13201 Fort St. George — September 1849.

Diary.-

31st August.

Received the following letter.-

To,

S. Sycroft Esqr.

Secretary to the

Board of Revenue.

Sir,

1

From the Head Assistant Collector of Coimbatore.

I have the honor to request that you will forward this my application for an esctension of One month's leave under Section XI amended of the absentee Rules in addition to the month allowed me by the Regulations to join my station.-

As I have been unwell for some time I have taken this opportunity of visiting the Presidency for Medical advice.-

The time that would necessarily elapse in forwarding my application for leave through the usual Channel will I trust be sufficient reason for addressing the Board of Revenue direct.-

Madras, 31st August 1849.

(Signed) R: J. Sullivan.
Head Assistant Coimbatore.

Order thereon.

1—2

Ordered it to be submitted thro the Channel of the Civil Auditor for the favorable consideration of Government.-

At

At a Meeting Present.

G: D: Drury Esqre. Senior Member.

and

Monday 3d. September 1849. } J: Goldingham Esqre. Third Member.

Walter Elliot Esqre. Second Member.

Absent on duty as Commissioner Northern Circar.

Minutes of the last Meeting read and approved. 13206

3.

From the Acting Deputy Secretary to Government communicating Copies of correspondence received from the Bombay Government on the subject of the working of the Government Forests in Canara.

Read the following Extract.

Extract from the Minutes of Consultation, dated 24th. August, 1849. No. 311.

Read the following letter from the Secretary to Government at Bombay.

Marine Department No. 864.

Bombay Castle 10th. August 1849.

Sir,

In continuation of the despatch from this Department No. 1679 dated 10th. November 1848, I am directed by the Right Honorable the Governor in Council to communicate for the information of the Right Honorable the Governor in Council at Fort St. George the accompanying Copies of a letter from the Military Board No. 1939 dated 24th. Ultimo, and its enclosures, on the subject of the working of the Government Forests in Canara.

To, The Secretary to Government Fort St. George.

(Signed) J. G: Lumsden. Secretary to Government.

To,

No. 1939 of 1849.

Marine Department.

To,

The Right Honorable Lord Viscount Falkland. Governor and President in Council.

My Lord,

With reference to Secretary Lieutenant Colonel Melvill's Letter No. 1680. of the 10th. November last we have the honor to submit to your Lordship in Council the accompanying correspondence containing the reports of Captain Williams and his Assistant Mr. Poulton on the subject of the working of the Government Forests in Canara, together with the remarks of the Conservator of Forests thereon.

Bombay, Military Board Office, 24th. July 1849. }

(Signed) F. Schuter, Colonel. Commandant of Artillery.

" G: Moore, Colonel. Military Auditor General

" J: Swanson, Major. Member Military Board.

To,

forwarding Copies of the correspondence relative to the procurement of the Timber from the Public Forests in Canara, and I herewith respectfully beg to offer such suggestions and information as have from time to time come to my notice in different excursions up to Black River (or Kallah Nuddy) to the Forests.—

I would beg to observe that the Forests of Teak below the Ghants were worked during a former conservancy of some 25 years since, and the different Contracts that have been made are entirely from such trees as I suppose were considered at that period too small, and the few larger ones that have been sent to Bombay were most probably trees overlooked at that period, or in such places as could not be brought to the Coast by manual labour, the use of Elephants not

not having resorted to as I learn from the former Sub Conservator who has been lately pensioned, being very old and infirm.—

There are still a good sprinkling of young trees measuring from 4 to 7 inches in diameter and some large mostly high up in the Hills with but very few Seedlings and I observe those trees below Gumnais Goody do not thrive equal to those above, from, I infer, their not having so much moisture, and there being many Villagers interspersed about, who to obtain food for their Cattle drive them through the Forests to feed.—

These Cattle are not only the Villagers but belong to persons on the Coast, who when grass is scarce near their houses, send them in the Jungles, having them back again on the setting in of the rains.

And as the grass in the Jungles if left year after year would soon

To

C. M. Lovell Esqre.

Acting Secretary to the

Board of Revenue

Fort St. George.

31

Sir,

From J. F. Bishop Esqre. Asst. Collr. of Nellore
Reporting on the settlement of the Nellore District for Fusly 1253 and transmitting accounts connected therewith.

Para. 1. I have the honor to transmit herewith the Jamabundy and Kistbundy Statements No. I & II for Fusly 1253 A.D. 1843/44 with a detailed Jamabundy Statement No. III and a Statement of the Beriz of that Fusly compared with the previous one both in English and Teloogoo.

2. Of the 17 Talooks composing the District Mr. Stonhouse settled the Talooks of Colah, Poonmalatalpoor, Goondavole, Calagherry 39 of the 40 Villages composing the Survapally Talook, and 39 of the 52 Villages of the Nellore Talook inclusive of the Village of Nedoomoosaley, which was settled under Aumany in Fusly 1252 A.D. 1842/43 but under Muctah in the Current Fusly.- Mr. Purvis the Sub Collector in charge settled the Talooks of Cavaly, Talamunchy, Sungum, the Village of Panoosburty in Survapully Talook, and 13 Villages of the Nellore Talook, which had been left unsettled. The Acting Head Assistant Collector Mr. Ratcliff settled the Talooks of Woodiagherry and Ravor.

The

soon become too coarse for them to feed on, so it is annually burnt, and on my trip last year in the beginning of May there was not a place from Mullapoor to the foot of Gunnais Gooddy pass, but was either burnt or burning, from which annual Fires and also the being trodden on by the Cattle, it is impossible for young Plants to escape destruction, and also the underwood being burnt, the sun soon absorbs what moisture is in the Hills, and I would respectfully beg to be allowed a trifling sum for the Collection of seeds and for their being put in the ground at the proper period at such places as are not likely to be burnt annually, for if the young trees once take root and get to about one inch in diameter or less they are not easily destroyed, for if the tree above ground be broken down the roots will still throw out young shoots-

The

The late sub Conservator got some seeds two or three years since which he sowed in such a part of the Jungles as I have just described where Cattle are being fed daily-

A great part of the young trees now standing are shoots from stumps, for if a Teak Tree be felled before it attains a certain growth, it will generally throw out Shoots which I am in the habit, in walking through the Forests (all such as I see) to break off all the shoots but the two leading ones, and these in good soil will grow to about 6 or 8 feet in height in two years-

Above Gunnais Gooddy for the distance of about 10 Miles on both sides of the river are a great number of fine young trees and on the top of some of the Hills are a few large ones; there are also a few good size trees on the top of the Hills above Coolsully (which is just below the Ghauts) but

Fort St. George 7th November 1844

The Villages of Chirowella and Bleemanaram in the Wardingherry Taloork and the Sydapoor Taloork were settled under Amany by myself being the only ones unfinished on my joining the District.-

3. The settlement of the 5 Taloors composing the Sub Division was concluded by the Sub Collector Mr. Purvis,

No. 4 - a Copy of whose report is sent herewith.

4. The total number of Villages and Hamlets in the District is as follows:-

Fusly	Villages	Hamlets	Total
1252 a.D. 1842/43	729	601	1330
1253 1843/44	727	599	1326

5. The following are the particulars.-

	Fusly 1252	Fusly 1253	Comparison Increase	Decrease
Villages settled according to Mr. Smalley's Muctah	384	384	"	"
Do Do according to the new Surums	66	67	1	"
Do held by Gungoolawar Poligar paying a certain amount of rent	8	8	"	"
	458	459	1	"
Do Settled according to Mr. Travis's Muctah	130	129	"	1
Do Do according to Mr. Smalley's Survey	86	86	"	"
Do Do according to Amany	55	53	"	2
	729	727	1	3
Deduct Increase				1
Net Decrease				2

Note

Fort St. George 7th November 1844

6. There is an increase of 1 Village and a decrease of 3 in the Current year. The Village of Nedoomoosaly in Nellore Taloork was up to Fusly 1252 (A.D. 1842/43) settled under Amany but in the Current year under Muctah. The Village of Checkavole in Sydapooram Taloork which was in the previous year also under Amany was subsequently with reference to the Proceedings of the Board of Revenue dated 10th July 1843, made over to two women, relatives of the persons who purchased it from the Zemindar to be held by them during their natural lives. Of the Villages settled under Amany there is thus a decrease of two. The Village of Nedoomoosaley which was formerly settled under Amany was in the Current year included with the Villages that were settled according to the new Surums, making an increase of one Village under that head. The decrease of one Village under the head of Villages settled according to Mr. Travis's Surums arises from the Bachcrauk Village of Janakepooram in the Talamuricky Taloork hitherto settled according to the Muctah Surums having been struck out from being an independent Village and included with the Village

of

but to be enabled to bring them down a good deal of Sooparee Cultivation will have to be destroyed, as the bottom of the Hills are covered with that tree - On the whole I have no doubt that about 2 or 3000 trees more may be obtained on this River varying from 3 to 10 Candies each -

The place I would suggest for the sowing of seeds are in the Hills just mentioned Vizt. above Gunnais Gooddy, as there are only one or two houses in the whole District and the trees are of a superior growth to those nearer the Coast, neither will the rate for their conveyance be much enhanced by their being some distance off, as the river runs close to the foot of the Hills and a little more water carriage is but a trifling expense.

On the left or Northern side of the river at the back of those hills last mentioned is a

a very large tract of Jungles named the Goond Jungles which from its situation has never yet been worked, although in them are an immense quantity of Teak and other Trees of the largest description and I am glad to say that I have found a route by which they can be brought to the Coast at a little higher rate than that which has been previously paid, say 8½ Rupees the Candy, probably less - when last there I measured one of the largest I saw, which was at about 4½ feet from the ground, 21 feet in circumference and should judge its height to be nearly 70 feet to the first branch apparently sound from the outside appearance, but it is difficult to say whether not a tree of such a size may not be defective in the centre. As but little is known of this great tract of Jungles I cannot say what quantity may be obtained therefrom, but I have seen three or four thousand fit to cut

and

of Butturcaugollos - This has been done in consequence of its lands being irrigated by the Tank water and cultivated by the Ryots of Butturcaugollos adjacent to which they are situated, and there being actually no such Village as Jana Keeporam in existence, thus shewing a Net decrease of two Villages 7. There is also a decrease of two Hamlets, in the Current Fusly those depending on the Village of Cheekavole in Sydapooram Talook above alluded to having been made over to the Enamdars together with the Village.-

Season 8. The Season though irregular was on the whole rather more favorable than that of 1252/1842-43 The rains in the Month of April the Season for commencing the cultivation of the 1st Crop entirely failed, and the River received no supply - about the latter end of the Month of May there were partial rains, and the River freshes came down twice; the first giving about 1/4 and the second about 1/2 a River. In the Months of June also there were trifling falls of rain in different parts of the District, and the Pennar received a small supply.

advantage

(Caur) advantage was taken of the water in the Tanks to bring the Metta and Magany Caur under cultivation, and altho' a considerable extent of land in the tank beds was subsequently inundated, the whole extent of cultivation under this head is greater than in last year, and the lands with the exception of those inundated generally proved productive. The Metta lands as far as practicable were cultivated with Sujja Cora, Varagu Poonasa Crops, and in general were productive, but in some of the Northern Talooks the Metta Sujja appears to have been destroyed by insects, and it was found necessary to sow the lands a second time. The first Crop produce on the Mooloom lands irrigated by Wells was generally better than that of the preceding year.-

Peddanary 9. Occasional and partial rains fell from May to the end of September, and in the latter part of July and September the River received small supplies the Ryots were thereby enabled to bring the Peshanum Varagu the second Series of Magany under Cultivation, as well as the Metta Crops of Moodooroo Jonna Raggy, Oil Seed Varagu to a greater extent

than

and have been over but a very small portion of it- It is also probable other valuable trees may be found, such as Poona and Blackwood-

I made an application two years since to be allowed to work these Jungles but the Collector deemed it advisable to get an increased Establishment before doing so, which I see by a letter I received a few days since has been granted.-

The Junglewood about this River has been nearly all cut below Dewkar (a Village situated about 25 Miles from the Coast) during the time permission was given to do so, in fact the Ayney and the Hafs are but rarely to be met with unless it be far up the river-

About Dewkar and the opposite side of the river are some very large Martee both white and black, but the last named woods are so exceedingly heavy, particularly the white, that but few like to undertake its transport, when they are of a very large

D.G.

dimensions- The wood is very strong and durable, and I am informed the black Martee is the principal wood used by the Government of Goa for their buildings.-

The Jambo is also found but from observation I find that when the tree is of a large size it is frequently quite rotten or nearly so in the Centre when sound on the outside-

The Kendel tree is also very scarce except far up the river, other wood are obtainable but if required of a large size must be brought from above Dewkar-

In my different trips up the Gungawally a small river about 23 Miles South, at which place the last contract of Teakewood has been made, there are already 3,000 trees which were girdled last season and will on the whole on average I expect above 3½ candies a log and I think if required about 3,000 at least of the same dimensions after the present contract has been fulfilled may be obtained.-

My observations on the Black river regarding small Plants

also

than in last year, though the latter Crops suffered considerably from the attack of insects as before stated, but the Crops of Peshanum Sunnavary &c. were generally productive, though in Some parts inundated by the heavy rain which fell in December.-

Coda 10. The 3d. Series of Magany cultivation the Coda was carried on in proportion to the Supply of water in the Months of October and November which was very Scanty. In the Month of December however, there was a considerable fall of rain in the District, and the Pan Eswaram River Channels, as well as many of those depending on the rains received a full Supply of water. others received from 1/2 to 3/4 of their full supply and the Coda cultivation both in the Principal and Sub Divisions was carried on extensively though later in the Season than it should have been, and the quantity of produce was unfavorable, in consequence of a failure of water just at the time the Grain was ripening and required a Supply to fill the ears. the produce in the Sub Division was more favorable.-

The

11 The heavy fall of rain in December, which though favorable for the Magany Coda cultivation had a ruinous effect on the 2d. Metta Crops (Moodooroo Jonna) destroying them entirely in many instances, and damaging those which remained to such a degree, that the grain was almost unsaleable. From the same cause, the Young Crops of the Pyra Jonna Sown in November were washed out of the ground, or swamped and the cultivator put to the expense of purchasing fresh Seed to renew the Crop which from being planted too late in the Season did not yield a proper return.-

+ No. 5. Commutation price Smalley:-
Dry ——— Rs. 30
Wet ——— 20
Travers-
Dry ——— 28
Wet ——— 20

+ Account No. 5 is the average price Current of the several grains, according to which the highest rate on Dry Grain is Rupees 17-5-4 and the lowest Rupees 8-10-8. the highest rate on wet grain is Rupees 18-0-0 and the lowest Rupees 12-10-8. It will be seen that in the Talooks of the Principal Division where Magany is extensive, the average highest rate on wet grain does not exceed 15 Rupees at the Cusbah Stations and that with the exception of the Tommalatal poor Talook where Magany is not extensive, the rates in the other Talooks vary from Rupees 14 to 13 and 12. In the Northern Talooks where Metta predominates, the highest rate on dry grain does not

exceed

also extend here, being very few indeed, and were it not for the stumps giving young shoots the trees would soon be almost extinct so few are the seedlings although there are a great many fine young thriving trees of rather too small dimensions for present use—

I have also seen a few tolerable good Blackwood Trees in these Jungles, but generally they do not run very large, probably 3 or 400 may be obtained of 3 candies each and upwards—

There are also a few Poona trees but they do not run above 70 feet in length and of proportionable girth, and from what I have seen I do not think first class trees will grow so near the coast but should be obtained from above the Ghants in very secluded and well sheltered spots, for as soon as they overtop the adjacent trees or other protection they either throw out branches or get to be crooked, occasioned I infer by the strong winds—

The quantity of Junglewood obtainable here of a large size limited

we have already felled about 700 of Mantee and to procure others we shall have to cut them from above Sunkoall (a Village situated about 15 Miles up the river.)

The Hafoem tree which is considered by the Natives the best wood in these parts (excepting teak) for general purposes, have been cut in great quantities from these Jungles by the Natives but is now very scarce unless it be further up the river, and even there, not so plentiful—

Nana is to be found of a good size and from its being as much lighter wood than Mantee can no doubt be brought to the Coast at a less rate, but near this river as in the Kallah river most of the good trees conveniently situated for transport have been previously Cut, but there are still large quantities obtainable but not at a low rate of Contract

The Tuddory which is the next river to the South is much larger than the latter, but from want of time I have not yet seen much

of

Fort St. George 7th November 1844.

exceed Rupees 12-5-4 the general rate being Rupees 10 or 9 and odd. The Board are aware that these prices are not the general sel-ling prices in the Villages but the rate at which grain is sold at the Cusbah Sta-tions during the three principal Months of the Season. The Statements having so fully laid before the Board the declining condition of the Ryots in consequence of a Series of years of low prices it would be an act of Supererogation on my part again to enlarge on the Subject and as my experience has been but short in the District my obser-vations would probably carry but little weight with them. Indeed the mere comparison of the Selling prices for the last four years with the rate at which the commutation is fixed, speaks so plainly that any Extra coloring is unnecessary. Applications for permission to throw up land in the current fusly either in part or altogether, have poured in by hundreds, the poorer Ryots describing themselves as com-pletely used up, and those in better cir-cumstances gradually coming to the same level.

The

Fort St. George 7th November 1844.

13.

The following Statement exhibits the extent of land taken up in fusly 1253 compared with that of 1252 A.D. 1843/44 A.D. 1842/43

Fusly	Metta	Magany	Moolom	Jarael	Total
1252	79830	40527	5313	813	126483
1253	79604	40393	5200	781	125978
Decrease	226	134	113	32	505

Statement shewing a Comparison of Cultivation between fusly 1252 & 1253.

Stations	Fusly 1252 Gorstoos Garden	Fusly 1253 Gorstoos Garden
Metta	70217 770	70987 770
Magany	23308 29346 6038	29346 6038
Moolom	4807 14 4821	14 4821
Jarael	715 701	701
	99048 105855 6822 15	15
Deduct decrease		15
Excess		6807

Shewing a decrease in the extent of the dittum of 505 gortoos on all the descrip-tions of lands, althe the actual extent of land cul-tivated, as shewn in the mar-gin exceeds that of the last fusly by gortoos 6807, this increase is to be attributed to the more favorable nature of the Season as regarded the supply of water and decrease

in the extent of land taken up is in part ac-counted for, in consequence of lands having become deteriorated, deserted, or left unoccupied in consequence of the death of the late holders, but the main cause has doubtless been the loss sustained

of its resources, but from good infor-
=mation I learn that good Teekwood is
procurable near its banks, but to what
extent I cannot say—

The Honore river still
further south has also Teakwood and
Poona trees on its banks which latter
can be obtained of about 70 to 80 feet in
length and I am informed a great
number were cut here during the for-
mer Conservancy, but as before from
want of time I have not been able
to examine its resources—

The
the jungles are as follows—
mode of working in

First That after I have been
and seen about what quantity of Teak
may probably be obtained of a
sufficient size, I then made my report
to the Collector to obtain permission
to work those jungles, and after that
has been obtained, take the Subor-
Conservator and his Establishment
and point out all such trees as may
come under my observation, and re-
request him to get them girdled, a
and

and any other that may be found by
him equally sound and of like dimensions
My duties on the Coast precluding me
from staging during the whole of this
operation, but I go up at intervals as
often as possible, quite sufficient for
any person to comprehend what is
required—

Secondly After the trees have
been girdled about a year, we then
fell a sufficient for one years supply
leaving the rest standing, as if the
whole were felled at once great injuries
would, in all probability be sustained
by them from fire, and even with this
precaution some few occasionally
get burnt—

After being felled they
are delivered to the Contractors and as
soon as they have brought them
near the river they are measured
and numbered, being again measured
after they arrive on the Coast— But
in Consequence of the rascality
of the late Contractors— I this
year have altered this mode of
measuring

Sustained by the Ryots in disposing of their produce and other property at a ruinous rate, to meet the demands of the Circar and thus becoming unable to bring a greater quantity of land under Cultivation. The greatest extent of Mooloom thrown up is in the Taluk of Sydapoor / 59 Gorloos / the sources of irrigation having gone to ruin, the Ryots being unable to repair them or to pay a Mooloomoo Shiot on land where Mitta only could be grown.

14. The following exhibits the assessment of the lands that were included in the accounts during the settlement, in consequence of their having been left uncultivated without sufficient reason.-

The

measuring and numbering when brought to the river Side, and now have a rough measure taken at the time of felling as near as when near the river, to prevent them from felling other trees than those girdled by Government Servants (I here beg to state that in para No 6 of Doctor Gibsons report that he misunderstood me in reference to the Contractors object of girdling the trees, which is that they girdled a great number of trees all such as they could find near the edge of the river to save themselves the expense of bringing out those that were previously felled, and which were laying at some distance up in the Hills, thereby saving nearly half their labour, but Doctor Gibsons report would fully apply if any timber is felled adjoining the Goa Territory, but from this place the distance is too great and natural obstacles too much for them to be able to make away with any of the timber now Cutting, and I do not think

think they would run the risk of water Carriage as I should be sure to hear of it—

In reference to the high rate of Contract for the Junglewood I beg to say that if it had been required and a 3 years Contract instead of one, it would have been obtained at a lower rate, as the Contractors are all from Mangalore and Malabar and bring their Elephants Coolies &c. from thence, which is attended with considerable expense, that expense being the same for one year as for three—

As the number of Contractors are but few to prevent any Coalition (whereby Government is likely to suffer)—

I beg to suggest that before the Collector accepts their Contract that he refer it to me as from my having personally seen that the wood I shall be enabled to Judge whether

Commodore J. C. Hawkins
Commanding the Indian Navy
Bombay

Dated Calicut 23d October 1848.

Sir,

I have the honor to acknowledge the receipt of your letter of the 5th Instant No. 1718 referring for my report the copy of a communication from the Government of Fort St. George (herewith returned) in which it is proposed to supply from the Public Forests in Canara, for the use of the Bombay Dock yard 9000 candies of Teak Timber during the years 1850 1853, and 1050 candies of Junglewood during the year 1849 at an Estimated Expense

Expense of Rupees 46939 11 — —

2 In reply I beg to remark that the Estimate of the Collector of Canara provides only for the Cost of felling and transporting the Timber to the Sea Coast and of shipping it on board the Pattimars, but if to this Amount be added a charge for freight at the rate of two Rupees and four Annas the Candy the entire Cost of the Timber on its arriving at Bombay will average six Rupees and twelve annas for Teak, and Eight Rupees and Eight annas per Candy for Junglewood, which I cannot but consider as extremely Moderate.

3d As connected with the subject of the Canara Teak Timber I take leave to quote the 12th and 13 Paras of my letter of the 1st of July last No. 153 to the address of the late Commander in Chief of the Indian Navy in which I have represented that the Timber hitherto received has been for the most part of but small dimensions owing to its being cut from Forests situated below the Ghauts, but that

that Timber of a larger and better description may be obtained from the Goond Forests which are situated above the Ghauts, should the extra Establishment which the Collector has applied for be allowed for the purpose of working them.

Extract Para 12 "As regards the procurement of Teak Timber from the Government Forests in Canara, I would beg to state that the average supply during the last 3 years has been 1000 logs annually measuring 3,500 candies, of this the proportion of large Timber has not been considerable, averaging only 3 or 4 Superior Timbers and about 100 logs of the First sort, it should however be Mentioned that the Forests from whence these timbers have been cut are situated below the Ghauts but that if means could be made available to work the Goond and other Forests above the Ghauts, where timber of a better size and quality is to be found, it is calculated that the supply could be increased by some 2,000 additional logs

logs yearly and it is probable that among these a greater proportion of larger sized Timber might be obtained."

Extract. Para 13. Accompanying my letter of the 15th October last No. 237 and having reference to the 4th Para of the same was forwarded the copy of a letter from Mr. Blane the Collector of Canara in which he mentioned having a twelve month previously applied to Government for an increase of the conservator's Establishment to enable him to Commence working the Goond Forests and in a letter which Mr. Poulten mentions his having lately received from Mr. Blane it is stated that the Government have declined to increase the Establishment and that consequently the working of the Goond Forest cannot be proceeded with at the same time with the Forests below the Ghauts, the distance between the two places being too great, it is however probable that a renewed application from Bombay might if considered

necessary

of Edamapully alone in the Survapully Talook Rupees 245 - 13 - 6 were allowed for land which was Cultivated in a tank bed subsequently flooded in May and water standing in it - Afterwards cultivation could not be again carried on - Rupees 389 - 12 - 6 were also remitted on land exactly similarly situated in the Village of Anantasagaram in Ravoor and trifling amounts in other Villages under like circumstances

25. The inundations of Magany cultivation took place principally in Nellore

Talook

necessary / lead to an increase of the Establishment sufficient to enable the working of the Goond Forest to beat commenced upon"

4. On the subject of Jungle wood I beg to state it is in consequence of my suggestion that the Collector of Canara has confined his Estimate to the supply for a period of one year only as I have been under the impression that the Junglewood of Malabar which can be procured at about the same Cost is greatly to be preferred for its superior dimensions, should however the size and character of the Canara Jungle wood be considered suitable for the purposes of the Dock yard an additional supply for the year 1850 to 1853, can readily be obtained by giving timely intimation to the Collectors of the Districts.

Bombay.

Sir,

As connected with my previous communications on the subject noted in the margin, I have the honor to forward the copy of letter addressed to my Assistant Mr Poulton by the Collector of Canara in which it is mentioned that an extra Establishment has been sanctioned for the purpose of working the Goond and other public Forests in Canara situated above the Ghauts, and with reference to which letter I beg to be furnished with instructions as to the quantity of Teak Timber it may be desirable to procure from Canara in addition to the quantity obtained yearly from the Forests below the Ghauts which latter may be estimated at 1,000 logs equal in measurement to about 3,500 Bombay Candies.

Vide Timber Agent Letter 4th para 7 No 237 of 15th October 1847
12 & 13 paras of No 153 of 7th July 1848
Letter No 222 of 23rd October 1848.

3. Unless it shall be an object to obtain an additional supply of Timber within the shortest possible period I take leave to suggest

suggests that in working these Forests the trees should be girdled and allowed to dry partially in a standing position for at least two years before they are felled and brought to the coast, this would improve the condition of the wood and render it of a quality more fit for immediate use on its arrival in Bombay, it being the general opinion that the Teak requires at least 3 years to dry, and 5 years to become perfectly seasoned.

To,
Captain Robinson
Secretary Naval Department
Military Board.

Sir,

I regret that want of leisure should have till now prevented my replying to your letter No. 77 of 1849 under date 9th January requesting me to forward any remarks I have to offer on the communication of Captain Williams and Mr. Poulton.

2 With respect to the letters of the first named Officer I may state that the subjects therein touched on, Viz.t. the Contracts for Timber in Canara and the working of the Gond Forest having been some time ago disposed of, vide my letters of 9th October 1848 No. 765 and 407 of 1849 under date 28th May I presume that any further remarks on this branch of the subject are unnecessary.

3. With regard to the communication of Mr. Poulton's I would observe that a good part of the subject has been anticipated by me in the Memorandum which I forwarded

Fort St George 3d September 1849.

to the Collector of Canara in the early part of this year, copy of which Memo. I have the honor to forward to the Board.-

4 Referring to Paras 2nd and 3rd I may say that I concur generally in the correctness of the remarks.- There is certainly a very small sprinkling of Teak of any size in the lower grounds, but a good many young trees of the size mentioned by Mr. Poulton are to be seen here and there as we approach the Ghauts, also as Mr. P observes the absence of seedlings is remarkable-

5. In the upper Forest at Bamunja Burchee Nulla Malinga and other places there are (as re: marked in my several reports) very many. The cause of their scarcity below is probably correctly given by Mr. Poulton in his 4th and 5th Paragraphs Viz.t the burning causing extensive destruction to young plants as already remarked by me elsewhere.-

6. I believe that Mr. Poulton might be safely entrusted with the means

Fort St. George 7th November 1844

incurred in the repair of old and construction of New Wells, and in part to save from utter ruin, poor and unfortunate Ryots whose Crops from causes over which they had no control, had been damaged and productive of little. In all cases of remission under this head the circumstances of the Applicants were minutely enquired into, and the indulgence allowed where the Cases of Distress were extreme and where the Ryots means of payment depended entirely on the harvest of the season, and to enforce the full demand would have been to deprive them of the means of continueing their Cultivation—

36. The Net settlement amount after making all the above deductions amounts to Rupees 14,16,549—13—5 Viz.—

In the Principal Division	9,72,592—1—3
In the Sub Division	4,43,957—12—2
	14,16,549—13—5

Shewing an increase above the previous year in the Principal Division of Rupees 72,704—2—8 and in the Sub Division of Rupees 26,873—13—1 making together an increase

Fort St. George 7th November 1844.

increase of Rupees 1,15,577—15—9—

Poollary

37. The Talooks of Toonmalatal=poor, Goondavole, Calegherry and Ravoor, last year under a Capitation Settlement have been this year brought under Mucta, upon the same principles as detailed in the 40 Para of the Report on 1252 / A.D. 1842/43. The result is shewn in the annexed Statement, by which it will be seen the Mucta Amount exceeds the average Capitation of 5 years by Rupees 2,313—6—3, and is 2,675—13—7 higher than the Country of 1253 / A.D. 1843/44—

Talooks	Collections of 5 years	Poollary of fusly 1253 by Capitation	Poollary of fusly 1253
	L. Rs a. P.	L. Rs a. P.	L. Rs a. P.
Toonmalatalpoor	5,792 9 3	5,055 10 0	5,829 0 0
Goondavole	4,183 15 7 0	3,674 3 6	4,335 0 0
Ravoor	10,251 6 1	11,052 5 0	11,579 12 0
Calegherry	6,288 4 0	6,373 9 4	7,087 13 0
Total	26,518 3 2	26,155 11 10	28,831 9 0

Mem

means of scattering the Teak seed in certain localities as he personally attends to such matters and does not trust to the reported efforts of others.

7. The remarks of Mr Poulton as to shoots from the stumps of trees I can safely verify. The trees now in the Forest of Gond are many of them shoots from stumps the remains of which are yet to be seen, tho' from tradition as well as from appearance the cutting must have taken place at least one hundred (100) years ago.

8. I can vouch for the accuracy of the statement in Para 8 but it seems doubtful whether it may not be found in the end less expensive to transport the trees in question by a direct road from the upper forest when such shall have been made or rather cleared.—

9. The place alluded to in Para 9 of Mr Poulton's letter Viz.. the country between Gunesh Goory and Nursoor, is well fitted for the scattering of seeds, there stretches on each

each side the Black River a vast forest little trodden by the foot of man I examined a good part of it in company with Mr. Poulton.

10. In Para 11 Mr. Poulton states that he cannot say what quantity of Teak can be obtained from the upper Forest, I have already had occasion to observe (Vide Memo: and various Teak reports) that it is large and that there is much young timber now in progress.

11. With respect to the destruction of Jungle timber below Dewear I can confirm the statement of Mr. Poulton. The subject will be found noticed at some length in my report of 1845/46. The Goa people were the main parties to this extensive destruction.—

12. With respect to the wood called Hufsan (Bucelia Montania) I would observe that both in the upper and lower Forest it is rapidly disappearing

Fort St George 7th November 1844

38 There is a net decrease in the Accounts of Mucta settled on the Talooks in 1252 / A.D. 1842/43 Amounting to Rupees 136-9-11 as shown below—

Talooks	Fusly 1252	Fusly 1253	Increase	Decrease
	C.P. A. P.	C.P. A. P.	C.R. A. P.	C.P. A. P.
Survapully Talook	9,674 12 3	9,430 7 9	" " "	224 4 6
Cotah — Do —	4,441 7 3	4,435 7 3	" " "	6 " "
Nellore — Do —	11,382 3 2	11,410 7 2	28 4 0	" " "
Talamunchy Do —	6,408 1 6	6,348 6		59 11 6
Sungum Do —	7,346 3 2	7,346 3 2	" " "	" " "
Cavaly — Do —	6,886 4 2	6,981 6 3	95 2 1	" " "
	46,138 15 6	46,002 5 7	123 6 1	260 " "
Deduce Increase				120 6 1
Net Decrease				136 9 11

The difference is chiefly in the Talook of Survapully in the Village of Nalatoor 25 Rupees were remitted on an appeal and subsequent investigation and in the Cundrega alluded to in the 48th Para of last Year's Report, which is still for want of

Fort St George 7th November 1844

of Poollary Accounts under a Capetation settlement there is a decrease of Rupees 46-6-6 owing to the great mortality among the Cattle—

In the Village of Vendoor the Amount of Poollary is reduced as a matter of account Rupees 172-14-0 in consequence of the Amount of Sales of pasture land having been included with the Poollary in the Mucta which from its fluctuating nature should not have been the case, it amounted last year to Rupees 172-14-0 and in the Current year to Rupees 172-14-0 and in the Current year there is an increase of Rupees 24-12-2 which in addition to the above is carried to the head of Sales of "pasture land" instead of Poollary— Allusion was made last year in the 40th para of the report to one or two Villages the inhabitants of which had not agreed to a fair Mucta settlement— The Cattle of one of these Villages Viz. Vado-mootala in the Cavaly Talook have been carefully Counted this year, and the result is an increase of Rupees 95-2-1 A.P. on the amount last year assessed i.e Rupees 195-9-6.—

39 40. The following are the particulars of the remaining two Talooks in which

disappearing being exported in large quantities. It seems to have nearly all the valuable quantities of Teak wood and is exctensively used by the Engineer Department at Belgaum The "Asun" and "Heendul" are common through out the whole Forest and I would say there is a large supply of both yet untouched. In the upper Forest many of the largest of these trees are left to rot as being too heavy to carry away. For this a saw mill is the remedy - Vide my report of 1844.

13 In Para 17th Mr Poulton remarks on the Gungawallee timber which I saw in Company with him this year. I have not in other Forests seen Teak so free from flaws and defects as the timber here, and in the upper Forest. The supply of Jungle wood in the Gungawallee is very large Mr P. informs me that the Contractors are averse to having the Seen dragged by their Elephants as from its weight it is

apt to loosen their Tusks and thus render them useless. This remark is of much importance in practice.

In Para 18th Mr Poulton
14 touches on the subject of Blackwood. In the lower Jungle there is none of any value but in the upper Forest a great deal of Valuable sound wood remarkable rather for length straightness and soundness than for girth - Here the saw Mill could also be applied with profit.

15. With respect to the Saw trees in those Forests alluded to in Para 19 I have seen none likely to reach the large size it attains in the Coorg and Malabar Forests use ful however it may be for smaller spars. at Neelcoond the Sub Conservator reckons about (5000) five thousand Trees (I speak from Memory) in the deep Vallies under and near the Ghaut but a very small quantity is found elsewhere North of the Todey River and very little now in-land of Hoonahre - The Hara wood mentioned by Mr Poulton is abundant both in the upper and lower

Fort St George 7th November 1844.

