Extract from the Minutes of Consultation in the Public Department under date the 25th February 1842:-

Read the following letter

To R. Clerk Esqre
Secretary to Government
Fort St. George

Sir,

I have the honor to request that you will represent to His Lordship the Governor in Council that in obedience to His Lordship's Commands having communicated with Captain Hughes upon the subject of the application of Muricate

of

of lime as a manure in the Cultivation of Cotton, I have the been requested to state the probable expense of Muriate of Lime for use on the large scale.

2. Having considered the subject as well as my information enables me to do, I have forwarded to Captain Hughes such estimates as I have been able, but find that I have not been able to arrive at any certain conclusion regarding the probable price at which the Muriate of lime can be prepared on the large scale.

3. I have therefore drawn up the accompanying report which I have the honor to request may be laid before His Lordship the Right Honorable the Governor in which I have shewn that there are 13. different processes by which Muriate of lime may be prepared, but that there is only one process which can at present be put in practice in India on a small scale by which the Muriate may be prepared at the rate of about 5 Rupees for 18 pounds and not by which it may be made in England at about 20 per Cent in all the others, the expense is now uncertain.

4. I beg to suggest as I believe it probable, no person in India may be in possession of information upon which an opinion on the subject can be formed, that the report might be forwarded to the Honorable Court of Directors who from some of the manufacturing Chemists of London will be able to get the information required.

5. Regarding the experiments which it is necessary to enter upon in India I shall

be happy, under the orders of Government, to undertake them, at first upon a small scale, and afterwards to increase the scale to the magnitude which may be requisite hereafter, and propose to organize the manufacture in such a manner, as by degrees to abandon it altogether, to the hands and conduct of Natives, and leave it established so as to be altogether independent of Government.

Ryacottah, 5th February 1842.

Signed J. Campbell. Captain & Asst. Surveyor General

Report on the Manufacture in Southern India of Muriate of Lime as a Manure by Captain J. Campbell. Assistant to Surveyor General. Ryacottah, 5th February 1842.

1. Having pointed out in former reports that Muriate of lime does exist in considerable quantity in the most fertile localities in Southern India; that by its very deliquescent properties it may materially assist vegetation by absorbing Hygroscopic moisture to the arid Soils of Southern India; that

the

Fort St. George 24th March 1842

the salt has been tried in Horticultu=
in France, where it doubled the size
and weight of vegetables &c. there sh=
therefore be but little doubt that Mur=
=ate of lime may produce very consid=
=able advantage when applied as a
manner in Agriculture, and the que=
=tion now remaining is the expense
the preparation.

2. Muriate of Lime is the residu=
=any result of several processes in opera=
Chimistry in manufactories in Engla=
on the large scale, but it is not awar=
of its being applied to any useful pur=
=pose, and it is, I believe, always
thrown away as refuse.

3. In India however where a
very small demand exists for chemic=
manufactures the subject of the ex=
=pense of the manufacture of muri=
of lime becomes a very difficult que=
=tion upon which to arrive at a
any conclusion, in consequence of the
expense in great measure depend=
=ing upon the demand which may
be found for the primary and
most valuable results of the differen=
operations, in which the salt is produc=

4. There are many processes whic=
may

Fort St. George 24th March 1842

may be applied for the purpose of procuring Muriate
of lime, some of which are feasible in India,
while others can only be resorted to in England
among them it is not at all easy to ascertain
which may be the best or most convenient,
unless a series of experiments upon the sub=
=ject are entered upon. From which even on a
small scale a tolerable degree of certainty may
be arrived at. In the mean time it is pro=
=posed to consider each of the processes separately.

1st Process. By the double de=
=composition of a mixture of pulverized Car=
=bonate of lime, and Common Salt. This method
has been proposed by Scheele, for the purpose
of procuring the Carbonate of Soda, which is
produced as an efflorescence upon the sur=
=face of the mass and therefore the value of
the Carbonate of Soda obtained will decrease
the expense of the operation. The quantity of
the materials required will be about 4 parts of
the Carbonate of lime, to one of the Muriate of
Soda; but as the cost of the Carbonate of lime,
will vary in every locality accordingly as it is
procured

Fort St. George 24th March 1842

procured in the neighbourhood or not; and as we ha
no data by which to estimate the cost of the m
=nufacture of the muriate Soda, no estimate c
be made of the probable expense for the materia
A brick and Chunam terrace will also be requir
as a support for the heap of the materials, and
to collect the solution of the Muriate of lime
formed, and a light roof shed may be necessa
to protect the materials from the rain and o
=lay for labour to keep the materials together
and for attention on removing the Carbon
of Soda from the surface as it forms will al
be necessary, while the result of Muriate of lime i
the solution will be nearly equivalent to the q
=tity of Muriate of Soda which becomes decom
=ed. But the objections to this method are the
great quantity of materials necessary to p
=duce a small return and the slowness of the d
=tion of the decomposition, which will alw
be limited, and imperfect.

6. 2d Process. By the decomposition of
Muriate of Soda by Quicklime. This may be
effected as in the first by mixing the ma
=als in a moistened heap in the proport

Fort St. George 24th March 1842

of about 2 of the lime to one of the Muriate of Soda
here the decomposition will be more rapid
and more perfect, but the expence will be
greater than in the first, from the outlay for
fuel required to burn the lime. The results will the
same; the Soda absorbing Carbonic acid from the
air, and the expense of building required, and the
outlay for labour and attendance will be the same as the last.

7. 3d Process. By decomposition of
Sea water by a moistened heap of Pulve
=rized carbonate of lime. This process is
similar to the first and the outlay requir
=ed for buildings and labour at first will
be the same, while the expence of ma
=terials will be decreased by the salt
not being necessary, and the expence of
attendance will be greater, as it will
be necessary to supply fresh sea water
daily, as the evaporation proceeds. The ob
=jection to the 1st Process arising from the
loss of Interest on the outlay for materials
required will be in great measure removed,
but the decomposition will be much slower
and more tedious, while the Carbonate of lime
will require to be renewed from time to time.

8. 4th Process. By decomposing sea
water by a moistened heap of sand and quicklime

This

Fort St. George 24th March 1842

This process is similar to the 2d and the outlay for materials will be less, but as the admixture of sand with the quicklime will be necessary to prevent consolidation of the mass, it is doubtful if the expense of larger buildings and more labour will not counteract any advantages over the 2d Process. In both the 3d and 4th Processes the decomposition will be expedited by using sea water which has first been concentrated in salt pans.

9- 5th Process By evaporating to dryness the ~~mother~~ mother water of Salt pans from which the Salt has been separated by Crystallization. From the investigation of Dr. Henry we learn that muriate of lime exists in the mother water of Salt pans in England to a large Amount, but it is not impossible that it may be produced by the action of Sea water on a calcarious soil when nearly dry and I find no data from which to judge whether the Muriate of lime is found in the Salt pans of Southern India on the Sea Coast. The three last processes can only be put in practice near the Sea, and as in each of these it will be necessary to evaporate the solution of

Muriate

Fort St. George 24th March 1842

Muriate of lime to dryness in Iron kettles, to pack it in Casks and transport it to the Inland Plantations a considerable expense for fuel and land carriage will be necessary which may render it cheaper to procure Salt in the inland localities by washing the Soil, and making the Muriate of lime on the spot.

10- 6th Process by evaporating to dryness the Mother water of Salt pans in Mysore. I have discovered by experiment that Muriate of lime exists in large quantity in the saline solutions procured by washing the soil of parts of Mysore, and probably in very numerous localities in Southern India, and as the labor and outlay necessary for obtaining any mineral products of this kind resemble much that for making Saltpetre, it is not unprobable that 2 Rupees for a Maund of 25 Pounds may be fair estimate of the expense of Dry Muriate of lime made in localities inland whether by the 1st 2d or 6th Process.

11- 7th Process. By decomposing Muriate of Aminonia by quicklime. This process

process is simple and easy it being only necessary to boil the Muriate of Ammonia with twice its weight of quicklime in a large quantity of water in an Iron Kettle-Filter and evaporate to dryness. In England it can be made thus for about 6 pence a pound in the small way or in India I have found by experiment in the small scale that 18 pounds can be made for 5 Rupees no allowance being included for expence of apparatus or the labour of Manipulation nor for fuel or lime. This price is therefore too great to be useful in agriculture, though in Horticulture it might be employed with advantage. By boiling the mixture of the materials in a covered Vessel or retort, the Ammonia might be condensed in water, and if a sufficient demand existed in India for the solution of Ammonia, the Liquor Ammonia of the apothecary, the expense of the Muriate of lime might be reduced to a trifle by a sale of the Ammonia. In England it is by this process that the water of Ammonia required in Medicine or the Arts is always made, and there probably the refuse Muriate of lime might be procured for a mere nothing. Should a

a constant demand for muriate of lime be established, it is probable that this process might be advantageously established for the purpose of condensing the vast quatities of Muriatic gas given off in the Soda works of England; The condensation of which now causes the manufacture great trouble and expense. This might be readily and perfectly effected by sending the Muriate acid gas into a Stone Chamber, at another aperture in which the Ammonia given off in this process might be introduced, when complete and immediate precipitation of both the gases would ensue in the form of Muriate of Ammonia, and the deposit might be removed occasionally to be again decomposed by fresh quicklime yielding fresh Ammonia to be again precipitated.

12. 8th Process. By decomposing in a Retort by heat a Mixture of Carbonate of lime and Muriate of Ammonia. The Apparatus and the Manipulation in this process are neither expensive nor difficult to manage, and although no demand exists at present in India for Carbonate of Ammonia, yet as the salt is highly prized by the Natives of India as a stimulant and restorative, it is probable

probable that the process might be put in practice with much advantage, although it may be doubtful whether the demand for Carbonate of Ammonia would increase to such an extent as to afford a sufficient quantity of Muriate of lime for use in agriculture. In England where this process is employed in the manufacture of Carbonate of Ammonia, the refuse Muriate of limeas in the last may be procured for nothing.-

13. 9th Process. By the double decomposition of the Green Sulphate of Iron and common Salt- separating the sulphate of Soda by Crystallization and decomposing the remaining Muriate of Iron by quicklime. This process will require an outlay for fuel, and for Iron Kettles in which all the manipulation may be conducted, and the expense for materials will be the value of 139 parts of Crystalline Green Sulphate of Iron, and 59 parts of common Salt, while the result will be-

56 Parts of Muriate of lime
40 Parts of Peroxide of Iron
162 Parts of Sulphate of Soda.

The Sulphate of Soda might find a sale among the

F.G.B.

the natives as an alterative medicine and the Peroxide of Iron is used in the Arts in England as a polishing powder, but whether there might be any demand for it in India I am unable to say. Under these circumstances it is impossible to form any estimate of the expense of this process.-

14. 10th Process. By the double decomposition of Blue Vitriol and common Salt separating the Sulphate of Soda by Crystallization and decomposing the Muriate of Copper remaining by quicklime. The expense of fuel and labor will be the same as in the last process, but Copper Kettles will be required instead of Iron ones which will materially increase the outlay. The materials requisite will be 125 parts of Blue Vitriol and 59 Parts of Common Salt and the result will be-

56 Parts of Muriate of lime
162 Parts of Sulphate of Soda
40 Parts of Oxide of Copper, or
32 Parts of Metallic Copper

The Oxide of Copper may be made some use of in the Arts in India or it may be reduced to the Metallic state but as in the last process, no tolerably correct estimate

Fort St. George 24th March 1842

estimate of the expense can be made without
experiment on the subject. In both the last
processes the expence of quicklime has been
omitted as trifling comparatively with that of
the other materials and results.

