13. A Statement of the extent and Survey assessment of each description of Land Cultivated and left waste.-

B Detailed Statement of the Survey assessment of each description of Land, and the remission allowed for.-

14. Statement of average prices of Grain.-

15. Statement of the particulars of Seerva Cummi-

2. Previous to my appointment Mr Ashton the late Principal Collector of this District superintended the Settlement of Zummeelmudgoo, Doovoor, Coileeconda, Chenneor, Canalapoor, Goorrumcondah Muddenpully and Poolevendla Talooks.-

3. In the three Talooks forming the Sub Division Viz. Cumbum Doopaud, and Buttwail Talooks the settlement was conducted by Mr Knox the Acting Sub Collector and the Settlement of the three remaining Talooks in the Principal Division Viz. Chetwail, Sidhout and Roychoty was entrusted to Mr Magne the Head Assistant.-

4. The season was on the whole more favorable

favorable than the preceeding one. In some places rain fell in fair quantities in the months of June and July while in others only from ¼ to ½ of a full fall which enabled the ryots in some Talooks in the Southern part of the District Viz. Goorroomcondah, Muddenpully, Roychoty &c. to sow the red and mixed lands.- Owing to the failure of rain in the Month of August the crops were endangered, but however the fall of rain in September and October throughout the District not only proved useful to the above crops but also enabled Ryots in other parts to sow the black, red and mixed lands. By this rain the Tanks &c. received supplies of water from ¼ to ¾ which enabled the ryots to cultivate the wet lands.- In November there was no rain which was of disadvantage to the crops on dry lands.- but the fall of rain in the Month of December was not only favorable to the said crop but also to the Cultivation of the Visaikha or Principal wet crop.-

5. From the above remarks it will be observed that although a greater quantity of rain fell last Fusly than in the preceeding one, it was not altogether so seasonable

seasonable as could have been wished.—
It is also to be noticed that the large Cumbum Tank having received hardly any water at all and several large Tanks in other Talooks having received but a scanty supply, there was a consequent decrease of revenue in those Talooks, but particularly in the Cumbum Taluk...

6— The Chitta Sonnah crops were endangered owing to failure of rain in November, but by the supply thereof in December a full crop was obtained in some places—while in many others from ¼ to ¾ of a full harvest. By the above rain Cotton, Horsegram, Bundoolee, Samp Oil seeds, Bengal gram &c. produced to the full extent in some localities, but in others from ¼ to ¾ in consequence of blight &c.—

7— The car corn consisting of Ragee, Sujja &c. and the pulse Tzy Horsegram, Oilplants, Bolt, &c. Cultivated both in red and mixed lands yielded fully in some places, and in others from ¼ to ¾ owing to the deficiency of rain—

8— In the lands dependant on the Tanks, Channels and wells Vysaikum crop generally yielded

yielded in full, but in some instances, Paddy Sonna &c. Crops suffered from want of water, and from blight, and produced ¾ ½ & ¼ of their full harvest. Lands which had been Cultivated in Coelicontta and 5 other Talooks in anticipation of a further supply of water to the Tanks &c. failed considerably from want of water in them, and there being no other means of irrigation - and remission to the amount of Rupees 553-9-8- was made on account of Bondoo or dried up Crops...

9— Cholera prevailed in this District at the commencement of the Fusly and it is estimated that about People 6000 fell victims to that complaint, in the months of July August and beginning of September, when it decreased and subsequently the season continued to be a remarkable healthy one...

10— The mortality amongst the Cattle and sheep was considerable in some of the Talooks, particularly in Goreumcondah Ruddenpully &c...

11— The following Statement exhibits the price of each description of grain during the last 5 years with a Comparison between the last and the preceding Fusly-

Fort St. George 11th November 1814.

12. With the exception of Dholl and Bengal Gram it will be observed that the progressive depression of the prices of all kinds of Grain still continues which bears very hard on the Cultivators more particularly in those Talooks, where the produce is in a great measure limited to grain.

13. The following Statement shews the extent and description of Land which the Ryots agreed to Cultivate at the beginning of the Season with the assessment thereon.

14. From the above Statement it will be observed that in Comparing the past with the preceding Fusly there was an increase in the lands agreed for to the amount of Rupees 1703-5-8- under the Head of Seerwajasty or additional assessment on dry land converted into wet by means of Circar Water and Fusljasty or the additional assessment on one crop land which has been Cultivated with 2 Crops, and a decrease to the amount of Rupees 1167-4-10- in the assessment of the following four Species of land Viz.t dry, Garden, wet, and Poonasah- The decrease under the latter head arises from the following causes-

15. In consequence of the low price of Grain for the last 2 or 3 years- many ryots who agreed to take up lands at the Commencement were unable to make good the Circar Rent due by them by the sale of their produce, or even of their own property, and were reduced to such poverty that some left their villages,- while others abandoned their Cultivation either wholly or in part, and although a portion of those Lands were subsequently distributed to such other ryots as were-

willing to take them, yet the remainder was unassessedly left waste- In some places also upon complaints preferred by Ryots certain Pottah lands which were unfit for Cultivation, and those washed away by inundation were excluded from the ensuing Cowlaway.

16. The decrease in the assessment of Nullah Lands agreed for, while there is an increase in the extent of the said land, is more apparent than real. The decrease of assessment is the amount of Fusljasty on certain very highly assessed lands entered in the accounts as one crop in the Ramalapoor Chittail for Talooks which was formerly entered in the accounts as agreed for, and subsequently remitted annually and which has now been struck out with reference to the Board's Proceedings of 13th February 1813-

17. In the mixed dry lands there is a decrease of Acres 358, and in the assessment of the same of Rupees 2585-12-5 from which it might be supposed that the ryots had been allowed to throw up heavily assessed lands retaining only those more lightly assessed and it is necessary therefore to explain that such has not been individually the case, and that the above result is in consequence of heavily assessed lands being thrown up in some Talooks from the depressed circumstances of the ryots forcing them to abandon the whole or part of their Pottahs while in the more favored southern Talooks a good deal of new and very lightly assessed land has been taken up-

18. The following Statement exhibits the extent and assessment of the land actually Cultivated in the Fusly under review compared with the preceding year- Fusly-

From-

Fort St. George 11th November 1844.

