To, The Secretary to the Government of Fort St. George,

Sir,

4

1. His Highness the Nizam having requested me to procure for him a considerable supply of Sandalwood from the Mysore Country, I have the honor to inform the Most Noble the Governor in Council that Major General Cubbon Commissioner of Mysore is about to despatch to Hyderabad 45 Candies of Wood from the District of Shamaga.

2. As this supply is intended exclusively for His Highness personal use I would beg to suggest for the consideration of the Government of Fort Saint George the propriety of allowing the

the Sandalwood in question to pass free of the usual duty levied on this article on entering or leaving its territories.-

Hyderabad, Residency, 4th. October 1844.

(Signed) J. S. Fraser
Resident.

Resolved that the foregoing letter be referred to the Revenue Department with the view of ascertaining whether any objection exists to a compliance with the request therein contained.

By order

(Signed) G. D. Drury.
Chief Secretary.

The Most Noble the Governor in Council permits the Sandalwood required for the use of His Highness the Nizam to pass free of duty from Mysore into the Hyderabad Territories, and desires that the Board of Revenue will issue the necessary instructions to the Collectors of the Frontier Districts.

(Signed) G. D. Drury
Chief Secretary
Ordered

Order thereon.

(4-5)

From the Chief Sec.y to Govt.— Directing that if the Court of Wards consider Venata Ristna Row qualified to manage the affairs of the Moneyah Zemindary he may be required to execute the usual obligation for that purpose & conform to the Rules prescribed by Regulation V of 1804 Requesting also that the date on which the Coll.r has calculated the proportionate reduction of the Peishcush to which he thinks the Estate is entitled, be given.

(6)

Ordered to be communicated for the information and guidance of the Collectors of Bellary, Cuddapah, Kurnool, and North Arcot respectively.-

Extract from the Minutes of Consultation under date the 12th. November 1844.

Read the following Extract from the Proceedings of the Board of Revenue stating with reference to a letter from the Collector of Masulipatam dated 15th. November 1843 that the Board are prepared to support his recommendation in favor of an arrangement proposed by the Manager of the Moneyah Zemindary by which he engages to undertake the exclusive management of that Estate in Conjunction with the adoptive Mother of the Minor Zemindar, to furnish securities for the punctual discharge of the Peishcush as well as the arrears due to Government by annual instalments and to provide for the subsistence of the Minor

Here enter 23d. Sept.r 1844 No. 439

The

1.

The Most Noble the Governor in Council observes that past experience has shown that little dependence can be placed on any Security the Manager in conjunction with the adoptive Mother of the Minor might offer for the punctual discharge of the Peishcush of the Moneyah Estate, as well as of the Arrears due to the Government by annual instalments, and also for the due support of the disqualified proprietor. The Court of Wards state that the engagements entered into upon the responsibility of the Manager have not been fulfilled, but no measures would seem to have been taken to ascertain whether the Renters owe any, and what, balances to the Manager, upon whose responsibility they gave security for their respective shares of these Engagements; and by whom it is presumed the Arrears of Revenue are really due. The defalcation in the stipulated rent, it is observed, has Amounted to Rupees 15,878—11—6— of which

Sicca Rupees 8,313-14-6 or nearly two Years Peishcush are due to Government.—

2.

His Lordship in Council sees no reason why the Management of the Estate should not be conducted strictly in Accordance with the provisions of Regulation V of 1804, and with a view to meet the wishes of the family that the Estate should remain in their hands, he directs that, if the Court of Wards be satisfied that Venkata Kistna Row, the boy's father, qualified to manage the affairs of it, he may be required to execute the usual obligation for that purpose and to conform to the rules prescribed by this Regulation. The Collector taking care at the same time to exercise such efficient means as will secure the interest of the Minor.—

3.

The Collector has not explained the data on which he has calculated the proportionate reduction of the Peishcush to which he thinks the Estate is entitled. The Court of Wards will be

15708 Fort St. George 21st. November 1844.

be pleased to call upon him again to supply the information which was required in their Proceedings under date 2d. September 1839 Viz.t "to enable them to judge whether "the Amount of remission recommended "bears the same proportion to the "total rent as the Value of the "lands made over to the Nizam "bears to that of the entire Estate "previous to the transfer" The Cause of this information not having been supplied should be explained.

Para 13.

To the President and Members
of the
Board of Revenue.

Read the following Papers.

Extract from the Proceedings of the Board of Revenue—

Submitting a letter from the Collector of Tinnevelly soliciting instructions as to the proper standard to be adopted in weighing Cotton and requesting to be furnished with a Set of Scales and Weights answering to the standard to be introduced—

Here enter 16th Oct. 1844. No. 40/-

To G. D. Drury Esqre.
Officiating Secretary to
Government
Fort St. George.

Sir. I am directed to acknowledge the receipt of your letter No. 905 dated the 5th. Ultimo with Enclosures, and in reply to communicate the desire of the Right Honorable the Governor in Council that for the attainment of uniformity the Maund of 3200 Tolas be in future maintained as the weight of the Indian Maund in all Government transactions.—

Fort William, the 12th. October 1844.

(Signed) T. R. Davidson
Offg. Secy. to the Govt. of India.

Resolved.

15710 Fort St. George 21st November 1844.

Resolved that the letter from the Government of India, be communicated to the Board of Revenue, with reference to their letter dated 8th August last No. 345 with directions that the Maund of 3200 Tolas be adopted as the standard in weighing Cotton.—

The Board will be pleased to ascertain and report whether Scales and Weights according to this standard can cannot be provided without the necessity of their being supplied from the Presidency and whether the Scales recently used in the Sayer Department might not be made available.—

To The President & Members of the Board of Revenue.—

(Signed) G. D. Drury
Chief Secretary

To. E. C Lovell Esqre

Acting Secretary to the

Board of Revenue.

Fort St. George

From the Asst Coll.r of Ganjam — } Sir,

I beg to acknowledge your

Reports on extension of act X of 1842 to this Presidency — letter dated 21st Ultimo concerning the extension to this Presidency of Ac of 1842.

2- I think the Act may with great advantage be extended to this Presidency generally by a simple act to that effect, but with reference to the Ganjam District only I think that the Magistrate should be permitted an encouraged to reach the object of the act by local arrangements with the communities without the harass ing machinery of a Committee report every detail to Government.-

3.- I beg leave to refer the Bo to a letter written by Mr. Stonhouse Principal Collector of Nellore on 22d October 1836. in reply to the Board Circular

14

J.G.B.

5720 Fort St. George, 21st November 1844.

Circular dated 28th July 1836- it has

4- Before receiving your letter the had had the subject under attention, and I have been in communication with the people of Ganjam town for the purpose of introducing a very low rate of assessment upon houses, maintaining from the subscriptions 8 or 10 men who should be employed in cleaning the streets, roads, ditches, and tanks- I am daily expecting the final answer of the parties who would not join their fellow townsmen in agreeing at once to my proposal.-

5- I purpose to make the sub- scription voluntary at all times en giving to any one or more contributors the option of withdrawing if they fancy the scavengers are not en fairly employed. This being a co coercive mode of compelling justice and of reducing expence will be the best safeguard against any influential party monopolizing the benefits of the plan -

Should all parties

/ Signed / T. A. Anstruther
Acting Collr.

To.
C. C. Lovell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

(15)

From the Collr. of Bellary.

Submitting his opinion that the leading principles of Act X of 1842 do not require any alteration to render them applicable to the local exigencies and municipal condition of the Chief Towns in the Zillah of Bellary.

Sir.

1. I had the honor on the 28th to receive your Circular letter of the 21st calling upon me to submit my opinion as to the alterations which will be required in the Act X of 1842. in order that its Provisions may admit of application to the local exigencies and municipal condition of the Chief Towns within my District.

2. In reply I beg leave to state for the information of the Board of Revenue and Government that the leading Principles of the

15722 Fort St. George. 21st November, 1844.

the above specified Enactment has do not in my opinion require the alteration to render them applicable to the purpose indicated in your letter, except as regards the rate of assessment which instead of 5 per cent might be fixed at 12 Per cent on the Rent or yearly value of each house, or at the rate of one Anna of a Rupee per yard of the space occupied by the front of the Premises next to the street as the Government may deem proper.

x Vide my letter to the Chief Secretary to Government dated 14th January 1842. No 2.

3. There are in this District Ten considerable Towns, the Chief of them is Cusbah Bellary inhabited by respectable men of all Castes of Natives among whom are persons eligible both by Education and Station to serve on the Committee provided for by the Act. As the Towns people, they are otherwise competent to the trust intended by the Act to

y Vide my letter to the Board of Revenue dated 22d June 1843.

z Hindoos Mahomedans Indo-Britons.

Fort St. George. 21st November 1844.

to be committed to them and I have not a doubt that they would do justice to the appointment. The rest of the Towns, though the Population thereof is above, 5000 Census. consist of Persons who either from want of education or Spirit are so unequal to the task, that it would be useless to attempt to do any thing through their means, but the necessary powers might be otherwise arranged among the Government servants. At present the state of the streets and Lanes of ever Cusbah Bellary urgently calls for some permanent measures of improvement and I should imagine were the act extended to the Madras Presidency that the People of Bellary would be alive to their own interest. as connected with municipal arrangements.

4. My reason for proposing a reduced rate of assessment is that any excessive impost in the present hard times would not only be felt by the People as a hardship, but such impost is not really required

the

15724

Fort St. George. 21st November 1844.

the collection of the assessment has to be regulated with reference to the probable expenses. are in other words no more to be collected than is requisite to cover the expenses.

Bellary Coll.rs Office 16th November 1844.

(Signed) A. Mellor
Collector.

To,
C. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Pt. Coll.r of Combatore.

1. I have the honor to ac-
knowledge the receipt of your letter
of the 24th Ultimo requesting my opi-
nion as to the alterations which will
be required in Act. Pt X of 1842 to ad-
mit of its application to the
local exigencies of the Chief Towns
within this district.

16

2. In reply I beg leave to
offer as my opinion that I do not
consider any alteration requisite
in the existing provisions of that
enactment. It appears to me
that it may be made applicable

to

Fort St. George, 21st November 1844.

to the Madras Presidency and intro-
-duced into the Chief Towns and Mi-
-litary Stations. This District has not
as yet arrived at that degree of Civiliz-
-ation as to lead to the belief that
the Inhabitants will come forward
to propose the measure, and under
these circumstances, it will be encesse-
-dient to press it. When however the
good effect arising from its general

Fort St. George.

18

Sir,

From the Asst. Coll.r of Rajahmundry.

Mr. Prendergast has the honor to

Fort St. George, 21st November, 1844.

his letter of 19th June last informed the Board that in consequence of un-
-seasonable rains he should not be able to afford any Salt this year for exportation to Calcutta but the ex-
-port-turn has proved better than was expected at the time, and I find now that there were 255,424 Bengal maunds of Salt at the Coringah Pans and ex-
B. Maunds.
112,942 at the Mogulltoor Pans on the 1st of this month, making in all ex-
308,366 Bengal Maunds in store - Of this we can easily spare 150,000 Bengal Maunds, and I should be glad to receive the orders of the Board to sell that quantity for exportation to Calcutta.

Rajahmundry District. - - -

From the Asst Collr of Rajahmundry

Sir

20

I have the honor to acknowledge the receipt of your letter of the 7th instant calling for an immediate reply to your former letters of 1st and 15th of last month respecting the condition of the weavers in this District.

2. The letters referred to arrived during Mr Prendergast's illness and were attended to till after my arrival. On my visiting the District early in September I found it necessary to make myself acquainted with the whole system of Revenue management and to carry on the current duties of my Office, that for several days it was impossible for me to direct my attention to subjects not demanding immediate despatch. I commenced however as soon as I possibly could to collate enquiries respecting the condition of the weavers, and have already obtained portions of the information necessary to form a report upon, and I hope it will not be many days before I shall be able to prepare and submit the result of the investigation.—

From the Acting Collector of Guntoor

Sir

Forwarding for the Board's instruction Copy of a Petition and Cabulia Petition from Rajah Vaspereddy Ramanatha Baboo and his rival relative Atchenmah praying the former for an allowance in advance of what contemplated to be granted to him; and the latter discouraging an application thereto in reference to the decision pending before the Queen in Council on an appeal with and of his alleged malversations.—

Letter 20th Dec. 1842
Petitions

I have the honor to forward for such orders as the Board may deem expedient the accompanying Copies of Petitions with translations addressed by Rajah Vaspereddy Ramanatha Baboo and from his rival relative Atchenmah the first wife of Ramanatha Baboo deceased brother Jaggunnaiatha Baboo, the former justly adverting to the length of time he has been kept out of any fixed stipend solicits an advance of 4,000 Rupees towards his maintenance allowance, whereas the latter objects to compliance thereto on grounds set forth in her Arzee. In the latter part of the 2d para of the Board proceedings dated 21st November 1842 the Board directed that Ramanatha Baboo should be dealt with as proprietor to the disputed Vaspereddy Estate which was lately placed under his management until attached and finally surrendered to Government in reference to the General letter from the Court of Directors regarding the Zemindars Estates — Subsequently Mr Stokes recommended the Establishment of regular provisions for the proprietors and

and the Board in furtherence thereof, stated in the 3rd para of their proceedings of the 5th August last, that they fully supported the suggestions and would recommend its payment in arrears from the date of the surrender of the Estates. The Repully and Suttanapully Zemindars have had advances to the extent of 500 Rupees each at different times upto September last and I hope that instructions may be furnished as early as convenient as to the compliance or otherwise with the request to the petitioner Ramanatha Bambo.

