Read the following letter from the Secretary to the Board of Revenue.

Submitting with reference to the Board's letter of the 23rd ult. a correspondence with the Actg Collector of Canara stating that the levy of the Hawlut duty has not been put a stop to.

(Here enter 6th Jan. No 8)

× × ×

The Board of Revenue in the foregoing communication have brought to the notice of Government

Government that the Hawlut duties are still collected in Canara and have given their decided opinion that the Regulation under which they were leviable were rescinded by Act VI 1844. The Most Noble the Governor in Council fully concurs in the opinion and requests they will issue immediate instructions to the Collector of Canara to discontinue the levy of them from the date of his receipt of their orders, the subject will in the mean time be submitted for the consideration of the Government of India.

The Board of Revenue will adopt the necessary measures to ascertain and report to Government if a similar course has been pursued by the Collector of Malabar in regard to the Hawlut and Timber duties in that District whether the duties have been collected at the old rates since the 1st April last or those prescribed by Act VI 1844.

Details the employment of the two Regiments stationed in Ganjam and states that the proposed withdrawal of one of them cannot be recommended.-

Para 1. I have the honor to acknowledge the receipt this day of Extract from the Boards Proceedings of the 6th Instant, having reference to the proposed withdrawal of a Regiment of Native Infantry from the Northern Circars.-

2 In Ganjam District there are two Regiments; one the 13th at Chicacole, and the 22nd Regiment at Berhampoor - The former besides furnishing a Treasury and Jail guard at Chicacole, has Companies detached at Purla Kemedy in this, and at Palconda in the Vizagapatam District these guards are essentially requisite for the security and tranquillity of these Parts.-

3 The 22nd Regiment at Berhampoor supplies a guard to the Chutterpoor Treasury has a Detachment at Aska and a Wing at Russell Konda in Goomsur I need hardly say that the protection they afford cannot be dispensed with.-

4 If called to point out the spot from whence a Regiment could be withdrawn with the least risk, I should mention the Regiment Stationed at Waltair. The 11th Regiment at Vizianagrum might I conceive, furnish a detachment to Waltair and also supply the out post at Golgonda.

II From the Collr of Vizagapatam. - Furnishing the information required by the Government with reference to the withdrawal of a Regiment of Native Infantry from the Northern Division.-

2. There are at present only two Regiments of Native Infantry stationed in the Vizagapatam District the one at Vizagapatam the other at Vizianagrum.-

3. There are two field Detachments, each consisting of 2 Companys. the one in the Northern, the other in the Southern Division of the District. The Head Quarters of the former Detachment is at present Palcondah of the latter Narsepatam.-

4 There is a third Corps stationed at Chicacole, which though situated in the Ganjam District, is exactly on the frontier. There

is likewise a corps at Samulcottah in the Rajahmundry District which is about 30 Miles from the Southern frontier of this District.-

5. I do not consider it at all desirable to reduce the number of Regiments in the Northern Circars, but if the exegencies of the service require that a Corps should be withdrawn, I shall proceed to point out the only way in which I think it may be done without much risk.-

6. Neither Vizagapatam nor Chicacole are considered good localities for a Regiment, nor is a complete corps absolutely required at either place. at both places much difficulty has been experienced in obtaining a sufficient extent of ground for the Regimental lines, and the troops are consequently obliged to reside amongst the towns people at Chicacole too there is great want of houses for the accommodation of the Officers.-

Chicacole. From thence 2 Companies might be sent to Kemedy, and the remaining 3 Companies would be more than sufficient for duty in the place itself.

8. The Regiment at Vizianagrum could supply the Palcondah Detachment; and the Detachment at Nursepatam, now supplied from Vizagapatam, could be furnished from Samulcottah.

9. But to carry out this arrangement, it would be necessary to have a complete Corps at Vizagapatam which the 37th is not.

10. If the number of Corps in this Division is not reduced, it would in my opinion conduce greatly to the comfort and welfare of the Troops, if the Regiment were withdrawn from either Chicacole or Vizagapatam, and a Brigade formed at Vizianagrum.

11. Two would be sufficient for the duty at Vizagapatam; and 2 Companies for that at Chicacole. If the Regiment were withdrawn from Chicacole, the Detachments at that place at Kemedy and Palcondah, would be supplied from the Vizianagrum Brigade and the route from Vizianagrum to Kemedy lies through the passes between the two Districts which were formerly the scenes of the most serious disturbances, and which it is very desirable should be kept as open as possible.

12. Vizianagrum is admirably adapted for a Brigade, the Cantonment is about a mile and a half from the Village, and quite distinct from it. There is an extensive parade ground, which as well as the Officers' and Regimental lines, is the property of Government, so that the Officer in Command is at liberty to make any arrangements he pleases to promote the comfort of the troops under his orders.

I have the honor to acknowledge Extract from the Pro-=ceedings of Board of Revenue dated 6th instant requiring me to furnish information called for by Govern-=ment as to whether a Regiment of Native Infantry can be with-=drawn from the Northern Division -

2- On a former occasion when Government issued instruc-=tions for an Establishment of armed Peons to be employed on in all possible cases to guard the Revenue Treasuries instead of Detachments from Regiments of the line, the Collector of this Distrist,

Mr.

968 - Fort St. George, 23rd January, 1845.

Mr. Prendergast, gave his opinion under date 18th January 1844 that "considering the "exposed situation of the Treasury and "the recent disturbances that have taken "place within the Zillah, it would be "dangerous to leave the Cash Chest without "a regular Military Guard -

I am entirely of Mr. Prendergast's 3- opinion that there ought to be Sepoy Guard at Cocanada, and it would not be advisable to leave the Jail at Rajahmundry without protection of the same description - Emergencies also occasionally arise, particu-=larly connected with the religious observ-=ances of the Natives, when the tranquillity of the District might be endangered without the presence of an available Military Force -

4- The disturbances to which Mr. Prendergast alludes are, I imagine, those which from time to time have been raised by an invasion of the law Country by the inhabitants of the Hills. One instance of the kind occurred in 1822 and was reported to Government by Mr. Robertson under date 6th April and 11th May 1822 - Two others happened in 1838 and

At these times, the Military were not called out, as Mr Smith was able to subdue the Rajahs with parties of Peons. Inroads have at other times been made but as they have been merely of the character of battle driving expeditions, no formal report seems to have been sent to Madras about them.

And an instance occurred in October 1843, just before Mr Prendergast took charge of the District, and probably was what he particularly alluded to in the letter above quoted. There is a subject however under agitation at the present moment, which might not impossibly lead to serious infractions of the public tranquillity if the District were supposed to be without efficient means of putting down disturbances. A claim is advanced by the Hill Chiefs above Polaveram to certain Possessions or duties on the cutting of Timber and other products of the Hills and on their transit through that part of the Country from the Hydrabad Territories into ours, which is resisted by the Polaveram Proprietor on behalf of his own people whom he employs to bring them down into

Fort St. George, 23d January, 1845.

into his own Estate. The question is, and has been for some time, under investigation in the Collectors Office. No doubt the levy savours much of the nature of the Black mail, but it forms an important item in the income of the Hill Chiefs, and should the Polavaram Proprietor be supported in his resistance of the payment, I think it not at all probable that the Hill people will again, as they have done before, attempt to plunder the low Country. For this reason, I am of opinion that it would not be prudent to leave the Civil Power in this District quite without Military support, but as on such occasions as have hitherto arisen of incursions by the Hill people, Peons have been found very efficient in repelling the attack, I do not hesitate in saying that if it is not considered otherwise objectionable to divide Regiments, one Wing of a Native Corps is all that is requisite for the conservation of good order in this District.

2. As regards the peaceable and quiet state of this District the Detachments of the 2nd N. I. Bn are sufficient to perform the duties required of them viz. furnishing a guard at the Treasury out posts and escorting remittances of Treasure. but with reference to the extent and population of the Northern Sircars, I should think the effective force now stationed in the Division not more than sufficient; but of that the Collectors of the more Northern Districts are better able to Judge.

The receipt of the Board's Proceedings of the 6th instant, forwarding an Extract from the Minutes of Consultation dated 30th Ultimo requesting my opinion as to withdrawing a Regiment of Native Infantry from this Division.

2nd As regards the peaceable and quiet state of this District the Detachment of the 2nd N. I. D. are sufficient to perform the duties required of them viz. furnishing a guard at the Treasury out Posts and escorting remittances of Treasure, but with reference to the extent and population of the Northern Circars, I should think the effective force now stationed in the Division not more than sufficient; but if that the Collectors of the more Northern Districts are better able to Judge.

Sir,

To the Actg. Chief Secy to Government.

Submitting a letter from the Acting Collector of Rajahmundry regarding a Suit filed against himself and others in the Subordinate Court of Rajahmundry Claiming the Curnam office of a certain Village belonging to Cotah Zemindary now under attachment and soliciting Sanction to defend the Suit as it concerns the 3d Defendant at the cost of Government.

From Rajahmundry Dec. 9th 1844 in Cons. 6th January 1845 with 3 Enclosures.

1. I am directed by the Board of Revenue to Submit for orders of the Most Noble the Governor in Council the accompanying papers Connected with a Suit filed in the Subordinate Court of Rajahmundry against the Acting Collector of Rajahmundry and others.-

2. Plaintiff claims the Curneekum or Curnum office of a certain Village belonging to Cotah Zemindary now under attachment in succession to his Father. From the draft of answer Submitted by Mr. Bird it is seen that the name of Plaintiff's Father is entered in the lists of Curnums for Fusly 1214 and 1226, prepared in obedience to Section 8 Regulation ~~XXIX~~ of 1802, and it would appear that on the death of that individual, his brother the 1st Defendant was appointed Curnum by the Zemindar under Section 6 of the Regulation already quoted and the name of this person appears in the list of Curnums prepared for Fusly 1248 when

Fort St. George 23d January 1845.

the Zemindary was about to be attached.-

3. The information before the Board in these papers is not sufficient to enable them to pronounce decidedly whether the nomination of 1st Defendant in preference to Plaintiff was just. But that point is immaterial as regards the present question, for having been in fact appointed in due form, and having performed the duty for so many years, the Board are of opinion that he could not be removed but by Sentence of a Civil Court.- S.V.R. XXIX 1802

3. The Board are further of opinion that whatever may be the decision of the Court on the merits of the case as between Plaintiff and his rival, the judgement must be a nonsuit as regards the Collector, because he had no share in the act complained of, and has no power to undo it. On these grounds I am instructed to request that the Sanction of Government may be granted for the defence of the Suit, as it concerns the 3d Defendant at the cost of Government.-

(Signed) W. C. Lockhart
Acting Collector.

Explanation for Boards remarks in the Statement of Sunderwaried and Extra Charges incurred under and without estimate both in the Revenue and Magistrate's Departments in the Zillah of Guntoor for fusly 1252.-

Charges incurred in the Revenue Department without estimate.-

Batta to D. Venkatappiah Assistant Sa. Collr wife for 4 days on the 9th March 1843 Rs. 1-0-0

The 4 days for which batta was paid after coming to a halt were erroneously entered on the 9th March instead of being exhibited on the 4th of that month the error being rectified in the office copy of account particular I request the Board will be pleased to sanction the same.-

Mahomed Moosthpha Writer on the 10th October 1842 for 2 days Rs. 0-8-0

1 Day for travelling and 2 days after coming to a halt were erroneously entered on the 10th October which should have been the 9th and the one day for travelling on the 11th of that month should be the 12th. The necessary correction having been made in the office copy of account particular I trust the Board will pass the same.-

Bhagavatoola Lutchmiah Salt Jawab wife on the 1st June 1843 for 10 days Rs. 2-8-0

7 Days after coming to a halt on the 14th April and 10 days on the 1st June 1843 were erroneously inserted instead of being exhibited, thus 7 days the 6th and 10 days on the 14th April 1843. The necessary correction has been made in the office copy of account particular and therefore request the Board to sanction the same

Potarauzo Ramaswamy Assistant Cash Keeper Rs. 7-8-0

Of this sum Rupees 2-12-0 only were paid to the individual but not Rupees 7-8-0 as stated in the Board's remark.- This servant was taken on Circuit his presence being

being required during the examination of a case before the acting Head Assistant Collector which he had some knowledge of while he held his former situation as Sheristadar Muddutgar and therefor request the sanction of the Board for the above sum of Rupees 7-8-u objected to by them.-

Charges incurred in the Revenue Department under Estimate.- No. 1 Land Revenue Saderward.

The increased consumption of paper and Lamp Oil objected to by the Board is owing to the Saderward of Estates under attachment amounting to Rupees 57-u-3- being included in this item, which sum was subsequently refunded and in consequence no more explanation is required for the small increase appearing after that sum deducted.-

Palnaud Dist. Treat. Permanent and Jamabundy Saderward Charges.-

Cowles and Cabolegets were prepared in manuscript in consequence of printed forms not having been received somer.-

Charges incurred without estimate in the Magistrate Department. 2. Batta to V. Coosavaroyadoo naviky from 22d to 27th August both days inclusive No. of days charged 6- 7- Difference 1d.

This Servant really travelled on the 22d. and halted from 23d. to 28th. August 1842 but he was erroneously stated in the account particular to have been travelled on the 28th. 29th. and 30th. instead of exhibiting 29th. 30th. and 31st. of the same month The necessary correction is made in the Office copy of account particular and therefore request the sanction of the Board for the difference.-

G. Venkataroo Assistant Davobnivisy Rs. As. P. for the 9th July--4--

It is erroneously inserted in the account particular to have been in travelling on the 9th and 10th also on the 11th 12th 13th 14th 15th July instead of 9th 10th 11th 12th 13th 14th and 15th of August 1842, and omitted at the same time to exhibit the 9th July employed in travelling separately. The requisite correction being made in the office copy of account Particulars I request the Board's sanction for the amount.-

(Vide remarks 3d. February)

Read letter from the Collector of Bellary dated December 17/44 furnishing a report from his Sub Collector on some proceedings held by him under Regulation IX of 1822 against Sooba Row Sahsildar of Codecondah Talook.-

(Here enter No. 121)

18. Proceedings thereon.- The convicted party has appealed to the Collector under Section III Regulation VII of 1828 against the Sentence of the Sub Collector, but the Collector has merely forwarded the appeal Petition to the Board with the foregoing letter without apparently taking any Proceedings on it himself.- The Board accordingly resolve to return the appeal to Mr. Mellor, informing him at the same time that he should proceed judicially to the investigation and disposal of it, and after examining the record of Mr. Pelly's Proceedings and taking further evidence if necessary, should pass a regular judgment.- The result of the appeal should be reported to the Board, and if the Sentence of the Sub Collector is affirmed, Mr. Mellor will probably repeat his recommendation for Soobarow's dismissal.-

Sir

To the Chief Secretary to Government

Submitting letter from the Coll.r of Chingleput reporting the demise of the Shrotriemdar of Eringodcottah and Luttoor, recommending for stated reasons that his adopted child Nullah Streerama Naick be registered as proprietor of three fourths of the Shrotriums and that the other quarter be registered in the name of Streerama Naick to whom it has been given by the decree of a Civil Court.-

Dated 5. Jan.y 1845
In Cons.n 23.d Jan.y 1845

I am directed by the Board of Revenue to request that you will sub=mit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Chingleputte reporting the demise of the Shrotriemdar of Eringodcottah and Luttoor, and soliciting instructions as to the disposal of the Shrotriem Villages.-

2. Mr. Freese details the origin and past circumstances of these shrotriums with full particulars; and it is not necess=sary here to repeat the history at length; These shrotriums were granted by the English Government, and one condi=tion in the grant was escheat in default

default of "legal heirs". The Shrotriemdar now deceased, by name Streerama Vencatapa Naick

P. 9- died Childless; but shortly before his death he had adopted a child and Mr. Freese represents the adoption to have been in all respects regular and legal.-

3. The question for decision is whether the youth thus adopted comes within the expression "legal heirs" contained in the Grant. The Board are clearly of opinion that he does. There can be no doubt that by Hindoo Law a boy thus adopted would be legal heir to his adoptive Father; and there appears as little that the terms of the grant were designed to be construed accord=ing to the law of the Country. The Board have usually passed orders as to the succession to Shrotriums, which are strictly heritable; and they have repeatedly recognized the title of adopt=ed Sons. They might have pursued the same course in this instance also; but under all the circumstances they deem it proper to submit the case for the

Consideration

consideration of Government with a recommendation that the adopted Child, Nulla Streerama Naick should be registered as proprietor of three fourths of the Shrotriums, as solicited by his adoptive Mother.-

4. With regard to the remaining quarter, the Board differ from Mr. Freese. It appears from the P. 11. P. 8. that Gentleman's letter that this portion of the Property has been given by the decree of a Civil Court to Singama Naick as his share by inheritance. Mr. Freese seems to question the justice of this decree, but the party most interested to object to it has not sought its reversal, so far as appears, as he might have done by a special appeal. and it is to be P. 9. observed that no more than three quarters is claimed by the other branch of the family. Even if it be a wrong decision it is not the function of the executive Government, to correct the erroneous judgements of the Judicial tribunals. The Board recommend that this quarter share of the Shrotriums should be registered in the name of the abovenamed Streerama Singama Naick.-

These persons have continued to pay the Peerwahs sanctioned by the Court of Wards which as regards the two first enumerated portions having been found to agree with the rates proposed during the Survey assessment, renewed Cowles ratifying the former Peerwah, were issued by Mr. Cotton in 1831 whilst Survey assessment on the last mentioned piece of ground only exceeds the old Peerwah by Rupees 3-12-- Vide Enclosures A and B

3. With respect to the Rundegah of Seviantongle noticed in para 10 I beg to observe that the Nunjey land situated in it has been watered from its own Tongle which was repaired and enlarged by the Cowledar at his own cost. the Cultivation of those lands was also augmented thereby.-

4. I take this opportunity of reporting also for the information of the Board two other Cowles, the existence of which was only lately brought to my notice; and which were issued by Mr. Cooke under the authority of the Court of Wards, one to Jafferjee Ismaljee for 5c - 4½ subject to a Peerwa of Rupees 11-9-6, and the other to one Cauvere pauKum Coopoo Chetty for 6c - 9¼ assessed at Rupees 11-6-8. The land entered in the first mentioned Cowle is now held by one Rahee-mani Begum to whom it was sold by the sons of the late Jafferjee Ismaljee, whilst that in the latter Cowle is in the possession of one Parthasarady Chetty as heir of Veerasawmy Chitty of Triplicane who purchased it from the son of the Grantee. The parties have regularly paid the stipulated Cowle Peerwas which are however below the Survey assessment by Rupees 4-13-5- and 7-2-2 respectively as will be seen by the enclosed Statement.- Vide Enclosures C and D

Returning Petition No. 849 of 1841 and stating that the Petitioner Iyempermal Ninar's claims should be now investigated and settled under Regulation V of 1822 under the circumstances set forth therein.-

Sir,

Para 1.- The Petitioner in No. 849 of 1841 Iyempermal Ninar, claims the value of certain Produce to be taken from him in 1839 and 1841.-

ORIGINAL DESTROYED

2. In 1839 Petitioner's son Vrishbanada Ninar complained to the Sub Collector that the Tahsildar of the Arnee Jahiredar, under orders of the Jahiredar prevented him from cutting his

his Crops, which were ripe, on the plea that he owed a Balance for the last and preceding years. The Sub Collector referred the Party to the Civil Court as it did not appear that the Produce had been attached by Jaghiredar. It is stated by Iyempermaul Ninar before me that the Tahsildar reaped his fields and that no portion of the Produce was given to him.-

3.- The other case occurred in 1841 Davasaynen and others used to Cultivate the land belonging to Iyempermaul Ninar together with the Plaughs of the owner - In 1841 Iyempermaul Ninar Cultivated his land through others, but Davasaynen and his Party forcibly took the Produce. It was proved before the Sub Collector on the Complaint of Iyempermaul Ninar that the produce had been taken by the Defendants Davasaynen and others, and that the Land belonged to Iyempermaul Ninar. The Defendants were fined 5 Rupees each and in default to be confined 10 days under Regulation IX of 1816. the complainant was referred to the Civil

Court

Court for the recovery of his Produce.-

4.- Both Cases appear to come under the provisions of Regulation V of 1822. Iyempermaul Ninar has been sent for in order that it might be ascertained whether in the interval which has passed an adjustment of his claims has taken place. It appears from his statement that no adjustment has been made and that he still claims the value of the Produce in both instances.-

5.- I am of opinion that the Petitioner's claims should be now investigated and settled under Regulation V of 1822.-

Sir.

