Chief Secretary to Government
Fort St. George.

Sir,

I am directed to acknowledge the receipt of your letter No. 826 dated the 12th. Ultimo with Enclosures, and in communicating the acquiescence of the Governor General in Council to the proposition therein submitted, for remitting the necessary Funds for the settlement of the Debts of the Rajah of Vizianagarum residing at Benares to state that considerable inconvenience will result from the Governor of Madras having in this instance sanctioned so large an

amount

Amount as 2½ Lacs of Rupees to be drawn upon a Provincial Treasury of the North Western Provinces without previously consulting the Supreme Government.

2. The necessary steps will now be taken in the Financial Department for providing funds at Benares, and in communicating the proposed arrangement to the Lieutenant Governor of the North Western Provinces, His Honor's attention will be drawn to the desire of the Government of Fort St. George that Major Carpenter the Agent at Benares be entrusted with the adjustment of the Rajah's debts.

Explaining with reference to the Extract from Minutes of Consultation dated 10th Instant the reason why the Board feel themselves altogether unable to determine the line of demarkation between the Provinces of Coimbatore and Malabar, and recommending that any further investigation on the subject should be conducted by a special Commissioner totally unconnected with the Districts.

(Here enter 26th Sept. 1844 N. 435)

Para 1. The Government on further consideration of the claims made to the jungle lands in question by the Numbide of Collungode in Malabar which are resisted by the Principal Collector of Coimbatore, are of opinion that the lands in dispute should be annexed to the District of Coimbatore until the title to them is determined by

by the Civil Court.-

From the A.J. Coll. of Ganjam states that there has been a serious drought over many parts of the Ganjam District.-

Sir,

Para 1.- I regret to have to inform the Board that there has been up to the present date a very serious drought over many parts of this District.

2. Some parts of the Purlakimedy Zemindary have suffered to the greatest possible extent. and some Villages in the Saravacota and Temboor Mootas have been deserted owing to the want of water for the support of man and beast. Mundasa, Cheekatty, and Moherry have also suffered

In

3. In the Government Talooks Waddaa has suffered in those parts not watered by River Channels. and the Talook of Ichapoor has been very unfortunate and the growing Crops have been extensively burnt up. The same is the case to a considerable extent in the Poobaconda Talook.

4. In Goomsur and Soorada there has been hitherto almost a superabundance of rain, but the latest report states that the crops are in a most critical state.

5 There is it is believed, a great quantity of Grain in the District, and I do not anticipate any very injurious scarcity or rise in the price of rice.-

From the A.J. Collector of Rajahmundry.

Reporting upon the subject of Petition of a

Sir,

Para 1.- With reference to your letters of the 1st. April and 27th. June

J.

13719 Fort St. George 21st October 1844.

a Private Mahomed Hussain of the 1st N.V.B. received through Lieutenant Colonel Mandeville regarding his Claims to Certain lands in the Village of Vanapilly in his District and returning the Petition.

I have the honor to report for the information of the Board, the result of the enquiry instituted into the compliant preferred by Mahomed Hussain, a Private of the 1st Native Veteran Battalion, under the command of Lieutenant Colonel Mandeville, claiming certain Mannieum lands at Vannapilly in the Pittapoor Zemmindary, which he alleges have been usurped by the Curnums of the Village.

2. It appears from the report received from the Amuldar of the Amlapoor Talook that he examined two Bramins, one aged 68 and the others 80 years, who declared that the 5 Poottles now lying within the limits specified by the Petitioner were held about 100 or 150 years ago according to tradition, by the ancestors of the Petitioner as Manium, and that the parcel of land is still called Mallah Palum, but those People having relinquished it, that the then Zemindar resumed it about 70 years ago and granted portions thereof to certain Bramins and a Barber, partly in lieu of their former Maniems, which he had included under Seroyetty, and partly as new maniems; that those

portions

13720 Fort St. George 21st October 1844.

portions have continued in the enjoyment of the said Bramins &c. as their Maniems ever since, that is to say from before the formation of the Permanent accounts of this District. The land in question has been measured with the Puggum now in use, and is found to be Poots 5 — Cooms 5 — Mahs 4¼. and the Tahsildar can find no traces of the Musjeed which the Petitioner alleges formerly existed there.

3. On reference to the Circuit Committees' Accounts of the Village taken from A. D. 1777 and 1784, a certain quantity of land appears as Cuttoobady and Doom-balah Enams, but without any detailed description, and in the accounts taken from fusly 1204, which show the details thereof, no Enam A.D. 1794/95 and is found entered either in the name of the Petitioner or in those of any of his ancestors. Neither is any part of the land in question now in possession of the Curnums of the Village, as stated by the Petitioner. — It only remains therefore for the latter, if he has documents to shew his right to the land in question, to have recourse to the Civil Courts for the recovery thereof.

From the Acting Collr. of Guntoor

Forwarding Statements of last Sanctioned Establishments for Collecting the Land Custom and Sea Custom duties as it stood on the 31st March last.

Recd 30th September 1844.

Sir,

Para 1 In obedience to the orders contained in Para 1 of the Board's Circular noted in the Margin, with accompanying Form, and with reference to the 3d Para: of the Board's Proceedings of the 3d Instant, I have the honor to submit Statements of the last sanctioned Establishment as it stood on the 31st March 1844, for collecting the Land frontier, and Sea Custom duties in this District together with the Establishment at present employed for the same purpose; and referring to Paras 2 and 3 of the Board's letter under reply, to submit for the Consideration and sanction of the Board, 2 other Statements, 1 in the form prescribed in the orders of Government of the 6th March last, of the Establishment requiring sanction and 1 of the actual Charges incurred on account of the Frontier and Sea Customs Establishments from 1st April to 11th July 1844.

C.M.R.

Fort St. George 21st October 1814.

2. Mr. Stokes suggested in his letter No. 110 of the 28th October 1813 that the tax called "Janna Vasool" levied on certain classes of passengers at the frontier ferries should be abolished in which proposition I fully concur.—

3. The Establishment proposed is made upon the supposition of its abolition and it cannot be retained without some modification for additional Coomastas. It will be necessary therefore for the Board to come to a decision on this head before fixing the Establishment, as in case of its retention a modification in the form will be necessary.—

4. The Board have already

Fort St. George 21st October 1814

been made aware by letter No. 89 dated 26th of last Month, that the Establishment retained for carrying on the Frontier duty is less than that proposed, and that its retention to the present time pending the Board's final orders on the subject has not been attended with any Coottra charge.—

5. The Statement of the Sea Customs Establishment requires no explanation, that proposed by Mr. Stokes being the same as has hitherto been employed and is in my opinion quite efficient for the duty.—

Reporting on the Settlement of Land Revenue of the Chingleput District for Fasly 1253 and A.D. 1843/44 submitting the usual Statements connected with it.

Vide Enclosures from Nos. 2 to 5 with Statements attached.

Sir,

I have the honor to request you will lay before the Board of Revenue the accompanying Summabundy Statements of the Land Revenue of this District for Fasly 1253. A.D. 1843/44.

2. The Talooks of Chingleput and Karanjooly forming the charge of the Assistant Mr. Wood were settled by that Gentleman, whilst the Summabundy in the remaining 8 Talooks was conducted under my own supervision.

3. The result of the season generally is not unfavorable, the cultivation and revenue being above the average of late years, and considerably in excess of the preceding one. but still it is below what may be anticipated, should the price of produce be a little more remunerating in seasons when the rains may fall in sufficient quantity

quantity and at favorable intervals.

4 The cultivators generally look to the period of the South west Monsoon or July and August for rain to enable them to plough and sow the Punjey or Dry lands and the Poloodical Nunjey lands; but in these Months of the season under review, the fall of rain was scanty and partial; during the Months of October and November, the Tanks in most of the Talooks with the exception of Triparoor, Chingleput and Manemungalum received good supplies of water, and in December heavy and long continued rains were experienced throughout the District. The rivers however were filled to an unusual height, supposed from the rain in the Salem and North Arcot, causing considerable damage not only to the Channels and other works

works of irrigation, but injuring and destroying a large extent of Carr produce then nearly ready for the sickle. From the partial failure of the October and November rains above alluded to, a considerable extent of Sumbah Crops became either deficient in pro=duce, or was totally destroyed.

5, The extent of land under culti=vation during the past fusly in the 1571 Villages under Ry=otwar Settlement (in the number of which there has been no variation) is in excess of that of the year immediately pre=ceding it by Cawnies 4912 of Nunjey 1st Crop land and 9085 Cawnies in land sown with a 2nd Crop, as also 7178 Cawnies of Punjey, and 123 Cawnies of Tyrden land. The corresponding augmentation in the Revenue amounting to Rupees 78151 5 3 or 9½ pr. Cent. The large increase in the extent of land sown with a second Crop arises from the extent of Nunjey lands situated under Tanks Cultivated in June or July with Carr, Natcheny or Reggy and such des=criptions of Punjey produce, which they were enabled to do through the heavy fall of rain during the Month of May 1842, and which lands were again cultivated with a Navery Crop during the past fusly.