Guntoor

Arzee addressed by Rajah Vaperedy Ramananta Bambo Zemindar

I beg to state that my Talook has now been placed under trust above 30 Months and the trouble I have all along endured for the want of an allowance is more than I can express in writing, the creditors who have hitherto proved a pestilent one with pecuniary aid have not only become troublesome but their annoyance adds fresh fear to the

who will thereby withhold further assistance and leave me destitute of the means of paying at least part of my Expenses - consequently what I have now to represent is, that when I lately represented my case to Mr H. Stokes for an allowance, that Gentleman was pleased to say that it would be shortly granted, and having now quitted the station it rests with your honor to take my case into favorable consideration and grant me without the least impediment, sufficient funds for my maintenance I trust you may with the assistance of Divine aid kindly bestow favor towards me, and for the present grant me, I who have been troubled for the last 30 Months; for the want of funds; an advance of 6000 Rupees, whereby I will be able to pay my Creditors and satisfy them Therefore I trust you will be pleased to issue an order to the Cash keeper of your Honor to pay the said sum of 6000 Rupees out of the amount Collected from my Talook Please to peruse this.

15th September 1844 or Sunday the 3d increasing moon of the Month Purrapadum year Chitrey

Presented 19th Sept 1844

(Signed) Rajah Vaperedy Ramanada Bambo Zemindar

No. 2.

To W. E. Lockhart Esqre
Ag Collector
Guntoor

Petition caused to be written and Presented by

by the late Rajah Vaseredy Jagunnadha Bamboo Bahader Maniya Sultanis first wife Rajah Vaseereddy Atchamah—

The Zemindars in this Zillah having in compliance with the orders of the Honorable the Court of Directors temporarily surrendered their Estates to the Honorable Government and executed Kirarnamahs and Cowles to the late Collector that Gentleman in writing to the Board regarding the allowances they should get per mensem recommended that Ramanatha Bamboo should be allowed 1000 Rupees— The Collector in this addressing the Board appears to have had in view, the circumstances of the special appeal suit preferred to the Queen in Council and the result emanating by the decree to such as may be nominated the legal heirs of our ancient Zemindary in the Guntoor Circar, consisting of Chintapully and other Talooks together with the Nizampatam Circar as also to Nundigum and other Pergunahs in the Masulipatam Zillah, and that the allowance should be enjoyed by such alone— It is understood that Ramanadah Bamboo addressed an arzee to your honor quoting the strain of that recommendatory letter of the Collector with a request that 6000 Rupees should be granted to

15729 Fort St. George 21st. November 1844

him also similar to the rate of allowances and advances made to the Rypully and Suttanapully Zemindars of undisputed Talooks— I quote hereunder concisely such public Vouchers and circumstances, which in my opinion exclude the possibility of Ramanatha Baiboo having a right to enjoy, an advance of maintenance allowances &c.

1st. It will be apparent by the private Copy of the Extract from the proceedings of the Court of Sudr Adalut dated the 17th November 1843/1844 and which is herewith appended that the Court are willing to accede to the petitioner (Ramanatha Bamboos) application to the extent of 1200 Rupees per mensem, upon his furnishing good and sufficient security for its repayment should the (Special) appeal (made by us) to the (King) Queen in Council, not be confirmed according to the decree passed by the Court of Sudr Adalut—

2nd. On perusing the accompanying private Copy of an Extract from the proceedings of the Court of Sudr Adalut dated 12th February 1844 it will be seen that many complaints were preferred against Rajah Ramanatha Bamboo of his having embezzled and added to his private property sums which should on recovery have been paid as Kist to the Circar from my property situated in the Masulipatam District and that there were rumours also about the same subject of

of mismanagement which the Collector of Masulipatam
was under the necessity of reporting about the Collector
of Guntoor also was obliged to write to the Court
of Sudr Udalut regarding certain charges brought
against the said Ramanatha Baubos of having
embezzled sums of a great amount from different
sources of the Revenue and that the same should
be recovered from him and Credited to Govern:
ment towards the Peishcush assessment and
the individual punished for misappropriation
of the sums realized as Cirkars once, I more
over presented several Motions to the Court of
Sudr Udalut complaining of the acts of Malver:
sation committed by Ramanatha Baubos whilst
placed in temporary management of my Estate
especially in the embezzlement of large sums of
money which should legally have been paid to
the Cirkar as Peishcush dues that the Court
should adopt measures for the recovery of the
sums embezzled by Ramanatha Baubos, who
should moreover be punished - altho the late
Collector was originally of opinion that Ramanatha
Baubos should be allowed to have the allowance
as maintenance as recommended, yet subsequently
the said Collector does not appear to have in
any way, moved the subject in any favorable
light, and that it was on the ground
alleged

alleged above by me, that the Collector could
have written as he did.-

3 The Regulations prescribe that
property under dispute should not be placed
under the management or possession of one or
the other of the parties until a final decision is passed
about it. But the Court of Sudr Udalut
having been of opinion that if the Talook be
placed under the management of some competent
individual the result would be beneficial to
either of the parties took upon themselves to
appoint Ramanatha Baubos Manager of the
Vaperedy Estate, and caused my estate to be
made over to his management - and then placed
it in Trust for arrears of Kist due to the Cirkar,
and which would never have been done had not
Ramanatha Baubos acted in such an unsatis:
factory manner.-

4. The late Collectors Messrs
Goldingham and Stokes, made report to the
Board and Sudr Udalut Court and as Copies of
these are deposited in the Records of your
Office, I trust you will be pleased to perus
the documents, and the grounds therein set forth
will at once shew your Honor that Ramanatha
Baubos application is not deserving of
consideration for the manner in which he

acted

Had the late Collectors thoroughly investigated the subject proof would have been adduced that sums to the full amount stated by me in my Petitions had been embezzled by Ramanatha Baubo's Malversations—

6 The late Collectors' Messrs. Goldingham and Stokes as also Mr. Neville the Head Assistant Collector are well aware of the mode in which Ramanatha Baubo managed to embezzle and make away with a large sum of money which had been collected in a Cash Chest in his house and which should legally have been considered money belonging to the Circar—Copies of the reports made regarding this subject also are deposited in the records of your Cutcherry, consequently I trust your honor will be pleased to peruse them attentively and which will without further enquiry at once convince your honor of the mode in which Ramanatha Baubo embezzled sums of money belonging to the Circar's Peshcush—

7 Rules are laid down in the Regulations for punishing such delinquents who may make away with sums of money belonging to the Rulers of the Country on behalf of Government therefore Ramanatha Baubo who was temporarily appointed manager of the estate should for his illegal acts be similarly punished and that the punishment to the full extent of the Regulations would be just—

I &c.

Fort St. George 21st November 1844

8. It was after the recommendation of the late Collector to the Board for an increase of allowance to Ramanatha Bandoo of 1000 Rupees, that the Sudr Adalut Court and Board, were addressed on the subject of the Malaversation accompanied with such Extracts from the proceedings alluded to, as I then officially obtained, and the case is now pending before the said authorities. Ramanatha Bandoo is not deserving of any favorable consideration towards an increase of the allowance already granted. But should your honor differ in opinion I trust it will be adopted on his furnishing adequate security for its repayment when the decision is given against him in the suit before the Adawlut in Council. Moreover as there is no hope of the sum being even then recovered from him it would be best to object to his proposal for an advance of 6000 Rupees as set forth in the Sudr Adalut Courts proceedings of the 17th November 1843/1844 which I hope will be perused and duly considered by your honor and that you will be pleased to write if necessary in an objectionable strain against the request of Ramanatha Bandoo for an advance of Maintenance allowance of 6000 Rupees and moreover forward this Letter with your letter to the Board. Please to Peruse this.—

20th September 1844

(Signed) Vaseredy Mahanah

Order thereon. Ordered to be sent again in Circulation.

(22-23)

To E. C. Lovell Esqre

(24)

Acting Secretary to the
Board of Revenue

Sir,

Fort St. George

From the Acting Collector of Guntoor ——— Paras

I have the honor to enclose a statement of sums paid from the collections of different Zemindary Estates in this District under Warrants from the Courts, and other legal expenses.

Submitting a statement of law charges incurred on account of suits brought against the Zemindaries in his District surrendered to Government soliciting sanction for Rs. 346-10-11 paid on account of costs adjudged against the Rajah Vaseereddy and suggesting that the Sudr Court be requested to instruct the subordinate Courts to stay proceedings against the Ex-proprietors of the Guntoor Zemindaries for personal liabilities referring to him the parties who have demands upon them.

2. The first two items amounting to Rupees 346-10-11 are debited in the account current of the Vaseereddy Estate being amount paid under Warrants of the late Auxiliary Court of Guntoor and the Provincial Court Northern Division against the Rajah Vaseereddy on account of costs of suits adjudged against him and I have to request that you will obtain sanction of the Board for disbursing that amount.

3. I do not apprehend there is any necessity to apply for sanction for the other items which are added to exhibit for the information of the Board at one view the law expenses which have been of necessity incurred consequent on the Zemindaries coming under the Collectors immediate management, it will be sufficient I presume that they appear to the Debit of each

Fort St. George 21st. November 1844

each Estate under the head of "Law charges"

4 It is much to be regretted that the scrutiny into the schedule of the private debts of the proprietors should have been delayed, as until some arrangements can be effected, the Estates will continually be liable to additional Law charges and the Zemindars to the perpetual annoyance of suits in Court, and personal restraint as under present circumstances they are without credit or means to meet the demands upon them.

5. I enclose copy of a petition with translation from Ramanauda Bauboo of Vysereddy, and also beg to refer you to the recent correspondence relating to that of B. Mukrauze Lutchmiah

6. In both cases I am endeavouring to persuade the creditors to allow time in order to admit of making an adjustment of all the claims at once but it is very uncertain having Decrees in their favor if they will put off carrying them into execution.

7. Under these circumstances as the scrutiny into the Debts will take up a

Fort St. George 21st. November 1844

a considerable time I have been anxiously considering whether some measure cannot be devised to relieve the exproprietors from the annoyances they are in the mean while subjected to, and it occurs to me that as the Estates are surrendered to Government for confiscation to the state and as the scrutiny into their private debts has been ordered by the Court of Directors, with a view to effecting an adjustment in order to facilitate the preparation of the schedule of the Debts and a composition with their creditors the Board might not recommend to Government that the Court of Sudder Adalut, be directed to instruct all subordinate Courts, to stay proceedings against the exproprietors of the Guntoor Zemindaries for personal liabilities and refer the parties who have demands upon them, to the Collector of the District, with a view of compounding with their creditors. This may be done I think without pledging Government in any way to the adjustment and would materially accelerate the object in view.

Guntoor Coll.r's Circuit Cutcherry Mungalagherry 23d October 1844

No. 2.

