Sir

Para 1st

I have the honor to acknow-
ledge the receipt of the Extract from the
Proceedings of the Board of Revenue together
with Extract from the Minutes of Consultation
of Government of 4th Aug. conveying the wish
of the Right Honorable the Governor in Council
that measures should be taken into consid-
eration for obviating the sale of the
Piddapoor Zemindary and preserving that
Estate entire to that Family.

In reply, I beg leave to observe
that there appear to me to be two points
to be considered, first the opinion which
seems to be entertained by Government, that
the Piddapoor Zemindary has come down
to this period as an entire undismembered
Estate; and second the legality of setting aside
a sale of an Estate which has been registered after
every stipulation required has been conformed to.

With respect to the first point
the Piddapoor Zemindary in 1802 consisted of
nineteen Estates containing 397 Villages bearing
a Permanent settlement of Rupees
667, 8 17 - 8 - as follows

Received in the 2nd letters of the 12th June and 3 August 1842

4 The Regulations which refer to the sale of Estates are XXVI of 1802 & of 1803 and III of 1805 - By Regulation I of 1803 - Section

3253

Fort St. George 10th March 1842

Section XVII the authority of the Board of Revenue was always considered sufficient for the sale of Estates for arrears at the close of the fiscal but by section XVIII of that Regulation, the authority of Government was required for the sale of Estates previously to the close of the fiscal.

This section however was rescinded by Regulation III of 1830 section III and by section IV of this Regulation the authority of the Board of Revenue is declared sufficient for the sale of Estates for arrears of revenue at all times.

Having thus explained the actual state of the Piddapoor Zemindary from the commencement and expressed my reasons for thinking that the sale of the Veeravaram Estate can be hardly set aside at this period the full amount of purchase money having been received, carried to the Public account, and the Estate registered in manner of Dow. Bhavah under the sanction of the

3254

Fort St. George 10th March 1842

the Board of Revenue of 25th November last it only remains for me to show the manner which in the indulgent considerations of Government may be shown in giving Rajah street Vatsavoy soora Nairaina Jagajety range another opportunity of preserving the six +

by Government every Zemindary and Estate must have fallen. No person either has impugned my conduct as regards the bringing to the notice of Government in as far as manner as the circumstances warranted each individual claim to indulgence. Among the rest no person could

3255

Fort St George 10th March 1842

could have received more indulgent consideration than the Piddapoor zemindary, and my recommendations in his favor only ceased when the dishonesty of his conduct had received the strongest

will require ten years to pay at the rate of Rupees 25599-12-2 $\frac{1}{2}$ per annum, or twenty years at the rate of Rupees 12799-14-1. This first the zemindar could not perform but if Government are willing to restore him the six Mottahs purchased by them bearing a Permanent assessment of Rupees 169,435-1-1 on his entering into an agreement to pay the Current Pishnah regularly and the arrears at Rupees 12,799-14-1 per annum (whatever may be my doubts of his fulfilling this engagement) there can be no objection to Government allowing him the indulgence of the trial. If Government consent to this of course it should be intimated to Rajah Sri Siva Narana Jagapathy.

18th Feb. in C. 10 March 184218th Feb. in C. 10 March 1842

I am directed by the Board
of Revenue to request that you will sub-
mit for the consideration and orders of
the Right Honorable the Governor in
Council the accompanying letter from
the collector of Rajahmundry furnish-
ing certain information regard-
ing the circumstances of the Piddapoor
Zemindary, with reference to the
orders of Government conveyed in an
Extract from the Minutes of Consulta-
tion dated the 4th January last.

The detailed account
contained in Mr. Smith's letter, shews that
the Piddapoor Zemindary which origi-
nally comprized 397 Villages, paying an
annual Pesheush to Government of
Rupees 6,67,817-8— has been reduced, by
private transfers, and public sales, of
different portions at various times, until
at

3259

Fort St. George 10th March 1842To Govt. 25th Apr
1841-

at the end of July 1228. it consisted of only 112 Villages, the beriz of which was 196,311-8. These has been already — reported to Government, were exposed for sale for arrears of Peshkash in the Month of September last, when 11 Villages composing the Veeravaram Division were knocked down to Row Bhasiah the Mother of the Pittapoor Zeminary for Rupees 54,120 — and the remaining 101 Villages were purchased on account of Government for Rupees 1,94,010 —

3. The Sale of the Veeravaram Division to Row Bhasiah having already received the sanction prescribed by the Regulations the purchase money having been paid and carried to the credit of Government and the Estate registered in the name of Row Bhasiah the Board concur in the opinion expressed by Mr. Smith that it cannot legally be set aside, and

3260

Fort St. George 10th March 1842

it only remains therefore for the Government to determine whether, under all the circumstances now submitted for their consideration the Zemindar should be allowed to retain possession of the remaining portion of the Estate consisting of 44 Mootahs paying an annual Peshkash of Rupees 1,69,435 under the favorable arrangement suggested by the Collector and which he represents as the only one which affords a prospect however remote of the eventual realization of the arrears due to Government, vizt that the balance which after giving credit for the purchase money of Veeravaram, amounts to Rupees 2,55,997-10-3 should be liquidated by 20 annual instalments of Rupees 12,799-14-1 to be paid of course in addition to the current permanent Beriz —

To, The Acting Secretary, to the
Board of Revenue
Fort St. George

From the Collector
of Bellary.

Sir,

1. In reply to your letter of the 18th ultimo, I have the honor to state for the information of the Board of Revenue, that it is utterly impracticable to prepare the Summahbundy accounts without the aid of the Costra Establishment, or to reduce the period of its employment. The reasons on which I have grounded this my opinion are as follows.

2. This Costra Establishment has been entertained not of late years as the Board would seem to suppose, but for the last 20 years or from Fusly 1232. as when the Ryotwar system was first introduced in this District. The late Principal Collector Mr. Robertson, in his Summahbundy report of Fusly 1240

Stating that it is utterly impracticable to prepare the Summahbundy accounts without the aid of the Costra Establishment or to reduce the period of its employment.

Fort St. George 10th March 1842.

1240 noticed at length the subject of these Hungany Goomastahs, Comparing the number of Accounts prepared in that Fusly with those of Fusly 1232, and shewing the increase in Fusly 1240 at 33 Numbers, a reference to this report will not only shew this but also the difficult and laborious preparation, and the usefulness of these accounts, and it was in consideration of these Circumstances that the Government were pleased under date the 27th January 1832 to sanction 8 Goomastahs, whose employment has been restricted to six Months in the year, at which rate each man gets 18 Rupees per month or Company's Rupees 804. per annum for the whole of them, which latter sum has been disbursed yearly since Fusly 1241.

3. Mr. Robertson prepared these accounts as being indispensably necessary for the Ryotwar settlement, annually. They have been accordingly kept up to this day. I am of opinion that it would be a highly injudicious measure to dispense with any of

See Ch. 64 & 8

* Six to six months in the year.

3272

Fort St. George 10th March 1842.

of them.

4 In the concluding part of Para 7 of the Report already referred to Mr. Robertson stated, that if the 8 additional Goomastahs whom he applied for were allowed, he hoped to be able to submit his Immahundy Report in August but he always exceeded the time. Since my arrival in this District I have continued to send my Reports of July 1249 and 1250 regularly before the end of September, which I shall not be able to do hereafter in the event of any portion of the Extra Establishment being disallowed, or the period of its employment reduced, as the Accounts required will not be ready.

5. In conclusion, I have only to observe, that I believe there is not a harder worked Cutcherry in Southern India than that of Bellary at this moment, the Goomastahs seldom leave the Office till past midnight and the accounts now called for and furnished, are I suspect even more voluminous than during Mr. Robertson's Administration.

1. With reference to my letter to your Board dated 23rd November 1841 and to the Extract from Proceedings of the Board of Revenue dated 6th December 1841 I have the honor to forward herewith copy of letter received from the Head Assistant Magistrate Mr. Mayne, whom I deputed to make investigations into the matter of complaint on the spot, and to add that the 1st Defendant referred to Veera Chikka Royal / whose claims to the Samistannam, and about whom there passed much correspondence between the Board and the Government with the Principal Collector and whose case was finally settled in Extract of letter from Government dated 9th January 1833) died at Poonganoor during the investigation.

investigation in question on the 3rd January 1842-

2. The widow of the deceased Veera Chikka Royal has presented a Petition to me dated 30th January 1842, pointing out her present distressed circumstances consequent on the withdrawal of the allowance, that was made to her husband during his life time, of 100 Rupees per mensem, by the late Rajah Moomady Pedda Chikka Royal and, praying that the same may be continued to her during her life time.

3. It appears by the letter from Government before alluded to, dated 1st January 1833, that their sanction was obtained to an arrangement that this amount of 100 Rupees per mensem should be paid to each of the brothers by the late Rajah, should they determine on living separately from his family - but that otherwise he should

3275

Fort St. George 10th March 1842-

should support them according to their dignity. Veera Chikka Royal was the only one of the 3 brothers who availed himself of this arrangement during the life time of the late Rajah and received the allowance regularly till the time of his own death.

4. The widow is a sister of the widows of the late Rajah Pedda Moomady Royal as well as of those of the deceased Nana Sahib, but should she not consent to live with the rest of the family. I would beg to recommend that the whole (or a portion) of the allowance, lately paid to her husband, may be continued to her during her life time she being without any family.

To The Saint Magistrate,

In charge of

Sir,

Cuddapah.

1. In compliance with the instructions conveyed in your letter dated 7th December 1841, I proceeded to Poonganoor and enquired into the complaints therein alluded to. The investigation has been very tediously protracted by unavoidable and repeated interruptions, arising from the illness of many connected with the case; the death of the 1st Defendant (Veerchika Royal) the professed anxiety of the parties to compromise, and finally the impracticability of an adjustment of their differences.

2. It is clearly shown after a patient and rigid examination of all the evidence adduced by the Prosecutor, that the charges

Fort St. George 10th March 1842

are false throughout - No proof exists that the property alleged to have been abstracted was ever placed in the room whence it is said to have been removed, much less that it was there at the time when the seals were affixed to the doors, neither that the Defendants, any of them, removed any seal or appropriated any property, and the subsequent accusations, as brought, doubtless in the hope of strengthening what was discovered to be a very weak case, have proved to be perfectly unfounded.

3. The Circumstance of having been instrumental in causing certain doors to be sealed, and the large door of the house to be closed, is admitted by the 2nd Defendant Moom-mady Cheeka Royal, and the latter act accounted for in a manner sufficiently satisfactory, and quite as much deserving of credit as any plea advanced by the Prosecutor. The

3278

Fort St. George 10th March 1842

4 The testimony adduced exhibits a tissue of contradictions and discrepancies so glaring as to render it perfectly evident, that the witnesses, with few exceptions have been suborned to perjury.

5 The Defendants from the 2 to the 14 inclusive, have been sentenced to find sureties, in the sum of Rupees two hundred, for the first, and in thirty for the remaining twelve, for good Conduct &c. for the space of one year. The 15th, 16th and 17th Defendants have been released unconditionally, and the 18th Defendant fined Rupees ten, in default to be confined in the Zillah Jail for fifteen days for a false accusation.

6 The Prosecutor Doddappa is committed to take his trial before the Criminal Judge charged with perjury and subornation of perjury.

7 The Constitution of the

3279

Fort St. George 10th March 1842

deals on two doors was imperfect but it appeared advisable to affix the Government Seal in the presence of the Tahsildar of Goorramcondah, pending the final adjustment of the case, though it is quite evident that any valuables that may have been deposited in the said room, have been removed.

Forwarding transcript of a communication received from Chinnamma, the widow of the late Raja of Ponganoor & offering a few remarks upon the affairs of the Pollum in question.

Sir,

With reference to

Extract from the Board's proceedings dated 29th November 1841 forwarding Extract of a Minutes of Consultation of the 19th of the same month, regarding the proposed arrangements for the temporary management of the Pollum of Ponganoor during the minority of the present heir to the Estate. I have the honor

Fort St. George 10th March 1842.

to forward herewith translate of a Communication received from Chinna Ammajee Sahiba the mother of the present minor heir and widow of the late Rajah Pedda Chetka Royal and to offer a few remarks upon the claim for the Consideration of the Board.

2 It will be observed by the Commission referred to, that the Pannce above said, requests that the total management of the Polium both in the Revenue and the Police Departments may be vested in her as Supreme during the minority of her sons, and proceeds to bring forward the reasons for urging the above request, stating her competency, in as much as she is perfectly conversant with two native languages, the Canarese and Gentoo. that she has had the management of the private affairs of the Polium for a period of 10 or 12 years, and has become acquainted with all the details of the business thereof.

3 She raises urgent objections to the appointment of a separate and independent individual as manager on the part of the Government complaining that the Revenue of the Polium would in the first place ill afford the expense of him and his

Fort St. George 10th March 1842.

his establishment, and secondly that should the Polium be again taken under amany that the state of the case would be even worse, giving as proofs of her assertions the facts that during the years in which it was kept in amany before, and from Fusly 1234 to 1239 there was an average estimated loss of about 10,000 Rs. to the Circar upon calculations and statements of those years, after awarding to the Poligar the Original Amount or $\frac{1}{2}$ share of $\frac{1}{2}$ but which on the management of the Polium being again made over to them, they engaged to make good to the Government, tho' at a probable loss to themselves ultimately vizt. when the Peschush shall arrive at the maximum amount in and after Fusly 1262. and to guard against which loss the late Poligar had taken wise precautions of bringing more land under cultivation by making advances in grain and money and in cattle, as well as giving easy Cows to the Ryots.

Fort St. George 10th March 1842.

Ryots on more favorable terms than would be allowed by the Government, and also for a smaller amount of Tiroa.

4. She points out strongly the various disadvantages that would arise from any interference on the part of Government with the management of the Pollum, both to their own Revenue, and to the whole body of Ryots generally, and begs therefore that she may be vested with the sole authority of manager in the Pollum, and that things may be allowed to go on as heretofore, during the minority of her sons.

5. Upon a consideration of all the circumstances urged by the Rameswari and after consulting with the Chief Revenue Servants attached to the Muzgoor, as well as with British Row the late Dewan, Nam, of opinion, that so long as the

Fort St. George 10th March 1842.

Peshawar is duly and regularly paid according to the stipulations laid down in letter from Government of 29th December 1831. we should incline to accede to the request of the Rameswari, who is indeed the natural guardian and whose interests can only centre in those of her sons. I refer chiefly to the arrangements proposed regarding the management of the Revenue of the Pollum.