Stating that Chinna Permal Reddy having established his claim as belonging to the family who enjoyed a share in the Meerassy was admitted to 1/4 share of the Monigars Meerassy of Nagalapooram.-

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue relative to the admission of Chinna Permal reddy to a share of the Monigar Meerassy of Nagalapooram.-

2 It appears that as Chinna Permalreddy established his claim as belonging to the family who enjoyed a share in the Meerassy in question, he was admitted to 1/4 share of the Meerassy.- But the question for considera-
-tion is, not only whether the claimant is a Member of a Meerassy family but whether two Monigars as heretofore are sufficient or otherwise. If it is decided that a third person is required then the claimant should be admitted to 1/4 share.-

3. The Beriz of the Village in Fusly 1253. was Rupees 5,763-13-3. The emoluments of the Office including both Meeraſs and Maniem amount to Rupees 164-10-3 about one half of

of this is derived from Fuzulgasty to which the Monigars are not entitled if the Beriz of the Village falls below that of Fusly 1232. It is always desirable to make the Office as profitable as possible to the holders, and a minute division defeats this object.—.

state for the information of the Board that the Petitioner Veneataramanum Curnum of Singalandapooram on Mostah not only transacted the revenue business of the Mootahdar but was appointed Curnum to keep the Moturpha Accounts on the part of the Circar. In 1246. Fusly he concealed 20 looms and was by Mr. Orr fined 30 Rupees and dismissed from his Office as Moturpha Curnum still however retaining his Curnicum under the Mootahdar over which the Principal Collector had no control. In Fusly 1247 the Curnum of a neighbouring Village was employed to keep the Moturpha accounts and gave in his resignation in Fusly 1253, at which time the present Petitioner applied to have his son a boy of 15 years old appointed, a request with which the late Acting Principal Collector very properly refused to comply.—

No. 2.

Answer.-

1. The Plaintiff purchased the house ground No. 1 in the annexed plan about

about 15 Years ago measuring according to the Pynash Accounts 72 3/16 feet and himself built the house that stands upon it. but apparently appropriated 5 5/16 of a vacant house ground which adjoined the above; for upon the present examination and measurement it exhibits 77 1/2 feet.-

2. Afterwards, or about 7 months since, he purchased the above said adjoining house ground marked No. 2 and wilfully encroached upon the public alley to secure the land mentioned in his bill of sale without any reference to his own previous encroachment, as stated above, upon this house ground. A complaint was accordingly preferred by one of the people living in the alley, stating that by this proceeding the road way was blocked up and rendered impassable for bandies as hitherto. an investigation took place before the police Ameen the 2d Defendant and though the latter House ground measured only 41 feet instead of 43 5/16 according to the Pynash accounts, still the whole of the two house grounds measured 118 1/2 feet instead of 115 1/2 or

or 3 feet in excess and which difference exactly corresponded with the quantity of ground by which the Alley in question was deficient. The opposite house and ground having been then measured and found to be correct on comparison with the Pymash Accounts. the decision in question was passed, against which the Plaintiff now most litigiously appeals.—

3. I therefore beg that the Suit may be dismissed with costs and such steps taken as in the opinion of the Court will be likely to prevent such frivolous and obnoxious complaints being preferred for the future.—

Sir
Fort St. George

Para 1. On the 23rd September I had the honor to receive your letter of the 16th communicating the permission of Government of the 7th Idem, to forward for my explanation & certain facts contained in it, parts of a report of the 10th May 1843 from Majors Commissioners Drury and Morehead, and forwarding me, accordingly, such part, and particularly commanding my observations might be as precinct as consistent with perspicuity; submitted as early as my convenience would admit; and that my documents in support might be originals, and not on transcript and if native documents to be accompanied by translations.—

Reference of Mr Blackburne Pl. Collr. Madura to be know of accusation in the report against him of the 10th May 1843 by Majrs Commissioners Drury Morehead.

2. I premise by begging attention to the second para of my letter of the 31st October 1843, being in answer, or explanation to

Fort St. George 23d January 1845.

to paras 47-48-49-50-51 and 52 of this same report of the two Commissioners, and on which the Most Noble the Governor in Council had previously ruled that "overcharges had been detected by the Civil Engineer in the expenditure of public money which ought never to have been entered in the Principal Collectors account."

Min: Cons: 17th July 1843.

In the answer, I positively denied the dishonesty, or culpable negligence charged against me; and shewed the finding had been recorded without my having ever heard a word of the charge, or having even been called upon for the defence or explanation.

3.

I am now furnished with the 3d 4th 5th 6th 7th and 8th 11th 12th 13th 33d 34th 35th and 36th and 39th 40th & 41st paras, in all 16 more paras of this report which I proceed to answer seperatim.

Commissioners Report 4 10th May 1843 Para 3.

In the 3d para of their report Messieurs Commissioners Drury and Monkhead state their first object was to ascertain what changes had taken place in the system of management, to see how the cultivation was regulated and what arrangements were entered into with the Ryots for the years.

And

Fort St. George 23d January 1845.

And they state that from 1821 to 1823 the Talook Servants took annually an individual acknowledgment of allotment of land known by the terms Pathadapoo or else a formal resignation of the lands to be relinquished. That in after July 1843. aD 1832-34 the Ryots are allowed to cultivate without any such agreement entirely at their own pleasure: and that in 1842 it was again Boards Instructions introduced by proclamation, and is now in partial operation.

And in reference to this the Board of Revenue require to know the circumstances under which the Dithum was abolished.

The two Commissioners assert the Pathadapoo system prevailed from 1821 to 1833 but offer no proof of their assertion. My belief is that it never had other than a nominal existence, and in which the little good of the system was negatory, whilst its evils might have flourished. the negative proof of my view may be found in the absence of any allusion to such a system in any report or account of the settlements of those years. Though not very precise in their statement

Collectors defence in answer to para 3.

Fort St George 23rd January 1845.

Statement of the period at which the proposed change of system was introduced, saying in one place it prevailed up to 1833 and in another that the change was introduced in July 1834 as it is sufficiently precise to enable me to prove the change was not effected by me, if change indeed there was; for I took charge of the Collectorate only in February 1834; and in my answer of the 29th October 1841 to the Board's Circular call of the 11th Idem for Copies of Hoshummanals and Cowlenamahs, I opined that the rules of the 8th November 1833 had been invariably followed by me, as shewn in my translate of them submitted to them on the 13th July 1835.—

Now these rules of the 8th November 1833 had been laid down by Mr Youngson, the acting Collector, three months before I came in to the Collectorate; If then I never varied from them the changes of system, if change indeed there was, must have been accomplished without my interference.

If I reverted to, or newly introduced the system of Pottahdaroo, it was in obedience to the instructions of the Board of the 31st January 1842.

Original with translate submitted No 1.

Fort St George 23rd January 1845.

not that I deemed it otherwise than a vicious system, one to be displaced, and I beg the Board to mark this instance of implicit obedience because I have been branded by the Government and by the Court of Directors for "disobedience;" whilst I firmly believe not one single instance of disobedience can be adduced in the whole period of my service in India.

Commissioners Report para 4.

5. In the 4th para of their report Messrs Commissioners Drury and Monkhead state that transmission of cultivation accounts had always been exacted twice a month, that previous to 1827 Pattadaar servants were employed to examine the exact cultivation, and the Talook servants were also required to visit the Villages and were held responsible for

Fort St George. 23d January 1845-

for the correctness of these exact accounts in every Village - that they were enjoined to prepare abstract accounts, which were compared with the cultivation accounts furnished periodically by the Village officers, and submitted to the Collectors Office - That of those Villages in which the final inspection of cultivation was not made by the Talook servants, the Village officers furnished the required accounts - That this practice continued till I thought proper to modify it in 1835. by holding the Village Officers responsible for the cultivation account and directing that none but Pyliadars should examine the exact cultivation of the year within their own division, or wherever it was necessary - That I relieved the Talook servants from the duty of personal inspection except where there were grounds of suspicion thus throwing the general supervision on the Village officers that had formerly been upon the Tasildar and Talook servants -

Collector's Defence in answer to Para 4.

The two Commissioners have not offered a clear resume of the variations of practice in reference to the checks on the cultivation returns, and there is room for extension of their researches on that point. They do not shew how the original practice was introduced; they do not shew any breach of regulation, or of orders, in the derivation from it; they do not discuss the point; if this detail was or was not at the discretion of the local European authority: they do not give an opinion if such discretionary variation of mode was productive of evil, or of profit to the state, and to the cultivator. They content themselves with reporting that the responsibility of the cultivation accounts was thrown upon the Village Servants, that all exception Gillahdars were prohibited from the examination and that the Talook Servants were relieved from its duty. and they add these changes and innovations were made by me, and by me only.

Extra Servants, called Monigars, used to inspect the cultivation till 1825.

No. 38 of 7th January 1825.

Fort St. George, 23d January 1845.

In 1825 Mr. Collector Peter, thinking how little dependence could be placed on men employed only for 2 months in a year, on small pay, directed the inspection to be made by Village Officers and controlled by Talook servants, which was done by these last, as far as their other avocations permitted. At the end of 1828 Mr. Collector Vreeash, seeing the utter impossibility of Talook servants executing all their duties relieved them, by the appointment of Gillahdars, and through them and the Talook Officers inspection of Cultivation was thenceforward secured.

Collector to Board 10th November 1828.

Board to Coll.r 9th December 1828.

My order of the 20th February 1834 is in accordance with this practice. That of the 31st January 1835 does no more than caution the Village Officers of the responsibility attaching to them, directs their supervision by the Gillahdars (the Officers nominated for that express purpose) and prohibits vexations or unnecessary trouble being imposed upon the Talook servants but neither in word or thought releasing them from any usual responsibility. My order of the 21st February 1835 directs continuance of this system.

of inspection and supervision but neither transfers it, or confines it to the Village Officers, as the two Commissioners report; and in proof, my accounts shew that 44 Villages were in that fasly inspected by Sahsildars and their Establishments.

The general tenor of all my circulars on this point, from fasly 1245 has been to have the cultivation returns prepared by the Village authorities and controlled and supervised by every superior grade, Vizt. Killahdar, Talook Servants, and Sahsildar, and even by my own Office Servants and Sheristadars. the Killahdars, in particular, being deputed to inspect in other than the Talooks to which they stood appointed, and it was the success, as I thought, and think, of this practice that obtained me a still insufficient increase of Killahdars; insufficient in as much as they are not paid so highly as I advocated they should be.

The accounts of cultivation given by Village authorities, never have met with implicit trust; and never were meant

meant to be so received. The Sahsildars and talook Establishments never were relieved from responsibility. the introduction of Killahdars and their employment in inspecting cultivation was not an innovation of mine. but my obtaining an increase of that branch of Establishment shews how highly I appreciated the measure, and partial inference of its utility may be drawn from the abstract annual increase of cultivation exhibited supra in the 4th para of this defence.

Commissioners report. Para 5.

In the 5th Para of their report, Messrs. Commissioners Drury and Morehead shew how inspection of the cultivation by the Talook authorities enabled them to estimate the amount of Revenue to be expected. and how their discontinuance to make a personal inspection of the condition of the harvest deprived them of other means of making estimates of Revenue than by trusting the accounts of cultivation supplied by the Village Curnums. and they take in proof of the evils (and of my knowledge of the evils)

Collector's Defence in answer to Para 5.

I trust I have, in the last para satisfactorily proved, under what misapprehension the two Commissioners laboured, in respect of inspection of cultivation, and as I do not comprehend what they mean in alluding to a "discontinuance to make a personal inspection of the condition of the harvest". I must content myself with observing there never has been any habit of measuring or otherwise personally inspecting the outturn of the crops. I have shewn my belief that the premises of the two Commissioners respecting the cultivation returns were altogether wrong, and hence I am not surprised they should draw false inferences. - "The estimate of revenue" or settlement, was not made on account of cultivation furnished by the Curnams alone, but on the half monthly returns received and checked during the cultivating season by superior grades of servants as before shewn. Where Ryots resigned lands as not wanted

wanted by them, their resignation was invariably accepted and lands given to others. To me my Circulars of the 9th February 1839 and of the 23d January 1841 bear only the marks of warning and caution; and I submit it would have been more than unwise to abandon a System that generally worked well, because I had detected fraud or great negligences in 7 out of the whole 625 Villages and punished by fines to amount of 177 3/4 Rupees -

Commissioners Documents C and D.

May I not here fairly complain of want of research on the part of these two Gentlemen, or a predetermined leaning to convict me of mal-administration in the Submission, as in proof, of these two documents, whilst they leave unnoticed the Circulars to the Tasildars giving cover to them, as also of another Circular of the same 23d. They then inform the Government of the improvement to expected from the measures they had taken for the introduction of the same form for chittah as prevailed in Bellary

Bellary and proceed to point out their view of difficulties opposing the Board's wishes, the principal of which they deem to be the allowing Curnums to prepare these individual Settlement accounts and Puttahs in their own Villages before Assembled in the Summabundy Cutchery-

The Board offer no remarks on this para.-

Collector's defence in answer to 2nd para 7-

By individual Chittahs Under= =stand the entry in the accounts of each man's holding of ground, which corres= =ponds with a Cadjan given to each and Known by the name of Puttah. In the pro= =ceedings alluded to by the two Commissioners the Board of Revenue seem to think they have discovered that the Village assessment having been fixed, the holdings of each man had then been determined, but satisfied with the discovering of so glaring an error, they do not attempt to shew how such assessment on the Village could be formed without= individual detail- The two Commissioners = Messrs. Drury and Morehead, whilst investi= =gating the mode of Settlement on the spot, when

all

all detail was at hand, fully acquiesce in the Board's view and they also pass over without discussion, the mode of attaining the Assessment on the whole Village, from which they say, had been assigned his share of tax on each individual holders of land- I would willingly supply this deficiency but in my apprehension, such a proceeding in the present day is impossible- in as much as being impossible thereon to fix the exact portion justly due from each, = Complaints would be so numerous that the tax could not be levied- The practice is for the Village Curnum to give the holding of each man, corrected by the Gillahdars &c as shewn in former paras, which is Compared with the Survey accounts (where possible) to verify the classification &c the details were added together, and their total forms the assessment on the whole Village- As this mode seems so indispensible and so simple, I cannot but fear I must have mis= =interpreted the Board's meaning when sup= =ported by two Gentlemen investigating the particulars on the Spot- the verification

I may here diverge from the subject more immediately under consideration to say that I too was equally dis=satisfied with Mr. Morehead in that having the opportunity to prove the matter to the bottom he should have stopped short when he

he found he could not verify the views of the Foujdaree Udalut. I think I had a claim that he should have proceeded in his investigations till he had proved beyond doubt that the view of the Foujdaree Udalut adopted by the Govern=ment was untenable or at least "that my judgment had not been closed to the plainest truth and most ready inferences and that I had not been the tool of Malevolence and intrigue in the hands of a vindictive faction." But to return to the subject - it is true the individual Chittah Accounts were not transcribed in paper till fusly 1249. but, as then existing, it had always been the practice to transfer to the Hindavy paper record the abstract of each; the Tamil Cadjan record was always at hand to refer to. In fusly 1250 the Settlement was framed and "In=dividual Chittahs" were prepared after the form used in South Arcot in the Talooks of Shroonungalum and Thenkurrai in obedience to the Boards' order of the 29th. April 1839 whilst the other six talooks were settled in the pre-existing manner.-

the Commissioners, to introduce the Bellary form of Settlement Accounts in fusly 1252. will be found, by Mr. Acting Principal Collector Morehead's order of the 25th May 1843. and by Mr. Sub Collector Elliot's report of the 15th November 1843. on the Settlement of that fusly to have been a failure, after an increased expense to Government, a procrastinated settlement and a delayed Collection and the same has been the result of the Settlement of fusly 1253, as I reported on the 12th November, almost solely arising from the heavy arrears, accruing out of the Commission preventing my giving that attention to enforcement of my instructions at the commencement of fusly 1253, which I have carried into effect in great measure, and am continuing from commencement of the Current fusly. and to this, may be added the deprivation in time of greatest need, of the services of a Shrestadar - the punishment, if so meant for me, falling still more heavily on the Co's interests, if the accidental and natural consequences of a commission still equally detrimental -

detrimental -

9. In the 8th para of their report Messrs. Commissioners Drury and Morehead shew, that virtually the Pathadapoo System, even when supposed to exist, was but a dead letter in reference to any benefit to be expected from it, and that the tax on the Ryot being determinable on his cultivation only, there could be no security against falsification of the accounts by the Cummums carrying arable land to the head of waste, and by substituting Government lands paying rent for Enam or rent free, because the supervision of Cultivation was left to the Village Authorities alone -

On this head also the Board are silent: Here, then seems admitted by Messrs. Drury and Morehead what I have attempted to prove in the 4th and 5th paras Supra, that the Pathadapoo System was nominal till its re-introduction in fusly 1252. In these two paras I have also striven to prove that those two Gentlemen have wrongfully assumed that the supervision of

of the Cultivation was confided in establish-
-ing my defence in that point their inferen-
-ces must necessarily fall to the ground.-
but they assert only that falsifications
-are facile- they do not assert any have been
effected.- and I think, in the absence of any
offered Statement whence to draw an inference
to the contrary, the Abstract of Cultivation
annually increasing adduced in my 4th Para
10th Clause. supra, may be admitted in proof that such
falsifications did not take place;
or at all events, that they did not take
place to such extent under my Adminis-
-tration as under the nominal Pathadars
System and talook supervision of
Cultivation returns under my prede-
-cessors.-

Board's requisition

In reference to the first of these para. Board require particular explanation of the causes to issue of the notification of 11th. March 1840.

Coll.rs defence in answer to Para 11 & 12 To Para 11.—

By Order of the 11th. March 1840 was issued in direct contradiction to the wishes of the Curnums had in view, to overcome their habitual procrastinat and enable them to break up their Settlement meet as quickly as possible, and thus avoid, as far as hum means could provide, the risk of Cholera. but my effo in this instance met little or no success. and it is wo of remark that the two Commissioners here again avoid look at the result of a measure they decide upon a once as injurious. The "individual Chittahs" are alw prepared by the Curnums from their own Accounts the Settlement Cutcherry and are scrutinized by the Goomastahs of my Office. If the accounts were so far pa =pared in the Villages, as also drafts of pottahs it wou lessen waste of time, ensure a more general an complete surveillance, and, at the same time sec a more early breaking up of large assemblages whic a single death by Cholera strikes terror.—

In answer to the request of the Tahsild of Shencottay of the 17th April 1838 to assemble the Curnums for the Settlement, he was desired, on the 21st inst to do so till the cultivation of the whole Talook had bee supervised by the Zillahdars &c.a and on the 27th I lear was apprised of 6 Zillahdars being about to be sen and of a third person being then sent to aid him" and out of 28 Villages of this Talook 21 were so examined the Zillahdars the other 7 having been already so done

periodically in the earlier parts of the seasons.—

That portion of the text asserting I would fine Curnums affording reasons for neglect, is at variance with the order itself, and is possibly a clerical error.—

In their 12th. Para the two Commissioners again revert to the utter impropriety of the measure of trusting cultivation returns to the Village authori =rities alone a measure which I hope I have sufficiently shewn had no existence par =ticularly in the 4th. and 5th. Paras of this defence, and even that the two Gentlemen had no sufficient grounds to believe in its existence.—

My Order of the 11th March 1840 was
in direct contradiction to the wishes of the Cumums
had in view, to overcome their habitual procrastinat
and enable them to break up their Settlement mee
as quickly as possible, and thus avoid, as far as hum
means could provide, the risk of Cholera, but my eff
in this instance met little or no success. and it is w
of remark that the two Commissioners here again avoi
look at the result of a measure they decide upon
once as injurious. The "individual Chittahs" are als
prepared by the Cumums from their own Accounts

Goomastahs of my Office. If the accounts were so far
=pared in the Villages, as also drafts of pottahs, it was

That portion of the text asserting I would fine Cumums affording reasons for neglect, is at variance with the order itself, and is possibly a clerical error. —.

