Circular to all Collectors except Madras.

Circular.

From Government 19th November in Cons. 9th December 1841.

Para 1. The Attention of the Board of Revenue has been recently pointedly directed by Government to the necessity and importance of attending to the proper education of Minors under their superintendence as a Court of Wards, and

Fort St. George 20th December 1841.

and to the better opportunities afforded for this purpose in the opinion of the Right Honorable the Governor in Council from the recent foundation of a High School and University for Native Education at the Presidency.—

2. You will be pleased accordingly to give this subject your earliest attention, and you will report to the Board on every occasion of an Estate coming under management by reason of the minority of the owner, on the course that seems most expedient to be pursued for the proper education of the Court's Ward: stating your opinion whether this object can best be attained by local instructions in the Province or by the temporary removal of the parties to the University at Madras.—

3 These observations equally apply to wards of Court whose Estates are now under management, if there should be any such in your district at the present time.—

To the Chief Secy. to Government.

Sir,

Submitting in reference to the Extract from the Minutes of Consultation of the 19th Novr. last a letter from the Princl. Collr. of Canara with draft of an appeal intended to be presented to the Court of Sudr Udalut with a view to endeavour to obtain a modification of a Decree of the W.P. Court in the revived appeal Case No. 16 of 1837. Hirapullo Versus the Pl. Collr. of Canara & others, & requesting that authority may be granted for pursuing the course proposed by Mr. Blair.—

Recd. 9th & Read 20th Novr. & Decr. 1841.

Para 1. In reference to the Extract from the Minutes of Consultation of the 19th November last with its enclosures, I am directed by the Board of Revenue to forward for the consideration and orders of Government, the accompanying letter from Mr. Blair, Princl. Collector of Canara, with draft of an application intended to be present to the Court of Sudr Udalut with a view to endeavour to obtain a review or modification of the Decree of the Western Provincial Court in the revived appeal Case No. 16 of 1837. Konapulos, Pauper, Versus the Principal Collector of Canara and others.—

2. The circumstances of this case have been explained so much in detail in the correspondence that

Fort St. George 20th December 1841.

that has already passed upon this subject, more especially in my letter of the 8th August 1839. that it is considered unnecessary here to do more than refer to these communications, and to observe that the Judges of the Sudr Adalut on the motion filed by the Acting Princl Collector Mr. Maltby directed a revision of the former judgment. The revised decree submitted with the papers now forwarded to Government, is however essentially the same, though supported on totally different grounds from the former Judgment.

3. Mr. Blair conceiving that this decree is as faulty and open to objection as the former, has forwarded draft of a motion to be presented to the highest Court, for a review of the Judgment passed against the Officers of Government. and the Board direct me accordingly to request that Authority may be granted for pursuing the course indicated. The Board are not aware whether it is in the power of the Court to afford the redress sought, but as the case involves points of moment, affecting the security of the revenue & the validity of many similar sales

sales of land, it seems desirable that the matter be brought again under the cognizance of the highest Court of appeal.

Para 1. The result of the Management of the Extra Sources of Revenue in the District of Chingleput during the Fusly under consideration exhibits a Net decrease of Rupees 9,085—5—9. as compared with the previous year.

2. The main item of decrease is observed to have occurred under the head of Salt and is satisfactorily accounted for in para 2 of these Proceedings. It appears indeed to have

Fort St. George 20th December 1841

have been more nominal than real being caused by the postponement of the sales of Store Salt to meet demands in the Calcutta Market. This deficiency has been partly compensated by increase in other items of Extra Revenue, and the Board observe "more than compensat-
"ed in the current Fusly, the Increase within
"the Month of July as compared with the
"sales for the same period in the preceding
"year being upwards of 12,000 Rupees."

3. The several other items of Extra Revenue adverted to in these Proceedings do not call for particular remarks.

1. The Net Revenue derived from

Fort St. George 20th December 1841

from all branches of Extra Revenue in the district of North Arcot during the fusly of 1250 is observed to have exceeded that of the previous year by the sum of 59974-8-3, a result which His Lordship in Council concurs with the Board of Revenue in considering extremely satisfactory—

2. There was an increase in every item of Extra Revenue but that derived from Stamps—The chief excess with the exception of the Treputty offering accrued under the head of Salt which is attributed to the favorable nature of the season—

3. The explanation given in para 3 of these Proceedings with respect to the deficiency in the article of Salt which took place in Fusly 1249 and regarding which further information was called for in the Minutes of Consultation Noted in the Margin is deemed satisfactory—

Sir

In reply to your letter of 25th ultimo I have the honor to inform you that Petition No. 217 of the Petitioners were appointed Moneygars in the place of those dismissed as reported in

18476 Fort St. George 20th December 1841

in the Return for May 1839 of persons suspended &c. under Regulation VI of 1831.

Under dates 9th and 13th July 1839 the late Principal Collector explained the particulars of the case and the Board replied under date 25th of same Month and clearly placed the matter as they wished—

On the 10th of July in the present year Mr. Commissioner Dent restored the old Moneygars who were dismissed as reported in the May Return of 1839—This had the effect of ousting the present Petitioners Nummalwar and Lutchmana Naick [this latter name being borne by a man of each party should not lead to confusion] who had been in Office since May 1839: and hence their complaint—

Gentlemen,

From the Supt. of Stamps - - - } Para 1. I have the honor to forward for the information of your Board a General Statement of Stampt Paper and Cadjans received and sold by Collectors from 12th July 1840 to 11th July 1841 or in Fusly 1250 accompanied by 8 Explanatory Statements.-

Forwarding a General Statement of Stampt Paper and Cadjans sold from 12th July 1840 to 11th July 1841 accompanied by 8 Explanatory Statements.-

2- By Statements Nos 1 and 2 you will perceive that the Gross Revenue derived during the Fusly in question amounting to Rupees 47,93,828-2-8 and by the Statement No 3 that the charges amount to Rupees 52,266-7-11¾ which with the sum of Rupees 813-12-. paid as drawback being deducted, leaves the net Revenue Rupees 46,1,561-10-8¼- This on a comparison with the Net amount of the preceding Fusly exhibits an excess amounting to the sum of

of Rupees 15,192 - 11 - 7 3/4 which has arisen most part from an increase in the sale of Judicial papers and partly from an increase in fines and Penalties levied by Judicial Officers under clause 1 Section III Regulation II of 1825.

