and prosperity of its' inhabitants

a net revenue of Rupees 2,12,220-2 which

remained due at the close of
the Fusly Rupees 17,479-6.- of
which the whole has since be
Collected, with the exception of
the Small Sums noted in the
Margin, the recovery of any par
of which it is stated is extrem

to observe that the Bunganapalle

irrecoverable. The Board will be
pleased to explain the nature and
object of the "Sacrifice performed on
the bank of a Tank," for which a
remission of Rupees 18-8-10. apparently
a new item, is stated in the 11th para
of the Collector's report to have been
allowed.

on the case of the balance stated to be due=

by certain Reddies. If it is clear that if the Reddies collected the amount and did not pay it to the Tahsildar, measures should be taken to make them pay. but if otherwise, it would be hard to make them pay merely because the Tahsildar's delinquency has not been sufficiently proved. The Board of Revenue will be pleased to submit a distinct report on this subject.

Paras 1-7-10-11. 5 His Lordship in Council approves of the observations and orders passed by the Board of Revenue on the subjects contained in the Paras noted in the Margin, and desires that the attention of the acting Collector may be drawn to the same with a view to their being carried into effect.

Para 9. 6. The subject of the first proposition made by Mr. Lavie Viz. a just and reasonable mode of leasing new wells being one of considerable importance, it is desirable that no time be lost by the

the Board, after the receipt of the report called for by them, in giving it their full consideration.

Paras 5-9-12. 7 The subjects noticed in paras 5 and 12 as well as the remaining propositions alluded to in para 9 have, it is observed, been fully considered and disposed of by the Board of Revenue.

8 His Lordship in Council considers the result of the settlement of the Land Revenue in the District of Cuddapah to be highly creditable to the exertions of those officers under whose management it was obtained during the Fasly under review and notices with satisfaction the terms in which the Board have mentioned Mr. Lavie's attention to his duties.

9 The report on the settlement of the Land Revenue of the District of Cuddapah was, it is observed, received into the Board's Office so far back as the 22d October 1840, while their Proceedings on

on the same were not transmitted to
Government until the 24th December 1841.
being an interval of rather more than
one year.-

10 This delay on every ac-
account is as objectionable as unne-
-cessary, and effectually precludes
the Government from issuing any
orders either to correct mistakes
in the Settlement reported, or to
prevent errors in the Current Fusly-

11 His Lordship in Council
directs the attention of the Board
to these observations, and trusts
that less delay will occur in
future.-

Reporting on the revenue realized from the Sale of Stamped paper and Cudjans during Fusly 1250. (Here enter 20th Dec.r 1841. No. 838.)

The result of the Sale of Stamped papers and Cudjans during the Fusly under review is considered very favorable. The Gross Revenue amounted to Rupees 4,93,828-2-8- from which after deducting Rupees 52,266-7-11 3/4 on account of Charges and refunds there remained a Net Revenue of Rupees 4,41,561-10-8 1/4 being in excess not only of that of Fusly 1249 but also of the preceding Fuslies as shewn in the Marginal Statement to para 2 of

From the Chief Secy to Govt.— communicating observations on the Board's Proceedings relative to the management of the extra Sources of Revenue for Fusly 1250 in the Nellore District

The Superintendent is requested to supply the information called for in Para 3 upon the subject of the 197 Rolls, reported deficient by Collectors.

Extract from the Minutes of Consultation under date the 11th February 1842.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 17th January 1842 — 8296)

Para 1. The total demand, gross Collections and Net Revenue and account of the Extra Sources of the District of Nellore for Fuslies 1249 and 1250 are entered in the Statement noted in the Margin. There is a decrease under all three in the latter year.

from which it will be observed that the loss has been entirely occasioned by the deficiency under the head of Salt.

3 The quantity of this Article disposed of in Fusly 1250. exceeded that in the preceding year owing to the larger exports by Sea. In the Home and Inland Sales however a Considerable falling off took place which by reason of the higher rate per gadee, occasioned a deficit in the demand to the extent of 24,330-4-2. The decrease in the Sales

for home and Inland Consumption is stated to have occurred for the most part in the Judda division bordering upon the Chingleput district, in some of the Cotaurs belonging to which there was no salt in fusly 1249. thus causing an unusual resort of Traders to those as in Nellore - in the present year no such want existed and the Merchants re-turned to the places they usually frequented. It appears also on a re-ference to the Statement to para 6 of the Principal Collectors report, that the Home sales though below those of fusly 1249 are in excess of the 3 years preceding from which it may be inferred that the Consumption of this article is gradually progressing in the Nellore District -

Para 3 4. His Lordships in Council approves of the observations and orders of the Board of Revenue passed on the subjects

subjects noticed in this para -

5 The difference between the amount of demand and Net Revenue derived from, under the Head of Salt has arisen from an increase in the Charges to the extent of 39,038-6-10. which is ex-plained in para 4 of these proceedings to be owing to the increased quantity of Salt Manufactured and the Shipping Charges incidental upon an augmented Exportation to Chittagong -

4,31,107-8-1
2,13,289-8-1

6 For the reasons stated by the Principal Collector in para 16 of his re-port - His Lordship in Council will not any longer insist on the abolition of the Salt Cotaur at Dogharampa-tam - The Board of Revenue in the Department of Public Works will be pleased to call upon the Civil Engineer for an Estimate of the ex-pense of erecting a bridge across the Gullah which it is stated now in-tersects

intersects the road leading to the platform and renders access thereto in the heavy rains impossible, and Submits the Same for the Sanction of Government.

7 There was an increase in the Current Collections under the head of Sayer to the extent of Rupees 39,79-12-11 above the preceding year arising principally from the duty levied on Indigo the cultivation of which continues to extend. It is satisfactory to observe that the measure alluded to in para 18 of the Principal Collectors report viz. "the exemption from duty of Cloths woven from Cotton produced on the lands of Ryots who do not follow any other occupation and which is intended for their own use" has contributed to the Comfort of the class it was intended to benefit.—

43?-9-4. 8. Of the balance due under this head at the close of the last fasly for former years, nearly half has been realized

realized, and the remainder will, it is stated, be liquidated in time.

21,322-9-9- 9. Of the Settlement under the head of Moturpha for 1250. there still remains due Rupees 1141-14- of which a Sum of 300. Rupees is expected to be realized and the remainder is stated to be due by parties deceased or who refuse to pay, on the grounds of their non-liability His Lordship in Council concurs with the Board as to the propriety of the latter point being set at rest as speedily as possible, and requests that the report that has been called for on the Subject may be submitted, so soon as received, with their sentiments to Government. At the same time His Lordship in Council is of opinion that the above question might have been decided long ago as it appears on reference to their proceedings under date 21st May 1840. that the Board had

then

then under their Consideration a report of the Principal Collector, on the Moturpha revenue generally, in which was included a balance of 900 Rupees due against parties who adduced the same grounds viz.t. non-liability for not praying the same. The Board's attention has been more than once drawn to the speedy transmission of this report, and it is to be hoped that no further time will be lost by them in submitting it to Government.

Proceedings thereon -

(24. 25)

The intentions of the Board in communicating to the Collector of Guntoor the Extract from their proceedings dated the 10th Instant, were that Sashagherry Row should be forthwith reinstated in his situation of Head Sheristadar in the Collectors Cutcherry from which the Board considered that he had been improperly removed. It does not appear from the foregoing letter whether this has been done or not, as it merely stated the orders of the Board have been made known to M. Lutchmenarsoo -

The

2574 | Fort St. George 21st February 1842.

The Board are not disposed to accede to the solicitation of the Collector that M. Lutchmeenurrsoo be confirmed in the situation of Head Sheristadar. At all events they must defer taking any such proposition into consideration until a provision has been made for Shashagherry Rao. In the mean time they desire that the Head Assistant in charge will proceed to carry out their intentions as regards the last mentioned individual by placing him forthwith in charge of the duftors of this Office and report his having done so for the Boards information.—

(29)

From the Sub Coll.r in charge of Cuddapah. Reporting that some Gentleman should be appointed as soon as possible to act for the Sub Coll.r during his absence on leave in order to prevent any delay in the Settlement of the Sub Division Talooks.

Sir,

1. I have the honor to acknowledge the receipt of copy of Extract from the Minutes of Consultation, dated 2d. February which accompanied Extract of the Board's Proceedings of the 3d. of the same Month, and to bring the following circumstances to their early notice, in order that provision may be made against any hindrance to the Public Service during my absence from the District under the leave granted me as above, during the very busiest period in the Revenue year.-

2. After waiting longer than was perhaps advisable to commence the

Settlement of the talooks in the Principal Collector's division, I commenced Jamabundy of the two talooks of Chenoor and Camalapoor in the immediate neighbourhood of the Boozoor station on or about the 15th December and settled the whole of these talooks consisting of 135 Villages and 12,937 Puttahs by 14th January.-

3. I am now engaged in the Settlement of the talooks of Summulmudgoo, Koilcontla, and Dhoboor, which consist in the aggregate of 309 Villages and 21,542 puttahs. and have issued orders to the Tahsildar of Bunganpilly also to attend with the Accounts &c. of his talook. I have, by dint of continued exertion on the part of the establishment from 6 or 7 O'Clock in the Morning till 10 at night, hitherto given out about half the number of puttahs in these 3 talooks and hope by

continuing

continuing this, to finish the Summabundy of the whole four talooks by the end of this Month (February)--

4- There will then remain six talooks, some very extensive, in the Principal Collectors and Head Assistants Division to be settled and the three talooks in the Sub Division, and I doubt not the lately appointed Acting Principal Collector will require some short time to make himself acquainted with the routine and detail of the business of this District before he can set seriously to work I have sent away the Division Sheristadar and his establishment to Dacpaud (in the Sub Division) where they have been actually employed during the last Month or 5 weeks in getting the Accounts ready of that enormous talook, Amounting to 307 Villages and 7,998 Puttahs and which are nearly completed- I expect Mr Arbuthnot will relieve me about the

the end of this Month, or the beginning of next and it would appear very advisable that some Gentleman should be appointed as soon as possible to act for me and prevent any untoward delay in the settlement of the talooks in the Sub division-

5- The Head Assistant Collector has been occupied for the last two Months in making a very tedious investigation into some complaints by the late Poonganoor Rajahs relations- and has just closed it- I shall have the honor of submitting a letter to the Board on the Subject- I hope shortly-

Sir,

With reference to my letter of

Fort St. George 21st February 1842

of the 8th Instant I have the honor to state that in consequence of the continued pressure of business I have deemed it advisable to — send the Head Assistant Collector Mr. Mayor to the talook of Doopaud in the Sub Division in order to make the settlement of that talook. Where as I have already stated the Division Sheristadar and Goomastahs have been engaged since the early part of January in preparing the accounts &c. the greater part of which are finished and puttahs prepared ready for distribution which arrangement I hope, under the circumstances, will meet with the sanction and approbation of the Board.

Sir,

From the Coll.r of Coimbatore

Forwards a Memorandum of Charges, Defence and remarks on the conduct of Amiah Tahsildar of Palladum and under the circumstances therein stated solicits sanction for his dismissal from Office

1. I have the honor with reference to the orders of Government dated 19th May 1835, and to your Board's subsequent instructions thereon, to forward the accompanying document, being charges, defence and remarks on the conduct of Amiah, Tahsildar of Palladum, which I hope will satisfy your Board, that although due consideration has been given to the defendant still that his longer employment in his present situation, is both highly inexpedient and incompatible with the interests of Government.

2. The following is Abstract of the Circular order issued to each Tahsildar with reference to the existing Abkaree rules and the Board will see how far this has been fulfilled by Amiah on an inspection of the accompanying translate of his Diary

Diary— "As the present season is well
"adapted for taking an account of the Culti-
"vation of Fasly 1251, you will proceed to
"each Village, and conduct the investigation
"by instituting a minute inquiry into the
"circumstances of each Ryot."

3. It will be observed that in the Tahsildar's defence not a single charge is dis-proved, and even very little dexterity is ap-parent in the effort to parry these charges.

