1852

Fort St. George 2d September 1841.

Estates to which it may be desirable that it should be extended. In the mogultoor Talook, the Eight Villages noted in the margin were formerly assessed at Rupees 45,178 — 2 — 6 though their revenues now are reduced to below forty. The Soil of parts of these Villages is strong black with water about twelve feet from the surface adapted for sugarcane, tobacco and chillies — much of this land cannot now be cultivated under a manic inconsequence of the ordinary means of the Ryots not being sufficient to enable them to undertake the cultivation with a chance of paying the Assessment. The proposed measure therefore is to enable these lands to be cultivated at the regular assessment

Villages	Permanent Assessment C. R. a. P.
1 Doddeputta	9,500 — 1 — "
2 Bheemlapooram	6,304 — 1 — 9
3 Elapacooroo	5,466 — 14 — 3
4 Vulloor	4,024 — 14 — 6
5 Carroogaroomilly	4,922 — 11 — "
6 Yellamunchilly	1,446 — 11 — "
7 Panoomuchilly	2,953 — 13 — 11
8 Juggunnadapooram	1,558 — 15 — 1
Total	45178 — 2 — 6

Fort St. George 2d September 1841

Assessment. The same remark applies to 10 Villages of the Nagaram Talook, the Permanent Assessment of which is Rupees 41,959 — 1 — " but which are capable of yielding from ten to fifteen thousand Rupees above that amount, according to the Original assets. The wells usually sunk in

Villages	Permanent Assessment C. R. a. P.
1 Nagarum	1141 — 15 — 4
2 Peddapatam	7,395 — 4 — 4
3 Pacherlapoody	1,513 — 13 — 8
4 Rajavole	4,262 — 10 — 5
5 Seevacodoo	5,216 — 4 — 2
6 Manapelly	10,911 — 11 — 7
7 Moudapoolumkal	2,226 — 11 — 1
8 Ponnamunda	4031 — 7 — "
9 Cadaly	4,131 — 9 — 1
10 Inaumedecoodoram	1127 — 10 — 4
Total	41,959 — 1 — "

these Talooks cost, including their facing with brick, from forty to Eighty Rupees and the number required is about 213. Estimated at about Rupees 14,000 the expense of which the Ryots are prepared to meet to the extent of about Rupees Six thousand, and I have proposed that the means should be placed at my disposal to enable me to aid them in completing them. I have already in my letter of 22d April, given my opinion that the measure is one, which should not be forced, but when a Ryot is willing to

to sink his own Capital on the improvement of the Soil, it certainly appears but Consis= =tent with its own interests that Govern= =ment should be willing to aid by the temporary accommodation of a loan where such Ryots' means are not quite equal to the full accomplishment of the undertaking at once.-

4- Although I have named a sum of ten thousand Rupees as being about the sum required to be advanced, quite so much may not be necessary, and of course it will be my duty to see that it is only advanced where it can be done with safety and advantage.-

Ordered that the following address be sent in Consequence.-

To

11-12

To the Chief Secretary to Government.-

From the Coll: 22d April in 13 May 1841
To D: 27 May
From D: 12 Augt in 2d Sept.

To the Chief Secretary to Government.-

Sir,

I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying Correspondence with the Collector of Rajahmundry, and to recommend under the explanation afforded by that officer, that he may receive sanction for making advances under the head of Tuccavee, recoverable within 2 years, not exceeding 10,000 Rs. in the aggregate amount, to Ryots in the Government Estates, for the purpose of enabling them to improve their cultivation by sinking wells.-

To

The Secretary to the
Board of Revenue
Fort St George.

Sir,

(22)

From the Collr of Masulipatam } Para 1.

I have the honor to transmit herewith a Statement in Store and ready for exportation at the Ports of Masulipatam and Nizampatam on the 31st ultimo.

Fort St George 2d September 1841.

Statement showing the Quantity of Salt in Store and ready for exportation at the Ports of Masulipatam and Nizampatam on the 31st ultimo.

Ports	Quantity of Salt in Store	Quantity remaining actually in Store at the Ports exclusive of that ready for exportation
Masulipatam	100000	44940
Nizampatam	55060	8255

Remarks.

Quantity of Salt permitted already to be exported by Calculation since 1st Augt 1841.

Bengal Chauldrons 1,000

Quantity remaining actually in Store at the Ports exclusive of that ready for exportation 1841.

Bengal Chauldrons 53,195

As reply to the Communication referred to in the last report, this Officer was informed that the quantity of Salt then at Ennore was being sufficient for the Victoria, that Vessel was ordered to proceed to Masulipatam for a Cargo.

Per Ship Victoria on account of Government 8,200 Bengal Chauldrons on board the Madeiras now becalmed.

A. Robertson.
Collector.

Madras } E. E. Fleming
30th August 1841. } Secretary.

Order thereon (20. 21)

Fort St George Gazette.

Para 4.

The Board in Para 4. of their Proceedings dated 25th March 1839. have attached much importance to an augmentation in the supply of Spontaneous Salt, and I have used my utmost endeavours, in which I have been seconded, no less by the dryness of the season than by the zeal and activity of the present Ameen, Bhonaghery Soobiah, to Carry the Board's wishes into effect.

It will appear from the Marginal Statement that the quantity of Spontaneous Salt produced during last fusly has nearly doubled that of any former year since Fusly

	M. G.	M.	M.
Fusly 1240	1016	54	3
" 1241	861	369	1.
" 1242	2457	109	"
" 1243	364	116	2
" 1244	37	123	4
" 1245	1406	265	3
" 1246	905	160	"
" 1247	763	374	6
" 1248	1568	62	7
" 1249	786	160	"
" Total	10167	195	2
" Average	1016	299	4
" 1250	4701	82	"

Fusly 1244, and has quadrupled the average amount of production for the last 10 years.

3. The number of Peons attached to the Pondracalatam are 40 of whom 20 are entered in the Mysen Yabitah as belonging to the fixed Establishment, while the remaining 20 are considered as temporary, and are included in the yearly Statement of sums proposed to be disbursed and which receive the annual sanction of Government.

4. The present Ameen represents that the above number is not sufficient inconsequence of the large quantity of spontaneous Salt in store, the great number

number of heaps, and the distance of the different swamps from one another in which it has been found necessary to store it with the view not only of saving the hire of carriage, but to preserve the crystals entire.

5. It has been ascertained by calculation, that had the Salt instead of being stored as at present been carried to the same Cotaus, the expence of carriage would far exceed the Charge proposed to be incurred for additional establishment, to say nothing of the destruction of the crystals which would be the consequence of its removal to a distance in its wet state, and which would much deteriorate

Probable expence of Carriage at 5 Rupees per Garee } Rs. 2500.
Proposed disbursements for the employment of 20 Peons for 12 Months on Rs. 4 each per mensem } 960.
Saving to Govt. 1540

Fort St. George 2d September 1841

deteriorate its value in the estimation of the Lumbadies.

6. Under these circumstances. I recommend that the additional number of 20 Peons may be entertained till the quantity of Salt on hand and number of heaps shall have been so much diminished as to admit of their discontinuance

Masulipatam, Coll.rs Cutcherry 14th August 1841.

/ Signed / P. Grant. Collector.

Resolution thereon. The Collector of Masulipatam is authorized to entertain the additional number of Peons for the purpose specified in the foregoing letter, to be included in the usual charges in the Salt Department. The number will of Course be reduced so soon as the purpose for which they are required shall have been accomplished.

(22-23)

To

Fort St. George 2nd September 1841.

To The Secretary to the Board of Revenue Fort St. George

(24)

From the Collector of Masulipatam.

Sir,

Para 1. I have the honor to submit the following report on the Statement for fusly 1249 of the Estates noted in the Margin attached for arrears of Revenue, together with the following Statements.

Submitting a Report on the settlement of the Estates attached for arrears of Revenue for Fusly 1249.

1 Vinnacottah and Goodewadah
2 Ellore and Covally
3 Davercotah
4 Chanoobandah

No. 1. Jamabundy Abstract of fusly 1249.

2. Comparative Statement of fuslies 1248 and 1249.

3. Statement shewing the Increase and Decrease between the Settlements of fuslies 1248 and 1249.

4 to 7. Accounts Current for fusly 1249.

8 Statement shewing the amount of Peishcush Collections and Balance for fusly 1249.

9. Statement shewing the increase and decrease between the Settlements of each Village in the said Estates for Fuslies 1248 and 1249.

2. The following Statement exhibits the amount of the Settlement of the said Estates for fusly 1249 compared with that of Fusly 1248.

Estates-

Estates	Settlement of Fasly 1248 exclusive of usual remissions.	Settlement of Fasly 1249 exclusive of usual remissions.	Increase	Decrease	Net Increase or Decrease
1	2	3	4	5	6
	C. Rs a p	C. Rs a p	C. Rs a p	C. Rs a p	C. Rs a p
1 Vinnacottah	4,209 13 10	37,890 7 7	" " "	4,200 12 3	" " "
2 Goodewadah	40890 " 3	52,240 4 6	11,350 4 3	" " "	" " "
Total	82,981 4 1	90,130 12 1	11,350 4 3	4,200 12 3	7,149 8 "
3 Ellore	2,573 1 4	11,775 10 5	9,202 9 1	" " "	" " "
4 Covally	1,312 5 5	7,337 7 7	6,025 2 2	" " "	" " "
Total	3,885 6 9	19,113 2 "	15,227 11 3	" " "	15,227 11 3
5 Davercottah	15,276 11 8	10,973 0 2 3	" " "	4,303 9 5	4,303 9 5
6 Chanoobundah	896 5 10	1,481 6 10	585 1 "	" " "	585 1 "
Grand Total	2,40,530 12 4	2,20,453 7 2	27,163 " 6	47,238 5 8	20,075 5 2

It.

3. It will be observed that there was a Net increase in the Estates of Vinnacottah and Goodewadah, Ellore and Covally, and Chanoobundah to the amount of Rupees 22,962-4-3 as p while there was a decrease in the Estate of Davercottah alone amounting to Rupees 43,037-9-5 as p leaving a Net decrease in the whole Estates of Rupees 20,075-5-2, the Causes of which will be explained hereafter.-

Season 4. With respect to the season, it is to be observed that it was upon the whole favorable for wet and Dry Crops, with the exception of the Jonna Crop which invariably suffers from excessive rain.-

The.

Fort St. George 2nd September 1841.

5. The improvement in the sources of irrigation by re-opening the Poolair and Boodamair was also attended with much advantage in those parts of the Country which lie contiguous to the Kistna, in-as-much as it enabled the Ryots to cultivate wet land to a great extent, which, without such irri=gation, would have lain waste and been unproductive.-

6. For further information respecting the season, the Board are referred to the Monthly Demand Collection and Balance Statements forwarded for Fusly 1249.

7. Statement No. 3 will shew in

Fort St. George 2nd September 1841.

in detail the extent of land Culti=vated of every description, the actual produce, and the revenue arising therefrom in each Estate for Fusly 1249, compared with similar State=ments for Fusly 1248.-

8. To place the result before the Board at one view, I have prepared the following ab=stract exhibiting the amount of Revenue under each item for both fusslies in the several Estates.-

Estates.-

Fort St. George 2nd September 1841.

