Acting Secretary to the

Board of Revenue

Fort St. George

Sir,

From R. J. Porter Esqr
Collr of Masulipatam } Draft

Stating the selling rate of Salt to Bringaries for exportation into the Nizams Dominions.

(2)

In reply to your letter of the 16th Instant I have the honor to state for the information of the Board that the Salt entered in the Statement which accompanied my letter of the 15th Instant was sold for Inland consumption at 14 annas per maund & that sold to the Bringaries for exportation into the Nizams Dominions, which having been declared a foreign territory under the provisions of Act VI of 1844 was sold for "Home consumption" or "consumption within the territories subject to the Presidency of Fort St. George" and provides only for an increase in the price of Salt sold for "Home consumption" or "consumption within the territories subject to the Presidency of Fort St. George" I did not consider myself at liberty to price the Salt to parties purchasing for exportation therefor

2. The term "Inland or Home Consumption" used in your letter of the 28th March I interpreted to mean consumption either in my own

Fort St. George — May 1844.

or in any inland District situated within the territories subject to the Madras Presidency and if this reading be correct all the harm done is that the column in the Statement submitted to the Board has been improperly headed but should I have misinterpreted the intention of the Board (in which case their views will be in direct opposition to the wording of the act) I am sorry to say that some loss has been incurred by the Hyderabad Sumbadies having been allowed to take Salt at a cheaper rate than was intended. I have however on the receipt of your letter under reply issued orders for selling Salt to the Sumbadies at the increased rate the excess being retained in deposit pending your answer to this communication, with which I request that I may be furnished with all possible despatch.

Extract from the Minutes of Consultation under date the 10th May 1844.

Read the following Extract from the Minutes of Consultation in the Military Department.—

Replacing the service of Captain J. Campbell 21st Regiment N.I. in charge of the Salem Survey at the disposal of His Excellency the Commander in Chief for Regimental duty and communicating a letter from the Government of India for consideration of the proposal therein referred to, for undertaking a Revenue Survey of the Tinnevelly District.—

(Here enter 12th April 1844 No 1721)

Para 1. From the Proceedings of the Board of Revenue recorded in the Consultation noted in the Margin, a copy of which will now be furnished to the Military Department for transmission to the Government of India it is observed that the Survey of the Tinnevelly District is to be conducted on a Plan different from that originally contemplated which will not

R. Dy 3 Octr 1843 No 1-2—

Fort St. George 27th May 1844.

not call for the supervision of the Surveyor Generals' Department.—

2. In reply to the above Proceedings Government under date the 30th September last concurred with the Board of Revenue in the opinion that a Survey according to the Rules laid down by Sir Thomas Munro for the Ceded Districts would be sufficient for the purpose of remodelling the Revenue system of the Tinnevelly District, and sanctioned the employment of a small Establishment in aid of an Assistant Surveyor, whose services it was believed might be procured from the Salem Survey and were considered by the Board adequate for the purpose in view, as however the duties of an Assistant Surveyor would seem to be still required in the prosecution of the Grand Trigonometrical Survey

Fort St. George 27th May 1844.

Survey in the Salem District, the Government will postpone the employment of the Establishment already sanctioned until they have received a report from the Board of Revenue of the measures which have been taken for carrying the Survey into effect.—

Read the following letter from the Secretary to the Board of Revenue.

(Here Enter 4th March 1844)

Para 1 It is observed from the foregoing report that the Government property in Forest land in the District of Malabar embraces 3 Forests in the Palghaut Taluk, which have escheated from the Chennat Nair family, of about 25 Square miles. The Forests obtained in Mortgage from the Tricalore Rainalidee.

From the Chief Secy to Govt. } Regarding observations on the Board's letter dated 4th March 1844 regarding the Teak Forests in Malabar and Canara and requesting the Government of India to press upon the Home authorities the advantages of sending an experienced Arboriculturist.-

Malabar.

of 50 Square Miles and the Forest acquired from the Zamorin Rajah the extent of which though not given is stated to be considerable. These forests contain little Timber available for present use, and the advantages anticipated from them are wholly prospective. they are nevertheless of the greatest importance, and the success which has attended the endeavours of the Collector to cause the Seak seed to germinate, with the Tariff lately established to check the felling of unmatured trees, will doubtless if followed up by the necessary measures for the preservation and growth of the trees eventually secure to Government a valuable property in Forest land in Malabar.

2 The attention of the Government of India will be requested as to the 5th Para of the letter above recorded, in reply to their Secretary's communication of the 30th September No. 175.

Canara. 3 In Canara the resources of

Fort St. George 27th May 1844.

of the Forests are more abundant and it appears that of 6414 Seak trees, no less than 6367 Computed to yield about 20000 Candies are fit for immediate felling. The Government are not aware of the valuation of Timber in Canara but taking it at the lowest selling rate mentioned by Commander Williams in his communication to the Government of Bombay dated 27th December 1842 Viz. 18 Rupees the Candy, it may be assumed, that there is now available,

Government property in the Canara District to the extent of 360,000 Rupees - or as the Principal Collector reports, "the "Honore and Ankola forests are in their "present state capable of yielding from "3000 to 4000 Candies of Seak fit for "Naval purposes annually for the "next ten years."

St

Fort St. George 27th May 1844.

4 It is observed that under date 23d October 1840 the Government recommended to the Honorable Court of Directors that they should "engage the services of persons duly skilled in the science of Arboriculture and send them out to this Presidency for the purpose of being employed as Sub Conservators of Forests in Malabar and Canara," but in their Dispatch of the 30th November 1842, the Honorable Court declined to comply with this request, as they considered it a better plan "to choose the fittest persons that could be found on the spot." It was however shewn to the Court in a despatch dated 25th May last, that this Government had failed in procuring a duly qualified person, and the necessity of obtaining the services of a thoroughly trained Arboriculturist, was again brought to notice. For the present, a native has been placed in charge of the office of Sub Conservator, on a salary of 60 Rupees

5 to preserve the Forests from depredation. His Lordship in Council however has reason to hope, that when the

Fort St. George 27th May 1844.

foregoing communication and correspondence are laid before the Government of India, His Honor in Council will be fully sensible of the importance of improving this valuable property, and as the only means of doing so, (as pointed out by the Board of Revenue) for the appointment of an experienced Arboriculturist with an Establishment commensurate with the extensive range under his Control, His Lordship in Council trusts that the Government of India will see the necessity of pressing upon the Home authorities, the advantages of sending out a person properly qualified for the particular duty.

From A. C. Mellor Esqre.

Collr. of Bellary submitting Statements of Sayer Establishment in the Bellary District as at present & after the abolition of the Sayer & Inland duties and that proposed for the future and recommending Rs. for the latter.

1 With reference to your letter of the 4th Instant, I have the honor to forward a Statement exhibiting the Honzon and District Sayer Establishment as it stood on the 31st March 1844 and of that proposed for the future, together with a Chowkeedar Statement for the latter.

2 From these it will be observed that I have abolished the Inland and Town chowkies altogether as well as those on the Punnad Mahratta and Soondoor Frontiers which have heretofore been maintained in conformity with the orders of Government dated the 16th published in the Fort Saint George Gazette of the 19th Instant.

The rates of Pay which I have proposed for the Frontier Chowkedars are with reference to the responsible nature of their duties for the future and consistently with the views of the Board that their Emoluments should

should be increased in proportion to their responsibilities. The Pay for each Chowkedar being fixed with due regard to the extent of traffic passing across his Frontier limits, and I trust these will meet with the approval of the Board.

3 The total expense on account of Sayer Establishments previous to the change amounted to Rupees 2170-4-4. that proposed for the future to Rupees 1307-12-0. the net saving to Government on the whole being Rupees 862-8-4-or Rupees 10,360-4-0-per annum. In the Course of the present Revision it has been found necessary to do away entirely with certain appointments, and Establish a few Chowkies at certain intermediate points of the Frontiers now retained (as per proclamation of Government above quoted) with reference to the great distances, and in order to maintain the Revenue which would otherwise be lost by Goods and Merchandize finding their way into and out of the Native states clandestinely. The names of the Chowkedars to be retained are specified against their respective Chowkies under the head of proposed Establishment in the Chowkedar Statement

Fort St. George 27th May 1844.

Statement. The places where Chowkies or Colcars are now proposed are marked in Red Ink in the enclosed Plan and it is as well to observe, that some of those places had Chowkies formerly attached but abolished on subsequent revision. They are in my opinion necessary the Town Chowkies being now abolished.

4 In illustration of the routes by which Goods should be allowed to pass into and out of the Native States, beg to refer the Board to the Statement No. 2 which will afford the information called for in the latter part of your letter now under reply. In fact each Chowkey is the route leading to the Native State to the frontier of which it is attached.

5 The Most Noble the Governor in Council having by the advertisement 8th April 1844. above referred to declared the Goods passing into or out of Foreign territories shall be liable to the duty fixed for British Bottoms at the rates prescribed in the schedules of the Act I have furnished the Chowkedars with Tables of the British Bottom rates specified in the 1st Column of the Schedules

Fort St. George 27th May 1844.

schedules A and B with instructions for their adoption accordingly.

6. It is impossible in this extensive District* when there are no roads, to maintain only a few Frontier Chowkies and compel all merchandize to pass. The traffic of the Country is carried on through the Lambadies and Bringary Caste, on Bullocks. Bandies are little used, and the Bringary encampments are according to the seasons wherever Fodder and Water are to be found. This System cannot and must not be interfered with. It becomes therefore absolutely necessary to establish Chowkies at the various places alluded to, or the general trade of the Country and the Frontier Sayer Revenue would suffer.

* Comprising a distance of 933 Miles along the line of Frontier Chowkies.

7. The Frontier Sayer Revenue under the new System will not decrease but increase. The Establishment proposed for the Honzoor Sayer Department becomes therefore absolutely necessary for the purpose of scrutiny the Accounts of the Talook Sibundies and matching their Proceedings framing the periodical general

accounts of Trade Collections and Charges &c. &c. for the Collectorate and the different authorities at the Presidency to of the Govt. masters are now denominated Darogahs Moatsuddies who will have to go over the Frontier Chowkies for enquiry and to prevent Frauds and Embezzlement on the Public Revenue &c. &c. The Pay of each Colcar was originally Rs. 2 - 14 - 8 - per Mensem but this was reduced to 2 - 12 - 0 by the late Principal Collector Mr. Robertson when placing the Sayer Collections under Amanie management in Fusly 1247 — A.D. 1836/7 Inconsideration however of the increased labour and exertion which will necessarily devolve upon the Colcars under the new arrangements I have deemed it expedient to fix their Emoluments at 3 Rupees each per Mensem, adding only a 1/4 of a Rupee to their present Pay. The Sayer Revenue will still amount to between two and three Lacs of Rupees. I therefore propose to return the Sayer Shistadar as such an amount of Revenue demands in my opinion a responsible overseer I have before alluded to the want of check upon the Frontier Chowkedars

Fort St. George 27th May 1844.—

Chowkedars in consequence of the abolition of the inland Chowkies, I trust therefore that no objection will be made to the Darogahs after Moatsuddies without whose assistance we should have no one to look to the interests of Government, and in the remote Chowkies there will always be too much opportunity. I am afraid the Number of Chowkies will attract the notice of the Board, but it cannot be avoided there are no main roads along which the Trade passes. the whole Country is open and a mere Pathway is all the Bullock carrier look to. even on the River Sides the same facilities exist. Boats being maintained all down the River and the Fords innumerable.—

produce enter into the trade.

3. Under the provisions of the Act, all articles of European supplies. Wines and Liquors &c. exported to Bangalore for European consumption will be liable to the duty of 3 per Cent. The Officer in charge of the Chokies on the road which passes up the Mooglie Ghaut, should therefore if my view of the expected operation of the Act is correct, be experienced in the Appraisement of all sorts of foreign Merchandize that he may be able to verify the declarations of value made by the Merchants.

4. I am unable to enter the name of any person qualified in the manner supposed, but have proposed the Monthly payment at 40 Rupees. He would be vested with great discretionary powers of passing articles free as baggage, and in many respects would require more experience of the business of European traders than the Chokeedars hitherto employed. He would also require a Knowledge of English to enable him to perform the duty.

From the Asst. Pe. Collr. of Salem.....

Sir,

With reference to your letter of the 4th Instant, calling with reference to Act VI of 1844, for a list of the Frontier Chowkies with the strength of the Establishment proposed to be maintained at each, specifying also the present and proposed rates of Monthly Salary, I have the honor to forward a Statement exhibiting the information required with the addition of a small Establishment, which I find indispensibly necessary to be maintained in the Hoozoor Cutcherry, to check the Accounts of the Frontier Chowkies. The following is an abstract of the Statement.—

Submitting a List of the Frontier Chowkies with the strength of the Establishment proposed to be maintained at each also the present and proposed rates of Monthly Salary.—

7175. Fort St. George 27th May 1844.

As required in Para 2 of Your letter, I have the honor to state that there are 5 principal roads, as per Margin, through which Goods pass into or out of the Mysore Territory bordering on this District. these routes will be continued as hitherto, but there are 3 smaller roads, or foot paths, by which loaded Bullocks could proceed with facility, to Bangalore, which leave the main roads about a Mile or more from the Chowkies, to prevent smuggling, I have added 3 Colegars for the said three roads in the proposed Establishment.—

From the Collr. of South Arcot

Reporting the discontinuance of the Sayer Establishment & forwarding a detailed Moyen Jabitah of Five Frontier Chowkies & recommending a portion of the Sayer Establishment to be retained at the Hoozoor.

Sir,

Para 1.

+ 28th March 1844.
4th April 1844.

Per Mensem.
Rs. 1058—— —
* " 299—— —
1357 or 16284 per annum.

Conformably to instructions in your letter, I have the honor to report my having discontinued from the 1st April, all the Tallook Establishments of the Inland and Town Chowkees together with that of the Hoozoor Cutcherry, and publickly announced this important change.—

2.

Though the rent of the Town and Inland Duties on the articles noted in the + Margin amounting to Rupees 27,035 was approved for this Fusly, I have also with the view of fully carrying into effect the orders of Government, disallowed the Returns levying any duty from the abovementioned date.

+ Tobacco Beetle Gunjah Goodauk and Bhang.

3

In forwarding as required a detailed + Moyenjabitah of the five Frontier Chowkies, the disbursements on account of which amounts to Rupees 348—12— per mensem, I beg to state for the following reasons

+ No. 1

Fort St. George 27th May 1844.

reasons that this establishment will be quite inadequate for the security of the customs Revenue. -

4- The irregular and circuitous line of the French frontier is highly calculated to encourage smuggling, which has been carried on to a considerable extent, from the great facility afforded the smugglers, by the numerous bye roads there being not less than a hundred and thirteen, which intersect it in all directions, but as the Board are so well acquainted with the circumstance, I consider it unnecessary to detail the difficulties experienced by the existing chowkies previous to the introduction of the new system in preventing contraband trade, or detecting those practising it. At present the sole management and collection of the export duty devolve on the Frontier chowkies, and the restraint that was in some measure imposed on the illicit export and import into, and out of Pondicherry, by the surveillance of the inland chowkies is also now removed--

5- The high rates of taxation

Fort St. George 27th May 1844.

specified in the new schedules, hold out increased temptation to smuggling, for instance the duty on Indigo, the staple commercial articles of the District, produced and manufactured in the Tallooks bordering on the Pondicherry frontier, it will be manifest that, with so small and inefficiently paid an Establishment, as the present one, I shall experience great difficulty in managing the duties of the Custom Department consistent with due regard to the interests of Government. -

6 After giving the subject the most mature consideration, I am of opinion, that besides restricting the routes as indicated by section XII of the Act VI it is necessary to maintain two additional Mundoovahs attached to the Chowkies of Cottaccoopum, and Condumungalum and as a further precaution for the security of the Customs, a controling establishment at the Hoozoor. -

7 Adverting to the section just quoted, I enclose a list+ of the routes by which goods are in future to pass into, and out of Pondicherry, and request the

+ No 2

Fort St. George 27th May 1844.

the Board will be pleased to obtain the approval of Government for its adoption.-

8 To render the Frontier Chow-
-kies more efficient, I beg to submit a
No. 3 revised Moyenzabitah, in which I have
deemed it absolutely necessary to augment
the pay and number of the present
Establishment, it being the only induce-
-ment for the servants to conduct their
duties with some degree of honesty and
with benefit to the Government as well as
giving the means of providing for greater
vigilance in watching the different roads-

9- In the Moyenzabitah under
review, it will be seen that the chowkey
of Madurapankum has altogether been
abolished it being of no use in its present
situation on account of its proximity
to Vurdoor, and the proportionate small-
-ness of its collections, and that two Mundoo-
-vahs have been substituted in lieu of it
as mentioned in the 6th Para of this letter.-

10th With an efficient establish-
-ment the probable amount of duty derivable
from the new rates, will be between 78
and 80,000 Rupees per annum.-

Should

Fort St. George 27th May 1844

11th Should the Board concur
in the expediency of my proposal, for the
reasons already stated, I beg that it may
be recommended for the sanction of
Government.-

12th I also submit a List of
+ No. 4 a small Establishment at the Kovgoor
for the purpose mentioned in Para amount-
-ing to Rupees 79 with an explanatory
remark appended to it for the informa-
-tion of Government.-

13th The Statement No. 3 will
shew that the cost of the revised Establish-
-ment of the four Chowkies and two Mundoo-
-vahs amounts in all to Rupees 681-8- per
Mensem, which on comparison with
Statement No. 1 exceeds the sum sanctioned
for the maintenance of the present five
Chowkies by Rupees 332-12- per Mensem or
Rupees 3993---- per annum, leaving
still a yearly saving to Government
in the Sayer Department by the abo-
-lition of the remaining Chowkies and reduc-
-tion in the Kovgoor Establishment of the sum
of Rupees 10,744.-

14.- The Writer and Mooshy
whose

Fort St.e George 27.th May 1844.

whose Pay is Rupees 47, were erroneously included in the Sayer Moyenzabitah having scarcely any thing to perform in that Department. In the event of their being dismissed on the abolition of the Sayer Department the business of the General Department allotted to them will fall in arrears, as it cannot be brought up by the present limited Establishment owing to its having of late much increased. I therefore beg the Board will be pleased to obtain the sanction of Government to include their Pay, Viz.t Rupees 47 per Month in the Land Revenue Moyenzibitah in future.

15 In conclusion, I am induced to bring to the notice of the Board for their favorable consideration the

Fort St.e George 27.th May 1844.

the request of those Sayer Servants employed at the Kachcheri, for a gratuity of Month's Salary being granted them, from the suddeness and very short notice they received of their removal from employ.-

It is absolutely necessary that these servants, at a cost of 79 Rupees per month should be retained at the Hoozoor Cutcherry to keep us well as to check, the accounts of the Frontier Sayer Establishment, and also for the purpose of being frequently deputed as overseers on the Frontier line to detect smuggling, which will be probably practised by reducing the increased rates of Peerwah from 16 to 20 per Cent on several of the import and the principal export articles. Out of 14 Peons of the late Establishment, six are retained as being requisite for the expeditious communication of the Collector's orders to the Chowkeydars, instead of by the Talook Tappal which is productive of very great delay. The pay of the Writer and Mootchy was hitherto included in the Sayer Moyenzabitah, tho' they did nothing in that Department. They were actually employed in the General Department, and by their dismissal their work will fall in arrears. It is therefore requested that sanction be obtained for their Pay which in future is to be included in the Land Revenue Moyenzabitah.-

Sir.

From the Collector of Tinnevelly — Para 1.

Informing that the publicity was given of the abolition of Sayer as directed and forwarding 2 lists one shewing the Strength of the present Establishment at the Frontier Chowkies and another for Establishment required also specifying the routes by which goods pass into and out of the Travancore State

I have the honor to acknowledge the receipt on the 24th Instant, of your letter dated 28th Ultimo. Immediately on the receipt of these orders the necessary steps were taken to make publicly and generally known the abolition of the Sayer duties by proclamation in the Talooks, Towns, and Villages especially in the places were Chowkies existed and the dues had been hitherto collected. An Ishtyar or notice in large and legible characters being especially posted on each Chaukey.

2- The frontier Chowkies alone as directed have been retained on the Travancore Boundary, 5 in number of which the particulars are given in list No 1.

+ 3 Chowkies
2 Mettoos

3 The Sayer Establishment of the Hoozzoor and Talooks, has

has been dismissed from the 11th Instant the earliest date at which it was practicable to carry into effect generally the Board's orders which reached me when on Circuit only on the 4th some of the Chowkies being at a considerable distance a few days necessarily elapsed before all the orders could be prepared and simultaneously issued, every care has been, and will be, used to make this important measure fully known to the community at large, and to prevent any future abuse.

4. The Board will be aware that the Duty on "Sheyroot" is Rented for Rupees 2,700 per annum for 3 Years concluding that this is intended to be abolished with the Betel and Tobacco, measures are in progress for closing the Rent.

5. With reference to para 4 of my letter dated 20th September 1843, it will be now necessary to restore the two Chowkies alluded to, which are reduced to inferior Stations,

+ 1 Writer
2 Goomastahs
1 Moonshee
4 Peons

The + Sibbendy now retained is absolutely necessary to carry on the Current duties - Pending special sanction their pay is stopped from the 11th Instant with all the others, but their services being indispensably necessary, they continue their duties the Current work of the District is so heavy that the Sayer Department has been of necessity used for Miscellaneous duty also, and their reduction is consequently severely felt in the general duties of the Office - In my letter of 20th September 1843, I mentioned the necessity there would be for retaining some Establishment and have therefore to request that sanction be obtained for raising the 2 Mettoos to full Chowkies as before obtained and for retaining the 4 Huzzoor Servants and 4 Peons absolutely necessary for remaining Sayer frontier duties as per list No. 2, accompanying prepared according to the form No. 1. referred to in the Minute by the Governor General of

of India dated 8th. November 1843, which formed one of the Enclosures of your Circular letter of the 21st. Ultimo 7.

With reference to para 2 of your letter of the 4th. Instant, received since the preparation of this letter, I have the honor to inform you that the routes by which goods are and should hereafter be allowed to pass into or out of the Travancore State are the 5 Specified in the Margin where the 3 Frontier Chowkies and the 2 Mettoos now proposed to be raised to full Chowkies are situated.

1 Peroongoody Chowkey with Caroongalum Mett on the Seamboly pass on the high road from Madras to Travancore via Madura and Tinnevelly.

2. Pooliary Chowkey on the Ariengal pass on the high western Road bordering the Hills from Madura to Travancore via Streevilliputtor and Tencausey.

3. Punboly Chowkey on the Atchencovil pass branching from Do. Do.

4 Alwarcoorchey Chowkey on the Coluttoopully Ghaut a Minor pass to Travancore on the road branching from Do. Do.

5. Davendanum Chowkey on the Savary Malay sastakoil Ghaut a Minor pass to Travancore on the road branching from Do. Do.

8. The Emoluments of the Frontier Chowkies

might be raised as the Board propose, but with a view to the public business of the District I would beg rather to be allowed to retain the Huzzoor Sibbendy entered in the list No. 2 in preference to any increase of pay in the Frontier Chowkies.

9. With respect to only one very old Servant, the + Duffadar "Ismail Khaun," of 39 years Service I would request as a special case, impracticable I am aware under the general rules the sanction of a small pension of half his Salary; he has always borne a good Character and is a respectable and deserving old Servant of the Government, and now unfit for other duty.

Sir,

Para 1.

With reference to the Extract from the Minutes of Consultation bearing date 28th March 2nd and 22nd April 1844 I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying Returns Viz.

1 Letter from Collector of Bellary

Fort St George 27th May 1844-

Bellary 24th April furnishing statements of the Frontier Chokies proposed to be maintained in his Districts- the extent and cost of establishment and the names of the Chokeydars authorized to Collect duties with a plan in illustration of the mode in which the Chokies have been arranged- and shewing the routes by which Merchandize should pass from or into the Bellary district across the Hydrabad or Mysore Frontier—

2 A similar return from the Principal Collector of Cuddapah 22d April shewing the routes- Chokies and names of Chokeydars—

Note.

The name of the Officer to be placed in Charge of the Chokie which commands the road up the Moughe Ghaut has not been given in consequence of the inability of the Principal Collector to find a person qualified for the Office-

maintained with the exception of establishment the names of the Chokeydars and the routes by which Merchandize should be permitted to pass also lists of Ports & Places where goods may be landed or shipped and stating that the returns from the other districts will be submitted to Govt as soon as they are received-

Note.

