villages bearing similar assessment and as a reduction of assessment, (or rather Tow Coof or an abatement of the demand) although unsanctioned, has been granted for several years, it seems necessary to give relief to the Villages now applying for it - He objects to the rate of reduction proposed by the Sub Collector as likely to destroy confidence in the original assessment which he supposes was made after due enquiry and consideration - at the same time he is of opinion that a reduction of 25 per cent, as recommended by Mr. Orr is

the

the only way of apportioning the general re-
-mission, such as is sought for.

28th Sept. in Cons. 8.
10th Oct. 1836

In the communication received from Mr. Orr and his Successor in Office Mr. Glig- no allusion whatever is made to the State of the Channels from the Cawvery upon which all the lands in question depend for Cultivation. Mr. Cockburn had reported that there was no necessity to reduce the Assessment on these lands when the Channels were repaired, and that the want of water from their imperfect state had been the cause of the lands not being Cultivated, in which view of the case the Board concurred. The infor- mation regarding the gross produce of the lands of Nunjah Ediar furnished by Mr. Hargrave was not complete - and no reference is made to the gross produce in their respective pro-positions, either of the Principal Collector or sub Collector, to reduce the Assessment- they are suggested merely because the Assessments were reduced by Mr. Hargrave in other Villages similarly assessed. It is to be observed that the remission of the Assessment in the Villages of Nunjah Ediar is no where found to have received Special sanction. The Board distinctly

Report on Fusly 1234 dated 6th July in 18 July 1885
Paras 64 65.

desired

desired Mr. Hargrave "to consider the propriety "of making some reduction in calculating the "circar share of the produce, and to state- "the modification it might in consequence- "be necessary to make in the assessment- This information was never supplied, at the same time a reduction of the assess- -ment was made.-

To the B. 22d November 1838.

Mr. Glig states that "in the "Villages now applying for relief, a reduction of "assessment, although unsanctioned, has been "granted for several years" From the accounts in the Board's office, the amount of assess- -ment of which the Collection has been suspend- -ed, appears in each year since Fusly 1242, to be in four Villages as follows.-

	Coorlootheray			Oonje-apolliem			Callamara-vapolliem			Cala-apolliem			Total		
Amount remitted in Fusly 1242	94	13	11	21	2	2	13	10	2	15	1	7	144	11	10
Do Do in Fusly 1243	94	10	11	21	2	2	13	10	2	15	1	7	144	8	10
Amount entered in the Summah Settlement of 1244 but the Collection of which was suspended	93	8	2	31	12	5	15	14	7	18	13	10	160	1	.
													157	13	1
Do Do in Fusly 1245	"	"	"	31	12	5	13	10	8	18	13	10	157	7	7
Do Do in Fusly 1246	93	2	8	"	"	"	"	"	"	"	"	"	159	11	6
Do Do in Fusly 1247	"	"	"	"	"	"	"	"	"	"	"	"	159	11	6
Do Do in Fusly 1248	"	"	"												The

10. The particulars of these suspended payments in Fusly 1246 amounting in the 4 Villages to Rupees 157-7-7- are also in the Boards Office and it appears that in the Village of Coodoothoray the sum of Rupees 93-2-8 is due by 13 Ryots. the highest arrear due by an individual Ryot being Rupees 28-3-3- and the lowest 5 Annas and 11 Pice- In Olapolliam these individual arrears vary from Rupees 5-14-5 to 4 Annas 8 Pice- In Cuttamaravapolliam, from Rupees 13-4-4 to 3 Annas 2 Pice- In Oongepolliam, from Rupees 12-1-8 to 8 Annas 11 Pice.-

11. The principle upon which these collections have been suspended is no where explained, and judging from the arrears due by the individual Ryots, on whose Nunjah lands it is proposed to reduce the rate of the assessment, it is not to be inferred that they arise solely from an abatement of the original survey assessment- The reduction of assessment can never be supposed to have been apportioned at such low rates as 5 Annas and 11 Pice and 3 Annas and 2 Pice.-

See Statement marked A

12. The following Memorandum shews the total amount of Revenue derived from Nunjah-

Nunjah lands according to the survey assessment, and the amount of reduction proposed to be made in the villages of the Nunjah Ediar Mootah by the Sub Collector and that recommended by the Principal Collector.-

