Fort St. George 9th December 1844

The season being unusually adverse to the cultivation of the wet crop and indeed much contracting the extent of all species of culture, the gross settlement fell short of that of the previous year in the sum of Rs 58,853—15—4. the deductions amounted to 3,63,284—8—2 leaving the net settlement 13,00,971—13—8. and a decrease on Fasly 1251 / 41/42 of 231,749—8—2

Decrease Rs 58,853—15—4

There remains also the heavy balance of 67,612—1—6. stated to be irrecoverable, the collections at the end of June 1844 being 12,33,359—12—2 and the Collections on account of the two years exhibit a decrease of 2,34,323—9— or 16 per cent—

4 The autturn of the year in regard to the amount of Revenue realized, does not bear comparison with more prosperous seasons—To the depressed state of the agricultural population, as described in the strong and doubtless unexaggerated expressions of the Principal Collector, the cause, in the opinion of the Government of the reduced settlement now reviewed may be attributed—

such cases the Government consider that the Sub Collector should have applied for instructions before he ventured to pursue a course at his own discretion of which his superior the Principal Collector has seen cause to disapprove. The proper course is clearly that which the Board have directed for the restoration of ruined Wells, viz.t to provide for such an abatement of the demand in the Cowlenamah of the District, as may reimburse the Ryots for the expense of the repairs and encourage them to renew their Garden Cultivation. If however the springs have failed and the Wells can never be restored, it will be for the Board to consider in what manner the assessment on the land may be reduced so that they may not be left altogether waste.

17047 Fort St. George 9th December 1844

the notice of the Most Noble the Commander in Chief that only very recently the Principal Collector of Salem has levied a duty upon all European supplies coming up from Madras for Regimental Messes in the Mysore Division. I applied to the Principal Collector for information on the subject, who informs me that the authority under which duties are levied on goods passing from the Confederate Dominions into a Foreign State is Act VI of 1844. On reference to the Act, it appears to me not intended that duty should be levied upon Regimental Supplies and private Baggage as insisted upon by the Collector, and as many Individuals have suffered much inconvenience and expence by the detention of their Bandies, I beg to request that the question may be submitted for the consideration and decision of Government.—

with regret that the expectations of an abund-

and that owing to the heavy rains and
floods which occurred at a later peri-

extent

extent of 1567 Fakies or 7860 Cawnies was occasioned.

2. This decrease in the extent of cultivation was however compensated by an increase in the price of grain / 39% per cent/ so that the settlement exhibited a net increase of 222906 as compared with the preceding Fusly.

3. The Most Nolle the Governor in Council is glad to observe that the advantages of the ameut continue to be so fully demonstrated by a permanent increase of cultivation and revenue - the former averaging 6000 Fakies and the latter amounting to upwards of two Lacs of Rupees.

4. The Acting Collector would appear to have misunderstood the orders and intentions of the Board of Revenue in regard to the substitution of a money rent for the "aumany System" the mere adoption of a Grain Rent would of course have no effect in removing the evils attendant on the aeemany System. The Collector of Tanjore having his attention thus called to the subject, will it is hoped be able

able to give effect in future to the views of the Board of Revenue in the Policy of which the Government concur.

5. The Remissions owing to the untoward circumstances of the season were necessarily extensive / Rupees 91760 / a very large proportion of which Rupees 53909 / were required in what are called the 4 Lower Talooks "the furthest from the source of supply, and which always suffer most both from drought and flood" Evils which it is hoped may be mitigated if not prevented by the works sanctioned on the 13th January last.

From T. A. Anstruther Esqre
Acting Collector of Ganjam.

Reporting on the state of the season in his District.

I think it my duty to report that shortly after my letter of the 3d. Instg a little rain fell partially in the neighbourhood of this Town and down the coast, but since then none has fallen and the loss of Crops has been very extensive.

2. The Ittapore Taluk is much burnt up. the entire crops of many villages having perished and the villages themselves being deserted and totally devoid of water for drinking even.

3. In Ganjam and the villages near I have seen crop after crop dried up after the exhaustion of every available puddle by raising it by hand baskets to the fields.

4. The Wadadah Taluk has had generally a fair share of rain and

Goomsur

Goomsur and Sooradah have had abundance.

5. Several of the zemindars have suffered most severely such as Chegutty, Moorah, Palcor, Mundasah and Purlakhemedy, but on the eve of quitting this District I do not think it necessary to go into greater detail, and I state the above in order that the Board may be informed of the difficulties Mr. Smollett will have to encounter.

Vizagapatam.

Sir,

I have the honor to acknowledge the receipt of your letter of the 20th instant, and in reply to state, that if you obtain the orders of Government, or of the Board of Revenue, authorising me to take the management of the Rajah of Vizeanagrum's village of Cotipilly in the District, I will most willingly do so. But without such orders, as I understand the Estate of the Rajah of Vizeanagrum is not under attachment for arrears of Revenue or any other cause, I apprehend that I have no power to assume Revenue Jurisdiction over

you that the Village of Cotipilly, situated on the Godavary, and which belongs to the Rajah of Vizeanagrum, is now under my Management; but I find the utmost difficulty in conducting the Revenue administration, in consequence of the distance of the village from this District, and of the amuldar not being vested with Police authority.-

2.

I should therefore feel greatly obliged if you could take charge of this village, and carry on the Revenue administration through the means of the Tahsildar of Deackaram, who I believe is the principal Revenue Officer in that Vicinity.

