at which the weight of a Garce of Salt should be recorded.—

2. In reply to the enquiry as to the mode of calculation by which the Madras Garce as applied to Salt has been reckoned to be equal to tbs. 10,102½ I am directed to submit the following explanation.—

*B.d's Letter 19th Oct.r 1843.

3. Prior to the year 1828, it would appear, that all Salt sold for export to Calcutta was, like that destined for home and inland consumption, delivered by measurement, Viz.t by the measured Garce of 400 Mercals; such Garce in the permits or Certificates covering the Salt, being estimated at 120 Bengal Maunds. The Board have been unable to discover on what grounds this rate of conversion was adopted, nor does it appear that in fixing it any rigid accuracy was aimed at. The sales were, as above mentioned, conducted by the unmeasured Garce, its supposed value in Maunds being entered in the permit, for the convenience of the exporters, tho' it was not intended that the computation should be regarded, as other than a proximate one

Fort St. George 19th September 1844

—ine— In the year 1828 however, at the instance of the Bengal Government, weight was substituted for measurement in the delivery of Salt for Sea Export—and the Garce being assumed to be of the weight of 9,256½ lbs. avoirdupois, Collectors were instructed, in place of 400 measured mercals, to deliver for each Garce, 9,256½ weighed pounds of Salt.

To Bengal 17th June 1828.

On this arrangement being reported to Bengal, the difference between the assumed weight of the Garce, and the aggregate weight of the 120 Maunds which was the value assigned to it in the permits, attracted the attention of the Calcutta Board of Customs Salt and Opium, who represented to the Bengal Government, that as the Bengal Salt Maund was lbs. oz 84—3, and as the Madras Garce purported to contain 120 of such Maunds—Good faith would not be kept with the exporters, unless for each Garce there were delivered to them on the least 84lbs 3 × 120 = 10,102½ pounds of Salt—This representation having been communicated to Madras, the view taken by the Calcutta Board was concurred in by the Government of this Presidency, and all Salt sold for export to Bengal or Chittagong has

Fort St. George 19th September 1844

has since 1828 been delivered to the Shipper at the Garce of 10,102½ lbs. weight.

4. From the above, it will be perceived, that the Madras Salt Garce was originally fixed at 10,102½ lbs. on the assumption, that this Garce was in reality equivalent to 120 Bengal Salt Maunds each of lbs. oz. 84 - 3 - but that such rate of conversion was in the first instance assumed somewhat vaguely, and adopted at a time when measure and not weight was the standard of sale for the export as well as for the home sales. It cannot therefore be expected that the weight of the Garce as thus determined should be characterized by close accuracy.

5. In Para 2 of the Minutes of Consultation it is observed that "in their Proceedings 9th June 1828 the Board assumed the Garce to contain 120 Bengal Maunds which at the rate of 82 2/7 lbs. would make the weight of a Garce equivalent to 9,874 2/7". It has been already shown that the rate of conversion by which the Garce is made equal to

Fort St. George 19th September 1844

to 120 Bengal Maunds cannot be depended on. It should further be remarked that the rate taken by Government in framing the calculation given in the above Extract Viz. 82 2/7 lbs. to the Maund is the weight not of the Bengal Salt Maund, but of the Indian Maund of 3,200 Tolas. The Bengal Salt Maund by which the sales of Salt for Sea export have hitherto been regulated is, as will be seen from the passage quoted in the Margin, equal to lbs. oz. 84 3-, a Garce of 120 such Maunds would therefore, as already stated, be equivalent to 10,102½ lbs.

6. In the letter from the Secretary to the Government of India forwarded in the Minutes of Consultation under acknowledgement, the Board find it stated, that the Garce is understood to weigh 9,256½ lbs. which are equal to 112-20. It should be explained that this weight (which it

it will be remembered was that, assumed in the first instance as the standard for regulating the sales of salt by weight in 1828 - but subsequently abandoned / is the weight of a Garce of Grain, but that the Garce being actually a measure of capacity, and not of weight, the weight of its contents must of course vary according to their specific gravity - and the specific gravity of Grain and Salt being different, the weight of a Garce of the latter will not correspond with that of the former, nor consequently will the number of Maunds contained in the two Garces be respectively equal -

7. With the view to remedy the present uncertainty, the Board are directed to call upon the Collectors of the East Districts, to ascertain by personal enquiry, the actual weight of a Garce of Salt in pounds avoirdupois, taking it in the state in which it is usually purchased by the Merchants. The Board must here beg to bring to the notice of Government that in consequence of the objections taken, as already stated, in 1828, by the Board of Customs in Bengal, to the weight of the Garce supplied for shipment to Calcutta, the

## To the Chief Secretary to Government.

To the Chief Secretary to Government.

Sir,

Para 4. I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation under date 1st August 1844, forwarding copy of a letter from the Secretary to the Government of India, and requesting the Board, in reference to their letter of 19th October 1843, to explain on what calculation the Madras Garce as applied to Salt is reckoned equal to 10,102 lbs: remarking also that in their Proceedings of 9th June 1828. the Board assumed the Garce to contain 120 Bengal Maunds which at 82 2/7 lbs per Maund would make the weight of a Garce equivalent to 9874 2/7 being 617 above the weight of the Garce as understood by the Government of India.— The Board are further directed to call upon the Collectors of different Districts on the Coast, to ascertain from personal enquiry the actual weight of a Garce of Salt in pounds avoirdupois, taking it in the state in which it is usually purchased by the Merchants, and in informing Government of the result, to state what would be the four average standard in Indian Maunds,

at

Submitting with reference to the Extract from the Minutes of Consultation dated 1st August last, explanation as to the mode of calculation by which the Madras Garce as applied to Salt, is reckoned to be equal to lbs 10,102 1/2 and reporting the result of experiments made in 1828 by the Collectors of some of the principal Salt Districts regarding the actual weight of a Garce of Salt, and suggesting for certain reasons that further attempts to determine the rated Garce by the Indian Maund to the Madras Salt Garce be deferred until the Collectors of the Salt Districts shall have been furnished with the Maund Measures recommended in the Board's letter of the 27th June last.—

Read 5th Sept. 1844.

at which the weight of a Garce of Salt should be recorded.—

2. In reply to the enquiry as to the mode of calculation by which the Madras Garce as applied to Salt has been reckoned to be equal to tbs. 10,102½ I am directed to submit the following explanation.—

*B.d's Letter 19th Oct.r 1843.

3. Prior to the year 1828, it would appear, that all Salt sold for export to Calcutta was, like that destined for home and inland consumption, delivered by measurement, Viz.t by the measured Garce of 400 Mercals; such Garce in the permits or Certificates covering the Salt, being estimated at 120 Bengal Maunds. The Board have been unable to discover on what grounds this rate of conversion was adopted, nor does it appear that in fixing it any rigid accuracy was aimed at. The sales were, as above mentioned, conducted by the unmeasured Garce, its supposed value in Maunds being entered in the permit, for the convenience of the exporters, tho' it was not intended that the computation should be regarded, as other than a proximate one

Fort St. George 19th September 1844

—ine— In the year 1828 however, at the instance of the Bengal Government, weight was substituted for measurement in the delivery of Salt for Sea Export—and the Garce being assumed to be of the weight of 9,256½ lbs. avoirdupois, Collectors were instructed, in place of 400 measured mercals, to deliver for each Garce, 9,256½ weighed pounds of Salt.

To Bengal 17th June 1828.

On this arrangement being reported to Bengal, the difference between the assumed weight of the Garce, and the aggregate weight of the 120 Maunds which was the value assigned to it in the permits, attracted the attention of the Calcutta Board of Customs Salt and Opium, who represented to the Bengal Government, that as the Bengal Salt Maund was lbs. oz 84—3, and as the Madras Garce purported to contain 120 of such Maunds—Good faith would not be kept with the exporters, unless for each Garce there were delivered to them on the least 84lbs 3 × 120 = 10,102½ pounds of Salt—This representation having been communicated to Madras, the view taken by the Calcutta Board was concurred in by the Government of this Presidency, and all Salt sold for export to Bengal or Chittagong has

Fort St. George 19th September 1844

has since 1828 been delivered to the Shipper at the Garce of 10,102½ lbs. weight.

4. From the above, it will be perceived, that the Madras Salt Garce was originally fixed at 10,102½ lbs. on the assumption, that this Garce was in reality equivalent to 120 Bengal Salt Maunds each of lbs. oz. 84 - 3 - but that such rate of conversion was in the first instance assumed somewhat vaguely, and adopted at a time when measure and not weight was the standard of sale for the export as well as for the home sales. It cannot therefore be expected that the weight of the Garce as thus determined should be characterized by close accuracy.

5. In Para 2 of the Minutes of Consultation it is observed that "in their Proceedings 9th June 1828 the Board assumed the Garce to contain 120 Bengal Maunds which at the rate of 82 2/7 lbs. would make the weight of a Garce equivalent to 9,874 2/7". It has been already shown that the rate of conversion by which the Garce is made equal to

Fort St. George 19th September 1844

to 120 Bengal Maunds cannot be depended on. It should further be remarked that the rate taken by Government in framing the calculation given in the above Extract Viz. 82 2/7 lbs. to the Maund is the weight not of the Bengal Salt Maund, but of the Indian Maund of 3,200 Tolas. The Bengal Salt Maund by which the sales of Salt for Sea export have hitherto been regulated is, as will be seen from the passage quoted in the Margin, equal to lbs. oz. 84 3-, a Garce of 120 such Maunds would therefore, as already stated, be equivalent to 10,102½ lbs.

6. In the letter from the Secretary to the Government of India forwarded in the Minutes of Consultation under acknowledgement, the Board find it stated, that the Garce is understood to weigh 9,256½ lbs. which are equal to 112-20. It should be explained that this weight (which it

it will be remembered was that, assumed in the first instance as the standard for regulating the sales of salt by weight in 1828 - but subsequently abandoned / is the weight of a Garce of Grain, but that the Garce being actually a measure of capacity, and not of weight, the weight of its contents must of course vary according to their specific gravity - and the specific gravity of Grain and Salt being different, the weight of a Garce of the latter will not correspond with that of the former, nor consequently will the number of Maunds contained in the two Garces be respectively equal -

7. With the view to remedy the present uncertainty, the Board are directed to call upon the Collectors of the East Districts, to ascertain by personal enquiry, the actual weight of a Garce of Salt in pounds avoirdupois, taking it in the state in which it is usually purchased by the Merchants. The Board must here beg to bring to the notice of Government that in consequence of the objections taken, as already stated, in 1828, by the Board of Customs in Bengal, to the weight of the Garce supplied for shipment to Calcutta, the

between the maximum and minimum weights of a Garce of new Salt in this table is 2,452½ lbs. that of a Garce of old 2,086 - being in the latter nearly 19. in the former 25 per Cent. It is further worthy of Note that of the 12 weighings above recorded in three only was the Garce of Salt found to be of less weight than the standard Garce of Grain - and that the average of all the 12 weighings gives 9,617½ being slightly below 117 Indian Maunds.—

9.

The experiments of which the issue has been given in the preceding Paras would appear to have been conducted with due care and attention - Nor, adverting to the difficulty of determining the average weight of such an article as Salt, the actual gravity of which varies so strikingly according to the size of its crystals, the quantity of Moisture taken up &c., do the Board conceive that further trials of the same kind would be found productive of more satisfactory or uniform results. In their letter of the 27th June last the Board were induced to submit for the consideration of Government whether, for the sake of greater economy and expedition

expedition in the conduct of the home and inland sales, it would not be desirable that the present system of delivering by measurement should be continued, a measure calculated to contain on the average one Indian Maund of Salt. being adopted, as in the Bombay Presidency, and substituted for the Measal now in use - Should this proposal be approved, they would now beg to suggest, that, further attempts to determine the rates borne by the Indian Maund to the Madras Salt Garce, be deferred until the Collectors of the several Salt Districts shall have been furnished with the Maund Measures, above referred to, when the number of these Measures contained in the Garce may be readily ascertained by the simple process of Measuring the one by the other - It is further evident that as in this case the Maund Measure and the Garce will both be measures of capacity, their relative proportion as thus found will not vary, whatever be the actual condition of the Salt itself - and may therefore be

be at once assumed as the standard whereby to regulate all transactions connected with the manufacture, or home and inland Salt Sales. In the interim the present rate of 120 Indian Maunds to the Garce may, the Board think, be continued, it having been already shewn, that as far as past enquiries enable a judgment to be formed, the error in this rate of conversion will not exceed 2½ per Cent.—

Forwards copy of correspondence from Collr. of Masulipatam about Wullabapooreum Island disputes. as also Copies of translations of agreements executed to Mr. Porter by Wullabhapooreum Vizeeaiff Vizeeaz. Returns also the Original Petitions Nos. 883 & 839 of 1844 (with enclosures) with certain suggestions as the Civil Engineer of the Division & an Assistant from either District being deputed to mark the limit of either Zillahs at the disputed Islands. that as a great portion of land has been carried away by the River, and deposited on the Masulipatam side of the Main Channel, that land cannot form part of the spot purchased by Wallooor Zemindar's ancestors.—

Sir,

Para 1. With reference to your letter dated the 1st Instant, forwarding Petitions from the inhabitants of Wullabapooreum and the Zemindar of Wallooor I have the honor to submit Copies of the correspondence noted in the Margin,* with the Collector of Masulipatam from which the Board will perceive what has taken place in the matter of the boundary dispute to which the petitions refer.—

2. Mr. Stokes was of opinion for reasons stated in his letters to Mr. Porter dated the 13th June and 5th July that the boundary line marked out by the Masulipatam parties in the absence of those of Guntoor under the protest of the Wullabapooreum Villagers and Vizeeaz Zemindar could not be enforced, and suggested the alternative of defining the disputed limits by a Committee consisting of the Civil Engineer of the Division and an Assistant from either district. Mr. Porter has not replied to this letter.—

4. It is to be noted in addition to the circumstances stated in the correspondence now sent that a portion at least of the Island in dispute is of recent formation; much land having been carried away by the river from the Guntoor Bank and deposited on the Masulipatam side of the main Channel and that this land does not therefore form part of what was purchased by the Wulloor Zemindar's ancestors.-

5. The Petitions are herewith returned.-

From the D.o 29th do.

Para 1. With reference to the correspondence noted in the margin, I have the honor to forward for your information Copies and translations of agreements executed before me by the Curnums and Canpoos of the Villages Vulloor, Royoor, and Vullabapooram

Villabapooram and the Vakeel of the Vulloor Zemindary, from which you will perceive that the Parties have agreed to settle the disputes at present subsisting regarding the Islands in the Kistnah claimed by each, by having the boundaries walked by two Individuals selected for that purpose.-

2. The day fixed for carrying into effect the arrangement now proposed, is the 7th Proximo, and I shall be obliged by your issuing such orders as will ensure the attendance of your native Authorities with the Curnums &c. of the Vullabapooram Village at the time and place appointed - as it appears very desirable that these disputes should, by any means, be brought to an amicable termination.-

Sir,

Para 1 With reference to my letter of the 28th Ultimo, I have the honor to forward

for

12310

Fort St. George 19th September 1846.

For your information Copy of a report received from the Tahsildar of Chullapully in this District detailing the proceedings which took place on the 7th Instant, consequent on the orders passed for the adjustment of the Boundary disputes between the Villages of Vullore and Royoor in this District, and that Wullabapooranum in the District of Guntoor.-

2. From this it will be seen that it has not been found practicable to carry out the settlement of these disputes in the manner proved for in the Kararnamahs executed by the parties, owing 1st to certain frivolous objections raised by the inhabitants of Wullabapooranum, in consequence of which it was late in the day before they could commence walking the Boundary- and 2d to the unaccountable conduct of the Tanadars of Chabrole and Tenaly, who walked off the Ground before the Vullore Moonsiff had completed his task of walking the Boundary between that & Village and Wullabapooranum, and refused to return or give any explanation for their desertion, altho twice sent to by the Chullapully Tahsildar.-

3. The boundary between Vullore

Fort St. George 19th September 1846.-

Vullore and Wullabapooranum it appears has been defined but that between the latter Village and Royoor, remains still to be settled as it was entirely owing to the conduct of the Guntoor people that the business could not be completed on the day at first named, I have given orders to the Chullapully Head of Police who is still present on the spot, awaiting further instructions, to proceed according to the terms laid down in the Kararnamahs, and make the Royoor Curnum Walk the Boundary- intimating to the inhabitants of Wullabapooranum that if they do not choose to attend, they will still be considered bound by the terms of the agreement which they themselves have made- I trust that this course will meet with your concurrence, and that you will signify the same to the parties concerned taking such notice of the conduct of your Ameens, as you may deem it upon enquiry to merit.-

Sir

Para 1. I have the honor to acknowledge the receipt of your letter of the 10th Instant with accompaniments and to forward Copies of the repots and their enclosures, which have been made by the Heads of Police of Cheybrole and Sanally of the transactions which they represent to have taken place on the occasion of treading the disputed boundary referred to in your letter.-

2. You will observe that these reports omitted to be noticed by the Head of Police of Chullapully, Viz.t, that an assault was made by the people of the Vulloor Zemindar upon certain of the inhabitants of Wullabapoorum in the act of which two of the Zemindar's people were apprehended, and in consequence of which the Heads of Police both left the place.-

3. I purposely deferred acting on those reports until I should hear what was said on the other side being well aware from experience of the almost

12313 Fort St. George, 19th September 1844.-

almost invariable practice of Native Officers at suit occasions to make ex parte Statements. Still I think there is too much evidence to set aside that an assault was made, and if it was, I am of opinion that the definition of the boundary made by the Vulloor Moonsiff partly in the absence of the Guntoor people cannot be enforced.-

To

H. Stokes Esqre

Collector in the Zillah of Guntoor-

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 15th Instant, enclosing Copies of depositions taken by the Head of Police of Chaybrole and his report relative to the alleged affray which interrupted the treading of the disputed boundary between the Villages of Vulloor and Wullabapoorum.-

That

2. That a disturbance did occur on the occasion of the meeting for the purpose of settling this boundary question I never conceived that there could be any doubt and on a reperusal of the reports of the Chellapully Head of Police which I have already forwarded to you, I confess that I cannot discover the unqualified assertion to which you allude, that no such assault as alleged by the Guntoor Annees took place. On the contrary in his first report he mentions that the Peons whom he sent back to ascertain the cause of the Chaybrole and Tenally Heads of Police remaining behind instead of walking with him, returned, with a report that a disturbance had taken place, in consequence of which the Guntoor Annees had left the ground carrying off two of the Vulloor people with them. The "unqualified assertion" contained in his further report which accompanied my letter of the 12th Instant appears to me to amount to no more than this, that he saw nothing of the alleged affray, as it occurred at a part of the ground which he had already passed over, in executing his task of seeing the boundary con-

walked.-

walked.-

3. Before I forwarded to you the last report of the Chellapully Head of Police I had received a communication from the Vulloor zemindar regarding the affray and a complaint from the friends of the two men who had been seized by the Guntoor people bringing charges of assault against the Guntoor Annees, and certain inhabitants of Wallabapooram, with whom they asserted that the disturbance had originated. I did not however consider it necessary either to trouble you with the perusal of these documents, or to take any immediate notice of the complaint myself, 1st because it appeared to me to be useless to expend time on investigating a matter on which I had no power to adjudicate, and 2nd because I conceived that our primary object should be to carry out the settlement of the boundary question, according to the agreements which had been entered into between the parties, which ought not to have allowed to be avoided by the personal misconduct of any one present.-

4. I cannot help thinking that if the three heads of Police had acted on the first day of their meeting in concert and with a firm determination to execute the

task

task appointed them, they had ample means at their disposal to prevent any disturbance taking place at all- and might have finished the business at once. as it is I cannot discover that the terms of Kararnamahs have been in any particular deviated from, and under this conviction I gave the instructions to the Chullapully Tahsildar mentioned in my letter of the 10th to proceed to the settlement of the Royoor boundary as soon as practicable, after giving due notice to the opposite party, to enable them to be present if they chose. This has been done and I have now the honor to forward his final report accompanied by Mahazurnamahs and a plan of the disputed boundary which has been marked out.-

5. My own opinion is that as this boundary has been defined by parties selected by the inhabitants of Wullabapoo-rum and in accordance with the terms of Kurarnamahs executed by themselves any objections which they may raise to the decision on the ground of their absence which was not compulsory, should be disregarded, and that they

should be compelled to confine themselves within the limits now settled. but should be of a different opinion and not prepared under the circumstances to enforce obedience to the agreement which have been made, it will only remain for me to make a further communication to the Board of Revenue with reference to their letter of the 15th January last in the hope of obtaining an order from Government as to the question of Jurisdiction, as it does not appear probable unless the present settlement meets with your support that any other means can be derived whereby the point at issue may be adjusted without the intervention of the Collector of one Zillah, or the other.-

Sir,

Para 1. In reply to your letter of the 24th Ultimo, with accompaniment I have the honor to state that as the Villagers of Wullabapoorum protest against the

Fort St. George 19th September 1844.

the settlement of the disputed boundary according to the line attempted to be marked out by Shayennah on the 7th June on the ground that the proceedings were interrupted by an affray originating with the Vulloor people and as the most part of it was unmarked in their absence and as it is clear that a disturbance took place though not clear thro whose fault and that the Guntoor Ameens and Villagers left the ground on the occurrence of this disturbance, it appears to me that the Collector of neither district can have power to enforce this this decision involving as it does, landed property, and that some other method must be resorted to. I therefore beg you will have the goodness to refer the point for the decision of the Board of Revenue.-

2. With the view of settling the jurisdiction not only between the two Villages of Vulloor and Wullabapooram but of the other disputed Islands in the Kristnah it occurs to me that a suitable arrangement, would be to nominate an Assistant from each district, with the Civil Engineer as a Committee to mark out the boundary of the two zillahs, leaving then the several claimants to prosecute their claims in the Civil Courts unless they would previously agree to abide by the decision of the Committee, as to their right to the disputed land.-

Translation

Fort St. George 19th September 1844

1

Translation of an agreement executed and presented to R. J. Porter Esqre Collector in the Zillah of Masulipatam by the undersigned Village Moonsiffs and Curnums of Vullabha-poorum Village in the Zillah of Guntoor and the Village Moonsiffs, Curnums and Capoos of Vulloor and Royoor Villages appertaining to the Zemindary of Vulloor in the Zillah of Masulipatam. Dated 25th May 1844.

For the purpose of making arrangement with a view of putting a stop to the disputes regarding boundaries in the Islands of the Kristna river subsisting between Vulloor Royoor and Vullabhapooram Villages, We (Inhabitants of the said three Villages) have attended in your presence and agreed upon the following conditions for the settlement of the same.

We (Villagers of Vullabhapooram) have on the 21st Instant executed and presented to you a Kararnamah with conditions that Catragaddah Sayennah Moonsiff of Vulloor Village after having bathed should with the same wet Cloths put mark on his forehead according to his religion, bear on his right shoulder a Moolacada curra or a goad fastened with

Fort St. George 19th September 1844

with certain ropes &c. termed Yaradutlah, and with bare feet, tread on the boundary line of Vulloon Village - That Royon Gopa:=rauze Curnum of Royon Village after having bathed wearing the wet cloths should with the usual mark on his forehead, bear the Seloogoo or Sanscrit Ramayanum) a Sacred Book over his head and tread bare footed, the boundary line of Royon Village in presence of all the Circar's servants and the inhabitants of both Villages, as well as those of the surrounding Villages that the boundary line thus trodden by those 2 in:=dividuals should without any objections being made on either part be agreed upon and conformed to for ever accordingly, and that we shall never propose any more conditions than those already entered in the said Rarannamah.