4 The result had I supposed time and opportunity to have watched the progress of the fraud to maturity, would, without doubt, have produced a loss of Rupees 6000 — — in the pre-sent year's settlement, which fortunately has been prevented; and had not time my visit, as I did, it was next to impossible that the circum-stances of this fraud would have subsequently transpired; but even giving him the benefit of the doubt in this point there are other cir-cumstances which only require to be pointed out to the Board in order to prove him ineligible to be continued in so responsible a situation. He is head in his Police Capacity and he has neglected most shamefully his duty in the Sayer Department, the decrease in this branch of the revenue contrasted with last year, a proverbially bad one, amounts to

to Rupees 900 — — Numerous complaints have been made to me, all of which had been previously rejected by him and remained unnoticed— the Ryots have been generally compelled to come to the Dugout in the first instance for orders directed to him to investigate their grievances— and lastly since he was appointed Tahsildar of this Taluk he has acquired lands in several Villages in it which he holds in false names— of itself quite sufficient to disqualify him for the situation of Tahsildar—

In conclusion I would also bring to the notice of the Board that the Tahsildar proposed giving Nagarenmah if I would allow him to re-join his appointment, and bestow on him a re-certificate of Service— but under the circumstances of the case I did not comply with these pro-posed terms— His object of course, was to se-cure the pension of his rank, but I consider in this (for the sake of example to others) he ought to be defeated as he has done nothing either in his Public capacity or private cha-racter to render himself deserving of the bounty of Government or the sympathy of the people of his own Caste:—

Abstract of the Charge	Defence of the Tahsildar	Remarks of the Principal Collector.—
1. The accounts of the Dittum settlement of 74 Villages submitted by the Tahsildar of Pulladum, shew a very trivial increase above the settlement of last Fasly, namely Rs 296-7-3, which contrasted with the favorable state of the season, and the considerable increase in other Taloks, leads to the belief that the Tahsildar, in collusion with the Munigars and Curnums, has omitted to bring to account, a large extent of cultivation, viz^t Rupees 5833-14-4 the increase above the settlement of last year as ascertained in the Bugoor pamaiation—	In the months of Audey and Avaney and until the 15th of Purut tansey which is the proper season for cultivation, no rain fell in this year. Considering that if the Dittum settlement was not concluded, there will be some difficulty for the realization of revenue, and that if any land is cultivated unless frequently, it may be brought to account in the 2d instance as usual, I commenced to make the Dittum settlement for the end of Audey June— 74 Villages were settled and the accounts of them submitted to the Bugoor shewing a small increase, which was the only excess found at that time.	This Statement of the Tahsildar is entirely contradicted by the state of the case. His settlement of the Village of Shooloor was concluded on the 18th November, previous to which heavy showers fell throughout the Pulladum Taloks and amounted to Rupees 4789-10-2 being less by Rupees 55-15-4 than the settlement of past fasly. On the 21st November 1841, the date on which the Nuck Sheristadar proceeded to Shooloor, or two days after the Tahsildar's settlement, an increase of Rs 245-13-8 was found— which the Tahsildar entered below the Dittum account— it is not credible that cultivation to this extent was made in two days intervening the 18th and 21st November 1841 but the crops standing on a large portion of lands comprising this increase were proved to have been cultivated more than two months previously— Had the Tahsildar not been interested in the case, or attended in the smallest degree to orders regarding the Dittum, he would have noticed the irregularity of the Curnum to the Bugoor, — which he did not do and which therefore leads to the conviction that he knowingly permitted these abuses— a further increase of Rupees 187 4-3 was also found in the same village subsequently, that is, on the 24th November, making in all Rupees 437-13-9 in one village a fact which would hardly escape the notice of the Tahsildar.

Abstract of the charge	Defence of the Tahsildar	Remarks of the Principal Collector
2. A list of the Villages which the Tahsildar visited in each day for the Dittum settlement which was concluded on the 18th November, is forwarded by him, but in the report which accompanied it, no allusion is made to the increased cultivation which was then existed, or to the probability of such	I was intending to submit to the Honble a separate account shewing the extent of cultivation which had taken place subsequent to the conclusion of the Dittum after a review of the previous settlement. I was not directed in the order issued to me to report upon the probable Amount of increase which it was, I would have done as the accounts of 15 Villages were not also sent to the Huzoor.	The Tahsildar who intended to submit a separate account should have included in his former statement the Amount of increase which was found two days after the conclusion of his settlement in as much as the lands comprizing the increase were cultivated many weeks previously, nor is it probable that this increase of revenue would have been brought to light if this enquiry had not been made.
3. In consequence of the Tahsildars having withheld information as to the increase of revenue the Principal Collector proceeded to Shooloor, and instituted an enquiry wherein an excess of Rupees 2196-7-6. was found both in that and in the neighbouring villages in all 25	I was about to ascertain the extent of cultivation which was made subsequent to the Dittum in the mean time having received the news of the death of my elder brother at Runga pully in the Salem District, I proceeded thither on leave for 20 days. On my return I went to Shoolor, Calurpollium, and other Villages for the repair of Tanks, Watercourses & Vaycals which were injured by the high freshes in the river Noyel I commenced a review the previous settlement and was in the hopes of sending a report in this subject right	The same remark applies to this answer a large portion of the lands forming the increase in question was cultivated previous and not subsequent to the Dittum settlement as the Tahsildar pretends to be the case it was not necessary to send any orders to the Tahsildar as he states or to require his attendance during the review of his settlement, such proceeding being considered rather a discouragement to the village officers to bring forward the actual amount of revenue the practice alluded to by him of course, obtains in this District and applies to any small increase of cultivation which may have taken place after the completion of the Dittum, and not to the point at issue. A reference to the accounts of former years leads to the same conclusion.

Abstract of the charge ... Defence of the Tahsildar ... Remarks of the Principal Collector

was your Honor's intention to ascertain the actual amount of increase, I should have been called upon in the first instance to forward a statement thereof; but on the contrary as your goodness came suddenly to Shoolloor, and I was not present during the review of my settlement I am not aware of any particulars regarding it, but only beg to submit that it is usual for the Tahsildars to forward occasionally Statements to the Huzoor shewing the extent of increase cultivation and revenue which may take place from time to time until the commencement of the Zumabundy settlement: I would have also done so, but at the same time an Enquiry was instituted direct by the Huzoor Cutcherry the increase in question has been [illegible] formed, and if there is any difference in it the Curnums are responsible- should your Honor's Zumabundy accounts of former years my statement will be verified- the accounts of two villages were not sent to the Huzoor; but I do not recollect the names of them-

4th The increase above the settlement of last year as at present ascertained Amounts to Rs 5,833-14-4 Viz:- Rs a p 3226 " 9 in the 74 villages, the accounts of which were previously sent to the Huzoor, and Rupees 2607-13-7 in the Villages of which the accounts were furnished during the examination of the Huzoor

The reply to No 3 is applicable to this point also. the increase above the settlement of last year as at present ascertained is Rupees 5833-14-4 the increase above my first settlement is only Rupees 4156-7-7- When contrasted with the Amount ascertained during my review the excess become still smaller ie. Rupees 2892-7-7 this sum comprises also items which were entered in the accounts in the same manner as in last years The settlement of last Fasly includes 4000 Odd Rs brought to account subsequent to

It might with justice be admitted that the Tahsildars increase was Rupees 296-7-3 the other sum being found in the Huzoor examination- He however entered below the Dittum Statement on the day on which investigations were commenced Rupees 1384-0-0 the Statement of the Tahsildar that a sum of 4000 and odd Rupees was brought to account subsequent to the Dittum in last year is not approved by Public accounts-

Abstract of the Charge.	Defence of the Tahsildar.
5. The Tahsildars omission to bring to account so considerable an increase leaves no doubt as to the belief that he connived with the Curnums in his Statement that he intended to bring it to account in a supplemental Statement is not worthy of credit.	Should any increase of Cultivation be brought to light at the time of the Fowlabundy settlement and after the completion of and report on my review, I may perhaps be called upon to account for it. But then the culpability lies on the Curnums and Monigars. At the time when it is customary for the Tahsildars in this District to review the cultivation and submit accounts of it to the Huzoor, and also at a time when I was according to this practice out in the Talook for the same purpose, the increase, found by me on having Amounted to 1300 Rupees, your goodness proceeded to the Talook - the increase of Rent, found on enquiry, is stated by the Nuib Sheristadar to have been concealed by me in collusion with the Curnums - this charge does not rest upon me. The Circular order from the Huzoor No 302 dated 27 November 1806 directs the Curnums to inspect the Cultivation and to produce accounts for any increase the ryots in question has been occasioned under this circumstance, and your goodness may therefore, judge of the justice of the imputation against me. The sums of the Talooks the Dittum accounts of which are sent to the Huzoor, an increase is found as was the case in the Pulladum Talook which I am prepared to prove in Coimbatore.

Remarks of the Principal Collector.

The Circular order quoted by the Tahsildar does not permit the omission of so considerable a revenue in the accounts it provides for small sums which may have been left out inadvertently. The Memorandum in the margin will shew the Amount of increase in the Dittum settlement of other Talooks the settlement of the Coimbatore Talook is not yet concluded - the culpability would be upon the Village officers under other circumstances, but in the present case the Tahsildar also appears to have participated in the proposed enlargement. When the Curnum of the Shooloor village produced accounts shewing an increase of Rupees 245-13-6 on the day after the conclusion of the Tahsildars settlement, he secretly entered the same in the accounts without noticing this irregularity.

Abstract of the Charge	Defence of the Tahsildar	Remarks of the Principal Collector.
6. In the Village of Droogoor where the Tahsildar holds land under fictitious names an increase of 124 Rupees was found which in a great measure confirmed the belief that he has participated in the concealment of cultivation.	There are no lands in my name in this Village, but in that of my brother in law named Venkat Soobbasastry the concealment of cultivation supposed to has taken place by the fraudulent intention of the Curnum, and I had no hand in it. it is known every where that I am a person free from partiality.	It is not stated that the Tahsildar holds land in his own name. all lands occupied by him are entered in the names of some of his relations. Being a land holder of this Village and well conversant with the state of it, it is improbable that the Tahsildar could have had no knowledge of the case, especially as he is in the habit of visiting the Village very now and then for the superintendence of the cultivations of his own lands.
7. The Sayer collections in the weekly fair at Shoolore did not on an average exceed 2 Rupees. a Hoojoor Goomastah was deputed to ascertain the cause of it, when the Collection amounted to 6 Rupees this circumstance rendered it necessary to send another Goomastah to Pulladum Bazar, the Cushah station of the Tahsildar and the collection of duty was Rupees 6-12-a In faisly 1250 from 12th July to 30th November the aggregate No of weekly fairs at Pulladum were 21 and the collection of Customs was Rupees 223-4-9 averaging Rs a p 10-10-1/2 for each Bazar. the collection of duty in the similar No of Bazars during the same period in the present year did not exceed Rs a p 69-2-5 which produces an average of Rs a p 3-4-9 for each Bazar, at the Cushah station of the Tahsildar.	The collection of duty on this occasion was ascertained by the Hoojoor Goomastah, and a Circular order has been issued to keep an effectual Check upon the Sayer Servants this arrangement would lead to increase of Revenue from this source for the future.	The Board may be able to judge of the degree of credit due to this Statement. It admits that for the future there will be an increase from this source of revenue, which implies that the necessary vigilance has not been exercised heretofore. In proof of this negligence it is necessary only to quote a passage from an Huzze which he addressed a few days ago on this subject. "I considered the "Servants of the Sayer Department would have been "afraid of the loss of their situations, but I will for "the future be more diligent in keeping an effectual "check upon them." Had the Tahsildar been desirous of securing the interests of Government in this respect, there would be no possibility for the Sayer Servants to defraud the revenue which is well proved by the deputation of the Hoojoor Goomastah.