3 Statements No 4 and 5 are accounts shewing the manner in which the Paper and Cadjans received by me during the Fusly have been disposed of and the quantity remaining on hand at its termination. Your Board will perceive that the excess of paper and Cadjans reported to have been received by Collectors as particularized in Statement No 6 amounts to Rolls 553 to the value of Rupees 15 - 15 - 6 which has been carried as usual to my debit and I request that sanction may be obtained for my taking credit for the deficiency shewn in the same Statement amounting to Rolls 197 to the value of Rupees 293 - 2 - .

4 - Statement No 7 exhibits the

the quantity of damaged papers and Cadjans amounting to Rolls 78 to the value of Rupees 30 - 1 - . and the quantity of Damaged and unsaleable Stampt Paper and Cadjans returned by some of the Collectors is shewn in Statement No 8 amounting to Rolls 19,730 to the Value of Rupees 994 65 - 3 - . I have the honor to request the Board will obtain the sanction of Government for my carrying the values of these papers as usual to profit and loss & for permission to destroy the same.

5 Statement No 9 exhibits the description and value of Paper and Cadjans disposed of by the several Collectors during Fusly 1250.

To the Chief Secretary to Government---

Reporting on the revenue realized from the sale of Stamped Paper and Cadjans in Fasly 1250.

10th Nov. In Cons. 20th Dec. 1841.

Para 1. I am directed by the Board of Revenue to request that you will submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Superintendent of Stamps enclosing Statements shewing the amount of revenue realized from the sale of Stamped paper and Cadjans in Fasly 1250.

The gross revenue amounts to Rupees 4,93,828-2-8; deducting therefrom the charges and refunds amounting to Rupees 52,266-7-11¾, the net revenue is Rupees 44,1561-10-8¼ exceeding the net revenue of Fasly 1249 in the sum of Rupees 15,192-11-7¾ and being considerably in excess of the revenue realized in the ten preceding years from Fasly 1240 to Fasly 1249 inclusive.

The Right Honorable the Governor

with the management of the Religious Establishments of the Natives in the Madura and Rajahmundry Districts.-

Governor in Council is of opinion that the propositions for the withdrawal of all interference on the part of the Officers of Government with the management of the Religious Establishments of the Natives in the Madura District by which the general Superintendence of the affairs of the Pagodas will be made over to some person of influence and respectability, mostly to zemindars and in some cases to the head of the Village and Commune, in whom the Office is to be regarded hereditary, are well calculated to meet the views of the Honorable the Court of Directors.-

2. In those cases where the Pagodas are endowed with money, His Lordship in Council observes that the fixed allowances should be all paid over to the Superintendents, so that there

may

may be no deposits on this account for the future, but where they are supported by endowments in land, some more specific and distinct explanation of the nature of those endowments is necessary to enable him to pass final Orders, and these explanations the Board of Revenue are requested to furnish without delay.-

3. His Lordship in Council concurs in the remarks of the Board of Revenue contained in para 5 of their letter of the 21st. October last, and in reference to para 6 he is of opinion that the Pagodas in the zemindary of Shevagunga should at once be placed under Native control under the

Decrease in the Home Sales at the Womaravelly Pans amounting to Rs 10,405–8– but an Increase in the Inland sales to the extent of Rupees

tion at the Sunjam Pans, as noted in the margin. A Decrease appears both in the Home & Inland sales at the Munsoorcottah Pans the former to the extent of Rupees 10408–2– and the latter of Rupees 1308–10–. There was an Increase in the Home sales at the Ittchapore Pans amounting to Rupees 1817–14–10 while the sales for Inland Consumption were nearly the same as in the previous year. A Decrease both in the Home & Inland sales occurred at the Nowpadah Pans, as noted in the margin. There was also a

Rupees 2965—9—5.

5th It will be observed that with the exception of an inconsiderable Increase under the head of Inland sales at Wallajanagaram and under that of Home sales at Ittchapore and Ganjam, there was a falling off in the quantity of Salt sold at all of the other Cotaurs, both for Home and Inland Consumption during Fusly 1250, compared with the previous year— The Increase at Wallajanagaram and at Ittchapore is ascribable to accidental causes in the former instance being owing to the prevalence of Cholera for some time at the Nowpadah Pans which led Merchants accustomed to purchase their supplies there, to resort to the adjoining Cotaurs at Wallajanagaram— While the Increase at Ittchapore is to be accounted for by the sale of Salt to inland traders from the neighbouring Pans at Munsoorcottah having been suspended for a time, with a view to facilitate the disposal of the stocks of old Salt remaining on hand at Ittchapore

The

Fort St. George 23d December 1841.

The Decrease in the sales at the other Cotaurs, is I conceive chiefly attributable to the depressing influence on the trade and general prosperity of the District resulting from a succession of bad seasons; a cause which has also extended to the whole of the other branches of Extra Revenue in the year under review— About half of the whole deficiency in the sales of Salt occurred however at the Nowpadah Cotaurs, where as above noted Cholera also materially interrupted the Inland traffic in Salt.

7th The net Increase in fines and forfeitures as noted in the margin consists of the Proceeds of Salt gained by measurement, and seized from smugglers &c. which were transferred to this head under recent instructions from the Accountant General during the Fusly under review.

noticed is attributable to the generally depressed state of trade, consequent on the extremely un=favorable nature of the seasons of late years—

10. The Decrease in Fines and forfeitures as noted in the margin is owing to the smaller amount of Fines levied during Fusly 1250—

The Decrease occurred in all of the

of the bulk of the population, generally
from the adversity of the seasons - during

The Abkary Revenue and sundry small Farms and Licences and Abkarypha Revenue being small no Charges have been incurred on this Account —

The Decrease in the Collections of Salt Revenue is attributable to the depressing influence on the Trade and General prospects of the District which has resulted from a succession of bad Seasons — The Decrease in the Charges for Manufacture and Superintendence &c. is ascribable partly to the Manufacture of Salt having been carried on to a smaller extent, and partly to a portion of the outward Wages and Extra Charges not having been charged during the Fusly under review —

