From the Coll. of Salem (12)

Para 1. I have the honor to inform you, that I was only two days ago furnished with a Copy of a decree passed in the subordinate Court of Salem in O. S. N. 203 of 1841 in which Mr. Fischer the Mootadar of Salem is Plaintiff, and the Principal Collector and others Defendants - I made different applications through the Government Vakeel for a Copy, but the decree though given out in Court on the 11th was not authenticated with the signature of the Judge till the 30th December, my request was till then refused - It appears however, that Mr. Gley had been privately furnished with a Copy; and as the Board are aware has anticipated me in an Appeal - A copy of his reasons of appeal has been shewn to me by Mr. Brett, the Sub Collector, and I approve of them; the case is analogous to another pending in Court regarding the Encampment Ground laid claim to by Mr. Fischer in O. S. N. 274 of 1842, and the arguments made

Sir,

From the Collr. of Salem (12)

Para 1. I have the honor to inform you, that I was only two days ago furnished with a Copy of a decree passed in the subordinate Court of Salem in O. S. No. 203 of 1841 in which Mr. Fischer the Mootadar of Salem is Plaintiff, and the Principal Collector and others Defendants - I made different applications through the Government Vakeel for a Copy, but the decree though given out in Court on the 11th was not authenticated with the signature of the Judge till the 30th December, my request was till then refused - It appears however, that Mr. Gleig had been privately furnished with a Copy; and as the Board are aware has anticipated me in an Appeal - A copy of his reasons of appeal has been shewn to me by Mr. Baetts, the Sub Collector, and I approve of them; the case is analogous to another pending in Court regarding the Encampment Ground laid claim to by Mr. Fischer in O. S. No. 274 of 1842, and the arguments made

made use of in Mr Gleig's paper are nearly the same as those in my answer in that suit— I therefore coincide in his view of the case & and the necessity of an appeal as it involves a question of great importance to Government and the opinion of the Subordinate Court appears to me obviously wrong - It is not therefore necessary for me to submit and appeal petition till I am furnished with the instructions of the Board; but tho approving of the view taken by Mr Gleig of the case, in justice to myself I must remonstrate against the way he has chosen to interfere in the matter without any private or Official communication with me whatever— He went to the public Cutcherry for some days, made use of the public Servants and records, and drew out his letter to the Board as Principal Collector—

2. As I yield to no man in anxiety to promote that reciprocal good feeling and unanimity so essential in Public men to forward the interests of the Service, I must say that I feel annoyed at such conduct on the part of Mr Gleig— as besides his deportment and conversation here was apparently intended to give me offence. Had he

he communicated his intentions and object in visiting Salem, not being at the time far off, I should probably have gone to meet him, and would gladly have availed myself of his assistance in drawing out the appeal, or at any rate given instructions that he might see all the records on the subject - but regardless of my permission, he assumed his Office, issued orders to the Servants and perused the records at his will— such conduct is, in my opinion, to use the mildest expression, unjustifiable and uncourteous, and I hope the Board will in their proceedings take such notice of it as they may think proper -

To The Acting Principal Collector of Salem.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 11th Instant and in reply to inform you that the Board have appriz[d] Mr Gleig that they are precluded from communicating

communicating with him direct on the subject of the contemplated appeal in O.S. No. 203 of the Subordinate Court of Salem, which must be conducted by the Officer at present in charge of the Salem District - The Government have however by a recent order permitted Mr. Gleig to visit Salem for the purpose of advising with you on the subject of the Suit in question and I have therefore now to request that you will move the Court for an exctension of the appeal period, bringing to the especial notice of the Judge the delay which has occurred in furnishing you with a Copy of the decree and that you will in communication with Mr. Gleig prepare the draft of the appeal Petition which the Board request may be submitted for their consideration at your early convenience -

Sir,

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue under date the 23d October last, conveying the sanction of the Most. Noble the Governor in Council for the continuance of the Pension of £1 - 3 - per Mensem enjoyed by the late

Fort St. George 22d. January 1844

late Kristnamah of the family of the Savemalah Poligaris, to her Grand Sons Ramapah Noid and Sutchmapah Noid, I have the honor to acquaint you for the information of the Board, that in consequence of no mention being made in the Minutes of Consultation of the date from which the Pension was to have commenced, I authorized the payment thereof from the 1st of October 1843.

2 As Incumbents of an Hereditary Pension Ramapah Noid and Sutchmapah Noid have subsequently preferred their claims for arrears retrospectively from the date of Kristnamah's death Viz. 2d. December 1842; but having no sanction I could not comply with their request I beg therefore you will submit the matter for the favorable consideration and orders of the Board.

To,
C. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From A. Freese Esqre Collr of Chungleput. Parad. Enclosures Nos 1, 2 and 3. (29)

I have the honor to transmit the accompanying three Statements shewing the Revenue, Collections and Charges with the surplus proceeds of the attached Shistrums Villages for the Fusly 1252, under my management by the Fillah Court.—

2. The Villages from No 4 to 10 were rented in Fusly 1252 vide Statements No 11 and 12 under Ryotwar and Amany respectively, the decrease of Revenue on the last mentioned arises from the diminution of the Gross produce caused by drought.—

3. The Village of Villamoor entered in Statement No 2 was restored to the Shistrumdar under Orders from the Provincial Court communicated by the Fillah Judge together with a portion of the produce for 1251, amounting to Rupees 115-1-0. The sum of Rupees 63-5-1 of Collection Col 11 of the same Statement was paid to the Shistrumdar as per minute annexed agreeably to the Fillah Judge's letter of the 7th January 1843.—

Sir,

I have the honor to transmit to you the accompanying Copy of a letter and its enclosure, receiv from the Collector at Pulicat dated 20th Ultimo and to request the sanction of the Board to sell by Public Auction the ground held on a Government Grant by the late Mrs A. M. Van-Hogendrop at Pulicat on account of 2 last Fasts due to Government from Fasly 1248 to Fasly 1252 amounting to Rupees 16-8-7. The 2 last Fasts has never at any time been paid upon this land, but I made a demand for the arrears of the five last Fasties only with reference to your letter of the 10th April 1843.

There are a few trees on the land and two Wells, but there is no building.

The grant held by the late Mrs Van-Hogendrop and the advertisement prescribed

Sir,

With reference to the Quit Rent Bill submitting to me for payment due for 5 years on a Ground situated at Pulicat taken on a lease by the late Mrs Hogendrop. I beg to acquaint you that I have no funds remaining in hand of the Estate of the late Mrs A. M. Van Hogendrop the accounts of which Estate (after the Expiration of one year of my administration) had been finally closed and filed in the Supreme Court at Madras.

I take this opportunity to return to you the Lease of the said ground which you will be kindly pleased to transmit it to the Collector of North Arcot as it is of no avail my retaining it, for the produce of the ground is hardly sufficient to pay the annual Quit

Forwarding a Statement of certain Allowances of Cavelly in the Chellumbrum and Manargoody Talooks for Sanction.

19th December 1843

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

Para 1. The Cavelgars, whose Cavelly income was resumed under orders of Government conveyed in the Board's Proceedings, having solicited payment of the amounts of 15 per Cent of their Pensions awarded to them, I have the honor to enclose an Abstract Statement, shewing the gross and net amounts of their income as reported by Mr. Dent to the Board, which was resumed, and carried to the Syer accounts on the 12th July 1842, together with the amount of 15 per Cent calculated thereon, and payable to them as a Pension in lieu of their resumed privileges amounting to Rupees 1,073-10-8.

2. I beg to mention that Nulla
=naiga Soora Saleganay, the Cavelgar of the younger
branch of the Pitchaverarow family in the
Talooks of Chellumbrum, is greatly advanced in years,
and surrounded by a large family, and reduced to a
very destitute condition, after the orders for the

rendering him unable to discharge his Puttah
rent for Fusly 1252, as well as the arrears of
Peishcush on his Pitchaverarow Villages for the
preceding

preceding year, amounting to Rupees 219-6-10. His property is retained under attachment, being unwilling to dispose of it, till the receipt of the final order respecting his Pension.

