/8/ Permanent Employment by the Magistrate of Bellary of an Extra Police Establishment in the Pongoondal Talook for the suppression of Gang robbery.

Parag. We observe that in the opinion of the Court of Foujdaree Adalut the continued aid of the Extra Establishment of Police Authorized in April 1841. for the suppression of gang robbery is considered expedient with respect to its advantageous influence on the welfare and happiness of the community and that you have authorized the entertainment of a Sir. Chesher on a salary of 20 Rupees a Month to superintend control and maintain the efficiency of the above Establishment.

10. We have called upon the Madras Government for an explanation with regard to the Armed Police entertained in Bellary and some other Districts of that Presidency, and we hope that under a more judicious application of the powers of this large numerical force a considerable reduction may be found practicable

The Most Noble the Governor in Council proceeds to consider the references made by the Collectors of Malabar and Bellary on questions arising from the operation of act VI of 1844 in connection with the subject of previous references disposed of by the Board of Revenue and the Government, in order that the Proceedings adopted at this Presidency in respect of the above act and the difficulties which have presented themselves in giving effect to some of its provisions may be brought under the review of the Government of India and

and specific instructions obtained therefrom for the guidance of this Government.

2 One of the questions involved in the reference from the Collector of Bellary (12th June) is "whether articles of British Manufacture conveyed from Madras for the use of the Mess of H. M. 63 Regt at Bellary having come by the nearest road Viz. "Mysore" are liable to duty at the Foreign Frontier Chouky" — The reference from the Collector of Malabar (25th Nov.) is of the same import.

3 In a letter dated 25th October (Dy 3rd December 1844) the Officer Commanding the Mysore Division — made a reference relating to the importation of Europe articles into Mysore, which was referred to the Board of Revenue and reported upon by them in their Acting Secretary's letter dated 12th December which will be disposed of in a subsequent part of these Proceedings.

4 On the occasion of reference from Mr. Caldecot and the Collector of Tinnevelly (Dy 6 Consultation 13th August 44 No. 54-8) in respect to importations of Europe articles into Travancore, it was ruled by Government under date the 10th August 1844 that "Goods and "Merchandize imported by sea on which import "duty has been paid, may on the production of "a Certificate to that effect be permitted to "pass across the Frontier into the Territories of

Dft to Consultation 8th October 1844 No 64

of Native Powers without further demand.—

5 This order at a subsequent date 2d October was upon a reference from the Collector of Bellary repeated in the following terms—

That on the Company's Customs being paid in full, the proof by the production of Certificates of Customs having been so paid will exempt goods from further demand on such account.—

6 The intention of these orders is "that goods passing the Frontier into the territory of a Native State and producing a Sea import duty Certificate should be exempt from further demand, whether the goods remain within the foreign territory or pass through it to other places in the Company's territory," or in other words "that goods shall once for all pay duty." This intention is in accordance with the principle which regulates the system of Land Custom Certificates granted by the frontier Choukydars as laid down in section IX of the act whereby it is declared that such Certificates being delivered to any Choukey officer shall entitle goods to cross the frontier into or out of the East India Company's Territories on certain conditions.

7 The practicability however

of parties producing Sea import duty Certificates for portions of goods which have paid duty in bulk at Madras as required by the above orders is a further question for consideration.—

(18th Nov.) The Collector of Bellary suggests whether it would not be sufficient for the Party sending the goods from Madras to Certify and the Certificate to accompany the goods that they formed part of a lot which had paid duty at the Custom House.—

8 The production of a certificate of goods having paid the Sea import duty is indispensible under the orders of Government—but as regards portions of lots of Europe articles which have paid duty in bulk, the production of Sea Custom duty Certificates seems to be a matter of difficulty. The goods must necessarily be identified before the Collector of Sea Customs would grant such certificates, and as regards most Europe articles this would be hardly practicable.—

9 It appears to the Most Noble the Governor in Council a question whether the provisions of section VII VIII IX and X of the act do not refer exclusively to Country goods, and not to Europe articles. Schedule B of the act seems intended to embrace country goods only, and the Certificates of duties of Customs having

having been paid mentioned in section VIII IX and X appear to refer to the land Certificates of the Frontier Chowkeedars- To place the matter beyond doubt, it is resolved to obtain in elucidation of the provision of these sections of the act from the Government of India, as to whether the goods referred to in section VII and VIII are intended to embrace Europe as well as Country goods or the latter only- In the latter case- His Lordship in Council observes that all difficulty will be at once removed.—

10 His Lordship in Council observes from the instructions issued on the 17th June 1844 by the Board of Revenue on a reference from the Collector of Bellary that they are of opinion "that import Customs can in no case be taken as a set off against export, but that full duty must be levied on all articles exported into foreign territories without reference to what may have been paid on their entry into the District"—

29th May 1844 Pb/

11 Again on the question raised by the Collector "whether Commodities once entering "Mysore though their ultimate destination be "the Company's territories should be subjected "to duty or not" the Board of Revenue

Pb 8 ibid/

have ruled "that if goods passed from one District to another via the Mysore or Hyderabad territory they must, whatever their places of production, be treated as foreign, and duty levied accordingly" and further, that all commodities exported from from his District via Hyderabad or Mysore must pay export duty in full, whatever be their ultimate destination and that such export duty can under no circumstances be returned.—

His Lordship in Council is

12 not prepared to admit the correctness of these constructions of the act and as it is doubtful whether the Government of India intended that goods having once paid the frontier duty on entry into the Company's territories en route from one native State to another should be chargeable with a second frontier duty on passing into the latter, or whether it was not rather intended, that goods having once paid a frontier duty should be exempted from all further demand on such account he resolves to submit the question to the Government of India, and to request an exposition of what was intended in respect to this point by the provisions of section IX of

the

the act.—

13 The Board of Revenue in their letter of the 12th December have submitted a proposition accompanied by a Memorial from certain Merchants at Madras, namely that permission be given to pay the frontier duty leviable on Goods sent from Madras and intended for import into the territories of Native States to the Collector of Sea Customs at Madras and receive from him Certificates to cover their goods - the application would appear to refer to country and not Europe goods, a further reference however has been made on the subject to the Board and on their reply the question will be reconsidered and if necessary submitted for the orders of the Government of India.

Dft to Coll 8th Octr/44 No 6-7
19th Novr/44 No 1186

14 It is observed from the papers recorded in the Consultation noted in the margin that a question was raised by the Collector of Bellary whether the notification founded on the orders of Government dated 10th August was intended to embrace also articles imported by Sea in which import duty had been paid at any port of the Bombay Presidency and conveyed circuitously by Belgaum, Darwar,

Hurryhur

Hurryhur Dve to Hyderabad and Mysore through the Bellary District - a similar question was contained in the Boards Proceedings of the 30th September 1844 Viz. "Whether goods imported by land into the Madras territories covered by Bombay Certificates were to be admitted to the same exemption from frontier duty as had been allowed by Government to Custom House Certificates of this Presidency. The Government directed that Bombay Certificates were equal with Madras Certificates to exempt goods from payment of duty.—

15 In the letter from the Collector of Bellary dated 18th November received with the Proceedings of the Board of Revenue recorded above, it is asked whether under section XII of the act goods passing by any other than the proper route are liable or not to confiscation and allusion is made to the case of a Merchant with Cotton for Canara passing out of the Bellary District by a ford which leads into the Darwar District of the Bombay Presidency, while his proper route is through the Mysore territory. The Board of Revenue have offered no opinion on the reference, and His Lordship in Council

resolves

resolves before passing final orders to request their sentiments at an early date as it appears that the Merchant is subjected to much hardship by the detention of his goods valued at 600 Rupees.

16 There are other points of reference contained in the letter from the Collector of Bellary dated 29th May 1844 received with the Board's Proceedings before mentioned for the most part disposed of in their Communication of the 17th June following one in particular it is essential to notice.

17 The Collector stated that the want of frontier Chawkies on the line adjoining the Southern Mahratta Country allowed of goods being conveyed by that route into either the Nizam's or Mysore Country and vice versa on the plea that they were imports from and exports to the Darwar District being British territory that Mysore commodities intended for the Nizam's Country and paying frontier duty when entering the Bellary District were still open to examination by the Chowkedars on the Nizam's border, but that the Merchants might fraudulently

obtain

obtain Certificates as if the goods were for Darwar instead of the Nizam's territory, cross the Darwar frontier and proceed thence into the Nizams Country, and it was stated that the same might be done with the home produce of the British territory.—

18 The Nizams dominions and Mysore have been declared by the notification of the 16th April 1844 of this Government to be foreign territory under act VI 1844, but from the circumstances of the Bombay Government not having so declared them in reference to the Custom duties of that Presidency, there are no Chowkies on the Nizams or Mysore frontier of the Darwar Collectorate and no duties are charged on goods or Merchandize passing to or from the Hydrabad or Mysore territory.

× From Collector of Darwar & Collector of Bellary 28th May 1844

19 In his letter of the 18th November 1844 the Collector states that preventive measures are necessary on the Darwar frontier to preclude Merchants taking that route with their goods to the territories of foreign States, or that there will be a considerable loss of revenue to Government and Act VI 1844 become nugatory— He states that the result is that all goods

which

which usually came through the long line of river frontier from the Nizam's Country now enter through the Bombay frontier and vice versâ; and that there is no doubt that all important traffic across that frontier will disappear both going and coming, and that the loss thereby is on the increase.

20 The same statement is given in Para 8 of a separate communication addressed by the Board of Revenue on the subject of the Hawlut duties of Canara they observe that a large proportion of the articles which leave that District by land passed into the Southern Mahratta Country and thence into that of Hydrabad Nagpoor &c and on this traffic from the absence of Frontier Custom Houses in the Bombay Territory no duty whatever will be levied.

23d December 1844 No 629

21 Act VI of 1844 has in fact become inoperative as regards the Nizams territory in respect to the duties leviable under its provisions for on a representation from the Resident at Hydrabad that it was inconsistent with the Commercial Treaty of the 12th April 1802 between the Company and the Nizam, the question was referred to the Government of India, and the reply stated that the stipulations of

of the Commercial Treaty were considered by that Government to be inconsistent with the bona fides exclusion of Sugar, the produce of the Nizams from the Madras territory and that regard being had to that Treaty the condition upon which alone Sugar the produce of the territories of Fort St. George can be imported into the United Kingdom at the low rate of duty cannot be bonâ fide performed, and that the privilege could no longer be maintained.

22. It was further observed that the most expedient course would be for the Madras Government to give instructions to the Collectors of Customs on the Nizams frontier that they shall collect only such portions of the duties imposed upon certain Articles under Act VI 1844 as shall be equal to the duties heretofore received upon these Articles when imported from or exported to the Nizams territory, refraining altogether from collecting duty upon the import or export of such Articles as are declared free from duty by that Act, and that in the meanwhile the whole subject would be referred for the instructions of the Court of Directors. The necessary orders were issued in conformity to these instructions.

A Clough

23. Although the collections of the particular duties prescribed by Act VII 1844 is thus in abeyance pending the reference to the Court of Directors as regards the Nizam's territories, duties are still collected at the rate which obtained under the former system on goods chargeable with duty under Act VII. 1844, and there is the same temptation to evade them by passing goods into the Darwar Collectorate and thence to Hydrabad as if the Act was in full operation, and the evil still exists as regards Mysore. It will therefore be necessary for the Government of Bombay either to declare Mysore, and the Nizam's territory foreign under the Bombay Custom Act No I of 1838, and establish a line of Chowkies on the Darwar frontier of these territories; or for this Government to establish a line of Chowkies on the Darwar frontier of the Bellary District: or for this Government to rescind the notification declaring of those territories so foreign which would lead to a considerable sacrifice of Revenue and in fact abolish the Land Custom Revenue of this Presidency, Travancore and Cochin being the only remaining States to which the

the provisions of Act VII 1844 could be made applicable for the collection of a frontier duty which would thus be confined to these two petty states, and the settlements of foreign European nations. The first measure has been objected to by the Collector of Darwar because he conceives it would bring down counter restrictions on European Merchandize and Salt entering those States, and the second would be opposed to the fundamental principle of Act VII 1844 which allows of the free transit of goods and Merchandize throughout the Company's territory.

24. It is observed from the correspondence noted in the margin that the expediency of abolishing the Chowkies on the Mysore Frontier has been brought under consideration by the Board of Revenue, and that the subject awaits the orders of the Government of India.

From Do. 11th September " 1040.
From Board of Revenue 12th December " 612.
To Govt of India 3rd January 1845 " 6.

25. It is also to be observed that there is another branch of the subject relating to the Drawback to be given on goods which had paid prior to Act VII 1844 coming into operation, on

frontier

frontier, inland, town or Sea export duty before the 1st April 1844- The subject was referred, for instructions to the Government of India to which no reply has yet been received-

To the Govt of India 8th July 1844 No 587-

26- On a review of the foregoing observations the following general questions arise, on which it would be necessary to obtain the specific instructions of the Government of India-

1st Whether the views entertained by this Government in respect of the provisions of Section VII to X of Act VI of 1844 are correct as referring exclusively to Country goods-

(See para 9)

2nd In the event of its being ruled that those provisions embrace also Europe articles, whether the rule laid down by this Government that such articles having paid the Sea duty on import shall not be subject to any further demands on re-going into Native States is correct; and in this case-

(See para 19)

3rd In what manner the difficulty of obtaining Duty Certificates for portions of Europe Articles which have paid Sea import duty in bulk and exported into the Territories of Native States are to be surmounted-

His

27- His Lordship in Council further purposes to request the attention of the Government of India to the orders issued by this Government for the admission of Bombay Certificates in payment of the duties of this Presidency, as well as to the representation of the inconveniences and losses to the revenue arising from the Bombay Government not having declared territories to be foreign which this Government have so declared in reference to the duties of this Presidency, and further to solicit information on the question whether it is the intention of Section IX of the Act that goods having once paid the frontier duty on entry into the Company's Territories enroute from one Native State to another should be charged with a second frontier duty on their exit from the Company's Territory-

(Paras 18 to 23)

(See para 12)

28- His Lordship in Council will also request to have the opinion of the Government of India whether the instructions issued by the Board of Revenue to the effect that goods passing from one District in the Company's Territory to another via foreign territory shall be treated as Foreign and duty levied accordingly are correct-

(See para 11)

29- The attention of the Government of

(See paras 24 & 25)

of India will also be requested to the references made under date the 8th July and 3d January last respecting the abolition of Chowkies on the Mysore Frontier and the grant of Drawback on goods which paid duty previously to the act coming into operation.

requesting the Boards sentiments relative to some cotton intended for Canara which has been detained by the Collector of Bellary on the Dharwar Frontier of his District on the ground that the proper route was thro the Mysore Territory that in the Boards opinion the owner of the goods was in no way compelled by the provisions of Act VI of 1844 to proceed to Canara via Mysore if he found it more to his advantage to pass thro Dharwar and stating that the goods should be immediately released.-

are required at an early date respecting the case mentioned by the Collector of Bellary in his letter of the 18th November last in which it appears that some Cotton intended for the Province of Canara, has been detained by that Officer in the Dharwar Frontier of his District on the ground that the proper route from Bellary to Canara was thro the Mysore Territory and not thro Dharwar and that the adoption of the circuitous route taken by the Merchant was in contravention of Section VII Act VI 1844.-

2. In reply the Board instruct me to state that the Collector would appear to have detained the goods under the impression that they were being taken thro Dharwar rather than the Mysore with a view to avoid the levy of Mysore Frontier duty. Such not improbably was the fact but it does not seem to the Board that the Collector was on that account warranted in seizing the goods or that the Section to which he refers will apply to the case. Section XII Act VI 1844 empowers the Governor in Council to prescribe the routes by which goods shall be allowed to pass into or out of the Foreign European or Native States, and goods conveyed by any other routes are liable to certain penalties therein laid down. In the present case however the Merchant was proceeding with his goods not into a Foreign State but into the Bombay Territory, and as the communication between the Bombay and Madras Territories is altogether free, he was, the Board would submit, at full liberty to do so, nor does it appear to them that he was in any way compelled by the provisions of the Act VI 1844 to proceed from Bellary to Canara via Mysore if he preferred passing thro Dharwar. In this view of the case they would beg to offer it as their opinion, that his goods should be immediately released.-

2- Although the Yeomiahdar had by her conduct in thus deceiving the authorities as to her circumstances and obtaining the grant of a portion of her late husband's allowance, justly forfeited the bounty of Government, yet his Lordship in Council will not in consideration of her advanced age deprive her altogether of the means of subsistence, and he resolves therefore to direct that the higher allowance of Rupees 180 be discontinued from the date on which payment was suspended, thus leaving her in the enjoyment of the Yeomiah of Rupees 88-8-4 per Annum which she has been drawing in the name of Kareem Khan Syedawny-

To the Coll. of Rajahmundry

Informing him that pending a reference to Govt the Board are unwilling to recommend the grant of advances for the construction of Wells for

Fort St. George, 20th February 1845.

for the irrigation of Poonjah land and requesting him to report the number of new Wells in the Mogultoor taluk to be used for the Cultivation of Nunjah or Tottaul land only and what advances will be required for their construction.

Board learn that in the Mogultoor Talook the list of the land to be benefitted by the proposed new wells is Rupees 810 — 3 — of such as has other sources, and Rupees 1,975 of such as is at present unprovided with water. the latter description of land or at least the larger portion of it being the Board presume Poonjah land. The general question as to the terms on which Ryots shall be allowed to cultivate Poonjah land with the assistance of water derived from wells constructed at their own expence. as to whether any additional teerwah is to be charged upon such land and if so after what period it shall be imposed and in what manner it shall be regulated is at present under the consideration of Government. the Board would in consequence be unwilling to recommend the grant of advances for the construction of wells for the irrigation of Poonjah land until the terms on which such land is hereafter to be held shall have been finally determined. I am therefore directed to request that you will inform the Board how many of the 43 new wells for which application has been made in Mogultoor are to be used for the cultivation of Nunjah or Tottaul land only and what advances will be required for their construction. the amount of which shall be immediately submitted for the sanction of Government. the advances on account of wells for the supply of Poonjah land being reserved for future consideration.

Note. It is of course presumed that these will not interfere with any established sources of irrigation.

3. You will be pleased to be guided by this principle in the disposal of any future applications which may be made to you on the subject.

Acting Head Assistant Collector Mr. Newill and as it was nearly concluded before I took charge of the District I must hope for the indulgence of the Board, if any inaccuracies should appear in the following observations.-

Season

3. The rains in Fusly 1253 were reckoned more than sufficient for the dry and insufficient for the wet Crops: the supply was not abundant at the commencement of the season, but there were copious falls when the crops had nearly come to maturity, thereby rendering the produce and character of the season under review, that of an average year, as far as regards the dry cultivation. There was rain at intervals at the beginning, and middle of July, and at the middle of August to the beginning of September in some parts, and at the end of this month it fell plentifully thro' the whole district which favored cultivation at that period of the season. It rained heavily in the middle of October, and in December, in certain parts of the District, as also at the end of January and beginning of February.

Crops.

4. The moisture occasioned by the Gale in May 1843, rendered favorable the sowing of the early crops called "Comara" in

Fort St. George 20th February 1845

some of the western villages of the District, but in June there was no seed sown from the want of rain until the commencement of, and at the middle of July, when sowing again progressed. Rain then kept off until, about the middle of August, the crops came on well, and favorable showers having soon afterwards fallen from the middle of August, the Crops again looked healthy. Thus, from the want of sufficient rain at the beginning of the season, may be attributed the cause of seed not having been sown throughout the District, in some parts.

