To G. D. Drury Esqre
Chief Secretary to the
Government of
Fort St. George

Sir,

I am directed to acknowledge the receipt of your letter No. 534 Dated the 30th Ultimo with Enclosures, and in reply to state that for the reasons therein assigned and under the recommendation of the Most Honorable

11548 Fort St. George 2d September 1844.

Honorable the Governor in Council the Governor General in Council is pleased to sanction the continuance of the Scavenger Establishment for cleansing the streets of the principal Towns in the District of Bellary authorized to be entertained at an annual charge of Rupees 1,815 in my letter of the 21st October last as a Temporary measure until some permanent arrangement can be made for the purpose.

2. With this object in view the Governor General in Council requests that the Government of Fort St. George will be pleased to suggest any amendments which may be deemed desirable in Act X of 1842, in order to adapt its provisions to the wants of the Madras Presidency and on the receipt of a Draft so amended the Legislative Council will, I am instructed to say, lose no time in enabling the Most Honorable the Governor in Council to provide for the health

and

From the Collr of Bellary — Submitting the information called for by the Board regarding the Sugar Cane Cultivation in his district and requesting early orders for abandoning one Fussul Sastie.—

Sir

1. With reference to the Board's Proceedings under date the 3rd March 1842 on the subject of the Sugar Cane land taxes in this District, reported on in my letter of the 9th December 1841. I have the honor to submit the explanation called for.—

2. The Board entertain doubts as to the reasons I adduced for attributing the depressed Cultivation of the Sugar Cane, to the practice of levying a high tax, and they have therefore called for an account exhibiting the actual Cultivation in each year, previous and subsequent to Fusly 1238 A.D. 1828/29 together with the annual Current selling prices of Sugar and Jaggery. Mr Robertson opened a form for the preparation of a very valuable account of Cane Cultivation

11565 Fort St. George 2nd September 1844.

Cultivation from Fusly 1241 / A.D. 1831/32, before which he had only called for an abstract, antecedent to Fusly 1238 / A.D. 1828/29, no accounts of that nature were regularly kept in the Hoozoor, only a kind of short Abstract collected from the Talooks; consequently it is now impracticable to prepare a regular account, at least any account which could be paled on as perfectly correct. I beg leave however to append a Talookwar Abstract containing Accounts of those years for which they were kept. The Board will observe from it that no year antecedent to Fusly 1252 / A.D. 1842/43, shews an extent of Cane Cultivation equal to Fusly 1238 / A.D. 1828/29, and that in Fusly 1252 / A.D. 1842/43 only do we see some increase; the low rate of selling prices of Grain, added to the expectation of getting remitted one tax of the two Fussul Taxies, having induced a few Ryots to extend their cultivation.

Fort St. George 2nd September 1844.

The selling price of Sugar of this District is not inserted in the above, because of the small quantity of that article Manufactured only in fact in the Talook Kodeecondah. —

4. The Board in Para 6 have objected to the remission of the Fusul Sastee of the 1st year in which the Sugar Cane is planted, as levied in strict conformity with the Established Rule of the Settlement; but they have conditionally authorized the remission of the 3d Sase or the Fusul Sastee of the 2d year. My reasons for preferring the remission of the first Fusul Sastee, were 1st that the Ryot does not reap the produce till the following year. 2nd that a single Crop would otherwise be entered in the Accounts of two years. 3d that the quantity of land planted with cane / which being usually planted at the latter end of the Fysak / could not be ascertained till after the Summabundy is over, 4th and lastly that the Southern Talooks have enjoyed that privilege before the System

Fort St. George 2nd September 1844.

system of the Western Talooks was introduced universally. The Board's motive for preferring the 2nd Years Fusul Sastee appears to be founded on the principle that a conformity to the Established Rules, more particularly of the field Assessment which makes the 1st Years Fusul Sastee just, renders the Assessment of the 2nd Years Fusul Sastee an unjust Tase, as being at variance with the Established rules to levy rent on uncultivated land. —

5. I have the Honor also to transmit the accompanying Talookwar Statement exhibiting the extent of land occupied by Cane Cultivation and the different kinds of tase levied on it in each of the 12 Consecutive years from Fusly 1241 / A.D. 1831/32 to Fusly 1252 / A.D. 1842/43.

The following is an Abstract —

It will be found that the aggregate amount of the whole three Items levied on Cane Cultivation is Rupees 62,743, out of which Allowances that Rupees 62,150 in all the Proprietors admitted by the Boards as well assessment to be continued on Cane Cultivation, Viz. Rupees 16,590, for the 1st Year the Cane is planted Rupees 37,970 or Lyan Sum (or full assessment) for the Harties of the 2nd Year, whilst the Tufseul assessment or Tufsee Taster of the 2nd Year's Crop amounting in the present instance, to Rupees 10,583 is what I conclude the Boards have unthought me to abandon (without of course affecting the Assessment to Rupees 30,978, as stated in Column 10 of the foregoing Abstract). But as it is mitting the Items of Tufseul Tastee on Cane

to be Assessed Viz. "The demand up Items

Fort St George 2nd September 1844-

becomes distinct from any change in the previous
year- The fixed Teerwa is levied, and if
the Cane remains in the ground and the
land is not prepared for the Cultivation of
any other Crop, while the means of irrigation
are at hand, it becomes liable to 2nd Crop
rent or half Teerwa, in the same manner as if
the first Crop had been Rice instead of the
Sugar Cane. If however, after the first Crop, whether it
be rice or Sugar Cane, there is no water for the Cultiva-
tion of a Second Crop at the period of Vyasak,
and nothing can be grown on the Land, the
2nd Crop rent ought not to be demanded."
Here I beg leave to bring to their notice that
if the Cane remains uncut on the ground as
the Board observe, the tax undoubtedly
is due, the land being there occupied for
the period of one and a half year or for
3 Crops. But as this is not the case,
and as the Cane only remains on the
ground for 11 Months, the rent of
two Crops only should be levied - In
the

Fort St George 2nd September 1844-

the Southern Talooks it is the universal
rule never to attempt another Crop of any kind
for the Vyasak or immediately after the cutting
of the Cane, this being the general opinion
of the Ryots - In the Western Talooks, there
is a practice (in lands under River Nullahs
and under Capital Tanks) of growing a
Paddy Crop immediately on cutting the cane,
and the Fuseul Jastee is usually levied;
it amounts as above stated to Rupees 3078,
but the rest of the land being laid waste,
I consider that on the principle laid down
by the Board, the tax is not leviable -

6. It may be said that the Board
limit the principle to cases where "there is
no water for the Cultivation of the 2nd Crop"
But it seems immaterial whether there
is water or not, "if" (as the Board immediately
after say) "nothing can be grown on the land,"
which is the fact - But generally there can be no water
in Tanks available, and though there be water, there is
always

Fort St. George 2nd September 1844.

always plenty of other land fit for Cultivation, to which it may lie, and is applied without the necessity of compelling the Sugar Cane Ryot to put it to his land, which according to the opinion of the farmers is considered unproductive. The supply of water in a Tank is rarely sufficient to Cultivate all the lands under it during the Kartie, therefore at the Vysac it is a general Rule that the lands sown for the Kartie shall not be sown for the Vysac, till the other lands (that sown for Kartie) are first watered. This general Rule obtains for the Government the greatest revenue possible; and though the Ryots who Cultivated for Kartie have not the privilege of enjoying a second Crop at the Kalf Seerwa, yet the present practice leaves means to others whose fields were left waste in consequence of the insufficiency of water in their reservoir for Kartie to sow one Crop, why then in the case of Sugar Cane Ryots, should the principle be reversed by

Fort St. George 2nd September 1844.

by compelling the Ryot to pay for land waste and unfit for Cultivation, on the pretence of there being water; or why should we endeavour, even if there should be water for the whole, to make the Ryot Cultivate land which yields no profit.

7 Although in the 6th Para the Board appear (as I already stated) to disapprove the remission of the 1st Years' Fusul Jastee, yet both from the instructions originally laid down by Sir Thomas Munro and the desire expressed by the Honorable Court of Directors, they seem to conclude that no more than one full Assessment and one Fusul Jastee should be levied on Cane culture, as the rate was the "same as for two Crops of rice "and no more." But by the System now in existence it will be observed that one Crop of Cane which occupies the land for one year pays two Fusul Jastee and one Iyen Seerwa, i.e. the same rent as three Crops of rice according to the proportion noticed in the Margin. By the Principle laid down by the Board the rent in the supposed case, should be the same and Half the Seerwa equal to

To three Crops of Paddy	5	10	5	20

Fort St George 2nd September 1844-

to the Sase or two Crops of Rice, Viz^{to} 15 Rupees, not 20 Rupees - By the abandonment of the 2nd years Fusul Sastee at once without any restraint whatever as esplained in Para 5 of this letter, the Ryots of the Western Talooks will be supported and escape from their present poverty, and those of the three Southern Talooks will be relieved from the burden of one half rent instead of the 1st years Fusul Sastee lately saddled on them, the whole Assessment on Sugar Cane culture will be uniform throughout the District - The Cultivation of Sugar Cane will increase encouraged by this and by the Prohibitions of Act No XV of 1839 -—

8- Some orders of the first Principal Collector Colonel Munro on the Assessment of the Sugar Cane, have been referred to, and transmitted in my letter of the 9th December 1841 - There are four more orders issued by him in 1211 - 1215 - & 1216 - A.D. 1801-2 - 1805-5 - 1806-7 Fuslies, which are forthcoming. Those of those orders are by themselves rather indistinct - but their meaning is quite settled by

Fort St George 2nd September 1844-

settled by one on the last mentioned year - This order (issued in Fusly 1216 / A.D. 1806-7) provides that Plantain, Betel and Sugar Cane Gardens being the produce of 12 months are to be taxed with only 1/2 Seerwa, as for example (which is specially mentioned) Sirm 9 Pagodas. Fusul Sastee 4 1/2 Total 13 1/2 Pagodas -

Three years subsequently to this, when in consequence of this order not having been duly regarded, the Sugar Cane Cultivation had greatly deteriorated, Mr Chaplin ordered that "15 Pagodas "only should be levied on the Acre, Viz^{to} (he "specifies it) Sirm 10 Pagodas, Fusul Sastee "5, and that the Extra Fusul Sastee 5 Pagodas "which had been collected was not to be "demanded" But the following Extracts from two letters of Colonel Munro to the Board of Revenue shew his opinion clearly -

Writing on the subject of increasing the Revenue by an Extra Sase on Betel and Tobacco, he observes (Para 4) "The two first modes of augmenting the Revenue by an Extra

sively as the demand for them is so

10 From what has been thus far explained the Board will I presume be pleased to consider that the arbitrary Extra Assessment added to the great expense and labour attending the Cultivation of cane are sufficient impediments to its rapid increase, and that it needs to be encouraged, and not in any way checked. In conclusion, I beg, that should I not have rightly comprehended the Boards' wishes, the same may be intimated to me previous to carrying them into effect at the ensuing Settlement.

Acting Secretary to the

Board of Revenue

Fort St. George.

(26)

Sir,

From the Collr. of Chingleput. Submitting three Statements of outstanding Balances on account of Land and Extra Revenue from Fusly 1244 to 1251, and requesting to obtain authority to write off the irrecoverable portion of the Balances.

Vide Enclosure A B. and C.

