From the Chief Secy. to Government.

Extract from the Minutes of Consultation Under date the 2nd March 1844.

Read the following letter from the Acting Secretary to the Board of Revenue Submitting a Correspondence with the Principal Collector of Canara regarding a remiſsion of land revenue to the Amount of Pagodas 11-5-44 granted to the late Meer Mahomed Ally and now enjoyed by his Son Syed Zeaoodeen and requesting to know whether it should be considered as hereditary or merely for the life of the Grantee.

(Here enter 15th Jany. 1844 No. 19)

The object of the application submitted with the foregoing letter is to obtain

the

the sanction of Government to the Amount of remiſsion allowed in the lands held by the late Meer Mahomed Ally being paid to the present poſseſsor (his Son) on their being sold to another party. To any arrangement of this nature with the purchaser, the Most Noble the Governor in Council cannot aſsent, as it would not seem from the concluding para of Mr. Graeme's letter to the Board of Revenue dated 3rd July 1815 that a greater indulgence than the grant of the remiſsion for life was contemplated by that Officer, neither does it appear from the correspondence noted in the Margin that the grant was intended to be a permanent one, the exemption from the payment of rent on the lands in question having been allowed "as a mark of approbation of the Services" of the original incumbent, who received in addition a pension of 25 Pagodas a Month on his retirement from the public Service, having then been employed in no higher grade than that of Tahsildar for a period of about 15 Years. Under these circumstances, and being unwilling to deprive Syed Zeaoodeen of the privelege he has hitherto enjoyed, his Lordship in Council directs that in

the event of the sale of the lands, or of his demise, whichever may happen first, the remission now allowed on them may be discontinued.

Order thereon.

(3-4) Ordered that copy of the foregoing Extract from the Minutes of Consultation of Government be furnished for the information and guidance of the Acting Principal Collector of Canara, with reference to Mr. Blair's letter of the 5th December last.

The Acting Principal Collector will be pleased to communicate to Syed Zearodeen the decision of Government on his application.

From the Chief Secy. to Government } Extract from the Minutes of Consultation Under date the 4th March 1844.

Read the following letter from the Acting Secretary to the Board of Revenue.

Submitting a letter from the Commissioner in charge of Rajahmundry regarding an application for a pension from the widow of Narasinga Row late Head Sheristadar who was murdered while in the discharge of his public duties and recommending that a pension of at least 70 Rups. a month may be granted to the Petitioner from the date of her husband's death.

(Here enter 4th Jany 1844 No. 8.)

Under the circumstances adverted to

to in the latter part of Para 14 of the Commissioner's letter, the Most Noble the Governor in Council feels himself precluded from recommending to the Government of India the grant of a pension to the widow of G. Narasinga Row the late Sheristadar of the Rajahmundry District.

From the Chief Secy to Govt- Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Cavetnuggur Zemindary in the District of North Arcot for Fusly 1251-

Extract from the Minutes of Consultation under date the 4th March 1844-

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of the Cavetnuggur Zemindary (Here enter 4th December 1843 No. 619) for Fusly 1251/1841/42.

Fusly 1250-332410-12-10
1251-367394-8-4
34983-4-6-

1- The Estate now reviewed produced in this favorable year Rs. 367,394-8-4 being 34,983 Rupees above the Settlement of Fusly 1250/1840/41 Of this demand 319,676-10-4 were collected within the Fusly, and 7152-2-5 subsequently, leaving a balance of 43930- Rupees in December 1843.

2. The Government see no objection to the Trittany Pagoda offerings being under the control of the Zemindar, but are of opinion (contrary to the Collector's arrangement respecting them) that they should be included in the assets of the Zemindary, made over to its possessor, and deducted from the sum set apart for his maintenance.

3- The Government cannot concur in the proposition of placing the revenues of the Devastanum and Chuttrum Villages under the supervision of the Zemindar, such course, being they conceive, liable to the objections both of introducing

two independent systems of management in the same Estate, and also of retaining funds, provided for the due and efficient support of public institutions, in the hands of a needy individual, who as long as his embarrassments continue, will naturally reduce the expenditure to the smallest scale, that the surplus may administer to his own wants.

Para 8-

4- The Government therefore desire that these lands be transferred to the charge of the Collector, in common with the remaining portion of the Estate, which if entrusted as the Board recommend to the care of a subordinate Officer, should be made over to the Head Assistant or other Officer of experience- The Board will however ascertain and report whether the collection and appropriation of the Devastanum Revenues cannot be left to the Heads of the Institutions and the Principal worshippers connected with them, as a trust body, according to similar arrangements made for the charge of the religious Institutions in the District of North Arcot.

Para 14-

5. They are also desirous that no change should take place in the revenue system enforced by the Zemindar, as the futility of such proceedings

is clearly pointed out by the Board.

6. It is evident that the most important measure in regard to the future welfare of this Estate, is a Settlement with the creditors & an endeavour by a favorable composition to reduce the debt as far as practicable, the Acting Collector will be pleased therefore to enter immediately upon this work, and report through the Board the result of his efforts for the information of the Government.

From the Agent to the Govt of Fort St George at Kurnool - - -

Sir,

I have the honor to report the death, on the 29th Ultimo of Syed Cassim a Yeomiahdar in the receipt of a monthly allowance of $\overset{Rs}{12}$ – $\overset{as}{3}$ – „; I have received an application from his children for the renewal to them of the Pension, on the grounds of having no other means of subsistence, and that they hold a Sunnud for a Village, in lieu of which this yeomiah was granted. I have made an enquiry into their circumstances, and find that there are living, four sons and one daughter unmarried, all of whom were dependant on their Father's pension, and as it was granted to him in lieu of the Village of Vanakundinny valued at about 500 Rupees a year and for which they have the Sunnud, I think this is a case which ought to meet with the indulgent consideration of Government, and I beg therefore to recommend it to the favorable notice of the Board of Revenue —

I have also received a similar application from the son of another — Yeomiahdar Salabut Khan, who died on the 10th Instant, in the receipt of $\overset{Rs}{3}$ – $\overset{a}{„}$ – $\overset{P}{9}$, but as this was simply a charitable pension granted by the Nawab in consequence of the deceased having been lamed in the Nawab's service, and the present applicant having no such claim. I do not consider that he has any right to look to the bounty of Government for a subsistence —

Memorandum.—

Para 1— In order that due advantage should be derived by the people from the institution of Village Moonsiffs, under the provisions of Regulation IV of 1816, it is absolutely necessary that some fixed remuneration should be granted to the person filling the responsible Office of Head of a Village and Moonsiff either in the form of a ready money allowance or in rent free lands proportionate to the extent and revenue of the Village over which he presides. In this District no

source

source whatever of emolument has hitherto been set apart for persons undertaking these functions they merely sharing with the Co-Merassidars in the Village Manuums and Grain fees, according to the respective share each may happen to possess in the Village Merass, and further impediments arise from the Rent free lands and fees originally assigned for the remuneration of the Curnums having been so frittered away in endless divisions under the Hindoo law of partition and the frequent change of the person to perform the duty, so that the system of Village servants is thereby totally disorganized.—

2— Under such a system, it cannot be wondered at, that the benefits anticipated from the regulation referred to, and which is based on the supposition of the Village establishment throughout being on an efficient footing, have not been derived, though at the same time, I believe much more has been done by the Village Moonsiffs towards settling disputes than is exhibited by the returns of Suits decided, for it is far from uncommon for the Heads of the Village to inquire into and arrange amicably, by the intervention of the most influential of the Villagers, petty claims between parties, without keeping any regular record of the case, or the writing of a decree, the arrangement however is open to the objection of not preventing a litigious person either from continuing to urge or resist a claim so decided. A reference to the returns of Suits in which the cause of action is below 10 Rupees filed in the Courts of the District Moonsiffs, and to which I have not access will point out in some measure the extent of benefit that might have been derived had the Village Moonsiffs and other Village Officers been maintained on an efficient footing.—

3 In order to mark out the advantages expected from Regulation IV of 1816 the Village Servants should first be placed on a responsible ground, by the grant of Rent free lands which should be declared undivisible and to be enjoyed by such member of the family as may appear best calculated to fulfil its duties, and that the returns formerly ordered to be made to the District Moonsiffs should now be made to the Tahsildars, that Functionary being in constant communication with them, and this would act both as a check on improper conduct, and as an incentive to the

Village

Village Moonsiffs to perform their duty. Suits below the value of 10 Rupees, except under the limitations specified in the Regulation IV should also not be admitted in the first instance in the District Moonsiff's Court, but be referred to the Village Moonsiff for adjustment.—

From the Act. Pl. Collr.
of Salem.

Regarding the jurisdiction of Village Moonsiffs stating how far they have afforded satisfaction to the people and productive of advantage.—

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 22d January last, directing me to report how far the jurisdiction of Village Moonsiffs afford satisfaction to the people and productive of advantage.—

2. In reply, I have to acquaint you, that of the heads of Villages in this District, the greater part are unable to read or write their native language, and where such disadvantage exists, the Ryots and others prefer resorting to the neighbouring minor —

District Courts to settle their causes, than trust to the head of their own Village. In such parts of the District however, where the Moonsiffs possess a knowledge of reading and writing, the rule has operated favorably, and their decisions are communicated half yearly through the District Moonsiffs to the Higher Court.—

3. The Monegars who perform the office of Village Moonsiffs are duly made acquainted with the Rules, Hookumnamahs and other orders issued from time to time, to guide them in the exercise of their petty judicial duty, so that no assistance or encouragement is wanting on the part of the principal Revenue Officer, to aid them in the discharge of their duties.—

4. On the whole, I am of opinion, that the jurisdiction of Village Moonsiffs has operated to the benefit of the people, and has afforded them satisfaction where ever they are found qualified to perform the duties.—

From the Act. Collr. of North Arcot— Acknowledging Extract from the Proceedings of the Board of Revenue dated 29th January 1844 and affording explanation on the points referred to on Petitions Nos. 1423 of 1842, and 741 of 1843.—

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 29th January 1844 remarking upon my Endorsements on Petitions Nos. 1423 of 1842, and 741 of 1843, and conveying instructions on the matters to which the Petitions relate.—

2. The Board observe in Para 3 of their Proceedings" in the Petitioner's Complaint of 15th September 1842, which was forwarded to the Collector of North Arcot on the 29th of the same Month, he represented that Mr. Bourdillon on reinstating him in his Puttahmaingarship, had directed that the produce of his Maunium lands which had been held in deposit during his suspension, should be made over to him, that this order had not been complied with, and he therefore requested that it might be carried out and the grain

given him accordingly. The endorsement does not notice this part of the Petitioner's Statement, the Board therefore would wish to be informed whether it be correct, and if so, under what circumstances Mr Bourdillon's order, which in this instance, might, it would seem, have been at once enforced, has been permitted to remain in abeyance."—

3- The Petitioner for the purpose of colouring his case has misrepresented both his own Petition to Mr Bourdillon and Mr Bourdillon's order upon it. The Petitioner being in the habit of never paying his kists but on compulsion, the Tahsildar in consequence was in the practice of detaining his crops as security for the revenue - that is, he would not allow him to remove the grain from the threshing floor till he gave security for the payment of the demand against him. It was the Thasildar's mode of thus realizing the revenue from him of which the Petitioner complained to Mr Bourdillon; he did not complain that his crops either of Putut or Maunium lands were at that time in deposit. In Mr Bourdillon's takeed the matter is thus alluded — to

[illegible] Moodely further states that from a feeling of animosity against him, he has not only been prevented in carrying away his crops at pleasure, but even in effecting the sale of them at proper times." and Mr Bourdillon goes on to say that consideration ought to have been shown to him in the collection of the revenue, and confidence placed in his honesty, but he says nothing more. As to the produce of the Maunium lands during the time the Petitioner was under suspension, the Petitioner did not claim it, nor did Mr Bourdillon order it to be given to him. The Petitioner has no ground whatever for claiming it. Mr Ogilvie suspended him until he had discharged a heavy balance then standing against him, and appointed another individual temporarily to the Petitioner's office, and this individual enjoyed the emoluments of the Office during the time he performed the duty.—

4- In Para 4 of their Proceedings the Board require to be informed of the nature of the enquiry which preceded the order given by Mr Bourdillon regarding the Petitioner's claim to a different distribution of water, and direct that if that order was in furtherance of the decree of a Punchayet it be at once enforced and that if recourse has not as yet been had to a Punchayet, the Petitioner's claim shall, on the consent of the Parties, be now referred to one.—

5— On a reperusal of the papers connected with this part of the subject, I do not find that the Petitioner alleged that his claim was founded on Maumool until he petitioned the Board on the subject. I ought to have noticed this particular in my endorsements. The Petitioner requested, without mentioning what was the Maumool, that the water should be distributed in the mode he pointed out; that being more convenient to him than the existing mode, and not injurious to the other ryots. This was objected to by the ryots as contrary to Maumool. The matter was under enquiry for several years during which depositions were taken by the Tahsildar, and reports made to the Collector. At last five Monigars from adjacent Villages were appointed by Mr. Ogilvie as Mediators,

and

and on their unanimous opinion, Mr. Ogilvie finally rejected the Petitioner's claim by an order dated 16th December 1839. The matter was not referred to a Punchayet. Mr. Bourdillon in reversing Mr. Ogilvie's order does not advert at all to the Village Maumool. He merely enquires whether the Petitioner's request is fair or unfair. He adverts to the opinion given by the Mediators against the Petitioner's claim, and says that nevertheless the Petitioner's request appears to him to be fair, that he is an extensive Puttahdar, and liable to suffer loss by the existing mode of distributing the Village water, and he accordingly orders the water to be distributed according to the Petitioner's desire.—

6— In conformity with the Board's instructions on their Proceedings under reply, I summoned the Petitioner and made known to him that it was the opinion of the Board that his claim to a different distribution of the water should be referred to a Punchayet. This, he at once declined, and said he was content that the distribution of the water should continue as at present, and I accordingly took a deposition from him to that effect.—

With

7- With regard to the Board's observations in Para 5 of their Proceedings that it is my duty to get the lands, left waste by the Ramapooram Villagers, cultivated by other Ryots, I beg to observe that on account of the heaviness of the assessment in the Cauverypauk talook it is impossible to get the waste wet lands of that talook cultivated by Porakoodies, for waste lands are to be had in other talooks on more easy terms.-

The

Fort St. George 14th March 1844

Season — 4. The zemindary suffered like the rest of the district from the unfavorableness of the Season. At the commencement of the Cultivating Season in the Month of May the rain was scanty and partial. The same was the case in June and July. More rain fell in August and September but the supply was not sufficient. In October the tanks were filled but in November and December there was no rain whatever to keep up the supply, some rain fell in January but not in any quantity.

Dry Lands — 5. The decrease in the Poonjee Cultivation amounting to Rupees 10601-6-6 is owing to the scantiness of the rain in the first four Months of the Cultivating Season and to its having fallen too heavily for this description of Cultivation in October.

Wet Lands — 6. The first wet crop called the Pala Sumbah was cultivated to a limited extent owing to the scantiness of the early rains, and the sowing of the great wet Crop called the Sumbah which should have taken place in August and September was delayed till October. Both these Crops are included in the Woorroobogum. In consequence of the delay that occurred in the cultivation of the Sumbah, the 2nd wet crop, the cultivation of which commences in December and January was to some extent prevented since the water in the tanks in those Months was barely sufficient for the Sumbah and a further supply was not then to be expected, hence there was a decrease of Rupees 32,355-1-3 in the Nunjah Cultivation of which 21,453-6-" occurred in the 2nd Crop

Garden

7. The total Cultivation being much less affected by seasons than the Nunjah and Poonjah a net decrease of only Rupees 45-12-7 occurred in it.—

8. Subjoined is a table showing the increase and decrease in each item of Revenue and the usual deductions under distinct heads. In order to make the comparison between the two years clear the proceeds of the Tirlany Offerings and the Devastanum and Chuttrum lands as they are not included in the Settlement of the year under report, are also excluded from the Statement of the Settlement of the preceding year.—

The

Cowle Ryot. Rs. 60,351-1-5. 9- The remission under this head is below the remission of the preceding year in the sum of Rupees 5,701-14-8 which partly results from decreased Cultivation and partly from the Monigars being no longer permitted to grant at pleasure cultivated lands at a reduced Assessment.

