Submitting a correspondence with the Collr. of Rajahmundry relative to the amount outstanding in that District on account of Proprietary Estates up to Fasly 1250 and explanatory of the measures deemed necessary to be taken for the eventual realization and requesting sanction for the purpose made on account of Government.

Part. Board of Revenue

From the Collr. 20th July in Cons. 12th August 1841.
Proceedings of the Board 12th August
From the Collr. 23d Septr. in Cons. 14th October

I am directed by the Board of Revenue to request you will submit for the consideration and orders of Government the correspondence noted in the Margin which has passed with the Collector of Rajahmundry in reference to the arrears outstanding in that District on Ancient and Proprietary Estates up to Fasly 1250 and explanatory of the measures deemed necessary to be taken for the eventual realization.-

2. The evolution of the landed Proprietors in Rajahmundry is shewn in

17348 Fort St. George 25th November 1841.

Mr. Smith's letter of the 20th July last from which it will be observed that the Demand, Current and Arrears against the Zemindary Estates in possession of the owners in Fasly 1250 was 1,39,177-2-10 of which Rupees 64,626-7-11 only were realized within the year C. Rupees 74,550-10-11 being due at the close of the Fasly.-

3. The extreme depression of these Estates Mr. Smith attributes to the great adversity of the Season of Fasly 1250 following the two disastrous Seasons of Fasslies 1248 and 1249 the circumstances of which he has detailed at some length in the letter quoted above. In submitting therefore the usual sale Advertisement for publication in the Board's Office the Collector following the arrangement that had before been approved by Government divided the Estates into Classes and explained this indulgence he thought it desirable to

to shew the proprietors in the reduced condition which the nature of the seasons had left them.—

4. The first Class included three Estates on which the Peishcush was paid in full and the second fourteen Estates the proprietors of which had discharged Rupees 145978-6-2 out of a demand of Rupees 166349-4-11 leaving Rupees 20370-10-9 only unliquidated the whole of which it was stated would be ultimately paid to these therefore no reference is here necessary.

5. The third Class embraced seven Estates bearing an Annual Assessment of Rupees 30584-14 on which Rupees 27718-2 had been paid with 813-1-5 on account of arrears. The balance on these current and arrears amounted in the aggregate to Rupees 14622-2 Of this the Collector proposed to require the liquidation of Rupees 2986-12 the remainder to be recovered in five Estates in Fasly 1251. In one

one instance by equal instalments for two Fasslies and in the other by three equal instalments extending to three years.

6. The fourth Class included seventeen Estates the owners of which had failed to a considerable extent in their engagements but whom nevertheless Mr. Smith considered entitled to further consideration. The Permanent Summah of these Zemindaries is Rupees 174681-6-7 and the current collections were Rupees 122618-4-9 The Balance Current and Arrears on these at the close of the Fasly was Rupees 117989-13-10 of which Mr. Smith proposed to require payment of Rupees 28781-2-3 and to recover the Balance by instalments varying with the condition of the proprietors from one to four years.—

7. The 5th Class contained three Estates only Viz. Cotah. Takey. and Vencatagiry. problems regarding which difficulties existed which precluded the immediate recovery of the Balances. These will be noticed hereafter

fs

if a necessity arises, in separate proceedings. The arrears on these were

Rupees 1,47,961-9 of which it was intended to require immediate payment of Rupees 43,951-8-6 to proceed to the immediate attachment of the Zemindaries.

8. The sixth and last Class included ten Estates bearing a permanent Assessment in the aggregate of Rupees 2,84,648-"-7 but the Total arrears in which of past and current years amounted to Rupees 4,42,668-7-4 of these the Principal was the Zemindary of Paddapoor, the circumstances of which had been repeatedly brought to the notice of Government and the proprietor of which by his extravagance and mismanagement had forfeited all claims to consideration. It was proposed to proceed peremptorily to the sale of

these ten Estates unless they fulfilled their existing engagements.

9. The Board approved of the suggestions offered by Mr. Smith subject to the approval and confirmation of Government and in publishing the sale advertisement of the Estates they instructed the Collector agreeably with his request to bid at his discretion for any of the Estates actually brought to sale to the extent of the Government arrear thereon.

Proceedings of the B. of R. 12 Augt. 1841.

10. The result of the sale was reported in Mr. Smith's letter of the 23d September last. The Proprietors of the Estates included in the second, third and fourth Class are stated to have generally exerted themselves to make good the extent of the immediate demand upon them and in most cases to have paid it. In the few instances in which the whole was not liquidated Mr. Smith has considered it inexpedient to press the

owners further at present. The Proprie-
tors of the Estates in the 5th Class
having failed in their engagements them
have been Sifted and arrangements are
making for bringing them to sale. Out
of the ten Estates included in the fifth
Class two Sevavilly and Valumpollum
were released the proprietors having
made good the instalments demanded
by the Collectors. Seven were actually
sold including Peddapoor, and one
Mongondah was reserved for the preparation
of some necessary subdivision Statements.

11. The Peddapoor Estate
consists of seven portions of which five
were in the first instance brought by
Government and two were knocked
down to the Agent of the Zemindar
of Bobily. It happened however
that his Vakeel was not prepared
with fifteen per Cent of the Purchase
money

money for deposit agreeably with the
terms of the sale. on this the divisions
were again put up, the Peddapoor
Mootah was purchased by Government
and the Teravarum Estate by Row
Bhavirah Mother of the Minor Zemindar
of Pettapoor. Three six of the divisions
were bought in at the price of Rupees

194010-12-

The Estates of Gommalooor
Tamalunka Moonmadevaram and
Dygomurroo were also purchased by
the Collector on account of Government for
Rupees 37,600 in the aggregate. The Mootahs
of Ingeram and Cayah were sold to private
Parties for Rupees 19,510, and Rupees 4,650
respectively.

13. The Board having ascertained
the competency of Row Bowiah to make
the purchase, have confirmed the sales
of Teravarum, Ingeram, and Cayah to
the Highest bidders and these
the Parties the

Estates

17355 Fort St. George 25th November 1841.

Estates will be registered in their names accordingly. Sanction is now requested for the purchases made on account of Government, as shewn in these Proceedings and the Collector's correspondence.

14. The Board also request that the sanction of Government be given for receiving the arrears of Revenue due by the Proprietors whose Estates were not exposed for sale agreeably with the instalments recommended by Mr. Smith. They are satisfied under all the circumstances that the indulgence proposed to be shewn is required from the reduced condition of the landholders of Rajahmundry.

The

17356 Fort St. George 25th November 1841.

The Board have received a variety of Petitions from the late Proprietor of Peddapoor asserting claims to remission and complaining of the sale of his Estate &c. but these contain nothing deserving of serious notice.

will place her in possession and
Register the Zemindary in her
name on the purchase money
in question having been paid in full.

2. The sale of the Injeram
Mootah to Canoomoory Sojiah for
Company's Rupees 10,510 and of Cauzah
to Streepaty Praeasa Row for Rupees 4,650
are also confirmed.

3. The Board of Revenue
will report to Government the
purchase of the other Zemindaries
enumerated in the Collector's letter
of the 23d September last, and will
furnish Mr. Smith with the
orders of the Right Honorable the
Governor in Council thereon when
they shall have been received.

(19.)

From the Collector of Rajahmundry. Sir,

Para. 1. I have the honor to acknowledge the receipt & Extract from the Proceedings of the Board of Revenue dated the 30th Ultimo, and with reference to their instructions contained in the first Para beg to report that the Statements of Sanderamed and Extra Charges for Fusly 1250 have already been submitted to the Board under date the 14th Ultimo, and now transmit the Statement called for by the latter Para shewing the present sanctioned, quoting the dates of sanction and the Estimate of the expenses proposed from the commencement of the Current Fusly 1251 which exhibits a Net Increase of Rupees 242-10-7 in the Huzzoor and of Rupees 84 in the District amounting in all to Rupees 326-10-7 per Annum.

2. Besides the reasons assigned in my letter of the 14th Ultimo, regarding the necessity for the increase of the Sanderamed I consider it right to observe that in addition to the extent of the amount of the Annual Revenue of the several Estates under Government at that period more Estates to the extent of nearly two Lacs of Rupees per Annum are now likely to come under Government management

Steps taken to give effect to the arrangements sanctioned with reference to the settlement made by Captain Gresley of the disputed boundaries of certain Villages between the Territories of the Nizam and those of the District.

acknowledge the receipt of the Sub-Secretary's letter under date the 30th September last, received 16th ultimo, requesting me to report for the information of Government what steps have been taken to carry into effect the arrangements sanctioned in Para 2 of the Extract from the Minutes of Consultation dated the 13th April last with reference to the reports by Captain Gresley upon the settlement of the boundaries disputed between certain Villages in this District and the Territories of His Highness the Nizam:—

2. In reply I have the honor to acquaint you for the information of His Lordship in Council that I lost no time after the receipt of the Minutes of Consultation above adverted to, in giving effect to the settlement of Captain Gresley by causing Copies of his decisions as also of Plans

Plans of the locality to be prepared for delivery to all the parties concerned, together with full explanations to the several Heads of Police in whose Divisions the disputed lands were situated, and further directing that no deviation from the fixed line of demarkation should be permitted on any account whether one Copy of the decision together with a Plan was furnished to the Zemindar to whose Estate the Village belonged, another Copy together with a Plan was furnished to the Head inhabitants of the Village in which the disputed land was situated and a third Copy and Plan was deposited for reference in the Talook Cutcherry.

3 I am happy to say that by the unwearied exertions of my Establishment this great work has been nearly completed, and as soon as the different parties may have forwarded receipts for the Copies of decisions and Plans forwarded.

Sir

(28) From the Pr Collr of Nellore — Forwarding Draft of the Summons and Statement proposed to be granted for the Choundy Zemindary and requesting sanction for the employment of a Police Establishment in the said Zemindary. } 1

With adverting to the papers noted in the margin, I have the honor to report that the documents prescribed by the Regulation V 1804 have been duly executed and Anukapanaidoo appointed guardian to the Minor Zemindar of Choundy

2 I beg to transmit herewith Draft of the summons & Statement.

3 The Board wish to be informed of the possible actual sacrifice of Revenue that would be occasioned by extending an exemption from Beydiga to all holders of Enams where it is payable to Government from not having been included in the assets of the Zemindary. The Enams so excluded were those granted to Pagodas and for subsistence and the Cultoobady and Village servants — Enams the first have never been chargeable with Beydiga. The three last are chargeable with it but the rate and mode of payment is so different in different Villages and in most

17369. Fort St. George 25th November 1841.

most cases to fluctuating owing to its being
fixed in some Villages on the actual cultivation
in others on the actual produce that the only
means I have of ascertaining the probable amount
of it are the actual Collections of the last years.
The Enams of some Village servants are entirely
exempt from tax, & others pay at rates varying
from 3 to 8 Rupees on every Candy of produce—
by Estimate some few pay at the rate of one
quarter Rupee per goorloo and those of the
Cudah chroody pay at the rate of 2½ Rupees
per Candy.

4 The average actual collection
during the last 5 years of Beydega on Village
Servants Enams on the actual cultivation is Rs 169.
which gives an average per goorloo of Rs 1-11-8
making the total amount of Beydega on the whole
extent of the Mannums Rs 335-6-10 per annum.