The Decrease in the Collections of Land Customs arises from the depressed state of Trade particularly in Aska, Berhampore, Pedershottapore, Sampetta, Tagerecullaum, Patapooram &c. Chowkies — The Decrease in Charges is owing to Certain situations not having been filled up immediately on their becoming Vacant during the present Fusly —

The Decrease that appears in Sea Custom Duty is attributable chiefly to the Export Trade having fallen off owing to the failure of the Harvest in previous years and to the consequent increase in Rates on the different description of Goods — The Decrease in charges is ascribable to the full amount of Servants Wages and Sandeward having been charged during Fusly 1750. The total Decrease in Extra Charges consists of the amount paid in last year for repairing a seals at Mungeerecullah &c. &c. —

The Decrease that appears in Abkary Collections arises from the losses sustained by the Renters consequent on the adverse nature of the past Seasons. —

The small Increase in the Collections of Sundry small Farms and Licences requires no particular explanation. —

The Increase in Stamp Collections is attributable to the larger quantity of Stamp Paper purchased for Civil Suits instituted in the Court of the Agent to the Governor of Fort St. George in Fusly 1750. The Decrease in charges is ascribable to a part of the Vendors Commission not having been disbursed within the Fusly under review —

The Decrease that appears in Abkarypha Collections arises from the reduced condition, emigrations and Casualties of most of the Ryots of this Branch of Revenue owing to the scarcity which prevailed in the succession during the past 3 Fuslies. —

No. 3.

The net Decrease in Sayer Collections is attributable to the depressed state of the Trade at most of the Chowkies consequent on the adverse nature of the seasons during the last 3 Fuslies.—

The Decrease in Fines and Forfeitures is ascribable to the smaller amount levied during Fusly 1250.—

The Decrease in servants Wages arises from certain Situations having been vacant for some time during Fusly 1250.

From the Coll.r of Vizagapatam

With reference to an Extract from the Proceedings of the Board of Revenue the Collector of Vizagapatam furnishes further information in regard to the Petition No. 1393 of 1841..

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 9th. October requiring further information in regard to the Petition No. 1,393 of 1841..

2 I beg leave to submit a rough sketch which exhibits both the ground from which the Petitioners have been removed and the spot where they are now comfortably settled..

3 I beg leave at the same time to submit translation of an account delivered by the Naidoo and Curnum, shewing the value of the houses and the period when they were erected..

4 It is possible that the houses may be a little undervalued,

but I can state with certainty that they were common huts, and that the whole of the materials, with the exception of the mud could be removed without any difficulty..

5 I must however repeat what I have formerly stated, that the removal of the Petitioners was the act of the Proprietor and not mine. We maintain that he is perfectly justified in what he did (as will be seen by the accompanying translation of a statement of his manager)..

6 If the Petitioners dispute this, they can prosecute him in the Civil Court, which seems however by the statement of the manager, to have already decided the question..

Resolution thereon.- Ordered that the follow=ing Endorsement be passed on Petition No. 1393. of 1841.-

The Board of Revenue having caused a full enquiry to be made into the circumstances under which the change of location complained of by the Petitioners

was effected, have reason to believe from the information they have received, that the Petitioners have no reasonable claim to com=pensation.- This Petition is accordingly &c. rejected.-

Read again letter from the Collector of Rajahmundry dated 17th Ultimo and entered in Consultation 9th instant.-

18
Proceedings thereon.- Of the Surplus Funds of the Pettapoor Estate, after meeting the demand of Peishcush for the Current Year, are sufficient to discharge the sum &c. awarded to Cotagherry Bootchiah for the profits of the Kerllumpoody Estate for four years from Fusly 1234. to Fusly 1237 respectively, the Board think they could not be better applied than in satisfaction of the exigency of the Court's precept and Mr. Smith will take the Necessary measures accordingly.-

The accounts of the Petta=poor Estate up to the termination of the minority of the Zemindar which ex=pired it is understood on the 29th August

August last were forwarded by Mr. Smith in a report under date the 8th November - The Board will not fail to submit these to Government for orders at the earliest practicable period, with a view to the immediate assumption of the management by the Proprietor as soon as Government shall have determined the terms under which the sums advanced from the Treasury during the minority, to satisfy the precepts of the Courts of Adalut, shall be liquidated.-

In Con. 22d Nov. 1841.

Read again letter from the Collector of Rajahmundry dated 20th Ultimo and entered in Consultation 9th Instant.-

Ordered that the following address be submitted in consequence.-

To

The Chief Secretary to Government

Sir,

(19) To the Chief Sec. to Government

Para 1. I am directed by the Board of Revenue to request you will lay before Government for Orders, the

20th Nov. & 9th December 1841.

the accompanying letter from Mr. Smith, Collector of Rajahmundry, reporting the sale of the Cottapally Zemindary, on the 18th Ultimo. and its purchase on account of Government for Rupees five thousand.-

2 This Estate, it will be perceived, was ordered to be brought to sale for arrears of Revenue in an Extract from the Minutes

In Con. 9th Dec. 1841

of Consultation of the 25th September last - and to be purchased at a sum not exceeding the amount of arrears then outstanding - These amounted, principal and interest, to Rupees 32,348—2—2. and it is accordingly requested that the purchase of the Zemindary for the sum noted in the preceding Para be Sanctioned.-

The

Fort St. George 23d December 1841.

Agreeably to the Collector's Suggestion, the Board recommend that the management of the Vadaly and Ullore Davastanams which are the only two institutions in the Masulipatam District in the concerns of which any interference has been exercised by the officers of Government, be made over, with the lands appertaining to each, to the Zemindar of Vinnacottah and Goodevadah, on his executing an instrument binding himself to a faithful discharge of the trust undertaken by him, and acknowledging himself amenable to the Courts on any charge of Malversation which may be preferred by any party competent to institute an

Board of Revenue
Fort St. George.

Sir,

(1) From the Collector of Masulipatam. Reporting on Petition No. 331. of 1840. presented to the Board by the Renters of Moonegal Purganah. Sent. 1840.