9. It will be observed the notwithstanding the large decrease of Rupees 35,576-15-8- in the Revenue arising from the dry lands, there was a Net increase of Rupees 7,149-8-- in the Estates of Vinnacottah and Goodewadah in consequence of the very large increase in the Revenue derived from the wet lands and other items.-

10. The increase is mainly attributable to the Re opening of the Poollair and Boodamair Channels which gave a great stimulus to the industry of the Ryots, and induced them to Cultivate Wet land to a Considerable extent under the expectation that the late Rains in the Months of October and November would bring the Crops to Maturity. In this expectation, they were not disappointed, and hence the large extent of Cultivation and increase of Revenue, but the increase would have been much greater had not prices fallen considerably below the average of former years and to the extent of Rs a p 32-1-4 in the produce of the wet lands and Rs a p 10-7-8. in the produce of the Dry lands as compared with prices for fusly 1248. For information.

information on this point, I refer the Board to Cols. 7 and 12 of Statement No. 3.-

Ellore & Cavally 11. The annexed abstract shews a Comparison between the Settlement of these Estates for fuslies 1248 and 1249. under the different heads. Of all the Estates in this District, there are none which exhibit so great fluctuations in their Returns as these Estates. This is partly owing to the precarious nature of the irrigation from the Sunnelair and Raumelair which sometimes altogether fails, in Consequence of drought in those parts of the Country where those rivers take their rise. In fusly 1249. the said Rivers not only failed, but the other sources of irrigation such as Tanks, Channels, and water Courses, had gradually fallen into Complete decay from the little attention that had been paid to all descriptions of repairs during the management of the Zemindar, these evils are now in progress of Correction, and it is hoped that as soon as the projected improvements may be accomplished and, provided the Seasons prove favorable, the Estates will rapidly recover from the depression under which they have so long laboured.-

12. It will be observed that there was an increase of Rupees 15,227-11-3 in the Revenue arising from these Estates for fusly 1249, but the amount of Settlement is small in Comparison with what they are capable of producing under complete irrigation.

Davercottah 13. The following Abstract Shews a Comparison between the items Composing the Settlement of this Estate for fusly 1249 Compared with those for fusly 1248.

14.- The amount of Settlement exhibits a decrease of Rupees 43,037-9-5 in comparison with Fusly 1248. It will be observed that in the Summary Villages alone, there was a decrease of Rupees 48928-10-10 This result is attributable to 3 causes viz The failure of the Samma Crop which invariably suffers from much rain 2dly the lowness of prices in comparison with those of the preceding year as shewn in Statement No. 3 Col.y of 12-3 3dly The circumstances of there being but little Wet land in this Estate by which the deficiency in the Dry land could be made

Fort St. George 2d September 1841.

made up as in the Estates of Vunnacottah and Goodewarlah under management. However, it is satisfactory to observe that the

Fusly	C Rs	As	P	total amount of Settlements
1240	87540	2	6	
1241	84358	6	3	exceeds that for 8 years prior
1242	102458	5		to fusly 1248, a year in which
1243	108200	6	9	
1244	63909	12	9	owes the largeness of the
1245	85969	5	1

It

Fort St. George 2d September 1841.

18. It will be observed that the Collections within the Fusly were nearly the same in both years while the subsequent Collections were much less in consequence of the diminished demand in Fusly 1249. There was a balance uncollected up to 11th July last of Rupees 530-3-3 which is in progress of collection and will be realized without delay. The principal causes for its non-collection hitherto have been the large demand to which Ryots are liable for Maramut Neeut or proportionate share of the cost of repairs and also Baja Kurch or Village expenses, which latter, as pointed out by Mr. Goldingham in his letter

Fort St. George 2d September 1841.

letter dated 19th January 1837, presses very heavily on the Ryots of this District. The amounts of balance due by the Renters in Davercotah under Mr. Goldingham's progressive rent amounts to Rupees 424-9-3.

19. The total demand of Peishcush against the several Estates including current and — arrears, the amounts credited — after deducting charges, and the balances still remaining up to the end of Fusly 1249, as also the balance of Cash as per Account Current are shewn in the following Statement.-

It

Fort St. George 2d September 1841.

20.- It will be observed on comparing the balances up to Fusly 1248 and the present balances, that there was a further slight accumulation in Vinnacottah and Goodewadah to the amount of Rs 5184-5-9 while there was a balance on hand amounting to Rupees 1692-14-10 that in Ellore & Cavelly there was a further accumulation of Rs 24273-7-7 while there was a balance on hand of Rs 523-3-2 & that in Davercottah, if the balance on hand amounting to Rupees 15,005-.-1 be deducted, the actual balance will be reduced from the sum of 20,190-2-3 which was outstanding up to the end of Fusly 1248 to Rupees 19,751-3-6-3- In Chanoobanda-bah there was a clear surplus of Rupees 321-13-5 after discharging the demand on account of Bittu-cush- For further information as to the appropriation of the receipts from these Estates & the nature and amount of charges, the Board are referred to the Account Current Nos 4 to 7.-

21.- In addition to the reasons assigned in Para 32 and 33 of my report on the Government Estates and Villages dated 11th April 1840 for

Comp. Ry. Ry.

Fort St. George 2nd September 1841.

for Fusly 1248. Accounting for the delay in submitting that report, I beg leave to state that my time, as well as that of my Establishment, has been much occupied with the arrangements consequent on the introduction of a Survey into the Village of Kytapully, a work of much labour and responsibility and which it is essentially requisite to perform in a most efficient manner to secure the rights of the Government and of the Ryots.-

Masulipatam, Collrs Catchery: 17th August 1841.

/Signed/ P. Grant.
Collector.

Order thereon.

24.25

Ordered to be brought forward at a future meeting

Read the following letter

26

From the Collector of Guntoor

To

The Secretary to the
Board of Revenue
Fort St. George.

Sir

I have the honor to submit for the information of the Board the Petitions noted in the margin from Coochey bhotala Vencata Sastry late Nevesindah in the Pairly Cotaur one was addressed to me by the Petitioner from Bauputlah on his way from Madras, and the other after his arrival at Guntoor. The Petitioner appeared before the Board in Petition No. 283 of 1841. which was reported on by me under date 22nd March 1841. The Petitions in themselves are important only as they corroborate what has been stated regarding the course of intrigue kept up by Nyputty Sathagery Row the Head Sirstadaur in this Cutcherry in Conjunction with Royalnaidoo late District Moonsiff at Chaybrole at once disgraceful to the Character of the Cutcherry, as well as detrimental to the interests of the District. This Subject has been already fully adverted to in the letters noted in the Margin and seems now to call for Notice.

1 N. 53 dated 15th July 1841 with Translation

To

No. 1

To

The Collector in the Zillah of Guntoor.

Arzee addressed by Coochebhotla Vencata Sastrooloo Inhabitant of China Poolevarroo.—

With paternal affection and great kindness you favoured me with a Samoottdaurs situation in the Goorroozal Mootah from thence I was removed to the Samoottdars situation of the Caurempoodey Purganah, which I held for some time and thence I was removed to the Salt Nevesindahs situations at Parlee. Some time afterwards the water of that place and the Sea wind not having agreed with my constitution I addressed an arzee soliciting removal to another place. upon which your honor made an Endorsement that I was suspended from that situation and that I must attend at the Huzzoor. Before my attending in your presence Cotum Roylnaidoo the District Moonsiff of Chayhrde and Doorooshottum Puntoolo the son inlaw of Rapudy Sashagerry Row instigated me saying "If you address an arzee to the Board that Kristna Row Puntoolo Gauroo has beeen speculating to a great exctent in the Guntoor zillah he will be criminated. after which Sashagherry Row Gauroo will bestow on you such situation as you may

like"

like" and made me write Arzees one to the Board and another to Government. as I have unreasonably committed such irregularities at the instigation of others towards the authorities who provided me with Bread it has proved detrimental to my hopes in the neat world and created disgrace in this. I was ill persuaded again to write 3 arzees one on the 4th one on the 7th and the other on the 15th March setting forth that the Collector has been very spiteful towards me. In his return from Masulipatam the District Moonsiff Roylnaidoo came to Bhutteprole and sending for me desired me to follow him to Madras. I then said that I had nothing for expenses and that I would not come. On which he said that "Sashagerry Row Gauroo has "given 100 Rupees Tota Ristnamah has given 100 Rupees "and Gooddundey Vencatasah has given Rupees 50 after "we have arrived at Madras Sashagerry Row will "remit a further some of Money." He thus deceived and took me with him but he never paid a single Dub. I have come back home suffering a great deal. the irregularity on my part is attributable to the company of Roylnaidoo. and Roylnaidoo went to Madras and presented several Arzees to the Board and Government who have rejected them in consideration of the irregularity

on

on our part and the Justice administered by yaw. In
consequence of my irregularity towards yaw at the instigation
of Royalnaidoo I find nobody any where that will afford
me bread by favouring me with a situation - I have
sold the Chemboo which I had in my hand and have
eaten the proceeds - I have no other means - The
Maunium which I had at Chena Poolevurroo has
been resumed by the Jemindaur - the Maunium at
addapully is incorporated in the bed of the Tank constructed
by the Company - and my family have been suffering
for want of food - unless I earn for 20 persons - I cannot
have food for myself - I therefore humbly solicit that
yaw will be pleased to pardon me for my faults.
and favour me with a situation

26th July 1841 /Signed/ Coocheybhotla Vencata Sastrooloo

I beg yaw will investigate the above circum-
-stances in person and grant me redress

/Signed/ C-V.

As I have no food I humbly solicit yaw
will be pleased to favour me with a
situation, otherwise I shall suffer much -
I therefore address this - Be pleased to take
this

this into your candid consideration

/Signed/ Coocheybhotla Vencata Sastrooloo

/A true translate/

/Signed/ J. Goldingham
Collector

No 2

To The Collector in the Zillah of
Guntoor

Arzee addressed by yaur servant
Coocheibhotla Vencata Sastrooloo -

Yaur were pleased to favour me with bread
by bestowing on me a situation which I have thrown
away thro my misfortune listening to the instigations of
others consequently I have been suffering much for want
of food - unless yaw - who are like parents will be kind
towards me, I have no means of earning my bread in future
If yaw will not shaw me yaur favour I shall poison
myself when you favoured me with a situation yaw shewed
the same affection as you do towards yaur sons I have to repre-
-sent certain circumstances passed before the Members of the
Board, which it is inconvenient for me to report by an
arzee - If yaw will keep full favour on me and permit me

I will

I will attend in your presence and represent them to you in person. Beg you will grant me permission thro' the Police Officer at Vellatore. I have despatched a letter to the address of Ranjestry Subneijs Kistna Row Puntoolo gauroo by the Tuppal of Ramapatam, as I was given to understand that you were at Dinda and not Vara= =gauney. I came to Rauputtah and have made this representation. Particular circumstances have passed at Madras, which I will represent in your presence. I beg you will take this into your Serious Consideration.

15th July 1841

/Signed/ Coocheybhotla Vencata= Sastry

I and Roylnaidoo went to the Board to complain against you. The Gentlemen in the Board said certain circumstances in your favour. Therefore address this the Petition presented to the Governor by Roylnaidoo was returned to him.

/Signed/ C. V.

I have quarrelled with Roylnaidoo and come down here. On my representing you will under= =stand every circumstance.

/Signed/ C. V.

When I and Roylnaidoo were about

to depart for Madras Tota Kistnamah and Sashagery Row paid certain sum of money for Expence but Roylnaidoo enjoyed all that money himself without paying me any thing. They again sent Rupees 50 - altho they have afforded every assistance, yet they are unsuccessful in their designs. We both having quarrelled, I have parted from him and come away. There are certain other similar circumstances which I will represent in your presence.

/Signed/ C. Venatasastroolo

Fort St. George.

28

From the Pt. Collr. of Cuddapah.

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated 15th Ultimo. I have the honor to forward a Draft of a Summud for the Shrotrium Villages granted to Batcha Row late Head Sheristadar, as therein required.

The concluding part of the letter under reference will be answered as soon as the information required from the Talook authorities, is received.

Cuddapah
Collector's Office
13th August 1841.

/ Signed / W. Ashton.
Pnt. Collector

To

The Right Honorable the Governor in Council of Fort St. George grants to Butcha Row, late Head Sheristadar, of the District of Cuddapah, the following Summud. That is to say.

