To

The Accountant General

1

To the Accountant General

Sir.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 16th Instant No. 650 and in reply to state that they are not aware of any objection to the Ahkarry grant of the Village Doraivandoor for the current Fasly 1254 being included in the Spichenpoly accounts.

At a Meeting Present

Monday 3d February 1845.

G. D. Drury Esqr. Senior Member
A. Maclean Esqr. Acting Second Member
and
Walter Elliot Esqr. Third Member

Minutes of the last Meeting read and approved.

Read again Extract from the Minutes of Consultation dated 11th and entered in Consultation 30th Ultimo.

Ordered that the following letter be submitted in reply.—

To The Chief Secretary to Government

Sir,

Extract

I am directed by the Board of Revenue to acknowledge the receipt of an Extract Minutes of Consultation under date 11th January 1845 stating that the Most Noble the Governor in Council is pleased to authorize Kadiroor Somapah being placed in possession of the Zemindary of Nagayempettah, and under the peculiar circumstances of his case is disposed to grant favorably his application to be relieved of the arrears outstanding upon the Estate, amounting principal and

make his own arrangements with his private Creditors.

and interest to Rupees 51335-5-. but that before passing orders on this point he is desirous of having the Boards opinion whether the measure would not place the Estate within the reach of private Creditors who might effect its sale in liquidation of their debts and thus defeat the object the government has for many years past had in view, his restoration to his just rights and whether such might not be debated by the Government continuing to hold a lien upon the Zemindary on account of the present arrear of Rishcund, but abstaining from demanding it.—

2. In reply I am instructed by the Board to state that they do not gather from the report of the acting Collector whether the Zemindar in addition to his public liabilities be also burdened with private incumbrances although when the circumstances of his case are considered that he has been kept out of the possession of his Estate up to the present time and compelled to engage in protracted and expensive litigation for its recovery such a result is, it must be allowed, far from improbable. Should this be the case the Estate if made over to the Zemindar would undoubtedly be answerable for such debts and might be attached and sold in satisfaction of them. The course suggested by the Government in the Extract Minutes of Consultation now noticed, is acknowledged and agreed

acknowledgment would not of necessity prevent such sale as this the Estate would in all probability be purchased by Government for arrears. It might indeed lead the Creditors generally to reduce their demands and thus enable the Zemindar to effect a composition with them in more favorable terms than he would otherwise have obtained but the Board cannot but consider that the measure would be objectionable on general principles. It might also involve the retention in the public accounts of a unrealized balance for an indefinite period it is not as far as they are aware been adopted in the case of any other of the Northern Estates and it might constitute a precedent of very questionable expediency. Under these circumstances it would the Board think be preferable should the Government be disposed to act indulgently towards the Zemindar to relieve him altogether from the public arrear against him leaving him to make such arrangements with his private Creditors as the nature of their several claims and of his own resources will enable

him to effect.

3
From the Board to Government. Sanctioning the grant of a superannuation pension of Rs. 229-3-10 per mensem to Melaumtaram Mr. Sheristadar of Chingleput and requesting the Bd. to submit their opinion in regard to the special indulgence claimed on his account.

Extract from the Minutes of Consultation under date the 11th January 1845.

Read the following Letter from the Secretary to the Board of Revenue.

Forwarding a letter from the Collector of Chingleput with an application from Mr. Head Sheristadar Melaumtaram Row for permission to retire on a pension and recommending that some special indulgence be granted to him in addition to the usual allowance prescribed by the Pension Rules.

(Here enter 27 December 1844 No 1387)

The Most Noble the Governor in Council permits Melaumtaram Head Sheristadar of Chingleput to retire from the Service and sanctions the grant of the superannuation pension to which he is entitled under the Pension rules viz. Rs. 229-3-10 Rupees two hundred and twenty nine, annas three and

free

Fort St. George 3rd February 1845.

price ten. The Pension will take effect from the date of his retirement which will be reported to Government for communication to the Pension Office whence the necessary Pension Certificate will be issued.

2. As respects the special indulgence solicited on account of Neelacunta Row's long services and testimonials from the Officers under whom he has served the Governor in Council observes that the Board have offered no opinion. They will be pleased to supply this omission and to state in the event of their viewing his application favorably the specific indulgence which they would recommend to be granted.

To The President Members of the Board of Revenue

(3-4)
Resolution thereon

Resolved that a copy of Para 1 of the foregoing Extract from the Minutes of Consultation be communicated for the information and guidance of the Collector of Chingleput with reference to his letter, dated 6th November last.

Inform 8th Nov 1844

Mr. Pearse will be pleased to report to the Board the date of Neelacunta Row's retirement for communication to Government.

Ordered also that the following Letter be submitted in Draught to

Fort St. George 3rd February 1845.

To The Chief Secretary to Government.

(3-4(a))

To the Chief Secy to Govt } Para 1.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from Minutes of Consultation under date 11th January 1845 conveying the sanction of Government to the superannuation Pension of Pagodas 239. 3. 10 per mensem to be granted to Neelacunta Row Head Shanistadar of the Chingleput District and calling upon the Board for their opinion in respect to the special indulgence solicited in his behalf on account of his long services and testimonial from the Officers under whom he has served.

Inform 3rd February 1845.

2. In reply I am directed by the Board to state that in consideration of the character and services of Neelacunta Row they feel it incumbent on them to submit to Government the recommendation of the Collector of Chingleput in his behalf they regret that it has not been in their power to support it, as they have not been enabled to discover in his case any such peculiar circumstances as would justify them in recommending a departure from the usual Pension Regulations in his favor.

Extract from the Minutes of Consultation under date the 28th January 1845.

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the Settlement of Extra Revenue in Chingleput for Fasly 1253 A.D. 1843 Fus. Pma.

From Letter 28th December 1844. No 642/

The Settlement exhibits Increases to the extent of Rupees 98,616-12-9 and Decreases amounting to Rupees 15,936-14-7

Increases Salt 89,957-14-"
Small Farms 1,000-1-10
Motorpha 5,953-3-11
Stamps 1,711-4-"
Rupees 98,616-12-9.

making a Net Increase of 82,679-14-2.

Decreases Sayer 15,936-14-7. ×89,957-14-"

2. The largest Increase appears under the head of "Salt" which it is supposed would have been still greater had not unfavorable weather impeded the manufacture and thus rendered the supplying inadequate to the demand. An occurrence against which every possible precaution should of course be taken.

3. The Collector (Para 3) has suggested the issue of a Circular Order to the Collectors of the different Districts to return all Salt Removes to the Collector of the district from which they were issued as a check upon frauds in the Salt Sales, and it appears to His Lordship in Council that the suggestion is deserving of consideration. The Board will therefore report whether it can be done without interference with the freedom of trade.

By

Fort St. George 3rd February 1845.

4. In noticing the increase of the Motur. 3,953-3-11 =pha Revenue the Government observe with satisfaction that the the taxation of the newly assessed looms has caused as might have been expected a diminution of their numbers, it has not operated injuriously on the productive energies of the trade or occasioned any decrease of the hands employed and

5. The decrease which appears in the Sayer Re- 14,622-13-1 =venue is the natural consequence of the abolition of the Inland Transit duties during the last quarter of the year under review.

6. The arrears of the Current year reported to be Rs. 1,260-2-5 in course of realization require no remark. While in regard to those of former years the Government hope that the pro- ×2,119-6-3. =mised report of the Board of Revenue on the subject will very shortly enable them to pass final orders for their adjustment.

7. The Gross Collections during the year under review were Rupees 66,207-9-8 from which the charges Rupees 11,338-6-5. being deducted. left a Net Revenue of 54,783-4-3. exceeding that of the preceding year by Rupees 1,009-11-4-1. a result which the Most Noble the Governor in Council concurs with the Board of Revenue in deeming very satisfactory.

To,

J. D. Bourdillon Esqre.

Secretary to the
Board of Revenue
Fort St. George

23

From the Collr. of Vizagapatam

Reporting on the management of the Condakirlah Vens. Estates for Fusly 1253.

Sir,

Para 1. I have already reported to the Board of Revenue the result of the sale of the Condakirlah Vens. Estates, I now proceed to exhibit the result of the management for fusly 1253, the details connected with which are embodied in the following Accounts herewith forwarded.

I. Comparative Statement of Demand Collection and Balance between Fuslies 1252/53.

II. Demand Collection and Balance of each fusly up to 1253, both current and arrears.

III. Account current of fusly 1253.

IV. Demand, Collection, and Balance of the Government Peishcush.

V. Comparative Statement of Charges between Fuslies 1252/53.

2. These Estates are situated in the midst of the Principal Assistants' charge and the Summabundy of the year under review was as usual conducted by him.

3. In the early part of the year the

Fort St. George 3d. February 1815.

the rains were abundant, and the season promised to be a very favorable one but these Estates are situated in the very centre of the tract visited by the hurricane in October 1813, and the damage they sustained was consequently very severe. They have been under attachment for many years, under instructions from the late Northern Provincial Court, and at the instance of the Creditors of the late Proprietor. Such a state of things is sure to lead to a falling off of Revenue, and such has been the case in regard to these Estates. They have now however ever become the property of Government and it is to be hoped that in the course of a very few years there will be a material and visible improvement in the revenue.

4. In the past year there was a decrease of Rupees 1535. in the extent of land taken up for cultivation, and of Rupees 7606-2-7. in the demand. The details of which are exhibited in the annexed Statement.—

Fusly

Fort St. George 3d. February 1815.

Fort St. George 3d. February 1845

Read the following letter.

To

J. D. Bourdillon Esqre

Secretary to the

Board of Revenue

Fort St. George

(25) 25

From the Acting Collector of Rajahmundry.

Sir,

I have the honor to submit for the consideration of the Board of Revenue Copies and translations of two Complaints filed by Chaguntу Ramachendroodoo and Chaguntу Coobanah alias Soobaroydoo, inhabitants of Geddanapully in the Subordinate Court of Rajahmundry in Suits Nos. 161 and 162 of 1844 against the Collector of this District, and some others, claiming the Joint Curneekam duties of the Villages of Pada Senkurlapoody and Lompakaloonah in the Lingumpurroo Mootah belonging to the Pedda-poor Zemindary now under attachment together with the Drafts of my proposed Answers to them and to request that sanction may be obtained for defending the Suits in question at the expense of the Zemindary. I beg at the same time to inform you that the time allowed by the Court for filing the answers in question having terminated by the 10th Ultimo, I obtained a further term of 3 Months from that date.-

Nos. 1 and 2.

No. 384.

Rajahmundry District / Signed / C. I. Bird

Maunne dadah

25th January 1845. Acting Collr.

To

No. 1.

No. 161 of 1844.

To

The Subordinate Court

of Rajahmundry.

A Complaint filed by Plaintiffs 1st. Changunty Ramachendroodoo and 2d. Do. Soobanah alias Soobarydoo Merasidars and inhabitants of Gaddanapilly against Defendants 1st. Changunty Baupanah 2d. Do. Verauze and 3d. Do. Paupiah Merasedars of the said Village and 4th. J. Co. Prendergast Esqre. Collector of the Zillah of Rajahmundry. and 5th. Sree Rajah Vutchavoy Sooria Narain Sugga puterauze. Zamindar of Peddapoor Taulook.-

The great grand Father of us and the 1st. 2d. and 3d. Defendants named Sarabharauze had formerly performed the Curneecum duty for the Village Gaddanapully attached to Veranarum Mootah of Peddapore Zemindary the Village Peddanapully attached to Kirlumpoody Mootah and the Village Pada Senkurlapoody attached to Lingumperty Mootah- After his death his three sons named Pada Veerauze, China Veerauze, and Pudmarauze equally divided the Merasy lands of Gaddanapully and Paddanapilly; but as the said China Veerauze was unable to write accounts the other two Pada Veerauze and

Pudmarauze, performed the duty of Curneecum for those two Villages, as well as for Pada senkarlapoody lying near the Hills. the Merasy lands &c. thereof it was agreed to be enjoyed by one of them who might keep its accounts As Pada Veerauze had no issue. the sons of China Veerauze named Timmanah Ganarauze Sarabharauze, and Boochinnah and the sons of Pudmarauze named Puttanah Sungivey Coormanah and Nursunnah performed the Curneecum duty of Gaddanapilly in 2 shares including the share of the said Padamarauze the Curneecum duty of Peddanapilly was performed by the said Coormunnah &c. (the sons of Pudmarauze) themselves; and the Curneecum duty of Peddasenkerlapoody was performed by the said Timmunnah and his brothers) the sons of China Veerauze) Thus the Curneecum duties of the said three Villages were performed by the said parties and the lands enjoyed accordingly to their respective shares. Among the sons of Pudmarauze the said Puttanah having died without issue his brothers Sungivey who was the Plaintiffs' uncle and 3d. Defendants' father Coormanah who was the 1st. Plff's father and Nursiah, who was 2d. Plff's father, in all three persons, enjoyed their respective lands according to the shares divided by them; the

emoluments

emoluments of the Curneecum Office were taken by Coormunnah and Nursunnah as agreed at that time but the former wrote the Curneecum accounts as the latter was unable to keep them. The Honorable Company having since acquired Authority over this Country the Zillah Court of Rajahmundry sentenced (in February 1804) Timmunnah, the elder son of said China Veerauze, to be hanged for having Murdered the 3d Defendants father Sungeney; in the mean time the Court at the request of the said Timmanah having made over to his 2d Daughter Baupanamah the merasy right of Peddanapilly which was then held by the said Coormunnah and Nursunnah her husband Veeddady Bhannuppah performed the duties of the same. The Curneecam Office of Pedda Senkurlapoody in lieu of that of the said Peddanapully and the Office of Gad=danapilly (inclusive of the share of Ganarauze the 2d son of the said China Verauze) were made over to Coormunnah and Nursunnah (the fathers of the 1st and 2d Pltffs) for their shares. The accounts of these two Villages were kept by Coormunnah and the emoluments and lands divided between him and Nursun=nah sometime afterwards the said Narasunnah the father of the 2d Plaintiff has died, even then the said Coormunnah the father of the

the 1st Plaintiff performed the Curneecum duty of Gaddanapilly and Pedda Senker=lapoody Villages sometime afterwards, that is in the year Streemookah, the then Gamin=dar with reference to an Enaitnamah from the then Collector sent the lists of Curnums wherein the name of the said Veeddady Bhanapah was entered for Peddanapully and the name of the said Coormunnah was entered for Gaddanapilly and Pedda Senkerlapoody. The said Coormunnah per=formed the Curneecum duty of the said two Villages till the year Pramady and died in the year Vekramah. In the mean time as we the Pltffs were Minors the 2d Defendant was employed for Pada Sinkurlapoody and the 3d Defendant for Gaddanapilly to perform Curneecum duties as our Goomastahs at the consent of our Guardians. The 2d and 3d Defendants have thus acted for five or six years, and then as we attained Majority we assumed the Curneecum Office of Gad=danapilly where we resided and from Justy 1236 to this time one of us the 2d Pltff is doing the duty of our both shares.

As the Village Pada Sinker=lapoody is near the hills and the climate thereof not agreed with our constitutions we removed the 2d Defendant whom we first

first employed as Goomastah for that Village and successively appointed 3d. Defendant for 5 years 1st. Defendant for 5 years and again 2d. Defendant for 5 years..

While it was thus we were informed at the end of Fusly 1251 that the 1st. 2d. and 3d. Defendants taking the advantage of our Minority, acquired the favor of the renters Vcu. of Peda denkerlapoody and used to sign the accounts as if they were themselves Curnums for that Village. We were at the same time informed that in the lists of Curnums sent to the Collector in Fusly 1248 by the then Zamindar Shree Rajah Vutchavoy Chinna Bungariah the names of the 1st. 2d. & 3d. Defendants were entered (that is that they were Joint Curnums with the 2d. Plff. for Gaddanapilly Village and that they were only Curnums for Peda denkerlapoody Village) as through intimacy they, the 3d. defendants, had with the Servants of the said Zamindar (who was of a female) although the latter fully know of our right to it and even promised to enter the name of the 2d. Plff. with reference to the former list wherein the said Coornumnahs name was entered. We have in consequence removed in Fusly 1252 the 1st. 2d. & 3d. Defendants from the Goomastahship for

Padasenkurlapoody

Padasenkurlapoody Village and performed ourselves the duties of the Curnecam of that Village also. But as Mr. Smith the then Collector issued orders for the lists of Curnums the Zufty Ameen of Padasinkurlapoody named Colloory Bhas=kirrow sent a list for that Village specifying the name of one of us the 2d. Plaintiff at the full concurrence of both of us. As for the Village of Gaddanapilly, Rajah Row Bhaviah the Proprietor of Veeranarum Mootah to which that Village appertains though obtained a Bakeer from one of us the 2d. Plff. that we were original Curnums and though the father of the 2d. Defendant named Boochemah had one fourth of the Curnecum right of that Village sent a list to the Collectors Office specifying the name of the 2d. Defendant (together with that of the 2d. Plff.) as if he had been joint Curnum for the half right of the Curnecum Office of that Village instead of one fourth..

The 3d. Deft. has besides presented to the late Collector an arzee at the end of Fusly 1252 both in his and the 2d. Defendants names but signed by himself stating that they both had right to the Curnecum duty of Peddasinkerlapoody Village. Whereupon one of us the 2d. Plff. presented another Arzee Mentioning the said real Circumstance of the case. These two arzees were referred to the Ameen but upon a report from the latter the contents of which are unknown Sir, R. C. Montgomery Bart. Coml. late in charge issued an order to the Ameen on 1st. November 1843. No. 63, directing that he should cause the 1st. 2d. and 3d. Defendants to perform themselves the Curnecum duty of Padasunkurlapoody

Village

Village, and to discharge that of Gaddanapully Village jointly with one of us, the 2d. Pliff. according to the lists of Fusly 1248, which were prepared at the instigation of the said defendants. The Ameen has since caused the 2d. defendant to perform the Curneeum duties of Gaddanapully Village jointly with one of us the 2d. Pliff. & 3d. Defendant to discharge himself the Curneeum duty of Padasenkurlapoody. The 1st. 2d. 3d. Defendants have therefore appropriated for their own use for the year Subbacrootoo or A. D. 1843, the Merassy emoluments due to us for Gaddanapully Village Amounting to 15 Rupees after deducting 5 Rupees due for the 4th. share of the 2d. Defendant out of the whole sum of 20 Rupees derived from that Village and Rupees 5 which were solely due to us for Padasenkurlapoody Village.

As we are in consequence deprived of our right and as the Linguempurty Mootah to which the Padasenkurlapoody appertains and the Veeranarum Mootah to which the Gaddanapully Village appertains are not at present under the same Zamindar, we are obliged to file this Complaint regarding the Merassey of Pedda Senkurlapoody.

We therefore pray your Court will be pleased to examine our witnesses and documents and pass a decree, adjudging the 1st. 2d. 3d. defendants to repay us the Amount of emoluments of Padasenkerlapoody Viz. Rupees 5, which they received for the year Subbacrootoo together with the Court charge, and directing that we may ourselves perform the Merassy duty of Padasenkurlapoody, yielding the annual emoluments of 5 Rs. without the interference of the said three defendants.

Please to Peruse Dated 19th April 1844.

/Sigd/ Chagunty Ramachendroodoo
" and Soobanah alias Soobaroydoo.

Filed in Court this 22d April 1844 / signed / F. Copleston Asst. Sub Judge.

No.

No. 2.

No. 62 of 1844.

To,

The Subordinate Court of Rajahmundry.

A Complaint filed by Plaintiffs 1st. Chagunty Ramachendroodoo, and 2d. Do. Soobanah alias Soobaroydoo, Merassidars and Inhabitants of Geddanapilly against Defendants, 1st. Chagunty Baupanah 2d. Do. Veerauze and 3d. Do. Paupiah, Merassidars of the said Village, and 4th. F. Prendergast Esqr. Collector in the Zillah of Rajahmundry and 5th. Stree Rajah Vutchavoy Sooria Narain Jagapatirauze, Zemindar of Pettapore.

Our Ignaty or near relation named Vaumarauze had 50 years ago performed the Curneeum duty for Lampakalvah Village of Linguns Purroo Mootah attached to Peddapore Talook, but as he died without issue, the duty in question was possessed through relationship by our elder grandfather's sons Timmanah & Co. as well as by our fathers. It being thus the joint Merassy, the said Timmanah at the consent of our fathers used to perform the duties thereof, and give to our fathers a moiety of the produce of the Merassy lands and other emoluments relative

relative to the same. At last as the Son in law of the said Timmanah named Vuddady Bhanapah was very poor, he made over to him / before his death / the said Meerassy duty for his maintenance, at the consent of our fathers. The said Bhanapah conducted the same for some years, and departed this life without issue which, was the reason and we having formerly right to it, a Petition was addressed to the then Collector Mr. Robertson / that is 22 years ago / by the 2d Defendant at the consent of 1st and 3d Defendants at our consent, as the 3d Defendant has belonged to the line of our family for the recovery of the said Meerassy The Meerassy in question was accordingly made over to the 2d and 3d Defendants- In the mean time, we and the 3 Defendant having claimed 1st and 2d Defendants the moiety of that Meerassy right, it was then agreed among us that the lands &c. of the whole Meerassy should be enjoyed equally by the parties of the two lines of the family, that is the 1st and 2d Defendants, for a period of 5 years one line, and we both and the 3d Defendant for a like period

period for the other. accordingly for the first 5 years for the turn of the 1st and 2d Defendants the latter performed the Curnum duty of the Village; and for the five years for our turn the 3d Defendant performed it at our consent, but refused to divide to us the emoluments at the instigation of the 1st and 2d Defendants in the mean time, that is in the last or fifth year of that period, one of us, the 2d Plaintiff, complained the same to the then Zemindar Sree Rajah Vutchavoy Boochy Seetiah, who sent for the 3d Defendant and at his request wrote a letter to her Sanadar Avasaralah Sashachellum to cause the matter to be settled through punchayet, consisting of Gooroopully Pirmulroydoo &c. 5 persons, inhabitants of Lingumpurroo. The Punchayetdars upon being called by the Sanadar enquired into the case and sent their decision to the said Zemindar, specifying that we both and 3d Defendant ought should equally divide the produce of the lands &c. Concerning our half Meerassy right. The Zemindar gave Copies of the said decision to the 3d Defendant and to us, directing that we should be bound to it. Even then, the 3d Defendant refused to divide our two shares emoluments of the said 5 years. The turns of the 1st and 2d Defendants having occurred

occurred again, we demanded from them after the expiration of their 5 years to put us in possession of the Meerassy duty, but through interest they had with the 3d. Defendant they refused our request, but held it themselves for the subsequest 5 years also, and one of them, the 2d. Defendant, performed the duty.- In Fusly 1248 the then Collector having required the lists of Curnams the Zemindar named Stree Rajah Vutchavoy Chenah Bungariah told us that she would enter our 5 names in the list; we then having gone to our Village the 1st. and 3d. Defendants in Combining with our enemy Puntum Vencatachellum, contracted the friendship with the Servants of the Zemindar and had them entered in the list the names of the 1st. and 2d. Defendants for their share and the name of the 3d. Defendant only for our share.- We then intended to complain the same to the authorities, and this being observed by the said Defendants two of them that is, the 1st. and 2d. proposed to allow us to perform ourselves the Curnaccum duty for their turn of five years, commencing from Fusly 1252 in addition to the other 5 years, which will afterwards fall to our lot, and the 3d. Defendant proposed not to

to demand from us for his share, during our turn, until the amount of our two shares which he had appropriated as above- shall have been discharged.- Thus, they satisfied us and made over to us the meerassy of the Village from Fusly 1252 As one of us, the 2d. Plaintiff, was accordingly performing the Curnaccum duty, in that Fusly, the then Collector again required the list of Curnums, and the Ameen Colloory Bhaskararow Puntoolo, submitted it entering for Lumbakalvah Village the name of one of us, the 2d. Plaintiff, / who was then doing duty / as well as the names of the 1st. 2d. and 3d. Defendants.-

While it was thus, the 2d. & 3d. Defendants, at the end of Fusly 1252 presented an Arzee to the then Collector, Mr. Smith, pretending that we had no right to the Meerassy of the said Village and that it should be made over to them.- One of us the 2d. Plaintiff, thereupon presented a Counter Arzee, and these two arzees were referred to the Ameen, who having subsequently made a report, the contents of which are unknown.- Sir H. C. Montgomery Bart. Commissioner late in charge issued an order

order to the Auneen, that the 1st. 2d. and 3d. Defendants only should perform the Curneecum duty of Ompacalavah Village according to the list of Fusly 1248, which was prepared at the instigation of the same Defendants.-

As we have been in consequence deprived of our right we are now obliged to file this Complaint against the said Defendants. We therefore pray your Court will be pleased to examine our Witnesses and documents and pass a Decree adjudging the 1st. 2d. and 3d. Defendants to repay as the 3½ Rupees being the amount of emoluments of the Curneecum duty received by them for Fusly 1253, together with the Court charges, and directing that the said Curneecum duty of Lompakalavah yielding an annual emolument of 3½ Rupees, should be held exclusively by us according to the said conditions for a period of 8 years next, and then that we may continue to hold our two shares of Curneecum right bearing the annual emolument of 1-2-8 Rs. a. p. Pleas to peruse. Dated 19th. April 1844.