Para 1. I have the honor to acknowledge the receipt of Mr. Parker's letter under date 6th July 1840, transmitting a Petition from the Renters of Moonegal, praying 1st that an annual deduction to the amount of Rupees 1,508-15-6 may be made from the amount of their rent, in consequence of their not having voluntarily agreed to pay more than 9,825- per annum. 2d that the sum of about 2,000 may be remitted instead of 701, the amount accorded to them on account of the land transferred to His Highness the Nizam by the Umpire for settling the disputed boundary on the frontier, 3d that they may be reimbursed for the expences to which they were subjected on account of Batta to Curnums &c and Witnesses during the investigations

Fort St. George 23d. December 1841.

investigations respecting the Boundary made by the Umpire. 4th that they may be permitted to pay the balance of their rents by instalments. and 5th that detailed accounts of the Cultivation, produce &c. may be dispensed with.

2 With respect to the 1st point it is to be observed, that Mr. Goldingham's letter apprizing the Board of their having accepted the Rents was dated so far back as 21st September 1836, while their Petition to the Board is dated 25th January 1840. on this point, the long silence of the Petitioners in making an appeal appears to me to constitute a sufficient refutation of the Charge, to say nothing of the great improbability of Coercion having been used.

3 With respect to the 2d point, the Board have already been informed of the Amount of remission which had been deemed equitable on account of the land

land transferred to the Nizam, and have approved of the remission of Rupees 701 made to them-

4 With respecte to the 3d point, it is to be observed that no Expences on account of Butta were authorized by the Collector, nor was any application made for Sanction for such a Charge-

5 With respect to the 4th point, it is to be observed that the Balance of Rupees 8344-7-1. for Fusslies 1248 and 1249 have already been liquidated in full-

6 With respect to the 5th and last point, I beg leave to state, that orders have been issued to the Tahsildar of Juggiapettah to discontinue the practice of Summoning the Curnums for the purpose of obtaining detailed accounts of the Cultivation and produce, and to Content himself with receiving directly from the Renters such accounts as may from time to time

time be necessary bearing the joint Signatures of the Curnums and Renters of the Villages belonging to the Estate of Moonegal-

7 The Petition is herewith returned-

From the Collr of Bellary Requesting Sanction for writing off the irrecoverable balance of Land Revenue outstanding on account of Fusly 1249 amounting to Rupees 6757-3-0-

Sir,

I. At the period I prepared the Summahbundy Report of Fusly 1250- I could not ascertain the exact amount of irrecoverable balance of the last Fusly Beriz of Fusly 1249 to enable me to recommend the same to be permitted, I now have the honor to transmit a statement, it consists of the following particulars- The total amount of balance outstanding- on account of Fusly 1249- entered in the State- =ment preferred to above as it stood up to the end of October of that year was Rupees 8,71-9-11- of which the Amount since ascertained to be recoverable is Rupees 1114- 6- 11- leaving the remainder Rupees 6757-3-0- desperate, the following is an Abstract of the same:

Number

Fort St. George 23d. December 1841.

It will be observed that the aforesaid irrecoverable balance of Rupees 6757-3-a is of greater Amount than the remissions of the two previous fusslies 1247- and 1248 or since the practice of Cutla tewkoof has been discontinued, the cause has been well explained by the late Principal Collector in Para 26- and 27 of his Report for fusly 1245- The cause of the irrecoverable balance having been small in so unfavorable a season as fusly 1248- was owing to the deductions of various denomination made at the Summahbundy of that year.-

2- Three items out of the 5 comprising the present balance alluded to require explanation- The first is Vysack Bunjer Rupees 2504- q- 2- which occurred in the wet lands of those Talooks of which the Settlement was made at so early a period that

that only an estimate for the second crop could be entered in the Puttahs the inability of Ryots in some instances but chiefly insufficiency of water pro-duced the Actual cultivation secondly failure of Crops &c. being Rupees 2463-13- 1 of which Rupees 2249-3-1 occurred in two Talooks, namely Goollem and Punchapollem, and regarding which in the concluding part of Para 4 of my report on the Settlement of that year I have observed how severely the failure was felt by the Ryots in some Villages of those Talooks. The Amildars visited the fields respectively in person to ascertain how far the complaints of each individual was well grounded and reported the result. I subsequently ordered them to leave uncollected such balance as was found to have proceeded from total failure of crops and the present amount is the sum so kept back.

3rd Request under the foregoing explanation, the Board will be pleased to support my recommendation that Rupees 6757-3-1 be remitted.

Transmitting a translation of the Cowlenamah originally framed by Sir Thomas Munro and stating that translation of the Hookoomnamah is under preparation and will be forwarded if required—

Sir,

With reference to your Circular letter of the 11th October last, calling for Copies of standard Hookoomnamah and Cowlenamah at present in force in this District, I have the honor to enclose Translate of the Cowlenamah originally framed in the Native Language by Sir Thomas, then Colonel, Munro during his administration of the Ceded Countries. Regarding the Hookoomnamah I beg to refer the Board to Para 29. of the Summabundy Report for Fusly 1246. in which the late Principal Collector states" the Board have been pleased "to express a desire to have in their office a "Hookoomnamah containing all the Rules actually "in force for the settlement of the Revenue in this "District, distinguishing the Rules which have "originated since Fusly 1234. The Hookoomnamah issued "under the Board's instructions of the 7th June 1834 continues

in

"in full force. scarcely any additions have been "made to it that I remember. I have however "directed the Cutcherry people to collect all the "supplemental orders bearing on the subject, and "after preparing a fresh Korkommamah, I "shall do myself the honor to submit it with "my next Report."—

2. I further beg to refer to the supple=mental orders, a translate of which has already been forwarded by Sir H. Montgomery, Bart. with the Report for the subsequent fusly 1247.

3. The intention of the late Mr Robertson never having been carried into effect, I thought it better to prepare a fresh Code of instructions comprising as far as practicable the various Rules in force for the Revenue settlement, dis=tinguishing it under two heads, the one for the guidance of the Talook Servants and the other for the use of the Cutcherry, translate of which is under preparation and will

Translate of a Cowlenamah framed by the former Principal Collector of the Ceded District in Fusly 1216.—

In framing the rates of Cowle, the Lands are distinguished by three different names. The 1st is Caudarumbum or dry land. The 2nd is Bagayet or Garden land, and the last Neararumbum or Wet land. The first said Dry land comprises four Classes according to the quality of the respective soil. namely Regud or Black soil, Tokidi or Mixture soil, Lawk or Red soil and Chukor Loom or the poorest Class of mixture soil.—

Tenures of Cowle.—

Regud or Black soil. This class of land, to be broken with the great plough of 6 yokes and the rate of Cowle is as follows.—

Waste standing 1 year. For land laid Waste for one year no Cowle shall be allowed.— For

Waste standing 2 Years-

For land left fallow for 2 years the Ryot shall pay three-fourths of the turrum to the Circar for the 1st year, in which he breaks it up. enjoying the other fourth as a Cowle remission and from thence he shall continue to pay the full turrum.—

Do. 3 years.