3.

There will not be the slightest objection to your entertaining such an Establishment as you may consider necessary to conduct the Revenue details under his superintendance. The expence of this establishment could be defrayed from the Revenue Collections. From the same source a fixed sum is annually paid for the expence of the Pagoda and the surplus only is remitted to my Treasury.-

Order thereon. Ordered to be brought forward at a future day.

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Collector of Bellary - - - - - 1. I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated the 31st Ultimo, giving cover to an Extract from a General letter from the Honorable the Court of Directors — and to the Minutes of Consultation thereon, and desiring me to take into consideration the means of effecting a reduction in the Armed Civil Establish=ment, and to submit my sentiments on the subject with a Statement of the reduction I may propose and of the manner in which the remaining Establish=ment is employed. —

Reporting with reference to the Extract from the Proceedings of the Board of Revenue dated 31st October 1844 that there is no Civil Armed Establish=ment in the Bellary District, and that no reduction can be effected in the Permanent Police Establish=ment —

2. It would appear that the observa=tion of the Honorable Court have emanated from a reference to the expense of the armed Civil Establishment in the Northern Circars Viz.a of Fusly 1248 — A.D. 1838/39 The Ordinary Police Establishment of this District called Asham Peons has always been designated in the Public accounts as Civil armed Establishment, and from the same cause Head Money continued to be allowed to the Medical Officers attached to the Collectorate, on the aggregate Number

The

17083. Fort St. George 9th December 1844.

The error was rectified on an objection started by the Civil auditor and Military auditor General, against the disbursement of the Head Money, thereby declaring that the Peons so erroneously designated Civil armed, formed the regular Police of the District. The result of these discussions and of an appeal by Dr. Edgeome to the Honorable the Court of Directors was that the allowance of Head Money has been discontinued. Corresponding alteration in the denomination of this Sibbandy was made in the accounts of the Collectorate at my suggestion & approved of by the Civil auditor; The fact is that there are no other Police Servants than those embodied in the Statement of Fusly 1248 to which the Court have drawn attention. They are permanently employed and not of an Extra nature, nor auxiliary to the Police. Should Government refer to the Correspondence noted in the Margin they will be satisfied that no such Establishment as Civil armed exists in this District, and that the question has already been finally settled, and the irregular practice

practice of returning them as Civil armed Establishment has likewise been discontinued, of which fact the Statements of periods subsequent to Fusly 1248 (to which the Honorable Court now refer) will afford proof. Strictly speaking the Cuttoobadies, Cundachars &ca are the auxiliaries to the abovementioned permanent Police in this District; they enjoy Enam lands, not money allowance. Had they been in the receipt of the latter; they would have been entered in the Statement of Civil armed Establishment. In order that the Board may be aware of the streength and other particulars of this body I beg to enclose Extract from a letter which I had occasion to address to the Court of Foujdaree Adalut under date the 12th January 1844.

3. With regard to the instructions of the Board as to effecting a reduction in the Establishment I beg leave to submit Copy of a letter (with enclosure) from me to the Secretary to the Finance Committee dated 13th January last year, from which the Board will observe, that I have effected every practicable reduction, reduced the pay of the abovementioned permanent Police Peons (erroneously termed Civil armed Establishment) from 4 Rs as 0 to 4 Rupees each per Measem and in soliciting the Boards attention to the observations therein made, I beg leave to refer to the Minutes of Consultation dated 11th April 1843 which was accompanied by the Boards Proceedings of the 20th of that Month.

See also Para 4 of my letter to the Board dated 17th January 1843.

month. The permanent Police Establishment as it now stands after 3 or 4 reductions cannot be further decreased without impairing materially its efficiency.—

4. The Board are probably not aware, but it is well known to Government, that owing to the inadequacy of the permanent Police Establishment I lately applied through the Session Judge of Bellary and the Fouzdaree Court for 50 Kurnool irregular Horse being permanently employed in this District to put down the Gang Robberies committed on the frontier Villages of this District by Marauders from His Highness the Nizam's Territories, Darwar, & Belgaum, and the Government were pleased to grant my request under date the 5th August 1844 as an experiment for one year. The urgent necessity of protecting this Frontier surrounded as it is by Foreign Countries from the attacks of these Gang Robbers, having attracted the attention of the Supreme Government, they have declared their readiness to consider any arrangement which may be suggested as best calculated to remedy the evil complained of; and I am accordingly now called upon by the Fouzdary Court to make this suggestion. I believe I shall be obliged to propose some arrangement which must necessarily entail an additional expense to Government.—

Extract

No. 4.