3. As I have nothing further to offer regarding the claims of the other individuals, I beg leave to request, that the sanction of Government may be obtained for the specific amount being paid to each of the Cavilgars enumerated in the enclosed Statement, from the commencement of Fusly 1252, during the natural life of the individuals respectively.

4. Several individuals laid claim as Dutta Manimdars to some of these cavely income, whose proceedings are under enquiry, and when completed, will be fully reported on, separately, for the decision of the Board.

5. I beg to observe that the whole of the un-resumed cavelgars cases are finally adjusted with the exception of the Mangalore Cavelgar referred to in the correspondence noted in the margin

it appears that the cultivation of
American cotton in Fusly 1243 had entirely
failed, and to state that subsequent to
that period, neither the cultivation of cotton
or Virginian Tobacco was attempted, and
consequently the remission authorized by

Sir,

In reply to your letter of the 2d January accompanied by an Extract from the Minutes of Consultation under date the 28th December on the subject of substituting armed Peons in the room of regimental Sepoys now employed as Treasury guards I have the honor with reference to the points referred to in the concluding para of the Extract, to inform you that the number of men whose services can be dispensed with, and Peons employed in their stead amounts to sixty three - These sepoys have hitherto been stationed in various Taloob Cutcheries as Treasury Guards, and in removing them I would suggest that Forty five armed peons should be newly appointed at Rs. 4 8a - per mensem, the remainder 18 being made up from the Taloob Sibbendy with a view to a saving in the additional charge which must to incurred

J

Fort St. George 22d January 1844

I am not prepared to recommend the removal of the regular Sepoy guard from the Jails at Negapatam and Myaveram. Sepoys periodically changed, have not the same means of communication with the prisoners or their friends as permanent Peons would have, and they have generally a far greater stake at issue - a trial was formerly made at Combaconum to do without the Sepoy guard, and an outbreak was almost the immediate consequence - I am of opinion therefore that unless a regular Sibbendy Corps were established, officered and better paid than ordinary peons, great risk would be run in changing the Sepoy guards.-

The guard at the main Treasury at Negapatam I consider it would be highly advisable to retain, there being frequently very large sums in deposit, and I confess that I should have but little trust in a Tanjore Peon in cases of emergency.

The additional charge for the employment of 45 Peons as suggested above, would amount at Rs. 4 8a per head to Rupees 202 - 11 - 8 per

per mensem and the number of Sepoys returned to the regiment 63

From J. Blackburne Esqre
Dpty Collector of Madura

Sir,
Para 1. On the 10th I had the honour to receive your letter of the 2nd Instant with Extract from the Consultation of Government and directing my earliest possible report of the expense required for replacement, by temporary Establishment of armed peons, of all Military guards that can be dispensed with without risk to the treasuries under my charge, or to the tranquillity of the Collectorate.—

2 The dates of former correspondence on this subject are noted in the Margin

The Military force in the Collectorate consists of two companies of the 15th Regiment N. I. from Palamcotay

* Reporting on the Military quartered in the Collectorate of Madura considering generally the 4 Companys as exceeding the desirable, but submitting also propositions for its reduction according to necessity.—

To the Board
25th June 1834
15th March 1836
16th April 1836

Palamcotay, at Madura, 110 miles north.

One Company under a subaltern Officer is detached to Ramnad from the same Regiment, distance about 100 miles west.—

And one Company is detached from the 12th Regiment at Paulghat to Dindigul, distant 118 miles south east for the sole purpose of granting the Military stores and bill port of that place and perhaps to ensure general tranquillity.—

3. Ignorant of the nature and number of the forces to be kept at Trichinopoly and Palamcotay 100 miles on each side of Madura north and south, my propositions must be open to Correction.—

The Sepoys at Madura have no other Revenue duty than guarding the Treasury and are only of use otherwise as proving the readiness of men to put

Fort St. George 22d January 1834

put down any distinbance- They have never been in any occasion, since 1834, when I was first put in charge of the Collectorate, required-

I think they might well if need require it, be reduced to one Com=pany- If there be further need I think they might very well be replaced by an efficient body of pensioners; the Sepoys at 3½ Rupees a month and the other grades in proportion; but I would recommend in addition a trust worthy subahdar and such other Native officers as may be deemed ad=visable from the line-

On consulting the Civil and Sessions Judge Mr. Hooper on the propriety of destituting Madura entirely of Military support, he calls to mind the serious disturbance raised in Mr. Peters time by the right and left hand castes, when at the their services were not absolutely required to ascertain and suppress, their presence undoubtedly contributed in a great measure to prevent the riotes

from breaking out into open violence and to restore tranquillity; and it is his opinion it would be very unwise to leave Madura without at least one Company: and in reference to this I take the liberty of bringing to remem=brance that the Change of Dewastan=ums being no longer under the European authority a slight partiality, perhaps accidental, towards one party was very near bringing on a Collision last year which I was only enabled to divert by stating the Circumstances by proclamation and assuring all the people there should be no partiality to either side tolerated: and by exacting security and Confinement of those from whom I feared incitement to the people to break the peace-

Treasury and the monthly escort of that treasure and that of the Tinnivelly Collection to Madura, distant 77 miles north west; the road running throughout thro' the Zemindaries of Ramnad and Shevagungah.

By reason of the little duty to call me into Ramnad the nature of its administration and the turbulent character of many factious heads of Maravers and the Minority of the heir of the Zemindary, I would wish the Continuance of this force. If need be it may be reduced by one half, the escort of treasure being left to armed peons. If still more need be there may be substituted for it 50 pensioned Sepoys commanded as proposed for Madura.

The Dindigul Detachment as I have before shewn, is exclusive of

1388 Fort St. George 22nd January 1814

as I am concerned as Collector, I have no objection to urge to its removal, and no great fear of any evil result to. Knowing nothing of the amount of Military stores in the place I am not prepared to propose any substitute for it.

Finally I beg to suggest 4 retention of one Company at Ramnad at Madura and at Dindigul but on receipt of instructions, shall be willing to dispense with the Company at Dindigul, and to replace the two Companies at Madura by 80 Sepoys under Command of Native officers from the line, and strongly urge retention of the Company at Ramnad.

Fort St. George 22nd January 1844

I have the receipt of your letter of the 2nd Instant, accompanied by an Extract from the Minutes of Consultation under date the 28th December 1843, on the points referred to in which I am called upon to report.—

2. I beg to submit herewith a statement of the Strength of the Military Guards over the several Treasuries in this district, and of the expense that would be necessary in replacing them by armed Pensioners. I cannot at the same time state my decided opinion, that no dependence can be placed on the Peons of this district, or in any case of danger, as has been sufficiently proved in several occasions. I have no hesitation therefore in saying that I consider it would be attended with risk to withdraw the Military guards from the several Treasuries.—

3. I trust it is not the intention of Government to withdraw any of the Detachments from the out posts in Canara, the retention of which I consider to be equally necessary now as at any former period. Experience has sufficiently shown the danger of leaving this Province with a weak Military force, and the number of troops now employed in it are certainly not more than sufficient for the duties they have to perform.—

From the Chief Sec.y to Govt. concurring in opinion with the Board that it is not necessary to extend the Puswandum Rules to Districts where they are now unknown or even to apply them to new works where the System obtains.

Extract from the Minutes of Consultation under date the 13th January 1844.

Read the following Extract from the Proceedings of the Board of Revenue

Recording observations on the subject of Puswandum Enams for the repair of Tanks in the District of Salem stating that any extension of the Puswandum Rules to Districts where they are now unknown and even where they exist their further application to new works is unnecessary, but that existing Puswandum should continue undisturbed so long as the original terms on which they were granted are fulfilled.

