Explaining the reasons why the assistance of an Extra Establishment of Goomastahs is required for the preparation of the Summabundy accts. and stating that if two Goomastahs are permanently added to his Peristah Establishment he might dispense with the employment of any temporary servants.

Sir,

I have the honor to acknowledge the receipt of your letter of the 10th February last directing me to report whether it is not practicable to prepare the Summabundy Accounts without the aid of the Extra establishment which has been of late years employed for that purpose, and if not whether the period of its employment cannot be reduced.

The accompanying Memorandum will give the Board an insight into the multiplicity of business which devolves upon the Goomastahs in the Peristah Department to which should be added a considerable quantum of miscellaneous work such as the examination of Cadjan accounts produced in the miscellaneous business of the Office, deputation into the Talooks for the examination of lands, or Cattle where a special examination unconnected with

the

Fort St. George 1st August 1812

the Talook servants is called for as it often is - They are the only servants of my Cutcherry who can be defended on such occasions most of the original accounts sent from English Accountants' Department are prepared in the Seristah Department for which purpose two of the Seristah Goomastahs are given over exclusively to the Head Accountant and one to the Treasury which reduces the number available for Seristah business to 2 Head Goomastahs and 12 Subordinate Goomastahs of whom two or three are permanently detached to do duty with the Assistants who have charge of Talooks with an additional one or two to each Assistant at the time of Summabundy - I am barely able even with the additional Goomastah to get the work done, besides which, there have subsequently come under my direct management the two Districts of Woodiagherry and Sydapoor which has added greatly to the former business of the Office. If two Goomastahs for the Two Talooks are permanently

added

Fort St. George 1st August 1812

added to my Seristah Establishment on 21 Rupees each per Mensem I might dispense with the employment of any temporary Servants.

The period of their employment now is usually 4 Months and I do not think it could be shortened -

seems to have been made by her for the arrears of pension, which had accrued during her absence until the Month of December in the year 1840, when she petitioned the Board to that effect.

3. On a report being furnished by the Principal Collector on the subject of her claim, the Board issued instructions for the disbursement of the Amount of Arrears as there did not appear sufficient ground for withholding the payment to the Petitioner; special Sanction was accordingly applied for by Mr. Ogilvie, for paying over the Arrears, then Amounting to Rupees 42–6–6, as the Money had previously been carried to the Credit of Government.

4. Pending these arrangements however the demise of the Jemmadar Cherry Ummaul took place, and the arrears due to her Amounting at the period for her death to Rs. 5–8 were from 12th July 1835 to 16th July 1841 were claimed by her Step-son Narasinha Chary, for the payment of which the Board beg to recommend that the Special Sanction of Government may be granted.

From the Coll.r of Salem — Requesting further instructions on the subject of the certificate of growth for certain Cotton the produce of his District, Exported to England, as=plied for by Mr. Fischer-

I have the honor to acknowledge the receipt of Extract from the Board's Proceedings dated 11th July 1812, informing me that it is competent to grant certificates of growth for Produce exported from this District a considerable time ago, but stating the opinion of the Board that such certificate would be of no value in proof of its identity, as it would not have accompanied the produce.-

2 In case of acting as above, I beg to bring to the notice of the Board, that the Government authorities have no means of knowing that such exportation did actually take place, and if they are to depend on the declaration of the exporter above, the Board will see that it would not be difficult to export all the Mysore produce as that of a British dependency- it would only be necessary to

Fort St. George 1st August 1812-

to forward the Certificate obtained, to accompany the goods- It may be said that this also may be accomplished by bringing the Mysore produce within the British territory; the expense however attending this would in some degree act as a check- I trust the Board will excuse my again bringing this subject before them, but as the question appears to me of considerable importance, I would solicit their attention thereto and further instructions-

Resolution thereon- The Board did not

29-30

intend by their Proceedings of the 11th Ultimo to intimate to the Principal Collector that it was competent to him to issue a "Certificate of growth for produce exported a considerable time ago" but merely that he might certify, that certain Cotton the growth of the District was exported-

exported at a specified date. Of course, if he has no means of ascertaining that the exportation did actually take place, he cannot grant a Certificate to that effect: and as before stated such certificate, if granted, would be of no value in proof of the identity of the Cotton mentioned in it.

Consequently the Pension is due to him from 1st November 1840 since that period up to this time he has not drawn it and alleges in excuse of dispensions in his family as he has promised to be regular in future, the Collector recommends that sanction may be given for payment of the arrears in question.	The Board do not consider that the plea of dissensions in his family advanced by the applicant Syed Hoossain Cawdry is a sufficient reason for having neglected to draw the pension which stands registered in his name alone for so long a period as 1 year and 8 Months. They are of opinion that the pension should be disbursed to him from the date of application. With these observations the Board beg to submit the case for the orders of Government.	Agreeably to the recommendation of the Board of Revenue the Right Honorable the Governor in Council grants authority to the Collector of Trichinopoly to disburse the pension payable to Syed Hoossain Cawdry only from the date of his application.

Fort St. George 4th August 1842

Para 1 From the correspondence above noted the Right Honorable the Governor in Council now learns that the Chilkaloorpaud Estate has never been formally subdivided. The proposition of the Board of Revenue therefore to assume charge of the share of the minor proprietor of the Tolloor Division is contrary to the provisions of Section XX Regulation V of 1804 and he resolves accordingly to cancel the orders sanctioning that arrangement passed under date 6th December last No. 1501. —

2 The whole Jemmindary has been under attachment for arrears of revenue since 1836 and the late Proprietors were only allowed to retain the management of their respective Divisions as agents on the part of Government in the hope that their interest in the welfare of the estate would ensure a more careful superintendence than could be expected from temporary

With reference to the correspondence noted in the margin, I have the honor to request that I may be furnished with instructions on the subject of the Peninsular and Revenue servants, on Cattle trespassing under the denomination of Bundaya as explained by the Collector of Gollingham. The Fine viz. to the Government is annually paid by the Regulation and Arcot servants, I should also have prohibited it but I am restrained by the native Establishment, who have an interest in continuing the practice, lest they lose their Farmed out Villages.

From the Principal Collector of Nellore

Acknowledging the receipt of the Extract from the Board's Proceedings of the 14th Instant and stating further about the Conduct of the Tahsildars of Rawoor and Woodiagherry Talooks.

Para 1. I have the honor to acknowledge the receipt of Extract from the Board's Proceedings of the 14th Instant in which an opinion is expressed that most of the instances of delinquency detailed in my Communication of the 25th Ultimo on the part of the Tahsildars of Rawoor and Woodiagherry appeared susceptible of proof and directing me to enquire into them under Regulation IX of 1822.

2. As the Board seem to impute to me in my application of the 25th Ultimo which I may observe did not embrace a dismissal from the public service of Government but a simple removal of those Tahsildars from their present offices a desire to punish without hearing what the individuals had to say in their defence, I feel called upon to explain that I had no desire or intention of the kind on referring to my letter, the Board will find

Fort St. George 4 August 1842.

find that most of the charges against the Rawoor Tahsildar did not admit of explanation, or defence that they were delinquencies discovered at the settlement when he must have been present and when as a matter of course he must have been called upon for explanation. In the two first cases against him, he was present when I made my enquiry into them in the presence of the Ryots, my remarks on the second shew this and that he had admitted the falsity of the account.

3. The 3d case against him that of the concealed cultivation in Sompoor Cumbum paud came to light subsequent to the settlement, but I submit whether any defence a person may give can set aside the fact of an excess of land found upon an actual measurement beyond that shewn by the accounts furnished by him. It was a circumstance which did not admit of any satisfactory explanation.

4. The 4th and 6th charges of the existence of money dealings between him and the Ryots under him admitted of no explanation. Papers found with other official papers in his desk proved it, and the extreme impropriety of it has never, I imagine, been questioned.

5. The Ramandaviellatoor Pollam case was one enquired into at the settlement when

Fort St. George 4th August 1842.

he gave all the explanation he had to give.

6. The charges in regard to the Caloovoy Poollary account like the others could not be explained. He had adopted the Paishcar's account at the settlement and kept back his own account which was afterwards obtained. The facts could not be denied and it would be difficult to discover any justification for such conduct.

7. It will be seen that most of the points on which the Rawoor Tahsildar's conduct had been impugned were those which had been elicited at the settlement when he was present and had been called upon (not in writing, it is true, because such a practice is not usual) to explain his conduct though most of them having been founded on actual documents did not admit of denial.

8. It was always my intention to have tried the Woodiagherry Tahsildar under Regulation IX 1822 as the Board might have been aware of by my returns of trials under that Regulation. I was obliged to defer taking them up till I had more leisure being then engaged in the settlement but when I found entries in the Village accounts of payments to him as bribes as detailed in my letter of the 25th Ultimo, besides the written

declarations

Fort St. George 4th August 1842.

declarations of the Ryots of other Villages that they had paid him bribes, I felt no moral doubt of his having been currupt and therefore no longer entitled to my confidence. It was upon these grounds that I requested the Board's authority for the removal of these Tahsildars from office sufficient had to my mind been elicited to remove any moral doubt of their guilt nor will the result of an enquiry under Regulation IX 1822 alter that opinion, strong presumption of guilt sufficient to render a public servant undeserving of the Collectors confidence may be established without there being a full and consistent body of evidence required to punish under so highly penal a Regulation as IX of 1822.

9 As regards the Thasildar of Rawoor I am not certain that any of the points will admit of a charge under Regulation IX 1822. He wrote none of the accounts himself he merely signed them, but as the Board desire it I shall try him under the charge of making false or fraudulent entires in the public accounts! the only one which partakes of the character of the delinquency of which he has been guilty. If the Board should — consider any other head of offence

Fort St. George 6th August 1842.

offence entered in Regulation IX of 1822 more applicable I will adopt it.

10 I have not, nor is there any Collector who can have any object in the removal of Thasildars but the public good. To him it is only a source of trouble and annoyance and probably leads him into a correspondence in which his motives are apt to be mis-understood. To me their removal is particularly inconvenient for I know not where to find properly qualified persons to fill such offices when they do become vacant. I can never again place my confidence in either of the two Tahsildars whose conduct has been brought under the Board's notice, and it was on this ground that I requested authority to remove them from office.

Resolution thereon. It was by no means the intention of the Board by the instructions conveyed in their Proceedings of the 14th Ultimo to impute to the Principal Collector a desire to punish the delinquents therein alluded to, without hearing what they had to say in their defence, but being perfectly satisfied that an objection of that kind would be raised by the parties themselves

31-32

themselves, they conceived that this would be at once obviated by proceeding to try them in a regular way under Regulation IX of 1822. This it appears from the foregoing letter may yet be done in both of the cases alluded to, in one case indeed, that of the Woodagherry Tahsildar, the Principal Collector states that proceedings have been already commenced.

In the case of the Harroor Tahsildar the Board leave the selection of the charges to the Principal Collector, observing, with reference to Para 9 of the letter under consideration, that the responsibility of a party for the correctness of accounts is sufficiently incurred by their bearing his signature, without its being necessary to prove that they were actually written by him.