5 The Beydega or the Cultivators Cow
has been already stated in my letter under date
22d March 1841 at Rs 57-6-8 per annum.
The average actual collection of the last
5 years has been Rs 48-3-3

6 The Head of Subsidiary Cowries in

17370 Fort St. George 25th November 1841.

in which Beydega is payable is 2½ goorloos and
add The average actual collections of the
last 5 years on the actual cultivations and
produce is Rs 70-8-1 giving an average per
goorloo of Rs 1-12-7½ which on the whole
extent would give an annual Beydega of
Rs 332-1-

I am not aware that the
same necessity exists for exempting the Beydega
on subsistence as in Village Servants and
Cultivators Enams. The effect on the
latter case is to improve the condition
of a most useful class of public Officers upon
some of whom the well being of the Village
in a great measure depends and who moreover
with few exceptions are exempted from tax
on the Government Villages.

5 The individual who appears the most
suitable for the appointment of Manager of the Kennidary
is Chinnady Suraswamy the present Kennidary Sahukar
and he is willing to undertake the Trust. He is a respectable
intelligent man & thoroughly acquainted with the District
and the people & could recommend that he allowed a
salary of 30 Rupees per mensem.
He is a very quiet simple country and

1371 Fort St. George 25th November 1841

it will be necessary as in the Venalagherry Zemindary to employ a Government Head of Police and the annexed Police Establishment and Sequezb. therefore trust the Board will obtain sanction for the same from the date on which the Zemindary is made over to the manager. The annexed hitherto employed for the revenue management of the Zemindary has also been Head of Police and the whole expence of the Establishment has hitherto been charged to the Estate.

I take this opportunity to inform the Board that the minor will be of age in April next.

Fort St. George 25th November 1841.

In the event of the death of any of the individuals aforesaid, you are bound to continue for the support of the family of the deceased the whole or such portion of the allowance as the Collector of the Zillah may determine to be equitable and proper, on consideration of all the circumstances of the family of the deceased, and to be discontinued only on the failure of heirs, on your Casting to pay any of the aforesaid allowances it shall be competent to the Collector to recover the Amount so withheld by the same process as is prescribed for the recovery of arrears of Revenue. In the event of it's being your wish to give lands in lieu of the aforesaid Money allowances you are competent to do so, provided the other parties consent, and the arrangement be approved and confirmed by the Principal Collector of the Zillah, but you will understand that lands so granted will not be resumable by you except on failure of heirs.

7. The estimated Revenue of the Davadayums and Brahmadayum Lands and Cattoobady Rauminums granted previous to the Year 1801 and of the Village Servants' Rauminums granted both previous and subsequently to 1801 and

Fort St. George 25th November 1841.

and also all Lakeraj Lands having been excluded from the assets of the Zemindary on which the aforesaid permanent Beriz of Rupees (18000) Eighteen Thousand has been fixed, you have no claim or title to the Revenues of such lands or to the lands themselves which are to belong to Government to be dealt with as may appear expedient and proper, and you are to understand clearly that you have no power whatever to assess newly any Lakeraj Lands or to appropriate to religious, charitable or other purposes any lands with the intention of exempting them from bearing their portion of the public tax or to alter any Cadeegas, Quitrents &c. hitherto payable on lands within your Zemindary unless the consent of the Government shall have been previously obtained.

8. The fixed Beriz of the Tamasilly Agraharums is Rupees 131-12-4 and of the Parecenta paud Agraharums is Rupees 88-- -4. The aforesaid Beriz of these two Agraharums you are entitled to collect, but you have no power to raise the

the Beriz as already fixed, as the said amount of Beriz only has been included in the Assets on which the Jemmidary Peishcush of Rupees (18,000) Eighteen Thousand has been fixed.-

9.- As the Beriz of Cattapand Agra-haram has always hitherto been regulated by the extent of the Cultivation, you are bound to continue the same usage in respect to this Agraharam unless the Agraharamdars should voluntarily agree to a change.-

10 As Government has reserved to itself the Police Authority in your Jemmidary, you are not authorized to remove or in any manner interfere with the Lands, Revenue &c. which have been heretofore granted to individuals on account of Village Cawaly, Dasa Cawaly, or Party Cawaly &c. purposes or the Revenue from all Cuttoobady Lands or Lands granted for Police purposes has been excluded from the Assets on which the Jemmidary Peishcush of Rupees (18,000) Eighteen Thousand has been fixed, you are not entitled to any Badega payable on such Lands, nor to the service of those to whom they have been granted, and you will

will clearly understand that such persons are to be exclusively under the orders of the Collector and Magistrate of the Zillah.-

You are bound on every occasion to give every assistance in your power to the Magistrates and Police of the Zillah, whenever such assistance may be required.-

11. As the Lumbadies &c. pass through your Jemmidary for the Trade in salt, you are bound to set apart for their use a sufficient extent of land for the pasturage of their cattle at their usual places of Halt within your Jemmidary and to afford any other reasonable Assistance they may stand in need of in furtherance of this object you will fix the sites of their halting places at the several Villages on the line of road, and furnish a List thereof to the Collector.-

12.- You shall be at free liberty to transfer without the previous consent of Government, or of any other Authority to whomsoever you may think proper, by sale, gift or otherwise your proprietary right in the whole or in any part of your Jemmidary provided such transfer shall not be

be repugnant to the Hindoo Law or to the Regulations of the British Government, but unless such sale, gift or transfer shall have been regularly registered at the Office of the Collector of the Zillah, & unless the public Assessment shall have been previously determined and fixed on such separated portions of lands by the Collector of the Zillah, such sale, gift or transfer shall not exempt you from the payment of any part of the Peishcush of Rupees (18000) Eighteen Thousand assessed on your Zemindary but the whole Zemindary will continue to be answerable for the said Peishcush of Rupees (18000) Eighteen Thousand, as if no such sale, gift or transfer had been made.—

13. You will understand that you are not competent to transfer by sale, gift or otherwise the proprietary right in any portion of your Zemindary less than an entire Village or dependent hamlet with defined boundaries, and if the Village or hamlet to be so transferred bear a less proportion of the permanent Land tax fixed on your Zemindary than

that 500 Pagodas per annum, you will not be competent to make any transfer by sale, gift or otherwise without the previous sanction of the Board of Revenue.—

14. Your Zemindary shall be liable to be sold wholly or in part for the liquidation of any arrear of Peishcush which may be due to the Circar, or in satisfaction of a Decree of the Adawlut Court on which occasion or when you transfer a portion of your Zemindary to another either by gift or sale, you shall in such cases produce accounts of the past years for a period not less than three years showing the actual resources, on such portion of the Zemindary which may be separated in consequence of any of the reasons above stated, a due proportion of the Peishcush will be fixed, bearing the same proportion as that which is fixed on the whole of the Zemindary.—

15. You are authorized to appoint the Curnums of the Zemindary, but you must deliver to the Collector of the Zillah a list of the Curnums you may appoint. In all cases of irregularities or lapses which you may sustain by any Curnum, you are at liberty to sue them in the Adawlut Court but you cannot dismiss the Curnums without a decree of the Zillah Court—In case of

of your discharging Curnums on your own Authority, you will be subject to such charges which they may bring against you before the Adawlut Court when the Office of Curnum becomes vacant from any cause, it shall be filled up by someone of the family of the Curnum who last held the vacant place, but should there be no one in the family you can then nominate any other competent person to the vacant place. you must inform the Collector of the Zillah of the name of the Individual whom you may have appointed immediately on your having done so.

16. You bind yourself to enter into written engagements with your Ryots either for a rents in Money or in kind, clearly defining the Amount to be paid to you by such Ryots individually, explaining every condition of the engagement, and you will grant or cause to be granted regular receipts to the Ryots for all discharges in Money or in kind made by them to you or on your account.

17. You shall be Amenable to the Regulations that are now in force or may be enacted hereafter and shall be bound by their provisions.

18. So long as you continue to perform the above Stipulations and to fulfil the duties of allegiance to the Government, you and your heirs shall be entitled to enjoy the aforesaid Zemindary of Choondy in perpetuity.

the succession to the Mootah of Pullaiettah, I am directed by the Board of Revenue to request that you will state for the information of the Board when and under what circumstances Rayavachary the brother of the deceased Jemmedar, assumed charge of the management of the Estate, for it is stated in the Petition herewith sent for your information and report, that he did not do so till after one years free enjoyment by the minor brother - It would appear indeed by Copies of Summuds under your signature submitted by her, for the Board's inspection that the brother of the minor had the management of the Mootah for the above period, and the Board would wish to have your opinion of her competency to manage.

You will also be pleased to inform the Board whether Rayavachary has acted in any way prejudicial to the interests of the minor, during the short period he may have been connected with the management of the Estate.

From the Coll[r] of Chingleput — Reporting the demise of the late Shrotriemdar of Outoor named Audeah and submitting the claims of one Yegneem Ramad as adopted son to the share enjoyed by the deceased

Para 1. I have the honor to submit for the consideration of the Board of Revenue the following statement relative to the Shrotrium Village of Outoor in this District which was originally granted by the Mahomedan Government in 1773 to one Chullah Ponneyacoty Syah, but was subsequently conferred on the 25th March 1786 by a Purwanah of the British Government upon Chullah Vencatachelliah, (the brother of the Original Grantee) and to his Heirs, on the condition of paying a Quit Rent of 300 Pagodas per annum. On the demise of Chullah Vencatachelliah, the Shrotrium was registered in the Books of this Office in the name of his son Audy Syah

2. Chullah Ponneyacoty Syah the original Grantee left two sons, the eldest of

of whom died childless. but to the other were born two sons, in whose names, half of the Shrotriem was registered on the 19th February 1830. and the family have ever since been divided. each paying their respective shares of the Government Demand which inclusive of the Inumiah Inaah amounts in the aggregate to Rupees 1200-13-4. Andy Iyah died on the 2d May 1838 without children and his Widow Venkata Lutchme Ummal also departed this life on the 7th July last.

3. A person named Sashiah claims on behalf of his son yeggaam Ramiah the half share of the Shrotriem enjoyed by the late Andy Iyah and subsequently by his Widow, on the ground of the Boy having been adopted by the deceased Andy Iyah. Whilst Nursunniah one of the parties enjoying the other half share of the Shrotriem has advanced his claims as the descendant of the Original Grantee. There is no doubt as to the fact of adoption of the Boy, which circumstance was communicated by

by the late Andiah himself to the then Collector, and is corroborated by the evidences adduced during the enquiry which has been instituted.

4 The share which the late Andy Iyah held in the Shrotrium of Cuttoor was attached in October 1835 by an order from the 13th October 1835 Zillah Court on account of personal debts contracted by him, amounting to Rupees 3320-8-0 and has since remained in the possession of a Renter named Mooparala Ramaswamiah, who had obtained a lease from the deceased for 10-0 years from Fusly 1246 to 1253.—0 at Rupees 822-8-0 per Annum. Proceedings thereon

(34-35)

There is no restriction or limitation in the Purwanah in reference to the succession to the Shrotriem of Oulloor and the adoption of Yeggia Ramiah by the last Shrotriemdar Andy Syah being undisputed, there seems no ground for disputing his right. The Board are therefore of opinion that the half share of the Shrotriem in question should be registered in the name of the Claimants.

From the Coll.r of Chingleput 2 Para.

The Board were informed by my letter of the 26th May last that the suits filed by Mallaveeranund Ellapah Reddy against Mr Maclean and others had been decided both in the Zillah and Provincial Courts in favor of Mr Maclean but I have since received intimation from the Court of Sudr Udalut that

that they have admitted the special appeal of Ellapah Reddy on the grounds mentioned in the accompanying copy of their Proceedings.

2. A Summons having also been issued by the Sudr Udalut calling upon Mr. Maclean to file an answer to the Suit on the 15th Instant I purpose presenting the same on the above date through the Government Vakeel sanctioning to defend the original suit filed by the above individual at the cost of Government was obtained on the 3d August 1830.