Extract from a letter from the Magistrate of Bellary to the Court of Fouzdaree Udalut under date the 12th January 1844.—

Para 5. The Rule of the Court (No. 26 of 31) may be of paramount importance and strictly applicable to the Southern Districts where Saliars are on a footing altogether different from that of the Ceded Districts. But Bellary has a peculiar System. It has not in every Village Peons like the Tannah Peons in other Districts, the local or Village Police force within my jurisdiction consisting of Cuttoobadies, Cundachars, Saliars & Ankawars &ca &c who do not receive any monthly pay but enjoy Meerasy lands. The District comprizes 13,056 Square miles in extent & Contains 4,453 Villages with 2,42,066 Houses & 11,26,700 Population. The Cuttoobadies &ca are 8,609 as follows.—

Cuttoobadies	3,167
Cundachars	1,540
Saliars &ca	3,902
As per account last taken	8,609

being a number far above the local strength of any District in Southern India.—

6. It has been the Custom of this District for upwards of 40 years to consider the Village Police (meaning

(meaning the Cuttoobadies &c. above named) as part of the Police of the Province. Colonel Munro informed these men that their Services as a Military body were no longer required, but that they might continue to enjoy their Enam lands on Condition of transferring their Services to the Civil Power. They are in fact Peons, and are called so in our accounts. For the better elucidation of this matter, I beg to quote certain Passages in the reports of the former Principal Collectors of this District. Colonel Munro observes regarding Cuttoobadies and "Cundachars, but this defect has since the expulsion "of the Kavalegars been supplied by the appointment "of Village Peons who, though not denominated Saliars, "perform nearly all the same duties" and further that "the Saliars constituted the most essential part of a "Police Establishment, & therefore it is important that "their numbers should be kept complete, and that their "Ancient fees which from a variety of Causes have "been discontinued should be restored". Mr. Chaplin states "that a considerable number of them actually "do contribute the aid of their Services in the Police "Department, & though their Employment is neither "so general nor so useful as that of the Saliaries, "yet as they enjoy considerable Enams they may "continue where it has been customary as "auxiliaries to the Police system".

Sir,

I have had the honor to receive

The Establishment previous to its modification by the Revenue Committee in the year 1829 stood at 19,054-14-2- per mensem it now Amounts to no more than CRs. 16,599-6— exhibiting a decrease of CRs. 2,455-8-2- per Mensem or CRs. 29,466-2-- per Annum. The Sibbundy have been reduced two or three times since the administration of Colonel Munro in the Ceded Districts, whilst the Revenues have gradually increased, notwithstanding we have had to contend with disastrous Seasons at intermediate periods. —

to suggest every practicable reduction in my Establishment, adding, at the same time, that they are aware of no increase having been made thereto during the last 10 years or from 1st May 1830 to 31st May 1841. I have accordingly reviewed the Establishment actuated by a desire to meet the wishes of the Committee and to Conform to the injunctions of the Right Honorable the Governor General as recorded in the latter part of his Excellency's Resolution dated the 7th August 1842.—

4.

I need scarcely point out to the Committee that the Bellary Division of the Ceded Districts, is very extensive comprizing vast Plains of land under Ryotwar System and involving immense details in every Department of business. The Population from whom the Collector has to collect his Revenue Amounts to about one Million and one Hundred and thirty thousand Souls— Surrounded as the District is by the Nizam's Dominions on one side and the Southern Maharattas Country, and Mysore, with an immense Revenue and a vast extent of territory, the Committee will be well aware how

offer for the consideration of the Committee some Items where the objects of the reference may to a certain extent be attained, I must first however promise that I cannot enter upon the subject of reductions in this Office, but with great fear and anxiety in as much as I am venturing to propose what my Predecessors have positively and finally declared impracticable - I have also to bear in mind the heavy responsibility that rests upon me, the anxious wish that I have to deliver over the accounts of this large Collectorate in the same admirable state in which I found them (how trifling would appear any slight saving that might be accomplished should any injudicious act undo the labors of Men whose equals are not likely to be found every day) I beg to assure the Committee that with most painful attention I have gone over the List, and even the venturing to propose what I now shall propose is not satisfactory to me, but with submission to the high authority under whose orders the Finance Committee was appointed,

appointed. I have at length Concluded upon pointing out the following Items, 1, as the most practicable for reduction should the Committee think it advisable. One shroff is proposed to be reduced in the Treasury on the ground that the Coins are not now so various as formerly and that they are likely to be still further assimilated to one Standard, the following items are explained in the enclosed Statement. The Watt Moodsuddies were retained in those places where it was thought that the duty was too much for one man, I now propose to reduce them, and order the Amildar to make arrangements for the duty being performed by one person.—

No. 5 to 8. per Mensem 28. per Annum 336.

No 9 per Mensem 56— per Annum 672—

Sheasham Vakeels I propose to reduce as the only Servants that can be spared, and because their duties now are not exactly in accordance with the name of Police Vakeel, in consequence of the change of system introduced in the Police since they were originally sanctioned.—

No 10 per Mensem 63 4 8 per Annum 760—

The reduction in the Pay of the Peons I should not have proposed but that the 1a and 2a is a very trifling sum, a very inconvenient one for the accounts, and that it was originally fixed at that rate as the corresponding sum to the old Payment in Canteroy Pagodas.—

The

Fort St. George 9th December 1846.

The last Item is properly speaking an extra, or Hungamy charge, the duties of which I propose to transfer to the regular Establishment retaining only CRs. 100 which I consider indispensably necessary the expenditure of late years has not amounted to the sanction [Viz. CRs. 600] and it is not absolutely necessary to retain the power of Spending it.—

The Committee have doubtless before them accounts of the Savings already effected in this Collectorate particularly in the Sayer Department, and I trust that with the exception of those pointed out on this occasion the rest of my Establishment will remain untouched. As the Local Officer of the great Frontier District of Southern India, I am called upon to perform duties which do not usually appertain to a Collector or Magistrate, I believe the system of account in this Collectorate to be a Standard for others, and that the Interests of Government are vitally concerned in Maintaining in their integrity the accounts the System and administration generally of Sir Thomas Munro as established by him and followed up by his successors in this Division of the Ceded Districts.—

Net Decrease 10642 8 7

Fort St. George 9th December 1844.