We have again presented to you a second time a Rarannamah dated 25th Instant binding ourselves that the Circar should mark out the boundary line, con:=sistent to the same time as may have been trodden by the aforesaid Sayennah and Gopararuze

Fort St. George 19th September 1844

Gopararuze under the foregoing conditions and agreeing that - In case of the 2 indivi:=duals Sayennah and Royon Gopararuze failing to walk the boundary line according to the foregoing conditions the boundary line now under dispute between the foresaid 3 Villages may under the terms of adjuration referred to above be allowed to be trodden by Sunkareddy Sabapah Village Moonsiff of Vullabhapooram - and further that in the event of the Villagers of Vullaon and Royon not agreeing to either of the two foregoing conditions the lands now under dispute, should, without any concern or interference to the inhabi:=tants of the said Vullaon and Royon be made over to the enjoyment of the Vullabha:=pooram Villagers and that if we (the Vil:=lagers of Vullabhapooram) would fail to conform to any of the said conditions, we agree to forfeit our claim for the land in question, and allow the same to be enjoyed by the Vullaon and Royon Villagers - and further that the walking of the boundary line should be commenced forthwith in

Vullaon

Fort St. George 19th September 1844.

Vulloor and reset in Royoor, and so lastly agreeing to conform to the foregoing conditions without any deviation or failure on our part.

We the Villagers of Vulloor and Royoor do hereby declare that we have agreed to the conditions laid down on the Ranarnamah presented by the Villagers of Vullabhapooram regarding the settlement of the boundary disputes adverted to above, that the boundary lines of Vulloor and Royoor should be trodden, the former by Catragudda Sayennah, and the latter by Royoor Goparauze respectively, in the following manner Viz.t. The said Goparauze being a Brahmin, he should after having bathed, put the usual mark on his forehead, wear wet cloths and bear on his head the sacred Book Ramayenum either Telugoo or Sanscrit, and with bare foot tread the boundary line of Royoor Village. The said Catragudda Sayennah being of a Soodra caste, he should after having bathed

bathed and with wet cloths he then wore put mark on his forehead according to his religion, bear a Moolakala Curra or a goad together with Yara Cutta or ropes &c.a thereof on his right shoulder and tread bare footed the boundary line of Vulloor Village as we agreed upon to abide by the foregoing conditions of adjuration, the boundary lines shall be trodden on by the said individuals on Friday the 22d. Jaistum, or the 7th June 1844 in presence of both Villagers and those of the Surrounding Villagers as well as the Circar servants. The boundary of Vulloor Village should be walked in the first instance and that of the Royoor Village next. We agree to confine ourselves to the limits thus trodden by the said 2 individuals, and the lands attached to each Village according to the limits defined with reference to the boundary lines trodden by them as above should be taken permanently into the enjoyment of the respective Villagers without any further disputes again on the subject.

In

Fort St. George 19th September 1814

In the event of Catraguddas Sa:
=yennah and Royoor Goparauze failing to
tread the boundary lines of those Villages on
the above date with the Conditions above
set forth the Sunkereddy Sakalapah Village
Moonsiffs of Vullalhapooram should tread the
boundary lines of the aforesaid 3 Villagers with
the adjurations above set forth and we shall
not fail to abide by the same and continue
undisputed for ever enjoying ourselves the
lands within the limits trodden and defined
by the said individuals. If we should fail
to abide by the foregoing restrictions we (the
Villagers of Vullaor and Royoor) shall forego
our claims regarding the said disputed lands
and the same may be made over to the Vil:
=lagers of Vullalhapooram. If the Vullalha:
=pooram Villagers fail to abide by the said
restrictions their claims for the lands in
question should be forfeited, and lands made
over to continue under our enjoyment.

Under the foregoing conditions we
(the inhabitants of the aforesaid 3 Villages)
have presented this Kararnamah to you with
a request that you will be pleased to

order

Fort St. George 19th September 1814

order the attendance of the both Villagers as well
as those of the surrounding Villages together
with the Circar servants to be present on the
spot on the date fixed above, and in their pre:
=sence treading of the boundary lines by the
aforesaid individuals may under the conditions
herein stipulated be effected. The Circar
should then establish defined limits accord:
=ing to the line trodden by them. We agree that
the lands attached to each Village according to the
said definition should be taken into the respec
=tive enjoyment of each Village without any
infringment on the part of one against the
other. If any of the 3 Villagers fail to con:
=form to any of the conditions herein stipulated
we hereby engage that their claims for lands
now under dispute shall be forfeited.

We (the inhabitants of the above
3 Villages) are thus agreed with our free
will and consent to abide by the restrictions
herein prescribed we beg to observe that in
the event of the said Catraguddas Sayanah
Moonsiffs of Vullaor declining to tread the
boundary line of Vullaor Village under the
terms herein above set forth (Royoor
Goparauze)

Fort St. George 19th September 18th.

Goparaiuge Curnum should not be allowed to tread on the boundary line of Royoor Village but the boundary lines of both Vulloor and Royoor should then be trodden by Sakalapah Moonsiff of Vullabhapooram.—

If after the said Catraguddia Sayanah having undertaken the treading of the boundary line the said Goparauge should perhaps decline to undertake the treading of the boundary of the Royoor Village, we (the both parties) agree and declare that with reference to the boundary line which may be trodden by the said Catraguddia Sayanah for the Islands of the Kistna river of Tullon, the boundary line for Royoor Village should be established as the defined boundary limit for the same to continue permanent and undisturbed.—

This Karaarnamah is drawn out with our free will and consent.—

In the event of the settlement of the boundary lines adverted to above on friday the 22nd Instant being prevented by the over flow or freshes of Kistna River we agree that the

the treading in question should take place on a day which your honor may point out hereafter. Further if the treading of the boundary lines should be prevented by any other cause except the freshes, we agree to abide to the conditions herein stipulated.—

Dated 25th May 1844.

With reference to the agree=
=ment presented to your honor on the 25th Instant by the Villagers of 3 Villages Viz. Vellore and Poyoor appertaining to Vellore Samut subject to the Estate of my Zemin=
=dar as well as that of Vellakhapooram in the Guntoor Zillah, regarding a dispute subsisted between the Villages alluded to above for an Island of Krishna River, agree=
=ing thereon that on friday the 22nd of Paisturn year Crodhy, Cautragudda Sayeennah Moonsiff of Vellore should with certain solemn affirmations establish, by tread=
=ing on the boundary line of the Village of Vellore, and that Poyoor Gopaurauze Curnum of Poyoor should do in the same manner as regards to that of Poyoor, that the Villages of the said 3 Villages should confine themselves to the limits of the boundary

boundary line which may be trodden and established by the said 2 Indi=
=viduals in presence of the Circar servants, and the both Villagers as well as those of the surrounding Villages and the same must be defined and continued so for ever without any dispute, that the boundary line of Vellore should be in the first instance trodden by Cautragudda Sayennah, and after the conclusion of the same, the treading of Poyoor Boundary should be commenced by Poyoor Gopaurauze that in the event of the said individuals failing to tread on the boundary lines in the above manner on the day appointed Sunbered=
=dy Sabalapah Village Moonsiffy of Vellakhapooram should undertake the treading of the boundary limits of the Island in question, which was in debate between the Villagers of three Villages adverted to above with the adjurations already proposed above, that the lands attached to each Village according to the limits defined with reference to the boundary line trodden by the said individual

individual in the above manner should be enjoyed by each of those Villagers respectively without throwing any impediment thereto, that in case of the Villagers of Royoor and Vullore should fail to abide by the foregoing restrictions, the claim of the disputed lands must be forfeited and the lands made over to the Villagers of Vullabhapooram, that if the latter Villagers also fail to abide by the same the lands in question should be put in possession of the Villagers of Royoor and Vullore, that in the event of Cautraguddu Sayennah failing to tread on the boundary line of Vullore in the 1st instance Sunkareddy Sabbalapah Village Moonsiff of Vullabhapooram should undertake to walk the boundary of the Island in dispute between the said two Villages and Vullabhapooram, that if perhaps Royoor Goparaauze should fail to tread on the boundary line of the Island of Royoor after Cautraguddu Sayennah has undertaken

undertaken the treading of the same boundary line trodden by Sayennah should be established as defined limits for the Royoor Village and that in the event of the undertaking of treading on the boundary limits adverted to above on Friday the 22nd Instant being prevented by the freshes of the Kistna River, it is agreed upon that the treading in question should be taken place on the day which your honor may point out hereafter - Therefore I humbly beg to state on behalf of my Zemindar that I also agreed to the terms stipulated in the said agreement for the purpose of putting a stop to the disputes regarding boundaries in question

Forwarding a Communication to and from the Sub Coll. with his statement of Charges against Sham Rao as preferred to the Subordinate Court, and of those undetermined before himself.

Sir,

In reference to the Board's Proceedings of the 8th received on the 16th Instant, I have the honor to forward Copy of a letter from me to the Sub Collector, with his original answer and enclosed Statement of 9 Offences with which he had charged the suspended Tahsildar Sham Rao, before the subordinate Court, and of 15 other cases undetermined before

before himself.

2. I send the originals of the Sub Collector's communication in preference to copies, solely because he one day remarked to me that want of careful copying and particularly of punctuation, was apt to give a very different impression of a subject to what was intended and dissatisfied as I am with his conduct for reasons in great part before the Board I am unwilling to run any risk of misrepresenting him.

3. I find by return of the Criminal Court of cases disposed of in March that Sham Rao was committed to the Sessions Court, in No. 14, on the 30th of that Month, on a charge of "Forgery and subornation of Forgery" preferred against him on part of the Joint Magistrate, on the 29th January or two Months previously. As yet I have not received any return of the Sessions Court shewing how the case has been disposed of there having been favored only with the return of that Court for March, on the 3d of May, and not

DESTROYED

not having received yet any subsequent returns.

This case does not appear to be one of those entered in the Sub Collector's Statement and which I hence imagine he must have forgotten.

4. By the returns of the Subordinate Court furnished me up to the end of July I find that No. 6 of the Statement charging Sham Rão with perjury on the 9th March, was committed by the Subordinate to the Sessions Court on the 23d July, 4½ Months subsequently in No. 35.

No. 8 of the Statement, charging him with Forgery, on the 2d April, was dismissed by the subordinate Court on the 27th June, in No. 54.

No. 9 of the Statement charging him with aggravated extortion, on the 2d April, was dismissed by the Subordinate Court, on the 23d July, the indictment having been changed to "Bribery and Assault" but the Subordinate Court recorded an opinion that the proof failed from the prosecution attempting to prove too much.

From J. Blackburne Esqre Collr. of Madura &c.

Sir,

Princl. Collector of Madura &c.

Reporting on the Settlement of Ramnad for July A.D. 1252 - 1842/43.

1. The preliminary steps taken by me for the management of the Ramnad Estate, which I had sequestered, under the Board's orders, and put into Wardship on the 22d October 1842, were incomplete, when, on my suspension, I made over charge of the Collectorate to Mr. Commissioner Drury on the 20th December following. By that Gentleman Seid Ismal was nominated manager, an allowance allotted to the Minor heiress and some others, and an Establishment fixed for the Palace and revenue administration. Difficulties prevented the nomination of a guardian, the Police Establishment was left to be provided thereafter, and the Devastanum Establishments and charge were left with the Mussulman Seid Ismal, under the control of the Company's European Officers in the Collectorate.

Mr.

Mr. Morehead was sent as Co-adjutor to Mr. Commissioner Drury, and on the departure of that Gentleman was named Acting Principal Collector in which capacity he made a small provision for the Police - but took no steps towards nomination of a guardian or putting the extensive Devastanum Endowments and Establishments from under the Control of the Company's Officers:- Indeed he seems to have no further interfered in the administration of Rannad than to prohibit the ad libitum Collections of old arrears by the manager; and forcing him to re-employ a few of the many public Servants he had dismissed without any fair grounds:- Mr. Elliot, the Sub Collector in charge, does not seem to have interfered at all in the management of this Estate; and indeed he could by no means keep down the arrears of Current business with which he was overwhelmed.-

Restored to my situation, and its Emoluments, with the lost confidence of Government, on the grounds of certain correspondence

correspondence with the Board, which had not been withheld from me, and on the report of the two Commissioners of the 10th May 1843, which has been carefully kept from my inspection and without being allowed an Englishman's privilege which I confidently trust will yet be accorded me when the entire clearing off of arrears of public business gives me leisure to claim that justice of meeting any secret or public charge or charges against my public or private character presumed charge of the Collectorate on the 27th July 1843. In a letter of the 13th September I exposed to the Court of Wards my views of what was wanting to the due administration of the Estate, and informed them of my doubts that would prevent me interfering in any way with its administration till I received their instructions. They were not vouchsafed till the 22nd February last, when I immediately took steps towards control of the Manager and improvement of the means of administration which will be more properly detailed when I am enabled to make my annual report

on

balances difficult to get paid. The Es-
=tablishments thus paid were the Sun=
=magums Cutcherry where the late Manager
presided himself:- the Semai Cutcherry

In conformity with instructions from the Principal Collector in a Yaddast dated the 3rd November 1843, the Hannewady Zemindary was made over to Doras-awmy Appiah Naick: In consequence of which arrangement, a deduction is required to be made in all the Comparative Statements - since it having appeared to be the general feeling that the said Zemindary was duly resigned, the

the same was carried to the account of Circar ctyen, and Manasib Kummy granted accordingly. which it is believed has not been done to any Zemindary which was not the entire property of the Circar.

Statistics. Para 4. The Villages and hamlets in the Sub Division, are as under shewn:-

| | Fusly 1252 | Deduct Kunnee: wadee Zemin: dary | Remain: der | Fusly 1253 | Comparison between Fuslies 1252 & 1253 Increase | Decrease |
|---|---|---|---|---|---|---|

| Total | 1,522 | 238 | 1,284 | 1,314 | 30 | . |

The increase of 5 Villages is owing to the Hills being brought to the account of Land Revenue. To the same cause the increase of 19 hamlets is attributable. 6 new hamlets, however, have been erected Viz^t 3 in Tadekamba, 2 in Nellacottah and 1 in Iyenpilly.-

Para 5. The sources of artificial irrigation, are as follows.-

| | Fusly 1252 | Deduct Kunnee: wady Zemindary | Remain: der | Fusly 1253 | Comparison between 1252 & 1253. Increase | Decrease |
|---|---|---|---|---|---|---|
| Tanks. | 445 | 54 | 391 | 398 | 7 | . |

| Dams. | 198 | 19 | 179 | 184 | 5 | . |
| Wells. | 8376 | 979 | 7397 | 7438 | 41 | . |

The

The increase of 7 Tanks, 2 Yendals, 1 Channel and 5 small dams occurred in the Talook of Tadekamba alone, and were the result of private enterprize; 12 new Wells were also dug in Tadekamba, 21 in Iyempilly, and in Tengare 8.-

Para 6. The number of houses ascertained from the Village Accounts is as follows.-

| | Fusly 1252 | Deduct Kunnee: wadee Zemin: dary | Remain: der | Fusly 1253 | Comparison between 1252 & 1253 Increase | Decrease |
|---|---|---|---|---|---|---|
| Houses. | 59,068 | 6,330 | 52,738 | 52,011 | . | 727 |

This apparent decrease in the number of houses, has arisen from a Clerical error in the accounts of last year for the Talook of Tengare. In consequence of the increase in the houses reported last year, the accounts were searched to discover where the increase had occurred; and it was found that in adding the number of houses in Combay [2351] to those in Pullicutty [1014] the addition took place as if the number in the latter Village had been 1001. This made an increase of 900. The real increase this year is 173 houses. but on account of the above mistake, the said increase being deducted from 900. will leave 727 as the apparent decrease over last year.-

Para 7. The useful or available population may be divided as in the following account.-

Although there was a decrease on the Punjah cultivation to some extent in the Kunneewady Zemindary, the Ploughs remain about the same as last year. The decrease in cultivation not having arisen from any poverty or decrease in Cattle, but mostly the fear of non remuneration. Labour. The slight increase may be attributable to the increase of Villages on the Hills.

The word Go-chy, which may signify one who has no separate Estate of his own, is used generally for a partner in Cultivation. The total of the Resident and non resident Ryots equals the number of Puttah or Responsible agriculturists, but the lateness of the rains will sufficiently account for the decrease over the past year in the abovementioned denominations of Ryots. A Single Ryot may have more than one Puttah, and a Puttah more than one Ryot. The Coolies engaged in agriculture should I think in future be taken notice of.-

Season

Para 11 Throughout the 4 Taloks forming the Sub Division, the season for Punjah

Fort St. George, 19th September 1844.-

Punjah cultivation was less favorable than during the past year. The comparative Statement (See Account No III) and Para 12- of the dittum and the actual cultivation will perhaps tend to shew that to the lateness of the rains the decrease was chiefly attributable, for the ryots during the middle of the harvest A.D. year were enabled to cultivate Rupees 21220-8-7- more land than they expected from the unfavorableness of appearances. And on the whole I consider they have reason to be well pleased with their remuneration, and are in happy circumstances. The supply for Garden purposes was fair, and for Punjah would have proved so but for the accident to the Tanks in Tadekamba from a too heavy fall of rain in the middle of December, which destroyed many sources of irrigation as mentioned in Para 4. Cholera too was prevalent during the months of April. May and June, and several fell victims to it in Cusbah Tengara and Vadamadura of Tadekamba. Timely relief happily arrested the virulence and progress of the decease.-

Fort St. George, 19th September, 1844.

No. 1. Throughout the 4 Talooks forming the Sub Division, the season for Punjah cultivation was bad, the rains being equally scanty with last year; by this a decrease to the amount of 14,548 — 1 — 11 occurred. The number of resident and non-resident ryots would be influenced by the same cause and by the prevalence of cholera at the commencement of the Fasly. The tanks &c. granted this year in the Cunnewady Estate, the revenue of which is said to have exceeded 5,000 Rupees, may have influenced the cultivation in parts of Nellacottah and Tengara and will perhaps continue to do so till the whole of that speculation fail.

No. 2. Requires no particular remark.

No. 3. This decrease is in part attributable to the damage done to tanks and which occurred chiefly in Tadikamba during the heavy rains in the middle of December; and the stated scantiness of the supply of water in Tyempilly. There are other causes, however, which appear to secure a yearly decrease to the cultivation under

under certain Circar Tanks in the said Talook, principally caused by a dispute between the Zemindar of Ayakooddy and the ryots, by which the former has the advantage to the detriment of the Circar. This was in a manner settled a few years back by the Zemindar being instructed or permitted to perform a certain maramut at his own expence, the outlay being considered about 300 Rupees. But the result has been as might have been anticipated any thing but beneficial to the Revenue or the Ryots. several Tanks and Villages being deprived of their share of water. An extensive boundary dispute tends to increase the irrigation of the Ryots and the injury of the Circar revenue. The Curnum states his accounts are burnt or otherwise lost; and the Record Office is reported not to contain either the originals or copies. In several important cases the accounts are thus missing, but it appears less unreasonable to suppose they never existed as that their disappearance is the result of accident or fair means.

By the provisions of the general Boohoonmanah of the District, the tax on all withered crops, if within 10 per Cent of the ryots holding is brought to account, but if it exceed 10 per Cent, it is all remitted - The only reason discoverable for the collection at all, is that the good, or remaining produce, being supposed to have an increased value, the Ryot is expected to share it with the Circar, but this is certainly not less the case with the ryot who

Fort St George 19th September 1844.

has 15 per Cent of his Crop withered yet the man so situated, or who may have 11 per Cent shavy, is far more fortunate than he who has only 10 per Cent - an anomaly at least, but an arrangement which has a constant tendency to induce a ryot to magnify, through the Village Officers, his losses, that he may increase his gains - A Cultivator may have Puttahs in several Villages, and in some of them partially damaged Crops - These damaged Crops though conjointly perhaps less than 10 per Cent on the whole Cultivation of the ryot, and therefore not entitled to remission, might separately be made to be more on each particular field, and a full remission be the consequence. The following Statement for the Village of Goowanoor, will further explain the working of the System alluded to.-

No. III. On the 2d of October 1838, a Yaddaksht was received from the Office of the Principal Collector, directing the levy of the regular Punjah tax for land occupied by Sugar Cane, which has been continued up to this date: In the Proceedings of the Board of Revenue, however, dated 6th of February 1843, on the settlement of the Madura District for Fusly 1251, A.D. 1841/42 it is observed in the 12th Paragraph, that the instructions of their Board, dated 20th of September 1838, had not been carried out—should any modification, therefore, of the existing practice be deemed requisite during the present Fusly, I should be glad to be favored with the Principal Collector's wishes and instructions on the subject, for my guidance.—

Nos IV & V appear to require no remark.

No VI. The decrease in the Amount of land taken on a lower scale of rent, is satisfactory, but requires no remark.

No VII This decrease is not satis=factory, as it is a remission on land, which at least one party was anxious to posses and would most assuredly have been paid for; it was however held by one who left it fallow and refused to pay for it. The documents taken in the Talook from the Bramins in the Village of Melmangalum, were not quite strong enough to warrant the forced Collection under the usual circumstances attending the engagement termed pō ta pōty.—

No X. The only allowance granted last year, under this head was on account of a Pagoda in the Combay Zemindary. The increase is on account of a 5 per Cent deduction on the Hill revenue made this year for the Devastanems there situated, a= amounting to Rupees 332—6 a p, a fixed sum, but subject to the per=fect approval and final sanction of the Board of Revenue.—

No XI This decrease is conse=quent on the decreased Collections from the sequestered Zemindaries.—

No XII. The Natamgars on the hills received pay from last year, but the income from the Hills —

being

being only during the present year brought under the head of land Revenue, this appears a new item.—

instance, though a very extreme one, I may mention that the amount of Cultivation carried on by a certain Ryot in Iyempilly, amounts to about Rupees 5200, but it is believed that no single puttah in the whole Zillah of Madura exceeds one thousand Rupees.

Para 17. As Tobacco and Cotton are articles of no mean consideration, the Board of Revenue may desire to see the quantity of each grown in the Ain Villages of the Sub Division.—

The following Statement will shew the Cultivation of Tobacco in the Amany Villages for 1253.—

| Talooks Name | Villages Number | Land Cawnies | Ms | Tax Rs | a | p |
|---|---|---|---|---|---|---|
| Tadicombu | 58 | 776 | 11 3/4 | 6890 | 4 | 9 |

| Total | 137 | 1215 | 1/2 | 10105 | 9 | 3 |

Besides the above, there will be much in the Zemindaries. The Species generally is good, that from Vedasandoor in the Tadekumbu Talook, is made into Sheroots, and is particularly remunerative. By some improper arrangement, the Tobacco received a very bad name, which it was very far from really deserving—

The Hills Para 19. During the present years (Fusly 1253 / A.D. 1843/4) the amount of Revenue from the range of hills known as the Vadagherry mountains the Pombaries or the Pulneys, has been brought under the head of "Land Revenue" according to the instructions Contained in the Proceedings of the Board of Revenue, dated 6th February 1843, upon the settlement of the Province of Madura, for (Fusly 1251 / A.D. 1241/42) and notwithstanding the opposition of the Manadies, or self elected hill chiefs, the Ryots seem fully aware of the advantages derived from the non-intervention of the Renters, and a very moderate assessment. The Cultivators however

Fort St. George 19th September 1844

however of Vilpatty and 2 Hamlets of Pombarey, are alone willing to accept Puttahs - There is no just cause for this contumacy or for any complaint whatever, since they cannot be ignorant of there being no increase or alteration in the amount payable on the several lands, but only in the plan of taxation and the title of the receiving party, a transfer of the tax on ploughs and hatchets &c. to the land, and of chiefship from the Manady to the Cirkar. The following Statement will tend to shew the method adopted in fixing the land tax. The 2nd Column exhibits the tax fixed last year on lands Cultivated with the species of produce mentioned in Col: 1. The 17th & 18th Columns shew respectively in rupees and fanams, what must be considered a light tax when compared with the low lands

considering

Fort St. George 19th September 1844

considering it is only on the single crop and supposing the accounts of the village officers to be trustworthy, which however is not free from doubt since they would certainly have a direct interest in diminishing the nominal sale price as well as the produce and extent of land cultivated, I have no hesitation in believing that the tax on some of the products might be materially increased and still leave an immence profit to the cultivator - I beg however to recommend that for Fusly 1254 A. D. 1844/5 the same rates be continued, which will afford leisure for consideration and discussion, prior to the said assessment being increased or approved of -

20 Were the tax really too high the ryots saddled with waste lands, or ex= perfect freedom of cultivation denied their objections would be deserving of consider= =ation, but the only grievance stated is the abolition of the rentals, as if the slightest profit or advantage could possibly accrue from their return to a system fraught with many evils, under which they always groaned, and against which they had so frequently petitioned The Manadies have doubtless held out threats as well as advantages to the ig= =norant ryots, and have spent nearly all they possessed or could collect of the increased revenue in the specula= =tion which they appear convinced and assure all parties is certain of succes The fear therefore of an offended Manady is amply sufficient to deter the ryots ex= from openly approving of the Cirkar's interference and by refusing their ex= puttahs it is not easy to tell how much they have paid to the Manadies and what has been misappropriated

Fort St. George 19th September 1844.