38. There is a net decrease in the Amount of Mucta settled on the Talooks in 1252 Amounting to Rupees 136-9-11 as shewn below—

The difference is chiefly in the Talook of Survapully, in the Village of Nalitore 25 Rupees were remitted on an appeal and subsequent investigation and on the Cundrega alluded to in the 48th Para of last Year's Report, which is still for want of

Fort St George 7th November 1844.

of Poollary Accounts under a Capetation settlement, there is a decrease of Rupees 46-6-6 owing to the great mortality among the Cattle—

In the Village of Vendoor the—

39. Amount of Poollary is reduced as a matter of account Rupees 172-14-0 in consequence of the Amount of Sales of pasture land having been included with the Poollary in the Mucta, which from its fluctuating nature should not have been the case, it amounted last year to Rupees 172-14-0 and in the Current year in addetion to the above is carried to the head of Sales of "pasture land" instead of Poollary— Allusion was made last year in the 40th para of the report to one or two Villages the inhabitants of which had not agreed to a fair Mucta settlement— The Cattle of one of these Villages Viz. Cado-mootala in the Cavaly Talook have been carefully Counted this year, and the result is an increase of Rupees 95-2-1 on the amount last year assessed i.e Rupees 193-9-6.—

40. The following are the particulars of the remaining two Talooks e— which

lower Forest, but as Mr. P. observes in the latter near to water carriage it has been much thinned away. The Hoom or Hoomba wood (Avaria Zomentosa) is a valuable Jungle wood pretty Common above Gunnesh Goodie.—

16 In Para 23d Mr Poulton states that he has not seen much of the Todry river, therefore, he cannot say what supply of Teak wood may be found there. I have travelled along the River for about 20 Miles and I believe I can safely say that the supply is small not exctending beyond the bounds of three Villages Vizt. Sorgoongee Kundekhend and Kroehnad. The Sub Conservator estimates about (12500) twelve thousand five hundred trees of which 4/5th are of small size.

17. With regard to the Hondre river remarked on in Para 24th I can from observation state that there is very little Teak on or near it. There is a piece

piece of Jungle just North of the Hoolmakhee Ghat which contains some scattered trees, The other points in the letter of Mr. Poulton relating to the mode of felling wood &c. do not call for any remarks from this Department.

18. In conclusion I would suggest that Mr Poulton in case he be hereafter authorized to collect and scatter Teak seeds should be instructed also to collect those of Asun or Hasum which ripen in February and appear to vegitate in the same manner as those of Teak Vizt. with a very slender covering of earth. The original papers are herewith returned.

Extract from the Minutes of Consultation under date the 28th August 1849 No 811.

Read the following letter from the Secretary to the Board of Revenue.

/Here enter 9th August 1849 No 356/

Para 1 The Right Honorable the Governor in Council considers himself precluded by the orders of the Honorable Court of Directors communicated in their Revenue Dispatch No 11 dated 4th July 1848 a copy of which was furnished to the Board of Revenue with the Resolution of Government dated 1st June 1849 from complying with the foregoing recommendation, but he will have no objection to further the project of the Collector of Tanjore for encouraging the cultivation of New Orleans Cotton in that District on the principles indicated in the above and previous Resolutions of Government dated 5th December 1848 No 1342 by permitting him to supply American seed at the expense of Government, to afford the use of implements to

clean

instructions of the Board communicated in the Extract from their proceedings under date the 20th June 1844, the most experienced and confidential Servants were deputed to the different Talooks, to ascertain and report the real condition of those Ryotes most requiring relief, (a difficult commission where all were sufferers) and suspension of the demand permitted in cases where the party had no means of paying except by the sale of all he possessed, which would have rendered him a beggar on the world with no means for future Cultivation. Even this trifling indulgence tho' inadequate to their wants has been received with thankfulness, as evincing the willingness of Government to make some allowance in disastrous seasons when the Ryot is involved in difficulties by circumstances over which he has no control. The amount of Sist thus postponed is included in the amount of balance stated to be irrecoverable.

Authorizing the Collector of Canara to accept the Tenders for the supply of Bombay and Goa Salt and to make the necessary advances to the Contractors of Goa Salt same = tioning the excess paid over the authorized Amount for 276 Garce of Salt for Fusly 1258 and desiring information of the extent and cost at which Salt could be supplied from Tinnevelly to Malabar and Canara.

Extract from the Minutes of Consultation Under date the 28th August 1849 No 812.

Read the following Extract from the Proceedings of the Board of Revenue.

/Were enter 13th August 1849 No 362/

Para 1 Under the peculiar circumstances explained by the Collector of Canara in the correspondence accompanying the above Proceedings of the Board of Revenue, the Right Honorable the Governor in Council authorizes that Officer to accept the tenders for the supply of 1200 Garce of Bombay Salt at Rupees 32,375 and of 1360 Garce of Goa Salt at Rupees 35382-8-4 being in the aggregate Rupees (67757-8-4) Sixty seven thousand seven hundred and fifty seven and Annas eight, and to make the necessary advances to the Contractors of Goa Salt to the extent of Rupees (11,974) Eleven thousand nine hundred and seventy four, on their furnishing adequate Security.

2. The Governor in Council also grants sanction for the excess paid over the authorized Amount for 276 Garce of Salt purchased on account of Fusly 1258 Amounting to Rupees (2,487-5-5) Two thousand four hundred and eighty seven, Annas five and pice five.

The

13244 Fort St. George 3d. September 1849.

3. The Governor in Council wishes to state the grounds on which he considers a reference of the accompanying memorial to a reference of the inconvenient want of Salt for consumption in Canara to be a sufficient reason for an Import duty on Salt manufactured at Bombay and exported thence to Canara.

Submit in reason herewith and maintaining a Corresponding duty in Kanara. He considers the Canara proposition quantity in Kanara. He considers the Canara proposition for supplying Malabar from the Bombay District rather than from Tuticorin Malabar from the Bombay District rather than from Tuticorin inconvenient and to entail extra Salt could be furnished at right cost and to entail extra Salt could be furnished may have more than is necessary in store, only the excess actually in store and ready to be exported. He would also consider it unadvisable from the Collector of Kanara to be desirable to ansticipate from the Collector of Kanara to be at right cost and to entail extra Salt could be furnished at right cost and to entail extra Salt could be furnished

2. Ordered that a Copy of the foregoing Report from Member of Board of Revenue and of the Collector of Canara with reference to the Board's Proceedings of the 15th Instant and Enclosure of the Collector of Canara with reference to the Board's Proceedings of the 15th Instant and Enclosure of the Collector of Canara dated 4th August 1849 be forwarded to the Collector of Canara dated 4th August 1849 be forwarded to the Collector of Canara.

By the President & Members
of the Board of Revenue.

Order thereon. Ordered that a Copy of the foregoing Report from Member of Board of Revenue and of the Collector of Canara dated 4th August 1849 be forwarded to the Collector of Canara.

Sir,

Para 1

I have the honor to acknowledge the receipt of your Circular of the 24th August 1848, and to submit the information therein called for on the subject of taxing improvements in land effected at the expense of the Ryots—

I much regret that great press of urgent business, especially the preparation of a Report on the revision of the Assessment in Goollem, has prevented my earlier replying to the repeated requisitions of the Board on a subject of much interest to the welfare of this District.

2. The Honorable the Court of Directors in their Despatch dated 22d September 1846 No: 14 forwarded with your letter under reply have adhered to their opinion that while the Ryot "should in all cases be allowed "to enjoy the benefit of any improvement he may "have effected in his lands without any "additional charge until he shall have "been not only amply compensated but liberally

Submits information on the subject of taxing improvements in land effected at the expense of the ryot. States objections to the plan of taxing improvements after a few years. Recommends that as regards new Wells the former Rules introduced by Colonel Munro should be adhered to. that certain restrictions since imposed should be removed and encloses a set of Rules for new wells which he would recommend for the Bellary District. Proposes that as respects Tanks the Circumstances should be reverted and as regards Palahs that no alteration in the present system of taxing the land moderately at once according to existing circumstances should be made

Fort St George 7th November 1844

and promise made of a speedy liquidation of the remaining £9000. Rupees outstanding.

£9.

The demand on account of Woorlawar Poligars Roosoooms for Fusly is Rupees 7,417-14-1. The Collections up to the 15th September are Vizt

been expended in defraying the charges leaves the full Paishcush balance as shewn in the above Statement.

51. The demand on account of Chittaitwar Poligars Roosoooms for Fusly 1253/1843/44 3647-6-8

The Collections up to the 15th Septem: ber were -

For Fusly 1253 1180-12-

Extra " 1252 469-15-

" . . . . . " -15-

is Rupees 19-12-10 and in the present Fusly Rupees 15-1-2 a decrease on the latter Fusly Rupees 4-11-8.

52. The Village of Needemoosaly under Aumany up to Fusly 1252/1843/43 formerly a Shrotriem and permanently included as a Cor Village on account of the large balance standing against the Shrotriemdar by order of the Board in their letter of the 30th Octobe 1837 has been assessed and classified in 1253/1843/44

Extract Mins. of Cons. 24th Octr 1837.

The original Shrotriem assessment amounted

"liberally rewarded for the labour and
"expenditure he may have applied, yet at
"the same time it is not reasonable that
"the Government should forego all
"chance of prospective advantage by
"limiting its claim on the land in per
"petuity" This principle it is observed is
applicable principally to land brought
under Punjah or Garden Cultivation by
means of Wells sunk by the Ryot at
his own cost and it has been laid
down as a general Rule that "fourteen
"years exemption (ie from any addition
:al demand upon the land brought under
"well irrigation) with a half or other fa
:vourable assessment for a further
"term of seven years will hold out ample
"inducement to the investment of Capital
"in the construction of new Wells and
"prove fully sufficient to secure the land
"holder a liberal return for his expendi
"ture"

3. The circumstances of this Dis
:trict will not admit of the application
of this principle, and in replying to the
orders of the Board in the 3d Para of your
letter I think I shall be able to shew that as
regards Wells dug at the ryots expense greater

encouragement than is given now is requisite
and that no restrictions of the nature al
:luded to should on any account be in
:troduced into Bellary. But on the
contrary that the rules laid down by Colonel
Munro should be released from restrictions
which have, I think unfortunately, been since
his time laid upon them, and should
have full scope. The Ryots are general
:ly too poor to invest capital to any great
extent and if they are intimidated by the
prospect of having their improvements
taxed at a future time they will not
fear enter upon any. It would be better
:at once to fix a very moderate assessment on new
Wells than to lead the ryot to expect that his
Well would be taxed at the generally high rate
at which old Wells in this District are
assessed.

4. To enable the Board of Reve
:nue to prepare a set of Rules on this
subject, I am requested to inform them
"what periods of total or partial exemp
:tion from the additional demand usu
:ally imposed on land converted from
"Poonjah to Punjah or Totaal by Well
"irrigation will in my judgment, be suffi
:cient to enable the constructors of new Wells
"in Bellary not only amply to reimburse themselves
but

No 6. 53. 1. The Statement of the total charges of the District for Fuslies 1252 (1843/44) and 1253 (1843/44) in which the percentage of the different branches of Revenue, distinguishing the charges of general management from that of particular items of accounts is exhibited as called for in the Board's letter under date the 29th November 1830. The percentage on the Land and Extra sources of Revenue for Fusly 1252 (1842/43) is Rupees 19-12-10 and in the present Fusly Rupees 15-1-2 a decrease on the latter fusly Rupees 4-11-8.

54. The Village of Needemoosal under Aumany up to Fusly 1252 (1842/43) formerly a Shrotriem and permanently included as a Co Village on account of the large balance standing against the Shrotriemdar by order of the Board in their letter of the 30th Octobe 1837 has been assessed and classified in 1253 (1843/44)

Extract Mins of Cons 24th Oct 1837.

The original Shrotriem assessment amounted to Rupees 1250-12-2 Viz.-

Actual

"but to gain a handsome profit upon their ex-
"outlay and thus to hold out a powerful in-
"centive to the execution of such works without
"at the same time trenching upon the just
"interests of the State. In submitting my
"opinion upon this point" the Board Lesire
I will "explain the data upon which it has
"been founded showing what is the estimat-
"ed expense of sinking in the various parts
"of your District, the several Classes of
"Wells ordinarily in use, the extent of land
"capable of being irrigated from each Class
"with the assessment borne by such extent
"of land as Poonjah, the additional Teeva
"chargeable upon it when converted into
"Nunjah or Totacal respectively and any
"other particulars which may have entered
"into my calculations."

5 From the above directions it is clear that the Government are anxious that no obstructions should be imposed which should in any way tend to discourage the ryot from investing his capital in sink-ing New Wells but on the contrary that he shoulds be amply reimbursed, and more en-thaw that, that he should gain also a handsome profit so that a powerful inducement should be held out for the execution of such works. Whether or not

not this powerful inducement is likely to be effected by rules limiting the gains of the ryot to a period of 14, 21, or any other number of years, is a question I will endea-vour to answer by reference to the actual state of this District with regard to new Wells dug at the Ryots expense.

6 Bellary District comprises an extent of 13,056 Square Miles. In it are 2,707 Mozahs and 1694 Mazrahs or de-pendent Villages, in all 4,401 Villages it contains a population of 259,070 fami-lies and 1,126,703 Inhabitants including 95,520 Ryots who hold Land Revenue Puttahs from Government. The District is remarkable for aridity and the people are alive to the advantage derived from Wells and seem quite disposed, when they have the means to invest their capital in works of this kind for the benefit of their posterity as well as to obtain merit for themselves. If then under all the natural impulses favourable for this object but little enterprize has been manifested, it is to be apprehended that obstacles on the part of Government do really exist tending rather to check than encourage this laudable enterprise.

7 There have been constructed in Bellary at the expense of individuals since the occupation of the District by the Company's Government only 4206 New Wells of every description that are permanent. They are some taxed with an Extra assessment and some free from Extra assessment as follows.

55. The Tahsildar of Nellore was deputed to examine and report on the Lands of this Village, their productiveness and classification and the result of his enquiry was subsequently, with few exceptions confirmed by the examination of the Lands &c by the Head Sheristadar. The Magany lands of the Village principally depend for water on the rains and surplus water from the fields of the neighbouring Village, the Moolum and Jareeb Lands are not supplied from Wells, but from a Natural water coarse running thro' the grounds upon which Picotahs are erected for the purpose of irrigation a part of the Magany Lands are also watered in the same manner by Picotahs the channel being on a much lower level. The particulars of the assessment for this year are shewn in the accompanying Statement but the trouble and cost attending the cultivation of the Magany Lands by Picotahs and the uncertainty of the other means of supply, are objections made by the Ryots, who pray for a branch channel being given them from the Labor River channel, the practicability of this measure will be looked to and if feasible recommended for adoption, the Lands of course being liable to higher rates with improved mea of irregation.-

The

13253.

Fort St. George 3d. September 1849

This is the entire amount of enterprise in Well constructing during a period of half a century. Various reasons (some in my opinion very objectionable) are assigned for the imposing an Extra assessment on the 1776 taxed Wells but I will advert more particularly to that point presently merely observing here that the Extra assessment on these Wells is generally very moderate.

8. Leaving however for the present the Wells now taxed I will advert to the 2d class of Wells those not assessed with an Extra assessment with the express object in view of showing the inexpediency of imposing other restrictions than it present exist regarding them. For if these unassessed Wells can be shown to yield only a small and generally an unremunerating profit to the ryot for his Capital — it will explain the grounds on which the Rules I would propose for this District — should be framed.—

Enclosure No. 1. 9 I beg leave to submit a Statement of these Wells in which will be found condensed all the information the Board have called for in the Extract of your letter above quoted and from that statement the following abstract is taken.

Abstract

Fort St George 7th November 1844

56 The remarks of the Board on the settlement of Fusly 1252/1842/43 conveyed in their Proceedings under date the 19th August call for some explanation which I beg to submit. It is remarked in the 1st Para of the Proceedings that the Village of Rungpoor an Amaram Village of the Sydapoor Estate "Seems to have been "conferred on a new grant by the Zemindar at "a fixed annual Rent of 20 Rupees previous "to the sale of his Estate and tho it has been "taken from the parties on whom it was thus "bestowed, it is still assessed at the same sum "tho it appears from Mr Strattons Register "to have formerly paid a quit rent of 70 Rs."

57. The Village alluded to is "Becherauk" adjoining that of Siddavaram the Ryots of which took the Lands for grazing ground at the Rent of 20 Rupees per Annum from 1250/1840/41 to 1252/1842/43 at the latter end of which Fusly it was incorporated with the Coroo Villages, and the amount at which the Ryots had rented it, up to that time

Fort St George 7th November 1844

time was taken it was also assessed at the same sum as remarked by the Board in 1253/A.D. 1843/44. The Ryots having objected to take land which had been waste for many years and inconveniently situated as regarded their own Village, except at a favorable rate, This was allowed for the year under report, on the understanding however that a regular settlement would be made on it in 1254/1844/45.

58. Mr Purvis in the 20th Para of his report has entered into explanation on the remarks of the Board in the 3rd Para of their Proceedings on Fusly 1252/1842/43, and referring to the latter part of the same Para, I beg to call attention to the 24th Para of the Koomnamah submitted in 1842 which provides for the repair of Wells by the remission of half the Mooloom or Jareeb Teerwah when the waste has been under 5 years, till the Ryot is reimbursed his outlay, and where the Land has been more than 5 years waste the first year is free of Assessment, the second and succeeding

13254.

Fort St. George

Period required for reimbursing Ryot

Wells yielding no profit.

Excluding

succeeding years paying half Teerwah till the cost of repairs is recovered by the Ryot with such a provision to encourage an outlay on repairs it does not appear to me that any other is required except under peculiar circumstances.-

59. From the 29th to 33d Para of his report the Sub Collector has entered fully into explanation on the remarks of the Board in the 9th and 10th Paras of their Proceedings Mr Purvis still adheres to the opinion that the arable waste should be subject to a similar demand as the regular pasture lands, tho' the proposition is not approved of by the Board. The proportion of waste alluded to in the 31st Para of Mr Purvis's report was set a part for the agricaltural cattle only of the Ryot, the remainder apportioned among the Ryots where not too extensive. Referring to the remark in the 15th Para of the Board's Proceedings regarding

regarding remissions in the 61 many Villages. I beg to explain that the remissions in question were made on Mootoom and Jareeb Lands only which are held under Mucta tenure and are liable to Fusl Cummee according to the nature of the Crop grown upon them as in the regularly assessed Villages. The system of entering certain Garden Lands in the settlum of two Villages in the Sub division will be in future stopped as directed, and as a similar system prevails in one other Village, the same course will be adopted with regard to it as the remarks of the Board would seem to sanction the measure.

60 The Remarks of the Board in the latter part of Para 8 of their

Excluding the 217 Wells which have cost 64,075 Rupees and which have no cultivation at all and consequently yield no return to the ryot for his outlay, and also the 24 Wells which yield no net profit or interest on the capital invested. I shall confine my remarks to those 1403 Wells which after defraying the ryot for the charges of cultivation and the usual ryots share, leave a Surplus or profit on the outlay expended in their construction or in other words give interest on the capital invested

10. The outlay expended by ryots in the construction of these Wells, it will be seen is 405896 Rupees=The Estimated value of the produce annually is supposed to be about 58,615, from which being deducted the usual charges and profits of Cultivation 42,311, leaves only 16,304 Rupees for the interest on the capital invested or just 4 per Cent. In a few only and those where the expense has been small is any thing like a fair profit realized=The Talookwar average is for the

the most part less than 4 P. Cent. Surely this is poor encouragement to Ryots to invest capital in constructing Wells. Money cannot be borrowed under 12 per cent and here the average profit yields but 4 per cent. This assumed is sufficient reason for the non imposition of Rules which may tend further to discourage the ryot in investments of this kind. It shows that he is not amply remunerated, much less that he gains a handsome profit for his outlay.

But further the Bellary
11 District ryots have no capital. They are excessively poor and except in some parts of the District, from the notorious dryness of the climate, Water cannot be found but at a great depth from the surface, and consequently the construction of Wells is attended with very great expense, and this fully accounts for the very few new Wells to be found in most of the Talooks=

	Wells	Extra tax average	Cost Rs
Wells free of			
Koodleghee	231	224	
Pennacondah	222	263	
Madugaserah	234	181	

Even in the 3 Talooks in which are found the greatest number of new Wells the Cost of constructing them averages above

14699 Fort St George 7th November 1844

their proceedings regarding the Jeerwahs on the grazing Lands in the Jalamanchy Talook are not quite understood by me. The same principle with regard to Podalary being observed in Jalamanchy as in the other Talooks of the Principal Division.-

61. The Board are well aware of the Value of Mr Purvis's public services, and this year in addition to his regular duties he has conducted the Settlement of several Talooks in the Principal Division. During the short time I have been in the District the ready assistance afforded me and the general Zeal in the performance of their several duties evinced by Messrs Ratliff Lushington and Arbuthnot is worthy of much commendation and I am indebted to these Gentlemen for valuable aid

14700 Fort St George 7th November 1844

and in the discharge of my general duties.-

N:S

above 200 Rupees and the profit to the ryot does not average more than 4 per Cent on his outlay.

12. Admitting (which I do not in all cases) that many new Wells have been properly taxed, and that those only which are exempted are properly exempted from Extra assessment, it may still be asked why there is such an apparent want of enterprize when the advantages to be derived at first sight would appear so great. These advantages being the enjoyment free of Extra assessment of lands irrigated by the Well. The reply is that these advantages in a pecuniary point of remmuneration are as shewn, too small to induce the privileged classes to invest more largely in a favorite object. But further the operation of Mr. Robertson's Rule (which excludes all Ryots from this privilege who have not a assessment of 7½ C Pagodas) has excluded no less than 65 Pr. Cent of the Cultivating ryots from the benefits

afforded

afforded by the exemption of additional assessment on land watered by Wells sunk at the Ryots expense. a rule the effect of which having been promi-nently noticed by me in my last Jummabundy report has already elicited the attention of Government and I have been ordered to give immediate attention to a matter of such vital importance to the welfare of the people. In Cuddapah this rule was not introduced and 14,335 Wells taxed with Dry Assessment only have been built at the ryots expense. I do not think that any such number would have been sunk in Bellary for the circumstances of the 2 Districts are very different, Bellary being from its situation and climate and properties of soil far inferior to Cuddapah for objects of this kind. But for that very reason it should not have been placed under greater restrictions and deprived of privileges enjoyed by its more fortunate neighbour. This no doubt may account in no inconsiderable measure for the deficiency of enterprize and adds further proof that the unrestricted privilege of

holding

holding all land brought under cultivation by new Wells constructed at the ryots cost without increased taxation is absolutely necessary in Bellary District in order to afford an inducement to the Ryot to enter upon works of so much general utility.—

13. The Rule established by Colonel Munro was. "That in case "Dry land is converted into Garden land "by means of Wells constructed by individuals the Dry Land assessment "alone is to be collected on that cultivation."

14. This rule has been greatly infringed and the following exceptions have been made to it, Viz.t—

× 103 Wells
* 398 —"—

1st Wells built previous × to and during * the period the Revenue administration was under the Renting system were, during the Rents, assessed with Extra assessment and have since been so taxed—

288 Wells 2dly Wells which have also the benefit of Tank and Nullah Irrigation.—

347 —"— 3dly Wells deprived under the operation of Mr. Robertson's rule which compels the ryot to hold a Puttah of

P. A. P.

7½ to Pagodas or 21-4-"—

130 Wells. 4th to Wells not completed within a reasonable time.

254 Wells. 5th Dwrs Wells built on the banks of Nullahs and Rivers.

11 Wells. 6th Wells dug in a field the whole of which field the ryot cannot cultivate and refuses to pay for.

Memo. It is a rule that a ryot sinking a Well in a field should take the whole field into his Puttah. This is sometimes too large and rather than pay for the whole Dry field he prefers having the irrigated part only taxed with Extra assessment.

345 Wells 7th Wells which have lost only a small sum.

15 The above exceptions are those which have it appears deprived no less than 1776 Wells of the benefit intended by Colonel Munro's Rule and which have doubtless prevented many more Wells being built for to say nothing of the other exceptions to the Rule the 3d exception alone shows that 65 ¾ per cent of the cultivating population are deprived of the privileges intended by the first Principal Collector—

These

1470 7th November 1844.

16 These exceptions are in many respects objectionable and in lieu of them I would beg leave to submit a Paper of revised Rules which after the foregoing explanations will I trust approve themselves to the Board as applicable to this District and will require but little further notice.

See Enclosure No. 6.

17 As respects Kommiky Wells I would only observe that this rule is partially in practice and is of advantageous to Government as to the ryot because in the uncertain cultivation especially under Tanks the Circar is ensured a full assessment for One Crop which, were it not for the Well it might any year lose by failure of Water in the Tank and the ryot is enabled to plant a Betel Garden or Sugar Plantation which he could not do on the precarious supply of the Tank.

18. As regards the Drinking Wells the Rule would only be applicable in the Black lands or other parts equally arid where a Well cannot be dug but at a great expense and when dry supplies only enough water for the use of the Village, but the benefits of such Wells are generally beyond all remuneration that the Government would be authorized in sanctioning.

They

They should be greatly encouraged.

19 The last rule is a necessary proviso against abuse of the privileges. It will be long before it is likely to become operative in Bellary and in all cases should be resorted to only when absolutely necessary. But in drawing up a set of Rules power should be vested in the Collector to enable him to check what might otherwise hereafter become an unmanageable evil and while it will secure the Government against unreasonable loss and amply supply the place of the restrictive Rule of the 7½ Pagoda Puttah (which was intended in part to provide against this evil but which has in fact been found to be far too restrictive) it will give free scope to individual enterprize.

Tank

20. With reference to the taxing after a series of years cultivation carried on under Tanks built by private Individuals I am convinced that any such rule would effectually check all enterprize of the kind in Bellary. But this District is not very favourable for new Tanks. Even during the Company's Administration have been built either by Government or by Individuals. I beg to

enclose

Detailed

Enclosures 2 and 3

enclose 2 small Palookawar Statements which contain in abstract the number of new Tanks built by Government and Individuals since the accession of the Honorable Company's rule in the ceded Districts. It will be seen that there are in all 97 New Tanks the cost in building which has been 1,39,103 Rupees. The amount of cultivation under them is 2,272 acres assessed at 16397 Rupees of the Tanks built by Private Individuals enjoy the privilege of Dusvunda. 77 are supposed to have a light assessment and 18 are without special privileges:—

Assessment 14918
Inam 1179
16397

21 The plan most acceptable and indeed almost the only one that will induce individuals to engage in Tank buildings is to restore the old rule of Colonel Munro and allow one fourth of the newly irrigated land or one fourth of the assessment on that land to the owner on Dasvunda tenure and this is the Rule I would beg permission to recommend for Bellary. The new Land should in that case be assessed with rates varying from (in no case higher than) 5 to 1 Pagodas

Pagodas per acre to 16 Pagodas or net assessment in Rupees from 0 4 8 to 2 14 8.

22 As a general Rule three fourths Pagodas per acre is the highest assessment imposed on Dry Land converted into Wet by Irrigation. Water—But of course if the ryot has been at expense himself to improve the land by irrigation this assessment should not be levied. Two Pagodas is the highest that ought to be put on if the ryot has been at any considerable outlay. Comparing the actual assessment on Tanks built by Individuals with this highest rate and in the year of highest cultivation an idea of the utmost net profit of the ryot may be obtained. I have the honor to annex the result of such an Estimate which sufficiently shows that as a Money speculation the profits are not adequate to the sums expended in this favourite enterprize of all Indians and leads me to believe what is generally asserted that the Dasavunda Tenure will alone induce the ryots to sink their Capital in Tank Buildings.—

* Ayen assessment 6357
Fusual Jastee 413
6770
dividuals are for the most part but small works and have but little cultivation under them. The mode of assessing them is to levy at once a moderate assessment according to the circumstances of the case. No fixed Rule would be satisfactory. The usual Cowle for breaking up Waste for 2 or 3 years may be allowed, but the ryot should at once know what the permanent assessment is to be. He will much prefer a moderate assessment at once fixed than freedom from tax for some years with the prospect of a full assessment being afterwards put on. The probability is that the effect of this would in many cases be that the Nalak would be abandoned, I therefore advocate the continuance of the present practice of assessing at once

D.G.

No. 6.

Rules for Wells constructed at the Ryots Expense.

First sking Wells

In case Dry Land is converted into Garden or Wet Land by means of Wells constructed by individuals the Dry land Assessment alone is to be collected on that Cultivation.

Provided that.

1st. That the Well is built with stone or in hard soil and is of a permanent nature.

2dly That its cost is Estimated to be not less than 50 Rupees.

3dly That the Ryot continues to hold his usual amount of Puttah or an equivalent; or should he wish to part with any portion of his land it must be with the consent of the Collector previously obtained.

4 That he does not use other Circar Water for the land irrigated by the Well. If he uses other water that he be taxed with a moderate Teerva Jastee for one Crop only in the year.

5. That the ryot takes the whole field into his Puttah in which the Well is dug

or

Fort St. George 3d. September 184

or which may be watered in part by the n
Well. Exception to this rule will be allowe
at the discretion of the Collector when t
field is of large size.

6. That the ryot complete hi
Well within 3 full years from the time of
enjoying the privilege.

Explanatory Clauses.

By the above Rules all We
whenever constructed whether in the pla
or on the banks of Rivers and Nullahs
(Durroo Wells) are entitled to the privile
if they do not fall under one or other of t
exceptions above detailed.

8. By these Rules the restricto
introduced into the Bellary District only
that the ryot must hold a Puttah of 7½ R
Pagodas, is annulled.—

9. Garisee Well i.e. Wells con
structed with a lining of wicker work o
of boughs &c. Sunk into the soft Sandy so
are excluded from the privilege as they a
not permanent

10. The privilege is not con
fined to a limited number of years but
is to be considered permanent.—

11. Wells dug at the ryots expens
whic

which may under any of the foregoing pro-
visions be excluded from the privilege
of Dry assessment shall be moderately
assessed with Extra assessment accord-
ing to circumstances varying from 1/2 Rs.
to 4 Rupees for two Crops.

Rule Second
Koniky Wells
or Wells dug to
assist the Ayen
Tank or Nullah
Lands or Dry
lands that have
by these reser-
voirs and Ch.
channels been
converted into
goyet or
ri.

1st. Ryots digging Wells under
Tanks or Nullahs to assist in cultivating
the Ayen Cultivation of those Sources
of irrigation shall be entitled to
have Six Acres of those lands on
Doosul Kayem tenure, if the land is
classed as one crop, that is they shall
not be taxed with Fusul Jastee on the
Second Crop whether the land is (Ayen
Tari & Bagayet or Kooshki (piky Tari)
included in the Ayen Ayacut of the
Tank or Nalah or whether it is Dry
land that has been brought under
irrigation.

2. If the Land is classed as
Two Crop land but has for a series of
years been cultivated with only one
Crop. or has been waste for many years
and has been by the assistance of the new
Wells brought again under Cultivation

the

the assessment of the second Crop shall
be remitted.

3d. The 1st. 2d. 3d. 6th. 7th. 8th. 9th. and
10th. provisos and explanations in Rule fir
are applicable to Koomikee Wells.

Rule Third
Plantation and
Drinking Wells &c.

Individuals sinking Wells for the purpo
of watering Topes or for Drinking purposes
from which no Cultivation or very little
can be had shall on application to the Co
lector and with his consent be permitted
to hold Land not exceeding in value 10 per
Cent on the Cost of the Well (according to the
expense he has been at and the utility of the
work) free of all tax beyond a nominal
Quit Rent. The privilege to be renewed
every 5 years on its being shown that the
Well is in good repair.

Rule Fourth
Taccavy.

To assist and encourage ryots
to build Wells advances repayable in two
years may be given at discretion.

Rule Fifth
Interference
of Revenue &c.
Authorities in
certain cases.

Should it be found hereafter
that the old Ayen Well Cultivation in
any Village has greatly suffered in conse-
quence of the new Wells it shall always
be in the power of the Collector to put such
restrictions on the new Wells as may seem

=ing you that the Statements called for in
the one were despatched on the 20th Instant
and the Report on the subject of taxing Im:
=provements in lands effected at the ex:
=pense for ryots called for in the other
letter, was sent off yesterday.

Bellary District
Coll.rs Office on Circuit
Raidroog 24th August 1849

/Signed/ C. Pelly
Acting Collector

Order thereon. Ordered to be recorded.

(23-24)

Both the reports referred to by Mr. Pelly
have been received and will be disposed
of in the usual course. —

ORIGINAL RECEIVED

I. P. Br.

13282 Fort St. George 3d. September 1849.

Read letter from the late

In Cons. 7th Jany 1847 Acting Collector of Chingleput 8th October 1846
submitting for approval forms of a new
Cowlenamah Cultivation and Summabundy
Hookoomnamahs for that District. -

/Here enter No. 152/

Read also letter from

In Cons. 19th Octr 1848 the Collector of Chingleput 12th June 1848 re=
=questing early consideration of the proposed
Cowlenamah and the Cultivation and
Summabundy Hookoomnamah. -

/Here enter No. 76/

(25)

Proceedings thereon. 1- The provisions embodied
in the draft of the Cowlenamah seem to
be sufficient and proper, and do not call
for any particular remarks. -

Containing the remarks and suggestions of the Board on the Draft of the Cultivation & Summabundy Hookoomnamah submitted by the Collector of Chingleput.

2- The Board concur in the views
of the Acting Collector as expressed in Paras
4 and 5 of his letter respecting the introduction
of the annual Putcut Dittum in his District,
and they approve of the provisions contained
in the Cultivation Hookoomnamah in that
respect - In reference however, to rules 2 & 3,
they consider it important that a provision
should be inserted for preventing the
indiscriminate relinquishment of lands,
requiring

requiring that the lands relinquished be so situated - that they may form a convenient holding for another tenant - The Board are also of opinion that the second rule should specify the extent or proportion of a holding that is to be allowed to be follow / Podoocal / which is doubtless prescribed - by local usage, with these additions and the trifling alterations in red, in Rules 2 and 7, the Board approve and confirm the draft of the Cultivation Hookoomnamah. -

3. With regard to the Immadundy Hookoomnamah, they are of opinion that detailed instructions for the preparation of the Adungul Accounts are objectionable as tending to embarrass the local officers without securing any adequate advantage A minute definition of the duties of each of the servants engaged in the preparation of these accounts only tends to weaken responsibility. The Adungul accounts must always be prepared by the Village officers under the supervision of the Zillahdar who is held responsible for their accuracy & must be left to exercise his control as he thinks best, a provision therefore couched in general terms such as that given in the Margin may be substituted. -

13282 Fort St. George 3d. September 1849

"The Adungul Account shall be prepared by the Village officers under the check and control of the Zillahdars - The Tahsildar will cause special examinations to be made previous to the time of Summabundy in order to satisfy himself that due care and deligence have been used as he will be held generally responsible for their accuracy." -

4. The question of Waste cultivation referred to in Para 7 of the Acting Collector's letter under consideration, should be determined according to the orders of the Honorable Court of Directors recently communicated. As to the general question as to the arrangement proposed by the Collector will be temporary only -

5. Poonjah Cultivation with a second crop by means of the falling rains is not liable to additional Assessment generally. The Collector will be pleased to explain when and under what peculiar circumstances the practice originated, and what is the Amount of Revenue annually collected under this head. -

Para 24 Clause 1st

6. The rules relative to the Plantation of Topes and Trees will also be modified according to those sanctioned under date the 6th April 1848. -

7. In conclusion the Board desire that the Code of Hookoomnamahs now sanctioned may be brought into force from the commencement of Fasly 1259. -

Order thereon- Ordered to be recorded

Read

13286 Fort St. George 3d. September 1849.

Read the following letter

To T. Rycroft Esqre.

Secretary to the

Board of Revenue

Fort St. George

28

From the Coll. of North Arcot — Para 1.

Offering some remarks for the Board's consideration on the draft of a deed of permanent property proposed to be issued for the Congoondy Pallium received with letter of 2d. Instant

Sir,

I have the honor to acknowledge your letter of the 2d. Instant enclosing the draft of deed of permanent property to be issued for the Congoondy Pallium, and desiring me by order of the Board of Revenue to offer any remarks upon the provisions contained in it, that may occur to me- The provisions of this document appear to be for the most part correct and sufficient; there are however a few on which I beg to submit some remarks for the Board's consideration. -

From what is first said regarding Jodys Enams in Para 2 it would appear that the quit rent is not leviable by the Poligar, but by the Government- This however is not the intention, and the concluding part of the same paragraph implies that such jodies are the property of the Poligar

14720.