19. From the above Statement it will be observed that there is an increase of Rupees 50285—11—1 in wet land Cultivation as well as in Fasul. jasty and Seerajasty, owing to the fall of seasonable rain.—

20. The decrease of Rupees 12483—6—3 in the dry and Bagayet Cultivation arises, as I have already explained, from the abandonment of the Cultivation by the ryots in consequence of their reduced Circumstances, and from the deficiency of seasonable rain.—

21. With respect to the increase in in the extent of dry and mixed lands as well as those dependant on Channels, and to the decrease in the assessment, the same explanation as given for the land taken up for Cultivation, is applicable.—

22. The subjoined Statement exhibits the remission granted in the past compared with the preceeding Fusly.—

The

23. The decrease of remission under the head of Cabooliaty Bunjer and loss of produce in the last compared with the preceeding Fusly is owing to the supply of a fair quantity of rain which filled the Tanks and Ponds, and the increase under the heads of established and Customary remissions is attributable to the same cause, and to the greater quantity of land Cultivated in this Fusly.—

24. The decrease under the head of Bunjer Cowle is owing to the expiration of the leases granted to the Ryots in some Talooks, and for the decrease under the head of Seerva Cummi or reductions of assessment, the same explanation is applicable as given in Para 16, regarding lands agreed for Cultivation.—

25. There is also a decrease of remission under the head of Poinboodty, or Land which had been overflooded with water and the Crop thereby destroyed, in consequence of a greater portion of land in the beds of some of the Tanks having been left waste.—

26. The following Statement exhibits the gross assessment, the different remissions, and the net Berij for Fusly 1253 F.S. in Comparison with the preceding year.

The

27 The decrease under the head of Tanahy. jaetie is owing to the settlement of the Royehaty. Sidhout and Budwail Talooks having been made at a later period in the last Fusly than the preceding one, and consequently the greater part of the cultivation discovered by measurement in these Talooks being included in the Jummabundy

28 The large increase in waste land (paying tax is in consequence of the Ryots in some of the Talooks being upon enquiry proved to have neglected to cultivate the less profitable part of the land taken up by them at the beginning and confined themselves to the better and more profitable fields and because they, without cause, left waste the land dependant on tanks, wells &c. though they had sufficient water in them to carry on the cultivation. Under these circumstances they have not been considered entitled to remission and have been held responsible for waste left by them to the extent which has been shewn in the above Statement.

29 The increase on land sown in quit rent, Enamaly Jeemajady and Enamaly Jufferish arises from the improved cultivation under these heads respectively.

30 The subjoined Statement exhibits the Berij of each Talook in the past compared with the preceding Fusly.

In the Statement hitherto sent to the Board it was usual to enter only the assessment on the whole extent of land, but the Statements now submitted are prepared in a more detailed manner exhibiting the extent and description of Circar and Enam land cultivated in each Taluck, from which it will be seen that the percentage of Enam cultivation exceeds that of the whole extent of Circar land cultivated in the rates of Rupees 51-8-2 to 74-11-8 Or as per

38 There was an increase in the Berij in all the Items alluded to in the above Statement with the exception of the Sayer and Stamps in the past compared with the preceding Fusly- The

Fort St. George 11th November 1844

39 The Decrease in the Sayer and Stamps is owing to the abolition of the inland and transit duties on the 31st March last. in conformity with the provisions of Act VI of 1844-

40 The Demand Collection and Balance of Land Revenue of the District of Cuddapah for Fusly 1253 / A.D. 1843/44 is as follows-

Demand	20,52,052-4-4
Collection within the Fusly	20,17,307-5-1
Balance at the close of Do	34,654-11-3
Collections up to the present time	31,872-0-3
Remaining balance	2,782-11-0

41 Of the above outstanding balance only one third is considered recoverable, and the remainder irrecoverable- the particulars of which will be detailed in due course at the proper time- It may however be as well to mention that a considerable portion or about ⅓ of it consists of disputed and objectionable charges-

42 The following Statement exhibits the details of the arrears outstanding in this District from Fusly 1248 / A.D. 1838/39 to the close of Fusly 1252 / A.D. 1842/43 and the Collections therefrom- Fusles

From the respective Collectors

Sir

I have the honor to transmit a Statement of the Balance of Fusly 1252 (A.D. 1842/43) the amount of Collections in Fusly 1253 (A.D. 1843/44) and the Remissions recommended for the whole amount, and the Balance remaining to be realized on the accounts, and I have to request that you will lay the same before the Board of Revenue.

2. I am sorry to say that the Collections of Fusly 1253 (A.D. 1843/44) have been very unsatisfactory, the Balance of Fusly 1252 (A.D. 1842/43) amounting to Rupees 33,189-10-11 and the Collections of the year to Rupees 32,158-8-2 only, leaving a Balance of Rupees 1,331-2-9 to be realized from the preceding Fusly.

3. The Remissions recommended for the whole amount of Rupees 12,137-2-3 have been sanctioned by the Board of Revenue (Proceedings dated 18th April 1844) and I have to request that you will be pleased to cause the Balance of Fusly 1251 (A.D. 1841/42) amounting to Rupees 2,472-14-" to be realized from the Collectors of Tanjore and Trichinopoly.

4. I have the honor to be Sir

Your most obedient Servant

Sir

I have the honor to submit the Balance Statement of Fusly 1253 the amount of Fusly 1218 to 1251 (Old 1838 to 1841/42) Pagodas 3101-7-2 was recommended for Remission under the authority of Government, and the remainder of the Balance has been retained for collection for Fusly 1253 the sum of Rupees 12137-2-3 (Old 1841/42)

Leaving been recommended for remission, leaving a balance was received for the whole amount remission (2 annas, 3 pice) exceeding the fraction (2 annas, 3 pice) which will remain unaccounted-

The amount of outstanding Balance of Fusly 1251 carried on to Balance sheet to the end of Fusly 1253 headed "Irrecoverable" the last depot under the head which the amount is Rupees 941-13-2 By which the amount of Rupees 932-5-0 was subsequently realized under fifteen heads leaving a balance of Rupees 9-8 belonging to Government of which balance is considered irrecoverable