The

6. The annexed Comparative Talookwar Statement exhibits the Cultiva-
-tion, Beriz and Net Revenue of Fusles
1252 and 1253, from which it will be ob-
-served that although there is an increase
in each Talook, the ratio of increase is lef
in the Tripatoor and Chinglepat Talooks
than in any of the others arising from
the deficiency of water in some of the
reservoirs. The high rate of increase
in the Poonamully Talook is

is owing chiefly to the increased
cultivation as compared with the
preceding year of the lands
under the Chembrumbaukum Tank,
a considerable extent having been left
unsown in Fusly 1252, through the
insufficiency of water in that large
reservoir.

8. Some few changes having taken place in the forgoing heads I shall now briefly notice them under the head of Shrotrium two Villages Meenjoor and Arienvoyel assessed with a Jodegee or Quit Rent of Rupees 1,686—15—4. have lapsed to Government by the demise of the Shrotriumdar without heirs.—

Vide Minutes of Consultation dated 29th April 1844.

9. The decrease under the head of Quit Rent amounting to Rs 145—13—3. arises from the Quit Rent assessed on two Gardens at St. Thomas Mount amounting to Rupees 48—13—5. having been remitted under the authority of the Minutes of Consultation dated 7th July 1840. and the transfer of the Quit Rent on certain lands in the Villages of Meenjoor and Arienvoyel, to the head of Amany, in consequence of the resumption of those Villages. The Quit Rent on the first mentioned gardens will in future be levied,

† Rs 96—15—10.

Minutes of Consultation dated 15th June 1844.

the Minutes of Consultation above quoted having since been superceded by that recently received.—

11. With reference to the decrease of Rupees 126—15—4. in the Beriz of Mannundoor one of the Villages which reverted to Government in Fusly 1252, as compared with the Beriz of that year it must be noticed that owing to the nature of the season, only 280 Cawnies of Sheigal land out of

The decrease was partially made up by the difference in the price at which the grain was sold, the rates being 22½ and 21½ Meracals per Pagoda respectively. This Village though likely to yield a much higher revenue on when the Survey assessment has been introduced will not, I think, ever reach on an average the amount of the Permanent assessment on which was Rupees 2,933—14—3. per Annum, an amount that has seldom been realized by any Mootahdars.—

12. The Cultivation and Revenue of Ramencoil has also fallen below that of the former year owing to a sudden and grievous Mortality amongst the Cattle of the Cultivators.—

13. The accounts for the introduction of a fixed field assessment in this and the foregoing Village have been prepared,

and

and a separate report on the subject will shortly be submitted in order that the assessment may be introduced during the current year.—

Fusly 1254. 14. Previous to the resumption of the Shrotriem Villages of Meenjoor and Arinvoyel the persons to whom they had been mortgaged by the late Shrotriemdar had realized Rupees 1,068—12—1 on account of the Kists of 1253 subsequent to which the proceeds of the Enailwarum collected by the Tahsildar amounted to Rupees 1,499—8—9. which last sum has been included in the account of Ammany Collections. The aggregate of these sums or Rupees 2,568—4—10 is considerably under the revenue that may be derived from the lands, of the Villages, and as far as I am now able to judge they ought to yield on an average about Rs 3,200 per Annum. The conflicting interests of the Shrotriemdar and the Mortgagees who were continually squabbling affected the interests of the Villages but these causes no longer existing, I trust they will increase in prosperity. The Jodeyy paid by the former Shrotriemdars was Rupees 1686—15—4. The lands in these Villages have been surveyed and a Tarumdar deputed to classify them, so that I hope shortly to be able to propose a money assessment on them.—

15. The following Comparative abstract Statement exhibits the remissions granted under various heads in the Ryotwar Villages for Fusly 1253 shewing a Net decrease on the amount allowed for similar reasons in the preceding Fusly of 9,352—6—6. or 21½ per Cent most of these remissions were granted under the customary rules of the Settlement but I shall offer a few remarks on the principal items.—

16. The remissions on account of Shanlut Bunjer or parts of fields left waste amounted to as Rupees 2180 — 10 — — or Rupees 1063 — 11 — 6 below the amount remitted under the same head in Fusly 1252. Every effort has been made to reduce the extent of remissions under this head, and there has indeed been an Annual decrease both in the extent of portions of fields left unsown, and in the amount of remissions granted I am aware that discretionary remissions on such accounts are opposed to the principles of a fixed money assessment, but I consider it to be my duty, and I believe it is also consonant with the wishes of the superior authorities, that I should use some discretion during the settlement to prevent parties being called on to pay more than they can without loss find the means of defraying. The total amount of the assessment on portions of fields left waste amounted to Rupees 3,053 — 3 — 1, of which the demand for Rupees 832 — 9 — 1, was not foregone, the means of the individuals, or the portion which the uncultivated bore to the cultivated being the guide for its realization.

17. There was also a decrease of Rupees

Rupees 509 — 10 — 9. in the extent of remissions on account of Paunee Boodty or Crops situated in the beds of fields in the vicinity of reservoirs submerged, but there was an excess of Rupees 1,518 — 3 — 4 in the sums remitted for Poynahee or Crops partially or totally destroyed by floods as compared with Fusly 1252. The unusual height of the freshes in the Choyar, Pedar, and Cortillar Rivers in December last and alluded to in a former portion of this report caused considerable damage to the Car and Sumbah cultivation in their vicinity. The rent of such lands however, as there were means of recultivating was not remitted. The chief portion of these losses were experienced in the Conjeveram, Peddapollium and Nayer Talooks.

18. The remissions for Phalamutum Crops partially damaged and yielding only a scanty produce also exhibited a decrease as compared with the preceding year, the amounts being as Rupees 5,138 — 4 — 2 and 3,657 — 6 — 3. respectively. Remissions on this head are undoubtedly open to serious objections, and I therefore used my utmost efforts to restrict them as far as practicable, but where the remaining produce of a cultivator is not so profitable as to meet the losses he has sustained,

some consideration is requisite. Were no remissions whatever granted on such accounts, the Cultivator would use no efforts to save a portion of an injured Crop, believing that if the land produced nothing the rent of it would certainly be foregone.

19. The amount foregone on account of Shavi or Crops burnt up from a failure in the supply of water shews, as contrasted with the amount remitted in Fusly 1252, a decrease of Rupees 1,793–6–10. these remissions were chiefly called for in the Talooks of Chingleput, Tirporoor and Vaneminngalum, many of the reservoirs therein not having been filled during the monsoon. The aggregate Seerwa upon the lands wherever the crops were thus burnt up amounted to 6,412–8–10, of which however the sum of Rupees 2,098–8–2 was collected. the corresponding Lands forming only small portion of the cultivator's farm. On referring to the accounts it will however be observed that of the remaining portion, the sum of Rupees 918–11– was remitted to certain Ryots though the percentage the rents bore to the rest of their cultivation was below 10 per Cent, but this could not be avoided, for many of the cultivators of small farms have become so impoverished by the effects of late years on the markets that great indulgence to them is necessary.

20. The amount of remissions under the Head of Vittoopaul is considerably less than in Fusly 1252. The accounts of the Fusly under review having been prepared previous to the receipt of the Proceedings of the Board on the Summahbundy report of the preceding one, the remissions under this head have for the reasons assigned in my letter of the 14th February 1842 been kept distinct from Shavi, but as directed these heads shall be in future blended. Orders have been issued to carry out the Boards instructions (conveyed in their

Proceedings on the settlement of Fusly 1252) relative to including in the Demand the full assessment of 2 Crop lands from the commencement of the current Fusly 1254.

21. The continued low price of all descriptions of grain during the last four years has materially affected the condition of the Ryots in this District and much consideration and attention to claims of remission is therefore requisite lest in a too rigid exaction of all that can may be demanded as rent, poverty and distress and subsequent loss of revenue ensue. The average price of grain during the last 4 years has been considerably below what is usually considered the average, or remunerating rate.

24

From the Pr. Collr. of Salem-

Sir,

I have the honor to bring to the notice of the Board, that considerable inconvenience is experienced at the frontier Chowkies, bordering on the Mysore State, in the levying of duties on goods imported from England or elsewhere. There is no tariff for Valuation, and the Merchants are unacquainted with the price of the greater part of Europe goods- I therefore request, copy of the tables of Valuation in use at the Sea Custom house, for my guidance- It would be the means of preventing much inconvenience, if the Board were to caution the Madras Merchants by notice in the Fort St. George

that the Estate may be taken under management.

The nature of the property left by the deceased is particularized in the Collector's letter of the 16th September last, and the Board request that authority be granted them to take charge of the Estate in their capacity of Court of Wards under Sec. II Regulation V of 1804.-

To The Collector of Madras.

Sir,

Paras.

