

1666

Fort St. George 25th January 1844

Read the following report

To

E. C. Lowell Esqre

(56)

Acting Secretary to the Board of Revenue

Fort St. George

From the Collr of Tinnevelly Reporting on the Settlement of the Land Revenue for Fusly 1252.

Sir,

I have the honor to report on the Settlement of the Land Revenue in this District for Fusly 1252 A.D. 1842/43 and to forward the usual Statements marked A to D and numbered 1 to 12.

Season. N 2

The Season of Fusly 1252 A.D. 1842/43 commenced with favorable prospects and ended with good results. It is sufficient to observe that during both the cultivating Seasons the rain fell in abundance in all parts of the District, that the Rivers Tambraporney and Chittaur together with other Rivers, Tanks and Channels had constant and frequent supplies of water and that the Nunjah and Poonjah Cultivation exceeded that of last year by S. C. 5982 and Chains 8801 respectively.

W 3

In Nunjah and Poonjah and Vanjeyre there is a Decrease in Cultivation to the extent of S. C. 9158 which is attributable not to want of water or neglect on the part of the Cultivators, but is the necessary present effect of the late orders from the Board directing the levy of Nunjah tax on Nunjah lands without reference to the produce with which

they

they are cultivated.—

4

The Demand for remission was owing to the favourableness of the Season, very limited compared with the accounts of any year preceding Fusly 1252 / A.D. 1842/43 found on the Records it having been granted only in 2 Cases, one in a Money rented Village and another in an Aumany Village. In the former the remission was allowed not for drought but for 2 S. Cottahs of land destroyed by inundation of the Channel adjoining the Cultivated fields and in the latter, for 18 S. Cottahs of land which became totally unproductive from want of water caused by the bursting of the bunds of a Tank under which the lands were cultivated.—

5

It is necessary to observe that in many Villages where at times the rain fell in excess for days together the Ryots sustained some loss, the Nunjah lands they cultivated having in many cases yielded a produce barely sufficient to pay the Circar dues and the expence of Cultivation leaving no profit to the Cultivator. From the same cause, the Poonjah lands also, cultivated with Cotton, Dholl, Coolty, and other Species, yielded but a scanty produce, thereby injuring the interests of the Ryots though not those

those of Government.—

No. 1.

Fusly	Extent of land Cultivated	Extent of land which suffered from drought	Remission thereon
	SL	SL	Rs.
1232	99,741		Accurate Accounts not forthcoming from the Records
1233	93,433		
1234	87,198		
1235	69,772		
1236	82,296		
1237	85,561		
1238	79,710		
1239	84,962		
1240	81,398	383	7010
1241	67,623	10,665	211595
1242	71847	1,690	20473
1243	80,538	482	13880
1244	81,416	440	15434
1245	80,985	93	3,903
1246	71,168	5071	100,267
1247	83,693	163	4091
1248	83,921	4,617	146,258
1249	90,894	851	43,583
1250	87,623	2,379	93,604
1251	94465	72	862
1252	99,843	2	27

6 From the Marginal Statement No. 1 it will be seen that the Nunjah Cultivation of Fusly 1252 / A.D. 1842/43 is higher than in Fusly 1232 in which it was highest and that the extent of drought together with the amount granted as remission in Fusly 1252 / A.D. 1842/43 is far less than in all the years antecedent to it as far as Fusly 1240 / A.D. 1830/31

The

1669 Fort St. George 25th January 1844.

No. 2 - Total Cultivation in the Oolongoo and Annamy Villages.

7- The favourable state of the season has produced a vast increase in Cultivation under the head of Nunjah and Poonjah as shewn in the Marginal Statement No. 2 - The cause of the Decrease in Nunjah mail poonjah and Vampyre has already been adverted to and was anticipated by Sir H. Montgomery in his letters on the subject

* dated 1st Sept. 1842 Para 21 and 3d Nov. 1843 Para 15.

1670 Fort St. George 25th January 1844.

subject but as it is necessary to shew how the lands entered in Fusly 1251 / A.D. 1841/42 under the head of Nunjah mail Poonjah were in consequence of the Board's late orders regarding Nunjah mail poonjah assessment, disposed of in Fusly 1252 / A.D. 1842/43

I beg to add the following particulars -

8 Of the extent of Nunjah mail poonjah Cultivation of Fusly 1251 / A.D. 1841/42 amounting to S. C. 24,271 the extent of Nunjah mail poonjah land laid waste in Fusly 1252 / A.D. 1842/43 amounts to S. C. 14,038 from which S. C. 4,880 of land which lay waste in Fusly 1251 / A.D. 1841/42 but brought under Cultivation in Fusly 1252 / A.D. 1842/43 being deducted the remaining extent of Nunjah mail poonjah waste for Fusly 1252 / A.D. 1842/43 amounts to S. C. 9158 which taken from the S. C. 24,271 of Nunjah mail poonjah Cultivation abovementioned, leaves the remaining extent of Nunjah mail poonjah Cultivation at S. C. 15,113 which were disposed of in Fusly 1252 / A.D. 1842/43 as hereunder particularized -

Cutage	2 4/16	2 35/64	7 1/32	7 1/16	6 3/16	5 13/16

9. The Current Selling prices of the rented Village having fallen much below the Colomn = goo or Standard prices = the usual addition of 5 per Cent of the latter was added. Notwithstanding this addition there is a decrease in the settled price of Fusly 1252 A.D. 1842/43 below that of the previous Year to the extent shewn in the Marginal Statement No. 3. This deficiency is partly attributable to the unusual supply of Grain

Fort St. George 25th January 1814

Grain in the Market consequent upon the abundant produce of both harvests and to the exceedingly limited demand for Grain, and partly to the non-exportation of Grain to Travancore and Madura where the Season was equally good as in this District, and Grain superabundant =

10 In cases where the Village prices have been much lower and the Market prices of its neighbouring Town by which it has been usual to regulate the selling prices unusually high, a considerable reduction in favor of the Ryots was made from the latter on account of wastage and sale at the Merchants price, and the remainder fixed as the Village price =

11 A reference to the Marginal Statement No. 4 will shew that the Merreck of Fusly 1252 A.D. 1842/43 is lower than all the fuslies subsequent to Fusly 1231 A.D. 1221/22. This lowness of Merreck has affected not only the Revenue but also the interests of the Ryots who are from

Fort St. George 25th January 1844.

from the depreciated state of the Markets have experienced great difficulty in disposing of their Grain to meet the Circar demands.

12 Tuccavy has been given only to a small extent this year and last, it has been my endeavor as far as practicable to discourage and discontinue it as I believe to be the Boards wish. It is I think always a fictitious and undesirable System, liable to much abuse: in a very few cases it may be desirable and useful but a large advance of Tuccavy too often returns immediately in the shape of payment of Rist, it is only transferring in fact a balance to the next year. leads to improvidence in the Ryot, and is a fertile fund for abuse by all through whose hands the loan passes, the Talsildar Talook Goomastah, Curnum and Meerasidar before it reaches the poor Ryot for whom it is intended. It will be generally found that a Talsildar who has large balances in his Talook asks for most Tuccavy in order to help him in his remittances rather than the poor Ryots in their Cultivation. In last Fusly 1252 2000 Rupees were sanctioned, of which 1500 were given in the present Fusly 1253 Rupees 2000 Sanctioned and Rupees 1500 given out. A.D. 1843/44

On

Fort St. George 25th January 1844.

13. On representations made to me during the Summahbundy at Streevygoom- tum I was induced pending the final orders of the Board to stop the payment of 63 Rupees 30 Pons claimed by a class of persons called Kotary Vellalurs I have reported in detail on this subject in reply to petition No. 1261 of 1843 bearing the Boards endorse the existence and assumed privileges of the Fort are an anomaly and a dangerous nuisance in the District. a large party, fully half of the residents within this place desire its being done away with the police and safety of the Country requires the same- I therefore see no sufficient reason why Government should continue longer to pay 63 Rupees annually in order that the Police may be built out and the Talsildar set prac- tically at defiance. I would recommend the allowance, tho' an abuse being continued to the people for any other useful purpose, but certainly not for its present object.

5th January 1844.

14 The subjoined Statement No. 5 exhibits in one view the settlement of the Fusly under report under the several branches of land Revenue in contrast with Fusly 1251. A.D. 1841/42

Examined and found correct, 2nd April 1846 — Thomas Whitcombe, Auditor; Edward Pellew, Auditor

Report of the Committee

The Committee have pleasure in presenting their report for the year ended 31st March 1846. The number of members on the roll at the commencement of the year was 412, and 210 new members have been admitted during the year, making a total of 622. Of these, 38 have resigned and 14 have been struck off for non-payment of subscription, leaving 570 members on the roll at the close of the year.

The Committee regret to report that the attendance at the monthly meetings has been unusually small, the average number present being only 11. They trust that this will improve during the coming year.

The Committee have appointed Mr. Henry Caldicott as Secretary in place of Mr. Frederick Lowndes, who resigned in October last. They have also appointed Mr. Arthur Penrose as Librarian.

Signed on behalf of the Committee, Thomas Whitcombe, Chairman

Fort St. George 25th January 1844.

15

In the Ninjah rented Villages there is an increase in Cultivation under the head of Carr Agaput and under that of Peshanum Agaput and Poonacolums, but a decrease under the head of Carr Poonacolums as shewn in the

No. 6 Polongoo Villages.

Sub.

Cors.

Decrease in Rupees 12577-3-11 as here under explained.

The greater part of the Ninjah land brought under cultivation in Fasly 1252 / A.D. 1842/43 having been of an inferior description, a decrease in Mailwarum necessarily ensued, amounting at the average of 1 Mercal and 1/8 measure per S.C. upon S.C. 85602-18-7/8, of better land cultivated last year to S.C. 4,808-2-6 or in Value at the rate of Rupees 2-2-7/64 per G.C. the commutation price of last year, to Rupees 10399-15-"-adding to this, the decrease in Mercal averaging per G.C. at annas 2 and piece 7/64 amounting on G.C. 384926-13-4/8 of Mailwarum of last year to Rupees 48325-5-11, the total decrease amounts to Rupees 58725-4-11 from which the increase of Rupees 46148-1-" being the revenue of S.C. 5,036-17-7/8 of land cultivated in this in excess of last year being deducted,

1677

Fort St. George 25th January 1844.

from the other items of Cultivation amounting to S.C. 5,065-3-7/8 leaves the net Increase in Cultivation at S.C. 5036-17-7/8.

16.

The total Warapat Summah of the rented Villages for Fasly 1252 / A.D. 1842/43 compared with that for Fasly 1251 / A.D. 1841/42 shews a net Decrease of Rupees 12577-3-11 as here under explained.

The greater part of the Ninjah land brought under cultivation in Fasly 1252 / A.D. 1842/43 having been of an inferior description, a decrease in Mailwarum necessarily ensued, amounting at the average of 1 Mercal and 1/8 measure per S.C. upon S.C. 85602-18-7/8, of better land cultivated last year to S.C. 4,808-2-6 or in Value at the rate of Rupees 2-2-7/64 per G.C. the commutation price of last year, to Rupees 10399-15-"-adding to this, the decrease in Mercal averaging per G.C. at annas 2 and piece 7/64 amounting on G.C. 384926-13-4/8 of Mailwarum of last year to Rupees 48325-5-11, the total decrease amounts to Rupees 38725-4-11 from which the increase of Rupees 46148-1-" being the revenue of S.C. 5,036-17-7/8 of land cultivated in this in excess of last year being deducted,

the

Fort St. George 25th January 1844.

the Net Decrease remains at Rupees
12577-3-11 as above stated.

1252	3487	16453	4	15 41/64

17- There are 18 Villages still under Aumanie, in which it will be observed that the Cultivation Mailwarum and average have all increased to the extent shewn in the Marginal Statement Nº 7, a result not recorded since these Villages came under Mirasi Management in Fasly 1245 / A.D. 1835/36.

The chief causes of this increase are 1st. The occupant Ryots are now better protected and free from the oppressions to which they were subject while the Villages were in the hands of the Exe. Zemindar of Cho. Kumpatty whose exactions and conduct constantly caused the people to abscond-

2ndly The Tanks and other works of irrigation are now put in repair at the expence of Government which

Fort St. George 25th January 1844.

which is a main cause of the increase and are totally neglected by the late Zemindar.

3rdly- The season continues favorable. The causes alluded to in para 27 of my Survey report of the 15th Instant have also probably contributed greatly to this increase of Cultivation.

