Order thereon.

From the Acting Secy to Government communicating observations and orders on the Board's Proceedings relative to the settlement of the land revenue of the District of Nellore for fasly 1249.

9

Extract from the Minutes of Consultation under date the 19th November 1845

Read the following Extract from the Proceedings of the Board of Revenue.

Para 1 Since date 13 August 1845 No
The Settlement of Fasly 1249 exhibits an increase over that of the preceding Fasly of Rupees 61442-2-9.

2. The comparative extent of cultivation in the two years is exhibited in the abstract furnished at Para 4 of the Board's Proceedings and is generally in favor of the latter season except in the item of Sarcha garden lands cultivated with dry produce and paying the highest rates of

1846 Fort St. George 6th December 1846

Assessment. This is ascribed by the Principal Collector to various causes such as the deteriorated condition of the lands the dilapidated state of the wells and the bracishness of the water but chiefly to the want of a Market for the disposal of Tobacco, one of the most important Articles of this description of Produce. The Board of Revenue on the other hand attribute the decrease entirely to the over assessment of the Sarcha Lands as compared with the rates existing in the neighbouring districts of North arcot and Chingleput. The Right Honorable the Governor in Council is disposed to believe that there is much truth in the views taken by the Board, but at the same time the statement in the Margin.

Margin of the Fasli cultivation on one Talook shews that this branch of Industry is liable to great fluctuations.

3 His Lordship in Council observes that this subject has on former occasions been brought under discussion. In the Proceedings of the Board of Revenue on the Settlement of Fasly 1236 a proposition of the Principal Collector* to reduce the Assessment on the Lands producing Tobacco to the extent of 25 per Cent is sanctioned. The Board were of opinion that this remedy would be partial and incomplete, since the inequality of the Assessment varying from 116 Rupees to 145 and Rupees 176 (per Gootas) had originated not in the comparative productive powers of the soil

but on accidental circumstances of which they adduce proofs and they conclude their remarks on that and other reductions of Assessment that had been recommended as follows. They consider it very desirable that as few alterations as possible should be made on the existing Assessment until some fixed and determinate arrangement can be made for the future administration of the Revenues, which may be embarrassed by a too hasty adoption of partial experiments. It is their anxious wish to effect this object. From this time the general question of the reform of the Assessments of the Districts which it was observed in the orders of Government on the above proceedings, was liable to some of the objections urged against that adopted of late Fasly 1247 by which years an uniform average rate was applied to all the Lands of a Village

4 The Deductions in account

account of Land taken up and not cultivated this below the amount of the previous year appear to His Lordship in Council to be large considering the favorable nature of the season and particularly in the early part of it — From the annual remissions under this head it would appear probable that the same practice prevails with regard to the mode in which these lands were held in the Division under the Management of the Principal Collector as has been pointed out in Para 11 of the Sub Collector report to which the attention of Mr Stonhouse should be directed with a view to the introduction of a similar remedy, should such prove on enquiry to be the case.

1,22,452-2-11

5 Adverting to Para 8 of the report furnished by the Sub Collector it appears that the sum of Rupees 7318-7-6 has been brought to account from —

from the revised measurements of Lands made during the Survey under review, an amount immediately large and apparently resulting from a general error suggesting the propriety of extending the revision of the former measurement to other parts of the District where grounds of suspicion may present themselves. The Board of Revenue will be pleased to call the attention of the Principal Collector to this subject. In addition to the amount made good from concealed cultivation of a further sum of Rupees 6238 - 8 was added to the Settlement from Lands improperly assessed at reduced rates in the Sub Division. The Board learn, it is observed called for further information from the Principal Collector with reference to the changes in the assessment made by the Sub Collector who was induced to take upon himself to grant discretionary remissions without instructions from superior

Parl. Boards Proceedings

of the increased demand thus made against the Ryots which he states in some instances bore very heavily as well upon individual Ryots as upon whole Villages. The Right Honorable the Governor in Council approves of the instructions issued by the Board and observes that the assessment should always be brought up to the standard whether of a Mamool or survey assessment whenever it is found to have fallen below that demand. In the cases here noted had there been any authorized deductions similar to those adverted to in Para 31 of the Collectors report it is presumed that the Records of the Board would have shewn them.

Para 9 Sub Coll.rs Report

6 Of the Demand on account of Peyshwas Settlement the whole was collected within the Fasly with the exception of Rupees 66,872 - 3 - 2 which was again reduced at

at a subsequent period, exclusive of Guzzees, Poroomes, Deit Fent 1 Fus the total demand of Land Revenue was raised to the sum of Rupees 1,77,630-10-1 being Rupees 52,675-4-11 in excess of the preceding Fusly. The Peishcush & Zemindaries were Rupees 4,53,294-1-3 and was realized with the exception of Rupees 10,792-1-6 within the Fusly

Annexed to Para 23 of their Proceedings the Board have furnished an Abstract Statement exhibiting the outstanding balance since Fusly 1240 to 1248 the arrears within that period being Rupees 8,82,075-13-6. The balances due for Fusles antecedent to 1248 is also shewn to amount to 5,692-11-9 making a total of arrears unadjusted of Rupees 8,87,767-14-3. It is highly desirable that the Principal Collector should, with the least practicable delay, furnish the report called for with reference to these balances in order that such portions as may be found irrecoverable may receive the sanction of

Para 24

Government to be struck out of the accounts.

8. His Lordship in Council is happy to record his opinion in favor of the general management of the District by Mr. Stonhouse, and observes with much pleasure the testimony borne by him to the services of Mr. Rathbone the Sub Collector and of Mr. Purvis the Head Assistant, and he observes that the Sub Collector's report displays much zeal and attention to his duties.

2. The increase in the sale of Salt which forms the chief item of excess would appear from Mr. Blackburne's observations to be attributable not only to the care of the Officers in that Department, but to the gradual improving state of the principal Salt routes enabling the Merchants to extend their trade to more distant inland Markets. 3. In regard to the first of the three Institutions noted in the Margin, which are referred to in Para 6 of the above letter and of the communication of the Collector therewith received, His Lordship in Council observes that the grant to it consists of a commuted allowance in lieu of a tax which was abolished and he sees no reason for again commuting this money allowance into a grant of land. The proposition to restore to the two remaining institutions the lands which originally belonged to them, withdrawing the assessment thereon and discontinuing the money payments made to them from the Public Treasury seems unobjectionable, and is ordered

Suit in order to recover the right of a Cumeum of the Village of Covoor and Rupees 6 being the value of the emoluments attached to that office for Fusly 1246.