To Fusly 1251 (Old 1841/42) which is carried forward-

The Reddies of Mangalore for the following reasons-

1st The Pottamdahs Talook Accounts are certainly much in arrear- no certain return can be made of Government Lands for Fusly 1252 the date of their forfeiture

was realized by the date of their forfeiture 1252 was realized by the date of their forfeiture 45-12-8 which we consider a balance of Rupees 45-12-8 which we consider irrecoverable-

2 Parents unrecovered unliquidated-

The

16. The remaining sum of Rupees 23-11-0 consists of Teervajasly fixed upon certain land in the Village of Commiuddy in the Cama. Sapoor Talook upon the receipt of a report that a new Well was dug up by a ryal in Poramboke land not included in his Puttah, but upon subsequent complaint preferred by the said ryal, the Tahsildar of that Talook reported as the result of the measurement he was ordered to make, that the said Well is really situated within the Ryots dry land entered in his Puttah. He is therefore entitled to remission of the above erroneous charge.

17. Of the outstanding balance for Fusly 1252 / 1842/43 the sum considered recoverable is Rupees 17 a. 3 and the remaining sum of Rupees 1392-0-11 is considered desperate which added to the aforementioned sum of Rupees 69-7-8. and the fraction of 2 Annas and 3 Pice abovementioned makes a total of Rupees 1362-0-10. which I solicit permission to strike out of the accounts. With respect to this balance a separate detailed Statement is transmitted.

18. The new Wells of this District have

have for some years been the subject of much correspondence which has ended in the approval by the Board of Revenue and Government of certain Rules drawn up by the late Acting Principal Collector Mr. Arbuthnot, which are undoubtedly most expedient and well suited to the circumstances of this District and I think that the fairness and propriety of them is fully admitted and assented to by the people. There is however one omission in them to which with reference to Para. 12 of the Extract of the Board's Proceedings dated 12th September 1842 in the which attention of Collector is directed to enforce the provisions of the Cowl granted by Sir Thomas Munro it seems proper I should advert.

19. The order of Sir Thomas Munro allows to ryots who extend their usual cultivation the privilege of digging wells in the dry lands and irrigating them without additional assessment and it certainly was not intended to extend that boon to Merchants and others persons of Capital who having no other usual cultivation might

might take up a tract of dry land for the purpose of digging new wells as a speculation, such an abuse of the order in question appears to me to require counteraction fully more than where a ryal derives undue advantage from an undulgence which to a certain extent, he is considered deserving of, inasmuch as the other has no claim to it at all.

50 The rules alluded to neither prohibit the practice nor provide for its counteraction, and I therefore propose with the sanction of the Board to introduce in the approaching settlement, the practice which was introduced many years ago in Bellary by the late Mr Robertson Viz to make it indispensible, to entitle an individual to the indulgence of irrigating dry land from new wells without encreas assessment, that he should hold other lands to the extent of 6 Pagodas or Khan or Rupees 20 Net assessment. It is true that this rule might be evaded by leaving the new well land entered in the Puttah of some one else, but I do not think such would be the case to any great

great extent as the people are generally very jealous of having their Land in another man's name which in the case of a quarrel and litigation might give him a prima facie right to it, and it is only a very near relation who would be trusted, when for any special reason the practice is resorted to, and at any rate the possibility of evading a rule is no reason for leaving an abuse untouched altogether.

51 I have the honor to forward the report of the Acting Sub Collector, which appears to call for no special remark from me, further than to state that I am not disposed to concur with him as to the expediency of his proposal of making a general revision of the Jodee on Service Enams in the Budwail Talook.

Cuddapah Coll[r]s Office 31st October 1844.

Acting Principal Collector

Sir,

The accounts for the past fusly having been forwarded to your Office I have now the honor to submit my report on the Settlement of the Sub Division for fusly 1253 the Jamabundy of which began in December and was finished in April.—

1. Statement shewing the Circar and Shotriem Sodee &c. Villages in the Sub Division for fusly 1253.

	Villages.	Hamlets	Total.
Circar Villages	499	506	1005
Inam Shotriem	80	27	107
Total	579	533	1112
Cayem Sodee Villages	7	30	37
Surva Enam Do.	4	"	4
Total	580	563	1153

Statement No. 1 shows the number of Villages & their hamlets settled in the fusly under review, these together with the Serva Enam Villages and those on which Sodee is fixed amount in all to 1153, being one less than last year, as two Villages Conidicoorva and Salavam pully, in which some small plots of Ground were cultivated by the Chensoorwallahs, were deserted by them and one Chennoopolem, entered as beCheragh in the former year, was brought under cultivation thus leaving

leaving 18 Villages and 5 hamlets deserted on which no Cist is levied.—

Beginning in May there were partial falls of rain in every Month except November till February—these showers enabled the ryots generally to get three quarter Crops off the Bagayet and Coorkey lands—The storm which in May did so much damage in Guntoor and to the North, here caused no loss of life and except in Cattle, but little of property. same tanks in Doopaud were burst by the floods it brought down but others again were filled, and generally the ryots were enabled by it to commence their Cultivation early in the season, the wet Crops were greatly benefitted by the rains in September and October and this they were not sufficient to allow all the wet land to be cultivated yet what was, gave a full crop. There was a heavy fall in December which brought some water into the Pomiamillah tanks and benifitted the Pyra jonna and late Crops, but it was too late in the season to do any great good, while it discouraged much Cotton & other Crops then just arriving at maturity

In

Statement Shewing the water received in the tanks in the Sub Division for fusly 1253.—

No	Talooks.	whole tanks	Water received- full	3/4	1/2	above 1/4	under 1/4	Supply in cottahs
1	Cumbum	69	10	5	15	9	8	12
2	Doopaud	71	14	6	14	19	11	7
3	Budwail	130	66	23	15	3	6	17
	Total	270	90	34	44	41	25	36

In the margin is noted the number of tanks in the Sub Division and the quantity of water they received of the three large tanks Cumbum had only 3/8 of its usual quantum of which nearly half was the remains of last years supply Pormamittah had 1/16 and Budwail 5/8.—

Statement Shewing prices of grain in the Sub Division for fusly 1252 & 53 per Garce