For land left fallow for 3 years the Ryot shall pay one half of the turrum for the 1st and three quarters for the 2d year. and from thence shall commence to pay the full assessment.—

Do. 4 Years.

For land left fallow for four years the Ryot shall pay one fourth for the 1st. Half for the 2d and three quarters for the 3d year, and from the fourth year he shall pay the full assessment.—

Do. 5. Years.

For land left fallow for 5 successive years the Ryot shall pay at one quarter for the first two years, half for the 3d year, and three quarters for the fourth year. afterwards the full assessment.—

Do. 6 years and upwards.

For land laid waste for 6 years and upwards, the Ryot who breaks it up shall for five

five successive years, pay at 5 Canteroy fanams a year per each Plough, and after thus enjoying his cowle for five Complete years, he shall begin to pay the full assessment from the 6th year. Here let it be understood that the former practice, which varies from one rate to another in several of the Villages is hence forth to be discontinued and the present Rules to be considered as the standard rates of Cowle.—

Tokadi or Meadow soil.

This class of land is generally considered as capable of being broken by a Plough of 3 yokes though some use 4 and others 2 yokes for the same, the rate of Cowle is as follows.—

Waste standing 1 year-

For land laid Waste for one year the Ryot shall pay seven eighths of the assessment for the year he breaks it, and the following year he shall continue to pay the full assessment.—

Do. 2 years-

For land left follow for 2 years the Ryot shall pay one half for the 1st and three quarters for the 2d year and

Fort St George 23rd December 1841.

and then the payment of full assessment shall begin.—

Do 3 years.

For land left follow for 3 years the Ryot shall pay one fourth for the 1st. One half for the 2nd and three fourths for the 3rd year. From the fourth year he shall pay the full assessment.—

Do 4 years.

For land left Waste for four successive years and upwards, the Ryot who breaks it with a Medium plough shall enjoy his Cowle for three Complete years, only paying during that period at 5 Canteroy fanams per each tract. that could be broken with one Medium plough within the year and from the fourth year he shall pay the full rate of assessment.—

Lawb or Red soil.

This Class of land becomes poor by a Continuance of Cultivation for a successive period of 10 or 15 years, unless broken up with plough of a single yoke. The rate of Cowle is as follows.—

Waste standing 4 Years.

For land left Waste for four years the Ryot shall pay one half for the 1st and

Fort St George 23rd December 1841.

and three fourths for the 2nd year, and from the third year the full rate.—

Do 5 years.

For land left waste for 5 years and upwards the Ryot shall pay one quarter for the 1st. One half for the 2nd. and three quarters for the 3rd year, and thence the payment of full assessment to commence.—

Chuchoo toorvoo or poorest Class of Nuncture Soil.

This Class of land becomes unproductive by being Cultivated successively for three years, unless broken up in the fourth year with plough of a single yoke, and for the year in which this land is tilled with a plough, the Ryot shall pay a Moiety of the assessment enjoying the other half as a Cowle for that Village whether in the fourth or any year afterwards.—

Nutt Cowle.

Independent of the above there is another sort of Cowle to be allowed for rooting out the Nutts or roots of grass growing in the Regud lands still occupied and Cultivated by Ryots in whose Puttahs they are comprised.—

For lands covered by Nutt grass in a proportion between one quarter and one half

of

Fort St. George 23rd December 1841.

of the tract. supposing the whole value of the lands in which the nutt is grown, was 16 C Pagodas and the quantity of the nutt /Say one fourth./ is valued at 4 Pagodas, there remains 12 Pagodas being the circar demand on the Cultivable portion - but out of which a moiety of the aforesaid 4 Pagodas shall be deducted as remuneration for clearing out the nutts. Thus the Cowle shall be continued for 4 years and thence from the fifth year, the Ryot shall pay the full turm - and again another explanation, supposing the tract of land is valued at 16 Pagodas and one half of it is covered by nutt, the Ryot shall only pay 4 Pagodas instead of 8 Pagodas being the value of Cultivable Land enjoying the other 4 Pagodas as remuneration to clean out the nutts - This Cowle to continue for four years and thence from the fifth year the full turm shall be levied -

For

Fort St. George 23rd December 1841.

For land in which the quantity covered by nutt is calculated between one half and eleven sixteenth, supposing the Value of the whole tract is 16 Pagodas and the value of the portion encompassed by nutt, Say nine sixteenth, while the Cultivable portion is 7 Pagodas. The Ryot shall continue to pay 3-5-11- being a moiety of the actual, which is 9 Pagodas. this remuneration for clearing out the nutt - shall continue for four years, and from the fifth year the Ryot shall pay the full assessment of the whole tract - and again supposing the quantity of nutt is calculated at eleven sixteenths - or Pagodas 11- and the cultivable portion is Pagodas 5, the Ryot shall pay only a Moiety or Pagodas 2-5-11 out of the cultivable portion - This Cowle remission of 2-5-11 to be continued for 4 years, and from the fifth, the

the full value of the whole tract shall be levied.—

To lands in which the quantity covered by nutt is calculated at upwards of three fourths. Supposing the whole tract amounted to Pagodas 16. and the portion covered by nutt is valued at Pagodas 12. while the Cultivable quantity may appear but 4 Pagodas as circar demands, should there not be a waste tract in that Village and in that event should the occupant offer to break this nutt land with a great plaugh, the aforesaid 4 Pagodas to be remitted and the Cowle in the first said manner be allowed so that the Ryot shall enjoy the whole land for 5 years. paying only at 5 C" fanams each tract of the great plaugh and thence from the sixth year the full term shall be levied.—

Land

Part 2.