There is a decrease in the Sayer and Stamps & Revenue arising in both cases from the same cause Viz. the abolition of the inland transit and Town duties three months before the close of the Fusly. In all other branches there has been an improvement. the result is a Net decrease on the whole Settlement of 10,642—8—7.—

2 The reason for the falling off Rs. 7562—13—5. in the Inland and Town duties has been given in the preceding Para. This will not however account for the decrease in the outturn of the Frontier duties, which is less than that of Fusly 1252 / A.D. 1842/43 by Rupees 8764—2—2. The cause assigned by the Acting Collector for the diminution is "because orders were not issued for levying the "duties on goods imported from the said District from "1st April to 24th May / on which latter date the final "orders of the Board of Revenue on the subject were "received / doubts having been entertained as to collect- "ing the same under the provisions of Act VI 1844; "during which period a considerable quantity of Betel "nuts, Opium &c. was imported."—

Sir

I have the honor to bring to the notice of the Board, that the Tahsildar of Namcal has erroneously, in the present Fusly (1254) collected and carried to account the sum of Rupees 4 4 - 3 from a Ryot named Pedda Reddy of the Village of Anjalum, full teerwah on his coule land, according to former usage, in consequence of his having relinquished his patent land and retained the Coule ~~before~~ the latter came to full Assessment. As this is at variance with the revised Heskummanah which came into operation from the current Fusly, I beg to solicit the sanction of the Board for refunding the amount to the said Individual.

I have the honor to acquaint the Board, that a Mosque allowance of 35 Rupees per Annum, is enjoyed by two Individuals named Hyad beg and Tynabee, in the Tripatore Talook. The latter person, a female, about 80 years old, was absent the whole of last Fusly, and the payment of the allowance was in consequence withheld. She has recently returned from Bangalore whither, she states, She proceeded to see her relatives, and appeared before me on the 7.th Instant. The payment is made quarterly, and Hyad beg was present at the time of muster I therefore request permission to pay the amount due to the parties which is now in deposit in the Talook Treasury.

Sir,

In reply to your letter of the 16th Instant I beg to inform you, that it will be utterly out of my power to relieve the Bandies which are to come with the 15th Regiment N.I.- Malabar posseses.- not more than 100 bandies, if so many in its whole extent and a great portion of these are from 100 to 160 Miles from its frontier. They are in fact the stateen Carts of Calicut, Tellicherry and Cannanore, and as a general rule are only fit from the Miserable state of the cattle employed for station work ie for easy work on well made roads.-

In Con. 28th Nov. 1844 — Read Letters from the Collector of Tinnevelly under date 7th October and 21st November and from the Principal Collector of Madura 16th November 1844 on the subject of supplying Carriage for Troops on March and of the

17126- Fort St. George 9th December 1844

the rates of hire to be charged.-

(Here Enter No. 190. 2.19. 188)

64. 65

Proceedings Conveying instructions to the Pre. Colls. of Madura and Coimbatore and the Colle. of Tinnevelly regarding the course to be observed for relieving the Bandies supplied for the use of Troops on march and the rates of hire to be charged on such occasions.-

thereon, Para 1. The points noted in the above communications are first the propriety of relieving the bandies supplied for the use of Troops on March, whenever practicable, in each of the Districts thro' which the Troops may have to pass, and secondly the rates of hire to be charged.-

2. On the first of these questions the Board are decidedly of opinion that where ever it can be avoided, the carriage taken up in one District for the service of Troops on line of March, should not be required to proceed farther than to some large Town in the next at which the Carts can conveniently be relieved. This point may indeed be considered as set at rest by the Extract from Minutes of Consultation 12th April 1841 quoted by Mr. Blackburne which it is observed was communicated by circular to the several Collectors on the 29th of that month. The passage alluded to is as follows.-

In Con. 29th April 1841

"It is Lordship in Council is of opinion "that Carts ought not to be prefsed for a larger "portion of a journey than is absolutely ne"cessary and that the owners should be

"be relieved at large intermediate Stations when
"other Carriage is procurable."

3 Applying the principle laid down in the Extract above quoted to the particular Case which has led to the present reference from Messrs. Thomas and Blackburne the Board trust there will be no difficulty in relieving the Bandies supplied at Palamcottah for the use of the 15th. Regiment Native Infantry on their arrival at Madura and that the Madura Bandies may again be relieved at Coimbatore On a former occasion mentioned by Mr. Blackburne the desired relief could not be effected in the Coimbatore District in consequence of the shortness of the notice. In the present instance it would seem from Mr. Blackburne's letter that ample intimation has been given and the Board do not doubt that the Principal Collector of Coimbatore will be prepared with the required relief at the time appointed. The total want of Carriage in the Malabar District will it is apprehended render it necessary that the Coimbatore Bandies should proceed to Cannanore without change.

With

With respect to the rate of

4

hire to be allowed the Board fully concur with the Principal Collector of Madura in the distinction which he has taken between those owners of Carts who are required to accompany the Troops in their March thro' two or more Districts and those who are merely called upon to proceed to some large Town in the adjacent Province. In the latter case the usual rates of hire obtaining in the District will be sufficient. but in the former it appears to the Board that the rule proposed by the Principal Collector of Madura is no more than should in justice be acted on Viz. that such parties "should receive the Madras rates of hire to whatever distance "they may go. half hire for whatever "distance they are brought to the Town of "Madura and full rate for every days "detention there before starting after the "day fixed for their being in readiness". In the instance more immediately referred to, the Board however hope that the relief of the Bandies taken for the use of the 15th. Native Infantry in each District will render it unnecessary to allow more than the usual

District

Fort St. George 9th December 1844.