Draft-

No. 3.-

Draft of proposed Answer.-

To

The Subordinate Court of
Rajahmundry.-

A proposed Answer to be filed by C. J. Bird Esqr. Acting Collector of Rajahmundry District to the complaint filed by 1st. Chaguntey Ramachendroodoo and 2d. Do. Soobanah alias Soobarayadoo Plaintiffs in Cause No. 161 of 1844.-

In this Plaint it is required that the Acting Collector should be desired to instate the Plaintiffs into the Office of joint Curnums of the Village of Peddsonkarlapoody in the Linguempurty Mootah and remove the present incumbents Viz. 1st. 2d. and 3d. Defendants. The argument employed in support of the Plaint is to the effect that in the preceding generation a family arrangement was made whereby the Office of Curnum in this Village was held by the Brothers of the branch of the family from which 1st. and 2d. Defendants descend and which is senior to that to which Plaintiffs belong. But that in the year 1804 Timmanah the eldest of the brothers above alluded to of the senior branch was hanged for the Murder of his Cousin Sanjeevya Member of the branch

branch of the family from which Plaintiffs descend whose son nevertheless is the 3d. Defendant in the present Suit. And that the Court which tried and executed the said Simmanah having ordered that the son in law of the culprit should be made Curnum of the Village of Peddanapilly at that time in the enjoyment of the fathers of these two Plaintiffs by name Coormanah and Nursanah. A new distribution of the family Officers was made and the said fathers of the 2 Plaintiffs Viz. Coormanah and Nursanah received the Curneekums of the Village Peddasenkurlapoody now in dispute and of another. That shortly after this a list of Curnums was prepared in which Simmanah the father of 1st. Plaintiff is entered for the said Village / the 2d. Plaintiff's father Nursanah having died in the interim / That soon after this Coormanah also died, the two Plaintiffs being left both in their Minority. That then the 2d. Defendant was employed by their Guardians as their Goomastah in the Village in dispute and the 3d. Defendant likewise in the Curnee Kum. of the other Village

Village before alluded to as having come into the incumbency of the 2 Plaintiffs; that on attaining their Majority they assumed charge of the duties of the other said Village but kept as Goomastahs in the one under dispute the 3 Defendants at separate times for periods each of 5 years; that notwithstanding this arrangement they discovered for the first time in Fusly 1251 that these Defendants by the connivance of the Village renters had been in the habit of signing the accounts as if they were themselves the real Curnums and that by consequence in Fusly 1248 the Zemindar of the Mootah had put them down in a list then prepared as the Curnums of the now disputed Village, and in the other before alluded to as Curnum's jointly with 2d. Plaintiff that on making this discovery they dismissed the Defendants from their Goomastahships and assumed charge of the duties in both their Villages, in consequence of which in the list prepared in Fusly 1252 the name of 2d. Plaintiff appears for the Village in question. But that subsequently the 3d. Defendant having advanced a claim before the Collector an

enquiry

enquiry was set on foot and ended in the 3 Defendants being acknowledged Curnums of this Village of Pedda Senkerlapoody and the Plaintiffs claim totally set aside.-

In reply to this argument the Acting Collector begs leave to state that in the investigation last above alluded to which was conducted by the Asmeem of Peddapoor nothing but the Plaintiffs' assertion was produced to support the story of the arrangement made by the Court in the year 1804 and upon which solely Plaintiffs title is based nor of the employment by the Plaintiffs at any time of the Defendants as their Goomastahs whereas on the other hand ever since the Peddapore Zemindary in which this Village lies came under the Collector's Management the Accounts of the Village have uniformly been authenticated by the Signature of one or another of the 3 Defendants. Their three names were likewise set down as the joint Curnums in the list sent up by the Zemindar in Fusly 1248. & Previously to which in Fusly 1216 the first list prepared after execution of Simmanah before alluded to contains the name of Sarabend

a

a Member of the same Elder branch of the family to which 1st. and 2d. Defendants belong one list only in the intermediate time Viz. in Fusly 1222, a long while subsequent to the execution of Simmanah, shows the name of Coormanah 1st. Plaintiffs father. In Fusly 1252 the Zufty Ameen as stated by the Plaintiffs entered the name of the 2d. Plaintiff as Curnum & and gave occasion to the enquiry instituted by order of the Commissioner then in charge who decided after mature consideration that the 3 Defendants had hitherto always been acknowledged during the present generation as the true Curnums, and nothing had been shown to invalidate their claim. The Court will thus perceive that no charge of unjust removal from Office can be maintained against the Acting Collector who consequently trusts that the Court upon Examination will see fit to nonsuit the Plaintiffs with costs.-

(Signed) C. J. Bird
Actg. Collector

Draft of Proposed answer.-

To, The Subordinate Court of
Rajahmundry

A proposed answer to be filed by C. J. Bird Esqr. Acting Coll.r of Rajahmundry District to the Complaint filed by 1st. Chaguntg Ramachendroodoo and 2d. Do. Soobanah alias Soobaroydoo, Plaintiffs in Cause No. 162 of 1844.-

The Plaintiffs lay claim to the
office

office of Curnum equally with the 1st 2d & 3d Defendants for the Village of Lompa Kalova of Lingumpurroo Mootah belonging the Peddapoor Zemindary and include the Collector among their Defendants in consequence of the name of the 2d Plaintiff having been ordered by the late Commissioner in charge to be taken off the list of Curnums for the said Village which was prepared in Fusly 1252 by the Zuffty Ameen of the said Zemindary. It appears es therefore requisite for the actg. Coll.r to confine his answer to this one point without following the Plaint through the detail of the occurrences upon which the Plaintiffs propose to establish their right.-

The late Collector Mr. Smith called for a list of Curnums in Fusly 1252 and in that for the Village in question the names of the 3 first Defendants and of the 2d Plaintiff were set down by the Zuffty Ameen. To this the said 3 Defendants made objection and an enquiry was ordered, in the Course of which it appeared that neither of the Plaintiffs' names had ever stood in any preceding list and that ever since the Peddapoor Zemindary has come under the Management of the Coll.r the accounts of the Village of Lumpakalovah have always been signed only by the 3 first Defendants. The Commissioner in charge had therefore no option, but to Confirm the said three Defendants in the Office and to exclude the name of the 2d Plaintiff. The Acting Collector consequently submits that no liability has been incurred by him and begs the Court, upon Examination of the Case, to nonsuit the Plaintiffs with Costs.-

(Signed) C. J. Bird
Acting Collector

Ordered that the following letter be submitted with the following address.

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue, to submit for the orders of the Most Noble the Governor in Council the accompanying letter with Enclosure, from the Acting Collector of Rajahmundry reporting the institution of two Suits against him in the Subordinate Court of the Zillah the object of each being to establish the claim of the Plaintiffs to the Curnumship of a Certain Village attached to the Peddapoor Zemindary at present held by the parties with whom the Acting Collector has been associated as Defendant in the Suits. The answer of the Acting Collector is also the same in both cases, Viz.t, that the individuals who at present hold the office have done so, ever since the estates came under Government that the names of the Plaintiffs have only

2. From these papers it will be seen that the grounds of Action in both of these suits are the same - the object of each being to establish the claim of the Plaintiffs to the Curnumship of a certain Village attached to the Peddapoor Zemindary at present held by the parties with whom the Acting Collector has been associated as Defendant in the Suits. The answer of the Acting Collector is also the same in both cases, Viz.t, that the individuals who at present hold the office have done so, ever since the estates came under Government that the names of the Plaintiffs have only

No. 1
25-26

To the Chief Secy to Government

Submitting a letter from the Acting Collector of Rajahmundry reporting the institution of two Suits against him in the Subordinate Court of the Zillah the object of each being to establish the claim of the Plaintiffs to the Curnumship of a Certain Village attached to the Peddapoor Zemindary stating that the Board consider the answer proposed to be filed by the Acting Collector to be good and sufficient and recommending that he may be authorized to defend the suit at the Public expence.

25th & 26th January 1845
3d February 1845

on one occasion been entered in the Village accounts Wzt. in those of Fusly 1252 when they were so inserted by the Ameen without authority and the error was corrected by the authorities in charge of the District as soon as it was brought to their notice The Acting Collector submits that these Officers were justified in Acting as they did upon the occasion and therefore prays that the verdict of the Court as it regards himself may be a nonsuit with costs-

-3- The Board consider the answers proposed to be filed by the Acting Collector to be good and sufficient- They remark that whatever may be the merits of the claim as between the Plaintiffs and the other Defendants the former have no just ground of Action against the Acting Collector inasmuch as it was not in the power of that Officer or of his predecessors to establish them in the Office and to oust the present incumbents as by Regulation XXIX 1802 Section V the power to displace Curnums in Settled Districts is vested only in a Court of Judicature- The Board therefore beg to recommend that the Acting Collector may receive authority to defend the Suits in question at

at the public expense-

Ordered that the abovementioned letters be submitted with the following address

33 23 To the Chief Secretary to Government

Sir,

To the Chief Sec.y to Government - submitting with reference to Minutes of Consultation under date the 4th

Extract from the Minutes of Consultation dated 4th ultimo a letter from the Collector of North Arcot explanatory of the circumstances under which the provisions of Act VI 1844 were not communicated to the Frontier Chokeydars of the District until the month of August last

* 15th Jany 1845 Ordered 23 Do

4th January I am directed by the Board of Revenue to forward for the information of the Most Noble the Governor in Council the accompanying letter from the Collector of North Arcot, explanatory of the circumstances under which the Provisions of Act VI 1844, were not communicated by the late Acting Collector to the Frontier Chokeydars of the District until the month of August last.

2. From this it will be seen that the circumstances under which the delay in giving effect to the rates of Frontier Duty prescribed by the Act is stated to have taken place, are that the late Acting Collector Mr. Babington communicated to the Board of Revenue in Cons.s 20 May 1844 a letter bearing date 14th May 1844, certain difficulties which had occurred to him in requesting orders whether Duty was to be collected agreeably to the schedules attached to Act VI 1844 or whether he was to wait for further instructions that no reply having been received to this reference application was made to the Acting Principal Collector of the adjoining District of Cuddapah with a view to ascertain the means adopted by that officer for distinguishing the origin of goods not of Indian Produce and that on the receipt of his reply 21st August last - the Frontier Chokedars

Chokedars of North Arcot were furnished with translations of the Schedules A and B of the Act and directed to levy Duty at the rate therein specified.

3. It will thus be perceived that the cause assigned for the omission on the part of the late Acting Collector to bring the schedules of Act VII 1844, into immediate operation is the want of specific instructions from this office in reply to his letter of 14th May 1844. The Board beg herewith to submit the letter in question for the consideration of his Lordship in Council. In this it will be remarked that the late Acting Collector took exception to the Import and Export schedules attached to Act VII 1844, partly because some of the items given in these schedules were inapplicable to the circumstances of Frontier Chokies and partly because in reference to other items entered in the schedules it would not be practicable for the Chokydars to distinguish between articles of British and those of Foreign produce or manufacture and to charge discriminating Duties accordingly. The first ground of objection taken by the Acting Collector appeared to the Board to be trivial and in regard to the second they felt themselves unable to lay down any specific rules for the practical guidance of the Chokedars and considered that only some general measure could be concerted with

in Cons 20 May 1844

No 6. Schedule A
89 ---- Books
10-11 Marine stores
12 13 Metals
14 Tin
15 16 Woolens
18 19 Cotton & Silk Piece Goods &c.

with a view to remedy the inconvenience complained of the matter must be left to the judgement of the local Officers. Under these circumstances and under the pressure of current business arising from the numberless references from all parts of the Presidency in regard to the construction and operation of Act VII of 1844, it never for a moment occurred to the Board that because the Acting Collector might in certain cases experience some inconvenience in Acting upon the new schedules he would therefore have suspended their introduction altogether in the face of a clear and positive enactment. The Board would further only add that the order of Government bearing date 10th August 1844, under which Articles imported by Sea of which class are all those to which the chief objection urged by the Acting Collector has reference have been permitted to be passed across the Frontier duty free under cover of Sea Custom certificates has in a great measure removed the difficulty adverted to by Mr. Babington as provided the goods correspond with the Certificate it becomes unnecessary for the Frontier Chokydars to inquire as to the country of which such Articles may be the produce or manufacture.

To the Principal Collr of Salem } Revenue Board Office Fort St. George 3d February 1845 }

Sir

In acknowledging the receipt of your letter of the 15th Ultimo I am directed by the Board of Revenue to request that you will furnish more detailed particulars respecting the nature of the spot of land applied for by the community of the Village

Village of Kistnapooram in exchange for a spot represented as rendered useless by inundation

The Board wish to be informed whether the piece of land for which application is now made is under culture or not, also if it is in the possession of any person and whether there would be any objections to the proposed arrangement.

/ Signed / I. Pycroft. Offg. Secretary

To J. D. Bourdillon Esqre
Secretary to the
Board of Revenue

Sir,

Fort St George

42
From the Collector of Tinnevelly

Stating that the Gettiapooram Zemindar offers the use of a Bungalow for the accommodation of Travellers and requesting the Sanction of Government that the Civil Engineer may prepare an Estimate for putting it in repair

The want of any kind of Public Bungalow for Travellers to halt in has been long felt in Tinnevelly and Palamcottah more especially of late, since the passing of many Merchants and others to and from Cutacorin: knowing the many calls on public Funds I have been unwilling to apply for sanction for the amount usual for such a Building from 2 to 3000 Rupees/ an opportunity of supplying this deficiency has now occurred through the liberality of the Gettiapooram Zemindary, who kindly offers to give the use of a commodious Bungalow conveniently situated on the River side near the large Bridge the only expense required will be about 500 Rupees to put the Bungalow in substantial repair, and I therefore request the recommendation of the Board and sanction of Government that the Civil Engineer may prepare an Estimate accordingly

Fort St George 3d February 1845

accordingly.

Tinnevelly 24th January 1845 } / Signed / E. B. Thomas

Collector

Proceedings thereon.

42-43

Under the explanation of the Collector that the want of a Public Bungalow at Tinnevelly is much felt, the Board beg to recommend that the liberal offer of the Gettiapooram Zemindar be accepted and that the Collector may be authorized in communication with the Civil Engineer of the Division to submit an Estimate for the required repair through the proper Department.

From the Asst Coll. of Canara

Para 1.

I have the honor to submit my Report on the settlement of the Land Revenue of this District for the past Fusly 1253 A.D 1843/44 together with the usual accounts and Statements.

Reports on the Settlement of Canara for Fusly 1253. A.D 1843/44. English.

A.B.C.D.E.F.G.H Nos 1.2.3.5.6.8.12.13

Hindoovi

A.B.C.D.E.F.G.H.I.J.K.L.M Nos. 1.2.3.5.6.8.12.13.

2.

The several Talooks were settled in the following order, Viz Bekul, Buntwal, Coodipy, Barcoor and Cundapoor by myself; Mangalore by the Acting additional Sub Collector Mr Ward; Honore, Ankola and Bilghi by the Acting Sub Collector Mr Parker, and Supah and Sondah by the Head Assistant Mr Reade.

Season.

3.

The season was not quite favorable. The rains fell heavily for three days in the latter part of April which was considered injurious. The Monsoon set in regularly in the beginning of May and continued without interruption till the 1st and 2nd Crops were gathered in. The heavy falls in the Month of July were injurious to the 1st Crop and in some Talooks the Crops became

became rotten and in Bekul some fields were covered with new earth washed down from the neighbouring hills. The coast Maganies further suffered from insects produced by the early rains in April. The rice Crops generally were rather below the average.

4. The rains were favorable for Suparee and Cardamums, but pepper was slightly below the average..

5. The Manufacture of Salt was uninterrupted and the outturn favorable. The actual quantity of Salt manufactured in 1253 exceeds that in preceding fusly by Garces 1735-375-

Quantity of Salt	Gs	M
Grown in 1252	1687	344
Do: in 1253	3423	319
Increase	1735	375

6. Epidemic diseases were almost in every Talook of the District during the Month of July August September and October, when they abated, and Murrain also made its appearance among the Cattle but the loss was not considerable..

7. The Export of Canara and foreign rice fell short of that of the preceding Fusly in Corges 850 but exceeds the average of the past years by Corges 1596. The produce of Canara is distinguished from foreign in the subjoined Statement, from which it will be observed that the quantity of the latter exported in

The

19

Bhurty	Number	Assessment Rupees	as	p
1252	42,073	14,656	12	8
1253	42,682	14,98320	6	11
Increase	609	32,708	-	3

The foregoing Statement shews an addition to the Bhurty Wurges to the extent of 609 in number the assessment of which during the year under report was Rupees 32,708--3. The Settlement on these Wurges in 1252 was Rupees 29,602-4-2 and the increased demand on the same Estates in 1253 (A.D. 1843/44) amounts to Rupees 3,105-12-1.-

Entirely waste Estates.

20

	Number	Rs	as	p
1252	2,305	46,110	5	8
1253	2225	44,732	9	-
Decrease	80	1,377	12	8

The number of entirely waste Wurges has been reduced in the past Fusly under report by 80 the assessment whereof is Rupees 1377-12-8.

	Number	Rs	a	p
1252	6,669	2,55,341	1	-
1253	6,525	2,51,853	5	11
Decrease	144	3,488	11	1

The number of Wurgs under examination or Junki is less than the preceding Fusly by 144.-

21

Of the total demand amounting to Rupees 18,51,530-13-2 Rupees 18,03,507-3-5- were realizing within the Fusly leaving a balance of Rupees 48,023-9-9- which has since been reduced to Rupees 5,160-7-9 being 4-5½ per Cent of the Demand for the year.-

	Rs	a	p
Demand	18,51,530	13	2
Collection	18,03,507	3	5
Balance on the 11th July 1844	48,023	9	9
Since collected	42,863	2	-
Balance on the 31st December 1844	5,160	7	9

The

22-

The arrears of Land Revenue outstanding at the beginning of Fusly 1253 (A.D. 1843/44) amounted to Rupees 47,295-8-7

On account of Fusly 1252	41,622-11-6
Do - of former years	5,672-13-1
Total	47,295-8-7

Of this sum Rupees 38,817-11-11 were realized during the past Fusly Viz:-

On account of fusly 1252	38,016-5-7
Do of former fusles	801-6-4
Total	38,817-11-11

Balance on the 31st Decr 1844 Rs 7,507-5-8

leaving a balance of Rupees 8,477-12-8 of which Rupees 970-7- has been since collected.-

23-

The arrears noted in the Margin are considered irrecoverable owing to the poverty of the Ryots against whom they are outstanding. I therefore beg to recommend them for remission.-

25 With reference to the Boards remarks on the Settlement of Fusly 1251/1841/42, that

Para 3. the deductions enumerated in the table annexed thereto should undergo scrutiny at the Settlement, I would observe that they have hetherto received and will continue to receive that attention which their importance demand.-

26 During every Settlement the additions

additions and deductions exhibited in the table above alluded to undergo a minute scrutiny, and I beg to annex a Statement shewing the changes that have been effected in consequence of these investigations.-

Statement shewing the deductions in the undermentioned Items of Remissions from Fuslies 1245 to 1253.-

Fuslies	amount under investigation or Junky			Amount on Salt Pans not now worked			Amount on ancient waste		
	Rs	a	o	Rs	a	o	Rs	a	o
1245	185,665	12	4	4,022	4	5	49,651	1	7

With

27 With regard to Para 4th of the Board's Proceedings the increase as therein noticed in the Mooli or private Wargs of Rupees 1616-10-. is exclusively formed of two items noted in the Margin. The item of Hoosagamy amounting to Rupees 526-12-6 is shewn in Columns 11-12-13 and 14 of the Statement A and is formed as observed by Mr Blair of newly cultivated shops, some reclaimed from waste plains of forests: others of grounds newly recovered from rivers in the beds of which Islands are sometimes formed - This has been the case with the Hoosagamy in the present instance, and the increase has not been the encroachments made by private proprietors.-

	Rs	as	ø
From Gueny Wargs transferred to Mooly	1089	13	6
" Hoosagamy	526	12	6
	1616	10	-

28. In the same para of their Proceedings, the Board notice the alterations in the remissions on Moolputta Vargs. I beg to observe that the additional reduction amounting to Rs 129-4-2 was found after Mr Blair's minute examination and report of the 30th July 1844 to belong

Reductions on Moolputta Para 4.

	a	o
1250	1249	5 2
1251	1378	9 4
Increase	129	4 2

Fusly	Rs	a	o
1245	1249	5	2
1246	1249	5	2
1247	1249	5	2
1248	1249	5	2
1249	1249	5	2
1250	1249	5	2
1251	1378	9	4
1252	1378	9	4
1253	1378	9	4

to Moolputta Wargs and it was therefore carried to that head, whereas before that time it was entered under another. The particulars in the Margin will shew that the remissions under this head from 1245 (1835/36) to 1250 (1840/41) amounted to Rupees 1249-5-2, and since 1251 to Rupees 1378-9-4 the difference being Rupees 129-4-2.-

29. The Board in the 5th Para of their proceedings in explaining the alterations in the number of Mooly and Circar Gueny Estates say, "that when a warg has been thus "conferred with a reduced Moolputta it "ceases to be entered among the Circar Gueny Estates." The difference however shewn in the tabular Statement annexed to the Board's remarks arises from a different cause.-

30 The whole Land included in a Gueny warg is rented in one year, perhaps, by one man, but in the next he refuses to take the whole without some partners to help him are admitted, and in this case what was last year one Warg, has this year been divided into 2 or more as circumstances require: and these are again consolidated when practicable. These divisions are only allowed on particular occasions

occasions and when no other arrangement is possible

31. Regarding the reduction of Rs. 7,305-5-10- in the amount of ancient waste, I would observe that this is the difference in this item in two years. The cultivation of waste land of this description in Fusly 1251 exceeded that in the preceding year, and the beriz on the excess amounted to the sum above noted.-

Ancient waste

Fusly 1250 —	44,574-2-8
" 1251 —	37,268-12-10
Decrease being the Beriz on wargs brought under Cultivation . . .	7,305-5-10

Para 9

32. The Board desire to be informed how the Vydah Vargs are clasfed when any of them have failed in their engagements. These Estates when the holders of them throw them up, either from want of means or the unprofitableness of the soil are placed under Junky. In other cases when the proprietors desire only a little further time to bring the Estate to its full assessment, and on enquiry the request appears reasonable and necessary for the preservation of the Revenue, they are then still kept under Vydah. The same remarks apply equally to Bhurty Estates transferred

transferred to Vydah, and it is not to be wondered at that out of 40,000 Bhurty Estates a few of the Proprietors require some indulgence to be shown to them. The number so transferred in 1251/1841/42 was only 249.-

33. With regard to Para 11 of the Board's Proceedings under acknowledgement I beg to state that the explanation required of the 129 Vargs in the Barcoor Talooke transferred from Bhurty to Vydah was submitted by Mr Blair in his Report on the Settlement for 1252/1842/43.-

Para 11

34. It only remains to explain the circumstance of 3 Vargs in Barcoor and one in Honore. The remissions granted on 3 Vargs in Barcoor were in consequence of losses by fire which were reassessed in 1252/1842/43 and these Vargs were placed again under Bhurty. With respect to the one in Honore, I beg to state that there appears to have been no Humbarty Estates transferred to Bhurty in 1251/AD 1841/42 at the same sum

Barcoor 3 Vargs.
From Bhurty to Vydah in 1251.

Tharow	121-2--
Settlement	111-10--
Balance or remission on account of loss by fire	9-8--

sum, but the amount therein referred to Viz ± 11-7 was a portion of a Kumberty Estate which was sold to a Burty Wargdar, who was assessed with the usual beriz of the land he purchas- I in Hundred. -ed, which was 11a 7o and which will be seen by a reference to the Statement.-

35. With regard to the Vargs placed under the 5th Class noticed by the Board in Para 13 Ibeg to observe that the greatest number of this be- -longs to the Soopah and Bunt- -wal Talooks as shewn in the Margin. These Talooks at certain seasons of the year, are exceed- -ingly unhealthy and although the Vargs are productive and would easily bear the full Tarow Beriz if fully cultiv- -ated, yet from want of Ryots are partly thrown up, and these Estates were by direction of the Board

Vargs placed under the 5th Class.

38. Accompanying Ibeg to for- -ward copy of the Report of Mr Parker on the Settlement of his charge. Mr Reade quitted the District on leave and Mr Ward was removed

i 11th October 1844

Fort St George 3rd February 1845

removed to the Judicial Department, before either of them could make the report on the part each had, in the Settlement.

39 The changes among the junior Revenue Officers in the District have been many during the last 15 Months, and Mr Parker the Sub Collector and Mr William Robinson Assistant Collector are the only two who have been any time in the District, and as the former has been long known to the Board as an experienced Revenue Servant it is unnecessary for me to say more than that I have received that Cooperation and assistance from him which might have been expected.

Mr

Fort St George 3d February 1845.

40. Mr William Robinson, after having made himself acquainted with the records and the mode of conducting business, was placed in charge of the Police of the Mangalore Taluk, and the very highly satisfactory manner in which he has conducted the duties of it, as well as of the several Miscellaneous duties which have been referred to him, gives one every reason to believe that, after a little more experience, he will become a most valuable public Officer.

Fort St. George 3d February 1845.

I

To

E. P. Thompson Esqre

Acting Principal Collector of

Canara.

Sir,

Para 1. I have the honor to submit the usual Report on the Settlement of the Talooks of Sonda, Soopa, Bilghy, Honore and Ankola, at present under my charge for the past Fusly 1253.

2. The Talook of Sonda forming part of the usual charge of the Sub Collector was settled by Mr. Read, the Head Assistant Collector, before I assumed my appointment, and he was engaged in the Jummabundy of the Soopah Talook, when illness obliged him to quit the District. The remainder of Soopah was settled by the Sub Collector's Sheristadar. I arrived in North Canara on the 17th March and conducted the settlement of the Talooks of Honore, Ankola and Bilghy.

3. The season appears to have been favorable to the Rice Cultivation on the Eastern Frontier of the Balaghaut but the produce in the Honore and Ankola Talooks is said to have been less than in Fusly 1252.

4. The Price obtained for this description of Produce in the Honore Talook on an average of the whole Fusly was more favorable than in the preceding year but below the price assumed

assumed by the Sircar in the Accounts of Produ
In Ankola it was low at the time the Ryots sold their grain
strength it rose so much at the close of the Fusly as to raise the
average above that of Fusly 1252. In the Balaghaut in the Eastern Maganies the price of grain is always low: on the Mysore frontier on account of the great production in the adjoining Talook of that State and on the Dhawar frontier on account of the small demand for Home consumption there was a large increase in the Export of Paddy and Rice the produce in part of the Mysore Country from the Ports of the Honore Talook principally to Bombay; but a considerable decrease in the Export from the Ankola Talook owing to the causes above stated.-

	Rice per Candy (Rs. Candy).	Sircar Price	Paddy Price obtained by the Ryots	Difference Increase	Difference Decrease	Rice per Candy. Sircar Price	Price obtained by the Ryots	Difference Increase	Difference Decrease

5.- At the commencement the season was favorable to the Betelnut and the Cardamom Crops; but subsequently an excess of rain caused a considerable rot in the fruit

The result was a Decrease in the Produce of Betelnut in the Soopah and Bilghy Talooks both as compared with the Produce of Fusly 1252 and the average of 5 years: but in Sondah which grows more than the other two combined, there was an increase above the preceding year and above the Average. The result was similar in regard to Cardamoms. To the Pepper Vine the season was unfavorable. When a sufficient quantity of rain falls for other description of Produce the leaves of the Pepper Vine flourish at the expense of the Berry.-

6.- The Prices of Betelnut in the Sonda Talook exceeded both the prices which prevailed in Fusly 1252 and that assumed by the Sircar.- In Bilghy and Soopah a good price was obtained but not so high as in 1252 Cardamoms sold at a considerable advance on the Price of Fusly.

Fusly 1252 but still far below the

Price assumed by the Sirkar-

The Price of Pepper was low-

This latter does not depend upon

the produce of the year but on

the demand, large quantities

being kept in store.

7.

On the whole, the ye

was profitable to the Garden

Moganies, as the Proprietors

derived benefit both from

the Price of their own produce

the cheapness of the Rice supplie

to their labourers.

The

8. The Marginal Statement of the Col-lection of Reve-nue of Duties agrees with what I have mentioned above, exhibiting an increase in the Exports of Betelnut and Cardamoms from the Soolas and a Decrease in Bilghy and Soopah. The Decrease in Bilghy is disproportioned to the outturn of the Crop and is owing in part to the precautions taken in the Nuggar Division of the Mysore District to prevent smuggling across the Frontier for the sake of the lower scale of duty in the Canara District.

g. From the annexed Statements it will be seen that the Settlement of the land revenue of the year exclusive of Coomeri Amounted to Rupees 5,65,599 a. p. 1 — 6 exceeding the Settlement of Fusly Rs. 1252 by 2681- a. p. 14 — 8 - and that this increase resulted from additions to the Amount Rs. of 6699- 2. 5. 2. to the Amount Rs. a. p. of 4017- 6- 6. With.

10. With regard to the addition
it is only necessary to remark that
the sum realized by increased pro
duce accrues from Estates under
examination. The other items ex
plain themselves.

11. The reductions for Waste
is principally composed of the As
sessment of Estates thrown up by
the Proprietors and left wholly Waste
or only partially cultivated by other
persons. The largest amounts occurred
in the Soopak and Sonda Talooks
where, especially in the former, as has
often been explained, the large extent of
unoccupied land deprives many
Estates of a saleable Value, and
leads to the relinquishment of im
poverished soils for fresher land.

12. The remission for injured Crops was
granted with the exception of 1 Wung in Soo
pak to Rumbhuntee Estates on which
the 2d. Rice Crop had withered, or the fod
der produce had rotted.

13. The total Amount of Damage
by fire according to the Statements
incurred to the Sabsildars was 33,3 Rs. 11

and the Amount of remission granted on this
account to persons unable to sustain the loss
without assistance was 58h. 8a. 3p.

