Return of Tahsildars of the Collectorate of Madura & Dindi as they stood on the 1st May 1845.—

Names and places of Birth	Caste	Age	Talook	Amount of Collection	Pay	Length of Service as Tahsildar in the present Talook	Total Length of Service as Tahsildar within the Collectorate	Employment previous to appointment as a Tahsildar and Length of Service in such Employment.—		Total Length of Service	Remarks.—
Annajee Rao	Maratta Bramin	57	Madacolum	163175 9 2	120	From 3rd July 1838 to 30th April 1845 6 9 29	15	Head Goomasta in the assumed Zemindary of Ramnad from 1st November 1815 to 31st August 1821. 2nd in the Sub Collector's Cutcherry of Madura from 1st September 1821 to 5th April 1830.	4 9 25 8 7 5 13 5 1	28. 5 6.	His general character and habits were pretty correctly reported upon on the 1st May 1842. since that he has had — adversity increased labor and increased years to contend with. at that time his Character was too favored to be liable to change from Ordinary Causes. — He was subsequently dismissed by Mr. Commissioner Drury on the 14th January 1843 on such unsufficient grounds that he was restored by the Board after — 9 Months on the 17th October. The Board command a — precise attention to rules and variety of forms that it is impossible to fulfil particularly in Department of Public works and the Civil Engineer without taking any thought how such is to be given, or giving any aid to its execution strives to bring prominently forward any deviation but never takes any trouble to satisfy — himself if the Explanations are admissible generally — aggravating the offence by some slight expression of disbelief such as usual carelessness of level or height — usual excuse of want of water in tank &ca. This precision acts against the interest of Government for under the present rule not nearly so much work is executed as is required such is the terror of Tahsildar from the Engineer's recommending responsibility of works lying with them that he cannot Judge of from his unfrequent visits. — Since the Commencement of the Fusly the labor has been excessive in an examination of all the land marks little short of a revenue Survey by non professional man and man he had to contend with the excessive opposition as well from disinclination as from entire stolidity of Curnums which if dismissed must be succeeded by the heir probably more stupid and uninformed than his predecessor in the introduction of the Bellary form of Accounts of Settlement. —

Elliot. He is honest and deligent but vexations in his manner of doing business to the public Servants under him and to me in the vexatious length of his reports. He continues very unpopular but his faults are less striking in every way than in last year. To all the labors of the Madacolum Tahsildar is added in his Talook the very extensive injury done by the inundations of January and under the present system of Murammut scarcity repairable so extensive must be the emergent returns the Civil Engineer ought to be sent to the talook to report how and by what manner the difficulties can be met the servants are not sufficient for preparation of the emergent Accounts whilst in progress for the superintendence of the works themselves or for the payment nor have I yet been able to procure those Extra Maistrees without whom they cannot be undertaken —

To T. Pycroft Esqre.

Secretary to the Board of Revenue

Fort St. George

(40)

From the Collr. of Bellary — Stating that no final in=structions on his letter of the 2d. August 1844 have been received on the subject of Standard weights and measures of which he was furnished with a set and requesting to be informed whether the set to be considered as being superseded by the standard of 3200 Tolas to the Indian maund prescribed in the Board's letter of the 3d December 1844—

Sir

Para 1. I have the honor to apprize the Board on the 2d. August last of my being supplied by the Deputy Commissary of Ordnance at Bellary with a set of standard Weights and Measures as regulated by the Assay Committee, but have not as yet received the final instructions therein requested as to its adoption in the District under my charge.—

2. Before however submitting my report on Mr. Lovell's letter of the 5th December 1844 relative to the standard of 3200 Tolas to the Indian Maund therein prescribed, I should wish

wish to be informed whether I am to consider the Standard regulated by the Assay Committee and passed by Government as being superseded by that of the Indian Maund just above quoted (the Maund of the Committees standard weighing only 960 Tolas) in which case, the set supplied to me will have to be abandoned on being informed of the Board's sentiments I shall submit an Estimate of the probable cost of making new weights &ca. as required in the latter part of Mr. Lovell's letter, unless the same can be supplied from Madras.

(44)

From the Collr of Chinglepet. Submitting an address from Narniah Head Sheristadar

Sir,

Naraniah the Head Sheristadar of this District has requested me to submit to the Board the enclosed address. Having already in my report on the survey of this District stated my opinion of his services it does not appear requisite for me again to dwell on them. The period of his service as a Deputy undoubtedly has been unusually lengthened.

Chinglepet District
Collrs Circuit Cutcherry
Poonamalee 29th April 1845

(Signed) A. Freese
Collector

A

To The President and Members of the

Board of Revenue

Fort St George

The humble address of P. Naraniah

Head Sheristadar in the

Shewith, Zillah of Chinglepet

Para 1. That your addressor having on the 16th February last obtained under the sanction of your Board the appointment which he now holds considers it due to himself to bring to your Board's notice the comparatively small salary which [is] allowed to him and which the minimum of 280 Rupees per annum.

2. Your addressor has now completed an interrupted service of 25 years, latterly filled the situation of Naib Sheristadar in this District for more than 20 years. During that period your Board are aware that your addressor has rendered the most important service to Government in the different Departments of business and more particularly the Superintendence of the Survey of a large portion of the District, in consideration of which his immediate superior [illegible] and his predecessor have been pleased to recommend to your Board that the rank and pay of a Head Sheristadar may be conferred on him from the date of his having entered on the duties of the Survey Department 1st January 1836. This has not as yet been sanctioned, the Survey report being still under the consideration of Government but as your addressor has now in due course obtained

× Enclosure No 1. From the Collr to the Board 6th October 1834.

× Enclosures No 2 and 3 From the Collr to the Board 31st July 1839 5th February 1841.

obtained the Appointment of Head Sheristadar, he trusts he will be justified in claiming the benefit of retrospective rank leaving the payment of arrears for future decision. Calculating therefore from the date abovementioned to that of his late appointment, the period of your addressor's service in the rank of Head Sheristadar is 9 years and one Month, adding to which 3 years and 8 Months, being 1/3rd of his previous service of 11 years as Naib Sheristadar (according to the Rules relating to the allowances of Head Sheristadar) the total period of service as Head Sheristadar comes to 12 years and 9 Months, which entitles him to a salary of Rupees 437-8 per Month.

3. Independently of this view of the Case, your addressor would respectfully submit for your Board's consideration that one half of the period of his twenty years service as Naib Sheristadar before his appointment as Head Sheristadar would alone entitle him to the same rate of pay as is abovementioned, provided your Board be pleased to dispense in his case with the

necessity of waiting for the first five years after his appointment as Head Sheristadar such an indulgence towards one who has held the situation of a Naib Sheristadar an unusually long period and discharged the arduous and important duties appertaining to the Office of Head Sheristadar without any additional remuneration will not Your addressor, trusts, be considered as misplaced favour; more especially when it is remembered that the Sheristadars of the adjoining Districts of South and North Arcot are now in the receipt of Rupees pr Month altho' their total period of service does not exceed 27 years, and they had not served as Naib Sheristadars for more than four years. These individuals were employed on a much lower rank and pay in December 1824 when your addressor was first appointed as Naib Sheristadar, and it is therefore very humiliating to your addressor who held a higher rank for so long a period without any discredit, to receive a smaller salary at the hands of his Employers—

Your

Fusly	Rupees	
1234	944020	Before the Survey Settlement
1235	992028	
1236	931571	
1237	843237	
1238	882698	
1239	831760	
1240	818448	
1241	932763	
1242	965769	
1243	811515	
1244	840136	
1245	875352	
1246	918082	
1247	973180	
1248	903530	After the Survey Settlement
1249	1114172	
1250	1066936	
1251	1119182	
1252	998057	
1253	1085183	

Your addressor begs to refer your Board to the Statement inserted in the Margin of the Land Revenue of this District for the last 20 years, from which it will be observed that the actual result of the Survey settlement the greater portion of which was conducted by him under the orders of the Collector is a large increase above the Revenues of many years preceding the period of the introduction of that settlement throughout the District—

5. Your addressor further begs leave to point out what he has learnt to be a precedent to his Case— The late Head Sheristadar of Tanjore named Lutchmee Nursiah was allowed before the expiration of five Years after his appointment to draw the increased rate of Rupees 437—8 in consideration of his having previously served for a length of time as Tahsildar and Sub Collector's Sheristadar, and discharged the duties of the Survey Department, without any additional allowance— To

the claims of this individual, those of your addressor are equal if not superior, and he therefore trusts that your Board will condescend to take them into your favorable consideration, and be pleased to allow him the increased rate of Salary to which his past services entitle him

6. In the event of your Board seeing any objection to a compliance with this prayer which your addressor trusts will not be the Case, your addressor begs that your Board will at least permit him to draw in addition to his present Salary, the pay of 175 Rupees sanctioned for a Pymash Sheristadar in this District as the duties of that Department have yet to be Carried on, and this temporary allowance can be discontinued so soon as your addressor shall have obtained the increased rate of 525 Rupees after an actual service of 5 years as Head Sheristadar.—

For which Act of justice, your addressor as in duty bound— Shall Ever Pray

Poonamallee.—
28th April 1845 } (Signed) in Maratta

Extract

Extract from a letter to the Board of Revenue dated 6th October 1834—

Para 13. Having now accomplished the object which led me to address the Board on the 6th June last, regarding the balances outstanding against all alienated Villages in this District, I shall close the subject by performing the pleasing duty of bringing to the favorable notice of the Board the name of my Naib Sheristadar Naraniah because it has been mainly owing to his industry and abilities that I have in so short a time been able to bring to a termination the discussion of a subject which had been long pending antecedent to the commencement of those enquiries which, I now trust will lead to the final settlement of a large amount of Arrears, as well as to the prevention of any future recurrence of a similar loss of public Revenue—

(True Extract)
(Signed) A. Maclean
Collector

No. 2.

Extract from a letter from A. Maclean Esqre late Collector of Chingleput to the Board of Revenue dated 31th July 1839, reporting on the completion of the survey Field Assessment throughout the District.

Para 136. It remains to bring to the

particular notice of the Board and of Government the zealous and indefatigable labours of the meritorious Individual who has been associated with me during the last 8½ years in the performance of the duties now brought to a close – Previous to entering upon the undertaking I was well aware that the Naib Sheristadar Pedapenty Narraniah and bring to the consideration and practical introduction of the new mode of Settlement an energy of character, general intelligence and accurate knowledge of the principles upon which a Survey Field Assessment should be based, together with a long and perfect acquaintance with all parts of the District and the circumstances of the Inhabitants which no other Individual possessed, and this conviction induced me to select him as the Head of the Department. I have in no respect been disappointed, and although the judgment of the Board and Government have yet to be passed upon the manner in which our combined duties have been performed, this much I may now venture to say that more undivided attention and unremitting labour could not have been

bestowed

bestowed by any human being upon any subject, than has been given by Narriniah to the discharge of his difficult duties – My own debt of gratitude to him is heavy in the extreme, and it is matter of regret that it has not been in my power to promote his advancement, the more so as he has already filled his present situation since 1st December 1824 Completing a public service of 31 years during the whole of which period he has enjoyed the confidence and good opinion of all under whom he has served – Under these circumstances I cannot but feel most anxious to secure for him from the Board and Government some public mark of their approbation and I can suggest no way of doing so more appropriate than the conferring on him the retrospective rank and pay of a Head Sheristadar from the date of his assuming charge of the Survey Department Viz: 1st January 1836 –

(A true Extract)

late Collector

Extract

~~Fort St George~~ 15th May 1845

No 3

Extract from Mr Freese's Survey Report dated 5th February 1841.

Para 119. Mr Maclean in his final Report Para 136 brought to the notice of your Board the indefatigable and meritorious exertions of Pesupatty Naraniah the Naib Serishtadar of this Collectorate, who was placed by him at the head of the Survey Establishment and suggested the propriety of conferring on him the retrospective rank and pay of a Head Serishtadar from the 1st of January 1836 — Having now brought the Survey operations to a close, I cannot but put on record how fully I concur in the opinions expressed by Mr Maclean in regard to that individual through whose labours patience and unwearying exertions it is but justice to say is mainly due the difficult task of revising in a manner which I trust may prove satisfactory and without creating discontent to those upon whom it must most heavily bear, a settlement originally fixed on too low a basis and acted upon for so many years — I trust therefore I shall not be considered as stepping beyond my legitimate limits in here expressing a trust that the Government will not only comply with Mr Maclean's suggestion but will extend it until his promotion. Naraniah has filled the Office of Deputy Serishtadar for a longer period (16 years) than usually falls to the lot of such persons, which perhaps is partly owing to the manifest inconvenience and detriment it would have occasioned to the Public service to have allowed him to seek promotion in other Districts —

In Cons 8th May 1845

Sir

Para 1 — I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 22d Ultimo affording further information in regard to the charges preferred against the Cauverypauk Tahsildar—

2 — In reply I am directed to inform you that the Board sanction the restoration of Sreenevasa Row to his former office— They observe however from the last para of your letter that he has forfeited his salary during his suspension the full pay of his office during that time having been drawn by the Tirtanee Thasildar who was acting in his place— I am instructed to point out to you that this is altogether irregular and opposed to the orders contained in the Boards circular of 9th March 1843. As Sreenevassa Row has been fully acquitted of all the charges brought against him he is

clearly

From W. E. Lockhart Esqre.
Collector of Salem

Sir,

I have the honor to submit for the consideration and approval of the Board of Revenue the Draft of an answer I propose to file in O. S. No. 228 of 1844 instituted in the Subordinate Court of Salem by Streenivasavaradyengar against my predecessor. A translation of the Plaint accompanies and I request the necessary sanction may be obtained for defending the Suit at the Government expense.

The time of filing the reply will expire by the 4th Instant however the Court has adjourned and will not open before the 25th. I request I may be favored with an early reply so as to enable me to file the answer by that time.

No 1

Draft of an Answer proposed to be filed in Original Suit No 228 of 1844 instituted in the Subordinate Court of Salem by Streenevasswaradiengar, one of the Herapaupumbaty Agraharumdars, against the late Principal Collector of Salem

The Plaintiff sues for recovery of Rupees 30-2-7 being Principal and Interest alleged to have been paid by him to the Circar on behalf of the 2nd Defendant, as his share of Revenue arrears, in the Agraharum of Herapaupumbaty in the Salem Talook.—

The 1st Defendant has to state, that in consequence of the Jodiggy of the above Agraharum not having been punctually discharged every year by the Agraharumdars according to the Kistbundy the Agraharum was attached but not solely as stated in the Plaint on account of balance due by the 2nd Defendant.——

The Ameen appointed on the part of the Circar for the management of the Agraharum collected from the ryots engaged by the Agraharumdars to

to carry on their cultivation every year the amount for which they had entered into agreement with the Agraharumdars and gave credit to the same towards the balance of Jodiggy due by the Agraharumdar- When the village was put in their possession all the Agraharumdars were held jointly responsible for any arrears of Jodiggy against the Agraharum exclusive of collections from the ryots as above stated- The Plaintiff did not pay any money on account of the balance due by the 2nd Defendant nor was the Agraharum attached for the balance due by the 2nd Defendant and neither are there any accounts to that effect or receipts granted to the Plaintiff- All the share holders of the Agraharum being held responsible for the total amount of Jodiggy of the Village it is customary that all sums paid by any Individual shareholders to the Circar, be carried to account in part payment of the total amount of Jodiggy and receipts are granted accordingly.—

The Sudr Ameen Pundit in dismissing the Plaint from his file on the

Draft of an Answer proposed to be filed in Original Suit No 228 of 1844 instituted in the Subordinate Court of Salem by Streenevasaroodeengar, one of the Herapaupumbady Agraharumdars, against the late Principal Collector of Salem.

The Plaintiff sues for recovery of Rupees 30-2-7 being Principal and Interest alleged to have been paid by him to the Circar on behalf of the 2nd Defendant, as his share of Revenue arrears, in the Agraharum of Herapaupumbady in the Salem Talook.—

The 1st Defendant has to state, that in consequence of the Jodiggy of the above Agraharum not having been punctually discharged every year by the Agraharumdars according to the Kistbundy the Agraharum was attached but not solely as stated in the Plaint on account of balance due by the 2nd Defendant.—

The Ameen appointed on the part of the Circar for the management of the Agraharum collected from the ryots engaged by the Agraharumdars to

to carry on their cultivation every year the amount for which they had entered into agreement with the Agraharumdars and gave credit to the same towards the balance of Jodiggy due by the Agraharumdar. When the village was put in their possession all the Agraharumdars were held jointly responsible for any arrears of Jodiggy against the Agraharum exclusive of collections from the ryots as above stated. The Plaintiff did not pay any money on account of the balance due by the 2nd Defendant nor was the Agraharum attached for the balance due by the 2nd Defendant neither are there any accounts to that effect or receipts granted to the Plaintiff. All the share holders of the Agraharum being held responsible for the total amount of Jodiggy of the Village it is customary that all sums paid by any Individual shareholders to the Circar, be carried to account in part payment of the total amount of Jodiggy and receipts are granted accordingly.—

The Sudr Ameen Pundit in dismissing the Plaint from his file, on the ground that the Plaintiff should include the 1st. Defendant also as responsible for the amount illegally collected from him on account of the balance due by the 2nd Defendant — While Puttahs were separately and Individually issued. appears ignorant of the nature of Jodigy Agraharums. The Jodigy is a quit rent on the Village whether there be cultivation or not and all the sharers are responsible for the whole Jodigy and not for Individual shares. Mr. MacLeod's object in granting Individual Puttahs was merely to prevent any future disputes among the Agraharumdars and to enable them to know the extent of land to which each was entitled for the purpose of defining the share held by each Meerassedar similar Puttahs were given in all the Jody Agraharums in the District but no money has hitherto been collected with reference to the Individual Puttahs of each share holder —

It is customary that

that when any Individual Agraharumdar fail to pay his balance of Jodigy the others pay it on his account which they can recover from the Defaulters by Civil process or Mortgage on his lands. If the Plaintiffs really paid the balance due by the 2nd Defendant he had an undoubted right to prosecute him in the Sudr Ameen Court, and it was incumbent on the Court to investigate the matter but in rejecting the suit and desiring the Plaintiff to institute a fresh one including the 1st Defendant the Pundit has shown his ignorance of Revenue matters and a want of proper information as to the nature of the subject he was called upon to decide —

The 1st Defendant begs to refer the Court to the opinion of the Board of Revenue on a similar case in the Appanamasamoodrum and Cottambady Agraharums attached on account of the balance of the Jodigy some of the shareholders on that occasion petitioned the Board praying that each of them should be allowed to pay his Individual share according to the Puttah granted by Mr MacLeod —

On two Urzees 355 and 392 of 1841 received from the Board, reports dated 1st July and 10th September were submitted detailing the customs in force in regard to Agraharums and forwarding copies of Puttahs granted by Mr MacLeod together with certain decrees produced by the Agraharumdars, the Board returned the Urzees with endorsement, declining to comply with Petitioners request —

In another instance when the Agraharums of Appadamoodrum and Abenavarm were attached for arrears of Jodigay upon a report made to the Board on the 6th September 1842 a reply was received that if the arrears of Jodigy was not paid within a certain time a report should be made to enable the Board to give instructions to take the Agraharums under Amany and as the balance was not paid as reported on 29th November instructions dated 31st January 1843 were received directing the Agraharums to be placed under the Circar management — None of the orders of the Board authorize the Jodigy of the Agrahars to be collected according to the Individual Puttah granted by Mr MacLeod —

The 1st Defendant therefore trusts that the Court will take the above circumstances into consideration and dismiss the Plaint as groundless awarding the Plaintiff to pay all costs —

Translation

No 2

B.

Translation of a Petition filed in the Subordinate Court at Salem by Sreenevasavaree Iyengar one of the Kurpaupurapady agraharumdars, Son of Sreenevasa Charry bramin Caste, a Cultivator, against J. D. Gleig Esqre the Principal Collector of Salem, and Teeroomalacharry one of the said agraharumdars, son of Streenevasa Iyengar, bramen Caste, a Cultivator —

The object of this action is to recover on an account, a sum of Rupees 30-2-7, being the amount of balance of Agrahara Jodigy (including interest and the charge of Establishment) which I paid to Circar on account of the 2d Defendant — that is to say the annual Jodigy Bariz of the said agraharum of Keerapaupumpady which consists of 7½ shares is Rupees 641-10-8, of this the 2d Defendant's share is $1\frac{3}{16}$ the annual Jodigay of which is 101-8-0 of which he paid Rupees 96 for the year Sarvary leaving a balance of Rupees 5½ which being added to 17 Rs. the charge of the zuft Ameenah Establishment for that year amounted to Rupees 22-8-0 this sum was not paid by him — His share for the Year Plava was $1\frac{1}{16}$ leaving

bearing a Jodigay of Rupees 58-12- -, and the charg
of the Zuft Ameenah Establishment for that year
was Rupees 3-7- - - Total Rupees 62-3- -. Of this
sum he paid Rupees 57-12- - leaving a balance
of Rupees 4-7- - The total amount of balance
due for the 2 years was Rupees 26-15- - which not
having been paid by the 2d Defendant, the
whole Village including our shares was under attach
ment and Consequently I and one Venkadasoobier
with a view of getting the Village released by
paying the arrears due to the Circar by the 2nd
Defendant and then of instituting a Suit against
the latter and obtaining redress, paid on the 9th
December 1841, the balance of Rupees 22-8- - for
the year Sarvary at the rate of 11-4- - each, and
obtained possession of the Village on the same date.
Of the sum due by the 2d Defendant for Plava Viz. Rs. 4-7- -
I paid Rupees 2-3-6 and the other man Venkatasoobier
Rupees 2-3-6 on the 19th December 1842 and got the Village
in question. The interest on the amount of 22-8- - paid
for Sarvary from 9th December 1841 to 20th February 1843
was Rupees 3-4-2 and that on the sum of Rupees 4-7- -
paid for Plava from 19th December 1842 to 20 February 1843 was

Rupees

Rupees - 3-8- The Principal and interest for the
2 years was Rupees 30-6-10 for which sum we sued
the 2d Defendant in the O. S. No. 78 of 1843, when the
Sudr Ameen Pundit after investigation dismissed
the suit with costs on the 30th September 1844 on the
ground "that a Puttah was passed for each indi-
"vidual share of the agraharum Jodigay; that
"there is a Puttah in the name of the 2d Defendant
"for his individual share; that the share of each
"individual share holder is entered in the Oymash
"accounts without the gross amount of shares of
"the Village having been entered in the Circar
"record that the Collector ought to collect money
"according to each individual share and there is no
"reason to attach others share on account of the balance
"due by one person, or to make us pay his balance on
"his account nor is it legal for the Court to have
"it recovered from the 2d Defendant, that none of the
"Regulations authorize such proceedings that the Collector
"should be answerable for the sum sued for which was
"improperly collected from us instead of from the Defaul-
"ter according to Section IX Regulation XXVII of 1802 and that
"we should institute a suit against the Collector."

Nt

Not being able to think of any reason to make an
appeal against the said Decree, we thought of suing
the Collector alone according to the aforementioned Regulations, but as we did not know your opinion on the
subject, we determined to institute a Suit including
the 2d Defendant also – Veneatasoobeer Plaintiff
in the aforesaid No. 78 died and his son Narainen
when told that this suit should be filed said
that he does not like to institute a Suit now, and
that he will proceed by an action by and by –
although he did not join me in instituting the
suit yet there is no reason for me to lose my
money. therefore I have to state that of the sum
of Rupees 30–6–10 sued for in No. 78 the amount due
for my half Share is 15–3–5 the interest on this sum
from 20th February 1843 the date on which the cause
No. 78 was filed to 6th November 1844 amounts to
Rs. as. p
2–12– Total Rupees 17–15–6 as after the suit was
preferred a sum of Rupees 5–9–7 due for the year
Soobakroostoo (including charge for Establishment)
which ought to have been paid by the 2d Defendant
and which he did not do so was paid by me on
the

the 12th September 1843, and then I took possession
of the Village the interest chargeable on it from that
date to the present time is Rupees – 12–5. Total
Rs. as.
amount for that year is 6–6–, the balance which
the 2d Defendant did not pay for Soobakroostoo
including Establishment is Rupees 5–13–2. This
sum I paid on the 5th November 1844 and got
possession of the Village – For these 2 years –
the sum due including interest is Rupees 12–3–2–
the total amount paid by me for 4 years on
account of 2d Defendant is Rupees 30–2–7 – For
this sum although the 1st Defendant is answerable for me according to the Sudr Ameen's Decree
yet as I had paid it on account of 2d Defendant I have included the latter also in this Suit
I therefore request that your Honor will be pleased to recover for me from the Defendants the sum
of 30–2–7 paid by me on account of the 2d Defendant
together with interest up to the date of payment –

Original Suit No. 198 of 1840 on the file of the late Auxiliary Court of Cuddalore. -

Appeal Suit Nos. 55 and 56 of 1844 on the file of the Civil Court of Cuddalore. -

Appellants	Respondent
1. Chocalinga Pillay	Allaga Pillay.
2 Nudaroya Pillay	
3 Soobroya Pillay	
4. Mooroogo Pillay	
5 Vencatachella Pillay	
6 C. H. Hallett Esqre. late Collector of South Arcot. -	

Decree of the Civil Judge.