The Government of Fort St. George having been pleased in testimony

Fort St George 2d September 1841.

testimony of their sense of your highly meritorious Services, continued during a period of 37 years, to confer upon you the two Villages of Poottumpully in the Tohennoor Talook, and Edapalayam in the Poolevendla Talook in the Zillah of Cuddapah, Of which the the revenue has been estimated at the annual amount of Rupees 5,600 ---- you are hereby declared to be entitled to hold the said Villages as a Shrotriem during the period of your natural life-You are entitled to collect from the Ryots of the above Villages all such revenue arising from the land, whether assessed in full on the cucan land or payable as Todeyy, or Enam, as has hitherto been received by the Government, and also all such additional revenue as may be

Fort St George 2d September 1841.

be derived from the cultivation of lands hitherto lying waste, you are to hold the same under free Shrotrium tenure, without the payment of any Peishcush, and the Honorable Court of Directors having been pleased to authorize the grant of the Shrotrium to be continued after your demise to your two next heirs in succession upon payment of a Quit rent equal to one half of the estimated revenue of the Villages, it is hereby declared that the abovementioned Villages are granted in succession after your demise to your two nearest male heirs to be held under Shrotrium tenure, but upon the condition of the annual payment of a Peishcush of Rupees 2,800—"—" being equal to

to one half of the estimated revenue of the Shotriums.

In the collection of the Revenue and in the general administration of the affairs of the Village you are to follow the customs of the Country and strictly to observe the provisions of the Government Regulations.

From the Pt. Coll.r of Cuddapah

Reporting upon the claims of one Casavaloo to the Meerasee Office of Curnum in the Village of Edemadaka in the Zillah of Cuddapah as required in a letter from the Board of Revenue dated 17th Decr. 1840.—

Sir,

With reference to your letter dated the 17th December last, I have the honor to report upon the subject of the Petition therewith received, respecting the claim of one Casavaloo to the Meerasy Office of Curnum in the Village of Edemadaka in this District.

Upon referring to the papers recorded in this Cutcherry I find that the Statements in Mr. Blane's letter dated the 28th August 1838 are not fully supported by the evidence. Casavaloo has always claimed in virtue of his descent from the original Meerasydars and upon a deed of gift, the deed referred to being an agreement of partition of the Enam between members of the same family. The Punchayet as appears by their decree did enter

enter into an inquiry regarding the proper heirs and did not decide in favor of Casa:=valoo merely because a share of the Enam was "conferred" on him by Chinnapah.-

3 It appears to me that the right of Chinnappah rested on the strongest grounds. he did not obtain the office in consequence of marrying the daughter of a former Meerasydar, but was himself descended from the family - and Casavaloo the present claimant was also clearly descended from the same family and the office had been held at no very remote period by the first Cousin of his father who would have inherited the office on the death of his cousin if he had been the survivor.-

4 Narsoosoorauze was the name of the Cousin and on his demise the office was given to Chinnapah the Petitioner Casavaloo being too young. - The above Narsoorauze was in the office at the time of Pymash in 1803, Narsoorauze and Paroomrauze

Paroomrauze were second cousins their grand fathers being brothers and Chinna:=pah was the grandson of Paroomrauze; There is no certainty respecting the oc:=cupation of the office before Narsoo:=raze and it does not appear expedient to attempt an enquiry into the Changes of earlier times Chinnapah who suc:=ceeded Narsooraugze in Fusly 1223 con:=tinues to hold the office till his death, but it appears that part of the Enam was alienated by him under authority of the Talook Officers to Gerryapah and an agreement (accepted as a genuine document by the Punchayet) was given by Chinnapah to Gerry:=apah admitting his right to share.- On the death of Gerryapah, Chinnapah refused to allow the share in the Enam to Casavaloo and on his com:=plaint, the Punchayet appointed in February 1245 fusly decreed that he was entitled to 1/4 share. The decree was confirmed by Mr. Casamajor and at the Jamabundy in the same year

year Casavaloo was appointed joint Curnum with Chinnapah - He remain-ed in office till Fusly 1248 when on the complaint of Chinnapah Mr. Blane made his report dated 28th August 1838 previous to this date Chinnapah died and Casavaloo urged his claims &c more strongly. -

5 By a memorandum dated 7th December 1838, Mr. Blane admits Chinnapah to have inherited through a daughter which does not agree &c with his report to the Board. At the same time he appointed Ra:-matirthum's eldest son Condusspa to the office and assigned with the consent of Ramatirthum one half of the Enam to the widow of &c Chinnapah, whom he only supposed to be a Goomastah of Ramatirthum.

6 Ramatirthum is said to have descended from a Meerasydar 5 generations back, but there is no &c evidence to show that this branch ever held the office - or that the

others were only Goomastah, and such a thing would not be in accordance with the usual Customs. -

7 The accompanying genealo:-gical tree is formed from the Tasildar's official report that forwarded by Mr. Blane is taken from one given him by Ramatirthum but is not supported by evidence. - I have from the perusal of the papers the strongest con:-viction that the former decision was erroneous that Chinnapah was duly entit-led to the office and that on his death it should have devolved upon the Petitioner. -

8 When Chinnapah was alive it seems to me to have been unnecessary and improper to nominate a punchayet to enquire whether a portion of the Enam should be alienated or not; and I think the decree should have been annulled because it awarded a portion in the Enam to a person not holding the office. - The Enam granted for service is treated as a private Estate and unless a stop is put to such divisions of public Enams, the officers will of course &c seek remuneration from unlawful sources.

9 In this instance one half of the Enam is now alienated to the widow of the late Chinnapahs

last

Fort St. George 2nd September 1841

but if the office is given to Casavaloo I would recommend that the half Cy share be reduced to one fourth, and that it revert to the mirasul after her demise the remaining three fourths being at once made over to the person holding the office. —

10 The decree of the Punchayet having been confirmed by the Cr acting Principal Collector, and being set aside, and a new appointment made on the recommendation of the late Collector, I consider it necessary that the original papers should be forwarded for reference and Examination, and I request they may be returned when the case is decided. —

To The Secretary to the
Board of Revenue
Fort St. George

35

From the Collr of Chingleput

Sir,

Submitting the result of his further enquiries relative to the Sub-division of the Vittapooreum Mootah.

Para 1. With reference to your letter under date the 6th August last, relative to the subdivision of the Vittapooreum Mootah, desiring me to take every means to ascertain the correctness of the accounts of actual produce furnished, I have now the honor to submit the result of my further enquiries

2 In 1825 a set of Subdivision accounts for this Mootah were submitted to the Board, at the request of the Mootahdar, but which being returned for preparation in a new form, the matter remained in abeyance, consequent to the neglect of the Mootahdar to furnish the information or means of preparing the accounts called for in 1829 however he again renewed his request

Vide letter from Board 8th July 1835

Comp. J.R

request that the Mootah might be divided into five portions when a set of accounts shewing the actual produce of each proposed division for 7 years or from 1232 F. to 1238 F. were drawn out and the division of the permanent Baiz suggested in accordance thereto but to those proposed rates the Mootahdar having refused to accede they were not submitted for sanction.

3. In 1840 the Mootahdar again repeated his application for the Mootah being divided, but into 8 portions, when the accounts of the actual Produce of 7 years or from Fasly 1241 to 1247 now before the Board were prepared from the accounts furnished by the Mootahdar's Curnums shewing a net profit to the Mootahdar on each proposed division of 1-6-1 7th Cent only. To this proposed arrangement all parties acceded.

4. On the receipt of the Board's instructions now under reply, I deputed an intelligent Goomastah from my Cutcherry to make further enquiries on the spot when it was ascertained that 11 of the 21 Villages Comprizing the Vittapooreum

Villapooram Mootah had been rented during the whole of the seven years to their respective Merasdars, and that there were no true accounts of the Rundoomodub or actual produce forthcoming whilst the Mootahdar had caused a sum far below the amount of his rents to be entered in the sub division accounts as the Value of the produce actually realized. In sixe other Villages money Teerwas had been fixed on the lands under Cultivation, and here also a similar course was pursued. the value of the actual produce obtained as the Mootahdar asserted upon Estimates of the Crops, being much less than the amount of revenue accruing. In the remaining four Villages the settlement was conducted under an aumany system, the result of which was of course forthcoming. The Revenue thus actually derived by the Mootahdar and his underholders (for he had put those persons to whom he had sold portions of his Mootah in actual possession) amounted in the aggregate

aggregate during the seven years to Rupees 38734. 6.2 being an average

	Rs.	As.	P.	
Total Collections of 7 years	38734	6	2	Rupees 5,533-7-11 ⅐
average of Do.	5,533	7	11	⅐ Annum or 44 3/8
Permanent Beriz	3,825	13	4	⅐ Cent in excess of
Excess	1707	10	7	the Permanent Resheush-
⅐ Centage	44 3/8			The details of the above

are exhibited in the accompanying Statement No. 1.-

From what has been above stated,

5.

the Board will observe that the accounts furnished by the Mootahdar as returns of the actual produce were fictitious and framed for the purpose of unduly lowering the portion of the permanent Beriz to be levied on the Division of the Mootah he intented to retain.-

No entire set of true accounts

6.-

of the Rundoomodub or actual produce for the seven years in question, or accounts upon which dependence could be placed being procurable, I have caused a subdivision Statement No. 2 to be prepared on the following data to which greater credit may be given though at the same time it is impossible for me to state that the results

given

given are entirely without doubt.

7. The actual produce of the rented Villages and of those held under aumany as furnished by the Village Curnums, have been entered in this Statement, together with the revenue realized in those Villages wherein money rents prevailed the total of which is Contrasted with the results formerly furnished by the Mootahdar. The reason for adopting the revenue of the money assessed lands is that the assessment was fixed by the mutual Consent of the Mootahdar and Ryots on each description of land at rates Calculated with reference to the actual produce of previous years, and to the condition of the Lands, and as such should be considered as the actual outturn. The aggregate actual produce according to this Statement the rent of the money assessed lands being considered as value of the Marlwarum produce

	Rs.	A	P
Total Collection of Seven years	36,137	4	0
average per annum	5,162	7	6
Permanent Beriz	3,825	13	4
Excess	1336	10	2
Precentage	35	0	0

for the Seven years, is Rupees 36,137-4-0 or on an average Rupees 5,162-7-6 per annum, being

being an excess of Rupees 1336-10-2 or 35 ₹ Cent upon the Permanent Beriz. The portion of the Permanent Beriz that would fall to each proposed division of the Mootah according to these calculations is noted in the same statement.

8. The Mootahdar having however objected to this scale of subdivision a third set of accounts have been prepared for Fusles 1247, 1248 and 1249 on the same system, the result of which I believe to be as nearly correct as possible, the information having been procured on the spot, the original Village accounts having been procured and the results Compared with the ready Money Cowles and leases in the possession of the Ryots.

	Rs.	A	P
Total Collections of three years	16,017	3	7
average of Do.	5,339	1	2
Permanent Beriz	3825	13	4
Excess	1513	3	10
Precentage	39½	0	0

The results of these would shew on an average profit to the Mootahdar during the three years of 39½ per Cent.

9. It was my intention to have recommended that this last subdivision of the Permanent Beriz the accounts of which I had

had been prepared in Communication with the Vakeel of the Mootahdar should receive the sanction of the Board but the Mootahdar who has for some months Continued to put off from time to time attending at my Office for the purpose of signing the accounts and formally giving his assent to them has now suddenly declared his dissent on the ground that the share of the Beriz apportioned to the Villapooram Division was too high, but on my desiring him to point out any errar in the accounts he would not do so and merely signified his dissent to any different apportionment of the Beriz than that already before the Board and which is evidently erroneous.

10. The results of the various sub-division accounts of this Mootah is exhibited in the accompanying Statement No. 4.

11. In comparing the subdivision accounts now transmitted with those formerly submitted to the Board it will be observed that the main Cause of the difference in the results has arisen from the amount of the actual Collection in the 4 Villages* noted in the Margin wherein the Settlements have been chiefly formed on a system

* Villapooram-
Coodeperumbaukum-
Perumbaukum-
Basavasamoodrum-

of fixed Money rents being entered in the Accounts in lieu of a fictitious extent and value of produce framed to meet the views of the Mootahdar and which are evidently false upon the face of them the lands therein being the most fertile and enjoying the great-est advantages of irrigation in the Mootah, the three first mentioned Villages I may also notice being included in the Villapooram Division proposed to be retained by the Mootadars

12. Under these circumstances and the number of times the Mootahdar has requested the Subdivision of his Estate and declined abiding by the result, and considering the point he is evidently aiming at with the means he has adopted to further that object, I would suggest that the Mootahdar be informed that unless he consent to the Scale now proposed, the Board will not be prepared to receive any future request from him for the Sub Division of this Mootah, without his placing it under the Tem-porary Management of Government for the purpose of ascertaining the Actual produce of the Villages Comprizing the Estate.