2. The Plaintiff stated that he, and, during his absence, his son, performed the duties of Cumeum for a length of time till the 6th July 1837 on which date the Collector issued an order appointing the son of R. Sarabharauze to this place.

3. The 1st Defendant answers that the Plaintiff was Cumeum before Fusly 1211 but he having since that time relinquished the office one by name R. Sarabharauze was selected and the appointment was duly reported to the Collector by the two Proprietors, who had successively held the Estate of which the Village of Covoor formed a part that the said Sarabharauze having died his son was appointed to him and that the Plaintiff never having discharged his duties as

as Curnum from the end of the above Fasly his claim is invalid.

4. The Judge of Raj ahmundry after an examination of the oral and documentary evidence adduced by both Parties, dismissed the Plaintiffs claim, observing that the documents for the Plaintiff in no way support the Plaint, that his name does not appear in any list nor is it attached to any Document since 1804 and that the order of the 1st Defendant appears perfectly correct and consonant with the vouchers produced.

5 The Plaintiff appeals and states that one of the list produced by the 1st Defendant is not correct, as will be seen by an Extract of the Zillah Court's Proceedings, that the Collector being the Defendant in this case it was impossible for Plaintiff to produce any Document to shew that he discharged the duties of the Curnum, during the period stated by him, that the Collector having

him copies of certain Documents saying, that he would send them up to the Court, if he was required to do so and that there are no proceedings to shew that he either resigned the office or that he was dismissed.

6. The 1st Respondent states that he passed no order dismissing the Plaintiff either now or at any time but that he merely declined to dismiss the present incumbent to make place for the Plaintiff that the fact of the Plaintiffs name not having been entered in any Register and his not holding the office since the end of Fasly 1211 which will be plainly seen from there not being a single paper in the Records of the Village or Collectors Cutcherry signed by the Plaintiff is highly conclusive against the Plaintiffs claim.

7. The remainder is a repetition of the former Pleadings

Pleadings and remarks upon Appellants statements in detail.

8. The Provincial Court, having maturely considered the Proceedings in this case are of opinion that the Decree of the lower Court is quite correct.

9. The Plaintiff stated that he had enjoyed the right till he was disturbed by the Collector but this is clearly shown by the Documents on the part of the Defendant to be utterly false, and the Plaintiffs witnesses themselves do not in any degree support his statement while the Defendants witnesses fully agree in their evidence that the Plaintiff was never a Curnum of the Village since the time above referred to.

10. If Appellants statements on this head were true he could not have any difficulty

course have copies of all the Village Accounts during the period he had been officiating and he cannot possibly be altogether unsuccessful in finding one Document bearing his signature either in the Village Curnum's Office Collector's or Zemindars Cutcheries or Judicial Courts Vizt.

The Provincial Court accordingly confirms the lower Courts Decree all costs of appeal to be paid by Appellant.

11. It is resolved that no private adjustment of this Decree shall be allowed or deemed valid unless the terms of such adjustment shall have been previously and reciprocally declared by all the Parties interested herein and made a Record of this Court

Sir,

From the Coll.r of Masulipatam Submitting the information required by the Board relative to the rates fixed for the infliction of the penalty denominated "Sharana"

Para 1

I have the honor to acknowledge the receipt of your letter under date the 30th September last, requesting me to state, with reference to a communication made to the Board by Government, when the rates exhibited in the Statement which accompanied my Return to the Provincial Court dated 24th July last for the infliction of the penalty denominated "Sharana" were fixed, and what were the rates previously to their introduction.

2. In reply, I beg leave to refer the Board to Paras 2 & 3 of the said Return in which it was distinctly stated, that the rates of fines referred to were levied

levied according to immemorial usage and that they were not introduced by Mr Goldingham—

3. All that that Gentleman did was, with reference to the former accounts of the management of Vinnacotah and Goodewadah, to ascertain the rates of fines which had hitherto prevailed and to direct the Tahsildar to collect accordingly, should the necessity for the infliction of the penalty arise—

4. I have explained my views and sentiments so fully in my return as to the expediency of vesting the Zemindar or Collector acting on his behalf with power to redress such misdemeanors and trespasses summarily without having recourse to the Courts of Adalut that I presume I need not espatiate any further on the subject in the present communication—

5. I am of opinion that no inconvenience or injury to individuals would

arise from permission being given to Zemindars while managing their own Estates, or to Tahsildars in Estates under attachment to fine parties summarily for the commission of the above misdemeanors, provided the parties who might deem themselves aggrieved had the power of preferring an appeal from such decisions or inflictions of fines to the Magistrate of the District—

Forwarding a Petition addressed by the widows of the deceased Rajahs of Poonganoor.—

With reference to Mr. Ashtons Letter of the 27th September last I have the honor to forward herewith a Petitions to the address of the Board of Revenue presented by the widows of the deceased Poligars of Poonganoor, praying that the management of the Polem may be conferred on Emady Senker Royel, the Elder son of the last deceased Poligar.—

2. The late Rajahs anticipations of some disturbance seem not to have been without foundation for on the 26th of the same Month (September) it appears from a letter received from the son of the deceased Emady Senker Royel, that his Uncle Emady Chicka Royel locked and sealed up the Treasure rooms of his deceased brother, and otherwise behaved in an unauthorized

unauthorized and illegal manner orders w
thereupon issued to the Acting Head of
Police of Poonganoor to take steps forth
to secure the peace of the family.-

3 In his Arzees of the
22nd and 25th of October the Acting H
of Police details what he has done in
vain endeavours to arrange matters pea
that the brothers of the late Rajah, D
Chicka Royel and Moommady Roya
had in opposition to his remonstrance
carried off the treasure &ca to another
building where they had placed a g.uar
over it, and disregarding the orders tha
had been sent from the Hoozoor. Und
these circumstances an order has been
by the Head Assistant Magistrate in
accordance with Mr Ashton's req
(he himself having been too ill to ex
himself personally in the matter at th
stage) on the 27th October for their appea
before him. and which order I have since con-
firmed.-

4- The parties have not yet
appeared, but I have taken steps to ensure
their attendance without delay, when the whole
case will be investigated and a report if neces-
sary, made to your Board.-

5 In the mean time I have
the honor to request an early reply to Mr Ashton's

arrangements, pending thereon, may be duly made.-

Chicka Royel, the deceased Rajah of Poonganoor,
and Moodummajee and Chinna Basummajee
Widows of Emadee Chickaroyel alias Rana-
Sahibi, the Elder Brother and the predecessor
of the above said Rajah.-

From a firm confidence,
we most respectfully beg leave to lay our case
before your favorable Board.-

That Emady Pedda Chickaroyel
the deceased Rajah of Poonganoor had for some time
been

been confined to his sick bed and expire
on the 24th. September, to our great melanc
and destitute, with such expressions that
Elder son Emady Senker Rayel will of
course be raised to the management of
Samastanum who is the son of the elde
branch of the family and who is the only
lawful possessor to the Estate according
to the usage of the caste and custom of
Samastanum and that his three brothers
(the Elder of whom formerly lodged cla
for the possession of the Country) were
decided by the Board and Governme
to receive 100 Rupees each per Month
and live separately, and that he will
request the Collector to see the matter
arranged accordingly, and so he
did previous to his demise. We are not
aware what was the result of the repor
of the Principal Collector on the subject,
but however we are fully convinced that

Fort St George 6th December 1841.

the Board of Revenue and Government
will no doubt see the Management
descend to its legitimate Elder son and
the prosperity of the family which left
unaided to the great annoyance of others.