Abstract of the Charge	Defence of the Tahsildar	Remarks of the Principal Collector
8. The Chokedar of Tirpoor requested the Tahsildar to depute a Goomastah of the Talook to the weekly Bazar at Mungalum village, as he was to attend another Bazar on the same date and as the Curnum of the Chokey was transferred to another station - the Tahsildar neglected to send a Goomastah or other Servant for the purpose by which the loss of duty of an entire Bazar was occasioned -	As the collection of duty in this Bazar is always very trivial, I directed the Curnum and Moniagars of the Village to be present with the Sayer Servants and to see that no fraud is committed - 12½ Pice was realized and sent to me by the Manigar in his report - I communicated this circumstance to the Mugoor and upon the orders received in reply I sent this sum to the Chokedar with a desire to credit it in the Public accounts -	It seems necessary to notice this point at some length. The Tahsildar first communicated to the Principal Collector that he gave the Memorandum of the Chokedar to a Goomastah of his Talook, and desired him to proceed to Mungalum which he did not do. It was proved that the Tahsildar did not give any such instructions to the Goomastah alluded to - The Tahsildar in his defence has omitted this fact and declares that he sent instructions to the Village Officers which is quite unfounded and fallacious in as much as he did not do so, - and the village officers themselves levied the customs in the Bazar and sent 12½ Pice to the Talook Cutcherry - What was the Amount of the actual collections, and how much was defrauded could not be ascertained, but it is certain that the collections would have been much more than 12½ Pice; the average collection in this Bazar having amounted in last year to Rupees 28-8-7 and to Rupees 19-10-½ in this year Admitting however that what the Tahsildar states is true, it is quite irregular to authorize the village officers to levy customs this is the duty of the Sayer Servants and in their absence the Talook Servants ought to have been deputed - the circumstance of the Tahsildar having failed to depute a Goomastah, and of his attempt to exonerate himself from the culpability by throwing the blame upon his subordinate Servant as well as the fact of his concealing this point in his defence will enable the Board to judge how far he is deserving of credit

Abstract of the Charge

Defence of the Tahsildar

Remarks of the Principal Collector

9. The Tahsildar reported that a Ryot named Manka/pagounden has laid his lands waste, assessed at Rupees 39-4-0 that three quarters of a Bullah in this extent is charged with garden rent; but is quite unfit for that species of cultivation, being high ground and inaccessible to water; and that if this quantity is leased with Punjah pata he is willing to occupy the whole extent - Again he made another report to the effect that another Ryot wished to hold these lands on condition of the said 3/4 Bullah being dedicated and that he Tahsildar obtained a Razeenamah from the former. Orders were sent in reply that the deduction of this small extent Wadacaday will never be permitted and that the land should be entered in full in the name of the Ryot who proposed to hold it - The Tahsildar without attending to these instructions has saddled the whole upon him from whom a Razeenamah was obtained in the first instance - No report of this circumstance is made to the Rayer

have no recollection of this transaction, and the point requires to be answered after a reference to the Papers connected with this subject.

This reply would appear far from satisfactory whatever may have been the motives of the Tahsildar in acting as he did, there is doubt of his wilful disobedience to the orders - He ought to have reported the circumstance to the Huzoor and waited for further instructions on the subject instead of taking it upon himself to make the arrangement which is calculated to prove detrimental for the realization of revenue in consequence of the Ryot being compelled to take the land which he has no means of cultivating and for which he already tendered as Razeenamah -

Abstract of the Charge.	Defence of the Tahsildar	Remarks of the Principal Collector.
10. The garden land of a Ryot this entire Pulcut was struck off the Dittum accounts by the Tahsildar on the plea of its being waste, and the bottom of the Well therein situated forming a solid mass of rock, and he was charged with house tax as usual. this tax was again remitted and the land re-entered in his name. the cause assigned for this alteration is that he has cultivation to the amount of 40 Rupees for which he holds a separate Puttah.	I have no recollection of this transaction, and the point requires to be answered after a reference to the Papers connected with his subject.	This charge would sink into insignificance where contrasted with others. if the Ryot had other cultivators beside the land in question why was not this circumstance enquired into before the deduction of the Garden land from account, and how it escaped the notice of the Tahsildar this wears a very suspicious appearance, but at all events it leaves no doubt of the culpable neglect of duty on the part of Tuniah.
11. The Punjah and Gross lands of a Ryot have been entered in his name at an enhanced rate of assessment on account of the competition of his neighbour namely Punjah lands for garden rent, and gross lands for Punjah rent. no document has been obtained from him to this effect nor the circumstance reported to the Principal Collector.	The Puttadar consented to hold the land himself at the enhanced rate proposed upon competition by another individual. He also signed the Dittum account to this effect, there seems to be an old Well in this land and in consequence it was entered in his name accordingly no document was necessary to be obtained from him.	This proceeding is directly opposed to the provisions of para 8 of the Hookoomnamah for Fusly 1250 in which the Board expressly prohibit such practice and no further remark seems necessary.

Abstract of the charges.	Defence of the Tahsildar	Remarks of the Principal Collector
12. The Tahsildar is convicted of a wilful prevarication in the Public Cutcherry. He stated in the first instance when required to explain the cause of the non-attendance of the Curnum of Rasee pollium Village at the Huzzoor Cutcherry, that this individual is confined in the Court Jail, and that he was just informed of this circumstance whereas when that Curnum made his appearance a little while after he stated that he communicated this fact to the Tahsildar more than fortnight ago which the Tahsildar himself admitted afterwards.	This person came before me accompanied by a Peon entrusted with a warrant - I considered myself unauthorized to give him permission, and was therefore silent. When your goodness came to the Tahsildar enquired what became of the Curnum in as much as his attendance was required at the Huzzoor but being given to understand that he is confined in the Jail, I represented the same to your honor in person; it is true, and not falsehood. The Statement of the Curnum was however taken for granted and I was also fined unjustly. The Naib Sheristadar has again introduced this subject into his Urzee, and your goodness may consider whether the Curnums Statement is correct or otherwise.	It is not possible to conjecture what the Tahsildar has meant in this reply. It is plain that he admits the fact of the Curnums having been before him previous to his going into the Jail. This circumstance was not reported to the Principal Collector. If the Tahsildar did not consider himself authorized to permit the Curnum to proceed to the Jail, he should have requested orders upon the subject which he did not do. nor did he state the real fact when questioned.

Tahsildar who knew the circumstances of the case,
and who has also followed the same example cannot
be justified in pleading ignorance of the matter

what arrangement are requisite to withdraw the interference of all public Officers with Native Temples and places of religious resort.—

2 To enable me to prepare a general Statement of the kind called for by the Board, I required the Dhurmacarthas of the several Pagodas to which payments are made by this Office, to furnish me with the necessary particulars, My writing in receiving these has alone caused delay in replying to the letters acknowledged above. Indeed, I was several Months ago obliged to withhold the usual payment to the Pagodas from this Office in order to compel attention to my requisitions for accounts. The whole of the Dhurmacarthas have now, after considerable delay, informed me that the old accounts of receipts and disbursements not being now in their possession, they are unable to

3. It appears from the Correspondence between the Land Customer and the Board of Revenue that on the 20th December 1794, the former, on being desired to transmit a Statement of the Collections of the preceding year, including fees of every denomination, submitted such a Statement on the 1st January 1795

15. No. 9 is a Pagoda within the Shotrium Village of Chintadrepett, which was founded in the year 1734. The ancestors of the present Shotriumdar obtained a Cowle stipulating that "the first "builders shall be considered proprietors "with right of inheritance." It was obser= =ved in Para 6 of a letter from Mr. Clarke under date the 28th March 1822, with reference to "a proposition (then "under consideration) that certain inhabit= "ants shall be included in the ad= "minstration of the affairs of the Shotrium"

From D. 29th March 1831

"Shrotriums," that such an arrangement appeared "to be entirely unwarranted "by the terms of the Cowle, and cannot "therefore be acceded to," but the Board, on the 27th February 1840, authorized "an "Abstract of the accounts of the receipts "and disbursements of the Shrotriumdar "furnished to the Collector being shewn "to the payers of the precribed tax or "persons delegated by them, at his cut-"cherry, with permission to bring any "irregularity or misstatement they may "discover to the notice of the Collector" This permission, however, the parties have never availed themselves of

16. The Pagoda which has at different periods come more immediately under the control of this Office is the "Parthasarady permall Pagoda" entered in the accompanying Statement as No. 2 at times, in the absence of a Shurmur-curtha, the Collector has had to appoint an

X No. 2 Parthasarady permall Pagoda, in Triplicane

† From B. 28th Feb.y 1828

an Ameen to superintend its affairs, and, on such occasions, he has been subject to appeals regarding its internal management and the rights of individuals to particular privileges. The nomination of the Dhurmacurtha of this and the Mylapoor Pagoda has rested with the Collector. The Mylapoor Pagoda does not receive any Money allowance from this Office. There is a Merei allowance of about 3680 Rupees remitted annually by the Collector of Chinglepute, to be paid by the Collector of Madras in the proportions of 1755 Rupees to the Triplicane Pagoda and 1925 Rupees to the Mylapoor Pagoda.

† From B. 24th March 1875

17. The allowances to the other Pagodas are subject to be withheld for the non delivery of periodical Accounts at the proper time, under the authority of Government communicated in a letter from your Office

of

of date the 31st January 1827

18 The foregoing Paras will shew that the whole of the Pagodas Nos. from Nos. 1 to 11 receive allowances from Government in lieu of a former "voluntary Contribution" from Hindoo Merchants and that the Pagodas from Nos. 12 to 16 are in the receipt of allowances granted to them as "Enams" It rests, therefore, with Government to determine whether these several allowances shall be continued.

19 The Collector of Chingleput will probably have stated his opinion as to the expediency or otherwise of continuing the allowances to the Pagodas entered in the present Statement as Nos. 17 and 18.

20 The fee on account of the "Parthasawmy Pagoda" at Madras should, on the introduction of the proposed alterations, be collected by the Manager of

the Pagoda, it being notified, to the public, by proclamation that the Collection has been transferred to him. As this is an income which the Pagoda has enjoyed for a considerable period, there can be little doubt that the parties who have hitherto contributed it will not refuse payment to the proper person on his right being ascertained by them.

21 With regard to the mere allowance to the Mylapoor Pagoda it will be seen from Para 16 above, that the Collector of Madras is merely an Agent through whom payment is made to it on his receiving the Amount from the Collector of Chingleput. This Income it appears, derived from certain Lands in that District which have been annually appropriated for the Triplicane and Mylapore Pagodas.

22 With the view of carrying the intention of Government into effect, it

it appears to me proper that there
should be three or five Trustees ap-
pointed for the Security of the property
and the exercise of the powers at
present vested in the Collector in res-
pect to "the internal arrangements of
the religious institutions in question" &
and "the administration of their re-
"venues and funds of every descripte
"and "such individuals together with
"their Subordinate Officers being held
"responsible to the Courts of Justice
"for any breach of the duties and
"trusts assumed by them" Vacancies
among the Trustees either by death or
resignation should be filled by
persons selected by the remaining Trustees Should
the appointment of either of the proposed
numbers of Trustees be disproved of I shall submit
the names of such parties as may
be deemed best qualified for the pur-

of the Soon and Sheplecaree Pagodas

ing to the former is Rupees 4027-

to the Principal Collector and the Board of Revenue submitting his explanation on the above point and of the causes which led to the request of the Principal Collector to the Board of Revenue for his removal from the District and intimating that should he fail by the above explanation to induce a more favorable view of the position in which he had chosen to place himself he trusts that the displeasure of Government will not be continued after his leaving the province of Salem. Requesting that should any portion of the case be forwarded to England a Copy of this Communication may likewise be submitted.—

1 The Right Honorable the Governor in Council observes that Mr Elliot appears to have mistaken the reasons for his removal from the Sub Collectorship of Salem. In the 9th Para of the Minutes of Consultation of the 21st October 1841 these are distinctly stated to be that all amicable intercourse

Fort St. George 25th February 1842.

intercourse between the Principal Collector and his subordinate appeared to have ceased and that it was not likely that the interests of the public service would be promoted by their continuing in the same District, and no other has been assigned.—

Resolved that a Copy of Paras 2 28 and 29 of Mr Elliot's letter be transmitted to the Board of Revenue, with directions to cause enquiry to be made into the circumstances therein stated and to report the result for the information and orders of Government.—

3 The Board of Revenue will furnish a Copy of this Resolution to Mr W. Elliot late Sub Collector of Salem, for his information and will intimate to him that the Right Honorable the Governor in Council considers him deserving of censure for wasting so much of his own time and that of Government in a communication of such unnecessary length.—

Extract from a letter from Mr William Elliot dated 23d December 1841.