6. She is not only surrounded by the confidential friends of the late Rajah, Pedda Moomady Royal, but has also the counsel and advice of her 2 sisters the widows of the previous deceased Rajah Kona Sahib and all having been brought up under the eye of their father, the Rajah of Sonda in the District of Cannara where their education has been much attended to, and they are consequently I am given to understand far Superior both in intellect and in point of ability and general knowledge to

3284

Fort St. George 10th March 1842 -

to women of their class in the Country. I am only able to judge from their signatures attached to their communications to this Office, which are certainly as clear and as distinctly written as possible. -

I requested Mr. Mayne, the Head Assistant Magt., who has been engaged lately in a tedious investigation alluded to in my letter to you, of ... to obtain if possible an audience of the widowed Rannee, Chinna Rannee Sahiba, the individual who prefers the above request, in order to learn from herself her exact wishes, and also to find out whether she had any and what positive objections to a "manager" being appointed on the behalf of the Court of Wards. Mr. Mayne accordingly obtained the audience, she declined in the plainest

3285

Fort St. George 10th March 1842 -

manner to admit willingly of any interference whatever on the part of Government on the Court of Wards for the management of the affairs of the Pollum, and reiterated the arguments used in her letter to me, before referred to; and it appears that any attempt to introduce a change of System into the Revenue arrangements that at present hold in that State, would be attended with a most serious loss to the Pollum. As no "Manager" appointed on behalf of the Court of Wards could in the first place grant cowl puttas for a longer space than one year, while they are given at present for various periods and could not in the next place afford assistance of the nature or extent pointed out by the Rannee in the 3^d para of her letter. The reform required in it is "ab origine" and would take long to bring about with any thing like a satisfactory result

3286

Fort St George 10th March 1842

result to the parties concerned, the system that holds time being chiefly that of "Renters" of the lands for apparent periods from 3 to 10 years. She further stated to Mr. Mayne, that she wished to transact all business through Roosum Venkut Row, the confidential Head or Sumpatty of her deceased husband, and at present employed in the management of the Police duties of the talook.

8. It appears upon a view of the total Beriz of this talook during the 15 years that it was in a manny from July 1234 to 39 inclusive, that the average was Rupees 73,180-7-10. The amount enjoyed by the Poligar according to the former arrangements was Rupees 20,544-11-8. to which must be added the estimated expense of Establishment of Rupees 5,999-9-4 - making a total of Rupees 26,544-5-11 which being deducted from the above average Beriz, would leave only Rupees 46,636-2-10.

3287

Fort St George 10th March 1842

balance of Rupees 46,636-2-10. for the payment of the Pesheush, instead of Rupees 54,000. which should be received during the current year according to the stipulations laid down in the letter from the Government dated 29th December 1831, above referred to.

9. The average Beriz in the whole District during the 8 years or

Subsequent, compared with that of the same time given in the statement in question, shows

a decrease of Rupees 76,592-9-11. or 9,574-11-9. per Annum between the 15 talooks.

10. It cannot be therefore reasonably supposed that there has been any great increase in the Cultivation since the foregoing years in the Pollam, but as the accounts are not furnished to this Office it is impossible to say whether there has been any or otherwise. The Pesheush however has hitherto been paid.

3288

Fort St. George 10th March 1842.

paid with the greatest regularity, and it may be reasonably supposed that the management of the late Rajah in this respect has been satisfactory...

11. I do not think therefore upon a consideration of the foregoing abstract statement, that it would be advisable to take the management of the *Samustanum* out of the hands of those parties most interested in the careful administration of the affairs. So long as there are no complaints of mismanagement or oppression, and the *Peshcush* is regularly liquidated.

12. With regard to the transaction of the Police affairs of the Pollum 2. Arrangements present themselves. The one that it should be carried on as at present through the responsibility of an individual ^{belonging} to the Pollum as is now the case by *Profession*

3289

Roofroom Vincent Row, or through the individual named in the concluding part of her letter "Comara Chikka Royal," the elder brother of her deceased husband, or the second plan, that it should be managed entirely through servants appointed by the Magistrate. Tho' this plan would entail a trifling increase of expense to our Government. I am of opinion that it would be preferable to the former. Should the latter be adopted the expense of the Establishment requisite to give

Strength to the Office and for the due performance of the duties should be as noted in the Margin, making a total annual expense of 1080 Rupees.

13

M^r Mayno was also directed to enquire whether there existed any objections on the part of the Peasants to the

3290

Fort St George 10th March 1842

the transmission of her minor sons to the University or College at Madras, with a view to their being educated there; but she appeared to be very much averse to the propositions. I have received a letter from her on this subject dated the 20th of the present month in which she repeats her aversion to the proposition, stating that being but young lads she is not inclined to part from them, and that her going down to Madras with them was out of the question, that the deceased Poligar has for some years past employed Masters to teach them Native languages, and also English, in all of which they have made some progress, and that she is ready to afford a monthly pay of 10 or 15 Pagodas to any clever individual who may be found ready and able to teach them the Telugoo and English languages in a scientific

3291

Fort St George 10th March 1842

Scientific manner.

14. I have thus ventured to offer suggestions upon the subject tho' at variance with the instructions received from your Board, But which appear to be most applicable to the exigencies of this particular Estate. Should they not meet with the sanction of the Board or should there be at any time any difficulties in the realization of the Annual Peshkush of the Pollum or any future objections appear to the proposed plan. The Board's orders referred to in the proceedings in question may be carried out at once.

15. I should have had the honor of transmitting the present report at an earlier date, but for the great press of business in hand and also that I was anxious to await the end of the very tedious investigation before referred to which Mr Mayne was deputed to

3292

Fort St George 10th March 1842-

to carry out at Poonganoor, and the results of which have already communicated to your Board..

A

Translation of a letter addressed to Mr J. I. Cotton Esq^r Sub Collector in charge of Cuddapah by Chinna Ammajee Sahib, widow of Moomadee Pedda Chieka Royel the late Rajah of Poonganoor, dated 10th January 1842..

1. After the usual compliments I most humbly beg leave to represent that whilst the Rajah was confined to his sick bed, he submitted a letter to Mr Ashton praying that his Elder Son Emady Senker Royel might be duly installed in the Samastanum after his death, and to give to him the management of the Country, after which he died. Thereupon Mr Ashton made a report on the subject to the Board of Revenue and I am now told by Mr Ashton

3293

Fort St George 10th March 1842-

Mr K. S. S. Sastry, that your honor has informed him that the Board passed an order to appoint a "Manager" for the performance of the affairs of the Samastanum, until the said Emady Senker Royel shall have attained the age of 18 years. In case of nominating a manager for that purpose I have to set forth the following objections for the information of your honor, and solicit and beg that your honor will be pleased to take them into your consideration and confirm the right of the Samastanum upon my elder son, and at the same time commit the control of the affairs to our charge during his minority, and collect the "tribute" from us.

2. When the Heads of Samastanums are defunct and their sons (legal heirs) are minors and their widows incapacitated to transact the business, the manager and other servants are only

3294

Fort St George 10th March 1842

only appointed in their behalf until they attain their Majority. It is stated in the preamble of the Regⁿ 5 of 1804 that the managers should be appointed in behalf of the females who are incapable to conduct the affairs of their Samastanum, and in the same Regulation it is also stated that the country may be made over to the females who are capable of conducting the affairs. I humbly beg to state that I possess not only a perfect knowledge both in Teloo-goo and Canara languages but I have also conducted the private affairs of the Samastanum for the period of 10 or 11 years past. If the charge of the Country, therefore, be entrusted to me, there will be no doubt for the due management of the affairs and agriculture & ^{the} of the Samastanum consistent with the Regulations. We brought the whole of our circumstances to

3295

Fort St George 10th March 1842

to the notice of Mr. Mayen when he came here, and he told us that he wrote on the Subject to your honor. I therefore humbly beg that your honor will have the kindness, by taking compassion on me, to submit our case to the Board of Revenue with your honor's kind recommendation to confirm the right of Samastanum upon the said Emady Senker Royel, and also to entrust to me the control of the affairs during his minority and also shew your indulgence to protect us in the same manner as we were protected in the time of the Moguls and ever since the Company's Government. In case of not allowing us to have the management of the Country we shall incur a loss for the reasons hereunder mentioned which we pray your clemency to take into your benevolent consideration. At the time of the settlement of

3296 Fort St. George 10th March 1842

of the Permanent Peshcush, a comparison was made between the Beriz of the decennial rent and the average of the actual collections during the subsequent Amang management, and there appeared a decrease of 10,000 Rupees in the latter, notwithstanding that the Villages of Amara Charana Mucta and Shotriam and sundry small farms were included in it. In order to make good the above deficiency for the advantage of the Circar, it was settled that the Peshcush should progressively be increased until it reached a maximum permanent Beriz of Rupees 63000 for Fusly 1262. This was accordingly agreed to by us, and in order to make good the said decrease of 10,000 Rupees it was the practice to allow the waste lands for Cultivation to be enjoyed by some

3297

Fort St. George 10th March 1842

Some of the Ryots for a period of 2 or 3 years as Enam, and then to take from them gradually one fourth, one half, or three fourths of the full assessment of their lands respectively, and finally to levy the full assessment on them after the deduction of the usual remissions. Some lands were let thus only for one or two years and then the full assessment on them was collected, Some lands are given out to Ryots for Cultivation on condition of their allowing a permanent deduction of one half or one third of the profits, and those which are not thus agreed for by the Ryots were given to others for "Coroo" or share of grain. In this manner the lands are rented on Cows according to their respective conditions. The Ryots of poorer classes are provided with Bullocks, grain, money, &c. for the use of their Cultivation, every effort has as above stated, been adapted for the

3298

Fort St George 10th March 1842

the improvement of the agriculture of the Country, and the tribute has hitherto been paid punctually, Under these reasons it is evident that the decrease of Rupees 10,000 will not only be made as good to the Sircar, but the Ryots are also in a state of gradual improvement.

3. In the event of appointing a "manager" he will not be authorized to grant Cows beyond the period of one year, and he might neither see the necessity nor indeed be capable to provide the Ryots with their necessities or to apportion out the waste lands for agriculture as above mentioned. When the Country was under Amang management previous to the Settlement of the permanent Peshcush the Beriz of the Samastanum was not more than 14 or 15 thousand Rupees. The Collections indeed cannot exceed this amount if the Ryots are left unprovided.

3299

Fort St George 10th March 1842

unprovided, and thus the Beriz will fall short and there will be a deficit besides a difficulty in discharging of Permanent Peshcush. I therefore most humbly beg that your honor will be pleased to consider our circumstances & protect us. The object of the Regulations is to support the rights as well as to afford protection to the incapacitated heirs of the Samastanum. It is not only decidedly stated in the above Regulation 5 of 1804 that competent females may be put in the possession of their Estates but that females also who had no issue were also allowed to hold their Samastanums. While the case is thus I have sons capable of holding the administration of the Samastanum within 4 or 5 years. We have perfect knowledge in two languages and have managed the private affairs of Samastanums for some time past and we possess sufficient ability to take charge of the Samastanum and manage the affairs thereof. Thus I trust it will appear that there can be no

3300

Fort St. George 10th March 1842.

no objection to my being allowed to administer the affairs of the country. Upon enquiry regarding the state of those Districts wherein Zemindars are constituted it will be known that females who have sons have been put in possession of the Samastanams during the minority of their sons and those who were childless have been permanently confirmed. So for instance on the demise of one Timma Naidas Zemindar of Calastu in the Chittaur Mella his widow had at first the management of the country and after her adopted son was grown up he was allowed to succeed to the Estate.

The Samastanams consist of 6 Samastanams or Divans, 20 Samastanams and other servants they are in the receipt of their salaries by means of landed

3301

Fort St. George 10th March 1842.

landed property as well as certain monies in cash. On nominating separate servants we shall not only incur a pecuniary loss but also injury will be done to the affairs of the State by their ignorance of the rules of Samastanams.

5 On failure of liquidation of the debts contracted by my late husband for the marriages of my daughters & nieces, the interest will be continued to increase on the original amount and a severe loss will be occasioned on this account.

6 I humbly solicit therefore that you will be pleased to consider our circumstances as above detailed, and put us in the management of the affairs of our Samastanams which we have of late held without any interruption.

Since the time of Colonel Munro he and his successors have protected our ancestors compassionately and

3302

Fort St. George 10th March 1842.

and respectfully and we pray that your honor will allow our indulgence to deliver over the management of the Country now to us. Moreover the Office of the Police should also be entrusted to us. If females are not allowed to hold the Police Affairs under reasons that the Court should be held in a public place. I pray that the charge of this authority may be given to my husband's brother Comara Chocka Rajah and then it would be advantageous to the Revenue Affairs too.

the next brother of the deceased or more sure obviously inadvisable on account of the known ill will borne by that individual to the late Poligar. It would appear however from the letter now submitted that the widow of the late Rajah Chinniah Annamayas Sahiba, is considered perfectly competent to manage the Affairs of the Samustannu, and in fact she represents that she has actually done so for the last 10 or 11 years.

3 The Board are clearly of opinion that in the absence of any objection on the score of inconsistency the interests of both the Government and the family of the late Rajah would be best consulted by allowing the management to remain as requested in the hands of the Mother of the Minor Poligar and they would accordingly suggest that they should refrain

refrain from any interference at present in their capacity of Court of Wards which it will be fully competent to them to exercise with the sanction of Government at any future period should it be considered expedient on account of alleged mismanagement or oppression or interruption of payment of the Government Peshkash which has heretofore, it is stated, been discharged with punctuality.

4. With reference to the observation contained in Para 12 of Mr. Cotton's letter of the 28th ultimo regarding the Police Establishment the Board conceive that in the event of the widow being invested with the Management of the Pollum the Police transactions might be conducted on the same footing as at the time of the late Rajah in whose place as Police Ameen, the duties of which

To

The Secretary to the
Board of Revenue.

Sir,

From the Sub Collector -
In charge of Cuddapah } Pami.

Submitting
two statements
showing the value
of the Enams -
resumed and
the money allow-
ances granted
in lieu thereof
for the support
of the Pagodas &
Moorquees as
well as the opinion
of the Sub Collector
in charge as to
their future
disposal.