Commissioners' report Para 12.

In their 12th Para the two Commissioners again revert to the utter impropriety of the measure of trusting cultivation returns to the Village authori=ities alone a measure which I hope I have sufficiently shewn had no existence par=ticularly in the 4th and 5th Paras of this defence, and even that the two Gentlemen had no sufficient grounds to believe in its existence. —.

11 In the 13th Para of their report Messrs Commissioners Drury and Morehead notice observations in my report on the settlement of Fasly 1246 A.D. 1836/37 shewing how careful I had been to keep the Cumums as short a time as possible at the settlement Cutcherries, and Ryots from their Villages for distribution of Pottahs, they notice the dissatisfaction with which this case was noted by the Board, which elicited an explanation from me, in which however they say I omitted to

inform them that the real cause of such dispatch was the fact of the Individual accounts and the Pottahs being prepared in the Villages before the Curnums came to the Jummabundy Cutcherry - but they do not say that any injury occurred to the Ryot or to the Revenue from this practice which I "omitted" to state to the Board and which was in fact the true cause of the despatch. -

The Board make no remark on this para. -

In this part of my defence I must beg particular attention to the dates. My report on the Settlement was made on the 31st August 1837 and the Board's doubts or animadversions of the 21st June 1838 elicited my explanation of the 5th July of the same year - yet these two Commissioners state that the true cause, which I "omitted" to state was to be found in a practice I attempted to introduce nearly three years subsequently, as shown by themselves in the 11th Para of their report of the 10th May 1843 - and as particularly discussed by me in the last Para. -

that every order emanating from the — Presidency directs enforcement of this Regulation where there does not appear good cause to abstain from it- Now if fair attention be given to my order of the 19th July 1834 it will clearly — appear to be aimed at "fraudulent" "non resident" ryots "whose kists — are already due"- But the two Commissioners seem to have sought to enlist the sympathies of my Judges against me by noticing this harsh measure as against the "poorer" class towards which I had professed feelings of leniency- In my order of the 25th March 1835 the principle is followed up and laid down still more distinctly that the kists may be received in advance if any wish to pay them so, but that "non-resident ryots" and "women" should not be allowed to carry away and dissipate their produce so long as they were in arrears to Government- If these be admitted as true versions of my orders and of their intent, it is necessary also to concede that there was no illegality in them,

The two Commissioners in the next Para proceed to shew that for four years, in order to prevent any arrears appearing to be due by the Ryots of the Village of Palaney, at the end of these Fuslies, I caused a fallacious entry to be made, debiting in their favor, as a loan from the Pagoda Funds in deposit in the Huzoor Treasury, the value of grain they supplied to the Pagoda, and making good the loan by stoppages from the monthly allowances of the Pagoda; and in the four Fuslies in question Viz. 1248 - 1249 - 1250 and 1251, I had thus caused liquidation of Kists to amount of Rupees 3.514-"-7; and in proof they quote to of my orders to the Tahsildar of Syempully.-

Coll.s defence in answer to Para 40 & 41.

In pursuance of what I had always conceived a duty, and of the particular orders of Government of the 31st July 1835, the

attention of Tahsildars always strictly enjoined to the entire realization of the Government demand within the Fusly. need I assert that I never ordered or countenanced the attainment of that object by dishonest means. nor was the object attained suddenly, but by anxious care and unwearying perseverance and by degrees.-

Para 40.

I submit in reference to the assertion of the two Commissioners, that arrears of Kists to amount of Rupees 111-7-6 due in Maroonga aproory for Fusly 1245 A.D. 1835/36 cannot strictly speaking be said to have been made good from deposits in the Talook appropriable only for repair of a Pagoda, in as much as the document itself proves that the defaulters agreed that the transfer of money to be advanced to them for a particular purpose should be credited for the Kists due from them, without actually coming into their hands. The money was advanced in an usual manner and for legitimate purpose to proper persons, and is it not surprising that

Commissioners document M 12th March 1843.

the

the two Commissioners did not rather think the Kists might have been withheld by the defaulters in knowledge that the advance was about to be made them, than that they should try to support their erroneous presumption of fallacious shewing on the part of the Collector on such a document.

In reference to the liquidation of arrears of kists to amount of Rupees 110-8-- from the pay of the Tahsildar and other public Servants, the transaction very probably took place as represented by the Tahsildar, but that document does not pretend the arrears was made good from the Tahsildar's pay but from that of 5 Zillahdars, and their pay thus momentarily misappropriated, was withheld from them only from the 24th to the 26th July - on which last date the last balance was paid - and it clearly appears from the document itself and from the view taken of it by the two Commissioners that the transaction could not be known to the Collector, or to any of his Office Establishment.

M
as above quoted

not

nor was there room from the Hinduvy accounts (the only ones transmitted to me) for doubt or suspicion to arise. As far as I am concerned - I think I may claim entire exemption from blame in this matter: and if the Commissioners did not look upon the Tahsildars conduct as very venial it is for them to explain why they never reprobated it except in the report to Government now under answer, for there is no vernacular reprobation of the transaction on my records: any more than in the cases mooted in Meyloor and Iyempully.--

The document on which the two Commissioners rest their impression of 18¾ Rupees of arrears for Fusly 1248 / A.D. 1838/39 being made good, under Talook authority from the pay of a Zillahdar and 6 Peons to me seems incomplete and unsatisfactory - The investigation is most imperfect; and to me there does not seem proof that the Tahsildar was privy to the appropriation for arrears of the pay given into the hands of the Manaiyagar: neither was there any urgency of necessity, when we observe the transaction took place in June.-

Commissioner's document N 7th April 1843.

In the last part of the 7th clause of this Para I have accused Messrs Drury and Morehead of predisposition to convict me of 'fallacious shewing' My grounds are the general tone

N Vizt preamble of address of Mayloor Tahsil-dar of 7th April 1843

In reference to the extinction of Balance in the Village of Palany in Iyempully by a loan advance from the funds of that Pagoda in deposit in the Huzzoor (properly Talook) treasury it is to be remembered that Mr Collector Hurdis made an arrangement for the supply of the Pagoda with paddy from that Village at a fixed unvary-ing rate of 5 6-F. per Cullum, which was annu-ally delivered between February and March and its value was liquidated by Monthly instal-ments. I issued, on the 27th June 1839, the first of the four orders objected to by which the taxes were adjusted in July by an advance on account of the Pagoda, for value of grain received in February or March previ-ously. I can see nothing fallacious in this transaction.-

Having never seen the instruc-tions of Government to the Commissioner, Mr Drury or to his subsequently named Co-adjutor, Mr Morehead, I am unable to guess at the connexion between investigation into the general administration of the Revenues of Madura and to my asserted disobedience of the Board's orders in reference to an enquiry forced upon me by them, at very great disadvantage in Ramnad.-

The amount of the 16 paras in-question of Messieurs Drury and Morehead's report in reference to my mal-administration of the land Revenue, seems to resolve itself into the following four assertions.-

transaction.-

Having never seen the instruc-
tions of Government to the Commissioner, Mr
Drury or to his subsequently named Co-adjutor,
Mr Morehead, I am unable to guess at the
connexion between investigation into the general
administration of the Revenues of Madura and
to my asserted disobedience of the Board's orders
in reference to an enquiry forced upon me by
them, at very great disadvantage in Ramnad.-

The amount of the 16 paras in
question of Messieurs Drury and Morehead's
report in reference to my mal-administration
of the land Revenue, seems to resolve itself
into the following four assertions.-

1st That I altered the mode of scru-
-tinising the returns of cultivation.-

That

2nd That knowing the evils of my method, I persevered in it.-

3rd That I was harsh and unjust in my Collections from the poorer classes.-

4th That in the 7 Fuslies from 1245 to 1251 both inclusive, in my eagerness to shew an entire realization of the demand within the year, I made willingly, and unwillingly, fallacious entries, as of collections to amount of Rupees 3,753-12-1; the demand realized in those 7 years for the Amany land Revenue being Rupees 6,89,639.-

I submit that I have disproved the ex parte judgment of Messrs Drury and Morehead.-

15 In further elucidation of my administration of the Revenues of Madura I beg to submit Statements 7 and 8; the first of which will shew an annual average increase of Revenue from land under the direct care of the Collector to amount of Rupees 2,00,403 or Rs 27-6-6. per Cent. in Mr Blackburne's over that of Mr Peter's administration, and of Rupees 134,324 or Rupees 16-13-7 per Cent. over that of Mr Viveash or, taking the land Revenue of every head it gives an annual average increase during Mr

Mr Blackburne's administration of Rupees 14,8289. or Rupees 9-4-5 per Cent over that of Mr Peter's, and of Rupees 134,338,- or Rupees 8-6-3 per Cent, over that of Mr Viveash;- Again, if we take into account the remissions and irrecoverable balances they will be found to give an annual average under Mr Peter of Rupees 19,702, whilst under Mr Viveash they do not exceed Rupees 5,913,- and under Mr Blackburne they fall to Rupees 3968.-

The second Statement shews- that the average of works executed was less than that undertaken by Rupees 24,651 in Mr Peters administration- less by 45,779 in Mr Viveash's, and less only by Rupees 10171 in Mr Blackburne's. and this account is independent of the extensive repairs of tanks &c in the Zemindary of Shevagunga, amounting in the seven years of its sequestration to Rupees 174,549, which added to the Road work from Devastanum funds, will raise the annual amount of work done under Mr Blackburne to a higher figure than that done under either Mr Peter or Mr Viveash.-

Deeply humiliating is it to the

16 Civil service at large, if the distrust of it be general, that

that induced the Most Noble the Governor in Council to command that all documents I might wish to submit in my defence must be "original and not in transcript," and if this distrust has reference to myself alone, I hope my assertion that I never gave grounds for such a slur upon my honesty may be admitted, or that I be allowed to know, and try to refute the instance in which I may be supposed so to have swerved from rectitude.-

With reference to the delay noticed in the Minutes of Consultation under reply I am instructed to point out that the Board had many subjects pressing on their attention conjointly with that now under notice and it did not appear to them that this latter was of such urgent importance that all other business should be postponed to it. Independently of the many questions discussed in correspondence between this Office and the Provinces the records of the Government Office itself will show that the Board was not unemployed while the Madura Commissioners report was waiting for their consideration I am further instructed to state that no Minutes were recorded on this subject by any of the Members of the Board because after much discussion and modification of individual views the papers submitted to Government expressed the unanimous sentiments of all.-

4. The Board observe that an expression in their former letter appears to have been misunderstood The instructions issued for the correction of the errors in the mode of Revenue Management in Madura were not

Para 3. not what Government appear to have supposed The Board are charged with the duty of reviewing the management of each district as exhibited in the annual reports, and in the discharge of this duty they have had occasion for several years past to notice irregularities and abuses existing in the Madura System under Mr. Blackburne's administration for which they have prescribed remedies drawn from the result of long experience in other districts. All these annual Reports from the Principal Collector as well as the Board's Proceedings upon them, have been already under the consideration of Government who have from time to time expressed their approval of the orders given by the Board. Again the new forms of accounts ordered by the Board were not new in the sense apparently supposed by Government. They were new indeed in Madura, but are the same which have been long in use in these districts where the Ryotwar System (which is that obtaining in Madura) exists in the highest degree of completeness and purity. which have borne the test of long trial in those Districts, and have been approved by the ablest authorities. With this explanation before him

him the Board suppose that it will not be the wish of the Most Noble the Governor in Council to have all these papers and accounts again submitted to this examination, but they will be ready for transmission if called for by Government.-

5. In Para 4 of the Paper under reply the Board are called on to say whether certain Proceedings of the Principal Collector were legal or not, this is a point more properly within the Province of the Court of Sudr Udalut, one of whose functions it is to construe the Regulations. But being thus called on the Board have no hesitation in stating their opinion that the reference of cases of embezzlement or Fraud under Regulation IX of 1822 to a Seristadar for investigation, while that Officer is not detached from the Principal Collector's Cutcherry is contrary to the letter of Section IV Regulation VII of 1828 though not, in the Board's opinion, opposed to its spirit.-

6. There are some other points of procedure on which the opinion of the Board is specially called for. Many cases under Regulation IX of 1822 depend wholly or almost wholly on the examination of

Revenue Accounts, and this examination is the special duty of the Sheristadar's department, and it would be highly inconvenient, not to say impracticable, that this inspection should take place before the Seristadar, and the deposition of the Curnums or other persons in explanation of the accounts, be taken before the Principal Collector. The Depositions indeed may be considered as a part of the inspection of accounts. and the Board cannot therefore consider such a mode of proceeding to be "a reference of the case to the sheristadar" in the sense intended by the Regulation. quoted by Government, or the imposition of a fine exceeding 50 Rupees in cases of this kind, to fall within its meaning.-

7. The reference of petty cases under Regulation IX of 1822 to Seristadar while present with the Collector's Cutcherry is, the Board believe, universal. They do not consider it to be contrary to Section IV Regulation VIII of 1828. for the omission to authorize or prescribe it in the enactment may be ascribable to its being already a general and recognized practice. The taking of depositions before a sheristadar, and their being afterwards read over and acknowledged and signed by the deponents in

in the Collector's presence, and then attested by his countersignature instead of by that of the Sristadar, is considered by the Board to be an irregularity.-

8.- The foregoing paragraphs have been penned in answer to the special remarks and questions of Government in the Extract Minutes of Consultation under reply. Its concluding paragraph contains the more general request, that the Board will reconsider their former letter, and submit the result of their further Proceedings after obtaining explanation from Mr. Blackburne on points requiring it. In accordance with these instructions, a copy of such parts of the Commissioner's Report as appeared to need Mr. Blackburne's explanation was furnished to that Gentleman and he was requested to submit any remarks that he might wish to bring to the notice of Government and the letter now forwarded is his reply. The construction of the Board has been totally changed since the order of Government above referred to was given. The Senior Member has only recently joined them and moreover is one of the late Commissioners: the Acting 2d Member has

has only just taken his seat and is new to the whole affair, and the third Member, the only remaining one of those Gentlemen who composed the Board at the date of the former proceedings has been nominated a Commissioner into the Provinces, and is just about to take his departure. It is thus impossible that the Board should "reconsider" their former opinions. The Board further remember that the Most Noble the Governor in Council will have before him the report of the Commissioner, the sentiments of the Board generally on the subjects brought forward in it and Mr. Blackburne's reply, and considering that Government are thus in possession of all the materials necessary to their coming to a satisfactory judgement on the several questions mooted in the Commissioner's report, the Board deem it the best course under the altered composition of their body, already pointed out, to forward Mr. Blackburne's letter without further comment.-

9- Agreeably to the order of Government quoted in the Margin, I am instructed to state in conclusion that

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Collr of Tinnevelly — Reporting the death of the Zemindar of Pavaly.

Para 1. I have the honor to report the death on the 1st August last of the Zemindar of Pavaly, and to request the Board's orders as to the succession. The 2 parties claiming are the wife and Daughter of the deceased, on the one side; and his step-Mother and younger half Brother, on the other. The Zemindar left no son. The 2 parties are at Enmity with each other, and there is no hope of reconciliation, and have always existed in the Family. The Peishcush amounts to Rupees 2,800, and there is no balance outstanding.

2. The widow of the deceased represents herself to be pregnant, if she should have a son the Estate would devolve on him of Course, and settle the present point of dispute, but as such may not be the case, and there is no certainty even of

Fort St. George 23d January 1845.

of her pregnancy it appears advisable to decide the succession, while perhaps it may be desirable, in the meantime, to hold the Zemindary under attachment till sufficient time has been given for the possibility of a legitimate heir appearing.

3. I am some what at a loss whose claim to recommend to the notice of the Board either party is capable of managing the Estate. the only question is, who has the best title? It seems a general though perhaps an erroneous, native opinion that some male heir must succeed. I have consulted as far as I have had time the usual Hindoo Law authorities on the subject, as well as precedents in this and neighbouring Districts, and the opinions of my Sheristadars, which differ, and am disposed to consider the widow's and daughter's claim preferable to the younger half Brother: there are several instances of hand of Females inheriting. In this District the Sennulgoody Estate is proposed to be held jointly under agreement, by the 5 widows of the deceased. the Singumpatty Estate is enjoyed and managed by a Female. so also the Coolumboor and Sundyoor Estates, as well as the Shevagunga Zemindary in Madura, and possibly others and the quotations from the Hindoo Law texts, opinions of Pundits &c in Sir Thomas Strange's work on the elements of Hindoo Law appear to decide "that failing Sons a widow succeeds, as next heir" though there are other opinions again which

which would seem to imply that a maintenance could alone be claimed by her, a further search for precedents or law texts on this subject would I believe only lead to still more uncertainty and to about equal arguments for and against female Succession - the real solution perhaps is that ancient Hindoo Laws and Bramin usages were against Female succession or independence of any Kind doctrine gradually giving way to modern and more equitable and enlightened views. I should also mention that a will is produced by the Widow in her favour, but though not proved to be a forged one, it was executed when the Zemindar was so near his Death, (as is usual where any native makes a will at all) that I cannot give much weight to it.

thereon.- It may be supposed from the way in which the Collector speaks of the claims of the half brother of the deceased Zemindar - Panraly, that the two persons are sons of the same Father and that the mother of the younger was married to the father, but as certainty on both points is necessary to the formation of an opinion on the merits of the case, the Board resolve to call on the Collector to state distinctly how the fact is in both particulars.-

2. In the concluding part of this letter Mr. Thomas incidentally mentions that a will was executed by the deceased Zemindar, but he notices it no further than to say that he cannot give much weight to it." The Board are of opinion that the document here referred to cannot be thus lightly disposed of; and they desire that the Collector will take the proper measures to ascertain what degree of credit may be due to it, and lay they original will before them with his opinion of its value.-

3. The Board resolve further to point out to the Collector that not a single name of any of the

parties

From the Pl Collr of Coimbatore - Sir,

Para 1. I have the honor to forward for the information of the Board translated copy of Yakeed which has been issued to Shaik Dawood Tahsildar of Dharapooram directing him to proceed to that Taloog and assume charge of his duties.-

Forwards copy of Yakeed issued to Shaik Dawood Tahsildar of Dharapooram with copy of Memorandum of the Assistant Collector on a case of smuggled Tobacco and requests that the Goomastah deputed to act as Tahsildar of Dharapooram during the suspension of Shaik Dawood may be permitted to receive the salary of the Office.-

2. The individual was suspended on a charge of having altered certain Smuggled Tobacco and the Prisoners more immediately concerned in the case were committed for trial before the Criminal Court where they were sentenced to a fine of 150 Rupees, commutable, if not paid, to one years imprisonment in the Zillah Gaol.-

3 From what has been elicited in the investigation held before the Assistant Magistrate the result of which is submitted in the accompanying Memorandum, there is no direct evidence to convict the Tahsildar but with reference to the circumstances of the case, and to the various irregularities committed by

by Shaik Dawood which are remarked upon in the Takeed, I leave it for the consideration of the Board whether he is entitled to any confidence whatever or can be retained in the responsible situation of Tahsildar and ex Head of Police with any probable benefit in a public point of view.-

4

During the suspension of Shaik Dawood, it was necessary to depute a Goomastah of my office to act for him, and as he has acquitted himself satisfactorily, I beg leave to recommend that he may be permitted to draw the Salary of the office from the 19th of November to the 30th of December 1844, the forfeiture of which is merited on the part of Shaik Dawood.-

5.

I beg to apologize for the delay which has taken place in this matter and which has arisen chiefly from the non receipt of the sentence of the Court up to the 14th of last month and from other Public business of a more important character.-

Translated

No. 1.