Land denominated Neerarumburn- Garden land depending upon Nullahs- and Wells- supposing a Garden land laid waste for two years the Cowle remission of one half of the assessment shall be allowed for the first year in which a Ryot may begin to cultivate in it, and in case the waste stood for number of years above the said 2 years, the Cultivator shall be allowed a Cowle remission for the first two years at a Moiety of the turm, and then the full assessment to be levied—

Wet land under Tanks—

In the case of Tank land laid waste for two or three years owing to the want of supply to the Tank, no remission shall be allowed for the subsequent Cultivation in it. But should there be water in the Tank and the waste arise from other Causes in

in such cases, the rates of Cowle shall be as follows. supposing the period of waste was two years, a moiety of the full assessment will be remitted for the first year. the land was cultivated and should it run to any number of year, upwards of the said 2 years, the remission will be for the first two years and thence the full turn shall commence. With respect to the Dry converted into Wet by the Tank water, a turn shall be fixed in comparison with the adjacent wet land, the rates of Cowle are as follows. One quarter for the 1st. one half for the 2nd. and three quarters for the 3rd year to be allowed as deduction for the Ryot, and then

then from the fourth year the full assessment shall be collected. —

Dry converted into Garden — under Wells. —

In case of a Ryot repairing a ruined well, the land under which was classed as Dry in the Survey accounts. If the Ryot begins to cultivate Garden in it. then assessment to be fixed according to the quality of the land and the holder shall be allowed a deduction of one-fourth of the turn so fixed as a remuneration for his cost and trouble in the Repair. —

In case of a Ryot digging a Well to actual Dry land, and converting it into Garden, the Dry assessment alone shall for ever

1842

Fort St. George 23rd December 1841-

ever be continued without any additional case -

In case of a well / under which the land was rated and enumerated in the survey Putt as Garden land / being ruined either by dilapidation or otherwise the costs of its repair shall be liquidated to the Ryot so repairing it / by remitting the Circar demands for the year and should it not be fully liquidated in one year- the remainder may be given credit in the following year -

The Cowle remission is only intended to be allowed to a Ryot who does not contract his occupation in the antecedent year, and not to him the amount of whose payments falls short of the preceding year -

Sirs

From the Pt. Coll.r of Salem. I have the honor to report for the orders of the Board, that a Yeomiah of Rupees 142—6—0. which was formerly held by Abdulla Beg. was sanctioned by Government as per Minutes of Con-sultation dated 28th April 1835, to con-tinue for the term of three lives to the undermentioned parties.—

Fort St. George 23rd December 1841.

Moored Beg was the person who usually received the pay of the female relatives of Hussance Beg Undha, as their customs o prevented their appearing abroad- such being the case the eldest daughter Hyat Khan died on the 13th August 1839, and without making the circumstance known, Moorad Beg received her allowance up to April 1840. -and thereby an excess payment of Rupees 5—4½ has been made. We, Moorad Beg went away to another part of the Country, and his pay of 35 Rupees was ordered to be stopped for July 1840. and it remains in the Treasury unpaid. under the present rules, Moorad Beg's conduct would ren-der him liable to forfeiture of Yeomiah, but as the circumstance took place before these were issued, the Government may perhaps be inclined to inflict a punish-ment less severe. he has returned to the district. his Mother who was depending on him is dead, and I would beg to suggest, that the stoppage of his Yeomiah for two years, or

for Fuslies 1250 and 1251 from which the over drawn amount may be deducted, will be a punishment sufficient to deter others from attempting a like fraud. I formerly reported on this subject to the Board, but like many other communications of last year, this may not have reached the Board.

Proceedings thereon.

(32-33)

Considering the time that has elapsed in the matter to which the letter refers and the small amount involved, the Board are of opinion that it will be sufficient to recover from Moorad Beg's undrawn allowance any sums overpaid on account of Hoossana Beg, paying him the remainder. and Mr. Gleig will caution him that the forfeiture of his own pension will be the penalty of the discovery of any similar irregularity in future by Moorad Beg.

From the Pl. Coll.r of Salem — Submitting Copies of letters rec.d from the Salem Mootahdar claiming rent for certain parcels of ground occupied for Govt. purposes & stating that as these lands have been dedusted from the aspects on which the permanent or Summah of the Mootah was fixed, the Mootahdar's claim should be rejected.

1. I have the honor to forward Copies of letters received from the Salem Mootahdar, claiming rent for three parcels of ground occupied for Government purposes.

2. The parcels of land which have been hitherto used as the ground on which executions take place, and for the encampment of troops, are a portion of ground entered in the pymash accounts as cutler pommboke, and deducted as such from the accounts when the Mootahs were formed. the right of the Government is of long standing, and no demand for rent has at any previous time been made.

3. The Ground on which the public Bungalow stands is part of the Glacis of the fort and similar to the land for which a suit in

Court

Court is now pending against the Principal Collector in this District. it was deducted from the accounts at the time of making the Mootahdary Settlement, and is in fact the Nuttum ground of Salem. if he has a right to this, he has right to every street.-

4. The ground of claim is the order passed by Government when Mr. Cockburn collected on newly cultivated lands in Mootahs which had been deducted; but this cannot authorize Collections on deducted lands, which are appropriated for Government purposes. I formerly applied to the Board for a revision of this order, but their answer did not lead me to suppose, they were aware of the necessity of more particular declaration of the Government's intention on the point in question. My opinion is, that this demand should not be complied with, at least the right to possession for the purposes required should be retained. The Bungalow ground

ground, there is no doubt, is the property of Government. I request the Board's instructions.-

To the Principal Collector of
Salem.

Sir

There are three pieces of Land belonging to my Mootah used for Public purposes, one as a hanging ground and the other as an Encamping ground for Regiments and Detachments passing through Salem, and on a third the Traveller's Bungalow is built. I have received applications to enclose and cultivate these lands; but as they are used for the purposes mentioned above, and as the public service may be greatly inconvenienced by their being otherwise disposed of, there being no other lands available for these purposes within many

many miles of Salem, I beg to submit the matter to you, and to request to know if Government wish to retain them, in which case, I shall consider myself entitled their rent, or that I may be permitted to let them out to the Ryots.—

To the Principal Collector of Salem.