14. Of the remission for deficiency of
produce in the Honore Talook 60 Rupees were
granted to 2 Bhuntee Wungs in one of which a
landslip had prevented the cultivation of a
part of the land and the other had been in
undated owing to the bursting of a dam.
In Ankola 120. 3a. 7p. were allowed to 10 Bhun
tee Wungs which appeared on examination
to have been held at a loss for several years,
and the rest to Khumbhuntee Estates. In Soo
pak the deficiency arose from various
causes, principally the difficulty in obtain
ing labourers. The largest item under this
Head is in the Bilghi Talook, where the
remissions were granted chiefly for
Rice land, on a combined consideration
of produce and Price. The exports from
the Rice growing Districts in the Mysore
Country pass through this Talook and
naturally keep down the price, partic
ularly in the Moganies on the
frontier which are highly as
sessed and it may be added
as

Fort St. George 3d. February 1845.

as another reason for the excess of re-
-mission to this Talook in the yea-
under review, that Mr. Pushington
as stated in his report for 1252 for
want of time to make a strict exam-
refrained from entering into an exam-
-mation of many claims for remissio-
that year which naturally increased
exigency of the call in the present
15. The only other Head which
appears to call for explanation is that
inundation of Salt Water, which occur-
at a spring tide in the Coosgaddy
Moganny of the Honore Talook, and
-ed some fields already
Of the 8 Estates affected, 7 were
Bhuntee, the proprietors
which were unable to bear up
the loss without relinquishing
small extent of salt Cultivation
on which they greatly depended
-ing several previous years.
16. The Assessment of the Coom-
Cultivation of the year under
-view amounted to

	Rs.	as.	p.
Honore	318.	1.	5.

Talooks Balances on the 15th September 1845.

Fort St. George 3d. February 1845.

the amount of the former jusly by Rs. 42- as. 15- p. 7-
17. Including hoomeri the total set-
-tlement of Land Revenue in the year
amounted to Rupees 57,023- 12- 4 as p
which 56,255- 14- 8 as p
were collected within
the year and Rupees
9,019- 3- 5 subsequently
up to the 15th September,
leaving a balance of
Rupees 748- 10- 6. due as stated in the
Margin, such portion of this as may
be uncollected at that period
will be duly investigated at the
ensuing Summabundy.
18. The subjoined Statement
exhibits the additions and deduc-
-tions from each of the 5 classes of
Estates, and I enclose five separate
Statements shewing for each Talook
to what classes, Estates removed from
any one class, are transferred, and
from what classes, the additions to
any one class, are derived.-

The

Fort St. George 3d February 1815.

	Bhurty.	Hyda	Board	Junky 1st class.	Junky 5th class.	Total
	Koolu.	Koolu	Koolu	Koolu	Koolu	Koolu
In Fusly 1252	13,608	784	31,07	3,900	1,59	22,158
Deductions in Fusly 1253	216	257	12	228	64	777
Remaining	13,392.	527	31,95	3,672	395	21,381
Additions in Fusly 1253	413.	214	63	45	117	852
Total	13,805.	741	31,58	3,717	512	22,233

19. The number 413 added to the 1st class paying the full assessment is composed of 219 raised from the 2d class by instalments, from the other Khumbhuntee classes, 6 formed by Subdivision of Estates, and 21 formed from the Hossagame or newly cultivated lands.

20. 216 Wungs were transferred from the 1st to the classes not paying full assessment viz. 99 left wholly or partly by waste to the 5th class, 17 were placed in the 2d or instalment class, 99 left wholly or partly by waste to the 5th class, 17 were placed in the class on which permanent remission are recommended to the Board and included in the 1st class for examination.

21. These two last transfers being supposed to appears to be the wish of the Board of Revenue, to explain that the Estates transferred to the 3d class in Ankola and Soopah, belonged to it previous to Fusly 1252, and were in that year raised to the full assessment but were afterwards reduced in their Original class by order of the Head Assistant Collector from a conviction of the danger of checking improvement by the mistaken avidity

Fort St. George 3d February 1815.

the remission under this head which is considered of a permanent nature. The 2 wungs in the Bilagi Taluk were placed in the 3d Class by an order of the late Acting Sub Collector previous to the Jummabundy Examination, having satisfied him of their permanent inability to bear the full Assessment. The 6 wungs placed in the 4th Class have been thrown up by the former proprietors and being quite unequal, it is supposed ever to pay the full Assessment, were not placed in the 5th Class.

22. The number of Estates which, according to the previous Conditions, should have been raised from the Class of instalments to the full assessment in the year under review was 298. The circumstances of 216 of these as before stated, enabled them to fulfil the condition, but it was found necessary to suspend the exaction of the remaining instalments on 79. The transfers from this class to the classes of examination were occasioned almost exclusively by the Estates being thrown up and left entirely waste, or cultivated in part only by temporary tenants. The same explanation may be given of similar transfers from the 3d or Board Class to the classes of examination. The only other transfer that appears to require remark is that of 39 Estates from the 4th to the 3d or 4th class of permanent remission. The examination they had undergone had approved their inability to arrive at the full assessment, and improvement was checked by the want of a fair limit to the Government

demand

demand: In making transfers to the two Class
of examination, where we were satisfied that
the impediment to the realization of the
Assessment was temporary only, the change
made to the 5th Class, and where there was
=son to suppose it was permanent to the 4th Class

Carts and Bullocks 23.

Imports	No. of Bullocks
Fusly 1252	68332
" 1253	59954
Decrease	8378

Exports	Number of Bullocks
Fusly 1252	27400
" 1253	20538
Increase	2938

A considerable increase took
place in the use of Carts for the traff
on the roads newly formed from
=ces to the Dhanwar frontier. There
=ber which entered since by that ro
in 1252. being 80 and in 1253. 190, and
the number which left since by
same line of road being in 1252.
and in 1253. 166. The account f
=nished to me shews a decrease
of 8370 in the number of Bullocks employed i
import and an increase of 2,938 in those em
=ployed in export, but I do not place great
=liance on the correctness of this latter a
=count, which cannot be kept with
=actness. It is supposed that there
been an increase of traffic upon the
whole and this conclusion is supp
=ed by an increase in the receipts f
Sea Customs.

There is a satisfactory increa
in the produce of the Sugar Cane, a
=ies of Cultivation to which I think

may look with confidence for the improvement of the

	Produce of Fusly 1252		Produce of Fusly 1253		Increase		resources of the Balaghaut talooks, as the quantity and distribution thro the year of the rains which fall near
	Cs	Mds	Cs	Mds	Cs	Mds

the Ghauts appear congenial to it. I do not
feel equally sanguine as to the success of endea
=vours to introduce the Culture of Cotton which
are now making under the direction of Mr. Simp
=son the American Cotton Planter. In the western
Sections of the Balaghaut talooks, the rains are
so heavy at the commencement of the season as to
threaten the entire destruction of the seed and Young
plants, and it is feared that if the sowing is defer
=red till the force of the S. W. Monsoon has abated,
the remaining showers, all in a part of the country
in a great measure beyond the influence of the
N. E. Monsoon, will not suffice to bring the
Plants to maturity. Neither is the soil ge
=nerally favorable. Another obstacle is pre
=sented by the scarcity of labour. Nevertheless
the experiment may perhaps succeed to a
sufficient extent to afford valuable aid
in the improvement of the extensive tracts of
unoccupied land in the Soopah and Sondah
Talooks. Mr. Simpson has found tolerable
good soil in the eastern Moganies which
as regards the falls of rain are

more

Fort St. George 3d. February 1845.

more favorably situated for Cotton Cultiva-
tion than the Saloaks generally.

25. The subjoined Statement exhibits the
balances outstanding on account of Sand
Revenue and Moturpha up to fusly 1252,
distinguishing the Amounts recoverable
and irrecoverable respectively.-

Saloaks.	Balance		Amount recommended for remission upto Fusly 1252.		Recoverable		Amount to be recommended for remission in Fusly 1253	
	Rs	a p	Rs	a p	Rs	a p	Rs	a p
Honore	134	3 5	u	u u	119	7 9	14	11 8

Deduct Decrease					353	9 7		
Net Increase					1,610	15 5		

28. This increase is the consequence of the
introduction of a more Systematic mode of
levying this tax by Mr. Sunkington and
Mr. Reade who framed the Schedule of
the objects and rates of Assessment, which
I have the honor to enclose and accord-
= ing to which accounts had been prepar-
= ed by the Sahsildar previous to my
taking charge of the Sub-division.-

Of

Fort St. George 3d. February 1845.

29. Of the total Amount assessed Rupees 7,159-9-1 had been collected upto the 15th September leaving a Balance of Rupees 35-14-5.

30. The Collections were made with sufficient ease to prove, I think, the general correctness of the calculations on which the rates were adopted, but the comparative scarcity of Shanbogues, corresponding with the Summums of other Districts, on which class of Public Officers we are chiefly dependant for knowledge of the circumstances of individuals, renders the task always difficult of making a perfectly fair assessment of this tax greater here than elsewhere, and I cannot feel assured, therefore that individual case of hardship did not occur. It will be my endeavour to remove these at the ensuing Summabundy, and I consider it expedient to lean to the side of indulgence rather than to the contrary, particularly as regards the smaller traders, and occupations, which are necessary to the every existence of the whole body of inhabitants, and on which the pro-

cannot

Fort St. George 3d. February 1845.

cannot be large.

31. The period during which I have held a Revenue charge in this District has been too short and the detail duties of my Office, owing to the absence of the Head Assistant, too heavy during that period to afford me the leisure requisite to test my impressions of the Revenue System of the District by careful enquiry and examination of accounts. I therefore abstain from any general observations beyond a short Statement of the causes which appeared to me during the Summabundy to disturb the classification of Estates, and to prevent in some cases the realization of the Instalments fixed by the Revenue Servants at subsequent periods. In short to render remissions necessary in Estates regarding which arrangements had been made intended to be permanent.

32. The Chief causes seemed to me to be 1. The Scarcity of labor. 2. The unhealthiness of the Jungle Moganies. 3 The superstition of the Inhabitants. 4 and the Sub Division of Estates.

33. Very many were instances brought to my notice during the Summabundy in which Estates evidently capable as far as the

productive.

productive power of the soil and the ex-
=tent were concerned to bear the full
assessment, were left wholly or partia-
=ally uncultivated from the inabili-
=ty of the owners to find hired
labourers to perform the essential
parts of Husbandry, which they themselv
were prevented by Caste from undertaki
Such Estates were generally in the Jun-
=gle Moganies. In some cases the Wak
for Labourers who cultivated the land
in former years having died or de-
=serted it was found impossible
to supply his place. But more often
sickness or mortality had occurre
among the men or cattle on the Est
and being attributed to the enmit
of Evil Spirits had frightened all
the labourers away. In such cases wh
the Landlords were not richer than
impossible to maintain the full A
=sessment or to exact an instalment
3dly. The Superstition of the lower ord
even where it does not prevent the
cultivation of an Estate increases th
cost in a degree which will scarcely
be credited. The services of some
of a tribe called Maruvas and
expensive ceremonies are con
=sidered indispensible to obviate

malign influence of Evil Spirits. In a
Petition presented to me the amount thus
spent is stated at 110 Pagodas per annum
on an Estate of which the Government
assessment is only 30 Pagodas, and mak-
=ing due allowance for exaggeration in
order to establish the plea of poverty, this
case will afford some idea of the extent
to which Superstition eats up the pro-
=fits of agriculture in the Jungle Moganies.

35. The effects of the scarcity of
labour, of superstition, of the unhealthi-
=ness of particular tracts on the Settlement of Estates as also
of the great extent of unoccupied land in the Soopak
=lock in inducing the relinquishment
of land after a few years cultivation
have often been stated by my Predeces-
=sors, but I do not recollect that they have
laid much stress on the Subdivision of
Estates among Members of a Family,
Mortgagee and lease holders, which
seemed to me one of the most common
cause of a deficiency in the produce
of an Estate, by giving rise to disputes
as to occupancy or boundaries —
just at the time of cultivation — but

the

1527. Fort St. George 3d. February 1815.

the difficulty in adjusting the Assess-
ment on the separate portions or by
the poverty and carelessness of such
shareers. In a great many instances
this cause is apparent, and I am
persuaded that its operation ex-
tends to many more in which
the process of settlement by the
European authority is not
sufficiently minute to detect
it.

Thursday 6th February 1845.- G. D. Drury Esqre Senior Member. and A. Maclean Esqre Acting Second Member.

Minutes of the last Meeting read and approved.-

Read the following Extracts.

2 From the Acting Secy. to Government. Extract from the Minutes of Consultation Under date the 21st January 1845.-

Sanctioning the disbursements incurred by the Collector of Masulipatam from 1st April to 30th September 1844 on account of the allowance to 6 Peons for Rice.

Read the following letter from the Acting Secretary to the Board of Revenue Submitting a letter from the Collector of Masulipatam requesting

Rao late zemindar of Vinnacottah and Goodemadah and his brothers. authorizing the continuance to them from the 1st October of the monthly allowance of 500 Rupees. Requesting that the further report promised in the concluding Para of the Board's letter dated 26th Nov. last be submitted & full information supplied in regard to the arrears accumulated under the administration of the Officers of Government.—

requesting that fresh sanction may be obtained for the continuance from the 1st October of the monthly allowance of 500 Rupees granted to C. Panpiah Row late zemindar of Vinnacottah and Goodemadah and his brothers, as also for the disbursement of Rupees 3,000 made to those Parties on that account from 1st April to 30th September 1846. and recommending for stated reasons that renewed authority may be granted for the continuance of the allowance and that sanction be also granted for Rupees 3,000 disbursed on that account. also forwarding a correspondence with the Collector regarding the settlement of the ex-zemindar's private debts.—

(Here Enter 28th Nov. 1846. No. 578.)

Para 1.

The Most Noble the Governor in Council sanctions the disbursements made from 1st April to 30th September last on account of the allowance to C. Panpiah Row late zemindar of Vinnacottah and Goodemadah and his brothers, amounting to Rupees /3,000/ Three thousand and grants authority for continuing to

to them for the present the payment of the Monthly allowance of Rupees /500/ Five hundred from the 1st October last.—

2. His Lordship in Council requests that the further report promised in the concluding Para of the foregoing letter may be submitted as early as possible, and that the Board of Revenue will at the same time supply full information in regard to the large amount of arrears which have accumulated under the administration of the Officers of Government.—

+ Balance at the date of sequestration as per statement in Collector's letter of 17th June 1836 — 41,133-13-11.
Arrears with interest as per Board's letter 24th July 1843 Para 3 — 479,974-3-10.

Directing that the Pt. Collr. of Coimbatore be instructed to make over to the Military authorities two Guns at present under his charge.

Extract from the Minutes of Consultation
Under date the 31st January 1845.-

Read the following letter.-

To Lieutenant General The Most Noble George Marquess of Tweeddale K.T. G.C.B. Governor in Council
Fort St. George

My Lord,

Para 1. The Adjutant General of the Army, having, by order of the Commander in Chief forwarded to us, a letter from the Officer Commanding the Southern Division of the Army applying for two Guns for the use of the 19th Regiment Native Infantry, and suggesting that the two Guns with the Pt. Collector of Coimbatore, might be made available, for that purpose, we applied to the latter Functionary, to know if he could spare them.-

2. The reply was, that the Collector would be very unwilling to part with them except under circumstances of great necessity

These

†dated 25th March 1831.

3. These Guns by orders† of Government were issued for the purpose of destroying Elephants, for which, they have proved of very little use, but are considered by the Collector as a great protection to his Treasury.—

4. We have now the honor to request your Lordship's order on the subject, the Guns not being used for the purposes for which their issue was sanctioned, and it not being customary to grant ordnance for the purpose of protecting Civil Treasuries.—

Military Board Office,
Fort St. George, 4th January 1845.— /Signed/ James Hetchen, Brigadier Commandant of Artillery
" D. Sim Lieut. Colonel.

Fort St. George.

4 14

From the Ag. Coll. of Ganjam. } Para 1.

Requesting the Board's decision for the sale of the Palaulky Duntah Kutchinepooram Parawah and Commany Estates.—

Sir.

In my letter of the 18th Ultimo I informed the Board of Revenue of the course I had deemed it right to pursue in reference to the Proprietary Estates of Polaukee, Dunta, Baurwah and Lutchinepooram, brought to sale for arrears of Revenue.—

As

2. As I had anticipated the Proprietor utterly failed in his engagement to pay the Principal of his debt before the 30th December or to remit a single Rupee in part payment- On the contrary he attended on that date with a new proposal to subdivide the Estate into 12 shares, and to sell these separately- Thus under existing circumstances of course could not be complied with.-

	Principal	Interest	Total
	Rs. A P	Rs. A P	Rs. A P
Polanky	36,416 / 6	4,962 4 5	41,378 5 11
Duntah	6,365 / 3	1,118 6 "	7,496 7 3
Lutchmeyroonum	7,692 / 3	1,513 2 7	9,110 5 8
Total	50,561 5 10	7,023 13 "	57,985 2 10.

3. The arrears on the Mootahs of Polanky, Duntah & Lutchmeyroonum as they stand at the date of sale- are noted in the Margin Principal and Interest- Polanky was sold for Rupees 42,000. Duntah for Rupees 7,500 and Lutchmeyroonum for Rupees 9,120- In all Rupees 58,620 they were bought

bought by Yeddanapoody Sooriah Prakasarow and Anuntaramiah residents of Chicacole- On payment of the stipulated deposit and with security for the Current Peishcush, I shall make over charge to them, and I request you will obtain for me the sanction of the Board of Revenue for these sales.-

4. If the Board of Revenue think fit to authorize the omission of Interest in account under the Authority noted in the Margin, and to permit the Principal to be taken in full of the Government demand that will be an act of favor and will leave a considerable Balance to be paid to the late owner.-

5. I reputed formerly that I had bid for Government to the extent of the Balance of Principal outstanding on the Baurvah Mootah- and that there was then no advance- A Competitor however did appear on the 30th Ultimo who offered fourteen thousand Rupees and as I did not

† Minutes of Cons dated 2d Janr. 1841. Para 3.-

16/

From P. B. Smollett Esq.
Acting Collector of Ganjam } Para 1

Requesting to obtain sanction of Government for defending in appeal a Suit No. 198 of 1843 regarding certain Islands formed in the River Nangoolah near Chicacole in which a Decree has been passed by the Principal Sudder ameen of Vizagapatam against the Collector of Ganjam-

Among other matters brought to my notice shortly after assuming charge of this District was a suit brought by the Proprietor of the Sheermahomed Poor- Mootah of Vizagapatam against certain Ryots of Cullapilley Village of the Nadadah Talook in Ganjam. The result being calculated to affect in some degree the rights of Government the Collector of this District was made, it appears, a Supplemental Defendant in the Suit.-

2 The Spot in dispute is an Island recently formed by freshes in the River Nangoolah which separates the two Districts. If adjudged to belong to Ganjam the land would be assessed to the Government Revenue, if on the other hand it is found to appertain to Vizagapatam the profits, if any, will go to the Zemindar, Mr. Protruther

Anstruther had put in an answer copy of which is herewith sent, but failed to send witnesses or documents to support his Pleas. Under these circumstances judgment was necessarily given against him in the Court of the Principal Sudder Ameen of Vizagapatam.

3 Having been informed by Mr. Anstruther orally that on a personal examination there was no doubt but that the spot in question properly belonged to the Gayam District. I have made a short appeal. Copy of which accompanies and caused it to be presented to the Civil Court of Chicacole.—

I trust that the course will be approved of, and that the sanction of Government will be obtained for defending the Suit at the public cost.— This appeal through some oversight to have been omitted to be applied for at the proper period.

Gayam District.—"
Collector's Cutcherry.—"
Chatterpore, 14th January 1845

Matiew

No. 1

Motion filed in the Principal Sudder Ameen's Court at Vizagapatam.

With reference to Suit No. 198 of 1843, the Acting Collector of Gayam begs to report to the Court of the Principal Sudder Ameen of Vizagapatam as follows.

The Acting Collector visited the Spot claimed, on the 16th Instant, and now begs to inform the Court that he cannot suppose the Plaintiff ever saw the ground for if he had, he could not have the audacity to claim it. The Acting Collector is very willing that for the complete satisfaction of the Court an ameen nominated by Court should survey the spot, but if his plans and reports be not entirely in favor of the defence the Acting Collector declaring upon his honor that he thinks it impossible that any honest intelligent man can have a moments doubt after seeing the ground as to who ought to possess it, would earnestly beg the Principal Sudder Ameen in person to visit the spot.

If the Plaintiff is aware of the localities his Suit is malicious, vexatious, insulting

insulting in a high degree to any Court of justice which he must have hoped, to turn by false representations into a Court of Equity.

The original decision of Mr. Cazalet about some lunkas land near the spot litigated was in the opinion of the Acting Collector erroneous, and the present Suit can derive no support from it, that decision not justifying any additional error but rather requiring its own correction.

The plans made by the defendants are in the main correct though possibly the actual measurements may be faulty. the Acting Collector begs to enclose a copy made by himself of the mouth of the river Gangalia (the river in question) as drawn in the Zillah map prepared by the Surveyor General Department. The dotted line shews the line of division of the Districts Ganjam and Vizagapatam This of course does not embrace minute particulars of lunkas, but it is generally correct and the line claimed by Plaintiff would materially falsify it.

On a late occasion of a disputed line of boundary a Revenue Surveyor Mr. Rollo

Rollo was deputed by the Civil Court of Chicacole to survey the land which he did scientifically and to the complete satisfaction of the Court. If the services of that person could be had by the Court the Acting Collector would suggest it as very desirable that he should take a survey of the lunkas and lands near the spot in litigation if not the Acting Collector will endeavour (if such be the wish of the Court) to obtain some other equally competent person from the Department of the Assistant Surveyor General in charge of the Ganjam Survey

[Signed] T. A. Anstruther

Actg Collector

(Here enter sketch)

No. 2

Draft of the appeal Petition filed in the Civil Court of Chicacole on behalf of the Acting Collector of Ganjam.

The Acting Collector of Ganjam begs to bring in appeal before the Civil Court of Chicacole a decree given against Mr. Anstruther by the Principal Sudr ameen of Vizagapatam in case No. 198 of 1843

This is a dispute regarding a spot

spot of ground formed during the floods by the River Naingoolah, claimed on the one hand by the inhabitants of Cullapully in Wadada-Talook on the other by the Ryots of Ponnadah of Sheermahomad Poorum in Vizagapatam.

The late Acting Collector having inspected the spot himself pleaded that it manifestly belonged to the Village of Cullapully but through some oversight he-neglected to send evidance to substantiate his plea and judgment was given for Plaintiff

The Present Acting Collector now requests the Court will allow him to call evidence to substantiate fully his predecessor's answer-

The spot of ground is in the immediate vicinity of Chicacole. it can be inspected by the Judge himself any forenoon- If the Court desires a Surveyor or Assistant Engineer may be deputed to visit the spot and report the same with Plans to the Court. If this be done the Acting Collector believes the Court will see just reason to reverse decision of the Principal Sudr Ameen of Vizagapatam-

The Acting Collector has no interest in the matter in dispute personally

in one way or another. He only desires an authoritative decision of a Court to prevent hereafter a breach of the Peace-

3 Kullapilly Krooshnapah — Defendants
4 Do Poorshottum — Defendants
5 Do Appulnursimloo — Defendants
6 R. A. Bannerman Esq[re] Collector in the District of Gayam — Supplemental Defendant

The Plaintiff states that in consequence of the Defendants residing Village of Cullapully being situated on high ground and the lands appertaining to the Plaintiff's proprietary Villages of Ponnada &c[a] being situated on much lower ground than the former the latter Villages are generally inundated by

by the overflow of the Nungoolah river which moreover formed banks of sand in some parts of the river that subsequently within the boundaries of the said Village of Ponnadah a bank of sand was accumulated in the western side of the said river which as Linkranjee land yielded him annually for a considerable period the sum of 100 Rupees- that on its being usurped by the Defendants from a feeling of animosity the Plaintiff submitted his grievance to the Collector of Gunjam, who deputed his assistant Mr. Sutherland to investigate the matter and grant redress, but that Gentleman without making a full enquiry awarded the same to the Defendants on the ground that it was situated near to the Defendants Village of Cullapully- That formerly when a dispute of a similar nature had occurred about sand banks in the Villages of Bontalkoodoor and Ponnadah the matter was investigated by Mr. Cazalet the late Collector of Gunjam who decided in favor of the Plaintiff The Plaintiff therefore now sues to recover the aforementioned piece of land which yields 25 Garce, its annual produce together with arrears of its produce for the years Villumby and Vikkary amounting

to

to Rupees 200 and that the Defendants moreover defray the costs of suit-

The Defendants were severally served with notices but having neglected to defend the Suit it was set down to be tried exparte

The Collector of Gunjam was subsequently made a supplemental Defendant in this Suit who also allowed the case to be tried exparte-

The Plaintiff filed 7 documents marked severally from A to G,-

A Extract from a deposition given by Coopully Kistamah before the Magistrate of Vizagapatam on the 19th August 1824 respecting a peculiar ceremonial oath performed by the Inhabitants of Bontalcoodoore on the occasion of a dispute regarding the boundaries of a certain piece of land situated in the bed of the river between those two Villages-

B Extract from a deposition given by Chicacole Bagunah before Do. Do. on the 22d August 1824 respecting Do. Do.

C Copy of an order from P. Cazalet Esqr. the late Collector of Gunjam to the Tahsildar of Ooradah dated 4th October 1824 prohibiting him from interfering in the

matter

matter respecting the piece of land alluded to in documents A and B

D Copy of a communication from W. U. Arbuthnot Esqre Collector of Vizagapatam to the ameen of Sreecoorman dated 10th November 1839 acquainting him that a fresh complaint had been preferred by the Collector of Ganjam regarding the land alluded to in documents A B and C and enjoining him to investigate the subject in dispute in the presence of the Goomastah of the Collector of Ganjam and to communicate the result thereof to him.

E Copy of an order from R. A. Bannerman Esqre Collector of Ganjam to the Tahsildar of Osradah dated 29th November 1838 calling upon him to assign his reason for not having acquainted him of the former decision on the subject of the land above adverted to, and directing him to forward the records referring to the subject.

F Copy of an order from P. Cazalet Esqre late Collector of Ganjam to the Tahsildar of Osradah directing him not to interfere in the matter relative to a certain piece of land situated near Mafoozbundar

which

which was proved to belong to the Plaintiff.

G An Original letter from the Tahsildar of Osradah to M Kistamah dated Aswejah-bowlah Pandamee of Tharanah corresponding to 26th October 1824 forwarding him an Extract of the Order or document marked F

The Plaintiff filed a list of 13 Witnesses 10 of whom were examined and the remaining 3 were dispensed with.

1 Garogoo Naidoo ——— 6 Chicacole Roodreemantoo
2 Buggoo Uppiah ——— 7 Barah Kistniah
3 Yenna Appelnaidoo ——— 8 Dasee Tuvvatee
4 Roopah Lutchmeenaidoo ——— 9 Addeekarlo Kamiah
5 Lavate Dallapah ——— 10 Yenmalah Narraingraw-

The 1st Witness deposes that the Eastern boundary of the Village of Ponnadah extends as far as the spot called Dasrygunnahbutloo &c which are beyond the opposite bank of the river and that the western, Northern and Southern boundaries of it terminate at the branches of the river that the land in dispute is situated within the said boundaries, that the former bank was washed away by the overflow of the river and that he has been aware of the circumstances since the last

40 years.

The 2d and 3d Witnesses confirm the deposition of the 1st Witness the former further adds that the cattle of the Village of Cullapully did sometime graze on the land in dispute when the water of the river had receded.

The 4th 5th & 6th Witnesses corroborate the statements of the former Witnesses regarding the boundaries and further depose that the land in dispute is within the precincts of the Village of Ponnadah. and that the Defendants had urged objections to the Plaintiffs right to the same

The 7th and 8th Witnesses Statements agree in every point with that of the 1st Witness

The 9th and 10th Witnesses substantiate the correctness of the documents marked E and C.

From

From the testimony of the above Witnesses as also from the report of the ameen who was deputed by the Court to repair to the place and enquire fully into the matter and whose report is grounded strictly on the information gained from the Majority of the Inhabitants of that and the neighbouring Villages and from the records pertaining to a similar subject of dispute which had taken place formerly between the Collectors of Ganjam and Vizagapatam, and which land was decided as belonging to the Plaintiff. it clearly appears that the land which is the subject of the present dispute is situated within the boundaries of the Village of Ponnadah.

The document E shews that the Tahsildar of Cosradah had been Called upon by the Collector of Ganjam to assign his reason for not having brought to his notice a decision which had been passed regarding land situated between the Villages of Ponnadah and Dantalcodoore.