Poligar it seems desirable that this should be distinctly stated, and that the apparent discrepancy between the two passages should be corrected - I presume that Enams of all kinds escheating from failure of heirs or other cause, would revert to Government and not to the Poligar; perhaps this should be specified. -

3. I have been informed that the late Poligar resumed a good deal of the Maniums of monigars and other Village officers, though I cannot be certain on that point at present - I apprehend that such resumptions are clearly illegal, and perhaps it would be well to mention this in the Grant - On the 15th February 1837 the Court of Sudder Adawlut declared that Regulation VII of 1831 extended to Zemindary villages, except as it affects the office of Curnum - It may not be necessary to state this in the grant, but I think it is desirable that the Pollegar should thus be made clearly aware of it - The efficiency of the Police in the Pollium is nearly connected with this rule. -

The

4. The Poligar is in the habit of levying a tax on timber, firewood &c cut in the Jungles of his Pollium, as well as on honey, wax, and such wild products - I am not aware whether he is to be held authorized to levy such imposts at pleasure or not; but I mention the circumstance - The amount of these taxes cannot be very considerable. -

5 It may be proper to provide that in case of land being required within the Pollium for public roads or buildings, it shall be given up by the Poligar, on a fair and reasonable compensation being made for cultivated land. -

6. I beg to add with respect to the heading of the permanent, it appears to me that it is not necessary or proper that it should contain both the expressions "Congoondy Samastanum" and "Poligar of Congoondy" I conceive that either of them is sufficient and that the other should be dispensed with as superfluous. -

7. The Moturpha Deriz of the Pollium

Fort St. George 3d. September 1849.

The Peishcush of the Pollicum was fixed by Colonel Read in 1792. The Board wish also to know whether the tax on timber and firewood is confined to those articles when cut for sale; whether the inhabitants of the Villages in or about the Jungles are prevented from cutting for their domestic and agricultural uses; whether complaints have been made against the tax; what as far as may readily be ascertained, is its annual amount; and whether it commonly obtains in the Chittoor Pollicums and Zemindaries. Should you deem its continuance objectionable, you will be so good as to state what arrangement could be made with the Poligar for its abolition.

Revenue Board Office,

From the Collr. of North Arcot Reporting on the P.G.B. Lr.

Para 1.

Sir,

I have received the enclosed papers with an order from Government to

Fort St. George 3d. September 1849.

the accompanying Government Petition No. 1316 of 1849

Govt. Petition 1316 of 1849 and five enclosures Recd.

to dispose of the claim to which they refer. But under the particular circumstance of the case it appears proper to submit it through the Board of Revenue for orders especially as the Board have already had the claim under their consideration, and have proposed orders upon it which are opposed to my taking it up at all.

The facts are briefly as follows. A Village was granted to one Mahomed Khoorad by the Nabob at the instance of the British Government, for distinguished services rendered to the latter. The Nabob twice resumed the Grant and the Grantee died while it was in resumption the second time. It was regranted in 1805 by the British Government to one of the representatives of the deceased, avowedly in consideration of the services of the first Grantee; but the second grant being in the name of the head of only one branch of the family, that branch seem to have regarded the enam as their sole property, to the exclusion of any claim as of right on the part of the other branches; the present petitioner, as representative of one of the two excluded branches claims a share in it

November 1844

Fasly 1253.

× 1282 of 1847 reported on by endorsement on the 5th May 1848.

× 1 June 1843 reporting on Petition 828 of 1843.

it. In reporting last year on his Petition× to the Board to the same purport, I gave my reasons for considering his claim to be good and Mr. Babington in reporting at length× on a similar Petition from the representative of the other excluded branch of the family took the same view of the merits of the claim. He thought however that the case was cognizable by the Civil Courts and that Government ought not to interfere - I am not informed what orders the Board passed on that

1282 of 1847 petition, but on that from the present petitioner they passed an endorsement which is among the enclosures declining Jurisdiction and referring the applicant to the Civil Courts -

3. It appears to me that both Mr. Babington and the Board of Revenue were mistaken in their views of the jurisdiction, for unless the scope of Regulation IV. of 1831 is much narrower than I apprehend it to be, such cases as the present are by it reserved for the decision of the Governor in Council; and the Jurisdiction of the Courts is barred, except under special Authority from the Government. Supposing the claim of the Petitioner to be good, it seems very doubtful whether the Civil Court could

give

give him redress he claims a share in the Enam; but he could not sue as heir to Mahomed Moorad, because the Enam was resumed during the life of that individual, so that he was not seized of it at his death, and if he sued under the second grant, which confers the Enam on Ameen Oodeen Ally it seems very probable that a Civil Court would hold itself bound to nonsuit him. The case appears to me to be one especially proper for the exercise of the power reserved to the Government; the property at stake is the Government's own creation and the rights of the litigants depend on the intention of the Government when the grant was made. A Civil Court would determine that intention by the literal terms of the grant, and it seems probable that in this instance such interpretation would be mistaken; the Government on the other hand can declare certainly what that intention actually was and if it has been frustrated through misapprehension in any quarter they can at once remedy the wrong. If on the contrary it has been duly fulfilled they can

set the question at rest by so declaring

North Arcot
Coll.rs Circuit Cutcherry
Palmanair, 18th August 1849 } / Signed J. D. Bourdillon
Collector

Ordered that the foregoing letter be submitted with the following address.

To The Chief Secretary to
Government.

(30-31)

To the Chief Secretary to Government — } Sir

I am directed by the Board of Revenue to forward for submission to the Right Honorable the Governor in Council the accompanying letter from the Collector of North Arcot on the subject of Petition No. 1316 of 1849 which was sent to him by Government for disposal, but in reference to which, for reasons stated, he has considered it necessary to request further instruction.

2. The nature of the enam to which the Petition relates is fully shown in Mr. Bourdillons letter and in the letter from a former Acting Collector to which he has alluded. The Board may observe that in

Submitting letter from the Collector of North Arcot requesting further instructions on the subject of Pet.n No. 1316 of 1849 forwarded to him by Government for disposal and conveying the Board's views on the case. ——————

To Board 7th June 1843
Enclos 19th June 1843.

in the case which formed the subject of Petition No. 628 of 1843 the claim had been settled by a Razeenamah filed in the Civil Court of Chittoor in 1817 or many years before Regulation IV of 1831 came into operation, and the Board therefore passed an Endorsement on that Petition declining to interfere in the Matter. This view seems to have been taken by the Board in reference to Sec IV of the Regulation quoted.

3. The circumstances connected with the claim advanced in Petition No. 1282 of 1847 were however different and the present Board on due consideration are not inclined to adopt the opinion expressed in the Endorsement upon that Petition, Viz.t, that the case was one cognizable by the Civil Court. There seems to them no reason to doubt that the case is one falling under the provisions of Regulation IV of 1831 that it is therefore exempt from the jurisdiction of the ordinary Courts of Law, and that there is no objection to it's being disposed of by the Collector according to the orders of Government.

4. In adverting to the observations

made

at the time of preparing the annual re-
ports Accounts &c. for fusly 1257. The Ta-
-hsildar of Sembrery droog, Kistna Row
was accordingly appointed Acting
Naib Sheristadar to facilitate the
public duties.

4. The Petitioner applied from
Madras for further leave of absence for
two Months, which was also granted, and
during the four Months of his absence the
Naib Sheristadar who acted as Head She-
-ristadar and the Tahsildar of Sembrery
droog who acted as Naib Sheristadar, re-
-ceived their Salaries as follow-
Half of the Head Sheristadar's pay to Trimul
Row, Half of Taimul Row's pay to Kistna
Row, Half of Kistna Row's pay to the Head
Goomastah in the Sub Division who acted
as Tahsildar in the Talook of Sembrery
droog.

5. No stoppage was made from the Pe-
-titioner's pay when leave of absence for 45
days was granted to him prior to the
leave of the four months in question & a Letter
was given to the Petitioner on the 13th March
1849, informing him of the arrangement that
had taken place according to the general
absentee rules and custom of the District,

and

ORIGINAL DESTROYED

and on his presenting a petition to me on
the subject on the 15th March he was
further informed by an order dated 1st May
that half of his pay was stopped for the
purpose of being paid to the parties who
conducted the duties, and that no in-
-struction from the Board was necessary
in this case.

6. The Petitioner returned from Madras
on the 20th November 1848 not better
than he was before he went there, consequent-
-ly I permitted him to remain at home for
some time. During this period, Viz.
from 21st November 1848 to 15th January 1849.
Trimul Row and Kistna Row conducted
the duties as shewn above, and they ought
to get half of the Petitioners Salary for
this period also which I trust the Board
will have no objection in sanctioning.

7. Although the Petitioner
resumed his duty his services are
comparatively useless to me and to
the community of the District in
general. The Naib Sheristadar
still conducts his duties, which he
has done for the last three years
or ever since the Petitioner
lost the articulation of

Speech.

Speech

Salem District
Ossoor
Collectors Cutcherry
11th August 1849

Proceedings thereon -

32-33

Signed W. E. Lock
Collr

From the above report
the Petition to which it relates it appe
that in July 1848 Annajee Row Head
Sheristadar of the Salem District ob
tained leave of absence from his Offic
account of his health, for two Month
on condition that Rupees 105 per Mens
sem of his salary should be paid to the
Naib Sheristadar Trimul Row, who
was to discharge his duties during
his absence - Subsequently Annajee Row
found it necessary to obtain a further
period of two Months and rejoined his
District in November 1848. The Collector
has deducted a moiety of his salary for
the whole period of his absence amounting
to Rupees 1050 and has given it to Trimul
Row - Half of Trimul Row's pay for the
same time has been given to the Thasildar
of Shenkerry droog, who acted as Naib
Sheristadar and half the Thasildars
pay in like manner to the Head Goomastah of the
Sub Division who had charge of the Shenkerry
droog -

+ For four Months at 262½ a Month

J.G.B.

13302 Fort St. George 3d. September 1849

Shenkerry droog Taloak. The reason assigned
for this departure from the Condition upon
which the Head Sheristadar's leave was grant
ed is that owing to the pressure of
business in the preparation of the Settle
ment report of Fasly 1257 it became
necessary to make a provision for the per
formance of the Naib Sheristadar's duties
in addition to those of the Head Sheristadar.

2 The Board of Revenue cannot think
that due consideration has been shown
to Annajee Row in this transaction - The
"pressure of business" spoken of by the Collector
might have been readily foreseen when
the 18th July
1848 the leave was allowed and furnishes
no valid reason for a deviation from the
terms on which it was given; again by disburs
ing to Trimul Row in addition to a moiety
By
Half salary of Naib Sheristadar - 87½ of his own pay, half 262½ / 2 /
Half Annajee Row's Ditto 262½ that of a Head Sheristadar
350
Pay of Head Sheristadar below 5 years standing } 280 of about 15 years standing
Excess - 70 the Collector has in fact
permitted him to draw
more than he could have received had he
been actually appointed Head Sheristadar -

Collr. of Salem to Annajee Row. 1st May 1849.

3 Under these circumstances the
Board

November 1844

Fasly 1253.

Board consider it indispensable that faith should be kept with Annajee Row and that his forfeitures for the first two months of his leave should be restricted to Rupees 105 per Mensem - They are further of opinion that Trimul Row will be sufficiently remunerated if for the remaining two months he be permitted to draw besides half his own pay, half that of a Head Sheristadar

Half pay of Nail Sheristadar — 87½
Half that of Head Sheristadar under 5 years service — 110
227½
Rupees 105 per Mensem for 2 months — 210
Rupees the Do. — for 2 Do. — 280
490

under 5 years service in all Rupees 227½ per Mensem.

The stoppages from Annajee Row's salary will then amount to Rupees 490 leaving to be refunded to him Rupees 560 - The Collector will be pleased to recover this sum from the servants to whom it has been overpaid in the manner shewn in the Margin, and to disburse it to Annajee Row - The recoveries may be made by reasonable instalments if their immediate realization is full would distress the parties - The arrangement mentioned by the Collector in

For the first two months of Annajee Row's absence the Nail Sheristadar, Thasildar and Head Goomastah will draw the pay of their several substantive appointments and in addition the amount Rupees 210 forfeited by Annajee Row, will be distributed among them rateable in proportion to their respective

Salaries

Salaries - The sums which after this adjustment they may prove to have overdrawn will be recovered from them and refunded to Annajee Row, the total amount will be Rupees 315

For the second two Months the Thasildar and Head Goomastah will retain the sums which they have severally drawn but the Nail Sheristadar will refund the difference between Rupees 262½ and Rupees 110 per Mensem or Rupees 152½ for two months being Rupees 245

560

in Para 6 of his letter wholly after the return of Annajee Row to the District his duties continued for the space of nearly two months to be performed by the Nail without any Report to this Office was altogether irregular and the Board can therefore sanction no Extra remuneration to Trimul Row and the other Servants on this account - The Board may further add that during Annajee Row's visit to Madras some of their Members had an opportunity of seeing him and found that though suffering from a weakness of voice he appeared in other respects in good bodily health and equal to the discharge of his duties - They desire that he may assume his proper place in the Cutcherry and that the Collector will shew him that Consideration which is due to an Officer of his Respectability and length of Services

13305 Fort St. George 3d. September 1849

To, T. Pycroft Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

34

From the Collector of Salem - - - - -

Reporting upon Petition No. 1057 of 1849 addressed to the Board by Lingayen one of the joint Mootah: dars of Samoo: dram representing that the widow of one of the joint Proprie: tors is desirous to have the Estate under Circar management to the prejudice of the others interests -

I have the honor to report upon the Petition No. 1057 of 1849 presented to the Board by Lingayen one of the joint proprietors of the Mootah of Sa: moodram in the Talook of Shenkerrydroog.

2 After the death of one of the Joint proprietors named Gopaul Chetty I submitted the case to the Board on the 2d. October 1847 but on the 20th. April 1848 I again reported in answer to their Proceedings dated 29th. November 1847 that the balance of Jusly 1256 against Samoodrum Mootah up to the end of March 1848 amounted to Rupees 1803-7-9 that I sent for the joint Mootahdars Seddayen, Lingayen and Ramasaumy Chetty the latter an individual being the Nephew and repre: sentative of the deceased Gopaul Chitty and required them to liquidate the arrears due by the Mootah in question, and that during the enquiry I observed that the parties from the dissensions among

13306 Fort St. George 3d. September 1849

among them wished to allow the Estate to be put up to Sale instead of redeeming it -

3 Agreeably to the proceed: ings of the Board dated 2d. November 1848 the Sub Collector endeavoured to bring the parties to enter into some arrange: ment for the liquidation of the Circar balance by instalments but as they did not come to any kind of Settlement I forwarded Copy of the Boards' Proceed: ings quoted above on the 30th. January to the Subordinate Judge requesting him to appoint any other person instead of Ramasaumy Chetty, in the event of his not being willing to become the Guardian of the Children of the deceased Gopaul Chetty. The Subordinate Judge on the 13th. March forwarded Copy of a Miscellaneous Petition received from the widow of the deceased Gopaul Chetty, and requested to be informed whether there was any objection to com: plying with her request, Right of Keeping the property under Amanie or of selling it by public auction on account of the Circar

Fort St. George 3d. September 1849

Circar balance if the Government would not condescend to remit it - Upon this I wrote to the Comml. Judge on the 12th. April informing him that the Estate in question is already under attachment for arrears of Revenue, and that there exists no cause whatever to induce the Government to remit the balance and that the Estate cannot be put to sale before the Minors attain their eighteenth year of age, and at the same time requested him to appoint any other person instead of Ramasaumy Chetty as a Guardian to the heirs of Gopaul Chetty agreeably to my letter of the 30th January last - No answer to this has as yet been Received -

4 The Petitioner states in his Petition that the eldest son of the deceased Gopaul Chetty has attained his eighteenth year of age - From the depositions taken from the Relatives of Gopaul Chetty and Joint Mootahdars before the Sub Collector two years ago it appears that the eldest son was only about 13 years old Consequently he cannot at present be

Fort St. George 3d. September 1849

18 years old as the Petitioner alleges -

5 The balance due by the Mootah in question up to 12th. July of fusly 1258 is as follows -

For Fusly 1256	—	1,277 — 14 — 7
" — " —	1257	— 1,091 — 6 — 7
" — " —	1258	— 1,784 — 3 — 0
		4,153 — 8 — 2 of

which Rupees 2,662-9-0 are the balances due by the Ryots for Fusly 1256 and 1257, from which deducting Rupees 977-5-9 which are considered irrecoverable, the Remainder Rupees 1,685 — 3 — 3 will be collected with exception of such as may be due by the indigent and deceased Ryots - As the Ryots of the Mootah in question are in a state of indigence the joint Mootadars as also the Petitioners are desirous of allowing the Estate to be sold by public auction -

Waste lands included in the account Against the Extent of the Mootahs — Rs. a. p. 804-11-2 — 172-10-7 — 977-5-9

6 The Petitioner in Petition No. 825 of 1848 presented to the Board stated that Ramasaumy Chetty the nephew of the deceased Gopaul Chetty collected the balance of fusly 1256 from the Ryots of the Mootah fraudulently after it had

it had been taken under attachment. This was enquired into by the Sub Collector and proved to be a false accusation invented by the Petitioner owing to the animosity that exists between himself and the relatives of the deceased Gopaul Chetty.

Salem District, Ayoor Collector's Cutcherry, 16th August, 1849. } (Signed) W. E. Lockhart Collector.

Proceedings thereon. From the above letter it would appear that the assertion made by the Petitioner in No. 1057 of 1849 to the effect that Narrain Chetty son of the late Gopaul Chetty had attained his majority is unfounded. The Board however, desire that further enquiry be made to ascertain the exact age of Narrain Chetty. When the minority of that individual has really terminated the Circumstances of the Estate should be brought under the notice of the Board, that finial orders may be passed on the subject. Meanwhile, the Mootah must as already ordered remain under attachment, unless the arrears are paid up or due arrangements

(34. 35)

arrangements made for their discharge.

Para 3 2 The Collector should renew his application to the Zillah Court for the appointment of a Guardian to the minor Narrain Chetty.

Para 5 3 The Collector's attention is again called to the Condition of the property the outturn of which still continues very unsatisfactory.

Ordered that the following Endorsement be passed on Petition No. 1057 of 1849 "Petitioner is referred to the Collector to whom orders have been sent on the subject of his Petition."

To, T. Pycroft Esq. Secretary to the Board of Revenue

Sir, Fort St. George.

(36)

From the Collector of Salem. } With reference to the 12th para of my letter No. 419 dated 2d Instant, I have the honor to forward the Talookwar Statement of the number of private wells sunk up to Fasly 1257 and the extent of Punjah land converted into Nunjah &c. &c.

Salem District, Ayoor Collector's Cutcherry, 29th August, 1849. } (Signed) W. E. Lockhart Collector.

36-37

Read the following letter —

To, J. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

38

From the Collector of Trichinopoly — Furnishes the information called for in the Extract from the Board's Proceedings of the 22d. February last —.

Dated 15th Janry. 1849 No. 7

Para 1 I have the honor to acknowledge Extract from Proceedings of the Board of Revenue under date the 22d. February last and proceed to furnish the information therein required —

2 Futta Cadoo Beebee died several years since and although she was not related by blood to Hateja Beebee with whom she was associated in the pension of 14 Rupees granted by Government on the 29th. July 1831, she was closely connected with her being married to the same husband — she is in fact the 2d. wife of the Enamdar alluded to in Mr. Anslow's letter and Fkhadoo Mayah in whose favor Mr. Anslow recommended the continuance of the pension to her grandson and lenial representative —

3 Neither Hateja Bee

nor Fatta Hadoohee have left any
descendants with the exception of Hadoo
Meyah and his 3 sisters, who appear
to be settled out in life by marriage
and have advanced no claim to a sh
in the Pension. They therefore to repeat
Mrs. Anslows recommendation that the pe
sion be Continued to Hadoo Meyah
as the land in lieu of which it was
granted is still retained for Milita
purposes, and he is the legal heir of Fat
Hadoo Bee according to the Mahomeda
Law and the legal Representative of
one of the two parties to whom and their
descendants the Government order assig
the pension should Hadoo Meyahs &
Sisters hereafter apply for a share in the
pension their claim can be settled accord
ing to the provisions of the Mahomedan Law.

4- In accordance with
the orders Contained in the last Para
of the Boards Proceedings I enclose
an Original Purwanah and Copies
of five other Purwanahs of the original
of which are not forthcoming with
translations

DC.

translations. These documents purport to be grants of
land on rent free tenure by the Nawaub Mahommed
Ally Khan for the support of certain Mahaums and
were produced at this Office in 1831 during the enquiry
which was held previous to the grant of the pensions.
The Enams are not entered in Mr. Wallace's Register,
but mention of them appears in an old Survey Account
of 1803, obtained from the Curnum of Veroopakshepoo-
ram which shows that they form part of a tract
of ground which was called Veshwapa Naiken
Settah, and which like the ground in the Fort
is not included within the limits of any particular
Village.

5. Regarding the occupancy of the land I find
that the Collector Mr Cameron gave the following
information when addressing the Earl of Carnwath
Commanding Southern Division. "This land
Amounts to 8 Cawnies 28 13/16 Goolies, and is in
the

Abstract

possession of certain land taken up for Military purposes. Puttee Kadoo Beebee and Kutpah Beebee were married to the same husband. The former died many years ago and has left one Grand son Kadoo Meyan and three Grand daughters his sisters who are all married. Kutpah Beebee died on the 26th November last leaving no issue and the Collector recommends that the Pension Rupees 14---- per Annum should be continued to Kadoo Meeyah the nearest of kin to Puttee Kadoo Beebee.

2. An Original Durwanah and attested copies of two other Durwanahs have been produced from which it appears that the land in lieu of which the allowance was conferred in 1831 was granted by the Nawaub Mahomed Ali on account of a Makan. It seems probable tho not so stated that it must have devolved upon Puttee Kadoo Beebee and Kutpah Beebee by whom it was held in 1831 from their first husbands.

3 Adverting to the conditions on which the pension was granted and to the fact that the land in lieu of which it was confered is still retained for Military purposes, the Board beg to recommend that sanction be granted for the continuance of the allowance of Rupees 14---- per Annum from the date of the death of Kutpah Beebee to Kadoo Meeyah of the present claimant upon the understanding that if his three sisters should apply for any share in the allowance their claims should be settled by him according to the Mahomedan Law.

From the Collector of Madura forwarding Draft of a proposed Hookoomnamah.

Sir, Para 1. I have the honor to submit, for the consideration of the Board the Draft of the new Hookoomnamah, which, agreeably to their instructions, I have prepared for this District, with the aid of the Hookoomnamahs of Salem and Coimbatore

Such changes as have been

2. made in the former practice will I trust be considered to accord with the Ryotwar System, and to be advisable with the view of doing away, as much as possible with the want of uniformity in the District.

In allowing the right to

3 keep black land required for Cottow Cultivation, fallow for so long a period as 5 years, I have yeilded to the strong representations made by the Ryots of the necessity of this long interval for the purpose of getting rid of a species of grass which springs up in such land and precludes the profitable

profitable cultivation of Cotton while it lasts. In other cases the privilege of fallow is limited to 2 years.—

4th I have provided for all Punjer coming under consideration at the time of Summabundy before being remitted by inclusion either in a "Dispute paper" or in a general list of Punjer. The enquiry into the former will be particular and minute; The latter I propose to pass more easily after a few general enquiries. The Board are aware, that in this District it was the Custom to exclude all Punjer from the settlement. It seems necessary for the purpose of preventing a monopolization of land, to declare the Government right to levy the Teerva of all land agreed for at the Commencement of the year, whether cultivated or not and to withhold remission where they may appear to have been a want of exertion or fair dealing but I would deprecate severity in the application of this rule as the Capital and Stock

Stock of a Ryot may otherwise be touched upon, to the ultimate loss of the Government as well as its subjects. As far as my experience goes those districts have most thriven where Punjer has been remitted nearly as a matter of Course.—

Another innovation as regards Madura, is rendering Nunjah land cultivated with Poonjah liable to the Nunjah tax, unless the Collector's permission shall have been first obtained. This seems very necessary to secure the Government interests.—

In excuse for the prolixity of the Rookoonnamah I beg to state that it is intended chiefly for the use of Zillahdars, a class of Officers who cannot be trusted to act upon general instructions. I regret to transmit a draft in many respects so ill Copied but I have been for some time separated from my English Establishment, and deem it of importance to avoid the delay which would arise from its being returned to be recopied. When the

Rules are determined I can submit a fresh draft numbered consecutively to the end.—

A Hindoo Translation is nearly completed, and will be forwarded in the Course of a few days.-

Poodoocottah, February 26th, 1819. } Signed R. D. Parker Collector.

Enclosure 1.

Proposed Hookoommamah of the Madura District—

1 A Ryot is entitled to the land included in his Puttah of last year but to no other.—

2 A Ryot wishing to abandon any portion of the land included in his Puttah of the preceding year must execute a formal relinquishment, either before the Tahsildar or Zillahdar on or before 1st/15th Chittery if the spot be Poonjah or 1st/15th Aputt Poonjah Garden, and on or before the 11th July if Nunjah or Nunjah Garden. If he fails to execute this Razeenamah he will continue to be held responsible for the Teerwa—

A.

A ryot is not at liberty to throw up a spot in the midst of his holding without giving up some of the surrounding land, so as to afford an easy communication. He must also relinquish ments of land must therefore be based on the principle which requires that the portion of land given up shall form a convenient and eligible holding for another person. The application of this rule must remain at the discretion of the Collector who will be guided by the circumstances connected with them because they are less advantageous but the portions relinquished must be such as can be conveniently and advantageously cultivated by other ryots requiring land.

Lands

Note. The words known under the term "Sirie Nirie" "Yoan Gyravan" and good and bad which in their practical application denote that the situation and other constituent qualities of the relinquished land are such as shall render it an eligible holding for any person desirous to occupy it.

Kellore, Principal Collector's Cutcherry, 31st October, 1844. E. E. J.H.S. Signed J. F. Bishop Actg. Pl. Collector

Statement

3 Lands which have become very much deteriorated from various circumstances such as inundations; accumulations of Sand and the filling up of Wells as regards garden land; impossibility of irrigation, from high position or filling up of Tanks as regards Runjah lands; also lands in a distant position recently taken up and found unprofitable, Ryots will be allowed to relinquish by themselves on a special report by the Tahsildar.—

4 Should any Ryot wish to transfer any portion of his Puttah to another he should address the Tahsildar in writing; who after enquiry will report to the Hoozoor and on receipt of orders register the transfer in the prescribed manner.—

5 A Ryot wishing deduction from his Puttadaps of decayed Plantain and Betel Gardens must intimate the same to the Village Officers at the time of extinction, and again before the expiration of the year. The Village Officers will report to the Zillahdar,

Zillahdar, who will examine the spot without delay and report to the Tahsildar, who if satisfied will recommend to the Hoozoor to deduct the special Seerwah from the Puttadaps.—

6 When Poonjah has been cultivated for 5 years successively, the Ryot is at liberty to retain the same in his Puteut without cultivation, and exempt from tax for 5 years, if blackland required for Cotton cultivation, and for 2 years, if other land, provided, that the Seerwah of such land shall not exceed 1/3d. of the Seerwah of the total Puteut, such privileged fallow will be entered in the Puttah and the amount of Seerwa specified as a deduction.—

7 Should any Ryot require land for Cultivation in lieu of other land abandoned, or in excess of his last Puttah, he should make a proposal to the Zillahdar at the time of the Puttadup who will enter the same in his name if, on enquiry, there appear no objections provided that as regards land surrendered by

by other Ryots, the applicant shall take good and bad together, and provided, also that he must take land in one piece, or so that no impediment may be offered to the cultivation of the neighbouring lands by other Ryots. And whether the land be fresh or old Bunger it must be taken in whole stulls if they be of moderate size or if the stull to be large in portions of not less than 5 Cawnies if Poonjah or 1/2 of Punjah. No Ryot is to be compelled to take land against his will.

8. Should any Ryot require Punnibeke land for cultivation, it should be measured, and a report made to the Hoozoor specifying its state and the rate of the tax on the neighbouring land of the same quality. If approved by the Hoozoor entry should be made in the allotment account.

9 If two or more persons together take land they shall not be at liberty to divide it into separate Puttahs without the sanction of Hoozoor. The object of this Rule is to prevent Ryots being rendered

mugatory by several Persons taking land and then splitting the same into small pieces. Where division is unobjectionable, the Hoozoor will accord the permission requested.

10 In order that the cultivation in the three ordinary seasons of the Year Viz. Audeeday, Colum and Pengoony Coday should be prosecuted with vigour and without delay, it is essential that, after the close of the Summabundy and distribution of Puttahs for the last Year, the Puttadar or allotment of lands should be commenced by the 12th July and finished by the 15th September, and an abstract of it forwarded to the Hoozoor before the end of that month, care being taken to furnish an account on the 15th and 30th of each of the intervening Months, of such Villages, the allotment of which may be complete. Proposals for land may continue to be received from March to the end of December; but the allotment accounts must not be delayed for them more the allotment itself postponed on the pretext of there being no rain or any other reasons.

Mangamuty-

11 In furnishing the return of allotment of lands a Statement of lands abandoned and taken on proposals, must also be sent specifying the names of the Villages the individuals and fields—

12 Every field must be entered in the accounts with a specification of its extent sort and assessment with reference to the survey; and any excess or quantity found above the survey must be correctly shewn in the accounts.—

13 In order to expedite the dispatch of business, it is necessary that on the commencement of the season of allotment of lands the Sahildar should forthwith divide the Villages of his Talook between himself and his subordinates in such a manner as to secure the due performance of all the duties of the Talook. In case of doubt or difficulty the Subordinates should make a reference to the Sahildar and be guided by his instructions—

14 In both Madura and Dindigul

Dindigul if a Ryot desires to cultivate Fysul Bagayet or Jadeed present Bagayet with Poonjah on account of a failure of water or other sufficient cause, a full Report shall be made to the Hoozoor whence orders will be given to collect Full Seerva or half Seerva or Poonjah Seerva according to the circumstances of each case. If the Land be Fysul Bagayet, the original Head must under any circumstances, be retained in account both in Madura and Dindigul, and any remission granted will be entered under the Head of Seerva Cummee. In Dindigul, as Wells are constructed in a very substantial manner even Jadeed Bagayet, if watered from Wells, shall not lose that appellation from being cultivated with Poonjah for one or more years, but if Poonjah shall have been converted into Bagayet by a Casual excess of water in a River, Tank, or Nullah it shall be retained under the Head of Poonjah and pay Seerah Castee while

while cultivated with Bagoyet and Poonjah Tax only when again cultivated with Poonjah.

15 If a Ryot either in Madura or Dindigul offers at the time of Puttadup to cultivate Poonjah land as Bagoyet, it should be entered in the Puttadup accounts under the latter Heads.

16 In Dindigul there are 2 Heads under Bagoyet, Tobacco and Coaday - If it be cultivated with Coaday for the first crop, Tobacco for the second, and Cholum for the third, it is assessed with Tobacco garden tax; whilst the lands cultivated with Andy and Pungoorey Coaday (not with Tobacco) are designated Coaday garden and assessed accordingly. In Tyempully there is no distinction in the assessment of Tobacco and Coaday Bagoyet.—

17 The following are the instructions for the guidance of Tahsildars relative to the grant of Cowles for waste land at a lower assessment to be raised to the full amount by Instalments.—

P.S.

Any

18. Any person requiring a Cowle must apply to the Village Officers who are to give a proposal to the Tahsildar or Head Cur with an account showing the No. extent of land, the number of years during which it has been waste, its classification and rate of tax he is then to submit this account and his proposal to the Tahsildar or Peshcar who on Our being satisfied through the Village Officers and accounts, that the land in question is fit to be granted in Cowle, these Officers should take a Moochalika from him in the following form, and forward the same to the Huzoor with his security Bond and a specification of the fields offered for; and their Jeeroa, Cowlenamah will then be furnished from the Huzoor.

Terms of Moochalika

I do hereby bind myself to cultivate the land granted me in Cowle, at my request, until it attains to the full tax and to give immediate security for the same.

I

23. The above form is applicable to Nunjah and Garden lands also.

Cultivation detail.

1. The Zilladars should commence to inspect the newly sown Nunjah, Poonjah and Garden cultivation as well as the Tanks and watercourses from May in each year, and the Tahsildar and his establishment must examine them as often as they go out on Circuit, & enquire into the cause of decrease, if any, of a Ryots cultivation below last year, & and take the necessary steps towards encouraging

improving the means of irrigation. The Zillahdars must also inspect every Well useful for cultivation, and see if the whole land under it is duly cultivated; and in case of any deficiency they must endeavor to induce the Ryots to make up the same. Should the whole land under any Well lie fallow, they must ascertain the cause of it and report the particulars for the information of the Tahsildar; keeping an account with themselves, shewing the Village and the stall in which each Well is situated & and the name of the individual to whom it belongs.

2. The Curnams and Kattangars should inspect the cultivation from the beginning of July in which it commences by stallums, enter it in the signed Cadjans to be furnished by the Tahsildar and forward an abstract of it to the Taluk every month. As the zillahdar has many Villages to look after, it is not necessary that he should be present when

when the Nattamgars inspect the cultivation every month; but he should from time to time supervise the accounts and inspect the fields. Should any land other than what was entered in the Puttadus be cultivated by a Ryot of his own accord, it must be entered as such in the signed Cadjans.

The 2nd and 3rd Crops raised on the lands in which Cudicoday was cultivated for the first crop must be exhibited by Shalums, in the signed Cadjans and the periodical returns of cultivation, shewing the extent of each crop. The Curnums and Nattamgars should close their inspection of cultivation against the 25th of each month, and submit an abstract of it to the Talooks within the 30th.

3. Every field ploughed, Runjah and Poonjah, should also be shown in the above Cadjan accounts and in the abstract under their respective Heads.

4. On the receipt of the above accounts in the Talooks, they must be verified, and the abstract forwarded to Hoozoor, so as to reach it within the 10th of

of the next month.

5. The Tahsildar should cause the cultivation of the Pungeony Cowley to be correctly examined thro' Zillahdars and Village Officers before the end of June, and forward a detailed account to the Hoozoor so as to reach it by the 31st July, shewing the cultivation included in the last years settlement, the crops reaped up to the end of June and Carried to the Head of "Seroy Summa," the extent of land cultivated with a 3rd Crop, and that entered in the first periodical return of the current year.

6. The preparation of the double account in January of every year previous to the Karar Lagoopadee inspection, must be continued as heretofore. It should be as exact as possible and an abstract of each village must be sent to the Hoozoor by the Tahsildar with his usual report so as to reach it by the 10th of January, shewing the Cause of increase or decrease of cultivation, as compared with the last.

(Signed) J. F. Bishop
Asst. Collector

Settlement

last Fusly, the state of season, and the
health of the inhabitants and Cattle, with
his general opinion on the season with
reference to his prior returns from July
preceding. The transmission of the 2
monthly returns is to be continued till
May.

7. From the 15th. September to
the end of the Monsoon, the Head In-
habitants, Nattamgar, Shetty &c. of
the Village should watch the banks
of Tanks and Watercourses to guard
against any sudden breaches. The attention
of Zilladars is required to this important
duty. Where the Tanks are large, the
peons should render their assistance and
report on the state of such Tanks to the
Tahsildar from time to time, who will
report the same, if necessary, for the
information of the Sheristadar.