(Ans. enter 16th Nov.r 1843 No.581)

The Most Noble the Governor in Council having had under his consideration the information laid before him in the Proceedings above recorded upon the subject of Puswandum Enams generally

generally, is of opinion with the Board of Revenue that it is not necessary to extend the Dasawundum Rules to Districts where they are now unknown, or even to apply them to new works where the system obtains.

2 In respect of existing Dasawundum His Lordship in Council approves of the proposition — that "they should continue undisturbed as long as the original terms on "which they were granted are fulfilled, but "in all cases of neglect or failure either past "or future, that they should be permanently resumed "and the repairs entrusted to the Ma[illegible] Department"

3 His Lordship in Council directs that instructions in conformity to these views be issued for the guidance of the local Officers.

From the Collr of Rajahmundry submitting as called for in the Board's letter of the 2d Inst the information regarding Military Guard Stationed at the Cocanada Treasury—

Sir,

Para 1 In reply to your letter of the 2d Instant, enclosing Extract from the Minutes of Consultation of Government of 28th Ultimo, directing that armed Peons shall be substituted in all practicable cases for Military Guard, I have the honor to report that the only Military Guard in this District consists of a Subadar (or Jemadar) and 22 men, who are stationed at the Cocanada Treasury this building is at a considerable distance from the Town in an isolated situation and is therefore open to a sudden attack. The Guard is supplied from the Regement stationed at Samulcottah and it is the practice to change it once a Month. By this arrangement the men are never so long absent from their Regiment as to interfere with

with their discipline and as Samulcottah is only ten miles off, they are within easy reach of their Commanding Officer, who can hold daily communication with them if required. The frequent change of the Guard moreover is conducive to the Security of the Treasury—

2 Considering the exposed situation of the Treasury and the recent disturbances that have taken place within the Zillah, I think it would be dangerous to leave the Cash Chest without a regular Military Guard, and I therefore beg to urge the necessity of adhering to the present arrangements for its safe custody—

From the Pt Collr of Cuddapah Reporting the arrangements be

Sir,

Para 1 I have the honor to acknowledge the receipt of your letter of the 2d Instant forwarding

he has proposed for the substitution of armed peons in lieu of Military Guards placed over the treasury &c in his District also forwarding a memo of the Guards furnished by the 25th Regt N.I. for the Jail &c

forwarding for my information and guidance an Extract from Minutes of Consultation directing the substitution of armed Peons for Military Guards employed for Revenue purposes and in reply to state that no time will be lost in carrying into effect the above instructions

2 By the enclosed Memorandum the number of Men who will be returned the Regiment will be easily ascertained. Namely the Guards for the Treasury and the Cutcherry at Cuddapah amounting in all to 1 Native Officer, 36 Non Commissioned & privates &c

3. To supply the place of these Guards I have commenced arrangements to entertain from the 1st Proximo a temporary Guard of armed Peons as follows—

		Rs
1	Jemidar per Mensem	20
4	Duffadars Do at 8 Rupees	32
35	Peons Do at 5 Rupees	175
40		227

4 The Military Guard at the Jail though stationed at the same place as that of the Treasury is not employed on the Revenue Department, and I have not therefore

therefore included it in the arrangement, but as it may be intended that it should be also changed, and as it forms part of one Guard available for the purpose of protecting both Treasury and Jail, I propose on that event that it should not be less than

		Rs	Rs
2	Duffadars at	8	16
18	Peons	5	90
20			106

The total Military Guard to be relieved would then consist of 50 Men and the number to be entertained for the same duties would be 60, which is the smallest number I would venture to recommend. The Sepoy Guard is always complete to its full number, being relieved every day but of the peons one portion (say one third) must always be off duty—

5. In the above arrangement the Guard at the Cutwalls Cheultry will be withdrawn without being replaced by any part of the Temporary Establishment, but I hope by a careful revision of the distribution of the Police Peons to prevent any ill consequence of their removal—

the receipt of your letter dated the 2d Instant, and to state, that the only places in Malabar where Military Guard could be dispensed with, without risque, are the Treasuries at Palghaut, Cochin and Chercul. The small Guard which has been stationed at the last of these places, (3 Miles from Cananore) shall be at once discontinued, but I think it well to request to be favored with further orders prior to directing the employment of armed peons, in places of the Military, at the other two. Troops are, and always have been, kept at these Stations, not so much for Civil purposes, as to secure the general tranquillity of the Country, and I am not sure, that Government would desire, that when necessarily thus located, they should cease to perform Services, which do not remove them from the vicinity, or prevent their being called into Head Quarters at a very short notice. I trust therefore to be excused in making this reference.

From P. B. Smollett Esqr Acting Collector of Vizagapatam

Reports for the information of the Board the result of the last year's management of the Estates of Maringhy Sungumvulsah and Coorpaum with their respective accounts.

Sir,

Para 1 I have the honor to report, for the information of the Board of Revenue, the result of the last year's Management of the Estates of Maringhy Sungumvulsah and Coorpaum. These Zemendaries are subject to the Agents Control under Rule XI of the code formed for his guidance, the owners being Minors, but without the Provisions of the Regulation V of 1804 being specially applicable thereto. The usual accounts in explanation of the Settlement accompany this Report.

2 Having treated at some length in the Report for fusly 1251 of date the 30th December last (not yet disposed of) upon the condition and prospects of these Estates with observations on the education and promise of the Zemindars, I shall now merely notice as shortly as practicable the actual upshot of the years management

management-

Maringhy 3 The annexed Statement shews at a glance the actual comparative settlement of Maringhy in the past and previous years- current and arrears-

	Deduct Decrease				1548 2 "
	Net Increase				545 2 9

4 As usual the demand in both years shewed little fluctuation for reasons that have been frequently reported and need not be repeated- The demand, Current and Arrears was Rupees 42,149-8-10 in the year under notice, in comparison with the Rupees 41,604-6-1 in the previous season-

5 The Collections were made -- with the same punctuality- Of the Current demand

demand Rupees 34,704-7-3, the sum of -- Rupees 33,141-14-10, was realized within the year, and adding arrears the Net Collections of the year were Rupees 33,757-"-6, In the preceding season the Collections were Rupees 34,159-4-6, The arrears that have accumu=lated during eleven years Aumanie Manage=ment are shewn in detail in the annexed -- figured Statement to amount to Rupees 8,427-12-4-

6 I intimated in my letter of

Fort St George 25th January 1844

of the 30th December 1842 that the Minor Zemindar would attain his Majority in August last, before which time it would be proper to write off whatever amount of arrears seemed irrecoverable - It is now proper to report that, after full enquiry, and with the Zemindar's concurrence all arrears prior to Fusly 1251 were struck out of the accounts and notification thereof made to the Ryots -

7 An Account Current of the Maringhy Zemindary will be found in the usual form, shewing a surplus of the year after payment of Peishcush and all charges of Rupees 9,492-6-6-8

3rd Augt 1843 This was paid over to the Zemindar in Cash, under the authority noted in the Margin - together with the remaining surplus of former years vested in Company's Securities and amounting to Rupees 39,800 -

9 The Zemindar has assumed the Management in person, and the Agents personal Supervision of the Settlement of the Zemindary has terminated - From what I have seen of him he would appear to be a well disposed young

Fort St George 25th January 1844

young man, perfectly competent for the Charge that has devolved on him -

Sungumvalsah 10 Sungumvalsah with a Peishcush of Rupees 6,700 per annum, yields more than double that amount in ordinary seasons - The Comparative demand, collection, and Balance of Fusslies 1251 and 1252 is shewn in the annexed Statement -

Fusslies numbers		Demand			Collection			Balance		
		Current	Arrears	Total	Current	Arrears	Total	Current	Arrears	Total

11 As in Maringhy there was a small Increase in the Current demand, and current collections in the year under review, caused by the great fall of prices in this District in the last two years, leading to restricted Cultivation, and greater difficulty in collecting the Revenues -

12 Of the Current demand Rupees

Fort St George 25th January 1844

Rupees 13,756-11-10 was collected within the year leaving a Balance of Rupees 770-11, outstanding at the close. The Collections Current and Arrears were Rupees 13,785-9-1, being Rupees 667-14-11 short of the receipts of the preceding Fusly. The total arrear, Current and for past seasons, that has accumulated is Rupees 1,769-7-2 as shewn in the appended Statement.