Pullanushty on loss of produce Rs. 14,045-2-4. 10- The Board have observed in Extract from their Proceedings dated 4th December 1843. Para 2 in reference to the remission granted for short and withered produce. These deductions seem to be made "Systematically, but the principle by which they are "regulated is not explained." The following is an abstract of the rules laid down for the granting of Pullanushty in the Hookoomnamah of Fusly 1238 when the estate was under attachment during the Zemindar's Minority and were prepared on the information supplied by the late Zemindar's Head Servants; These rules have not been altered.

"The ryot who experiences a deficiency of produce is to report it to the "Monigars before cutting his Crop. The Monigars "Curnums and Maty Ryots are then to inspect the Crop,

"Crop, prepare an Estimate of the produce and "report it to the Tahsildar, on which he and the "Surfdar are to repair to the spot, and in the "presence of the Monigars, Curnums and Maty "ryots of the Village and the individuals "claiming the remission and the Monigars of the "Adjacent Villages are to appraise the produce. "If the ryot objects to the appraisement the "Tahsildar is to reap to the extent of $\frac{1}{4}$ of a "Goontah in several parts of the field thresh "out the grain, and thus determine the average "rate of produce per Goontah. If the produce "of a field is generally good and deficient "only in one part no remission is to be granted."

To show the Method of granting the remission the following Table is given in the Hookoomnamah with the subjoined directions.

1st Sort Land.

	"Teerwah per Goontah "on Paula Sumbah and "Car Land.	Teerwah per Goontah on Sumbah and Nowrah Land.
	"Money Grain	Money. Grain.
	"Chukree fs. as. M. P.	Chukree fs. as. M. P.
"Iyen	1 — " — 3 — " —	1 — 8 — 5 — 4
"Davandoyem "Brummadoyem "Curnum &c. "Roossooms & Meerah "Tainy and Zuft.	" — 6 — " — 6.	" — 6 — 1 — "
	1 — 6 — 3 — 6.	1 — 14 — 6 — 4.

"Double the Number of Mercals

"of Grain abovementioned and Multiply by it the "total Number of Goontahs of lands Cultivated, deduct "from the result the reported amount of loss, and "applying the remaining quantity of Grain at the "rate 6 Mercals per Goontah deduct the extent of "land which the difference Yields, thus the double of "3 Mercals is Six - Suppose the total extent of land "Cultivated to be 10 Goontahs, the required Number of "Mercals is Sixty if the actual outturn is 52, remission "in land equal to a deficiency of 8 Mercals is to be "allowed, this will be one and three quarter Goontahs."

11 The objection to the above rules is that it is impossible to carry them out in practice - If the Crops are to stand uncut on the ground till the Tahsildar can have gone through the operations of appraising and threshing throughout his Talook they would be destroyed long before the business was concluded. The work is unavoidably committed to the Turfdar and there is no means of testing the truth of his Accounts because the Crops must be cut without delay - The presence of the Monigars of the Neighbouring Villages affords no sort of check as the Monigars will of course play into one another's hands - There is no particular in the Zemindary system which is so objectionable as the Pullanustee remission - In regard to other remissions, such as Shavy, frauds may be prevented but with regard to the Pullanustee remission it is impossible —

12 According to the accounts sent in by the Talook Servants the actual Pullanustee in the Fusly under report amounted to Rupees 24,563-13-9 - With reference to the extent of Cultivation and the remissions of preceding years the amount appeared to me enormous - The

Crops

Crops having been cut it was impossible to ascertain the truth or falsehood of the accounts in each particular instance, I therefore refused to grant the remission in all instances in which there was a fixed Cowle remission of the Assessment on the land and I struck off 10 per Cent of what was demanded in all instances in which the Ryots Cultivation appeared on the whole to have been favorable - This proceeding reduced the Pullanushtee remission from Rupees 24,563-13-9 to Rupees 14,045-2-4 which is Rupees 1,963-1-3 below the remission of the preceding year - Adverting to the Cultivation in the Fusly under report having been less than that in the preceding year the amount remitted was in my opinion sufficient. Nevertheless my refusal to grant the whole sum demanded has been met with so general and determined a resistance that in every instance in which remission has been refused or reduced below the full demand I have been obliged to resort to extreme measures to realize the revenue - I attribute this violent opposition to the active and open instigation of the Monigars who under the very lax system of the present Zemindar have been in the habit of managing matters according to their own will and pleasure and hold themselves independent of all authority.

Shavy
Rs 16,920-11-2

13. The remission under this head amounted to Rupees 16,920-11-2 which is Rupees 2079-10-8 above the remission of the preceding Year. As it is the practice to remit in full the assessment on withered Crops the ryots Cultivate on the chance of rain and hence this item of remission will always be heavy in the Zemindarie.

Paany Boddy
Rs 225-15-1

14. The remission on Crops destroyed by floods was Rupees 225-15-1.

Desbundum
Rs 1609-15-3

15. The Desbundum remission was Rupees 1609-15-3 being Rupees 296-14-3 below the remission of the preceding year in consequence of decreased Cultivation.

Sokeevaly Ayut
Rs 28-3-2

16. The remission under this head of Rupees 28-3-2 to certain Dasoo Reddies and Curnums is Rupees 6-4-9 above that of the preceding year in consequence

consequence of increased Cultivation.

Nagadeyat or
Ready money
payment
Rs 19155-12-5

17. The ready money Collections amount to Rupees 19155-12-5 being below the Collections of the preceding year in the Sum of Rupees 1136-5-11. The particulars of these Collections are shewn in the accompanying Statement No 1. They consist principally of Jodee on Inam land and the revenue derived from Topes and Tank Fisheries. The decrease is occasioned by decrease of Cultivation, and of the rents of Tank fisheries.

Moturpha
Rs 4414-"-8

18. There is an increase of Rupees 104-11-8 under the head of Moturpha principally in the Loom tax.

Sundry small
farms and
Licences
Rs 4967-6-3

19. The settlement under this head Amounting to Rupees 4,967-6-3 is Rupees 49-8-2 above that in the preceding Year.

Sewoi Jummah
or Extra Revenue
Rs 4756-2-6

20. The Extra Revenue is derived from fines for trespass, from Inam lands belonging to Absent holders or to Pagodas in which worship has ceased and other trifling items. It is Rupees 2186-10-8 below the preceding year in consequence of decreased Cultivation.

Rented Villages
Rs 45077-10-"

21. Statement No 3 shews the particulars of the Rented Villages. The rented Villages were 92½ in Number in Fusly 1251,

in the fusly under report they were 8½ in consequence of 6 having reverted to Amanee. Of these 6, the rent of 1 had expired and the other 5 were resigned by the renter to whom they had been Mortgaged by the Zemindar he not being disposed to retain them as he was required to pay the full Beriz which he had not been required to do before the attachment of the Estate. The rent of the rented Villages amounts to Rupees 6,077-10-. being Rupees 274-12-. above the preceding year according to the conditions of the Rent.

Shotrium and Inam. Rs 9071-4-2

22. This is the amount realized on lands of which the Revenue has been in part alienated. It is Rupees 109-.-9 leſs than in the preceding fusly in consequence of two Villages thus alienated having been attached on account of the conditions on which they were alienated not having been fulfilled. The Board's instructions conveyed in Para 7 of Extract from their Proceedings dated 4th December 1843 regarding the attachment of such of these Villages as have

have been conferred subsequent to the permanent settlement will be attended to in the Current Fusly.

Ready money payments to Manigars & others Rupees 2966-15-11.

23. The amount of ready money allowances to Monigars &ca amounts to Rupees 2966-15-11 which is an increase of Rupees 746-3-6 above the preceding year. It was found that there were some Villages in which no Inam or Meerah were aſsigned to the Village Officers who had in consequence been in the habit of remunerating themselves by appropriating certain lands the Aſseſsment on which they refused to pay, and the Zemindar was in the practice of annually entering the unpaid Aſseſsment as a balance against the Village Officers. This mode of proceeding appeared to me very objectionable so I made the Village Officers pay the Aſseſsment and Aſsigned them ready money allowances on the scale prevailing in the Sircar Villages in which there is no Maunium land aſsigned to the Village Officers. Hence the increase under this head.

Collections. 24. Of the total demand

amounting to Rupees 2,90,643-11-3 there were collected within the Fusly Rupees 224,732-14-9 leaving a balance of Rupees 65,910-12-6 of which Rupees 34,932-9-6 have been collected up to the end of February 1844 leaving a balance outstanding of Rupees 30,978-3-–

Tritanny Offerings.

25. The Tritanny Offerings were made over to the Zemindar at the commencement of the Fusly. He has rented them for Rupees 3710 which amount will in accordance with the Board's instructions contained in Para 8 of Extract from their Proceedings dated 4th December 1843 be deducted from the allowance allotted for the Zemindar's subsistence.

26. The Beriz in Fusly 1251 of the 28 Villages allotted for the expenses of the Pagodas attached to [illegible] and Tritanny viz was Rupees 15,664-2-9 and that of the 1 Village allotted for a Charity Choultry situated at Alleemunchary on the road to Causy and Ramesseram was Rupees 1213-2-7. Of these 29 villages One Neelatpalapoor alienated since the permanent settlement has been at

at the Zemindar's request, attached and taken to Amany and the remainder 28 were made over to the Zemindar at the commencement of fusly 1252 for the purposes intended.

27. Annexed is a table of the Villages deducted from or added to the Iyen.

Arrears of Peishcush.

29. The arrears of Peishcush due by the zemindar at the termination of the fusly were as follows.

Fusly 1249 — Rupees 1,01,063-8-
Fusly 1251 — " — 95,107-8-
Total Rupees 1,96,171—

See Collector's letter to Board dated 10th January 1843 Para 29 Board's Proceedings dated 4th December 1843 Para 16.

30. With regard to the Kuttoobady Inams recently resumed by the present zemindar the rule I have followed is to Collect the Aſseſsment only in those instances and those are very few in which the zemindar himself has Collected it. The zemindar would be well pleased to throw upon the Government the odium of enforcing the payment of the full Aſseſsment on these lands but I do not think it would be expedient to gratify him. The zemindars have except in a few instances allowed this claim to lie in abeyance. The reason which deterred men

Men so distreſsed in their circumstances as these zemindars from enforcing this claim must have been a strong one. The reason I believe to have been that they were of opinion that it was not their interest to enforce it on account of the Jodee being in most instances little leſs than the lands could afford to pay. The original holders of the Cuttoobuddy lands were Peons and in aſsigning lands to them the zemindars would naturally aſsign them those which were lying waste on account of the heavineſs of the Aſseſsment on them. It was not till the affairs of the present zemindar became desperately involved that he demanded the full Aſseſsment on the Kuttoobady lands, which however he was in scarcely any instance able to realize.

31. The Board in reference to their want of accurate information regarding the real nature of the present system have* required a complete set of Accounts in the Native language of a Village settled according to the old system and of one into which the Survey of the late zemindar's Dewan has been introduced. A

*Extract from the Board's Proceedings dated 4th December 1843 Para 15.

A set of accounts of the Village of Orentongob Gollalacoopum settled according to the old System and of the Village of Allemaloomungapoorum into which the Dewan's Survey has been introduced is herewith transmitted.

32. In theory the System of Settlement is most intricate as evinced by the Jummabundy Hookoomnamah referred to in Para 10 of this letter, but in practice it appears that the Zemindars have been compelled to respect the Mamool of each particular Village as shewn by the Curnums Accounts. The people appear long to have obstinately and successfully persisted in acknowledging no other rule. The Zemindar might make what settlement he pleased but if it was opposed to the Mamool of the Village the people refused to pay and as he never gave puttahs he could not compel them.

33. The practice of allowing the Monigars to let lands at a rate lower than the Assessment has been a source of the most perplexing confusion and has tended much to make the Monigars the

the

the insubordinate Characters they at present are. The Zemindars have looked to the Monigars for the Revenue, and in order to raise it the Monigars have been in the habit of letting highly assessed land generally for a single year on a reduced Assessment. They call it letting it on Cowle but there was no written Cowle, it was merely a verbal arrangement between themselves and the persons taking the land, and at the Jummabundy settlement the propriety of the arrangement was to be decided on.

34. Mr Roberts has transferred to his Report dated 28th June 1829 the contents of the Jummabundy Hookoomnamah of Fusly 1238. The Board will understand from that Report what the theory of the Zemindar's System is.

35. Of late years the Zemindar has been in the habit of forestalling his Revenue. As he could not compel payment he could only raise the Money by allowing some advantages to the Ryots in the way of Cowle or Pullanushtee remission, and this in the following year would be claimed as Mamool, and often with success. As the Zemindar never made what the Board understand by a Jummabundy settlement that is, as his demands on the Ryots were never adjusted, the want of

Accounts that are of any value occasions great difficulty in settling disputed demands. Mr. Roberts observation that what are termed Balances are in fact unadjusted items is as true of the settlements made by the present Zemindar as of those made by his Predecessors.

36- A regular System of account has been introduced as far as practicable but the want of a sufficient Number of Curnums and their periodical change under the Moorosivuttum is a great obstacle to improvement in this respect-

37- With regard to the Boards remarks on the advantage of examining into the private debts of the Zemindar with a view to effect a composition with his creditors it appears to me that this interference would for several reasons not be advisable.

38- No advantage would be derived either by the Zemindar or the Government by the payment of his present debts unless he could in the mean time be prevented from contracting new ones. Much trouble would be incurred and much hazard of the Government being made a Party in Civil suits, and supposing a Composition were effected with the present creditors, and after a long lapse of years the present debts were

were paid off the Estate would probably be found eventually to be as much involved as ever-

39. The Zemindar's Creditors cannot dispute the right of Government to appropriate the whole of the revenues of the Estate to the liquidation of the arrears of Peishcush, but if a composition was attempted, any Creditors not included in it, either because they refused to agree to the terms, or because the debts were contracted to them after the composition was concluded, might urge that though Government had a right to appropriate the rent of [illegible] the Estate to the liquidation of the arrears of Peishcush they had no right to appropriate it to the payment of the debts of certain private Creditors to the injury of themselves.-

40. I apprehend that the Zemindar himself and certain of his Creditors would for different reasons be equally indisposed to agree to the contemplated composition as the effect of it as regards him would be to keep him out of the management of his estate, which management he most ardently desires to recover, and as regards them to keep them out of the possession of the Villages which he has mortgaged to them, and which the present attachment has taken out of their hands.-

Sir,

The allowance of Rupees 434-14-4 per annumx, sanctioned by Government, to be continued for 5 years in compensation of land alienated, for the support of certain religious institutions, by the elder branch of the Picheveram Poligar's family, remaining unpaid from my Treasury for fusly 1252, I intend to distribute it personally during my approaching visit to Chellumbrum at the time of the annual Settlement: but, as I consider it would be advisable to disburse the amount at once for the whole period of 5 years, as authorised* by Government, under instructions from the Honorable Court of Directors in a similar instance connected with the Wodiarpolliam Cavilgar's family, I have the honor to request, that should the Board approve of the arrangement, that the sanction of Government for Rupees 2174-7-8 due from fusly 1252 to 57 may be obtained, which will enable me to adjust the transaction finally with the parties concerned.

From J. C. Wroughton Esqre Principal Collector of Coimbatore — }

Submits further observations in the case of the jungle land claimed by the Numbidy of Collungode, Doubts the correctness of the interpretation given by Mr Conolly to the "Privileges" made use of in the Board's Proceedings and requests should it be determined that the Numbidy is to enjoy the Timber Forest in question, that the case may be submitted for the orders of Government—

Sir,

I have the honor to ack the receipt of Extract from Proceedings of the Board of Re ted 29th Ultimo modifying the of Mr Cook and Mr Oswell g certain jungle lands in dispute between the Government and the Numbidy of Collungode, and directing that he and his opponents must continue in the exercise of the particular privileges heretofore enjoyed by each, untill the exclusive right of either Party is established in a Court of Law—

2. In obedience thereto, I have forwarded orders to the Tahsildar of Pulachy to carry into effect the instructions of the Board of which the accompanying a translated Copy—

A

Having

3 Having serious apprehensions as to the interpretation which is to be given to the word "Privileges," I proposed submitting the question for the reconsideration and further instructions of the Board, in the meantime, however, I have received a communication from the Collector of Malabar which I now beg leave to forward.