Extract from the Proceedings of the Board
of Revenue dated 10th June 1841. forwarding
Copy of an Extract from a letter from
the Chief Secretary to Government dated 21st
April of the same year I have the honor
to submit the report therein called for with
respect to the Pagodas and other places
of Native worship in this District.

The following table shows the
number of the Institutions, the annual
revenue of the Pagodas resumed at the
time of the assumption of the Country by
the Company's Government, and the money
allowances that have since been assigned
for their support, as well as the value of the
Enams still continued to certain Pagodas in
addition to the said allowances for the support of the
Pagoda servants. The Pagodas and Moorquees for which
there is a mere Enam are not included in this Table.

3. From the above statement it would appear that part of the former Enams only were continued to particular Pagodas, in addition to the ready money allowances and that these Enams are either cultivated by the Pagoda servants themselves, or let to certain ryots on their own account, and the Sodee or Quit rent paid regularly by them to the cercar, and no Public or servant interferes in these Enams in any way. The amount of the Surva Enam Villages shown in Column 5 of the above statement is spent for the ceremonies performed in the Mausoleum for the support of which the same was granted by the British Government at the time of the assumption of the Country, and they have been under the management of the Public servants. The tomb in question is that of Meer Rajah Alikhan brother-in-law of Hyder ally. The revenue and other details of these Villages are shown in statement No. 1 herewith forwarded.

4. The allowances continued as shown in the above statement to the several Pagodas and Mosques are disbursed hitherto in the following manner. The tomb at Gopuram is not included in the undermentioned statement.

Fort St George 10th March 1842-

The allowances granted to the Pagodas and Mosques entered in Columns 2-3 and 5 of the above statement are given by the Curas into the hands of the Poojaries of Pagodas and servants of Mosques respectively and they defray the usual charges for the regulated ceremonies themselves, such as daily perquisites and lighting lamps and the Heads of the Villages superintend these disbursements. The amount fixed for car-feasts is given to the Heads of Villages and they submit the account of the charges to the curas. When Carhorns or other servants repairs to those Villages, they are ordered to make an inspection of the charges whether really incurred or not.

The money allowance for the Pagodas entered in Column 1 is taken charge of by the public servants and

and disbursed by them for all the
contingent Expenses.—

7. The allowances for the Pagan entered in Column 4 are spent by the Properies themselves, subjecting their accounts however for the inspection of the Area's servants and Village authorities, when they occasionally visit those Villages but the expenses of the ear feasts of these temples are always paid through the public servants.

8. The following table
shews the Number of Institutions
capable of being entrusted to
the Native Managers and
the Number for which persons
have been found willing to
undertake the Management of them.

Fort St George 10th March 1842

9- The allowances of the 187 Pagodas shown in Column 2 of the above statement will, hereafter also, be spent by the Poojaries themselves as heretofore. They are acting as Managers, but their accounts should be subjected to the inspection of the Village authorities when they wish to enquire into the charges defrayed.

10. The total number of Pagodas to which Managers are requisite is 97. Of which 28 Pagodas are already engaged by certain Paddies, Curriers, Charitable Curriers, and Merchants, and these persons appear to be eligible for the task. There are still remaining 29 (which have hitherto been under the charge of the Village authorities) and which have been in the possession of the Public Servants, for which Managers have not as yet volunteered. All these should be made over to the Village authorities.

33/7

Fort St George 10th March 1842

they should be considered as Managers —

11. The daily ceremonies of the Pagodas specified in the preceding Para should be performed by the Poojaries, and the expenses of the ear feasts managed by the Village authorities themselves, and the sums (regulated grants) of money for the respective ceremonies, both daily and annually, should be paid into the hands of these two classes of persons respectively at the commencement of each Fest, and at the same time the disbursements defrayed by the former should be subjected to the inspection of the latter.

12. The whole of the revenues of the Villages of Cherlopilly, Murrumakoolapilly and part of that of Kandika are alienated for the expenses of ceremonies performed and

33/8

and servants are employed at the tomb of Meer Rajah Alikhan (before mentioned) from the commencement of the Company's Government. These Villages have been under the management of the Public servants the revenue thereof collected and disbursed for the salaries of the servants employed at the tomb and for the usual ceremonies performed in it. The relatives of the said Meer Rajah Alikhan reside at Mysore and they should be directed to undertake the management of these Villages themselves, or by Talukdars without delay. The total revenues and the charges defrayed on account of the servants of the Mausoleum in question and of the ceremonies performed are shown in Statement No 2 herewith sent.

13.

Managers and Proprietors
appointed

33/9

Fort St George 10th March 1842

appointed to manage the daily ceremonies of the Pagodas should execute documents to the following effect. —

I ——— having been appointed to take charge of the sums for the regulated daily ceremonies to be performed in the Pagoda of ———, Engage, that I will receive and properly spend the said sum for the purposes mentioned in the Tasuddeek account made at the beginning of the Company's Government and should never fail to do so, or misappropriate any part of the above sum for my own or others use, and the same is proved, either before the Judge or Collector, I shall be liable to disqualification, and become amenable to punishment by the Honorable Company's Courts of Justice. —

By the Manager.

I ——— resident of ——— in the ——— Talook having been appointed manager

3320

Fort St George 10th March 1842

manager of the Pagoda of — do hereby engage and promise that the sums, which shall be given into my hands for the use of the said Pagoda, shall duly and faithfully be disbursed, to every person, or other person, who is properly entitled to receive any fee, salary, or other Remuneration on account of the said Pagoda, and for the ceremonies to be performed in the same — should I, on the contrary, fail in any of the above respects, or illegally misappropriate, for my own or others uses, any part of the above sums, entrusted to me for the use of the said Pagoda, and if the same be proved before either the Judge or Collector, I shall become liable to de-miseal, and amenable to punishment by the Honorable Company's Courts of Justice.

The Statement No 2 herewith sent shows the totals allowances from the commencement of the Company's Government to July 1850 the amount spent therefrom and the Balance

3321

Fort St George 10th March 1842

still remaining — Boxes are kept in the Pagodas of Kudry, Raichoty, Prospagery, and Calacata, and the money collected in them has hitherto been carried to the circus account, though occasionally portions of this has been given for the sundry repairs of the Pagodas as well as for the keep of an Elephant belonging to the Pagoda of Cadree, but as this Elephant died some years ago, this item has since been carried to the circus account — The salary of certain Poojaries is still given from the above funds — After the total charges, as above specified, of Column 4 in Statement No 2 have been deducted from the sum collected in these boxes, the remaining amount, as per Column 14, has been carried to the circus account — Column 13 shows the total balance now on hand belonging to the Pagodas and Mosques &c, and which might be made over at once to the Managers of the respective Pagodas &c as it appears

3322

Fort St George 10th March 1842.

appears trifling--

15.

The above to Pagodas are now proposed to be made over to the Managers and the usual offerings will be collected thereon as heretofore. I request therefore instructions whether these collections should be usual be carried to public accounts or not. If made over to the Pagodas corresponding amount should be deducted from the Government allowances to these Pagodas on an average of the past 10 years.

16. It would not appear advisable to make over the total Government allowance at once to some of the larger Pagodas such as Cadice, Pacchoty, Porepagan, Gummudamadon and a few others where they are considerable, i.e. above 200 Rupees, but the same may be given quarterly to the Managers of these, tho' the rule might stand good in regard to the majority of Minor Establishments.

3323

Fort St George 10th March 1842

and in these the allowances may be given over as before proposed at the commencement of the Insty--

17

Vacancies, which may arise from deaths, resignation or dismissal, should be filled up by the Collector of the District.

18

The amount collected from those Pagoda Enams which have been kept in deposit on account of the Pagodas themselves having gone to destruction and in which consequently no services are performed is Rupees 1709-6-8. and I request the orders of Government for the disbursement of this amount as they shall deem proper, though I would suggest that it may be disbursed in the District either in the repairs of Roads or other Public Works.

(26) Sir
From the Coll^r of
Chingleput

With reference to the
enclosed Petition which is filled with false-
hoods, I have the honor to bring to the notice
of the Board that the Petitioner endeav-
oured forcibly to take possession of
the house and property in the posses-
sion of his step mother, but was pre-
vented under my orders, and referred
to the Civil Courts. The Petitioner
then appealed against my proceedings
to the Court of Circuit, who having sent
for the record approved and confirmed
of what had been done. The Petitioner
next appealed to the Foujdaree Court,
who saw no reason to interfere. Under these
circumstances the Board will not I
conceive require any detailed report.

Proceedings thereon

Under the explanation so furnished in the foregoing letter with respect to the case of the five females Yeomiahdars therein alluded to, the Board are of opinion that the period that has elapsed since their last application for the payment of their Monthly allowance taken in connection with the known great age of these parties is sufficient to warrant the conclusion that they are no longer in existence, and accordingly direct that their names be struck out of the list of Pensioners from the date of receipt of these orders by the local authorities and that the arrears of Pension in Deposit amounting as per accompanying statement to Rupees 1313-11- be brought to account.

From the Collector

S^r D^r of Arcot

Reporting the circumstances under which one Annachellu Pillay was appointed to perform the duties of one of the Puttalamonigars of Buddalur to which Aboramy Unmal's son, a minor, is entitled, and of whose appointment she complains.

I have the honor to acknowledge your letter of 17th February.On the 15th December

I personally enquired into the matter the objection to the Goomastah's continuance in the office appearing vexatious, I merely enforced her claim, which she brought forward to a payment from the Emoluments as reported in my endorsement of that date.

In conformity with the Board's wish I have now particularly to state that, about August 1840 Aboramy Unmal petitioned that her son/a minor/might be entered as Puttalamonigar, and her brother one Narrainaysawmy, appointed his Goomastah. This was complied with, but Narrainaysawmy afterwards

3338

Fort St. George 10th March 1842.

not giving the required securities, was removed, and another ordered, under date January 1841, to be selected by the Meerasidar for the appointments. A. Chasamy Ummal then petitioned that this Annachella Pillay should be appointed and directions were given that her wish should be complied with. She then petitioned the Tahsildar that he should not be appointed, and on the Tahsildar referring the case to the Hoosoon it was ordered that, as Annachella Pillay had been appointed and performed the duties properly and as she might be constantly wishing to change goomastahs he should remain. She complained during the last Jumna bundy that she did not receive maintenance which was disproved. Her son's name is in the circular list and cannot be displaced by the goomastah.

I do not consider it at all expedient under these circumstances that

3339

Fort St. George 10th March 1842.

that at her caprice the goomastah should be removed. If he does the duties efficiently and no fault of any sort is established against him I am of opinion the interests of the Village are better preserved by retaining him.

There is one point to which I will have enquired into vizt, the truth of her statement that the appointment of Annachella Pillay was applied for in her name without authority, if this is not the fact I am disinclined to disturb Annachella Pillay, unless for misconduct without instructions for such an act from the Board.

for the son of Abernethy, Unnimal a
minor, one of the Pullah Moni-
gars of Cuddalore, as proposed
by the collector.

Ordered accordingly is
that the following Endorsement
be recorded on Petition No 190 of 1841

"The Petitioner is
referred to the collector of

To The Secretary to the
Board of Revenue
Fort St. George

From the collector of
Trichinopoly } Para 1. Adverting to the Extract
- Forwarding from the Board's proceedings under date the
further report 2nd December 1841 upon the subject of Religi-
respecting aus Institutions in the Trichinopoly
arrangements to be made District I have the honor to request that
for Devasta you will lay before the Board the following
name observations.

I have in vain endeavoured to
form another Committee for the manage-
ment of the affairs of the great temple
of Renghanadha swamy at Seringham
and as the Board's orders seem to be
conclusive against the Committee
originally named by me, I beg to submit
for their consideration the only proposal
which after the most attentive delibe-
ration I have been able to give the
subject, seems to me to be capable of
being carried into effect. Vt that the
management

Fort St George 10th March 1842

management of the Pagoda should be entrusted to the Hereditary Officers of the Institution headed by a Jeer (religious devotee) an arrangement which being in exact accordance with Hindoo usage, and as far as my enquiries have enabled me to discover the very arrangement which did in former times obtain does not seem to me to be open to any valid objection on the part of the Hindoo Community or of the Government.

3 Owing to long disuse the Stalathars could not be entrusted with the management of the funds belonging to the Pagoda, without a powerful Check, and such I am assured will be found in the Superintendence of a Jeer who being bound by his profession not to accumulate wealth for worldly aggrandizement and having in virtue of his high Office renounced all ties of kindred and so being free from all the motives which commonly conduce to misapprehension will

Fort St George 10th March 1842

not fail to enforce in the Pagoda of which he is the head the due appropriation of the funds allotted to its maintenance.

4 If it be objected to this scheme that sufficient dependance is not to be placed on the Clasp of Religionists from which the Jeer is to be selected in as much as they are enthusiasts devotees and so forth I can only reply that if there is not in the religion which they profess any inherent quality likely to produce a sufficient quantity of honesty or at all events a sufficient degree of attention to protect the interests of the Institution against fraud and Corruption, I can only reply that I know not where this quality is to be found for no one will have anything to do with the Pagodas except from a desire to maintain the religion to which they belong, and this desire is assuredly rather to be looked for in the highest Clasp of the professors of that religion than in any other.

5 But it is not simply upon the

Fort St. George 10th March 1842

the vigilance of the superintending Officer of the Pagoda, whoever he may be that dependance need be placed in custom has ordained a regular routine of ceremonies for the due performance of which there is an abundance of Hereditary Officers and as an omission of any of them would infringe the privileges of these Officers and deprive them of the emoluments which they enjoy only on condition of the performance of the rites and which indeed in almost every instance form an ingredient in the several rites it is clear that the interests of these people will prompt them to keep a sufficiently vigilant watch to prevent misappropriation of the funds.

6 I beg to propose then that the administration of the Pagoda of Rengha-nahda swamy at Seeringham should be entrusted to the Hereditary stalattar or Poojary (Priest) of the Pagoda and a Jee the latter to have the immediate adjustment of

Fort St. George 10th March 1842

of all disputes the disputants being at liberty to apply to the usual Courts of justice for a final settlement. That the Jee shall during his life time nominate a person to succeed him in the same manner as Goorooos are accustomed to name their successors that all monies payable to the Pagoda from the Public treasury shall be paid to any parties duly authorized to receive them by the Managers of whom one shall invariably be a Manager. That the accounts of the Pagoda shall be registered for a date to be determined in the Registry Office of the civil Court of the District in which the Pagoda is situated and that the administrators shall be liable to be sued for acts of Malversation.