We therefore now venture
with great reverence to add these few lines
to your favorable Board. That the de-
ceased Rajah has left two sons, the
elder of whom is the Lawful Heir to the
Polem, on conferring the Management upon
him we will with all imaginable care
and exertion conduct the affairs of Revenue
and Police to the greatest satisfaction
of the Circar and the community through
one of our trust worthy servants and
the Public Revenue will of course
be paid very punctually and regularly.
We trust that the Board will no
doubt be pleased to recognize the said
Elder

Elder son as the Rajah of the Estate with usual Sunnud & Khellats as was the case hitherto with all the other Rajahs.-

We are noticed that the Elder brother of the deceased Rajah endeavouring to overthrow the power and to assume himself the Country. In case your favorable Board resolve to order him to conduct the Revenue and Police affairs or by any of the Brothers of the deceased Rajah, at least until the elder son attains his proper age, in consideration of the minority of him, there is no hesitation of his exerting to make away the property left by the deceased in addition to what he has already possessed after the death of the said Rajah, and will in revenge of his enmity cause us loss in every

every respect, and in such a transaction our Estate will perhaps stand to answer the public demand and so we will be reduced to several harrassments and embarrassments. The violence lately used towards us by Veerachcea Royel will be known if required through the present Acting Collector.-

We therefore beg to lay our poor circumstances before your favorable Board, with greatest assurance that your merciful Board will kindly give a slightest attention to the subjects which was observed in the family of the Calastry where the late Chief named Timma Raid having expired without issue, and the Management of which was at first entrusted to his widow and subsequently to her adopted son on her application and so the case may have been in many other circumstances. Your favorable Board we

we most respectfully beg would gra-
-ciously be pleased to take into con-
-sideration the lawful inheritance of
the sons left by the deceased Rajah,
and favorably put the elder of them
Emady Senkara Royel in the profession
of the Samastanum of Poonganoor with-
-out the slightest interference of any of
the said Brothers of the deceased who
are endeavoring to annoy and annihilate
the large family left by the late
Rajahs, which has hitherto brought up
in a most respectable manner.-

In so doing the whole of
the Revenue and Police duties will properly
be conducted by us with the aid of our
trust worthy servants to the entire satis-
-faction of the Circar and the Kaim Peish-
-cush paid punctually.-

Translation of a Petition presented to J. D. Gleig Esq re Principal Collector in the Zillah of Salem by late Administrators of Oath in the Sub Collector's Establishment named Vencatapaddy Iyen, Soobramonia Moodelly and Emam Mohodeen Saib

We beg respectfully to state that we were appointed as Ad-
-ministrators of Oath when the Sub Collector's Establishment was first formed in this Zillah in the days of

Fort St George 6th December 1841.

G. Drury Esq re the first Sub Collector as one of us three named Soobramania Moodely being qualified in reading and writing Tamil, he was taken into the Javabnevis's Depart-
-ment to assist them in copying Diary Takeeds &c in which he continued. Besides this one Sashyen, formerly a Javabnevis recommended to M. D. Cockburn Esq re, Collector of Soobramania Moodelly's usefulness and had him sent to do busi-
-ness for about 6 Months under the late Tamil recordkeeper Vyapoory Moodelly. In the days of Mr Ogilvie he was em-
-ployed in writing Depositions &c and entertained great hopes of obtaining a higher situation in the Department, had Mr Ogilvie remained here without being removed to Coimbatore, he would have conferred on him any situation. When he (Soobramania Moodelly) request-
-ed Mr Ogilvie for a situation as soon as the situation of Administrator of Oaths was abolished, that Gentleman said, that as he was removed to the Zillah of Coimbatore

Fort St. George 6th December 1841.

Coimbatore he should make an application on the subject to the Principal Collector, upon this he (Soobramania Moodelly) proceeded to Ootacamund and represented his case to you, but you told him that he being young would get employment- trusting which he tried to obtain one, but has not succeeded upto this period- consequently he and family are now in distress- In Coimbatore and Trichinopoly Zillahs among the Administrators of Oaths who were discharged some who could read and write were entertained, others unfit to serve, obtained gratuity- Even in this Zillah, the three Administrators of Oaths who belonged to your Department were provided with situations- Further Government sanction has been received in the Zillah Court for paying gratuity to those that were in the above employment in that Establishment- while the case stands thus, what have we done as not to merit similar indulgences? In the hope that our situations are permanent we continued in it for these 20 years without seeking for other employment,

but

Fort St. George 6th December 1841.

but as we have been so unfortunate as to be dismissed from it, we therefore humbly crave of you, who renders justice, to grant us any small situation in consideration of our distressed state or to give us a gratuity in the same manner as has been granted to those in the Zillah Court- We request your honor will be pleased to favor us with an answer to this our Petitions, by Endorsement thro the means of the Tahseldar- we will afterwards submit our case to Government.-

We are indigent we have no other protection but that of your honor- we are in utter distress for want of subsistence.-

To

The Secretary to the
Board of Revenue
Fort St. George.

Sir,

(48)

From the Collr. of Malabar

Reporting on the settlement of the Land Revenue of his District for Fasly 1250.

Para 1. I have the honor to request you will lay before the Board of Revenue the accompanying Statements illustrative of the Settlement of Land Revenue of Malabar for Fasly 1250 (1840/41) Nos. 3 to 21. being accounts called for in Para 7. of the Board's Proceedings under date the 9th November 1840.

Season and its effect upon Cultivation and Produce.