13. The Account Current of the Estate, if examined, will shew the State of the Zemindar's affairs. The charges require no remark save that of Rupees 1,000 expended on the ceremony of the Vupanayanum. The family were determined

Fort St George 25th January 1844

determined upon the Festival and wanted a large outlay, but I restricted the amount, and felt warranted in making the disbursement to prevent their increasing debts at Vizagapatam.

14. A sum of 3,000 Rupees has been invested in the 4 per Cent Loan making the property vested in Government securities upwards of Rupees 25,500. The Minor Zemindar has during the last eighteen Months become a stout portly young man but he does not seem of such quiet steady habits as his Neighbour of Maringhy.

Coorpaum

15. In reporting last year upon Coorpaum Zemindary the Board were informed that the Dowle of this Estate has been under the first year's Settlement unduly enhanced and that a reduction would be found to be absolutely Required both by reason of the restoration of some Villages to relatives of the family for their maintenance, and also from the necessity of lowering the Assessment in some instances

instances which had been raised without sufficient enquiry. These causes have accordingly operated to depress the demand on this estate, the entire Settlement Collection and Balance of the Current Revenue is exhibited in the following figured Statement—

	Fusly 1251	Fusly 1252	Increase	Decrease
Demand	32,997 . 10	27,970 14 5	"	5,026 2 5
Collection	25,929 11 9	22,736 . 11	"	3193 10 10
Balance	7,067 5 1	5,234 13 6	"	1832 7 7

16 The Current Settlement was Rupees 27,970–14–5, being Rupees 5,026–2–5, below the demand of the preceding year. The Items composing this decrease were Rupees 2,334–12– the sist of Villages restored to relatives of the

21st June 1842 family under the authority Noted in the Margin— Rupees 1882–7– deducted at the settlement of Lands deserted and left uncultivated from adversity of season. the remaining decrease Rupees 808–15–5 was chiefly from less land having

been undertaken by the Ryots at the Commencement of the season—

17 Holding the demand for arrears Viz^t Rupees 7,623–8–10 the total demand of the year was enhanced to Rupees 35,594–7–3, but this arrear is in great measure fictitious, for much thereof was a nominal demand for Villages held in Mortgage by creditors, as explained in Para 21 of the Report bearing date the 30th December last—

× shewing that Rs 4,080–12–7 is a nominal demand on Villages held by Creditors and others—

18 The Collections Current and arrears with recovery of advances are shewn in the annexed Statement to amount to Rupees 23,631–13–1 The Balance of Current Revenue was Rupees 5,234–13–6—

19 The balance outstanding noted above is much larger than it should have been, but a portion of it too is nominal to the extent of about 1,000 Rupees, and a part has been recovered since the close of the Fusly- Many of the lands of this Zamindary were formerly held by adherents to the family of the Chiefs for service on a reduced Cuttoobody, and they have resisted the Collection of the enhanced Bariz of the lands, being clamorous for their restoration, or for a reduction of the rates of assess- ment- These and other causes have served to prevent the realization of the Settlement heretofore on this Estate with the same punctuality

punctuality as in the other Zemandaries-

20 At the conclusion of the last years report it was intimated that the debts on this Zemindary exceeded 16,000 Rupees, and an intention was expressed of submit- ting a separate report thereon with a view to their immediate liquidation- The pressure of business, and the preparation of various Reports on matters with which I had previous- ly little acquaintance, has so occupied my entire time that this subject has been necessarily neglected- It was also found impracti- cable to proceed personally in last year to the Estate to correct the ryots Complain- ed of as too high, but enquiries have been pursued in the present year

to rectify this evil, which will enable the reform to be executed in the course of the settlement that must be made in a few weeks hence. It may be assumed that this Estate after every proper reduction will shew a demand of about 24,000 Rupees per annum, which may be collected with the same regularity that has invariably marked the Settlements in Sungumvulsah and Maringhy.

21. An Account Current of the Coorpaum Zemindary accompanies this Report to which I beg to refer the Board of Revenue. It will be seen that after payment of Peishcush of Charges for Subsistence and Management and of other items the surplus funds of the Zemindary were Rupees 18,637-1-2.

22. From this the former arrear of Peishcush due to Government Rupees 5,744-12-4 has been recovered in full. From the remainder the debts of the family must be discharged, a report on which will, I presume, be speedily made under the supervision of my successor.

Ordered,

Order thereon.

24-25

Ordered to be sent open in Circulation.

Read the following Letter.

To
Ed. C. Lovell Esqr.
Acting Secretary to the
Board of Revenue in their
Capacity of Court of Wards.

Fort St. George.

Sir,

I am directed by the Board of Revenue in their Capacity of Court of Wards to request that you will submit for the information of the Court of Wards the accompanied Petition of Veerapandia, the Guardian of Ramanund and Sangaya Thevar, minors, for permission to dispose of the Zemindary of Sholavandan, the property of the said minors, by private sale.

2. I am also directed to request that you will submit for the information of the Court of Wards a Statement of the Debts of the said Zemindary, and of the Estate of the late Zemindar, and to state whether you have any objection to the proposed sale.

3. The Petition and Deeds on the Records of the Collectorate of Madura, and the Revenue Records from this Presidency

Consequently

Fort St George 25th January 1844.

consequently bears in general but a small proportion to that derived from the Wet lands.

4. The average revenue of 20 years from Fusly 1232 / A.D. 1822/23 to 1251 / 1841/42 from the Dry lands amounted to Rupees 27,726-5-3, and the amount during the last 3 years from Fusly 1250 / A.D. 1840/41 to 1252 / 1842/43 was Rupees 18,560-11-6 per annum, whilst the revenue for Fusly 1252 / A.D. 1842/43 was only Rupees 16,064-3-6 after deducting the receipts under the head of "Ready Money Collections" as shewn in the accompanying Statement C.

5 In determining the amount of Rent for the dry lands of each Village, it was found necessary not only to refer to the amount of revenue on an average of years, but also to the extent of Lands usually cultivated and that which might remain available for Cultivation.

6 The accompanying Statements A & B will shew the amount of Rent ultimately fixed for the dry lands in each Village. It will be observed that the amount of Rent is the same for every year throughout the period of the quinquennial Lease which terminates with Fusly 1257 / A.D. 1847/48. The total amount of fixed is Rupees 32405-- being Rupees 14,757-7-10 in excess of

Fort St George 25th January 1844

of the last year's settlement inclusive of Rupees 1,583-4-8 the amount of ready Money Collections made on account of Wages to Anchanadars, Kyledars &c. as exhibited in Statement D. If these items be deducted the increase on the settlement now concluded above the settlement of last year would appear to amount to Rupees 16,340-12-6.

7 The amount of Rent now effected

average Revenue of Dry lands for 42 years from Fusly 1210 to Fusly 1251 as per Col.n 8-20 & 24	Chs. a p 25,854-6-7	exceeds the average Revenue from Dry Lands exhibited in the Statement A forwarded with my letter of the
Add Proportionate amount of ready Money Collections entered in Column 30	3321-2-2	
	29175-8-9	

27th July last as shewn in the Margin.