I am directed by the Board of Revenue to acknowledge the receipt of your letter under date the 6th Ultimo submitting information respecting the Collection of Ground Rent on certain Bazars situated at Royapooram.-

The

2- The particulars before the Board are insufficient to enable them to decide on the propriety of the demand of Ground rent from many of the parties enumerated in the Statement which accompanied your letter- When the Boatmen's Village at Royapooram was originally formed, possession of various spots was given to parties entitled to sites for their houses in consequence of their removal from Chepauk, and the possession of these sites was to be continued on certain conditions- The recent correspondence on this subject shews that the restrictions under which it was intended that the new settlers should be bound were not immediately imposed, and there is reason to believe that the occupants of some spots are not of the class originally contemplated as entitled to the privileges which the Boatmen were to enjoy- but in all

cases, whether of boatmen or others, the land is in the occupation of individuals was to remain the property of Government, which all land must be on which Ground rent can be demanded.-

3- In those instances in which parties have held bazars on the public road, or on spials of houses which may extend beyond the prescribed limits of a location, there can be no doubt that the demand of Ground rent was correct but in those cases in which parties are stated to be "tenants" of original settlers, or of persons who have purchased or derive title from them, it is necessary to know whether the tenants occupy portions of locations which the principals are themselves entitled to hold to Government, some of the persons charged with Ground rent

rent are, it is observed settlers from Chepauk, if they were removed by order of Government from that place the reason of this demand is not obvious. - On these points you are requested to afford explanation.

The Board are not aware whether Certificates have been issued to all persons entitled to them in this Village, if they have, the question of liability to Ground rent would be easily settled.

From J. R. Huddleston Esqre Sir,
Coll. of Madras - Para- I have the honor to acknowledge the
Submitting the information called for by the Honorable the Court of Directors relative to the nature of the privilege enjoyed by the Enam Toddy shopkeepers of Madras and the grants to services for which they were originally granted, stating that the service of one or more of the Enam dars might still be found desirable.

receipt of an Extract from the Proceedings of the Board of Revenue dated 25th July last communicating Paras 27 and 28 of a General letter from the Honorable Court of Directors of date the 19th December 1843 No. 35, and desiring me to furnish the information therein called for relative to the late Enam Toddy shopkeepers of Madras, and to report that it appears from my records that the number of Enam shops found to be in possession of those shopkeepers in 1830 when the Abkarry farms were resumed, was 15, to which 3,047 Cocoanut trees were allotted. The daily toddy chargeable upon them under the ordinary rules was Pagodas 8- 31- 0 but the actual payment amounted to only Pd. 4- 16- 40 and remission in their favor was thus Pd. 4- 12- 40 equal to Rupees 14- 15- 6 per diem or Rupees 5,463-9-6- per annum.

There were but three Enam shops-

2-

From Board's Dn. April 1842-

Shops in existence when the order of Govern-ment under date the 5th April 1842 for the withdrawal of the indulgence they enjoyed was received, instead of Rs. 1-6-- the full assessment they paid only 24 fs. the re-mission being 27 fs. per diem equal to Fs. 319- or Rs. 798-8--- per annum.

3. The former abkary Renters having experienced great difficulty in collecting the revenue, arising from combination amongst the Shanars, the renters in communication with the most influential members of the Shanar Caste succeeded in introducing the present rules, and as a remuneration for their services the remission referred to above was granted by the renters, and was continued under Zumanie management.-

To B. 1st Feb. 1842- Para 3- To D. 26th D.

4. Under the circumstances explained in the letters noted in the margin, I concur in the opinion expressed before, that "the service of one or more of the Enamdars might still be found desirable" but I do not consider the tenure by which the privileges in question were held to have been of such a nature as to entitle the Enamdars to compensation, in consequence of the discontinuance of those privileges.

From J. A. Hudleston Esqre. Collector of Madras.

Sir,

Submitting the Statements of the Settlement and Collection of the Land Revenue of the Madras Collectorate for Fusly 1253- 1843/44-

1. I have the honor to transmit herewith for submission to the Board of Revenue, the Statements, A to G, of the Settlement and Collection of the Land Revenue of the Madras Collectorate for Fusly 1253 / 1843/44

2. Statement A, which has reference to the Current Revenue exhibits an increase in the Demand to the amount of Rupees 77-1-2. The particulars in the Statements B and G shew that this increase is owing to the assessment of Ground Rent on Boutiques &c. kept on Government lands to a large amount in 1253 / 1843/44 than in the previous year.--

1252	Rs. 52208-8-7
1253	" 51260-12-2
Decrease	1037-12-5

3. The Decrease in the Collections of the Current Revenue is Rupees 1037-12-5 which is chiefly owing to the embezzlement

committed by one of the Quit Rent Conicopillays and referred to in my report underdate the 10th August last.

Sales of Land Fusly 1252 Rs. 971 - -
1253 - 443 - 8 - -
Decrease 468 - 8 - -

4. In the proceeds from the sales of land there is a Decrease of Rupees 468-8- The Revenue under this head is not dependent on the exertions of the Collector.

5. Statement E shews that the Current Demand on Houses and Garden Houses occupied, and Paddy fields in a state of productiveness, was Rupees 52211-2-4 of which Rupees 46,366-7-7- were recovered within the Fusly, and the balance outstanding at its termination was Rupees 5,844-10-9 This could not have been recovered within the Fusly inconsequence of the reduced circumstances of a great number of the Defaulters, the Majority of whom live in common Huts, in whose case a Warrant of distraint can be of no avail. The Conicopillays were, therefore, directed according to the usual practice, to collect the amount of arrears from such tenants and proprietors as were better able to discharge

discharge the same. It will be observed that the recovery of arrears under the two heads above alluded to, amounts to Rupees 3,578-5-2. The aggregate amount collected of both Current and arrears is Rupees 49944-12-9 falling short of the total demand for the year under review by Rupees 2266-5-7.

6. Of the Current Demand Rupees 3,384-11-5, assessed on Houses and Garden Houses remaining unoccupied, and on Gardens and Paddy fields in a state of only partial productiveness, Rupees 202-4-5 have been recovered, and the balance at the close of the Fusly was Rupees 3,182-7-0 The Collection under the head of arrears was Rupees 381-13-2. As regards property of the description just referred to, the realization of any portion of the demand thereon is at all times difficult. Many of the Warrants issued within the Fusly were returned from there being no available property to be found on the premises. The comparatively small Collection under this head was therefore.

therefore, made by distraint, where distraint was likely to be of any use-

7- No bills for waste lands were made out in the year under review. In reference to Statement No 1 submitted with my report under date the 30th September 1843. I beg leave to bring to the notice of the Board that of the Cs 289-23-14¾ on which part of the original assessment was remitted, Cs 136-13-469 were actually cultivated, and that of Rupees 688-8-7, the demand on the whole, Rupees 375-1-9, were collected within the year- The balance also would have been recovered were the remaining portions of the land brought under the plough. The late period at which some of the proprietors could have been informed of the reduction allowed on their lands prevented their preparing them in time for cultivation in the past Fusly; but, in the present year, I have great hopes that almost the whole will in a few months from this, be found to be in such a state as to facilitate the realization of the revenue at the reduced rates.--

8- I now submit a supplementary Statement

Enclo No 1- Statement of applications for a reduction of Quit Rent with the necessary remarks, which shews that on Cs 27-2-2011. originally assessed at Rupees 146-4-5 per Annum, the demand has been reduced to Rupees 59-4-5; the remission, subject to the confirmation or rejection of the Board, being Rupees 87--"--

9- Of the demand on account of Ground Rent Rupees 7,184-12--, the Collections amount Rupees 4511-4-4, and the balance remaining unpaid at the close of the year was Rupees 2673-7-8. The recoveries of arrears amount to Rupees 1418-3-7, and the aggregate of both current and arrears is Rupees 5929-7-11, falling short of the Current demand by Rupees 1255-4-4-

10- Shews of the whole demand, Rupees 62990-9-9, of the Current Revenue, Rupees 51260-12-2 were collected, leaving at the close of the year, an outstanding balance of Rupees 11729-13-7; but adding the recoveries of arrears, Rupees 5427-5-11. to the collection of the Current Revenue the total

Explanatory.

13889.

Fort St. George 21st October 1844

Explanatory Remarks on the Increase & Decrease in the Demands on account of Land Revenue for Fusly 1253 Compared with that of the previous year & referred to in the Statement Marked B.

G.

	Fusly 1252	Fusly 1253	Increase	Decrease	No.	Remarks
Saint Thome						
Grants	4,032 14 4	3988 9 3	---	44 5 1	1	This decrease is owing to Certificates having been issued for certain lands held originally under Grants & the demands on them is therefore included under the head of "Certificates."
Without Grants	636 4 2	632 14 9	---	3 5 5	2	This is a trifling decrease.
Certificates	5,653 11 7	5,711 8 4	57 12 5	---	3	The explanation in No. 1 accounts for this increase
Without Certificates	425 13 1	445 11 3	19 14 2	---	4	Certain lands under this head were discovered in the enjoyment of some individuals without payment of Quit Rent for many years they were assessed in Fusly 1253 which is the cause of this increase.