Para 1. I have the honor to transmit for the consideration of the Board of Revenue the accompanying three Statements shewing the outstanding arrears on account of Land and Extra Sources of Revenue in the Chingleput District from Fusly 1244 A.D. 1834/35 to 1251/1841/42 inclusive, and to request, under the explanation hereunder submitted, the authority of Government for writing off the irrecoverable portion, may be obtained.

2. The Statement A exhibits the amount of old Balances or demand on account of land revenue still outstanding from Fusly 1244/1234/35 to 1248/1838/39 amounting in the aggregate to Rupees 496-8-4. Of the above sum Rupees 215-2-11 is the amount of quit rent at the reduced rate of 43-12-7 per annum due upon the garden at Madeveram belonging to the Estate of the late Veerasawmy

Veerasawmy Iyer, and which formed the Subject of the correspondence noted in the *Margin - The administrator to the Estate has, notwithstanding the finab orders of Government under date the 4th June 1839, continued to withhold all payments on this account, nor will he, I imagine, take any steps to liquidate the demands either current or arrears until the garden be attached and brought to Sale; and which proceeding I have not ventured again to press, in consequence of the Board having expressed their unwillingness

* From B. 29th Augt. 1839

to Sanction such a measure until the Survey rates introduced by Mr. Maclean shall have been approved of. It is necessary however in disposing of the question of old balances, now to determine whether this amount and that of the difference between the former teerwa and Survey assessment of certain other Gardens entered in Col 9 being Rupees

Fort St. George 2d. September 1844.-

Rupees 64 - 8 - 10 - shall continue upon the accounts as a leviable balance, or whether the amount shall be written off at once. The sum of Rupees 52 - 1 - 10 being the assessment of certain lands belonging to a Choultry in Chinglepoolum, in the Mootah of Streeharecottah, and on which a separate report is under preparation, is reserved for future adjustment. The remaining portion is, I conceive, for the reasons entered in the Column of remarks Statement A, irrecoverable, and I therefore request that sanction may be obtained for writing off the same being Rupees (164 - 10 - 9) one hundred and Sixty four, annas ten, and Pice nine. -

3. In Statement B is exhibited the Balances of Land Revenue outstanding for Fuslees $\frac{1249}{A.D. - 1839/40}$ - $\frac{1250}{40/41}$ and $\frac{1251}{1841/42}$ amounting in the aggregate to Rupees 24,672 - 1 - 1, of which I consider Rupees 23,621 - 6 - 8 to be either totally irrecoverable, or recoverable only by the extreme measure of distraint, a course that would undoubtedly entail not only great distress to

to the individuals, but eventually loss of revenue to the State.-

Demand	Balance	Percent
	Rs. a. p.	Rs. a. p.
1249	8,93,740 3,1,535	9 7 .. 2 9 4
1250	8,49,344 8 2,518	9 .. .. 0 10 2
1251	20,69,912 5 10,469	13 1 .. 0 1 13

4. On reference to the abstract Statement exhibited in the Margin, it will be observed that the amount of balance considered irrecoverable, and to write off which Sanction is now solicited exhibits only a small per centage to the Demand, but it is at the same time necessary for me to submit a few remarks relative to the nature of these balances, and the causes which have led to them.-

5. Of the balances outstanding on account of Land Revenue for Fusly 1249 A.D. 1839/40 amounting to Rupees 1,622 - 4 - 8, Rupees 1,535 9 - 7 - are considered irreconerable, the amount however forms so small a portion of the demand as 2 3/4 annas per centum. Of this amount Rupees 22 - 3 - 5 and 23 - 4 - 4 Stand against deceased Ryots, or individuals who have left their Villages, Rupees 1,468 - 13 - 3 by Ryots who from misfortunes and poverty have been unable to meet their

their Kists, and Rupees 21 - 4 - 11 the rent of lands situated in Cantonments, the realization of which was suspended under the Minutes of Consultation dated 7th July 1840.-

6. Your Board are aware how materially the condition of the Ryots has been affected by the very depreciated rate at which produce was selling during Fuslies 1250 A.D. 1840/41 and 1251 A.D. 1841/42, and also that much injury was done to the Standing crops by the gale that occurred in May of the former year. These circumstances were brought to the notice of your Board in the correspondence noted in the Margin, at which period I imagined it would be necessary, to remit from the demand of 1251 A.D. 1841/42 a much larger portion of it than is now outstanding, but having personally proceeded into the Taloocks and inquired as minutely as practicable into the means of the Ryots to meet their Kists, the balances were considerably reduced - The amount now outstanding on account of these two fuslies is

				The balance outstanding for Fusly 1244 Amounting to Rs a p 5 n.a. 1-½ consists of two items viz.ts Rs a p 3 n.a. 7 being the rent of a garden belonging to the Estate of Veerasawmy Iyah and 8 n.a. 9 the rent of a garden at Tirbullore, the property of one Chuckravurty Chitty. The former of these sums is the reduced rate of rent for Fusly 1244, authorized by the Minutes of Consultation dated the 6th June 1839. transmitted with Extract of the Board's Proceedings 6th Idem, the Administrator however has not only hitherto refused to liquidate the rent for that year, but of all subsequent ones and it appears to me therefore advisable that the Garden should be brought to sale in the event of his continuing to withhold payment for the sums due from the period. The 2nd item is the rent of a Garden which remained waste for two years pendent a discussion relative to its liability to taxation and the amount of rent, and which I beg therefore to recommend may be remitted.
8 n 7			8 n 7	
8 n 8			94 2 11	The Balance for this year consists of three sums being Rs a p 86-2-3 the rent of a garden at Shembeyum the then proprietor of which has since died insolvent Rupees 48-2-7 the rent of the late Veerasawmy Iyah's garden and that of Chuckravurty Chitty Rs 8-2-8 The first and last items amounting together to Rupees 94-2-11 I beg may be written off. The amount due by the Executor of the late Veerasawmy Iyah will depend on the decision of the Board.
		6 135	6 135	The Balance of Fusly 1246 consists of the rent of the late Veerasawmy Iyah's Garden and the difference between the rent formerly paid by the occupiers of certain gardens and the rent fixed during the survey, but which was suspended under the Board's instructions dated 3rd June 1839 as also the quit rent of a Garden at St. Thomas Mount the demand for which was suspended under the authority of the Minutes of Consultation dated 7th July 1840. This latter sum I beg to recommend for remission.
9 145			29 10 10	The Balance of Fusly 1247 amounting to Rs a p 85-5-5 consists of Rupees 43-4-7 the rent of the late Veerasawmy Iyah's Garden Rs a p 19-12-5 due by an individual now dead 12-10-4 the difference of Assessment suspended as explained above and 9-14-5 the Balance of the rent of a Garden which the owner was unable this year to discharge. These sums with the exception of Veerasawmy Iyah's balance and the difference of Assessment, I beg to recommend for remission.
20 157		4 155	25 15 4	The Balance of Fusly 1248 amounting to Rupees 158-3-6 is comprized of the rent of Rupees 43-4-7 due
20 157		4 155	25 15 4	on Veerasawmy Iyah's Garden Rs a p 52-1-10 the Assessment on certain lands hitherto enjoyed free of rent by a Charity Choultry in Chingleput in the Mootah of Streeharecottah regarding which a separate report to the Board will be submitted and 37-2-1 the difference between former and present Assessments suspended Rupees 20-15-7 due by poor ryots which cannot be recovered and Rupees 4-15-5 the quit rent of a garden at St. Thomas Mount suspended under the Minutes of Consultation dated 7th July 1840. The two last items amounting to Rupees 25-15-4 I beg to recommend for remission.

Sir,

I have the honor to acknowledge the Board's Proceedings of the 15th Instant, and to state that in mentioning the amount of balance due by the Renter Breasawmy Moodely the sum of Rupees 1,359-9-2 and 1,914-7-- were erroneously entered in my letter of the 31st ultimo, instead of Rupees 1,359-9-2 and 1944-7-- respectively as shewn in my communication of the 30th May last, and which are the correct sums.-

Sir,

I have the honor to report to the Board the seizure on the 21st Instant near Kreepermatoor of 14½ Parrials of

Received 6th Sept. 1844

of Salt brought on three Bandies without a Rowanah, which the Bandy men stated had been taken on by two other bandy men who had preceded them, in consequence of one of their three bandies having broken down on the road from Covelong, but they were unable to mention the name of the Village where this accident occurred or prove where they got the bandy repaired. They offered however to substantiate the truth of their statement by producing the Rowanah in question, and on the following day brought one but which was recognized as one issued on the 18th instant from the Colours of Covelong and that had been passed on the preceding day by the Tanah Peon at Kreepermatoor with the full number of Parrials therein mentioned. It is clear therefore that the Bandy men's story was incorrect, and that the parties concerned in the Salt were endeavouring to smuggle it under cover of the Pass given for a different consignment.

2. The plan of endeavouring to pass smuggled salt by means of a Permit granted for another consignment is not, I believe, uncommon, and

and all Salt in transit not accompanied by a Pass should be seized and confiscated, as otherwise it is seldom the attempt at fraud can be so clearly ascertained as in the present instance. Orders have been issued to the Peishcars at the several Cotaurs to warn purchasers to that effect, and a Proclamation also affixed at the Cotaurs for their information.

The successful introduction of the Bellary form of Accounts was only effected in four small talooks of the Sub Division and a similar one of Maroongapoory 1262.

For fusly 1253 an Estimate of Charges was prepared with a view to Complete it in the three large Ryot talooks of Madura but excessive arrears left by the Commissioner and the Gentlemen subsequently in Charge & the absence of any Sheristadar Kept my time so entirely engaged, that I could in the early part of the fusly, give only a general attention & issue general instructions the neglect of which caused almost entire failure at the end of the fusly when the plan was obliged to be postponed till next Year, although the Extra Goomastahs had been entertained in vain and the vain perseverance in the Attempt has Caused the greatest vexation & trouble to the Talook Servants & Curnums & the most procrastinated settlement since I have been in the Collectorate.—

Steps have now been taken, & will be vigorously followed up in hopes to Secure the introduction of the Bellary form within the Current fusly, but experience has shewn so much difficulty, that I will not too sanguinely promise Complete success; but do not hesitate to say that the reducing of the Estimate will be proportionally fatal.—

To

C. C. Lovell Esqr.

Acting Secretary to the

Board of Revenue

Fort St. George.—

Sir,

From the Agt. Coll.r of North Arcot.— Para 1

Reports the result of his enquiry on the accompanying Petitions in No.s 951 of 1838 and 1225 of 1840.—

42

With reference to the Endorsements on the accompanying Petitions I have the honor to report the result of my enquiry.—

2. The matter to which these two opposing Petitions have reference has during many years past been the subject of repeated enquiry by the Collectors of this District. The Petitioner in No. 951 of 1838 is grand Son of one Roy Duckany Ram who was Dewan of the Nabob Sadut Ullah Khan, and who founded or re-esta-blished several Villages in the neighbour-hood of Arcot early in the last Century and among others the Petitioners' Village of Moocundroypet. Of the lands of this Village the Petitioner is entitled to hold 1/5th share on a jodee of Rupees 60. The in-rest of the land is in the hands of the Mahajuns of Lalapet of whom the Peti-tioners in No. 1225 of 1840 are the head men. These Mahajuns have during a long series of—

