His deposition is very voluminous, had he confined himself to the truth or to a plausible defence of his conduct this unnecessary length would have been avoided and much valuable time saved. As the case occurred before me, the course of defence adopted by the Head Sheristadar will excite surprise.

To the Principal Collector in the Zillah of Nellore.

Sir,

Having lately proceeded to investigate the circumstances connected with the Murder of the Pensioned Sepoy attached to the Singarayaconda Bungala in the House of one of the Cur:nums of Somarauzoopully in the Davagoodoor Talook, I found that the Head of Police had been so grossly remiss in his duty, and his whole Conduct in the Case appeared so suspicious that I deemed it my duty to suspend him from his Office, and beg now to bring the following Circumstances to Your notice.

The Sepoy left Singaray:conda for his pay on the 20th July and

Fort St. George 27th. September 1841

and after he had been absent two or three days, enquiries were made for him, but without success, and a report made to the Head of Police on the 31st. July. His answer merely desired that search should be made for him in his Relations' houses. Subsequently as suspicions of his fate were aroused, further reports were sent, and on the 18th. August the Paishcar forwarded a letter, stating his belief that the Sepoy was no longer alive and that from different suspicious Circumstances he deemed it advisable that the Head of Police should come and investigate the case in person. Even after this, no active measures were taken but, with some delay, Summonses were issued for the appearance of some suspected parties, and it was only after the discovery of the body that the Head of Police repaired to the

spot, and even then, from his Conduct, he appears to have been in no way desirous to get at the truth of the Case. From the first disappearance of the Sepoy, no report whatever of the Circumstance was received at this Office, and it was only after the discovery and examination of the body, and after this circumstance had been separately reported by the Peishcar, that any Communication was received from the Head of Police.

The whole circumstance is marked by the most gross irregularity and neglect of duty, and as it is clear that the Head of Police and Tahsildar Kanakala Ramachendra Row has been guilty of most Criminal negligence, if not worse, I would

Sir,

Para. I had the honor to re-
-ceive your Circular letter of the 29th

be deterred from the indulgence [illegible]
and whether making away with their
own property, stealing from others,
and smuggling may not be the result
of this experiment

3 In order to check the
mischief in some measure, it appears
advisable to prohibit the sale of
Arrack and Toddy in small rural
Villages (where it is now easily to be
had.) and to confine the sale to the
principal Towns in the District, to
limit the number of shops and
distilleries

distilleries at those places, both for manufacture and sale, and in addition to these restrictions, if the tax were also raised, the measure may probably lead to less intoxication and consequently to a good effect on the morals of the lower orders of the People but not without producing a loss in the Circar Revenue in this District.

4 With respect to the effects which the proposed measure would produce on the Public Revenue I must beg leave to observe, that the Abkary Revenue of this District (excepting that of Cuddapah Bellary and its limits which has been transferred to the Military* of greater amount than in most Districts. The averaged Beriz of this District (exceptg Bellary) from Fusly 1218 to

Fusly 1250 is as follows:-

The years in which decrease took place were Fuslies 1218 to 1222 being 5 years, each year's Beriz amounting upon average to Rupees ——— 189588

Those that produced increase are Fuslies 1223 to 1243. being 21 Years, each years' Beriz on average being Rupees ——— 252221

Subsequent to Fusly 1243. famine and other Calamities having occurred in certain years (which produced decrease) within a period of 7 Years namely from 1244 to 1250 the Beriz per year on average is Rupees ——— 221061

The reason of the Beriz of this District being higher than others is thus accounted for:-

1st Because there are about 63 Persons in every hundred of the Population of this District that consume these liquors.-

Because

Population of this District	Census	11,29,907
Number of persons of that District		427,532
Number of persons consuming liquors		70,207

* Vide Revenue Consultation dated 18th 1872

7th Because Toddy in quantity is procurable from the Palm Trees on Ryot land comprising 53,958 Acres in several Talooks of this District, and should this supply be found insufficient, it can be obtained in abundance from the Nizam's Dominions and the Mysore Country on our immediate Frontier. It is therefore matter of serious consideration for the Board, whether the price being raised so high as to prevent the purchase being made in this Province, would not be a mere transfer of the Revenue to those Countries from our own without attaining any advantage as regards an improvement in the morality of the People. Of the Gross Beriz 2/5ths is collected from Toddy alone, which seems high, and from the foregoing statement it will be seen that the Beriz was moderate when the Country was ceded to this Government

12273 Fort St. George 27th September 1814

and until a few years subsequent thereto, but afterwards augmented both from competition for Rents, and by permission having been granted to the Renters to keep as many shops and Distilleries as may be required. Hence the increase of manufacture throughout the District. In further proof of this, however, I beg to subjoin an abstract as far as accounts are forthcoming of the number of Villages where the manufacture and sale took place in former times, and as it at present stands-

8 It must be remembered that the Population of this District is composed of the working classes, very few Brahmins are scattered over the vast extent of the Ceded Districts. In Adonie there are indeed many Mooselmans of ancient family, but I am sorry to say, that they, at least the population generally of that place are more addicted to intemperate habits than

than almost any other Town in the District. In fact I am not aware, although the total consumption of the District is great, that the Ryots generally of this Zillah can with justice be called intemperate, in Towns like Bellary, infested with thousands of Camp followers Intoxication prevails to a fearful extent But I am not of opinion, that in the rural Villages inhabited by hard working Ryots, that intemperate habits prevail to such an extent as to produce Crime, that the raising the Price of spirituous Liquors to an exorbitant amount would have any good effect upon the morality of the People, perhaps the reverse.—

Fasly years.	Number of Mozah Distillers.	Number of Arrack Toddy.	Shops Toddy only.	
1224	877	1303.	1212	Accounts not forthcoming
1225	925.	1,587.	1292	
1246	1,558.	1,455.	1,405.	1193. 2,653.
1250	1,650.	1,424.	1,085.	925. 2,458.

6. The Board will at once observe, the increase in both the manufacture and sale as noticed in the preceding paras. Previous to the transfer of the Abkarry Revenue of Kusbah Bellary to the Military authorities, the annual Collection of Revenue averaged by 5 years' actual results amounted to 30,000 Rupees per annum—but it is understood to have since increased to nearly 60,000 Rupees, and if the Board were to ascertain from the proper quarter the number of shops which existed when the Abkary Revenue of Kusbah Bellary was under the management of the Civil Authorities and the Number at present established, they will be found to have greatly increased.

If therefore it should be finally resolved that the proposed Plan should not be

be adopted, and I confess as regards this District I consider its adoption a matter of very doubtful propriety, many temporizing measures might be devised that would eventually make room for more decisive ones, for instance to interdict the sale of arrack and Toddy except for ready money, to forbid the sale except within reasonable hours, to prohibit the sale and distillery of arrack and Toddy except at Villages inhabited by more than 500 Persons. and to place a restriction even in these Villages, that the shops &c shall not be opened without the authority of the Collector I accordingly beg to shew hereunder the number of Villages in this District (exclusive of Kurnool Bellary) the Population of which exceeds 500 as well as those the Censuses of which is below 500.—

	As per Population Account of Fasly 1242			Average of persons per Village

To the Principal Collector
in the Zillah of
Salem

Sir,

I have the honor to return
you the petition presented to you by Runga
Row, Magistrate Javabnamps, against Ran
Row Shristadar of the Sub division with
few remarks thereon -

The petition is couched in such
dubious terms, it is almost impossible
make out the meaning, and which would
lead one to suppose the writer thereof

either a knave or fool, no direct charges
are preferred against the Sheristadar,
the allegations made use of are merely
to cast suspicion against the Charac-
=ter of Runga Row his senior - In the
Statement regarding the water course
under dispute between the Mootahdar
of Balocoorochee and that of
Saindanmungalum, you yourself will
be the best Judge, as the proceedings
held during the investigation together
with the decision of Mr. Taylor
are now before you in appeal from
that Gentlemans' decision, so are
also the proceedings in the case of
Pooraniah against Coopiah -

With regard to that portion
of the complaint wherein he states that
Runga Row does not understand the
Accounts, I have not the least hesitation
in stating the charge is false, it is hardly
possible that a man without knowing

accounts

accounts could have performed the
duties of Tahsildar in Shenkerry
Droog and Salem so much to the Satis-
faction of the Collector, that he should
be promoted to the rank of Sheristadar,
the duties of which latter situation he
has conducted to the entire satisfaction
of all under whome he has served, Runga
Row has the highest Characters for intelli-
gence, honesty and integrity from all
for the last 37 Years, and I cannot look
up on the present attempt to sully his
reputation, but with the greatest indignation.

