Received the following Extract

17th

Extract from the Minutes of Consultation under date the 16th December 1844,

Read the following letter

1

From the Acting Chief Secy to Government

Granting authority for the issue of a consolidated lease to Mr. G. Norton for Cawnies 89 - 1037 situated at the Cantonment of Pulicamund.

from the Acting Secretary to the Board of Revenue

Submitting with reference to the orders of Government dated 16th April last, a correspondence with the Register of Government Grants on the subject of the issue of land at the foot of Elk Hill on the Redgherries the right of the occupation of which is claimed by Mr. Norton and Mr. Ryan and stating that it rests with Government to determine who shall be allowed to have a lease of it

Here enter 7th Nov 1844 No 5291

Under the circumstances now reported the Most Noble the Governor in Council grants authority for the issue of a consolidated lease to Mr. George Norton for the land measuring Cawnies 89 - 1037 (Eighty Nine, Ground one Thousand square feet one thousand and thirty Seven) situated in the Cantonment of Pulicamund at the rates of Assessment and subject to the conditions proposed by the Register of Government Grants, the said lease No. 88 already issued for a part (2 Ins of the above Lands being previously re

Fort St. George 7th December 1844.

It is to be understood that in the event of any suit arising hereafter from Mr. Ryan's claim to the piece of land at the foot of "Elk Hill," the costs which such a proceeding may involve will not be borne by Government.

To the President and Members of the Board of Revenue.

Hereafter 7th October 1844 No 1145

The Most Noble the G.

18181

Fort St George 19th December 1844

delayed the Establishment of Frontier Chokies after the promulgation of Act VII of 1844 on the 1st April of that year.

in Council observes that Opium could not pass the frontier at all, either under the former Regulation, or under the present Act, without payment of duties or confiscation - and he is therefore of opinion that it might be seized any where within the Company's Territories for having so passed - But as under the peculiar circumstances of the case it would not be just to collect the duties under the new Act, he resolves under the provisions of Section 17 of Act VII of 1844, to direct that such portion of the duties leviable under the present Act, be remitted as will reduce the amount, to be paid to the rate of duty heretofore levied -

Board's letter Para 4

2. His Lordship in Council cannot understand upon what grounds the Cuddapah authorities could have entertained doubts, as to the Establishment of Frontier Chokies Act VII of 1844, was published on the 1st April 1844 and must have reached the office of the Principal Collector of Cuddapah within a few days of that date - His reference to the Board is dated 16th May 1844, and the Board's reply 20th idem - but no explanation is offered why such a reference was so long delayed and why measures were not taken to prevent a misinterpretation by the Principal Collector of Cuddapah of the Board's directions on the subject, which has obviously been attended with serious loss to Government in the omission to collect

1 letter from Board to the 20th May 1844

18182

Fort St George 19th December 1844

collect Frontier duties on all articles as prescribed in the Schedules of the Act from the date of its receipt by that officer, and moreover it is observed that Mr Ashton admits that he was aware of the rate of duty to which goods passing the Frontier were liable by the notification of Government dated 16th April, or more than a Month previous to the date of his reference -

2 Letter from Prin'l Coll'r Dy 16th May 1844

3. The Board will be pleased to ascertain and report, when their Circular dated 28th March 1844, reached the Principal Collector of Cuddapah and whether any explanation can be obtained on the subject from the local Officers - They will also report whether any returns are furnished to them, that would have enabled them to notice the omission to collect Frontier duties at an earlier period -

(25)

From the Acting Collector of Ganjam — 3 Paras

Soliciting permission to allow 10 Rupees a Month to be paid to the apothecary attached to the Troops at Kemidy on account of his extra work of medical aid to the Civil Establishment and inhabitants of Purlakemidy Zemindary.

Sir,

As there is an Apothecary attached to the Troops stationed at Kemidy the Manager of Purla Kemedy has always been in the habit of using his services on behalf of any persons on the Civil Establishment or any others who might casually be in attendance at his Cutcherry or indeed others generally. The Medical assistance so gratuitously rendered has been a very great comfort to the community, and at the Managers suggestion I sanctioned the erection of a small hospital in the cheapest style for the shelter and reception of patients.

It

Fort St. George 19th December 1844

It has been already of some use and to abandon it would deprive the people of a comfort they prize greatly.

3. On the 1st Instant, a Poor man shot in the back with a barbed arrow by some thieving Sowrah was brought to the hospital and the apothecary being called up late at night attended him and most happily extracted the arrow head and the man is now recovering Understand.

4. The apothecary very reasonably begs for some slight addition to his usual allowances for this extra work, and I trust the Board will be pleased to allow 10 Rupees a Month to be paid to him by Manager on account of the Zemindary the Establishments of which and the people generally he would then be very happy to attend and aid to the utmost of his ability and leisure

Ganjam District Collrs Cutcherry

To E. C. Lovell Esqr
Acting Secretary to the
Board of Revenue
Fort St. George

Sir

(27)

From the Acting Collector of Ganjam.

Submits copies of Decree &c in suit No 1999 of 1843 against the Collector and requests Instruction for the Costs awarded by the Auxiliary Court at Vizagapatam.

+ Also No 123 of 1843.

I am Directed by the Acting Collector of Ganjam to transmit for the information of the Board of Revenue a letter bearing date the 13th August 1843 brought to the cognizance of the Board of Revenue and of Government the fact of his having been included as a Supplemental Defendant in suit No 6 of 1841 Auxiliary Court of Vizagapatam. He submitted at the same time a draft of Answer he proposed to file in reply to the plaint, and his defence of the suit with approval of the draft was intimated under date the 19th October 1843.

†No 1 Reply

2. Copies of the additional pleading filed on the part of the Plaintiff in the case, with a copy of the Principal Auxiliary decree, are now forwarded for the Board's information.

2 Reminder
No 2 Decree

3. I would with reference to that decree principally call attention to the Reminder of the Acting Collector of the 8th June last. With such a document on Record containing such admissions

and

and declining to call witnesses a favorable judg=
=ment was not to have been expected in any
Court. The Rejoinder seems to me somewhat
analogous to the well known instructions of
an Attorney to his Council. Viz. the
Defendant has no case to stand
upon, therefore, abuse the Plaintiffs'
Attorney.—

4. With the pleadings on
record as they stand at present, I think
it would be hopeless to get an appeal to the
Sessions Court of Chicacole. The only apology
for such a proceeding would be a capacity
to prove that the Circar lands are now
rendered unproductive, by the obstruction
of water by the Plaintiffs to their Vocapa lands from
the Government Channels. Such allegation has been
made heretofore, nor can I, upon enquiry,
find that such a result is anticipated as
probable, this in seasons of drought it might
be possible.

5. If the Board and
Government

Government concur with me in thinking that
the suit need not be further contested,
I request authority for discharging the
amount of costs awarded against the acting
Collector Rupees 4 9— 4— ao. the suit
having been defended originally by Mr.
Bannerman solely from consideration of
public duty.—

[Signed] P. B. Smollett
Acting Collector

No 1.

Translation of a Reply filed before the
Principal Suder Ameen's Court at Vizagapatam by
Ramadah Ramasamy &co. 5 persons Plaintiffs in
Cause No. 199 of 1843— dated 8th March 1844—

Setteth that— the circumstances
alleged in the answer of the supplemental Defendant—
the Collector of Goojam on behalf of Government are
not justifiable— because— 1st— It is alleged that the Plaintiffs
had neither presented a Petition nor represented to the Collector
regarding the water which was prevented from
flowing to the fields of the Plaintiffs—
During the season of Cyam ceasing to
maturity

maturity in the year Vekaree, some of the Defendants having prevented the flow of water, the Plaintiffs, wrote a letter thro their Village Inconigar Mandoogoo=lah Nance Nagasem, to Tumkasalah Ramachendra=row Pantulu the then Tahasildar of the Nadadah = Mondah in the Ganjam District, who issued a Tuckeed directing the Defendants not to prevent the water which flowed to the fields of the Plaintiffs according to yearly custom, and accordingly allowed water. From this very point, it is apparent that we had previously brought the matter to the notice of the authorities. In the year Sarvaree the Plaintiffs asked the 1st, 2d, and 8th Defendants, the Nailors, to give water, who protracted, day by day, with the plea that the water would be given, and when the, = Paddy Plants belonging to the Plaintiffs were mostly dried, the Defendants allowed water to flow thro the Plaintiffs Chan=nel. If it had been a dispute for = water we would have represented it to the Collector, but it being the loss of produce sustained, it was useless to =

represent

represent it to the Collector, and we have therefore sued for the loss of produce, before the Court. = 2d It is stated that it had not at any former time been customary to permit water to flow to the Mokasah Village of Goodem, for Plaintiffs = fields, either by a Channel or by any other Course through the Tank of Nagaleecheroo. If the water was not flowed either by Channel or by any other course how could the Paddy fields produce? this circumstance is to be noticed by the Court. The Collector has not ascertained that it has been immemorially the Custom to let water flow to the Fields, (under the Tank of Nagaleecheroo) belonging to the Plaintiffs, by the Cut near Ramreepanty Lands issuing from the Rangoolo Channel. If the Court will be pleased now to examine the above cut, through the Ameen, this examination will prove our case without any further proof. 3d It is stated that up to the time of the Goodem Village having come in to the possession of Goday = Sooria Narainrow, a few years ago, no dispute had