Fort St. George 2d. September 1844.—

of years been annoying the Petitioner by false complaints— They commenced in Mr. Cooke's time by altogether denying the Petitioners right to 1/5th. share of the lands of the Village stating that he had a right only to 5 shares out of 66, and they obtained an order from Mr. Cooke to collect from him the Teerwah of the land enjoyed in excess, but the Petitioner having after=wards proved the falsehood of the Mahajans' Statements Mr. Cooke in February 1822 cancelled his first order. In 1828 when Mr. Nisbett was Collector the Mahajans made a second attempt to deprive the Petitioner of his lands. The Tahsildar was ordered to enquire and report on the Statements made by the Mahajans and he having reported that the enquiry was delayed by the Petitioners' neglecting to attend his Cutcherry Mr. Nisbett ordered his land to be sequestered until the enquiry was completed— A report was made by the Tahsildar in 1829 and an order in reference to it was passed in 1830, to restore to the Pe=titioner the sequestered lands and produce

The

Fort St. George 2d. September 1844.—

The Mahajans having thus again failed— the next mode of annoyance they adopted, was to refuse to give the Petitioner re=ceipts for his godee, for which they were admonished by the Collector but not punished— In 1835 they made a third attempt to deprive him of his land, and this time not without success for they obtained an order to the Tahsildar from Mr. Roberts, who probably, had forgotten all that had occurred before, to sequester, pending an enquiry, all the lands which the Mahajans averred that the Petitioner was wrongfully enjoying— Seven gardens belonging to Petitioner are accord=ingly sequestered and an enquiry was held and a report made to Mr. Roberts' successor Mr. Ogilvee in 1839 but up to the time of my taking up the Petitions under Report no order had been passed upon it, and the Petitioners in Petition No. 1225 of 1840, who are monigars as well as Mahajans, have during this interval ex=cluded the sequestered lands from the Summobandy and not collected the assess=ment on them leaving the occupiers of them

Fort St. George 2d September 1844.—

them to hold them free of all demand and the Petitioner, pending a decision, has annually, and not without reason refused to pay Rupees 20 of his jodee.—

3. The Petitioner Complains in the Petition under report (No. 951 of 1838) that certain of his Inam lands are kept under sequestration by the Collector who will pass no decision on his case, and the Mahajuns report in their Petition (No. 1225 of 1840) the Statement made by them to the Collector in 1835 by which they obtained an order for the sequestration of certain of the Petitioners' lands.—

4 The Mahajuns allegations are as follows.—.

1st That Petitioner is not heir to the Original Inamdar Roy Duckanee Ram.—.

2dly That Roy Duckanee Ram divided the lands of the Village among their (the Mahajuns) ancestors in 61 shares but never had any share in them himself.—.

3dly That the sequestered Gardens in Moocundroy pet which Petitioner claims as included in his 1/5th share of the Village lands were the property of certain Shettys who

Fort St. George 2d September 1844.—

who deserted them during the wars in the Carnatic and that there are no heirs to them.—.

4thly That as to Petitioners' claim to 1/5th share of the whole Village lands the truth is that out of 61 shares 5 shares now enjoyed by Petitioner were formerly appropriated to the support of a Chattur but as there is no Chattur these 5 shares ought to be sequestered.—

5. When the investigation was held into the above Statements the Mahajuns produced very little evidence and that quite worthless of the truth of them. They principally confined themselves to endeavouring to prove that the Petitioner was in the wrongful enjoyment of 7 Gardens in excess of his Inam land of which Gardens by their Petition to the Collector in 1835 they had obtained the sequestration. In the documents they produced in evidence no mention whatever is made of these Gardens, several of the documents purport to be unauthenticated Copies of Village Mahazernamahs of which they

Cant

Fort St.te George 2d. September 1843.—

cant produce the originals, and several are without date or signature.—.

6. On reference being made to the Bogavathi account prepared in fasly 1220 in order to ascertain to how many shares the Petitioner had a right. Whether to 5 shares in 61 or to 1/5th share of the whole lands of the village, it was found to have been falsified and in every instance in which mention occurred of the Petitioner being in the enjoyment of a fifth share the word fifth had been clumsily ~~~~ erased and the word five substituted. In none of the documents produced by the Mahajans is there any mention either of a Chuttur or Gardens.—.

7. The Mahajans witnesses, 7 in number, state that they have heard that 5 out of 61 shares were appropriated to a Chattur but that the Petitioner has a right to a fifth share of the Village lands.—

8. The Petitioner produced 73 documents to prove he had a right to 1/5 share of the lands, and that the

Fort St.te George 2d. September 1844.—

the segnestered Gardens were included in that share. The Mahajans having so entirely failed in proving their Statements it appears unnecessary to detail the contents of all these documents. The only point on which a question can possibly be raised is as whether the 7 Gardens are included in the fifth share. On this point it may be sufficient to observe that every one of the 7 Gardens is particularly mentioned by name in the Peimash accounts as included in the Petitioners fifth share. The other documents given in by the Petitioner are most of them confirmatory of the above two facts, Viz.t that the Petitioners share is a fifth share, and that the Gardens are included in it.—.

9. It has been noticed as above that the Petitioner since the segnestration of his Gardens in 1835 has annually withheld Rupees 20 of his jodee and that nothing has been collected by the Mahajans from the occupiers of the segnestered Gardens. Orders have been

cant produce the originals, and several are without date or signature.—.

6. On reference being made to the Bogavathi account prepared in fasly 1220 in order to ascertain to how many shares the Petitioner had a right. Whether to 5 shares in 61 or to 1/5th share of the whole lands of the village, it was found to have been falsified and in every instance in which mention occurred of the Petitioner being in the enjoyment of a fifth share the word fifth had been clumsily ~~~~ erased and the word five substituted. been issued to collect the balance of assessment from them of which probably little will be realized, and to place the Gardens in possession of the Petitioners.

Resolution thereon.—

(42-43)

The Board of Revenue entirely concur in the proceedings of the Acting Collector reported in the 9th Para of the foregoing very satisfactory letter to have been adopted by him.—

Resolved that the following Endorsements be given:—

No. 951 of 1838.

"Instructions have been sent to the Acting Collector of North Arcot confirming Petitioner in possession of the Lands claimed by him.—

No. 1225 of 1840.

"It appearing from a Report of the Acting Collector of North Arcot that the Statement of the Petitioners, false in itself, has been attempted to be supported by false Documents the petition is considered unworthy of further notice and accordingly rejected".—

Read again the report of the Settlement of the Land Revenue in Salem for Fusly 1252/1842/43 in the Acting Principal Collectors letter dated 12th October 1843.

(Here enter No. 95.)

Proceedings thereon. Para 1. Passing over the statistical details in the opening paras, and, for the present, the replies to certain queries in the Board's Proceedings of the 23d March 1843 the Board come to the description of the season, which seems to have been less favorable than the preceding. Rain appears to have fallen throughout the Monsoon but not in sufficient quantities. Hence the Punjah crops suffered and the tanks were not filled enough to secure full returns from the Nunjah lands. But as the average produce in both is represented to have been about 3/4 of a full crop, there does not appear to have been very serious grounds for complaint, on that score. The cultivation however was contracted to the extent of 30,656 acres assessed at 38,933 Rupees by far the largest proportion of which as 29,434 acres consisted of dry lands. The only sort in which there was an increase, was in Garden cultivation, occasioned partly by

a more stringent application of the rules of the Hoo Kumnanah partly by an increase in the occupation of Garden lands. The exemption of Ryots from additional demand on cultivation under wells constructed by themselves, in dry lands, was introduced by the Collector in the Hoo Kumnanah of 1230 Fusly, previous to which they paid the same as on other similarly situated land. Mr. Lockhart discovered that certain wells in the Baramahl and Balaghat Divisions constructed before 1230 F. had not been charged with the additional assessment, which was now brought to account and the lands transferred from the heads of Banjah and Nunjah respectively to that of Garden. The reason of the omission in some parts of the district and not in others is not explained. It may have been that the lands were included in Mastaho since lapsed. Neither are any of the items specified in Paras 12 & 20 shown in the figured Statements accompanying the report, which ought to exhibit all details.

Para 24 & 34. 2. The settlement, as exhibited in the abstract marked A of the acting Principal

Principal Collectors Report, amounted to 17,68,700 Pr. 5-4 being Rupees 36,744-4-7 below that of the preceding year. The particulars of Increase and Decrease will be found in that marked B. Among the former the Board's attention has been particularly attracted to the large extent of concealed cultivation discovered in Tripatoor and Kistnagherry and brought to account after the punishment of the Curnums under Regulation IX of 1822.† This would seem to indicate a want of care in the Talook Servants in testing the accuracy of the cultivation accounts. The Board request the Principal Collector will be good enough to state what the practice of the District is, in this respect. It is observed that the form of examination account required by the Board with the whole of the details of a single Village to accompany the settlement Report has not been filled up for the last three years. the name of the particular Village only being substituted each year for that entered in the preceding one, and the same names and particulars repeated as occur in the original form.

Acres 1402 Rs. 2056.

† See also Para 70.

Para 35. 3. The greatest part of the settled demand

demand was collected within the Fusly — amounting to Rupees 17,24,173-1-7, and Rupees 21,564-11-4 subsequently, leaving a balance of Rupees 22,962-8-5 at the date of the transmission of the report, reduced to — 6,553-1-. at the end of June last. Of this sum the acting Principal Collector requests sanction for writing off Rupees 3,251-11-3 as irrecoverable, and the Board recommend that it be granted. The first item is on account of the ruined Tank in the Agraharum Village of Serkalay, the circumstances of which were reported to Government under date 22d. June 1843 and sanction requested for reducing the Jodigee from Rs. as P. 1,312-13-. to 958-4-. The Board beg to repeat their recommendation for the deduction of this item from the permanent demand. Mr. Lockhart reported separately on the arrears of the Agraharum Village of Canalapoorum, and as it appeared that the assets were fully equal to meet the demand, the Board directed the acting Principal Collector to enforce it, and in the event of further evasion to assume the management with a view of recommending the adoption of

The circumstances connected with the reductions claimed by the Periyah Edeir hamlets were fully discussed in the Board's Proceedings of the 28th. October 1841 to which the Principal Collector's attention is recalled. Mr. Lockhart, it is observed, refers to a report on this subject, which he states to have been prepared by the Principal Collector under date 15th. January 1843. But in this there must be some mistake, no such communication having ever reached the Board's Office.

4. The accompanying Table exhibits the balances of former years considered by the acting Principal Collector to be irrecoverable & amounting to Rupees 2,605-11-1. of which the Board requested that sanction might be granted for

Para 4 5. 5. The number of Ryots to whom Puttahs were issued in 1252 Fusly was less than in the preceding Fusly by 3,247, of whom 2,970 are stated to have relinquished their lands on account of the season. The Sub-Collector however reports that 3018 threw up their cultivation in the Sub division alone! The increase in the holders of Puttah is put down at 1278, but the Sub-Collector makes them to amount to 2,455 in his 4 Talooks only! The number of emigrants from the District was 33, and the acting Principal Collector states that there were no new settlers. The Sub Collector, however, puts down the emigrants from his Division at 33, and notices the arrival of one new Ryot from Pachiampoly. On referring to the Report from the Collector of the latter District the Board find that he has ascertained the

the desertion of 144 persons paying an assessment of Rupees 1275 to Salem. The single ~~indivi~~dual admitted by the Sub Collector to have settled in the Namacul Talook took up 38 acres of land bearing a demand of 35 3/4 Rupees, but it is added "these lands having been entered free of assessment during this year nothing has been levied on them".

Sub Collector's Report Para 17.