5. The sowing of Jonnaloo, the principal produce of the District, was carried on to a great extent by the favorable rains in part of the Month of August and September; In October the crops suffered in some places by excessive rain. It then failed till December, when a further plentiful supply, damaged the Crops in some places, where it had, until then thriven admirably well, and was about to be reaped, whilst in other places the Crops which were coming into grain or ears, became black or mildewed, thereby causing less valuable produce, than was expected.

6. Rain in the Month of

July

July, favored the sowing of the red paddy called "Vellavadum" to some extent in that Month, and by the rain in the following Month.

7. The sowing of the third or last of crops consisting of Varegu and other grain, was favored by the rain in October, but from the want of rain in November and by heavy rains in December, cultivation was rendered impracticable, and hence less crops were raised thro' the entire District, however, of as much grain as was sown, the "Varegu" was good, and ready to be cut when by the rain in January it shed, and was injured, so that the produce became limited.-

Cotton. 8. The sowing of Cotton begun with the rain at the end of September and continued to thrive by the rain in October, but became partly injured by too much rain in December and January. The Poonasa Crop was on the aggregate less than the produce of the last, and much below that of an average year. The general result of the principal Jonna Crops was equal to that of an average year tho' less than in the last year it however sustained slight damage. The result of the red paddy was on the whole, more than the last

last year, and hence better than that of an average year. The crops called "Pyra" was on the aggregate less than the produce of last year, tho' equal to that of an average year. The cotton crops may, on the whole, be considered less than in the last year, and much below that of an average year.

9. Although several tanks were breached during the Gale in May 1843 yet, some had a supply of water at that time, which together with the rains in August and September was beneficial to the wet cultivation, however, on the whole, the rice cultivation may be considered less than in the last, and below that of an average year.-

10 The crops continued to thrive by the rains in the Month of October, and the produce in such places where seed was sown was good. altho' there were inadequate supplies of water in the few tanks connected with the Kristna River, at the beginning of the season, yet the produce under some was good, and may on the aggregate be considered less than that of the last and an average year.-

Palmaud 11. The cultivation of the Crops called Poonasa, Sadya, Gidda Jonna &c. the principal produce of this part of the District

Commenced

commenced to some esctent by the rain in May 1843, and seed was sown in such places where the fields had received sufficient moisture, & however from the want of rain in June, the crops in some places became injured by insects and in other places withered, which rendered it necessary again to plough the land, and to sow a second crop after the rain in July. Rain having then kept off until the middle of August the crops again became blighted to some esctent tho' not to injure it entirely, for by the showers which fell in the middle of August they recovered, except in some parts.

12. The sowing of Cotton was favored in some parts by the rain in August and September, the dryness of the weather soon afterwards caused it to thrive admirably well in November, but heavy rains having fallen in December and January, the plants which had arrived to such a stage of maturity as to be in pods & c. became injured to some esctent.

13. The varaga & c. pyra crops were sown in some parts in October, but not to the full esctent throughout the District, as there was no rain in November, altho' the crops, such as there were, sustained slight damage by the rain in December, yet on the

whole the pyra produce may be considered good. It may be generally considered that the principal Poonasa produce was less than in the last year, though equal to that of an average year, and that the pyra produce was above the last year and equal to that of an average one. However, the cotton produce was less than the last, and that of an average year.—

14 The rain in October and December was favorable to such Maugany crops as had previously been sown, and produced favorably above the produce of last, tho' much below that of an average year.—

Season healthy 15. Cholera prevailed in some of the villages in this District at the beginning of this year, for the space of two months, and a slight return of it was felt at the end of the Fusly for about two months more, the mortality amongst the inhabitants was not great, tho' many cattle perished by murrain which broke out before the beginning of the year, and lasted through Guntoor and Palnaud Districts until the end of the Fusly. With this exception the season was healthy and no scarcity of water was

felt

felt for general purposes.—

Kistna Channels.

16. The Vellatore channel has been of great utility in supplying the alloor & Bordam and other tanks, as also the supplying channels to other Villages. The Moonungey channel is not yet completed, but when done, and new tanks made as proposed to be supplied by it, will prove of great benefit to cultivation. The red paddy cultivation has already been greatly benefitted by means of it. The Tongaboodra channel though completed to a great extent is not finished, tho' some of the supplying channels in connection therewith have nearly been completed, when all are done, the benefits of these valuable channels will appear to be great.—

Prices

17. The reports shew that the prices of agricultural produce has, for the last few years, decreased gradually year after year, the decline of prices reported in last Fasly appears to have existed to the end of the present Fasly as stated in the Margin, and which will shew that for some months the price of Rice & Paddy slightly increased.

20. Of the 883 villages composing the Gun:=toor Circar, the village Imavole is a Surva Jaghier, granted free of assessment in perpetuity to the late Cauzee of the Guntoor mosque. The Office having become recently vacant by the death of the late Cauzee, the Board held Proceedings on the 15th August 1842 with reference to the Minutes of Consultation of the 4th August 1842, that the late Cauzees relative Mahommed Hoossain should be appointed his successor, and this was done until one of the sons of the deceased would become entitled to perform that Office, by qualifying himself for it.

21. The remaining 882 Villages are Comprised in the 5 Zemindaries. The following Statement shews the Permanent Peishcush, Collections and Balance for each Zemindary in Fasly 1253=1843/44.

Fort St. George 20th February 1845

Balance at the end of the Fusly.

| | | |

Fort St. George 20th February 1845.

appears an increase of Rupees 4,980 – 12 – 5 – shewing a net increase in the Mueta of Rupees 3,947 - 7 - 9. There is also an increase of Rupees 62 . 12 – . under the head of Enam Bedega from the said 2 Villages as also an increase of 36 . 11 – from the produce of fruit trees, shewing on the whole a total increase of Rupees 4,046 . 14 . 9. –

Altho there is an increase in the item of Rent of Rupees 1,012 – 1 - 9 by the progressive rates of rent, yet 2 villages having reverted to Mueta, there is a decrease of Rupees 5,264 – and hence a net decrease, in the Rent of Rupees 4,251 . 14 . 3. –

In the Sharing land there is a decrease of Rupees 1,307 - 14 - 8 occasioned by a falling off in the produce, and prices, notwithstanding an extension in collection. There is also a decrease of Rupees 258 - 10 – 0 under the head of Grazing tax, caused by want of sufficient rain. Hence is the net decrease of Rupees 1,771 - 8 . 2 in the head of Mutta or dry land, as shewn in the above Statement. The tanks not having had adequate supply of water at the Commencement of the season, there is a falling off, of wet cultivation, but the last year's produce

produce having sustained loss by gales, the decrease in the present year, is limited to only Rupees 52 - 9 - 5. as shewn in the above Statement. –

27. Altho' the decrease in the dowl was only Rupees 1,824 – 1 – 7 in this year, the decrease in the Collections has become considerably greater arising chiefly by some ryots cultivating only part of their lands, pleading that the rate of assessment was high, while few Villages were left entirely waste, the cultivations in the rented villages having been

been less than the amount of rent, by the Crops having been injured by the rain in December, by Depression in the prices, and by the postponement in the Collection the ryots having been allowed to cut and realize their crops before the 1st instalment of the Sist was allowed to be demanded. —

From the Secy. to Government

Sanctioning the writing off in the accounts of the Collector of Rajahmundry of the entire Amount of Peishcush of the Pettapore Zemindary in arrear to the Close of Fusly 1253.

Extract from the Minutes of Consultation under date the 1st. February 1845.

Read the following Extract from the Proceedings of the Board of Revenue.

Submitting a letter from the Acting Collector of Rajahmundry reporting the actual Balance outstanding against the entire Zemindary of Pettapore up to the end of Fusly 1253 and recommending that sanction may be granted for the amount being written off from the Public Accounts.

/Here Enter 2d January 1845 No. 4/

A. D. 1843/44.

The Most Noble the Governor in Council is pleased with reference to Para 3. of the Extract Minutes Consultation 2d July last No. 664 to sanction the writing off to profit and loss the sum of Rupees 9,14,242-2-4 Nine Lacs fourteen thousand two hundred and forty two and annas two the entire amount of Peishcush in arrear to the close of Fusly 1253. on the Pettapoor Zemindary and concurs with the Board of Revenue in opinion that the sum of Rupees 89,718-1-6. Eighty Nine thousand Seven hundred and eighteen annas one, and Pice Six remaining uncollected

by the relinquishment of certain Mueta lands by some poor ryots owing to depressed prices, and by the renting out of 2 Villages this year; In the grazing tax there is an increase of Rupees 170-6-5. by the favorable rains that fell in some parts of this Zemindary. The total increase being Rupees 3,315—6—5. There is however a decrease in the shaving lands, occasioned by some of the lands, which reverted this year to Mueta and by less produce and low prices.—

In Enam Bedaga there is a decrease of Rupees 121-12- caused by the 2 Villages above mentioned having been rented out and in fruit trees there is a small decrease of Rupees 9-12-7 occasioned by less produce. The total decrease is Rupees 5724—5-3. Hence is a net decrease in the Metta or dry land, as specified in the above Statement. The decrease in wet lands has been caused by less Cultivation, the tanks of Worpporam having been breached in several places by the hurricane in the last year, and rendered useless this year.—

Vaseredy Estate.

32. The Summahbundy settlement of this Estate both for fasleis 1252 and 1253 are comparatively given in the following Marginal Statement.

There is an increase of Rupees 44275—11—4. in the Village rents attributable to some of the Mueta and sharing villages having been rented out this year and from the progressive List of the other villages already under rent, and of Rupees 106. 6 - 9 in fruit trees in some places by increased produce, making a total increase of Rupees 44382 - 2 - 1 =

There

There is however a decrease of Rupees 32,949—8—1 in Mettah caused by the renting out of some Villages and by some poor ryats being unable to cultivate fully their Mettah lands whilst others relinquished parts, by depressed prices, and of Rupees 11,634—1—10 in shaving lands occasioned by the renting out of some Villages, and by a falling off in the produce and prices, while in Canam & bedegas and grazing tax there is a decrease of Rupees 10692—7—8 caused by the renting out of the abovementioned Villages, making a total decrease of Rupees 85276—1—7. Hence is the net decrease shewn under the head of Mettah or dry lands in the Statement, while notwithstanding a falling off in the produce under Maugany or wet lands this year there appears an increase under that head, in consequence of that portion of the preceding years produce which had been destroyed by the gale not having been included in the accounts.—

The falling off in the Collections arises by the decrease of Rupees 37090—8—2 in the Dowl caused by the reasons given above, as also by some of the Eyara villages having been let out at low rates by the Gemindar, and postponement of Collections above alluded to by the Gemindar, and by depressed prices.—

Mulrauze Estate.

34. The settlement of this Estate for fusly 1253 is shewn in the Comparative Statement given in the Margin.—

The renting out of 57 Mueta villages this year caused an increase of Rupees 35010—12-6 under the head of village rents, whereby, and by relinquishment of some lands by certain of the ryots impoverished by depressed prices, there is a decrease of Rupees 37047 6-5 in Muetahs, while in fruit trees, Enam Bedegas, and grazing tax, there is a decrease of Rupees 7595--11 by the renting out of the aforesaid villages. In the sharing Land likewise there appears a decrease of

Rupees

Rupees 2,364-5-4. caused by a falling off in the produce; and prices, making a total decrease of Rupees 4,706-12-8 hence is a net decrease under the Head of Mueta or dry lands while notwithstanding a falling off in the cultivation of Maugany or wet lands there appears a Net decrease under that Head by some of the Crops having become withered in the preceding fusly, and by that portion of the produce which had been blown away and destroyed by the gale not having been brought to account.—

The decrease in the Collections exceeds that in the Dowl in consequence of some of the poor ryots not having cultivated their lands fully, while those in 9 Villages in the Raehoor talook, the Dowl of which amounts to about Rupees 2,700, left their lands almost entirely waste, pleading that they had become unable to carry on their Cultivation by poverty, and by the Dust fixed being high whilst others, as stated above, on different pretexts of inability, relinquished their several fields. and in consequence of the principal produce of Danaloo, having become slightly damaged by rain in some parts at the time the crops were ready to be reaped.—

There is decrease of Rupees 932—12—— in the Village rents by 4 Villages having reverted to Meta notwithstanding the transfer of 3 Mucta villages

Villages to rent this year, and Rupees 1061—11—11 in the sharing lands by the sharing fields in some Meta villages having been transferred with them to the Village rents, by the injury which the produce met from rains, and by depression of prices, as also of Rupees 153—1—6 in the grazing tax and of Rupees 217—12—9 in fruit trees by these sources in some Meta villages having been transferred with them to the village rents, making a total decrease of Rupees 2354—11—2. There is however an increase of Rupees 2761—15—11 in Metahs by progressive rates of sheist, by the excess discovered from the measurement of certain lands, and by 4 Villages having reverted from the rent notwithstanding the transfer of 3 villages to rent, and of Rupees 126—5—5 in the Enam Bedegas by this item in some Meta villages having been transferred with them to rent, making a total increase of Rupees 2888—5—4—

It thus appears that of those items acres 3732-7- assessed at Rupees 4787- 1- 2- have merely changed hands and properly speaking does not come under the head of either increase or decrease

of

of cultivation, owing to the suspension by Mr. Stokes of the indulgence of favorable leases on Cowlumah which he brought to the notice of the Board in the last (part of Para 57 of the last) report. the whole of the new cultivation being acres 5554- 1- has been brought under full assessment, and which otherwise would with the exception of a small portion have been entitled partly to free assessment, and partly to reduced rate. In consequence of which and of the progressive rate in the Cowl lands taken in the preceding years, the decrease was limitted only to Rupees 9772- 1- 1. The decrease would otherwise have appeared more than 11000. The cause of which arises partly from the want of rain since the end of October, as it prevented the sowing of the Pyra crops on some of the ploughed lands, and also the ploughing of certain other lands, and partly from some of the ryots having become poor by low prices and having relinquished part of their lands and by some few ryots having emigrated.

39- The following table shews comparatively the extent of Mangaumy or wet cultivation &c. for fusles 1252 and 1253.

There has been extended cultivation more than before owing to the favorable rains in the months of August and September and the produce much more abundant than in the last year occasioning thereby the increase in the above statement, and an increase of Rupees 1155-8-7 from the same cause in No. 4 of Tank Meraloo called Irangauny Desalthagum.

No. 5 Metta in Irangauny does not call for any remark except that it is not of a fixed nature (for when there is sufficient water in the Tank it will be fit to sow wet produce in, but if there is not much water it will remain as Metta land.)

No. 6 Aumany Metta land calls for no remark.

No. 7. Lands in the bed of Tanks call for no remark, the decrease being small.

No. 8. No remark necessary.

No. 9. Enam Bedegas. There is a small increase

increase on this head arising by some land which had not come under cultivation since the time the district came under the British Government having been cultivated this year.

No. 10. Poollary. There is a small decrease in this item which calls for no remarks.

No. 11 Fruit trees. The increase in this head is caused by increase produce owing to seasonable rains.

The particulars of the Jareeb or garden cultivation under Wells as shewn in the Margin*

* Under old Wells — 287-8-5

" Canals — 271-3-9
Betel Gardens — 290-15-6
Grama Cantum land — 80-15-10
1107-7-11

There is a decrease as appears from the Statement given above.

Tho' there is an increase in betel Garden and grama-cantums from extended cultivation, yet there is a decrease by the Jareeb land under canals having been partly rendered useless, in being cut up considerably by the gale in 1843; by inadequate supply of water —

water in old Wells, and by a trifling extent of land under a new Well not having been Cultivated. Hence a Net decrease of Rupees 147- 9- 2- has been occasioned.-

The particulars of the lands under old and new Wells are shewn in Statement Nos. 7- and 8. There was one new Well dug in this Fusly and brought into operation in the year under review. Of the 16 constructed before 15 were under use up to the preceding year. No Cultivation took place under only one of the 15 from want of water.

The following Statement is given to shew the demand, Balance at the end of the Fusly and the amount since collected.-

	1,46,698 4 10	13,439 10 9	28 3 5

as

as usual the large amount of outstanding balance is on account of Enam lands and it is more than in the last year, in consequence of some lands cultivated in the preceding year having been left uncultivated in the year under review the particular causes of such annual balances under this head was explained in Mr. Goldingham's letter of the 21st. November 1840.

40. This balance under Puttahs caused chiefly by depression of prices, appears small, tho' more than in the previous Fusly. by the whole of the Subdivisions of fields of which the limits were exceeded, having been brought under assessment, and by some of the ryots not having been able to discharge it,-

The decrease is chiefly in consequence of the decrease of demand and in consequence of more outstanding Balance in the quit rent under the reasons stated above.

43. The Telugoo accounts of the village Gaumalapaud in the Datchapully Tanah according to the accompaning list, are sent as usual.

44. The report on the Exctra sources of Revenue having been submitted on the 1st October last No. 92 further details appear unnecessary.

45. I now proceed to explain certain points alluded to in the Boards proceedings of the 28th August on the report for fusly 1252.

Keith.

16. With respect to the concluding part of Para 2. I am really at a loss to affor the information the Board requires, as to the precise nature of the relief alluded to. Mr. Stok circular Kookoonnamah clauses 2. 3 and 15 under date 16th July 1842. certainly gives free per =sion to relinquish lands, and held out expectation reduction of assessment and altho modified by a subsequent order of the 30th explaining that its o =ject and intention was meant only to apply to Sadar ryots, still the permission being once give from the depopulated state of the Country, and co =nued depression in the value of agricultural pr =duce, the claims to take advantage of it were ne =ally general, there being no competition for lan there was no probability of the portion they relinqu =ed being taken up by others; it was in allusion pr =bably to that order that his remark was made, i it might have been to the prohibition he enforce against the commencement of the Collections to January, after the ryots had disposed of their crops; that measure of Course intended as a rel has certainly had an effect quite the reverse what must have been anticipated by him, an has been deplorably injurious to the interest Governm

Government, with respect to the realization of the Revenue, and under these circumstances I have this season reverted to the old practice of making Collection.

17. With regard to para 8 of the Board's proceedings, orders have been issued to mark out the boundaries of the fields in the Palnaud, and they are rapidly going on with it. In many cases however the marks of the subdivision cannot be traced, and it will be necessary to ascertain the correctness of them by measurement, with refer =ence to the accounts. I had intended giving the subject due consideration at the time of the Jama =bundy and as the Cutcherry are just about to pro =ceed there on the settlement, all the information required by the Board will be given hereafter, on that subject, as also with respect to the subdivision of fields, with reference to observa =tions of Para 19.

18. With regard to garden Cultivation under new wells the orders of the Board in Para 13, will be duly attended to, and two more co =lumns added to Statement 8 exhibiting the information required, and the Statement regarding the other garden lands accompanies this

this report in English and Telooges--

49. The number of Ploughs in Palnaud inserted in Column 91 of the enclosu Number 1 and those of the Jungadah Pur gunnah for the same fusly which the Boa allude to in Para 16 of their proceedings a an error, the real number being as in the margin- The number of Villages free of assess ment is 2 as shewn in Column 10 of the Land settlement Number 1...

* Jungadya Pur gunah 2210 Total Pal naud 9120.