The Original Suit was brought by the

Respondent against appellants in these two appeal Suits for the recovery of 8 Cawnies and 9½ Annas of Nunjah land situated in the bed of the tank of the Village of Punnapattoo paying Annually Rupees 108 — —

The Respondent previously to instituting the Original Suit had sued in the late Auxiliary Court the 1st. 2d. 3d. and 5th appellants and other Villagers of Punnapattoo and obtained a decree in Original Suit No. 162 of 1837 which was reversed in appeal, in appeal Suit No. 53 of 1838 He then presented a special appeal Petition to the late Centre Provincial Court of appeal, which was rejected by an order dated 20th September 1839 on which he petitioned the Court of Sudr Udalut in Miscellaneous Petition No. 225 of 1839. The Sudr Udalut by Extract from their Proceedings under date 4th November 1839 recommended the Provincial Court to reconsider the Plaintiff's application. The Provincial Court in reply submitted Extract from the Proceedings under date the 28th December 1839, in reference to which the Sudr Udalut by Extract from their Proceedings dated 24th February 1840 informed the Plaintiff that it was open to him to bring a fresh Original Suit including the Collector as a Defendant and he brought it accordingly in the late Auxiliary Court and obtained a decree from which these two appeals have been made, one by the Collr. and one by the other Defendants, though the grounds of appeal in the two Suits are not the same, they will be best disposed of, by a single decree. —

A full and clear Statement of the case having been made in the Decree of the Assistant Judge it is unnecessary to repeat it and the Court proceeds at once to examine the grounds on which these appeals have been made commencing with the Collector's appeal in appeal Suit No. 55. —

The Auxiliary Judge decided that the 2d. Defendant in the Original Suit had a right to transfer his Durkast lands to a Poracody Ryot, and that the late Principal Collector Mr. Dent had acted illegally in cancelling the transfer in as much as no law existed warranting his so doing and abundant proof had been adduced that it was by no means uncommon in the District of South Arcot for the Colcoody Ryots of a Village to transfer their Durkast Lands to Poracoodies a practice which the Collector had sanctioned by giving Puttahs for such lands to Poracoodies, and also by himself selling lands by auction to Poracoodies. —

The Collector in his appeal states that the question to be decided is "whether an "Colcoody or resident Inhabitant of a Village "having given a proposal for and obtained possession "for purposes of cultivation of certain waste land "in a Village and entered into an agreement "with the Circar to cultivate the said land is "at liberty during the very first few weeks of "its occupation or at any time, to make over "for cultivation any portion of it by private "agreement to a Poracoody or non resident without first obtaining the Consent of the other "Oolcoodies or resident Ryots." The Collector states that as there is no Regulation fixing the principles and details of the Ryotwar Settlement the rules established by Government are to be observed, and quotes a rule from the Jummabundy Hookumnamah of the District for fusly 1240, which accords as he affirms with the usage of the District and which enjoins that when a Durkast or proposal is made by a Poracoody to take up and cultivate waste lands in a Village the Oolcoodies shall have the refusal of them and such lands shall not be granted to the Poracoody unless the Oolcoodies decline taking them. with reference to this rule. the Collector argues that if he is debarred from granting waste lands to a Poracoody without giving the Oolcoodies the option of taking them; it follows as a necessary consequence that an Oolcoody himself is debarred

debarred from transferring his Durkast lands to a Poracoody without giving the refusal of them to the Oolcoodies because if an Oolcoody could thus transfer his Durkast lands the rule in the Hookumnamah giving preference to Oolcoodies over Poracoodies would be virtually abrogated.—

With reference to the Assistant Judge's remarks on the fact proved in evidence of Poracoodies in South Arcot having been allowed by the Collector to take waste lands and also Durkast lands transferred to them by the Durkastdar in spite of the opposition of the Oolcoodies, the Collector observes that in the instances deposed to by the Witness the opposing Oolcoodies had not consented to take up the waste lands themselves and that the evidence of Witness No 23 to the fact of certain Durkast lands having been transferred by an Oolcoody to a Poracoody is not to the point inasmuch as the lands in question having been three years in possession of the Oolcoody had ceased to be Durkast and become Puttah lands and therefore alienable.—

With regard to the Auxiliary Judge's observation that the Collector in selling lands by auction- sells them without enquiring whether the purchaser be Oolcoody or Poracoody the Collector observes that such sales have invariably been sales of Puttah not Durkast lands.—

The Respondent in his answer denies that Oolcoodies in South Arcot have any peculiar privileges with regard to the occupation of land and affirms that the Collectors Hookumnamah is not law and has been frequently disregarded by himself, that an Extract quoted by the Collector from a letter from the Court of Directors shews that the question of the rights of Oolcoodies is still undecided and that the appellants admission that after a Puttah has been obtained for Durkast lands the lands may be transferred to a Poracoody shows that in practice the instrusion of Poracoodies into a Village is not prevented as a Poracoody is equally an intruder whether he holds a Puttah or does not.—

Admitting the correctness of the Collector's Statements regarding the circumstances under which the sale and transfer of lands to Poracoodies in the instances referred to by the Assistant Judge took place, the Court is nevertheless of opinion that the Collector has entirely failed in making out his case.—

The rule quoted by the Collector from the Jummabundie Hookumnamah is probably founded on the ancient usage of the District but whether it is so or not, it is perfectly unexceptionable as it interferes with no ones rights, but the Collector's deduction from it appears inadmissible.—

The

The Collector argues that because he cannot make over waste Village lands to a Poracoody without first giving the Oolcoodies the refusal of them, therefore an Oolcoody Durkastdar cannot dispose of his Durkast lands to a Poracoody without the consent of the Oolcoodies- In the opinion of the Court, this does not follow.—

When the Collector has granted to any one waste lands on Durkast, such lands, with reference to the rights of the Oolcoodies are no longer circumstanced as they were before the Collector granted them, nor does the Durkastdar stand in the same relation to them that the Collector did- They cease to be classed among the common waste lands of the Village and become the property of the Durkastdar- The Collector binds the Durkastdar down by a formal agreement to pay the assessment on them, but in this agreement he inserts no stipulation that the Durkastdar shall transfer the lands to none but Oolcoodies- so far from it the Collector in his appeal fully admits that if the Durkastdar will only wait till the annual Puttahs are distributed he may transfer them to whom he will the granting of a Puttah entirely annihilating the rights of the

Oolcoodies.—

The question then is whether a Puttah has the power which the Collector assumes it has of conveying full proprietary right in land. In the opinion of the Court a puttah merely determines the amount of revenue demandable from the Party holding it. If puttahs for land have been granted to a Party for a series of years the inference is, that the Party who has thus held them is the proprietor of the land, but they dont of themselves confer proprietary rights any more than a Collector's withholding them would destroy such right if it existed. The Court is of opinion that when land has been formally granted to a Durkastdar his proprietary right in it, is quite as full as it is after he has taken out a puttah, and that the rights which the Collector admits that a Durkastdar has to alienate his Durkast land to a Paracoody after taking out a Puttah, he also possesses before taking it out.—

The Court is therefore clearly of opinion that Mr. Dent acted illegally in cancelling the transfer to the Respondent

of

of the land in dispute.—

The Court now proceeds to dispose of Appeal Suit No. 56.—

The ground taken up by the appellants in this suit (certain Oolcoodies of Punnapattoo) differs from that taken up by the Collector. The Collector fully admits that the 2d Defendant in the Original Suit was an Oolcoody and argues against his right of transferring his Durkast land to a Paracoody but these appellants assert that the 2d Defendant was not an Oolcoody and therefore so far from his being able to transfer his Durkast lands to a Paracoody he had no right to hold them himself.—

The Respondent in his answer, denies the existence of the Merasi rights claimed by the appellants and maintains that the 2d Defendant in the original suit was an Oolcoody.—

The Court observes that when the appellants pleaded as Defendants in Original Suit No. 162 of 1837 they did not then deny that 2d Defendant was an Oolcoody and their acts with regard to him and to the land in dispute clearly show that they considered him to be an Oolcoody. If he was a Paracoody and had no right without their permission to take the land in question on Durkast, why did they not dispute his right. Instead of doing so they merely disputed his right to transfer it to a Poracoody thereby fully admitting his right to hold it himself.

The Decree of the Lower Court is affirmed. The appellants in both appeals are adjudged to pay the full costs of suit.

To the Collr.
of South arcot

To The Collector of
South Arcot

Sir,

With reference to your letter of the 12th April 1845 No. 34, Submitting copy

---

O.S. No. 198 of 1840 on the file of the late Auxiliary Court of Cuddalore Appeal Suit No. 55 and 56 of 1844 on the file of the Civil Court of Cuddalore.

copy of a Decree passed by the Civil Court of Cuddalore in the Suits noted in the Margin, I am directed by the Board of Revenue to request that you will submit as soon as practicable a Statement of the charges incurred on account of these Suits in original and in appeal with a view to their being submitted for the sanction of Government.

Revenue Board Office
Fort St. George

From W. D. Davis Esqre.
Collr. of South Arcot
Submitting for the Explanation regarding the rent of the Villages of Callamalay Jaghire in the Manargoody Talook and returning the Petitions with 5 Statements.

+ 11th February 1845
3rd April
14th do

Sir,

Para 1 In returning the Petitions received with your letters I have the honor to submit the further report required by the Board.

2. The Statement herein en- + No. 1 -closed, will show the annual Beriz, Collection and balance of the 28 Villages now rented, of the resumed Callemalay Jaghere in the Talook of Munnargoody for the last 23 years, or from Fusly 1231 to 1253

both inclusive with the amount of the
+No. 2 proposed rent noted below it.

3.

In Statement+ is shewn
the Bariz of each Village for the last 10 years,
from fusly 1244 to 1253, together with the
proposed rent for three years, affixed to each
Village, in red ink, from which it will be
clearly seen, that the proposed rent is
favorable, especially in the Bariz of the 13
Villages which were under Amanie during the
last 3 years.

4.

With respect to the allusion
+No. 201 of 1845. made in the Petition+, that Cavellyporoopoo is not
included in the Bariz account sent to the Board,
+No. 3. I beg leave to refer them to the remarks appended
to the enclosed Memorandum+.

5

I further beg to enclose
+No. 4 another Statement+, shewing the extent of land
cultivated and the average produce per Cawny
of the 13 Villages which were under Amanie.
The large decrease in the quantity of Grain
during the last 3 years, shewn in the above
Statement, is owing to the fraudulent conduct
of the Villagers.

6.

Before obtaining proposals
I called upon the Tahsildar of Munnargoody
to furnish an Aumishum account, or
a

a rough Estimate of the probable quantity
of produce from the Waraputh land of each
Village for the current fusly which he prepared
by the Curnums and Surfdars. The crops
on more than half of the Waraputh land
actually cultivated from July to December
last being young, and not fit for forming
a correct Aumishum, they were roughly
estimated. This account was made prelimi-
nary to obtaining the Rent. From the character
of the Ryots of these Villages, as well as the
loss of Revenue sustained by Government
during the last 3 years by keeping some of
the Villages under Amanie, there is little
hope of realizing the quantity of grain accord-
ing to this rough Estimate, if any of the 28
Villages were kept under Amanie.

7.

The terms of rent for the three
years were obtained with reference to the
average extent of cultivation, produce, price
and Bariz of former years, and not solely
with reference to Aumishum, or the said
rough Estimated Account of the Current
fusly and are favorable and as much as
could be obtained.

+No. 201 of 1845. 8.

In the Petition the alleged
loss

+No. 435 of 1845. loss in the amount of rent is stated to be Rs
11,300 per Annum and in the other Petition+, it
is stated to be Rupees 12,105; if this loss be added
to the amount of the rent now obtained, it
will raise it nearly to Rupees 42 and 43,000, a
year. On comparing this sum with the Annual
+No. 1. Bariz+ of the last 23 years, it will, I think, appear
to the Board utterly impracticable to obtain
a further rent to the extent of Rupees 12,000
in excess of that now proposed, and that, the
accusation made against my Sheristadar is
unworthy of notice.

9

No offer of 50 Rupees was ever
made for the Village of Reelpaudy by the
*No. 435 of 1845. person mentioned in the 10th para of the Peti*tion.
The other individual, named Abdul
Kader, was a defaulter in the former year's
rent and persuaded for 3 successive days, certain
Ryots of Malepathy not to rent the Village for
more than 1,600 Rupees. other Ryots of the
Village proposed to rent it for the sums noted in the
margin which proposal was accepted. On the following
day the said Abdul Kather offered to rent the Village for
Rupees 1,800 only 25 Rupees more but he being a pauper
and a defaulter, his offer was declined.

	Rs
1254	1700.
1255	1775.
1256	1775.

10.

With regard to the allusion
made

No. 437 of 1845 made in the Petition, that the Naib Sheristadar
was aware of the discrepancy in the accounts.
+No. 5. I beg to forward another Statement+ prepared by that
Officer after the other Statements were submitted to
the Board, shewing the Teerwahputh Bariz as well
as that on Waraputh lands &ca in the Current years Dusmishum
Account, for the inspection of the Board,
but it is improbable that the Ryots would rent
the Villages for 3 years solely on this rough
Estimate, without reference to the average produce
and fluctuation of price.

11.

I beg to add, that on enquiry there is no
person of the name of Soobray pillay (the petitioner) to be
found in the Village of Naiwausel, and that on a further
perusal of the Petitions, the Board will perceive that they have
been prepared by some of the Huzoor servants from malicious
feelings towards the Head Sheristadar.

12

In conclusion, I beg to observe that the
+Board's Proceedings 24th Octr. 1836. Board having refused to sanction+ the arrangement proposed by
Mr. Ashton of placing these Jaghere Villages in the same footing
27th Septr. 1842. as the Iyen villages of Munnargoody, and the suggestion of
Mr. Hallett for introducing the survey assessment still pending
for their consideration, I consider the present rent to be favorable
as it would be very difficult to realize so much revenue
under an amanie System.

South Arcot Collr. Cutcherry
Cuddalore
22nd April 1845

(Signed) W. D. Davis.
Collector

A. This very high Bareez was solely owing to the unusual high price of grain, at which the Circar share was sold in this fusly.

B. This Bareez was realized from the rich produce and fair price obtained in this fusly the reaping of the Crop having been personally Superintended by Mr. Ashton.

The Villages from No. 17 to 28 were under Amaine in the preceding years, there has been, as will be seen a considerable decrease occasioned during the last three years principally from the fraudulent conduct of the Villagers.

Errors Excepted &c. (Signed) W. D. Davis
Collr.

These fees were entered in the Enam Summahbundy Account upto fusly 1251 as payable to the Woodyarpoliem Cavilgar but they having been under orders of Government dated 31st January 1842, resumed, were carried to the Iyen Summah since fusly 1252. These sums were inadvertently omitted to be added to the Bariez of fuslies 1249. 1250 and 1251 entered in the Statement sent to the Board by the Collector on 25th January 1845 which omission doesnot affect the terms of rent obtained for three years; for it clearly includes the item of these Cavil fees also.

(Signed) W. D. Davis

Remarks

In Fusly 1249 and 1250 the late Principal Collector Mr. Ashton Superintended the reaping of the Crop himself with the principal Establishment of the Hoozoor Cutcherry Mr. Hallett considering it unnecessary to do so from the great inconvenience and delay that were likely to accrue in the Settlement of the Syen Talooks deemed it proper to make over the Superintendence to the Villagers. According by Mr. Hallett obtained terms for 15 Villages which were accepted and confirmed by the Board. The Ryots of 12 Villages here exhibited, formed a party and refusing to come to any reasonable terms of rent they were necessarily kept under Amanee. The result of the out-turn exhibited here from Fusly 1251 to 1252, will shew the great loss or deficiency in the produce that has been occasioned to Government. This principally occurred thro' the fraud of the Ryots and their influence over the lower class of Servants sent to superintend the reaping.

The irregularities just noticed having attracted the attention of the Collector during the last year's settlement, he endeavoured by personal intercourse, with the Ryots to persuade them to rent their Villages, without success.

The other 15 Villages which were under rent until last Fusly fell under Amanee in this year on Account of the termination of the lease.

To
T. Pycroft Esquire
Secretary to the
Board of Revenue
Fort St. George.

From the Collr. of South Arcot

Sir.

28th April 1845.

In acknowledging the receipt of your letter, I beg to observe that the report therein required on the subject of the assessment of this District, being of a nature involving deeply both the interest of Government and the cultivators, and demanding a serious and patient consideration before submitting my sentiments thereon. I shall lose no time in forwarding the report in question, on my return to Cuddalore after completing the current years settlement in which my whole time is engaged.

South Arcot

Ordered that the following letter be sent in reply.

58-59
59

To The Collector of
South Arcot.

To the Collr. of South Arcot

Sir.

With reference to your letter of

the 6th Instant, No. 44 promising to forward the Report called for on the subject of the assessment of your District after completing the current year's settlement, I am directed by the Board of Revenue to request that the above Report be submitted separately not included in your Jummabundy report for the current Fusly.

Revenue Board Office
Fort St. George
15th May 1845

(Signed) T. Pycroft
Secretary

Read again letter from the Collector of Tanjore dated 16th Ultimo and entered in Consultation 1st Instant.

Ordered that the following letters be sent in reply.

To
The Collector of
Tanjore.

60

To the Collr. of Tanjore

Informing him that the Board will not object to his concluding Grain rents for the Aumany Villages in this District in cases where other offers cannot be obtained

Sir

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 16th Ultimo, representing the difficulty which you have experienced in obtaining strictly money rents for the Aumany Villages in your District and requesting

requesting that in cases where Money rents cannot be procured, you may be authorized to conclude fixed Grain rents commutable into money at the average prices of the Fusly.

2. In reply I am instructed to inform you that under the circumstances stated in your letter adverting to the difficulty of procuring Money rents and to the disadvantages of Aumanie Management the Board will not object to your concluding Grain rents in those instances in which it may prove impracticable to obtain offers upon other terms. They cannot however but observe that the grain amount at which these rents have been given of late years has fallen very far short of the Woolungoo standard of the several Villages. Thus on referring to Statement No. 12 in your report of 12th of February last they find that whereas the Woolungoo produce of the 99 Villages rented for fusly 1253 is 6,43,945 Cullums the quantity at which the Grain rent was concluded for fusly 1252 was only 4,49,989 little more than

two thirds and in 1253 it was still less viz 4,31501; it can scarcely be supposed that the actual outturn of these Villages can have fallen so greatly below the Woolungoo Standard originally fixed upon them.

3. The Board think it desirable to draw your attention to these facts and they do not doubt that you will accept such offers only for the grain rents of the ensuing Fusly, as after due enquiry you may feel satisfied are commensurate with the real condition and resources of the Villages for which they are tendered.

Revenue Board Office
Fort St. George 15th May 1845

(Signed) J. Cycroft
Secretary

61
11

To the Collr. of Tanjore

Requesting to be informed of the nature of the suffering of the Ryots alluded to in para 5 of his letter of the 16th April 1845 and to state the extent to which the low prices have affected the interests of the Villages under the money assessment also desiring him to submit a statement according to the Register of the transfers of Meerasy property in the public accounts shewing the extent to which the transfers of land in the fixed assessed Villages were made for 5 years previous to the fixed Money assessment being established in the field assessed Villages and for 5 years subsequently with a similar statement of the transfers of lands in the Woolungoo rented Villages.

To
The Collector of Tanjore

Sir,

Para 1. I am directed to draw your attention to the opinion in the Margin which occurs in Para 5 of your letter to the Board under date 16th April 1845 on the subject of the fixed Money

> "and looking to the sufferings of "their neighbours under the fixed "money assessment by low "prices during the last three years "it is not to be wondered at that they "should turn a deaf ear to the argu-"ment that when produce is low "prices may be expected to be high"

Subd 1st May

Money assessment as it is affected by low prices and to request that you will inform the Board of the nature of the sufferings of the Ryots to which you allude.

2 On a reference to your report on the settlement of the Land Revenue for Fusly 1253 it is observed in Para 28 that the average revenue derived from Villages under fixed assessment for the last 10 years has been exceeded by Rupees 33,400 and the excess above the last year amounts to Rupees 9,418 and by the Marginal Statement of that Para it appears also that the cultivation of the wet lands in Fusly 1253 exceeds that of Fusly 1243, the first year of the fixed assessment by 2447 Valies — with these Statements in view the Board are desirous of knowing the extent to which the low prices have affected the interests of the Villages under the fixed Money assessment While the cultivation of their wet lands are shewn to have so much increased.

Report on the Settlement of Fusly 1253 dated 12th February in Cons. 27th 1845

	Nunjah Valies
Fusly 1243	27.578
" 1253	30025
Increase	2447

In

5984 Fort St. George 15th May 1845

3

Para 32 to 34

In the Settlement Report of Fusly 1253 your opinion is expressed that the sales of land in the fixed assessment Villages have arisen from the necessities of the land holders to meet the Government Demand. The Board will not offer their opinion at the present moment on the view you entertain on this subject but they direct me to request that you will submit a Statement according to the Register of the transfers of Meerasy Property in the Public accounts shewing the extent to which these transfers of lands were made for five years previous to the fixed Money assessment being established in the field assessed Villages and for five years subsequently noting the prices in each period. The Board would be glad to have before them a similar Statement of the transfers of lands in the Worlungo rented Villages. It would be satisfactory if you furnish the information now called for without delay.

Revenue Board Office
Fort St. George

From Sub to Pl Collector
20th March 1845 No 104—

And having ventured on such a suggestion I beg to forward three other Correspondences in further proof of vexatious querulousness and incorrigible procrastination causing me great waste of time which would possibly be otherwise devoted to my other public duties- and a 5th Correspondence shewing the pertinacity with which he supports a contest against the zemindar of Ammeanaicknoor under his [illegible] whereas, during an appeal and till the Court had enforced its own decision, he was not at liberty to act.—

Madura

A No 1.
No 94-

To
The Principal Collector of
Madura.

Sir,

I have the honor to acknowledge the receipt of your letter of the 11th December last, on the subject of the heirship to the Cunneevady Estate, and to enclose Six Depositions to shew the Custom of the Zemindary and the right of Comara Narsimha Appiah

Appiah Naick to succeed to the property of the deceased zemindar - It would appear that no female has ever conducted the duties of zemindar - A family tree accompanies to shew the relationship of the parties.—

2. In stating the right of Comara Narsimha Appiah Naick, to succeed Doraswamy Appiah Naick, I do not mean in any way, to state my conviction of the right of the deceased to the enjoyment of that Estate, my letters of the 27th September and 30th October 1843, with that of the 21st March 1844, on the matters connected with that Estate, tend to shew that whilst there is suspicion of the said Estate having been resigned, the same was not even, made over in strict accordance with the orders of Government dated 21st January 1841, which restricted the same to the end of the Fusly 1252, whilst however the Zemindary is freed, by the Agreement of Doraswamy Appiah Naick, dated 2d November, and your Yaddast dated 3d November, with Proclamation of the same date, from any further demand, I would offer it as worthy particular attention whether a demand is not likely to be made against the Government for any money due to the Estate on matters mentioned in my above said letters and

which claim may possibly be found to amount to about two lacs of Rupees. As I cannot but feel that the hope of establishing this claim, was one of the chief inducements to get back the Estate, on the part of those mentioned in my letter of the 21st March last, I deem it my duty to bring the matter prominently forward, for the consideration of the Board of Revenue - —

3. With reference to the will said to have been made in favor of the deceased's 1st Wife, I believe the same to be a forgery made by the late Korbar Harihariah and the said widow. The 2d widow would have no objection to measure her pension by the same scale, but whilst I shall have the honor of addressing you again on this point, I beg to submit copy of a Deposition taken from Comara Narsimha Appiah Naick on the allowance he would be willing to make over to the two wives of the deceased Zemindar if the Estate came to his possession -

4. With respect to the expectation of Posthumous issue to the late Zemindar" I beg to state that there is none whatever -

6 Depositions family tree &c.

Instant respecting the right of inheritance to the Cunnewady Zemindary I have the honor to return its accompaniments to enable you to amend your report and facilitate the Comprehension of it by the Board of Revenue, by embodying in one letter your views and opinions instead of referring to your letters to me of the 27th September and 30th October 1843 and 21st March 1844, and it will at the same time afford you opportunity to include all irrelevant matter - —

2. You will be good enough in the same letter to explain distinctly what were the orders of Government of the 21st January 1841, wherein they have been deviated from, by whom and whether in fraud or ignorance - —

In alluding to the agreement of Doraisamy Appiah Naick of the 2d November and my yaddast of the 3d with proclamation of the same date, I request you will be good enough to give their purport sufficient for the Board to Comprehend the object and justice of your allusions -

And I will request you also to be good enough to enter in the letter a succinct Statement of your fears that a Demand poſsibly amounting to two Lacs of rupees will be made against Government by the proprietor, as also your views of the justice of such demand and propriety of complying with it, and to shew if you ever brought to my notice that it was hopes like those that induced the late proprietor to urge so strongly the restoration of his Zemindary.—

3. Should you find it neceſsary to allude in your amended report to a "will" as in the 3d para of the one under answer, I request you will be good enough to refer to the document or Deposition in which it is mentioned, repeat the purport and grounds whereon you deem it a forgery, and in fine to write your report so fully and so clearly that there may be no trouble for the Board further than verifying your views, if they see occasion, by inspection of the documents to which you will give marginal references.—

4. I do not see why you should have delayed to give me your opinion of the amount of maintenance to be secured to the widows of the deceased, or the object of a renewed

Communication

communication on the subject, but beg to urge you to add it also to the one general report now asked for, and that I may be furnished with it in one week from receipt of this and should you foresee any difficulty to furnishing the revised report within that time I request you to be so good as to inform in what they are and when you expect to overcome them.—

Madura -

Signed J. Blackburne
Principal Collector-

A. No. 3.

No. 112.