Chingleput District, Collr's Cutcherry, Pullecarney, 18th August 1841. — } I Signed A. Freese Collr

Chingleput District Collector's Cutcherry

10758

Fort St. George 2d. September 1841

Proceedings thereon.

35 - 36

It seems only necessary for Mr. Freese to apprize the proprietor of the Vittapooram Division "that as the original accounts submitted to the Board of Revenue are ascertained to have been fictitious, and as he has objected to the subdivision Accounts both for an average of seven years, and for Fusles 1247, 1248, and 1249, the latter compiled from the original Village accounts his application to divide the Mootah into eight portions cannot be complied with."

To

Comp. P.R.

Fort St. George 2d. September 1841

To

The Secretary to the
Board of Revenue
Fort St. George

Sir

37

From the Collr. of Chengleput.

Stating that the accounts called for relative to the Pagodas in this District are under preparation and submitting for the Bds consideration certain Rules proposed to carry out the orders of Government.

Para 1 The accounts called for in your letter of the 10th June relative to the Pagodas in this District now under Government Management are under preparation, and I am in hopes ere long of being able to transmit them to you with the lists of Individuals to whom I propose making them over, but in the interim I would beg to submit for consideration the enclosed Rules which will clearly explain the manner in which I consider it advisable to carray out the orders of Government—

2 There are however two points on which I require information Viz.th whether the Board consider the "Davastana sabha" should in the event of these proposed arrangements being approved have any authority over the remaining Pagodas and their Trustees and whether they should have any cognizance of the small Village Pagodas.

Another

3 Another question that arises, is whether in the event of the Village or other Pagodas falling into decay, and the ceremonies being discontinued the rent of the lands and the grain Merahs formerly assigned for their support are to be collected by the Officers of Government and incorporated with the Land Revenue until the ceremonies may be recommenced.

Chengleput District
Collector's Cutcherry
Pullecarnay 18th August 1841

/Signed/ A. Freese.
Collector.

Draft of Rules.

1 Trustees not exceeding five in number to be appointed for each Pagoda now held under Government Management who shall be under the General Control of a body of respectable Inhabitants of this and the neighbouring Districts - This superintending Body to consist of 24 Members of the different Hindoo sects connected with the Pagodas and to be denominated the Davastana sabha.

2 One of the Trustees of each Pagoda or a shroff appointed by them shall hold custody of the Funds belonging to

to the Pagoda and furnish sufficient security to the Davastana sabha.

3 The fixed allowances and the funds accruing from the lands under the management of the Collector to be paid to the Trustees of each Pagoda- joint order of the Trustees or the majority of

4 The Davastana sabha to be vested with power to remove any of the Trustees for misconduct, or incompetency and to fill up vacancies caused by such removals or by casualties.-

5 The Members of the Davastana sabha to elect their own President and to fill up any vacancies occurring in their Body-

6 A meeting of not less than 9 Members of the sabha to be competent to transact business for which purpose they shall meet occasionally within the limits of the District - The majority to decide in cases of a difference of opinion and should the votes be equally devided the President to have a casting vote-

The

7 The Trustees shall make the usual disbursements and conduct the customary ceremonies and feasts according to the existing Tusdeek and Rules - They shall also execute ordinary repairs, but all extraordinary works or any alteration in the Tusdeek or Rules in force shall require the sanction of the sabha.

8 The Trustees shall keep regular Accounts of the Receipts and disbursements of the Pagodas and furnish a copy of them quarterly to the sabha

9 The sabha shall have power to disburse the surplus Funds of the Pagodas to such purposes as they may deem most advisable to forward the interests of the respective Institutions.

10 The Trustees shall have power to dismiss the common servants of the Pagodas for misconduct and unfitness, and to suspend hereditary Officials, whose dismissal shall require the sanction of the sabha - The orders of the sabha in this respect to be final -

11 Parties dissatisfied with the decision

decision of the sabha in matters relating to established customs and religious rights shall be at liberty to proceed to the Civil Courts for redress.

12 The controling sabha shall from time to time frame such rules as may be necessary for the efficient management of the affairs of the Pagodas -

/Signed/ A. Freese

41 From the Pd Collector of Coimbatore Comparative Statement of Collections of fuslies 1249 and 1250 -

42 From the Pd Collector of Coimbatore Comparative statement of charges for fuslies 1249 and 1250 -

Order.

Fort St George 2d September 1841

Order on the four above statements — Ordered to be lodged-

(39 - 43)

Read the following letter

To

The Secretary to the

Board of Revenue

Fort St George

(44)

From the Pt Collr of North Arcot - Submitting a list of certain Yeomiahdars who are unable to receive their stipends from old age and infirmity -

Sir

Para 1 I have the honor to transmit a list of certain Yeomiahdars, who from old age and bodily infirmity are unable to leave their place of residence, to attend in person at the Koozoor to receive their stipends, and to request that the Individuals entered in the Statement be especially exempted from the operation of the Rule No 3 framed for the Yeomiah Department -

2 The remarks in Column 6 are applicable to their present circumstances - I have seen them all personally, and all appear to be suffering under some bodily failing old, blind and weak from age.

3 The conditional pensioner Cawder Ally No 503 was included in list sent with a former Statement on

Fort St George 2d September 1841

on the 20th May 1841 and the Board were pleased to dispense with his personal attendance - He has now changed his Vakeel and selected one Goolam Hoosain, Yeomiahdar No 79 -

Read the following letter

To

The Secretary to the
Board of Revenue
Fort St. George

(46)

From the Pl. Coll. of North Arcot-

Requesting sanction to make over the deposited sum of Rupees 4001-1- to Sippoo Beebee Grand Daughter of Herasut Khan late Jaghiredar of Sautghur.

Sir

Para 1

With reference to the orders of

of Government conveyed in the 2d Para of the Extract from the Minutes of Consultation dated the 12th March 1839 having reference to the Pension allotted for the support of the family of the late Herasut Khan, I have the honor to report that Sippoo Beebee, the Grand Daughter has made application for the sum in deposit which was allowed to accumulate until the period of her Marriage and which she now announces is to take place on the 1st September 1841-

2 The sum due to her under this head at /91/ ninety one Rupees per mensem, is from the 2d January 1838- to the 31st August 1841- and amounts to Rupees 4001-1- which I request permission to make over to her-

3 As directed the above sum of ninety one Rupees will now lapse to Government-

Acting Collector

Resolution thereon. The Board authorize the continuance of the service yeomiah of Rupees 3 -- 11 per mensem alluded to in the foregoing letter in the name of Shaik Hoosain, the Grandson of the last incumbent from the date of the death of the latter Viz.t the 10th February last.

Read.

(48-49)

Read the following letter

To The Secretary to the
Board of Revenue
Fort St. George.

(50)

From the Pr. Coll.r of Tanjore Reporting on the settlement of the Land Revenue of his District for Fusly 1250.

Sir,

Para 1. I have the honor to submit the Jummabundy Accounts of this District for Fusly 1250.

2. The season commenced most auspiciously, and there has been seldom if ever, one known in Tanjore of equal promise. The supply of water in the Rivers was regular and abundant throughout the whole of the period occupied in the wet Cultivation and the Merasseedars throughout the District had every prospect of being amply repaid for the exertions they had made in the culture of their lands. The North East Monsoon Rains during the Month of October, and the first part of November, fell moderately, but sufficiently, and up to the middle of that month, the

Crops

Crops were flourishing to a degree
almost unparalleled; from that
priod torrents of rain fell for 15.
and in some parts of the District
for more than 20 days, and the floods
that ensued left, in many places,
the most disastrous effects, as
might have been expected, the
Eastern Talooks, having to bear
the drainage of the Country to the
West of them, suffered most. Those
to the West were relieved partially
by the Rivers breaching, but such
relief to them only placed the
already overflooded country
Eastward, in a worse condition
than it would otherwise have
been to receive the drainage of
the higher lands, from the rain
having been more uninterrupted,
and of longer continuance there
than elsewhere. For some days
the

the Talook of Sheetarapoondy may be
said to have been under water; the
higher spots in it only affording
safety for the Inhabitants and
cattle. The Nunjah lands were
accessible only in boats during the
rains, and for several days after-
The River banks having been washed
down by the incessant hard rain,
were unable to confine the unusu-
-ally large body of water which
had entered them, and the Rivers
were consequently breached in
every direction. In this Talook
alone, upwards of 200 breaches
were ascertained to have occurred.
Part of the Talook of Kreevalore
was alike injured by these
floods; and parts of Manar-
-goody and Trivalore considera-
-bly, though not to an equal
extent. The crops of the low
lands throughout the District,
generally

generally, were also affected - From the same cause, but with the exception of these three Talooks the extent of injury has not been great - To the Westward, where the cultivation from receiving the first of the freshes is always in advance of the rest of the District, the bar Crop was mostly cut before these heavy rains fell - But in the 4 Talooks above-noticed and especially in Sreetarapoondy the reaping of the Car was actually in progress when the rains set in and when the floods in the latter Talook had subsided, the grain was found to be so much destroyed as hardly to be worth the trouble of collecting -

Annicut. 3, The year under review has peculiarly tested the annicut at the Head of the River, and its dependant works - Though as reported above, the Rivers afforded an

an abundant and regular supply during the whole cultivating season, it must not be inferred that such would have been the case without the aid of these valuable works - During the very early part of the cultivating year and at the critical period between the usual termination of the South-West monsoon, and the arrival of the Rains of the North East, the quantity of water above the annicut was by no means large; and while the Cavery and its Streams were sufficiently full, and crossed in boats, the Collerroon, below the Annicuts was low and fordable - The ability of the works on the North Bank of the Cavery, to relieve that river in extreme high freshes, was also fully put to

to the proof during the past year-
During the Month of July the
the river, above the Head of the
Island of Seerenghaum, rose
to a height unknown for
many years, while by the
aid of the outlets for the sur-
-plus water falling into the
Colleroon, the Cauvery and the
rivers, within the Delta were
kept at this season under
complete command, and only
one inconsiderable breach
in the banks of the numerous
Rivers in the District oc-
-curred. W A reference to the
annexed Extract from the
Diary of the Civil Engineer
at this period will more
clearly shew the satisfac-
-tory effects of these works
during this period of
the

the year.

Extract from an Extract from the of-
-ficial Diary of the acting Civil Eng-
-ineer of the 5th Division for the Month
of October 1840.

Tanjore District

Triviaur Talook

Upper Colleroon Annicut

8th "A line of levels was taken
"along the South Bank of the
"Cauvery, and marks having been
"put to denote the greatest rise
"of the River, on the 23d July,
"when one of the severest freshes
"of the river took place, the
"height and inclination of
"the surface was ascertained
"and this, connected with the
"observations

"observations at the Annicut, will
"be seen in the following section

"The lines given are as follows

1st. ——— "The Surface along the South Bank of the Cavery

2ndly. ——— "That along the North Bank of the
"Cavery from the point where the Rivers
"finally separate (Viz.t the Masonry work
"forming the head of Seringham.

3d. "The surface of the Colleroon
"from the same point to below the
"Annicut.

The results are these.

1st. "The fall of the surface
"of the Cauvery along the South
"Bank, immediately opposite the
"head

"head of Seringham is 2½ feet
"per mile which is ¾ of the average
"fall per Mile observed in a
"distance of about 6 Miles
"above, and 7½ below this spot.

2ndly. "The surface along the
"North Bank of the Cauvery at
"this spot, is considerably higher
"than that near the South Bank;
"there being a fall of 2 ft. 4 3/4
"inches from the former to the
"latter, where the stream sets
"violently into the Cauvery.

3dly. "The fall along the
"North Bank at this spot is
"greater than that along the South,
"Viz.t the former nearly 6 feet in a
"mile, the latter as before stated
"2½ in a mile".