Sir,

Submitting explanation regarding the necessity of estimating a large sum for Succavi than the amount actually disbursed in the preceding Fasly.

1. I have the honor to acknowledge the receipt of your letter dated the 14th Instant requiring further explanation regarding the necessity of the large increase of Jaccavi proposed by me compared with the amount disbursed in the preceding Fasly.

2. In preparing an Estimate for Succavi it is necessary to provide for any contingency, as it will be too late to make a fresh application after it has actually arisen and no public Officer would be justified in making an advance of this nature without previous sanction, but no more of the amount sanctioned will be disbursed than is actually required.

3. The ryots in this District have been for many years receiving great and gradually increasing Assistance from private individuals engaged in the manufacture

Fort St. George 4th August 1842

manufacture of Indigo. Last year the Indigo crop exceeded that, I may safely assert, of any previous year, and the ryots received large sums both as advances and as the price of the plant supplied. From the low price which Indigo at present bears in the English market, the price in the District has fallen from 35 Rupees to 25 Rupees a maund and the manufacturers will not receive the plant except at a greatly reduced price. It is therefore probable that the ryots will require more aid from the Circar in the present than in the preceding Fusly.

4 In illustration of the above observations I beg to annex a statement exhibiting the amount of bills drawn on my Treasury by the Accountant General in the months of April, May, and June in the present compared with the past year, a large proportion of this amount is expended in the manufacture or purchase of Indigo.

To The Secretary to the Board of Revenue Fort St. George

Sir,

I have the honor to submit Copy and translate of an address received from Seetarama Naik registered Shrotriemdar of Cotacaud reporting his having adopted the son of his next Brother a Boy of 4 years of age whose father he also names as guardian of the minor in the event of his own demise, and requesting that he may succeed him in the Shrotrium.-

2 The Shrotrium of Cotacaud was granted for past services to Lawny Naik and to his two next heirs, and accordingly on the death of Lawny Naick the Shrotrium was, under the permission of the Board, registered in the name of Seetarama Naik, as his eldest son, but in the event of the person dying without lineal heirs it seems to me evident that the Shrotrium should not be registered in the name of his adopted son in

of the next Brother even though all parties should agree to the arrangement, without the Consent of the Government as they are evidently concerned in the substitution of a Young Lad as the third life during which the Shrotrium is to be enjoyed in lieu of his Father a man of more advanced years. Under these circumstances I request to be favored with the pleasure of Government on the Petition of Seetarama Naik.-

Translation of an Arzee addressed by Seetarama Naik Shrotriemdar of Cotacaud to Arthur Freese Esqre Collector in the Zillah of Chingleput dated 1st July 1842.-

In consequence of the precarious state of my health and of my having no male issue, I have to secure the due support of my two wives and daughter and to appoint a-

a person to perform my funeral Ceremonies after my demise adopted on the 25th June 1842 Vencata Ramanjooloo, the son of my Younger brother Jagunnadadasamy Naik as my sole heir and son and I have also nominated the latter as Manager or Guardian until the former shall attain his majority. I therefore solicit that the Shrotriem Village which was conferred by Government upon my late father, and is now enjoyed by me since his death may be registered on my death, in the name of my said adopted son Vencataramanjooloo, and a Saree Dunned granted, placing the management in the hands of my brother Jagunnadadasamy Naik, to be made over by him when my said adopted son shall come to his proper age.

Reporting for consideration and orders uncertain Cowles granted by the last Zemindar of the Shreepermatoor Inoolah

Sir

Para 1. With reference to the Endorsement on Petition No. 2127 of 1841 from Casarah Pillay I have the honor to submit the following circumstances connected with the portion of the land in the Village of Reloy held by him on a permanent Cowle granted by the last Zemindar of Shreepermatoor.

2. In 1830 Arcottacaven Singara Charry the last Zemindar executed under the authority of Section XV Regulation XXX of 1802 a permanent Cowle in favor of the Petitioner and his heirs in perpetuity for certain tracts of waste land in the Village of Reloy then supposed to comprize 88 Cawnies and which was overgrown with Jungle on condition that he should collect Ryots redeem and cultivate the land repair at his own expense an old Tongle &c existing on the spot, and pay the rents specified in the Margin, the highest rate of which being 25 Rupees was to be paid annually from Fasly 1244.

3. Previous to the execution of this

Fort St. George 4th August 1842.

This Cowle the Zemindar Singaracharry under date the 11th January 1829 had submitted an application to subdivide the Estate into two portions namely Ayacoluttoor and Shreepermatoor the former to be registered in the name of Venkatasa Pillay and the latter in his own names and so again on the 29th December following forwarded another application to divide the Mootah into 5 portions registering them in the names of the respective parties noted in the Margin. In conformity with this latter request accounts were prepared and submitted for sanction to the Board, who having confirmed them, the arrangement was accordingly carried into effect. Early in Fusly 1243 the Shreepermatoor and Tiruvumungalum Divisions reverted to Government for arrears of Bistcresh due against them and which was not long since followed by that of Mummoor.

During the survey the area of the land held by the Petitioner was found to comprize Cawnies 88-9/8 the whole of which with the exception of 3 Cawnies being Punjey the assessment fixed amounted to Rupees 161-11-10 the average being 1-13-9 at which it is perceived by the following Statement.

From the period of the issuing of the Cowle up to Fusly 1248 comprizing some years of Zemindary and some of Sirkar Ummany management the Shreepermatoor Division having reverted to Government the Petitioner regularly paid the rents stipulated in his Cowle, but in the latter mentioned year the field assessment having been introduced a Ryotwar Pottah was issued to him during the Jummabundy on account of the portion of the land which was cultivated by him through Sagavasis (to the extent of 40 Cawnies) calculating the demand according to the survey rates.

6.

The subjoined Memorandum exhibits the cultivation annually made and the Teerwa paid by the Petitioner from the commencement of the Cowle to the end of Fusly 1247 together with the same particulars from the introduction of the Sarvarayar Settlement to Fusly 1251 inclusive.

7. Sungerachary succeeded to the Streeperumatoor Mootah in 1238 Fusly and altho his Cowle in favor of the Petitioner was binding on him by the Regulations, yet, circumstances having occurred tending to create great doubts regarding the propriety of the alienation in this as well as in other Cowles executed by the Zemindar about the same time it was deemed expedient to suspend the confirmation of the whole. The grounds of objection to recognizing the Petitioner's Cowle are that he was the curnum of Streeperumatoor that the Cowle was granted at an interval when the subdivision of the Mootah was pending a reference to the Board, and that frauds in the subdivision accounts have been discovered.

8. The Petitioner urges that according to the Cowles obtained from the Zemindar he redeemed and cultivated the lands and paid him the rents regularly whilst the Mootah remained in his hands and from that period to the Circar up to Fusly 1248, and that it should therefore be continued to him.

The Board have been already furnished with detailed reports regarding the frauds in the subdivision accounts of the Pycacolattoor division and it rests now with them to determine whether or not the Petitioners Cowle should be continued on the terms originally stipulated by the Zemindar.

With respect to the remaining

10. Cowles before alluded to, I consider it advisable in order to prevent the Parties complaining to the Board at a future period to state their merits also here, so that the Board might at once pass final orders regarding them, and I beg to submit a statement specifying the Villages in which they were granted, the names of the parties and the dates of the Cowles, the extent of the land, the terms fixed by the Zemindar and the amounts of Teerwa according to the survey & assessment. * Translations of the Cowles are also submitted for the consideration of the Board.

Cunthaswamy Naick in whose

11. name the first of the Cowles for 50 Cawnies (most of which are Punjey) was granted, was an inhabitant of

Streeperumatoor

Shreepermatoor and had been for some time a dependent of the Zemindar Singerah Charry and his predecessor Subsequent to his obtaining the Cowle he reclaimed about 6 Cawnies but paid the full rent entered in the Cowle upto Fy. 1216. being 15 Rupees per annum. The Survey assessment on the 30 Cawnies amounts to Rupees 102-12-6 Kunthapah Reddy is also the person in whose name the Seroomungalum division was nominally registered by Singara Charry he having really retained it himself.

12. The holder of the Second Cowle named Veerasawmy Pillay was one of the Inamdars of Shreepermatoor, and for a few Months after Singera Charry's succession to the Mootah was employed in his service as a Nesinda on the Estate. The land was of immemorial waste when granted but in the Pymash accounts it is entered as Nunjey enjoying means of irrigation from the Tank. The highest rent stipulated by the Zemindar is 10 Rupees whilst the survey assessment amounts to Rupees 67-12-6 except 2 Cawnies cultivated in Fusly 1246 the Land is as waste as when granted, though the full rent fixed by the Cowle has been paid since Fusly 1247 the Cowledar has paid

paid nothing - In Fusly 1251. a certain person offered to cultivate 7 Cawnies of the land, and for which a Cowle was issued in his name and as he cultivated the land he obtained also a Puttah for it during the Swrnmukhunday.

13. The land included in the 3rd Cowle (partly Punjey and partly Manawary) was assigned by the late Singerah Charry as a maintenance of Boomandoor Narasimah Charry the rent according to the Cowle is 9 Rupees per annum, but by the Survey assessment it is rated at 37-9-6 subsequent to the grant being executed, only 2 Cawnies were cultivated in Fusslies 1246 and 1247 and of the remaining land which is still in its original condition 3 Cawnies were given on Cowle to Certain Paykaries on their proposing to cultivate them in Fusly 1251. and Puttahs were issued in their names Narsimmah Charry died about 60 years ago and has a son of 20 years old. He has paid nothing since Fusly 1248.

Ordered that the following letter be sent in reply—

To, The Collector of Chingleput.

37-38

From the Coll[r] of Chingleput— } Para 1.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 22[d] Ultimo Submitting explanation of the circumstances connected with the land held on permanent Cowle in the Village of Kelay by Casavah Pillay, under a grant given him by the last Zemindar of Streepermatoor—

Judicial 4th August 1842

2 The terms of the Cowle are correctly recited in the second para of your letter, and if the land were as

as described, a rude Waste, it was perfectly competent for the Zemeendar whilst in possession to have made this grant but the Board observe by the State=ment appended to para 4 of your letter that out of the 88 Caunies included in the Cowle 39 " 3/8 are classed as "Laikh Poojah" assessed at 20 " 2½ if this be a correct classification of the land at the period the Cowle was granted, the Zemeendar had no authority to make such a grant his powers under Regulation XXX of 1802 being limited to the disposal in this manner of "Anadi Waste," the Board desire therefore to be particularly informed upon this point—

3 It is further observed by the Statement appended to Para 6 of your letter, that up to Fasly 1247 inclusive, the Cultivation was trifling, that in 1248 it amounted to 30 Caunies " ½ assessed at Rupees 33–15–2, but that only the Cowle rate of 25 Rupees was Collected, and that in the following

Fasly the Cultivation amounted to 39 Caunies " 4/8 or nearly corresponding with the extent of Laikh Poonjah, mentioned in the preceding Para, but that upon this the heavy rate (after deduct=ing remission for Khomelat Munjee) Rupees 43–13–4 was Collected.