To The Principal Collector of
Madura -

Sir.

1. I have the honor to acknowledge the receipt of your of the 14th Instant, and beg to state that the reference to the orders of Government, dated 21st January 1841 was made on account of its entry in the agreement signed by the Zemindar but it would have been more intelligible perhaps, had I given the further explanation which I now beg to offer.— Para 2.

2. I regret the not poſseſsing the letters of the Secretary to the Board of Revenue, or the Minutes of Consultation, but from the Memoranda I have made,

on the subject (of which little or nothing exists on the records of this Cutchery) it appears that by a communication from the Secretary to the Board of Revenue to Chief Secretary to Government dated 27th January 1842, the Minutes of Consultation dated the 21st January 1841, sanctioned the restoration of the Estate, on the payment of the arrears due, but a subsequent letter dated 6th November 1841 from your Office to the Board stated the inability of the Zemindar to do so, on account of the Interest accruing on the said arrears - The Board of Revenue in their Proceedings of the 2nd December of the same year, called for a Statement of the amount of demand and of the principle on which it had been calculated, this was furnished but the Board were pleased to recommend "that a formal surrender of the property to Government should be required in failure of payment of the arrears with Interest by the close of Fusly 1252" or before the 12th July 1843-/-

3. This did not seem to have been done, and as no other sanction was mentioned than that contained in the Minutes of Consultation dated 21st January 1841-

(apparently

(apparently modified by subsequent information and instructions/. and as I felt that no notice whatever had been taken of my communication dated 30th October 1843, though certainly of sufficient importance for Consideration, if not submission to higher authority, I had the honor of laying before you what seemed to me a deviation from the spirit of the sanction quoted - If in this supposition I erred, it must be chiefly attributable to my not being favored with Copies of the Communications and reports with the higher Authorities in matters connected with this Decision -—

Para 2. 4. With reference to the probability of a demand being made by the Estate, to the amount of about two lacs of Rupees, I contemplate, no advantage to the Government by publicly making herein a minute exposé of what might, perhaps have been avoided by deliberation on any former communications, but notwithstanding the scanty supply of information on all such subjects allowed to the Sub Collector of this District, I feel no hesitation in considering there are grounds for expecting success in any prosecution of such claim - The "justice of such demand and propriety of complying with it", will however chiefly depend on the final decision of Government as to the legal possessor of the Estate.—

5. I would not have alluded to
Para 3. any "will" in my Communication of the 12th Instant, had not the translation thereof, and joint English Petition from the two Widows, to your address, dated the 11th December last, been sent to me by the Public Tappal, for that express purpose, in a small envelope, open at each end, and bearing the following in your own hand writing— "Forwarded to the Sub Collector in reference to letter on subject of succession to the Cunnavady Zemindary – Poodoocotay 16th December 1844."—

6. With reference to the authenticity of
Paras 4& the said Will, Comara Narsimmah Appiah Naik, in his Deposition dated 17th January last, pronounces it a forgery, but I am unable to offer any thing further on the subject at present. I merely submitted the agreement in behalf of the Widows, made by the heir of Doraswamy Appiah Naick.—

7. As no authority has been given to Comara Narsimha Appiah Naik to hold the Estate, or carry on the duties of Zemindar, I beg to offer it to your consideration, whether pending the decision of Government, the said Estate

---

Estate should not be placed under the imme:
:diate superintendence of the Cirkar.—

Dindegul, Sub Collr's Office, 22d March 1845.

B. No. 1.

No. 96.

To, The Principal Collector of
Madura.

Sir,

1. In acknowledging the receipt from
the Maramut Superintendent, of a Copy of your
directions to him dated the 25th Ultimo, conveying
orders to the effect that he was not to follow any
instructions direct from me, and to acquaint me
of your sentiments on the subject, I beg respectfully
to state that as I am perfectly aware of my authority
in Maramut and other matters being very incomplete,
it was perhaps hasty and irregular in me to direct
a Government Officer, the Superintendent Maramut
Maistry doing duty in my Division, to inspect with
me a Government work in Nellacottah, where so
much fraud has been practised, but it
certainly would not have been any infringement of
official courtesy, to have made known your wishes
to me direct instead of through a Takeed to the Maistry.

As

2. As, however, the step taken by me to ascertain the necessity of recommending a work the Maramut Superintendent had estimated for, and you had indirectly sanctioned, appears to be considered very irregular, I beg to put on record the causes which induced me to visit the spot.—

3. The Civil Engineer in his Diary for the 28th November 1844, respecting the supplying channel of the Oolat Tank, observes that at his suggestion the Ordinary Accounts of 1844, contained an item of Rupees 224-10-5 for constructing a Calingula of discharge across a breach in the said Channel, which was complete on the 12th of July, at a Cost of Rupees 198-3-5.—

4. On the 22nd of September last, 8 yards of the said Calingula were reported to have been washed away and on the 28th of the same month, the Superintendent Maistry having visited the spot, prepared an Estimate of Rupees 264-8-11 for the repair of the injured portion as well as for the addition of 5 yards to the length, besides widening the Channel, &c. and you were pleased to sanction the same as "emergent".—

On

5 On the 8th of October, however, the remaining portion was carried away by another fresh, when the said Superintendent visited the Channel and framed, on the 28th of the same Month, an Estimate amounting to Rupees 249-"-3-- for its entire re-construction..

6. After the above Estimates had been framed, the Civil Engineer inspected the place, and pronounced the work not only ill-done (as the event too truly testified) but attributed the destruction also to marked disobedience of his particular directions, for which he justly recommended that the Talook authorities should be held fully responsible - The Engineer there proceeded to frame an Estimate similar to his former one for the entire re-construction of the Calingula, amounting to Rupees 224-10-5, offering it to the consideration of the Principal Collector, whether it was fair to put down the cost of a work so improperly erected to the charge of Government, and whether it ought not rather to be borne by the Cirkar Servants who superintended the work or who were otherwise responsible for its honest construction and safety.—

Now

7 Now it appears that you have been pleased to sanction 3 separate Estimates for the reconstruction of the said Calingula.

Rs as p
1st for 264—8—11—on the 28th September 1844
2nd for 249—3—„ .... 28th October — Do
3d for 224—10—5 .... {28th November — Do & letter of the 18th Feby 1845

8 It is stated in the Superintendents Arzy of the 11th Ultimo that some injury had happened to the Ana above the Calingula, by a fresh on the 20th December last, after the Engineer had visited the place, for which Rupees 64 were required—This being made known to you, I was requested in your letter of the 18th Ultimo "immediately to give the necessary authority to the Talook authorities" But for what purpose authority were to be given I have been unable to conjecture and chiefly for the following reasons.—

9 In your above-mentioned letter of the 18th Ultimo, is forwarded an Address and Estimate from the Superintendent bringing to notice the very unsafe state of the Calingula and recommending "use of rough stone in chunam in its reconstruction", and again it is stated "that on reference of

"of this matter to the Civil Engineer he has again "acquiesced in the use of stone" &ca, by which it would appear that the Civil Engineer was acquainted with the work and recommended the reconstruction of what was only in an unsafe state—But a reference to the Engineers Diaries and the previous Reports of the Superintendent, will shew that the Calingula was not in escistence for 2 Months before the fresh of the 20th December came down: It is therefore evident that the work for which stone /prepared by an advance to the workmen, out of the 2nd sanctioned reconstruction Estimate/ was allowed to be substituted for brick and the work in a very unsafe state from the fresh of the 20th December, could not be one and the same—In fact the one for which the Civil Engineer permitted stone to be used instead of brick, is the destroyed brick Calingula, and the one for which the Superintendent required 64 Rupees, is the injured stone Ana above the Calingula—The former work was annihilated by the destruction of 11 yards, before the 9th October last—The other was only damaged by the loss of 8 yards on the 20th December following.—

Although

10 Although it is more than probable that the use, by the Superintendent of the common Tamil word Calinji with reference to the Ana, might be mistaken in your office for the word Calingul, it was nevertheless necessary for me to inspect the spot previous to conveying authority on a point not clearly understood, and respecting which there was evidently a great mistake, the request of the Superintendent being for Sanction of his Estimate, not for change of materials.-

11 Whilst I trust the above will be deemed sufficient for directing the attendance of the Superintendent, I beg to request your opinion and instructions on the subject of his proposal which is plainly stated in his Estimate and Arzy of the 11th Ultimo, since without a dam in proper order, a Calingula for the channel dependent on it, Can be of no possible utility.-

therewith returned.

Sir,

No. 106 In reply to your letter of the 20th Instant, it seems to me that you have taken much vain trouble in it, and in your previous one of the 12th Idem, to impute error and ignorance to me under the specious veil of attributing it to the Servants of my Cutcherry.—

No. 96

2 With my letter of the 18th February I forwarded you an address of the Marammut Superintendent of the 11th Idem, with an Estimate for repair of two works in the Pelat channel of the Munjelaur in the Nellacotay Talook

1st

1st for repair of the Calingulah, at Rupees 224-10-0, of rough Stone in Chunam, in supercession of one by the Civil Engineer (with his approbation) for one of the same amount of brick in Chunam and a second item for repair of the Dam above it, with the injury to which the Engineer had been unacquainted, at 64 Rupees, which, in his address, he begged might be entered in the Ordinary Estimate for 1845.—

3 Respecting the repair of the Calingulah I had communicated the Engineers' approbation on the 6th February and all you required was the Superintendent's new estimate, which was sent you on the 18th Idem; and as regarded the Dam you were requested to follow the Superintendents wishes that it should be entered in the Ordinary estimate for 1845; your delay to do so in seeking to convince me of error, has put it out of your power to fulfil my instructions, and I must now therefore beg you to direct the talook authority to escecute the work as "Emergent."—

To

The Principal Collector of

Madura

Sir,

I have the honor to acknowledge the receipt of your letter dated the 7th Instant and

and beg to state that in consequence of Petitions respecting the frauds in the Frikas of Vedasandoor and Vadamadura, attached to the Talook of Tadikambu, I was induced to suspend the Zillahdars appointed thereto, and on the 16th of July last, directed Harimpak Krishniah to act in the former, and Trichinopoly Honêty Naik at the latter place- The pay of the suspended Zillahdars, has been kept in deposit from August last.-

2 The charges of concealment of cultivation, have, in both cases, been established, but some thing still remains to be done in Vêdasendoor.-

3 On the 1st Instant, I issued instructions to the Tahsildar of Tadikambee to Collect from the ryots of Guddam and Kalavaraputty certain balances proved to be Due by them to the amount of Rupees 609; and the Acting Zillahdar of Vada madura was allowed to draw half the Salary in deposit for the time he had seen the duty.-

4 I have been hitherto so much thwarted, and received so much dis-couragement in my attempts to bring out the frauds of the District, that I trust you will not with-hold

from me that assistance which as a Public Officer, I am entitled to expect.-

5 As I cannot but feel that like most other Cases of the same Kind, every attempt will be made to prevent my decision in this matter being carried into execution, I am the more careful to allow no just reason for hindrance or reversal; but this causes a delay, which tho' at present absolutely necessary, &c under other circumstances could be avoided.-

Madura---}
16th April 1845.}

(Signed) J. Blackburne
Pl. Collector.-

No. 118.-

To The Principal Collector of
Madura.-

Sir,

Paras 1.- With reference to my letter of the 19th Instant, I have the honor to lay before you the abstract of the cases against the Village Officers of Dêvadhanapettah; and hope, in a few days, to be able to Submit further particulars.-

2. In consequence of your wishes that the Natamgars and Curinums should not be placed under suspension till the cases against them were proved, I addressed you by a Tamil Yaddasht dated

the

the 29th October 1842 requesting to know whether the Curnams and others of Cambam were to be suspended, as their case which was still under examination, and your reply of the 2d November following stated that they might be suspended if there were proofs against them. On the same principle, I kept under suspension, the Natamgars of Devadhanapettah, the cases against him having been numerous and fully proved.-

3. Respecting the Manium land being in possession of Vasanta Manegar, and other particulars full mention is made in the accompanying copy of an arzy from the Muzumdar of Tengare. Much exaction had been proved against this man, and other Village Officers, as may be gathered from the following abstract evidence taken before the Tahsildar of Nellacottah.-

4. On the 3d of December 1843, one Caudanoor Veloyda Toolaven presented a Petition to the Sub Collector of Madura, Stating (in the 1st 2d and 3rd paras) that the Natamgars of Devadanapettah, Vasunta Monegar, and the Curnum of the same place, Soobramaniah Pillay had

committed frauds in the Surnadhayem collections, and / from the 4th to 10th Para of the Same / that about the fusly 1249 / A. D. 1838/9 / in an Anicut dispute connected with the wet lands at a spot called Devadhanapettah Pool Hombay, certain ryots viz Venkaten Setty and 9 others were each fined by the Principal Collector, ten Pagodas, and that Vencaten Setty alone was able to pay his fine of ten Pagodas; the other 90 Pagodas were borrowed from one Moottoocomara Nadan of Madura, by Sunkerlinga Nadan one of the ten fined, and by him paid to the Cirkar; that on return of the party to their village, a tax was laid upon the inhabitants both according to their cultivation and as a poll tax, the same being fixed by the Natamgar and Carnam to realize the amount due for the payment of the fine by nine of the persons some paid their money and part of the said debt was remitted to madura, to the lender Moottoocomara Nadan, part of the money being spent by the Natamgar & Carnam, according to their pleasure.–

According to the wish of the Petitioner, this matter was sent to the

Tahsildar

Tahsildar of Nellacottah, for examination who reported on the 5th of July 1844, that he had examined the case and sent 115 documents with 7 Hindoovi accounts, 16 whole Tamil accounts, and damaged ditto 5. total 143 documents.–

That respecting the fraud of the Surnadhayem tax the former Tahsildar had examined the case; but on account of the proofs being prevented by the Carnam and Natamgar of Devadhanapettah, they were each fined, on one occasion, 3 Rupees and on another occasion 2 Rupees each, by orders to the Tahsildar, dated respectively the 28th of June 1841 No 270, and the 14th of March 1842 No 220, the Petitioner in that matter wishing the investigation to stop.–

That with reference to the fine of 100 Pagodas, of which 90 Pagodas was said to have been laid on the ryots, it was fully proved by the said inhabitants, that on ploughs and land, a tax had been laid, & accordingly some money had been paid of which a portion had been sent to Moottoo-Koomara Nadan, & some been appropriated by those who collected it. It appeared however, that 100 Rupees remains due to Moottookoomara Nadan, for which the Curnam, Natamgar and others had given a Bond and sent it to him, but the money not having been paid accordingly he had sued the Natamgar and Carnam, in the Court, and that a Decision had been paſsed, and Warrant iſsued to pay the same. That it was proved by the ryots that they and the Notakar had been called together under pretence of collecting Circar balances when they were all apprized of the forced levy.-

By the Deposition taken by the Tahsildar of Nellacottah, it appeared that 76 ryots alone paid towards the unjust levy as land & personal tax, the sum of Rupees 101-2-9 which money had been received from them the 16 persons including the Carnam's relative and others; of these 6 alone were present, and five of them allowed the receipt and disbursement, on account of the whole inhabitants, in the said matter, of, at least 184-2-„ The other one did not rightly remember what he had collected and spent in the matter which one of the 5, though he could not recollect the exact sum received, had still with him Rupees 23.–

By-

By certain Cadjan accounts discovered with the Village Officers, it appears that about Rupees 140-3-„ had been overcollected by the Village Officers from the inhabitants according to their cultivation, and by certain secret accounts discovered, it was shewn that at least a further sum of Rupees 109-13-7- had been overcollected.-

It is also shewn and acknowledged by the cultivators, that a fraud on the Cirkar, in the concealment of land cultivated to the extent of $5\frac{12\frac{3}{4}}{16}$ Guntahs, aſseſsed at Rupees 7-2-4 had been committed by the said Natamgar and Carnam of Devadhanapettah.

It is likewise proved that for Fusly 1252, the Notakar had made extra levies from 38 ryots, in money to the amount of Rupees 5-9-„ besides 3 callams and 4 tooms of grain and a fowl - It is further proved that the same Notakar, for the same Fusly, took from 30 ryots, the extra sum of Rupees 56-15-„ but from ten others he took Rupees 46-„4 leſs than was done, that the balance (pretending that one sum should be deducted from the other) viz. Rupees 10-14-8- was still with him.-

The above subjects appear to require a little further examination which

I

I hope to complete and make known to you in a few days.-

To Principal Collector of
Madura.

Sir,

Paras 1.- I have the honor to acknowledge the receipt of your letter dated the 11th Instant and in reply to state that I would not certainly have failed to notice the receipt of your letter of the 4th Instant but considered you would far prefer being in possession of all I had to say on this point to receiving mere intimation of your letter being received. my being on circuit and the intimation of certain holidays with the current business have prevented the immediate transmission of the further information I expected to afford.

2. I wished to be in possession of your opinion respecting the restoration to the Ryots of Devadhanapattah of the money they had been unjustly deprived, and which I do not consider should be overlooked even if the Sufferers had any wish to compromise the same. Should however you be pleased to consider further examination unrequisite and the Natamgar restored without any remuneration to the ryots for the ext: levies I will instantly do so and leave the matter in whatever state you may please to direct.

3. I cannot but feel regret that a case which has caused you dissatisfaction and myself trouble should ever have been brought before me. I nevertheless consider the matter of some importance but respectfully request your wishes or instructions upon the subject as to whether I am to proceed with the investigation or whether such is considered unnecessary.

No. 1.

To
W. Elliot Esqre.
Sub Collector
Dindigul.

Sir,

Under date the 23d April 1844 I directed restoration of Vasuntha Manaigaren to his Nattamai of Devadhanaputty. After calls of the 14th January and 18th February to know why you had tacitly declined obedience you gave me an unsatisfactory answer on th 20th Idem:- Again pressed on the subject in the 6th and 17th March, you changed the charac of correspondence from Magisterial to Reven Department, and under date the 25th March, you offered an inadmissible excuse, and after detailing various frauds against the man, which you said were proved, but which carry on the face of your letter marks of irregular proceed:ings, and absence of proof, you concluded with saying it seemed to require a little further examination which you hoped to complete and make known to me in a few days.-

2.

Called upon by me on the 11th April for the promised completion of the case, you reply on the 14th with a similar inadmissible excuses for the renewed delay. Say you had wished to know my opinion on certain matters, the request for which was never hinted at in your preceding correspondence, and conclude by desiring my instructions whether you were to proceed in your investigation or

or if I considered it unnecessary.-

3 On the following day the 15th April I requested you to complete, and submit the case prior to carrying it into execution with the least possible delay.-

4. Finding no hope of your ever terminating this case unless obliged by Superior authority I have the honor to request that if the case or cases (all of them) be not submitted to me with your decision on the 16th Current, that Vasuntha Manaigaren may be, on that day, restored to his Nattamai.-

5. Be good enough at the same time to report who has done the duty in the mean:time and what has become of the emoluments of the Office, and where they are.-

(Vide Proceed:ings 26th May 1845)

Read the following Statement.-

Estimate-

6022.

Fort St. George 15th May 1845.

Estimate of Repairs of Devestanoms and Chuttrums in the Districts of Madura and Dindigal for the Quarter ending 31st of March 1845.

66

Devastanoms Chittrums and charitable Institutions		Particulars of Work.	Amount of Estimate	Surplus funds in Deposit in the Treasury of the Cr. Collr. up to 31st March 1845.
	1	Straightening Curves of drains of 400 Yards in length already laid in the Masee Vidhi - - -	204 15 .	
	2	Erecting parapet wall for 4 wells, with brick in chunam, and faced with stones in the Sittharai Vidhi	100 3 9.	
Meenatchee Pagoda.	3	Removing Incroachments in east Sittharai Vadhi alongside of the lofty enclosure wall of the great Pagoda	751 8 .	4,1130 13. 8.
	4	2 Scavengers Carts — 75 — . Maintenance of Do. at 16 Rupees per Month for a year. — 192 — . Wages of 4 Coolies for keeping up cleanliness of drains at Rupees 3 — 2as each per Month for a Year — 150 —	417 — —	

1. The drainage was first laid down in the Masee Vidhi, and, in case not to offend, or interfere with private claim great irregularity of line and width existed — By exchange and gift of other ground, and by removal of the lofty Palace wall, opportunity now offers to correct these irregularities, every where widening the street, to a lineal extent of 4.00 Yards — and other portions will be hereafter similarly open to Correction.

2. The estimate for parapet walls to the 4 Wells in South Sittharai Vidhee seems high, but as a permanent improvement and one necessary to Safety, being in a wide and open street, Crowded at times of feasts, I cannot but recommend it Strongly.

3. The lofty inclosure wall of the great Pagoda forming the east Sitharai Vidhi is disfigured and the Street contracted by the long enjoyed erection of irregular Masonry houses, tiled Shops, thatched buildings & garden walls: the latter have been cleared away, and the broad street restored to the public: after many Months negociations the present inhabitants of the buildings proposed for removal, consent to the terms offered: the agreement of others must be hereafter procured, when the place will be restored to its original beauty freedom of space and salubrity of Air.

4. The Pagoda already maintains 4 Scavengers carts, and 2 more are imperatively desirable for the Devastan Streets. The 4 Coolies are a new charge, but their want has been long felt — the various means hitherto taken to make the inhabitants keep clean the portions in front of their houses failing, a better arrangement may be made at some future period, by obtaining the services of convicts or by a house assessment to provide for lighting the streets as well as the drainage: A similar increase of Establishment for the portion of the town, exclusive of the Devastanom Streets, must be at present met from the fort funds.

6023

Fort St. George 15th May 1845

Devastanum's chuttrums and Charitable Institutions	Particulars of Work	Amount of Estimate	Surplus funds in Deposit in the Treasury of the Principal Collector on the 31st March 1845	
Allagheer Coil	5 Erecting 3 Tunnels on the Allagheer Coil Road .... 80-2-6 Lengthening Gorge of 3 Tunnels on the Allagheer Coil Road 27-3-.. Earth work 11,750 Cubic yards at 6 Pice per Yard .... 369-13-..	477 2 6	6020 9 7	5. The 10 miles from Madura to the great Allagherry ruined pagoda is of use only to Pilgrims, by whom it is frequented at times, in great numbers:- About a couple of miles was put in repair last year from the same funds; the present estimate is for a further portion of the least expense in Masonry works, and by degrees the whole line will be easily put in order, with exception of Expensive Masonry where the santhyar crosses it in many channels, and which will not be undertaken till future care and observation shew how it may be most effectually and durably done, at least expense:- Meantime, a continuation of the road is being made by Village labor from Allagherry for 10 or 12 miles, to Meylore, to save the Pilgrim from the north the former necessity to return to Madura.
Peramalie Devastanums	6. Repairing portions of Road No. 5 in the limits of Peramalai Devastanum Villages in the Zemindary of Shevagunga	630 3 3	5477 3 6	6. The Estimate of Rupees 6419-13-2 for Road No. 5, from Meylore to Thiroopattoor, was carefully made by the Civil Engineer, and received with his letter under date 7th December 1844; and this amount is for portions running thro' the Peramalai Devastan lands in Shevagunga. The Thumberan, in whose possession they are, and the Shevagunga Zemindar, who claims a right of superintendence, tho' bitterly quarrelling with one another, have each given their written consent and approbation to this work being executed under my superintendence, from the Deposits in the Government treasury.

6024

Fort St. George 15th May 1815.

Devastanums Chuttrums and Charitable Institutions		Particulars of Work	Amount of Estimate	Surplus funds in Deposit in the Treasury of the Principal Collector up to 31st March 1815.
Meylur Chuttrum	7	Raising enclosure wall with brick in mud on three sides in rear of the chuttrum for passengers, carts &ca. ------ 109-4- Do. -- Do. -- Do. for a privy &ca. door & frame —— 49-10-6	159 8 6	9 . 7
Cottamputty Chuttrom	8	Removing a Milk hedge & Raising mud wall with Coping mud & brick in rear of the Chuttrum -- 81-9-		
	9	Erecting a Tiled verandah on the west side of the Chuttrom --- 99-13-	181 6 .	409 4 1

7- Meyloor is 18 Miles north of Madura, on the great military road No. 4, from Trichinopoly to Quilon and from being a wretched poor Village is becoming a town of importance from the vast improvement of road No. 4. from the almost impassable road No. 5 between it and Sheroopattoor, being now of great mercantile and private convenience, and the improvements in which are now carrying on, for the 20 miles, towards perfection, from the mutation of a foot path for 16 miles, from it to Shevagunga, to a fine handsome & wide road, at the expense of Village labor, and my superintendence, and from the gradual improvement of the 10 or 12 Miles of road to it from Allagherry Covil. — The Agraharum in which is the Chuttrum, was the longest and best street in the Village and by my care, for years, its whole breadth had been cleared, and kept free so that when a fire took place in the last days of January it consumed only the whole of the houses (thatch) on one side the street, without communicating to the other and the width of the street permitted the safety of greatest part of the little property. — I have advanced many hundred rupees to enable them to rebuild of terrace and tile and in return I am allowed to mark the line and height of frontage. The chuttrom has been very considerably inlarged and cleared, and a piece of ground has been purchased in the rear for privies, and reception of carts, for the security of which from thieves, the present estimate is submitted: the amount will be defrayed by saving from sums appropriated for daily food to travellers, which distribution will be entirely discontinued till the work is complete.