With regard to the character
of the Writer of the petition, I beg to state
it stands very low, he is quite unfit for
the situation he now holds, being hardly
able to take down a deposition without
assistance, a good specimen of his abilities
is to be seen in the enclosed petition, in read-
ing arzies he is in the habit of leaving out

words and substituting others, even lines,
when he finds it convenient, so that what
he reads cannot be trusted. The Head Assistant
Mr. Cunliffe repeatedly discovered, this,
and warned me on the subject, when I
took charge from him, since which
time I have never trusted to Arzees
he has read, without having them re-
read by others. As he has presented
such a petition to you attempting
to sully the fair reputation the
Sheristadar Runga Row has gained
in a long period of service (37 Years)
I trust the petitioner will meet with
your most severe displeasure, and
were he removed from the situation
he now holds, it would only be
what he deserves, the duties of the
Magistrate's Department would
be much better conducted.

The Principal Collector having called upon the Petitioner to make good the aspersions herein Contained, the sheristadar in the Sub Division his Official superior, finds that he can establish no proof or reason whatever for his unmerited abuse and gratuitous aspertions against an old and highly respectable public servant he considers himself bound to protect those under him from such unfounded Complaints, and declares his Opinion that Conary Row is unworthy of a place in the Cutcherry where Ranga Row is sheristadar and recommends to the Acting Sub Collector that he be dismissed from his present Employment.

3 The Talooks in which this increase in the Sayer took place, is shewn in the accompanying Statement No. 1 and I also forward for the Board's information, a Statement No. 8, exhibiting the articles on which the different items of increase and decrease occurred.-

4 The Chowky Servants have been attending and making Collections at the different fairs.- I reported in last Fusly that I should be glad of permission to do away with these itenerary cutts and am only prevented from availing myself of the Board's permission to be guided by my own discretion by the circumstance of the Merchants in towns where Chowkies are situated stating that in the event

cuent of the Sayer Collections being dis-
=continued at the fairs, their trade would
suffer considerably by all the people
making purchases at these fairs where
the goods pay no taxe and leaving their
bazars unfrequented. I sincerely hope
the anticipation of the Board regarding
the speedy abolition of these duties may
be near its realization.

5 The decreaxe in the Betel and

17— The causes of decrease on the above items are as follows In Sayer Rupees 128—9—8 double duty levied on smuggled goods being less and the portion of Sibkendy

Sibkendy brought to under deposit being also less in the present Fusly— In the Abkeary of Rupees 53—3—5 less interest the renters having paid up their Kists — more punctually— In sundry small farms for Rupees 54—1—10 the same reason exists— The — decrease in the Motarpha of Rupees 190—10—1 is in consequence of less the Collections being Less for Sewey Summa— In Stamps Rupees 444—14—4 were less fines as Stamps Papers were procured by parties for obtaining Copies of Documents &c.—

Regarding

Fort St. George 27th September 1844.

19 Regarding the balance of Rupees 5453-11- outstanding from Fusly 1242 on account of Sayer I have to state, that agreeably to the orders of the Board conveyed in the Extract from their Proceedings dated 15th February 1844, a reference was made to the Principal Collector of North Arcot, whose reply was forwarded by me to the Board on the 4th June last by which it would appear, that there is no hope whatever of collecting any portion of the sum I beg therefore to repeat my request, that the sanction of Government may be obtained for writing it off from Accounts.

20 Of the balance of Rupees 32-12-3 due in Fusly 1249 on account of Maturpahee Rupees 5 have been collected up to the 15th August 1841 leaving still a balance of Rupees 24-12-3- Of this, 12 Annas require to be collected

Compd. J.R.

Fort St. George 27th September 1844.

collected at Darampoory. Rupees 10-14- are due by Ryots who have left the District, and Rupees 16-2-3 by those who have been reduced to poverty- As there is no probability of recovering this balance, (Rupees 27-.-3) I request the sanction of Government for granting remission for the Amount.-

21. Of the balance of Rupees 37-9-1 due on account of Sundry Small Farms from Fusly 1245, there is no probability of its recovery- a difference has existed from that time between the Ryots of Carnatic generally of the Company's Talooks in the Zillah of Chittoor, and those of Arkanuttum in the Talook of Kistnagherry of this District, regarding certain produce of Tamarind- I would therefore solicit sanction also for writing this sum off from Account.

In reply to your letter of the 11th Ultimo / received on the first Instant / I have the honor to inform you that about Cutty 31025 - 2 - 2nd - of fish are annually cured in this District - Earth impregnated with saline particles, is used in the preparation of the proportion of 90 per cent, the 10 per cent in which salt is used being for fish of a very small size of comparatively delicate flavour. The demand for the latter article would, under any circumstances, be very partial, and I do not believe therefore that the fisheries would be much extended or the public benefited by a reduction in the price of salt.

2. The salt earth, the Fishermen are allowed to use without any payment, a privilege enjoyed by them from the time of the introduction of the Salt Monopoly into Malabar.

To Captain Malcolm
Assistant Resident
Hydrabad

Sir,

I have the honor to forward to you three documents which have just reached me Nos. 1 and 2 are letters from the Putwarries of Gunny Atkoor and from the Zemindar of "Rand Salookah complaining that Rajah Ramnad Baboo, the Vasareddy Zemindar of Amrawatty (of the Guntoor Circar) refuses to deliver over to them an Island in the Kistnah which was decided by arbitration to belong to the Village of Gunny Atkoor.

2- No. 3 is a copy of a letter from Rajah Ramnad Baboo to the Zemindar of Rand Salookah in which he states his reasons for

12383 Fort St. George 30th. September 1841.

giving up the Island.

3. The particulars of the dispute are fully recorded in my Report the Island called "Pedda Lunkah" was decided to belong to the Nizam's Village of Gunny Atkoor but as permanent boundary marks could not be fixed in the bed of the Kistnah, I could devise no better plan for settling the boundary line, than giving to each of the parties a rough plan of it shewing which Islands belonged to the Nizam's Village and which to the Company's

4- On a former occasion when the dispute had been settled by the Collector of Guntoor, and the Island in question ordered to be given up to the people of Gunny Atkoor, the Zemindar of Amrawatty (Vasareddy) succeeded in evading compliance with the order and has ever since kept possession. I am inclined to think that nothing but a peremptory order from Government directing Rajah Ramnad Baboo Vasareddy to deliver up the

Island

Island called "Pedda Sunkah" and to refrain from all interference with it, will secure to the Gunny Atkoor people their right.

5. Should the Resident think it advisable I would suggest a request being made to the Madras Government to issue the necessary orders.

The humble Petition of Mulladee Vencatanarsoo and Eggenmah Putwarees of the Village of Gunny Atkoor attached to the Kanal Saloka

Honored Sir

Beg leave to represent that your honor had been lately engaged for the Settlement required on account of certain disputes between the Villages of Kanal Salookah and the Villages

of Government, for the lands attached to their Villages, and on examining the old Agreements or documents of both of them on that account your honor had ordered us to come over to the Village named Cunchekacherla in the Purgunnah of Goojoor and made certain Settlements by Arbitration, and accordingly favored us with a plan of the boundary to each of the Villages of Gunny Atkoor Amarowutty and Vicoota poor.

But we regret to say that instead of a compliance to certain points of your plan, the Rajah Ramnadoo Baboo has occupied by force the Pedda Sunka which was ordered by the plan to be in use with the Village of Gunny Atkoor, and on our representing the matter to Rajah Ramnada Baboo he replied that Captain Gresley has given a yard for the measurement of land between Atkoor and Amrawutty

Amrawutty which can be done as
soon as the water in the Kistnah be-
comes less and that the people of At-

ment.