From the Chief Secy. to Govt. - Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Land Revenue in Government Talooks of Ganjam for Fusly 1252. A.D. 1842/43.

Read the following Extracts.

Extract from the Minutes of Consultation under date the 2d. October 1844.

Read the following Extract from the Proceedings of the Board of Revenue. Relative to the Settlement of Land Revenue in Government Talooks of Ganjam for Fusly 1252 / A.D. 1842/43. / Received 9th September 1844 - No. 413 /

Para 1. The Most Noble the Governor in Council observes that the Settlement for the period under review exhibited an

Fusly.	
Demand. 1252 -	1,76,313-11-8.
Dº 1251 -	1,67,806-8-4.
Increase -	8537-3-4.

increase when Compared with the preceding year of 8537-3-4. Saving however a difference of 145-12-7. between this amount, as shewn in the Acting Collector's report and the results exhibited in the Statement of Demand Collection which accompanied it, and which requires explanation. -

2. The favorable anticipations to which the above circumstance might have led were, however disappointed, and the results of the year were unfavorable as shewn by

13948- Fort St. George 24th October 1844

14736-5-7 by the very large Balance outstanding at the close of the Fusly of which 129056-13-4 remained still due on the 30th June 1844, this is attributed by the Acting Collector partly to a bad season and short crops and partly to low prices, arising in his opinion from the falling off of the trade in Grain at Ganjam, consequent on the cheapness of the Grain of Arracan. The Government concur with the Board of Revenue in thinking the information at present before them insufficient to warrant such conclusion and deem it advisable that the Acting Collector be instructed to furnish without delay the statement which as the Board observe is necessary to enable a judgment to be formed upon the point. If the Acting Collector be right, the duty to which the Grain of Arracan will be liable under Act VII of 1844 will have the effect of relieving this cause of distress

3 In regard to that part of the Acting Collector's report which forms the

the subject of the 3d and 4th Paras of the Board's Proceedings - The Government will be happy to receive the further explanation therein shewn to be necessary.

4 The state of the Balances in the Talook of Sooradah amounting to more than one half of the total Demand has attracted the serious attention of the Government.

Demand ---	12,152-15-7
Balance ---	6,422-1-0
	5,730-14-7

It is difficult to see in such a state of things any grounds for the hopes of the Acting Collector that Sooradah is advancing to prosperity in consequence of its having been made the subject of a triennial Settlement by Mr. Bannerman, a measure which His Lordship in Council agrees with the Board of Revenue in thinking should not have been adopted without previous reference to them, and he approves of the strict enquiry they propose to institute into all particulars of that arrangement which it would seem the Renters have so extensively violated.

Adverting

5 Adverting to the condition of the Talook of Goomsoor as described in the 8th and 9th Paras of the Board's Proceedings the Government observe, that neither the + RP 7,765-14-4 + decrease of the Settlement which is comparatively unimportant, nor the large outstanding + Balances are satisfactorily explained, and feeling that no time should be lost in dealing with the latter his Lordship in Council requests the Board of Revenue will at their earliest practicable convenience turn their serious attention to the subject, and after obtaining from the Acting Collector the requisite information submit to him their recommendation for their final disposal, the existence of such balances while unprofitable to the Government cannot fail to act as a heavy check on the industry and energies of the Talook.

6- His Lordship in Council looking with the Board of Revenue to the survey as a means of ameliorating the

the state of affairs in Ganjam, must express his regret that although ordered in 1837 so little useful progress should up to this time have been made in that desirable work. He is of opinion that the Acting Collector should be desired to submit immediately a report of what has been done - whatever that may be, but he would observe at the same time that future progress will be better secured and accelerated, if the Board, instead of expecting the Acting Collector to determine the principles under which the survey should be carried out, would from the ample materials which their experience and records must supply furnish that officer with a set of Rules for his guidance therein - General in the first instance, & they might be modified at his suggestion to meet local circumstances and an efficient system be thus speedily framed.

In

7 In conclusion his Lordship in Council would observe that while remarking the deficiency of accurate information on various points as pointed out by the Board in these Proceedings, he does not fail to make due allowance for the short period during which the Acting Collector had been in office at the date of his report and entertains the hope that he has by this time become sufficiently versed in all matters connected with his District to enable him to supply every desirable information, which however His Lordship thinks should hardly be deferred to the period of the next annual Report unless indeed that Document may be very shortly expected.

Extract from a General Letter from the Honorable the Court of Directors dated 3rd July 1844 No. 17.

10 The Sentiments of the Board of Revenue and of the Collectors on the suggestion of the Court of Souzdarry adawlut for fixing a higher rate of taxation on Arrack and Toddy with a view to the prevention of drunkenness communicated.

Para 6. From the reports of the local officers it would appear that habits of intoxication are by no means prevalent among the Native population and that crimes of a serious character are very rarely to be traced to the use of distilled or fermented liquors. We are satisfied that any attempt to

to repress the vice of drunkenness by fixing an excessive price on arrack and Toddy would fail of its object, and that while it would lead to the illicit manufacture and clandestine sale of intoxicating liquors, it would seriously endanger the Abkarry Revenue.

It is stated that the classes most addicted to the use of spirits are not those by whom offences are generally committed and even if the fact were otherwise it would be undesirable to adopt any measures which would have the effect of compelling those who

who are habituated to the use of Extraordinary liquors to indulge their taste in other than the licensed shops which are within the knowledge and under the eye of the Police.

12. 27. It appears that although Mr. Onslow himself recommended Chellapa Moodeliar for the office of Head Sheristadar, yet in consequence of the very unfavorable opinion which on former occasions he had expressed of that individual, you came to the conclusion that Mr. Onslow could not have that confidence in him which the Nature of the situation for which he was recommended required and you were therefore did

From the Chief Sec.r to Government communicating observations and orders on the Board's Proceedings relative the Settlement of the Land Revenue in the District of Chingleput for Fusly 1252.

Extract from the Minutes of Consultation under date the 8th. October 1844.

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the Settlement of the land Revenue in the District of Chingleput for Fusly 1252 a. D 42/43

Here Enter 25th August 1844 No. 375/

Para 1. The Net Settlement of the year amounted to 9,98,057-9-3 or Rupees 12,1124-11-8 less than that of the preceding Fusly - This deficiency occurs in the Ryot.-war portion of it, and was occasioned by the circumstances of the season which however in the aggregate is stated to have been "an average one"

3. The first three paras of the Board's Proceedings are taken up with arguments more especially intended for the Collectors consideration on the Assessment in the 2 and 3 Cl. Cl. lands, and as the entire question will

will it is supposed be more prominently submitted to Government in the Report on the survey remark upon it now is unnecessary.

4. The remissions amount to Rupees 44,066-4-9 - and though less than those of the previous Fusly by Rupees 1,837-8- yet appear in such minute detail that examination into their causes might perhaps simplify these items of deduction as well as diminish their amount in future years.

Coll.rs Report Para 18
Board's Proceedings Para 7 & 8

5. It is to be regretted that the Collector has again disregarded the instructions of the Board to connect the remissions in the Columns Vittoopaul and Shair and also the directions of Government, to include the terms noted marginally under one head.

Pro: F. 1249 - P. 12.

Mins. Cons. 10th Dec.r 1842, Para 8

6. The remissions for "Pymash Cummee" are usually not allowed - the difference will be found but of small consequence, and if the Ryot supposes his field, under the fixed Survey dimensions and Assessment unprofitable, he has the option of relinquishing it. The

7 The item "constructing Houses" would appear misplaced in an enumeration of Revenue remissions. If such indulgence is needed, it should be granted under the denomination of Succavy or advances and with the special sanction of the Government.

Coll.r's Report Para 23. Bd.'s Pro. Para 9.

8. The remission on Poonjah Coule would seem inadmissible under any circumstances.

Though this year in comparison considerably lessened, it is still great was diminished to 30925 in October, and further Decreased to 5636 in June 1845.

11. The Collector admits in Para 29 the advantages of regular Collections and the abuses likely to attend postponement of them. With these views

Para 31 views and the assistance of the lately established Hisbundy, more punctual realizations may be expected in future.

Para 13 12 The Board's Proceedings conclude with a discussion regarding the decrease of the average assessment per Cawney as compared with the cultivation of Fusly 1210 / 1800 / 1, observable as the Board state in the lately assessed Villages, which subject as relating to the General survey the Government will not at present entertain.