4 From the above, as far as the Board have the means of judging it would seem that the Petitioners has made no advances towards reclaiming the "Anadi Waste" but that his efforts to Cultivate have been confined to the "Laikh Poonjah," they will be glad to learn if such be the actual State of the Case, and whether the Petitioner according to the terms of the Cowle has made any repairs to the Tank—

5 The Board desire that similar information may be furnished in respect to the other Cowles referred to in your letter—when final instructions will be forwarded to you—

From the Pl Coll[r] of Salem

Sir,

In reply to your letter of the 20th June referring to a Petition from Sheshia I have the honor to observe:

1 The complaint contains as follows — That in the Village of Sydiapatnum the Tahsildar Timmapien gave to his brother Govind Row and to a Ryot Sundaroy Odian, land which had formerly had an average Nunja Assessment fixed at a deceased Shist —

8739 Fort St George 4th August 1842.

On enquiry it appeared that the land held by Govinda Row was formerly pan patt land, but in Fusly 1237 on the formation of a tank, it was entered in the Nunjah Byaunt and the average Assessment of the Village placed thereon. The quantity of the land is Acres 15 — 17 — 13 the original Nunjah Assessment on which was Rupees 27 — 13 — 8. To which when in Fusly 1237 it was entered in the Nunjah Byaunt in order to bring it to the average Nunjah Rupees 72 — 2 — 4 were added making its Nunjah Assessment Rupees 100 — At this rate it never was — cultivated — in Fusly 1237 it was given on half Casle but left waste and the Peishcash uncollected. In Fusly 1238 it remained in the same state and was not brought to the regular accounts but entered in the Sewai Jummah from Fusly 1239 to Fusly 1241 it was left waste. In Fusly 1242 it was given to Sunnasee Odeian, by order from the late Principal Collector, on Punjah Peishcash, on which terms he held it till Fusly 1244 — from Fusly 1245 to 1247, it was left waste, and in Fusly 1248 Govinda Row gave Purchase for

Fort St. George 4th August 1842

for it as Punjab Tenure, and he gets it on half Crop Lease as per Cowlenamah for 3 years waste — of this Land, in Fusly 1248 he cultivated 2 Acres as Nunjah, on which, instead of collecting the average Teerwah as originally fixed, the Tahsildar obtained a Mixed Teerwah which was less than that fixed formerly. Rupees 6–10–— In Fusly 1249 another Acre was added to it as Nunjah Cultivation, on which likewise Mixed was fixed, making the Teerwah on the 3 Acres Rupees 15 Annas, and the deficiency on the average Teerwah formerly fixed for these two years Rupees 16–7–— In Fusly 1250 the average Teerwah formerly fixed was Lachs. Krumukah Islam the Ryot of the Land mentioned that after the average Teerwah was fixed the Landowner cultivated as Nunjah until cultivated by Jaysing Dass in Fusly 1249 and therefore in the Accounts of Purgunah Sheristadar from Fusly 1242 to 1248 the Land was settled as Punjah Tenure — Nothing of the Tahsildar at the Time of Examination was aware of this average Teerwah having been fixed from the Fusly 1250 and Summah Lachs Pun Fusly 1251

Fort St. George 4th August 1842

mentions that this Land was entered in his account as Punjah waste and that he himself was only aware that the average Teerwah had been formerly fixed when he examined his account after Sheshia had made his complaint.

As regards the Lands held by Sundaneray Odeen, that person held from Fusly 1234 the following Fields Viz.

	Acres G. Pt.	Rs a P.
No 82	12-7-4	11-13-—
Deduct Vellavary	3-14-13	12-2-11
Remains	8-32-7	24-10-1
No 84	4-21-8	8-4-—
Deduct Vellavary	1-22-2	3-—-4
Remains	2-34-6	5-3-6

These Lands were given in Fusly 1234 by Mr Cockburn on perpetual Cowle of 3/4 Shisti.—

In the first mentioned field No 82, a portion of 2 – 23 – 16 Acres Gt was cultivated in Fusly 1236 as Nunjah, on a Teerwah of Rupees 14–11–4 being Rupees 8–16–3 of extra Teerwah according to the Village average of Rupees 6–8 per Acre. In Fusly 1237 another portion of Acres 1–34–3 was

Fort St. George 4th August 1842.

was cultivated as wet land, and the same average was collected, making the demand on that year's increase Rupees 12–9–½ of which Rupees 6–1–10 was Fuzl Jasti. In Fusly 1238, Coontahs 12–6 more were ascertained as wet lands, the teerwah of which was Rupees 2–2, of which Rupees –12–2 was Fuzl Jasti. In Fusly 1245, on Coontahs 10–11, the same mode of fixing the teerwah was adopted, making it Rupees 1–12– of which Annas 15 was Fuzl Jasti. The total wet cultivation in the above years being Acres 5–9–3. The Poonjah teerwah of which was Rupees 1–5–1, the Fuzl Jasti Rupees 15–12–3, making in all Rupees 3–1–4 and Summary of the fields cultivated as poonjah Acres 3–23–4, the teerwah on which was Rupees 12–15–. The Cawle teerwah on which is Rupees 9–3–11.–

In the other field No. 84. the extent of Coontahs 1–5, bearing a teerwah of Rupees 3–2–5. of which Rupees 2–5–9 was Fuzl Jasti, was cultivated as wet in Fusly 1235 and in Fusly 1245 a portion of Coontahs 11–15, the teerwah

Fort St. George 4th August 1842.

Rupees 1–15–. and the Fuzly Jasti Rupees 1–6–6. total wet cultivation in that field Coontahs 3–4. teerwah Rupees 5–1–5. The remaining portion of the field was 2–8–2 fyaul teerwah Rupees 3–14–3 Cawle Assessment Rupees 2–14–9, continued as punjah lands.

The portion of land entered above as Punjah cultivation was under crop as wet in Fusly 1245, since which time it has been left waste. Of the portion left as punjah, Sundavery Odrair in Fusly 1243 cultivated 3–32–13 with wet crops, and if the average of the Village had been assessed thereon the teerwah would have amounted to Rupees 25–14–8, but the Tahsildar having fixed a Mistal Assessment, it remained to only Rupees 15–12 thus causing a loss to the Circar of Rupees 10–2–8.–

In reply, the Tahsildar says that he did not assess No. 82. the Curnum asserts he did, and that the Maneygar accompanied them when fixing the Assessments the Maneygar on the contrary states that of the land belonging to Sundavery Odrair recently cultivated Punjah teerwah had not been

been fixed at the time of his examination.-

It is unfortunate for the Tahsildar that in his examination before the Sheristadar and Collector, he admitted having fixed the Assessment on both of these Numbers- he therefore did wrong in resisting to the Assessment after a previous Assessment had been made on the fields- for although the Assessment had not before been cultivated and he stated he was guided by the Hookumnamah in fixing his Assessment he ought to have known that two different rates of Assessment could not exist in the same field- The average Assessment was collected in Fusly 1206-

2- The second item of complaint is that in the Villages of Perdanaickpalliam, the Tahsildar gave to Runga Tandaar and Narrain Tandaar land which had formerly been assessed at Rupees 4-4-2- for Rupees 16-5- being a saje of Rupees 33-

This land 3-13-12 was originally in the Punjah turn and its teerwah was Rupees 2-14-3- In fusly 1236 it was cultivated as wet land and according to the practice then existing the average teerwa of the Village was fixed being Rupees 13-3-2- per acre or Rupees 44-2- on the whole field the next year in fusly 1237 it was waste and in fusly 1238 given to Narrain Gowdoo on Poonjah assessment he cultivated until fusly 1247- In fusly 1248 Looba Gowdoo, the son of Narrain Gowdoo cultivated it as Nunjah- The Tahsildar admits having made the Mifsal as stated but denies that he knew of former teerwah having been fixed as he was not made acquainted thereof by the Curnum- the Curnum admits that he did not inform the Tahsildar- The average teerwah is high and perhaps Nunjah could not profitably be carried on under it as after one years trial it reverted to the Poonjah assessment- this is however no excuse for affixing a new rate without authority- the story that the fault was the Curnums is barely possible-

A second item in this portion

portion of Complaint is that in the above-
=mentioned Village the Tahsildar granted
Acres 1-17-6. former average assessment
Rupees 18-14-6. at the reduced assistt of
Rupees 4-11-2. to his brothers, thereby
causing a loss to Government of Rupees
14-3-4.

This land is original[ly] pun-
=jah in fusly 1236 it was cultivated as
Nunjah and the average teerwah of the
Village being Rupees 13-2-11. per Acre
was fixed thereon. it was left waste
next year and from Fusly 1237 to fusly
1247 it remained in that state in fusly
1248 the Tahsildar placed a Mujsal
teerwah thereon of Rupees 3-4-3. per
Acre and gave it to his brother Visher-
=natha Row on Cowle.

On this point the Tahsil-
=dar states as before that the Village
authorities did not make him acquain-
=ted with the circumstances of a former
Nunjah assessment having been fixed.
The Curnum states, that being himself
sick he employed a Gomastah to per-
=form his duties, and that he through
ignorance neglected to inform the
Tahsildar.

On considering the
circumstances

circumstances attending the above item
of Complaint it would appear from
the lands having been thrown up as
soon as the average teerwah was im-
=posed thereon that the teerwah is as
too high. it was nevertheless the Tah-
=sildar's duty to bring the circumstances
to the notice of the Principal Collector
for instructions and not to reduce a
fixed assessment on his own Respon-
=sibility. the Statement that he was
not made aware of any previous As-
sessment having been affixed is not to be
believed although the Curnums are
content to take the responsibility on
themselves. the Tahsildar is a better
revenue Officer than to be guilty of
so great carelessness in such a case.
There is an order of Mr. Babington's
in the duftar issued in 1834 to the
Assistant Tahsildar, authorizing him
to impose a Mujsal teerwah in
cases where the lands assessed with
the average teerwah became uncultivated
and where particular instances of
overassessed lands were rendered
useless

useless by having the average teerwick imposed the late Principal Collector in several instances authorized the fixture of a fresh rate. Had the Tahsildar complained against, taken the precaution of previous application, as was his duty, no complaint could have come against him. The complaint does not charge him with benefiting himself by the above means except in so far as giving lands at a reduced rent to his brother Govinda Row and Vedanatha Row at 9½ at Rupees 30-12-6, but this is taking the lands to be of a value equal to the average teerwick which their relinquishment immediately on the teerwick being fixed authorizes us to suppose they were not. On the whole there is no doubt that the Tahsildar in the instances above mentioned was guilty of a great neglect of duty in proceeding to change the turns of the land without authority —

3. Another item of Complaint is that the Tahsildar accepted an offer of Rupees 22-10— for the fish in Yerramandamoodrum when Rupees 25 had been offered. It appears from the examinations that for a long period of years the rent had been held at the former sum and the persons who made the offer of the latter state that they declined committing the offer to paper when required —

4. Columns 4 and 5 are cases of Police. The parties aggrieved should be the parties to complain —

5. The 6th Complaint is that in the three Villages of Yerianna Samoodrum Chinnasamie Samoodrum and Peddanaick Pollium the Tahsildar had formerly cultivation. that after he became Tahsildar he took lands in ten Villages that he employed the Circar peons in his own business that he forcibly employed the Village Wodears in improving his lands, without pay, that on the pretext of moving out on Circar business he went to his own Villages. That he cultivated his lands by pressing ryots ploughs that on the lands which he took up after he came to Salem he placed an assessment much below its value —

As

As far as regards this portion of the Complaint the Principal Collector prefers to that regarding the appropriation of Lands in his Taluk at reduced rate, considering that the complaints on the other items should be made by aggrieved parties if they are so inclined, and not by a person without any authority from them for so complaining.