The supplemental Defendant in a motion to the Court represented that the land in dispute is not the one above adverted to. From the records it appears that the original bank had been washed away by the flood of the river, and the one in dispute has been formed in its place within the precincts of the Village of Ponnadah, and that the fisheries of that part of the river belong to that

Village

Village - The present supplemental Defendant Mr. Anstruther questioned the validity of the former decision passed by Mr Cazalet the late Collector of Ganjam, but as no Counter order has been issued since that decision was passed there is no reason for doubting the Correctness of it -

The line of boundaries in the plan produced by the Plaintiff is clearly established by the evidence of his Witnesses, as also by the report of the ameen - but the line of boundaries in the plan submitted by the supplemental Defendant has not been satisfactorily settled and which merely exhibits the line of demarkation between the districts of Vizagapatam, and Ganjam, but does not shew the situation of the land in dispute - It would appear that the Assistant Collector concluded from the circumstances of the land being nearer to Cullapully than to Ponnadah, that it belonged to the former Village but from enquiries made it is evident that the land although situated at some distance from the former, and nearer to the latter Village, still belongs to the former, a circumstance not very uncommon and which of itself is not sufficient to defeat the Plaintiffs right

It appears somewhat anomalous that the Defendants as well as the supplemental Defendant should have failed to defend this suit in time and have allowed it to be tried exparte if they

they deemed the Plaintiffs claim fictitious - it further appears extraordinary that no person was sent to the spot by the Defendants or the Supplemental Defendant in order to Witness the investigation held by the Ameen although requested to do so -

Under all these circumstances the Court considers that it has been clearly and satisfactorily proved that the land in dispute is actually within the boundaries of the Proprietary Village of Ponnadah and that the Plaintiff has therefore an undoubted right to the same - It is therefore decreed that the said land be made over to the Plaintiff together with the sum of 200 Rupees on account of the arrears of produce of the years Vikkary and Villumby according to the Plaint and that all the Defendants bear the Costs -

And it is further resolved that no private adjustment of this Decree shall be allowed or deemed valid unless the terms of such adjustment shall have been previously and reciprocally declared by all the parties interested herein and made a record of this Court with

with their unanimous consent.

Ordered

Ordered that the foregoing letter be Submitted with the following address.—

To The Chief Secretary to Government.

(16-17)

To the Chief Secy. to Government. Submitting a letter from the Actg Coll.r of Ganjam reporting his having preferred an appeal to the Civil Court of Chicacole against a decision passed by the Principal Sudr. Ameen in a suit brought by the Proprietor of the Sheermahomed Poor Mootah in Vizagapatam against certain Ryots of the Ganjam Dist.t relative to an Island recently formed by freshes in the River Nangoolah which separates those Dist.ts in which the late Coll.r of Ganjam was made a supplemental Defendant.t recommending that the present Coll.r may be allowed to conduct the

Sir,

1. I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Ganjam reporting his having preferred an appeal to the Civil Court of Chicacole against a decision passed by the Principal Sudr Ameen in a suit No.s 198 of 1843 brought by the Proprietor of the Sheermahomed Poor Mootah in Vizagapatam against certain Ryots of the Ganjam District and in which the late Acting Collector was made a supplemental Defendant..

2.— The suit refers to an Island recently formed by freshes in the River Nangoolah which separates the Ganjam and Vizagapatam Districts and it appears that the late Acting Collector Mr. Anstruther who had in person inspected the localities entertained the strongest persuasion that this island belonged to Ganjam nevertheless

Fort St. George 6th February 1845

the appeal at the public expense.

Note.- Mr. Smollett Para 2/ says Mr. Anstruther had put in an answer. it appears however from the Decree itself that he did not put in an answer but only filed a Motion.-

nevertheless from some oversight that Officer did not Communicate to Govern: the institution of the suit nor obtain permission to defend it he further did not file an answer and the case was therefore tried Exparte In the course of the suit the late Acting Collector made a motion in which he put in a plan of the localities in question, and suggested that the land in dispute should be inspected by a Revenue Surveyor Mr. Rolls, or by some other equally competent person attached to the Ganjam Survey. he however called no witnesses, and his motion was overruled and judgement given in favor of the Plaintiffs.-

3.

Mr. Smollett now states that as he was orally assured by Mr. Anstruther that the spot referred to belonged beyond all doubt to the Ganjam District, he has made a short Appeal, Copy of which he forwards, and caused it to be presented to the Civil Court of Chicacole Mr. Smollett has not explained the circumstances which have induced him to

Fort St. George 6th February 1845.-

to prosecute the appeal without waiting for the Sanction of Government, but as it appears to them that the interests of Government have not been properly represented in the Original Suit they beg to recommend that his proceedings may be approved and that he may be allowed to conduct the appeal at the public expence.-

From the Asst. Coll.r of Ganjam - -

Forwards an Indent for printed forms to Bills & Letters of advice.-

Sir,

With reference to a circular letter from your office dated 18th

Fort St. George 6th. February 1845.

18th. January 1841. I have the honor to forward an Indent for printed forms for Bills of Exchange drawn upon the accountant Genera and other Collectors with letters of advice for the same, and to request the Board of Revenue will have the goodness to order them to be printed in the same form as those furnished in 1841, forwarding them to this Office by the earliest possible opportunity

In the Bills on other Collectors Space should be left blank to co Contain the purpose for which the Bill is granted, as is Shewn in the accom =panying form which I request may be Strictly attended to..

I take this opportunity to repeat the suggestion of Mr. Bannerman Contained

Fort St. George 6th. February 1845. -

contained in his letter dated 10th. Febru= =ary 1841. that the forms of Bills on the accountant General be printed on thin and smaller sized paper to save the charge of Postage to the Gentleman to whom they are granted. The present forms are unnecessarily large and in= =convenient. -

Ordered that the form of Bill received with the foregoing letter be submitted to Government with the request that 200 copies of the same be printed at the Fort St. George Gazette Press.-

Read

Fort St. George 6th February 1845.-

Read again letter from Collector of Rajahmundry under date the 24th July 1841 Submitting a report on the Survey and Assessment of the Vandiah and Palacadaroo Villages of the Woondy Talook in his District.-

Read also letter from the Commissioner of the Northern Circars 21st Sept. 1843 Submitting estimate of the expence for the maintenance of the Survey Establishment for fusly 1253, as prepared under the orders of Mr. G. A. Smith. with Statement of the work done and its cost. that remaining to be performed, and the estimated expence, with his opinion on the Subject.-

20

Proceedings-

Here enter Nos. 101. and 136.

The advantages to be derived from the introduction of a Survey and fixed Field Assessment into the Government Estates of the Rajahmundry District having been fully admitted both by the Board of Revenue and by the Government, the Collector of Rajahmundry Mr. G. A. Smith on the 24th January 1839 solicited Sanction for the maintenance of a Small Survey establishment at a Monthly cost of Rs. 186 with a view to the experimental Survey and Assessment

Fort St. George 6th February 1845.

assessment of two Villages in the Woondy Talook preliminary to an extension of the measure throughout the Government Lands and in illustration of the mode and principles on which it should be conducted. The necessary sanction was granted by Government 19th March and communicated to the Collector on the 4th April 1839 but "in consequence of the Monsoon and the storm which visited the District in November of that year," it was not found practicable to enter upon operations until the Month of April 1840, when the Survey was commenced with an establishment somewhat below that which had been authorized and under the direction of Mooppanilah Streenevasiah Naick Sheristadar of the Cutcherry who was specially appointed to the charge of the undertaking. The first of papers above recorded contains a full report accompanied by the requisite Statements, on the Survey and detailed assessment of the two Villages ultimately selected by the Collector. The Board proceed to record their views upon the Subject, and as the most convenient arrangement they will consider 1st the Survey and 2d the detailed assessment of the

Fort St. George 6th February 1845.

Villages reported on.-

2. At the 1st stage difficulty appears to have been experienced for the practicability of ascertaining the exact length of the "Puggum" the measure which forms the basis of the System of calculation by Pootties Tooms & which had hitherto been followed in the District accounts. The employment of the several "Puggums" leading to very different results, but each of them considerably at variance with the extent of the lands as given in the Village permanent Bhoobound account, the Collector came at last to the conclusion that "no actual measurement had ever taken place in the District and that the Permanent Settlement was only framed on a rough estimate of the quantity of land" and he therefore determined, the Board think most judiciously, to "treat the Subject de novo" and to adopt the mode of measurement by acres and Countahs which obtains in Ceded Districts, Guntoor and other parts of the Madras Presidency.

3. The area of the two Villages as represented is acres stands thus.-

	Total quantity of land.
Vandraly	777- 36. 6.
Palacodaroo	1057- 32- 9-

From

Fort St. George 6th. February 1845.-

From the abstract Statement 3 Col IV in the enclosure D of the Report, the Board howe perceive that a deduction has been made from the total extent of land in each Village amounting in one case to 5 in the other to 4 per Cent on the whole Village lands, on account of "boundaries." The plans which have been forwarded show a broad belt or band serrounding each Village apparently the boundaries in ques In the instructions to the Surveyor Para 33 it is stated. "It is brought to notice that "the Poontahs or boundaries existing between "two Villages were not entered in the Bhoobur "Jee's accounts, inconsequence of their being "joint limits. But you will measure such "limits, and enter them proportionately "under the several Villages to which they are attached taking care to set mark for the distinction of those limits." If as here ordered the actual limits of the Surveyed Villages have been ascertained and defined by boundary marks it do not appear to the Board, why that portion of the former enceinte which has been found to fall within those limits has not been carried to account in place

Fort St. George 6th. February 1845.-

of being deducted from the Possible Peroyettee land, as this like the Village site, Tanks & ca it were Perumbokie, and not available for purposes of cultivation.-

4- The 4th. of the Abstract accounts in the Enclosure D is called the Azmaish chittah and purports to exhibit the result of the examination of the Azmaishdar or Taster into the accuracy of the measurement previously made by the surveyor. Nineteen fields are stated to have been examined in Vandrah and 43 in Palacodaroo and the total extent of the whole land tested in each Village as given by the Azmaishdar, cor= responds to Veshum with that originally en= tered in the Surveyor's account.

19. in Vandrah
43. in Palaco= =daroo.

+ 1/20 part of an acre.

	Vandrah.	Palcodaroo.
Surveyor. - - -	35a-13-7-	62a-37-3-
Azmaishdar.	35-13-7-	62-37-3-

The Board apprehend that it would be scarcely possible for two of the most practiced Land Surveyors, with every inducement to care and fidelity to measure separately two sets of fields one of 19 the other of 43 numbers, and that the result of their respective operations should tally so completely as is stated to have occurred in the present instance. This exact co= incidence cannot therefore but in= duce the suspicion that the Azmaishdar has

has in point of fact contented himself with
taking the measurements given him by the
Surveyor, and transferring them to his accou
without any examination on his part. It
does not appear that the Collector has him
=self examined any of these measurements
and whatever may be the merit of the
original Survey the Board can attach no
value to the Ayemaish, and are of opinion
that the measurements made both in the
two Villages under consideration and in
those Subsequently Surveyed will require
be carefully checked and examined
before their accuracy can be admitted
as established.-

Assessment. 5. In their remarks on the ass
=ment the Board will consider.

1. The classification of the land.-
2. The mode in which the Government
demand has been determined.-
3. . . The allowances to Village Servants.
4. . . The amount of revenue which may
be expected under the present
assessment

assessment as compared with the results
of former years.

6. The classification as no
accounts of produce have been kept in the
District, the lands has been classed in
reference to its presumed productive
powers as estimated 1.st by the Villagers
2.ndly by the Tarundar 3.rdly by the Superin=
tendent of Survey. assisted by certain
Punchayetdars or Arbitrators. The cal=
=culations of the two first named parties
have been condemned as too low
and too high respectively and the
third or intermediate has been
adopted. The manner in which the
classification has been made will
be best understood by refer=
=ence to the annexed Abstract
statement No.7, Enclosure D.

Estimate

Fort St. George 6th February 1845

From this it will be seen that the Nunjah has been considered as only one crop land but that of the four classes into which the Poonjah is divided 3 in one Village and in the other have been rated as yielding two crops the first being uniformly paddy, but the second some other kind of produce and the classification has been made on the presumed outturn of both crops jointly. It will further be observed that in this classification to each class of two crop land one particular kind of second crop has been assigned and consequently if any other description of second crop be raised except that assumed by the classifiers, the classification will no longer hold good. Thus for example the 1st class dry land in Vandrak is presumed to bear as its second crop 3 Tooms ½ Maunecak of Condooloo and the same quantity of Cotton worth at the commutation priced Rs 4-4-0 while the 2d Class dry land is supposed to bear 3 – ½ Ammooloo and 3 – ½ Oil seeds valued at Rs 5 – 3 – 5 – But if the 1st class land be cultivated Ammooloo and Oil Seeds or the 2d with Condooloo and Cotton and there would seem to be no reason why such should not be the case / the calculation on which the classification rests are at once deranged. Again the mode in which the second crops of the several classes of dry land have been

* Black Paddy or one of the Coarser Kinds of Rice raised without artificial irrigation

0 Calculated from the prices given in 9th Abridged Account in Encl. D

Fort St. George 6th February 1845.

Estimate of Produce

1592

| Villages | Description of Classes | | First Produce Paddy or Paddy | 2d Produce | | |

been determined seems altogether uncertain and capricious. Thus as already shewn in Vandrak the 2d Crop of the 2d Class land is supposed to be more valuable than the 2d Crop of the 1st class land the 2d 3d & 4th classes of dry land in the same Village are estimated to yield the same quantity of Paddy and their productive powers might therefore be supposed to be equal nevertheless the 1st is presumed as capable of giving a second crop with Rs 5-3-5 the second at Ditto of 3-8-7 while the 3d is not considered capable of giving any second crop at all. In Palacodaroo the 1st and 3d classes estimated according to their capabilities for producing Paddy would seem of the same quality while the 2d and 4th but the 1st and 2d classes are rated as yielding second crops and the 3d and 4th are not so. The Board cannot but think that the principle on which the above classification has been made is erroneous. Even admitting Produce to be the sole criterion by which the classification of land should be regulated the several classes should in their opinion have been fixed in reference only to the 1st and principal crop paddy which would form an uniform standard. The classification having thus been determined by the first crop, if a second were raised it might be charged with its

In the Accounts originally furnished by the Villagers there were only two classes of dry lands the 3d 4th have been added by the Surveyor

Jasty or Extra Peerwah bearing a certain proportion to the fixed assessment but in no case being more than half of it. In point of fact however the Quantity or description of produce yielded tho a most important is not the only circumstance to be taken into account in determining the value of land. Other considerations such as its distance from the village the labour and expense required for its culture which will vary greatly as regards soils whose intrinsic power of production are nearly equal and the like should also be adverted to and these have been altogether lost sight of by the Collector.

Note

This principle has been fully recognized by Sir Thomas Munro in his Survey of the Ceded Districts. In his letter to the Board 26th July 1807 he states "The quality of the land where all other circumstances were equal determined its class but allowance was made for Distance from the Village and every other incident by which the expense of "cultivation was augmented."

See also his instructions to the assessors or Tarm Mutsuddies Para 10 in Encl. No 3 of the same letter.

10th Abridge Accounts Encl D

7 2dly Mode in which the Government demand has been fixed. The several classes of land having been determined in the manner shewn in the preceding Para, a deduction of 3 Tooms per Pooty or 15 per Cent is first made from the gross produce on account of Marahs Vea &c 2 Tooms or 10 per Cent to Village servants and One Toom or 5 per Cent to the cultivating servants of the

the Ryots' The remaining 85 per Cent is then divided equally between the Ryot and the Circar the share of each being 42½ per Cent - The Circar share is next converted into money at the commutation rates, one fourth is thrown back to the Ryot, as compensation for the labor of irrigation and as a counterbalance to the actual uncertainty of the seasons and the remaining 3/4th constitute the Government demand thus it will be seen that the Ryots and the Circar share of the produce became respectively 53⅛ and 31⅞ per Cent -

100 Pooties
Deduct - 15 Maras
Remaining - 85

42½ Ryots share add
10 5/8 Thrown back
53⅛ Total Ryots share

31⅞ Circar
85

Note There are only two wells in each Village the expression cannot therefore apply to the labor of raising water by Peecottahs for which were these Machines are of large Size and require several men to work them remissions are given in some Districts.

8- The labor of irrigation "cannot it is evident apply to dry cultivation and indeed hardly to wet unless by is to be understood the labor of clearing and repairing the irrigation channels and for this when any material repairs are to be executed recourse is always had to Government Moreover neither this cause nor the "uncertainty of the seasons" can furnish good grounds for a standing deduction from the Government share because the proportion originally assigned to the cultivator if correctly determined should be such as will cover all charges

The prices in the present case have been calculated on an average of 21 years but exceeding 7 years of famine Vide Sebastity This certainly seems very fair to the Ryots

charges of cultivation and also being calculated with reference to average produce and prices will render him independent of all ordinary fluctuations of season while any extraordinary and exceptional visitations such as famine or inundation or the like may be better met by occasional relief proportioned to the actual exigency than by a fixed remission of the Government demand - If therefore in the present assessment the ryots share 42½ per Cent has in the first instance been fixed on just principles the addition to it of 10 5/8 per Cent must be unnecessary and if it has not been so determined to fundamental an error must of course vitiate the whole assessment it being clearly at variance with all correct principles first to fix the Ryots share of the crop at a rate arbitrary and conjectural and then to provide any possible errors in that rate by a deduction from the Government share no less arbitrary - In the absence of more complete information on the subject the Board will not indeed assert, as regards the two Villages under

under review that 53/8 per Cent as the ryots share is an unduly high proportion of the gross produce but the altogether object to the process by which it has been determined

To this however Should perhaps be added the 5 per Cent Mara payable to the Cultivating servants of the ryot which as part of the expenses of Cultivation seems properly preferrable to the Ryots share this will then be raised to 58/8 per Cent.

I The Board will next consider the allowances to be granted to the Village Servants it has already been shewn that the Mara or Fees to the Village Servants amount to 10 per Cent of the gross produce - i.e. as the Circar share is only 31 7/8 to nearly one third of the Beriz of each Village as will be shewn in the subjoined Abstract

		Being 31 7/8 per Cent of Gross produce	Mara 10 per Cent Do. Commuted at same rate	Difference
Vandrak	Jeroyattee Ayacutt	1730 — 11 — "	544 — 8 —	1186 — 3
	Of which shagal land or Land usually under Cultivation	1,048 — 9 — 6	329 — " — "	719 — 9
Palacodaroo	Jeroyattee Ayacutt	2,492 — 8 — 11	782 — " — "	1,710 — 8
	Of which Shagal Land or Land usually under Cultivation	1,940 — 3 — 5	607 — 11 — "	1331 — 8

Besides which the Enam land held by the Village Officers and the ready money allowances proposed to be granted to them amount in Vandrak to Rupees 257 — 10 — " Palacodaroo Rupees 306 — 15 — 11 annually their whole emoluments therefore Viz.

Vandrak	Rs	a	p
Enams	212	14	3
Ready Money allowances	44	11	9
	257	10	"

Palacodaroo			
Enams	247	15	11
Ready Money allowances	59	"	"
	306	15	11

Mara on shagal cultivated land Enams and ready

ready money allowances are as under —

	Rs	A	P
Vandrak	586	10	"
Polacodaroo	915	10	11

being in one case 53/4 and in the other 45 5/16 per Cent of the gross Shagal Beriz of the respective Villages. This rate of remuneration certainly appears high and the Board would wish to be informed what is the general custom of the District in regard to the allowances enjoyed by the Village Officers Indeed in forming an assessment altho occasion should be taken in the examination of each Village to ascertain the actual emoluments in the enjoyment of the Village servants it would be desirable to defer fixing their future allowances until the completion of the assessment when one uniform scale may be adopted and introduced throughout the whole District —

10. Amount of present assessment as compared with the result of former years - The total Beriz of the two Villages Jeroyattee and Cuttoobady Cist and Tax on Palmira Trees as now fixed is — Vandrak Rupees 1782 — 15 — "

Palacodaroo — " — 2559 — 15 — "

The

Fort St George 6th February 1845

The results of former periods with which these are compared are the following——

		Vandrah	Palaeadaroo
1.	Average Collections taken by Circuit Committee——	1648-12-2	2069-1—
2.	Do for 13 years taken by Mr. Skinner——	1759-10—1	2580-5-6
3.	Do taken by Mr. Ravel——	2002-——	2718—1-7
4.	Permanent assessment proposed by Mr. Skinner	1581-12—4	2387-8——
5.	Assessment as per Sub Division Accounts——	1648-8——	2337-8——
6.	Permanent Assessment——	1717-10—5	3472-——
7.	Average Collections of 18 years viz. from Fusly 1230 to Fusly 1249, deducting the two Fusles of Famine Fusles 1242 and 1248——	1834—6—10	2141-7-5
8.	Average of 20 years viz. from Fusly 1230 to Fusly 1249 including the two Famine years——	1676-1-9	1938-11-7

Hence it will be seen that the proposed total Berij of Vandrah is in excess of all the results above quoted except the third and seventh: while that of Palaeadaroo through it falls short of the average Collections

Fort St George 6th February 1845.

Collections taken by Mr. Ravel of the present permanent assessment and of that proposed by Mr. Skinner exceeds the other averages which have been selected for comparison. In the Comparisons above instituted it should however be remarked that the averages given in the foregoing Statement are actual Collections of revenue realized from the Sheegal land or land usually in course of cultivation, whereas the Berij now proposed for the two Villages comprises the full Cist on all the Gouernment land whether ordinarily under tillage or immemorial waste, and is such as could not be realized until every acre of Peroyettee land be brought under the plough. To enable a correct judgment to be formed of the probable future outturn under the new assessment as compared with that yielded under the former System, the total Government demand upon the Sheegal Lands only in each of the two Villages as now fixed should be compared with the average of past Collections. The Sheegal Berij including Cuttoobaty and Palmeah tax stands thus.

	Rs	A	P
Vandrah——	1100-	13—	6
Palaeadaroo	2021-	11—	7

The sheegal revenue of the last Village nearly

Corresponds

Fort St George 6th February 1845-

corresponds with the average outturn of the 20 years from
Fusly 1230 to Fusly 1249 but that of Vandavah falls 34
per Cent below either of those results nor is any cause
assigned for so great a decrease-

11. The distinction above noticed between
the proposed total Beriz and that realizable from
Sheegal lands only does not appear to have been
adverted to by the Collector from whose manner of
treating the subject it might indeed appear
to be intended that the whole Jerrytee Land shall
be taken up by the Villagers
year whether actually cultivated or not- This view of
the case receives some colour from a circumstance
which has already attracted the Board's attention and
was noticed by them in their Proceedings on the
Settlement of Rajahmundry for Fusly 1251 A.D. 1841-42 and found

From Collr 27th March
in Corrs 14th April 1842
To Do 14th April —"—
From Do 16th in Corrs 30th May "
To Do 30th May —"—

the subject of the papers noted in the Margin that
that on the completion of the assessment now under
review which was finished at the commencement
of Fusly 1251 A.D. 1841-42 the Collector endeavoured to settle
the Village of Palacodaroo for that Fusly upon a Cot
equal to the Beriz of the entire Village Agreeably to
by

Fort St George 6th February 1845-

by the assessment which he had just formed - The
ryots demurred and petitioned the Board who
cancelled the Collectors Proceedings on the grounds
that their Beriz included the assessment on waste
land as well as Sheegal and that the Ryots
could not in fairness be called upon to pay
for land which was waste and which they had
no prospect of Cultivating - It seems hardly neces-
sary to observe that the rule there laid down must
for more than this ordinary holding - If therefore the
assessment now under consideration has been framed
with a view to its being realized in full without
reference to the actual extent of Cultivation - a
surmise for which the Collectors Proceedings in regard
to Palacodaroo in Fusly 1251 A.D. 1841-42 seem to afford some
countenance - the principle on which it rests is clearly
erroneous - and if not it does not appear to the
Board for which reason on the total assessment
on all lands both waste and cultivated has been
contrasted with the result of former Collections realized
from Sheegal land only -

In

Fort St George 6th February 1845.

12.

In the Contract Annutes of Consultation 3rd December 1844 the Board of Revenue are called upon to submit a full report on the progress of the survey authorized in March 1839 shewing the manner in which it has been conducted accompanied by accounts of the total expenditure and their opinion of the expediency of extending the measure upon the same principles throughout the remaining portion of the District." In regard to the expense which has hitherto been incurred it will be seen from the accompanying Statement / No 2 in A / forwarded

In Cons 2d October 1845.

by the Commissioner for the Northern Circars on the 21st September 1843 since which date operations have been suspended that up to the despatch of that letter 50 Villages had been measured containing 6324-11-10 acres at a total Cost of Rupees 6497-12-3 averaging 1 f 0 per acre and that the lands in the Government Estate remaining to be measured were estimated to amount to acres 60805-23-12 the expense for which at 1 f 6 per acre would be Rupees 57006-3-6 of the manner in which both the Survey and the Assessment have been conducted

Fort St George 6th February 1845.

in the Villages reported on by the Collector in the letter now under review, some idea will be formed from the observations above recorded - The survey will as already shewn require to be carefully tested, but the Board would hope that further examination will prove that the expense incurred on this head has not been thrown away and that the measurements both in Vandrah and Palacadaroo and in the remaining 50 Villages have been conducted with such accuracy as will admit of their serving as the basis of an Assessment hereafter - Of the Assessment the Board are not able to speak in terms of like encouragement - For reasons set forth in detail in the preceding Paras they cannot but consider that the classification of the lands and the mode in which the produce has been apportioned between the Ryot and the Circar are erroneous in principle and that in one at least of the two Villages / Vandrah / the revenue which may hereafter be expected if to be realized, as it should be, from the lands usually under Culture only will fall greatly under the results of former years - The late Collector appears to have entered upon his task with zeal

and

Fort St George 6th February 1845.

and industry and if the Board cannot shew to have been altogether successfull they feel bound fully to admit the disadvantages with which he had to contend still to whatsoever causes its effects may be attributable the Board regret that they cannot pronounce favorably of the assessment now before them, nor could they regard it as expedient to extend the measure upon the same principles throughout the rest of the District. As already shewn all operations have been suspended since 21st September 1843, nor will the heavy pressure of current business in the Rajahmundry District were there no other obstacle, admit of their being resumed for the present with effect. The Board will recur to the subject at an early period in connection with the general survey question.—

13. In connection with this subject the Board have received a Petition /1096 of 1844/ from

16th September. M. Streenevasyah under whose superintendence the survey was conducted, praying that he may be rendered in his appointment of Nail Sherestadar and that the arrears of Salary for the months of September and October 1843 may be made good to him. If as he represents the

Fort St George 6th February 1845.

individual was delegated temporarily to the charge of the survey without prejudice to his substantive appointment as Deputy Sherestadar it would seem but equitable that on the survey being discontinued he should revert to that Office but if otherwise and his former situation has been permanently filled up, the fact of his having been selected to superintend the survey operations would seem to speak well for his character and should his late conduct have been unexceptionable the Board would wish him to be provided with some fitting appointment as

1888 to 1810 Fort St George 6th February 1845.

as soon as convenient.—

Ordered that a Copy of

the foregoing Extract from the Board's

Proceedings be submitted to

Government and a transcript

of the same be forwarded to the

Acting Collector of Rajahmundry

for his information and

guidance.—

1811 Fort St. George 6th February 1845.—

Read the following Letter

(21)

To

J. D. Bourdillon Esqre

Secretary to the Board of Revr

Fort St. George.

From the Collr of Rajahmundry — Sir,

In reply to the Board's orders in their Proceedings of 15th July last submit the information regarding the advances to Ryots of Govt Estates for the purpose of sinking and repairing wells for irrigation together with the terms Vera.—

1. In conformity with the instructions contained in the Proceedings of the Board of Revenue dated 15th July 1844 enquiries have been made to ascertain whether any Ryots of the Government Estates in this District are now desirous of receiving advances for the purpose of digging and repairing wells for irrigation and upon what condition and with what prospect of advantage to the Government.—

2. Very few of the Villages alluded to in Mr. Smith's letter of 12th August 1841 are now willing to take Tuccavy to sink wells. There are at present applications from only eleven Villages for assistance of the description proposed of which 3 are in Mogulloor 5. in Nagaram and 3 in Amalapoor.—

3. In the 3 Villages of Mogulloor — Taluk 161 Ryots ask for an advance of 1,650 Rupees to be laid out upon 43 new wells the total estimated expense of which is 3,300 Rupees to be repaid in two

Years.