8. The result of these Rents will be a saving to the Ryots not only in the expense with which they are charged on account of the Wages of Anchanadars, Kyledars &c. but also the sum of One Rupee per Candy on account of "Darachadarvo" an item which is usually collected from them above the Sammakbundy prices fixed for the Circars

share of the produce-

9 The Cowels and Mootchikas have been exchanged and the Renters put in possession of their farms subject to the confirmation of the Court. Sureties have also been given by the Renters for the due fulfilment of their engagements-

10 Although the rents have been thus ratified and the amount of them is in my opinion by no means in any case excessive, yet it must needs be avowed that the Ryots are in many instances averse to the change and it was only after my repeated declarations that the continuance of the Amanie System was disapproved by the Board of Revenue and the Government that I could bring them to give a reluctant consent to its abolition- Their reasons for preferring the Amanie System have been already too frequently noticed to need recapitulation- The disinclination to change of any kind in established Customs universally evinced by natives is well known to the Court and it must be expected that instances will occur in which they will seize any opportunity which they conceive may offer an excuse for receding from their engagements-

and will even if it suits their purposes disown any arrangement to which they may have previously given their consent-

11 In Para 7 of my letter of the 27th July last, I had occasion to notice casually the combination of the Ryots of this estate to force concession to claims which were unfounded, the effect of which was a diminished Cultivation, and a consequent fall of Revenue-

12 The Ryots of this Estate as well as those in Vinnacottah and Goodewadah- Ellore and Covally & Davercottah have generally in the first instance shewed extreme reluctance to any change of settlement and make a point of resisting any attempt made by the Circar for that purpose by combinations amongst themselves evincing their determination by pitching in the ground a "Cawdy" or Yoke, as a

a signal for the cessation of Cultivation in the Villages, and should any one of their body attempt to deviate from their Compact, he is visited by conse=quences of a serious nature, such as burning his house, or Heaps of produce in the fields.

13

On the present occasion I have already received petitions pur=porting to emanate from a large portion of inhabitants of Villages disavowing their previous consent and threatening appeals to the

authorities at the Presidency but in most cases it has turned out on enquiry that the Majority of the parties whose names are affixed, deny their Signatures, and the remainder are indi=viduals who are naturally opposed to an innovation which has a ten=dency to deprive them of advantages which they have heretofore enjoyed but

but to which they have no title-

It was my wish to intro-

-duce rents of the entire lands in the

Deevy Estate, wet as well as dry, but

it was found quite impossible to obtain

any offer for the Wet lands as they are so

entirely dependant for irrigation on the

freshes of the Kistnah assisted by period-

the risk of the great loss to which they

would be exposed in the event of the

failure of one, or the other, which I regret

to say, has but too often occurred.

Under the above mentioned circumstances I have the honor to request that the rents now concluded for the dry lands in the Deevy Estate may be submitted for the sanction of the Court of Wards and that I may be favored with their early orders upon the subject.

Sir,

I have the honor to forward copy of a letter from the Secretary to the Finance Committee at Madras calling for a report on the subject of the Office Establishment employed in this Collectorate, and desiring me particularly to state whether the causes for the increase in expenditure which has from time to time occurred between the 1.st May 1830 and the 30.th April 1841 involving an annual charge of Rupees 16,172-3-4 are still in force or have ceased to exist.

Submitting a Copy of a letter No.1 from the Secretary to the Committee of Finance together with that of a reply thereto as well as of the statement connected therewith relative to the Office Establishment of the Masulipatam Collectorate and furnishing a revised list of the Establishment involving a Net Decrease of Rup.s 60-12-- below that of the former charge and requesting to obtain the sanction of Government for the same.

2.

The accompanying Copy of my reply together with the statements therein referred to will shew that an annual saving of Rupees 729 — — will independently of the reduction expected to be effected in the Sayer amounting to Rupees 9756 may be effected by the revision

Since my arrival in the District I have visited almost

almost every portion of it, and my own personal observation and experience has confirmed me in the opinion which my predecessor appears to have entertained as to the necessity of contracting the extent of the present Divisions and increasing their number with a modification of the Establishments within the sanctioned amount.

9. The reference made by the Finance Committee has enabled me to take the opportunity of effecting the necessary modification. I accompanying Mayor Galetta a copy of that sent to the Committee will explain the nature of the revision both in the Huzzoor and District Establishments, distinguishing at the same time the sum chargeable to Government from that LetGable to Estates under management and showing an annual saving of Rupees 729-0-0. in the former and Rupees 3762-0-0 in the latter. The additions and alterations now made are entirely with reference to the labor attached to each individually

individual and the efficient discharge of the duties attached to each situation. The items of increase or decrease are exhibited in the list itself and the causes of each, are fully explained in the Column of Remarks.

10. The Board will observe that in preparing the revised list the principle of the Tahsildary system as introduced by Mr. Haughton has not been lost sight of, and I am assuredly of opinion that the proposed number of Divisions viz. 16 will afford extended facilities for the prompt and efficient discharge of the Revenue and Police duties which inconsequence of the large extent of some of the present Talooks are much more than a Tahsildar can conveniently attend to. This number cannot be considered excessive when compared with that before the Tahsildary system was introduced.

11 The disproportioned extent of charge devolving upon one Man struck me forcibly on the late introduction of the Settlement by Nuwadah in the Goodewadah Talook which it was found absolutely necessary.

12. Under the foregoing explanation and as the proposed modification does not involve any additional expence to Government, but on the contrary shews a saving as above observed, I trust that the Revised Mayavaram Tahsildar will receive the sanction of Government to whom I beg that the Board will be pleased to submit for that purpose.-

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter dated 11th October 1842 calling for a full and detailed report on the subject of the Office Establishment in this District, and desiring particularly to be informed whether the causes on account of which additions to it have been made from time to time, between 1st May 1830 and the 30th April 1841 involving an increase of Rupees 16,172-3-" per Annum are still in force or have ceased to exist.—

2 Before proceeding to report on the subject, it may be as well to take a retrospective view of the Huzzoor and District Establishments in this District.

3 The whole of the lands in this District having been settled in perpetuity by the year 1807 the employment of an Establishment on an extended scale was rendered unnecessary and the Monthly Charge was therefore fixed at Rupees 270-" only but from the year 1808, additions to it had

Fort St. George 25th January 1844

had gradually become absolutely necessary on account of the accession of several Estates to the management of the Collector, as from other exigencies of the service.

4 Subsequently, the Establishment under went revision at different periods till 1828 at which time the total charge amounted to Rupees 6,677-5-11 as therein in the Margin. In that year incon-sequence of a Requisition made by the Committee for the Revision of Civil Establishments for a reduction of 10 per Cent in the amount of Cost a revision of the Establishment was made by the then Collector Mr. Denk and the cost was reduced in the proportion directed. This revised Establish-ment received the sanction of the Committee and Government and is the same that was in employ

6 Subsequently to this period, the salaries of the Heads of Police which had been originally fixed at Rupees 17-8-11 each per Annum was raised to Rupees 35 under the special orders of Government.

7 In the year 1834, 1836 and 1837 the Establishment underwent further revisions and the additions made to it on those occasions and at subsequent periods to the 1st May 1841 amounted to Rupees 7,416-14-8 thus exc-ceeding the Charges of 1830 by Rupees 1317-10-11. The items and amount of increase are exhibi-ted in the Margin.

He

10 The only items which appear to require particular explanation are Nos 6 and 10 with regard to the increase of Rupees 722-8-— under the head of Sayer, it is sufficient to state that it is owing to the Establishment employed at the Huzzoor, and in the District, in consequence of the Sayer Revenue in the out Division being Rept. under Aumany in 1841, under orders from the Government of India while in 1830 it was under rent, but it may be observed that this charge for Aumany management is considerably less than what was incurred when the Sayer was under Aumany

+ Rupees 3639-8-— in Fusly 1233-

11 The next item which calls for notice is the Police Establishment which exhibits a Net increase of Rupees 323-4-3- Compared with what it was in 1830- This is principally owing to the increased salaries sanctioned by Government to the Heads of Police as noticed above in Parab.

12 There is an increase of Rupees 157-8-— under the Albany Department above that of the year 1830 in consequence of some of the Divisions under rent at that period having been Rept under Aumany in 1841 which rendered it necessary to employ an Establishment for the Management of that branch of the Revenue.