18- The Summah of the Aumanie Villages for Fasly 1252 / A.D. 1842/43 compared with that for Fasly 1251 / A.D. 1841/42 shews a net Increase of Rupees 1017-7-9. of which the particulars are exhibited in the subjoined Statement Nº 8-

Fasly

Fort St. George 25th. January 1844.

While there is a decrease in the Bare price in all the rented Villages it will be observed there is an increase under that head in the Aumanie Villages as shewn in the Statement & beg to offer some explanation regarding this.

In the Bare of Fuely 1251 / A.D. 1841/42 the Aumanie Madarum grain instead of being made over to the Ryots as was since done, having, for want of a sale, remained in store in heaps for Months together exposed to rain and wind, and having in consequence become damaged and unsaleable, it was necessary to sell it at a price much below the current price of that year for good grain, but in the Bar of this year, the Aumanie grain having been under orders of Sir A. Montgomery delivered over to the Ryots and the Value thereof collected according to the Current prices, the increase above shewn in excess of the Bare price of last year was the result.

19. From the Statement No. 9 it will be seen that the revenue of the Amanie Villages is now realized with facility. This result which is advantageous both to the Government and the Ryots, is owing mainly to the immediate disposal of the Amanie grain in the manner abovementioned.

20. The revenue derived from Pottam lands in Fusly $\frac{1252}{A.D.\ 1842/43}$ * Col. 345 amounts to Rupees $32\frac{5}{16}$ 70-4-11 or Rupees 385-15-3 short of the Pottem Bariz of last year. This deficiency arose from 2 causes 1st by lands paying a diminished

Gain by increased rate of Teerwah 171 5 5

Deduct

Loss by Decrease in Cultivation 96 4 6

Net Increase 75 " "

Under the head of Poroyoo there is a decrease in cultivation to the extent of A. C. 23 - 15 - 5 5/8 caused by the holders of this decreased extent of land not having cultivated it for a 2d Crop as they have done in the preceding Fusly, in which they raised a 2d Crop on the land but did not receive remission for drought, and thus lost the Crop. The loss caused by this decrease in cultivation amounting to Rupees 96 - 4 - 6. being deducted from Rupees 171 - 5 - 5. the Increase brought to account in consequence of the cultivation of land bearing a higher rate

Fort St. George 25th January 1844.

rate of assessment, the net Increase is left at Rupees 75 - " - ". The Board's orders regarding these Poroyoo lands will be carried into effect in the current Fusly as noticed in Para 21.

23. Up to last year Nunjah lands cultivated with Poonjah produce were termed Nunjahmail poonjah and those cultivated with Vegetables &c. termed Tamjyre, each of these 2 species of cultivation continuing to be entered under separate heads - but as the Revenue from these 2 sources are collected with reference to the Crop with which the lands are cultivated, and not with reference to the soil, the 2 Items have been in Fusly 1252 F. 1842/43 consolidated into one.

24. The Board in their last letter on Nunjah mail poonjah cultivation date 22 December 1842 direct that all Poonjah and Tamjyre cultivation on Nunjah lands deriving their supply of water from public sources of irrigation should be assessed the first year with one fourth of the difference between the old assessment and the Nunjah rate, with 1/2 the next year, with 3/4 in the third in addition to the old Nunjah Mail poonjah tax, and that in the 4th year full Nunjah assessment

1880

Tuesday 23rd January 1880.

At the Court House Georgetown on the 23rd January 1880.

Present

The Hon'ble Mr. Justice Pigott.
Mr. Justice Cassels.

The Corporation of the Township of Esquesing, Plaintiffs,

and

The Corporation of the Township of Nassagaweya, Defendants.

Upon the application of the Plaintiffs in this cause for an order for the issue of a writ of injunction to restrain the Defendants from the further prosecution of the works complained of in the pleadings in this cause, and upon hearing read the affidavits filed on behalf of the Plaintiffs and Defendants, and upon hearing what was alleged by Counsel for the parties aforesaid, this Court was pleased to direct the matter to stand over for judgment, and the same coming on this day for judgment in the presence of Counsel for the parties aforesaid, this Court doth order and adjudge that the Plaintiffs are entitled to the writ of injunction prayed for by the Bill of Complaint in this cause, and that the Defendants, their servants, agents and workmen be perpetually restrained from further prosecuting the works complained of in the Bill of Complaint in this cause, and that the Defendants do pay to the Plaintiffs their costs of this suit to be taxed by the Taxing Officer of this Court.

And it is further ordered that the Defendants do pay to the Plaintiffs their costs of the reference to the Master at Georgetown, to be taxed by the Taxing Officer of this Court.

And it is further ordered that the Defendants do pay to the Plaintiffs their costs of the motion for judgment herein, to be taxed by the Taxing Officer of this Court.

And it is further ordered that the Defendants do pay to the Plaintiffs their costs of the motion for an injunction

Fort St. George 25th. January 1844.

25.

By the foregoing Statement No. 12 it will be seen that Nunjah land cultivated with the 8 Sorts of produce abovementioned, bearing an assessment in some cases lower than and in others equal to the Nunjah Tax, amounts to an S. C. 579 - 15 - 7½ the Teerwah thereon at the usual rate to Rupees 2390 - 10 - 3 and to Rupees 3909 - 14 - 4 at the full Nunjah rate and that cultivated with produce other than the abovementioned 8 Sorts and paying a Teerwah higher than or equal to the Nunjah Tax, amounts to S. C. 304 - 7 - 1 - the Teerwah thereon at the Mamool rate to Rupees 2,878 - 8 - 4 and to Rupees 2,328 - 12 - 7 at the full Nunjah rate - The total Nunjah Lands cultivated with Nunjah Mail Poonjah produce and now charged with full Nunjah Teerwah amounts to S. C. 884 - 2 - ½, the Teerwah thereon according to the old rate of assessment being on Rupees 5269 - 2 - 7 - and according to the

Col 309-360-418. cation amounts to A. Cs. 2,814-11-6 3/5 and the full Nunjah thereon to Rupees

Col 305-365-413. 2,677-13-4. The Items which at present compose the Head of Nunjah Mail Poonjah and Vamjyre are 3 Viz.-

1st. The 8 Sorts of produce bear-ing an assessment higher than the Nunjah rate.

2d. Nunjah mail Poonjah and Vamjyre cultivation under dd. Wells.

3d. Lands paying the usual Nunjah & Mail Poonjah & Vamjyre Teerwah agreeably to Sunnuds granted by Mahol. Mr. Hepburne & other former Collectors

Fort St. George 25th January 1844.

Collectors.-

26 The Board having in their letter of 13th April 1843 directed that Cultivation under new Wells dug at the Ryots own expence in Poonjah land, should be charged with Poonjah Teerwah, a restriction was made to the effect that all Wells existing before Fusly 1252 / A.D. 1842/43 however dug, are to be considered as "old Wells" and those constructed since, as "New Wells" Accordingly lands cultivated under old Wells in Fusly 1252 / A.D. 1842/43 formed the 2d Item entered under the Head of Nunjah mail Poonjah and Vamjyre. The lands composing the 3d item, will, after due investigation into the claims of the holders of them, be disposed of in the same manner as the Pottoh and Poroopoo lands already spoken of. I anticipate a gradual increase of Well Cultivation from this definite understanding and the desirable and politic encouragement now afforded by the Boards orders, for a Ryot to sink capital in improvements of which he will enjoy the full and fair benefit- while he before naturally felt he was sinking a Well and his funds for the immediate benefit of

Government

No 2

Fort St. George 25th January 1844.

Proceedings of the Board of Revenue assembled at Fort St. George from Original Petition of Ryots of Pooroovakum Village in Nellore Collectorate praying for the reduction of the Assessment on Nunjah Land now cultivated by them.

Present

The Honble Sir Frederick Adam K.C.B. Governor in Council.

Read the following Petition from Ryots of Pooroovakum Village in Nellore Collectorate.

To

The Honble Sir Frederick Adam K.C.B. Governor in Council.

Fort St. George.

The Petition of the Undersigned Ryots of Pooroovakum Village in Nellore Collectorate.

Humbly Sheweth,

That your Petitioners have been cultivating Nunjah Land for many years, and that the Assessment thereon has been increased from Fusly 1252 to Fusly 1253.

That your Petitioners are unable to pay the increased Assessment, and therefore pray that the Nunjah Land may be restored to them on the Assessment of Fusly 1252.

And your Petitioners as in duty bound will ever pray.

(Signed) Chinnaya Naidoo and others.

29.

Proceedings under date 7th June 1841 directed generally that Punjah lands should be assessed with reference to the capability of the Soil only and not with reference to the produce as was the case hitherto, Sir H. Montgomery with a view to secure the Government against considerable loss, directed, that the 8 Sorts of produce should be assessed at their usual, or at the Punjah rate, whichever of the two was highest: the Settlement of the revenue derived from the cultivation of these 8 products was therefore made accordingly—

30.

Of the 8 Sorts of produce above mentioned, Punjah, and Saing Selangoo were not at all cultivated in Fusly 1252 / A.D. 1842/43 and if cultivated at any future period, it will be to only a trifling extent - Of the remaining 6 kinds, Caroony and Serookelungoo were cultivated in Fusly 1252 / A.D. 1842/43 only slightly - The cultivation of Sadumboo and Turmeric amounts to 150 S. $ each kind - The Betel and Plantain were in Fusly 1252 / A.D. 1842/43 cultivated extensively - Of these 6 kinds, the Betel bears in almost every Village in the District a Teerwah much higher than the Punjah -

The

remaining 5 kinds of produce bearing in some instances an Assessment higher, in others lower, than the Punjah Teerwah, were in Fusly 1252 / A.D. 1842/43 assessed with their usual tax, or with Punjah tax whichever was highest, and the Settlement made accordingly - The extent of land Cultivated with the above 5 Sorts of produce and bearing a Teerwah in some cases lower, in others equal to the Punjah tax Amounts to S. $ 579-15-7½, on which, the old Assessment having been short of the Punjah Teerwah by Rupees 1,519-4-1 the latter was imposed, amounting to Rupees 3909-14-—. The extent of land cultivated with the 6 Sorts of produce including Betel, on which the old Teerwah is higher than the Punjah Teerwah, amounts to S. $ 780—-6⅛ on which the Demand at the old rate of Assessment, exceeds the Punjah full Assessment by Rupees 17,478-9-4 — Of this sum the Increase of Revenue from Betel Cultivation alone amounts to Rupees 10,736-8-3, and that from the remaining 5 kinds of produce to Rupees 6,742-1-1—

31.

By taxing the abovementioned several products at the old, or the Punjah rate, whichever was highest and most profitable to

Government, the same produce cultivated by the same Ryot is thus charged with Nunjah Teerwah in one place and with the usual &c tax in another, in the same Village - For instance in a Village, there are Agaputi &c lands, 2 Crop lands, and lands of a Superior description, all paying a higher Assessment, &c than the Pounacolum lands, one crop lands, and lands of inferion description in the Village which bear a lower Assessment - In Villages of the description, the 8 Sorts of produce under notice, if cultivated on highly assessed Nunjah lands, are charged with Nunjah Teerwah, while the same, if cultivated on lands bearing a lower Assessment, are subjected to the old &c Assessment - This mode of taxing products, which is in itself very irregular, is naturally objected to and complained of by the Ryots, and opens a door for the Curnums to commit fraud, which when committed, it is very difficult to detect - Moreover the accounts become complicated and confused, and &c their preparation is a task of no little trouble and difficulty -

H.