7 The same difficulty exists in finding persons to undertake the Office of Pharmacutah for the other two principal Pagodas and I know of no alternative but to entrust the administration of the Sambocaiswariam Pagoda to the hereditary stalattar or Brahmin and that of Tayman-iswamy Pagoda to the Head Pandaram who

Fort St. George 10th March 1842

who already has large funds at his disposal. —

8 I should observe however that a respectable native inhabitant of Trichinopoly D. Paulasoochramaniam Moodeliar the son of the late Moun- cum Moodeliar is willing to undertake the Management of the Pagodas provided he be nominated sole Trustee, but altho I am confident he would faithfully perform the duties of Dharmahurtah it does not seem to be in accordance with the Board's wishes that a single private individual should be entrusted with the Charge and I do not therefore recommend the measure. —

9 In regard to the Pagodas in Coonoore and other parts of the district I am not aware that the Board have any objections to the proposals already submitted except that due provision is not made for the exhibition of the accounts to the Public and to obviate this I propose that it should form a part of the agreement to be executed by the Dharmahurtah

Fort St. George 10th March 1842

Dharmahurtah that the accounts should be registered in the civil courts. —

10 If the above plan does not accord with the wishes of the Board I must confess myself to be at a loss how to carry out the wishes of Government. There are no large Zemindars or persons of wealth and responsibility in the District of Trichinopoly nor have I been able to discover that there are in any other part of the country and persons willing to burden themselves with so troublesome a charge. I consider that the formation of a plan which will in every respect please all parties is impossible and I believe that some of the servants attached to the Pagoda will object to the introduction of Archikars into the Committee of Management this however is necessary as a preventative against the speculation which might be exercised by the parties who will

3348

Shave reason to believe make objections
 " Shave in my former addresses detailed
 as fully as I am capable of doing the
 measures which appear to me to be
 necessary and sufficient to effect an en-
 tire and permanent withdrawal of
 interference on the part of the servants
 of Government in the Management
 of the Religious Institutions of the
 Country. It only remains for me to
 observe that the surplus funds of the
 several Institutions in the district
 of Trichinopoly amount to 98,424
 Rupees. It does not seem to me that
 it is obligatory on the Government
 to make over this sum to the institutions
 as it is not the result of an improve-
 ment of estates belonging to them, as
 but the amount in which the actual
 expenditure has fallen short of the
 Maximum

3349

Fort St. George 10th March 1842

Maximum expenditure fixed for the
 institutions by the Government and
 it is quite clear from the circumstances
 of these allowances having been
 increased or decreased at the
 pleasure of Government that it
 was just as competent to them
 to have fixed them at a lower
 scale and that the particular
 sum allotted to each Pagoda
 must be considered as the amount
 beyond which the executive officers
 were prohibited from making
 disbursements, not that they of
 course belong to the Pagodas -
 If the Pagodas have been kept

3350

kept in repair and the ceremonies performed, as is the case I cannot see that they are entitled to what are called the surplus funds. To give them over with the Institutions will be to assign so much of the property of the State to the most extravagant and absurd purposes.

From the ^{Collector} } ^{Princ.} On the 20th ultimo I had the honor to receive your letter of the 13th Idem, giving cover to Copies of the Board's Communication to Government, under date the 21st October, of my report of the 6th of the same month, on the subject of withdrawal of Government interference in the affairs of Native religious institutions, and of the Minutes of Consultation on that Communication, and on another of the 28th of the same month, the purport of which does not appear under date the 3rd of December, and calling upon me to furnish with as little delay as possible some more specific and distinct explanation of the nature of the endowments that

that are supported by lands and to submit my selection of one or more Individuals to whose charge as trustees may be committed all the religious institutions in Shevagunge until such time as that Zemindary may be awarded to one or other of the present litigants or till it be released from attachment.

2 Statement No 2 bearing date the 6th October, and accompanying my report of the same date, gives a list of 38 religious Institutions supported by endowments in land under the management of the Company's Officers, but the annual Settlement of which is at once made over to them or kept in deposit, at their credit. The

But either that the endowments in land should be commuted for a fixed money allowance, or, if that be impracticable, that the lands themselves should be made over to the management of the Superintendent, in trust for the use of the Pagodas, to which these proceeds have been heretofore applied."

I am aware of no objection to an average of revenue being taken for these lands and an equivalent in money given and I anticipate such a proposition would be acceptable to the proposed Superintendents.

To the second proposition of giving up the lands to the Superintendents

Fort St. George 10th March 1842

Superintendents I have very great objection. There is only one of the whole number proposed (the Pranger of Ramnad) who is capable of administering his own landed property, and from his Cultivators I am constantly oppressed with complaints. This second proposition seems also at variance with the intention of Government as explained by their Chief Secretary in a letter to the Board of the 21st April 1841, of which an Extract was communicated to me with their proceedings of the 10th June following, the 2^d Para concluding with these words "you will understand it is not intended to make over any lands now under management of the officers of Government to such persons" (viz. Trustees or Superintendents), but merely the net produce without any reservation. And

Fort St. George 10th March 1842

3 And I now hasten to offer that "more distinct explanation of the nature of the endowments supported by lands," required by the 2^d Para of the Minutes of Consultation of the 23rd October 1841, as communicated to me on the 20th ultimo.

With exception of Nos. 5, 11, 12 and 14, all the lands endowments as far as No. 22 in Statement No. 2 of the 6th October 1841 appear to have been made by Relatives or Servants of former rulers of the Country, who had obtained them from their Masters in a state of desolation, and had, by outlay of capital in digging tanks and water courses brought them to their present flourishing state of productiveness. The above Nos. 5, 11, 12, and 14 appear to have been purchased from the ruling power

3356

Fort St. George 10th March 1842

power on a light quit rent tenure by the donors. No. 1 was a gift of the celebrated and magnificent Trimul Saik, one of the last sovereigns of the South Country. No. 18 was bestowed by the Sovereign of Mysore, while in enjoyment of his conquest of this Country. From 23 to 38 are endowments made by various Polligars of this Collectorate before they commenced their possession for a percentage allowance on their net revenues.

As before shown in my letter of the 6th October, it was customary to appropriate for the performance of the ceremonies the sums requisite therefor, whilst the entire surplus was carried to the credit of the endowment and reserved for repairs of buildings or instruments &c. necessary to the performance of the ceremonies.

3357

Fort St. George 10th March 1842

No portion ever came into the hands of Government or its servants.

If the Government please, these proceeds and the deposits can be paid in to the hands of the descendants of the donors, where any remain, to be done with as they please, and where there are no known descendants, into the hands of the selected Superintendent, and on their consent, a fixed money allowance can be granted in lieu of the lands, or the lands can be given up to them, but this last measure I again deprecate.

The Davastanams, appertaining to the Zemindary of Shevagaunga, under temporary sequestration, are numerous, their income and deposits large, there is no one in the Country to whom

3358

Fort St. George 10th March 1842.

I could with confidence and entrust them. The Class from whom I should wish to choose are the lesser Zemindars, or the wealthy, religious and industrious Chetties. Amongst the first Class, who are chiefly Maravars and Pullers, drunkenness is a prevailing vice, and many of them are in their minority. The second class, whom I would willingly recommend to trust, would not consent to receive the burthen from the trouble they anticipate in future restoration of the Estate to the successful claimant for the Zemindary, and because of the opulence of the institutions.

The Surplus amounted on the 11th July last to Rs. Rupees 133779-15-6 and as, with exception of the Perannamalai Davastanams, all were sequestered with

3359

Fort St. George 10th March 1842.

with the Estate, I should infinitely prefer retransferring them to the Zemindar of the Estate, to the risk of embezzlement by any one whom I might select. I have no further interference in their management than scrutinizing the receipts and disbursements and sanctioning all indispensable repairs that are brought to my notice by the respective executive officers.

They have till within a few months been under the control of a Youngman of great probity and of the greatest ability and promise in the Collectorate, who received a salary from the funds of the Pagodas with a Cutchery paid in the same way under him.

On his untimely death he

3360

Fort St. George 10 March 1842.

he was succeeded, on a reduced salary by Ristna Rao a list of whose services &c is inclosed, principally with a view to shew I have no motive of favoritism, or otherwise improper in recommending him as a stipendiary trustee in conjunction with Soobramony Pillay also a stipendiary, and whose services are also stated in the above inclosure.

I make this recommendation as approximating the nearest to the wishes of the Board and Government, and that a special sanction may not be wanting, but I strongly advocate in preference the retainment of the charge till the successful claimant to the Zemindary is named for I am very unwilling to divest myself of the Davastanum lands so long as I remain burthened with all the intermingled and land of the Estate.

The

3361

Fort St. George 10 March 1842.

The Board are aware how I attached the lands of the Davastanum because of the utter inability of the Pundarum, in charge of them, to do justice to the cultivators, and because of his embezzlement and making away with the income. They are aware also of the subsequent improvement of these lands, their revenues, and cultivators, under my administration. Yet if such be the wish of Government, I am quite ready to restore this portion of the Davastanums, with its lands, to him from whom I sequestered them.

Accompanying is No. 1, being Statement in detail of all the religious institutions in Shevaganza, with their assets and charges for three years, from July 1248 to 1250, and No. 2, being Abstract of the same, with an additional Column shewing the balances to the Davastanums at the period.

I have to request the

authority of the Board for the dismissal
from office of the Tahsildar of Ottapada.

1. The utter unfitness of Vincataram
for the charge of a Talook has long been
apparent to me, but in the hope that
some improvement might take place, I
have abstained from bringing this unfitness
to the notice of the Board.

2. In few cases either Revenue or
Magisterial are able to obtain from this
Officer obedience to my orders, no dependance
can be placed in the reports received from him.
As instances of recent occurrence, I beg to mention

that the Tahsildar had my positive order to meet the Civil Engineer at the Bridge now building at Benguicordan on a certain day. He failed to do so either then or afterwards, excusing himself on the most frivolous grounds. He was again directed to repair to the same spot to meet myself, but purposely avoided doing so, by going to another part of his Talook. The consequence was that although I remained two days in the Talook and was within reach of the Tahsildar, who must have known of my having arrived in it, and that my object was to make personal inquiries into its condition, I returned without having seen the Head of it from whom I should have received information on all points connected with his charge. For this disrespect I thought it necessary to give the Tahsildar and repeated my order for him to join the Camp of the Civil Engineer.

whom I had requested to make a tour in his Talook in consequence of my suspicions that the ordinary Estimates for the year had been carelessly prepared. The attention that my orders received will be seen by a perusal of the Civil Engineer's letter which will also show the gross negligence of the Tahsildar to his Murramut duties.

4. Were it on the grounds of inattention to this particular important department, I should feel myself warranted after the notice that the Board have so properly taken of the little care displayed by the Talook authorities of this District in Murramut to require the dismissal of Vincataram as an example. But his disobedience and insubordination, his incapacity, his carelessness and neglect in the performance of his other duties added to general unworthiness of character, impels me to the necessity of no longer allowing the

Fort St. George 10th March 1842.

The Diary of my proceedings during the past Month, I have the honor to call your attention to the very careless and improper manner in which the ordinary Estimates for the Current year have been prepared by the Talook Authorities of Mootapadaram.

In some instances repairs have been provided for, where none were required and in others where repairs were absolutely necessary no provision whatever has been made.

It would appear indeed that the Estimates inserted in the ordinary List furnished to me have, for the most part, been framed at a venture in the Talook Catchery without personal inspection and that no attention has been paid to the real wants of the District either by the Tahsildar or those under his orders.

I request therefore that the ordinary List for the Current year may be revised.

revised, and the Estimates prepared by myself and Mr. Assistant Revenue Surveyor Marrett, whose Diary is herewith forwarded, may be inserted therein in lieu of those prepared by the Taluk Authorities.

I have further to remark upon the conduct of the Tahsildar of Mottapadaram in neglecting in two instances to comply with my request to join the Department on my entering his Taluk, once on the plea of other urgent duties and again on account of sickness. Though on my reaching the Cutch only two days after he was sufficiently recovered to come and see me.

dated 10th and 24th June 1811 respec-

from all Religious Institutions of the
Natives.

2 There are three descriptions
of Religious Institutions in this
District. The first comprises Sundry
Endowments styled Chellar Devasthanams
all dependent upon the produce
of lands alienated for their respec-
tive supports. No account of them
is rendered to the State neither
do the Officers of Government
interfere with them. The
land allotted to each is
enjoyed by the Incumbents who
perform.

performs the usual ceremonies, and on his death, it devolves on his legal heir, and is considered in the light of hereditary property. The repairs and other charges necessary are incurred by the Incumbent under the supervision of Village Officers, and of course without reference to Government Officers. When lands thus alienated are not appropriated to the purpose for which they were originally intended or in other words, when the usual ceremonies cease to be performed from accident or other cause, the lands are resumed by Government, and the proceeds held in deposit. The amount derived from these lapses is Rupees 1686 13-9 which is added to and included in the surplus Revenue belonging to other Devotional institutions.

them is sufficiently good, and that no charge or modification is necessary to give effect to the views of Government.

3 The second description of institutions are the Pujas in the Southern Division of the District which are solely dependent upon the produce of land endowments under the Management of Government Officers. The accompanying

3383

Fort St. George 10th March 1842

my Statement N^o 1 shows the total number of these Pagodas, the extent of emoluments enjoyed by each both previous and subsequent to the assumption of the country by the Company, as well as the Amount of receipts, charges and Net revenue on account of each Institution from July 1233-10 years ago to the present period. The surplus collections which had accumulated up to July 1232 were for the first time carried to the account of Government in that year and the records antecedent to that time are so deficient as to render the preparation of accounts from an earlier period of our administration impracticable, the sum which remained in deposit at the end of July 1232 had

3384

Fort St. George 10th March 1842

has been placed to the credit of each Institution in the Statement now submitted.