I should not feel the least difficulty if permitted to act. It would only require a little decision to undeceive both parties, but my own directions on the subject ex= having been so frequently appealed ex= against, I feel not free to exercise my own opinion and am therefore anxiously awaiting final instructions for my guidance and that of the hill people the Manadies and the village officers.

Para 21 The threat of the Manadies to abscond and induce the cultivators to follow their example is a complete failure, as the increase in the cultivation the present year amply proves. The following statement exhibits the collections during the last 4 years, and the balance due for the past and present Fusles. It is not to be supposed, however that the ex= ryots have only paid Rupees 370- 15- 4 although that is all which has been delivered by the Manadies and others to the Cirkar.

The Acting Principal Collector of Canara.-

Sir,

Para 1. I have the honor to acknowledge your letters of the 1st and 15th of July last, calling for a report on the state and means of the weavers in this District.-

Acknowledges the receipt of letters dated 1st & 15th July last and submits a report on the state and means of weavers in the Canara District.

2. In reply I beg to state, that Canara is not a manufacturing District, and that the few looms in operation produce only the coarsest cloths of the worst description- This is no recent state of things

Fort St. George 19th September 1844.

things but has been the characteristic of the province before it came into our possession and perhaps never will be altered- Sir Thomas Munro in writing to the Board in 1805, says "Canara will never be a manufacturing Country because it produces none of the raw materials necessary to render it such, and because the heavy rains which last so great a part of the year are an insurmountable obstacle to all operations which require to be carried on under a clear sky and the open air."-

3.- Mr. Blair also in his letter to the Board 24th September 1841 remarks "that strictly speaking there are no manufacturers in Canara; the few weavers entered in the accounts are some of the poorest classes who make the coarsest sort of cloths, chiefly for the use of their families" on this account he recommended that the Moturpha tax to be paid by the weavers

weavers in Fusly 1251, amounting to Rupees 405-14-- should be remitted, which the Board approved of and since that Fusly none has been collected.-

+ 28th October 1841.

4- Every thing, therefore, that can be done to improve the condition of the Canara weavers has been adopted but owing to the causes above mentioned and to large and increasing importations of Europe and India Cloths 1st Sort 2nd Sort they are perfectly stationery as to the extent of their operations and improvement in their manufactures.-

From the Collr. of Malabar

Sir,

2d June 1844. Adverts to the large difference in the price of Salt between the Cochin Country and Malabar and soliciting the Board's instructions as to the means that should be adopted for providing against smuggling &c Connected with the subject Forwards also a Petition from the Inhabitants of Tellicherry Complaining of the hardships imposed by raising the price of Salt in Malabar.-

By a late communication from the Resident of Cochin, I have ascertained that the price of Salt in the Cochin Country varies from 1 as 1 1/8 p to 15 as 2 58/64 p per Indian Maund while the price on our side since the passing of Act No. VI of 1844 is Rs. 1- 8 a.- This difference of price will naturally lead to extensive smuggling from Cochin to Malabar, and adverting to the wild and difficult nature of the boundry between the two Countries, which stretches for about 150 Miles, I do not see how this is to be avoided unless by the entertainment of a very large preventive force - I beg to know if the Board wish me to propose such a force or whether they think of providing against the apprehended danger by any other means. The most simple means, presuming that our price cannot be lowered, would be

Vide the enclosed letter from the Deevan.-

be to raise the prices on the Cochin side, but I would most unwillingly advocate the very suggestion to a foreign power of a plan which would add so largely to the misery which the high price of salt has occasioned to our own subjects. How great and how general that amount of misery has been the Board must know much better than myself. They have probably had an abundance of petitions somewhat similar to the enclosed, which I send at the request of the numerous and respectable parties who signed it.

2. Salt, I beg to observe, is sold here by measurement and not by weight, consequently it is difficult to ascertain the exact number of Annas per Indian maund. However, the following calculation approximates, I think, as near to the exact rate as possible.

be to raise the prices on the Cochin side, but I would most unwillingly advocate the very suggestion to a foreign power of a plan which would add so largely to the misery which the high price of salt has occasioned to our own subjects. How great and how general that amount of misery has been the Board must know much better than myself. They have probably had an abundance of petitions somewhat similar to the enclosed, which I send at the request of the numerous and respectable parties who signed it.

our ancestors rendered the Honorable Company much assistance at the time when the Rajahs of Malabar were contending for the Country- And they were also, all of them, faithful and loyal subjects- There are in this Taloork a large number of inhabitants and the numerous poor amongst them has been permitted to cross the Cherinholly Ferry as a charitable measure free of the usual toll of ½ a pice on each- and now the inhabitants all over are struck with amazement to find that the same munificent Government has given orders to raise the price on salt- We are told that the price on salt is raised because the Land Custom duty is no more- This measure would benefit merchants, but how it would benefit us and numerous others we do not know- Previous to the abolition of the Land Custom Duty, the merchants had their profits and paid the duty on their goods without considering the doing so a hardship-

if

if it was considered a hardship the levying of duty would not have lasted so long. The point to be carefully considered is the fact that salt is necessary for the existence of man. In some countries where there are wealthy inhabitants the high price of salt will not be felt, and therefore there will be no complaints. If the price of salt has been raised because the Sirkar will incur loss by transporting salt from Bombay and disposing of the same here, and at other places, it would be as well to discontinue doing so, and get the inhabitants to manufacture Country salt and sell as for merly. this will not occasion any loss to Government while at the same time it will be the means of alleviating the sufferings of the poor inhabitants. as the authorities at the Presidency are not aware of the miserable condition of the inhabitants of Malabar, if

it is believed that they are all as comfortable as the inhabitants of other countries, hence they have passed such an order. but as your worship are well acquainted with the History of this Country, We beg you will take all this into consideration, and if necessary, write to the Higher authorities for orders to sell the Salt now sold at the former rate, or otherwise,

From the Collector of Malabar.

Sir,

I have the honor to request the immediate attention of the Revenue Board to the accompanying correspondence from which it will be perceived that the Bombay Government are of opinion that under the provisions of Act No. XVII of 1844, Salt cannot be exposed from Bombay for the supply of the Government Monopoly in Malabar without the payment of the full excise duty of one Rupee per Indian Maund.

An excise duty of a quarter anna per Maund was leviable at Bombay prior to the passing of the Act in question but in the case of Merchants exporting Salt for Malabar they had merely to give security to the amount of the duty until they could produce a Certificate of their having really landed it at our Ports. The Board will see the necessity of attaining the earliest possible sanction for a return to the spirit of this rule, or for the adoption

adoption of such other measures
as will ensure to Malabar the supply
of Salt for which she is altogether
dependant on Bombay. The Bombay
Government will possibly take upon
itself the responsibility of allowing the
excise duty on Salt exported to Malabar
to be remitted as before, or at least if
taken to be kept in deposit till final
orders are received from Calcutta. I have
addressed the Government to this effect
as will be seen by the annexed letter, but
it is desirable that an application should
be made from a higher authority also.

new Salt act, which is to come into operation from the 1st proximo

2 In reply I am desired to observe that under the Act in question this Government does not possess the authority which it held under Section I of Act XXVI of 1837. of remitting any portion of the excise on Salt.

3. By the Madras Customs /Act No. VI of 1844./ the duty on Salt at the Ports of that Presidency is, I am instructed to remark fixed at Rupees 3 per Indian Maund - as in Bengal - Salt therefore, exported to the Madras Ports, must, the Governor in Council is of opinion, be treated as that exported to Calcutta, that is the whole duty of one Rupee must be levied here and it is to be presumed that credit will be given to this extent at the Port of Import.

4. In regard to Travancore &c.a
His Honor in Council thinks, that, the full duty must also be exacted on Exports to those places though this may destroy our Salt Trade with the Ports of those Governments.

Dated 3d Instant

Sir,

I have just received the accompanying

12439. Fort St. George 19th September 1844.

letter from the Collector of Land Revenue at Bombay informing me that the Bombay Government, are of opinion that under the provisions of Act No. XVI of 1844, the Notification of that Government dated 20th June 1838 considered as cancelled and that the full excise duty of one Rupee per Indian Maund must be levied on all Salt exported from Bombay to Madras Ports.

Allowing Salt taken from Bombay to any Port under the Madras Government to be exported without the payment of the excise duty leviable under Act 27 of 1837 on the Exporter furnishing security for the payment of the said duty if a Certificate of the Salt having been imported in Malabar be not produced within two months

2. I trust I shall not be considered to presume, in soliciting a reconsideration of this opinion or I should rather perhaps say, in soliciting that the Bombay Government will take on itself the responsibility of Acting contrary to the letter of the Act and permitting the rule hitherto in force of remitting the excise duty to the Merchant who can produce a Certificate that he has landed Salt for the Madras Government in Malabar, to continue until the receipt of further instructions from Calcutta: or if this is thought too much, I would beg that the duty when collected may remain in deposit till such instructions are received.

It

12440 Fort St George 19th September 1844.

3 It is hardly necessary for me to remark how far the revenues of the Madras Government will suffer — to say nothing of the interests of the people by any stoppage in the supply of Salt, an article for which Malabar is wholly dependant on Bombay.

4. A Maund of Salt is sold in Malabar under the late orders of the Home Government for One Rupee. The Merchant who under the old system furnished us with Salt for four annas per Maund could not if he had to pay the full excise duty at Bombay give it for less than 1 R 4 a 0 — so that we should lose 4 annas on each Maund sold. Were we as the Bombay Government seem to think we ought under the provisions of Act XVI of 1844, to charge the full duty of 3 Rupees on each imported Maund, our loss would be of course proportionately greater. I trust to be favored with an early answer. Every day is precious as the season for selling Salt after the Monsoon is about to commence and larger orders than usual may be expected from the interior inconsequence of the late reduction of price.

5. I have sent a copy of this letter and the foregoing correspondence to my own Government.

(37-38)

To the Chief Secy to Government. Submitting a letter from the Collector of Malabar giving cover to Copy of his Correspondence with the authorities in Bombay on the subject of Act XVI 1844 & calling the immediate attention of the Bd to the effect which the provisions of that enactment will have upon the supply of Salt from Bombay to Malabar & to the measures to be adopted in Consequence, with the Board's recommendation on the subject — 19th September 1844.

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar giving cover to Copy of his correspondence with the authorities at Bombay on the subject of Act XVI 1844 and calling the immediate attention of the Board to the effect which the Provisions of that enactment will have upon the supply of Salt from Bombay to Malabar, and to the measures to be adopted in consequence.

2. From this it will be seen that, prior to the passing of the Act abovementioned, Merchants exporting Salt from Bombay for Malabar had only to give security at the former place for the amount of the excise duty leviable, which security was

Cancelled

1/4 anna per Md.

cancelled on the production of a certificate shewing that the Salt had been actually landed at the Malabar Ports. Since Act VI. 1844 has come into operation the Bombay Government would however seem to consider that its provisions render it imperative on them to collect the full excise duty of 1 Rupee on all Salt manufactured within their territories whether exported or not and that the indulgence hitherto granted on Salt shipped for ports under this Presidency can no longer be permitted. The result of this application of the strict letter of the Law would be to prevent in toto the importation of Salt into Malabar from Bombay on which that Province has hitherto been nearly wholly dependent for her supply of that Article. The price at which Salt has up to the present time been furnished by the dealers for the service of the Monopoly in Malabar is four annas per Maund — if to this be added the one Rupee excise duty of the recent act Salt could not, it is evident, be delivered by the

Fort St George 19th September 1844.

the Bombay Merchant at our Western Ports under 1-4 or 4 per Maund, being 4 annas or 25 per Cent above the reduced Monopoly rate at which, under the orders of August 13th 1844, Salt is now sold for home and inland Consumption.

In Dy Cons 15th August 1844.

3. Under these circumstances Mr Conolly has addressed the Bombay Government soliciting that if it be deemed beyond their authority to remit the excise duty, pending a reference to Calcutta, in favor of parties shipping Salt for the Malabar Ports, the duty collected may be retained in deposit until final instructions can be received on the subject, and in his letter now before the Board he submits that it is desirable that his application should be repeated from higher authority, and urges the necessity of adopting immediate measures for permanently remedying the inconvenience now experienced. The plan which he would propose for that end, is that the spirit of the rule which obtained prior to the passing of Act VI 1844

Fort St. George 19th September 1844.

1844 be maintained, and Merchants be permitted to export Salt from Bombay to the Ports under this Presidency on giving security for the amount of excise duty, to be enforced, unless due proof of the landing of the Salt be furnished within a reasonable time —

4. The Board observe that the present case is analogous to that which occurred on the imposition of the excise duty of 8 Annas per Maund on Bombay Salt in 1838 as shewn in the Margin. On that occasion that Government under the power vested in them by Section I Act XXVII 1837 considered themselves at liberty to remit the duty on all Salt proved to have been bonâ fide imported into the Madras Ports — a course which received the approval of the Honorable the Court of Directors — It now appears that in reference to Act XVI 1844 the Authorities at Bombay deem themselves precluded from continuing the indulgence — The Board would

therefore suggest that the whole question should form the subject of representation to the Supreme Government with a recommendation that the proposition of the Collector of Malabar, in which the Board beg to express their entire concurrence, should be adopted — The emergency of the case is indeed apparent; the stoppage of the whole supply of Salt to the Province of Malabar being threatened, and that at the very season of the year when the import trade in the article is usually most active, and at a time when from the late reduction in the price a brisk demand may be anticipated —

5. From Para 3 of Mr. Secretary Towns's letter of 26th August 1844 it would appear to be the impression of the Bombay Government that under Act VI 1844 a duty of 3 Rupees per Indian Maund was levied indiscriminately on all Salt imported into the Madras Ports — such a conclusion might indeed naturally be drawn from the wording of Schedule A attached to that enactment which

which contains no provision in favor of Salt imported for the service of Government - It seems however almost needless to remark that in practice no import duty has ever been levied at our Ports on Salt introduced for the use of the Government Monopoly —

Sir,

1. I have the honor to offer the following information on the two points referred to in the Proceedings of the Board of Revenue under date the 9th Instant.

2. On the first, I beg to observe that, no facts were established in my enquiry, or were communicated to me by the Law officers of Government to prove that other Servants of power and influence in the office besides Mootoo Moodelly and the Maistry Pooniah were engaged or interested in the late actions against the officer in charge of the Police at St Thomas Mount.

I

Fort St. George 19th September 1844.

3. I have already remarked that from my not obtaining means of ascertaining what passed in Mr. Hamptons office my enquiry was limited to the conduct of the Servants here, and when they appeared as Witnesses before Captain Ricketts and the Supreme Court. On these occasions Mootoo Moodelly and the Maistry alone appeared active Agents, and Mootoo Moodelly position, as Superintendent of the Arrack Department seemed to me to render him able of himself to plan and give the assistance which was afforded by him and the Maistry to the Plaintiffs in these suits against Captain Ricketts. The other principal Servants of the office are unconnected with the Arrack Department, and it did not appear to me that sufficient grounds existed for entering on an inculpatory examination against them without some proof being first obtained that they were interested in favor of, or afforded aid to the Plaintiffs.

4. On the second point, I beg to observe that the only document which Mootoo Moodelly required from the public records to assist the Plaintiffs was the Map of a portion of the Mount Canton-ment prepared by him and the Maistry Poonia-

in June 1842 to shew the position of Kandigy. The enquiry which I made to ascertain how Mootoo Moodelly obtained this plan showed that all plans and Maps prepared by the Maistries and belonging to the Land Survey Department, are kept in a particular chest to which the Maistries have free access. If therefore this Plan had been deposited in the chest, Mootoo Moodelly could have obtained it without other aid than that of the Maistry Poonia. But several circumstances led me to believe that the Plan was never put in this chest, and that the Maistry stated the truth before me in deposing that Mootoo Moodelly retained the Plan in his dufter, as belonging particularly to the Abkarry Department.

Fort St. George 19th September 1844.

3. I have already remarked that from my not obtaining means of ascertaining what passed in Mr. Crampton's office my enquiry was limited to the conduct of the Servants here, and when they appeared as Witnesses before Captain Ricketts and the Supreme Court. On these occasions Mootoo Moodelly and the Maistry alone appeared active Agents, and Mootoo Moodelly's position as Superintendent of the Arrack Department seemed to me to render him able of himself to plan and give the assistance which was afforded by him and the Maistry to the Plaintiffs in these suits against Captain Ricketts. The other principal Servants of the office are unconnected with the Arrack Department, and it did not appear to me that sufficient grounds existed for entering on an inculpatory examination against them without some proof being first stated that they were interested in favor of, or afforded aid to the Plaintiffs.

4. On the second point, I beg to observe that the only document which Mootoo Moodelly required from the public records to assist the Plaintiffs was the Map of a portion of the Mount Cantonment prepared by him and the Maistry Soonia in

Fort St. George 19th September 1844.

in June 1842 to shew the position of Kandigy. The enquiry which I made to ascertain how Mootoo Moodelly obtained this plan showed that all plans and Maps prepared by the Maistries and belonging to the Land Survey Department are kept in a particular chest to which the Maistries have free access. If therefore this Plan had been deposited in the chest, Mootoo Moodelly could have obtained it without other aid than that of the Maistry Soonia. But several circumstances led me to believe that the Plan was never put in this chest, and that the Maistry stated the truth before me in deposing that Mootoo Moodelly retained the Plan in his dufter, as belonging particularly to the Abkarry Department.

stating that sub asst. surveyor

I have the honor to communicate that

Chatelier has reported his arrival from Nellore & that he has rec.d instructions that some instruments have been dispatched from the Salem Survey Office & soliciting sanction to remain from the 1st. That Sub. Assistant Surveyor Chatelier has acknowledged his arrival from Nellore here on the 15th. Instant; and also that I have at length received intimation that some instruments, including a Theodolite, have been despatched from the Salem Survey Office, and may be expected here before the end of the Month.

The weather having been lately somewhat more favorable, I have been enabled, with the aid of a borrowed circumferenter, to mark out sufficient work to employ the three Sub Assistants, who will be here in the early part of the Month, upon; but to do this, and to prevent the constantly recurring loss of entire days in fruitless search, I have found it necessary to employ as an Assistant an intelligent Native, well acquainted with the hills, and accustomed to the fatigue and exposure endured in travelling over their summits which the Lascars and most of the Peons are totally unable to bear at first. As I have found and still find this man worth far more to me, especially as being acquainted with the strange dialect of the hill people, than any two Lascars. I shall be very glad if the Board will sanction my retaining him from the

To Lieutenant J. Ouchterlony

Sir,

The Government of India, having placed the Revenue Survey of the Neelgherries, which is to be conducted by yourself, under my Superintendence, and having directed that I provide the necessary instructions to enable you to prosecute that work in a similar manner to the revenue detailed measurements progressing in Bengal; As a preliminary step, I have the honor to request that you will afford me, as far as you are able, information upon the following points.—

12453

Fort St. George 19th September 1844.

1st The immediate object contemplated from the Revenue Survey of the Neelgherries; i.e. whether it is intended to be the Basis of a new Settlement; and to comprehend all the details of a fertile and populous tract, as the Cultivation, Arables, Waste &c. or to be confined to the more ascertainment of each Village Area.

2nd Whether the country to be surveyed, is divided into Districts, again into Pergunnahs, and so on into Talooks and Villages.—or what is the designation of the District Subdivisions?

3rd Whether the Boundary Circuits of the Districts, of the larger subdivisions, and those of the Village possessions, be defined and clearly marked off?

4th What are the characteristic features of the country to be surveyed, i.e. are they Mountainous, Hilly, or Champaign?

5th If Mountainous, are the habitation sites of Villages, located on the summits, acclivities, or in the Vallies between adjacent Ridges.—

6th Is no common standard of measure, in use, between the Government and the "Sudder Malgozars" i.e. those

12454

Fort St. George 19th September 1814.

those who engage for and pay the Revenue; or do the measures fluctuate. Should a standard measure obtain, what is its designation and value in Square yards.—

7th Is a Settlement usually made on the entire Extent of a Talook or Village Area Estimate, or is it made "Ryotwar," that is with each Cultivator, according to the area and quality of land he Cultivates?—

8th Is the Country generally under the Control of Government Officers, or under Jagheerdars or others?—

9th What is the general Cast, or persuasion of the people of the Province; are they of a Comparatively civilized approachable disposition, or the reverse?—

10th Is the country well cultivated or for the most part unproductive, and occupied by Forest or other wood lands; or if not by wood lands, are the crests and ridges of the Country (if Mountainous) sterile, free from Forest, and covered with grass.—

11th Be good enough to specify briefly

12455

Fort St. George 19th September 1814.

briefly, the peculiar Geological characteristics of the Neilgherries, the approximate height of the most elevated points, and the general description of its soil, mineral and vegetable productions. I would ask also its extent in extreme length and breadth, and its supposed superficial Area in Square Miles.—

12th It will be necessary that the revenue and Topographical measurements follow, and rest on the Trigonometrical Survey.— The Surveyor General of India, will provide the plan, upon which the latter operations is to proceed, and as some time will be occupied in perfecting this essential portion

portion of the duty confided to you, I shall have abundance of leisure given me to furnish you with such advice as to the general principle of the detailed Revenue Survey as will enable you (directions and illustrations being supplied from this Office for your guidance) to conduct the work in a systematic, methodical, and useful manner.—

From T. A. Anstruther Esqre
Actg Collr and Agent to the
Governor in Ganjam.

Sir

Reports upon the Balance due against the Several Zemindaries and Proprietary Estates in Ganjam.

Para 1. I have the honor to submit for the information and orders of the Board of Revenue a Statement No. 1. of the Demand, Collection and Balance of Government Revenue due by the Several Zemindars and Proprietors of Estates in this District.—

21

2. The total amount due up to the end of May last was Rupees 8,02,013-2-7. of which Rupees 59,222-12-2. have been realized, and Rupees 7,42,790-6-5 remain still due.