The specification of the officers who are to collect Sea Custom duties at these Ports as called for in Minutes of Consultation dated 22nd April last has not been furnished - Of the names of the Frontier Chokeydars given in Statement No 1. many, the Collector states are fictitious! "He proposes employing the fittest of the men who have lost their situations by the operation of Act VI 1844." Mr Conolly appears to have overlooked the fact that the transmission of the real names is urgently required for publication (under section X of the Act) in the Official Gazette. The Board have addressed him on the subject.—

for.-

2.

From the Remarks appended to the abstracts of the several returns as given in the preceding Para it will be seen that many of those Statements are more or less defective. The Board have not however considered it advisable further to delay this transmission to Government. The additional information which has been called for, shall be submitted from time to time as received from the several Districts.

3.

Independently of those now forwarded the Board have received returns from a few other Districts but in too incomplete a shape to warrant their transmission. Further information has been required from the local authorities on receipt of which the revised statements shall be submitted to Government without

delay.

delay.

4.

The Board further direct me to add that in the existing State of uncertainty as to their relation in which they Stand to the Custom Department, they have not felt themselves at liberty to offer any remarks on the rates of salary proposed by the several Collectors to be granted to their respective Sayer Establishments, or on the various other points mooted in the enclosed communications: they have therefore confined themselves to sending up the accompanying returns as received, in order that the publication of the

names

names of the Officers to collect Duties, the Ports & c. & c. in the Official Gazette as required by act VI of 1844 may not be longer be deferred.- On the other questions connected with the arrangements reported on, the Board will be prepared to submit their sentiments on a future occasion, if in the opinion of Government, the discussion of such subjects should be considered properly to fall within as their province.-

From the Pr. Coll.r of Cuddapah

Sir,

30

Para 1- I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 22d. ultimo directing me to state on what particulars duties Periapatam Ramiah is employed, and in reply to state that he has not been in revenue charge of a talook since 1838- the duties subsequently performed by him have been limited to the Superintendence of the Sayer and abkarry branches of the Revenue-

2. From his advanced age and consequent infirmity I am of opinion that it is not expedient to employ him again in the Superintendence of the land revenue of any portion of the District and as the abolition of the Sayer duties now leaves him almost entirely unemployed I beg leave to recommend that a pension be granted to him at such rate as-

as he would have been entitled to had the increase of pay been formerly granted.-

In Cons.n 22d April

With reference to the Extract from the Minutes of Consult=ation under date 1st April last.- I am directed by the Board of Revenue to forward for the information of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Cuddapah reporting that of late years the duties of P. Ramiah have been confined to the Superin=tendence of the Sayer and Abkarry branches of Revenue, and that from age

6th in Cons.n 27 May 1844.

age and infirmity he is unfit for further duty and recommend-ing that he may be pensioned.-

2. The Board have therefore requested the Principal Collector to Submit P. Ramiah's claim to a Superannuation Pension in the form prescribed in the Pension Rules published under date 22d December 1835.- in Fort St. George Gazette of 1836 Page 73.

From the Asst Pr. Coll.r of Salem . . . .

No. 175 of 1844. herewith ret.d

41

In reply to your letter of the 11th Ultimo forwarding a Petition presented to the Board by Vencataramaniah of the Talook of Kistnagherry and directing me to report my opinion thereon and the amount of the surplus funds of the Davastanum of which the Petitioner is the Darmakurtah. I have the honor to state, that the Petitioner has already commenced to build a Muntapum for the Pagoda. The Astabandanum of the Idol is reported to be out of order and its repair indispensable. The surplus funds of this Davastanum from Fusly 1231 to 1252 (A D 1821 to 1843) amounted to Rs. 173-15-1, and the repairs thereto during that period amounted to Rupees 743-5-11 being Rupees 569-6-10 above its own funds. There is now no surplus funds belonging to it and the sum the Petitioner solicits viz.t Rs. 243-3-- for the present purpose, could be only disbarsed from the Total Davastanum surplus funds of the District now in deposit in the Treasury.-

Sir,

Matheelagatha Krishna-menon the Tahsildar of Shernaad who was suspended for a year in March 1843, on a suspicion of having abetted, or at least been cognizant of the torture of a Ryot, has applied to be restored to the service and / the term of his sentence having expired / I have posted him to the charge of the Temalpooram Talook as being one of the least important in the District.-

But I would suggest to the Government that it would be far more for their interest that this old Man were permitted to retire on his pension than that he continue on the effective strength of the service.- His conduct in the matter which led to his suspension was (as I mentioned in my report / very probably attributable in some measure to the failure of his faculties from old age, and it is evident that the lapse of a year will have tended to increase and not lessen that failure. His bodily health is excellent, and it may be many years before he is

No 2.

To The Honorable Members of the
Board of Revenue
&c. &c. &c.

The petition of Cherrokel Chengacovilagathoo senior Rama Wurmah Rajah an heir to the family of Colaswarooppum in Malabar.

Humbly Sheweth.

That the endorsement No. 98th 1843 in answer to my petition under date the 28th December 1842 which you received 17th January 1843 came safe to hand. That Endorsement confirms the decision made by the Collector (to which it is said I repeatedly adverted) without giving a proper reply to the reasons stated in my complaint on which account it appears to me that your honorable

Board

Board never fully understood the real state of the question as expressed in my petition &c therefore I humbly request that, from my petition and other documents in your possession, you will fully examine my claims and afford me a satisfactory reply. In my petition of the 14th Malabar Month Poolam 1016 numbered in your Office 1768 of 1840, In the beginning of the 4th (fourth) paragraph of that Petition the Collector's sentence is quoted, and in the latter part of the same paragraph my reasons are submitted to prove that the Collector's sentence is unjust. secondly in the same paragraph reference is made to a Tarago or agreement marked B. likewise the copy of a receipt dated 4th February 1842 which was given me by the Zillah Court of Tellicherry agreeable to a decree for 246. Rupees, 6 annas 4 Rice which I had to pay on the behalf of the debt of the late senior Rajah by whom the abovementioned agreement marked B. was made. Thirdly in the second paragraph of the above reference is made to the debt of the deceased Senior Rajah and to the sale of our joint property and also in the first and sixth paragraphs of the above petition.

If

If therefore your Honorable Board or a Punchyum examine into the truth of my complaint you will ascertain what portion of the Malabanah should by right come to me. or if you determine that the Collectors sentence is just. I shall not be satisfied till it be shewn upon what ground such a decision was made or by what authority it has been determined that such a number of rupees only are to me. I therefore humbly request you will once more examine the whole affair and settle it according to justice. And your Petitioner as in duty bound will ever pray.

Sir

In reference to your letters of the 22d Ultimo and 13th Instant I have the honor to submit two Statements shewing the Sales of Salt for Home and Inland consumption for the first and second half of the Month of April last.

2. The Board will observe that the increased prices ordered and carried into effect until the 16th of April.

3 The delay which occurred in forwarding in consequence of not receiving the Boards instructions of the 28th March until the 3d of April, at which time I was not in Summer Salt 60 Miles from Mangalore to which place reference for certain accounts was necessary and secondly from the difficulty of ascertaining the weight

difficulty was subsequently removed by discovering that Mr. Read, the former Principal Collector, had gone to the trouble of weighing a Garce and found it to be 1135/8 Maunds of 3200 Solas. At the rate, therefore, of Rupees 1-8-0 per Maund, the Garce would be valued at Rupees 155-8-0 and instructions were issued to the several Chowkies to this effect, and in order to observe regularity in the accounts the alteration was directed to commence on the 16th April.

4 Since the receipt of your letter of the 29th Ultimo the Garce has been declared to weigh 130 Indian Maunds and the rates accordingly corrected.

5 The Board desire to be informed when the Statements for each half Month are likely to be received at their Office. I beg to state that those for the first half will be transmitted so as to reach the Board's Office before the end of the Month and those for the second before the 15th of the Month following.

To I. Thornton Esqre

Agra

Sir,

I have now the honor to
transmit a general Statement of the deb
and liabilities in Benares of the Raj
of Vizianagrum to the end of the Fe
Month, and a reference to the Documents
I trust at once plead my excuse for
time which has been occupied in
preparation having exceeded the
solicited.—

2.

It will be seen that
gregate amount of the Rajah's d
exceeds 9 Lacs of Rupees, a very large
thereof bein

at the rate of 12 per cent per Annum.—

3. The Rajah has executed Bonds and Notes of hand amounting to nearly 7 Lacs of Rupees and on about one Lac of Rupees worth of Jewels have been pledged to different creditors, of these he wishes to redeem some of the most valuable belonging to the Rance to the extent of say 50,000 Rupees.—

4. Two of the Creditors (Nos. 14th and 31st in the general Statement) have obtained decrees of the Court against His Highness for very heavy sums and their course would ere now have been adopted by others but for the hope which prevails of a speedy adjustment of their claims.—

5. In the 7th Para of Mr. Smollett's letter to the Chief Secretary at Madras No. 11 dated 3d August 1843 and noted in the Margin that Officer truly accounts for the original cause of the Rajah's embarrassments in

7th Nor though disappointed as regards the amount of debt does the magnitude much surprise me, when the Rajah first proceeded to Bengal his expenditure was fixed at Rupees 122000 per annum subsequently through the difficulties of Manage=ment and other causes his pay=ment was curtailed to 72,000 Rupees.

Rupees a year and only afterwards increased to one lac as shewn in the several communications noted for reference in the Margin, an excess of 25,000 Rupees per Annum in his expenditure over his receipts would during the 16 years of his absence with allowance for high interest, more than account for eight lacs of debt.—

in Benares and in fully coinciding in the opinion he has expressed in the 6th Para of the same letter that "their continued increase from the accumulation of interest would in the end inextricably ruin him."

I may add my conviction that His Highness rank alone has hitherto averted the consequences which would have arisen in any ordinary case of similar difficulties the Creditors have recently however become clamorous and the only hope of appeasing them is by an early settlement of their demands.—

#12th What is required is to ascertain the exact amount of debts and what sum of money paid at once would satisfy the Creditors, whether it was practicable to obtain remission of part of the interest by payment of the principal and other matters of like import fully to be that loans guaranteed by Mortgage of Jewels were closed so as to prevent further charge of interest

6. Referring to the 12th Para of Mr. Swinton's letter, already alluded to noted in the Margin I am of opinion that it is perfectly feasible to compel the Rajah's debts I have reason

believe a majority of the creditors are willing to do so and I shall at once endeavour to induce His Highness to dispose of such of the pledged Jewels as he does not wish to redeem in order to a reduction of interest now rapidly increasing the total debt at the rate of nearly 10000 Rupees per Mensem, if therefore the Most Noble the Governor at Madras determines upon extricating the Rajah and his family from the ruin with which they are threatened it is obvious that an early adjustment is desirable.—

7. Having well examined and considered the actual state of the Rajah's affairs, I fear not less than 6 and a half Lacs of Rupees judiciously and carefully disbursed, would now be found sufficient to pay off every debt he owes in Benares with honor to himself and to the satisfaction of his Creditors when his annual income of a Lac of Rupees until his Estates were free from the debt thus incurred would no doubt amply provide for all his wants.—

8. The Rajah has aided me in the preparation of this report in which he fully coincides and expresses his earnest hope that the Government will be pleased to adopt such measures for the settlement of his affairs in Benares as will speedily relieve him from the humiliation and disagreeable position in which he is placed.—

No. 10. This Creditor holds 6 unpaid Hoondies on which heavy interest has accumulated the debt appears to have originated in the purchase of Jewels, Hoondies being given by the Rajah in Vizianagrum for their cost.—

No. 11. The security for this debt consists of two Bonds and 2 Hoondies on which there is heavy accumulated interest money lent and Hoondies appear to have been the origin of the transaction.—

No. 12. 2 Bonds have been executed in this case which included heavy interest to date and the latter continues to accumulate.— the origin of the debt appears to have been about 4,000 Rupees for services in money transactions the remainder being money lent at very high interest.—

No. 13. An unpaid Hoondie is the origin of this debt with accumulated interest.—

No. 14. The real creditor in this case is Baboo Ram Das and the debt is money lent, more than doubted by heavy interest. A decree has been obtained against the Rajah for upwards of Rupees 97,000 which he admitted and it is payable by instalments of 20,000 Rupees a year, but could no doubt be compromised by ready money.—

No. 15. A Note of hand for money lent with accumulated interest thereon.—

No. 16. A Bond has been given in this case which originated in a hoondie transaction and included accumulated interest to date.—

No. 17. A Bond given as security for money lent which has nearly doubled by interest.—

No. 18. A Bond given in lieu of unpaid Hoondies and accumulated interest to date.—

No. 19. A Bond executed as in the preceding remark and the interest on the said Bond subsequent to its date has amounted to nearly 50 per Cent.—

General remarks by Major Carpenter —

No. 28. The remarks against No. 12 is generally applicable to this case — This Creditor holds a judgment Bond for 30,000 Rupees due 4th October 1845 and the transaction appears to have been money lent with heavy accumulated interest the sum of 17,000 Rupees has been recently lent for the Rajah's immediate necessities on condition that the whole of the debt be liquidated by the end of this year (1844) A. Bond and a Hoondie security in this case —

No. 29. In this case the creditor has obtained a decree of the Sudr Dewany Adt. for upwards of 50,000 Rupees which the Rajah is about to appeal to the Queen in Council making the usual deposit of 25000 Rupees as security the origin of the debt appears to have been unpaid hoondies scarcely more than one third of the amount of the decree being principal and the remaining 2/3ds interest costs of suits and miscellaneous charges which it is difficult to define. As I considered an appeal to England was likely to be productive of infinite trouble and heavy expense to the Rajah as well as indefinite delay to the Creditor I suggested to Her Highness the expediency of a compromise to which he agreed and accordingly authorized me to offer the Creditor 30000 Rupees in full of all demands, an amount in my opinion both fair and equitable however Sumbhoonauth declined to accede to the Rajah's terms, and an appeal is unavoidable; this claim therefore must remain in abeyance until the decision of Her Majesty in Council be made known, altho' it will be necessary to have funds in hand for its final liquidation. Jewels to the amount of 15,000 Rupees are pledged to Sumbhoonauth —

No. 30. A Judgment Bond due on the 18th May 1845 has been passed in this Case the debt is said to have originated in money lent on which heavy interest has accumulated —

No. 31. This debt is also secured by a judgment Bond for 25,000 Rupees due on the 1st October 1845 the origin of the transaction appears to have been money lent and 9000 Rupees the price of a House and premises at Rajghat, the principal sum having as usual largely increased by interests —

No. 32. Jewels to the amount of 10,000 Rupees are pledged to Sumbhoonauth —

No. 33. This debt is also secured by a judgment Bond for 25,000 Rupees due on the 1st October 1845 the origin of the transaction appears to have been money lent and 9000 Rupees the price of a House and premises at Rajghat, the principal sum having as usual largely increased by interests —

Major Carpenter reports that the debts and liabilities of the Rajah of Vizianagaram in Benares amount to Rupees 93,395 and adds his belief that they may be compromised by the judicious and careful disbursement of Rupees 50,000. in money and by the sale of a portion of the Jewels already pledged.

With the conviction that the Rajah is sensible of the humiliation and disgrace to which his embarrassments in Benares have exposed him, and that the Estate of Vizianagram is now in the condition to admit of arrangements being made to extricate the Rajah and his family from the ruin with which they are threatened, the Most Noble the Governor in Council is not unwilling to extend further consideration towards him, and resolves that Copy of the letter above recorded, and its enclosures be forwarded through the Board of Revenue to the Agent to the Governor in Vizagapatam, and that Officer be directed to effect, by means of the Agency referred to in the letters of the late Acting Agent, a loan to the Amount of the composition stated, and to report the measures which may be the most effectual in

Sir,

From J. A. Hudleston Esqre Collector of Madras

Submitting for orders Copy of a letter from the Collector of Sea Customs relative to the Laws affecting the revenue on Spirituous liquors manufactured to the Eastward of the Cape of Good Hope.

Para 1. I have the honor to submit herewith, for the orders of the Board of Revenue, Copy of a letter from the Collector of Sea Customs under date the 22d Instant relative to the Laws affecting the revenue on Spirituous liquors manufactured to the Eastward of the Cape of Good Hope.—

2 The liquor represented by Mr. Tenderwood to be in bond, and on which a duty of 8 per Cent was levied, is that adverted to in the Correspondence noted in the Margin, as well as certain Consignments imported subsequently. Under the provisions of Sections VI VII and IX Regulation I of 1813 I was induced to give permits for the removal of the liquor from time to time for consumption inland, such permits being usually granted for quantities imported by Sea also.—

To Board 9th Sept 1843.
From Do 11th Do

Para 2.

Para 3. 3 Mr. Tenderwood wishes now

were to ascertain "whether Rum distilled in the Presidency of Madras for exportation should still pass into the interior on the payment of a duty of 8 per Cent - "I am not aware whether I can refuse permits for the removal of the remaining portion of the liquor to the interior, but as only "such parts of Regulation I of 1813 of the (Madras) Code as relate to the rates of duty and drawback on spirituous liquors im= =ported or exported by Sea" are repealed by act VII of 1844, I presume no alteration in the rules hitherto observed by the Collector of Madras could have been contem= =plated by the Legislature. Under this im= =pression I am led to conclude that the duty of 8† per Cent and the particular duty of "150 Pagodas per Leaguer authorized to be levied by this Office, according to the circumstances of each importation are still leviable under the same Regulation. It is however, for the Board to determine whether my view of the case is correct or not.-

† Vide Sec: IX
* Do - - VIII

4. As regards the arrack referred in

in this Para, I submit Copy of my correspondence with Messrs. Stephenson & Co. whose applic= =ation for a permit for its removal to their Warehouse I considered it proper to refuse unless they agreed to pay the highest rate of Excise duty chargeable on account of the Abkarry Revenue. Mr. Underwood thinks that the power of levying an excise duty is vested solely in his Department "both under Regulation I of 1813 and act VII of 1844." I have already shewn that, according to my apprehension he cannot now act on Regulation I of 1813. The power of granting a permit for the removal of Spirituous liquors from the Sea Custom House to any Ware= =house, Shop, or private dwelling is by Section VII vested in the "Collector of Madras." Such permits could, before, have been given exclusively to those per= =sons who, having paid the general import duty of 8 per Cent and the further duty prescribed

prescribed by the Regulations, were entitled to dispose of the same by wholesale provided the quantity was not less than "five leaguers" but I am not aware that advantage was ever taken by any of the wholesale dealers to get any liquor passed under this part of the Law.-

5 Messrs. Stephenson & Co.'s application was for a permit to remove one leaguer, on payment of the Excise duty of 9 annas per Gallon. Had they obtained the permit the cost of the liquor would have been to them less than a Rupee per Gallon. It was to prevent effectually the introduction of such cheap liquors, and thereby to check the vice of drunkenness among the lower orders of the people, that at the instance of the Board, Mr. Collector Ellis, between the year 1810 and 1813, suggested the various plans some of which formed the basis on which Regulation I of 1813 was framed and passed as will be seen by the Correspondence

Correspondence noted in the Margin. On a Representation made in the same year by the Ceylon Government that the effect of the Regulation would be to place the importation of Arrack on a footing entirely new, and apparently very discouraging and disadvantageous to the Arrack trade of the Colony, which was one of its principal staples the Government of this Presidency stated, in reply, that, with the exception of the 8 per Cent, Spirits of the description in question "remained untaxed till they were to be consumed, and (that) all the vigilance of the officers of Government was insufficient to prevent the greater part" "from being consumed without payment of the excise duty," adding that the general interests of the people and of the Government which require

require that all possible encouragement
should be afforded to commence "were" so far from
requiring the trade in spirits to be en-
=couraged that one of the express objects of
the Regulation in question (was) to restrict
the Consumption of that commodity."-

To Bd. 4th Jany. 1813. 6

Mr. Ellis, by whom Regulation
I of 1813 was drafted, observed that the
first of the only two points which re-
=quired any remark from him was "the
provision in the 6th Section, which pro-
=hibits the wholesale dealers from
selling less than five leaguers. At
present (he continued) they are permitted
to sell a quarter of a leaguer, but this is
much too low, and, by enabling adven-
=turers of no property or credit to engage
in the trade, has been one of the principal
causes of the clandestine sale, which
has always been carried on and which unless
effectually restrained, will always continue."
7

The arguments brought for-
=ward at the time to shew that there
existed strong grounds for levying a high
excise

excise duty on spirits imported by the
wholesale dealers for Consumption in
Madras, and for imposing proper
Restrictions on their trade, apply
with equal, if not greater, force to
the present state of things; for, under
the existing rules, Batavia Arrack
cannot be sold by the Retail dealers
below 50 fanams per Gallon, whereas
the cost at which Mr. Underwood
considers Messrs. Stephenson & Co.
entitled to clear Columbo Arrack
is only about 12 fanams including
the Excise duty of 9 annas. It would
thus, further, be unjust to the licensed
Venders to allow Arrack to enter the
Collectorate, for consumption, within
it, at a cost below one fourth of the
minimum rate at which it can be
sold by them; it having been remarked
by Government that "experience has
shewn that so heavy a duty as that
which is imposed upon spirituous
liquors cannot be collected after
Government has lost its hold of the
article

Article on which it is imposed.—

8 Besides the objections to the measure in a revenue point of view, Messrs. Stephenson & Co. cannot, I conceive, with the present license for the sale of European Spirits by wholesale, undertake to deal in Arrack also.

9 Under the foregoing explanation, it rests with the Board to decide whether I was not justified in refusing the permit applied for by Messrs. Stephenson & Co.

10 Mr. Underwood observes, in the concluding part of Para. 4 of his letter, that "the excise duty on Spirits imported by Sea and sold by the to the retail dealers, will form the subject of a special reference to

to Government." On this point it is sufficient for the present to explain that the Correspondence of 1812 and 1813 referred to above shews that the object of the Board and Government always was that the provision and custody of the Stock required for the Revenue Department should be entrusted to the Collector of Madras "at the actual prime cost and charges." Mr. Ellis, accordingly, in framing the new Law, inserted a clause which corresponds almost wholly with Section III of the Regulation. The last mentioned Section enacts that all liquors "purchased for, or belonging to the Honorable Company, shall be allowed to pass free of the particular duty," "on the Certificate of the proper Officer," meaning no doubt, the Collector himself, or some other Officer authorized by Government, and that what was intended" for the use of the Navy or of the Honorable Company's Troops" shall pass in the like manner, "on the affidavit of the Contractors".

Contractors." that the liquor "shall not be applied to any other purpose." es With a clear understanding of the real intention of the Regulation, Governs: =ment directed, after some further discussion, as shewn by the correspond: =ence entered in the Margin, that the Commissary General shall purchase the whole of the Vats belonging to the then "Contractors" of whom mention is particularly made in the Regulation and that he shall afterwards supp: =ply this Department from the Stores under his charge. That Officer has accordingly furnished, at prime cost, the quantities required for supplying the Retail Dealers since 1815. There can be little doubt that it is the intention of both the Board and Go: =vernment that the arrangement shall continue undisturbed, Govern: =ment being authorized by Section XVII of Act VI of 1844 to exempt Spirits required for the use of the Abkarry Department Vez. from the Excise duty Chargeable on import by Sea.-

To J. A. Hudleston Esqre.
Collector of Madras.