had ever arisen before, regarding the water. No hindrance having ever been made formerly for the water of the Channel, no disputes arose - 4th It is stated that the Plaintiffs have attempted to obtain a privilege of water by supporting the suit which they intentionally brought, have brought a sham suit against the Defendants in order to obtain the Court's decree; but this is not at all true. as the Plaintiffs are equal subjects (meaning, like Defendants) to the Collector, it is incumbent on him to take into consideration to give justice to the Plaintiffs, about the loss of produce they sustained - 5th It is stated that since the Chicacole Circar came into the possession of Government, it has been the established Custom for the Agraharumdars, and Enamdars to pay the escpences incurred in repairing the under channel through which water usually flows to their lands from the "Dasaguddah" which supplies water to the Madadah Talook, and that neither the Plaintiffs nor the Mokassadar of the Gosdem Village,

village, pay any part of the escpences on account of this Channel, nor do they take the least trouble to have materials to put the Channel in an efficient state. The Plaintiffs have themselves from year to year, undertaken the repairs required to put the Channel passing to the fields of their Village from Ranvepaudo the dependency of Ragoto, in an efficient state, and neither the Defendants nor any persons on the part of the Collector, have in the least undertaken the repairs of the Plaintiffs Channel - Besides, we will prove that it is not custom, in many Villages, to bind Maniums to the outlay of repairs of the Channels - It is for the Court to consider why Tanks are formed - unless they have a support to receive water, and how can the wet land under the same tanks, produce without the supply of water. The Defendants have never applied to the Plaintiffs for repairing the Channel of Ragoto

nor

nor did they repair the Channel belonging
to the Plaintiffs, which by trial, it
will come to the notice of the Court,
as has been the custom going on for
many years — The other circumstances
stated by the Collector, do not require
to be replyed by the Plaintiffs and
they, the Plaintiffs, cannot admit
them, and they therefore pray the Court
to pass a decision as sued for.—

(Signed) P. Venkiah

Rejoinder filed by Mr. Anstruther
the acting Collector of Ganjam supplemental
Defendant in O. S. No. 199 of 1843.

In 1839 G. Soorianarain
Row had lately become the owner of
the Estate, and may have commenced to
make a demand, but the Ryots never
did before G. Soorian narain Row
owned the Village. When any request is made to a
Tahsildar to order any persons to let water flow
to certain fields, saying it is customary, the Tahsildar
very safely and very properly orders that
the water shall be let go, as it

is customary, but he does not order that it shall be
let go as the applicants ask. It is clear they
can derive no right from such an order if they
had none before. If the Tahsildar without
enquiry or proof ordered the water to be let go
as the applicants wished, as customary, he acted
wrongly, and his order could confer no real
right.—

2. The Plaintiffs say that the
water of the Channel in question must be supplied
ed to their fields, otherwise how could the
y be there? and how could the crops grow;
throughout Ganjam crops of paddy are raised
without any tanks or channels but merely
from the falling rain.—

3. Plaintiffs say they can
prove that many Enamdars enjoy water without
paying for the repairs of the Channels. If this is
known to the Sircar it is a strong proof in favor
of the Collector that he will not prevent an Enamdar
from taking water when he has a right to it,
but only when he has not a right to it. If this
is not known to the Sircar, it is unfortunately
true

Fort St. George 19th December 1846

true that many persons cheat the Sircar in this manner, but this is a reason why they should be punished, and prevented from cheating any more, and not that other people should presume to cheat the Sircar because they do.

4. The Plaintiffs say there is a channel of old date near the Ravipaty land and request the Court to Examine it. The Court need not trouble themselves, as the acting Collector does not make his cause depend on the existence or non existence of a channel, but on the want of right on the part of Plaintiffs to dig one or to steal the Sircar channel water.

5 Plaintiffs say that they always maintained their channel in repair, and that the Sircar never helped them. Of course not when the channel was a concealed one and the water was stolen. for a person to steal property, and conceal the theft for some years and then to deny the right of the real owner to recover it because he [the real owner] never interfered with nor disputed

Fort St. George 19th December 1846

disputed the right of the thief to enjoy it [which being ignorant of the theft he could not do] is very wonderful insolence.

There are some general remarks which the acting Collector feels compelled to make. It is impossible to conceive for one moment that the quiet villagers of Rayalore should from generation to generation see the Godiem people using water to which they had a right, and then when the Godiem Village is brought by so powerful and rich a man as G. Sooriaraiam Row that they should dare to stop that water and make an enemy of him. It is very natural for so rich and powerful a man to claim what he has no right to, and if opposed to resort to a Court where he can bring as many witnesses as he pleases to swear to any thing. The mere fact of these quiet villagers daring to oppose so rich and powerful a man is of itself a proof that they must have the right on their side.

7 With such a man inciting the nominal Plaintiffs it is useless to go through the trouble

Fort St. George 19th December 1814

trouble of examining the witnesses — the evidence of any number in favor of G. Soriadoo Narain Row being totally worthless, and the taking of it ridiculous — But on the other hand any evidence against the claim of a person of such power ought to have much weight, if any one have the courage to give it. It is a great risk to incur that mans enmity, and the acting Agent is unwilling to cite witnesses who must either perjure themselves, or incur G. Soriana Narain Row's enmity.—

8 Moreover the Principal Sudder Ameen should remember that every where every body unites to cheat the Sircar, and that therefore the witnesses for Defendants and Defendants themselves cannot all be always relied on. They are open to offers from G. Soriana Narain Row, and there is every reason to believe that one of them, the Naidoo of Ragoloo has been corrupted by G. Soorianarain Row. or was always interested in the success of the claims of Goodiem, by having become the possessor of some land in Goodiem.—

engaged

Fort St. George 19th December 1844.

engaged to pay rent for it at the rate of Rupees 192 a year, that these created a custom of receiving a supply of water for the Tanks and lands under the said village from the Ragavalo channel flowing from the Dasa Guddah or common water course of the said Kondah, that the 1st, 2nd and 8th Defendants with the 3rd, 4th, 5th, 6th, 7th, 9th, 10th, 11th, 12th, 13th, 14th and 15th Defendants combined together, and diverted the water into their own fields during the year Shavary on a piece of land for which they pay Rent to the Government, and thereby prevented the water from flowing into the fields belonging to the Plaintiffs, when it was necessary for making the crops productive, and by which they sustained a loss of 10 garces of paddy they therefore sue to recover from the Defendants the sum of 250 Rupees being the value of the 10 garces according to the then price of 25 Rupees per garce together with the costs of suit.-

The Principal Defendants failed to make any defence.-

The supplemental Defendant

in

Fort St. George 19th December 1844.

in his answer states, that of the obstruction complained of did actually take place it was effected by the Ryots of the village of Rangavallah without the direction, or even the knowledge of the Collector, he therefore pleads exemption from all responsibility in what they did especially as no representation, or application for redress in this matter was made to him by the Plaintiffs, and that with a view to defend the interests of Government he requested to be made a party in the suit, and he further urges, that the Plaintiffs were not accustomed by right to receive a supply of water for the land of the Mokasa Village of Gosdeno from the Channel in question, that they in fact never at any former time received a supply of water for their fields from the said Channel, either directly or through the Nangaley Charon, that the common water course which irrigate the lands of the Maddadah Palook are preserved in a state of efficiency by a considerable Expence incurred by the Government

being

Fort St. George 19th December

being afterwards remitted to it by the proprie-
of Estate and agraharum Enam villages
justly entitle them to some portion of the
water from the said Channel, that he
is prepared to establish by the evidence of
disinterested parties the prevailing, and
unvarying custom hitherto observed with
respect to the irrigation of the Plaintiffs
lands, during the last 40 years, and that neither
the Plaintiffs, nor the owners of the Villages for
ever contributed toward the repairs of the water co-
-ses above alluded to, either in money or by labour.

The Plaintiffs in their
reply support the Plaint and add
that they were never called upon
by the Defendants to assist in the
repairs of Pagaloo Channel, nor has
the Channel belonging to the Plaintiffs
ever been repaired by the Defendants and that
this Custom has been observed from a
considerable time back.

The Supplemental

Fort St. George 19th December 1844.

Defendant in his Rejoinder states that it
is not unusual for Zemindars when applications
are made to them for water to irrigate fields,
to order the same to be let into them, conclud-
-ing it to be the custom, but this order-
confers no real right, that it is not
unlikely that some persons obtain water
for their fields surreptitiously, that the
Plaintiffs claim to the Channel is very
questionable, that it is impossible that
the inhabitants of the village of Pagavaloo
would quietly permit the people of Goodum
water to which they had no right
whatever, unless from fear of the Proprietor
of the said Village Goday Soorria Auraiyan,
and further states that it would be useless
to go to the trouble of examining Witnesses,
as it would not be easy to procure any-
to give their evidence against the claim
of the Proprietor, and that he is therefore
unwilling to cite any-

This suit was decreed on an
ex parte trial in the first instance by the Sudr Ameen
attached to the late Auxiliary Court at Vizaga-
-patam in favor of the Plaintiffs on the 28th

July

Fort St. George 19th. December 1844.