15 The following process can
only be put in practice in England.

11th Process. By combining the Muriatic
Acid gas given off in Soda Manufactories
with lime by passing it through a bed of Car-
bonate of lime, or with Quicklime exposed
in layers as in making Chloride of lime. Of
the feasibility of this process on the large
manufacturing scale those only are capable of
judging who are practically acquainted with
the management of such establishments but
should it answer, it is probable the
manufacturers would be able to give
the Muriate of lime at a very trifling
price.

16 12th Process. By pouring
Muriatic acid upon carbonate of lime. At the
strength and price at which Muriatic Acid
is sold in London the Muriate of lime might
be made for about 20 Shillings per Cwt. no allowance
being

Fort St. George 21st March 1842

being made for expense of manipulation
nor for fuel to reduce the salt to dryness
as the Soda water makers of London pro-
cure their Carbonic Acid gas by pouring
Sulphuric Acid upon Carbonate of lime they
might by using Muriatic Acid instead
prepare Muriate of lime at a trifling
expense and with advantage to themselves.

17 13th Process. By filtering
and evaporating to dryness in Iron Kettles
the exhausted chloride of lime solution
of the bleach works, the expense of which
would be very trifling.

18. Regarding the expense of
packing of freight and land Carriage required
for landing Muriate of lime at Madras for
the purpose of comparing the expense of that
made in England with that which might
be made in India, I am not in the possession
of information on which to ground and
opinion.

From the Collr of Madras
Reporting upon a Petition from Mr J. Green relating to certain Ground for which Leases were erroneously joined to one Hyder Hossain Khan and which he purchased from M. Venkatachellum the holder of the adjoining lands for Rs 4-00.
Para 1.
14th January 1842.

To Bd 23d April 1841.
From Do 3d May
To Do 31st Oct Do
From Do 26th July.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 3d Instant transmitting copy of a letter from Government with the original petition from Mr J.G. Green therein referred to and calling upon me to supply the information required in Para 2 of that letter relating to certain Ground now in his possession.

2 The correspondence noted in the Margin will shew that of the Cs 3-21-105½ of land alluded to by the Petitioner Cs 1-9-105½ were delivered up by him under protest on the 12th May last and that Cs 2-12-0 were retained by him "which (he said he was) informed (could) be proved to have been "purchased from the original Native "proprietors." The Right Honorable the Governor in Council was pleased to authorize on the 13th July my following the

Fort St. George 24th March 1842.

the course suggested by the Advocate-General which was "that Government should take "no further step in the case as regarded the "Petitioner, but should leave him in undis-"turbed possession of what Ground he still "(retained) viz. 2½ Cs. The Petitioner on

28th Augt. 1841. being informed of this solicited that a certificate might be issued for the Ground

28th Do. " It was intimated to him in reply that under existing circumstances the rules of this Office would not admit of his request being complied with, because he had no title to the 2½ Cawnies which he re-ferred to —

3. In order to acquire such a title and to get back the Ground given up he on the 2nd November paid to M. Ven-katroy Moodelly the holder of the adjoining lands Rupees 400 for the whole of the Cs. 3-21-105 7/12 and obtained Bill of Sale from him so that the proportion of that sum for the C 1:9:105 7/12 which he again got possession of is Rupees 113-2-5 and the proportion for the 2½ Cs. which were actually in his occupancy at the date of M. Vencatroy Moodelly's bill of

Fort St. George 24th March 1842.

of sale is Rs. 256-13-7. On the production of the Petitioner of the Bill of Sale executed by the Petitioner in his favor the usual notice of his applica-tion was affixed on the land and Certi-ficates were issued in his name on the 18th Dec. last Nos. 3079 to 3082 when the certificates of 1836 erroneously issued to Hyder Hoosain Khan Nos. 1535 to 1538 were

No. 3079 for Cs.	23-17	50
3080 "	23-12	30
3081 "	22-18	70
3082 "	23-10	57½
	3-21-105	7/12

cancelled. —

It will thus be observed that the difficulty arose from his having mistaken the Cer-tificates which were issued to Hyder Hoosain Khan relating to Quit-rent for deeds conveying a bona-fide title. With regard to the Certificates issued to Hyder Hoosain Khan it is known to the Board that it was remarked by the Advocate General that they "were not Certificates of title "that they were of a different quality" and that Mr. Green in purchasing was bound to look to the title of the vendor and was bound by all consequences of not procuring a good title.

Encl. in Mr. Rose's letter of 25th May 1841 referred to in Para 3 of letter to the Board dated 31st May 1841.

5 Mr. Green's petition to Government is returned herewith.

Signed A. Robertson
Collector

Ordered

Madras, 21st March 1842.

Ordered that the following address be submitted in consequence.

To the Chief Secretary to Government.

(789)

To the Chief Secretary to Government

Submitting a letter from the Collector of Madras reporting upon a Petition from Serjeant Green and stating that the assertions of the Petitioner that he has been obliged to repurchase the lands which were originally Mortgaged to him by Hyder Hoossain Khan appear to be correct and that the Board consider his case one of peculiar hardships and desiring the indulgent consideration of Government and suggesting that the sum of 400 Rs which he has expended in the repurchase of the lands in question may be returned to him.

From the Coll.r 31st May in Cons.s 17th June 1841

Sir,

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 22nd Instant and to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying report by the Collector of Madras upon the Petition from Serjeant Green which was transmitted to the Board with your letter dated the 14th Ultimo.

2 With reference to Para 2 of the last mentioned communication I am instructed to observe, that the assertion of the Petitioner that he has been obliged to repurchase the lands which were originally Mortgaged to him by Hyder Hoossain Khan appears to be correct as Mr. Robertson states that a sum of Rupees 400 was paid by him on the 2nd November last to M. Teneatroy Moodely for the land in question in order to acquire such a title as might be

adduced

admit of compliance with his application to the Collector for Certificates being issued in his own name.

3 As there appears no reason to doubt that the Petitioner was induced to take the original Certificates in Mortgage from Hyder Hoossain Khan by the assurances received from the Officers of Government that the Documents were genuine which they afterwards turned out not to be, the Board consider his case one of peculiar hardship and

Fort St. George 24th March 1842.

and deserving the indulgent consideration of Government and they would therefore suggest that the sum of Rupees 600 which he has expended in the repurchase of the Lands may be ordered to be returned to him.

4 The Petition &c. &c. 6 of 1842 is herewith returned.

Board of Revenue
Fort St. George.

(10)

From the Actg. Collr. of Vizagapatam forwards Copies and Translates of Petitions addressed to the Board of Revenue by the Widow of the late Goday Sooria Bacayya row with remarks thereon

Sir

Para 1. I have the honor to transmit the accompanying Copies and Translates of Petitions addressed to the Board of Revenue by the widow of the late Goda Sooria Bacayyarow and the present registered Proprietor of the Ankapilly estate.

2 The purport of these Petitions is on the part of the said Proprietors to obtain a further postponement of the Collections of the balances outstanding against the Estate, and of the widow for a remission of a part of these balances together with a proposal for a more favorable arrangement for the adjustment of the remainder, submitted in consequence of her liability to make good from her private resources any deficiency arising in the failure of collections from the estates.

3 The subject of the balances out-

outstanding against the Proprietors of this District has already been provided for by higher authority and this year has been selected for carrying into execution the orders passed thereon, and the evident object of such Petitions is to retard the realization of these balances: but as these Petitions are addressed to the Board, I consider myself called on to submit them, with my sentiments on their respective merits

4 I am not prepared to concur in the argument advanced by the Proprietors in general that they are entitled to greater indulgence from the Government, than that already obtained, merely in consideration of the late unfavorable season and the deteriorated price of grain since the time of the permanent settlement, because in my opinion it would be at once upsetting the principles of that settlement which contemplated the occurrence of occasional reverses, being counterbalanced by the advantages which were ceded at that time to the Proprietors and which have been for a considerable period enjoyed by them

5 Moreover the admission of the justice of the above plea would in order to protect the

the interests of the Government in the question involve the necessity of a fresh assessment of the Estates (and which could only be made upon partial data) and as corresponding advantages must necessarily be extended to the Ryots belonging to those Estates, a most minute and laborious examination of the affairs of each would be absolutely necessary in order that the benevolent intentions of the Government might not be defeated.

But independent of the above general objections which I entertain to any modification of the orders already passed, the fact of the Estates now under discussion being peculiarly adopted for the cultivation of Sugar cane, and the great probability which exists of an extensive culture of this plant being introduced in order to meet the demands of a Factory which it is hoped will be successfully established in this District ere long renders the argument regarding the over assessment of these Estates less worthy of attention

7 Again I think it could be shown that the Estates which have heretofore changed owners, have in most instances fallen into arrears to the Government in consequence of

of the pecuniary embarassments of the owners and I have reason to believe very many of the present Proprietors are similarly circumstanced. it may be aswell to instance one Viz. the Zemindar of Madagole whose Estate it may shortly become necessary to bring under attachment, for notwithstanding the indulgence granted to him by the Government in respect to his old balances he has only paid * Rupees of this years Peishcush, and it will be obvious that he must have realized far beyond that amount during the past seven months of the Fusly; but the affairs of this Zemindar have long been in an embarassed state and every accommodation which he receives from Sowcars necessitates the transfer of a certain number of Villages for its liquidation, or the administration of the affairs of the whole Zemindary by the Principal creditor which is now the case, and in this manner the proper resources for the punctual discharge of the Peishcush are set aside for the liquidation of Private debts the Government claims being invariably considered as secondary matter

Demand * 30141-12
Collection * 2692-8-

Sir-

In conclusion I think it but just in reference to the Petition of the widow of the late Pracasarow to forward an extract from the Report of the late Mr. Commissioner Pupell on the Palcindah disturbances, might be exercised by the Government towards her in consideration of the loyalty of her late husband and the loss which he sustained in being staunch to their interests during the late disturbances but upon these grounds alone am I induced to support with my recommendation a reconsideration of the subject of her Petitions-

A

To

The President
and Members of the Board of Revenue
Fort St. George-

Gentlemen-

I beg leave in the most respectful manner to bring to your favorable consideration a few particulars of my case the urgency of which I trust may-

Fort St. George 24th March 1842

may induce your Board to lay them before the Government as worthy of consideration. Your Board must be fully aware that this District had suffered severely from the want of rain from the commencement of Fusly 1248, 1838-39, particularly to the South westward, and as the whole of my Estates Vizt: Anhapilly, Moonagapaukah Sheeramapooram, Godecherlah, Coorapolo Tallooks and a Village called Bhuramcam-lie in that direction I have been particularly unfortunate. My yearly payment to Government on them are Cs Rs 10,04,798 but from the almost total failure of crops of every kind I have not been able to collect even a tenth part of that sum, which has for the first time prevented me from being punctual in the payment of my Peishcush, (I heretofore made it my principal duty strictly to observe it), and necessity from the want of Funds forced me to the painful task of for once enrolling myself amongst the Defaulters.