Sir,

I have the honor to acknowledge the receipt of your letter of the 4th Instant. The grounds, on which I claim quit rent for the land occupied by the Travellers Bungalows, are certain Proceedings of the Board of Revenue which I cannot just now lay my hands upon, which were confirmed by Government, adjudicating all Peremboke lands within the limits of a Mootah to belong to the Mootahdar, including therein Old Forts and their Glacis. It was on these grounds

grounds that your predecessor Mr. Orr gave up to me, after some dispute, that portion of the Fort walls and Glacis levelled by him; and it was on these grounds also that the Court has decreed Mr. Walton to pay me rent for that portion of the Fort Glacis occupied by him and this decree has been confirmed too by the Superior Court.—

To, The Principal Collector of Salem.

Sir,

I beg leave to recall your attention to my letter of 14th October and that of 7th December 1839 giving you the information desired in your communication of the 4th December of that year; said correspondence being a claim on my part for rent for three pieces of

of land belonging to my Mootah, but used for public purposes, one as hanging ground, another as an encamping ground, and the third being the site and compound of the Public Bungalow. My last letter afforded you all the information you required in support of my claim, and I was warranted in hoping would have led to a settlement thereof. That nearly 2 years has elapsed since I gave you the desired information without my again troubling you on the subject, you will I hope accept as proof of my disinclination to resort to ulterior measures. But as I apprehend the validity of my claim need not be doubted, supported as it is by the precedent I quoted to you in my last letter,

I must now beg leave to express my hope, that your very early attention will be given to my demand; as I shall be under the necessity of construing any further delay into an intimation, that it will be necessary for me to enforce my claim through a legal Channel.

Mr. Sicker's claim should be resisted and Mr. Gley will if necessary prepare draft of answer for submission to Government, in the event of a suit being brought against himself or others by the Mootahdar in the Courts of Udalut.—

2. The propriety of this course is at all events apparent as regards the site of Public Bungalow, Government having already authorized the defence at the Public cost of a suit involving the same demand.—

From the Collr of Salem — Submitting Accounts of the Subdivision of the Suggadavoo Mootah into five portions and recommending that they may receive the confirmation of the Board.

Sir,

I have the honor to report, for the information and orders of the Board, that the fixed permanent Beriz of the Mootah of Suggadavoo in the Talook of Kistnagherry, is Rupees 4,632-9-0. The names of the Mootahdars are Soobien and Venkatarainien Soobien's brother Seetaramien filed a suit in the Zillah Court against him claiming a share of this brother's portion of the Mootah — a settlement was come to by Ryzemamah, and Soobien accordingly gave his brother Seetaramien 5/32d part from his 9/16th Share. The Court in their letter dated 30th May 1840 directed the registry accordingly — on the Mootahdars being directed to appear Soobien & Ramien appeared on the part of Soobien, and Venkatarainien was also in attendance — In order to prevent further trouble they requested that the Subdivision should be made for their Brothers share also they have accordingly been so made, as per Statements forwarded Viz:

3.– It is necessary to explain to the Board the cause of the increase and decrease in the items of payment to Village Servants and the permanent Sodiyy as entered in the abstract Statement, the former in Col.s 78 and 122 and the latter in Col.s 74 and 110.

As regards the Sibendy Charge on which the Mootahs were settled an average of 4 Fusles 1211– 1212 and 1213 was struck for the permanent Beriz– In Fusly 1211 the Village Servants enjoyed the Land Grants formerly given for their Offices in Fusly 1212 orders were issued for a per centage on the Beriz being given, Viz^t to the Hurri-

=dar 1¾ and to the curnimd 2¼ the average of the 3 years above mentioned was Rupees 522–8–8. when the Crums were included in Fusly 1211 which is now reduced not only by the wants of the original errors in accounts but in very few of the Mootahedary Villages are Hurridars kept their business being done by people appointed by the Mootahedar.

5 The increase of Jodigy amounting to Rupees 3–1–1 is owing to no Jodigy having been fixed only in some of the Villages in Fusly 1211– In Fusly 1212 the Jodigy was fixed on all– in consequence the 3 years average in which contains Fusly 1211 is less than the actual amount at present, some of which was only brought to account

in Fusly 1212.–

6.– The Accounts produced by the Curnums for this division were as usual not the original Village Accounts which the Curnums are not allowed to keep in the Jaury Villages they were copies procured from the Mootahedar, but the Mootahedar's original Accounts were afterwards inspected and compared, and there does not appear any difference.–

7 From the reports from the talook, there does not seem to be any hinderance to the division as regards boundaries, or the supply of water– I would therefore recommend for the Board's sanction that the Division as solicited by the parties and for which the necessary Accounts accompany, may be confirmed

Salem. 20th November 1841. E.C.Y. / Signed / J.D.

Fort. St. George 23rd December 1841.

Ordered that the following letter be sent in reply.—

To,

The Principal Collector of Salem.

Sir,

(36-37)

To the Principal Collr of Salem.

Communicating observations on the proposed subdivision of the Juggadavoo Mootah & calling for further information on the subject.—

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 20th November forwarding for sanction subdivision Accounts of the Juggadavoo Mootah.—

2 These Statements are not prepared from Original Accounts kept by the Curnums, who you state are not permitted to keep them in the Jary Villages, but from Copies procured from the Mootahdar which were afterwards compared with the Mootahdars' Original accounts and found to correspond, and as there is no hinderance to the subdivision accounts of boundaries or the supply of Waters you recommend the same for sanction.—

3. On reference to the detailed Accounts of the 4 Subdivisions the Board observe a remarkable coincedence throughout 3 of the divisions. In Nos 1 3 and 4 for a period embracing 13 years the Jummahbundy or Settlement for each year corresponds exactly with the demand or survey Assessment on the land in both Poonjah and Nunjah, no remission of any description having been allowed during

Fort St. George 23d December 1841.

during this long period nor a single rupee of balance being permitted to stand over. In the first three years from Fusly 1211 to 1213 both inclusive, the total Amount of the Settlement in each year varies in a trifling degree, but in the second period for ten years from Fusly 1240 to 1249 both inclusive, the Settlement is in some divisions exactly the same for several years together. In No. 4 for example the settlement of Nunjah lands irrigated by tanks was in Fuslies 1240, 41 and 42 — Rs. 202-11-3 In the five Fuslies 1243 to 1247 both inclusive, the settlement of the same lands was Rs As Ps each year 295. 4. 10. It is hardly credible that Statements prepared from actual Accounts of cultivation could yield such results. The same observations apply generally to Statements Nos 1 2 3 and referring to the observations contained in Para 69 of your Jummahbundy report for Fusly 1250. and more particularly to your letter of the 29th September last regarding the Pootloor Mootah Subdivision, the Board are led to entertain the same doubts of the accuracy of the accounts from which the subdivision Statements of the Juggadavoo Mootah have been prepared as you entertain of the correctness of the Pootloor accounts, more especially as you have omitted to explain in what manner you tested the accuracy of the Juggadavoo Accounts.—