Para 28. I will only mention two or

or three of these — The 1st has already excited the attention of the higher authorities and the Honorable the Court of Directors — I allude to the Jenkagherry Droog Estate, an account of the results in the Division of Kunjapooram "is different from that exhibited in the other Divisions." On the 4th January 1801. the Secretary to the Board of Revenue requested the Principal Collector "to give his early attention to the measures proper to be taken for the extension of Cultivation in those portions of the Jenkerry Droog Estate that have "become the property of Government by "purchase, by the reduction where necessary "of the present rates of Assessment &c." This request was forwarded to me to carry out on the 11 of May following within a fortnight after the Principal Collector had deprecated my position, hinted that he had no confidence in me and that I had none in my Cutcherry (to all which the Inwinds must suffer) and thereon my removal strongly recommended. I visited the the spot twice and examined the ground and what accounts I could obtain from the ryots and the two

other Officers and came to the opinion that the whole was a gross fraud — The land being unoccupied is solely to exhibit a proof of the necessity of a reduction, but the Ryots plainly told me they were most willing to cultivate it but hitherto dared not on account of the influence of the Curnum and Monigars — As to the Assessment being too high, there is scarcely a spot in the low lands at Salem where the rent is so moderate. There is not the slightest necessity for a reduction but to gain this point the land was allowed to be degraduated for a trifling balance when in possession of the richest and most influential Zemindars in Salem, Kylasagounden. The Ryots have been enticed into the other two divisions so that the profit arising from them is far greater than that from the three and this profit will be further increased should any reduction be made on the Assessment of Kunnapooram — The division of the Estate itself was a fraud and was not even sanctioned till a Long

B

3 years after it had taken place I beg respectfully to state with regard to the Assessment that Rylasagounden was at perfect liberty to demand less than the Survey Assessment as is supposed to have been done by the holders of the other Divisions and thereby have enabled them to keep pace with the demand for Peishcush. such however was not the object the same allowed to lower the Assessment which in other places had succeeded was here also determined once had the Division of the Estate never been sanctioned not a word would have been said regarding reduction. As a proof of the Assessment on the wet lands not being too high I beg to state that the land situated under the bed of the tank assessed at about 9 Rupees the acre is not cultivated, whilst lands on either side of it and more elevated under the same tank and assessed at about 12 Rupees are under Cultivation. The only reason assigned for this is that if land at 9 Rupees is left waste on account

account of the high Assessment and thereof entitled to reduction as a matter of Course land not so favorably situated but under a high rate under the same tank will come in for a proportionate reduction (without reference to the Actual Cultivation) on 12 Rupees bond) all which however would not have held good had the lower assessed land been cultivated and the other left fallow. Just when this Division was about to come under Circar management the Mottadar spent a large sum on the repair of the Tank and even after that repairs were made with Circar money which would not have been done had not a value been set on the Division and Rylasagounden intended to be the future proprietor. Petitions had been presented that Rylasagounden on the sequestration of the Division for arrears had granted to the Ryots their lands on protended Pottah by which the Circar were defrauded the first year of about 2000 Rupees. This by such systematically fraudulent means

Fort St George 24th February 1842.

means as those countenanced and patched up and invented by the Circar Servants themselves which causes the mysterious determination of the Ryots in the provinces and not the poverty of the people or the high rate of Assessment. The Ryots in my presence offered instantly for about 180 Pagodas of land so little did they imagine a reduction was required. It was well known that had I been a few Months longer in the District my report would have exhibited the whole scheme whereby it might have probably appeared that the Talooks of the Talook who were concerned in the proposal for reduction and all the sworn Ryots which the Circar has sustained in that Estate equal to about 20000 were payed Baboodeen now Tahsildar of Paramutty in the Sub Division mentioned in the Para 12 Pungaroo afterwards Sirestadar Venkatrow present Sirestadar and Kristnarow formerly Swabnaveis now Tahsildar of Tindivanam in the Sub Division.

Mr. Secretary Tuckey

29. Another case of importance occurred in Namcul from which place the present Sirestadar was dismissed for fraud and where it appears that five Mootahs yielding an aggregate annual Jumma of

Fort St George 24th February 1842.

of 18000 Rupees and about 60 Thousand Rupees in jewels the property of a Mootadar who died without heirs or Will should have lapsed to Government but which were misappropriated. He was also the Curtah Mootah of Namcul which yields 10000 Rupees a year. A similar case occurred in Pachaud which gives Rupees 3470 annual Pesheush and although now in Trichengode was formerly in Sankerry Talook. The present Tahsildar of Namcul Kristna Row who Mr Greig says was so afraid of my depriving him of his situation that he was requested to change him into his Division was the most inclined to assist me of all the Circar servants in the detection of these frauds and them well known to both Collectorates. But I was sorry to find that just after my departure from the District the Principal Collector had fined a fine on five of 370 Rupees. It was on these two Talooks of Namcul and Sankerrydroog on which one of the ablest Revenue Officers in the District and a very deserving old servant to have served

Fort St. George 24th February 1842.

served as Tahsildar and Sheristadar, that those were during their time and are still uncovered frauds to an enormous amount, which, had I been a few Months longer in the Division they well knew, would have been duly reported on. Therefore was the matter urgent, not to investigate any thing nor to ascertain the truth of any evils having occurred or been renewed, but in Mr Sleigo own words in his letter dated 12th August and declaratory 8th September before my Summary report reached Madras "either Mr Elliot or myself should be changed out of the District" on account "of the withdrawal of all communication except that strictly official between the Principal and subordinate to the detriment of duty and the total loss of confidence between the subordinate and his establishment without whose efficient cooperation he can do nothing"

It remains then for Mr Sleigo to shew if business must suffer by my withholding implicit confidence from such a Peishcar and my preferring

for the

Fort St. George 24th February 1842.

public reports to private letters, and that without my Peishcar's services I could do this or cause that the abstract of such evils of which the receipt in 10 Months of 165 magisterial cases, 865 Petitions shewing frauds in two Talooks to the Amount of 30000 Rupees a decrease below each of the past 10 years of cases forwarded to the Criminal Court an increase of nearly on eleven thousand Rupees this past year and not a single genuine decision a reversal of mine passed or objection even hinted at since I have been in the District during the last 6 years so far from this being "nothing" on a subordinate situation I sincerely trust the Right Honorable the Governor will take a different view of such "renewed evils" and consider that my constant vigilance and labor have by an means been instrumental of the most beneficial results both to the Ceasar and the People

But

2662. Fort St. George 24th February 1842.

But it is so well known in the Provinces as to amount to a proverb that any attempt to discover the District frauds is met by the most decided opposition on the part of the native servants and nothing is left undone however unfair and incorrect to get the obnoxious individual removed whether European or Native who had the daring to make the attempt.—

Cons. 16th Sept. 1841.

District of Rajahmundry for Fusly 1250 is even more unfavorable than that of the preceding year.-

2. The demand under the head of Salt was Rupees 120534-11-10 and fell below that of 1249 by Rupees 6135-13-4. There was a decrease in the sales for Home consumption to the extent of 8678-15-2 and an increase in the inland and sales of smuggled salt to the amount of 2601-9-10. The continued falling off in the Home sales which is imputed to the general depressed state of the District from three bad seasons in succession attended by a great deal of sickness and to the excessive production of spontaneous salt, is viewed with regret. The effect it is stated was further aggravated by the gross neglect of the servants at the Pettapoor Pans regarding which it appears a separate report has been submitted to the Board.-

of Rupees 2,420-1-6 and an increase in the amount of charges to the extent of 1,690-3-4. the particulars of which are explained in this Para.

Of the demand under the head of Moturpha amounting to Rupees 4,935-..-1 there remained due at the close of the Fusly 2,325-7-4 of which it is stated a portion has been since collected and measures taken to ensure the realization of the rest as far as practicable. A deduction in the amount of charges to the extent of 12,476-2-5. as explained in para 15 of the Board's Proceedings has raised the Net Revenue derived from this item to Rupees 25,223-4-8 being Rupees 11,034-14-11. above that of Fusly 1249-

of 1250 still retain their superiority above the average under all heads with the exception of that of Ferry Farms and Ameendevi.

3 Of the decrease under the head of Salt the whole occurred in the sales for home consumption. In the inland sales there was a slight increase. The fall in the price of grain is stated to have been the cause of the former and the extension in the trade of Cotton, owing to the cattle employed in it taking back salt in return that of the latter.

4. The outturn of the sales at the new depôt at Mahlevaul on Baroor as explained in this Para is considered very satisfactory, and His Lordship in Council is happy to learn that so large an increase in the trade of this article is expected to take place on the opening of the Agumbah Ghaut and the repair of the road leading to it. He will be prepared to take into consideration so soon as submitted, the application of the Principal Collector for an addition to the present

present establishment and the erection of a second Kotie capable of containing 100 garces of Salt.-

5 The grofs collections were Rupees 3,14,182-13-4 being below those of the preceding year by Rupees 12615-14-3. In the Net Revenue the decrease amounted to 26,432-14-4 owing to an increase in the charges on account of extended Manufacture.-

Para 5.

6. The falling off in the collections from Sayer is stated to have "occurred principally in the articles Betel nut "Cardamoms and piece goods and is attributed to "a deficiency in the Crops of Soopari and Car- "damoms from the want of seasonable rains "and to a diminished import of piece goods "consequent on the fall in the price of grain." It is satisfactory to observe an increase in the Revenue from Pepper and Sandalwood to the extent of 19000 Rupees. The enhanced amount of Charges caused a further reduction

Para 6

in the Net Revenue from this branch which was below that of Fusly 1249 in the sum of 29,445-14-3.-

1249-26,7326-4-5
1250-23,7880-6-2

7 The very large increase observable in the collections from Sea Customs during the year under review is shewn to have arisen almost entirely from the duty on Cotton exported to Bombay. Part of this, the Board observe, has no doubt been shipped to England in which case the whole duty is refunded and the increase will be merely nominal. In the meantime however the net Revenue owing to the above cause and a decrease in the Charges of management is in excefs of Fusly 1249 in the sum of 1,20,355-11-5.-

Para 7

8 The increase and decrease observable under the items noticed in these Paras seems to have been sufficiently accounted for and to call for no particular remark from Government.-

Paras 8-9-10-12

9 Of the demand under all Sources of Extra Revenue in the district of Canara for Fusly 1250 amounting to Rupees

Rupees 1,28,2,722-4-2 there remained due on the 12th July the small sum of 2969-9-5 of which the whole has since been realized with the exception of Rupees 67. The net Revenue was in excess of that of 1249 in the sum of 2852-12-2 and His Lordship in Council has much pleasure in recording his opinion that the set= =tlement of the extra sources both as regards its amount as well as punctuality of realization is highly creditable to Mr. Blair's admini= =tration.-

10 The Petition to which al= =lusion is made in the concluding Para of these Proceedings was referred to the Board of Revenue under date 3d December last for enquiry and disposal, and under the endorse= =ment passed thereon it would appear that the reasons adduced by the Petitioners were not such as to justify its being again sub= =mitted by them for the favorable consideration of Government. Proceedings thereon.-

Submitting a Report from the Collector of Rajahmundry of the revenues realized from the Rumpah Zemindary under Management on account of the Minor Zemindar between the Months of July 1840 and November 1841 and the receipts expected in future.

From the foregoing letter it appears that it has been found impossible to realize from the Rumpah Zemindary by any means the amount which was anticipated by the Collector when the Country was first taken in charge on account of the Minor Zemindar.-

2. The resources of the Country were then estimated at 15,000 Rupees per annum and it was thought that 15000 Rupees was the lowest amount that it might be expected to yield.- but it has been found from experience that there is little prospect of realizing much more than a moiety of the last mentioned sum. The account No.1 which accompanies the present report shews that the total amount realized from every source between the Months

Fort St. George 24th February 1842.

months of January 1840 and November 1841. was Rupees 3,569-2-3. only, whilst the disbursements in the same period amounted to Rupees 11,526-4-7, leaving a deficit of Rupees 7,957-2-4 against the Zemindary.-

3. Under these circumstances the Collector has found it necessary to make a considerable reduction in the establishment at first entertained for the management of the Country, the expences of which inclusive of the allowance of the Minor and a pension of 20 Rupees per Mensem granted to the widow of the late Manager, was Rupees 527 per Mensem, and which is now fixed at Rupees 307 per Mensem, or Rupees 3,684 per Annum. Arrangements have been made for the rent of the Hill Villages for an annual sum of Rupees 2,000, the punctual payment of which has been guaranteed by 19 of the Hill Chiefs who have entered into a Moochilka with the Collector to

that

Fort St. George 24th February 1842.

that effect. The receipts from the Villages in the low Country are estimated at 2,100 and the amount derivable from Maniums land and other sources at Rupees 1,200 making the total expected receipts from the estate Rupees 5,300 this would afford a surplus after deducting the expences of management above noticed, of Rupees 1,616 to be applied to the liquidation of the balance already incurred.-

4. With reference to the observations contained in Para 7. the Board will be prepared to take into consideration the arrangements which the Collector may consider it requisite to propose for the more effectual maintenance of tranquillity in the Country, in connexion with the establishment which he may require for the management of the Cottapilly estate, the purchase of which on account of Government was sanctioned under date the 14th ultimo.-

I hereby agree to perform with punctuality with the said amount the said ceremonies as well as any extraordinary ones which may usually occur and does which should be carried on with reference to their religious nature, and to retain the establishment of servants as per separate List as if they were under the control of the Government Officers. Should any expenses of the foregoing ceremonies fall short of the estimate in the course of their performance in the usual and respectable manner, for the convenience of the cheapness of the articles which are occasionally stored by purchasing at the cheapest rates. I agree to hold in deposit the surplus sum thereof, as has been the case during the management of the Government Officers, and to appropriate it for the necessary business of the institution such as repairs of the Pagodas &ca and for making ornaments, utensils &ca for the Pagoda God. Should the value of the articles

articles become higher in some years, I promise to make up that loss proportionally in the several expenditures and to carry on the ceremonies without any misappropriation and want of vigilance - I also agree to hold in deposit any sums of money or goods which may be received from the people coming to visit the Pagoda God during the Caleyanum, Radhotchavum &c. festivals of the institution, and to pay the same as in case of the deposit of a surplus amount derivable from the purchase of Articles &c.