Translated copy of Takeed issued to Shaik Dawood Suspended Tahsildar of Dharapooram in the Coimbatoor District.-

In consequence of a fraud committed by you in the case of smuggled Tobacco, fit for consumption in Malabar, detected in the House of Ramen Chitty of Samattoor in the Pulachey Talook, which in the investigation held before Mr. M. S. Walhouse Assistant Collector appeared to have been proved and also in consequence of other irregularites committed by you whilst Tahsildar of the said Talook, you were suspended from office under date 19th November 1844. and the case of Tobacco smuggling above referred to was Committed for trial before the Criminal Court where it was proved and Ramen Chitty the prisoner and Soobbaroy Naig, his accessary were sentenced by the Acting Principal Sudr-ameen under date 13th December 1844, to pay a fine of 150 Rupees that is at 75 Rupees each commutable of not paid to one years imprisonment in the Zillah Jail.-

By the evidence of Venkat Chitty

Fort St. George 23d. January 1845.

Chitty of Samuttoor Sashien Mattay and Ver=
=daroo a Talook peon it is established that
in the quantity of 355 Bundles of Tobacco concealed
in the House of the said Ramenchetty in
contravention of Section VI Regulation VII of
1811. you permitted him to sell by retail 55 Bundles
and that the remaining 300 Bundles of Huppal
Tobacco were changed by you when forwarding
to the Magistrate's office into Managherry
and this charge renders you liable to the
penalties provided for in clause 2nd of the
above said Section and also throws great
suspicion on you.-

Respecting a proposition
submitted by one Vencatachellum a Ryot
of Alancadoo in the Marchenaikenpollium
village for holding 70 Bullahs of land an
order was sent to you Number 124. dated 2d
26th October 1839. In opposition to this
order you framed documents in the name
of Moideensahib Nephew of Alla Ideen
Darogah of the Shikar Cutcherry and 5 others
assigning incorrect limits to the ground
applied for and permitted them to occupy
$2\frac{9}{10}$ Bullahs assessed at Rupees 134-6-
in the same tenure as if the land had
been

been Poramboke whilst it was actually cul=
=tivated in former years thereby wilfully caus=
=ing an annual loss to Government. This was
proved and noticed in a Takeed sent to
you under date 4th May 1844 No. 517.-

It is also proved in the
enquiry that you evaded the orders issued
to you from the Huzoor on the subject of the
Teak Trees in the Animalli and Marchena=
Forests without making any arrangements re=
=garding them as you were directed to do, and
that you also permitted Nullatumby Pillay Curnum
of the Marchenaiken pollium Village to cut
Teakwood at pleasure in the said Jungles,
and to appropriate the same for his own use.-

It is further established
in the investigation that you fraudulently
obtained from Shanien Monigar of Devan=
=baddy a Razeenamah for $67\frac{9}{10}$ Cawnies of
"Nunjah Turm Punjah land" assessed at
Rupees 220-6-11- which was in his occupation
and that you also concealed a Security Bond
executed by a Respectable Monigar named
Soobiah Gounden to the effect that the Govern=
=ment demand on the said land will be
adjusted in every year whether it is cultivated

or

or not. Again in order to assist the Poligar of Ramapatam you deceitfully induced Coatteya= =na Moodely and Careagaunden who applied for and held the said land on Puttah in $\frac{1252}{1842/43}$ to relinquish it in $\frac{1253}{1843/44}$ giving the same to the said Poligar for grazing his cattle and making a false and fraudulent report to the Huzoor and also causing thereby a loss of 159-8-6 to Government Pors. annum.-

Ramlinghien an Assistant Roysum having complained that you have committed various irregularities in the Police Department and thereby gained undue ad= =vantage an investigation was held and from the Deposition given by Summiah the Talook Roysum under Date 24th June 1842 the fol= =lowing charges are established against you Viz.t.-

That 1 Case of Gang robbery 1 of assault 2 of highway robbery. 4 of cattle stealing. 1 of House breaking 1 of defacing stolen Jewels 5 of theft 1 of using false chop 1 of breach of Peace and 4 cases of forcible se= =izure of Property were brought before you which you have hushed up without either reporting to the Magistracy or entering in the Talook Police Diary.-

That

That you have not examin= =ed the Parties who were brought before you ac= =cording to your Summonses in certain cases of assault and accidental death.-

That you have concealed about 30 Police Vinnaputtelays or reports from Village Officers.-

That you have concealed Petty cases.-

That you have also concealed a report and other Papers signed by you and intended for transmission to the Criminal Court in a case in which Coopapagounden and 16 others were proved to have violated the Tobacco Laws.-

That you have further con= =cealed a warrant and some Proceedings in certain Police cases.-

That you have further more concealed several Durkhasts for the cultivation of land and other documents amounting to 59 in number in the Revenue De= =partment, and that you have also through favor and partiality committed abuse of authority in several instances.-

Vencatachela Moodely
Monigar

Monigar having proposed to convert into Punjah 74 1 74/100 Cawnies of Punjah and Jungle land assessable at Rupees 3670-1- you were furnished with Funds in the early part of Fusly 1251 / A.D. 1841/42 for the purpose of prolonging the Pullecvalungal Channel according to the Ordinary Extraordinary and occasional Estimates and also according to the line marked by the Civil Engineer - but you have not caused the Main Channel to be excavated according to the levels taken by the Civil Engineers Department. On the contrary you made a false report to the Huzoor and in again in contravention of the order issued to you in reply dated 27th December 1841. You caused the small channel which Venkata Chela Moodely had dug in low ground for the irrigation of his fields to be enlarged at the expence of Government. This was of no use and therefore lands worth 2727 Rupees were not brought under cultivation to the great loss of the Circar. This charge was proved against you as shewn in the Takeed No. 240 dated 1st November 1844, which you have admitted and have also paid Rupees 202-4-4- being the amount wantonly

wantonly expended by you on the work.-

You have not caused every cultivated land in the Taluk to be brought to account and have never made the Dittum Settlement with reference to the circumstances of each Ryot. It was intimated to the Huzoor that you have knowingly permitted the Curnums of several Villages to conceal cultivated lands and to commit other irregularities and therefore persons were deputed for making the necessary enquiries the result of which brought to light considerable frauds. You have never enquired into complaints preferred to you by the Ryots and redressed their grievances Neither have you paid attention to the instructions issued for your guidance. Your irregularities as pointed out in the various Takeeds sent to you when Tahsildar of Pulicheyand the illegal Proceedings detailed above render you liable beyond all doubt to the penalty of dismissal but in order to give a further trial you have again been placed in the situation of Tahsildar and Head of Police of Dharapooram which Station you will join immediately on receipt of this

this Takeed and take charge from the Serishta=dar of the Talook the Treasure Seal &c. &c. submitting a report to the Huzoor of your having done so accompanied by the usual list of coins &c. You will discharge your duties diligently and with integrity and regularity Should any further complaint arise against you no matter whether it is of a trifling character or otherwise you will without doubt be dismissed from the service for the reasons stated in this Takeed.-

No. 2.

Upon examination of the case concerning an illegal quantity of Tobacco having been found in the house of one Ramany Chetty an Inhabitant of Chemmatoor attached to the Casbah Village of Pullachey it appears that a Doragah named Allahddin having received information of the existence of the same went accompanied by a Peon, a Goomastah, the Curnum of the Village and others to the De=fendants house wherein they found 355 bundles

Fort St. George 23d. January 1845.

bundles of Tobacco of the quantity called "Hafpal," in the item of its quality all the persons present in number six concur in stating it to have been "Hafpal."

There seems to be an irregularity on the part of the Curnum of Soobroya Naick, in as much as instead of having caused it to have been conveyed to some place of security he gave the Dorogah an acquittance of the Tobacco, and permitted it to remain in the Defendants house till the 17th of September when it was sent for by the Tahsildar to Annemale and the only reason he assigns for his conduct is that he had sufficient trust in the De=fendant that he would not sell it, or cause it to be removed. It may be re=marked that the Defendant has no tobacco cultivation of any sort upon the 17th of September the Tobacco was removed to An=naillie agreeably to the Orders of the Tahsildar of Pullachy who was then stay=ing there besides the Bandyman the Cur=num and a Talook Peon went with it and these all concur in stating the Tobacco to have been of the "Hafpal" variety. Arrived at

at Anniamullie it was unpacked in pre-
sence of the Tahsildar and three others ex-
clusive of the Defendant, who has at all
times stated it to have been "Kaspal" the
three witnesses all positively assert the
Tobacco produced and unpacked to have
been "Kaspal," the Tahsildar alone asserts
it to have been an inferior quality termed
Manigare and calls two witnesses to suppor
his statement of these two witnesses one
states it to have been "Garden produce"
tobacco and therefore Kaspal, as Kappal
is only grown in Garden lands and Ma-
-nigar never, the other named Ghagi Kham
says that he is not well acquainted with
the distinction between the two kinds but is
still identifies that produced before Huzoor
Cutcherry to have been the same produced
there, but the other witnesses write in dist
-ing that Ghage Khan was not present
at that time or at least that they did
not see him. The Tobacco was then packed
up in presence of the Tahsildar and afore
-said witnesses and 4 or 5 day afterwards
sent back to Pullachy Taluk Cutcherry
and brought to the Huzoor Cutcherry upon or
about

about October 18, the witnesses except one
Ghagi Khan unite in declaring it, when
produced here, not to be the same as that
they saw despatched to Annemullie. The Tahsildar
alone, supported by one doubtful witness,
affirms the contrary namely that it was the
inferior quality called Manigari. Besides
the above statements the Defendant the Curnum
Soobraya Nauck, and two other witnesses
affirm that whilst the Tahsildar was at
Pullachy, before he went to Anniamilli that
upon being asked by the Defendant Ramany
Chetty if he might sell the Tobacco, he (the
Tahsildar) answered that he might though
aware that it was forfeited to the Circar,
and indeed one man Coopa Chetty states
that he did purchase 25 Bundles from the
Defendant in the interval between their
having been first discovered (6th August)
and despatched to anniamullie (September
17th) and also whereas 355 bundles were
first found by the Darogah in the De-
-fendants house only 300 were produced
at Annamillie.-

This the Tahsildar
merely denied but brought no evidence
to disprove.-

From

Fort St. George 23d January 1845

From the foregoing state=ments it seems evident that the Tobacco forwarded to the Tahsildar at Annimallie was of the good quality "Kasspal," and that after it had passed into his care it has been changed into the inferior quality "Manigare" which was that produced before the Huzoor Cutcherry.--

In an investigation taken before the Tahsildar upon the subject at Annamallie, he does not mention what quality the Tobacco was, but in writing to the Huzoor states that it was "Manigare" but brings no documents to support it though every witness examined before the Magistrate, except Ghagik Khan, states to the contrary; these results of the investigation are now submitted to the Principal Collector.--

The Defendant is recommended to be committed to the Criminal Court under Section XXIV Regulation IX of 1816.--

Ordered that the following letter be sent in reply.--

To The Principal Collector of Coimbatore.--

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge your letter of the 31st ult.o reporting on the character and conduct of Shaik Dawood Tahsildar of Poolachy and soliciting permission to dismiss him from the public service.--

2. With your letter was received a translation of a lengthy takeed addressed by you to Shaik Dawood on the day preceding the date of your letter in which you bring forward a long list of offences of various kinds at different times laid to his charge. These offences are of various degrees of criminality, and some are stated to have been brought to proof while others seem to rest on no former basis than report or suspicion. But none of them are more than general statements, and it does not appear that regular proceedings were instituted against the Tahsildar in any of them. In concluding the order you inform Shaik Dawood that his "irregularities and illegal proceedings" have

have rendered him liable to dismissal, but that in order to give him a further trial he has been appointed Tahsildar of Davapoorum; and he is directed to proceed immediately to assume charge of his new appointment.——

3. It appears to the Board extraordinary and inconsistent that a recommendation for Shaik Dawood's dismissal should so immediately follow this Takeed, and the implied promise that the Tahsildar's tenure of office should depend on his future conduct, would be enough to restrain the Board from according to a recommendation for his dismissal founded on his past offences.—

4. The Board further consider the mode which you have adopted for bringing Shaik Dawood delinquencies to their notice to be irregular and objectionable. The proper proceeding would have been to institute a regular investigation into some particular one or more of the offences laid to his charge and to found a recommendation on them if proved, and I am directed to request that such may be your course of procedure in future cases of the same kind.

5. The Board observe that you

you have transferred Shaik Dawood from Poolauchy to Davapoorum which involves a reduction of 15 Rupees a Month in his salary, and they consider this to be a fully adequate punishment for any misconduct that he may have been guilty of, so far as is shewn in the papers before them. The Board cannot accede to your proposal to pay the salary of the Tahsildar during the term of his suspension, to the Goomastah of your Cutchery who officiated for him, and they direct that the whole sum shall be paid to Shaik Dawood. you will also be pleased to report what particular circumstances made it necessary for you to depute a person from your own office to take charge of the Talook instead of permitting it to devolve on the Talook Sheristadar according to the regular and ordinary practice.——

6. I am instructed finally to point out that your suspension of the Tahsildar without making a report of the fact to the Board was a breach of their repeated orders, and to request you to be careful that such shall not occur again.——

Sir.

I have the honor to enclose a Plaint / with Translation / preferred against myself as Successor to Mr. Lushington, and against the Peshcar of Butkul and one Syed Mohideen by Mahomed Bapoo Hader Saib of Butkul in the Honorable Zillah to recover a Piece of Land and the sum of Rupees 4 — 3 — as. — p. which Mr. Lushington Caused him to deliver to Syed Mohedeen, together with the Draft of my proposed answer.—

Mr. Lushington's orders being Decisions under section XI Regulation V of 1822, I have confined myself entirely to the plea that the Revenue Authorities are not liable to be sued, for acts done in the exercise of the Judicial powers conferred by that Regulation.—

Deed of Sale bothmy Elder Brother and
his son enjoyed it.- Afterwards when the
said land had been purchased by me and
had come in my possession, and I for the
purpose of improving it, had cut certain
Hone Trees for the purpose of planting
Cocoanut Trees, the 3d Defendant repre-
-sented that the said land belonged to him
the 2d Defendant without holding a proper
enquiry reported in favour of the 3d De-

passed an order on the 15th August 1841 de-
-priving me of the right to the said land
and awarding it to the 3rd Defendant, and
directed that I should not interfere with
the said land, and that I should pay on
account of Trees cut by me damages to
the Amount of Rupees 2 1/4 to the 3d Defend-

to Mr. J. D. Lushington late Acting Sub Collector of Canara for the recovery of a certain Piece of Land situated in the Village of Salee belonging to the Soorgadee Magany of the Honore Salook, valued at 20 Rupees which Mr. Lushington ordered to be made over to the 3d Defendant, and also for the recovery of Rupees 4-3- as which Mr. Lushington caused him to pay to the said 3d Defendant as damages for certain Trees cut by him on the said land, and for removing some Cocoanut Trees and a Fence planted by the 3d Defendant.

In answer to this Plaint it is only necessary for me to state that the Decision of Mr. Lushington was made by him in virtue of the Civil Judicial Powers with which he was vested by section XI Regulation V of 1822. If dissatisfied with the Decision the Plaintiff was competent to appeal to the Zillah Judge under section XVI of that Regulation, but I beg to submit to the Court that no suit can be sustained against the Revenue authorities on account of their Proceedings under the said Regulation.

It is true that the Regulation is not quoted in the orders, but as it is specially

on account of a decision made by the late additional Sub Collr. Mr. Lushington in a dispute regarding the title to a small piece of land investigated and determined by him under Regulation V of 1822 and recommending that sanction may be given to defend it at the public charge.

Sub collector of Canara, and pleads he desires to be authorized to defend at the cost of Government.

2. The cause of action is a decision made by the late Additional Sub Collector Mr. Lushington, in a dispute regarding the title to a small piece of land, investigated and determined by him under Regulation V of 1822. The ground taken by Mr. Parker in his defence is that a Collector is not liable to an action for acts performed under the Regulation above cited, under which Mr. Lushington's order in the present instance was passed.—

3. This is a valid plea, the powers vested in a Collector by Regulation V of 1822 are judicial, and a party deeming himself wronged by their exercise, must seek redress, not by a suit against the Collector but by an appeal from his decree, to be preferred within a limited term as prescribed in Section XXII. The Board therefore recommend that Sanction may be given to defend the present action at the public charge, as requested by the Acting Principal Collector.

I am not aware whether the required explanation has been afforded by the Superintendent of Police relative to the measure contemplated by him of placing Peons over the arrack and Toddy Shops at the expense of the Venders which Government were led to suppose was unauthorized by any Regulation or order but at all events I think that when the sale is being conducted for a time by Circar servants the employment of any Peon at the public expense for purpose of Police is unnecessary. I most respectfully take the liberty to bring the following circumstances to your honors humane consideration begging pardon for the intrusion.-

That I was entertained in the year 1813 in the College of Fort St. George and continued in it as Moonshee to the several Gentlemen noted in the Margin up to 1820.- It had been a rule in the College to allow half pension to its Servants if they had served a period of 10 years. There was subsequently a rule established that when a Moonshee had no Gentleman to attend on he received no allowance for the time being, and I being similarly situated Mr. Mortlock the then Secretary to the College sent me to Revd. A. Ridsdale and I attended that Gentleman as

To J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George

1

From the Collr. of North Arcot. } Sir, Para 1. Streenevasa row, Tahsildar of Caverypauk has been charged before me with malversation in Office in the following instances

Reporting that Streenevasa Row Tahsildar of the Caverypauk having been charged with malversation in Office has been this day suspended from Office under the circumstances set forth.—

In appropriating to his own use for some years past portion of the sum allowed as Tuccavy.—

In levying for his own use in every year extra cesses of grain and money and anticipating this usual extra cess last year to meet certain extra expenses to which he stated he had been exposed.

ORIGINAL DESTROYED

In forcing labour and cutting down some hundred Trees belonging to Government for the construction of 2 Houses, one in Chennasamoodram and the other in Natary, valued, as is alleged, at Rupees 12,000.

2. Preliminary enquiry has been made into the foregoing Charges and as the

the result leads to the supposition that they are well founded, Streenevasarow has been this day suspended from Office.

3.

It is also proper to notice with reference to the Collections in this Talook that the amount to be collected as per Return of the Harvest up to the 31st. December 1814, was Rupees 31523 — 5 — 4 the actual collections up to the 15th. January 1815. Amount to Rupees 22.899 — 8 — 4 only. In my letter to the Board recommending the removal of Streeputty Row, Tahsildar of Trivel: lum from Office I mentioned that an im: pression existed that "removal from Office was not likely to be allowed" and that this had led to consequences injurious to the public Interests. The ground on which it was considered expedient to re: move Streeputty row from Office makes it necessary that the fullest investigation should take place into the conduct of Streenevasa row, who has now been suspended.

15th March 1815.

4

It is further proper to observe that Streenevasa row has committed certain irregularities as a Police Officer which will be duly noticed in the final disposal of his case.

Resolution thereon.

Under the circumstances stated by the Collector the Board approve the suspension of Streenevasa Row Tahsildar of Caveripauk — Talook.

Mr. Goldingham should lose no time in proceeding with the charges brought against the Tahsildar under Regulation IX of 1822; and after coming to a decision he will be pleased to report the result for the Boards' inform: ation, submitting at the same time such re: commendation, as to the dismissal or restoration of the Tahsildar as may seem to him proper.

Sir,

With reference to Minutes of Consultation No. 1316 under date 16th. December 1844 I have the honor herewith to transmit a small packet of new Orleans Cotton grown on the Experimental Cotton Farms.—

2nd. I beg however to observe that I do not consider it a favorable sample as the best part of the Crop of the field from which was taken was completely destroyed by heavy rains in October just as it was coming to maturity. The same field has since nearly matured a second Crop which I fear will suffer the same fate from the late heavy rains.

3rd. Mr. Wroughton's Cotton, with which it is to be compared not being at the time quite so far advanced fortunately escaped injury, or rather I should say derived benefit, from the rains which destroyed ours, and has in consequence yielded one of the best

best crops that has yet been gathered in this part of the Country both as regards quantity and quality.