District rates - except perhaps in the case of the Coimbatore Bandies proceeding thro' Malabar to Cannanore, which may re= =quire more liberal treatment.-

5 In Para 3 of his letter the Prin= =cipal Collector of Madura expresses his inten= =tion of "suggesting to the Commanding Officer of the 15th Native Infantry to send intel= =ligent men in advance to endeavor to — make private bargains for the Corps at lower rates; and to invite offers for provision of the carts" these arrangements the Board think judicious - They observe however that as regards "pressing the Madura Bandies in the vicinity of the Town of Madura as far as possible" - this measure under the — circumstances supposed might be desirable but as a general rule they approve of the plan adopted by the Collector of Tinnevelly Viz.t to register all the — Bandies in his District and as far as practicable (which the Board are — aware in cases of sudden requisition or emergency it cannot always be) to call upon the owners in turn by which means

Para 3.

Fort St. George 9th December 1844

much of the annoyance incident to the present system will be obviated - and no parties require to contribute in more than their due proportion to the exigences of the public service -

6. Ordered that the above Pro= =ceedings be furnished to the Principal Col= lectors of Madura and Coimbatore and to the Collector of Tinnevelly for their informa= tion and guidance -

Ordered also that these — Proceedings be submitted for the considera= tion of the Most Noble the Governor in Coun= =cil the Board trust that the principles laid down in Para 4 respecting the rates of hire may meet the approval of Government -

Since the above was written the Board have received the accompanying letter from the Principal Collector of Madura with its enclosure which they hasten to lay before the Government - They would only observe in reference to the statement made in the letter from the Principal Collector of Coimbatore, that although — all the Carts procurable in the Town of Coimbatore and its vicinity may be — engaged

engaged in the conveyance of Tobacco, they would hope that after the ample notice afforded a sufficiency of carriage might be procured in other parts of the district to obviate the great hardship which would otherwise be occasioned to the Madura Cart owners and the increased expense which as shown in Para 4 would fall upon Government and upon the Native Troops.—

From the Pt. Coll.r of Madura 30th Nov.r in Com.n 9th Dec.r 1844.

A further communication is also submitted containing the reply of the Collector of Malabar to Mr. Blackburne's proposition which as anticipated has proved unfavorable.—

Acting Secretary to the
Board of Revenue.

From the Pt. Collector of Coimbatore ..... } Sir,

Forwarding the usual Statements of the Land Revn. new settlement of the Coimbatore District for Fusly 1253: A.D. 1843/44 describes the State of the Season; Showing the increase and decrease under the various heads of Settlement and also the Demand, Collection, and Balance, also enclosing the report of the Sub Collector

Para 1. I have the pleasing duty of laying before the Board the several Statements connected with the Land Revenue Settlement of this District for Fusly 1253 / A.D. 1843/44. I am much gratified in being able to communicate to the Board that this years Settlement exceeds that of the last by Rupees 27.869-12-3 and is in advance of the average revenue of the Ten preceding years on the sum of Rupees 186.666-5-1.

2. The Season upon the whole may be considered to have been favorable. We had copious showers in april, and the Talooks of Palachy and Cheekrayherry received the South West Monsoon in June. The North East Monsoon, however was late and partial, the freshes on the rivers were below the average,— the

Fort St. George 9th December 1844.

the later Crops such as Cotton, grain,
Vgs. were cultivated successfully—

3. The Garden revenue appears to have undergone little or no change, and the Tobacco produce is described to have been good—

4. The absence of the Rivers freshes in July, August, and September would have been severely felt, and have been productive of great loss under the head of "Nullah Pasharum" had it not been for the increased cultivation of the Punjah lands under tanks which received a full supply of water and counteracted the de=ficiency—

5. The above causes and a deficiency in the importation of grain from the neighbouring Provinces have somewhat kept up the price of grain beyond last year as exhibited in the following Memorandum—

Fort St. George 9th December 1844.

Description of Grains.	average price per Garce in Fasly 1252 A.D. 1842/43.			Average price per Garce in Fasly 1253 A.D. 1843/44.			Increase.			Per Centage of Increase.

6. The Cotton Crops have been nearly the same as regards productiveness with the past Fasly with very little fluctuation in the price, which can only be traced to the want of demand for this Article at remu=nerating prices—

7. I now go on to shew the increase and decrease under the various heads of Settlement in the usual form, omitting, however the several minor items which appear to me unnecessary, and which the Accounts sufficiently exhibit—

8. The subjoined Statement will shew at once the revenue of the Current year con=trasted with that of the last, and also the increase in favor of the former by Rupees 27869—12—3—

9. The entry of Punjah lands on which full rent is leviable would shew a net increase of Rupees 16,505-12-9 arising chiefly from increased cultivation of waste, Perampoke and unsurveyed lands, a circumstance of yearly occurrence.