Fort St. George 6th February 1845.

years by two equal instalments. The Cist of land to be benefited in Rupees 810-3-- of such as has other sources and Rs. 1075--- of such as is at present unprovided with wat-

4. Of the Villages of Nagaram and Ama-
=la poor Talooks, who apply for Succavy on Ryot only proposes to add to his present Cul-
=tivation a piece of land assessed at 27 Rs. They ask for 2,850 Rs. to repair 12 Olds and sink 18 new wells, the total estimated Cost of which is only 30 Rs. more than the advan-
they demand. They propose to repay the Major part of the loan in three years, Rs. 97-8-
" being left in Amalapoor Talook for a fourth yearly instalment.

5. I am disposed to recommend the advance asked for in Mogultoor Talook upon the terms proposed, good security being taken for the repayment and careful examination made regarding the possibility of the promised exten-
=sion of cultivation.

6. The Officers in the other two Talooks I do not consider deserving of acceptance particularly as I am given to understand that the examination of the country now making by the Civil Engineer Major Cotton has led that Officer to the conviction that the whole delta of the Godavery within which all these Talooks are situated, may be reno-
=dered quite independent of the imperfect and uncertain sources of irrigation such as are here proposed.

7. I shall of course not hesitate to bring the favorable notice of the Board of Revenue any future applications I may receive of this descrip-
tion which appear to me worthy of consideration.

Rajahmundry District. Mundapettah 20th January 1845. } (Signed) G. J. Bird Ag. Coll.

Order-

1613

4-22

Order thereon. (Read again 20th Feby)

Ordered to be brought forward at a future day.

To,

J. D. Bourdillon Esqre

Secretary to the
Board of Revenue
Fort St. George,

23

From the Actg Coll. of Rajahmundry No. 1. As per List which accompanied it including Original English Sentence

No. 2 with English translation

Sir,

I have the honor to submit to the Board of Revenue, together with the record of the enquiry, an Original Appeal Petition presented by Demmuranze Venca-
=pahlate Revenue Jufty Ameen of Sakey and Vancatippah Estates against the decision passed by me under date 14th October 1844 on the Charges brought against him. This case was entered in the Return of persons charged before the Collector with Offences under Regulation IX of 1822 for the Month of October last.

Rajahmundry District. Maunnedadah 21st January 1845. } (Signed) H. J. Bird Ag. Coll.

A

To

The Board of Revenue
Fort St. George

An appeal Arzee from Dunnemranze Ven-
=kapah late Revenue Ameen of the Mo-
=tahs of Sakey and Vankatippah in the District of Rajahmundry.

Mr. Smith late Collector

on

Fort St. George 6th. February 1845.

on the 11th. April 1843 appointed me as a
ameen of the said Suffly Estates on a
Salary of 25 Rupees per mensem. I discharg
=ed the duties thereof with great diligen
in hopes of getting promotion; but Mr.
Collector Prendergast instead of confer=
=ring on me promotion equal to my trou
=bles, made over the said Estates to the
ameen of Ramachendrapooram Talook
with a view of increasing his Salary
and transferred me on the 1st. January 1844
to the Ameenship of Vadesalairoo Mootah
(on the same Salary), the Junmabundy of
which was 10,000 Rupees more than that of
the said Talook and Venkatippah Estate
I arrived at Draksaramah on the 12th.
of the said Month in order to deliver
over my charge to the Ameen of Ramach
=chendrapooram, he however
being at that time absent in some
of the other Villages I remained
until he returned on the 14th. when
I delivered over charge to him.

Formerly when this Ameen was
Vaudravoo Veerasalingum was
Dewan to Rajah Vankerlapoody
Ramachendraraauze Zemindar of
Ramachendrapooram Talook, the
Estate

Fort St. George 6th. February 1845.-

Estate of Sutteivaram in the District of
Vizagapatam which then belonged to the
Rajah was under certain circumstances,
transferred to him, in the mean time, as
I was Curnum of Sutteivaram Village he
(Veerasalingum) was at variance with me
on some occasions. In consequence of this
enmity, the said Ameen Veerasalingum
put off giving me the receipt for the
charge I had made over to him, with a view
that I might be deprived of the Ameen=
situation of Vadesalairoo Mootah
also. I intended to represent the same to
the Collector, but he having discovered
himself the delay, issued an order to the
said Ameen on the 23d. of the same Month
to report as to why he had not given
me the receipt without loss of time.
The said Ameen thereupon suspected me
of having complained against him and
made a report to the Collector briefly
stating that there were some confusions
in my accounts which rendered it ne=
=cessary for him to institute an enquiry.
The Collector then entertaining some
suspicion against me, employed to
act in my situation the said Ameen's
brother-in-law Coochemmunchy So=
=masoondaroodoo, at his recommendation,

and

Fort St. George 6th. February 1845.

and issued an order to me dated 31st. January 1844 to make over the charges without loss of time and attend at the Huzzoor with a receipt for the same and another order to the said Ameen to give me a receipt quickly and to report to him the result of his enquiry- I accordingly took receipt from the Ameen attended at Huzzoor on 2d. February and represented my case to the Collector- The said Ameen at last made three reports to the Collector on 17th. and 23d. February and 23d. March last accusing me of irregularities. The said Collector having attentively examined the facts of those reports and having represented to him the real facts of the case and asserted that the Ameen had fabricated falsehood he, the Collector, then made a full enquiry into the matter, and, told me verbally that he would order me to go to Vadesalai Mootah to assume the Office of the Ameen. But as that Gentleman proceeded to Madras through ill health, Mr. Bird who is appointed Acting Collector of this District though a very able and just Gentleman

Fort St. George 6th. January 1845.

Gentleman being a stranger to the District took the reports of the said Ameen of Ramachendrapooram Taluck (whose conduct was not known to him at that time) for truth and pronounced a Decision on 14th. October 1844 imposing on me a fine of Rupees 341-12-0 being double the sum of Rupees 170-14-0 which appears by the reports from the said Ameen as having been appropriated by me for my own use; and directing that in case of non-payment of the Amount I should be imprisoned for a period of 12 Months- As I am a poor man I have been obliged for the purpose of redeeming my Character to sell my Maniem Lands &c. and contract loans upon heavy interest and have paid the amount in full so as to relieve myself from the custody of the Peons and made the present appeal Petition to your Board. Mr. Smith late Collector fully discovered the conduct of the said ameen and kept the proceedings in the public record- The present Acting Collector has now found out his character and changed him from Ramachendrapooram Taluck, and I moreover trust that upon enquiring into the affairs of that Estate, he

Fort St. George 6th February 1845.

he will himself report to your Board the said Ameens irregularities and that your Board will perceive his behaviour before the present appeal receives your Board's investigation and final Judgment.

Prosecutor- Government - My Answer as Defendant It is stated in the 6th In this case, as well as Para of the Decision that in other cases the Village it was proved by the acc. Moonsiffs, Cummums counts and evidence in Puttanadars and Villag the Sakey case that I =ers having connection (the Defendant) was in with the said Ameen the habit of frequently of Ramachendrapo taking supplies from =ram Salook gave such the Banians and Villagers evidence at his instig as I wanted them, and =gation but it was was in debted in this is not to be believ manner to different at all, for instance persons at various times from May 1843 to it is stated in the January 1844 to the Decision that the amount of Rupees Cummum said 19 that this Money they had not ex afterwards caus= =ted these items ed to be paid =ted in their accounts them out of the Village Collections until I was remov that one early in If the people said

January

Fort St. George 6th February 1845.-

January 6 Rupees that they did not com=
were advanced plain in consequence
by a Villager to of my holding the situ=
My servant on my =ation they might be
account, that Sikh believed, but when they
=wise made it admit that the accounts
a practice to cause fabricated, sub=
the Villagers to =sequently how can
pay the Coolies such accounts be be=
employed in the =lieved?- The account
repairs by allow= in question moreover is
=ance of Grain, not a true one- I paid
instead of paying the amount of repairs
them the Value made from time to time,
of such grain I obtained the receipts
promised to excuse in the hand writing of
them the amount Cummum for the sums
in their Kists, so advanced, and sent to
while in my own Huzzoor the Summa=
accounts, the full =dar and Villagers and
sum for repairs sent the accounts to the
is set down as Huzzoor as soon as
Disbursed, and that prepared- This being the
a sum of Rupees case
77- 10- was prov=
=ed against me
on this score.-

case the Statement of the Villagers, that they had measured out grain to the workmen for their hire upon my verbal promise to pay its Value in cash without ever taking from me a Voucher according to the usage of the Country and that I have not paid them some money on that account is neither just nor true, and if it were true, those persons would have complained themselves and as it was not the case, your Board will perceive that my enemy the said Ameen fabricated the false charge against me and procured evidence for the same Moreover though the Villagers admit that I gave receipts for the advances for the repairs but deny that they took the required Voucher from me

me and that the account in question was fabricated after my removal from these Estates, it is trusted your Board will observe that the Acting Collector has passed the sentence through oversight and without fully examining the receipts and Summaries Kurches &c accounts which had been sent to his Huzzoor Six Months before, and without observing the glaring discrepancies in the Depositions given by the Villagers I never owed Money to the Banian from whom I had received supplies, but immediately paid him for whatever Stock from him, nor did I owe Money to any others, nor caused any money to be paid from the Collections. If I had paid it from the Collection the Sum so paid would have been disbursed in

in the Village chittah accounts at the time but not after my removal from the Situation. Had I refused to pay my debts, the Merchants should have prosecuted me regularly before the Civil Court or the Collector – but it is not a matter which should have been enquired into by the Circar as nothing can be found in the public records by which it appears that any money of the Circar was lost I know nothing of the advance said to have been made by you Rg. to my servant, had it been the case the Servant should have been prosecuted for being in any way concerned. —

It is stated in the 8th Para of the Decision that in the case of Mansara

In reply I beg leave to state that after I was removed from the said Situation

it was proved that early in January, I the Defendant, wanting money to pay to certain persons to whom I was indebted, succeeded in persuading the Village Officers of Mansara partly on the Security of Note of hand for 12 Rupees, which I expected as salary, and partly by promising to credit the difference in the Sanctary kists, to advance me out of the Village collections Rupees 35-14- of which Rs. 32-13- was sent to me in money and 3-1 in Ghee and other supplies, thus making up Rs. 35-14- stated in the charge and that the Bill which I drew on the Dubash Chandra ameen for Rupees 12- not being honored, the whole sum was written off as having been presented

situation I really received from the Curmum of the said Village of Mansara out of his own funds for my batta expences 12 Rupees by drawing a bill upon the Ameen of Ramachendrapooram Talook for payment of the amount out of my Salary for December last – This sum was not paid back to the said Curmum as I took myself the said Salary of Rupees 25 for my batta expenses at Drachamah where I remained a long time – I also told the said Curmum that I would pay my debt to him when I proceeded to Codesalairoo Mootah and received my Salary for January

Fort St. George 6th February 1845

presented as a compli-
=ment to me.—

January, but as I have
not since received
that Salary, but was
dismissed from the
Service and sen-
=tenced to pay the
heavy fine, I was
not able to discharge
the said sum. The
Ameen of Ramachen
-drapooram taking
this opportunity ad
=ed the charge to be
brought, pretending
that I took the said
12 Rupees out of the
Village Collection, to
=gether with a fur
=ther sum of Rs.
23—14— promising
that I would give
=credit or allow it
in the Insaal for the
Month of January
If your Board exa
-mine this very pa
only I sincerely be
that the untruth
the whole case will
be discovered— As
I was changed fro
the Ameenship of
Sakey and Jauke
-pak Estates on the

Fort St. George 6th February 1845

9th January 1844 and those
Estates made over to the
Ameen of Ramachendra-
=pooram, I drew a Bill
upon the latter to pay
the twelve Rupees I
have borrowed from the
Curnum out of Rupees
27 being my Salary and
Sundermarced for the
preceding Month of
December, and as this
sum of 12 was lent to
me upon the said Voucher
or bill, it clearly ap-
=pears that I had that
Money after my removal
from the Ameenship of
the said Sakey and Jaka-
=tippak Estates, and
that when I thus received
the loan from the
Village Officer Curnum
just after I was so far
unconnected with the
said Estates, that it
would not have been
possible

possible for me to charge it in the Collection Account. With regard to the alleged Statement of the Villagers that they had paid me the sum of Rupees 23-14-0 previously to the payment of the said 12 Rupees, and that I promised to give credit or allow it in the Collection of January. I beg to state that if this had been a true circumstance they would have taken a Voucher from me for that Amount along with that for the said 12 Rupees as a sum of 15 Rupees was still due to me at that time on account of my Salary for December. Consequently the charge is false but merely fabricated at the instigation of the Ameen of Ramachendrapooram as if Star Rupees 23-14-0 also because there is a Voucher for

for 12 Rupees as above alluded to. If I obtain loan in any place where I am not employed, it cannot be called a fault on my part, nor do the Regulations authorize the levying of double the amount as a fine from me for so doing. Under these circumstances it is trusted your Board will perceive that the Acting Collector is mistaken in this case also.

It is stated in the 9th Para of the decision that in the case of Karoomilly it was proved that I had authorized the adjustment of 18th a 11-0 to the Banians for supplies, out of the sale proceeds of Tobacco, which had been received in kind under Aparah System for fusly 1252 and that I had borrowed from

If your Board examine the record of this case, you will perceive that the acting Collector is mistaken. I have neither received 11 Rupees in ready Cash nor authorized the adjustment of Rupees 18-14-0 to the Banians. The Gurrumee umbey- -zled the Money himself and falsified the.

from the burnum ii Rupees in Cash = making a total of Rupees 29-14-11 as appropriated by me.-

the accounts in this ma = nar just after my re = moval from the offic in question, at the inst = gation of the Ameen of Ramachendrapooram Talook- I paid the Bu = ans of this Village fo provisions immediate I received them, and took their receipts, but I never was in = debted to any body The Village Pettandar entirely denied know = ledge of the deposit items of the curnum = nary from other- Under all the circumstances it is trusted your Board will perceive that the 11th Para of the case is false.- This charge is not all true bu brought forward by the bad persua of the said Ameen

It is stated in decision that in the case of Pedagoo = tah the Curnum der = clared that I had received from him Rupees 2- 6-11 in Money and 2 Rs in vegetables.

Under

Under the foregoing circumstances as your Board will on investigation of the record which does not substantiate the charges but contains many discrepancies find that all the charges are false and maliciously brought forward at the instigation of the Ameen of Ramachendrapooram Talook, I pray your Board will be pleased to send for and peruse the original record reverse the decision erroneously passed by the Acting Collector, and order the re = payment of Rupees 341-12-11 levied from me as fine together with the interest thereon, as well as the salary due to me from the date of my removal from the Ameenship of Takey and Vakatippah Estates and further instruct the Collector to reinstate me in the office of the Ameen of Va = desalairoo Mootah- Please to peruse dated 9th January 1845.-

Fort St. George

35-36

From the Collr of Bellary — Reporting on the subject of the falling off in the sales of salt for Consumption in his District.—

Sir

With reference to Mr Lowell's letter of 28th November last, giving cover to copy of a letter from the acting Principal Collector of Nellore dated the 8th of that month on the subject of the falling off in his sales of salt for consumption in this District, from the 12th July to the 15th October 1844; and requesting me to ascertain if possible, whence the Merchants who formerly purchased salt in Nellore now obtain their supplies, I beg to inform you that no satisfactory information is attainable. The replies of the Amildars who were written to on the subject afford no information. The carrying trade in this article is in the hands of the wandering tribes, the Lumbadies, Brinjaries &c and no information from them can be relied on.—

It is very probable that the

2.

the Price of maritime Salt fixed by Section XLIII act No VI of 1844 having exceeded the Monopoly Price of 105 Rupees per Garce the charge affected / in some measure / the traffic.—

3. The subsequent reduction may have induced the Merchants to sell of the Stock on hand to avoid further fluctuations, and the Consumption of Earth Salt in this District is so universal that it is very probable that no supply has been required during the period referred to.—

Bellary District
Collector's Office on Circuit
Gooty 23d January 1845 } (Signed) A. Mellor.
Collector.

Read again also letter from the Acting Collector of Cuddapah dated 26th December 1844 and entered in Consultation 9th ultimo.—

36
Resolution thereon,
35-36

Resolved that a copy of the foregoing letter be transmitted for the information of the Collector of Nellore with reference to his letter dated 8th November 1844 No. 93.

Read.

In Cons 28th Nov 1844.

Read the following letter.

To

J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George.

37
From W. A. D. Inglis Esqre
Acting Collector of
37 Cuddapah.

Sir,

At the request of the late Native Assistant Collector P. Ramiah I have the honor to transmit for submission to the Board of Revenue an original application with translation requesting that he may be allowed leave of absence for Six months or in the event of that not being granted that some special provision may be made for him & his family to enable him to retire from the service.+

Cuddapah Collr Office
20th January 1845.

(Signed) W. A. D. Inglis.
Acting Collector.

No 1 Original in Telugu.
No 2.

Translation of an Application from the late Native Assistant Collector P. Ramiah dated 1st January 1845.

Having represented to the late Principal Collector Mr. Ashton in last year that I am entitled to an augmentation of Salary according to the Rules appertaining to my Office he-

he had the goodness to refer to the list of my past services &c. and to recommend to the Board for the increase of my salary, and on the said authority requiring that Gentleman by an Extract to report on what particular duties I was employed, he replied that in consequence of the abolition of the Sayer Department by the end of March last, I was almost unemployed and that as I was advanced in years and infirm, a Pension should be granted to me at such rate as I would be entitled had the increase of pay been formerly granted As I am at present in a debilitated state and as the Doctor who prescribed medicine for me and cured my disease formerly now lives at Coimbatore, I am in need of leave of absence for 6 Months to enable me to proceed to that place for the recovery of my health. I therefore beg your goodness will be pleased to procure for me leave of absence for the above period from the Board.

In the event of any inconvenience existing to granting me leave as above solicited, I am unable to conduct the business any longer in my present state of weakness

And

That the kind recommendation of Gentlemen Jagheers and Shrotriems were bestowed upon several Public Officers noted in the Margin who had held the Offices of Sheristadars in the Honorable Companys service and I beg your charitable goodness will in like manner be pleased to recommend to the proper authorities to grant me and my posterity either here-ditary Jagheer or Shrotriems.

I also beg to enclose herein a list of my services.

[Signed] P. Ramiah
late Native Asst. to Coll.r

Ordered that the following letter be sent in reply.-

To

The Acting Principal Collector of
Cuddapah

Sir,

To the Actg. Pr. Collector of Cuddapah. 38

Rd. Fort St. George 10th Feby. 1845

37-38

Para 1- I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 20th ultimo No. 3 submitting an application from the late Native assistant Collector P. Ramiah for leave of absence for six months or in the event of that not being granted requesting that some provision may be made for him to entitle him to retire from service..

2- The Board are precluded from submitting Ramiah's applications for leave for the consideration of Government and as it appears that since the abolition of the prayer duties he has been almost unemployed and that from advanced age and infirmities he is unfit for further duty the Board direct therefore that in reference to their Proceedings of 27th May & 17th June 1844 he be recommended for a superannuation pension.-

Fort St. George 6th February 1845.

Read the following letter.

To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

43 From A. Freese Esqre
Collector of Chingleput. Sir,

I have the honor to transmit Copy of a letter addressed to me by Mr R.R. Cotton my Acting Head Assistant, and under the peculiar circumstances of his case, as therein represented, beg to recommend his request to the favorable consideration of the Board and Government.—

Chingleput District,
Collector's Cutchery,
Pullicarney, 27th January, 1845. /Signed/ A. Freese
Collector

A.

To A. Freese Esqre
Collector of
Chingleput

Sir,

I have the honor to request

1.

you will submit through the Board of Revenue an application for my being permitted, under the peculiar circumstances attending my position, to draw fixed Tent allowance.

In pursuance of the late changes

2.

in the Judicial System, I was removed from my duties

duties as Register of the Zillah Court at Cuddap and nominated in the Revenue Department as Extra Assistant to you, being allowed to retain, as a special allowance, the salary I was then in the receipt of, being Rupees 700 per Mensem; and dur which time, I have been nominated to act as your Head Assistant.-

3.- The Revenue duties devolving upon me require my being often in Tents, and I trust, the Government, on a representation of the matter, will authorize the disbursement of the allowance solicited to meet the expenses I am thereby necessarily put to.-

4. The special allowance I now draw as extra Assistant, and Acting Head Assistant Collector, deprived as it is of Tent allowance, House rent, and deputation allowance, none of which, it appears I may draw within the specific order of Government, is actually below the amount I shall be entitled to as an Assistant Collector acting as Head Assistant

Chingleput District.
Collector's Cutcherry,
Pullicarney 27th January 1845.

/Signed/ R. R. Cotton
Extra Assistant Collector

Order thereon.
(Read again in Con. 10th Feb. 44)
43.44

Ordered to be sent again in Circulation. Rd

Proceedings Relative to the Settlement of the Land Revenue in the District of North Arcot for Fusly 1253.
A.D. 1843/44.-

Read again the following letter from the Collector of North Arcot reporting on the Settlement of his District for Fusly 1253.-

/Here enter December 9th 1844- In Cons. Dec. 16th 1844.- No. 244./

thereon. The rains of the season commenced after the 19th May, and the Cultivation of the early and principal Crops of Poonjah & the Car crop of Nunjah was begun extensively. In July and August, the rains were deficient, but the Cultivation of the later and inferior poonjah crops was not prevented; and the rains in September and October were sufficient for the Sumbah, the most valuable Nunjah Crop. On the whole there was an increase in the dry cultivation amounting to 22,796 Rs — 9 a — 9 P. and in the wet to the amount of 54,710 Rs — 15 a — 3 P; in Garden Cultivation only there was a decrease of 1,232 Rs — 7 — 11 — ascribed by the Collector to the too abundant rains — in some quarters. It would have been gratifying if Mr. Goldingham had mentioned the particular manner in which the rains operated to diminish the garden Cultivation — On all three Species of land there was an increase of Cultivation to the amount of 75,675 — — —

It is stated that the

2. yeild

yield of the year was deficient from want of rain to fill the ears but it is not mentioned to which Crops this occurred - The larger supply of water, as compared with that of the preceding year, Caused more extended cultivation of Second Crops in Nunjah; as well as of Nunjah Crops in poonjah land; there was Consequently an increase of revenue under these heads to the amount of 23,058 †Fusal Jasty

13—2; making a total increase in the Cultivation Beriz to the amount of 98.733 Pagodas —14—3—

3.— The price of Nunjah produce which may be considered to regulate the market of the other grains was considerably below what it was in Fusly 1252, and lower still, as compared with the commutation price; as shewn in the annexed Statement.—

Price of Paddy per Garce.			Below Commutation price				Cantage below Commutation Rate.			
	Market rate in Fusly 1252.		Market rate in Fusly 1253.		Commutation rate.		1252		1253.	
Coll.rs Division	74	6 6	64	15 2	84	5 2	9 14 8	19 6 0	11 12 2	22 5 7
Sub Collector's Division	71	4 0	64	12 0	87	8 0	16 4 0	22 12 0	18 9 2	26 0 0

4.— Thus, if the Collector's statements are correct, the grower of Paddy lost 37½ per cent by deficient produce, and 23 & 26 per cent by price in the two divisions of the district respectively, making a total of 60½ per Cent in the Collectors Division, & 63½ in the Subdivision— So great a loss could not fail to render most Ryots utterly unable to pay the Government tax on their land. The Board Conjecture however that this loss is much overstated - They are not disposed to give implicit Confidence to the price lists furnished to a Collectors' Office; but whatever credit may be due to them, very little reliance can be placed on the Talook reports of deficient Crops. No official inquest into the quantity of produce takes place; the reports are based on estimate and supposition only; and both village and Talook authorities are always disposed to under rate the quantity in order to magnify their own zeal in collecting the Revenue.— P. 10.

5.— The following is a brief abstract of the settlement of the land Revenue exclusive of the Zemindaries, corresponding to

Fort St. George 6th February 1845.

to the more particular Statement given by the Collector in Para 13.—

	Amount 1252			Amount 1253			Comparison Increase			Comparison Decrease		
	Rs.	a	p	Rs.	a	p	Rs.	a	p	Rs.	a	p
Gross land Revenue proper according to the Cultivation	16,53,353	7	9	17,52,087	6	-	98733	14	3	"	"	"
Deductions	2,02,675	6	6	1,94,357	8	"	-	-	-	8317	14	6
Net land Revenue proper	14,50,678	1	3	15,57,729	14	"	107051	12	9	"	"	"
add Soornadayum and Malapoornum	89,188	9	3	90,217	2	"	1028	8	9	"	"	"
Total annuny	15,39,866	10	6	16,47,947	"	"	108080	5	6	"	"	"
add Rented Items	13,282	13	10	13,463	4	3	180	6	5	"	"	"
Total Annuny & Rent	15,53,149	8	6	16,61,410	4	3	108,260	11	11	"	"	"
Deduct certain Enams	92,262	6	"	97,928	14	11	5,666	8	11	"	"	"
Remaining	14,60,887	2	4	15,63,481	5	4	102,594	3	"	"	"	"
add payments to the Monigars &c. Collecting Moturpha	833	4	5	837	4	1	3	15	8	"	"	"
Total net land Revenue	14,61,720	6	9	15,64,318	9	5	102598	2	8	"	"	"

The items of deduction are only such as are customary and require but little notice. The remission for Shavy is extremely small, while that for Pauny Bodly is rather large, both circumstances indicating

Fort St. George 6th February 1845.

indicating that abundance of water which the Collector notices in his remarks on the Season.—

6.— A small increase is seen in the Tecauzgaury or remissions of 10 per Cent to Brammins and Mahomedan Riots in the five Southern Talooks; this is ascribable chiefly no doubt to the more extended cultivation by the favored Classes proportionate to the larger cultivation throughout the district generally— Mr. Goldingham attributes it in part likewise to the sanction recently granted by the Board for allowing the remission on lands transferred by one individual of the favoured Classes to another. This relaxation of the rules established in Fusly 1248 for regulating the Tecauzgaury remission was fair & just; the present Acting Collector should assure himself that the rest of those rules are duly attended to.—

Proceedings Oct. 31 /42 85/

See Sub Coll.r's Report on Fs. 1248. Paras 8 to 10. 6th Sept.r in Com.rs 28 " October 1839 & Proc.s of Bd of Rev.e May 18.th 1840. P 18.—

7. The following Statement taken from P. 34— of the Collector's Report shows the demand, Collection & balance on the whole land Revenue of the District.

Items.	Land Revenue. Rs.	a	p	Zemindary Peishcash. Rs.	a	p	Total. Rs.	a	p
Total Demand	15,64,318	9	5	45,0953	7	3	2,0 15,272	"	8
Collections within the Fusly	14,67,624	7	6	4,23,420	10	11	18,91,045	2	5
Balance	96,694	1	11	27,532	12	4	1,24,226	14	3
Subsequent Collections	90,381	6	6	27,532	12	4	117,914	2	10
Balance	6,312.	11.	5.	"	"	"	6,312.	11	5

Fort St. George 6th February 1845.

8. Shas the total outstanding demand on the year under review, at the date of the Report was 6,312—11—5. Mr. Goldingham does not inform the Board how much of this sum may yet be collected, and what proportion is irrecoverable. He has also omitted to notice the arrears of former years still borne on the accounts of the District. These arrears amount according to the last Demand Collection and Balance Statement extending upto December 31st 1844 to the sum of 7,305 Rs 2 a 1 p extending over a period of thirteen Years. but as the Board are engaged in a separate correspondence with the district regarding these old balances, they will not notice them further here. They hope shortly to submit a report to Government on the subject.—

From Sy. Coll. N. Arcot Dec 5th 43. in Con. 11th January 1844
Extract Proceedings Board of Revenue June 6th 1844.
From Coll. N. Arcot Feby 5th 45. in Con. 10th Ins.