23d. July 1841. The Auxiliary Court on application being made to it by the Collector of Ganjam directed a review of judgment, and that the Collector should be made a supplement Defendant in the case, which being done, the suit itself was called up by the late auxiliary Court, due notice of this was given to the supl. Deft and after three times obtaining leave his answer above alluded to was filed. the Rejoinder was filed after leave had been obtained three successive times, after this reference was made to the Civil Court in the case, and on the receipt of the reply the points were given. Leave was granted three successive times from the 1st. July to the 3d. September 1844 to the supplemental Defendant, for the purpose of producing his list of Witnesses but as it was not produced up to that time, the Court deemed it inexpedient to wait any longer for the same, or to grant a further leave, and it accordingly ordered the suit to be proceeded into and tried ex-parte.

The

Fort St. George 19th. December 1844.

The Plaintiffs filed a list of 8 Witnesses 7 of whom were examined and the 8th. was dispensed with.

1st. Pondoor Soobaroyadoo.
2d. allapanah Narsimaloo.
3d. Appaly Goorooswamidoo.
4th. Egullah Tantiah.
5. Egullah Yerrapapah.
6th. Goodevadah Yellapah.
7th. Barkah Yerragadoo.

The 1st. Witness states that the Plaintiff informed him in the Month of Margasherah in the year Sarvary that they had sustained a loss by the failure of their crops occasioned by the obstruction of the flow of water into their fields, from the Netta butta Channel which was caused by the Defendants.

The 2d. Witness states that it was usual for the Plaintiffs lands to be supplied with water from the Netta butta Channel, and that on a certain occasion he mentioned to the Tahsildar that such was the Custom.

The 3d. 4th. and 7th. Witnesses depose, that it has been customary during several years back for the water to flow into the Plaintiffs lands, and that when a complaint was preferred to the Tahsildar of Waldah by the Plaintiffs about

about 5 years ago of the obstruction of the flow of water, he ordered it to be let into their lands, that the repairs of the Dasee Giddah channel are effected by the Collector, and that they are not aware if Proprietors of lands in any way contribute towards them.

The 5th and 6th Witnesses also state that they are aware that the Plaintiffs lands have been watered by the Buttah Channel, which they witnessed themselves for nearly 20 years, and that the repairs of the Channel are effected by the Collector.

All these Witnesses excepting the 5th and 6th besides three others were formerly examined by the Sudr Ameen, and from their depositions it is fully and clearly proved that paddy was sold at 25 or 26 Rupees per garce in the year Shar= =vary as stated in the Plaint, and that the Plaintiffs sustained a loss of 10 garces by the obstruction of the water.

The Supplemental Defendant in his Rejoinder represented that he deemed it

it unnecessary to cite and examine any witnesses on his own behalf as it would not be easy to procure any to give their evidence against the claim of the Proprietor. His however does not accord with his statement in the answer wherein he alleged that he could adduce proof to the effect that Plaintiffs lands did not usually receive water from the Channel in question.

The Supplemental Defendant in his answer moreover asserted that the obstruction of the water was not caused by him, and that the Plaintiffs did not bring the subject to his notice. The Plaintiffs have not in any of their pleadings stated that they did so and admitting the same, it is unreasonable to expect them to incur the loss complained of by the unjust and unwarrantable proceeding of the Principal Defendants who ought not therefore to be allowed to escape with impunity. The Supplemental Defendant further states that on account of the Interests of Government it is his duty to prevent any water from being surreptitiously

taken

taken from any of the Channels maintain-
-ed at the escpence of the Government, he
has however failed to prove that the
supply of water received from the channel
in question by the Plaintiffs for their lands
is a recent usurpation, whereas on the
contrary it has been clearly and satis-
-factorily proved that the custom has
existed for at least the last 20 years.-

No document or Oral
evidence whatever has been produced by the
Supplemental Defendant in order to corrobarate
or confirm his assertion above alluded to -
which he had ample opportunities of
doing.-

It does not appear that
the inhabitants of Goodum have at any former
time in any way assisted in the repairs of -
the Butta Channel, and this Decree conse-
quently does not at all interfere with the
question of its repairs.-

From the Statements of
the Witnesses who were examined some time
since and also lately, and whose testimony
the Court sees no reason for doubting, it -
is

is clearly and satisfactorily proved that it has
been usual for the Plaintiffs lands to be supplie-
-ed with water from the Pagavullah Puttah Channel
which has its source in the Dasaguddah Channel,
that the Plaintiffs had sustained a loss of 250 Rs.
by the failure of their crops during the yeav-
-sarvary occasioned by the obstruction of the flow
of water into their lands which was effected by
the Principal Defendants at a time their fields
required irrigation.-

Under all these circumstances the
Court is of opinion that the Principal Defendants alone
are responsible for the loses sustained by the Plaintiffs
by the obstruction of the flow of water as declared by
the Sudr Ameen in his Decree under date the 20th July
1841. No steps appear to have been taken by these Defendants
for about Eighteen Months in order to get themselves relieved
from the responsibility to which they might have con-
-sidered themselves unjustly made accountable either
by appealing against the aforesaid award or seeking
redress from the supplemental Defendant.-

It is therefore decreed that the
Principal Defendants to pay to the Plaintiffs -
the Sum claimed being Rupees 250 with costs as
formerly awarded by the Sudr Ameen and as the sub-
-sequent proceedings in this suit were held at the instance
of the supplemental Defendant the Court doth decree that the subse-
-quent Costs be defrayed by him.-

And it is further resolved that no private adjust-
-ment of this Decree shall be allowed or deemed valid unless the terms

of

of such adjustment shall have been previously and reciprocally declared by all the parties interested therein and made a record of this Court with their unanimous consent.-

27-28

Order thereon:-

(Read agine in Cons. 2d Jany) Ordered to be brought forward at a future Meeting.

To the Secretary to the Board of Revenue

Fort St. George.

Sir,

29

From the Acting Collr of Ganjam.

Forwards the accounts Connected with the Settlement of Extra Sources of Revenue for Fusly 1253 with explanations of the Causes of variations.-

Para 1. I have the honor to submit for the information of the Board of Revenue the usual Accounts English and Telugu required to elucidate the Settlement of the Extra Revenues of Ganjam for Fusly 1253/1843/44

2d First in magnetude of Revenue is the Article Salt- The actual Sales under this Head in the Fusly Year amounted to Rupees 25,551-6-7- The Sale proceeds of the preceding year were Rupees 29,108-15-1- A Comparison of the two Seasons shews therefore a Decrease in the year under review of Rupees 49,557-8-8-

Home Sales 3d The principal falling off in the Sales occurred in those entered for Home Consumption as shewn in the figures entered in the Margin the decrease proceeds of Sales for Inland Consumption being only Rupees 11480-10-9-

	Ganjam	Womeravelly	
Fusly 1252	43429-10-3	80663-3-9	
Ditto 1253	41042-15-3	30793-15-6	
Decrease	2386-11-"-	49869-4-3	

The Causes of the decline of Revenue from Salt in Season under Report are stated to have been these; first, the failure of the Manufacture and supply of the Article at the Womeravelly Pans, which compelled the dealers to resort to other Districts. The Decrease of Revenue at that Cotaur alone exceeding fifty

fifty four thousand Rupees in twelve Months. The temporary enhancement of Price during the progress of this year is also said to have somewhat affected the sales

4th The increase and Decrease under the Heads of Fines, Forfeitures, and Recoveries are small and do not seem to require remark—

5th The Charges in the Salt Department in this Fusly were Rupees 18225–8–1 exceeding the disbursements of the previous year by Rupees 3192–8–2. This enhanced Charge was Chiefly occasioned by the outlay incurred for purchasing Salt at Ganjam and Wommervelly where the production of the Article had been greatly curtailed in Fusly 1252 and by increased Advances to the Manufacturers. The other Items of Charge detailed in the account present little room for observation or comment.

6th Adding Extra Items and deducting charges from the Gross Revenues, the Net Receipts from Salt in the year were Rupees 237538–5–10 In the previous year the Net Receipts from the same source were Rupees 280804–5–6. The Net Decrease of income in the year was therefore Rupees 43267–15–8—

Sayer. 7th The Collections of Sayer duties in Ganjam for Fusly 1253 fell short in the Gross of the same Revenue in the previous year by Rupees 6526–10–6 owing Chiefly to the abolition of these

Net Receipts these Imposts in april last. From the same causes the Charges of Management were curtailed being Rupees 6521–15–1 in the former, and Rupees 4891–1–9 in the latter year—

Fusly 1252–21368–5–8
Do. 1253–16472–5–6
Decrease 4895–13–2

8th It follows from this that the Net Decrease as exhibited in the Margin in the year under Report was Rupees 4895–13–2—

Abkarry. 9th The Abkarry Rents for the year amounted to Rupees 34853–0–0 exceeding the demand of the year immediately preceding by Rupees 6853–0–0. Of this sum Rs. 32155–15–5 were brought to account by the 12th July, and of the balance then outstanding Rupees 2442–13–10 have since been brought to account—

10. Bringing into account Sundry Extra Collections, and Recoveries of arrears, the Net Receipts from Abkarry for Fusly 1253 were Rupees 35680–12–8, Rupees 6820–5–7 in excess of the Revenue from the same Source in the previous Fusly—

11th There is a small sum of Rupees 61–7–6 owing under this Head for Fusly 1251. It is due by the Renter of the Vizianaghur Zemindary, and is now considered irrecoverable. The defaulters gave no security, but made the prescribed deposit of one fourth of their Rent at the date of Tender. The whole of their property has been sold and carried to account. Under this explanation Sanction is requested for writing off the amount to Profit and Loss—

12th The arrears of Fusles 1252 and 1253 at

at the present date are Fs 4,85-8-9 - but at this mom
I am not prepared to state what amount is capable of Rea

