and assisted me materially in the Revenue Department and I have great reason to be satisfied with his unremitting attention to his duties.

51. Mr Cochrane has the Magisterial charge of 5 Police Divisions including the Police of the Nellore Town, and has afforded me assistance in the Salt Department. Mr Hathaway, the other Assistant, has Magisterial charge of 7 Police Divisions besides the Salt and Abkarry Departments. Both these Gentlemen have conducted the duties entrusted to them to my entire satisfaction.

Nellore,
Pt. Colln Cutchy

From the Pr Collr of Nellore Submitting Copy of the Sub Collector's report on the Summabundy of the Sub Division for Fusly 1250-

Sir,

1.- I have the honor to transmit herewith copy of the Sub Collector's report on the Jummabundy of the Sub Division for Fusly 1250.-

2 This report seems to call for a few remarks.-

3.- The Sub Collector's Statement Para 4, that there was a decrease in the price of all denominations of grain in Fusly 1250 in the Sub Division, does not agree with the results shewn in the Statement of prices which accompanied his report or as shewn in that which has been already transmitted to the Board with my Jummabundy report, for in Buddapoody there was an increase in the price of Mct grain of Rupees 4-1-7 a P per % and in Dewagoodoor of Rupees 3-4-5- per %.-

4. The Sub Collector has

has omitted to explain the cause of so large a quantity of Pisoleam land relinquished in the Dawagoodoor and Buddapoody Talooks and of Sarcebu land in the Ongole Talook as exhibited in Statement A annexed to Para 3 of his report. The Sarcebu land taken up for cultivation in the Ongole Talook in Fusly 1250- was about 23 13/16 per % less than in the previous year.—

5— The Board will observe that in Para 11 the Sub Collector states that the reexamination of the turum tubedel accounts of the Village of Pulcoor in the Dawagoodoor Talook not having been completed at the settlement of last year has been entered in this year's account and that in consequence a sum of Rupees 825-2-0— as in the previous year had been deducted under the head of discretionary remission. This course of proceeding I think it necessary to mention has been follow-

followed in direct disobedience of my expressed wishes and instructions which were to conform to the classification and assessment of the Village, which the Ryots had been paying for years, till they were proved to be incorrect, so far from this incorrectness having been established there is great reason from the result of a Special enquiry made under my orders, that the Accounts adopted by Mr. Mathison at the settlement of Fusly 1249 and on which he imposed a large additional assessment on this Village are the most incorrect of the two.—

6 The Cottapatam merchants and others referred to in Para 22 are among those persons who have for many years past disputed their liability to any addition to the Moturpha tax fixed upon them by Mr. Travers.—

To The Principal Collector
in the Zellah of
Sir, Vellore.

I have the honor to
Submit herewith the usual accounts
connected with the settlement of this
Division for Fusly 1250.

2 There are 235 Villages
and 190 Hamlets in this Division 79
Villages are classed as settled according
to Mr. Fraser's Turrums and 156. as
Mucta Villages.

Season. 3. The Season on the whole
proved unfavorable. In consequence of
early rains, there was an increase of
7761/2 Gortoos in the Poonam cultivation
but from want of subsequent rain in
its growing State, the crop was somewhat
Scanty. The cultivation of 2d. Crop
exceeded that of Fusly 1249. by Gortoos
965 3/4 but the rains were so partial
that the return in this crop was very
unequal, abundant in some Villages

16,896 Fort St. George 22d. November 1841.

and fields, and failing in others. As
regards the Pyra crop, the Verega
and Pulse in the Northern Talooks,
though much endangered by the want
of a few Showers at the close of the
Season were brought forward by the
dews and yielded a fair return. The
outturn of the Pyra Sonna cultivation
in the Buddapoody and Davagoodoor
Talooks was good. The great inequality
in the quantity of rain that fell in
different Villages was particularly
marked in 5 Villages situated in a line
not far from the coast. 3 in the Angole
and 2 in the Enamanamellore Talook,
where there was a very great Scarcity
of rain, and while the 1st. and 2d. Crops
yielded a poor return, the Pyra Crops
were either entirely destroyed or the
Sowing thereof prevented. Few Tanks
received any supplies of water and Conse-
quently the Wet cultivation was materially
diminished. In Some Villages, where the Tanks
received a Small quantity of Water during
the first rains, the Ryots commenced the

Wet

Wet cultivation as far as possible, in the hope that the Tanks would receive further supplies but from the failure of the late rains they were disappointed and the crops were entirely dried up - The pasturage was very scanty and the Cattle were taken in great numbers to the neighbouring Districts where grass was more abundant.—

Prices of Grain.

4. There was a decrease in the price of all denominations of grain as will be seen from the accompanying comparative Statement between fasslies 1249 - and 1256

In consequence of the large crops in the Neighbouring Districts & there was no demand for exportation, and the Market being overstocked from the abundant produce of the preceding year, there was a consequent fall in the prices.—

Dittum.