B

4 The Board will not fail to observe that the prediction conveyed in my communication of the 26th August 1843 is now verified, and I have great doubts as to whether the interpretation given by Mr Conolly to the term "privileges" is in accordance with the intention of the Board, for I am assured that in the orders contained in their Proceedings under acknowledgement they

[illegible] containing most valuable Timber which would disappear if some restrictive measure is not adopted for its security, pending the settlement by [illegible]

they could have hardly contemplated that the Numbidy is to be permitted to cut down Timber adlibitum east of Mingarey in defiance of the restrictive orders of Government, until his exclusive right was established in a Civil Court, as previously determined by the Board.

C

5 I beg leave to submit the question for the reconsideration of the Board in an abstracted form, and if the claim of Mr Conolly is likely to be conceded, as it involves the alienation of a considerable extent of Government Property, which I believe is prohibited by order of Government, I request that this case may be submitted for the consideration and special orders of Government, together with the whole correspondence connected with it.

6 Translated Copies of two Depositions taken by the late Commissioner are enclosed for the information of the Board to show the nature of the evidence in favor of Government.

DE

The several other depositions, all of which are more or less of a corroborative character, will also be transmitted with translations if required.

7 - Having now done my duty to the best of my ability, I have only to express my regret that in the performance of it, I should have been necessitated to trespass so long on the time of the Board - However the question (and a very anomalous one it has become, as proposed to be carried into operation by Mr Conolly) may be determined, if the concession of this Forest land is admitted, the whole Boundary line will become affected by the example such a precedent affords - The Survey Map will no longer be of use for reference, and the other parts of Malabar, Travancore, and Cochin profiting and encouraged by it will urge claims suppressed or hitherto dormant -

8 - The present question is based on the collusive transactions of

of a few years as regards the timber, resisted as soon as brought to light, and with equal justice might a Motier taken in the act of smuggling, pleaded immunity on the score of antecedent success, as the Numbidy, on the terms supported by Mr Conolly, be considered the proprietor of the Forest to which he has, I maintain singularly failed to prove any legitimate or legal right either as to the weight or value of his evidence -

Translated Copy of Takeed issued to the Tahsildar of Pulachy dated 19th February 1844 -

Herewith you will receive the orders of the Board of Revenue with reference to the settlement made by Messrs Cook and Oswell regarding the jungle tract east of Mingaray in dispute between Government and the Numbidy of Collungode, by whom it was determined, subject to the approval of the Board that the Collungode Rajah is to be prohibited from cutting Teak or other Timber enjoying the products of the Jungles or increasing his cultivation east of the Mingaray River till such time as he may establish his right in a Civil Court. In confirmation of which the Board direct that the Numbidy and his opponents / Government / must continue in the exercise of the particular privileges heretofore enjoyed by each, until the exclusive right of either Party is established in a Court of Law. These orders I send for your guidance, directing that you will exercise due vigilance in carrying them into effect.—

You are directed, in all cases of doubt which may arise in future regarding the preservation of Government rights, to consult Vencatachala Moodelly of Anamalli whose local experience will be a support to you, and guide you

you in the settlement of vexatious and unsubstantiated claims.—

B

To
J. C. Wroughton Esqre
Principal Collector of
Coimbatore.

Sir

1. You will no doubt have received an Extract from the Proceedings of the Board of Revenue under date the 29th Ultimo Modifying the award given by the Head Assistants of Coimbatore and Malabar" in regard to the present actual "occupancy of certain tracts of land claimed "by the Colungode Numbidi and Ryots of "Coimbatore respectively."

2. The Board observe "that "the practice on the part of the Numbidi of "leasing out the Forest tracts at issue "however it may have been introduced "is admitted / in the award / to have "obtained for the last five years and "must be deemed satisfactory evidence "of the occupancy of the Rajah during

that period and of the actual state of affairs when the disputes between him and Ryots of Coimbatore commenced.

I propose therefore to inform the Numbidi that he is at liberty to give permission to parties to cut Teak in the Attium and Chumanum Reddies to the East of the Meenjary River as heretofore and trust you will give such orders to your people as will prevent their Meeting with any obstruction in doing so.

3. Under the view now taken by the Board you will I hope permit the Merchants to take possession of the Timber felled in the above mentioned puddies on contract with the Numbidi which was seized by the Coimbatore Authorities last year. I wait for your answer prior to informing the Merchants that they are at liberty to do so, as I am most anxious to avoid any thing like collision. Your general instructions as well as mine will no doubt be framed with this view in accordance with the expressed wishes of the Revenue Board. Without much care there is no doubt danger of

of such collision, in as much as the Board "have further ruled" that as the produce of "the Jungle lands in question together with "the right of felling trees and of grazing Cattle has for years back "(according to the award) been rented "from the Coimbatore Sircar, the "Numbidi's opponents must continue "in the exercise of the particular privileges heretofore enjoyed by them". As one of the most effectual ways of preventing disputes I on my part, will press on the Numbidi the desirableness of waiving for the present all other rights in the forests except those of cutting Teak trees. The right of felling trees adverted to by the Board as having "for years back been rented from the Coimbatore Sircar" refers I imagine to trees other than teak; the privilege of felling this description of Timber not being generally rented by the Coimbatore Authorities.

If then your people will confine themselves to collecting the forest produce, wax, honey &ca to grazing cattle and to cutting Jungle wood while the Numbidy confines himself to cutting teak Timber, all cause of irritation will cease—

Collector.

P.S. I trust to receive an early reply to this communication as it is clearly desirable that the details of a matter so long in suspense should be finally settled with the least possible delay—

C.

Memorandum

1 The dispute, regarding the tract in question is not between the Numbidy and the Ryots but between that individual and Government. The Forests forms an area of nearly 14 miles according to Captain Ward's Survey map of this District the greatest portion of which contains most valuable Teak Timber. This extensive tract has always been, and is at this Moment considered the undoubted Property of Government. It was only

a few days ago that I received offers from Mr Gardener who has for years rented the Malabar Jungles to farm the Animalli Jungle (the land now in dispute) and his local knowledge may be considered to have some weight as proving that the Forests are the property of the state—

2 The first complaint on the part of the Numbidy was made in 1842, and was sent to me by the Collector of Malabar. The enquiries instituted on the spot satisfied me that this claim was groundless. Mr Conolly subsequently deputed his Head Assistant and was led to believe the Statement of the Numbidy to have been correct from an exparte investigation made by that Officer the particulars of which were submitted to the Board in my letter dated the 25th of April 1843. The grounds upon which the claim of the Numbidy was Considered untenable were also clearly shown in the above communication and it was then determined by the Board that the Zemindar should be directed

"to establish his claims in a Court of "Udalut, and that pending such process "the land should be continued in the "possession of its present occupants". On Mr Conolly's subsequent communication, in modification of this order the Board directed a commission to settle the matter which was accordingly carried into effect, and a copy of the Decision submitted to the Board for their information and ratification, and here I respectfully submit, it would have been safer to have allowed the question to remain until adjudicated by a Civil Process as previously determined by the Board, but Mr Conolly considered this decision objectionable and submitted further remarks thereon. I do not conceive that the orders of the Board laid down in the Extract from their Proceedings dated 11th May 1843 wer contemplated that the concurrence of the Collectors of either Districts was necessary, but rather that the

the decision of the Commission was to determine matters regarding the actual occupancy of the ground as far as possible (short of Judicial Proceeding)-

3 The directions of the Board under reference seem to have been founded upon the last remarks of Mr Conolly — That Gentleman states "that the question is "not how the Numbidy got the Puddies, "but whether or no, he has got them - That "he has done so since 1838 at least, is I think "sufficiently proved by the award itself" and the Board upon this proceed to say that "the custom, however, it may have been introduced "is admitted to have obtained for the last "5 years and must be deemed satisfactory "evidence of the occupancy of the Rajah during that period, and of the actual state of affairs when the disputes between him and the Ryots of Coimbatore commenced" The question which forms itself therefore upon this is whether a collusive and temporary enjoyment of a small tract of land would vitiate and take precedence of an established

right of more than five and thirty years: The Ryots of Coimbatore have been for years together and are at this moment in the habit of clearing and cultivating this Jungle aſsisted by the slaves of the Numbidy - No hindrance or complaint on the part of that individual was ever attempted or received either here or I believe in Malabar until February 1842 - Had the Numbidy considered himself the proprietor of the soil, I submit he would never have tacitly allowed this Proceeding or have exhausted his unquestioned Forests, leaving these untouched - Again at various intervals upon the permiſsion of former Collectors, Timber was felled on the disputed ground both for Public and private purposes, and not in a single instance has the Numbidy offered the slightest remonstrance. The right of felling Trees other than Timber fit for Government works, and of grazing cattle and gathering the Jungle products on this spot has always

always been and is now rented in this District for the benefit of Government, and the Renters have hitherto been in the uninterrupted enjoyment of these privileges - From the above circumstances it is undoubtedly proved that the enjoyment of the Jungle tract by the Government Ryots of Coimbatore has always been permitted and even recognized by the Numbidy from the fact of his not demanding the revenue on the lands so cultivated and that his attempts to croſs the Minganay River, the natural boundary of the two Districts, have repeatedly been opposed, and that he has retired on these occasions within his own limits -

4 Having endeavoured to explain what I considered neceſsary on the 1st point, I now proceed to the 2d "the residence of the Mulliers" Mr Conolly remarks "what benefit the Numbidy is to derive from having his slaves allowed to reside in huts, which they cannot leave without treſpaſsing on ground aſsigned to Coimbatore, I am unable to imagine" and the Board in following Mr Conolly through this say "that the Numbidy

"had at least partial possession of
"these Puddies is further rendered
"probable from the circumstance of his
"Mulsiers having long been hutted there
"as it is not to be supposed that he
"would have allowed them to remain in a
"confined spot in the centre of a
"Forest tract whence he derived no
"benefit". Attiampadhey is immediately on the boundary line - It will be found that this location, always of a temporary character was merely removed from the west to the east bank of the Mingaray River - It is a well known fact that the Numbidy's people were permitted to take up this position by the Animalli inhabitants - The place where the Mulsiers are hutted is not, as supposed by the Board, in the center of a Forest tract whence the Numbidy derived no benefit, but in the immediate vicinity of his property - These people have been mutually employed for felling Timber and other purposes both by the Numbidy and the renters of this District - the former on the west

west, and the latter on the East side of the River, and have also been invariably entrusted with the care of the cattle of the Coimbatore Ryots, which were annually sent to graze in the dry season - This fact is confirmed by the accounts now with the village officers of Animalli which shew the amount paid to these Mulliers for services rendered by them; and this circumstance, I trust, will satisfy the Board, that they have been misinformed in supposing that the "possession of the Puddies by the Numbidy is further rendered probable from his Mulliers having been hutted there." That the Numbidy had partial possession of "these Puddies" is unquestioned to the extent specified in the award of the Commission, and in the occupation of which he will still be maintained -

5 I would also submit for consideration whether from the foregoing explanation, sufficient causes are discoverable as to why the odium and expences of litigation should be thrown upon Government, as proposed by Mr. Conolly - I would further add that the Numbidy has never rented the Jungle at any time east of Mingaray, and no Timber was felled there under contracts obtained from him - In consequence of the restrictive order prevailing in Coimbatore, Parties who were in need of Timber have felled it on the west bank of the River under agreements with the Numbidy - This circumstance is clearly proved by the evidence

for trade and
for private
purposes

Vide depositions D & E

evidence of the Renters who were cited as witnesses by the Nimbidy himself. Had the individual considered himself to have a right to the Forests east of Mingaray it is quite improbable that he would not have rented them for his benefit. nor would the Renters have incurred the trouble and expence attending the felling of Timber on the west bank, while they could get equally valuable wood in the east side, with much less difficulty and cost. The Nimbidy has enjoyed no privilege at all up to 1838. in that year his collusive attempts had their origin a few trees were cut here and there in the extent of 14 Miles, and this illicit proceeding continued up to 1840, which would shew that the actual period during which the Nimbidy would pretend to have cut Timber is only three years, and not five as stated. From 1842 he has no concern whatever with the Forests, and the Timber cut by him in 1841 was seized as reported to the Board in my letter of the 12th September 1842, and is now lying undisposed of.

6. Mr. Conolly's proposition to permit the Numbidy to cut Teak Timber and the Coimbatore people to fell Jungle wood, graze the cattle and gather the Hill products, confers a separation of rights which would seem to require explanation on the score of consistency as it is not difficult to foresee that the annual rent paid to Government at 2000 Rupees per annum for Forest products will cease with the proposed concessions.

Translation of Deposition given before H. C. Oswell Esqre. and H. D. Cook Esqre. Head Assistant Collectors of Coimbatore and Malabar under date 16th November 1843 by Camatchee Nada Pillay Son of Colunda Vatoo Pillay a resident of Oolocoody Poliput, by Caste Vellalen, by profession a Vakeel of the Zemindar Monigar and Cultivator, of the Seva Sect and aged 41 Years.

Question. The Vakeel of the Numbidy has stated that you had rented, the privilege of felling Timber in his jungles, is this the Case? and if so, in what year was the jungle rented to you?.

Answer. From the Month of Pungany (March & April) of the year Aunnatah to the 30th of Masee (February and March) of the year Veelumbee that is for four years I rented the (a D 1838/39) Privilege of felling Teak, and Blackwood Trees in the jungles and Hills belonging to Numbidy for exportation to the Eastern Districts for the annual consideration of 350 Rupees. This rent was taken jointly by me and a person named Pungoo Menon of Vadavanoor in the Collungode Country. we and the Numbidy have mutually exchanged agreements and we have also enjoyed the privileges of the rent according to the terms prescribed.

Question. Were you the sole Renters

in those Years for the felling and exportation of Timber to the Eastern District, or were there any other Renters besides you?

Answer - We were the sole Renters for the exportation of wood to the eastward in the above 4 Years, and there were no other Renters except us.-

Question. Are you in poſseſsion of the agreement entered into by the Numbidy?-

Answer The Puttah for the rent given to us by the Numbidy is drawn out on a Stamped Cadjan of the value of 4 Rupees, it is in my poſseſsion and I now produce it as required.-

Question The Agreement now produced by you empowers you to fell Timber in the jungles belonging to the Numbidy, in what places have you Cut down wood under the authority conferred on you by that document?

Answer - I have cut down wood and other=wise enjoyed the privileges of the rent in the same manner as Rullanagounden of Samatoor who was the renter of the preceding year that is in the jungles and Hills belonging to the Numbidy and situated west of Parea and Chinna Mungaray Rivers which are the boundaries of the Animalli Village, and east and South of the limits of the Cochin Circar.-

Question.- The Vakeel of the Numbidy

has

has stated that by the terms of the abovementioned document, you have also Cut down Teak wood to the east of Mungaray Pullum. Has such been the case?

Answer.- I have never Cut down any timber east of Mingaray on the authority which the agree=ment conferred on me, because I know that the Circar limits commence from the eastern Bank of the River. Being a resident of Ootoocoody, I have always been in the habit of traversing this Jungle with the Poligar for supporting my people have in some Years rented the Puddy and Parnapilloovary rent of the Marche=nackenpollium Jungle, I was a Joint renter with one, Appoo Cheekra Rowten, who, 16 or 17 Years ago, held the Puddy rent of Animalli for the period of three Years.- I have at that time traversed the whole Jungle & enjoyed the Jungle products and pasturage tax.- About 20 years ago or thereabouts my brother Mootoosawmy Pillay was employed by Government on a pay of 3 Pagodas a Month for procuring Timber for certain Government works at Trichinopoly and other places. I in company with him at that time, have cut down wood in the Circar Jungle east of Mingaray.- Under these cir=cumstances I was fully aware that the

Jungle east of Mingaray is the property of Government, and did not therefore fell any timber in that place.