Extract from the Proceedings of the Sudr Udalut under date the 19th July 1841.

Read Statement of the Vakeel Rustumah Chary on behalf of Ellapah Reddy Appellant in Appeal Suit No. 4 of 1838 on

on the file of the Provincial Court in the Centre Division.

This is an application for the admission of a special appeal in forma pauperis from the Decree passed by the Provincial Court of Appeal in the Centre Division in Appeal Suit 184 of 1838 in which Petitioner was the Appellant and J. Maclean Esq. and seven others were the Respondents.

2. The Original Suit was instituted by the Petitioner in the Zillah Court of Chingleput for the recovery of certain real and personal property valued at Rupees 4199-13-0 alleged to have been illegally sold for arrears of Revenue.

3. The Zillah Judge nonsuited the Plaintiff as regards all the Defendants but the 3d. and against him (the 3d.) a Decree was passed that he should pay to the Plaintiff Rupees 105—4—9.

the amount of arrear due by him, and also Rupees 800- as the value of the property, also that Plaintiff should pay the costs incurred by the 1st. 2d. 3d. 4th. 5th. 6th. 7th. and 8th. Defendants and that 3d. Defendant should pay his own and Plaintiffs Costs.

4. The grounds of the award were that the 3d. Defendant the Commissioner for the sale of sequestered property conducted the sale illegally.

5. On appeal made by the Plaintiff in the original suit to the Provincial Court in the Centre Division, they confirmed the Judgment of the lower Court.

6 In the Zillah Judge's Decree it is stated that the 3d. Defendant was the Commissioner who attached and sold the property, that the Petitioner's property was attached first on the 30th. July 1824 and sold on the 25th. August 1824, that other property was attached on the 1st. December 1824 and sold that every day, and that in both of these instances the property was sold prior to the expiration of 30 days.

The Court of Sudr Adalut do

do not consider that the first of these sales was illegal because Regulation V of 1822 is not applicable to cases in which the Officers of Government are parties of which nature this case is. but the 2d sale Viz. the sale of Petitioner's property on the same day that it was attached, the court of Sudr Udalut consider to have been illegal and that damages are recoverable for it.

8 The Court of Sudr Udalut resolve therefore to admit a special Appeal in this case, provided the Petitioner produce in the Provincial Court in the Centre Division two good and sufficient Securities for his appearance whenever required, on or before the 30th day of August next.

Ordered that extract from these proceedings be forwarded to the Provincial Court in the Centre Division for their information and guidance by precept returnable in 3 weeks from and after its receipt.

From the Pt. Collector of North Arcot

Reporting that the incumbents of the Dwagues at Wallajahnuggur and Satghur objected to make them over to His Highness the Prabab's superintendence.

Sir,

Para 1. I have the honor to acknowledge an Extract from the Board's Proceedings of the 11th Ultimo transmitting transcript of a letter from the Acting Chief Secretary with Copy of a Note from His Highness the Prabab V. Mooktar, requesting that the Dwagues at Wallajahnuggur and Satghur be placed under the sole superintendence of the Circar of His Highness the Prabab of the Carnatic in like manner as the Government was pleased in 1823 to place the Dwagues at Arcot under the same Arrangement.

2. The Jumma Dwagues at Arcot and the establishment with it was placed as above under His

Highness the Prabab in 1823. it was a place appointed for sepulture of his ancestors and belonged by right to him and therefore no objection was likely to arise to its being placed under the immediate Charge of His Highness. The Case is different with the Dwagues at Wallajahnuggur and Satghur: His Highness the Prabab having no claim whatever to their immediate superintendence and their being made over to His Highness Charge is altogether objected to by the present Incumbents.

3. The Satghur Dwagues is entered in the statement submitted to the Board with my letter of the 29th September and it is mentioned as being the only Dwague in the District bearing a Tuzdeek or ready Money allowance, nor does it appear from the best information that I can gain that there has been any misappropriation of

of the allowance granted for its maintenance. Eraut Khan a former Jaghiredar of Satghur was the founder of this Mosque it was built about a Century ago and the Purwanah extant dated 6th Shaban 2d year of the reign of Mahomed Shaw, bestows it with the Village of Moosapullee to Agy Tuker Ouahomed the Grand Father of the present Hatib. There are three other Purwanahs given in subsequent reigns all to the same effect.

4. The Village of Mooseapullee appears to have been endowed for the support of the Mosque until Fusly 1212. In Fusly 1213 Mr. Cochburn confirmed the Village and a Ready Money allowance for its support sanctioned as follows

Rupees 112 per annum to the Mootwulee.

/Signed/ J.D. Gleig.
Prin. Collector.

General Hookumnamah for Fusly 1243.

1st The Summabundy Accounts should be prepared uniformly according to the forms that may be furnished from the Huzzoor.

Sagobady Dittum and Freedom of Cultivation.

2 The Sahsildars should form annually a Sagobady Dittum or cultivation agreement, that the Ryots of each Village may know how much they have to cultivate, this Dittum to be commenced after the 1st of May and concluded before the

the 31st July of each year. The Ryots must not be forced, but should be left voluntarily to engage for any quantity of Poonjah, Nunjah, or Bagayet lands they may wish to cultivate, and the same should be entered in the Dittum Accounts. If any Ryot wishes to relinquish part of his Putent, he shall be allowed to do so provided it is a whole field and so situated that it can be conveniently cultivated by another who may choose to take it up, and shall on no account be forced to Cultivate more than he may voluntarily engage for, a Ryot must be the best Judge of his own interests and if forced to Cultivate at a loss would give up Cultivation altogether, or emigrate and cause a greater loss to Government than if allowed to relinquish those fields from which he sustained loss, a Ryot must therefore never be obliged to Cultivate against his wishes.

Remission

3 The Teerwah on the poonjah lands being fixed on their average productive value, and but little rain being required for dry Crops, no remission will in ordinary

seasons, be allowed on fields which have been entered in the Dittum agreement, but which may have proved unproductive or been left uncultivated.

4 On nunjah lands entered in the Dittum, no remission will be allowed if left uncultivated, unless unavoidably so, from a failure of water. The same rule applies to Bagayet lands.

5 When Nunjah lands are Cultivated, but the Crops have partially or wholly failed from insufficiency of water, the full Teerwah must nevertheless be collected according to the Custom of the Country.

Crops in the beds of tanks.

6 When lands situated in the beds of Tanks are cultivated with Nunjah, Poonjah, or Bagayet Crops, and when they may be inundated and the Crops destroyed from the Tank filling before they are reaped, the Teerwah of the extent inundated will be remitted according to the present practice.

Subdivision of Fields.

7 The fields which, from their large extent, had been formerly divided and given to Ryots for Cultivation and the divisions entered

entered accordingly in the Summakhundy accounts prior to July 1211. Such divisions should still continue and be entered in the same manner in the accounts of ensuing years. When Toolookhillos are given for the Cultivation of additional lands, they should be made out corresponding with the Pymash Accounts for entire fields. In the event of lands offered to be Cultivated being already bungeir or Punnapoker divided at the survey only into extensive tracts, the portion the ryot may choose should be measured off unda Toolookhillo given in his name. The teerwah on it should be fixed with reference to the assessment of adjoining lands of a similar description and quality under Cultivation, and the No. of the field, the bearings of the sub division, and its extent and assessment must be carefully inserted. Toolookhillos must on no account be issued to a ryot for the Cultivation of only a portion of an assessed field instead of an entire one

one, such field must be always cultivated entirely, or if left in part waste, the assessment for the whole field must nevertheless be paid.

8 In all cases when it may be necessary newly to assess waste land, the assessment should be regulated with reference to that on lands of a similar description, situation and quality under Cultivation, and possessing the same means of irrigation. When there are no cultivated and assessed lands of a similar description and quality adjoining, or in the same Village the assessment of land of a similar description and quality in the neighbouring Villages must be referred to.

Excess or deficiency in a field.

9 If in any field an excess is found on measurement of more than 10 per Cent, the whole excess should be added to the Summakhundy and the teerwah collected at the same rate as on the rest of the field, on the other hand if a deficiency is found greater than 10 per Cent the whole deficiency should be deducted, any difference one way or the other within 10 per Cent should not be interfered with. No field however should be measured unless there are

are strong grounds for suspecting any grate differ=
=ence in its extent, as a frequent and minute
enquiry must prove vexatious.

10 Should any ryot offer to Culti=
=vate a Poromboke, waste or Podoogal
field in addition to his usual putcul lands,
The Tahsildar should without delay make
it over to him for Cultivation, causing its
boundary agreeably to the Pymash accounts
to be shewn to him by the Curnums of
the Village, and should grant a Tooloo=
=chittoo, in his name specifying distinctly
in it, that in the event of any part of his
usual putcul land being given up or left
waste without sufficient Cause before the
cowle expires, the Cowle rate will be dis=
=continued, and the full survey assess=
=ment levied on the land taken up under
this Tooloochittoo if it be assessed land, or
if it be immemorial waste or Poromboke,
that the full assessment of the adjoining
Land of a similar description and quali=
=ty under Cultivation will be levied.

11 Should it not be convenient
to the Ryot to apply direct to the Tahsildar

ab

at the time he may wish to engage in the
Cultivation of any additional land, he may
do so to the Karkoon, Curnum, or Monigar, who
are hereby authorized to grant written permis=
=sions, on which he may commence Culti=
=vation. The Karkoon or Curnum and
Monigar who may thus give written
permission should report the same im=
=mediately to the Tahsildar, from whom
the Ryot should obtain a Regular Tooloo=
=chittoo according to the instructions contained
in the preceding rule, before the commence=
=ment of the Settlement. In all cases
of granting a Tooloochittoo, the assessment
should be inserted in it, if the Tooloochittoo
be for immemorial waste or other unassess=
=ed land, the assessment should be fixed
with reference to other lands of a similar
quality under Cultivation and should
be inserted in the Tooloochittoo. All
Tooloochittoos issued should be entered in a sepa=
=rate book which should be attested by the Tahsil=
=dar and his Sheristadar and delivered in the Huzzoor
Fuftchery at the time of Settlement.

Fy

12 If any Ryot without previously obtaining a Sooloochittoo from the Sahukdar or written permission from the Carkoon, Curnum, or Monigar, Cultivates of his own accord lands entitled to Cowle, not the Cowle but full teerwah shall be levied as a penalty for breach of orders, notwithstanding that he may have cultivated his usual puttah lands. These orders should be properly explained to all the Ryots.

13 Should any ryot offer to Cultivate, on payment of the full assessment, lands entitled to Cowle, such land may be made over to him at the full Teerwah, and a Sooloochittoo granted accordingly.

14 Should any ryot offer to Cultivate at the time of Settlement with an after Crop, an entire field or fields, and give a Moochelka for the payment of the full assessment, the land should be made over to him for Cultivation

cultivation and the extent and assessment inserted in the Jummahbundy account of that year as cultivated, and the Teerwah collected accordingly.

Cowle shist to be paid whether the land is Cultivated or not—

15 Cowle lands whether cultivated or not should be always entered in the settlement accounts and the progressive Teerwah collected. Nunjah Cowle lands however, if unavoidably left fallow from failure of water will be exempted from assessment, but in the following year will be liable to the Cowle progressive shist of that year. If a ryot Cultivates his Cowle land in the first year and leaves it fallow in the second, or afterwards before the full Teerwah is payable, or if he gives it to another to cultivate, the progressive Cowle Teerwah should be nevertheless collected. In the event of a ryot being engaged by the circar to cultivate cowle lands given up by ryots who have died or Emigrated, a new Cowle puttah should be given for the progressive Cowle shist which may then be payable.

If

Ryots Cultivating Enam lands.