50. I have been using my best endeavours to extend the system of Villag Rents in the Zemindaries, and submit a Statement of the number of Villages rented out up to this date--

In Fusly 1252 by Mr. Stokes 1

D:- 1253 ..... D:- 13

D:- 21

D:- 1254 ... { by Mr. Newall ..... 5 / by Mr. Lockhart ... 12 } ... 17

Total ... 37

Besides these, I have before me pro posals for 40 villages under consideration From a long continued depression of prices a want of encouragement, and various other causes, I found difficulty at first, in persua the people to give offers for rent, but after t tim

time and my going about the villages in the Zemindaries they have come forward pretty freely, and the durkasts generall ly are as favorable to the Sirkar as can be expected- The season was far advanc ced before Stock charge, and the offers for the present Fusly are generally based u pon a careful estimate of the probable outturn of the crops with reference to existing prices- Including this season rents are given for 3 years and generally speaking the offer for the next season are equal to or rather above the average collections of the last 10 years, and for the third year equivalent to the best collection since the famine--

57. I am quite convinced that the renting system is the best that can be adopted under existing circumstances

and

and fully anticipated that under the
favorable term, and diminution of rates of assess
=ment which the renters are enabled to make with
the poorer ryots so as to regulate their demand
upon them according to their condition and
circumstances, the emigrant ryots, will be
induced to return to their native Villages and
resume their cultivation and the relinquish
=ment of land will not be thought of.

52. It will be necessary however fully to de
=lope the practical good effects of the system, that it
should be carried out to its full extent becaus
if not the villages which continue under a many
subject to the high rate of Mucta Money payment,
go to ruin as the ryots will naturally leave the hig
ly assessed lands and resort to the rented villages
where they can give their labour without risk
and more profitable terms.— Referring

53. Referring to the still continued
low prices for agricultural produce I am con=
=vinced that unless the Government interfere
by a Legislative enactment to regulate by a
some sliding scale of duties the importation
of foreign grain, there will be little prospect
of the cultivators of the soil bettering their
condition materially.— With respect to the
observations of the Board in Para 20 orders
have been issued to continue as heretofore
the conditions of the Cowlunamah with
reference to Cowles on progressive increase,
but as the season was far advanced
before the Boards' proceedings were received,
the effects of its resumption cannot yet
be known.—

Remarks.

No. 1. From the diminished produce for want of rain in some places and from prices of grain and Cotton being low and some Ryots in indigent circumstances, whereby cultivation was carried on to a small extent and some Ryots emigrated owing to the failure of rain at the end of October the serious Crops were not sown, also some land left uncultivated caused this decrease.—

2. Altho' there is some increased cultivation in some places yet there is a greater decrease in others, hence this decrease.—

3. This increase is owing, esctended produce in Consequence of more cultivation than in last year owing to the flood from Nagalaroo river received to some esctent by the last hurricane and the fall of rain in the months of august and September.—

4. Ditto Ditto Ditto.—

5. Ditto Ditto Ditto.—

6. This decrease from diminished cultivation in the beds of Tanks.—

7. This is not fluctuating.—

8. Small decrease calls no remark.—

9. No remark necessary.—

10. Certain Enam Bunger land which was not cultivated from a long time has been cultivated this year hence. This increase.—

11. Small decrease.—

The Tamarind Topes produced well this year from the favorable falls of rain.—

Ordered thereon ~ Ordered to be sent again in Circulation.-

Read again letter from the Collector of Nellore dated 10th and entered in Consultation 30th Ultimo.-

Ordered that the above-mentioned letter be submitted with the following address.-

To The Chief Secretary to Government

Sir,

24 To the Chief Secy to Govt 3 Paras

Submitting a letter from the Collector of Nellore requesting instructions whether as the Recent substitution of the Indian for the Bengal Maund has reduced the Standard of weight by which Salt has hitherto been sold for Sea Export a proportionate alteration should be made in the prices stating

10th Inst 30th January 1845

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Nellore requesting instructions whether as the Recent substitution of the Indian for the Bengal Maund has reduced the Standard of weight by which Salt

the

stating that as the difference is small it may be doubted how far it would be advisable to disturb the existing prices and requesting to be favored with the instructions of Government on the subject.-

has hitherto been sold for Sea Export a proportionate alteration should be made in the price. It will be seen that Salt has hitherto been sold at the Nellore Ports for Export to Calcutta at Rupees 35 per 100 Bengal Maunds and for export to Chittagong at Rupees 25 for the same quantity. Mr Bishop states that 100 Indian Maunds at 3200 Tolas per Maund to be infuture used is less than the same number of Bengal Maunds to the extent shown in the Margin of his letter i.e. between 8 and 9 per Cent and that a proportionate decrease in the price would bring the cost of 100 Indian Maunds exported to Calcutta to Rupees 32. 1-1-26 and to Chittagong to 22-14-6-5.-

The

2. The Board are not aware in what manner Mr Bishop's calculations have been made but they appear to them inaccurate - The Bengal Salt Maund is equal to 84 lbs 3 avoirdupois, the Indian Maund to 82 2/7 lbs; 100 Indian Maunds would therefore be equal to 97 Bengal Maunds 62 lbs 6 oz - 62/64. and the proportionate decrease in the price on the principle alluded to by the Collector would only be 12 and 8 pice on 100 Indian Maunds shipped to Calcutta and as 9. 9. on the same quantity exported to Chittagong a difference so small that it may be doubted how far it would be advisable to disturb the existing prices. Upon this point the Board beg to be favored

Forwarding translations of applications presented by the Chitwail Poligar Inully Coomara Vencatarayhua rauze and his Niece Chinna Ramackummah and of a Communication to the address of the latters mothers of Sir Thomas Munro together with its original and recommending the claim of Chinna Ramackummah for the most favorable Consideration of the Board of Revenue and of Government.

Para 1

I have the honor to submit for the consideration of the Board of Revenue the accompanying Translations of applications presented to me by the Chitwail Poligar Inully Koomura Vencatraya rauze and his Niece Chinna Ramackummah and of a communication to the address of the latters mothers bearing the initials of Sir Thomas Munro, the original of which is also transmitted and I request may be returned as the applicants appear to attach much consequence to it as conveying a promise in favor of Ramackammah. This communication is considered genuine, but there is no copy of it in this office as it was not the practice at that time to keep copies of such communications in the native languages I am also informed that the practice at that early period was to affix the official Seal to the Envelope and not

to

to the enclosure as now done-

2 When the Chitteil Rollem was resumed one tenth of the Revenue was allotted for the maintenance of the family of whose allowance two thirds or Rupees 1104-6-8 per mensem were given to the present Poligar and one third or Rupees 552-3-4 per mensem was divided between Pedda Condammah, widow of his eldest brother Vencatapatheerauze and Chinna Condammah and Vencatamah, the widows of his second elder Brother Vencatramaraauze, the whole of which last share was enjoyed solely by Vencatammah after the death of Chinna Condammah on the 15th March 1826-

3 Vencatammah died on the 11th November 1830 and the circumstances of the family were then laid before the Board and Government and discussed in the correspondence as per margin- It was then decided that the Provision assigned for the Poligar being without reference to the other members of the family- He was not allowed to the reversion of his Sister in laws allowance on her death and that the claim of one Tersovangalanada rauze as having been adopted by

Letter from the Principal Collector to the Board dated 1st March 1831 Copy of Proceedings from the Board to Government dated 17th March 1831 Do. from Government to Board dated 29th Do. by Vencatammah could not be allowed or recognized and the double allowance enjoyed by Vencatamah was ordered to be resumed on the grounds of her having left no lineal descendants-

4 It appears at that time to have been in a great measure overlooked that Vencatammah had a daughter the present applicant, whose case is deserving of consideration on very strong grounds- The Poligar Vencatrayana rauze has never had any offspring- He is a person of simple and inexpensive habits and having no hope of obtaining permission to adopt which was at once refused in the case of Vencatammah without enquiring regarding his objection to the fact of its having been really made- He seems to have rested satisfied with his own allowance as sufficient for the support of the family and the claim of Ramachummah does not seem to have been urged from that time till the present-

5 The Poligar is now very old feeble and infirm and cannot in the course of nature expect to live much longer and the present application which he has been very

Fort St. George 20th February 1845

very urgent that I should forward originates I believe in his natural anxiety to have before his death some provision made by the liberality of Government for the suitable maintenance of his niece Chinna Ramackummah and her daughter Nursingummah, who after his demise will with Redda Kondamma be the sole surviving representatives of the family.

6 When on the resumption of Chitvail Talook one tenth of the Revenue was allowed for the support of the Poligar and his family, separate small allowances were conferred on various connexions and dependents of the family to one of whom Gobboor Venkatramaraunze Ramackummah was married and on his death his small allowance of Rupees 130-14- per Annum was proposed to be continued to her, but she declined it in favor of her husband's nephew that also seems to have lapsed to Government, but even if she were in receipt of that small allowance it would be manifestly quite insufficient to maintain her and her daughter in a manner at all suitable to their rank and situation in life especially after the death of her Uncle by whom she is at present supported.

Letter from Pt. Coll.r 1st March 1831.

Under

Fort St. George 20th February 1845

Under these circumstances I beg to

7 recommend the claim of Chinna Ramackummah for the most favorable consideration of the Board and of Government, of which by their undeviating good conduct since the resumption of the Country by the British Government the Chitvail Family are particularly deserving.

difficulty to subsist upon in consequence of the allowance granted to my late Mother Ven= =catummah being kept in deposit, I related all my Circumstances to my paternal Uncle Muttee Coomara Vencataraghua ranze and produced to him the order &c. issued to my mothers by Colonel Munro - I have also pre= =sented urzees to you as well as to the Board on the subject which you had the goodness to take into your favorable and just considera= =tion - My uncle is now come to the Hoozoor to visit and explain the fact to you and obtain justice.

They also to state that I re= =ceived a communication from Madras which apprizes me that my Petition to the address of the Board was returned to you by them with an Endorsement - The Government had the mercy to support the continuance of the several charitable allowances which had been grant= =ed by my late Father during the time he ruled the Country for a period of 40 years but I one of his daughters surviving, am not allowed to enjoy the Pension of my mother and in consequence suffering very much, having no

The tenth portion of the revenue of the resumed lands granted to my father was divided into three shares, two of which were allowed to my paternal uncle and of the remaining one half a portion was allotted to my aunt Peddah Condummah and the other half to my mothers. Colonel Munro had written an Enayetnamah or order to the effect that the allowance would be continued to me the daughter of Venkatummah and likewise the Government have on several occasions renewed the allowance granted to mothers in the names of daughters - This sum forms a portion of the 10th share of the revenue as above stated and the Government have been pleased to sanction similar payments in various cases Under these circumstances I humbly beg you will be pleased to take into your kind

The following is a statement of the allowances granted to my fathers Sumstanum-

The 10th portion of the revenue granted for annum is Rupees 19.879-8-0 or per mensem is Rs 1656-10-0

of which allowance granted to my uncle Venkatraghava rauze being 2 shares is Rupees per mensem - - -	1104-6-8

Sir,

From the Commissioner of Karnool

Requesting Sanction of Government for the augmentation of the Translators Pay to 45 the Writer being transferred to the Accountants Department on 25 Rupees per Month and for the entertainment of an additional Writer on 25 Rupees per Mensem.

Para 1. With reference to your letter of the 6th Instant calling for further information as to the necessity of an increase to my Accountant Establishment, and observing that my English department is considerable with reference to other Districts where the pecuniary transactions are on a far more extended scale, I have the honor to observe that my English Department consists of.

Accountants Establishment	1.	Head Accountant	85 Rupees per Mensem
	1.	Deputy Do.	50.
	1.	Assistant	35
	1.	Copyest	25
			195
General Cutcherry Establishment	1.	Head Writer	45
	1.	2d. Writer	30
			75
Judicial Establishment	1.	Translator	35
	1.	Writer	35
			70.

2. Although the pecuniary transactions in

in Kurnool are small in amount they are of a more miscellaneous description than in so many districts, and it is in them that the real labour consists. The preparation of a Statement or an Account Particular for the expenditure of a lac of Rupees gives very little more trouble than one for fifty thousand provided the items are not very dissimilar, and it is to be borne in mind that precisely the same Journals, the same Account Particulars, the same Statements have to be furnished to the Accountant General, the Civil Auditor, and the Board of Revenue, from Kurnool as from other Districts. The pensions to the relatives and many of the dependants of the late Nabob, the allowances to the numerous Zemindars, and the local Horse may be considered in a great measure as additional duties. Not a Month passes but I receive one or more letters from the Accountant General and Civil Auditor to hasten the preparation of the Accounts, and it has been more than once intimated to me that the completion of the General Books of the

the Presidency are delayed for want of the Accounts from Kurnool. These Officers are of course obliged to excuse themselves by throwing the blame on me, and I am consequently in danger of incurring the displeasure of Government. My present Head Accountant, who is out of the Accountant General's Office, is of great experience and very indefatigable and it was on his repeated representations to me of his inability to carry on the current business with the present Establishment that I was induced to solicit additional assistance.

3 As the Translators' business in the Judicial department has not hitherto been so great as I was led to expect it would be when I applied to Government for a Judicial Establishment, I think the Writer may be transferred to the Accountant department on 25 Rupees a Month, and increasing the Translators' pay to 45. My present Translator leaves me tomorrow, having obtained a better paid situation in another District, and I have not the least hope of being able to supply his place with an efficient person who will

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your predecessor's letter of the 28th Ultimo furnishing additional information in regard to the Annamanlangul Cummum Mannum at present in the occupation of Mr. Bilderbeck and in reply to inform you that they still entertain doubts how far such a case has been made out as would induce Government to accede to the request for the exchange of the land submitted in the Collectors first letter on the subject dated 8th November last. They would suggest as preferable arrangement that Mr. Bilderbeck should hold the Mannum as a sub tenant of the Cummum paying annually the assessment fixed upon it in the Village accounts, a measure to which it is not probable that the proprietor would offer any objection. Under any circumstances the field should not be allowed to be again applied to the purpose which it appears to have been used before it was enclosed by Mr. Bilderbeck and in the event of its being so resorted to the nuisance should be repressed by the Magistrate.

Submitting a letter from the Collector of North Arcot soliciting permission to allow certain Monigars in the Talook to hold rent free C 11-11½ of land sown with the Sissoo Tree until they begin to yield a return and recommending the proposal for the favorable consideration of Government with a view to encourage the introduction of so valuable a product.

Para 1 I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Collector of North Arcot stating that he had distributed some seeds of the Sissoo tree to certain Monigars in the Talook of Chittoor which have vegetated, and soliciting permission that these parties may be allowed to hold the land so sown amounting as per accompanying Statement to C 11-11½ subject to an annual Teerwah of Pagodas 3-1¼ rent free until the trees begin to yield a return.

2. With a view to encourage the introduction of so valuable a product as the Sissoo is represented to be especially in a Country when the want of fire wood and timber is much felt by the people at large the Board are of opinion that altho the present application is

is not in accordance with the rates laid down in the Hookumnamah of the District for the cultivation of waste land it is for the reason above stated worthy of favorable consideration and they accordingly beg to recommend that the parties in question may be permitted to hold the Extent of land planted with Sisoo, as specified in the Statement which accompanies the Collectors' letter free of all demand until the plants have sufficiently grown to become productive, as a compensation for the expense and trouble incurred in forming and protecting the plantation.—

3. It will be the duty of the local authorities to ascertain when the period has arrived for imposing the usual assessment on the lands which the Board are led to believe would be in about five years from the time of first planting the Sisoo seeds.—

Sir,

Para 1. With reference to the letter noted in the Margin, I have the honor to report for the information of the Board of Revenue, that upon a question arising as to the validity of Adesashiah's adoption and of his claim to succeed the late Venganasomayajooloo, as Shotriendar of Jettypa the Thasildar of Chittoor was called upon in the year 1828, to report upon the subject. Copy of the Record on that occasion is herewith submitted. It will be seen on reference thereto, that Adesashiah was considered to be the adopted son of Venganasomayajooloo.—

2. Copies of thirty other documents which are depositions from Brahmins and others taken during an enquiry in the year 1840 on Petition No. 285 of 1840, are also submitted. It will be seen that some of the deponents were eye witnesses of the adoption of Adesashiah by Venganasomayajooloo and of the Oopanayanam

"Oopanayanum" afterwards others heard the late Venganasomayajooloo say that Adesashiah was his adopted son, it is further shewn by the Deponents that Adesashiah has always performed the annual ceremony on account of the adoptive Father.—

3. No counter claim has ever been preferred and the evidence of the Monigars — simply shews that they did not know of the adoption — The adoption took place in Chittoor and not in the Shotriem Village — The Monigars also were unwilling to recognize the adoption as likely to affect their own interests.—

To the Sub Collr in charge of Salem ---

Calling for further information on the subject of Suit No 150 of 1844 instituted against the late Principal Collector in the subordinate Court of Salem by the Mootadar of Amboorpettah.

I am directed by the Board of Revenue to acknowledge the receipt of your Predecessor's letter dated the 13th of January last submitting draft of an answer proposed to be filed in OS No 150 of 1844 instituted against him in the Subordinate Court of Salem together with a translated copy of Original Plaint with the view of obtaining the sanction of Government for a defence at the Public expence.

Before taking any further steps the Board wish to have before them more detailed information regarding the rent claimed by the Plaintiffs as Mootadars of Amboorpetta and they accordingly request that you will ascertain and report whether they collected any rent on account of the Yeomiah in question upon which houses are

Fort St. George 20th February 1845

are built or on the houses only as house tax and whether the whole extent of the ground is occupied with houses and Motturpha levied accordingly if so the amount of such Motturpha.

In para 3 of the Principal Collectors letter it is stated that the 550 Goontahs of land the Candawgum due for which is claimed by Plaintiffs was collected and a teervah of 19¼ Rupees levied in the Fusly 1213 only, and that Fusly 1213 was one of the three years on which the average was taken in fixing the Permanent Assessment the actual average therefore of the above sum for that period would have amounted to Rupees 6-6-8 In instituting the enquiries called for in the preceding para you will at the same time ascertain whether any and what portion of the land is now under cultivation and submit the result of your enquiries together with any further particulars in elucidation of the claims of the Plaintiffs for the early information of the Board.

From the Pt. Collr of Salem ------- Referring to Extract from the proceedings of the Board dated 4th April 1844 I have the honor to inform the Board that the balances against the Agraharums of Teemalanamasamoo-drum and Camala-pooram still remain unliquidated as per account herewith sent. On the 4th May 1844 I issued notice to the people copy of which accompanies. It is evident the ryots of these Villages only withhold the balance in the hope of procuring for themselves more favorable terms and instead of allowing them the privileges granted by the Minutes of Consultation dated the 27th April 1841 which would make them better off than formerly and encourage the like withholding of Government dues in other Villages similarly situated, I would beg to propose

Fort St. George 20th February 1845

propose that the Villages of Camalapooram and Teroomalanamasamoo-drum should both be incorporated with the Govt. Government lands as was ordered by Government in Extract from Minutes of Consultation dated 31st January 1843 in the case of the Villages of Abenanum and Appamasamoo-drum —

Proceedings thereon.-

Relative to the Settlement of the Extra Sources of Revenue in the District of Madura for Fusly 1253.

1.- The demand on all the sources of Extra Revenue for Fusly 1253 the period under review, in the District of Madura was Rupees 5,82,463-4-5, the demand in the year preceding amounted to Rupees 6,47,745-6-9.-

2.- The annexed Statement will shew in one view the Comparative results of Fusslies 1252 and 1253 in the several branches of Revenue derived from these Sources.-

from these observations that the Principal

Increase	5646.	12.	3.