Question. It is stated that certain Persons who subsequently obtained the rent from the Numbidy cut down teak Timber east of Mingaray; state what you know of this matter, have they felled any Timber & if so, where felled:

Answer. There is no reason to justify the cutting of Timber on the east side of Mingaray by parties who have obtained rent from the Numbidy, if any one has done so it is a fraud.

Question You have heard the deposition now read over to you dated the 25th of August 1842. Have you given this deposition before the Principal Collector of Coimbatore on the date above specified?

Answer. I gave this deposition before that officer on the said date.

Question. You have stated that you are well aware of the position of the several boundary lines, if such is the case, why are Davanoor Cooppandy, Tanalum and Nelleamaday entered as belonging to Malabar in the Map of that District prepared

prepared by the Engineer who visited these Jungles 20 years previously.

Answer. I do not know how this entry occurred, whether from not enquiring the People of Coimbatore, or by making out the Map on the information given by the Numbidy's people.

Question of the Vakeel of the Numbidy.

Question. Does any enmity exist between you and the Numbidy in consequence of the non-payment on your part of a sum of 350 Rupees being the balance due to him according to the terms of the agreement.

Answer. The whole amount prescribed by the agreement was paid to him and there is no enmity between us.

Question of the Circar.

Question. In the agreement produced by you, it is stated that you have been furnished with a seal or stamp - what have you used it for, and where have you paid the amount duty on the timber said to have been cut by you?

Answer. With the seal given me by the Numbidy the timber cut down by me was stamped which I have also returned to him when the period of the rent expired. The Sayer in those four years was rented by the above

Pungoor Menon and a Stamp was therefore given to him by the Cirkar. The timber cut by Petty Renters was stored in Tunder Puddy, Mondespady, Chummur Puthee and Allian puthey and was entered as such when the duty was levied, and Rawanahs given. Pungoo Menon, the individual whose name is associated with mine in the agreement, subsequently transferred his share of the Timber, and Sayer rent to my Zemindar and I subsequently managed the whole affairs and levied the duty.

Question. Was the Timber, cut in the 4 years as specified in the agreement, removed annually, or was it allowed to remain in the Malabar limits?

Answer Some of the Parties who obtained Petty rents from me removed the wood to the Cirkar Jungle on the east side of the river annually and others left it within the Collungode limits, but subsequently brought it to these limits after obtaining permission from me. Of the Timber cut by my Zemindar for his own use about 300 Teak Trees still remain in the Collungode Hills.

Question by the Vakeel of the Numbidy.

Question. You say that you cut down

wood

Numbidy of Collungode.

wood to the west of Mingaray, does the agreement entered into with you by the Zemindar prescribe that you should do so?

Answer. There is no entry to this effect in the agreement, but I have acted as the renter of the preceding year did.

Question. You have heard the deposition read over to you, is it correct?

Answer. It is.

Translation of Deposition given before W. C. Oswell Esqre. and H. D. Cook Esqre. Head Assistant Collectors of Coimbatore and Malabar under date 16th November 1843 by Nullavagounden, Son of Moottoovalagounden, a resident of the Polipal Village of Samatoor in the Pullachey Talook, by caste Velladen of the Seve Sect, by Profession Cultivator and aged 45 Years.

2. The Vakeel of the Numbidy

of Collungode has stated that you had rented from the Numbidy the privilege of cutting Timber in his Jungles, and that you have felled Teakwood on the east side of the Mingaray River. Has such been the case?

A. I do not recollect whether it was the year Munmatah (A.D. 1835/36) or Doormookhee (A.D. 1836/37) I had rented the privilege of cutting Timber for one year in the Numbidies Jungles for exportation to the eastern Districts. I dont recollect whether for 250 Rupees or 450 and executed a Cararnamah to the Numbidy, and also obtained a similar agreement from him. I have cut down Timber in his Jungles west of Mingaray and on the Ayamalay Hills. this was again subrented by me to some Cartmen and the trade was carried on. As I took up the rent for the Poligar of Samatoor, the Cararnamah obtained from the Numbidy was mixed with the other documents of the Poliputty, all of which are now secured in a box. Sealed and lodged in under charge of the Circar. I had also rented Chummunpadhey which is on the westside of China Mungaray Putty in the said year for 50 Rupees from the

Numbidy

Numbidy of Colungode, and gathered and enjoyed the produce of Beeswax, honey &ca west of the said Putty. The Chit passed by the Numbidy for this is also included in the other documents mentioned above. You have stated that Timber was cut down by you west of Mingaray upon contract obtained from the Numbidy. Have you at any time either upon this contract or any other special permission, cut wood east of the said River?

A. I have never at any time cut wood east of Mingaray upon the authority of the rent obtained by me from the Numbidy. In Mr. Sullivan's time (I have an indistinct recollection whether it was in the year Taroona (1823/24) or Parteena (1824/25)) My Master, the Poligar of Samatoor, requested that Gentleman by an Arzee to be furnished with a certain quantity of Teakwood for building a house. an order was sent to the Tahsildar of Pullachey permitting him, Poligar, to cut down a number of Trees. The Tahsildar issued Takeeds to the Monigar of Animally and about 200 Teak Trees were cut down by me for the Poligar west of the Coopandy Pillay Taralum, and east of the Meengaray River which were also transported to his house. I do not exactly recollect the number of Trees so cut.

Q. You have stated that you also rented Chummunpadchey on the west side of chinna Mingaray Putty - At that time did you enjoy the Jungle products on the west side of the Meengaray River only, or on the east side also?

A. I have enjoyed the Jungle products on the west side of the River, and not on the east.

Q. You have stated that you cut down Timber for the Poligar on the east side of the Mingaray River under orders from Mr. Sullivan, - Have you at any other time done so in the said spot? -

A. I do not recollect the year but when Runga Row was Tahsildar of Pullachey, I have caused 4 Beams to be cut down through the means of the people residing in the Pudhey, - for building my own house - I cannot bring to recollection whether I had the permiſsion of the Tahsildar to do so or otherwise. -

Q. You state that you caused

same

same Timber to be felled for the Poligar of Shamatoor - did any one prevent your doing so at that time? -

A. According to the list, some trees were felled, but all of them were not removed at once - and when I went back to bring those still remaining there, the Peons stationed at Coppandey Chuttrum prevented my doing so, but on the permiſsion of the Tahsildar of Pullachey, they allowed me to take them also afterwards.

Question by the Numbidies Vakeel.

Q. You have stated that you did cut down a certain quantity of wood on Mr. Sullivan's permiſsion for the Poligar of Shamattoor, was any money paid to Government on that account? what number of trees were cut? what is the description and the number of Trees mentioned in the Takeed? - and does it direct that wood was to be cut east of Mingaray? -

A. The Poligar addreſsed an arzee to Mr. Sullivan who iſsued instructions to the Tahsildar to permit the Poligar to cut down Timber - I do not know whether or no any money was paid - I do not recollect the number & description of the Trees. The order permitted the felling of Timber to the extent specified in the list, I have no recollection whether the limits are mentioned in the Takeed or not. It ought to be ascertained on a reference to the Takeed.

Q. You have stated that you obtained the rent from the Nimbidy and cut down Timber west of Mingaray. Does the Cararnamah contain this particular.?

A. I do not recollect the precise Terms of the Cararnamah which must be ascertained by a reference to that document. The verbal agreement was to the effect that Timber should be cut on the west side of Mingaray which I have accordingly observed.

Question by Circar.

Q. You have heard the deposition read over to you. Is it correct?

A. It is.

Question by the Vakeel of the Nimbidy.

Q. Does any enmity exist between the Nimbidy & yourself in consequence of his not having given the rent to you in the next year also?

A. The Timber was cut by me for the Poligar of Hamatoor and not for me and in consequence no enmity exists between us.

The two wings are now open and devoted to the accomodation of Native Travellers whilst the Centre is occupied by the Talook Cutcherry and Treasury. From Collr. 6th in Consn. 15th Octr. 1835 para 9

Sir,

Para 1 I am directed by the Board of Revenue to submit the accompanying application from Lieutenant General Sir John Doveton G.C.B. for the purchase of a building commonly called Vencatarunga Pillay's Choultry at Streepermatoor.

2. This Edifice, after a lengthened correspondence, was declared by a Resolution of Government under date 30th May 1837 to have been dedicated to specific public purposes and as such (that) it ought to be maintained for the convenience of Travellers under the provisions of Regulation VII of 1817. It is clearly therefore out of the power of Government to accede to the Lieutenant General's request for its transfer to him by sale. It would appear however from the letter of the Collector to Sir John Doveton that the wings only of the building are at present allotted to the accommodation of Native Travellers, the Centre being occupied by

Talook Cutcherry and the other portions of the edifice remaining as at present open for the convenience of native travellers.

by the Talook Cutcherry and Treasury, but under what authority is not stated, for tho' an application to that effect was made by the late Collector in 1835, it does not appear to have received the formal sanction either of the Board or Government.

3. If therefore such an appropriation of the building be recognized by Government, it will remain for them to determine how far they may be able to meet Sir John Doveton's wishes by permitting him to occupy the entire portion of the Choultry as a temporary arrangement, (which it is understood would be agreeable to him, in the event of his first proposition being found to be inadmissible) he undertaking to provide accommodation for the Talook Cutcherry and the other portions of the edifice remaining as at present open for the convenience of Native Travellers.

Sir,

I am directed by the Board of Revenue to request that you will submit for for the orders of the Most Noble the Governor in Council the accompanying Statement exhibiting the wastage of Salt which occurred in the several Maritime Districts under this Presidency in Fusly 1252 (A D 1842/43) and under the explanation contained in the Column of remarks, the Board recommend that sanction may be granted for writing off the same amounting in the aggregate to 1884 Garces 173 Merc - Mea - Seers ¾ and bearing a proportion of 4 24½/64 per Cent to the quantity on which it occurred.

A

The Board also recommends that sanction may be granted for the charge of Rupees 64-8-1 being the hire which had been paid in the Nellore District for conveying to the Platforms on the Beach part of the Salt lost by Wastage.

Referring to your letter of the 4th Instant submitting a Report of the re-examination of Armooga Moodelys Garden by the Naib Sheristadar and the Sayer Superintendent attached to your Cutcherry and Sayers Superintendent attached to his Cutcherry regarding the Report made by them of the re-examination of Armooga Moodally's Garden and requesting him to explain whether and under what circumstances any influence was exercised and by whom to induce the parties to modify their Report.-

No. 1308/1844

Cutcherry I am instructed to forward to you for your early report the accompanying Petition from certain Venders of Toddy.-

2- In this Petition it is stated that when their Accounts were handed at the Cutcherry Mr DeVaz was pleased to grow very angry with the parties, i.e. with the new Examiners and rejecting their account ordered copy of that prepared by Vencatasawmy Naick to be made out and handed to the Collector &ca and in consequence of this distinct allegation the Board were induced to send for the new examiners and take depositions from them as to the extent of interference if any which had been exercised- the result will be found in depositions copies of which are now forwarded to you and which tend most materially to confirm the Statement of the Petitioners that the Report forwarded by you to the Board was not in the state originally submitted to you but that at the suggestion of persons in your Office a part had been omitted which essentially changed

changed the character of that Report- the Board request that you will explain concisely but distinctly whether and under what circumstances any influence was exerted and by whom, to induce the parties to modify their Report.-

3 The Original Report upon country Paper Marked A with its accompaniments is herewith forwarded these together with all the Enclosures now transmitted, you will be pleased to return to the Board's Office-

Present
J Dent Esqre
A. Robertson Esqre
and
Walter Elliot Esqre

Augusteeswerah Moodely Deputy Sheristadar in the Cutcherry of the Collector of Madras is called before the Board and undergoes the following Examination.—

1st Question. Is the Report of the examination made by you and Gopolayah of the Trees in Armooga Moodely's Puttary given by you and now shewn to you the only report which you prepared on the subject?	1st Answer. This is not the first Report we made— the First Report contained three Paras.—
2nd & 3rd Qns.— Were the contents of the first Report, and of the one now shewn to you the same— if not in what did the difference consist?	2nd & 3rd Answers.— No— In the first Report there was an additional Para which is omitted in the present one to the effect that the first and Second class Trees are certain to yield Toddy, and regarding the third class that they are not used— because they are not productive, but the Original Report first prepared is in the Cutcherry among my Papers, the one first prepared was withdrawn and the present one substituted.—
4th Question— Why did you alter the first Report?	4th Answer— Because Mr. DeVaz stated that the part of that Report which is omitted in the present one was not true. Mr. Hudleston sent for me and asked me if our Report was ready, and I took it to him signed by me and Gopaul— Mr. Hudleston read it and gave it to Mr. DeVaz who observed as above stated, that the part omitted was not true— All this took place in the presence of Mr. Hudleston.—
5th Question— Did you deliver the first Report to the Collector as your true and official Report?	5th Answer— Yes— I and Gopaul did deliver the Report to Mr. Hudleston as our true and official Report— who read it as above stated and gave it to Mr. DeVaz, when he observed that the last part of it now omitted was not true— Upon which I said we

we have written whatever we saw with our eyes and from information collected from other qualified persons. Mr. DeVaz then said that he had a Garden of his own in which Trees putting forth blossoms for the first time yielded Toddy within 15 or 20 days. Besides Mr. DeVaz observed that we were giving an opinion upon the case in which we were not required to do. and that before doing so we should read and examine the correspondence /which he then held in his hand/ and upon this I said we were not required to examine the correspondence but merely to go and examine the Trees in Armoga Moodly's Puttadah which he accordingly did, and stated the result in our Report, but I added if you think we have stated too much we will omit such parts as you have made observations upon, Mr. Hudleston then said do not make any alteration in your report from what has been now said but take the correspondence and examine it well and make a satisfactory Report. After this Mr. Hudleston left the

the Office and Gopaul and I went into Mr. DeVaz's room, when he again showed us the correspondence telling us not to depend upon that alone but to see the Original in Malabar and if they are found to correspond with the English Accounts to make a report satisfactory according to our own conscience, which in his opinion would be sufficient without the part omitted, as such part goes to set aside the arrangements made by Mr. Smally, Mr. Cotton and Mr. Robertson and be productive of 40,000 Rupees Loss to Government annually. I then said we will conclude our report omitting the part which has been observed upon, and the Collector can supply any further explanation with reference to the correspondence in submitting our report to the Board.—

6th Question. Is the correspondence now shown to you, A letter and Enclosures dated 10th December 1843 — that which Mr. DeVaz held in	6th Answer. Yes it is the same.— Yes.

in his hand and showed to you.

7th Question. Can you produce the original Report which you first gave to Mr. Hudleston?	7th Answer. Yes I can it is now among my Papers with the Pen struck through the latter part.—
8th Question. Are you of opinion to the best of your knowledge and Judgment that the 137 Trees entered by you as "commenced to yield blossoms and flowers" have produced Toddy within the last Six Months, or are likely to be in a state to yield Toddy for three Months to come or even for Six—	8th Answer. I do not think according to the best of my Judgment and from what I have been told that the 137 Trees which have commenced to put forth Blossoms have ever yielded Toddy at all and the reason why I think so is that out of the 137 Trees there was not a single one which bore the signs of Toddy ever having been drawn from it, whilst in some of the Trees in the Second Class there were several blossoms.

blossoms which had been cut and tied for the reception of Toddy Pots, but which had withered and had any of the 137 Trees ever been prepared to draw Toddy from, the same appearance would have been observed in them. In regard to the period within which any of the 137 Trees may be expected to yield Toddy, so much must depend upon circumstances that I cannot give an opinion with any certainty.—

Boards Proceedings 9th March 1844.

Madava Gopaliah is called before the Board and examined as follows.