Paras 38 to 43.

9.— The Concluding part of the Collectors report has reference to some remarks and requisitions for explanation contained in the Boards Proceedings in Review of his Report on Fasly 1253

Oct 11th 1844

Fort St. George 6th February 1845.

P. 38.

10. The explanation afforded as to the Poonjah Poovashy to the amount of 45—8—10 noticed in the accounts of Fasly 1252 is satisfactory. The Board do not concur however in Mr. Goldinghams view of this subject, as connected with the Villages transferred to North Arcot from Chingleput. One of the principles of the Settlement in the latter district is the assessment of poonjah second Crops; and the standard Poonjah Assessment is of course lighter in consequence of the contingent addition to it— The Board see no reason why the mere transfer of a Village from one jurisdiction to another should make a change in its mode of assessment, and they desire that in both the particulars noticed by Mr. Goldingham in Para 38 the Chingleput practice may be followed in these transferred Villages.— This cannot be a fair ground of Complaint to the Riots, as they will only pay the same as if they were still attached to the Chingleput Collectorate.—

11.— The Board do not agree in some of Mr. Goldinghams remarks on the same subject of Poonjah Poovashy in

Para

Fort St. George 6th. February 1845.

Proceedings Oct. 4. 1844 P. 4.—

Para 39: but they content themselves at pres-
with reiterating their caution that Riots shou
not be allowed to abandon any part of their
Puttah land in order to raise a second cro
by means of wells on other fields of th
If this is attempted: it should be chec
by charging tatacal Seerwah on the lan
so cultivated, as is the practice in the
Bellary District— There would be som
difficulty indeed in enforcing the same
rule in North Arcot, in consequence of
the dittum or Caboolcaut being not custo-
-ary and of the irregularity in the form
of the individual Chittah in use, both
which circumstances render it difficult
for the Revenue officers to ascertain whe
land is abandoned by the Riots— But it
the desire of the Board that the practic
of the district should be corrected in
both particulars; &, as a commencem
a more correct form of Chittah will be
sent to the acting Collector with the
proceedings which he is requested to
introduce in the Jummabundy of the
Current Fusly: if there be yet time
otherwise in Fusly. 1255.—

Fort St. George 6th. February 1845.

Para 40

12.— The explanation afforded as
to the deficiency noticed in the Cultivation
under the Cauveripauk Tank is satisfactory:
every such reservoir must be able to
water lands in very abundant seasons,
which cannot be reached in other years:
and the other causes noticed must
also operate— It is to be remarked too
that the repairs lately received by this
Tank were almost exclusively of an
"ordinary" nature; and repairs of that de-
-scription are not designed to augment
the Revenue, but only to prevent its
decay by keeping the works of irrigation
in an efficient state— In fusly 1253
the Revenue under Cauveripauk tank
rose to 44. 473—14—2.—

See Maramut Rules Circulated by the Inspector General of Civil Estimates in 1826—

Para 41—

13. The explanation offered with
respect to the remissions of the 2d. Crop
Seerwah on some two Crop land in
Trivellum Taluk is also approved—
It should be ascertained however
whether the drought to which the
wells are liable is owing to natu-
-ral causes, or to the neglect of
the Riots to clean them out— if

if the latter, remission should not be allowed.—

Para 42

14. The survey accounts of the Vellore Talook do not render it possible as the Board were led to suppose, to divide the assessment on the two crops. The Board therefore need only repeat their former observation that it is inexpedient to make partial modifications in a general system, which may at no distant period come under their consideration as a whole.—

Proceedings Oct. 14th 1844 P. 1

Para 43

15. The wishes of the Board as to the mode of determining the annual Settlement appear to be still not clearly understood by Mr Goldingham; for the method which the Board desire to introduce in North Arcot, is certainly not the same, as that already obtaining there as Mr Goldingham supposes it is.— The difference is a most important one, consisting in clearly explaining to each Riot the particulars of the proposed demands against him, and discussing them with

Proceedings on Fusly 1251 April 13-1843 Para 8-
Proceedings on Fusly 1252 October 14th 1844 Para 10

with him in the Jumma-mahbundy Cutcherry; instead of only recording them as given by the Curnum & Monigar— In some districts this explanation & discussion take place after the Chittah is written; & if any rectification is required, that document is altered or rewritten— The other and the better practice is to discuss the particulars of the demand before making out the Chittah; but in all it must take place before the puttahs are written.—

16.— The practice in North Arcot as described by Mr Goldingham & Mr Babington is as follows;

Report on Fusly 1251. Para 39
Report on Do 1252. Do 39
Report on Do 1253. Do 43

"The accounts are prepared from the information afforded by the Monigars & Curnums; after this the Riots are "assembled, when their accounts are "made known to them; objections an- "swered, their signature obtained, Puttahs "distributed— In a district however, where Riots and public servants are not throughly habituated to a strict Riotwar settlement, the making known of the accounts is liable, without great

great vigilance on the part of the Collector
be altogether omitted, or to become mo
more than a mere form; the simple
mention of the total of cash riots
Berij as he signs his Moochelkas
and this perhaps only before the Villag
officers or a Salook Gomastah. Indee
it appears obvious that this operatio
cannot be otherwise than a mere
form, where-as in North Arcot, the pa
-tahs are already written, and the Riot
of many Villages - assembled in a bo
-dy to receive them. The introduction
the better System, is, in the opinion
of the Board, extremely desirable;
without it, the settlement, though
nominally Riotwar, is in fact no
more than a settlement with the
Curnum & Monigar & great unfairne
is found to attend the practice, to th
injury of the poorer Riots.—
17. This change is not to be ef
-fected without some little trouble
on the part of the Collector; for it
distasteful both to Village officers &
to Cutcherry servants. Even the Riots
themselves

themselves at first dislike being obliged
to attend the settlement; but they soon
see the advantages of the innovation, —
and learn to value and to exercise the —
privilege afforded them. a little atten-
-tion and determination on the part of
the Collector is also sufficient to neutralize
the opposition of the public servants co
It has been supposed that the attendance
of the Riots must occupy much of
their time, and this has been made a
ground of objection to the true Ryotwar
settlement — This, however, is not the
Case; only so many Villages need at-
-tend to the Cutcherry at once, as are suf-
-ficient to keep the public officers em-
-ployed in the settlement fully engaged, —
and under proper arrangements, the for-
-mer of the two plans of settlement men-
-tioned above / Para 15 / will seldom require
a Riot to be absent from home above a
single day; the latter seldom more than
two days — The Board request that Mr.
Lovell will endeavour to introduce the
improved mode of settlement at the
Jummabundy of the current Fusly - with this

this view they desire his particular atten-
=tion to the observations & instructions con-
=tained in their proceedings quoted above
in the margin to Para 15. If he should
feel at a loss as to any details he will
be pleased to put himself in commun-
=nication with the Collector of Bellary
in which district the real Riotwar
settlement is in use - The individual
Chittah of each riot should be signed
by him, as above directed; the separate
Moochilleeah now taken from each
Ryot in North Arcot is therefore use-
=less and should be discontinued.

18.— The Board have perused with
pleasure the report of the late Acting
Sub Collector Mr. Stubrick on the set-
=tlement of the division under his charge
but they observe little matter to call
for special remark in addition to the
general observations recorded above.

Para 10 19. It is gratifying to perceive
the prosperity of the sugar works in
the neighbourhood of Arcot. the
produce of which is chiefly exported

to England. This branch of trade
has arisen entirely since the passing
of the Sugar act. XV of 1839 - other works
for the same object have been esta-
=blished in the Talook of Veneatagherry
Cottah in the Collector's division.—

20.— It is also highly gratifying
to observe the continued prosperity
of the Malayaulum or Hill Villages
under a Riotwar settlement - There
are two ranges of inhabited Hills
in North Arcot one comprised in
the Poloor Talook. the other in that
of Vellore. The renting system
was abandoned in favour of the Riot-
=war. in the former in Fusly 1247, in the
latter in Fusly 1249: the result is shown
in the following statement. The charge
of system consisted in dispensing
with the renters & collecting the custom-
=ary taxes directly by means of the
officers of Government no alteration
was made in the amount, or even in
the nature of these long established taxes.—

Read the following letter -

To

C. J. D Bourdillon Esqr.

Secretary to the Board of Revenue

Fort St. George -

Sir.

(46)

From J. Goldingham Esqr. Collr. of North Arcot — Para 1.

Returns Petition No. 1119 of 1843 with a report on the several allegations therein set forth -

I The accompanying Petition No. 1119 of 1843 is from the Ryots of several Villages of the Pollore Talook - They complain generally of the burdensome nature of the present assessment of their lands, and state that relief was promised by Mr. Nisbet, the Principal Collector, by means of a regular survey they solicit finally that the assessment of the 4 Talook south of the Palar and that of the Vellore Talook may be revised and assimilated to the assessment prevailing in the District of Chingleput and South Arcot and in the Talook of Nagalapooram in North Arcot -

2. The subject of the land assessment has been brought to the notice of the Board on former occasions. The sought for revisions may be easily made, as the Talooks mentioned were surveyed by Mr. Nisbet, and the Jamum assessment almost completed - Nothing remains to be done but to give effect to the survey thus made, and also to the Jamum

Fort St George 6th February 1845.

Jamum Assessment with such modification of the latter as may appear to be called for. Mr. Nisbet's survey was made with much ability and Care. In a short time the accounts will be more or less simplified and rendered useless. The whole labor and Cost of the Survey will be thus lost.

3. The Board are aware of the burdensome nature of the Assessment on the richer soils and that the Ryots have been forced upon the inferior soils partly in Consequence of the heavy Assessment of the inferior soils, is in itself light. It has been the practice at all times to carry the Assessments of the best soils as high as is practicable and on the other Land by the introduction of many rates of Assessment. the Assessment on some of the inferior soils has been fixed very low. In this manner the two extreems of an Assessment, in one case too high and in the other too low, have prevailed. The condition of the Agricultural body is greatly affected by this circumstance. This evil has to be removed. The Ryot should not be compelled to prefer the inferior soils, when his own prosperity and that of the Revenue depend on the Cultivation of the best soils.

4. Again it has been customary to

Fort St George 6th February 1845.

to fix the Assessment with reference to the Produce grown, instead of fixing it on the soil and leaving the occupant of the Land to grow what he pleases. The evil was pointed out to the Board on a former occasion and should be corrected in the proposed revision of Mr. Nisbet's Jamum Assessment. Land, as regards the public Assessment, can be viewed under two descriptions only Viz. Dry and Wet. The wet is of two kinds, first when irrigated with water provided by the Government. and 2nd when irrigated by private wells constructed by the occupant at his own expense.

† Letter to the Secretary to the Board of Revenue dated 6th January 1843 No 4

5. A further important point to be kept in view is that the Ryot should be permitted to hold his Farm on a Puttah for a term of years instead of an annual Puttah as at present. It is impossible for a Ryot to turn his Farm to the best account, if an annual enquiry into what he is cultivating obtains. It is this Annual inquisition and interference which prevent his directing his whole industry and resources towards his own improvement. In every practicable case then a Puttah for a term of years should be granted.

6. These the Chief points to which the attention is called the 1st Reduction of the number of rates of Assessment, 2d Equalization of the Assessment itself so that over Assessment on the one Land and under Assessment on

Fort St George 6th February 1845.

on the other, may be avoided - 3d The assessment to be bona fide on the capability of the land without reference to the produce to be grown - 4th Introduction of Puttahs for a term of years. Other points require attention which it is not necessary to notice until the subject is laid before the Board more in detail.

7. I have had before me some of the Principal Ryots of Vellore and of the four Talooks comprising the sub-division in order that their sentiments on the proposed revision of the assessment of their Villages might be obtained. They all concur in the view that too many rates of assessment prevail, that the wet soils are over assessed and that the assessment should be strictly on the soil. They shew a desire which is natural, that the lower rates should be very low, thus keeping up the present evil of Poldy an undue inducement to cultivate inferior land; this views will probably change when it is seen that the assessment will be fixed on the best soils and that need not look to load lands to fall back upon time up for want of Profit on the good land. The question Puttahs for a longer term than one year was not propose them, because much enquiry, as the accounts of each Village examined, is necessary before the subject can be finally mined.

8. The subject is one of great importance. I shew the propriety to bring it thus generally before the Board. It is proper before them the accounts for some Villages prepared as exemplar please attend, with a full report when these rates may be ref passed.

Order

1676

Fort St. George 6th February 1845.

Ordered that the foregoing letter be submitted with the following address —

To

The Chief Secretary to
Government.

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of North Arcot soliciting authority for a remission of Rupees 277 3- 8. from the Abkarry contract of his District for July 1253 —

This demand was occasioned by the removal of the 7th and 8th Regiments of Light Cavalry from the Cantonment of Arcot and is in conformity with the terms of the renters lease and the practice under which the abkarry revenues are usually farmed out in the Northern Division of North Arcot. The Board recommend that the above amount of remission be sanctioned. —

Revenue Board Office
Fort St. George

(Signed) T. Pycroft
Offg. Secretary.

Read

47

To the Chief Secy. to Government
48-49

22 Dans. in Cons. 6th Feby. 1845.

1677

Fort St. George 6th February 1845.

Read letter from Principal Collector of Salem dated 15th January 1845 stating that in consequence of the unfavorable nature of the present season a large portion of the cultivation has failed and soliciting permission to grant remission of the Government demand where necessary. —

(Here Enter No. 15.)

In the above letter the Principal Collector brings to the notice of the Board that the present season has proved most unfavorable in his District, and that a great proportion of the Crops have dried up before coming to maturity. It is not, he explains, the practice to grant remissions in the Salem District, but the Crops have suffered so much during the present July that, were the Government demands to be exacted in full, it would seriously injure the resources of the Ryots for future cultivation. Under such circumstances he requests sanction from the Board to remit on shares Lands where necessary, and submits copy of a Takeed which he has issued on the subject. On referring to this Takeed, the Board find that it is stated to have originated in the complaints of the inhabitants of certain Villages in the four Pharamunk

48

50

Proceedings thereon. Para 1.

Recording observations on a letter from the Principal Collr. of Salem soliciting permission to grant remissions of the Government demands where necessary on account of the failure of Cultivation owing to the unfavorable nature of the present season, & stating that as from the peculiar nature of the season it is desirable that the settlement should be commenced as soon as practicable it is advisable that Mr. Lockhart the successor to Mr. Glass should assume the management of the District at as early a period as the arrangements of Govt. may permit.

2nd Dec. 1845

Fort St George 6th February 1845

Bhiravadi Taloks. but it does not appear either from the document itself, or from the letter from the Principal Collector, whether the Takeed has been addressed to the Tahsildars of those Taloks only, or whether it has been circulated to the Heads of all the Taloks in the District. In the first para of it the Tahsildars are directed to obtain accurate accounts of the lands on which the Crops have not been cut nor removed, and in which therefore the produce may be presumed to have failed; in the second and third Paras of the Takeed the Tahsildars are ordered not to press the Ryots for full payment of their Kists on land which has proved altogether unproductive. —

2. The Board regret to learn so unfavorable an account of the present season in the Salem District as that contained in the letter of the Principal Collector now under review and they will be fully prepared to recommend for the sanction of Government any measure of relief to the Ryots which it may be found necessary to adopt. They observe that the principles on which remissions should be granted on Punjah and Poonjah land not on garden lands, in years of a peculiarly unfavorable nature have been fully laid down in their letter to the Principal

Fort St George 6th February 1845

Principal Collector of Salem of 14th January 1833. and they request that these be carefully acted upon during the ensuing Summahbundy. —

3. The first Para of the Takeed which the Principal Collector has submitted to the Board appears quite proper. The Statements therein directed to be prepared shewing the actual extent to which the cultivation has failed, checked as they will doubtless be by the Puzzoor Establishment are indeed indispensable to enable the Collector to determine the measures of relief to be granted at the approaching settlement. They regret however that they cannot but object to the 2d and 3d Paras in which in the case of those Ryots whose Crops may have suffered it is left to the Head of the Talook to collect so much of the Government Kist as he may judge to be equitable. The Board would be most reluctant that the realization of the public dues should be insisted on in any case in which causes beyond the control of the Ryot may have rendered him unable to discharge it without trenching seriously upon his future resources. but they observe that at the date on which the Takeed of the Principal Collector was issued. two only of the 8 Kists usually payable in the District had become due, and they can scarcely suppose the distress among the Cultivators to be such as would prevent them from meeting

Dec 2d 1844
Nov 5 — 50 per Cent
Dec 10 — 50 per Cent —

meeting the instalments of the public demand which may fall due up to the time of the settlement, & when their several cases would undergo consideration and the requisite remissions be granted them—should there be any such extreme cases they might properly be reported to the Collector and be treated on their merits but it is evident that the liberty now given to the Revenue officers to release the Government demand with no other guide than their own discretion will open a door to serious abuses, and greatly embarrass the officer in charge of the District in his attempts to realize the dues of Government during the remainder of the Fasly. Under such circumstances the Board direct that the 2d. and 3d. Paras already alluded to be cancelled, and the Tahsildars directed to collect the Kists as usual referring for the orders of the Collector in cases which may seem to require peculiar consideration.

1st Feby. 1845. 4. Whilst recording the above observations the Board have learnt from the Principal Collector that he has made over the charge of the District prior to his return to Europe, and under these circumstances, and as from the peculiar nature of the season it is desirable that the settlement should be commenced as soon as practicable, it would, in the opinion of the Board, be advisable that his successor Mr. Lockhart should be appointed to the management of the District at as early a period as the arrangements of Government may permit.

Ordered that a Copy of the foregoing Extract from the Proceedings be submitted to Government & a transcript of the same be forwarded to the Sub Collector in charge of Salem for his information and guidance.

for the Southern Division—
Trichinopoly—

Sir,

Agreeably to the — Circular Order of the 28th January 1830— I have the honor to request you will obtain for me the Sanction of the Judges of the Southern Provincial Court for the annulment of the order passed by My predecessor on the enclosed petition presented by the Plaintiff in O. S. No. 256 of 1839 praying for review of judgment under the provision of clause IV Section V Regulation XV of 1816 and the Circular order of the 27th August 1829 whereby petitioner was directed to prefer a regular appeal within 10— days. As it appears from the appeal petition and the Decree objected to, that the Sudr. Ameen Moosfty of this Court passed his award, nonsuiting the

Sudr Udalut.

To,
The Judges of the Provincial Court
in the Southern Division.
Gentlemen,

I am directed by the Court of Sudr Udalut to acknowledge the receipt of your letter dated the 13th September 1842 — submitting an application from the Zillah Judge of Salem "for authority to annul an order passed by his predecessor."

As it does not appear — 2 — when the order referred to was passed, altho' it would seem to be three years since, the

Fort St. George, 6th February 1845

the Judges desire to be informed on the point previous to passing an opinion on the Zillah Judge of Salem's request.

Extract

Fort St. George, 6th February 1845.

Extract from the Proceedings of the Sudr Udalut under date the 20th October 1842.

Read letter from the Provincial Court in the Southern Division reporting (with reference to the proceedings of the Sudr Udalut of the 24th Ultimo) that the order of the late Zillah Judge of Salem, the annulment of which is recommended by his successor, was passed on the 15th February 1841.

The Zillah Judge of Salem applies for permission (under Circular Orders of the Sudr Udalut of 28th January 1830) to annul an order passed by his predecessor, and by which Plaintiff in Original Suit 256 of 1839 was directed to prefer a regular appeal from the Decree of the Sudr Ameen Moofty which Decree was passed without examining Witnesses or filing Documents.

The Court of Sudr Udalut observe that a great error has been committed. a Summary appeal ought to have been admitted, but as a regular appeal was filed, the Zillah Judge should have sent the case back to be heard before the Original tribunal. Taking all the evidence as has been done before the appellate tribunal was wrong'd, the

Fort St. George, 6th February 1843

the Court of Sudr Udalut determine upon the order, and direct that the Suit be now remanded to the Sudr ameen and treated as a summary appeal, stamps being returned.

Ordered that Extract of the above proceedings be forwarded to the Provincial Court in the Southern Division and thence them to the Zillah Judge of Salem for his guidance and information.

Read the following letters.

To.
J. D. Bourdillon Esqre
Secretary to the Board of Revenue
Fort St. George.

(60)

From the Collector of South Arcot. — Sir, Para 1.

Reporting the expiration of the rented Villages of Collamallay Jaghire and recommending their Rent be again for 3 years.

From Board 28 Oct. 1841.
" 1st June 1843.

The lease of the Villages of the resumed Jaghire of Collamallay which was sanctioned by your Board, having expired on the 11th July last, and the loss of Revenue experienced in those, that were retained under the Warapat or Division System, being very great during the last three Fusles, I beg to state, that I considered it more preferable to rent out the whole of them and with that view, I invited and received proposals from the principal Coleaodies or resident ryots, to rent out the Villages for the period of three Fusles, the terms of which for those three Fusles together with the Bariz of each Village for the last 5 years, are exhibited in the accompanying Statement. On comparing the former with the average Bariz of the 3- 5- 7- and 10 years, also therein shewn, it will be perceived, that the proposed rent exceeds

exceeds the average result of each of the above periods more especially that of the 3 years, in the sum of Rupees 5,378—11— about 25 per Cent and Rupees 3,914—9— above the 5 years— In most of the * Villages noted in the Margin, it will likewise be seen that it is nearly, and in some of them upwards of 50 per Cent more than the Bariz of each Village from Fusly 1253 to 1253.—

* From Re 16 to 28 Fusly
1254 - 30,315.
1255 - 30,620.
1256 - 30,600.

2. Fully aware, that it would be advisable to limit the lease to [illegible] I used my best endeavours to carry the arrangement into effect, but the ryots strongly objecting to the measure on the ground, that they were likely to suffer a loss by a fall in the price of Grain which they are borne out by the extraordinary fluctuation prevailing in some years in this District, and particularly in the Southern Talooks. I therefore, in consideration of the deficiency of Rain in these Villages, obviously arising from the grounds to which, the Board are aware

aware, the Amanie System is subjected, am of opinion it is most desirable, that the present proposals be accepted, and accordingly beg leave strongly to recommend them for the confirmation of the Board.—

3. In conclusion, I also beg to state that pending the Board's sanction, I have made over the current years Crop [part of which was ready for reaping] to the ryot renters, who have already given sufficient security for the due fulfilment of their engagement.—

South Arcot,
Coll[r]s Cuttcherry,
Cuddalore,...

Order thereon.

(Read again in Con: 17th Feby.)

Ordered to be brought forward at a future day.-

Read again letter from the Collector of Trichinopoly dated 18th November 1844 and entered in Consulta: tion 20th Ultimo.-

Ordered that the abovementioned letter be submitted with the following letter.-

(64 IV)

To the Chief Secy. to Government &c. &c. &c.

Submitting a letter from the Coll.r of Trichinopoly recommending that certain Yearly and other allowances amounting to Rs. 3,382-4-3 returned by the Civil Auditor in the accounts of that District for July 1252 may be

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly submitting Extracts from the retrenchments and records of

Fort St. George 6th February 1845

be sanctioned and that authority may be granted to pass for the future the allowances in question to the present incumbents.-

of his accounts for July 1252.-

2. The Civil Auditor objects to pass the Yeomiah and other allowances specified in the Statements furnished by the Collector on the ground that they have not received the special sanction of Government, but it will be seen from the Collector's explanation that these allowances have been continued ever since the assumption of the Country by the British Government, and that the Board of Revenue in 1813 acting under general instructions from Government authorized their continuance after full enquiry.-

To Coll.r 21st June 1813.
To Do. 12th March
in Cons: 18th Do. 1813.
To Do. 29th April -do-

Under

Fort St. George 6th February 1845.

3. Under this explanation and as no allowance of any description is now renewed without the special authority of Government, the Board recommend that the retrenchment on this account in Fasly 1252 amounting to Rupees 3,382—4—3. may be sanctioned and that the Civil Auditor may be authorized for the future to pass the allowances in question to the present incumbents as shewn in List No. 3.—

Revenue Board Office,
Fort St. George,

S.G.B.

Fort St. George 6th February 1845.

Read the following letters.

To,
J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George.

(65)

Sir,

From A. P. Onslow Esqre ——— } Para 1. With reference to the remarks
Collector of Trichinopoly } of the Board in the Extract from the Statement
Replying to the remarks of the Board in the Extract from the Statement of Charges which accompanied the letter of the 13th Instant. of charges which accompanied your letter of the 13th Instant, I have the honor to state that the actual charge for the conveyance of Duftees from Trichinopoly to Appanellore was at the rate of 10 Annas and 6 pice per Cooly. the insertion of 1 Annas and 6 pice being a clerical error. the total Amount therefore was 1 Rupees and 3 Annas.

2. In regard to the 10½ Rupees struck out as being being overcharged as the reward for killing a Bear, I feel persuaded that if the Board had been aware of the circumstances attending the destruction of this animal they would think the reward hardly commensurate with the deserts of the parties to whom it was given. The Animal of this species was discovered while making havoc amongst a field of Sugar Canes close to a Village which has not been visited by a Bear within the Memory of Man. His astonished discoverers

Ist.

Fort St. George 6th February 1815.

set up a shout which so confused him that instead of re-
-treating to the jungle whence he came he made direct for the
Villages and was on the point of effecting an entry
into the Moonsiff's house when he was confronted,
on the very threshold, by the Cavilgar who attacked
him with his cudgel, but was soon worsted by his
opponent receiving some severe wounds in the encount-
-er and would undoubtedly have been killed had
not one of the parties to whom I distributed the
reward worried the beast by pulling his hind leg,
and so diverted his attention towards himself;
and when he also was about to be victimized
a third party came to his rescue, who after spar-
-ring with the bear for a short time succeeded in
seizing him by both ears which so astonished
him that shaking off his three Assailants he
extricated himself and ran down the street,
followed by all who could muster any kind of weap-
-on and was at last despatched.-

3. I think there can be little doubt that the Bear
which by the time he had reached the
Moonsiff's house appears to have
been wrought into a fit of desperation by
the, to him, unusual shouts with which he
was assailed, would have done great mischief if he had not been
courageously-

Fort St. George 6th February 1815.

courageously attacked, and as the riddance
of the Village of such a visitor was a
great public benefit I thought that
under all the circumstances the division
of the authorized reward of 7 Rupees
amongst three persons was but a paltry
remuneration for such good service and
that I might fairly in the spirit of the
instructions contained in the 3d Para of the
Board's letter of the 10th August 1815
increase the amount.-

4. Under this explanation
I trust the Board will not withhold
their recommendation for the sanc-
-tion of the two sums included in the
above two items amounting altogether, and
that authority may be obtained for the
charge of the difference disallowed, Viz.

Resolution thereon. (69-70)

Resolved that the foregoing letter be submitted for the information and orders of the Most Noble the Governor in Council & with reference to the Extract from the Minutes of Consultation

Sub.ve 3d Oct.r 1844 dated 20th September last No. 977.

Fort St. George 8th February 1845.

Read again the following letters from the Principal Collector of Madura, being his reports on the Revenues of the Zemindary of Ramnad under his charge, as Agent of the Court of Wards, for Faslies 1251 and 1252.

31st July and 13th September 1844.
inbons: 8th Aug.t 1844 No. 123. inbons: 19th Dec.r No. 151.

(71)

Proceedings thereon. 1.

Relative to the Settlement of the Revenues of the Ramnad Zemindary in Madura for Fasly 1251 & 1252.

A large part of both of the foregoing papers is taken up with matters altogether irrelevant to the matter in hand, and having reference chiefly to the Commission lately constituted to investigate Mr. Blackburne's conduct in the management of the Province of Madura. The information afforded as to the Revenues and administration of Ramnad is extremely meagre; but as the Principal Collector promises shortly to submit his report on the Zemindary for Fasly 1253, with fuller detail, the Court refrain from calling for further information on the present occasion, and restrict themselves to a record of the amount of the demand, collection, and balance, in the two Years reported on, with a few general remarks.