8. During the Monsoon Care
should be taken to guard as much as
possible against inundation, and should any
nevertheless take place, the state of
Lands suffering thereby and
should

should be reported to the Talook.

9. Where the cultivation suf-
fers from want of water, it must be
preserved by means of baling water by
Pycotahs and Baskets if possible.

10. At the beginning of
January of each year, the Tahsildar
should depute the Zilladars and Village
Officers to inspect the actual cultivation
with the signed Cadjan periodical re-
turns, and the Colongoo accounts of
the last year and those of the survey in
accordance with the order of the Sheristadar
dated 14th. October 1847. In doing this,
whole stalls with well defined boundaries
may be entered without actual measurement,
but cultivation in portions of stalls, or on
recent Burgey, or concerning which suspicion
is felt, should be measured in presence of
their respective owners before it is entered
in the accounts.

11. The Zilladars should
submit their report of cultivation every
15th. day to the Sheristadar.

17. It is the duty of Tahsildars to receive tenders for Contracts of Palmira and other Topes in proper season and report the same to the Hoozoor, shewing the amount of revenue of the last 5 years, taking care in the mean-time to guard them from injury.

13. Where doubts may occur or complaints be brought of concealment of cultivation in any Village, either the Zilladar or any Taloor servants, or the Curnums and Nattamgars of other Villages must be deputed to examine the same. They shall obtain from the Curnum of the Village an abstract of the whole cultivation of the village, and the signed stallamary Cadjan Accounts, and then proceed to measure every spot with reference to them.

14. After the close of the cultivating season the Collector will order some of the villages to be surveyed thro' the Hoozoor and some through the Taloor servants.

15. The Curnums account of the Carar

carar sagoopadee should specify all the stalls whether cultivated or not, the Ayacut or extent of each stallum, its kind, and the quantity cultivated or left fallow, together with all other particulars connected with it.

16. The Officers deputed to inspect the exact cultivation must execute their task within a reasonable period, and carry forward, together with the Curnums account mentioned in the preceding Para an abstract signed by the zilladar and Village Officers shewing the total cultivation of each village, its increase or decrease in comparison with last year, the total land occupied, including fields taken up without written agreement, the portion cultivated, and that left uncultivated with an explanation of the latter. This account must be scrutinized in the Taloor and an abstract of it transmitted to the Hoozoor.

17. The Tahsildar must keep a Memorandum of every dispute as-

settled

* Puttadaj

settled by him during the Fallum and the season of Cultivation, whether under orders from the Hoozoor or not; to enable him to answer any question that may be put to him during the settlement.

18. The Zillahdar will be made responsible for the correct entry in the accounts of the villages under his charge; and as the Tahsildar must also be well acquainted with the state of cultivation, both from the reports of the Zillahdars and from personal inspection during his tour, he also will be held proportionally accountable for concealment of cultivation.

19. It is to be understood that while Government Nunjah land remains uncultivated, the water of Tanks &c may not be diverted to the irrigation of Enam Poonjah and that Enam Nunjah shall not be irrigated except in proportion to the Government Nunjah.

Settlement

Settlement detail

So soon as the Tournoms are assembled in the Summahbundy Cutcherry the account of cultivation must be examined, the increase or decrease ascertained, incontrast with last year, and an account obtained (with an explanation of the cause) of the portion of each individuals Puttadapoo left waste— The Hoozoor or Goomastah deputed for the preparation of the Summahbundy Accounts should ascertain all the foregoing details by reference to the Tahsildar—

2. The Curnom should compare the Mallawary cultivation accounts of the current year with the Adoogoo accounts of the survey to verify the measurement, classification and Tax and at the Summahbundy the Hoozoor Servants should ascertain that this has been carefully done— The Summahbundy Chittah of each individual should then be prepared accordingly—

Statement

3. Particulars of waste to be included or deducted from the Settlement—

1. Where a portion of a Stallum or survey Poonjah Garden Land, which still measures not more than 2 Goolies and Nunjah measuring not more than half a Cawny, is brought under cultivation and the rest left waste, the whole should be carried to the settlement— In all stallums exceeding the above extent the portion cultivated only should be entered, except in the case of several Ryots holding portions of one stall wherein each holding shall be considered a stall and if not exceeding 2 Goolies a portion of it left Bunger is to be carried to the settlement— The same exception to apply to Nunjah in proportion— If in a considerable Puttah a small portion of land only is Bunger, it should be entered in the "dispute Paper"—

Para 5 Sec 7 of Coimbatore Dt & 20 of Salem Dt

2. Where land offered for by one Ryot for cultivation, but given to another, on condition of paying full tax whether cultivated or not, be fallow,

fallow, it should be entered in the "dispute Paper"—

3. Where a Ryot leaves any portion of his Puttadapoo fallow and cultivates his Manieum or other Lands in Gemindaries such circumstance should be entered in the "dispute Paper—

Para 15 of Salem and 3 of Coimbatore

4 Where a Ryot wilfully leaves any portion of his Puttadapoo land Poonjah or Nunjah fallow notwithstanding a sufficiency of Rain and irrigation it should be entered in the "dispute Paper"—

5 Any Nunjah or Poonjah land left waste from want of rain or water in the Tank should be entered in a separate Paper and will be deducted from the Settlement upon the order of the Collector—

6 Should a Ryot leave waste any portion of his garden land notwithstanding a sufficiency of water in Wells permitted its cultivation it should be entered in the "Dispute Paper"—

7 In Madura there is a specific Stallawary & Purrummary account of all Punjah

progressively increasing Rent.

| | | |

Poonjah lands according to which their assessment should be entered in the Settlement Accounts—

8. The rates in Dindigul are liable in some places to the deductions of "Hooloo Maff" and "Moonasiff Cummee" and in some places to an increase termed "Moonasiff Jastee." These deductions or the increase as the case may be must be shewn in the Settlement— In no case can a tax be levied for a second crop on Poonjah land—

9. In the Talook of Thiroomungalum it is usual to allow a remission of 1/4 th of the tax on Poonjah land actually cultivated by the use of the private ploughs of Bramin Cultivators— It is necessary that great care should be taken to ascertain with certainty that private ploughs are used, and to note the circumstance in the Accounts from the beginning of the Fusly—

10. Poonjah tax must be collected as heretofore on the Poonjah Lands of Anoopanaddy Village in Madacolum situated in the environs of the Madura Town, on which weavers have built houses—

11 Particulars of tax on Poonjah Gardens—

Madura

Madura.

In some Villages Poonjah lands cultivated with Garden pay thrice the Poonjah rate, provided it do not exceed 18 Fanams per Goontah, whilst in others they are assessed according to the Teerwah Dittum or tax roll of Mr. Hurdis as shewn below— In future it is desirable that the practice should be uniform, except as regards the Nuttom Talook; and the following rates are therefore imposed which as respects all but the 2 highest classes of Garden land agree with those of Mr. Hurdis—

2 In Nuttom, the Poonjah tax being heavy, it has been the practice to levy double Poonjah tax on Poonjah land converted to Bogayet which must be continued—

3. Poonjah lands watered by Tanks and watercourses should pay garden tax as usual—

Dindigul

4. The division of the Bagayet Lands into Coaday and Tobacco has already been stated under the head of Puttadar—

5 When Poonjah land is converted into Bagayet, the Tahsildar should inspect the neighbouring Bagayet lands and report their tax and quality, with the quality of land in question to the Sub Collector, who will fix the amount of Tax to be levied with reference to the undermentioned rates and the information thus furnished—

6 In Madura the first Crop Nunjah should be taxed with full Nunjah

Nunjah Teerwa and the 2d crop, on the same land, whatever may be its description with half Nunjah land—

7. In the Nuttum Talook, the Nunjah assessment having been fixed on an average of the produce of both 1st and 2d crops, no additional teerwah is to be levied for a second crop— but a reduction of ⅓ of the Assessment will be allowed when owing to a deficiency of water or other sufficient cause, a second crop is not raised—

8. The same rule is applicable also to all Nunjah lands in Dindigul for the same reason—

Particulars to shew how Nunjah Gardens in Madura should be taxed—

In Fusleis 1212 and 1213

9 Plantain Garden paid one and half Nunjah tax from the time of planting, and from Fusly 1214 up to the present time, it has been assessed with Nunjah full Teerwa in the first year, and one and half from the second year the latter practice must be continued until further orders—

Nellore Principal Collectors Cutcherry 31st October 1844.

Errors Excepted. Jfx. (Signd) J. F. Bishop. Pr. Collr.

Statement.

10 In Fuslies 1212 and 1213 on Betel gardens paid full Betel Tax from the time of planting, but as they do not attain maturity till the 2d year, they have since Fusly 1214, paid Nunjah Teerwa for the 1st year, and full Betel tax afterwards while the crop stands. This rule should be continued. It is also to be understood, that according to Custom, the Betel tax on lands within 5 Miles of the town of Madura is 20 Pons per Cawny, and beyond that distance 12 Pons per Cawny.—

11 Sugar Cane Turmeric &c. if cultivated on Poonjah, should pay one and half Nunjah tax.—

12 In Nuttom Talook it has been the Custom to assess Betel garden at 5 Pons per Gooty during its whole duration which should be continued. Plantains garden in the same Talook shall continue, as hitherto, to pay single Nunjah Teerwa in the 1st and double the same in the 2d year. Turmeric double Nunjah tax

tax, and Sugar Cane 5 Pons per Gooty.

Rules for taxing Nunjah Garden in Dindigul.—

Nunjah Garden must be taxed according to the description of crop at the rates specified in the Teerwah Dittum.—

The Board of Revenue have directed the taxation of Sugar Cane with 80 per Cent in addition to the Teerwah of single Crop land. For this purpose, all lands taxed at and below 20 fanams the Gooty are designated as single Crop and those above it as 2 Crop lands. Where the addition of 80 per Cent may raise the aggregate Teerwa above 30 fanams the Gooty, which is the highest Nunjah rate under Mr. Peters discretionary settlement, the excess above that sum must be remitted. This Rule should be continued until further orders.—

Nunjah mail Poonjah

Madura

If Poonjah Crops be cultivated on Nunjah land without previous permission

7th November 1844

the Nellore and Angole Districts in fusly 1253.—

| | | |

14745- Fort St. George 1st November 1844

| | | |

permission ~~from the Hoozoor~~, it shall be assessed with full Nunjah Tax, If from a deficiency of water in Tanks or the high position of land or other sufficient cause, Nunjah Crops cannot, in any particular year, be raised, permission to cultivate Poonjah will be granted Ryots wishing to cultivate Poonjah at the Nunjamail Poonjah rates should apply to the Nattamgar and Curnom of their Village, whose duty it will be to inform the Gilladar, who will inspect the land and source of irregation and report to the Tahsildar by whom permission will be granted if there are sufficient grounds. Report of the lands thus allowed to be cultivated as Nunjahmail Poonjah will be made monthly to the Hoozoor and the Tahsildar will be held responsible that the permission be not given without due cause.

On permission granted one crop of Poonjah on Nunjah pays Nunjamail Poonjah tax either according to the Teerwah Dittam (where this exists) and,

and, (where it does not) half the Nunjah tax. Two Crops of Poonjah on Nunjah land shall pay one and half the Nunjahmail Poonjah tax, and in some of the Villages of the Madacolum Talook full single Nunjah tax. Nunjah land cultivated with Poonjah for the first and Nunjah for the 2d crop should be carried to the head of "Nunjah" and assessed with one and half the Nunjah tax.

In the Nuttom Talook Nunjah tax has hitherto been exacted in all cases for Nunjamail Poonjah Crops. In future the practice should be assimilated with that of Madura.

In some Villages in Dindigul Nunjamail Poonjah lands are distinct and pay a particular tax which must be continued. In respect to Poonjah Cultivation on other Nunjah lands the rules established for the Madura Division should be followed.

Hitherto it has been the practice both in Madura and Dindigul in the case of Poonjah land once cultivated with

J. F. Bishop
Acting Principal Collector

Statement

In some Villages in the Ma: dacolum and Sholavendan Talooks situated on the banks of the river Vigay, all sorts of trees planted on Nunjah and Poonjah lands are taxed, the former with the Nunjah Bagoyet rate, and the latter with the Poonjah Bagoyet rate in conformity with the Boards letter of the 17th. September 1835. This should be continued.

In General Cocoanut trees are assessed with a tax of 1/2 - 1/4 - 1/8 - 1 - 3/4 fanams per tree, according to the rate of the respective Villages, in conformity with the Boards order in their Proceedings on the Settlement of Fasly 1247. Para 11. The same rates will be continued: and when Cocoanut trees in any Village are coming into bearing, the rate of that and the neigh: bouring Villages, and the quality of the soil, should be reported to the Hoojoor by whom the tax will be fixed.

Trees dispersed over cultivated land are not liable to a separate tax. The tax on the land only shall be levied ac: cording to the order of Government, under

date

dated 20th. October 1835. on the Settlement Reports of Fasslies 1242 and 1243. This Rate does not apply to Topes.

On the request of any Ryot for remission of tax on trees worn out with age or knocked down by winds &ca. the fact should be ascertained by the Tahsil: dar, and if true, made known by him at the time of settlement, when the Tax will be deducted if necessary. It must be remembered, that no decayed or fruit: less trees should be cut down or carried away without an order from the Hoojoor.

With respect to the property in the wood of Trees cut or falling down, the Tah: sildar should report whether the person who held the Puttah or rent of them, or the field in which they were situated, or his ancestors, were planters, or purchased the lands from such persons, in which case he would be allowed to take the wood. Other: wise the wood will be sold by auction, and carried to the account of Govern: ment as the yearly amount paid by the holder entitled him to the yearly produce only.

Metta

In some Villages Palmira Topes pay tree tax, and in others rent on contract which custom must be continued.

The Topes hitherto planted are to continue to be assessed as heretofore but the following Rules have been enacted for planting Topes and Avenue Trees in future -

Public Topes -

Every person desirous of planting a Tope for public utility and convenience shall first communicate with the local European Revenue authorities, and obtain their sanction. If he neglect to do so, his plantation shall be liable to be taxed at the rate chargeable for private Topes. A Register shall be kept of such applications.

2. Parties, who after sanction shall have been previously obtained as directed in Rule 1 may plant Topes, either of Fruit or Timber trees or other trees affording shade, in situations approved by the Collector on the road side near a choultry or near any place of public

public resort, for general accommodation and convenience or other beneficial purpose shall be allowed to cultivate the ground rent free until the Tope becomes productive as a compensation for the trouble and expense incurred in forming the plantation. When the trees, if fruit trees, shall have reached maturity, the Topes shall be entered in the accounts as a Public Tope free of all tax, and the produce left to the planter to be appropriated for the support of the Choultry, repair of the Road, or other Municipal purpose contemplated.

3. The Produce of Trees on Avenues planted by the road side in such a manner as the District authorities shall approve, shall be enjoyed free of tax by the individuals or village Communities who may have planted them.

Private Topes -

4. Parties wishing to plant Topes for their private benefit in waste land including plantations for Firewood shall

shall be allowed land for that purpose and it shall be exempt from assessment for 20 years, whether cultivated or not. After the lapse of that period the full Teerwa of the land only shall be charged. If the Tope be planted in sheical or land usually under cultivation, ground so appropriated shall as a general rule be assessed with full Teerwah from the time the trees are planted, whether it be cultivated or not, unless there should be special reasons for greater indulgence, which the Collector will represent should he see fit.

5. The produce of single trees to be hereafter planted in cultivable land shall be enjoyed free of tax by the party by whom the land is cultivated. Such trees shall be taxed only when the land is left waste.

6. In places where water is scarce, and where trees grow with difficulty as in the black or regur soils an advance of Tuccavee will be given for the construction of a well on the special

recommendation

recommendation of the Collector, and on such terms as the case may seem to require.

7. Parties who after obtaining land under the above Rules may fail to fulfil the terms of their engagement shall — forfeit their Cowle.

The foregoing Rules shall not apply to the Arica Palms or to Palmyra and Date Trees, nor, in general, to Cocoanuts, but when Cocoanut Trees are planted by the road side in single rows, and in such situations as may be approved by the Revenue or Engineer authorities, they will be exempted from Tax on the usual condition, that if the trees are kept for Toddy the produce be not disposed of to any others than the Abkarry renters.

On Poonjah converted into Nunjah.

In the 3 Talooks of Madura and in Ramaghcurry, where Poonjah is cultivated with Nunjah, it pays Nunjah tax at the rate of the Nunjah class corresponding with its Poonjah class.

In the 4 Talooks of Dindigul where a survey field assessment exists

Nellore Principal Collectors Cutcherry 31st October 1844

E. E. J.P. / Signed / J. F. Bishop,
Asstt Principal Collector,

exists the tax on Poonjah land newly converted to Nunjah has hitherto been fixed with reference to that of the adjoining lands. In future besides the said rates, the quality of the particular land, facilities of irregation, together with all circumstances bearing on its produactive power, should be reported to the Hoojoor who will fix the Teerwa on a combined view of all of them.

The teerwa on Perumbokes will be regulated by the same considerations, and the same particulars must be included in the Tahsildar's Report.

In the Talook of Ramagherry and in the Iyempully Talook of the Dindigul Division, as it is the practice of the Inhabitants to rear cattle for sale, and as this practice interferes with cultivation, it is directed that the Ryots shall pay an assessment for the grazing grounds according to the following Rules.

Each Ryot shall be allowed to hold Poonjah land for grazing to the extent of 1/5th his Puttah on a Tax of 1/4 Poonjah

Poonjah Tax.

A portion of the waste land near each village shall be set apart for the grazing of the cattle used for ploughing and ordinary purposes whether by the Ryots or others.

The waste which remains after deduction of that alluded to in the preceding 2 paras shall be let out in tracts, the Villagers having the preference if they make a sufficient offer.

If it is considered expedient to extend these Rules to other Talooks a specific order will be given for the purpose

The first Teerwa of the respective years on Cowle lands liable to gradual increase of tax, should be levied, whether they be cultivated or not, according to the terms of the Agreement, and an account kept, shewing the exacts portion thereof cultivated and left waste, full tax, and the amount collected on account

of

land pays fixed quit rent whether cultivated or not, whilst in others it pays on the actual cultivation. This practice must be continued as hitherto.

3. The cultivation of endowments of Pagodas, Chuttrams, &ca which are not maintained, and of Enams for which no legal Instruments are forthcoming, must be ascertained and a Statement thereof given by the Tahsildar to the Hazoor Goomastah who will obtain the orders of the Hazoor as to placing it to the Deposit or Agen account.

In general seeds plots are cultivated for a crop after the removal of the seedlings, they should, therefore be always included in the settlement.

If any cultivation takes place after the close of the Summabundy accounts and the crop is reaped within the Fusly, it should be carried to the accounts

of Extra Revenue, unless it be a 2nd. crop of Pooniah or 2d. or 3d. crops of Nunjah in Dindigul and Nuttum or 3d. crop of Nunjah in Madura which are liable to no additional tax, an account should nevertheless be submitted to the Hazoor.

Remission on Nunjah withered crops.

Remission for withered crops cannot be claimed as of right, but where considerable loss may be sustained from this cause which may not be compensated by high prices or other advantages, Remission will be granted as a favour; and the following Rules are to be observed in the examination.

Where Nunjah crops of a Village may be withered from insufficiency of water notwithstanding all endeavours to supply the deficiency by baling water from Tank Channels and Wells thro' Pycotahs, the Nattamgar should inform the Zilladar; the Zilladar should make a detailed report of it to the Talook, with a Nadjain abstract, signed by himself and the Village Officers, shewing the total extent of cultivation under each source of irrigation, the description of the withered Crops the particular Month in which they are cultivated, and

Statement

and the date up to which they were not in need of water. He shall continue to submit such reports bi-monthly to the Hoozoor.

On receipt of the above report in the Talook the Tahsildar, or on his order the Mor: zoomdar, or Deputy Tahsildar, should proceed to the spot without delay and inspect the state of irrigation the extent of cultivation and withered crops of the Village, accompanied by the Zilladar and Village Officers of that and two adjoining Villages.-

After the inspection is compleld, the Tahsildar should furnish the Hoozoor with an abstract and Papers showing the quantity of water received from the commencement of the year, the total cultivation under each Tank, the extent of withered crops, the date up to which supply of water lasted, whether the Stubble was present for examination, and if not, the cause together with Mallawary Account for the same in Cadjan signed by himself and the others present at the inspection, and containing his opinion on the correctness of the Shareed.

In the years in which withered crops may be so extensive that the inspection of them cannot be effected by the 3 functionaries

abovementioned

abovementioned, the Head Goomastah of the Talook may also be deputed, a report of the circumstance being made to the Hoozoor with specification of the Villages he may be sent to. If further assistance be required the Tahsildar should report to the Hoozoor. The first report regarding Shareed must emanate from Zilladars and if it be far from correct, they will be punished.

On the receipt in the Hoozoor of the Tahsildar's report, orders will be given for its confirmation or for reinspection of the withered crops by the Hoozoor servants as may seem fit.

Pending the final order of the Collector on the subject the Ryots must be strictly enjoined to preserve the Stubble for examination on pain of otherwise losing claim to remission, and the Mallawagars are to see to this.

After the final inspection of the withered crops, the Sheristadar will scrutinize the accounts, report the particulars to the Collector together with all the circumstances of each claimants cultivation which may affect his ability to pay and be guided in by his orders in making deductions from the

Pullah on account of the withered Crops.

No transfer of Pullahs can be made without the order of the Collector or of the Tahsildar under his authority previously obtained.—

It shall be the duty of the Village Curnums, Tungamy Goomastahs and the Talook and Hoozoor Goomastahs carefully to compare the different accounts prepared at the Jummabundy with each other and with the Village fuld abstract submitted to the Hoozoor, and framed from the Warumgoo: pady Account for the purposes of seeing that the demand on, and Cultivation of each Ryot is correctly entered; and the Curnum and examining Goomastah's signature must be affixed to the Pullah and Village abstract.

Information of concealment of Cultivation either by Curnums, Nattamgar Vca. will meet with notice all times, whether before or after the close of the Settlement in conformity with the Board's Circular of the 23d. September 1847 and a reward not exceeding 50 per Cent of the concealment will

Fort St. George 3d. September 1849.

will be recommended for Sanction if the information be given before the close of the Settlement; and 25 per Cent if subsequent to it. The Nattamgars Curnums and Zillahdars concerned in the concealment will be dismissed and further punished according to Law.

Hitherto the Tax on Fish in Tanks, Nullahs, Vca. has been collected variously by Rent, Bilmuctah, and fixed assessment on each Ryot, until further Orders it will be settled in the same manner.

The Tahsildar, has Subordinates and the Village Officers should in all cases be guided by these Rules. All accounts furnished by them to the Hoozoor must be scrutinized by the Head or Naib Sheristadar or their Subordinates from time to time and matters of importance reported to the Collector.

Should experience suggest to the Tahsildars any addition to those rules, it may be proposed for the consideration and orders of the Collector.—

Every Account must be submitted to the Hoozoor within the time given in the annexed Memo:

At each Summahbundy an Account should be prepared for each Village shewing what amount may have been laid out in the improvement of the sources of irrigation within the 3 Years preceding and Ordinary Occasional and Extraordinary Estimates, whether additional Lands have been brought under cultivation thereby during the current year, or whether the Repair only maintained the usual cultivation.

Disputed boundaries must be entered in the accounts of the Villages in which the demand thereon has hitherto been realized pending a final decision. It should in no case be entered in the accounts of both Villages.

(Signed) R. D. Parker
Collector.

40-41

Proceedings Requesting the Collector of Madura to modify the Draft of the Hookoomnamah submitted by him with reference to the suggestions herein made and furnish information on the points noticed.

thereon 1.

The Board of Revenue have carefully considered the Hookoomnamah for the Madura District submitted with the above letter, and they proceed to record the following observations respecting it.

2. The Board would propose to modify the second rule as shown in red ink in the Copy herewith returned. By

Fort St. George 3d. September 1849.

3. By rule 4 the case of any ryot who may have desirous of transferring any portion of his jintoot to another is to be reported for orders to the Hoozoor. Such reference may be productive of delay. The transfer might perhaps be arranged by the Tahsildar in ordinary cases and those instances only which admit of doubt be reported to the Collector. If so, this rule might be modified accordingly.

4. Rule 5 What is the speedy Peervah mentioned at the end of the rule? Is it intended that the land itself should be thrown up altogether or that it should be held on other terms? If the latter what are the conditions referred to, and to what cultivation with the land be applied? Some explanation is needed on those points.

5. Rule 6 Is the "Total Pulcut" here referred to, the Poonjah Pulcut only, or the entire holding including Nunjah, Poonjah and Garden? The Board presume the latter.

6. Rule 7 The Board would omit the passage marked with red ink. The minimum quantity (1½ Cawny) of a large stull seems considerable, but of this the Collector is

Nellore Principal Collector's Cutcherry 31st October 1846. E.E. Jr. (Signed) J. F. Bishop Acting Dy. Collr. Statement

is the better Judge.

7. Rule 15 In the case here supposed it is presumed that the ryot will be allowed to revert to Poonjah cultivation in the land in question, in the next or any ensuing Fusly and that the land will then resume its former designation.

8. Rule 16 The Board wish to be informed what are the different rates of assessment payable respectively for Tobacco and Coday Bagayet in Dindigul and in any other part of the District where this distinction obtains what is the reason of the distinction and why it should exist in the other Talooks more than in Syempally.

9. Rule 18. The Board have proposed a slight modification in this rule. The ryot will be unable to submit to the Tahsildar the particulars here required, unless he first obtains them from the Village Officers who should be bound to furnish them.

10. The Table in Rule 19 provides for granting Cowle for land from three to five years waste. The Board doubt — whether Cowle should be given for any land which has not been out of cultivation for

for at least 5 Years.

11. The details exhibited in the form given in Rule 22 are intended merely to serve for purposes of illustration. Nevertheless it may be pointed out that they contain inaccuracies. Thus No. 155 of 1st Sort Poonjah is rated at 1½ Rupee per Cawney and Nos. 160 & 170 thro of the second Sort bear respectively an assessment of Rupees 1-8 and Rupees 2-10-8. per Cawney.

12. Cultivation detail Rule 13. This rule provides that when concealment of cultivation is charged or suspected, either the Hillaldar or any Talook Servant or the Curnums and Nattamgars of other Villages must be deputed to examine it. To call in the aid of the Curnums or heads of neighbouring villages for the purpose of these investigations is every proper, but the enquiry should not be left to these village Officers only; some one of the Talook Servants should always take part in it.

13. Settlement detail Rule 3 Clause V. The "separate paper" here mentioned would seem to be the general list of Buniyer referred

Fort St. George

Remission in the Talooks of

referred to in para 4 of the Collector's letter. It is presumed that both this and the "Dispute papers" are drawn up under the Tahsildar's orders and carefully examined by him. The Board concur in the view taken by the Collector in the same para of his letter that althó' no Buryer is properly chargeable when there may have been a palpable want of exertion or fair dealing, the rule should be acted upon the resources of the ryot.

14. Settlement details. Madura Rule 1. Some changes are here proposed in the assessment of Poonjah lands in Madura cultivated with Garden produce the scope of them being to tax all except the two highest classes of Carasab according to the rates of Mr. Hurdis Dittum. Some further information is required before these alterations can be admitted. It should be explained in how many Villages treble the Poonjah rate is charged and what is the extent of land so taxed, the average revenue derived from it, and the manner in which it will be affected by the proposed change. It should also be shown why in the Villages subject to Mr. Hurdis Dittum, his rates upon the two highest

highest classes of Carasab land should be departed from, and what is the difference between his rates and those proposed for these two Classes.

15. Rule 12. Are the Turmeric and Sugar Cane here spoken of to pay respectively double Punjah tax and 5 Pons per Cooly from the first year?

16. Punjah Mail Poonjah Madura Rule 6. It seems to the Board questionable whether it be necessary that permission should be obtained from the Hoozoor before Punjah lands can be cultivated with Poonjah. It might perhaps be sufficient if permission were given by the Tahsildar at his responsibility and report periodically made to the Hoozoor. If so, the rule might be modified as shown in red ink.—

17. Coccanut Trees. "When Coccanut "Trees in any Village are coming into "bearing, the rate of that and the "neighbouring Villages and the quality of the "soil should be reported to the Hoozoor "by whom the tax will be fixed" If there be a rate of assessment for Cocoanut trees established in the Village, it does

does not appear why it should not be maintained or why any other should be imposed.

18. The Collector is requested to reconsider the parts of the Hookoommanah to which the above remarks have reference. The modifications proposed by the Board are not meant to be implicitly adopted, but to be regarded rather in the light of suggestions Mr. Parker will be pleased to revise his Hookoommanah accordingly and to forward a fresh copy introducing in it such of the alterations above indicated as seem to him to be desirable, & furnishing his reasons for the omission of such as he may deem to be inexpedient. He will also supply the information required on the several points upon which explanation has been called for.

D.G.

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

42

From the Collector of Madura. . . } Para 1. I have the honor

Giving the details of the Murder of the Dodapanaikkan Zemindar.

to acknowledge the receipt of the Proceedings of the Board under date the 30th Ultimo communicating the desire of the Governor in Council to have before him the particulars of the attack on the late Poligar Dodapanaikkan — as well as the motives which influenced it and to be informed of the result of the trial of the Perpetrators of the murder.

2. The Village of Dodapanaikkanoor is situated at the foot of the East side of the Sudiputty Pass which forms the communication over a low range of Hills between the Cumbum Valley, belonging to the Periakurry Talook and the Periamunyalum Talook. The distance between it and the Tinevelly District which it nearly adjoins is covered with Jungle

14758.

Fort St. Geo[rge] 7th November 1844.-

Increase in Fasly 1253 (Cont.)

| Progressively increasing Rent As in the last Year. | | |

Jungle wherein the Zemindar lived in a Solitary thatched hut, with only 2 or 3 companions, having for some family reasan abondoned his regularly built house in the Village. In this hut he also kept Gold and Silver Ornaments to a considerable amount.—

3. The weak state of the hut and the property it contained were matters of general notoriety; and the depositions taken before the Police shew that considerable number of persons from the yellamuddy Zemindary in the Tinnevelly District, aided by others whom they picked up on their way came thro the woods on the 18th June: attacked the house in which there were only the Zemindar, with his two Sons his Concubine and two others and irritated by the resistance of the Zemindar gave him several severe blows with sticks which caused his death.— The other persons in the house escaped with little injury. All the property in the house to the value of Rupees 95 67 — — was taken away by the Robbers

Three

4. Three Prisoners have been committed to the Sessions Court where their trial terminated on the 26th Ultimo in their full conviction under Clause I Section IV Regulation XV of 1803 under which they are liable to Capital punishment. This has been recommended as regards the 2d and transportation and imprisonment for 14 years for the 1st and 3d respectively. The final Sentence of the Foujdaree Adalut has not yet reached me.—

5. The Session Judge informs me, that no motive except Plunder was elicited during the trial; and that he saw no reason to believe in the existence of any personal enmity or previous and Special intention to injure the deceased independant of the robbery. On the Contrary the probabilities and inferences in his opinion, are against such a supposition— I have heard surmises of the Perpetrators being actuated by revenge but totally unsupported.—

6. The deceased was robbed about January last and on that occasion was strongly advised by the Head of Police to remove from his defenceless hut to his house in the Village.—

7 A large number of Persons implicated in the crime: including a ring leader are still at large and every effort will be made for their apprehension.—

Madura. Tinnevelly. Coonacoody. 23d August 1849 } / Signed / R. D. Parker. Collector

Order thereon.—

(42-43) Ordered that the foregoing letter be submitted for the information of the Right Honorable the Governor in Council in reference to para 2. of Extract from Minutes of Consultation dated 23d July last

Read the following Letters.—

To. T. Pycroft Secretary to the Court of Wards Fort St. George.

(44) From the Collector of Tinnevelly . . } Sir;

I have the honor to inform you that the Ameen in charge of the Munnarcottah Estate now under the Management of the Court of Wards has reported to me that Kistnamah the Mother of the Minor requests to be allowed Rupees 350 for the Marriage of her step daughter Linguminnahl aged about sixteen

sixteen proposed to be celebrated on the 5th Proximo and as the Estimate forwarded to me for the object in Question seems to contain no extravagant Items and the intended connexion appears to be suitable I request you will be good enough to obtain the Sanction of the Court of Wards for the payment of the amount from the Surplus funds of the Zemindary in deposit amounting to Rupees 622-6-1 up to 31st Ultimo

Tinnevelly . . . 20th August 1849 } / Signed / C. S. Bird Acting Collector

Proceedings thereon.— In consideration of the small

(44-45) Surplus funds of the Munnarcottah Zemindary in deposit on the 31st Ultimo the Court of Wards are of opinion that the sum of Rupees 300 would be a sufficient sum to allow from it for the Marriage of Linguminnahal the step Daughter of Kistnamal the Mother of the Minor Zemindar and they accordingly sanction the disbursement of that amount from the surplus Funds of the Estate for the above mentioned purpose.—

To. T. Pycroft Esquire Secretary to the Board of Revenue Fort St. George.—

(46) From the Collector of Tinnevelly . . . } Sir,

The orders of Government dated 26th January 1849 referred to in the Board's Endorsement on Petition No. 9 of 1849 not being on the records of this Office I have the honor to request you will be good enough

enough to furnish me with a copy of the same to enable me to dispose of the Petition in question.

Tinnevelly 23d. August 1849 } (Signed) C. J. Bird
Acting Collector.

Proceedings thereon.

(46-47) The Board observe that the order of Government referred to in the foregoing letter as dated 1st. February 1849 on which the Acting Collector will find recorded on the back of the Petition in question.—

DESTROYED ORIGINAL

Read the following letter.—

To T. Pycroft Esquire
Secretary to the
Board of Revenue
Fort St. George

Sir,

(48) From the Acting Princ. Collector of Coimbatore } With reference to the closing Para of the Extract from the Proceedings of the Board dated 1st. June 1849, I beg the favor of your informing me if the Board have yet come to any decision regarding the water course on the Neilgherry Hills the matter urgently needs some settlement.—

Bhawany coodul 16th August 1849 } (Signed) E. B. Thomas
Acting Princ. Collector

Order thereon.—

(48-49) Ordered to be recorded.—The Board's order on the subject referred to by Mr. Thomas were forwarded to him under date 27th. August 1849.

Read:

13386 Fort St. George 3d. September 1849

Read the following letter—

To T. Pycroft Esqre
Secretary to the
Board of Revenue,

Sir,

Fort St. George,

(50) From the Collector of Malabar— Furnishing the information called for in the Board's Proceedings dated 23d. March last on the subject of the refunds claimed by Mrs. Rodrigues of an Extra assessment levied for some years past on 2 Houses at Ca:=licut which she holds under Govern:=ment Grants.

Referring to the Board's &c. Proceedings under date the 22d. March last, I have the honor to state that upon a careful inspection and measurement of the Garden in which the House No. 1 stands it appears that a slight addition has been made to the area comprehended in the Grant—This addition which was made by purchase by the former owner, is shewn in the accompanying Sketch. It contains ten bearing Cocoanut Trees the tax on which amounts to Rupees 1—2—9 per annum, which has been deducted in the revised statement herewith submitted—

2 The House No. 2 is situated on the Sea side and the surrounding Compound contains no assessable Trees—

The

Fort St. George 3d. September 1849

3 The Trees in the Garden No. 1 were assessed to the Revenue in 1000 1824-25 No. 8 of Fasly 1234 on the occasion of the General Garden Survey, and on the principles which regulated that Survey and the two Houses were assessed to the Motorpha in 1738 and 1210 respectively upon its being found that they paid no House Tase, whilst other similar houses were subject to that impost.