Proceedings thereon- Para 1- In October 1840 the Collector reported that the Zemindary had been ruined by a long course of mismanagement, and that the Zemindar had expressed a desire to assign over the Talook to Government for a term of years, or to enter into any other arrangement that might be deemed proper- In December of that year the Zemindary was taken under management, the term of assignment being thirteen years-

Relative to the settlement of the Land Revenue of the Peredy Zemindary in the District of Ganjam from Fusslies A.D. 1250 & 1252- 16th Oct 1840 in Cons 18th Dec 1840

In fusly 1250 A.D. 1840/41 the Zemindary 2- was partly under the Zemindar's and partly under the Collector's management; the total settlement for that fusly amounted to Rupees 8249-6-4, the collections made by the Zemindar previous to the assignment amounted to

Fort St. George, 24th October 1844-

to Rupees 3,049—0—0, those made by the Collector to Rupees 1,050—12 the total being Rupees 4,100—2—0, and the balance outstanding Rupees 2,949—3—10- The precise terms of the settlement made by the Zemindar are not stated, but it is observed that the collections during the shorter period of the Zemindar's management in Fusly 1250 / A.D. 1840/41 considerably exceeded the amount realized by the Collector during the rest of the year- The arrears due on account of Fusly 1250 / A.D. 1840/41 are, Mr. Anstruther says, considered irrecoverable in consequence of the reduced condition of the Renters and Ryots, owing to the loss of produce from adversity of past seasons, but it does not appear whether such enquiries have been made as to satisfy the Acting Collector himself that these reasons are valid- The Board will await his further report on this subject.

shewn in the abstract Statement entered in the margin- A memorandum in para 3 shews that most of the Villages were retained in Fusly 1250 / A.D. 1840/41 under Cumary, and that in that year 18 were left uncultivated, whilst in the settlement for Fusly 1251 / A.D. 1841/42 there was an increase of 55 in the Villages rented to Moostageers, and none of the Villages of the Zemindary remained uncultivated-

4- In the demand for Fusly 1251 / A.D. 1841/42- compared with Fusly 1250 / A.D. 1840/41- there was a net increase of Rupees 2,753-2-2, which may be attributed generally to the adoption of the system of rents instead of direct management as under the Zemindar- The increase is the result of an increase of Rupees 3,760—2—8 and a decrease of Rupees 1,007—"—6. This decrease

Fort St. George, 24th October 1844.

decrease the Acting Collector attributes partly to the impoverishment and emigration of Ryots, and partly to "the Zemindar's Collections of Cuttoobady being beyond the amount fixed in the accounts of Permanent settlement which" he says "is now of course abandoned," and he adds "excessive collections of Jungle tax Vca" under the head of Motunpha were likewise discontinued." Mr Anstruther should have stated by whom this excess of Cuttoobady was enjoyed, and how, and at what time, it came to be allowed; he should also have explained the precise nature of the alterations in the Motunpha tax, and whether in the permanent assessment any remission was allowed on account of the Motunpha in this Zemindary. The arrangements made by the Collector may be judicious, but alterations of this kind in the accounts should not have been allowed by him without express sanction having been first obtained. The Acting Collector will be pleased to afford information on the changes now noticed.

Six

Fort St. George, 24th October 1844.

Six Mohapah Villages out of twelve not entered in the permanent settlement were resumed under management in Fusly 1251 (1841/42) the remaining six which were in the enjoyment of the Zemindar's wives and relatives, were continued to them for their maintenance in preference to making them a money allowance, which it is said, would have been more expensive. The Peria of the several Villages should have been stated to enable the Board to judge how far the arrangement ought to be continued. this the Acting Collector will be pleased to attend to in his next annual report.

6. The settlement in this Zemindary for Fusly 1252 (1842/43) exceeded the demand for Fusly 1251 (1841/42) in the sum of Rupees 457—8—10. Of the demand amounting to Rupees 8,860—1—4 Rupees 892—0—0 were collected within the Fusly and Rupees 1,076—11—7 were recovered subsequently, leaving an outstanding balance of Rupees 1,591—4—11.

exhibits at one view the Demand, collection, and Balance for the three Fuslies under review from which it will be perceived that although in Fusly 1252 / A.D. 1842/43 the settlement was higher than in the preceding year, the collections on account of it were less.

8- In examining the particulars of the settlement of twelve of the Villages in the Zemindary it is observed that the amount of rent

rent was lower in both Fusly 1251 / A.D. 1841/42 and Fusly 1252 / A.D. 1842/43 than in Fusly 1250 / A.D. 1840/41. The Board could wish to have known the reason of this decrease in the settlement of these particular Villages. Should the accounts of the Villages in the Zemindary for several years prior to its coming under management not already have been examined, it is desirable that they should be so, in order to ascertain the amount of the Peruj for each, as fixed by the Zemindar, for although the badness of his management may not make the accounts a fit guide in all cases the examination may afford useful information as to the value of particular Villages.

9- In the margin is given the Peruj of the Village of Cullianapooram for three Fuslies. In Fusly / A.D. 1252 / 1842/43 there was a decrease compared with Fusly 1251 / A.D. 1841/42 of Rupees 94 " 3. which

the Acting Collector explains to be "owing to a failure of Crop". On referring to his letter of the 25th January, in which the progressive

Cade

1251-1252-1253- lease for three years is exhibited, it is seen that the amount of the lease of the Seroyetty Villages for Fusly 1252 A.D. 1842/43 was Rupees 7308-15-10 and the same amount is shewn in the abstract of the settlement for that Fusly in his letter of the 8th April. In that abstract also the sum of Rupees 94-"-3 is entered under the head of "Decrease" in the Seroyetty Villages. If this decrease is the same that is stated to have been occasioned by a failure of Crop in Cullianapoorum, as it ex. would appear to be, both from the particular sum, and the Accounts furnished by Mr. Anstruther, the Board are unable to understand how a failure of Crops in Fusly 1252 A.D. 1842/43 could affect the settlement of the second of the three years of progressive lease.

their days and nights.

4- The labouring men are much out in the open fields and are a healthy and strong race but the Children rarely have pure air and tho' the habits of the people cannot be changed the results of their habits may be remedied or at least efforts may be made with that view.-

5. The local surgeons are sufficient for the duties required of them and many or all of them I believe freely give medical advice and aid to all who seek it but medical aid to be diffusively useful should travel to the sick as is done or supposed to be done in the case of vaccination.-

6. If the Board would procure the sanction of authority for one or two Apothecaries to be employed generally in this District in travelling leisurely from Village to Village and relieving sickness as they went I believe that an incalculable amount of the greatest possible good might be done, and that in time the happy

Fort St. George 24th October 1844.

happy results would bee seen in the numbers of the people being what the numbers of Children visibly prove they ought to be.-

7.- If Government object to the expense I dare say I shall be able to prevail on some of the Zemindars to subscribe for the purpose or I would do so myself in which case it would only be necessary that Government should grant the services of their servant and the medicines and such instruments as might be required. But the perfect goodness of the measure, and the affectionate feelings it is calculated to create, make it proper to submit the measure to Government first. These travelling Apothecaries could report their treatment of cases and the disposal of the medicines to the local Surgeons.-

8. Cultivation cannot proceed for want of hands and if the Board could but see the dreary wastes of rich and lofty Jungle which spread over

Fort St. George 24th October 1844.

over parts of this District they would I think agree that every effort should be made to save and increase the population, by which alone that Jungle can be reclaimed. -

9 Emigration moreover is not unlikely to take away many of the able bodied labourers, who have heard of the high rates of wages attainable at the Mauritius Trinidad &ca. and are eager to go. -

10. I trust that this suggestion which affects the comfort and prosperity of the community and must directly increase the means of extending Cultivation, and thereby the Government Revenue, is a proper one for me to submit. -

Reporting on the Hoonmakzemindary. -

Sir,

Para 1. I have the honor to acknowledge your letter of the 8th ultimo concerning the Estate of Hoonmah. -

2. In reply I beg to inform the Board that the late Zemindar died on 29th October 1842. the Estate was attached on the 18th December and an Ameen was appointed on a Monthly Pay of Rupees 5 in addition to his own pay as Police Ameen of Ganjam, and an establishment of one Goomastah at 10 Rupees, 6 Peons at 3 Rupees and 1 Rupee for Saderward was allowed him. the whole charge being 34 Rupees per Month. -

3. No report of this circumstance was made as remarked by the Board and I presume that the daily

Fort St. George 24th October 1844.

daily expectation of some satisfactory adjustment of the arrears being proposed by the funds of the young Zemindar on which an application might be made to put the young man in possession, which expectation was never ful=filled was the cause of Mr. Bannerman's delaying to report on the case, as it certainly has caused the delay since I have had charge of the District.-

4. At the date of the Zemindar's death there was an arrear of 730 Rupees due for Fusly 1251 but all the afects for that Fusly and much of those of Fusly 1252 had been consumed before the attachment was effected. However Collections were made as follows.-

In Fusly 1253	440	11	6
subsequently for Fusly 1253	662	1	9
Total	1694	9	2

5.- Of this sum of Rupees 1694-9-2 the Ameen's Establishments cost 705-7-9 leaving a net Collection of Rupees 989-11-5. I beg leave to state that

Fort St. George 24th October 1844.

that in May last I reduced the charges of management by 5 Rupees per month

6. The Zemindar has paid in Rupees 480 which are kept in deposit in the public Treasury and will pay Rupees 120 more in 8 days and the remainder 2,628-1-9 he promises to pay with Interest in 3 yearly instal=ments viz. in Fusly 1254-55-56 and he begs that the Estate may be made over to him at once. I would gladly do this but I do not conceive I have authority without the Board's sanc=tion and I most respectfully beg that the Board will give speedy orders as each days pay of the Establish=ment tells heavily on the small means of the Zemindar.-

7 The reason of the money being held in deposit is that the offer was conditional on the Estate being made over to the Zemindar I told I could not act without orders, but I advised him as a proof of his sincerity to lodge the money in the Treasury and if the Estate were

To the Coll.r of Ganjam

Sir,

With reference to your letter dated 2.d October 1844 recommending that the Estate of Hoonnah may be delivered to the Zemindar on his undertaking to liquidate the outstanding balance by three annual instalments in Fasli's 1254-55- and 56

I

Explaining the cause of the stoppage of the Surveyor in his District.