16 ... If any ryot from inability to cultivate or other cause tenders during the cultivating season a Razeenamah for a part or the whole of his usual puttah lands, and continues the cultivation of any Polliput, Jodigy, Agrahar, Jaury, Mootah, and Enam lands, or another puttah which he may have been in the habit of cultivating no teeruh will be levied on his puttah lands so given up, but if tendering Razeenamah, he engages newly in the Cultivation of Polliput, Jodigy, Agrahar, &c. lands, his Razeenamah will be considered null, and the Teeruh of the puttah land he has left will be collected, unless the land so left has been cultivated by another individual, when no teeruh will be levied from the late proprietor. If a ryot without tendering a Razeenamah during the cultivating season, leaves a part or the whole of his usual puttah land waste, and engages as above stated in the Cultivation of Polliput, Jaury, Mootah &c. lands whether usual or not, the teeruh of the puttah so left will

will be collected, that is if not cultivated by another Individual.

17 ... If Enam lands are similarly converted the assessment of lands of a similar description and quality will be charged and the difference, after deducting the poonjah teeruh, will be levied from the Enamdars, as Teeruhjaunty in addition to his usual Jodigy.

Bagayt waste

18 ... If any ryot repairs an old well in bagayt waste land, at any trifling expence under 10 or 15 Rupees no Remission shall be allowed, but if he repairs substantially and at a considerable expence any old well, and brings into

Full Teerwah to be paid when a part of a field is Culti-vated.

When a ryot cultivates only a
portion of a field and leaves the rest waste,
he must notwithstanding pay the full teer-
wah for the whole field.

22. If a part of a Poonjah field
is cultivated with Bagayet or Nunjah by
means of water from any Sircar source,
the portion so cultivated should be mea-
sured and the teerwah of the adjacent Baga-
yet or Nunjah lands of a similar description
and quality should be respectively collected
on it and the Poonjah turm Teerwah for the rest of
the field whether cultivated or not. The extent
of the land so converted and its increased assess-
ment should be entered in the Summahbundy
accounts as transfer of Cultivation.

Wetland Cultivated with dry Crops.

23. In the event of a deficiency of
water, Nunjah or Bagayet lands may be
cultivated

cultivated with Poonjah crops, when the highest rate of Poonjah Teeruah of that Village should be collected. If there is any land which at the period of survey was occupied by trees and on that account excluded from assessment and which has now become fit for cultivation from the trees having been cut down or destroyed if cultivated with Nunjah or Bagayet the Teeruah of the adjacent Nunjah or Bagayet land of the same quality and under the same description of cultivation, if with Poonjah the highest Poonjah rate of the Village should be fixed on it and the same entered in the Summabundy Accounts

24. The lands and Nunjah Gardens of ryots who have died or left their Village and for which there are no heirs or if the heirs have not the means of continuing the cultivation and tender Rayeemanahs also the lands and Gardens of the heirs of deceased and deserted ryots who without cultivating retain them without giving a Rayeemanah for

which

which the notice prescribed by Regulation 30 of 1802 should be given, should be all considered to belong to Government and at the proper season be given out to others for cultivation If such lands or gardens should contain wells or other sources of irrigation, they should also be considered to belong to Government and if the new occupant cultivates either Bagayet or Nunjee by means of that source, the assessment of the adjoining Bagayet or Nunjah lands of a similar description and quality, and possessing the same means of irrigation, as the case may be, must be levied. If he cultivates Nunjah Bagayet, the rules prescribed in the Cowlenamah should be observed.

Nunjah Baga. 25- ye lands under certain circumstances may be cultivated with other crops.

If Nunjah Garden lands contain fewer or no trees and cannot on that account any longer pay the garden assessment they may be cultivated with Nunjah on payment of the assessment of the land if formed on Nunjah, if not, of Nunjah lands of a similar quality and if there is no supply of water with Poonjah on payment of the highest Poonjah rate

Scattered lands in full cultivation exempted from lay

rate of the Villages.

26. The lay on scattered lands in full cultivation having been established by order of the Board of Revenue, it is not now collected but as there are some few fields, the assessment of which is less than the lay on the trees situated on them, the tree lay should be collected. Scattered lands and commons under the denomination of pultcut until they arrive at the full assessment the lay on the trees situated on them should be collected and carried to Summabhundy until the lands arrive at their full assessment when they will be excluded. When a field in which there are any scattered trees is left uncultivated, the annual lay on the trees should then be collected. The Ryot on resuming such field is to pay all the Customary Mangamundy Ryotwary

27. When land is sown with any grain for the purpose of ascertaining the standard by other lands the assessment of the land so ascertained should not be collected unless such crop is reaped and

When

Encroachment on waste lands

25. When unassessed waste lands are encroached on by Ryots or by Enamdars and added to their pultcut or to their Enams the extent so added should be entered in the Summabhundy Accounts and the pate of Teervah of the field to which it is added should be collected on it. If the land encroached on is part of a field which has been measured and assessed, the Teervah for the whole field to be collected. No measurement however should on any account take place unless there are strong grounds to suspect Encroachment.

Land injured or washed away by flood.

29. If any pultcut land of a Ryot be injured or carried away by inundation from floods, rivers or the overflowing of Tanks, the Tahsildar should enquire into the circumstances and after measuring the injured extent, should bring the case to notice at the time of settlement, when the Teervah on the extent injured will be remitted.

On Bagayet lands being thus converted into sunja the assessment of sunja land of a similar description and quality is to be levied observing the same Cowle.

14. Bagayet lands left waste or Cultivated with Soonjah from a failure of the means of irrigation if restored to Bagayet Cultivation by means of a substantial repair being made by a ryot to an old well, only half the fixed Bagayet teerwah of the land to be collected until he is reimbursed for the outlay, after which the full teerwah to be levied. This favorable rate however is in no instance to extend beyond 7 years. If the land has been waste upwards of 5 years, it shall be exempt from teerwah for the first year.

15. When Soonjah Bagayet Lands are converted by waters from Circar sources into sunjah Bagayet, the teerwah

of

of Punjah land of a similar description and quality shall be levied on the two crops at maturity, but the assessment is to be doubled in the Baramahl and Coyembetore and Balaghaut the higher rate of the land. If the land has been manured for 5 years the tirwah of Punjah land of similar description and quality to be collected for the 1st year 1/4 for the second, and full for the third, and until the crop come to maturity, when it is to be doubled in the Baramahl and Coyembetore and in the Balaghaut the higher rate of the land to be collected.

10. In all cases where it may be necessary newly to assess waste land, the assessment will be regulated with reference to that on lands of a similar description, situation and quality under cultivation, and possessing the same means of irrigation. When there are no cultivated and assessed lands of a similar description and quality possessing the same advantages, the assessment given for a similar description and quality in the neighbouring villages will be referred to.

Cowle how to be applied for.

11. When any ryot wishes to cultivate waste land on Cowle he should apply to the Tahsildar in the early part of the year so that he may have sufficient time to clear and render it fit for cultivation before the rains. The Tahsildar if he approves the proposal will grant a Cowlechittoo to that effect, and should it be convenient at the time for the ryot to apply direct to the Tahsildar, he may do so to the Curtcoon, Curnum or Monigar who will grant him a written permission on which he may commence Cultivation. This written permission the ryot should get exchanged before the commencement of the settlement for a regular Cowlechittoo from the Tahsildar as directed in para 10 of the Rookumnamah.

Cowle chittoo to be faithfully given for the land if Cultivated or not.

18. If any ryot leaves his Cowle land uncultivated, he must nevertheless pay the Cowle progressive Teerwah on it as if Cultivated. In the event of any Punjah Cowle land being unavoidably left uncultivated from a failure of water, the Teerwah shall be remitted, but it in the following year will be liable to the progressive Teerwah of that year

If

19. If any Ryot shall dig or dig any substantial well to irrigate any land to convert his future Punjah Land into Punjah Baggayet or Punjah or any other description of Cultivation he may do and no additional Teerah besides the original fixed Punjah Teerah of the land shall ever be demanded. Ryots shall always be allowed to derive the full benefit from the outlay of their Capital and Labour.

Sir,

On the 19th I had the honor to receive the Board's Proceedings of the 4th Instt. together with copy of their Proceedings of the 26 August, and the Minutes of Consultation of the 24th September, on the subject of the proposed Mohinzabitah for the Current Fasly, and as therein directed, I beg to forward a revised one modified according to their instructions, and in the following particulars according to altered circumstances of the District, Viz. the reduction of the Nellacotay Police establishment is no longer required because of the present incapacity of the Zemindar to resume his estate since the refusal of Government to give up their claim to interest, and this also makes it necessary to increase the Gillahdars from 38 to 60 instead of to 55 and for 8 Taloks instead of 7 as proposed by the Board

I anticipate the efficiency of the Gillahdars will be materially improved by their increased numbers, but do not anticipate any other aid; the object of the late Collr's Circuit and the expectations of the Board can only be realized from these Officers till a higher rate of pay enables me to procure a better informed class of Men to undertake their duties

From the Collr of Tinnevelly 3 Para

Sir,

In reply to your letter of the 12th August calling for my opinion as to the sufficiency or otherwise of a proposed Act to be substituted for that part of Regulation V of 1822, which has reference to the forcible dispossession of Lands or Crops, and requiring a statement shewing the number of summary suits for the last ten years which have been filed and disposed of under this Regulation in this District, I have the honor to state that no register has been kept of such suits, nor do I find any cases which appear to have been regularly decided under the Provisions of Regulation V of 1822. Some complaints of forcible dispossession appeared to have been summarily disposed of under the general authority of

of Collectors possession being awarded to those who were ascertained by the proceedings of the Tahsildars or by personal examination by the Collectors to have been in actual occupancy and the opposite party referred to the Civil Court, others have been referred under Regulation XII of 1816 for the decision of a District Punchayet.—

2 The proposed act seems fully sufficient to enable the Magistrate to maintain pending the decision of the Courts of Law, persons who previous to the dispute causing this interference, are satisfactorily proved to have been in possession of the disputed property, where that property is tangible; but it does not provide

From the Collector of Malabar.

Sir,

Captain Gunning has applied to me to request the sanction of Government to his using a portion of the fines levied in the bazar and Cantonment of Cotacamund on account of pounded Cattle, nuisances &c to the improvement of the roads. We have at present, Captain Gunning remarks, to make parapet walls and bridges of stone, at a great expense of labor and time, whereas if we had a little money to buy Chunam and brick with the work could be done much more easily and effectually. I beg to know if this proposition can be entertained. The fines amount on an average to 40 Rupees per Mensem. The expenditure, if allowed, would of course be regularly checked

Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Land Revenue of the Northern Division of Arcot for Fusly 1249.

Read the following Extract from the Proceedings of the Board of Revenue (Here enter July 26th 1841 N:)

Para 1. It is satisfactory to observe that the season of Fusly 1249 in the District of North Arcot was more favorable than any during the last sixteen years, the rain was stated to have been plentiful early in the season with the exception of a short interval, and the springs and wells to have been amply supplied. During the Months of November and December little or no rain fell and a blight existing at the same time some degree of injury was suffered by the wet and dry cultivation reducing the average of both crops below what was expected from the early promise of the year.

3 If the comparison is extended to the results of the years noted in the Margin it will appear that the year under review exceeds Fusly 1241 by Rupees 14,8,187-5-1 which was the best year that has been known in North Arcot with the exception of the year 1232 since the Country came under Amany Management.

7.

The Principal Collector states that owing to an error the amount of remissions for Shavee or dried up crops has been again entered in the Settlement of the

In the Fusly under review the amount under this head was Rupees 4,318-12-3 and was entirely confined to the Talooks noted aside forming the Division under the Management of the Sub Collector.