To W. E. Lockhart Esqre
Acting Collector
of Guntoor

Petition addressed by Rajah Vaseredy Ramanauta Bauboo, Bahader Vca

Referring to the Suits instituted against me by Potoor Etooshalramanah an inhabitant of Guntoor and the decisions given in his favor in appeal by the Court of Sudder Dewany Adalut, to the time until the 17th March 1845, allowed to prefer appeals if necessary to the Queen in Council, in the Suits Nos. 15-16 and 17. of 1841. to the letter dated 10th April 1838. from the Queen in Council restricting Suits within the sum of 10000 Rupees as the one No. 18. of that year being appealed against and to the Proceedings of the Court of Sudr Adalut dated the 14th September 1844. on the subject, I beg to state that I intend appealing against the Decrees in Suits Nos. 15-16 and 17 of 1841. to the Queen in Council and am therefore necessitated to apply to your honor for funds to defray the costs Vca and that as the appeal time March 1845 is not far distant, I will get an account as early as possible from the Vakeel of the probable cost and will submit it to you hereafter. The suit No. 18. of 1841. being less than 10000 Rupees

15734 Fort St. George 21st. November 1844

Rupees and not appealable I find, that I will all tho reluctantly have to pay the amount, means having been thus given to the Defendant in appeal Cooshalramanah in whose favor the Decree was given, to petition the Court at once to enforce a Warrant against me, for the recovery of the amount, or for the Courts of its own accord to adopt means for that purpose, Heretofore wherever the lower Courts were moved to enforce Warrants against me as was the case in Mulrauzel Soomroo's Pandapully Kistnaks, and other affairs Mesrs. Stokes, and Newill were pleased to instruct the respective Government Vakeels in each of the Courts to present Motions in those Courts to stay, their proceedings which were complied with, on the reasons given I your honor the emblem of justice having now come as Collector in this Zillah I hope you will have compassion on its Zemindars by perusing all the former correspondence about us and act towards us, as we were usually wont to be dealt with by the former Collectors. That in furtherance of this, you will think it expedient to issue an order to Goolam Moortejah Sahib Government Vakeel in the Sudder Court to request of the Sudder Court to stay, the enforcement of a Warrant for the recovery of the sum decreed against me in No. 18 of 1841. by the higher Court Viz. the Court of Sudr Adalut, My reason for thus prematurely requesting your honors aid is on these grounds, when a Warrant is once issued by a Superior Court to be enforced thro a subordinate Court, much delay and unnecessary correspondence will not only arise by the lower Court being moved to stay their proceedings a reference from them Vca but the opportunity thus given would prove highly detrimental to me, at that Eleventh hour consequently I presume with due submission to solicit that, without delay, an order may be issued to the aforesaid Government Vakeel of the Court of Sudr Adalut to present a Motion on the subject under review to that Court for orders to stay the enforcement of the Warrant about to be issued in the said suit No. 18 of 1841. Please to peruse this.

To

15756

Fort St. George 21st November 1844

To,

E. C. Lovell Esqre.

Acting Secretary to the

Board of Revenue

Fort St. George,

(35) Sir,

From A. Freese Esqre. Collr. of Chingleput Sent- Transmitting application and Netlacunta his Head Seristadar, to retire Pension together with the requisite Medical certificate and register-

I request you will lay before the Board of Revenue the accompanying origin-al address from Netlacunta Row, the Head Seristadar of this District, requesting to be permitted to retire on a Pension, annexed to which is the requisite Certificate from the Medical Officer attached to the Zillah, and certain certificates of Service, upon a consideration of which Netlacunta Row trusts the Board will kindly support his application for a higher rate of Pension than is that laid down by the Pension Rules, and the continuance of the Pension to his next heir-

2- Netlacunta Row has served in various Revenue Situations for a period of 41 Years and 3 Months, of which 17 years and 4 Months have been passed in the responsible Office of Head Seristadar, and, as I also am ready to bear testimony with my Predecessors who have written in his praise, with an unblemished reputation-

Ago

Fort St. George 21st. November 1844.

age and infirmity have however rendered him permanently unequal to the duties devolving on his Office, and it has thence become necessary that he should retire. The Pension to which Nerlacunta Row would be entitled under the Pension Rules is Rupees 239—3—10 per Mensem, being one half of the average salary he has drawn for the last five years, but considering the number of years he has been in the Service, the unimpeached Character he has borne, the fact of his not having Amassed wealth in the high appointment he has held, and his general Services, I beg to recommend his solicitation to the favorable consideration of the Board and Government.

Enclosure B

3.

A Register of the application in the prescribed form is also herewith forwarded.

Chingleput District.

A

To Arthur Freese Esqr.
Collector of Chingleput

Sir,

I beg leave to inform you that I have

Fort St. George 21st. November 1844.

have served the Honorable Company for upwards of 41 years in this and other Districts as will appear from the annexed list. It is 17 years and 4 months since I was appointed to my present situation of Head Sheristadar having previously filled the various Subordinate Situations for a period of 23 years and 10 Months. I have devoted the energies of the last part of life to the laborious and responsible Situations of Survey and Head Sheristadar and transacted those duties invariably with a degree of diligence and impartiality that secured to me the confidence and approbation of my Superiors the several Collectors.

In proof of which I beg to enclose Copies* of letters addressed by former Collectors to the Board of Revenue as also of a Certificate granted to me by Mr. Bruce. A reference to them will clearly shew that I have borne an unblemished character and conducted my duties without prejudice to the interests of Government, and earned the good wishes of the people. It is not my province to say how I conducted myself or what character I have borne since your arrival in this District.

Agreeably to the rules established by Government regarding the rates of salary to be paid to Sheristadars, my salary has been increased from

July

Copy of Mr. Maclean's letter dated 10. December 1834. Do. dated 24th. March 1836. Copy of Mr. Bruce's certificate dated 31st. Augt. 1838.

Fort St. George 21st November 1844.

700 Rupees.

July 1842 to Rupees 525 per Mensem and though I may hope in time to enjoy the highest salary laid down in the scale, yet bodily weakness and a defect in one of my eyes occasioned by old age / my age being 65 / I am induced to apply for pension. I have a large family and have no other means of support than my situation nor any property or estate to leave to my Children; I therefore request you will kindly be pleased in consideration of my long, important, and laborious services to recommend to the higher authorities to grant me a better pension than is allowed by the rules during my life, and to continue the same to my Children after my demise, and after the receipt of this sanction relieve me from my duties.

You are aware that Government has bestowed liberal pensions and Shrotriums to many who have been Seristadars in other Districts and there is no want of precedents for the measure I solicit I trust therefore you will recommend my case as an exception to the Rules to the favorable consideration of Government and permit me to indulge the hope that you and the Board of Revenue will consider it as an act of justice done to an old Servant, who has faithfully

Fort St. George 21st November 1844.

many years filled a high and responsible situation with unimpeached integrity.

Extract of a letter from Mr J. Nisbet Collector in the Zillah of Chingleput to the Board of Revenue dated 17th August 1824-

Para 8-

I presume I have said enough to shew the subject in its true light- I shall therefore only add one remark Viz.t that the behaviour of the Head Seristadar is more striking when it is known that I am suffering inconveniences from the loss of the next two principal servants of the Cutcherry- The Deputy Seristadar resigned two days after my arrival and the Head Moonshee did the same upon promotion to the Tahsildaree in Nellore, so that had it not been that Mr Maclean my second assistant was able to recommend a Gomastah in his Office, to supply the place of the Deputy, I should by the Seristadar's behaviour have been left without the power of completing the Summabundy

/ Signed / J. Nisbet
Coll.r To

Nulcunto Row

Fort S.t George 21st November 1844.

To,

The President and Members of the
Board of Revenue
Fort S.t George.

Gentlemen,

Para 1- Your Board should be aware that at present two Seristadars are employed in my Office, one at the Head of the Hoozoor Cutcherry named D. Venkatapah on a salary of eight Pagodas per mensem the other superintends the survey and assessment now in progress on a salary of fifty Pagodas per mensem, he is named Neelakunta Row

appointed to the situation 1st Nov.r 1824

2- This division of the duties of the Office appears to me to be the cause of unnecessary expense because both duties could be performed with ease by one man, it would seem proper therefore to remove one Seristadar or the other, as far as length of services goes both appear to have equal claims but in other respects the deserts of Neelkunta Row preponderate- Neelakunta Row from his great temper and caution has obtained my confidence as well as that of the people; he has been proved highly successful in the introduction of the field assessment into the District, these qualities moreover enable him to supply interesting information

with

15763

Fort St. George 21st November 1844.

with regard to the general superintendence of the District and in fact he has proved of so much assistance to me that his removal would I consider be injurious to public business.

3. D. Venkatapah on the other has failed to secure my confidence in any respect, notwithstanding I have allowed him a long trial. Had Venkatapah been long at the head of an Office, I should perhaps have hesitated ere I recommended his removal, but before his appointment at the head of the Office here he served only in subordinate situations, his services in the Sagheer therefore must be considered altogether probationary. I therefore feel the more entitled to give my opinion of the result.

4. Under the above explanation I take the liberty to recommend that D. Venkatapah be removed and Neelakanta Row be appointed Seristadar on the salary of Rs eighty Pagodas per Mensem.

Circuit Cutcherry

Extract

15764

Fort St. George 21st November 1844.

Extract of a letter from Mr. C. A. Thompson Collector in the Zillah of Chingleput to the Board of Revenue dated 8th October 1829.

Para 8. My acknowledgements are also due to Neelakanta Row the Head Seristadar whom I considered to be a very active and able servant and in all respects fitted for the important situation he fills.

/Signed/ C. A. Thompson.
Collector

To the Secretary to the Board of Revenue

Sir,

Para 1. I have the honor to bring to the favorable notice of the Board the claim of my Head Seristadar Neelakanta Row for an increase of his present allowances.

2. He has held the situation since 1st July 1827 on a monthly salary of 280 Rupees being the first rate of pay allowed to Seristadars in an unsettled District and completed a service of 5 years so long ago as the close of Fusly 1241 which entitles him to a salary of 350 Rupees according to the scale laid down in the Minutes of Consultation dated the 22nd of March 1816. Adding one fourth of his three years previous service in the capacity of Naib Seristadar and Dymash or survey Seristadar

vide Board's letter dated 30th May 1822

15765

Fort St. George 21st November 1834.

Seristadar agreeably to the Board's Circular Letter of the 6th March 1828; the period of 5 years expired in September of Fasly 1241 and he therefore appears to have been entitled to the increase of 70 Rupees per Mensem from the 1st October 1831.

I have known Neelacunta Rau since the year 1822, and I consider him a very meritorious Servant. He entered the Company's service more than 30 years ago. The best part of his life has been spent in it and ever since he entered upon the duties of a Seristadar, to which his previous services and acquaintance with the affairs of this District recommended him, he has borne an unblemished character. On my joining the District he mentioned his claims to me but there was so much to occupy my attention at the time that I overlooked his application. His own backwardness in urging his legitimate claims will not I trust operate unfavorable against them. It is purely ascribable to a disinclination on his part to urge them at a time when other more important measures engaged my attention, my own inadvertence in not submitting his claims to the Board at an earlier date is perhaps so far

lucky

15766

Fort St. George 21st November 1834.

lucky for him, that I am now able to speak in his favor with nearly two years additional trial, under circumstances which have given me ample opportunity of estimating his character. I recommend his case to the favorable consideration of the Board, and beg to express a hope that all arrears will be paid to him.

(Signed) A. Maclean
Collector.

Mambalum
10th December 1834.

To the Acting Secretary to the
Board of Revenue.

Sir,

To B. 10th Dec. 1834
From do. 8th Jany 1835.

Para 1. Adverting to the correspondence noted in the margin I have the honor to acquaint the Board that the Head Seristadar of this District Neelacunta Rau completed the prescribed service of 5 years commencing from 1st July 1832 to 30th June 1837 by which he is entitled to the third rate of salary specified in the scale laid down in the Minutes of Consultation dated 27th March 1816 Viz. 137: 8 per Mensem, or an increase of Rupees 87— 8— above his

Fort St. George 21st November 1844.

his present allowances.

2. This increase it will be observed is due for the last 8 Months and Amounts to Rupees 700-- for the payment of which to Neelacunta Row I solicit the authority of Government.

3. It is only necessary for me to add that Neelacunta Row has long proved himself to be an upright and well behaved Public Officer. His integrity and good character are inestimable and have gained for him the good will of all the inhabitants of the District. Entertaining these sentiments I perform a pleasing duty in bringing his case under the favorable consideration of the Board and Government.

Sydapet 24th March 1838. } (Signed) A. Maclean
Collector.

Fort St. George 21st November 1844.

I consulted his judgment and check experience, I always received a good opinion, and seldom if ever had occasion to deviate from it. I noticed with much satisfaction the orderly and quiet demeanor of the servants in the Cutcherry generally, and the regular conduct of business and much I think is properly attributable to the personal character of Neelacunta Row who has uniformly stood high both in the eyes of the Natives and his Superiors and although my connection with this Office has been short, in duration I have great pleasure in recording my sense of the value of his services, and my personal obligation for his advice and assistance.

Read the

following Letter

To

15771 Fort St. George 21st November 1844

To,
E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue.

Sir,

From the Commissioner of Kurnool — Para 1. I have the honor to forward the annual accounts and Report upon the Settlement of Kurnool for Fusly 1253.

Reporting on the Summabundy Settlement for Fusly 1253.

2. The Survey being completed the accounts for the whole District are now prepared in "Acres" in lieu of the old Mogalye land measure, the conversion of one to the other has retarded the preparation of the accounts longer than I wished and I hope that future Reports will be dispatched at an earlier date.—

37

3. The season was unfavorable both as regards the deficiency of rain and the great mortality among the Cattle I arrived at Kurnool on the 20th of July, and from that time to the 23d of September 1843 no rain fell but a few partial showers and in consequence, the greatest discouragement prevailed among the Ryots who could not be induced to enter into the usual engagements for the Cultivation of their lands, as in the Marginal Comparative Statement will

Amount of Cultivation agreements up to the end of September.