5. The increase in the dis= bursements of the year is accounted for by the Changer for purchase and Manufacture of Salt of fusly 1252. being brought to account in this fusly under review and for the charge incurred for transporting the Ceylon consignment to the port of departure.

Sayer. 6. The decrease in the Collections under this head of Sayer inclusive of Betel and Tobacco is explained by the abolition of the levy of the general inland duties from 1st April 184[illegible] to

Fort St. George 20th February 1845.

to the close of the fasly, a period of three Months and 11 days. This amounted to Rupees 66,611-14-7 but deducting the diminished Charges under this head in the sum of Rupees 10,345-9-9- the Net decrease in the Revenue derived from Sayer amounted to Rup.s 56,208-10-10

Sea Customs.

52. 13490-3-1

52 16,926-14-6

Increase 3436-1-5

7. The increase under this head is attributed by the Collector to the facilities afforded to the Coasting trade by the gradual improvement of the Pairnbam channel between the main land and the Island of Ramiseram also to the operation of Act XI of 1844- It would be satisfactory if the Principal Collector would furnish a Statement shewing the number and tonnage of the Vessels which take advantage of this Channel compared with the previous three years and the Board request that he will furnish it in future reports.-

8. The collections made during the year including current, Sactwa and arrears amounted to Rupees 587121-3-6 being Rupees 53190-11-4 below the preceding fasly.- The collections on account of the

Fort St. George 20th February 1845.

the total Demand of the year under review amounted to Rupees 580,527-11-6 leaving a balance on the 1st November of Rupees 1935-8-11 of this sum Rupees 861-6-11 were due by certain Betel and Tobacco Renters whose farms were closed previous to the expiration of the fasly but who were held responsible for the Amount of Arrears due on the date on which their Rents ceased. The Principal Collector however anticipate that the whole of the above balance will be realized in a short time.-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the collections, Charges and Net Revenue, be submitted to Government and a transcript of the same be forwarded to the Collector of Madura for his information and guidance.-

Salt. 2 The Collections realized from the Sales of Salt in the Fusly under review exceeded those of the preceding year by Rupees 19,108-5-4. The Board observe that the quantity sold during Fusly 1253 amounted to 2,295-371 G. M. of which 1899-158 G. M. were sold at the rate of 105 Rupees and the remainder 396-213 G. Sayer. 4 The decrease of Rupees 39,701-4 in the Demand under this head below the previous Fusly is attributed entirely to the abolition of the Inland and Town Duties in April last under the provisions of Act VI of 1844. The same cause reduced the Charges which being deducted from the Gross Collections leaves a Net revenue of Rupees 40,407-14-9.

Proceedings thereon. In the correspondence now forwarded the Collector of Malabar inquires of the Principal Collector of Coimbatore whether the latter has received a copy of the Proceedings of the Office bearing date 9th January last. Mr. Wroughton in answer states that he has received the Proceedings referred to and makes certain observations upon them. Mr. Conolly rejoins and then sends the whole correspondence to the Board for final orders.

Stating with reference to a letter from the Coll. of Malabar forwarding Copy of a Correspondence with the Pl. Coll. of Coimbatore on the subject of certain land in dispute between the Numbidi of Collengode and the Coimbatore Sircar that the discussion of the question as respects the Coll. of Malabar must be considered as having been closed with the Board's Proceedings of the 6th Instant & that it is expected that there will be no further communication from the Coll. of Malabar on the subject

By 6th to letter 20th January 1845. 27th Feb. 1845. 145

2. The Board do not perceive the necessity of the application on the part of the Collector of Malabar to the Principal Collector of Coimbatore or of the present reference to this Office. In their Proceedings of the 6th January the Board informed Mr. Conolly for communication to the Numbidi of the extent to which this latter would be allowed to occupy the tract under dispute until the matter should be legally adjudicated

adjudicated; copy of those proceedings being at the same time forwarded to the Principal Collector of Coimbatore for his information and guidance with this the discussion of the question as respects the Collector of Malabar must be considered as having been closed - Mr. Conolly has already been apprized that the tract in question, has, under instructions from Government been placed in all matters Revenue and Police under the authority of the Principal Collector of Coimbatore - The Sumbidi must therefore be reversed to that officer, and if prevented from occupying the land under dispute to the extent laid down in the above Proceedings he is at liberty to complain to this office or to Government, but the Board will not expect to receive further communications from the Collector of Malabar on the subject -

From Messrs P. Manelly and P. Lancon — } Gentlemen,

Requesting to be relieved from the necessity of producing a Certificate of origin for some Sugar manufactured by them from Jaggery the produce of the Chittoor Zillah which they intend shipping for England.

We beg to bring to your notice that having some Months since purchased for the first time about 40 Candies of Jaggery from a public Bazar Merchant in Madras, and this Article having been manufactured into Sugar by us at our manufactory in the Suburbs of Madras we wished to ship the same for England, but as the Agent through whom we intended to have it consigned having requested of us to furnish them a Certificate from the Collector's Cutcherry, we accordingly did so; but we were informed by the Collector of Madras, that the document in question could not be issued by him to us in virtue of the provisions of an Act of Government of 1839, in consequence of the Jaggery above alluded to, being the produce of Palmaniair in District of Chittoor / as stated to us by the party who sold us the Article / and that the Certificate can only be obtained from the Collector of North Arcot; under these circumstances we beg to state that we were quite ignorant of the existence

existence of the Regulation referred to by the Collr. or, of any Official order whatever, upon the subject at the time we made the purchase, otherwise we should have made a point of strict duty to obtain the Certificate from the seller himself and as the man, has, at our instance, just addressed the Collector of North Arcot and as fearing that delay might occur in the receipt of the document, and thereby prevent our Consignee from shipping the article to its destination and more particularly involve us in loss, we beg leave most respectfully to solicit that you will be graciously pleased on the present occasion to relieve us from the fulfilment of a duty we have unknowingly fallen into, and rescue us from the loss we were sure to incur in the event our consignee being further delayed from shipping the Sugar.

In conclusion, we beg to assure you that we shall not fail to furnish you the Certificate applied for of the Collector of North Arcot, which we expect to receive through the Merchant who sold us the article, and that we shall strictly conform to the Regulations of Government in our future purchases.

To the Chief Secy. to Government. } Submitting a Petition from Messrs. P. Manetty and P. Lancon representing that the Collr. of Madras has declined to grant them a Certificate of Origin under Act XV of 1839 for some Sugar manufactured by them from Jaggery the produce of Palmanair in the District of North Arcot and recommending for stated reasons that the Collector of Madras be authorized to issue a Certificate of Origin according to form B which accompanied the Board's Letter of 26th January 1843 for the Sugar mentioned in this Petition.

S. in Cons. 30 Jany 1845.

Sir,

I am directed by the Board of Revenue to forward for the consideration and orders of the Most Noble the Governor in Council the accompanying Petition from Messrs. P. Manetty and Lancon representing that they have manufactured Sugar at Madras from certain Jaggery the produce of Palmanair in the District of North Arcot and that the Collector of Madras has declined to grant them a Certificate of origin for it under Act XV of 1839.

2. As the Petitioners state it to be of great consequence to them that they should receive an answer to their present application at as early a period as possible, the Board have not thought it proper to delay the transmission of this Petition until they should have communicated with the Collector of Madras respecting it. They presume that supposing the circumstances to be as stated by the Petitioners, the objection

of

of the Collector to grant the certificate applied for Form B appended to act XV 1839 must have been that the Sugar tho' the manufacture is of the produce of his District, as required by the wording of the Schedule- Cases of a similar nature arising in the District of South Arcot were brought to the notice of Government some time since and formed the subject of the correspondence noted in the Margin, and it was then determined under the opinion of the Advocate General that the Schedules attached to the Act might be modified so as to embrace Sugar made in one District from the raw material of another- and authority- to grant Certificates in the extended form was accordingly given to the Collector of South Arcot by whom those Certificates are now commonly issued. No similar case having however hitherto occurred in any other of the Madras Districts the authority to issue these modified Certificates (which it appears must be conferred by special appointment) has not been granted to any other Collector- The Board now beg to recommend that the Collector of Madras may receive this authority and that in virtue of it he may be allowed to grant a certificate of Origin according to the Form

Requesting to be informed as to the quantity of Cuttings of the Mauritius Sugar Cane which the Society's Garden will be able to furnish at the proper season for transmission to the interior, and suggesting certain precautions to be taken in forwarding them.

} Sir,

Several applications having been made by local officers in the Provinces for a further supply of Mauritius Sugar canes I am directed by the Board of Revenue to request that you will favour them with information as to the quantity of cuttings which the Society's Garden will be able to furnish at the proper season / which is understood to be in the month of April / for transmission to the interior.

On the receipt of your reply the Board will direct the several Collectors applying for a further distribution of cuttings to place themselves in communication with you for the purpose of making the necessary arrangements for the transport of the canes.

The Board desire me to add further that the applications from the interior now alluded to have arisen chiefly from the previous consignments of cuttings having failed to vegetate owing to vital

vital principle having been destroyed by Exposure Sea in their conveyance to their respective destinations a circumstance which it is probable may be provided against in future by embedding them partially in Earth, or otherwise protecting them from the Extreme heat to which they are exposed at the usual period of transmission to the Provinces.

It occurs to the Board also that it would be desirable in dispatching supplies of Cuttings hereafter to take advantage as far as possible of Sea Carriage both on the score of expense and as a more effectual means of protecting them from the hot winds which appear from several reports received from the interior to have caused destruction of a very large quantity of the ratoons.

1 Proceedings thereon. P.t Under existing Rules the selection of a person to fill the situation of Serishtadar in a Collector's Cutcherry is left to the Collector himself, who reports to the Board his qualifications and submits a Statements of the previous services of the individual so selected and if the Board is satisfied

of his competency they confirm the ap=

Revenue servants, the Collector make
the appointment without reference to the

the Board have not in their power to confe

Sir

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from Minutes of Consultation under date the 19th Nov. 1844 in

Submitting with reference to the Extract from the Minutes of Consultation dated 19th Nov. 1844

November last, a letter from the Civil Auditor observing that there is no real necessity for submitting for the sanction of Govt the Statements of the actual sums advanced for cultivation and that they can be forwarded to him after they have been passed by the Board and recommending for adoption the course pointed out by him.

in which it is stated, that His Lordship in Council does not see the necessity for submitting for sanction Statements of disbursements on account of advances already authorized by Government, and which are recoverable charges, and that Board are directed after communicating on the subject with the Civil Auditor to submit their opinion, whether such advances may not be adjusted and passed by the Office of Audit to the extent of the recoveries credited in the Collectors accounts, and whether the Statements already adverted to may not without inconvenience be dispensed with.

2.

In reply, I am instructed by the Board to submit for the information of the Most Noble the Governor in Council, the accompanying communication from the Civil Auditor bearing date the 25th ultimo.

It will be seen, that Mr. Morris expresses himself of opinion, that it is a work of supererogation to require Government to sanction the actual sums laid out as advances, when the extent has been already sanctioned to which such advances may be made, and the sums themselves which are so

laid out are recoverable but he states that this course has hitherto been adopted, because this Office having thus been assured that the definite sanction of Government had been granted for the sums actually charged, admitted and passed them at once without any reference whatever to their future recovery, the Supervision of which then fell under the Board of Revenue to whom such duty properly belongs. If, he urges, the system be now altered and the charges for advances are to be passed only to the extent to which they have been recovered as credited in the Collectors accounts, the responsibility of watching the gradual and eventual recovery of the sums advanced would devolve in a great measure upon him, whereas he has not the means of discharging this duty satisfactorily. As however he observes there is no real necessity for submitting for the sanction of Government the Statement of the actual sums advanced for cultivation &c. it will be sufficient to enable him to pass the debits in the Collectors Journals on this account, if the usual Statements of advances be forwarded to him for the purpose, after they have been passed by the Board, whose supervision will

Jam. St. George 24th February 1843

still be required, as heretofore, to check
the actual amount of advances and to
watch their recovery.

3. The Board beg to express
their concurrence in the measure recom-
-ed by the Civil Auditor, and as no further
reason in support of it they would
to observe that advances for cultivation
are usually collected with the early
Note The advances on account of Great Ploughs in Bellary are however recoverables in three years. Vide Para 7 of letter from Trichi-

that collectors shall be allowed credit,

their advances which may have been actu-
recovered - the rest remaining to their de-
the effect will, in some instances, be to
keep up against a collector a balance
small perhaps of itself but which will
prevent

Jam St. George 24th February 1843

prevent his accounts from being
closed for years. To obviate this
inconvenience it would therefore in
their opinion be preferable to adopt
the course pointed out by the Civil
Auditor, and, should this meet ap-
-proval, the Board will furnish that
Officer annually with the Statements
of disbursements on account of Tuccavy
&c as reported to them by the Collectors,
on which he will be enabled to pass
the debits on these heads in the Journals
in full - such disbursements being
at the same time excluded altogether
from

From the Statements sub-
-mitted for the sanction of
Government, and the amount
of the sums so submitted being
thereby considerably diminished.
It will of course still remain
the duty of this office, as formerly
to supervise the amount of the Jadoo
made, and to take due measures for their
gradual and timely realization.

From C. J. Bird Esqre
Collector of Rajahmundry. } Para 1.

Submitting for approval Draft of proposed special Appeal Petition to be filed against the Appeal Suit No. 68 of 1844 on the file of the Civil Court of Rajahmundry preferred by Nadoonoor Boochanah of Nadoonoor, with Copies of two Decrees of the Subordinate Court of Rajahmundry and of the Extract from the Civil Court's Proceedings and requesting orders to defend the Special Appeal, as the case involves a point

No. 1 Copy of a Decree dated 23d February of the Extract from the Civil Court's Proceedings dated 27th September and of the last decree dated 14th November 1844.

From the Enclosures herewith transmitted, the Board of Revenue will perceive that the Zillah Court of Rajahmundry has caused an unfavorable decision to be passed against the Collector, involving a question of considerable importance. It never could have been contemplated by the legislature that Collectors were to be amenable to the Courts for mere clerical errors and mistakes of entry in their accounts. Should such a notion become prevalent, it will make the collection of the revenue a much more difficult task than it already is. In the case now alluded to, the Board will perceive that no new exaction was laid upon the original Plaintiff, but that in the confusion attending the introduction of the new Rules proposed by

Mr.

point of considerable importance

Fort St. George 24th February 184

Mr. Smith on 20th November 1840 and sanctioned by the Board on 6th May 1841, a portion of the tax due from Plaintiff was erroneously accounted as coming under that arrangement. The error was afterwards corrected, but it appears the Zillah Court considers that this was not sufficient and requires an actual refund of the sums incorrectly brought to account, and has thereupon caused a Decree with costs of appeal to be pronounced against the Collector.

2.

Although the amount in this individual case is not great, I think the question involved in it of sufficient importance to warrant the Zillah Court's dictum being appealed from, and I have accordingly prepared a Draft of a Special Appeal Petition to be addressed to the Sudr Udalut - if the Board, agreeing in my opinion, and approving of the line of Argument I have taken, should be pleased to procure the permission of Government for me to conduct the appeal at the Public expense.-

3.

The Village of Nadoonoor is situated in the Pittapoor Zemindary, but the money sued for, having been collected while the Estate was under management, the refund as well as the Costs of Appeal, if the Decree should stand,

Fort St. George 24th February 1845.

will have to be paid by the Collector of the District. But the just object of the proposed appeal is to establish the principle that excepting in case of unwarranted exactions, the Collectors' proceedings in realizing the revenue are to be supported by the Courts.

4.

I regret that the time for entering the special Appeal in this case terminates within so short a period hence as the 23d Proximo, but the Board will observe that although I made application to the Subordinate Court for the requisite papers on the 1st I only obtained them on the 23d Instant. The delay appears to have been occasioned by the departure of Mr. Copleston and the continued absence for some time after of Mr. Anstruther, which prevented Mr. Rohde from attending to the duties of the lower Court.

Fusly 1249 (1839) and paid the whole sist there
as the Plaintiff was unable to cultivate the
Jeroyte land, he informed the same to Pona
Nursimooloo the then renter in the presence o
some persons and relinquished cultivating th
land in Fusly 1250. In Fusly 1250 (1840) the
said renter left the said Jeroyte land as pasture;
yet he addressed a Petition to the first Defendan
pretending that the sist of that land was
due by the Plaintiff. This Petition has not
yet been disposed of. In Fusly 1251 the 2d
Defendant having misreported to the 1st Def
=fendant, he newly fixed a sist of 75/2 Rupees
called "Rules Sax" upon the said 8 Candies of
Merase service land belonging to the Plaintiff
in Fusly 1251 (year Plava) 1841, though it was
not customary. On 30th September 1841 the
2d Defendant having pressed on Plaintiff for

payment

Fort St. George 24th February 1845.

payment of the said Sum of 75 Rupees 8 annas.
Gorty Ramasawmy was made surety for it. out
of that money 19 Rupees were collected on 20th
October 1841 and 19 Rupees on 20th November from
Plaintiff by the 2d Defendant. The Plaintiff
therefore sues the Defendants for recovery
of the said sum of 38 Rupees which they received
and requests that he may be exonerated from
payment of the remaining sum of 37 Rupees
8 Annas for which the said person stood as surety.

Answer of the 1st Defendant states as follows.
the whole of the Plaintiffs allegations in
this case are not true; at the time when the
permanent Settlement was made some Mau
=neum lands and Jeroyte land were under the
enjoyment of 12 Curnums at Nadoonoor, the
extent of which land is particularized in
the Accounts, but their boundaries are not
defined. 10 Candies and 2/2 Tooms of maunem
and Jeroyte land is in possession of the
Plaintiff, as he is heir to one of the 12 Curnums.
The whole sist of the above land was Ru
=pees 157 As. 9 P. 8 with reference to the perma
=nent Settlement, but subsequently the
Plaintiff himself fraudulently reduced the
sist to 120 Rupees; although it appears by

the

the accounts that the Cuttoobody tax of the
8 Candies of Enam land is Rupees 37 As. 15 P. 8 and
that of the 2 Candies 2/2 Sooms of Seroyte land
is according to the permanent settlement 11
Rupees 10 As. yet the boundaries of the above
two description of lands are not defined so
to shew which of them is Maunem and which
of them is Seroyte. but the said reduced tax
of 120 Rupees has been collected from him upon
the whole quantity of the land undefined.

The Plaintiff with an intention
=tion of deceiving the Zemindar relinquished
Cultivating 2 Candies and 2/2 Sooms of his
land in Fusly 1250 saying that the land
he retained in his possession is Maunem land
and that he must pay a smaller sist, and
that the land which he threw up was Seroyte
land but no such orders could be given as
Moreover it was the duty of the Collector and
not of the Plaintiff to determine which, or
what quantity of land is to be considered
Seroyte, and which and what quantity was enam

It was ordered that the Plain
=tiff should pay the sist upon the whole land
according to the Maunool, because the Plaintiff
had irregularly and fraudulently thrown up the land.

The Plaintiff's objection to the new rules framed regarding the cultivation of the Enam lands, and void of truth, is useless: for. they were not applicable to the Plaintiff. but only to the ryots who cultivated Maunem lands of other persons, and not to the persons who cultivated their own lands.

The 1st Defendant trusts that from the above circumstances it will be apparent to the Court that the Plaintiff is bound in justice to pay the amount fixed to be paid by him. Defendant. and requests the Court to nonsuit the Plaintiff after examination: as the 2nd Defendant is a Servant on behalf of the Collector, this answer will be accepted for him also.

Reply states as follows.