32. It was thought best to Assess the Betel and Plantain Cultivation in Fusly 1252 A.D. 1842/43 at the 3 years average Nunjah or Manool rate &c whichever was highest - The manner in which the Plantain Cultivation on a Single S.C. of land was assessed is exemplified in the following &c Statement No. 15 from which it will also be seen that the same produce pays a different &c Assessment in the same Village -

No. 15 - Maneya Moortheeswara Village in Nelliambalum Talook -

		Manool Teerwah per seed Cottah of Plantain Cultivation on one and two Crop lands -	Nunjah Teerwah thereon -	
			Double &c Teerwah on 2 Crop lands.	One and half Teerwah on one Crop lands -
		Rs. A. P	Rs. A. P	Rs. A. P
Fusly 1249 -	1st Year -	41 14 6	30 11 2	23 5 10
" 1250 -	2d Ditto -	20 15 3	30 13 5	23 " 6
" 1251 -	3d Ditto -	20 15 3	23 10 1	18 5 7
		83 13 "	85 2 8	64 11 11

The best arrangement which appeared practicable has been followed for the present, but a more definite and regular one as proposed in my Survey Report for Betel. Plantains and Gardens generally, is highly desirable in the District. The Assessment on all these products has been hitherto on the Crop instead of the Soil irregular and variable and must remain partially so till the Board &c shall give final directions on the Subject -

Net Increase ——— 8,800 23/32 11,254 8 5

The

33. The Cultivation under the Head of Poonjah is greater in Fusly 1252 / A.D. 1842/43 than that of the previous year, by claims 8,800 23/32 giving an increased Revenue of Rupees 2,687-7-4 from which the Decrease of Rupees 1,493-14-11 caused by lands bearing a lower rate of Teerwah having been cultivated in Fusly 1252 / A.D. 1842/43 in excess of last year being deducted, the net Increase Amounts to Rupees 1,193-8-5 as shown in the Statement No. 16. The increase in the Poonjah Cultivation above stated was caused by a greater extent of waste having been brought under the plough in Fusly 1252 / A.D. 1842/43 and by some Nunjah lands on high levels and cultivated by means of the falling rains with poonjah produce, which were hitherto entered under the Head of Nunjah mail poonjah, having been now included under that of Poonjah in accordance with the Board's orders conveyed in Para 13 of their Proceedings dated 15th September 1842: as also by Poonjah lands cultivated under New Wells having been newly brought to account under this Head agreeably to the orders of the Board conveyed in their letter dated 13th April 1843.

34. As it has been till last year Customary in some Villages to assess the Poonjah lands with tax once, or twice, as the case may be, for a 1st or 2d Crop if cultivated with Nunjah mail poonjah and Vampyre produce by the assistance

assistance of water from old Wells the same assistance of water from old Wells the same practice was observed also in Fusly 1252 / A.D. 1842/43. The extent of Poonjah land Cultivated once, or twice in the same year under new Wells and assessed once or twice as the case may be for the 1st & 2d crop with Poonjah Teerwah amounts to 36 Chains the usual Teerwah thereon at the Nunjah mail Poonjah and Vampyre rate, to Rupees 214-7-4 and at the Poonjah rate to Rupees 77-3-2 being short of the former sum by Rupees 137-3-10. The extent of Nunjah land Cultivated with Poonjah produce from its lying on too high a level to be irrigated which were up to last year assessed with reference to produce and entered under the Head of Nunjah mail Poonjah but this year under that of Poonjah amounts to Chains 1418 41/64 and the Teerwah thereon at the old rate to Rupees 8017-9-6. from which the difference between the old Nunjah mail Poonjah assessment and the Poonjah tax amounting to Rupees 3,857-10-7. being deducted, the remainder amounts to Rupees.

Relaivance or land Tax.—

Fusly	Summah Rs	as	ps
1251	20180	5	7
1252	20024	12	9
Decrease.	161	8	10

4,159-14-11 being the Poonjah Teerwah levied in Fusly 1252 / A.D. 1842/43 as shown in Statement No. 17.

35. The Demand under this Head amounts to Rs. 20024-12-9 for fusly 1252 being short of that of the preceding fusly by Rupees 161-8-10. This Decrease may be explained as follows. In the Village of Shevalay in the Streeygountum

Every countum Talook the tax called Desaccavile Cutt=
-goottah which the Ryots of the Village paid to the Polygars
in former days, was entered under this Head and continued
to be collected till fusly 1245 / A.D. 1835/36 when the Ryots of the Village
having refused to consent to the system of Money rent which
was then in the course of being introduced unless they were
relieved of the burden of this tax or at least the tax re=
reduced to the rate paid by the Ryots of the neighbouring
Villages, the then Collector Mr. Eden ordered that the Collection
of this tax be suspended pending a final Decision of the
question, and the tax has been entered in the Accounts as a
Balance against the Ryots of that Village - Accordingly
the tax was every year brought to account, but remained
uncollected - The Balance which has accumulated and is
still due on account of this Tax accounts from fusly
1246 / A.D. 1836/37 to fusly 1251 / A.D. 1841/42 to Rupees 2,805-12-0 In fusly 1252 / A.D. 1842/43 the
subject was brought to the notice of Sir H. Montgomery who,
finding on enquiry that the tax was an unjust and
irregular demand, and pressed upon the Ryots in
question more heavily than on the neighbouring Villagers,
he directed that it be reduced to the neighbouring rate
and the remainder remitted to the Ryots - The Decrease
caused by this remission amounts for fusly 1252 / A.D. 1842/43 to
Rupees 377-17- to which, the Decrease of Rupees 272-10-3
caused by a falling off in Nunjahmail Poonjah &
Cultivation and other items, being added, the Total decrease
Amounts to Rupees 649-11-10 from which the Increase from
several other items of which this land tax is composed amounting
to Rs. 488-3- being deducted the Net Decrease remains at Rs.
161-8-10- as above shown.-

No. 19 Topes.

Fusly	Summah
1251	29,552-12-10.
1252	29,299-15-10.
Decrease	252-13-0

+ Col. 534

36- The Revenue derived from Topes Amount for fusly 1252 / A.D. 1842/43 to Rupees 29299-15-10+ being

being short of that of the previous year by Rupees
252-13-. This decrease may be thus accounted =
for.-

The trees in the Tamarind Topes at Shi=
=valaracolum in the Brummadasum Talook, under
Circar management, having yielded in Fusly 1252 / A.D. 1842/43
diminished produce, the Revenue derived therefrom
fell short of that of last year by Rupees 897-5-8
to which adding the Decrease of Rupees 277-6-8
occasioned by some trees which were hitherto under
Circar management having been rented out in Fusly 1252 / A.D. 1842/43
the total decrease comes to Rupees 1164-12-4
from which the increase of Rupees 911-15-4 caused
by trees which produced nothing last year having
in this year become productive, being deducted, the
net decrease amounts to Rupees 252-13-. The final order
of the Board on my letter of 6th February 1843-
and some greater encouragement for planting Topes
and Avenues by a reduction of the present heavy
rates in the District, are greatly to be desired.
without more encouragement than at present
I fear not much will be done in the way of planting.

No. 20 Tamarind or Calmirah.-

Fusly	Summah
1251	106830-10-2
1252	107770-4-7
Increase	939-10-5

37. The increase under this Head amounting to Rupees 939-10-5 is accounted for as arising from the Number of Calmirah trees

trees brought to account as productive in Fusly 1252 / A.D. 1842/43 having been greater than in the previous year.

The amount must of course vary - some trees falling off and others coming into bearing yearly.

No. 21. Woodengaud or Shorey-Jungle.

Fusly		Summah

Note 1st George 25th January 1844

42.

The increase in Yearly Pay under this head was caused by the existence of Navigable Lands for which Gabriele Cowles were granted in April 1252 having been greater than in April 1851 and the decrease in Copyhold by certain Copyhold Lands having been affected in full on the Sale of the Cole on which they were held.

43.

The remissions granted under Copyhold Lands having carried to the Head of Navigable under the orders of the Board above quoted amounts to Pounds 1,300-5-2 being the difference between the old Navigable Copyhold assessments and the full Yearly Payable to Government for Yearly 1852 the remaining 1/4 th thereof having been added to the Navigable Yearly as now Statement affected to Year 24 of the Reform.

Comptroller

44. The decrease in the 1st 3 Items of Enam of which a greater portion is always paid in grain, was caused by the change of price at which the grain was commuted into money. The increase in the 2 latter Items is consequent on the excess in Poonjah cultivation from the Revenue of which the Mercasidars and Village servants in certain Villages derive their Chatoorbhogum. &c.

No 27 Net Total Land Revenue.

45. The Marginal Statement No 27 shows the Total Land Revenue, the Total deductions therefrom on account of remission &c. and the net Total Land Revenue for Fusly 1252 in comparison with Fusly 1251.

46

The Demand on account of the several Items enumerated in Statement No. 28. which is usually added to the Land Revenue amounts for Fusly 1252 A.D. 1842/43 on the whole to Rupees 449,167-7-2. being short of the amount derived from these Items in the preceeding Fusly by Rupees 6626-4-11.

47

The decrease under the Head of Curnam and Sanke. Marah and Deposits is attributable to the lowness of Sereeke, and that under the head of Hillrents to the want of good offers for renting the Hill produce

The increase under the Head of Dasacaul on Surva Cnam Villages, was caused by increased Poonjah Cultivation from the Revenue of which it is derived - that under the head of Lands occupied by house held without a grant, was caused by these lands for which no Government grant has been taken out having been newly this year charged with the assessment leviable on them, agreeably to the orders of the Honorable the Court of Directors dated 24th August 1842 No. 25. conveyed in the Boards Proceedings of 23d February 1843 and the reason of this having been entered separately, is that the accounts regarding this Item

Fort St. George 25th January 1844.

Items of Revenue were received from the Talooks too late to include it under the proper head - the Decrease under the head of Sewag Summuk requires no remarks.

48.

Adding to the Net Land Revenue of Fusly 1252 A.D. 1842/43 amounting to Rupees 14,74,817-10-7 the sums of Rupees 4,23,713-6-3 - derived from the several items entered in the foregoing Statement No. 28. the total Land Revenue amounts to Rupees 13,98,531-10 exclusive of Deposits but inclusive of them to Rupees 19,23,985 as shown in the Statement appended to Para 14 of this Report.

49.

Col. 607.

The balance at the end of Fusly 1252 A.D. 1842/43 was Rupees 55504 - - 11 which by subsequent Collections upto December 1843 was

Fort St. George 25th January 1844

was reduced to Rupees 8428-15-10 being less than the balance up to the same period in Fusly 1251 A.D. 1841/42 by Rupees 417-4-8 as shewn in the Statement No. 30 The above balance of Rupees 8,428-15-10 may be classed under 3 Heads as follows.-

	Rs	a	p
Recoverable	3,785	1	3
Doubtful	165	10	3
Irrecoverable	4,478	4	4
	8428	15	10

Of the balance entered under the Head of recoverable Rupees 664-2-2 are due by the Ryots of certain ayen Villages and Rupees 2120-15-1 by the Sirgumputty Zemindar Both these sums are in course of Collection- The Balance under the Head of Doubtful, amounting to Rupees 165-10-3 is due on certain lands in a disputed boundary and its Collection therefore is very dubious, till the question is settled- Of the balance of Rupees 4,478-4-4 entered under the head of irrecoverable, Rupees 4,158-15-6 is the Demand on lands, the right to which is in dispute between several Zemindars and the Government; and it is entered in the Settlements under the Head of Adasul Tarar, However present and subsequent

enquiry

Fort St. George 25th January 1844

enquiry may determine the right of Collection one these contested tracts in future, I think the past and old Balances, whether hanging over the Zemindar or his Ryots, should be remitted- a course consonant with sound policy and the liberality of Government- After a due settlement of the question no new Balances will of course be allowed to occur- I would therefore strongly advise the remission of the present old and questionable- Balance under this Head- Rupees 203-12- is the value of the excess quantity of grain erroneously added to the 7 years average Kadvarum of the Village of Auroomoogamungalum in the Streeyygoontum Talook and which excess the Ryots request should be remitted, and Rupees 115-8-10 is the amount of assessment entered for certain lands over and above the proper Demand.-

Under the above explanation

50,

and the orders of the Court of Directors conveyed in their letter of 16th December 1840, directing the annual investigation of irrecoverable Balances, I beg to recommend therefore that the whole sum of Rupees 4,478-4-4 being the irrecoverable Balance of Fusly 1252 be remitted Regarding the old Balances and irrecoverable Items of

1713

Fort St. George 25th January 1844

of the years previous to Fusly 1252. A detailed report is under preparation and will be forwarded when completed.

51.

The more punctual realization of the Land Revenue during the year, in comparison with former years, will be observed if reference is made to the Statement No. 31.

No. 31. Balance of ayen land. Revenue excluding Peishcush.

52.

The amount of Collections realized from each Source of Revenue and the Charges incurred under each Head, during the Fasly under Report are exhibited in the Statement No. 32. and compared with those of preceding Fasly.

53.

From Mr. Whittingham the Sub Collector and my Assistants I have received every aid Mr. Whittingham is at all times anxious to afford zealous and efficient cooperation, his report I have the honor to enclose. Mr. Levinge performs with care and assiduity the duties of the Head Assistants' Office. Mr. Forbes has been, and is, a great service to me by relieving me of much police and other details which have heretofore greatly occupied and embarrassed my time. Of Mr. Silver the Special Assistant, it is scarcely necessary I should speak, he has been but a short time here, and I can only regret from his known zeal and efficiency in Malabar, that his early return to England will so soon deprive me of his valuable assistance

Fort St. George 25th January 1844

assistants.