4. From the Collector of Rajahmundry submitting Explanation on the subject of Travelling Charges incurred on account of Cutcherry Servants &c. in Fusly 1250 more than in the preceding one as called for by an Extract of State-ment of the Charges of that Fusly. Received with the Board's Secretary's letter of 20th Ultimo.-

Sirs,

1. I have the honor to acknowledge the Return of the Statement of Extra or Charges on account of Travelling Charges to the Cutcherry Servants on circuit with the Collector, and Charges incurred for carrying records on circuit in Fusly 1250. requiring further explanation as to their increase in Comparison with Fusly 1249.-

2. In reply I beg leave to state, that the increase in question, was caused by myself and Head Assistant having been out for the following purposes more in Fusly 1250 than in Fusly 1249.-

First, on account of the Amarcum and issue of Tuccavie in July of 1250

Second, inconsequence of the failure of the North East Monsoon in Fusly 1250 as very exaggerated reports were received of the failure of Crops, inconsequence of which, I deputed my Head Assistant to the Talooks of Mogultoor and Nagaram, which were under his charge, in the Month

Month of December, and I went myself at the same time into the Ramachendrapooram Zemindary and into the Cauparavaram Talook.-

Third, My Head Assistant was more out in Fusly 1250. inconsequence of the Manufacture of salt going on which was not the case in Fusly 1249.-

3. Under this Explanation I trust the Board will pass the objected Charges. Viz.

Sir.

I have the honor to sub= =mit a Statement of proposed Establish:= =ment to be employed for six months for arranging the Records and completing the Registers which are in arrear from Fasly 1244 inclusive. There appears to have been but little arrangement of Records in the Record Department and added to this the Records had been extensively tampered with, ex. alterations

alterations of Mauriums, insertions of new Mauriums, with other fraudulent circum= =stances having taken place. It will be in the recollection of the Board that the state of the records attracted my no= notice at an early period, and that a committee was appointed, of which the late Sheristadar Naputty Shashagerry now was at the head to examine them and ascertain to what extent fraud had been carried on. The result, as the Board are aware, ended in disappointment, no= thing having been elicited from the late Head Sheristadar till his examina= =tion referred to in the margin.

To the Board 19th. October 1841.

A competent Record Keeper has been appointed from the 1st. January 1842, who with the aid of the temporary Establishment now applied for, will bring the records into good order. Season 2 The rain at the commencement of the Season, favored the Sowing of the Bonasaks or early crops in this Estate, but the deficiency of rain subsequently effected the produce to a certain extent as well as the full sowing of this description of grain. The Jonna produce rather exceeded the outturn of an ordinary season but the other description of

as

of dry grain did not by yield a profit Return. The Pyrauvas late crops fell short from want of rain. There was no wet cultivation with a trifling exception.—

Prices.— 3 The prices in the fusly under report were the same as in the last fusly with the exception of Sonna, which fell below the price of the former fusly.—

4 The Cultivators land Estate consists of 2 Sub Divisions Paulapurroo and Toolluvoo. the former belongs to Maunoor Venkata Hanoomayenmah, the widow of the late Venkata Narsummaroo and the latter was held by the late Venkanna. In consequence of the death of Venkanna on the 17th November 1840. his Sub Division was attached under date the 18th of the same Month and the other portion of the Estate was attached on the 20th January 1841. 11 The decrease of Rupees 819-12-1 under the Head of Poolliary arises chiefly from the fees of the Curnums and Endowments of Pagodas the Village of Capaar Poolliary not having been cultivated as usual under this Head. The increase under the head of fruit trees, was occasioned by the good Tamarind produce of the Season under review.

Wet Cultivation.

12 The decrease under the head of wet cultivation of 5th-7-3¼ Cutchellies in the Fusly of Rupees 6812-12-11 in the Sub arises from the wants of sufficient rains.

13- The extent of Inam lands settled according to Mucktahs in the Fusly under report was 997-¼ Cutchellies the particulars are as follows.

14 In the dry land cultivation held under mucktah there was an increase of 2-9-" 6/16 in the Fusly under report and a decrease of 3-10-15 5¾/16 in the Yareek, the former arises from the causes obtained in Para 7 and the latter chiefly from a mucktah Village having been given in rent this year.

15 The following statement shews the Demands and all items for Fusly 1250, and the collections within the Fusly and subsequently up to 15th January 1842.

16 It will be seen from the foregoing Statement that, of the Demand Rs 128181 15 — a Sum of Rupees 113871 — 4½ was collected within the Fusly and Rupees 374 — 6 — 6 subsequently upto 15th January 1842 leaving a balance standing of Rupees 13935 — 9 — 1½ In consequence of a decreased Cultivation in the Villages held under rent and of produce falling short in some instances there remains a balance of Rs 6920 — 6 — 6 against the renters. This balance is composed of Rupees 2259 — 6 — 9 due on account of Enams left waste and Aggraharums not fully Cultivated. There is no prospect of this balance being speedily recovered its realization will depend on future resources. the remainder Rupees 301 — 8 — 9 will be realized as far as practicable. The outstanding balance of Rupees 716 — 10 — 4 on account of Sundry Items, contains about Rupees 500 on account of Poollany which the Zemindars fixed without the consent of the Ryots. This sum cannot be justly demanded, the remaining balance will be gradually realized. —

20- It will be seen that the arrears of Justice 1248 and 1249 were chiefly demanded according to the course observed in the Mulrauze Estate.

21. The balances due by Ryots, renters, Enamdars and Aggraharumdars up to Fusly 1249. inclusive, amount to Rupees 304000-6-4½- The

22- A sum of Rupees 59366-14-½ was Collected by the Zemindars previous to the attachment of the Estate in November. This added to the Collections made since attachment including

including on account of Melotuppa gives a sum of Rupees 134962-2-6½ as the assets of the Estate for the Fusly under review. This amount has been appropriated as follows-

24. The payment to Pagodas Rupees 19-14-a is within the amount Sanctioned.

25. The explanation called for from the 2 Widows relative to the appropriation of the sum of Rupees 19,648-1-4½ before the attachment took place has not been received which has prevented the adjustment of this Item. A portion of this amount will be allowed as charges admissible, but the detailed explanation has not yet been furnished.

26. The Widow of the late Vencanarow has requested that a grant of 1½ Cootchels of Land in the Village of Modoomoody, made by her to one Dharum Ramanadha Sastry, on the occasion of her husband's demise may be confirmed. It is a life Grant only and as it appears customary to make gifts on similar occasions the Board will not probably object to this grant. The Sayr Jist of the land in question is Rupees 120-0-0.

27. The arrangements made by the Zemindar having been followed out in the Fusly under report little remains to be said on this subject. The measures which have been so successfully carried out in the Mulnaad Estate will be adopted in this. The prosperity of the

Fort St. George 24th February 1842.

the Estate depends on a strict adherence to the 2 leading principles which characterise the management of the Mulnaad Estate, Viz. Individual Mudahs and non-interference with the ryots by the abolition of temporary Establishments. It was wished by explaining the details of the management of the Zemindary in each Village to give a view of Zemindary management, its effects on the revenue and the ryot, but the necessary information on this subject is not ready. The general character of such Management however is, a not over scrupulous attention to cowls, Collections of Nazaranah, to cover which, Villages are given up at reduced sums, and generally to collect as much as possible out of the resources of the year.

Proceedings thereon.

The circumstances under which the Zemindary of Sutarampooram, whose Petition accompanies the foregoing letter, was brought to trial, and sentenced by the Head Assistant to the Principal Collector of Nellore are not set forth with sufficient perspicuity to enable the Board to decide upon the propriety or otherwise of sending for the Proceedings held in the case and they accordingly resolve in the first instance to return the Petition to the Principal Collector for report.

2 The decision of the Head Assistant it appears was passed so far back as the 30th May 1839 it is not stated whether or no any appeal against the decision was made immediately to the Principal Collector but an endorsement in conformity of the Head Assistant Proceedings, is said to have been passed by the Principal Collector on the 2d October 1841 If this was the first notice taken of an appeal presented by the Petitioner in due course the Board would wish to be informed of the cause of the delay which would thus appear to have occurred in the settlement of the case. The Principal Collector will also be pleased to state whether this case has been reported in the usual returns of Trials under Regulation IX of 1832 or if they have been unable to ascertain by reference to the records of the Office whether this has ever been done.

From the Collr of Bellary — Sir,

Para 1. I have the honor to report for the information of the Board, the demise of two yeomiahdars in this District named Syed Shaw Azaratoolah Cawdry and Sashasastroolo, the former on the 16th November and the latter on the 28th September last, from which dates their Pensions have been discontinued and to forward the certificates + issued to them in conformity with the rules circulated by the Board under date the 18th January 1841 —

2 The first of these yeomiahdars enjoyed a Monthly Pension of Rupees 12-14-6 — as a Charitable allowance for praying for the prosperity of the state, under an original sunnud granted by a Mohabut Sung in the name of his deceased father, and has left two sons and a large family — The other Pensioner was in the receipt of an allowance of Rupee 1-8-6 per month for the same purpose, although no sunnud is forthcomming in his case, his survivors are a son and Daughter in law — These allowances having been granted to and enjoyed by their ancestors appear to have been continued to them successively according to Maumool, and I request the Board's decision regarding the continuance of these Pensions for the future —

3 I had the honor on the 23d September last to address the Board on the subject of another yemeiahdar Venkata Deeschatoolo —

From the Coll.r of
Bellary

I have the honor to bring to the
notice of the Board of Revenue, that Vendut Naid
Younger Poligar of Teapully who enjoys a Pension of
Company's Rupees 41-- 3 per mensem, not having appeared
personally at the Cutcherry of the Tahseldar of Punchapollem
to receive it as usual, in consequence of his absence at
a distant place, his Pension is held in deposit at any
Treasury since June 1840. He has subsequently
returned and stated he was absent on urgent private
affairs and applied for the payment of his arrears-

Soliciting the sanction of Government for the payment of certain arrears of Pension due to Vendut Naid younger Poligar of Teapully

2 The circumstances which led
to his not attending to receive his Pension ap-
peared to me of an ordinary nature, and though
I was not aware of any objection to a compliance
with his request, I still made a reference to the
Civil Auditor on the 25th November last as directed
by a Circular letter from his Office dated 10th February
1840 but that Officer in his reply which
was received only on the 22 Instant has
informed me that I should apply

for

for the Sanction of Government through the Board of Revenue agreeably to minutes of Consultation dated 18th. January 1842 of which I am not furnished with a Copy.-

3 Under these circumstances I have the honor to request, that the Board will be pleased to obtain for me the Sanction of Government for the payment of the arrears now in deposit to Rondul said-

Sir,

I am directed by the Board of Revenue to request that you will submit

of South Arcot enclosing an application from Chunda Hussain for permission either to receive in money the value of an Enam granted to him by Govt. in 1835 or to have the lands managed by the Collr. & the proceeds made over to him annually and recommending for stated reasons that an allowance of 300 Ps. per annum, the amount expended as a reward for his services may be made from the Collectorate such that the Lands may be resumed by the Collr. out-right-

In Govt. 10.th Feby 1835.

Submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of South Arcot forwarding an application from Chunda Hussain for permission either to receive in Money the Amount Value of an Enam granted to him by Government in 1835 or to have the lands managed by the Collector and the proceeds made over to him annually.