The Ramnad Zemindary was

2.

taken under charge of the Court of Wards in October 1842, under circumstances which are known

Fort St. George 6th. February 1845.

From Capt. W. Morris, for the Most Noble the Governor in Council
To Lieut. Col. Blackburne, 1st. Assistant to the Board of Revenue
dated 10th. January 1842.

The Annual settlement of the Revenue for the Current Fusly 12.52 had not been completed by the Incumbent who was to that time in charge of the Estate; and it was found by the Board Blackburne during the whole of Fusly 1251, and for the first four Months of Fusly 1252, and the 3 remaining were under the charge of the Current

3

On both years the amounts of Pattas issued to have been the same: Pattas issued bore date with the Fusly Year in which they were issued by a division of the Cash; the Pattas for each Village were filed separately, and kept in a bundle by themselves.

Total, Fuddeen, Clay 200 & &c. 2. Dud Fuddeen Rs. 1,00,000
Rs. 1,00,000 3. Sirdarthaithoo or own cultivation
cultivated by Ryots working on Mayndy Lands
established by Ryots working on different lands

Fasly 1227	95	10	11
1228	344	5	1
1229	71	15	2
1230	244	6	10
1231	142	14	3
1232	223	10	6
1233	59	4	-
1234	974	11	9
1235	730	"	8
1236	1317	"	7
1237	1223	1	7
1238	3133	11	6
1239	6900	8	9
1240	2959	5	3
1241	2408	3	-
1242	10559	15	5
1243	7483	4	6
1244	11450	9	3
1245	15568	8	-
1246	22751	13	2
1247	2472	"	7
1248	32894	2	5
1249	31475	7	8
1250	63604	2	3
Total	244331	13	1

6. In addition to the foregoing, which may be called current balances, there is a large outstanding arrear due on former years from Fasly 1227 and 1250, Amounting in the aggregate to 2,41,334-13-1 as shown in the Marginal Statement. Thus the total balances current & arrears amounted on the 31st. December 1843 to the very large sum of 3,86,174-13-4.

7. A large part of the sum here exhibited as a demand is no doubt such as it would not be just or according to the Customs of the Zemindary, to exact. A further portion

Fort St. George 6th. February 1845.

will be found on examination irrecoverable, on account of the poverty, death, or absence of the defaulters. It should be the immediate object of Mr. Blackburne as Agent for the Court of Wards, to cause enquiry into the nature of these balances, with the view of recommending to the Court to write off such sums as are not justly leviable, and of taking measures to realize the remainder.

8. Statement No. 5 which accompanies the report on Fasly 1252 is an account current of the Zemindary for that year. The total income of all kinds amounted to 6,66489-11-11; The expenses of all Kinds Amounted to 5,41067-5-3 leaving a Net surplus of 1,25422-6-8; of which one lack was invested in the Bengal loan at the recommendation of the Commissioner in charge of the district, and with the sanction of the Court of Wards.

April 10th. 1843

9. The Court now close their remarks on these Reports, repeating their expectations that Mr. Blackburne's report on Fasly 1253 now shortly to be looked for will comprise full information as to the mode of settlement in all its particulars, a clearer explanation

Fort St. George 6th. February 1845.

explanation of the charges of all kinds, and a detail of the nature of the Balances, Current and arrear. Mr. Blackburne will also, it is hoped, take that opportunity of offering any suggestions that may occur to him as to improvement in the System of administration hitherto obtaining in the Zemindary.—

Ordered that Extract of the foregoing Proceedings be submitted for the information of the Most Noble the Governor in Council and that Copy be also furnished to the Principal Collector of Madura for his information and guidance.

Read again the following letter from the Principal Collector of Madura giving cover to one from his Sub Collector on the subject of Cullemunthay Mootah.

Nov.r 16th. 1843 No. 114.

T 2 / 12

Inbd. by Desp.h 1843.

Proceedings thereon. Para. 1.

Requesting the Principal Collector of Madura to furnish a report on the resources of the Cullemunthay Mootah and recording observations

From Dt. Coll.r 10th. inbd. 26th. July 1839.

The Proprietor of the two Mootahs of Vayloor and Cullemunthay having petitioned to be allowed to surrender to Government the last named of them, on the ground that its resources were unequal to the payment of the Peishcush

observations and remarks on his Sub: Collectors report regarding it.

Para. 1st. in Cons. 11th. Dec.r 1839.

From Dt. Coll.r of Madura dated 16th. in Cons: 3d. Oct.r 1839.

Extract Proceedings Board of Rev.e Dec.r 21-1839 P. 2

Fort St. George 6th. February 1845.

Peishcush fixed on it; it was ordered by Government in consequence of the expressed wishes of the Honorable Court of Directors as to cases of this kind, that the Principal Collector of Madura should assume charge of the Mootah, and retain it under management for three Years, agreeably to his own proposal, in order to enable him to form a just estimate of its resources. and he was informed that at the end of that term a special report on the Estate, and a declaration of his sentiments as to its future disposal, would be expected from him.

To Bd. July 31st. inCons: 13th. Sept.r 1841. Para 14

To Dt. July 31st. inCons: 3d. Oct.r 1842. P. 15

2. Subsequently, in Answer to the Boards remarks on the Cullemunthay Estate Mr. Blackburne referred to this arrangement and stated that he should not be prepared to give a decided opinion as to the resources of the property, and the proper Amount of Peishcush on it, until he had it under his charge for the whole of the term which he originally named. The correspondence having attracted the notice of Honorable Court they requested

Dispatch Aug.t 2d. 1842. Para 33.

From Govt. 14th. inCons: 30th. Jan.y 1843.

requested that the principle laid down by them in the instance of the Pollam of Ediacottah in the Madura District be applied to this Mootah Viz: that of reducing the permanent Pa: ush wherever it might be ascertained to exce the capabilities of the Estate and as the three years desired by Mr. Blackburne had expired when this despatch was communi: cated to the Board they requested that Gen: tleman to furnish a special report on his "Management of the Cullenmuthay Estate at his early "convenience."—

3. It was in pursuance of this requesetion, though under mistake as to its meaning that Mr. Blackburne, transmitted the report from his Sub Collector which accom: panied his letter now under notice. This report appears to have been obtained by the Principal Collector from Mr. Elliott in consequence of a remark by the Board in their review of his Jummabundy report for Fusly 1251; in which, after noticing the affairs of the Mootah, and observing that Mr. Elliott, in whose immediate charge it was, offered to submit a separate report on it if required They added the Principal Collector will use his discretion in calling for such

Sub Coll.rs Report 11th Aug.t in Cons. 3d. Oct.r 1812 for Fusly 1251 Para 45

Proceedings 6th. Feby 1815 P 21.

Feby 23d. 1813

a report." Their meaning in making this remark was that Mr. Blackburne might perhaps find Mr. Elliotts report of use in drawing up his own. From his sending up Mr. Elliotts paper, however, in reply to the call above noticed, and from their having since received no further report from himself on the subject; the Board are led to suppose that he misunderstood their intention, and imagined that Mr. Elliotts report was required in place of his own.

4 Upwards of five years having now elapsed since the Cullanmuthay Mootah was taken under the management the Board resolve now to call on the Principal Collector to furnish at his earliest conv: venience the report on its ressources, which he ex: pected to be prepared to make after three years esperience. The Board have reviewed the correspondence which has passed on this subject, and the figured Statements which they have received, and they proceed to record such observations and remarks as have occurred to them in this review, under the impression that they may perhaps be useful to Mr. Blackburne in forming a judgement as to the condition and resources of the Mootah, and preparing his

Fort St. George 6th February 1845.

his reports —

5. Mr. Elliott appears to have taken three methods of forming an Estimate of the value of the Moottah - 1st a comparison of the Survey assessment of the Villages of the Moottah with that of adjoining villages - 2nd A comparison of the produce of the Moottah villages with the assessment 3d A comparison of the extent of Eenam and of Dyer land under Cultivation in the Moottah as compared with the waste land of each kind respectively. —

6. On the first point Mr. Elliott expresses his opinion that "on the whole the villages in Cullamunthay have the advantage." He has however omitted to compare the soil and fertility of the land in the Moottah and in the adjoining villages, and without this the mere comparison of the assessment is of but little value. —

7. Two Gillodars were employed to ascertain the produce of the lands cultivated in the Moottah in Fusly 1252. But it is not clear that these persons need have been so employed, since it appears that they did no more than receive accounts from the Curnums. This might have been much better done

Statt. No 4.

P. 8.

Fort St. George 6th February 1845.

done by the Sheristadars establishment in the Sub Collectors Office. In whatever way taken however these accounts could not be of much value in a question like the present, Produce returns are more easily and safely falsified than perhaps any other, and it requires proportionate care to obtain them accurate - If Mr. Elliott had wished to judge of the productiveness of the Moottah lands, he should have attended himself at the cutting, threshing and measuring of the Crops in some fields in different villages. and even then it would have been necessary to prevent it's being known before hand what fields of what villages he would thus try, otherwise various means would have been taken to lessen the quantity of grain even before reaping: with this due precaution the examination of a few fields by a Collector himself affords a fair better and more satisfactory criterion of the productiveness of a village than the Curnums accounts of the whole, or even than the scrutiny of the produce of every field by people of the Collectors establishment. —

8. As to the Eenam lands it does not

not appear that any inference important to this enquiry could be drawn from the fact of their more extended cultivation: for Cunamdars are not required to maintain the survey rates, and their lands are no doubt cultivated by Ryots on lower terms in Cullamunthay, as is known to be the case almost universally elsewhere. —

9. It thus appears that the Sub Collrs report furnishes no sufficient data for judging of the resources of the Estate. The Board will look with anxiety for Mr Blackburne's report, which it is hoped, will be not merely a history of the annual settlements since the Moottah has been under his charge, but will supply a full and accurate account of its former and present circumstances, and of the causes of its decline. —

Proceedings may 26th 1842. P. 13.

10. On a former occasion the Board requested Mr Blackburne to obtain accounts of ayacut cultivation and produce for the last 10 or 12 years. Mr Blackburne replied that he had satisfied himself that no such accounts had ever been in existence. The Board expressed their surprise at this information and their belief that the

Proceedings 6th Feby 1843. P. 21.

the Principal Collector was mistaken, and that accounts of cultivation and Collections at least must be existant. The Board have not again heard from Mr Blackburne on the subject, but they retain the same opinion. They believe it to be the universal practice under all systems of Revenue that the Curnum shall keep accounts of the lands cultivated, and of the Collections there of must certainly be a record made by the Curnum or Notagar, or if not by them, at least by the persons acting on behalf of the Moottadar or by the Renter. The accounts too on which the Peishcush was originally determined must also be in existence, as remembered by the Board on the same occasion, and these and all other records, explanatory of the condition of the Estate both when first constituted with a Moottah and under the Moottadars manage-ment should be compared with its present circum-stances, in order to judge of its true resources. —

Collections of Fasly 1249 = 1750 — Rs A P 18908-7-11 6726-12-2 12181-11-9

11. There is another point which may here be noticed viz the great decrease of cultivation in Fasly 1250 be-low that of 1249. Mr Blackburne has at different times offered two different explanations of this circumstance

but

31st July in Cons 15th Sept. 1824. P. 14
25th June in Cons 28th July 1842. P. 9.
31st July in Cons 3d Oct. 1842 P. 15

but neither appear satisfactory to the Board unaccompanied as they are by any accounts or returns to support them. Mr Blackburne's attention is again requested to the subject so far as it may affect the question now at issue regarding the resources of the Estate. The Board are still disposed to suspect that the falling off of cultivation and Revenue subsequently to Fasly 1248 was the result of collusive design, and they think it worthy of enquiry whether Ryots have not been withdrawn from the Cullamunthay Mottah to that of Vayloor so as to extend the cultivation there and thus to augment the resources of the latter property, while those of the former have been made to shew a falling off.—

12. The Principal Collector's report will it is hoped enable the Board to form a judgement on the question. If a reduction of the Peishcush should appear necessary, though nothing yet before the Board induces them to suppose that it will they will make a recommendation on the subject to Government. If not, it will remain to be considered how far the amount of the difference between the annual settlement and

and the Peishcush may justly be levied from the Mottadar, for no such surrender of the Estate has been authorized or accepted as to exempt the proprietor from this demand, as Mr Blackburne appears to think. It will also remain for consideration whether the Mottadar shall be permitted to resign Cullamunthay without also giving up Vayloor.—

From Pr Coll. 25 in Cons. 28 July 1842. P. 6.

Ordered that Extract of the foregoing Proceedings be forwarded to the Principal Collector of Madura for his information and guidance.—

Read the following letters—

To J. D. Bourdillon Esqr

Secretary to the Board of Revenue

Fort St George.

Sir

73 / 5 Jany 1845

From the Pr Coll. of Madura } 1.

Reporting March of 15th Regiment and enclosing form of Cuttah given to each Cart Man—

In answer to the Board's supposition that 600 Carts was both an unusual and unnecessary requisition for a single Native Regiment. I have the honor to inform you 405 only were taken, with addition of a few privately engaged; and the excessive requisition was made from experience of the necessity for allowance of rejected Carts.— Many

2. Many provided by me were rejected after being passed by a Committee of my own and Servants of the Commanding Officer, and I have it now in consideration to punish by fine such Tahsildars as have given room for rejection by their want of activity and apathy, but solely with a view to compel perfect obedience in similar future requisitions. —

3. Accompanying is Copy of a Cadjan form given under my stamped signature to each Cart man. —

4. The great objection to accompanying Corps is fear of oppression and being overloaded. The watchfulness of Colonel Justice in these two points is said to have been such as to have made most of the Tennevelly drivers willing to have proceeded under the Madura rates of hire.

5. The Board are in error in supposing that the Carts of Madura Collector are not duly numbered because not expressly so stated in my letter of the 16th November. —

Madura. 25th January 1815. } (Signed) J. Blackburne Principal Collr. &c.

No. 1.

Form of Cadjan Puttahs to Bandy drivers for 15th Regiment N. I.

You [ ] of the Village of in the Talook of are entitled to half hire for [ ] miles being the distance of your Village from Madura. you are entitled to Batta at the rate of [ ] for every day between the 22nd night and day of your starting; and if you are relieved at Dharampooram you will be entitled to pay at the rate of 10 annas per each of the 8 3/8 Cadems: or 83/4 Miles. —

2d. If your Cart is taken on to Palghaut you are entitled to 14 annas for each Cadem all the way from Madura to Palghaut.

3d. If you are taken beyond Palghaut you are entitled to one Rupee a Cadem (8 English miles) all the way from Madura to the place at which you are relieved.

A full load is to 40 Tolams or 1 1/2 Candy and 3/4 Maunds. —

If required to carry more that that or, if oppressed or beaten by any Sepoy you will gain instant redress by application to the Officer in Command

No 183

Read the following letters from the Collector of Tinnevelly dated 24th October and 15th December 1843.

Inf. Cons. 19th Feb. 1844.

79

Here enter Nos 171 and 197.

Proceedings - 1- These papers contain the result of the measurement and classification of 4 experimental Villages on which Mr. Thomas has founded a Statement of the general principles on which

Submitting letters from the Collr of Tinnevelly reporting the results of the measurement of certain Villages on which he has founded a Statement of the general principles on which

Fort St. George, 6th February, 1845.

which he proposes to conduct the new assessment of the District. The whole has been completed by the ordinary revenue Establishment, the Collector having been unwilling to expend any part of the amount sanctioned for the survey until the preliminary arrangements were definitively settled. In reviewing the various propositions embraced in these reports, the Board will follow the natural order of the process rather than proceed seriatim according to the topics discussed in the Collector's Reports

which he proposes to conduct the new assessment of that District with the Board's sentiments on the subject.

Note
The only expenses hitherto incurred are -

Para 15.

2- The Villages of which the accounts are now submitted were selected with a view of exhibiting the application of the proposed rules to as many tenures and descriptions of land and cultivation as possible. The rules themselves are contained in three Enclosures or Hookumnamahs for the measurement, its examination and the classification, all of which are framed generally on the standard of the survey of the Ceded Districts modified by comparison with such other Hookumnamahs as were procurable.

Enclosures Nos 40-39-41 in No 3116 -
Para 13 -

Para 13.

3- The standard of measurement recommended by the Collector is the Cawny and the Board although they formerly advocated the use of the Acre are induced to acquiesce in the sufficiency of the reasons adduced.

From Govt 30th May in Cons 13th June 1842 -
Encl A -

adduced in its favor. The Cawny appears to have been the ancient local standard to be generally familiar and agreeable to the people and to admit of the more easy conversion of the existing measures into it.

Paragraph Hoo: Hookumnamah Para. 1 & 40.

4 Instead of using a chain the measurements have been made with a rod 24 feet long sealed at both ends. A cumbrous and inconvenient instrument liable to accidents and fractures, and in minute measurements to error. A question early arose as to

Report Para. 23 Hookumnamah P. 15-34.

the propriety of measuring the ridges serving as the boundaries of fields within their area. The rule laid down by the Collector is to include all that are less than one foot in breadth and to exclude all that exceed that limit. This plan appears to be arbitrary and uncertain and to hold out inducements to the Ryots to alter their boundaries. The Board are of opinion that the practice of the District should be ascertained and a general rule founded upon it. The Shades or subdivisions of paddy lands are not permanent and should be included in the area whereas the Saks or fields remain generally unchanged. For the same reason it appears unnecessary to cause the Surveyors to enter in the record the number of these Shades or Saks

See Hookumnamah Para. 31.

visions as they have been required to do. Mr. Thomas states that it has not been usual to name fields in Tinnevelly

Para. 46.

and that the defect will be remedied. The custom of naming fields is so obvious and universal that the Board apprehend some designation for each field will generally be found to be in use among the Ryots and the 23d Rule of the Hookumnamah appears to anticipate the same result.

5 The Hookumnamah for the surveyors appears to enter into too minute details and from its great length and the multiplicity of subjects included in it to be unsuited to the description of persons for whom it is intended. The surveyors must necessarily be numerous. The rules laid down for their guidance should therefore be few and simple like those prepared for the Ceded District as already suggested by the Board in their Proceedings of 2nd March 1840. The Board apprehend that few of the Surveyors will be able to make themselves fully masters of the numerous points embraced by the present Hookumnamah and that consequently disparity of practice and mistakes will be introduced. Many of the subjects of investigation imposed on the Surveyors belong more properly to the assessors and Head assessors such for instance as those at Paras 43-44 and 45 for the settlement of Boundary disputes, the adjustment of the old classification &c. Before quitting

Hookumnamah

this

this part of the subject the Board desire to add a few remarks on some of the details of the Hookumnamah not noticed in the report. The definition of Poonjah land in the 4th Para is generally correct but it is added that wet lands on which dry grains only have been raised during the preceding 5 years and dry lands cultivated as wet during a like period should be transposed accordingly. This rule appears too peremptory. Permanent Inyal may be thrown out of irrigation for want of repairs to public works and it is only where the means of irrigation cannot again be restored that a change of denomination should be made. In other cases a longer period might perhaps with greater advantage be allowed. The Ryots themselves consider that the changes of seasons embrace a cycle of 12 years and that a failure of water for such a period is not likely to be remedied. In the 4th clause of Para 18 the Surveyors are directed to measure the Ryots back yards according to a scheme proposed by a former Collector Mr. Munro but never acted upon. This seems foreign to the Surveyors duties and likely to involve them in disputes with the Ryots. It will be sufficient for them to survey the

the extent of the Nuttum leaving any arrangement for regulating the extent of the Backyards for future determination. The Board do not exactly comprehend the directions given for the measurement of Hamlets or Muzras. The inferance to be drawn from them is that the Muzras are not as generally supposed included within the bounds of the Mouza but are sometimes at a distance and altogether detached from it. In such cases it would seem preferable to measure such hamlets separately without reference to the Mouza unless there are difficulties in the way arising out of the joint privileges of the Village community the rights of the Mouza municipal Officers to fees and Marahs in the hamlet lands, &c. which might render such a course objectionable. The Collector will be pleased to explain whether this is the case. The 24th Para for regulating the size of Poonjah fields requiring subdivision should be specific. The Board consider that a proper limit for a field will be found in the quantity that can be marked by one plough which was the standard

Hookumnamah Para 21

fixed

fixed by Mr. Smally in Ching-leput The 40th Para should provide for the Boundary marks in Enam waste being placed at the expense of the Enamdars.

Classification Para 6—

6 The existing classes of land are very numerous embracing as many as 4,5 for the dry lands and 3 7 for wet. Mr. Thomas justly observes that the multiplication of classes is an error into which the native Assessors are apt to fall and considers it safer to trust to the local knowledge and long experience of the ryots provided they can be got to give a fair and unbiassed opinion unmfluenced by self interest— But this promise embraces the whole difficulty— It cannot be expected that any motive can be held out to induce the inhabitants to forego the strongest impulse of human nature in a matter exercising so important and permanent an influence on their interests. In a village as in all other communities the leading Members will when too much left to themselves turn such influence to their own account and being generally in possession of the best lands they will have a direct object in getting them

them placed in an inferior class. But the practice that has so long prevailed in Tinnevelly of settling the revenue by a division of the produce under the direct control of the Officers of Government offers unusual facilities for effecting an accurate classification. The Collector has not overlooked this source of information but he seems to consider it to be possessed of secondary value.

See Ro. 2d Feby 1831 Para 25 Fram Govt. 29th Novr. 1831 Para 11 in Cons. 5th Decr. 1831 Encl. 58:41 in No 3116.

7 In the 7th and 8th Paras of the Term Hoobunmanah it is laid down that the lands shall be arranged in a certain number of classes with a difference of 3 or 6 fanams between each grade, that the ryots shall determine these according to their respective qualities under the supervision of the assessor, and that after they are so assorted, the produce of each class shall be ascertained from the Hundred-wood or produce accounts compared with the information dictated by the experience of the Curnum Moneagars and neighbours 8th This appears to be reversing the natural order of proceeding— altho the color and description of the soil affords a good test for estimating the

productive

powers of dry lands, the fertility of the wet depends principally on the means of irrigation - The produce of such lands therefore affords the surest indication of its quality and hence of the class into which it should come accordingly it has been adopted as the ground work of the classification of South arcot and Chingleput. The rules drawn up for the former by Mr Ravenshaw have always been considered to be admirably adapted for the purpose These are based on the number of Cullums of Paddy produced by a Cawny with a difference of 5 Cullums between each class. The Board are of opinion that the Term Yeabummamah now under consideration might be advantageously modified with reference to it. They resolve therefore to forward a copy of it to Mr Thomas for his consideration

8

The Collector has not

Note

Its importance is strongly urged likewise in the Board's Proceedings on the survey of Tayore and in a former review of the survey of a Village named calmay in Tinnevelly.

Proceedings 2nd May 1831 Para 25

Proceedings 28th April 1828 Para 5

Note In the accounts of the specimen Villages the Benz of the six Tunmdars appears as one of the grounds of the settlement but nothing is stated of the manner in which it was prepared

Paras 202 & 203 of Colonization

mentioned whether he intends to make use of Head assessors or Six Tennadars to supervise this part of the process and no rules appear to have been drawn up for their guidance.

Mr Thomas has stated his intention to reclassify the whole of the dry lands de novo; and under the circumstances of error and confusion which are found to pervade the existing classification and adverting to the loose mode in which it appears to have been made originally the Board approve of the course he has prescribed for himself They likewise approve of the rule laid down in Para 25 for determining the extent of arable or Sheikal land, Viz: that of the cultivation of the year preceding the formation of the term account which except in seasons of unusual draught will be found to afford the most practically useful basis for calculating the assessment. Having ascertained the average produce of each class in Grain the next object is to fix a fair commutations price at which it may be converted into money. The Collector is of opinion that the average for the whole district should be 2 1/4 Rupees

8

per

per Grain Cattah - This he admits to be a low rate, and considerably under the Wooloongoo standard and he gives the following reasons for adopting it; that Tinnevelly is a distant and isolated district, that it is not an Exporting Country; that the average prices of surrounding districts are generally lower, that the woolongoo price was determined on the retail prices of large towns, that the present selling price is unprecedentedly low, that the known occurrence of years of drought at stated intervals and the improvident habits of the ryots require a permanent demand to be light; that the amount of past remissions and balances show the past rent rates to be too high; &c. and he states that following the experience obtained by Sir Thomas Munro who found it necessary to lower the settlement first made he has been led to exercise great caution in adopting too high a scale for Tinnevelly. On this it may be observed that the principle followed by that eminent officer was to fix the demand

demands with reference to the best data actually existing in the district under settlement - This in the Ceded Districts consisted principally of past collections which under the Mysore Gov= ernment had been raised to an excessive amount. Feeling constrained as a subordinate officer to fix the demand with reference to the existing data he did so accordingly but recommended the reduction which he afterwards conced= ed when at the head of the Government. — The Board are of opinion that the same course should be followed in Tinnevelly - The duty of the settling officer should be limited to a consideration of facts confirmed by past local experience, leaving it to the Government to exercise a discretionary power of limitation. The main object of the Collector should be to fix a uni= form assessment with reference to the productive powers of the different soils so that the pressure may fall as equally as possible on all. This is both the simplest and safest mode of coming to a just conclusion in the first instance, and if it is afterwards discovered to be too high with reference to other Districts or to the general views of Government it is easy to lower

it

Note
To make the assessment permanent he was of opinion that the rent of Government should be about 1/3rd of the gross produce thus enabling a ryot after paying the public demand and being reimbursed for the expence employed to obtain a small portion of land rent this settlement was about 45 percent of which 25 per= cent was afterwards remitted.

it by a uniform rate of remission. But if the scale is once fixed too low, the same facility will not be found in raising it. It is therefore very important that the settling officer should be cautious in adopting a speculative scale founded on a limited view of local circumstances.

The principle on which the revision of the settlement has generally been conducted in Districts where it has been the practice to take the revenue in kind, has been that of an average of produce and prices. This has long been the mode of settlement in use in Tinnevelly. The commutation price of 2¼ Rupees per Cottah proposed by Mr. Thomas is an average of the whole district but the old or moolungoo standard was framed separately for each Tarruff or Division of Villages and the rate to be adopted in the present settlement is intended to vary in like manner. It does not appear therefore why so much pains has been taken to define a general Nerik except for purposes of comparison. The proposed average

* Statement A

Note
The Nerik is different in 3 out of the 4 Villages now submitted o Statt. Bal. 8

Note
The Board are not aware on what data the Nericks of other Districts quoted by Mr. Thomas are founded but they appear not always to be correct. The following are from the Board's records.

Shing'lepet
Mr. Smalley's Commutation rate was 16 mercals per Pagoda

Mr. Vincent 18

Coimbatore 15¼
Madura 22¾

average Talook rates vary from 1 — 14 — a to 2 — 11 — a per Grain Cottah. Those of other districts exhibit a still greater disparity as shown in the Margin. such calculations when applied to a large extent of country are influenced by many considerations that escape observation when viewed as a whole. A greater or less proportion of superior land in any one district or purgunnah for instance will cause the general average value of the produce to exhibit very opposite results.