Having had occasion to bring to the notice of A. I beg to enclose a copy of my letter to Mr. Freese on the subject which appears to have been handed over to the Extra Assistant to the Collector, R. K. is "most uncourteous" for although the Official Servants alluded to, are not under my immediate authority, yet I consider, that I have done nothing more than my duty, in pointing out to those under whose authority they are, their irregularities, or neglect of duty on their part, without personally interfering with the individuals in question as particularly the Licensed Arrack Shop Keepers, could not sell Liquor to Europeans, as they are constantly in the habit of doing, without the knowledge of the Peons on duty there.—

I beg to add, that there have been Robberies committed in the Cantonment during this Month which also shews a want of vigilance on the part of the Tahsildar and his Peons.—

May I therefore beg the favor of your submitting the case for the consideration of His Excellency The Most Noble, The Commander in Chief, for His Lordship to decide, as to the propriety of my having brought the conduct of the Official Servants alluded to, to the notice of the Collector.

Pullecarney.

Sir,

I take leave to bring to your notice, that the Bazar Men and other Inhabitants at this Station, are in the habit of throwing a quantity of dirt (such as Sweepings of the Bazar &c.) into the South East angle of the Fort Trench, and for the removal of which, I have been under the necessity of employing the Scavengers Cart, which is solely for the use of the Barracks and other Public Buildings, &c. &c. may, I therefore request the favor of your directing the Tahsildar to prevent a recurrence of the same, by causing all householders and others to carry the rubbish to some convenient distance which he can point out.

I beg to add, that the Bazar generally is not kept in that cleanly state, which is so conducive to health, and which a little more attention on the part of the Peons would remedy, but it appears to me, they are more generally employed by the Tahsildar to accompany his Bandy going to and returning

Fort St. George 27th January 1845

returning from his residence at old Poonamallee, I would also add, that there are several retailers of Arrack, or in other words "Sly Grog Shops" in and about the Cantonment, which might be detected if more vigilance was observed on the part of this Functionary, and is most desirable should be put down from the Number of European Recruits now at this Station—

a net decrease of Rupees 1064-2-8-7 not=withstanding the increase which appear under the heads of abkary small Farms and Moturpha amounting in the aggregate to Rupees 6667-11-0

2. Under the head of Sayer alone the decrease is Rupees 16,326-15-7 of which sum Rupees 7,562-13-5 is properly attributable to the abolition of the Inland duties during the last quarter of the year under review while 8,764-2-2. was occasioned by the view taken by the late Principal Collector of the orders of the Board of Revenue and omitting to collect frontier duty on a considerable quantity of betel nuts (Puttum) imported into his District from Mysore. Had those orders been duly understood it is probable that instead of exhibiting a decrease the Frontier duties would

would have evidenced by an Increase the impulse which the removal of the ordinary inland duties might be expected to have communicated to all branches of Trade. The Most Noble the Governor in Council having however already had this subject under his consideration does not deem it necessary to enlarge upon it in this place.—

3. The Government observe with satisfaction that no balance whatever are outstanding on account of former years and for the current fusly only 36-4-6.—

4. The gross Collections were 497104-7-7 and the Charges 13526-11-3 leaving a net Revenue of 483477-12-4 exceeding that of the preceding year by Rupees 10904-11- a result which would in all probability have been still more satisfactory but for the cause stated in para 2.

a much longer time than it has already taken to conduct this enquiry, that I have attempted to seek for information respecting the whole body of weavers residing in the District. I thought it better, therefore, to single out the Villages in which the cloth trade flourished most, and to obtain such accounts concerning them as might lead to a fair general Estimate of the former and present general condition of the weaving classes. Unfortunately the storm of 1839 destroyed the records in some of the Divisions and thus rendered it impracticable to ascertain

ascertain the statistics of Lorings and one or two other principal weaving neighbour= =hoods during former periods.—

No 2 — 3. An account has accordingly been prepared and is herewith submitted, exhibiting with respect to thirty three Villages scattered over the face of the whole District, the yearly average of the No. of weavers houses, of weavers, of Looms and average total value made in a year of Six principal kinds of cloths for each of four periods past containing five years each, thus giving an idea of these statistics for the twenty last years. In the Column of remarks are shewn the average prices per piece in each of the before described periods of the said Six kinds of cloths, the causes of the increases or decreases in the different Columns of the account and a rough Estimate of the profits formerly and at present made in the weaving trade.—

the different periods in the manner set down in the following abstract.—

5 The Company's Fac= =tories were abolished in the year 1830. Immediately pre= =vious to this, it seems that although in these Villages the Number of weavers were less than at present, the Value of Cloth manu= factured of the better kinds was very much great= =er than subsequently and on consulting the Column of remarks, it seems to be en generally agreed, that the profits of the Craft are now very considerably less (on the finer Cloth) than they used to be, so that in the present day a much smaller value of Cloth is made by a much greater number of workmen, and the profit upon each piece of cloth is a great deal less than was formerly the Case. This is perhaps sufficient to show, how very depressed the cloth trade is now in this part of the Country. The calculation of the

Fort St. George 27th January 1845

the rates of this depression is too intricate to be satisfactorily made, but as a very distant approximation indeed the following may perhaps serve. Before the abolition of the Factories, 3,399 weavers produced in a year cloth of the value of Rs 3,09,670 - i.e. on an average about 91 Rupees worth each - Now only the average worth of 51 Rupees is manufactured by each of 3,639 weavers, or who make cloth of the total value of Rs 1,85,440 - On striking an average of the Cost of materials for making 100 Rupees worth of Cloth, as set down in the remarks to the account referred to, it seems that formerly it was 63 Rupees, now 79 Rupees, that is the profits to the weaver on every 100 Rupees worth of cloth was formerly about 37 Rupees and is now about 21 - So that, each weavers formerly gained about 35 Rs and at present about 11. that is, without deduction for the trifling Cost and wear and tear of the tools of his trade, thus making out the present compared with the former state of the trade, the depression to be in the ratio of little more than 1 to 3 - The above, as already remarked, is to be taken as a very rough Estimate indeed but perhaps

Fort St. George 27th January 1845

perhaps does not greatly understate the average profits of the weaving trade, for, it will be seen further on, in the course of this report, that a very competent authority asserts the profits now adays of a fully occupied weaver of the best description of cloth not to exceed 24 Rs and it is to be remembered that as the weavers usually work with thread made in their own families, the materials do not cost to them the prices here set down -

6. To give a fair view however of the comparative conditions of the weavers as a body now, and formerly, it must be borne in mind that formerly the weavers had great advantages in command of money and the certainty of their trade - There were consequently independent and substantial men among them - They are now a more numerous

numerous caste perhaps but poorer and their earnings more uncertain - In the days of the cloth trade with England, when there were two Factories in the District and several European and Native private Merchants settled at Ingeram and Maddapollem, the advances yearly distributed among the weavers were very great - Those given by the Company each year from 1793/94 to 1829/30, I have ascertained from the old Commercial records deposited in

Vide statement No 3

in the Collectors Cutchery. And for 20 years before the abolition of the Factories, it seems that about 7 laes of Rupees on an average were annually advanced to the Weavers in this District - considerable sums were likewise every year advanced by private speculators, but what they amounted to I have not been able to ascertain - It has not been possible to discover what was the whole number of looms in the District during the days of the Factories and export trade in Cloth to Europe - Our accounts do not shew them, for the looms Employed under the Factories were not imposed with Motupha, and I am informed that when Mr Lewin was Collector, he endeavoured ineffectually to ascertain through the old servants of the Factories, what number was employed to work for those Establishments - But Mr Linares, a most respectable Gentleman, who has been for upwards of thirty years resident at Ingeram and traded largely in cloth as long as it was possible, in a private note to me, says "From the year 1814 to 1830, there were nearly 15 thousand Weavers constantly employed by the Company, and about 5 thousand by private trade, a Weaver employed in making

making 12- 14- 16- and 18 Punjums Cloth for the Factories of Ingeram and Maddapollem could weave and was obliged to deliver two pieces a Month. The estimated profit at the present time of a weaver, who makes 2 pieces of Cloth denominated Company's standard in a Month, is 2 Rupees, that is one Rupee per piece, but one piece of Cloth Company's Assortment costs today from Rs 5/2 to Rs 5/3 which the Company's paid at Rupees 8, annas 2"

Mr. Linares's estimate of the number of weavers (as it seems from the enclosure No. 2, that the number of weavers always exceeds that of looms) agrees sufficiently well with that of Munnum Veneatanatnum, an extensive Merchant at Ingeram and proprietor of the Goatalah Estate in this District, from whom I have obtained much information on this subject, and in particular, two accounts in English one of which shows the downward progress of the trade in Punjums from the year 1824, the other is an abstract of the same nature regarding Izaries, Vonies, Shaggahs and other inferior fabrics - In a note to the second account, he states that there used formerly to be about

about 1500 looms in this District, whereas he supposes there are now but about 4000 - He means, I conclude, looms employed in weaving the finer Cloths, for, our Motupha accounts shew that the taxed looms now are a great many more than that - How far he is correct respecting the number in former days I am not able to say, both because we have no record of the number employed under the Factories nor until 1820 of those existing in the Zemindaries, and the Motupha of the Pittapoor Estate was not resumed till 1836 -

7 Two more accounts are appended to this report, confirmatory of the declining state of the Cloth trade - They are prepared from the records of the Sea Customs Department, one of them shows the quantity and value of Cloth exported by sea out of this District from 1821/22 and distinguishes the exports to Bengal, to other Ports under the Madras Presidency, and those to Europe and elsewhere; The second account is a Memorandum of the Drawbacks paid upon piece Goods from Fasly 1234 To 1824-25 - These accounts prove that the exports have dwindled from 6000 Corges, with 974,000 Rupees to 2000 Corges, with 107,000 Rupees and the average annual Drawbacks from

about

about 6700 Rupees to about Rs 25000. —

8. The decline of the condition of the weavers in this District is dated from the abolition of the Factories, and the extinction of the trade in Cloth with England. The improvement in fact of Machinery in England has been the overwhelming cause of the ruin of the Manufacturers of Cloth here. Other circumstances have combined also to depress the weavers but to nothing like the same extent. Among these is the general failure of the Zemindars and landed Proprietors. These persons and their retainers formerly required considerable quantities of fine and expensive descriptions of Cloths, of which scarcely any are now made. The extraordinary succession of adverse seasons has also added to the distresses of the weavers as well as of all other classes. —

9. But this last named cause, it is worthy of remark, has tended in a great degree to mitigate the effect which it had a share in producing. The dearness of grain in this District and the want of other outlet for Capital, after the failure of the Cloth trade, gave rise to a

a new traffic, which has been carried on to a great extent. Paddy has been imported for some years past from Arracan in so great quantities as to reduce the cost of food below what has been ever remembered before. Ruinous as this has been to the unfortunate Cultivators and Owners of land, it has been so great a relief to the Weavers that they are able to obtain a market at Moulmein, Arracan, Hyderabad and other places for cloths, where they could not formerly, in consequence of the very cheap rate at which they can afford to make and sell them. The result here described may be traced in the Statement No. 2 which has already been so often referred to. In almost all of the Villages there named, it will be observed that the effects of the loss of the English trade in and soon after 1830, developed itself during the 2nd and 3rd periods of five years but chiefly during the 2d or at the time of the abolition of the Factories in the diminution of the Numbers of Houses, Weavers and Looms. It is said that a great many emigrated, but unfortunately the loss of the records at Coringa prevents

prevents its being ascertained how many. Within
the last five years however, there have been
many more Houses occupied by Weavers and
many more people and looms at work, and
yet the price of the whole quantity of Cloth
made has been less, that is more people have
been able to live upon a less income. And at
this moment there is a prevailing opinion that
the Weavers have more to do, and are in better
case than they have been in for a very long while,
and yet there is no rise that I know of in
the price of Cloths.—

10. The Board invite an opinion
regarding the measures which may appear proper
to be adopted for the improvement of the Cloth
trade. I fear it is not in the power of
Government to do any thing to restore it to
its former prosperity, and I am disposed
to think that it is not expedient at this
late period of time to extend any particular in-
dulgences to the Weavers. Some fifteen years ago when
the advances for the Company's investments and those
given by private Merchants were suddenly stopped,

and when so many persons were thrown
out of their customary employ, a
remission of the Motursha on looms and
of Transit duties on Cloth would no
doubt have been a material alleviation
of the privations and hardship, which
must have been extensively and
severely felt, but since then, time
has restored the balance which was
disturbed. The superfluous hands
have been taken from the looms
and occupied in Agriculture, and many
persons have gone to seek Employment
at Moulmein, and even it is said
emigrated as Coolies to Bourbon and Mauritius.

A

Fort St. George 27th January 1845.

A new business has sprung up for the Weavers in Cloths suited to the Asiatic market of a kind not brought to the Country from England, and their circumstances are perceptibly improving under its influence - I thus look upon the present days of weavers as quite distinct from those who existed in the days of the trade with England, and as it is so long since that set has passed away and the present one seems to require no particular fostering, I do not perceive that it is any way incumbent on Government, at present at least, to make sacrifices of any kind in their favor. —

In consequence of the abolition of Commercial Factories and the import of all sorts of piece Goods from Europe and other places the demand for the said descriptions of Cloths has entirely ceased and the Weavers have become poor for want of Employment. The decrease in the Number of Houses and Looms in Palicole Village is attributable to the same cause. The decrease in the number of Weavers in the same Village has arisen as follows. 50 from casualties, 20 Emigrated to Mauritius and 10 enlisted as Sepoys. The Materials consisting of thread &c for weaving 100 Rupees worth of Cloths formerly Cost from 68 to 70 Rupees while they now cost from 85 to 88 Rupees.

During the other 3 Average periods though the Nos. of the Looms increased. Yet from the abolition of the Company's Factories the weavers were gradually obliged to weave sundry Dhovaties Vonies Angarustrums and such like Coarse fabrics for the use of the poor people and for a very small profit. The Materials Consisting of thread Vra. for weaving 100 Rupees worth of cloths formerly cost 80 Rupees while they now cost from 70 to 80 Rupees. During the first average period the circumstances of the weavers were very prosperous from their being employed in the manufacture of Punjum Cloths upon the Contracts of both of the Company's Factories and of Private Merchants. These being since gradually decreased and owing to the import of all sorts of Goods from Europe and other places the Weavers have been obliged to weave mostly Dhotis and Women's Cloths for the use of the Natives and for very little profit some of them are now living upon agricultural labour and some have gone into the Vizagapatam District where it is said they are not charged with Motturpha. But no decrease in their number worthy of Notice has occurred owing to the occasional arrivals of some new weavers. The Materials consisting of thread &c. for weaving 100 Rs worth of Cloths formerly cost from 62 to 75 Rupees while they now cost from 83 to 90 Rs. The following are the prices of Cloths woven in these Soony Pettahs.

Dhovaties and Women's cloths. The gradual decrease in the total value of cloths has been the effect of the abolition of the Commercial Factories after the first average period and is partly also owing to the falling off in the demand for all descriptions of Piece Goods manufactured in this District. The state of the weavers is also reduced for want of Employment. The decrease in their number (as well as in that of looms) has arisen from some of them quitting their Villages and going for work to Payakarowpettah and other Villages of Vizagapatam District and to Ganjam. The gradual decrease in the total value of cloths woven is attributable to the abolition of the Commercial Factories and the falling off of the private trade. The decrease in the number of weavers in some Villages and increase in others is only ascribed to some weavers quitting one Village and Settling in another to earn their livelihood deaths and emigration have also affected the Numbers, the Numbers of which cannot now be ascertained. The weavers are now in a very distressed state from want of Employment. The following are the prices of cloths woven in these Villages.

Remarks.

as there is no decrease in the number of houses, weavers & looms it is not necessary to make any remarks about it. The weavers generally used to weave in the Villages of this Division only the Cloths from 12 to 16 Cunjum Dhovaties, Womens Cloths, and Vonies, no contracts were ever given for Cloths in the Villages of this Division by the Company's Factories (in consequence of small Nos. of looms) but since their abolition and the gradual extinction of private trade the thread having become Cheap has reduced the profit on the Cloths. The Materials consisting of thread &ca. for weaving 100 Rs. worth of Cloths formerly cost 60 Rs. while they now Cost 75 Rs. The following are the prices of Cloths woven in these Villages.—

The Company's Factories having since been abolished and the Private Trade gradually annihilated they are earning their living by weaving only the Dhovaties, Vonees, and Womens Cloths for the use of the natives for a very little profit. It appears that in the Village of Cantravoolapilly alone, the weavers occasionally make up a small quantity of 12 Punjum Salem pieces or half Cloths measuring below 30 Cubits in length and 2 Cubits in Width, Valued at 2 Rs. 2 As. but so few as to be not worthy of Notice. The Decrease in the Number of Weavers (as well as their houses & Looms) during some Average periods is ascertained to be attributable partly to deaths and partly to desertions from the Villages in search of the means of Livelihood. The increase in their number during some average periods is ascribed to Arrivals from other Villages for temporary residence or profession. The Materials consisting of thread &c. for weaving 100 Rupees worth of Cloths formerly Cost about 70 Rs. while they now Cost about 80 Rs. No 5 Memorandum Shewing the prices of the Izzaries Thaggahs and different kinds of private cloths existed from 1824 up to the year of 1844—

Distinction of the years	Izzaries	Thaggahs	Punchies and upper Cloths &c.
From the year 1824 up to the year of 1830.	1 Izzary was sold from 6 to 10 Rs with reference to their qualities	1 Thaggah was sold as far as 32 Rupees	1 Pair of Punchies— 1 Do of Upper Cloth. 1 Turband— 1 Woman cloth There Appears an abatement of 25 per Cent upon these kinds of laced and plain Cloths, upon considering the prices existed in the year 1824 and those sold for subsequently up to this year 1844—
Do from 1831 up to the year of 1836.	1 Do was Sold from 6 to 8 Rs Do Do.	Do was Sold as far as 28 Rs	
From the year 1837 up to 1844	1 Do Do from 5 to 6 Rs Do Do Do	1 Do Do 24 Rupees	
Present prices.	1 Do Do 6 Rupees.	1 Do Do 22 Rupees	

The above prices were nominally exhibited for the above cloths but large quantities were never took by any one, at times, if any Gentleman requires 3 or 4 Pieces they are accustomed to take at the above suggested manner—

1 Rajahmundry Dungary
1 Demity
1 Cambrick
1 Muslin
1 Gingam
These are selling still according to the former prices because Gentleman would never require more than 1 or 2 of them—

Remarks.

No 1. In this Zillah formerly Messrs late Richard Keating John Lenares and J. Mackenzie &ca having been in the habit of purchasing cloths from 12 to 18 punjum assortments up to the amount of 10 Lacs Rupees every each year, the merchants Weavers and Washers &ca had then earned a better livelihood and safely passed their time.—

No 2. As there appears no purchase of even 10,000 Rupees cloth in a full year now a days, this country is not only received but made some population quite poor and induced several Weavers and Washers &ca to repair to Moulmein, Mauritius and Bourbon &ca coasts to get their subsistence there.—

No 3. Formerly there were nearly 15,000 Looms in this District out of which 8,000 were engaged under the Honorable Government and the rest of the 7,000 were employed under free merchants &ca and I think there may be now about four thousand Looms.—

Secretary to the Board of Revenue

Fort St. George

Sir,

From the Collr of Masulipatam. Furnishing explanation regarding the large amount of Salt Extra charges estimated for Fusly 1254.