Fusly 1252.	Fusly 1253
Acres 5,94,290.	Acres 4,99,995.

will show. In addition to this the first sowing was in general much injured and in some places quite destroyed by insects of the Grasshopper species which covered the fields in a manner I never witnessed before and quite distinct from the common flight of locusts, for they appeared to be produced in the soil, favored probably by the unusual dry weather. The loss of Cattle does not appear to have been confined to Kurnool, but extended also, I believe, to the neighbouring Districts of Bellary and Cuddapah. An occasional calamity of this nature is not however felt in those Districts to the same degree as it is here, for long enjoying a fixed and moderate Assessment they can stand a casual stock which the impoverished Ryots of Kurnool can with difficulty bear up against.

4. It will be seen from the accompanying Statement that the Net Demand for the year, on account of Land Revenue was fixed after all deductions at 5,75,180 being 95,270 Rupees less than the preceding one. The amount engaged for at the season of Cultivation was only 91,676 Rupees less than in fusly 1252, but in consequence of the unfavorable

unfavorable season I found it necessary to allow larger remissions, especially on the Wet lands, the particulars of which will be explained under the head of "Remissions."

5. I found during my progress in the Summabundy that the practice I alluded to in my last Report of engaging only for the more lightly assessed lands, or having engaged, of leaving the higher assessed, and also the least productive, uncultivated, and then demanding remission for Bunjer even more general than I had supposed. The investigation consequent on this abuse, which involved minute enquiries into numerous individual holdings kept me upwards of ten weeks settling the two first Talooks, and although I applied such remedies as particular cases seemed to require, such as dividing the Teerwah on the more lightly assessed lands, refusing to grant remission, or where allowing it, calculating the amount according to the average of the whole holding and not on the particular field left waste, and making occasional examples of such Ourmums whose neglect was most conspicuous, I cannot by any means flatter myself that the same thing will not be repeated this year

year, though I hope not to such an exte
In fact it is one of those abuses that m
exist under such an irregular system, a
nothing can obviate but a fixed field
=ment- As Huzoor Cutchery can preten
into the detail of every single puttah, a
year would not suffice to get through ha
the District, all that can be expected
detect and rectify the most glaring instan

6- I also found that the Cul
of Enam lands had been carried to great
excess, to the neglect of the Circar lands,
only were they in general better cultivated
I ascertained from personal inspection in
many Villages, but in some the Amount
=ceeded that of the Circar. I did not ha
on that account absolutely refuse remissio
such Villages, but granting it to those w
appeared most in need of it and who had
benefitted by the Enam, I levied the w
or a part from the Enam lands in th
Villages where the proportion of En
to Circar was unusually large, and
issued such instructions to the Ami
as will I trust prevent it's ever being car

to such an extent again, at least at the expence
of the Circar lands- To what extent these lands
had hitherto been cultivated it is impossible
to say with any certainty, as the accounts
rendered in Candeis and Cadoos explained
nothing, for a Cadoo might be 3 or it might
be 10 Acres; the completion of the Survey however
at once laid open the real state of the matter-

7- In alluding to the great extent
of Enam Cultivation, and my endeavours to con=
=fine it within something like a moderate
compass, I would beg of the Board not to
adopt too hastily the notion that the Revenues
of these lands are of necessity entirely lost
to the Government, for, though not exhibited
in the public accounts, it is notorious that
they help to pay the Beriz on the Circar
lands which is in many cases so high that
it could not possibly be realized without some
such assistance- They are for the most part
cultivated by the Circar Ryots who make
the best terms they can with the Enam=
=dars and as most of the latter know
that their claims if brought to the notice

of

of the Circar would not bear too strict an investigation they are glad to get what the others are disposed to give. As it would be neither politic nor practicable to prohibit altogether the Cultivation of these lands by the Circar Ryots, the best thing to be done is to prevent their being monopolized by the more substantial and influential of the community, and I took particular pains during the Jumabundy to impress upon the Amildars and their subordinates the advantage of superviseing, as far as practicable, at the time of Villavary, the appertainment of the Enams with reference to the extent and Bevay of the Circar holdings, and as the engagements to Cultivate were at the end of September this year 52,488 Rupees in excess of what they were last year at the same period, I have reason to hope that my instructions have been attended to, though of course this increase is to be attributed principally to a much more favorable season.

Engagements for Cultivation.

8. It will be seen by Statement No 3 that of the land engaged to be cultivated, 25,250 acres assessed at 28,253 Rupees remained uncown, and of

of this I found it necessary to allow a remission of 13,437 Rupees from which however is to be deducted a Sum of 4,405 Rupees which I caused to be levied on the Enam lands in those Villages where the proportion of Cultivated Enams was very large so that the actual remissions on Caboolaty Bungey may be considered as amounting only to Rupees 9,032.—

9. So little rain having fallen in either Monsoon, very few of the tanks were filled, those in the Eastern division of the District having more especially suffered. The Aunjah land actually Cultivated amounted to 36,906 Rupees while in the year before it was 53,122. On this land I allowed a remission of 6,162 Rupees in several cases where it had proved entirely unproductive for want of water.

10. Of the 181 Rupees remission on account of teerwa Cummy 123 are Mamool deductions that have always been allowed, and the remainder is for small items that require no particular notice.—

11. The Enamity or tax on Enam lands is 7,548 in excess of what it was last year, of this 4,405 has already been accounted for

for in Para 6. of the remainder 1032 Rs is on land not Cultivated last year but liable to the tax whenever it is Cultivated, and 2,110 is on land enjoyed as Enam, but which not being Dakhill or entered in the Zemindah accounts becomes liable to Mr. Blane's general rule for such lands.

12. Of the decrease in the Amount of Sodee of 1822 Rupees, 1556 is on wet land left Bunjer, in Nundial, and which according to the terms of the grant is only liable to the demand when Cultivated, 223 is in a Rayeny Sodee Village, which, resigned by the Sodeedars came under Amany last year, and which in consequence of the unfavourable season of this, sustained considerable loss.

13. The revenue derived from the different branches of Sayer was 11866 Rupees, of this 4,520 was on account of Betel, Bang, Godauk &c. rented by order of the Board and subsequently abolished by order of Government on the 1st of April last 5,075 Rupees was collected at the Chowkies on the Frontier of the Nizam's dominions established on the 1st December 1843 and 2270 Rupees was

was realized in the Bunganpilly Jaghire being the Surplus above the 7,000 Rupees allowed by Government as compensation to the Jaghiredar.

14. The abkary Rents were 26,630 Rupees in excess of Fusly 1252, but as I anticipated, much difficulty was experienced by some of the Renters in meeting their engagements. The Kurnool Renter in particular sustained a very heavy loss, he was 5,500 Rupees in arrears at the end of the fusly but the greater part of this has since been collected, and on his furnishing security I have given him till the end of the Current fusly to pay the Balance of 2,000 Rupees. The case of the Renter of the Chagulmurry Taluk has already been brought to the notice of the Board in a separate communication.

Fort St. George 21st November 1844

time when their attention should be turned to preparing for the coming season, I have spared no pains this year to collect the Rists within the fusly but as the Board will perceive, in vain and though I have as usual seen many instances of wilful neglect as well as carelessness, I am satisfied that on the whole, inability to pay and the excessively low prices of Grain are the principal causes of the balances.—

16. I cannot conclude this report without bringing to the notice of the Board the very efficient assistance I have received from Captain Newbold—that Gentleman besides the Command of the Irregular Horse has Revenue and Police charge of the Bunganpilly Jaghire and the Dhone Talook which various duties his knowledge of the language, temper and habits of intercourse with the people render him peculiarily well fitted to discharge.—

17. The Bunganpilly Jaghire having been rented for five years as explained in my Report last year, I have not thought it necessary to submit a separate Report upon it this year.—

Kurnool Commissioner's Office
28th October 1844 ..... Signed S. Scott
Commissioner

Deduct Increase				8812 10 6
Net Decrease				122221 15 8.

Showing

Fort St. George 21st November 1844

to have been an increase of Rupees 9,251: 5–4 resulting from the larger amount of duty levied on opium, Betel Nut, and Indigo– There was also a considerable improvement in the Beetle and Tobacco rents.—

Abkarry. 4. The increase from brisker com= =petition in abkarry (8,125=5=5.) and in Mo= Moturpha. =turpha (Rs. 241=15=2.) does not call for remark

5. The decrease in the Small= Small Farms =Farms (Rupees 951=2=9) proceeds solely from the discontinuance of the collection of the items connected with certain Pagodas now in common with all the religious institutions in the District, trans= =ferred to the management of Native= =Trustees—

Stamps. 6. The sales of Stamps have= =fallen below those of 1252 by Rupees= 3,478: 12: 1— there has been a decrease both in Sayer Rowannahs from the discontinuance of the Inland Customs—and in Law papers, consequent upon the abolition of the= Center Provincial Court—

7. The increase in the Sea Custom

Rupees

Rupees (445-5:11) arises from the Pulicat Custom House having been transferred from Madras to North arcot in February 1843- & the collections of Fusly 1252 were therefore for a portion only of that year, those of 1253 for the entire Fusly.

8. The charges have fallen & Rupees 32,962:10:6 below those of the & preceding year- this decrease has aris- =son from the smaller quantity of Salt manufactured in the Fusly- from the abolition of the Sayer, and transfer to other parties of the collection of the Fri- =putty offerings-

9. Deducting the remission due under the terms of their contract to the abkarry renters, the balance of the current Settlement at the date of the Report was only Rupees 71:15:0.

Old Balances 10. The old Balance up to 1252 in- =clusive, amount to Rupees 18,776.8.3 & On the arears due to Fusly 1250 being Rupees 3,092.11.3- A report was called for by Government, Extract Minutes of Consid- =tation 3d Feby. 1844: none has yet been sent, and the Board desire that it be furnished without further delay- of

of the remaining balance, nearly the whole Rupees 15.628. is owing by Mr. Turner & abkarry renter for Fusly 1252- its realiza- =tion is delayed pending the decision of the question regarding the limits of the Vellore Military Farm, on which subject the Board did themselves the honor of addressing Government on 26th Feby. 1844-

11. The gross collections, cur- =rent, extra, and arrears, during the Fusly amounted to Rupees 3,41,124:6-5; deducting the charges 21.655-12-2- the net revenue is Rupees 3,19,468:10.3 being Rupees 82.411-18- -9. below the net out turn of Fusly 1252- the decrease having been prin- =cipally in consequence of the falling off in the Salt and Sayer, and dis- =continuance of the collection on behalf of Government of the Tributy offerings, under the circumstances already specified-

Ordered that a copy of the fore- =going Extract from the Board's Proceedings, with the annexed comparative Statement of the Collections, charges, and Net Revenue, be submitted to Government, and a transcript of the same be forwarded to the Collector of North arcot for his information and guidance-

Fort St. George 21st November 1844.

Read the following letter:—

To C. G. Lovell Esqre
Actg Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to submit herewith for transmission to Government the particulars of certain Manneem Lands at Palmaneir requested for building purposes and of Circar Land to be given to the Holder of the Manneem in lieu thereof.—

2. The undertenants at the Palmaneir are Cranded together, and therefore are not entered separately in the Jumma Statement. The Manneem Lands are without Hedges and obliged to have with other till they can obtain Boarded of their own. Ninety applications have been made for ground for building. Short time ago the Farmers applied for Ground for the purpose stated but at the only eligible ground was the Manneem Land in question the application was not attended To.—

3. The Manneem land in question is the only good ground for extending the town. It is situated next to the Court House

Remd—20
Recorded—25
Indexed—39/90

Fort St. George 21st November 1846.