1st Question. Is this report Signed by you and Augusteeswara Moodely the only report which you prepared regarding the examination of the trees in Arnoga Moodely's puttadar?	1st Answer. This is not the first report we made. we had prepared one on Country Paper and Signed it.—
2d Q. Was that report delivered to the Collector?	2d A. It was shewn to him.
3d Q. To the best of your knowledge and according to your	3d A. It was a correct one.— There

your examination of the Garden was that a correct report?	
4th Q. What difference was there between the first report and the one now before you?	4th A. There was an opinion expressed in the first which has been left out in the present report.—
5th Q. Where is the first report?	5th A. Augastreeswara Moodely knows, but I cannot say whether it may have been destroyed.—
6th Q. Why did you strike out that opinion?	6th A. Mr Hudleston told us to examine the former accounts and correspondence and the agreements of the toddy Men which induced us to alter our opinion.—
7th Q. Are you of opinion to the best of your knowledge and Judgement that the 137 Trees entered by you as "commenced to yield blossoms	7th A. About 10 or 11 had been cut.—

and

A.

and flowers" have produced toddy within the last Six Months or are likely to be in a state to yield Toddy; for three Months to come or even for Six?	
8th Qn Upon seeing that they had been cut, in what class did you enter them in the 2d or 3d Class?	8th Ans. I entered them among the 189 in the Second class.—
9th Qn But had any of the 137 trees of the 3d Class had Toddy drawn from them at any time?	9th Ans. I do not believe that Toddy had at any time been drawn from the 137-3d Class trees.
10th Qn Do you think those trees would yield Toddy in one Month from this time?	10th Ans. I do not think they will yield toddy within 2 or three Monthes from this time.—

Augusteesvara Moodelly the Naib Sheristadar of the Collector of Madras is called in and further examined as follows—

1st Question. You stated that the Original Report of the examination of Armoogum Moodelly Puttarah prepared by you and Gopaul Iyen was in your possession will you have the goodness to produce it?	1st Answer. Here it is producing the Document which the Board Mark A to distinguish it from the other Document enclosed with the Collector's letter dated 2d March last.—
2d Question. On what date did you present the original Report (which the Board have marked A) to the Collector of Madras?	2d Answer. On Saturday the 2d March instant, at about four /4/ O'clock in the afternoon.—
3d Question. On what dated did you deliver to Mr. Hudleston the Collector the amended Report with the last para omitted?	3d Answer. On Monday the 4th of March instant about half past 3 O'clock in the afternoon. I beg to mention that with the Second or amended Report we proposed to give in a Statement shewing the result of our examination as alluded to in the first para of our Report sent to the Board but Mr. DeHaz said the abstract would be sufficient compared with the abstract of the examination made in September last.—
4th Question. Did the Statement of the result of your examination which you say you intended to submit with your amended Report accompany your Original Report?	4th Answer. Yes it did, it was an Enclosure in the first Report and is alluded to in the first Para of that Report.—

12th March, 1844.

Board's Proceedings of 12th March 1844 continued - Madavah Gopaul Iyen is called before the Board and examined as follows -

1st Question - In your examination before the Board on Saturday last you said you gave in another report to the Collector Mr Hudleston - is the report now shown to you that original report?	1st A. This is the original report we gave in first to Mr Hudleston and bears my Signature and Augusteeswerah's.
2nd Question - Did the enclosure which is now with it also bearing your and Augusteeswerah's Signature accompany the original Report?	2d A. Yes it did.
3d Question - Why did you not submit this enclosure with your Second Report?	3d A. We prepared the Statement to submit with the original Report and intended that it should have been given in with the Second Report, but some one came and said that an Abstract would be sufficient and the enclosure in the original Report was therefore not sent.
4th Question - Do you know the person who said that an abstract would be sufficient?	4th A. I do not know the person who brought the Message but I understood that Mr DeVaz said that would be sufficient.

Communicating observations and orders on the Board's Proceedings relative to the management of the Minor Estates of Maringhy Sungumvulsah and Coorpaum in the District of Vizagapatam for Fusly 1251

Read the following Extract from the Proceedings of the Court of Wards.

Relative to the management of the Minor Estates of Maringhy Sungumvulsah and Coorpaum in the District of Vizagapatam for Fusly 1251. 1841/42. (Here enter 21st Decr. 1843 No. 627)

Para. 1. The Estates of Maringhy and Sungumvulsah, adjoining each other and similarly influenced by the effects of seasons may be taken together, in shortly reviewing the favorable settlement of the year.

2. The Proceedings of the Court

of Wards in sanctioning the Charges &ca in the three Estates meet with the approval of the Government

Fusly 1251 · 35,546-2-7
— 1252 · 35,166-13-4
379-5-3

3

Maringhy produced 35,546 or 379 Rupees above the preceding year the Collections were 33,651 leaving a balance of Rupees 1894 which was further reduced on the 30th December to 1563 Rupees

4.

The Charges including Peishcush amounted to Rupees 25,817 thus enabling the Collector to place 10,000 Rupees in the Government securities on behalf of the Proprietor.

Sungumvulsah
Fusly 1250 Rs 14,610-15-2
" 1251 — 14,635-0-2
Increase — 24-1-0

5.

The settlement Demand on Sungumvulsah resulted in an increase on last year of 24 Rupees. The sum of 14,363 Rupees was collected within the Fusly, and 15 Rupees subsequently leaving a balance on the 20th December of 256 Rupees.

Rs
+ 30^{64}
0 67^{00}
97^{64}

6

The Charges and Government Peishcush being deducted a surplus including that of last year Viz. Rupees 854-12-0 remained of 5,681, of which 5,500 Rupees were lodged in the Government 5 Per Cent loan.

7

The Most Noble the Governor in Council received with much satisfaction the report on the education and acquirements of

---

of the Maringhy Zemindar. The account of the Proprietor of Sungumvulsah is less favorable though not discouraging. Should the legitimate authority of the Collector be maintained and beneficially exercised as occasion requires.

Collector's report Para 7

The review of the Court as regards Maringhy would have been perhaps more complete had the Government been informed whether the Zemindar had been put in possession of his Estate and any final decision arrived at, respecting the irrecoverable arrears. Information on these points would probably have severed the Government connection in detail with this Estate.

Cootpaum

8.

The Settled[illegible] demand on this Zemindary amounted to 32,188 Rupees notwithstanding the late Zemindar's Revenue Servants had pretended, in limine, to fix the average Dowle of that portion paying direct to himself at only 18,000 Rupees. Some complaint of unjust resumption and over-taxation, have it appears been urged, which the Court of Wards will enquire into and dispose of.

9.

The Collections were 25,929 Rupees leaving a balance of Rupees 6,253, of which however 4030 are due from Creditors of the late Zemindar and will be deducted from their Claims. The above revenue was slightly increased from Collections of arrears, advances &c., the charges were 16,059 leaving a surplus of 11574 of which Rupees 5744 will be taken to satisfy the arrears of Peishcush due on the Estate.

10. The debts due by the late Zemindar by a favorable Composition with the Creditors have been reduced to 16000 Rupees which may be liquidated from the surplus of this and the ensuing year.

11. The infancy of the Proprietor renders unnecessary at present any notice on his education.

12. A delay in the submission of their Proceedings by the Board similar to that commented upon in the late review of the Government Estates in Vizagapatam is again apparent here and is not warranted by the nature of the Collector's report

having submitted with their recommendation the application of Mr. Onslow for the grant to Chellapah Moodeliar of the difference between the amount of his own Salary and that of the Head Sheristadar for the period he officiated in the latter office amounting to Rupees* 1466-9-10. the Most Noble the Governor in Council will not refuse to sanction the payment of the sum &c proposed as a remuneration for extra duty &c actually performed. But His Lordship in Council reviews with disapprobation the proceedings of Mr. Onslow who has persisted in allowing Chellapah Moodeliar to act from the 18th August 1842 to the 16th October 1843 in a situation which he was aware would not be approved of by Government.

From the Acting Secretary to the Board of Revenue.

Submitting for orders an Extract from the Board's Proceedings containing full information relative to the Action brought against the Collector of Madras and the Abkary Superintendent on his Establishment by R. Moonesawmy Graminy on account of his Toddy Shop having been closed by the Collector's order in January last. (Here enter 11th March 1844. No 99)

From the Honorable Company's Solicitor.

Submitting the opinion of the Advocate General for the information of the Most Noble the Governor in Council in the action commenced by Moonesawmy Graminy against the Collector of Madras and another and requesting instructions whether his Lordship in Council would wish the Honble Company's Solicitor to act further as the Solicitor for the Collector of Madras on account of Government &c. (Here enter 13th March 1844. No 108)

The Most Noble the Governor

Governor in Council is satisfied from the Proceedings of the Board of Revenue which accompanied their letter recorded above that the Action brought against the Collectors of Madras, and Mootoo Moodely the Abkary Superintendent on his Establishment, by Moonesawmy Graminy is not tenable on the grounds therein detailed, and he accordingly resolves to intimate to the Honorable Company's Solicitor that the Government will not defend it.

The Board of Revenue have not stated whether the further progress of the trial might be prevented but referring to the concluding Para. of their Proceedings under consideration, His Lordship in Council desires they will take the measures to stop the trial or if this cannot be done to inform the Collector that he may defend the Suit at his own risk.

Submitting copy of the recent correspondence with the Honorable Company's Solicitor relative to R. Moonesawmy Tawmy's suit, and requesting, with reference to the Advocate General's opinion which forms part of that correspondence, that the defence of it by the Law Officers of Government may be recommended.

Acting Secretary to the
Board of Revenue

Sir

Para. 1. With reference to Para. 5 of my letter to you under date the 7th Instant, No. 27, I have the honor to forward for submission to the Board of Revenue, Copy of my subsequent correspondence with the Honorable Company's Solicitor. I beg leave to draw the Boards attention to the opinion of the Advocate General which accompanied Mr. Dale's letter of the 14th Instant.

From H. Co. Solr. 7th March 1844.
To Do. Do. 12th Do.
From Do. Do. 14th Do.
with the Advocate General's opinion Dated 12th Do.

2. The Board will observe that the Advocate General is of opinion that the suit instituted against me is indefensible on its own individual merits. Much as I regret this opinion, I shall not enter further on this point at present as the Board are already acquainted with my reasons for supposing that my official acts which led to the suit are justifiable in themselves and supported by usage and the rules of this Office.

The

3. The second point adverted to in the opinion given by the Advocate General is the advisability or otherwise of Government defending the suit without reference to its private merits on the ground that it relates to the Collection of the public revenue, and, therefore does not fall within the jurisdiction of the Supreme Court.

4. As the Advocate General is opposed to questioning the competency of the Court on this occasion, I feel hesitation in expreſsing an opinion on the subject, but I would beg to bring to the consideration of the Board the consequences which would arise in the present vague state of the Revenue Laws within the Madras Collectorate from resort for redreſs being made to the Supreme Court instead of to the Board of Revenue. It appears to me that the example would lead to other suits and render it neceſsary for the jurisdiction of the Court to be brought to an early decision if unquestioned on the present occasion.

5. It would, I presume, be in the power of Government to direct their

Law

Law Officers to argue this point alone, and discontinue the public defence of the suit, if the power of the Supreme Court to entertain it was established. But I trust that notwithstanding the opinion of the Advocate General regarding the individual merits of the case, the Board will be pleased to recommend me to the support of Government, as the acts which give rise to the action against me, were strictly Official and bona fide for the public service.

Para 1. I have the honor to acknowledge the receipt of your letter to my addreſs noted in the margin, and with reference to Para 1 of that letter, I have the honor to request that I may be furnished with copies of the written orders sent by yourself and Moottoo Moodelly on the 6th January 1844, also that I may be informed whether the directions given by Moottoo Moodelly to the Peons

Veerasawmy and Vencatasawmy were in writing, and whether any warrant or other authority in writing were given to the Peons to take the steps there mentioned, and if so, to request that I may be favored with copies of them -

2 - With reference to Para 3 of your letter now under acknowledgement, I collect that there is no rule or Regulation other than the 8th Para of the enclosure A contained in your letter to my address of the 28th Ultimo. That Para however would appear to be a Statement of the effects of a rule, rather than the rule itself. I hope you may succeed in procuring a copy of the old Regulation you speak of -

3 - With reference to Para 8 I have the honor to request you will be so good as furnish me with a Translated Copy of the signatures to the Muchilka of which you have sent me a Translated Copy, and to inform me if the Plaintiff has signed it. It would, however, appear to relate solely to 1st Class Shopkeepers and as the Plaintiff did not, as I am informed, establish the Shop A until 1840,

it

it would not appear to affect him (even if he has signed) for any Acts done at the Shop A. I would remark that, in my opinion, it would be improper for any person now to sign that Muchilka, but if any agreement be necessary or advisable, it should be a fresh one prepared and signed on each occasion -

4 - With reference to Para 7, I beg to call your attention to the circumstance that you have not informed me, in what manner the Plaintiff is rendered liable to the observance of the Rules referred to in Para 7 of my letter to your address under date the 28th Ultimo No. 91 or to the Penalties thereby created on default of the acts specified. A mere power vested in the Board of Revenue to frame Rules &ca is not sufficient to make third persons liable to any Rules the Board may frame or alter, or to any penalties &ca for non-observance of such rules unless it can be proved that such rules or alterations were published in a sufficient manner to bind all parties, or that the party sought to be made liable has acquiesced in the

Rules

Rule, or was privy to it.

20th February 1844. 5th With reference to Para 1 of your letter to my address noted in the margin, I have the honor to request, that you will inform me whether the application made by the Plaintiff for permission to establish a Toddy Shop on Shaik Mahomed Ubdul Khader Jemadar's Ground in Lunger Kahnah Lane, was made in writing and if so, that I may be furnished with a copy of it.

6. With reference to Para 5 of the letter last noted, I will thank you to inform me the name of the Plaintiff's successor and whether such successor is carrying on the business of a Toddy Vender on the same premises (marked A) as those on which the Plaintiff carried on his business, and if not, where such successor does carry on the business.

7. With reference to Para 7 of the letter of 20th February 1844, I beg to remind you, I have not been furnished with a Declaration from several of the Toddy Shopkeepers there mentioned.

8. I shall feel obliged by your informing

informing me whether the houses distinguished on the Plan enclosed in yours of the 20th February 1844 by the letters D and E are now occupied and used as Toddy Shops, or if either of them is so used, and if so whether as 2nd Class shops, or what other Class.

Sir,

Recd. 9th march 1844

Reply to Para 1 of the letter from the Hon'ble Company's Solicitor of 7th March 1844. No. 1 & 2

Para 1. I have the honor to acknowledge the receipt of your letter under date the 7th instant and to transmit herewith Copies of the written orders sent by ~~myself~~ and Moottoo Moodelly on the 8th January 1844. The directions given to Peons Veerasawmy and Vencutasawmy were verbal, and no warrant or other authority in writing were given to the Peons to take the steps mentioned by me, but Moottoo Moodelly's order of the 8th January was shown and read to the Plaintiff by Peon Veerasawmy.

Do. P. 247. Do. Do.

No. 3.

2. The 8th Para of Enclosure A adverted to by you refers to an old established rule. I now enclose a Declaration

from several of the Toddy Shopkeepers under
date the 7th Instant confirmatory of the
information contained in Para 9 of my
× No 4- letter of the 26th Ultimo, together with
Do Para 3 Do Do Copy of the old Regulation× of 1801-
× No 5 3- Translation× of the remaining
portion of the Muchilka to which you
allude is also enclosed- It has reference
to 1st Class Shops only- There are other
Muchilcas relating to the 2nd and 3rd Class
Shops but in none of them is the sig-
-nature of the plaintiff to be found. I fully
concur with you in opinion that it would
be improper for any person now to
sign those Muchilcas.-

Do Para 4 Do Do 4- Enclosures A and B in my
letter of the 26th Ultimo shew what the
rules relative to the detailed manage-
-ment of the Abkarry Department were from
1801 and I have already stated that under the
instructions of the Board of Revenue of
date the 25th February 1830 the system
observed during the last rent is observed
also under the management of the Office
The fact of the plaintiff having applied
for permission to open a 3rd Class Shop
in a particular locality and having paid

as

---

a certain amount of tax every day in con-
-formity with the practice introduced by
the renters and strictly adhered to since the
the resumption of the farm, would seem
sufficient to render him liable to the
observance of the remaining portion of the
rules of the Abkarry Department- It is
not I believe customary to embody in all
Regulations each and every one of the rules
relating to the detailed management of any
branch of revenue and hence, I presume,
the omission in the Abkarry Regulation
of 1801 of much that has been observed in
practice since that year although not
specially provided for by it as will be seen
from Enclosure A referred to above- As
regards the rule under which the Plaintiff
was required to relinquish his shop or to
pay fs 28 per diem perhaps the Toddy Shop-
-keepers Declaration No 3 now sent, besides
the explanation afforded before, will prove
that it has been in force for a consi-
-derable number of years-

Do Para 5 Do Do 5- It appears to have been
-customary for some years before 1842,
for any of the Dealers wishing to open

as

a new Toddy Shop simply to make the in-
-tention known to the Amildar of the
Abkarry Department, in order to obtain the
necessary authority for that purpose. There
is not therefore, any written application in
from the plaintiff for the establishment
N.o 6. of his Shop at Chepauk, but the enclosed
translation of the report of the Officer whose
examined the site before permission was given
for its being opened, will shew that the
House pointed out by the plaintiff was situ-
-ated in the Lane leading from Chepauk to
Lungerkhana at Triplicane.