Sir,

1. I have the honor to submit for your consideration, that the Rum in Bond in this Office, at your request, has been from time to time passed from the Warehouse for consumption inland, on the payment to you, I conclude, of a duty of 8 per Cent, whereas I am informed that it is manufactured under a license Specially providing that it shall be exported by Sea.-

2. You are aware, that Bengal Rum and Ceylon Arrack are under

Fort St. George 30th May 1844.-

under similar circumstances, exported to Bellary and other places, on the payment of an Import duty of 8 per. Cent, on Import by Sea.-

3.- These latter qualities of Spirit are now liable, on Import by Sea, to an excise duty of 9 annas per Gallon, no drawback being granted on exportation by land, and I therefore Submit for your consideration, whether Rum, distilled in the Presidency of Madras, for exportation, should still pass into the Interior on the payment of a duty of 8 per Cent.-

4. It has been represented to this Department, that you have declined to grant a permit for Ceylon Arrack and Bengal Rum, to pass into the Warehouse of the wholesale dealer for sale, under the Police Regulation No. 4, without the payment to you of an excise duty under Regulation I of 1813.- I have therefore the honor to request you will obligingly inform me, what part of the Law you consider empowers you to

Fort St. George 30th May 1844.-

levy this duty on Spirituous liquors imported by Sea, as it appears to me that the power is vested solely in this Department, both under Regulation I of 1813, and act VI of 1844.- The present reference involves only the case of wholesale Dealers.- That of the excise duty on Spirits, imported by Sea, and sold by you to the Retail Dealers, will form the Subject of a Special reference to Government.-

Gentlemen,

With reference to your letter of this date, I beg leave to observe that you are labouring under a mistake in supposing that Regulation I A. D. 1813 has been repealed by Act VI of 1844, as by Section II, being that to which you particularly allude, only "Such parts of Regulation I of 1813" "as relate to the rates of Duty and Drawback on Spirituous liquors imported or exported by Sea" are rescinded. The excise duty leviable by the "Collector of Madras" on such quantities as are consumed within the Presidency, Collectorate is, therefore, still payable at this Office under the provisions of the same Regulation.-

The Board observe that Dasaradha Bramaravaroo who is recommended as the brother of Deenabund Bramaravara Bunj deceased, to succeed to his Pension, is not

In Cons. 31st Augt 1837.- mentioned in the letter from Mr Inglis, the Sub Collector in charge, dated 15th August 1837 in which the family left by the former Pensioner Hooshee Casa Bramaravara Bunj Sunto is stated to have been "a wife, a son" the abovenamed "Deenabund Bramaravara Bunj" three daughters and a brother".-

Mr Anstruther will therefore be good enough to explain whether there is any proof of Dasaradha Bramaravaroo being the brother of the deceased and if so from what circumstances it happened that he was not mentioned with the other members of the family in the letter above referred to from Mr Inglis.-

From the Collr of Ganjam. Regarding the Establishment of a Chowkey in the route by which foreign Traffic enters the Ganjam District.-

27

Para 1. I have the honor to acknowledge the Board's order of the 22nd Ultimo for the Establishment of a small Chowky on the route by which foreign traffic enters the District.-

2 My letter of the 20th Ultimo will have shewn the Board what the extent of the Revenue derived from that foreign traffic has been and might fairly be expected to be, such a traffic in fact does not exist, and the route is only travelled by Brinjarries who bring a little wheat which they sell for Money wherewith to buy Salt.-

3 Captain Macpherson in his last Annual Report to Government on the Khonds has suggested that a road be opened by Coormingiah and it will not be till long after that road is opened

or

Fort St George 30th May 1844

(or others in that direction) that any traffic which would repay the expence of a Chowky can be looked for.-

4 To Establish a Chowky now would be a total loss for many years and by preventing the formation of a traffic the loss might be perpetual and very injurious. It is very desirable to facilitate the transit of Salt by Goomsur to the independent States towards Nagpoor as well as to open the road generally and I am sure that to place a Chowky there now would be a positive loss in Money and a preventive of gain moral as well as material..

5 Of course however a Chowky shall be established if the Board reiterate their orders..

To the Coll[r] of Masulipatam.- Informing him that the Board will not disturb the quinquennial leases which he has concluded for the dry lands in the Deevy Purganah.- In Cons. 9th May 1844

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 20th ultimo in reference to the Board's Proceedings of the 4th of the same Month on the subject of the Quinquennial leases which you had concluded for the Dry lands in the Deevy Purganah..

2. The objection of the Board to these rents was not to the prospective amount of Revenue to be realized, but to the arrangement under which the leases would be confined to Poonjah lands only leaving the Nunjah and Garden in the same Villages to be managed under Aumanee. the result of such a system would be as the Board remarked

7347- Fort St George 30th May 1844

remarked to introduce two modes of settlement and two land lords into the same Village. Under the explanation however contained in Para 4 of your letter under acknowledgement it would appear that these "Rents" partake more of a Ryotwar Veesabady settlement than a Rent, each Ryot being responsible for the rent of his Field, whether it be productive or not, and the Ryots only contributors to the Circar Demand to the extent of the land held by them individually, and as arrangements have been concluded with them on these terms so far back as October last the Board will not disturb them. If however the Board are correct in their interpretation of your letter and that the Ryots or Renters as they are called are only held responsible for the extent of land individually held by them, they trust that you will experience no difficulty in furnishing each individual Ryot with a Puttah defining the Circar demand upon him. this should be done in every practicable instance.

3 In reference to the Petitions from the Bramin Inhabitants of Visvanada Cully and two other Villages referred to in Paras

7348- Fort St George 30th May 1844

Para 7 of your letter it seems unnecessary to add any thing to what is contained in the concluding Para of the Board's Proceedings of the 4th Ultimo, they have the fullest reliance upon your discretion that the priviledges claimed by these people on the score of long usage will receive all the attention that they deserve.

Suggetting an early notification with retrospective effect with reference to Sec: X & LVII asking whether Salt now ready for Store is to be weighed or measured.-

copy of a Petition with translation from certain Lumbady Naicks who had arrived from the Nizams Territories for the purchase of Salt, of which they were on the point of receiving 130 Garce when the orders to levy the increased price were promulgated. I have the honor to request the Board's orders as to whether the provisions of Section XLIII of act VI of 1844 are considered to apply to Salt sold for consumption in foreign native states, and if so, whether the case of the Petitioners may not call for some relief. They have come a distance of about 500 Miles on the faith of the Salt being sold at the heretofore fixed price, and they will now be equally subject to great loss by purchasing at the increased rate, or by returning with their numerous bullocks amounting to many thousands, unladen.-

2.

I take this opportunity further of requesting the Board's instructions as to the rates of duty which under Section VII are to be levied on goods crossing the frontier of the Territories of His Highness the Nizam.-

3

Section X and LXVII would appear to throw a doubt on the legality of the Collection of Customs on the frontier between the 1st April and the notification in the Officials Gazette of the Officers authorized to collect such customs

customs under this act, It seems therefore desirable that such a notification with retrospective effect should be made at an early period.-

With reference to my letter of the 4th Instant No 16 I should beg to be favored with the Board's instructions as to whether the salt now ready for store, is to be stored by weight or measurement. It appears to me very desirable that the practice of measuring should be continued and the accounts kept at the rate of 120 Maunds per Garce.-

Petition addressed by Lumbady Naicks Bagaman, Doorgan, Biddoo Battoo, Rajah, Maudoo Chotah and Battoo, Barkma inhabitants of Domlatabad.-

We beg to state, that we and some other Naicks borrowed about one Lac of Rupees on Interest from Soucars at Mungaree, 500 Miles distance from this place, for the purpose of purchasing Salt, at the usual price hitherto

hitherto paid. and, notwithstanding the sickness amongst our Cattle we have borne much expence in coming hither because we derived our livelihood at all time by coming to these parts to purchase Salt and conveying it to distant countries to the Westward where sales were speedily effected; we have taken much trouble in this instance in our journey hence, and are informed by the Tahsildar your honor had issued orders that from the 1st April the selling price of Salt was fixed at 180 Rupees per Garce by this arrangement the Cash we brought will not be sufficient to procure a supply adequate for the whole Tundah, and there are no Soucars here, who will lend us. The people who preceded us will undoubtedly sell their Salt much cheaper than we can afford to do, and hence put us to much loss even as to get no purchasers. we have already to pay much interest &c. on the Cash spent by us as Batta and there is no prospects (for the reasons stated above) of our holding out any longer. consequently what we have now to represent to your honor the preserver of poor people like ourselves, is; that as we had come here long before the Hookoom about increasing the price of Salt, was issued, some allowance

Should

Had we heard of this before we reached this, we would undoubtedly have acted according to the desire of our Soucars, therefore, we solicit that this request to your honor, from such indigent people as ourselves; will meet with commensurate consideration and hence that orders may be given for Salt to be sold this time to us at the former rate. we wrote an Arzee to your honor from Chinna Ganjam regarding this but received no reply, therefore we pray that answer may speedily be given. I have the honor to acknowledge the receipt of your letter of the 1st ultimo forwarding the Petition of Meer Mahomad Khajah Bahood Deen and requesting me to state whether some arrangement may not be made regarding the Guntoor Mosque Lands so as to meet the wishes of the Petitioner.-

It

7356

Fort St George 30th May 1844

It appears to me that as far as Government is concerned the arrangement suggested

2

of receiving from the Petitioner the balance of the sum advanced by Government, and directing the renter to pay to him the rent for the remaining portion of the contract is highly desirable. From the correspondence noted in the Margin, it seems that the Board from

the reports of the Collector, considered the Petitioners claim to the lands of the Mosque to be clearly invalid, and that it was inexpedient to do what might give a colour to his pretensions, I do not however see why the Petitioner may not be recognized as the Trustee or Durmakurta, of the Mosque and placed as such in possession of the Lands.-

The result of the present Rent

up to this year is noted in the Margin. It will be observed that a balance has accrued of Rupees 172.- besides Rupees 290 of the current Demand, and I regret to find that the very necessary precaution of renewing the security at the commencement of each Fusly has been overlooked. I have taken measures to recover the arrears and insist upon security for the remaining period of the contract which extends to Fusly 1255. The renter is the Peish Cram or principal

principal functionary of the Mosque.-

4 The amount of the advance still due to Government is Rupees 1093-14-6

5 I take this opportunity of suggesting the propriety of repealing so much of Regulation VII of 1817 as respects Mosques and Hindoo Temples, as its spirit does not seem to accord with the instructions of Government communicated in the Board's Proceedings dated 24th June 1841.-

From the Collr of Guntoor
Submitting list of frontier Chow Kies with names of Chowkeydars and proposed establishment as called for in letter of the 4th April Recommending that the Road by Pondigal alone be declared open for the Conveyance of Goods across the Nizam's frontier.-

Sir,

Para 1. I have the honor to acknowledge the receipt on the 15th. of your letter of the 4th. ultimo, calling for a list of the Frontier Chow Kies with the Strength and rate of pay of the Establishment proposed to be maintained in them in this District and the names of the Chowkedars, and desiring me to specify the routes by which goods should be allowed to cross the frontier of the Nizam's territories.-

2. As the establishment to be entertained will depend on the number of roads to be left open it cannot be definitively fixed until this point is settled and as it is a matter of great importance I beg to refer it to the consideration of the Board.-

3. The boundary line between this District and His Highness the Nizam's territory is the Kishna River, and as measured on the Map is about 95 miles in length. The Kishna is at present crossed at twelve Ghauts or ferries along this line. With the exception of Salt nearly all merchandize is conveyed by Pondigal. At the other Ghauts Lumbadies are in the habit of crossing bringing with them in small quantities Tamarind, dying stuffs &ca. and returning with Salt a little grain

36

grain and cotton the produce of Palnaud is also exported by these routes. At the ferries where the Kishna is unfordable a ferry toll under the name of Jana Hasil is levied on passengers who cross with certain exceptions as more particularly explained in my letter dated the 28th October 1843. The basket boats used at these ferries are supplied by Government but the boatmen are remunerated by the passengers. There are two other ferries where Jana Hasil is levied between this District and Masulipatam but very near the Nizam's frontier. The total receipt of Jana Hasil in 1252 were 231-13-8 whereas the average cost of the boats as shewn in the Statement sent with my letter dated 15th September 1843 is 221-4-0.

4. Under these circumstances it appears to me that it would greatly simplify the collection of the frontier duties and save considerable expence to declare the Pondigal route alone open for the conveyance of merchandize, to abolish the Jana Hasil leaving the basket boats to be furnished by the boatmen who at present manage them and who may make their own terms

and to maintain at each ferry a Guard of 4 peons alone, and to have Chowkies for the levy of Customs only at Pondigal and Datchapully which seems a more efficient arrangement to secure the duty on export than if they were to have to cross the Pondigal Choukey alone.—

5. It has been suggested that it would be a convenience to traders and consistent with the arrangements contemplated by the new act to allow the Ameens of each Zanah to receive the frontier duty on goods exported from their limits and issue certificates for them. If this plan is adopted in other Districts adjacent to foreign Native States it may be also here; But otherwise I do not see reason to attach much importance to it.—

6. I submit a Statement shewing the names situation Collections and establishment in Fusly 1252 at each of the Ghaut stations as they now exeist and the establishment proposed to be kept up if the Pondigal route alone be sanctioned. The present cost is Rupees 71-6-0 the proposed Rupees 165-0-0 per month.—

7. If it should be considered advisable for the conveyance of the salt traders and Palnaud ryots one more Ghaut* west of Pondigal may be left open and the Goomastah retained there as at present. If it be decided to leave open all the present routes it would be proper to encrease the present rates of the Goomastahs pay to 8 Rupees. some increase is required in the Huzzoor Establishment as explained in my letter of the 4th ultimo No 18. In the next Mogen Zabitah these exeigencies can be most satisfactorily provided for—meantime one Goomastah at 14 and one writer at 15 Rupees are proposed.—

of Earth Salt in the Bellary District accompanied by observations of the effects of the increased Monopoly price of Sea Salt on the People of this Inland District comprised as it is of a mostly poorer Classes who are accustomed to the use of Earth Salt.

I have the honor to submit the following Report

2. Earth Salt is used by the Major of the People especially the lower Classes in the Bellary District as a necessary article of life it is also given to Cattle in considerable quantities, and is considered a specific in the diseases peculiar to cattle in this part of the country.

3. The history of the Ceded Districts shews that Earth Salt has been probably manufactured here from time immemorial, certainly from the commencement of the present century, when the Country was ceded to the British Government as a proof of this, I beg to draw the attention of the Board to the following Paragraph of a report of Colonel Munro's to the Superintendent of the Salt Monopoly dated 20th September 1806- Para 5. "The General manufacture of Earth "Salt is another circumstance which operates "against a Monopoly of Sea Salt; for, when "the Price of Sea Salt becomes high, it will "be reduced by increase of Produce and consumption "of Earth Salt" thus making it appear that the manufacture of this article has always been allowed to a considerable extent in this District.

4. Section III Regulation I of 1805 enjoins that "the manufacture or sale of Salt "and the Transit, Export, and Import of it, "whether by Sea or Land in the Territories

7370-

Fort St. George, 30th May, 1814.

"subject to the Presidency of Fort St. George, excepting "on account of Government or with their express "sanction, is hereby expressly forbidden: and all "Salt manufactured, sold, conveyed, exported, or "Imported, directly or indirectly, otherwise than "is provided from this Regulation shall be "liable to seizure and confiscation."-

5- With reference to this enactonent great correspondence appears to have been passed between the Board and the Collector, and although the details thereof would unnecessarily lengthen my report, I am compelled nevertheless to give an outline of the same. On the 23rd June 1808, and 18th and 28th May 1812, the Board informed the Collector that there was reason to believe that the manufacture of Earth Salt was carried on to a considerable extent to the detriment of the Salt monopoly and called for a Report, as to whether it might not be prohibited altogether without inconvenience to the People; if otherwise, to state the Rules under which it might be continued without, at the same time, interfering with the interests of the Monopoly. They expressed themselves that if the continuance of the manufacture to a certain extent required to be permitted, they will not object to the measure,

Fort St. George, 30th May, 1844.

measure; but directed that in "such case it "be limited to a certain quantity to be manufac- "tured at fixed places, and that measures "be taken so to dispose of it as to prevent "its being mixed with the Sea Salt, a com- "practise (to use their own words) so detriment- "al to the healths of the people as to the "the Revenue".

6. In reply to these requisitions Mr. Chaplin the then Collector, reported to the Board, that the manufacture was carried on to a considerable extent in seven of the Divisions belonging to this Zillah; that the consumption of it was general, that it was used both by the better and inferior Classes of People, and that it was not considered by any means prejudicial to health when the consumers were accustomed to it, though there could be no doubt of the manufacture being detrimental to the Revenue derived from the Sea Salt Monopoly. He informed the Board, that the Tax paid annually by the Worpars or Salt-makers amounted to about 6,000 Star Pagodas that the Board may form an idea of the Extent of

of the Produce of Earth Salt, and he was of opinion that the measure of abolishing the manufacture if suddenly adopted would operate as a hardship to the inhabitants generally as well as to the Persons in particular who are engaged in manufacturing it that the difference of price varied from 100 to 150 per Cent to which extent the Earth Salt was cheaper than the Coromandel Salt. He besides noticed at length the inconvenience or rather the difficulties which the measure would entail upon all Classes and in conclusion recommended, that the manufacture be still permitted in a limited degree under certain restrictions which he specified.

7. Referring to the quotation made by Government in the 4th Para of the Minutes of Consultation dated 27th January 1844 first above cited, I shall here repeat what Mr. Chaplin stated in the 6th Para of his Report to the Board dated 14th May 1813. "The number of Salt "makers (No. 11 in the Statement) amount "in number to 1510 and pay a Revenue "of Star Pagodas 3,039—6—70. The tax upon

"individuals

Fort St. George, 30th May 1834-

"individuals is settled according to the
"number of Buffaloes employed but the
"Rates every where vary in proportion
"to the quantity and quality of the Salt
"produced- The Board having directed the
"gradual abolition of the manufacture
"of Earth Salt, the produce of this tax
"will in the course of a short time be
"much diminished, as I have of late discour-
"-raged the erection of any new Salt Killocks,
"and as the earth in the old places will soon
"be exhausted the Ryots must of neces-
"-sity resort to some other occupation for
"a livelihood- Many have already Emigrated
"to Mysore and a loss of Revenue will
"be the consequence; but this will be in
"counterbalanced it is presumed, by the advan-
"-tages which will be gained to the Salt
Monopoly from the measure:-

8- On the occasion of raising the Monopoly price of Sea Salt in 1828 the Board [*] communicated their desire that the manufacture of Earth Salt which was so obviously calculated to injure the monopoly should be

prohibited absolutely wherever it could be done without hardship to the People, or at least checked and placed under restrictions, and called for a report as to whether Earth Salt was then manufactured in this District, and if so to what extent and under what Rules, and whether the manufacture can be absolutely prohibited at once or gradually without occationing inconvenience, or if it be necessary to allow the manufacture to be continued, what restriction may be placed upon it, so as to prevent it as much as possible from interfering with the Monopoly- To this communication the late Principal Collector Mr Robertson appears to have sent no answer, notwithstanding the Board have called his attention to the subject by the 4 different letters noted in the margin-

Dated 2d Feb.y 1829-

9- When a Tariff was submitted by the Sub Collector in charge of Bellary for approval, agreeably to a Circular letter dated 4th January 1838, the Board passed their Proceedings under date the 19th September 1837 in the 3d Para of which it was mentioned that

that "the Board also will not object to the
"retention of the Articles Dried Chillies, and
"Earth Salt under their respective Heads, but
"Dates and Carpets" should be excluded in
"conformity with the practice in other Districts"
This is the ground on which Inland Duty
has heretofore been levied.

10. I have sufficiently shown that
the manufacture of Earth Salt in this District
has been no clandestine or unauthorized affair.
Mr. Robertson though he did not think proper
to enter upon the discussion, knew well its
whole History, and had looked in all its
Bearings at the matter; many difficulties
presented themselves; he was afraid he should
injure his Ryots, and he resolved in consequence
to consign if possible by an obstinate silence
the whole matter to oblivion.

11. The time for this is now passed
and in giving orders which affect upwards
of a Million of People. I trust it will
be borne in mind, that the Ryots of the
ceded Districts have been described by
him who knew them best, as the
poorest of the Company's subjects that
to go no further back than our own possession

they

Fort St. George, 30th May 1814.

they have for nearly half a century enjoyed
the Privilege of using Earth Salt, and that
the day that the order is issued for its
suppression, thousands of Salt diggers
will be thrown out of Employ and immediately
emigrate to the Nizams Dominions,
Mysore, and the Neighbouring States. If
the Government have resolved upon the
measure it must be done deliberately
taking care that due time be allowed
for a sufficient quantity of Sea Salt to
enter the Zillah and be conveyed to
the remote Towns, where it will be
required. it must also be borne in mind,
that the whole Province throughout its
length and breadth is surrounded by
Countries, where the Earth Salt is manufactured, and that it will require careful
guard upon all points to prevent its
Clandestine Entry. In regard to the circumstance
mentioned in the 2nd Para of this address,
the Board are probably not aware
of the immense extent to which it is
carried. The Cattle of this Province

during

during the greater part of the year are fed upon Dry fodder, not a blade of Grass is to be found on the Black Cotton Plains after the month of March. The Hot winds wither up even the stubble, and the whole country for miles does not afford an atom of Verdure. Kumbu or the Stalk of the Cholum is the Fodder made use of, and Salt is. I am informed by the farmers, absolutely necessary to keep the Cattle alive till the Rains of June produce scanty Herbage.

12- If as I said before, the matter is resolved on; the opportunity of the abolition of the Transit Duties will be wisely chosen as some set off to the new demand. It is however my Duty to point out how little the People of the District upon whom chiefly the new Tax will fall, are benefited by the abolition of the Inland Duties, how few of the Articles released by this Enactment are ever purchased by the Cultivator, and how often in many instances the maintenance

maintenance of the Frontier Chowkies and the extension of Duty even beyond the 30 Articles hitherto taxed, tells against them. On these various accounts, and because I am convinced as I have frequently before stated, that every protection and every remission should be extended to assist the extreme poverty of the People. I am averse to what will, I fear, be the wish of Government, namely the total abolition of the manufacture of Earth Salt.

The nearest point from which the marine Salt can be procured is Ekapully in Nellore, and from this place our supply will be obtained. The price of a Garce of Salt will be raised by the land carriage to about Rupees 400, before it arrives at the Capital and centre of the District. Bellary. there can of course be no doubt that the consumption of Coromandel Salt by the People of this extensive Province, two thirds of them having never yet used it, will be an item of vast importance in aid of the Salt Monopoly, and all

Iregret is that it will fall upon the
Class of People who are least able to
afford it. Salt is a necessary of Life,
and even the increased price will not
Imagine prevent its general introduc-
tion as the idea of a Native eating
his Food without Salt is Sufficiently an
alternative never yet contemplated-

14- The majority of the Ryots use
for food the Cake made of Cholum
Flour- I do not think that this coarse
description of Bread would be eatable
without Salt. The question therefore re-
-mains whether the People can afford
to purchase the Marine Salt. It must be
remembered that the Price of Sea Salt
previous to the late increase is about 8 Fanams
higher than Earth Salt, and in addition to
this we have the per Centage now added-

15- The opinion of my Cutchery is
that the Ryots cannot afford the increase
Price, and that they will not submit to
be deprived of the Earth Salt- This may be an
an exaggerated account of the
matter- I have never yet found the

Fort St. George 30th May 1844-

the Ryots of this District oppose the orders of Government,
and it is therefore the more necessary to take care that
no order to their injury be issued- If the Board on taking
all these Points into consideration advocate the cause
of the People and the manufacture of Earth Salt
be continued, I am not aware that any interference
is necessary- The checks alluded to by Mr. Chaplain
are in fact perfectly futile a mere nullity amounting
only to an order that no new Earth-Heaps
shall be erected without the authority of the
Collector- An attempt was once made to introduce
Marine Salt into two or three of the Talooks
bordering on Cuddapah, but the effort was
not resolutely carried out and was ultimately
abandoned-

16- The class of men called
Woolpars alluded to in the 5th Para of the
Board's Proceedings are manufacturers of Earth
Salt in this District, which occupation they
chiefly follow, some of them are cultivators
and Tank Diggers- If their principal occupa-
-tion were interfered with, they will, as
I have before mentioned, leave their
homes

Fort St George 30th May 1844.

Homes and Emigrate to Mysore. The consequence would be that the Motupha amounting to upwards 8000 payable to Government by about 4,600 Woppara Families in 4,500 Houses containing 20,000 Census according to the Population account taken in July 1842, is lost, which inconvenience will be experienced for want of Tanto Diggers in the various Works in the Maramut Department performed hitherto by this Class—

17. It is already provided that Salt produced or Manufactured in the District may be exported to Native States, but that none be imported into the Company's territory on pain of confiscation.—

18 On the receipt of the Board's Proceedings dated 7th December 1843 the Medical Officer attached to this Collectorate was called upon to state his opinion as to whether the Earth Salt the consumption of which is so general in this District is found to be prejudicial to Health, for, although it appears much less pure than the Marine Salt, I have never yet received

Fort St George 30th May 1844.

+ Dated 24th Feby 1844.

received any complaint regarding it, that Officer's reply is herewith forwarded, from which the Board will observe, that no injurious effects are ascribed by the People themselves to its use, and though inferior to the Marine as an article of commerce he says, he cannot suppose that it is in any way prejudicial to Health.—

19— The earth Salt is manufactured in this District in about 800 Villages comprising 2,280 Hillocks during the hot season on the six Months from January to June, and the annual produce amounts to about 1100 Garces, 3/4ths of which quantity is consumed within the District, the remaining 1/4th being exported to Mysore &c.—

20. There are 2 Items of income to Government from this Salt, the one is Motupha Tax on the Hillocks, and the other Sayer Duty amounting to upwards of 10,000 Rupees per annum. I beg to subjoin an abstract exhibiting in a Comparative view the Collections for the few years.—

The Tax on Hillocks per year varies from 12 to 3 Rs. each, the average being 5 1/2

No 1.