4 The allowances in land enjoyed by these Pagodas during the Native Government amounted to Rupees 54,484-5-4. On the cession of this Province to the Company, the same lands were continued, but in regulating the Survey of the land with reference to the capability of the soil the amount was reduced to Rupees 58,505-15-5. The state of these lands has since, in some respects undergone material changes from the conversion of Dry lands into garden, Rice cultivation &c and the apportionment as entered in the Accounts of July 1250 is Rupees 62,029-2-9. Of this sum Rupees 25,846-1-9 must be deducted for the pay of labour which reduces the

3385

the net proceeds available for the maintenance of these institutions from Hindu 1233 to the present period to Rupees 394,381-8-7 inclusive of other, than the allowances allotted by Government such as offerings, gifts, &c. the charges incurred during the same period

are Rupees 320,773-10-8 which leave a surplus of Rupees 54,587-13-11. A portion of this amount has also been periodically

3386

Fort St George 10th March 1842

It would appear from column 21 of this Statement that the actual Amount of Surplus revenue due to the several institutions is Rupees 78,068-11-8, but the appropriation of a portion of it to the purposes abovementioned, and for the repairs &c. of other Devastations, the income of which fell short of the charges incurred on their account, renders it necessary that the amount now in deposit vizt Rupees 30,084-15-10 should be proportioned at the rate of 38-8-7 per cent to those institutions to which it is due.

The 3rd description of Pagodas are those receiving money allowances from Government in the Northern Division of the District the annexed Statement N^o 2 will exhibit the same details as N^o 1 from Hindu 1233 in like manner the Surplus Revenue which had accumulated

accumulated up to 1232 has been carried to the account of Government in that year, and the earlier records as above shewn are also deficient. The emoluments in land enjoyed by them at the time this Province came into the possession of the Company amounted to Rupees 82053-10-1 these lands were subsequently resumed by our Government, and in lieu of them a money allowance was granted. It was regulated on a permanent standard in Fussy 1218, and was fixed at Rupees 53053-3- this allowance was only nominal, it not having been disbursed in full in any year. The Pay of the Officers which were vacant for a broken period consequent upon Casualties among the Libbendy, and also a portion of the Amount of Subsidaries which was not considered necessary has never been debited in the accounts and this amounts to Rupees

ment seems necessary are 3094 and the number for which the appointments of Trustees is required are 142, I have inserted the names of one or more Individuals for each Institution with reference to local circumstances the parties selected for the Office of Trustees are the Manigars and Gurus of the respective Villages in which the Pagodas are situated, Archacals and wealthy Ryots. I propose that the persons to be appointed Trustees should have the entire management of the Institutions entrusted to them, & control over the subordinate servants of the Pagoda leaving, however, the power of dismissal vested solely with the Courts in the District. trivial culpability, and absence from duty ought to be visited with the stoppage of daily Batta as has been the case heretofore. The Trustees should appropriate the Funds to be paid to them monthly from the Government Treasuries for the sole and exclusive purposes of the institutions and according to the method hitherto observed, and continue the performance of

3391

Fort St. George 10th March 1842

of the usual ceremonies now in force they should also be required to preserve decorum and good order during the festivals, and other occasions. Any deviation from these Rules, and the consequent breach of Public Peace, ought to be visited with the forfeiture of the Office, imposition of fine, or confinement in the Jail, as the nature of the case may require to decide at the discretion of a Judicial Tribunal. The subordinate offices of Devasthanams being generally considered hereditary property, and as I am of opinion that the Trustees would from private motives find means to deprive the servants of their salaries and privileges, it seems requisite as a precautionary measure, and one consistent also with justice, to prescribe that when subordinate servants are dismissed under the circumstances above mentioned or when vacancies occur from death or resignation, their next legal heir or in the event of the non-existence of such their relatives ought to be nominated as successors to them provided they are competent.

3392

competent to discharge the duties of the office.

8. With respect to the filling up of vacancies consequent upon the death or resignation of the Trustees, I think it desirable that this Office also should be pronounced hereditary, so that on the death, dismissal, or resignation of any one, his legal heir would succeed to the Office, on his competency being duly ascertained. When there is no hereditary successor, a proper person selected by the community, possessing the tenets which the particular Institution upholds, should be nominated by themselves.

9. With reference to para 5 of the letter from the Chief Secretary to Government to the Board dated 12th June last, I have to state that the sum now in deposit on account of the several Religious Institutions amounts to Rspees 40,599-13-8. The only matter which presents any difficulty of accommodation is the apportionment and restoration of this surplus amount. Balance due to each Jagdall having been previously remarked that the Fund has been used

used as common Property - Under the positive wording of the present order, and the non-interference determination, the Funds will no longer be retained by the Government Officers - a matter of exceeding lamentation for the Natives feel assured that their management will commence with a temptation which cannot be withstood - and so that the perversion of their Funds, in the first instance, will lay the foundation of a system of fraud of which they cannot foresee the termination. They lament with great feeling being suddenly forsaken by that Government who have been their Bankers, and have countenanced with gentleness and toleration their Religious Institutions for the last 40 years, remarking at the same time that they have not been allowed as many weeks as the Government have exercised years in controlling their affairs to construct a new Church Government to meet this change of circumstance, the Funds and accounts

Fort St. George 10th March 1842.

of which devolve upon them without the means of exercising that scrutiny which their affairs demand such is the feeling, and I have considered it my duty that this discontent should be brought to the notice of Government. If the immediate restitution of the Surplus Funds can be over ruled and the Public have time to settle the accounts of their several Pagodas, giving a receipt in full previous to receiving charge, I think such would be a measure of satisfaction, and at the same time an act of good Policy.

10. The several arrangements proposed relieves the Officers of Revenue from all interference with the Institutions excepting, however, the nomination, for the present, of the Trustees and the regular payment of the monthly allowances, the management of the lands allotted for the institutions being continued under their control as has hitherto been the case.

11. I would also propose that each Individual obtaining the appointment of Trustee should produce a Security for the due and faithful performance

3395

Fort St. George 10th March 1842

performance of his duty, in order that defalcations in the Pagoda Funds may be guarded against, as much as possible; cases of this nature being declared cognizable by the Established Courts of the District.

12. There are no mosques in this District with which the Officers of Government have any interference whatever.

13. The Report of the Sub Collector is also transmitted herewith.

To the Principal Collector of
Coimbatore.

Sir,
Para 1.

I have the honor to acknowledge the receipt of your letter of the 13th July last and to forward the Statements therein required in English and Hindoos with reference to the several Dastanams in the Talooks comprising my charge.

2.

In drawing up these statements

3396

Fort St. George 10th March 1842

I have exhibited the annual Revenues of the Pagodas, the money allowances, and other expenditures incurred from the period when the Temples were first said to be placed under Government Control up to the present time, together with the balance now held in deposit on account of each place of Native Worship; and also at the same time inserted the names and callings of the parties proposed to be entrusted with the Superintendence of the Pagodas.

3. In this Division

there are Eighty nine

Pagodas of small importance,

the whole of which may

without hazard be placed

in the hands of Trustees. In the choice of the several persons to fill this important office, I have been guided by the opinion of my Sheristadar, and by the sentiments of other intelligent Natives submitted through the several Tahsildars. And in every instance it has been proposed that the Stanceals or

Archais

3397

Fort St. George 10th March 1842

Archceals attached to the Pagodas should be chosen, as possessing an hereditary right to their respective offices in the temples, and as being the Wardens for the safe custody of the Jewels and other property belonging to the Shrines. To assist and control these officials, the moregars of the Villages and other opulent Ryots have been selected. through whose joint agency it is expected, the management of the several religious institutions, and the true and faithful administration of their funds may be safely consigned. And no individual has been proposed named for a Trustee without his previous application being obtained to take Office.

4. With regard to filling up vacancies arising from death or otherwise of the Trustees, I am of opinion the office should be declared hereditary, so that on the demise of an incumbent his son or heir should succeed without any reference to or interference on the part of Government. And this object will be the

3398

Fort St. George 10th March 1842

the more easily attained by the nomination of the several Stanceeals, Archceals, and moregars as Trustees for their respective Pagodas they having already an ancestral right to their Offices. But in the event of resignation of one party, I would submit the propriety of granting the power to the remaining Trustees of nominating to the vacant Office. This however appears to me to be a contingent scarce to be contemplated, for when the controlling power of Government is withdrawn, to whom is the resignation to be tendered?

expressed a wish that the monies due to the Temples might be kept in Deposit at the treasury to be disbursed from thence as occasion may require on their requisition - I would beg respectfully to recommend that this wish of the future Trustees be acceded to, as in every way desirable for the better security of the Pagoda property from loss whether by robbery while in the keeping of the Trustees, or by acts of malversation on their part.

The Government have required that the statements to be furnished should cover the accounts from the time of the assumption of the Country. But I regret to say that notwithstanding the strictest search in this Office and the Taluk records no accounts whatever are forthcoming regarding the receipts or expenditure of the Pagoda funds from July 1209 (the year when Pambaturu fell to the Company) to July 1225 and therefore of necessity the accounts submitted commence from 1225. I am glad to understand that the management of the Pagoda

was retained with the share from July 1209 to July 1211. That from July 1212 to 1214 inclusive, the Darnatanams and the lands attached to them were given up to the ottanecals and other Pagoda servants and managed by them. That in 1215 or July they were reattached and kept under Government till 1220 when the Pagodas were again made over to their servants, under whose superintendence they remained up to 1224 July, when Government finally took charge of them. But that no regular accounts were kept or Tudeek funds assigned till July 1225.

I beg to state that there are no mosques or other places of Mahometan worship in this Division under Government control.

Lambatore,

Principal Collector's Office

Signed/ C. B. Wroughton.

Principal Collector

16th February 1842

Order

3437

Fort St George 10th March 1842.

Order thereon.

(Read again
in Court 26th May)Ordered to be sent again
in circulation.

Read the following letter.

To The Acting Secretary to the
Board of Revenue
Fort St George.

From the Collector
of Madras.

Sir,
Para 1.

Stating in
what way the
services of
the holders
of Enam Today
Shops would
again be
useful, and
that the
present
number of
them is three.

I have the honor to acknow-
ledge the receipt of your letter under date
the 24th Instant, and to report that the
direct advantages derived from the esta-
blishment of the Enam Today Shops have
been confined to the assistance afforded to
the Shopkeepers in settling disputes regard-
ing trees liable to taxation; the Shopkeepers
frequently objecting to the classification
of the trees as productive or unproductive
made by the servants of the Office. In
such cases, the Enamdars are called upon
and they have constantly brought
the Shopkeepers to acknowledge the
correctness of the classification, which is often
made.

have failed. In cases also of gales
which have injured the trees, the Shop-
keepers have occasionally in a body en-
deavoured to get advantages to which they
had no just claim. The intervention of
the Enamdars has, at such times, been
greatly beneficial, whilst the knowledge
of the Shopkeepers that the Collector had
such means at hand to falsify misrepresenta-
tions has, at other times prevented
attempts to lower the revenue by unnecessary
objections with regard to the productive
state of the trees. Under circumstances in-
similar to those I have now mentioned,
the services of the Enamdars would again
be useful.

2. I do not consider the influ-
ence of the present Enamdars sufficient
to have controuled the body of the
Shopkeepers under the unexpected and
particular circumstances which led to
the closing of their Shops in September last.

2. I am accordingly directed by the Board of Revenue to request that you will lay before Government the correspondence on this subject (entered in the Margin) which has passed between this Office and the Department of the Collector of Madras.

3. The specific nature of the advantages which have been and which might be in future derived by the State from these Establishments, are detailed in Mr. Robertson's letter of the 26th ultimo and do not appear of a very important nature, indeed on the combination among the Arrack and Taddy Sellers which occurred in September last, the Enamdar in connexion with others, closed their Shops and failed to controul the great body of the Shopkeepers in consequence, as stated, of their

their influence for that purpose not being sufficient under the circumstances.

4. As the obligation under which these persons hold their shops free from the usual tax was not fulfilled on the occasion above alluded to, and as the Board think that the services which are required to be rendered by the Enamdar in return for the advantages granted to them might with equal efficiency be performed by the Public Establishment of the Collector, they would recommend that the indulgence which is now confined to three individuals be withdrawn at the close of the present fiscal year.

Extract from the Minutes of Consultation under date the 1st March 1812.

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the Management of the Extraordinary of Revenue in the Madras Collectorate for July 1250. } Here until 31 January 1812 N^o 709

In the total demand under the several items comprising the Extraordinary of Revenue in the Madras Collectorate for July 1250, there was a decrease to the extent of Rs. 18498-14-1 below the preceding year. In the Net Revenue however, owing to a reduction in the amount of charges noted in the Margin, the result was different there being an Excess in 1250 of Rs. 1799-4-6 over that of July 1249.

The Current Collections under the head of Salt amounted to Rs. 90906-4-8 and even below those of July 1249 in the sum of 900-12-3. This result

result is stated to have arisen from the usual purchases not having been made as a return investment by purchasing "ing Merchandises from the interior" the correspondence relative to which was laid before Government under date 10th May last. The extended Manufacture of these Articles occasioned an increase in the amount of Charges and at the same time reduced the Net Revenue below that of the preceding year in the sum of Rupees 114-1-2.

1268-67836-16-731269-54332-2-6
1268-67836-16-7

Under the head of Taxes also there is a decrease in the Current Collections to the amount of 1148-1-5 as compared with those of July 1269. The Amount of Collections from each item under this branch as detailed in para 3 of these proceedings. In the duties levied on Betel and Tobacco there was an increase on the whole but in that portion of the revenue derived from the former Article in Madras

3460

Fort St. George 14th March 1842-

Madras there was a considerable falling off. With reference to the cause assigned viz. "the facilities offered to smuggling by the continuance of the practice of planting Betel in private gardens which cannot be effectually prevented under existing Rules," His Lordship in Council resolves to submit for the consideration of the Supreme Government the expediency of the Draft Act of regulating the revenue from these two Articles in the Madras Collectorate being passed into law without further delay.

There was also an increase in the duties levied on Gunyah and Bang in consequence of an arrangement introduced by the late Acting Collector as explained in this para but which it is stated Mr. Robertson has deemed proper to discontinue. The consumption of these Articles is, it is stated considerable in Madras but the Collector considers it impossible to realize the Government dues unless greater powers are vested in him for that purpose.

3461

Fort St. George 14th March 1842

purpose. The Board of Revenue will be pleased to call for further information from the Collector and submit their sentiments on the measures which should be adopted to ensure the realization of the Circular dues.

5.

The decrease in the duties levied on the two items Rice-goods and gruff goods is noted in the margin and is explained to have arisen in the former case from a diminished demand for and export of checked Handkerchiefs, Blue Cloths &c. and in the latter from a falling off in the revenue on Indigo and the diminution in the Imports and tariff valuation of Betel Nuts, His Lordship's Council observes that the attention of the Collector has been drawn to this singular result with a view to discover whether it has arisen from other than fortuitous causes, and will be glad to have before any

any information that may be furnished by him to the Board of Revenue on the subject.