4thly. "The surface of the
"Colleroon from the head of the
"Island to the Annicut, falls
about

Fort St. George 2nd. September 1841

"about 4 feet in a Mile, and immedi-
"=ately at the Annicut there is a fall
"of 2 feet 2 inches.

5 tely "Immediately below
"the annicut, the Surface of
"the Colleroon is 1/4 inch lower
"than the surface of the South
"Bank of the Cauvery in a parall-
"=el position, and 1 ft. 8 1/2 in. lower
"than that of the North Bank
"of the Cavery; and it is the
"average of these two Viz.ts 10 3/4
"inches which represents the
"actual difference of level
"between the surfaces of the
"two Rivers 300 yards from
"their final separation, and
"2/3 parts of this Viz.t 7/4 inches, may
"be taken as the actual effect
"of the Annicut on the surface of
"the Cauvery in the great fresh
"of July.

Sir,

† The Colleroon being nearly twice the breadth of the Cauvery, the removal of the Annicut would lower the surface of the Cauvery twice as much as it would Raise for the Colleroon.

Fort St. George 2nd. September 1841

"The discharge of the 20
"Vent-Sluice will reduce this
"again to almost nothing —
"and the discharge at the 150
"yards Calingulah must bring
"down the surface of the Cauvery
"to a lower level than it would rise
"to if neither the upper Annicut —
"nor this work had been construct-
"=ed, so that it may be safely —
"said that the danger of floods
"in Trichinopoly and Tanjore since
"the construction of these works,
"is less than before, and when
"the discharge by the Coiladay
"Calingulah is considered (a new
"work of 100 yards gorge, and
"a very great fall) it fully
"accounts for the fact, that —
"during the extreme fresh of
"July last, not one Breach, worth
"mentioning, took place in —

these

"these two Districts"

But at a later part of the season these outlets were not brought into operation with so much success; Viz.t when the Country to the Eastward was flooded by the continuous rains of the N. E. Monsoon in Novem-ber. It was of course, at such a time, of importance to prevent as far as possible, the surplus waters from the Country round Trichinopoly being added to the already excessive streams in the rivers of this District, and this relief was effected by the open-ing of the line of Sluices con-structed in the North bank of the Cauvery.- Thus in the past season.- 1st The Annicut has divert-ed into the Cauvery the waters from the Colleroon when they would

would otherwise have passed uselessly into the Sea at a time when they were urgently required for the Cultivation of this District 2dly The works constructed on the North Bank of the Cauvery have been shewn to be fully equal, as outlets for the additional body of water that the Annicut throws into it, during extreme freshes, and 3dly The Sluices to these latter works have been found useful during excessive local floods. [Total River irrigation in 1250 Fasli = 88471 valis]

4 The following Statement regarding the effects of the Annicut is prepared in accordance with the instructions of the Board in their communication to me of the 10th May 1841.-

Fort St. George 2d September 1841

5

Even including the year 1846 in the calculation of the average result of Revenue since the construction of this work an increase of Rupees 9,784 — " — " is obtained but, in that disastrous year, the works were not in full operation, and as a more correct and fairer judgment of the advantages of the Annicut would, I consider, be arrived at by excluding Fasly 1246 from both the averages under Comparison, I have the honor to submit the following Statement.

Fort St. George 2d September 1841

Cultivation 6

The peculiar advantages under which the early part of the season afforded, were not lost upon the Meerasseedars. The wet Cultivation was vigorously carried on, and the accounts exhibit an increase in it, in comparison with the previous year, of 929 and an Increase above the average of the 10 years preceding 1249 of 5607

	Valies Fusly 1249 — 95783
	1250 — 96712
Increase	929

7. On a Comparison between the past & preceding years, of the average produce of the small extent (only 92 Valies of ℣ Car & 316 of Peshanum) of land under Aumany in fusly 1250 there is an Increase of 14 per Cent on the former 18 per Cent on the latter & 17/8 per Cent on both combined in favor of Fusly 1250.

8. The Marginal Statement exhibits the state of the prices during the year, and shews that those of fusly 1250 have fallen 25 13/16 per Cent below those of the previous year, and 30 per Cent below the average of the ten years preceding it and 18 3/4 per Cent below the Standard.

This

Standard price 3-3-3/32
Current ---- 2-16 1/2
Decrease ---- " -18 19/32
Pr. Cent ---- " -18 3/4

This depression in price has been accompanied by an unusually dull demand for Grain and has seriously affected the Revenue of the year, and the realization of it.

Settlement 9. The number of Villages, and their several denomination of Settlement in both fusslies are as follows.

Field

6	Aumany Villages rented for one year as per Order of the Board of Revenue	147	130
7	Woolungoo Rented the Commutation prices not effected by current prices	55	57
8	Aumany	122	62
	Total	4726	4726

In

10 In the first four de-
=nominations of Villages no deviation
has been made from the settle-
=ment of the last and several
previous years

The net increase of 75 in
the number of Woolungoo Villages
has been obtained by the addi-
tion to that head in Fusly 1250
of 47 Aumany Villages, and 31
Rented according to the Board's
order last year, the reversion
of 3 from Woolungoo in Last, to
Aumany in this having to be deducted
from the Number.

The decrease in the
number of Villages rented for one year
under the orders of the Board is
accounted for by the deduction of 31
passed to the Head of "Woolungoo,"
3 to Woolungoo the Commuta-
=tion price not effected by
Current prices," and 17 to Aumany

making

making together 51 the addition of one
from "Woolungoo the commutation price
not affected by Current prices" and 33 from
"Aumany" to this head in the present year,
making the net Decrease 17.

Three Villages last year rented
under the orders of the Board having come
under the head of Woolungoo rent the "com-
=mutation in price not having effected
"by Current prices" and one having been
transferred from the latter to the former,
give the net increase of 2 in the 7th Denom-
=ination of Villages.

Of 80 Villages in aumany last
year, 47 have been rented "Woolungoo" and 33 ac-
=cording to the Board's order Three "Woolungoo"
and 17 Rented under the Board's orders last year,
together 20, have reverted to Aumany.

11 130 Villages which would otherwise
have remained in Aumany have been rented in fusly 1250
according to the orders received from the Board on this
subject under Date the 1st June and 17th August 1837, and on the princi-
=ples explained in my † Report from fusly 1249. The result is shown below.

† Para 11.

Villages have continued to increase cultivation during the two last Seasons.

13. Cleared and received explaining that the continuation of the ryotwary system of Assessment will have a beneficial tendency to attract Ryots from Dumbly lands where it is not adopted to the Ryotwary lands where it is, through Canjy free to attend to their future, through Canjy free to attend to their cultivation and to have settled their accounts with the Villagers and to invite proposals for renting Arrears to Villages

Fort St. George 2nd September 1841.

Villages at a reduced rate in comparison with the Wooloongoo Standard Grain Beriz was not made known till every prospect of renting more Villages according to the Wooloongoo was past. A tolerably accurate knowledge too had been obtained of the state of the lands left unrented on the supposition that the Crops of the Aumanee Villages would without reserve, be cut under the superintendence of Government's servants, and that deception as to the real state of them, would be easily detected. But when it has become known that the plan is to be annually acted on, the check against fraud on the part of the servants will be greatly diminished: and when the Meerasidars find that by declining to rent the Villages "Wooloongoo" at the commencement of the season and by waiting till they can ascertain the state of their Crops when they are about

Fort St. George 2nd September 1841.

about to come to maturity, they can then either accept the Wooloongo terms or obtain more favorable ones under the Dunkhast system, it is but natural to suppose they will avail themselves of such advantages and that they will only agree to the Wooloongoo Rents when profits are certain, falling back on the reduced Beriz of the Rents under the Board's orders according to the state of the season, and in the event of a trivial diminution of the produce of their lands below the Standard Beriz, they will be in a better condition, than they would have been had they at first agreed to the Wooloongoo rent, as they could then only in accordance with the tenure of their engagements claim remission when their produce fell short of the standard Grain Beriz by 30 per Cent.

The Board in their review of Mr. Kindersley's Report on the Settlement

14.

Settlement of fusly 1247 remarked on the difference between the State of the Wooloongoo Villages in this and the Sinnevelly Districts, observing that while the number of Aumany Villages there had been wholly absorbed by transfer to Wooloongoo, in Sanjore nearly half of the Original Aumany still remained. The Board in making this observation were not I believe aware of the great difference in these two Districts. In Sanjore no deviation is admitted from the Standard land and Grain Dittum. However much the cultivated land may fall short of the former, the latter is the demand and any increase in cultivation becomes a permanent addition to the Grain Beriz. In Sinnevelly a deduction from the Grain Beriz is

is admitted for such part of the Standard land Dittum as may remain uncultivated, so that supposing in Sanjore the Standard land Dittum of a Village to be 100 Valies and the grain Beriz 10,000 Cullas, the latter amount is the demand if 80 Valies only should be brought under cultivation, while in Sinnevelly a reduction of 2,000 Cullas would be allowed. The main cause of the Merasidars in Sanjore refusing to accede to the terms of the Woolongoo Rent is, that Land unfit for cultivation is included in the Standard Dittum against any deduction being made on this account. The prohibition of the Board is recorded and none can be allowed while it remains in force in its present strictness.

J.

Fort St. George 2nd to September 1841

15. If the circumstances, whatever they may be, which have procured permission for a modification of the system with respect to the Woolloongoo Villages in Tinnevelly could be made applicable to Tanjore, it is probable that the result in the 2 Districts would be the same. It is doubtful the case that in many Villages now under cumsany or Rented under the Durkhast System in Tanjore a very moderate reduction of the Standard Grain Beriz on account of unproductive land would induce the Meerasidars to accede to the Woolloongoo Settlement. But while such reduction is admitted in Tinnevelly and denied in Tanjore, neither can the system be pronounced the same nor the comparison (detrimental to the Revenue Officers in Tanjore) be

Fort St. George 2nd to September 1841.

be acknowledged as just or accurate.

16. The number in each Class of Settled Villages in which remission has been granted in the Kunjah Beriz on account of Waste or unproductive lands or for short produce is exhibited below.

	Number of Villages.	No. of Villages in which remission has been granted
Woolloongoo Rented	1394	155
Do the Commutation price not affected by Current prices	57	19.
Field Assessment	1,817.	31.

Fort St. George 2nd September 1841.

19. In the field assessed Villages, remission was limitted to land left waste and Crops perished, in strict accordance with the orders of the Board and Government on this subject. In other Villages recourse was had to a Division of the Produce. It will be observed that with the exception of the four Talooks which suffered most from the floods, the remission given has been trifling, and that the amount granted in Tretorapoody is more than half of the entire remission for the whole District.

	Rs.
Trevalore	7,703.
Revalore	9,014.
Manargoody	6,539.
Tretarapoody	37,717.
	60,973.
Whole District	67,666.

20. The injuries which the Cor Crop received in the Tretarapoody and Revalore Talooks by flood, are noticed in Para 2. Notwithstanding the Meerassidars of the Rented Villages paid the full demand against

Fort St. George 2nd September 1841.

against them. The loss in the latter and main crop, the Peshaurum obliged many who had done so to demand remission for short produce according to the tenure of their engagements, and the outturn in no case exceeded 63¼ per cent of the Standard Beriz and averaged in 16 Villages 73 per cent. It is the rule throughout this District not to admit any claim to remission on lands cultivated with cor Paddy, because they are usually the best in the Village, the Crop from depending less on the rains of the N. E. Monsoon, and more on river irrigation, is considered to be more certain, and the land thus cultivated bears but a small proportion to that of the rest of the Village. On the presumption too that the produce as it generally must, has exceeded the average of the Village and is above the fixed beriz, 20 per cent on the latter is added to the ascertained outturn of the Peshaurum Lands, when the Meerassidars

10806.

Fort St. George 2nd September 1841.