I suffered from many causes in former years, but particularly from the rebellion of

Fort St. George 24th March 1842

of the late nuwaub Peishcar, and the injustice done me by G. A. Smith Esqr Collector and Magistrate of Rajahmundry in cutting down the Bhoomeeanbah embankment in my Godecherlah Mondal as well as from drought and low prices of grain. Nevertheless I regularly paid the Circar Peishcush in full up to the end of Fusly 1247 from other sources, making proper representations to the authorities at the time, which have altogether failed me now. The two Fuslies preceding that of 1248 were bad, the second worse than the first, still I paid my Peishcush in full without complaint

I have always let my lands to my Ryots on the easiest terms but from their poor and unfortunate circumstances balances to a considerable amount are still standing due, however with a prospect of a better season and that they would be able to repay me, I advanced large sums in Tuccavy to them but they are from the late failures of the Crops reduced to such a state of poverty, as to be obliged in many instances to part with their cattle and implements of husbandry

Besides this I have expended large sums on Tanks, Water courses &c. which with good seasons would have been a source of benefit but in the said three Fuslies 1246

7

Fort St. George 24 March 1842

7-8 they have not only been a useless expenditure but a dead loss to me - The total want of water brought its consequence, the total want of food and drink for cattle, and disease and starvation followed, Calamities like these must evidently have rendered the Ryots unable to pay any part of their rists to me, and harsh measures, which I should never wish to have recourse to, would instead of bettering my prospects only drive the unfortunate sufferers to the necessity of leaving their homes to seek distant places for Residence that they might avoid cruel importunities and thereby tend to my lands being uncultivated - All these circumstances combined have subjected me to severe losses and even were future seasons to prove fully productive the high Assessment under the present sadly changed times scarcely allows the smallest possible profit, much less to pay up large sums of arrears which the above circumstances have caused

Your Board must be well aware that times are greatly changed since the permanent

Fort St. George 24th March 1842

permanent Assessment, and that a garce of Paddy then sold for 60 Rupees - The ceded Districts Mysore and the other Southern Provinces have since poured in such quantities of grain that the prices have fallen in an alarming degree to Land holders added to this if your Board consider the quantity of grain now imported from the British possessions in the Burman Empire, that itself, without the other imports named above, has reduced the price of grain so low as to make the produce gram its cultivation, little more than sufficient to pay expences and outlay for lef with a high Assessment to give any profit to the Zemindars From the facts above stated though I am aware by the rules of the permanent settlement that I cannot look upon remission as aright; still I am confident if my case has your recommendation, and is laid before a liberal Government, the humane and generous feeling which has always characterized their acts to those who have faithfully fulfilled their agreements to their utmost will be extended to me by giving it a favorable consideration and granting

Fort St George 24th March 1842

granting me the remission of at least a considerable part of the arrears, which it is too evident I never can make good without involving myself in the greatest embarassments I am aware of the Government having been pleased to direct the arrears of Fusly 1248 to be paid in three years by regular instalments from the present Fusly; this may avert the evil for a short time, but it must terminate in my ruin If permitted it would be better at once for me to give up my landed property to the extent of my balances at a fair valuation to Government than to go on borrowing money at a very heavy Interest to pay those instalments, which I can never hope to recover from the Estates, and to suffer the worst at once rather than be ruined by degrees which virtually will be the final result.

The Sist of my Tallooks as well as advances of Tuccavy for Fusly 1249 were not realized in full from the failure of a portion of the crops consequent on the want of periodical rains, and the Storm of November last, besides destroying some of them made breaches in

Fort St George 24th March 1842

in the bounds of the Tanks, filled them beds with sand and choaked up the Water courses, the repairs for this cost me several thousand Rupees. For these reasons I experienced great difficulty in meeting the Pishcush of the said Fusly which however I effected with my usual punctuality.

In the present Fusly also there was very little rain in July and August last in this District and that little partial and irregular, the dry Crops in my Estates have consequently failed to a considerable degree and as regards the Wet-crops the sowing of seeds in certain parts of the land and transplanting in other have been much impeded. In the current month there have been some heavy showers, but not general and the season is too far advanced to sow seed afresh or to carry on a transplantation in lands situated below the Tanks, with any success. Under these circumstances I have no reason to think that I shall have a full crop, even in the present Fusly, and it would be useless and unsafe rigidly to enforce regulations against the poor Ryots, who have been already impoverished

impoverished in a great degree by successive unfavorable seasons -

Having therefore no means to make good that portion of the arrears of Fusly 1248 which the Collector has fixed to be paid in the Current Fusly Cist 29468-14 half to be paid on the 15th October, and the rest in February next - I humbly beg your Board will be pleased to give a further consideration to the whole of the matter herein contained and in the mean time to issue orders to the Collector to suspend his demand of the instalments till your Board has decided finally -

Vizagapatam

Acting Collector -

To

The President and Members
of the Board of Revenue
Fort St. George

Aryee addressed by Sanikadagaroo widow and heir of late Goday Soorii Raeausaraw

inhabitant

inhabitant of Vizagapatam

During the life time of my husband the Talooks Vizt Anakapilley, Moongapaka Seeeramporam, Godechorlah, Coeepoloo, and Bhare-sekum were as Zemindaries under him although he had sustained losses instead of benefitting himself from the said Talooks in consequence of the disturbance &c as well as from the failure of rains yet he used to pay the Peishcush to Government punctually and within the time allowed to that effect every year - My husband used to pay a greater amount of revenue to Government than all the other Zemindars in this District except the Zemindar of Vizeanagrum In Fusly 1248 a balance of Rupees 88404 1/4 remained uncollected in the Talooks consequent to the drought which prevailed in that, than in the two preceding Fusles, although previously to that period the revenues were not fully realized from the Talooks yet he (my husband) was punctual in the payment of his Kists by the means of his other Estate, but never solicited remission paying only

only such amount which was actually realized from the Talooks - It is true he endeavoured to pay the Peishcush of the said Fusly by other means as above cited, but failed to meet with success in his attempt - afterwards the Collector of this District having made a pressing demand for the said balance, my husband forwarded aezes to your address on the subject in April 1839 and also in September 1840. although he had obtained no answer from you, the Collector of this District communicated to him by letter dated 2gth February 1840 stating that the orders of Government were to recover the balance in question within 3 Fusslies from 1250. Lately when my husband was on the point of death he having written a letter to the Collector requesting him to get the said Talooks registered in the names of Vadoorvemoody Veerasuntivelee, and Soonkara Andinarainia, the said authority did so with the sanction of your Board, but at the same time he (the Collector) having obtained a letter from

me -

me to the effect that if the government shall refuse to forgo the amount of balance on account of Peishcush of Fusly 1248 I must be bound to pay the same myself, I am obliged to lay the case before your Board as follows -

The Collector says the season of this year is favorable and the latest advantageous and is therefore making pressing demands against the said Vadoorvemoody Veerasuntivelee and Soonkara Andinarainia to pay the first of the instalments, formerly made for the discharge of the balance of Peishcush for Fusly 1248 there not having been sufficient rains at the commencement of the cultivation in this year there is a loss in the produce of dry lands afterwards the season was of course favorable, and the produce of the wet lands proved something favorable - The price of the grain having gradually diminished it is impossible to collect money from the Ryots and therefore it is necessary to receive only as much grain as can possibly be obtained from them instead of ready cash - The grain that is thus obtained must be -

stored -

Fort St. George 24th March 1842

stored and when exposed to sale the rate will be reduced lower than that at which it was first received from the Ryots and consequently a great loss will be sustained - Under these reasons it is hardly possible for Vadavacoomooty - Veera - puntoloo and Soonkara Audinarainia to pay the Peishcush for the Current Fusly and cannot therefore pay any thing on account of the balance of Fusly 1248 - In the year Nundanah 1832 when Cakurlapoody Jagannandharauze committed disturbances in the name of Payakarow, the same was more severe against the said Sreeramapoorum Godicherlah, and Covvapaloo - Talooks, and my husband was very much troubled and sustained a great loss thereby - When my husband with the sole view of meriting the favr of Government, had not only opposed the rebellions, and attacked them but having also prevented the Ryots and the other inhabitants from supplying them with the necessary provesion they bore grudge in consequence, and committed great disturbance in his Talooks When the Honorable

Fort St. George. 24th March 1842

Honorable Russell Esqre came to this part of the Country as Commissioner my husband made out a Petition touching the matter in question and delivered it to him - but no remission was granted - In the year Hava - Fusly 1837 Mr A Smith the Collector of Rajahmundry District having caused the bank called Chumpoodoocotta of Bhoomy Channel of Godicherlah Hoondah to be disturbed and removed, a great loss was sustained in the Villages which usually receive water through the said Channel - This circumstance was brought to the notice of your Board by my husband, and you were pleased to order only to re-erection of the bank but did not grant any remission for the loss thereby sustained - This being the case, my husband was induced to sue Mr Smith in the Northern Provincial Court at great deal of costs - Thus my husband sustained a great loss on account of the said Talooks both from the several prejudices above alluded to, as well as from the failure of the rains - although my husband had thus sustained loss yet he used to pay Circar Peishcush every year within the time allowed Who therefore never troubled either

your

Fort St. George 21st March 1812.

you Board at the Government - Even by requesting time or begging remission for the balance in question - In Fasly 1218 the [my husband] having sustained a very great loss and finding it impossible to get money even by the means of his other Estate, he was obliged to keep the said amount of Peishcush of that Fasly in arrear but not after collecting money from the Tallooks not being able to pay the Peishcush by other means - It is customary to collect money from the Ryots of the Aumany Tallooks only from the produce actually derived and not otherwise - On a reference to the accounts of the produce of the Hoondals of Surwaiddy and Vamolapoody which are under Aumany situated close to the said Godichedah Speeramapoorum and Veerapelloo Tallooks it will be apparent to your Board that by the value of produce of the said Speeramapoorum &c Tallooks it is hardly possible to pay the Peishcush for the Current Fasly as that

Fort St. George 21st March 1812

that nothing will be left to be paid on account of the balance for Fasly 1218 - Notwithstanding the loss we had sustained from the said Speeramapoorum, Godichedah &c Tallooks from the severe occasions above alluded to, we have been punctual in our payment of Peishcush till Fasly 1217 by means of other Estate also, I am confident that your Board will consider it unjust to collect the balance of Peishcush of Fasly 1218, from me, who am lamenting after the greatest loss of my Husband, and that the Government will not be merciful towards their subjects when they are to be ruined from such occasions as have been above cited -

Wherefore I humbly pray that your Board will be pleased to bring the subject of this Argee, as well as of that which was formerly addressed by my Husband into their favorable consideration and grant remission for the whole amount of balance of Peishcush outstanding on the

the six Talloks above named for Fasly 1248 - If your Board do not accede to it from any reason I humbly beg that they will at least forego half of the said amount and recover the other half from me by 8 yearly instalments -

15th January 1842 - Saturday the 6th increasing Moon of the Mouth Poosheia year Ravah -

Acting Collector

To The President and Members

Board of Revenue

Fort St. George -

Anjee of Vodoormoody Veeriah Pantulu and Soorkarah Audinarrainah Proprietors of Atukapillay, Mongapakah &c. Hoondahs -

In the month of February last when the late Goda Sooriah Pracanvah Row was at the point of death having

having written a letter to the Collector of the District of Vizagapatam requesting him to have the Atukapillay, Mongapaka, Streerampooram, Godicherla, Coroopolo &c. his Talloks as well as the Village called Buncekum registered in both our names - that authority accordingly did so with the sanction of your Board -

The Collector of this District has been pleased to allow us to pay the amount of the first of the instalments formerly fixed by Government for the discharge of the balance of Peishcush outstanding against the said Talloks for Fasly 1248 together with the amount of that for the present year -

There not having been sufficient rain on the commencement of this year /1841/ cultivation of the dry land was greatly destroyed and having had sufficient rain subsequently the low lands have yielded to some extent but the price of grain being greatly reduced

reduced it is very difficult to recover ex-
money from the Ryots -

From the Talooks of
Streenamaporam, Godicherla and Corrapolu
we are obliged to receive grain only, there
being no Sowkars to purchase grain from
them - Further if we do receive grain and
get it stored for sale till we may meet
with a good market there can be no other
means to make good the Peishcush for
the present Fusly - we are therefore obliged
to dispose of the grain for any price
whatever, even then it would be difficult
to pay only the present Fusly's Peishcush