In Fusly 1250 the Plaintiff cultivated his own Enam land having relinquished cultivation of the Seroyte land. The 2nd Defendant collected the rules tax from the Plaintiff in Fusly 1251 saying that the 1st Defendant (Collector) had issued him a Hookum to that effect. The Plaintiff therefore brought this suit for recovery of the tax. Though the 1st Defendant is aware of

of this, yet he stated in his answer (
that part where he mentioned the
-stract of the Plaint) that the Plain
stated that the 2d Defendant deman
from him the payment of the tax. therefo
it may be considered that all the 1st D
-fendants other Statements in the answer
are such as above - As it will be proved
by the evidence as well as by the recei
furnished to the Plaintiff by the 2nd D
-fendant that the sum of 38 Rupees paid
by Plaintiff were received as the rules tax
and as the 1st Defendant admitted that
the order about the rules tax is not ap
-plicable to the Plaintiff, but to the per
-sons who cultivate the Enam lands of others
it will be known that the Defendant
alone are responsible to the Plaintiffs' claim
-

2 Postees and 2½ Tooms of
Jeroyte land which had been cultivated
by Plaintiff up to Fusly 1249 having been
thrown up by Plaintiff in Fusly 1250 in wa
which the Village was under rent, the
2nd Defendant exonerated the Plaintiff from
the responsibility of the Jeroyte cultivation

and

and included the said Jeroyte land in
the Statements of the rent of the
lands which had been left waste in
Fusly 1251 in which the Village was
under Amany and caused the said State-
-ment as well as a Moochelka which
he had taken from the Plaintiff
and others about the waste lands
to be signed by the Plaintiff and the
Villagers, and forwarded them to the
Collector under his hand - It will
therefore be known to the Court that
the land which the Plaintiff relinquished
was included under the head of waste lands
because it was Jeroyte land, that the
Jeroyte land having had boundaries the
2nd Defendant and the Villagers ascertained
upon a reference to the Accounts. that
it was 2 Postties and 2½ Tooms in extent

yielding

yielding sist of 102 Rupees and that
the Fusly 1250 the Plaintiff's responsib
about the Jeroyte cultivation cease
It will likewise be known to th
Court that the 1st Defendant
Statement that there are no bound
to the Jeroyte and Naunem lands,
that therefore although the Plainti
relinquished the Jeroyte in Fusly 12
yet he is bound to satisfy the demar
made by him, are useless.

The 1st Defendant
=mits that the Enam and Jeroy
lands are separated by the accounts
but that there being no boundaries
these lands 12 Curnums have paid cists
upon both Jeroyte and Enam lands. The
Court and the Collector including the 1st
Defendant caused some of the Enam lands
belonging to some of those 12 Curnums
to be sold by Auction. The persons
who

who purchased those lands have been enjoying
them as enams according to the accounts, and in Fusly
1243 Mr. Crawley the then Collector caused 7/4 Candies of the
Plaintiffs enam land to be attached according to its
boundaries, and released it afterwards - consequently
it will be clear to the Court from that record, that the
enams of the Curnums have no connection with
Jeroyte lands on perusal of the Accounts of every
Village it will be explicit to the Court that they
contain only the extent of lands but not boundaries -
should the Court send for and peruse the accounts
showing the Collection and also other accounts
which were presented in the Office of the Collector
from Fusly 1237. in which the said Village came
under Amany, and the original documents (8 in
Number) such as puttahs &c. which were execute
-ted about the Plaintiffs enam lands, and which the
Plaintiff presented to the 1st Defendant (Collector)
during the examination of witnesses in a Summary
case which arose between this Plaintiff and Sonnada
Narsimooloo in Fusly 1250 it will be clear to the
Court that the Plaintiff has 3/4 Candy of land
on which Cuttoobady of 18 Rupees will be paid
Annually, and 7/4 Candies of enam land, that these
lands were acquired by the Plaintiffs ancestors -

and

and that therefore the Statement (of 1st Defendant) that 37 Rupees 15 annas 8 Pice of Cuttoobody is payable on the 8 Candies of land is not true. If the Statement of the 1st Defendant that the Plaintiff has produced amount of Sist than that of the permanent Sist is true, there is no reason for the 1st Defendant and the late Collector Vca not to Collect the full Sist. By this the 1st Defendants Statement is not to be considered as true. The Plaintiff further states that this claim being about "the rules tax", he states no more than the above. In conclusion he prays that as the 2d Defendant Collected from him (the Plaintiff) 28 Rupees Viz. 12 Rupees on 20th January 1842 and 16 Rupees on the 20th March 1842 out of 37½ Rupees from the payment of which the Plaintiff prayed in the Plaint he may be exonerated and caused to be given him receipts, the sum of 28 Rupees as well as 38 Rupees (which he stated in the plaint to have been already Collected from him by that time) which make up 66 Rupees may be decreed to be remitted to him by the Defendants together with Costs and that he may be exonerated from payment of the remaining 9½ Rupees.—

The 1st Defendant in his rejoinder states that the contents of the Plaintiffs reply are not at all true. The limits of Plaintiffs Seroyte and enam lands are not defined, as has already been stated by the 1st Defendant in

in his answer. Plaintiff fraudulently attempted to relinquish part of the lands which he held, and pretending it to be of an inferior quality as Seroyte. He states that he has got receipts for the amount of "rules tax," which he alleged was Collected from him. The 2d Defendant (amildar of Amlapoor) without making a perfect enquiry concerning the Plaintiffs lands having reported to the 1st Defendant stating that Plaintiff was Cultivating solely his maunim lands, having relinquished the Cultivation of his Seroyte land, an order was issued to Collect from Plaintiff the "rules tax" as well as from other ryots agreeably to the rules sanctioned by the Board of Revenue. Afterwards the 1st Defendant on perusing the record in his Office found that there are no boundaries to define the Plaintiffs enam and Seroyte lands, and consequently he placed on Plaintiff the responsibility of the whole sist of the lands, Seroyte and Cuttoobody enams. The Plaintiff whereupon gave a petition to 1st Defendant complaining of the assessment of the "rules tax" but without waiting till it was answered he referred a Complaint in repugnance to Clause 2d Section III Regulation I of 1823 and stated in his reply that he possessed receipts for the money which he alleged to have Collected from him, as "rules tax".

your

your Court will therefore be convinced that the peay
are of no avail and that the amount which had b
Collected from Plaintiff was credited on account of
sist of the Jeroyte and Cuttoobody lands, which he
bound to pay to Government. Had the amount been Coll
=ed from Plaintiff as "rules tax" he would have waited
the 1st Defendants' decision on the petition presented
by him, and would have then presented its Copy with the
bill of Plaint consonant to the provisions of the Regulation
above quoted. The Plaintiff further states in the peply
that in Fusly 1251 when the village was under man
=agement the 2nd Defendant entered the Jeroyte land
(which he had relinquished) under the head of waste land
in the Amaracapoo Form, and submitted it to 1st De
=fendants Office with Moochelka obtained under his and
other Villagers signatures. The Plaintiff and other Curnums
of Nadoonoor with fraudulent intent got their waste lands
entered in the said statement under the head of Jeroyte
but the limits of those lands are not defined, and consequent
=ly the statement and the Moochelka are not available to
the Plaintiff's case, for, if the boundaries of the Jeroyte
and enam lands belonging to the Curnums of Nadoonoor
were defined, the Plaintiff and the Curnums of Nadoo
=noor would have entered into details of the boundaries of their

Jeroyte

Jeroyte and Mauniem lands in the depositions given
by them before the Head of Police, Copies of which were
filed by the Collector in Suit No. 98 of 1832, lodged by one
Nadoonoory Chena Vencanah, their depositions clearly
show that no boundaries were defined, your Court will per=
=ceive that the Curnums intended to relinquish the inferior
description of land as Jeroyte out of the lands in their
possession and with this fraudulent design have brought
forward false Complaint. The Plaintiff argues that how
could the Court and the Collector sell the Enam lands
belonging to some of the 12 Curnums of Nadoonoor, if
the limits of those lands were not defined. It was the
mistake of the late Collectors who allowed the lands of
that description to be sold without examining the
permanent Accounts. In such cases it is necessary to
proceed agreeably to the permanent accounts in which
the outer limits of the said Curnums lands are not
defined. The Curnums are therefore bound to pay the
Cist on the lands of all descriptions belonging to them,
according to the permanent Accounts. As the Collectors
were not parties in the Causes wherein the lands were

The Acting Sub Judge has perused
the somewhat voluminous proceedings in this
case together with those in 98 of 1842 (which
has been finally decreed—

It is very evident that the object
sought to be gained by Plaintiff is not that
appears on the face of his plaint— the real
question at issue is one of considerable impo
=rance as effects the Plaintiff as well as many
others, and the Government—

The main point for consideration
is whether the land alluded to Viz^t the Jeroyet
and enam is separately defined or not and capable
of being held one without the other—

It is evident to the mind of the
Acting Sub Judge from the documents that have
been filed by the defendants that the land, as
the permanent accounts at present stand is
not devisible, and was never intended to be
so, Viz^t, that the parties holding these lands
cannot relenquish any portion thereof, at
their pleasure— This point has already been
decided

Fort St. George 24th February 184

decided by the late Zillah Judge Mr Anstruther
in the decree in Suit No 98 of 1842, wherein
one of the heirs of the 12 Kurnums alluded to
in these proceedings holding Jeroyete and
Enam land in the same Village sued for 118 Pu
=gass value of Produce of Enam land, ill
fusted for the recovery of balance due on
Jeroyete land, which Plaintiff had thrown
up— The point there as in the present suit
for discussion and decision was whether Plain
=tiff had a right to throw up the Jeroyete land,
the opinion recorded in the decree above
alluded to was unfavorable to the Plaintiff—

Upon the evidence then produced
it was there argued as a general principle
that the Custom of the Country was opposed to
the practice of parties relenquishing Cultivated
Jeroyete without permission of the Zemendar
or Collector—

The Acting Sub Judge does not
consider it necessary to argue the general question
of the right of Ryots to relinquish Jeroyete land,
as that would involve a difficulty which does not
exist in the case now before the Court, for it is
clearly shewn from the proceedings that the
Jeroyete in question cannot be relenquished at the
Plaintiffs will, it being held together with Enam, neither

of

Fort St. George 24th February 1845

of which are defined in their extent.—

It appears to the Court that the Plaintiff aware of the weakness of his cause, has caught at and endeavoured to dwell upon an error which as effects the real point at issue is quite immaterial, It is not as Plaintiff would endeavour to shew, whether he Plaintiff, ought, or ought not to pay "Rules Punnoo" the 1st Defendant admitted that the Collection of the money now sought to be recovered under the head of rules tax was a mistake and on discovery of the Tahsildar's error it was rectified in the accounts and the same credited under the proper head, Viz.t, Rist of Jeroyetee and Enam lands.—

By the Documents produced by the 1st Defendant it is shewn that the total sum payable by the Plaintiff according to the Permanent accounts is Rupees 157 as 9-P. 8 that he fraudulently himself reduced this sum to 120. as asserted by the Defendant, there cannot be a doubt, which fraud was not discovered till lately 1257.—

The evidence for the Plaintiff does not effect or invalidate the defence at all.

It does not appear that a demand was made on Plaintiff for 75 Rupees 8 as but only the amount which had been fraudulently reduced

Fort St. George 24th February 1845

reduced Viz.t Rupees 37— as 9 P. 8— In conclusion it has been clearly shewn that no demand has been made against Plaintiff, which the Defendant was not warranted in making that Plaintiff has no right to throw up the Jeroyetee as he pretends he has and therefore this Suit is dismissed with all Costs to be borne by Plaintiff.—

of Rajahmundry dated 17.th September 1844.

Appeal Suit No. 68 of 1844 Civil Courts file
Original Suit No. 783 of 1841 late Rajah-
mundry Zillah Court File.

Appellant Plaintiff
Sadoonoory Boalchanah

Respondents Defendants.
1.st Collector of Rajahmundry.
2.nd Amaldar of Amalapoor.

1. The Original Suit was for the recovery of a sum of money collected by the 2.nd Defendant under the orders of the 1.st Defendant under the head of "Rules tax" instead of c.e confining the examination to the simple point of the legality or illegality of the exaction, the parties have been allowed to bring forward a question of the right of a burmen holding Zeroyte jointly with his meroosy lands to resign the former retaining the latter, paying only the quit rent due thereon and the decree has been based on a consideration of the question.

2. In his appeal Pleading the appellant urges this, and requests a reversal of the Decree, and that judgment may be passed on consideration of his claim.

3. The 1.st Defendant in c.e his

Fort St. George, 24th February, 1845

his answer admitted the collection of the amount from the appellant as Rules stated and that it was incorrect, but alleged that the sum was due as rent for certain lands held by the appellant in separate from his Enam land, a Decree should therefore have been given for the Plaintiff for the amount collected from him as Rules says, denying him costs however as it appears he did not obtain a rejection of his application for redress from the 1st Defendant.

4. The question which has chiefly occupied the attention of the lower courts should have been left to the Plaintiff and Defendants to settle as they might. The Collector might have proceeded summarily to collect the rent the Lands, and had the appellant chosen to bring forward the question which has now occupied the attention of the lower Court he might have then done so by a suit but as the appellant states that is not the question at present.

5. The costs of appeal must be borne by the 1st Respondent the suit is hereby returned to the Subordinate Court

Court for Decree denovo, with reference to the above remarks.

Ordered that an Extract from these proceedings be forwarded to the Acting Subordinate Judge of Rajahmundry together with the original and appeal records connected with the above suit for his information.

on a consideration of this question.

In his appeal pleadings the
appellant urges this and requests a

No 2.

To The Court of Sudr Udalut.

Draft of proposed Special appeal Petition to be filed by C. I. Bird Esqre Acting Collector of Rajahmundry Special appellant against the appeal suit No 68 of 1844 on the file of the Civil Court of Rajahmundry.

Nadoonoory Bootchanah one of the Curnums in the Village of Nadoonoor brought a suit (No 783 of 1841 late Rajahmundry Zillah Court's file) against the present appellant and others for the recovery of 38 Rupees Collected from him as rules tax and to be declared exonerated from the claim of 37 Rs 8 a 0 p still demanded from him under the same head.

The Subordinate Court of Rajahmundry in deciding upon this Case observed in its Decree dated 23d February 1844 that the true object sought by Plaintiff was not what was setforth in the Plaint, but an attempt by a Decree of Court to determine another question not expedient then to be taken up Viz. the right of Curnums in

Fort St. George. 24th February, 18[illegible]

in Plaintiff's Village to give up their
taxed lands and yet retain the re
free portion in their occupation. and
mentunited the Plaintiff with Costs.

Plaintiff appealed from the
to the Civil Court at Rajahmundry
recorded Proceedings on the 27th Septem
1844 to the effect that the lower C
ought to have found for Plaintiff on
the question of the sum Collected as
Claimed as "ruler tax" without however
giving him Costs and to have left
the matter, which the lower Court
had considered to be the true
subject of the suit, for private arra
=ments between the parties or to
made the subject of a separate
litigation.

The Subordinate Court accord
=ingly made a Decree on the 12th Nove
=ber 1844 upon appeal suit No 68 of
1844 Civil Courts file agreeable to
the injunctions of the higher Court,
in which the present appellant was
cast in the sum of 66 Rupees and the
Costs of appeal.

Against this Decree appellant

enters this special appeal on the fol.
=lowing grounds.

1st That it was proved in the
Original enquiry that the money col.
=lected from Plaintiff and the balance
still claimed was rightfully due from
him to Government though not under
the head of "rules tax" for which the re.
=ceipts were given by the Amildar.

2d That when the Collector dis.
=covered the error which had been
made regarding the Head under which
the Money the object of this litigation
had been brought to account, he caused
it to be rectified.

3rd That therefore since no un.
=due exaction was practised upon this
Respondent the mere error of title in an
intricated revenue System does not en.
=tail a liability upon the Officers
of Government to be cast in Court and to
pay costs or damages.

Appellant therefore trusts that
the Court upon consideration of these
grounds will allow that appellant
ought not to have had an unfavorable

To the Collr in the Zillah of Masulipatam

Para 1

In answering him in reply to their letter of the 23d ultimo that the Board adhere to their former opinion that S. Veeranah security to the Mokassadars of Arcatoor Villages of the Nedadavole Zemindary did expressly wish to be relieved from his responsibility as security for the Mokassadars being at the same time prepared to make good any balance which might be out standing against the Villages he should have been released from his engagement

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 23d Ultimo submitting the explanation called for by the Board in their Secretary's letter of 6th January last respecting S. Veeranah Security to the Mokassadars of Gotaro Comaravaram and Sorrumpoody Villages of the Nedadavole Zemendary.-

2. In reply the Board direct me to state that while they appreciate the difficulties with which you have had to contend in your attempts to realize the Balance of the Mocaspa Villages above mentioned they feel themselves constrained to adhere to the opinion intimated to you in Mr. Bourdillon's letter of 6th ultimo viz. that if the Petitioner S. Veeranah did express his wish to be relieved from his responsibility as security

security for the Mocaddam, being at the same
prepared to make good any balance which might
then be outstanding against the Villages he should
under such circumstances have been released
from his engagement supposing of course this
application to have been made at the beginning
or end of a fusly and not at any intermediate
period of it. in the case of the Nozzood Zemindar
which your refer it does not appear that that might
can be considered as having given security for an un-
time. From Mr Wroughton's letter 18th October 1837 it seems
that the Zemindar engaged to discharge the Bezoo
arrears within 10 years commencing from fusly
1248 and "at the same time providing for the pay
"of the Current Peishcush regularly." The terms are
vague and general but it may be doubted whether
it was the intention of the Zemindar to guar
the payment of the Government demand upo
the Estate after those ten years had expired or
whether he could with propriety be called upon to
so. In this instance therefore the period of security
protracted was not unlimited nor indefinite.

In the Petition from S. Veeran
now before them, the Board find it stated that

Fort St. George 24th February 1845.

the Berij of fusly 1251. 1252 having been paid in
full the Petitioner solicited in fusly 1253 to be
relieved from further liability and in another
Petition No. 1266 of 1844 it is represented that this
application was made on the 15th September before
any of the Kists of the then year. (Fusly 1253.) had become
due and at a time therefore when his request
might have been complied with without injury to
the current revenue. If this statement be true
the Board are of opinion that his responsibility
must be held to have determinated at that
date and that he should not either in person
or property be made answerable for any balances
which may have accrued subsequently. If on the
contrary he made an attempt to withdraw from
his suretyship until the fusly (1253) was so far
advanced that he had become fairly answerable
for the current Kists he must of course be respon-
sible for any balance which may have been outstand-
ing at its close you will be pleased to be guided
by this principle in any further measures which
you may adopt respecting him. —

Reporting the arrangements under which it is proposed that the Estate of Davercottah should be put on the footing of the Polliems who has attained his majority in December last.