D.o Para 6. D.o D.o 6.

It will be seen from the
plan which accompanied my letter of date
the 26th Ultimo that one Permall Graminy
is the Plaintiff's successor, that his Shop
is of the 2nd Class and that he carries on
business in Ayyappah Moodelly's House
marked E in the same street as that in
which the plaintiff's shop was established.
To prove that all shops opened in that
street before 1840 were of the 2nd Class
only, I submitted to the Board of Revenue
on the 7th instant certain original letters
to the Superintendent of Police dated

respectively

respectively the 20th May and 6th July 1833, and
the 8th March 1837, the first of which shews
that as laid down in the plan referred to
alone, Cauthpoolly Soobroya Graminy opened
in May 1833 a Shop in Damaley's House
denoted in the plan by the letter C, which
adjoins the House in which the plaintiff's
3rd Class Shop was kept. The second letter
proves that Cauthpoolly Soobroya Graminy's
said Shop was of the 2nd Class, and that
it was removed in July 1833 to Appal
Moopenin's House D, and the 3rd letter shews
that one Daysapah Graminy applied for
permission to open a "2nd Class" Shop in
Ameapah Moodelly's House E. This shop
was opened there, although the establish-
-ment of it was objected to at first in
March 1837 and continued up to March 1838.
He was succeeded by another, who carried on
the sale in 1839.

Sir,
Para 1. With reference to the Minutes
of

23rd Feby 1844, No. 162- Minutes of Consultation noted in the margin

I have the honor to forward herewith for your information a Copy of an opinion received by me yesterday morning from Mr. Advocate General, and to inform you that I have forwarded a Copy thereof to the Chief Secretary to Government requesting that I may be favored with instructions of the Most Noble the Governor in Council whether I am to act further in this matter on account of the Government.

12th March 1844 2- I have also the honor to acknowledge the receipt of your letter to my address noted in the margin and with reference to Para's 1 & 2 I beg to return you 3 of the enclosures therein Nos. 1-2 and 3 and to request you will furnish me with translations of No. 1 and 2 and a Copy of that portion of No. 3 which is in English with the ~~signatures~~ rendered into English at the foot. I beg also to draw your attention that, with respect to the old Regulation (a Copy whereof was enclosed in your letter and No. 4), it is not shewn by whom these Regulations were made and under what authority or whether they have ever been published and if so, at what time

and

and where

3- With reference to Para 4. I regret to state that the explanation there given is not satisfactory and the reasoning there offered is not sufficient in a Court of Law.

4- With reference to Para 5. I have the honor to remark that in all the former letters and instructions received by me from your Department I was informed that the Plaintiff in his application in April 1840 for permission to establish a 3rd Class Toddy Shop pointed out a House situated in Lungar Khana Lane, and in Para 5 of your letter now under acknowledgement and in the Enclosure No. 2 it is stated that the application was for a House situated in the Lane leading from Chepauk to Lungar Khana. I shall feel obliged by your explaining to me the reason of this difference, also whether there is any place called Lungar Khana

5- It would be advisable that you should immediately examine Sreenivasa Ragavachary Soobiah and ascertain from him precisely which House the Plaintiff did point out to him and which he in consequence surveyed and reported on; and if there were any other proceedings taken on that occasion or any other papers or documents relating to it which would throw light upon this part of the subject I have to request that I may be furnished with copies or Translations of them.

In regard to Para 6 — I beg to draw your attention to the fact that you do not there state whether the House marked **D** in the plan, and which is referred to in that para, is still occupied as a Toddy Shop, if so, of what Class and by whom it is so occupied.

(Signed) C. Dale
H. C. Solr.

The only questions arising for consideration on the circumstances of this case seem to be. 1st whether the acts of the Collector of Land Customs for which an action has been brought have been matters concerning "the Revenue" "or done" (in the Collection thereof, which words, as

it

it has been clearly shewn and decided by the supreme Court, must be understood) "according to the usage and practice of the Country and the regulations of Government." and 2d whether Government will defend the action in the Collectors name in the present instance, at its own charges and thro' its law Officers.—

As regards the first point I will state what appear to me to be the facts of the case. I gather that, either by some usage or practice, or else by some orders or directions, or regulations of Government (if the latter term can be properly applied) some tax had previous to 1801, been used to be levied upon Toddy, sold by retail in Madras. The formal regulations of Government only began to be enacted and published in 1802 and none of those regulations appear to me to apply at all to the article Toddy sold in Madras, but Vide I of 1813 & I of 1820) either to other articles, as spirituous liquors, or to such articles, sold out of the limits of Madras. These spirituous liquors are distinguished in all the rules and orders before me from *Toddy*, for, it will be seen, rates and modes of levying, are adopted for them (under the terms "Foreign Spirituous liquors," and "Batavia and Putto arrack") different from those which apply to taxing Toddy. Indeed, the liquors are in themselves different, as Toddy, while it passes under that name is not a *spirituous* liquor. This practice of levying a tax does not seem always to have been uniform. it is said by the Collector, in his letters of 25th and 29th February last, that the rate has continued up to the present period the *same*, altho' the *mode* of calculating and levying it has varied. But this seems hardly borne out by the late *Collectors* memorandum of 7th March 1835 paras 5 & 9. for, it is there said, that those who rented or farmed the tax from Government, imposed rates ad libitum on the retailers, who sold under them, or "fixed the tax as they considered proper" and "the amount of tax was altered by them at their option". at all events, the mode of *levying* and *calculating* the amount of the tax varied. The last mode of fixing

and

and calculating the amount of the tax was settled in 1826. and according to that mode it is said to be still levied. namely, by fixing certain locations, the Toddy shops in which are respectively classed by one of four numbers according to the estimated population, and consequent likely amount of consumption, and those in the first class, being districts of the most numerous population, are entitled to draw from the largest number of Trees, and to pay the highest sum per diem. Vizt 36 fanams per diem. those in the Second, to draw from a less number of Trees and to pay 28 fanams and so on. this calculation is of course made on the principle that, as the most Toddy drawn and sold in the district will pay the higher *daily* tax, the amount upon each measure sold will be the same in all, and that the amount fixed, will tally with the average of former customary payments. This, it is to be observed, was a mode adopted by the *farmers*, or *renters from Government*, in levying the rates of tax from the retailers, whose keeping of shops was likewise under the sanction of Government.

The

In 1830, the farming system was abolished by the Board of Revenue, and the Collector, under orders from the Board of Revenue, and acting on the same principles and course of levying the tax, sold by Auction the liberty of keeping Shops to each individual retailer *direct*; and receive the tax from them. The rules and arrangements under which this course was pursued were, and are still, kept on record at the Land Custom Office, and each retailer entered into and was required to sign, an agreement (or Moochilka) testifying to the terms. In 1835 these rules were either newly modified, or reduced to more specific details, by the Collector; and those revised rules were sanctioned by the Board of Revenue. The principal rules (as far as necessary to be noticed in the present enquiry were, that the renting, by the retailer was to be for *definite period*, and that he was to execute a *Moochilka* in which the terms and amount of his

daily

daily tax, and of his renting were specified and that permits (Rahdarries) were to be taken and produced as voucher of his right to convey the Toddy, and to sell it at his Shop. These rules have never been authoritatively altered or revised as far as appears.

The compliance with the terms as just referred of these rules seem to me obviously requisite on several essential accounts. It does not appear that these rules and arrangements or orders or directions have ever been formally *published*, or reduced to any formal *regulation*: consequently it must be always uncertain and never to be proved that the renters would even know them; much less could it be shewn that they agreed to them, unless *their own signed agreement* should manifest this. It might always be raised as a doubt (if no express agreement was entered into) how far the demanding by the *various* modes from time to time devised (and perhaps the amount also varying according to such modes, if not absolutely altered) without any formal *regulation*, might be legal, and still greater doubts might arise as to legality of any mode adopted of levying forfeitures or making seizures and confiscations, without express regulations— The fixing a period too, for the continuance of the renting, seems equally necessary. Otherwise the ending of the right of keeping the Shop, would have to depend on some uncertain, and undeclared, and possibly discretionary authority in some one or other (to be presumed the Collector himself) upon some assumption, or charge, of non payment of rent, or other cause—and no regular tribunal for hearing or deciding on the ground of forfeiting this right, or of the correctness, or error, of the charge of non payment or of the validity of excuse offered for non payment. The permits, also seem the only easy way—as well as the customary one of ascertaining amounts of the liquor drawn or sold, or disposed of. In short, without a strict compliance with those rules, it seems to me that the present abuses would be likely to arise—abuse of the interests of Government by the facility given to the unauthorized and untaxed sale of liquors—abuse of the Police authority who might be induced to grant licenses on fictitious data—abuse of the interests

of

of bonâ fide renters who without any definite terms of holding, or any definite period would necessarily be subjected to uncertain and discretionary authority.

Whether the Permits have been regularly issued or not of late years to these retail renters does not appear from the case. but I will presume, as nothing is said to the contrary, that they have. But no fixed period has been of late assigned for the holding—nor has any Moochilka been entered into by the Retailers.

Under these circumstances and upon the Plaintiff opening a Shop in a 2d Class district for which he had no permission from the Collector, nor any license from the Police, and refusing to pay the rate of daily tax, as upon a Shop of the 2d Class, the acts detailed in the correspondence, of entering the Shop and seizing the Toddy there stored, and taking away the Pots while collecting juice from the Trees and selling all by auction, and which are the subjects of the present action took place.

Its

It will simplify the question as to whether these acts *are* "matters concerning the Revenue" and "done in the collection of it according to usage and the regulations of Government" and accordingly exempt, whether *rightly* done or not, from the *jurisdiction* of the Supreme Court to aſsume that the Collection of this tax had, either from usage or Government's expreſs orders or Regulations, legal foundation - that the alterations in its amount and mode of collection from time to time, either by the renters, or the Government Officials, or by orders of the Board of Revenue, were also legal and regular, as derived from the same authoritative sources - that the various acts of seizure and the prosecutions by former Collectors were for the same reasons legal and regular that the latest rules and orders made by the Collector under sanction of the Board, were also legal - I do not here mean to offer my opinion on either of these points - The question remains whether these acts complained of can be construed as done in the prosecution of these legal

rights

rights to the tax, and in ostensible and profeſsed pursuance (whether irregularly or erroneously or not) of the course prescribed by the usage and practice of the country or the regulations - or directions, or orders of Government.

It appears to me obviously that the acts were not of that quality. If it is to be aſsumed that for breach or any offence against these tax laws, the Collector and his officers under his sanction, have the right to make some seizure or confiscation or other (altho' I do not find upon what authority that rests, or how such authority is regulated, by whom, or in what way it is to be exercised,) yet I can trace no foundation for the specific acts done in this instance - Such acts may be founded on usage and practice - and, if in bonâ fide pursuance of any such customary course, they would be exempt from the jurisdiction of the Supreme Court. But it never can be supposed that the Collector can, at his own discretion, adopt any course he pleases, whether founded or not in usage, and thus himself make them so exempted, I do not find in the rules of 7th March 1835 that any such powers of seizure or confiscation, as these are prescribed — tho' there are general powers of seizure and confiscation affixed, in cases of illegal transit of arrack. However, these powers, and all other terms of renting, are in such rules adverted to, as incorporated in the Moochilka-Granting. that the particular seizure and confiscation in question could by usage, or orders or Regulations of Government, be defended — it is certain that such powers must, since the express rules, be adopted in, at all events in ostensible and professed in accordance with such rules.

But in this case these rules and the prescribed course seem to have been altogether abandoned. There appears as between the Collector and the Plaintiff to have been some verbal application and

verbal

verbal permission — or, if in writing, not according to the course laid down — for some indefinite period. The seizure is said to have been made partly on the ground of a breach of the Police Regulations, which the Collector had no jurisdiction whatever to enforce and partly because the Plaintiff refused to rent this shop on the same terms, except in regard to a higher amount of tax, that he had rented another, for which he had taken out a license, but of which he had not availed himself. The setting up the Shop, for which he had no license, was indeed punishable — and an act for which measures might perhaps have been regularly taken to punish the party. But, altho' before any discovery he had practised this illegal act (being one of the most open to detection) in fraud of the Revenue for 2 years and a half — yet, when it is discovered, instead of punishment, a negociation is entered into with him, and the seizure and confiscation is made because he refused to enter into a course of renting, which the Revenue rules do not warrant and which, for the reasons I have mentioned, might be injurious to his own interests or those of Government. It is impossible for me to consider these acts as done "in a matter concerning Revenue, and in the collection of it according to the usage and practice of the country or the regulations of Government," in the legal construction of those terms as exempting them from the jurisdiction of the Supreme Court. A line must be drawn *somewhere* between the acts of a Collector so done, and acts which by no reasonable intendment (altho' done in the capacity of a Revenue Collector) can be considered as done in pursuance of an authority "by usage or regulations" but rather in plain departure from any such authorized course. The acts in question appear to me to be of the latter quality.

As to the second point it is for Government to decide whether its Law Officers should defend this action. Primâ facie Government must, of course, be considered as interested in any question of its rights to any fund collected as revenue, and on that ground would defend the act done in the collection of it by its own Officer.

But

But that *interest* ceases, as soon as it appears that the fund is not legally due to Government and that the act of levying it was unauthorized. Still, it may remain a question (and a very important one) whether Government ought not on public grounds to resist any unauthorized exercise of jurisdiction of the Supreme Court, in a question concerning such revenue, or to Collection, altho' it might be conceded that the act itself was irregular and illegal, because the question of the *right* or wrong of the act, is that which the Legislature has, upon urgent reasons, excluded from trial by this *Supreme Court*. But as I am of opinion that the present case is not one of that class of exempted cases, it will be for Government to decide whether, on this ground, a defence should be attempted by the Law Officers. Another ground for such defence might arise from the circumstances of the act of being done by the Collector as the immediate agent of Government in doing the act, or by him under the *express* authority of Government. There is, however, plainly no such foundation for a Government defence in the present instance.

Under these circumstances it will be for the Honorable Company's Solicitor to refer himself for the instructions of Government whether he should further act as the Solicitor for the Collector on Government's account.

Issued 18th March 1844.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter under date the 16th Instant transmitting copy of a further correspondence with the Honble Company's Solicitor, and the opinion of the advocate General in the Suit brought against you and Mootoo Moodely in the Supreme Court at the instance of Moonesawmy Gramny, and to transmit the accompanying copy of an Extract from the Minutes of Consultation of Government under date the 18th Instant, on the same subject.

Ditto 18th March 1844.

2 You will observe that the Most Noble the Governor in Council has resolved to intimate to the Honorable Company's Solicitor that the Government will not defend this Suit, and desires that measures shall be taken to stop the trial. You will therefore be pleased as soon as possible to endeavour to prevent the further progress of the suit, reporting the result for the information of the Board. The Board trust that you will be able to effect this, but should you fail to do so you are at liberty to defend the suit at your own risk.