We herewith send for your
perusal Copies of letters, one from Ad-
rajoo Siroomutrow Despondia Purgu-
nah of Nundegaom of Kanat Talooka
and the other from Rajah Ramnada
Baboo on the above subject.

That in order to prevent
a recurrence of this Matter we humbly
crave that your honor will be so kind
as to send sufficient instructions to
such authority as you may deem proper

We beg leave to add that this
being the time of cultivating of lands

being entrusted to us immediately it will great deal ad-

here at Hyderabad a Week ago in hopes
that your honor was residing here, and
on enquiring we were informed by

that your honor had proceeded from
this and that you are now residing
at Jogee Ambah, so we are obliged
to remain here until your honor may
favor us with a pleasant reply
on this head, and we beg you will

The humble Petition of Auderajoo Teromal

beg to set forth.

Honored Sir,

That when the Villagers
were

were in great confusion on account of the boundary of lands attached to the Villages Vizt. Amaravattee, Gunny Atkoor and Vycontapoor; your honor had been pleased and made such settlements that no one should again revive them, and accordingly favored us with your signatures and a plan to each of the above Villages.—

The Rajah Ramanada Baboo however does now by force occupy the whole of the Pedda Lunkah which is perfectly specified in the plan furnished to us by yourself shewing that the said Lunkah is to be used by the Villagers of Gunny Atkoor on our rejecting the doings of Rajah Ramanada Baboo who replied to us on the subject, and a copy of which is herewith enclosed for your perusal in which he says that your honor gave him a guard (besides the plan) for the measurement of the said Lunkah and then that we will have a right to the land after the measurement, which he says

be done so soon as the Water in the Kistnah becomes less, and that we have no reason nor power to use the said Lunkah until further settlement. regarding this we beg to say that we know nothing. having always depended upon the settlement as specified in the plan furnished by your honor to the Village of Gunny Autkoor, and now it appears it is altogether distinct from the one furnished to Amaravattee that is, by the Rajah's statement.—

Under these circumstances, I beg to despatch to your honor the Curnum of Gunny Atkoor, and beg also you will be so kind as to send such instructions thro' any regular channel that the Rajah Ramanada Baboo may not be allowed to meddle with the Pedda Lunkah (as specified in the plan) which is perfectly entrusted to the Village of Gunny Atkoor.—

Copy of a reply from Rajah Ramanada Baboo To. Audeerajoo Terasmulroo and Soorlapauty Panjiah --

I have the honor to acquaint you that when Captain Gresley interfered on account of the settlement of the Pedda Lunka attached to Amaravuttee the he the said Gentleman furnished you allowed a yard for the measurement of the said Lunkah, therefore you have no reason to prevent us from using the said Lunka, under Amaravuttee, and the people of Gunny Atkoor are not authorized to use the Lunkah until further settlement which will be done by measurement of the land so soon as the Water in the River becomes less, and you may consider that the settlement made by Captain Gresley is not to take effect until the measurement of the said

as the following letter.

To The Chief Secretary to Government.

Sir,

Para 1. I am directed by the Judges of the Foujdaree Adalut to submit, to be laid before Government, the Letters and the Original Enclosures from the 2nd Judge of the Prov.l Court of Circuit N. D. dated 3rd July 1841. — annexed Copies of the Papers noted in the Margin. —

Original Enclosures of a Return dated 6th August 1841. from the 2nd Judge of the Prov.l Court of Circuit N. D.

2nd The point in regard to which the Judges beg to solicit the orders of Government is the system of Fines termed Sharana prevailing in the District of Masulipatam under which if enforced to its full extent in the case immediately under consideration, the Parties would have been liable to a pecuniary Mulct exceeding eight hundred Rupees. —

3. Considering that the system of Fines

12396 Fort St George 30th September 1841.

Fines now brought to notice is both illegal and arbitrary. and seeing reason to apprehend that the paucity of complaints against it upon which the Magestrate lays stress arises rather from the People being ignorant of its illegality than from its being little resorted to, the Judges beg leave to recommend that instructions be issued to the Collector of Masulipatam through the Board of Revenue, strictly enjoining its immediate discontinuance, and requiring an order to that effect to be circulated to the several subordinate Native Officers in that District. The Judges would suggest an enquiry whether a similar mode of procedure does not exist in the District contiguous to and North of that of Masulipatam, in order that if it does it may be abolished there also. —

4— I am directed to submit to the information of Government the annexed

Extract from the Proceedings of the Foujdaree Adalut — Under date the 3rd September 1841.

Read Return dated 6th Ultimo from the second Judge of the Provincial Court of Circuit in the Northern Division to the Precept of the Court of Foujdaree Adalut under date the 20th July 1841 — Calling for further information relative to the case reported in his letter of the 3rd July 1841 wherein certain Parties had been fined by the Head Assistant Collector of Masulipatam and for an explanation in regard to the system of Fines termed "Sharana" stated to prevail

prevail in that District.—

1. The Court of Foujdaree Udalut are of opinion that the case as now explained was not one of which the Assistant Collector could legally take cognizance. Part of the grain belonged to Government and part to the Ryots but it does not appear that either portion was in the custody of the Petitioner. If any part of it was their own they could not be chargeable with any offence, so far as that portion was concerned, and would be chargeable only as regards the other portion which belonged to Government or others—and unless this last was in their custody, there could be no embezzling or misapplying it.—as these imply a previous trust—If not in their custody the case would be one of Theft or Robery according as it was with or without violence, and should have been

dealt with as such, by the Assistant Collector in his capacity of Assistant Magistrate.—

2. The Court direct that the Magistrate of Masulipatam be instructed to remit and return the Fine, and in doing so, to explain to the parties concerned that they have rendered themselves liable to a criminal Prosecution which the Court have abstained from ordering, only in consideration of their having been already (illegally) punished.—

Ordered that extract from the Proceedings be sent to the Second Judge of the Provincial Court of Circuit in the Northern Division for his information and guidance.—

No. 1.

To The Register to the Court of
Foujdaree Adalut
Fort St.George.

Sir,

1. I have the honor to submit for the deliberation and decision of the Judges of the Foujdaree Adalut, Extract of my proceedings of the 16th Ultimo. also Copies of Returns &c.a from the Magis-

of Masulipatam connected with them, arising out of a Petition presented by two Individuals at this Quarterly sessions complaining of an Order of the Assistant Magistrate dated 11th May 1841. which they desire to have revoked. -

2. The imputed offence as appears by the decision of that officer was for transporting new Cundoolee Grain and because it was proved "they had hired out their Bullocks to the Ryots at a suspicious time and hour, no doubt was entertained that they aided in the embezzlement, but were not punished, their detention during examination (namely one Month) being thought sufficient warning as they were not principals."

Vide letter dated 1st July in appendix.

3. Having required a more definitive intimation of the precise Rule or Regulation under which the case was disposed of than that it fell within his cognizance as "Assistant Collector" and as with the explanation since

since furnished I still question very much whether the decision is one bounded strictly within his province in the line of Duty, I have been induced to trouble the Court with this reference.—

4. The Afsistant Magistrate observes that this "Revenue Decision"† (in which the term "Theft" not "embezzlement" has been all along used) was grounded under the head "Kharanah;" a penalty is leviable in the Country according to a scale of fine determined by one of the former Collectors, (which the Magistrate represents to be "of immemorial usage in the District") and refers to article 3, Clause Second, section II Regulation IX of 1831 and to Act N:36 of 1837 as the authority under which he disposed of the Petitioners' case.

†Vide appendix.

5. There must be something most offensive in this local usage ("conducted genius tyrannis potentia") by entailing a penalty of 800 and odd Rupees

Rupees for the fraudulent removal of only 6 Pottles and odd of Grain, as needing the sympathy of the Afsistant Magistrate, to commute and reduce it to a fine of 70 Rupees, to save their ruin.—

6. But setting aside the question whether he can act upon this custom, the Regulation and Act quoted by the Head Afsistant Magistrate relate only to persons in the public employ of the Collectors, not to Individuals in the situation of the Petitioner, but even taking the latter in its extended application to embrace an embezzlement of any "public property whatever," it is selfevident that the Grain was not such as the Afsistant Magistrate observes in his second letter, that "it was appropriated to Government."—

7. On the foregoing view of the case, I beg to recommend that the order as respects the Petitioners and the fine on the Villagers should be annulled.—

Petitioners.