As we are new hands
in the management of the said Talooks
and the price of the grain being not
only much less than that of the last
year, but it being also anticipated
to become still less as also the
circumstances of the Ryots being
in a depressed condition from
the failure of rain which was
experienced during the past five years,
it

is difficult for us to pay even
the Peishcush of the present year tho'
the low lands may produce to some
extent, much less to pay any part of
that of the outstanding balances for
Fusly 1218 -

formerly when it was
the practice of exporting grain from
this Zillah to Madras there used to be
a good sale for the same - it is now
being taken from the Southward the
above practice is therefore discontinued,
as no profit is derived therefrom - from
this, as well as from the grain being
brought from Rajamundry and from
the abolition of the factories that formerly
existed which is the cause of the money
being greatly diminished in this part of
the Country the price of the grain is
reduced and the speedy disposal of
the grain stopt -

When the Summabundy
was fixed in the first instance upon
our Talooks it not having been done favor-
able to the Renter and the Ryots ex-
having

Fort St. George 24th March 1842

having become poor from the want of rain it has been hardly possible to pay the Peishcush of every year and therefore none remains to pay on account of arrear. Even the payment of Peishcush of every year rests solely on the repairs of the Tallooks which may be made at much expense as also on the liberal payment of Tuccavy to the Ryots and the regular fall of rain but not otherwise.-

If your Board would be so good as to compare the amount of collections of our Sreeramporum, Godicherla, and Cocoopaloo Tallooks with that of Survaviddy and Vamoolapoody which are situated close to them and which are the estates of Government and also that of Anakapilly and Moorgapaukah with that of Velichoor Cottoor and Condakirlah Hoondahs situated close to them belong to Saughy Padmanabhaiengar which are under attachment, you will perceive that it is very difficult to

Fort St. George 24th March 1842

to pay even the Peishcush of the Current Fasly much less to pay any balance of Fasly 1248.-

From these reasons we beg to implore that your Board will issue instructions to the Collector of Vizagapatam to the effect that he may not at all collect from us the balance of Peishcush for Fasly 1248-20th February 1842.-

Acting Collector-

From Mr. J. A. Oakes 9th inst. 19th March 1842.

Extract of a letter from the Honorable G. E. Russell Esqre to the Chief Secretary to Government under date the 18th November 1834-

Para. 7.

When the permanent settlement was formed in 1802 the Districts of Suttiavarum and Anakapilly were sold in common with the other Havelly lands and were purchased by the Rajah of Vizianagrum, by whom they were transferred in 1810 by private agreement

From the acting Collector dated 24th July 1822 Para 5 para 6 of this report.

agreement to Gody Sooria Pracasarow in January 1832 - Suggana drauze otherwise called Seetaramanah, a Cousin of the boy who was said to have been adopted by Rajiah and who died some time before, appeared at the head of a large body of armed followers, and having assumed the title of Paikrow proceeded to commit depredations and laid the inhabitants under contribution. The acting Collector Mr Smith in his letter to the Board of Revenue dated the 24th July 1832. attributed these disturbances to the unconciliatory spirit and unpopularity of the Proprietors of the estates in that neighbourhood, and particularly of the person mentioned above and his brother Narrain Row, but I am satisfied he was mistaken. It was not an insurrection of the people, arising from personal dislike or attachment to an individual - the Inhabitants generally had no connection with the rebel factions and they were compelled to purchase safety for themselves and families by contributing to their wants and deterred

From the acting Collector of Ms G. A. Smith dated 24th July 1832 P.

deterred from giving information through fear of their resentment were yet not interested in their success. The person who took the ostensible lead in the insurrection professed no local influence but was a mere puppet in the hands of Pagana drab, in whom the acting Collector had been induced to place such implicit confidence as to recall the troops employed by Mr Gardiner in that part of the District and to commit the protection of the country entirely to his charge and for a time was able to confirm that Gentleman's belief in the fidelity of the every moment that he was secretly exerting every means in his power to thwart his endeavours and aid the insurgents - the situation of the Villages belonging to Sooria Pracasa Row and others in the vicinity and the nature of the protections set up by the insurgent Chief, were in themselves sufficient to account for their having been made the principal scene of his depredations but it is due to Sooria Pracasa Row to state that his exertions to further the public interests rendered him the peculiar object of their revenge and as a natural consequence

3693 Fort St. George 24th March 1842

consequence brought upon the estate a more than equal share of violence and outrage. The first intelligence received by the public authorities regarding the views and movements of the insurgents in that part of the District was communicated by him and he continued to exert himself to the last. Although the insurgents grown bold by success took up positions among the Hills strong by nature and rendered still more so by stockades, and at no hope remained of subduing them by other means, the whole of the District excepting the Three common divisions, which, by some mistake was omitted on the original proclamations was placed under martial Law on the 14th December 1832. The error in respect to the Three common division was supplied on the 5th March 1833.

Order thereon.

Ordered that the subject alluded to in the foregoing letter be referred for the report and opinion of the Acting Collector Mr. Smollett, who in all probability has already assumed charge of the District.—

Mr. Smollett will at the same time report generally on the state of the balances which form the subject of the correspondence with Government noted in the Margin, and for the payment of which, the proprietor of the Estates upon which they were due, were allowed a period of three years, from Fusly 1250 to 1252 inclusive, under sanction of Government dated the 21st January 1840, and communicated to the Collector on the 6th of the following Month.—

From the Collr of Rajahmundry

Submitting the annual Jummabandy Report of the management Estates of Ramachendrapooram and Vagayemmapettah for fusly 1250.

Both in English and Telugoo

To the Secretary to the Board of Revenue. Fort St George

Sir,

Para 1 I have the honor to submit, the accompanying statements which exhibit the settlement of the management Estates of Ramachendrapooram and Vagayemmapettah for fusly 1250.

Of Ramachendrapooram Zemindary.

A No 1 Shewing the Demand, Collection and Balance of the Current and arrears

" 2 Shewing the Particulars of former balances for the years in which they accrued.

" 3 Shewing the Account Current of Receipts and disbursements of the Current fusly.

" 4 Shewing the Permanent Jummah, Collection and Balance.

" 5 Shewing the Comparison of the Demand for fusleis 1249 and 1250.

" 6 Shewing the settlement of the Amanie

Fort St. George 24th. March 1842

Annamie or Vifsabady Villages for fusly 1250. of Vayayemmah: pettah Zemindary.

B No. 1 Shewing the Demand, Collection and Balance of the Current and arrear.

" 2 Shewing the particulars of former balances for the years in which they accrued.

" 3 Shewing the Account Current of Receipts and disbursements of the current fusly.

" 4 Shewing the Permanent Summary Collection and Balances.

" 5 Shewing the Comparison of the Demand for fusslies 1249 and 1250.

" 6 Shewing the settlement of the Annamie or Vifsabady Villages for fusly 1250.

Ramachendra: poo:am.

Vide Letters to Bd. 30th Decr. 1839. & 1st Novr. 1841

2 The present apportioned half pending the sanction of the Sudder: sion accounts of the permanent assessment of the Ramachendrapooram, half of the

Fort St. George 24th. March 1842

the ancient Zemindary of Collah and Ramachendrapooram, is Rupees 62298—47 " and the circumstances under which this Zemindary came under Management are as follows. In the year 1836, the whole of the Collah and Ramachendrapooram Zemindary was under charge of Rajah Cankatapoody Ramachendrarauze Zemindar, when it became in danger of being lost to the Family in conse: :quence of the necessity of satisfying a demand of one Soughee Padmanaba: :rauze for Rupees 2,06,248 —— 10 ——. In this emergency, Cundemullah Narsiah: Kistniah Ramiah and Rungiah came forward to and the said Ramachendra: :rauze with a sum of Rupees 94000. which was requested in addition to certain Nuzurpha remission allowed by Govern: :ment, but as the terms of this Aid were such as were not likely to relieve the Zemindary from its difficulties Government

Government were applied to, but the negotiations were rendered difficult by Rajah Vankatapoody Juggamada rauze, who had a lien on half the Zemindary, being unwilling that the whole Management should continue in Ramachendra rauze. Subsequently under an order of the Court of Sudder Adalut, the Cottah half of the Zemindary was made over to the said Juggamadaha rauze and Government advanced to Ramachendra rauze Rupees 47,000 on account of his share of the Mortgage against his half of the Estate, the Zemindary being pledged to them for the fulfilment of the engagement.

3 Unfortunately the Completion of this arrangement was followed by the two disastrous years of 1838 and 1839, which put it out of the power of the Zemindar to satisfy even the Government Demand; and the amount paid by him on account of permanent Settlement in Fuslies 1248 and 1249 was only Rupees 33256——3——4½ and Rupees 20,563——3——9 respectively. As however these payments were not in proportion to the Amount realized by Ramachendra rauze from the Zemindary in fusly 1249 Rupees 48081——"——4, I thought it right at the end of the latter year to attach it as referred to in the correspondence noted in the Margin. The season of fusly 1250 was again unfortunately unfavorable, but as the details of this have been fully entered into in my several reports on the management of the Zemindaries and Government Estates, it does not appear necessary to repeat them here, merely observing that the amount realized from this Zemendary Rupees 53,251. appears more favorable than the outturn of the District generally.

A loss of upwards of a thousand Rupees has been sustained by this Zemindary inconsequance of an Act of the Court at Rajahmundry in taking away from the Village of Coottah about Eight Pottas of land under Plea of a Rauzenamah filed in the year 1824 between Row Venkatarow, the Proprietor of Veeravellepollem; and Woopala Patty Ramarauze, Proprietor of Tabey and Venkatapah Estates, but who had of course power to dispose of their own estates, but not of lands in the possession of another pasliy, and forming part of the Assets of a different Zemindary. According to Regulation III of 1802. Section XI. Clause I, any process affecting to Estates paying revenue to Government is required to be executed through the Collector, which was however not done in this Case, which circumstance was reported

Vide to Bd. 30th March
To Do 10th April 1844
From Do 6th May Do

reported by me at the time to your Board, and I was directed to apply to the Provincial Court, which has been done, but the Case has not been disposed of yet.

The following Abstract
5. shows the mode of settlement of the Villages of this Estate for fusleis 1249 and 1250-

Fusleis	Vefsabady	Rent	Total
	2	6	4
Fusly 1249	25	12	37
1250	19	18	37

This Estate was possessed
6. in fusly 1249, and previously to its being placed under attachment, 12 Villages were rented out to the Villagers for the term of which has not expired - Besides these, 6 Villagers, held in fusly 1249 under Vefsabady were settled in the fusly under review under Royanee rent for the term of one year. Thus in all, 18 Villages were settled under rent and 19 under Vefsabady as above shewn.

The following Abstract shows
7. the Amaracum Cut, the deductions on account of usual remissions and land uncultivated & loss of produce &c. and the remaining settlement of the Vefsabady Villages.

Amount

Fort St. George 24th. March 1842

The usual remissions and Village charges above alluded to, were allowed, according to custom and the present circumstances of the Estate. - In consequence of the adversity of the season, the Amounts of Rupees 79 on account of lands left uncultivated, and Rupees 9180—11—9 on account of failure of crops were obliged to be remitted at the time of settlement. - The Enami=um lands of certain Bramins, Moot=ha=dar under Jeroyettee, on condition of annually paying a ready Money allow=ance from the collection of the Estate; the cost of such lands was included under the head of Jeroyettee, in the course of the settlement as usual, and the amount of that item Viz! Rupees 2525—3—11 was paid to the said Enamdars from the collections of the Vysabady Villages.