With reference to the correspondence noted in the Margin I am directed by the Board of Revenue to Submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Rajahmundry reporting the Sale on 15th February 1844, of the Rauley Estate in his district for arrears of public revenue.-

In Cons 4th Jany. 1844.

2. From the letter from the Commissioner for the Northern Circars to this Office under date 19th December 1843 it will be perceived, that being apprehensive that notwithstanding the very liberal treatment which she had received from Government the proprietress of the Rawley Zemindary would still fail to profit by the terms offered her and the Sale of the Estate would thereby become inevitable, Sir Henry Montgomery felt it necessary to forward to the Board an advertisement in the usual form for the Sale of the Zemindary

in liquidation of the Public demand against it as The day of Sale was fixed by the Board for the 15th February on which date after an attempt on the part of the Sister in law of the Zemindar, in collusion with that individual to stay the Sale, an attempt which in the opinion of the Board was very properly resisted by the Collector the Estate was in default of other bidders eventually knocked down to Government for the Amount of arrear due, being inclusive of interest simple and compound Rupees 43,287-7-9-

I am now instructed to request that the proceedings of the Collector may receive the sanction of Government, and that he may be allowed credit in his accounts for the Sum of Rs. 43287-7-9 the amount as above shewn of the purchase Money of the Raaley Zemindary.-

letter of the 29th January last on the Subject of the lease of the Valavadum Mootah granted to L. Nursarauze by the Zemindar of Mylavaram.-

2 From your letter the Board learn that prior to the attachment of the Mootah in question it had been granted by the Mylavaram Zemindar on a decennial lease to Lutchmy Nursimha Rauzoo, and that on that individual dying shortly after the execution of the lease, it was transferred to his father L. Nursarauze The whole transaction further appears to be of a bona fide character free from all Suspicion of fraud or collusion the renter from his position is likely to advance the interests both of the proprietor and the ryots. and under the circumstances you recommend that the lease be confirmed but under such modifications that whilst the aggregate Amount of the 10 years rent remains the Same as that already agreed on the annual payments shall be so altered as to provide for the more Speedy realization of the arrears of Peishcush due upon the Mootah.-

3. The Board agree with you in thinking that the lease should be confirmed, but they are induced to doubt how far it would be proper to require the Lessee to depart from the original conditions as stipulated with the Zemindar in consequence of that individual having failed to act up to the engagements into which he had entered for the liquidation of his arrears. The whole proceedings being fair and above Suspicion it would in their opinion be preferable to recognize the lease in all its parts as executed by the contracting parties. I am therefore to request that on the production of competent Security, the Mootahs may be made over to L. Nursimrauze on the conditions of the lease as granted him by the Zemindar and that the present Zuft Establishment may be withdrawn.-

2 The Collector states, that so far as he can judge from an inspection of the Map of the District the Arrack Godowns and Shops noted in the Margin are situated within the additional mile over which it is proposed to extend the Military control: He had not been able to ascertain the exact Amount for which the renter would consent to relinquish her exclusive contract to Store and Sell Spirituous liquors within this Space but apprehends that she would demand a considerable sum as compensation for the privilege. The Board are not aware that there would be any particular objection to extending the limits on the Madras side of the Cantonment from the commencement of the ensuing Fusly; but under the above circumstances they will will await the further orders of the Most Noble the Governor in Council on the Subject.

From the Collr of Chingleput
Reporting on Petition No. 1215 of 1843 from Deivulla Gopaula Kistnah and two others Co-Shotriumdars of Maridum and Cadiapoor.

Sir,

Para 1. With reference to the Board's Endorsement dated 9th November last on Petition No. 1215 of 1843 presented by Deivalla Gopaula Kristnah and two others Co-Shotriumdars of the Village of Maridum and Cadiapoor in the Conjeveram Talook, in which they beg that certain shares of the Shotrium in the enjoyment of their Cousins may be made over to them as the direct heirs of the Grantee the division of the Shotrium being contrary to the provisions of Regulation IV of 1831 and act XXXI of 1836 and to the decision of Government in the case of the Shotrium of Otuntongul and to which last decision the Board desire me to make particular reference, I have the honor to state for their information that the two Shotriums in question do not appear to bear any resemblance, that of Otuntonghl having been conferred by the British Government on an Individual and his

heirs in lieu of the resumed privileges of th
Office of Natawar, whilst the Shotriums
Villages the subject of the present claim
were conferred upon the family of the Pe
=titioners and their Cousins long prior
the British rule. The Village of Cad

to state the period when the Villages were first granted to the family and on what terms but the assertion of the Petitioners that the Shotriums were the sole acquisition of their Grand father Sooba Sastri is evidently incorrect.

3. In the case of Otuntongul it was ruled that the descendants of the Brothers of the original Grantee had no title to participate in the Shotrium was confined to him and his heirs. Whilst the Village of Maridum and Cadirpoor were originally obtained by the Common Ancestors of the Petitioners and their Cousins the family being then an undivided one.

4. In respect to the subject of the present Petition, it also appears to me that under the provisions of Clause IV Regulation IV of 1831 specifying that "Decrees of the Courts of Adaulut already passed shall not in any respect be affected by the "provisions of this Regulation" the case of the Petitioners cannot now be entertained, the decree of the Punchayet passed in 1798 against which the Petitioners appeal, having been confirmed by the Courts of Udalut.

By the Statements and the documents produced by the parties, it appears that the division of the family took place about 60 years since when the Petitioners affirm the Shotriums in dispute were not included and divided in the common property, but were assigned as self acquired to their Grand Father Soobasastry whilst the Cousins state that they were divided with the other property.

5. In 1793 the Petitioner's Father Gooroomoorty Sastri preferred a complaint to Mr. Balfour the Collector of the Jaghire to recover possession of the entire Shotrium and Mr. Balfour's Takeed states, that having ascertained the justice of this claim through the medium of Arbitrators he ordered him to be placed in possession: but subsequently in 1796 the disputes were again referred to a Punchayet by Mr. Place, who decided against the claim of the present Petitioners, and Mr. Place then not only confirmed but enforced the award of the Punchayet. After the lapse of two years Mr. Place issued another order in which he expressed a doubt of the correctness of the former decision and ordered the parties and the Members of the Punchayet to be sent to him, but no further steps

steps appear to have been taken and very shortly
1804 after he was removed from the Jaghire Mr. Hepburn one of his Successors in preparing the list of Shotriums entered in it the name of the Petitioner's father as the Shotriumdar. The Petitioners state, notwithstanding the opposition of their Cousins the Coparceners, on the grounds of Mr. Places last mentioned order but on the Cousins remained undisturbed in the enjoyment of their shares, this was probably done in consequence of Goormoorthy Sastry being the Head of the Family. In the Shotrium list framed in 1814 and forwarded to the Board the names of the Petitioners and of their Cousins were entered as Coparceners, the former having 3 shares and the latter 21.

6. In 1804 the Petitioner's father filed a suit in the Zillah Court to recover the shares held by the Cousins and was non suited in 1805 under the provisions of Section X Regulation II of 1802 the decree of the Punchayet being upheld as confirmed by Mr. Place. In 1815 or after a lapse of 10 years the Petitioners addressed the Sudr Udalut, who referred them to the Provincial Court and that Tribunal in 1817 also dismissed their claim. Copies of these decrees were enclosed with the Petition.

7. The claim of the Petitioners having thus been finally disposed of by the established Courts, and the award of Mr. Places Punchayet confirmed, no steps to interfere with the present enjoyment can it appears to me be legally taken.

8. The Petition with its enclosures are herewith returned and also a Genealogical Table submitted for the convenience of reference.

2. Subjoined is an abstract of the charges and claims made by the Petitioners in No. 169 of 1843 in Sundry Petitions presented at different times to the Collectors of this District with the result of the investigation which have been made into them.-

There

1st The Petitioners Cooppah Gaunden and Moottoosawmy Moodely state that there ancestors were joint Monigars of Daraperivad with the Brahmin Monigars, and they claim to be associated with them in the Office and to the enjoyment of a certain spot of what they represent to be Manium Inam land..	1st There does not appear to be the slightest ground for this claim - The Village is an Agraharum and the land the Petitioners claim as Inam land is not inam land. Their Witnesses have entirely failed to prove that any of Petitioners' ancestors have been Monigars - The only document the Petitioners have produced in evidence is a Cadjan which has nothing to do with their claim, and relates to a certain Pagoda.-
2d The Petitioners accuse the Monigars of the Village of having appropriated the allowances	2d This is denied by the Priest of the Pagoda and the Witnesses called to prove it give

allowances of the Pandar[illegible] royal Pagoda in certain years in which no religious services were performed in the Pagoda.

give contradictory statements as to the particular years in which they allege that services were not performed, the charge is therefore not [illegible]

3rd The Petitioners accuse the Maniyars of appropriating to their own use the produce of a piece of Inam land belonging to the Ramnad Pagoda.

3rd The land referred to is a piece of [illegible] Inam land which the Inamdar having made over in gift to the Pagoda it remained, as has been fully proved, uncultivated for 11 years. In fasly 1251 it was cultivated and the produce appropriated to the purposes of the Pagoda.

4th The Petitioners state that a piece of Temple land assessed at

of under Regulation IX of 1822 and the case is entered in the return of cases disposed of under that Regulation during the current Month.

5th The Petitioners charge the Maniyars with appropriating the produce of the Inam land belonging to the Piliar Covil of the Village.

5th It appears from the evidence that there are, or rather were, two Piliar Covils in the Village one of which is entirely ruined. I have not been able to ascertain by any oral evidence adduced or from the current accounts or the records in the Cutcherry to which of the Covils the land in question properly property belongs, but it has been clearly proved that for the last 40 years the land has been treated as the Inam of the Covil which is at present in repair, and there is evidence that the produce has been annually appropriated to the use of that Covil, and no evidence that it has ever been appropriated by the Monigars.

6th The Petitioners accuse the Monigars of having received a bribe of 1 Rupee each from certain Ryots for allowing them the use of Spring channel water to land watered by Wells.	6th This charge is not proved, but it appears that spring channel water, by the permission of a late Tahsildar, has been allowed to be carried to a small quantity of land watered by Wells without the demand against the ryots having been enforced as it ought to have been. Orders have been issued to put a stop to this irregularity.
7th The Petitioners charge the Monigars with not having assessed one Coppiadoo a Dungar with the Motarpha tax.	7th It was proved that Coppiadoo, though of the Dungar class, lived by cultivation and not by keeping Sheep, and is therefore not liable to pay Motarpha.
8th The Petitioners charge the Monigars with appropriating to their own use the produce of certain Mohe trees planted in Poramboke land, and dedicated to the Pagoda.	8th It appears there are about 12 Mohe trees planted in Poramboke land, 4 of which have, for several years, been productive; and that the Monigars have appropriated the produce to their own use. This charge has been disposed of during the Current Month under Regulation IX of 1822.
9th The Petitioners state that the Monigars are in the practice	9th No proof whatever has been adduced of the truth of this

No

practice every year — of embezzling from Rupees 100 to Rupees 150 of the Collections.—	this charge..
10th The Petitioners state that Audeemootoo Chitty and his Brother Mooneeapah Chitty carried on a separate trade for ten years, but were not during that time separately assessed with the Moturpha..	10th It appears from the evidence that the brothers lived and traded in the same house from Fusly 1247 to Fusly 1251, and that they kept their trading concerns separate, but were only assessed with one Moturpha on account of their living together.. It appears that though they traded separately, they held their land in Common.. to Fusly 1252. Mooniapah Chitty died, when his son removed to another house, and was assessed with the Moturpha accordingly. In this instance the Monigars have not been so strict, as they ought to have been

been, but under the circumstances I am not of opinion that they merit punishment..

11th The Petitioners charge the Monigars with changing the Nors of certain of the Village lands..	11th This charge appears to be false. The Petitioners admit that they made it on hear-say only, and cannot prove it..
12th The Petitioners charge the Monigars with irregularity in a particular instance in the discharge of their Police duties..	12th This charge it is not necessary to remark upon..
13th The Petitioners accuse the Monigars of having, during two years, every year levied from the ryots and appropriated to their own use, an assessment of 7as each upon 23 Tamarind Trees.—	13th The Monigars and Curnums state that none of the trees bore fruits until the last Fusly and that no tax has ever been levied on them. Four of the Petitioners' witnesses depose that the ryots have enjoyed

enjoyed the produce of such trees as grew in their back yards without, as far as they knew paying any tax on them. One witness states that he remembers 4 years since a ryot giving ½ a Viss of Tamarind to one of the Monigars but he knows nothing of a tax having ever been levied. The Tahsildar, who was sent to the Village for the purpose of enquiring into this charge reports that there are 50 young trees in the Village, 39 of which appear to have recently become productive. Those not situated in back yards will be taxed in the current fusly. The charge against the Monigars is not proved.—

3. Evidence was taken in Mr. Roberts' time to many of the above charges, but the enormous mass of evidence that accumulated, appears to have deterred Mr. Roberts, and his successors from disposing of them, and every fresh Petition only produced an order to the Tahsildar for further enquiry and report.—

4. The Village to which this Petition relates

relates is entered No. 76 in the alienated Village book marked B in the Office of the Board of Revenue. It was sequestered on the 14th April 1828 on the death of the then incumbent. The Petitioner and 4 others having claimed its release the Acting Principal Collector Mr. Eden submitted to the Board a full report in Statement numbered 2 accompanying his letter dated 6th November 1832. In Para 3 of the Board's letter in reply dated 22nd November 1832 they passed the following order.—

"These Villages No. 76 and 77 are not held "under Sunnuds and were clearly personal "and life Grants. The Board can perceive "no sufficient grounds for continuing these "Villages to the present claimants and they "accordingly desire that they may be disposed &ca. Eight years after Nursimmacharry one of the claimants whose claim had been thus disposed of by the Board presented to the Board a Petition No. 39 of 1840 which the Board referred to the Principal Collector for report. Mr. Ogilvie reported in his letter dated 29th October 1840 referring the Board to their previous decision. On this report the Board recorded the following order in Extract from their Proceedings dated 25th March 1841.—

"Under the circumstances represented by the Principal Collector in the Northern Division of Arcot in his report upon this Petition dated the 29th October last and considering that the claim therein advanced has been already thoroughly investigated and rejected both by the Board of Revenue and the Government, the Board decline taking any further notice of the Petitioners prayer". The Board having thus passed two positive decisions upon the claims of these people further remark appears unnecessary.—

5- The Petitioner is one of the five Puttah Monigars of the Village of Temery in the Arcot Talook. He complains of Mr. Bourdillon having in October 1840 appointed Vurdareddy a Gheir Meerassidar to a share in the Maniem

6 In 1839 when the Petitioner and three other Moodelys were the registered Moniga[r]s Vurda reddy claimed to be associate with them and Mr. Bourdillon after examining the evidence he produced in support of his

his claim and that produced against it by the Petitioner decided that Vurda reddy had fully proved his Meerassy right and appointed him accordingly.—

7 Vurda Reddy derives his right from his Grand father Paupoo Reddy his family tree is as below

Paupoo Reddy.

Vengareddy. Moortereddy.

Veneatreddy. deceased. Vurdareddy.