3. The existence of such heavy arrears leads me to think that the affairs of the ancient Zemindars have reached a crisis, and that some new and Comprehensive measures must be adopted to ensure the future more punctual realization of the Government Revenue.—

4. I purpose therefore to notice first briefly such of the Proprietary Estates as require remark and then to submit some general views regarding the relation between Government and these ancient Zemindars, with certain Suggestions in respect to those

those Zemindars whose cases are most prominent.-

5.- Some of the Proprietary Estates have paid the Government Demand in full others very nearly so. Respecting Polaky and Dunta I addressed the Board on the 9th July last, and about Lutchmeporo and Barua, I will very shortly. The Proprietor of Codoor is a boy and of the amount due by the Estate Viz. Rupees 3731-15-9- no less than Rupees 1113-11-8- are due by a former Proprietor Curiall Rama Sastrooloo the predecessor of this boys further- The Estate is considered a losing one and will probably lapse to Government if put up to Sale, which the Guardian of the Proprietor requests may be done. The above and the other Estates are all entered in the accom-panying Roll announcing such as are to be put up to Auction failing payment of the arrears due on each, which however there is no doubt will nearly all be realized.-

†No 2

6. The only Estate which requires remark is Teekally.-

7. This Estate was placed in charge of Gopenad Deo, all parties Viz. the widow of the late Zemindar, the other Son Kistnachendra Deo, the private Creditors, the people and the Government

Government consenting, He bound himself to maintain the various members of the family to Pay the private debts, and to pay off the Government arrears by annual instalments payable with the current Peishcash as follows.-

The total Amount of Peshcush due by him therefore at

at this date is Rupees 47,945-8-3.-

8. In the month of December 1843 I called upon Gopenad Deo to make some settlement for the payment of these large Arrears, but he failed and I zufted the Estate, a measure which I conceived to be necessary to protect alike the interests of Government and of the young man Kistnachendra Deo. The Estate is now under my management.-

9. The brothers have lately been at my Cutcherry and have settled their own disputes among themselves amicably but on attentively considering the arrangements they offer to clear off the arrears of Peishcush due to Government together with the Accounts furnished by Gopenad Deo, I consider it my duty to recommend that the Estate should be sold.-

10. The accounts of 5 years of Gopenad Deo's management shew a gross collection of Rupees 256,079-2-3 of which Rupees 194,694-1- were Zeroyetty, and the rest sundries. Of the above mentioned Rupees 194,694-1-0 the sum of Rupees 149,744-11-11- was paid to Government and the rest was expended on various private accounts. The private expenses are in several instances extraordinary ones which once incurred

would not have to be repeated, such as building a house Rupees 3907- a marriage Rupees 5,578, &c. but it must be borne in mind that Kistna-chendra Deo being now grown up he must keep up an Establishment, so that expense which was single will be double. These accounts however I cannot of course trust.-

11. Their proposal is to discharge the existing arrears, provided the Estate be restored to them, by paying 17,000 Rupees down, and the remainder Rupees 100,384-2-5 in annual instalments of Rupees 10,000-0-0 besides the Current Peishcush of each Fusly.-

12. The Settlement as just made with great care by Mr. Fraser assisted by the Zemindary Sheristadar for Fusly 1254 is as follows.-

| | Comp.t Rs. as.p. |
|---|---|
| Zeroyetty- | |
| Rented | 50572 0 0 |
| Aumany | 2,54531 |
| | 53,057 3 1 |
| Agraharums | 5,320 5 6 |
| Gardens | 349 8 0 |
| Moturpha | 2,161 13 10 |
| Jungle Tax | 72 8 0 |
| Vegetable Tax | 68 8 0 |
| Fish Tax | 1,995 4 0 |
| Dyer's Tax | 41 0 0 |
| Tamarind trees &c. | 81 0 0 |
| Tax on boat hire | 108 0 0 |
| Total Rupees | 63,255.2-5 |

Of this, supposing the Estate to be again entrusted to

To defend Do, there must be deducted Rupees 3,247-2-5- for deaths, losses, and irrecoverable arrears &c. for the maintenance of the family at 250 Rupees per Month 3,000 Rupees, for the Servants of the family at 84 Rupees 1008. Tuckavy, Maramut &c. 2,000 Rupees, total to be deducted 9,255-2-5, leaving Rupees 54,000- of which Rupees 49,148- goes as Peshcush and to meet the instalments of Rupees 10,000 there is only about Rupees 4,852. If the Estate be taken permanently under attachment of the amount above named Viz. Rupees 63,255-2-5 as a Rupees 4446- per Annum, which is the Amount of the Moyen Jabitah of Itchapore a Talook yielding 51,800- Rupees, may be assumed as the charge of management, Tackavy, Maramut, &c. Rupees 2000, deaths, losses, arrears &c. Rupees 3,247-2-5- total Rupees 9,693-2-5- which added to the Peshcush Rupees 49,148- makes a total of Rupees 58,841-2-5- leaving Rupees 4,414 to pay off the arrears.-

13. After full consideration I am of opinion that the Peshcush and the instalment can never be paid without exactions and pillage on the Community which ought not to be connived at. Profit doubtless would accrue from receiving rent in kind and selling it at a good market, but when the average Payment of the

the last 6 years Viz. in round numbers. Rupees 4,0000 is considered, it is unreasonable to suppose the Amount payable in future Viz. 6,0000 will ever be paid, since the source of profit relied on for the future has been available and availed of during the last 6 years. I therefore recommend that the Estate be sold.-

14. Of the ancient Zemindaries Purlah Remedy and Bodagadah are under Government management, and are free from arrears.-

15. Beredy is also under management and owes Rupees 4,751-12-8- which is under collection.-

16. The Zemindars of Palour, Cullicote, Prataprgerry, Mundsa, Jaradah and Jalentrah, have entered into engagements to Pay all that is due in instalments, and for various reasons I think it very advisable under present circumstances to give them the trial- should they fail, they will be liable to have their Estates sold or taken temporary possession of as herein below detailed with reference to Bautghur-

17. Hoonmah and Boodarsinghy &c. Shall be reported on Separately.-

after

Fort St. George 23d. September 1844.-

18. After the best consideration I can give the subject, I beg leave to recommend that the Zemindary of Mohery be taken under the management of the Court of Wards. The Zemindar is of unsound mind and has no issue nor heirs. He once before requested that his Estate might be managed until the Arrears were cleared off, but that was not accorded. He would probably therefore have little objection to a continued management provided he be liberally maintained. I consented at the beginning of the year to receive 50000 Rupees from him, less even than the Peshcush, punctuality in paying which would be a guarantee that he would fulfil any terms I might allow him for the remainder: but he has failed in this having paid only Rupees 34,970-- -- I beg to recommend that the Estate be taken under the Court of Wards pending the present Zemindar's life or insanity, he and his mother being permitted to reside at Pooree and there draw their maintenances.-

19. The Zemindar of Sheirghur has written to say he is coming from Broomdiaranium, and has started.- I wait his arrival.

Fort St. George 23d. September 1844.-

arrival, therefore, when he will doubtless be brought to terms. Meantime the Estate is under management.-

20. The Zemindar of Purlah is extremely aged.- He does not owe much of Peshcush to Government but Decrees of Court amounting to Rupees 14,000 are in force against him, and on their account it has been necessary to seize and manage his Estate.-

21. The Zemindar of Hautghur and Bramanchayee owes to the Government the following.-

| Talook | Fuslies | Principal | | | Interest up to 31st May 1844. | | | Total | | |
|---|---|---|---|---|---|---|---|---|---|---|

22. After the full consideration given

Fort St. George 23d. September 1844.-

given to this Zemindar's case 3 years ago, little explanation is needed now, as the above table shews the extent of his contumacy and Mr. Bannerman's letter dated 10th. October 1840 shews how entirely inexcusable his default must be. He has however added to it the most determined aggravation, having promised me in writing to pay off Rupees 69,835-7-10- within Fusly 1253, and the remainder in 2 equal instalments. Of this he had not paid a Single Rupee when this letter was written, and has since paid only 6044 Rupees.-

23. There beg leave to submit for the consideration of the Board my views regarding Hautghur, and every other ancient Zemindary Similarly Situated.-

24. Deriving from his ancestors the benefit of their punctuality in Payment of Peshcush, but for which the Estate would not have reached him, the Zemindar of Hautghur is equally bound in honor and duety to his own posterity to transmit the Estate to them, and if by a wilful and utterly inexcusable default he proceeds to defraud the future generations of his family, Government may decline to subserve his

Fort St. George 23d. September 1844.

his views. If the Estate be sold, it will probably realize at auction more than the amount of arrears due to Government, for its value is better known now than in 1840 when it was sold for 69,000 Rupees. The surplus therefore will have to be made over to the Zemindar, but this would confirm the past and allow him as it were to anticipate future embezzlement. The Zemindar's Son and descendants who had a right of succession to the Zemindary would have a right to participate in the amount realized at its sale, and it would be but just to see that they got their share. But if this be just, it would be more just to preserve the Estate itself to them.-

25- For the several purposes of punishing the present incumbents contumacy, of preserving the rights of his unoffending family, and of taking reparation for the infraction of the compact made with Government, and as an example to the Country, I humbly submit the following plan as sufficient and very advisable in many ways.-

26. Let the Government take the

the Estate with all its proceeds entirely into their own hands for a term of 20 years, paying the private Creditors and guaranteeing to maintain the family during that time and to restore the Estate to them, but not to the present defaulter on condition of perfect loyalty in the interim with such an addition to the Peshcush as should prove to defaulters that continued default is no longer a gaining but a losing game. It should also be a condition of the payment of the maintenance that the whole family should reside wherever directed in or out of the District.-

27. Less than 20 years I think e, would be insufficient to allow habits of order, freedom, and prescriptive right to grow and take root, but 20 years security of title and freedom would encourage the community to resist any unauthorized exaction or illegal ejectment which the future Zemindar might make, and which they do make now at their pleasure. It should also be a distinctly understood and proclaimed condition of the restoration of the Estate that any

Such

Such exaction or ejectment should at once without fail bring the Estate again under Government management in which it should remain, until by the demise of the person whose tenure was so forfeited, a new right of succession arose.-

28. Under 20 years the resources of the Country could not be developed as they ought to be- The outlay required for Roads, & Tanks &ca could not be repaid and their full effects seen under that period and the just extent of additional Peshcush could not be duly estimated.-

29. It is possible that the plan I propose may be deemed rapacious and unworthy of Government but let the alternatives be examined- they are to adopt my plan without increasing the Peshcush on restoring the Estate, or to manage the Estate for a less term of years, or during the life of the present defaulter or only till the Arrears are cleared off Government bearing any loss, while the Zemindar should enjoy all profits that might result, or to sell the Estate outright.-

30. The general and confirmed disposition to withhold payment of Peshcush I am convinced requires to be checked now or the

the Government must be prepared to lose their Revenue and I respectfully submit that upon the decision of the Government in the present emergency depends the question whether the great body of defaulters shall be brought to obedient punctuality in time to come, by seeing the example of the result of the opposite line of conduct, or whether an accumulation of con= =tumacy, never yet witnessed, shall be encou= =raged and rewarded by mild measures which will not make the present defaulters repent of their conduct, and which would therefore naturally induce all others to equal or exceed, if allowed, the contu= =macy under review. So certain is this that it would scarcely be fair to punish what could so easily, and ought to, have been prevented.-

31. It is my earnest conviction that punishment in some way which shall be felt and feared is necessary to restore the Reve= =nue of this District to what it ought to be, and to restore an Estate after 20 years or on the death of the present defaulter without an increase of tribute payable, would be felt by the indi= =vidual defaulter as a reward of his conduct, and when the Estate was made over clear of all burdens and improved in every way as we

may

may expect it to be under our management, the reward would be tangible and apparent, and the family would certainly be far better off than they would have been had there been no default and no assumption.-

32. To manage the estate on the usual terms of loss going to Government, and profit to the Zemindar, would be felt as no punishment, would tend to increase instead of checking the System of default so widely spread, and would I fear bring the Govern= =ment into contempt, without benefitting any party.-

33. To sell the Estate outright would as I submit be a hardship on the family the wish to avoid which is probaly the cause of the reluctance so often exhibited by the highest authorities to sell the patrimony of these ancient nobles. It would also leave the creditors adrift. It is moreover impos= =sible to sell the right to the loyalty and affection of the community which these hereditary chiefs enjoy. The new purchaser would of course demand of right all that the ousted chief enjoyed of the goodwill of his people, which would of course be withheld, and thence would

arise

Fort St. George 23d. September 1844.-

arise a contest which it would be humane to avert.-

34. By the plan I propose punish-
=ment falls on the offender only- Government will stand forth as the supporter of the hereditary connection of the families with their Country, instead of as heretofore its destroyer, a position which would tend to secure the co-operation and goodwill of the surrounding Zemindars which can by no other course that I know of be attained- Government itself would benefit in every way the people would benefit, the creditors would benefit, the example on the Surrounding Zemindars would be the best that could be, and the restoration of the Estate, instead of its forfeiture being an act of pure grace, no one could complain of rapacity.-

35. The additional Peshcush could be imposed in the justest way by making the total Peshcush of the restored Estate bear to its gross assets/ correctly ascertained under our 20 years of management/ the same proportion as it was intended that the Peshcush should bear to the assets at the time of the Permanent Settlement- The announcement of this in-
=tention would convince the Surrounding

Zemindars

Fort St. George 23d. September 1844.

Zemindars and the Country that the plan is strictly just in all its parts.-

36. It is evident that what is advisable in the case of Vaulghur is so for other Zemindaries in like circumstances.-

37. Daracotta and Cheekaty I recommend should be treated exactly as Vaulghur- they are selected with reference to the amount of the arrears- the contumacy of the defaulters their convenient position, and the example they will exhibit- Daracotta was attached but released on the Zemin-
=dar's making certain arrangements which he afterwards disregarded- His Estate is under management.-

38- The Zemindar of Vizianagr is of unsound mind, and I beg leave to re-
=commend that his Estate be taken under the management of the Court of Wards- It is at present under attachment.-

39- If the plan I have proposed be approved of I shall be prepared here-
=after to propose arrangements for the efficient management of the new Contracts of Country about to come under our direct control, and especially for the Settlement of the private claims

in

Fort St. George 23d. September 1846.

in which collusion to the utmost possible
extent may be looked for.

40. I beg leave to observe that the mis-
interpretation of the leniency of Govern-
ment, foretold by Mr. Bannerman in his
letter dated 11th. February 1841, has prevailed
to a very great extent. It is safe to assert
that had the sale of the Estate of Hautghur
been confirmed in the year 1841 the Amount
of arrears would have been very much less
generally than it is. To prevent the evil
consequences of further reversals of such
grave acts of authority as the disposal of
Estates, I submit that every possible ap-
peal should be considered and decided
by the highest authority before the act be
completed. With this view I respectfully so-
licit that should the plans I propose with
regard to Hautghur, Daracotta, and Chegully,
and also that for Vizianugr, and Mokery, and
for Jeckally be approved, or should the sale
outright of all or any of these Estates be de-
termined, the decision may be view-
ed and orders passed thereon by Government, be-
fore the decision is sent here to be executed.
Unless this be done there will be no
confidence

Fort St. George 23d. September 1846.

confidence in the reality or durability of any mea-
sure taken, people will hesitate to bid at auction,
if any estates are put up, the owner of the Estate
will have great hope of a successful appeal,
all the neighbouring Zemindars and others will feel
that he has a just hope of success in appeal, and
the act of the local authority will be looked upon
as likely to be reversed and his proceedings will
therefore have no weight.

41. I to the best of my judgement the
assumption of an Estate for 20 years is not opposed
to, but rather justified by, Regulation and equity
as being an exercise of less than the full extent
of power conferred by the Law, altho' I admit it is
a proceeding nowhere expressly defined, but at
the same time, I submit these observations
with great deference, trusting that my having
considered and suggested a measure dif-
ferent from that clearly laid down by Law
will not be considered irregular.

42. I am well aware of the pecu-
liar character of this District, and the de-
licacy of interfering roughly with the
power and tenure of Authority of these Ancie-
ent Zemindars but they have themselves gra-
dually brought on, what I think will be admit-
ted to be a crisis, and it must be met. I have every
confidence that with the encouragement and advice of
my Superiors my Proceedings will end Satisfactorily.

Proceedings thereon,

Stating with reference to a letter from the Collector of Masulipatam dated 15th November 1843, that the Board are prepared to support his recommendation in favor of an arrangement proposed by the Manager of the Monegal Zamindary by which he engages to undertake the exclusive management of that Estate in conjunction with the adoptive mother of the Minor Zemindar to furnish securities for the punctual discharge of the Peishcush as well as the arrears due to Govt.

(No. 1 dated 25 Sept. 1839
No. 2 dated 28 Aug. 1839
No. 3 dated 5 Oct. 1839
Cons. 5 Oct. 1839)

The Estate of Moonegal was assumed for arrears of Revenue in 1244, Fusly. The Zemindar dying the following year, it came under charge of the Court of Wards he having adopted a child of 5 years old shortly before his death. The boy's father was appointed Manager and an arrangement was concluded by which the entire Estate was rented to the Villagers for 12 Years at Rupees 9,825 per annum on the responsibility of the manager who was required to furnish adequate security for the punctual payment of the whole amount of the rent into the Treasury each year. Before carrying this arrangement into effect the Collector Mr. Goldingham visited the Estate and being of opinion that more favorable terms could be obtained he procured agreements from the

Fort St. George 23d September 1844

by annual instalments & to provide for the subsistence of the Minor

Ryot 24 Dec 1836 order of Govt 13 Dec 1836 para 22 & 30

the Villagers for an increase of 1508-2-4 they giving security for their respective shares and the Manager engaging to do the same for the aggregate of Rupees 1,333 15-6 which was approved and confirmed

2 These engagements have not been fulfilled at the close of 1252, Fusly the collections had fallen short of the stipulated Rent in the sum of Rupees 15,878-11-6 of which Rupees 2,313-14-6 are due to Peishcush

3 The causes of the failure are ascribed to the seasons and to the disputes on account of the Poollery tax between the Zemindary and the Nizams Ryots - The latter have since been adjusted, in the course of which a tract of disputed land has been transferred to a Nizam's Village which has made it necessary to grant a Remission in the rates fixed by Mr Goldingham

of

Fort St. George 23d September 1844

of Rupees 701- The Manager now solicits an abatement of Peishcush on the same account as the restoration of the disputed land both of which are obviously inadmissible - The permanent settlement was made long previous to the late dispute and was fixed at the very low demand of 1/3 of the assets - To alter a formal decree is entirely out of the question - It would only remain therefore to hold the Villagers and the manager responsible thro' their several securities - The Collector considers the former to be inexpedient but does not seem to have contemplated the recourse to the latter - In consideration however of the losses which the Board believe to have been actually sustained by the adversity of the seasons and the cessation of the boundary disputes - They are prepared to

support

support Mr. Porter's strong recommendation in favor of another arrangement proposed by the Manager and by which he engages to undertake the exclusive Management of the Estate in conjunction with the Minor's adoptive Mother, to furnish Securities for the punctual discharge of the Peishcush as well as of the arrears due to Government by annual instalments and to provide for the subsistence of the Minor.

4. It is observed that the so called addition to the liabilities of the Estate of Rupees 550- is in fact only the pasturage dues of the Zemindary cattle sent to graze in the Nizam's Villages and which to prevent disputes has been ordered to be collected and paid over by the officers of Government.

To the Acting Collector of Guntoor.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Mr. Stokes's letter 25th May last reporting upon a Petition No 603 of 42, from certain Ryots in the Rachoor Tarah complaining that they are compelled to pay the Curnum Fees in Money instead of Grain as they had hitherto done. The change was introduced in Fusly 1237, and the Petitioners have all

Para 2 all along objected to it. Mr. Stokes represents that there will be now a difficulty in reverting to the original system of a Grain Payment in a consequence of there being now no necessity for an Anchanak or Estimate of the Crop and no division of the produce and no way therefore of determining the produce of each year satisfactorily to the both parties. The Board are not prepared to allow this difficulty to stand in the way, but as the Petitioners object to pay the Fees in Money at a rate fixed by the Collector with a view to the benefit of all parties they must be prepared to pay the Fees in Grain agreeably to the Maumool of the Village or according to the quantity of produce ascertained at the Thrashing floor after the usual deduction.

No. 404 & 425 of 1843 presented by the Petitioner to the late Provincial Court, to their Proceedings thereon of the 23d. August and 15th. September of the same year, directing postponement of the enforcement of the Rauzeenamah in suit No. 22 of 1834 of the said Court's file in which Naval Noorranesabagum was Plaintiff and Rajah Mulrauze Lutchmeah Defendant) and to the Extra Petitions No. 624 & 74 of 1844 presented respectively by the Plaintiff and Petitioner, and to this Court's Proceedings thereon of the 30th. March and 3d. April last, transmitting the Record of the case to the Zillah Court of Guntoor, and advising the Petitioner to apply to that very Court for staying the execution of the Rauzeenamah referred to. The Petitioner represents that on his presenting a Petition to the Principal Sudr Ameen's Court at Guntoor accordingly on the subject, he was informed by the Government Vakeel attached to that Court, that that Court declined Compliance with the Petitioner's request, to postpone Execution of the Rauzeenamah against the other property of the Defendant, which is not in charge of the Petitioner,

the

the Collector, that the matter of liquidating the debts due to, and by, the Defendant Rajah Mulraujo Lutchmiah, as well as those of the other Zemindars on the same District, under similar Embarassments, is now under consideration of Government, and the Petitioner Expresses his intention of reviving attention to his Report of 24th. of June last, and ventures an opinion that it will occasion as well a degradation to the respectability of the said Defendant Rajah Mulraujo Lutchmiah, whose is an aged female of rank, as a loss to her property on account of the Expected sale of her houses &c. in portions at reduced rate, as there is no one to purchase them in the aggregate.

Under the foregoing Circumstances the Petitioner prays the Court to take them into Consideration and issue a Precept to the Zillah Court of Guntoor, with directions to suspend the enforcement of the Ranzeenamah referred to, for two months, on the ground of an early reply being Expected to his address to the Board of Revenue on this subject.

The Courts are bound to assist Creditors in the prosecution and recovery

of

Fort St. George 23d. September 1844

of their just claims as well as to defend those upon whom they have demands, against any inveterate measures of severity for their satisfaction.

It is almost undeniable that the wastage of Estates, ingeneral have proved to be Caducous, more from personal than fortuitous and natural Causes, and when they have for so long a period put off the Evil day of reckoning and kept their Creditors aloof for years, by their own Extravaganees and dishonesty, and at length Compelled them to undertake serious expenses in seeking legal sanction for payment, still unsatisfied, it is rather late in the day that they should bear the brunt of large Concessions in the reduction of their Demands, and forego besides means however limited, which have been secured to them for advances made, in partial discharge of them (holding property to have become depreciated) and not taking into account their long forbearance in postponing the Process and augmenting the risk by so doing.

It may be very praise=
=worthy of Government who hold the first

and

Fort St. George 23d. September 1814

and exclusive lien upon all Lands in clearance of their dues, to attempt a Mediation in the Settlement of the Proprietors' Debts generally from that resource, but it is against equity and good feeling that Creditors so situated should be obliged to resign the advantages which they have individually held, and the maintained expectation of realizing some outturn therefrom, long before any attempt at the contemplated adjustment, was made for the participation of other Claimants who may not have been equally provident, yet are to be placed on the same footing.

Under this view the Court decline to Comply with the Petitioner's request.

From the Ag. Collr of Nellore — 2.