54.

I regret that I have been prevented sending in this report at an earlier Date, but the Board will be aware how heavily the extra and important duties of the Survey have prest upon me so as to occupy nearly my whole time.

Tinnevelly — 30th December 1843

/Signed/ E. B. Thomas

Collector.

Fort St. George 25th. January 1844.

the rains having fallen in such abundance as to keep the Rivers and Channels well supplied during the whole period of cultivation, and the result has been a considerable increase in the extent of Nunjah cultivation, together with so favorable a state of the Crops as to render unnecessary the usual remissions for drought and scanty produce.

The cause of the decrease in the cultivation of Nunjah and Punjah and Tamjore has already been adverted to in my report of the Settlement of Fusly 1251. A comparison between the Total Poonjah cultivation of the present and last year exhibits a trifling increase in the year under report. In the preceding year a remission of Rupees 518-- -- 3 was given for drought, but as it has already been observed the very favorable nature of the Car and Peshanum season rendered unnecessary any similar indulgence in the present year.

4.

The increase in the Car Nunjah cultivation amounts to S. C. 287-18-2 5/8, of which S. C. 95-7-..- is the amount of Nunjahmel Poonjah and Tanjore cultivation brought under the Head of Nunjah, these lands having been irrigated by Works constructed at the expence of Government, and the remainder S. C. 192-11-2 5/8 is the amount of extended Nunjah cultivation - In the Talook of Brommadavum there is a decrease in cultivation to the extent of S. C. 104-..-6 - Though the season may have been generally extremely favorable, yet from the partial manner in which the rains often fall on the Hills during the Kar season, an occasional failure of a sufficient supply of water in some of the smaller Rivers is sometimes experienced, and to this cause the decrease in the Talook of Brommadavum is partly to be attributed, partly also to

Peshcarum

1836.

Stadt d. 25. Januar 1844.

Landschaftl. Brandv. Feuer Societät.

Bekanntmachung.

Nachdem in Folge der Allerhöchsten Cabinets-Ordre vom 14ten Januar d. J. die Provinzial-Landschaft zu Pommern und Rügen, so wie die Landschaft des Herzogthums Lauenburg, zu Errichtung einer Brandschaden-Societät für ihre Provinzen, Districte und Herzogthümer, unter Genehmigung der Statuten vom 1sten Januar d. J. sich vereinigt haben, eine gemeinschaftliche Societät zu bilden, welche den Namen

Pommersch-Rügisch-Lauenburgische Societät

führen soll, und Behufs der Errichtung dieser Societät, Commissarien ernannt worden sind, welche mit der Ausarbeitung des Reglements beauftragt worden, so ist dieses Reglement nunmehr vollendet, und von Sr. Majestät dem Könige Allergnädigst vollzogen worden.

Indem wir dieses hierdurch zur öffentlichen Kenntniß bringen, machen wir zugleich bekannt, daß die Ausfertigung der Versicherungs-Scheine, so wie die Einzahlung der Beiträge, bei der Landschaft zu Stettin, Stargard, Cammin, Greifenberg, Pyritz, Naugard, Treptow a/R., Demmin, Anclam, Gützkow, Greifswald, Wolgast, Franzburg, Barth, Stralsund, Grimmen, Tribsees, Ribnitz, Damgarten, Ueckermünde, Pasewalk, Jarmen, Loitz, Demmin, Friedland, Neubrandenburg, Stavenhagen, Woldegk, Strasburg, Prenzlau, Templin, Angermünde, Schwedt, Gramzow, Pasewalk, Ueckermünde, Anklam

6. The excess above the preceding year in the Peshanum Nunjah cultivation amounts to S.C. 786-17-5 5/8. Of which S.C. 524-5-2 5/8 form the portion that has been brought under this head from those of Nunjahmel Poonjah, Tunjyre, and Poonjah, for though cultivated with Nunjahmel Poonjah produce, this land is entered as Nunjah land in the Survey accounts, and is irrigated by means of works constructed at the expence of Government. The remaining amount of increase Viz. S.C. 1262-12-3. has arisen from extended Nunjah and Aumimodungun cultivation. It will be observed that the Statement shews a decrease of S.C. 371-4-1½ in the Aumimodungan cultivation of the Talook of Streenellipoolore this has arisen from S.C. 371-4-1½ of Aumimodungan produce having been reaped after the expiration of the Fusly under report and having in consequence been entered in the accounts of the succeeding Fusly:

7. The accompanying Statement exhibits a decrease in Peshanum Nunjahmel Poonjah and Tunjyre cultivation of S.C. 2,895-14-5 5/8 of this amount S.C. 524-5-2 5/8 of land have been entered

No. 5. Peshaniam Nunjahmel Poonjah and Tunjyre Cultivation.

entered under the Head of Nunjah as before mentioned, and S.C. 651-3-7 being unfit for Nunjah cultivation and incapable from situation of irrigation, have in conformity with the recent orders of the Board of Revenue been entered under the Head of Poonjah, S.C. 387. " - " have been brought under Nunjah cultivation, and the remaining S.C. 1,333-5 2½ have been left uncultivated.

No. 6. Poonjah.

The only Talook under my charge in which there has been a decrease of Poonjah cultivation

8. is

is that of Streevilliputtore in which the net Decrease amounts to 653 15/16 Chains.

Poonjah cultivation of Streevilliputtore Talook:	Fusly 1251	Fusly 1252.	Increase	Decrease
Poonjah	26226 5/64	25378 13/32	"	847 13/64
Punjah high land cultivated with Punjah mel Poonjah produce and assessed this year with Poonjah Tax	"	196 47/64	196 47/64	"
Total	26226 5/64	25575 29/64	196 47/64	847 13/64
Net Increase	"	"	"	653 15/16

If from the total Poonjah cultivation 196 47/64 Chains being the extent of Punjah high land carried according to orders, this year to the Head of Poonjah, be deducted, the actual decrease will be 847 13/64 Chains as shewn in the Marginal Statement. The extremely favorable state of the Poonjah cultivation in the other Talooks under my charge and also of those in your Division, induced me repeatedly to call the attention of the Tahsildar of Streevilliputtore to the state of the Poonjah cultivation in his Talook, which alone exhibited a decrease as compared with last year; and to urge him to use his best endeavours to induce the people to extend their cultivation. At the same time an account of

of the quantity of rain which had fallen in the neighbouring Talook of Sattore in which there had been a considerable increase of Poonjah cultivation, was forwarded to the Tahsildar of Streevilliputtore to shew him that the quantity of rain fallen had been the same in that Talook as in the Talook under his charge, and that consequently the reason assigned by him for the decrease of cultivation Viz: the want of rain was not admissible. Subsequent investigation confirmed me in the opinion that the Tahsildar had not exerted himself as he ought to have done, and I was induced to bring his want of vigilance to your notice, and it may be hoped that your severe reprimand will have the effect of precluding in future any similar neglect on his part.

1841.

Fort St. George 25th January 1844.

No. 13. Statement of Nunjah Maraputs Summary Villages.

14. A comparison of the Revenue demanded from the Nunjah Maraputs Lands of the Summary Villages in Fusly 1251 and 1252, viz.

A Net Decrease of Rupees 261-6-10 in Fusly 1252. The decrease resulting from a difference in the rates of Melwarem Amounts to Rupees 143-1-10. and that arising from the Extinction of Rupees 1142-9-4. forming a total of the Net Decrease of Rupees 1285-11-2. Deducting from this Amount Rupees 1024. the increase produced by ecclesiastical Exemption the Net Decrease will be Rupees 261-6-10 as shewn in Statement No. 12.

The Assessment in the Summary Villages was ecclesiastical by Fusslie Estimate delivered by Native Surveyors from my Cutcherry.

15. See Ret. Decrease in the Nunjah Maraputs Summary for the Money Rent and Summary Villages.

Fusly 1251 Rupees 1,1948-3-6 as shewn in the Statement. The decrease Accounted by a Settlement. The decrease Accounted by a fall in the Sirkeer Amounts of Rupees 22,62-11-9 and by Difference in the rates of Melwarem of Rupees 2,625-9-8. The increase resulting from additional cultivation is Rupees 12,785-1-8 and from new Granting of Remissions of Rupees 578-3. The net Decrease is as aforestated Rupees 11,948-3-6.

1848. Fort St. George 25th January 1844

There is a Decrease in the Poonjah Amounting to Rupees 5,931 — 10. 3. Of this sum Rupees 4,972 — 13 — 5 is the Amount of deficalation occasioned by the cultivation of land bearing a lower rate of Assessment and Rupees 958 — 12 — 10 is the Amount of Deficiency caused by a decrease in the extent of Cultivation of Nunjahmel Poonjah

Fort St. George 25th January 1846.

1 Nunjahnelpoonjah cultivation raised on Nunjah high lands situated under ruined Tanks and disqualified from their elevation from being cultivated with Nunjah produce, were, until last Year, assessed with reference to the kind of produce, but in the Year under report such lands have been, in conformity with the orders of the Board of Revenue, assessed with Poonjah Teerwah. The Net Decrease therefore in the Revenue derived from Poonjah Amounts as shewn in the Annexed Statement to Rupees 4,627—12—9.

22. There is a decrease under this Head Amounting to Rupees 184. 7. 10 which is to be attributed to the following off in the cultivation in certain Villages in which this tax is levied on the cultivation.

1252	1047	14	5

It will be observed however by the Marginal Statement that the Amount of Revenue derived from the rent of trees in the Fusly under report does not fall below that of Fusly 1250.

The

Fort St. George 25th January 1844.

1 The deficiency in the trees under Circar Management Amounting to Rupees 1025—1—10 is occasioned by the comparative unproductiveness of the Tamarind Trees in the Talooks of Brinmadasom and Shenkernynarcoil, to which species of tree the Season was generally unfavorable. A further decrease of Rupees 118—2—2 was occasioned by the transfer to the Head of trees paying fixed tax, of certain Topes in the Talook of Sunkernynarcoil, the Morasidars of the Village having consented to rent the trees at 2 Cully fanams that being the rate of the neighbouring Villages. The Total deficit Amounts to Rupees 1143—12—4. There is an increase however of Rupees 100—11—4 in the Amount derived from trees paying a fixed tax, occasioned partly by the transfer abovementioned, and partly by the productiveness of trees that were unfruitful in the preceding Fusly. The Net Decrease in the Revenue derived from Topes Amounts to Rupees 1012—11—4.

No. 31. Extra Revenue.

Fusly	Moturpha	Fish Rent	Totab
1251	32,203 7 5	4,357 14 6	36,561 5 11
1252	31,233 3 2	2,197 3 4	33,430 6 6
Decrease	970 4 3	2,160 11 2	3,130 15 5

The Extra Revenue derived from the two items of Moturpha and Fish rent has fallen short of the preceding Year by Rupees 3130. 15—5. The Amount derived from Moturpha is

is from the nature of the tax liable to great fluctuation, and in some cases in which it was found to bear oppressively it was abolished in the Fusly under report. The cause of the great decrease in Fish Rents which has chiefly occurred in Shreevilliputtore, is that a great part of the Tanks were so well supplied with water until the close of the Fusly, as to prevent their being fished in the usual manner, and the fishermen were precluded from letting off the water as it was required for a second Crop on the lands usually cultivated but once during the Fusly, but which the well supplied state of the Tanks enabled the cultivators to till a second time. The increase in the cultivation of land of this description Amounts in Fusly 1253 to Rs. 2,020—13—3/8. Soon after the expiration of the Fusly the greater part of the Tanks were rented. The Amount of beriz included in the accounts of Fusly 1253 is already Rupees 2,684—9—6, and should the state of Tanks permit the fish being rented at the usual period at the close of the Peshanom Cultivation, there would be two fish rents in Fusly 1253, which in the Aggregate would probably make up for the deficiency in

1864 Fort St. George 25th January 1864

in the Year under Report.—

To E. C. Lovell Esqre

Acting Secretary to the Board of Revenue

Sir,

From J. A. Hudleston Esqre Collector of Madras

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 4th Instt, and to report that the Ground advertised for sale was put up yesterday, when the bid by V. Nineapah Moodelly, one of the original applicants, was the highest, Viz.t Rupees 40, which is Rupees 1-5-3. beyond the fixed price. The sum of Rupees 30 has been deposited by him. I beg leave, therefore, to recommend that the necessary sanction may be procured for the Sale of the Spot to V. Nineapah Moodelly for the sum offered for it.