10. The Villages noted in the margin having been transferred to the Talooks of Ootacamond and Coimbatoor respectively, I beg to remark that Parienganaud has always formed a portion of Danaikencottah since the annexation of Ootacamond to Malabar inconsequence, however of its situation, the superintendence of it was a matter of so much difficulty not only to the local authorities, but also to the Hill Residents - as a measure of expediency, and also to facilitate matters, I determined upon its reannexation to Ootacamond and this was carried into effect accordingly in July 1843, from which time to the present, the change has proved beneficial and added to the convenience of the Berghers - For the same cause also, the Village of Soondapully which is situated nearer to Coimbatore and more easy of approach to that Cusbah,

has

has been annexed to that Talook - no Complaint or opposition having been made, nor confusion in the accounts - I trust the arrangement will be approved - Soondaputty possesses no value, but for its Sandalwood. - It is at the foot of the Hills, and is a wretchedly sickly spot -

11. The Garden lands paying full rent exhibit a net increase of Rupees 8023-15-11 produced by the same causes which have influenced the cultivation of the Punjah lands. -

12. Under the head of wet lands liable to the payment of full rent is a net decrease of Rupees 13,561-4-5, this has been occasioned from the failure of freshes in the rivers as explained in para 4 of this report. -

13. With reference to the wet lands of Anemalli and Cotoor in which a decrease of Rupees 16,287-6-1 has occurred, I can only refer the Board to my letters noted in the Margin - These lands for the present are charged at the same rates at which they stood in Fasly 1251, A.D. 1841-42, and in order to guard the interests of Government, I have temporarily induced

induced the Ryots to retain occupation of them in Fusly 1254 / A.D. 1844/45 also on the same terms — The experience of every year tends to support the necessity of some abatement, and assured demand upon these peculiar = ly situated lands —

14. The Coole lands of every des = cription show an increase of Rupees 6,186 — 11 — 11 the cause of this among many other Sundry items, may be traced chiefly to the transfer of Nunjah lands alluded to in the preceding para to the head of Coole instead of full rent under which head they were adjusted in the preceding year —

15. The lands entered as "Bagayat Surm - Punjah." that is gardenlands appropri = ated for Punjah Cultivation, shew a net decrease of Rupees 75 - 15 - 6 which is too in = considerable to need explanation. —

16 In the "Nunjah Surm Punjah" or wet lands held on Punjah tenure, from causes explained in the preceding para, a net decrease of Rupees 41 — 11 — 5 — is dis = cernible which, in consequence of its trivial nature, seems also to require no

particular comment —

17. It would appear from State = ment No. 17 that a remission of Rupees 206 — 9 — 1 has been granted this year for Shave or drought on the Nunjah lands in the Villages noted in the Margin - this ex = ceeds the remission of last year by Rupees 49 — 6 — 11 — as shewn in the sub = joined abstract Statement —

I have the honor to forward Statement No. 18 shewing the manner in which all grass lands in excess of one-fifth of the entire Farm of the Ryots were carried to account. It will be observed that 580 3/16 Bullahs assessed at Rupees 2318-4-8, and bearing a Settlement of Rs. 580-5-1 have been adjusted under the heads of full rent Cowle Vea. and the lands for which the Ryots were unable to pay more than the Grass tax, was struck off the accounts but in order to counteract the loss arising thereby some of the Ryots were persuaded to take up arable land in lieu of the grazing ground, while others retained grass lands for the current year only on "Paravapillowary" grass tenure. The reduction effected by such an arrangement under the head of Pasture lands amounts to 6,000 Rupees as exhibited in the subjoined Memorandum.

22. In para 5 of Extract from the Proceedings of the Board on the Settlement of Fasly 1251 / A.D. 1841/42 they remark that the orders of Government in regard to the exchange of Enam lands refer to the "practice of allowing "Enamdars to exchange indifferent land always constituting part and parcel "of their Manem for a superior descrip- "tion lying unoccupied elsewhere" and also proceed to say "that a transaction of "this description undefended by any plea "of necessity is plainly calculated to "open a door to abuse" In accordance with this opinion of the Board, the practice of exchanging Enam lands was interdicted, but the Complaints from the Village Officers have been nu- -merous. Many of their Enam lands have become unproductive, and all attempts to render them profitable are stated to have been unsuccessful. In these cases, they are obliged to perform their duties without any remuneration whatever. The annexed Statement No. 19 has been prepared in my office detailing the nature and extent of the Enam lands proposed

proposed to be exchanged of which the marginal statement is an abstract. I request the authority of the Board to permit these changes amounting in the aggregate to Rupees 244.4.6 which after the strictest scrutiny is considered necessary.

23. As connected with the Nunjah lands in the Village of Madupoor in the Cheyoor Talook, I beg to submit for the consideration of the Board the following point. These lands were assessed at the time of the survey at the several rates exhibited in the margin which were to be paid whether they were cultivated with one or two Crops. but the Ryots complained that these rates were very heavy with reference to the productive power of the Soil, and requested that they should be permitted to appropriate the said lands for

Fort St. George 9th December 1844.

for Garden cultivation which was ac-
=ceded to in 1818. and ever since Garden
assessment was merely levied. but since
the promulgation of the Hookoommamah
sanctioned by the Board on the 1st April
1841. the lands have been subjected to the
payment of the Full survey assessment
without reference to the description of crop.
whether Punjah or Garden, provided that
water from the Channel is taken and
appropriated for purposes of irrigation.
Since then the Ryots complain of their in-
=ability to pay two crop rent while in fact
they are not able to raise more than one, and
have requested that so long as the lands
yield a Punjah Crop or other Punjah pro-
=duct one Crop rent should be levied. This
proposition appears not only unobjectionable,
but also in my opinion might be permitted.