4. In reply to the queries contained in the 2d. Para 4th I beg to state that the two Grants submitted with my letter of the 20th February last were issued by Mr. James Stevens and Mr. A. W. Handley of the Bombay Civil Service, who were employed in Malabar. The records of this Office shew that the former Gentleman was in 1794 Superviser of the Province of Malabar, and the latter Superintendent of the Northern Districts. Grants of this description are not however common in this District, the two in question with the one produced by Mr. F. Brown in 1826 (alluded to in Para 3 of my letter above mentioned) being the

Fort St. George 3d. September 1849

the only ones that have come under my observation.

That they were considered subject to assignment may be concluded from the fact of their having been transferred from one party to the other during the time that this District was under the Bombay Government.

The Grant No. 1 received with the Board's Proceedings under acknowledgment is herewith returned.

Calicut, 16th August, 1849. } (Signed) H. V. Conolly
Collector.

Enclosure No. 1 Grant.

13391. Fort St. George 3d. September 1849.

Ordered that the foregoing letter be submitted with the following address.-

To, The Chief Secretary to Government.

Sir,

(50-51.)

To the Chief Secretary to Government.

Submitting correspondence with the Collector of Malabar on the subject of an Application preferred to him for a refund of assessment levied on 2 Houses and Gardens in the Town of Calicut recommending that the refund be sanctioned and that the assessment on both premises be reduced from Fusly 1258.-

From Collector 20th February in Cons: 22d March 1849.
Proceedings Collector 22d March "
From Collector 16th August in Cons: 3d September.-

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying correspondence which has passed between this Office and the Collector of Malabar on the subject of an application preferred to that Officer for a refund of the excess assessment levied on two houses and gardens in the town of Calicut.-

2. Both the premises in question are held upon grants of the same description. The first grant was issued under date 27th June 1794 by Mr. A. W. Handley of the Bombay Civil service then Superintendent of the Province of Malabar. The Board cannot decypher the name of the original grantee but the grant seems to have been made over by him under Endorsement dated 16th February 1798 to Captain R. Billamore whose widow sold the house and garden on the 1st October 1830 to its present owner Mrs. Johanna DeSouza Rodrigues. The

Main Road

Ground Belonging to the Public

Ground belonging to Mr. & Mrs. D'Silva Rodrigues

Hedge

Hedge

Hedge

The Grant for the other premises was made on the 22d. November 1794 by Mr. J. Stevens of the Bombay Civil service Superintendent of the Northern Districts to Captain Geo: Mignam and passed from him thro' several hands in all cases by transfers endorsed upon the grant to the same Mrs. Johanna De Souza Rodrigues the present proprietrix.

3. The rate payable for these two premises under the terms of the respective grants is in each case 8 Fanams or Rupee 1-2-40 per annum but under circumstances for which the Collector is unable to account these houses and gardens from Fusly 1238 to 1240 have been assessed at much higher rates, the amount of the additional assessment thus imposed and the refund of which is now sought calculated to the end of Fusly 1257 is according to the revised Statement furnished by the Collector, Rupees 496-11-11-

4. The proprietrix represents that she did not object to the enhanced assessment at an earlier period because she has only lately become aware that another house and ground at Calicut held on a grant of a similar kind is charged only with the Quit rent entered in that Document and that some years since its owner Mr. F. Brown obtained a refund of the amount which had been

been collected from him above the rate of the grant.-

5. The Collector states that grants of the description now submitted are not common in Malabar the present two and that above alluded to as held by Mr. F. Brown being the only instances which have come under his observation.-

6. Considering the position occupied by the Officer by whom these grants were made it is to be presumed that they were issued under competent authority. The grants contain no limitations as to duration or power of transfer and looking to these circumstances and the course pursued in the case of Mr. F. Brown in 1826 the Board would recommend the refund applied for, Rupees 496-11-11, be sanctioned and that the assessment on both premises be also reduced to 8 Fanams each from the beginning of Fusly 1258.-

Revenue Board Office,
Fort St. George,
3d. September 1849.

(Signed) J. Pycroft.
Secretary.

To J. F. Thomas Esqre

Chief Secretary to Government.

With reference to the Extract from Minutes of Consultation in the Public Department No. 155, dated 5th Instant, I have the honor by desire of the Medical Board to annexe for the information of the Right Honorable the Governor in Council, Copy of a letter from the Durbar Surgeon at Tanjore, reporting the death of Ragoopathy Row.

Dated 14th Instant.

Fort St. George 20th August 1849

/ Signed / Alex. Lorimer.
Secretary Medical Board.

To,

The Superintending Surgeon,
Southern Division - Trichinopoly.

Sir,

I have the honor to inform you it was not until a week since, that

that I was able to discover where Ragoopaty Row the Kurnool Sherishtadar resided, as I have not been in attendance on him for more than a year. I found him in a dying condition and postponed the report on his case called for in your letter of the 24th Ultimo until after his death, which took place on the 10th Instant at Trivady.

Tanjore. - - - -
14th August 1849.

/ Signed / Samuel Brooking

the foregoing papers be communicated for the information of the Agent to the Governor at Kurnool, with reference to his letter dated 18th ultimo.

Read the following Resolution

No. 826.

From the Secretary to Government — Extract from the Minutes of Consultation, dated 30th August 1849.

(From Board 20th August.)

The Right Honorable the Governor in Council considering the answer of the Collector of Canara to the appeal preferred from the Decree in Original Suit No. 1 of 1846 on the file of the subordinate Court of Mangalore, to be full and sufficient, Authorizes that Officer to file it and to continue the defence of the Suit at the public expense.

(Signed) H. C. Montgomery
Secretary to Government

Order thereon.

Ordered to be communicated for the information and guidance of the Collector of Canara with reference to his letter dated 6th ultimo.

Read.

Inform. 27th August 1849.

9

From the Secretary to Government —

9-10

13403 — Fort St. George 6th September 1849.

11

From the Sec.y to Government — Containing the observations and orders of Government on the Board's Proceedings relative to the Settlement of the Vizianagrum Zemindary in the District of Vizagapatam for Fusly 1257 — calling for the promised report on the subject of the Ehanms in that Estate and animadverting on the Style of Mr. Mollett's Communications with his Superiors

Read the following Extracts.

Extract from the Minutes of Consultation under date the 31st August 1849 No. 824.

Read the following Extract from the Proceedings of the Board of Revenue. —

Relative to the Management of the Vizianagrum Zemindary in the District of Vizagapatam for Fusly 1257 a.D. 1847/48.

(Here enter 6th inst. 1849 No. 358)

Para 1. The Settlement of this Zemindary for the Fusly under review exhibits a considerable increase on all previous years, owing materially no doubt to the excellence of the Season which is described by the Agent as being a very good one — the Harvest large, and Prices sustained. —

2.

Ordinary Land Settlement. —	Fusly 1256 — Rupees	Fusly 1257 — Rupees
At Koobady	9,15,771	9,39,287
Remissions	19,065	9,516
Net Demand	8,96,706	9,29,771
Collections in the Fusly		9,24,680
	Balance	5,091
* Out of this Sum		
Ryotwar	7,24,352	
Rented	2,05,419	

The At Koobady (which last is the place of a regular Dittum) was greater than in the preceding Fusly and the Remissions were less. — The final Demand was therefore much in excess i.e. 33,065 Rupees and the Collections seem to have been realized without difficulty. —

	1256	1257.	Differnce
Ryotwar	650595	724352	
Rented	246111	205419	
	896706	929771.	+33065
Add Agraharums Enams &c.	+28202	+28202	none
	924908	957973	
Moturpha	+23246	+23224	22
	948154	981197	+33043
Collections		975600	

3. If to the above Land Settlement there be added the demand on Agraharums, Enams, &c. and Moturpha, the total current Demand of the year for this Zemindary is 981197. The difference between the Fusly under review and the previous one is shewn in the Margin.-

4. The Agent shews in para 35 of his letter, "the Collections" for the respective Current years since Fusly 1237 inclusive. The average from that time to Fusly 1255 inclusive, a period of 19 years is 780776.- In Fusly 1256 the Current Collections were 932896 and in the Fusly under review 975600 or an excess of 194824 above the 19 years average. The highest of these 19 years was Fusly 1245 when the Current collections were 931568 Rupees.-

5. Besides the Current Collections, the Collection of "Arrears" in the Fusly under review amounted to 20896 Rs.-

The

Remissions
1256. 19063 Rs.
1257. 9516 Rs.

6. The amount of Remissions is about half what it was in Fusly 1256 but the Right Honorable the Governor is inclined to attribute this not so much to the "care taken in distributing the lands" in the a Rooshady as to the principles which Mr. Imollett seems to have carried out, in the subsequent remission of his responsible Servants; by which it would appear that most of what is not likely to be Collected is struck out of the "demand." Whether the lands have been "carefully distributed" according to the means and wishes of the individual Ryots, does not seem to have been a matter of much Consideration.-

7. The private Villages of the Zemindar yielded a Revenue of 28344 being 829 Rupees in excess of the previous Fusly and with respect to these, the Right Honorable the Governor in Council is of opinion, that their Revenues should be accounted for regularly as long as the Special Agency exists.-

8. The Agent also brings to notice that since the death of the late Zemindar,

certain Enams granted by him to his con=
=nections have been held under Zeuft and
the accounts kept separate from the Sources
of Revenue above adverted to. The Collections at
the time of the Agent's Report had in the space
of about 1½ Years amounted to 10,815 Rupees. The Right
Honorable the Governor in Council considers the a
amount in deposit should be made available for the
liquidation of the Public Debt, though under the
distinct understanding that the Sums appertaining
to such Enams as may eventually be restored shall
be repaid from the Zemindar's Treasury but will await
the further Report of the Special Agent as called
for by the Board of Revenue (and which it is desired
may be furnished without delay) before expressing any opinion
as to the restoration of all or part of these Enams.-

9 Though much has been due to the
nature of the Season, the Right Honorable the
Governor in Council cannot but attribute the
increase of Revenue in the last two years as
partly owing to a more careful and regular System of
Management introduced by Mr. Smollett. At the
same time it is quite clear that it is altogether

a

a misnomer to call any part of the Settlement
a Ryotwary one.-

10. The Board of Revenue observe that
Mr. Smollett's previous reports have misled
them and that "the System is by no means a
what it was supposed to be." They appear
to have been too sanguine in regard to the
reformations on which the Agent has so
often dwelt.-

11. It appears to the Right a
Honorable the Governor in Council, that though
Mr. Smollett has never explicitly stated
that he had introduced a Ryotwar
Settlement in the proper acceptation of
the term, yet that he has, from the expressions
used by him in his letters to the Board of
Revenue (of the dates in the Margin) given them
good grounds to believe that he had adopted
a Ryotwar System in the Vizianagrum
Zemindary. His explanation that he under=
=stands the terms "Ryotwar" and "Summa=
=bandy" in a different Sense to what the
Board do is by no means satisfactory and
any personal Superintendence Mr. Smollett
seems to have regarded with utter indifference

12. Considering that there is not in this Zemindary any Survey or Fixed Field Assessment the Right Honorable the Governor is not prepared to urge at present the introduction of those detailed and stringent Regulations which mark a strict Ryotwar Settlement but expects that the present Special Agent will neither mystify his proceedings nor spare any pains to make himself acquainted by personal Supervision of the mode in which the Subordinate Officers execute their functions and with any causes of Complaint that may arise amongst individuals.-

13. In the "Account Current" of this Zemindary with the Government agent it is shewn that the total receipts of the year - including recoveries of Succavy, and the Balance in hand at the close of last year, amount to Rupees 1119843, and the charges disbursed within the fusly to Rupees 818356, leaving a Surplus of Rupees 301487-

14- With reference to para 12 of the Board's Proceedings, the Right Honble the Governor in Council observes that

that the Commission should be brought to account only up to the time of the Rajah's assuming the charge of the Zemindary with the aid of the Special Assistant appointed by Government from which period no "Commission" is to be demanded.-

15. In conclusion the Right Honorable the Governor would observe that this is not the first time he has had occasion to remark upon the tone of Mr. Smollett's communications to his Superiors, the style that he has adopted in his present Report is altogether unsuited to the importance of the Subject, and wanting in respect to the Board of Revenue and his definition of what he considers to be the duties of a Collector is not only erroneous, but unworthy of one in his position. The Style and tone he has assumed are not to be tolerated and the Government expect that he will act on the principles laid down by the Board of Revenue and of which he must be well cognizant, and not upon any vague notions of his own.-

From the Secretary to Government.

Containing orders respecting the resumption and continuance of certain Rajah-bundoo Enams in the North arcot District.

Fort St. George 6th September 1849.

No. 823.

Extract from the Minutes of Consultation, Under date the 31st August, 1849.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 30th July 1849 No. 344.)

Para 1 The Right Honorable the Gover: nor in Council observes that, contrary to the intentions of Government as comme: nicated to the Board of Revenue in Para 11 of the Minutes of Consultation dated 4th September 1827. No. 681 the Rajah-bundoo Enam: dars in North arcot have been allowed to continue in the uninterrupted enjoyment of their villages on the terms originally fixed by Mssrs. Cooke and Robert, Sign. on a Paishcush of 40 per Cent of their annual value, terms more favorable than those recommended by the Board, who proposed to raise the Paishcush to 60 per Cent and to restrict the grant only to such of the E: namdars as were related to the Poligars those held by persons not so related being at once resumed.

2. Of the 10 Villages thus con: tinued against the expressed intentions of the Government, it appears from the Statement now furnished by the Collector that

Cottapully. Tureenanpe: nauruppully. The two pully. Pausumvare: pully.

Fort St. George 6th September 1849.

that 4. are held by parties not at all re: lated to the late Proprietors of the resumed Polliems, while the holders of the rest are but distantly related to them. The former indeed can have no claim to further in: dulgence, the Enams having been con: tinued by an unaccountable oversight to the incumbents in possession in 1826 contrary to the views of the Board and the Government, and having since passed to the heirs of the Enamdars. These will therefore be resumed on the death of the present holders, and this Resolution must be considered as final in their cases.

3. In regard to the other E: namdars who claim relationship to the late Poligars, though in their case also there is little room for consider: ation, the Governor in Council will not object to their being allowed to retain their Villages for their lives, and on the occurrence of lapses to take into consideration the cases of their families, should their circumstances be such as to demand any extension of the bounty of Government.

4. The Good dana pully Enam the lapse of which is now reported is one of these cases to which the Govern: ment is disposed to allow some con: sideration, the late holder being a near relation of the Poligar of Mogoral. It is accordingly resolved that the Village be fully assessed and that an annual remission of 60 Rupees in favor of Kistnamah Naid, grandson of the deceased, be allowed for his life. This the Government think a pre: ferable mode of payment to a grant of land rent free to that amount as recommended by the Board, or to the Money pension pro: posed by the Collector. The Pollicm and Stulla Cuttuddy Maniems enjoyed by the deceased will also be continued to his Son, subject to such orders as may be passed upon the promised report of the Collector on the state of these Enams.

some time to collect from the outstations, and make lists of all the tools &c.a and to obviate loss to Government due notice of their sale was sent to all the neighbouring large Towns-after their final disposal, I shall report the result to Government.

2. As Dr. Wight in para 20 of his letter of 31st Ultimo intimates that the Manchester Chamber of Commerce were contemplating taking an active part in his experiments in Coimbatore, I would beg to suggest that Dr. Wight be permitted to offer to that Body (before they are otherwise sold) the purchase of any Machinery and dead stock belong to the Cotton Farms, together with the Gin House at a fair yearly rent-if really desirous to see the experiment continued under their own auspices, this would enable them readily and easily to embark in it. and land would of course be open to their agents as to any other private speculators, if they wished also to cultivate- tho' I should think to buy up the Ryots produce, and open an extended and certain Market for good

Copy Enclosed.

Cotton, would be the best policy, and most valuable experiment.

3. Meantime, till their answer is received, the Gin House may be applied, as directed, by Government, to Native use as far as practicable, tho I do not find they have ever yet been induced to use it. No possible loss can occur to Government from the few months delay Consequent on any reference to the Manchester Merchants. It will be extremely difficult, if not impracticable to find a sale for the extra Gins Americans ploughs, and other expensive stock, not in use amongst the Natives, and for which there is no purchaser.

Perundorai, 14th August, 1849

(Signed) C. B. Thomas
Acting Principal Collector.

Gin House Department, and lastly of the Cotton and Seed Cotton now on hand. In the Machinery List I have marked off in pencil some things which I think ought to be kept for future use, leaving you to decide on the propriety or otherwise of acting on the suggestion.

2. With these exceptions it seems to me that all that can should be disposed of with the least practicable delay, consistent with obtaining something approaching to fair prices. With this view I would suggest that all second hand or half worn out articles, should be sold by Public Auction. But such articles as we have reason to think will not in that way realize fair prices might, in the first instance, be offered for private sale, and if not sold, might then be kept for a few Months in the hope of finding a purchaser. Under this head I would especially notice the spare Gins, the 300 new Hoes, all the american ploughs and trace chains. In my letter to Government under date 11th June 1849, I adverted to the intended formation, two years ago of a Cotton growing

growing Company in Manchester. On the receipt of the Government Order dated 29th June, I immediately wrote to a correspondent there, intimating the intentions of Government, and advising that in the event of their now wishing to engage in such a speculation, to lose no time in letting me know, in the hope that as some few Months might elapse before the whole of the Material of the Farms could be disposed of, I might be able to aid them in effecting a considerable saving by purchasing on the spot implements which they must otherwise bring out at a heavy charge. To this letter I expect a reply in October, or at least early in November, and as none of the articles named can possibly sustain injury by keeping so short a time, there is ample room in the Gin House to store them and they would sell as well, 6 Months hence as now, I think it would be well to keep such of them as cannot be sold at a fair valuation until a reply is received. Were there the slightest prospect of the Natives being induced to use the ploughs, I would advise their immediate

immediate sale at any price, but as we know they will not and would only purchase as so much old iron, rejecting the Cast iron mould boards, by far the most valuable part of the plough, as useless rubbish, I think it a pity to force an immediate sale of articles which, while costing nothing in the way of keeping, may in a few Months be in great request.

3. Regarding the Cotton in store, it would in the course of September, or so soon as the state of the weather and roads permitted, have been all forwarded to Cochin for immediate despatch to England along with 90 Bales / 30 Bales farm grown New Orleans, and 60 of ginned Dopsum / now lying there waiting Tonnage.

Sec. Keller to Superintendent Farms Coimbatore Cochin dated 19th March 1849

4. The course of procedure for its despatch, which may be left to the care of Mr. Sherman and the writer, you will find pointed out in the letters noted in the Margin.

Letters from E. B. Owen Esq. Manager Parlr. of the Coorg Farms & Superintendent of Cotton Farms Cochin 29th and 30th June 1849.

5. I cannot permit the present opportunity, the only one I may have, to pass without bringing to your notice that Mr. Sherman owing to

Letter from Surgeon R. Wight Superintendent Cotton Farms to E. B. Owen Esq. dated 30th June 1849.

to repeated changes of location, and always to stations where he could not get a house for hire, has been subjected to very considerable expence in providing himself with house accommodation, he has had at different times to build at Courchee, at Codamalcottah, at Codamalcottah, at Othacalmundagum and lastly at Thayoanampollicum. His period of residence at the latter place having been but short, and his salary small, I would respectfully suggest for the favorable consideration of Government that he be allowed some compensation / perhaps about 100 Rupees / for the loss sustained by the sudden withdrawal of the Farms so soon after having incurred the expence of building a house.

6. Have the goodness to let me know whether I am to sign the Farm accounts for the Month of July.

(Coimbatore 31st. July, 1849.)

21

From the Agent to the Governor at Vizagapatam

Pointing certain inaccuracies in the Board's Proceedings of the 6th. August 1849 on the Settlement of the Vizeanagrum Zemindary for Fusly 1257.

Sir,

} 1. In the Proceedings of the Board of Revenue dated the 6th. Instant received a few days ago, there are amongst many inaccuracies, some errors which I would desire to correct.

2. In para 2 it is stated that a correction of the settlement in "Vizeanagrum" is made uniformly and simultaneously also by the Officers of the respective Talooks in the months of October and November." This is quoted as given upon my authority, but on referring to my report, I cannot find any such Statement there. The correction of the Settlement in each Talook is not confided to the Servants who originated it.—

3. In the same para it is added

added that "the Atkoobady for cultiva: tion accounts are verified by respon: sible servants from the Hoozoor."

The Atkoobady Accounts are not ac: counts of Cultivation of fields. The are essentially distinct from the Sangoobady or Cultivation accounts.

4. I request this explanation may be laid before Government.

Vizagapatam, ...
Governor Agents .....
Office, 21st. August, 1849. } (Signed) P. B Smollett
Agent to the Governor

Order thereon.

21-22

The Board of Revenue observe that the receipt of the orders of Government in Extract Minutes Consultation 31st. August 1849 upon the settlement of the Vizianagrum Zemin: dary for Fusly 1257 renders it unnecessary to record observations upon the above letter or to submit it to Government.— Ordered therefore that it be recorded.

Read the following letter.

To, J. Paycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

23

From the Collector of Masulipatam — Sir, Para 1.

With reference to your Circular

Circular letter of the 2d. October last, — I have the honor to forward a revised list shewing at one view the several classes of Servants from whom security has hitherto been demanded according to the practice introduced into this Dis: trict in the year 1837 together with the description and Amount thereof, as well as that proposed to be taken here: after in conformity with the principle laid down in Para 4 of the Board's letter dated 17th. September 1812.

2. The alternations and additions now made will be seen from the list itself which renders any further explanation unnecessary.

Masulipatam, ...
Collector's Circuit Cutcherry
at Goodeevadah,
25th. August, 1849 — } (Signed) R. T. Porter
Collector.

under date the 23d Ultimo / herewith returned / that the subject matter of this petition was fully enquired into and final orders passed by me, the particulars of which will be found on the translation of the Endorsement given on Petition No. 332 of 1848 and entered in the Register for November last, which was forwarded to the Board.

The Petitioner subsequently presented two petitions on the same subject, and was accordingly referred to the former Endorsement.

South Arcot,
Collector's Cutcherry,
Cuddalore, 29th September, 1849.

(Signed) W. D. Davis
Collector.

Ordered thereon;

33-34

Ordered that the following Endorsement be passed on Petition No. 1151 of 1849.

"Under the circumstances stated by the Collector in his Endorsement dated 28th November 1848 entered in the Petition Register for that month the interference of the Board does not appear to be called for in the present instance."

To
W. D. Davis Esqre
Collector South Arcot.

Read the following.

35

From the Collector of South Arcot

Sir,

Being desirous of meeting

a relative proceeding Home from Calcutta by the Steamer of this month, I have the honor to request you will be so good as to forward my application for leave of absence for ten days under Section XI (amended) of the absentee rules.

Porto Novo
September 3d/49.

(Signed) H. Wood
Sub Collector.

As no inconvenience or additional expence will arise from Mr. Woods absence, the leave herein solicited is recommended for favorable consideration.

South Arcot
Collector's Cutcherry,
3d September, 1849.

(Signed) W. D. Davis
Collector.

Order thereon;

35-36

Ordered to be submitted thro' the channel of the Civil Auditor for the favorable consideration of Government.

Read the following letter.

To
T. Dycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

37

Fort St. George 6th. September 1849.

Tahsildar from one Talook to another.

Sub Collector Mr. Bird complaining of the continued course of neglect pursued by the Tahsildar of Coottallum in spite of the numerous warnings given him, the character of this man is well known to myself, I having moved him to an easy talook in the Sub Division in consequence of the confusion caused by his negligence in that he held under me. In cases of this kind it becomes absolutely necessary for the efficient management of the Circar duties that examples should be made of those who will not work, in order to do away with the impression entertained by many, that nothing short of actual corruption will render them liable to punishment, I have therefore for a time removed Kistna Row to the smaller talook of Tranquebar on 50 Rupees and in his room have placed Appana Iyengar at Coottallum, who by his zeal and energy shou[ld] will

ORIGINAL DESTROYED

well deserved promotion, and I trust the Board will sanction the arrangement.

Tanjore,
Annalettah,
31st. August, 1849.

(signed) J. J. Bishop
Collector.

No. 1.

To, J. J. Bishop Esqre.
Collector and Magistrate
of Tanjore.

Sir,

I deem it my duty to bring
to your notice the extreme supineness and
negligence of Kistna Row Tahsildar of
Coottallum in the transaction of all
his duties.

5258.

2. I find that during the preparation of the annual settlement account of the Fasly just closed, and subsequently, Mr. Clarke the late Acting Sub Collector was frequently obliged to fine and reprimand him for his determined indolence in examining the actual cultivation of the Villages in the talook. The accounts of many of which were not furnished to the Hoozoor until after the settlement.

3. In his Police administration he

he has been equally neglegent and the Burglaries became so numerous and so deducted that Mr. Clark placed his salary in deposit until he took means to discover some of the perpetrators.

4

These admonitions have had no effect and I have to complain of his indolence especially in a Case of Murder just perpetrated in his talook in which he has taken no pains to institute the enquiry himself - but has left every duty to look after his private affairs and proceeded to Mullyeri village in his own talook where he has a Coffee land and is busy building a Chuttrum and batting Granite steps on the banks of the Cawvery.

5.

It is this property that engrosses all his attention and time and makes it imperative that he should be removed to some other station, and I therefore beg to suggest as the only effectual and decisive separation from his private interests that he be removed to some talook

Fort St. George 6th. September 1849.

in your part of the District say Puttoo cottah or any other you may deem best.

I hope for your concurrence in this measure, otherwise the duties of the Coottallum talook cannot be efficiently carried on.—

Myaveram, ...
Sub. collectors Office,
25th. August, 1849.

the imposition of fine on the first bidders for the Shevagunga grain which was resold with some loss in consequence of their failure to make the stipulated deposit.

Fort St. George 6th September 1849.

certain lots of Melwarum Paddy belonging to the Shevagunga Zemindary, as shewn in the accompanying Statement, failed entirely to make the usual deposits, and after delay had been allowed them, it was eventually necessary to resort to a resale at which a heavy loss was sustained.—

2. The 1st Bidders are liable to make good the difference, but I would beg to submit their Case for the indulgent consideration of the Board. The real purchasers of Paddy at these Auctions are supposed to be the Wealthy Nalacotay Chettis, who however prefer putting forward agents as the ostensible Bidders. In the present year prices have much fallen on account of the abundant produce in Tanjore and I have reason to believe that an assertion made by the Bidders Viz:— that the Nalacotay chettis who had promised to supply funds finding that the market price would descend below the rate bid, had deserted them, is substantially true. They are not able

Fort St. George 6th September 1849.

to make good the loss, and the effect of demanding it therefore would be to send them to Prison—Moreover the prices eventually obtained are fair with reference to the state of the Market—

3. Under these Circumstances I would recommend that the penalty to which they are liable may be commuted to a fine of 500 Rupees on Chokalingumpillay and 100 Rupees on Ramasawmy pillay being about 5 per Cent on the difference of prices obtained at the two Auctions as regards their respective Offers—

Madura Coonacoody 25th August 1849 E. E. Fts (Signed) R. D. Parker Collector

Under

13440

Fort St. George 6th September 1849

Resolution thereon

39-40

Under the circumstances represented by the Collector the Board of Revenue authorize the commutation of the penalties incurred by Coloocalingiem Pillay and Ramaswamy Pillay on account of the non performance of their engagements into a fine of Rupees 500 in the case of the former and Rupees 100 in that of the latter individual but the indulgence is to be regarded as of a special nature and is not to be drawn into a precedent—

Sir,

From the Asst. Coll.r of Tinnevelly

With reference to my letter of the 23d Instant, I have the honor to enclose a Medical Certificate and to request that the Board of Revenue will be pleased to recommend to Government that leave of absence may be granted to Mr. Ballard Assistant Collector of this District conformably with the terms of the Certificate and to commence from the 22d Idem being the date on which Mr. Ballard quitted the District as I had the honor of reporting in the above quoted letter

Tinnevelly 28th August 1849

/ Signed / C. J. Byrd
Acting Collector
G.

Fort St. George 6th September 1849

No. 1

G. A. Ballard Esqre Assistant Collector of Tinnevelly having applied to me for a certificate on which to ground an Application for leave of absence,

I do hereby Certify from a personal observation that he is suffering from Chronic Hepatites for some time back and which of late owing to the aggravation of his symptoms, their frequency, of recurrence, and the consecutive fever supervening has induced very considerable enervation, notwithstanding the active treatment had recourse to, in consequence I consider a temporary removal necessary for the benefit of his health, and that he should be permitted to be absent from his duty for the space of two years to proceed to Sea—

Palamcottah, 11th August 1849

From the Collr. of Madras — } 1.

Requesting sanction for payment of arrears of Salt Compensation due on Certificate No. 7 issued to late M. Vencatachella Moodelly the names of his personal representatives —

Sir,

I have the honor to bring to the notice of the Board of Revenue that a Certificate was issued on the 2d May 1816 No. 7 to one M. Vencata = chella Moodelly for an allowance of Rupees 117-13- " per annum for the suppression of Salt Manufacture at Eroongoonum — In 1841 the grantee died when his Widow Parvathummall, and sons, Sabapuddy Moodelly Annasawmy Moodelly, Chendrasagara Moodelly and Ramalinga Moodelly mortgaged the certificate to one M. Lutchmana Chetty and borrowed from him a certain sum of money. They now solicit that the arrears remaining

Vide petition 25th July 1849

undrawn from 12th January 1834 to 11th July 1849 — Rupees 1826-1-6- may be paid to the Mortgagee and the Certificate renewed in their joint names

Fort St George 6th September 1849

2.

It appears that the com=
=pensation was not drawn from 1834
in consequence of the Certificate hav=
=ving been mortgaged by M. Vencata=
=chella Moodelly himself to one
Auga Mootoo Moodelly and others
After his death it passed into the
hands of M. Lutchmana Chetty.

3.

As I have ascertained
that the parties who have applied to
me are the only personal Representa=
=tives of the original Grantee, I beg
leave to recommend that the nece=
=sary sanction may be procured for
the renewal of the Certificate, No 4
in the joint names of his Widow
and Sons - the rule laid down in
the orders of Government dated
23d February 1848. not being appli=
=cable to the present case - and for
the payment of the arrears of com=
=pensation remaining undrawn for
15 years and 6 Months, or up to the 11th
July 1849 - Rupees 1,826-1-6

4.

The Certificate, No 4, was
issued for the amount exhibited in

From Board
2d March 1848-

13447

Fort St George 6th September 1849.

in item No 6. in the list submitted
to the Board on the 1st April 1813.

Madras, 22d August 1849 } (Signed) J. A. Huddleston
Collector.

Resolution thereon. Resolved that the letter
above recorded be submitted for the con=
=sideration and orders of Government.

47-48

2

The Salt Compensation
Certificate in question was No 6 on the
list furnished to the Board on the 1st
April 1813. and sent from this Office to
Government on the 14th June 1813 and was
entered in the name of Muttia Vencata=
=chella Moodelly the amount of Com=
=pensation payable annually being
Sr Pagodas 33-29-60. or C. Rupees 117-13-
During the life time of this individual
he is stated to have mortgaged it to
Auga Mootoo Moodelly and others but
on his death in 1841 his Widow and
four Sons mortgaged it to M. Lutchmana
Chetty. The Collector states that no com=
=pensation has been drawn upon it, since the
12th January 1834. and that the Widow and
Sons now request that the arrears to the 11th July
1849 Rupees 1826-1-6. be paid to the Mortgagee
and

and that the certificate be renewed in their joint names.—

3. Mr. Hudleston states that he has ascertained that the parties who have applied to him are the only personal representatives of the original grantee. The Board therefore beg to recommend that sanction may be granted for the renewal of the Certificate No. 4 in their Names and for payment of the arrears Rupees 1826 1-6- to the Mortgagee M. Latchmana Chetty, provided that the Widow and all the sons execute in the presence of the Collector an agreement to that effect. If they or any of them object to such disbursement, the money should be paid to the Widow and Children direct and Latchmana Chetty should be left to make his own arrangements with them.—

To J. Pycroft Esquire
Secretary to the
Board of Revenue
Fort St. George

(49)

From the Coll.r of Madras—

Sir,

I have the honor to submit herewith a report from my

24th August 1849— my Assistant Mr. Taylor, relative to the measures he has taken for the management of the Salt Department since it was placed under his charge on the 8th May last under the instructions of Government dated 1st, which accompanied the Board's Proceedings of 4th of the same Month, together with the Salt account Current therein referred to for last quarter of Fusly 1258.—

Madras, 25th August 1849 } [Signed] J. A. Hudleston Collector—

No. 1

To J. A. Hudleston Esq.re
Collector of Madras.—

Sir,

In forwarding the accompanying Salt account Current for the Quarter ending on the 11th July 1849. I take the opportunity to report, for the information of the Board of Revenue, and in anticipation of the usual Summahbundy report, the measures which I have adopted for the management of the Salt Revenue of

of Madras, since that Department was transferred to my immediate charge on the 8th May last.—

2. In pursuance of the orders of Government conveyed in Extract Minutes Consultation dated 1st May, which accompanied the Board's Proceedings of 7th of the same Month, I lost no time in communicating to Parasoorama Moodelly that he was at liberty to resume his contract for landing, covering and measuring Salt provided he would execute an engagement binding himself to receive no fees of any description

3. After some little hesitation he consented to these terms, and I accordingly caused an agreement to be drawn up containing the usual stipulations regarding the work to be performed, and introducing an additional clause, whereby the Contractor binds himself to receive no fees whatever, becomes answerable for the conduct of the Coolies in his employ, and amenable to the same Rules and Regulations as all other servants in the Salt Department.

4. This agreement was executed by

by Parasoorama Moodelly on the 2d June, the interval being occupied in collecting Coolies &c. From that date, he has performed the whole work at the Madras Cotaurs, and subsequently also at the Ennore Depôt. The former Ministries and Coolies were thus afforded ample time, after the receipt of the orders of Government, either to seek other employment as soon as the new Contract should take effect, or to make arrangements for serving under the orders of Parasoorama Moodelly.—

5. I further intimated to the latter that I was prepared to carry out the instructions of Government relative to the investigation of the charges of fraud and peculation which he had brought against the servants in the Salt Department, and desired him to name the Witnesses he could call to prove them.—

6 This he declared his inability to do, although repeatedly questioned on the subject. On the last occasion of my addressing him, I desired him to

to state distinctly whether I was to understand that he was unable or unwilling to substantiate the charges preferred in his petition to Government. His reply convinces me, not only that his witnesses refuse to come forward, but that he is himself indifferent about the matter, now that his contract is restored, with the assurance that it will not be disturbed so long as he complies with its terms.—

7. I have not considered it expedient, at present, to institute any fresh enquiry into the charges formerly brought against the Salt Department, some of which are but re-iterated in Parasoorama Mondely's petition to Government they have been already investigated, and reported upon by the acting Chief Magistrate and Superintendent of Police, Sheane, however communicated to the whole of the Salt servants, the recent animadversions of Government upon their past conduct and I shall continue to exert my utmost endeavors to prevent the repetition of the practices which

which have been so severely condemned.

8. It being my object to insure, as far as practicable, regularity in the sales together with a strict conformity to the Salt rules, I make a point of frequently visiting the Cotaurs at Madras, as well as the Depôt and pans at Ennore. I found it necessary on my first inspection of the stores, to give directions as to the proper mode of forming the heaps- believing uniformity of construction to be an essential check against abuse and I satisfy myself that the rules are strictly adhered to, by occasionally superintending the measurement of the salt when received into store, and witnessing the sales to Merchants and others.

9. Further than this, and some slight alterations in the daily accounts furnished by the Superintendent and a revision of the respective duties of the Subordinate Servants, I have made little or no change in the

the Salt Establishment.