The following Abstract shows the amount of settlement of the 18 Villages under=8. sent for the Tusly under review com=pared with the Fusly 1249 —

3710 Fort St. George 24th. March 1842

By the above, it will be seen that there is a decrease of Rupees 7135—7—11 upon the six Villages rented for this Fasly under Royanee system. This decrease is however rather nominal than real, the Zemindar having retained in the accounts, the whole Amanee Cist without reference to loss from lands left uncultivated or failure of produce, the consequence of which was that out of the settlement of Rupees 29,667-7—11 only Rupees 12307—15—11-¼ were realized, leaving a balance of Rupees 17359—8—. This was observed by the Zemindar himself, and these rents were made on his recommendation and

	Permanent Assessment C. Rs. A P.	Berizy or last.	Increase 6 Rupt. A. P.	Decrease 6 Rupt. A. P.
Permanent Settlement of the 17 rented Villages	13404 15 2	18,793-9		5388 9 10

Total	73,663	7	3	59,852	5	8	13,899	14	5			

The

The remark, which has been applied above in the case of the rents, applies equally in the comparison of the settlements of fuslies 1249 and 1250, the Zemindars settlement of fusly 1249 having been generally the assessment of the land without deductions and not a realizable settlement.

10

Of the above settlement of Rupees 93,663—7—3. Rupees 49,147—8—8. were realized within the fusly and Rupees 650—10—6. subsequently to the end of December in

	Rupees	A	P

14 The Vagayemmah pettah Estate was under the Management of this Office for the Fusles from 1241. to 1247., when a heavy amount of arrears having accumulated, the Zemindar, Vandravoo Soondarapah, requested to be allowed the management, which was granted on condition of his furnishing security for the fulfilment of his engagement.—

15 In Fusly 1248 [illegible] Rupees 6,805 8 - out of Rupees 8,750 - but the circumstances of the season were so unfavorable that it was not desirable to disturb the aarangement, as the Bond of Davarapilly Vencapah, the Security, was understood to apply to the time during which the Zemindar might hold the management, or until he chose to withdraw from the responsibility. Under these circumstances the management was held by the Zemindar until the Month of March 1840 when Davarapilly Venkapah having

From D° 10th May D°

having stated that it was not his intention to have remained Security beyond Fusly 1248, the subject was taken under consideration in the correspondence noted in the Margin, and it was decided that he should be relieved from further responsibility, on his paying the sum of Rupees 2,079—12 10- being the amount appropriated by the Zemindar and which corresponded nearly with the - actually due for Fusly 1248.

16 The Villages of the Vagayem-
-mapettah Estate are ten, and adjoin those of the Ramachendrapooram Talook, and the season was equally unfavorable in both cases- of these ten Villages, nine were Ryotwar settled under Nyssabady and 1 under Ryotwar in both Fusles 1249 and 1250-

17 The following statement shows the Amaracum Estt. the deductions and the net - amount of Settlement of the Nyssabady Villages for the Fusly under review compared with Fusly 1249-

Thus

Thus it will be seen that there was a decrease in Fusly 1250. of Rupees 2,390—9—9. in the Vilsabady Settlement, as compared with Fusly 1249. which arose from the nature of the Zemindar's Settlement in Fusly 1249 in which the full assessment of the land was retained and no deductions made for circumstances of season or other causes.—

18. The only Village named — Mirlapandoo, which was settled under rent for this Fusly was let out by the Zemindar for a term of years, at an Annual Beriz of Rupees 1916. with reference to its actual state, and though the amount is low a better arrangement could not be made.—

Permanent Settlement Rupees 2,306-1-9.
Rent Beriz 1916—
Decrease 390-1-9

19 The total Settlement of Vilsabady and rented Villages of this Estate for the Fusly now under review, shows a decrease of Rupees 2,390—9—9 below

Settlement of Fusly 1249. Rupees 11,895-8-7.
Do. of Fusly 1250. Rupees 9,504-11-10.
Decrease 2,390-9-9.
Permanent Settlement Rupees 8750—
Settlement of Fusly 1250. Rupees 9,504-11-10.
Increase 754-11-10.

below that of Fusly 1249. and an increase of Rupees 754—11—10. beyond the Permanent Settlement, as noted in the Margin. Of this Settlement Rupees 9,504—11—10. a sum of Rupees 5,475—8—3. was realized within the Fusly, and Rupees 48—11—8. Subsequently to the end of January, making in all Rupees 5,524—6—11. leaving a balance of Rupees 3,980—7—11. of which a portion will be realized, but this Estate is in a very depressed condition.

20. The Amount of arrear/ on account of Fuslies 1248 and 1249 outstanding at the commencement of the Fusly now under review was Rupees 12,399—5—8. of which Rupees 474—15—— were collected within the Fusly, leaving the present balance Rupees 11924—6—8. as noted in the Margin.

Zillah Rajahmundry, Coll.s Circt. Cutchy. Taudemullah

15th March 1842 E. E. P. (Signed) J. A. Smith
Collector
Ordered.

3749 (16-17) Fort St. George 24th March 1842.

Order thereon, Ordered to be sent again in Circulation.

To The Secretary to the
Court of Wards
Fort St. George

(18) From the Coll. of Rajahmundry. Submitting the annual Jummahbundy Report of the Minor Estate of Penapullah for fasly 1250.

Sir,

Para 1. I have the honor to submit the accompanying Statements which exhibit the settlement of the Minor Estate of Penapullah in this District for fasly 1250.

No. 1. Shewing the Demand Collection and Balance for fasly 1250 and since the Estate came under Management in fasly 1239.

" 2. Shewing the particulars of former balances for the years in which they accrued or from Fasly 1239 to 1249.

" 3. Shewing the account Current of receipts and disbursements since the Estate came under Management

Shewing

3750 Fort St. George, 24th March 1842.

No. 4. Shewing the Permanent Jummah, Collection and Balance both for arrears and Current.

" 5. Shewing the Comparison of the Settlement of Fasles 1249 and 1250.

2. This Estate is so highly aspected that it has long been difficult to effect a Settlement of it, with a possibility of its realization in the most favorable seasons, and the three last bad seasons have had the most serious effect on it by obliging many Ryots to reduce to or discontinue their Cultivation. The following Statement shews the Settlement of Fasly 1250 as compared with Fasly 1249 and exhibits a Net decrease of Rupees 417 — 14 — 4.—

Items.

			Deduct Increase	17. 7 2.
			Net Decrease	417. 14 4.

Fort St. George 24th March 1842.

3. The number of Ryots, who were obliged to abandon their cultivation this year, was twenty seven, and others were obliged to reduce their quantity of land, and after these reductions even remission was obliged to be allowed at the time of the Jummabundy to the extent of Rupees 162 — 7 — 10. on account of land, of which the produce failed entirely. The Village Charges were a little increased by a remission allowed to the Moonsiff of ten on Rupees with reference to what had been previously his admitted right.

4. Of the above Settlement of Rupees 950 — 2 — 4, Rupees 720 — 15 — 9. were collected within the Fusly, leaving a balance of Rupees 229 — 2 — 7, which has not yet been realized, in consequence of the great destitution of the Ryots, and for a like reason, no part of the balance of former Fusties amounting to Rupees 2,546 — 11 — 5. outstanding at the commencement of the Fusly under review was realized without.

20-21

Order thereon.— Ordered to be recorded.—

Read the following letter.—

To the Secretary to the

Board of Revenue

Fort St. George.—

22

Sir,

From the Pr. Coll.r of Nellore } I have the honor to acknowledge the receipt of Mr. Smallett's letter of the 20th May last, on the subject of two applications from two individuals.— named A. Ramasawmy & Wahid to have certain Manimmy lands which were resumed & restored to them.—

Recommending the release of certain Manimmy lands claimed by Wahid Cur.— mums name ed Acharamy Ramasawmy and Wahid.— No 33 of 1841 accompanying

I consider the case of the Petitioners to be one of hardship— The lands were granted in lieu of resumed privileges as Watta Cumrums— They were forfeited for a balance of Pagodas 35— ½— 10 due for fusly 1233 when the season had entirely prevented the cultivation of the lands— It will be recollected that that year was one of famine— The annoyance they were put to by the Tahsildar there is every reason to believe led them into a hasty declaration that they would rather relinquish

Fort St. George 24th March 1842

relinquish their lands than undergo it— This verbal offer to relinquish was reported to the Principal Collector who issued an order to dispossess the Collector of the balance due & to take from them a written relinquishment of the lands— They have been from that period deterred of them, but it does not appear that they ever gave a written relinquishment of them— The balance of fusly 1233 together with the Peyliga of the subsequent years had been more than remitted—

3.— It does not appear that the information called for in Mr. Elliott's letter of the 5th November 1839 has been ever furnished and I therefore take this opportunity to state that up to fusly 1234 the practice had been to collect the Peyliga on all Manimmy whether cultivated or waste, and the Petitioners therefore were by usage bound to pay for fusly 1233, but this practice was changed by Mr. Principal Collector Smalley in

Fort St. George 24th March 1842.-

in Fusly 1236, and though Metta Mannium were still made chargeable with the payment of Boydaga in all seasons Maguzie Mannium were exempted in the event of the season preventing their Cultivation.-

4 The Petitioner's Lands are now occupied by some Puzzakany Ryots but as they have only held them two or three years, I see no objection to their restoration to their rightful possessors and would recommend it being done more especially as the family has long been much respected in this District and is now in a very destitute condition.-

Nellore District
Kistnapatam Pt. Collr.
Cutcherry 7th March 1842

Signed J. V. Stonhouse
Pt. Collr.

Resolution thereon.-

22-23

Under the circumstances set forth in the above communication and on the recommendation of the Principal Collector, the Board of Revenue sanction the restoration of the Mannium lands resumed in Fusly 1234 to the two individuals therein alluded to, named A Ramasaumy and Woabiah and which are stated now to

Fort St. George 24th March 1842

be in the possession of some Puzzakany Ryots.-

Read the following Letter.-

To the Acting Secretary to the
Board of Revenue.-
Fort St. George.-

24

From the Collr of Bellary.-

Sir,

While issuing Certificates to Vannicadars in this District agreeably to the Rules circulated by the Board of Revenue under date the 18th January 1841 I found the terms in the Margin which are applicable to "Pagodas and Mosque allowances" entered under the head of Vannicks Vannicadars &c. for many years. They were granted for Maturn Mosques Tuckeys &c. and as such

Per Month
Rs as P
na

Fort St. George 24th March 1842.

such can hardly require Certificates. The late Principal Collector Mr. Robertson noticed this improper entry in the Accounts, in the 3d Para of his letter to the Board under date the 31st October 1838 - when submitting certain Statements and recommended that the items be transferred to Pagoda and Mosque Allowances but as no reply appears to have been received to that reference, the usual practice of exhibiting them under the Peonia Indars has been continued to this day.-

2 This being however irregular I have the honor under the foregoing circumstances to request the sanction of the Board for the transfer of the above items of allowances to their appropriate head in my Accounts.

Bellary Coll's Office
5 March 1842
} Signed A Mellor Coll.

Proceedings thereon.- The Board of Revenue see no objection to the transfer of the several items of allowances adverted to in the foregoing communication which seem to have been irregularly entered under the heads of Peonia Indars &c.

24-25

Fort St. George 24th March 1842

to that of Pagodas and Mosques allowances to which they properly appertain.-

The Board would recommend that in adjusting the Accounts in the manner now sanctioned the Collector should do so in communication with the Accountant General.-

Read the following Letter.-

To the Acting Secretary to the Board of Revenue.-
Fort St. George.-

26

From the Coll'r of Chingleput

Sir,

In reply to your - Letter of the 3 Instant, I have the honor to inform you that the Tanadars Peons having received information of the concealed, applied to the Villages Moonsiff who went with

3776 Fort St. George 24th March 1842.

with him and consent the house to be searched. No search Warrant had been issued to him.

Chingleput District
Coll.r's Cutcherry
Conjeveram 9th March 1842

Signed A. Freese
Coll.r

Proceedings thereon. It would appear from the foregoing communication that the Tanah Reon acted in accordance with the Police Regulations when making seizure of the Gunjah therein alluded to, the Board accordingly authorize its confiscation and the distribution of the proceeds in the regulated manner.