Read Petition No. 10 of 1841.

presented by Audoosoomilly Seetapaty and Do. Soobbanah. Inhabitants of the Village of Coodoor, appertaining to the Purgunah of Vinnacottah.—

The Petitioners represent that on the 19th March 1841. they purchased one Pootty and 8 Toorns of Cumboo grain at the Village of Donapoody in the Zillah of Guntoor from Nimmagudda Venkatareddy an Inhabitant of that Village; and when they brought the same to the Village of Mootoor on Bullocks on their way to Ellore, on the Morning of the 24th March Bundaru Cumiah an Inhabitant

12405 Fort St. George 30th September 1841.

of Nundegamah, Maudabhooshy Ramanoopacharloo the zillahdar of the Mootah of Kykaloor, saik ally a Police peon, Chamatecunty Soobbaraydoo and Belundoo Khan, Revenue peons, all 5 in Number, forcibly put down the Gunny sacks from the Bullocks; that afterwards the Head of Police of Goodewada Saloob came to the spot, and asked the Petitioners from whence they were bringing the grain and where they would carry it, and in answer they informed him of the place where they had made the purchase and that they would sell the grain at Ellore, that the Head of Police nevertheless forcibly took the Petitioners to his Cutcherry with the grain sacks, and desired them to give declarations to the effect that the said grain was the same that was stolen by the Ryots of Valapoor, which is under his management, that the Petitioners not having yielded to his proposal, the Head of Police beat them in

in person and caused them to be beaten by his Peons, and obtained their signatures to the declarations which he had prepared at his pleasure, that the Head of Police also took declarations from the Ryots and others of the Village of Valaperr forcibly and sent the Record to the Head Assistant Magistrate of Masulipatam with his opinion in the matter; that thereupon the Petitioners presented a Petition to the Head Assistant Magistrate on the 29th March representing their case and that Officer, after taking declarations from the Petitioners and others and obtaining depositions from the People of Doonapoody, respecting the purchase of the Gundaloo grain in question, threw the Collector of Guntoor, ordered the grain to be sold and the proceeds to be forfeited to the Circar, fined the Ryots and dismissed the Gillahdaurs and other servants; that it was unjust in the Head Assistant

Magistrate to order to be forfeited to the Circar the proceeds of the grain which is proved by the Depositions received from the Collector of Guntoor to have been purchased by them, that the Petitioners then presented another Petition to the Head Assistant Magistrate on the 12th May 1841 requesting him to reconsider the Record of the case, and obtain them redress by restoring to them the grain sacks, and directing the Head of Police to pay them the expences incurred by them on account of their Batta, or if their prayer should not be complied with, to return their Petition to them with an endorsement showing his reasons for the rejection of their proposal; that the Head Assistant Magistrate accordingly returned the Petition to them with an endorsement dated 18th May 1841, stating that his decision was already communicated to the Petitioners and that there appeared no reason for giving them a fresh answer; that the Head of Police subsequently returned the Gunny

sacks

backs to them reserving the grain.

The Petitioners enclose the Petition bearing the endorsement of the Head Assistant Magistrate, and pray the Court to call for the Record of their case, on perusal of which, they state it will be plain that the decision complained of was founded on a report prepared by the Deputy Shanstadar in opposition to the Record, and unsupported by the Depositions taken in the case, and punish the Head of Police and others who used violence towards them, and direct the Head Assistant Magistrate to restore the grain to them and cause the Head of Police to make good to them the amount of their expences and loss.

The Petitioners further pray the Court to return the enclosures to them with attested copies of this Petition, and of the Proceedings that may be held thereon.

To enable the Court to dispose of the Petitioners case, it is necessary to

have before them the Original information which led to the seizure of the Cundoo-loo Grain, with the Petitioners and others, given in by the Head of Police of Goode-vadd, and of any enquiry held by him, and likewise of the subsequent Proceedings instituted before the Head Assistant Magistrate.

2. When forwarding the said Records &c. the Magistrate is directed to ascertain from his Head Assistant whether he obtained any sample of the grain, thro' the Collector of Guntoor, in confirmation of the Petitioners Statement that they had purchased it from Ninnmaguddah Venkatareddy of the Village of Donapoody, and whether he adopted the precaution of comparing it with the grain represented to have been stolen by the Ryots of Valoopoor, so as to determine that it was stolen; if not, to state by what means he arrived

Fort St. George 30th. September 1841.

arrived at that conclusion, independent of the alleged admission of the accused, as they urge that it is proved by the depositions received from the Collector of Guntoor, that it was purchased by them.

3. Ordered that an Extract from these Proceedings be forwarded to the x Magistrate of Masulipatam, with Precept requiring conformity thereto and returnable within 4 days from and after receipt thereof.

With an accusation so strongly bordering on Magisterial notice Viz. that of transporting stolen grain (in connection with which some of the Villagers of Valoopoor have been fined by the same decision in the sum of 70 Rupees "in order that they may not commit such thefts infuture") and with the charge of assault, and maltreatment on their persons, as urged by the Petitioners, the Magistrate is directed to call upon the Head Assistant Magistrate to explain under what rule, or Revenue law, he acted in this case, as his intimation of its being disposed of in his capacity as Assistant Collector is

5. Ordered that an Extract from these Proceedings be forwarded to the Magistrate of Masulipatam, with Precept requiring Conformity thereto and returnable with 4 days from and after receipt thereof.—

2d Judge, Presiding

Return to the above received on the 5th Augt 1841

In Return to this Precept transmitting an Extract from the Proceedings of the Court of Circuit for the 2nd Quarterly Sessions of 1841, together with Copy of an Extract from the Proceedings of the Court of Sanjarce Adalut dated 24th and 20th Ultimo, respectively calling for explanation on certain points relative to the recent imposition of a fine by the Head Assistant Collector

† Received 26th July 1841.

Collector Mr. Ward in his Revenue Capacity under the Head of Sharanah, the Magistrate has the honor to submit the following observations. To determine whether the offence with which the parties were charged were cognizable by Mr. Ward in his Magisterial or Revenue Capacity, it was necessary to ascertain in the most clear and satisfactory manner the nature and degree of Criminality. If the grain had been carried away clandestinely by (what is termed in law) a stranger or a person having no interest or property therein, whether as joint owner or Custodian, the Offence would undoubtedly have amounted to a theft, and would have been dealt with as such under Regulation IX of 1816. If, on the other hand, it appeared that the grain was the joint property of the Government and of the Ryots and if before a division had taken place, and while it was under

the

the seal of the Circar and under the joint custody of the Ryots and of the Officers of Government, it was proved to have been carried away by the Ryots themselves, the offence would not amount to a theft, but to an unwarrantable and fraudulent taking away of the produce in as much as the taking away was without the knowledge and permission of the Circar and had for its object to defraud the Government of its dues to the amount of about one half of whatever might have been carried away.—

The Offence committed by those on whom fines were imposed was precisely of the latter description, and according to the immemorial usage of the District, the Ryots or the perpetrators of the offence imposition had not only rendered themselves liable to the species of amercement

denominated Sharanah, but also to the forfeiture of whatever grain might have been carried away and found in their possession.—

On Comparing the accompanying Statement No. 1. shewing the scale of fines for frauds and trespasses with the quantity stated to have been carried away by each individual Ryot as shewn in Statement No. 2. it will appear that the fines which might have been inflicted according to the rates prevailing in the Purganahs of Vinnacottah and Goodevadah would have amounted to the large sum of Rupees 8444—10—6. The rates of fines above referred to were not fixed by Mr. Goldingham nor are they applicable to the District generally or to any other Purganahs than those above mentioned. In all parts of the District, Fines are levied under the Head of Sharanah and Bimday Sharanah, but no attempt has yet been made to reduce them to any fixed standard.

standard throughout the District.