	Coodoothoray	Oongepolliam	Cuttamaravapolliam	Olapolliam	Total
Amount of Revenue of Nunjah lands according to original survey assessment	441 5	188 10	92 1 3	137 14 3	789 5 4
Amount of reduction proposed to be made by the Sub. Collector	126 15 11	44 14 2	19 12 11	34 15 5	226 10 5
Do Do by the Pt. Collector	110 5 3	29 8 1	23 4	34 7 4	197 5 -

13. Much delay has already occurred in determining these propositions, but the information which has been submitted does not enable the Board to decide the following questions. First- Whether the reduction of the original assessment is absolutely necessary- and secondly if so in what manner it shall be done- It therefore seems expedient with a view to enable the Board to dispose of the subject without further delay to direct the Principal Collector to submit a Statement in Hindoovie shewing

shewing the aggregate number of Villages irrigated by the Cauvery Channels distinguishing the number under Mootadary tenure and those under Amanie management. the number of Villages in which the reduction of assessment has already been made, the number in which it is now proposed to make a similar reduction, and the number in which a reduction of the assessment is not considered necessary.-

14. The Principal Collector should explain the mode in which the Revenue was realized under Mootadary tenure and also on what principles the collections were suspended without authority- The nunjah Lands watered by the Cauvery channels are stated to yield two or three crops- it is desirable therefore that explanation should be afforded as to the data on which the assessment was originally fixed, whether on one or two crops- reference being made to the original survey accounts, of which authenticated copies in Hindoovie should be forwarded- It should be explained whether lands on which single Crops rent was fixed, now yield two or more crops, both in the Villages in

which Mr Hargrave reduced the assessment, and in those in which it is now proposed to make a reduction-

A Statement in Hindoovie is also required shewing the total extent of Ayacut Lands, the extent under cultivation, and the total waste in all the Amanie Villages which are irrigated by the Channels from the Cauvery in the Talook of Parmuttу-

15. The Principal Collector will also submit an Account of the sums expended by the Government in the repairs, and improvement of the Cauvery Channels in each year from the year 1830 inclusive referring to the Diaries of any Civil Engineer in which those sources of irrigation have been noticed- and stating the condition of these Channels at the present moment-

Ordered that a Copy of these Proceedings be transmitted to the Principal Collector of Salem for his information and guidance-

Reporting on the Settlement of his District for Fasly 1250.

To The Secretary to the Board of Revenue Fort St. George.

Sir,

I have the honor to forward for the information of the Board the undermentioned Statements, explanatory of the Summabundy Settlement in this District for fasly 1250.

No. 1. Revenue from Mootahs.

2. Settlement of the Government lands.

Abstract of the above 2 Statements.

3. Statement comparative of the Revenue of the present and preceding years.

4. Detailed Summabundy Statement in Hindoovee only.

5. Comparative Statement of Do. in Detail Do.

6. Abstract Statement of Cultivation with explanation of the causes of Increase and Decrease.

7. Statements of waste land included in the Settlement.

8. Abstract Statement of lands held on Cowle.

9 General

Fort St. George 28th October 1841—

10— General Abstract of land and Exstra revenues—

11— Average Price of Grain—

12— Statements of Emigrants in Fusly 1250.

13 Statement of Gross Collections.

14 Statement of Charges—

15 and 16. Statements called for in the Board's letter of the 21st October 1839 in Tindovvee only.—

2 The Statements under written exhibit the Number of Villages, their population and the number of Cattle &c. in the District— from the first of these, it will be observed that one Village has been added to the original number of Amanie Villages— this is a Village named Adacum Podvocumbe, Situated in the Moonnoor Hills— When these Hills were rented in Fusly 1212, this Village was waste in Fusly 1233, on Mr. Cockburn's enquiry, this Village was brought to the Circar Account, and the Beriz thereof has been collected from Fusly 1230 to the present time, although the Village itself has never been entered in Dehvejada—

14543 Fort St.o George 28th.o October 1841.

3. The Second Statement shows an increase of houses and population, but these Accounts are not usually rendered with that degree of care, as to induce much reliance to be placed on them.