8 The chuttrom is on the same road No. 4, & is the Next stage north 14 Miles from Meyloor. The ground was so confined that every cart necessarily blocked up the narrow road. a small piece of waste has been purchased, the present Milk hedge must be cut down and the wall is to be built at the new extremity.

9. Originally this Chuttrum had no accommodation except for Bramins & soodras. last Year I found means to have a Tiled Pial Verandah built on its North side for the lower casts, & the present estimate is submitted for a similar Tiled Pial Verandah along its west face.

Devastanums Chuttrums and Charitable Institutions	Particulars of Work	Amount of Estimate	Surplus funds in Deposit in the Treasury of the C. Collr. up to 31st March 1845.
Chittumputty Chuttrum 10	Enlarging clearing and damming up a spring of water	183 10	
	Total Rupees	3105 9	

Madura
31st March 1845

10. Chittumputty is the first stage north of Madura on Road No. 4, between Trichinopoly and Quilon:- It has long had the worst travellers Bungalow on the road and within the last few years a chettrum has been built by a late Tahsildar, for which a grant of 60 rupees taxed land has been given:- The chettrum is strong and well built, but still wants a Cookroom and Pial Verandahs on the outside for low Caste travellers:- It is 9 Miles north of Madura- and as many South of Meyloor:- Its great deficiency is tolerably good water at all times and often an insufficient Supply when it is obtained from Thorumboor 1½ or 2 Miles distant:- Much private and a little public money has been spent in endeavoring to obtain and preserve a supply of water in vain. It is supposed a spring has been found in a chain of the rock which being enlarged, cleared and dammed up would afford what is required:- An estimate has been made after my inspection by the Tasildar and Talook Maistry to amount of Rupees 183—10—a. There are in Deposit a great variety of surplus water pondal money in very trifling Amounts in different talooks to Amount of 87. 2- a in the Treasury, in Meyloor talook Treasury 30—3—a for Oorany or Pond funds:— and there are due in various Villages of Mooroongapoory for Oorany or Pond funds 182—14—4; & I would strongly recommend appropriation from these different Sources of the full estimate.-

N. B. The Superintendents of the respective Institutions have readily given their written assents to all the above propositions.-

11. E. E. Fr. / Signed / J. Blackburne
Prl. Collr.

Proceedings thereon.

56-67

The Board authorize the estimate charges from No. 1 to 9 inclusive amounting to Rupees 2921. 15. .. for the repairs &ca referred to in the foregoing Statement to be defrayed from the Surplus funds of each Institution respectively - The Principal Collector will be careful to confine himself to the simple disbursement of the sums authorized and will in no way interfere with or control their expenditure.

The Board observe that there is no surplus funds belonging to the Chittompetty Chuttrum, but that it is proposed to apply the amount in deposit belonging to certain water Pandals &ca to meet the expense (Amounting to Rupees 183. 10. ..) for securing a supply of water for the Chuttrum in question: The Board cannot sanction the appropriation of funds belonging to other institutions for the improvement of this Chuttrum which they observe is endowed with land yielding a yearly revenue of 66 Rupees from which if absolutely necessary the required improvement should be made.

From the Pl. Collr. of Madura

Reporting continued impression, after extensive inquiry that the Little Palace appertains to the estate of Ramnad and is not the private property of Mootoo Chella Taver the late Manager.—

Sir,

Para 1. Under date the 29th April 1844 (a year ago) the Board commanded me to make a thorough investigation into the particular circumstances under which Vizia Regonatha Mootoochella Taver late Manager of Ramnad obtained originally and held possession of the building called the "Little Palace," and to submit report upon the same, forwarding for my information the Minutes of Consultation of the 4th Idem, in which the Most Noble the Governor in Council declared he did not consider my impression sufficient to determine on his right, a right that had never been questioned during his Management.

Govt. No. 592
Bd. No. 13 } 1844.

2. On the 15th May they forwarded me in reference to their Proceedings above alluded to, a petition from the late Manager to Government, herewith returned; and on the 10th October, they were obliged to remind me the report was still due.

27th May 1844

3. Called upon for the precise grounds of his claim to the "Little Palace" the petitioner averred that about 60 years previously his

his mother's maternal uncle Ramasawmy
Taver had raised a small building upon an
unoccupied piece of ground which he had
ever after continued to inhabit with his
the Ranee Mungalashwara Nachyar till
her succession to the Zemindary in Raksha
A.D. 1796/97/ the husband conferred it on
Sevanayee Attal his sister's daughter and
petitioner's mother, in dower, since which time
She had ever occupied it with occasional
absences to her husband's patrimonial pro-
-perty at Edembadel - and meantime it
had been occupied under her authority by
Annasawmy Modeliar of Madras, and by
Sangily Shervagaren of Sheravagunga. That
the building thus fell to him by descent, and
had been occasionally repaired by his
ancestors and himself, but he had
no accounts in proof. That he had
enlarged the spot by purchase of ground
on the north from his neighbours in Nuntha
=na/ A.D. 1832/33/ and in Vikary/ A.D.
1839/40/, and had increased the building at
his private cost the accounts of which he
could not now produce as they had been
left in the building itself; but that he
was prepared with oral evidence in both points,
and he adds that when Ranee Mootoo

Veeroyee

Veeroyee Nachyar instituted a suit for the whole
Zemindary, this building was not included - and par-
-ticularization of his above averments Petitioner
stating in writing on the 24th July 1844 that he
has no other means of proving the dower to
his mother than by witnesses; that the occasi-
-onal absences of his family at Edembadel
prevented him specifying the number of years
the buildings was occupied by his father's
family - that he cannot Specify the time dur-
-ing which it was occupied by the Moodeliar
from Madras and the Shervagaren from
Sheragunga; but that the reconstruction of
of the building had cost him 7 or 8000 Rupees
and that it had been in the occupancy of
his family for the last eleven years; - and he
declares that the building in question is nei-
-ther the "Little" or the "Southern Palace".

4. The Vakeel on behalf of peti-
-tioner's opponents the presumptive heirs
to the Zemindary maintains that the building
was originally raised by the Zemindar
Mootoo Ramalinga Saithoopatty and
appropriated for the use of his sister
Mungalashwara Nachyar who occupied
it till her succession to the estate, when
she took possession of the Palace or Great
Palace, as it is also called. That it was then

occupied successively by Annavamigi Moodilier of Madras and Singily Shernagaren of Shenagunga:- that in the succession of Ramasawmy Saithoopully the occupancy of the "Little Palace" fell to Chittra Narrain Saner, husband of one of the younger Sisters of the Zemindar, and he continued so to occupy it for a long time after the petitioner assumed the functions of Manager:- On his quitting it for another residence, it became the abode of Petitioner's family who about this time taking advantage of repairs to a portion of the Great Palace, called Seeliny Aujaram, unroofed the northern part of the Little Palace, and reconstructed and enlarged it in an efficient manner from the timber and funds belonging to the Estate. He objects to petitioner's averments that no dower could have been given without a deed of gift:- that many of the Zemindar's relations have been born in the Little Palance but obtain therefrom no right of possession:- that by the decree of the Provincial Court in No. 3 of 1813 the Little Palace was awarded to Sivagamy Nachyar, and

and she continued to occupy it till the decree in her favor was set aside by the Sudr Udalut and he argues that this is a proof Petitioner's mother had no right to the building, or she would then have maintained her rights. He charges the petitioner with forgery of the three deeds of Sale for the additional land purchased asserts that there in truth waste land but that it was the property of the Estate, he asserts that part of the timber used was supplied by the late Ealy Mootoo Pillay in payment of grain purchased from the Estate and that it is entered in the charges for repair of the Great Palace:- and finally that in the Suit brought in No. 3 of 1813 by Ranee Mootoo Veerayee Nachayar the palace in question must have been included because she sued for recovery of the two "palaces" and it is notorious there are no others than the "Great" and the "Little" palace.

5. Petitioner filed 3 Cadjans deeds of sale for land dated respectively.

11th Setthoray Newdanah / 21st April 1832 and 17th Auny Nundanah / 29th June 1832. and 28th Verasy Vikary / 8th June 1832, one of which was on a 4 Annas Stamp (unnecessary the price being only 31½ Rupees) and the other two on plain Cadjans.

6. Petitioner's opponent filed a ground

plan of the Little palace, distinguishing the new from the old buildings; 68 orders signed by the petitioner as Manager; 24 addressed to him; 42 orders signed by the Zemindar's Peishcar, head revenue servant under the manager, on the palace granary; and one united account consisting of 82 Cadjan leaves, being bills or account of expenditure under those orders, and indicating that the new buildings were raised in substitution of the old ones. Total 135 documents.

7. Twenty three witnesses were examined for petitioner, ten for the opponents and two were called by the Collector.

8. Four of Petitioner's witnesses depose to the original Little Palace having been built by Ramaswamy Tavar and given by him in dower to Sivanayee Attal, mother of the petitioner, whilst the opponents' witnesses as firmly maintain its erection by Mootoo Ramalinga Saithoo putty, for his Sister Ranee Mungaleshwara Nachyar, wife of the above Ramaswamy Tavar, who occupied it till her succession to the Zemindary; and to its ever continuing under the authority of the proprietor. It enters into my ideas of probability that a

Zemindar

Zemindar should build a house on a spot of ground adjoining his own palace within his fort for the accommodation of his married Sister and her husband; but it does not seem probable to me that such an expence would be borne by the poor husband of a Zemindar's sister; nor that he should be allowed to occupy a piece of ground adjoining the palace, if the Zemindar did not retain power and right over that building; and it seems to me very improbable that a building belonging only and exclusively to the husband of the sister of a Zemindar should be allowed to be called a "Palace." And in respect to the purchase of the three spots of ground of trifling Value tho' there is no reason to doubt their purchase, it is not clear that it was purchased by petitioner's private property and it seems clear to me the sellers were only temporary occupants by sufferance, in consequence of the often Changing masters of the estate, and had no power of sale whatever, for they can none of them produce any documents to establish their own right nor can they even Say how they obtained possession. The Petitioner's excuse for not producing the accounts of expenditure on the "Little Palace" is deserving of little credit, whilst the documents filed for the opponents, being

supplied by the present Manager Viz. Orders of the
Sumai Peshkar and others for cutting down trees
of the Palace Garden and for disbursement of mo
=ney and Grain for the building from the
assets of the estate and supported by parti
=al accounts of expenditure, and proved by
the evidence of the Sumai Peshkar and the
other witnesses cited by the Collector shew
a most preponderating evidence against
the petitioner, - and little weight is to be given
to his objection that these accounts of expenditure
are very defective and incomplete, for similar
deficiencies and irregularities will be found
in very many of the Zemindary accounts since the
petitioner assumed so entire a sway over its
administration. Petitioner has entirely failed to prove
that the building in question is neither the "Little
nor the "Southern" Palace.

9. Almost every witness has given his evi
=dence as an unflinching partisan; but taking
into consideration the documentary evidence
such as it is, and the probabilities of the
case, I find nothing to disturb my impression
that the building and grounds in dispute
is known as the "Little Palace" that it was
built and has been frequently repaired
at the expense of the estate; and that it is a
component portion of that estate and ex
=clusively at the authority of the proprietor.

Madura 25th April 1845 (Signed) J. Blackburne

From the Collr. of Madura

Intimating of having rever=sed a conviction of the Joint Magistrate in No. 109 of 1844 dated 16th April against Sham Row and Lutchmana Narrain Iyah under Regn. III of 1819 for extortion, and one for Corruption against Sham Row in No. 7 of 1844 dated 20th March under Regn. IX of 1822 and forwarding Copy of letter to Joint Magistrate of 21st April prohibiting recei=ving future charges against the above two & other persons and calling in all proceedings now before him against them.

Sir,

Para 1. Furnished on the 16th Instant with
the proceedings in Case No. 109 of 1844, in which
the Joint Magistrate, Mr. Elliot, has
recorded his conviction, under the same
date of extortion against Sham Row, a
Suspended Tahsildar, and Lukshmana Narrain
Iyah, recently by me restored police Royasum
of Sandikumboo, fining them each 50 Rupees,
or in default 15 days confinement in the Zil
=lah Jail, for the Offence charged to have been
committed in June 1838, under Regulation III
of 1819. I had no hesitation in reversing it,
not only as wanting in proof, but as believing
the charge entirely groundless.

2. Under date the 16th Instant Mr. Elliot
also forwarded me his proceedings in No. 7 of 1844
under Regulation IX of 1822 in which under date
the 20th of the preceding Month of March, he convicted
the suspended Tahsildar, Sham Row, of Corruptly
receiving

receiving 100 Rupees, on the 8th June 1843; and Sentenced him to pay a fine of 200 Rupees or suffer imprisonment in the Zillah Jail for 6 Months.

3. The prima facie reading of this decision led me instantly to doubt its justice; perusal of the proceedings entirely confirmed them. - The original complaint is laid by the Corruptor, the Zemindar of Dewarum, on the 20th July 1843, and is supported on the same day by his Karbar and two menial Servants. The answer of the Defendant was taken on the 10th of the following Month. and on the 13th December 1844 suddenly made his appearance the 1st Witness represented at the head of his deposition as of 29 years of age and Inhabitant of Dewarum, and as a cultivator in the service of the Zemindar. He volunteers evidence that the Zemindar doubting if his Karbar had really paid the 100 Rupees to the Defendant, had sent him to enquire, whereupon the Defendant gets a Bramin lad to write a receipt for the money, signs and gives it to deponent for his master with injunctions to destroy it when read. - The Joint Magistrate writes to the Zemindar to ask if this is true; he says it is and sends the receipt

which

which is recognized by 1st Witness, and the Zemindar being called also proves the document. The defendant acknowledges the signature but declares the writing a forgery.

4. The receipt bears no date yet the 1st Witness is not once questioned as to the time he received it nor at his final examination of the 15th February last is the corrupting Zemindar questioned as to the time he received it which must in all probability have been prior to the date of his first complaint if ever received at all nor the reason of his withholding mention of this powerful Document at the time of the Complaint; nor even bringing it to notice at any subsequent period.

5. My own opinion in this case is so strong that I think Mr. Elliot would be open to censure for wilful neglect of duty in not striving to prove a case of conspiracy and forgery against some or all of the party, but that I think from the various cases I have examined and reversed, that his judgement is so warped by a preconviction of the guilt of this Tahsildar that he is quite unable to weigh evidence and should not be allowed any longer to exercise the powers of a Judge over him.

Under

6. Under this view I felt it my duty yesterday to prohibit him from receiving future criminal charges against the present Tasildar of Iyempully and the present Suspended Tahsildars of Thenkurray and Nellacottah:- against Harrihur Iyah said to be a dependent on Sham Row; nor against Lukshma Narrain Iyah, recently restored police Royasum of Tadikombo- and to transfer to me every case he now has before him against any of them; and I have the honor to forward Copy of my above prohibition for the Board's information:-

Madura
25th April 1845 } (Signed) J. Blackburne.

No. 1. Prinl Collr.

To W. Elliot Esqre
Joint Magistrate of Madura ⊙ Dindigul.

Sir,

Para 1. Recurring to your various unadvised Severe and procrastinated proceedings, followed by erroneous judgements against Sham Row suspended Tahsildar of Thenkurrai his said to be dependent Hurrihur Iyah;- Lukshmee Narrainah recently restored police Royasom of Tadikombo; ⊙ Dhondoo Row restored

Row restored Tasildar of Iyempully:- and to the severe and procrastinated proceedings & (judgement not yet entered) against Vencut Row suspended Tahsildar of Nellacotay. I have the honor to request, under provisions of Regulation II of 1827 that every information of closed or unclosed investigation you have before you against any of the above may be sent to me in the precise state it is on receipt of this letter with such separate comments as you may think proper to favor me with in each case or information, or Memorandum of suspicion:- and that henceforth when any thing comes to your notice to the prejudice of these men you will immediately lay it before me and await my instructions before proceeding in any way against them:- and on any future Complaints or information being laid against them before you, you will be good enough to return them to the parties the same day with endorsement, "Precluded myself from entertaining your Complaint (or information) you are warned to present it to the Magistrate who will lose no time in taking such notice of it as it deserves."–

2 I would recommend but will not insist on the same

course towards the Zemindars and their carbars of Ayagoody, Cunnewady Ammianaikanoor and Denwarem.

3. And in all penal revenue investigations against the above parties I will request you to be so good as to inform me on receipt of charge a very brief notice of it and the course of procedure you purpose taking.

4. A copy of this will be submitted to the Board of Revenue.

Madura
24th April 1845

(Signed) J. Blackburne
Pl. Collr. and Magistrate

Ordered that the following letter be sent in reply.

70-71

To the Pl. Collr. of Madura

Informing him that the Bd see no reason to question the propriety of his having reversed the decision passed by the Sub Collr. convicting under Regulation IX of 1822 Sham Row Tahsildar of Nellacottah and approving of his having called up all cases pending before the Sub Collector in which Sham Row and others are concerned and of his having directed to communicate to him the receipt of any penal revenue charges against the same parties in future, directing that his order to the Sub Collr. prohibiting him from entertaining hereafter any criminal charge against those parties and ordering him to give to all complainants an endorsement stating that he is precluded from receiving such charges be modified and stating that in Criminal or Revenue matters the Sub Collr. should be left to entertain any charges which may be preferred against Sham Row and the other parties.

Issued 15th May

To The Principal Collector of Madura.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 25th Ultimo reporting your having reversed two decisions passed by your Sub Collector and Joint Magistrate, one in a Magisterial and one in a revenue case against Sham Row Tahsildar of Nellacottah and stating that you have felt

felt it your duty to prohibit Mr. Elliot from receiving further criminal charges against that individual or against certain other parties whom you have specified submitting also copy of a letter which you have addressed to the Sub Collector on the subject.

2. In reply I am directed to inform you that the Board see no reason to question the propriety of your having reversed the conviction of Sham Row under Regulation IX 1822 on the grounds stated. On the reversal of the conviction under Regulation III 1819 it is not necessary to remark as the case does not fall within their cognizance.

3 The Board also approve your having called up all cases now pending before the Sub Collector in which Sham Row and the other parties referred to are concerned, and of your having directed the Sub Collector to communicate to you the receipt of any penal revenue charges against the same parties in future the nature of the accusation and the course of procedure which he proposes to adopt. They regret however that

they cannot approve that part of your letter to Mr Elliot in which you prohibit him from entertaining hereafter any criminal charges against Sham Row and the others and order him to give to all complainants an endorsement stating that he is precluded from receiving such charges. Such prohibition it appears to them is contrary to the provisions of C I S V Regulation II 1827 under which the Sub Collector has full authority to exercise the powers of Magistrate within the limits of the Sub Division, and consequently to receive all criminal charges or information which may be preferred to him in cases arising within those limits altho' in his disposal of those charges when received his proceedings are subject in the fullest degree to the control and supervision of the Magistrate. It is further very objectionable as being humiliating to the feelings of the Sub Collector, tending to weaken his authority within his Sub Division generally and in a great measure to deprive him of

Fouz: Udu: Circular orders 8th April 1830-

of all due control over the particular parties to whom it applies who are for the most part his own Talook Officers.

4 The Board therefore direct that your Orders to the Sub Collector in this respect be modified and that in criminal or in Revenue matters he be left to entertain any charges which may be preferred against Sham Row and the other persons named, reporting only to yourself the institution of such complaint, their nature and the notice which he proposes to take of them, and keeping you informed from time to time of the progress of the investigation so as to enable you to interfere at any stage of the enquiry at which your interposition may seem called for.

This arrangement was consented to by the Petitioners and approved of by the Board, as shewn in their Proceedings dated 13th May 1841. Under these

Herewith returned

these circumstances the request of the Petitioners that the Beriz of the Topes should be permanently fixed is inadmissible. The present Demand is that they agreed to pay at 6/16th and there is a trifling increase of Rupees 70 above the Beriz of Fusly 1250 which is consequent on a greater number of Trees having been brought to account as Bearing since Fusly 1250 -

Tinnevelly

(Signed) E. B. Thomas
Collector

Proceedings thereon, Para 1. The Topes in question were rented in the year 1841 to the present occupants for an annual sum equal to 6/16 of the regular Teerwah fixed thereon which according to the then existing number of productive trees amounted to Rupees 1472-14-4 it being expressly stated in the proposals offered to the Petitioners "that this sum would vary according to the actual number of trees found on Examination of the Topes" and it was further made a condition of the rent that a triennial examination should be made by the Circar. The result of this enquiry would appear to have been, as stated

78-79

P. 5

in

in the letter recorded above, that in consequence of a greater number of trees having been brought to account as yielding produce since Fusly 1250 a slight increase of Rupees 70 has been made in addition to the amount of the rent which these parties were then called upon to pay.

The Petitioners however appear in their present address to demur to this Enhancement of the sum they originally consented to pay and pray to be permitted to continue the rent permanently at the rate settled in the year 1841 Viz 1472. The Board see no grounds for entertaining this request and resolve accordingly to record the following endorsement on the above petition.

"The Petitioners are informed "that their request to be permitted to continue to hold the Topes in Coilpatam at "the rate settled in Fusly 1250 without liability "to additional demand is inadmissible, being "contrary to the tenor of their original agreement."

From the Ag Prl Collr
of Canara

Sir,

I have the honor to acknowledge the receipt of the Proceedings of the Board of Revenue under date the 27th January last and in reply to state that the Buff accoutrements therein alluded to are not required for any class of peons on the establishment of Canara.

The revenue and Police

Peons in the Talooks pay for their own Belts. Those in the Huzoor & Cutcherries are alone furnished with Belts at the expense of Government, made of red and blue cloth.

The only class of Peons to whom accoutrements would be useful are the armed and drilled Peons employed on the Mysore and Dharwar Frontier under the Sanction of Government dated the 16th March 1837, but as these are dressed in Green, a colour adapted to the nature of their service in a Jungly Country, Buff Accoutrements would not be suitable for them.

From the A. Collr. of Tanjore } Sir,

I have the honor to forward copy of a communication made to the Sessions Court on the subject of Village Moonsiffs as called for in your letter of the 23d January 1844.—

Tanjore, Vellum
6th February 1844 } (Signed) I. F. Bishop
A. Magistrate.

No. 1.

To F. M. Lewin Esqr.
Sessions Judge of
Combaconum

Sir, I have the honor to acknowledge

the receipt of a letter from the late Acting Sessions Judge of the 18th Ultimo and the extract of a Despatch from the Honorable Court of Directors which accompanied it calling for an opinion whether the Institution of Village Moonsiffs had operated for the benefit of the people and had afforded them satisfaction.

I am unable to state the number of Civil suits decided by the Village Moonsiffs in the Tanjore District during the year as no report is made to the Magistrate on the subject but from all I can learn the utility of the office in matters of a purely Civil nature is limited. In many Villages the Potail and Moonsiff are different persons, the latter unpaid by Government and consequently possessed of little Authority in the Village, and with little inducement to exert himself in the discharge of his duties. In other Villages where the Office of Moonsiff and Potail are held by the same party, receiving a salary for the latter appointment, his time is generally too fully occupied in the discharge of his revenue duties and the settlement of petty

Police

Police cases to allow of his paying much attention to Civil suits the details of which he is dependant on the Curnom for the performance of and this functionary has so many calls on his own time that the Moonsiff can seldom calculate on Assistance from him in the preparation of the cases writing deposition &ca. Under such circumstances the parties in the suit must pay for the getting up of documents and as Village Moonsiffs can only decide on cases to the Amount of 10 Rupees, resort is had to the Court of the Talook Moonsiff in preference, from the greater esteem in which it is held, being a regularly constituted Court in which forms and regulations are strictly adhered to, and business more speedily conducted.