Vurdareddy produced in evidence Seven Cadjan documents of too old a date to be capable of proof by Witnesses but containing in my opinion irresistible internal evidence of their genuineness. The 1st Cadjan bears date Dautoo (1756) 21st Audy. It is an agreement between Paupoo Reddy and one Linganah that they will for the future carry on the Moniga[r]s business without quarrelling. The 2nd Cadjan is dated Vikramah (1760) 21st Auny. It is a declaration by the Ryots of the Village that as Sudashavah Moottootandavah Moorty, Perianah (an ancestor of Petitioners) and Audy Moottoo who enjoyed together 1/3d share of the Mannium occasioned great trouble in the Village by their quarrels they (the ryots) determined to deprive them of their share of the Inam and confer it on Paupoo Reddy and Linganah. This determination appears not to have been carried into effect for the 3d Cadjan which is dated 3d Audy of the same year a few days after is an agreement between Paupoo Reddy Condapah (an ancestor of Petitioners) and Audy Moottoo to do their duty as Monigars without quarrelling. The 4th Cadjan is dated Partivah (1765) 3d Kartike. It is a mortgage bond executed by Condapah and others apparently the whole of the Villagers to Paupoo Reddy on account of money advanced by him for the repair of the tank and the payment of the Sirkar demand. The 5th Cadjan is dated Survajeetoo (1767) 8th Pertausee. It is an agreement about the decision of Mannium land between Tandava Moorty Odean and Paupoo Reddy. The 6th Cadjan is dated Munmada (1775) 15th Pungoonee. It is an agreement between

Tandava

Tandava Moorty Odean and Moortyreddy son of Paupoo Reddy and father of Vurdareddy regarding the division of the Mannium land. The 7th Cadjan is dated Prabavah (1786) 16th Pertaushee. It is an agreement between Vengareddy son of Paupoo Reddy Lingapah son of Moorty Odean, and Moortapah son of Chinnien to share the Inam in three shares. These documents show that Paupooreddy was a Meerassy Monigar and that his sons succeeded him and the last Cadjan shows their share to have been 1/3d.—

8. It appears that subsequently to 1786 Paupooreddy's family became impoverished and as it was the old System to hold the heads of the Village responsible for the revenue by becoming poor they became disqualified for holding the Office of Monigar. In the Meerassy putty prepared in Fusly 1224 the names of four Moodelys alone appear. In Fusly 1232 these Moodelys fell into arrears on which occasion Vurdareddy and his cousin Vencutreddy deceased came forward and discharged the balance and were registered by an order dated 31st October 1822 for 1/3d share of the Mannium. The four Moodelys including the Petitioner gave their full assent to this appointment in a written

declaration in which they fully admit that
Vurdareddy and his cousin were Meerasidars.
Quarrels having subsequently occurred among
them Mr. Nisbet on the 29th March 1825 dis=
=missed five of them and constituted Ekam=
=bara Moodely sole Monigar. The other Moodelys
Petitioned against this Proceeding but Vurda
reddy and his Cousin Vencutreddy having again
fallen into distreſsed circumstances appear
not to have stirred in the matter. Several
contradictory orders were paſsed by Mr.
Nisbet, the last of which dated 20th August
1827 No. 412 appoints the Petitioner and Aruna=
=challa Moodely sole Monigars. This order
appears not to have been enforced for the four
Moodelys appear from that time till Mr.
Bourdillon's appointment of Vurdareddy to have
been in joint poſseſsion of the Maneum.—

9 The oral evidence in support
of Vurdareddys claim was that of one of the
Monigars Ekambara Moodely and the Curnum
Kristnapilla.—

10 The Statements made in the
Petitions under report are most of them
incorrect. It is not true that the Names
of

of Petitioner's ancestors do not appear in the
Cadjan's given in by Vurdareddy for the names
both of Pareanah and Cundapah appear. The
declaration of the four Moodelys enclosed in
Petition No. 1137 of 1843 that Vurdareddy and his
Cousin were Gheir Meeraſsidars is directly
opposed to their previous declaration noticed
above given by them on the occasion of Vurdareddy's
appointment in 1822. The Petitioner has not
proved that Vurdareddy and his Cousin gave a
declaration in 1823 of their being Geir Meeraſsi=
=dars. There is no trace of such a declaration
in the Records—

11 With regard to the documents
enumerated by the Petitioner the Cadjans
have been noticed above. The Takeed No. 384 of
1826 August 29 is merely an order to the Tahsil=
=dar to enquire into the relative fitness of the
Six Monigars. The Takeed of the 27th October
1826 which the Petitioner calls the Principal
"Collector's decision" and of which he requires
a copy is exactly the reverse of what he sup=
=poses. It is an answer to an Urzee of the
Tahsildar's recommending the dismissal of
Vurdareddy and his Cousin on account of the
Moodelys

Moodelys having declared them to be their Meeraſsidars and in a refusal to attend to the recommendation. It is not known what the Petitioner means by the Pycauree Puttahs of Virdareddys father from 1800 to 1810, for no Puttahs were given by the Collector during the time the district was under the triennial and decennial settlements. The Petitioner is at present absent from the district on a pilgrimage to Benares.—

No 498 of 1843- 12 The Petitioner complains that a Jodee on his Cunnum Inam land has been ordered to be collected from him to which Jodee it is not liable.—

13 The Petitioners Village was formerly in the Salem district it was then transferred to South Arcot and in fusly 1218 to this district. During the triennial and decennial settlements it was rented by one Sheik Huſsain whom after the Village came under Amanie it was neceſsary to compel by force to give up the Cunnums Inam land to the Petitioner. Sheik Huſsain in order to revenge himself gave information that the land in question was liable to a Jodee

Jodee of Pagodas 18 - - - The Tahsildar reported on this Statement in January 1831, and the Principal Collector decided in September of that year that it had not been proved that the land was liable to pay Jodee. Sheik Huſsain then presented to the Principal Collector another Petition on the subject in which he asserted that the Salem Accounts would prove the truth of his Statement. These accounts having been procured by the Principal Collector he was of opinion that they proved Sheik Hussain's Statement and in February 1832 ordered a Jodee of Pagodas 18 - - - to be thenceforth collected. The Petitioner appealed to the Board of Revenue by Petition No 171 of 1832 the Board's endorsement on which refers the Petition to the Principal Collector for disposal. The Principal Collr. made further enquiries into the matter but did not cancel his order for the collection of the Jodee or paſs any further order on the subject. The Jodee has however never been collected but is annually demanded and stands as a balance against the Petitioner. My order against which the Petitioner appeals.—

appeals had no particular reference to the circumstances of the case but was one of the usual orders sent to the Tahsildars for the Collection of outstanding balances.—

14. The Curnum Oolgie Inam Accounts of the Salem district show the assessment in the Nabobs time on the Inam land in question to have been Pagodas 41-12-15 and the Jodee upon it to have been Pagodas 18—— But the Government Survey Assessment on the same land is only Pagodas 26-2-8- out of which land assessed at Pagodas 2-11-— has been rendered by a flood unfit for cultivation leaving a balance of Pagodas 23-35-52. The Curnum complains with some reason that to deduct Pagodas 18-13-— as Jodee from Pagodas 23-35-52 is very hard upon him. I recommend that the claim to Jodee as it has never been enforced be withdrawn and the balance standing against the Petitioner be remitted.—

15 The great difference between the Survey Assessment of the Petitioners Inam land and the Assessment in the Nabobs time attracted the attention of Mr Roberts and

and the land was resurveyed but no mistake or fraud was discovered in the Survey Assessment.—

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Principal Collector of Madura in which he requests that a yeomiah of Rupees 16-7 per mensem granted to defray the charges for lights and attendance in a Mosque in the Town of Madura may be renewed in favor of Mohomed Ameer the son of the last incumbent.—

2. The Principal Collector explains that owing to an oversight the allowance on the decease of the former incumbent Gholam Nubbee on the 8th April 1842 was continued to his nephew Shaik Abdool Kurreem without obtaining the Sanction of Government— Shaik Abdool Kurreem is also now dead and as the Yeomiah appears to be hereditary, the Board beg leave to recommend that it may be continued from the date of his decease 16th December last to his son Mahomed Ameer—

Translation of an Urzee addressed by the Tahsildar of Streevicoontum to the Collector of Tinnevelly dated 15th January 1844.

In an Urzee addressed to me by Ramasawmy Pillay Vakeel of Periyum Pillay Meerasdar of

Yeroovapoorum, it is stated, that there is,
'in that Village a Sand Hill or "Terry" to the
'extent of 5 Miles east to west called Kareecoorchy
'Terry, near the bed of the Tank Peycoolum,
'that during the prevalence of strong winds
'the sands of the said Terry are driven into
'the Tank and Nunjah fields adjoining,
'and that to remove this injury Palmyrahs
'might be cultivated on the said Terry and
'in the Punjah land west of the Nunjah
'lands of the Tank, that he hears, it is in
'consideration in the Punjamahl Talook
'that Palmyrahs planted in Terries would
'be assessed with a permanent tax of 6 Pice
'per tree, and that any other cultivation
'raised under the Trees will be exempted
'from payment, and that if he was so
'ordered, he would try to cultivate
'Palmyrahs and raise some other bushes
'such as thorn bushes nothing else being
'practicable".

There is as above said a Terry near the bed of the Tank and if Palmyrahs were planted the sands will not be driven into the Tank.

The Palmyrahs in the said Village good lands, are

assessed as follows. Paroovapanies ½ a Cully Fanam. Cuttoocapanies ¼ C. Fanam and Toroosoopanies 1/16 of a Fanam each. As I am not aware what order has been sent to the Punjamahl Talook, referred to in the proposal (herein enclosed) I have submitted this Urzee and beg to solicit orders thereon.

Translation of a proposal sent to the Tahsildar of Streevycoontom by Ramasawmy Pillay Vakeel of Packeyum Pillay Meerasidar of Eroovuppapoorum dated 8th January 1844.

As there is a Terry or Sand Hill to the extent of 5 Miles east to west in the bed of Peycolum in the said Village called Careecoorchy Terry, the sands of the Terry are driven during the winds into the said Tank, and its Nunjah fields and into the Nunjah fields of Poothoocoolum (for which

a Nunjey Cowle has lately been given and the fields become covered with sand. In order to remove this injury, it is necessary to cultivate Palmyrahs on the sides of the Terry in the bed of the Tank near it and in the Punjah lands on the west of the Nunjah lands of Poodoocolum and if you will be pleased to submit this to the Huzzoor and procure permission to cultivate them according to the tenor of the proposal lately made regarding the cultivation of Palmyrahs in the Terries of Punjamahl Talook- that is, that Palmyrahs would be assessed with a permanent tax of 6 Pice each and that any other cultivation raised at the foot of them will be exempted- I hereby promise to cultivate Palmyrahs in the Terry above mentioned and raise thorn bushes also and thereby secure the Tank and fields from being covered with sand-

Requesting for stated reasons the Collection and Settlement of a Motturpha Revenue of Fusly 1253 on the old and usual system.

To E. C. Lovell, Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to my letter of 14th December last regarding the Moturpha of this District on which I have not yet received the Board's final orders, and which perhaps requires the Board's deliberate and further consideration I beg to state that the late period of the Fusly and the pressure of other important business rendered it necessary that some definite arrangement and scale for the current kists should be no longer delayed- 7 Months of the Fusly had already past and 7 kists been collected on the old scale and system, pending fresh orders. It was absolutely necessary that the Tahsildars should go on with the Moturpha Collections in some shape- had the kists been kept in abeyance and allowed to fall into arrears neither the Tahsildars

4716- Fort St. George 18th March 1844

Tahsildars would have been able to collect nor the people to pay the whole amount at once at the close of the Fusly- any such postponed amount coming at once upon them, would drive away

+without Moturpha to other Districts (Madura for instance) the payers of Moturpha, and many also might die in the interval, and nothing be leviable.

2. The Moturpha Jummabundy was finished last Fusly by October and with reference to other business it became impracticable to delay it longer than the present time it was hardly practicable to carry out a new system and all its modifications this year, it therefore seemed advisable and indeed necessary to fall back for the current Jummabundy on the usual and old system of the District as best understood by the people and according to which they had already paid up 2/3rds of their dues leaving to the commencement of Fusly 1254 (now not far distant) the introduction of such measure of relief as the Board and Government may eventually see fit to grant

and

4717- Fort St. George 18th March 1844

and for which the people are looking with some anxiety.

3. Having added to Sir H. Montgomery's statements what I deemed my duty required in my letter of the 14th December last, I will only repeat that the fullest enquiry convinces me that the present amount of Moturpha, however subdivided, presses heavily on the poorer classes, and on the resources of the District and that the amount suggested by Sir H. Montgomery's calculations would be more advisable than my own, which I only increased in deference to the

wishes of the Board - The people will I think and trust pay their dues this Fusly without much arrears, on the full hope and understanding that some relief will be accorded to them in next Fusly which will give time satisfactorily to consider the subject and introduce gradually and carefully whatever the Board decide on.

2. The Principal Collector states that he is engaged in obtaining a supply of Timber under the instructions of the Military Board from the Animelli Jungle for the construction of Barracks at Trichinopoly and that the three Commissariat Elephants now engaged in this work are insufficient - that the demand for timber is likely to increase and that Elephants may be also required for other purposes and can be maintained at

much less cost both for food and attendance in that District than is incurred for the maintenance of the Commissariat Elephants and he observes that there would be no difficulty in disposing of them at any time when they may be no longer required as their value would be greatly enhanced by their having been trained in this species of service.— The Board beg leave to submit Mr Wroughton's suggestions for the consideration and orders of Government

Ordered that the following letter be sent in reply—

42

To The Principal Collector of Coimbatore—

To the Princl Collr of Coimbatore } Informing him that if in his opinion the claim of Government to certain land in dispute between the Numbidi

In Con 14th March 1844

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 23d February last with enclosures on the subject of the land claimed by the Numbidi of Collingode on the one hand, and by yourself on behalf

Numbide of Colingode on the one hand and of himself on behalf of Government as forming part of the Coimbatore district on the other be such as can be established to the full satisfaction of a Court of Law his proper course will be to apply for permission to institute a suit against the Numbidi

of Government as forming part of the Coimbatore District on the other.—

2. In the Proceedings of the Board under date 29th January 1844 you were informed that "both the Numbidi and his opponents must continue in the exercise of "the particular privileges heretofore enjoyed "by each until the exclusive right of either "party be established in a Court of Law— The object of those instructions was to prevent any violent proceedings on either side and to define with all practicable precision the rights which each should be permitted to enjoy until the whole question had been formally submitted to the adjudication of a competent tribunal The arrangement is in its nature temporary and to subsist only pending a recourse either on the part of the Numbidi or the Government to the only authority by which the proprietary title to the disputed territory can be regularly determined.— It is not probable that the Numbide will be the first to resort to legal proceedings— I am therefore directed to intimate to you that if in your opinion the claim of the Government to the land in dispute be such as can be established

to the full satisfaction of a Court of Law your proper course will be to apply to Government thro the channel of this Office for permission to institute a suit against the Numbidi forwarding at the same time the draft of the Plaint which you propose to file in the suit.— Until the action be entered the arrangement suggested by Mr Conolly appears to be the best that can be adopted— the Timber also mentioned in that Gentlemans letter as having been filled under contract with the Numbidi but seized by your Peons should be given up to the Merchants its value being included in the amount of damages laid in the Plaint. After the suit has been commenced it will be competent to you to move for an injunction to prohibit the Numbidi from exercising further rights in regard to the land under litigation until the Court shall have given their judgment in the case

From the Collr of Malabar
Stating with reference to the Board's communication that he will cheerfully attend to their wishes and take an early opportunity to provide for the Aracoorichy Umshom adigharee and the Walloovanadd Peishcar and making some comments on the Case.—

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 22nd Ultimo Enclosing Petitions from the late adigharee of Aracoorichy Umshom and Peishcar of Walloowanaad, and leaving it to my judgment whether it be necessary not to exclude them from all future employ or whether they may not consistently with the interests of justice be hereafter restored to office at such time and under such circumstances as may appear most advisable.—

2. I will cheerfully attend to the wishes of the Board and take an early opportunity to provide for the parties adverted to.—

I m

I was on circuit at no great distance when I first heard of the Matter and subsequently visited the place (Manargat) where it is said to have occurred—

2. I merely wish to observe in order that the Board may not think that I am inclined to be unduly credulous or unduly severe that my impression on the very extraordinary affair in which this Adighoree and Puishcar were implicated were formed after no little local as well as personal enquiry, the result of which compelled me to take a different view to what was taken by the judicial authorities.—

3. Mr. Silver who was for a long time engaged in the original investigation was convinced that the story was in its main facts true, and my late Head Sheristadar Histna Row who was engaged in business at Manarghat many Months after the parties had been released by the Court and whom I particularly desired to make private enquiry on the subject informed me that the general feeling of the Country corroborated Mr. Silver's view—

4. Fact it is said is stronger than fiction. The remark applies well to Malabar and especially to the retired parts of it where more extraordinary cases occur than it would enter into the imagination of the wildest romancer to conceive.—