Grains.	Fusly 1252.			Fusly 1253.		
1 Sort Paddy per garce	83	8	6	84	10	9
2 Do Do Do	75	1	8	77	12	2
Jonnaloo Do	77	12	10	76	15	3
Raghee Do	72	12	9	71	2	10
Kyjalo Do	75	12	8	74	14	8
Arkaloo Do	55	10	"	52	6	4
Wheat Do	175	12	6	183	"	10
Bengal gram Do	181	5	8	195	1	5

The price of grain has varied but little, Bengal gram alone shows any great improvement, Paddy rose a little above last years price but in all other grains there was a fall.—

This yearly deterioration in the value of their crops has greatly depressed the ryots, they have become averse to taking up fresh land, and are in general most anxious to throw up the greater part of their holdings—In the event of land being thrown up it is most difficult to obtain Cultivators except for small portions of the lighter assessed lands, this will explain the increase noticed by the Board in their proceedings of 12th September 1844.—

Fort St. George 11th November 1844.

From the above statement it appears that under the Head of Teerwajasty alone was there an increase in land agreed for, under the other heads there was a net decrease of acres 1702 bearing a Cist of Company's Rupees 8,306-11-9-

The decrease in the number of acres arises partly from the want of water on the Cumbum tank under which but little pussulgasty was Cultivated, partly from the low prices of grain, which as before remarked has been the cause of much poverty among the ryots and led to much desertion and throwing up land- many ryots were induced by the very favorable terms offered to leave their lands here waste, and take their Cattle and Cultivate in the Hydrabad territory, much land which was utterly unfit for cultivation, but had for years been brought into account and for which remission was regularly

15300-

Fort St. George 11th November 1844.

given, was this year at once entered as kunjer, The decrease in Cist in addition to that lost by the decrease in lands agreed for was also caused by the reduction of Cist made under the Board's order in the Villages of Baliapully and Conasamoodrum in Budvail, and Gungaveram and Sklapaud in Doopaud, the terms of these Villages being considered too heavy.-

The tanks having received a greater supply of water than in the former year, there is a consequent increase in Teerwajasty

The Sufferaks between the Circar and Enamty land to differences in the Proportion of the Jodee Enam to the Surva Enam Cultivated by Enamdars and other ryots.

The difference in Cultivation of Enam land to whole Jyacut is as 35 to 69. The following will shew that for the last 10 years there has not been much variation in amount of Enam land Cultivated.

The ryots in Arrears to Fusly 1253 are as follows.

15305- Statement shewing the Crops and Emam Fort St. George 11th November 1844 Fusly 1253

15306- Fort St. George 11th November 1844.

The amount of remissions granted will be seen to fall short of the former year by Rupees 19,786-10-9 if we except the mamool remission which depends solely on the quantity of land cultivated, the remissions in general are less because the land agreed for was less and the proportion of land Cultivated greater than in the year before the season being more favorable and the supply of water better.—

Under the head of Paravaboodity and Bondoo there is a great saving, they were only allowed after a very strict enquiry and the falls of rain coming as they did prevented a total failure of the Crops if they did not suffice for the production of full ones.—

Under Tirvacummy there is a decrease owing to two large tracts of land bearing a reduced Cist of 447-10-11 under the Cumbum tank being left waste for want of water, in most other places there was a slight increase under this head—

Under the head of Enamvaja are two allowances, one of Rupees 8-12- paid to the reddy of Ravoola pully, the other of 22-3-3 paid to the Shroff of Chinna Cumbum who have no Enam lands.—

The Payamallee Cowle granted to a ryot for 3 years to enable him to recover some land destroyed by the bursting of the Budwail tank falls in this year 1254 and the whole Cist will be charged to him from fusly 1255.—

Comparative

15308

Fort St. George 11th November 1844

On looking at the Comparative Statement shewing the amount of bunjer unremitted in this and the preceding fusly an increase of 3333-12-8 Rupees is apparent — the remissions were granted on the same principle as in the former year, care being taken that those who cultivated land under new wells, or Enam lands should not be excused more than was absolutely requisite.

In Doopaud the average of land unremitted is always far above that of the other talooks, there is much Enam land cultivated by the ryots who trust to getting their Circar land remitted if the season is not good, others again hold land which they purposely keep bunjer for the use of their cattle, in this fusly this average was increased by much land returned as bunjer, by the Cumrums being brought under cultivations during the Jamabundy after the falling of December rains — In Cumbum there is a slight decrease owng to a partial failure of the Coskey Crops.—

This statement shewing the increase and decrease in the whole Sub Division of Chingleput for Fusly 1253 over 1252 is submitted for the information of Government.

Remarks.—Commencing with the Low Country Pagodas 11131-4-13-4 on 8-3-10, Fusly Cent-per-Cent Deposit has increased by 2713 14 .. Rupees 12,772-5-4 on 15-6-1 over Cent-per-Cent Budwail increased 258 15 .. Rupees 4,508-6-12 on 4-12-.. for Cent per Cent the Rupees 4,508-6-12 on 4-12-.. for Cent per Cent the Assistances of this increase as shown in the Statement No 2. are briefly thus, Of the Land left fallow last year for which remission was given, ground Cultivated and sown 24401-11-8 was this Year Cultivated and remission of 11289-13-6 was granted on Land left waste this Year but Cultivated last-

In Examining Land there is an increase of Rupees 258-15-.. over last Fusly which may be accounted for by Fresh Pyoties-

In Dunkeipatty the decrease is principally attributable to the settlement being rather later than in the year before, the Land thus being Cultivated Late in the season would otherwise have come under tunkeipatty was brought into the regular Jumabundy account-

This statement shows an increase in the whole Sub. Division of C Rupees 6,448-14-11 or 2---4 per Cent on the former year— Cumbum is below by C Rupees 11,131-13-4. or 8-3-10 per Cent— Doopaud increased by C Rupees 12,772-5-4- or 15-6-1 per Cent and Budwail increased by C Rupees 4,808-6-11- or 4-12--- per Cent the particulars of this increase as shown in the Mahrata account No 2. are briefly thus. Of the land left bunjor last year for which remission was given, ground assessed at 24,401-11-8 was this Year Cultivated and remission of 11,289-13-6 was granted on land left waste this year but Cultivated last— In Enamly land there is an increase of— Rupees 258-15--- and in Tuffureck 16-8-4 making in all 13,387-5-6 From this must be deducted 6,938-6-7- the difference between land thrown up on account of deaths poverty and flight of ryots and that reoccupied by fresh ryots—