6. The unchecked grant of land on favorable leases in Salem, which has been the subject of much anxiety to the Board for some years past, naturally tempted the ryots of neighbouring districts to leave their old lands for a place where they could obtain others on such easy terms. For this reason the Principal Collectors of Salem were requested to ascertain and report the annual proportion of emigration to and from the District. It is evident however that unless the returns are prepared with more care than the foregoing ones, no useful purpose will be served. To ensure a correct return the Principal Collector should not only see that all such casualties are carefully reported by his own Subordinates, but he should likewise communicate with

the

the Officers in charge of the neighbouring Districts. The expressions employed by Mr. Brett in the case of the Nanaul Ryot would seem to intimate, that terms unduly favorable continue to be offered to new settlers. The Board however are glad to perceive that there is a decrease in cowle cultivation to the extent of Rupees 8213-13-4 in this description of tenure, but having expressed their sentiments so fully on the question in their Proceedings of the 23d. March 1843 they do not feel called upon to notice the subject farther at present.

7. Mr. Lockhart, in a subsequent communication, requested that sanction might be obtained for entertaining an Extra Establishment to survey the Shemaroy Hills with a view to the introduction of a higher rate of assessment, but the Board were of opinion that this was inexpedient at present and directed him to continue the annance management prescribed in their proceedings of the 30th. June 1842 which met with the approbation of the Honorable Court of Directors in their recent despatch of the 17th. April

† Extract Minutes Consultation 22d. July 1844. In Con. 1st. Augt.

8. The subject of these paras has been fully discussed with reference to the revised

Para. 62 revised Wookunnanah for 1252 Fusly. The bearing of the assessment imposed by Captain Macleod on the Palghat Division of the district formed a principal topic in the

No. 150 Boards' Proceedings of the 23d. March 1843, on which they await the decision of Government.

Para. 63 9. Mr. Lockhart it will be seen has expressed an opinion in reply to the question proposed by Government regarding the means of the Ryots to maintain their cultivation without loans from the Village money lenders, that no benefit is afforded by the grant of Tuccavee. The Board are unable to concur in this view. Unfavorable as they are to the principle of advances, and aware of the abuses that have followed the unrestricted employment of them, they consider a moderate recourse to them to be almost unavoidable in the present circumstances of the country. It must be recollected that there are no large farmers, that the bulk of the cultivators are mere laborers, paying from 10 to 20 Rupees in the year, without capital sufficient to replace the loss of a bullock or to purchase seed at the beginning of the season, when it is necessary to take

advantage

advantage of every shower the moment it falls. If the Ryot is not so prepared he runs the risk of leaving his field untilled on which his own subsistence, as well as the revenue, depends. Unless therefore, the means of purchasing these indispensible requisites are available, he is obliged to have recourse to the next shroff or Merchant who advances money on the most usurious terms, or offers seed grain on condition of receiving back produce at a rate far below the market price. Once an account current has been established, it is pretty certain that the Ryot will neither be able to avail himself of a good season, nor in fact ever to emancipate himself from the claims of his creditor. Hence the necessity of some aid in the shape of Tuccavee has been admitted at all times, in every part of India, and under every Government. Altho' the Board have always been desirous that it should be resorted to very sparingly, and only

only in cases of absolute necessity, they are equally satisfied that it cannot wholly be dispensed with until the circumstances of the people are materially changed.

Para 71. 10. The Board are not aware of the nature of the accounts which Mr. Lockhart wished to prepare for these Villages. The steps taken to complete the Survey accounts have been fully discussed in the correspondence noted in the Margin. It does not appear that any benefit will accrue from imperfect measures, and Mr. Orr has already shewn that the advantage of a new set of accounts would not be commensurate with the large outlay required.

12. The information required by the Board on the Subject of Mall cultivation in their Proceedings of the 23d. March 1843 is noticed by the Acting Principal Collector, in the opening Para of his report; but the most important point on which explanation was asked has been overlooked. None of the accounts and statements shew the extent of land usually occupied by the ryots constructing new wells, the continued cultivation of which is the condition entitling them to exemption from additional taxation. This important circumstance has no place in Statements Nos. 5. 18. 19. Had it been exhibited in the Table at the 5th para of the Report, it would have made the Statement complete. As it is, that Abstract is even fuller than the Hindu Statement No. 5, inasmuch as it exhibits the number and condition of the private sources of irrigation, which are omitted in the former.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Principal Collector of Salem for his information and guidance.

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Principal Collector of Salem respecting a suit instituted in the subordinate Court of Salem against the late acting Principal Collector of that District together with all documents bearing upon the subject and the draft of the Answer which it is proposed to file in the case.

2. The circumstances under which the present action has been brought are the following. On the 5th October 1843 the Mootah of Dindimungalum in the Trichengode Talook of the Salem District was put up to public auction under Regulation XXVI. 1802 for Arrears of revenue, in accordance with the usual advertizement previously published, and with the sanction of this Office, and was purchased by one Comaravayla Gounden for the sum of Nine thousand Rupees. Immediately after the said petitions were presented to the Board by the late Mootahdars, inveighing in the strongest terms against the manner in which

which it had been conducted, and offering
to make good their arrears in full provided
their Estate were restored to them. The
Board were in consequence induced to
suspend their confirmation of the sale
From Bd. 16th Nov. 1843. and to forward the Petitions to the Acting
Principal Collector for such explanation
as might seem to be called for. At the same
time expressing in general terms their reluc-
tance that the Mootah which had been in
the family for so many years should pass
from it if its late proprietors were
able and willing to discharge the ar-

Principal Collector stated that three of
the four Mootahdars had promised to pay
up the whole arrear against the Mootah
by the 1st January 1844. but he, at the
same time brought to the notice of the
Board that the allegations made by the
parties in their Petitions were totally
false, entered into details serving to shew
that the sale of the Mootah had been con-
ducted in the most fair and open
manner, and left it for the Board's
consideration - "whether the public

written a few days afterwards he intimates that
the Mootahdars had paid up the balance
against the Mootahs in full, and that the
amount had been "kept in deposit awaiting

"ject." In his previous communication the
Acting Principal Collector had however
when detailing the circumstances attendant on
the sale omitted to state explicitly whether he
or any one of his European Subordinates was
present when the Mootah was knocked
down. The Board therefore felt it incumbent
on them to satisfy themselves in so import-
ant a point before coming to a final de-

reference was consequently made to Mr.
12th in Con. 29th February 1844. Lockhart from whose answer it appeared
that he had himself been present when
the Estate was sold. On receipt of this re-
ply the Board were decidedly of opinion
that the sale having been held under com-
petent Authority and conducted with
perfect regularity there remained no course
but to confirm it and their sanction for the
purchase

purchase of the Dindigul Mootah by Somasunday da Gaunden for Rupees 9000 was communicated to the Acting Principal Collector on the 29th February 1846.-

3. The late Mootahdars have now commenced an action against the late Acting Principal Collector for the purpose of recovering their Estate. They rest their cause upon two grounds 1st. that the conduct of the sale was unfair - the bids of a certain party having been rejected because security was not at the same time furnished; such rejection of security being contended illegal and secondly that after the sale their Mootah was offered to be restored to them on payment of the arrears that those arrears were punctually paid on the day appointed but that they have not as agreed on been reinstated in the possession of their property.-

4th. In the draft of the answer now under submission it is trusted that both the above grounds of action have been satisfactorily disposed of.- In regard to the first it is shewn that although the demand of Security whilst the sale of land for arrears is in progress, be not expressly

Regulation XXVI of 1802.- expressly indicated by the Regulations which are general in their terms and leave many circumstances connected with the detailed management of the sale to the discretion of the Officer who conducts it. yet that it must at all times be open to, and indeed incumbent on, the Superintending Officer to adopt such precautions as would exclude from the bidding all save the bonâ fide competitors, and that in point of fact in the particular case instanced the party to whom exception was taken would, if his own assertions be correct, have had no difficulty in satisfying the Acting Principal Collector of his competency to make good his offers. In respect to the second point dwelt on by the Plaintiffs, it is explained, that their reinstatement in the Mootah was dependent on two conditions, the one that the arrears should be paid up in full, the other that the allegations of the Plaintiffs asserting such irregularity in the conduct of the sale as would justify the Board in annulling it should prove to be well-founded and that their statements on this head

shewing

Fort St. George 2d. September 1844.

having been shewn to be wholly false the Board had no course but to confirm the sale.-

5. The Board feel it in this place necessary to offer a few remarks on the observations made by the Principal Collector Mr. Gleig in his letter of the 20th. Ultimo. Mr. Gleig it will be seen, is led to doubt whether the defence of the present suit can be maintained with success. He submits that as regards the "second portion of the defence, which states "that independently of paying the arrears "it was incumbent on the late Mootahdar "to shew that the sale was illegally conducted, he has not the smallest evidence "to adduce in its support: such a condition is not alluded to either in the Board's "correspondence with the Collector, or in the Collector's correspondence with the Plaintiff." The Board would here observe, that the illegality of the sale was from the very first insisted on by the Mootahdars themselves they had appealed against it as having been conducted in an irregular and improper manner, and it would naturally be expected of them that their assertions should on enquiry prove to be well founded. That this was looked for at their hands may be inferred from the whole tenor

Fort St. George 2d. September 1844.

tenor of the Board's correspondence with the Acting Principal Collector on the subject. In their letter of 16th. November 1843. while expressing in the terms already cited, their unwillingness that the Mootah should go out of the Family, the Board passed no direct orders but forwarded for the consideration of the Acting Principal Collector the petitions which had been presented to them in impeachment of the sale, and a full report on these petitions was in consequence made by Mr. Lockhart sub. sequently, when apprized that the arrears had been actually deposited, the Board still felt it incumbent on them to prosecute their inquiries regarding the conduct of the sale, and they in consequence referred to the Acting Principal Collector on the only remaining point which required explanation, Viz. his presence at the auction. These parts of the correspondence between this Office and the Acting Principal Collector show that the question as to the regularity or irregularity of the sale was held by the Board to be of primary importance, and are incompatible with the supposition that it was intended that the simple

liquidation

liquidation of the arrears should alone suffice to restore the Mootah to the Plaintiffs and annull the previous sale. Mr. Gleig adds that the late Acting Principal Collector did not himself understand the instructions of the Board to be to the effect now explained "as on the 7th January last he forwarded a Takeed to the Treasurer to pay back the purchase Money Rupees 9,000 to Comaravalu Counden, copy of which is enclosed." In his letter of 9th January 1846 it has been already seen that Mr. Lockhart stated that the balance paid up by the Mootahdars "had been kept in deposit awaiting the early instructions of the Board." The Takeed alluded to by Mr. Gleig would therefore seem to have been an oversight, as it is clear that pending the final orders of the Board, the purchase Money as well as the arrears should have been held in deposit, and either sum carried to account or refunded respectively as the sale of the Mootah was ultimately confirmed or annulled. Admitting however the instructions of the Board, 16th November 1843, to have been in some degree indistinct and to have been misapprehended by the Acting Principal Collector, this will not alter the real character of the transaction, the gist of the question remains the

the same, the regularity of the sale having been established the Board had no choice but to confirm it.

6. The Board have been induced to enter into the above detail because as already stated, Mr. Gleig has expressed his doubts whether the Suit under reference can be successfully defended. The Board do not participate in these doubts. They believe the Sale of the Mootah to have been perfectly fair and regular, and as such they are of opinion that it should be supported not only in justice to the late purchaser, but to confirm the confidence of the Public in future sales, I am therefore directed to submit the accompanying draft of the proposed Answer, and to solicit the sanction of Government that the defence of the action may be conducted at the public charge.