6. Reduction in the Amount of Charges principally in the disbursement on account of drawback to the extent of Rs. 66.4-11 raised the Net Revenue derived from Jaga to Rs. 207.15.5 in 1841-8-9 above that of July 1249.

7. On the Net Revenue obtained from Akkary and Small Farms and Licenses there is an increase in the July under review over that of the preceding as shown in the statements entered in the margin. The result in the former items was occasioned

partly by an increase in the Collections and partly by a decrease in the Amount of Charges.

8. The Current Collections from Cichans Canal were Rs. 23.1-6 in July 1250 being less than those of 1249 by Rs. 1370-3-2. It is further stated that a large quantity was also required in the year under review for the repair of the Canal in question owing to the small amount

Amounts expended for the same in the preceding year consequently the Net Revenue exhibits a considerable diminution as is shown in the Margin.

9. In the Net Revenue from Stamps there was an excess in the year under review above that of 1249 in the sum of Rupees 641-8-11.

2. It will be observed from the replies of the Magistrates herewith submitted that the local arrangements in force in the several large towns in the Districts under the Presidency are as far as circumstances will admit calculated to answer the objects contemplated. No Municipal regulations however can be

3469

he said to exist, or any tax or impost to be raised for the purpose of preserving the cleanliness of the towns, or for purposes of general improvements conducive to the health and comfort of the inhabitants, but these desirable objects are in great measure accomplished not only by the residents themselves, who take measures to preserve cleanliness in the immediate neighbourhood of their own dwellings - but by the influence of the local authorities aided by Prisoners whenever the situation of the jail renders their labour available, and in some few instances by sweepers in the pay of Government -

3.

Government under date the 28th April 1841, were pleased to call for the sentiments of the Board upon a proposed act "for the better prevention of Local nuisances" in the provisions of which they concurred generally as they embodied

2nd 6th May
1841

3470

Fort St George 14th March 1842

in a succinct form the rules which have usually been observed under this Presidency on similar cases, and as regards the tax on the inhabitants of Towns proposed to be levied to defray the expenses incurred for repairing and cleaning the towns the Boards would observe that the information called for appears in great measure to have been embraced in their Secretary's letter to Government dated 7th October 1841 when stating their opinion on the proposed "act for enabling the inhabitants of districts not within the Presidency towns to make better provision for purposes connected with the Public health and convenience -

4.

The Boards then observed that they saw no objection to the provisions of the act, but that adverting to the inferiority in point of size and importance of the towns in this part of India, and to the arrangements in

3471

Fort St George 14th March 1842

in force, they were inclined to think, that it would be found in practice wholly inoperative. The Board moreover do not consider that the people in the Province large towns, taken collectively, are sufficiently advanced to appreciate the advantages which would result from the measures proposed and in their straitened circumstances would view the imposition of a local tax, such as would be required to give effect to municipal improvement to any extent, with feelings of uneasiness and distrust.

5. The present Board feel difficulty in explaining the cause of the delay which occurred, in submitting the replies of the Magistrates for the information of the Right Honorable the Governor in Council when received from the Provinces, as adverted to in your letter under reply, but having at a much later

3472

Fort St George 14th March 1842

later period been called upon to report their sentiments with respect to the provisions of the acts above noticed which embodied the substance of the matter in question, they were led to suppose, that the transmission to Government of the replies which are now furnished was no longer either required or necessary.

I have the honor to acknowledge the receipt of the accompanying Petition N^o 1071 of 1841 bearing the endorsement of the Board of Revenue dated 20th September 1841.

The Estate referred to in this Petition was sold in satisfaction of a decree of the Provincial Court Southern Division as communicated to the Board by the late Principal Collector in his letter of the 27th February 1841, and sanctioned on the 11th March following. It is now registered in the name of the Individual who purchased the Estate. The Petitioner therefore has no right to the lands comprising the Poliputi.

to forward the purpose of being laid before Government the accompanying

of an Extract from their Proceedings dated the 22nd February 1841 and the reply of the Collector of Masulipatam thereto containing his

sentiments as to the practicability of affording assistance to the Zemindar of Godewadah and Tennacottah in the manner suggested in Para 4 of the Minutes of Consultation dated the 3rd February 1841 viz^t by a temporary

of his Peishcush

so as to enable him to pay off his arrears within a reasonable time, and so as to secure a regular receipt of Peishcush.

In the Board's letter of the 2nd December 1840 are detailed at length, the circumstances under which, notwithstanding the reduction of Rupees 10,504-3-8 in the permanent Peishcush on this Estate sanctioned by Government in 1831 and the strenuous exertions made by the Zemindar to discharge his Riots with punctuality from Fussy 1241, when he received charge of the property to Fussy 1244 it was found necessary to attach the Estate in Fussy 1245, for an arrear of Rupees 4,133-13-11 which in consequence of a succession of unfavorable seasons increased on the Collector's Management under the close of Fussy 1249 amounted to Rupees 15,695-9-1-10.

It was also noticed that a sum of Rupees 24,358 had been disbursed under sanction of Government from the Public Treasury in

and stating that under existing circumstances the measure cannot be carried into effect and that the only effectual relief which can be afforded to the Zemindar is by an increase of his allowance and the adjustment of certain minor claims against him the Estate being still retained under charge of the Collector and the eventual remission or other wise of the balances due to him being left open for future consideration.

in satisfaction of a portion of the claims of P. Venkatachellum Naidoo the principal creditor of the Estate, to whom at that time there still remained due about Rupees 52000 and that there were several minor claims which pressed for immediate adjustment, to the amount of about 22000 Rupees.

The assistance which it was then proposed to extend to the Zemindar in consideration of his high character, and the peculiar circumstances of his case, was the adjustment of the last mentioned claims, amounting to 22,000 and odd Rupees, from the public Treasury, and the immediate delivery of the Estate into the Zemindar's charge or if the latter part of the arrangement should be deemed inexpedient, that the Estate should remain in the hands of the Collector, and the allowance previously made for the subsistence of the Zemindar, and his brother, should be increased to Rupees 7500 per annum.

From the letter now submitted to Government it appears that these Estates, which as above noticed were

Fort St George 17th March 1842

in the first instance attached for the balance of Peisheash due in July 1245 have continued since that period under the Collector's charge, not solely on account of the balances due upon them to Government, but by precepts of the Court issued at the instance of P. Venkatachellum Naidoo, for the recovery of the amount due to him under certain Razeenamahs N^{os} 43-44 and 45 of 1834 the conditions of which are that in default of payment by the Zemindar, of the instalments therein set forth, the Estates shall be attached by the Collector and the surplus proceeds after deducting the Government demand, and other charges appropriated to the liquidation of the private debt due to P. Venkatachellum Naidoo.

The character of this individual (P. Venkatachellum Naidoo) has been fully described in former letters from Masulipatam which have been already before Government and his conduct in regard to the four Villages, Chennai Chavoor, Woreoy and Pannurroo for the redemption of which the

of Rupees 24,358-² was paid by Govern-
ment on behalf of the Zemindar, as
detailed in the present report, having
formed the subject of a separate res-
-olution to Government. It is true that
the terms of the Razeenamahs in question
(copy of one of which is accompanied
the separate communication to Government
first alluded to) preclude the possibility
of the amount to which they refer being
realized until the demand of Government
is first satisfied but it is equally true
as observed by Mr Grant in the present
report that no arrangement by which the
Zemindar can be put in possession either
as Manager or Proprietor, can take
place unless by the consent of
Mr. C. of P. Venkatachellum Naiddo
which there does not appear from all that
has passed between himself and the present
and former Collectors to be the slightest
prospect of obtaining.

Under the circumstances it would
seem that unless Government are prepared
to extend the consideration already evinced
towards the Zemindar by making all
further disbursements on his account
the full extent of the claims of P. Venca-
-tchellum Naiddo, with interest thereon
accruing

3306

Fort St George 17th March 1842

and accruing to the date of payment,
which claims amounted on the 21st May
last to Rupees 94,245-6-2 the benevolent
intention of Government to restore the
Rajah to Baupiah Row to the Manage-
-ment of his property must be considered
impracticable, and for some time at least
abandoned.

Under any circumstances however
8. - the Board would not be inclined to re-
-commend that recourse should
be had to the expedient of a temporary
abatement of the Peishcash as a means
of relieving the Zemindar from his
embarrassments, the revised settlement
at Rupees 81,333 appears to be equitable
and since the property has been under
attachment a sum of Rupees 18,959-12-4
has been expended for the improvements
of the sources of irrigation, and charged
to the amount of Fusly 1248, but sufficient
time has not yet elapsed to admit of a
judgment being formed of the effects
of these improvements. - The Collector observes
however that the Collections in Fusly 1249
the first tolerable season after the com-
-pletion of the repairs exhibit an
excess of Rupees 5,838 above the Peish-
-cash and there was every reason at
the settlement for Fusly 1250 to anticipate
a still more favorable result.

This anticipation however the Board regret to find has not been realized, owing to the failure of rain at a time when it was indispensably required to bring the crops to maturity. The Collector's report for Fasly 1250 is not before the Board but it is seen from the Monthly Statements of Demand Collection and Balance that the amount of Peischuck due at the close of the year was no less than Rupees 53933 of which only 2000 Rupees had been brought to account by the end of October last.

The Board have already expressed their opinion that the recovery of the arrears which have accrued during the period that these Estates have been held under attachment is hopeless, and under any other circumstances other than the present they would be inclined to recommend, in preference to any temporary abatement of Peischuck that an immediate remission should be made of the arrears which have accumulated to the end of Fasly 1248 leaving the amount due on account of Fasles 1249 and 1250 to be collected by annual instalments with the current Peischuck within a period

period of 5 or 7 years. An arrangement of this kind would involve an immediate remission of Rupees 141794-11-1 and the payment of an annual instalment

But this indulgence would be of no immediate benefit to the Zemindar whatever unless he could at the same time be placed in possession of the property a measure which as before shewn, his existing engagements with P. Venkatachellum Kondor render utterly impossible and the effectual relief therefore which it appears to the Board to be possible under existing circumstances to afford him is by the increase of allowance and the adjustment of the owner's personal claims advocated in

Fort St George 17 March 1842

in the concluding Para of the Board's letter of the 7th December 1840. The Estate being still retained in charge of the Collector and the essential promptness or otherwise of the balances due to Government being left open for consideration when the extent of the hold over the property as proposed by P. Venkatachellum Naidoo shall have been finally ascertained by the result of the reference which it has been recommended to make upon the subject to the Sudra Adawlah.

subject of two Decrees passed in the Provincial & Auxiliary Courts respectively in suits as

brought by one P. Venkatachellum Naidoo against Rajah Canadana

Pamphal for the remainder of Vinnaethah and Gorderadah or Channahal—

Under date the 11th January 1838 the Government were pleased to sanction certain arrangements proposed by the Collector of Masulipatam with the view of relieving the Channahal Thimmas from his embarrassments, and in carrying out those arrangements it was found necessary to discharge in full a debt due to P. Venkatachellum Naidoo amounting to Rupees 22,111-4-5 in order to meet the necessity of selling the four villages of Chinnor Chavoor Vorey and Pannoor which stood mortgaged to him for this specific sum.

It will be seen from the Board's letter of the 19 April 1838 that particular notice was taken of the condition under which alone it was all along intended that the sanctioned adjustment should be made with P. Veneatachellum Narayana Viji that he should consent to forego his other claims against the estate until the Government demands thereon shall be satisfied.

5. These "other claims" which were stated in a letter from the Collector dated 21 May last which accompanies a separate communication to Government as amounting inclusive of interest and law charges to upwards of 94000 Rupees are set forth in the Rajenamah No. 13-14 & 15 alluded to in Mr. Grant's Petition to the Provincial Court dated the 17th of July last and in one of those Rajenamahs No. 43. a

6. The Rajenamah which provided for the sale of the four Villages and which is designated as No. 16 of 1833 was represented by Mr. Blane in the letter last referred to, as having been cancelled by the payment of the sum for which those Villages were held in mortgage and which he therein reported that he had paid into the Auxiliary Court under the sanction of Government dated 17 April 1838. The amount with interest to the date of payment being Rupees 24,558-4 and the Villages being thus redeemed cannot the Board submit he held liable for the debts specified in separate Rajenamahs otherwise than as part and parcel

Under these circumstances without proceeding to discuss the grounds upon which the Provincial Court have overruled the objections offered by the Collector to the execution of the decrees in question the Board would request that an application be made to the Court of Sudder Adawlut for a revision of those decrees and they have desired the Collector to move the Provincial Court to stay further proceedings in the case until an answer shall have been received from Government upon the present reference.

8. Should the proceedings of the Northern Provincial and Auxiliary Courts in these cases be confirmed by the Sudder Adawlut the only alternative as observed by the Collector in the concluding para of his letter now submitted will be to dispossess of the Estate in satisfaction of the arrears due upon it to the Government.

The Petitioner has not applied for any support to the former but exclusively for the latter nor was it intended in submitting his application that any portion of the funds derivable from the land should be allotted for the maintenance of this Temple.

The Applicant has bound himself by a written Instrument executed in the name of the Officer to apply the funds to the Choultry alone, specifying the Particulars

A
Draft of Special Appeal Petition to be filed by the Government Vakeel in the Suder Udialut.

I am instructed by the Collector of Chingleput to request permission to file the subjoined Special Appeal Petition against a decree passed by.

Fort St. George 17th March 1842.

by the Provincial Court of Appeal for the Centre Division, in Appeal Cause No. 46 of 1840, on the following grounds, First. Because the judgment in question is inconsistent with the Regulations and Laws applicable to the case. Secondly. Because the award is diametrically opposed to the custom that has prevailed for many years in the District. and Thirdly. Because it involves a general question of great importance to the State, and the inhabitants of the Saghere.

In regard to the first of these objections, I am desired to point out, that the decree of the Provincial Court adopts as an established fact that the Government has not the power to grant the immemorial waste lands of a Merafey Village to strangers to cultivate, without first obtaining the Consent of the Merafey-dars. but this opinion upon which the whole of the Judgment of the Provincial Court turns, is erroneous. Section XIV Regulation XXX of 1802 expressly authorizes Gemundars and Proprietors of Estates to

Fort St. George 17th March 1842.

to grant Pottahs or Cowles for the clearing and bringing waste lands into cultivation and goes even further to state that such leases may be for a term of years, or in perpetuity and that such grants shall be binding, provided they were bona fide ones, notwithstanding the Estates including such lands may have been sold to liquidate arrears of revenue due to Government. If then the Gemundars were invested by law with these powers, there can be no doubt of the legality of the Government Agents exercising them under the constituted authorities, when the Estates have reverted to the Government.