The land given to his relatives by the late Tahsildar during the time he was in Salem extended in the different Villages to 85 spots containing Acres 215-36-14 the Teerwah on which was as fixed by Timapuen Rupees 441-9-7. As this was complained against the present Tahsildar Sorjapoor Veeranada Rau was instructed to respect the Lands and his accounts to concede with those of the former Tahsildar in 41 spots the extent of which is acres 105-30-4: bearing a Teerwah of Rupees 253-3-3. In the remaining 44 spots Acres 110-6- a the former Tahsildars Musal amounted to Rupees 188-6-4 that of the present to Rupees 356-7-1. being

being an increase over the former of Rupees 168-a-9. but in this amount the difference in the Lands of Vidanatha Row and Soobu Gounden is entered as specified in Para 2 amounting to 47-6-4. as also the amount brought to account by the present Tahsildar, on account of increased measurement, Rupees 4-12-9, leaving the difference of Musal Teerwah on bunger land as fixed by the former and present Tahsildars, Rupees 115-13-8.—

The parties in whose favor these Lands were given and the amount of each are specified in the Statements which accompany this.

In that Statement it will appear that the quantity of bunger land given by Timapuen to six persons his relations since, Jusly 1248 amounts to acres 211-6-12 of which on acres 105-30-14- the Teerwah fixed by both Tahsildars as the same Viz. Rupees 253-3-3. on the remaining extent of acres 105-14-14 the Teerwah fixed by Timmapuen was Rupees 172-12-2- whilst that

~~that~~ fixed by Streenevasa Row is
Rupees 293-6-7. being an increase
of Rupees 120-10-5-

Of the above extent of
acres 211-5-12 a portion, acres 63-27-13
is entered at full tho' ~~which~~ which
shews a deficiency of Rupees 15-4-3.
per annum as per Mistul of Streen-
evasa Row, or on the Collections
from fusly 1248 to 1250 as per Jummah
settlement of Rupees 38-10-11-

The remainder acres 167-
17-15. was given on Cowle, the amount
deficiency on which as per the re-
assessment is Rupees 105-10-2 per
Annum or as per Jummah Settle-
ment from fus'y 1248 to 1250, Rupees
36-4-2. making the loss of Collection
on these years to be Rupees 67-4-1

The reply of the late
Tahseldar Timmapeen in reference
to this difference states that the
present Tahseldar is under the
influence of a person in the
employ of Mr Fischer at
Salem, with whom he Timma-
peen is at enmity and by whom
all the complaints against him have been
instigated

instigated that the lands when re-
assessed had been considerably
improved by cultivation and that
he had been guilty of no neglect of
duty in assessing as he did- and
having stated to me that if I
sent any persons to inspect the
lands I should find what he
said was true- I therefore when at
Salem during the last Jummah
appointed five Ryots from differ-
ent Villages who brought me
accounts which with the excep-
tion of a small increase of
Rupees 7-14-1. in 3 fields, agree
in every other respect with the
assessment fixed by Timma-
peen- On those accounts however
I did not place much confidence
because the time occupied by them
in inspecting the lands was
insufficient to enable them
to perform the duty required
although the late Tahseldar
accedes to Streenevasa Row who
respectfully the fields of being

himself if he did not report unfavorably, I have confidence that there is no man in this District on whom I could more surely depend than on the present Salem Tahsildar, and in dependance on his accounts I have no hesitation in recording my opinion, that the late Tahsildar Timmapien in giving away so much land with

Fort St. George 4th August 1842

in his Talook to his own immediate relatives made the authority entrusted by Government subservient to his private interests. On the receipt of the accounts from Streenevasa Row in September last, I removed Timmapien from his situation, nor do I intend to reinstate him Unless the Board should consider a more lenient punishment to answer the ends of Justice.—

That there is a conspiracy against the late Salem Tahsildar, I have no reason to doubt. I was long ago informed by my late Sheristadar Neelkunt Row, that a person named Sambia in Mr. Fischer's employ, had determined if possible to effect his ruin. I myself have on his account been accused of partiality and breach of Oath by some of the parties, in acquitting him of a Charge of oppression, which the Court of Fauzdary without any reference to me thought it their duty to forward to Government with their opinion that unfortunately there was too much reason to believe it was true although they were afterwards kind enough to express regret for having framed a decision on insufficient grounds

grounds. I am therefore, I now have no hesitation in declaring, less competent to pass a decision, fearing I should err on the other side and be too severe. I therefore trust the Board will excuse my forwarding for their perusal, the whole of the record, in order that they may have the best means of judging in this case.——

From the Collector of Sm Dm of Arcot

Reporting on the Manufacture of Sugar at this place & requesting an extension of the Act IV. of 1839.-

To The Secretary to the
Board of Revenue
Fort St. George

Sir,

1 At the beginning of this year a Firm at Pondicherry commenced the manufacture of Sugar at this place from the produce of the Palmira tree - I believe their original wish was to collect the juice from the trees, and perform the entire process by their own works.-

2. It was soon discovered, however, that the juice could not be collected in quantities sufficient to ensure the production on an extensive scale - and, in consequence, they have been content to manufacture from Palmira Jaggery.-

3. The Board are aware that this article is a dirty compound; but containing a large quantity of saccharine matter. By an ingenious process sugar is made from this of an excellent quality, and calculated, it is generally supposed, to obtain a good footing in the English market.-

Another

4. Another firm is about to erect works at Cuddalore, consisting of European Machinery imported for this sole purpose with a similar view - and there is every reason to suppose, from all that I have learnt on the subject, that the mode of manufacture will soon be extensively adopted. -

5. But a difficulty has arisen, I trust only to the temporary injury of the enterprizing individuals, who have engaged in this undertaking; which compels me to address the Board. -

6. While the juice of the Palmirah, or the jaggery made from that juice, was produced from trees in this District and made into Sugar at Cuddalore, it, of course, was entitled to the Certificate - and all the benefits contemplated by Act XV. of 1839; but the neighbouring supply being inadequate, the jaggery has been imported from various places on the Coast, and this according to the strict wording, I am unable to grant the specific Certificate, for "the sugar, though it is the manufacture, is not "of the produce of this District". -

7. The whole Coast is a forest of Palmiras from which neither the Government nor individuals, at present, derive profit while in a more general point of view the opening of such a means for the employment of Capital and labour is of acknowledged benefit, and the wishes of the Home authorities, the local Governments, and all Revenue officers, tend to afford every possible encouragement and protection to such a manufacture. -

8 Under the spirit of the Act the jaggery being the produce of Company's territory, the Sugar is clearly entitled to the Certificate - that is, to the advantages contemplated by the Act; and I should be only too glad, if such a liberal construction lies put, by the Board, or Government, on the wording as will authorize me to consider the "produce of the District" to include in its meaning, the manufacture of Sugar in the District from the produce of other parts of British territory where the importation of Sugar is prohibited. If such latitude be allowed, I can grant the Certificates, when I am assured that the jaggery is not imported from other quarters. -

A

9 A parallel case would be this = could the Certificate be granted for sugar made in South Arcot from canes imported from Tanjore? The difference is only in degree, for in this case it might tacitly be done as of trifling consideration, while as relates to the jaggery, there being a probability of its becoming an important branch of export-trade, it is desirable that all doubt should be removed before more capital is invested.-

10 Should the Board come to the conclusion however, that some extension of the provisions of the act is required to embrace this point, I beg that in recommending such a course they will advocate a liberal encouragement of the manufacture, which promises to throw open another of the many neglected re-sources of the Country, and compensate for the abandonment (in consequence of the want of profit) of other productions and trades.-

11 In conclusion I have only to mention an early settlement of the question is of great moment to the

parties

parties who have already embarked their Capital, and made a quantity of the sugar; as well as to many more who are impatient to commence.-

Proceedings thereon

(Signed) C. H. Hallett
Collector.

Ordered that the foregoing letter be submitted for the consideration and orders of the Right Honorable the Governor in Council, in connexion with the subject adverted to in the Board's letter dated the 13th June last.-

The Board concur in the opinion expressed by Mr Hallett that under the spirit of the Act XV of 1839, sugar manufactured in South Arcot from Jaggery, the produce of other parts of British territory, where the importation of sugar is prohibited, is entitled to the advantages contemplated by the Act, but it will be still incompetent to him, for the reasons specified in the Boards' letter of the 13th June last, above alluded to, to issue the certificate necessary for securing these advantages, until some alteration shall have been effected

To the Secretary to the Board of Revenue Fort St. George.

Sir,

In reply to your letter of the 27th ultimo, I have the honor to acquaint you that I am unable to disburse the Salary of Assoo Row up to the end of January 1842, having already appropriated the amount for the payment of the present Head Sheristadar, who has drawn his Salary here from the 11th December, the date of his leaving Masulipatam and on which his succesor was appointed by Mr. Grant.

2 I have at the same time to remark that Assoo Row's case cannot be considered a hard one, in as much as he has drawn pay for more than seven months during which period his Official functions entirely ceased in my Office.

Submitting explanations & Extract from the assigned Watch Book of a quantity of Tobacco belonging to Tamanathan.

Sir,

In transmitting the accompanying Petition from Tamanathan, I have the honor to submit the following explanation.

On the 30th November last, the Manjee Mar Athan Nathan, loaded with 4—9—4/8 p.s of Tobacco arrived at the port of Cochin from the French Settlement of Mahé, whence it cleared with a Pass for Dunlop. On the 2 December, the Manjee having received credible information that it had been arranged to smuggle ashore that night, a quantity of Tobacco from the said Manjee, directed a guard boat with a party of peons to be on the alert. About 8 O'Clock at night a canoe was seen putting ashore from the Manjee. It was immediately pursued, but before the guard boat could overtake it, the crew jumped overboard & escaped, leaving Dawa Lapa Kristnen, a servant of Tamanathan, the owner of the Tobacco, 8 & 10th Bundles of Tobacco in the canoe, which was seized & brought to the Custom House. This act of smuggling the Manjee concerted

he accordingly had it brought into the River, and
next day landed the remaining Tobacco
on board amounting to 3½ Bales, equal to 3 Candies,
2 Mds & 33 Pallams. The Manager made no further
of this Proceedings, and as the case was one of import-
ance, and it was desirable to punish in the severity
the principals & parties engaged in such illegal
this being suspected of being engaged in the contra-
-band trade of Tobacco, I directed that matters
be referred for the disposal of the Criminal
Court at Cochin. The result of the trial, & the
heavy penalties on the parties implicated
in the affair, is shewn in the Enclosure
No 1.