In Tamikejasty the decrease is more apparent than real, the settlement being rather later than in the year before, the land that being Cultivated late in the season would otherwise have come under tamikejasty, was brought into the regular Jamabundy account—

Talooks-

15312-

Fort St. George 11th November 1844

There is at present a balance of 306-3-7 outstanding in the three Talooks of which 115-10-1 will I doubt not be recovered, Unless doubtful is the sum of Rupees 53-4-9 ryots objecting to pay Seerwajasty to that amount partly on the grounds that the wells are new and not old as reported by the Carcoons and partly because they are not liable under the new orders these disputes I propose personally to enquire into and settle- The remainder has been reported by the Tahsildars as unrecoverable In Cumbum the balance is chiefly against the poorest of the ryots under the big tank whose land did not yield a full Crop-

In Budwail an Enamdar has absconded to avoid being taken up on a Court warrant leaving a balance of 21-7-11 Rupees his Enam has been Zufted but it Yeilds no surplus the Jodee being very heavy and the man has no personal property of any sort-

One of the Pormanitta Cwnums has thrown up his enam not being able to pay the Jodie 41-13-4 Rupees, and the land is now waste- The remainder is on land of ryots who have fled and on some that were entered as Cultivated by mistake and I trust you will recommend the Board to remit the whole amount-

* Not admitting, certain Enams granted on the ceded ×

In the margin are noted a few villages, Enams and the Jodee payable on them, which seldom falls below half the Estimated value of the land - Often rise far above the Cist payable by a ryot to whom Choutayee would be granted, as for instance at Ponna mulla where the Pot makers enam chiefly - wet land is assessed at 95 Rupees, and bears a Jodee of 94-8-" The Washerman's also wet land is assessed at 115-3-8 and the Jodee is 94-8-" It cannot be expected that these persons - are active and willing servants of Government many of them are desirous of throwing up their enams but if they do, no one will take them, I would therefore propose that the Jodee on the land held by Reddies and Curnums in the mufsil and by all Village

Village servants should be payable only when the land is cultivated - Those who hold land without daing any service would not of course be entitled to this indulgence - should the Board sanction this proposition I shall be happy to prepare a detailed account of the remissions proposed - It would be hailed as a great boon particularly by the poorer Village servants -

The subject of Cultivation under new wells has been so long under discussion that I have some hesitation in approaching it, but there is a practice which I do not remember to have seen noticed and which deserves attention, I mean the sale of these wells separate from the lands attached to them often under Court decrees, Kometies and others thus become the owners and charge the ryots for the water or stop the supply - Now it appears to me that this is an abuse of the indulgence granted to the original diggers and prevents the well reverting to Government - Cattle,

15317-

Fort St. George 11th November 1844

Cattle are frequently brought into Doojpaud from the neighbouring districts to avoid the Pullery tax levied elsewhere, these are grazed on the Circar Punjer land, the Villagers making the best bargain they can for themselves - altho' our own ryots pay nothing for their grass, still strangers are not entitled to this indulgence, I would therefore propose that in all villages where the Punjer greatly exceeded the Cultivated land, sufficient should be left for the use of the Villagers and the remaining grazing ground rented out in suitable portions to the highest bidder, This is the practice in other districts it could not hurt the ryots, and would benefit the Circar - It would also I conceive tend to increase the Cultivation by checking village servants who often find it more advantageous to keep the land waste and allow their friend's cattle to graze on it, than to exert themselves to bring it under crops by assisting the ryots -

The Sub Division has during the past year been very free from Cholera and other fatal diseases, but both cattle and sheep have been destroyed in great numbers, the former by an epidemic something similar to

15318-

acknowledge the receipt of your circular letter of the 21st Ultimo on the subject of applying the leading principles of Act X 1842 to the wants of the Chief Towns under the Madras Presidency.-

(29)

That act appears to me to embrace all that is necessary to accomplish the intentions of Government, supposing the native community in the Towns to be in a condition to adopt its principles of their own accord. But I am of opinion that a simply permissive enactment would, for some years at least, be almost inoperative: for, except in some rare instances, I do not think that the time has yet arrived when the making

better

"better provision for purposes connected
"with the public health and convenience"
can be left with any advantage entirely
in the hands of those communities. The
pride which men take in seeing
their native Town embellished or
improved; is rarely to be seen in India,
and every one who has had any experience
in the Provinces must have observed not
only the general apathy which exists for
the public convenience, but also its
constant sacrifice for the gratification of
individual. This however ought to cause
no surprize for it must always be the
case where the people instead of being
taught to exert themselves are accustomed
to look to the Ruling power on all
occasions,

occasions, and to expect that every novelty
should originate from it. Act X. seems to
provide an effectual remedy for this evil
wherever the community of a Town are disposed
to avail themselves of its advantages, but as
I am of opinion that this will be but seldom
I think it is worthy of consideration
whether it would not be advisable to
insert a clause in the proposed act em-
-powering the Collector, in Towns where
the people are not disposed to do it for
themselves, to propose and carry into effect
any measure which should be found
essential to the health and convenience
of the public, provided the expence
did not exceed the amount that would
be raised in one year at the rate
prescribed

15323- Fort St. George 11th November 1844

prescribed in Section III of act X, and having decided on any particular measure, the mode of carrying it into effect might be left entirely to the Committee as constituted by the act, if they were willing to undertake it. When once the advantages of improvement began to be felt, this interferance of the Collector would soon cease to be necessary, for though the Natives of India are backward to originate, they are quite as ready as any other people to appreciate a benefit when once they have experienced its effects.-

Sir, Fort St. George

Submits Copies of the late acting Magistrates Return to Precept & the Extract from the Proceedings of the Court of 3rd Quarter Sessions regarding the dismissal of Bowan sing from his office of Police Duffadar and states that his reinstation appears to be out of the question under the circumstances set forth.-

dated 10th Septr 1844

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue forwarding Extract from the Minutes of Consultation under date the 14th September 1844, No 590, and its enclosure, calling upon me to furnish the information regarding the dismissal of Bowan sing from his office of Police Duffadar, I have the honor to forward Copies of the late acting Magistrates' Return to Precept, and the Extract from the Proceedings of the Court of 3rd Quarter Sessions at Chittoor under date the 22nd July 1843.-