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings of the 9.th September 1844.

With reference to Para 2. 4 remarking on the slow progress of the survey I think it best at once to explain to the Board the embarrassment I am under about it.

Under the sanction of 3. Government I consulted the Assistant Surveyor General Captain Halpin and begged him to examine the Surveyors

and

Fort St. George 24th October 1844

and report to me on their qualifications. I lament to have to say that he reported most unfavorably on all of them — stating that their system was utterly wrong. —

4- The chains with which measurements are made ought to consist of 33 links of equal length and no more, but this is an additional link or hook at each end and also a ring fixed in the staff, the length of both of which is added to each measured chain, tho' omitted in the account. The links moreover are unequal in length. —

5. The chains are of various length, one the longest being 6 inches longer than the shortest and the others varying between these extremes.

6. The chains consist of 33 divisions as I have said but each division is reckoned as two sixteenths.

7 The foregoing might possibly be passed over or remedied but the most serious error remains,

it

Fort St. George 24th October 1844.

it is this. —

8. The surveyors measure the 3 sides of a triangle and then they multiply half the base by half of the sum of the two other sides, instead of by the perpendicular. Thus they never can be right. They generally take the 2 longest sides as sides, and the shortest as the base which diminishes the error but nevertheless they can never be right in any measurement except that of a right angled quadrangle. In the very first trial they made under Captain Halpin's eye their measurement erred by 40 per cent. —

9. Under these circumstances I cannot allow the survey to proceed without much consideration and I have accordingly stopped it in toto.

10 The surveyors are all now with Captain Halpin learning the correct method of measurement which is easy and the mode of extracting the square root which is more troublesome. If he reports them

13983- Fort St.n George 24.th October 1844.

them perfectly qualified to survey correctly. I purpose remeasuring one or two Villages to see whether the correct measurement varies very greatly from that already made - if it does, it will be a question whether the whole of the survey operations yet completed must not be abandoned and done over anew.

11.- I had intended to wait till this remeasurement should be made before reporting at all upon the survey but the anxiety of the Board and their belief that there has been reprehensible delay and neglect attending it require that I should briefly state what is the existing state of things. I shall submit a further report without delay when the result of future steps is seen and I beg the Board to be so indulgent as to wait till then.-

4. It will now be observed that, the decrease up to 31st March is Rupees 2,385 and that, since then the decrease arising from the Inland duties having ceased by the operation of the Sayer Act. together with the decrease owing to the Khurnool and Maratta Countries being declared Company's Territory by the Official Gazette under date the 16th April 1844, amounts to Company's Rupees 37,443. The item of Rupees 1569 appearing as Inland duties Collected for a certain period, even after the present system was ordered to be introduced, is in consequence of of the unavoidable delay that occurred before the whole of the District could receive my Circular Order on the subject, though issued by me on the very day (the 1st of April) on which I received the abolition instructions in a letter from the Board of Revenue dated the 28th March. The increase of Rupees 9,390 on Betel nut is the difference in the rates of duty. the present Schedule being double or 10 per Cent instead of

The

Fort St. George 24th October 1844.-

The Decrease of Collection is explained by the small amount of arrears at the beginning of the year, and the increase shews the augmentation in the amount of Rents for the present year. There is no entry of Charges under this head.-

7. In Sundry Small Farms and Licences, the Board will observe also an increase of Rupees 947, arising as per the following particulars for the present year.-

Sundry Small Farms and Licences.

		Demand of Fusly 1252.	Demand of Fusly 1253	Comparison Increase	Comparison Decrease
		C Rs.	C Rs.	C Rs.	C Rs.

The Net increase from Plantations is Rupees 1063. Of which Rupees 742 is from Old Fruit Trees and the rest Rupees 321 is

13992

Fort St. George 24th October 1844.-

is from a few Trees of the new Sopes beginning to yield Revenue. The actual Collection on account of the Beriz of Fusly 1253 within the year amounts to Rupees 19714-1-11 and the Subsequent Collection to the end of 30th September is 507-6-3. leaving the balance remaining Rupees 72: 9a-10p in train of liquidation. The Gross Collections of this branch compared with the Fusly are hereunder stated.-

Total	260523	261752	1229	"	"-8-"

The decrease under Veesabady amounting to Rupees 202 is from

Fort St. George 24th October 1844.-

from poverty among the persons contributing to this Revenue, while the increase in Motturpha is Rupees 1431, of which the Weavers alone contribute Rupees 900-

x Vide fol. 28 of the Statement No. 3.

In elucidation of further particulars Statement of No. 3 is sent, by the 34th Column of which the net increase would appear to be Rupees 1229. being the result of a Comparison between the total increase of Company's Rupees 13,567 in Column 41 and the total decrease of Rupees 12,338 in Column 50. The latter composed of a decrease on 2,339 Persons Struck Out altogether by death, emigration &c. Rupees 6,153. and the remainder decrease on the extent of Trade &c. of Persons Still continuing in their profession Rupees 6,185.

+ Statement No. 3. Col. 48

‡ Col. 49.

The total increase of Rupees 13,567 above noticed is accounted for by Rupees 4817 from new comers and Rupees 8750 from old residents whose tax has now been increased according to their respective increase of trade or employment.-

Total	2,61,666	2,61,484	"	182.

The Net Decrease Rupees 182. is from a decrease of Rupees 1156. owing to the small amount of arrears and an increase of Rupees 1047. as well as from a decrease of Rupees 73 in the Extra Revenue. The portion of Collection within the Fusly amounts to Rupees 2,59,908 10-11 and that to the end of this report Rupees 1453-2-9. leaving a balance of Rupees 390-6. 4- of which a portion is recoverable.-

Stamp Revenue

10- The Sale of Stampt Paper for the fusly under report amounts to Rupees 22,029. being Rupees 3946 less than last Fusly as shewn below.-

Para 1.

I have the honor

Submitting a Report on the Extra sources of Revenue in the District of Cuddapah during the Fasly 1253 together with the usual accounts Nos 1 to 14.

to submit a report on the Extra

Sources of Revenue in the District

Statement

Sayer.—

3. From the above statement it will be observed that there has been a Net decrease in the demand amounting to Rupees 10,642-8-7.— in the past compared with the preceding Fusly.

4. Altho there has been an increase in the Sayer in Four Talooks Vizt. Budwail, Chitwail, Sidhout, and Camalapoor to the amount of Rupees 7,107—5—0 yet owing to the abolition of the Inland and Transit duties from the 31st March 1844 in this District, with the exception of the Mysore Frontier Chowkies under the Provisions of Act VI of 1844. there was a gross decrease in this source of Revenue in the past compared with the preceding Fusly amounting to Rupees 16,326—15-7.—

5. The following Statement gives the particulars of the different items of Sayer Revenue in the past compared with the preceding Fusly:—

Betel

14016- Fort St George 24th October 1844.

	Fusly 1252	Fusly 1253	Comparison Increase	Comparison Decrease
Betel and Tobacco &c Rented	32505 0 0	25,708 8 4	. . .	6,796 7 8
Amount of Collections in the Frontier Chowkies	32835 5 0	24,071 2 10	. . .	8,764 2 2
Ditto — of — Ditto in Town duties	141966 4 3	141199 12 6	. . .	766 5 9
	174,801 9 3	165,271 1 4	. . .	9,530 7 11
Grand Total	207,306 9 3	190,979 9 8	. . .	16,326 15 7

6. The decrease under the heads of Betel, Tobacco &c Rents and Town duties which is shewn above is attributable to the abolition of Sayer Chowkies from the 1st of April 1844.

7. The reason of the decrease which appears in the Mysore frontier duties is because orders were not issued for levying the duties on goods imported from the said District from 1st April to 24th May on which latter date the final orders of the Board of Revenue on the subject were received, doubts having been entertained as to collecting the same under the provisions of Act VI of 1844. during which period a considerable quantity of Betel Nuts, Opium &c

14019- Fort St. George 24th October 1844.