The

Fort St. George 25th January 1844

13 The present Monthly charge (1843) appears to be below that of 1841 by Rupees 12-10-8. as shewn in the Margin-

1841	7,416 – 14 – 8 –	
1843	7,404 – 4 – 0 –	
Decrease	12 – 10 – 8 –	

14 From the explanations given above, it will be perceived that the increase which has occurred since 1830 has been occasioned almost entirely by accidental circumstances such as the Sayer and Abkarry being brought under ordinary management or to augmentation of allowances to Police Officers expressly sanctioned by Government; and although perhaps the revenue of this District does not afford fair data for contrasting the Cost and extent of the Establishment entertained in it with those in some other Districts, yet it cannot but be admitted that the duties required of the Establishment are by no means less arduous and onerous than elsewhere, from the number of Estates under Ameany, and the remuneration to servants charged to those Estates affords but a scanty

Paras 10 to 12

Fort St. George 25th January 1844

recompense for the responsibility and trouble of conducting the details of their management.

15 The only method therefore by which it has occurred to me that any saving of expendi: ture could be effected, is by a complete remodelling of the Establishment and an alteration in the Divisions of the District and from what I have observed since my arrival in this District of the operation of the present Tahsildary system I am convinced that some reduction may be effected without in any degree impairing the efficiency of the Establishments employed-

16 From the large extent of some of the Talooks it has been found requisite to entertain Subordinate Tahsildars, and the constant jealousies and bickerings arising between these Officers and their immediate superior the Tahsildar, have been found to occasion serious impediment to the despatch of business- To obviate these inconveniences I have revised the Establishments at the Huzzoor and Districts, as well as the extent of each Talook. The District is accordingly proposed to be sub-divided into 11 Divisions in lieu of the 10 into which it was formed in 1837- This revision has been effected, not with any additional expense but at a saving of 60 – 12 – 0 – per Mensem below its present charge as shewn in the revised list† herewith forwarded, of which the subjoined is an abstract-

7. A copy of the said list has been submitted to the Board of Revenue for their sanction. In the Sayer Department it will be observed that a decrease of Rupees 60-8-0 is provided for, and if, as is known to be in the contemplation of the Government of India, the Inland duties should be ablished there will be a further saving of 813 Rupees per Inensem on this account which will reduce the total charge from 7343-8-0 to Rupees 6681-0-0 per Inensem.

8. Thus the monthly saving of Rupees 60-12 now effected, and that of Rupees 813 which may be hereafter saved on the abolition of the Inland duties will reduce the annual increase of Rupees 16[illegible] 3-0 exhibited in the abstract annexed to your letter under reply to Rupees 6687-3-0

9. I beg to apologize for the length of time which has elapsed since receipt of your letter under reply without having furnished the information the delay has been almost unavoidable on my part, as it must be in the power of most of the members of the Committee that I shall only receive [illegible]

No 7. This increase is owing to the salaries of the establishment employed in 1841 on account of the Government Long Boat agreeably to the sanction of Government dated the 27th August 1837. whereas in the year 1850 the same was debited in the deposit account as well as the wages of the Sweeper & Ruler being included in the Moyen Gabut as agreeably to the sanction of Government dated 21st March 1837 which were formerly debited under Sadarwanee

No 8. This decrease is owing to the sum of Rs 8 being deducted from the Moturpha Establishment and disbursed under Sadarwanee Charges agreeably to the sanction of Government dated 29th September 1837.

No 9. The decrease under this head arises from the discharge of Servants administering Oaths.

No 10 The increase is owing to the pay of the Heads of Police having been increased from Rs 17-8-0 to 35 Rs as also to the salaries of the Civil armed Silbendy having been incorporated with the Police establishment.

No 11 The decrease under this Head is consequent on the last mentioned cause.

No 12 The increase has arisen from the transfer to the Collectors Establishment the 2d Dresser attached to the Medical Department.

No 13. The increase is owing to the abkary revenue of certain divisions under rent in the year 1830 having been kept under dumanie in 1844.

Collr. of Bellary } Para 1

Sir,

I have the honor to forward a copy of a letter from my Sub Collector - & the Superintending Surgeon Ceded Districts dated the 8th Instant, with copy of one from thereon enclosed.-

2 Mr. Pelly requests that on the promotion of P. Dresser Pourain for which he appears to have lately passed an Examination, a first Dresser may be attached to him, and that Pourain whose services he is desirous

of retaining may be appointed to the situation.- Dr. Davidson states, as the Board will observe, that His Excellency the Commander in Chief has been pleased to express his readiness to meet Mr. Pelly's wishes should he submit an applic= =ation through the usual channel to Government.-

3 The constant prevalence of Cholera in that direction, renders it very advisable that an Experienced man should be attached to the sub Collector, particularly as medical aid is not available within many miles of the sub Division. I therefore beg to suggest that Mr. Pelly's application may be laid before Government, accompanied by the Board's recommendation with a view to a com= =pliance with his request.-

(44)

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue

From the Actg. Collr of South Arcot

Sir,

Reporting on the Settlement for Fasly 1252 and forwarding the usual Statement. —

Para 1 In submitting the report on the Settlement of Land Revenue of this District for the expired Fasly 1252, for the purpose of being laid before the Board, I have the honor to transmit the usual Statements enumerated in the List of Pocket. —

2 Having joined this District after the close of the Fasly, I beg to submit a few observations, under each head, such as I am enabled to offer by personal enquiry and by reference to the records of the Cutcherry. —

State of Seasons

3 Adverting to the remarks entered in the Demand Collection and Balance Statements sent to the Board, it will be observed that the season in the commencement of the Fasly was most unfavorable. — In June 1842, the period for commencing the dry land cultivation, the rain was very partial, in July there was a general failure of rain, and in August the rain was so partial in many parts of the District there was a scarcity

J

Fort St. George 25th January 1844.

of water even for the Cattle and for domestic purposes. - The scarcity of rain therefore during these months has been the cause of the failure of the early dry land cultivation. - During the Month of August the failure of freshes in the Pennar materially affected the early wet cultivation under this river, but during September there was a fall of rain throughout the District, which gave a considerable supply of water to many of the Tanks, and greatly assisted the wet cultivation, there were also freshes in the Pennar in this Month but not so abundant as usual at this season of the year. -

4 The freshes in the Coleroon were steady and moderate and no damage has been sustained either by the crops or Public Works by any overflow of this river

5 In addition to the bad effects on the dry Crops by the first three months unfavorable season, the ryots especially in the Talooks of Trivandy, Villapooram and Cuddalore, sustained a further loss by the storm in October, the particulars of which were fully reported to the Board.

* 11th November 1842.

From the second week in November until the

Fort St. George 25th January 1844

until the commencement of January no rain having fallen, the Crops were in danger of being destroyed, especially in those parts of the District where the rain had been more scarce and the rain which fell early in January although in some respects beneficial, proved very injurious both to the Poonjee and Nunjee Crops at that time ready for reaping, and moreover very much damaged and it is said partly washed away the later Poonjee Crop, such as Pulse grain, and the Indigo plants, the produce of which in its manufactured state forms the Chief Article of trade in this District. -

It will therefore be obvious that the season was most unfavorable for the dry, and by no means favorable for the wet cultivation. - Taking this into consideration, and the little means left in the hands of the Ryots by the unprecedented low price of Grain prevailing during the two preceding years, I am of opinion that the Ryots have cultivated more land than could reasonably have been expected.

Produce

As will be inferred from the above remarks, the result of the harvest has proved unsatisfactory, the dry crops having in a great measure failed, and the wet crops having been neither rich nor abundant, but as this partial failure of the crops is to be attributed to the causes already explained, further

further comment under this head appears unnecessary.-

Price of Grain.