DESTROYED ORIGINAL

2. The first accusation against Bowan sing was in February 1840 when he was charged with having extorted Rupees 10 from certain individuals under the plea that they had not built walls around their wells to prevent persons from falling in. This case was dismissed as the accusation was not proved and Bowan sing was retained in his situation. The 2nd case was in August 1841 in which this individual was charged with having forcibly

forcibly collected Wudders for the work which was then going on at the Mosque Ghaut and extorting money from them. This case also was dismissed for want of proof and the individual retained in his situation. The 3d case occurred in November 1841 when Bowan sing in the execution of a Warrant in a case of Theft, was accused of placing an individual in the stocks and extorting from him 10 Pagodas as the evidence in this case was unsatisfactory, it was dismissed but Bowan sing was dismissed from his situation as the Head of Police reported that in whatever business Bowan sing was employed his conduct gave rise to similar complaints, and that confidence could not be reposed in him.

3. The situation of Police Daffadar in the Chittoor Taloke became vacant and on the 5th November 1842 I appointed this person acting Duffadar as the records did not exhibit any charge established against him. His conduct has however been disapproved of by the late acting Magistrate and under the strong expression of sentiment held by that officer in his Return, and by the Sessions Judge in several advertising to the frequent charges brought against Bowan sing his restoration to his former office appears to be out of the question.

No. 1

North Magistrates Office. Arcot

In return to the exigency of the foregoing Precept accompanied by Extracts from the Proceedings of the Court of Sessions for Chittoor of the same date forwarding Copy of Petition No. 3 of 1843 complaining against the Proceedings of the Head of Police of Chittoor and some other Police officers, the Acting Magistrate has the honor to submit the required report.

Lutchmum sing an old Peiget of the Sub Collectors Cutcherry has been making preparations for the marriage of one of his Children on the night of the 11th April when he was on duty at Arcot his house in Chittoor which he had left in charge of his Mother in law was entered by a hole being bored through the wall and the articles of property prepared for the celebration of the marriage were taken away. The Houses in the neighbourhood are chiefly inhabited by Peons. The house next to Lutchmum sings was inhabited by Bowan sing brother of the Petitioner

This

15327- Fort St. George 11th November 1844

This man Bawan sing was the Police Duffa-
=dar of the Taluk. It is not to be supposed
that a house in such a neighbourhood
would have been robbed unless some of
the Peons had been accessary, and many
circumstances combined to throw suspicion
on the Dafadar Bawan sing, and several
of his relations. The Duffadar Bawan
sing is a man of notoriously bad character
he has been repeatedly dismissed from
the service, but he appears to possess some
extraordinary interest for he always manages
to get re-employed, and recently when cast
-ing employ he was appointed by Mr. Golding-
-ham, a Police Duffadar. When this man
was examined by the Head of Police he
would not give direct answers to the questions
put to him. It appeared that he and
several of his connections had for several
days previously to the robbery been constant-
-ly lounging about the door of Lutchmun sing's
house as if to observe what was going on
inside. It was ascertained that early on
the morning after the robbery the Duffadar's

son in law Soobakarna sing with his brother
Jein sing a sepoy had set off to Trichinopoly.
In searching a Well in Soobakarna sing's
backyard in which there was water, several
trifling silver Articles were found which
Lutchmun sing identified as part of the
stolen property. It appeared as if a quan-
-tity of property had been placed in the
Well and in removing it these small articles
had been left behind by accident. The
Articles however were of a kind that did
not admit of being identified with any
certainty.

The Petitioners statement that
he has been kept in confinement is entirely
false. The Petitioner is a brother of the
Duffadar. The parties placed under
restraint but not in close confinement
were the Duffadar Bawan sing, the Daf-
-fadar's Cousin the sepoy Kistna sing, and
Jein sing brother of Soobakarna sing. These
persons during the time they were under
restraint were allowed to eat and sleep
at their own houses, except for four or five
days during which the Duffadar and Soo-
-bakarna sing were kept in the Cutcherry

Pistina sing was released from restraint on the 5th May. Jeiva sing on the 2d July. The Duffadar and Coobiarama sing on the 8th July.

With regard to the Petitioners' complaint that their enemy Sheva Lal has been employed in this enquiry, the Acting Magistrate has to explain that in consequence of the Mucktesaur who was first employed having failed to discover any thing material, he ordered the Mucktesaur Sheva Lal to undertake the duty, having known him many years before when Sub Collector in North Arcot to be a most efficient Police Officer. The acting Magistrate know nothing of any enmity existing between Seva Lal and the Petitioners' family.

The two Sepoys were at Chittoor on leave.

Extract

15330- Fort St. George 11th November 1844

No. 2.

Extract from the Proceedings of the Court of 3d Quarter sessions for Chittoor under date the 22d July 1843.

1 Read again petition No. 3 of 1843 presented to the Court of sessions at Chittoor, under date the 3d Instant, by Jaya sing an inhabitant of Chittoor, complaining that he (Petitioner) his Brother Bowan sing, and others had been kept in confinement for two Months and not allowed to take their ordinary meals, and on the regular mooktesar reporting that there was no evidence against them, another mooktesaur, named Sheva Lal, who was at enmity with them, kept them in Custody of Peons in whose charge they still remain. The Petitioner therefore requested that the Proceedings in this case might be called for and justice done them.