2 The Enam in the possession of Chunda Hussain was granted under Sanction of the Supreme Government communicated to the Board under date the 10.th February 1835 whereby it was ordered that Land in the vicinity of Runjungudda in the Talooks of Vedachellum yielding an annual income of Rupees 300 per Annum should be conferred on Chunda Hussain as Jaghire, or rent free during the life of himself and heirs

Some

some difficulty was at first found in the selection of land at the Village originally intended and Chunda Hussain was finally placed in possession of 30 3/16 Cawnies of land selected by him in the Village of Cangeyemcotagum in South Arcot under Sanction of Government granted 17.th January 1837. From the Communication from Government just alluded to, it appears that the enam was conferred upon Daroga Chunda Hussain as a reward for his services whilst attached to the field force against Coorg.

3. In the letter now submitted the Collector states that owing to the absence of the Enamdar in Mysore, where he holds a situation on the breeding establishment, and in consequence of the cultivators being ready to avail themselves of his absence, and take every opportunity to evade payment of their Teerwah, the proceeds

accruing

accruing to him from the Cram-
are very trifling.-

4 Under these circumstances
the Board recommend that an
allowance of Rupees 300 per annum
the amount which it appears
to have been intended that he
should receive as a reward for his
services may be made to him
from the Collectors' treasury under
the terms of the original grant,
and that the Lands may be
resumed by the Collector out-right.

Sir,

Govt.

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation dated the 11th August last, and to submit the Accompanying copy of a letter which was forwarded in consequence to Mr. Blair, late Collector of Trichinopoly, with that Gentleman's reply.

2 Mr. Blair states that the alterations proposed in the Assessment of the Pakaurem of Allepoor in the Canara Zillah

of certain Villages of that District in Fusly 1214 stating that after the most deligent review of the whole of the correspondence which has passed in the case of Chellapah Moodelly the Board see no ground to alter their former decision.

as far as it went in Fusly 1214. was made by his authority. "It is indeed impossible "to suppose" (Mr. Blair says) "that a measure "of the kind, could have been made by any "public Officer without the Knowledge of "his superior." It is clear therefore, that Mr. Blair did know the nature of the charge and that Chellapah Moodelly is exonerated from the charge of proposing or making any alteration in the mode of settlement unknown to his superior and without his orders, as the Board have always believed.

3 In obedience to the second Para of the Minutes of Consultation above alluded to, the Board have carefully reconsidered the whole of the correspondence which has passed in the case of Chellapah Moodelly, and after the most deligent review, they respectfully submit that they see no ground to alter their former decision.

4 They have perused with anxiety that part of the Minutes of Consultation which

which "declares Chellapah Moodelly undeserving
"of confidence as having advanced a calumnious
"falsehood against Mr. Onslow with a view
"of influencing the opinion of the Board."

5 Had any part of this individ=
=al's conduct appeared to the Board in the
same Criminal and obnoxious light, they
could have come to no other conclusion
than the one at which the Right Honorable
the Governor in Council has arrived. The par=
=ticular passages in the correspondence to
which allusion is made by Government
are not stated, but the Board presume
reference to be had to the latter part of
Para 2 of their Proceedings 21st May 1840 on
which it is alleged that Chellapah Moodelly
was fined on two separate occasions, and to
the conclusion of the 2d para of Mr Onslow's
Letter 19th June 1840 in which the imposition
of the fines is denied.

6 The Board would here observe
that they derived their information respecting
the

fine from the deposition of Chellapah=
Moodely taken before Mr. Onslow himself
on the 25th. February 1840. and forwarded by
that Gentleman to the Board. The deposition
runs thus.

"On the 19th Instant I gave my=
"deposition at Illapoor stating the particulars
"of the Immanbundy settlement made in
"that year (Fusly 1247.) in the Villages of the
"Illapore Mahanum, and you imposed
"upon me a fine of 500 Rupees on that
"day. On the day following (the 20th) you
"imposed upon me a further fine of 500 Rs.
"for each Village of the said Mahanum
"which was settled contrary to the System
"which existed in the preceding year, and
"told me if I was dissatisfied with
"your decision, I might prefer an
"appeal through you to the Board,
"and that the time allowed for=
"making the appeal was three months.
"If you furnish me with copy of the
Decision

"Decision I would like to state the facts
"of my defence in my appeal Petition
"in preference to my stating them to you.

7 This deposition having been
given before Mr. Onslow and forwarded
by him to the Board without contradiction
they were led to the belief that the fine
in question had been actually imposed
Mr. Onslows' letter of the 9th June 1840
clearly explains that they were not imposed
altho' he admits that he intimated to
to the accused that he had rendered
himself liable to the penalties of
Regulation IX of 1822, and the Board
considered Chellapah Moodelly to
have made the assertion under a Misconception of Mr. Onslows' meaning, and
not from any intention to mislead by stating
that which was not the case, and which was
so easy of refutation. Under this view
the Board did not attach that importance
to the assertion which the Right Honorable the Governor in Council appears
to consider it deserving.

Para 2.

The

8 The Board in all cases
of alleged Misconduct of Public servants
referred for their decision have made
it a general rule to dismiss no man
from his situation except on proofs of
acts of malversation and of gross neglect
or incapacity. Many persons have been
fined, many reduced to situations of
inferior emoluments, but except for
causes of the above description, it has
been the care of the Board to withhold
their sanction of dismissal from Office.

9 It is but just to remark that
Chellapah Moodelly appears to have
enjoyed the full confidence of Mr. Blair
and for a period of several years was allowed
to exercise a discretion which was no longer
permitted

permitted after Mr. Onslow took charge, the Board desire not to call in question the propriety of Mr. Onslow thus reserving to himself all the proper authority belonging to his Office, and if he saw fit, withdrawing his confidence from the Deputy Sheristadar but confided in as chellapah Moodelly had been by Mr. Onslows immediate predecessor and permitted to exercise so large a discretion, which the Board repeat seems to them not to have been abused, they respectfully submit that it would be unusual to hold him responsible for any acts done by him in the exercise of such discretion for which he may not be able now to produce the written Authority of his superior.

Para 1. On the 3d. Instant I had the honor to receive your letter of the 25th Ultimo conveying certain sanction of Government of the same date for payment of money, but objecting to 5 Rupees for destruction of one royal Tiger 2ndly Recommending me to use my best endeavors to keep the expenditure under the head of Saderwared for Collectors Cutcherry as moderate as practicable, and 3dly requiring an account particular for a reward of 50 Rupees paid for apprehending a robber under Section XXIII Regulation IX of 1816.

2. The Tyger for which the excess Reward was paid was a very large one

one, indeed the largest ever seen in this Collectorate, and it was from having been destroyed so long before the period for forwarding the Bill of charge that my Account=ant omitted to give this reason for the excess in the bill, and for the same reason that I omit=ted to observe the excess charge, and of course to offer the explanation. I request you will beg the Board to urge the Government to grant me Special Sanction for it, remem==ing them that I had to pay three Rupees in 1838, given in excess of my authority for destruction of a Bear which I looked upon, as a Government fine for want of Memory. Had I carried my records with me to be re= in all occasions, for when that reward was paid I was away from my Stationery offic= it would have cost the Government 100 times as much at the most moderate calculation.

3. For seven years my great=est attention has been given to keeping the

the charge for Sauderward within the ex= most moderate limits and the deter=mi=nation that it should be so is inculcated both by precept and example.-

Whilst I am in the ta=ble I look the same cover of packets serves constantly for both, that received and re= returned. Sir,

In answer to your letter of the 10th received on the 19th Instant I have the honor to state the preparation of the Monthly accounts & current duties is a sufficient employ for the fixed establishment of Goomasthasin mine and the Talook Offices.

2 In preparation of the individual Settlement for the single talook of Theroomungalom last year no less than 200 quires of second sort paper were consumed, averaging 100 Sheets for each Village, - The Board require a similar Settlement shall be prepared during the Current year for every other Talook, They require also the very lengthy and tedious Inam account, and choose this period when they expect

expect all this additional work to be done as that at which the usual extra establishment should be dispensed with. It cannot but if the Board be willing to let me keep the Individual settlement and Inam Accounts for my Office on Cadjans I will use my best endeavors to prepare the rest by means of the Standing establishment in my own Office and in the Talooks, tho' of course the Settlement will not be Concluded so early as usual.-

3. As the preparation of the Settlement is in hand the Boards earliest instructions are of importance even a few days' delay will inconvenience me tho' of course I am prepared to suffer that inconvenience

4. The subjoined statement may bring to the Boards' recollection, or now first shew them, the success with which I have annually sought to decrease the expenditure under this obnoxious head State

Sir,

With reference to the correspondence noted in the Margin, I am directed by the Board of Revenue to request that you will

of introducing an entire and complete new survey into that District with Estimates of the Total expenses on account of measurement and classification of lands which will be incurred in the completion of the work stating that the Collr expects that the survey will be completed within a period of 3 years from the date of its commencement at a total cost of Rs. 119,564 and requesting that sanction may be granted for the establishment & also requesting instructions as to whether the survey in Tinnevelly should be carried out upon the Bengal Plan of combining a scientific with a Revenue Survey.

Fort St. George 24th February 1842.

will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Tinnevelly furnishing a Statement of the establishment proposed to be entertained for the purpose of introducing an entire and complete new survey into that District with estimates of the total expences on account of measurement and classification of lands, which will be incurred on the completion of the work.

2. These estimates appear to the Board to have been made upon as moderate a scale as can be expected with reference to the magnitude and importance of the work to be performed, and to the cost of similar undertakings in other Districts. It will be seen that the Collector expects that the survey will be completed within a period of

Fort St. George 24th February 1842.

of three years from the date of its commencement, at a total cost of Rupees 119,564 — the particulars of which are shewn in the Margin and this amount he calculates will be required to be disbursed in the following proportions.

Establishment for 3 years at 917 per Mensem	33,012.
Charges of Pymash	56,875.
Do. Classification	29,677.
	119,564.

For the first ½ year — 17,000
The next year — 53,000
The last ½ year — 17,564
119,564

3. The Board recommend that the Collector may be authorized to employ the Establishment proposed by him, at a monthly charge of Rupees 917 and that the special sanction of Government may be granted for the estimated expences of the 1st half year, amounting, inclusive of establishment, to Rupees 17,000. The Board would suggest that

that so soon as the survey classification and assessment of three or four Villages are completed, the Collector should be instructed to submit the accounts for examination in their Cutcherry, as they think that by the discussion and settlement of any objections or difficulties that may present themselves, in limine the future progress of the work, as regards the classification and assessment of the remaining Villages would be much facilitated. Mean while the survey might proceed without interruption until brought to a close.

4. Under the circumstances represented by the Collector in Para 6 to 9 the Board have no hesitation in recommending that the acre be made the standard of measurement both for Nunjah and Poonjah lands the measurement to be made as suggested by the Collector with a

a rod of 33 feet - 40 of each square make an acre.

5. Adverting to the plan adopted in the survey of the North West Provinces in Bengal, of combining a scientific with a revenue survey the Board with reference to the observations contained in their Report to Government on this subject under date the 7th December 1840 would solicit instructions from Government as to whether the survey in Tinnevelly should be carried out upon the Bengal plan. In this case it will be necessary to place at the disposal of the Collector an experienced practical Surveyor, with a small establishment, the extent of which will be reported hereafter.

From the Collector of Sinnevelly — Requesting authority for the disbursement of Rupees 9357-8-0 from the surplus Tirupany fund of the Gungaundan Pagoda for the purpose of constructing a stone revetment on the south bank of the Chittar river for the protection of the Village & Pagoda of Gungaundan.

Sir,

Para 1. The Village of Gungandan is situated on the South Bank of the River Chittar.

2d During the heavy rains of November last this River swelled to so considerable an extent that the Town itself was greatly endangered and part of the unfinished work of the Bridge now erecting across the River at the expence of the Zemindar of Ettiapooram was carried away.

3d To prevent the River taking a new course and thereby destroying the Nunjah cultivation of the Village, a wall was erected in 1839 at an expence of 968 Rupees at that part of the River Bank where the stream was forcing its way.

4 The Meerasdars of

the Village have now requested that a stone revetment in continuation of this Wall to the west wing Wall of the new Bridge be constructed as the best means of securing their Village from the floods, and at the same time saving from destruction their Pagoda, esteemed by the people of the District in general as peculiarly sacred and situated on the edge of the River Bank.

5 It is proposed to employ a portion of the Funds belonging to the same Pagoda being the accumulations of the Tiroopany funds to which it is entitled in the execution of this work. The Civil Engineer has been requested to make an Estimate of the cost of the work and this amounting to Rupees 9357 8 — I have the honor to enclose

6. My inspection of the

place

Vide sanction of the Board of 9th March 1835.

place convinces me of the necessity of something being done to stop the encroachments of the River and the construction of the proposed revetment which meets with the approbation of the Civil Engineer, appears more likely than any other measure to have the desired effect. The outlay though considerable, is not beyond the resources of the Pagoda, for to its credit stands up to the end of Fusly 1250, a sum of Rupees 14,255 — 1 — on account of Siroopany Fund, and on the annual income of the Institution averages Rupees 1,338 and the average expenditure Rupees 257 leaving a net accumulating sum of Rupees 1081 per annum.