Merasidars to obtain remission for short produce have required a division of the Peishanum crops. In the present year in 124 Villages in these two Talooks this addition of 20 per cent has not been made. The produce of the bar, it was fully ascertained, was much damaged and was considerably below the standard, and while in the disastrous state of the cultivated lands, it appeared an approach to an over rigorous exaction of the dues of Government, to demand even the full amount of the corr kist the injustice of assuming that it had actually exceeded that amount was so palpable that I did not hesitate to accede to the very moderate re= quest of the Meerasidars to be relieved from this usual addition. The Total amount thus conceded is Rupees 2193. as shewn below.

Fort St. George 2nd September 1841.

23. The Several Items of increase and Decrease are as follows.

	Increase.	Decrease.	Net Increase.	Net Decrease
	Rs	Rs	Rs	Rs
By price	"	2,11,199.	"	2,11,199.
By Extent of land	37,556.	23,274.	14,282	"
By produce of Nunjah land	42,623.	29,414.	13,209	"
By Varum	3,339.	7,439.	"	4,100
Sundries	14,011.	3,933.	10,078.	"
Shrotriem &c.	287	2,456.	"	2,169.
Cavil fees	3,392	9,913.	"	6,521.
Total	1,01,208.	2,87,628.	37,569.	2,23,989
Net Decrease				1,86,420.

Demand for fusly 1250 — 36,31,835.
Less by price in Ayen — 2,27,337
Dr. in Cavil fees — 8,080
— 2,30,417.
Total 38,62,252.
Demand for fusly 1249 — 38,18,255
Increase — 43,997.

24. The Chief item, Decrease by price is accounted for by the favorable season generally throughout the Madras Territories. The Board will perceive that had the prices remained as in the previous year the result of the Settlement for fusly 1250. would have been an Increase of 43,997. Rupees in comparison with that of fusly 1249 — Decrease by price has occurred in:-

Woolungoo.

29. I have the honor to submit a Statement of the Cultivation and Beriz in Villages under the field assessed settlement for the last eleven years and to bring to the observation of the Board the increase in Fusly 1250 of the several denominations of Cultivation and

Reduced on the 31st July 1841 to — Rs. 1,701 " "

and of the Money amount Rupees 1,440 of this Beriz 10,77,464 or 1/8 per Cent remains uncollected at the close of the Fusly.—

Demand :— 36,31,835 " "

Collections within the Fusly. — 35,95,920 " "

Subsequent Collection — 35,915 " "

Balance on the 31st July 1841 — 2,997 " "

32,923 " "

30 The amount of Collections of Land Revenue Current within the Fusly was Rupees 35,95,920. leaving a Balance of Rupees 35,915 - or a fraction under one per cent, which was reduced on the 31st July 1841 to Rupees 32,923 -—

Trivady Paupanassum Keevalore Teetarapoody Puttoocottah Manargoody Board's Proceedings Dated 10th May 1841 Para 14.

31 Of this Balance Rupees 13,676 is for waste land in the Cedarum Villages of the Talooks noted in the margin. The circumstances attending this description of Villages will be explained as directed by the Board in the report now under preparation upon the outstanding Balance.—

32 Rupees 9,104 - is the balance against 8 Wealthy Meerasseedars in the Manargoody Talook who though

+ Vide Letter to Board dated 5th Augt. 1841.

though able have refused pertinaciously to pay their kists on account of certain + unreasonable objections to my nomination of the Puttamongars of their Village. The Fusly having concluded, their property has been attached and the just demand of Government is in course of realization.—

33 Rupees 4,742 is the balance on account of Grain sold the time of payment for which has not yet expired.—

34 A sum of Rupees 2,567 is only nominal and will be adjusted in the accounts of the present month and the remainder is in course of Collection.—

35 Of the arrears of Land Revenue outstanding at the end of Fusly 1249 Rupees 32,611.

	Rupees	
+ On account of Fusly 1249	16,974	
Do. of previous Fuslies	4,500	
	21,474	

On account of previous Fuslies 2,23,806.
2,56,417

Rupees 21,474 was collected during

Fort St. George 2d. September 1841

during fusly 1250. and a further sum of 20. on account of previous fuslies. has since been brought to account.—

36 The total collection of Land Revenue within the fusly is Rupees 36.17.394.—

current 35.95.920-
arrears 21.474
36.17.394

37. I have the honor to refer the Board to Statement No. 11 for the result of the Settlement of the Island in the Coleroon, lately transferred to this District from Trichinopoly: and to state that in consequence of same difficulty in the accounts the revenue hence derived has not been included in the Summabundy of the present fusly but will appear duly entered in the next year.—

Nadootil-
loonaya-
gum-

38. The orders regarding the

Fort St. George 2d. September 1841

the annexation of the Poliput of Gunderacottah to this District, as consequent on its being resumed as were received too late to admit of the accounts being included in the present years Summabundy only the Peshcush therefore has been entered in the Summah, and the surplus Revenue carried to Seewai Summa an enquiry is proceeding into the management and made of Settlement of the Poliput which will form the subject of a separate report.—

I have the honor to submit

39 the report of the Sub Collector on the settlement of the Division of the District comprising his charge—a reference to it cannot fail to shew the Board that the duties entrusted to Mr. Forbes are conducted with great ability and with the most satisfactory results.

Fort St. George 2d September 1841

results. I embrace the opportunity so
now given me of acknowledging so
my obligations to that Gentleman for the
very cordial cooperation I have invariably
received from him and of recording the
high opinion of his value as a Public
servant which the experience of the
last two years has enabled me to form.

40 Mr. Cook the Head so
Asistant Collector besides aiding me
in the Magisterial Department so
and in the management of the
Extra Sources of Revenue of so
the whole District, has had the
land Revenue charge of Nunnil-
lum Talook and was most so
advantageously employed in the
Months of February and March in
Superintending the harvest in Tree-
tarapoondy which other duty at
a distance prevented my under-
taking myself - I have so
much

Fort St. George 2d September 1841.

much pleasure on noticing
Mr. Cook's attention to his du-
ties, and the willingness he at
all times evinces to render
me his services, from which
in the first I have deri-
ved great Assistance

I have &c.

Tanjore,
Negapatam,
5th August 1841.

(Signed) A. C. Montgomery.
Actg. Principal Collector.

E. E. Y/S

Signed / H. C. Montgomery
Acting Principal Collector

Statement

10926 Fort St. George 2nd September 1841.

No. 12

To the Principal Collector of Tanjore

Sir,

Para: 1.— I have the honor to report upon the Settlement of these Myaveram Division for Fusly 1250—

2.— The freshes in the rivers were early full and regular and the season was most favorable up to the setting in of the North east Monsoon— The rains opened on the 20th of October, and strong about that Month, and up to the 13th of November fell with a constancy and violence I believe almost unprecedented— The tanks were in some parts submerged, the roads were breached & the communications stopped—

3.— It is impossible to say and needless to speculate on, the losses that would have occurred had the rains continued even a short time longer— The mere drainage of the lands filled the rivers from bank to bank, and they served as powerful effectual & valuable outlets

10925 Fort St. George 2nd September 1841.

No. 11. Statement shewing the Summary Collection of the Islands of Calastetumkum in the Coleroon, Formerly attached to the Carnatic, for Fusly 1250.—

6 The crops being abundant and no demand existing from grain in the neighbouring Districts, or even at Madras, the commutation prices were annually low. The settlement was made on an average of 2 12⅛ per Callum being 28¼ per cent below the prices of last year and 21⅝ per cent, below the standard prices. The Merasdars have in consequence experienced great difficulty in disposing of their grain, and there is still a large quantity on hand, for which there is no present market notwithstanding this, the kists have been realized with regularity and the outstanding balances

The

Fort St. George 2d September 1841.

Fusly	No. of Villages
1249	379
1250	411

8. The prospects of the season being generally good, the crops abundant, and at the time when the settlement was made prices not so low as they subsequently became, the number of Villages rented under the Wolungos system was greater than in the preceding Fusly.-

9. There were 411 Villages so rented, containing 6992 Vahes of Nunjah land. The standard grain herin on this was 13,36997 Calkuns, and the Melwaramm 5,99002 Calkuns which commuted at the standard price of 3 Fanams 18/20 Cash would have given a Summa of Rupees 2,83,575-9-8, but the average selling price of Grain in these Villages having been only 2-12 per Calkun or 21 15/18 per cent below the standard the decrease by Price amounted to 62234-12-10 Rs a p from which deducting Rupees 14,178-12-5 as the 5 per cent below the standard, for which no remission is granted, the Summa amount on Nunjah lands of the Wolungos rented Villages was Rupees 235519-9-3 and adding the Poonjah, Baghayets, and Tapes, the total revenue from them was Rupees 27,366-5-2

There

Comp. P. R.

Fort St. George 2nd September 1841.

10 There were 411 Villages under Amannie in Fusly 1249. and 77 came under Amannie in the past year. Of these, 48 Villages were rented at the Jamnabundy rate and 21 were given to the Merasdars. under the one years rent according to the instructions of the Board of Revenue for the most favorable terms that could be obtained.-

11 The particulars of the rents of these Villages are detailed in the accompanying Statement which shews an increase of produce to the extent of 7,934 Calkuns over the preceding year, but owing to the fall in price a decrease in the Beriz amounting to Rupees 4,683-2-0 Rs a p

12

The Inspector of Pulicat will please to state the progressive decrease in the number of the following villages; distinguishing the amount of Punjah land, and the amount of Standard grain, in each village, from Fusly 1242 to Fusly 1250 inclusive.

	Villages.	Punjah land.	Standard grain.
1242	140	8	
1243	111	"	
1244	100	1	
1245	105	1	
1246	108	1	
1247	99	"	
1248	86	"	
1249	41	"	
1250	8	"	

The Inspector will please to state the actual decrease in grain duty of these villages since Jammabundy.

2,65,2 Br. 6-1/2 Br. and the actual decrease in Fusly 1249 was Cullums 14,3,8 O. 3 Br. 4 Br. 8 Chs.

The year under report the actual Standard amounted to 20,602 " Br. 1/2 which was 43 per cent above the Jammabundy Standard, or 33 3/4 per cent above the Fusly 1249 - The decrease on an average for the Fusly 1250 by Pulicat amounting to Rupees 1,0,85. 7. 4. was mean to the amount of Cupees 900 - 8. 4. by this great increase of Standard. One one of these eighth villages the estimate was higher than the Standard grain by Cupees 80 1/2 Cs. less, and in another 20 Cs. less, and in twenty three they were declared to be barren and

The

the standard that I declined to make it over to the Merasadars except at that rate and as they would not accept it unless at a reduced rent the crop was reaped by the Government servants with a result of 1 3/16 per cent above the standard.-

13 In Wolungo rented Villages there were 4 containing 19 3/4 Valies of land which suffering from the floods of the Monsoon came under a division of the crop, and the result was a decrease of 63 5/16 Per Cent below the standard.-

14 In Villages in which the grossberiz only has been fixed, there were 6 containing 71-13 of land which in the terms of their rent were in consequence of flood reaped under Anamie and the crops yielded but 45 3/16 Per Cent of the Standard grain Beriz.-

15 The Division contains 918 Field Assessed Villages, in 5 of which it was

necessary to remit the Assessment on 34 Cs Valies as entirely unproductive. The increase of Cultivation in the Field Assessed Villages noticed in the reports for Fusslies 1248 and 1249 Continues. In the past Fusly the accounts shew an increase of 163 Valies yielding a revenue of Rupees 39 57-8-6 and the extensive works which have been lately sanctioned for the Sheally Talook for the commencement of which early in the year, materials are now preparing, will be the means of greatly adding to this amount.-

16. The total demand of Land Revenue in the Fusly was Rupees 14,63,890-8a-0p. being below that of Fusly 1249 by Rupees 41,560-14a-0p. This decrease in the Revenue has occurred almost entirely from low prices. The gross loss by price has been Rupees 58,692-2a-9p which has been partly met by increase from other sources to the amount of Rupees 17,131-4a-8p and

and the Net decrease remains as above.

17. The Collections within the Fusly amounted to Rupees 14,62,185 - 14 - 9 leaving the small balance of 1704 - 9 - 4 outstanding. This balance was divided among the six Talooks as follows.