Draft of an Answer proposed to be filed in O. S. No. 74 of 1846 instituted in the Subordinate Court of Salem by Mootoosawmy Counden Son of Paria Counden, Palaniavala Counden Son of Sunjeeveroy Counden and Counden Son of Seerungaroy Ramasawmy Counden Son of Seerungaroy Counden late proprietors of the Dindamungalam Mootah against the Acting Principal Collector of the Zillah of Salem.

This is a Suit instituted against

against the late Acting Principal Collector of Salem for the restitution of the Mootah of Dindamungalum to the Plaintiffs the late proprietors, and which was sold on the 5th October 1843 at Darumpoory on account of arrears of revenue due therefrom to Government.

2. The Plaintiffs do not assert that the Mootah was not liable to sale, or that no arrears were justly due, they state their intention was to pay up the balances, but that they were deceived by their friends, and that in consequence the sale of the property took place, now this was no fault of the Collectors ample time had been given prior to the day of sale, and the usual advertisements issued. the sale was made in presence of the Acting Collector in open Cutcherry and all the necessary forms observed.

3. But the first point stated in the Plaint on which the late proprietors consider themselves entitled to the consideration of the Court for a decree in their favor is, that when the sale was proceeding certain parties then making offers were reported to the Acting Principal Collector to be unworthy of credit, and that they were required to produce Security to satisfy the Acting Principal Collector then presiding at the sale that their offers were such as he might.

might accept as from bona fide purchasers of this Estate. This they state is contrary to Regulation 26 of 1802 and consequently illegal.

4. In reply to this point the Principal Collector has to explain that when the sale was proceeding a person named Valagounden having made an offer of Rupees 7000 was required to shew his competency to make it good, as it was stated by parties then attending the sale that he had not sufficient means to conclude such a bargain. This was not contrary to Regulation 26 of 1802. that regulation it is true is not specific on the point, the enactment is couched in general terms and leaves many arrangements connected with the actual conduct of the Sale to be regulated by circumstances and the discretion of the Collector. It is however clearly his imperative duty to take care as far as is in his power that the competition at the sale of lands be confined to those persons who are desirous of becoming bona fide purchasers and reject those fictitious offers which are only intended to embarrass and discourage fair bidders. and how can this be done but by calling on parties at the time of Sale to shew their competency.

That

5. That this request of the late Acting Principal Collector could not have operated to the prejudice of Valagounden the party whose bid was objected to, is evident, for the Plaintiffs assert that he and Memboroonnah came prepared to bid Rupees 25000 for the Mootah and were provided with security for that amount, there could therefore be no difficulty in shewing that they were in a condition to make good their offer to the extent only of Rupees 7000 as required. On this point therefore the Acting Collector having only performed a duty incumbent on him in order to insure a fair sale cannot be held responsible to the plaintiffs for any loss they may have sustained in allowing their property to be put up to sale for arrears of revenue.

6. The second point on which Plaintiffs rest a claim for restitution is that having appealed to the Revenue Board against what they considered the injustice attending the sale, that authority in November 1843, directed the 1st Defendant to annul the sale and put them in possession of their Mootah, after receiving from them the balance due, that having as agreed with the 1st defendant paid

paid up the whole balance the Mootah was not delivered up to them as agreed, and on this account they are entitled to redress.

7. In reply to this the Principal Collector states that the above Statement is unfounded; neither in November nor before nor since have any orders been received from the Revenue Board, directing that the sale of the Dindamungalum Mootah should be annulled; he is instructed on this point to inform the Court that after the sale a petition was presented to the Revenue Board by the former proprietors of the Mootah inveighing in the strongest terms against the manner in which the sale had been conducted, requesting that it might be annulled, and offering to discharge the full amount of arrears outstanding upon the estate. The Board were thereupon pleased to suspend the confirmation of the sale and to transmit the petition to the Acting Principal Collector for such notice as the allegations in it might seem to require, expressing at the same time in general terms their reluctance that the Mootah which had been for so many years in the possession of the Plaintiffs, should pass out of their hands

hands if they were in a condition to make good the public demand against it. It must not however be inferred that it was in the contemplation of the Board on the mere receipt of the arrears to annul the sale of the Estate already held under competent authority if shewn to their satisfaction to have been conducted in a regular and legal manner. The reinstatement of the Plaintiff in their Mootah was dependent on two conditions first that the allegations contained in the Petitions which they had themselves presented to the Board should prove to be well founded and such irregularity appear to have had place in the proceedings of the Acting Principal Collector as would vitiate the sale. Secondly the full balance due upon the Mootah should be discharged the arrears were it is true paid up in full on the day appointed. The Statements of the Mootahdars impugning the legality of the sale proved however to be totally void of foundation. It was clearly shewn by the late Acting Principal Collector's letter to Board 29th December 1843 that the sale had been held in the most fair and open manner had been in

been in progress from 10 A. M. to 4 P. M. before the Principal Cutcherry Servants and more than 200 other persons and in the presence and under the immediate superintendence of the Acting Principal Collector himself. Under these circumstances therefore the Revenue Board considered that they had no alternative but to ratify the sale.

8. Under these considerations the Principal Collector submits that the sale of the Plaintiffs' Mootah was fair and legal, that the confirmation of the Board was for a while suspended until the fullest inquiry could be instituted and

on all points connected with the conduct of the sale. that when from these enquiries the Board had satisfied themselves of the perfect correctness of the Acting Principal Collectors' proceedings they had no choice but to confirm them. and that the Plaintiffs who have, by their own acts, subjected themselves to the penalty of defaulters. have no just cause to complain that the provisions of the Regulations were carried out against them. The Princ. Coll.r therefore requests that the Suit may be dismissed with Costs.

9. The second Defendant having acted under orders, the Principal Collector requests his name may be struck out of the Plaint.

Sir,

Certain items of fines refunded by the late Collectors, and entered in the accounts under the head of "Advance" remaining unadjusted, I have the honor to forward a statement of the same with remarks appended opposite each item in explanation of the reason thereof. It appears that the amount of items No.2 and 3 was intended to be repaid from the recoveries of future fines, this being irregular, I have thought proper to submit the whole amount Viz.t — Rupees 202.-.- for the sanction of Government, to enable me to effect an adjustment in the accounts furnished to the Accountant General.

Sir,

With reference to your predecessor's letter, as well as the correspondences noted in the Margin, I have the honor to forward an abstract together with Talookwar Statements shewing the proposed amount of the fixed salary to be paid to the Curnums and Notagars in lieu of their present emoluments in the Villages attached to the Saghere of Sunkara-=poorum, prepared according to the form furnished by the Board, with remarks appended thereto.-

2 The Ryots in the Villages of the Pollrieincottah Saghire Talook complained to my predecessor Mr. Ashton during the period of the Summabundy Settlement for Fusly 1248, that besides the amount shewn in their Puttahs as the demand against them other sums under several heads were collected or exacted by the head men of their Villages, and that such Collection being too

too heavy for them to pay, they solicited him to suspend the payment of them for the future, when that Gentleman issued a Tukeed to the Talsildar not to collect the items in question for the future which were never afterwards recovered from the Ryots.

2 No. 11. 3 The enclosed Statement shews the nature of these items amounting to Rupees 2177-8-6 per annum, in this amount the sum of Rupees 809-6-11 was paid by the Ryots on account of wages to the Curnum, but it is not known when, by whom, or on what principle, the amount for each Village was fixed, tho' according to the Custom of the late Jagheerdar the amount was received by the Curnum annually from the Ryots.

4. Pending the decision of the Board, the Curnums of the Pallamcottah Villages not having received a Cash on account of their wages during the fusilies 1248-49 and 50, Consequent on the proposition of Mr. Ashton, they complained bitterly to my immediate predecessor of the hardship of serving 3 years without any pay, who

who gave an order to allow pay only to the Curnums of the Pallamcottah Villages according to the scale of the Soobah Villages to be deducted and paid out of the Summah of the Village, which was done for the whole of fusly 1251, and for 6 Months of 1252.-

5. After my arrival in the District finding that the deduction allowed by Mr. Hallett had not been sanctioned by the Board, I issued an order to discontinue any further payment to the Curnums until the subject be finally decided by the Board, and directed the Statement in question, to be prepared.-

6 Mr. Hallett, pending the contemplated early introduction of a Survey assessment on Saghire Land, I learn, thought it proper to defer according to the sentiments of the Board expressed in + 3d October 1839. their Proceedings, the preparation of the Statements now forwarded.-

7. Excepting the items of grain deduction shewn in the 2d. - 3d. - 5th - 6th - 7th - and + A. 8th Columns of the Statement all other items of the Curnums and Nattagan's present emoluments

emoluments up to this time, were entered only in the Cunam Summahbundy account, consequently in most places the amount in question, was collected by the head man of the Village either in kind or money and paid by him to these Officers, should all these sums except such as are borne by the Ryots out of their own share be for the future carried to the Syen Summah, the Ryots in the first year will, I suspect, object to the change; however, the instructions of Government will, of course, be acted on. —

8. The whole of the Curnums of the Saptire Villages, except those in the Cheekady Taluk, request, they may be placed on the same footing as those in the Soobah Villages, while those of the Cheekady Taluk prefer the present system which, I fancy, would prove injurious to the interests of the Ryots, by leaving these Officers to exact from them their wages without any public control. —

9 The total amount of

of present emoluments of Curnums is Rupees 3,465-13-10. inclusive of the Amount paid out of the Ryots share which is to be stopped in future, the present estimated amount now recommended would be Rupees 3,589-8-9 exceeding the former in the sum of Rupees 123-10-11. In the case of the Notagars the amount recommended considerably exceeds to what at present they enjoy. Should your Board think proper to defer the sanction as far as concerns the proposal of the Notagars, the early sanction for the Curnums salary is absolutely necessary.

10. Having stated what appeared worthy of consideration the Statements now forwarded afford all the information required by the Board, the amount now recommended will vary in each year with reference to the Bariz and I beg leave to solicit the Board's sanction for the change of the system for allowing the Curnums and Notagars pay on the scale of the Soobah Syen Villages on the Bareez of each year carrying of course such of the Items entered in the Abstract Statement as may be authorized, to the account of Summahbundy. —

Remarks

The sums exhibited in Columns Nos 2-3-6-7 and 8 are paid from the gross produce and the sums entered in Column No 5 are given from the Circar share of grain. They ought no doubt to be carried to the credit of the Government Summah.-

The items in Columns Nos 9-10-11 and 13 having been paid by the Ryots in addition to the payment of Teerwah made by them on Tharesee and Poovalee produce in the description of grains under the Teerwah Dittum of the late Jaghiredar on Land subject to the Money rent it should be considered as borne by them from their share, for these reasons they should be no longer claimed.-

The ready Money allowance given by the Ryots entered in Column No 16 should for the reason stated in the preceding Remark be considered as being paid from the Ryots share but this sum is stated in the Minutes of Consn of 20th September 1841, as "derived from Coonjah land very lightly assessed." it is included in the Statement, and the Collector thinked it would be hard on the Ryots to continue this payment for in this Jaghere Villages, the Ryots have to pay the Kuyer Tax referred to, in the Board's letter of the 22d February 1841. as well as the Cavil Corroopo Fee in the Jaghere of Collamalay and Pollicemottah referred to in Para 21 of the Collectors Report of the 20th January 1844.- However according to the orders of Government, this item is included in the Statement as one to be added in the Government demand, subject to the final decision of the Board on this Point.-

Proceedings thereon.