The amount of fines collected under the Head of fines in the Estates under management during 5 years Viz. from the beginning of July 1244 to the end of July 1249 amounted to Rupees 2,527 per Annum on an average, and during my residence in this District few cases have occurred in which the Ryots have ventured to question the propriety of an impost which has so long been sanctioned by the established usages of the District.—

Respecting the policy of the infliction of these fines, the Magistrate is of opinion that considering the facilities with which frauds may be committed under a System involving a division of produce, and the losses arising from different kinds of trespasses, the Zemindar or the Collector acting and managing on his behalf

should be vested with preliminary powers of redressing such injuries, instead of seeking reparation by the tedious and doubtful process of a suit in the Courts of Adalut. All that appears necessary is to take care that these powers are exercised with moderation and with a due regard to the circumstances of the several individuals who may come under their operation, and from the rare occurrence of any Complaints of harshness in the infliction of fines, it appears probable that the heavy penalties which are laid down in the scale of fines are rather used as a means to deter from the commission of frauds or trespasses than inflicted as a punishment to be carried into practical operation.—

Given at Masulipatam under my hand and Seal this 4th day of August 1841.

From the Coll.r of Rajahmandry—Reporting of having met the Collector of Vizagapatam and the Civil Engineer at Toony regarding any arrangement to be made with respect to the Dam on account of which a suit has been filed against the Collector of this District by the late Proprietor Godavy Sooreya Rauzah Row of Vizagapatam and the result thereof &c &c.—

permanent right to erect a Dam at the point in dispute, and paying half the Costs incurred by the party suing.—

3 With respect to the propriety of acceding to these terms, as regards the present interests of this District, I have no right to offer any opposition, but my candid opinion is that the Government of the time being, ought not with reference to their own character in the eyes of future Governments, to admit them but that they ought to court such an enquiry as will satisfy them that justice has been done to every party.—

4 Had the case originated in my own time, I should have considered a regular summary enquiry necessary from which an appeal would have been open, and the case would have been brought regularly to issue It did not so originate, but the erection of this Dam had been prevented at five different times, commencing in 1835 by my Pro-decessors Messrs. Hanbury, Anstey

Anstey and Crawley and there cannot be a doubt but that under Regulation XI of 1816 Section XV, clause III this Office did possess the power to keep things in the state they were first found, and the exercise of that power was necessary for the public tranquility— Allowing however that, instead of this power having been exercised in removing the Dam, it had been applied to the retaining of it, would not this Office have incurred an equal responsibility with reference to the interests of the other party concerned both of whom it would have been impossible to satisfy, and what would have been my own position, if I have taken on myself to set at nought the proceedings of three of my Predecessors and to adopt a course directly opposed to the records of my Office—

5. It cannot of course but be admitted by me that the facts of the Cottam Proprietor having since he became possessed of that Estate, allowed the erection of this Dam, and the two Estates

of

of Godecherlah and Streerampooram in the Vizagapatam District affected by it being, under one Proprietor will take me into Court at a dis-advantage, a reference however to Captain Dev Butts will I think, satisfy the Board on one simple point, Vizt. that in addition to the right to a Dam as claimed, the north of the Bhoomee Calvah has been lately carried for-ward artificially a very considerable distance, to which point great attention will be ne-cessary in the course of the investigation by the Court, for admitting that a Dam did exist at the time of the permanent Settlement, it certainly did not exist at the locality of the present one.—

6. In allowing me to defend this suit, the Government have been pleased to grant their sanction conditionally— This I have no right to object to, but I think in a case of such importance to Government, they ought at once to adopt the case as their own, and leave me entirely un-shackled in the public protection of their interests— The point at issue is not be-tween me and the late Goday Sooria Peacaparow

Peacaparow or his Heirs, but involves the question, whether the Estate of Cottam in this District and of Godecherlah and Streerampooram in the Vizagapatam District were permanently assessed with or without this Dam in existence— If it was then in existence, it would be a violation of the rights of Godecherlah to remove it now; if it was not in existence at the time of the Permanent Settlement, Government must consider how they are to realize the revenues of the Cottam and Streerampooram Estates in the event of their reversion; without the original Sources of irrigation on which their Permanent Assessment was fixed.—

7 Before closing this letter it is necessary for me to refer to another point, as to with whom a Pauzeenamah should be made, in the event of that course be-ing adopted. Since the death of Goday Sooria Peacaparow, his Estates have, by the public registry of them, in the names of

of Vadooroomoody Veriah Puntoolo and Sunkah Adenaroidoo, really in a legal point of view, passed out of the hands of his Family, carrying with them balances due to Government I believe to the amount of Rupees eighty four thousand - This suit is connected with these Estates and if the complaint against the conduct of this Office is valid, a portion of the said accumulation of balances must be attributed to this cause. Is the Rauzeenamah, therefore to be filed with the parties who have succeeded to the Estates or with Godavy Jauneekiah, the Widow of the deceased who has succeeded to his personal property.—

8. The Court had granted me to the 20th of this month to file my answer and I have now applied for six Weeks more to enable the consideration of the present references.—

From the Collector of Rajahmundry ---- Sir, Para 1

In submitting for the sanction of the Board of Revenue my account of Sauderwared for the past Fusly 1250 I am called on to explain the circumstances under which this charge has been increased.—

When the Board of Revenue sanctioned a fixed charge for Sauderwared on 19th September 1836 they observed that the actual disbursement would generally fall below the Estimate, but should an increase in any Item unavoidably occur, full explanation of the cause should be given to enable the Board to pass the charges during the two Fusly years 1248 and 1249 I had considerable difficulty in avoiding an increase of Charge inconsequence of

Submitting for sanction an Estimate of Sauderwared charges of the Collr Huzzoor and District Establishments for Fusly 1251 with the necessary explanations for the increase above the amount thereof as last sanctioned.

When the present amount of Huzzoor Sauderwared was Sanctioned at Rupees 1351-6-7 the number of Villages belonging to Government was 262 bearing a Permanent assessment of Rupees 516076-4-5. At present the number of Villages under Government is 349 and the Permanent assessment Rupees 661664-11-7 being an increase of Villages 87 and Permanent assessment Rupees 145588-7-2. Inconsequence of this the charge of Saderwared has in the past fusly 1250 been increased from Rupees 1351-6-7

Resolution thereon

(33. 34)

The reasons assigned by the Collector of Rajahmundry for the increase in the amount of the Huzzoor and District Saderwared for Fusly 1250 will be taken into consideration on passing his Statement of Saderwared and Extra charges for that Fusly which he is requested to submit at his earliest convenience.

With regard to the increase proposed for the current Fusly, the Board request Mr. Smith will be pleased to submit a Statement of the Saderwared Huzzoor and District, as at present sanctioned, quoting the date of sanction and the estimate he would propose from the beginning of the current Fusly to be considered the standard amount by which his future disbursements on account of Saderwared are to be regulated.—

Sir

Para 1 I have the honor to acknowledge the receipt of your letter of 12th Ultimo submitting for my Consideration and remarks, the Draft of an Act (already in force in Bengal) which it is proposed to enact in supercession of that part of Regulation V. of 1812 of the Madras Code which regards disputes for the possession of land, and Calling on me to submit Statement shewing for the last ten years

Fort St. George 30th September 1841

how many summary Suits under Regulation V of 1822 have been filed in my office, and disposed of in each year, and how many were lying over at the end of each year, also the time usually occupied in the disposal of each Suit, to enable Government to frame an enactment for the recovery of arrears heretofore provided for by that Regulation.—

2 In reply, I beg leave to state that Act No. 4 of 1840 hitherto applicable only to Bengal, appears to me to contain the Provision necessary for providing relief in cases of affrays arising out of the forcible dispossession of lands. Though it may be worthy of consideration whether sufficient notice is taken of affrays of an aggravated nature which might still require to be forwarded, according to their circumstances, to the Criminal Court.—

Marked A 3 A Statement shewing the number of summary Suits filed under Regulation V of 1822 during the last ten years, the number disposed of in each year, the number lying over at the end of each year, as well as the time usually occupied in the disposal of each Suit is herewith submitted.—

From the Collector of Guntoor ----

Submitting for the consideration and orders of the Court of wards, Copy of the Petition &c. from the widow of the late Mr. Mancanmah Row Zemindar of Chilkaloorpaud Estate respecting the adoption of a Boy by the said widow.