With regard to the second point the award is inconsistent with the long established customs of the District, and thousands of instances can be advanced in support of this assertion, amongst which moreover are many cases of lands granted to strangers by Mr. Place, the very authority quoted by the Judge of Appeal in his award.

In regard to the 3^d Point it is unnecessary to enter into any detail, the many thousands of Cowles that have been

3321

Fort St. George 17th March 1842.

been issued on the warranty of the Comptroller, sanctioned by the Board of Revenue under Section XLIII. Regulation II of 1803 for the clearing of waste lands proving the question to be one of great importance to the State and the Public.

In conclusion, I am instructed to urge that there is no such thing as "the Law of Inheritance" but that the Custom and practice of each particular District must be the ground work of a judgment effecting it. The Inheritance as it exists in the Western Coast of the Peninsula can not be considered as the rule for the Eastern side, and on these grounds I am to pray the Court to reverse the decree of the lower one.

margin brought against the late Principal Collector of South Arcot.

2. A suit for the recovery of the land the object of the present action, was first instituted in the Auxiliary Court at Cuddalore in the year 1837 against the seven Defendants last named in the present suit, the first Defendant not being a party, and a decree passed by the Assistant Judge in favor of the Plaintiff, this was appealed against to the Zillah Court at Chingleput, and the Decree of the lower Court reversed, a special appeal was then made to the Provincial Court at Chittoor which the Judges declined to admit, the grounds upon which they rejected the special appeal are stated in the proceedings of

Fort St. George 17th March 1842

of the Provincial Court under date 28th December 1839 they observe that in the order rejecting the special appeal they "concur with the opinion of the lower. that the agreement as between individuals is binding but in the present case the party from whom the right proceeds is not included in the litigation."

The land was obtained from the Collector it is acknowledged, and whether right or wrong the Collector has acted in the matter as if possessed of full authority over it. He first gave it and then on certain representations recorded in the Judge's decree took it away.

The Collector is therefore a prominent party in the matter, and in his absence and without his being allowed a voice in the case the Court are of opinion that the rights referred to in the 14th and 15th Paras of the Sudder Court's Proceedings, could not be adjudicated upon."

3. The Sudder Court in reference to the foregoing opinion of the Provincial Court thus express themselves—

"The Court of Sudder Adawlut are of opinion that there is force in the reasoning of the Provincial Court in the remarks above cited and

Fort St. George 17th March 1842

and in those which follow in the same Proceedings; and the Court do not perceive any way of bringing the question of the Collectors' authority in such cases to a satisfactory judicial determination, excepting by a suit in which he shall be included as a Defendant.

The Court resolve therefore to direct the Petitioner Allahgahpilly, who in his Petition N^o 309 repeats the prayer of his former Petition N^o 225 be informed that it is open to him to bring a fresh / Original / Suit including the Collector as a Defendant."

4 Under the above directions the late Principal Collector Mr. Dent has been made a party to the Suit.

5 When intimation was first given of the institution of this Suit against Mr. Ashton on behalf of the late Principal Collector Mr. Dent this latter gentleman not having been furnished with the Extracts from the Proceedings of the Sudder and Provincial Courts which have since been obtained, and ignorant of the grounds upon which he had been made a party to the Suit declined as far as he was concerned to

Fort St. George 17th March 1842

to enter into the merits of the case but left it to the other named Defendants to put in any answer they might see fit. When Mr. Dent however proceeded to South Arcot in May last as Commissioner he ascertained the reasons why he had been included as a Defendant in the suit and under the explanation offered by him to the Board they concurred with him in thinking that it was desirable his name should still continue as a Defendant and addressed the Collector accordingly, suggesting at the same time that he would obtain from the Auxiliary Court copies of the Proceedings of the Sudder and Provincial Court above referred to, these having been obtained they have the honor to submit copy of the Complaint and Draft of the answer which Mr. Dent proposes to file in reply.

The question at issue is simply whether an Olcoody or resident Inhabitant of a Village having given a proposal for and obtained possession for purposes of cultivation of certain waste land in the Village, is at liberty during the first year of its occupation

Fort St. George 17th March 1842

occupation to make over for cultivation the greater portion of it by private transfer to a Poracody or non Resident Ryot, without the consent of the other Olcoodies, or Resident Ryots of the village. The Board are not prepared to give an opinion upon the peculiar usage on which the dispute hinges but they are assured by Mr. Dent that the Collector himself would not according to the practice of the District, and the Gookumnamah permit any Poracody to occupy waste, without first giving the option to the Olcoodies and the mere circumstance of an Olcoody having obtained possession of waste by permission of the Collector could not therefore give him any authority to dispose of the land in a manner which the Collector himself does not exercise. In the instance under reference moreover it is clear that the land in question was not obtained by Govinda Pillay for the purpose of his cultivating it himself altho he entered into an engagement to do so for it is seen that he had not the means, having no Agricultural Stock, but

Fort St. George 17th March 1842

but that he obtained it with the deceitful intention of making the chief part of it over to a stranger, and on this additional ground the Board are of opinion the suit is not sustainable and should be dismissed, should the Right Honorable the Governor in Council concur with the Board in this view they beg to recommend that the suit may be defended at the public expense.

In consequence of the delay which has already unavoidably taken place in filing the defence of the suit the Board have taken upon themselves to authorize the proposed Answer to be filed pending this reference to Government.

Draft of an Answer submitted by C. H. Kallett Esq^r Collector of South Arcot in reply to suit N^o 198 of 1840 brought by Alagah Pillay against J. Dent Esq^r late Esq^r Collector of South Arcot and Govinda Pillay and five other Defendants for the recovery of his right to 8 Cawnies and $\frac{9}{16}$ Sixteenths of Kurjabs land situated within the Tank of the Panampulloo Village bearing an annual tax of Rupees 108.

The circumstances of this case
divested

Fort St. George 17th March 1842

divested of all extraneous matter may be shortly stated as follows.

In the year 1836 the 2nd Defendant Govindapillay an Ooloody Ryot gave a proposal to cultivate at full tear - 3 Cawnies of waste land situated within the Tank of the said Village of Panampulloo, but afterwards increased his proposal to 15 Cawnies, - Alagapillay the complainant a Paracody or non Resident Ryot, becoming his security. On these conditions the extent proposed for 15 Cawnies, was made over to Govinda Pillay, who subsequently unknown to the Circle upon a private agreement with Alagah pillay transferred to this latter individual 10 Cawnies of the land in question.

The Ooloodies, Choralanga pillay the 3rd and other Defendants hearing of this, immediately protested against Alagapillay a stranger cultivating any of the lands within their Village whilst they were willing to do so themselves, and interfered to prevent it. Upon this Plaintiff complained to the Collector and Magistrate but it does not appear necessary to recapitulate

3533

Fort St. George 17th March 1842

recapitulate here all that took place before the Collector and Magistrate or to do more than observe that the orders passed in the early stage of the proceedings to continue Alagah-pullay in possession were given in ignorance of that individual being a Paracody - but as soon as this fact was made known to the Collector and that the land had been transferred to a stranger against the will of the Ooleodies, he, the Collector, issued the order of the 14th July 1837, depriving Alagah-pullay of the land in question and explaining in accordance with the terms of the Lookumnamah and the practice of the District, the grounds upon which he had done so, and hence the apparent contradiction in these orders, which have been noticed by the Sudder Udaulath. The real question therefore for the decision of the Court would seem to be

Whether an Ooleody or Resident Inhabitant of a Village, having given a proposal for and obtained possession for purposes of cultivation, of certain waste land in a Village and entered into an agreement with the Circar to cultivate the

3534

Fort St. George 17th March 1842.

the said land, is at liberty during the very first few weeks of its occupation or at any time, to make over for cultivation any portion of it by private agreement to a Paracody or non Resident, without first obtaining

Extract from Summahundy Lookumnamah for July 1240.

Para 40. In the Estgarnamahs

and Lookumnamahs issued the Tahsildars were directed in the event of any one making a proposal for waste or Pimpote lands in another person's Village immediately to send for the Putta menigars &c of that Village and ascertain from them if they are willing to undertake to cultivate the lands in question and if they agree to do so, they (the Tahsildars) shall obtain from them a document shewing the number of fields &c in the said lands and make over the lands to them; that in the event of their refusing to take up those lands they (the Tahsildars) shall then make over the same to the person who has already applied for the same and who belongs to another Village &c -

the consent of the other Ooleodies or Resident.

Reply:

The first Defendant respectfully submits for the consideration of the Court that as according to the Lookumnamah of the District, Extract from which is given in the Margin and the practice in South Arcot the Collector himself would not permit any Paracody to occupy waste land in any Village without first giving the Ooleodies the option, that is, without first ascertaining if they were unwilling or unable to cultivate it themselves, it will

3535

Fort S^t George 17th March 1842.

will never be contended that the mere circumstance of an Ooleody having obtained possession of waste for the express purpose of cultivating it himself confers upon him a right of disposing of such land in a manner which the Collector himself according to the above cited usages does not exercise, and in this view of the case that the 2^d Defendant Govindapillay had no authority to transfer the land the subject of this suit and that Alagapillay therefore has no claim whatever to the same and that this suit should be dismissed.

Sir, With reference to the petition herewith returned N^o 44 of 1841 from Vydalingum Pillay complaining that I have declined satisfying his claim against the Estate of the Minor Gemindar of Odiarpollam, I have the honor to state that it appears from the accounts of the Gemindary that 18 Rupees only are due to the Complainant the debt due to him having been liquidated by several payments. The debt in excess of the amount admitted on the part of the Gemindar to have been due is said to have been incurred for the late Gemindar by one of his servants but it does not seem that he was in any way authorized by the late Gemindar to do so. At all events the Petitioner has nothing but accounts bearing the signature or rather what he alleges to be the signature of the above servant in support of his claim.

Vide Decree
N^o 17 of
1842

The Village of Pallethang to
half of which the Petitioner in N^o 1899
claims right by purchase consists of 100 shares
of the 50 shares from the redemption of a
Moolty, and of the remaining 50 shares
which were decided in the Sannabhy Court
of Madawlut 1819 to be pagoda property
25 shares were first obtained possession
of by Sanny Sengar (not by the Petitioner)
in 1817 by purchase at public auction
for arrears of Land Revenue amounting
to 271 chakrams or Rupees 574-43-6 and
subsequently sold by him to petitioner
brother. The remaining 25 shares are stated
to have been purchased by Petitioner and
his brother at 2 different periods 15 from
one Mottiah Sullay and 10 from one
Vandmootoomarasawmy Pandaram.
Thus the Petitioner acquired possession
of 50 shares by purchase. The Sannabhy
due to the Pagoda on these 50 shares appears
from the Sannabhy accounts up to
Sally 1217 to have been received only
up to the same period, but since Sally
1218 down to Sally 1248 no Sannabhy
was

3539

Fort St. George 17th March 1842

was brought to the credit of the Pagoda on the complaint in Fesly 1248 of the Malottar of the Selliappasawmy Pagoda to the Collector, that these lands were Pagoda property and the holders of them did not pay Samulhogum - an inquiry was instituted and the lands were resumed and in Fesly 1249 they were rented out to Shunmoogum pillay for Samulhogum for 3 years ending with Fesly 1251 at the rate of 29 $\frac{3}{4}$ Pusses in ready money and in grain 101 Cottahs a year.

To the 25 shares of lands purchased at Public Auction the Petitioner would appear to be fairly and justly entitled in as much as whatever right the Pagoda possessed in those lands was thereby transferred to the purchaser. But as the persons from whom the Petitioner purchased the remaining 25 shares were not the owners of them for they have been decreed by a Court to belong to the Pagoda and as Mr. Thompson justly observes in his endorsement of the 4th August 1840 they had no authority to dispose of the land either by sale or mortgage, so neither had the Petitioner any right to receive it from

3540

Fort St. George 17th March 1842

from the Petitioner's claim to these 25 shares cannot be recognized.

The whole 30 shares have been rented as above stated to one Shunmoogum pillay till the expiration of 1251. It would be impossible to interfere during the existence of engagements entered into with this man with his occupation of these lands, but when his lease is concluded the 25 shares which the Petitioner purchased at auction might be restored to him leaving him to resort to the Civil Court for redress if he considers himself aggrieved by deprivation of the remainder which is now in actual legal possession of the Pagoda and to which the Pagoda is duly entitled as is shown by the accounts above mentioned and by the decree of the Adalat Court.

With regard to Petitioner's 1900 Petitioner claim the Village on the strength of their having received it on mortgage in 1824 from the Pandarum. This person had no right to mortgage the Pagoda lands and such they had been decreed to be by the Adalat Court in 1819 four years previously and

3541

Fort St George 17th March 1842

and the Petitioners advancing their money on this mortgage did so at their own risk. These lands have been now rented to Nelliappa Moodely till the expiration of July 1253.

Although the spirit of section V Regulation VIII of 1817 appears to authorize the summary resumption of these Pagoda lands the more regular course would perhaps have been to have instituted a suit against the Petitioners on the part of the Pagoda for the recovery of the lands which Petitioners unduly held but as the lands have been resumed and with the exception of those purchased at Public Auction on grounds which seem to me perfectly defensible in a Court of law and as to restore them to the Petitioners because of supposed irregularity in the mode of resumption would cause a summary assumption of them from the Pagoda to which they belong and would moreover involve the Government in a suit with the Petitioners which is temporary and of no benefit. It appears to me more expedient to leave the Petitioners in possession of the lands.

3542

Fort St George 17th March 1842

to seek redress in the Civil Court which they are well aware they cannot substantiate their claims and restore at the end of the present Sudy to the Petitioners in A. 1899 so much of the lands of Pullicatta as he purchased by public auction in 1817 reserving him also to the Civil Court for the claim he sets up for the remainder.

The Board of Revenue concur in the opinion expressed by the Collector in the foregoing communication that under the circumstances therein set forth the Petitioner Subramanya Pillay is justly entitled to the 25 shares of the Village of Pullacotta which were sold in the year 1817 for arrears of Public revenue and to which he succeeded by subsequent purchase in placing him therefore in possession of these shares at the termination of July 1251 as recommended in paragraph of the above letter the Collector will.

with inform him that should he still lay claim to the remaining 25 shares which have been decided to be Pagoda Property he can resort to the Civil Courts for redress.