See Harris Decision dated the 18th Dec 1841.

The Court of Zamjdaree Adaulut in reversing
reversed the sentence passed by the Joint Criminal
Judges, & directed the return of the fine levied
from the 1st 2d & 3 Prisoners on the ground
that the offence was committed out of the
jurisdiction of the local Courts in which words
that according to their Circular Order of 31st July
1834 No 9. the case was one for cognizance by the
Court of Admiralty.

See Encl. No 2 & 3 the S. D. Proceedings dated 11th & 18th Feb 1842.

the propriety of a decision passed by such a tribu-
-nal as the Zamjdaree Adaulut, but bearing at
the opinion given — by the Advocate General
(upon which the C. C. & V. have noticed it based)
its applicability to the case in question appears to
me extremely doubtful. Mr Norton after defining
the limits of the Admiralty jurisdiction proceeds
to say, "In cases of offences committed at sea Sam

the 1st 2d & 3d Prisoners were tried, convicted & fined
can hardly be said to have been committed at sea
the 1st Prisoner was actually residing at Cochin
at the time he sent for the Tobacco from
Mahé, as well as when he got part of the Tobacco
smuggled ashore through the agency of one
of his Dependants (the 3 Prisoner). The
second Prisoner the owner of the Mayjee
was likewise residing at Cochin at the
time he took part in this contraband
traffic, by giving his Mayjee to
the 1st Prisoner for the purpose and other-
-wise aided and abetted therein as will be
immediately shewn. The 3d Prisoner was
also a resident of Cochin, and was caught on

on the beach in the act of smuggling on his return from the Manjee's two orders were issued by the 2d Assistant to Captain Markham, as Commander of the Revenue Vessels to detain such Tobacco as the Parties in whose favour they were drawn, should claim. The Offence was premeditated and committed in the Night. One of these orders was for one Bale of Tobacco which the said Markham & Lascar should claim on the night of the 1st December and which must have been duly & faithfully performed & carried off. The same might have been the case with the quantity for which the second order was given but for the timely arrival of the Revenue Boat and Peons. The detection and seizure of this quantity, I conceive, fully warranted the Capture of the portion which remained in the Manjee's the conduct of the Parties concerned in the illicit transaction being a strong evidence of collusion to elude the restrictions and Tobacco Regulations. I am the more strengthened in this opinion from finding on the records of my Office a communication addressed to the Board under date the 10th June 1832, sanctioning the confiscation of certain Goods found on board the Ships "Samadany" which have been

A Ship's Pass having been three days at the Port of Loading no Manifest was entered at the Customs House.

in the original Manifest on the grounds that they were, as represented by Mr Babington in his letter dated 28th April of that year "intended to be smuggled in the same way that part of such unmanifested Goods had already been run."

The plea set up by the Petitioner on examination that the Tobacco was intended for Duties as part of his Travancore, is altogether undeserving of credit, inasmuch as he must have been well aware that, from the existence of the Monopoly of this Article in that District he could not be expected to have been permitted to land it there.

Under these circumstances I think I have shewn ample cause why the whole of the Tobacco captured should be confiscated.

Bringing to the notice of the Board certain circumstances which have prevented the purchase of the Forests offered for sale by Kelloo Mooneeoff informing of the obtainment of another Teak Forest on very favorable terms from the Zamorin Rajah and requesting Sanction to entertain some Adiars at a Monthly expence not exceeding 20 Rs to preserve it from future depredation.

Sir,

With reference to the Extract of the Proceedings of the Board of Revenue under date the 9th May last, I have the honor to inform you that I have not yet completed the purchase of the Forests offered for sale by Kelloo, the Mooneeoff of Calicut, in consequence of an enquiry which has been set on foot by the late Acting Judge Mr. Strange, as to the manner in which he became possessed of them - Kelloo has documents to shew his title, which to all appearance can hardly be gainsaid, but as I have been made aware of the enquiry that has been instituted, and informed that it is thought not impossible a legal flaw may be detected - I have deemed it best to stay proceedings still I can act without the slightest risk. -

I take this opportunity of informing the Board that I have succeeded in obtaining a Teak Forest of considerable extent in the heart of the Ernaad valley (near Carcoor) on very favorable terms from the Zamorin

Zamorin Rajah. - His Highness does not wish for any Mortgage advance but is content with an agreement that the usual Kootee Cazimum (Stamp money) of one Rupee per tree, be paid on the number of trees that may at any time be cut - there are at present few, if any, that are fit to be felled, almost in every piece of timber that could be felled any price in the Markets having been carried away in the last few years, and much of it surreptitiously, but with time and attention the Forest will no doubt recover itself and prove a valuable Acquisition. Should induced to fill slaves (Adiars) to take up their residence in the Forest to preserve it from future depredation, on a promise of protection and support, and they now for sanction for a monthly disbursement not exceeding 20 Rupees to enable me to entertain them. - The Salary I shall have to allow them will amount on an average to 3 Rupees a head or for the Eight 24 Rupees per mensem, but some part of this will be realized by the sale of honey, wax and other Hill products which are found in the Forest, and the Collection

† The difficulty of guarding such distant & peculiar property against theft is no doubt one of the reasons which has greatly weighed with the Rajah in giving it over to the Government.

which forms one of the chief occupations of the Adiar Class. -

The Adiars will from time to time be overlooked by the Acting Sub Conservator and his Establishment. -

There will be an annual Charge of Rs. 11-1-11 per annum on account of Revenue hitherto paid to Government on account of the Forest as also one of 2 Rupees per annum on account of the Landlords Fees. -

Read letter from the Collector of Malabar, reporting that he has thought it best to defer the completion of the purchase of the Tenk Forests offered for sale by Kellao pending an enquiry which it has been found necessary to make, regarding the title under which that individual holds the forests in question. —

2 Mr. Conolly also reports that he has succeeded in obtaining a teak forest of considerable extent in the heart of the Ernad Country, from the Zamorin Rajah, who it appears is willing to surrender the same, on an agreement being made on that the usual Teake canum (or Chamfrey Money) of one Rupee per tree shall be paid him on the number of trees that may at any time be cut. —

3 The Board recommend that this arrangement may be sanctioned and that the Collector may receive Authority to make disbursements not exceeding in amount Rupees 20 per Mensem to the Hill people who he states that he has induced to take up their residence upon the spot with a view to preserve these Forest from future depredation. —

4 The Collector observes that there will be an annual charge of Rupees 11-1-per annum on account of the Revenue hitherto paid to Government on the Forest and a charge of 2 Rupees per annum on account of the Landlords fees —

Extract from the Minutes of Consultation under date 4.th July 1842.-

Read the following Extract from the Proceedings of the Board of Revenue.-

(Here enter 13.th June 1842 R.e 250)

Para 1. The season of Fusly 1250 would appear to have been not quite so favorable to the Choondy Estate as that of the preceding year. In the cultivation of dry land there was a considerable increase but in that of wet lands,

Govtoos 102. a decrease to the extent noted in the Margin. This result as regards the wet cultivation has arisen it is stated, from the insufficient falls of rain whereby but 1/16 of a full supply was received into the large Choondy Tank. From the same cause it became necessary to make larger deductions for "wet lands uncultivated" and "dried up Crops, so that the gross settlement amounted to Rupees 30,914-6-5 and was below that of the year preceding by Rupees

collected within the Fusly and Rupees 227-8-5 by the 15th April last thus leaving at that date a balance of Rupees 1731-6-4 to be realized on account of the Estate.-

3 The surplus Cash in hand on account of the Estate after deducting disbursements is shewn in Para 8 of these Proceedings to have been Rupees 47554-1-4 at the date of the Principal Collector's report, a full and detailed account of which is exhibited in Statement 6 accompanying the same.-

4 His Lordship in Council having already signified his approval of the draft Sunnud i Milkeut Istimrar submitted with the Extract from the Board's Proceedings under date 14th February 1842 No 58, subject to the Modifications suggested in Para 3 of the same, orders that a Sunnud prepared accordingly and duly signed by the Members of Government and sealed with the Public Seal be issued through the Board of Revenue and the Principal Collector of Nellore to Caumenauyany Burgaur Mottarauze on his executing a Counterpart

Extract from the Minutes of Consultation Under date 23d July 1842.—

Read the following Extract from the Proceedings of the Board of Revenue Relatives to the Settlement of the Land Revenue in the District of Madura for (Here enter 26th May 1842 Fusly 1250. (No 222)

Read also the following letter from the Secretary to the Board of Revenue Submitting Mr. Blackburne's explanation upon certain points upon the settlement of the Madura District for (Here enter also 26th May 1842 Fusly 1249.— (No 220)

Para 1. From the account given in the foregoing proceedings, the season of Fusly 1250 would appear to have been a less favourable one than that of the year preceding— There was a general scarcity in the early rains in all parts of the district, save in the talooks of Theromungalum, Tyempully, and Maroongapoory which occasioned a falling off in the total extent of dry cultivation: and altho' the abundant supply, subsequently received, is stated to have

Secured

Secured the Ryots a rich return, especially in the two latter taboobs, above mentioned there was a decrease in the Revenue, under this head, to the extent of Rupees 11,767 — 10 - 9 - As regards the Cultivation of wet lands the season was still more unpropitious - No supply whatever was received into the river Vigay, until the end of October, and then only a very scanty one; subsequent to November moreover — no rain fell at all, consequently there was a decrease in the Cultivation of this description in every taboob, but the two, — as noted in the Margin, and it became necessary also to grant remissions for parished crops to the extent of Rupees 26,986 - 7 - 10 on Rupees 16,557 - 14 - 2 - in excess of the amount disbursed on the same account in fusly 1249 -

2. It is satisfactory however — to observe that the district was generally healthy, and that the malignant fever which raged with such fatal effects in Autoor and the neighbouring Villages in the previous year, Continued in a much less violent degree during the period under Review. —

3. The price of grain was

lower than that of the preceding year, owing to the fine Crops obtained from the dry land and the abundant produce from the wet in the neighbouring districts; and the Collector remarks that "this double loss both in price and short produce has fallen heavily on the Cultivator." The Board have shewn, however, that the prices of grain in fusly 1250 are higher than those of 1245, when the revenue was greater, although prices had fallen on an average 47 per Cent, on — each description, below the fusly immediately preceding - These great falls in the Market value of the Ryots produce are, as the Board justly remark, much to be regretted es- pecially when they touch on the legetimate profits of the Cultivator, but at the same time liable to occur in all districts; and it is satisfactory to know that they will be less severely felt in Madura, where the — teerwah paid on the land is low. —

4. The net settlement under

1249 - 10,58,347-5-8 Cumanie amounted to 1,019,619 — — 10 and
1250 - 10,18,619 — 10

39,228-4-10 fell below that of fusly 1249 in the sum noted in the Margin. —

The

5. The amount of remission for withered Crops was, as before mentioned, Rupees 26,988-7-10, and was granted in the same manner as in the year preceding. The Principal Collector again earnestly advocates his proposition, formerly made, to extend the indulgence to all unproductive wet land without reference to the rest of the ryots rent. The sentiments of Government having however been already stated in regard to this subject, His Lordship in Council deems it unnecessary to do more on the present occasion — than express his entire concurrence in the observations, which the Board have recorded thereon in this Para.