Similar practice pre-
=vails in the neighbour-
=ing Village of Rasapollium
where there are two rates of
assessment (Viz. one and
two Crop rent) Should
this arrangement be sanctioned it cannot,

24. Under the head of Fixed
Sourvadayem there is a net increase of
Rupees 12,745-7-6. which has been occa-
=sioned chiefly from waste lands having
been rented on Paravapillooyarey Grass
tenure to a larger extent than in last
year.

25. The total demand of Land
Revenue for the Current year including
the Quit Rent due on the Premises of Gentle-
=men on the Neilgherries Vizt. amounts to Rupees
21,88,372-15-10. Collections within the year
were Rupees 21,73,892-15-2. leaving a
balance of 14,480-0-8. Subsequent Collec-
=tions to the end of September Rs. 5,872-9-6.
reduce the balance to 8,607-7-2. Of this
sum Rupees 1846-1-3. are due by several
House holders on the Neilgherries, which
will be realized in due Course and the
remainder or Rupees 6761-5-11. for the Collec-
=tion of which measures are in progress as

bears a proportion of Rs. 4-11 on the Territorial Demand of the District. The largest portion of this Balance is in the Talooks of Sattamungalum, Caroor, and Pulachey, for no other reasons, as I am aware of, than a neglect of duty on the part of the Tahsildars of their Talooks. The other sum which extends over the rest of the Talooks is very trifling not exceeding Rupees 1,723-1-. or Rs. 1-3 Hfs Cents.

26. In the realization of the Public Revenue, it is satisfactory to communicate that the circumstances of each Ryot has been duly taken into consideration, and every forbearance exercised on shewn necessity, and I have the pleasing reflection that no just complaints of oppression or exaction

which on enquiry were deemed irrecoverable. Of the remainder, a further sum is stated to be desperate, but on this point, I shall enter into more detailed particulars in my — next report.

29. In the demand for Quit Rent included in the amount of "Fixed Sourmadayum" I consider Rupees 87-6-5 irrecoverable. Mr. Haig's House is situated at Reliah on the road from Kotagherry to Ootacamond and is entirely in ruins. From its insulated position, it is hopeless to expect that it will meet with a purchaser, whether European or native, and Mr. Haig's agent is not — on the Neilgherries. Under these circum- = stances, I think it would be advisable to sell the materials by auction and — carry any surplus to the credit of Mr. Haig

Fort St.e George 9th December 1844.

Haigor his accredited agent.

30. Mr. Holmes's Property is at Kotagherry. It consists of two Dwelling — Houses, one of which is in a state of Dis- = repair but both untenanted. I am informed that Mr. Holmes is now in England In like manner, I request authority to recover the Quit Rent due on the Property which if not approved, I request the Sanction of the Board for writing off the amount shewn above from the demand of the current year.

31. I have also to state that in the Register of Landed Properties received from Malabar, Mr. Ryan and Mr. Leslie were respectively charged for two Dwelling Houses. One of which is in ruins. the other has pass- = sed to another individual in whose name it is entered. I have therefore deducted the amount charged for them from the Amount of Quit Rent so due.

32. The demand from all — sources of Revenue for the year under considera- = tion Amounts to Rupees 25,27,817-5-11 exceeding that of the past Fusly by Rupees 17,504-8-5 in explanation of which the following abstract is annexed.

33 It will be found that the Collections of Customs in Fasly 1253 A.D. 1843/44 fall short of those in the last year by the sum of 22,889-1-3. This decrease would hardly require any remark as it was occasioned by the introduction of Act No. VII of 1844 and similar deficiencies must prevail throughout all other Districts under the Madras Presidency. 34 The aggregate Collections from all sources including the refunds of Charges of Collections and Profits on Tobacco, exclusive, however of Deposits and other receipts, not being of a revenue nature

nature amount to Rupees 25,75,002-9-8- —
The charges of maiagement were Rupees
230,705- or 9-3-9-3/4 Cent.

35. The report of the Sub Collector is forwarded herewith- which the Board will view with satisfaction- I cannot — pass this opportunity without recording my thanks to Mr. Bird for the efficient manner, the duties of his Division — have been performed ever since my — arrival in this District.

36. In conclusion, I must — draw the attention of the Board to the fact that since my appointment to the District the revenue has progressively increased from 22,91,038-3-6- to Rupees 25,27,817-5-11- — and also there has been an increase in the population, and in the Cultivation of land. The number of Houses and Garden wells have increased from 25,753 to 26,542 and from 37,659 to 38,989 respectively.

37. During the last 3 years — the Property of not a single Ryot has — been permanently Xufted or disposed — of

of for arrears of Revenue- nor any personal — restraint had recourse to- These facts must most satisfactorily prove that the amendment is gradual and not likely to be interrupted in its progress except by adversity of seasons.

38. Respecting the experimental Cotton Cultivation in this District, I think the following brief account worthy of the notice of the Board The extent of land appropriated for this purpose amounts to 1192 acres bearing an assessment of Rupees 2967—4—0 in the Talooks of Coimbatore and Cheekrogherry- The expences hitherto incurred from my Treasury are Rupees 105182—14—2 from the Month of June 1841- I am unable to ascertain what has been the return- One half of the above quantity has been made over from the Puteut Farms of the Ryots, and the other half has been taken from Government waste lands.-

39. In conclusion I beg to make known my most unreserved commendation — of Ramakistna Pundit my Head Serishtadar — to whom, I am greatly beholden for the favorable results which have been arrived at, during the — year under report- His untiring industry and

and ability so frequently a matter of favorable record to your Board, have no wise abated- and I am only left to hope he may have continued health to pursue the same industrious course which he has followed ever since he joined me in this District.-

No 29.