Sea Customs - 13th The Gross Collections under the Sea Custo
Department were Rupees 22,907-1-8, and exceeded the
Gross Receipts of the previous year by Rupees 13,791-2-7
Deducting Charges, which varied little in either season the
Net Revenue was Rupees 21,304-11-, and the Net Increase
in the year Rupees 13,798-9-9. Of Gross Collections Rupees
102-15-10 were received on Imports and Rupees 2,211-
1-10 from the duty on Articles exported -

14th The great Increase of Revenue from the Sea
Customs arose out of large exportations of Paddy, Gram
Pulse, Gingely Oil Seeds, and other Articles of Rura
produce to Madras, in search of a more favorable
Market than this District afforded, the prices of all
sorts of Grain having fallen to unprecedented extent
so much as to be almost unsaleable -

15th Where it is considered that the land is the
principal source of all Revenue in India, and that a good
Market is essential for the punctual realization of the
rational income, then this duty on exports of the super-
=fluity of one district to another seems one of the most
obnoxious taxes that could well be devised - It is
in fact a transit duty levied on the high Road of
the Sea, and if this be a proper method of raising
Revenue it would seem equally applicable to grain
carried by land out of the District -

16th Under the Head of Sundry Small Farms
and Licences the Net Receipts of the year were
Rupees

Rupees 3308-14-10, being Rupees 349-14-9 above the
Receipts of the previous year -

17th The Stamps yielded Rupees 9513-2-5, after
deducting Charges, Rupees 1363-15-1 in excess of the
Net Stamp Sales of Fusly 1252 - The Increase was caused
by Increase of litigation consequent on the Establish-
=ment of a Sessions Court at Chicacole -

Moturpha - 18th The Demand for Moturpha in Fusly 1253
was Rupees 8,366-14-10 of which Rupees 6667-13-10
were Collected up to the 12th July, leaving a balance of
Rupees 1699-1-0 then due, a portion of which Rupees 646-2
10 have been Collected at the date of writing - On the Balances
under this Head for the past years I propose addressing
the Board of Revenue at a future opportunity -

19th Adding Recovery of Arrears and deducting
Charges the Net Receipts from Moturpha were Rups
7189-5-0 falling short of the previous years Receipts
in the sum of Rupees 259-8-4 -

20. Reviewing the entire Settlement of the
Extra Sources of Revenue for the Fusly, it will be
found that the Current Collections under every Head,
with arrears &c were Rupees 35,337-9-10 and that the
Charges were Rupees 25,331-13-7 leaving the Net -

Net Receipts Fusly 1252. 3,57,78.2.3. entered in the Margin the Decrease in the year will
F- 1253. 3,31,005.12.3. be found 26,290-6-0 -

Decrease 26,290.6. - 21st This result appears sufficiently satis-
=factory when it is considered that the Collections on
one Branch of Revenue were abruptly discontinued
for a whole quarter in the year - The Board
will bear in mind that in the Settlement I had
no personal share I have only endeavoured to
submit the results which the accounts exhibit in
as succinct a form as possible -

From the Collector of Tanjore - - - Lr. 17

Para 1.

With reference to the correspondence noted in the Margin I have the honor to forward original Decree passed by the Civil Judge of Chicacole in Suit April Suit No. 5 of 1843 with copy of appeal Plaint on which Suit is founded. The Board will see that this judgment affirms that of the Court below.

Forwarding decision of the Civil Judge in a Case where Government is appellant. Shews reasons why the Suit should not be further prosecuted. Points out the limitted time for appeal and suggests proceedings thereupon for payment of Costs heretofore incurred.

Letter to the Secretary to the Board of Revenue dated 13th May 1840.
Board's Proceedings 16th July 1840
To the Secretary to the Board of Revenue 21st January 1843.
Board's Proceedings 9th February 1843.

2. The grounds on which this decision is given are not very satisfactory. The appellant had pleaded that from usage and custom on which all Revenue practice is founded 1/4 Cutty Nuncupated is the extent of the Respondent's Enam land as entered in his Sunnud was equivalent to 6 Garces that this computation is invariably relied upon in the District where Respondent's lands are situated, that upon measurement by the Collector in 1834, an excess of 1 Garce 26 Poottees and odd was found, and that this excess was consequently forfeited to the Revenue. Objection was also taken to the dictum of the Lower Court, that the Assumption of the lands was in contravention of certain clauses of Regulations XXXI of 1802 and II of 1803 which require that recovery of Enam lands by Government shall be obtained by regular Suit upon the grounds that these Regulations did not apply to the lands connected with the Suit before the Court which were situated in a tract where the land tax had not been permanently fixed and the Enactments quoted being limitted in their application to Districts permanently settled.

3. The Judge in his Decree has waved the discussion of these points. He vaguely asserts that a Cutty of land is no definite measure of extent, that it may mean any given quantity or nothing - that 6 Garces is equally uncertain and cannot be defined. Mr. Glass evades all mention of that portion of the Lower Court's Decree that relates to the construction of the Regulations, and takes no notice of the Collector's argument thereon.

4. All this is very unsatisfactory but upon the best consideration I can give the matter, I am of opinion that no good will result from further legal proceedings, nor evil follow from acquiescing in the Court's decree in the trifling Cause now under Report. First - because the dictum of the Assistant Judge Mr. Thomas, is consequential as regards the application of Regulations XXXI of

of 1802 and II of 1803 to this case. The highest Court has already, authoritatively, pronounced that those Regulations apply solely to lands permanently settled and a further decision is not requisite to set the Assistant Court right on that point. Secondly. I think, on appeal to the under Adalut should not be made, because the suit has been determined against the Collector (however wrongly) upon the merits, by the lower Courts, and because I do not think there is on the Record evidence sufficient of use, and wont in determining the extent of a Cutty, to enable the superior Court to settle the question. This point should be more carefully attended to on any future occasion.

5. I would here remark that it would be very inconvenient if Courts insist upon proof of every trifling resumption being reported and sanctioned by the Board of Revenue, agreeably with Clause XII Regulation II of 1803, to render a resumption of alienated land strictly legal: a general authority to resume should be sufficient under some distinct rules. I believe in Tanjore it has been sanctioned that on survey an excess of Enam land under ten or fifteen per Cent of the entire Grant is not required

required to be resumed, but only an excess over a fair and reasonable allowance. Strict measurement with rod and chain is in my judgment illiberal, and unnecessary to secure the rights of the Government in these cases.

6. In conclusion I request the Board if they do not concur with me in thinking the suit should be dropped, will take steps thro' the Government Vakeel of the Sudder Court at Madras, to give the proper notice that appeal will be made from the Civil Court of Chicacole. The appeal time expires on the 26th Instant. If the Board do think with me I beg they will obtain sanction to pay the costs decreed against Mr. Bannerman Viz. Rupees 252-11-0 as shewn in the figured statement in the margin.

Amount to be paid as per Decree ... 174-4-0
Costs incurred as entered in the Decree ... 58-2-0
Value of 8 Stamp papers on which the Decree is Copied at Rupees 2-0-0 each ... 16-4-0

Total Rupees 252-11-0

/Signed/ P. B. Smollett
Acting Collector

Decree of the Zillah Court of Chicacole

Original Suit No. 130 of 1840.
Appeal Suit No. 5 of 1843.

R. A. Bannerman Esqre. Collector of Ganjam ... Appellant supplemental Defendant
Versus
Payrapoo Soobia Shastree
Dr. Appiva Shastree ... Respondents Plaintiffs.

The

The Plaintiffs in the case sue the first five Defendants for a piece of Land under certain boundaries situated in the Village of Poorshottpore producing annually 20 Rupees of which possession was unjustly usurped by the said 5 Defendants under the sanction of 6th Defendant who is the Collector of the District, and an addition for 100 Rupees being the value of past produce since it was thus usurped. the first 5 Defendants say they are not responsible because they acted under the orders of 6th Defendant, who is the Collector, and that the Land was resumed on account of Government, it having been found upon measurement to be in excess of the quantity specified in the grant of the Plaintiffs.

The 6th Defendant supports the above pleadings and urges that Plaintiffs can have no right to more than that which is specified in the sunnud, that even length of possession cannot be pleaded in bar to the right of Government, and that with reference to section VIII of Regulation XXXI of 1802 this suit should be dismissed.

It is unnecessary here to enter all the arguments made use of in the assistant Judges Decree, but it will be sufficient to remark that with such materials as were before him,

him, and the total want or rather neglect on the part of the 6th Defendant to uphold one single point he advanced, with evidence, it was impossible to have come to any other Decision than that the claim of the Plaintiffs was just, as nothing but the bare assertion of the Collector appears in face of Documents and evidence to the contrary, and as remarked by the Assistant Judge the main point and grounds on which the 6th Defendant rested that the Cutty of Land in the Moodada district was invariably 12 Garce, certainly could have been easily proved, as every inhabitant of the District must know the fact, and there could be no difficulty in summoning them, had the 6th Defendant thought he would have carried out the point by witnesses, therefore the Assistant Judge trusted more to the point being clearly shown in a former case in the Chicacole Court quoted as not being an invariable rule that 12 Garce was a Cutty, than to the bare assertion of the Collector who might or might not be truly informed on the subject. The Assistant Judge than proceeds to shew that if it were, or were not the right of the Plaintiffs the whole proceedings of the Collector were irregular in

as

as far as his not having in the first instance applied to the Board of Revenue, and on the whole facts before him Decreed in favour of the Plaintiffs for Land claimed, and 80 — Rupees 5 annas with all costs.-

The 6th Defendant dissatisfied with the Decree of the Assistant Judge brought an appeal.-

Abstract of appeal reasons. First enters into a detail of the construction of the Regulations and the 6th Defendant states that the Pattah in question is useless because it is dated in 1807 instead of 1747 Prabava, many years after the cession of the Chicacole circar to the Company, and about two years after the registration of the Plaintiff's sunnud on the 24th September 1805 — and that the terms of the sunnud expressly specify half a Cutty of Land in the Village of Poorshottapore, no boundaries being mentioned, the rest of the reasons are of no consequence to the Suit.-

The Respondents plead that the District was settled and not unsettled as stated by the Collector, that the year Prabava corresponds both with 1748 and 1807 - and that the Collector has taken the wrong year, and then they enter into a long detail which has little to do with the suit, and which neither

adds

adds or strengthens one point in the suit.