Dated 25th June 1841.

I have the honor to submit, for the consideration and orders of the Board, the accompanying copy and Translation of a Petition with copies of its enclosures from Maunoory Bhauratummah, the widow of the late Mr. Mancumma Row Zemindar of the Tooloor Subdivision of Chilkaloorpaud, stating that she has adopted one Venkata Kristna Narasimha Row, aged about 8 years, pursuant to the orders of her husband, on Monday the 3d increasing moon of Aushaudum (July 1841) and soliciting for the support of the Minor, an Establishment involving a monthly expenditure of Rupees 550-12-, according to the Statement which accompanied the said Petition.

taken from the individuals Noted in the margin, relative to the alleged adoption, copies of these Depositions are submitted herewith It will be seen that the late Zemindar gave orders to his wife, the Petitioner, before his death, to adopt a Boy for the perpetuation of the Samustanam, and that in conformity with these directions M. Venkata Krishna Narsimha Row has been adopted according to the prescribed forms. By this adoption the Minor has succeeded to the Sooloor Subdivision of the Chilkaloorpand Estate.

A Statement is herewith submitted, shewing the Amount formerly sanctioned by the Board on account of the then Minor Venkata Narsimha Row, the Amount applied for on the present occasion, and the sum which it appears proper should be allowed for the support of the Minor the Amount sanctioned in 1816 was Rupees 1326-9-8 per Mensem, but the then Minor had succeeded to the whole Estate and the property was in a prosperous condition, The present Minor is in possession of one half only of an Estate which moreover is in a deteriorated state, The Amount of Establishment applied for on the present occasion by the widow of the late Zemindar for the support of her adopted Son is Rupees 550-12- exclusive of the charges to be incurred hereafter on account of instructions in English and Hindoostanee The Establishment proposed by the widow has been

See letter from the Board dated 20th June 1816

been amended by me and reduced to Rupees 450—8—. with reference to what appears proper under the present condition of the property. The particulars of reduction are shewn in the Statement. The sum fixed for the adoptive widow is Rupees 35 per Mensem, which may be paid to her direct from the Treasury if she desires it. The payments to the Telugoo, English and Hindoostanee Masters should also be made direct from the Treasury. The charge for instruction in English and Hindoostany will not be incurred for a short time.—

4. The sum allowed as subsistence to the late Zemindar when in charge of the Management of the Estate was Rupees 205. per Mensem the sum now proposed for the Minor appears large in comparison with this Amount, it is however to be borne in mind that the late Zemindar

had customs and other advantages which the possession of the Estate afforded him. The income from these sources enabled him to provide for the dependants on the family. These will now look to the Minor for support and adverting to the details of charge as shewn in the Amended Statement now submitted it will be considered that the aggregate sum Rupees 400—8— proposed to be allowed as maintenance to the Minor, is not too large.

Proceedings Relative to the Management of the Minor Estate of Choondy for Fusly 1249.

Read the following letter from the Principal Collector of Nellore reporting the result of the management of the Minor Estate of Choondy for Fusly 1249.

39

1 The season is stated to have been more favorable than that of Fusly 1248 and there was in consequence an extension of Cultivation of all descriptions amounting on the whole to 231 5/16 Goortoos -

2 The Number of Villages was the same as in Fusly 1248 viz 44. but one small hamlet consisting of only one or two houses, having been abandoned in the Fusly under review, the number shewn in the accounts is 34 instead of 35. In Fusly 1248 there were two Villages retained under Umanie, the remaining 42 being rented - In Fusly 1249. they were all rented. The Settlement of the 42 Villages rented in both Fuslies shews a small increase of Rupees 4-8-10 - The rent of the two Villages above noticed

was

was less than the Umanie Settlement of Fusly 1248. by Rupees 29-14-3.

3 From the Statement annexed to Para 7. it appears that the total Settlement of Fusly 1249. including the rent of Tamarind Topes &c. classed under the head of Dowle Ezapha. and Moturpha. amounted to Rupees 32828-12-1. being Rupees 1169-9-9. in excess of the Settlement of the preceding year. This increase appears to have been occasioned entirely by the favorable nature of the season in consequence of which the deductions from the Gross Settlement on account of wet land left uncultivated, were considerably less than in Fusly 1248. In the Moturpha demand there was a decrease of Rupees 227-8-. owing to the Collections under that head which had formerly been credited to the Zemindary having since November 1839 been carried to the credit of Government under orders from Government and the Board of Revenue

Para 8. Of the current demand which as

4

as noticed above, amounted to Rupees 32,828—12—1. Rupees 30,802—8—6 were realized within the Fusly and Rupees 683—3—9 subsequently, leaving a balance of Rupees 1,342—15—10 outstanding at the date of the Principal Collectors' report.—

The amount credited to the Estate as Collections belonging to Fusly 1249. was Rupees 31,095—5—. The charges for the same period which comprize the items noted in the Margin amounted to Rupees 25,051—9—7

6 The explanation afforded in Paras 13 and 15 regarding the increased amount of the sums entered under the head of "allowances to the Zemindar's family" "Payment to Creditors" and "Peishcush" requires no comment.

7 The Court sanction the charge of Rupees 152—8—8. on account of Tank repairs for which sanction is requested in para 11.

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings of the 24th June last.

2. There are no Pagodas of any particular note in the District and those only in the administration of which any Government interference is at present exercised are the following.

From the Pl. Coll. of Nellore — Reporting on the Pagodas in the District

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings of the 24th June last.

2. There are no Pagodas of any particular note in the District and those only in the administration of which any Government interference is at present exercised are the following.

Immavada Pagoda

3. The Dhurmacurta of this Pagoda formerly was a Bramin of the name of Deetchatoolo, but he resigned it on account of his advanced age, and having left no issue, the Pagoda was taken in the year 1815 under the management of the Officers of Government — It has two Villages, a cundrega — and two Maniems. An account of the necessary expenses for the daily and monthly Ceremonies and for the annual festivals was fixed and the income of the Pagoda — lands was settled to be received into the Public Treasury, from which all charges, were

defrayed

depayed; The Priests and Pagoda servants have a separate Cundrega for their own support with which the Government Officers have not interfered. Up to the close of fusly 1250 the sum in deposite belonging to this Pagoda is Rupees 41—5—4. No one has ever yet come forward since the death of the last Dhurmacurta to claim the Office, and I cannot ascertain that there is any one who has an hereditary or valid right to it and the Priests say there is no lineal descendant or Representative living of the last Dhurmacurta.

4. Yarabauka Paupareddy and Damavarapoo Mullareddy Reddies of Cauliacamgolloo a Government Village have agreed to take the Charge and Management of the Pagoda and its property. The Priests assent to this and say that they cannot undertake the charge. Cauliacaugolloo is only a Mile distant from Ionnavada and they have long been connected with the Pagoda, having for 10 years when the last Dhurmacurta from advanced age and infirmity was unable to take any part in the management

management, conducted all the affairs of the Pagoda and given as far as can be ascertained general satisfaction.