4. The Number of Cattle is very considerably increased, but the number of Sheep is decreased, owing to the State of the season being unfavorable for them. The Athoor Tahsildar reported that hundreds were carried off from exposure to the cold winds accompanied with rain which were then blowing strong.

5. The Tanks and wells throughout the District are as per Statement subjoined.

6.

From the statement appears as per Margin 1 Tank and 49 Wells have been constructed during the past year. I have not altered the head under which the different sources are classed "for private use" in order that I may reply to the Board's enquiry as entered in Para 5 of their Proceedings dated 8th February.

Oossoor — 1 Tank
Shenkerry — 3 wells
Trechengode — 36 Do.
Tripatore — 1 Do.
Kistnagherry — 3 Do.
Mullapaudy — 1 Do.

50.

These sources are not as the Board suppose those which the Ryots have constructed at their own expence; but those which are not available for cultivation, for instance, small wells, Goontahs and Anicuts constructed by the Ryots for the use of themselves or their Cattle. Pagoda Tanks, private wells within the house yard &c. come under this head. It scarcely appears necessary, that in a revenue report Specification of these should have been made.

The

Settlement

8.— The mode of Settlement observed in this fusly was the same, as that usually adopted, and in reference to the instructions of Minutes of Consultation dated 13th May 1839. The Sul Division was settled by the Acting Sub Collector Mr. Elliat, whose report accompanies— the two Talooks of Dhurmpoory and Tengeracottah were settled by my Acting Head Assistant Mr. Brett, to whose Assistance I deputed my late Head Sheristadaur Sheikhunnow, and the remaining Talooks of Athoor, Rajepoor, Salem, and Womaloor in the Talaghaut— Kristnagherry and Tripatoor in the Baramahl and Denkencottah and Osoor in the Balaghaut were settled by myself.—

Season.— 9.— The Season of the year under review commenced favorably, the rains which fell in the Month of April enabled the Ryots to commence operations on their dry lands— in May a further supply was received— more land was taken up and these

those prepared Sowan with Oil seeds, Shamaloo, Arekaloo, Jonna, and Sudzloo, Some Nunjah lands were also Sowan— In the month of June Slight Showers fell, and the Raggy and Aroomoaloo crops were put into the ground— In July no rain fell, and the crops suffered in some degree, and in some few places perished— The August and September supply was general and proved very beneficial to the growing grains— much of the lands where the crops were lost, were again Sown with grain viz. Some further Sowing of Raggy, Amedaloo, and Cundoaloo took place— and the Nunjah lands were brought more fully into cultivation— The October and November rains were plentiful, and enabled the remainder of the cultivation to be carried on favorably— In December, January and February, there was no rain, and Some of the Nunjah cultivation perished from drought— on the whole however the Season was a favorable one as will appear from the Subjoined Statement of Cultivation.—

Talooks—

Settlement 8.— The mode of Settlement observed in this fusly was the same, as that usually adopted, and in reference to the instructions of Minutes of Consultation dated 13th May 1839. The Sub Division was settled by the acting Sub Collector Mr. Elliot, whose report accompanies. the two Talooks of Dhurmpoory and Tengeracottah were settled by my Acting Head Assistant Mr. Brett, to whose assistance I deputed my late Head Sheristadaur Seelhunt Row, and the remaining Talooks of Athoor, Rajepoor, Salem, and Womaloor in the Talaghaut — Kristnagherry and Tripatoor in the Baramahl and Dencaikencottah and Ossoor in the Balaghaut were settled by myself.—

Season.— 9.— The Season of the year under review commenced favorably. the rains which fell in the Month of April enabled the Ryots to commence operations on their dry lands. in May a further supply was received. more land was taken up and these

these prepared Sowed with Oil seeds, Shamaloo, Arelaloo, Jonna, and Sudzloo, some Nunjah lands were also sowed. In the Month of June slight showers fell, and the Raggy and Amomaloo crops were put into the ground. In July no rain fell, and the crops suffered in some degree, and in some few places perished. The August and September supply was general and proved very beneficial to the growing grains. much of the lands where the crops were lost, were again sown with grain. Yea. Some further Sowing of Raggy, Amedaloo, and Cundoaloo took place, and the Nunjah lands were brought more fully into cultivation. The October and November rains were plentiful, and enabled the remainder of the cultivation to be carried on favorably. In December, January and February, there was no rain, and some of the Nunjah cultivation perished from drought. on the whole however the season was a favorable one as will appear from the Subjoined Statement of Cultivation.—

Fort St. George 28th. October 1841.