Para 7.

6. The Right Honorable the Governor in Council entirely approves of the attention of the Principal Collector having been directed by the Board of Revenue, to the subject of remission for Branmi Cultivation. The circumstances of the individual's case, herein mentioned, seem fully to justify the opinion they entertain, of the indulgence not being granted in the manner that was originally intended

intended and to call for strict enquiry on the part of the local Authorities, for the purpose of restricting the same to the terms on which it was first given.

Ryotwar. Zemindaries Settled. Do. Unsettled. Hill Rents.

7. The total Settlement of the land revenue, including the several items specified in the Margin, Amounted to 1,744,512-4-10 the whole of which, with the exception of Rupees 3,311-14-10, being the amount of Peishcush due against the Calamunthai Estate, was, it is observed, collected within the fusly, a result which reflects the highest credit on the exertions of the Officers who had the management of the district.

8. The Principal Collector has not miscalculated the sentiments of Government, in thinking that an exhibition of the general effects of British administration would prove agreeable. A more striking instance of the good effects of the mild, yet efficient management, introduced under the Company's rule, need not be wished. — for, than that which the state of the revenue of the Madura division for Fusly 1250 (as compared with the average of the last 5 years it was subject to the authority

6

of the Nawab presents to view. It is further gratifying to observe from the Statement furnished in the margin to para. 10 of the Boards proceedings, that the flourishing condition to which the whole district has attained, may be dated almost as far back as fusly 1215, or five years after its period of assumption. thus demonstrating, in a most satisfactory manner, the causes, viz.t. the insecurity of property, and the ofienly corrupt system of Government, which had led to its depression, under its late ruler, and how soon confidence was restored to the inhabitants under the feelings of security, which the beneficial reforms introduced into the public administration, were calculated to impart.—

11-12-13

9. The Right Honorable the Governor in Council approves of the observations recorded by the Board of Revenue on the subjects alluded to, in those paras, and desires that the information, called for on the several points therein noticed, may be furnished by the Principal Collector in the manner prescribed.—

His

His Lordship in Council

10. has much pleasure in recording his approbation of the Management by Mr. Blackburne of the district of Madura, during the fusly under review, and notes with satisfaction the terms of praise in which that Gentleman speaks of the services of his Sub Collector the late Mr. Davidson, and his head Sheristadar Shashagerry Row.—

11. The explanation offered by the Board of Revenue, in regard to certain remarks written in pencil and which appear to have given so much annoyance to Mr. Blackburne for whose perusal they were never intended, is considered sufficient, but

His Lordship in Council has not failed to remark with regret the objectionable manner taken by that Gentleman of the

Extract from a letter from the Secretary to the Board of Revenue dated 26th May 1842, No. 220 Para. 5. The Board regret that any hasty remarks written upon a Document in the course of Circulation, which were never intended for record and ought to have been effaced before it was sent out of their office, should have ever met Mr. Blackburne's eye, and given him occasion for the smallest annoyance, they readily assure him that none such was intended.—

Para 1. A considerable decrease is observable in the settlement of this estate for fusly 1250, compared with that of the year preceding, as shown in the statement entered in the margin. This result would appear to be entirely owing to the very unfavorable nature of the season for wet cultivation, in all but four of the 44 Talooks of which, this Zemindary is comprised. to an excessive issue of Tuccavy and the greatest attention is paid throughout the whole season to the regulating of the issue according to actual necessity. In the fusly just expired the issue of Tuccavy was much smaller than I expected notwithstanding the great distress of the former season. The cause of this was the early setting in of the rains and the extent to which the Poonjaik cultivation was able to be pushed which supplied the means of carrying on the cultivation of the Principal or paddy crop without the issue of much Tuccavy, and the failure of the after rains and consequent impossibility of carrying on the Pyra cultivation to any very great extent rendered the issue of Tuccavy on this account unnecessary. In the present fusly the early

rains have failed the consequence of which is very little Poonasak cultivation has been able to be carried on, and a larger issue of Tuccavy will be necessary for the principal or paddy crop and it is to be hoped that the means of carrying on the Pyra cultivation will not fail also in this season as a whole, I expect the amount of Tuccavy now estimated by me will be sufficient though in some places it may prove rather above and in some below the mark. However if an increase is necessary in any particular case, an Extra Estimate can easily be submitted.

Sir,

Fort St. George

With reference to the concluding Para of your letter of the 13th Ultimo regarding the payment to Camel Bayana of the share appertaining to her of the amount ordered to be paid to the Descendants of M. Shashagherry Row I feel obliged again to address the Board with the view of being furnished with the specific orders of Government on the case.

It

Fort St George 11th August 1842

It appears to me that a payment of the amount to Camel Bayamah would subject me to an action in the Supreme Court at the suit of the Assignee of the Insolvent Court and if upon any proceeding in that Court, it should be judicially determined that the right of the Assignee of the Insolvent Court was preferable to that of Camel Bayama the amount would have to be paid again I would suggest a reference of the papers to the Advocate General and am induced to think that the safest course would be to deposite the amount of her share in the Supreme Court where the Parties interested can adopt their own measures to obtain payment thereof under any other course of proceeding payment is now made to Camel Bayama

Fort St George 11th August 1842

Bayama the Government may be called upon to pay it over again should the Assignee of the Insolvent Court bring an action and it be judicially determined that the money should have been paid to him and not to Camel Bayama.

24.

From the Jt. Pol. Asst. of Cuddapah

To The Secretary to the Board of Revenue Fort St George

Sir,

The great extent of the Poolevendlah Talook in this District has frequently

frequently attracted the attention of the local officers, so much so that Mr Lacon in his letter of the 13th July 1833 recommended that it should be divided into 2 Talooks, Viz, Poolevendlah and Cudderee, and Mr Blaine in revising the Mayen Jabitah has created in this Talook the Office of Deputy Tahsildar the only one of the kind in the District. The Board of Revenue objected to the arrangement proposed by Mr Lacon chiefly on account of the additional expense which it would involve.

2. But the extent is not the only objection to the present proposition of the Poolevendlah talook - a chain of hills runs nearly through the centre of it and there is much difficulty in passing from one side to the other. The northern half of this talook adjoins the Bellary District and

and

and the Southern half the Mysore territories, and the natural consequence has been that Gang robberies have been more frequent in this talook than in any other throughout the District.

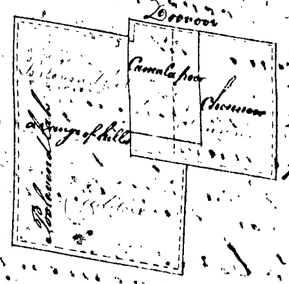
3. The following is an Extract from a letter of a late acting Collector, dated the 24th April 1841, addressed to the Board of Revenue. From many former and more recent, reports, but more particularly from that of Mr Blaine, under date the 26th August 1839 the Board of Revenue must be well aware of the extent and rugged nature of the Poolevendlah talook; that it is intersected by a Chain of Hills, which forms a natural, and not very accessible, barrier, between the Cudderee Division, lying on the frontiers of Mysore and the Bellary Districts and being exposed to the inroads of Gangs of Robbers from the Poyachoty Muddenpilly and Goorrumeendah talooks by which it is also bounded, and that part of the Talook in the direction of Vempilly Poolevendlah and other considerable villages. It is difficult to pass with carts from

vempilly

Vemplilly to Cudderee, and the whole face of the Country is such as to offer great facilities to the operations of Gangs of robbers"—

4. In a revenue point of view too, there is considerable objection to the present arrangement. The ryots in the Poolevendlah Division are obliged to carry the revenue collections across the Ghauts to the Cusbah station, which is situated in the Cudderee Division. It has also been found necessary to place too much authority in the hands of the Deputy Tahsildar, who resides at Poolevendlah, as he is merely a subordinate Officer receiving Rupees 40 per mensem.

5. The annexed diagram will show the relative position of the Poolevendlah, Camalapoor and Chennoor talooks.



The black lines show the present talook lines and the red lines the proposed ones.

I propose to divide the Camalapoor talook between Chennoor and Poolevendlah and to

make Cudderee a separate talook, at the same time transferring 4 Villages from Camalapoor to Doovoor, as they are situated very near the Cusbah station of the latter talook.

6. The annexed abstract statement exhibits the number of Villages, and the revenue of each talook, as at present constituted, and as they will be, in the event of the arrangement now proposed receiving sanction.

myself of the opportunity afforded me, to place the police of the town of Cuddalapah on a more efficient footing than it is at present. The Shennoor Tahsildar formerly supplied peons for the duties of this town, and the responsibility of its protection was thus divided between him and the town Police Ameen. I have thought it better to appoint a distinct Establishment for the police duties in Cuddapah, and this arrangement will, I trust, be productive of improvement where it is much required. In other respects the Mogen Tahtah is unaltered.

Proceedings thereon.

(24-25)

In making this proposal, it would seem that the Collector has Chiefly in view the improvement of the Police of the Pooleyendla Talook, but the Board are informed that the Magistrates in the Ceded Districts have submitted, for the sanction of Government, such an addition or alteration in the present Establishment of their Districts as they

may

may consider necessary to put down Gang Robbery. Pending therefore that arrangement it would appear that no other change is necessary. The Collector states that this Talook (with reference doubtless to its great extent) has already obtained a Deputy Tahsildar, and it is not shewn that the proposed plan would have any advantage over this Arrangement, as it is only intended to entertain two independent Amildars instead of one Amildar and his Deputy. There is no objection to the Deputy Amildars performing all Police duties, to the full extent of the authority allowed by the Regulations.

Sir,

Reporting the utmost gratitude expressed on the Rajah of Poonganoor at the confidence reposed in her by Government, and

I have the honor to acknowledge the receipt of an Extract from the proceedings of the Board of Revenue, under date the 18th April 1842, forwarding for my information and guidance the orders of Government relative to the affairs of the Pollems of Poonganoor.

The

8924

Recommending for granting certain pensions to Moonmady Chicka Rayel the youngest Brother and the widow of Veera Chicka Rayel, another brother, of the deceased Rajah.

Fort St. George 11th August 1842.