With regard to Police Matters the Advantages derived from the Appointment of Village Moonsiffs are much more apparent and their services of real value to the peace and well being of the Village over which they preside. In my opinion a head to every Village community is absolutely necessary, he is looked up to as a general referee on all matters of petty dispute, assaults, trifling thefts, and abusive language, all of which are rife enough in most Villages. The Number of persons brought before the Village Police during the last year on charges cognizeable by them, Amounts to 508 as Shewn in the accompanying abstract statement, but to judge of the utility of the Moonsiffs in Police affairs by the number of cases reported would not be a just creterion whereby to test their merits as doubtless numbers of which are settled by amicable arrangement on reference to the Head of the Village which are never made matter of record from their trifling nature, from the absence of the Curnom, and various other causes. As far therefore as the welfare of each Village is concerned and the general benefit arising from the existence of this subordinate departments of the present Police System I am decidedly of opinion that the retention of the office of Village Moonsiff is a matter of great importance and that no good internal administration will exist if the Village institutions are

not

not supported

From the Collr of Tinnevelly

Reporting the difficulty of introducing the high rates of Moturpha tax fixed by the Board recommending for adoption a modified arrangement in case the Board cannot accede to Sir H. Montgomery's rates & proposal and forwarding a statement showing the result of the proposed arrangement in comparison with former Estimates—

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings dated the 3d August 1843 calling upon me to suggest any modifications that occur to me in carrying out the arrangement therein mentioned regarding the Moturpha tax in this District; very shortly afterwards, whilst I had the subject under anxious consideration, and before I had time to offer any remarks, or reply to the Board, I received thro' the Board, the orders of Government dated 30th September 1843 directing me to carry into effect the new plan, but to offer any suggestions I may desire.—

2 I exceedingly regret that notwithstanding the facts and arguments strenuously urged by Sir H. Montgomery, the arrangement proposed by him should be set aside, and in lieu thereof, rates such as under any circumstances cannot without great difficulty be introduced, should be directed

to be adopted, in order apparently that the Moturpha Revenue may be kept upto the 7 years average amount realized from Fusly 1245 to 1251.—

Rs. 104,850.13-10

3. The Board admit the Moturpha itself to be originally the resource of a needy Government; that the modification of it, as preſsing heavily on Tinnevelly, has been canvaſsed ever since 1818; Mr. Cotton strongly recommended its entire abolition, it does not exist in the neighbouring District of Madura; Sir H Montgomery had, under the expreſs order of the Board, given the subject careful and prolonged attention; strongly urged its alleviation; and now the Board propose to levy precisely the same amount, only at somewhat different rates. I greatly fear that no persuasion will induce the people generally (who are earnestly expecting alleviation) to pay these Rates willingly; and if the welfare of the Province and its fair burden of taxation is to be considered, I am bound, after the fullest consideration, and enquiry to say, that I think the amount and Rates proposed by Sir H. Montgomery are, as high as the community can bear, if the exigencies of Government absolutely require that no abatement whatever of the demand should take place, then I would beg to

recommend

recommend that the old arrangement, with all its defects, should for the present be adhered to, as being the burden, however heavy a one, to which the people are accustomed. The Moturpha, as now existing, is very objectionable, as Sir H. Montgomery forcibly points out, and the Board fully admit; but the new arrangement proposed by the Board, *increasing* as it will, the Rates *on many*, with the partial relief of a *few*, will, at all times be diffecult to introduce, and more especially just now when the Survey occupies my whole time and *sufficiently* agitates the minds of the Community. I would at all events earnestly deprecate the Board's increase of Moturpha Rates, till the Survey is over in the District.—

4. With regard to the relief afforded to the people and the District generally, just as much is now laid on again by the high and increased rates, as is remitted in some of the more onerous an indefensible Items; and while a very few extraordinary cases on which the Board have argued, will be relieved, many will have the rates raised upon them, and amongst others on the Weavers of Malapolyum and its neighbourhood, about 4200 in number, who now strenuously object to their present rates,

Rs. as
1 of Loom at 95.5
1 of House at 336.1

or in fact to any rate at all (as shewn in their Petition to the Board No. 1629 of 1843) With reference to their Looms, Houses, and general prosperity, the Weavers of Malapolyum are as well off and have less to complain of than many others. They have the advantage of living close to Palamcottah, and are able to find a Market for their Cloths as soon as they are off the loom; and any increase of rates, as proposed by the Board, would, in all probability, and under any fair distribution, fall on the Malapolyum Weavers amongst others. I beg respectfully to refer the Board to my letter of 24th November last and the petition which accompanied it, as showing the difficulty of increasing the Loom and other Taxes on so many just at present. The Survey itself involves so much scrutiny and so many changes, that I would deprecate other difficulties being added to that arduous duty.

7 Years average amount } 104950-13-10 or 105000-0-0
Present Estimate } 85988-2-0
Decrease 19011-14-0

5. In case however the Board cannot accede either to a continuation of the Moturpha as hitherto existing in Tinnevelly, nor to Sir H. Montgomery's Rates and proposal, I proceed to submit a modified arrangement for the Board's consideration, which while it necessarily falls short of the old and burdensome amount of Moturpha by Rupees 19011-14 (which included all the objectionable

objectionable items,) exceeds Sir H. Montgomery's Estimate by 7535 and is framed, with a due regard to the Interests of Government, on as high a standard as consists with the means of the people and the Welfare of the District, and I most respectfully and earnestly request the Board's favourable consideration of it.

Vide Marginal Statement in Para 11.

6. The present increase in the number of houses and Looms above, and decrease in the number of Shops, below those entered in Sir H. Montgomery's Statement, is caused by the Statement having been prepared last year on Estimate, whereas the present account is formed on more accurate information, since obtained from the Talooks. I am of opinion that each of the Heads of Loom, Shop and House tax, should not consist of more than 4 or at the most 5 rates; the greater the number of rates, the more they will be open to abuse, by the Village Curnums, who in determining the rates to which each Loom, Shop, and house is subject, will tax them as the Board observe, according as their will or interest dictates. I have therefore with reference to the foregoing observation divided the houses into 4

Classes as follows.—

1 *Upstair* House with tiled or bricked roofs
2 Tiled and terraced Houses of *one* story—
3 *Upstair* Houses with thatched roofs—
4 Thatched roofs of one story—

and entered them as subject to the 1st 2d 3d and 4th rates of Rupees 14-10-8 & 5 respectively.

7 The Shops have been divided into Town and Village Shops, limiting the number of rates to 5 for the former, where large and small Shops are found in great variety, varying in point of trade and profit extensively from each other; and 2 for the latter, where such varieties do not exist—

8 The rates of tax on Looms have been fixed with reference to the class of persons weaving Cloths of Superior or inferior value and description both in the Towns and Villages— The most difficult Rate to fix fairly is, of course the Shop tax, because much business may be carried on, and large profit realized, in a small Shop, and vice versâ: with no certain data to go on it partakes more of the nature of a "Veesabaddy" or income tax; but every practicable means will be used to gain the necessary — information

information and fix the respective rates; and in the fixing these and the other Rates, the assistance of the community will be used as far as practicable. The Loom rate is the next in difficulty; the same man has usually in his House several Looms, some fit for weaving a coarse cloth of 2 Rupees, another of 10 Rupees; — he uses either as the demand may be, for fine or coarse cloths; but when the Curnum or any public Servant goes round to *inspect* the Looms, the *Common* inferior one is of course the one declared and found to be (*temporarily*) at work: these are some of the usual evasions, and must be met of course by careful and diligent scrutiny— The House tax is less difficult, the data and distinguishing marks being more easily and definitely known and fixed.—

9 The Board do not any where in their Proceedings say, tho' it is to be inferred from the general tenor of their remarks, that all the other objectionable and oppressive Items of Moturpha from No. 5 downwards to 68, are to be abolished— They in Para 11, "entirely approve" of Sir H. Montgomery's proposals, but in point of fact the burden

from which the community is relieved by abolishing the above 63 Heads, is only subdivided and laid on again in the shape of increased Rates in the 5 Items retained - a reference to the Marginal Statement in Para 11 will show, how much even Sir H. Montgomery's rates will increase the tax to *many* - to collect on Shops, Looms and houses at the *still higher* rates proposed by the Board, will, I fear, be really impracticable - When fixed by them, the Board were not, I am sure, aware how *very*+ few were the high and anomalous Rates they argued upon - With the further information now before them, I trust they will accede to the modifications proposed - In many instances it just comes to this, a man before paid in some instances perhaps 3 taxes, but at 3 Annas each, for his Loom, House and for deshacavil; he will now, as the Board remark, pay "only *one*," but at 9 as. under the increased Rates - It will be difficult to persuade this individual that he has been relieved from any burden -

+ 1 Loom at Rs-as-p 9-11-5
1 House at 36-1-„

10. The Board, in Para 15 of their Proceedings above quoted state, that as the

the present highest rate of House tax is Rupees 36-1-„ that fixed by the Board at 6 Rupees per house will be readily acceded to and paid by the parties subject to it, that at this rate Rupees 6000 can be levied upon 1000 Houses, Rupees 4,500 upon 1,500 House at the rate of 3 Rupees and Rupees 27,500 at still inferior rates and in the Aggregate Rupees 38000 as shown in the Statement annexed to Para 16 of the Board's Proceedings and including the tax of Rupees 10,000 on Houses in which traffic is carried on or owned by persons following the 8 trades, Rupees 48,000 - I beg to observe as before remarked that the high rate of Rupees 36-1-„ is paid by a *single* individual *only* in the whole District, who objects greatly to the Rate - the number of persons capable of paying the House rate of Rupees 6 and 3, according to the Board's Rates, are only 6 and 42 respectively and in the instance of the Rate of 14-13-4 for the Shop tax there is again but *one* individual paying at this Rate - These two excessive Rates, fixed in former times on some arbitrary and unknown cause, cannot therefore be fairly taken into account at an average or as data on which to fix other Rates -

Sir

11 Sir H. Montgomery in framing the Estimate of the Moturpha tax to be levied under the new System, included in it as in future subject to Moturpha tax, Bramins, Musselmen, Comattees, and other Castes, who have paid nothing to Government hitherto, but have enjoyed exemption from Moturpha these parties will of course object to any tax being levied on them not hitherto usual, but as I see no fair reason why they should be exempted from sharing the burden of taxation with others, I propose to include them as intended by Sir H. Montgomery. Amongst these will fall the native public Servants and others of wealth and means, but without possession amongst

	House	Loom	Shop.

7 Oil mongers.
8 Washermen.

the Moturpha will not be collected without difficulty - the new arrangement relieves a portion of the people only - Some hitherto exempt, are now included - the rates will be increased on many individuals, and the items struck off are only such as could not with justice or propriety be retained, and the people cannot be prevented from comparing their lot with their Madura neighbours, exempt from all Moturpah - Indeed to escape the old rates, many go over, every Summahking and settle within the Madura border - I would therefore earnestly and respectfully request the consideration of the Board under the further information now laid before them, and trust the Board will not only approve of the report of Sir H. Montgomery's but accede to his proposed Amount and Rates, to which I have added all that can fairly be imposed on the District.

13. On the Sea Coast of this District there are 40 Godowns or Pundagasalays and 135 Houses in which Merchants carry on extensive trade without hitherto paying only Moturpha tax to Government - In fact 1241/1831/32 Some of these Merchants' Godowns and

Houses

Houses were called upon to pay, they objected urging that they pay Sea Custom duties on the goods they trade in, and that custom had hitherto exempted them - the demand was never collected - If the godowns and houses are taxed a Revenue for about Rs. 1000 will be realized, and I see no sufficient reason for exemption, the parties being wealthy and well able to pay - and their Arguments inadmissible, in as much as the Inland Merchants are not exempt from the Shop tax, tho' they also pay Sayer duties on their goods - on this new Item I request the Board's orders, objection will of course at first be made, but I think a tax ought and may be collected, and 1 I would propose that they pay each from 5 to 50 Rupees varying according to their Size and use -

Tinnevelly
14th December
1843

(Signed) E. B. Thomas
Collector

Statement

Fort St. George 12th February 1844.

A Statement shewing the probable amount of Moturpha Tax proposed to be levied in the Zillah of Tinnevelly.

36

To
E. C. Lovell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

From W. E. Underwood Esqre.
Collector of Sea Customs
at Madras

Sir,

I have the honor to inform the Board that 2 Packages of Olive Plants and a small Tin Canister of seed imported by the Steamer "Hindostan" from Cairo were dispatched this day in good order to the Principal Collector of Salem. + 21st January

As the seed may be injured by the Canister being opened here I have requested the Collector of Salem to forward a portion to the Collector of Tinnevelly. I beg permission to enclose copy of my letter for the information of the Board of Revenue. 25th January 1844

As much importance appears to be attached to the introduction of the Olive plant I have sent a gardener in charge of them as they are in good order and it is desirable that they should arrive in a healthy condition.

I beg to transmit a Statement of the charges incurred and request you will obtain the sanction of Government for the same.

Sea Custom House
Madras 31st January 1844

(Signed) W. E. Underwood
Collector of Sea Customs.

To

Fort St. George 12th February 1844.

No. 1

To

J. D. Gleig Esqre.

Principal Collector of

Salem

Sir,

Under the orders of Government I have the honor to forward by Bandy 2 Packages of Olive Plants and a small Tin Canister of seed in charge of a Gardener imported by the Steamer Hindostan for the use of your District. A small portion of the seed has been directed by Government to be forwarded to the Collector of Tinnevelly by Bandy, and I request you will transmit the same. I have not thought it advisable to open the Tin case here as it has been soldered, as by doing so all the seed might be spoiled or lose its freshness.

Two thirds of the Bandy hire has been paid here and the Balance 1/3 Rupees 7 annas 8. I request may be paid by you on delivery of the Plants and Seeds and give me credit for the amount in your accounts as the same will be debited to you by me.

Diary

13th February — Received the following letter

To

E. C. Lovell Esqre.

Acting Secretary to the Board of Revenue.

(1) From Messrs. Hall and Philipsz

Sir,

We beg you will be pleased to inform us, if salt to the extent of 12000 Bengal Maunds may at present be had at Covelong for exportation to Calcutta on the Ship Elizabeth Ainslie, and, if not, whether that quantity would be shipped at Eskapully on application to the Collector, after the arrival there of that Vessel, and on payment of the usual Cost.

Madras, 13th February 1844. (Signed) Hall & Philipsz

13th Sent the following letter in reply

To Messrs. Hall and Philipsz

(2) To Messrs. Hall & Philipsz

Gentlemen,

In reply to your letter of the 13th Instant I am directed by the Board of Revenue to inform you that the Collector of

2604. Fort St. George 15th February 1844.

Chingleput has reported under date 10th Instant that there are 22882½ Maunds of Salt at Covelong ready for exportation to Calcutta.

Revenue Bd. Office,
Fort St. George

(Signed) E. C. Lovell
Acting Secretary.

At a Meeting Present.

Thursday 15th February 1844.

John Dent Esqre Senior Member.
A. Robertson Esqre Second Member
and
Walter Elliot Esqre Third Member.

Minutes of the last Meeting read and approved.

2605 Fort St. George 15th February 1844.

3
Proceedings.

Reporting on the present condition and resources of the Davercottah Estate in the District of Masulipatam and points its liabilities.

The Board Proceed to take into consideration the undermentioned letters from Government, requiring a report upon the present condition and resources of the Davacottah Estate in the District of Masulipatam.

3.

Here enter from Government 28th May in Cons. 16th June 1842.

From Government 22d in Cons. 24th August 1843.

From Govt. 19th December 1843. in Cons. 1st February 1844.

Para 1. The first of the above communications in addition to a Report upon the present condition and resources of the Davaracottah Estate, requires specific information regarding a balance of Rupees 75800-1-1 remaining unadjusted on a Bond executed by Doorgahprasaud Naidoo the late Zemindar in favor of Government dated 31st October 1831 for Company's Rupees 81800-1-1 payable by half yearly instalments of Rupees 6000 from 1st January 1832, the Zemindar having failed to pay the instalments from 1st July 1832. The Board will therefore proceed to dispose of this part of the subject first, before entering upon the more extensive and Complicated question of the present condition and general resources of the Estate.-

2.- In 1831, on the occasion of the Zemindar attaining his Majority an adjustment of accounts with the late Zemindar took place, and it does not appear necessary to a right understanding of this part of the subject, to go further back than that year. On that occasion it was agreed with the sanction of Government to make over the Zemindary to the management of the Proprietor on condition of his paying up all arrears of Peishcush then due, and executing a Bond for Rupees 81800-1-1 the amount of advances made by Government so long back as 1823 which still remained undischarged: the Bond was to bear 5 per Cent Interest, and to be paid off in half yearly instalments of 6000 Rupees, on failure of which the Estate was to be again attached - The arrears were duly paid up, the Bond was executed and the Estate was made over to the late Zemindar in October 1831.-

From Collr. 10th March 1831.

3- The first instalment which fell due in January 1832, appears to have been paid, but so unfavorable was the season that on the 8th May following the

From Collr. 18th September 1835.

for an arrear of Current Peishcush amounting to Rupees 44,587-9-4.- No further instalment was paid after the attachment, the succeeding year proved worse - and the year following worse still - and in that year 3rd June 1834 the late Zemindar died. At this time the arrears of Peishcush, including the amount for which the Estate was attached in May 1832, amounted to Rupees 75687-5-7 or up to close of Fusly 1244 July 11th 1835 to Rupees 118843-8-4 and including the balance of the Bond remaining undischarged Viz. 75800-1-1 to a total of Rupees 194643-9-5.-

Collr's letter 18th Septr. 1835 - Paras 2 & 5.

4.- The late Zemindar was succeeded, with the sanction of the Board of Revenue and of Government, by an adopted Son a Minor, and the Estate being at the time under management for arrears it was considered advisable to continue it so, and in its embarrassed condition not to take it under Charge of the Court of Wards, it has accordingly continued under the Collector's management up to the present day, but owing to a succession of unfavorable seasons with little better success, for the arrears of Peishcush have now accumulated up to the close of Fusly 1251 to Rupees 277888 - 6 - 4.-

To Govt. 1st Octr. 1835.
From Do. 20th Do.

or after crediting subsequent Collections up to Statt. A. 31st October 1843 to Rupees 241,888-8-6, to this being added the amount of the Bonded debt undischarged Rs 76,800-7-1 the total liabilities of the Estate of Government may be stated at Rs 317,688-7-5: It will be seen from the foregoing that, with the exception of one instalment, no portion of the Bonded Debt has been discharged since the execution of the Bond in October 1831. The Bond could only be discharged from the surplus and the Collections being insufficient to meet the demand for ordinary Charges and for Current Peishcush, it has remained unliquidated, and unless some relief is afforded to the Estate, it appears to the Board that there is but slender prospect of realizing any portion of the amount of the Bonded debt..

5. The Board will proceed now to the examination of the present condition and resources of the Estate. Various opinions have at different times, been given of the Capabilities of the Estate.. Mr Collector Russell in his letter Para 14. 1st September 1819 says "This Estate is one of the finest in the District, and if it only be possible to prevent the Kistnah

not despair of being able to discharge the whole of Para 4. the present heavy demands within 6 years." Mr Collector Dent, in his Report 10th March 1831 considers the Estate more highly assessed than any other in the District. So Mr Stonehouse in his Para: 5. letter 3rd August 1831 considers the Estate very highly assessed. Mr Goldingham on the contrary in his letter of the 19th January 1837 is of opinion that the Estate is not over assessed, and from a Statement of the Ten years Collections from Fusly 1229 to 1238 both inclusive, endeavors to show that there is a surplus, after crediting the Zemindar 1/3rd share of the Revenue, in favor of the date on which the Permanent Peishcush was fixed of Rupees 6594-10-1¼, but as this conclusion is arrived at by crediting to the Zemindar's account 1/3rd of the Permanent Peishcush only instead of 1/3rd of the gross Jummah realized, it is not necessary to notice this Statement further..

Para 3. "my attention has been given for some time past to the formation of a settlement in Devacottah with the view of raising it from its present Condition as well as to the further development of its resources by attending to its irrigation, and it is quite clear to me that the Capability as developed by the 10 years management referred to is below the real Capability of the Estate.."

6. Mr Collector Grant in his Report of the 3rd July 1838 has very clearly exposed the above error into which Mr Goldingham has fallen, and shows that by giving the Zemindar credit for 1/3rd of the Gross Jummah the result would exhibit a balance in the 10 years noticed of Rupees 54850-7-6 against the data upon which the

permanent assessment was formed instead of Rupees 6598 - 10 - 1¼ in its favor--

7: Whether the Estate be really too highly assessed or whether its capabilities have not yet, after 42 years experience, been sufficiently developed, one thing is quite certain that the property has not of late years yielded what was calculated upon at the time of the Permanent Settlement, or sufficient, after paying the Peishcush and Charges. Collection to maintain the Zemindar suitably to his rank and condition and in a way that was originally intended.

The Gross value of the Estate according to the Accounts of the Committee of Circuit was	154036.3.2
Deduct ⅓rd for the Zemindar	51346.3.2
Remains Peishcush payable to Government	102690

In this account of Zemindar's Profit is estimated to average annually Rupees 51346 - 3 . 2. but what has been the actual result--

Statt. B-

The total ordinary Collections for the last 42 years or from fusly 1210 to 1251 both inclusive has been	5204104
Deduct Peishcush at Rs 102690 per annum for the same period	4312980
Remain surplus	891124
Or an average Profit to the Zemindar annually of	21217

in place of 51346.

---

the first 21 of which during the prevalence of high prices were much more favorable than the last--

Statt. B.

21 years

The average ordinary Collections from fusly 1210 to 1230 both inclusive were	139736
Deduct Peishcush	102690
Profit	37046

Statt. B.

21 years

The average ordinary Collections from fusly 1231 to 1251 both inclusive were	108077
Deduct Peishcush	102690
Profit	5387

The actual ordinary Collections for the last Ten years exhibits a still worse result.

Ordinary Collections of 10 years from fusly 1242 to 1251--

Average Deficit	10716

Viewing

received therefore for a term of 42 years, for 21 years as for 10 years, it is seen that the result of each series is more unfavorable to the Zemindar than the preceding one and that under no circumstances has the Estate for the continuous period yielded a Profit commensurate with what was expected or intended at the time of forming the Permanent Settlement...

Honble Courts letter dated 19th April 1837 - Enclosure in a letter from Govt dated 12th instant 25th Septr 1837 -

8- The Honorable Court of Directors in the year 1837 reviewing the circumstances of this Estate for the 16 years ending with Fusly 1244 came to this conclusion, when the average Collections were to the Peishcush in the ratio of Rs 128,102 to Rs 102,690, and when there was a Profit of Rupees 25,412 to defray the Zemindar's expences and Charges Collections &ca and expressed their opinion that the Peishcush should be reduced, the Board cannot do better than quote the Honorable Courts own words...

	Rs
Collection	2049,646
Charges	402,578
Rs	1647,068
Peishcush	1702,326
Deficiency	55,258
annual Deficit	3,453

27. "From the accounts of this Estate furnished by the Collector it appears that for the 16 years included between the 6th March 1819 and the 11th July 1835, the total Collections have amounted to Rupees 2049,646, and the Charges including Zemindar's subsistence to Rupees 402,578, leaving a balance of Rupees 1647,068 only applicable to the liquidation of the Peishcush which amounts to Rupees 1702,326 - Out

of

of this amount however the sum of Rupees 1583,482 only has been Collected, leaving a Balance of Rupees 118,843 besides Rupees 75,800 advanced to the late Zemindar from the Public Treasury making the total debt to Government Rupees 194,643 --

28. You have determined to retain the Estate under attachment for arrears in preference to placing it under the Court of wards in order to enable you, if possible, to recover some portion of this Balance from the surplus proceeds - The present representatives of the family, which is ancient and respectable, are dependent entirely on the provision of Rupees 700 per mensem which your liberality has assigned for their support, and to which they have no legal Claim..

29. From the account of the receipts and Charges of the Estate already alluded to, it would appear that there is but little chance of redeeming the Estate from its liabilities and placing the family in unembarrassed possession - The result of the last 16 years shows an actual deficit of Rupees 55,258, and unless this result has been brought about by mismanagement (of which there appears to be no indication) it is obvious that the measure which you have adopted of retaining the Estate under

attachment and allowing a subsistence for the family is merely palliative, and that the only remedy for such a state of things is to be found in reducing the permanent assessment which now absorbs more than four fifths of the average Collections--

Average Collections Rs 128102
Peishcush 102590

30. We fully agree with you in the policy and expediency of maintaining the ancient and respectable families in the possession of their Estates, but we are of opinion that this object will be far more effectually accomplished by reducing the Peishcush to a fair amount in all cases in which it shall clearly appear to have been unduly fixed, than by taking the Estate under attachment, allowing the family to become in the mean time pensioners on your bounty, a measure which too frequently ends in your being compelled to relinquish the Balance and replace the family in possession only to recommence the same process, until the natural course of things again brings the Estate into the hands of Goverment"--

9. The Honorable Court with the results up to the end of Fusly 1244 before them

them

them were impressed with the idea that the Peishcush of this Estate was to high - The result of the 16 years management ending with Fusly 1244 exhibited a deficit, after defraying Peishcush and Charges, Collection of Rupees 55258 - Carrying on the account made upon the same principle to the end of Fusly 1251 the deficit

Statt. C. is increased to Rupees 151834 - - - and if a Correct Estimate of the Capabilities of this Estate could be formed from the average Collections of past years alone, the results exhibited in the preceding pages could only lead to one conclusion that the Peishcush is too high - but in determining this question there are other considerations worthy of enquiry - Before questioning the accuracy of the data upon which the Committee of Circuit fixed the Permanent Peishcush it is necessary to examine into the causes temporary or permanent local or general, which may have led to the Collections in late years, falling so far short of what were anticipated by the Committee of Circuit and what they actually were, for many years, after the introduction of the Permanent Settlement - The Board more particularly refer to the prices

prices of Grain the condition of the works of irrigation, or defences to keep out the overflow of the Kistnah - the Population and average Extent of Cultivation as compared with former years and what they were at the time of the Permanent Settlement - That low prices have materially affected the Collections of late years there is not a doubt; but this is an argument which will apply with equal force to all the Zemindaries in the Northern Circars, and if admitted as a sufficient ground for reducing the Peishcush in the Davaracottah Purgunnah, will be brought forward by every other Proprietor - Before therefore submitting any recommendation regarding the reduction of the Permanent Peishcush of the Davaracottah Estate the Board would suggest that accurate information should be obtained by some one on the spot, who can give his whole time and attention to the investigation, both as to the above mentioned local causes affecting this Estate in particular, and the extent to which low prices have affected, not only this Estate, but the whole Northern Circars, and whether on this

Statt. D.

this account a general reduction in the Peishcush is considered neceſsary as a temporary or a permanent measure --

10. In reference to the future therefore the Board are not prepared to submit any specific recommendation as to the amount of Peishcush to be fixed on the Davaracottah Estate; but as regards the past they desire to bring under consideration a circumstance which has materially tended to cause the defalcation in the Collections from this Estate; they refer to the discontinuance of an important Item of Collection, which formed an integral part of the aſsets upon which the Permanent Peishcush was fixed - The Collection of this Item has ceased to be made from the Ryots - whilst the amount of Peishcush has remained the same and been demanded from the Zemindar in all seasons alike --

11. The Item alluded to is denominated "Desmooky Roſsooms" or "Durbarry[×] Curchaloo" these are said to vary from 15000 Rupees in Ordinary years to 25,000 Rupees in very good years but were taken by the Committee of Circuit at an average of Rupees 19044-9-1. This Charge was considered by Mr. Ruſsell to preſs with peculiar hardship upon

[×] Note - A collection for the benefit of the Zemindar of a fee of 1½ Rupee per Poty on account of wet Grain and 2 Rs. per Poty on all dry Grain --

upon the Ryots and in Fusly 1230 during the
minority of the Zemindar was altogether given up,
when the Estate was under the Court of Wards, and
From Collr 15th Decr 1830 in Cons 3rd July 1831. Para 17. altho it was recommended by the Collector in Fusly
1239 to be reimposed upon the Zemindar attaining
his Majority, the opposition of the Ryots was such
that the measure has never been Carried out.
The subject was brought forward by Mr Stone-
house in his Report dated 13th April 1832 upon an
application for Compensation from the Zemindar
and discussed in the Boards' Proceedings 28th
X May 1832 - Mr Stonehouse considered the Item
as clearly included in the assets upon which
the Permanent Settlement was fixed and as the
Collection of it had been given up during the
Zemindar's Minority *without* his being any party
to the measure, he was of opinion that the Zemindar
was entitled to compensation to the extent to
which remission had been annually made
Bd's Proceedings 28th May 1832. to the Ryots on the above account. The
Board took a different view of the subject
from Mr Stonhouse and were of opinion that
the Zemindar's claim to compensation
had not been established they declined
therefore, to entertain the proposition on
the

the grounds upon which Mr Stonhouse had sub-
mitted it, but at the same time expressed their
readiness to give full consideration to any suggestions
which he might wish to offer for a reduction in the
total amount of Peishcush, if it could be clearly
shown that it was fixed at a higher scale than
the Capabilities of the Estate were able to bear.
Meanwhile in consequence of the death of the late
Zemindar and the minority of the present, nothing
seems to have been done towards the
reimposition of the Collections of the "Durbary
Curchaloo".