House of the District Moonsiff and is a prolongation of the Street which forms the Madras and Bangalore road through the Town. The land is high and red earth, and from the healthiness of the spot appears to be particularly adapted for building. I had previously selected it from a wish to open a crowded part of the Town not knowing that the present applicants had also chosen the ground. The present applicants are distinct from the inhabitants in that portion of the Town which I was anxious to open.—

4. It appeared to me desirable that the opportunity of having a large field or space around each House should not be lost. It was pointed out to the applicants that the space to be taken up by each should not be less than 3 grounds— each ground being 40 feet by 60 feet. I was glad to find that the space proposed by me was declared by the applicants in many cases to be insufficient. Two important objects are contemplated in spacious allotments of land— First the Healthiness of the inhabitants for it is found in a recent enquiry regarding Cholera under the orders of Government that disease

Fort St. George 21st November 1846.

prevails where people are in a crowded state with filthy habits— The second object is the improvement of the condition of the People on the Principle of the Cottage allotment system in England. This particularly applies to the poorer Classes upon whose condition a most surprising change has been effected there. The allotted space is coaltivated and besides furnishing Produce vegetables and Grain, for the consumption of the Family yields a surplus for the Market— In passing through Villages it must strike an observer how readily a large backyard or space near the Houses of the Ryots and other inhabitants is cultivated. This eagerness for ground near the dwelling should be gratified to the fullest extent when so much depends upon it.—

5. Where large allotments or Backyards are assigned Government cannot give up the rent of the land. Some arrangement accordingly suggests itself. It is proposed that each ground of 40 feet by 60 feet shall pay the land assessment of 4 Annas annually— Thus supposing that out of the 8— 9¾ of land to be taken up for building Cawnies 2— 1¾ will be occupied as Streets which is a large allowance, there will be a remainder of 4½ Cawnies or 108 Grounds which at 4 Annas

at a future meeting.— Read again letter from the Principal Collector of Salem dated 8th Ultimo and entered in Consultation 7th Instant.—

Ordered that the following letter be sent in reply.—

To The Principal Collector of Salem

To the Pl. Coll.r of Salem

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 8th October 1844 requesting the Board's instructions regarding the manner in which assistance should be afforded to Collectors charged with the collection of Salt duty in Checking Smuggling in that Department.—

42

In Cons.n 7th Dec.r 1844.

2. The increased difficulty of detecting frauds in the Salt Department consequent on the abolition of the Sayer Establishment has not been overlooked by the Board but it is thought that the smuggling might be at least materially checked if not entirely prevented by the means suggested in my letter dated 26th September last, namely by instructing the Native Revenue and Police Officers in the principal thoroughfares by which the Merchants usually import Salt to require that their Rowannahs should be produced and Compared with the quantity of Salt in their possession and when no longer wanted that they should be delivered up in order that they may be returned. Several Seizures of Salt have already been effected by Officers of the above description in other Districts and it is not to be doubted that they are capable of affording important assistance. The Board request therefore that you will be good enough to issue the necessary instructions to those in your District to the above effect with any others your experience may suggest to render the check most effectual.—

Ordered that the abovementioned letter be submitted with the following address.-

To The Chief Secretary to
Government

46

To the Chief Secy to Government

Sir,

With reference to the orders of Government dated the 10th Ultimo on Petition No. 1435 of 1844, I am directed by the Board of Revenue to forward the accompanying letter from the Collector of Trichinopoly dated the 24th October last stating that the Maniem to which the Petition refers is a Grant from the Zemindar of Torriore, made about twelve years since of land belonging to his Zemindary and that therefore the Petitioner would appear to be at liberty to institute a suit regarding it in the Civil Courts without the intervention of Government.-

In Cons. 14th Novr 1844.

Order thereon.

Ordered to be sent again in circulation.

(Read again in Con. 22nd Decr.)

To

C. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

From
I. Blackburne Esqre
Pl. Collr of Madura

Sir,

Para 1. I have the honor to submit for consideration of the Court of Wards my suggestion and recommendation that the Zemindary of Ramnad should be relieved from Wardship for it seems to me that involved in its present quarrels and litigations, the responsibility to be dreaded far outweighs any hope of good to be secured thro' the administration of a Manager.

51

2 Section IV Regulation V of 1804 fixes the attainment of Majority at 18 years. This I imagine is the age beyond which they cannot be retained in Wardship. In other matters I believe the Courts look upon females as liable on attaining the age of womanhood, and there is nothing to prevent the Government abandoning its rights over a

Ward

(55)

From J. Blackburne Esqre
Pnl Collr of Madura

Sir

Report on the Land

In elucidation of the Settlement of Madura for Fusly 1253 (A.D. 1843/44) Par 1 Element I have the honor to forward 17 out of the 18 forms of Statements furnished me on the 29th July last; No 15 being no longer necessary, from the settlements having been transferred to the head of land revenue as per list A. from 1 @ 18 inclusive, with exception of No 15.-

Season

2. During the month of August which is peculiarly favorable for Punjah seed no rain fell, nor even till the advanced period of the end of September and consequently the Punjah cultivation is greatly deficient particularly the Varagoo and red grain which requires six months to attain maturity; the Talook that suffered most in this respect were Theroomungalum in Madura, and Shenkerrai in Dindigul: and the crops that had gained strength

Punjah cultivation

Fort St George 21st November 1844.

strength in the deep Cotton soil during the drought greatly prejudiced the Cotton Culture.—

Nunjah Cultivation.

The rains that commenced at the end of September continued till the middle of October filling all the rain dependent tanks but from there being none in November the Nunjah Cultivation was also deficient; for though the rains of the first half of December were very heavy; and the freshes in the rivers more abundant than known for many years, they were unseasonably late, got served well to sustain all the cultivation that had been affected and the remission for withered Crops has been proportionally small. The superabundant waters did considerable mischief in the breaking of tanks, which last caused the destruction of much road work, particularly in the Meyloor Talook.—

Price

3. Deficient as was the produce both of Nunjah and Poonjah, price did not rise but on the contrary fell 6 price per Cullum because of the plenty in adjoining Collectorates.—

Health

4. The country generally was much more free than usual from fever, but Cholera raged throughout the Collectorate. In the Town of Madura above 1639 persons fell victims to it between October and February.—

Fort St George 21st November 1844.

5. The settlement of the Sub Collector's Division has been made after the Bellary form as he says, but with some deficiency; and of the Talook of Maroongapoory as is believed in direct conformity with it, whilst in the large Talooks of Madacolum Theroomungalum and Meyloor the same mode was followed as in the preceding year except in 14 small Villages where the Bellary form was also effected. In all the Talooks the Board's instructions of the 6th February 1843 to read their Cowles to the Ryots and obtain their signature to the Accounts were carried out in my own presence or by the Gomastas; but I do not suppose above a very few understood the particulars of the total of what they signed.—

Till and in Fusly 1249 the settlement Account recorded the total extent of cultivation with the particular of each Ryots holding of different kinds.—

In Fusly 1250 the South Arcot form was introduced into the Talooks of Theroomungalum and Shenkurai, as furnished by the Board with their Proceedings of the 29th April 1839.

In Fusly 1251 this form of Accounts was extended to the remainning six Talooks and in parts of Theroomungalum additional detail

Fort St George 21st November 1844.

detail was introduced shewing what was now left waste of the preceding years cultivation and what was newly occupied.

With their Proceedings of the 6th February 1843 on the settlement of Fusly 1281 the Board furnished the forms in use in Bellary and in North Arcot, desiring the one best adapted should be chosen to supersede their last form of South Arcot: On the 13th February 1843, one day before the receipt of that order, Mr Commissioner Drury issued a Circular directing adoption of the Bellary form, and on the 2nd March he issued a second Circular with copies of that form. Further than this neither he nor his Coadjutor Mr Morehead took a single step to insure the object in view: although in the 7th para of their report to Government of the 10th May 1843 these two Gentlemen express their trust in the measures "they had taken for the gradual introduction into the District of the Bellary forms of Accounts and of Chittahs for the Ryots."

In the 9th 10th 11th paras of his report on the settlement of Fusly 1252 dated the 15th November 1843 the Sub Collector seeks to point out how he conquers the difficulties opposed to him in preparation of the Bellary form, but towards the end of them he explains it was not the Bellary form he introduced but that he had substituted one

Fort St George 21st November 1844.

prepared in his own Office as he thought he was right in doing and which he trusted would embrace every particular the Board wished. The difficulties assigned by him for the late hour at which he effected his substituted form for that of Bellary does not seem to me to have had any existence viz. dishonesty and determined opposition of the Collectors public Servants in league with the Cultivators.

The Commissioners seem to have assigned the true reason, viz. the loss of Boundary marks [illegible] see para 7 of their report of 10th May 1843 / but those two Gentlemen have not in my opinion correctly traced the cause of such obliteration.

At an early period after my restoration to office I issued Circulars calculated as I hoped to enable me to carry out the wishes of the Board for the Fusly under report but so great were the arrears of duty - so great the confusion - and so much time was taken

* Restored 27th July 1843
17th August 1843

Fort St George 21st November 1844.

taken up in making myself acquainted with what had been done during the six months of my suspension. that it was impossible for me to give the necessary attention to the due enforcement of the instructions of any Circular: and when the settlement had to be scrutinized and completed the neglect of the necessary supervision became apparent and again it was impossible to prepare the Accounts after the Bellary form except in the small Villages of the three Talooks and the one attempt greatly delayed the final settlement made at last as in the form substituted for Fusly 1252.-

Madacolum — 18
Theroomungalum — 56
Meyloor — 40

As soon however as this labor was completed an improved circular was issued and a most particular attention has been given to its enforcement so that I trust next year to complete it in all except a few Villages comprising many

23d July 1844.

Fort St George 21st November 1844.

many fields assessed at a large amount the Survey Accounts of which are neither to be found in the records of my Office nor yet in possession of the Curnums, men who are believed to have been, and continue, both fraudulent and careless.-

6. Having thus shewn how the Accounts have been prepared, I proceed to submit the following Abstract comparative of cultivation between Fushes 1252 and 1253 and of the deductions allowed after excluding from the comparison in both years, the Cunneady Pallium restored to the Proprietor on adjustment of all balances against him on the 3rd November 1843.-

15850 Fort St George 21st November 1844.

The less deduction to amount

of 38.031 Rupees in the 5th Item is

because of the re-imposition of the

full tax in 52 Villages by the Board

of Revenue, under date the

* 23d January 1843. but which they

afterwards remitted from being

brought into operation till the Fusly

under Report.

* B.R. Coll.r 26th June 1843.

7. The following is a comparative Ab-

-stract of Agricultural Statistics between

Fusslies 1252 and 1253 which I should

not trouble the Board with, but that the

disjunction of the Cunnewady Zemindary

from the Ryotwary Lands so

greatly alters all items as to make

it desirable for future com-

-parison.

15853 Fort St George 21st November 1844

The increase of Peshkush & less than
proportionate decrease from ryotwary revenue
is consequent on restoration of his estate
to the Zemindar of Cummerady on the 23d
November 1843, which had regained, under the
care of the Company's Servants, in a course
of 27 Years, its originally estimated value and
which is capable of much further improve-
ment; and the rest of the Ryotwary Decrease
is attributable to the inferiority of Season.-
Whilst that head is swelled by the new Items
the Hills revenue, now settled ryotwary and
transferred from the head of "Sundry Small
Farms & Licences," and by reimpositions of full
tax on 52 Villages which for nearly 30 years,
had enjoyed a remission that had the ef-
fect of rendering the lands a valuable
property.

The Shevagunga Zemindary kept under attachment by order of the Court of Sudr Adalut, was released to the proprietor under order of the same authority, on the 11th September, in obedience to a Precept from the Civil Judge of Madura of the 9th Decem: the Amount will be realized without difficulty from the wholesale purchasers of the grain of the year, and will meet more particular mention in the report to be separately submitted for the Zemindary.

*Precept of Sudr Adalut 2d Sept. 1844.

Zemindary Balances.

For the Ammianaikanoor balance it may generally be said to be caused by the ill will existing between the Zemindary and certain Villages and a portion of the

Fort St. George 21st November 1844

the Estate has been sequestered by the Sub Collector till liquidation of the demands.

The Cully Munthai Moottah is in the Sub Division; the balance continues merely nominal, as for the last 4 years.

The reimposition of full tax on 52 Villages in the Madura Division, that had enjoyed indulgence for 29 years, and making an increased demand in the fusly under report, to amount to Rupees 2987-4-0 has compelled me to resort to harsh measures for its collection: and of the balance of Rupees 2706-3-10 Rupees 2702-12-1 is due from this land: the rest will be shortly collected; and perhaps this also- As well as the Ryotwary balance in Dindigul, the new settlement of the Pylney hill dues only being doubtful.-

11 In the 32d para of his report on the general settlement of Madura, dated the 15th November 1843, the Sub Collector Mr Elliot, thewed the balances of land reuenue outstanding at that date as only Rupees 144-9-9.- But tho' in the 34th Para, he reports

Ryotwary Balances.

reports having brought the Pylney hills under individual Settlement, "after a ten years attempt" he does not show their collection or balance; possibly because that reuenue had been entered erroneously under the head of "Sundry Small Farms and Licences," as had been erroneously done when rented in the preceding Year.-

12. I will endeavour to supply that information:- Till the year 1842 there never was an attempt, or wish, to introduce an individual settlement on the Pylney hills.- At length introduced by the Sub Collector, in whose division they lie, and the following is the result shewn in the 21st para of his report of the 28th August 1844. which differs a little from the statement in para 28 of his former year's report of the 15th November 1843:- which is correct, is not in this place, a matter of any importance-

Pylney hill balances fusly 1252 & 53

Rmd

Fort St George 21st November 1844

Thus the balances amount to much more than the difference between the former rents, and the present increased individual Settlements. Mr Elliots explanations are to be looked for in paras 21 & 28 of his report of the 15th November 1843: and in paras 19 & 20 & 21 of that of the 28th August 1844. I have received various communications from him on this subject both in Tamil and English but from none can I select more information on than is now before the Board, and from which I am unable to judge of the correctness of the original settlements, or of his difficulties in levying the demand, if just- On the 25th Ultimo 8 of the defaulters were transmitted by him to Jail the particulars are not known, but one paid.