To A. Maller Esqre
Collector of Bellary-

Sir,

I have the honor to acknowledge the receipt of your letter of the 11th Instant, on the subject of "Earth Salt"-

No injurious effects are ascribed by the People themselves to the use of the salt manufactured in this District, and though inferior to the Marine as an article of commerce, I cannot suppose that it is in any way prejudicial to health Several varieties of the North Salt are to be found in the Market, but they differ chiefly in respect to form and appearance and chemically speaking are identical-

This the Dummahdumdy season has afforded me an opportunity of making minute enquiries at one and the same time, and from the information thus obtained, I gather that earth Salt is used by the poorer classes only, that they I fear compose in this District an unwanted proportion of the Population, and as its greater demand than the Marine, solely on account of its greater cheapness-

Cudbah station,

Being absent from the answering your letter of the 4th instant (which did not reach me till late on the 15th) so soon as I should have done had I been on the spot to make some necessary enquiries.—

Snowbies not having been established on the frontiers of the Hyderabad territory till the 1st of December 1843 I am unable to furnish a figured Statement of the Imports and Exports from and into that state for more than the last four Months.

Indigo.

Considerable quantities came from the neighbouring District of Cuddapah, for exportation to the Hyderabad Country, very little is at present manufactured in Kurnool, but the cultivation of it is increasing. The Export duty might be that imposed on British bottoms, the Import that on Foreign

Cotton Wool.

Very little of this is either exported or imported, the foreign duty should be put upon the Imports, the British on the Exports.

Silk & Cotton piece Goods.

Of Silk piece Goods, the Exports are very trifling, the Imports are chiefly from Aurungabad, under the Mogalye rule considerable quantities of the more costly manufactures, Kincabs and Gold embroidered Cloths were imported, but since the Assumption of the Country the demand for these articles has much decreased. The imposition of the duty on Foreign bottoms would of Course decrease it still further, and I do not think much would be gained by it.

In the Cotton piece Goods the Imports and Exports are pretty nearly equal, the latter are chiefly manufactured within the Province of Kurnool and are of a Common description, the principal part of the Imports are from Alpoor a large town on the opposite bank of the Toombudra. Some Chintzes also come from Bombay and Masulipatam but are chiefly of European manufacture; as the piece Goods imported are also of the description usually worn by the middle and lower classes, the imposition of the foreign duty

Fort St. George 30th. May 1814.

of 10 per Cent would be severely felt, and in fact would almost put a stop to the traffic. The British duty should be placed both upon the Imports and Exports.

Woollen Cloths

Are almost entirely from Bombay, and of British manufacture. The foreign duty might be put upon them.

Spices.

Are chiefly imported from the Western Coast, by the Way of the Mysore Country or Bellary. The foreign duty might be imposed without detriment.

Betel Nut

Imported chiefly from the Western part of the Mysore Country by way of Bellary and consequently would not be much affected by the frontier duty at Kurnool.

Camphor.

No duty is levied at present. It comes into Kurnool from Hyderabad. It is used principally as a medicine and for burning with incense. The British duty would be sufficient.

Tobacco.

Is exported in small quantities, it at present pays 5 per Cent. and as an agricultural produce the Foreign duty should not be imposed as it would interfere with the sale.

Rice & Paddy

Has been generally imported in

Fort St. George 30th. May. 1846.

in small quantities from Hyderabad, but this year owing to the short harvest there, it has been exported. Very little is grown in Kurnool and what has been exported has been chiefly purchased in Bellary.

Other Grains.

Have also been exported this Year into the Hyderabad Country. In arranging the imposition of new Duties the interests of the classes most to be consulted are those who contribute most to the state, and as these are beyond all comparison the Agricultural, whatever tends to check the sale of Agricultural produce is to be avoided, and for this reason I have proposed that Export duty on such produce should in all cases be lower than the Import. With regard to Grain I think the duty should be regulated by the Season. In ordinary Years I should like to see the Export duty altogether taken off and the Import duty only imposed which should likewise be taken off in times of scarcity. The consequence of unrestricted export would be a slight rise in the price to the general consumer, but as he will benefit greatly by the abolition of the inland, transit and town duties, he will not

Fort St. George 30th. May 1846.

It will be seen by the accompanying Statement A that duties are now levied at ten Chowkies, these might be reduced to five as proposed in Statement B but as the Kalaul Ghaut is near the Raj Ghaut, and there is not much traffic there except on market days once a week, the same Chowkeedar could easily superintend both, with the aid of a couple of peons here.

Statement B will explain the changes I propose to make in the Chowkey Establishments. an experience of four Months has shown that the Establishment at

At the Eleventh Choultry Sir Vecrachuden Moodeliar is of no use. He is in a hard of the Country where there is hardly any traffic owing to its singly and unhealthy character, and I think might be discontinued altogether; Keeping one peon to watch the ground.

the water.

2. These letters were received by me on the 13th February last two days previously to my receiving Extract from Proceedings of the Board of Revenue dated 25th January 1844 Communicating Extract from the Minutes of Consultation under date the 13th January 1844. conveying the resolution of the Most Noble the Governor in Council not to "extend the Dusbundum Rules to Districts where "they are now unknown, or even to apply them "to new works where the System obtains." In consequence declined forwarding Mr. Groves's applications, but on reconsideration, it appeared to me that it would be giving the resolution of Government a retrospective effect to consider it as a bar to Mr. Groves claim in as much as the works on account of which the claim was made were completed before the resolution was passed, and were commenced and carried on with the understanding that the usual Dusbundums would be allowed.

3. The tank referred to in

Fort St. George 30th May 1844.—

Mr. Groves' letter, marked A, is called the Shekeriah tank. It is unknown when it was formed. Before Mr. Groves raised and extended the bank, it was merely a small pond at which cattle were watered. The water of it was never used for Cultivation, and the land beneath it is all Punjee land. Mr. Groves has enlarged it very considerably and uses the water of it for irrigating 16. 5½ acres of Mulberry plantations, and applies a part of the water to assist in the irrigation of lands watered also from other sources. If Dusbundum remission is allowed, I should recommend its being only allowed on the lands which is watered exclusively from this tank.

4. The tank referred to in Mr. Groves' letter marked B is called the Cudapah Goontah. It appears originally to have been a small tank made for watering cattle, and the water of it has never been used for cultivation. It lies in the line of an old Channel running from the Rajah tank, which burst 50 years ago to the Guinganary and Cuttammachey tank. I can not ascertain when it was breached. Mr. Groves says 20 years since, but some persons say

Fort St. George 30th May 1844.-

say 40 or 50 years. At the time Mr. Groves re:
=paired it the breach was so complete and
extensive that it held no water whatever
Mr. Groves has raised the bund consider:
:ably and built a Sluice. The work has only
been recently completed and the Shasildar
reports that the water has this year been
used for irrigating the lands beneath
it to a very limitted extent.-

5. Mr. Groves's Statement that Mr. Agilvie approved of and Sanctioned his repair or rather formation of these two tanks is well known to be true to all the residents in Chittoor, but Mr. Agilvie did not as he ought to have done make it a matter of record.-

6. Whatever the opinion of the Board may be as to the propriety of re:
=commending to Government to grant Dasbandum remission to Mr. Groves on the wet cultivation beneath these two tanks, I am of opinion that his right to the exclusive use of the water of them for purposes of ir:
=rigation is unquestionable.-

I have repaired and built lying above it
the Villages of Irumanem and between the

tion as I may apply it to on the usual

uated on the line that once formed
the lower side of the Nullah that con-
ducted the water from the Rajah
Tank before it burst about 30 years
ago, subsequently it seems to have
been used for some time as a very
small tank, but which had been
breached about 20 years before I re-
paired it about 100 feet broad in the
centre, from which period to the time
I repaired it and raised the

contained a drop of Water. I began
repairing the tank after consulting

have reason to think he made no part

to make the about application.

reporting on them as required.-

2.- The Petitioner claims to receive as Rupees 280-15- " being five years arrears on account of Woranechum and Vya-japoojah alleged to be due to him as Gomastah at the Triputty Pagoda of the Somatiendra Mut in the Ceded Districts.-

3. The Office in question appears to be hereditary in the Petitioner's family and on the occurrence of a vacancy has hitherto been filled up without any reference to the Mut. The Office was held by the Petitioner's father and on his decease in 1827 the Petitioner's elder brother Vencatachurry was registered to it.-

4.- In 1833 the Petitioner represented to the Collector that Vencatachurry had proceeded to another Country,

having

Fort St. George 30th May 1844

having first executed a Fauri kut in favor of Petitioner and his younger brother by which Venkatachanny made to them the whole of his personal prop. Petitioner also stated that Venkatachanny had on leaving the country written a letter to the Tahsildar requesting that Petitioner might be appointed to the Gomastakship. The Petition was referred to the Tahsildar who reported that he had received a letter to the effect stated in the name of Venkatachanny that Venkatachanny was absent and that Petitioner had proved the execution of the Fauri kut in question by the evidence of the attesting witnesses. The Collector in Consequence appointed the Petitioner on the 11th June 1833.

5. In 1835 Venkatachanny Fauri returned to the district claimed the Gomastakship stating that he had never resigned it, that it was true he had executed a Fauri kut on leaving the district in 1833 in favor of his two brothers, assigning over to them his personal property, but that

Fort St. George 30th May 1844

especially expected the Office in question and he desired that Petitioner might be made to produce the Original Fauri kut. Venkatachanny further stated that he had never written to the Tahsildar as alleged by the Petitioner.

6. Venkatachanny's Petition was referred to the then Tahsildar Mr. who reported that Petitioner was absent from the district and that Petitioner's younger brother stated he did not know where Petitioner was gone to or when he would return or what had become of the Fauri kut. Nooder was passed on this report. In April 1836 the Tahsildar reported that the Petitioner had re-appeared and stated he had lost the Fauri kut, and agreed that if he did not produce it in a Month Venkatachanny should be registered to the Office. In July following the Tahsildar reported again that Petitioner had not up to that time produced the Fauri kut and was not in attendance. On this Mr. Ogilvie in September 1836 ordered the Tahsildar to keep the emoluments of the Office in deposit.

deposit until the three brothers made their appearance. In 1837 they all attended the Tahsildar's Cutcherry and the Petitioner produced a Faurikut which he affirmed that Venkatachary had executed. Venkatachary admitted it but asserted that a passage at the end by which he accepted the Office in question had been erased. None of the attesting witnesses were forthcoming. The Shasidar in making his report inferred from the evident erasure of about 3 lines at the end of the Faurikut, & from the Petitioner's delay in producing it, that it had been falsified.

7. This report of the Tahsildar was made in January 1837 but Mr. Ogilvie passed no order till January 1838 when he directed the Tahsildar to get the case decided by a Village Punchayet. In 1840 the Tahsildar reported that for two years he had been endeavouring to get the case decided as directed, but the three brothers could seldom be got to attend the Punchayet at the same time and when they

did attend, it always happened that some of the Members of the Punchayet absented themselves, and that at last Venkatachary himself had gone away to another Country. Mr. Ogilvie in his reply dated August 13th 1840 directed the Petitioner to be put in charge of the Office until further orders, upon this the Petitioner immediately demanded the arrears, and Mr. Ogilvie in an order dated 11th November 1840 called for a further report. The Tahsildar reported on the 19th March 1841 that the arrears were in deposit, but no order was passed regarding them.

8. At this time Venkatachary again re-appeared, and demanded the immediate decision of the case, but Mr. Ogilvie as usual put it off, till in 1843 Venkatachary died. Upon this the Petitioner again brought forward his claim to the arrears. I was at that time in charge of the district and refused to pay them for on reading the records of the case I felt no doubt of the fact of the

Petitioner

Petitioners having falsified the Taurikh and thus surreptitiously obtained his registration in 1833.-

9. The arrears on account of the Woraveechum are in deposit from the 1st May 1836 to the end of July 1840, four years and three Months, and Amount to Rupees 190-6-0 but the arrears on account of the Vyasa poojah are not in deposit having improperly been omitted by the talook servants to be entered in the Jummah kurch account from the time the emoluments of the Office were ordered to be placed in deposit. They amount to Rupees 90-0-0 making with the Woraveechum a total of Rupees 280-15-0 as stated in the Petitioner. During the interval that the emoluments of the Office were in deposit it appears that Vyaspoojah was performed by Petitioner.

10. Mr. Ogilvie's reference of the Case to a Village Punchayet was manifestly done to save himself the trouble of deciding it, and afterwards reporting on it to the Board of

Revenue when the loosing Party appealed, for it is a case on which a Village Punchayet are most improper persons to decide.-

11. I recommend that the deposit be made over to the Mahunt with direction to carry it to the credit of the Pagoda, or pay it to the Petitioner as he sees fit.-

This Petition is a Mass of falsehood. The division of the Summudi Enam to which it relates was made in Conformity with a decree passed in Suit No. 316 of 1829 on the file of the District Moonsiff of Vellore which decree was affirmed in Appeal suit No. 125 of 1829 by the Sudr Ameen Moonsiff.-

No. 1816 of 1843. 12.

13. The Inam was originally granted by the Nabob to Peer shah as a charity in Hejeree 1180. It appears that in fusly 1219 his heirs being all females procured the Inam to be registered in the name of one Gouzafur ally Petitioner's father on condition of his managing

From the Acting Collr of Salem. Para 1.

Sir,

I have the honor to acknowledge the receipt of your letter of the 28th February giving cover to a Petition No. 28- of 1844- from certain Inhabitants of Salem, setting forth most serious accusations against myself and a Sewah Nevis Shaga Shagherry Row.—

Replying to certain allegations contained in a Petition No. 28 of 1844 to the Board from certain Inhabitants of Salem against the acting Principal Collector and a Sewah Nevis of Shashagherry Row.—

2. Had previous information of such a Petition having been sent to the Board from one Lutchmenarian who stated that he had signed it under an erroneous impression of its contents, and at the time examined a Goomastah Kistna Row who was stated to be the person getting it up, to ascertain whether he had any real cause of complaint when he positively denied any knowledge of such a Mahzernamah, on the receipt of the document from the Board, altho' its allegations are as ungroundless and false, as the language is impertinent and offensive— Yet as I am so distinctly charged with impartiality and sanctioning by my officials influence, in disregard of my Oath of Office, various acts

Fort St. George 30th May 1844.—

acts of peculation and abuse; I sent a Document to the Sub Collector to investigate the matter thoroughly as to what he can ascertain regarding the general conduct of the Jewab Mr. Brett has not yet concluded his enquiry, but both he and my Head Assistant have been endeavouring to find out the authors of the Petition, and the result is that only two persons are prepared to maintain the allegations of the Petitioners, Viz. Kistna Row the Goomasta before alluded to, and a person named Govinda Row, two others who cannot read said that they attested the paper by desire of the latter an Individual without any knowledge of its contents and all the other parties disavow their signatures and any participation in the matter whatever.

3. Altho' he denies the charge I have now the most convincing circumstantial proof that Vencut Row late Jewab Nevis and now Maha Record keeper is the author of this most scandalous production. The style of composition at once betrays him, being written

Fort St. George 30th May 1844.—

in the Mahratta Idiom in a mode of expression peculiar to him. The only two persons who support it being Kistna Row his own Nephew who lives with him, and Govinda Row his dependant who lives upon him and cooks in his house, and it is obvious the minute knowledge they have of orders which have been issued from my Office could only have been furnished by a person in Vencut Row's situation who had access to the records besides Lutchmenarrana his relative who first gave me the information & states that he was present when brought for his signature.—

In a letter dated 1st February 1844.

4. I have on a former occasion taken notice of the offensive language indulged in by Vencut Row towards myself, but that of the present Petition is so peculiarly malicious vindictive and false that I trust the Board will approve of his dismissal from the service with ignominy. He drew out the Petition at the end of last December when Mr. Gley visited Salem on the expectation of that Gentleman intending to take charge of the District, and that it would not come into my hands but fortunately his contemptible object has been defeated,

and

Fort St. George 30th May 1844.—

and I am able to expose the infamous conduct of this worthless individual.—

4th Jany. 1844.

5. I have already explained to the Board the circumstances which induced me to reduce Vencat Row from his situation, and the irregularities and arrears of business in his department. That discovery, connected with reports of the state of the record Department at Salem, that Suitors in Court were in the habit of introducing their pleadings, dates and exact quotations from public documents, which they could not have done unless they had access almost unlimitted to the records I determined to sift the matter thoroughly to put a stop to such a state of things, but experienced the utmost difficulty in obtaining correct information. The Cutcherry appeared to be so much under the influence of a Coterie Mahratta Brahmins that for the life of me I could get no information out of them, further than exactly suited their own purposes under such circumstances I resolved to put in the place of the suspended Sewab Nevis, an entire stranger, unconnected with the intriguing politics of my Office, and one who had no family

connexions

Fort St. George 30th May 1844.—

connexions in the District. I applied to several Gentlemen to recommend a person, and eventually nominated on trial the present incumbent Shashagerry Row, who I have known for several years at Madura as a clever intelligent man, and tho' 'tis true, as stated in the Petition that he was removed, and fined by the Collector of that District, on his appeal the Board had cancelled the sentence and remitted the fine, there appeared no objection to his future employment, particularly as I am myself well aware how the charge was on that occasion got up against him, from his having exposed to me the intrigues of his namesake the Head Sheristadar of that District.—

Board's Proceedings 15th Jany. 1838

6. This man has of course a great many enemies in my Office from the irregularities he has been so instrumental in bringing to light, since I appointed him I have been able thoroughly to expose the system, or more correctly speaking the want of all system which for years has prevailed in the Office, since the disclosure of the malpractices on the part of the late Sewab Nevis, I have introduced a system of regularity, by opening a Register for all urzees

received

received from Tahsildars and complaints from Ryots showing the dates of their receipts their Numbers, and how disposed of daily as also the dates of dispatch of all endorsements, which are filed and entered as in the English Department which I find to be a great check against Urzees being withheld or abstracted from the dufters, and also, to attach responsibility to the Head of each Department, I have ordered that their names be signed to every Taleem issued from their respective Departments.

7. I found out that the Mahomedan Record keeper Runga Row had for a long time been absenting himself entirely from his Office intrusting all the duties to his son Trimal Row a young boy who signed his fathers' name to the Urzee addressed to the Hoozoor and the Official Copies of documents furnished from the Office. I at first fully intended and confess ought to have sent the Father and son to take their trial before the Criminal Court, but in consequence of the length of service of the former was persuaded (it might have been by the influence of the Jemabdhars) to accept his retirement, and recommended him for a pension as the however

Proceedings from Tahsildars were in Mahratta which is only known to the Mah=ratta Brahmins, and not made use of in the Court and quite unintelligible to the great mass of the population, Petitioners used to be furnished with documents and endorsements in a language which they could not read and were obliged to have recourse to a set of translators about the Courts and Cutcherry who made a lucrative bu=siness in transcribing these documents into the vernacular languages of the Country- Tamil had long been substituted in the Sub Division and after mature deliberation as there appeared to be a strong wish among the inhabitants for the change I took upon myself to order Tamil to be made use of instead of Mahratta in all Tahsildars' Urzees excepting those relating to accounts and all answers and endorsements on Petitions are now given from the Hoozoor in the same language, the Urzees are addressed to the Office, and I am assured that the change has given general satisfac=tion to the people, altho' I met with strong opposition in carrying it into effect,

Remarks

Fort St. George 30th May 1844.

Remarks to the Return of Tahsildars in the Collectorates of Madura and Dindigul

A Annajee Rao Tahsildar of Madaeelum On the 1st May 1842 I stated my continued satisfaction with his conduct and that I had no reason to change the opinion I had recorded of him on the 18th May 1839. He was dismissed by Mr Commissioner Drury on the 14th January 1843 and restored by the Board of Revenue on the 17th October because they deemed he had been hardly dealt with giving him the half of the pay of the office during his dismission. I am not to well pleased with him as I formerly used to be but make allowances on this confession in which he founds his office on resumption of his duty and the difficulty he may have had in recovering that influence which had been so severely shaken by Mr Commissioner Drury, this in some degree explains by his subsequent restoration by the Board.

B Andiya Pillay Tahsildar of Thirumangalum. In May 1842 I reported unfavourably from offensive conduct

Fort St. George 30th May 1844.

conduct towards those under him; and that he was then under trial for 'homicide' by misadventure he was entirely and honorably acquitted and was promoted by me to this from the second class talook of Symphilly. His unpopular manners continue, tho' perhaps not so offensively and I am well satisfied with my selection of him for present high duty.

C Narain Rao Tahsildar of Mayluel. On the 2nd June 1843 Mr Acting Principal Collector Stockwood recorded he had no dispost to offer to my opinion of this man recorded in the 1st May 1842 and I hear repeat the same praise and satisfaction

D Venkatarayanarien Tahsildar of Vandiambaa. My opinion of the Tahsildar is the same as recorded in May 1841 and 1842 He has been much employed by the Sub Collector since in bringing up arrears in other Talooks where the Tahsildars were in disgrace, and without giving

him

him credit for any great ability with which he did he gladly grant to him for the readiness with which he undertook that duties

In reference to the opinion recorded of him by Mr Morehead last year I must beg to notice that the Tahsildar of Tandiecombu has no connexion whatever with the Coombaray hills which are within the Talooks of Thankuray and Tyempully. Hence Mr Morehead's record would seem to have been to discredit this Tahsildar which I am convinced was undeserved, and I do not believe intended.

E. Dhondo Rao Tahsildar of Tyempully. In 1834 I found this man, who was Mozoomdar of Madacolum acting as Tahsildar of Tyempully. On the representation of my late Sheristadar of his comparative youth and inexperience I was unwilling to confirm him to the detriment of older and more experienced servants. He retained his situation in Madacolum had always given

given me reasonable satisfaction and on some police affairs he had shewn much praiseworthy activity and ability; and on a death vacancy I promoted him, in May 1842 to the Talook of Tyempully.

Within the month the Joint Magistrate has sent the Criminal Court for murder and in a letter to me of the 15th Instant he has stated his belief he has been in the habit (as well as his predecessors) of giving general warranty; and has hinted in general terms of other objectionable proceedings that have recently come to light in that Talook. But as he has not yet favored me with a perusal of the proceedings against him, as reported on the 18th Instant, and as he has only dealt in general on the subject I am not inclined to impute any blame to Dhondoo Rao, nor to the Joint Magistrate for ignorance of long standing abuse.

F. Sham Rao Tahsildar of Thenkurai. I am not inclined yet to alter the opinion recorded of this man in

Saffer Tuppain from an Ameenship in Shevagunga where he had been shortly before appointed by me. I had not deemed it desirable he should have been so promoted, but since it has been done by the Commissioner, I would not wish to displace him and in his conduct in this office I have been fully satisfied. In some parts of his duties he evinces more energy activity and judgment than other Tahsildars.-

2. I furnished the Board in reply with the information called for, and offered a few suggestions. I thought calculated to facilitate the object in view. It would be desirable to put into practice as early as convenient the benefit alluded to and if the Board will sanction the few encouragements and rules I proposed, I have every hope of their being useful in Tinnevelly, with an ultimate and permanent gain to the people and without loss to government.

Sir

I have the honor to enclose the original letter from the Sub Collector and enclosure respecting Venkataramaniah Tahsildar of Sankarnainarcoil and earnestly to request the Board's sanction for the usual pension applied for. The Sub Collector has repeatedly brought to notice Venkataramaniah's incapacity from increasing age and infirmity, he has been placed in the easiest taloota as a last trial, but the interests of the Ryots and the Government imperatively require that he should be no longer left in any responsible charge.

2. He is unwilling and not able to degrade to a lower post, and earnestly solicits in favor of the Pension to which his former services and increasing age seem to entitle him.

and it is believed has been found to work well: a
regards the great staple of Malabar, the Rice
cultivation, it is certainly well adopted
to the Province, and the arguments used in
the Memorandum which accompanied
your letter in reference to the uniform numb
of Kists and the closing of the Kistbundy
account in July do not appear to the Board
of sufficient weight to authorize a change in
the Kistbundy of the whole Province the desir
uniformity is not maintained in the schem
now submitted and the retention of the Su

it would not be advisable to disturb the

Circular.