10. The Annexed Statement exhibits the amount cultivation under its different heads as compared with that of the former fusly and shows that the increase in the dry lands, Bungayet inclusive, is Acres 11,84-25-15 bearing a Summa assessment of Rupees 15,299-4-10. and that there is a falling off in the wet cultivation of Acres 755-21-2 bearing an assessment of Rupees 2744-11-4 thus leaving a net increase in favour of the present year of Acres 11,084-25-15. and Rupees 12,554-9-6.

Produce and Prices.

12 The Average quantity of produce and prices in the different Districts is shown in the subjoined Statements. In the former, the average of the Poonjah crop is somewhat better than in last Fusly, whilst the return of Kunjah crop is less favorable. The average of the former being as 13/16 to 17/16 and the latter as 11/2 16 - to 11/16 -

		Dry	Wet	Total	Average

	Average	13/16	23/32	1 17/32	49/64

The prices were much below those of the former year in all sorts of grain caused by the people in Mysore and the Southern Districts Coimbatore &c. having good harvests of their own and not requiring the usual assistance from Salem in Consequence some of the people found difficulty in meeting the Government demand although the cultivation and produce is more favorable than last Fusly the Ryot has been less a gainer from the low price realized but the Collections not withstanding have been pretty well got up.

Revenue

14 The Net demand on all items of land revenue appears by the under written statement Rupees 17,65,617-4-8. The gross demand on that portion under Amany is Rupees 13,52,581-3-5. from which deducting charges Rupees 1,03,039-2-1. there remains a Net revenue of Rupees 12,49,542-1-4. being an increase beyond that of the former year of Rupees 15,181-1-7. The demand on Jodigy and Jaghire

Quit Rent on Jodigy Villages	Rs. 27,190-6-4	Villages with the Peishcush being as per margin Rupees 47,586-2-1
D.o on Jaghire	454-1-9	and the Mootahdary being Rupees
Peishcush on Poliputs	19,941-14-1	4,68,489-1-3. exhibits a total permanent
Rupees	47,586-2-1	being of Rupees 5,16,075-3-4. which

added to the Net Amany demand makes a total demand under all heads of Rupees 17,65,617-4-8. being an increase as stated above compared with the demand of Fusly 1249 of Rupees 15,181-1-7.

16 In the above statement the gross increase in land or the lands newly taken up for cultivation is acres 55,701-7-12 Rupees 6,2754-15-11 and the gross decrease on lands relinquished during the year is Acres 44,616-5-14 Rupees 82,349 12-4 leaving a Net increase of Acres Cultivated 13,152-5-11 but a decrease in Jerij of Rupees 19,594-12-5 This decrease is occasioned of course by the lands relinquished being at higher Teerwahs, but the quantity of Land taken up at lower Teerwahs is in this year Comparatively less than that of the former fusly the Baghayet land being of small account I shall only bring to Notice the Amount of Poonjah and Nunjah taken up on Cowle in this as compared with that of last season—

17 In fusly 1249 the gross amount of increased cultivation Amounted to Acres 80,612-17-12 and the quantity taken on Cowle to

Poonjah

to acres 31109-17-15 yielding a Summa berij of Rupees 10,857-3-9 the Amount cowle being a per Centage on all the newly appropriated lands of 38½—

18 In fusly 1250 the gross Amount of newly taken up land is Acres 52,310-2-6 of which Acres 17,751-23-" is on cowle yielding a berij of Rupees 5,313-7-1 and being a per Centage on the gross increase of 33¾

Nunjah

19 In the Nunjah Cultivation there is a slight comparative increase—The gross Cultivation on New lands in Fusly 1249 being Acres 5,589-35-12 the Amount cowle in which was Acres 1,643-35-" being a per Centage of 29¼

20 In fusly 1250 under this head the quantity of land newly

newly taken up is acres 2813-31-2 and the Cowle Acres 886-2-11 being a per Centage of 31½.