2. The season was not altogether a very favorable one. The S. W. Monsoon did not set in till the 8th June 1840. about a fortnight later than the ordinary period, the supply of Rain during that and the following Month of July though not abundant was sufficient however to produce a good first Crop. The deficiency of Rain in August and September proved highly prejudicial, not only to the Second Crop of Rice, but

but to all species of Garden Produce (Pepper excepted.); of the extent of which an idea may be formed when it is stated that the falling off in the Exports of these articles amounts, in the aggregate, to more than six Lacs of Rupees, as shewn in the accompanying Statement.-

No. 22.

3

Fortunately for the Ryots, there was a good Demand, not only for Grain, but for every article composing the staple of the District, which as coupled with a low stock, raised the price of Garden as products about 11½ per cent above the price which as obtained in the previous year - The Market Price of Grain continued nearly the same.

9 Adverting to the observations contained in Para 24 25 & 26 of the Board's Proceedings dated 9th November 1840. I beg to state that I have not yet been able to complete the enquiry which I have commenced on the subject of the best mode of assessing the dry cultivation but I

but hope at no distant period to lay before the Board my views of the case. I may however state here in reply to Para 22. of the Board's Proceedings just adverted to, that the extent of the Poovum cultivation is annually ascertained by actual Measurement and not computed by the quantity of seed sown. I may observe also, with reference to the observations contained in Para 23. that it is my intention, so long as the present System exists, to request sanction annually for such a body of temporary servants as will so render it practicable to survey most, if not all, of the crops before they are cut. the number will appear much larger than has been hitherto entertained, but the work will be done much quicker and much more satisfactorily.

The Remissions allowed on account of Gardens may be devided under two Heads. Viz.t Temporary Rupees 1,350—11—6. & Permanent Rupees 1,405—14—8. they are composed of the following items.

The

Fort St. George 6th December 1841.

11. The only item of Remission which seems to call for some explanation is the last one. It appeared that the Poodiangady Tungal held certain Gardens in the Calicut Talook exempt from assessment - In 1239 Mr. Sheffield had three of these Gardens surveyed &c and the Tax thereon amounting to &c Rupees 29—3—5. brought on the accounts. the Tangal however declined paying &c this amount on the plea that the whole of his Gardens were Swamanam property. &c though he never produced any &c Document in support of his claim. In the current year these Gardens &c (18 in Number) were surveyed in common with others which remained to be inspected, and the tax leviable thereon was computed at Rupees 89—11—9. when the same claim for immunity was again set up - A search amongst the old Records brought this long pending doubtful &c question

+ Rs. 5. Rs 69-9-8-

† This was subsequently struck off the accounts. see Para 8. of the Report for 1242 F. & Col. 7. of the Statement &c No. 5. for that Fusly.-

question to arise, for it was discovered, that at the recommendation of the Commissioners in Malabar, the Government of Bombay had &c under date the 8th March 1799. authorized the continuance of an exemption of Revenue to the extent of 243. Fanams and 20 Cash. equal to Rupees 69—9—8. Enclosure No. 23 Contains the Correspondence on this subject and they to recommend that the amount may continue to be excluded from the Demand - The difference Rupees +20—2—1- has been brought to &c account.-

+ Amount chargeable on the 18. Gardens 89-11-9. Exemption granted 69-9-8. Difference Rs. 20-2-1.

12. Referring to the 10th Para of my Report for Fusly 1249. I have the satisfaction of stating that the &c Garden Survey has been completed the result is as shewn in the accompanying Abstract Statement &c No. 24. + No. 5. net increase of Rupees 18,849—5—8. -or Rupees 1476—1—7- below the excess exhibited in the Statement for 1249. which

which is attributable to the 5,504 Gardens &c which remained to be inspected being of the worst description; rendered &c perhaps more so by the several unfavorable seasons which have occurred within the last ten years.-

Cochin - - - - } 13.
Increase Rs. 91-4-6 }

This increase arises &c from higher rents having been obtained for Grounds in the vicinity of the Town of Cochin occupied for Shipbuilding.-

Neilgherries - - - - } 14.
Net Decrease Rs. 1,092-4-1 }

This Decrease arises &c from the amount of Quit Rent on the Neilgherries not having been added to the Demand as was done last year.

Rs. 1,151-6-2. From the Amount so Credited in 1249, only Rupees 413-9-1. was realized &c within the Fusly leaving a Balance &c outstanding of Rupees 737-13-2. which was subsequently Collected and brought to account - In 1250 Rupees. 586-6-4. was collected on this account but instead of the amount being added to the Beriz of the Taluk, and

and the Collection credited to the current Revenue it was inadvertently brought to account under the Head of Extra Revenue.- This Mistake will however be rectified in 1251; With respect to the other items composing the Revenue of the Neilgherries. I trust I need only refer the Board to the Sub Collector's Report, copy of which together with his Statement No. 6. are herewith submitted.-

This is a Nominal increase, it being consequent upon the adjustment made in conformity with the instructions contained in the 5th Para of the Boards' Proceedings above noticed.

It has already been shewn in the abstract appended to Para 4 that the total Demand of the year was Rupees 16,48,619-5-1. out of which amount Rupees 16,33,677-7-1. was realized within the Fusly which is Rupees 2,288-5-10 in excess of the Current Collection for 1249. Revenue, I may briefly state here that the

+ Rupees 7993-15. Decrease under the Head of Sayer is partly attributable to the change of system of Collection explained in my letter of the 7th October 1840, and partly to the diminished exportation of Betelnut, arising from the unfavorable season noticed in Para 2. That the falling off in "Farms and Licenses" amounting to Rupees 18238-4-6, is entirely owing to the Cardamom crop having been exceedingly scanty and that although there is a Decrease of Rupees 20226-2-" in Tobacco, the Receipt from this source can still be said to be good, in as much as

Waste Lands 24.

No. 29. Accompanying I beg to transmit a Statement of the Lands taken up, on cowles, for Rice Cultivation, during the late Fusly 1250. Out of the total quantity of 185½ Cawnies, it will be perceived, 181 Cawnies have had the proper assessment fixed on them; but it was found impracticable to effect the

the same arrangement with respect to the

is the last in the Statement - The pe-
-culiar situation of some immemorial w-
-wastes, and the uncertainty of the pro-
-ductive capacity of the soil, are such that
although enterprizing persons are met
with willing to reclaim tracts of this de-
-scription, they cannot be induced to agree
at once to the assessment they will
have to pay after the Land is brought
into a productive state. they argue that
they must first be allowed time and
means of ascertaining whether or no the
land will be able to bear the proposed
assessment - If this indulgence is not
conceded, it is to be feared that many

of the Board's Proceedings now under
reply, submit for the further consideration
of the Board whether it would not be
preferable to allow the Cowles already
granted upon this condition, to remain un-
-disturbed; especially as there is reason
to apprehend that many would throw
up the Land if any thing involving what
they might consider a breach of contract
were attempted. -

No. 30. 22. The enclosed Statement, for-
-warded with reference to Para 33 of the
Board's Proceedings, shews that the quantity
of Cowle Land, the assessment on which
has not yet been rified, is only 678 Cow-
-nies: sensible however of the importance
of the Board's instructions on this point,
I shall hereafter, on all practicable occasi-
-ons, abstain from leaving the determination

of

of the assessment till the close of the Cowle.