Madras, 9th January 1844.

(Signed) J. A. Hudleston

Collector.

60

Order thereon, Ordered to be brought forward (Read again in Cons: 6th Feb.y) at a future day.

60-61

To E. C. Lovell Esqre

Acting Secretary to the Board of Revenue

Fort St. George

Sir,

From J. A. Hudleston Collector of Madras

I have the honor to acknowledge the

62

×No. 68 of 1844

the receipt of your letter under date the 11th Instant, transmitting for my report, a ×Petition from P. Veerasawmy and Valaydum, who consider themselves entitled to claim a share from the proceeds of certain Tobacco, and to bring to the notice of the Board of Revenue that the quantity of the article seized, on information represented to have been given by the Petitioners, was Mds. 24-5-8, the estimated value of which according

Mds.	F.	P.	
20-	6-	31-	already sold-Rs. 92-7-8.
3-	6-	17-	remaining unsold the estimated value of which is 16-13-11.
			109-5-3.
24-5-8			Deduct Duty 99-11-3.
			Residue 9-10-4.

to the price already realized by the sale of the largest portion, is exclusively of duty Rupees 9-10-4.

2. The share of the proceeds payable to the Petitioners under Section XIV. Regulation III A. D. 1812 is Rupees 2-6-7, whilst the reward authorized by Government on the 28th May 1830 is Rupees 19-2-9, but I understand that it has not been customary, since the year 1831, to make any payment to the Seizers of Tobacco in event of the non apprehension of the smuggler. I am led to believe that this rule has originated on the suggestions offered in Para 8 of the letter to the Board dated 10th May 1830, with reference to which the orders of Government of the 28th of the same month were passed, that "the Collector should have power to withhold the "latter reward" / ie. that payable to parties who

4/9-10-4/2-6-7.

From Rs. 31st May/30.

who do not apprehend the smuggler) "altogether, if he has "reason to suspect any unfair practice to defraud "the revenue under pretence of promoting it."

3. The present selling price of Tobacco beyond the Madras Mettoor is only 2 or 3 annas per Viss, whereas the reward, if the smuggler be apprehended, is 5 fanams or at 6-3 per Viss, and one half of the amount if otherwise.

4. In the case now under consideration, there was no person to keep up, at the time as smuggler, although a strong ×party of Peons, who acted in concert with the Petitioners, seized the Tobacco, an inhabitant of Saint Thomas' Mount, Royapetah Moodelly, was afterwards, pointed out as the party concerned in the fraud. On being taken, and tried, before the Police, however, he was "acquitted and ordered to be released."

×One Head Sirdar with five Peons.

5. I was therefore induced to inform the Petitioners by endorsement under date the 10th Instant, that "the smugglers not having been seized, they were not "according to the usual practice" entitled to any reward.

6. Petitioner No. 68 of 1844. is returned herewith.

Madras, 15th January, 1844. } / Signed / J. a Huddleston Collector

Ordered

(62-63) Order thereon. Ordered to be sent again in Circulation.

(64) From the Asst. Secy. to the Military Board. Read Memorandum requesting to be informed whether it is necessary that the full demand for Penknives indented for by the Principal Collector of Canara for the Current year should be sanctioned.

Ordered that the following letter be sent in consequence.

(64-65) To the Principal Collector of

To the Pl. Collector of Canara

Sir,

With reference to your Indent for Stationery for the Current Year 1844, I am directed by the Board of Revenue to observe that the number of Penknives indented for appears disproportionate to the strength of your Office Establishment, and to request that you will explain the necessity for such a large demand and whether a reduction can conveniently be made.—

5

From the Chief Secretary to Government

Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Extra Sources of Revenue in the District of Bellary for fusly 1252-

Read the following Extract from the Proceedings of the Board of Revenue - Relative to the Settlement of the Extra Sources of Revenue in the District of Bellary for fusly 1252 - 1842/43

(Here enter 7th Dec 1843 No 618)-

Para 1. It is observed that the

Fusly 1252 Rs 89,6227 Demand was an increase over that of the
" 1251 " 89,2775 preceding year by 3,452 Rupees and was
3452 collected upon the 27th September with
the exception of 548 Rupees, a result in
the

the opinion of the Government creditable to the local Management-

2 The gross amount realized during the fusly swelled by large Collections of arrears was 9,25,008 Rupees from which deducting

× Fusly 1251 Rs 27,393
1252 " 27,310
83

× Charges a net revenue accrued of 8,97,698 Rupees-

3 The Government in the absence of more detailed information cannot decide on the questions raised regarding "Earth Salt" and "Manabab"-

4 Not only is the manufacture of the former strictly prohibited by the Regulation quoted by the Board, but such process has also been visited with punishment- As these seeming inconsistencies should not exist and a definite decision be arrived at upon them, the Board will furnish the Government with the result of their enquiries at an early date- The Manufacture however has long existed in this District- Mr. Chaplain 1st May 1813 reports the revenue derived from it to be S. P. 3,639-6-7 and states that the Board had directed its "general abolition" that he had "of late discouraged

P. 60-

× Rs 12,737

discouraged it" and he would appear from his other remarks to argue its speedy extinction-

5 To the instructions of the Board on the latter subject the Collector will be pleased attentively to adhere-

6 Such taxes are occasionally continued under the apparently unfit designations of former times and the individuals liable to them thus escape a demand, to which in another shape, they would be justly subject- Mr. Chaplain's opinion leans to the continuance of these taxes (P. 64 above Report) as being "according to local Custom and" Collected with much facility-

7 Sanction is given for the writing off of Rupees 100-14-3 one hundred Annas fourteen and Pice three, shewn to be irrecoverable of the old arrears-

In the accounts now before the Board appears an entry of C2-4 (being nearly the same extent as in the previous season) as land free from tax, as Cultivated with vegetables - In explanation Mr. Porter states that in two Villages of the Padanah estate a tax of 1 Rupee, and in the Village of Kytapully two Rupees per Goontah has been customarily charged on land planted with the Chillagudda or Country sweet potatoe - but the Cultivation of other Vegetables Pumpkins - Gogoolos &c. for the consumption of the Ryots or to feed their Cattle, has usually been carried on free of tax in the Mootahs and Villages Composing the Government estates and he recommends that this exemption should be permitted to

continue

Fort St George 29th January 1844

continue - all such Cultivation in the backyards or enclosures attached to the houses of the Ryots should on no account be subject to interference but the Board fear that they cannot extend the indulgence beyond this limit - The concession in this instance on the part of the former proprietors was doubtless more than counter balanced by the exaction of other irregular imposts which since the resumption of the Mootahs have been abolished - Village, such as that under consideration, is usually held to be a fair subject for moderate taxation in other Districts - it cannot be carried on without the assistance of water, derived, it may be presumed, in most cases from a Government source of irrigation: while one of the productions in question, the Gogoolas, is it seems used not only as an esculent, but forms the material of a species of coarse Manufacture, under these circumstances the Board request

1892

Fort St George 29th January 1844

request that all land employed for raising the Bringal, Pumpkins Goyavloo and other Vegetables may be assessed at the usual Teerwah payable on the ground &c. appropriated from the commencement of the ensuing Fusly 1254-
A.D. 1844/45

4 Both of the Mootahs (Padamah and Padapatam) and all the Villages under report except Kytapully, exhibit an increase in the out turn of every description of Cultivation, whether wet or dry, whether held on money rent, or division of the produce. In Kytapully only the harvest of the dry crops has from heavy falls of rain and freshes in the Kistna been less favorable than that of Fusly 1250-
A.D. 1840/41
but this partial failure is more than compensated by the success of the wet cultivation. It has been before shewn (Para 1) that the settlement exceeded that of the previous fusly by above 7,000 Rupees and the Collector states that the result would have been still more

Report
P 8-9-10

Note-
The Board remark that the Poonjah Cuttn in the estates under management on behalf of minors has suffered from the same cause-

50-3-11-16-

5 In reference to Para 4 of the Board's Proceedings of 17th November 1842 the Collector in Paras 11 and 12 of his Report submits that the great difference observable between the average produce per Cutty in those Lands settled on division of the produce, in the years Fusly 1249 50 is as much to be ascribed to the nature of the soil and season as to fraud, to which the Board had mainly imputed it- this table given in Para 12 while it exhibits great general fluctuations, shews that the average of
A.D. 1839/40-40/41

1248-4-4-35
1250-3-11-12

1250/1840/41 did not fall considerably below that of Fusly 1248- It should however be remarked
A.D. 1838/39
that in this tabular statement is represented the joint average of both Dry and wet grains- whereas the fraudulent- Proceedings

to

1854 Fort St George 29th January 1854.

To the Chief Secretary to Government

Sir

I have the honor to submit for the information of Government the accompanying Statement of the Land Revenue collected in the Fusly year 1254 corresponding with the year 1844-45 in the Peddanaidupetah Talook in the Zillah of Nellore.

2. The Talook is divided into 5 Hobleys, each of which is under the charge of a Tahsildar, who is assisted by a Shanbogue and Curnum in each village. The Tahsildars are responsible for the collection of the Revenue, and the Shanbogues and Curnums keep the Accounts of the Ryots, and assist the Tahsildars in the collection of the Revenue.

3. The Talook contains 96 villages, of which 12 are Shrotriums, and 84 are Ryotwar villages. The Shrotriums are held by Brahmins, and the Ryotwar villages are cultivated by Ryots, who pay the Government Assessment on the Lands which they cultivate.

4. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

5. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

6. The Ryots generally cultivate their Lands themselves, and do not let them out to Tenants. They are in the habit of borrowing Money from the Sowcars, when they require it for the purchase of Bullocks, Seed, or for the support of their families, and they pay the Interest on the Money borrowed at the rate of 12 per cent per annum. The Principal is generally repaid at the end of the year, when the Crops are reaped and sold.

7. The Ryots are in the habit of borrowing Money from the Sowcars, when they require it for the purchase of Bullocks, Seed, or for the support of their families, and they pay the Interest on the Money borrowed at the rate of 12 per cent per annum. The Principal is generally repaid at the end of the year, when the Crops are reaped and sold.

8. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

9. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

10. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

11. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

12. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

13. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

14. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

15. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

16. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

17. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

18. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

19. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

20. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

21. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

22. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

23. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

24. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

Fusly 1254 with Land producing

Fusly 1254

Fort St George 29th January 1854.

To the Chief Secretary to Government

Sir

I have the honor to submit for the information of Government the accompanying Statement of the Land Revenue collected in the Fusly year 1254 corresponding with the year 1844-45 in the Peddanaidupetah Talook in the Zillah of Nellore.

2. The Talook is divided into 5 Hobleys, each of which is under the charge of a Tahsildar, who is assisted by a Shanbogue and Curnum in each village. The Tahsildars are responsible for the collection of the Revenue, and the Shanbogues and Curnums keep the Accounts of the Ryots, and assist the Tahsildars in the collection of the Revenue.

3. The Talook contains 96 villages, of which 12 are Shrotriums, and 84 are Ryotwar villages. The Shrotriums are held by Brahmins, and the Ryotwar villages are cultivated by Ryots, who pay the Government Assessment on the Lands which they cultivate.

4. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

5. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

6. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

7. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

8. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

9. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. The Pottahs are granted for one year only, and the Ryots are at liberty to throw up the Lands at the end of the year, if they do not wish to cultivate them any longer. The Pottahs are granted for one year only, in order that the Ryots may not be subjected to any increase of Assessment, which may be imposed on the Lands after the Survey and Settlement of the Talook shall have been completed.

10. The Ryots are entirely free from Zemindarry influence, and the Revenue is collected from them by the Tahsildars, who are responsible for the amount of the Assessment on the Lands in their Hobleys.

11. The Ryots are in the habit of applying to the Tahsildars for Lands which they wish to cultivate, and the Tahsildars grant them Pottahs for the Lands applied for, on the Ryots executing Cowles for the Assessment. To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

(14)

From A. Mellor Esqre Collr of Bellary.

Transmitting a Statement of monthly expenses of replacing by temporary Establishmentsof armed Peons Military Guards now employed for Revenue purposes that can be dispensed with.