7 I have the honor to solicit the permission of the Board for the disbursement of the sum according to the estimate of the Civil Engineer from

from the Siroopany Funds belonging to the Gungondam Pagoda, which appears to me cannot be better employed than in the construction of a work having for its object the preservation from imminent danger of the Village in which it is situated, the protection of the building itself and security to the Bridge now building.

In explanation of the above remarks a sketch of the River and Village is herewith forwarded.

I have the honor to be Sir Your most obedient humble Servant

Proceedings thereon

1st April 1841

In Para 17 of the Proceedings alluded to in the foregoing Letter, the Board expressed a desire to receive Mr. Blair's sentiments in detail upon the suggestions offered in Paras 21 to 26 of the report by the acting Principal Collector upon the Settlement of the Canara District for Fusly 1248 and upon the general questions therein referred to - after the further consideration which the subject was promised by the officers in the Provinces and the Principal Collector was requested to submit exclusive accounts on the form herewith forwarded with any additional information which it may be considered desirable to offer. The letter above recorded is accompanied by the accounts in question, but contains not one word of the information or explanation which the Board hoped to have received. The Principal Collector is requested to supply this omission with as little delay as practicable -

Sir,

I have the honor to acknowledge the receipt of your Proceedings of the 13th Instant, I beg to forward a Sketch which

Submitting information regarding the locality of the land applied for by Mr. Lascelles Junior -

Fort St. George 24th February 1842

which may possibly furnish such information as is required regarding the locality of the land applied for by Mr. Lascelles Junior - The Sketch is taken from the Skeleton Map of the Neilgherries, and will be better comprehended & compared with that - The tract requested by Mr. Lascelles it will be seen, is at a considerable distance from any Village of note - There is a very small hamlet about ½ of a Mile to the east - the Inhabitants have as much land as they can use in its immediate vicinity, and the Settlement of Mr. Lascelles would not interfere with their (or any other persons) interests - The rates Mr. Lascelles would have to pay would be determined by the rates leviable on the land of the hamlet in question in conformity with the Board's orders of the 14th July and 22nd December 1830 - As mentioned in my former letter, no accurate Survey has yet been made, but considering 200 Cawnies to be of the first, 200 ditto of the second, and 100 ditto of inferior sorts Mr. Lascelles would have to pay about 569 Rupees per Annum for the 500 Cawnies -

Received with a letter from Government dated the 29th January 1830.

2. Should the information now afforded not be considered sufficiently explicit I will take measures to make it -

2787. Fort St. George 24th February 1842

it is but as I have no one who can make a regular Sketch of the Ground except Mr. Williams, whose services will be required for Months probably on the Coast, I venture to send on what may prove sufficient.-

My sole wish in this, as in Mr. Groves Case, is, that the Government should not lose the opportunity of converting 3500 Cawnies of absolutely sterile Land into Cultivated Land.- I cannot imagine the probability of two such Offers being again made.- This feeling will, I am sure, I trust my excuse in again pressing the matter on the consideration of superior Authority.-

Sir,

3 I have the honor to acknowledge the receipt of your letter under date the 10th Ultimo, forwarding the accompanying Petition purporting to be signed and presented by certain Inhabitants of the District of Masulipatam.

All the persons whose names

names are appended to the Petition were summoned to attend before me for the purpose of taking their depositions. The attendance of many of the parties could not be procured in consequence of their having died some upwards of a year, and others many months before the date assigned to the Petition. All those attending attended, unanimously declared that they never saw or heard anything regarding the Petition and received with the greatest indignation the announcement that their signatures had been so basely forged and their names so vilely prostituted to give colour and credit to so infamous a fabrication.

3. That that my own public character, independently of the above distinct denial of the persons who are alleged to have signed the Petition will afford a sufficient refutation, and thus relieve me from the disgrace of even alluding to

13

From the Collr of Chingleput.

Replying to the observations of the Board and Government regarding the Settlement of Fusly 1249.

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings under date the 15th July 1841 on the Settlement of this District for Fusly 1249, as also the transcripts of the Minutes of Consultation of the 24th November last and to submit the further information therein called for.

In Para 3 the Board desire to be informed of the causes which led to the decrease in the cultivation of, and Revenue derived from, the Tatacal lands, remarking that the average assessment derived from that class of lands for Fusly 1249 amounted only to £ 4—. per Cawney, whilst the average assessment on the 209 Cawneys that had been cultivated in the preceding

ing

Fort St. George 28th February 1842.

=ing year, but were then left waste amounted to Rupees 8 Pagodas per Cawney thus apparently shewing that the lands unoccupied were those on which the highest rates of assessment had been fixed; the Board also desire to be informed whether any additional assessment is levied for second crops raised on Tobacco lands.-

3 On a recent examination of the Summahundy Accounts an error in the extent of cultivated Tobacco lands as entered in Cols 10 and 12 of the Statements appended to Para 4th of this Report has been discovered, Cawnies 1020 and Cawnies 184 should have been entered in lieu of Cawnies 1000 and 209 respectively, when according to the revised Statement the average decrease of assessment on the lands cultivated in Fusly 1249 will be found to amount to 9-9- Rupees 9 the average assessment on the 84 Cawnies waste to Rupees 9-12-1 per Cawney.-

4 In the Villages in which the Survey

Fort St. George 28th February 1842

survey assessment was introduced by Messrs Hepburn Bradley and Keeash a great portion of the lands of this description were assessed without reference to their respective productive powers at 1 Pagoda per Cawney, and the remainder at 3 Pagodas, whilst in the Villages assessed under the supervision of Mr. Maclean the rates of assessment vary with the description of the lands from 1 Pagoda to 6 Pagodas per Cawney. The higher rates have generally been fixed upon the lands yielding Tobacco and Chillies, which products require the most fertile soils and on which lands prior to the introduction of Mr. Maclean's assessment there was varying with the description of the produce were levied thus in the event of grain being raised the usual warrum of the Village only was realized, but when Chillies or Tobacco a money rent amounting to Pagodas 6¼ or 12½ respectively per Cawney. It is in this description of land that a portion has been left uncultivated in Fusly 1249 which has raised the average to Rupees 9-15-1 per cawney, the details of which are exhibited in the appended Statement.-

This

5 The decrease during Fusly 1249 has not, I consider arisen from the rates of teerwa, and which as above shewn are lower than formerly, but from the early cessations of the rains by which the Cultivation of Tobacco and Chillies was greatly impeded the grounds having become hardened at any early period of the season, and requiring, if Cultivated to be irrigated from wells, whilst the very great increase in the general Cultivation of the year called for increased hands and labour.

6 Second Crops are seldom or raised on this description of land but in the event of the ryot by his labour and exertions reaping one, no additional assessment is levied.

7 In Para 10 of their Proceedings now under reply the Board required information as to the causes of the Beriz of 5 Talooks in Fusly 1249 being lower than the Permanent Peishcush, and in four Talooks below the

the Beriz of 1232 whilst in the adjoining Talooks the Revenue realized exceeds that of those years. The Government also require the same information, adding that the comparison should be made with reference to the extent of land cultivated.

8 I beg to submit a statement shewing the extent of land cultivated in Fusly 1249 the year preceding that in which the Permanent Beriz was settled, and in Fuslies 1232 and 1249 as well as the Beriz realized during those periods, together with the average per Cawney in the different Talooks distinguishing the Villages under the different survey settlements. From this statement the Board will observe that in some of the Talooks the Beriz is lower notwithstanding an increase in the extent of Cultivation, and that in others the decrease of revenue has corresponded with the decrease of cultivation.

9 Most of the Villages in which

Fort St. George 28th February 1862

which, there is a decrease of Revenue notwithstanding the Cultivation has been extended are included in those in which the settlement framed by Mr. Vivash prevails and which is 23,900-1-6 Rs. as. p. or 6½ per cent below the Permanent Beriz and Rupees 21,609-14-10 or 5¾ per Cent below the Beriz of Fusly 1232. The greater number of those Villages where the decrease of Revenue is attributable to the decrease of Cultivation are amongst those recently settled by Mr. Maclean whose survey assessment was brought into operation only in the year preceding that under review. These Villages are however annually improving and in a few years will probably yield a revenue fully equal to the old standards. The decrease of Cultivation may be attributed to the Kumany System that prevailed so long. In the Talook of Conjeveram however the decrease has arisen in consequence of the Collections of the Palapettada Villages

Fort St. George 28th February 1862

Villages and the Mutcrpha of Conjeveram which were formerly included in the Land Revenue having been transferred to the head of Extra Revenue, as reported in Para 3 of my letter of the 21st January 1839.

10 The decrease in the Mayer Talook is more nominal than real for of the sum of Rupees 7,465-12-11 Rupees 5,060-4- must be deducted on account of the Small Farms and Licenses derived from the Mootah of Streeharecottah, and which were included in the Permanent Beriz as noticed in Para 11 of my communication to the Board of the 3rd July 1841. The Statement now submitted shews the Beriz remaining after the deduction above mentioned and affords a correct comparison.

11 With reference to Para 11 of the Board's proceedings requiring me to state the causes which led to the remission of Rupees 1519-5- under the head of Phalanestom or loss of produce

Fort St. George 28th February 1842

it will I conceive be sufficient to state that in some Villages the early cessation of the moonsoon had rendered the produce very scanty though it was not entirely destroyed, and the cultivators having no other crops whereby their losses might be compensated would have been impoverished if these remissions had been withheld from them In framing the annual settlements, the necessity of preserving the germs of future prosperity must I conceive be as much attended to, as the necessity of not heedlessly relinquishing the public dues for it is a well established fact that a too rigid exactment of the utmost rupee that may be demanded only tends to an ultimate loss of revenue.——

12

With reference to the remarks of the Board in the same Para it will I consider be advisable to separate the remissions in future accounts under the heads of Vettopaul and Pymalee. But the former had perhaps

Fort St. George 28th February 1842

perhaps better be entered under its own head, and not included with the remissions on account of Shavi, or crops burnt up through want of water, as it may happen that in years when the season has been favorable, remissions on account of seed not sprouting may be requisite. I propose therefore in future entering such remissions under their own heads.——

13

In reply to the remarks in the 16th Para of the Board's Proceedings I beg to state that the Cawles have been granted to all classes, Viz^z, to the Meras:dars to resident Pykaries and Paikaries residing in neighbouring Villages but that the preemption is granted to the Meras:dars on the condition of their engaging not to abandon the former cultivated lands, and but very few instances have occurred of the holders of Cawles not being able to fulfil their engagements. The descriptions of land for which Cawles were granted are

are

Fort St. George 28th February 1862

are those specified in the Cawlegamah sanctioned by the Board.

14 The explanations requested in the 15th Para of the Board's Proceedings regarding a Cawle granted by the late Mostadar of Sheeperamalore were furnished in the 17th Para of my Report on Cawls written at date the 1st November 1861.

15 The lands in the Villages of Munjuncauraney and Coorumbaukum alluded to in the 18th Para were rented for 30 years to the late Vadaghery Pillay manager in the Board of Revenue to reclaim them from waste.

16 With reference to the information required by the 19th Para I have to represent that of the Rs 173-11-0 remitted in the Sydapet Talook under the head of discretionary remissions Rupees 129-11-1 is the difference between the survey assessment on certain lands held by Nanoo Seroy Chetty and others and the rent at which

Fort St. George 28th February 1862

which they were granted to him on Cawle the circumstances attending these grants were detailed to the Board in the 22nd Para of my report for 1250 and in paras 18-19-20 and 21 of my report on Cawles. The balance consists of small sums being the difference between the survey assessment and the rates at which various gardens were held previous to its introduction, the demands of which was suspended under the Board's instructions dated the 3rd June 1861. Of the amount remitted in the Peddapallium Talook, Rs 191-13-11 were granted to one Chocalinga Vattear who obtained on Cawle a considerable tract of waste land in the Village of Vellegoor from which he had been enabled to cultivate and on which he sustained some loss the Cawle ceased with the introduction of the survey assessment the balance is formed of sundry small sums which the Board would not require to be detailed.