Gundavaram Pagodas

5. It does not appear that there ever was a Dhurmacurta to these Pagodas. Their affairs were managed up to the year 1815 by a Reddy named Cauremgoody Moottealreddy when Mr. Fraser the then Collector having some cause of displeasure against him unconnected with the Pagoda affairs took the management from him and gave it over to the Priests with whom it remained two years, but they were found incompetent to the task and it was taken under Government management. Moottealreddy died a short time since and has left no male issue. There are two Pagodas in this Village and a Cundrega was granted for the support of both. The Priests and Pagoda servants hold separate lands and enjoy fees in Grain for their support and service in the Pagoda with which the Government Officers do not interfere. There is a table of the fixed, expenditure for the Pagodas but

but as the price of the several articles fluctuates, accounts are forwarded periodically by the Tahsildar to the Hoozoor which after examination in the Cutcherry, are passed if correct unobjectionable, and the sum is defrayed out of the income derived from the Pagoda lands— The same system is followed in regard to the other Pagodas under the management of the Officers of Government. The amount belonging to this Pagoda in deposite up to the close of fusly 1250 is Rupees 224-3-0

No one has yet claimed the Office of Dhurmacurta to this Pagoda.—

6.— There are rival claims to the management of this Pagoda— The Priests claim it also two of the Curnums Munnapully Rungiah, and Munnapully Narainapah, Magoona Lutsareddy, and Toomalee Lutsareddy the last the Moonsiff and the 1st. the Reddy Capoo of Gundavaram, have likewise declared themselves ready to undertake the management. The Reddies claim it by virtue of their being the Heads of the

the Village in whom the management of the Pagodas has usually been vested, when not conducted by the Officers of Government. The two Reddies are nearly related to each other— The two Curnums claim it on two grounds, first that they were the means of procuring from Mr. Travers the Cundrega which now belongs to the Pagodas and that their ancestors built a small Pagoda inside of the compound wall of the larger Pagoda— They say also that they have all along taken part in the internal management— The Priests wish the Pagoda to be still kept under the Circar management and if this be not practicable that it may be made over to them, and the ground that where there is no Dhurmacurta they are the proper persons, to be entrusted with the management and actually had it for two years after it was taken from Moottealreddy. The Chief reason of the Priests having failed on this occasion arose from their inability to manage properly the Cultivation of the lands but they are notoriously men of very indifferent,

indifferent character, and as far as I can judge not persons of respectability and intelligence to whom it would be safe to entrust alone the Pagoda Concerns.

Pauderty Pagodas

7. There are two Pagodas in this Village which were formerly under the manage-ment of the Priests, but as they neglected the daily and annual Ceremonies, the manage-ment of them was assumed by the Officers of Government in the year 1818. They have no lands attached to them but derive their income from a compensation paid by Government in lieu of Salt Rowsoons for-merly paid to the Pagoda, but the Collection of which was put a stop to on the Establish-ment of the Salt monopoly. The effect of that monopoly was to reduce the manufac-turers share considerably below what it had been previously and to give a large increase to the Government in a high monopoly price and these considerations seem to have led to the relieving the Salt Ryots of the payment of these Rowsoons and

and imposing it on the Government. The amount in deposite up to the close of fusly 1250 is Rupees 274-13-7. The Priests hold two Mauniems for their services in the Pagodas with which no interference is exercised. They appear originally to have been the persons to whom was entrusted the management of the Pagodas and their concerns.

Indoor comp.tt Pagodas

8. The Villagers had the manage-ment of these Pagodas two in number up to the year 1809. but inconsequence of its being a source of constant dispute the persons cultivating the Cundrega failing to make good the in-come from it, the Decennial Renter took them into his own hands and managed their affairs up to 1822. A year or two after the expiration of the Decennial rent, the man-agement of the Pagodas was assumed by the Officers of Government. These Pago-das have a Cundrega and some Mau-niums, besides fees in Grain. The Cundre-ga only is under the management of Government Officers, while the other

sources

sources of income are managed by the Priests—
The surplus receipts in deposite from the
Cundrega up to the close of fusly 1250 is Rupees 471 3-
The Village People object to the management being
given over to the Priests as they affirm that they
never duly appropriate the Funds. The Priests
on the other hand object as strongly to the
management being given over to the Villagers. There
has never been a Dhurmacurta to these Pagodas,
but it appears that the Head Cauzoos of the Village
have usually exercised a larger share of influence
in the affairs of the Pagodas than the Priests—

Kistnapatam Pagodas— 9. In consequence not only
of mismanagement, but of endeavours on the
part of the Village people to encroach on
the Pogoda lands— the management was
assumed by the Circar in 1836 and the
Cundrega renked out. the rent was received
by the local Government Officers, and the
expenses of the Pagodas defrayed there
= form, under sanction from the Hoozoor

but

but some Mauniums as also the Salt Rod
-soons payable to the Pagodas were left
under the management of the Priests. The
surplus receipts from the Cundrega now in
deposite amounts to Rupees 493- 8- "-

The foregoing are the only
10. Pagodas or places of Religious resort in the
administration of which the Government
servants exercise interference—

There are three other smaller
11. Pagodas, those of the Villages of Alloor, Doo
-voor and Juckapully Goodoor over which the
Tahasildars have been directed at the re
-quest of the Villagers to exercise a sort of
surveillance to prevent mis-appropreation of
the Funds which had been complained of—
The arrangement was satisfactory to the peo
-ple, and was no doubt in some degree a
salutary check upon those entrusted with
the management of the Pagoda Funds.
but the interference is in fact merely nominal,
for the income of the Pagoda is still received
by the Villager nor do they furnish any account
of their receipts or expenditure—

There

12. There are the cases of two other Pagodas with which the Government have at present no interference but which require to be disposed of. The one relates to the Pagoda of Saurogoomully in the Davagoodoor Talook in the Sub Division. It seems that some time since it was in so dilapidated a state as to be useless. It continued so for about 20 years, while the Mauniam attached to it to prevent misappropriation by the Villagers was taken under Circar management and the revenue from it received into the Public Treasury and carried to the Head of Deposite. The sum now in deposite is Rupees 274-14-6 For some years the Mauniem has not been cultivated and the Pagoda is in the same state. I would recommend that the sum in deposite be placed at the disposal of the Villagers and Priests on condition of their repairing the Pagoda within a specified period and that if they are unwilling to do so, that the Mauniam be finally incorporated with the Government lands a[illegible]

the amount in deposite carried to the account of Government.

13. The other case relates to a Pagoda of some note in the Village of Mullavaram in the Enamanamellore Talook of the Sub Divison. About 20 years ago the Pagoda was some time under the Circar management, after which it was restored to the Dhurmacurta, but in doing so, it seems to have been considered that the lands attached to the Pagoda were fully sufficient for its expenses, and compensation for resumed Salt Roofsooms to the amount of Rupees 10-3-6 payable monthly to the Pagoda were withheld, though debited in the accounts but kept under the Head of Deposites. The amount the payment of which was so withheld is Rupees 2713-11-6 and the same system still obtains of debiting the amount monthly in the Circar accounts and carrying it to the Head of Deposites. No application has ever been made for this money and though there is reason to think that

Fort St. George 30th September 1844.

that the income from the Pagoda lands suffices for the expenses still the Roosoomms actually form legitimate source of income to the Pagodas, and I am of opinion, should be appropriated under proper check to its use, I would therefore suggest that the amount in deposite should in the manner proposed for the other Pagodas be held at the disposal of the persons who have the management of the Pagoda, and the payment of the Satt Roosoomms made to them for the future.

4th I am of opinion that the affairs of all the Pagodas, I have enumerated in the margin of which the Officers of Government interfere, should be regulated on one principle. The plan I would recommend is to keep the revenue derived from the Lands under the management of the Circar in deposite in the Public Treasury and to disburse from it such sums as may from time to time be required on the application in writing of the persons jointly entrusted with the management of the Pagoda with whom all responsibility as to the detailed

F. S.

Fort St. George 30th September 1844.

detailed expenditure &c. should rest. The point of importance is the selection of proper persons to be entrusted with the management, unless the Head Reddies of the Village are conjoined with the Priests as Trustees, the latter cannot manage. The assistance of the former is absolutely necessary for obtaining grain and the several articles required for the Pagoda and innumerous other matters which it is unnecessary here to detail. The actual ceremonies &c. within the Pagoda are always left to the Priests, and should be so still. The great object on the part of Government is to guard against misappropriation of the Pagoda money, and this can best be effected, by a joint management of Villagers and Priests. In conformity with this principle and with reference to the observations I have already made regarding the several Pagodas, I beg to recommend that the management of them be respectively made over to the persons enumerated below.