The Collector will also inform the Petitioners in Petition N^o 1900 that their claim to the Village of Sandemungalam grounded on the circumstance of their having obtained possession this Mortgage from the Purdum of the Pagoda to which the lands were decreed to belong by the Audalut Court in the year 1811 is inadmissible, and that if they consider themselves entitled to the lands in question they must substantiate their rights by a suit in the Civil Courts.

First. There is no List for 620 Duffers of Records of the Muzgoor, Land Customs, and Departments up to the year 1814. Papers of different Departments and of several years are tied together. They should be separated and put in order.

Second. There are 1560 Duffers of the said Records.

Third. There is a List for 1020 Duffers of Records of the said Departments from 1831, but it does not particularize the contents of each Duffer. Papers of different Departments are tied in each Duffer.

Fourth. There is a detailed List for 25 Bundles of accounts of the Pymashy made by Measurement / Mr. Warden's Survey / and they are arranged agreeably to the List, but there is no detailed List for the 25 Bundles of Pymashy Accounts prepared in the year 1774, at the time of Mr. Smeeth. There is only a List for 2 Bundles of some part of the Canagoo Pymashy Accounts.

Fifth. There is a List for the Cadjan Pymashy accounts of Rice Lands prepared by Desha dikanis in Mr. Grame's time, but they have commenced to decay and many should be recopied in time.

Sixth. Some Papers relating to Paray, Devastanums, and Survaanaminums &c. which were discovered while searching the Records for other Papers, are tied and kept separately.

for their dwelling Houses, whether situated within or without the Cantonment of Ootacamund.

M^r. Sullivan, for instance, has lately taken in a hundred and Ninety two Cawnies in addition to land on all sides of his former compound at South Downs lying just beyond the Cantonment. On the score of its being out of the Cantonment and of his having purchased it by private sale from the Todas, M^r. Sullivan considers, I believe, that under the provisions of Act N^o. II of 1837. he can only be called on for the tax fixed on pasture land held by that class of individuals Viz: $\frac{1}{7}$ per Cawney or equal to 1 Canteroy fanam or 4 Annas and 8 Pice per Bulla. But his case appears to me to be quite analogous to that of Lord Elphinstone, and determinable by the rule which obtained in that case.

M^r. Sullivan keeps the land in its natural state as a park. There is apparently no intention of cultivating it except in a small patch here and there where potatoes & other vegetables are grown.

Government of the 25th Instant take the liberty of explaining in explanation of this Office for having passed the payment of the Pension granted to Mahadeen Rajahkhan after the death of the person that it had no means of knowing that the party was dead in as much as the entry in the Accounts was continued in the name of that individual until July 1249 when in consequence of the entry being made in the name of his son Goolam Ahmed Khan this Office objected to pass the charge without the sanction of Government.

2. They to annex copy of the entry in question in the Accounts of July 1248 which I trust will convince Government that no irregularity attaches to this Office for having passed the charge.

The Right Honorable

pensions enjoyed by the late Mahadeen

Rajab Khan but he cannot allow
this opportunity to pass without notice
ing the objectionable nature of the
entry made in the accounts of the
Principal collector of North Arcot in
Fusly 1248 wherein the payment
was shown to have been made to the
party as if in existence, while he had
been dead 13 years and while his son
was actually in the enjoyment of the
pension during that period. His
Lordship in Council does not see how
the Civil Auditor can check irreg-
ularities in the payment of Pen-
sions unless the entries in the
Accounts are bona fides and the
deaths of the incumbents duly

the Governor in Council is of opinion that if Interest is charged on the arrears it would be just to allow it on the payments which may have been made in satisfaction of that demand, but he does not understand the principle on which it is calculated on the balance against the bunnewaddy Estate. He observes that interest is charged equal to the amount of the balances and the Board of Revenue recommend that interest should be also allowed to the full amount of the payments but it is believed that upon a proper calculation even allowing interest upon payments the demand on that account will considerably exceed that charged by the Principal collector without further explanation His Lordship in Council cannot accede to the recommendation of the Board in this respect—

3. With reference to the observation contained in Para 6 it occurs to the Board on reconsideration of the explanation contained in the Column of Remarks in the Statement which accompanied Mr Blackburne's letter of the 13th December last, that they may have overrated the amount of interest which might be allowed on the payments made between Fusly 1226 & 1250 on account of the balances due at the close of Fusly 1225 on the Curimewaddy Estate, and which they recommended should be calculated at the full amount of the payments. The Principal Collector is requested to report whether the accounts in his possession afford means of ascertaining the amount if any of interest to which the Poligar might fairly be considered entitled on these payments and furnish such further explanation upon the point as he may consider to be called for.

(Here enter 7th February 1842 N^o 57.)

Para 1. It appears to the Right Honorable the Governor in Council that there can be no question that Krishna Row from his long and intimate knowledge of the affairs of the District and of the Records which were destroyed at the Insurrection is by far the best man that could be selected for the Office of Head Sheristadar of Banara provided there is no danger of his appointment giving rise to intrigues such as previously existed there. The Honorable the Board of Directors in their Dispatch of the 20th January 1841 seem to contemplate the re-employment in the District of the person in question and the Board of Revenue in their letter of the 11th of September 1834 did not entertain any such objection as they have now raised.

2. In His Lordship's opinion a Collector is the fittest person to select his Establishment, and as Mr Blair does not himself

3577

Fort St George 21st March 1842

himself entertain any apprehension of evil consequences, it seems to him under all these circumstances that it would be an act of injustice to prohibit Thistna row's restoration to the Office from which he was removed.

3. The Board will inform the Principal Collector of Canara that the Government see no objection to his Appointment of Thistna row to the Office of Head Sheristadar of that District.

Sir,
With reference to my letter of the 15th September last, I have the honor to forward herewith copies of two letters

Letters one from Mr. Matheson dated the 28th ultimo and the other from Mr. Currie dated the 4th Instant and to state for the information of the Board that I have authorized the arrangement transferring Causekula Ramachendrarao to the Office of Head of Police of Dursce Chendalhar Division.

To the Principal Collector of

Sir,

Para 1. - With reference to my letter under date 11th September 1841 regarding the suspension of Causekula Ramachendrarao, the Tahasildar of Danagoodam Shan now the honor to report the result of my investigation with the charges preferred against him in the Revenue Department.

2

Three charges are principally founded

3596

Fort St. George 21st March 1842.

founded on statements given by the Curmies of different Villages in his Taluk, in whose possession Accounts were found containing entries of the payment of various sums to the Tahasildar and which they affirm to have been actually disbursed to him - some of these cases were examined previous to his suspension and some since, but in all the cases but one the evidence is very contradictory and I do not consider that any act of corruption has been thereby substantiated against him.

3. In one case however where the Tahasildar is stated to have received Rupees 400 - from the Villagers of Hanamella in July 1248 & Rupees 400 - in July 1249 there is sufficient proof to throw great suspicion on him and to inculpate him materially though not perhaps clear enough to convict him under a penal regulation and I do not think it would be advisable to hold any further proceedings in the case.

4. I have also made further enquires into the proceedings of this individual

3597

Fort St. George 21st March 1842

individual as Head of Police in the murder case mentioned in my letter reporting his suspension and though I acquit him of any criminal or improper motives, the other circumstances detailed in my report of the 11th September are clearly established and prove him to have been guilty of the grossest negligence and of a complete dereliction of duty which calls for very severe punishment.

Such conduct indeed has almost destroyed my confidence in him as a Police Officer and as a similar feeling of mistrust has resulted from my investigation of the charges brought against him in his Revenue Capacity as well as from a review of his general management in that department. I should feel inclined to urge his permanent removal from Office, but Ramachandrarao has been employed in the public service for many years and is a man of undoubted abilities / though they have been lately sadly misapplied. I would venture to recommend that he

3598

Fort St. George 21st March 1842

be removed to some Office with a less important charge or to some subordinate situation, with an understanding that in the event of his future conduct proving more satisfactory he will be considered eligible for re-employment as a Tahasildar when such an opportunity may hereafter occur.

I have the honor to acknowledge the receipt of your letter of the 10th ultimo desiring information whether it is not practicable to prepare the Summary Accounts of this District without the aid of an Extra Establishment and if not whether the period of its Employment cannot be reduced.

2. With the very limited experience which I have had of this District I cannot be expected myself to propose the means of furnishing the information required and I would therefore respectfully refer the Board of Revenue to Mr. Laidler's letter.

3602

Fort St. George 21st March 1842

letter dated the 23rd December 1840 especially as that letter contains the sentiments of Mr. J. L. Blane on the same subject.

3.- It should be the wish of the Board and of Government to abolish the system of temporary Establishments for the preparation of the Summabund Accounts and the examination of the cultivation which is then necessary. I shall be prepared hereafter to submit my sentiments as to the increase that might be required in the permanent Establishment but I am strongly disposed to doubt whether such an arrangement would be for the benefit of the Government. It would in the first place be more expensive and the servants (temporarily) entertained (especially the barboons) are very zealous in the performance of the duties assigned to them in the hope that they will then establish

Para 30

2 In their proceedings dated the 20th March 1837, the Board required the annual transmission with the other Summery Accounts of a Statement showing the alterations that might occur during the settlement of the year.

3 This Statement which is very voluminous, consisting of 221 columns, has been further increased by the addition of a separate sheet for estates transferred from the Chief of Pahrly, as required by the Board's proceedings of the 23rd September 1841.

Para 13

and as the preparation of the other usual Accounts is as much as the fixed establishments can possibly complete by the Extra Libberdy which is annually entertained under the sanction of the Board granted in July 1841, is indispensable necessary for the due preparation of the newly required Statements.

Besides

3605

Fort St. George 21st March 1842Circular

4 Besides the abovementioned Statement, the Extra Libberdy is employed in preparing Villagewar Statements showing the Bery of the current and preceding year, and also an Account of the annual additions to the Bery on account of lands newly brought under cultivation, which are likewise very voluminous, the former occupying not less than 90 sheets of paper.

5 Among the other Accounts lately required by the Board, they further allude to two the preparation of which not only diverted the fixed establishments from their usual duties, but also occupied a considerable portion of the time during which the extra Libberdy was employed. There are a detailed Statement of servants in the settlement of

of 12/4/8, distinguishing the Coast

and the Balaghaib Islands. The
other is a Village-wise Statement of
Beriy for each Talook, for a series of
18 years - some of these Statements are
already before the Board; and they
will therefore be able to judge of the
time and labour required for
their preparation. The loss of
the Kuzoor records during the insur-
rection added greatly to the diffi-
culty of preparing some of
the Accounts, and it was on this
account that the Extra Allowance
for 1251 was recommended for
the Board's sanction upon an
increased scale.

After the usual Compliments I most humbly beg to represent that on the application being made to the Collector of Nellore for transferring the payment of my Yeomiah to the District of Cuddapah, I was said that the transfer would be made accordingly. I then obtained leave from the Collector of that District to proceed hither, but I was obliged to remain there for a period of 2 months in consequence of the illness I was attacked with, and afterwards I arrived at Cuddapah and presented a Petition to the Sub Collector in charge while at Summulmadgoon on the Subject, and altho I waited for 1 1/2 months, yet I was not favored with any answer. The 6 months have been allowed to elapse under the above Circumstances. Sir

With reference to my letter dated 2nd Instant I have the honor to submit Copy of a letter from Mr. Paise, stating that the valuation at Rupees 50 of the sugar manufactured by him is excessive, and soliciting that the same may be fixed at about Rupees 30. Mr. Paise urges that the proposed valuation of Rupees 50

3611

Fort St George 21st March 1842

is nearly double the cost value of the article that the Sugar is not of a description suited for Consumption in this Country, and that it is intended chiefly for exportation to England. A sample of the sugar in question has been shown to the Merchants, who state that the value is about Rupees 30 or 35 per Candy and they agree with Mr. Paise in stating that it is not suited for consumption in this Country. Adverting to the statement of the Merchants and to the reasons urged by Mr. Paise, the Modified valuation of Rupees 30 per Candy appears fair and they recommend that it may be fixed accordingly.

to acknowledge receipt of your letter of the 2nd Instant informing me that the Tariff on the Sugar which I am Manufacturing here will be Rupees 50 per Candy. In reply thereto I would beg to state that this is much above its real and nearly double its Cost Value, and as the Sugar is not of a description suited for the Consumption of this Country, but is intended chiefly for exportation to England. I beg to suggest that the value for duty should be taken at a rate more approximating to its real value say 30 Rupees per Candy, and I trust, it will be in your power to accede thereto. But otherwise I should feel obliged by your referring the matter to the Board of Revenue for their consideration.

The Competition in the English Market on Sugar from different Countries is so great that it is only by being enabled to export it at a very low rate that can afford any encouragement to prosecute on the

from the Sub Collector of Tanjore, and
of my reply, and to request the favor
of information from the Board of Revenue
whether any suggestion has been made to them
from the Collectorate authorities of Tanjore
to consider the Leases of Government to
the Indian Iron & Steel Company of the
right to cut Fuel in Tanjore as vacated on
the ground of failure in payment of the
last years rent at the time prefixed in
their Lease -

I further request to know
what answer the Board may have re-
turned to any such suggestion, and
and should be obliged (should there
be no objection) by receiving
copies of such Correspondence.

Sir,

I have the honor to
enclose an unsigned letter from
your Office, and to request that
it may be returned to me with
your signature attached -

As the subject of the
Company's lease of the Sheally Jun-
gles is at present under reference
in consequence of the nonpayment
of the rent within six months after
its demand, as prescribed in the
8th clause of the lease under which
the Jungles are held, I am unable
to furnish you with regular receipt
you request, until I receive the
instructions of the Principal
Collector -

meaning and intent, in reference to the proposed Scheme of Educational tests has not been very clearly explained in my Circular letter of 24th November last.

In recommending for adoption the Scheme of Educational tests detailed in that Circular, the Board did not propose to supersede the superior qualifications of Individuals brought up in Public Offices or to render any amount of Educational qualification an indispensable condition to admission into the Public Service, altho a preference is advocated for those who, Ceteris paribus, may evince superior Educational qualification. It does not therefore appear to this Board that in what they have proposed, they have gone beyond the views entertained by the Board of Revenue on the same subject, as expressed in the latter clause of the concluding para of your letter now under acknowledgment