The following Documents were filed in the appeal Suit by the appellant.-

1. Authenticated copy of an account marked A prepared by the late A. Scott Esqre Collector of Chicacole Purganah in the month of December 1799- and forwarded to the Board of Revenue on the 13th March 1800, fixing 12 Garces per Cutty being the rate in usage in the third Division of the Vizagapatam District.-

2- Authenticated Copy taken from an account marked B showing the surplus land of the Village of Poorshottapore which accompanied the letter to the Board of Revenue from the Collector of Ganjam dated 27th February 1821 fixing a sist on the surplusland after making a survey of the Enam lands of the Wadadah Talook.-

3d Authenticated copy of an Arzee marked C presented by Booday Meeah and others to the Collector of Ganjam on the 9th March 1831- representing that the Circar may take possession of any surplus land that may be discovered in the Enam Land, which they have in the Village of Bulgah, after making a survey of the same at 12 Garces per Cutty.-

The following Document was filed in

the appeal suit by the Respondents.-

1st Document marked A. being an attested copy of the survey account of the Village of Vunjunghy prepared from the 20th march to the 9th may 1839- and produced before the Court by Bulgah Gopanah Putnaidoo Witness for the Respondents.-

The following Witnesses were examined in the appeal Suit.-

For appellants
1 Panungy pilly Coormanah
2 Mundakatah Ramanah
3 Vunkoyla Suggobuttulu
4 Audapah Paupoodoo
5 Dubbeer Appajee.-

For Respondents.-
1 Bulgah Gopanah Putnaikoodoo.-
2 Voorlam Cumum Iyapah Putnaikoodoo.-
3 Nadeemurty Cummaco naidoo.-

The Evidence five in number for the Collector instead of proving his statement correct prove the very contrary, and had the appellant sought for witness to disprove his Statement, he could not have produced better evidence against himself- That there was no settled number of Garces in a Cutty before fusly 1229 is proved as clearly as possible, and that when the mogul Government gave lands they did so at a loose calculation, and without measurement, there cannot be the slightest doubt, had this matter been mooted within the laws

laws of limitation it might have been very well, but here is a posfesion undisturbed for 80 years and upwards and therefore as the Regulations now stand it cannot be altered at this date, the Do=cument marked A produced is worthless, as it does not bear the signature of any former authority.-

It is not the business of this Court to make laws and Regulations it is only a Court of equity, and as the Regulation now stands the Court cannot fix what shall, or what shall not be the quantity of land in a Garee, and there=fore the appeal is dismifsed with costs to be paid by appellant, and the lower Court's Decree confirmed.-

And it is further resolved that no private adjustment of this Decree shall be al=lowed or deemed valid, unless the terms of such adjustment shall have been pre=viously and reciprocally declared by all the parties interested herein and made a record of this Court with their unanimous consent.-

Draft

Fort St. George 19th December 1844.

Draft of Appeal plaint to be filed on behalf of R. A. Bannerman Esquire the Collector of Ganjam, the Supplemental Defendant in Original Suit No. 130 of 1840 of the file of the Auxiliary Court at Vizagapatam.-

This Suit was instituted by Pareapa Soobiah Shastree and Appanna Shastree the holders of Certain Enam land in the Wadadah Talook of the Ganjam District, for the recovery of a portion of the said land with the produce thereof for a specified period, Against the Naidoo and Curnum and some of the Ryots of the Village of Poorshottapoor in the first instance, but subsequently the Collector of Ganjam was included as a Supplemental Defendant, and the defence of the Suit, on behalf of the Government was authorized by the Minutes of Consultation under date the 15th June 1840. The Assistant Judge by his Decree bearing date the 19th February 1842, decided in favor of the Claim of the Plaintiffs, and awarded to them the land sued for, with Damages to the amount of Rupees 80-5- and the Costs of Suit. The Collector

Collector, having submitted a Copy of the said Decree for the consideration of the Board of Revenue, has received the Board's directions, contained in an Extract from their Proceedings under date the 9th of February 1843 to prefer an Appeal, and authority to conduct the Proceedings connected therewith, before the co Superior Courts, and he accordingly begs to submit the following Observa=tions, and Grounds of objection to the said Decree passed by the Assistant Judge.—

The two main points involved in this Suit, are first, whether, or not a Superficial measure denominated a "Cutty" used in the Grants of the Mogul Government, is equivalent to twelve Gorse, accord=ing to the relative proportions of these measures Universally recognized and uniformly acted upon in the Wadadah Talook of the Ganjam District— and Secondly, the fact

more important question, upon which the Decision of the Suit is made to depend, whether or not the provisions of Regulation XXXI of 1802 are applicable to Districts, or portions of Districts, the lands of which are not under a Permanent Settlement.—

It is submitted, that the Auxiliary Courts Decree rests in an erroneous Construction of the Regulation on which it is founded.— The Assistant Judge assumes that the Provisions of Regulation XXXI of 1802 and Section XXVII Regulation II. of 1803, are applicable to lands not held by a Sunnud.— J. Milbeat Sotmerar, under Regulation XXXV of 1802, and his Decision goes the length of c= declaring that, in an unsettled District, any excess of land that may, by any c= means have been surreptitiously obtain=ed possession of, or be sworn by Witnesses to be in the possession of an Enamdar holding a valid Sunnud for a Specified extent of land, cannot be resumed by the Revenue authorities, without the intervention of a Regular Suit before

before the Courts of Udalut -
The Assistant Judge refers, in support
of his construction of these enact-
-ments, to Proceedings of the Court
of Sudr Udalut, dated the 30th June
1809 which the Collector has not
had an opportunity of perusing: but
it may be doubted whether the
Proceedings in question would be found
to bear out the view that has been
taken by the Assistant Judge: for,
the Collector has been furnished
with an Extract from a Letter from
the Register to that Court addressed
to the Board of Revenue of a
more recent date, Viz.t the 25th September
1837, wherein the question of the construc-
-tion of the above quoted Regulations is
discussed, and the Opinion of the Sudr
Udalut stated, that the Provisions of
Regulation XXXI of 1802 are only appli-
-cable to Districts in which the land
Revenue has been settled according to
Regulation XXV of 1802; and it is further
laid down, that Under Section XVI of
Regulation II of 1803, the Collector

with the authority of the Board of
Revenue, is competent, to assess lands
unlawfully alienated in unsettled
Districts - The highest Judicial authority
having declared its Judgment, it would
be superfluous to offer any argument in
respect to the construction of the above
Regulations, and referring to the fact of
the lands of the Wadadah Talook being
under temporary Annual Settlement, it
is contended that on the ground of
the erroneous construction, and appli-
-cation of the Regulations
Setforth, the Decree of the Auxiliary
Court must be set aside -

In respect to the
other question, whether or not the super-
-ficial measure denominated a Cutty
is equivalent to twelve Garees, the
Assistant Judge has certainly come
to an erroneous Conclusion - It will
be observed that no distinct averment
has been made by the Plaintiffs in
their Pleadings as to what a Cutty
does actually amount to, and no
evidence

Fort St. George 19th December 1844.

evidence whatever was adduced by them on this head — Well knowing that twelve Garees have invariably been held to be the equivalent of One Cutty in the Wadadah Talook — they did not even attempt to disprove the fact. Yet in the face of the Statement of the Collector of the District, the Assistant Judge has assumed that a Cutty is equal to some undefined quantity, more than 12 Garees. In the 12th Para. of the Decree, it is stated that "the Plaintiff has pleaded that "a Cutty of land is not necessary 12 Garee. "and Cites an instance where it "was shown to be 18," referring to what is mentioned in the Reply, wherein it is alleged that in the course of proceedings connected with Suit No 641 of 1825 of the file of the late Zillah Court of Chicacole, on requisition for security, the Naidoo and Curnum of the Village of Oorlam reported to the Court that a Cutty of land is equal to 18 Garee.

St

Fort St. George 19th December 1844.