Sir,

Para 1. I have the honor to acknowledge the receipt of your Circular letter dated 2nd Instant, giving cover to an Extract from the Minutes of of Consultation under date the 28th December 1843, on the subject of replacing by temporary Establishments of armed Peons all Militiary Guards now employed for Revenue purposes that can be dispensed with, without risk to the Treasuries or to the tranquility of the ex- District.—

2. With the exception of the Treasury at the Hoozoor there are no Military Guards Employed in this District for Revenue pur- -poses— There is a Detachment at Gooty as Guard over the State Prisoners confined

there

Fort St. George 29th January 1844.

there and there are other Guards at other Places for Police purposes.-

3. The Treasury Guard I am of opinion had better not be removed, as the Treasury is in a most unprotected state- a Plan for its repair has already been submitted by Captain Atkinson as it may save time I will state the number of Peons that would be required were these Guards in the Magistrate and Political Department withdrawn.

4. The Guards over the Treasury, the Exs Nabob Moozfur Khan Pedda Juggiah Vca being at Bellary itself are probably not of the nature alluded to. they are however as follows.-

5. In three places in this District state Prisoners are confined for whose safe custody detachments of Military Guards are furnished.-

37. State Prisoners---- In the Hill Fort at Goaty.-
1. Nabob Moozfurkhan of Kurnool- In the Citadel at Bellary.
1. Pedda Juggiah of Palaconda Vfamily- In the Bruepett at Do.

39.

6. Twelve of the above mentioned state Prisoners at Goaty are to be released in next Month there will then remain 25 Prisoners. for

Fort St. George 29th January 1844.

whose Custody (and others who may arrive) I would recommend 24 Armed Peons and 2 Duffadars under the superintendence of a Surcheshum or Sirdar, as any strength short of the above will not answer the purpose- To watch Moozfurkhan on the Citadel of Bellary whose state of mind habit Vca were brought to the notice of Government in a letter from this Office dated 11th October 1842. Six Peons will be sufficient, and a similar strength to form a Guard on Pedda Juggiah- the latter mentioned 12 Peons being superintended by one Duffadar- This armed Temporary Establishment shall be placed under the Controul and responsibility of the respective Head of Police at each place.-

7. Pedda Juggiah is a female now confined in a House in the Bruepett in the very heart of the Town, situated as she is I have no reason to apprehend any mischief on her part by the proposed change of Guard.-

8. I beg leave to enclose a Statement of the Monthly expenses of the proposed establishment amounting to Company's Rupees 182.-

Bellary Collector's Office,
17th January 1844.

1907

Fort St. George 29th January 1844.

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.-

Sir,

From S. Scott Esqre Agent to the Govt. of Fort St. George at Kurnool. / the 22nd Instant

In answer to your Circular letter of regarding the employment of Military Guards for Revenue purposes, I have the honor to forward Copy of a Memorandum received from the Adjutant of the 29th Regiment by which it will be seen that there are only two Military Guards furnished for the above mentioned purposes.-

Considering the recent assumption of Kurnool and that it is situated on the frontier of the Nizams dominions. I am of opinion that it would be inexpedient to replace these Guards by Armed Peons, for though the population of Kurnool is at present as quiet and orderly as any town in the Presidency, the withdrawal of the Military Guard, which every where carries with it a weight that no Civil force can ever acquire, might possibly lead to unpleasant consequences.-

Kurnool Territory. Camp at Seerwil. 18th January 1844.

/ Signed / S. Scott
Agent to the Govt. of

Price Collectors Cutcherry

24th January 1844

E. E. Stokes Collector

Ordered

Fort St. George 29th January 1844.

Endorsement on those Petitions it is mentioned that the Petitioner obtained his restoration to the Maniem of the Villages of Ramapooram and Valangum by Petitioning Mr. Bourdillon when in charge of the District. He at the same time Petitioned Mr. Bourdillon regarding the distribution of water in the Ramapooram Village and obtained an order from him which he complains that the Collector and Acting Collector have severally neglected to enforce. He also complains that the Ryots will not assist in keeping clear the river channel of the said Village."

2. With regard to the last point Mr. Babington admits the correctness of Petitioner's Statement and states that the Villagers being disgusted with the Petitioners reappointment as their Monigar, by way of shewing their discontent have refused to assist in keeping the river Channel open and have allowed the lands under it to lay waste. The Acting Collector adds "there is no remedy for this. The Ryots of the Cavery pank. &c &c

Talook

Fort St. George 29th January 1844.

Talook are not well affected and will obey no orders which the Collector has not the legal means of enforcing, and he has no power to compel them to clear Channels and cultivate lands." The Petitioner's claim to a fifth share of the Channel water is also undisputed, the only doubt being as to time. The Petitioner claiming 12 hours out of every 60, the Villagers alleging that he is only entitled by the Mamool to 30 hours out of every 150. The "water Namah" does not decide the disputed point, and the Villagers being all interested parties, on their evidence is admitted to be good for nothing. Under these circumstances Mr. Bourdillon considering the claim of Petitioner a fair one, ordered the water to be distributed accordingly. The Villagers refused obedience, and on the circumstance being reported to the Collector Mr. Goldingham, that Gentleman on the 20th April 1842 suspended Mr. Bourdillon's order pending further enquiry, which however was never made, and which if it had been made, Mr. Babington is of opinion, could

could not have led to any satisfactory result. Mr. Babington adds "the interests of the other Villagers are opposed to the interests of the Petitioner, and as it is impossible to ascertain whether their statements as to the Custom of the Village are true or false it appears to the acting Collector that they being the majority must be allowed to have their way."

3. Before adverting to the several points discussed in the endorsement of the acting Collector the Board would remark that in the Petitioners complaint of 15th September 1812 which was forwarded to the Collector of North Arcot on the 29th of the same month he represented that Mr. Bourdillon on reinstating him in his Putta Monigarship, had directed that the produce of his maniem lands which had been held in deposit during his suspension, should be made over to him - that this order had not been complied with, and he therefore requested that it might be carried out and the grain given him accordingly. The endorsement does

does not notice this part of the Petitioners statement - the Board therefore would wish to be informed whether it be correct, and if so under what circumstances Mr. Bourdillons order, which in this instance, might it would seem have been at once enforced, has been permitted to remain in abeyance.

4. With regard to the distribution of the water to the Petitioners lands, the Board do not distinctly gather from the papers before them what was the nature of the inquiry which preceded the order given by the Sub Collector in charge on this subject. If the claims of the Petitioner were duly submitted to the Judgment of a Punchayet convened under the provisions of Regulations XII of 1816 and V of 1822, and the Takeed of the Sub Collector was in furtherance of the decree of such tribunal, the order being in consonance with the provisions of Section X Regulation XII 1816 should have been at once enforced and the Board direct that it be now carried into effect.

If

Fort St. George 29th January 1841

If on the other hand recourse was not had to a Punchayet on the occasion above referred to the Board are of opinion, that it may now be resorted to with advantage, and they therefore request that Mr. Babington will instruct the Petitioner to prefer a plaint such as is described in Clause III Section IX Regulation XII 1816, that he will then summon the opposite party, and should they contest the justice of the demand made by Petitioner exert his influence to obtain a settlement of the dispute thro' the instrumentality of a Village or district Punchayet to whose decision he will proceed at once to give effect. If neither party will acquiesce in this mode of proceeding, the Petitioner must be left to seek his remedy in a Court of Law, but until all available means have been tried the Board are not prepared to concur in the view taken of the case by the acting Collector, nor to admit that because it is difficult to ascertain the real Custom of

Fort St. George 29th January 1841

of the Village - and because the party opposed to the Petitioner are the more numerous, they must therefore be allowed to have their own way -

5

With regard to the cleaning of the Channel referred to in the Endorsement, and the cultivation of the lands under - neath it, it is certain, as stated by the acting Collector, that he cannot compel their late holders to continue to cultivate them - But if from feelings of "disgust" towards the individual whose in due regard to hereditary right, and after full investigation the Officer in charge of the District has placed at the head

Fort St. George 29th January 1844.

head of the Village, the Ryots of Ramapooram think fit to abandon their lands or any portion of them, it is clearly competent to the Collector and it is indeed his duty to get them Cultivated by others: The Board direct that the Acting Collector will intimate this to the parties concerned, and should they continue refractory will use his best exertions to give due effect to the measure above indicated.—

(24-25)

Order thereon, Ordered that a Copy of the foregoing Proceedings be transmitted for the information and guidance of the Acting Collector of North Arcot.—

Resolution thereon,
(28-29)

Mr. Lockhart appears to have overlooked the Board's Endorsement on the 16th November last on the above petition, which should be now returned to the petitioner.

To.

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St George

(30)

Sir,

From the Asst Pl. Collr of Salem.

Forwarding Copy of a letter from the Head Asst Collr of Salem reporting upon the investigation held by him in certain charges brought against the acting Tahsildar of Raizepoor and expressing an opinion that he is unworthy of being employed in future.

I have the honor to forward Copy of a letter from my Head Assistant reporting on several charges brought against Vencatasiah the late Acting Tahsildar of Raizepoor, and the original proceedings shall be sent if required.

2. The first complaint was brought before me by a Curnum of Yelampully Village, and as I heard rumours from various quarters of the misconduct of the Tahsildar, I requested Mr. Hamilton to proceed to the Talook, to investigate that, as also many other charges preferred against him.

3. On proceeding to Raizepoor, Mr. Hamilton reported, that by means of threats and bullying, the Tahseldar was using all his influence to suppress the evidence, which, from the authority of his situation, he was in a great measure enabled to effect. I therefore suspended Vencatasiah from his Office, as already reported to the Board.

4. The search of his house was made with

Fort St. George 29th January 1844

with my sanction on information taken on oath, and numerous public documents were discovered as enumerated in the list which accompanies the proceedings and I am confident the Board will concur with Mr. Hamilton's remarks on that subject—

5— With regard to the charge of the Tahsildar receiving 5 per Cent on the total of Beriz on every Village thro' the Curnums and Monigars, I have no doubt it has been exacted to a great extent, as it is so publicly talked of throughout the Talook, but it is not easy of proof being collected by the Village Officers in trifling sums, from — many ryots—

6. A Goomastah has been deputed from my Cutcherry to measure the lands said to have been concealed from the public accounts as alluded to in the 5th Para of Mr. Hamilton's report, the lands which have been already measured are in excess considerably of the extent included in the Junmahbundy, but the Goomastah is still engaged in it—

7. The various charges of bribery, as in all accusations of that nature, cannot be proved by direct evidences, but I think taken in

Fort St. George 29th January 1844.

in connexion with the cases of malversation which are proved, there is strong presumptive and circumstantial evidence of his guilt.—

8 In his police capacity the various charges appear clearly proved against him, and in a letter to the Judges of the Sudder Adalut on the Subject, I have expressed my opinion, that he is unworthy of being employed in future, and accordingly I fully concur in Mr. Hamilton's opinion, in the concluding Para of his report—

Salem Zillah,
Durampoory,
Pt. Coll. Cutcherry,
26th December 1843.

(Signed) W. E. Lockhart
Act. Prin. Collector.

To W. E. Lockhart Esqre
Acting Principal Collector of Salem

Sir,

I have the honor of forwarding to you the papers containing the examinations I have been conducting of the several charges against the late Acting Tahsildar of Raitzepoor.

The first cases I investigated were the complaints against him made before you by the Curnum of Yellumpully. During that period several much more heavy charges of mismanagement in his capacity of head of Police were brought to my notice which I have also examined into and the greater

number

number of which appear to me proved beyond a doubt.-

Information was also given to me that the Tahsildar had in his possession many public documents relating to revenue and police matters which he kept by him to serve his own purposes- I accordingly on the day on which the order for his suspension arrived Sealed up all the papers which he had along with him at the time, and also went to his house in Ratzepoor in which I found many public papers as had been reported to me-

A list of these papers is sent along with them, and it appears to me that inde= =pendent of every other consideration, nothing can exonerate the Tahsildar from great blame in Keeping public papers, many of them relating to matters that ought long ago to have been disposed of in his own private pos= =session- When taken Separately there is every reason to suppose that many of these documents were suppressed and laid aside from his own private motives-

Of these several have been Selected for enquiring into and they are enclosed with the

the papers attached to them.-

The charges of misconduct in his revenue capacity are as follows.-

1. Generally that Since the Tahsildar came to the Talook of Ratzepoor he had ordered a number of Curnums and Monigars throughout his Talook to pay him annually 5 per Cent on the Circar bareij of their respective Villages- and on their failure or refusing to do so he oppressed them in various ways- This of course could not be examined into without a Specific complaint from some one and therefore I issued a Circular that if any one had a complaint of the Kind to make he Should do So without delay.-

With one exception no Such complaint has hitherto been made.-

2. That among others he (the Curnum of Yellumpully) was ordered to pay that 5 per Cent and in the Fusly of 1252 gave the Tahsildar 50 Rupees on that account- In this case one witness only gave evidence, to his having Seen the money given to the Tahsildar, the other denies all Knowledge of the transaction, and therefore the case is not proved-

3- Also in the present Fusly 1253 he had paid

Fort St. George 29th January 1844.

paid 35 Rupees on the same account. The witnesses he produced to prove this disagree in their Statements and that so materially as to destroy the evidence. But as the point where they do disagree is regarding the time and place that the money to be given to the Tahsildar was received by the Curnum, who in his evidence States that he borrowed it for that purpose. I conceive that the cause of that disagreement is, that the Curnum had in reality exacted the money from the Ryots for the purpose of giving it to the Tahsildar but that afraid to own so, he Stated falsely that he got it as a loan.