Sir

The Board of Revenue having recently had under their consideration, several cases of Appeal from the judgments passed by Collectors and their Subordinates under Regs IX 1822 and VIII of 1828 in which the instructions contained in the Circulars from this Office under dates 12th April 1826 and 31st December 1835 have not been conformed to, I am directed to call your particular attention to those orders, and to inform you that in future the Board will feel themselves under the necessity of returning for revision all Proceedings held under those Regulations in which the Officer before whom such investigation may have been conducted whether originally or in appeal shall have omitted to record in English "his judgement on the case." "giving a summary of the evidence on the several charges" "a distinct sentence of acquittal or conviction on each" "with a concise Statement of the grounds on which" "it is founded." The same course will also be pursued in all instances in which a Collector forwarding to the Board a Petition of Appeal under Clause Sec: VI Regulation VII 1828 shall have neglected to notice such of the allegations made by the appellant as may appear to demand explanation.

Stating the selling rate of Salt to Bringaries for exportation into the Nizams Dominions.

(2)

In reply to your letter of the 16th Instant I have the honor to state for the information of the Board that the Salt entered in the Statement which accompanied my letter of the 15th Instant was sold for Inland consumption at 14 annas per maund & that sold to the Bringaries for exportation into the Nizams Dominions, which having been declared a foreign territory under the provisions of Act VI of 1844 was sold for "Home consumption" or "consumption within the territories subject to the Presidency of Fort St. George" and provides only for an increase in the price of Salt sold for "Home consumption" or "consumption within the territories subject to the Presidency of Fort St. George" I did not consider myself at liberty to price the Salt to parties purchasing for exportation therefor

2. The term "Inland or Home Consumption" used in your letter of the 28th March I interpreted to mean consumption either in my own

Fort St. George — May 1844.

or in any inland District situated within the territories subject to the Madras Presidency and if this reading be correct all the harm done is that the column in the Statement submitted to the Board has been improperly headed but should I have misinterpreted the intention of the Board (in which case their views will be in direct opposition to the wording of the act) I am sorry to say that some loss has been incurred by the Hyderabad Sumbadies having been allowed to take Salt at a cheaper rate than was intended. I have however on the receipt of your letter under reply issued orders for selling Salt to the Sumbadies at the increased rate the excess being retained in deposit pending your answer to this communication, with which I request that I may be furnished with all possible despatch.

Replacing the service of Captain J. Campbell 21st Regiment N.I. in charge of the Salem Survey at the disposal of His Excellency the Commander in Chief for Regimental duty and communicating a letter from the Government of India for consideration of the proposal therein referred to, for undertaking a Revenue Survey of the Tinnevelly District.—

(Here enter 12th April 1844 No 1721)

Para 1. From the Proceedings of the Board of Revenue recorded in the Consultation noted in the Margin, a copy of which will now be furnished to the Military Department for transmission to the Government of India it is observed that the Survey of the Tinnevelly District is to be conducted on a Plan different from that originally contemplated which will not

not call for the supervision of the Surveyor Generals' Department.—

2. In reply to the above Proceedings Government under date the 30th September last concurred with the Board of Revenue in the opinion that a Survey according to the Rules laid down by Sir Thomas Munro for the Ceded Districts would be sufficient for the purpose of remodelling the Revenue system of the Tinnevelly District, and sanctioned the employment of a small Establishment in aid of an Assistant Surveyor, whose services it was believed might be procured from the Salem Survey and were considered by the Board adequate for the purpose in view, as however the duties of an Assistant Surveyor would seem to be still required in the prosecution of the Grand Trigonometrical Survey

Fort St. George 27th May 1844.

Survey in the Salem District, the Government will postpone the employment of the Establishment already sanctioned until they have received a report from the Board of Revenue of the measures which have been taken for carrying the Survey into effect.—

Para 1 It is observed from the foregoing report that the Government property in Forest land in the District of Malabar embraces 3 Forests in the Palghaut Taluk, which have escheated from the Chennat Nair family, of about 25 Square miles. The Forests obtained in Mortgage from the Tricalore Rainalidee.

of 50 Square Miles and the Forest acquired from the Zamorin Rajah the extent of which though not given is stated to be considerable. These forests contain little Timber available for present use, and the advantages anticipated from them are wholly prospective. they are nevertheless of the greatest importance, and the success which has attended the endeavours of the Collector to cause the Seeds to germinate, with the Tariff lately established to check the felling of unmatured trees, will doubtless if followed up by the necessary measures for the preservation and growth of the trees eventually secure to Government a valuable property in Forest land in Malabar.

2 The attention of the Government of India will be requested as to the 5th Para of the letter above recorded, in reply to their Secretary's communication of the 30th September No. 175.

Canara. 3 In Canara the resources of

Fort St. George 27th May 1844.

of the Forests are more abundant and it appears that of 6414 Teak trees, no less than 6367 Computed to yield about 20000 Candies are fit for immediate felling. The Government are not aware of the valuation of Timber in Canara but taking it at the lowest selling rate mentioned by Commander Williams in his communication to the Government of Bombay dated 27th December 1842 Viz. 18 Rupees the Candy, it may be assumed, that there is now available,

Government property in the Canara District to the extent of 36,000 Rupees - or as the Principal Collector reports, "the "Honore and Ankola forests are in their "present state capable of yielding from "3000 to 4000 Candies of Teak fit for "Naval purposes annually for the "next ten years."

St

Fort St. George 27th May 1844.

4 It is observed that under date 23d October 1840 the Government recommended to the Honorable Court of Directors that they should "engage the services of persons duly skilled in the science of Arboriculture and send them out to this Presidency for the purpose of being employed as Sub Conservators of Forests in Malabar and Canara," but in their Dispatch of the 30th November 1842, the Honorable Court declined to comply with this request, as they considered it a better plan "to choose the fittest persons that could be found on the spot." It was however shewn to the Court in a despatch dated 25th May last, that this Government had failed in procuring a duly qualified person, and the necessity of obtaining the services of a thoroughly trained Arboriculturist, was again brought to notice. For the present, a native has been placed in charge of the office of Sub Conservator, on a salary of 60 Rupees

5 to preserve the Forests from depredation. His Lordship in Council however has reason to hope, that when the

Fort St. George 27th May 1844.

foregoing communication and correspondence are laid before the Government of India, His Honor in Council will be fully sensible of the importance of improving this valuable property, and as the only means of doing so, (as pointed out by the Board of Revenue) for the appointment of an experienced Arboriculturist with an Establishment commensurate with the extensive range under his Control, His Lordship in Council trusts that the Government of India will see the necessity of pressing upon the Home authorities, the advantages of sending out a person properly qualified for the particular duty.

Acting Secretary to the

Sir; Fort St. George

From A. C. Mellor Esqre.

Collr. of Bellary submitting Statements of Sayer Establishment in the Bellary District as at present & after the abolition of the Sayer & Inland duties and that proposed for the future and recommending Rs. for the latter.

1 With reference to your letter of the 4th Instant, I have the honor to forward a Statement exhibiting the Honzon and District Sayer Establishment as it stood on the 31st March 1844 and of that proposed for the future, together with a Chowkeedar Statement for the latter.

2 From these it will be observed that I have abolished the Inland and Town chowkies altogether as well as those on the Punnad Mahratta and Soondoor Frontiers which have heretofore been maintained in conformity with the orders of Government dated the 16th published in the Fort Saint George Gazette of the 19th Instant.

Vide Cols. 11 to 19 in the Statement No. 1

Net Moolsuddies in the Taluk Cutcherries	}	Rs. As. P. 6-65-11-8
Town Chowkies		39-788-11-0
Punnad Mahratta and Soondoor Frontier Chowkies	}	8-143-12-0
Total per Mensem		994-10-8

The rates of Pay which I have proposed for the Frontier Chowkedars are with reference to the responsible nature of their duties for the future and consistently with the views of the Board that their Emoluments should

Fort St. George 27th May 1844.

should be increased in proportion to their responsibilities. The Pay for each Chowkedar being fixed with due regard to the extent of traffic passing across his Frontier limits, and I trust these will meet with the approval of the Board.

3 The total expense on account of Sayer Establishments previous to the change amounted to Rupees 2170-4-4. that proposed for the future to Rupees 1307-12-0. the net saving to Government on the whole being Rupees 862-8-4-or Rupees 10,360-4-0-per annum. In the Course of the present Revision it has been found necessary to do away entirely with certain appointments, and Establish a few Chowkies at certain intermediate points of the Frontiers now retained (as per proclamation of Government above quoted) with reference to the great distances, and in order to maintain the Revenue which would otherwise be lost by Goods and Merchandize finding their way into and out of the Native states clandestinely. The names of the Chowkedars to be retained are specified against their respective Chowkies under the head of proposed Establishment in the Chowkedar Statement

Fort St. George 27th May 1844.

Statement. The places where Chowkies or Colcars are now proposed are marked in Red Ink in the enclosed Plan and it is as well to observe, that some of those places had Chowkies formerly attached but abolished on subsequent revision. They are in my opinion necessary the Town Chowkies being now abolished.

4 In illustration of the routes by which Goods should be allowed to pass into and out of the Native States, beg to refer the Board to the Statement No. 2 which will afford the information called for in the latter part of your letter now under reply. In fact each Chowkey is the route leading to the Native State to the frontier of which it is attached.

5 The Most Noble the Governor in Council having by the advertisement 8th April 1844. above referred to declared the Goods passing into or out of Foreign territories shall be liable to the duty fixed for British Bottoms at the rates prescribed in the schedules of the Act I have furnished the Chowkedars with Tables of the British Bottom rates specified in the 1st Column of the Schedules

Fort St. George 27th May 1844.

schedules A and B with instructions for their adoption accordingly.

6. It is impossible in this extensive District* when there are no roads, to maintain only a few Frontier Chowkies and compel all merchandize to pass. The traffic of the Country is carried on through the Lambadies and Bringary Caste, on Bullocks. Bandies are little used, and the Bringary encampments are according to the seasons wherever Fodder and Water are to be found. This System cannot and must not be interfered with. It becomes therefore absolutely necessary to establish Chowkies at the various places alluded to, or the general trade of the Country and the Frontier Sayer Revenue would suffer.

* Comprising a distance of 933 Miles along the line of Frontier Chowkies.

7. The Frontier Sayer Revenue under the new System will not decrease but increase. The Establishment proposed for the Honzoor Sayer Department becomes therefore absolutely necessary for the purpose of scrutiny the Accounts of the Talook Sibundies and matching their Proceedings framing the periodical general

Fort St. George 27th May 1844.—

accounts of Trade Collections and Charges &c. &c. for the Collectorate and the different authorities at the Presidency to of the Govt. masters are now denominated Darogahs Moatsuddies who will have to go over the Frontier Chowkies for enquiry and to prevent Frauds and Embezzlement on the Public Revenue &c. &c. The Pay of each Colcar was originally Rs. 2 - 14 - 8 - per Mensem but this was reduced to 2 - 12 - 0 by the late Principal Collector Mr. Robertson when placing the Sayer Collections under Amanie management in Fusly 1247 — A.D. 1836/7 Inconsideration however of the increased labour and exertion which will necessarily devolve upon the Colcars under the new arrangements I have deemed it expedient to fix their Emoluments at 3 Rupees each per Mensem, adding only a 1/4 of a Rupee to their present Pay. The Sayer Revenue will still amount to between two and three Lacs of Rupees. I therefore propose to return the Sayer Shistadar as such an amount of Revenue demands in my opinion a responsible overseer I have before alluded to the want of check upon the Frontier Chowkedars

Fort St. George 27th May 1844.—

Chowkedars in consequence of the abolition of the inland Chowkies, I trust therefore that no objection will be made to the Darogahs after Moatsuddies without whose assistance we should have no one to look to the interests of Government, and in the remote Chowkies there will always be too much opportunity. I am afraid the Number of Chowkies will attract the notice of the Board, but it cannot be avoided there are no main roads along which the Trade passes. the whole Country is open and a mere Pathway is all the Bullock carrier look to. even on the River Sides the same facilities exist. Boats being maintained all down the River and the Fords innumerable.—

3. Under the provisions of the Act, all articles of European supplies. Wines and Liquors &c. exported to Bangalore for European consumption will be liable to the duty of 3 per Cent. The Officer in charge of the Chokies on the road which passes up the Mooglie Ghaut, should therefore if my view of the expected operation of the Act is correct, be experienced in the Appraisement of all sorts of foreign Merchandize that he may be able to verify the declarations of value made by the Merchants.

4. I am unable to enter the name of any person qualified in the manner supposed, but have proposed the Monthly payment at 40 Rupees. He would be vested with great discretionary powers of passing articles free as baggage, and in many respects would require more experience of the business of European traders than the Chokeedars hitherto employed. He would also require a Knowledge of English to enable him to perform the duty.

From the Asst. Pe. Collr. of Salem.....

Sir,

With reference to your letter of the 4th Instant, calling with reference to Act VI of 1844, for a list of the Frontier Chowkies with the strength of the Establishment proposed to be maintained at each, specifying also the present and proposed rates of Monthly Salary, I have the honor to forward a Statement exhibiting the information required with the addition of a small Establishment, which I find indispensibly necessary to be maintained in the Hoozoor Cutcherry, to check the Accounts of the Frontier Chowkies. The following is an abstract of the Statement.—

To the Dy. Collr. of Salem ....

Sir,

(23-24)

Referring to the letter of the late Acting Principal Collector of the 24th Ultimo, I am directed by the Board of Revenue to request that you will furnish them with the names of the persons whom you propose to appoint as Ameens in the Tooyawady and Vapumpully Chokies respectively for the purpose of being communicated to Government for notification in the Official Gazette as required by section X Act VI 1844.

From the Collr. of South Arcot

Reporting the discontinuance of the Sayer Establishment & forwarding a detailed Moyen Jabitah of Five Frontier Chowkies & recommending a portion of the Sayer Establishment to be retained at the Hoozoor.

Sir,

Para 1.

+ 28th March 1844.
4th April 1844.

Per Mensem.
Rs. 1058—— —
* " 299—— —
1357 or 16284 per annum.

Conformably to instructions in your letter, I have the honor to report my having discontinued from the 1st April, all the Tallook Establishments of the Inland and Town Chowkees together with that of the Hoozoor Cutcherry, and publickly announced this important change.—

2.

Though the rent of the Town and Inland Duties on the articles noted in the + Margin amounting to Rupees 27,035 was approved for this Fusly, I have also with the view of fully carrying into effect the orders of Government, disallowed the Returns levying any duty from the abovementioned date.

+ Tobacco Beetle Gunjah Goodauk and Bhang.

3

In forwarding as required a detailed + Moyenjabitah of the five Frontier Chowkies, the disbursements on account of which amounts to Rupees 348—12— per mensem, I beg to state for the following reasons

+ No. 1

Fort St. George 27th May 1844.

reasons that this establishment will be quite inadequate for the security of the customs Revenue. -

4- The irregular and circuitous line of the French frontier is highly calculated to encourage smuggling, which has been carried on to a considerable extent, from the great facility afforded the smugglers, by the numerous bye roads there being not less than a hundred and thirteen, which intersect it in all directions, but as the Board are so well acquainted with the circumstance, I consider it unnecessary to detail the difficulties experienced by the existing chowkies previous to the introduction of the new system in preventing contraband trade, or detecting those practising it. At present the sole management and collection of the export duty devolve on the Frontier chowkies, and the restraint that was in some measure imposed on the illicit export and import into, and out of Pondicherry, by the surveillance of the inland chowkies is also now removed--

5- The high rates of taxation

Fort St. George 27th May 1844.

specified in the new schedules, hold out increased temptation to smuggling, for instance the duty on Indigo, the staple commercial articles of the District, produced and manufactured in the Tallooks bordering on the Pondicherry frontier, it will be manifest that, with so small and inefficiently paid an Establishment, as the present one, I shall experience great difficulty in managing the duties of the Custom Department consistent with due regard to the interests of Government. -

6 After giving the subject the most mature consideration, I am of opinion, that besides restricting the routes as indicated by section XII of the Act VI it is necessary to maintain two additional Mundoovahs attached to the Chowkies of Cottaccoopum, and Condumungalum and as a further precaution for the security of the Customs, a controling establishment at the Hoozoor. -

7 Adverting to the section just quoted, I enclose a list+ of the routes by which goods are in future to pass into, and out of Pondicherry, and request the

+ No 2

the Board will be pleased to obtain the approval of Government for its adoption.-

8 To render the Frontier Chow-
-kies more efficient, I beg to submit a
No. 3 revised Moyenzabitah, in which I have
deemed it absolutely necessary to augment
the pay and number of the present
Establishment, it being the only induce-
-ment for the servants to conduct their
duties with some degree of honesty and
with benefit to the Government as well as
giving the means of providing for greater
vigilance in watching the different roads-

9- In the Moyenzabitah under
review, it will be seen that the chowkey
of Madurapankum has altogether been
abolished it being of no use in its present

-vahs have been substituted in lieu of it
as mentioned in the 6th Para of this letter.-

for the purpose mentioned in Para amount-
-ing to Rupees 79 with an explanatory
remark appended to it for the informa-

13th The Statement No. 3 will
shew that the cost of the revised Establish-
-ment of the four Chowkies and two Mundoo-
-vahs amounts in all to Rupees 681-8- per
Mensem, which on comparison with
Statement No. 1 exceeds the sum sanctioned
for the maintenance of the present five
Chowkies by Rupees 332-12- per Mensem or
Rupees 3993---- per annum, leaving
still a yearly saving to Government
in the Sayer Department by the abo-
-lition of the remaining Chowkies and reduc-
-tion in the Kovgoor Establishment of the sum
of Rupees 10,744.-

14.- The Writer and Mooshy

whose Pay is Rupees 47, were erroneously included in the Sayer Moyenzabitah having scarcely any thing to perform in that Department. In the event of their being dismissed on the abolition of the Sayer Department the business of the General Department allotted to them will fall in arrears, as it cannot be brought up by the present limited Establishment owing to its having of late much increased. I therefore beg the Board will be pleased to obtain the sanction of Government to include their Pay, Viz.t Rupees 47 per Month in the Land Revenue Moyenzibitah in future.

It is absolutely necessary that these servants, at a cost of 79 Rupees per month should be retained at the Hoozoor Cutcherry to keep us well as to check, the accounts of the Frontier Sayer Establishment, and also for the purpose of being frequently deputed as overseers on the Frontier line to detect smuggling, which will be probably practised by reducing the increased rates of Peerwah from 16 to 20 per Cent on several of the import and the principal export articles. Out of 14 Peons of the late Establishment, six are retained as being requisite for the expeditious communication of the Collector's orders to the Chowkeydars, instead of by the Talook Tappal which is productive of very great delay. The pay of the Writer and Mootchy was hitherto included in the Sayer Moyenzabitah, tho' they did nothing in that Department. They were actually employed in the General Department, and by their dismissal their work will fall in arrears. It is therefore requested that sanction be obtained for their Pay which in future is to be included in the Land Revenue Moyenzabitah.-

Sir.

From the Collector of Tinnevelly — Para 1.

Informing that the publicity was given of the abolition of Sayer as directed and forwarding 2 lists one shewing the Strength of the present Establishment at the Frontier Chowkies and another for Establishment required also specifying the routes by which goods pass into and out of the Travancore State

I have the honor to acknowledge the receipt on the 24th Instant, of your letter dated 28th Ultimo. Immediately on the receipt of these orders the necessary steps were taken to make publicly and generally known the abolition of the Sayer duties by proclamation in the Talooks, Towns, and Villages especially in the places were Chowkies existed and the dues had been hitherto collected. An Ishtyar or notice in large and legible characters being especially posted on each Chaukey.

2- The frontier Chowkies alone as directed have been retained on the Travancore Boundary, 5 in number of which the particulars are given in list No 1.

+ 3 Chowkies
2 Mettoos

3 The Sayer Establishment of the Hoozzoor and Talooks, has

has been dismissed from the 11th Instant the earliest date at which it was practicable to carry into effect generally the Board's orders which reached me when on Circuit only on the 4th some of the Chowkies being at a considerable distance a few days necessarily elapsed before all the orders could be prepared and simultaneously issued, every care has been, and will be, used to make this important measure fully known to the community at large, and to prevent any future abuse.

4. The Board will be aware that the Duty on "Sheyroot" is Rented for Rupees 2,700 per annum for 3 Years concluding that this is intended to be abolished with the Betel and Tobacco, measures are in progress for closing the Rent.

5. With reference to para 4 of my letter dated 20th September 1843, it will be now necessary to restore the two Chowkies alluded to, which are reduced to inferior Stations,

+ 1 Writer
2 Goomastahs
1 Moonshee
4 Peons

The + Sibbendy now retained is absolutely necessary to carry on the Current duties - Pending special sanction their pay is stopped from the 11th Instant with all the others, but their services being indispensably necessary, they continue their duties the Current work of the District is so heavy that the Sayer Department has been of necessity used for Miscellaneous duty also, and their reduction is consequently severely felt in the general duties of the Office - In my letter of 20th September 1843, I mentioned the necessity there would be for retaining some Establishment and have therefore to request that sanction be obtained for raising the 2 Mettoos to full Chowkies as before obtained and for retaining the 4 Huzzoor Servants and 4 Peons absolutely necessary for remaining Sayer frontier duties as per list No. 2, accompanying prepared according to the form No. 1. referred to in the Minute by the Governor General of

of India dated 8th. November 1843, which formed one of the Enclosures of your Circular letter of the 21st. Ultimo 7.

With reference to para 2 of your letter of the 4th. Instant, received since the preparation of this letter, I have the honor to inform you that the routes by which goods are and should hereafter be allowed to pass into or out of the Travancore State are the 5 Specified in the Margin where the 3 Frontier Chowkies and the 2 Mettoos now proposed to be raised to full Chowkies are situated.

1 Peroongoody Chowkey with Caroongalum Mett on the Seamboly pass on the high road from Madras to Travancore via Madura and Tinnevelly.

2. Pooliary Chowkey on the Ariengal pass on the high western Road bordering the Hills from Madura to Travancore via Streevilliputtor and Tencausey.

3. Punboly Chowkey on the Atchencovil pass branching from Do. Do.

4 Alwarcoorchey Chowkey on the Coluttoopully Ghaut a Minor pass to Travancore on the road branching from Do. Do.

5. Davendanum Chowkey on the Savary Malay sastakoil Ghaut a Minor pass to Travancore on the road branching from Do. Do.

8. The Emoluments of the Frontier Chowkies

might be raised as the Board propose, but with a view to the public business of the District I would beg rather to be allowed to retain the Huzzoor Sibbendy entered in the list No. 2 in preference to any increase of pay in the Frontier Chowkies.

9. With respect to only one very old Servant, the + Duffadar "Ismail Khaun," of 39 years Service I would request as a special case, impracticable I am aware under the general rules the sanction of a small pension of half his Salary; he has always borne a good Character and is a respectable and deserving old Servant of the Government, and now unfit for other duty.

Sir,

Para 1.

With reference to the Extract from the Minutes of Consultation bearing date 28th March 2nd and 22nd April 1844 I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying Returns Viz.

1 Letter from Collector of Bellary

Fort St George 27th May 1844-

Bellary 24th April furnishing statements of the Frontier Chokies proposed to be maintained in his Districts- the extent and cost of establishment and the names of the Chokeydars authorized to Collect duties with a plan in illustration of the mode in which the Chokies have been arranged- and shewing the routes by which Merchandize should pass from or into the Bellary district across the Hydrabad or Mysore Frontier—

2 A similar return from the Principal Collector of Cuddapah 22d April shewing the routes- Chokies and names of Chokeydars—

Note.

The name of the Officer to be placed in Charge of the Chokie which commands the road up the Moughe Ghaut has not been given in consequence of the inability of the Principal Collector to find a person qualified for the Office-

maintained with the exception of establishment the names of the Chokeydars and the routes by which Merchandize should be permitted to pass also lists of Ports & Places where goods may be landed or shipped and stating that the returns from the other districts will be submitted to Govt as soon as they are received-

From the Remarks appended to the abstracts of the several returns as given in the preceding Para it will be seen that many of those Statements are more or less defective. The Board have not however considered it advisable further to delay this transmission to Government. The additional information which has been called for, shall be submitted from time to time as received from the several Districts.

3.