The Board will now proceed to notice the several arguments adduced in favor of the proposed low Nerik and then examine the rate of the Nerik itself. It is true that Tinnevelly is one of the most distant provinces of this presidency but it possesses an extensive sea board with several ports and a growing demand for the exportation of Cotton. The increasing consumption of rice in Ceylon also and the facility of transport from Tinnevelly point to it as the most favorable market of supply. If they have not already therefore done so it may be hoped that

Para 10-17

that those circumstances will exercise a favorable influence on the prices of agricultural produce. With regard to the alleged error in the mooltungoo standard for some Villages it is very possible that such may have occurred but as the data on which it was calculated are well known it will admit of correction when found to be wrong a more definite argument is founded on the amount of past balances and merits careful examination Mr. Thomas justly observes that the annual occurrence of heavy balances argue over assessment He likewise adds that a moderate demand will not only prevent their recurrence but obviate the necessity of annual remissions. The statement marked C exhibits the annual demand and arrears of the last 42 years from Fusly 1211 to 1252 averaging 26149 Rupees per annum or 1,098,259 in all. But of this period the first seven years were under amanie Management and the arrears accruing in them fall short of the average in every instance except one when it was 323/33 The next 13 years comprise the terms of the triennial and decennial Leases, during which the

the balance exceeds the average in every instance save three, in one case reaching the sum of 120810 and the lowest being 16754. For the remaining period since 1231 Fusly the district has been under Amanie and in that year only the first of the change have the arrears been so high as 34053 and generally much less. This analysis shows that the greatest amount of unrecovered revenue is owing to the system of management rather than to the too great pressure of the demand itself. The average balances of the years of direct Management came only to Rupees 14353 - or 13 3/4 per Cent - But even taking the full amount of the average arrears for the whole period, or 26149 the proportion they bear to the average settlement for the same time (or 1,059,952) is only 1/2 per Cent - In the present state of the Agricultural population of India, no individual settlement can be framed that would Admit of being fully realized in all seasons, from a body of small Cultivators imbued with improvident habits and destitute for the most part of Capital in a Country liable to frequent fluctuations of season

In

In no province is the demand so low as in Canara yet the Collector has not been able to dispense with remissions and to avoid the recurrence of arrears in any single year. Moreover it must be borne in mind that one of the principal reasons for instituting the present Survey was the Knowledge that the demand had come to be distributed by the people among themselves at an equal average rate per Cottah on all the lands whether good or bad a mode of assessment sure to impose the heaviest burthens on those least able to discharge them. It is matter of surprise therefore that the proportion left outstanding is not greater.

Paras 8. 10. 18. 21. 11. The next point for consideration is the proposed average Commutation price for the whole district which tho' not intended to regulate the details of the proposed Settlement, has served the Collector for a standard in fixing the general scale of conversion and as a basis for the arguments adduced by him in favor of a reduction of the present Woolungoo rate. The following list of prices is taken from the

the Statement marked B.

	Gram Cottah
Woolungoo or present standard	2 – 11.3
Average of 20 years from 1232 to 1251 Fusly	2.12.9/4
Do. Do. after deducting 20 per Cent as proposed by Collector	2.3.9 13/16
Settlement price of 1251 Fusly	2 – 2 – 3
Do. Do. 1252. Fusly	2 – " – 1/4
Selling price of Do.	1 – 14.12/16
Proposed by the Collector	2 – 4 – "

This shows that the average of 20 years exceeds the commutation price fixed at the introduction of the Woolungoo Settlement by 1/2 per Cent and that the price proposed by Mr. Thomas has reference rather to the two recent years in which the fall of price has been wholly unprecedented. The Annual prices since the district reverted to Annamie Management, are given in the Margin and in no instance it will be observed have they ever fallen so low as the proposed Nerik anterior to 1251 Fusly. The case is not altered if a deduction is made of all the

Annual Price.

"——1——0=17 per Cent-

Para-21- in making the deduction of 20 per Cent from the average of 20 years are founded on a Statement of various losses and charges prepared by the ryots amounting to 21/10 per Cent- Many of these being necessary consequences of the Woolungoo System would not exist under a fixed Money demand when all interference with the ryots Agricultural Proceedings would cease; others, from an Account of such items received from the district appear to be deductions from the gross produce before its division between the ryot and the Sirkar and to be included among the usual charges of labor- It is besides notorious that thro' various causes such as the removal of Grain before measurement, under statements of Curnoms, &ca the gross produce exceeds the quantity in the Kundoo Moodul accounts to an extent that has been estimated as 20 per Cent at the least- As far therefore as these accounts are adopted as a guide the additional proposed reduction would amount to a double remission-

N.B. The statement in Fusly 1253 was Rupees 2-6-4 3/32

12 At the foot of Statement- C the Collector has entered an Estimate of the revenue derivable from

from the application of his proposed conversion rate, calculated on the settlement of Fs. 1252 - From the whole demand he deducts the wet and patcum lands, which at the standard of the year yielded 8,85,038 Rupees and finds that by substituting his proposed rate or 2/4 Rupees per Grain Cottah they would have given 9,94,218 which sum compared with the average settlement of the 42 last years exhibits an increase of 57,184 Rupees and with the average collections of the same period, an increase of 77,333 Rupees - But not only was the conversion price according to the Woolungoo system unusually low in 1252 Fusly - the Melwarum as calculated by the Collector is likewise below the average of former years.

Note

	Rs.	as.	P.
Average per Cawney	10	5	11
Average per Rs. of the settlement of Fusly 1252	9	3	9

Aver. Mailwarum of 21 years	Rs. 10,02,214
Collectors Estimate of 1252	9,94,218
Difference	7996 = 12/10 per Cent
Mailwarum of 1248 Fusly	12,03,943
Coll.rs Estimate of 1252 Fs.	9,94,218
	2,09,725 = 17 per Cent

The final statement in Enclosure B makes it Rs. 10,02,214 for 21 years or 12/10 per Cent more than that of 1252 Fusly and a single year of unusual fertility exceeded it by 17 per Cent

If the comparison is confined to the period subsequent

subsequent to the sequestration of the Chokumputty Villages in 1245 Fusly the same result appears. The Nunjah Beriz including these for the 8 subsequent years amounts to 83,18,999 the highest of which was 1248 Fusly the lowest 1252 Deducting these two years the Beriz of the remaining six gives an average of Rs 10,38,230 which still exceeds the Collectors Estimate by 4 per Cent -

Beriz of 8 years	83,18,999	
Fs. 1248 and 52	20,89,581	
Remain	62,29,418	
Average		10,38,230
Collectors Estimate		9,94,218
		44,018

13 From an attentive consideration of all the circumstances, the Board are of opinion that the Collector has assumed his proposed rate of conversion at too low a standard. The circumstance under which the survey was undertaken and which particularly called for interference, were the inequality of the assessment and the system under which it had been made to fall equally on all descriptions of land not as the Collector seems to think because the demand was considered to be generally too high. The Woolungoo settlement does not appear to have pressed heavily on any parties - and it may therefore

therefore be inferred that under the old system the best lands have been under assessed - Besides experience has shewn that the plan of taking the revenue in kind or at least of taking an annual account of the produce for the purpose of converting the Government share into money leads to understatements - The date on which the average produce was fixed for determining the Woolungoo Standard have before been doubted and yet the Kundoo Moodul Accounts of subsequent years notwithstanding the recent improvements in the works of irrigation exhibit the Melwarum general below that of the 7 years preceding the leases on which the Woolungoo was fixed - The means of check in a territory that had recently passed into the possession of Government were then undoubtedly defective and the Board therefore hesitated to attach implicit confidence in them - It should be the particular business of the Terndars and Sir Terndars now to investigate this point, ascertaining the productive powers of the classes, by enquiries made on the spot

To Tinnevelly 28 April 1828 Para 3-

by the aid of neighbouring Meerasidars and by a comparison of the results with those of similar lands in the vicinity as well as with the Kundoomoodul Accounts where they are forthcoming - Similar deliberation should be exercised in fixing the rate for the conversion of the produce - Before a decision is finally come to, the Board desire to see an Estimated Beriz calculated on the present Woolungoo Standard price for the several Talooks and Villages compared with past Collections and cultivation - The Woolungoo data as already observed are open to revision whether they have been taken at too high are too low a rate - The Beriz derived from them should be compared with that obtained from the Collectors and from such intermediate rates as may suggest themselves and likewise with that proposed by the Sir Terndars on separate and independent considerations - A better judgment can then be formed of what will constitute a just demand - In the mean time no change whatever in the present Beriz should be made

made. The Board regret to observe that the Collector has formed the settlement for 1253 Fusly of the 4 Villages under review on his pro=posed survey rates. This course is not only wholly unauthorized but is productive of future embar=rassment. No radical change should be introduced without the sanction of Government. To do so at the commencement of an import=ant operation like a survey may occasion serious difficulty here=after both to the Collector and to Government particularly if the new assessment should prove to be too low.

14 Having thus reviewed the general principles laid down by the Collector for the survey the Board desire now to examine their application to the specimen Village of Padinalampairy, the accounts of which to the number of 11 are furnished in detail. The first and 2 of these are the Pannai Chettah and its abstract. They seem to be generally correct and according to rule in all their details.

The

The Board with reference to their observa=tions in a former para regarding the classification of Nunjah will only remark on the measurements made on the 21st April 1843 in which it is stated that 15 Nos. formerly surveyed as consisting of 35 Seed Cottahs or 44 Cawnies of Wet land are now entered as consisting of 40 Cawnies of Dry. No explanation is afforded of the cause of so large an extent of land having undergone so complete a change or if the impossibility of restoring it to its former condition Nos. 3 and 4 contain the classification The former of these shows the detailed distribution of the lands on five classes, the 1st 2d 3d 5th and 7th. But these do not appear to coincide with the rules of the Pookummanah- The 6th para of that paper enumerates 7 descriptions of soil each of which is sub=divided into three or 4 varieties (except the 5th or Padugay) making 23 sorts in all. But the very first description of land in this statement and which constitutes a considerable proportion of the 1st and 2d Classes is of a dif=ferent denomination from any of those

1 Caresalor Black
2 Coorgay mixed
3 Level Red
4 Veppel White
5 Padoogay
6 Alur.
7 Manaalor sand

Pottel

those specified in the Hookoonmanah - It is also deserving of remark that one kind of soil "Manul" enters largely into the 2d 3d and 5th Classes which encourages a supposition that the classification has not been made on the basis laid down by the Hookoonmanah that of the Color of the soil - Nos 5 - 6 - and 7 exhibit the qty of land liable to assessment and the Beriz to be imposed on it - From the first mentioned State-ment it is seen that a large extent of the formr wet lands have been transferred to the head of dry cultivation and of the remaining 75 57/64 Cawnies 14 13/16 only are brought under assess-ment the classification of which appears in Nos 6 Comparing these with the Returns of the Cultivation of former years in No 7, it appears that the quan-tity of land under the plough has been rapidly on the decrease that in 1241 Fusly a.d. 1831-32 it ceased altogether that it re-commenced again in 1249 Fusly a.d. 1839-40 and that within a Comparatively recent period a greater extent than even the whole of the present Ayacut, including

Topes	19-7 57/64	30-6.	10-8 7/16.

revenue and a trifling increase of the dry but the increase to the revenue from Topes and Trees has been more considerable. The latter from their nature are less subject to change, less likely to escape observation, and more easy of check. If, however, they were so little subject to examination under amanee as to yield so considerable an addition, the probability is that the produce was scrutinized as little and that the recent Melwarum accounts are likewise understated but not carrying on the face of them the means of detection, they have not displayed the same increase.

In

16. In the 10th Statement we find the individual distribution of the new and old settlements from which it appears that there are only 3 Ryots in the Village, of whom one only is resident and has but 2 ploughs, the other two are paracoodies. A Village so circumstanced is not well suited for a specimen of the future plan of settlement. It would seem to have been formerly in a flourishing condition but to have suffered some calamity and to have become greatly reduced in consequence. At present its resources are at a very lowable, and instead of being selected as an example, the experience derived from the settlements of others might with advantage have been employed to supply the want of data in this. Having thus gone thro' the most important principles in detail on which Mr Thomas proposes to act, the Board will dispose of the remaining topics embraced in the reports as shortly as possible.

Para 24. Supplemental Report Para 28.

17. The Garden assessment has hitherto been levied on the crop not the land, a practice which of course will

cease.

Fort St. George 6th February 1845.

-ease. The principal point connected with this question on which instructions are required is the description of tax to be levied on Wells excavated at the Ryots own expense which has been submitted to Government as a general question in the Board's Proceedings of the 12th September last Mr. Thomas with reference to former observations of the Board on the distinction to be observed between "Old wells" liable to Garden tax and "New wells" entitled to exemption, proposed to consider as privileged only those formed after Fasly 1252 = A.D. 1842-43 If a permanent distinction should hereafter be sanctioned, the Board do not see on what principle those made before that year can be excluded, nor why all those of a date subsequent to Fasly 1232 A.D. 1822-23 when such views were first entertained, should not be exempted.

Paras. 25 to 39-40.

18. Two Statements are forwarded of the Rates of Mera or Samahi charges and of the Melvaram or Government share of produce for the whole district. The former exhibits 419 rates varying from 7 to 36 per

Fort St. George 6th February 1845.

cent, the latter 377 from 34⅞ to 69, but these comprise only 818 Villages out of 1133. On a reference to Statement 11 of the Village of Padinalampery it will be seen that the rates at which each of these shares in the produce are calculated differ in each of the two crops the Car and the Peshanum. The Collector has necessarily adopted a single rate, but it does not appear how he has calculated it. That for the above mentioned Village is 46 25/64 which is the Peshanam rate. He would therefore appear to have rejected the Car rate entirely. A former Collector in noticing the very large proportion assigned to Samahi fees and Rudewaram observes that several charges created by the Woolungoo System had been included in the former and that the latter had been increased above the usual allowance in some cases for Keeping up certain charities, in others to continue the tanks in repair and to provide the means for overcoming the difficulty of cultivating on indifferent and stubborn soils. Under the system now about to be introduced, the necessity of continuing these favorable conditions no longer exists and they should be brought to account on behalf of Government, or if a further term of indulgence appeared

Settlement Report of 1244 A.D. Fasly 1834-35 — From Collr. 12th Oct. 1835 in Cons. 11th Jany. 1836. Paras. 33 & 34.

appears proper, an annual remission can be given as long as required. The enor- =mous proportion of the higher rates of- =fered in particular which the Collector thinks cannot be touched should be care- =fully scrutinized. It is difficult to conceive that they can ever have been raised to such an amount as 1/3 of the Gross produce and upwards by any legiti- =mate means.

25. 19. The Board concur with Mr. Thomas in opinion regarding the mode of dealing with the additional taxes in the dry lands, which appear to be of the nature of charges. One single teerwa should be assessed on the land which should constitute the sole demand to which the Ryot should be subjected and any charges with which he was formerly sub- =ded should be settled separately with the parties by Government where they have not already lapsed. The same principle should be applied to the settlement of rights of Chatoor bhagum or Grants 1/4 - or 1/5 of the Revenue and to the adjustment of the endowment for support of Religious e- =difices known under the name of

Tripany

35. Note of Cause it is understood that these are not to be considered as an addition to the Fair Gowle demand as assessed by the Survey.

Tripany

27. 20. Mr. Thomas proposes to do away with the separate demand for a se- =cond Crop in the dry lands and to es- =tablish a consolidated teerwa instead of. The Board consider that it is better in such cases to adhere to the usage dic- =tated by former experience. It is not generally the custom to take a second crop from dry lands, and where such a practice prevails it must depend on a peculiar locality and likewise on the circumstances of the season. To impose a higher consolidated teerwa therfore would be inconvenient and would entail the necessity of Remission when such favorable circumstances do not oc- =cur. By adhering to the old plan the additional taxe will only be demanded when it can be easily paid

The Enams called Eroo-

32. 21. noticed in this para should not be allowed to interfere with the general principles of the Settlement. The demand should be fixed without reference to them leaving them to receive consi- =deration hereafter as charges.

The

Pro. 11th July 1844. 36. 22. The general question of taxing trees and Groves has been referred to Government and whatever principles may be laid down with reference to it will apply to Tinnevelly likewise.

2 to 7. 23 The Board have already adverted to that part of the Collector's supplementary Report relating to Garden Assessment. Mr. Thomas proposes to treat Betel differently from other produce on the score of its being subject to a higher demand already and of its being a luxury rather than a necessary of life. The objection to this proposal is that it would tax the produce and not the land and thus militate against the first principle of the survey. Betel being an occasional crop only is raised in 2 crop land, and is subject to the double tax besides which in most districts no additional cess is demanded. In South Arcot the betel teerwa some what exceeds the usual consolidated teerwa. But hitherto the Extra revenue derived from this article has been the special excise duty abolished by act VI of 1844 and this having been foregone by law the Board

8.

see no cause for continuing it in the shape of a higher impost on the land. The next four paras are devoted to the description of the various Village tenures in the District, with respect to one of which named Perumbat the proprietary right is declared to vest solely in the sirkar, and to have the effect of barring the transfer by the occupant of any valuable property existing in it after the assessment has been fully discharged. The assertion of such a right in the 82 Villages here referred to has no analogy to the retention of the escheated Mulgueny estates in Canara. The much larger proportion of the produce claimed by Government in the Malgoozary Lands leave them less saleable, and renders the occupant less desirous of improving them. Under such circumstances it is difficult to conceive how the Government could ever exercise the power of a land-lord otherwise than obstructively by preventing sales. The Board coincide with

9 @ 13.

27.

Fort St. George 6th February 1845

with Lt. Thomas in thinking that the maintenance of such a right is not only useless but prejudicial and they are of opinion that the ryots of these Villages should hold on the same tenure as those of other simple Ryotwary districts Viz. by the punctual discharge of the regulated assessment whether dry, wet, or Gardens after which they should be at liberty to dispose of their lands as they please

22. 24.

On the subject of the remuneration of Village Officers the Board have addressed the Collector at length in their proceedings of the 2nd October 1843 to which they see no occasion to add at present They only observe with regard

to

Fort St. George 6th February 1845.

to the form of proclamation proposed to be issued, that they consider it would be advisable to omit the 3rd para holding out the hope of increased emoluments to this class of functionaries which in its present indefinite shape may create false expectations and induce parties to withhold information of their Real Resources.

See Enclosures 24

25. In recording the foregoing remarks and in discussing the best means of effecting the important work of the survey the Board have had occasion to differ in opinion with the Collector in regard to particular points connected with it They cannot however conclude these observations without expressing

their

Fort St. George 6th February 1845

their sense of the care and of trouble taken by Mr. Thom to prepare a proper ground work for his future proceedings and of the Zeal and industry with which he has addressed himself to the consideration of a very Difficult Subject

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Sub Collector in charge of Tinnevelly for his information and guidance.—

Read the following letter.-

To J. D. Bourdillon Esqre.
Secretary to the
Board of Revenue
Fort St. George

80

From the Actg. Dpy. Collector of Canara

Sir,

Informs the Board of the deputation of his Assistant Mr. Robinson to the Laccadive Islands to enquire into the Condition of the inhabitants &c. &c. and of the wrecked ship "Ceylon".

1. I have the honor to state for the information of the Board that as many years have elapsed since an European Officer visited the three Laccadive Islands under this Collectorate & considered it advisable not to lose another season and therefore in November last deputed my Assistant Mr. Robinson to proceed there to enquire into the condition of the inhabitants the fertility and prosperity of the islands, and into all matters connected with the welfare of the people and the interests of Government.-

The result of Mr. Robinson's

2. visit and enquiries will be Communicated hereafter, but I beg to inform the Board that during Mr. Robinson's stay on the Islands the news of a wrecked ship was brought to him and he immediately repaired to the spot about 120 Miles distant and found her to be the "Ceylon," which was wrecked on the 1st October last,+ she was deserted, and although the inhabitants of the neighbouring islands had already visited her and carried off what they could most easily remove she was in tolerable order and not much injured.-

+ Bombay Times 15th October.

Mr. Robinson lost no time in securing

3.

securing what portion of the cargo was practicable and by his energy and excellent arrangement as well as personal exertions every thing worth saving was removed and sent to Mangalore - This consists chiefly of wine of which there are about a thousand boxes, spirits. Oilman's stores, Tar 100 barrels, paint. cables. Anchors. Ropes, &ca &c. a correct list has not yet been made out but as soon as all the boats have arrived this will be done.-

4. As the Ship was bound to Bombay I have addressed to Messrs. Forbes and Co. the agents to Lloyds at that place on the subject and requested them to state whether they intend to claim the property on paying the expenses and usual salvage, if not it will be necessary to notify the recovery of the same in the Government Gazette and make arrangements for its sale by public auction.-

Read the following letter.

To

J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George

(84) From the Collr of Madras

Sir,

Reporting upon an application from the Reverend Mr Taylor for a piece of Ground on the North Esplanade to be appropriated as a place of Burial for the Native Christians Connected with the Society for propagating the Gospel in foreign parts.

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 23d Ultimo calling upon me to report whether a piece of Ground in the vicinity of the Monigar Choultry applied for by the Reverend Mr Taylor is the property of Government, and whether there is any objection to its appropriation as a place of burial for the Native Christians connected with the Society for propagating the Gospel in foreign parts.

Encl. 1/

2 Mr Taylor has pointed out two spots on the North Esplanade I

submit a Survey plan of both; one of them being coloured purple and the other yellow the extent of the former is C. 1—1: 140 7/2 and that of the latter G. 3—16 96. The first was purchased by the late Esplanade Committee and is held under a deed of Assignment bearing date the 9th October 1813 No. 1993, and the second is part of C. 5—16—456/2 purchased under the like deeds dated 24th March 1824. No. 6800 and 6801.

3. Mr Taylor states that the site coloured purple is that to which he alludes in Paras 4 to 5 of his letter to the Chief Engineer dated 12th October 1842 / and that coloured yellow is the spot referred to in Para 6. I am not aware of any objection to the appropriation of either as a place of burial for the Native Christians for whom Mr Taylor acts, but the correspondence entered in the Margin will shew that similar applications were made on behalf of the Church Missionary Society and of the Wesleyan Mission respectively in 1843 for the Ground marked A on the plan now submitted and that the Chief Engineer observed on the occasion that "it would be highly objectionable to appropriate any part of the esplanade

For

† Note
In para 6 of Mr Taylor's letter to the Chief Engineer dated 12th October 1842 he states that he would accept a spot near the Monigar Choultry of equal dimensions with the one referred to in Paras 4 to 5 but he has now expressed himself willing to take the smaller piece coloured yellow in the present plan.

for such a purpose" and that "every application for Ground to be used as burial Grounds should be at once refused" the same observations would therefore seem to apply to Mr. Taylor's present request also.

4 Should Government however decide that Mr. Taylor shall be put in possession of one of the two spots which he has applied for I would beg to recommend that an engagement such as the one referred to in the concluding part of Para 4 of my letter of the 31st May 1843 be taken from him.

Madras 14th January 1845. } /signed/ S. A. Hudleston Coll.

/No. 1. Were enter Plan/

Resolution thereon.

84-85

Resolved that the foregoing letter be submitted to Government with reference to the order of Government dated 14th December 1844 No. 397.

In Con. 23rd Dec. 1844.

It will be seen that the piece of Ground applied for by the Reverend Mr. Taylor forms part of the Northern esplanade of Black Town & that on similar applications made on behalf of the Church Missionary Society and the Wesleyan Mission respectively in 1843 the Chief Engineer observed that it would be highly objectionable to appropriate any part of the esplanade for such a purpose, and that any application for Ground to be used as burial Ground should be at once refused".

No. 2.

To The Register of
Government Grants
Madras

Sir,

Para 1 A House formerly the property of

Fort St. George 6th February 1815

of the Dutch Government at Palicole, a Government Village in the Mogultore Talook, was inhabited under the permission of the late Collectors by a descendant of one of the Dutch Inhabitants of that Village, who has lately given it up on leaving the Village.—

2. Mr. Bowden, an Englishman, who has for several years established himself at Palicole as a Missionary teacher, was permitted by Sir H. C. Montgomery Bart. Commissioner late in Charge of this District to occupy the House for a School which he superintends.—

3. He has since made the accompanying applications to purchase the building for a sum of 200 Rupees together with an adjoining spot of open ground for building a house on.— The inhabitants of the Village having offered some objections to his occupying them on the plea that the open ground had been long used by the Villagers as a Market place &c. and that the building was worth 300 Rupees and would probably fetch more than that sum if put up

No. 1 Original with Sketch

Fort St. George 6th February 1815

up to sale by auction, I deputed my Head Maistery to have it accurately Estimated and he values it at 125 Rupees. In consequence of the opposition made by the Ryots who form an insignificant portion of the population of that flourishing Village. I visited the spot myself and found that the open ground which they call a Market place is for the most part overrun with low Jungle and that it forms a perfect nuisance in the heart of the town being a place of General resort every morning. A portion of the ground is clear and a pathway across it has been formed which is evidently an encroachment. The clear space was found convenient during the great flood last year for tying up the Cattle of the Ryots but there are other high grounds which will equally answer that purpose. The Comities and other substantial Villagers make no objection to the occupation of the ground by Mr Bowden. The interruption of the newly Established thoroughfare is a matter of little consequence for the area of the ground is so small that it can be no hardship to be obliged

obliged to go all round it in either direc-
=tion. The building now standing is out of
repair and is not likely to be requir-
=ed for public purposes. By enclosing
and converting the ground into a
Garden the appearance and salubrity
of that quarter of the town will be
materially improved. I therefore
beg to recommend that if you see
no objection I may be authorized
either to sell the house to Mr Bowden
for the sum he offers or to put it
up

up for sale by public Auction. As
Mr Bowden is desirous of acquiring an
unobjectionable title to the land which
he proposes to build a house upon he
requests to be allowed to hold it under
a regular Government Grant which I
have the honor accordingly to recommend
should be given to him, a quit rent
of 1 Rupee per annum being fixed
on the land at the rate of 4 Rupees
per Pootty—

Being $\frac{1}{4}$ Pootty

Rajahmundry District

To The President and Members of the Board of Revenue

Gentlemen,

188

From the Supt. of Stamps } 1.

Submitting three tenders together with Samples of the Paper and Cadjans proposed to be supplied and soliciting Sanction for his entering into Contract with C. Veerasawmy for three years from 1st February next.

With reference to an advertisement from this Office dated 11th and published in the Official Gazette of 13th December last page 1071 inviting Tenders for the supply of Paper and Cadjans for the use of this Office. I have the honor to submit for the inspection of your Board three Tenders which have been received by me together with Samples of the Paper and Cadjans proposed to be supplied during the next three years 2

The Tenders are all higher than the present Contract as your Board will observe on reference to the Memorandum in the Margin, the reason for which is stated in Tender No. 1.

3 I beg to solicit the sanction of your Board for my entering into a Contract with C. Veerasawmy for three years from 1st February next at the rates proposed by him upon his producing adequate security for the fulfilment of the same.

4 The samples of Thonagherry No. 2 appear to me to be of an unexceptionable quality but his offer is considerably higher than that of

No. of Tender	Names	Paper per Ream	Cadjan per 1000	Total
		Rs. a. P.	Rs. a. P.	Rs. a. P.
1	C. Veerasawmy	5 - -	3 - -	8 - -

100-104 Order on the four abovementioned Lists — Ordered to be lodged in the Office.

Resolved that the following letters be dispatched.

To The Collector of South Arcot.

105 To the Coll.r of South Arcot — Sir, I am directed by the Board of

of Revenue to return to you the Statement of arrears of Pay & Batta allowance which accompanied your Letter of the 10th December last No. 138 with the remarks of the Board and the orders of Government entered in the proper Columns.

In Cons.y 9th Jany 1845.

Rev.e Bd.e Office
Fort St. George
6th February 1845.

/Signed/ J. Pycroft
Offg. Secretary

To The Acting Principal Collector of
Canara.

100 106

To the Actg. Pl. Collr. of Canara

Sir,

With reference to the order of Government dated 21st January last directing the discontinuance of the levy of Hawlut duties in your District, I am desired by the Board of Revenue to request that you will furnish Statements prepared in the form which accompanied their Circular letter of the 30th September 1844 shewing the Establishment to be maintained as the Chokies which are to be kept up in your District for the Collection of the Frontier duties only compared with the Establishment of these Chokies as it stood on the 30th March last. It is hoped that no time will be lost in complying with this requisition as the submission to Government of a general Statement of the Frontier establishments in all Districts bordering on Foreign or Native States is at present delayed for the want of the Returns now called for from your District.

x Communicated to Actg. Pl. Collr. 25th Jany 1845

To The Acting Principal Collector of
Canara.

Sir,

67

To the Actg. Pl. Collr. of Canara

Referring to the communication from this Office noted in the Margin, I am directed by the Board of Revenue to request that the information called for regarding the number of Revenue Servants holding lands &c.a in your District may be furnished without delay.