It does not even appear that the Assistant Judge verified this allegation by reference to the records of the Case, but at all events, the report made by the Naidoo and Curnum of a Village, under such circumstances, can be of no value in relation to this Suit — Even had the late Zillah Court passed a Decree to the effect that a Cutty is equal to 18 Garee, that would not be sufficient to form a Judicial precedent, unless the point had been formally adjudicated, upon appeal, before the highest Court — Had it appeared to be necessary, accounts bearing the signature of former Collectors of the Chicacole Division, showing the relative proportions between the Cutty and Garee, as recognized and acted upon by the Officers of Government, at a period prior to the enactment of Regulation XXVI of 1802 could have been produced, and any number of witnesses that might be wanted could have been sent up to prove the facts —

before

Fort St. George 19th December 1844.

before the Court.—

In respect to the Puttah Marked A, said to have been executed by Pydee Coormenaidoo &c. on the 15th Carteecum of the year Prabhavah, granting a piece of land according to certain boundaries in Poorshottapoor, the following observations are submitted to the consideration of the Court.— In the first place, there does not appear to have been any evidence adduced as to the authenticity of this Puttah, before the Auxiliary Court— Secondly, it will be obvious that Pydee Coormenaidoo and others being probably the Ryots, had no Shadow of authority to alienate land in the Village of Poorshottapoor; and that any Puttah granted by them can be in no ways binding on the Officers of the Government— Thirdly, supposing it should be alleged that the Puttah given by Pydee Coormenaidoo is a supplemental to the Original Sunnud granted by the Nabob Mohomed Moyen Khan, and explanatory of the boundaries

Fort St. George 19th December 1844.

boundaries of the Enam, it would be necessary to show which has not been done that the Puttah was granted under Competent authority; whereas, the Original Sunnud of the Nabob bears date in Hurrizzery 1161, Corresponding with the year 1748, while the Puttah in question is dated in the Year 1807; many years after the Cession of the Chicacole Circar to the Company, and about two years after the registration of the Plaintiffs Sunnud, on the 24th September 1805— More need not be said to show the worthlessness of this Puttah.—

Referring to that part of the Assistant Judges Decree (Para 12) in which it is stated that no Evidence has been produced before the Court to prove the invalidity of the Plaintiffs tenure, it is to be observed, that the validity of the title to the extent of land conferred by the Original Sunnud was never disputed, but it was contended that the excess which had been surreptitiously got possession of by the Plaintiff, was held under no title at all, and was consequently liable to the full assessment— The attention of the

the Court is especially requested to the fact, that the terms of the Original Summud expressly specify half a Cutty of land, in the Village of Poorshottapoor, no boundaries whatever being mentioned. The Assistant Judge refers also to the proof that the Plaintiffs had been in the enjoyment of the surplus land, and thence infers that he was so by virtue of the Grant; That the land was in his possession for some years has always been admitted, but this enjoyment, it is shewn, was clandestine, and under the pretence of, not by virtue of the Original Grant; and length of possession cannot be pleaded in bar to the rights of the Government.—

The foregoing observations it is conceived will serve to shew the Court, that the Decree of the Assistant Judge in this Case has been passed on an erroneous application of the Regulations on which it is founded, and on insufficient grounds as regards the merits of the Case, and the Appellant accordingly requests that the said Decree may be reversed and that the Court will pass such Orders in respect to the Costs incurred in the Original Suit, and in this appeal as may appear to be proper.—

Proceedings

31 · 32

Proceedings thereon.

Requesting the Acting Coll.r of Ganjam with reference to his letter of the 7th December last to prepare and submit a Copy of an appeal Plaint to be filed in the Sudr Court from the decision of the Civil Judge in a certain suit relative to the unauthorized alienation of land held by Enamdars and in the mean while to apply for an extension of the time allowed for filing it.

The Acting Collector states that the grounds on which the decision is given are not very satisfactory, that the Judge in his Decree has waived the discussion of those points in the Appeal respecting the scope of certain Clauses of Regulation XXXI of 1812 and II of 1803, that he had vaguely asserted that a Cutty of land was no definite measure of extent, and that a Jarce cannot be defined, evading at the same time all mention of that portion of the lower Court's Decree, touching the construction of the Regulations and taking no notice of the Collectors Arguments thereupon. The Acting Collector having given all those circumstances his best consideration is induced still to recommend the acquiescence in the Court's Decree—

If the case in question was not likely to involve further claims founded upon the Authorized alienations of land which were held by numerous Enamdars and were resumed in 1832. The Board might be disposed to adopt the suggestion of the Acting Collector but the point at issue this in itself of a

a trifling nature, comprises also a general question with reference to the Regulations above quoted which appears to the Board to be a fit subject of appeal to the highest tribunal—and altho' the suit has been determined against the Collector, / however wrongly / upon the merits. The Board are of opinion that the grounds of a further appeal still remain and that the distinction between settled and unsettled lands should not be made dependant on a Decree of a Subordinate Court which may have the effect of leaving the rights of Government insecure.—

The Board therefore request that the Acting Collector will be good enough to prepare a Copy of an appeal plaint to be filed after approval by the Board and Government in the Sud.r Court, and in the meanwhile apply for an extension of the time allowed for filing it with regard to W.m Smollets suggestion that the Board should give notice of the intention to appeal they have ascertained that such a course would be irregular, and request therefore that he will be good enough to make the requisite intimation to the Court.—

To

The Acting Secretary to the
Court of Wards
Fort St.o George

33

From the Acting Coll.r of Cara Ganjam — 1.st Sir.

Forwarding the account of the Purla Kemedy Zemindary for Fusly 1253 with certain explanations.

As Acting Agent to the Governor in Ganjam it devolves on me to report to the Court of Wards the upshot of the settlement of the Purla Kemedy Zemindary for Fusly 1253. The Court will not expect from me any authentic information regarding this Estate from personal knowledge of the Zemindary. This letter is in fact prepared from a Memorandum left by Mr. Anstruther who in person visited Kemedy, and who had merely prepared his yearly Report for transmission when relieved on the 22.d Ultimo.—

2.d The Rains were on the whole sufficient and seasonable, and cultivation was carried on generally to the utmost possible extent. Every thing conspired to render the District flourishing and prosperous except the fact of extreme low prices which bore heavy on the Village Renters, caused them to fall into arrears and greatly diminished their future resources.—

The

Fort St. George 19th December 1844.

3d. The Court of Wards are al-
=ready aware of the nature of the settle=
=ment effected throughout the Zemindary.
The system in one word is that of a yearly
rent, partly to substantial agriculturists agree=
=able to the Villagers, but mainly to the Villagers
themselves. These Rents are given on Dur=
=khasts, or proposals received from the parties
interested about the Month of April for
the ensuing Fusly. This is just before the
Commencement of the Rains, and it is nec=
=essary that the proposals should be made
at that time to enable the Renters to make
arrangements for the cultivation with the
Ryots, who for the most part are poor
and are dependant on advances from
the proposers for carrying on their agri=
=cultural operation. These Durkhasts
correspond in great measure, with the
Dittum or Caboolcats of Southern Collec=
=torates and Ceded Districts. The
amount offered generally the estimated value
of the entire cultivable land, and is really
much beyond what the parties can practically
pay except in years of large produce and
very high prices.

4th. In other Districts at the time
of the settlement, deductions are made for the

Dittum

Fort St. George 19th December 1844.

Dittum or Caboolcats of all land left waste
from drought, inundation, or other unavoid=
=able cause, and remissions are granted for pro=
=duce destroyed, withered, and for short produce
4ths 8ths such however is not the practice in
Ganjam. The Durkhast is the settlement,
subject to some trifling alterations which it
is needless to set forth in detail. The conse=
=quences are large Annual Balances outstand=
=ing at the close of the year which are for
the most part quite irrecoverable.

5th. It is my intention to remedy
this state of things during the Current year
if I find it practicable, and I purpose
after proper enquiry and investigation to grant
at the time of settlement whatever re=
=missions are properly demandable levying
the remainder rigidly. But changes must
be introduced with caution and I cannot
now with certainty say that my intentions
will be carried out in the present Fusly.

6th. The Court will see from
this statement that the Rents are not
as supposed concluded on losing terms
to the Officers making the Settlement, but on
the contrary that the Rents are always

higher

higher than can be actually paid by the cons-
-tractors. The system, however, is one that is
on the whole agreeable to the people, and
if as I think with an active Tahsildar ac-
-counts could be furnished sufficiently accu-
-rate to enable the Officer, at the time of the
Settlement to make proper and necessary re-
-mission to the proposers, larger receipts will
I believe, accrue under it than under any
other plan that could be devised—

7 But what seems easy of
attainment in a quiet and settled District,
is not so readily achieved in a Hill Zemin-
-dary like Purlakemedy under temporary
Management, and much here must be
left to the discretion of the Governor's Agent.
In the Courts Proceedings of the 10th October 1839
reference, for example, is made to the supposed
facility of checking the Renters demands
by the Curnom's accounts. On enquiry, I am
credibly informed that there is but one
Curnom to 5 to 10 and sometimes even to
20 Villages. The Money value of the
Villages is rated at their known pro-
-ductive powers, as estimated by the in-
-habitants from time immemorial—

There

8 There are four hundred and
seventy three Villages in the Purla Ze-
-mindary, one hundred and
ninety of these were proposed for and
sold by Renters during the past year,
two hundred and eighty two were
farmed by the Ryots, and one was held
under Sumany. The settlement for
Dittum was for Rupees 170,903-12-0
of which Rupees 161,427-15- were collected
up to the close of the Fusly. The Balance
outstanding on the first of October was
Rupees 13,523-2—

9 The cause of this Balance
has been already explained to be the
extreme depression of prices of all
sorts of Produce, which precluded
the punctual Collection of the original
proposals without trenching upon the
means on which the future productive
powers of the District depends. When
no remissions are granted it must
inevitably follow that large sums will
yearly accumulate on the accounts as
arrears and these will and must be

in

in most cases desperate—

10 I shall, at a future period, after the close of the present Fusly report the amount of arrears of past years which I consider it will be advisable to write off under this explanation of the manner in which they have accumulated. This retention in account is a grievous evil, and never can be of any use

11. The Peishcush of the Zemindary is Rupees 82529-8-. the whole was of course realized. The Management Charges, Government Commission, allowances the Zemindar, Tuckavy &ca amounted to Rupees 52319-6-9 as shewn in the accompanying figured Statement. The Charges were thus in all Rupees 134848-14-9. The Collections from all sources current and arrears were Rupees 175107-5-5 and the surplus was Rupees 40318-6-8 of which Rupees 8500—. were spent under the sanction noted in the Margin for certain religious Ceremonies, and in the wedding of the heir to the Zemindary. Rupees 31818—6-8 was therefore the real surplus of the Estate in the Fusly reported upon—

Extracts from the Proceedings of the Court of Wards dated 5st and 19th February 1845.