Independently of those now forwarded the Board have received returns from a few other Districts but in too incomplete a shape to warrant their transmission. Further information has been required from the local authorities on receipt of which the revised statements shall be submitted to Government without

Para 1- I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 22d. ultimo directing me to state on what particulars duties Periapatam Ramiah is employed, and in reply to state that he has not been in revenue charge of a talook since 1838- the duties subsequently performed by him have been limited to the Superintendence of the Sayer and abkarry branches of the Revenue-

2. From his advanced age and consequent infirmity I am of opinion that it is not expedient to employ him again in the Superintendence of the land revenue of any portion of the District and as the abolition of the Sayer duties now leaves him almost entirely unemployed I beg leave to recommend that a pension be granted to him at such rate as-

as he would have been entitled to had the increase of pay been formerly granted.-

In reply to your letter of the 11th Ultimo forwarding a Petition presented to the Board by Vencataramaniah of the Talook of Kistnagherry and directing me to report my opinion thereon and the amount of the surplus funds of the Davastanum of which the Petitioner is the Darmakurtah. I have the honor to state, that the Petitioner has already commenced to build a Muntapum for the Pagoda. The Astabandanum of the Idol is reported to be out of order and its repair indispensable. The surplus funds of this Davastanum from Fusly 1231 to 1252 (A D 1821 to 1843) amounted to Rs. 173-15-1, and the repairs thereto during that period amounted to Rupees 743-5-11 being Rupees 569-6-10 above its own funds. There is now no surplus funds belonging to it and the sum the Petitioner solicits viz.t Rs. 243-3-- for the present purpose, could be only disbarsed from the Total Davastanum surplus funds of the District now in deposit in the Treasury.-

Sir,

Matheelagatha Krishna-menon the Tahsildar of Shernaad who was suspended for a year in March 1843, on a suspicion of having abetted, or at least been cognizant of the torture of a Ryot, has applied to be restored to the service and / the term of his sentence having expired / I have posted him to the charge of the Temalpooram Talook as being one of the least important in the District.-

But I would suggest to the Government that it would be far more for their interest that this old Man were permitted to retire on his pension than that he continue on the effective strength of the service.- His conduct in the matter which led to his suspension was (as I mentioned in my report / very probably attributable in some measure to the failure of his faculties from old age, and it is evident that the lapse of a year will have tended to increase and not lessen that failure. His bodily health is excellent, and it may be many years before he is

No 2.

To The Honorable Members of the
Board of Revenue
&c. &c. &c.

The petition of Cherrokel Chengacovilagathoo senior Rama Wurmah Rajah an heir to the family of Colaswarooppum in Malabar.

Humbly Sheweth.

That the endorsement No. 98th 1843 in answer to my petition under date the 28th December 1842 which you received 17th January 1843 came safe to hand. That Endorsement confirms the decision made by the Collector (to which it is said I repeatedly adverted) without giving a proper reply to the reasons stated in my complaint on which account it appears to me that your honorable

Board

Board never fully understood the real state of the question as expressed in my petition &c therefore I humbly request that, from my petition and other documents in your possession, you will fully examine my claims and afford me a satisfactory reply. In my petition of the 14th Malabar Month Poolam 1016 numbered in your Office 1768 of 1840, In the beginning of the 4th (fourth) paragraph of that Petition the Collector's sentence is quoted, and in the latter part of the same paragraph my reasons are submitted to prove that the Collector's sentence is unjust. secondly in the same paragraph reference is made to a Tarago or agreement marked B. likewise the copy of a receipt dated 4th February 1842 which was given me by the Zillah Court of Tellicherry agreeable to a decree for 246. Rupees, 6 annas 4 Rice which I had to pay on the behalf of the debt of the late senior Rajah by whom the abovementioned agreement marked B. was made. Thirdly in the second paragraph of the above reference is made to the debt of the deceased Senior Rajah and to the sale of our joint property and also in the first and sixth paragraphs of the above petition.

If

If therefore your Honorable Board or a Punchyum examine into the truth of my complaint you will ascertain what portion of the Malabanah should by right come to me. or if you determine that the Collectors sentence is just. I shall not be satisfied till it be shewn upon what ground such a decision was made or by what authority it has been determined that such a number of rupees only are to me. I therefore humbly request you will once more examine the whole affair and settle it according to justice. And your Petitioner as in duty bound will ever pray.

Sir

In reference to your letters of the 22d Ultimo and 13th Instant I have the honor to submit two Statements shewing the Sales of Salt for Home and Inland consumption for the first and second half of the Month of April last.

2. The Board will observe that the increased prices ordered and carried into effect until the 16th of April.

3 The delay which occurred in forwarding in consequence of not receiving the Boards instructions of the 28th March until the 3d of April, at which time I was not in Summer Salt 60 Miles from Mangalore to which place reference for certain accounts was necessary and secondly from the difficulty of ascertaining the weight

difficulty was subsequently removed by discovering that Mr. Read, the former Principal Collector, had gone to the trouble of weighing a Garce and found it to be 1135/8 Maunds of 3200 Solas. At the rate, therefore, of Rupees 1-8-0 per Maund, the Garce would be valued at Rupees 155-8-0 and instructions were issued to the several Chowkies to this effect, and in order to observe regularity in the accounts the alteration was directed to commence on the 16th April.

4 Since the receipt of your letter of the 29th Ultimo the Garce has been declared to weigh 130 Indian Maunds and the rates accordingly corrected.

5 The Board desire to be informed when the Statements for each half Month are likely to be received at their Office. I beg to state that those for the first half will be transmitted so as to reach the Board's Office before the end of the Month and those for the second before the 15th of the Month following.

Sir,

I have now the honor to
transmit a general Statement of the deb
and liabilities in Benares of the Raj
of Vizianagrum to the end of the Fe
Month, and a reference to the Documents
I trust at once plead my excuse for
time which has been occupied in
preparation having exceeded the
solicited.—

2.

It will be seen that
gregate amount of the Rajah's d
exceeds 9 Lacs of Rupees, a very large
thereof bein

at the rate of 12 per cent per Annum.—

3. The Rajah has executed Bonds and Notes of hand amounting to nearly 7 Lacs of Rupees and on about one Lac of Rupees worth of Jewels have been pledged to different creditors, of these he wishes to redeem some of the most valuable belonging to the Rance to the extent of say 50,000 Rupees.—

4. Two of the Creditors (Nos. 14th and 31st in the general Statement) have obtained decrees of the Court against His Highness for very heavy sums and their course would ere now have been adopted by others but for the hope which prevails of a speedy adjustment of their claims.—

5. In the 7th Para of Mr. Smollett's letter to the Chief Secretary at Madras No. 11 dated 3d August 1843 and noted in the Margin that Officer truly accounts for the original cause of the Rajah's embarrassments in

7th Nor though disappointed as regards the amount of debt does the magnitude much surprise me, when the Rajah first proceeded to Bengal his expenditure was fixed at Rupees 122000 per annum subsequently through the difficulties of Manage=ment and other causes his pay=ment was curtailed to 72,000 Rupees.

Rupees a year and only afterwards increased to one lac as shewn in the several communications noted for reference in the Margin, an excess of 25,000 Rupees per Annum in his expenditure over his receipts would during the 16 years of his absence with allowance for high interest, more than account for eight lacs of debt.—

in Benares and in fully coinciding in the opinion he has expressed in the 6th Para of the same letter that "their continued increase from the accumulation of interest would in the end inextricably ruin him."

I may add my conviction that His Highness rank alone has hitherto averted the consequences which would have arisen in any ordinary case of similar difficulties the Creditors have recently however become clamorous and the only hope of appeasing them is by an early settlement of their demands.—

#12th What is required is to ascertain the exact amount of debts and what sum of money paid at once would satisfy the Creditors, whether it was practicable to obtain remission of part of the interest by payment of the principal and other matters of like import fully to be that loans guaranteed by Mortgage of Jewels were closed so as to prevent further charge of interest

6. Referring to the 12th Para of Mr. Swinton's letter, already alluded to noted in the Margin I am of opinion that it is perfectly feasible to compel the Rajah's debts I have reason

believe a majority of the creditors are willing to do so and I shall at once endeavour to induce His Highness to dispose of such of the pledged Jewels as he does not wish to redeem in order to a reduction of interest now rapidly increasing the total debt at the rate of nearly 10000 Rupees per Mensem, if therefore the Most Noble the Governor at Madras determines upon extricating the Rajah and his family from the ruin with which they are threatened it is obvious that an early adjustment is desirable.—

7. Having well examined and considered the actual state of the Rajah's affairs, I fear not less than 6 and a half Lacs of Rupees judiciously and carefully disbursed, would now be found sufficient to pay off every debt he owes in Benares with honor to himself and to the satisfaction of his Creditors when his annual income of a Lac of Rupees until his Estates were free from the debt thus incurred would no doubt amply provide for all his wants.—

8. The Rajah has aided me in the preparation of this report in which he fully coincides and expresses his earnest hope that the Government will be pleased to adopt such measures for the settlement of his affairs in Benares as will speedily relieve him from the humiliation and disagreeable position in which he is placed.—

No. 10. This Creditor holds 6 unpaid Hoondies on which heavy interest has accumulated the debt appears to have originated in the purchase of Jewels, Hoondies being given by the Rajah in Vizianagrum for their cost.—

No. 11. The security for this debt consists of two Bonds and 2 Hoondies on which there is heavy accumulated interest money lent and Hoondies appear to have been the origin of the transaction.—

No. 12. 2 Bonds have been executed in this case which included heavy interest to date and the latter continues to accumulate.— the origin of the debt appears to have been about 4,000 Rupees for services in money transactions the remainder being money lent at very high interest.—

No. 13. An unpaid Hoondie is the origin of this debt with accumulated interest.—

No. 14. The real creditor in this case is Baboo Ram Das and the debt is money lent, more than doubted by heavy interest. A decree has been obtained against the Rajah for upwards of Rupees 97,000 which he admitted and it is payable by instalments of 20,000 Rupees a year, but could no doubt be compromised by ready money.—

No. 15. A Note of hand for money lent with accumulated interest thereon.—

No. 16. A Bond has been given in this case which originated in a hoondie transaction and included accumulated interest to date.—

No. 17. A Bond given as security for money lent which has nearly doubled by interest.—

No. 18. A Bond given in lieu of unpaid Hoondies and accumulated interest to date.—

No. 19. A Bond executed as in the preceding remark and the interest on the said Bond subsequent to its date has amounted to nearly 50 per Cent.—

General remarks by Major Carpenter —

No. 28. The remarks against No. 12 is generally applicable to this case — This Creditor holds a judgment Bond for 30,000 Rupees due 4th October 1845 and the transaction appears to have been money lent with heavy accumulated interest the sum of 17,000 Rupees has been recently lent for the Rajah's immediate necessities on condition that the whole of the debt be liquidated by the end of this year (1844) A. Bond and a Hoondie security in this case —

No. 29. In this case the creditor has obtained a decree of the Sudr Dewany Adt. for upwards of 50,000 Rupees which the Rajah is about to appeal to the Queen in Council making the usual deposit of 25000 Rupees as security the origin of the debt appears to have been unpaid hoondies scarcely more than one third of the amount of the decree being principal and the remaining 2/3ds interest costs of suits and miscellaneous charges which it is difficult to define. As I considered an appeal to England was likely to be productive of infinite trouble and heavy expense to the Rajah as well as indefinite delay to the Creditor I suggested to Her Highness the expediency of a compromise to which he agreed and accordingly authorized me to offer the Creditor 30000 Rupees in full of all demands, an amount in my opinion both fair and equitable however Sumbhoonauth declined to accede to the Rajah's terms, and an appeal is unavoidable; this claim therefore must remain in abeyance until the decision of Her Majesty in Council be made known, altho' it will be necessary to have funds in hand for its final liquidation. Jewels to the amount of 15,000 Rupees are pledged to Sumbhoonauth —

No. 30. A Judgment Bond due on the 18th May 1845 has been passed in this Case the debt is said to have originated in money lent on which heavy interest has accumulated —

No. 31. This debt is also secured by a judgment Bond for 25,000 Rupees due on the 1st October 1845 the origin of the transaction appears to have been money lent and 9000 Rupees the price of a House and premises at Rajghat, the principal sum having as usual largely increased by interests —

No. 32. Jewels to the amount of 10,000 Rupees are pledged to Sumbhoonauth —

No. 33. This debt is also secured by a judgment Bond for 25,000 Rupees due on the 1st October 1845 the origin of the transaction appears to have been money lent and 9000 Rupees the price of a House and premises at Rajghat, the principal sum having as usual largely increased by interests —

Major Carpenter reports that the debts and liabilities of the Rajah of Vizianagaram in Benares amount to Rupees 93,395 and adds his belief that they may be compromised by the judicious and careful disbursement of Rupees 50,000. in money and by the sale of a portion of the Jewels already pledged.

With the conviction that the Rajah is sensible of the humiliation and disgrace to which his embarrassments in Benares have exposed him, and that the Estate of Vizianagram is now in the condition to admit of arrangements being made to extricate the Rajah and his family from the ruin with which they are threatened, the Most Noble the Governor in Council is not unwilling to extend further consideration towards him, and resolves that Copy of the letter above recorded, and its enclosures be forwarded through the Board of Revenue to the Agent to the Governor in Vizagapatam, and that Officer be directed to effect, by means of the Agency referred to in the letters of the late Acting Agent, a loan to the Amount of the composition stated, and to report the measures which may be the most effectual in

Sir,

From J. A. Hudleston Esqre Collector of Madras

Submitting for orders Copy of a letter from the Collector of Sea Customs relative to the Laws affecting the revenue on Spirituous liquors manufactured to the Eastward of the Cape of Good Hope.

Para 1. I have the honor to submit herewith, for the orders of the Board of Revenue, Copy of a letter from the Collector of Sea Customs under date the 22d Instant relative to the Laws affecting the revenue on Spirituous liquors manufactured to the Eastward of the Cape of Good Hope.—

2 The liquor represented by Mr. Tenderwood to be in bond, and on which a duty of 8 per Cent was levied, is that adverted to in the Correspondence noted in the Margin, as well as certain Consignments imported subsequently. Under the provisions of Sections VI VII and IX Regulation I of 1813 I was induced to give permits for the removal of the liquor from time to time for consumption inland, such permits being usually granted for quantities imported by Sea also.—

To Board 9th Sept 1843.
From Do 11th Do

Para 2.

Para 3. 3 Mr. Tenderwood wishes now

were to ascertain "whether Rum distilled in the Presidency of Madras for exportation should still pass into the interior on the payment of a duty of 8 per Cent - "I am not aware whether I can refuse permits for the removal of the remaining portion of the liquor to the interior, but as only "such parts of Regulation I of 1813 of the (Madras) Code as relate to the rates of duty and drawback on spirituous liquors im= =ported or exported by Sea" are repealed by act VII of 1844, I presume no alteration in the rules hitherto observed by the Collector of Madras could have been contem= =plated by the Legislature. Under this im= =pression I am led to conclude that the duty of 8† per Cent and the particular duty of "150 Pagodas per Leaguer authorized to be levied by this Office, according to the circumstances of each importation are still leviable under the same Regulation. It is however, for the Board to determine whether my view of the case is correct or not.-

4. As regards the arrack referred in

in this Para, I submit Copy of my correspondence with Messrs. Stephenson & Co. whose applic= =ation for a permit for its removal to their Warehouse I considered it proper to refuse unless they agreed to pay the highest rate of Excise duty chargeable on account of the Abkarry Revenue. Mr. Underwood thinks that the power of levying an excise duty is vested solely in his Department "both under Regulation I of 1813 and act VII of 1844." I have already shewn that, according to my apprehension he cannot now act on Regulation I of 1813. The power of granting a permit for the removal of Spirituous liquors from the Sea Custom House to any Ware= =house, Shop, or private dwelling is by Section VII vested in the "Collector of Madras." Such permits could, before, have been given exclusively to those per= =sons who, having paid the general import duty of 8 per Cent and the further duty prescribed

prescribed by the Regulations, were entitled to dispose of the same by wholesale provided the quantity was not less than "five leaguers" but I am not aware that advantage was ever taken by any of the wholesale dealers to get any liquor passed under this part of the Law.-

5 Messrs. Stephenson & Co.'s application was for a permit to remove one leaguer, on payment of the Excise duty of 9 annas per Gallon. Had they obtained the permit the cost of the liquor would have been to them less than a Rupee per Gallon. It was to prevent effectually the introduction of such cheap liquors, and thereby to check the vice of drunkenness among the lower orders of the people, that at the instance of the Board, Mr. Collector Ellis, between the year 1810 and 1813, suggested the various plans some of which formed the basis on which Regulation I of 1813 was framed and passed as will be seen by the Correspondence

Correspondence noted in the Margin. On a Representation made in the same year by the Ceylon Government that the effect of the Regulation would be to place the importation of Arrack on a footing entirely new, and apparently very discouraging and disadvantageous to the Arrack trade of the Colony, which was one of its principal staples the Government of this Presidency stated, in reply, that, with the exception of the 8 per Cent, Spirits of the description in question "remained untaxed till they were to be consumed, and (that) all the vigilance of the officers of Government was insufficient to prevent the greater part" "from being consumed without payment of the excise duty," adding that the general interests of the people and of the Government which require

require that all possible encouragement
should be afforded to commence "were" so far from
requiring the trade in spirits to be en-
=couraged that one of the express objects of
the Regulation in question (was) to restrict
the Consumption of that commodity."-

To Bd. 4th Jany. 1813. 6

Mr. Ellis, by whom Regulation
I of 1813 was drafted, observed that the
first of the only two points which re-
=quired any remark from him was "the
provision in the 6th Section, which pro-
=hibits the wholesale dealers from
selling less than five leaguers. At
present (he continued) they are permitted
to sell a quarter of a leaguer, but this is
much too low, and, by enabling adven-
=turers of no property or credit to engage
in the trade, has been one of the principal
causes of the clandestine sale, which
has always been carried on and which unless
effectually restrained, will always continue."
7

The arguments brought for-
=ward at the time to shew that there
existed strong grounds for levying a high
excise

excise duty on spirits imported by the
wholesale dealers for Consumption in
Madras, and for imposing proper
Restrictions on their trade, apply
with equal, if not greater, force to
the present state of things; for, under
the existing rules, Batavia Arrack
cannot be sold by the Retail dealers
below 50 fanams per Gallon, whereas
the cost at which Mr. Underwood
considers Messrs. Stephenson & Co.
entitled to clear Columbo Arrack
is only about 12 fanams including
the Excise duty of 9 annas. It would
thus, further, be unjust to the licensed
Venders to allow Arrack to enter the
Collectorate, for consumption, within
it, at a cost below one fourth of the
minimum rate at which it can be
sold by them; it having been remarked
by Government that "experience has
shewn that so heavy a duty as that
which is imposed upon spirituous
liquors cannot be collected after
Government has lost its hold of the
article

Article on which it is imposed.—

8 Besides the objections to the measure in a revenue point of view, Messrs. Stephenson & Co. cannot, I conceive, with the present license for the sale of European Spirits by wholesale, undertake to deal in Arrack also.

9 Under the foregoing explanation, it rests with the Board to decide whether I was not justified in refusing the permit applied for by Messrs. Stephenson & Co.

10 Mr. Underwood observes, in the concluding part of Para. 4 of his letter, that "the excise duty on Spirits imported by Sea and sold by the to the retail dealers, will form the subject of a special reference to

to Government." On this point it is sufficient for the present to explain that the Correspondence of 1812 and 1813 referred to above shews that the object of the Board and Government always was that the provision and custody of the Stock required for the Revenue Department should be entrusted to the Collector of Madras "at the actual prime cost and charges." Mr. Ellis, accordingly, in framing the new Law, inserted a clause which corresponds almost wholly with Section III of the Regulation. The last mentioned Section enacts that all liquors "purchased for, or belonging to the Honorable Company, shall be allowed to pass free of the particular duty," "on the Certificate of the proper Officer," meaning no doubt, the Collector himself, or some other Officer authorized by Government, and that what was intended" for the use of the Navy or of the Honorable Company's Troops" shall pass in the like manner, "on the affidavit of the Contractors".

Contractors." that the liquor "shall not be applied to any other purpose." es With a clear understanding of the real intention of the Regulation, Governs: =ment directed, after some further discussion, as shewn by the correspond: =ence entered in the Margin, that the Commissary General shall purchase the whole of the Vats belonging to the then "Contractors" of whom mention is particularly made in the Regulation and that he shall afterwards supp: =ply this Department from the Stores under his charge. That Officer has accordingly furnished, at prime cost, the quantities required for supplying the Retail Dealers since 1815. There can be little doubt that it is the intention of both the Board and Go: =vernment that the arrangement shall continue undisturbed, Govern: =ment being authorized by Section XVII of Act VI of 1844 to exempt Spirits required for the use of the Abkarry Department Vez. from the Excise duty Chargeable on import by Sea.-

11. I beg to apologize to the Board for this lengthened address; but the importance of the different matters on which information is sought, renders it desirable that I should have the benefit of the Board's sentiments thereon before replying to Mr. Underwood's letter.-

No. 1.

To J. A. Hudleston Esqre.
Collector of Madras.

Sir,

1. I have the honor to submit for your consideration, that the Rum in Bond in this Office, at your request, has been from time to time passed from the Warehouse for consumption inland, on the payment to you, I conclude, of a duty of 8 per Cent, whereas I am informed that it is manufactured under a license Specially providing that it shall be exported by Sea.-

2. You are aware, that Bengal Rum and Ceylon Arrack are under

Fort St. George 30th May 1844.-

under similar circumstances, exported to Bellary and other places, on the payment of an Import duty of 8 per. Cent, on Import by Sea.-

3.- These latter qualities of Spirit are now liable, on Import by Sea, to an excise duty of 9 annas per Gallon, no drawback being granted on exportation by land, and I therefore Submit for your consideration, whether Rum, distilled in the Presidency of Madras, for exportation, should still pass into the Interior on the payment of a duty of 8 per Cent.-

4. It has been represented to this Department, that you have declined to grant a permit for Ceylon Arrack and Bengal Rum, to pass into the Warehouse of the wholesale dealer for sale, under the Police Regulation No. 4, without the payment to you of an excise duty under Regulation I of 1813.- I have therefore the honor to request you will obligingly inform me, what part of the Law you consider empowers you to

Fort St. George 30th May 1844.-

levy this duty on Spirituous liquors imported by Sea, as it appears to me that the power is vested solely in this Department, both under Regulation I of 1813, and act VI of 1844.- The present reference involves only the case of wholesale Dealers.- That of the excise duty on Spirits, imported by Sea, and sold by you to the Retail Dealers, will form the Subject of a Special reference to Government.-

Sir,

We beg to acknowledge the receipt of your letter of the 17th Instant, and to state that we are not at all prepared to pay the duty of One Pagoda per Gallon for the arrack, as the Act of 1844 repeals the Regulation of No. 1 A. D. 1813. referred to in your letter, as will be seen by Para 2 of

To Messrs. Stephenison & Co.
Gentlemen,

With reference to your letter of this date, I beg leave to observe that you are labouring under a mistake in supposing that Regulation I A. D. 1813 has been repealed by Act VI of 1844, as by Section II, being that to which you particularly allude, only "Such parts of Regulation I of 1813" "as relate to the rates of Duty and Drawback on Spirituous liquors imported or exported by Sea" are rescinded. The excise duty leviable by the "Collector of Madras" on such quantities as are consumed within the Presidency, Collectorate is, therefore, still payable at this Office under the provisions of the same Regulation.-

Proceedings thereon.-

26

The Board observe that Dasaradha Bramaravaroo who is recommended as the brother of Deenabund Bramaravara Bunj deceased, to succeed to his Pension, is not mentioned in the letter from Mr Inglis, the Sub Collector in charge, dated 15th August 1837 in which the family left by the former Pensioner Hrooshee Casa Bramaravara Bunj Sunto is stated to have been "a wife, a son" the abovenamed "Deenabund Bramaravara Bunj" three daughters and a brother".-

In Cons. 31st Augt 1837.-

Mr Anstruther will therefore be good enough to explain whether there is any proof of Dasaradha Bramaravaroo being the brother of the deceased and if so from what circumstances it happened that he was not mentioned with the other members of the family in the letter above referred to from Mr Inglis.-

Read the following letter.-

To

7344- Fort St. George 30th May 1844.

To E. C. Lovell Esqre

acting Secretary to the

Board of Revenue

Fort St. George

Sir,

27

From the Collr of Ganjam. Regarding the Establishment of a Chowkey in the route by which foreign Traffic enters the Ganjam District.-

27

Para 1. I have the honor to acknowledge the Board's order of the 22nd ultimo for the Establishment of a small Chowky on the route by which foreign traffic enters the District.-

2 My letter of the 20th ultimo will have shewn the Board what the extent of the Revenue derived from that foreign traffic has been and might fairly be expected to be, such a traffic in fact does not exist, and the route is only travelled by Brinjarries who bring a little wheat which they sell for Money wherewith to buy Salt.-

3 Captain Macpherson in his last Annual Report to Government on the Khonds has suggested that a road be opened by Coormingiah and it will not be till long after that road is opened

or

Fort St George 30th May 1844

(or others in that direction) that any traffic which would repay the expence of a Chowky can be looked for.-

4 To Establish a Chowky now would be a total loss for many years and by preventing the formation of a traffic the loss might be perpetual and very injurious. It is very desirable to facilitate the transit of Salt by Goomsur to the independent States towards Nagpoor as well as to open the road generally and I am sure that to place a Chowky there now would be a positive loss in Money and a preventive of gain moral as well as material..