Stamps- 17. The amount of Collections from the sale of Stamps in the past Fusly amounted to Rupees 22,484-8-11. being Rupees 983-4-4 less than the amount realized in the preceding year.—

18. There was an increase of Rupees 1,215—— in the sale under the head of Revenue stamps in consequence of a greater quantity being purchased by suitors for the purpose of litigation in the Civil Court newly established, and the decrease of Rupees 2,198-4-0 in the sale of Sayer Rowannahs is attributable to the abolition of the Sayer duties.——

19. The subjoined Statement exhibits the particulars of the Collection of the old balances-

	Balance at the close of Fusly 1252	Collected in Fusly 1253.	Remaining Balance	Amount Remitted under Sanction of Government	Remaining Balance at the close of Fusly 1253	Amount Collected upto Fusly 1254	Remaining amount of Balance.

Sir

1. I have the honor to acknowledge the receipt of your letter of the 30th Ultimo and to forward the accounts therein called for.

2 No change has yet taken place in the Frontier Establishment if I except the reduction of a Chowkeedar and one peon at the Veerabhadra Droog Chowkey from 1st of August and of two peons at the subordinate Ghât of Alootta Palootta from the 1st of September, which I thought advisable to discontinue because there were no collections there. This is the Chowkey alluded to in my letter of 20th of April.-

3 I have also the honor to submit a Proposition for the remodelled establishment recommended in my letter of the 20th April in the Form intimated in the 2nd Para of your letter under reply.

From the Agent to the Govr. at Rurnool— Submitting Statements of Establishment maintained for collecting frontier duty and proposing an increase to the number of Chokies now retained.

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 30th Ultimo and to forward the accounts therein called for.

3 I have also the honor to submit a Proposition for the remodelled establishment recommended in my letter of the 20th April in the Form intimated in the 2nd Para of your letter under reply.

4 Under the impression that

14041- Fort St. George 24th October 1844.

that it was the wish of the Government to restrict the transit of goods to as small a number of routes as practicable, confining the trade only to the principal thoroughfares, and being led to suppose that the duties of the Frontier establishment would be of a more responsible nature than they are at present (a view of the case which the new Act (No. VI of 1844) seemed to me to imply) I recommended in my letter above alluded to, a reduction of the number of Chowkeydars raising the pay of those retained as well as of the peons.

5. But from the number of Chowkies already sanctioned for Bellary and other Districts, I am inclined to think I must have mistaken the views of the Government, and in that case, as it would undoubtedly be a convenience to the people to have a greater number of Chowkies at which duties might be levied, I have prepared in the same Form another Proposition for an Establishment to be substituted for the one

formerly

+ 20th April 1844

formerly recommended, supposing me to have been under a misapprehension, but as the Board are probably in possession of the intentions and views of the Government they will be better able to decide which of these Establishments should be adopted.

6. In this new Proposition, I have included nine Chowkeydars and 31 Peons on the same pay that they are receiving at present amounting in the aggregate to Rupees 174-8 and if the Board should determine on recommending this Establishment (of which I am myself in favor) to the Supreme Government, it will be necessary to add the following routes by which goods should be allowed to pass out of or into the Kurnool territory to the list submitted with my letter of the 27th August last.

From T. Goldingham Esqre Collector of North Arcot.

Dated 9th Septr 1844

Sir,

Para 1. I have the honor to acknowledge the receipt of your Letter with enclosures relative to the Village of Polembaid lately enjoyed by A. Cooppoo Chetty and attached by the Zemindar of Calastry.

Returning Petitions Nos. 793. 856 & 973 of 1844 with a brief report relative to the Village of Polembaid in the Calastry Zemindary as required by the Board.

2. Cooppoo Chetty complains of the attachment made by the Zemindar and urges that the Grant of the Village of Polembaid was not a Charitable endowment and that the Village had never been previously attached by the present or former Zemindars. The Zemindar has forwarded

* Gen. No. 793 of 1844.

* the original letter written by Cooppoo Chetty to him on the 25th May 1839 in which he promises to repair the Choultry and to carry on the Charity This letter is a reply to one written by the Zemindar to Cooppoo Chetty in which he threatens to attach the Village, as he understood, it was going to be Mortgaged and requires that the Charity for which it was given should be kept up. There is no ground for questioning the authenticity of this letter, the seal in wax on the outside bears the name of Cooppoo Chetty in English Characters

Characters and it is urged by the Zemindar that Cooppoo Chetty did, in conformity with the tenor of his letter, continue the charity but on a limited scale, feeding 6 Bramins only daily instead of 12, and giving nothing to the Pagoda.

3. Cooppoo Chetty ought to have in his possession the original sunnud, by which the Village was granted to his ancestors. The Zemindar calls upon him to produce this. The Zemindar has enclosed a copy of the original sunnud with the List of articles required on account of the charity, and an agreement signed by Chokapah Chetty. It appears from these that the Village was given to defray certain offerings to be made by the ancestor of Cooppoo Chetty at the Pagoda in Calastry and for a Choultry for feeding 12 Bramins daily in the same Town. In the year Vibava 1808/9 the Village was resumed by the Zemindar as the Charity was not performed but granted again as the parties said they were performing the duties required.

4. Again in O. S. No. 80 of 1813 before the Provincial Court Centre Division, it is clearly stated by the ancestors of Cooppoo Chetty that the Village Polembaid is a Charitable Endowment

Endowment. It was also stated by the late Namasavoy Chetty in his evidence on the subject of the suit above mentioned that Polembaid was held by him and that he was in the habit of performing the Charitable duties thereof.

5. Cooppoo Chetty encloses copies of 2 Sunnuds. The first document appears to be an order from Numboor adynaraynapah to Doorjaty Soobiah written in the same year as the grant itself and putting Chocapah Chetty in possession of the Village. The other document is from the same to the same, stating that the Zemindar had remitted certain Rassooms. These documents do not bear on the merits of the case: it was not necessary that the terms of the grant should be stated in the former document.

+ 14th July 1801. 6. Mr. Stratton's letter to the Board does not supply any information on the present subject. Polembaid is entered under the head of "Teazgar." The terms of the grant are not mentioned.

7. It is sufficiently shewn that Polembaid was given to Chocapah Chetty the ancestor of Cooppoo Chetty for the performance of certain religious and charitable duties and it is quite clear from Cooppoo Chetty's own shewing that he has neglected to perform these

Endowment. It was also stated by the late † Nimasawy Chetty in his evidence on the subject of the suit above mentioned that Polembaid was held by him and that he was in the habit of performing the Charitable duties thereof.

5. Cooppoo Chetty encloses copies of 2 Sunnuds. † 14th July 1801. 6. Mr. Stratton's † letter to the Board does not supply any information on the present subject. Polembaid is entered under the head of "Teazgar." The terms of the grant are not mentioned.

It is sufficiently shewn that

7. Polembaid was given to Chocapah Chetty the ancestor of Cooppoo Chetty for the performance of certain religious and charitable duties and it is quite clear from Cooppoo Chetty's own shewing that he has neglected to perform these

Fort St. George 24th October 1844

these. The Village then was liable to be resumed either by the Zemindar or by Government under the provisions of Regulation VIII of 1817. Regulation V of 1822 does not appear to be applicable to the case. The assessment of the Village is stated to be Karak Pagodas 3,99-1½ as or Rupees 1,596-6 as."

8. The question arises what is to be done with the Village? Two recent cases of resumption in the Calastry Zemindary occured, one in 1839, and the other in 1842, which it is proper to notice briefly in this place. The first case has reference to the Village of Pedda Poolor and the second to the Village of Carapauk.

9. Pedda Poolor was granted as Enam. The question arose whether it should be resumed by the Government or by the Zemindar. The Board advocated the right of the Zemindar to resume on the ground that the Peshcush of the Zemindaries of Calastry, Venkatagherry and Bomrauze was fixed on the same Principle, without reference to specific assets like the Northern Zemindaries, and that as the Zemindars of these Estates could not claim Remission on account of Villages taken from them by Decrees of Court, so ought they to be considered to be entitled to benefit by the resumption of any Village. The Government were pleased to concur in opinion with the Board of Revenue "as to the propriety of giving to the Zemindar of Calastry

From Board to Chief Secretary to Govt. 4th March 1839. Extract from Minutes of Consultation 9th April 1839.

Fort St. George 24th October 1844

Calastry possession of the Village".

10. The second case is that of the Village of Carapauk. This had been a Charitable endowment, as the object for which the endowment was made was not fulfilled, the Village was resumed by Government and the management of it entrusted to the Zemindar of Calastry who engaged to fulfil the conditions of the Endowment.

From Board to the Actg Secretary to Govt. 1st Sept. 1842. Extract from Minutes of Consultation 20th Sept. 1842.

11. The Village of Polembaid, it has been shewn, was granted for the performance of certain religious and Charitable duties. The Grant was made to Chocapah Chetty the agent of the then Zemindar, not as Enam but for the performance of certain duties. The grant appears then to be similar to that of Carapauk and the Village may be made over to the Zemindar on the same terms as were required in that case, should the Board and Government concur in this view of the case. If the Grant were Enam, the Village would revert to the Zemindar, with the permission of Government, as was observed in the case of Pedda Poolor.