13. But to return to the outstanding balances of fasly 1252, amounting, as shewn in his report of the 15th November, to Rupees 1414-9-9 there has been recovered up to the 31st October, Rupees 375-12-9, leaving still due from the-

E. E. Dº — Signed J. Blackburne. Pº Collector

Do

To

H. Elliot Esqre

Sub Collector of Madura

Dindigul

Sir,

1.- On the 3d Instant I had the honor to receive your report on the Settlement of your Division for Fusly 1253, and beg to bring one or two of the most prominent omissions to your notice and to request particular information on one or two parts that are obscure and apparently criminatory of me.-

Dated 28th Augt.

Sub Collectors Report para 2.

2.- To judge from the second para of your report one is led to conceive you had despatched the various statements or therein alluded to in English, after invariable Custom.- Not one has been received, and I therefore request your early amendment of the omission.-

One would imagine also that every statement there alluded to would at least have been despatched in the vernacular language long before this, but such is not the case, as Nos 16 and 18 were only received on the 5th and No 6 on the 19th Instant.-

3.- What was the nature of the timely relief you allude to in the 11th para as

Subs Report Para 11.-

as having arrested the progress and virulence of Cholera in Ausbah Thenkurrai and Vadamadura of Taudicombo, which was prevalent in April, May and June.-

4.- May I request you will be good enough to explain with dates and documents in translate, allusions on the 3d part of your 13th para:, to "a kind of Settlement" made a few years back between the Suyakroody Zemindar and the Circar to the palpable detriment of the latter, and do you attribute this Settlement to European or Native agency, 2. and do you mean to accuse the party making the Settlement of dishonesty or of gross ignorance? Either charge is of so serious a nature that you will not fail to report every document on which you have formed your judgment.-

Subs report para 13 No 3.-

What is the extensive boundary dispute to which you allude as adding to the irritation of the Ryots? When did it arise? What Steps have been taken by you or others for its adjustment? and in what state is it now?

Be good enough to enumerate all the important cases in which the accounts are reported not to be forthcoming in the Record Office? to what Record Office do you allude? what steps have you taken in each case to supply the deficiency? and if your allusions bear upon my immediate Establishment do me the

Fort St. George 21st November 1844.-

the favor to shew me where you brought such deficiency to my Special Notice or communicate to me the grounds of your suspicion of want of integrity in any public Officer, and even now against what Officer are the remarks directed.-

May I request you to explain in detail, and with the documents on which it is founded, your assertion in the 4th Column of the same para that certain Bramins of the Thenkurrai Taloot "appear to have secured a double Crop one year, and only paid one out of two years, tho' bound to pay for both."

Subs' Report para 13 No 7.

Subs' Report para 13 No 8

May I request you will explain what you mean by saying in the 8th Column of the same para that "all lands left fallow in fields of greater extent than 2 Goontahs Poonjah, or one Goontah Nunjah are taken no notice of in the general Hookoomnamah"?

Subs' Report para 13 No 1

5. Who was the individual or individuals alluded to in No 1 of the 14th para who lost by the 3 days rain of December "117 Tanks and Yendals with one Channel" the result of private enterprise? Be good enough to afford me a statement of the extent of land and Cultivation and date of Commencement and

Fort St. George 21st November 1844.-

and completion of the works, with the Cost or also, if you are able to procure it, in comparison with the Nature of the ground, its tax and Cultivation prior to the Cutting of the Channel and the formation of so numerous tanks and Yendals.-

Subs Report Para 14 No II

In reference to the false Returns of inundation, of which an abstract table is given in No II may I request you will be good enough to inform me of the result of your enquiry into them as against the party making such false return, and who are the guilty?

Para 14 No III

Will you be good enough to shew me what were the Board's orders in respect to Sugar Cane as alluded to in No III and in juxta position, what I have done, and finally wherein you deem I have hesitated or failed to carry out the Board's orders.-

Subs Report as 20419.

6. In reference to the 20th para of your Report will you be so good as to send me an abstract of each of the many petitions received from the Ryots of the Pyney ven hills against the system of Rentals, together with their dates, and in reference to their satisfaction at the individual Settlement-

Para 19.-

will you be so good as to explain to me how it is you have not in the whole fusly, nor subsequent to it, been able to collect any more than the former annual Rent? why you should have asked my authority to recover what was due from Ryots [if the Settlement had been formally introduced] from intersering Munnadies or self elected Chiefs? and why, when the first kist became due, was it not collected, or the objections to it immediately enquired into, instead of being left till the fusly had nearly or entirely passed away? I cannot agree that the Village Officers would certainly have a direct interest in diminishing the nominal sale price ven, but to enable me to endeavor to judge like you, will you be good enough to shew me when the Village

Officers

16003

Fort St. George 21st November 1844

Officers alluded to were, originally created, ho
remunerated, and from what class, as also ho
for they may be related to the Hill Ryots or
the hill Chiefs to whom you seem to pay so m
attention -

In the same 20 para you express
your perfect satisfaction with the Settlement
you have made and the ease with which
can carry it into effect - It is true there ha
been appeals against your acts, but in you
delay to afford me the means of judging
I have espressly told you I will not interfe
unless new appeals compel me - I consider
quite free to act so long as you keep the
Regulations for your guide, but I will not by
any act of mine shew my approbation of a
course, the nature of which I am unacquainted
You add in the last lines of this pa
that you await my final instructions. Do me
favor to report the date of your last applicati
to me and of my answer thereto; and thus ju
if you had right to expect any final instruc
from me when you sent this report, on the 28
August, or even now. -

7. Do me the favor to forward a
Statement shewing each day a Tasildar ha
been absent from his Taloork, the cause of
absence, who acted during his absence, and
how paid or proposed to be paid; this statemen
to be continued not only for the whole of the
past fasly but up to the date of your reply to
this communication, and it will be well to
add such explanations as you think will be
acceptable to the Board of Revenue. -

Madura
28th September 1844.

[Signed] J. Blackburne
Pr Collector

To

16004

Fort St. George 21st November 1844

To The Principal Collector of
Madura

Sir,

Para 1. I have the honor to Acknow:
ledge the receipt of your letter dated the
28th Ultimo, respecting certain omissions and
requiring further information upon points
connected with my Report on the Settlement
of the Sul Division for Fusly 1253, and
with reference to the 2d Para, beg to state
that it was not my intention to be understood
as having "dispatched the various state:
ments therein alluded to in English," nor
is the slightest mention made of their
being forwarded in that language, not
were they translated last year, not being
required for submission to the Board
of Revenue, or otherwise of the slightest
use. It did not therefore appear to me
necessary to have the accounts translated
on the present occasion. I have the
pleasure to send herewith account No 1,
in English, and will send the remainder
as soon as possible if you will favor
me with a writer from your Office -
The only one allowed to this Cutcherry
being

16005

Fort St George 21st November 184-

being fully occupied with current w
I would beg to suggest however that t
be translated in your Offices likely to be
more expeditious It will be found o
examination that the accounts in t
Vernacular language were dispatc
precisely as mentioned in the state
at the commencement of the Summa
Report with reference to the account
Nos 16-18 and 6, it is particularly obse
at the foot of the said statement th
they would be dispatched in a day
or two- Nos 16 and 18 are allowed to h
been dispatched accordingly, that
received a week after the date of the
Report and respecting No 6 it would
perhaps have been more exact
have said "a few days" than "a da
or two," but I trust as it was recei
so far back as the 19th ultimo, the d
will not prove any hinderance t
the preparation of the account
in your Cutcherry-

2- The nature of the timely
relief

16006

Fort St George 21st November 184-

relief alluded to in the 11th Para of the
said Report, consisted of a supply of
Cholera pills- These were sent to the
Head Officer present at the Cusbah
station with instructions as to their
use- I personally distributed them
to all comers as well in the Tengaree
as other Talocks-

The quotation from the
Para 4 3
Principal Collrs
Report of omis
sion &ca
3d Division of the 13th Paragraph c
does not appear to be very correctly
made- I believe the word "palpable"
will not be found throughout the
Report with respect to the subject
itself, I beg to state that I referred
to the effect which the Settlement of
the dispute between the Ryots of the
Seripully Talock and the Zemindar of
Ayakooddy touching the diversion &ca
of water was likely to have on the
interests of the Circar, I did not mean it
to be understood that there was no
injury to the Revenue prior to the said
settlement, but that the injury was
far

Fort St. George 21st. November 1844

far from ceasing with it, the Zemindar had evidently taken good care of himself before the Settlement, and this was likely to continue as long as the Zemindar found the matter left in his hands; by directions to perform the Maramut necessary for the division of water. The Zemindar has not finished the work although several times directed by me to do so. But even if he had, there would still exist much real cause for dispute and discontent on the part of the ryots. I could not use any judgement in the matter after your approval of the plan and particularly your a Yeddasht of the 22d. of November last directing the work to proceed, although of course, no Maramut could be effected before the end of January or February following. I visited the spot on the 11th of June last, but the work is not half completed. I was enabled however to see that its completion would by no means settle

Fort St. George 21st. November 1844

settle the dispute. The loss to the Circar for the last ten years, occasioned by the Zemindar's proceedings in the one channel may be taken at 60,000 Rupees.

4. The boundary dispute to which I alluded is that between the Ryots of Iyempully and the same Zemindar of Ayakoody. It appears to be of old standing. The right of the several parties to the said land can only be decided by the production of unexceptionable accounts, such as the original Sysal Ologoo, but that for Iyempully appears not to be in the Record Office of the Principal Cutchery and the Zemindar states his accounts to be burnt. The dispute between the parties shews that the Zemindar has not been in uninterrupted enjoyment of the land, and the request of the Zemindar to the Sub Collector dated 3d. October 1834 to have the same guaranteed to him on account of the trouble he received from the Curnums and Natangars, proves not

Fort St George 21st November 1844

not only that the opinion of the Village
officers was against the Zemindar's right
to the land, but that the Zemindar himself
felt that he had no documents or evidence
to support his claim and therefore required
the sanction of the Sub Collector to supply
its place. This does not appear however
to have been given. The most convenient
time for more thoroughly examining,
and, if possible, settling this Dispute,
will be at the beginning of next year.

5.

The particular Abstracts
accounts which I have called for from
the Principal Collector's office, are those
for Tanjore, Melnangalum, Dasiripettah
and Sukkampatty but they were not
to be found, I know not what special
notice I possibly could, or was authorized
to take respecting the Deficiency, the
Yaddashts from your Office must have
brought the matter of their being lost
to your notice and I believe you are
also aware that the Fysul Abstracts
accounts of at least one hundred
and fifty Villages are missing from
the

Fort St George 21st November 1844

the Record Office attached to the Prin-
cipal Cutcherry I am not aware of the
steps which you would wish me to take
"to supply the Deficiency" but shall be
happy to do every thing in my power to gain
so desirable an end, though I truely
believe it impossible to do any thing, but
guard against future injury, were a copy
of a Document required, it might easily
be supplied, but if the original be de-
stroyed or otherwise lost, there can be
no possible utility in the transcript of
an unattested copy - The very fact of the
Fysal Abstracts being required is pre-
sumptive proof of suspicion as to the
correctness of the accounts in the possession
of the Carnam and the original having
disappeared is at least suspicious
touching the correctness of the Village
accounts. A copy therefore of those ac-
counts taken for the avowed purpose
of supplying the Deficiency of the only
true check upon him would be at least
a very worthless Document, and if in any
way

way acted upon, a disputed point respecting extent or boundary would only be a sanction for any irregularities suspected or complained of on the part of the Village officers I am equally ignorant of any particular officer against whom my remarks are directed, my observations are confined to the loss of the records and the injury likely to arise therefrom my remarks were not directed to persons but merely to facts.