5 Of course however a Chowky shall be established if the Board reiterate their orders..

To the Coll[r] of Masulipatam.- Informing him that the Board will not disturb the quinquennial leases which he has concluded for the dry lands in the Deevy Purganah.- In Cons. 9th May 1844

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 20th ultimo in reference to the Board's Proceedings of the 4th of the same Month on the subject of the Quinquennial leases which you had concluded for the Dry lands in the Deevy Purganah..

2. The objection of the Board to these rents was not to the prospective amount of Revenue to be realized, but to the arrangement under which the leases would be confined to Poonjah lands only leaving the Nunjah and Garden in the same Villages to be managed under Aumanee. the result of such a system would be as the Board remarked

7347- Fort St George 30th May 1844

remarked to introduce two modes of settlement and two land lords into the same Village. Under the explanation however contained in Para 4 of your letter under acknowledgement it would appear that these "Rents" partake more of a Ryotwar Veesabady settlement than a Rent, each Ryot being responsible for the rent of his Field, whether it be productive or not, and the Ryots only contributors to the Circar Demand to the extent of the land held by them individually, and as arrangements have been concluded with them on these terms so far back as October last the Board will not disturb them. If however the Board are correct in their interpretation of your letter and that the Ryots or Renters as they are called are only held responsible for the extent of land individually held by them, they trust that you will experience no difficulty in furnishing each individual Ryot with a Puttah defining the Circar demand upon him. this should be done in every practicable instance.

3 In reference to the Petitions from the Bramin Inhabitants of Visvanada Cully and two other Villages referred to in Paras

7348- Fort St George 30th May 1844

Para 7 of your letter it seems unnecessary to add any thing to what is contained in the concluding Para of the Board's Proceedings of the 4th Ultimo, they have the fullest reliance upon your discretion that the priviledges claimed by these people on the score of long usage will receive all the attention that they deserve.

Suggetting an early notification with retrospective effect with reference to Sec: X & LVII asking whether Salt now ready for Store is to be weighed or measured.-

copy of a Petition with translation from certain Lumbady Naicks who had arrived from the Nizams Territories for the purchase of Salt, of which they were on the point of receiving 130 Garce when the orders to levy the increased price were promulgated. I have the honor to request the Board's orders as to whether the provisions of Section XLIII of act VI of 1844 are considered to apply to Salt sold for consumption in foreign native states, and if so, whether the case of the Petitioners may not call for some relief. They have come a distance of about 500 Miles on the faith of the Salt being sold at the heretofore fixed price, and they will now be equally subject to great loss by purchasing at the increased rate, or by returning with their numerous bullocks amounting to many thousands, unladen.-

2.

I take this opportunity further of requesting the Board's instructions as to the rates of duty which under Section VII are to be levied on goods crossing the frontier of the Territories of His Highness the Nizam.-

3

Section X and LXVII would appear to throw a doubt on the legality of the Collection of Customs on the frontier between the 1st April and the notification in the Officials Gazette of the Officers authorized to collect such customs

customs under this act, It seems therefore desirable that such a notification with retrospective effect should be made at an early period.-

With reference to my letter of the 4th Instant No 16 I should beg to be favored with the Board's instructions as to whether the salt now ready for store, is to be stored by weight or measurement. It appears to me very desirable that the practice of measuring should be continued and the accounts kept at the rate of 120 Maunds per Garce.-

Petition addressed by Lumbady Naicks Bagaman, Doorgan, Biddoo Battoo, Rajah, Maudoo Chotah and Battoo, Barkma inhabitants of Domlatabad.-

We beg to state, that we and some other Naicks borrowed about one Lac of Rupees on Interest from Soucars at Mungaree, 500 Miles distance from this place, for the purpose of purchasing Salt, at the usual price hitherto

hitherto paid. and, notwithstanding the sickness amongst our Cattle we have borne much expence in coming hither because we derived our livelihood at all time by coming to these parts to purchase Salt and conveying it to distant countries to the Westward where sales were speedily effected; we have taken much trouble in this instance in our journey hence, and are informed by the Tahsildar your honor had issued orders that from the 1st April the selling price of Salt was fixed at 180 Rupees per Garce by this arrangement the Cash we brought will not be sufficient to procure a supply adequate for the whole Tundah, and there are no Soucars here, who will lend us. The people who preceded us will undoubtedly sell their Salt much cheaper than we can afford to do, and hence put us to much loss even as to get no purchasers. we have already to pay much interest &c. on the Cash spent by us as Batta and there is no prospects (for the reasons stated above) of our holding out any longer. consequently what we have now to represent to your honor the preserver of poor people like ourselves, is; that as we had come here long before the Hookoom about increasing the price of Salt, was issued, some allowance

Should

Had we heard of this before we reached this, we would undoubtedly have acted according to the desire of our Soucars, therefore, we solicit that this request to your honor, from such indigent people as ourselves; will meet with commensurate consideration and hence that orders may be given for Salt to be sold this time to us at the former rate. we wrote an Arzee to your honor from Chinna Ganjam regarding this but received no reply, therefore we pray that answer may speedily be given. I have the honor to acknowledge the receipt of your letter of the 1st ultimo forwarding the Petition of Meer Mahomad Khajah Bahood Deen and requesting me to state whether some arrangement may not be made regarding the Guntoor Mosque Lands so as to meet the wishes of the Petitioner.-

It

7356

Fort St George 30th May 1844

It appears to me that as far as Government is concerned the arrangement suggested

of receiving from the Petitioner the balance of the sum advanced by Government, and directing the renter to pay to him the rent for the remaining portion of the contract is highly desirable. From the correspondence noted in the Margin, it seems that the Board from

the reports of the Collector, considered the Petitioners claim to the lands of the Mosque to be clearly invalid, and that it was inexpedient to do what might give a colour to his pretensions, I do not however see why the Petitioner may not be recognized as the Trustee or Durmakurta, of the Mosque and placed as such in possession of the Lands.-

The result of the present Rent

up to this year is noted in the Margin. It will be observed that a balance has accrued of Rupees 172.- besides Rupees 290 of the current Demand, and I regret to find that the very necessary precaution of renewing the security at the commencement of each Fusly has been overlooked. I have taken measures to recover the arrears and insist upon security for the remaining period of the contract which extends to Fusly 1255. The renter is the Peish Cram or principal

principal functionary of the Mosque.-

4 The amount of the advance still due to Government is Rupees 1093-14-6

5 I take this opportunity of suggesting the propriety of repealing so much of Regulation VII of 1817 as respects Mosques and Hindoo Temples, as its spirit does not seem to accord with the instructions of Government communicated in the Board's Proceedings dated 24th June 1841.-

The Board request that Mr Stokes will have the Goodness to receive from the Petitioner Meer Mahomed Hajah Bahadur Deen the balance which he has tendered, of the sum advanced by Government for the repair of the Guntoor Mosque, and place him as Durmakurtah or Trustee in possession of the Lands of the Mosque subject to the agreement entered into with the present renter leaving it also to the Petitioner to collect the arrears of Rent now outstanding.-

Acting Secretary to the

From the Collr of Guntoor
Submitting list of frontier Chow Kies with names of Chowkeydars and proposed establishment as called for in letter of the 4th April Recommending that the Road by Pondigal alone be declared open for the Conveyance of Goods across the Nizam's frontier.-

Sir,

Para 1. I have the honor to acknowledge the receipt on the 15th. of your letter of the 4th. ultimo, calling for a list of the Frontier Chow Kies with the Strength and rate of pay of the Establishment proposed to be maintained in them in this District and the names of the Chowkedars, and desiring me to specify the routes by which goods should be allowed to cross the frontier of the Nizam's territories.-

2. As the establishment to be entertained will depend on the number of roads to be left open it cannot be definitively fixed until this point is settled and as it is a matter of great importance I beg to refer it to the consideration of the Board.-

3. The boundary line between this District and His Highness the Nizam's territory is the Kishna River, and as measured on the Map is about 95 miles in length. The Kishna is at present crossed at twelve Ghauts or ferries along this line. With the exception of Salt nearly all merchandize is conveyed by Pondigal. At the other Ghauts Lumbadies are in the habit of crossing bringing with them in small quantities Tamarind, dying stuffs &ca. and returning with Salt a little grain

36

grain and cotton the produce of Palnaud is also exported by these routes. At the ferries where the Kishna is unfordable a ferry toll under the name of Jana Hasil is levied on passengers who cross with certain exceptions as more particularly explained in my letter dated the 28th October 1843. The basket boats used at these ferries are supplied by Government but the boatmen are remunerated by the passengers. There are two other ferries where Jana Hasil is levied between this District and Masulipatam but very near the Nizam's frontier. The total receipt of Jana Hasil in 1252 were 231-13-8 whereas the average cost of the boats as shewn in the Statement sent with my letter dated 15th September 1843 is 221-4-0.

4. Under these circumstances it appears to me that it would greatly simplify the collection of the frontier duties and save considerable expence to declare the Pondigal route alone open for the conveyance of merchandize, to abolish the Jana Hasil leaving the basket boats to be furnished by the boatmen who at present manage them and who may make their own terms

and to maintain at each ferry a Guard of 4 peons alone, and to have Chowkies for the levy of Customs only at Pondigal and Datchapully which seems a more efficient arrangement to secure the duty on export than if they were to have to cross the Pondigal Choukey alone.—

5. It has been suggested that it would be a convenience to traders and consistent with the arrangements contemplated by the new act to allow the Ameens of each Zanah to receive the frontier duty on goods exported from their limits and issue certificates for them. If this plan is adopted in other Districts adjacent to foreign Native States it may be also here; But otherwise I do not see reason to attach much importance to it.—

6. I submit a Statement shewing the names situation Collections and establishment in Fusly 1252 at each of the Ghaut stations as they now exeist and the establishment proposed to be kept up if the Pondigal route alone be sanctioned. The present cost is Rupees 71-6-0 the proposed Rupees 165-0-0 per month.—

7. If it should be considered advisable for the conveyance of the salt traders and Palnaud ryots one more Ghaut* west of Pondigal may be left open and the Goomastah retained there as at present. If it be decided to leave open all the present routes it would be proper to encrease the present rates of the Goomastahs pay to 8 Rupees. some increase is required in the Huzzoor Establishment as explained in my letter of the 4th ultimo No 18. In the next Mogen Zabitah these exeigencies can be most satisfactorily provided for—meantime one Goomastah at 14 and one writer at 15 Rupees are proposed.—

of Earth Salt in the Bellary District accompanied by observations of the effects of the increased Monopoly price of Sea Salt on the People of this Inland District comprised as it is of a mostly poorer Classes who are accustomed to the use of Earth Salt.

I have the honor to submit the following Report

2. Earth Salt is used by the Major of the People especially the lower Classes in the Bellary District as a necessary article of life it is also given to Cattle in considerable quantities, and is considered a specific in the diseases peculiar to cattle in this part of the country.

3. The history of the Ceded Districts shews that Earth Salt has been probably manufactured here from time immemorial, certainly from the commencement of the present century, when the Country was ceded to the British Government as a proof of this, I beg to draw the attention of the Board to the following Paragraph of a report of Colonel Munro's to the Superintendent of the Salt Monopoly dated 20th September 1806- Para 5. "The General manufacture of Earth "Salt is another circumstance which operates "against a Monopoly of Sea Salt; for, when "the Price of Sea Salt becomes high, it will "be reduced by increase of Produce and consumption "of Earth Salt" thus making it appear that the manufacture of this article has always been allowed to a considerable extent in this District.

4. Section III Regulation I of 1805 enjoins that "the manufacture or sale of Salt "and the Transit, Export, and Import of it, "whether by Sea or Land in the Territories

7370-

Fort St. George, 30th May, 1814.

"subject to the Presidency of Fort St. George, excepting "on account of Government or with their express "sanction, is hereby expressly forbidden: and all "Salt manufactured, sold, conveyed, exported, or "Imported, directly or indirectly, otherwise than "is provided from this Regulation shall be "liable to seizure and confiscation."-

5- With reference to this enactonent great correspondence appears to have been passed between the Board and the Collector, and although the details thereof would unnecessarily lengthen my report, I am compelled nevertheless to give an outline of the same. On the 23rd June 1808, and 18th and 28th May 1812, the Board informed the Collector that there was reason to believe that the manufacture of Earth Salt was carried on to a considerable extent to the detriment of the Salt monopoly and called for a Report, as to whether it might not be prohibited altogether without inconvenience to the People; if otherwise, to state the Rules under which it might be continued without, at the same time, interfering with the interests of the Monopoly. They expressed themselves that if the continuance of the manufacture to a certain extent required to be permitted, they will not object to the measure,

Fort St. George, 30th May, 1844.

measure; but directed that in "such case it "be limited to a certain quantity to be manufac- "tured at fixed places, and that measures "be taken so to dispose of it as to prevent "its being mixed with the Sea Salt, a com- "practise (to use their own words) so detriment- "al to the healths of the people as to the "the Revenue".

6. In reply to these requisitions Mr. Chaplin the then Collector, reported to the Board, that the manufacture was carried on to a considerable extent in seven of the Divisions belonging to this Zillah; that the consumption of it was general, that it was used both by the better and inferior Classes of People, and that it was not considered by any means prejudicial to health when the consumers were accustomed to it, though there could be no doubt of the manufacture being detrimental to the Revenue derived from the Sea Salt Monopoly. He informed the Board, that the Tax paid annually by the Worpars or Salt-makers amounted to about 6,000 Star Pagodas that the Board may form an idea of the Extent of

of the Produce of Earth Salt, and he was of opinion that the measure of abolishing the manufacture if suddenly adopted would operate as a hardship to the inhabitants generally as well as to the Persons in particular who are engaged in manufacturing it that the difference of price varied from 100 to 150 per Cent to which extent the Earth Salt was cheaper than the Coromandel Salt. He besides noticed at length the inconvenience or rather the difficulties which the measure would entail upon all Classes and in conclusion recommended, that the manufacture be still permitted in a limited degree under certain restrictions which he specified.

7. Referring to the quotation made by Government in the 4th Para of the Minutes of Consultation dated 27th January 1844 first above cited, I shall here repeat what Mr. Chaplin stated in the 6th Para of his Report to the Board dated 14th May 1813. "The number of Salt "makers (No. 11 in the Statement) amount "in number to 1510 and pay a Revenue "of Star Pagodas 3,039—6—70. The tax upon

"individuals

Fort St. George, 30th May 1834-

"individuals is settled according to the
"number of Buffaloes employed but the
"Rates every where vary in proportion
"to the quantity and quality of the Salt
"produced- The Board having directed the
"gradual abolition of the manufacture
"of Earth Salt, the produce of this tax
"will in the course of a short time be
"much diminished, as I have of late discour-
"-raged the erection of any new Salt Killocks,
"and as the earth in the old places will soon
"be exhausted the Ryots must of neces-
"-sity resort to some other occupation for
"a livelihood- Many have already Emigrated
"to Mysore and a loss of Revenue will
"be the consequence; but this will be in
"counterbalanced it is presumed, by the advan-
"-tages which will be gained to the Salt
Monopoly from the measure:-

8- On the occasion of raising the Monopoly price of Sea Salt in 1828 the Board [*] communicated their desire that the manufacture of Earth Salt which was so obviously calculated to injure the monopoly should be

prohibited absolutely wherever it could be done without hardship to the People, or at least checked and placed under restrictions, and called for a report as to whether Earth Salt was then manufactured in this District, and if so to what extent and under what Rules, and whether the manufacture can be absolutely prohibited at once or gradually without occationing inconvenience, or if it be necessary to allow the manufacture to be continued, what restriction may be placed upon it, so as to prevent it as much as possible from interfering with the Monopoly- To this communication the late Principal Collector Mr Robertson appears to have sent no answer, notwithstanding the Board have called his attention to the subject by the 4 different letters noted in the margin-

9- When a Tariff was submitted by the Sub Collector in charge of Bellary for approval, agreeably to a Circular letter dated 4th January 1838, the Board passed their Proceedings under date the 19th September 1837 in the 3d Para of which it was mentioned that

that "the Board also will not object to the
"retention of the Articles Dried Chillies, and
"Earth Salt under their respective Heads, but
"Dates and Carpets" should be excluded in
"conformity with the practice in other Districts"
This is the ground on which Inland Duty
has heretofore been levied.

10. I have sufficiently shown that
the manufacture of Earth Salt in this District
has been no clandestine or unauthorized affair.
Mr. Robertson though he did not think proper
to enter upon the discussion, knew well its
whole History, and had looked in all its
Bearings at the matter; many difficulties
presented themselves; he was afraid he should
injure his Ryots, and he resolved in consequence
to consign if possible by an obstinate silence
the whole matter to oblivion.

11. The time for this is now passed
and in giving orders which affect upwards
of a Million of People. I trust it will
be borne in mind, that the Ryots of the
ceded Districts have been described by
him who knew them best, as the
poorest of the Company's subjects that
to go no further back than our own possession

they

Fort St. George, 30th May 1814.

they have for nearly half a century enjoyed
the Privilege of using Earth Salt, and that
the day that the order is issued for its
suppression, thousands of Salt diggers
will be thrown out of Employ and immediately
emigrate to the Nizams Dominions,
Mysore, and the Neighbouring States. If
the Government have resolved upon the
measure it must be done deliberately
taking care that due time be allowed
for a sufficient quantity of Sea Salt to
enter the Zillah and be conveyed to
the remote Towns, where it will be
required. it must also be borne in mind,
that the whole Province throughout its
length and breadth is surrounded by
Countries, where the Earth Salt is manufactured, and that it will require careful
guard upon all points to prevent its
clandestine entry. In regard to the circumstance
mentioned in the 2nd Para of this address,
the Board are probably not aware
of the immense extent to which it is
carried. The Cattle of this Province

during

during the greater part of the year are fed upon Dry fodder, not a blade of Grass is to be found on the Black Cotton Plains after the month of March. The Hot winds wither up even the stubble, and the whole country for miles does not afford an atom of Verdure. Kumbu or the Stalk of the Cholum is the Fodder made use of, and Salt is. I am informed by the farmers, absolutely necessary to keep the Cattle alive till the Rains of June produce scanty Herbage.

12- If as I said before, the matter is resolved on; the opportunity of the abolition of the Transit Duties will be wisely chosen as some set off to the new demand. It is however my Duty to point out how little the People of the District upon whom chiefly the new Tax will fall, are benefited by the abolition of the Inland Duties, how few of the Articles released by this Enactment are ever purchased by the Cultivator, and how often in many instances the maintenance

maintenance of the Frontier Chowkies and the extension of Duty even beyond the 30 Articles hitherto taxed, tells against them. On these various accounts, and because I am convinced as I have frequently before stated, that every protection and every remission should be extended to assist the extreme poverty of the People. I am averse to what will, I fear, be the wish of Government, namely the total abolition of the manufacture of Earth Salt.

The nearest point from which the marine Salt can be procured is Ekapully in Nellore, and from this place our supply will be obtained. The price of a Garce of Salt will be raised by the land carriage to about Rupees 400, before it arrives at the Capital and centre of the District. Bellary. there can of course be no doubt that the consumption of Coromandel Salt by the People of this extensive Province, two thirds of them having never yet used it, will be an item of vast importance in aid of the Salt Monopoly, and all

Iregret is that it will fall upon the
Class of People who are least able to
afford it. Salt is a necessary of Life,
and even the increased price will not
Imagine prevent its general introduc-
tion as the idea of a Native eating
his Food without Salt is Sufficiently an
alternative never yet contemplated-

14- The majority of the Ryots use
for food the Cake made of Cholum
Flour- I do not think that this coarse
description of Bread would be eatable
without Salt. The question therefore re-
-mains whether the People can afford
to purchase the Marine Salt. It must be
remembered that the Price of Sea Salt
previous to the late increase is about 8 Fanams
higher than Earth Salt, and in addition to
this we have the per Centage now added-

15- The opinion of my Cutchery is
that the Ryots cannot afford the increase
Price, and that they will not submit to
be deprived of the Earth Salt- This may be an
an exaggerated account of the
matter- I have never yet found the

Fort St. George 30th May 1844-

the Ryots of this District oppose the orders of Government,
and it is therefore the more necessary to take care that
no order to their injury be issued- If the Board on taking
all these Points into consideration advocate the cause
of the People and the manufacture of Earth Salt
be continued, I am not aware that any interference
is necessary- The checks alluded to by Mr. Chaplain
are in fact perfectly futile a mere nullity amounting
only to an order that no new Earth-Heaps
shall be erected without the authority of the
Collector- An attempt was once made to introduce
Marine Salt into two or three of the Talooks
bordering on Cuddapah, but the effort was
not resolutely carried out and was ultimately
abandoned-

16- The class of men called
Woolpars alluded to in the 5th Para of the
Board's Proceedings are manufacturers of Earth
Salt in this District, which occupation they
chiefly follow, some of them are cultivators
and Tank Diggers- If their principal occupa-
-tion were interfered with, they will, as
I have before mentioned, leave their
homes

Fort St George 30th May 1844.

Homes and Emigrate to Mysore. The consequence would be that the Motupha amounting to upwards 8000 payable to Government by about 4,600 Woppara Families in 4,500 Houses containing 20,000 Census according to the Population account taken in July 1842, is lost, which inconvenience will be experienced for want of Tanto Diggers in the various Works in the Maramut Department performed hitherto by this Class—

17. It is already provided that Salt produced or Manufactured in the District may be exported to Native States, but that none be imported into the Company's territory on pain of confiscation.—

18 On the receipt of the Board's Proceedings dated 7th December 1843 the Medical Officer attached to this Collectorate was called upon to state his opinion as to whether the Earth Salt the consumption of which is so general in this District is found to be prejudicial to Health, for, although it appears much less pure than the Marine Salt, I have never yet received

Fort St George 30th May 1844.

+ Dated 24th Feby 1844.

received any complaint regarding it, that Officer's reply is herewith forwarded, from which the Board will observe, that no injurious effects are ascribed by the People themselves to its use, and though inferior to the Marine as an article of commerce he says, he cannot suppose that it is in any way prejudicial to Health.—

19— The earth Salt is manufactured in this District in about 800 Villages comprising 2,280 Hillocks during the hot season on the six Months from January to June, and the annual produce amounts to about 1100 Garces, 3/4ths of which quantity is consumed within the District, the remaining 1/4th being exported to Mysore &c.—

20. There are 2 Items of income to Government from this Salt, the one is Motupha Tax on the Hillocks, and the other Sayer Duty amounting to upwards of 10,000 Rupees per annum. I beg to subjoin an abstract exhibiting in a Comparative view the Collections for the few years.—

The Tax on Hillocks per year varies from 12 to 3 Rs. each, the average being 5 1/2

To A. Maller Esqre
Collector of Bellary-

Sir,

I have the honor to acknowledge the receipt of your letter of the 11th Instant, on the subject of "Earth Salt"-

No injurious effects are ascribed by the People themselves to the use of the salt manufactured in this District, and though inferior to the Marine as an article of commerce, I cannot suppose that it is in any way prejudicial to health Several varieties of the North Salt are to be found in the Market, but they differ chiefly in respect to form and appearance and chemically speaking are identical-

This the Dummahdumdy season has afforded me an opportunity of making minute enquiries at one and the same time, and from the information thus obtained, I gather that earth Salt is used by the poorer classes only, that they I fear compose in this District an unwanted proportion of the Population, and as its greater demand than the Marine, solely on account of its greater cheapness-

Cudbah station,

Being absent from the answering your letter of the 4th instant (which did not reach me till late on the 15th) so soon as I should have done had I been on the spot to make some necessary enquiries.—

Snowbies not having been established on the frontiers of the Hyderabad territory till the 1st of December 1843 I am unable to furnish a figured Statement of the Imports and Exports from and into that state for more than the last four Months.

Indigo.

Considerable quantities came from the neighbouring District of Cuddapah, for exportation to the Hyderabad Country, very little is at present manufactured in Kurnool, but the cultivation of it is increasing. The Export duty might be that imposed on British bottoms, the Import that on Foreign

Cotton Wool.

Very little of this is either exported or imported, the foreign duty should be put upon the Imports, the British on the Exports.

Silk & Cotton piece Goods.

Of Silk piece Goods, the Exports are very trifling, the Imports are chiefly from Aurungabad, under the Mogalye rule considerable quantities of the more costly manufactures, Kincabs and Gold embroidered Cloths were imported, but since the Assumption of the Country the demand for these articles has much decreased. The imposition of the duty on Foreign bottoms would of Course decrease it still further, and I do not think much would be gained by it.