23. The nature and condition of Cowles seem to be generally understood and appreciated by the Inhabitants of this District, and to this may be ascribed the increased applications for them, and the very few instances of unassessed Lands being cultivated without Cowles.

The Statement in the Margin shews that during the last eight years no less than 2250 3/4 Cawnies of immemorial waste have been reclaimed, and since the commencement of the present Fasly, nearly

been received which are in course of enquiry.

24. Referring to Para 38 of the Boards Proceedings, I would beg to observe, that however questionable it may at first sight appear for the Government to issue Cowles for the cultivation of Lands which are not their property, the practice of issuing such Documents seems to be attended with advantage to both Government and Proprietor. It affords the Government Servants a knowledge of what new lands are under cultivation; and when, and what they are to demand for them - whilst the exemption of Revenue allowed in consideration of the expense and labour attending the rendering of the Lands productive, has the tendency of encouraging agricultural pursuits. But in point of fact, the cowle is no more than a writing expressive of the condition under which the land is to be cultivated

cultivated, its principal object being to guarantee to the Cultivator the temporary immunity allowed him, and to assure him of the amount he will have to pay to Government for revenue at the expiration of the Cowle. Where the Cowle is not in the name of the Proprietor himself, a clause is invariably introduced holding the cultivator or occupant accountable to the Proprietor for his share of the Produce. Generally speaking, the cultivator at the time of obtaining a Cowle from the Sirkar makes his own arrangements with the Proprietor by obtaining a Verum Pattom or Kuy Kanom lease, which secures both Parties in their respective rights.

25. Adverting to the observations contained in Para

respecting Cowles issued in one year not being intended to take effect until the following year, it may be proper to state, that as the Cultivating season in Malabar commences in March and April, or the middle of the Malabar year, and the first Crop is reaped just at the beginning of the ensuing new year, it often happens that Cowles issued late in the year are necessarily made available for the following year - and in many instances the applicants are averse to commence work until put in possession of the required Cowle - every possible attention will however be given to the Board's instructions on this subject.

26. In addition to the 185½ Cawnies taken up for Rice cultivation, as noticed in Para 21, 75¾ Cawnies have been enclosed and formed into 38 separate Gardens capable of being planted with 6094 Cocoanut

Coccanut Trees – The period of exemption granted extends from 8 to 10 years, according to the respective state and condition of the different Pardens.–

27. The Board in the 32d Para of their Proceedings of the 9th November 1840 call for information as to the proprietorship of the lands comprized in the five Islands in the Chowghaut River.

It appears that for many years, these Islands have been the subject of dispute between the Codangalore (commonly called "Cranganore") Rajah who resides in the Cochin Territory, and a Chieftain of the Chowghaut Taluk called the Ayroor Rajah neither party has ever produced any satisfactory Document, but the right to the Lands in question seems to preponderate in favor of the Cranganore Rajah, who claims them in behalf of a Pagoda belonging to

time that they are Survamanium property, of which however he has not adduced any proof – From whatever cause the Lands have been waste and abandoned for a series of years – In 1827/28 they attracted the notice of Mr. Sheffield who had them surveyed, when it was found that there were 110 Cawnies fit for cultivation, which were given over to certain Moplas who undertook to cultivate them – The Moplas relinquished them, however, after one year, and they have ever since remained waste until Mr. Clermond offered to reclaim them – But whoever the Proprietor of these lands may be, the fact of a Cowle having been issued for their cultivation does not involve the Government in any responsibility, in-as-much as it contains a clause by which Mr. Clermond is made answerable to the owner for his share of the Produce – The Government have only secured to themselves the Assessments

assessment leviable on the Lands, which they have a right to, whether the Lands be cultivated on Cowle or not and if the Rajah or the Managers of the Pagoda ever substantiate their assertion of the Lands being Sarvamanium property, all that it would be necessary to do would be to respect them as such - an enquiry again being made on this subject and I shall shortly hope to furnish the Board with some conclusive information. -

28. The Statement of Remissions, promised in the 39th Para of Mr. Underwood's Report, and which is alluded to in Para 10 of the Board's Proceedings thereon, will be found in the enclosure No. 20, with Remarks explanatory of the discrepancies noticed by the Board. -

29. I have already, under date the 7th April 1841 submitted an explan-

Settlement of the escheated Lands in Canaad on which the Board animadverted in Para 11 to 14 of their Proceedings of November 1840, I now beg to forward the detailed Account mentioned in the concluding Paragraph of the above letter, on which the Board will doubtless favor me with their opinion so soon as they are at leisure to take up the subject. -

30. The Tenmalapooram cave, adverted to by the Board in the 35th Para: of their Proceedings of November 1840, and regarding which they gave certain instructions, was fully reported on in my letter of the 7th April last, and my explanation, as I find from the endorsement made by the Board on the Petitions of the party from whose hands the lands had fallen in

in consequence of his declining to pay
the assessment, which after due enquiry
had been fixed on them, was considered s
-tisfactory.—

31 I have the pleasure to inform th
Board that notwithstanding every effort m
by the influential proprietor to prevent the
lands being taken up by any other indi
-dual they have been applied for and ar
about to be cultivated by three or four fami
at the rate mentioned in my report—
proprietors due share it must be remembered
secured to him on this arrangement.—

32. I have to express the same sentime
with regard to my subordinates that I did last
year— Mr. Gordon the Sub Collector leaves the
District at the end of the year and I shall
think myself very fortunate to find in
his successor the same zeal and judgme
which is possessed by Mr. Gordon—

Fort St. George 6th December 1841.—

33. Mr. Silver, my Head
assistant, has received the thanks of Govern
-ment for his spirited conduct in the affair of
22d April 1841. an affray which took place in April last.—
He has otherwise conducted his duties with
zeal and efficiency.—

34. Mr. Monckton, tho' still at
-tached to the District, has not served in
it during the last fusly.—

35. Mr. Platel has shewn him
-self particularly diligent and useful in every
matter in which I have required his assistance,
and my two Sheristadars have behaved to my
entire satisfaction.—

36. My report is somewhat later
than is usual, in consequence of the difficulty
that was found in making up some of the new
forms required by the Board.—

No. 23.