8 The average price of white Paddy, the chief net produce of the District for the years under review, has been 16 per Cent higher than in the preceeding year.- The average price from January to June during which time the heavy Rist became due, was Rupees 74-11-6- per Garce, and this price tho' in advance of the prices obtained in the two preceding years only exceeds by 4-11-6 per Garce, the rate, with reference to which the survey assessment on the land was fixed - Indigo, the staple article of the District averaged about Rupees 429 per Candy which is also an improvement on the prices of the preceding year, but this price cannot be considered sufficiently remunerating to the Cultivators.-

9 It is my painful duty to observe that during January and February, the Cholera was very prevalent on the Coast side and central part of the District, not less than 6653 persons having died, such inadequate means as were at the disposal of the Collector were adopted but without avail, and the mortality was so great that

that in many instances whole Villages were deserted by the inhabitants.-

10 I shall next proceed to offer some observations on the cultivation of Dry land, the total of which compared with the preceding Fusly exhibits a decrease of 37,648 or 139,157 against the Fusly under review.-

11.- The decrease in the Poonjee Jaghire is partly owing to the diminution of dry cultivation in several Villages from the causes previously mentioned, and partly to the 5 Villages in Collemallay Jaghier which in Fusly 1251 were under cultivation many, many years having been rented in last year as reported to the Board of Revenue, and which have not therefore been included in the Cultivation Accounts.-

purchased by Government at public sale, having been included among the Ayen Villages, but I am unable to trace any cause for this falling off except the unfavorable weather before alluded to, and the disproportion of produce in some Villages to that of others is accounted for by the rain having been so partial as in some Villages to bring up the cultivation to the extent of the preceding year, whilst in others and adjoining Villages scarcely any rain has fallen.— The average Teerwah of dry land of each Talook is exhibited in the Statement, and on the whole District the average per Cawny was 3-9-11 varying from Rupees 4-4-11 to Rupees 2-8-7 per Cawny.—

12. The annexed Memorandum Ca shews that the Cultivation of dry land for fusles 1248-1249-1250 and 1251 had been very great compared with the three years immediately preceding those fusles, and that notwithstanding the unfavorable season and the small means left in the hands of the ryots, the cultivation for the year under review is nearly on an average with that of the three fusles preceding 1248-1249- and 1250.

The decrease in the two Southern Talooks had not arisen from want of water, the Coleroon having been well supplied, but during the three years preceding 1250, in consequence of the improved

improved means of irrigation and the remunerative prices then prevailing (about 20 per cent higher than the present rates) the Ryots were induced to cultivate to a large extent, since when the prices having continued to decline, the ryots have become impoverished, and have not the means to increase cultivation and would moreover be unwilling to do so except on the certainty of a considerable rise in the price of grain.- The Statement*, as well as the note in the Margin will shew the extent of the decrease in grant of 13 Taloks.- The decrease on the other heads referred to in the above statement has arisen solely in consequence of the unfavourable state of the season alluded to, and the increase in Tricallore has been derived from certain Villages the tanks of which have received an ample supply of water.- The increase in Cuddalore is to be attributed

I shall next advert to the Total of Cultivation under which head there is exhibited a decrease of 347 or 6479.- The decrease in the Iyen Taloks has been general, and I am at present unable to trace the falling off to any other causes than those specified in the letter to the Board, noted in the Margin, and to the unfavourable season in November and December, which created a scarcity of water in the Wells, on which this description of land is peculiarly dependant for irrigation, but the continued falling off on these lands is at present under consideration, and will hereafter form the subject of a separate Communication to the Board.

18. Numerious individuals laid claim for remission on account of loss of crops alleged to have been sustained by the storm in October 1842 especially in the Talooks of Trivandy and Villaporum, but as the Crops although very much injured, were not entirely destroyed, except in a few instances where there was sufficient time for replacing the Cultivation. — The Collector on reference to the Proceedings of the Board noted in the Margin rejected their claims. —

19 On reference to the enclosed Statements, the Board will find the several items of Revenue added to the Jummah, as well as the deductions made therefrom, but I consider it necessary to offer some explanation on certain items therein mentioned. —

of Rupees 5774 in the item of Kuppur Shane to state that nearly the whole of this decrease has been occasioned by remitting according to the instructions of the Board of Revenue certain items of Kuppur Cowle amounting to Rupees 5471 for special sources of water taken from works not kept under Government repair. —

The increase under the head of Cavil 21. fees amounting to Rupees 1400 — 14 — 3 has been occasioned by transferring from the Enam account to the Syen Jummah the amount of Cavelly fee in the Villages of Collamalay and Palamcottah Zaghire of Adiarpolliam Cauelgar which has been resumed as directed by Government. — The Ryots with a view to evade the payment, objected to the Cavelly fees being carried to the Syen Accounts and refused to take Puttahs, but the amount of fees for which the Villages are liable as they stand in the Enam account is so disproportionate as to call for some revision, and I shall therefore shortly address the Board on this subject. —

Under the head of Ready money 22. Collections there is a decrease of Rupees 6533-7-7 chiefly to be attributed to the Tamarinds, Mango, Cocoanut and Jack Trees, having partly failed to bear fruit, in consequence of the storm in October 1842. — With reference to section 53 of the Board's

Proceedings, I deem it proper here to mention for the information of the Board, that the ryots were strongly opposed to the land Sea. wat being charged in lieu of the tree taxes. They alleged that by this arrangement they would be subjected to a far more heavy charge, and refused to take their Pullahs. — The Pullahs were therefore held in deposit until the wishes of the Principal ryots in each Talook had been consulted, and it then appearing to the Collector that in most cases the changes would subject them to higher amount of Peerwah than what they had previously paid on productive trees, and that the charges had been suggested by the Board merely with a view to a benefit the ryots, he did not deem it necessary to enforce the order, but charged the tree tax as had been customary up to the end of Fusly 1257 except in a few individual cases, where the parties wished to avail themselves of the new terms. —

In reply to your letter of the 14th Ultimo, requesting me to report the reasons which induced me to include the Cowle for certain land granted under the special sanction of Government, for the support of a Chapel at Virdarajapooram, with the other Cowles which had not received the formal Sanction of Government, I have the honor to inform you that the object of my first noticing this Cowle in the 22d Para of my Report on the Settlement of the Land Revenue of this District for Fusly 1248, was, to shew every Item of Revenue, as fixed by the Survey of assessment conducted under the Supervision of Mr. Maclean, and carried into effect during that year, which was foregone, but I then also remarked that that Grant had received Sanction. The Subject of this Cowle was also included in my communication of the 1st November 1841 as I then had to

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue

From the Actg. Collr of South Arcot

Sir,

Reporting on the Settlement for Fasly 1252 and forwarding the usual Statement. —

Para 1 In submitting the report on the Settlement of Land Revenue of this District for the expired Fasly 1252, for the purpose of being laid before the Board, I have the honor to transmit the usual Statements enumerated in the List of Pocket. —

2 Having joined this District after the close of the Fasly, I beg to submit a few observations, under each head, such as I am enabled to offer by personal enquiry and by reference to the records of the Cutcherry. —

State of Seasons

3 Adverting to the remarks entered in the Demand Collection and Balance Statements sent to the Board, it will be observed that the season in the commencement of the Fasly was most unfavorable. — In June 1842, the period for commencing the dry land cultivation, the rain was very partial, in July there was a general failure of rain, and in August the rain was so partial in many parts of the District there was a scarcity

J

Fort St. George 25th January 1844.

of water even for the Cattle and for domestic purposes. - The scarcity of rain therefore during these months has been the cause of the failure of the early dry land cultivation. - During the Month of August the failure of freshes in the Pennar materially affected the early wet cultivation under this river, but during September there was a fall of rain throughout the District, which gave a considerable supply of water to many of the Tanks, and greatly assisted the wet cultivation, there were also freshes in the Pennar in this Month but not so abundant as usual at this season of the year. -

4 The freshes in the Coleroon were steady and moderate and no damage has been sustained either by the crops or Public Works by any overflow of this river

5 In addition to the bad effects on the dry Crops by the first three months unfavorable season, the ryots especially in the Talooks of Trivandy, Villapooram and Cuddalore, sustained a further loss by the storm in October, the particulars of which were fully reported to the Board.

* 11th November 1842.