Reporting on the condition of Weavers in the district. —

Sir,

1 I have the honor to submit a report on the present and past condition of the Weavers residing in this District, as called for in your letter of the 1st July. —

2 The generality of Weavers in Nellore are the manufacturers of Cloth, not on their own account, but for merchants who employ them and from whom they receive advances for the purchase of thread &ca, consequently the condition of the Weavers depends entirely on the state of the trade and the prosperity or otherwise of their employers the Merchants, who in profitable times, with a steady demand can afford to be liberal in their advances, and remunerative to the Weaver for his labor, while, on the contrary, a slack demand has exactly the opposite tendency, and the condition of the operatives declines. — Such is the state of things at the present time in Nellore. —

3. To exhibit the condition of the trade, a statement of the amount of land duties

duties collected on piece goods from fusly 1240/1830/1 to 1252/1842/3 is appended, fusly 1246/1836/7 was the last year in which the customs were rented, coming under amany in 1247/1837/8. Comparing the duty realized in 1252/1842/3 with that of 1246, there is a falling off of 14,398 Rupees, and again the Collections of fusly 1236/1826/7 (65324) the last amany years previous to the renting system, compared with those of 1252/1842/3 also amany, shew a decrease in the latter year of Rupees 16,196. an undeniable proof of declining trade, by which the Weaver, as well as the Merchant must necessarily suffer.—

4. In order to shew what particular kinds of manufacture has been discontinued or decreased, a Statement of duty collected on all the different descriptions of piece goods sold in fusly 1227/1817/18 (of which detailed accounts are forthcoming for the entire fusly) is given, as well as one of a similar nature for 1252/1842/3. From this Statement it will appear, that in 1227/1817/18 the amount of duty collected on different descriptions of cloth under the denomination of "Rakoolos" 27 in number, has been Rupees 25,650; whereas in 1252/1842/3 the manufacture of 17 of these descriptions of Rakoolas has entirely been

No 2.

Fort St. George 23d September 1844.

been discontinued, and the collections in consequence 1840- less than those of 27, for the Rakoolas cloths, and taking a slight increase on the manufacture of the coarser kinds of cloths, the net decrease between the two fusles is 16,578, and this too in collecting the duties according to the Tariff prices fixed long ago, as far back as 1236/1826/7 and not according to the selling prices of the day, which have fallen far below those then fixed, and had the duty been levied according to the market value the decrease would have been much greater in amount.—

5. The principal cause of the falling off in the manufacture of cloth, is the introduction of English piece goods of all descriptions, which from their being cheaper, are generally purchased, from the highest to the lowest of the inhabitants, and the home market being unable to compete with the import trade, the manufacture of the finer description of goods has been almost entirely discontinued.—

6. Previous to the extensive introduction

introduction of British goods into this Dis-
-trict, and to places which consumed large
quantities of its manufactures, the flour-
-ishing condition of the trader enabled
him to make large advances in money
to the Weaver in addition to the cost of
thread, which being purchased by the
Weaver himself was also a source of
profit to him; but of late years the Mer-
-chants, who are many of them landed Pro-
-prietors, from the lowness of prices and the
difficulty of finding a market for their
grain, have paid the Weavers in kind
putting their own valuation on the grain,
which the Weaver is obliged to agree to, or
the only alternative left him, is to give up
his trade, which he will stick to for the
smallest possible profit, rather than en
abandon for a new one. — Formerly, the
Weaver was paid for his work, one half
the cost of the thread expended on the
manufacture of the ordinary sorts of cloth,
and for the finer cloths he received a
payment equivalent to the full price
of the thread expended, for the former
he

he now receives from 1/3 to 1/4 the value of the
thread, and for the manufacture of the latter
but one half, and this at a reduced price in
the value of thread, the market being largely
supplied with English material at one fourth
the cost of that which can be prepared in the
District. — As regards the Weavers and the Mer-
-chants the tables are now turned, formerly the
Weaver was to be sought and humoured by advances and
good payment, now tho' he seeks the trader and volun-
-teers to work for reduced hire, he meets frequent disap-
-pointment, the Merchant declining to embark his capi-
-tal in a sinking trade. — As a further example of the
alteration which has taken place in the manufac-
-ture of valuable cloths, I again refer to the detailed
account of descriptions sold in 1227/1817/8 compared with
those of 1252/1842/3. — The duty collected on Bundar Muttums
and "Bustens" pieces valued at nearly 1,80,000 Cn
Rupees, was 8,963 in 1227/1817/8, whereas in 1252/1842/3 "Bundur
Muttum" cloth has not been manufactured at
all, and the value of "Bustens" reduced to 360
Rupees, the duty on which was Rupees 18. These
cloths were formerly made in Nellore and
printed at Masulipatam for export to the
Persian Gulph, but there, the English Chintz
has superseded our manufacture, and the
Mogul Merchants who purchased it Cn
have disappeared. —

J

7. I am directed in the letter under reply to shew the profits of the traders and Weavers now, and what it was in former years, This I am unable to do, with any degree of precision; having no data or accounts to guide me, and to take the Statements of the parties concerned would be of no avail, as they would naturally exaggerate their present difficulties, and give a contrary account of their former profits.— It is equally difficult to suggest any means by the adoption of which the prospects of the Weavers will be improved, for, as long as the English market supplies goods at a cheaper rate than they can be manufactured at in this country, so long will the home trade remain depressed.— The only method in the hands of Government available for the benefit of the Weavers appears to be the reduction of the loom tax, which however does not appear oppressively heavy.— This tax varies in amount as paid by Weavers of different castes, for instance the highest rate per loom paid by the Salah caste is Rupees 2—8—11, Cws and the lowest is Cws 11—4—11. That paid

| | Highest Cws. a. P. | Lowest Cws. a. P. |

| By Jaurars | 3—11—11 | 11—4—11 |

8. The Sala, Jaurara, and Pariah classes compose the great body of the Weavers, the others are petty traders generally, and few in number.

9. It will be remarked by reference to the accompanying list of looms charged in the accounts from fasly 50 (1840/41) to 53 (1843/44) increase in the latter fasly of 1,086 looms paying a tax of Rupees 922—3—9. This increase has been mainly caused by the restorpha of the 3 Talooks, Woodiagherry, Sydapoar, and Chondy having been brought to the Circar account since fasly 1250 (1840/41). The remaining excess, amounting to 135 looms, paying a tax of 81 Rupees is to be divided among the remaining ten Talooks, and can hardly be looked upon as any symptom of improving trade, as every loom is taxed whether worked or not. The loom which is

full

full from the beginning to the end of the season, pays the same as that which may have been once worked to make a cloth for some of the family of the owner. This would seem hard on the indigent Weavers, but to regulate the loom tax according to the number of cloths put upon it, would be open to all sorts of trickery and trouble, and, after all, be but an insignificant relief; a general Statement of Moturpha rates being under preparation it appears unnecessary here to pursue this subject further. —

No. 4,506. 10. A memorandum accompanied by accounts from the sub Division is forwarded, from which it would appear, that the condition of the Weavers in the northern part of the District, has not so much changed, as those residing in the Principal Division, in consequence of the manufacture there being generally of the coarser kind of cloths for home consumption.

Fort St. George 23d. September 1844. —

Consumption, in use among the cultivating class of the District; whereas the stoppage in the demand for expensive cloths and cloths for export has been the main cause of the depression of the weavers' circumstances in the Principal division of the Nellore District. —

Memorandum

No 4

Memorandum.—

1. The Sub Collector has the honor to acknowledge the receipt of the Acting Principal Collector's Memorandum under date the 25th ultimo No 9 transmitting Copies of two letters from the Secretary to the Board of Revenue, and calling for information regarding the condition of the Weavers in the Sub Division.—

2. With the exception of those resident in certain Villages in the Chendalore Talook, the weavers in this Division are employed generally in the manufacture of Coarse cloth, and the common cloth in ordinary use among the less opulent inhabitants of the Country, and have never been in the habit of Manufacturing much cloth for exportation beyond the limits of the District. The Weavers, therefore have not or suffered to any material extent from the introduction of the finer cloth of English Manufacture which is not used by the class above referred to.—

3. The (it is to be hoped) temporary depression among the entire cultivating or class from the very low price of produce for the last few years has necessarily

affected

affected these weavers to some Considerable extent for it is in great measure to employment from them (the cultivating Classes) forming as they do the great body of the people, that they look for a subsistence, and they are not at present in a position to afford them as much employment as when they were themselves in a more flourishing condition.—

4. The Weavers of strong cloth for towelling and other purposes of which there are some in certain Villages in the Ongole Talook are not in a very prosperous condition. The Sub Collector believes that the manufacture of a Superior description of the same cloth in the Gungum and Nellore Talooks added to the introduction of Cloth of home manufacture has caused a falling off in the Demand Gunny weaving is carried on to some extent in parts of the Division; the Demand for this article continues steady and the condition of those parties who follow this branch of industry has consequently not deteriorated.—

5. In the Villages of the Chendalore Talook named in the Margin the manufacture of Colored cloths of all description is carried on to a Considerable extent

both for sale within the District and esportation. The weavers are, from a fall in the price consequent on the introduction of Europe Chintz and Colored Cloth in a less flourishing condition in former years but still as the Demand continues they are not in such an impoverished state as to call at present for any measures for their amelioration, if indeed there are any measures in the power of Government to adopt, which would have the desired effect.—

6. At Pundalapully and Jaundrapett (a hamlet of Cheerala) in the same Talook a large body of weavers, who have hitherto employed themselves in the manufacture of the finer and more expensive reds and blacks (the latter principally) handkerchiefs &ca reside. large commissions used till a few years ago to be annually received from mercantile houses at Madras for this description of cloth for esportation. This trade has now greatly fallen off and these weavers not being accustomed to manufacture any other kind of cloth are consequently much depressed. The causes of the diminution of this branch of trade are not within the knowledge of the Sub collector and he is therefore

Fort St. George 23d. September 1844.

therefore, he regrets to say, unable to offer any opinion regarding any measures of relief that may be thought expedient, indeed, the period that has expired since the falling off commenced is so limited that the hope of its revival may still be retained.—

7. The Sub collector begs to transmit two accounts. one showing the amount of Revenue realized from the Loom tax in this Division for Fusslees 1250-1340/1 1251-1841/2 1252-1342/3 as required in the Secretary letter from the Board of Revenue. and one showing the Number of Looms with the assessment in each Talook for the last twenty years. It will be seen from the last account that the years in which the highest amount of Revenue was derived as fusslees 1240-A.D. 1830/1 and 1241-1831/2. In the former of these years the then Sub collector Mr. Bruce made a minute enquiry into the Moturpha tax generally in this Division and the result was a considerable increase in the Loom tax. The effects of the famine in the succeeding Fusly 1242 A.D.-1832-3 are very apparent. more detailed accounts have been received from the Talooks and will be transmitted if required. The Sub collector has not alluded to the weavers resident in

12542 Fort St. George 23d. September 1844

the Taloks belonging to the Venkatagherry Zemindar - the Loom tax being contrary to the practice in some, if not all of the permanently settled Districts levied by the Zemindars Servants, the Revenue derivable therefrom having been left to him at the time his permanent Cowle was granted.—

8. The Sub Collector is sensible that the present Communication but little deserves the name of a report on the condition of the parties to whom it refers, but he has found it impracticable to obtain any information at all to be depended upon from which any Statement of their former and present profits of trade could be framed. no dependance was of course to be placed on any Statement of the parties interested - even had it been expedient to call upon them for detailed information, for they would naturally have endeavoured to show themselves to be in as impoverished a state as possible.

3. It appears from the above that though there is now an increase of 7,585 Looms in comparison with Fusly 1234 yet there is a decrease in the average tax paid for each loom of Rupees — " — 4 — 10 and of Rupees 12 — 5 — 10 in the weavers yearly profit and a decrease of Rupees 3,33,122 — " — 2 in the total value of Cloths woven. —.

4. The large increase in the number of looms may be attributed partly to certain looms having been occasionally brought to account on a more careful scrutiny which had previously escaped observation but in a great measure to the increase and separation of Families.—

5. From there being a decrease in the total value of cloths woven and in the average tax on and profits of each loom while there is so large an increase in the number of looms it is evident that the said decrease is owing to there being now a much smaller number of looms fitted for weaving the finer Kinds of cloths and the merchants and weavers without exception declare that fine cloths of all descriptions being imported from

from Europe and from other parts of India at a lower price than they could produce them for they have been generally obliged to employ themselves in the manufacture of the coarser kinds of cloth.—.

6. The details regarding the value of cloths manufactured and the Estimated on profit by each loom were obtained from the Principal Merchants and weavers in each Talook and probably approximate to the truth. It is more likely however that their profits and particularly their present ones are under Estimated than the Reverse. The great increase in the number of looms and the increase in the tax paid to Government which is collected without difficulty appear incompatible with any very great depression in their trade while all state that they have nothing to complain of but being undersold by importation of European and other foreign goods.—.

solicited by C. Ramaswamy Bramany to erect a Choultry Vcca on the high western Road from Bellary to Hurryhur Dharwar Vcca

Fort St. George 23d September 1844.—

Solicited by C. Ramaswamy Bramany to erect at his own expense a Choultry Vca on 2 acres of Circar Waste Land on the High road from Bellary to Harryhur and Dharwar. By the Extract from the Minutes of Consultation of bearing date the 2d January last a transcript of which was furnished by you on the 4th of that Month it appears that the Board have re=commended to Government that I may be authorized to make over to that Individual "2 acres of Government Waste Land free "of land tax with permission to construct upon it a Choultry "Well Vca for the accommodation of Native Tra=vellers," and the Government stated in reply, that they "cannot accede to the application "made by the Board of Revenue on behalf "of Ramaswamy Bramany which is opposed to "the established Rules, but in the event of "this Individual building suitable accom=modation for Native Travellers on the usual "conditions, there will be no objection to re=commend to the Government of India that "an Endowment to the extent prescribed may "be assigned for its support.—

2. From the nature of this correspondence,

I

JJB.

12554

Fort St. George 23d September 1844.—

I am led to doubt whether the permission so-licited for building the Choultry was granted or not, you will observe that my letter did not at all refer to any Endowment of land for its support the same being a claim (if preferred) to be submitted after the Choultry is once established under the Board's previous sanction.—

3 The order of Government above extracted amounts, as I apprehend, to a refusal of the application - 2⊕ acres of land being applied for in the first instance to build on - the Endowment of land prescribed for the support of such institutions by the General Rules dated 11th August 1829 was not applied for previously as it would be at variance with those Rules: I imagine that some misapprehension has occurred as this refusal is hardly reconcilable with the encouragement afforded in many instances to undertakings of this Nature, I conceive that no refusal may have been intended.—

⊕ The assessment is C R 1-14-4-

4. As connected with the subject of building Choultries for Travellers in this District, I request the especial attention of

Resolution thereon.— The Board of Revenue do

(54-55) not view the refusal of Government to grant land for the construction of the Choultry above referred to, until the building should be completed as originating in any misap-
-prehension, for it would appear to be

11th August 1829- in accordance with the General rules sanctioned by Government for the construction of Choultries- There appears no obstacle to prevent C. Ramaswamy Branmny from proceeding with the Building, if he wishes to do so, under the prescribed conditions.—.

Sir,

Para 1. I have the honor to report for the orders of the Board of Revenue the seizure on the 26th Ultimo in the Village of Cadumboor in the Teroopporoor Talook of 16 Mercals of Salt conveyed by one Sadiy-appah Naik of Wallajahbad under cover of a Rowanah obtained on the preceding day from the Cotaur of Covelong for 120 Mercals. The excess quantity of 48 Mercals is admitted by the Bandyman to have been clandestinely purchased from certain Pariahs working at the Pans. The attempts at smuggling having been numerous of late I beg to suggest that the strict penalty provided by the fourth clause of Section XII Regulation I of 1805 be enforced, and that the authority of the Board to confiscate the whole of the Salt and to pay the usual reward to those who seized it be given.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 20th. August 1844. requesting to be informed of the particular description of waste land that should be granted for the support of Choultries built for the accommodation of travellers and whether the land can be granted in a Talook different from that in which the Choultry is built.-

Inform. 12th. Sept.r 1844.-

62

2/ The land to be granted should be

Anadi or land that has been long waste and as a general rule it is desirable that it should be in the same talook and in the neighbourhood of the Choultry for the support of which it is intended unless under particular circumstances which may render the observance of such a rule inconvienient.-

From the Pl. Coll.r of Salem

Sir,

I have the honor to bring to the notice of the Board that in a case of Salt confiscated by the Joint Magistrate in August 1843 as being adulterated the proprietors thereof were fined 20 and 30 Rupees respectively and a sum of 200 Rupees was collected on the 18th. Sept.r 1843 but upon the Salt being 8 Months subsequently submitted for examination to the late Acting Magistrate it was proved

Fort St. George 23d. September 1844-

proved to be good and of the quality usually made at the Government Salt pans on the Coast - The Joint Magistrate having now applied for the amount to be re=turned to the parties I have the honor to request the sanction of the Board for the disbursement of the same, it having been carried to account in the Month of Septem=ber 1843.-

A copy of the Joint Magistrates' letter sending the Salt together with copy of the reply - thereto are herewith for=warded in explanation.-

Acting Magistrate of Salem

Sir,

I have the honor to inform you of my having sent you, by a Bandy, 16 Bags of Salt which I beg to submit for your examination to determine whether or not the Salt is liable to confiscation from there being a mixture of bad Salt as with the good.-

The

Fort St. George 23d. September 1844-

The Salt in question which be=longed to some Merchants of Vellore was Seized in August last by the Acting Jah=sildar of Paramutty on the ground of its being a mixture of earth Salt with good and samples having been sent to me with a Mahazernamah taken by the Jahsildar as evidence of its being adulterated I fined the Merchants, after calling them up to my Cutcherry, and ordered the Salt to be con=fiscated - Directions however were sent to the Jahsildar to keep the Salt, which to judge from the samples was fit only to be destroyed, in deposit in the Talook, as I judged it best to have it destroyed in my presence, and it was too bulky to be sent to me without some expense On my arrival therefore in the Talook for the Jummabundy I sent for the Salt but to my surprise I have found that the whole quiantity is apparently good, and obviously very different from the samples sent to me, and the Jahsildar on my examining him confesses that he did not send me samples, but only some of the smaller particles after they had been

been sifted from what was large. Under these circumstances I think it best to send the Salt to you as I have passed judgment once in the matter and it is due to the Merchants that the case should be impartially investigated.-

The conduct of the Acting Tahsildar, who is now suspended, I consider very blameable especially as samples were sent for a 2d time in consequence of the Merchants having asserted that the Principle were not true ones, when the Acting Tahsildar was ordered to take them from the grofs quantities in the presence of witnefses who were also to be sent up- and 2d Samples with the witnefses were sent accordingly. I regret that the Samples referred to have been destroyed.-

To/ W. A. Brett Esqre

Sir,

In reply to you letter of the 3d

3d Instant I have the honor to inform you that a number of respectable Merchants have on an examination of the Salt in my presence given their opinion that the Salt is good, and of the quality usually made at the Government Salt pans on the Coast, in which opinion I quite coincide. I have ordered the bags to be again sealed up and returned on the same bandy to you at Salem.-

I must say I do not see the necessity of your having sent the Salt to me, you might have taken a Mahazernamah from the Merchants yourself, and I should not think the Board will sanction the charge of the bandy hire.-

It is unfortunate the samples sent originally to you have not been preserved, to be compared with that in the grofs, but you will be able to determine how far the conduct of the suspended Tahsildar is deserving of censure, on an examination of the persons who signed the Mahazurnamah which he sent to you.-

From the Pr. Collr. of Salem

Sir,

I have the honor to Submit the following circumstances to the notice of the Board, and to Solicit their Orders thereon.-

(65)

On the 24th October 1843, 6 bandies containing 248 Marcals of Salt arrived at Ossoor covered by a Rowanah No. 180 dated 11th September 1843 obtained at the Cuddumbaddy Salt-pan in the Chingle=put District for 1 Garce and 50 Marcals consigned to Mysore in the name of Vanumbaddy Bamboo Lail on 15 Bandies-

on

12568 Fort St. George 23d September 1844.-

On making enquiry one Chenna Gounden who had possession of the Rowanah stated that he brought 80 Marcals from the Cud=dumbaddy Salt pan in two Bandies, that one Bandy containing 40 Marcals was wash=ed away while crossing the Pennaur River at Parunda hully, 4 Miles from Ossoor and that he saved therefrom 6 Marcals, that 6 Bandies preceded him ten days ago, that he was detained on the other side of the River an account of its being unfordable at the time, and that the Rowanah produced by him was taken by one Hyder Sahib a joint owner of the Salt, with the 6 Carts in advance, and that after it was brought to him from Bangalore he crossed the River and came in to Ossoor.- The other 5 Bandies with 200 Marcals were in charge of three persons named Soonachellum Moorgen and Permaloo, and they state that their Salt is from the Bynoor Salt pan in the Chingleput District that they hold no separate Rowanah for the quan=tity they brought and that the one mentioned and delivered by the above named Chinnagounden included the

quantity

quantity and that 4 Bandies proceeded in advance to Bangalore. These depositions were given before the late Layer Superintendent who finding a difference between the statements of the two parties made the circumstance known to the late Acting Principal Collector on the 25th. October 1843. Wyder Saib a joint owner of the Salt above adverted to, having in the meantime offered to make a deposit equivalent to the value of the Salt, and to remove the latter lest it become damaged if detained long during any investigation that may take place, the Tahsildar was directed to obtain it and he accordingly received 63 Rupees the valuation of the Salt from the said Wyder Saib as deposit.- No reference however appears to have been made about the matter by the late Acting Principal Collector to the Collector of Chingleput and the owners of the Salt have appeared before me praying that the deposit they made may be refunded to them. The only circumstance that creates a doubt is the Statement of the above named

Fort St. George 23d. September 1844.-

named three persons Sonachellum Moogen and Permaloo who are Bandy men. The Salt owners are respectable persons have been carrying on the traffic and are still doing so for a considerable time I have therefore to solicit the instructions of the Board as to the disposal of the deposit money. In my opinion it ought to be returned.-

Proceedings Requesting the Collector of South Arcot to furnish more specific information in the claims of Vydenadien a Settel Renter of his District to

Read again letter from the Collector in the Southern Division of Arcot dated 5th and entered in Consultation 15th instant thereon.

In para 2 of the above letter the Collector states that "on examining the accounts rendered "by the Renters he had great reason to doubt "their accuracy from the circumstance of some of them "having conducted the management of their respective pents contrary to the provisions of the "Regulations", and he adduces as a

to compensation and to suspend the collection from the renter of his arrears of Rent until further orders.

proof of this, that Vydenadayah the Renter whose case is under Report, has in his Petitions stated the amount of his gross Collections at a sum less by Rs. 1,218-9-8 than the total amount which the examination of his monthly accounts shews him to have actually collected. It does not appear to the Board how the fact of the Renter having in his Petitions understated his collections, can be held to be any proof that such Collections were unduly made or which is the same thing, that in the words of the Collector "the pents were conducted contrary to the provisions of the Regulation". In the Petition of the Renter to the Collector 17th April 1846 he expressly referred to his accounts then in the Cutcherry and as he must have been well aware that those accounts would be examined before his claim was disposed of, he would seem to have had no inducement to make a wilfully

† In reference to the accounts submitted by your Petitioner to your Cutcherry will convince you error of the truth of his statement. Petition 17th April 1846.

Fort St. George 23rd September 1844—

wilfully false statement. Under any circumstances should have been allowed the opportunity of explaining the difference between the representation made in his Petition and the result elicited by the investigation of his accounts—.