12 Re There is at present a sum of 2,00,000 . . at the credit of the Estate in the Joint

four per Cent Loan with every prospect of this being largely increased during the continuance of the Boys minority. The account Current of the Zemindary up to the 12th July last accompanies this letter.—

13. In a Memorandum left by Mr Anstruther, my predecessor has brought to my notice the high opinion he has formed from personal observation of the character and conduct of Vodiaghary Venkatarow the present Manager of Purlah Kemedy. Mr Anstruther has represented him to me to be active, diligent, and familiar with every Village in the Zemindary, constantly traversing every part of it, cognizant of Tank and Water course, and perfectly acquainted with the name and character of every Ryot of any consequence in his range.

Ordered

18289 Fort St. George 19th December 1844.-

Order thereon; Ordered to be sent again in Consultation.- Read the following letters.

33.34

To. D. C Lovell Esqre
Secretary to the
Board of Revenue.
Fort St. George.-

35

From the Collector of Rajahmundry.- Sir,

Submitting the necessary Accounts shewing the Demand & Collection and Balance &c of the Pittapore Zemindary up to Fusly 1253.-

In my report of the 27th July 1844 I stated that Rajah Row Sooria Row Behader had been duly put in possession of his ancient Zemindary of Pittapore together with the Gollaprole Mootah in accordance with the orders conveyed in the Board's Proceedings of the 4th accompanied by the Extract from the Minutes of Consultation of Government of the 2d July 1844, that the several Proprietary Estates which were superintended with the ancient Zemindary had been included among the Government Estates, and that as soon as the accounts of the Collections made throughout the Zemindary up to the end of Fusly 1253 A.D. 1843/44 were received, the result of the actual balance outstanding against the Zemindary would be submitted to the Board, with a view to obtaining the sanction of Government for the remission of the whole balance.

2- I have now the honor to submit the following accounts.

No. 1 The account Current of Fusly 1253 A.D. 1843/44 both in English and Telooguo.

No. 2. Statement shewing the Demand Collection & Balance of Rischouch both on account of the current Kists of Fusly 1253 A.D. 1843/44 and arrears both in English & Telooguo.

No. 3. Statement shewing the Demand Collection & Balances of the Summabundy Settlement of Fusly 1253 A.D. 1843/44 Do. Do.

3. The subjoined Abstract which corresponds with the said account Current No. 1 shows the receipts & Disbursements for Fusly 1253 A.D. 1843/44

18290 Fort St. George 19th December 1844.

18292 Fort St. George 19th December 1844 -

By the above it will be seen that the balance of Peishcush outstanding for Fusly 1253 A.D. 1843/44 after deducting the deficit of Rupees 46,256-4-7 anticipated in Sir H. C. Montgomery's report is Rupees 64,870- 8- 4, of which Rupees 7,433 - 2 - - advanced for Tuccavy and repairs for Fusly 1254 A.D. 1844/45 (and debited from the Collection of Fusly 1253 A.D. 1843/44) for the portion of the Estate made over to the Zemindar will be recovered from

Rupees 46,256-4-7 sanctioned by Government.

On account of Tuccavy Viz.t			Sicca Rupees
Amount advanced for the Estates made over to the Zemindar to be recovered from him.	1994	2 "	6Rs A.D 3957 - 12 - " -

		6 Rs A P	
Brought forward		11,420 11 .	not for the repaid
Amount of the sale proceeds of the property of late Renters of Gollaprole &c. Estates to be received from the Court		1175 1 6	a separate account will be submitted for the latter with a view to obtaining
		12,598 12 6	sanction. and Rs. 1207
Balance of Peishcush as above		64,870 8 4	14 - 6 - will be recovered
Remaining balance requiring sanction to be written off from the accounts		52,271 11 10	on account of sundry items - in all Rupees 12,598 - 12 - 6. as noted in the margin - This

sum being deducted there remains a balance of Peishcush to the amount of Rupees 52271 - 11 10 to be written off; for which I request the Board will obtain the sanction of Government. The principal causes for so large a balance appearing beyond what Sir H C Montgomery estimated were the lowness of the prices of grain, and in the newly reverted Estates, the floods of the Godavery - &c over the balances which were found during the Inam. mabundy to be recoverable, have been remitted upon the delivery of the Estate to the Zemindar under sanction of Government. -

The following abstract which corresponds with the accompanying Statement No. 3 will exhibit a balance of Rs. 89718 - 1 - 6 on the Jumma bundy Settlement of Fusly 1253, A.D. 1843/44 -

Amount

18294 | Fort St. George 19th December 1846 -

			Jumma bundy Collection Balance
			Settlement 3
			6 Rs A P
Amount of Zemindary of Pitta =		2,58,919	18 0 CR. 18 0
Peishcush made over to the Zemindar - - -

18 | 18295 | Fort St. George 19th December 1844

It is not known whether Sir H. G. Montgomery included in his Estimate the Zemindar's maintenance of Rupees 12,000 per annum in full for fusly 1253 which sum has been debited in the account Current No. 4. The balance outstanding against the Estates which have reverted to Government amounts to Rupees 7,984 - 9 - of which Rupees 2,000 may be collected. From the tenour of the orders of the Board it appears that the whole of the balances due by the Zemindar have been struck off but as I cannot assume that this order is applicable to those Estates which have reverted to Government, so long as there is a possibility of my having misconstrued the intentions

18296 | Fort St. George 19th December 1844.

intentions of Government, I beg that if I am in error regarding the remission of these balances, the Board will be pleased to issue further orders to me on the subject.

From the Collector of Rajahmundry.

Submitting report on the annual Jummabundy Settlement of the Estates of Ramachendrapooram Tagayemmapellah, Penapullah and Peddapoor under the Collectors management for fusly 1253 A.D. 1843/44 with the annual statements both in English and Telloogoo.

Ramachendrapooram Tagayemmapellah Penapullah & Peddapoor Estates

Sir,

Para 1. I have the honor to submit the annual Statements of the settlement of the Ramachendrapooram, Tagayemmapellah, Penapullah and Peddapoor Estates in this District under the management of the Collector for fusly 1253. A.D. 1843/44.

2. In this Estate the season was favorable at the Commencement of Monsoon for sowing the Poonasapoo first Crops, as well as the Principal Crops comprising Paddy &ca, but subsequently the excessive overflow of the Godavery, which lay over the ground for many days, entirely destroyed the Poonasa Crops and greatly injured the paddy. Some, however, of the Yardam and white Paddy, which were sown after the season was far advanced, yielded fair produce. The Tyra or third Crops consisting of Avoomoolloo, Boot Seam, Limpail seeds &ca were not sown owing to the continued fall of North East Monsoon rains. This estate consequently produced but little. The prices of Grain and the state of the people were similar to those in the Government Estates. —

(1)

3. The following Statement (1) shows the mode of settlement of the 37 Villages comprising this Estate for fusly 1253 Compared with 1252 1843/44 the preceding fusly. It will be seen by the above that there is a decrease of 3 Villages in the rent and a corresponding increase in the Vyabary system for fusly under review. —

Fusly	1	Vyabary 2	Aparah 3	Rent 4	Total 5
		No.	No.	No.	No.
1253 A.D. 1842/43		17	1	19	37
1252 A.D. 1843/44		20	1	16	37

4. The 21 Villages of Vyabary and Aparah were settled, and the Pottahs distributed by Mr. Prendergast in the Month of April 1844 at Drachdramah. The settlements were made upon the principles heretofore in force and need not now be described. —

5 The following Statement (II) exhibits the amaracum &c. of the Vissabady Villages held for July 1253 A.D. 1843/44 compared with July 1252 A.D. 1842/43.

The

Fort St. George 19th December 1844.

The net increase of Rupees 3572-1-9 has arisen for the fusly under review, partly from the occupation of more lands in consequence of a favorable promise of season both by old Ryots and by a few new ones, and partly from a reduction in the usual remissions to Village Moonsiffs and Pettanadars &c.a of certain Villages, who had diminished the extent of their cultivation for this fusly partly also from a considerable reduction in the Village Charges the amount of the two reductions just explained was Rupees 538-3-4

In the Statement now referred to, the sum of Rupees 81-15-2 is set down under remissions of cist of lands left uncultivated. — This was in the Village of Najarobadah, where a Ryot, who engaged to cultivate a portion of lands neglected to do so and absconded.

The

Fort St. George 19th December 1844.