	Rs.	a.	p.
Myaveram	4	7	"
Cottallam	"	"	"
Perellam	26	10	4
Combaconum	90	15	31
Velengaman	216	7	7
Sheally	1366	1	2
Total	1704	9	4

of the balance in the Sheally Talook Rupees 654 - 13 - 7 is but nominal as the sum is due to some merasadars for salt sold within the Fusly, the amount is in the Talook Treasury and will be brought to account as soon as the necessary accounts are received - a further sum of

of 323 - 5 - " is due by the Portonovo Iron Company for the Jungles rented by them from Government. The Company have hitherto paid the amount of their rent half in December and half in July and on it's being reported to me in April that the first instalment had not been paid as usual. I had the honor to call upon the representative of the Company at Portonovo for payment, and in reply was furnished with a Extract from a letter from the Secretary to the Company requesting that for the present the demand should not be pressed as the matter was before the Government. These sums deducted reduce the bona fide outstanding balance at the close of the Fusly to Rupees 926 - 6 - 9.

The

Fort St. George 2d. September 1841.

18 The Revenue from ab.karry, Fish rents, House and Loom tax were all collected within the year.—

	Rs	a	p
ab.karry	36,000	—	—
Fish rent	8,759	4	6.
House tax	7,805	2	5.
Loom tax	9,583	5	3.
	62,147	12	1.

19 The Layer Collections amounted to Rupees 79,333 — a 14 — p 5. being below the previous year by Rupees 1,315 - a 4 p 5.

Of old balances Rupees 1,229 — a 10 — p 2 were collected, which raised the Total Collections on all Items within the year to Rupees 1,04,897 - a 3 - p 5.

Ordered to be brought forward at a future Meeting.

Read.

10948 Fort St. George 2nd September 1841.

Read again — letter from the Collector of Trichinopoly dated 29th August and entered in Consultation 1st October 1840—

Ordered that the following letter be sent in reply.

To The Collector of Trichinopoly

Sir.

52

To The Coll.r of Trichinopoly— Stating that the Board are not disposed to authorize the abandonment of the tax denominated Naviavuttum collected in the Torriore Talook without some cogent reason being assigned for its abolition—

Para 1. The Board of Revenue have had under their consideration your letter of the 29th ult.o August 1840 reporting upon the Petitions of certain inhabitants of Torriore Talook complaining of the levy of certain Extra Collections 6¼ per Cent under the denomination of Naviavuttum—

2. The origin of this impost is not very clearly explained, but it is known to have existed from a remote period,— It was found in operation in the accession of the British Government and has been continued ever since under every change of system. The Accounts in the Board's Office shew

shew that the Amount collected under this Head in the Torriore Talook in Fusly 1219 was Rupees 12,459-2-4- In Fusly 1223 at the Commencement of the decennial Rent the sum brought to account was Rupees 12,883-3-6- In Fusly 1231 at the expiration of the decennial Rent, the Collections were Rupees 11,071-5-11. and in Fusly 1249 Rupees 12,283-5-"-

3. The tase Namavuttum prevails to a small extent in Conand and Caulgoody in the dry Villages, but the whole amount collected therein does not exceed 184 Rupees, the impost therefore seems to be peculiar only to the Torriore Talook-

4. Under the native Governments it was a common Practice to reduce the Assessment on the land to a low rate and to make up the difference by the levy of an Extra Cess under various denominations. Before therefore coming to any resolution on the propriety of abandoning the impost under observation which is a tase of 6¼ per Cent on all Cultivated land except Varaput nunjah lands it will be proper to see whether or not the fixed assessment in this Talook is as high as on the lands in the other dry Talook of Trichinopoly where the tase Namavuttum is not levied.-

Note see Statement and Summah-bundy report of Fusly 1250.

5. Now from calculation framed in the Boards' Office it appears that the average Teerwa per Cawny on Ponjah lands including garden in Torriore was Rupees 3-3-3 excluding the tase called Namavuttum- In Woodiarpolliem the average rate of Teerwa is Rupees 3-15-3¾. In ariatore the Assessment amount to Rupees 6-1 per Cawney and in Wallicondapo-or to Rupees 4-"-10½ per Cawney- The addition of 6¼ per Cent in Torriore would not bring the assessment of that Talook to the height of any of the others cited.-

6. Under these circumstances the land assessment bearing apparently much more favorably on the Cultivators in Torriore than in any other dry Talook in Trichinopoly, it seems inexpedient to relieve the Ryots of an impost which has been collected invariably and without remonstrance from so remote a period, and the Board, unless some more cogent reason can be adduced for its abolition, are not disposed to authorize its abandonment.-

7. In addition to these observations and in reference to the proposed abolition of certain other tases under the denomination of Cawnevey

Roosoom and Saderwared, yielding abut 13000 Rupees per Annum, it seems only necessary to add that the Board of Revenue have no information before them to shew that these are excorbitant and when added to the land Assessment pres heavily upon the Cultivators of the Villages in which they are collected. It is therefore not considered necessary at present to recommend to Govern= =ment that the Collection should be foregone.-

To The Secretary to the
Board of Revenue
Fort St. George-

53

From the Pl. Colln. of Madura - - -

Para 1. I have the honor to return the enclosure of your letter of the 22nd Ultimo, not received till the 2nd Instant, being correspondence between the Supreme Government and that of Bombay on the subject of withdrawal of ex= interference from native religious institutions.-

Stating that full effect was given to the Circular order of 21st May 1836 for Non obliga= =tion of Coolies to draw Cars and that the abolition of that order by the Court of Direc= =tors was ex=

The-

communicated by the Bd. itself and repeating demand for in= =struction if the whole revenue of the lands ori= =ginally granted to Pagodas is to be restored or only the portion of money substi= =tuted in lieu by the Mussul= =man Govt. and confirmed by Government.

2. The abstract statement required by the Board has been put in hand, but I cannot hope to have it ready before the end of September, and should the early records be mutilated, it will perhaps take a longer time, and be after all im= =perfect.-

3. At the same time I purpose sub= =mitting my views for transfer of all interference in the religious Institutions except of the prin= =cipal four or five which I shall not be able to take into consideration till I obtain the Board's instruc= =tions on the points noted in my letters of the 3rd and 10th Ultimo.-

4. In conformity with the instructions contained in the Circular of the 21st May 1836, I refused to oblige attendance of Coolies to draw Cars- the difficulty was met with redoubled bars- the difficulty was met with redoubled readiness amongst the people themselves and no murmurs were heard, for the principal amongst them seem to have anticipated the abolition of the order by the Court of Directors. That abolition by the Court the Board may recollect was com= =municated to me in their Circular dated the 8th March 1838, and it was with fearful anticipations that I looked forward to the revival of the orders of refusal once so quietly enforced. Could there have been time

time for reference, I would not have acted on the orders of the Court of Directors without repetition of their Commands - as there was not time I hesitated not to obey, but it is those fears that now make me require Government's instructions on this serious point before I take any further measures to carry their wishes into effect.

5. Para 7 of my letter of the 3rd Ultimo was not meant to ask if the settlement of the 88 Villages with which the Institutions were originally endowed was to be given up, but whether the whole of their revenues or only that allowance substituted for them by the Mussalman Government and confirmed by the first acts of the Company's on obtaining possession should be abandoned to the Institutions, and on this point I again beg for instructions. If my opinion be sought, I should say without hesitation, that the substituted amount granted by the Mussalman and confirmed by the early Government should alone be given up.

Ordered that the following letter be sent in reply.-

(53-54)

To The Principal Collector of Madura.

In Con 9th aug.
Informing him that the instructions contained in the Board's circular letter under date the 8th march 1838 were not intended to rescind the orders conveyed direct by Govt of the 4th May 1836 regarding the compulsory attendances of Coolies to draw Pagoda Cars. also desiring him to state specifically the points on which he requires instructions to enable him to submit his views for the transfer of all interference with the Native Religious institutions.

To The Principal Collr of Madura.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 9th August and in reply to state that the instructions contained in the Circular order from this department under dated the 8th March 1838 were not intended to rescind the orders conveyed direct by Government of date the 21st May 1836. The Board have reason to believe that in all other districts they were not looked upon in that light, for no reference whatever was made to the Government order in the communication from this Office. Under these circumstances it is to be regretted they were so regarded by you and that difficulty is anticipated in reverting to a state of things which had been readily acquiesced in by the inhabitant of the district.

2. The Board are informed in Para 3 of your letter under reply that you propose hereafter to submit your views for transfer of all interference with religious institutions except of the four or five

Principal -

Fort St. George 2nd September 1841.

Principal Pagodas which you state you will not be able to take into consideration till you shall have received instructions on certain points noted in your letters of the 3rd and 10th July. It is not however apparent on what points instructions are wanted, and I am desired therefore to request you will state them specifically.

Sulons 22. July 1841

3. The Board are not enabled to state whether or not it is intended to give up all the present income arrising from Villages formerly presented as an Endowment to Pagodas or only the allowance substituted by the Mussalman Government and confirmed by the British. The Accounts called for are required by Government to enable them to determine this very point, but whatever that decision may be, its announcement will in no way prevent or hinder the development of the arrangement which is intended to supercede the existing system of management in Native religious institutions.

		Net increase	11,880. 6 2	

The

Progressing increase in Salt revenues.

2. The increase in the Salt is cs greater than under existing circumstances I had a right to anticipate and is attributable to the integrity and care of the officers of the Salt department and to the gradually improving state of the principal Salt routes; and I beg recollection may be kept of this remark to induce the acquiescence of the Board in their department of public works to the propriety of recommending sanction of the road estimates cs I shall have the honor to submit on the 30th September for execution in 1842 with a view to cs obtain that sanction at the latest by the 15th December. If my recommendations should cs meet with timely support I feel confident the sales of Salt will go an increasing from year to year for some time to come.—

Continued increase will depend on further outlay on roads.— —

Great expected increase placed in doubt by the Board's disapproval of a project for preventing formation of spontaneous Salt.—

On the 12th February I had the honor to lay before the Board in department of public works a proposition with plans, levels &c. for a channel from the Coombaray Tharoovay to the Sea, prepared by one of the Assistant Revenue Surveyors, and forwarded direct, because of the departure of the Civil Engineer

Engineer for Europe and because of the absence of his European Assistant on duty in another division. From the execution of which I anticipated cs and still anticipate an annual increase of many thousand rupees— the estimate itself amounting to only 1486½ Rupees.— But on the 1st March the Board rejected the recommendation for the "present" believing it useless.— as I have never heard further on the subject I fear it is considered as answered and consigned to oblivion I beg to urge its reconsideration.—

Proof of advantage derived from restoration of public roads.—

In my last years report I shewed that from improvement of roads the price of a garce of Salt was reduced in the Madura Bazar 70 miles from the nearest span from Rupees 169 to Rupees 146; in the year under report the price is further reduced to 139 Rupees. In this year too, Salt to the value of 2,160 Rupees has been for the cs first time taken to the Trichinopoly market. The Exports to Coimbatore have increased from Rupees 33,433-9-" to cs Rupees 35,602-5-", and there has been every where else increased sales in different

Small

small degrees except in Shevagunga which in great length borders on Poodoocotay where earth salt is extensively made.

The present years' salt revenue is the highest ever known, and it will go on increasing. In the seven years I have had charge of the Collectorate there has been a clear increase of Rupees 26,552. above the revenue of the low year immediately preceding.

annual salt revenues during my administration.

Fusley	Salt Revenue.	annual increase above Fusly 1243.

1250.	276,736.	61169
		26552.

Salt Revenue of Fusly 1243. Rupees 215567.

Layer.

Decrease in 5 per cent duties.

3 In the 5 per cent duties is a decrease of Rupees 4,663–12–9 owing to the small produce from bad season of Ghee, Gingely oil, Rape, Lamp oil, and

and castor oil seed. and the influx of European piece goods has nearly closed the ceylon markets to those of madura. the decreasing trade with which I have annually had to report.

Increase in Betel and Tobacco rents.