10. It has been my endeavour to prevent any decrease in the Sales, or dissatisfaction on the part of the Wholesale Merchants, in consequence of a stricter supervision of the Department and the use of the stricken, instead of the heaped, measure and the favorable results of the last Quarter will shew, I trust, that my efforts have not been unsuccessful.

11. The present account current gives all particulars of the Salt transactions for the last Quarter as well as an abstract of those for the three previous Quarters but as the whole Salt Revenue of Fusly 1258 will be fully discussed in a future letter to accompany the Jumnabundy Report, it is sufficient, on the present occasion, to exhibit a comparison between the Collections of the Quarter now under review, and those of the previous Quarters

Fort St George 6th September 1849

of the same Fusly and of the corresponding period of Fusly 1257. The annexed figured Statement, which contains the amount of the sales, charges and net revenue of Fuslies 1257 and 1258 will shew that, notwithstanding the large charges necessarily incurred on account of the Salt manufactured in the 4th Quarter of every year, the net revenue considerably exceeds that of any previous Quarter of either Fusly.

Fort St George 8th September 1849

12. Although unconnected with the account now forwarded, I think it proper to notice on this occasion, the Wastage on a quantity of Salt exported from Ennore in the current Fasly into the cause of which, as being much beyond the ordinary per centage, I instituted a minute enquiry —

On 4 Heaps containing 140 Gy the Wastage was reported to be Gy 12 - 133 - 2¼ or 8/8 per Cent - On receiving the first intimation of the deficiency I suspended the Ameen, directed the Peishcar to take charge of the remaining heaps at the Depot and proceeded at once to Ennore where I took depositions from the parties who were present at the formation of the heaps and during the subsequent shipment of the Salt. I am satisfied, from the result of this investigation, that the unfavorable outturn arose from no other cause than exposure to the weather.

Those heaps remained 14 uncovered on the beach and exposed to

to the Rains which fell from the 4th to 6th June inclusive. the Coolies who formed them having suddenly refused to complete their work, in consequence of a rumour reaching them of the renewal of Parasooram Moodelly's contract, and no exertion on the part of the ameen could prevail upon them to return. he was unable to procure other coolies immediately from Madras, and the new Contractor had not engaged to supply them until the 15th.

The Ameen appears to have done all in his power to prevent loss to Government, and, under this impression, I restored to him his situation but as he is evidently of weak constitution, and the duties at the Beach and pans at Ennore require a person of greater activity and energy than he possesses, I have directed the Peishcar to remain there for the present, and with your concurrence, will take an early opportunity of transferring

transferring the Ameen, agreeably to his own wish, to a situation of equivalent emolument in the Cutcherry.

16. Before closing this report, I may add that I have directed my attention to the instructions of Government conveyed in Proceedings of the Board of Revenue of 30th Ultimo, and will take every opportunity of recommending the purchase, on account of Government, of any Salt Compensation Certificates which the holders may be willing to dispose of, on reasonable terms. but from the partiality of the natives to this description of property it will be difficult to make any advantageous arrangement except with those in immediate want of money.

Madras, 24th August 1849.

List

14800

Fort St. George 7th November 1844.

To J. F. Bishop Esqre
Acting Principal Collector
of Nellore.

Sir,

1. I have the honor to forward herewith the usual Summabundy Kistbundy Comparative Statements and other accounts connected with the settlement of the Subordinate Division Talooks for the past Fusly.-

+ Nos 1 to 5

Number of Villages and Hamlets.

2. The number of Villages was 235 and of Hamlets 191 being the same as in the previous year.-

Season & Crops

3.- The season as regards opportu-

Dry Cultivation

=nity for the Cultivation of Dry lands com=
=menced favorably- The storm alluded to
in my report for Fusly 1252 A.D. 1842-3 as having
taken place towards the end of May
left the ground ready for the plough
and seasonable, though somewhat partial
showers in the Months of June
and July enabled the Ryots to sow
the first- series of crops (Poonasa) to
a much greater extent- than in the
previous year though still, the circum=
=stances of the season were not
sufficiently favorable to admit of

the

Proceedings thereon. The Board of Revenue regard the report submitted with the above letter as very satisfactory and affording good proof of the attention paid by Mr Taylor to the important branch of Revenue placed under his special Management. They do not think it necessary to record any detailed remarks upon it at present, but will reserve the papers for future consideration in connection with their review of the general report upon the Source of extra Revenue of Madras Collectorate for the Fusly just elapsed.

Read the following Statement.

Statement

13463 Fort St George 6th September 1849

Statement shewing separately the Collections on account of the several Items included in the Statement of Demand of Extra Revenue Collection and Balance under the several heads of the Extra Revenue from 12th to 31st July 1849, compared with the average Collections of the same fourteen Fusleeis.

ORIGINAL

(57) Recorded

Fort St. George 7th November 1844.

the former was in some parts injured to some degree by a fall of rain in the month of February, a most unusual occurence in this part of the Country, when the Crops were just ripe - The Oil seed Crops were seriously injured by insects and those of Bengal gram by the heavy rain. -

Wet Cultivation 4. - The wet Cultivation was carried on under such tanks as had received a supply from the rains in May to the extent - the supply admitted of subsequently the season did not promise very favorably for this description of Cultivation till the December rains furnished a fair supply to almost all the tanks and as the wet Cultivation in the principal wet land talook - Budda proody is fortunately most of it composed of late Crops the Cultivation was carried on generally to the full extent the limited time admitted of - The wet lands generally in the year under report yielded a very fair return. -

Prices 5. - It will be seen from

Fort St. George 7th November 1844

the Statement No. 3 that the price of all the principal grains was lower even than in the previous year in the 4 Northern Talooks - In the Budda proody Talook a slight increase is apparent as regards dry grain while there is a fall in the price of paddy both coarse and fine - after the remarks I felt it my duty to make on the subject of prices in my reports for the two last Fusles and the correspondence between the late Principal Collector and the Board of Revenue it would be a work of supererogation on my part to enlarge further on the subject or to attempt to paint in true colors the depressed condition to which a succession of three years of unprecedentedly low prices must in a District so highly assessed as at least the Subdivision of Nellore have reduced the entire Cultivating class - I only venture to annex a marginal Statement shewing the average price of the

the principal dry grains grown in the four Northern Talooks for the last six years as compared with the commutation price.-

6.- The Cultivation of the Indigo Plant hitherto almost unknown in this part of the Country is, I am however happy to say, rapidly increasing in four of the five Talooks under my Superintendence, several vats have been already built by merchants and others and many more are either in course of erection or in contemplation. Having observed the advance made towards prosperity by the Ryots of many Villages in the Ravoor Talook in the Principal Division which was for some time under many management, subsequent to the general introduction in that Talook of this species of Cultivation. I am induced to hope a like result will in the course of a few years be apparent in this part of the Country.-

Dittum - 7.- The Dittums for

Fort St. George 7th November 1844.

the Fusly now reported on were made by the Tahsildars, the Statement annexed marked A. shews the extent of land of all descriptions taken up for cultivation in Fusly 1253 / Cy. D. 1843-4 as Compared with the year immediately preceding a Net increase of 643 Gortoos in Dry and 35-15/16 Gortoos in wet land is observable and a Decrease of 25-13/16 gors and 21¾ gors in Mooloom and Jerab respectively.- The Mooloom was relinquished principally in the Davagoodoor and Chendaloor Talooks generally from the Wells having become ruined or the lands situated, as many of these gardens are on the banks of rivers or Streams having been rendered unfit for Cultivation from the water having washed over them and left a deposit of Sand or destroyed

the

Order on the 53-55 two foregoing Statements. Ordered to be recorded.—

Endorsement. Read the following—

From the Collr of Salem — 56 } Endorsement on Petition N: 531 of 1849.

The Petitioner states in his Petition that his present Enam Land bearing Teerwah Rupees 2-10-1 being insufficient he is under great distress, and prays that Land bearing an assessment of 8 Rupees should be granted as a Meerassy Enam Land bearing Teerwah Rupees 2-10-1 was originally granted as a Toty Enam to the Petitioner's ancestors in the Village of Mookamputty, which was considered then sufficient, owing to the Village having been in a prosperous state and affording the Toty money, grain, food &c in the shape of Mairah. The Villy being at present almost deserted by the removal of many of the ryots to other Villages the Toty's income

income is greatly diminished, but his duties however in the Village have not been decreased; The Beriz of the Village for Fusly 1258 including moturpha amounts to Rupees 304-1-6. although the amount of Beriz appears to be small, yet the Toty should be remunerated in proportion to the duties performed by him in the Village. consequently I beg to recommend that a Spot of Poramboke land bearing Teerwah at least Rupees 6 if not Rupees 8 should be granted to him in addition to the Spot bearing Teerwah Rupees 2-10-1 now in his profession. The Petitioner once

Resolution thereon

39-40

Under the circumstances represented by the Collector the Board of Revenue authorize the commutation of the penalties incurred by Coloocalingiem Pillay and Ramaswamy Pillay on account of the non performance of their engagements into a fine of Rupees 500 in the case of the former and Rupees 100 in that of the latter individual but the indulgence is to be regarded as of a special nature and is not to be drawn into a precedent—

Requesting sanction for payment of arrears of Salt Compensation due on Certificate No. 7 issued to late M. Vencatachella Moodelly the names of his personal representatives —

Sir,

I have the honor to bring to the notice of the Board of Revenue that a Certificate was issued on the 2d May 1816 No. 7 to one M. Vencata = chella Moodelly for an allowance of Rupees 117-13- " per annum for the suppression of Salt Manufacture at Eroongoonum — In 1841 the grantee died when his Widow Parvathummall, and sons, Sabapuddy Moodelly Annasawmy Moodelly, Chendrasagara Moodelly and Ramalinga Moodelly mortgaged the certificate to one M. Lutchmana Chetty and borrowed from him a certain sum of money. They now solicit that the arrears remaining

Vide petition 25th July 1849

undrawn from 12th January 1834 to 11th July 1849 — Rupees 1826-1-6- may be paid to the Mortgagee and the Certificate renewed in their joint names

From

13446

Fort St George 6th September 1849

2.

It appears that the com=
=pensation was not drawn from 1834
in consequence of the Certificate hav=
=ving been mortgaged by M. Vencata=
=chella Moodelly himself to one
Auga Mootoo Moodelly and others
After his death it passed into the
hands of M. Lutchmana Chetty.

3.

As I have ascertained
that the parties who have applied to
me are the only personal Representa=
=tives of the original Grantee, I beg
leave to recommend that the nece=
=sary sanction may be procured for
the renewal of the Certificate, No 4
in the joint names of his Widow
and Sons - the rule laid down in
the orders of Government dated
23d February 1848. not being appli=
=cable to the present case - and for
the payment of the arrears of com=
=pensation remaining undrawn for
15 years and 6 Months, or up to the 11th
July 1849 - Rupees 1,826-1-6

4.

The Certificate, No 4, was
issued for the amount exhibited in

From Board
2d March 1848-

13447

Fort St George 6th September 1849.

in item No 6. in the list submitted
to the Board on the 1st April 1813.

Madras, 22d August 1849 } (Signed) J. A. Huddleston
Collector.

Resolution thereon. Resolved that the letter
above recorded be submitted for the con=
=sideration and orders of Government.

47-48

2

The Salt Compensation
Certificate in question was No 6 on the
list furnished to the Board on the 1st
April 1813. and sent from this Office to
Government on the 14th June 1813 and was
entered in the name of Muttia Vencata=
=chella Moodelly the amount of Com=
=pensation payable annually being
Sr Pagodas 33-29-60. or C. Rupees 117-13-
During the life time of this individual
he is stated to have mortgaged it to
Auga Mootoo Moodelly and others but
on his death in 1841 his Widow and
four Sons mortgaged it to M. Lutchmana
Chetty. The Collector states that no com=
=pensation has been drawn upon it, since the
12th January 1834. and that the Widow and
Sons now request that the arrears to the 11th July
1849 Rupees 1826-1-6. be paid to the Mortgagee
and

In Cons: 8th April 1813

and that the certificate be renewed in their joint names.—

3. Mr. Hudleston states that he has ascertained that the parties who have applied to him are the only personal representatives of the original grantee. The Board therefore beg to recommend that sanction may be granted for the renewal of the Certificate No. 4 in their Names and for payment of the arrears Rupees 1826 1-6- to the Mortgagee M. Latchmana Chetty, provided that the Widow and all the sons execute in the presence of the Collector an agreement to that effect. If they or any of them object to such disbursement, the money should be paid to the Widow and Children direct and Latchmana Chetty should be left to make his own arrangements with them.—

To J. Pycroft Esquire
Secretary to the
Board of Revenue
Fort St. George

(49)

From the Coll.r of Madras—

Sir,

I have the honor to submit herewith a report from my

24th August 1849— my Assistant Mr. Taylor, relative to the measures he has taken for the management of the Salt Department since it was placed under his charge on the 8th May last under the instructions of Government dated 1st, which accompanied the Board's Proceedings of 4th of the same Month, together with the Salt account Current therein referred to for last quarter of Fusly 1258.—

Madras, 25th August 1849 } [Signed] J. A. Hudleston Collector—

No. 1

To J. A. Hudleston Esq.re
Collector of Madras.—

Sir,

In forwarding the accompanying Salt account Current for the Quarter ending on the 11th July 1849. I take the opportunity to report, for the information of the Board of Revenue, and in anticipation of the usual Summahbundy report, the measures which I have adopted for the management of the Salt Revenue of

Fort St. George 7th November 1844

13.

From the above it will be seen that the Gross assessment on all land occupied for cultivation at or subsequent to the formation of the Dittum amounted to Rupees 4,10,083 — 12 as — 1 P from which deductions, the necessity of which are hereafter to be explained, amounting to 35,196 Rs — 4 as — 1 P were made, leaving as net land Revenue Rupees 3,74,887 — or 36276 — 1 — 8 above the settlement of Fusly $\frac{1252}{1842-3}$. The total settlement including the Cattle tax and other items being 46,944 Rs — 15 — or 37,232 Rs — a — 3 P in excess of that for the Fusly immediately preceding.

Dr. Fusul and Fusul Jastee

14.

The season admitted of the Cultivation in several Villages in the Angole and Davagoodoor Talooks chiefly of a second Crop of Paddy and in certain dry lands usually cultivated as such, this year a wet crop was raised, in consequence of which such land became subject to an enhanced assessment I mention these circumstances in explanation of

Fort St. George 7th November 1844

the increase under the head of Dr. Fusul and Fusul Jastee in the year under review.

Deductions Dry Waste

15 It will be observed that the deductions under this head are considerably greater than in Fusly $\frac{1252}{A.D.\ 1842/3}$ Of the amount so deducted 620 — 15 — 7 was the assessment on land under inundation at the season of Cultivation chiefly in the bed of the large tank of the Village of Machavarum in the Buddapoody Talook which did not fill either in Fusly $\frac{1251}{A.D.\ 1841/2}$ or $\frac{1252}{A.D.\ 1842/3}$ Rupees 755 — 2 — 6 is the assessment on land held by Ryots, who from utter poverty, or other adventitious circumstances had been clearly unable to cultivate it or who had deserted or died since the formation of the Dittum, and the remainder is made up of various items such as where another field had been Cultivated instead of the Dittum field which

Poor — 514 — 7
Dead — 6 — 15 — 9
Deserted 234 — 2 — 2
755 — 2 — 6

FORT St. George 7th November 1844.

which it does not seem necessary particularly to detail.

Wet Waste

16. The Deductions under the head of wet lands left waste for want of water is Rs. 34,621—13—8 less than those made in the previous Fusly. the cause will be found in my remarks on the Season—In certain cases where the Ryots had neglected to cultivate to the full extent, the supply of water admitted of a portion of the assessment on the land so left waste was with a view to prevent a recurrence of such proceedings, and in accordance with the usual practice included in their Puttahs. The extent so entered was however in the whole Division but 38 7/16 Gorstoos assessed at Rupees 843—13—4.

Moolum Waste

17. The deductions made in the year under review on account of garden land left waste do not very much exceed those made under the same head in the previous Fusly. The largest

FORT St. George 7th November 1844.

item is in the Villages of Pauderty and Alloor in the Ongole Talook, the peculiarities attending the garden cultivation in which Villages I pointed out in Para 20 of my report for Fusly 1252 A.D. 1842-3. In seasons like the present when grain is so cheap the inducement to undertake the labor which the Crops being all irrigated by the hand is considerable, is not sufficient to induce those who have hitherto cultivated these lands to do so at present to the extent usual in previous years.—

18. In Para 18 of their proceedings on the Jummabundy report for Fusly 1252 A.D. 1842-3. lately received the Board of Revenue have directed that the System under which these lands are annually included in the Dittum should be stopped. I presume I shall therefore be acting right if I excluded them from the dittum altogether, in the present year; taking due care

Fort St. George 7th November 1844

care that the cultivation is carried on to the full extent circumstances will admit of - In Canoopurty in the Enamanamellore Talook the same System obtains or rather a still more objectionable one, for the Rist of the waste is left as an outstanding balance - The dittum for this year had been made before the Board's Proceedings reached me but I would respectfully suggest that a similar course should be adopted as regards the lands in this Village as in the two Villages abovementioned, Viz. Fasly $\frac{1255}{A.D.\ 1845\text{-}6}$ -

19. The assessment on certain gardens, the Well for irrigating which had fallen into such a state of ruin as to be beyond repair, except at an outlay beyond the means of the Ryot, and on gardens that had been rendered unfit for cultivation from rivers overflowing their banks, was also deducted - In these cases the Ryots generally agreed from next year

Fort St. George 7th November 1844

year to occupy dry land bearing an equal amount of assessment in lieu of these gardens -

20. Adverting to the remarks of the Board of Revenue in Para 3 of their Proceedings already referred to, I trust I shall be pardoned for mentioning that in no case did I, as supposed by the Principal Collector, Para 17 of his report allow in the Fasly under review, 1252 land assessed as garden to be held 1842-3. on the payment of the ordinary dry land assessment - as has justly been remarked under such a system the Wells would never be repaired, and had I done so I should have transgressed one of the standing rules of Settlement in the Nellore District - I have only to apologize for not having explained my meaning more clearly which was that in a few cases where the season had prevented the Ryot too poor to repair the Well from raising a first crop early in the year on garden land assessed

Fort St. George 7th November 1844

assessed for two crops, or 21 Rupees per goortoo. I suspended the Collection of the full demand for two crops levying as a special case the one crop assessment only or 14 Rupees per Goortoo; a sum however very much exceeding the average dry land assessment - In still fewer cases where from the peculiarity of the Season the land had been left entirely waste I gave direc= tions that the demand should not be pressed, but this order was given only in cases where from the poverty of the party the levy of the waste land assessment would have greatly distressed him.-

Jareeb Waste 21. The extent of remission under the head of Jareeb waste is less, it will be observed, than in the preceding year: the amount deducted Rs 90 — a — 10 was under the same circumstances as the garden land in the Villages of Allaor & Pandur 4/9 and the re=

Fort St. George 7th November 1844.

account of the poverty of the Ryots, destruction of the means of irigation, and other causes unfore= seen at the time the Lettum was made.—

Crops destroyed by inundation

22. The crops on a few cultivated fields, which had not at the time come to maturity, were destroyed by inundation: the deduction exhibited under this head was consequently necessary in the year under review.—

Withered Crops

23. The deductions under this head are less than in the previous year there was not a sufficiency of water remaining in a few of the tanks to bring the whole of the late cultivation under them to maturity.—

Tundra Remission

24. But 3½ Goatoos of land bearing an assessment of 32-12-5. was newly taken up under Tundra Cowle in the Tusly under review - as the remission to be granted under the terms of the cowle for lands taken up in previous years annually diminishes, there is a decrease of remis= sion appearing under this head to the amount of Rs 614-13-7.— In

Fort St George 7th November 1844.

Paulenasy.

25. In consequence of the tank at the Village of Carraikoo in the Baddapoody Talook having received a supply of water early in the season the Cauvo cultivation usually carried on in it's bed could not be carried on, and therefore no remission under the head of Paulenasy, which it has been usual to grant when the above land is cultivated was this year required.—

Discretionary Remissions

26. The trifling deductions under the head of Discretionary do not require particular remark: a detailed account in general has as usual been transmitted to your Office.—

Ready Money Collections

27. In the items of ready money collections there was a small increase under the head of sales of pasture land - The season admitting of a more extended cultivation of wet land - Enam - there was an increase under the head of Enam badegais - In consequence of no proposals having been received in Fusly 1253 A.D. 1843/4. for certain tracts which were rented last

Fort St George 7th November 1844.

of Revenue under the head of Chayrot much although the amount still much exceeds that annually realized previous to Fusly 1237 A.D. 1841-2 - The demand for firewood still continues slightly to increase, and hence an increase in the amount of tax payable by parties for the privilege of cutting it.—

Poollary.

28. The Cattle tax was in the absence of any further instructions on the subject settled in the same mode as in the previous Fusly and as detailed in Paras 26 & 27 of my report for that year and a letter to the Principal Collector pointing out - an omission I had inadvertently made in that report, under date the 14th December 1843.—

29. The Board of Revenue in their proceedings under date the 19th August 1844 having recorded their opinion that the plan of fixing rates to be applied to all the waste land of the Village, both arable and grazing is objectionable, it

Fort St George 7th November 1844.

Paulenasy.

25. In consequence of the tank at the Village of Carraikoo in the Baddagoor Talook having received a supply of water early in the season the Cauvo cultivation usually carried on in it's bed could not be carried on, and therefore no remission under the head of Paulenasy, which it has been usual to grant when the above land is cultivated was this year required.—

Discretionary Remissions

26. The trifling deductions under the head of discretionary do not require particular remark; a detailed account in genton Las usual been transmitted to your Office.—

Ready Money Collections

27. In the items of ready money collections there was a small increase under the head of sales of pasture land. The season admitting of a more extended cultivation of wet land. Emain- there was an increase under the head of Emam badeges. In consequence of no proposals having been received in Fusly 12.53 / A.D. 1843/4. for certain tracts which were rented last year

Fort St George 7th November 1844.

of Revenue under the head of Chayrot much though the amount still much exceeds that annually realized previous to Fusly 1251 / A.D. 1841-2. The demand for firewood still continues slightly to increase, and hence an increase in the amount of tax payable by parties for the privilege of cutting it.—

Poollay.

28. The Cattle tax was in the absence of any further instructions on the subject settled in the same mode as in the previous Fusly and as detailed in Paras 26 & 27 of my report for that year and a letter to the Principal Collector pointing out an omission I had inadvertently made in that report under date the 14th December 1843.—

29. The Board of Revenue in their proceedings under date the 19th August 1844 having recorded their opinion that the plan of fixing rates to be applied to all the waste land of the Village both arable and grazing is objectionable

Fort St. George 7th November 1844.

Paulenaay.

25. In consequence of the tank at the Village of Carraikoo in the Baddaper Talook having received a supply of water early in the season the Cauroo cultivation usually carried on in it's bed could not be carried on, and therefore no remission under the head of Paulenaay, which it has been usual to grant when the above land is cultivated was this year required.—

Discretionary Remissions

26. The trifling deductions under the head of discretionary do not require particular remark: a detailed account in general has as usual been transmitted to your Office.—

Ready Money Collections

27. In the items of ready money collections there was a small increase under the head of sales of pasture land. The season admitting of a more extended cultivation of wet land. Enam: there was an increase under the head of Enam bidegies. In consequence of no proposals having been received in Fusly 12.53 / A.D. 1843/4. for certain tracts which were rented last year. If

Fort St. George 7th November 1844.

[illegible] now in possession of the Ryots as waste and which was formerly arable held and vice versâ.—

In reply to the first of these to state that Mr. Travers's [illegible] can learn, to allow of taxe payable—if [illegible] portion cutting it.—

Pollary.

28. The Cattle tax was in the absence of any further instructions on the subject settled in the same mode as in the previous Fusly and as detailed in Paras 26 & 27 of my report for that year and a letter to the Principal Collector pointing out an omission I had inadvertently made in that report under date the 14th December 1843.—

29. The Board of Revenue in their proceedings under date the 19th August 1844 having recorded their opinion that the plan of fixing rates to be applied to all the waste land of the Village both arable and grazing is objectionable, it

Fort St George 7th November 1824.

it hardly becomes me to allude further to the subject, but I shall perhaps be excused for mentioning it if only to defend myself from the charge of presumption, that the proposition was not one of my own, but that the System, advocated by me as the fairest — and best — in the present state of the case, was introduced by Mr Smalley and was in force for some years, indeed, till the introduction in these Talooks of the ryotwar System, under, as I humbly conceive, a misconception of the orders of the Board of Revenue, in July 1824 / A.D. 1831-2.

Para 10.

30. In the proceedings above referred to the Board require information on two points, first whether the proportion of waste included in the Ryots farms is limited or whether they are allowed to partition the whole extent of waste among themselves were not too large to be disposed of separately, and secondly on what terms the

Fort St George 7th November 1824.

the lands now in possession of the Ryots as Poollary waste and which was formerly arable land are held and vice versâ. —

31. In reply to the first of these questions I beg to state that Mr Travers's rule was, as far as I can learn, to allow each Ryot to hold as waste a proportion equalling one fourth of his puttah land, i.e. that is, a Ryot with a puttah of 8 Goortoos was permitted to hold 2 Goortoos as grazing land. For many years however this rule has been allowed to fall into abeyance, though when either from disputes among the Ryots themselves or other causes, the necessity arises it is reverted. In general practise however the old rule is not adhered to, and the whole land of the Village is partitioned among the Ryots, or perhaps it would be more correct to say, left in possession of those who have got it. —

32. On the second question it is only necessary to remark that arable lands although left waste

14830- Fort St George 7th November 1844-

Settled as for Cattle as for Paddy.

4	Cumanamellore	76770 12 3	77690 - 10	919 4 7	- -
5	Chendalore	67621 7 -	66118 - 7	- -	1503 6 5
	Total	407083 15 1	443957 12 2	38377 3 6	1503 6 5
	Net Increase			36873 13 1	

Cause of Increase 35. The main cause of the increase was, as I have already explained, the more favorable nature of the season for the wet land cultivation. The decrease in the single Talook of Chendalore was partly in consequence of the Inagany lands of the Village of Cheeralla being left waste, as explained in Para 8 of this report, and partly from the relinquishment of certain garden lands as has already been shown.

Collections 36. An account showing the Collections up to the end of the Fusly under review compared with the Fusly immediately preceding is here given.

14833- Fort St George 7th November 1844-

Balance - - 37.

The balances above shown to be outstanding must be admitted to be large, but will, I hope, not be considered greater than was to be expected under the peculiar circumstances of the case. The state of the markets was as has already been shown worse even than in the previous Fusly and the present being the third - year of unprecedently low prices. The Tahsildars in making the collections and the Ryots in paying their rents had to contend not only against this very serious impediment to the realization of the Revenue in a Ryotwary District, but against as regards some of the principal crops deficient produce. It is in this last respect that the difficulties of the present season were so much greater than in the previous year Fusly 1252 / 1842-3 / when most of the principal crops produced plentifully. In several large Villages in the Davagoodoor Talook, in which Talook the percentage the balances bears to the settlement in the largest, and in some Villages in the adjoining Talook

14834 Fort St George 7th November 1834.

Talook of Buddapoody the Pyre Jowar is almost entirely failed; and as this is the principal Crop in those Villages it was impossible in many cases to realize nearly the full demand. Upon the receipt of the proceedings of the Board under date the 20th June last, I took measures, in accordance with the instructions contained therein, to ascertain against whom the demand for the last Fusly could not be professed without seriously impairing the means of continuing their cultivation, and directed that only so much of the then outstanding demands against such should be enforced, as could be collected without much distressing them. Most of the more substantial Ryots had already paid all of their shist - so that the indulgence was not extended to them nor indeed did the Board's orders authorize such being done. The large sum aforesaid on account of dry lands left

14835 Fort St George 7th November 1834.

waste doubtless lands in a season like the present to swell the amount of outstanding balance, but the amount is smaller this year than in Fusly 1232 A.D. 1822/3 and I could not venture in a District like this where there is a great leaning in the part of the Ryots to leave lands waste for their cattle to deviate from the established practice. The result of the enquiries I have already made leads me to believe that about 3,500 Rupees of the balance now outstanding will be realized in the current Fusly I might perhaps name a larger sum but it would be wrong in me to hold out hopes that might not hereafter be realized.

Shrotriems - 38.

The number of Shrotriems in possession of the Shrotriemdars at the close of last Fusly was 76. the balance due on account of the Shrotriem Village of Mudderaulapaud in the Enamanamal-lore Talook having been liquidated the Village was released from attachment, the number of Shrotriems in possession of the holders in the Fusly under review was therefore increased to 77 paying a Revenue of Rs 150.15.10.11 and to assessed at Rupees

Fort St. George, 7th November 1844.

Rupees 792-7-10 still remain under attachment. Of the amount due on Jaie Shotriems a sum of 14,512-14-3 was collected up to the 15th September having a balance of Rupees 602-12-8 only, for the speedy realization of which measures have taken. The balance outstanding on the Shotriems under attachment up to the above date was 189-1-9 there as no probability of much of this amount being realized at present as the settlement framed as usual on a division of produce fell below the beree by Rupees 399-12-8.

39.

At the date of my report for Fusly 1252 A.D. 1842/3 a balance of Rupees 946-3-9 was outstanding on account of the beree for that year of Shotriems in possession of the Shotriemdars. Of this amount Rs 577-3-8 has since been collected leaving still to be realized a sum of Rupees 368-9. The amount of the settlement on Shotriems under attachment for the same years of which 196-1-1 remained to be collected at the date of my last report has since been realized in full.

Statistical-

10. The Statement usually added to the Summabundy report from this office showing the Revenue under the head of Mocurrapha for the present and previous Fusslies is herewith given.

Thomas.

Fort St. George, 7th November 1844.

No.	Names of the Taloks.	For Fusly 1252.	For Fusly 1253.	Increase.	Decrease.
1	Buddapoody	1208 12 9	1188 6 11	" " "	20 6 9
2	Davagoodoor	1489 1 3	1529 8 3	40 7 "	" " "
3	Ongole	3310 " 9	3255 14 4	" " "	54 2 5
4	Enamamellare	927 14 6	932 5 6	4 7 "	" " "
5	Chendalore	5117 11 1	5087 " 2	" " "	30 10 11
	Total	12053 8 4	11993 2 3	44 14 "	105 4 1
				Nett Decrease	60 5 1

The fluctuations in the different Taloks is so trifling as not to call for any particular remark. The principal cause of the decrease in the Ongole Talok is from no proposals having been received in Fusly 1253 A.D. 1843/4 for permission to collect the material from which iron is manufactured in the Village of Cumdoloor.

Of this branch of Revenue a sum of 11852-10-8 was realized up to the 15th September last. Of the outstanding balance a sum of 80-2-5 is due by certain of the Cottapatam Ship Merchants. In consequence of these parties who for a long period disputed their liability to the tax and never paid it, but whose case was finally disposed of by the Board

7

x See Proceedings Board of Rev.e dated 9th Jany 1813.

Fort St.e George, 7th November, 1814

of Revenue in the course of last year, and measures ordered to be adopted for enforcing the demand against them re-=fusing payment, it was necessary to put the provisions of the Regulations in force against them to compel payment both in Fusles 1252 and 1253, as they would give no statement of the mode in which the small sum they hitherto have been in the habit of paying an-=nually, in an aggregate sum, was indi-=vidually appertioned, and would for-=nish no information at all as to the present state or means of certain parties there was no alternative but to adopt the account originally framed after full enquiry by Mr. Bruce, the then Sub Collr. several years ago, and in consequence of some parties having since died, left the place, or became poor, it has not been practicable to realize quite the whole amount formerly assessed. I propose shortly whether the parties choose to afford any assistance or not, re-=viseing the list upon the best information I can procure, but as these Shiqs Gen-=tants have still some [illegible]

Fort St.e George, 7th November, 1814

case will be reconsidered; although I am at a loss myself to know on what grounds they can with any degree of propriety or Justice urge a right to be exempt from payment, it would conduce very much to a satisfactory settlement of the matter if they received a distinct endorsement from the Board of Revenue informing them that their case had been finally disposed of. Of the remaining balance a considerable portion x is due by the Ongole butchers. Pamapatam, and Pauwoor Boatmen, and Weavers, and a few others who have disputed their liability to the tax since it was first imposed, the particulars of which are x P.s 48. cases have, as I learned since the dispatch of my report for last year, already been laid before the Board of Revenue. Apart of the remaining balance has either since been collected or is in course of collection, and the rest is due by certain parties too poor at present to be able to liquidate the demand against them. -

Balance Fusly 1252- as 1842/43.

I mentioned in Para 30 of [illegible] my report for last Fusly that although I could not at that time speak with any very great

great certainty I thought about 4,000 Rupees of the balance of Land Revenue for Fusly 1252. A.D. 1842/3. outstanding on the 15th August might be realized in the course of the year now reported on, the total sum since brought to account is Rupees 2931—8—10.

Total Result all heads of Revenue.

43. In conclusion I beg leave to annex a Statement shewing the result of the settlement for the year of all items of Revenue under my management.

Items	For Fusly 1252.	For Fusly 1253.	Increase	Decrease.
Land Revenue	40,70,838 1	44,39,571 2	3,68,733 1	" "

From H. Goldingham Esqre
Collector of North Arcot

Sir,

Paras

I have the honor to return
the accompanying Petitions and to state that on
the complaint of Mootan, the opponent of Petition
-er that the Petitioner interfered with his
Meerasy privileges as Paty an enquiry was
made when it appeared that Mootan was
lawfully entitled to enjoy the dead Cattle
the subject of dispute Mootan's father,
Padavettan, enjoyed this privilege - The
Pariars in the South Street paid to the said
Padavettan half Pagoda annually and gave
him the skins of the dead Cattle they them=
=selves enjoying the Flesh - Orders were given
on the 8th May 1841 confirming Mootan in
his rights -

Nos. 779 of 1842
and
" 719 of 1844

50

2. It appears that Mootan and
two others were fined by the Head Assistant
Magistrate Mr. Hall on the 28th August and
26th September 1839 in the sum of three Rupees
each for certain Molestation made by them as
is alleged by the Petitioner - This was a Police
case which grew out of the contest for the
Meerasy but had no connection with the
right itself -

Acting Secretary to the
Board of Revenue

From the Collector in the Northern Division of Arcot

Sir, Fort St. George

Acct 31.

I have the honor to acknowledge the receipt of your letter relative to the alterations to be made in the provisions of Act X of 1842, in view to its adaptation to this District.

2. By Section III of the Act it is provided that in case of misapplication of Monies collected, the same shall be recoverable in a Civil action and at the suit of the Government. It appears preferable that the case should be disposed of by the Collector summarily, an appeal lying to the Board of Revenue or the Civil Court. The former appears preferable. In the latter case the appeal should be by Miscellaneous Petition and decision passed thereon. A regular suit is always accompanied by expense, delay, and intrigue. This may have a most

+ Ltr to Collr 21 Decr 1844.

The Collector acknowledging the receipt of the Board's letter of the 27th ultimo relative to the alterations to be made in the provisions of Act X of 1842, and reporting certain suggestions in view to its adaptation in North Arcot.

52

14861. Fort St. George 7th November 1844

most injurious effect on Municipal efforts and perhaps render the Act inoperative.

3. The importance of the Act is great and no time should be lost in applying its provisions to this Presidency. It will however in most cases, perhaps in all, remain a dead letter unless preliminary measures are adapted for its introduction. The objects contemplated by the Act are new to the people out of Madras and from long habits of an opposite character it is not likely that any efforts will be made by them to carry out its intentions. Section II provides that the application for a Committee shall be made "by or on the part of the Householders" until the advantages which the Act is intended to impart are seen or felt it is not likely that an application will be made. A preliminary step is necessary for the introduction of the Act.