2ndly That the Tahsildar quarrelled with him for not having given him the required Amount as before and therefore that he on another account by writing a false State-ment to the Collector got him fined 10 Rupees the circumstances of which were as follows,

A Ryot of the name of Curmandra Gowden who held Some Cowle land died in the month of January, but the Tahsildar wrote an Arzee to the Collector Stating that the man had in reality died in the August previous and that the Curnum had deceitfully concealed the circumstance. To this Statement in writing the

Fort St. George 29th January 1844.

the Tahsildar made him Sign his name e- without his Knowing that Such was the purport of it.-

To prove this case he named as witnesses, the wife of the deceased, several inhabitants of the village where he had died as well as the Munnay-Goomastah to whom he paid his Kists for October, November and December in fusly 1252. These people all agree in their State-ments as to the time of his death being in January and also Some other inhabitants of the Same Village whom I examined, and to which I went for the purpose of getting additional witnesses having heard that the Tahsildar had intimidated those I had Summoned.-

From all these evidences I cannot have any doubt that the Ryot died in January and consequently that the Curnum was unjustly fined through the false-Statement of the Tahsildar. I must mention however that Some days after he produced a letter from the Tahsildar of the Shenkargerry Stating in answer to one he had written to him, that the

the

the Ryot had died in august and a maza to that effect had been taken from the inhabitants of a village in this Taloq where this Ryot held lands which was sent to the Sub Collector's Office. This I sent for and it proved to be the case But I cannot place any weight on the evidence of the inhabitants of another Village where so many of those in the one where the man lived before and in which he died state so directly the contrary.

4. That the Tahsildar and nine others of his Cutcherry by his orders are in the habit of writing depositions contrary to Statements given and taking the Signature of the deponents to these false depositions. This charge is not proved by any evidence I have lately got, but a case I send along with this number and for which I had reason before to fine the Tahsildar, will I think tend to show that the charge is not altogether unfounded.

5. That certain lands held by one Coopai the Tahsildar has been frequently ordered to measure and has never done so because

because she is wealthy and has by bribery bought him off from doing so. To this the Tahsildar gave as his reason for never having measured the lands that several times when he had gone there for that purpose there was always some hendrance in the way. The lands part of which I have since had measured are in excess considerably of the amount entered in the Jumnahbundy accounts particularly in the poonjah lands. The Goomas= =tah Sent me by you is at present engaged in completing the measurement.

2nd Qly. That Some grass lands which was in the name of one Viapoory Gowden Son of the aforesaid Coopia and for cultivating which a durKast had been made by another ryot was unattended to by the Tahsildar and finally refused by him.

The Tahsildar denies that such a durKast was made to him but the evidence Seems fully to prove the case.

6. That in the village of Karputty Pal= =mara Topo which had not produced till 1251 Fasly was through enmity to the Curnum reported by the Tahsildar to have been in bearing before that year and a deposition taken from the Curnum of the Village to that effect to which either by force or through deceit he got his Signature affixed and sent it to the Collector by which the Curnum was fined 20 Rupees. The Curnum

in

in his deposition states that there was no force used on the Tahsildar but that on being asked to place his signature he did so although now he denies the truth of what was written there is therefore nothing to prove this.

7. That one Permah Goundan Manygar of the Village of Veerabandy hearing that the Tahsildar was trying to get his dismissal in order to place in the situation a half brother of his son of Coopia gave a bribe of 50 Rupees to be allowed to remain in the Office. This case being connected with the 2d charge in which all the evidence to be had was given I did not examine it separately. As the latter was not clearly proved so also this case falls with it, but I must say that the impression made upon me by the whole was that the charge was true.--

8 Regarding the delivery over to the Dur=macartar of all things appertaining to the Pagoda of Ullanoorummen the Tahsildar had not done so until bribed by the aforesaid Darmacartar to give them up. There is no evidence produced to prove this.

9 One Lutchma Naick Manygar of the village of Pulla Nullor complained to me that he had given a bribe to the Tahsildar

of 50 Rupees to get for himself from the Goomastah appointed thereto the whole duties of the Village of which he was Manygar. But afterwards the aforesaid Goomastah having bribed higher than him he was again reduced and his money never restored.--

That the bribe was given is stated by the two witnesses present at the time the Tahsildar received it, as well as by the person from whom the money was borrowed and in addition to strengthen the evidence the complainant has produced a document in the Tahsildar's hand writing and with his signature affixed to the purport that he was for the future to do all the duties of Moniagar, and this was given while another person by order of the Collector was in the situation.--

The Tahsildar asserts as his reason for giving such authority, that the Goomastah was not doing the duty properly and therefore that for the time only he ordered the former Monyagar to Superin=tend it. Such a document coupled with the other evidence seems to me conclusive.--

Mailp

10. Maila Gounden a Ryot in the Village of Sheddapoliem complained to me that he gave the Tahsildar a bribe of 100 Rupees to obtain for him the situation of Monyagar of that Village. The witnesses who state that they were present at the time that the money was delivered to the Tahsildar so far disagree as to throw some doubt over their Statements. but the evidence of other witnesses tends on the other hand to reestablish the fact.

The person who lent the Money to the complainant States distinctly his having done so about that time; and also when the Tahsildar disappointed the expectations of the complainant and retained the money without getting the situation be desired, he was heard by two other witnesses to ask the Tahsildar to restore it who said he could not at that time but promised to do so at a future period.

Though the case is not satisfactorily proved from the Statements of the two first witnesses being at variance, yet it appears to me that there were good grounds for the complaint.

Curnum

11 Curnum of Vaniembady complains that the Tahsildar unjustly and through that enmity to him, by false misrepresentations to the Collector obliged him to pay tarwah for a piece of Punja ground belonging to him when the tax upon all the land round his, as well as an adjoining piece of his own was remitted on account of there being insufficient water in the tank for cultivation. I went to the Spot and found the case to be as the Curnum had Stated it and that there could have been no just grounds for making his land an exception to all the others round. I desired the present acting Tahsildar to enquire further into the case and his examinations are enclosed.

2nd Ditto That a Small Tank which he had constructed 7 or 8 years ago and to which hitherto no objection had been raised was ordered to be destroyed by the Collector through the representations of the Tahsildar that it retained a portion of water which ought to flow to the Vaniembady Tanks below and therefore unlawfully made there, and to which effect a

Period

period Signed by 20 Ryots was sent along with his report. To this Spot I also went and although it is true that the supply of water stopped by the Tank in question would ultimately flow to the vaniembady Tank, yet the quantity of water is so small and the Tank so completely out of the real line of supply of the lower tank, that I cannot suppose any differences could be made by the stoppage of compairatively so small a quantity of water. This case the present acting Tahsildar also enquired further into and it appears that of the people whose names appeared in the Period, part of them deny that they ever Signed such a document, and part state that they did so only by the desire of the late Tahsildar. I should therefore think that no objection can be raised to the Tank in question and that it should be allowed to remain there.-

The following are the cases of misconduct in his Police capacity which I have enquired into.-

Among the papers found in the Tahsildar's house was a complaint which had been made to him of a theft that took

took place four years ago and which the Village Moonsiff had enquired into and proved, but afterwards released the prisoners without reporting the case to the Tahsildar having been bribed by him (the prisoner) to do so.-

This information the Tahsildar had taken no notice of and the reason he gave in his deposition for not having done so was that he doubted the truth of the complaint. The case as contained in the complaint to the Tahsildar is proved. The question therefore remains why was it never examined by him.-

2ndly In the same complaint that the Moonsiff had taken a bribe of 2 Rupees. This does not appear well established.-

3d. Another theft in which the Moonsiff again released the prisoners for a bribe received, not proved clearly.-

2 A complaint made to the Tahsildar of a theft that took place in the house of one Chetty Gounden of Uttanoor was also found in his house with the other documents, and had been given to him about a year and half ago, and never enquired into. I referred the case to the present

present Acting Tahsildar who has examined into the original complaint and the theft is proved. The Tahsildar in his deposition gives the same reason as before, for never having enquired into the case, namely that he doubted the truth of it. and that the Moonsiffs had never reported the circumstance to him. the latter excuse is absurd as the Moonsiffs would not be likely to report a case wherein severe blame would attach to himself.

3 It appeared from the daily diary kept by order of the Tahsildar, that in a police case which came before me 17 people were kept by the Tahsildar for 21 days under guard in the Cutcherry namely, from the 3d of June till the 24th of that month. The examination of these people was closed by the Sheristadar on the 6th and from that date they were 17 days without any cause in confinement. The evidence of all these people is confirmed by the date of the Security list when they were released, which was found along with the other papers in the Tahsildars house.

This

4. This circumstance was brought to my notice also by the dates in the daily diary differing widely from those in the Tahsildar's report which he sent along with the case to the Court. That of the arrival of the prisoners in Raitzepoor being in the former July 23d where as in the latter it is July 31st attention in the first instance was particularly drawn to it from the length of time the prisoners were kept in confinement before their depositions were taken. The date entered in the daily diary is confirmed by the report sent from the Moonsiff of Toppumpatty along with the prisoners in which the date they were despatched is written and which coincides with that in the para list. This was found among the duftors in the Talook Cutcherry and on being Shewn to the Moonsiff is acknowledged by him to be the report he sent.

5. From the daily diary also this case was first observed. Two persons were kept upwards of a month in confinement at the latter part of which period (the 30th November) their case was enquired into. The Tahsildar in his report stated that

that they were only 5 days. This report is sent as also Copy of an arzee addressed by him to the Sub Collector on the subject on which he again affirms the same and that the report was correct. From the date of the Summons sent by the Tahsildar the para list and the Moolkediary, all of which accompany the depositions, the case independant of witnesses appears proved But the persons kept in confinement also both depose so distinctly to the facts that no doubt can remain.-

6. In the police diary it appeared that a woman by name Peily had been reported to the Tahsildar to have died from the effects of bad usage by her husband but that from the evidence of certain persons who were Summoned on that account it was found that she had died from Cholera. Had such a report been made to the Tahsildar it appeared to me obviously his duty to have gone personally to the Spot and enquired into the case himself; and therefore I examined further into the particulars of it. In doing so I found among

among the duftars in the Talook Cutcherry the report on the subject from the Village Moonsiff Stating that according to the Tahsildar's order he had enquired into the case and found the report of the woman's death having been caused by ill treatment and taking poison inconsequence unfounded. On Summoning the people and investigating the circumstances two witnesses gave evidence to the fact of the woman having poisoned herself from bad usage by her husband. But of those one only deposed to having seen the body the other said that he being a pariah could not go near but heard the people round the body saying that the woman had been ill treated. On the whole I did not consider the evidence Sufficient to convict the man and therefore having made him find a Security in two hundred Rupees for a year I dismissed the case. From the deposition of the Tahsildar it appears that at the time the report was sent to him by the Carcoon he was only a Mile distant from the Spot, and taking that into consideration as well as that the defendant is a wealthy Ryot and that had an enquiry been entered into at the time the woman died there is little doubt that the charge of maltreatment would have been proved. I consider

Fort St. George 29th January 1844

consider that the Tahsildar must have required some private consideration to hush up the matter otherwise why should he have called several persons to Raizepoor to give a Mazernamah on the cause of the woman's death, had he not feared that suspicion attached to the circumstance, and he remarked the persons who signed the Mazernamah are all relations or connections of the woman's husband and evidently interested in keeping the matter quiet. Lastly taking the case in the mildest point of view, the Tahsildar was much to blame for not going immediately to the spot and conducting the enquiry himself, when such a report had been made to him.