In the Cotton piece Goods the Imports and Exports are pretty nearly equal, the latter are chiefly manufactured within the Province of Kurnool and are of a Common description, the principal part of the Imports are from Alpoor a large town on the opposite bank of the Toombudra. Some Chintzes also come from Bombay and Masulipatam but are chiefly of European manufacture; as the piece Goods imported are also of the description usually worn by the middle and lower classes, the imposition of the foreign duty

of 10 per Cent would be severely felt, and in fact would almost put a stop to the traffic. The British duty should be placed both upon the Imports and Exports.

Woollen Cloths

Are almost entirely from Bombay, and of British manufacture. The foreign duty might be put upon them.

Spices.

Are chiefly imported from the Western Coast, by the Way of the Mysore Country or Bellary. The foreign duty might be imposed without detriment.

Betel Nut

Imported chiefly from the Western part of the Mysore Country by way of Bellary and consequently would not be much affected by the frontier duty at Kurnool.

Camphor.

No duty is levied at present. It comes into Kurnool from Hyderabad. It is used principally as a medicine and for burning with incense. The British duty would be sufficient.

Tobacco.

Is exported in small quantities, it at present pays 5 per Cent. and as an agricultural produce the Foreign duty should not be imposed as it would interfere with the sale.

in small quantities from Hyderabad, but this year owing to the short harvest there, it has been exported. Very little is grown in Kurnool and what has been exported has been chiefly purchased in Bellary.

Other Grains.

Have also been exported this Year into the Hyderabad Country. In arranging the imposition of new Duties the interests of the classes most to be consulted are those who contribute most to the state, and as these are beyond all comparison the Agricultural, whatever tends to check the sale of Agricultural produce is to be avoided, and for this reason I have proposed that Export duty on such produce should in all cases be lower than the Import. With regard to Grain I think the duty should be regulated by the Season. In ordinary Years I should like to see the Export duty altogether taken off and the Import duty only imposed which should likewise be taken off in times of scarcity. The consequence of unrestricted export would be a slight rise in the price to the general consumer, but as he will benefit greatly by the abolition of the inland, transit and town duties, he will not

It will be seen by the accompanying Statement A that duties are now levied at ten Chowkies, these might be reduced to five as proposed in Statement B but as the Kalaul Ghaut is near the Raj Ghaut, and there is not much traffic there except on market days once a week, the same Chowkeedar could easily superintend both, with the aid of a couple of peons here.

Statement B will explain the changes I propose to make in the Chowkey Establishments. an experience of four Months has shown that the Establishment at

the water.

2. These letters were received by me on the 13th February last two days previously to my receiving Extract from Proceedings of the Board of Revenue dated 25th January 1844 Communicating Extract from the Minutes of Consultation under date the 13th January 1844. conveying the resolution of the Most Noble the Governor in Council not to "extend the Dusbundum Rules to Districts where "they are now unknown, or even to apply them "to new works where the System obtains." In consequence declined forwarding Mr. Groves's applications, but on reconsideration, it appeared to me that it would be giving the resolution of Government a retrospective effect to consider it as a bar to Mr. Groves claim in as much as the works on account of which the claim was made were completed before the resolution was passed, and were commenced and carried on with the understanding that the usual Dusbundums would be allowed.

3. The tank referred to in

Fort St. George 30th May 1844.—

Mr. Groves' letter, marked A, is called the Shekeriah tank. It is unknown when it was formed. Before Mr. Groves raised and extended the bank, it was merely a small pond at which cattle were watered. The water of it was never used for Cultivation, and the land beneath it is all Punjee land. Mr. Groves has enlarged it very considerably and uses the water of it for irrigating 16. 5½ acres of Mulberry plantations, and applies a part of the water to assist in the irrigation of lands watered also from other sources. If Dusbundum remission is allowed, I should recommend its being only allowed on the lands which is watered exclusively from this tank.

4. The tank referred to in Mr. Groves' letter marked B is called the Cudapah Goontah. It appears originally to have been a small tank made for watering cattle, and the water of it has never been used for cultivation. It lies in the line of an old Channel running from the Rajah tank, which burst 50 years ago to the Guinganary and Cuttammachey tank. I can not ascertain when it was breached. Mr. Groves says 20 years since, but some persons say

Fort St. George 30th May 1844.-

say 40 or 50 years. At the time Mr. Groves re:
=paired it the breach was so complete and
extensive that it held no water whatever
Mr. Groves has raised the bund consider:
:ably and built a Sluice. The work has only
been recently completed and the Shasildar
reports that the water has this year been
used for irrigating the lands beneath
it to a very limitted extent.-

5. Mr. Groves's Statement that Mr. Agilvie approved of and Sanctioned his repair or rather formation of these two tanks is well known to be true to all the residents in Chittoor, but Mr. Agilvie did not as he ought to have done make it a matter of record.-

6. Whatever the opinion of the Board may be as to the propriety of re:
=commending to Government to grant Dasbandum remission to Mr. Groves on the wet cultivation beneath these two tanks, I am of opinion that his right to the exclusive use of the water of them for purposes of ir:
=rigation is unquestionable.-

I have repaired and built lying above it
the Villages of Irumanem and between the

tion as I may apply it to on the usual

uated on the line that once formed
the lower side of the Nullah that con-
ducted the water from the Rajah
Tank before it burst about 30 years
ago, subsequently it seems to have
been used for some time as a very
small tank, but which had been
breached about 20 years before I re-
paired it about 100 feet broad in the
centre, from which period to the time
I repaired it and raised the
bund about 6 feet, it had never
contained a drop of Water. I began
repairing the tank after consulting

have reason to think he made no part
of his Settlement, which induces me now
to make the about application.

Para 1. I have the honor to return the accompanying Petitions Nos. 1822 of 1843

reporting on them as required.-

2.- The Petitioner claims to receive as Rupees 280-15- " being five years arrears on account of Woranechum and Vya-japoojah alleged to be due to him as Gomastah at the Triputty Pagoda of the Somatiendra Mut in the Ceded Districts.-

3. The Office in question appears to be hereditary in the Petitioner's family and on the occurrence of a vacancy has hitherto been filled up without any reference to the Mut. The Office was held by the Petitioner's father and on his decease in 1827 the Petitioner's elder brother Vencatachurry was registered to it.-

4.- In 1833 the Petitioner represented to the Collector that Vencatachurry had proceeded to another Country,

having

Fort St. George 30th May 1844

having first executed a Fauri kut in favor of Petitioner and his younger brother by which Venkatachanny made to them the whole of his personal prop. Petitioner also stated that Venkatachanny had on leaving the country written a letter to the Tahsildar requesting that Petitioner might be appointed to the Gomastakship. The Petition was referred to the Tahsildar who reported that he had received a letter to the effect stated in the name of Venkatachanny that Venkatachanny was absent and that Petitioner had proved the execution of the Fauri kut in question by the evidence of the attesting witnesses. The Collector in Consequence appointed the Petitioner on the 11th June 1833.

5. In 1835 Venkatachanny Fauri returned to the district claimed the Gomastakship stating that he had never resigned it, that it was true he had executed a Fauri kut on leaving the district in 1833 in favor of his two brothers, assigning over to them his personal property, but that

Fort St. George 30th May 1844

especially expected the Office in question and he desired that Petitioner might be made to produce the Original Fauri kut. Venkatachanny further stated that he had never written to the Tahsildar as alleged by the Petitioner.

6. Venkatachanny's Petition was referred to the then Tahsildar Mr. who reported that Petitioner was absent from the district and that Petitioner's younger brother stated he did not know where Petitioner was gone to or when he would return or what had become of the Fauri kut. Nooder was passed on this report. In April 1836 the Tahsildar reported that the Petitioner had re-appeared and stated he had lost the Fauri kut, and agreed that if he did not produce it in a Month Venkatachanny should be registered to the Office. In July following the Tahsildar reported again that Petitioner had not up to that time produced the Fauri kut and was not in attendance. On this Mr. Ogilvie in September 1836 ordered the Tahsildar to keep the emoluments of the Office in deposit.

deposit until the three brothers made their appearance. In 1837 they all attended the Tahsildar's Cutcherry and the Petitioner produced a Faurikut which he affirmed that Venkatachary had executed. Venkatachary admitted it but asserted that a passage at the end by which he accepted the Office in question had been erased. None of the attesting witnesses were forthcoming. The Shasidar in making his report inferred from the evident erasure of about 3 lines at the end of the Faurikut, & from the Petitioner's delay in producing it, that it had been falsified.

7. This report of the Tahsildar was made in January 1837 but Mr. Ogilvie passed no order till January 1838 when he directed the Tahsildar to get the case decided by a Village Punchayet. In 1840 the Tahsildar reported that for two years he had been endeavouring to get the case decided as directed, but the three brothers could seldom be got to attend the Punchayet at the same time and when they

did attend, it always happened that some of the Members of the Punchayet absented themselves, and that at last Venkatachary himself had gone away to another Country. Mr. Ogilvie in his reply dated August 13th 1840 directed the Petitioner to be put in charge of the Office until further orders, upon this the Petitioner immediately demanded the arrears, and Mr. Ogilvie in an order dated 11th November 1840 called for a further report. The Tahsildar reported on the 19th March 1841 that the arrears were in deposit, but no order was passed regarding them.

8. At this time Venkatachary again re-appeared, and demanded the immediate decision of the case, but Mr. Ogilvie as usual put it off, till in 1843 Venkatachary died. Upon this the Petitioner again brought forward his claim to the arrears. I was at that time in charge of the district and refused to pay them for on reading the records of the case I felt no doubt of the fact of the

Petitioner

Petitioners having falsified the Taurikh and thus surreptitiously obtained his registration in 1833.-

9. The arrears on account of the Woraveechum are in deposit from the 1st May 1836 to the end of July 1840, four years and three Months, and Amount to Rupees 190-6-0 but the arrears on account of the Vyasa poojah are not in deposit having improperly been omitted by the talook servants to be entered in the Jummah kurch account from the time the emoluments of the Office were ordered to be placed in deposit. They amount to Rupees 90-0-0 making with the Woraveechum a total of Rupees 280-15-0 as stated in the Petitioner. During the interval that the emoluments of the Office were in deposit it appears that Vyaspoojah was performed by Petitioner.

10. Mr. Ogilvie's reference of the Case to a Village Punchayet was manifestly done to save himself the trouble of deciding it, and afterwards reporting on it to the Board of

Revenue when the loosing Party appealed, for it is a case on which a Village Punchayet are most improper persons to decide.-

11. I recommend that the deposit be made over to the Mahunt with direction to carry it to the credit of the Pagoda, or pay it to the Petitioner as he sees fit.-

This Petition is a Mass of falsehood. The division of the Summudi Enam to which it relates was made in Conformity with a decree passed in Suit No. 316 of 1829 on the file of the District Moonsiff of Vellore which decree was affirmed in Appeal suit No. 125 of 1829 by the Sudr Ameen Moonsiff.-

No. 1816 of 1843. 12.

13. The Inam was originally granted by the Nabob to Peer shah as a charity in Hejeree 1180. It appears that in fusly 1219 his heirs being all females procured the Inam to be registered in the name of one Gouzafur ally Petitioner's father on condition of his managing

From the Acting Collr of Salem. Para 1.

Sir,

I have the honor to acknowledge the receipt of your letter of the 28th February giving cover to a Petition No. 28- of 1844- from certain Inhabitants of Salem, setting forth most serious accusations against myself and a Sewah Nevis Shaga Shagherry Row.—

Replying to certain allegations contained in a Petition No. 28 of 1844 to the Board from certain Inhabitants of Salem against the acting Principal Collector and a Sewah Nevis of Shashagherry Row.—

2. Had previous information of such a Petition having been sent to the Board from one Lutchmenarian who stated that he had signed it under an erroneous impression of its contents, and at the time examined a Goomastah Kistna Row who was stated to be the person getting it up, to ascertain whether he had any real cause of complaint when he positively denied any knowledge of such a Mahzernamah, on the receipt of the document from the Board, altho' its allegations are as ungroundless and false, as the language is impertinent and offensive— Yet as I am so distinctly charged with impartiality and sanctioning by my officials influence, in disregard of my Oath of Office, various acts

Fort St. George 30th May 1844.—

acts of peculation and abuse; I sent a Document to the Sub Collector to investigate the matter thoroughly as to what he can ascertain regarding the general conduct of the Jewab Mr. Brett has not yet concluded his enquiry, but both he and my Head Assistant have been endeavouring to find out the authors of the Petition, and the result is that only two persons are prepared to maintain the allegations of the Petitioners, Viz. Kistna Row the Goomasta before alluded to, and a person named Govinda Row, two others who cannot read said that they attested the paper by desire of the latter an Individual without any knowledge of its contents and all the other parties disavow their signatures and any participation in the matter whatever.

3. Altho' he denies the charge I have now the most convincing circumstantial proof that Vencut Row late Jewab Nevis and now Maha Record keeper is the author of this most scandalous production. The style of composition at once betrays him, being written

Fort St. George 30th May 1844.—

in the Mahratta Idiom in a mode of expression peculiar to him. The only two persons who support it being Kistna Row his own Nephew who lives with him, and Govinda Row his dependant who lives upon him and cooks in his house, and it is obvious the minute knowledge they have of orders which have been issued from my Office could only have been furnished by a person in Vencut Row's situation who had access to the records besides Lutchmenarrana his relative who first gave me the information & states that he was present when brought for his signature.—

In a letter dated 1st February 1844.

4. I have on a former occasion taken notice of the offensive language indulged in by Vencut Row towards myself, but that of the present Petition is so peculiarly malicious vindictive and false that I trust the Board will approve of his dismissal from the service with ignominy. He drew out the Petition at the end of last December when Mr. Gley visited Salem on the expectation of that Gentleman intending to take charge of the District, and that it would not come into my hands but fortunately his contemptible object has been defeated,

and

Fort St. George 30th May 1844.—

and I am able to expose the infamous conduct of this worthless individual.—

4th Jany. 1844.

5. I have already explained to the Board the circumstances which induced me to reduce Vencat Row from his situation, and the irregularities and arrears of business in his department. That discovery, connected with reports of the state of the record Department at Salem, that Suitors in Court were in the habit of introducing their pleadings, dates and exact quotations from public documents, which they could not have done unless they had access almost unlimitted to the records I determined to sift the matter thoroughly to put a stop to such a state of things, but experienced the utmost difficulty in obtaining correct information. The Cutcherry appeared to be so much under the influence of a Coterie Mahratta Brahmins that for the life of me I could get no information out of them, further than exactly suited their own purposes under such circumstances I resolved to put in the place of the suspended Sewab Nevis, an entire stranger, unconnected with the intriguing politics of my Office, and one who had no family

connexions

Fort St. George 30th May 1844.—

connexions in the District. I applied to several Gentlemen to recommend a person, and eventually nominated on trial the present incumbent Shashagerry Row, who I have known for several years at Madura as a clever intelligent man, and tho' 'tis true, as stated in the Petition that he was removed, and fined by the Collector of that District, on his appeal the Board had cancelled the sentence and remitted the fine, there appeared no objection to his future employment, particularly as I am myself well aware how the charge was on that occasion got up against him, from his having exposed to me the intrigues of his namesake the Head Sheristadar of that District.—

Board's Proceedings 15th Jany. 1838

6. This man has of course a great many enemies in my Office from the irregularities he has been so instrumental in bringing to light, since I appointed him I have been able thoroughly to expose the system, or more correctly speaking the want of all system which for years has prevailed in the Office, since the disclosure of the malpractices on the part of the late Sewab Nevis, I have introduced a system of regularity, by opening a Register for all urzees

received

Fort St. George 30th May 1844.—

received from Tahsildars and complaints from Ryots showing the dates of their receipts their Numbers, and how disposed of daily as also the dates of dispatch of all endorsements, which are filed and entered as in the English Department which I find to be a great check against Urzees being withheld or abstracted from the dufters, and also, to attach responsibility to the Head of each Department, I have ordered that their names be signed to every Taleem issued from their respective Departments.

7. I found out that the Mahomedan Record keeper Runga Row had for a long time been absenting himself entirely from his Office intrusting all the duties to his son Trimal Row a young boy who signed his fathers' name to the Urzee addressed to the Hoozoor and the Official Copies of documents furnished from the Office. I at first fully intended and confess ought to have sent the Father and son to take their trial before the Criminal Court, but in consequence of the length of service of the former was persuaded (it might have been by the influence of the Jemabdhars) to accept his retirement, and recommended him for a pension as the however

Fort St. George 30th May 1844.—

however is stated as a charge against me it is not still too late to recal my application— I owe also to the present Jewab Nevis the discovery of a fraud on the part of Sen Karanarrain Moodely the Hoozoor Jamil Record keeper who in furnishing a Copy of a Mahzernamah to an Individual who had a cause in Court, altered dates, and by a fraudulent interpolation added the name of the applicant to serve his cause, but I need not here enter into the detail of that case as he was committed to the Criminal Court where the trial is a matter of record, but would refer to the defence made by that individual before the Subordinate and Sessions Courts, as a further exposee of the state of his Department.—

8. There are several other cases parties I have punished in various ways and am prepared to justify every individual case or those who fancy themselves aggrieved making their legitimate appeal.—

Dated 12th Oct. 1843. Para 72— 9. I have already in my Summary Report alluded to the change I thought it advisable to make in the language in which the written business was transacted, all reports and Proceedings

7420- Fort St. George 30th May 1844.-

Proceedings from Tahsildars were in Mahratta which is only known to the Mah=ratta Brahmins, and not made use of in the Court and quite unintelligible to the great mass of the population, Petitioners used to be furnished with documents and endorsements in a language which they could not read and were obliged to have recourse to a set of translators about the Courts and Cutcherry who made a lucrative bu=siness in transcribing these documents into the vernacular languages of the Country- Tamil had long been substituted in the Sub Division and after mature deliberation as there appeared to be a strong wish among the inhabitants for the change I took upon myself to order Tamil to be made use of instead of Mahratta in all Tahsildars' Urzees excepting those relating to accounts and all answers and endorsements on Petitions are now given from the Hoozoor in the same language, the Urzees are addressed to the Office, and I am assured that the change has given general satisfac=tion to the people, altho' I met with strong opposition in carrying it into effect,

7421- Fort St. George 30th May 1844.-

effect, especially from my Head Sheristadar who can write the Maharatta language only, but the remark regarding the change is quite applicable to Shashagerry Row who can transact business perfectly in four languages, neither had he any thing to say in the matter.-

Remarks

Fort St. George 30th May 1844.

Remarks to the Return of Tahsildars in the Collectorates of Madura and Dindigul

A Annajee Rao Tahsildar of Madaeelum On the 1st May 1842 I stated my continued satisfaction with his conduct and that I had no reason to change the opinion I had recorded of him on the 18th May 1839. He was dismissed by Mr Commissioner Drury on the 14th January 1843 and restored by the Board of Revenue on the 17th October because they deemed he had been hardly dealt with giving him the half of the pay of the office during his dismission. I am not to well pleased with him as I formerly used to be but make allowances on this confession in which he founds his office on resumption of his duty and the difficulty he may have had in recovering that influence which had been so severely shaken by Mr Commissioner Drury, this in some degree explains by his subsequent restoration by the Board.

B Andiya Pillay Tahsildar of Thirumangalum. In May 1842 I reported unfavourably from offensive conduct

Fort St. George 30th May 1844.

conduct towards those under him; and that he was then under trial for 'homicide' by misadventure he was entirely and honorably acquitted and was promoted by me to this from the second class talook of Symphilly. His unpopular manners continue, tho' perhaps not so offensively and I am well satisfied with my selection of him for present high duty.

C Narain Rao Tahsildar of Mayluel. On the 2nd June 1843 Mr Acting Principal Collector Stockwood recorded he had no dispost to offer to my opinion of this man recorded in the 1st May 1842 and I hear repeat the same praise and satisfaction

D Venkatarayanarien Tahsildar of Vandiambaa. My opinion of the Tahsildar is the same as recorded in May 1841 and 1842 He has been much employed by the Sub Collector since in bringing up arrears in other Talooks where the Tahsildars were in disgrace, and without giving

him

him credit for any great ability with which he did he gladly grant to him for the readiness with which he undertook that duties

In reference to the opinion recorded of him by Mr Morehead last year I must beg to notice that the Tahsildar of Tandiecombu has no connexion whatever with the Coombaray hills which are within the Talooks of Thankuray and Tyempully. Hence Mr Morehead's record would seem to have been to discredit this Tahsildar which I am convinced was undeserved, and I do not believe intended.

E. Dhondo Rao Tahsildar of Tyempully. In 1834 I found this man, who was Mozoomdar of Madacolum acting as Tahsildar of Tyempully. On the representation of my late Sheristadar of his comparative youth and inexperience I was unwilling to confirm him to the detriment of older and more experienced servants. He retained his situation in Madacolum had always given

given me reasonable satisfaction and on some police affairs he had shewn much praiseworthy activity and ability; and on a death vacancy I promoted him, in May 1842 to the Talook of Tyempully.

Within the month the Joint Magistrate has sent the Criminal Court for murder and in a letter to me of the 15th Instant he has stated his belief he has been in the habit (as well as his predecessors) of giving general warranty; and has hinted in general terms of other objectionable proceedings that have recently come to light in that Talook. But as he has not yet favored me with a perusal of the proceedings against him, as reported on the 18th Instant, and as he has only dealt in general on the subject I am not inclined to impute any blame to Dhondoo Rao, nor to the Joint Magistrate for ignorance of long standing abuse.

F. Sham Rao Tahsildar of Thenkurai. I am not inclined yet to alter the opinion recorded of this man in

Saffer Tuppain from an Ameenship in Shevagunga where he had been shortly before appointed by me. I had not deemed it desirable he should have been so promoted, but since it has been done by the Commissioner, I would not wish to displace him and in his conduct in this office I have been fully satisfied. In some parts of his duties he evinces more energy activity and judgment than other Tahsildars.-

particularly wanted in Tinnevelly, I beg respectfully to remind the Board and to request their instructions.-

2. I furnished the Board in reply with the information called for, and offered a few suggestions. I thought calculated to facilitate the object in view. It would be desirable to put into practice as early as convenient the benefit alluded to and if the Board will sanction the few encouragements and rules I proposed, I have every hope of their being useful in Tinnevelly, with an ultimate and permanent gain to the people and without loss to government.

Sir

I have the honor to enclose the original letter from the Sub Collector and enclosure respecting Venkataramaniah Tahsildar of Sankarnainarcoil and earnestly to request the Board's sanction for the usual pension applied for. The Sub Collector has repeatedly brought to notice Venkataramaniah's incapacity from increasing age and infirmity, he has been placed in the easiest taloota as a last trial, but the interests of the Ryots and the Government imperatively require that he should be no longer left in any responsible charge.

2. He is unwilling and not able to degrade to a lower post, and earnestly solicits in favor of the Pension to which his former services and increasing age seem to entitle him.

2. The present Kistbundy was adop-
-ed after much care and consideration in Fusly 12
and it is believed has been found to work well: a
regards the great staple of Malabar, the Rice
cultivation, it is certainly well adopted
to the Province, and the arguments used in
the Memorandum which accompanied
your letter in reference to the uniform numb
of Kists and the closing of the Kistbundy
account in July do not appear to the Board
of sufficient weight to authorize a change in
the Kistbundy of the whole Province the desir
uniformity is not maintained in the schem
now submitted and the retention of the Su
Kist in Wynaad will still hinder the acc
being made up at the end of the
fusly. They are of opinion therefore that
it would not be advisable to disturb the
existing arrangements.

Circular.

Sir

The Board of Revenue having recently had under their consideration, several cases of Appeal from the judgments passed by Collectors and their Subordinates under Regs IX 1822 and VIII of 1828 in which the instructions contained in the Circulars from this Office under dates 12th April 1826 and 31st December 1835 have not been conformed to, I am directed to call your particular attention to those orders, and to inform you that in future the Board will feel themselves under the necessity of returning for revision all Proceedings held under those Regulations in which the Officer before whom such investigation may have been conducted whether originally or in appeal shall have omitted to record in English "his judgement on the case." "giving a summary of the evidence on the several charges" "a distinct sentence of acquittal or conviction on each" "with a concise Statement of the grounds on which" "it is founded." The same course will also be pursued in all instances in which a Collector forwarding to the Board a Petition of Appeal under Clause Sec: VI Regulation VII 1828 shall have neglected to notice such of the allegations made by the appellant as may appear to demand explanation.