4. The preliminary measure which suggests itself is that by an order in Council a Committee of respectable Native servants, Revenue and Judicial, and of the principal Inhabitants

Fort St George 7th November 1844

Inhabitants of the Town should be nominated to carry out the purposes of the Act- The Committee should Act under the Collector and a report of their Proceedings should be made periodically to the Board of Revenue and Government as soon as practicable the Act should be introduced when the Committee will not be further required until the intentions of the Act are fully developed by the efforts of the Committee and its advantages fett it will not be practicable or safe to entrust its provisions to a Municipal Body.

5. If the foregoing suggestion is sound it ought to be acted upon at once- Disease has carried off numbers of the Population in crowded towns- little or no attention is paid to draining and until a late hour in the Morning it is impossible from the impure state of the atmosphere to pass through the streets of a Town- The leading objects to which the attention of the Committee should

Fort St George 7th November 1844.

should be drawn are-

1st To provide allotments of land to each House

2nd Draining

3d Watching to bring forward the Taliars Sities and other Village officers of Police to a full and efficient discharge of their duties-

4th Lighting

5th To endeavour by means of wells or reservoirs to carry water through channels or Pipes into the ground around each House, as well for the use of the Family as for the cultivation of the Backyard-

6th I have had occasion in a recent application for Land for Building to bring to the notice of the Board the advantage of all allotments of land or extensive Backyards as they are termed to Houses- The healthiness of Towns and the improvement of the condition of the inhabitants, especially of the poorer classes are promoted by it, seeing the extensive benefits both as regards the condition of the people and the diminution of crime which have been experienced in England from "Cottage allotments" there can be little doubt that

Fort St. George 7th November 1844.

that similar results will follow the general application of the principle in this country. The principle is already in operation where Backyards exist - It is only necessary to carry it out fully.

7. The "Watching" is an important consideration - the elements of a most efficient body of Police may be said to exist in each Village it is not likely that these elements will receive a full and effective organization except under the direction of a Municipal Committee

Sir,

From the Collector of South Arcot (59)

In returning the Petition received with your

Board's Cons. No. 20 of 1844 Cons. No. 13547

14870. Fort St George 7th November 1844.

4. The Petitioner pretending that the Courts order conferred on him the right of the lands in the possession of Rungapah Naik brought Seeroomoola Padiachy the Renter, before the Tahsildar, who recalling the Cowle granted him by Rungapah Naik the Petitioner Streenevasa Iyengar, executed another of his own accord in favor of the above Seeroomoola Padiachy and received some Money from him.

5. On the return of Rungapah Naik from Bangalore, complaints were brought before me and on the above circumstances being proved, I ordered the lands in question to remain in the possession of Rungapah Naik as heretofore and that the parties were at liberty to file a suit in the Civil Court if they had any claim.

6. Under these circumstances I see no objection to the Petitioner being permitted to institute a suit in the Civil Court for the lands in question provided it does not interfere with the rights of Government when the Mocassah villagers revert to them.

Order thereon
(Read again in Bd 5th Dec.)
Ordered to be sent again in circulation

J.G.B.

14871. Fort St George 7th November 1844.

The Board proceed to take into consideration the Report of the Acting Collector of Tanjore upon the Settlement of the Summabundy for Fusly 1252 / A.D. 1842/43.—

7th Nov. 1843 in Cons. 4th Jany 1844.

(Herewith N. 79)

Proceedings thereon. Para 1. The season for the Nunjah cultivation commenced most favorably, the freshes being steady and abundant and for some time there was every hope of an abundant harvest. this expectation however was not fulfilled in consequence of the failure of the early local rains and the subsequent torrents which fell in December and January, which flooded the lower lands and did much damage to the Car crops then fit for the sickle, as well as to the Pishanum which were laid level with the ground so that what was not actually destroyed have recovered their full bearing power. The Cadarumbum Villages suffered twofold from too much and too little water. The cultivation of their lands depends upon the local rains and during the months of

Relative to the settlement of the Land Revenue in the District of Tanjore for Fusly 1252.

63

of July, August and September scarcely a plough's depth fell. in October, November the rains were sufficient to set the cultivation agoing when the heavy monsoon came on and did serious damage to the young crops, which were in some places altogether washed away, and in others, under water for weeks. The Poonjah cultivation generally decreased from the want of the early rains as above described.—

2. In Para 3 some interesting details are given of the progressive increase in the cultivation effected by the Annicut, in the year under review the extent of cultivation exceeded that of the average of the six years before the construction of the upper Annicut by Valies 5,981 at a Bariz of Rupees 2,05,193. In Fusly 1251 the extent of cultivation exceeded the same average by Valies 6,229 yielding a Bariz of Rupees 213,701.—

3. In the statement appended to Para 3 the extent of cultivation is converted into money at an assumed standard of Rupees 34-4-11 per Valy— explanation regarding this standard was called for in the Board's Proceedings on the Settlement of Fusly 1251 and Mr. Bishop explains "that the first account called for was in Fusly 1249 and the standard then entered was the Dittum of

27th February 1843 Para 4.

that year and since retained merely to shew by comparison the gradual increase in the extent of cultivation in the subsequent years."—

4. The Board are of opinion that the actual extent of cultivation in each year according to the accounts should be shown and this extent converted into money at the actual Cummabundy price of the year. the amount of Bariz at the standard Bariz of the year may also be shewn in another column by way of comparison, and in all future statements of this kind the Board request that this may be done.—

5. In the total extent of land cultivated there is a decrease compared with the preceding Fusly of Valies 1367— of which 662 are in Poonjah as was to be expected from the effects of the season already explained.—

6. In Para 7 Mr. Bishop has agreeably to the Boards orders annexed a Statement shewing Jalookeur the different descriptions of Poonjah Cultivation under the several Heads of Rivers, Tanks, &c.— according to the Statement given in Para 3 the extent of cultivation under the Annicut is 89,562 whilst the whole amount dependent upon River irrigation is here entered at Valies 8,9147— this would seem to require explanation.—

7. The Board would also be glad in receiving this

Fort St. George 7th November 1844.

Account for the future to have the amount of Bara specified as well as the cultivation under each source of irrigation.

8 In the Produce of the Aumanie Villages there was a decrease to the extent of 3⅛ per Cent compared with the preceding Fusly arising from causes already explained.—

9. In the Price there was an increase of 39 3/16 per Cent above Fusly 1251 altho' the Current selling prices of 1252 were still 21½ per cent below the Standards.—

10. The number of Villages and their several denomi-nations of settlement call for no particular remark with the exception of the Aumanie Villages in which there was a decrease of 3 in Fusly 1252 compared with 1251.—

Para 16

11. Mr Bishop observes, "bearing in mind the repeated instructions of the Board for the reduction in the number of the Aumanie Villages as much as possible, resort was had to the early invitation of proposals to rent the lands under Durkast, but owing to the unfavourable prospect of the season, the most strenuous endeavours were made on the part of the Meirasidars to retain their lands under Aumanie and only from the constant pressure from without did I succeed in securing the number which eventually came over to the rent &c.—

Fort St. George 7th November 1844.

12. In reply to a letter from Mr Bishop dated 25th July 1843 the Board explained more fully the object that they had in urging a rent for one year of Villages which were under Aumanie. They explained particularly that their object in sanctioning a money rent for one year of the Villages which cannot yet be brought to accept the Wolung Standard grain rent, is not to raise a high Revenue, but to obtain a fair return from these lands without the evils attendant upon the Aumanie System, and from Para 16 of Mr Bishop's report the Board were led to believe that a money rent had been concluded for 116 Villages. On referring however to Statement No 10 it would seem that this was not the case but that these Villages were in fact settled on a Grain rent, all the evils attendant upon the Aumanie System being gone through to ascertain the extent of Nailwarum Grain which being converted into money at the selling price of the day is assumed as

3rd Augt 1843.

Para 3

Col.s 15.16.17.

the

Fort St George 7th November 1844

the rental Bariz. This is wholly opposed to the Board's Orders as explained in the letter above referred to and utterly defeats the object they had in sanctioning a rent for one year. If a rent in money cannot be concluded, it were far better to employ an efficient Amanie Establishment to ascertain the real Produce, the present Plan is very objectionable.

13. On reference to the details of the 115 Villages the Board observe by the Statement Col^{n} 4. No 10 that the Standard Grain amount is entered at 7,01,363 Cullums whilst in the General Statement Col^{n} 28. the amount is entered at 6,97,363 Cullums the difference 4,000 Cullums being in the Tritaraspoondy Talook. this requires explanation.

14. The Total amount of remission granted for short and perished crops was 91,760 Rs. of this sum 68,760 Rs was given in the 8 Talooks noted in the margin the crops of which were destroyed or damaged. The 4 latter Mr Bishop observes are the lower Talooks farthest from the source of supply and always suffer more than

Trivady	4,851
Kunadore	10,133
Tritaraspoondy	21,155
Nunnilluru	12,399
Paralluru	10,222
Rupees	68,760

To St George 7th November 1844.

the other parts of the District both in seasons of drought and flood.—

15. Every pains seems to have been taken to investigate all claims to remission and none was granted except under the rules sanctioned by the Board and Government.—

Report Para 23. 16. Notwithstanding the decrease in the cultivation as explained in Para 6 of their Proceedings there was a net increase in the settlement including Cavil allowances of Rupees 2.22.906 arising almost entirely from increase by price. In the Ubalung rented Villages alone this amounted to Rs 214,234.— Para 24.

17. The annexed abstract exhibits at one view the aggregate Summah of all sources of Revenue compared with the previous year.—

	Fasly 1251 Rs	Fasly 1252 Rs	Increase Rs	Decrease Rs
Land Revenue	32,46,583	34,60,779	2,15,194	"
Resumed Cavil allowances	1,59,621	1,67,363	7,712	"
	34,06,225	36,28,182	2,22,906	"
	3,91,198	3,81,257	"	9,941
Salt	8,27,738	8,16,706	"	11,032
Sayer	1,01,680	1,15,268	13,582	"
Sea Customs	66,770	65,810	"	960
Abkarry	51,026	53,828	2,203	"
Stamp	40,164	40,474	310	"
Moturpha	26,086	26,866	780	"
Sundry Small Farms and Licenses				
Total	44,10,492	46,28,342	2,39,781	21,933
		Net Increase	2,17,848	

Fort St George 7th November 1844.

Of the total demand Rupees 36.28,132 on account of Land Revenue shown above, Rupees 34.96,185 were collected within the Fasly leaving a balance of Rupees 1,31,946 which was reduced on the 30th September 1843. to Rupees 33.807 and still further reduced by subsequent Collections to Rupees 25.320.1-8 a result which under all circumstances the Board cannot consider otherwise than highly satisfactory and creditable to Mr Bishop's management of the District.—

18. At the conclusion of Fasly 1251 the Board upon the earnest solicitation of Mr Bishop were induced to sanction the postponement of the June Kist amounting to Rupees 2.35.918 to the commencement of the coming Fasly and it will be satisfactory to the Most Noble the Governor in Council to learn that this indulgence has been duly

Report Para 34.

Fort St George 7th November 1844

duly appreciated by the Meerasidars the whole of the amount with the exception of 1815 Rupees has been paid up though Mr Bishop adds "to what extremities the Meerasidars have been pushed to enable them to meet the Circar Demand will be painfully apparent by the marginal Statement of land sales which have come to our knowledge by the transfer of Meeraf to the names of others"

Do.

These transfers it is observed are private Transfers and not the result of distraint or Public sale and the Board are willing to hope that they may be of a temporary nature only. It would be satisfactory

Fasly.

1251 -- 214,000.
1252 -- 233,000

Order

| | | |

14884 Fort St. George 7th November 1844.

Order thereon

(66-67)

Ordered to be recorded

Read the following letter

To

E. C. Lovell Esqr

Acting Secretary to the

Board of Revenue

Fort St George

Sir,

From the Collr of Trichinopoly — Para 1.

Reporting on the Pension granted to the family of the late Panjalamcoorchy & stating that payment of 5 Pagodas has been stopped to the 2 Children pending the Boards orders.

(68)

I have the honor to transmit herewith a Petition addressed to the Board of Revenue by Company Sellum one of the Pensioners of Panjalamcoorchy, and to request that you will be pleased to submit the same for the consideration of the Board.

Upon referring to the correspondence noted in the Margin it will be perceived that a pension of 40 Pagodas was under the authority of Government distributed to the family of the late Poligar of Panjalamcoorchey in eight equal shares. "Banghia Lutchmy" being one of the sharers. I have now to report for the information of the Board of Revenue that in the year 1833 Banghia Lutchmy died and that under the orders of my predecessor Mr Blair, dated the 4th October of that year of which a copy and translation are herewith submitted, her share was continued to her Children Paunjalee and Juggaviirapandat Doraisamy aged / at present / respectively 15 and 13 Years.

2

In looking over the terms of the grant, I observe that "any casualty which may occur among the surviving pensioners must be

From Secretary to Govt to Board of Revenue 3d September 1824.

14885 Fort St. George 7th November 1844.

reported by the Collector, with such information as may enable the Government to decide as to the propriety of continuing the whole or any portion of the lapsed share" and as this course was not observed at the time of Banghia Letchmy's death I deem it my duty to report the case now.

3. The deceased Banghia Letchmy was married to Company Sellum by whom she had the two Children to whom her share was continued, and as Company Sellum who as a member of the late Poligar's family enjoys a pension of 15 Pagodas a Month, I hardly think that the continance of his wife's share to his children was consistent with the intentions of Government.

4 I have stopped payment of the five Pagodas to the two children pending the orders of the Board.

Trichinopoly Collr Office

Ordered to be sent again in circulation

Read the following letters

70

To

E. C. Lovell Esqre

Acting Secretary to the Board of Revenue

Fort St. George.

From Mr. J. Blackburne, Collr. of Madura, Para 1.

Submitting correspondence with the

Sir,

At the desire of Mr. Elliot the Sub Collector, I have the honor to submit for

Fort St. George 7th November 1844.

the sub collector at that Gentlemans request regarding the restoration of Dhoondoo Rao Tahsildar of Iyempully to his Office.

the correspondence noted in the Margin.

Tamil Memorandum to Joint Magistrate dated 27th August 1844.
Letter to Sub Coll.r 5th Oct.r "
Do. from Do. 10th Do. "
Do. to Do. 14th Do. "
Do. from Do. 17th Do. "

The case of Trimul Boyen alluded to in para. 2 of letter of 17th Instant, had commencement in September or October 1843, and the long protracted unsatisfactory correspondence regarding it extended to the 23rd August last, and is part in Tamil, part in English. If the Board wish to see it, I hope they will direct the Sub Collector and Joint Magistrate to prepare it for them from commencement to the end.

decision 24th March 1844 forwarded.

3.

In respect to his allusion of the 6th para against Audia Pillay. I have the honor to inform you that whilst Tasildar of Iyempully, in the Sub Division, he was falsely and maliciously accused of beating a Thoti and thereby causing his death. The Charge was made to Mr. Elliot as Joint Magistrate on the 8th February as having occurred in October or November 1841, but the Complaint had not been earlier made, as was pretended, by listening to the Tasildar's promise to give 100 Rupees for its being with-held. The Joint Magistrate took evidence from 7 Witnesses that day and on the 12th called on the Tasildar for answer, which

A.D. 1842

was

Fort St. George 7th November 1844.

was indignantly given in utter denial on the same day. On the 22nd the Joint Magistrate sent the proceedings and asked my opinion of the matter. On the 26th I answered that the case had been investigated by himself and he must use his own judgment, and I would consider it if any appeal was made. On the 1st March Mr. Elliot took charge of the Zillah Court as Acting Judge, and Mr. Owen took charge of the Sub Division, acting for Mr. Elliot. After verbal communication with Mr. Owen I acquiesced in his personally taking the answer of Andia Pillay to the charge and forwarding the case to the Court; not as believing there was the slightest truth in it, but to relieve him from the vexation of false complaints effectually. and this was the more necessary as he was indirectly attacked by others in various ways through the magistracy and because he appeared to have excited Mr. Elliot's distrust to so great a degree.

4

Sent up by Mr. Owen to the Criminal Court for Homicide on the 24th March

Fort St. George 7th November 1844.

March, he was committed by Mr. Acting Judge Elliot for "Murder" on the 8th April 1842 released on bail by that Gentleman on the 18th Idem, I immediatlty sent him back to resume his duty in Tyempully. On the death of Jevan Rao, Tasildar of the higher paid Talook of Shiroomungalum, in my division, he was promoted, on the 16th May, to it. and in his place was appointed Bhoondoo Rao, veny long the Moozendar of Madacolum, and the man regarding whom the present correspondence is laid before the Board.

On the 7th July Mr. Elliot was relieved from the Zillah Court. and about the 12th August (documents not at hand) Andia pillay, tried and acquitted by the Circuit Court resumed his duty in Shirromungalum.

My constant experience of

5

Mr. Elliot's procrastination on all points, and his procrastination in the present case to afford me any particulars against Bhoondoo Rao, make me unwilling to cancel my order for his restoration, which I believe I would willingly have done at the desire of any other Sub Collector.

The Board are aware of the pains I took to obtain a monthly return of all unanswered communications

Fort St. George 7th November 1844.

was indignantly given in utter denial on the same day. On the 22nd the Joint Magistrate sent the proceedings and asked my opinion of the matter. No. 1.

Translate of a Tamil Memorandum

To Mr. Elliot Esqr.

Joint Magistrate - Dindigul -

In your Tamil Memorandum of the
23rd Instant you required my opinion whether
Dhondoo Rao, Tahsildar of Tyempully, should
be punished or removed from Office as unworthy of
confidence for having received bribes, and for
malversation in Office, as clearly proved by
witnesses in the matter of complaint preferred
against him by Poosary Trimul Boyen.

In the Tamil Memorandum of
the 9th sent in reply to yours of the 5th Ja-
nuary last, forwarding the proceedings in the
above case, I returned them stating my opinion
differred from yours.

Moreover in the Copy
furnished

Fort St. George 7th November 1844.

furnished me of your decision in English
of the 21st March it is stated, that as I
could not agree in your finding the case was
thrown out.

Whilst the case stood thus
your soliciting my opinion on it again was unne-
-cessary.

Consequently if there is no other
case, save this one, against the said Tasildar Dhon-
-doo Rao, you will restore him to Office, and issue
all his arrears of pay - your decision in the case of
Trimul Boyen is not in accordance with the Regulation.

/Signed/ J. Blackburne

To M. Elliot Esqr.
Sub Collector of Madura
Dindigul

I have the honor to remind
you Dhondoo Rao, Tahsildar of Tyempully, was released
by the Subordinate Court on the 25th July from the Charge
of Murder, on which you had sent him there.

On the 27th August I addressed
a Tamil Memorandum to you in my Capacity of
Magistrate desiring his immediate restoration to Office,
with all accumulated pay during his suspension, if
you

Fort St. George 7th November 1844

you had no other charge against him than one of corruption in the case of Tirimul Bhoyen, which case gave rise to the Memorandum in which I informed you of my wishes.

3. I beg now to repeat them, and if you have other cases against him, or are otherwise unwilling to re-employ him, I request your reasons may be sufficiently in detail for submission to higher authority.

4 And at the same time I request you will be so good as to explain why you would neither attend to my wishes as expressed on the above 27th August, or afford me any reply.

I Signed J. Blackburne.

Principal Collr.

To The Principal Collector

of Madura.

Sir,

I have the honor to acknowledge the receipt of your letter dated 5th Instant, requesting explanation of the causes of the non restoration of the Tyempilly Tahsildar Dond Row and why your wishes were not attended to, and in reply beg to express my regret if any immediate answer was required to your Memorandum as Magistrate of the 27th of August last. The restoration or otherwise of Dond Row appeared to depend

on

Fort St. George 7th November 1844

on there being no other case against him, but as there were several, it did not appear to me that any reply was urgently required, should it be your wish now to restore Dond Row to his situation, I shall immediately do so, but take this opportunity of mentioning briefly the causes which have attended to keep him from employ.

The case of bribery in the matter of Tirimal Boyen is, as far as the evidence can make it, complete, and were it the only case or suspicion, I would gladly see him released with a suitable admonition. But his conduct in the case of violent death for which he was with others forwarded to the Criminal Court, and his neglecting to see the body altho residing close to the spot, with other matters, induces me to consider him fully capable of the above act of corruption.

To shew the indolence of the

3

Tahsildar and his ignorance of the manner in which the business in his own Office is conducted, I would beg to refer to his statement that

+2 the issue of blank warrants by him, in cases forwarded to the Criminal Court was a common practice, but was obliged to refer me to the Police Boysem of the Taloor Cutcherry for a single instance

Fort St. George 7th November 1844.

instance. On reference to the records however, with the exception of the one then under examination, not one was to be found.

4 I regret to state that there exists some suspicion that the fines levied in the Talook, are not faithfully carried to account. A Petition, and Deposition on solemn affirmation have been given somewhat to that effect. I would willingly attribute this also, if true, chiefly to indolence in the Tahsildar, and corruption in his Roysom Vencatasoobbiah whom I formerly dismissed from this Division, but it has been verbally stated to me that the Police and Revenue duties are regularly rented by the Tahsildar to his Roysoms' a heavy suspicion, which I hope in a few days to decide one way or other. There have been however several complaints of partiality &c.a against Vencatasoobiah, which, if he did not take a prominent part, would come only against the Tahsildar.

5, The above suspicions are themselves increased by a Petition + received against the Tahsildar himself as well as certain of the Talook servants, from one Soobroy Moodalee Curnum of Tattancottah.

+ Dated 21st April 1844

Fort St. George 7th November 1844.

6, A Deposition on each of the seven subjects contained in the abovementioned Petition against Tahsildar Dond Row, was taken from Soobroy Moodalee, and will be completed as soon as possible.

7, One Nachimootoo Moodely has deposed to a subscription in certain villages to afford money to the Tahsildar when at Madura as a bribery fund, to prevent the examinations proceeding in the said villages by obtaining the recall of or objection to Comarasammy Moodely who had been directly by me to examine those cases.

8, The earthwork at the Iyempilly Rajah voikal has been declared to have been done by Coolies without pay, but the Tahsildar has entered the amount of 30 Rupees as paid for that purpose on the 15th Rupees as paid for that purpose on the 25th of March, and 20 Rupees on the 25th of April last.

9 The above cases are not finished, wherefore I deemed it unadvisable to restore him to his situation till I could pronounce upon the degree of evidence to support them. In faiture of which he will

Fort St. George 7th November 1844.

of course be restored and receive his pay at present in deposit.

Dindigul
10th October 1844

/ Signed / W. Elliot
Sub Collector.

To W. Elliot Esqre
Sub Collector Dindigul

Sir,

1 In reply to your letter of the 10th Instant received only yesterday, I have the honor to request you will immediately restore Dhoondoo Rao to his situation as Tahsildar of Iyempully, and give him his pay from this date; what is now in deposit may so be kept till some decision be passed on your renewed suspicions against him.

Sub Collector 10th Oct. para 2.

2 I look upon your recurrence to the case of Trimul Boyen as very indecorous as in contradiction to my opinion given on your own request. If you had originally thought him guilty in that matter, it was your duty to have taken the necessary notice without reference to me. If you wish it, I will refer the whole correspondence to the Session Judge.

Above letter para 4

3 The contents of the 4th para cannot be listened to by me in the absence of dates, a matter to which I have so often called your attention, but as growing from it I must request you will immediately forward to me.

Copy

Fort St. George 7th November 1844.

1st Copy of the petition and deposition on solemn affirmation "somewhat" to the effect that the fines levied in the talook are not faithfully carried to account.

2nd Copy of your dismission of his Royasum, Vencatasoobiah, from the division, with copy of the order for his reinstatement, or re-employment, and your objection to such reinstatement.

3dly That you will state why you did not record the verbal Statement made to you that the Tahsildar rented out the police and revenue duties to his Royasums, and that you will now name your verbal, reporters and date of report, and the steps you have taken to encourage you to hope you may be able to pass a decision in a few days.

4thly That you will forward me the originals or Copies of every complaint against Vencatasoobiah.

I request you will be good enough

4 immediately to favor me with the original, or Copy

above letter para 5 and 6.

of Complaint of Soobray Moodaly, Curnum of Sattancolum of the 21st April against the Tasildar and certain of the Talook servants, and that you will report with date every step you have taken in consequence, and Copies of the 7th Depositions taken from him in consequence; and that, having the intention to submit them, you will state at large

Fort St. George 7th November 1844.

large the cause of delay to do so; and the object of doing so uncalled for before you are able to form a final opinion on the case.

D. O. para 7 5, I request you will be good enough to favor me with original or Copy of the deposition of Nachimootoo Moodelly and state with date, all the steps you have taken in consequence; and that you will state at large who Boomarasawmy Moodely is; why powers of investigation have been entrusted to him, and Copies of any instructions or orders I may have issued in respect to this man and Copies of any instructions you may have given him on the subject.

6, If the declaration you alluded to in the 8th para of the Tahsildar having executed the earthwork, and entered the charges without payment of the Iyempully Rajah Vaikal be in writing I request you will be good enough to forward me the original or Copy and that you will report with dates, each step you have taken in consequence. if it be not in writing, you will make the same report and in addition give the name of the reporters, date of the report, and the cause why it was not recorded and furnish me with Extract of the Tahsildar's accounts shewing the date and person by whom signed, and if it came to your Office in usual course or under a requisition.

7 As it is probable this correspondence will be submitted to higher authority, I request you will be good enough to give succinct and early answers to my demands.

Madura 11th October 1844. } / Signed / J. Blackburne
Pr. Collector.

Fort St. George. 7th November 1844.

To
The Principal Collector of
Madura.

Sir.

Para 1. I have the honor to acknowledge the receipt of your letter of the 11th Instant in answer to mine of the 10th Idem, and beg to inform you that in conformity with the request contained in the 1st Para of the said communication I have this day issued orders to Dond Row to resume his duties as Tahsildar of Iyempilly.

2. The yaddasht from your Office dated the 27th of August last expressed your desire that Dond Row should be restored to his situation if there were no other case against him except that of Trimul Bogan. For although as Magistrate you had been pleased to state that your opinion differed from mine, and I had from Courtesy thrown out the case in March last by a record to that effect: the original documents had been returned to me to make another reference on the subject; and your yaddasht of the 18th of August required a precise answer as to whether your opinion was required, respecting the punishment or other subject. My answer of the 23rd August stated that your opinion was requested as to punishment or release. The Tahsildar however was not restored, not-

account

Fort St. George, 7th November 1844.

account of Trimul Boyen, any reference to whose case I regret should be considered indecorous, but because there were several other cases against him as mentioned in my letter of the 10th Instant.

3- Having therefore conformed to your wishes and instructions in the immediate restoration of the Tahsildar of Tyempilly, I beg to solicit the favor of your laying the matter before the Board of Revenue as soon as possible with a request from me that Dond Row be suspended during the present investigation part of which I have observed I hoped to decide "in a few days" and the remainder "completed as soon as possible".

4- When those observations were made I intended that a fortnight would suffice to close the whole cases, but it will be difficult to do so now; because after stating publicly that there were 7 cases against the Tahsildar in which a Burmun was informer, besides others with serious suspicions of most culpable neglect of duty; it will appear to all witnesses &c. that on although cases of bribery, extortion, concealment of a murder case &c. have been deposed to on solemn affirmation, and in part proved it will be at their peril now to divulge aught in the matter, since they cannot

Fort St. George, 7th November 1844.

cannot but feel that the Tahsildar will not hesitate after such a triumph to use his power against any one deposing to the proof of the said charges whilst it equally points out that the power of protecting them from any tyrannical proceedings has in great measure been thus diminished.

5- The numerous copies &c. required by your letter under reply will be forwarded as speedily as the scanty means at my disposal and the extensive demands thereon will permit, but I trust they will not be placed on record till the close of the examination lest any improper use be made of them. Should it be equally convenient to you, it would be a great satisfaction to myself if you would take the originals instead of copies and permit the necessary enquiry to be conducted in your Cutchery.

6- The restoration of the Tahsildar of Tyempilly is I allow not without precedent, as Audia Pilly the predecessor of Dond Row after being committed to the Civil Court for Homicide was, before trial, permitted to exercise his duties as Head of Police, but the case differed from the present in as much as in that

case

Fort St: George, 7th November 1844.

case the evidence was complete whilst in the present instance the examinations in themselves will be greatly impeded as the Cutcherry records require examination, and the Tahsildar being in charge thereof will be enabled to alter or create whatever may be wrong or missing; and I have already discovered about thirty (30) exceptionable cases disposed of by the Tahsildar during part only of 1843; and which suffi=ciently prove his neglect of the duties entrusted to him, even if they do not tend to confirm the worst suspicions. On this account therefore as well as what is above stated, I beg to request, if you should be unwilling to cancel your instructions of the 14th Instant for the present or during the nec=essary investigation, that you will be pleased to lay the case before the Board of Revenue with my abovementioned solicitation.

Dindigul. }
17th October 1844. }

[Signed] H. Elliot
Sub Collector.

Register No. 91 of 1843.

Plaintiff.
Poojree Seevo=
=malay Boyen.

Versus.

Defendants.
Dossa Boyen and
9 Others.

Charge.
With having on the evening of

Fort St: George, 7th November 1844.

a Saturday in the Month of Poorattassee assaulted the complainant by striking him on the nape of the neck with sticks and on shoving him down, carried away some boxes containing 6 Images, the Jewels of these Idols and ready money to the value of Rupees 130 further that the 10th Defendant (a Duffadar) and two Peons assisted the other Defendants in doing so.

Witnesses.
Koolla Boyen and 6 Others.

Decision.

This case was examined before the Head of Police of the Tyempilly Talook, on which occasion the present Defendants were the Complainants. The Head of Police passed a decision in favor of those Plaintiffs to whom the Images were given and a fine stated to be placed on the Defendants who, in default, was placed in the mainguard for 3 days.

The Defendant appealed to the Joint Magistrate against the property which he va=lued at 150 Rupees being made over to the Plaintiffs, as he alone had the right and that the Tahsildar had taken a bribe to favor the Defendants.

Before the Joint Magistrate the case was proved in part as well as the whole case of bribery, the whole proceedings were sent to the Magistrate for his opinion on the 5th of January, as that Officer did not credit

14904 Fort St. George 7th November 1844.

credit the bribery no further notice was taken of it.

The disputants appear to be related but there being considerable doubt of the truth of the Statements taken before the Head of Police, it is no easy matter to ascertain in whose possession the property was at the commencement of the dispute. Of the Defendants there appeared no occasion for them to petition, and if with the Plaintiff, it is singular he should have no right as he is acknowledged to bear the name of Pujary and the Defendants acknowledge that the images were formerly with him. As the Plaintiff and others stated their willingness to settle the matter amicably they were allowed to return to their Villages, but on the 15th of March they returned saying they would obey no other decision than that of the Joint Magistrate, who this day released the Defendants and directs the head of the family (1st Defendant) Dafsa Boyen to find good security in 100 Rupees to restore entire the disputed property on requisition to that effect until a final decision has been passed by the Civil Court, to whom the Plaintiff is directed to apply upon due security in the amount of 25 Rupees being furnished, the "Ambalanon Tigrom" will be delivered to the Plaintiff it having been stated to be his property.

21st March 1844. /Signed/ W. Elliot
Joint Magistrate

From the Board of Revenue

To

The Secretary to the Board of Revenue

Sir

I am directed by the Board of Revenue to transmit to you the accompanying Statement of the Collections of the Land Revenue and Sayer for Fasly 1253 and to request that you will be pleased to lay the same before the Board.

I have the honor to be
Sir
Your most obedient Servant
C. P. Layrell Secy

Accountant's Office
Fort St. George 7th November 1844.

From the Secretary to the Board of Revenue

To

The Accountant General

Sir

I am directed by the Board of Revenue to transmit to you the accompanying Statement of the Collections of the Land Revenue and Sayer for Fasly 1253 and to request that you will be pleased to lay the same before the Board.

I have the honor to be
Sir
Your most obedient Servant
C. P. Layrell Secy

Accountant's Office
Fort St. George 7th November 1844.

14410

Salt.

Fort St. George 7th November 1844.

2.

The whole transaction in salt exhibits a decrease of Garces 32-128. 1 3/4 of article sold, and an increase of Rupees 9412-2-11 in the amount realized, from the Sales. The price has been subject to two unusual fluctuations, both of which have operated disadvantageously to the revenue of the outturn. The first was permission to export to Ceylon at 42 Rupees per Garce or 35 Rupees per 100 Bengal Maunds. The second was prohibition by the Government of India to sell below 180 Rupees per Garce. There is also a third fluctuation, common to the two years under report, till abolishment in the latter year, in consequence of the order of the Government of India; and that is that thence forward no reduction was allowed in the price to the wholesale purchaser of unbroken heaps of ten Garces. and when the price was again reduced by the Court of Directors in the current year the reduced price by 5 Rupees a Garce was not again conceded to the purchaser of a whole heap. The subjoined Abstract will shew the particulars of variations of the

Sales.

Fort St. George 7th November 1844.

on absorption of the Office of Chunkedar into that of Head Pilot on the 11th February 1843.

Stamps. 6. The decrease of Stamp revenue to amount of Rupees 6,012-11-4 arises in a nearly equal proportion from the less sales of Judicial papers / Rupees 2483-1-4 / and of Sayer Rowanahs / Rupees 2529-13-11 /; the latter occasioned by abolition of Sayer duties since the 1st April, which Cause also explains the decreased Charge of Rupees 240-3-11.

Sundry small farms & Licences. 7. In reference to the 5th para of my report of the 24th August 1843 and the 9th para of that of the 18th October 1843, will shew how the Piling Bill instead of the Board's instructions entered in July 1251 in the Extra Sources of revenue, and that the error was continued in July 1252; Notwithstanding the individual Settlements for the year under report this revenue has been duly carried to account as "Land" and the head of "Sundry small farms and Licences" now comprises the revenue derived from fresh water fish alone. The decrease of Rupees 115-4-14 is in the Dindigul Division.

Pyluey Bill.

Salt & fish

From G. George 7th November 1844.

8. Of the whole demand amcantery to Rs 582463-4 there was realized within the fusly 578133-2-7 and by the end of October 2394-8-11 580527-11-6 leaving a balance on the 1st November of 1935-8-10

Betel and Tobacco balances

Of this Rupees 864-6-11 are against the Betel and Tobacco Renters of Jaudecombon and Nellacottay who complain of the injury they sustained by resumption of their rents before expiration of the Fusly and against whom stringent measures were for some time prohibited as per correspondence in the Margin, Rupees 1064-3-1 are due from the Abkarry Renter

Collector to Board 16th May 1844.
Board to Collector 30th Dec 1844.
Min. Con. 5th August 1844.

of the whole Collectorate and the small remainders, Viz., Rupees 6-14-8 are due from the fish Rent balance Rents. I anticipate all will be realized shortly.

Abkarry balances

9. In conclusion I beg to forward the printed Statement in Triplicate; Statements A and B together with a Memorandum particularizing the Extra Collections in each branch of Revenue entered in Col 8 Statement A as required in the 12th para of the Min. Con. of the 26th December 1842 - Statement Comparative between Fasslies 1252 and 1253 of Salt Manufactured and that of Salt exported to different Districts as usual.