To

J. Pycroft Esqr.

Officiating Secretary to the

Board of Revenue

Fort St. George

Sir

By an Extract from the Minutes of Consultation of Government which accompanies the Board's Proceedings dated the 11th April last sanction is granted for the following arrangements in regard to the Davercottah Estate in this District. 1st. Compensation is to be allowed to the Zemindar at the rate of Rupees 12,696 Twelve thousand six hundred and ninety six Rupees per annum for fusly 1230 on account of Desmook puseroons originally included in the assets on which the permanent Peishcush was fixed, but the Villages of which were given up in fusly 1231 when the Estate was under the Court of Wards, and have never been enforced since the amount of such compensation being taken as a debit against the arrears of Peishcush. 2nd. Interest is remitted on a sum of Rupees 75,500 due to Government on a Bond executed by the late Zemindar on the Estate being made over to him in A. D. 1834, and the property

Fort St. George 24th February 1840.

made over to the present Zemindar on the expiration of his minority, on his engaging, and giving good security for the discharge of the principal in six annual instalments.—

2. The Zemindar's minority expired on the 8th December last, and in that Month I paid him a visit at Sullapelly with the view of ascertaining whether his circumstances were such as to admit of his assuming possession of his Estate under the arrangements above mentioned, of which I had reason to entertain very great doubts, which have been fully confirmed by the result of the Inquiries then and there made.—

3. The balance of Peishcush due on the Estate to the close of the last fusly amounts to Rupees 302934-2-4 which would be more than covered by the compensation for Desmook puseroons which at the rate of Rupees 12,696 from fusly 1230 to 1240 would amount to Rupees 304704 thus leaving a small balance in favor of the Zemindar. But the prospective payments to Government under the arrangements now sanctioned would amount to upwards of Rupees 115700 per annum whereas the resources to the end of fusly 1256 under the Settlement lately concluded as exhibited vis a Memorandum herewith submitted cannot

be estimated at more than Rupees 108863 per annum assuming that the Berry is realized in full without a balance, which the experience of the last two years has shown to be impracticable. It is quite clear therefore that unless some relief be extended to the Zemindar in the shape of a abatement of the cash, he will be unable to retain his Estate for a single year, and we shall be thus merely accelerating the sale which appears to be so much deprecated by the Honorable Court in their Letter quoted in the Board's Proceedings under acknowledgment, by replacing the family in possession only to recommence the same process until the natural course of things again brings the Estate into the hands of Government.

4 But independantly of the Zemindar's liabilities to Government under the proposed arrangements, I found on enquiry that he was indebted to the Nabob of Masulipatam in a sum amounting principal and interest, to no less than Rupees 185,900 for which he had been sued in the Court and a decree had been passed against him for which the Estate would of course have become liable to pay the balance for which it stood answerable to the Government was wiped off. I had therefore to use my best endeavours with

Fort St. George 24th February 1805.

with the Nabob to get him to agree to such a settlement as would give the Zemindar a prospect of eventually clearing off this debt also if assisted by Government and the result of my negociations will be seen in the copy of his agreement which accompanies this Letter, from which it will be perceived that he has consented to strike off no less than Rupees 70,953-8-10 from the total amount on condition of receiving the remainder (Rupees 115,000) by instalments of Rupees 7500 per annum, the interest, which is fixed at the low rate of 4 per cent being receivable by similar instalments after the original debt is fully liquidated.

Enclosure No 2

172 in Enclosure No 2

5 An Azee was addressed to me by the Zemindar under date the 3d January last, Copy and translation of which are herewith submitted, in which after expressing his gratitude for the favorable disposition manifested towards himself and his family by the ruling authorities, he requests that the arrangements under which he may be permitted to resume charge of the Estate may be as follows. 1st that such abatement in the actual Peishcush as may be deemed reasonable and expedient may be granted in consideration of the discontinuance of the Desmook professors and the present depressed condition of the Estate. 2d that he may be allowed to discharge the bonded

debt

Fort St. George 24th February 1845.

Para 17. debt of Rupees 76,800 by yearly instalments of 6,400 Rupees 3d that the Security required for such pay-ments may be dispensed with, the Estate being held answerable for the regular discharge of the instalments and 4th that the Estate may be made over to him, the arrears which have accumulated being written off.

6. That the Peishcush on the Davercottah Estate is disproportionate to the resources of the property appears to be admitted both by the Government, and by the Board of Revenue, who observe with reference to the Statements before them that "under no circumstances has the Estate for a continuous period yielded a profit commensurate with what was expected or intended at the time of forming the Permanent Settlement," and notwithstanding the opinion expressed by the Honorable Court of Directors that "the only remedy for such a state of things is to be found in reducing the permanent assessment," and their apparent readiness to accede to any recommendation to that effect the Board are not prepared to submit a specific recommendation as to the amount of Peishcush to be fixed for the future, being "at present apparently for a ground on which to base such recommendation the idea of "low prices" it is observed, "is

was insufficient ground for reducing the Peishcush on the Davercottah Purgunah, will be brought forward by all other Proprietors." The question therefore of the propriety of sanctioning reduction on such grounds as these is proposed to be deferred until an investigation shall have been made, both into the local causes affecting that Estate in particular and the extent to which low prices have affected not only this Estate, but the whole of the Northern Circars and this investigation was to have been set on foot by the then Commissioner for the Northern Circars whose functions ceased within a few weeks after the receipt of the Minutes of Consultation in which the suggestion was conveyed.

Minutes of Consultation Para 1

7. It is plain therefore that no immediate prospective relief is to be expected if the recommendation is to be based on the causes alluded to above, but it appears to me that the plea which has been already admitted as sufficiently valid to authorize a remission to the amount of 12,698 Rupees per annum for a period commencing so far back as 1830 might personally be considered sufficient to warrant a permanent reduction in the Peishcush to the same amount. It is noticed by the Board that an attempt was made to reimpose the

1 Desmookhpussoonas in 1239 / A.D. 1833-34 only 9 years after the collections had been discontinued but that it was found impracticable. It is quite out of the question therefore, to expect that the Zemindar would be able to carry out any instructions which he might pass for its recomposition after a period of 25 years which has now elapsed since its abolition. Nor it does not appear how under the existing engagements with the renters this could by any means be effected.

8 Should the Government see fit to concur in the view of this case as appears most improbable from the observations contained in Para 2 of the Minutes of Consultation dated 30th March last, and fix the Peishcush to be paid for the future at Rupees 90,000 it is just possible that the Zemindar by strict economy and good management may be able eventually to extricate himself from his present embarrassments but in order to effect this it would be necessary to comply with his request to be allowed to pay off his bonded debt by instalments of 6000 Rupees per annum instead of 12,633 has already sanctioned the payments which he will to them have to make from the provinces of the Estate as shown in the Margin will leave him something more than

Rupees for the support of himself and family and the expences of management, the former of which items alone has heretofore comprized a sum of Rupees 8,400 per annum. It will be observed also from the papers which accompany the Zemindar's Urzee that he has an arrangement in contemplation for the support of his Mother in the event of his obtaining possession of the Estate which this it appears a fair and reasonable one will to a certain extent cripple his resources by depriving many of the poorer of certain Villages upon which he will nevertheless have to pay the full Peishcush to the Government.

Enclosures 1 & 2 in Zemindar Urzee No 3

9 Under the circumstances above set forth, I trust that I shall stand excused in venturing to press the requests contained in the Zemindar's Urzee upon the liberal consideration of the Board as I see no other means by which the benevolent intentions of the Honorable Court in regard to the restoration of the Powercottah Estate to its proprietor can be carried into effect inclusive of the arrangements already sanctioned

Translation of an Arzee addressed to R. T.
Porter Esquire Collector in the Zillah of Masuli-
-patam by Streemunt Rajah Yaurlagyaddah
Ankenaide Bahader Zemeendar of Davurcottah
Purganah.-

Dated 2d January 1845.-

1. My ancestors have from time
immemorial

immemorial, been in the enjoyment of the Zemindary of the said Daaura Colah Purgana and have both formerly during the Moors Government, as well as from the time of the Honorable Company's administration merited the favor and the mercy of authorities and maintained themselves with great respect-ability and honesty.

2. The late Rajah Codundaraz Dasahee who was the father of my grand father had Conducted the administration of the Estate for a long period with great propriety and justice at the latter end of his management, the Circuit Committee then Appointed for the introduction of the permanent settlement into the estates have during the formation of the Permanent Settlement on this Purgana fixed the annual Assessment at a large amount Viz.t Rupees 1,02,690- in consequence of the then Despondiahs who had much influence at that time having by some enmity on certain affairs with the said Codundaramanah given accounts raising the Assets of this Estate to a large amount and accumulating certain irregular items therein which

which circumstances was brought to the notice of the then authorities, at different times by my ancestors. The said Codundaramanah in Fusly 1200, when the Permanent Bariz was settled & represented to the then authorities that the Peishcush on this Purganah was too highly Assessed and that the said Peishcush cannot be discharged by him but departed this life in the same year. after paying only a part of the Peishcush.-

3. Afterwards his eldest son Rajah Vencataramanah and his younger brother Nagasuara Naidoo, being unable to discharge the high Peishcush from the resources of this Purganah, have also paid some Money from their own property yet the Circar Peishcush having fallen in arrear, the Estate was attached at different times, and managed by the Circar under Dumany.-

4. Afterwards my grand father Rajah Ankenada Bahadar obtained possession of the Zemindary and managed the Country for about a period of 22 years during which the prices of Grain being high and the Crops having produced in abundance he was enabled to discharge the Peishcush as much as he could possibly do and in the years in which the resources of the Estate did not enable him to discharge the Circar Peishcush in full he used

to

to contract loans from Rajah Vasireddy Venkat=dry Naidoo, who was an opulent Zemindar, a relation and friend to him as well as from di=ferent Sowcars, then in Masulipatam and discharge the Government Peishcush in full, before clearing the said debts he departed this life on 5th March 1819.-

5. My adoptive father Rajah Sir Doorgah Prasadanaidoo Bahadur being then a Minor, the Management of the Zemindary fell into the hands of the Court of Wards and was managed by them.-

6. During the Minority of my adoptive father the gold and silver orna=ments, as well as other property in the Samastanum, were disposed of in liquida=tion of the debts contracted by my late grand father Ankenade Bahadur, and the debts of certain Creditors cleared; and the rest of the Creditors preferred Complaints in the Court for the recovery of their Debts when upon the Government in consideration of the then impending inquiry to my ancient Ze=mindary, were with great piety pleased to grant a loan of Rupees 81800-1-1 from the Treasury, and relieved the Zemindary against being endangered by them.- Thereupon in Fusly 1239 when the Minority of my adoptive father late Rajah Sir Doorgah

Doorgah Prasada Naidoo had terminated the authorities were then pleased to communicate to him, that, should the amount of arrear of Peish=cush, outstanding against the Estate up to Fusly 1240, be paid by him the Zemindary will be made over to him.- Whereupon he obtained a loan from the Nabob at Bunder, and discharged the arrears of Peishcush in full.- As for the debt of Rupees 81800-1-1 due by him to Government he entered into an agreement with the Circar with Conditions, that he would discharge the same at 12,000 Rupees per annum; and so he obtained professions of the Zemindary in Fusly 1241 but the Estate not having yielded a proper produce during that year he paid the Circar Kists by means of the Collections derived from the resources of the Purganah, as well as by some further loans Con=tracted by him from the said Nabob, and also paid Rupees 6,000 in discharge of the Govern=ment debt but the subsequent Kists not having been regularly paid the Estate was again taken into Circar attachment in the month of May of the same year.- After which his desire for re-obtaining professions of the Zemindary has not been accomplish=ed in consequence of the dreadful famine in the year Nundanah in which the Ryots in the Purganah have almost perished and

the

Fort St. George 24th February 1845

the crops totally failed - In fusly 1243, he (my adoptive father) terminated his existence and since the Estate was taken under Circar Attachment that is to say from fusly 1241 up to fusly 1253, a period of the last 13 years no profit at all was gained from the Estate during the Circar Amany management, nor even the Circar Peishcush paid up notwithstanding they have managed the affairs of the Estate with great care and vigilance but the balance of Peishcush increased to above 3 Lacs and odd Rupees against the Estate which Circumstance is evidently proved to your honor from the accounts in your Huzzoor -

The extra items which had formerly accumulated and gave cause to the annual assessment on my Zemindary are the Rooseums of Dosamookhs Shroffs &c. The Ryots of the Purgunah have continually used to represent to the then authorities that they may be exempted from the payment of those items, and that they cannot pay those Charges, and the Circar were pleased to exempt them from the payment of the same accordingly from fusly 1230, but no remission of those items was granted with the amount of annual Peishcush which circumstance was brought to the notice of the former Collectors as well as to

Fort St. George 24th February 1845.

John Dent Esquire the subsequent Collector and others, but they were pleased to direct that this circumstance will be taken into consideration, and I was hopeful that the Honorable Government will after the lapse of my Minority be pleased to grant an abatement from the said high Assessment and grant me possession of the Zemindary in as easy a manner as possible My Minority expired on the 8th December last.-

8. As your honor have been pleased to communicate to me that the Board of Revenue issued instructions that I should henceforth continue to pay annually the Peishcush on my Zemindary, at Rupees 102690 every year, that I should produce security to discharge the principal amount of the Circar Debt, being Rupees 75800-1-1 at 12,000 Rupees per year, on which the amount of arrears of Peishcush outstanding up to that period against my Zemindary, as well as amount of Interest due to Government on the amount of their debt of Rupees 73800-1-1 will be remitted to me and that the Zemindary will be made over to me in case I should act in the above manner I beg to state hereunder a few Circumstances which I humbly trust your honor will bring into your mature reflection and forgive me for the trouble thus given by me -

9. For the great favor and the benevolent disposition with which the Honorable Government and the Board of Revenue were pleased to issue instructions to put me in possession of my Zemendary I am highly pleased and

Fort St.u George 24th February 1845.-

and indebted for their munificence, and shall
Continue to offer up my fervent prayers to
=mighty God to promote the prosperity and
happiness of the Honorable Government for
ever.-

10

As the Honorable Government was
pleased with great favor to grant a Loan of
Rupees 81,800-1-1 from their Treasury and free
my ancient Zemindary from the embarrassed
circumstances in which it was involved by
creditors, it was expedient that the Loan
question should have been forthwith discha
with interest due thereon, while the same was
the Contrary left undischarged the Government
having shewn their indulgence that they will rem
the interest due thereon and receive only the
=cipal amount of the debt by yearly instalments
at 12,000 Rupees per annum I am exceedingly
overjoyed for the generous disposition and in
=dulgence of the Honorable Government to
the support of my Samastanum.- It is perfec
Clear to your honor from the annual Jama
=bundy Settlements and Accounts of Collection
Fasli that my Zemindary has by the late famine
and the continued drought been reduced to a
very disastrous Condition.- It is likewise plain
to you, that the annual Peishcush stipulated
this Estate by the Circuit Committee is exceeding
high and that the items of Roofsooms to Dea
=mookhs Fasli which were formerly included in
the assets and the Collection of which was
subsequently ordered to be discontinued from
the Ryots and the Collection of which items
for the future is totally impracticable
are still remaining included

Fort St.u George 24th February 1845.-

in the annual Peishcush of the Estate moreover in
consideration of the great falling off in prices of
Grains for some years and the failure of periodi-
=cal rains as well as the consequent falling off
in the receipts of Revenue gradually you were
pleased to visit the villages of my Zemindary
and finding that the resources thereof in
dumany System would not amount to more
that 40 or 50 Thousand Rupees a year have
not spared your able exertions in effecting
to settlement with the Ryots for the rent
of Dry lands on a quinquennial lease at an
annual Bariz of Rupees 1,05,385-13-9- from Fasly 1252.-

11.

It is further to be observed
that the wet lands in this Purganah are very
few the result of which can be no more than
3 or 4 Thousand Rupees a year, notwithstanding
these lands were settled under rent to the c
extent referred to, the Zemindary which is a
almost composed of the Dry lands and the
Crops whereof will not be much prosperous
either when rains are excessive or on failure of
periodical showers combined with a de-
=pression of prices of grains can hardly be
expected to yield a revenue even a Lac of
Rupees in a good year, With regard to debt
contracted by my adoptive father for the
discharge of the Government Peishcush from the

Nabob.

Nabob of Masulipatam, he had brought a suit in the late Provincial Court against my adoptive Parents and a Decree was passed in his favor & against both my adoptive Father and Mother, and Precepts were issued to the Collector to put my Estate to public sale, to satisfy the Demand of his debt on which I made him (Nabob) to postpone the execution of the said Precepts, and to protract to a certain period now the debt due to him including interest amounted to Rupees 186953-8-10. To effect a Mutual Settlement for the discharge of his debt in a convenient manner, and to support the Estate from being injured by his demands, and the Nabob said have both represented our case to your honor. He (Nabob said) has been so liberal as to remit to me 7,000 Rupees from the aforesaid amount of his debt, and the remainder being 116,000 Rupees he has agreed to receive from me by annual instalments at Rupees 7000 per year, after the Honorable Government shall be pleased to grant me possession of my Zemindary, and we both presented agreements respectively in your presence with the instalments referred to above, and with certain other condition to that effect.

12. The trouble you have taken for

for me in arranging matters with him in the manner described above are well known to your honor.

13. Independently of this you are supporting me by granting an annual Stipend of Rupees 8400 for Bootand charges of our Samastanems - besides the Sibbendy charges as well as the occasional repairs to secure the Crops from being injured by freshes of Kristna river. As the present state of my Zemindary Stands thus, I beg humbly to implore your honor to pardon me for the intrusion of my representing to you the following prayer.

14. With reference to the Items of Desmookh Roosoomy &c. for the discontinuance of which the Honorable Government have formerly with pity passed instructions, and which are Still included in the amount of Peishcush, and in consideration of the present impoverished condition of my Zemindary I entreat your honor will be pleased to recommend to the Higher Tribunals for such abatement in the annual Peishcush of my Estate as may seem to you reasonable and expedient, and obtain Sanction to settle the Peishcush accordingly in a moderate manner. By-

15. By granting this indulgence I and my successors in perpetual enjoyment of tranquility, will as long as my posterity continues, be enabled to discharge the Circar Peishcush with punctuality, offering up our prayers to almighty God to prolong your happiness and good fortune.-

16. On granting the possession of my Zemindary to me, I propose from the present delapidated circumstances of my Estate to discharge the Government Debt of Rupees 75,800 by yearly instalments at 800 Rupees per annum, this being a prayer of mine, I beg you will be kind enough to dispose it in such a manner as the dictate of your conscience may admit.-

17. On placing me in possession of my Estate, I shall be bound to discharge the debt due to the Honorable Government regularly by instalments that may be prescribed to that effect, and for which the Zemindary of mine itself stands security. As from the present distressed circumstances of the Estate, I can procure no other security for so large amount of the debt, I beg therefore the Government will be pleased to forgive me in this respect. What I most respectfully entreat your honor is that, you will be

be pleased to cause the annual Peishcush on my Estate to be established at a reasonable amount as represented by me above, get the arrears of Peishcush outstanding against the Estate up to this time to be remitted, and grant me possession of my Zemindary.- By which I am confident, that I can regularly discharge the Circar Peishcush which may hereafter be stipulated on my Estate, together with the principal sum on account of the Government debt according to the stipulated instalments in a regular manner, and continue to live myself with happiness and respectability clearing the other debts and defraying our Bootaud Expences in a peaceable manner. I therefore most humbly solicit your honor, who are my sole protector, who has had a great regard towards the support of myself, and my Samastanum, and who are well acquainted with the state of my Zemindary as well as with my dignity and respect, will with much pity be pleased to take the foregoing circumstances into your honor's candid consideration, and extend your Compassion towards my ancient Samastanum and recommend to the Board of Revenue to grant my requests.-

18. I beg further to state that, as I have submitted separately another arzee on

on this very date, regarding the subsistence which should hereafter be continued to my adoptive Mother, I beg you will be graciously pleased to comply with propositions therein contained, at the time when your honor were about to put me in possession of my Zemindary.-

Translation of an Arzee addressed to R. T. Porter Esq.re Collector in the Zillah of Masulipatam by Streemuntoo Rajah Yaurlagudda Ankenaid Bahader Zemindar of Davaracotah Purganah.