To

The Principal Collector of

Coimbatore.

Sir.

I have the honor to submit the annual Statements and accounts in English and Hindivee of the annual Settlement of Land Revenue in the four Talooks comprising this Division of Coimbatore for Fusly $\frac{1253}{1843\text{-}44}$ —

2. It again becomes my pleasing duty to report a season of pretty general prosperity throughout this portion of the Province, and the supply of rain, though not quite so seasonable as the farmers wished, was sufficient for an extended cultivation of the dry grain and garden lands. —

During the earlier months

of

Fort St George 9th December 1844.

of the year that is from about the middle of March to the end of May, more than the usual quantity of rain was received by heavy showers in most of the Villages of the Division, enabling the ryot to raise the ordinary Cuar or early crop of the County. —

The months of June, July, August, and part of September were dry throughout, and much anxiety was felt for the young standing crops sown in the previous months, but providentially the rains set in the latter end of September, which with a good north east Monsoon, proved the salvation of the country, and enabled the ryot to extend his cultivation above the preceding year by 2756 $\frac{13}{16}$ Bullahs in Punjay and 242 $\frac{12}{16}$ Bullahs in garden land. and the crop is stated to have been on the whole an average one. —

The

1259

Fort St. George 9th December 1844.

The freshes in the Cavery and Ambraewathy were generally steady, but not so heavy as in the previous season. The wet lands dependent on Channels taken off these rivers were extensively cultivated, but the rice Crop was not so good as usual. Some complaints were made of the failure of the second crop toward the end of the Fusly, but no shewie or loss of Crop from drought was admitted. The tank cultivation was not so extensive as last year. owing to a deficiency of water in the Velleyanay tank in Carroor talook causing a decrease of 79 3/16 Cawnies assessed at Rupees 870-9-5.—

3. I regret to report that the epidemic Cholera was very prevalent in many towns and Villages throughout the division during December and January, and the town of Carroor seems to have suffered most.

4. In the piece of grain there was a trifling rise: but still below that of Fusly 1251 / 1841-42 which the subjoined Memorandum shews.—

It is right to bring to notice here the recent arrangements made by Government for the improvement in the breed of Horses for Cavalry purposes, and the late distribution by Captain Hill the Superintendent of the Stud of twenty one brood Mares to wealthy ryots of Conjeveram and Dharampooram talooks. and I feel sure that in a few years the breeding of horses will prove a source of wealth to the ryots of that part of the District who are quite alive to the advantages held out to them, and appear to take great care of their horses.—

6. The following Abstract Statement exhibits the Settlement of every Class of Land Revenue including Loonia dayem in the Fusly under review. and when compared with Fusly 1252 / 1842-43 gives a net increase of Rupees 13,511-9-1.

This result of the year is very satisfactory and gives a baroy in excess over that of Fusly 1245 / 1835-36.

From the Collr of Malabar

Submitting a Statement shewing partially the number of Revenue Servants holding lands and the amount of Assessment paid by each in this District.

Sir,

I regret that so much delay has occurred in replying to the Board's letter of the 17th June last which called for a Statement of the number of public Servants under me who hold land in their own District. A reluctance to disclose the amount of property of which a man is possessed is not unnatural any where and is in full force in Malabar. My repeated and at last second orders have only brought in Statements from 110 out of the 314 Servants who are in receipt of Salaries and Police employed in Malabar. 93 of these are the principal, and it seems unnecessary to delay further in order to send in a perfect account. It may suffice to say for the present that out of the 204 whose accounts are still due, and will be forwarded so soon as they are received, about 82 have landed property to a smaller or greater extent whereas there are added to the 110 an Abstract of those accounts

17289 Fort St. George 9th December 1816.

accounts now accompanies it will be seen that out of the whole body of servants (in number 314) not less than 232 are landed proprietors in their native Country. There is no doubt of the justness of the Board's remarks

Board's letter to Govt. Dated 11th April last. Para 5.

That a strict adherence to the orders received from Home that no public Servant shall possess landed property in his own district will deprive Government throughout Malabar of the Services of all those who from their acquaintance with the peculiar language habits and customs of the district can for the most part be employed in them with advantage to the public interests."

Resolved that the following letter be despatched.

To The Principal Collector of Salem.

(84)

To the Principal Collr of Salem } Sir. I am directed by the Board of Revenue to transmit to you the accompanying Petition from Appoo Row late Monsiff of Cam. 1287 of 1844 baya Nellore in the Tongra cottah Taluk and to request that you will be good enough to report briefly on the subject to which it relates.

2 It appears from your Endorsement that you returned the Petition on the grounds of it being written in English instead of the Vernacular language of the District, but there does not appear to be any objection to Petitions being written in English if the party prefers to adopt it, you in that language. The Board are of opinion that every facility should be given to the presentation of Petitions, and that it is sufficient for persons desiring to adopt the Alphabet to know that they are at liberty to employ the Vernacular language without being precluded from adopting another channel of communication.