2. The establishment pandeonard and Extra Charges are given by the Petitioner at 2120 which being little more than 6 per Cent on the Gross Collections Rupees 13534—3—5 does not at first sight appear so unreasonable an item, but that it might have been inquired into. But this and the next item Interest 190—3—5 are dismissed by the Collector as "unworthy of consideration from the circumstance of Petitioner's account of actual Collection having been proved to be quite incorrect for the Collector found in several instances during the examination of the accounts the full amount of duty on Betel and Tobacco to have been omitted"— The Board beg to be explicitly informed what was the

Fort St. George 23rd September 1844—

total amount of the duty then discovered to have been omitted in the accounts whether it has been included in the sum Rupees 13534—3—5 entered in Col. 6 of the Collector's Statement as "actual Collections as per Renter's accounts" and if not for what reason. It should also be explained in what manner the omission would seem to have occurred and whether under such circumstances as to imply fraudulent intent.—

3 As to the third item of Rs 190 the Collector states that he is unable to conjecture how and on what principle it was assumed by the Renter. It must be obvious that no person will take a Sayer Farm unless under the expectation of realizing a profit on his undertaking and that if his Farm be discontinued without his consent, before the time originally fixed, he must in Justice be entitled to some compensation for the profit so foregone. In the present case it is desirable that the Collector

should

12577 Fort St. George 23rd September 1844—

should ascertain what is the amount of profit which had his farm continued to the end of the Fasly the Renter might have fairly calculated on realizing - referring on this point not only to the present Renter but to those who have held the farm in former years to its outturn under similar management and other circumstances — likely to throw light upon the subject.—

The Board regret that they are unable to dispose of the Petition of Vydenadyah from the report made upon it in the Collectors letter. They have therefore to request that Mr. Davis will favor them with more specific information respecting the total amount of gross Collections — made by the Renter as shewn in his Monthly accounts the sum of the Sibbandy and other expenses which he may reasonably be supposed to have incurred - whether he

12578 Fort St. George 23rd September 1844—

may on the whole be supposed to have been a gainer or loser at the time when his rent was closed and to what amount the profit which he might be expected to have realized, had his farm been continued to the end of the season, and finally whether on a full review of all the circumstances of his case, he has a just claim to compensation and on what terms a com promise may be effected.

Ordered. to be recorded

To

C. C. Lovell Esqre

Acting Secretary to the

Board of Revenue

Fort St. George.

From the Collr. of Tinnevelly

Bringing to notice certain cases in which the Owners of goods crossing the Frontier are unable to produce the required Certificates of the previous payment of Import duty and requesting orders on the subject.-

Dated 12th Augt. 1844

81

Sir,

In acknowledging the receipt of your letter enclosing an Extract from Minutes of Consultation under date 10th August 1844 directing that all goods crossing the Company's Frontier shall be allowed to pass free of duty on Exhibiting a Certificate of the previous payment of Import duty in the Sea Custom house I beg to bring to the notice of the Board some difficulties in the practical working of their order which obliges me until otherwise instructed to deviate from it in some particulars. The number of European Gentlemen resident in the Travancore Country is considerable, and they are under the necessity of receiving supplies &ca from Madras during the greater part of the year by land carriage, and consequently through the Company's Custom Chowkies; should the box or package happen to have come direct from Europe and be still

unbroken

Fort St. George 23d. September 1844.

unbroken so as to admit of identification, there is no obstacle to its being accompanied by the necessary Certificate; but if, as is usually the case, the package contains a variety of articles, perhaps from different shops and probably imported at different times, it is impossible that it should be accompanied by a certificate although there can be no doubt that the Invoices of Merchandize of which each article formed originally an item paid the legal duty when Imported. Under these circumstances the stoppage and search of such property at a distance from its destination would undoubtedly be a hardship and inconvenience to Officers and other Gentlemen stationed in Travancore which Government probably never contemplated and would certainly disapprove, and on these grounds and believing the legitimate object of the Customs to be Merchandize rather than personal property I have temporarily directed the Frontier Chowkeydars to pass free of charge the property of Europeans resident in the Travancore limits, even though not accompanied by a Certificate and have at the same time communicated to these Gentlemen through the Resident, the steps

taken

taken to secure them from inconvenience, beg-
-ing that they will, on receiving any supplies
through the Company's Chowkies, inform me
without loss of time whether any of the Ma-
-nufactures of the Country (which are liable
to taxation) form part of the goods received
by them. I propose with the sanction and
approval of Government to adopt this Course
with regard to the property of the European
Residents in Travancore on all future occasions.-

Collector.

Resolution thereon. Under the orders of Government
(81-82) dated 11th Instant communicated to the Collector
on the 16th Idem, the Board see no necessity
for bringing again to the notice of Government
the subject referred to in the foregoing letter.

All Articles for whomsoever intended
are required to be accompanied by a Certificate.-

Read again letter from the Principal
Collector of Coimbatore dated 24th Ultimo and
entered in Cons. 16th Instant.-

Proceedings thereon. Resolved that the foregoing letter
(83) be submitted for the orders of the Most
Noble the Governor in Council with the Board's
recommendation that Sanction may be grant-
-ed for the charges actually incurred in Fusly 1252
in defending certain Suits Amounting to Rupees 142-11-3 as
particularized in the Statement submitted
by the Principal Collector.-

Submitting for orders a letter from the Hon'ble Company's Solicitor regarding the terms for the Government property at Pedicarney lately purchased by Mr. Freese.

2nd Sept. 1844.

To The Chief Secretary to Government

Sir

With reference to the orders of Government under date 26th June last I am directed by the Board of Revenue to forward for the consideration of the most Nble the Governor in Council the accompanying letter from the Honorable Company's Solicitor requesting further instructions regarding the transfer of the Government property at Pedicarney lately purchased by Mr. Freese.—

As regards the terms of the conveyance on which point Mr. Dale requests information, the Board apprehend that the usual quit rent will be payable on the property, but that no other reservation

reservation will be necessary.

3 Mr. Dale observes that it is usual in purchases of this kind for the purchaser to have his conveyance prepared by his own Solicitor and forwarded to the Honorable Company's Solicitor for perusal and approval, as it would be incumbent on the latter in a case of this kind to attend chiefly to the protection of the interests of the Government rather than that of the purchaser and he thinks that embarassment might in many instances arise from the adoption of a different course, but he adds however that there does not appear to be any objection in the present instance "so far as the Government is concerned" except such as may arise from the consideration that in the event of any question or difficulty arising hereafter upon the conveyance Mr. Freese or his representatives might consider themselves entitled to relief on the ground that the conveyance was prepared by the Law Officers of Government. Under the above circumstances the Board have the

the honor to request the further orders of the Most Noble the Governor in Council on the subject.—

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from Minutes of Consultation under date 18th September 1844 in which in reference to the Jungle lands claimed by the Inhabitants of Collingode in Malabar and by the Coimbatore Sircar respectively, the Board of Revenue are called upon to determine in the first instance the boundary between the Coimbatore and Malabar Provinces

that any further investigation on the subject should be conducted by a special Commissioner totally unconnected with the district.—

Provinces, and in the event of their being precluded from declaring what has hitherto been the established line of separation between these Districts, they are requested to suggest the measures they are of opinion may with the least inconvenience be adopted by the Government for the purpose of enquiring into, and obtaining a report upon the subject for final decision.—

2. In regard to the first of the above points, Viz., that the Board should in the first instance determine the boundary between the Coimbatore and Malabar Districts I am instructed by the Board to state that adverting to the difference between the maps of the frontier Country now before Government, the conflicting character of the evidence taken and the difficulty in investigation of this nature of arriving at any satisfactory conclusion without personal inspection of the localities and examination of Accounts and antiquities on the spot, the Board feel themselves altogether unable to determine the line of demarcation between the two Provinces—

3. In respect to the second point Viz. the measures.

measures to be adopted by the Government for the purpose of enquiring into, and obtaining a report upon the subject finale decision, the Board in the correspondence now before Government have given it as their opinion, that if the Principal Collector of Coimbatore be in a condition to establish on behalf of Government a good prima facie claim to the disputed tract, the whole question should be referred for the decision of a Court of Law. and that temporarily and for the purpose of fixing the Civil Court before which the suit should be brought, it will be for Government in the exercise of their prerogative to declare whether the land pendente lite shall be annexed to the Coimbatore or to the Malabar District. The course of the boundary line can the Board apprehend be finally determined only by the Civil Court whose decision as to the title to the land under litigation will of necessity involve the determination of the frontier line within which it must be held to fall.—

The foregoing would appear to

to the Board to be the proper course to pursue if Government from the papers before them should consider that such a claim to the land has been made out in their behalf as could be successfully prosecuted in a Court of Law. If however they should be desirous of obtaining additional information before resorting to legal measures, the Board adverting to the very different views of the question taken by the Collectors of Coimbatore and Malabar, would recommend that any further investigation should be conducted by a special Commissioner totally unconnected with either District. who should be deputed to ascertain to the best of his power the course of the boundary and the position of the disputed Tract. The Numbidie being, and having for some years past been in at least partial occupation of the land cannot it is true be ejected except by formal suit, but the Inquiry now reported to, will have the advantage of satisfying the Government whether such suit could be undertaken with a reasonable prospect of a successful issue.—

From the Collr. of Masulipatam... Six Para 1.

With reference to an Extract from the Proceedings of the Board of Revenue dated the 15th. Ultimo, I have the honor to forward for the Board's information Copy of a letter from the Acting Principal Collector of Cuddapah, from which it would appear that the Opium which formed the Subject of my reference to the Board under date the 4th. July last, was not smuggled, but exported openly from the Mysore District, under the impression that it was no longer liable to duty, the Establishments on the Mysore Frontier of Cuddapah having been at the time withdrawn.

Forwarding Copy of a letter from the Acting Principal Collector of Cuddapah expressing that the Opium referred to by the Board was not smuggled but Exported openly from the Mysore District, and requesting instructions upon the Letter from the Commissioner of Mysore upon the Subject which was forwarded to the Board under date the 17th. Ultimo.

2. With reference however to the instructions of Government conveyed in the Board's Proceedings above alluded to, I have not considered myself Authorized to allow the Opium to be removed unless the parties agree to make

Sir,

Para 1. In reply to your letter of the 4th. Instant, I have the honor to inform you that the frontier duty prescribed by Act No. VI of 1844 was not levied in this District from 1st. April to 23d. May last, pending a reference to the Board of Revenue, and no Account of any Article imported from Mysore during that period was kept in this District. But from the enquiry since held by the local Officers at the frontier Chowkies established since the 24th. May, it appears that 7½ Bullock loads of Opium

the property of one Ramaniah of Vaimpilly in this District, and P. Vencatramaniah and others of Sintamany in the Mysore Country on one occasion, passed the Mysore frontier into this District without payment of duty, and that about the same drug was also passed, of which no particulars can be ascertained.—

The re-Establishment of the frontier Chowkies will prevent any Opium being passed in future without the payment of the frontier duty.—

Sir,

I have the honor to request you will submit my application to the Most Noble the Governor in Council, to be permitted to resign my appointment from the 1st October, the date on which my leave of absence will expire.

My Medical attendant Mr. Lawder, as will be seen by the accompanying letter, is of opinion that my return to the Vizagapatam District will probably be attended with a renewal of the same ailments which obliged me to take a sick Certificate to the Neilgherry Hills. I am however induced to take this step not only on account of my health but also from the difficulties I must naturally expect to

to encounter in returning to a station where I felt it was my duty to bring forward the acts of many of the Public Servants.

The explanation submitted by me under date the 1st July 1814 on that subject having been considered satisfactory by the Most Noble the Governor in Council, induces me to hope that my desire for early Employment elsewhere may meet with the favorable consideration of His Lordship.

Taking these Estates in the order in which they stand, the Proprietors of Vellumpollam (the first in the list) have paid Rupees 620-11-11 out of the original balance, Viz.t Rupees 7420-5-9. The balance on account of Fuslies 1247 and 1248 Viz.t Rupees 6793-9-10 has been held in abeyance as directed by the Board. A sum of Rupees 1078 12-9 is also due on account of the interest accruing during Fuslies 1250 - 1251 - 1252 and 1253 for which they have tendered the security of Rajah Row Boochy Tummiah the Proprietor of Kirlumpoody. The arzee of the Proprietors praying to be relieved from paying this balance is enclosed for the consideration and orders of the Board.

× No 2 to the Address of the Board of Revenue with translation-

The Pannungefilly Proprietors have paid Rupees 193-4-4 out of Rupees 537-12-4 the balance for Fuslies 1245 and 1248 being held in abeyance, but there is also a balance of Rupees 77-15-5 due on account of the interest from Fusly 1250 to Fusly 1253, which the Proprietors are unable

unable to discharge, as they had great difficulty in paying even the original Paishcush of the past fusslies owing to the unfavorable seasons. I therefore request the orders of the Board on their behalf.

The original balance due from Polavaram was Rupees 2,920-8-0 of which Rupees 1,273-8-0 on account of fusly 1248 A.D. 1838/39 being held in abeyance as directed by the Board, the Proprietor Cocherlacota Ramachendra Vencatakistarow was liable to pay Rupees 1047-0-0, of which he paid in Cash Rupees 1,459-8-0 leaving a balance of Rupees 187-8-0 on account of fusly 1253 A.D. 1843/44 which he promised to pay within a month. The sale of the Estate was therefore postponed. With regard to the interest due from fusly 1250 A.D. 1840/41 to fusly 1253 A.D. 1843/44 amounting to Rupees 698-12-2, the Proprietor appears to be unable to discharge it, and the indulgence of the Board is requested in this case also.

uncollected, as directed by the Board. With respect to the interest from fusly 1250 A.D. 1840/41 to fusly 1253 A.D. 1843/44 outstanding from this Estate amounting to Rupees 164-12-2 I beg to offer the same remark as in the preceding para.

Of the original balance of Rupees 982-2-0 due from Veeravilli Pallem, the Proprietor Row Ramarow paid Rupees 641 due for fusly 1251 A.D. 1841/42 leaving Rupees 341-2-0 due on account of fusly 1248 A.D. 1838/39 uncollected as directed by the Board. The sale of the Estate was therefore postponed. The interest for fusslies 1248 A.D. 1838/39 and 1249 A.D. 1839/40 is also left uncollected. For the interest accruing since fusly 1250 A.D. 1840/41 amounting to Rupees 372-11-7 the Proprietor in expressing his inability to pay it tendered security for its eventual payment by Row Boochy Tummiah. The Proprietor's Arzee requesting the remission of the balance is enclosed, but with reference to his conduct in regard to the Mongondah Estate, I do not consider it necessary to intercede on his behalf.

The terms proposed by the Proprietress were accepted as she seemed able and willing to redeem her Estate notwithstanding the losses she has sustained. With regard to the interest accruing from fusly 1251 A.D. 1841/42 to fusly 1253 A.D. 1843/44 against Veeravaram Mootah amounting to Rupees 638–2–8 it may be realized hereafter from the Proprietress as the Estate is a very valuable one. The interest due upon the Estate of Palevalah is as follows viz.

about 8000 Rupees in the course of the present fusly 1253 / A.D. 1843/44 and there is every probability of their being able to fulfil their engagements. In the hope that the Board will be inclined to shew some indulgence to the Petitioners, the sale of this Estate has been postponed.

When the Estate of Gopalapooram was put up to sale, Cowloory Paredaseeranje, the owner of one fifth of the Estate, proposed through his Vakeel to pay 600 Rupees, being the full amount of the balance due on his portion of the Estate for fusly 1252 / A.D. 1842/43. The other four Proprietors also proposed to pay the amount of their balances in full provided the Estate were subdivided and their several portions delivered to themselves. This offer was of course rejected. One Nundoory Moorteranje then came forward on behalf of Chelecany Venkataroo, and Damara Seetaramiah to bid Rupees 10,400. But as the value of the Estate is much greater than

than that sum, and as Paredaseeranje announced by an arzee from Madras that he was coming up to settle the balance, which circumstance he also communicated to the Board in a Petition dated 1st August 1844, it appeared advisable to postpone the sale until his arrival.

Board's No. 906 of 1844.

18- The sale of the Estates of Moongondah and Yanogapilly has been postponed inconsequence of a Recept from the Subordinate Court at Rajahmundry, founded on a Petition from Row Ramarow Proprietor of Veeravillapollem, praying that orders might be issued to put him in possession of 8 Villages which had been mortgaged to him by the Proprietor Coty Buttaberamarow with reference to a Panjeenamah filed in the late Zillah Court. It appears that the Board sanctioned a Subdivision of these Estates under date 14 December 1840, but as it was discovered that Ramarow had made a fraudulent attempt to possess

the Villages he claimed more lightly than the rest, and that the accounts of some Villages had been destroyed in the great storm in 1839, the Sub-division was found to be impracticables, and Ramarow himself in June a Petition praying that the Estates might be sold and the surplus, if any remained after paying the Circar demand, might be assigned to him and the other Creditor. This circumstance was communicated to the late Zillah Court by letter under date 28th June 1842. not (as should have been the case) by a supplemental return to their Precept directing the subdivision. The Court proceeded no further in the matter and Ramarow and the other Creditor remained quiescent for nearly two years, but on the 10th ultimo I received a Precept directing that the sale appointed to take place on the 12th should be stayed and a supplemental return made to the former Precept. As it was necessary to refer to the records at

at Cocanada before returning the Precept, there was no course left for me but to comply with the order to stay the sale, but in making my return I protested against Ramarow's interference as vexatious and fraudulent. The Court concur in my opinion & regarding his conduct and have withdrawn the injunction to stay the sale and declared Ramarow responsible for the loss incurrable by the delay that has occurred. I have therefore to request permission to sell the Estates on such date as the Board may be pleased to name, for the balances inserted in the accompanying Statement No 1 with reference to the conditions of the former Advertisement—

No 7. Copies of the Subordinate Courts Precept and my return thereto are enclosed for the information of the Board, together with their last Proceedings 19. In conclusion, I have to request that the Board will favor me with their orders regarding the Estates the sale of which has been postponed and that the sanction of Government may be procured for debiting in the Public accounts the value of the 10 Estates bought in on account of Government amounting to Rupees 27,587. 2-5 and for giving a corresponding credit under the arrears of those Estates—

Rajahmundry District Collectorate 6th September 1844. E. E. H.s / Signed / T. Prendergast Collector

H.O.R.

12657 Fort St. George 26th September 1844.

No. 2.

To The Board of Revenue.

An Arzee from Rajah Row Ramrow Joint Zemindar of Vellumpollem Mootah in the District of Rajahmundry.-

The Collector having issued to me an Enoitramah on the 10th Ultimo, that the said Estate will be put up to sale unless the arrears of Fusly 1251 and the interest due upon the past Kist of the Fusles 1250, 1251, 1252 and 1253. be paid by the 12th Instant. I beg leave to observe that inconsequence of the floods of the Godavery in Fusly 1253 I sustained a great loss yet I discharged the arrears of Fusly 1251 in ready Cash. During the sale of the Estates the Head Assistant Collector required me to pay also the balance of interest amounting to Rupees 1,076. 12 — 9. but upon representing to him my distressed circumstances with a request that it should be held under Surruff. that I would address an Arzee to your Board to be forwarded with the recommendation of the Collector and that I would give

gave security to pay the amount should your Board direct me to do so on the perusal of my Arzee, he accordingly granted my request and I have tendered the required security of Stree Rajah Row Boochy Summiah.-

As Mr. Smith the late Collector well knew of the loss we sustained, he did not demand from us, but held under hurruff, the interest due for Faslies 1250, 1252, and 1253. The original Peishcush thereof was fully discharged by us without leaving any balance. I trust Your Board will perceive by the above, that the said Collector held the Amount of interest under hurruff owing entirely to our distressed circumstances.-

With regard to the interest formerly due from Bhemole and Pancoonnu-dum Estates, your Board kindly ordered it to be remitted inconsequence of the Proprietors having represented their distressed circumstances through the Names of the then Collector.—

I now therefore humbly beg

beg your Board will be pleased to take all the foregoing circumstances into kind consideration and issue an order that I may not be called on for the payment of the said interest of Rupees 1,076—12—9.—

Dated the 14th August 1844.— /Signed/ Raw Ramarow.

Extract from the Proceedings of the Sub Court at Rajahmundry Dated 9th Augt. 1844.

Petition No. 805 of 1844.

Raw Ramarow Plaintiff

in No. 37. of 1835 late

Provincial Courts'

file,

Petitioner.

by Vakeel surpelly Suttenah

Plaintiff in the above suit stating that the Mootah of Moongondah belonging to the Defendant in the above suit is about to be sold by public auction by the Collector and the Mootah being of great value will not fetch the amount required to meet his demand and arrears of revenue due to Government if put up at one lot and praying that the Collector may be directed to receive from him / the Petitioner / the arrears due on the 8 Villages mortgaged to him and deliver them over to him in satisfaction of the Razeenamah filed in the Suit and in the event of the Defendant objecting to this adjustment he begs that the Villages may be sold separately and the amount realized thereon after deducting the Arears due

due be remitted to this Court to be paid to Petitioner.-

Read also Return from the Collector of Rajahmundry dated 1st. November 1844. to the late Zillah Courts' Precept dated 2d October 1844. stating that the Sub Division accounts of the said Mootah are under preparation and when completed will be submitted to the Board of Revenue and as soon as their sanction is received the orders of the Court will be attended to.-

It does not appear that any supplemental Return has been made to this Precept.

The Court therefore resolve to forward copy of the above Petition to the Collector of Rajahmundry, who is required to state what may have been done in the matter subsequent to the date of his Return 1st. November 1844. to the Precept of the late Zillah Court dated 2d October 1844. and to inform the Court if any objection exists to the proposal now made by the Petitioner in No. 805 of 1844, in the mean time staying the sale of the Mootah.-

Ordered.

Fort St. George 26th September 1844

Ordered that Extract of these Proceedings be sent to the Collector of Rajahmundry by precept returnable within one week from and after its receipt.