Informing the Pr. Collector of Madura that the Board are of opinion that the Copy of his Sub Coll.r's letter dated 3d. February retained in his Office as a voucher should be destroyed and returning also the Copy forwarded.

In Cons.n 4th March 1840.

1. In Para 2 of the above letter Mr. Blackburne states that on the 2d. April he returned to the Sub Collector his letter of the 3d. February a copy however having been retained in his Office as a voucher for that submitted to the Board on the 12th. of the same Month.—

The

to the Board for that purpose directing that all correspondence between himself & his Sub Coll.rs & Assistants on revenue subjects be conducted in the English language.—

2. She Sub Collector having at his own request been permitted to withdraw the Original letter above referred to the Board are of opinion that it is not desirable that a copy of it should remain among the Records of the Principal Cutcherry the copy in question should therefore they think be destroyed. The Copy forwarded by Mr. Blackburne to the Board is also returned to him for that purpose.—

3. From Para 5 of his letter it appears that the Principal Collector has not yet complied with the wishes of the Board for the substitution of English for the Native language in his Correspondence with his subordinates. tho' he professes his readiness to conform to their orders if repeated. She Board cannot but consider the mode of communication by Sumil Yadauts open to such serious objections that they feel bound to reiterate the instructions contained in Para 5 of their Proceedings of the 11th March last

last, and to direct that all correspondence between the Principal Collector and his Sub Collectors and Assistants on revenue subjects be conducted in the English language and that the present System of Tamil Yadasts be discontinued Mr. Blackburne will be so good as to intimate the orders of the Board on this head to his Sub Collectors Mr. Elliot.

Inquiry
if the Commands of the Court of Directors of 15th November 1843 Para 4 have reference to repair of roads by Villagers.

I have just had the honor to receive your Circular of the 8th Instant, giving copy & Extract from a General letter from the Court of Directors intimating their reliance of Government's continued exertions to put down compulsory labor of Coolies.

2. It is confined to the keeping of roads in petty repair of mud work in this Collectorate, and I should imagine the Courts remarks had not reference to such like, especially when

11703 Fort St. George 2d. September 1844.

I perceive in the new rules proposed for the Bank department forwarded from the Board in their department of public works on the 29th Ultimo, they entered that Village Coolies negligent in keeping the tanks from injury, shall be liable to some kind of punishment. The Board in the above Department are aware how far I look for road a pittance from the Ryots, as the matter is I believe under their consideration for report to Government. I shall continue to exact the same till I have their instructions to the contrary; and should they be so issued, I hope they will instruct me at the same time, what means are to be substituted.

Despatched 16th August.

This letter should not have been sent, nor do I suppose it would have been necessary, but after the intimation of loss of the Government confidence I never feel the slightest security in any official act I perform.

Sir

Fort St. George
2nd. Para. 7.

From J. Blackburne Esqre.
Pl. Collr. of Madura.

In reference to the declaration of the Most Noble the Governor in Council that the State of the Rajah Tondeman Bahadoor shall be deemed a Foreign Territory and that goods passing into it or out of it shall be liable to the duty fixed for British Bottoms I take the liberty to request it may be brought to the notice of His Lordship in Council, with your opinion thereon, that the territory of His Excellency is small in extent and very poor in productive power. it is entirely surrounded by the Company's lands, some part of the Company's lands are entirely surrounded by it, and in various parts it runs into the Company's lands, so as to make the Collection of duty very vexatious to the Company's subjects, as for instance 13 Miles of the great road from Trichinopoly via Madura to Dindigul run thro' the Poodoocottay territory.—

Begging Consideration if it is advisable to consider Poodoocottay as a Foreign State and impose the same duty as on Imports in British Bottoms or goods passing into and out of it.—

23 Augt. 1844.

Elections in Trichinopoly

2. The inforeinent of the order can hardly be made profitable to Government when it is taken into consideration

Consideration the Chokey Establishments that must be provided for an entire new border in the Collectorates of Tanjore, Trichinopoly and Madura. It will seriously afflict the young Chiefs and the Ministry who will construe it into a withdrawal of that paternal support they have hitherto received from the British Government in return for the constancy and devotion with which they exerted their little means when the Company's Government was exposed to danger from the rebellion of the Southern Polligars, and on which they particularly pride themselves and on their continued adherence to the wishes and devotion to the Company's and during the existence of Customs this border has ever been free from any double or other duties.—

3 The 13 Miles of road to which I have above alluded cannot be considered of any use to Podoor=cotay exclusively yet to secure the Company's favorable opinion, care and money has been expended upon it to make a very inferior and difficult piece of road nearly as

good as any in Madura on that route, and much better than the remaining portion in Trichinopoly and Tinnevelly, and its improvement is annually progressing; and because one of the halting places for travellers runs thro' it, a bomb proof bungalow, like those of the Company on the same line, was built by the late Rajah and is kept up for the exclusive accommodation of the Company's European Servants &c.—

4 I greatly trust the Board may be induced from this representation to recommend that no duties shall be imposed on entrance into this small and very poor territory and in that trust I shall not submit any proposition for border Custom houses till I hear from them.—

Extract from a General Letter from the Honorable the Court of Directors Dated 3d. July 1844 No. 17.

Para 29 It appears from your letter Dated the 20th. March last that you are unable to fulfil our instructions for paying to Mrs. Arathoon the interest on the sum of Rupees 1,050 which was originally left for the support of the Poultry in consequence of that amount together with other Monies being in the custody of the Supreme Court and placed to the credit of a cause under an order of that Court against which an appeal to the Privy Council is now pending. We desire therefore that according to the suggestion of the Advocate General you will cause an annuity equivalent in amount to the interest on that sum to be paid from your Treasury to Mrs. Arathoon, with arrears from the date of the receipt of our Despatch of the 1st. March / No. 5 / 1843.

Sir,

I beg to inform you that addas Manoogoolah Venkobayemmah Proprietress of Gopaulpooram Hoondah belonging to this District paying a Peishcush of Rupees 3698-12-5. as per annum has no male issue nor any proximate claimants but a Daughter called Caulabungkee Raumayemmah to whom she has bequeathed all her real and personal property begging also to transfer the said Hoondah in her Daughters name I have received arzees both from her and from Raumayemmah the Daughter to that effect dated the 20th Ultimo and through my assistant have ascertained their authenticity. I therefore request you will be pleased to obtain the sanction of the Board to transfer the said Hoondah of Gopaulpooram in the name of the said Cullabaraghee Raumayemmah. This Hoondah is not in arrears with the Circar for the last Fusly but the sums noted in the Margin are standing against it, for the instalments of the current year but the Proprietress being wealthy there is no doubt of its recovery in a short time.

The Board proceed to take into Consideration the Correspondence noted in the Margin, relative to the Settlement of a Channel Dispute of long standing between the Ryots of the Government Estate of Survasiddy & the Proprietary Estate of Rayeveram both in the Zillah of Vizagapatam.

(19)

Proceedings thereon,

Submitting a Correspondence with the Collector of Vizagapatam regarding a Channel dispute between the ryots of the Government Estate of Survasiddy, and the Proprietary Estate of Rayeveram with the Board's recommendation on the subject.

Para 1. This dispute appears to have been going on for a number of years but it was prominently brought before the Board in September 1841, by the Collector in the letter noted in the Margin. In that communication Mr. Arbuthnot submitted a proposal to the Board with a view of bringing the dispute to a final and satisfactory Settlement, either to purchase the entire Mootah of Royeveram from the Proprietor at a cost of Rupees 30,000, being 10,500 less than he had paid for it a few years before, or should this be objected to, to receive in transfer the 4 Villages in Royeveram irrigated by the Channels in dispute, making a corresponding deduction in the Amount

of Peishcush, to both of which propositi:
:ons the Proprietor was willing to agree.

2. The Board were unwilling to entertain either of these propositions, and intimated the same to the Collector in their Proceedings dated October 1841, with the expression of their hope that he would still be able to effect an arrangement with the Proprietor.

Proceedings 7th Oct. 1841.

3. No further steps, as far as the Board are informed, were taken until the subject was noticed by Govern:
:ment in the Minutes of Consultation 8th November 1842, wherein it was intimated that it would have been satisfactory if the Board had acceded to one or other of the propositions submitted to them. In communicating this resolution to the Collector, to which his particular attention was directed, the Board desired to know what means had been adopted in pursuance of their former order to bring the dispute to a conclusion, in

reply they received the communication noted in the margin, repeating the pro:
:position of the Proprietor of Rayeveram, formerly submitted by Mr. Arbuthnot, to transfer the 4 Villages in his Mootah irrigated by the disputed Channels upon a remission of Peishcush to the extent of Rs. 10,000. To enable the Board the better to judge of the expediency of accepting this proposal, they called upon the Collector to furnish detailed Cultivation Accounts of the 4 Villages in Servasiddy and Royeveram which were affected by the Channels. These accounts in detail for the four required, the Collector has been unable to furnish any. The Board now proceed to submit their opinion upon the Report and the Statements which have been received from the Collector.

expected that if the water which had hitherto gone to irrigate these Villages had been directed to those in Royeveram, a corresponding increase would be found in the 4 Villages watered by the Channels in the latter Mootah, but no such result appears. From Fusly 1246. to 1252. there is a large decrease in the Servasiddy Villages compared with the Amount of the permanent Assets but the same result is to be found in the Cutturn of those of Royeveram, excepting indeed Fuslies 1251 and 1252; the average Collections in the Servasiddy Villages for the last 7 Years being 77 per Cent below the Amount of the Permanent Assets and in the Collections of the 4 Royaveram Villages 50 per Cent below the Permanent Assets. In a pecuniary point of view though the Government would derive no advantage by the transfer, as far as the Account Collections enable a judgement to be formed

but it is to be presumed and hoped — that under one authority a better system of management may be introduced into both Estates.

5. Pecuniary advantage, however, is not the object sought, and it only remains to Consider, what will be an equitable remission in the Amount of the Proprietors' Peishcush, if the four Villages tendered by him for transfer are accepted.