Read the following letter

To The Secretary to the
Board of Revenue

Sir,

Fort St. George

From the Collr. of Salem

Para 1

Referring to the Extract from the Proceedings of the Board of Revenue dated 10th June 1841, I have the honor as there requested to forward Statement Shewing the annual revenue of the Pagodas and other places of Native worship at the time the Country was assumed by the Company and the Money allowances which have since been assigned for their support. also a Statement Shewing the Sums expended in the repair of the buildings or for other objects connected with the institutions, as well as a Statement required in Para 6 of the Secretary to Government's letter to the Revenue Board dated 12th June 1841, exhibiting the Sum now in deposit from the Dawastanum funds in this District.

(28)

Submitting information called for regarding the revenues of the Pagodas and other places of Native worship the money allowances assigned for their support the Sums expended in the repair of the buildings and the Sums now in deposit on their account

State No. 1.

State No. 2.

State No. 3.

2 In forming the first of these Statements great inconvenience has been felt from the imperfect nature of the old records in

in consequence of which I have been obliged to have recourse to the duftors in the possession of the Village Curnums, for much of the information required. On inspection of the Abstract at the end of this Statement, the amount formerly held in lands appears to be Rupees 64708-13-1 in Money allowance Rupees 12068-1-11, and by Inams and other Sources Rupees 8271-5-2 - making a total of original endowment Rupees 65048-4-2.

3 Although the Pagoda lands appear to have been resumed at an early period, there does not appear any account of a fixed Tusdeek until the one made by David Cockburn in Fusly 1211 for by a letter from Col. Read to Capt. McLeod in Fusly 1208 it would appear that a deduction was made on account of the Devastanums at that time equivalent to the Collections on the lands they had formerly possessed, but which had, at a prior period to this, been resumed and brought to the Sunnud account of the Sircar.—

4 In Fusly 1211 however, a regular tusdeek was fixed amounting to Rupees 53985-13-1. afterwards revised by Mr. Hargrave at Rupees 64253-2-6. and by Mr. D. Cockburn at Rupees 64253-7-2 at which sum, it at present stands - to this add, the value of lands now held by the Pagodas Rupees 163-9-9. and Inams &c. Rupees 520-8. the present income of the Pagodas from all Sources is Rupees 53237-8-9. being, less than that which they formerly possessed in land &c. by Rupees 9810-11-5.

5 The want of old accounts, and the general nature of the few found, prevents the possibility of checking those now forwarded, with any degree of precision, or of enabling me to lay before the Board the particular items of increase and decrease, which may be found therein. I have three estimates of Fusly 1207 forwarded by Munro, McLeod and Graham which make the amount derivable from the devastanum lands and which they state had that year been assumed to be Rupees 43719-2-2. but as the talookas of Ossoor and Denkenicottah were

Fort St. George 24th March 1842.

were not received until Fusly 1209 the amount of Devastanums lands in them being added, and which in Fusly 1211 amounted to Rupees 3809-11-7 leavings the total amount Land Revenue then enjoyed by the Pagodas Rupees 49528-14-7 which is Rupees 1870-1-6 above that at present claimed. In the Money allowances however, which at the former period was entered for Pagodas & Ceremonies at Rupees 4588-15-9 there is a large increase in the present Statement, as the sum of Rupees 12068-1-11 appears under that head. But on the whole, I fancy the present account transmitted to be pretty nearly Correct, as the total of the old estimates amount to Rupees 54117-14-4 and the present amount, exclusive of Meras to Rupees 56841-9-7 being an increase of Rupees 2723-11-3.

6 It is true that the total amount as shewn in account, shows a much greater increase than this Viz. 9810-11-5 Rupees in favor of the old receipts, but if the amount collections of Meras &c. which were discontinued as objectionable

Fort St. George 24th March 1842

objectionable Collections, be deducted and which amounted to Rupees 8271-5-2. the Net increase in favor of old account, will only amount to Rupees 1640-6-10.

I have mentioned that the first regular tusdeek account was that formed by Mr. D. Cockburn in Fusly 1211. this has however been considerably altered by subsequent Collectors and the one now in force and according to which the Devastanums are paid, was framed by Mr. M. Dockburn in Fusly 1231. Copies of the two accounts are herewith forwarded, from which the Board will see, that although the total amount is not materially different, the payments now made to the different Pagodas, show considerable alteration. It will be for the Board's determination whether the payments shall continue as per last framed tusdeek, or revert to the scale originally fixed.

Increase. Rs. 267-9-11

7 Statement C. No. 2 which accompanies exhibits the sums laid out in

8

in repairs on account of the Devastanums. This only shews the particulars from Fusly 1231, as no account particulars are to be found in the Duffer for sums expended, up to the end of Mr. Hargrave's period of management. The different amounts however shown in this Statement, were not additional payments by Government, but were provided from the surplus funds saved from the tusdeek allowance on providing articles necessary for the use of the Pagodas.

9 Statement No. 3 shews the amount of surplus and expenditure in the different Pagodas from Fusly 1230 to 1250 for, as with the Statement before mentioned, we have no account particulars of either until Mr. Jno. Dalrymple assumed charge of the District.

10 Up to Fusly 1230 the Tahsildaur accounts shew a surplus of Rupees 28922-15-4- and an expenditure of Rupees 4297-12-8- leaving a Net surplus of Rupees 24628-2-8- at that period.-

From

11 From Fusly 1230 to 1250, as exhibited in Statement No. 3 the surplus is Rupees 112909-12-0 and the expenditure Rupees 80466-10 leaving a balance of Rupees 49982-5-0 and which with the surplus prior to Fusly 1230 makes the amount at the end of Fusly 1250, to amount to Rupees 57068-13-10-

12 This is the amount which ought to appear in the Cash balance of the Tusdeek Devastanums but Collections have been made and expended incurred from items not immediately Connected with these Pagodas these are shown in Statement No. 4 which accompanies this and exhibit a collection of Rupees 41157-3-2 and an expenditure of Rupees 44091-7-11- being an outlay above receipts of Rupees 2934-4-9 which deducted from the sum abovementioned Rupees 57068-13-10 leaves a balance of Rupees 27134-9-1 remaining in deposit in the Treasury at the end of Fusly 1250.-

With

Fort St. George 24th March 1842

13 With reference to the disposal of the sum, I would beg to suggest, that as the amount has accumulated solely through careful management, and the Devastanums have yearly got every Rupee required, that the amount should be placed in the Government 5 per Cent paper, and the interest appropriated to keeping in repair the Chultrums which have been built for the accommodation of Native travellers, from these funds, for the payment of Salaries to Native Schoolmasters, to enable the people to procure a better Class of Men than they can now afford, or for any other purpose tending to the general Comfort of the people.

14 As regards the mode in which the future management of the Salem Pagodas is to be Conducted, I regret that the means available are not such as to enable me to state with confidence, that the institutions under them are likely to be conducted with the same —

regularity

Fort St. George 24th March 1842

regularity as they have hitherto been. The better Classes to whom I have applied have refused to accept the trust except under Specifications such as the Government would not grant, and I have named three persons for each Pagoda who were thought best qualified to undertake the duty. A list of these accompanies, but even of these I am not certain if all will accept, as they are holding out until they see how the Pagodas of Madura and Trichino-poly are settled, in case that by their previous acquiescence they might injure the interests of the greater Pagodas.

No. 5.

15 From the letter of Government it would appear that the Pagoda Servants are to be left for redress against these managers to an application to the Civil Court. This will in fact, be taking all means of obtaining redress out of their reach. A person, who only obtains one and a half Rupee or less, per Month, is not in a

Condition

Condition to sue in Court if his pittance be withheld - it might perhaps be possible to cause summary enquiry before the District Moonsiff, without any charge or if that were not practicable, that several permanent punchayets should be established in different parts of the District under the immediate superintendance of the judge, for the purpose of hearing and deciding disputes between the Managers and Pagoda Servants, or of enquiring into any more serious Charges against the former.-

16 In filling up the vacancies among the Managers, I think the power should be left with the people of those Villages, Manzas and Inuzras, in which the Pagoda is situated, if any dispute takes place which they themselves cannot settle, the permanent punchayet should be appealed to, and their decision be final, they having no power to introduce a new person.-

17 The power of dismissal of Managers

managers to rest with the punchayet, subject to appeal to the Judge - the punchayet to have no power to interfere with the Pagoda management, except called on to do so by written Complaint and regular enquiry - Full authority over the Pagoda Servants to remain with the Managers - In case of any embezzlement of Church property by the Managers or others belonging to the Pagoda - it should be the duty of the punchayet to prosecute the Suspected parties, and their escpenses should be paid from the Pagoda funds - the amount certified by the Judge, or Magistrate, before whom they appear. as the duties are to be undertaken by both Managers and punchayet without emolument, it would appear to be necessary that appeals to the Court should be received without any fee.-

18 There is one part of the letter of the Government of India in which it is stated that it is not the intention of Government to make over the lands formerly

Fort St. George 24th March 1842.

formerly held by the Pagodas but that it will be sufficient to pay without reservation to the Native Administrators the net proceeds thereof. In Salem, this intention cannot be carried into effect for after the resumption of the lands, they were all resold to Mootahdars, and a considerable portion still remains under Mootahdary tenure, and we have no means of knowing, what the yearly out-turn may be, it would perhaps be better to continue the money payment originally substituted.

(9 Before Concluding this letter, it is proper that I should state, that the people look on the measure of Government, in withdrawing from the Superintendence of the Pagoda funds, as in effect, eventually to deprive them of the use of their Churches. having no confidence that the management can be successfully carried on by themselves. The condition of a people under such Circumstances, is a matter for the serious Consideration of Government. if any reasonable means of management can be shewn them, I do not suppose they will

Fort St. George 24th March 1842.

will refuse to adopt it. but I think that after circumstances are more to be attended to, than the idea of present excitement.

Chas. & Chas. & Chas. & Chas. & Chas. & Chas. &

Thos. Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith, in the County of Middlesex, Esq. deceased, and Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, Plaintiffs in Error,

Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, Defendant in Error.

Writ of Error returned and filed 29th April 1814.

Declaration filed 29th April 1814.

Plea, 29th April 1814.

Demurrer and Joinder in Demurrer, 29th April 1814.

Judgment for Defendant in Error, 15th May 1814.

Writ of Error, 15th May 1814.

Plaintiffs in Error, Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith, in the County of Middlesex, Esq. deceased, and Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, by Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, their Attorney, come into Court in their own Person, and say, that in the Record and Proceedings aforesaid, and in the Giving of Judgment aforesaid, there is manifest Error in this, that the said Declaration is insufficient in Law to maintain the Action aforesaid, and that the said Plea of the said Defendant in Error is insufficient in Law to bar the Action aforesaid, and that the said Judgment ought to be reversed, annulled, and altogether held for nothing.

Errors assigned, 29th April 1814.

Plaintiffs in Error, Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith, in the County of Middlesex, Esq. deceased, and Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, by Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, their Attorney, come into Court in their own Person, and say, that in the Record and Proceedings aforesaid, and in the Giving of Judgment aforesaid, there is manifest Error in this, that the said Declaration is insufficient in Law to maintain the Action aforesaid, and that the said Plea of the said Defendant in Error is insufficient in Law to bar the Action aforesaid, and that the said Judgment ought to be reversed, annulled, and altogether held for nothing.

Ordered to be brought forward at a future day.—

Proceedings

&c

3857 (32)

Fort St. George 24th March 1842.

Proceedings.