/True Extract/
/Signed/ F. Hopleston
Acting Sub Judge

In compliance with the foregoing Precept and the Extract from the Proceedings of the Subordinate Court at Rajahmundry dated the 9th Instant requiring to be informed 1st what has been done in the matter of the Petition of Row Ramrow Plaintiff in No. 37 of 1835 late Provincial Courts file subsequently to the Return made on the 1st November 1841 to the Precept of the late Zillah Court dated 2d October 1841 and 2d whether any objection exists to the proposal now made by the Petitioner in M. P. No. 805 of 1844, for the subdivision of the Moongonda Estate, also directing the sale of that Estate /advertised to take place on the 12th of august 1844/ to be postponed the Collector of Rajahmundry has the honor to state that subsequently to his Predecessors Return of the 1st November 1841 the Petitioner Row Ramarow presented an arzee to the Collector in

Fort St. George 26th September 1844

in Company with one Rajah Sobanadry apparow who also had claims on the Moongondah Estate, declaring his readiness to dispense with the contemplated Sub division thereof and praying that it might be sold by auction and that they might receive the surplus if any remained after paying the Circar Demand. Copies of these Petitions were forwarded to the Court with a letter dated 28th June 1842, They were considered a final Settlement of the two Petitioners claims by the Collector, and this impression was confirmed by the Silence of the Court and by the Petitioners having ceased to move in the matter. To the proposition now made by Petitioner the Collector has to object 1st that the Petitioner claims what he has already formally resigned, Viz. the right of demanding a Sub division 2d that a sub division cannot be effected so long as there is any balance outstanding against the Estate, and third that some of the Village accounts were destroyed in a storm in 1839 and therefore a true Sub division is now impracticable

2. The sale of the Estate has been

Fort St. George 26th September 1844

been postponed according to the Precept of the Court founded upon the applicants representations, but the Collector begs to point out that the sole object of the Petitioner was to gain by stratagem a few days delay and to thwart the proceedings of the Collector while acting strictly in pursuance of the orders of the Revenue Board. If Petitioner had bona fide entertained any intentions of clearing off the balance due on the Defendants Estate, he would have announced his intentions during the course of the last two years to the Collector Petitioner is an intelligent well informed person and being a Zemindar himself he knows the provisions of the Regulations regarding the subdividing of Estates. He was aware that if the Collector had had time to answer the Precept of the Court he would have pointed out the weakness of Petitioner's cause and remonstrated against the orders directing him to stay the sale and therefore (he Petitioner) deferred presenting his motion till within 2 days of the appointed date. Petitioner has not yet taken any steps in communication with

Fort St. George 26th September 1844

with the Collector for discharging the circar balance due from the Estate, which he well knows to be the only course by which he can attain his object of getting possession of the Villages alleged to be mortgaged to him. It is thus manifest that Petitioner has no intention of redeeming the Estate and that he has manoeuvered to procure the issue of a Precept for staying the sale of the Mootah solely for the purpose of gaining a little time without the prospect of any ulterior advantage to himself. He has not only not explained away his inconsistency in demanding a subdivision of the Estate after having presented a Petition dispensing with it in express terms, but he has altogether omitted to allude to that Petition in his present application to the Court. The consequence has been that the sale of the Estate, which the Board ordered the Collector to carry into effect on the 12th Instant, has been unnecessarily postponed. The Precept having reached the Collector on the Evening of Saturday the 10th Instant, at Samulcottah, there was not time enough for

12678 Fort St. George 26th September 1844

for him to refer to his records at Cocanada to procure the information requisite to enable him to make this Return before the 12th Instant. He was therefore under the necessity of staying the sale in compliance with the injunction of the Court - but being of opinion that Petitioner has set up a vexatious and groundless opposition to proceedings which were altogether unobjectionable, he begs to suggest that Petitioner be called upon to state what benefit he expects to derive from the postponement of the sale and what steps he is going to take in pursuance of his object -

3

The Collector also requests that unless the Court think proper to adopt a different course of proceeding the injunction for staying the sale may be speedily removed in order that he may apply to the Board of Revenue for permission to sell the Estate as soon as possible.

4

The Collector regrets that some delay in making this Return has been

12679 Fort St. George 26th September 1844

been occasioned by his severe illness -

Given under my hand and the seal of the Collectorate at Rajahmundry this 31st Day of August A.D. 1844.

Extract from the Proceedings of the Subordinate Court of Rajahmundry -
Dated 3rd September 1844 -

Read Return from the Collector of Rajahmundry dated 31st August 1844 to the Court's Precept of the 9th of the same month.

The Acting Subordinate Judge regrets that the Court should have been in ignorance of the receipt of the information by the late Zillah Court to which the Collector points attention and which satisfactorily shews that the Petitioner in No. 805 of 1844 could have no proper ground for the request he has there made and further that the Petitioner's conduct in this particular is open to severe censure - the points necessary for conviction under Section II Regulation I of 1832.

Extract from the Proceedings of the Subordinate Court of Rajahmundry -
Dated 3d September 1844 -

Read Return from the Collector of Rajahmundry dated 31st August 1844 to the Courts Precept of the 9th of the same Month.

The Acting Subordinate Judge regrets that the Court should have been in ignorance of the receipt of the information by the late Zillah Court to which the Collector points attention and which satisfactorily shews that the Petitioner in No. 805 of 1844 could have no proper ground for the request he has there made and further that the Petitioner's conduct in this particular is open to severe censure - The points necessary for conviction under Section II Regulation I of 1832.

1832 appear in the proceedings, the fraudulent intention excepted.

2. The Pleader Suttanahs conduct however is without excuse in c studiously withholding from this Court, what had taken place in the late Zillah Court He is unable to explain why he has delayed this application to within 4 days of the c time appointed for the sale of the Estate, or why he kept this Court in ignorance of the late Zillah Court's proceedings.

The Pleader now informs the Court as he did in person on presenting the Petition that his only object in the applica= tion was to obtain a Sub Division as if the Estate was all sold together, he /Petitioner/ could not get his money.

Having however previously resigned the right of demanding a Sub= division /which Sub Division moreover in the present state of the Mootah appears impracticable/ and having expressed his inability to redeem the whole Estate of course no impediment can now be made to its sale by the Collector.

The

The Pleader for his most improper conduct in this matter is fined 10 Rupees, and strictly warned as to his future conduct c any expense incurred by staying the sale, must be borne by Petitioner.

Ordered that an Extract from these Proceedings be sent to the Collector of Rajahmundry for his information.

(14) Sir,

From the Collector of Rajahmundry d.

Reporting the result of enquiry regarding the conduct of Nyshadhu Polliah Ameen of Palloogoobundah and of having removed him to an inferior Amenship as his sus= pension appears to be

With reference to my letter of the 13th June, reporting the sus pension of Nyshadhu Pollah Ameen of Palloogoobundah, I have now the honor to state that after more full enquiry into the charges against him I find that there is not sufficient evidence for his conviction. It is proved by his own admissions that he has been guilty of some irregularities but he denies the bribery and corruption imputed to him. A charge

be a sufficient punishment for the present occasion—

charge of receiving Rupees 16 from the Ryots of Poulacherlah he meets by acknowledging that he deducted that sum from a remittance made by them for their kists and gave them a receipt for the reduced amount crediting the Rupees 16 to the head of Tuccavy—The Ryots declared they had not received that amount of Tuccavy but two of them acknowledged two Rupees each—On being questioned regarding this matter, the Auneen declares he paid the Rupees 16. to the Village Moonsiff and refers to the records for the receipt given by the Ryots, but it is probable that the truth lies between their statements on the one hand, and the Auneen's on the other. The prevalence of the practice of making a deduction of 2 or 4 Annas from every Rupee of tuccavy by the Auneens and the other Circar Servants has been certified to me by the Ryots in several Talooks—The Auneen to whom this letter relates admits that he paid out the Tuccavy himself while none of the public servants were present and as he also admits that he misapplied one item of

of Rupees 16. wilfully and deliberately, I cannot but suspect him of an attempt at Embezzlement—In the deposition taken from him on this occasion he has asserted a glaring falsehood which is inexcusable on his part considering that in the month of February 1844, I had occasion to send him a severe reprimand for a similar offence and to inflict a fine of Rupees 10 upon him—His suspension however appears to be a sufficient punishment for the present occasion and I have therefore removed him to an inferior Auneenship and trust that this proceeding will meet with the approbation of the Board.

From the Collector of Rajahmundry
Reporting the result of enquiry regarding the dismissal of Yasanta row Venkajee late

Para 1 Board's Proceedings of 11th April last wherein they declare that they will suspend their judgment regarding the Dismissal of Yasantarow Venkajee Auneen of Cadeyem pending the enquiry into

With reference to the

Late Ameen of Kadayem in reply to the Board's Proceedings of 11th April last.

unto the conduct of his brother Yasantarow amajee whom he had been employing instead of an incompetent Samuttar in collecting the Circar kists, I have the honor to report that nothing conclusive in the way of fraud has been proved against either the ameen or his brother - It seems that when travelling from Village to Village the ameen occasionally borrowed money from the Curnums &c. who paid it out of the Village collections but they acknowledge that this was not done by his orders, and it is not proved by the jummabundy accounts in which it ought to appear some accounts however, which have been drawn up since the order was issued to Yasantarow Vincajees successor, shew that money was paid to him from the Collections but there is good reason to question their accuracy - It is not improbable that they were framed for the purpose of securing the new Ameen in his seat - The same remarks apply exactly to the Ameens brothers proceedings.

2. The honesty of the ameen has not hitherto been brought in question - He has served the Company only 12 Months and is now 50 years of age - From his having

having received no training as a Goomastah or Peishcar it is not surprising that he is found deficient in the qualifications requisite for an Ameen - Amongst these must be included a certain degree of vigilance and activity, which are essential to secure the interests of Government and to prevent the depredations which have long been carried on in this Zillah by the inferiar servants in the Talooks - Yasantarow Venkajee from his age education and disposition is not fit for his Office - He has not made himself acquainted even with his duty but has confided every thing to his Peishcar and his brother -

3. His omission to report the utter incompetency of the Samuttar was a grave offence but he dared not to adopt so bold a measure - In conclusion I beg to observe that the situation he held is now abolished for under the orders of the Board the Estate of Kadeyam has recently been delivered over to its owner, the Pittapoor Zemindar, and the Covvoor Mootah, which formed the other portion of the Ameens charge, has been included in the Rajahmundry Division -

(22) The cultivation of Sugar Cane in the Nellore District being almost unknown, and the inhabitants consequently dependant for Jaggery and Sugar on other Districts, I have applied to the Secretary to the Agri Horticultural Society for a supply of Sugar Canes, in the hope that some of the Ryots may be induced to undertake the cultivation, and others follow their example, should the return prove favorable, of which from the nature of the soil I think there can be little doubt— in my own Ground the produce afterwards I propose planting a portion of the Canes to be distributed for seed, and I request you will

With

rate of one Anna each per diem & requesting instruction whether the same Rule holds good in regard to Peons proceeding on Revenue Duties.—

Fort St.a George 26th.a September 1844.

2. With reference to the Rule in question I imagine it is intended to apply to all Peons proceeding on Police duties beyond the limits. But I should be glad to be informed (to prevent over charge) whether the Rule holds good in all cases in which Peons are deputed on Civil duties beyond such limits.—

3. For instance, Peons escorting Treasure &.ca to the Presidency and other places have heretofore been paid at one fanam or one Anna and three Pice each per diem. This has always been approved by the Office of Audit. Peons are also dispatched beyond my limits on other Revenue duties and it is a matter of importance that the doubt should be removed. Peons escorting Treasure have hitherto been allowed Batta from the day they leave the Treasury but it appears more in accordance with the Rules under reference that the Batta should commence from the date of leaving and cease on returning to the Frontier. This deviation appears to have been made from an Established Maumool in the District that the Party shall proceed within so many days to the destination and return within so many days which they are not to exceed unless

Sir,

1. I am directed by the Judges of the Foujdaree Udalut to acknowledge the receipt of the order of Government dated the 16th.a July 1839, No.a 577, communicating a letter from the Acting Magistrate of Combatore, and observing that it is the province of the Foujdaree Udalut to suggest to Government, if need be, one General Rule to be observed in the Provinces under this Presidency in the payment of Batta to Peons escorting Prisoners and Witnesses beyond the limits of the Districts to which they may be permanently attached.—

2. The Judges of the Foujdaree Udalut direct me to submit their opinion that it should be a General Rule that Peons escorting

escorting Prisoners and Witnesses beyond the limits of the District to which they are attached shall receive batta at the rate of one Anna each per diem from and after the day on which they may quit the limits of their own District until that of their return within those limits.—

From the Collector of Chingleput

I have the honor to acknowledge the receipt of your letter of the 14th transmitting for my report four Petitions from certain Salt Merchants, and to state for the information of the Board that every one of these Petitioners purchased the Salt on the 14th August whilst in order to reduce the prices of that article did not reach the Cotaurs until the 15th. There appears to have been no fraud in the transaction, nor can I recommend any repayment to the Petitioners unless the Board are disposed to remit the difference of price on the whole of the Salt sold from the date of the orders* of Government authorizing the reduction of the price.

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of Mr. Babington's letter dated 16th August with a Statement of claimants to lapsed shares of Moliliquan Sehat Enams. The Board request that you will be good enough to add a column to the Statement shewing the ages of the several claimants and also to furnish some information regarding their circumstances giving your opinion on the merits of each case and explaining whether the claimants are wholly dependent on the Enams or are understood to possess other means of subsistence.

2. Referring to the Board's instructions of the dates noted in the Margin that their orders of the 17th October 1839 "did not contemplate retrospective application to present holders" whose "allowances should "consequently be continued as heretofore." The Board observe that several of the lapses appear to have occurred before the issue of these orders and in that case supposing the claimants to have been at that time already in the enjoyment of the lapsed shares, the orders will not be applicable to them.

Sir,

1. I have the honor to submit for the information of the Board of Revenue

× Copy of my Letter to Lieutenant Gabb on the subject of the Abkary Limits of Vellore.

2. It appears to me for the reasons stated in the above letter that a Central point in the "General Bazar" must be taken from which the Abkary Limits shall be measured. For the future such Shops belonging to the Civil Renter, as may be Contiguous to the limits as thus defined be transferred to the Military Renter if such an arrangement is desired by the Officer Commanding Vellore, or a space may be left not exceeding one Mile between the Civil and Military Limits, on which the Civil Renter shall not be allowed to Establish any Shops.

The

Fort St. George 26th September 1844

The same restriction will of course apply to the Military Renter. Thus a large space will be kept open and the object for which a separation of limits was ordered will be fully attained.

3. It is urged by Captain Nicholls that the Villages in dispute have been under the Military Renter for the last 20 years. Private arrangements have been made by the two Renters during this period; what these were is not known. No information on this point is forthcoming calculated to lead to an adjustment of the point at issue. The question can be determined only by actual measurement from a given point.

Sir,

I have the honor to acknowledge

Fort St. George 26th September 1844

acknowledge the receipt of your letter dated 31st Ultimo, also a Skeleton plan of Vellore and the surrounding Country, in which the Abkary Limits, which it is proposed to submit to Government for confirmation, are shewn.

2. It is observed that the imaginary line indicating the proposed limits is drawn from the limits of the Cantonment" on each side and not from the "General Bazaar" as required in Extract from the Minutes of Consultation dated 14th June 1822. It is important that a Correct construction should be given to the Minutes of Consultation quoted. In Paras 6 and 7 the Abkarry Limits are specifically mentioned to be the "Military Bazaar" and "four Miles around it". It is not stated "Military Bazaar Station" nor is mention made of "Military Limits" or "Limits of a Cantonment". The Police authority of the Commissariat Officer

Fort St. George 26th September 1844

Officer extends to the "Military Limits" but these had to be defined by Government and were so defined in the case of the Garrison of Vellore, a more extended Jurisdiction is given in the Manufacture and sale of spirits, Viz. 4 Miles around the Military Bazaar. The "Military Limits" or "Limits of a Cantonment" may vary from time to time, and if the demarcation of the Abkarry limits is to follow the "Military limits" the Farms of the respective Contractors of spirits would vary accordingly.

3. It is the more incumbent that a correct construction of the Minutes of Consultation should be maintained on the present occasion to meet the construction entertained by the Courts in the event of Claims being preferred before those Tribunals. It may be assumed that by the expression "Military

Fort St. George 26th September 1844

"Military Bazaar" the limits of the station were also included but I do hardly think this construction will be admitted by the Courts under the specific wording of Paras 6 and 7.

4. In the year 1829 a Map on a large scale was prepared by the Quarter Master General of the Army shewing the Military Limits of the Garrison of Vellore as sanctioned by Government. In this the "General Bazaar" is laid down. I have the honor to forward the Map for your inspection and beg that it may be returned.

× By Bangly.

5. Taking the "General Bazaar" as the point from which the Abkarry limits are to be measured and referring to the imaginary line shewn in the Map forwarded with your Letter dated 31st Ultimo the following results are obtained.

× Also one Pencil sketch by Lieutenant Gabb Skelton map shewing those limits.

The

1. The Shops placed by the Military Contractor at Permeel, Semaul=
=pooram, Anengoody and Cheyoor must be withdrawn as being outside the limits= indicated by the imaginary Line shewn in your Map—

2. The Shops placed by the= Military Renter at Adakampara, Cota=
=pollium, Terootoomuntapum Tope and Permaram are outside the Abkary limits, taking the "Military Bazaar" as the= Centre whence the measurement is to= take place and should also be withdrawn=

3. Assuming the "General= Bazaar" as the Centre the following= Villages, in which Shops have been placed by the Military Renter, are cut by the Chord of 4 Miles— Viz.—

Chumba Permoor
Almalemungapooram
Tootipet—
Pyanwaree Chembadoo.
Tremany.
Saffrapet—

It will be necessary that the actual distance in

* The measure=ment should Commence from a Central point in the "General Bazaar" to be fixed by the Officer= Commanding Vellore—

in regard to these Villages should be ascertained by measurement* If the Villages are situated= outside the 4 Miles the Military Renter cannot lay Claim to the Shops he has placed in them, but if General Gibson is of opinion that it is desirable that these Villages, from their Contiguity to the line of 4 Miles should be under the Military Renter, there is not any objection to an arrangement being made to this effect, it must however be borne in mind that a Separate Rent as at present is more or less inconvenient and that the Military Abkarry Limits should be kept within as narrow a space as practicable. The object of having the Military Abkary Limits Separate would be equally attained by allowing the Renter of the whole District to take the Military Limits also, it being provided that the Renter shall be under the Control of the Commissariat Officer in respect to the spirits= sold at the "General Bazaar" and within 4 Miles around— This arrangement would obviate the inconvenience and loss experienced by the Renter of the whole Abkary, and remove all ground for Conflicting Claims—

Register to the Sowdawy Adalut.

Sir!

I do myself the honor to enclose for the information of the Judges an Extract from a letter from Mr. Hamilton reporting on his proceedings relative to the conduct of Venkatasi= -ah late acting Head of Police of Raizepoor Talook, and the records of the several cases shall be forwarded hereafter if required.—

In consequence of various reports which reached me of acts of injustice and irregularities com= =mitted by the Tahsildar, I deputed my Head Assistant to proceed to Rai= =zepoor to enquire into them, and the accompanying papers details the particulars of many serious charges against him in his capacity of Head of Police, on others which relate more exclusively to his misconduct in his Revenue capacity, I have reported to the Board.—

On his first commencing the

12720 Fort St. George 26th September 1846.

the enquiry, Mr. Hamilton wrote to me that the Tahsildar was using every en= =deavour to quash the evidence by bullying and threatening the people. I therefore ordered his suspension from his situation and also, on a deposition taken on oath that he was in the habit of keeping all sorts of public complaints and documents in his own house without enquiry or report till it suited his own purpose, I also gave my sanction to searching his house, when many public papers were discovered, as described.—

The Court will observe, that many of the cases proved against the Tahsildar are of a very serious na= =ture; keeping people in confinement for many days without cause or enquiry, altering dates to suit his purposes; and refusing in several cases brought before him to take any notice what= =ever of many complaints, because he did not believe them to be true. Besides the cases mentioned by Mr. Hamilton, there are daily others equally criminatory

criminatory reported against him by the proceedings of the present Acting Head of Police of that Talook, on complaints which were discovered on searching his house; but it is almost unnecessary to enumerate them, as I consider those already proved against him sufficient to debar him from any future employment, and I fully concur in the opinion expressed by Mr. Hamilton in the latter part of his report, and think as a public example, he ought to be declared incompetent to hold any situation under Government hereafter.-

Extract from the Proceedings of the Fouzdary Adalut under date the 17th January 1814.-

Read letter dated the 26th Ultimo from the Acting Magistrate of Salem bringing to notice the misconduct of the Acting Head of Police of Raizepoor.-

1- In the preceding communication the Acting Magistrate alludes to

Fort St. George 26th September 1814

to the numerous charges brought against the Tahsildar of delay in the transaction of business, of endeavours to suppress evidence, of withholding public documents until it suited his purpose to produce them, of confining people without cause, of altering dates and refusing to listen to complaints because he discredited them. These and other charges the Acting Magistrate, as well as his Head Assistant considers sufficiently proved to call for the exemplary punishment of dismissal from Office, and a declaration of incompetent to hold hence forward any situation under Government.-

2- Without entering into an investigation of the charges preferred against the Head of Police of Raizepoor, the Court of Fouzdary Adalut would merely observe that they have not authority to order the dismissal of a Tahsildar except in cases coming before them under the provisions of Section XXXIX act VII of 1813 and that before they could pass a condemnatory sentence they would require-

to the numerous charges brought against the Tahsildar of delay in the transaction of business, of endeavours to suppress evidence, of withholding public documents until it suited his purpose to produce them, of confining people without cause, of altering dates and refusing to listen to complaints because he discredited them. These and other charges the Acting Magistrate, as well as his Head Assistant considers sufficiently proved to call for the exemplary punishment of dismissal from Office, and a declaration of incompetent to hold hence forwards any situation under Government.-

2.- Without entering into an investigation of the charges preferred against the Head of Police of Raizepoor, the Court of Fouzdary Adalut would merely observe that they have not authority to order the dismissal of a Tahsildar except in cases coming before them under the provisions of Section XXXIX act VII of 1813 and that before they could pass a condemnatory sentence they would require-

Fort St. George 26th September 1844.

by the Court of Fouzdary Adalut in their proceedings dated 17th Ultimo, that "before they could pass a condemnatory Sentence they would require to be provided with the defence of the accused" the Acting Magistrate has stated in the above communication that a deposition was taken in defence in each charge preferred against the Tahsildar of Ruzepoor, but if they be not what the Court require, he will obtain the necessary defence on the said Depositions being returned to him.

2. It is observed, that the result of the measures hitherto adopted by the Magistracy of Salem against the Tahsildar of Ruzepoor has been the suspension of that Officer. Under the circumstances of the case as they appear from the records now before the Fouzdary Adalut, the Judges consider the Acting Magistrate should act on his own responsibility in any further proceedings he may consider necessary.

Ordered that Extract from these proceedings be forwarded to the Acting Magistrate of Salem for his information.

Para 1. I have the honor to submit Copies of correspondence between myself and the Pnl Collr of Salem, relative to a requisition made by me for the eventual return of all the Salt Rowannahs issued from the Pans under my charge, in consequence of the abolition of the Land Custom Choukies in the interior.

2. In referring the question for the final orders of the Board, as suggested by Mr. Gleig, I beg leave to observe, that Considering the responsibility devolving on Collectors in charge of the Salt Pans on the Coast, as well as the room for fraud in this Department, where every check is required, I deem the delivery of these documents absolutely necessary to prevent as much as possible the Smuggling of Salt.

3. The Collectors of Chingleput, Trichinopoly and Coimbatore, having concurred in the expediency of the measure, the grounds for Mr. Gleig's objection do not appear to me sufficiently valid for exonerating him from affording the required assistance.

Sir

The Land custom chowkees in the interior having been abolished, it is necessary that some measures should be adopted to have the salt Rowanahs issued from this District returned to my office, with a view to check the accounts of sales furnished by the salt Servants. I shall therefore feel much obliged by your issuing such orders as you may consider proper to the Tahsildars, and Tanadars in your District, for receiving the salt Rowanahs brought by importers of salt and sending them regularly to your Office, for the purpose of being returned to me in the same manner as they were hitherto sent with the Sayer Rowanahs.-

Furnishing explanation regarding a further quantity of Salt manufactured in his District and the charges of Rs. 50 on account of Gunny Bags referred to in the Board's letter of the 5th Sept. last.-

Sir,

Para 1. With reference to your letter, I have the honor to state for the information of the Board, that in addition to the quantity of Salt therein mentioned, as remaining in store in the several Pans in this District exclusive of that of Cuddalore, a further

further quantity has since been manufactured, of which 1001 G 226 m have been measured and stored, and the remaining 463 G 330 m will also very shortly be brought to account.-

2nd. Much pains were taken for the early manufacture of the Salt, but owing to the unseasonable and Constant fall of rain in the Pans during May last, I entertained considerable doubt that the requisite quantity would be made.- I am now glad to state that there has been made upwards of 1900 Garces which is more than I accepted, tho' 756 G 220 m below the Dittum.-

3. With respect to the observations regarding the sum of Rupees 50, the Value of Gunnies, I beg to state that two hundred were purchased in March 1841 by the late Principal Collector to export the Salt then ordered for Calcutta, and the sum was entered in the Accounts under the head of "Advances" which remaining unadjusted, I caused it to be adjusted under its proper head in the accounts of the ensuing fusly, they being actually required

I have the honor to acknowledge the receipt of your letter of the 2nd Instant and to state that the "difficulty of closing my account with the Tobacco renter to the end of March," arose from the following circumstances-

2. Although Act VI of 1844 abolished the levy of the Town and Transit duties from the 1st April last, the Board's letter dated 28th March, announcing

12740 Fort St George 26th September 1844-

announcing the enactment and directing to discontinue, from that date, the several Sayer Establishments in this District, was not received until the 3d of April; and this again had reference, as it then seemed, only to the Sayer Collections which were under "Aumanee" Management, and not the Tobacco and Betel which were separate and under annual rents; as articles of luxury they were therefore allowed to remain undisturbed until I was specially instructed by the Board regarding their disposal- The Board's letter requesting I will "take immediate steps for closing the Accounts of the Betel and Tobacco rents for the unexpired period of the Contracts under which the Farms are held," was dated the 11th April and was received by me on the 18th of that Month- the order was accordingly carried out by closing the accounts with all the Renters of these farms to the 11th April 1844 - the earliest practicable retrospective period which seemed available for this purpose- The Sayer revenue was collected fusly wear, and the fusly year Commencing

Sir,

From J. A. Hudleston Esqre Collector of Madras.