The Assets upon which the permanent Assessment was fixed upon these 4 Villages it is seen were assumed at Rupees 13,923. 8. 4, the Collections for the last 23 Years Amount to Rupees 10,404- 11- 11. the Average Collection for the last 20 Years from 1231 to 1250, the period for which the Proprietor Narrain Row proposes that they should be taken, Amount to Rupees 9,643- the Amount of Remission in the Peishcush proposed by Mr. Arbuthnot is, in round Numbers, Rupees 10,000— In the event of the Government being pleased to accede to the transfer of the 4 above named Villages, only of the Royaveram Mootah,

it will be for them to state which of the above 3 Sums should be allowed as remission from the Peishcush of the Estate. But it appears to the Board that the objects for which the transfer is proposed will be more properly and more advantageously carried out by the adoption of Mr. Arbuthnot's Original suggestion to purchase the entire Mootah. this it is seen might have been accomplished in 1841 for the sum of 30,000 the proprietor having paid 40,500 for the Estate; and as Government have intimated their willingness to view favorably one or other of the propositions, the Board would recommend for adoption the purchase of the entire Estate in preference to the 4 Villages; if such be still practicable, as the best means of effectually setting at rest a dispute of such long standing and difficult adjustment, and being entirely in accordance with the Sentiments of Sir Thomas Munro for the gradual acquisition by Government of the Proprietary Estates in the Northern Circar-

From W. W. Arbuthnot Esq.re Collector of Vizagapatam } Sir,

Para 1. I have the honor to

Forwarding an advertisement for the sale of certain Estates in his District for arrears of revenue.

forward an advertizement for the sale of 6 Estates in this District which have fallen into arrears, and which I propose to put up to sale on the 30th.n of September unless the balance be previously discharged.-

2. I trust that the balance due on some of these Estates will be paid up, but I fear it will be necessary to bring two or three of them to sale.-

3.- The Similay Estate is by no means a profitable one, except in favorable seasons- It has been brought to sale at the close of each of the two last Fasties.-

4 The individual who purchased it in

Fort St. George 5th September 1844.

in the Auction of last year was merely an adventurer. at the time of the sale, the Crops were in a very flourishing condition, and there was every prospect of a considerable profit on the out-turn of the year. Scarcely however was the sale concluded, when this prospect was suddenly destroyed by the storm of the 24th October, and the collections certainly did not come up to the amount payable as Rishcuck, but the Proprietor ought to have paid up much more than he has done.-

5. Although the Estate is of no intrinsic value, still it will be a desirable acquisition to the Government as it is situated in the midst of the Surveyoddy Talook.-

6. The Proprietors of the Maloor Paukah and Peddagoomoolooor are, I believe, anxious to get rid of them. as they have been far from yielding any profit during a long series of years.-

7. I am not sure that it may not be necessary to purchase one or both of these Estates on the part of Government.-

8.- But I shall not feel disposed to

Fort St. George 5th September 1844.

to purchase any of them, unless I can do so for a very moderate sum; for I am perfectly satisfied that the Government will not realize a profit by retaining them in its own hands.-

9.- The assessment on these Proprietary Estates (I particularize them thus to distinguish them from the ancient Zemindaries) is so high, that they will all eventually and apparently at no very distant period become the property of Government, unless indeed the Government were disposed to make some reduction in the assessment. That this would be the more profitable course I cannot doubt. but in a question of this nature, there are many other considerations to be taken into account, which I cannot enter upon at present. I merely mention the subject in case the Board deem it to be deserving of further consideration and enquiry.-

10 I beg that the advertizement now forwarded may be published in the Office of the Board.-

Dated

I have the honor to acknowledge the receipt of your letters dated the 1st and 15th Ultimo respectively calling for a report on the general state and means of the Weavers in this District together with a statement of the tax on looms for Fasles 1250-51 A.D. 1840/41 1841/42 and 52- 1842/43

Reporting on the condition of the Weavers in this District and forwarding statements showing the number of looms and tax levied for the years and the value of the cloths which said duty, and the amount of duty for 10 years

2. The weavers in this District may be considered under two classes, 1st those who are chiefly employed in the manufacture of cloths in ordinary demand among the natives of this and the adjoining Districts. 2nd those who make cloths for exportation to the order of Native or European Merchants.

3. With respect to the first class it appears from the reports of the Ameens that the number of looms is at present on the increase and the profit of their trade either Stationary or

Somewhat

Fort St. George 5 September 1846

somewhat improving.

4. With respect to the 2d Class who reside chiefly in the Villages of Mungalagherry Ponjahpetti, Peradal, and Ventapollum, it appears that although the number of looms is on the increase, still the trade is only about a third of what it was before the famine, the profits of the trade have greatly declined. In many markets the Ventapollum handkerchiefs and other goods of this District have been displaced by the cheaper fabrics of Europe and China, still it would appear that this loss falls more on the merchants than the weavers as there is employment for the present number of looms.

5. The present prosperity of the 1st Class while the 2d is greatly depressed seems to arise from their not being affected by the decrease in the Export trade or the deterioration in the value of cloths, as from the present low prices of grain they can earn the same wages by a considerably less application of labour than formerly, although the demand is less, but any considerable rise in the prices of Grain would operate

Fort St. George 5 September 1846

operate to the detriment of the 1st Class and in some degree make their condition dependant upon the same causes as the other Class.

6. As it is important to observe the progress of the weaving trade in this District in connection with the effects of the famine and mortality of the year 1833/34 the Statement of the

No 1 number of looms and tax derived from them has been made out for 14 years from Fasly 1240 (1830/31) to Fasly 1253 (1843/44) inclusive from this the following results are abstracted.

Fasly	Total number of looms	Tax		
1240	12,362	21,953	11	11
1245	6,062	9,270	5	3
1249	7,890	13,005	3	3
1253	8,970	14,238	9	11

shewing that the number of looms after the famine was diminished by about one half, that it has since gradually increased and in the last year attained to

Fort St. George 5 September 1844.

to about two thirds of what it was before the famine.

No. 2 I submit also another Statement shewing the value of cloths which paid duty and amount of duty paid in this District in each of the 10 years from 1243 to 1252 inclusive from which it appears that the greatest export was in Fusly 1246 (1836/37) to the value of 69,652-8-0 Rs since which with a trifling improvement in Fuslee 1249 and 50 there has been a gradual decrease to 33294 — the value in 1252 (1842/43)

8. It does not seem to me that any material improvement can be effected in the condition of the weavers by the Government in this Country. The abolition of the Sayer duties will it is supposed have a beneficial effect on the trade, the duty on looms is moderate, averaging less than a Rupee and three quarters per loom annually. The rates vary from Rupees 6 to annas 4.

9. The only measure that seems likely effectually to ameliorate the

Fort St. George 5 September 1844.

the weaving trade, is to place the importation of British and Foreign manufacturers on [illegible] favorded terms than at present. This however would not enable the Indian Manufacturer to complete with his rivals in other Markets from which he has latterly been obliged to withdraw.

From the Collr. of Bellary

Sir,

With reference to the conversion of the Contrary Pagodas into Rupees about to be introduced into the Ceded Districts, I have the honor to enclose a Table, which I think it would be advisable to Circulate very generally in the Talooks. If 5,000 Copies of this were printed in Teloogoo I should be enabled to send one to every Village and distribute to others where required. Without some such check I believe that the ignorance of the Ryots will subject them to much fraud. I could get it done at the rate of 2 Pice each or Rupees 50 for 5000 or it may be printed at the Gazette Press as the Board think proper. It would probably also be of use in Cuddapah, as I conclude that the same arrangement will be introduced into that Zillah.

Sir,

From the Agt. Pl. Coll. of Cuddapah } Para 1. With reference to Para 3d of

(35) the Yeomiah Rules forwarded with your letter of the 18th January 1841- I have the honor to report that the Yeomiadar Gojaboyee who is in the receipt of a Monthly Pension of Rupees 6, and who was transferred to this District in 1825 from Chittoor, has been reported by the Tahsildar of Poolevaindlah in whose talook she resides to have become totally unable to attend before the Collector at Cuddapah as required by the 1st Para of the above Rules, from her old age, and consequent infirmity and sickness, and She requests that her Monthly pension may be paid her in the talook Cutcherry.-

2. As the Journey to Cuddapah from Kudrie which she is required to make twice a year is

is long and very arduous from the difficulty of the passes, and as her existence may be ascertained by requiring her appearance when the Collector or the Subordinate European officers may proceed there- I beg to recommend that the Board of Revenue may be pleased to authorize her being exempted from appearing twice a year before the Collector, and that the payment of her pension monthly may be made at the Talook Cutcherry on her appearance before the Tahsildar.-

Submitting a letter from the Coll.r of Chingleput reporting on an application from Collah Venkatachellachetty of Madras for the remission of assessment

13.th inst. Cons. 22.d ult. Sept. 1844

Para 1. I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Chingleput reporting on an application from Collah Venkatachellachetty of Madras for the remission of the assessment on

on certain land in the Village of Pondaswaram on the Cuddapah road on which is built a Choultry for the accommodation of travellers, & recommending that it be Complied with.-

on 11 Cawnies of land in the Village of Pondaswaram on the Cuddapah Roads which his grandfather purchased for 50 Pagodas from the Merasidars of the Village in 1798 and built a Choultry &c. for the accommodation of Travellers.-

2. Of the above land Cawnies 1-4/8 is occupied by the building and tanks and as halting ground for the Carts stopping at the Choultry, the remainder, on the Mottah in which the Village is situated reverting to Government in the year 1820, became liable to the Circar demand, and is assessed at Rupees 30-6-11- per annum and has remained for the most part uncultivated. This sum is little more than half the amount usually allowed for the endowment of Choultries. It appears that there is a Choultry 7 Miles further west on the same line of road but none on the eastern side within 10 Miles, having the benefit of any grant from Government. The Petitioner C. Venkatachellachetty has lately expended more than 1000 Rupees in

in extending and repairing the Choultry which being situated in a convenient halting place and furnished with the requisite establish=ment is much resorted to, and a great convenience to Native travellers, and under these circumstances the Board beg leave to support the Collector's recommendation that the application may be compli=ed with.-

Sir

With reference to Para 20 of Extract from the Proceedings of the Board of Revenue under date 31st May 1819 Containing Rules for the Salt Department, I request to be informed whether it is the intention of

of the Board that the rule laid down in the above Para shall be modified in consequence of the recent enhancement in the price of salt by Act No. VII of 1844. The Salt Ameenah at Poongolum has reported to me that salt is now sold at the Chingleput salt Pans in smaller quantities than 40 Marcals. I am not aware that the increased price of salt furnishes any reason for altering the existing rule.-

2. The Zemindar having sent a duly Authorized Vakeel to me since the dispatch of my letter to the Board of the 18th. July 1844. No. 119. I am now employed in enquiring into the claims of all the Creditors who are in attendance at the Cutcherry. As things stand at present I see no chance of effecting a compromise with them. When a Creditors is asked how much of his claim he will forego for immediate payment he is afraid to answer lest he should consent to forego more than is necessary, and always replies by asking how much the Government are willing to pay, to which I can give no answer. Until the Creditors are specifically informed what

what the intentions of Government are I dont think it will be possible to bring them to a compromise. I have not been able to get one of them to give a satisfactory answer.-

Sir,

With reference to the Memo on which the appropriation of lands for

Suggesting for the Board's Consideration

11789

Fort St. George 5th September 1844.

Consideration some alteration in the Arakunnamah regarding the grounds of land for pasturage

for grazing has been fixed in the Arakunnamah lately issued for this District, I would beg to suggest some alteration for the Board's consideration—

The quantity of Grazing land allowed to a Ryot is only to the extent of one quarter of his puttaut when I fixed this as a maximum, I had only in consideration the extent necessary for feeding the Cattle actually employed in the Cultivation of the land; but the greater portion of the Ryots are possessed of Cattle beyond what they require for Cultivation, and the Penkeneetta Tahsildar has brought to my notice that this limit acts injuriously in this respect The

11790

Fort St. George 5th September 1844.

The quantity of grazing land which a Ryot may possess is, in the Southern Talooks, unlimited; and I would beg to suggest that it may be the same in the Northern, and that a Ryot may take land for pasture as his necessities require paying ¼ Teerwah for the same, the Tahsildars taking care that no one monopolizes more than he has occasion for.

To

The Collector in the Southern Division of Arcot.

To the Collector in the Sr. Dn. of Arcot. } Sir / Para 1

(55-56)

From the Salt account Current received from your District made up to the 30th June last, the Board observe that the total quantity remaining in store on that date amounted to Garces 477- Maunds 374, the Board request to be informed what further quantity you expect to have manufactured before the close of this season.