2. Read also Return of the Acting Magistrate of North arcot, under date the 20th Instant, explaining that some articles have been collected in the house of the mother in law of Lutchmuma sing, a Dieloget of the sub Collectors Cutcherry, preparatory to a marriage and they were stolen therefrom

15331

Fort St. George 11th November 1844

therefrom on the night of the 11th April last. As the House in which the property was deposited was in the close vicinity of the Police Duffadar Bowan sing and the houses in the neighbourhood were chiefly inhabited by Pons, suspicions were from this and another circumstance naturally excited against Bowan sing, who, the Acting Magistrate states, is "a man of notoriously bad character he has been repeatedly dismissed from the service, but he appears to possess some Extraordinary interest, for he always manages to get re-employed and recently when out of employ he was appointed by Mr. Goldingham, a Police Duffadar" - such an appointment was highly improper, and the 2d Judge in sessions hopes that the present Acting Magistrate will rectify that Error by forthwith removing Bowan sing, if he has not already adopted that proper, and under the circumstances set forth in this return, most necessary step. The Acting Magistrate after further explaining the suspicious circumstances against Bowan sing and others, goes on to

15332

Fort St. George 11th November 1844

to state that the Petitioner's statement that he has been kept two months in confinement is entirely false, the parties placed under restraint were allowed to eat and sleep at their houses except for 4 or 5 days when the Duffadar Bowan sing and his connection Soobaburna sing were kept in the Cutcherry - and that they were all eventually released from want of Evidence prior to the date of the precept to which this return was an answer, that the Mookhtesaur Sheva Lal was before known to the Acting Magistrate, when he was 2nd Collector of this District, and he was selected on that account to discover if possible the robbers and the stolen property - and that he was not known to be at enmity with the Petitioner's family - under these circumstances it does not appear to be necessary or advisable to give any further order in this matter.

Resolved that an Extract from these proceedings be sent to the Acting Magistrate

15333- Fort St. George 11th November 1844

for his information and guidance, and that the Petitioner Jagga sing be informed that the Court decline to give any further order on his Petition.

exhibiting

Fort: St. George 11th November 1844

exhibiting a net decrease of Rupees 30776-11-1 the result of a falling off in the Sayer and Stamps the decrease under both of which heads is attributable to the same cause Viz. the abolition of the Inland and Town Customs three months prior to the close of the Fusly. In all other branches there has been an improvement.

2. The Gross decrease on the Sayer Rupees 39470-7-1 is thus distributed.

In the duties levied at the Inland Choukies	32144	8 5
In the Dt at the Frontier Dt	2681	5 7
In the Betel & Tobacco Rents	4644	9 1
	39470	7 1

the falling off in the first and last heads is obviously referrible to the cause given in the preceding Para, to the same reason is also to be attributed the decrease in the outturn of the Frontier Choukies which, it is explained, has occurred, not in the duties levied on Goods actually crossing the Frontier, but in those payable on Articles produced within the District and sold at the fairs at which, under the late system, Customs were collected by

Fort St. George 11th November 1844

by the Officers in charge of the Frontier Sayer Stations.

3. The increase Rupees 6,225 from brisker competition in the Abkarry and in the small Farms Rupees 554-12- does not require remark.

4. The Board are gratified in perceiving that the Moturpha settlement exceeds by Rupees 2,688-4-6 that of the preceding Fusly which again showed a considerable advance Rupees 6711-14-2 above the result of Fusly 1251 / A.D. 1841/42. Of the current increase Rupees 1293-13-5 has been in the Loom Tax and Rupees 1394-7-1 in the Moturpha the improvement in this latter head has occurred mainly in the tax on the "Houses of Traders" the number assessed to the tax in 1252 / 1842-43. being 3,049 yielding a revenue of Rupees 4,388-7-6 the number in the year under review 5,457 paying Rupees 5,908-9-8. these indications of the prosperous state of trade in the District are satisfactory.

5. The abolition of the Sayer April 1st 1844 has occasioned a decrease of Rupees 2,366-10- in the Sayer Rowanah which

6. The charges are less than those of $\frac{1252}{1842-43}$ by Rupees 3,884-11-1- the decrease is chiefly on the Sayer, and is in consequence of its abolition in April last.-

7. Of the Gross current settlement (Rupees 3,14,281-1-2-) Rupees 1688-3- were outstanding at the date of the report- of which it is expected that all but Rupees 314- arrears of Moturpha will be realized.-

Acting Secretary to the

Board of Revenue

Fort St. George.

Sir,

From the Pl. Coll.r of Salem

With reference to the Extract from the Proceedings of the Board of Revenue under date the 1st August last cancelling the sale of certain defaulters lands in the Talook of Raizepoor referred to in my letter of the 22d July, I have the honor to bring to the notice of the Board that previous to the receipt of their orders, the lands of the two individuals named in the Margin (all the others having paid up their balance before the sale) were purchased by one Vurdapah Chitty for Rupees 45-8-- and carried to account. I have therefore to solicit the Sanction of the Board to refund the said amount.

36

†Soobraya Modelly and his Brother Nullatumby Modelly.

A fresh advertisement will be submitted for the sale of the lands belonging to the above Nullatumby Modelly &c against whom there is a further balance on account of land revenue for Fusles 1252 & 53 amounting to Rs. 142-7-3.--

Resolution thereon.

36-37

From the Coll.r 22d July in Cons.s 1st August 1844. Pgs & Proceedings 1st August.

Resolved that the foregoing letter be submitted for the orders of the Most Noble the Governor in Council together with the previous correspondence on the subject noted in the Margin.

The sale of the lands of two revenue defaulters having been cancelled by the Board in consequence of informalities noticed by the Principal Collector dated 22d July last, but the sum of Rupees 45-8-- realized by the sale, having been carried to the credit of Government, the Board recommend that sanction may be granted for the refund of that sum to the persons who paid it.

From E. B. Thomas Esqre Collector of Tinnevelly.

Informing that till the receipt of a reply to the 1st and 2d letters on Survey he is engaged in the Settlement of Assessed Tuckrars and stating the mode adopted for their adjustment.

Para 1. Not having yet received any orders on my letters of 24th October and 15th December 1843, and not feeling authorized to proceed any further in the actual Survey till I receive the Board's Sanction and approval I respectfully request the favor of your bringing the subject to the notice of the Board at a convenient opportunity. I have no wish to press the

all such (disputed) collections in deposit untouched, till a full investigation should fairly decide to whom they belonged.