Para 1. With reference to an Extract from the Board's Proceedings under date 28th November last, in which explanation is requested as to the large amount of Salt Extra Charges Estimated in the current Fusly 1254 A.D. 1844/45, I have the honor to state that the Estimated charges amounting to Rupees 3976-12-4 tho' exceeding those of Fusly 1250 A.D. 1840/41 51 and 52 41/42-42/43 fall below those for Fusly 1253 A.D. 1843/44 which as. R. amounted to Rupees 4273-14-4; the quantity of Salt estimated for Fusly 1254 A.D. 1844/45 both manufactured and swamp being 3,640 Garces and that for Fusly 1253 A.D. 1843/44 Garces 2,350.—

2 Adverting to the Board's remark that the disbursement of Rupees 1,200-"-" for the purchase of long Grass for covering Salt heaps appears too high, I beg to explain that the Estimate has been framed with reference to the hire of Bandies employed

Fort St. George 27th January 1845

employed in conveying the Grass from Villages at a considerable distance from the Coteaux in consequence of nearly the whole lands situated in its vicinity from whence the Grass has been hitherto procured, having been inundated by the freshes of Godavery in Fusly 1253 A.D. 1843/44 which abstracted the growth thereof and in consequence of which its price has been enhanced.—

3 The other charges of Rupees 500 is Estimated for the hire of Conveyance

conveyance of Manufactured Salt from the pans to the platforms as well as for putting the same into heaps after Measurement, and is entered as a separate item to shew the expence on this account in lieu of including it with the hire payable for the manufacture of Salt.

4. It will be observed that the other items have reference to the quantity Estimated, with which they vary and which, therefore necessarily for the current Fusly must exceed those of the preceding in as much as the quantity proposed to be collected and manufactured is greater.

Proceedings thereon, Para 1
Relative to the Settlement of the Extra sources of Revenue in the District of Guntoor for Fusly 1253 1843/44.

Here Enter No. 92

Settlement		
1252	4,03,700-7-11	
1253	4,60,477-1-10	
Increase	56,676-9-11	
Increase	71,347-10-6	
Decrease	14,671-0-7	
Net Increase	56,676-9-11	

The settlement of the Extra Sources for the Fusly under review exceeds that of the preceding Fusly by Rupees 56,676-9-11. The main increase has occurred in Salt and in the Sea Customs, Abkarry, and Stamps there is also a surplus but in the Sayer, Sundry small Jarms and Miscellaneous there has been a falling off.

Salt 2. The Board observe a small discrepancy between the Salt Revenue Settlement and the Demand Collection and Balance Statement for 11th July 1844. of Rupees 10-14-5. which requires explanation

In Statement No. 2		3,46,178-4-6
In Demand Collection and Balance Statement for 11th July 1844		3,46,167-6-1
Discrepancy	10-14-5	

But

Fort St. George 27th January 1845

But assuming the former amount, Viz.t Rupees 3,46,178-4-6. to be correct there appears a Net increase of Rupees 69292-1-5 in Fasly 1253. compared with the preceding year

1252	2,76,886-3-1
1253	3,46,178-4-6
Increase	69,292-1-5

3.

This increase is ascribed to various causes, Viz.t, the increased price fixed by Act VI of 1844, which came into operation from 1st April of that year the demand for home consumption, and the increase in the quantity of Salt sold for Exportation by the land Frontier, as detailed in Paras 4 and 5. There was also an increase in the Extra Revenue of Rupees 146-9-11. from the recovery of advance to Salt Manufacturers, as stated in Para b of the Report thus making a total increase under this head of Rupees 69,438-11-4

Extra Collections Para b.

Sayer

1252	57,405-10-8
1253	43,422-1-4
Decrease	13,983-9-4

4. The Collections on account of Sayer amount to Rupees 43,422-1-4. being below those of the previous year by Rupees 13,983-9-4 In the Exports and Imports there has been

Fort St. George 27th January 1845

a falling off of Rupees 13,873-1-7 in the former and of Rupees 110-7-9. in the latter while an increase in the Extra Revenue of Rupees 114-15-3. above the preceding Fasly reduces the Net Decrease of Fasly 1253. to 1842/43 Rupees 13,868-10-1.

Para 8.

5. The decrease in the Exports is shewn to have arisen from the comparison of only 8/12 months of the Fasly to the 1st April the date of the abolition of the Sayer with the whole 12 months of the former Fasly and from the alteration which was made in the levy of duties on Goods passing into the Nizam's territories for although the Frontier duties show an increase of Rupees 2531-4-5. the articles which were exported subsequently to the month of March, with the exception of Tobacco and Cotton did not pay general inland duty at the rate of 5 per Cent but became liable to the rate of duty at 3 per Cent according to Schedule B of Act VI of 1814.

Para 9

by Sec: IX Regulation I of 1812.

6 The Revenue derived from the Sea Custom duties in the year under consideration exceeds that of Fasly 1252. by Rupees 1378-8-8. 1842/43 in consequence of increased Exports and of the levy of import duty on Rice & Paddy. The

Board remark that the result of the Exports shewn in Para 14. do not correspond with the statement given in Para 13. of his letter and they request the attention of the Acting Collector, to the discrepancies exhibited in them.

Abkarry

1252	14,562—5—4
1253	14,883—6—4
Increase	321—1—4

7 The Abkarry was altogether under rent and realized Rupees 321—1—4 above Fusly 1252. The whole demand has been collected with the exception of Rupees 42—4—4. In the Extra Revenue there is an increase of Rupees 579—5—6. of which Rupees 561—15—3. has arisen from the sale of Palmyra trees blown down in the severe storm in May 1843.

Sundry small Farms and Licenses

1252	9,630—1—3
1253	9,125—9—3
Decrease	504—8—4

8. In the Settlement of this source of Revenue, the injury done to the Palmyra and Date Trees in the storm above noticed, has caused a decrease of Rupees 504—8—4 compared with that of Fusly 1252 / A.D. 1842/43. The Collections under these heads during the Fusly and subsequently amounted to Rupees 8,856—11—5. leaving a balance at the date of the Report of Rupees 268—13—10. of the arrears of

Fort St. George 27th January 1845.

of previous Fusleis there still remains a balance of Rupees 136—10—8. composed of small sums unadjusted. The Board desire to be informed what parteon are recoverable in order that the remission of the remainder may be recommended to be written off.

9 The Moturpha Revenue for Fusly 1253 / A.D. 1843/44. exhibits a decrease of Rupees 182—15—3. compared with that of the preceding year. There is an increase in the Loom tax of Rupees 377—15—5. denoting an improvement in the condition of the weavers and their gradual recovery from the effects of the Calamities they experienced in 1832.

10. The Board's attention has been drawn to the report furnished by the Collector on the circumstances of the weavers in this Zillah together with a statement of the tax leviable on Looms which will be taken under consideration on the general disposal of this subject.

Proceedings Relative to the Management of the Mootah of Vullacottah in the Chingleput District for Fuslies 1262. & 9. 1812/13. and 1253 1843/44. -

(Here Enter No. 1169.)

thereon. Para 1. The Mootah of Vullacottah in the Chingleput district came under the Management of the Court of Wards in the Year 1812. and comprised 5 Villages Assessed with an annual Peishcush of Rupees 2,422 — 9 — 6. -

2. These Villages the Collector attempted to rent on an annual or triennial lease, but owing to the depression in the price of produce he was obliged to revert to the System adopted by the late Owner of cutting the Crops and Selling the Mailwarum grain at the Market price - The result of the two Years now reported on, is however some-what more favorable than in fusly 1251 as shewn in the Memorandum appended to para one of the report. -

3. At the time that this Mootah came under the Management of the Court of Wards the Balance of Current Peishcush Amounted to Rupees 2,023 — 9 — 6. the whole of which was adjusted before the

With reference to the correspondence noted in the Margin relative to the claims of Chendryah, the Meerassy of Coodyanjee in the Vellore Talook, I have the honor to state that Chendryah claims entire exemption from Jodee for the Curnum Enam land in his possession on the ground that it is the service Mauniem of Curnum and yields the fair emoluments only of his office. This Amount is $8\frac{1}{16}$ Pags. $\frac{1}{12}$ per Cent on the Beriz of the Village in Fusly 1232. The Curnum is entitled to $8\frac{8}{16}$ Pagodas per Cent on the Beriz according to the Scale for regulating the emoluments of the Offic fixed by Mr. Nisbet. Where the Amount actually enjoyed by the incumbent differed, whether more or less, to a small extent only from the amount which the Scale apportioned Mr. Nisbet confirmed the Amount actually enjoyed. In the present Case the actual enjoyment was confirmed by Mr. Nisbet, and it was only in consequence of the Complaint of Shaik Hussain setting forth that Jodee was payable on the land, that the demand was made. As the Petitioner Chendryah is in enjoyment of nothing more than what he was entitled to, and which was confirmed by Mr. Nisbet, the demand of Jodee was not just.

Q. Who erected the Court houses such as Zillah Court of Salem, Sudder Ameen Court &c. Judicial buildings, when, and how did those who erected these buildings, get the lands on which they are built, and when did these come into the possession of the Circar and in what manner, tell them all particularly?—

A. Mr. Macleod the former Collector of this zillah took a spot called Ayseal or Poombake

Fort St. George 27th January 1845.

Poombake Poonjah consisting of one Cooly bounded on the South by the Seapettah Road, on the North by the Nauchey Maury Mootoo Cundachartotum, on the West by the house of Rayda Karra Goveinden and on the East by Cotamaury emmen Pagodi near the river and built a Bungalow thereon which is now converted into Court record room 1, Writer's Office 2, Persian Mooursiffs room 3, and the present Jail is built on a spot where the Cook room and horse Stable stood. no teervah was fixed on it, but that Gentleman for the purpose of making a garden purchased the undermentioned spot of land from the holders of puttah, Viz.s, Vadooguna totum which was cultivated by Carootam and Vytee bounded on the South by the Ground attached to the above Bungalow, on the North by Nuttumpoonjahs which lies on the East of the Doctors Bungalow on the East by Venkatarayen Mundavamum land, Mundy Naiken totum and Colandy palany totum and on the West by Vellala Street consisting of Cooly 47/64 or Acres 2—32—4 bearing teervah Rupees 9—5—. These 2 sps which make Cooly 1 17/40 or Acres 5-7-12. being teerwah Rupees 15-13-3. were purchased in the years Nulla and Caulayoothy and con-verted into Garden but the teerwah was regularly paid by the said Gentleman who was afterwards appointed as a Col-lector of Coimbatore in the year Nulla and proceeded thither His successor Mr. D. Cockburn occupied the said Bungalow but Mr. Macleod continued paying Teerwah for 3 years Viz. from Siddausty to Doorumuddy third the Medium of his Moonshee Syed Ammudsaib. In the year Doondoobee Moota-dary system was introduced but from that period to this very date, the above spots are entered in the name of Mr. Macleod but the teerwah has not been realized. In the year Doondoobee Mr. D. Cockburn left Salem for Barahmal, and afterwards in the year Rootrorkarry Mr. Aufrere was appointed Judge of this Zillah who converted Mr. Macleod's Bungalow into Court House and there built a bungalow, Cook room, and horse stable for his own accommodation on the spot or field that

that was adjacent to the above Bungalow. The said Gentleman remained until the year Vibava and afterwards it was some time unoccupied and some time Judges Assistants and Registers used to dwell and hold their Court therein Mr. M. D. Cockburn made his Cutcherry therein when Mr. J. Bird was appoint-ed as Judge a Cutkand or loom Godown for Convicts was built on the same spot, Mr. Thompson who was a Judge of Salem caused a Court room and a Sudr Ameens Court on the East side of the same to be erected in the year Viah on the said Cundayem land. The late proprietor of Salem Mootah Nynamaul received for 7 years+ Verakum or share of Rupees 3-8-0 on Garden land including tamarind trees situated on the North side of the Joyal land on which Cutkana Loom Godown &ca are built. In the present year Yarvelumbee Mr. Fischer the present Mootahdar caused Indigo cultivation to be carried on in the said Garden which gave him a Vaurneem or share of Rupees 6. These circumstances I know, but I cannot say how Mr. Aufrere became the possessor of Mr. Macleod's property and how that property has come to

Translation of a deposition given before Sun-
japoor Streenivasa Row Tahsildar of Salem by
Maurymoottoo Gounden Moonsiff of the Village of
Maravanairy attached to the Cutcherry of Salem
on the 19th June 1841.—

2. It appears from the Patent accounts that a spot of land called Cundacharra totum in the Cutcherry Salem consisting of Coolies 17/32 bearing an Teerwah Pagoda 1—38—62 was entered in your name until the year Rakhasa corresponding with an Fusly 1205. of which Coolies 4/32 in the year Nala corresponding with Fusly 1206. and Coolies 13/32 in the year Cowlayoottie / corresponding with an Fusly 1208/ in all Coolies 17/32 were entered in the name of Mr. Macleod the then Collector of Salem deducting the same from your Puttah. Where is the said spot, and in what state it is now? explain distinctly?—

1175 Fort St. George 27th January 1845.

A. This spot lies within the boundary of the building now occupied by the Zillah Court, but it is impossible now to describe its former boun-daries on 4 sides as a portion of it is occupied by building and other portions by walls and cultivation a Well belonging to this land is still in extant under a tree called Aroosamarum on the West side of Mr. Aupree's bungalow now built, but it is almost choked up. From the West side where Cauladdy Palany's Betel garden is situated to the East side where Mr. Aupree's bungalow is built was my land, I cultivated it, and on which the bungalow is situated now. The East side of it as far as Vullalars Street was then lying waste under the denomination of Mundavalee and a portion of it is now occupied both by public road and bungalow. A spot of land from new Court House on the North side and 10 fathoms this side from the Carkana wall situated on the South side I gave myself for the purpose of building Bungalows &c. A sum of 20 Pagodas was offered to me but I refu-sed telling that I wanted a spot of land equal to it in some other place, when a spot of land in the Venkatarayer Mundavanum on the West side

side of this was given to me.—

Q. The spot called Vuddugum totum consisting of Coolies 47/64 was entered in the names of Kurrotun and Vaydee at the time of paymash and subsequently in the name of the above Gentleman how is it now situated and where it lies, can you state any thing regarding it?—

A. The said spot was situated next to my Cundacharra totum land on the South side as far as the present Court gate. On the same spot the Carkana has been built the Well belonging to it is still in extant under the Arrasuna tree within the Carkana wall.—

Q. How the land that was lying on the North side to yours was then situated?—

A. From the boundary of my spot as far as the boundary of the Mannieum land belonging to the Moottah was lying waste but on which Mr. Macleod's tent was pitched and consequently it was entered as Daraponumbake.—

Q. Where this Nuttum poonjah land lies and how far it extends, tell, if you know it?—

A. On the South side of both the wall of Carkana which is situated on the spot called

called Vuddoogum totum originally cultivated by Caroatanna and Vydee and the Court gated by the above land lies and it was extended as far as the Nunjah land now situated on the other side of the public road. There is no ground attached to the Nuttumpoonjah on the North side of the Court gate and Carkana wall. This is what I know.—

Q. It appears from the plan now produced by you before the Huzzoor, that Mr. Aufrere's bungalow is situated on the spot called Nuttum poonjah. What portion of this land was included in the Court Compound?—

A. One Cooly of Nuttum poonjahs has been entered in the patent accounts in the name of Mr. Aufrere from the year

Ruttachee

Puttachee. Of this there is 9/16 Cooly within the Gate Walls of the Court and 7/16 Cooly out of it on the South Side.—

Q. One Cooly of land was deducted in the Pymash accounts as Dara Poonmbaker state where is this spot?—

A. It is on the road leading from Salem to Savahpettah on the North side of the Court Gate and amongst the spots of land occupied by Vulloovem Chavreddy Talook Cutcherry and the Houses of East Indians.—

Q. On my measuring last year the spots of land said in your Answer to be extending from Talook Cutcherry to Vulloovum Choultry they consist only of 9/32 Cooly. Where is the remainder portion of land Viz.t 13/32 Cooly, state this particularly?—

A. One Cooly of land was only deducted in the Ayaut accounts as Dara Poonmbake but in the accounts its boundary is not mentioned and consequently it is impossible to state where the remaining portion of land is situated.—

Q. From the measurement I made on the North side of the Court it appears that there must be half a Cooly including

Jareeb

Jareeb justee within the Court gate after deducting the land Viz.t Cooly 19/32 whilst so, what is the cause of your having stated that it is impossible to state where the remainder portion of land is situated?—

A. The land on which the Court is situated is on the South of the road leading to Savay petty, north to the Horse Stables of Mr. Hargrave, West to the road to Triplicane and East of the Garden of Mundy Naick, Caulady Maury Moottoo Veliachee Vyapoory and a Puttah was granted in the name of Mr. Macleod for this land and for the spots called Vadoogum Cottum and Cundacharra Cottum, the whole measuring Cooly 9/32 these together with a spot called Nattum poonjah measuring 1 Cooly for which a puttah was granted in Mr. Aupere's name include the whole of the buildings of the Court, but no other land is included within the Court gate.—

Q. In the Pymash accounts Nattum Poonjah is said to be situated on the West side of the spot called Pella Paroona poonjah and consisted of Coolies 2 21/32 of which Coolies 17/64 was deducted as Cullcarados or rocks and Coolies 2 25/64 remained— On measuring last

Fort St. George 27th January 1845.

last year the land situated on the South of the said land - the land on the South side on of the Court wall Cookies 2 25/64 was quite correct while so. How do you say that the spot occupied by Mr. Aupere's bungalow is Puttum on Poonjah?-

A. As there is only boundaries on the East and West sides of Puttumpoonjah and as the buildings of the Court are intermixed in the said 3 spots, it is impossible to state with reference to the accounts that the land measured by you last year on the side of the Pilla on Perma Pillay's land is an entire Puttumpoonjah.

2. Are there any persons who cultivated the spots called Cundacharrum totum and Vadoogum totum at the time of Pymash or who are acquainted with the bounds of the lands?-

A. There is one Maury Moottoo Gounden one of the old Ryots who cultivated the said lands at that time, but no others.-

To E. C. Lovell Esq.re

Fort St. George

Sir,

1. As Mr. Elliot, the Sub Collector and Joint Magistrate, considers himself unable to continue his administration of the Nellacotay talook on its recently reduced Establishment, I have the honor to forward his application for increase; and to enable the Board fully to understand his means at command, I take the liberty to forward the Pay roll as it stood before reduction, and as it stands now, since transfer of Canowady to the Zemindar; and to state that both then and now, five Risalah peons of the armed Civil Establishment have ever been in guards of the treasury, to the relief of that number of ordinary peons.-

2. When I proposed the present Establishment I conceived it ought to be sufficient, and the only reason I have to doubt the correctness of that supposition is the fact of arrears of business but how that is caused I do not know.-

3. In reference to the remarks of the Sub Collector and Joint Magistrate I beg to say I am not aware that Canowady is less tranquil now than when its revenues were collected directly from the Ryots by the Government Establishment.-

Sir,

I have the honor to acknowledge the receipt of your letter of the 2d Instant on the subject of the proposed increase for the Talook of Nellacottah, returning the form sent by me with certain portions filled up and roughly translated, for which I am much obliged to you. I have compared them with the original form furnished me in June last, and with reference to your suggestions respecting the apparent insufficiency of the grounds of the proposition, have taken the opportunity of the return to leave out the Hindwi Tomastah, and recommend a Police Royaum on 10-8- instead of 7 Rupees, likewise to reduce the number of Peons from 30 to 25 which will be more likely to meet approval. —

I have always brought to your notice the statements of the Tahsildar of Nellacottah respecting the maramat Maistry, and would sooner have seen an able Maistry belong to the Talook, than the superintendent taken away from other work in your Division for the purpose of attending in Nellacottah, but the plan was not intended to be permanent, but the limited amount of Maramat to be performed this year in that Talook does not appear to call for a Maistry at present. —

A Hindwi Copy accompanies this Letter.

Reports the appointment of Mr. George Bure Ramsay conservator of Wallaur Forests, Requests sanction for the discretionary disbursement of 1500 Rupees for felling Timber and also for the establishment shewn in the accompanying Distt. and submits a Copy of agreement entered into by Mr. George Bure Ramsay conservator

To C. C. Lovell Esqre.

Acting Secretary to the
Board of Revenue
Fort St. George,

Sir

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 18th Ultimo forwarding Copy of Minutes of Consultation of the 14th of that Month directing me to place myself in communication with Captain Williams or the local Agent for the Bombay Government and to use every exertion to meet the immediate demands of that Government for Timber without awaiting the completion of the establishment or of the arrangement to be made for the working of the Forests.