Dated 3.d January 1845.

My adoptive Mother Rajah Stree Doorga Bhavanamah, has not only made me heir to the whole of Davaracotah Zemindary but also by all means supported me upto this time. As my Minority is now expired it is incumbent on me to continue to find subsistence for her as well as for her attendants, but not being able to continue to her the payment of so fixed allowance in ready cash, I have represented the same to her and satisfied her with the following conditions. That at the time, when your honor will be pleased to put me in possession of my Talook, I shall, in place of paying money

for

for her subsistence, cause 2 Villages Viz.z Maingalapoorum, and Paulankapaud, which pay an annual Sist of about Rupees 3,000, to be given over thro' you to her; that I shall pay the Peishcush of the said 2 Villages myself to the Circar, together with that of the other Villages of the Purganah, that she shall, as long as she may live enjoy the profit, which may be derived from all descriptions of resources of the Hamlets, Gardens &.ca Situated within the limits of the said 2 Villages herself, that She has no occasion of paying the Peshcush thereon to the Circar, that should my Talook after it is made over to me, be on any account whatever in any year, taken into Circar attachment, and if my adoptive Mother should then agree to pay herself, to the Circar the Peishcush which may proportionately be fixed on these two Villages, with reference to that of all other Villages of the Purgana, the Circar will be pleased to receive the sist of those two Villages from her accordingly, and retain the 2 Villages under her Management until the Sequestration is removed, that should the Zemindary ever be on any account attached and the 2 Villages retained under her in the above Manner and during such

attachment

attachment should the 2 Villages be taken into the Sequestration, together with all other Villages of the Purganah, the Circar should then continue to pay her separately one third of the amount of the Monthly allowance which may be fixed by them to be paid to my Samastanum, on account of our Bootand charges, and the remainder to be paid to me and that at the time of removing the Zuft and replacing the said Zemindary under my possession, the Circar may deliver over the said two Villages to her again to retain under her enjoyment, and receive the Peish=cush thereof from me in the above manner. With the aforesaid conditions which are economical, with reference to the present circumstances of the Estate, I have satisfied my adoptive Mother, and humbly beg leave to represent that your honor will be pleased to take the contents of this My Petition, as well as those of the Urzee addressed to you, by my adoptive Mother, on the subject into your favorable consideration, and order to act up to the same accordingly.

Translation of an Urzee addressed to R. T. Porter Esqre Collector in the Zillah of Masulipatam by Rajah Yaurlagudda Stree Doorgah Bhavanummah.- Dated 3d January 1845.-

In obedience to the Commands of my husband, I have adopted Ankenad as my Son, I performed to him the matrimonial Ceremonies &c and supported him by all means, with much regard, till he has attained his age of 18 years.-

Now as the Minority of Ankenad has expired, I beg leave to implore your honor, who have undertaken the Support of our Samastanum and ourselves, with much obligation, and Sympathy, and who is our Sincere protector, being fully aware with all the circumstances of the present time as well as the state of our Zemindary to be pleased to adopt such a plan as may render the discharge of the Circar kists practicable without the least impediment hereafter every year, and to enable us to discharge the debts, and to defray the Bootand charges &c without any inconvenience, and grant possession of my Zemindary Estate to the said

That It is generally custom=ry among Zemindars, that a person/male who is entitled to hold posession of the Zemindary Estate, after having attained his proper age, and Crowded with a family consisting of children, the females, such as myself, advanced in age, should live separately in an apartment, with their own attendants So, that it may render conveniences to save or avoid any kind of family dissensions, to secure peace and tran=quillity to each other, and to Spend the time, in a peaceable manner; on the contrary, their living together will tend to raise distinct ideas and dissensions, for which there are several instances known. The said Ankenced having satisfied me with the following conditions, that, from the present cir=cumstances, as he is unable to establish the payment of a fixed Monthly allowance, sufficient for the Subsistence of myself and my

From the Acting Collector of Cuddapah - Forwarding a statement shewing the manner in which the Regular Police of his district is employed and making a report on the subject as required in the Boards Proceedings of the 30th September 1844.-

Sir,

Para 1.- With reference to Extra

from the proceedings of the Board of Revenue

30th September 1844 transmitting Extract from

Minutes of Consultation under date 23d Augu

1844 No. 539, I have the honor to forward the state

therein called for shewing the manner in which

the Regular Police of this District is employ

and to explain with reference to the conclu

part of Para 1 of the Boards Proceedings that

there are properly speaking no armed Peons

this District ie. Peons furnished with arms

by Government.-

2. There are a few muskets and carbines in each Taluk Cutcherry which are given to the Peons who may be on guard at the Taluk Treasury or who may be sent as a guard with the Taluk remittances and who again deposit their weapons in the Cutcherry on their return

Fort St. George 24th February 1845.

return or when going off guard - Most of the Police Peons have swords and dagger their own property, but with the above exception no arms whatever furnished by Government. The term "armed Peons" therefore as applied to any part of the Police force of this District is a complete misnomer which might probably be dispensed with altogether - It appears to have been used from the earliest period in distinguishing the Police Peons from the Attavanee or Revenue Peons and it is very probable that in the first instance it may have been intended to furnish with arms the whole or part of the former Body and maintain them as an armed Force with reference to the notorious turbulence and habits of depredation of the Polegars of this District and their followers the Cuttabady Peons and that the term was so originated but that subsequently the Complete and immediate success of the measures adopted by Sir Thomas Munro for compelling the submission of the Polegars and restraining their followers rendered the measure unnecessary.-

3. The Cuddapah District affords peculiar facilities for the secret assembling of

Fort St. George 21st February 1845.

of large Gangs of Robbers who can and do proceed 40 to 50 Miles to the place fixed acros hills and through Jungles and return again without passing through or near a Village or being seen by any one so to give any clue whereby they could be traced and the prevention of these Robberies or discovery of their perpetrators or even the Checking of them in a great measure is a task of no ordinary difficulty—The Peons at present employed are not found to be more than sufficient for the numerous and Arduous duties required from them and I am not prepared to recommend any diminution of their Number, but on the Contrary would rather wish to suggest that the temporary + Establishment as per Margin which has been employed with advantage for the last 5 years and for which monthly sanction is obtained through the Court of Foujdaree Adalut should be sanctioned as a permanent charge for it is very necessary that the Magistrate should have a small Body of Police Peons available without disturbing the general Police arrangements to be detached to whatever part of the District it may be requisite to send them with a view to the apprehension and

(24) To the Chief Sect. to Government } Sir

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Commissioner in Kurnool furnishing the explanation required in the Extract from the Minutes of Consultation dated 16th November last as to the grounds upon which his present Establishment in the account Department is considered by him inadequate for the performance of the duties devolving on that Department.—

Submitting a letter from the Commissioner in Kurnool furnishing the explanation required by Govt as to the grounds on which his present Establishment in the Accountants Department is considered by him inadequate and recommending for sanction his proposal that the writer in the Judicial Department of his Office whose pay is 35 Rs per month be transferred to the Departt of Accounts on the reduced salary of 25 Rupees and that the remaining 10 Rs be added to the pay of the Translator to secure the services

2. In his letter of the 18th September 1844 the Commissioner applied for two additional writers at a monthly charge of Rupees 50— To meet this charge in part he now proposes that the writer in the Judicial

Department of his Office who receives a salary of 35 Rupees per month but whose services are not required in that Department, be transferred to the Department of Accounts on the reduced salary of 25 Rupees and that the remaining 10 Rupees be added to the pay of the Translator to make it 45 Rupees per month. This increase the Commissioner considers necessary to enable him to secure the services of an efficient person who may be induced to continue long in his Office, his present Translator being about to leave him for a better paid situation in another District.—

3. The Commissioner however does not expect that with the above addition the work in the Department of accounts can be efficiently performed and therefore requests sanction for the employment of another writer on 25 Rupees per mensem—

4. The Board approve the arrangement proposed by the Commissioner as described in Para 2 of this letter and recommend that it may receive the sanction of the Most Noble the Governor in Council and if after further experience it is found that this Arrangement does not sufficiently provide for

for the duties of the Office the propriety of employing the additional writer on 25 Rupees per month, may then be taken into consideration

Sir,

From the Commissioner of Kurnool. Furnishing the information called for in the Proceedings of the Board under date the 2d December 1844 regarding Davastanum Ryots.

Para 1. I have the honor to acknowledge the receipt of an Extract from the Board's Proceedings under date the 2d instant and to furnish the information therein Called for—

2. The Amount of Davastanum Saderuvard (1798-10-7) alluded to in Para 4 of the Proceedings was ascertained by taking an average of the expenditure for seven years, from fusly 1242 to 1248—This Statement was obtained from the accounts of the Curnums in fuslies 1250/51 but only for the Villages in the grose, I have since had it devided on the Individual institutions, as exhibited in Statement No 1 forwarded with

with my letter of the 30th September, and for this purpose was again obliged to have recourse to the Village accounts—

Proceedings Para 6.

3. The allowances paid direct from the Treasury (3779-13-9) do not fluctuate— It was ascertained by Mr. Blane soon after the assumption of the Country that these sums were assigned for the purposes already explained and they have accordingly been paid ever since—

4. With regard to the nature and origin of the Village Saderuvard, whether or no, it ever formed part of the just demand of the Government must still remain matter of conjecture, and whatever it may have been under the old Hindoo Rule, I am inclined to think with Mr. Blane, that under the Mahometan Government it was in reality an Extra assessment. In opposition however to this opinion it must be observed that the Saderuvard seems always to have been designated as a remission from the Revenue, though for my own part I do not attach any very great importance to that, for on the one hand the Government would have no objection to let it be considered as the liberality of the ruling power provided it cost them nothing, and on the other hand the Village Authorities

Fort St. George 24th February 1815

Authorities would be glad to keep up the name of remission because it enabled them to palliate their withholding portion of the Kists, a mode of peculation which was found to be very common under the term Dustaky, but which was always rigor-ously exacted when discovered.—

5. It is true that the late Nawab made a show of fixing the amount of Sader-ward about fifteen years ago, and had it exhi-bited in the accounts as a remission of the Circar demand, but it seems mere delusion to call it a deduction from the Revenue when the standard beriz was so high as to be realized with the utmost difficulty and when the actual Collections (or remissions) on account of Sader-ward were rarely half of what they were rated at. This account however is altogether wanting in many Villages, and in the others the Curnums accounts of actual receipts and expenditure show that the amount varied every year, and was most probably regulated by the facility or otherwise with which the Circar demand was collected. If the season happened to be good, they were enabled probably to keep back a part of the Kists for the Village expences without the deficiency

Fort St. George 24th February 1815

being very conspicuous, but if the Season was adverse there would naturally be a greater difficulty in including the demands of the Government, and the whole resources of the Village would be called into play to satisfy them.

6. The annexed Statement of six Villages taken entirely at random, exhibits, first, the Iyen beriz and the deduction from it on account of Saderward according to the accounts prepared by order of the Nawab, as abovementioned, and secondly the average actual Collections of seven years both on account of Iyen and Saderward. From this it will be seen that the Collections on account of Saderward do not approach to any thing like the amount fixed, except in the Village of Yelgode, and singular enough in that very Village the deficiency in the Circar Collections is the greatest, but this apparent anomaly is explained by the fact that of the 139-"—6 in Column 4 — only 27—12—6 is for the Village Saderward, the remaining 111—4—0 being for "Pakareer" or the pay of the Circar Servants.

7. As the Statements already furnished have been prepared on an average of seven years, it is presumed that an average for ten years is not now required, the accounts for the additional three years can only be prepared in the same way as the other seven have been, and would require a considerable time

From the Pl Collr of Madura—

Sir,

As desired in your letter of the 20th Instant I have the honor to forward an authenticated copy of the Proceedings of the Fouzdary Adalut of the 14th Ultimo as furnished me, this day by the Civil Court—

Madura——
29th January 1845

(Signed) J. Blackburne
Pl Collector

Extract from the Proceedings of the Sudr Adalut under date the 11th December 1844.—

Read communications—dated 22d October last and 2nd Ultimo from the Civil Judge of Madura requesting instructions in regard to the mode of proceeding to be adopted in Original Suit No. 9 of 1843 on his file—

The Suit in question is stated to have been instituted by one Mootoo Veerayee Nachyar to recover, with various other items, possession of the Ramnad Zemindary and doubts have occurred to the Civil Judge whether, in conformity with the request of the Plaintiff it

Fort St George 24th February 1845

it is competent to him to interfere to pre=
=vent the Management of the Devastanum
of the Estate being entrusted to the husband
of the Minor Heiress, who is also her Guardian
under the Court of Wards, as recommended
by the Principal Collector of Madura; on=
which point, therefore the opinion of the
Sudr Adalut has been solicited.—

The Civil Judge explains that
it does not clearly appear from the plaint
that the property belonging to the Pagoda
and Choultries in question forms part of the
Zemindary under litigation, but that an=
inference may be drawn from a motion=
presented by the Plaintiff to the effect that
the sum sued for, includes the annual=
produce of the Villages attached to the Pagoda
and Choultries.—

3. The Civil Judge also reports
that the request of the Plaintiff above noted
is supported by the production of an Authenti=
=cated Extract of Sudr Adalut proceedings
dated 2nd May 1842 tending to shew that in
the opinion of the Court Pagodas and
Choultries form a component part of a
Zemindary whereas in a Return submitted by

Fort St George 24th February 1845

by the Principal Collector of Madura, that=
Officer represents that he has made the recom=
=mendation with the execution of which the
Plaintiff has solicited the Court to interfere, on=
"because he does not look upon the Devastanoms
"as in any way the property of the Heiress or on=
"forming any portion of the Estate for, on the=
"contrary such endowments are alienations on=
"irresumable and that therefore Section IX Regu=
"=lation V of 1804 in no way bears upon the recom=
=mendation made by him"—

4. The Civil Judge remarks that
under these circumstances the question appears
to be whether the said Devastanoms form a
part of the Ramnad Zemendary or not; if they
do the Civil Judge is of opinion that the
Principal Collector's recommendation that the
Management of them should be entrusted to the
husband of the Minor heiress, is contrary to=
Section IX Regulation V of 1804 which declares
that Guardians of Minors are not eligible to
be appointed Managers of the property of the
said Minors, but if as the Principal Collector
observes, the Devastanoms do not form any=
portion of the Estate, the interference of the=
Court to prevent that recommendation being

carried

carried into effect, is unnecessary.—

5.— On reference to their proceed=ings dated 2nd May 1842. the Court find that the analogy between the case therein disposed of and that now brought to notice is not complete the Zemindar adverted to in those proceedings was not in possession and therefore the Pagodas, an appendage to the Estate, were not placed in his hands. In the present instance the case is otherwise and the Court would not interfere, assuming the proper jurisdiction to exist with the wishes expressed by the Principal Collector.—

6 They think the Guardian contemplated in Section IX Regulation V of 1804 is not such a person as the husband of a Minor and in their opinion no person could more properly execute the trust, these Pagodas ought to be with the Ranee in possession of the Estate.—

Ordered that Extract from these proceedings be sent to the Civil Judge of Madura for his information—

from the Minutes of Consultation of the 1st November 1842, I have the honor to enclose Copy of a Decree passed against myself as the 3rd Defendant in the Suit No. 74 therein adverted to—As the reasons set forth in the said Decree appear to me to be insufficient, I beg to request the Board will be good enough to grant me the required authority to appeal against the same in the Civil Court at this station on the grounds detailed in the accompanying Draft of an appeal Plaint at the public expense—

The other two Suits Viz. No. 45 and 76 alluded to in the Minutes of Consultation above quoted were decreed with costs against the Plaintiff—

As only 26 days from this date remain of the period allowed by the Court for the purpose of preferring an appeal, I shall feel obliged by an early answer to this Communication.

3. H. V. Conolly Esqre the Collector of Malabar by Vakeel Sooria Narain Shastry and afterwards Amboo Podwall—

For the recovery of new fanams 521-as and Veshoms 3/ Rupees 118—14—7/ being the price of Paddy belonging to Plaintiff unlawfully attached and sold in 1016/1840/41 for arrears of Revenue due by Teke Edapamvittil Echoo Nambiar—

1. The Plaintiff stated that he had deposited in a granary belonging to him called Kollata Kallam, 612 Parrahs and 4 Edangalies of Paddy, whereof 612—4 had been received by him from Ponamkavil Shangoo Nair, in discharge of obligations due by him, and 200 Parrahs from another party, that the said Shangoo Nair had, in the year 1016/1840/41 raised a Crop upon four fields assigned to him by Teke Edapamvittil Echoo Nambiar, that the 1st Defendant unlawfully required the said Shangoo Nair to discharge an arrear of revenue due by the said Echoo Nambiar for the year 1015/1839/40 and that Shangoo Nair having refused to make the payment, the 2nd Defendant, on

Fort St. George 24th February 1845

on the 7th kanny 1016 / 21st Sept. 1840. / placed a guard over the aforesaid Paddy and the 1st and 2nd Defendant without giving him / Plaintiff warning on the 15th / 28th of the same Month, removed his Seal from the granary, had the lock opened, represented to the 3d Defendant that the quantity of Paddy in the granary was less than what has been above specified, and in Meenom / March & April of the same year caused it to be sold - The suit was therefore laid for recovery of the Value of the Paddy -

2. The 1st and 2nd Defendant failed to appear after issue of the required notifications -

3. The 3rd Defendant answered that Echoo Nambiar was the Plaintiff's anandravan, that on account of Arrear of Revenue due by him for the year 1015 / 1839/40 his Crops for the Year 1016 / 1840/41 had been laid under attachment; that he nevertheless in defiance of the attachment, reaped and carried off the Crops of the fields under his immediate Management; that Shangoo Nair, who had been employed by him to Cultivate four of his fields, in like manner, notwithstanding the attachment, carried

carried off the Crops thereof and deposited them in the Kollata Kallam, the granary mentioned in the plaint, that in consequence the said Paddy was attached and sold, that the quantity found was 364-4 which on being dried fell to 347, whereof after making deductions for expences incurred, 337-7 was the amount actually brought to sale - and that Plaintiff altho' repeatedly called upon to open the Store, would not attend for the purpose, whereupon it was opened in the presence of 30 people. -

4. The Plaintiff in reply denied that Echoo Nambiar was his Anandravan, and insisted upon the amount of Paddy in the granary being what had been set forth in the Plaint -

5. The 3d Defendant rejoined -

6. Plaintiff cited two Witnesses, 1 Pa=nangavil Shangoo Nair, and 2. Vengat Ramen Nair, who were examined and filed the following documents -

1. Duplicate Petition presented by Shangoo Nair to the 3d Defendant on the 27th Mithoonom 1015 / 9th July 1840. bearing an endorsement by the 3d Defendant dated the 23d kirkadagom 1015 / 5th augt 1840

Fort St. George 24th February 1845

2 Order by the 3d Defendant on a second Petition from Shangoo Nair passed on the 6th Toolam 1016 / 20th October 1840.

3. Duplicate Petition presented by Plaintiff to 1st Defendant, first on the 13th / 27th and a second time on the 14th Kanny 1016 / 28th September 1840 bearing an endorsement by the 1st Defendant dated 16th / 30th of the same Month—

7. The 3d Defendant cited 4 Witnesses 1 Pelatedatavettil Eresha Menom, 2 Tekkepattil Teyah Menom, 3 Erikatil Tapoo Coorpoo, and 4 Vadakenjagatha Ramen Nair who were examined and filed the following document—

4. A written declaration by 30 persons Certifying the circumstances under which the granary in question was opened, and the quantity of Paddy therein found, dated the 14th Kanny 1016 / 28th Septr 1840

5. Communication from the 1st Defendant to the 3d Defendant asking for orders as to the disposal of the Paddy dated 26th Kanny 1016 / 9th October 1840

6. Ayadasht by 1st Defendant respecting the sale of the Paddy dated 13th Meenom 1016 / 24th March 1841

8 It appears by the 3d Defendants Endorsement in Exhibit A 1 that on

Fort St. George 24th February 1845

enquiry being made thro' the Talook Officers it was ascertained that Shangoo Nair, raised the Crops which form the subject of this Suit under a lease from Echoo Nambiar, a fact which is Confirmed by the 1st Defendants endorsements in Exhibit 3 and his Report No. 6. as also by the Statements of the 2nd 3d and 4th Witnesses for the defence—

9 It is not material to the issue of the Suit to know whether Shangoo Nair had a money claim on the land, as the circumstance of his having raised the Crops as a tenant on lease would equally give him a title to the said Crops—

10 The question is whether these Crops were liable for arrears of Revenue due by the lessor Echoo Nambiar. The Court thinks they were not saleable—

11. By Section V Regulation XXVII of 1802 "the property of the defaulter" may be attached for his arrears of Revenue, and by Clauses 1st and 2d of the Succeeding Section his "landed estate shall be regarded as the security of the Public revenue" but he is to be allowed the option of yielding up "his personal property, or a portion thereof, to discharge

discharge the debt in preference to the sale of his land.