6. With respect to the Chinna manor matter the first dittam for the waste land of that village

		Rs a p
1st Dittam	amounted to	778-6-8
	which was taken by 59 persons out of this number 12 persons having land to the amount of	60-5-10
	were contented, and the remainder was held by 47 ryots	718-0-10
2nd Dittam	These 47 afterwards agreed for more land by Patapoti to the amount of	588-2-5
	Out of which there was left waste by ryots who held no cultivation	12-14-7
	Cultivation	163-11-11
	Total	176-10-6
	Waste land included in the settlement; Rupees	411-7-11

of the land taken at the 2nd Dittam was paid for, but the first was not. The excuse of the Brahmins was that the cultivation year being over on the 15th of May, the land they had agreed to cultivate that year, they delayed to sow Varagu till the 20th of that Month whereby they have a right to cultivation within the Fusly, without the obligation of the payment, thus the produce of the crop planted and partly reared in Fusly 1252 is brought to account in Fusly 1253. and the crop planted in the middle of Fusly 1253, is, as a matter of course, also brought to account in that same Fusly therefore, as the same land cannot pay twice in the same year, two crops are enjoyed on land where previously never more than one crop was reaped the tax for only one year is paid. The following year the same being left fallow and others prevented from taking it up because the Brahmins have the land entered in their dittams but evade the tax whilst they enjoy the crop; The parties who by competition stimulated

60 16013

Fort St George 21st November 18[illegible]

stimulated the Brahmins to take the l[illegible]
by Patapoty, would most willingly ha[illegible]
taken up the lands left fallow by them
But this the Brahmins prevented by havi[illegible]
the same entered in their Lettahs. To pr[illegible]
event the recurrence therefore of such
proceeding which would be unfair to a[illegible]
I made a remark at the end of Para[illegible]
of Para 13. and if you have any instru[illegible]
tions to favor me with on the subject
I shall be glad to receive them.

7. The entry in the Settlemen[illegible]
of Punjah and Nunjah Ydcas lands left
fallow in parcels of less extent than
2 or 1 guntah respectively may be Jou[illegible]
in the 2d Para of the general cultivate[illegible]
Hookroonnamah Dated 6th July 1835.
for Poonjah for Nunjah and Baghoy
the 4th and 5th Paras of the Hookroonn[illegible]
enamah dated the 29th of May 1834.

Paras 5 of Prin. Coll.rs List of omissions Ydcas

8. There would be no difficul[illegible]
in giving the names of the individua
to whom the broken tanks, yendals
and channels belonging, but such
information

16014

Fort St George 21st November 1844.

information could be of no service. The
extent of land and cultivation under
each, could also be shewn, But the nature
of the soil the date of commencement
and completion of the works or repairs
with cost Ydcas would take much time and
labour - This, will, however, be drawn up
and submitted; when completed, should
they be required, but I trust they may
not, since being as before stated, the result
of private enterprize, the repairs will be
supplied from the same source unless
enquiries; which cannot be realized, Had
I contemplated the increased labour
arising from the statement of injury
to the said Tanks and Yendals, I should
not have troubled you with it,

9. No decision in the matter
of the Salve returns of withered crop
Ydcas has yet been made, as the enquir-
ing into the accounts of the ceremums,
is not yet completed, The Village officers
are most to blame - The amount of tax
has been carried to account. The result
of

16015. Fort St George 21st November 1844 016

the enquiry if required will be duly
submitted.

10. In a Tamil Yaddasht date
the 2d of October 1838. the Principal
Collector directed the Sub Collector acco
ving to the instructions of the Board o
Revenue Dated 13th November 1837 to le
the regular Nunjah tax on sugarca
land, on the 20th of September 1838. the
Board of Revenue were pleased to d
that 80 per Cent in addition to the tax
on one crop Nunjah should be leie
on all lands occupied by sugar cane
As therefore it appeared to me that
the instructions of the Board of Reve
must have reached your Cachry bef
the issue of your instructions of the 2
of October 1838, and as in the 18th Pa
of the Board's Proceedings dated 6th Febr
1843, it was observed that by the
statement 12, submitted to them it
did not appear that their order
had been attended to, respecting
which explanation was requested

Fort St George 21 November 1844

I therefore wished to know whether there were any fresh
instructions for guidance.

11. Subsequent to your letter under reply I
addressed a communication to you on the subject of the 4th Instant
hills situated in the Fangire and Tyen-pilly Talooks
to which therefore I beg to refer you for part of the
information required. The Petitions of the Ryots for
the amany system were first, I believe, presented
to yourself. Those from the Manadies who alas,
for the sake of effect, occasionally called themselves
Ryots, are nearly all repetitions of the same
story viz.t their right to the rentals which
they have never attempted to re-establish but
which could easily be disproved. The Petitions
presented to you and myself, within the
last 2½ years, have been about 70. I represented
in my letter of the 3d November 1843 the
necessity of an indorsement or order to
the Renters, which could not be mistaken
because as therein stated, "the Manadies
"and their relatives are perfectly aware
"that the Board of Revenue have long
"since directed the system of rentals to
"be given up, They Know well your own
"orders on the subject, and they cannot
"be ignorant of the impossibility of
"now disturbing the individuals

Amany

Fort St. George 21st November 1844.

"as many, or ryotwar system." The various communications between the 2 Cachries have probably exceeded in amount the number of Petitions: and if they have given you half the trouble they have me, when a single indorsement would have sufficed, my regret at such not having been given, may be easily imagined. - I however so fully anticipated all that has occured, that I requested in the 21st Para of my Report on the settlement of the District for Fusly 1252 that the matter be entirely "left to myself, or perfectly taken off "my hands". - I do not object to the hill people, whether Ryots or Manadiers, presenting as many Petitions, but I do regret to see the hopes of the late Renters still kept alive, when concurrence with their wishes is impracticable, I have more than once indorsed their Petitions to that effect. - But they look elsewhere for

Fort St. George 21st November 1844

for their final answer. - I have several times personally advised them on the subject, but the result is as you return to Madura, from which place their Petitions are forwarded for my consideration. On the receipt from you of a similar Petition in august last, I ventured to propose an indorsement which I forwarded with a Yaddasht dated 24th of the same month. I take this opportunity of bringing to your notice that I did not indorse the said Petition as appears to be stated in your letter of the 9th Instant, but merely entered it in my abstract Petition Book as No 1312 sending the proposed indorsement on a separate paper, and particularly stated in the Yaddasht that if the said indorsement were approved of, either the same or another one, or even one of a different kind,

should

16,821

Fort St. George 21st November 1844.

13. The reason of the non collection of the money due by the Hill exhibitors requires very little further explanation than it has from time to time been given in my several yaddasht letters, and Reports. But I may mention that there is no reason to believe that any Ryot has not paid his full tax, for fasly 1252. But the Manadies who have collected the same, have misappropriated it, or, at all events, not carried it to account. - The 1st Mepparty I directed to be registered, was Mepar Manady in the Sirupakshy hill because he acknowledges the said collections and his responsibility for the same; - But by the yaddasht from your office of the 5th of June, I was directed to desist, which I did accordingly. These instructions, I am aware, were issued under the impression that the said Manady was not a Rattangar, which however he was, as subsequently explained. - The yaddasht from your office of the 17th

16,822

Fort St. George 21st November 1844.

of August last, in reply, observes that if the individuals who have levied the tax from the Ryots of Sirupakshy be a Rattangar, he should be proceeded against according to the provisions of Regulation IX of 1822, but not otherwise. In the cases, therefore, of the other Manadies who had collected money from the Ryots but refused or neglected to bring it to account, the cultivators would all be forced to pay a second time in the same fasly for their lands, an arrangement which would certainly tend to beget in them a spirit of opposition to the Amany system, and which the manadies would by no means feel desirous of checking, but the existence of which, at the present time, I must unreservedly deny. -

14. In consiquence of the Manadies, who were not recognised as Rattangars, retaining the money due to the Circar, in their possession, or otherwise disposing of it, and remaining in Cadura, it was not possible for the Talook officers

Fort St. George 2nd November 18

Officers to collect the sums due by them in this Division. My letter even so far back as the 3d of November 1843 to you address, requested that they might be sent to their villages. An account of the Petitions of the Canadies, being sent me, it appeared advisable for me to request the favor of any instructions you may have thereon, but I have not been so fortunate as to succeed in obtaining them.

15. Since the date of my forgoing indorsement of the date of my Jamalumgy Report, I have received from you two further Petitions from the same Hill Ryots, "for consideration" The Petitioners state therein that they will all desert the Hills, but do not wish their Petitions to be sent to me; whilst they request orders direct from yourself for the renewal of the rentals. I am not really aware that I can do any thing for them, my best advice to them is the speedy payment of their dues; rather than in speculating on the abolition of the amany system. I feel confident their request for the return of the rentals

Fort St. George 2nd November 1844.

rentals will never be granted. - Their threat, in the name of Ryots, of decamping, appears to have answered their purpose on a former occasion. But I not only disbelieve their ever having deserted the hills, but that they ever had the slightest intention of doing so, particularly now that the cultivation is on the increase and the communication between the upland cultivators and lowland merchants, is far greater probably than it ever has been. - It is true the people generally conceal themselves whenever a circar servant appears on the hills, and have even proceeded so far as to maltreat them in the execution of their duty. - But the Canadies are the cause of it. - It is one of the essential points of their speculation. - As an instance of the above, I beg to forward the Deposition given by a circar peon upon Solemn Affirmation, before me, on the 4th 6th, and 14th Instant on full proof, I punished the only defendant apprehended. - The two above mentioned Petitions having been received with a separate letter dated the 30th Ult.o, they will be replied to in a separate communication. - But I may mention here that whilst in one of these

Fort St. George 21st November 1844

them apparently a joint Petition No 1865 dated 23d September; from Tyempilly and Tingiare, the statement is made that if they do not cultivate this month, one year will be lost. The Tongavidar in his address of the same date, informs me that the Manadies themselves have sent instruction to obey them only and not to plough their lands this year.

16. As I do not perfectly comprehend the 2nd part of the 6th Paragraph of your Letter of the 28th ultimo and I trust, no reply is required, I have not furnished any.

17 With reference to the 3d part of the same Para I beg to refer merely to the Appeal Petitions of the Manadies, and the Yaddasht &ca accompanying them. It surely cannot be intended that appeals against my proceedings, your own instructions, and the Board's repeated orders, were forwarded to me for my assistance. Not being able, therefore, to understand your intention or wishes in

Fort St. George 21st November 1844

in sending me so many Petitions of the same kind, I requested at once decisive instructions as to whether the hills were to return to the rentals or be kept under Amany - the Yaddasht from your office of the 1st of August, first requested my opinion as to whether the hills should be kept under amany or not, and on that you would decide. 2nd required repeating to what hill appointed. 3rd that the Cannams were directed to reside on the hills, but where they now were was not known. On the 20th August you were pleased to send me Vilamanadys Petition, and on the 24th Idem, I submitted a proposed indorsement, which was an answer to the first part of your Yaddasht. - In your's of the 29th August, any answer to my question of the 5th idem, is refused till your communication of the 12th had been fully replied to this I had the pleasure of doing in the 31st of the same month, but I respectfully assure you I cannot see the least connexion between instructions requested by me and the information first required by your Yaddast of the 29th

Another

them apparently a joint Petition No 1805 dated 23d September, from Tyempilly and Teingiare, the statement is made that if they do not cultivate this month, the year will be lost. 16. As I do not perfectly comprehend the 2nd part of the 6th Paragraph of your letter of the 28th ultimo, and I trust, no reply is required, I have not furnished any.

17 With reference to the 3d part of the same Para I beg to refer merely to the Appeal Petitions of the Manadies, and the Yaddasht &c accompanying them. It surely cannot be intended that appeals against my proceedings, your own instructions, and the Board's repeated orders, were forwarded to me for my assistance. Not being able, therefore, to understand your intention or wishes

in sending me so many Petitions of the same kind, I requested at once decisive instructions as to whether the hills were to return to the rentals or be kept under Amany - the Yaddasht dated from your office of the 1st of August, first requested my opinion as to whether the hills should be kept under amany or not; and on that you would decide 2nd required repeating the usual residence of the Natamgars, and to what hill appointed. 3rd that the Carnams were directed to reside on the hills, but where they now were was not known. On the 20th August you were pleased to send me Vilamanadys Petition, in reply to which on the 24th Idem, I submitted a proposed indorsement, which was an answer to the first part of your Yaddasht. - In your's of the 29th August, any answer to my question of the 5th idem, is refused till your communication of the 12th had been fully replied to this I had the pleasure of doing in the 31st of the same month; but I respectfully assure you I cannot see the least connexion between instructions requested by me and the information first required by your Yaddast of the 29th

Another

Fort St. George 21st November 1844

Another Yaddast of the 7th September requiring information on eleven points.- These I furnished in my letter of the 4th Instant, but stated on the 9th Instant further information was required, and whilst I beg to offer this to you as proof that I am not considered in any degree free to act, it appears to me to form sufficient grounds for the Board, the Ryots and myself, that I should to expect a final answer from you, not from any necessity on my part, but out of courtesy in consideration of your numerous communications for information vide after having, on the 29th September 1842, sanctioned the plan of settlement proposed by me, and directed all the hills to be treated in the same way.