2. On the receipt of these instructions, I proceeded once more to Nirmalli, and on the spot collected all the information with reference to the time and circumstances attending the felling of Timber which I could obtain and

and which amounted merely to the fact — that from the adversity of the season and the great scarcity of water, that the Arimalle Forests could not be worked to a succes- -ful extent until the commencement of the S.W. Monsoon in May or June ne- -xt. In consequence of this information my attention was directed to the Wallia Forests, which I also personally visited, and my superficial examination having proved the existence of 4 or 5,000 Teak Trees admir- -ably adopted for the Bombay Go- -vernment, I instantly determined on making them subservient to my purpose.

3. With this view, I have engaged the services of a Native named M. Goaroo Buxe Ramsing (pending the approval of Government) on a Monthly Salary of /100/ one hundred Rupees to undertake the con- -servation and Agency of these Forests.

4. In time, I have obtained the assistance of a wealthy, influential and experienced person anxious to gain a good name with the Government, and in fact to follow in the steps of his — Father Biraramsing of Pealghaut who- during

during his life time did good service to the state which is acknowledged in the records of the Go- -vernment Office.

5. Experience teaches that a fixed Subsidy beyond that shewn in the accompa- -nying Statement will not answer, and that the most expedient as well as profitable arrange- -ment that can be made is the hire of daily — workmen.

6. Under the conviction of the pro- -priety of conforming to this mode of procedure which prevails throughout Malabar, the en- -closed Copy of Agreement entered into with — M. Goaroo Buxe Ramsing is forwarded which will prove to Government that their interests are vigilantly guarded.

7. It will be necessary to make advances — in the first instance and therefore, I request — sanction for the discretionary disbursement of /15,000/ Fifteen thousand Rupees to be ap- -plied to the purposes of felling barking, and carriage of the Timber, the value of which outlay, I am assured will be doubled at Pon- -nany in June next or with the first freshes that come in the Inegumpully River on — the banks of which this Timber will be

and which amounted merely to the fact
that from the adversity of the season and the
great scarcity of water, that the Arimalli
Forests could not be worked to a succes-
-ful extent until the commencement of
the S.W. Monsoon in May or June ex-
-pect. In consequence of this information

assistance of a wealthy, influential
and experienced person anxious to gain
a good name with the Government, and
in fact to follow in the steps of his
Father Biraraussing of Dindigul who

during

during his life time did good service to the state
which is acknowledged in the records of the Go-
-vernment Office.

Stipendy beyond that shewn in the accompa-
-nying Statement will not answer, and that
the most expedient as well as profitable arrange-

be stored.

8 All that I have to request of the Board, considering the novelty and difficulty of the undertaking is their patience and confidence for six months after which period should my efforts prove unsuccessful or require modification, they may then be regulated accordingly.

9 It is to be understood that the timber to be supplied will be strictly in accordance with the musters furnished to me by Captain Williams submitted to Government.

Translated Copy of an Agreement entered into by Gooroo Dass Ramsing Iyer Son of Biraru Singiar Sowkar, a resident of Coimbatore in the Coimbatore, and of Palghaut in the Malabar Districts under date 19th Dec.r 1844.

Under instructions from Government Conveyed in an Extract from the Minutes of Consultation dated 4th of November 1844 which was accompanied by an Extract from the Proceedings of the Board of Revenue bearing

Fort S.t George 27.th January 1845.

bearing date the 18.th of that Month directing
the supply of Teak and Black Timber, con-
-sisting of Beams &c.a &c.a to be furnished to
the Bombay Government through the Agency
of the Cirkar from the Forests of the Coim-
-batore District situated both on the Hills as
as well as in the Plains, I have been appointed
Superintendent of the Sholacaray pudkey
Jungle &c.a situated east of the Wallier Ri-
-ver for working the Forests and also Agent
for the delivery of the Timber to the Bombay
Government on a Salary of 100 Rupees per
Mensem from the 1.st of January 1845, and I
do hereby promise and bind myself, that
I will perform the duties appertaining
to the said Office with regularity, integrity
and faithfulness, without fraud, favor or
partiality, that I will adopt measures
for the safe Custody of the Money and
other things which may be given into my
charge by the Cirkar, that I will disburse
justly and correctly the hire of the
several workmen employed in the fel-
-ling, preparing and carriage of the
Timber which I will regulate with reference
to

to the orders that may be issued to me from the Huz-
-zoor, and to the Rules to be framed hereafter,
that I will distribute the pay of Sibbendy
placed under my charge only for the period
they have actually served, that I will obtain
receipts for every payment and keep
also a particular Account for the same
specifying the dates, the names of the
Parties &c.a &c.a forwarding periodically
to the Huzzoor, reports and Accounts of re-
-ceipts and disbursements, and that I will
also hold myself responsible for any dif-
-ference which may occur either in the Money
to be entrusted to me or in the Timber to
be cut for supply to the Bombay Government.

As it will become necessary to
furnish me with Funds from time
to time according to my request and as a
security for this Money I have this day ten-
-dered as submitted in a separate Urzee 4, Five
per Cent Promissory Notes valued at 10,000 each
or 40,000 Sicca Rupees in the aggregate dated
5.th February 1829/30 N.os 635, 636, 637, and 638 re-
-ferred to in the Statement of interest transmitted
to me by the Accountant General and Sub
Treasurer

-sion of my patrimonial estate amongst
myself and my Brothers and the interest
of which I am drawing from long time I
do further promise and declare that these
notes are bonafide my own and have
never been sold, mortgaged or transfer-
red to any one neither will they be done so
hereafter. If any complaint occurs here-
-after that such is the case Government may
dismiss the same as a Forgery.

The interest accruing on the
said notes Viz. No. 635 to 638 will be re-
drawn by me as heretofore through the
Accountant General.

In the performance of the du-
-ties assigned to me should I be convicted of
having committed a fraud either in the money
to be entrusted to me or in the Teak wood

furnish me with funds both for working the Jungles, and for the pay of the establishment to be placed under my charge. It is also necessary to guard against any fraud either in the Money to be entrusted to me or in the Timber to be felled, that I should give good and sufficient security, and I therefore mortgage to Government as security four 5 per Cent Promissory Notes Nos. 635, 636, 637 and 638 dated 5th February 1829/30 which are referred to, in the accompanying Copy of a Statement of interest furnished to me by the Accountant General and Sub Treasurer under date 27th November 1844 No. 1080 each note is valued at 10,000 Sicca Rupees or 40,000 Sicca Rupees in the aggregate, which amount was paid into the Honorable Company's Treasury by my late Father Bisrampang Iyer, Sowcar, and the interest accruing upon these Notes, I have been drawing from a length of time as they have fallen to my share in the division of my Patrimonial estate. I have also entered into an agreement which is kept on the records of the Hoozoor Catcherry. The abovementioned four Notes are bonafide my own. they have never hitherto

hitherto been sold, mortgaged, or transferred to any one, neither will I do so hereafter without permission.

As I have been drawing the interest on the said Notes Viz.t No.s 365 to 638, I will still continue to do so under instructions from the Accountant General.

Under these circumstances, I respectfully request, you will have the goodness to forward a Copy of this Urzee to the Accountant General in order that the four Notes in question may be registered accordingly, and that I may receive the interest periodically as usual.

To the Actg Chief Secy to Government. } Para. 1

Submitting a letter from the Collector of Coimbatore forwarding a Statement of the Establishment proposed to be entertained for the purpose of working the Wallia-ar Forest in which a considerable quantity of Timber Suitable to the Bombay Government is available and stating that the Board see no objection to its entertainment also recommending that sanction may be granted to the Collr for the discretionary disbursement of Rupees 15000 to make the necessary advances for felling barking and carriage.

Dated 27th January 1845.

I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter with enclosures from the Principal Collector of Coimbatore dated the 30th Ultimo stating the measures he has taken to give effect to the Orders of Government communicated in the Extract from the Minutes of Consultation noted aside.

2. Mr Wroughton states that having discovered a considerable quantity of Teak Timber on the Wallia Forest suitable to the wants of the Bombay Government he had entered into an engagement with a person named Gooroo Bux Sing (Son of the late Bisram Sing) to undertake the conservation and Agency of these Forests, on the Monthly Salary of Rupees 100; and submits a Statement of the Establishment proposed to be entertained for the purpose of working the Forests entailing a Monthly charge of Rupees 246-8 inclusive of the Salary

The correspondence noted in the margin having reference to a proposition similar to the present was submitted to Government under dates the 13th June and 6th of July last, when the Board took occasion to point out the practical fiscal inexpediency of requiring the Venders of Arrack and Toddy within the Military limit of the Mount to defray the charge of the proposed Establishment not having been furnished with any further instructions than those communicated in para 2 of the Extract Minutes of Consultation dated 23d July 1844. The Board submit the present letter from the Collector of Madras for the consideration and orders of Government.

Sir,

1 I have the honor to forward Copy of a correspondence with Dr. Powell Chaplain of Bellary together with an application for some Flat places on the Top of a rock to the North East of Bellary Fort which he wishes to occupy with buildings &ca. —

2. This is an instance not provided for in the rules circulated to Collectors in your letter dated the 2d April 1835 During the general survey of the District, Hills, Rocks, &ca &ca together with any Table lands thereon were entirely excluded from assessment. In fact they are struck off the accounts as "Parempoke" the measurment of the places which Dr. Powell now proposes to occupy, amounts to acres 3 and Coontahs 34 being equal to Cawnies 2 - 21 - 2108 and this tract is not at present subject to any Tax. —

3. Under these circumstances, I have the honor to request you will inform me, whether Dr. Powell might be allowed to make use of the places on the Rocks free of Quit rent and without a permission Certificate. But if this document is considered necessary I request you will submit the application for the sanction of Government, and obtain their orders, at the same time as to the propriety of demanding Quit Rent which (with your concurrence) I propose to fix at a merely nominal amount. —

With reference to your letter of the 20th Ultimo I have the honor to inform you that I see no objection to your occupying the portion pointed out, of the Flat places on the Top of the Rock to the North East of Bellary Fort. It will however I believe be necessary for me to obtain the permission of Government. The land being waste I shall however request the Registrar of Government Grants to inform me at once should the Permission not be necessary. —

I shall therefore be obliged by your returning the inclosed application duly filled up and signed and annexing thereto a Sketch of the Rock and of the places required by you. —

Sir,

I had the honor to receive your letter of the 30th October last, on the subject of Dr. Powell's application for permission to occupy certain Places on the Rocks at Bellary and now beg to forward Copy of one from that Gentleman, by which you will observe that he prefers to have one Grant for the whole, as the places are not detached from each other, but all on the same Ground except a pathway. They are in fact mere rugged Rocks. I should imagine that it would not be unfair to accede to his wish. A fresh sketch of the place is accordingly enclosed, appended to a revised application, which I request may be substituted in room place of those forwarded with

I am of opinion that Dr. Powell's application comes within the intentions of the orders of Government referred to by you, that Gentleman wishing to occupy the place Cy with buildings (not for cultivation), that is, on terms other than those which are usual in the Cy case of native Ryots. A special reference to Government becomes therefore inevitable, and I request you will make it at an early date.

I propose to affix Cy this land at 1 Fanam (Canteroy) per Acre amounting to company's Rupees 4-6-4 per annum.

(Here enter 12th. December 1844 No. 1463)

Para. 1.

The Most Noble the Governor in Council is pleased to authorize Vaudroova Somapah being placed in possession of the Zemindry of Vagayempettah and under the peculiar circumstances of this case is disposed to view favorably his application to be relieved of the Arrears outstanding upon the Estate amounting principal and interest to Rupees 5,335-5-.-

2. Before passing Orders however on

Fort St. George 30th. January 1845.

on this point the Governor in Council is desirous of having the Board's opinion whether the measure would not place the Estate within the reach of private creditors who might effect its sale in liquidation of their debts, and thus defeat the object the Government has for many years past had in view, his restoration to his just rights. It occurs to his Lordship in Council that this might be obviated by the Government continuing to hold a lien upon the Zemindary on account of the present arrear of Peishcush but abstaining from demanding it. On this point the Governor in Council would wish to receive the Board's opinion.-

Extract from the Minutes of Consultation under date the 17th. January 1845

Read the following letter from the Secretary to the Board of Revenue.-

Reporting the several points to which the Commissioner to Guntoor should be chiefly directed and submitting the instructions which the Board would propose for his observance and that of the Acting Collector..

Para. 1. The object of the Government in

[Here Enter 16th Dec. 1844 No. 1869]

Fort St. George 30th. January 1845

in deputing a Member of the Board of Revenue as Commissioner to Guntoor is to investigate the causes of the present disorganization and depression of the Zemindaries which form the subject of the foregoing Communication with a view to de= =velope their real resources and to fix a mo= =derate Assessment in money on such principles as might tend to relieve them from embarrass= =ment and to promote their future prosperity.-

2. There are minor subjects of

+ Rs. 14,19,606
⊕ Rs. 67,65902

investigation relating to the Zemindar's private+ debts and to the adjustment of the large arrear⊕ of Peishcush outstanding upon their Estates.- For the settlement of these the Board of Revenue observe that no particular rules can be laid down.-

3 The Commissioner will limit his personal labours as pointed out in the orders of Government of the 16th November 1844 unless he shall see special cause to pursue his en= =quiries further when he will report the same for the orders of Government.-

4. It will be his duty in carrying those orders out to place himself from the first in communication with the Acting Collector to enable that Officer to follow up effectually the measures which may be finally approved

approved of ..

5

The Most Noble the Governor in Council is of opinion that the Commissioner should report separately and fully upon each Estate, should investigate the causes of its present depression and of the large accumulation of arrears and state the measures he would propose for adoption to restore it to a state of prosperity. but he will be careful not to allow the investigation on these points to retard the primary object of his mission to Guntoor, the introduction of an improved System into these Estates..

6.

It will be his duty also to ascertain as far as practicable the balances due by the Ryots to the Zemindar with the ultimate view of their realization in discharge of the balance of Peishcush due to Government in all cases where they may possess the ability to pay without impairing their future means of cultivation. The accounts of all such recoverable balances should be transmitted to the Collector for recovery ..

7

The Commissioner will investigate the subject of one or more of the

Para 7 Letter of 28th November 1844.

the Zemindars private debts. The Board have stated that they believe them to be in a fair train of adjustment, but it is desirable that the Commissioner should report fully upon them, upon the present number and actual condition of such family and how far any of the debts have been incurred for the express purpose of paying the Government Peishcush on the Estate or for the Zemindars' private use. but the creditors must be distinctly informed that the Government does not pledge itself in any way or to any extent to a liquidation of their claims..

8

The Most Noble the Governor in Council considers any detailed observations in regard to the Survey unnecessary The mode in all its details adopted in the ceded Districts where the most approved survey has been made should be followed as closely as local circumstances will permit and the great principle repeatedly inculcated by the Honorable the Court of Directors and by the Government of moderation in the assessment be studiously kept in view Much as the Board of Revenue justly observe must be left to the judgment of the Commissioner who will

will doubtless not lose sight in forming the Assess-
=ment, of the importance of referring to the past
Collections of periods when the Zemindaries
were in more prosperous circumstances
than they have been in later years when
their condition was so much depressed
by calamitous seasons and disease..

9 The course proposed by
the Board of Revenue for adoption is to
fix the Beriz of the whole District thence
to descend to Purgunnahs and divisions,
and thence to Villages, the Survey Assess-
=ment being carried on simultaneously
with those operations. The Beriz of Villages
is then to be contrasted with the results
previously obtained by the Assessors, and
to be submitted to the Board of Approval,
and if approved to be apportioned on the
fields. The proposed instructions on
these points to the Commissioner and to
the Collector appear to indicate the course
to be pursued with sufficient clearness.

10. It will be desirable that
the Commissioner submit his opinions on
the best method of final settlement with
each

+ Enclosure No. 14 A. in letter dated 16th December 1844..

each family whether by a restoration of
their entire Estates eventually or by a
perpetual money pension or by the
gift of a Mootah or certain number
of Villages in perpetuity, either on a
nominal rent or rent free, the Govern-
=ment assuming the remainder of the
Estate in perpetuity..

Sir,

I have the honor to report that at the sale of Proprietary Estates by order of the Board of Revenue held on the 11th Ultimo and continued by adjournment till the 30th December last the Mootahs of Codoor and Gatalavulsah were purchased for Government the former for Rupees 2000 and the latter for Rupees 1,000.-

Stating that at the sale of the Proprietary Estates the Mootahs of Codoor and Gatalavulsah were purchased for Government and requests sanction for the same and for writing off the balance due on them to profit and loss.-

The Codoor Mootah is nominally the Property of one Gopaul Row. His father died some years back and the son, a child, was taken away to Vizagapatam by one of his relatives. At the time he requested the Mootah might be taken by Government but Mr. Bannerman hesitated to do so, as the Party was a minor. An original letter from the Party of date the 2d September last is forwarded herewith for the Board's consideration. To

The Acting Collector in the Zillah of Ganjam

The humble address of

C. Prahaladrow guardian to Gopalrow Son of Cavala Narsingarow Puntooloo late Maluedar of Codoor Hoondah.-

According to your desire the Collector of Vizagapatam has informed me the contents of your letter to him dated 3d August 1844 respecting Codoor Hoondah the said Narsingrow Puntooloo died a few days after the purchase of the Hoondah for Rupees 2340 by means of private transfer - I am earning my livelihood in

Fort St. George 30th January 1845

in this Zillah holding an office of inconsiderable pay and passing my days with great difficulty In June 1841 when I proceeded thither in order to bring the said Gopalrow with me who is destitute of any protection I being unable to liquidate the small balance then outstanding presented a petition to Mr. Bannerman the then Collector praying that the Estate may be sold and the surplus funds from the sale proceeds after deducting the small circar balance may be granted to me for the subsistence of the said Gopal Row and I am not aware why this was not conformed with, but the estate is retained under circars' Zuft whereby the Circars' balance augmented to Rupees 2618-4-1. Had my prayer been then complied with there would remain some money for the maintenance of Gopalrow deducting the Circars' balance. The Authorities who give justice have through my misfortune not granted the favor I solicited. Having no one to manage the Estate nor any pecuniary means I had in the first instance represented my inability to retain the Estate and it is unnecessary to repeat the same now. Neither I nor the said Gopalrow is able to retain the Estate and we therefore pray as that the Circar would dispose of this Estate

Sir

In reply to your letter of the 5th ultimo I have the honor to state that there were no Scales and Weights furnished for the use of the Salt Department in this District. On my Predecessors letters of the 31st May and 1st July last, Application was made for the Scales and Weights required for the Salt Department, and I now enclose an additional Indent for those required for the Sea Custom Department it being impract=icable to get these articles prepared here with correctness. I request that the Board of Revenue will have the goodness to order the whole of these Scales and Weights to be forwarded to this District from the proper Department by a convenient Sea opportunity.-

Jumany or Ryotwar. 8. The ryots in them, as well as throughout the rest of the District, have experienced so much difficulty of late Years, in disposing of their produce at remunerating prices, that many of them have been compelled to relinquish their cultivation, either wholly or in part. In consequence of this, a smaller extent of land was taken up for cultivation in this than in the preceding Fusly. The deficiency amounted to Rupees 1061 11 4 as exhibited in the annexed Statement.—

From

Fort St. George 30th January 1845.

10. From the above Statement it will be observed that the total sist of the lands taken up for cultivation amounted to Rupees 2,02,431–11–11, that at the time of the Settlement, remissions were granted to the extent of Rupees 42,866–11–. leaving a settled demand amounting to Rupees 1,59,565–.–11.

11. In the report of last, I explained at some length the necessity that exists in these Districts for making remissions on a very liberal scale, because the nominal Sist on the land is in many instances far more than the ryot can afford to pay even in favorable seasons, and I also stated that I had found it necessary on a consideration of the low prices which every description of produce had borne for several years, and the depressed circumstances of the ryots, to make the remissions in Fusly 1253 on a very liberal scale, as the only means of preventing large tracts of land being thrown out of cultivation.–

12. The Board are well aware of the circumstances that have combined to lower the demand in the Survasiddy Talook. By the acquisition of the Rayavarum, Dimiley, Conda, Kirlah, Velchoor Codoor, and Cottoor Estates, I have every confidence that all disputes in regard

Fort St. George 30th January 1845.

regard to irrigation will be amicably settled and that the cultivation will be much increased.