From the second week in November until the

Fort St. George 25th January 1844

until the commencement of January no rain having fallen, the Crops were in danger of being destroyed, especially in those parts of the District where the rain had been more scarce and the rain which fell early in January although in some respects beneficial, proved very injurious both to the Poonjee and Nunjee Crops at that time ready for reaping, and moreover very much damaged and it is said partly washed away the later Poonjee Crop, such as Pulse grain, and the Indigo plants, the produce of which in its manufactured state forms the Chief Article of trade in this District. -

It will therefore be obvious that the season was most unfavorable for the dry, and by no means favorable for the wet cultivation. - Taking this into consideration, and the little means left in the hands of the Ryots by the unprecedented low price of Grain prevailing during the two preceding years, I am of opinion that the Ryots have cultivated more land than could reasonably have been expected.

Produce

As will be inferred from the above remarks, the result of the harvest has proved unsatisfactory, the dry crops having in a great measure failed, and the wet crops having been neither rich nor abundant, but as this partial failure of the crops is to be attributed to the causes already explained, further

further comment under this head appears unnecessary.-

Price of Grain.

8 The average price of white Paddy, the chief net produce of the District for the years under review, has been 16 per Cent higher than in the preceeding year.- The average price from January to June during which time the heavy Rist became due, was Rupees 74-11-6- per Garce, and this price tho' in advance of the prices obtained in the two preceding years only exceeds by 4-11-6 per Garce, the rate, with reference to which the survey assessment on the land was fixed - Indigo, the staple article of the District averaged about Rupees 429 per Candy which is also an improvement on the prices of the preceding year, but this price cannot be considered sufficiently remunerating to the Cultivators.-

9 It is my painful duty to observe that during January and February, the Cholera was very prevalent on the Coast side and central part of the District, not less than 6653 persons having died, such inadequate means as were at the disposal of the Collector were adopted but without avail, and the mortality was so great that

that in many instances whole Villages were deserted by the inhabitants.-

10 I shall next proceed to offer some observations on the cultivation of Dry land, the total of which compared with the preceding Fusly exhibits a decrease of 37,648 or 139,157 against the Fusly under review.-

11.- The decrease in the Poonjee Jaghire is partly owing to the diminution of dry cultivation in several Villages from the causes previously mentioned, and partly to the 5 Villages in Collemallay Jaghier which in Fusly 1251 were under cultivation many, many years having been rented in last year as reported to the Board of Revenue, and which have not therefore been included in the Cultivation Accounts.-

purchased by Government at public sale, having been included among the Ayen Villages, but I am unable to trace any cause for this falling off except the unfavorable weather before alluded to, and the disproportion of produce in some Villages to that of others is accounted for by the rain having been so partial as in some Villages to bring up the cultivation to the extent of the preceding year, whilst in others and adjoining Villages scarcely any rain has fallen.— The average Teerwah of dry land of each Talook is exhibited in the Statement, and on the whole District the average per Cawny was 3-9-11 varying from Rupees 4-4-11 to Rupees 2-8-7 per Cawny.—

12. The annexed Memorandum Ca shews that the Cultivation of dry land for fusles 1248-1249-1250 and 1251 had been very great compared with the three years immediately preceding those fusles, and that notwithstanding the unfavorable season and the small means left in the hands of the ryots, the cultivation for the year under review is nearly on an average with that of the three fusles preceding 1248-1249- and 1250.

The decrease in the two Southern Talooks had not arisen from want of water, the Coleroon having been well supplied, but during the three years preceding 1250, in consequence of the improved

improved means of irrigation and the remunerative prices then prevailing (about 20 per cent higher than the present rates) the Ryots were induced to cultivate to a large extent, since when the prices having continued to decline, the ryots have become impoverished, and have not the means to increase cultivation and would moreover be unwilling to do so except on the certainty of a considerable rise in the price of grain.- The Statement*, as well as the note in the Margin will shew the extent of the decrease in grant of 13 Taloks.- The decrease on the other heads referred to in the above statement has arisen solely in consequence of the unfavourable state of the season alluded to, and the increase in Tricallore has been derived from certain Villages the tanks of which have received an ample supply of water.- The increase in Cuddalore is to be attributed

I shall next advert to the Total of Cultivation under which head there is exhibited a decrease of 347 or 6479.- The decrease in the Iyen Taloks has been general, and I am at present unable to trace the falling off to any other causes than those specified in the letter to the Board, noted in the Margin, and to the unfavourable season in November and December, which created a scarcity of water in the Wells, on which this description of land is peculiarly dependant for irrigation, but the continued falling off on these lands is at present under consideration, and will hereafter form the subject of a separate Communication to the Board.

18. Numerious individuals laid claim for remission on account of loss of crops alleged to have been sustained by the storm in October 1842 especially in the Talooks of Trivandy and Villaporum, but as the Crops although very much injured, were not entirely destroyed, except in a few instances where there was sufficient time for replacing the Cultivation. — The Collector on reference to the Proceedings of the Board noted in the Margin rejected their claims. —

19 On reference to the enclosed Statements, the Board will find the several items of Revenue added to the Jummah, as well as the deductions made therefrom, but I consider it necessary to offer some explanation on certain items therein mentioned. —

of Rupees 5774 in the item of Kuppur Shane to state that nearly the whole of this decrease has been occasioned by remitting according to the instructions of the Board of Revenue certain items of Kuppur Cowle amounting to Rupees 5471 for special sources of water taken from works not kept under Government repair. —

The increase under the head of Cavil 21. fees amounting to Rupees 1400 — 14 — 3 has been occasioned by transferring from the Enam account to the Syen Jummah the amount of Cavelly fee in the Villages of Collamalay and Palamcottah Zaghire of Adiarpolliam Cauelgar which has been resumed as directed by Government. — The Ryots with a view to evade the payment, objected to the Cavelly fees being carried to the Syen Accounts and refused to take Puttahs, but the amount of fees for which the Villages are liable as they stand in the Enam account is so disproportionate as to call for some revision, and I shall therefore shortly address the Board on this subject. —

Under the head of Ready money 22. Collections there is a decrease of Rupees 6533-7-7 chiefly to be attributed to the Tamarinds, Mango, Cocoanut and Jack Trees, having partly failed to bear fruit, in consequence of the storm in October 1842. — With reference to section 53 of the Board's

Proceedings, I deem it proper here to mention for the information of the Board, that the ryots were strongly opposed to the land Sea. wat being charged in lieu of the tree taxes. They alleged that by this arrangement they would be subjected to a far more heavy charge, and refused to take their Pullahs. — The Pullahs were therefore held in deposit until the wishes of the Principal ryots in each Talook had been consulted, and it then appearing to the Collector that in most cases the changes would subject them to higher amount of Peerwah than what they had previously paid on productive trees, and that the charges had been suggested by the Board merely with a view to a benefit the ryots, he did not deem it necessary to enforce the order, but charged the tree tax as had been customary up to the end of Fusly 1257 except in a few individual cases, where the parties wished to avail themselves of the new terms. —

to explain that a sum of Rupees 943-9-9 had been deducted from the Jummah in consequence of the Collections up to the date of sale of the Mootah Villages, purchased by Government having been carried to the discharge of arrears due on them for Fusly 1257, the grojs. condition to which the Ryots have been reduced by the unusual low prices obtained for the produce of their soil during fusilee 1250 and 1251, & trust the result will not on the whole be considered unsatisfactory.-

27.- Of the net final demand the sum of Rupees 18,50,097-12-4 has been collected previously and subsequently to the close of Fusly, leaving only a balance of Rupees 11,344-8-10 uncollected on the 31st of December.- Of this balance the sum of Rupees 5,217-3-9 is due by the Mootahdar of Yarnamadavy in the Talook of Cuddalore, the Ryots during the last three years having with-held payment of their Kists to a consi-derable amount, but the dispute between the Mootahdars and the ryots being now under in-vestigation, the balance will be recovered, and the result of the investigation as required will be reported to the Board.- The remaining portion of the balance due by poor ryots is in a train of recovery.-