To

The Honorable Jonathan Duncan.

President and Governer in Council

Bombay.

Honorable Sir,

We beg leave to enclose for your information and determination on the subject thereof, Copy of a Petition from Seyed Ahmed of Poodiangady in the Cudbah of Calicut praying the continuance of an exemption which he asserts he enjoyed under the administration of the Zamoorine and also of the former Government of the Revenue assessed on a portion of his property amounting to 243 fanams annually, together with copy of a representation from the principal Mapilla Inhabitants of Calicut and others in support of the Petitioner's request.-

The Petitioner has not been able to produce any sunnud from the late Government in support of his assertion that is in possession of a Jemmalette, or writing, dated in 907. from the present Zamorine the Brah[illegible]

up to him the Revenue of certain of his possession to the amount as above stated. The report of our Cutcherry goes to prove, that this Revenue was collected in 969. and 970. but remains a balance the succeeding 3 years of the settlement.-

Upon the whole tho' it does not appear to us that he is entitled to this immunity on the grounds of the Revenue Regulations, we would yet beg leave to submit to you whether or not it be advisable, in consideration of what he has adduced in support of his claim and the unimportance of the sacrifice, to comply with the prayer of his Petition, the footing of an indulgence granted to this Minister of religion in whose behalf the principal Mopilla Inhabitants &c &c appear so much to have interested themselves. Enclosed we have the honor to forward an address from the Syed to the Honorable the Governor on the subject now submitted for your decision.-

To,

John Spencer Esqre.

President & Commissioners for executing the office of Supervisor and Chief Magistrate in the Province of Malabar.

Gentlemen,

We have received your letter of the 1st. Ultimo and have no objection to comply with your recommendation in behalf of the Syed Ahmed of Podiangary enjoying the exemption from Revenue that he solicits as long as you shall deem him to be deserving thereof from his Conduct, and the attachment he may evince to the Honorable Company's Government in restraining by his advice and influence the very irregular present Conduct of so many of the Mapillahs in that part of the Province.

To, Syed Ahmed Caya Tangul of Poodiangady

In acknowledging the receipt

Fort St. George 6th. December 1841.

of your address of ——— praying an exemption from the payment of —— fanams of Revenue upon the Daily stanum, I have the pleasure to inform you that the proceedings held on an enquiry into the state of circumstances relating thereto (whereby although the demand should have been made) having been handed up to Government with a Letter expressive of the Commissioners' high sense of your good qualities the Honorable the Governor in Council has thought proper to grant you an exemption from the payment of the annual Revenue of 243. fanams 20 Cash or Rupees ..... on the Daily stanum Paramba, as long as I shall deem your conduct to merit this indulgence. I have only further to say that to ensure to yourself this enjoyment in all time to come your faithful attachment to the Honorable Company's Government is necessary, which you may evince in endeavouring to restrain by your advice and influence such of your Brethren as wander from the path of correctness and their duty to the Honorable Company, who protect them.

Calicut, 22nd. March 1799.

2 By the above table it will be seen that the Land Revenue for the Fusly under review (1250) exceeds that of the prior fusly (1249) by Rupees 2995 - 2 - 2 The causes of the increase or decrease in the several heads of Revenue are explained below —

3 The net Increase on Paddy Lands is Rupees 257 - 15 - 11 the balance between the total amount of items of Increase Rupees 570 - 10 - 6 and Decrease Rupees 312 - 11 - 6, these items are as follows —

Gross Increase on Paddy Land Rupees 570-10-6-

(a) Rupees 52 - 14 - 6 tax at the established rates on 19⅛ Cawnies of waste land newly Cultivated —

(b) Rupees 85 - 6 - 0 tax at the established rates on 40½ Cawnies of land the tax on which has been hitherto remitted as it has been thrown out of Cultivation. —

(c) Rupees 136 - 10 - 9 increased tax on Salt Marsh Lands the rent in which had been partly remitted in the previous year on account of the eruption of Salt Water. —

(d.)

(d) Rupees 80-0-7 increase for certain lands in the Manigoor Village in Ra
:tanand situated on the banks of a
small jungle stream, the lands on
each bank are only cultivated every al
:ternate year, and hence the tax on
ground under the plough one year, ap
:pears as an item of decrease in the follow
:ing fusly and vice versa.—

(e) Rupees 3-5-11 increased Shistum
(Government share as Land owner)
escheated lands only now cultivated

(f) Rupees 128-0-6 tax at the esta
:blished rates on 49 4/16 Cawnies of
concealed Cultivation.—

(g) Rupees 84-4-3 tax on 58 6/16 Cawnies
of land cultivated on Cawlee—

Gross Decrease on Paddy land Rupees 312-11-6

The gross Decrease
amounts to Rs 312-11-6 and arises from
the permanent remission of Rupees 74-5-
on lands thrown out of cultivation
from the devast

& Rupees 93-10-10 temporary remission
to poor Ryots on account of deficiency of the
Crop through bad seasons, devastation of Wild
animals, fallows &ca.—

(c) Rupees 99-1-10 Decrease in the tax on
Salt Marsh Lands which are cultivated or
waste as the prospect of the season or means of the
Ryot may prompt to or dissuade from Cultivation—
The tax is fixed on inspection of the Crops and
hence its amount both depends on the extent
of cultivation and success of the Crop.—

(d) Rupees 39-8-2 on land fallow this
year in the Manigoor Village vide Para 3(d)

(e) Rupees 6-1-2- Decrease in an escheated
farm of 14 Cawnies in Cartnad; this land
was surveyed last year and rated on the
principle detailed in Para 3 of my last year's
report, but having been let at 61-4-0 per annum
on a five years lease which only expired
in fusly 1249 the result of the Pymaysh
a decreased demand could not be
brought to account last year. Had
this been then done the net increase
of Government Tax and Rent on the
whole of the surveyed escheated farms
would have been Rs 57-12-4 instead of Rs 63-13-6.—

in North Malabar.

The

Fort St. George 6th December 1841

6 The Garden Survey for North Malabar has been this year completed & the result of the Pymash on the 832 Gardens remaining to be surveyed and brought to account in this Fusly is a net decrease of Rs. 86-8-3 in the Jumadar 416 Parambahs whilst the remaining number have been found to be entirely waste. A Resurvey has also been made in 773 Gardens and a net permanent decrease allowed of Rs. 371-7-11 and also a temporary remission of 7 Rupees in 8 other gardens belonging to some poor Ryats whose trees have become temporarily unfruitful.