4. The principle adopted, has been, a definite decision on one side or the other wherever it could be satisfactorily arrived at, from accounts, witnesses, old Boundary marks &c, and where it could not, but left the question in doubt a fair and liberal division between the Government and the Zemindar, which has as yet in no case been objected to. any settlement would perhaps be better than the uncertainty hitherto prevailing and giving rise to constant dispute and fraud; but as much care has been used, I have every reason to believe the decisions will be found equitable and fair, both to Government and the Zemindars, to whose Interests and claims I have given a full and liberal consideration.—

Your most obedient
Humble Servant

Fort St. George

(43)

From Collector of Canara— Forwarding Statements of Land & Sea Custom Establishments as they stood before and after the 1st April 1844. and a revised List of Sea Custom Servants for the sanction of Government—

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 30th ultimo calling for a statement of the land and sea Custom Establishments before and after the 1st April last which I beg herewith to forward—

2 The Board will observe that there has been no reduction in the Frontier Chokies after the 1st April owing to the question of the Sanbut duties not being finally disposed of. It would be impossible to protect these collections had any change been made, and it will be necessary if these duties amounting to nearly two lacs and an half a year, are retained to continue the same establishment as at present.—

3 I did intend to request permission to allow the Sea Custom establishment to remain as it is until both it and the land Sibbendy came under review together but finding that the government interest will suffer by

by any delay and that the additional duties and responsibility thrown on the Sea Custom department by the operation of Act XI of 1844 as was anticipated, considerably increased, and that they cannot satisfactorily be performed by the present force. I have submitted a proposal for which I request sanction

No 3

4. It will be perceived that the proposed Establishment in many instances exceeds in number and salary the present Sibbendy but then it must be borne in mind that when the latter was approved and sanctioned the Collections were Rupees 1,63,000 less than they are at present, and that some ports which then produced very little, now yield considerable revenue. Had therefore the former System remained in force circumstances have rendered a modification in the establishment necessary but independent of this the Act of 1844. has so much raised the duty on the staple commodity of export, viz. rice, that the Collections will be considerably increased, and the strict realization of the revenue with the existing establishment could be next to impracticable

The

Fort St. George 11th November 1844

5. The more efficient the establishments are the larger the Collections will be so that a very insignificant additional outlay will be amply compensated by an increased revenue. The preparation of the proposed Sibbendy has occupied considerable time and has been carefully drawn out and the minute investigation that has been requisite has shewn that the imperfect establishment hitherto kept up has lost the government large sums of money.

6. I would here mention that there are in this District 26 ports, extending over a distance of 233 miles, and all these are to be guarded and people stationed at each to facilitate trade. The receipts at these ports during the last year amounted to Rupees 33,1088-8-4 and the expenses of Collection to Rupees 19,366-14-3.

7. The trading season is just commencing and I trust the Board will be pleased to obtain an early sanction for the revised establishment so as to enable the government interests to be properly protected.

8. The Statement of the actual charges incurred from the 1st April to 11th July last as required in the 3rd para of your letter I beg to forward.

To C. C. Lovett Esqre

Acting Secretary to the

From H. V. Conolly Esqre
Collector of Malabar

Sir,

I have just received a communication from the Bombay authorities / Copy of which is appended / informing me that they have made arrangements to send to Penang the 200 Garce of Salt for which I intended in so emergent a manner on the 4th Ultimo.

Reporting that the Stock of Salt at Penang had been exhausted

(47)

Copy sent to the Bombay Govt on the same day

I regret to say that the date at which I am assured of receiving the Salt is so distant that great inconvenience and distress may take place before it arrives. The depôt at Penang was exhausted Six Days ago and the consternation that has consequently spread through the surrounding Country is excessive. Great bodies of people had gone down to Penang from the interior of Coimbatore Salem &c. in the full belief that they would obtain Salt as usual and their dismay at finding themselves deprived of a Merchandize on which their livelihood in a great measure depends

15378 Fort St George 11th November 1844.

depends may be imagined. I had done every thing in my power to guard against this misfortune. In order to frustrate the designs of the Merchants who were buying up Salt for the mere purpose of retailing it again at a heavy profit, as explained in my letter of the 4th Ultimo above adverted to, I resorted to the extreme measure of directing that Salt should not be sold to any Native of Malabar in larger quantities than five Seers per diem and that unrestricted sales should be confined to the inland traders. At the same time I wrote urgently to the Principal Collector of Canara to see if he could give me any immediate aid. Mr. Thompson lost no time in shipping off 50 Garce from Mangalore, but from contrariety of wind, none of it had yet made its appearance. I have published a proclamation informing the public that it may be hourly expected and that further supplies will follow without delay. This I have secured by accepting Mr. Thompson's offer to send me 100 Garce more, all he can spare.

The Bombay Government will be informed, do not give any notice of an intention to permit any further quantity than

Ordered that the foregoing letter be submitted for the information and orders of the Most Noble the Governor in Council.

The Most Noble the Governor in Council will observe from the 3d Para of the above letter, that the Bombay Government had not intimated any intention of furnishing any further quantity than 200 Garce under the exemption from excise duty; but Mr. Conolly will ere this have been made aware by the transmission from this Office of Extract Minutes of Consultation of the 8th Instant that he is at liberty to indent for such further quantity as he may require, which at this season of the Year, the Board have reason to believe can be Exported from Bombay to Ponany in Native Craft in 6 or 7 days.

Mr. Conolly it will be seen was expecting 50 Garee dispatched from Mangalore which had unfortunately been detained by contrary winds. The above supply ordered from Bombay had not yet been received by him and in the mean time the stock at the Ponany Depot had been exhausted 6 days prior to the date (7th Instant) of his letter.—

Resolved.

15394 Fort St. George 11th November 1844.

Resolved that the following Letters be dispatched:-

To The Acting Collector of Cuddapah.-

(6)

Sir, I am directed by the Board of Revenue to forward to you for report the accompanying Petition noted in the Margin.-

To the Ag. Coll.r of Cuddapah. 31

N. 1280 of 1844.

From Mr. Ashton's Endorsement dated 19th April last it would seem that he declined to comply with Petitioner's request to be restored to Office on the ground that the present incumbent is well qualified to perform the duties - the qualifications of the present incumbent were doubtless good grounds for temporarily naming him to the Office - but these would seem insufficient to set aside the just claims of Petitioner if he be the hereditary Meerassidar.-

Revenue Board Office. Fort St. George. 11th November 1844.

Signed J. C. Lovell
Acting Secretary

To