In the 3d. para of my letter of the 11th. June 1840 in submitting the biddings for the Tobacco and Betel, I shewed the decrease in the former was from the drought of the first 6 months of that year; whilst the increase in the latter was from the recovering state of the Betel Cultivation; and that the increased rents in Dendigul much more than covered the decreased rents in Madura, and that the net increase was 1,130 Rupees.

Increase in abkarry rent.

4. And I further informed you in the same communication there was no perciptible cause for the small increase of Rupees 470 in the abkarry Farm but that in some portions of the district the increase was considerable, and in some places the decrease was similarly great.

Decrease in Sea Customs.

5. There is a net decrease of Rupees 589–10–2 in the Sea Customs from reduced exportation of Chanks and rice, and

and from reduced importation of Cheyroots and small amount in Sundries.-

6. The net decrease of Rs. Rupees 2,332 in tank fish is considerable but in all the small tanks it varies with the land revenue which has been shewn in my report of the 31st. July to have been below that of the preceding July by 39,000 Rupees from adversity of season - But there is a falling off of 1,500 Rupees from the four large river fed tanks not having been rented at all in consequence of being in great measure filled at the usual season for the fishery.-

Large decrease in tank fish.

7 The increase from the Rs. Sale of Law papers is Rupees 2,808-3-5, arising from continuation of the same cause that affected their sale last year, Viz.t the calling up of suits from the Moonsiffs' Courts where stamps are not required and consigning them to the jurisdiction of the Sudr ameens where they are indispensable - From this deduct Rupees 435 the decrease in sale of

Increase in Stamps.

of Layer Rowanahs, and there remains a net increase of only Rupees 2,372-10-5. under this head.-

Total. Extra Revenue.

8 The whole extra revenue of Rupees 6,36,460-2-11 being an increase of Rupees 11,880-6-2 over the preceding July was duly collected within the July; and there being no arrears to collect is the cause of non-transmission of return B:- It is hoped the Explanation offered in the column of Remarks in Statement A herewith sent may clear up any doubts that suggest themselves to the Board:- The Printed Forms in Triplicate are also forwarded.-

No arrears.

Statements & Returns

9 The Board's command of the 14th. may 1840. for matured suggestions on the subject of a drawback on salt on attaining a certain distance into the interior is still unsatisfied from the course I anticipated at the outset Viz.t that I should not be able to procure information from all authorities from whom I should require it. as soon as the few who have not yet favored me with answers to my circular

Excuse for delay in forwarding propositions for a drawback in salt on importation into the interior.-

circular do so, I shall attempt to meet the Board's wishes.-

10 The 5th para of the Board's Proceedings of the 1st Feby last on the Extra Settlement report of the 21st august 1840 for Guntur 1249 in which I recommended re establishment of 18 mettoos as a "great relief to piece good merchants" and as likely at the same time but in secondary consideration, to raise the revenue, tended by its exposition of dates and a quotation from my preceding years' report that the abolition of those very Mettoos had been a "salutary relief to the poorer classes" to impress Government with an idea of my thoughtlessness in consistency - as the subject itself is shewn by the 4th Para of the Minute of Consultation of the 5th March in review of that report and the Board's proceedings to be of little consequence because of the steps then in progress though still not carried out for the sanctioned abolition of the Transit duties, I would not again refer to the subject but for the necessity I feel

Explanation of what the Board deemed inconsistent in my last Guntur report.

feel to set my acts in their true point of view which I can so easily do - and the more so as if I succeed it may make my duties easier to me in removing distrust of me from the minds of my immediate Superiors.- The Board's precis in the above noted 5th para did not give the representation which I wished my varied Communications to carry. My view stands thus - When on the 3rd October 1839 I offered a proposed reduction of Chokeys; mettoos &c. &c. the Board deemed it insufficient &c. and under date the 12th march 1838, ordered it to be carried to a greater Extent - In obedience but in no wise acquiescing in the propriety of the measure, I submitted on the 5th April a list of 26 mettoos for abolition, but recommending at the same time restriction of collection of consumption duty on Betel to 27 towns, which I deemed to be in strict conformity to the Regulations which I thought had not before been attended to in that point:- On the 23rd of the same month the Board directed the abolition of the mettoos but did not consent to a considerable loss of revenue by

by the restriction I had suggested-These orders were long in coming to hand &c but on the 10th. day after their receipt Viz.t. on the 10th. May I pointed out the great loss that would be sus=&c =tained by the abolition of the mettoos &c unaccompanied by the restriction I had proposed or without reverting to the System of renting the Betel and Tobacco Customs, and threw the responsibility of the measure I had carried into &c effect upon them=. To meet the difficul=
=ty they on the 28th. May approved of re=
=version to the renting System from the ensuing July and meantime permitted me to offer a remodification of met=
=toos to be abolished, to secure the &c Government against loss for the few remaining days of the then current &c July: To which I replied on the 2d. June that since they permitted the renting System to be resumed in 40 days Viz.t. &c from the 11th. of the ensuing month it &c would be better to forego the trifling

advantage that might result from the re-establishment of any of the mettoos, during the very few days only on which it could have effect, after this renewed com=
=munication with them, than to unsettle the minds of the people by repeated changes In my report of the 31st. August 1839, I did designate the abolition of the mettoos "a salutary relief to the poorer Classes"- and in my report of the 21st. August 1840 on another years view of the acting of the measure confirming the fears that had led to my first proposition of the 3d. October 1837, &c rejected because of the Boards' opinion of its insufficiency and from seeing new grounds that had not before struck me I advocated in the 3d. para: in which I entered into full detail of the causes that influenced my opinion, the reestablish=
=ment of a great portion of the abolished mettoos, as a matter of justice to the "piece good merchant." who has at least equal claim to that as the "poorer Classes of the people "Leave to the libera=
=lity of Government- and for the convenience also of the public generally

Fort St. George 2d. September 1841.

generally - But it seems to me the Board have confounded and blended the subject of Sayer inclusive of Betel and Tobacco, and Sayer exclusive of it and in overthrow of my recommendation have made reference to the correspondence on the disposed of subject of Betel and Tobacco - but my present reference by dates to the whole correspondence will I hope enable them to see the subject in the light I mean it to be viewed and clear up what they find inconsistent in my correspondence and if any thing has occurred that is

likely

Fort St. George 2d. September 1841.

Renewed recommendation under certain circumstances for re establishment of 18 Mallows.

likely much longer to postpone the general abolition of the transit duties; I beg to repeat my recommendation for re-establishment of the Mallows as before proposed.-

Madura, 25th. August 1841.

Fort St. George 2d. September 1841

Order thereon

60-61

Ordered to be recorded

Read the following letter

To

The Secretary to the
Board of Revenue
Fort St. George

62

From the Pl.n Coll.r of Canara

Reporting the removal of Mahdoo Row the Tahsildar of the Coddipy Talook.

Sir;

Para 1

I have the honor to report for the information of the Board, that I have found it necessary to remove from his situation, Madoo Row the Tahsildar of the Codapee Talook as from his remissness and repeated partiality in the discharge of his Police duties. I could no longer place any reliance on him as a Police Officer. In his Revenue duties also, I have had great reason to be dissatisfied with Mahdoo Row D.... the last Summabundy all the orders were issued to him at the same time with the other Tahsildars, to prepare the Summabundy accounts yet on my arrival in his Talook at the end of January after having com-pleted the Settlement of the Bunta Talook, which occupied me three weeks

Fort St. George 2d September 1841

he had not then commenced the prepa-
=ration of his Accounts, for which delay
no cause whatever existed.

2. This Officer was dismissed
on the recommendation of Mr. J. Stokes,
the Commissioner in the year 1833 and
was appointed by me to the situation of
Aodapee Tahsildar on the pay of 70 Rupees
on the 28th May 1839, in accordance with
the instruction of Government communicated
in the letter from the Board under date
the 28th March 1839. I have for the present
appointed him to act as Daroga in the
Tobacco Department on 40 Rupees a Month
and I request the sanction of the Board
to this arrangement, being persuaded in
from what I have seen of the character is
and habits of Madoo Row, of his unfi-
=tness for the important situation of
Tahsildar of a Talook.

Resolution thereon.

62. 63

Under the circumstances represented

represented in the foregoing letter the Board
sanction the proceedings of the Principal
Collector in the case of Madoo Row late
Tahsildar of the Aodapee Talook.

Read the following letter.

To The Secretary to the
Board of Revenue
Fort St. George

64

From the Coll.r of Malabar

Reporting the circum-
=stances under which the seizure
of some Opium was effected, the
Value thereof exceeding 100 Rs

Sir,

Para 1. In transmitting herewith the
Statement of smuggled Goods seized during the
Month of June last, I have the honor to
submit the following explanation regarding
the seizure of the Opium, the Value thereof
being above 100 Rupees.

Information having been obtain-
2. =ed by the Peripatut Tahsildar that a quantity
of Opium, the produce of Arabia, had been
clandistinely imported by some of the Beebee
of Cannanore's people, and was being sold
in the town and Military Cantonment of
Cannanore, a search was made in the house
of one Tarooway, a man in the employ
of the Beebee, when 14 3/5 lbs of Arabian
Opium were discovered.

Tarooway accounted for the
3. article being found in his house by
stating

stating that it was mortgaged to him by the Sub Renter of the Gunjah and Opium contract of the Military Cantonment of Cannanore on account of some pecuniary transactions. The Sub Renter admitted the fact and stated that it was part of a quantity that he purchased from a Puttanee whom he had never seen before or since and without any knowledge as to what Country produce it was, with the Knowledge and consent of the Chief Renter, an assertion in which he was supported by the latter individual. But there can be no doubt of the falsity of these statements, which are evidently made to favor so influential a person as the Beebee of Cannanore.

4. The Opium is declared by fair and competent Judges to be decidedly Arabian, and as none of the parties can produce any evidence to shew that it paid duty on its arrival by Sea, it is on that account alone liable to confiscation. There is reason to believe that a still larger quantity was illegally imported by the Beebee

with the view to escape the heavy duty which the foreign Opium is liable to and exertions are being made to ascertain where it is at present concealed.

By Clause VI Regulation III of 1818 Smuggled Opium is liable to confiscation and the proceeds thereof, after deducting the amount of duty, are to be divided amongst the seizers and informers. The duty leviable according to Clause III of the same Regulation, is 40 Rupees per Viss, at which rate the quantity now seized Viz^{ts} 14 2/5 ths would have to pay Rupees 184-7-2 But this Opium, I find, would, in the present state of the Market, which varies from 8 to 15 Rupees per Pound, not fetch more than 115-3-2, so that if the duty is levied at the rate imposed by this Regulation, the amount realized will fall short of the amount of duty and there will be nothing for the seizers and informers. I request therefore the orders of the Board as to the mode I am to pursue in this case, should they agree with me in opinion that the Opium should be confiscated.

Note. By Clause VIII which relates to Opium imported from Europe it would appear that if the sale therein prescribed to be made for default of the payment of duty is not likely to produce the full amount of duty, then all such Opium is shall be destroyed but it does not appear that this clause is applicable to smuggled Opium.

Malabar Collr^{s} Office
Calicut 16th August 1841

[Signed] H. V. Conolly
Collr^{r}

Statement

10983.

Fort St. George 2d. September 1841

Proceedings thereon. Para 1. The Board of Revenue in having attentively considered the explanation offered by the Collector of Malabar in reference to the seizure of the opium therein referred to, feel doubtful whether the fact warrant the confiscation of the article.

2. This is recommended by Mr. Conolly agreeably with the provisions of Regulation III of 1818 which imposes a prohibitory duty on foreign opium of Rs. 40 per Viss on import and declares that Opium landed in breach of such payment shall be liable to seizure and forfeiture and the proceeds disposed of like all other confiscated Goods.

3. But to legalize a seizure under the provisions of the Enactment, the clandestine importation of the article should be clearly proved, and the seizure made from the parties smuggling. Whereas the import by sea clandestinely in this case is assumed, and though highly probable, the fact is not shewn.

4. Under these circumstances, it is not considered necessary to order the confiscation of the Opium which will accordingly be released from sequestration. In the event of its having been confiscated, the destruction of the drug under the provisions of the Regulation would seem to have been required.