Submitting observations in reference to certain Plans proposed to be adopted to relieve the Government from all immediate connection with the Patronage of places of worship.—

11th December 1841
In Con.n 17th Jan.y 1842
4th January 1842
In Con.n 17th —"

From Govt 1st 4th January 1842 Para 1

With reference to the communications from Government noted in the margin, the Board proceed to take into consideration the following letter from the Principal Collector of Tanjore.—

(Here enter 26th November 1841.
In Con.n 16th December "

The Board have been much anxious to expedite their reports on the religious establishments of the different Districts within the prescribed period but hitherto it has only been in their power to do so in those of minor importance in which the endowments were few in number and small in value.— Where they are numerous, and important; as in most of the Southern Provinces it has been found necessary in several instances that the propositions sent up by the Collectors should be reconsidered, and revised and in the only one of this class hitherto submitted to Government (that of Madura) the plan was found too indefinite to be acted upon.— Nor need it be matter of surprize that the perfection of a measure involving property so large in amount, so various in quality, and so

so embarrassed with conflicting interests should be a work of time, and of some difficulty. It is satisfactory however to be able to report that considerable progress has been made in the disposal of the important establishments of Srichinopoly, Tanjore, Chengleput, and North Arcot and that steps have been taken to expedite the settlement of the remainder. —

2 The discussions that have taken place, have brought to notice several points of importance, involving more serious consideration and suggesting the necessity of taking a more general view of the whole subject. — The report of the Principal Collector of Tanjore on the rich and important Temples of that District seems to afford a favorable opportunity for doing so. —

3 A preliminary point for consideration however is the present state of the law affecting such property. — By Regulation VII of 1817 the functions inherent in the Government for the maintenance of all trusts have been transferred to the Board of Revenue as far as regards those of a religious

or

or charitable nature. — The draft of an Act for amending this Regulation is herewith submitted, which appears sufficient to relieve the Board from responsibility in the matter of the religious endowments. — This draft they would suggest should be submitted for the opinion of the Court of Sudr Adalut. — No provision, it will be observed, has been made for the decision of questions arising out of the new order of things. — It has been declared generally that these are to be cognizable by the established Tribunals and upon this part of the subject the Board are therefore, not called upon to offer an opinion, but they have noticed some points, that on more particularly demand observation in the Form of Trust Deed to be mentioned hereafter. —

4 Mr. Kindersley's communication embraces three important subjects 1st the mode in which, and the parties to whom, he proposes to delegate the management of the Pagodas in Tanjore 2nd the manner of disposing of lands, the

the whole or a portion of the assessment on which has been conferred on Pagodas and
grely the treatment of the surplus Pagoda
Funds, now in deposit in the public Treasury.

5 In regard to the first question
Mr. Kindersley proposes to withdraw at
once from all concern in the minor
temples, of which in fact the larger pro-
portion possessing an income of less
Para 2 than 40 Rupees or 30 Chuckrams were
long since abandoned entirely to the
care of the incumbents. - A farther
proportion enjoying less than 30 Rupees
Para 6 or 200 Chukrums per annum were
afterwards made over in a similar
way with the additional precaution
of subjecting them to the control of a
Punchayet, but the management of their
lands was retained under the officers
of Government - as respects the more
wealthy establishments Mr. Kindersley
would not interfere with such as
Para 8 belong to Matams, or Monasteries,
conceiving that such corporate re-
ligious bodies will attend sufficie-
ently to their own interests. - The
rest

rest he proposes to treat in the manner
already adopted towards the second class
of minor Temples, imposing the Task of
superintendence on a Punchayet or body of
Trustees, selected in each case from the Village
Para 10 or Sect to which the Pagoda belongs, whose number
shall not exceed five or be less than three - with
power to fill up vacancies in their own body
and invested with full control over the ser-
vants and funds of the Institution, the latter
to be drawn quarterly on their receipts from
the Collector's Treasury. -

6 In dealing with the cases already
submitted to Government the Board have
generally adopted the propositions suggested
by considerations of local expediency, which for
the most part have been similar to the above -
These also are considered deserving of adop-
tion, with the exception of the two last
which may be modified in accordance
with the general views now submitted. -
It has rarely, if ever been customary for
the officers of Government to interfere
with the small Village Pagodas. - The
Poojaree is looked upon in the light of
one of the Village functionaries, en-
titled to Meras fees, with the Smith
carpenter

Carpenter &ca for his services, and the af-
affairs of the temple are an object of
interest to the whole Village community.
No interference need ever arise with
these; and wherever, from accidental
circumstances, such may have taken
place, it has now been very properly
discontinued. Endowments belong-
-ing to Mutums or Goorus should not
be meddled with. Where the temple
can be conveniently entrusted to the
hereditary Custody of a neighbouring
Zemindar, or other persons of local
weight, this course has been invariably
adopted and obtained the approbation
of Government. When such facilities
have not presented themselves, re-
-course has been had to Local Com-
mittees or Punchayets, selected from
various influential parties, some-
-times including the hereditary
Village officers, the Superintendents
or Priests of the temples, or residents
of wealth and respectability, will-
-ing to undertake the trust. In the
latter case objection has been taken
to

to the temporary nature of the arrange-
-ment and to the difficulty of filling up
vacancies in their number. A plan has
been recommended in Bellary to supply
them by municipal election and this, if ad-
-mitting of general adoption, would not only
remove all grounds of complaint but en-
-courage a useful habit of joint delibera-
-tion, and ensure a more vigilant Con-
-trol over the conduct of the Trustees. But
the advantages of a farther proposition ema-
-nating from the Collectors of Bellary, Chingleput,
and Trichinopoly, for placing the whole of the
temples with their local Trustees under the
control and supervision of a General Committ-
-tee or Subha, is less apparent, for it seems hard-
-ly possible to select a body so constituted as
to obtain the confidence and concurrence of all
who are interested. On the whole, how-
however, the appointment of Joint Trustees has been
largely recommended, and the Board do
not see what other plan could, in many
instances, be substituted. It has been
their aim to make the transfer of the
trust to these bodies as well as to all
the new superintendents as definite
as possible and to impose the fullest
responsibility upon them. They ex-
have

have discouraged the principale of vacancies being supplied by the mutual election of the servidors, as tending to create a close corporation in which the interest of individuals would be opposed to those of the Trust — and as a further check to mis-appropriation, they have inculcated the precaution of providing for the accounts of the Trustees being open to the inspection of all who are interested in them. — In the few cases in which the collection of offerings made by votaries of the temple has been superintended by the servants of the Government, proclamation should be made that this source of revenue has been entirely abandoned and that the worshippers are at full liberty to go or come, whether with gifts or empty handed, as they may think proper. —

7 Although the plans now devised will relieve the Government from all immediate connection with the native places of worship, they do not provide for certain future

interference. — when the superintendence is vested in a sole Trustee enjoying it by hereditary descent, who may become incapacitated, or die without heirs, it will be the part of the Public Officers of Government to nominate a new superintendent or to assume the property as an escheat. Estates of Zemindars who enjoy such trusts are liable to come under the administration of the Board of Revenue as the Court of Wards, and of the Collector, as Agent for the Civil Courts under writs of sequestration, or of the Government for the recovery of arrears of revenue. — In all these cases although interference need not necessarily result, because the existing arrangements of the proprietor might be sufficient for the due administration of the trust, still it does not appear how the officers of Government, acting on the part, and in behalf of the proprietor, could refuse to listen to charges of mal-administration, or to take notice of indications of abuse that might present themselves to their notice. True, such measures might

To the Secretary to the

Board of Revenue

Fort St. George.—

22

From the Pr. Coll.r of Nellore

Sir,

I have the honor to acknowledge the receipt of Mr. Smallett's letter of the 20th May last, on the subject of two applications from two individuals.— named A. Ramasawmy & Wahid to have certain Manimmy lands which were resumed & restored to them.—

Recommending the release of certain Manimmy lands claimed by Mahta Currums & Ackaramy Ramasawmy & Wahid.— No. 33 of 1841.

I consider the case of the Petitioners to be one of hardship.— The lands were granted in lieu of resumed privileges as Mahta Currums.— They were forfeited for a balance of Pagodas 35-7-10 due for fusly 1233 when the season had entirely prevented the cultivation of the lands.— It will be recollected that that year was one of famine.— The annoyance they were put to by the Tahsildar there is every reason to believe led them into a hasty declaration that they would rather relinquish

Fort St. George 24th March 1842

relinquish their lands than undergo it.— This verbal offer to relinquish was reported to the Principal Collector who issued an order to dispense the collection of the balance due & to take from them a written relinquishment of the lands.— They have been from that period deterred of them, but it does not appear that they ever gave a written relinquishment of them.— The balance of fusly 1233 together with the Peyliga of the subsequent years has been more than sunjogd.—

3.— It does not appear that the information called for in Mr. Elliott's letter of the 5th November 1839 has been ever furnished and I therefore take this opportunity to state that up to fusly 1234 the practice had been to collect the Peyliga on all Manimmy whether cultivated or waste, and the Petitioners therefore were by usage bound to pay for fusly 1233, but this practice was changed by Mr. Principal Collector Smalley in

Fort St. George 24th March 1842.-

in Fusly 1236, and though Metta Mannium were still made chargeable with the payment of Boydaga in all seasons Maguzie Mannium were exempted in the event of the season preventing their Cultivation.-

4 The Petitioner's Lands are now occupied by some Puzzakany Ryots but as they have only held them two or three years, I see no objection to their restoration to their rightful possessors and would recommend it being done more especially as the family has long been much respected in this District and is now in a very destitute condition.-

Nellore District
Kistnapatam Pt. Collr.
Cutcherry 7th March 1842

Signed J. V. Stonhouse
Pt. Collr.

Resolution thereon.-

22-23

Under the circumstances set forth in the above communication and on the recommendation of the Principal Collector, the Board of Revenue sanction the restoration of the Mannium lands resumed in Fusly 1234 to the two individuals therein alluded to, named A Ramasaumy and Woabiah and which are stated now to

Fort St. George 24th March 1842

be in the possession of some Puzzakany Ryots.-

Read the following Letter.-

To the Acting Secretary to the
Board of Revenue.-
Fort St. George.-

24

From the Collr of Bellary.-

Sir,

While issuing Certificates to Vannicadars in this District agreeably to the Rules circulated by the Board of Revenue under date the 18th January 1841 I found the terms in the Margin which are applicable to "Pagodas and Mosque allowances" entered under the head of Vannicks Vannicadars &c. for many years. They were granted for Maturn Mosques Tuckeys &c. and as such

Per Month
Rs as P
na

Fort St. George 24th March 1842.

such can hardly require Certificates. The late Principal Collector Mr. Robertson noticed this improper entry in the Accounts, in the 3d Para of his letter to the Board under date the 31st October 1838 - when submitting certain Statements and recommended that the items be transferred to Pagoda and Mosque Allowances but as no reply appears to have been received to that reference, the usual practice of exhibiting them under the Peonia Indars has been continued to this day.-

2 This being however irregular I have the honor under the foregoing circumstances to request the sanction of the Board for the transfer of the above items of allowances to their appropriate head in my Accounts.

Bellary Coll's Office
5 March 1842
} Signed A Mellor Coll.

Proceedings thereon.- The Board of Revenue see no objection to the transfer of the several items of allowances adverted to in the foregoing communication which seem to have been irregularly entered under the heads of Peonia Indars &c.

24-25

Fort St. George 24th March 1842

to that of Pagodas and Mosques allowances to which they properly appertain.-

The Board would recommend that in adjusting the Accounts in the manner now sanctioned the Collector should do so in communication with the Accountant General.-

Read the following Letter.-

To the Acting Secretary to the Board of Revenue.-
Fort St. George.-

26

From the Coll'r of Chingleput

Sir,

In reply to your - Letter of the 3 Instant, I have the honor to inform you that the Tanadars Peons having received information of the concealed, applied to the Villages Moonsiff who went with

3776 Fort St. George 24th March 1842.

with him and consent the house to be searched. No search Warrant had been issued to him.