Para. 7 18. In accordance with your wishes contained in the 7th Para of your letter, I beg to shew hereunder the periods

Fort St. George 21st November 1844

during which the different Tahsildars of this Division have been absent from their Talooks, from the commencement of the past fusly to the date of this reply, with other information required.-

The Tahsildar of Sadiktambee took leave on the 21st Instant to proceed to Madura, on a visit to his relative Srinivasyungar, Head Jawab Navis in your Cutchery to condole with him on the death of his wife.- He returned on the 28th. Idem 7 days.- The Muzumdar transacted the duty during his absence, but no remuneration was given for the same or proposed to be given.-

The Tahsildar of Nellacottah was absent from his duty, though in the Cusbah station from the beginning of the Fusly to the 26th of October 1843, pending the result of his appeal against my decisions of the 15th and 16th of May previous, respecting his proceedings in the Maramat affairs of his Talook.

Total

Total 3 Months and 16 days the Muzumdar acting during that period, and was directed to receive a part of the Tahsildar's salary, according to your instructions of the 26th October. -

For enquiry in this Cutchery he was absent from his Talook, from the 6th to the 19th of September, Total 12 days, being only 3 Miles from his Talook, he did the duty himself as usual. -

The Tahsildar of Tyempilly was sent to the Criminal Court on 9th of May upon a charge of improper proceedings in a case of violent death &c. The Muzumdar was directed to do the duty of his office, but on the Muzumdar being required by the Criminal Court, he was absent from the 15th to the 24th of July, & during which period the acting Zilladar conducted the duties of that office, for 9 days. - Though there are several cases against this Tahsildar, some of which are partly examined, as explained in my letters of the 10th and 17th Instant. - He was restored to his situation on the 17th Instant according to

to your instructions of the 14th Idem. No remuneration has been given or is going to be recommended by me for those doing the duty during the absence of the said Tahsildar, which was 5 Months and 7 days. -

The highly satisfactory state of the cultivation in Tyempilly, and particularly in the Muttah of Calamandhy, does not tend to shew that the Circar have suffered any injury by the said Tahsildar's absence. -

The Tahsildar of Tengure Shanu Row, was under suspension at the Fasly 1243, and has remained so to this date. - The numerous cases which were examined and proved against him before his being forwarded to the Criminal Court where he was tried on 9 or 10 Charges and committed on several of them, would have been settled at the time, but evidently with a view to delay the decision and then offer the said delay as his strongest claim to forgiveness and restoration, required to cross examine the Witnesses, an undoubted right, but one he never thought of till put to him. - This re-examination

could

Fort St. George 21st November 1844.

could not then possibly take place, as the witnesses, who were numerous, would have to come from three Talooks.— The decision on the last case before the Sessions Court was received here on the 20th Instant. If is not the proper place, I am aware, for any discussion on that or the other cases disposed of, but even if those decisions were in conformity with the evidence, the failure of sufficient proof legally to convict, can be shewn to form no satisfactory evidence of the trustor or things of the said Tahsildar or that he will not abuse his power on every occasion that offers itself and rely on the same means as he has now adopted for escaping punishment.— The other cases, before me, of sham Row, can occupy only 15 days; and besides pass a decision on them, I propose submitting a report to shew to yourself and the Board of Revenue how all bribery and authority reposed in a Tahsildar can be, and has been, in his case particularly most shamefully abused.

(Signed) W. Elliot
Sub Collector

Dindigal
28th October 1844.

Fort St. George 21st November 1844.

To
W. Elliot Esqre
Sub Collector of Madura
Dindigul.

Sir,

1. In reply to your letter of the 4th received on the 7th Instant, purporting to be the contents of all others in one communication of the subject of the Pylney hills, and your offer in the last para. to afford any further information requisite I have the honor to observe I find it so obscure as to be unable to ascertain therefrom whether you are in want of any advice or instructions from me on the subject; and in the supposition that you do not I will put it on the records without putting you to further trouble than seems necessarily to grow out of your letter.—

2 Perceiving that almost all the Nattamgars have been recently appointed by you, and neither seeing the suspension or dismission of the former ones in the periodical returns, I am under the necessity of asking you, if all have been nominated on death vacancies. How a Chetty stands

16033 Fort St. George 21st November 1844

stands appointed to Tandicoody & and how he comes to be residing at all at Devadava-=puttyc and request information as to the relative portion of time spent above and below the hills.-

3. I am of opinion that where it is desirable for you to afford me your opin-=on on any matter it is not a decorous mode to do so by endorsing a petition and sending it to me to deliver to the party- whereby I become either the quiescent supporter of your determination, without knowing the-= grounds on which it has been come to, or am otherwise under the necessity of returning it to you.-

4. The assumption in the latter part of the Vth division of your sub-=ject is wrong, so that the pains taken to refute it are unnecessary.-

5. I look upon the remark in the Xth division of your subject as exceeding indecorous, and request you will be so good as to refer to the date of each Tamil Mem-=randum which you say so fully explains every thing in connexion with the settlement the Pylney Hills, that I may refer to them to

see

16034 Fort St. George 21st November 1844

see if any have been overlooked or have failed to meet with due attention.-

6 May I request you to furnish me with a Statement of Curnoms since their nomination, particularly shewing where they resided and marking every day that they were absent from the Villages to which they were appointed and the general cause of their absence. This question is put from an impression that their residence in the hills has been merely nominal.-

Madura
9th October 1844

/Signed/ J. Blackburne
Pr. Collector

To
The Principal Collector of
Madura

Sir,

Para 1. In answer to your letter of the 9th ultimo on the subject of the Pylney and Tengare hills I have the honor to state that in my Report of the 28th September last I represented that I still expected final instructions from your office; But this was not required so much on my own account as on that of the Petitioners against the Amany system who naturally look for some

answer

Fort St. George 21st November 1844.

answer to their numerous Petitions. Even
you would be pleased to favor them with
endorsement to the effect that no further
orders will be issued by you to them
that the returns will not be restored
I think it will be sufficient to have
a material effect upon their hopes
and the Collections.-

Para 2 2. With respect to the former Pro-
=vers, it became a matter of necessity to
others to perform their work because they
were mostly interested, being Manadiers in the
result of the speculative contumacy and
I see no objection to their being restored to
part or whole of what they held before but
that they should not take place at least till
all obstinacy had subsided. It did not appear
to me necessary or otherwise advisable, publicly
to dismiss them & forgoing their influence over the
Ryots and passive resistance to the Arrears
as my reasons. The appointment of those
who appeared more willing to assist the Ar
virtually deprived them of office or superseded
their authority as in the case of higher ap
=ments. None of the Nattamgars have been
appointed on death vacancies. There are Chil
on the Hills as well as on the Plains and this is more than mostly

Fort St. George 21st November 1844.

who is a chitty but I am not aware of the
relative portion of time spent by them upon
and below the hills.-

Para 3 3 I beg respectfully to observe that
I did not endorse any petition addressed to
you sending it to be delivered to the parties
The Petition and the endorsement referred to
were on separate pieces of paper, so that
the endorsement might be given copied
or laid aside as appeared best to your=
=self. I proposed that a some what
similar one should be given in my yaddasht
of the 24th of July last as well as 3d November
1843.-

Para 5. 4 I regret that the X th Division
of my letter of the 4th ultimo should appear
in the least indecorous, such was far from
my intention. The communications which
have explained the matter of the hills have ex
been chiefly my yaddasht-
to your address dated
the 21st September 1842; my Samabundy report
on the whole District dated 15th November 1843,
That upon this Division dated 28th September
1844, my Yaddasht of the 24th July last and my
letter of the 4th ultimo. My letter of the 28th
ultimo will with this I trust explain all
that

Fort St. George 21st November 184

that remains.

Para 6

5. I did myself the honor on the ultimo to furnish you with the Statement of the periods passed by the Armies upon and below the hills. They doubtless prefer the low country to the uplands, and this may have induced them to exaggerate the period spent below that it might form a pleasing precedent. They have certainly been required within the Falcon Cushery of late or during the past year more than will be necessary during the present. The inutility of the Grenadiers and their adherents might have afforded an extra inducement to absent themselves from the Districts ing a region; But there exists no means of ascertaining the true period of their absence from the hills or the special purposes for which they were required. Should however the Curnams be considered not trustworthy, or should resign, if ever punished for unauthorized absence I request the favor of your opinion as to the appointment should be given as none of the Hill people can write or read, some perhaps 2 or 3 of the

Grenadiers

Remarks.

The amount of work executed is not that for the Estimates of the same year but is for Estimates previously sanctioned - and works actually performed in the year Charged. -

As the revenue accounts are kept in the Fusly year and the repairs &c. in the year of our Lord - for the sake of Comparison. - I have taken the year in which the greater part of the Fusly year is included. -

In two years only Devastanum funds having been expended on roads the average of those two years has been taken separately.

To C. G. Lovell Esqre
Acting Secretary to the
Board of Revenue

From J. C. Wroughton Esqre
Collr of Coimbatore

Sir,

In conformity with the request contained in your letter of the 15th ultimo I have the honr to forward two Original letters from Chandumbarien to the Superintendent of Tobacco and to the contractors for the conveyance of the same together with the original Proceedings connected therewith.

57

2 It will be perceived that Chedumbarien admits the letter No. 1 to have been written by himself and there is not the least doubt that the other No. 2. was also.

3 It is scarcely necessary to direct the notice of the Board to the fact that the Tobacco Department has always been the Nursery of Fraud and the slightest ambiguity either in the Proceedings or commission of the Establishment must be checked there is no doubt of the misconduct of Chedumbarien but

vide Endt No. 9.

Translation of a letter addressed by Chetumbariah to Venkatabistriah

The Malabar officials sorted the Tobacco consigned with Rafary No. 1 and sent the Accounts therewith connected

to

16,047 Fort St George 21st November 1844

to the Huzzoor. They have now received orders to explain the cause of the sorts fixed by them being discrepant from those fixed by Coimbatore sorters. The former Tahsildar is not here. There is a new Tahsildar who reached this place only two days ago. He enquired the people here about the particulars of the case. They stated "that the sorters of Coimbatore, assort the Tobacco according to their pleasure, whereas we assort it with reference to its real quality, and that as the Coimbatore sorters have no fear of Government they classify the Article as they pleased which is the cause of the difference in the two assortments". The present Tahsildar is one disposed to give ear to the words of others and to receive esteemsively. The former Tahsildar would not take the words of others, and will confine his perquisites only to instances of consideration without any regard to "Chillarahs" or Trifles, I communicate the news as it is current here. In every instance we should construct a dam before water comes on, but I leave it to your judgment. I was told that you had marked me when I expressed a similar opinion

Under the circumstances submitted by the Principal Collector the Board see no reason to interfere with his decision on the Petitioner's case.

Read the following letter

To The President and Members of the Board of Revenue

Fort St. George

Madras

From Revd. A. R. Cardoza
Vicar of St. Thomas' Mount

(59)

Sir,

I beg leave to bring to the notice of your Honorable Board that the annual feast of Saint Thomas's Mount Church which takes place in December is now very poorly celebrated owing not only to the extremely reduced state of the funds belonging to the Church

16052 Fort St. George 21st November 1844

church, but from my being deprived of one since 1839. of an allowance of 25 Pagodas which I used to receive from Government from which I used to contribute towards the feast as liberally as it layed in my power. Under these distressing circumstances may I earnestly solicit the favor of your honorable Board, kindly foregoing the taxation levied on account of the Bazar which are usually kept during the feast, and allow me the benefit of receiving it to be appropriated for the Celebration of the feast. The Bazars can be of no object to Government but to me it will prove of essential service in defraying the expences of the celebration of the feast.

St. Thomas Mount 14th November 1844. } I Signed I Father A. R. Cardoza Vicar

Ordered that the following letter be sent in reply.

(70)

Sir,

With reference to your Endorsement dated the 17th August last on Petition No 710 of 1844, I am directed by the Board of Revenue to request that you will be so good as to furnish them with further information in regard to the Shotteium Village of Errogoodapilly on the following points.

1st It does not appear from what source the channel is derived whether from a spring head in the Shotteium existing stream or channel. This should be distinctly explained and likewise whether it has any connection either by its proximity to the Bund or to the drainage of a Great Tank. From the allusion made by you to the change in the description of the cultivation made by the destruction of the Yerrabilla Tank in 1832.

2nd it would appear that the means of irrigation are in some measure dependant on the reservoir.

3rd You are also requested to state whether there are any other similar cases in which no additional cess is levied.