12. But the present Zemindar's
minority being about to expire this would seem a
fitting occasion to resume the consideration of the subject.
The Honorable Court are fully impressed with the
necessity of affording relief to the Estate, and
if compensation is ever to be allowed on account
of the suspended Item of Collection it should
be done now to enable the young Zemindar to
resume Charge of his Estate freed from the heavy
arrears of Peishcush which now overwhelm it.

13. The arrears of Peishcush up to
the close of Fusly 1251 it is seen amount to Rupees
Para 4 of this Paper. 277,888 - The Item of "Durbary Curchaloo" included
in the assets of the Committee of Circuit is entered
at

at Rs 19044, and under all the circumstances of the case the Board are of opinion that it would only be in accordance with the accustomed liberality of Government to allow him compensation at the rate of 2/3ds of this amount from the date of the Collection being given up to the present period, or from Fusly 1230 to 1252. Calculated on this principle the amount will be Rupees 279312 ——

Durbary Curtch included in the average of the Circuit Committee's accounts....	Rupees 19044	
Deduct 1/3rd for the Zemindar	6348	
Remain 2/3ds to the Circar	12696	
from Fusly 1230 to 1252 or 22 years........		279312

and the Board recommend that this amount should be taken as a set off against the arrears of Peishcush and the accounts adjusted on this principle up to the date of the Estate being made over to the Zemindar upon his paying up whatsoever difference there may be against the Estate. If this real boon be granted the Zemindar will be enabled to undertake the management of his Estate with some prospect of success and the benevolent object of the Honorable Court

and

---

and the Government will have in a great degree been accomplished.—

14 The Item of "Durbary Curch" either under this or some other name is included in the assets of all other Estates and the Board will give instructions for its reimposition being immediately carried out under the Zemindar's Management.—

Para 3 of this Report.

15 To recapitulate. It is seen that only one instalment of the Bonded debt has been paid and that the amount of the principal still remaining undischarged is Rs 75800—the Board would recommend for the liberal consideration of Government that the interest upon this sum which is strictly due should be remitted upon the Zemindar engaging and giving good Security to discharge the amount of principal in six equal annual Instalments.

Para 9 of this Report.

16. The Board are not prepared to recommend any permanent reduction in the Peishcush until the enquiries suggested by them have been made by some person on the spot. The Board recommend that compensation on account of Durbary Curch should be allowed as a set off against the arrears of Peishcush and the Estate restored to the Proprietor upon his coming of age and paying up whatever balance of Peishcush may be due on the above adjustment of Accounts.

Ordered that a Copy of the foregoing Extract from the Boards' Proceedings be submitted to Government.

2-4

2627

Fort St. George 15th February 1844.

(5)

Read the following Extracts.

From the Chief Secretary to Government } Extract from the Minutes of Consultation under date the 10th February 1844.

Read the following letter from the Acting Secretary to the Board of Revenue.

Submitting a correspondence with the Acting Collector of North Arcot on the subject of a further claim made by the Enamdar Meerzah Aubid Hoossain on account of loss of produce of his land during the interval from the time of his being deprived of his former Enam taken possession of for Military purposes to that of his being placed in possession of his present one, and recommending that Rupees 139-5-.. may be ordered to be paid to him on that account. also recommending for stated reasons that the Enam should lapse to Government at the death of the present incumbent.

(Here enter 15th Jany 1844 No 21.)

The Most Noble the

Governor in Council sanctions the payment to Meerzah Aubid Hoossain of the compensation recommended in the foregoing letter on account of loss of produce amounting to Rupees (139 - 5 - ") One hundred and thirty Nine and annas five, and under the circumstances brought to notice in para 3, he resolves to declare that the Enam conferred on that individual in lieu of the land taken up for Military purposes at Vellore, will be continued only for his life.

(A true Extract)
(Signed) J. D. Drury
Chief Secretary

To The President and Members
of the Board of Revenue.

Resolution thereon.

5-6

5'

Resolved that a copy of the foregoing Extract from the Minutes of Consultation and of the Board's letter to which it refers, be furnished for the information and guidance of the Acting Collector of North Arcot with reference to his letter dated 16th December last.

Extract

17

From the Chief Secy to Govt. Communicating observations and orders on the Board's Proceedings relative to the Management of the Govt. Estates in Vizagapatam for Fusly 1251.

Extract from the Minutes of Consultation
Under date the 12th February 1844.

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the Management of the Government Estates in the District of Vizagapatam for Fusly 1251/1841/42.

(Here enter 11th December 1843 No. 613)

1. The Acting Collector having had no personal share in the settlement confines himself to an explanation of its actual outturn, nor is it stated by whom the former was conducted.

2. The gross settlement in this very favorable season was 223,336 Rupees, the deductions 31,559, leaving a Net Revenue of 191,777 Rupees.

3. Adding to this the amount derived from Rented Jody Mokasa &ca Villages, the total demand was 220,936, of which was collected up to the 15th November 213,704 Rupees, leaving a balance of 7,232 Rupees.

4. The arrears were 11,145, making a total balance current and arrears of Rs. 18,377 - On this the Acting Collector has

reported and his sentiments with those of the Board, will, they state, "form the subject of a separate communication". Para 9.

5. It is satisfactory to know that with the exception of one, the Estates realized considerably above the Peishcush upon them. The prosperity of the Surwoodity Estate has been of late years much interfered with, in consequence of disputes on rights of irrigation. Para 7.

6. It is incumbent on the Board with the opinions of the Collector and Acting Collector on the subject before them, and with reference to the loss of revenue occasioned by the disagreement, to settle and determine it without further delay.

7. The chief feature calling for remark would appear to be the magnitude of the remissions with reference to the prosperous nature of the season. That portion of it headed "discretionary" is shewn to exceed a similar item in the preceding year by 3114 Rupees.

8. The Board call for explanation regarding the actual [illegible] Boards Proceedings Para 4.

Settlement

Settlement shewing an apparently conflicting Statement of the mode of procedure as represented by two Collectors in 1835 and 1840. The one Officer making known as far as respects the district of Palcondah, an agreement with the renters to contribute a greater or less revenue, according as prices exceeded or came below certain standards, the other remarking that his Settlement was made on the average price of grain throughout the year, the produce of each Ryot estimated and converted into money at the above rate, and the amount payable finally determined by the Collector at the Jummabundy in reference to the circumstances of the former. This account apparently applies to the entire ryotwary portion of the district, no mention being made of a different system obtaining in Palcondah. Collrs Report Fusly 1249. Para 40.

The Acting Collector seems as relates to Palcondah to follow the former, and as regards the remainder of the district, to confirm the latter description. Para 3. Para 12.

9. The large amount of

remission is explained by the Acting Collector as arising chiefly from the "Talook Officers distributing all or nearly all, the lands capable of being cultivated among the Ryots without much preference to their ability to undertake them. The consequence of this is, an enormous deduction when the final settlement comes to be made." His Lordship in Council observes that this system is entirely opposed to the reiterated orders of Government for allowing the Ryots to increase or contract their cultivation according to their means and inclination.

10. The Board have laid down in Para 5 the proper basis of the settlement as long as the present unsatisfactory system continues. No after Remissions subsequent to the conclusion of the Jummabundy should be permitted without their knowledge. The Government trust however that the survey sanctioned in 1841 has so far advanced as to render the existing method but of short duration, and considering the great importance of the abovementioned tracts, it is to be regretted that no mention of its progress and

present

present state finds place in the Collectors report.

11. In Para 10 the aggregate revenue of the district including Zemindaries, Proprietary and Government Estates is given at 1,268,686, which has been collected with the exception of Rupees 9,826 of this amount, 3500 is due from the Dimlay Zemindary and for which balance it has been brought to sale. The report on the old arrears on these Estates will receive consideration in separate Proceedings of this date. It is observed that a delay of more than one year has occurred in the submission of the Collector's report to the Government, it is needless to observe that its observations and those of the Board are the more useful and effective, the more immediately they follow the committal of the acts to which they apply.

Acting Secretary to the Board of Revenue

Fort St. George

1

From the Agent to the Govt. at Vizagapatam

Acknowledging the receipt of an Extract from the Board's Proceedings dated 7th December 1843 & representing the additional labor & responsibility the Management of the Vizianagram Zemindary imposes on him and

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 7th December 1843, forwarding for my information an Extract from the Minutes of Consultation under date the 28th November 1843 in which the Most Noble the Governor in Council resolves to make a reference to the Government of India with a view of requesting that the assistance

& requesting that his claim to the Commission now drawn from the Estate may be submitted for the favorable consideration of Government.

assistance of the Public Authorities [illegible] may be obtained for the purpose of ascertaining the full extent and value of the pecuniary liabilities of the Zemindar of Vizianagram.

2. When a reply to this communication is received, the question whether the Zemindar is to be permitted to leave the management of his Estate during his life time in the hands of the Collector and Agent to the Governor in this District will I conclude be finally disposed of.

3. On this occasion I am anxious to bring to the notice of the Most Noble the Governor in Council the position in which I am placed as the representative of the Vizianagram Zemindar.

4. Formerly the Collectors of what were termed settled Districts drew a reduced Salary but they were allowed Commission of One and a half per Cent on all Estates under their immediate Management whether they were the property of Government or of private individuals.

5. In 1836 this distinction between settled and unsettled Districts was abolished and the whole of the Districts forming the Madras Presidency were divided into classes.

6. The Commission on Revenue formerly drawn by the Collectors was at the same time discontinued and a consolidated Salary granted as follows

To 13 Principal Collectors Rupees [illegible]

10 Collectors . . . . Rupees [illegible]

7. To compensate for the additional expense which the arrangement [illegible]

Commission

AR

Commission on Government Estate under Aumany Management was abolished but it was to be charged as before on all private Estates under Management and carried on to the credit of Government.

8. I was appointed Collector and Magistrate of this District on a Salary of Rupees 30,000 per Annum when these rules were in force.

9. But I understand that the arrangement above referred to did not receive the sanction of the Honorable the Court of Directors who have ordered that the Salary attached to the Office of Collector in all Districts shall be reduced to Rupees 28000 per Annum. Notwithstanding this the Commission on all private Estates under Management is still carried to the credit of Government.

10. In December 1839, I was appointed Agent to the Governor of Fort St. George at Vizagapatam. In that capacity the whole Judicial business of more than 3/4 of this District was imposed on me, in addition to my former duties, and yet my consolidated Salary was fixed at the same rate I had formerly been drawing when I had only Revenue and Magisterial duties to perform, while

the Salary of the Agent to the Governor of Fort St George in Ganjam, who had by no means so large an increase of buſiness, was raised to the sum of Rupees 34,200 per annum.-

11. It may perhaps have been intended that the Agent should draw the established Commiſsion on Estates under Management but whether this be the case or no, in regard to Government Estates or to such private Estates as come under the Management of Officers of Government according to the Regulations, that is from the declared incapacity of the Proprietors, the circumstances under which the charge of the Vizeanagrum Zemindary has devolved on the Collector and Agent in this District are so peculiar as to be deserving of special consideration.-

12. In 1828 the Rajah of Vizeanagrum obtained the permiſsion of Government to proceed to Benares and to make over charge of his Zemindary and of his affairs generally, including many most troublesome law suits, to the Collector of the District.-

13. The object of the Zemindar in proceeding to Benares was principally to obtain relief from the preſsure of debts and other embarraſsments in which he had become involved; and it was generally understood that his absence was not to extend beyond ten years, by which time it was anticipated that his debts would be nearly discharged.-

14. Having however experienced the pleasure of

of being relieved from all details of buſineſs he is now desirous of obtaining permiſsion to reside permanently at Benares preferring to paſs the remainder of his life in a foreign Country to resuming charge of his Estate.-

15 The Vizeanagrum Zemindary forms 12 Talooks and is as extensive as some of the Districts in the Madras Presidency.-

16. A separate Establishment is maintained for its Revenue Administration and the Head Sheristadar of the District receives an Extra allowance from the Estate, for superintending it, so that the Collector and Agent on whom so much additional labor and the whole responsibility is thrown, is the only person connected with the management who receives no remuneration whatever on this account.-

17. I can most conscientiously declare that there is no portion of my duties which gives me so much trouble and anxiety as the Revenue administration of the Vizeanagrum Zemindary, the difficulty of which is much increased from the lands never having been surveyed or aſseſsed, and as far as I am personally concerned I would prefer to be relieved from the charge to receiving extra remuneration for its continuance.-

18. The annexed figured Statement exhibits the amount of Commiſsion that has been drawn from the Vizeanagrum Zemindary it fell under management and also the mode of its disposal.-

The

19 The above Commission is of course temporary and would at once cease if the Estate were restored to the Zemindar or his authorized representative, and as its Management entails no expence upon the Government no reduction of expenditure could ensue inconsequence of its being restored to the Proprietor.

20 Under these circumstances I trust I am justified in bringing the subject before the Board of Revenue in the hope that they will recommend to the favorable consideration of Government my claim to the Commission

now drawn from the Estate.–

21. This would be but a fair remuneration for the very great additional trouble and responsibility which its management imposes upon me.–

22. Should the Most Noble the Governor in Council entertain any doubts as to his competency to pass orders on this subject on his own authority I trust his Lordship will forward this representation to the Honorable the Court of Directors supported by his powerful recommendation.–

Vizagapatam District,
Bimlipatam,
Governor's agent's Circuit Office
4th January 1844

(Signed) W.U. Arbuthnot
Agent to the Governor

11-12

11-12

To the Chief Secy to Govt.

submitting for favorable consideration a letter from the Collector and Agent to the Governor in the district of Vizagapatam requesting that he may be allowed the commission now drawn on the revenues of the Vizianagrum Zemindary which is under management owing to the absence of the Zemindar at Benares.–

4th Consn 15th Feby 1844

Ordered that the foregoing letter be submitted with the following address.

To
The Chief Secretary to
Government

Sir,

Para 1. I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Collector and Agent to the Governor in the District of Vizagapatam soliciting the special consideration of Government in regard to the increased duties and responsibility of his Office from the management of the Vizianagrum Zemindary in the absence of the Zemindar at Benares, devolving on him in addition to his other duties in the Revenue and Judicial Department.–

2. Mr. Arbuthnot observes that formerly Collectors of what are termed settled Districts drew a reduced salary but were allowed a commission of one and a half per cent on all Estates under their immediate management whether the property of Government or private

persons which was discontinued in 1836. when consolidated salaries were granted..

To ten Principal Collectors Rs. 36,000 per Annum.

To ten Collectors Rupees 30,000 per Do.

and the payment of Commission to Collectors was discontinued though levied on account of Government on private Estates under management and the salaries so settled Mr. Arbuthnot observes have since been ordered to be reduced to Rupees 28,000.—

3. In December 1839. Mr. Arbuthnot was appointed Agent to the Governor by which the Judicial business of more than three fourths of the District devolved on him in addition to his former duties but without any addition to his salary, and he thinks it may have been intended that he should receive the Commission on Estates under management. But however this may have been as regards Estates coming under his charge in due course according to the provisions of the Regulations, he submits that the circumstances under which the management of the above Zemindary

(which

(which he states is by itself as large as some Collectorates) devolved on him are such as to deserve the separate and special consideration of Government, the Zemindary has been placed under the Collector's management not from any legal or natural incapacity of the Zemindar to conduct its affairs but merely to relieve him from embarrassment in which he had become involved, and his absence being now prolonged entirely from choice and because he prefers being relieved from the details of business and residing at Benares to resuming charge of his own affairs.—

4. Mr. Arbuthnot observes that there is no part of his duties which occasions him so much trouble and anxiety as the Superintendence of the Zemindary and that he is the only person connected with the management who receives no extra remuneration on that account, and under these circumstances he requests that he may be allowed the Commission now drawn on the

revenues of the Zemindary as a fair remuneration for the great additional trouble and responsibility which the charge of it imposes on him.

5. The Board have on repeated occasions had the satisfaction of bearing testimony to the zeal and ability with which Mr. Arbuthnot has applied himself to the discharge of his various public duties in the Vizagapatam District and of bringing to notice the advantages which have already resulted to the Vizianagarum Estate from his judicious management and it will be very gratifying to them to learn that his application has been favorably entertained by the Most Noble the Governor in Council.

Acting Secretary

Read the following letter.

13

To
E. C. Lovell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

From the Collr. of Masulipatam Forwarding a proposition from L. Nursaranga for the rent of the Valavadum Mootah for a term of 10 years for the sum of Rupees 124,515 and requesting orders that the Mootah may be made over to the Renter and the attachment thereon removed.

Sir,

Para 1. With reference to my letter dated 20th April last reporting the attachment on the 8th of that month of the Valavadum Mootah, I have the honor to state for the information of the Board that I have received a Petition from one L. Nursaranga, copy and translation of which are herewith submitted, bringing to my notice that the Mootah in question had been previously rented to his son for 10 years from Fusly 1252 (AD 1842/43.) to 1261 (1851/52) by Sooranany Venkatapaty row Zemindar of Mylavarum, and that on the death of his son, which took place shortly after the Settlement of the rent, it was renewed in his own name on the original terms as shewn in the Margin the total amount for the 10 years being Rupees 124,515 — and requesting that the attachment may be removed and the rent confirmed to him.

Fuslies.	Amount CRs.
1252	10,501
1253	11,001
1254	11,501
1255	12,001
1256	12,501
1257	13,001
1258	13,501
1259	13,501.
1260	13,501.
1261	13,506
	124,515

2. The Tahsildar of Bezoarah in whose Talook the Estate in question is situated having been directed to enquire into the validity or otherwise of

the rent in question, stated to have been given before the date of attachment, has reported that the lease appears to be a bona fide transaction, and that the terms thereof were formally entered into and duly ratified between the contracting parties as stated by the Petitioner.—

Fuslis	Amount of Rent Rs.
1253	15000
1254	15500
1255	16000
1256	16500
1257	17000
1258	17500
1259	18000
1260	18500
1261	19000
1262	19500
	172,500

1253	13000
1254	13500

1256	13500
1257	13500
1258	13500
1259	13500
1260	13500
1261	13500
1262	13500
	134,500

3 Subsequently to the receipt of the Petition now submitted an offer was given in by Soonany Sayennah and C. Lutchemennaiah for the rent of the Mootah at an advanced amount of Rupees 172,500, and this was soon after followed by one from Sait Purjee Mohundoss Sowcar at Masulipatam proposing to rent the Mootah for the sum Rupees 134,500 and promising to make a deposit, or to tender a competent security for the fulfilment of his engagement.

As however, independently of the prior claim possessed by L. Nursarange to have his engagement recognized, if proved to have been in existence prior to the attachment of the Mootah, it was a matter of notoriety that the increased offers were made at the instigation of the Noozeed Zemindar, who being on unfriendly terms with the Mylavaram Zemindar had forwarded several Petitions intimating that the rent in question was a collusive one, and representing that the resources of the Mootah were for fraudulent purposes undervalued, I have not considered it advisable that the subsequent offers should be entertained; the increased amount of revenue, even if of certain acquisition, not being in my opinion worth the risk of the confusion and annoyance to the Mylavarum Zemindar which might be expected from renting out a portion of his property to parties who are supposed to be ill disposed towards him and who cannot therefore be expected to take a very lively interest in the welfare of the inhabitants.—

To the Board 26th November 1840
To Do. 1st June 1841.
Bd. Proceedings 17th Do.

4. It will be observed from the correspondence noted in the margin that the estate of Valavadum was given up to the Zemindar of Mylavarum on the death of his brother Ramachendra-row upon his entering into an agreement to pay the arrear of Peishcush due up to Fusly 1248 / A.D. 1838/39. amounting to Rupees 30,241—"—6, by eight yearly instalments commencing with Fusly / A.D. 1251 / 1841/42 the Zemindar however failed to make good his promise, and the further accumulation of arrears on account of current Peishcush has led to the attachment of the Estate as already noticed, the whole arrear due on that date being as particularized in the Margin Rupees 34,528—6—8.—

Taking

---

5. Taking then into consideration the annual amount of rent offered by Nursaranze and comparing it with the demand on account of the arrears of Peishcush which has subsequently accrued and the amount of instalment stipulated to be paid by the Zemindar yearly, the Renter Nursaranze has been called upon to regulate the amount of his payments so as to meet the demand on account of Peishcush. The accompanying Copy and translation of an Arze addressed by him above alluded to will shew the terms on which he has agreed, if permitted, to continue the rent, in addition to the annual amount of rent as noted in the Margin, he has promised to pay Rupees 6,770—"—7. in Fusly / A.D. 1253 / 1843/44 on account of the balance to rent for Fusly / A.D. 1252 / 1842/43. amounting together to Rupees 19,697—2—11.—

Fuslies	Amount of rent
1252	11,679 10 9
1253	12,927 2 4
1254	12,927 2 4
1255	13,427 2 4
1256	13,427 2 4
1257	13,927 2 4
1258	14,168 2 10
1259	10,677 2 4
1260	10,677 2 4
1261	10,677 2 1.
	124,575. " "

6. As it appears to me

that if the Renter acts up to his engagements no better arrangement can be devised for the realization of the dues of Government, the Renter himself being an inhabitant of the place, well disposed towards the Zemindar, and likely therefore to do all in his power to advance his interests and those of his Ryots, I have the honor to request that I may be authorized to make over the Mootah to him on the terms proposed, and the production of competent security and that the Establishment by which it is at present held under attachment may be withdrawn.

Collector.

No. 1

Translation of an Arzee addressed to R. J. Porter Esqre. Collector in the Zillah of Masulipatam by L. Nursaraunze inhabitant of Boosanagooloo in the Goodewadah Talook.

Dated 15th November 1843.

Rajah Sooramaney Venkataputtyrow Zemindar

Zemindar of Valavadum Mootah granted a lease on ×5th increasing Moon of Saotum year Soobhacrootoo to my son Lutchmy Nursimharauzoo for renting the said Mootah for a term of ten years from Fusly 1252 for an amount of Rupees 124,515. and received a Khut from him to that effect and also took Monied Security bond from Cotagerry Rampanniah and Valagalaty Ramiah and put the management of the rent in question in the hands of my son but he shortly after this having departed this life the said Venkataputtyrow taking me as responsible for the rent referred to above got the Khut which had been given to my son signed by me and put me in possession of the rent. While I was conducting the same the circar issued an order on the 8th April 1843 to attach the Mootah in question on account of the balance of arrears of Peshcush outstanding on the same. Whereupon I having addressed an arzee in the

× 13th June 1843.

the Hoozoor on the 10th April stating the circumstance of the said Mootah having been under my rent and requesting to be allowed therefore to pay the money to the circar and that the Mootah may be released from the attachment a Hookoom was issued on the 30th April to the Tahsildar of Bezoarah to which the said Mootah appertains with directions to institute an enquiry into the case and report the result thereof, in obedience to which that Officer forwarded the record to your Hoozoor together with his report called for, observing that the circumstance of the rent in question is true. On perusal of the said record the reality of the rent has been already manifested to your honor. the zemindar having fallen in arrears which amounted to Rupees 30,241 – – 6 – against the Mootah up to Fusly 1248 he entered into an agreement with the circar on the 27th July 1841. stipulating therein yearly instalments for the liquidation of the said balance at between Rupees

Rupees 3,000 and 4,741. Rupees in every year from Fusly 1251. to 1258. but as he failed to pay Vizt.—

For Fusly 1251	3,000 – – –
Do. 1252	3,000 – – –
	6,000 – – –

which together with a balance of Rupees 6,704 – 7 – on account of arrears of Peishcush Vizt. Rupees 2,532 – 8 – for Fusly 1251. and Rupees 4,201 – 8 – 2. making in all Rupees 12,704 – – 7 being due up to Fusly 1252 therefore you will be pleased to say that the said balance was still due to the circar that the rent amount fixed to be paid by me in each year to the zemindar is below the amount of the Peishcush payable to the circar from Fusly 1253 to 1258. as well as below the amount of instalments stipulated in the said agreement and that therefore, unleſs the amount due at present to the Circar be discharged the circumstance of the rent in question shall not be taken into consideration. I therefore beg to particularize here under the rent amount agreed upon to be paid to the Zemindar Vizt.