12. It may be argued that although the performance of a duty was enjoined, the Grant was rather personally to Chokapah Chetty to defray the necessary expences than a Charitable endowment for the benefit of the Public. This view however appears untenable as the duty has been performed by the successors of Chokapah Chetty for many years and the Zemindar called upon

Coopoo

14050- Fort St. George 24th October 1844.

Cooppoo Chetty, the present Petitioner, to fulfil the terms of the Grant. Having been viewed as a Charitable Endowment for so long a period, it cannot be considered otherwise now. If a doubt exists or if it is considered unnecessary to keep up the endowment in a large Town like Calastry where other Charitable and religious endowments exist, the Zemindar should be allowed the benefit of the Resumption. It must however be borne in mind that there cannot be too many Charitable Endowments in a more advanced state of society this will be more apparent.-

13. The Zemindar has appealed to the Civil Court against the Decision passed under Regulation V of 1822, but will doubtless withdraw this appeal if the Government are pleased to determine that the Village shall be made over to him.-

14. The Petitions with enclosures received with your letter under acknowledgment are herewith returned.-

№ 1900 of 1843 reported on by Endorsement- From the Secretary to the Board of Revenue 27th May 1844.-

States with reference to the Board's letter of the 27th May 1844 that a compensation of Pd 256-2- may be given for certain Palmira Trees &c taken for the use of the Great Western Road.-

Sir,

The correspondence noted in the Margin has reference to the claims of Mootoosawmy Moodely of Vittoovaumum and Cunda Moopen of Brammana-mungalum to compensation on account of Palmyra Trees, Leaves and Boughs (Nar) taken for the service of the Great Western Road during the years 1841, 1842 and 1843.- The Board were pleased to desire that the Compensations should be fixed on a consideration of all the circumstances, recognizing the right of Government to the use of unproductive Trees for the public service.-

2. Productive Trees appear to be of two kinds, those from which Toddy is drawn, and those which do not yet yield Toddy.- It is chiefly with reference to the former

Nth Dn of Arcot

Sir,

The correspondence noted in the Margin has reference to the claims of Mootoosawmy Moodely of Vittoovaunum and Ounda Moopen of Brammana = mungalum to compensation on account of Palmyra Trees, Leaves and Boughs (Nar) taken for the service of the Great Western Road during the years 1841, 1842 and 1843.- The Board were pleased to desire that the Compensations should be fixed on a consideration of all the circumstances, recognizing the right of Government to the use of unproductive Trees for the public service.-

States with reference to the Board's letter of the 27th May 1844, that a compensation of Rs 236-2- may be given for certain Palmira Trees &c taken for the use of the Great Western Road.-

No 1900 of 1843 reported on by Endorsement From the Secretary to the Board of Revenue 27th May 1844.-

2. Productive Trees appear to be of two kinds, those from which Toddy is drawn, and those which do not yet yield Toddy.- It is Chiefly with reference to the former

former that a Puttah is issued. The holders of the Tope in the present case receive a Putta in each year. They allege that the Trees for which Compensation is claimed were all Toddy yielding Trees, but this Statement is not admissible. Strict orders were given to take unproductive Trees only; the Peons in charge of the Convicts on the Great Western Road do not appear to have attended fully to these orders, and it is probable that some Trees were taken from which Toddy was drawn. These however would be replaced afterwards as the holders of the Tope would take other Trees from among the productive Trees from which Toddy had not been drawn, so that the loss incurred was for that season or portion of it only. It is difficult to say what number of Trees actually yielding Toddy was taken, and impossible to fix with accuracy the loss sustained. It is stated by one of the Petitioners personally before me that the amount produce of a tree may be taken at 4 annas - if one half of

this is given as Compensation for the whole number of trees taken, the rate appears liberal and fair. In like manner adverting to the right of Government and to the circumstance that the Puttah has reference chiefly to Toddy yielding Trees, the leaves may be fixed at ½ Rupee per thousand, and the Nar at 2 Annas per 100. assuming these rates the Compensation including Branches and Nar will amount to Rupees 36-2-

Vizt.-

155	Trees at 2 annas each	Rs.	19	6
27500	Branches at ½ Rupee		13	12
2400	Boughs / Nar / at 2 annas per 100		3	4

From the Coll.r of South Arcot. I have the honor to request you will bring to the knowledge of the Members of the Board of Revenue my having been reluctantly compelled, on the 1st August, to remove Balajee Row from the situation of Tahsildar of Villapooram in consequence of his having permitted a Prisoner, when in his Custody, to effect his escape, & reporting at the time she was sick, and that in his opinion he was not guilty of any crime, tho' there was the strongest proof to the contrary—His omission to forward the Prisoner in question to Court has also been strongly commented on by the acting Session Judge in his Proceedings dated 26th June last—

Independent of his neglect of duty in the Police, he has been equally bad in the Revenue Department, and has afforded me the strongest grounds for displeasure with him ever since I have been in the District, but from his length of service and his present infirm state of body the effects of old age he being upwards of sixty four years, I am willing to give his case that lenient consideration which the Board, on a former occasion, suggested, by recommending he should be permitted to retire on such Pension to which his period of service entitles him—

Inbon.s 24th Oct.r

Revenue to acknowledge the receipt of your letter dated 18th October 1844, reporting that you have removed Balajee Row the Tahsildar of Viloopooreum from his situation for allowing a prisoner to escape, and because his conduct in the Revenue Department had been equally bad, and afforded you the strongest grounds of displeasure, and to transmit to you the accompanying petition on the subject from the Tahsildar for your consideration and report.

2. The Board do not consider themselves called on to interfere with your proceedings in the Magisterial Department, but as regards the Tahsildar's conduct in the Revenue Department they observe that they cannot sanction his removal on more general grounds such as the above and without the particular offences of which he has been guilty being specified. they request therefore that you will be good enough to state the particular instances referred to, of the Tahsildar's "neglect of duty" or other misconduct as a Revenue Officer.

Sir,

In 1840 Paravatha Vurdhana Nachyar the late guardian of Ramnad instituted a suit in the late Provincial Court of Trichinopoly in No. 2 of that year for recovery of money from Venkata Soobyen younger brother of Moothana Vyan deceased, and others for value of grain sold to the said deceased in Fusly 1235 / A. D. 1825/1826 / and obtained a decree for Rupees 25,199-13-3-

2. Venkata Soobyen appealed to the Sadr Court in No. 34 of 1843, and the present guardian, Mootoo Vizia Ragoonadha Saithoopetty, now demands Rs. 820-12- according to a list of charges to enable him to defend the case on appeal—

3. I have the honor to recommend that the Court of Wards should authorize me to make the disbursement accordingly

4. As there are various suits to be maintained I should be glad if the Court would afford me a general authorize or to know if they require a similar application to the present in each case or if further information be wanting and finally if they wish themselves, or expect me to supervise the pleadings—

To the Chief Secretary to Government—

Submitting with reference to the order of Government dated 23d August last a letter from the Principal Collector of Coimbatore stating his opinion as to the propriety of permitting Mr. Gardner to fell Timber in the Annamalee Jungles for the supply of the Bombay Govt. and supporting his recommendation that the Forests in that District be kept under Amanie and worked by a Superintendent or conservator assisted by a competent establishment

Sir,

With reference to the order of Government No. 261. Dated 23d August 1844. I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter (with Enclosures) of the 14th Ultimo, from the Principal Collector of Coimbatore stating his opinion as to the propriety of permitting Mr. Gardner to fell Timber in the Annamalee Jungles for the supply of the Bombay Government and reporting generally on the condition of those Forests and the mode in which they should be managed.

2. From this it will be seen that in the judgment of Mr. Wroughton it is altogether inexpedient that the working of the Coimbatore Forests should be entrusted to Mr. Gardner or to any other renter or contractor as he states that local arrangements can be made to meet the demands

14061- Fort St. George 21st October 1844.

demands of the Bombay Government to any extent, and adverting to the wastefulness of the renting system, and the injurious effects which have usually been found to result from it, he strongly recommends that these Forests be kept under Amanie and worked by a Superintendant or Conservator assisted by a competent establishment.

3. On the grounds given by the Principal Collector and looking to the advantage to be derived from a more perfect Knowledge of the resources of these Forests, which would seem hitherto to have been but little explored, the Board beg to support the measure advocated by Mr. Wroughton. They do not however agree with him as to the propriety of remunerating the "Conservator" by a Commission on the Timber felled. As such a mode of payment would induce him to regulate his operations rather with regard to his own interests than to the exigencies of the public Service - it would, the Board think be preferable to pay the parties employed by fixed Salaries and should the Government concur, they will call upon the principal Collector

14062. Fort St. George 24th October 1844.

Collector to submit a statement of the requisite establishment, and of its cost with estimate of any other charges likely to be incurred for the conservancy and working of the Forests.

4. In their Letter of 30th November 1842 the Honorable the Court of Directors recommended that the business of conveying Timber from the Malabar and Canara Forests to the Sea, should as far as practicable be performed by contract and it will probably be desirable that the transport of the Coimbatore, Timber to the Western Ports should be effected in the same manner.