The Board of Revenue adverting to this point have recorded their disapprobation of the duration from the principles by which the claims to remission on account of Shavee were determined by the Sub Collector. In the present instance on his own authority he appears to have struck off the whole assessment of such Shavee as was proved on the examination by the Tahsildars in consideration of the loss of the cultivators by low prices which as the Board observe, "cannot alone be admitted as a ground for remission and which in the year under review was occasioned by the excess of produce"

His Lordship in Council entirely approves of the sentiments of the Board expressed in Para 5 of these Proceedings and also in calling the attention of Mr Oglivie, and he would add, Mr Bourdillon, to

to their Secretary's Letter dated 23rd May 1831 in which the sentiments of Government with respect to the principles which ought to be observed in deciding upon claims to remissions in Districts where a Money Assessment prevails are defined.

In Para 18 of this Proceedings the Board discuss the sentiments expressed by the Principal Collector on the remarks of the Sub Collector on his report for Fusly 1248 on the present practice of preparing the Adungal accounts by the Village Officers the second inspection of which by the Talook Servants Mr Bourdillon proposed should be dispensed with a few only being selected as tests of the accuracy of the remainder on the grounds that the system now adopted tends to no benefit owing to the superficial nature of the scrutiny which the time of the Talook Officers admit of. So far from diminishing the scrutiny and check over these accounts upon which the fairness of the Demand against the Ryots greatly depends the interests of Government and the people require the examination to be as General and accurate as the Carkoon Establishment of the District renders practicable. His Lordship in Council concurs with the Board in their observation that "no exception should be made in the complete examination of these accounts" and that to abolish the examination "in the Villages generally and to select only a few for scrutiny is obviously objectionable."

The

Fort St George 29th November 1841.

Para 20. 11 The Board of Revenue have directed the Principal Collector to furnish some explanation on certain points in Para 22 of the Sub Collectors report upon which he had omitted to make any observations. Any alteration in the assessment or classification of lands without sanction is altogether irregular and requires the immediate attention of the Collector and Board of Revenue.

12 It is to be regretted that the subject of the Brick Tax recommended by the Para 26 Sub Collector in his report in Fusly 1248 to be abolished should have escaped the notice of the Board in their Proceedings on that report and that up to the present period no orders had been issued for the guidance of the local officers. On reference to Para 19 of Mr Bourdillons Report it appears that this tax amounting annually to Rupees 100 has been suspended since Fusly 1247 the Board now consider that a recommendation to abolish it is not called for and have directed the arrears to be realized and the tax to be continued in future. His Lordship in Council approves of the attention of the Principal Collector having been directed to the several points touched upon in paras 22 and 23 of these Proceedings respecting which he had omitted to supply the necessary information and which it is highly desirable should be furnished without further delay.

The 11th October 1841.

The following Act passed by the Right Honorable the Governor General of India in Council on the 11th October 1841.

It

is hereby promulgated for general information.

Act No. XXIII of 1841.

An Act for prohibiting the importation of Rum and Rum Shrub into the Presidency of Fort St George in Madras.

I It is hereby enacted that if any person after the passing of this act lands or attempts to land or shall introduce by land in any part of the Territories subject to the Government of the Presidency of Fort St George in Madras, any Rum or Rum Shrub which is the produce of any foreign Country, or of any British possession into which foreign Sugar or Rum can be legally imported, such Rum or Rum Shrub shall be seized by the Collector of the Customs or by any other Officer authorized to seize and detain Contraband Goods and shall be brought to confiscation according to the Rules in force for confiscating such goods, unless the District in which such Rum or Rum Shrub is landed, or in which an attempt has been made to

to land such Rum or Rum Shrub be a District in which the Governor in Council has authorized the importation of such Rum or Rum Shrub, and it shall be lawful for the Governor in Council to authorize the importation of such Rum and Rum Shrub into any District of the Territories aforesaid by an order in the Official Gazette.

II And it is hereby enacted, that if any owner of Rum or Rum Shrub the produce of the said Territories, or the duly authorized Agent of such owner be desirous to obtain a certificate of origin from the Collector or Assistant Collector of the Land or Customs Revenue of any District within the said Territories or from any other Officer appointed by the Governor in Council to give such certificates, such owner or Agent shall, in the presence of the Officer from whom he desires to obtain such certificate make and subscribe a Declaration in the Form contained in the Schedule hereunto annexed marked A and to the said Declaration shall be appended a Certificate to its verity from

from any Government Officer who may be attached to the Distillery where such Rum or Rum Shrub is declared to have been manufactured in the form prescribed in the said Schedule A.

III And it is hereby enacted, that if the District be one into which the Governor in Council has not, by any order, authorized the importation of Foreign Sugar or Rum, or of Sugar or Rum the growth or produce of any British possession into which Foreign Sugar or Rum can be legally imported, then the Officer before whom such a Declaration as is aforesaid shall have been made, shall grant under his hand and seal to the Declarant a Certificate in the form contained in the Schedule hereunto annexed marked B.—

IV And it is hereby enacted that every person who intends to ship Rum or Rum Shrub from any place within the said Territories for any part of the united Kingdom

Kingdom, shall be entitled to produce to the Collector of Customs at that place, or to any other Officer who may have been appointed by the Governments of the respective Presidencies to act on that behalf in place of the Collector of Customs a certificate, such as is above described, and also in the presence of the Officer to whom he has so produced such Certificate to make and subscribe a Declaration in the form contained in the schedule hereunto annexed marked C.

V And it is hereby enacted that the Officer to whom such a certificate shall have been so produced, and before whom a Declaration in the last mentioned form shall have been so made and subscribed, shall unless he see cause to deem such Declaration fraudulent and untrue grant to the person who has made the last mentioned Declaration a Certificate in the form contained in the Schedule hereunto annexed marked D.—

And

Fort St George 29th November 1841.

VI And it is hereby enacted that the Owner of Rum or Rum Shrub intended for exportation under this act, or the duly authorized Agent of such owner shall not be entitled to any of the Certificates described in this act unless such Rum or Rum Shrub shall be the produce of a Distillery worked according to law in the European method under license from the Board or other authority vested with the Management of the Revenue derived from the Abkarry or Tax on Spirits..

VII And it is hereby enacted that Rum and Rum Shrub manufactured for exportation to the United Kingdom under this act at any Licensed Distillery shall be manufactured pure without admixture of spirits made from Rice, Grains or any other substance or substances not being the produce of the Sugar cane or of the Date or Palmtree, and shall be so declared and verified at the time of application for a Certificate of Origin according to the form of Schedule A..

And

Fort St George 29th November 1841.

VIII And it is hereby enacted that if any Rum or Rum Shrub that may be brought to any custom House for exportation under this act shall be found to be adulterated or mixed contrary to the above prohibition the same with the Casks or materials in which it is contained shall be seized and confiscated, and the party or parties upon whose Declaration certificate of manufacture free from adulteration or mixture may have been granted for the admission of such Rum or Rum Shrub to the privilege of exportation under this act, as well as the party or parties who may have verified such Declaration shall be proceeded against for the false and fraudulent Declaration as hereinander prescribed..

IX And it is hereby enacted that any person who shall in making any Declaration under the authority of this Act, knowingly affirm an untruth, shall on conviction thereof before such Court as would be competent to try such person for

perjury

perjury, be punished as in cases of perjury and every person procuring another person to affirm such untruth shall be liable to be punished as in cases of subornation of perjury, and any officer of Government subscribing an attestation to the verity of such Declaration knowing the same to be untrue shall be subject to a like penalty as the false Declarent, besides dismissal from the employment of Government.-

X

And it is hereby provided that notwithstanding any thing in this act contained, no person intending to manufacture Rum or Rum Shrub, within the Presidency of Madras shall establish a Distillery for such purpose without making application for a license in manner directed by Regulation I of 1820 of the Madras Code; and every person manufacturing Rum or Rum Shrub within the Madras Presidency without having first obtained such license shall be liable to the penalties provided in that Regulation.-

Proceedings

Read the following Letter from the Collector Vizagapatam containing his report upon the Extra Sources of Revenue in that District for Fusly 1252.

(28)

Proceedings Relative to the Management of the Extra Sources of Revenue in the District of Vizagapatam for Fusly 1250.

Salt Para 1. The Current Collections from the sale of Salt in Fusly 1250 amounted to Rupees 150,328-2-8 being less by Rupees 380-2-10 than the Collections of the preceding year. This was occasioned by a decrease of Rupees 5,737-15- in the sales for inland consumption and an increase in the Home sales to the amount of Rupees 5,357-12-2. It would appear however from an explanation contained in Para 5. that this variation in the extent of the Home and inland sales was more apparent than real, as there is reason to believe that the greater part of the Salt purchased ostensibly for Home Consumption was disposed of at the extremities

of

of the District, to Brinjaries, whom the unfavourable nature of the season had deterred from venturing with their Cattles so far as the Salt Pans to make their Spun.

2 The quantity of Salt manufactured in Fusly 1250 is shewn by the Statement **D** to have been greater by Garces 1,243–225–1 Gr. than in the preceding year, and there was consequently an increase in the charges of purchase and manufacture to the amount of Rupees 7461–9–2 A Decrease of Rupees 1796–1–10 in the charges of Superintendence, reduces the total increase in the Salt charges to Rs. 5,665–7–4–3.

The Net Revenue from the Salt sales in the year under review after deducting the charges above noticed is Rs. 139047–7–11 being Rs. 5453–10–7 above the Net Revenue derived from this source in Fusly 1249.

Layer 4– The Current Inamie collection

under this head in Fusly 1250 exceeded those of the preceding year by Rupees 6473–10–11 and the Detail but exhibits an increase of Rupees 440–0–1 making the gain in the Settlement of the year amount to Rupees 6913–10–11. This improvement is attributed by the Collector to an increased demand for the staple commodities manufactured in the District, by parties importing grain

†22,327–4–2 from Arracan. In the charges there was an increase of Rupees 7,147–1–11 occasioned by the repayment of duty on cloth exported to Calcutta which appears in the accounts as a charge in this department. The consequence of this excess of charges, was a decrease in the Net Revenue brought to account in Fusly 1250 to the amount of Rs. 990–6–3. The Net Revenue of Fusly 1250 being Rs. 60,042–3–. and that of the year preceding Rs. 61,032–9–3.

Sea Customs 5. In the Sea Custom Collections there

there was a trifling increase of Rs. 57-2-10. The charges exceeded those of Fasly 1249 by Rupees 46-2-4 owing to some vacant situations having been filled up. the result was that the excess in the Net Collections was reduced to Rupees 11-6 the Net Revenue of Fasly 1249 being Rupees 18274-7-" and that of Fasly 1250 Rs. 18285-7-6.

There were no charges under this head.

Stamps 9. The Stamp Collections exhibits an increase of Rupees 12592-7-8 ½ which Rupees 640-10-2 occurred on the sale of Rowanahs and the remainder Rupees 11951-13-6 on Stamp papers for Law purposes. the increase in the latter item is explained to be merely nominal, as it arises from certain suits struck off the file of the Provincial and Zillah Courts in which the Stamp duties were refunded to the parties, the Suits being re-filed before the Collector in his capacity of Agent to the Government in - - - Vizagapatam.

10. The Net Revenue from the sale

Sale of Stamps, after deducting Charges which from their including the refunds alluded to in the foregoing Para, exceeded those of July 1249 by Rupees 437-1-0 amounted to Rupees 25693-15-1 being Rupees 8221-6-8 in excess of the Net Revenue derived from this source in July 1249.