Chingleput District
Coll.r's Cutcherry
Conjeveram 9th March 1842

Signed A. Freese
Coll.r

Proceedings thereon. It would appear from the foregoing communication that the Tanah Reon acted in accordance with the Police Regulations when making seizure of the Gunjah therein alluded to, the Board accordingly authorize its confiscation and the distribution of the proceeds in the regulated manner.

Read the following letter

To The Secretary to the
Board of Revenue

Sir,

Fort St. George

From the Collr. of Salem

Para 1

Referring to the Extract from the Proceedings of the Board of Revenue dated 10th June 1841, I have the honor as there requested to forward Statement Shewing the annual revenue of the Pagodas and other places of Native worship at the time the Country was assumed by the Company and the Money allowances which have since been assigned for their support. also a Statement Shewing the Sums expended in the repair of the buildings or for other objects connected with the institutions, as well as a Statement required in Para 6 of the Secretary to Government's letter to the Revenue Board dated 12th June 1841, exhibiting the Sum now in deposit from the Dawastanum funds in this District.

(28)

Submitting information called for regarding the revenues of the Pagodas and other places of Native worship the money allowances assigned for their support the Sums expended in the repair of the buildings and the Sums now in deposit on their account

State No. 1.

State No. 2.

State No. 3.

2 In forming the first of these Statements great inconvenience has been felt from the imperfect nature of the old records in

in consequence of which I have been obliged to have recourse to the duftors in the possession of the Village Curnums, for much of the information required. On inspection of the Abstract at the end of this Statement, the amount formerly held in lands appears to be Rupees 64708-13-1 in Money allowance Rupees 12068-1-11, and by Inams and other Sources Rupees 8271-5-2 - making a total of original endowment Rupees 65048-4-2.

3 Although the Pagoda lands appear to have been resumed at an early period, there does not appear any account of a fixed Tusdeek until the one made by David Cockburn in Fusly 1211 for by a letter from Col. Read to Capt. McLeod in Fusly 1208 it would appear that a deduction was made on account of the Devastanums at that time equivalent to the Collections on the lands they had formerly possessed, but which had, at a prior period to this, been resumed and brought to the Sunnud account of the Sircar.—

4 In Fusly 1211 however, a regular tusdeek was fixed amounting to Rupees 53985-13-1. afterwards revised by Mr. Hargrave at Rupees 64253-2-6. and by Mr. D. Cockburn at Rupees 64253-7-2 at which sum, it at present stands - to this add, the value of lands now held by the Pagodas Rupees 163-9-9. and Inams &c. Rupees 520-8. the present income of the Pagodas from all Sources is Rupees 53237-8-9. being, less than that which they formerly possessed in land &c. by Rupees 9810-11-5.

5 The want of old accounts, and the general nature of the few found, prevents the possibility of checking those now forwarded, with any degree of precision, or of enabling me to lay before the Board the particular items of increase and decrease, which may be found therein. I have three estimates of Fusly 1207 forwarded by Munro, McLeod and Graham which make the amount derivable from the devastanum lands and which they state had that year been assumed to be Rupees 43719-2-2. but as the talookas of Ossoor and Denkenicottah were

Fort St. George 24th March 1842.

were not received until Fusly 1209 the amount of Devastanums lands in them being added, and which in Fusly 1211 amounted to Rupees 3809-11-7 leavings the total amount Land Revenue then enjoyed by the Pagodas Rupees 49528-14-7 which is Rupees 1870-1-6 above that at present claimed. In the Money allowances however, which at the former period was entered for Pagodas & Ceremonies at Rupees 4588-15-9 there is a large increase in the present Statement, as the sum of Rupees 12068-1-11 appears under that head. But on the whole, I fancy the present account transmitted to be pretty nearly Correct, as the total of the old estimates amount to Rupees 54117-14-4 and the present amount, exclusive of Meras to Rupees 56841-9-7 being an increase of Rupees 2723-11-3.

6 It is true that the total amount as shewn in account, shows a much greater increase than this Viz. 9810-11-5 Rupees in favor of the old receipts, but if the amount collections of Meras &c. which were discontinued as objectionable

Fort St. George 24th March 1842

objectionable Collections, be deducted and which amounted to Rupees 8271-5-2. the Net increase in favor of old account, will only amount to Rupees 1640-6-10.

I have mentioned that the first regular tusdeek account was that formed by Mr. D. Cockburn in Fusly 1211. this has however been considerably altered by subsequent Collectors and the one now in force and according to which the Devastanums are paid, was framed by Mr. M. Dockburn in Fusly 1231. Copies of the two accounts are herewith forwarded, from which the Board will see, that although the total amount is not materially different, the payments now made to the different Pagodas, show considerable alteration. It will be for the Board's determination whether the payments shall continue as per last framed tusdeek, or revert to the scale originally fixed.

Increase. Rs. 267-9-11

7 Statement C. No. 2 which accompanies exhibits the sums laid out in

8

in repairs on account of the Devastanums. This only shews the particulars from Fusly 1231, as no account particulars are to be found in the Duffer for sums expended, up to the end of Mr. Hargrave's period of management. The different amounts however shown in this Statement, were not additional payments by Government, but were provided from the surplus funds saved from the tusdeek allowance on providing articles necessary for the use of the Pagodas.

9 Statement No. 3 shews the amount of surplus and expenditure in the different Pagodas from Fusly 1230 to 1250 for, as with the Statement before mentioned, we have no account particulars of either until Mr. Jno. Dalrymple assumed charge of the District.

10 Up to Fusly 1230 the Tahsildaur accounts shew a surplus of Rupees 28922-15-4- and an expenditure of Rupees 4297-12-8- leaving a Net surplus of Rupees 24628-2-8- at that period.-

From

11 From Fusly 1230 to 1250, as exhibited in Statement No. 3 the surplus is Rupees 112909-12-0 and the expenditure Rupees 80466-10 leaving a balance of Rupees 49982-5-0 and which with the surplus prior to Fusly 1230 makes the amount at the end of Fusly 1250, to amount to Rupees 57068-13-10-

12 This is the amount which ought to appear in the Cash balance of the Tusdeek Devastanums but Collections have been made and expended incurred from items not immediately Connected with these Pagodas these are shown in Statement No. 4 which accompanies this and exhibit a collection of Rupees 41157-3-2 and an expenditure of Rupees 44091-7-11- being an outlay above receipts of Rupees 2934-4-9 which deducted from the sum abovementioned Rupees 57068-13-10 leaves a balance of Rupees 27134-9-1 remaining in deposit in the Treasury at the end of Fusly 1250.-

With

Fort St. George 24th March 1842

13 With reference to the disposal of the sum, I would beg to suggest, that as the amount has accumulated solely through careful management, and the Devastanums have yearly got every Rupee required, that the amount should be placed in the Government 5 per Cent paper, and the interest appropriated to keeping in repair the Chultrums which have been built for the accommodation of Native travellers, from these funds, for the payment of Salaries to Native Schoolmasters, to enable the people to procure a better Class of Men than they can now afford, or for any other purpose tending to the general Comfort of the people.

14 As regards the mode in which the future management of the Salem Pagodas is to be Conducted, I regret that the means available are not such as to enable me to state with confidence, that the institutions under them are likely to be conducted with the same —

regularity

Fort St. George 24th March 1842

regularity as they have hitherto been. The better Classes to whom I have applied have refused to accept the trust except under Specifications such as the Government would not grant, and I have named three persons for each Pagoda who were thought best qualified to undertake the duty. A list of these accompanies, but even of these I am not certain if all will accept, as they are holding out until they see how the Pagodas of Madura and Trichino-poly are settled, in case that by their previous acquiescence they might injure the interests of the greater Pagodas.

No. 5.

15 From the letter of Government it would appear that the Pagoda Servants are to be left for redress against these managers to an application to the Civil Court. This will in fact, be taking all means of obtaining redress out of their reach. A person, who only obtains one and a half Rupee or less, per Month, is not in a

Condition

Condition to sue in Court if his pittance be withheld - it might perhaps be possible to cause summary enquiry before the District Moonsiff, without any charge or if that were not practicable, that several permanent punchayets should be established in different parts of the District under the immediate superintendance of the judge, for the purpose of hearing and deciding disputes between the Managers and Pagoda Servants, or of enquiring into any more serious Charges against the former.-

16 In filling up the vacancies among the Managers, I think the power should be left with the people of those Villages, Manyas and Inayras, in which the Pagoda is situated, if any dispute takes place which they themselves cannot settle, the permanent punchayet should be appealed to, and their decision be final, they having no power to introduce a new person.-

17 The power of dismissal of

Managers

managers to rest with the punchayet, subject to appeal to the Judge - the punchayet to have no power to interfere with the Pagoda management, except called on to do so by written Complaint and regular enquiry - Full authority over the Pagoda Servants to remain with the Managers - In case of any embezzlement of Church property by the Managers or others belonging to the Pagoda - it should be the duty of the punchayet to prosecute the Suspected parties, and their escpenses should be paid from the Pagoda funds - the amount certified by the Judge, or Magistrate, before whom they appear. as the duties are to be undertaken by both Managers and punchayet without emolument, it would appear to be necessary that appeals to the Court should be received without any fee.-

18 There is one part of the letter of the Government of India in which it is stated that it is not the intention of Government to make over the lands formerly

Fort St. George 24th March 1842.

formerly held by the Pagodas but that it will be sufficient to pay without reservation to the Native Administrators the net proceeds thereof. In Salem, this intention cannot be carried into effect for after the resumption of the lands, they were all resold to Mootahdars, and a considerable portion still remains under Mootahdary tenure, and we have no means of knowing, what the yearly out-turn may be, it would perhaps be better to continue the money payment originally substituted.

(9 Before Concluding this letter, it is proper that I should state, that the people look on the measure of Government, in withdrawing from the Superintendence of the Pagoda funds, as in effect, eventually to deprive them of the use of their Churches. having no confidence that the management can be successfully carried on by themselves. The condition of a people under such Circumstances, is a matter for the serious Consideration of Government. if any reasonable means of management can be shewn them, I do not suppose they will

Fort St. George 24th March 1842.

will refuse to adopt it. but I think that after circumstances are more to be attended to, than the idea of present excitement.

Chas. & Chas. & Chas. & Chas. & Chas. & Chas. &

Thos. Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith, in the County of Middlesex, Esq. deceased, and Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, Plaintiffs in Error,

Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, Defendant in Error.

Writ of Error returned and filed 29th April 1814.

Declaration filed 29th April 1814.

Plea, 29th April 1814.

Demurrer and Joinder in Demurrer, 29th April 1814.

Judgment for Defendant in Error, 15th May 1814.

Writ of Error, 15th May 1814.

Plaintiffs in Error, Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith, in the County of Middlesex, Esq. deceased, and Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, by Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, their Attorney, come into Court in their own Person, and say, that in the Record and Proceedings aforesaid, and in the Giving of Judgment aforesaid, there is manifest Error in this, that the said Declaration is insufficient in Law to maintain the Action aforesaid, and that the said Plea of the said Defendant in Error is insufficient in Law to bar the Action aforesaid, and that the said Judgment ought to be reversed, annulled, and altogether held for nothing.

Errors assigned, 29th April 1814.

Plaintiffs in Error, Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith, in the County of Middlesex, Esq. deceased, and Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, by Thomas Hallowell, Esq. Executor of the last Will and Testament of Thomas Hallowell, late of Hammersmith aforesaid, deceased, their Attorney, come into Court in their own Person, and say, that in the Record and Proceedings aforesaid, and in the Giving of Judgment aforesaid, there is manifest Error in this, that the said Declaration is insufficient in Law to maintain the Action aforesaid, and that the said Plea of the said Defendant in Error is insufficient in Law to bar the Action aforesaid, and that the said Judgment ought to be reversed, annulled, and altogether held for nothing.