Fusly	Rent Amount
1252	10,501 " "
1253	11,001 " "
1254	11,501 " "
1255	12,001 " "
1256	12,501 " "
1257	13,001 " "
1258	13,501 " "
1259	13,501 " "
1260	13,501 " "
1261.	13,516 " "
	124,515 " "

As I have rented the same in the above manner I beg to renew the conditions to the following effect, that I shall pay now to the circar the sum of Rupees 2,502-8-5 on account of the forgoing Peishcush amount; that I shall pay the sum of Rupees 4,501-8-2 being the arrears of Peishcush of fusly 1252 along with the Kists by four monthly instalments Vizt. from March to June of fusly 1253, that I shall discharge the annual amount of Peishcush from fusly 1253 in every year regularly according to the

Kists

Kists to be fixed by the circar without failure, that I shall continue to pay to the circar the sum of Rupees 6,000 being the arrears due by the Zemindar for fuslies 1251 and 1252. as adverted to above together with the amount of Rupees 24,241-"-6 fixed to be paid upon instalments from fusly 1253. to 1258. according to the yearly instalments hereunder specified; that I shall execute a fresh Khut for the rent for the Bariz fixed as above to the Zemindar and cause it to be presented thro' him (Zemindar) to your honor and shall receive from him a Cowle accordingly to conduct the management of the rent paying punctually the amount thereof to the circar according to the Kistbundy without failure and that I shall cause a competent security to be tendered to the circar thro' the Zemindar for the amount of the rent in question.—

The following Statement will shew the annual amount of arrears of Peishcush as specified above, as well as the rented Bariz

Fuslies.

As

Fort St. George 15th February 1844.

As I do hereby engage that in the event of myself or my sureties failing to pay any of the Kists, the Circar should immediately attach the said Mootah and cause the balance due by me up to that time, as well as the rent amount decreased during the Circars attachment falling due by me at the expiration of the term of my rent to be made good by me, I therefore humbly crave your honor will be pleased to submit this supported with your kind recommendation to the Board of Revenue and release the Mootah from the Circar's attachment.

As the Zemindar of the said Mootah shall likewise address an Arzee to ~~your honor~~ binding himself to conform to the said terms and that in the event of the Peshcush amount for any fusly falling due, or any arrears being kept unpaid, he will also be responsible for the payment of the amount of any balance so due by me, I gave my assent that I can advance no claim on the Circar with regard to the rent in question provided any of the creditors of the Zemindar obtains any orders of the Court against the Estate during my lease, and the Court directs the execution thereof against the same I very earnestly beg your honor will be pleased to bring this humble arzee into your mature deliberation, release the Mootah from the attachment as already prayed for and put the management of the rent in my hands.— (Signed) Lakumraze

Proceedings thereon.

Recording observations and orders on the report of an investigation conducted by the Acting Head Assistant to the Collr. of Guntoor into the charge of Malversation &c. brought against Ramanada Baboo Zemindar of Vassareddy.—

From the Collr. 8th in Cons. 17th Jany 1842.
From Do. 31st Jany in Cons. 17th Feby.—
Proceedings of the Bd. 21st Feby.—
From the Acting Collr. 29th June in Cons. 14th July
Proceedings of the Bd. 14th July.—

Para 1. From the correspondence noted in the margin, it will be perceived, that an examination into the accounts and other documents found in the house of Ramanada Baboo, coupled with information from other sources, afforded strong grounds for suspecting, that the management of his Estate by that individual had been characterized both with dishonesty towards the Government and

oppression

Proceedings 14th July 1842

oppression towards his sub-tenants. Of the various items of malversation laid to his charge, it appeared to the Board desirable, that a few should be selected for preliminary investigation, the result of which would enable the Collector to form an opinion as to "whether any steps taken judicially with a view to enforce restitution of the sums misappropriated would be attended with success, while it would at the same time furnish the Judges of the Court of Sudar Adawlut, with the means of deciding on the mode in which any ulterior legal measures, if considered necessary should be carried out." The report now under consideration contains the issue of the enquiry conducted on the above principles.—

2. From the memorandum which accompanies the collector's Proceedings and which has been compiled partly from the Zemindar's own records, and partly from accounts supplied by the Ameens and other native servants, it will be seen, that Ramanada Baboo would

appear to have disbursed the sum of Rupees 83708-14-3 in liquidation of his private debts in defraying the costs of his suits in Court in payment from his own funds of instalments of public revenue and in purchase of cloths, Jewels and other private expences and as the Zemindar was at the time in indigent Circumstances, with no apparent source of income beyond the small allowance granted him under orders of the Board of Revenue the inference which suggests itself to the Collector, is, that the large funds applied to the purposes before particularized must have been obtained by unauthorized and illicit means. The mode in which the whole amount has been raised cannot indeed be ascertained, but the Heads 1-8 in the Memo exhibit various items of illegal appropriation amounting to Rupees 27318-10-8 from which a part at least of the large sums expended by the Zemindar is presumed to have been derived. It should however be stated that Ramanada Baboo in his reply to the Collector's Enoyetnamah on the subject denies the accusation against him in toto and
aſserts

aſserts that the amount which he has disbursed was the proceeds partly of private loans and in part of the sale of his family Jewels. He further urges certainly with some plausibility that if his brother's widow, whose claim to the estate has been rejected by the Court of Sudder Adawlut can find the means of meeting the expences involved in an appeal to the Privy Council, he who had been pronounced the rightful proprietor and who was at the time in the management of his Zemindary Could have experienced no difficulty in raising such funds as he might require without having recourse to measures of an objectionable character.—

3. Whatever suspicions may however be excited by the large expenditure of the Zemindar it is evident that the onus of accounting for it cannot be thrown upon him, and that the inquiry into his Conduct must be limited to a consideration of the direct accusations preferred against him. Of these the Charges selected by the District authorities for special investigation are.—

1. The misappropriation of the proceeds

of the sale of chayroot and of the sums charged as hire for digging it to the extent of 2600 Rupees.-

2. An exaction of 1000 Rupees from the inhabitants of Pauputtah as nuzzer on occasion of the marriage of his daughter.-

3. An exaction of the same nature and amount from the Ryots of Collepara. The Board proceed to discuss these charges seriatim.-

4. In regard to the first item of accusation it is amply proved that from Fusly 1247 (A.D. 1837/38) to 1250 (1840/41) the Zemindar's servants and more especially Tota Christnamah and Tota Chinna Christnamah were in the habit of keeping out of the accounts sales of Chayroot from 1/2 to 1/4 Rupee on each bundle sold, it is also shown that the same parties, in place of paying the labourers employed to dig the root at the rate of 2 Rupees per bundle reduced the price under various pretexts to Rupee 1-14- Rupee 1-12- and ultimately in Fusly 1250 (A.D. 1840/41) to Rupees 1-8- per bundle and that in Fusly 1251 (A.D. 1841/42) the Ryots

Ryots refused to dig on this scale of remuneration, and a loss to Government of Rupees 4000 was thereby occasioned. It further seems that on complaints to the foregoing effect being preferred to the then Collector Mr. Goldingham he addressed the Zemindar on the subject, who held an enquiry, at which various parties subscribed a declaration that the whole charge was utterly unfounded - and that among those who gave similar testimony on the occasion was the very Tota Christnamah who has now appeared as the principal witness against the Zemindar. The servants of Ramanada Baboo aver, that these peculations were made under directions from him and the amount remitted for his benefit - but they can adduce no documentary evidence in support of this assertain and their personal testimony must be viewed with much suspicion under any circumstances the charge cannot be held to be conclusively established

Note
The amount of the fraud was 2600 Rs in 4 Years or 650 Rs a year. The Peshcush on the Vassireddy estates is Rs 540737/74.

established, and if it were, the Board apprehend that the only proceeding to which Ramanada Baboo would be liable would be an action in a Court of Law for recovery of the amount which he may have thus misappropriated.

5. The evidence in support of 2nd and 3rd charges which are of the same character leaves little room to question that the Nuzzers paid by the inhabitants of Baupellah and Collepaur were exacted by the Zemindar's order and for his benefit. Unauthorized demands of this nature are it is to be feared too common in the Northern Circars, but this furnishes no apology for the conduct of Ramanada Baboo, whose proceedings in the instances under comment have clearly rendered him liable not only to a regular suit in the Civil Court, as the Collector (Para 5) seems to suppose, but to the penalties which under Regulation XXX 1802 Section VII extended by Regulation V 1822 Section II the Collector is empowered to award by summary process in all cases of illegal exactions. The

6. The above is an abstract of those charges against the Zemindar which have been selected for examination by the District authorities, and on an attentive consideration of the whole subject has led the Board to doubt whether an enquiry into the remaining items of accusation could be attended by any practically useful result. If restitution either to Government or the Ryots of the sums unduly appropriated, be the object in view it is evident that the Zemindar in his present insolvent condition is altogether unable either to bear the damages awarded against him by a Court of Law or to discharge the penalties which might be imposed by the Collector in the summary investigation authorized by Regulation V of 1822. Mr Stokes has indeed submitted that the conduct now brought to light may materially affect the decision of Government in considering Ramanada Baboos claim to a maintenance, and to the benefit of any arrangement which might have been contemplated for the settlement of

his debts." It should however be observed that the terms suggested in the despatch from the Honorable the Court of Directors have already been tendered to the Zemindar irrespective of any reference to his past proceedings, that he has accepted the conditions and surrendered the title deeds of his Estate in consequence and the Board could not advise that those terms be now revoked, how objectionable soever his conduct may have been on points not adverted to by Government in admitting him to the benefit of the proposed arrangements. In forming a just estimate of the *whole* conduct of the Zemindar it should also be remembered that the total amount of the malversations imputed to him and extending over a series of years is Rupees 27,318-10-8 that of the items laid to his charge some as shown in the first instance of the present inquiry cannot fairly be brought home to him and that the whole amount tho' large in itself bears but an inconsiderable

proportion

proportion (5 per Cent) to the rental of the estate for a single year, and that such acts on the part of the recognized owner of the Estate from the possession of which he is debarred by a succession of adverse circumstances for the most part beyond his controul should not be viewed in the same light as if committed by an ordinary public servant.—

7 Viewed then in the light of a revenue question the Board are of opinion that the present investigation could not be proceeded in with advantage. Mr Stokes will be pleased to communicate the result of his Head Assistants enquiry with the sentiments of the Board on the subject to the Judges of the Sudr Adawlut with whom it will then remain to adopt such measures as may appear to them most conducive to the ends of Justice and to the interests of all parties before the Court.—

8 In reference to the concluding para of the Collectors letter the Board remark that regarded in the most

favorable light and on his own showing the conduct of Tota Kristnamah has been highly reprehensible of whatever malpractice the Zemindar may have been guilty there can be no doubt that in all he has found in Tota Kristnamah an active and willing instrument - The Board do not however consider it necessary to pass any special order respecting this individual but will leave it to Mr Stokes to dismiss him or continue him in employment in the Vasseready Zemindary or elsewhere as shall appear most conducive to the Public Service -

Ordered that a copy of the foregoing Extract from the Boards' Proceedings be forwarded to the Collector of Guntoor for his information and guidance

Proceedings Relative to the settlement of the purchased Zemindary of Sydapoor in the District of Nellore for Fusly 1251 / A.D. 1841/42.

Read letter from Principal Collector of Nellore dated April 29, 1843 - reporting on the settlement of the purchased Zemindary of Sydapoor for Fusly 1251 - / A.D. 1841/42

(Here enter No 27)

To Govt 14th October 1841.

Para. 1. - The Sydapoor Zemindary was purchased by Government on account of arrears of public revenue on the 9th September 1841. It consists at present of 109 Villages and 19 hamlets of which 49 Villages and 15 hamlets are caros or such as pay their revenue in full to the Proprietor or in his default to Government - the remainder have been alienated from the estate at various dates and are held on sundry tenures Amaram Shotrium Cuttoobody &ca the subjoined table exhibits at one view the distribution of the Villages composing the Estate as given in the accounts prepared by Mr Stratton Collector of Western Peshcush in 1801 as entered in the accounts of Fusly 1250 / A.D. 1840/41 delivered up by the Zemindar's servants and as more lately classified at the settlement now under review.

From Mr G. Stratton 14th July 1801

In Cons. 21st July 1802.

Caros

	Mr Stratton's accounts		Zemindari accounts		Settlement 1251	
	V.	Hamlets	V.	Hamlets	V.	Hamlets

	85	30	110	19	109	19

2. It will be seen that the number of Villages as settled in Fusly 1251 A.D. 1841/42 is less by one than that borne on Zemindar's accounts the whole extent of land possessed by the Zemindar in streeharechanos which is entered as a Village in his returns having passed by a decree of Court to a Neighbouring Shotriumdar – Three Amaram and one Cuttoobody have also become Caros Villages under circumstances explained in

in Paras 13 – 14 – 15 – 16, of these the Cuttoobady and two[+] of the Amarams, the Board agree with the Principal Collector should be as incorporated henceforth with the Government Villages – The remaining Amaram should the Board think be continued to the present holders, but looking to the results of late years, they are led to doubt whether the beriz proposed by the Principal Collector (150 Pagodas) would be a sufficiently favorable tenure; they would wish for further information as to the fair value of this Village in reference both to its outturn in Fusly 1245 A.D. 1835/36 whilst under Aumanie and to the receipts from it since the Estate has reverted to Government.–

[+] Vamadawareepally – Paloor Rauzepollum.–

Season Para 18.

3. The season of Fusly 1250 A.D. 1840/41 is represented as having been favorable, and the Crops both of Wet and dry grain were rather above the average produce – The ruinous condition of the Works of irrigation throughout the Estate as would however prevent full advantage being taken of any season how auspicious soever it might prove.–

Zemindar's mode of Settlement P. 19 – 20.

4. The settlement under the

Zemindar appears to have been made
for the most part, in Wet lands, or Garden
lands Cultivated with wet grain, on a division
of the produce, the ryots' share ranging
Para. 21-22-23-24- from 40 to 65 per cent. The dry land,
and totacal land cultivated with Garden
produce were generally speaking assessed
with money rates which
in certain descriptions
of Jareeb+ Cultivation
Tobacco, Betel, and
Ginger vary according
to the nature of
the Crop.-

+ Note
Garden crops such as Tobacco
Beetel, Onions, Ginger, or
Chillies &ca.- The origin of
this cannot be quite accurately
traced- but it appears
that they were so
termed in the Nabob's time,
because the Jareeb Shist
was collected in every
year upon actual measurement
of the land- The term
Jareeb literally meaning
measurement Nellore Revenue
Glossary.- The signification
of Jareeb would appear to
be more confined than that
of Totacal or Garden land
generally.-

5. In framing the
settlement for the fusly
under Report the Principal
Collector has very
properly adhered+ as far as possible
in the money assessment to the
rates previously obtaining in the
several Villages- where the division
of the Crop had been usual, this
practice has also been followed,
but in place of the numerous
rates

+ Para 25.

rates of division hitherto customary which
vary in almost every Village Mr. Stonhouse
has adopted one general scale being 45
per cent to the Ryot on wet and dry
and 60 per Cent on Garden lands, the
standards uniformly in force in the
Para 26. Government Talooks- In wet lands the
portions left waste has been deducted
from the settlement- In the Metta[a], Moloom[b] and
Jareeb[c], the Bunjer has been assessed, but
more with a view to assert the right of Government
to make such assessment as in the
Circar Talooks than with any purpose of
enforcing it in the present instance- which
indeed is stated to be impracticable.-

as dry Cultivation
b. Wet Do.
c. Garden Do.

Poolary- P.27-28 6. The mode in which the grazing tax
was levied during the administration of
the Zemindar, is exhibited in P. 27-28
it seems capricious and not reducible to
any general principles- The Principal
Collector has in lieu of it adopted that
usual in the Government Talooks Viz.
exempting the agricultural Cattle and
in addition allowing (4) four head
of Cattle to each family of the Village
servants and Bramins and taxing the
remainder

remainder at one uniform rate of ½ Rupee per head- The sheep were assessed as heretofore at rates varying according to the usage of the Village from 5 to 8 Rupees per hundred- rates which appear to the Board to be heavy and which greatly exceed those current in the neighbouring District of Guntoor where the maximum demand is 3¾ Rupees per hundred. The effect of this measure has been to raise the Poolary tax to nearly double of what it was in the preceding fusly- but it will be seen from Para 40 that the Collection of this impost from Village servants and in Villages hitherto exempt from it could not be carried out in consequence of the poverty of the people, and adverting to what is elsewhere said of the extreme depression of the Estate, and the indigent measures required for its recovery the Board will await further information before giving a final sanction to the rates proposed by the Principal Collector, which it appears to them, will need to be introduced gradually and with caution- Besides the general Poolary referred

1250-3478--6
1251-6555-15-

referred to in the foregoing remarks there are in the Sydapore Zemindary extensive commons the right of pasturage on which is annually leased out- These realized in the year under comment Rupees 124-13-- above the revenue from the same source in the foregoing fusly-

Goortoo
Dittum 3698.
Cultivation 3234.

7. Of the total dittum for 1251 464 Goortoos were left uncultivated nearly the whole of this was dry land; this result is attributed to the unhealthiness of the past year and the prevalence of agues during the Cultivating season- There was also some Bunger in the Misloom or cultivation dependent on Wells from the dilapidated condition of many of these sources of irrigation.-

Para 30- 31.

Moturpha P 33.
Rs a p
1251-244-6-6.
1250-214-11-11
29-10-7

8. The Revenue from this head in the Caros Villages exceeded that of the year foregoing by Rupees 29-10-7- In the Amarams and other alienated Villages it is realized by the holders.-

9. The outturn of the Zemindary in the fusly under report as contrasted with

Decrease
Amaracum – 784.
Cuttoobady – 100.

with the beriz of Fasly 1250 A.D. 1840/41 is exhibited in Para 34. In the revenue derived from amarum and Cuttoobadi Villages there has been a decrease. The Gross beriz shews a considerable increase the result being as per margin, a net increase of Rupees 3553 – 12 – 1. It should however be observed that this increase is rather nominal than real – arising mainly from the introduction of assessment on land left uncultivated, and from the extension of the grazing tax. The amount of balance outstanding (principally on these last heads) exceeds the net increase in the Beriz for the year – and the realization of this balance is said to be altogether desperate.

Rs – 4408 – 1 – 6.

1250 – 36711 – 14 – 3.
3553 – 12 – 1

Balance P.39 – 4208 – 2 – –
Net increase of
Fasly 1251 above 1250 – 3553 – 12 – 1

P.35 – 6 – 7 – 8. 10. In Paras 35 – 36 – 37 – 38 particulars are given of certain items of an objectionable character usually collected by the Zemindar, but very properly given up by the Principal Collector in the settlement of Fasly 1251 A.D. 1841/42 their aggregate amount was Rupees 300 – 12 – 8.

P.39 – 40. 11. Of the total Beriz (40265 – 10 – 4) there

there was collected up to the date of the Report Rupees 36057 – 8 – 4 leaving a balance of 4208 – 2 – – due by the Ryots chiefly on account of Bunger and Poolary tax. The recovery of this balance seems almost hopeless. It is desirable however that the Principal Collector should submit a Statement in detail, shewing each head of balance separately and the particulars connected with it that the Board may be enabled to recommend the writing off of such items as are plainly irrecoverable.

12. In Para 42 the Principal Collector draws a melancholy picture of the present condition of the Estate on which he is reporting. The Ryots he states are destitute in the extreme and exposed to suffer severely from the insalubrity of the climate. "No improvement can be expected till the Jungle has been extensively cleared" and liberal terms must be held out to lead the Ryots to engage in so desirable a work. These inducements should

however be limited to resident Ryots or capital and labor will be drawn from more valuable localities. In regard to the land now usually under cultivation Mr. Stonhouse further advises that the wet lands be settled on aumanie /giving the Ryot 50 per Cent of the produce/ for some years to come, and that the money rates for the dry lands should be modified, so as to leave the Ryot 55 per Cent of the Crop in all cases, in place of 45 the rates which occasionally obtains at present. It will be seen from P. 25 that these rates differ considerably from those on which the Estate has been settled for the year under report, and which prevail throughout the rest of the Soubah. That the Zemindars assessment was in many instances too high, there seems little reason to doubt, but the Board are not prepared to recommend the substitution of other rates which if generally more favorable, are in some instances less so, and which

Proposed rates
Dry 55. Wet 50.
Rates on which
Zemindary
was settled
for 1251.
45 for Wet & Dry.

Note
Poycarries and
others had from
45 — 55.
Bramins 60 per
Cent.—

which can only be considered as arbitrary, and have been fixed after a very limited acquaintance with the reasources of the estate. until the capabilities of the Zemindary shall have been ascertained by a regular survey it would in their opinion be preferable to maintain the existing demand in the accounts, and to make from time to time such remissions as may appear called for. Village rents for one two, or three years on liberal terms might also be resorted to, but under no circumstances should the assessment which has hitherto been in force be disturbed, until permanently superseded by the rates determined by a Ryotwary survey.—

13. To encourage the clearing of Jungle lands it is suggested that the settlement of these should be by a division of the Crop. the Government share being it is presumed commuted into money at the rate of the day. the Ryot receiving 75 per Cent of the produce, for five years and the usual rate of 50 per Cent for

wet, and 55 per cent for dry lands after-
words, or in other words being allowed
remission of ½ the Government demand
for the first five years-
and paying it in full at the
expiration of that period.
These terms are scarcely
as favorable as those on
which Cowles are usually
granted in Nellore* and when
the abject poverty and
misery of the Sydapoor Ryots are taken into
account, the Board are led to fear that
they are not liberal enough, to be attend-
ed with any important result and they
will be prepared to consider favorably,
any relaxation of these terms which on
further acquaintance with the cir-
cumstances of the Zemindary Mr.
Stonhouse may wish to recommend.-

Read Letter from Principal Collector of Nellore reporting on the balances of Land and other sources of Revenue up to Fusly 1248 A.D. 1838/39 as they stood at the close of Fusly 1252. A.D. 1842/43

(Here enter No 66)

17

Proceedings thereon

Informing the Principal Collector of Nellore that the Board are precluded from submitting to Government any proposal for the relinquishment of the arrears of Land & other sources of revenue up to Fusly 1248 owing to certain discrepancies in his accounts and enjoining the institution of further enquiries in order to ascertain the balance actually due.

From the Prl Collr 26th Novr
Noting Consns 8th Decr 1830
Para 2-

Para 1 In this communication the Principal Collector requests sanction for writing off the arrears that have accumulated from Fusly 1240 to 1248 amounting to Rupees 841,329-10 as-.

2. On a former occasion when adjusting the outstanding balances anterior to Fusly 1240 the Principal Collector pointed out the existence of numerous discrepancies between the District and Hoozoor Statements of the different items, which he attributed to the very confused state of the old accounts the Board trusting that the discovery of such irregularities would preclude a recurrence of them, considered a farther investigation of the matter to be unnecessary and supported Mr Stonhouse's recommendation for striking out the whole same-

Proceedings 23rd Octr 1837.
P 23 @ 30-

Rs 51,836-4-

Paras 4 @ 7

3 The examination of the Report above recorded however and of the statements accompanying it, shows that the practice of

keeping two sets of accounts independent of each other, still prevails, those prepared in the Talooks exhibiting a sum outstanding
Rs 50,360-11-6 which is considerably in excess of the amount shewn in those of the Hoozoor. This difference is stated to have arisen principally from the Tahsildars having been in the habit of bringing items to account after the conclusion of the settlement and when consequently the Demand had been closed. The amount so credited is shewn under seven heads, in the 5th para of the Report, and there is also one item in which the Hoozoor accounts exhibit an excess over the talook ones. But no explanation is given why these, with the exception only of discoveries of concealed revenue (Dowl Izafa) should not be ascertained and
Para 7 brought to notice at the time of the settlement according to the practice of all other districts.

4 The excess in the first class, the Talook Amanee Balances is attributed to additions made by the Tahsildars to

to the Demand of any surplus incidental collections; - to "items of Dowl Izafa inadvertently entered as Demand and the Collection of them as Iyen Beriz, tho' such Items form no part of the true Demand and to other "minor discrepancies arising from trifling causes." The Board are not aware what other surplus incidental items can be brought to light after the Demand is closed except those of concealed Revenue already adverted to, which are not only mentioned immediately afterwards as a distinct sources of difference, but receive likewise a separate notice in the
Para 8. following para, as a class by themselves. Items of Dowle Izafa if discovered before the conclusion of the settlement would be rightly credited to the Demand and the Collection carried to the head of Iyen Beriz, but if not, they would appear as Sevae Jumma. The Board do not understand how the collections made under that denomination can be entered under any other head, unless it is to be inferred that they are debited to

to Iyen Beriz with a view of diminishing the balance of the settled demand.—

Para 9.