Tolls. 12. The Settlement of the whole of the Extra branches of Revenue for July 1250 shews an increase of Rupees 17310-11-9 over the Settlement of the preceding year. In the Gross Collections there was an excess of Rs 30259-4-6 owing to a larger amount both of Current Revenue and arrears having been realized in the year under review than in July 1249. The Net Revenue after deducting charges amounted to Rs 29920-1-2 being Rs 12996-5-5 in excess of the Net Revenue of July 1249. We

13. The Statement of Net Collections annexed to Para 26 of the Collector's report differs in some respects from that which accompanies these Proceedings inasmuch as the former exhibits merely the difference between the Current Collections and Charges under each head, whereas the latter shews the Net Revenue remaining after deducting Charges from the Gross Collections which includes Extra Collections and Arrears.

14 Under the circumstances represented in the Statement annexed to Para 25 the Board recommend that the sum of Rupees 170-4-3 being the amount of Moturpha due by parties who have died deserted or become unable to pay may be written off to profit and loss.

Ordered that a copy of the foregoing Extract from the Board's Proceedings together with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government, and a transcript of the same be forwarded to the Collector of Vizagapatam for his information and guidance.

From the Collr of Masulipatam submitting report on the settlement of the Nundegamah & Estates under the management of Ramanada Baubo for fuslies 1248 and 1249.

Sir,

Para 1. I have the honor to request you will lay before the Board the following report on the Management by Vasereddy Ramanadaboo, of the several Estates composing the Nundegamah Zemindary as noted in the Margin, for Fuslies 1248 and 1249. together with the undermentioned statements.—

Fuslies 1248 and 1249.

2. The Jummabundy Statement for Fusly 1248, which the Manager Ramnad Dabboo was required to submit after the expiration of that Fusly did not reach my cutcherry till the 23d July 1840. when the accounts for Fusly 1249. had become due. Under these circumstances I deemed it preferable to defer the transmission of the Statements for Fusly 1248. till I should be enabled to lay before the Board similar statements for Fusly 1249. This course was also recommended by the circumstance that in my last report a Comparison was drawn between the Settlements for Fuslies 1246 and 1247 and those of the two preceding Fuslies.

3 With regard to the seasons in

Fort St. George 29th November 1841.

in Fuslies 1248 and 1249. it will appear from the Demand, Collection and Balance Statements that it was favorable for the dry, but unfavorable for the wet Crops during the former Fusly, while it was more propitious for the wet Crops than for the dry during the latter Fusly. The seasons therefore cannot be considered to rise above average ones in both these years.

4 The total demand of the said Estates for Fuslies 1248 and 1249 exceeds that for Fuslies 1246 and 1247 to the amount of Rupees 3,696. 13-3. in the aggregate, as shewn in the following Abstract, or at the rate of Rupees 15,848-6-7 per Annum.

5 The above increase in the demand may be deemed satisfactory, but there still remains a considerable balance of Rupees 13,642-5-4. uncollected up to the end of Fusly 1250. for Fusles 1248 and 1249. as shewn in the Margin.

6 Upon calling on Ramanda-baloo to explain the causes of his failure

Fort St. George 29th November 1841.

failure to collect these balances, he forwarded an Explanation which will be found in the Column of remarks appended to statement A. with respect to the amount due on Mocassas and agraharums, the reasons assigned appear to be satisfactory, because it appears from the enquiries of the local officers, that the returns from these Villages under the deterisorated circumstances of the Country have not yet enabled the Mocassadars and agraharumdars to pay the full amount of the quit rent which was originally assessed upon them during times of Comparative plenty and prosperity, but with respect to the balances accruing in some Estates under items denominated Aumanie, the reasons do not appear sufficient, because as the demand in such cases is regulated according to the quantity of produce and Current prices, the whole amount should have been nearly collected, leaving only inconsiderable balances as in other

Estates

Estates under the Collectors' Management.

7 In the rented Villages the balances amount to only Rupees 624-15-11. and as Ramanadababoo admits that they are recoverable, I shall use my utmost endeavours to realize them without trenching on the future means of the Ryots.-

8 an attempt was made according to the orders of the Board conveyed in their Proceedings dated 29th August 1839. to Collect the revenues according to a prospective estimate, but as the probable receipts in the Amanie lands depended on the actual produce and prices, and as no fixed assessment had ever been fixed on those lands, no approximation to a fair demand or to a correct standard of Collection could be fixed till the actual produce and prices had been ascertained, and a settlement founded thereon had been concluded between Ramanadababoo and the Ryots.

9 To shew the Board the impracticability of assuming any prospective

prospective Estimate as a standard of Collection, the Statements B and C are now forwarded.-

10 It will be observed that in Fusly 1248. the difference between the prospective estimate and the actual settlement as fixed by Ramanadababoo amounted to Rupees 6,315-11-0 while the collections, including subsequent ones shewed a deficiency of Rupees 12,321-14-3 In fusly 1249. the probable estimate corresponded pretty nearly with the Jummabundy. but the Collections within the Fusly and subsequently thereto, Exhibited a deficiency of Rupees 7,614-2-10.

11. Now how is the real amount that ought to be Collected to be determined- By deputing local officers from time to time to inspect and ascertain the actual extent of Cultivation in the money assessed lands and the actual produce in the amanie lands and rented Villages, keeping a faithful and correct record of the same, and Commuting

the

Fort St. George 29th November 1841.

the produce so ascertained into Money accord=ing to the average prices of the season.-

12. Whether the amount of the actual demand as fixed and determined by these accounts exceed the prospective Estimate or fall below it, it is clear that Ramanadababoo's responsibility for collec=tion is limited by those accounts alone, and not by conjectural estimates made before the Cultivation, produce, or prices which depend upon the nature of the seasons shall have been ascertained. These principles were fully explained and inculcated in Paras 26-27-28-29 and 30 of my report dated 11th April 1839.-

13. The soil in the estates in the Margin consists principally of dry land which has been leased out by Rama=nadababoo at progressively increasing rents while the wet lands have been retained under amany management, and yield an annual Revenue accord=ing to the quantity of the produce and the amount of the current prices. The demand in these estates exhibit an

and Collections of the Mootah of six Villages for Fusslies 1248 and 1249 compared with those for Fusslies 1246 and 1247. Shew an increase in the Settlement of Rupees 610–13–7 and in the Collections of Rupees 571–1–4.

16.

The average Collections including subsequent ones in both these periods exceed the Peishcush in the sum of Rupees 726–13–8 and Rupees 1297–14–10 respectively as shewn in the margin, but as the settlement is made on a division of the Crop, and as the Soil is principally composed of dry land yielding annual Crops, the greatest fluctuation takes place

place in the produce and value from year to year. Hence the great decrease observable in the amount of Revenue and Collections for Fusly 1248 compared with Fusly 1249 and Fusly 1247 compared with Fusly 1246.

17 The Balances for Fusslies 1248 and 1249 will be found detailed in Columns 13 and 14 of Statement A— The cause of their non Collection is stated to be a fall in prices after the date of the Settlement. As the Amount is small, Viz^t. Rupees 329–3–1. and as Ramanadadaboo promises to realize it hereafter, no further remark appears to be necessary.

18 The Average Amount of Settlement and Collections of Condapilly for Fusslies 1248 and 1249. of the Statement A that there is still an uncollected balance of Rupees 653-1-10 arising under Amany with the exception of Rupees 8-1-6 due on the rented Villages. The reasons assigned by Ramanadaboo for leaving so large a balance uncollected are not satisfactory.

19 The average amount of settlement and Collections of the Estate of Innoogoodroo, Aukoolamanadoo and Culdindy for fusties 1248 and 1249 compared with that for fusties 1246 and 1247 exhibit a decrease in the Settlement of Rupees 3,173-3-1 and in the Collections of Rupees 1,181-6-11.

20 The decrease in the average Collections below the Amount of Peishcush for Fusly 1248 and 1249 amounts to Rupees 6,236-0

The

The cause of the decrease in Fusly 1248 in those Estates which lie Contiguous to the Town of Masulipatam arises 1stly from the badness of the season in that year for the wet Crops, and the circumstance of there being but little dry land capable of yielding Jonna which could make up the deficiency, 2dly from the deteriorated condition of these Estates consequent upon the famine and mortality in Fusly 1242 and 1243.

21 The decrease in the Collections below the Peishcush in Fusly 1249 tho' less than in the former fusly shews a considerable improvement in consequence of the goodness of the season in that year for the wet Crops, and I am in hopes that this Estates will exhibit a progressive increase in the settlement and Collections to the same extent as has taken place in the contiguous Estates of Padanah, Padapatam & Vinnacottah & Goodewadah under the Collector's Management.

22 The following Statement shews a Comparison between the total Collections on all Estates for fusties 1246 and 1247 & 1248 & 1249 and also the payments on Account of Peishcush in each Estate and in each Fusly.

I beg leave to call the Board's attention to Para 34, 35, and 36 of my report dated 18th April 1839 in which I declared my opinion that the appointment of an additional Goomastah in each of the Divisions noted in the Margin, and also in the Hosgoor Cutchery was indispens-
-ably required to exercise an efficient control over the Proceedings of the Manager Rama-
-nadababoo and his subordinate Officers to check any attempt to conceal the actual extent of Cultivation or amount of produce-

The smallness of the Establishment in the said Divisions which can scarcely cope with the duties assigned to them, and the necessity of ascertaining the actual amount of produce in the rented Villages and Amany lands and the actual extent of cultivation on the "Mucta" or assessed lands with the view of determining what should be collected from year to year will, I trust, shew the Board the necessity of placing the Establishment on an efficient footing- This

31 The Collections of Fuslies 1248 and 1249 both on account of Current and Arrears, exceed those of fuslies 1246 and 1247 by Rupees 4262-7-4, but the amount paid in discharge of the Peishcush in Fuslies 1248 and 1249 exceeds that of the Fuslies 1246 and 1247 only by Rupees 1289-12-7- This increase would have been much greater had it not been for the sum of about Rupees 3000---- Charged in the Account Current for Fuslies 1248 and 1249 on account of the Zemindars personal Expences- This sum exceeds the the Amount that should have been charged

supposing his allowance to be fixed at Rs 100 a Month, and therefore I shall take care to see that the difference, Viz Rs 800 is recoverd from him hereafter.

32 In January 1836, Mr Crozier, the Acting Head Assistant Collector in charge

Made

Fort St George 29th November 1841

made over the produce of the Saveram lands to the Zemindar according to the Minute of the Right Honorable the Governor dated 30th June 1835, but as it is proposed to grant him a Money allowance of 100 Rupees per Mensem as was done in the case of Ramanadaboo, the produce of the Saveram lands clearly belongs to Government, and therefore ought to be carried to account. The cause of this not having been done hitherto has arisen from a Precept of the Auxiliary Court ordering the Savarum lands and produce to be attached. I attached the Savarum lands, but declined to comply with the requisition of the Assistant Judge to remit the proceeds

proceeds thereof to the Auxiliary Court,
because the lands in question were made
over to the Zemindar for his subsistence
according to the Minutes of the Right
Honorable the Governor above adverted
to, and because, even if the lands had
not formally been granted by Government
the lands being Sary and included in
the Assets on which the permanent
Settlement was fixed, their proceeds belong
exclusively to the Government, and must
be carried to the Credit of the Estate
unless continued to the Zemindar the
present Manager for his maintenance.

The

The Auxiliary Court after a
second reference, thought it prudent
to withdraw its pretensions; and
the amount, Viz.t Rupees 1,483-0-0
has been carried to the credit of
the Peishcush.