I must conclude by expressing my opinion that from all I heard and saw while conducting this enquiry and from the numerous complaints made against the Tahsildar on all sides, should he not be deemed worthy of further punishment I believe it would be injustice to the people to replace him in the situation he held before, and most injurious to the proper conducting of the business of the Talook. Besides which I consider that in future no kind of confidence can be placed in him.

Fort St. George

(35)

Sir,

From the Agl. Collr. of South Arcot ... Para 1 / #No. 1697 of 1843 / #18th December 1843

In returning the enclosed Petition received with the Acting Sub Secretarys' #letter, I have the honor to state for the information of the Board, that the yeomiah therein mentioned was renewed in the Petitioners' name, he being the eldest son of his father the last incumbent, agreeably to the orders of Government conveyed in your predecessors' #letters. #14th July 1843.

2. Mr. Collector Hallett, on Petitioners' younger brother, and other Members of the families claiming a share of the yeomiah for their subsistence, proposed to Petitioner to give them a portion of the yeomiah, I believe with the expectation that the parties would arrange the matter amicably among themselves, to which proposal the family objected under an impression that the yeomiah was divisible.-

3. On a further Enquiry it appearing that the yeomiah in question, is of a Moshroty or service tenure, and a similar allowance having been invariably continued to the incumbent, on whom it is conferred, and who actually performs the

the service attached to it, I have thought it proper to follow the course hither to observed and accordingly issued orders for the payment of the amount of the yeomiah kept in deposit to the Petitioner, which he received from my Treasury on the 18th Instant. The Petitioner at the same time assuring me that he would maintain the family should they seek support from him:—

South Arcot—
Collector's Cutcherry,
Cuddalore ——
30th December 1843.

(Signed) W. D. Davis.
Acting Collector.

Order thereon.—

(35-36)

Ordered that the following Endorsement be passed on Petition No. 1697 of 1843.—

It appears from the Collector's report that he has given instructions for the Yeomiah to be paid to the Petitioner. No further orders are therefore necessary.—

Read the following letter.—

(39)

From the Collector of Tinnevelly —

Sir,

I have the honor to forward a Statement of claims set up by 5 of the Members of the family of the original yeomiadars Hajee Hussain to arrears of allowance for life which they have not drawn for a period exceeding 7 years and under the explanation therein given request you will be so good as to obtain the Sanction of Government for disbursing to the 5 claimants Rupees 33-8-5 per annum being the amount they are entitled to for life, as entered in the Register made by Mr. Cotton in 1819 from the commencement of the present fusly $\frac{1253}{A.D.\ 1843/44}$ they having forfeited their claim to arrears due from fusly 1246 to $\frac{1252}{1842/43}$ by failure to attend and claim within the prescribed period.—

Tinnevelly
26th December, 1843.

(Signed) E. B. Thomas
Collector.

Statement

Fort St. George 29th January 1844.

Of Yeomia Cedars whose allowances are in arrear from Fasly 1246 to 1252.

Date of authority	Period for which arrears are due.	Total amount of arrears due.	Explanation of the cause of suspension of payment.	Remarks of the Board of Revenue.	Order of Government.
		Rs. As. P.			
Renewed by From Fasly 1246			The Vakeel who used to receive the allowance for the 1st four female claimants who being Mahomedan Gosha women are prohibited, by the Custom of their Caste, from appearing abroad, having died in Fasly 1246 had no means to employ another Vakeel for them, till the 5th Claimant, who has been till lately absent at Madras, appeared (though long after the expiration of the prescribed time) for himself and the above mentioned 4 females, the arrears of allowance remained unpaid. The names of these 5 claimants, who are the surviving Members of the family of Moyee Rupain the original Incumbent, are entered in the Yeomiah Register made by Mr Colton in 1819 for life. The amount of Yeomiah enjoyed by the original Incumbent was Rupees 247-9-11 per annum, of which Rupees 208-9-11 have lapsed to Government by deaths of certain Members of the family & Rupees 38-15-1 per annum are due to the remaining 6 Members, 5 of whom have now claimed payment of the allowance of Rupees 33-8-5 per annum, and 1 is still absent at Madras.	From the Collr 26th Decr 1843 in Corr 29th Jany 1844.	Sanction is accordingly granted for the payment of the Yeomiahs from Fasly 1253. the arrears for the previous Seven years having been forfeited by the failure of the parties to apply for the same in due time.

the award given by the Head assistants of Coimbatore and Malabar in regard to the present actual occupancy of certain tracts of land claimed by the Colungode Numbide and ryots of Coimbatore respectively and stating that both parties must continue in the exercise of the particular privileges heretofore enjoyed by each until the exclusive right of either be established in the Court of Law.

Fort St. George 29th January 1844.

investigation of Messrs Cook and Oswell was simply the extent to which the land in dispute between the Rajah of Colungode and the inhabitants of the Coimbatore District is at present in the actual possession of the respective claimants. In the Memorandum drawn up by these gentlemen the shares in the occupation of the Numbide is limitted to the ground on which his Malsers or slaves are hutted and to a small portion of land cultivated by them to the East of the Mengary River. In his remarks on this decision Mr. Conolly observes that it appears from the award itself that from as far back as 1838 at least the Rajah has been in the habit of renting out the privilege of cutting timber in the Attiam* and Chunnanum* Puddies* and that this practice whether legitimate or not must be held conclusive on a question which respects the occupancy only and not the proprietary right to these Forest tracts. Mr. Conolly therefore states that he is unable to coincide in the conclusion at which the parties charged with the investigation of the subject have arrived.—

2. On reference to the Memorandum of Messrs Oswell and Cook the Board find it stated that "the petty renters only produce their leases

* Jungle tracts *

Fort St. George 29th January 1844.

leases (i.e. from the Numbidi) for the year 1840 but it appears probable from the depositions of the sayer Peons borne out by the Custom House accounts that this class had been in the habit of cutting timber to the east of the Mengary under agreements with the Rajah of Colungode from the year 1838 up to the seizure by the Coimbatore authorities. This practice on the part of the Numbidi of leasing out the Forest tracts at issue is subsequently viewed as having been with the connivance of the Talook and Village Authorities." "to have been entirely collusive" but the custom however it may have been introduced is admitted to have obtained for the last five years and must be deemed satisfactory evidence of the occupancy of the Rajah during that period and of the actual state of affairs when the disputes between him and the ryots of Coimbatore commenced. That the Nimbidi had at least partial possession of these Puddies is further rendered probable from the circumstance of his Malsers having long been hutted there as it is not to be supposed that he would have allowed them to remain in a confined spot in the centre of a forest tract whence he derived no benefit.

Grain

3. Again it is stated in the award under consideration that "It is likewise proved by evidence, and on record that the produce of the Jungle lands in question, together with the right of felling trees and of grazing Cattle has for years back been rented from the Coimbatore Circar". From this passage therefore jointly with that already quoted the Board are led to the opinion that for some time past both parties have been in the habit of appropriating the produce and ajisting the rights of ownership over the disputed territory - and that without entering on a discussion of the circumstances regular or irregular under which these usages may have originated, both the Numbide, and his opponents must continue in the exercise of the particular privileges heretofore enjoyed by each as exabove specified until the exclusive right of either party be established in a Court of Law - the Magistrates of the respective Districts being careful to prevent collision between them - With this modification the award of Messrs. Cook and Oswell is confirmed and the Board regard with exapprobation the attention which they have given to the subject submitted to their investigation.--

Ordered

Order thereon.--

Ordered that a Copy of the foregoing Proceedings be forwarded for the information and guidance of the Principal Collector of Coimbatore and the Collector of Malabar.

(41-42)

Read the following letter.--

To E. b Lovell Esquire
Acting Secretary to the
Board of Revenue,
Fort St. George

(43)

Sir.

From the Prin.l Coll.r of Canara — } Para 1

Submits his opinion on the expediency of permitting the conversion of ruined Betel Gardens into arable land or reduced rice land Berij in the Balaghaut Talook in reference to his report on the Settlement for 1252 & to the Boards proceedings of the 16th November 1843.--

Para 21 17th October 1843

With reference to the remarks in para 41 of my letter reporting on the Settlement of the District for fasly 1252 - and to the comments of the Board in their proceedings under date the 16th November last, I have the honor to submit the following observations on the subject therein referred to.--

2. The Cases which have led to the decay of a number of the Betel gardens in the Balaghaut, have been so frequently discussed in former letters to the Board, that I conceive it unnecessary here to enter at any length into the question - Several of these Gardens have no doubt been brought into their present condition by the failure of the usual sources of irrigation but one main Cause of the present distressed circumstances of many of the Brahmin

Brahmin Proprietors, and the consequent neglect of their Estates, is in my opinion to be traced to the improvident and expensive habits in which they indulged at a time when from the high price of all garden produce their profits were large. Afterwards when prices fell so considerably as will appear from the accompanying Statement,* instead of reducing their expenses they contracted debts and thus became involved in difficulties as from which they have never since been able to extricate themselves.—

*No. 1.

3. The decayed gardens, it is evident, are at present profitless to the owners and yield little or no Revenue to the state. It must be supposed that the Proprietors understand their own interest best and it appears to me that it would be contrary to saind principle for Government to prohibit them from converting their decayed Gardens into Rice lands, when they are desirous of so doing— By allowing such conversion, the lands would, in course of time, be restored to a profitable state, and in the same degree in which the Proprietors were benefited by the measure, the Government must also derive advantage. In their present state the Gardens are unsaleable, and the expense of restoring them would

would be so great that no one would undertake it without some unusual assistance from Government in the shape of Puccavi and a great reduction of the Beriz both of which measures would in my opinion be unadvisable. It is further to be observed, that the longer these Gardens are allowed to continue in their present state, the more difficult will it become to bring them into any profitable condition in consequence of the rapidity with which they are becoming overgrown with Jungle, as I have myself witnessed on my late visit to the Balaghaut.—

4. With respect to the suggestion of Mr. Lushington in his Report on the Settlement for fasly 1252 of fixing a moderate rice land assessment on the ruined gardens, expressly on the condition that the party offering for them, should restore the Gardens, I am of opinion, that such a measure would be objectionable, as it would be directly esta-blishing an inequality in the assessment of lands, naturally of the same quality though from accidental causes brought into a different condition and from the great advantages in which the gardens on the reduced Beriz would in course of time possess over those on

2nd October 1843 Para 23.

Fort St. George 29th January 1844.—

on the old assessment, there would be great reason to fear that the evil effect which Mr. Lushington elsewhere anticipates from allowing the conversion of Garden land into arable would be experienced in an infinitely greater degree if the decayed gardens were allowed to be restored on the terms he proposes. If it is thought desirable that the decayed Gardens should be restored, it would in my opinion be preferable that a Cowle on such terms as might appear necessary with reference to the condition of the respective gardens, should be granted for their restoration as is done in the case of reclaiming waste lands.—

5. The chief objection to allowing the conversion of the decayed gardens into arable land, appears to be that alluded to by Mr. Lushington in his Report* on the Settlement of the Balaghaut talooks for

* 7th October 1842 Para 18.

Fort St. George 29th January 1844.—

for fasly 1251, Viz. that the knowledge that a reduced beriz would be fixed on decayed Gardens when converted into Paddy land, might have a prejudicial effect in inducing the Proprietors whose means to bestow care upon their Estates have become lessened or whose gardens may have sustained some damage, to relax those exertions which a knowledge that they would still have to pay the higher rate of Beriz would induce them to make.—

6. It is possible that this might be the case in some instances, but as will be seen from the accompanying statement No. 2 the profits derived from gardens, is so infinitely greater than that from Rice lands, that where the former are in any tolerable state, or the means of irrigating them have not failed, it is scarcely to be supposed that a Proprietor would

Fort St. George 29th January 1844.—

would willingly cut down his Trees & bring his land under the plough at a loss to himself.—

It might be advisable perhaps to restrict the permission to bona fide proprietors of the decayed Gardens, as otherwise they would be likely to fall into the hands of the Potails and richer Hegades whose object as shown by Mr. Lushington in his letter of the 2nd October last, would be to grow rice for which through the influence they possess they have the means of obtaining a forced price and thus the increase to the Rice cultivation in the Balaghaut would be of little advantage to the poorer classes. Should the Board not disapprove of the principle of the measure, I do not anticipate there will be any difficulty in carrying out the details of it.— When the number of the decayed gardens to be converted into Rice land has been ascertained it will be necessary to have them surveyed and the assessment fixed according to their quality and the advantages for irrigation &c. which they possess.—