(17)

From the Coll.r of Chingleput

Sir,

I have the honor to trans-
-mit for the consideration of the
Board of Revenue an original Petition
forwarded to me by the Sons of the
late Dt. Sawmy Naik, Shrotriemdar
of Ootoocaud, who died on the 17th
Instant, and to request authority
be granted to register the Shrotrium
in the name of Sectarama Naik,
the eldest Son of Sawmy Naik,
leaving it to him to divide the pro-
-ceeds amongst the family in such
portions as may be agreed upon
amongst themselves should the re-
-gistry be made in the names of the
three Sons as requested by them it
might give rise to the same erroneous
claims

claims as were advanced in the case of the Shratrium of Tinnanoor—

To
A Freese Esqre
Collector of the Zillah of
Chinglepat

Sir,

With deep regret, we respectfully beg leave to announce to you, the death of our Father W. S. Doctor Sawmy Naick Shotriemndar of the Village of Wootoocandoo situated in the Talook of Conjeevaram under your Collectorate, which unfortunate occurrence took place on the night of the 17th instant, whose irreparable loss has plunged the whole family into deep melancholy—

At the approaching moment of his departure, he sincerely admonished us, that your goodness from

from the regard you always entertained towards him you will not fail to continue the same towards us—

We respectfully beg your goodness will be pleased to grant us Cowlnamah on our name for the aforesaid Shratrium Village, defining the peculiar conditions of the Shotrium tenure, to be held and enjoyed by us and our posterity as contained in a letter from the Chief Secretary to Government to the President and Members of the Board of Revenue dated 20th July 1824 or according to the practice observed to other Shotrindars on similar occasions— We will wait upon you as soon as the religious ceremony is over and we beg to leave our distressing case to your favorable consideration—

Sir,

From the Sub Collr. in charge of Govt. Dues of Arcot. } Extract

Reporting on the State of the Roman Catholic Churches &c. in the District.

I now do myself the honour to reply to an Extract from the Proceedings of the Board of Revenue dated 13th Ultimo, transmitting Copy of a letter from the Court of Directors to the Governor in Council of Fort Saint George, dated September 29th 1841, in which the Court call for information on certain points regarding the Roman Catholic Population, and of an Extract from the Minutes of Consultation dated November 30th 1841, having reference to the same subject, and conveying the requisition of the Board to be supplied with the information called for in those papers, as early as practicable.

Mr Ogilvie's letter addressed to your predecessor and dated June 5th 1838 is sufficiently full on most of the points now specified, but

but I will nevertheless state the information which I have obtained and it may be proper to note of the sources to which I am indebted for it. My authorities are 1st. The Reverend Mr. Bilderbeck a protestant Missionary well acquainted with this District, and on terms of friendly intercourse with the Roman Catholic Priests and people. 2d Soondrum Pillay Police Ameen of Prince & Member of the Roman Catholic faith, and through him the Priest of Vellore. and 3d Mr. Hickey an intelligent East Indian the Police Ameen of Pulicat.

3 For greater convenience I shall place the queries of Government in juxtaposition with the information furnished in reply to them.

Their number and locality are stated to be as follows.

At Vellore - - - 2000
Arcot and Ranipet 1000
Sadoocumparah and Cunniambady 550.
Ondarentangle - - - 200.
At and about Santghur - - 60.
At Chittoor - - - 120.
At and near Caniveripauk - - 130.
At Arnee and neighbouring Villages - - 315.
At Pulicat - - - 150.

Total - 4525

I should suppose this statement to be above rather than below the truth, it much exceeds Mr. Agilvies Estimate.

One at Vellore built about 80 years ago by the Jesuits.

One at Arcot built about the same time by the same fraternity.

One

One at Trainiperoo built by a French missionary of the Pondicherry Mission about forty years ago.-

One thatched chapel at Cunniembaudy built about 40 years ago by the Subscriptions of the Congregation, under the direction of a Missionary of the same body.-

One of the same Kind at Ondrantangel, built by the same means, and about the same time, by the same Priest.-

One substantial building at Chittoor, built by a French Missionary about 30 years ago.-

One at Poosheptaglurry (near Arnee) built by Jesuits about 100 years ago.-

one

one at Coratturnput in Poloor Talook, built by Jesuits about 90 years ago.-

One at Arnee built 32 years ago by a Missionary of the Propagandist Society by means of the Subscriptions of the Congregation, with the aid of Contributions from Colonel Wazlewood.-

One at Pulicat built by Subscription of the Congregation, about a Century ago.-

Of the foregoing those at Vellore, Arnee and Pulicat are the most Substantial Churches, the rest are smaller, and many of them only thatched buildings.-

The

The Spiritual wants of all the Congregations enumerated above except Pulicat, are supplied by two French Priests whose head quarters are at Vellore, assisted occasionally by a few Native Priests ordained by the Bishop of Pondicherry. Pulicat is under the Pastoral care of the Portuguese Priests of the see of St. Thome.

The Vellore Priests are under the Bishop of Pondicherry, the Priests who serve Pulicat are under the Bishop of St. Thome.

None.

None are so- all the French Priests of Pondicherry were originally Jesuits, but of late years they have dis-avowed connection with that body-

There are not any of British origin.-

Answered in No. 3.

They both speak and preach in Tamul and some in Saloogoo also.-

J.

learn that two families at Pulicat acknowledge the authority of the Pope's Vicar Dr. O'Connor, but all the rest of the Roman Catholics there adhere to the Portuguese Priests. all the Catholic population of the other parts of the District adhere with the utmost attachment

attachment to the Pondicherry Priests, and their feelings are strongly and decidedly hostile to what they regard as an interference on the part of the newly arrived Irish Priests connected with Dr. O'Connor. No such transaction has occurred.

occurred in 1839 the Portuguese Bishop of St. Thome took alarm at a visit of Dr. Carew to Pulicat, fearing an attempt on his part to take forcible possession of the church, and the Prior of the St. Thome Cathedral was sent up to dispossess it. no such attempt however was made.

There is no instance of such a thing.

Proceedings

Forwarding to the Collector of North Arcot a copy of the rendered Hoo-kumnamah for that District furnished to the Board by the Commissioner for the Ceded Districts with observations regarding the sections which have undergone modification.

The Commissioner Mr. De Rest in forwarding to the Board a copy of his Report to Government upon the Circuit, dated 31st August last, submitted also a revised Hookoomnamah for the District for the Board's Sanction.

The chief modifications in the Document are such as have been suggested in his Report of

Fort St. George 28th February 1842

have in great part been approved of by Government in the Minutes of Consultation 11th November last, copy

in Cons. 2nd Dec. 1841

of which with transcript of the Report itself have already been forwarded to the Collector for his information and guidance; it is still however considered desirable to forward to him the revised Hookumnamah in the shape in which it has received the Board's Sanction accompanied with the following observations, with a view of drawing his attention to such sections as have undergone modifications.

Section 13. Provides for the remission of the assessment on portions of fields left waste under particular circumstances, agreeably to the decision of the Commissioner upon Complaint No. 9. in his report and Sanctioned by Government in Minutes of Consultation 11th November Para 16.

Section 18. Provides for the introduction of Rules for levying Assessment into

into the Taluk of Cuddalore and needs no remark.

Section 19. Modifies the former Rule in regard to the assessment of Kyrit lands and will afford an Answer to the Acting Collr's letter 28th July last on this subject in Cons 12th Augt 1841.

Section 23. A modification of this Section was proposed (as marked in red ink) but it will be observed by Para 14 of the Minutes of Consultation 11th November last that Government require some further information before sanctioning this - if therefore the modified rates have not been already introduced the Collector will be pleased to collect the full Rusoom.

Section 24-25-26. The same remark as in 23 applies to these Sections.

Section 29. This section provides for the rates of Rusoom to be levied in the fifth class Villages in Munpaungoody and Chillumbrum which have already received the Sanction

Sanction of the Board 18th October 1838.

Section 46. This provides for the Cultivation of Bringals and other Vegetables &c on Punjah land by means of Wells constructed at the ryots own expense upon the payment of the Tarum Tearwah only and has reference to complaint in the Commissioner's report 8 and is confirmed by Government in Para 14 of the Minutes of Consultation above referred to.

Section 47. This Section provides for the remission of Rusoom on Water supplied from certain Sources and it is desirable that it should be immediately acted upon.

Section 53. Is an important modification and it is hoped will greatly benefit and improve the District; it provides for the plantation of Topes on Poonjah land watered by Wells dug at the Ryots own expence upon the payment

payment of the term teerwah only from the date of planting and subject to no increase when the Trees come to maturity this has reference to complaint 17 in the Commissioner's report and has been confirmed by Government.-

Section 87. Contains a slight and necessary modification regarding Kyfat lands left Waste to undertake Enam-

Section 93. Defines clearly the rule under which minha is for the future to be given to Brahmins and Mus-sulmans with reference to com-plaint № 3 in the Commissioner's report and has received the ap-proval of Government.-

Section 129 to 135- Contains Rules for the occupation of Waste and Suttum which have been approved by Government in Minutes of Consul-tation above quoted- In the ap-plication of these rules the Col-lector will give special attention to the observations in para: 8 of the abovementioned paper.-

9- It seems unnecessary to

to furnish the Collector with any further observations the Document itself with the Commissioner's report and the Minutes of Consultation being sufficiently explanatory of what the views of Government are, but the Board at the conclusion of the present Jammabundy will be glad to receive from Mr. Hallett any suggestions which he may wish to offer.-

29

From the Acting Principal Collr of Tanjore-

Read letter submitting an application from the Sub-Collector Mr H. Forbes requesting a leave of absence for 3 weeks from the 13th March next under Section XI of the rules to enable him to proceed to Cochin and embark thence for Bombay and England under the fur-lough to Europe granted him under date the 18th January 1842.-

29-30

Order thereon.- Ordered to be submitted to Government for favorable con-sideration thro the Channel of the Civil auditor.-

31

From the Collr. of Sir,
Tinnevelly & Para. In reply to your letter of
the 10th Instant, I have the honor to state
that so long as the detailed and
voluminous accounts of the Summah-
bundy which now are furnished
with the Annual report, and other detail-
ed information, are required, so long will
it be absolutely necessary to maintain the
Extra Establishment which I have for years been employed in this District to
prepare the Summahbundy Accounts.

2. The labor required of every ac-
countant both permanent and tempo-
rary during the progress of the Summah-
bundy is very great, and I do not antici-
pate being able to reduce the period of
employment hitherto allowed for the entertain-
ment of this Extra establishment.

3. Should further experience show me
that any reduction may be made, I shall not
fail to effect it to the lowest practicable degree.

Ordered to be recorded.
Read the following letter

To

The Acting Secretary to the
Board of Revenue
Fort St. George

From the Coll[r] and Register of Govern[t] Grants

Sir,

With reference to my letter under date the 3d Ultimo, and to the correspondence noted in the Margin,

Fo. 222 Aug[t] 1837. From Dep[y] Coll[r].

(35)

I have the honor to observe that as under the instructions of Government of date the 3d October 1837 the usual Counterpart Agreements from His Highness the Nabob and his family prior to the issue of Certificates, are not be be required, it appears to me to be proper that all those passages in the forms of Certificates which relate to the payment of Peishcush Rent should be omitted. I therefore submit herewith for the inspection of the Board of Revenue forms B and D referred to in my letter of the 22d August 1837, shewing the parts which I would suggest being left out so as to render them applicable to the

present case. In the event of their being approved of, I shall obtain a sufficient number of printed Copies for lands Vea at Madras as well as in Chingleput; the Collector of that District having applied to me for the forms which are to be adopted on the occasion in this Office.-

From the Coll[r] and Register of Govt Grants

Sir,

Paral.

I have the honor to transmit herewith for submission to

Fort St. George 28th. February 1842

From Coll.r of Malabar 12th. February 1842.

Entry N.o 75 in Statement Submitted to the Board on 7th. Sept.r 1837.

Item Board 18th. Oct.r 1837

to the Board of Revenue, an application from Mr. C. Peters for a fresh lease of Land, Cs. 5-22-1312, at Calacamund in the Neilgherries in the Collectorate of Malabar, in substitution of No. 69. granted to Mr. John Ryan under the Sanction of Government dated 11th. Oct.r 1837.

2. I beg the leave to add that the lease to Mr. Ryan has been duly assigned over to Coll.r Peters, who has purchased the property therein described for Rupees 3,400, I beg leave to recommend that the necessary sanction may be procured for my issuing in lieu of it, a separate Deed, by way of consent and ratification of the transfer in the form submitted to the Board on the 19th. March 1832, subject to the same rates of assessment as those originally authorized by Government.