4. It appears moreover from the following abstract Statement prepared from the Accounts transmitted by you, that the permanent Beriz proposed to be fixed according to the ten years' average collections will bear heavily upon the two transferred divisions, whilst the portion to be assessed on the divisions retained by the Original proprietors will be particularly light, the Board desire to call your attention to this circumstance

Finally. The subdivision of Soobien's share was made agreeably to the decree of the Zillah Court, and the subdivision of Vencatramien's share was made in compliance with his request. but it does not appear whether either of the parties to whom the 2nd & 4th divisions are to be transferred, consented to the measure or agreed to the terms of the subdivision, which would seem very essential to the validity of the Arrangement.

6. For the foregoing reasons the Board will reserve their Sanction to the subdivision

From the Collr of Tinnevelly

Sir,

I have the honor, in reply to the 2d Para of the Extract from the Board's Proceedings under date 8th Instant, to report that considering the grant of any allowance from the son of the Ex-Zemindar of Chokumpully, a boon and an act of great liberality on the part of the Government, who have already suffered loss to the extent of Rupees 44,652 by the balance of Peshcush still due on the Estate and as the Ex-Zemindar has received 200 per Mensem from the Government since the Month of May 1838, it appears unnecessary that the allowances now assigned to the family should be calculated further back than the 30th October 1841 the date of the Government Sanctioning the arrangement proposed. Should the Board think otherwise I would recommend that they should commence with the present Fusly 1251.

In Con. 8th Nov. 1841.

Sir,

In an Extract from the Minutes of Consultation of the 30th October last Government were pleased to fix the allowance to be granted to the Chicumpully family, including the payments for the support of the Ex-Zemindar, and a question has since arisen from what date the allowance is to be calculated.

2 The original intention appears to have been to restore the Estate to the family in the person of the Son of the last proprietor - that intention having been departed from for reasons assigned, and a fifth of the Neb Revenue having been set a part in lieu permanently for the support of the family, this grant the Board think should be calculated from the date of the purchase and assumption of the Zemindary by Government.

3 If the Right Honorable the Governor in Council concurs in this opinion, the Board will instruct the Collector of Tinnevelly accordingly, the payment being subject of course to deduction to the extent of the sums already disbursed on account of the Ex-Zemindar.

Sir,

Fort St. George.

I have the honor to forward Copy of a letter from Mr. J. J. Franklin employed in the Survey of the Pearl Banks, reporting that the Boats hired and used as Guard Boats are in a state unfit for the Service, and requesting that new ones may be built. The Cost of two new Boats is Estimated at 900 Rupees. The hire now paid for the two Boats in use is Rupees 30. per Mensem, which in two years would nearly amount to the sum Estimated for the building of new ones. On the score of economy, it would appear advisable to adopt the proposition of Mr. Franklin, and almost necessary to do so for the sake of the efficiency of the Service. Mr. Franklin is now about to proceed to

Sir,

Tinnevelly.

I regret to have to inform you that the Boats employed as a Guard to the Pearl Banks are in a very leaky and unseaworthy state and moreover, on enquiry, I find that no better ones can be procured under double the rate of hire at present given. I have the honor therefore to suggest that two new ones should be built, the cost of which would be about Rupees (1.50.) four-

hundred and fifty each and, as I am now about proceeding to Cochin for the sake of making some necessary repairs to my Vessel, I will, if you wish, arrange with a builder for their construction, in the event of the Sanction of Government being received.

2 I have also to state, with advertence to the concluding part of the Proceedings under reply, that it cannot be expected that the sale of this quantity of Salt will have any perceptible effect on the vast consumption of the District - although former precedent justifies the suggestion for it's sale, it is a very questionable point in my opinion, whether its destruction would not prove much more politic from the fact of it's being unwholesome, and also from the circumstance that it would pass only into the hands of the very poorest classes, but this is a matter to be ruled by the Board. In the event of a different opinion being entertained and the sale of the Salt determined upon, I request information whether the parties making the seizure are entitled to the reward of 33 ⅓ Cent on the sale proceeds of the articles as

I have the honor to report for the information of the Board, that on my inviting tenders for the supply of 1,600 Candies of Sirjoody Tobacco for the Monopoly of this Province for Jusly 1251, the lowest offer made was by Lall Rubhoo, at the rate of 50 Rupees per Candy of 576 Pounds, delivered at the Godown of Mangalore.

Lall Rubhoo has offered Security for the due performance of his engagement

engagement in the person of one Ucas Row, a Soucar of this place which is unexceptionable.

The present tender though above the Contract price of last year is below the average of the last five years, and as the Tobacco Crop in Mysore this year is reported to be not above the average produce, I consider the offer a fair one for the Government and beg therefore to recommend that it may be accepted.

Sir,

Para 1- I am directed by the Board of Revenue to request you will lay before the Right Honorable the Governor in Council for orders, the accompanying letter from the Collector of Madras. bringing to notice the loss sustained by the Government revenues, of his Collectorate consequent on the orders conveyed in the Extract from the Minutes of Consultation of the 27th October last.-

7th inst. 23rd Dec. 1841.

2- It has been already explained that the Collector of Madras issues no licenses for the sale of arrack or Toddy, but it has been

been customary always to obtain the concurrence of the Police Department to the opening of any new Shop or to the transfer of his right to sell to another Vender consequent on the failure in their engagement by Parties now holding Shops - The orders of Government contained in Para 5. of the Minutes of Consultation adverted to above, that no fresh licenses be issued by the Collector of Madras is construed to be a prohibition against opening a new Shop or the resettlement of an expired contract, consequently as lapses frequently occur and failures take place in the contracts of individual Shanars, the revenues are affected by the gradual diminution of the shops.—

3- As no advantage is gained from this state of things, and as the loss of Revenue will gradually increase by a continuance of the present arrangement, the Board desire to be favored with the early orders of Government on this point.—