Sundry Small Farms and Licencies	5,033 14 4	5,033 14 4	2,951 2 11	- - -	2,951 2 11	2,082 11 5
Total	10,220 7 8	10,220 7 5	8,137 12 3	- - -	8,137 12 3	2,082 11 5

The Hill rents erroneously entered in the Extra Revenue Statement for Fusly 1251, were still more erroneously entered in it for Fusly 1252 for in that year they were settled individually by the Sub Collector and the balance is the precise difference between the former Rent Ryotwary increased Settlement. Some note will be found on this subject in the 12th Para of my Report on the eve of being submitted for the Land Revenue of Fusly 1253.-

"and others" My experience I request to say goes the other way, and has led me to believe that assumption of authority, and abuse of it, is the too natural and Ordinary tendency of Belts and Badges. If as Mess.rs Line and Co.s would seem to imply, the Belts are intended to be mere matter of ornament. I cannot understand the tenacity with which they hold to the Belt over the shoulder, Casual to all Government peons, as the only ornament practicable. In plain truth and fact it appears to me, that a Belt is only valuable, and adopted as resembling a Public and recognized mark of authority, and conveying influence accordingly — and I think that the spirit of Act No. XVIII of 1835 is not to countenance any thing at all resembling a public Government Peon; and that any other decoration (for private Peons) round the waist, or on the arm, would be quite practicable, and preferable, as not liable to mistake and it is not probable that the uneducated Ryots of Tinnevelly would be able Generally to discriminate between the private and public Belted Peons.

3. Of course I do not suppose

that Mr. Lowe or any other respectable European Merchant or Gentleman would countenance abuse of the Belt by their private Peons, but fearing from experience that it is liable to occur, and thinking prevention of abuse better than punishment afterwards, I suggested the adoption of such marked distinction for private peons as could not be mistaken, which I think any Belt over the shoulder is very liable to be.

4. I am not aware what may have been the result in other Districts but I cannot but fear inconvenience and difficulty from the sudden influx of a large number of private Belted peons in Tinnevelly, nothing of the sort has ever yet obtained here — but the small part of Tobacco trade and the Cotton Trade, are now fast rising into such increased importance, that the number of private peons is likely to be large, and thus make an otherwise unimportant matter of some consequence in its results. If Government should see fit to direct the adoption of any other private decoration than the usual Belt — as worn over the shoulder by all public Peons, I think it would be advisable: and many such Badges without Belts are practicable and in use, both in India

Fort St. George 7th November 1844

India and England.

(Signed) E. B. Thomas
Collector

Memo

Mr. Towse has been informed that he can make full use of his peons and Belts pending this reference regarding their forms.

St. J.

To J. Towse Esqre
Chiefpicolum

Sir,

Understanding from an official report to me by the Police Aumeen of Tuticorin that you have entertained private peons with Belts and Badges thereon, and to request the favor of your discontinuing any Belts or Badges liable to be mistaken for Government Belts. Among the work people and poorer classes in your employ and around your neighbourhood probably not 1 in 10 can read or write or would be able at all to distinguish between your Belts and the public ones the private ones are therefore very likely to be mistaken and liable to be abased without your knowledge. Excuse me for observing if you have already in use private Belts as reported to me, that some previous reference or intimation to the

Fort St. George 7th November 1844

the authorities of the Districts would have been desirable, before introducing a practice entirely new in Tinnevelly, and at variance with the spirit and intention of Act No. XVIII of 1835. A single enquiry would have informed you such a practice had never yet been adopted in Tinnevelly, the your immediate predecessor Mr. Tulloch, with Mr. Coey Ramsay Mr. Hughes, and many other Merchants, have long resided in the District, without ever attempting or finding it necessary to adopt them. It will I think be obvious to you that such Belts as you are now said to be using can only be useful as conveying a supposed authority which cannot properly be assumed by a private peon.

Tinnevelly 3d September 1844

Signed / E. B. Thomas
Collector.

To
The Collector of Tinnevelly.

Sir,

I have the honor to acknowledge receipt of your letter of the 3d Instant enclosing copy of a letter addressed to Mr. Brown, and requesting me to discontinue the use of Belts and Badges worn by Peons at this place in the service of Messrs. Tine and Co. of Madras.

With

Fort St. George 7th November 1844

With reference to part of your letter which appears to reflect upon me for not having intimated the fact of Belts being in use here to the authorities in the District, I beg to refer you to the annexed copy of an official report which I addressed to you on the subject on the 31st Ultimo.—

It was the wish of the House that the practice should be adopted at their Cotton Screws at this place which I have in the execution of my duty attended to.—

Complying with your request however I have accordingly directed the Belts in question to be taken off, pending a reference to Madras, and in the meantime must express myself dissatisfied with the arbitrary nature of the order which denounces as irregular what has been tolerated for years (and is now tolerated) in Madras, and in other Districts in the Presidency. The use of Belts in these cases is obviously not to enable the persons wearing them to assume the Authority of Government peons, and this supposed result has no precedent to warrant its anticipation in this instance, and the custom

Fort St. George 7th November 1844

cannot be justly condemned as pernicious until it has proved itself to be so. They are absolutely necessary in respectable concerns in a commercial point of view to carry with them a degree of respect to the persons so decorated, which insures the obedience of those working under them, and consequently the efficiency of the work at which they are employed.—

In sending money which we are frequently doing from one part of the District to another, Belted Peons to act as a check against thieves are absolutely necessary to the preservation of the property, as every one conversant with native character will allow. Native prejudice is in favor of the Belt worn round the shoulder and no other carries the same effect with it, or will be worn by them.—

My predecessor Mr. Sullock I am informed had it in contemplation and intended to have adopted the System. I am aware that the other parties you name have never found it necessary to adopt the use of Belts, but cannot see how this argument applies against it in the case of Messrs. Low and Co. and cannot also see the comparison between their respective cases.—

and

Fort St. George 7th November 1814

and positions which you have so discourteously drawn.—

Chilpicolum
6th September 1814.

/Signed/ J. Sawse

To the Collector of
Tinnevelly

Sir

I am given to understand that on a Mercantile House commencing any operation in this District, it is usual for their representative to report for your information the number of Peons employed under them wearing Belts and Badges; and accordingly I have the honor to state on behalf of Messrs. Line and Co. of Madras that there are at present Twelve Peons in their employ at this place superintending the screwing of cotton &c.a wearing Belts and Badges similar to those worn by Peons in their office at Madras being numbered and bearing the Letters L. & C. and the name of the Firm in Malabar.

Chilpicolum
31st August 1814

/Signed/ J. Sawse

To J. Sawse Esqr.
Chilpicolum.

Sir

Para 1. In reply to your letter of 6th Instant in answer to mine requesting you to discontinue the use of Belts, or Badges liable to be mistaken for Government ones. I would beg

Fort St. George 7th November 1814

beg to observe that you appear to have mistaken my meaning, if you suppose that I wished you to disuse any Badges, my objection was to Belts — Chiefly as most likely to do away with the distinction between Public and Private Peons.

With reference to the para of 2.
your letter referring me to yours of the 31st August reporting your having employed 12 private Peons with Belts and Badges," I have only to remark, that that letter did not reach me till after mine of the 2d to you was drafted and dispatched, and a considerable time (as I was informed) after you had adopted and used the Belts in question — if such was not the case, you probably would have told me so in your letter now under reply —

Referring to that paragraph —
3
of your letter in which you express yourself — "dissatisfied with the arbitrary nature of my order" denouncing as irregular what is tolerated in Madras" I can only regret that you think it necessary to address me in such an uncourteous style — I am sorry I really cannot concur in your view of the commercial necessity of Belted Peons; and even were they both necessary and authorized, I must still think that Mr.a Brown's course a previous

previous intimation to the constituted authorities of the province, was the desirable and proper one, on being the first to introduce, now, as you are to the District, a practice never hitherto used or found necessary here.—

4 You have been 5 months in Tinnevelly and require 12 private Peons to carry on your business— you must be aware that many Europeans and Native Merchants have for years been engaged largely in the cotton Trade in Tinnevelly, and have circulated much larger sums than your Establishment has yet done— Mr. Hughes was for 30 years largely engaged in Trade here— his successor, "Ramsing," to nearly a similar extent for the last 10 years Mr. Pullock Mr. Baggott, Mr. Coey of Tutacorin, all for many year; the Zemindar of Yettiapooram, the Nattacotay Chettics, several wealthy Merchants in Tinnevelly itself, Mr. Mesquitta, with Mr. Brown, Mr. Mather, and other Gentlemen besides yourself, lately come to Tinnevelly none have hitherto found it necessary to—

use

use bells and it must be obvious to you that as a public officer I am unable to make any distinction between respectable parties engaged in commercial pursuits throughout the District and that I could not afterwards fairly object to any of them setting up as they probably would, the same number of Peons you have done— large sums have long passed through the District without any guard of private Belled Peons, and I really cannot think that objection would be felt or raised by your private Peons to any Badge you like to put on them— or that native prejudice is in favor of the Bell; "except as it is likely to convey the idea and authority of Government service.—

5 I can have no wish to throw any obstacle in the way of commercial pursuits, but rather to foster and encourage

4934 Fort St. George 7th November 1844

encourage, impartially, every thing calculated to improve and develope the resources of the District, but I cannot think that a large number of private Peons is necessary to fair commercial competition and success. There are already 4 or 5 different kinds of Badges in the District; the Court, of my own the sub. Collectors, the Salook Police, all differing in the Badge, and agreeing in the Belt only - and I am quite sure that if your 12 Peons were mixed up promiscuously with any 12 of the public Government Peons, and sent into any Village in the District, not one in ten of the poorer classes (most liable to oppression or abuse of authority) would be able to make any distinction between them - the Belt over the shoulder, even though there be no Badge, being the usual and known sign of a Public Government peon - Private Belts at Madras I am aware been long in use, but they are there so well known and among so different a class of people, that they are not liable to the same abuse they might be among the Ryots of Sinnevelly who have no knowledge of any but a "Circar Belt."

4935 Fort St. George 7th November 1844

I am not aware what the late Mr. Sullock may have had in contemplation, but the subject of Belted peons was never as far as I am aware mentioned either to myself or to my predecessor - In conclusion, I really do not understand what you allude to when you speak of the discourteous comparison" drawn between yourself and other Merchants - and I must beg the favor in future of your either pointing out specially any discourtesy shewn to you, or request you to refrain from imputing such groundless and uncalled for charge against myself or any other public Officer in the District - As your letter implies your intention of referring the matter to Madras, I request in the event of your doing so, that copies of my letters may be also forwarded by you -

Sinnevelly - 6
Tencanay, 16th September 1844 } /Signed/ E. B. Thomas
Collector

To the Collector of
Sinnevelly -

Sir,

I have the honor to enclose an open letter to your address from Messrs. Line & Co. Madras which I have been directed to forward to you, having reference to your communication of the 3rd Instant, restricting the use of

of Belts and Badges worn by their peons at this place, and beg respectfully to express a hope that you will reconsider the restriction which you have imposed upon us, and sanction the use of the Belt in accordance with their wishes, so that no further reverence to the subject of the prohibition may be necessary - I beg to explain that in my letter of the 6th Instant which I had the honor to address to you on the subject, I did not mean to imply that you had any intention, in requiring me to dispense with Belted peons, other than what you thought for the good of the District, but believing that the representation made to you was at the instigation of a third party, from feelings very different from that of good to the people, I expressed myself in stronger terms than I would otherwise have done - I am fully aware that you deprecated the wearing of Belts solely with a view to the public good, but as I trust you are now satisfied that the custom is in itself harmless both in law, and practice, and essential to our business you will accede to the request of the Board and sanction their use, waiting your reply. -

I have &c.

Tuticorin
7th September 1844

/Signed/ J. Fawcus

No. 1.

To

The Collector of

Tinnevelly

Sir,

We have the honor to address you relative to a letter of date 8th September which you have addressed to Mr. Fawcus who is employed by us in screwing Cotton at Tuticorin, and in which you restrict him from allowing any of the peons in our employ to wear Belts with Badges - We have the honor to state that we authorized this providing such peons as he required with these appendages in accordance with the strict letter of the Act No. 18 of 1835, and which is in accordance with the constant practice adopted here and in other places up Country - We need scarcely say that nothing was more remote from our intention than that such Belts or Badges should be used or attempted to be used as infringing upon the privileges or duties of Government peons or with the view of assuming any undue authority, and we should be the first to bring any instance of this nature to your notice for punishment according to the terms of the Act

Fort St. George 7th November 1844.

To

Messrs. Line &c.

Madras.

Gentlemen.

I have the honor to acknowledge your letter of the 12th Instant, enclosing the copy of the Act No. XVIII of 1835, of which I was previously aware. I have never made the slightest objection to Mr. Lawse or other Gentlemen (Buckle) or Merchant in the District using Badge or "Chaprah" (sufficiently distinct from a Government one) they think proper. I do not quite take the Act as you express it, to sanction any number of "Belted peons," and I am decidedly of opinion that any Badge whether Silver or Brass if worn with a Belt as usual to all Government peons, would be certainly mistaken by the poorer classes up country, for a Government Belt. I suggested that any Badge Mr. Lawse liked, should be freely used, only not with a Belt over the shoulder, the usual sign of all public peons; Besides, Mr. Lawse, there are about 9 other Merchants and Establishments in Tinnevelly, all equally entitled to use Belts, but who have never yet adopted them - all trading largely in Cotton, and all likely to have their peons

Fort St. George 7th November 1844.

spread over the District of Tinnevelly, at the rate of +12 each, upwards of 100 in number. I explained fully to Mr. Lawse my public motives for requesting him to use a Badge on the arm, or waist, or in any other way he thought proper, instead of the usual Belt, and beg to refer you to my letter to that Gentleman of 14th Instant, which I concluded he has sent you.

+ as now required by Mr. Lawse.

2. I have only to add that I still think, notwithstanding the Act quoted by you, that official Courtesy to at least, to the constituted authorities of the District might have suggested a more courteous style than that adopted by Mr. Lawse, and some previous intimation of his intention of availing himself of the privileges of an Act never hitherto applied in Tinnevelly.

3. If you were as practically aware as myself of the evil and difficulty, liable, and likely, to result in this District from the admixture of 100 private peons with the public ones, these private ones + having been in some instances selected to my knowledge from dismissed public peons, you would exonerate me from

+ not in Mr. Lawse's.

any

any desire to put a single unnecessary obstacle in the way of your wishes, and you will be aware that my public duty forbids me to make distinction between any respectable Merchants in the province - If you do not concur in my view and still think the Belts necessary to your commercial speculations, and no other Badge practicable, I shall be happy to abide by any reference you may think it right to make to Government on the subject, tho' I cannot myself think the Belt either necessary or advisable -

I am &c

To

E. B. Thomas Esqre
Collector of
Tinnevelly

Sir,

We have the honor to acknowledge your letter of the 28th September in reply to ours sent thro' Mr. Lawrie of the 12th September relative to his being allowed to have peons in his employ with Belts and Badges. We observe that you see no objections to

Fort St. George 7th November 1844

to Badges being used, but that you consider Belts are objectionable as likely to lead to evil results in your district by peons so distinguished being liable to be mistaken for Government peons. It is possible that for a short time, but it could only be for a very limited period, private peons with Belts and Badges might be mistaken by the ignorant among the natives for those in Government employ - But with the Checks you have at command we cannot see how any abuse should follow even with such a misapprehension on the part of the natives - We are not aware &c that any such evil results as you anticipate have followed the introduction of the system in other Collectorates - but on the contrary we believe that it is attended with good to the natives themselves, and so far from the use of the Belts and Badges being likely to be employed as a means of evil, we have always found that by thus raising the native in his own estimation, and that of his own people, the result is a species of moral pride which prevents him from bringing discredit upon the Belt and &c Badge he wears, and forms a check not only upon his conduct to others, but

to

Fort St. George 7th November 1844.

to the party who employs him - We do not believe that Mr. Lawse's peons have the slightest desire to pass themselves off as in Government employ, or to impress that feeling upon others - All Natives, however, are fond of what they consider ornaments, and the Belt they look upon as of as much consequence as the Badges - It is clear from the Act No. 18 of 1835 that there is no restriction on the use of the Badges by private peons - and we are not aware of any Regulation of Government which prohibits the use of Belts, and we believe this is the reason why no reference is made to Belts in the act in question namely that never having been prohibited it was unnecessary to give permission for their use, however, not having all the Acts of Government before us to refer to, we may be wrong in this, but Belts and Badges being allowed &c by Government at the Presidency and in other Collectorates, we cannot think there can be any regulation which prohibits the use either of one or the other -

With respect to what &c you consider want of courtesy on &c the part of Mr. Lawse in not having intimated his intention of employing

Belts

Page 6 — Fort St George 7th November 1844

Letter from to you before last &c we are sorry that any feeling of this kind should have arisen for we &c believe we may safely say that he had no idea of shewing any want of Courtesy to you and that as soon as it occurred to him he wrote you on the subject.

We have no wish to refer the matter to Government as we believe similar questions have been before them on former occasions and the result has been the granting of permission for private peons to wear both belts and Badges.

From

To
E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

From the Collector of Tinnevelly—
Reporting on the general state and means of the Weavers in this District.

Sir

Para 1

In reply to your letter of 1st July last, calling on me to submit a Report on the general state and means of the Weavers in this District, shewing the extent and profits of their present trade as compared with that of former years, and the measures which may most properly be adopted for its improvement, I have the honor to forward the following information.—

80

2 That their present condition is a depressed one there cannot be a doubt— From statement A it will be seen that many looms paying high tax, have gone out of employ since Fasly 1254, to the number of about 500 in some, and more in other years, and that the Body is on the decline since Fasly 1254- I have made every practicable enquiry

Fort St. George 7th November 184

enquiry cautiously as suggested in your letter and the only general conclusion I can arrive at, is, that the manufactures and loom of the Country are now undersold by the Machine and cloths of England. these are now so abundant as to overstock the Market, and yet underseel the native manufactures. the result I conclude of the powerful Machinery abundant of raw Material sent home, and facility and economy of shipment, in the Mother Country.—

3

The European Cloths come out are not I believe quite so strong or lasting as those made from the hand looms in India, but they are good enough for the purpose—better looking and cheap; and it is a fact worthy of remark that I find many of the common people and others of low rank in the District wearing European long Cloth, not from extravagance or motives of ostentation but economy I believe the above to be the chief cause of the deterioration, other causes may have co-operated—the weaving fraternity may have also reduced their means of

Fort St. George 7th November 1844

subsistence, and the bar and trammels of caste in this country prevent a man, born a Weaver, from turning his talents and industry to agriculture or any other new or more favourable channel—Travancore and Malabar which used to take a good many cloths from Tinnevelly now take fewer, using as the people here, the long cloths of England so largely imported from Bombay to this and the Western Coast.—

In July 1226 Mr. Cotton Collector of Tinnevelly, recommended to the Board that the tax on looms should be abolished, as no tax was levied on looms in Zemindary and Cutgottah Villages, nor on the looms of the Commercial Factory the number of looms for which tax was then levied was 2146, to which the number of looms which were exempted from the payment of tax on the plea of their belonging to the Commercial Factory (or 5844) being added, the aggregate amount to 7990 looms. The looms which were improving from July 12

to

Fort St. George 7th November 184

to 1247 have been on the decline. since as will be seen on reference to the following statement.—

A

Finshy	No. of Coast	Amount Paid
		Rs.
1247	15,584.	16911
1248	14,938	13671
1249	14362	11631
1250	14,813	13511

"	1842/43.	33,940.	5.	12½
"	1843/44.	22,168.	1	"

From the statement in the Margin it will be seen that the exportation of Cotton has been increasing from 1833/34— Most of the Weavers of this District are poor, living merely from hand to mouth—

6

The following statement shews the different classes of Weavers in Tinnevelly, the number of Looms employed by them, and the revenue derived therefrom in Fasly 1853.

Particulars of the different Castes of Weavers in Tinnevelly.—

No.	Name of the Caste	No. of Looms	Average tax on each Loom.	Total Pardy	
1	Pattonool Kavers	633	1 10 6	1049	8 9
2	Kykalers	2503	4 4 2	10670	6 11
3	Yeloovars	2160	2 3 1	4731	8 7
4	Lubbies	4830	3 5 11	16293	4 4
5	Pattakasaliers	905	3 9 11	3278	11 8
6	Saiders	679	1 9 9	1092	7 10
7	Pallers, Pariahs & other low Castes.	2831	1 13 3	5175	18 7
	Total	14,541	" "	42291	138

14955 Fort St. George 7th November 1844

Of the abovementioned, those in No. 1 weave some valuable "Mundoos," or Cloths for the consumption of Travancore, and also Piece goods of good quality; these sell well, and the class is consequently best off among the Weavers—

Many of those in Nos. 2, 3, & 4 are very poor, and gain their livelihood with much hardship, and weave only coarse Cloth— Those in Nos. 5 and 6 are few, but better off than 2-3-4; wearing good Cloths and finding a sale, the rest are in a very depressed State.—

The persons in No. 7, who are of low Caste, Pallers, Pariahs Shanars, Barbers, &c. Weave Cloths of less value; they are not regular weavers by profession— Their Cloths are not fine, and there are not many who purchase them.—

7

The only remedy I can suggest would be the abolition of the loom tax, and in fact of the Motursha altogether— The liberality of Government has relieved the country from the oppression and annoyances of the Inland Sayer tax, and I think the Motursha might widely and safely follow it: and if it is asked whence

14956 Fort St. George 7th November 1844

whence the deficiency is to be supplied, —
I would, with all deference, suggest the "Vesabady"
or tax on income and the profits of trade,
somewhat answering to the income tax at
present in force at Home. It would
I think work as well in India as in England
with a similar fair limitation or Minimum
below which the tax would not
a tax would fall mainly on those best
able to bear it, and on many who —
have chiefly benefitted by the aboli-
tion of the Sayer. the large —
Merchants and Traders who —
now nearly escape taxation though
best able to bear it. —

Sir

In the notification of Gover-
ment dated 27th and published in the
Official Gazette of the 28th June last
appears to have given rise to some mis-
conception, and induced Gentlemen to
obtain supplies of Sugar from Mysore
under a conviction that the article was
admissible into the Company's Territo-
ries" free of duty" thereby subjecting
themselves to great inconvenience, as the
supplies had to be detained at Trippacad
(the Mysore Frontier enroute to Calicut
until the duty to which they were liable
had been paid. I have the honor to sug-
gest, that with the Board's approval, the
instructions of Government as contained
in your letter dated 8th August last, be
made generally known by a notification in

7th November 1844

ted but actually incurred in the Revenue Depart-
1252 in the Zillah of Canara

Explanation of the D

Collector.

With reference to the Pro-
clamation of Government under date
27th June 1844 regarding the admission
of Mysore sugar into the provinces of this
Presidency, it is hereby notified for
general information that such Sugar
is subject on importation from the
Mysore territories to the 3/p per Cent
Frontier duty prescribed in schedule
A of Act VI of 1844.

Ordered that the above mentioned letter and the previous correspondence on the subject be submitted with the following address.—

89

To the Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to submit the accompanying correspondence with the Register of Government Grants having reference to the orders of Government under date 16th April last. The Most Noble the Governor in Council required that more explicit information should be furnished why the claim of Mr Ryan to a piece of land about one Cawney at

To the Chief Secretary to Government

Submitting with reference to the orders of Government dated 16th April last a correspondence with the Register of Government Grants on the subject of the piece of land at the foot of Elk Hill on the Neilgherries the right to the occupation of which is claimed by Mr Norton and Mr Ryan and stating that it rests with Government to determine who shall be allowed to have a lease of it.

Inbound 22nd April 1844

To Register Govt. Grants 22nd April 1844
From 16th August inbound 22 Do

To Ext. Proceedings 22nd Do "
From 21st October Do inbound 31st Do

the foot of Elk Hill on the Neilgerries was not given in writing as well as Mr Norton, and whether the Collector had been vested with the discretionary power referred to in a document dated 1st July 1842 in which he gave a decision in favor of Mr Norton's claim.

Mr Ryan complains

2

of having been deprived and ejected from the above spot of Ground. He appears to have made an indefinite and general application first in the year 1840 for all unoccupied land within a very considerable area on the vicinity of Elk Hill which Mr Conolly declined at the time to comply with, in regard to the Spot in question and finally on a further application being made in 1842 refused to allow Mr Ryan to enclose it on the grounds that his doing so would interfere with the rights of others.

From Pt. Collr. Coimbatore to Regr. of Govt. Grants 15th October 1844

From the Collr. of Malabar 19th April inbound 12th May 1842
To Do 12th May "

Mr Norton approved Mr

3

Ryan's claim on the grounds that the spot formed the natural inlet to Elk Hill

wood

wood of which he has the consideration
and was part of his property or
property then in his charge, which
has since become his and he now
desires to have it included as such
in the consolidated grant which he is
seeking with the several separate par-
cels of land, which have been from
the first and for many years either
in the occupation of himself or the
previous authorized owners from
whom the lands have been regular-
ly conveyed to him.

4 It appears that the
boundaries of Mr. Norton's property
had not up to the time of Mr. Ryans
application been surveyed and
accurately defined; but whatever
doubt might arise from that cause
the spot in question it will be
observed is stated never to have been
in the possession or occupation of
Mr. Ryan and he has no land
adjoining

Mr Conolly's Decision 5th July 1842

adjoining it-

5 It does not appear
that the Collector of Malabar
was ever invested with special
authority to decide to
whom land should be
given on the Neelgherries
when there were two rival
claimants, Mr. Conolly
states that he gave the
spot in question to Mr.
Norton under his general
discretion as Collector but

as

14965 Fort St. George 7th November 1844.

as the terms on which lands shall be held at Ootacamund require the sanction of Government to be given for the issue of any lease for the same it rests with Govt to determine who shall be allowed to have a lease of the spot or right to the occupation and which is claimed by both W. Norton and Mr Ryan.

Fort St. George 7th November 1844.

No 526.

103

To The Chief Secretary to
Government.

Sir,

To the Chief Secretary to Government - - - - - -

Submitting a Petition from Chendryah Mecrafdy Curnom of Coodeyangee Village in Vellore Talook complaining that a Jodee on his Curnum Enam land has been ordered to be collected from him to which it is not liable with the report of the Acting Collector of North Arcot thereon & recommending for sundry reasons that authority be granted to withdraw the demand for Jodee & to write off the arrears outstanding on this account.

Inclt 18 Pagodas
Dated 12 Oct 1844

I am directed by the Board of Revenue to forward for submission to the Most noble the Governor in Council the accompanying Petition from Chendryah Mecrafdy Curnom of Coodeyangee Village in Vellore Talook, together with the Report of the Acting Collector of North Arcot thereon of date the 22d February last.

2 Petitioner complains that a Jodee on his Curnum Enam land has been ordered to be collected from him to which it is not liable - His Village was formerly in the Salem District, it was then transferred to South Arcot, and in Fusly 1218 to North Arcot.—

3 Upon information given by one Shaik Hussain a former Renter of the Village that the Village was subject to a Jodee of 18 Pagodas, the Principal Collector of North Arcot entered into an inquiry, and in 1832 ordered that amount to be thenceforth collected on Petitioner's land but it has never been realized though annually demanded and stands as a balance against the Petitioner.—

A.

14972-

Fort St. George 7th November 1844.

B. Abstract Statement showing the Number of Persons charged with offences before the Collectors under the provisions of Regulation IX of 1822 and the number of Appeals from their decisions during the half year of 1844.

For what heard.	Number of cases tried under the provisions of Regulation IX of 1822.	Number of Appeals from the decisions of their Collectors in Appeals.	Remarks.
Decisions declaring those Affirmed and reversed in Appeal.	225	Number affirmed on the 30th June 1844.	Pending for consideration

Fort St. George 7th November 1844.

(Signed) C. C. Lewis.
Secretary.

14974 Fort St. George 7th November 1844.

4 A Jodee of 18 Pagodas appears to have been levied on the Village in the Nabob's time when the Assessment was 41 -- 12 .. 15 leaving a surplus of 23 .. 12 .. 15 but by the Government Survey the Assessment on the cultivable portion of this land has been fixed at Pagodas. 23 . 35 . 52 . out of which it would not be equitable to levy so large a quit rent as that now entered in the Accounts.

5 Under the circumstances represented by the late Acting Collector the Board beg to recommend that Authority be granted to the Collector of North Arcot to withdraw the demand for Jodee and to write off the arrears outstanding on this account.—

To

E. C. Lovell Esqre

Acting Secretary to the Board of Revenue

Fort St. George.

From Mr. J. Blackburne, Collr. of Madura, Para 1.

Submitting correspondence with the

Sir,

At the desire of Mr. Elliot the Sub Collector, I have the honor to submit for

Fort St. George 7th November 1844.

the sub collector at that Gentlemans request regarding the restoration of Dhoondoo Rao Tahsildar of Iyempully to his Office.

the correspondence noted in the Margin.

Tamil Memorandum to Joint Magistrate dated 27th August 1844.
Letter to Sub Coll.r 5th Oct.r "
Do. from Do. 10th Do. "
Do. to Do. 14th Do. "
Do. from Do. 17th Do. "

The case of Trimul Boyen alluded to in para. 2 of letter of 17th Instant, had commencement in September or October 1843, and the long protracted unsatisfactory correspondence regarding it extended to the 23rd August last, and is part in Tamil, part in English. If the Board wish to see it, I hope they will direct the Sub Collector and Joint Magistrate to prepare it for them from commencement to the end.

decision 24th March 1844 forwarded.

3.

In respect to his allusion of the 6th para against Audia Pillay. I have the honor to inform you that whilst Tasildar of Iyempully, in the Sub Division, he was falsely and maliciously accused of beating a Thoti and thereby causing his death. The Charge was made to Mr. Elliot as Joint Magistrate on the 8th February as having occurred in October or November 1841, but the Complaint had not been earlier made, as was pretended, by listening to the Tasildar's promise to give 100 Rupees for its being with-held. The Joint Magistrate took evidence from 7 Witnesses that day and on the 12th called on the Tasildar for answer, which

A.D. 1842

was

Fort St. George 7th November 1844.

was indignantly given in utter denial on the same day. On the 22nd the Joint Magistrate sent the proceedings and asked my opinion of the matter. On the 26th I answered that the case had been investigated by himself and he must use his own judgment, and I would consider it if any appeal was made. On the 1st March Mr. Elliot took charge of the Zillah Court as Acting Judge, and Mr. Owen took charge of the Sub Division, acting for Mr. Elliot. After verbal communication with Mr. Owen I acquiesced in his personally taking the answer of Andia Pillay to the charge and forwarding the case to the Court; not as believing there was the slightest truth in it, but to relieve him from the vexation of false complaints effectually. and this was the more necessary as he was indirectly attacked by others in various ways through the magistracy and because he appeared to have excited Mr. Elliot's distrust to so great a degree.

4

Sent up by Mr. Owen to the Criminal Court for Homicide on the 24th March

Fort St. George 7th November 1844.

March, he was committed by Mr. Acting Judge Elliot for "Murder" on the 8th April 1842 released on bail by that Gentleman on the 18th Idem, I immediatlty sent him back to resume his duty in Tyempully. On the death of Jevan Rao, Tasildar of the higher paid Talook of Shiroomungalum, in my division, he was promoted, on the 16th May, to it. and in his place was appointed Bhoondoo Rao, veny long the Moozendar of Madacolum, and the man regarding whom the present correspondence is laid before the Board.

On the 7th July Mr. Elliot was relieved from the Zillah Court. and about the 12th August (documents not at hand) Andia pillay, tried and acquitted by the Circuit Court resumed his duty in Shirromungalum.

My constant experience of

5

Mr. Elliot's procrastination on all points, and his procrastination in the present case to afford me any particulars against Bhoondoo Rao, make me unwilling to cancel my order for his restoration, which I believe I would willingly have done at the desire of any other Sub Collector.

The Board are aware of the pains I took to obtain a monthly return of all unanswered communications

Fort St. George 7th November 1844.

was indignantly given in utter denial on the same day. On the 22nd the Joint Magistrate sent the proceedings and asked my opinion of the matter. On the 26th I answered that the case had been investigated by himself and he must use his own judgment, and I would consider it if any appeal was made. On the 1st March Mr. Elliot took charge of the Zillah Court as Acting Judge, and Mr. Owen took charge of the Sub Division, acting for Mr. Elliot. No. 1.

Translate of a Tamil Memorandum

To Mr. Elliot Esqr.

Joint Magistrate - Dindigul -

In your Tamil Memorandum of the
23rd Instant you required my opinion whether
Dhondoo Rao, Tahsildar of Tyempully, should
be punished or removed from Office as unworthy of
confidence for having received bribes, and for
malversation in Office, as clearly proved by
witnesses in the matter of complaint preferred
against him by Poosary Trimul Boyen.

In the Tamil Memorandum of
the 9th sent in reply to yours of the 5th Ja-
nuary last, forwarding the proceedings in the
above case, I returned them stating my opinion
differred from yours.

Moreover in the Copy
furnished

Fort St. George 7th November 1844.

furnished me of your decision in English
of the 21st March it is stated, that as I
could not agree in your finding the case was
thrown out.

Whilst the case stood thus
your soliciting my opinion on it again was unne-
-cessary.

Consequently if there is no other
case, save this one, against the said Tasildar Dhon-
-doo Rao, you will restore him to Office, and issue
all his arrears of pay - your decision in the case of
Trimul Boyen is not in accordance with the Regulation.

/Signed/ J. Blackburne
Magistrate.

To M. Elliot Esqr.
Sub Collector of Madura
Dindigul

I have the honor to remind
you Dhondoo Rao, Tahsildar of Tyempully, was released
by the Subordinate Court on the 25th July from the Charge
of Murder, on which you had sent him there.

On the 27th August I addressed
a Tamil Memorandum to you in my Capacity of
Magistrate desiring his immediate restoration to Office,
with all accumulated pay during his suspension, if
you

Fort St. George 7th November 1844

you had no other charge against him than one of corruption in the case of Tirimul Bhoyen, which case gave rise to the Memorandum in which I informed you of my wishes.

3. I beg now to repeat them, and if you have other cases against him, or are otherwise unwilling to re-employ him, I request your reasons may be sufficiently in detail for submission to higher authority.

4 And at the same time I request you will be so good as to explain why you would neither attend to my wishes as expressed on the above 27th August, or afford me any reply.

I Signed J. Blackburne.

Principal Collr.

To The Principal Collector

of Madura.

Sir,

I have the honor to acknowledge the receipt of your letter dated 5th Instant, requesting explanation of the causes of the non restoration of the Tyempilly Tahsildar Dond Row and why your wishes were not attended to, and in reply beg to express my regret if any immediate answer was required to your Memorandum as Magistrate of the 27th of August last. The restoration or otherwise of Dond Row appeared to depend

on

Fort St. George 7th November 1844

on there being no other case against him, but as there were several, it did not appear to me that any reply was urgently required, should it be your wish now to restore Dond Row to his situation, I shall immediately do so, but take this opportunity of mentioning briefly the causes which have attended to keep him from employ.

The case of bribery in the matter of Tirimal Boyen is, as far as the evidence can make it, complete, and were it the only case or suspicion, I would gladly see him released with a suitable admonition. But his conduct in the case of violent death for which he was with others forwarded to the Criminal Court, and his neglecting to see the body altho residing close to the spot, with other matters, induces me to consider him fully capable of the above act of corruption.

To shew the indolence of the

3

Tahsildar and his ignorance of the manner in which the business in his own Office is conducted, I would beg to refer to his statement that

+2 the issue of blank warrants by him, in cases forwarded to the Criminal Court was a common practice, but was obliged to refer me to the Police Boysem of the Taloor Cutcherry for a single instance

14980 Fort St. George 7th November 1844.

persons were either suspended or dismissed from office during the month of September last.—

From the Collector of Vizagapatam } Salt account Current

128 for the quarter ending 30th September 1844.—