7 The total amount of the above items of decrease is Rs. 465-0-2 from which Rs. 74-15-6 the tax on 148 new Gardens Rs. 3-11-2 Tax on 12 Gardens omitted formerly by mistake and Rs. 70-6-8 Tax on on 542 Gardens for which a temporary Remission was before granted being deducted a net decrease is found of Rs. 315-14-10 in the Garden Revenue [illegible]

Fort St. George 6th December 1841

8 The Garden Survey was undertaken with the view to impose a more fair and equal tax upon the owners than had previously been levied since the Pymaysh of Rundoo 1000 (Fusly 1234) the Garden tax may be considered as remaining fixed until Fusly 1262 when the present survey was commenced. Hence the richer orders who were enabled to take good care of their trees and plant fresh ones generally paid less than their due proportion whilst the poorer garden owners from want of funds both neglected to manure and take due care of their old trees and to plant either to increase or keep up the number of their trees to the standard rate at which they were taxed.

9 The natural consequence of the proposal of a new survey was an outcry of the richer classes who feared that its results would be forcing them to pay their fair (ie an increased) proportion of

of the Government demand and the better orders as usual contrived to talk over and induce the others even against the latters real interests to join in the cry against the hardship of the new measure.

10 This discontent was however at last greatly reduced by the assurance that the total amount of the Garden tax would not be increased and the politic measure of surveying first all poorer inhabitants gardens when the Ryots universally perceived that the motives of Government were fair and liberal and that whatever the inconveniences and annoyances of the actual Pymaysh might be at the time, yet the results of the survey were to make the richer garden owners pay their fair quota of tax and thereby enable Government at a trifling loss to relieve the poorer and more

of petty proprietors of the burdens one proportion of tax they had been hitherto paying.—

11 The table at Para 5 shows the result of the survey on 83,530 Gardens being a decrease of 2588-5-0 Rs a fs on 163,003-12-5- Rs a fs of Garden Revenue or a diminution of 1-9-0 Rs a fs per Cent. Although the Pymaysh has given general satisfaction yet as was to be expected the survey itself has been attended with great temporary ill effects as it necessarily caused a narrow and prying search into private property that would in any Country be very annoying and in India where the lower tax gatherers Character is well known a searching survey of Course gave great opportunities for bribery &c. No exertion on the part of the higher authorities could prevent this evil all that could be done was to confine it within the narrowest bounds.—

12 To speak plainly the actual survey is very generally considered as

as very harassing vexatious and affording during its continuance a great scope for extortion in order to get the Rent decreased or merely increased as little as could possibly be effected. fortunately however the good results are permanent whilst the evils are merely temporary and I should be most strongly averse to continuing the survey or Resurvey on the plausible grounds that some inequalities must have occurred which should be corrected. No, this would be defeating the very end for which the Paymash was established the relief of the Ryots and would be a continual and galling grievance for outbalancing the petty & good resulting therefrom. ——

13 Nor could the survey be continued annually without a breach of faith as on its commencement an assurance was given of its permanence. The Ryots generally and the richer ones in particular should now be allowed to feel

of the increase for some years at least they should enjoy their Patam-bahs on paying the present tax without the slightest interference of the Surveyor on any pretext whatever, except their own request.

14. Whenever any Ryot whose trees have been destroyed by encroachments of the Sea, Rivers, Lightning, &c. should wish to have all his Gardens surveyed, this request should of course be complied with, and fair decrease of tax, if necessary, granted - This measure would be felt as a great relief in the more urgent cases, whilst I do not believe that the decrease annually granted would be at all large, at any rate it would be chiefly if not entirely, compensated by the increased tax on new

ORIGINAL DESTROYED

Fort St George 6th December 1841.

2 The deficiency between the weights of Malabar and Coimbatore in Fusly 1248. may with reference to Mr Underwood's letter of the 11th May 1839 be said to be nominal, the cause for it however no longer exists as the suggestion contained in the 7th Para of that letter, which received the approval of Government has with the concurrence of the Accountant General, been carried out from the commencement of Fusly 1249 and which accounts for there being no such deficiency in that Fusly.—

In Fusly	Quantity examined.	Deficiency in transit from Dryage.
1248	3310-14-10	84-1-27 1/2
"	3,603-6-36	115-18-30 1/2
1249		3 3/16

3 The deficiency in transit it will be observed by the Memorandum in the Margin, is greater in Fusly 1249 than in 1248, this arises from a greater portion of the supply of the former year having been received during the season that the burning land wind, so conducive to the dryage of Tobacco, prevailed in south Malabar. The increased quantity of

Fort St. George 6th December 1841.

of unsaleable Tobacco in 12 ℔ 9 ℥ is entirely attributable to the cause of the Tobacco supplied in that Fusly having been of a more inferior description, for it is a well known fact, that the better the quality of Tobacco received the lesser the quantity unsaleable. The C. M. th to 89-14-27 ℔ for writing off which from the accounts I now solicit the sanction of Government, I beg to state, will with reference to instructions from the Accountant General, have to be valued & debited in the accounts according to the cost and charges of the month in which the said Tobacco may be written off.

To The Secretary to the
Board of Revenue
Fort St. George

Sir,

(52) From the Coll.r of Madras - Recommending the confiscation

I have the honor to report for

Fort St. George 6th December 1841.

confiscation of a quantity of Ganjah and Bang for an attempt to defraud the revenue.-

for the information of the Board of Revenue, the Seizure on the 25th Instant, of 2 m. 6 v. 29 ℔ of Ganjah valued at Rupees 106-- 5 the duty leviable on which is Rupees 88-6-- with 3 v. and 34 ℔ of Bang valued at Rupees 7-7-10 chargeable with a duty of Rupees 5-15-10.

Dated 25th Nov.r 1841.

Depositions having as usual, been taken from the parties concerned, it appears from the one given jointly by one of the Duffadars, Mahomed Caufoom and Peon Ragavaloo that, under instructions from this Office, they were watching for about 10 days at Triplicane, that on the 25th at 3 o'Clock A. M. at the halting place there they saw several empty Carts, that only one Cart was covered with a Bamboo Mat and straw, and that under these a bale of Ganjah and 2 bags of Horse Gram were concealed, that the owner Atchammah, the Driver, Ramen, and one Rungien were then near the Cart, that Gholamee, a Ganjah Merchant, was at the time speaking to Atchammah, that when these persons

Fort St. George 6th December 1841

persons attempted to remove the Ganjah, they /the Duffadar and Peon/ Seized it, that Rungien said that two Bales were sold on the previous night to one Yeroolal, and that this man and his house were pointed out by him.-

3. Rungien states that three Bales of Gunjah were brought by Atchemmah from Tangal near Arcot concealed in a Cart, and confirms the representation made by Mahomed Causim and Ragavaloo respecting the sale to yeroolal and the seizure on the 25th Instant at 3 o'Clock in the morning. He adds that, when entering the Madras limits, Atchammah told the Mettoo Peons that the Cart was loaded merely with Horse Gram.-

4. Atchammah states that she brought the Ganjah from Vereechee-pooram, and that, on the way to Madras, she destroyed the Rowanah - She admits that she was taken up on a former occasion

Fort St. George 6th December 1841

occasion on a similar charge and sent to the Police, and that the Cart on which the present Seizure was made is her own.