Reporting on certain Petitions relative to a piece of Ground at Meersaibpettah which is held under exemption Certificates.

Para 1. I have the honor to acknowledge the receipt of your letters of the 5th February 11th March and 1st August last, transmitting in the two first Petitions Nos. 51 and 267 of 1844 relative to certain Ground at Meersaibpettah held under Exemption Certificates Nos. 5825, 5826, and 5827 in the joint names of Toura Begum and Mustra Begum and Syeda Begum and to report that these Certificates were issued on the 23d September 1822, the total extent of Ground included in them being Cs. 2.10.22 76/8. Of this G.l. 23 72/4 were sold to one Meer Abdul Ally, and the Bill of Sale to him was registered in this Office on the 20th August 1824 as No. 7075, which provides for the payment of the usual Quit Rent.

2. According to the conditions of the Certificates, the Grantees were entitled to

12748

Fort St. George 26th September 1844

to have the benefit of the exemption on the ground therein referred to "as long as the produce thereof (was) appropriated for the use" of a "Charity Mosque" and a "Charity Choultry," but the Mosque and Choultry are no longer in existence. There is now on the Spot a burial place which is enclosed with a walls the space occupied by it being about 1 Ground. There are, besides, two Streets in which the number of Houses already built is 44. It appears that 34 of them pay Ground rent, amounting to about 25 Rupees per Mensem, to the holders of the Certificates, that 5 pay a similar rent to the Petitioner Arnoogum Naik, which is applied to the support of a School and that the remaining 5 do not, at present, make any payment whatever.

+ Vide Petition No. 2627.

3 A few years ago when an enquiry was made, there were only 30 Houses, the occupants of which paid on each from 4 to 8 fanams per Mensem to the holders of the Certificates.

4 The Grantees assert that.

from

from the difficulty of collecting Ground rent regularly from their tenants, they are unable to perform the Annual ceremonies in pursuance of the former practice, and that it is not in their power to reconstruct the Mosque &c.

5. As it is thus shewn that the collections made on the Ground are not now appropriated to the purpose for which it was exempted, it rests with the Board to decide whether under the circumstances of the case, the entire spot, with the exemption of the burial place, should not hereafter be charged with the ordinary rate of 2 Rupees Rent, which is already specified in the Certificates.

6. The Board will observe, from the foregoing explanation, that the Petitioners are merely the tenants of Zourah Begum &c. It therefore appears to me that the claim preferred by them to be furnished with a fresh rent-free Certificate, in order that the income derivable from the Ground might be appropriated for the support of a School established by them or under their

their management, is inadmissable.

I Petitions Nos. 51 and 267 of 1844 are returned herewith.

Madras, 9th September 1844. (Signed) J. A. Hudleston, Collector.

Ordered that the following letter be sent in reply.

Sir,

1. I have the honor to submit Copy of a letter to my address, No. 168, dated 25th. May last, from the Chief Engineer at Madras, and of my reply thereto, No. 80 of this date...

2. It will be an economical and otherwise very desirable measure, to place the Instruments hitherto in use with the Nellore, and Salem Surveys, at the disposal of Lieutenant Ouchterlony, and I therefore very respectfully recommend that the application be sanctioned by the Supreme Government - The instruments belong to the Madras Presidency with the exception of a 7 inch Theodolite by Troughton and Simms, furnished in March 1838 to the Salem Survey, from my Office for the sake of convenience of Accounts, I am disposed to suggest that the value of this Instrument be debited to the Madras Presidency, and struck off

off from my personal debit on the Bengal Accountant General's Books. For the reasons stated in my reply to the Chief Engineer I am of opinion that a mountainous region like the Neilgherries cannot be satisfactorily surveyed without a fundamental net work of triangles, and to accomplish this object well, Lieutenant Ouchterlony will require a 12 Inch Theodolite, which with the sanction of the Honorable the Governor General can be furnished from this Office, and debited to the Madras Presidency.—

3. With reference to the 3d. para of the Chief Engineer's letter, I beg respectfully to recommend that a communication should be made to the Madras Government on the subject of employing the Sub Assistants lately attached to the Nellore Survey, and those at present attached to the Salem Survey in preference to any other individuals. The former are immediately available and the latter will be so in a few months - Under the operation of the system sanctioned for the disposal of Sub Assistants upon the conclusion of Surveys, these servants of the state are entitled to net pay while unemployed and the re-employment of them on this occasion is therefore a measure suggested

suggested by the true principles of economy, while at the same time, it will also ensure efficiency because they are trained to the business of surveying and all bear unexceptionable characters. Independent of this consideration, it is also evident, that to allow the employment of new Candidates, would introduce additional claimants on the bounty of Government, upon the conclusion of the Madras surveys, which now approximate to completion.—

4. In the 4th. paragraph of the Chief Engineer's letter, I am requested to furnish professional instructions to Lieutenant Cuchterlony, which I shall be happy to do if the work is placed fully under my control, but as there are instances of surveys being conducted quite independently of my Department. the Scind survey for example. I have some hesitation in Acting on the Chief Engineer's suggestion, without the sanction of the Supreme Government. With adverence to this subject I beg to state that in as much as the proposed survey of the Nellgherries is intended for revenue purposes, the Superintendence of the details would very appropriately come under the control of the

Deputy

Fort St. George 26th. September 1844.

Deputy Surveyor General of India, while the instructions for conducting the triangulation and general geographical duties, would naturally emanate from my office. This arrangement will be perfectly consistent with the orders of the Honorable the Court of Directors, as set forth in their despatch No. 59 of the 26th. September 1843, the principle inculcated in which, will be completely carried into effect, and uniformity duly preserved. Moreover, as the Office of the Deputy Surveyor General is permanently fixed at the Presidency the minute Superintendence of the details of measurement for revenue purposes will thus be more completely effected, than in my office, which will shortly take the field, and be subject to frequent locomotion.

5. With reference to the concluding paragraph of the Chief Engineers letter, I beg to report that there is only one Copy in my Office, of the general Map of the Nellore Survey, which it would be imprudent to subject to the risk of transmission to Madras, but with the sanction of the Honorable the Governor General of India a Copy can be made in this Office and supplied

Lieutenant Cuchterlony will be prepared to make any observations that you may wish on the Neilgherries, and to attend to any suggestions that you may desire to give during the progress of the Survey - The Survey is intended for Revenue purposes, and is ordered by the Honorable the Court of Directors.

5. I take this opportunity of requesting Copy of the Nellore Survey as soon as it can be conveniently supplied, as it is much required by the Engineer Officers of the Civil Engineer's Department. Chief Engineer
Madras.

Sir,

I have the honor to acknowledge the
receipt of your letter No. 168 of the 25th Ultimo, with
accompaniments, acquainting me with the proposed
Survey of the Neilgherry Hills for revenue purposes
under orders from the Honorable Court of Directors.

It

Fort St. George 26th. September 1814.

2.

It appears to me that the Instru: ments lately in use with the Nellore and Salem Surveys may be employed with great advantage on the proposed Survey, and I have accordingly re: commended to the Supreme Government, that the application for the transfer of these instruments should be complied with. The Instruments for: merly in use with the Nellore Survey, were delivered over by Mr. Sub Assistant C. Barnett, to the Principal Collector of Nellore, copy of whose receipt is enclosed for your information. The Instruments appertaining to the Salem Survey are at present under charge of Mr. Sub Assistant Mc. Mahon, who has been direct: ed to obey your orders on the subject. The whole of these Instruments are, I believe, on the accounts of the Madras Presidency, with the ex: ception of the 7 inch Theodolite by Troughton and Simms, which having been supplied from this Office, remains at my personal debit, and will require hereafter to be transferred to Lieutenant Cuchterlony's Account. It will be proper that all these Instruments should be duly examined and

Fort St. George 26th. September 1814.

and reported on, before being employed on a new work.

3.

With reference to the 3d. para of your letter, I beg to acquaint You that the Sub Assistant Surveyors formerly attached to the Nellore Survey being at present without employment, are placed under the operation of the rule sanctioned by the Supreme Government, on the 30th. December 1814, whereby they receive the Subsistence al: lowance of their rank until adequate Em: ployment can be found for them. The Sub Assistants of the Salem Survey will come under the operation of the same rule, when the Records of that work have been finally arranged, the completion of which business may be exe: pected in a Month or two. It is very desi: rable that these meritorious and trained Servants of Government should be employed in preference to any new hands. Not being at present acquainted with the extent and organization of the establishment, to be placed under Lieutenant Cuchterlony's charge, I cannot state precisely what number of

Fort St. George 26th. September 1814

of Sub Assistants he will be able to employ beneficially, but as a general rule, it is desirable for the sake of economy, and in order that the results of the Survey, should become early available, that its progress should be accelerated by the employment of as many Assistants, as the Officer in charge can efficiently superintend, provided no new Assistants are engaged, which as the Surveys of the Madras Peninsula are now rapidly approaching to a completion, should be avoided, on Account of the difficulty which is to be apprehended of employing them hereafter.

The accompanying Rolls descriptive of the qualifications, length of Service and pay of these Sub Assistants will enable Lieutenant Ouchterlony, in the event of his not being able to employ them all, to select such of them as are best calculated to render him Assistance.

4. With regard to the 4th para of your letter in which I am requested to supply Lieutenant Ouchterlony with

Fort St. George 26th. September 1814

with professional instructions for his guidance, I beg to state that as I have not yet received orders from the Supreme Government, I am precluded from immediate compliance with your requisition. The proposed Survey being required for revenue purposes, should, in my opinion, be placed under the General Superintendence and control of the Deputy Surveyor General, to whom the Honorable Court of Directors have delegated the responsibility of this particular branch of the Department, and whose long experience and talents will be eminently useful to Lieutenant Ouchterlony on this occasion. Adverting to the peculiarly mountainous character of the tract to be Surveyed, there cannot be a doubt that unless the proposed work is based upon a system of triangulation, a satisfactory result will not be attained, and it is particularly fortunate for Lieutenant Ouchterlony that the proximity of Colonel Lambton's series of trigonometrical operations will furnish him with a base of origin, without the necessity of resorting to actual measurement, for which there are no scientific means available to him, and which, under any circumstances

circumstances, it is desirable should be avoided on account of the expense and delay which always attends the measurement of base lines, when proper standards and implements of sufficient delicacy are used. I am therefore of opinion that Lieutenant Ouchterlony ought to commence at one of the sides of the principal triangles of Colonel Lambtons triangulation in the District of Coimbatore, from which side as an origin a symmetrical system of minor triangulation (in which every angle of the triangles must be measured) should be carried up to the mountains and spread over the tract in question like a Net work - Upon the points thus furnished the interior detail survey, for revenue purposes can be adjusted in the same manner as adopted by Captain Wroughton the Deputy Surveyor General in the Revenue Survey of Sohagpur, a hilly and jangly tract, presenting features of considerable difficulty but which, in the manner here proposed, was satisfactorily surveyed in a comparatively short

period

period of time. In the belief that this system, which is the one recommended by my able predecessor Colonel Everest, will meet with the approval of the Supreme Government, I will proceed to prepare detailed instructions for Lieutenant Ouchterlony's guidance in the proposed operations.

5. I have applied to the Supreme Government for permission to supply Copy of the General Map of the Nellore Survey as requested.

Surveyor General of India.

placed at the disposal of Lieutenant Ouchterlony appointed to the Survey of the Neilgherry Hills, the 7 inch Theodolite furnished from your Office to the Salem Survey being debited to the Madras Government, and a 12 Inch Theodolite provided by you, and likewise debited to that Presidency, as suggested in the 2d para of your letter.

2. His Honor in Council also sanctions your supplying the Madras Chief Engineer, with a Copy of the general Map of the Nellore Survey.

3. The Government of Fort St. George will be addressed respecting the employment of the Sub Assistants lately attached to the Nellore Survey, and those now employed in the Salem Survey when available.

4. With reference to para 4 the Governor General in Council is of opinion, that, for the reasons stated by you, the Superintendence of the details of the Survey of the Neilgherries, which is intended for revenue purposes, may appropriately and most conveniently be placed under the

3. It is of course the immediate object of the Revenue Survey of the Hills that it should form the Basis of a new Settlement, and it should therefore comprehend all the details necessary for that purpose. This remark has reference to the first of the queries addressed to you by Capt. Moughton. The Board are not aware that there are any points adverted to in that Officer's letter on which, either from your own Knowledge or in communication with the Collectors of Coimbatore and Malabar, you will find difficulty in furnishing the desired information but should there be, they will have much pleasure in affording you any assistance which you may require.

4. I have further to apprize you that your letter of the 22d Ultimo, has been forwarded for the orders of Government.—

(2-3) Sir,

With reference to the State- ment of Salt Sold from 1st to 15th September 1846 submitted by the Head Assistant Collector under date 23d Instant, I am directed by the Board of Revenue to observe that the Salt sold at Nagapa- tam for exportation by Sea during the cor- responding period of 1843, should be in- cluded. This Salt being included in the quantity on which the rate of price is calculated, the Board request that you will be good enough to correct the Statement, so that the rate exhibited may be that at which the Salt for Home and Inland consumption was sold.-

Proceedings 18th July.
From Ganjam 22d Sept. in Cons 12th Sept.

Ganjam, on the Subject of renting a house to be occupied as a Treasury Cutcherry and Post Office at Chicacole.

2. The house in question, it appears, was formerly rented for those purposes at Rupees 50, and afterwards at Rupees 45 per Mensem until the removal of the Zillah Court from Chicacole, when the Treasury was removed to the vacant Court House, and as this building was at an inconvenient distance from the Town, the Post Office was transferred to the Writer's House. The Court has now been reestablished in the original building at Chicacole. The Collector recommends that the house formerly occupied as a Treasury Post Office and Cutcherry.

+ Note. The Coll. says 60 Rs. which seems to be a mistake.

Cutcherry may be rented as before for their accommodation - He states that it is improving and well suited for these purposes and may now be obtained at the reduced rent of 35 Rupees per Mensem - a saving will also be effected in the Contra Item allowance of 8 - 12 - per Mensem received by the Assistant Collector for furnishing accommodation for his Cutcherry while resident at that station - the Board beg leave to recommend that this arrangement may receive the sanction of Government.

the 18th October 1843 he was the original
grantee and Stands registered as No.150
in Statement No.2 of 1842 forwarded
to the Board on the 20th October 1842. His
second Son Boodun Baig claims the contin-
=uance of the yeomiah in his name.-

Submitting the authority upon which the Yeomiahs enumerated in the Statement of claims to the succession of Yeomiahs forwarded on the 27th July 1844 were granted, and recommending that they may be continued to the several claimants.

† Granted for teaching the alcoran to Boys.-

✓ Granted for performing the duties of Mowjain in the Mosque.-

3- Mahomed Cassim died on the
2d September 1843. The yeomiah was
continued to him, under the sanction of
Government dated 5th January 1835.-
His widow claims the continuance of the
Yeomiah to his Son Shaik Madar who
is about 12 years old, and engages to have
the duties attached to the yeomiah per-
=formed by a relative of the Boy till he
is able to perform them himself.-

* Granted for sweeping the Mosque at Nellore.

4- Shaik Banbeen died on the 15th
March last, this yeomiah was continued
to him under the sanction of Government
dated 6th March 1829. His Son Shaik Ghood
aged 15 years claims the continuance of the
yeomiah in his name.-

5- As the Services of these several
Yeomiahs are being performed from &
the period of the demise of the last incumbents
I beg to recommend that they may be continued
to the several claimants respectively from the
dates on which payment of the yeomiahs ceased.-

Sir,

From the Actg Pro Collr of Cuddapah — Para 1.

Submitting a statement shewing the present distribution of the Establishment of the Mysore Frontier Chowkies and the alteration which has been suggested for the future, and another for the proposed increase and decrease in the salaries of the Moostuddies, and the new creation of a Sayer Hoozoor Gomastah.

With reference to the Extract of the proceedings of the Board of Revenue dated 19th August 1844, I have the honor to submit for the consideration of the Board a Statement shewing the present distribution of the Establishment of the Mysore Frontier Chowkies, and the alteration which I would beg leave to suggest.

2. No change in the Establishment of these Chowkies had been made since the abolition of the general Inland duty, and consequently the salaries of the Moostuddies of the Chowkies which were originally fixed with reference to the amount of Town duties as well as Frontier duties have now no relative proportion to the amount of their respective Collections which it seems desirable to take into consideration.

3. On the abolition of the Inland, Transit duties the whole Hoozoor Sayer Establishment of this District consisting of a Sherestadar

goods to pass free across the Frontier, with a Certificate of the payment of duty on importation by sea, yet, as these Certificates will probably be in English, it still seems necessary to entertain a person who will be able to decipher them and possessed otherwise of superior qualifications to those of the Mootsuddies of the other Chowkies. I do not think that the services of a qualified person could be had for a less sum than Rupees 16, and I would therefore propose an addition of Rupees 10 to the amount allotted to the Goondegul Chowky in the proposed new distribution of the present Establishment. Para 1. I have the honor to request you to bring again to the notice of the Board the Estimate for Succaree for Fusly 1254- submitted on the 17th ultimo for which I trust sanction will not be refused as the amount applied for is very small and in so unfavorable season as this has been up to the present time, it would not be expedient entirely to refuse such assistance as they have been accustomed to receive to ryots in particular localities who may be slightly in difficulty-

To

C. C. Lovell Esqre

Acting Secretary to the Board of Revenue

(25)

From the Agent to the Governor of Fort St. George at Kurnool

Submitting as his opinion in reference to the Board's Proceedings of the 29th August 1844 that the Government is bound either to continue the payment of the Sum formerly fixed to the Bunganapilly Jaghiredar, or else to allow the Jaghiredar to collect the Frontier Duty on his own account.

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 29th of August 1844 desiring me to discontinue the payment of 7000 Rupees to the Jaghiredar of Bunganapilly on account of Sayer Revenue and to submit my opinion as to what portion of the Frontier duties credit should be given to the Jaghiredar in lieu thereof.

2. Before expressing an opinion on the subject I beg permission to call the notice of the Board to the circumstances under which this consolidated allowance of 7000 Rupees was granted.

† Report to the Board from the Collector of Cuddapah dated 25th April 1839.

‡ Letter to the Board dated 9th July 1833.

3. Previous to the entire Assumption of the Jaghire the Sayer Revenue was appropriated for the payment of a Police Establishment, and in conveying their sanction to this measure the Government, even at that time, when it was supposed that they possessed the right to resume the Jaghire at will

+ Vide Extract from the Minutes of Cons. dated 10th. Feby. 1843 No. 30, transmitting transcript of Extract from the Honble Courts despatch dated 12th. October 1842 No. 31.-

will, expressed their readiness to take into consideration any claims to compensation on that head. Since then the Court Directors have relinquished + all claims to the Revenue of the Jaghire in any shape and it is now merely under the management of the Officers of Government for the purpose of seeing that the conditions made with the Jaghiredar's creditors are strictly fulfilled, to be restored to the unfettered (except in cases involving a question of life or death) administration of the Nawab when those conditions are satisfied.-

4. Had it not been for these debts the position of the Nawab would have been precisely similar to the Jaghiredar of Soondoor whose possessions are, I observe, by a late order in Council, declared to be "Foreign Territory" and therefore I presume he is left to make his own arrangements for the collection of his Sayer Revenue.-

+ August 25th. 1844

5. There can be no doubt that when his Jaghire is released from our management the Nawab of Bunganpilly will assert his right to collect Sayer Duties in the same manner as he did previous to Fusly 1243, and if his claim is allowed then

then, there appears no sufficient reason why it should not be conceded now. If his circumstances and condition were flourishing it is possible he might be prepared to support the views of the Government in the abolition of the Sayer duties, but such a proposition could hardly be made with propriety when we know him to be deeply involved, and embarrassed with a load of debt.-

6. It was on the faith of the Government through their local officer, who guaranteed to the Nawab's creditors the annual payment of a certain sum, that they consented to relinquish a large portion of their demands upon him, and if this 7,000 Rupees is withheld it will not only greatly add to the Nawab's embarrassment, but will likewise involve a fresh arrangement with the creditors (which cannot in strict justice be done without their consent) for it is quite impossible that the stipulated payment can be made from the resources of the Jaghire without the assistance of the Sayer, which as observed by Mr. Blane is a very considerable item of the Revenue.-

7. Under the Schedule of the Rates of duties to be collected on the Frontier of the Nizam's

12820

Fort St. George 30th September 1844.

*letter dated 22nd August 1844

Nizam's territories lately furnished by the Board, I do not estimate the annual Collections at more than from 6000 to 10,000 Rd. any proportionate compensation therefore from this source seems impracticable, and I am of opinion that under the circumstances above detailed the Government is bound either to continue the payment of the sum formerly fixed or else to allow the Daghiredar to Collect the duty on his own account an arrangement which I believe he would willingly accede to, as I imagine he consented to accept the consolidated allowance of 7000 Rupees rather in conformity with what he understood to be the wishes of Government than his own inclination.

Revenue to acknowledge the receipt of your letter dated 20th August 1844 with a correspondence with the Principal Collector of Coimbatore on the subject of a balance of Revenue due on certain land stated to be the property of one Munady who objects to pay the amount on the grounds that the land is no longer in his possession but has fallen into the hands of a Ryot of the Coimbatore District. You have referred the Munady to the Civil Court for the recovery of the land, and the Board understand from Mr. Stroughtons letter to you dated 8th August 1844 that the present occupants who are ryots of Coimbatore have annually adjusted the Government demand due thereon. Under these circumstances the Board are of opinion that the demand against the Munady may be allowed to remain in abeyance pending the issue of any steps he may take for the recovery of the property.

From Lieut. Ouchterlony
Revenue Surveyor
Neilgherries Ootacamund

Sir,

(44)

Several requisitions having been made to me by direction of the Principal Collector of Coimbatore, to survey tracts of land within the limits of this Cantonment to settle questions of disputed boundaries. I have the honor to request that the Board will have the kindness to beg the Chief Engineer to forward to me without unavoidable delay the 100 feet chain indented for out of the instruments of the Nellore survey Department. I beg also to bring to the notice of the Board that I am without paper for drawing, pencils, Ink, or stationery of any kind, and that it would be a great accommodation if my Indent which was rejected in May last by the Military Board for want of authority to comply with it, could be sanctioned.