21 The Amount of Rupees 26,002-3-8 brought to both Sides of account is on account of lands which have this season reached the full Assessment

22 The sum of Rupees 3,061-15-4 increase under the head of progressive Cowle is composed of the following items-

Cowle lands raised from ¾ to full Rs. 8277-1-11	
Do brought to full Teerwah in consequence of the owners having relinquished part of their put cut lands	1461-7-9
Lands held on half Cowle now raised to full as per para 14 of the Cowlenamah	30-5-9
Lapsed Moonasib Cowle	181-9-3
Progressive lists on lands still on Cowle	2011-6-8
Rupees	3061-15-4

23 The increased assessment on lands transferred from one description to another is Rupees 5,007-15-3 and the decrease Rupees 2,950-4-6 leaving a balance of Rupees 2057-10-10 in favor of this year as shown in the above statement.

24 The small item of increase Rupees 29-11-9 is derived from the following

Increase

¾ Moonasib Cowle brought to full on account of the death of a sharer.	10-2-11
Increase on Peccotta lands which have been irrigated from remaining streams.	28-2-6
Lands paying an assessment below now raised to their proper rate	28-5-5
Progressive Cowle lands transferred from one description to another	18-1-10
Looavasee disallowed when cultivated by Soodras	6-12-4
Rupees	90-8-8

Decrease

Transfer of Progressive Cowle from one description to another	5-4-9
Lands over assessed now reduced to proper rate	50-4-2
Looavasey to Brahmins on lands formerly cultivated by Soodras	5-4-11
	60-12-11
Rupees	29-11-9

Tax on Trees

25 The total demand of the tax on trees during the present fusly was Rupees 33,447-9-10 being an increase on that of the former Fusly of Rupees 1,242-3-9 as follows

Increase

Increase by trees arrived at Maturity	1579-1-6
Trees on lands left waste	40-13-4
Increased rents	1039-3-10
	2659-2-8

Decrease

Decreased assessment Rupees 1092-14-11

Remission on trees in cultivated lands	61-9-5
Decayed Trees	263-7-6
	1416-14-11
Net Increase	1242-3-9

Grazing tax

26 The tax on Pasture lands during the present year Amounts to Rupees 6,711-1-7 being a Net increase above that of fusly 1249 of Rupees 182-6-11 occasioned by increase of rents and collections on Cattle

The

Fort St. George 28th October 1841

Peerwah Waste

27 The sum on account of Enam lands having been cultivated in higher terms by means of the Circar sources of irrigation Amounts in this year to Rupees 286-2-3 and shows an increase beyond the former year of Rupees 119-3-5

Neercooly

28 The demand on this head occasioned by cultivating lands in one Village from a different Village resources in this year Amounts to Rupees 188-12-10 above fusly 1249 Rupees 68—2—7

Hill Revenue

29 The total Amount settlement of the Hill revenue during the present year Amounts to Rupees 30,364 4-8 being below that of last year Rupees 47-1-2-

30 The gross increase Rupees 176-3-4 arises from increased cultivation in the Attoor Talook The gross decrease of Rupees 223-4-6 is occasioned by Rupees 176-8-— less being offered for the Colly mullay Hills in the present year, and a small Amauny decrease of Rupees 41-15-— in the Hills of the Trichatore District as more particularly exhibited in the subjoined statement—

Fort St. George 28th October 1841

The

Deductions 31 The total amount of deductions made in the Settlements of the Fusly under review is Rupees 103039-2-1 and exhibits as compared with that of the preceding year an increase of Rupees 1138-"-7 and a decrease of Rupees 2222-9-2

32 The first item of increased deduction is Rupees 485-1-11- remission granted on Nunjah Cowle lands left waste from want of the necessary means for irrigation, and the second item on this head is Rupees 632-3-6 being the increased payment to the Village Sibbendy in consequence of the increased berij of the Villages on which they receive a per Centage, the same reason obtains for the small increase of Rupees "-11-2 of Shamelat Dusturs-hundrum.-