5. Previous to 1244 Fusly it was the practice to enter the full Demand on account of Moturpha in the Talook accounts, but only to credit the sum of the actual collections in the Hoozoor Statement. In that year the system was properly abolished by Mr Stonhouse. The same course was adopted with regard to the Sthalla Curnum Roosums, but on referring to Statement No 2 it is seen that the arrear which previously had no existence in the Hoozoor Balance Sheet, has exceeded that of the Talook one in every year since the alteration was made. If the same system of account exists in the Hoozzoor and Talook accounts, the Board are unable to account for such a result. The discrepancies in the amount of collections from the Roosums of the three Poligars enumerated in Para 13 are stated to arise out of a practice of crediting the full amount of the Peshcush in the Collector's accounts, whilst only the

sum

sum realized from the actual collections is shewn in the Talook demand. The sums entered in Statements No 6 and 7 as the Woortawar and Chitatwar Demands appear to be taken from the Talook accounts; the balances agreeing with those in Cols: 10 and 11 of Statement 2 and these considerably exceed the Peshcush. But on comparing these sums with the Demand found in the Principal Collector's Annual Report of the Settlement for the corresponding years, the latter is discovered to be greatly in excess of both, while the balance exhibited in the Hoozoor Demand Collection and Balance Sheet is sometimes greater and at others less than that intered in the Talook one as set down in the Subjoined Statement.—

The

2693 Fort St George 15th February 1844

The Chitatwar Roſsums moreover offer the only instance in which on the whole amount, as exhibited in para 5, the Hoozoor Balance exceeds the Talook one. The Board are unable to reconcile the numerous incongruities.

6 The tabular Statement in para 14 distinguishes the amount of Amanee and Dowle Izafa Balances for each year from 1240 to 1248 Fusly and the sum total corresponds exactly with that given in Col. 10 of Statement No 1 where it is further divided into Recoverable and Irrecoverable the latter being claſsed under the three usual heads as accasioned by Death, Desertions or Poverty. It is impoſsible to help being struct by the vast disproportion which the last of these bears to the two first. The Amount due for each year on account of Recoverable Balances is shewn in the Margin on

Recoverable		2,136

6	321	5	5
7	677	2	"
8	412	5	"

on which it is observed that the trifling sums standing against the three first years, ought surely to have been long ago collected, if they are bonafide liabilities of solvent ryots

7. It is unnecessary to notice particularly the explanations in para 17 which refer to the general principles of the Revenue administration of the district the faulty nature of which, and their effect in producing a larger apparent Revenue than can possibly be realized are not unknown to the Board. The proposal for the future Statement of Cundrega and other Maniems seems proper and they will be prepared to entertain the Principal Collector's recommendation for the Remission of the Bydaga subject to the general preliminary investigations which will shortly be explained.- P.20-21

8. Mr Stonhouse has recommended the relinquishment of the arrears due by the Cottapatam Merchants and referring to

to the length of time the question has been undecided and the demand suspended under the Board's directions they will not object to support his view for the relinquishment of the arrears that accrued antecedent to their orders of the 30th January 1843.-

9. The Sum of Rupees 121-6 due by Bramins and Weavers of Ramanuja Row's choultry is recommended without explanation why these parties should be exempted. It should be stated whether the owner of the Institution derives any profit from them and whether he has obtained a public Grant for the support of it. The claim of Certain Bramins Weavers and Goldsmiths to relief, because they are engaged in agriculture must depend upon the extent occupied and the amount of revenue paid by them. It is not unusual for such persons exercising their hereditary craft to take up a trifling bit of land with a view of eluding the payment of Moturpha.-

Para 29 10 Besides the arrears more particularly brought to notice, there are a few others amounting to 10,265-5-9 which accrued anterior to 1240 and were not adjusted in the settlement of 1239 Fusly. The general remarks in the sequel must be considered applicable to them also.

11. The Board having gone thro' the Report in detail are precluded with such results before them from submitting to Government any proposal for the relinquishment of the arrears in their present state. From the irregular manner in which the accounts are Keptit is clear that they do not both exhibit the true state of the case and of the two conflicting results deduced from them it is impoſsible to say which balance is real and which is only apparent. If as has been surmised one cause of the confusion is attributable to a practice of carrying collections to other heads of accounts than those for which they were made the balances shewn by the accounts cannot poſsibly correspond with those really standing against and acknowledged by the Ryots and it follows that their remiſsion by Government

Government would not be made to afford relief to the parties whom it is intended to benefit such a system must be productive of the worst effects and open a wide door for abuses and fraud.

12. The Board resolve therefore that the Principal Collector be requested to institute farther inquiries into the mode of Keeping the Talook Accounts & to submit further explanation of the discrepancies existing between them and the Hoozoor accounts. They are likewise desirous that the inquiry should be carried from the Talook to the Village accounts and that the amount and extent of any discrepancies between them should also be ascertained and stated. For this purpose it will be neceſsary to institute a ryotwar comparison of the particulars of the arrears with the viva voce Statements of the ryots. Whatever sums are admitted by them to be due and are supported by their Receipts Puttahs and the Curnums accounts will be considered as bona fide balances and each persons ability or inability

to discharge them being ascertained at the same moment, they will be entered as recoverable or irrecoverable accordingly. The former should be realized at once. the latter should be noted in the individuals puttah as relinquished and he should be made fully to understand that he is relieved from all future demand on account of them. The sanction of Government will be obtained for writing off to profit and loſs such sums as are thus ascertained to be actually due all others must be considered as adjustments of account and will receive consideration on receipt of the Principal Collector's farther Report. The present investigation has only been carried down to the close of 1248 Fusly. The Board consider it desirable that the inquiries now enjoined should be prosecuted to the close of 1252 Fusly.

13. Mean time Mr Stonhouse will be good enough to iſsue instructions to the Subordinate Officers forbidding them to alter or interfere in any way

with

with the Demand as settled at the Jummabundy, all subsequent changes must be treated according to the course provided for such contingencies If they are additions subsequently discovered they will be carried to the head of Extra Revenue, if additions already made should be found to have been credited improperly they will be treated as balances. These particulars being regularly transmitted to the Principal Collector's Cutcherry for comparism and check, the recurrence of similar discrepancies and irregularities would be prevented in future—

14. The Board further resolve to request the Principal Collector to furnish hereafter an annual Demand Collection and Balance Statement of the particulars of the Sivai Jumma—

Ordered that a copy of the foregoing Extract from the Board's Proceedings be forwarded to the Principal Collector of Nellore for his information and guidance.—

From the Collector of Bellary. Read Statement of Extra tent allowance drawn by himself and subordinates for Fusly 1252.—

From the Collector of Chingleput

Sir,

1. With reference to an Extract from the Proceedings of the Board of Revenue under date the 12th October 1843, I have the honor to submit a plan and survey of the ground sold with the Government House at Poolecarney and which would have been forwarded at an earlier period had not the person deputed to survey the premises been suffering from Fever.

Vide Enclosure **A**.

2 The House and Ground sold at Poolecarney forms only a small portion of the Grant issued in favor of Mr. Jordon in 1775, but that Gentleman and his successors having failed to pay the Quit Rent, the whole Grant was put up to auction in 1824 and purchased by the

the Collector in behalf of Government, there are therefore no Title Deeds whatever forthcoming — should the Board approve, I propose executing a Title Deed in favor of Mr. Freese, in the same form and manner as was executed for the premises at Guindy purchased by Mr. Smollett, and of which copy is enclosed.

Vide Enclosure **B**.

Signed/ A. Freese
Collector.

(20-21)

To the Collector of Chingleput

In Cons 15 Feby 1844.

To
The Collector of Chingleput

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 16th January last submitting a plan of the house and Ground sold by Government at Poolecarney and proposing to execute a transfer thereof to yourself in the same form as that executed in favor of Mr Smollett for the premises purchased by him at Guindy.

2. The Board think that in this instance and particularly as the transfer is to be made to yourself it will be desirable that the boundaries should be clearly defined so as to avoid all future doubt or possible question on the subject, and they therefore propose that the Registrar of Government Grants should be requested to send out his Surveyor to make a plan and survey of the property shewing the exact boundaries, and when this shall have been done the Board will be prepared to make an application to Government to have a formal bill of sale and transfer drawn out in your favor by the Government Law Officer.

24 Ordered that the abovementioned letter be submitted with the following address.

(24)

To The Chief Secretary to Government.

To the Chief Secy. to Government. 1

Sir,

I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Acting Collector of North Arcot, submitting Copy of a correspondence with the Subordinate Judge of Chittoor regarding a balance of Rupees 943 on account of Stamp paper standing against the Judge of Chittoor from the years 1820 and 1822.

3rd in Con. 12 Feby 1844.

2. It will be seen from the Subordinate Judge's letter of the 22nd January 1844, that the records of the late Court afford no satisfactory information regarding the reasons of this balance

having remained so long unadjusted, the Board there=fore recommend that authority may be granted for writing it off the accounts of the Collector of Madras-

From the Ag. Collector
of North Arcot.

Sir,

In reply to your letter of the 8th Instant,x I have the honor to observe that the question put to me by the Board involves exactly the point at issue between the Renters and cannot be answered until the Vellore Military limits have been defined.

x Requesting to be informed with reference to Mr. Turner's claim to remission on account of the alleged establishment of Shops by the Vellore Abkarry Renters beyond the Vellore Military limits, whether the Vellore renter established any shops in the Villages the exclusive privilege of supplying spirits to which had been purchased by Mr. Turner.

With the exception of the supply of the Villages within those limits, the Civil Renter purchased the exclusive privileges of supplying not any particular Villages of the District but the whole District, The Villages entered in his Cowle are those in which he is permitted to open shops, and though he may not open shops in the other Villages of the District he has nevertheless the exclusive privilege of supplying them, in as much as it is from him only that the inhabitants can obtain spirits, and must resort to the nearest Villages in which his shops are established in order to procure them; The Villages regarding which the dispute has occured are not Villages in which the Civil Renter was permitted to open shops, but if, as the Civil Renter maintains, they are situated without the Military limits, he has a right to object to the sale of spirits in them by the Military Renter as an infringe=ment of his Monopoly-

From A. P. Onslow Esqre.
Collr. of Trichinopoly.

Sir

In acknowledging the receipt of your communication of the 22d. Ultimo upon the subject of Village Moonsiffs, I have the honor to submit for the information of the Board, a Copy of a letter addressed by me to the Acting Zillah Judge at this Station.—

Trichinopoly Collector's Office
8th February 1844.

(Signed) A. P. Onslow
Collector.—

No. 1.

To G. S. Greenway Esqre.
Acting Civil Judge
Trichinopoly.

Sir

Para 1. I have the honor to forward the report on the subject of Village Moonsiffs called for by the Sudr Adawlut in the communication transmitted to me by you on the 19th Ultimo.—

2. The number of Village Moonsiffs in the District of Trichinopoly is 1256 and I learn from you that during the year 1842—296 Suits involving property to the amount of Rs. 1225 and 473, involving property to the value of Rupees 2237 during 1843 only were decided.

3. This failure in the exercise of the Jurisdiction in question may be attributed to a combination of causes, arising from the absence of

a

a due incentive to the performance of the duties, from the Office having (with a very few exceptions) no emolument attached to it. from the general ignorance of the community from whom the selection of Village Moonsiffs is to be made and the consequent difficulty of procuring fit persons for the Office and from the disinclination of the people to repose confidence in such blind leaders of the blind. It may also possibly arise from there being no occasion for such an institution.—

4. In regard to the ignorance of the Moonsiffs and the community at large the deplorable fact is too obvious to need comment. and altho' as far as the qualifications of reading and writing are concerned, a considerable difference is observeable in the Moonsiffs of the two Divisions into which the District may be distinguished. Vizt: the Wet and the Dry Talooks, it is very doubtfull whether those belonging to the Wet Talooks who have for the most part the advantage in this respect are, on the whole, better qualified for the performance of the duties of a Village Moonsiff than their more ignorant neighbours. for the small amount of their acquisitions in erudition is by no means sufficient to eradicate the prejudices and habits engendered by the existing state of society or to qualify them as arbitrators of justice. Nor does it seem to me that even were the Office to have a Salary attached to it any great improvement is to be expected in Village Moonsiffs at all events for many years to come.—

5. The few cases which have been decided occur I believe in the principal Villages in the Wet

Talooks, and chiefly in the neighbourhood of Trichinopoly itself, where it is naturally to be expected there would be a greater number of persons likely to be qualified for the Office. but with these rare exceptions, I feel persuaded that none of the Village Moonsiffs have made themselves acquainted with the Regulations for their guidance. which must to them be perplexing and intricate, and might I think with advantage be simplified, and here it is worthy of observation that the Moonsiff who is ignorant of writing or has but little Knowledge of it, is dependant on the Village Curnum to write his decrees &ca. who having already his hands full of business throws, of course every possible obstacle in the way of his being called on to perform this duty hence another impediment to the exercise of the Jurisdiction.—

6. Upon the whole the establishment of Village Moonsiffs has clearly not yielded satisfaction or advantage to the people at large, and constituted as it is at present there is in my estimation, no likelihood of the people resorting to them so frequently as to relieve the District Moonsiff's Courts of much of their burden, tho' I should state, I am ignorant of the number of petty Suits instituted in the latter, I may add that it is not necessarily to be inferred from the non institution of Suits before Village Moonsiffs that parties have not sufficient means of redress. I believe many petty misunderstandings about money and property are adjusted by relations and the Members of the Caste to which the litigants belong.—

From E. B. Thomas Esqre.
Collector of Tinnevelly

Sir,

Para 1. I regret to have to report to you the accidental destruction by fire of certain Sayer Rowannahs and Coins of the Value of Rupees 63—11—4. as particularized in the Memorandum herein annexed.—

The

ORIGINAL D.T.R.O.

2. The Rowannahs and Coins which belonged to the land Custom Chowkey at Streevellypoottoor were as usual in the night time deposited by the Mett Gomastah attached to the Chowkey, at his own house situated in the Village of Davadanum. The fire first broke out in a house adjoining the Gomastah's which communicating with others, burnt 20 houses including the Gomastahs. A strict investigation was made, but the origin of the fire in the 1st House, has not yet been discovered. Of the loss sustained by this accident amounting to Rupees 63—11—4, Rupees 18—14—7. were recovered by the melted Coins found in the Gomastah's house after the fire was extinguished; the remainder or Rupees 44—12—9. cannot be recovered. Under these circumstances I have the honor to request you will be good enough to obtain the sanction of Government for writing off in my Accounts the sum of Rupees 44—12—9. to Profit and loss.—

Tinnevelly Vullyoor,

Order thereon. (Read again in Cons: 26th February) Ordered to be sent again in Circulation.

Read the following letter.—

38.

From J. C. Wroughton Esqr Principal Collector of Coimbatore.—

To E. C. Lovell Esqre
Acting Secy to the Board of Revenue
Fort St. George

Sir,

In conformity with Section III, Regulation VII 1828, I have the honor to forward an Appeal Petition from Vencata Kistniah late Superintendent of Tobacco in this District against a decision passed by my 2nd Assistant Mr Goldie together with the several Papers connected therewith as detailed in the accompanying list.—

ORIGINAL DESTROYED

A

2. Several complaints against the Petitioner, when in Office, of bribery and other irregularities were preferred to me and in the Month of May last, the Petitioner himself tendered a Razeenamah, and requested to be relieved from Office for the purpose of proceeding to his Native Country. The suspicious nature of his duty, the many irregularities which were reported to exist in the Tobacco Department, and the sudden desire of relinquishing Office on the part of the Petitioner rendered a direct examination of the accounts and the Godowns necessary which was accordingly conducted under my orders by a Goomastah of the Huzoor, and the Muttenddy of the Tobacco Department the result of which proved a deficiency in the quantity of Tobacco amounting to Rupees 225-13-1. This was investigated by the Assistant Collector under Regulation IX 1822 who adjudged the payment by the Petitioner of the above amount, which was accordingly levied and credited in the Public Accounts.—

3. The Petitioner now appeals against this decision, the reasoning of which is very obscure; but as far as I have been enabled to gather, his objections rest on the following grounds.—

1st That he was not responsible for the difference which existed between the quantity entered in the report of the 15th May 1843. and that actually found on examination, because the duty of keeping a correct account rested with his subordinates & and not with himself, and that in his capacity as Superintendent he was bound to do nothing but to supervise, the receipt, assortment and delivery of Tobacco and to sign the Accounts prepared by the Gomastahs and countersigned by the Mutsuddy.—

2ndly That as a set off against the deficiency which was discovered in examination to the amount of 2935 Bundles, there was an excess of 3036 Bundles, the presence of which he was totally unable to give any account and although it was impossible to know to

what

what particular sorts this quantity belonged, yet it ought to have been credited in the accounts in satisfaction of the deficiency which he had to make good.—

3rdly That the reassortment of the above Tobacco was unjust, because it is impossible to identify the article once sorted on a second occasion.—

4thly That he was answerable merely for the correct quantity of Tobacco in the Godowns with reference to the accounts submitted to my Office, and not for particular quantities in each class, which responsibility rested with the sorters and other subordinate servants of the Department.

5thly Also that this difference was occasioned by the ignorance of the surveyors who were recently appointed under orders from my Office, where his Urzee, stating that inconvenience likely to arise from such arrangement is said to have met with no attention.—

4. With regard to the first of these objections, I do not conceive that

any particular explanation is requisite in-as-much as the nature of the duties, – and responsibility of a Manager in – any Department is conclusive - I can only refer the Board on this point to the deposition, of the Appellant wherein he admits this responsibility.— Vide No. 5.

5. In explanation of the 2nd point I would observe that the examination of the Tobacco Godowns, falsified the report submitted by the Petitioner on the 15th of May 1843 — The difference in the quantity of the 1st and 2nd Sorts of Tobacco was strikingly great, and that of the 3rd Sort exhibited a small increase above the quantity entered in the report - There were also certain number of Bundles separated without the means of ascertaining what specific

quality

quality they related to, or from whence their origin - This irregularity, and confusion, and the difficulty of identifying the article on a second examination by the – sorters rendered it a matter of necessity to assemble a Punchayet for the purpose of inspecting and reporting upon the quality of the above Tobacco - the inspection was made in the presence of the Appellant, and the report Proceedings of the Punchayet confirmed, the justness of which was also admitted by the Petitioner, who, sensible of the extent of his responsibility, agreed to make good the deficiency of value amounting to Rupees 225—13—1.—

6. The subjoined statement will explain more clearly the nature and extent of difference in each sort of the article—

Description

Description of the Article	Quantity as entered in the report dated 15th May 1843		Quantity actually found on examination		Difference				Rate for every 100 Bundles
					Increase		Decrease		
	Number of Bundles	Value	No. of Bundles	Value	No. of Bundles	Value	No. of Bundles	Value	
1st Sort	82699	1323 13 5	81130	12980 12 9	"		1569	251 " 8	16
2nd Sort	55389	7754 7 4	54113	7575 13 1		" " "	1276	178 10 3	14
3rd Sort	51855	6222 9 8	52824	6338 14 1	969	116 4 5	"	" " "	12
4th Sort	55506	5550 9 7	55440	5544 " "		" " "	66	6 9 7	10
Holbundie	12420	554 13 5	12396	554 1 11	"	" " "	24	" 11 6	3
Total	257869	33314 5 5	255903	32993 9 10	969	116 4 5	2935	437 " "	

Add quantity not belonging to any particular sort but adjusted in reduction of the deficiency as aſsorted and priced by the Punchayet in Company with the appellant Vizt.-

	No. of Bundles	Value		
1st Sort	876.	140. 2. 7.		
2nd	455.	63. 11. 3.		
3rd	66.	6. 9. 7.		
4th	24.	" 11. 6.		
Net Decrease			1421.	211. 2. 11.
1st Sort	693.	110. 14. 1.		
2nd Sort	821.	114. 15. "		
			1514.	225. 13. 1.

This

This sum was recovered from the Petitioner under the denomination of a fine for the Offence specified in claſs 4th clause 2nd, Section II, Regulation IX of 1822 which the report dated the 15th of May 1843 clearly proved to have been committed, and a portion of the quantity found in exceſs of that shewn in the report was carried to the credit of Government, as I did not consider myself justified in adjusting it in reduction of the deficiency especially in a Department where systematic chicanery notoriously exists. The 1st and 2nd Sorts of Tobacco are purchased at the rate of 16 and 14 Rupees for every % Bundles respectively, and that of the inferior quality at the very reduced rate of from 1 to 7 Rupees, and

	No. of Bundles	Value
3rd Sort found in exceſs of the reported quantity	969.	116. 4. 5.
Exceſs quantity not entered in any Account and consequently sorted and priced by Punchayet.		
3rd Sort	333	39 15 "
4th	204	20. 6. 5
Rejected	109	3 15 "
Total	1615	180. 8. 10.

and under this difference of distinction and price
it was utterly impoſsible to make the
adjustment in the manner proposed
by the Appellant in the Petition, and even
should this adjustment be made, there
would still have been a loſs of Rupees
45—4—3 to Government from the deterio-
rated quality of the article.—

7. The Statement of the Petitioner
that Tobacco once sorted could not be
identified on a second occasion is correct,
to a certain degree, as it may be impoſsible
to recognize the article with much precision,
but it cannot be credited that the Tobacco
claſsed as the 1st Sort will, on a Second
occasion be claſsed as the 4th or rejected as
uſeleſs. The proceſs of weighing is confined
to the delivery of the article to Malabar, and
to the Native States, and is not observed here,
as it would prove uſeleſs at the time it is
purchased from the Growers.—

8. The Petitioner's aſsertion that
he was not responsible for the correctneſs of
particular

particular quantities in the respective Sorts
is far from Satisfactory - Being the head
of the Office, and in the receipt of a higher rate
of pay than his subordinates, it was of course
incumbent on him to maintain regularity
and correctneſs in every detail in the Depart-
ment, which he has totally failed in doing,
and I presume his not doing so proves at least
his unfitneſs to hold the Office, should it
not go to the extent of placing his honesty
in a very ambiguous position.—

9. With reference to the last objection
of the Petitioner, I would remark that complaints
having been repeatedly received, that the men employ-
ed in packing the Tobacco, at the time it is sorted,
are in the habit of mixing the inferior with the
superior quality of the article, thereby giving an
undue advantage to the Ryots, and there being
every reason to believe that these complaints
were founded on facts, I was under the necessity
of directing that this duty should be performed
on alternate days by different parties which
would not reconcile the irregularity asserted to
by the Petitioner in para 11 of his Petition, es-
pecially as the people selected for conducting
the

the process were not suited to the nature of the duty, and the Statement of the appellant is in consequence a device to remove the charge from himself to others.—

10. The other matters contained in the Petition are irrelevant, and require no comment, and the request of the Petitioner to be reinstated in his former Office after having voluntarily resigned it, is inadmissible—

Read

Read the following letter

46

From the Pl Collr of Canara — Reporting on Petition No. 1643 of 1843 from certain Trustees to the Chetrapaul Devastanum and explaining the circumstances which rendered necessary the appointment of Rama Virrna Rajah as an additional Trustee to the Pagoda—

+ herewith returned

To E. C. Lovell Esqre
Acting Secretary to the Board of Revenue
Fort St. George.—

Sir,

I have the honor to acknowledge the receipt of your letter of the 4 Instant calling upon me to explain the circumstance of Rama Virma Arasoo having been added to the number of Trustees to the Chetrapala Pagoda in the Bekul Talook as stated in Petition No. 1643 of 1843 + transmitted with your letter.—

2. In reply I beg leave to state, that the omission of the name of Rama Virma Rajah as one of the Trustees of the Chetrapal Devastanum, was owing to an oversight of my own, in not recurring at the time of the preparation of the original Statement of the Trustees, to the Interest the Rajah possessed in this Pagoda. Subsequently he complained of the injustice of his being excluded from the management of the affairs of the Pagoda, which had formerly

been chiefly superintended by his family. As his claim was undoubted, he was a accordingly made a Trustee; and as it seemed desirable that the Trust should consist of an odd number, a fifth was added in the person of Mootarsoo the first of the five Rajahs of the Neileshwar family. Alterations of this nature, have in several cases been found necessary since the transmission of the lists of the Trustees to the Board, in consequ of a party's having brought forward claims, which were not in the first instance brought to notice. There are several still under investigation, which will be submitted when fin disposed of.—

3. I beg to refer the Board to the correspondence noted in the margin[+] for an explanation of the grounds of the claim of Rama Var Rajah to the management of the affairs of the Chetrapal Devastan which will clearly shew that his title

To the Ag. Pl. Collr. of Canara.

To
The Acting Principal Collector of
Canara.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of Mr. Blair's letter dated 23rd January last reporting regarding the circumstances of Rama Varma Arassa having been added to the number of the Trustees of the Chetrapala Pagoda in the Bekul Talook and stating that several other alterations of this nature have been found necessary since the lists of Trustees were forwarded and also that there are several cases still under investigation which will be submitted when finally disposed of.— (In Cons. 15 Feby.)

2. The Board had as advised by the Principal Collector under date 2nd August last, already reported to Government that all connection between the public (In Cons. 10 Augt. 1843.)

public Officers and the Native religious Institutions has ceased, they are therefore desirous that any further modifications proposed should be concluded as soon as possible and in reporting them the necessity of the interference in each case should be clearly explained in order that the sanction of Government may be obtained for the same, and then for all further interference absolutely to cease and determine.