15.
I would propose that a formal
Summud should be given by the Collector vesting
the entire management of the respective Pagodas
in the names of the persons to whom it is
to be entrusted, that any income received into

into the Public Treasury should be kept in deposite,
and disbursed only on the written application of
a majority of the Pagoda Managers and that there
should be no sort of security or interference with
the detailed expenditure or internal administra-
tion of the concerns of the Pagoda.-

16. The making the Managers and
their Subordinate Officers responsible only to Courts
of Justice for a breach of their duties will I fear
fail as a practical measure.- The Courts should
be and always will be open for the adjudication
of such cases, but there should be some authority
to decide intermediately. The Natives have a great
repugnance to going into Court. The parties most
interested in the well management of the Pagoda
are the Villagers generally. It affects them as a
collective body, not individually, and under these
circumstances it will rarely be found that any one
will feel himself so personally interested in
the matter as to come forward and undergo
on behalf of the rest the trouble and absence
from home if not expense which are in-
volved in the prosecution of a suit in Court,
in which he is not a whit more interested
than they are, and it is idle to suppose that
the

Fort St. George 30th September 1841.-

the Village people in a body will throw themselves into Court if they can avoid it, and it would be equally out of the question to throw upon the Collec= =tor the burthen of prosecuting before the Court breach= =es of trust on the part of the Trustees. The Collector should in the first instance be empowered to de= decide summarily in such cases and the Courts may adjudicate afterwards and finally if either party is dissatisfied.-

17. The Offices of Archacoo or the Priests of the Pagoda as well as those of the subordi= =nate Servants are considered a meras[illegible] and the Son or heir usually succeeds when vacancies occur, and on such occasions therefore I do = not conceive that any interference would be called for, and the same remarks is applicable to the Office of Dhurmacurtu. In the event of a litigated succession the proper tribunal for the parties to have recourse to for an adjudication of their rights is the Civil Court because it is question of Meras[illegible] and not only seriously a= affects the rights of present claimants, but of their posterity and forms one of those cases which demand a solemn and regular investigation and decision by a Court of Justice in the first instance

But

Fort St. George 30th September 1841.-

But as regards those Trustees, to whom this remark is not applicable the Pudaies, Curnums, &c. I think the only plan is for the remaining Trustees to elect another to fill up the vacancy. It would not be advisable to apply to them the rule of Hereditary succession because it is not with them a Meras[illegible] as it is with the Pagoda servants and the son of a Moonsiff or Curnum may be very unlike his father, and be un= =fit from one cause or another to be en= =trusted with such duties. I think moreover that where, as is very likely to be the case, the Managers may unanimously agree to add to their number they should have the privilege of doing so, provided it be limited to an addition of three persons only.-

Ordered to be sent again in circulation.
Read the following letters.-

To,

The Secretary to the
Board of Revenue
Fort St. George

From the Pr. Collr.
of Cuddapah
Sir,

Reporting for the orders of the Board of Revenue, a case of disputed claim to the Surwah Enam Village of Toogottapully in this District

42

I have the honor to report for the orders of the Board the following case of disputed claims to the Surwah Enam Village of Toogottapully in the Summulmudgoo Taluk granted by former Government and continued by Colonel Munro.-

An Extract from Mr. Ross's Register containing a short description of the Enam is Enclosed.

The Enamdar therein mentioned is said to have died about twenty years ago and the family is now represented as follows.

Peejada Puffee Sahib deceased.-

	Eldest Son		Second		Third		Fourth		Daughters
1	Bada Peera Sahib deceased	2	Patcha Peera	3	Dada Peera	4	Gouse Peera	5	Ajmud Bee and Corpham Bee
6	Adopted Son Mohomed Peerah								
7	Son Pasha Peera a Minor								

Of these, Gouse Peera complained to the late Acting Collector Mr. Lavie that he had been made sole heir to the Enam by his father and

Comp. Pr. J. R.

and that he had a document to that effect, by that his Brothers prevented his management of the Village. After some enquiry Mr. Lavie issued an order on the 12th October 1840, directing that as the Village had been for a length of time under his management, it should be continued in his possession, and that if the Brothers had any claims, it should be preferred in a regular manner. A Copy of the order was given to the Complainant on Stamp paper and an Endorsement on his petition.-

The brothers Pateh Peera and Dadah Peerah then appeared and stated that the Revenue of the Enam had been hitherto held in Six Shares, as follows and they produced an agreement in support of their assertion.-

1 Share by family of Eldest Son No. 1.
3 Shares by surviving Sons 2-3 and 4
1 Share by their two Sisters - - 5
1 Do set a part for the support of a Mucceam or Chattrum.-

The last Share by the agreement was to be held by one of them who should undertake the management on condition of shewing the Accounts of expenditure to the others when required.-

Mr. Lavie

12499 Fort St George 30th September 1841

Mr Lane then decided that all were equally entitled and should continue to hold the Enam in the above Shares and the amount of the Motorpha tax which is collected by the public Officers and afterwards paid to the Enamdars amounting to Rupees 26–15–0 was to be shared in the same way.

Gouse Peera was called upon to return the first order copied on Stamp paper and the Endorsement on his petition but did not comply with the order and his Share was sequestered and the proceeds still remain in deposit

In pursuance of this decision the amount of the Motorpha tax for Fasslies 1248 and 1249 was remitted to the Tahsildar for distribution in the appointed Shares, and the Brothers Patcha Perah and Dadah Perah /2 and 3/ received their Shares. The Sisters /5/ did not appear. The Minor /7/ did not attend, and the Meccan not being in the possession of any one, their three Shares were unpaid and remain in deposit, as well as the share of Gouse Peera withheld for his contumacy in refusing to restore the cancelled orders

The

12500 Fort St George 30th September 1841

The Tahsildar now reports that Patcha Peera and Dadah Peera have offered to receive and distribute the unpaid Shares if they are entrusted with the management

It appears to be necessary that some decision should be passed as the parties are precluded by Regulation from resorting to a Civil Court and I think the best way of disposing of the case would be to recognize the Eldest surviving Son of Puppa Sahib as the head of the family, the distribution of the Shares as above described being made the condition of the Enam being continued to him. There seems to be no objection to the payment of the Shares of the Motorpha collection now in deposit, and it is perfectly immaterial whether Gouse Pera restores the cancelled orders or not

Proceedings thereon.

42. 43

The Board observe that no mention is made in the foregoing Letter of Mahomed Peer the adopted Son of the Late Padre Peera the eldest Son of the original Enamdar Peerjadah Ruppee Saheb. If this individual is alive it occurs to the Board that in virtue of his adoption, he possesses a better claim to be considered as the head of the family than Pateka Peer the Younger Brother of his adoptive father. The Board request further information on this point before they pass orders on the arrangement suggested by the Principal Collector.

Sir,

From the Principal Collector of Cuddapah

With reference to the Proceedings of the Board of Revenue dated the 2d. Instant respecting the Official designation of Periapatam Ramiah the late Native Assistant Collector, I have the honor to submit for the consideration

of the Board that the title of "Sayer Superintendent" may be substituted for that of late "Native Assistant"

Ramiah since his return to the District has been entrusted with the Superintendence of the Sayer and Abkary Departments

Resolution thereon.

44-45

As Periapatam Ramiah is allowed by Government to continue in the receipt of the pay which was originally fixed in virtue of his office of Native Assistant, the Board consider the appellation of "late Native Assistant" to be the most appropriate that can be selected, and in fact it appears questionable whether he would be allowed to draw his allowances under any other designation.

From the Princ.l Coll.r of Cuddapah

Sir

I have the honor to report that the Yeomiahdar Syed Hussein lately transferred to this District has suffered a period of more than six months to elapse from the date of the last payment without claiming the amount due to him, and with reference to the 5th of the Rules regarding Yeomiahs, I have the honor to request that authority for the payment of arrear and continuance of the Pension may be attained.

arrears and Continuance

It will appear from the correspondence Copy of which is annexed that the delay is not to be entirely attributable to the Pensioner.

Sir

Syed Hussein the Yeomiahdar mentioned in your letter dated the 3d of May last, having failed to appear for the purpose of receiving his allowance within the prescribed period of six months alleges that he was partly prevented by infirmity and old age, and partly from the delay to transfer him to this Zillah for five months after he made his application. I shall therefore be obliged to you to inform me whether any considerable time elapsed after his application before the transfer was communicated to me.