Ordered to be sent again enc in Circulation

Read again letters from the Collector of Guntoor dated 5th and 13th and entered in Consultation 21st and 25th Ultimo—

33

Proceedings thereon—Para 1 As the Board of Revenue have recently on the Collectors own recommendation and with certain restrictions permitted the Management of the Zemindar of Suttenapilly to be continued, they are averse to desire the immediate Sequestration of the Sayerpreddy Estates, without according a similar indulgence to Ramanad Baboo, more especially with reference to the observations of Government recorded in Para 4 of the enc in Cons 18th Oct 1841. Minutes of Consultation of the 4th October disapproving of the proposed change of Management, unless the security of the Revenue and the good of the Estate demanded it.

2 It is by no means the desire of the Board to conceal their conviction that heretofore that Management has been any thing but satisfactory

or their belief that a Portion of the annual Collections that should have been paid into the Treasury have been withheld and misappropriated by Ramanad Baboo, but neither are they altogether satisfied that the means by which the natural tendency to such a Course in a Person situated like the proprietor of these Estates might have been checked, have been hitherto employed to their full extent by Mr Goldingham—

3 The extensive possessions of the Mulnaad family which adjoin the Sayerpreddy Estates are settled direct by the Collector and his native subordinates. They yield the same products, are equally influenced by the nature of the season and have suffered from the same calamities with the landed Estates of Ramanad Baboo. The Collector therefore has in them a sure means of testing the Correctness of the Zemindars Management—The prospects of the year when ascertained on the one afford a Criterion for determining the demands on the other; or if there be reason to think that Peculiarities of season have materially affected one quater of the district which have not influenced the other, this may be easily ascertained and the demands adjusted accordingly

accordingly by enquiries thro' local Officers or by Servants deputed for that special purpose.—

It should be Mr Goldingham's duty therefore to require that the Receipts from the Zemindar Rajah Vasy Reddy should keep pace with the Collections in the Mulnaad Estates, or nearly so, after making any necessary allowance for Establishments and maintenance, and to see that the Kists are paid with punctuality, the terms being fixed so as to correspond with the Collections from the Ryots. The same Check should be applied in this Estate that is proposed to be enforced in Suttenapilly. Finally the Zemindar should be explicitly informed of the Course to be pursued and the Estates should be assumed at once whenever the Zemindar shewed a disposition to avoid the correct performance of his engagements, the fact and circumstances that have led thereto being duly reported to the Board for information.—

Sir

I have the honor to forward herewith a List of proposals received for the Abkarry Rents, together with one for Sundry Small Farms and Licenses, for the Current Fusly, and request the Board's sanction for accepting the same. The Increase in the Abkarry is chiefly owing to the competition for the Guntoor Station.—

To The Secretary to the Board of Revenue. Fort St. George.

Sir,

36

From the Pr. Coll.r of Nellore.

Reporting on the Settlement of the Woodiagherry Jalook for Fusly 1250.

Para 1. In my Jummabundy Report on the past fusly 1250. I intimated my intention of reporting separately on the Settlement of that fusly. of the resumed Jaghire of Woodiagherry, and I have now the honor of submitting the usual Jamma bundy accounts of that portion of the District.

2 The following Statement exhibits the number of Villages and hamlets comprised in the Jaghire, and the mode in which they were settled in fusly 1250. as also in the preceding fusly.

Description

17632

Fort St. George 29th November 1841.

3

There was a gross increase of 7 hamlets in fusly 1250 which the Tahsildar explains he inadvertently omitted to enter as separate hamlets in the accounts he had first sent in. By a similar mistake 2 hamlets were entered as supposed to be hamlets of Villages under rent in fusly 1249. In one case a water channel was taken as the line between the Villages and hamlet whereas in fact the whole formed one Village. In the other case the few families which had once composed the hamlet had subsequently removed into the Villages. The actual number of hamlets therefore in fusly 1250 is 88 or five more than in fusly 1249.

been continued by Government as a life grant to Syed moostafa ally Khan the brother of the late Jagheerdar.

To the Board 27th February 1841. Para 17. Jamabundy Report of fusly 1249. Para 38.

5. The Board have been already informed of a measurement Classification and assessment of the lands in occupancy having been made and the mode in which it was conducted. In determining the money rates on the lands a deduction as in the Government Talooks of 6 ¼ per % was made from the gross produce for Calavaudem. or Village servants fees and a share given to the Ryots of 45 per %. an average of the 5 preceding years prices prevailing in the two adjoining Talooks of Calegherry and Rawoor, were adopted as the Commutation price of the Government share of the Grain. no account of the actual selling prices in former years in the Woodiagherry Talook itself was procurable. The accounts all exhibiting the fictitious Cadeem prices of the Jagheerdars settlements. The averages came to 22 Rupees per Candy for

for dry grain and 18 Rupees per Candy for Paddy. For the moolom and Jareeb lands the rates of assessment prevailing in the Government Talooks were adopted as proposed in Para 33 of my settlement report on Woodiagherry for fusly 1249.

6. The mucta rates framed by the Tahsildars underwent at the settlement the closest scrutiny by myself personally as well as by my sheresta Department, and they were adopted only after a careful examination and comparison of the average produce and collections from each Village for as many years back as accounts were procurable of the muctas paid for a length of time to the late Jagheerdar of the estimated produce of fusly 1250. all these accounts were freely discussed at the settlement in my presence and in the presence of the Villagers, and of those who had been deputed by me to form an assessment on an actual inspection of the lands and their present capabilities, and in the

presence

presence of some of the leading Reddies of the Government Talooks, intimately acquainted with the nature and description of the lands in Woodiagherry from having themselves at one time had cultivation in several of the Woodiagherry Villages. I had great reason to believe that for the most part the macta rates had been fairly made by the Tahsildars deputed to perform that duty. It was in 19 Villages only that some modification appeared called for, in some there was reason to think them too low, in others too high. The rates of assessment now framed and adopted at the settlement of fusly 1250 are moderate, and if there be error it is on the safe side, that is the Ryot is rather under than overtaxed. The Board can scarcely have an adequate notion of the joy and satisfaction which is felt throughout the whole Talook, by the introduction at length of some order and regularity in their concerns with the Circar, by leaving a defined amount of Revenue to pay

pay instead of the fluctuating and arbitrary demands they have been subject to from their late mussulman master, and by their exemption from those Extra Cesses which they had to pay to him under various denomenations of Poollabuddy, Tuhureer &c. Owing to the great variety of the Jagheerdar's rates of mooloom assessment, the adoption of the rates prevailing in the Government Talooks was in some cases complained of, but generally speaking it was in favor of the Ryots. Those cases where it increased, the Ryots payments, were in part lands which from favor or other cause had been given by the Jagheerdar at a favorable assessment, and in part lands given to Ryots for a considerably reduced payment on the principle which he adopted, of its being preferable to get something rather than nothing.

The rates on metta lands for the whole Talook are 35 and on maganee lands 51. They do not in any Village exceed 5 for metta

metta and 6 for magania. The metta rates vary from Rupees -- 13-4-0 to 11-5- per goortoo and the magania rates from Rupees -4-10-1 to Rupees 37-8-0 -5-

The early parts of the season was unfavourable. From April to July there was no rain but a moderate fall in august and September. From the latter end of October till about the middle of November the rains were more abundant, but seem to have been less than in the other parts of the District as no tank received three quarter of a full supply. With the exception of a few partial showers in December there was no more rain.-

9. The season generally was the same as in the other parts of the District as detailed in my Jummabundy report for fusly 1250.-

10. Prices were a little lower than in the preceding fusly. The decrease in the price of wet grain was 2 Rupees, and of dry grain Rupees --1-9-0 per Pootty. The former were the same as the Commutation price

price, and the latter Rupees -1-12-5- per pootty below it.

11. I am unable to give a comparative Statement between fusslies 1249- and 1250 of the extent of land taken up for Cultivation, as no settums existed for fusly 1249- The extent taken up in fusly 1250- was as follows.

| | |
|---|---|
| metta | 7,110. |
| magany | 1,539. |
| mooloom | 1149. |
| Jareb | 30. |

From

14 From the circumstance of there being no actual Cultivation accounts of fusly 1249. of 9 Shrotriums and Surva Enam Villages which were only resumed in fusly 1250. I am unable to give a comparison of the actual Cultivation in fuslies 1249 and 1250 for the whole District, but the following statement exhibits one for the Villages which were under Circar management in both years, exclusive of the aforesaid 9 Villages.—

15 It will be seen that there was a decrease in fusly 1250 in all descriptions of Cultivation in Metta 608 goortoos. in Maganie 180 in Moolom 37 in Jareeb 1 goortoo Making a total decrease of 826 Goortoos. results occasioned by the greater unfavourableness of the season.—

The actual decrease therefore of the net revenue of the resumed Jaghire in fusly 1250 below

below fusly 1249. was Rupees 3034-2-7.—

18 The Jaghire having been
resumed at a broken period of fusly 1249. it was
not practicable to form dittems for that year
and the settlement having in consequence
been formed partly on a division of the pro-
duce partly on money rates, and in conformity
with previous usage, there are no deductions
to be shewn for that fusly.—

Sooktee 19. The deductions under this
head in fusly 1250 was small and requires
no remark further than to explain that
it was made under the same restrictions and
examination of the lands as are in force in
the Government Talooks.—

Bunjer. 20. The deduction under this head
amounted to Rupees 1145-12-. of which
Rupees 2093-9-8 was on account of maganie
lands, and Rupees 1468-11-. on account of
metta lands. This is however more a difference
in account than land actually left waste,—
When the Dittums of fusly 1250 were formed
the

the fields had not been measured and they
were entered in the Dittum statement at their
supposed extent, but having subsequently and
previously to the formation of the settlement
been measured, their exact extent became
known and much of this metta Bunjer consist
in fact of the difference in the two accounts
some part of the metta Bunjer consists of
Dittum land left through ignorance of—
rules uncultivated, but in lieu of which they
cultivated other lands. The remainder is made
up of deductions on account of poor Ryots
who from one cause or another were unable
to cultivate to the full extent of the land they
had occupied, and of lands the cultivation of which
was prevented by their being under water.—

21. The deduction on account
of mooloom and Jareib Bunjer was Rupees—
583-7-4- of which Rupees 130-5-2. is the differ-
ence between the extent first entered in the
dittum as per the Jagheerdars measurement and
that found afterwards by a correct measurement—
by

by Government Officers. The mooloom and Jareeb lands under cultivation were usually measured by the Jagheerdar and his measurements like his Estimates and accounts of produce were made out by an arithmetic peculiarly his own. The remaining portion of mooloom and Jareeb Bunjer deducted, consists of lands left waste from a deficiency of water in their Wells and of poor Ryots who were found upon enquiry at the settlement to have left them waste from actual inability from want of Cattle or other cause to cultivate them.—

22. Lands left waste from the neglect of the Ryots were included in the Settlement to the amount of Rupees 2343-4-" the particulars of which are given in the margin.—

| | | | |
|---|---|---|---|
| metta | 2033 | 6 | 6 |
| maganie | 139 | 14 | 6 |

| Total | 2343 | 4 | " |

Discretionary Remissions.

23. This deduction amounted to Rupees 398-10-5. and seems to require no particular explanation. It was principally granted to poor Ryots whose lands, though cultivated, had yielded but a very scanty produce

produce and also to the same description of Ryots to whom the Jagheerdar with the view of getting something rather than nothing had given mooloom lands at extremely low rates and to whom the sudden augmentation of the mooloom Shist which obtains in the Government Talooks would have been oppressive and who moreover at the commencement of the year were not aware that they would be assessed differently to what they had been during the Jagheerdar's administration. all such persons were however fairly warned at the settlement that they would not be allowed in future to stand as exceptions to the general rule, and that if they were unwilling to keep their lands on the new assessment, they were at liberty to relinquish them. The Wells in Woodiagherry are large and substantial and the mooloom lands generally of a good description, any land worth the expense of cultivating as mooloom will realize the mooloom assessment now fixed, and the Ryots know it well. Those who had held on lower rates than the new assessment tried, as of course they will try

Fort St. George 29th November 1841.

try, to get as good terms as they can - but I mistake much if a single Ryot will throw up any of his mooloom land though he may heretofore have paid much less for it than he must pay hereafter.-

Fusul Cummee.