2 It is further observed that you have entered a Charge of Rupees 50 "the value of Gunny bags to the end of last Quarter on account of exporting Salt to Calcutta" whereas it does not appear that any Salt has been exported to Calcutta during many Months past, some further explanation is necessary for this Charge.

From the Coll. of Trichinopoly - Furnishing information to remedy an evil complained of by Colonel Milner commanding H. M. 94th Regiment arising from the proximity to the European Barracks of a Bazar over which he has no control -

Sir,

Para. 1. With reference to the Extract from the Proceedings of the Board of Revenue dated the 25th Ultimo, calling upon me to furnish information with a view to remedy an evil complained of by Colonel Milner commanding H. M. 94th Regiment arising from the proximity to the European Barracks of a Bazar over which he has no control, I have the honor to state that there is no correspondence in my Office relative to the Bazar in question - but that it seems to have been established, as far as I can learn from the Native records, and the testimony of the Inhabitants, in the year 1811 for the benefit of the 19th Regiment of Dragoons and that an advance was made by the authorities at the time to induce Dealers to establish shops there - The Bazar itself occupies about two Cawnies

of land and the Bazar people to take out pottahs and pay the assessment to Government viz. 4 annas 5 and spice 5.

2. Brigadier Doveton and Colonel Milner were good enough to accompany me this morning on a personal inspection of the localities in the immediate neighbourhood of the Barracks - and there cannot be the slightest doubt that it is highly desirable that the ground in question and a quantity of grounds occupied by Native followers and hangers-on of the European Regiment should be placed under the control of the Commanding Officer as far as it can possibly be done - the only obstacle to his acquiring a full and thorough control over the space in question arises from the circumstance of none of the Bazarmen being registered so that they will not even tho the land be transferred to Military authority be, strictly speaking, liable to the provisions

Fort St. George, 5th September, 1844.

provisions of the Regulations section V. Regulation VII. of 1832 - under which Military authority can be exercised.

3. I am however of opinion that as the Bazarmen and others alluded to are in fact Military dependants tho' not according to law Military followers, the space marked in red ink on the plan, the boundaries of which were decided by Brigadier Doveton, Colonel Milner and myself, should be placed under the provisions of Section III Regulation VII of 1832. I hope that if this be done Colonel Milner will be able with the assistance of the Magistrate to make satisfactory arrangements for ensuring cleanliness in the neighbourhood of his Barracks.

× Herewith forwarded.

4. It will be for Government to decide whether the trifling amount of assessment payable by the Bazar people should be remitted. I am inclined to advise that the demand should be continued unless the payers will consent to Register themselves as Bazarmen.

I am

Fort St. George, 5th September 1844.

5- In regard to the question of forming a Cantonment at Trichinopoly under the provisions of Regulation VIII of 1832, I beg to state that after the fullest consideration I adhere to the sentiments expressed in my Letter to the Foujdary Udalut dated the 11th June last; but it would perhaps be advantageous to make some such arrangement as that now proposed for the European Regiment for the lines of each of the Native regiments-

Sir,

From A. P. Onslow Esq.re Collr. of Trichinopoly.

61.

I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated the 1st Instant calling upon me to state in what manner the lands alluded to in my letter of the 18th July were sold-

2- In reply I beg to state that as reported in my letter of the 21st February 1844 when the lands in question were exposed for sale at my Cutcherry, no one bid for them- Being under the

the impression that the want of Bidders did not altogether arise from fair causes. I determined to make another trial to recover the Circar dues by inviting people to bid on the spot. Accordingly the lands were put up to sale at public auction by the Tahsildar of Conaud and the result is that communicated to the Board in the letter under notice.

Trichinopoly. Collector's Office, 14th August 1844.

From the foregoing letter

(61-62) the Board understand that the lands referred to were not sold at the time and place fixed in the advertisement, and in that case the proceeding being illegal it will be necessary to cancel the sale. Mr Onslow will therefore be good enough to cause a fresh advertisement to be prepared, and submit a copy thereof for publication in the Board's Office, as the XXVI of 1802. III of 1838. Regulations prescribe.

From the Collr of Trichinopoly. Forwarding Extra Sources of Revenue Report for Fusly 1253.

Sir,

Para 1. I have the honor to forward the usual Statements connected with the Settlement of the Extra Sources of Revenue of the District of Trichinopoly for Fusly 1253. / A.D. 1843/44.

3. The decrease in the Amount of Sayer collections is owing principally to the abolition of the Town and Transit duties under the orders of the Board dated the 28th March 1844, the Collections of Fusly 1252 / A.D. 1842-43 being for the entire year, while those for the year under report were made during

Fort St. George 5th September 1806.

during nine months only, having ceased on the 11th April 1806.

The collections of the Sayer duties for the period under report however fell short of those for the corresponding period in the sum of Rupees 4,680-0-5 which is to be attributed

chiefly to the interruption which was occasioned to trade by the prevalence of Cholera.

5. The Amount of the Beetel rent for the fusly under report exceeded that of the preceding fusly in the sum of Rupees 4,550-0-0.

	Rs.	a	P.
Fusly 1252	46,510	0	0
1253	51,060	0	0
	4,550	0	0

The actual falling off is owing to the cause above stated.

Abkarry. 6. The increase of Rupees 4,115 under this head is owing entirely to competition, occasioned I regret to add by the increase of the vice of Drinking intoxicating liquors.

Sundry small farms and licences. Under this head are included the following items-Sales of Durbah grass, Canes, and other wild produce of the Padoogay* of the rivers and fines for Cattle grazing upon the same which in the fusly under report amounted to Rupees 1,865-3-5 being a decrease of Rupees 587-15-6 below the Collections of fusly 1252-Hill rent Amounting to Rupees 1,629-0-0. Bazar taxe Rupees 90-15-3. House taxe Rupees 193-9-6. Cavel fees Rupees 66-9-6. the whole Amounting in fusly 1253 to Rd 1843/4

to Rupees 4,144-6-12-5, and exhibiting a decrease below the demand of the preceding fusly in the Amount of Rupees 472-7-1.

8. Of the foregoing items "Bazar" and "house taxe" seem to belong more properly to the heads of Moturpha, and those of "Cavil fees" and "Fines" to be misplaced-the latter I have ordered to be entered under the head of "Sircar Summa" or extraordinary Collections, and the other items I will with the Board's permission, bring under the appropriate heads in future. Under the head "Hill rent" there are some objectionable items of Collections which I brought to the Board's notice in my letter of the 28th August 1805, copied

With reference to your letter of the 27th Ultimo calling upon me to report whether any taxe or rent is collected for the privilege of collecting honey and wax in this district, I have the honor to state that the right of appropriating certain wild produce of the Hills and Jungles in the talooks of Sorriore and Volaconda pooram is rented at the yearly sum of about Rupees 105 in Sorriore and Rupees 170 in Volaconda pooram. Honey and wax are included in these products but although a pretence has been made in Volaconda pooram to devide the whole Amount upon each particular article, the real value of each cannot be stated with accuracy, but it does not in all probability amount to 15 Rupees in each talook upon honey and wax.-

2. No taxe is realized without difficulty from the renter and no complaints have ever reached me, nor can I discover upon enquiry that any oppression or annoyance has been exercised in respect of it-but the amount is insignificant, and the people are poor and might I think, with propriety be allowed to enjoy in the Manufacture of Gin, and I would again submit the propriety of remitting the demands on the articles in question.-

enjoy the trifling advantage to be derived from the Collection of the two articles in question, as well as from the dying barks and powders - a kind of grass used for brooms. A sort of wild Cotton from which twine is made, and gall-nut. Mustard ought also to be included from the list as it is not a spontaneous product, and the land on which it is grown is liable to taxation.

3- The accompanying list exhibits the several descriptions of articles included in the rent in question, and the relative value of each item as settled in fusly 1231 in the talook of Volaconda poorum. Those not specified in the foregoing para should, I think, remain liable to taxation.

4- The two talooks abovementioned are the only ones in which the articles in question are taxed.

The revenue Deriv- ed from them does not exceed # 115 Rupees per annum, and the demand is, I have ascer- tained, a considerable source of annoyance to the poor people on whom it is made, who are of the low- est class and eke out a miserable existence by means of the small profits they derive from the articles in question.

Motorpha- 9- This head is chiefly composed of the Loom tax, it includes also a tax on the collection of honey - the latter in the fusly under report yielded a Revenue of Rupees 133 and will be entered in future, if the Board have no objection, under the head of Sundry small farms and li- censes to which it would seem more properly to belong.

Stamp duty 10- The Stamp revenue exhibits a

In this way Rupees 8959-6-9 have been recovered from him leaving a balance of Rupees 50 only still due, which under all the circumstances of the case, I beg to recommend should be remitted. The remaining sum of Rupees 256-8-4 is due by some poor Tobacco Merchants who fell into arrears under the Systeme then in vogue, of allowing the duty to lie over till the article was sold, as explained in the 20th para of my letter dated the 8th October 1842. They are quite unable to pay their duties and I recommend that this balance also should be struck off, making the total balance to be struck off under this head of Sayer, arrears Rupees 306-8-4

The whole of this sum is irrecoverable and I recommend that Sanction be granted for writing it off. Care will be taken to add just these items at the close of each fusly in future.

14. The total amount of arrears of Extra Revenue proposed to be written off above is Rupees 1103-11-4 as per Accompanying Account Particular, and if Sanction be granted there will then be no arrears under this head in the District of Trichinopoly.

I beg leave to explain the cir-
2-
-cumstances under which this amount remains un-
-adjusted. A Deloyet of my Office who was sent to the Presidency with the remittance of Treas-
-sure in 1843 died of Cholera in the Salem District. He had received an advance of Rupees 27-3-7 according to the custom ob-
-served in this District, being the amount of his Salary and Batta for the period of three Months. Deducting therefrom the pay for the period he was on duty there was a balance of 20-2-4 against him of which Rs 4-3-4 were made good by the Sale of his Property

Resolution thereon.

(64A-68)

Resolved that the foregoing letter be submitted for the orders of the Most Noble the Governor in Council.

Under the circumstances stated by the Principal Collector the Board recommend that sanction may be granted for writing off the sum of Rupees 15-15-0 being the irrecoverable portion of an advance of Rupees 27-3-7 made to a Daloyet who was sent with a remittance of public Treasure to the Presidency but died of Cholera in the Salem District.

Sir,

From J. A. Huddleston Esq.r Collector of Madras. 3

In acknowledging the receipt

ORIGINAL DESTROYED

receipt of Extract from the Proceedings of the Board of Revenue dated the 1st Instant I have the honor to offer the following explanation on the points referred to by the Board.

Since the limitation of

2

the Land Customs to thirty six articles, it has been usual in this Office to release all Goods imported into Madras which on examination were found to be free of duty without entering them in the Customs Register, or giving import duty Bills. This course was followed with Messrs Vinay Cardozo & Co's Goods, on which no duty was payable here, and the packages were passed unopened

unopened because the owners furnished Invoices of the contents and expressed their fears that the Articles, which were of a delicate description, might sustain injury if handled by the Custom House Servants.-

3 I regret that the Rowanahs which covered these Goods, were not demanded, and returned by me to the Officer by whom they were granted. but no previous instance had occurred of Goods being brought from Pondicherry, and the distinction between Articles not liable to duty or requiring a

a Rowanah, and Articles which though free from duty on their importation into Madras were covered by a frontier Rowanah, was not observed by the Servants of the Office, and escaped my attention.-