2. The Ranee is highly gratified at the confidence reposed in her by Government in allowing her to retain the management of the Pollium during the minority of her son, and the arrangement appears to have afforded general satisfaction to the Polligars family, and to the inhabitants of the Pollium, and I am satisfied it will be advantageous to the Government

3. Two brothers of the late Polligars still survive. The 1st. Comara Chicka Royel has been vested with Police authority at the express desire of the Ranee. He is on the best terms with her and her Children, with whom he resides. The 2d. Brother Chinna Moonmady Royel has been, I regret to say, misled by some designing persons to set up a claim to the Pollium on the ground of his having been adopted by his late Brother Veera Chicka Royel, and many petitions setting forth his claims have been presented both to the Board of Revenue, and the Government. On this subject it is sufficient for me to observe 1st. that the right of Veera Chicka Royel

8925

Fort St. George 11th August 1842.

Royel himself has been disallowed, and 2dly that there is no truth in the assertion that Chinna Moonmady Royel was ever adopted by him.

4. Chinna Moonmady Royel has lately married, and lived separate from the rest of the family; and the Ranee proposes to bestow on him an allowance of Rupees 100 per mensem, being the same amount as was formerly assigned to his deceased Brother Veera Chicka Royel.

5. With regard to the widow of the latter the Ranee is also ready to make a suitable provision for her, but before deciding on the amount, I think it right to bring the following circumstances to the notice of the Board.

6. In 1832 the late Poligar proposed to assign an allowance to each of his brothers, and also separate allowances to the widows of the late Zemindar, but the Board of Revenue in a letter addressed to the Chief Secretary to Government, under date the 8th December of that year, objected to a separate allowance being assigned

Fort St. George 11th August 1842

assigned to the female members of the family, and the Government concurred with the Board of Revenue ---

There are now several widows of deceased Poligars, residing with the family and maintained at the cost of the Estates. I am inclined to think that they would be dissatisfied if the childless widow of a younger Brother, who never rose to be the Head of the family, were now to be granted a separate allowance, unless on a very reduced scale. There is, it must be allowed, however, a very unfriendly feeling between the present Ranee and the above widow, and I do not think they will ever be sufficiently reconciled to live together.

Under these circumstances, I am of opinion that Rupees 40 per mensem would be an adequate allowance for her

Fort St. George 11th August 1842

It is probable that she will live with Chinna Moonimady Royel, and they will thus, between them, have an allowance of Rupees 140 per mensem, which appears to me sufficient to support them in the utmost respectability; but not enough to induce others to follow their example, and to live separate from the head of the family ---

Submitting for sanction a Statement and Advertisement of Lands attached for the old balances due in the Subdivision, with Copy of a letter from the Sub Collector dated 23d April 1842.

Sir,

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue bearing date the 17th of February last, I have the honor to submit transcript of a letter from the Sub Collector Mr. Bourdillon under date the 23d of April 1842, reporting for the information of the Board the result of the measures adopted by him for the recovery of Land Revenue due by certain defaulters for Fusly 1250, as therein required.

2. With respect to the old balances due by some of the parties in the Sub Division for Fusles prior to 1250 adverted to in the 2d Para of the Proceedings above quoted, I beg to transmit for sanction the accompanying Statement of Lands attached for the balances due from Fusly 1240 to 1246, under the explanation afforded in the 6th Para of the Sub Collectors letter dated 23d April last

For

8930 Fort St. George 11th August 1842.

For the reasons stated in Paras 4 and 5 of the letter from the Sub Collector, the extreme measure of sale of Lands should not be resorted in the cases of Chinna Vardien and Santa Minar. The names of these individuals have been accordingly omitted in the List of Lands proposed to be sold.

3 The advertisement prescribed by Section XI Regulation XXVI of 1802 is also enclosed. The date mentioned in it as the day of sale, is the 25th proximo.

4 It will be observed that the Village Mannium has been inserted among the lands proposed to be sold. The Sub Collector in doing this has followed the course observed on a former occasion, but as the Village Mannium is a grant from Government for service to be performed, I am of opinion that it ought not to have been included in the Statement.

(30-31)

Under the circumstances alluded to in Para 2 of the foregoing letter, the Board approve of the omission of the names of Chinna Vurdien, and Santa Nenar, from the list of defaulters, whose lands it is proposed to expose for sale, for the recovery of arrears of Revenue.

The publication of the Advertisement for the sale of the Lands of the remaining defaulters is sanctioned - the date of sale being postponed to the 2d Proximo.

The Village Maniem should clearly not be sold, and that part of the advertisement has been omitted in the copy published in the Board's Office.

From the Pr. Coll.r of Salem

Sir,

I have the honor to submit for the consideration and approval of the Board of Revenue, the Draft of an answer I propose to file in O.S. No. 94 of 1842 instituted in the Zillah Court of Salem by Maurea Modelly of Cavalty Pungapollium in the Talook of Womaloor, against myself and three others, a translate of which accompanies, and to request the necessary Sanction, for defending it at the Government expence, may be obtained.-

No. 1.

The Complaint of Maurea Modelly, a weaver residing at Cavalty Pungapollium in the Womaloor Talook, States.-

That in Fuslies 50 and 51 he received a putta for the Cultivation of a Spot of land in the Village of Conagapaudy

Conagapaudy, which he says is called Itchee Murrumpoonjah and Numbered 154, measuring Goontahs 33 and annas 14, paying an annual teerwah of Rupees 2 and annas 11 and yielding him a profit of Rupees 10; that having cultivated this land and enjoyed its produce for two fuslees, the Principal Collector, when at Womalore in Fusly 1251, took back the putta he had received for that year and issued a putta in the name of the father of the first three defendants, who are now cultivating the land and enjoying its produce he therefore requests the Court to restore the land to him.

In reply to this the Principal Collector states that the Complainant has no right whatever to the land in question. A Putta was long held in the name of Mundelay Moodely, the father of the first three defendants for a spot of land situated in the Village of Canagapaudy in the Womalore talook, named Itchaemurrum poonjah

No. 153, measuring acres 5-15-13 and paying an Assessment of Rupees 17-3. Of this land, or field, a portion, Goontahs 33 and annas 14, paying a teerwah of Rupees 2-11. was, at the request of the ryots, deducted in Fusly 1239, for the purposes of building houses thereon, and the remaining portion was continued in the name of the father of the three first defendants.

The portion assigned for building, remained for some time unoccupied, and in Fusly 1250, the Complainant, without permission or authority of any kind, cultivated this land so set apart for other purposes. this becoming known at the Settlement of Fusly 1250, the land was brought to Sewai Jumma account and not entered in that of the regular Settlement, and an Extra revenue putta issued. In Fusly 1251, the Complainant proceeded again to cultivate, and the Curnum having entered the land in a false number, No. 154, a putta was issued to Complainant, contrary to the true State of the case as becoming

Fort St. George 11th August 1842.

becoming known to the Principal Collector, he took back the putta so thus surreptitiously obtained and as in the event of the land not being required for the purposes for which it was received, the former pulladar had the best and only claim, a putta was given in his name for the whole of No. 153. The Complainant had no right to take up for cultivation part of a field held in putta by another. two puttahs cannot be given for the same field unless a regular division had been made The Curnum subjected himself to punishment for a false entry of the number in account and the Complainant never professed a regular putta. The first being a sengy Suma putta, and the last containing false entry, and obtained by fraud, was taken back. The Principal Collector therefore requests the Court to throw out the Complaint, and award him his Costs of Suit.

st. for the same teerwah for 50 Fuslies 1250 and 51, and I have accordingly cultivated the land, and enjoyed the produce thereof for both fuslies by paying teerwah to the Circar, and obtained receipts for the same. while so, the 4th Defendant, when at Woomaloor, in the Month Pungoony of the year Palavah, deceitfully caused me to bring the Puttah of Fusly 1251 and after receiving it from me, issued a Puttah for the same Fusly in the name of the late father of the first three Defendants, who are now cultivating the land in question, and enjoying its produce. I wrote an argee and sent it to the 4th Defendant by the Company's Post on the 6th April 1842, setting forth the reasons, and requesting that the land in question may be restored to me, but as I have not hitherto obtained a reply, and as he (4th Defendant) has not received a Ranzeenamah from me for the said Land, I request that it may be restored to me.

Para 1. A considerable decrease is observable in the settlement of this estate for fusly 1250, compared with that of the year preceding, as shown in the statement entered in the Margin.— This result would appear to be entirely owing to the very unfavorable nature of the season for wet cultivation, in all but four of the 44 Saloobs of which, this Zemindary is comprised.— The rains are stated to have been very insufficient and only one supply to have been received into the river.—

Sir, Fort St. George.

From the Coll.r of Guntoor

With reference to the Extract from the Court's Proceedings dated the 19th May last. I have the honor to enclose the Copy and translation of a petition from Mannoor Venkata Hanoomayemmah, Proprietor of the Paulapurroo Sub Division of the Chilkaloorpaud Estate, praying that the Disbursements incurred on account of the family Pagoda in Fusly 1250, may be sanctioned. The Court will observe that I recommended sanction for this disbursement to the extent of Rupees 192-8, which was ordered, though not actually paid, by the late Collector in May 1811 -

A.

Translation of an Arzee from Rajah Mannoor Venkata Hanoomayemmah Zemindar of Chilkaloorpaud dated Friday the 9th decreasing Moon of Jaishtum, year Soobacroot corresponding with 1st July 1812.

Having addressed to you one or two petitions mentioning in detail that I had contracted a loan, to enable me to perform the annual festival, and other ceremonies, of the Comaravelli Paud Pagoda and requesting that you would grant the said Money to be reimbursed to me you were pleased to issue an Enoyetnamah stating that the Court of Wards had sanctioned a sum of Rupees 350 on account of the expenses for the current year - But as I had defrayed the charges incurred during the last year by means of a loan, I am now subjected to great trouble from the lender - As this is the amount usually allowed, you may order its payment yourself - If your Honor consider it necessary that a reference should be made to the Board for its sanction,

I

Fort St. George 8th August 1842.

I beg that you will be pleased to submit your recommendation without loss of time, and having obtained sanction favor me with the amount.

Again we have, since former times, performed all the festivals of the Pagoda in question without any prevention, incurring much expence thereby. Altho' we have been conducting festivals economically with reference to the amount now sanctioned by your honor, yet as we are now in need, in consequence of the Estate not being in our possession, the Merchant who lent us the money last year, has given us much trouble. Therefore solicit that your honor will be pleased to retain your favor on me, and grant me the amount expended last year without delay.

Moreover, I requested in an Arjee to you that an order should be issued to the Ameen of the said Talook instructing him to grant Doombalah for the Manium lands amounting to 12 Cutchellis allotted for

Fort St. George 8th August 1842.

for the daily ceremonies, lamps &c. of the said Pagoda. As no order has yet been issued on that head, I beg to remind you of my request, and hope that you will issue an order to the Ameen of the above Talook without further delay to grant us a Doombalah for the 12 Cutchellis of Manium lands, for the purpose of performing the daily ceremonies and that you will be pleased to grant the amount incurred in celebrating the festivals of last year. Please to peruse this.