6- The following Statement (III) shews the Settlement under Ajarah of only one on Village called Balan-tram for the fusly 1253 A.D. 1843/44 compared with the preceding fusly

The

The decrease of Rupees 39-11-7 in the aparak has arisen in consequence of short produce owing to the overflow of the Godavery. - The land cultivated in fusly under review was nearly the same quantity as in the preceding. - The increase in the tax on Palmira trees and Poollary, Viz.t Rupees 34-2 were obtained by timely attention having been directed to these branches of Revenue. -

Rs. Villages settled during the ensuing year under Vijaba - 2
Ditto after the date of inspection - 3
Rs. 5

The net decrease in question was caused partly by one Village of those held in the last year under Vijaba. - Settled -

settled in this year under rent, Viz.t Rs. Santapoody having been farmed out for Rupees 484 less than last year's owing in consequence of a part of its land having been washed away by the Godavery, and partly by a net diminution in the aggregate of the rents of other Villages, which were disposed of, some for more and others for less than in the preceding fusly according to their respective capabilities. -

8 The Total Demand of Settlement of all items of revenue for fusly 1253 A.D. 1843/44 is Rupees 62,970-12-11 showing an increase of Rupees 2,043-10-3 on fusly 1252 A.D. 1842/43 as noted in the margin, the causes of which have already been assigned in respect of each separate item. -

	Rs.	a.	p.
Demand of Settlement for Fusly 1252 A.D. 1842/43 Rs.	59,927	3	8.
Ditto for fusly 1253 A.D. 1843/44	62,970	13	11.
Increase	2,043	10	3.

9. The following Statement (VI) shows the amount of Collections of the said Demand, the balances at the end of fusly, the subsequent

Collection

Fort St. George 19th December 1844.

The decrease of Rupees 39-11-7 in the aparah has arisen in consequence of short produce owing to the overflow of the Godavery. - The land cultivated in fusly under review was nearly the same quantity as in the preceding. - The increase in the tax on Palmira trees and Poollary Fuj.e Rupees 34-2 were obtained by timely attention having been directed to these branches of Revenue. -

excessive floods of the Godavery — There is no doubt that this reason is valid to a considerable extent, but the amount of damage not having been ascertained at the time could not be satisfactorily discovered afterwards, and in consequence the full Cist was obliged to be entered at the time of Settlement without making any remission for the said loss. The low prices particularly at the time when the Kists fell due contributed also to a great degree in swelling the amount of arrears, the greatest part of which is owing by Poorer Ryots and will scarcely be recovered. — The sum of Rupees 12-1-5 on account of Aswaraka is also outstanding against certain Nadar Ryots. — Enquiry has yet to be made regarding the balance in the Cuttoobady, the tax on Palmira trees and the tax imposed upon the Serogettee Ryots cultivating Enams as quoted in the last statement. — This will immediately be done and measures taken for the collection of them as well as of the other arrears, as far as practicable in each case. excessive floods of the Godavery. There is no doubt that this reason is valid to a considerable extent, but the amount of damage not having been ascertained at the time could not be satisfactorily or discovered afterwards, and in consequence the full List was obliged to be entered at the time of Settlement without any remission for the said loss. The low prices particularly at the time when the Rents fell due contributed also to a great degree in swelling the amount of arrears, the greatest part of which is owing by Poorer Ryots and will scarcely be recovered. — The sum of Rupees 12-1-5 on account of Ajgarah is also outstanding against certain Nadar Ryots. — Enquiry has yet to be made regarding the balance in the Cuttoobady, the tax on Palmira trees and the tax imposed upon the Seroyettee Ryots cultivating Enams as quoted in the last Statement. — This will immediately be done and measures taken for the Collection of them as well as of the other arrears, as far as practicable in each case.

Total	118970	—	2 — 3

12. The following abstract (VIII) which corresponds with the accompanying Statement No. 3 shows the Receipts and Disbursements on account of the Estate. It will be seen by the above that no funds are remaining in hand, as the amount collected was disbursed under Peishcush and the charges of Management &c.

13. The following abstract (IX) which corresponds with the accompanying Statement No. 4. Shows the Demand, Collection and Balance of the Current and arrears of the Permanent Peishcush due to the Circar from the Estate. It will be seen by the above that the present balance of Permanent Peishcush, both Current and arrears, due to the Circar, amounts in aggregate to Rupees 163346-1-11, besides this a sum of Rupees 17000 which was formerly advanced by the Government to the Zemindar of this Estate, is also due to the Estate is now in a very reduced condition, so that the annual Peishcush is not realized, much less any thing on account of the old arrears.—

part of the balance above quoted is outstanding upon Ryotwary and rents and is mostly due from insolvent Ryots, the number of whom is particularly great in this Estate.— The balances of Cuttubady are due from certain Enam lands, which were not brought under cultivation in the fusly now under report. Those on account of the Tax on Palmira trees &c. are mostly due from Paupers.—

20. The arrears outstanding against the Estate for five years from fusly 1248 to fusly 1252 A.D. 1838/39 A.D. 1842/43 amounting in aggregate to Rupees 21908-12-7 as noted in the Margin.—

Fort St. George 19th December 18[illegible]

The amarancum of the two past fusles was nearly the same. The increase of Rupees 239-14-11 in the Vispahady Settlement has arisen from the reduction in the charges and the resumption of the vairy land of the Proprietor. There is also an increase in the Pollary and tax on the Serogettee Ryots in consequence of these subjects having come under particular notice.

24

Of the Demand of the said Settlement Viz.

	C. Rs.	a.	p.
Vispahady	424	4	3
Cuttoobady	13	12	3
Tase on Palmira trees	1	0	0
Pollary	2	10	9
Tase on Serogettee Ryots Cultivating Enams under new rules	57	5	0
Total	499	0	0

Rupees 1229-8-0 Rupees ¥30-8-0 only were collected within the fusly leaving the present balance of Rupees 499 on the several items noted in the Margin. Enquiries will be made respecting the ability of the Defaulters and measures taken to recover as much of the arrears as possible.

25. The arrears outstanding from fusly 1239 A.D. 1829/30 to fusly 1252 A.D. 1842-43 amounting in aggregate to Rupees 3220-9-9 as noted in the Margin and carries pending with the accompanying Statement No. 2 appear to be

28. The Zemindary of Peddapore belonging to the Zemindar Shree Rajah Vutchavoy Soorie Narraina Jagapatyranze containing 6 Mootahs namely Peddapore, Singumpurroo, Bickavole, Colunkah, Valoogoobundah and Cundecoopah was placed† under the Collectors Management under Orders of Government dated the 4th July 1842. It had been previously for some time under attachment but no regular report has heretofore been made upon the settlement of its revenue, the state of the arrears of Pishcush being only mentioned in the Annual reports which exhibit the circumstances of the Zemindary and Proprietary Estates. The Zemindary being under regular Management of the Circar it becomes necessary for me to include in this report the Notice of the Settlement of its revenue for fusly 1253. A.D. 1843-44.

† The Right Honorable the Governor in Council approves the arrangements proposed for the Management of the Peddapore Estates & declares the Zemindary under attachment until the arrears due to Government are liquidated.

29. The following Abstract (XV) shows the

Settlement of the 106 Villages of the Zemindary for fusly 1253 A.D. 1843-44 compared with fusly 1252 A.D. 1842-43.

30. In this Zemindary 11 Villages belonging

belonging to Peddapoor Mootah receive water from the Gulairoo river whereby a large quantity of wet land and a small portion of Sugar cane plantation are irrigated. There is a large Tank in Singumpurroo Mootah which affords water to the lands of three Villages and in the Mootah of Bickavole, and several small ones in other places all of which however require to be filled several times in order to ensure the success of the Cultivation made under their influence.

31. The season Vea in this Zemindary corresponded with those in the Ramachendrapooram Estate and the failure of the early rains on the Hills caused a deficient supply of water in the Gulairoo and left the Tanks of Singumpurroo Vea but partially filled. In consequence of this, there was a scanty harvest on the lands depending on these sources while on the other hand the crops of several Villages in Bickavole, Colunkah and and Cundecoopah Mootahs were injured by the freshes of Godavery.

32 The following abstract (XVI) shows the amaracum Vea of the Vizabady Villages

and Valoogoobundah Mootahs. The small increase in the settlement of Bickavole, Colum= =bah and Bundecoopah have arisen from a more extensive engagements undertaken by the Ryots in some Villages of these Mootahs. Mr. Prendergast himself made the Settlement of all these Vissabady= Villages and distributed Puttahs to the Ryots in the Months of May at Cocanada and the principles of the Settlement were precisely the same as those upon which the Summabun= =dy of the Government Estates was fixed.

(XVII) 33- The following Abstract (XVII) shows the Settlement of rented Villages for fusly 1252 A.D. 1842/43. Compared with fusly 1253 A.D. 1843-44. upon which there appears an

already been assigned in the preceding paragraphs. The Permanent assessment of this Zemindary contemplated one third of the assets being left as profit for the Zemindar but a series of unfavorable seasons and neglect of the works of irrigation have caused a gradual falling off of produce and the prices of grains in the meantime have continually fallen lower. To these general causes of decline are to be superadded the ruin of a portion of the Estate in the Gundecoopaki Mootah by the Storm and inundation of the Sea in 1839 till at length the list of some Mootahs has been reduced to the total of the Permanent assessments and of the others to below that of the Assets.