The

The decrease in the

33 deductions consists of Rupees 58-1-9 being Sookavasy remissions disallowed in consequence of the lands on which they were formerly given being this year cultivated by Soodras or on warrum when by usage the claim ceases 2nd the sum of Annas 10 and Pie 8 was granted last year as per Board's proceedings 29th June 1833. on lands cultivated with foreign cotton which in this year has not been done in consequence of that cultivation being mixed with other produce 3rd Rupees 1959-13-9 were last season remitted on lands in the Tripatoor Talook in consequence of the bursting of Tanks and loss of produce for which in this season there was fortunately no occasion and lastly there is a decrease of Rupees 203-13-" in the Amount payable to the Sharers on Agraharum lands in consequence of the reduced Cultivation thereon

34 The Statement entered in the margin, exhibits the comparative Demand Collection and Balance of Fuslies 1249 and 1250.—

35 Of the demand belonging to the permanently assessed portion Rupees 468 489 1-3 the Collections within the Fusly were Rupees 443 189-4-10 leaving at that period a balance outstanding of Rupees 25299 12-5- being a per Centage on the demand of Rupees 5-6-5- and shews a deficit on the collections of Fusly 1249 of Rupees 10 138-5-2

The

Fort St. George 28th October 1841

36 The Amount balance as above stated was reduced in August to Rupees 20 504-14-3 and in the present month a further collection of Rupees 5 476-7-9 has been made most of the new payments are occasioned by disputes Among the holders of the different Estates, and as they are all on profitable Mootahs, there is no doubt of the whole outstanding Amount being realized on the 20th of October the date appointed for the sale of defaulters' lands.—

37 Of the Amany demand amounting to Rupees 12 97 128-3-5 the sum realized within the Fusly was Rupees 12 88 576-11-3 leaving a balance of Rupees 8551-8-2 being a per Centage of Annas 10 and Pice 6- that of the previous year having been Annas 10 and Pice 8- The subsequent Collections in August Rupees 2771-10-7 reduced the above outstanding arrear to Rupees 6079 13-7 or annas 7 and Pice 6- per Cent.—

38 It is considered that of the abovementioned arrear the sum of Rupees 1972-2-" may be recovered, that Rupees 1741 7-8- is of doubtful realization, and Rupees 2366-3-11- are irrecoverable

irrecoverable and require to be remitted.—

Doubtful 39 The amount entered above as of doubtful realization consists of Rupees 1,482-8-5 due by Agraharums which have come under Zuft during the present year on these a separate report will be made, and Rupees 258-15-3- of which Rupees 75-3-3 is due by the Coolootaray Village, and for which they claim remission. the settlement of this point remains with the Board and Rupees 183-12-"— is due by the Renter of Mootoonaud on the Sherwaroy Hills, who claims this reduction in consequence of the appropriation of lands by Mr. Cockburn and others the circumstances attending this last dispute are before the Board and require their orders for the adjustment of a long pending arrear.—

Irrecoverable Balance 40 The Amount of Rupees 2366—3—11 which is deemed irrecoverable is composed of the undermentioned items Vizt Rupees 1365-7-8- against the Zufted Agraharums respecting which the orders of Government were received dated 27th April and 30th May 1841 to take them into Amanny Management from fusly 1251 allowing the sharers 1/3d of the Net Collections This amount then can never be recovered

received and sanction is solicited for writing it off the Account.—

41. Rupees 354-9-" is due by Sicaly Agraharum and remission claimed for loss sustained on account of the non repair of the Tank as more particularly stated in Para 52. of my report on the Settlement of Fusly 48— remission was granted for this item upto Fusly 1248 and the like indulgence is now solicited.—

42 Of the remaining Amount under this head Rupees 640-3-3 the sum of 8 Annas is due by deceased Ryots. Rupees 28-8-3. against persons who have left the District and Rupees 625-3-"— by parties whose poverty leave no hope of its recovery.— These Accounts will however be again looked into at the ensuing Summabundy and more particular information afforded with next season's report.—

Arrears 43. The subjoined Statement shows the outstanding balance at the end of last Fusly and the amount thereof realized in the present year.—

Survy-