Sir,

I have the honor to acknowledge the receipt of your letter of the 18th Instant No 157 requesting me with reference to an Extract from the Minutes of Consultation No 135 dated 19th May 1812 annexed to your letter, to suspend the levy at the Frontier Chowkees, of the Sayer duties on Articles passing from Kurnool District.

Not having received any instructions from the Board of Revenue on the subject, I am sorry I cannot comply with your request. But I shall immediately transmit Copy of your letter to the Board of Revenue and await their orders. In the mean time there can be no objection to allowing the duties now collecting to remain in Deposit.

I am not aware of the arrangement in respect to the Frontier duties recommended by

Fort St. George 8th August 1812.

by Mr. Blane and ordered by Government to be carried into effect, and I should be obliged to you by favoring me with them, that I may understand how far they will affect the Sayer duties in this District.

I would observe that although the duties on the Bombay frontier are remitted in that Presidency, yet the same duties hitherto collected in this District on the Imports and Exports to and from the Bombay Presidency are still collected at the Bellary Frontier chowkies. From this Sayer that any alterations in the Collection of the Sayer duties in the Kurnool Territory may not perhaps intended to affect the Collections in this District. At all events no instructions have been yet received to make such alterations, as those contemplated in your letter.

From the Acting Prin.l Collr. of Cuddapah

Reporting that the present arrangement sanctioned with regard to the Collection of Sayer duties at Curnool not only exempts all articles from duty in that Country but even after they have passed into the Company's Territories and requesting that the Communication on the subject may receive the early Consideration of the Board of Revenue

Sir,

Para.1 I have the honor to request you will be so good as to submit for the consideration of the Board of Revenue the accompanying letter from Mr. Bayley in charge of Kurnool together with its inclosures.

2. If the instructions convey=ed to Mr. Bayley have been correctly interpreted by him, the inhabitants of this Zillah will be subjected to serious loss from the superior advantag=es conferred on the people of Kurnool, and it is therefore incumbent on me to bring the subject to the notice of Government thro' the Board of Revenue.

3. With the exception of three articles, Cotton, Cotton thread, and Grain, which pay a duty on exportation from the Company's territories there is no difference in the amount of

of duty collected at the frontier and at the inland Chowkies. The only distinction is, that at frontier chowkies, a duty of 5 per Cent is levied on the articles enumerated in the proclamation of Government dated 17th July 1837 - imported from foreign territories — without reference to any duty, which they may have paid within these territories.

4. Mr. Blanes' proposition to Government was to "introduce in "Kurnool the system of inland duties "now prevailing in the other provinces "under the Madras Presidency, and abo- "lish the frontier chowkies now establish- "ed in the Cuddapah and Bellary Dis- "tricts, on the borders of the Kurnool County." The latter part of his proposition would have been more clearly expressed if he had written thus "to abolish the frontier duties," in other words, to exempt from duty all goods accompanied by a Rowannah shewing that they had already paid inland duty in the Kurnool territories." This would have

placed Kurnool exactly on the same footing as the Company's territories and would have been unobjectionable but the present arrangement exempts all articles from duty not only in Kurnool (which is of itself a great privilege) but even after they have passed into the Company's territories. This is to extend advantages to the inhabitants of Kurnool at the expense of our own subjects, a result which I cannot suppose the Government to have contemplated.

5. For I scarcely understand how goods are to be identified as the produce or manufacture of Kurnool. All goods from the Nizams territories might evade the payment of frontier duty merely by taking the route of Kurnool.

6. As the Government have decided on abolishing Sayer duties in Kurnool, the most equitable arrangement would be that all goods subject to duty coming from Kurnool should pay the inland

8853

From Fort St. George 8th August 1842.

inland duty of 5 per Cent at the first Chowkey within the Company's territories and this would of course exempt them from all further duty. The collection of duty on the three articles abovementioned in para 3 on exportation might also cease as it seems not to be intended to regard Kurnool any longer as a foreign state.

As the subject is one of considerable importance, and as Mr Bayley seems anxious to introduce the system with as little delay as possible I venture most respectfully to request that the communication may receive the early consideration of the Board of Revenue.

Para 39 Notwithstanding the smallness of the Revenue derived from the Sayer the people are not benefitted in a proportionate degree for the mode of Collection is most harassing to the trade of the Country and the want of fixed rules, and an uniform rate of duty leaves the Merchants greatly at the mercy of the renters, and renders it difficult to exercise any efficient check over them. It would be extremely difficult to reduce the present system to any regularity, and perhaps the best plan would be at once to

introduce the system of inland duties now prevailing in the other Provinces under the Madras Presidency and abolish the Frontier Chowkies now established in the Cuddapah and Bellary Districts on the borders of the Kurnool Country. This would be a measure of relief to the trade of the Country, but no increase of Revenue from this source could be looked for. I think, for this there would be some gain in the reduced rates of duty on Cloths and some other articles, and on export and import duties between Hyderabad and Kurnool Countries it would probably be more than counterbalanced by the abolition of the Frontier duties between the Company's old Districts and Kurnool and from the Rowanahs granted on the Company's Districts carrying articles free this the Kurnool District.

Under the head of Moodut-pent there was a decrease of Rupees 23174 being the result of a gross decrease of Rupees 23894-8-7 and a Gross increase of Rupees 720-8-4 - The Decrease was composed of the pents of 21 Villages which were transferred from Moodut to Nunnary viz to the appreciation of their taxes amounting to Rupees 23894-8 - The increase consisted of Rupees 541 the pents of certain Hills Villages which from being under Nunnary in the preceding year were formerly pent but in the Fasly under review an Increase of Rupees 142 in the percent of Sircar's Share of Ordinary pent to regulating mohatalcuttoo notice together with Rupees 57-8 the increase of Cuttoobady as explained in Para 5 of the Collectors report -

Nunnary Para 6

3 The increase of Rupees 17082-2-7 in the Inam Settlement under Nunnary consisted principally of the pents of the 21 Villages transferred from Moodut to Nunnary as already explained being Rupees 23895-12-11 The Sicka Lands newly brought under cultivation

which in the preceding year had been left waste being Rupees 14971-2-10 the total increase from various causes being in the aggregate Rupees 41911-9-4 The chief item of decrease was a sum of Rupees 23281-2-9 occasioned by the abandonment of lands in consequence of the desertion and death of the Ryots or other causes including the remaining items of decrease under this head, the total deficiency was Rupees 24829-6-9 leaving a Net increase as stated above of Rupees 17082-2-7 -

Inam Cuttoobadies under Nunnary Para 7

4 The increase of Rupees 566-7-- in the Inam Cuttoobadies was owing to the Amount of Cuttoobady in the Villages resumed from Moodut as stated above and to which these Inams appertained being Rupees 773-11-- and to the excess amount fixed on Inams Fifty Rupees 15-8-- from which being deducted a decrease of 222-12-- the aggregate of the resumption of an Inam land in consequence of the abandonment of the owner and the

remission and reduction from others for the reasons assigned the above increase resulted over the preceding year.

Maturpha Para 8.

5 In the Maturpha Settlement there was a decrease of Rupees 5.88—9—11 in the past compared with the preceding Fusly which appears to have been caused chiefly by the desertion and death of Artizans the loss from whom fell short by Rupees 1090—11—6. There was however an increase under the head of new Traders and Articles of traffic to the amount of Rupees 284—15—7.

6 The deficiency in the "Settled Dowle" as observed above was Rupees 127690—14—4, the Amount in Fusly 1249 having been Rupees 87760—10—6 — whereas in the Fusly under review it was Rupees 74369—12—2. The decrease in the sum to be realized is attributed by the Collector to the very adverse

Statt. in Para 10. were less than the like Collections in Fusly 1249 by Rupees 112263—0—10. The gross Collections including arrears exhibit a decrease to the amount of Rupees 150928—11—1 as compared with the total Collections realized in the ante-cedent year.

Submitting for Board's Approval an advertisement for the Sale of certain Zemindary or Proprietary Estates on 31st August next for arrears of revenue due up to end of Fusly 1251 together with a statement of all those in arrears to Government with the necessary recommendations as they direct

Sir

I have the honor to submit my report on the Zemindaries and Estates in this District which were in the possession of their Proprietors at the commencement of Fusly 1251 along with an advertisement for the sale of such as may not have fulfilled their engagements by the 31st August next-

2 The total demand on this account is Rupees 954080-10-6 of which Rupees 557506-6-7 have been realized and Rupees 396574-3-11 remain to be Collected hereafter-

3 The season of Fusly 1251 has been decidedly most favorable but the resources of the District have been so crippled by the

the previous succession of bad seasons and the population is so very short with reference to its exigencies and the price of Grain has been so low in consequence of large accumulated stores from importations from Arracan that many difficulties have had to be encountered in the General Revenue management of the year and the sale advertisement contains a fearful list of engagements unfulfilled and what is worse the actual private state of several Proprietors is so embarrassed that I fear little good can result from further public indulgence.

In the Statement marked B, the forty nine Estates are divided into six classes. The 1st Class contains five Estates which have paid their revenues in full. The second Class contains fourteen Estates against which on a total demand of Rupees 193834-8- there is a balance of Rupees 19,304-15-4, which will undoubtedly speedily be realized. The third Class contains two Estates against which there are present as well as future engagements which will be fulfilled. The fourth Class contains two Estates of Minors under charge of their Guardians the engagements of which will also be fulfilled. The fifth Class contains twenty five Estates against which on a demand of Rupees 59,925-2-0 there is a balance of

of Rupees 289012-5-2, of which Rupees 19476-0-2 are on account of Current engagements unfulfilled and Rupees 94252-3-2 on account of sanctioned future instalments. Of these Estate seven are under regular attachment and I have issued notices with regard to the remainder to prevent anticipations of revenue and shall appoint Establishments to their charge before the time of sale. With respect to the Estates unattached the engagements of the majority of them will I hope be fulfilled. There is only one respecting which I am anxious viz. Panoomuntra. This Estate will hardly yield the Permanent Settlement and the purchase of it by the present Proprietor was very unwise and his losses have been enormous for which he is to be pitied as having been the dupe of other parties, considering his

his conduct to have been honest I have not attached his Estate as no good would have resulted from the measure and no loss has been occasioned to Government but as there is little hope that this Estate can be eventually saved it would be useless for me to make any further recommendation in his favor. Sub Division accounts were made by me for the Moongondah Estate under orders of the Courts but great difficulty was experienced from the general loss of the Turnumi accounts in 1839. and the vexatious difficulties thrown in the way by the Proprietor Cotey Puttabe-ramarow. In consequence the Parties interested in the Subdivision have applied for the whole Estate to be brought to sale for the Government balances and the surplus to be remitted to the Court which I have re-ported to the Court, signifying my intention to bring the Estate to sale for the Government Demand. The Cotah Estate entered in the sixth class cannot be sold as the subdivision accounts have not yet been sanctioned. The Zemindar having only remd to Government