5. The Dittums were performed by the Tahsildars with the exception of some Villages in

in Buddapoody, Davagoodoor and Ongole Talooks, which were completed under my personal superintendence— The result is exhibited in the Statement A shewing a net increase of 828 Goortoos over the Dittums of the preceding fusly— The late favourable Seasons have naturally induced the Ryots to extend their cultivation and the grant of lands on Vundra Cowle in the half depopulated Villages of the Northern Talooks has induced parties to come forward and cultivate the waste lands, and there seems every probability that the condition of the Villages will be thereby much

Cultivation. 6. The extent of Dittum lands cultivated and left waste is exhibited in Statement B. of the Nulla Waste 35¼ Goortoos were deducted as left uncultivated from unavoidable causes, and the remaining 5,233 Goortoos included as usual in the Statement, only 12½ Goortoos of the Mangany Dittum were cultivated and 24½ left Waste. Of these 24 30/4 Goortoos were deducted as having been unavoidably left waste from the failure of water in the Tanks for the Moolcom Waste amounted to Goortoos 83/4 of which Goortoos 15¼ were deducted on account of the want of the water in the Tanks on which the land is dependant for irrigation. The Jareb Waste was smaller than that of the former year, and only 2/4 of a Goortoo were deducted under this Head.

7. The Settlement was formed in the usual manner and annexed

annexed is an abstract thereof in Money.

Assessment 8.— The Gross Assessment of the land thus amounted to Company's Rupees 4,19927-11-0.— from

Fort St. George 22d November 1841—

from which remissions were granted to the extent of Rupees 70,615-0-1- exceeding those on the preceding year by Company's Rupees 43,238-4-3.

Remission— 9. The Remission granted on Dry Lands left Waste was Company's Rupees 199-11-11- being less than that of the former fusly by Rupees 317-7-8. The Amount of Deduction for Wet lands left waste was Rupees 61,914-3-2 exceeding that of last year by Rupees 40,526-1-0- This large increase sufficiently accounted for in my discription of the season- The remission for Mosloom and Treeb Waste amounted to Rupees 356-9-1- being principally on account of Lands dependant on Tanks for irrigation- The amount is less than that of last year by Rupees 147-6-9.-

10. A sum of Rupees 5,493—2—9- was deducted on account of withered crops thus exceeding by Rupees 4,697—9—1- the remission

on this account in the preceding fa
The early rains and small s
-plies of Water in the Tanks
induced the Ryots to extend the
-ject cultivation, but from the
subsequent failure of rain the cr
entirely perished.

11. The Deduction on
of Vundra Cowle exceeded th
of Fusly 1249 by Rupees 99
and amounted to Rupee
1148-11-7. A sum of Rupees 89-15-
was included in the Assessm
according to the terms of the co
for Lands occupied in former
-fasties, but Rupees 1051-3-11
were deducted for 265 3/4 Gree
of Land newly taken up on ve

Dry assessment being Rupees 2-11-9 was
remitted as Fusul Cummy.

13. Owing to the failure of
early supplies of water the Lands within
the bund of the Caradoo Tank were
cultivated and a crop obtained therefrom
consequently the Paivasy was granted
to the extent of Rupees 165-9-9
according to the practice in former
fasties.

14. The discretionary re
mission amounted to Rupees 1,316-9-7
being Rupees 607-6-5 less than that
granted in the preceding year. The re
examination of the Turrum Jubdeel
accounts of the Village of Pulicoot

Decrease

1690 | Fort St George 22d November 1841.

There is an increase in the total Mettah sheist and the decrease is solely attributable to the great diminution in the wet cultivation.

17. The subjoined Statement exhibits the Collections within the fusly with the balance and percentage of the balance to the Settlement in each Talook.

could have been made in them without severely distressing the Ryots and injuring the cultivation for the next year — In the two Villages of the Cuvanancullore Talook there was not such a complete failure of produce and the collections were consequently larger in proportion — The percentage of the balance of these 5 Villages at the close of the Fasly was Rupees 1-2-6 whilst that of the whole Division was Rupees 4-7-8½ almost the same as in the preceding year — Should these 5 Villages be deducted the percentage would be reduced to Rupees 2-6-3½ being less than that of any year since Fasly 1187 since the Establishment of the Sub-Division — The total percentage of the balance due on the Division up to 15th October is Rupees 4-4-10½ — Of the total balance a sum of Rupees 1000 — — may probably be collected in Fasly 1251 — Of the remainder Rupees 1000 — — are due on account of Baliga Cranes

Cpt wooley and Rupees 15,717 — 11 — 8 —

by the power Ryots the realization where of is very doubtful —

19 According to the tenor of your circular order to Shrotriems — have been released from attachment this year — Ryots on the payment of all arrears in full and the other 3 in consequence of the Shrotriemdars having agreed to pay the current — and to discharge the balances that had accrued against them upto the times of Attachment in two successive years — Of the 81 Shrotriems in this Division 77 are now in the possession of the Shrotriemdars and 4 bearing a Quit rent of Rupees 792-7-10 are under attachment for arrears —

20 Subjoined is a State-ment of Shrotriems balances for the present and former fasles —

have been taken for the Collection there

23 It was stated in my report for fusly 1249. that of the balances outstanding on the 15th August of the following year Rupees 2,000 would probably be collected, but in consideration of the reasons it was deemed advisable to refrain from any extended Demand for arrears, and therefore only Rupees 478-10-3 have been collected up to 15th October. A sum of Rupees 61-2-3 has been also collected on account of arrears of former fusles.

24 In conclusion I take this opportunity to express my satisfaction with the exertions of my Sheristadar Cunchanapully Lutchmeekantarow and to acknowledge the assistance I receive from him and the other servants of my Cutcherry.

old ironmongery leave to stat

that every endeavour had been

used to get them sold but

without effect. They are not

required in this District

as Bengke nor is any one

willing to take them even

as old iron from the cir

cumstance of their being

made of cast iron and

not malleable.