5. The case having been re-ferred to the Police Office, Atchammah, Ramen and Gholance were fined 100 Rups each.-

From Dy Supt of Police 26th Nov 1841

6. Duffadar Mahomed Causim was directed to watch at Triplicane in consequence of information having been received at this Office by Post from Vellore that a quantity of Ganjah was about to be introduced clandestinely.-

7. The seizure made before and referred to in Atchammah's deposition is that upon which a report was submitted to the Board on the 22d June 1840. The quantity stated to have been sold to yeroolal was not found in his House on its being searched under a Police warrant.-

8. With regard to the Ganjah and Boing now under seizure, the attempt to defraud the revenue is so clearly established

Fort St. George 6th December 1841

established that I consider it proper to recommend that sanction may be granted for the confiscation of the articles and the distribution of the proceeds according to the Regulation.—

Proceedings thereon.— The Board of Revenue under the circumstances stated in the foregoing letter are pleased to sanction the confiscation of the Gunjah and Bang seized on the 25th November, and the distribution of the proceeds according to the Regulations.—

Read the following letter.—

To, The Secretary to the Board of Revenue Fort St. George.

(54)

From the Collr. of Madras. Para 1.

Sir,

I have the honor to acknowledge the receipt this day of your letter under date the 2d Instant calling upon me by order of the Board of Revenue to report at my earliest convenience "under

Pointing out certain letters in which the information respecting the Toddy Enams Shops now called for is contained and submitting further particulars just obtained from the Enamdars.—

Fort St. George 6th December 1841

"under what authority Enam Toddy shops were established," and "the purposes they were designed to fulfil;" as well as to explain "whether (these) shops were closed" in September last," and "if so the cause of (their) having been closed."—

2. Paras 58 and 59 of my report to the Board of date the 7th March 1835 contain information as to the circumstances under which a remission of part of the Government tax was allowed and continued in favor of some of the principal Toddy Shop keepers who were called Enamdars. Those to whom the indulgence is now continued, only 3 in number, are named in Statement A submitted to the Board by the Acting Collector on the 15th Ultimo. Para 5 of his

his letter under date the 12th October last seems to afford the rest of the information called for by the Board.

3. Having however, on the receipt of the letter under acknowledgment, immediately summoned the Enamdars to appear at this office, I find that they confirm their former Statement as given in Mr. Hudleston's letter as they have now mentioned certain other particulars, I beg leave to submit them on this occasion for the Board's information.

4. Vencata Graminy states that the sales at his Enam shop have always been conducted by

by a hired servant without any interference by the Police before the 18th September and that they are now so conducted.

5. Colenda Graminy having been infirm since 1836 and unable to attend to any business, his Brother Permaul Graminy has appeared for him, and states that his Brother has two shops, one of which is an Enam shop, and the other a 3d class shop fully assessed which has been open for 40 years. He declares that no leave was obtained for the sale to be conducted by any servant or others in either shop though in both Shops the sales have been conducted

18280 Fort St. George 6th December 184

conducted by servants without their being interfered with at any time by the Police.-

6. Paraso-oraman Graming has three shops, of which one is an Enam shop, the other two being fully assessed. he states that in none of the three shops have the sales been conducted by himself. The two fully assessed shops have been open for 20 years, but no notice had ever been taken of the sales being conducted as they have been.

Reporting with reference to the concluding Para of B/ds Proceedings of the 2nd Inst. on the Enam Toddy Shops in the Madras Collectorate & also submitting a letter with its enclosures from the Offg Supt of Police being Copies of Proceedings against all parties of Sept. last brought before the Magistrates for breaches of the Police Regn & with observations in reference to their decisions

From the Collr 4th Jan. Cons 6th Decr 1841.
From the Collr 7th Jan. Cons 19th March 1835

Para 1.

In the concluding Paras of the Extract from the Board's Proceedings of the 2nd Instant, it was observed that a separate report would be made on the subject of the Enam Toddy Shops in the Madras Collectorate and I am directed accordingly to request you will lay before the Right Honorable the Governor in Council the letters noted in the Margin which have been received on this subject from the department of the Collector of Madras.

2. From the Collector's letter of the 7th March 1835 Paras 58 and 59 the original of which has been already forwarded to Government, it will be seen that the system introduced by the Renters and long in operation was continued under the Officers of Government when

Fort St. George 6th December 1841.

when the Abkarry came under Sumary. A remission
of part of the Government dues was allowed to certain
of the most influential of the caste of Toddy shop
-keepers for services they rendered in co-operating with
the Establishment and in forming the settlement.
The remission was continued to each only as a
life grant and the indulgence is now confined to three
individuals.

3.

These parties did it is stated, &
likewise close their shops on the occasion of the
late strike for the reasons detailed in Mr.
Robertson's letter of the 4th Instant. The holders
it will be observed of all three shops conduct
their sales by hired Servants, and two out of the
three have opened separate shops fully assessed
to the Revenues. They were all consequently amenable
to the Penalties of the Police Regulation No. IV.

4.

The Board of Revenue direct
me to take this occasion to lay before Govern-
ment the accompanying letter with its &c.

Fort St. George 6th December 1841.

Superintendent of Police, being copies of Proceed-
-ings against all Parties in September last
brought before the Magistrates of Madras for
breaches of the aforementioned Regulation.

5.

The Board have no control over
the decisions of the Magistrates, and in reference
thereto, they merely direct me to observe, that the
fines imposed have in most instances been in-
flicted on the parties for having more than
one door or window, and that the default of
payment has in every case been commuted
into a term of commitment to the House of
Correction. On examining the Police Regulation
No. IV the Board are unable to discover any
prohibition in its enactments against a
opening two or more doors or windows in a
Toddy Shop while the only alternative in
the power of the Magistrates to adjudicate
in commutation of the non-payment of the

18314 Fort St. George 6th December 1841

the penalty adjudged, seems to be the infliction of Corporal Punishment