13. I regret however that I have not yet been able to succeed in obtaining the valuable services of the Civil Engineer who is at present employed in important business in the Rajahmundry District. Independent of the disputes in regard to irrigation, and the necessity that consequently exists for constructing works which shall secure to all parties an equitable share of the River water, the storm of October last has materially injured many of the Tanks and watercourses, and repairs to a large extent will be indispensably necessary. It is therefore of the utmost importance that the Talook should be carefully inspected as soon as possible by a competent Engineer.–

14. I have brought this subject to the notice of the Civil Engineer, and I learn he is in communication with the Board regarding it.–

Sundry Rents. 17. It is unnecessary to offer any observation in regard to the trifling increase of Rupees 127–4–11. in the past compared with the preceding Fusly. as these Sources of Revenue are generally rented and consequently liable to fluctuation.

Fort St. George 30th. January 1815.

Rents. 18. Under the head of Rents there was an increase of Rupees 2,527–12–" the details of which are as follows.

	Villages	Rs.	A.	P.
Villages rented in Fusly 1252	98	3940	13	"
Add Villages newly rented 10		2,818	12	"
Gain by renewal of leases 33

Loss by renewal of leases 180				
		324	"	"
Net increase		2,527	12	"
Total		6,468	9	"

19. The ten Villages which have been newly rented out are situated among the Hills, and there the utmost difficulty has been experienced in realizing the Collections. The Beriz of last year amounted to Rupees 4,578–3–6, but only Rupees 1,640–11–8. were realized, while in the Fusly under review, the rent amounted to Rupees 2,818. 12–" and of this Rupees 2,787–4–" were collected within the year, and the remaining balance of Rupees 31–8–" will be shortly recoverable.

20. Under the head of Enam Cuttoobadies there was a decrease of Rupees 57–8–" arising from certain Enamdars having abandoned their Enams. These have consequently been resumed and the Sist of these which have been cultivated amounting to Rupees 97.–"–" has been carried to account under the head of Amany.

21. The following Statement exhibits a comparison of the demand and Collection in the past and preceding Fusslies.

12 Leg.

23. From the above Statement it will be observed that out of Rupees 192195 11 " Rupees 181365 6 6 were collected within the Fusly and Rupees 697 14 9 since the close, and that there is still an outstanding balance of Rupees 10132 5 9.

24. Had the present season been as favourable as the last the balance would have been much reduced, but unhappily it is quite the reverse and Jeroyettee lands out of Rupees 8720 " 4 the balance on Jeroyettee lands very little will be recovered — Of Rupees 1412 5 5 outstanding under the head of Enam Cultivation and Agraharums about Rupees 900 are due by persons who are not likely to be able to pay, and which must be looked upon as irrecoverable. The remainder will be recovered.

25. The Fusly collections of the Government Talooks including Arrears amount to Rupees 15,2,073 — " — 2 from which, if the Charges Rupees 3,2,940 — 6 — 4 be deducted, the net Revenue amounts to Rupees 11,9,132 — 9 — 10 which exceeds the Jummabundy Demands Rupees 2,7021 — 1 — 10 as exhibited in the Statement of which they are comprised in the Statement of Rupees 2,7021 — 1 — 10 as exhibited in the margin of Rupees 181365 6 6 as exhibited in the following Statements.

From,

Fort St. George 30th January 1845.

27. From the above Statement it will be observed that the arrears still outstanding amount to Rupees 22,670-15-10. As promised in my last year's Report, I have personally conducted an enquiry into the balances in the Palcondah Talook, and a similar enquiry has been held in the Golgondah and Durvasiddy Talooks by my Acting Principal Assistant.-

28. In this enquiry it has been ascertained that Rupees 12,276-7-8. are perfectly irrecoverable. The details of this amount will be found in the Statement F, and I request permission for striking it out of the accounts.-

29. The following Statement exhibits the number of Villages in the Government Talook in the past compared with the preceding Fusly:-

The

34. The balance due by the Jeypoor Zemindar will be shortly realized.—

35. The Proprietor of the Maloopankah Estate has sustained much loss from the adversity of the past seasons and his Estate which adjoins Condakerlah suffered greatly in the year under review from the Storm in October 1843. The consequence was that there was a very large balance outstanding against this Estate at the close of the Fusly and it was included in the sale advertisement. But the Proprietor exerted himself to the utmost and discharged so large a portion of the balance that I consider myself justified in not bringing this Estate to the hammer. I trust that the small balance still outstanding will be discharged in the course of the Current Fusly.

36. The Estates of Condakerlah, Velchoor, Codoor, and Cattoor have since the close of the Fusly became the property of Government. They have been under the management of the Circar during the last Fusly but being situated in the very heart of the tract visited by the hurricane they suffered most severely in consequence. The balance entered as outstanding against them is the amount in which the Net Collection fell short of the permanent Peishcush. As this balance is perfectly irrecoverable I beg to solicit authority for striking it out of the accounts on the late Proprietor executing a Document relinquishing all claim to arrears from the ryots on the Estates.—

37. In regard to the balance outstanding against the Dimlay Estate I have submitted a full report on the 29th October last. The late Proprietor is penniless and I have little expectation of recovering any portion of this balance.—

Arrears.

38. The arrears outstanding on Zemindaries and Proprietary Estates at the commencement of the Fusly under review amounted Rupees 289,158—12 a. Of this amount Rupees 162,385—5—11 have been realized and Rupees 53,646—10—5 remitted under the orders of Government leaving a still outstanding balance of Rupees 73,124—11—8. The details of the Demand Collection and Balance on account of arrears are more clearly exhibited in the following figured Statement.—

From,

Fort St. George 30th January 1846.

40. From the above Statement it will be observed that the only balance of an older standing than Fusly $\frac{1248}{1838/39}$ is due on the Paunchpentah Hill Zemindary.

41. The Peishcush of this small Hill Zemindary is only Rupees 3,000—0—0.

42. It is situated in the midst of the Hills and the climate is most pestilential. If it were put up to Auction no one would purchase it, for no one but the hereditary Zemindar could realize even the Peishcush. It is not desirable that the Government should take possession of it and if it were resumed we should only increase the balance.—

43. The present balance chiefly consists of Zuft charges. In consideration of these circumstances, and of the length of time that the present arrears have been outstanding, I beg to recommend that they may be remitted:—

44. The balance outstanding on account of Fusly 1248 still amounts to Rupees 53,557—2—5. The Board of Revenue are aware that the Most Noble the Governor in Council was pleased on the

Fort St. George 30th January 1846.

the 12th February 1844 to resolve that a considerable portion of the above amount should be remitted on the Proprietors agreeing to discharge the remaining balance in the past and present Fusles, and on their furnishing good and sufficient security for the due fulfilment of their engagement.—

45. I am sorry to say that the joint Proprietors of the Godicherlah &c. 6. Estates have alone been enabled to avail themselves of this indulgence. They have paid up the sum of Rupees 23,879—12—5. in the past Fusly and they have given security for the payment of Rupees 17,879—12—6. I have therefore, in conformity with the orders of Government above quoted, remitted the sum of Rupees 29,500—0—0.—

46. The other Proprietors have found the utmost difficulty in discharging the Current Peishcush, and have been unable either to pay off any portion of the balance for Fusly 1248 or to give security to do so hereafter.—

47. I trust that the Government will be pleased still further to extend indulgence

indulgence towards them, by allowing me to grant them the remission already sanctioned, at any time they may be able to furnish good and sufficient security for the payment of the remaining balance in two years. The following is a list of the Proprietary Estates for which this indulgence is solicited.—

49. The balance outstanding against the

Fort St. George 30th. January 1845

against the Madigole Zemindary for Fusly 1251 amounts to Rupees 13,021—7—3.—

50. The Board on the 10th. October 1842 granted a period of four years for the liquidation of this sum I am sorry to say that two instalments which have already expired still remain unpaid.—

51. The Zemindar is scarcely capable of managing his own affairs, and the Zemindary has been rented out to certain influential persons who have become security for the balance. I have experienced the utmost difficulty in realizing from them the amount of the Current year's Peishcush, and I have distinctly warned them that if they are not more punctual in discharging the Revenue both current and arrears during the present Fusly I shall without fail sequestrate the Estate which is a very profitable one.

52. The arrears on the Dimitay Estate are due by two parties. That for Fusly 1251 amounting to Rupees 68—". will be very shortly collected from the heir of a former Proprietor Mr. J. Leonhard.

The

Fort St. George 30th January 1845.

The Revenue for 1252 is due by a Kuddee
Present Rupees 93 Ramapeta Pheer
the Report of last Year was written
this reduction was deducted in
the Sum of Rupees 5,330 — 4 — 5. and
in Support of Clearance made by
Mr. Crandell, Collector of Nellore
that in the event of Rupees 2,200.
— Being discharged within
Months the Remainder, Rupees

54. There is a balance amounting to Rupees 2,064—12—.. on account of Succavy or advances for Cultivation which has accumulated since Fusly $\frac{1243}{1833/34}$. The details of this balance are contained in Statement No. 1.—

55. The Acting Accountant General has recently instructed me to have this sum, which appears in the account, as an outstanding advance, adjusted as soon as possible. Of the amount

Rupees,

Fort St. George 30th. January 1845.

Rupees 1,457—13—11 are perfectly irrecoverable, and I beg the sanction of Government for striking them out of the accounts. I shall do all in my power to realize the remainder Rupees 606—14—1 which is entered as recoverable within the present year.—

Resolution thereon. The Board authorise the publication in their Office of the advertisement received with the foregoing letter, Monday the 10th ensuing March next being fixed for the day of Sale. The Acting Collector will be pleased to make a Corresponding alteration in the Copy of the Advertisement published in his Office.

Read again letter from the Collector of Masulipatam dated 24th August and entered in Consultation 12th September 1844 and another dated 15th Ultimo and entered in Consultation 2d Instant.

Ordered that the above mentioned letters be submitted with the following address

To

The Chief Secretary to Government

To the Chief Secy to Government — Submitting with reference to the Extract from the Minutes of Consn dated 18th December 1843 the information called for by the Govt of India on the subject of the deterioration of the Nedadavole Zemindary in the Masulipatam District which led to its ultimate sale and dismemberment.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an Extract Minutes of Consultation under date 18th December 1843 with its enclosure being a letter to the Madras Government from the Officiating Secretary to the Government of India bearing date 21st October 1843 on the subject of the Nedadavole Zemindary of the Masulipatam District.

2. In the letter thus forwarded the Supreme Government call for full information in regard to the Manage= ment of the Nedadavole Zemindary whilst its affairs were administered by the Officers of Government and for com= plete explanation of the causes of the deficiency in its Revenues during that period. They remark that "the Nedda= "vole property remained for five "years under the charge of Government "Officers who contrived during that time "to irretrievably embarrass the young Zemindar "and when placed in possession of his Estate it was

"was made over to him burdened not only with
"increased private debts but also by a de-
"mand on the part of the Government for
"arrears of Peishcush amounting to more
"than 200,000 Rupees." They observe "that
"a Zemindary said to have yielded on an
"average of 8 years from 1776 to 1783 a
"Revenue of 30,62,614-13-11 and which up
"to the day of sale was rated as paying
"an annual Peishcush of Rupees 210,000
"ought assuredly in Six ordinary years to
"have repaid without any difficulty the
"debt due to the Nozeed Zemindar dimi-
"nished as it is said to have been at the
"time the Estate came under the charge
"of the Revenue authorities." They re-
quire to be informed whether during
the same Six years the Peishcush on the
adjoining Estates fell into hopeless arrear
and after calling for a Statement to
shew the amount yielded by the Sedda-
vole property for each year while
under Management and its applica-
tion they finally desire to know
the result of the sale and whether the
Nozeed Zemindar has consented to
receive in satisfaction of his
claim the portion of the Sedadavole

Estates originally agreed on. In trans-
mitting this letter to the Board the Ma-
dras Government are pleased to
call for certain Statements tending
to throw light upon the Management of the
Zemindary in question whilst in charge
of their Revenue Officers as compared
with the condition of other Estates
also under management and to request
information as to what may have
been done in conformity with the
Honorable Court's instructions under date
24th August 1842 in addition to the Pro-
ceedings communicated in a letter
from this Office of July 3rd 1843.

Mins of Con 26th in Con 22nd Dec. 1842.

3. Before entering upon the
principal subject of the Communication
now under acknowledgement Viz. as to
the causes of the deterioration in the
Sedadavole property it may perhaps
be more convenient to state in the
present place in reference to the
last Para of letter from the
Supreme Government and to the
enquiry contained in the conclud-
ing Para of Extract Minutes of
Cons 18th December 1843, that the Zemindar

Estate adverted to by the Honorable Court, and not yet disposed of Viz.t as to the public demand to be henceforth imposed upon the Zemindary shall receive the Board's immediate attention.

4. The Board now proceed to the consideration of the causes to which is to be traced that deterioration in the resources of the Nedadavole Estate which led to its ultimate sale and dismemberment and on this subject they beg to refer to the accompanying Report from the Collector of Masulipatam as exhibiting an outline of the history of the Zemindary from the death of the former proprietor Rajah Venkata Nursimah Appa Row on the 5th June 1827 to the sale of the Estate in April 1843 and as affording full information in regard to its condition and outturn for those portions of the above named period during which it was under the administration of the Officers of Government.

5. From this it will be seen that the Zemindary has been under Management for

7. The results shewn in the preceding para are as already stated those, not of Nedadavole only but of this property and of the smaller estates of Ellore and Lavelly held by the same Proprietor and to which the remarks of the Supreme Government in their Secretary's letter of 21st October 1843 have no reference. The Zemindar did not extend these three hereditary but have continued throughout to belong to Narrieah Appa Row though for some time past they have been under attachment for arrears with a view therefore to exhibit the result of the Nedadavole Estate as distinct from that of the Ellore and Lavelly Mootahs the Board have obtained from the Collector the Statements in his letter of 18th December 1844 herewith forwarded the requisition for which has in some degree delayed the transmission of the present

report, and which shew the demand Coll: section and Balance of public revenue each of the three Estates separately for each year from the Commencement of the minority to the sale of the Nedadavole property in 1843. From Statement No 1 it will be seen that on the death of the late Proprietor there was against the Nedadavole Estate, property so called, a current Balance of Rupees 65,625. the whole of which was liquidated in the ensuing July 1837. the first of Minority management and that in July 1844 when on the 10th May the Estate was delivered up to the Zemindar there were no arrears and a current balance of only Rupees 20375. which together with the Rents for May and June was discharged within the July. at the expiration of which, the Nedadavole Estate, was as regards public claims entirely unencumbered and free of all Sircar demand, Arrears or Current.

8. In further illustration of the Condition of the Nedadavole Estate during its first period of management the Board beg to refer to the Statement C, accompanying the Collectors report of 24th August 1844, which has

has been drawn up, as directed in Extract Minutes of Consultation 18th December 1843, with a view to exhibit the cultivation of that Estate from Fusly 1236 to 1243 as contrasted with that of the other Jemindaries in the Masulipatam District under management during the same period. From this it will be perceived that the average Collections realized from Neddavole for the 8 Fuslies 1236 to 1243 inclusive bore to the Peishcush a rate of 131-10-4 per Cent, being a higher proportion than will be found in the case of any other of the Masulipatam Estates entered in the Statement, with the exception of Devy and Nanaly. Of these the Deevy Lands are favorably situated for irrigation from the Kistna, and "the cultivation of that Talook though fluctuating has therefore been found to yield a higher average than most other "Estates." The prosperous cultivation of Nanaly, an inconsiderable Mootah of 661 Rupees Peishcush is ascribed to the favorable terms on which it was rented.

9. The Board have been induced to dwell thus at some length on the

first period of the administration of Neddavole by the Government Officers, because they have reason to fear that the circumstances attendant upon it, have in some measure been misapprehended by the Supreme Government. In Mr. Secretary Davidson's letter of 21st October 43 Para 3, transmitted in the Extract Minutes of Consultation of 18th December 1843, they find it stated that "the "Neddavole property remained for "six years under the charge of Government Officers who contrived during that "time to irretrievably embarrass the "young Jemindar and when placed "in possession of his Estate it was "not made over to him burthened not "only with increased private debts, but also by a demand on the part "of Government for arrears of Peishcush "amounting to more than 200,000 Rupees."

The Board would beg with much deference, to observe, that although it was not found practicable during the minority, altogether to keep down the heavy interest on the Noozeed debt in addition to the payment of other claims, yet that no fresh debts were incurred, but on the contrary liabilities to the amount of Rupees 117000-

Fusly 1237. There was a failure of rain and a falling off in the price of grain.

Fusly 1238. The Crops were destroyed before coming to maturity by the excessive and continued rains.

Fusly 1239. In this Fusly there was a failure in the rain and the season proved unfavorable to the wet lands.

Fusly 1240. There was an abundance of rain and the season proved favorable for the wet produce, but the dry cultivation suffered materially.

Fusly 1241. The season in this Fusly was not so favorable to the Nunjah Crops as that of the preceding and the Dry land Crops in both Fuslies were nearly upon a par.

The Board would beg to remark that the 6 years of minority can hardly be termed ordinary years. it will be seen from the Statement of the Seasons &c. in the Margin taken from the Masulipatam Land Revenue reports of those several Fuslies that the five first years were on the whole but indifferent, while the last Fusly 1242 it is well known, was one of the most calamitous upon record. Under such circumstances the payment from the proceeds of the Estate during minority of Rupees 117,000 in satisfaction of the private claims against the former Zemindar, was the Board would submit, as much as could be expected.

11. The consideration of the circumstances stated in the foregoing Paras will it is hoped lead to the conclusion that the management by the Officers

of Government of the Nedadavole Estate during the minority of its Proprietor and the two succeeding years, was not of the unfavorable character supposed by the Government of India, and that it was not productive of those irretrievable embarrassments which ultimately resulted in the sale and partition of the Estate. The second period during which the affairs of Nedadavole were administered by the Officers of Government lasted for four years and a half or from November 1838 when the pressure of public and private Claims led to its attachment, to April 1843 when it was sold by Public auction. The results of this term of management afford, it must be admitted, a disadvantageous contrast with those of the previous periods above considered. From Enclosure D in the report which exhibits the results during the second period of management of the estate the outturn of which during the first period has already been compared with that of Nedadavole, it will however be perceived that the average Collections from Nedadavole even

of service equivalent to ten years as Head Sheristadar - The Board consider that agreeably with the rules sanctioned under date the 22nd March 1816 Ramanoojarow is entitled to the proposed addition to his Salary and they recommend that authority may be granted for paying him at the rate of 280 Rupees a Month from the above date.

In adverting to the Services of this individual (as shown in the accompanying Statement) and which have always been highly spoken of by his immediate Superiors the Collector observes that although the District of Masulipatam is nominally a Settled one that the duties required to be performed by the Head Sheristadar are fully equal to those devolving on that Officer in an unsettled District, in consequence of the number of Estates retained under Management and the adjustment of claims arising out of the imperfect condition of the Zemindars, and he submits for favourable consideration that the Salary of Ramanoojarow should

be made equal to that which he would have received had he continued to serve in an unsettled District by the addition of Rupees 87-8-0 per Mensem chargeable to Estates under Government management exclusive of Rupees 70 which he now receives from this Source thus raising his salary to Rupees 437-8-0 per Mensem the amount that a Head Sheristadar of equal standing would be entitled to draw in an unsettled District.

3. On referring to the accounts of the District of Masulipatam the Board observe that the permanent Settlement on the Estates under attachment and the Government Estates amounts to Rupees 6,83,516 - that on the Estates in the hands of the Zemindars being 3,73,208 - making in the aggregate Rupees 10,56,724. The Board certainly consider that the duties attached to the Head Sheristadar's Office are thus rendered most laborious and responsible, but as the present application for an increase of Salary is not in accordance with the tenor of the rules above quoted it