24. The next deduction from the gross settlement was on account of Fusul Cummee, and amounted to Rupees 800-9-6. It was made on account of certain two Crop garden lands cultivated with one crop only, in Consequence either of the death of the Ryots Cattle at the season of Cultivation, or an insufficiency of water in the Wells to raise a second Crop. It was partly also made on account of some garden and magania lands unavoidably Cultivated with dry Crops.—

25 The decrease in the Shrotrium Revenue of fusly 1250. is occasioned by the resumption of three Shrotrium Villages and the reduction authorized by Government of the Beyrij of the Coimcherooveo Shrootrium from Rupees 172 to Rupees 66-8-" —

26. The following statement exhibits the revenue from Pollary in Fuslies 1249. and 1250—

The

Fort St. George 29th November 1841

The principal cause of the decrease shewn above has been the greater unfavorableness of the season. It is in part owing to the high amount of the Jagheerdars' rents of the Villages which were under rent in fusly 1249. The rents amounted to Rupees 14,513-1-2- while their settlement Byriz of fusly 1250. was Rupees 12230-12-8. The decrease is partly owing also to the following items of Extra . . collections which formed part of the Byriz of fusly 1249. having been excluded from that of fusly 1250.

| | | |
|---|---|---|
| Poottabuddy | 6.20. A. P. | 2,555-- |
| Made Turoogoo | | 38-6-1 |
| Extra fees collected on Mucta Gardens | | 1,543-15- |

| Extra tax payable to the Jagheerdar upon wells | | 84-2- |
| Value of Sheep and other Sundry items usually supplied to the Jagheerdar | | 77-14-9 |
| Total | | 5,862-7-7 |

30. Byriz of Rupees 77,984-15-3. there has been collected up to 15th October Rupees 70,728-9-10. leaving B

a sum of Rupees 7,256-5-5. outstanding, of this I do not think any large portion can be collected, unless harsh measures are resorted to, which would be unwise in the present condition of the Ryots of this Taluk. It is in part due for the Metta Punjer which the Ryots neglected to cultivate, in part on account of lands which produced scantily, and in part on account of the difference of assessment where the Ryots thought proper to grow the lower assessed crops of Inaloome on Jareeb lands, as they had done in the Jagheerdar's time although there are strong grounds for not enforcing the collection of the assessment in these cases, it was indispensable to include them in the settlement to remove the impression the Ryots would be apt to entertain that they were free to do the same in future years.

31. The revenue from all sources of the resumed Jaghire of Woodiagherry in fusly 1250. was below that of fusly 1249 by Rupees 2,747-12-8. Viz^t. -

1884 — 1 — paid the remainder in the course of recovery —

Have not yet had leisure to submit the reports referred to in my letter of the Board of date 24th August 1840. but will take an early opportunity of doing so.

33

We regret to find amongst the Papers forwarded by the abstracted anticipated Assessments of the Fasly 1249. for Purchy 1842 Encumbering subsidies of the Peishcash in Purchy 1842 Encumbering subsidies which case the Fields whose, owing to the inquiry before referred to, the Board in their letter of the 29th September last directed the settlement of that year that Pled deferred to the settlement of that year that Pled deferred to special enquiry to be made. Request to say that the Further information had been called for in October last and therefore become necessary that Fasly 1250 should be Collected as far as possible Separately from the Fasly 1249 Assessments —

We the Commissioners of Revenue.

We Pondicherry 7th Decr 1841.

Sir,

We have the honor to acknowledge the receipt of your Letter of the 29th ultimo.

We shall endeavour to comply with the instructions contained in the 2nd Paragraph of your Letter.

We have the honor to be

such account to the Roosoomdars a fixed sum of Money annually. That he did make such payments there is reason to believe, but the consideration he received for them is not yet known, and without this I did not consider that I should be justified in conforming to what the Jagheerdar had done, and making the Government pay what usually forms a charge upon the Ryot, except where lands and other privileges have been resumed for the benefit of Government in which cases the payment would reasonably fall upon the Government. It seems to me evident that unless the same thing had been done in Woodiagherry the Jagheerdar would never have taken upon himself the payment of these Roosoomds. I have no detailed information on the subject at present, but intend adopting measures to procure it, and shall lay the subject before the Board as soon as I can clearly comprehend how the matter stands.

35 The Board have supported the recommendations made in my report on the last year's settlement of Woodiagherry, that certain items of moturfa revenue should be abolished.

There

Fort St. George 29th November 1841.

There are two or three other items which then escaped my attention, but which I think are deserving of the Board's consideration as to the expediency of their abolition. It has been the practice in the Town of Woodiagherry for some one individual to collect under the denomination of Dulalee, a tax from merchants resorting to Woodiagherry for purposes of trade, and to pay in consideration of being permitted to have this exclusive right, a yearly sum to the Jagheerdar of 32 Rupees. I think this tax most objectionable, and that it should be abolished. another tax is an annual sum of Rupees 55-0-0 paid by the Chucklers of Woodiagherry Vcu Villages to the Jagheerdar for the privilege of having his Custom - another tax was an annual sum of 85 Rupees paid by a certain individual or individuals for a Monopoly of the retail sale of betel in the town of Woodiagherry. I beg respectfully to recommend that the parties may in future be relieved from such objectionable payment.

36. The Board will observe that the Moturfa Revenue of Fusly 1250 exceeds that of the previous fusly by Rupees 286-5-11 but this includes the items noticed in the preceding para the collection of which has been postponed till the Board's orders are received as to their abolition or continuance.

1688 Fort St. George 29th November 1844

Read the following letter

To The Register to the Court of Wards Fort St. George

From the Collr of Tuticorin (56) Sir, I have the honor to submit for the consideration and orders of the Court of Wards the following Statements relative to the Estate of the Minor Zemindar of Woodiarpolliam

Submitting accounts shewing the Receipts & Charges on account of the Estate of the Minor Zemindar of Woodiarpolliam from the time it came under Management in Fusly 1245 to the close of Fusly 1250

Para 1. No. 1. Statement of the Demand Collection and Balance.

2. Statement shewing the Receipts and Disbursements of the Zemindary.

3. Statement shewing the Charges incurred by the Mother & Guardian of the Minor Zemindar on behalf of her son & his relations.

2. The Zemindary of Woodiarpolliam came under the Management of the Collector towards the close of Fusly 1245 under circumstances reported in my Predecessor's letter of the 23d February 1836 & the Accounts now submitted embrace the

the whole period from that time to the close of fasly 1250.

3, The assets upon which the Land Revenue of the Estate are grounded were originally computed to yield annually the sum of Rupees 27.412-5-4 out of which a peishcush of Rupees 612-8- is payable to Government leaving a revenue to the Zemindar of Rupees 26,799-13-4.

Statement No 1. 4, Accompanying is a statement of the Demand Collection and Balance of the Land Revenue of the Estate for each year during which it has been under Management— In fasly 1245 the sums collected for the broken period of the year in which it was first taken under management have been entered. In faslies 1246-47-48 & 49 the Berij did not quite come up to the revenue originally computed, and in fasly 1250 it exceeded it in the trifling sum of Rupees 15- It will however be perceived that the revenue has been gradually increasing each year under the management of the Collector.

5, The total amount of Berij from

from the broken period of fasly 1245 to fasly 1250, inclusive is Rupees 139.157-7-11 of which all but Rupees 1148-4-3 have been collected- Of the outstanding balance I do not except to realize more than a very small portion.—

6, Statement No. 2 contains an account of the Collections and disbursements of whatever kind, the total amount of Receipts being, it will be perceived, for the whole period under report, Rupees 1,42,036-5-1½ * Col: 16. the disbursements to Rupees 1,28,992-4- □ Col: 29 leaving a balance in hand of Rupees 13044-1-1½

7, The several items of receipt will be found under their proper heads in the above statement from Column 3 to Column 16— The only item which seems to call for particular notice is the sum of Rupees 709-14-8 which was collected many years ago under the old Cavil system in compensation for robberies committed and kept in deposit in the Hoozoor treasury, and was brought to the credit of the Zemindary under the sanction of the Board of Revenue dated the 18th April 1839.

8, The disbursements are detailed.

Fort St. George 29th November 1841.

detailed in the same Statement from Column 17 to Column 29. The first item demanding notice is the Sibbendy & Saderwared amounting to Rupees 5418-8- and I beg in explanation of it to refer to the annexed statement of the Establishment employed

9. Of the sums expended for Statement No. 2 Col. 25 monies and personal expenses amounting altogether to Rupees 78597-14-10. a detailed Statement No. 3 is submitted. The several items from Columns 1 to Columns 9 amounting to Rupees 69247-14-10 with the exceptions of the salary of the School Master were sanctioned by the Court on the 23d of may 1839 retrospectively and prospectively by the School Master's allowances received their sanction on the 7th May 1840. Rupees 3000 were expended for a ceremony under the sanction of the Court dated the 18th July 1839. The remaining items of Statement No. 3 Col. 11-12 & 13 Rupees 350- Rs. 3000 & Rupees 1000 were expended for the performance of Ceremonies under the sanction of my Predecessor Mr. Blair contained in

Col. 27 The sum of Rupees 135 for Stamped papers in Civil suits was sanctioned on the 24th January 1839.

11 I request that the above Accounts may be passed and in future care will be taken to submit them regularly each year.

12. I take this opportunity of bringing to the notice of the Court what I conceive to be the inadequate pay allowed to the Manager Rupees 21 per Mensem. I am of opinion that the duties of the situation require a considerable augmentation of salary and I have no hesitation in recommending that it be increased accordingly to Rupees 35 per Mensem. I feel confident that this measure will in the end prove of advantage to the Estate and I shall be very much disappointed if my request be not complied with.

Ordered

Fort St. George 29th November 1841.

(56-57) Order thereon. Ordered to be brought forward (From 20th Dec.) at a future day.

From the Principal Collector of Madura. Read letter request-

(58) -ing that his Head Assistant Mr. C. J. Arbuthnot may be permitted to proceed to Palamcotta for 20 days on private affairs under Section XII of the absentee rules of the 25th February 1840.-

Order thereon. Ordered to be sent to the Civil Auditor with the following remark.-

(58-59) Submitted for the favorable consideration of Government through the Civil Auditor with reference to the re-solution of Government dated 30th November published in the Fort St. George Gazette under date the 1st December last.-

Read the following letters.

To The Secretary to the Board of Revenue Fort St. George.

Sir.

(60)

From the Coll.r of Tinnevelly. } 28th ult.o In reply to your letter of the I have the honor to state that the

1st on 28th 2d on 13th seizures of the articles entered in No. 2 of the Statement of smuggled goods for the month of August took place in March, and were reported by the

the Chunkydar at a station distant from the
seat of the District where the collector
then was, on the report of investigation
into the circumstances attending the
seizure was directed to be made by the
Moorpomdar of the Talook in the absence
of the Tahsildar. His Official reports
were not received till the 23d July and
the accounts of that month were closed
before the decision of recommending the
articles for confiscation could be carried
into effect. This delay in the Moorpomdar
making his report was occasioned by a
press of business consequent on the
annual Settlement of the Talook
then in progress.

Finally &c.