12. The land and the Crops thereon form two distinct items of property which may belong to distinct individuals. The Crops undoubtedly are the property of the tenant who raised them, and cannot be viewed as belonging to the lessor. He has no other Claim connected with the Crops than that of rent, which the lessee may provide for out of the Crops or out of any other effects he may possess. The utmost as it appears to the Court, that could have been to have warned the tenant against paying his rent to the lessor and to have enjoined him to transfer it to the Government's Officers in discharge of the lessor's revenue debt; and to this length alone it would seem from the 3d Defendant's endorsement in Exhibit No 1 was it at first contemplated to press the revenue demand, as the 3d Defendant observes therein that it can be no matter of grievance to the Petitioner /Shangoo Nair/ if Paddy to the amount of his rent should have been laid under attachment for the purpose of meeting the revenue demand against the Jenmakaren.

The

13. The Court is thus of opinion that the Plaintiff is entitled to reimbursement for the value of the Paddy attached and sold as liable for the arrears in question.

14. As regards the quantity of Paddy to be accounted for, it has been proved satisfactorily on the defence that when the store was opened there was no more than has been mentioned in the answer, and the Plff has produced no evidence of a contrary tendency, or such as is calculated to shew that any of Paddy was abstracted from the granary during the Six days preceding the opening thereof, while the granary was under charge of the Revenue Officers.

15. As to the Plaintiff's non attendance at the time of the opening of the store, the Exhibit No 4 makes it evident that he had been in vain Summoned to attend, and as the act was performed in the presence of 30 people, including the chief local Servants of Government and the Principal inhabitants, there is no room for thinking that the proceeding was otherwise than a fair, open, and public one.

16. The justness of the rate at which the Paddy has been valued by the Plaintiff has not been called in question.

The

Fort St. George 24th February 1845

17.

The Court therefore Decrees that the 3d Defendant do pay Plaintiff Rupees 84-6 as the Value of 34.7 Parrahs of Paddy removed from his granary and costs with the exception of such as have arisen on the sum disallowed.

No. 2

To

The Civil Court

in the Zillah of Calicut

The appeal Petition of Vakeel Ambon Pothwall in behalf of the Collector of Malabar, the 3d Defendant in O.S. No. 74 of 1842, on the file of the late Zillah Court of Malabar.

The Subordinate Court of Calicut having investigated the suit preferred by on Colalapanvittil comarshen Nambiar, the Plaintiff in the aforesaid Number, against the Collector of Malabar and others, for the recovery of Rs. 148-14-7 as being the value of Paddy attached and sold to satisfy arrears of Revenue, passed a decision under date the 13th December 1844, adjudging the Collector to pay the Plaintiff Rs. 84-6-0 the value of 34.7 Parrahs of Paddy which was proved to have been attached and sold together with costs, with the exception of such as have arisen on the amount disallowed. Being dissatisfied with the above decision the Collector begs to prefer this appeal in order to obtain a reversal of the same.

2. The principal arguments set forth in the Decree are, that there is proof of the

Crops.

Fort St. George 24th February 184

Crops attached and sold having been raised by Panangavil Shangoo Nair on lands which he had sub on rent from the Revenue defaulter Echoo Nambiar. That the Crops question could not be held responsible for the Nambiar's arrears of Revenue. that they ap- tain to Shangoo Nair. that the land and the Crops thereon form two Distinct items of pro which may belong to distinct individuals. the the Crops undoubtedly are the property of the tenant who raised them & cannot be viewed as belonging to the lessor. that he has no cla claim connected with the Crops than that o rent, which the lessee may provide for, out of the Crops or out of any other effects he may possess. that the utmost that could have been legally done would have been to have warned the tenant against paying his rent to the lessor, and to have en- enjoined him to transfer it to the Govern- ment Officers in discharge of the lessor's Revenue debt, and that to this length alone, it would seem from the Collector endorsement on Shangoo Nair's Petition was it at first contemplated to prop the Revenue demand, as he observes therein that it can be non matter of

grievance

Fort St. George 24th February 1845

grievance to the Petitioner if Paddy to the am- amount of his rent should have been laid under attachment, for the purpose of meeting the revenue demand against the Jenmakars.

3 The chief points to be ascertained in this case are, whether Shangoo Nair possessed as he asserts, any sort of claim on the lands, and whether his assertion that he had previous- ly given the Paddy to the Plaintiff, comathen nambiar, is entitled to credit, and also whether there was reason for the Paddy in question being attached and sold for the arrears of revenue, due by Echoo Nambiar.

4 With reference to the principal observation in the Decree that agreeably to the endorsement made by the Collector - the 3d Defendant on Shangoo Nair's Petition, the revenue demand should only have amounted to the extent of the Pattom due by him to Echoo nambiar, it is to be remarked, that when Shangoo Nair presented a Petition to the Collector under date the 27th Muthoonom 1015 July 1840 stating that it was a matter of regret to him that the Tahsildar should have given an order that the Crops of the Crady and 3 other landlords appertaining

Fort St. George 24th February 18

appertaining to Echoo Nambiar and which h
had obtained from him on lease should have
been threatened to be seized for the arrears
of Revenue due by Echoo Nambiar, It was
forwarded to the Sahook, and from the answ
of the Tahsildar the 1st Defendant, on the
back thereof it appeared that Shangoo Nair
who held the 4 lands belonging to Echoo Nam
merely on Veroom Pattom, was induced by a
simple lease
Comashen Nambiar, to present the Petit
Relying on this answer, an endorsement
as aforestated was made on the 5th Augu
1840 on Shangoo Nair's Petition, to the effect
that it can be a matter of no grievance to
him if Paddy to the extent of the Veroom
Pattom due by the Petitioner to Echoo Nambi
should have been laid under attachment; but
it was not given with reference to Shang
Nair's Veroom Pattom title on the Lands in
question having been established nor to
any documents produced by him in suppo
of his assertion - In elucidation of this po
it is to be observed, that in the answe
filed in the original Suit it was stated, th
Echoo Nambiar had caused Shangoo Nair

Fort St. George 24th February 1845

to manage the Lands, but it was not ad
admitted therein that they had been given
to him on Veroom Pattom tenure.

5 Subsequently to the endorse
=ment above stated, the said Shangoo Nair
presented another Petition under date the 31st
13th August 1840 alleging that it was
a source of grievance to him that the
crops of the Lands should have been thus
appropriated for the revenue, and that
possessed Canoum claim on the Lands in
mortgage
question - To this Petition an answer was
returned on the 20th October 1840, to the
effect, that since the Puttadar of the Lands
owed the Government arrears of revenue on
their account, the Petitioner had no reason
to obtain them on Dervia avagashom
money claim
without first adopting measures for their settle-
=ment, that in the Petition first presented by
Shangoo Nair no allusion was made to his
possessing any Dervia avagashom on the
Lands in dispute, that for the arrears of
Revenue and future assessment of the Lands,
both the latter and their produce were equally responsible
and that, therefore, should they not be discharged
the produce would be sold and the proceeds
realized

Fort St. George 24th February 18

realized for their satisfaction. This answer
filed as a document in this case. Had th
Subordinate Judge duly considered the under
=mentioned circumstances, as well as the fa
of Shangoo nair not having shewn in his fo
Petition what claim he possessed on the lan
in which the Crops attached and sold had
been raised and of his having admitted in
his own Deposition that there was no
evidence either circumstantial or documen
=ary to prove the Panchum / Mortgage claim allude
to, in his subsequent Petition and in the
Depositions given by himself and the Plain
before the Court, the Judge would have been
convinced that the 1st Order endorsed on
abovementioned, on Shangoo nair's Petition, wo
virtually cancelled by the tenor of the 2nd
that Shangoo nair had no vercom Patto
or Panchum claim on the lands in quest
and that he was conducting the
cultivation merely as the Kariastan / servant
of the Plaintiff and Revenue defau

Cchoo Rambiar.—

6. The Court will

determine

Fort St. George 24th February 1845

determine whether the subordinate
Judge was justified in considering the
answer to the 2nd Petition presented
by Shangoo nair, - which is very material
and applicable to the case - as altogether
nugatory and to have observed in the
9th Para of his Decree, that it is
not material to the issue of the suit
to know whether Shangoo nair had a
money claim on the land in question.

7. In answer to the 3rd question
put to him during his examination before
the Sub Court, Shangoo nair stated, that
in Poolam 1015 / October & Nov. 1839 he obtained Panium tenure the
4 lands - in which the crops attached had been
raised from one Ecddapanneittil Ettookvila
Amah with whom the Plaintiff had
Poolah Saimandom / a relationship
requiring the observance of mourning

on her death / for the sum of 100 Pon Gold fanams, that he cultivated the lands that year, that on Poolam 1016 Octr. / 1st Nov.r 1840 said female returned the abovementio=ed sum of 100 fanams and that sub=sequently in the same year he obtained the lands again on veroom Pattom or simple lease, - Whereas, in his answer to other questions put to him, he stated that he ha obtained the lands on veroom Pattom as aforestated from this very female Ettookowila amah, that this female was the maternal aunt of the Revenue defaulter Echas Nambiar, that in Chingam 1015 Augs. & 7bre / 1840 he

Fort St. George 24th. February 1845

he paid her 50 parahs of Paddy of his own (on account of his Pattom on the land) for the succeeding year 1016 / 1840/41 - after deducting the co= interest on his Panayam / mortgage amount, and the govern=ment assessment. -

The report of the 1st Defend=ant, the Tahsildar, that Shangoo Nair held the land on Keram Pattom was dated the 12/25 Kark.dagum 1015 / July 1840 and the answer en=dorsed on the strength of that report, on Shangoo Nair's Petition to the Collector, bears date the 23d / 5 Augt 40. of the same month and year. But since Shangoo Nair himself in his Deposition asserted that he held Panayam Claim on the lands till Poolam 1016, / Octr. 1st Nov.r 1840 and that it was after that period only that he obtained them on Veerom Pattom tenure, it is clear, that he has plainly admitted not having had the lands on Veerom= Pattom tenure, either when the 1st De=fendant reported as above, or when the 3d Defendant gave the answer. It is therefore on a claim which Shangoo Nair does not adduce himself, that the Subordinate Judge has laid so much

stress

Fort St. George 24th February 1845.

streſs. It is customary for lands to be obtained on Veerum Pattom after the reaping of the Crops in each year Viz.t in about the months of Nagarom (Janbary & Febry) Koombhom (Feby & March), but Shangoo Nair states himself to have obtained the lands on Veerom Pattom, for 1016/1840-41 in the Month of Soolam (Octr & Novr) of the same year, and represents that the Pattom due by him for 1016/1840-41 was discharged in Chingum (augt & Septr) 1015/1840 two Months previous to the reaping of the Khanee (Septr & Octr) Crop and further that he obtained the lands from Sttookowilamah instead of from Echoo Nambiar who is the Pattadar thereof; but he did not prove, by any circumstantial or documentary evidence, his having thus obtained the lands on Veerom Pat= =tom, nor did the Court put any ques= =tion to him on this point — Shangoo Nair admits that he had paid to Sttoo= =kowilamah only the Balance of Pattom after deducting the interest on his Mortgage amount and the Government dues - and the Plaintiff also admits in the Plaint itself that for the 48 fanams

Fort St. George 24th February 1845.

fanams due by Shangoo Nair as revenue on the said 4 lands for the year 1016/1840-41 and which the Plaintiff undertook the payment of according to the usual lists, the said Shangoo Nair gave him 62 Parras and 4 Seers of paddy - The fore= =going circumstances, under which either Shangoo Nair or the Plaintiff should be held answerable for the Arrears of revenue, as well as the fact of the Sub= =ordinate Judge not having considered these circumstances, are matters for the special consideration of the Court.—

8. Even, if it is considered as re= =marked in the Courts Decree, that the Crops were the property of Shangoo Nair, and that the Revenue demand should have amounted only to the extent of his Pattom, still, it is to be observed, that in Shangoo Nair's deposition he states that the Crops, in the whole, amounted to 450 Parrahs of Paddy and the Pattom was 200 Parrahs - 450 Parras being thus admitted to have been the quantity of the Crops, the Veerom= Pattom

Pattom which is a moiety thereof would amount to 225 Parras, and since this could have, without any doubt, been attached and sold by the Sircar for the arrears of Revenue due by Echoo Nambiar, it is difficult to conjecture how the Decree adjudges payment of the value of 347 Parrahs, the whole of the Paddy said to have been taken, and since Shangoo Nair himself admits the Crops to have amounted to 450 Parrahs, it is highly probable that they amounted to more than that quantity.—

9. Two Witnesses appear to have given testimony in behalf of the Plaintiff. One is the aforesaid Shangoo Nair and the other Vengaat Ramen. They are both the creatures and dependants of the Plaintiff. as an illustration of this fact, the aforesaid Persons would appear to have been cited as Witnesses in several of the Suits instituted by the Plaintiff previous to this in the Courts of justice.—In his answers to the 12th and 13th queries put to him when Examined before the Court, Shangoo Nair explicitly admitted that he had,

on former occasions, given evidence in behalf of the Plaintiff in the Salook Cutcherry, and the Moonsiffs Court Jrs but states that he could not recollect how often he did so, and that the Niece of Echoo Nambiar was his Paramour. Besides this, the depositions of the aforesaid two Witnesses contain several unnecessary matters, and discrepancies as to the Spot where the Paddy was measured, and as to the dealings alleged to have existed between them and the Plaintiff. Independent of which, in the Bill of Plaint and in the Plaintiffs deposition it is clearly admitted, that 62 Parras & 10 Seers of the Paddy mentioned in the plaint were given him by the 1st Witness Shangoo Nair on account of the Government Negady, while Shangoo Nair, on the contrary asserts, that he had given the whole of it on account of his debt to the Plaintiff. The Plaintiff did not produce any other Witnesses than these two, or any documents to prove that the paddy was his own property and what was its actual quantity. The Subordinate Judge himself rejected, as false, that

Fort St George 24th February 1845

that portion of the Statement made by
the Plaintiffs Witnesses which exag=
=gerated the real quantity of the paddy
In the Petition which the Plaintiff
originally presented in the Zilla
Cutcherry, and which he fix=
=ed in the Court, the quantity
of Paddy laid under attachment
is said to have been under 1,000 Par=
=ras, while, in the Bill of Plaint in
this suit it is stated to have been
612 Parras, &c and the quantity a=
=scertained upon alledged proof, is 34 7/8
Parras- The Subordinate Court did not
take these gross discrepancies into Consid=
=eration, since such are the real facts of the
Case, it cannot be conjectured how it could
have been decided that the value of the Paddy
attached and sold should be paid by the 3d Defend=
=ant to the Plaintiff, who it would seem, had
no right to institute the Suit.-

10. In the arzees presented by the 1st & 2d Witnesses Shan=
=goo Nair to the Collector bearing dates the 27th July
Muthoonum and 31st Karkadigom 13th August, it was admitted,
that at that time the Crops therein alluded to
were laid under embargo by the Sircar,

Fort St George 24th February 1845-

and in the answer given by the 3d Defendant
to the last of the said Arzees it was finally
declared that the crops would be taken for
the arrears of Revenue- Of the 280 2/16 Fanams due
by Echoo Numbiar as Regady in Ishwara Man=
=galum Eunshom he paid only 16 and odd fanams
leaving a Balance of 263 7/16 Fanams- When the
crops were placed under embargo as above
stated, on account of that Balance, the Plaintiff
in direct opposition to the spirit of Section XVI
and XVII Regulation XXVIII of 1802 and in
violation of the Sircar order caused Shangoo
Nair and others to reap and carry away
the crops in question and afterwards fictitiously
asserted that Shangoo Nair gave him the Paddy
on account of his debt to him- Although the
aforesaid Regulation XXVIII of 1802 has been
enacted principally with the intention of
giving certain limited powers to Proprietors
of lands over their tenants still, Clause III
Section VI Regulation XXVII of 1802 declares
that the above enactment should also be
made applicable to cases of attachment
by the Collector for arrears of Revenue- Had
the Subordinate Court duly considered
the spirit of the aforesaid Regulation,
it would have perceived that there
was no reason for Shango Nair to give the

the Plaintiff nor the latter to receive from the former the paddy laid under embargo for the arrears of Revenue and that there were grounds for the dismissal of the suit.

11 Independent of Shangoo Nair having stated in the original examination held by the Talook Officers that he had carried away the Paddy in question in contravention of the Circar orders, he admitted in his trial before the Court that he had sold 37 and odd Parrahs of paddy and taken the proceeds thereof for his expences hence and under the foregoing reasons there is not the least doubt that the crops in question were liable for the revenue arrears, and consequently such quantity of paddy as was found at the time was attached and sold by the Circar should however Shangoo Nair have thought he had suffered a loss the proper course would have been for him to bring an action for it against Echoo Nambiar

12. With regard to the observation in the 12th para of the Decree that the Revenue Defaulter Echoo Nambiar had no claim whatever on the crops sold to meet the Government Demand it is to be remarked that agreeably to the tenor of the Regulations a land and its

its produce being equally liable for the Government assessment, those who obtain it on Pattom or on any other tenure should first ascertain whether there is any arrears of Revenue against the same as is the prevailing practice throughout the country - Any loss which the lessee may sustain from the land or its crops being made responsible for arrears of Revenue due previous to his obtaining the land must either be borne entirely by himself or recovered by an Action against the real defaulter the originator of this loss.

13. It is a prevailing custom of long standing and consistent with the Regulations to make the land its produce and all other property of the defaulter, answerable for the revenue. That such is also the Boards intention appears in their letter of the 18th May 1835 - It is for the arrears that may remain after deducting the amount realized from the total assessment due by a tenant on his lands Gardens, houses and toddy Knives, that his property is attached - The property thus attached is either the produce of Lands and Gardens, or any moveable property appertaining to the defaulter - Altho the Regulations

Fort St. George 24th February 1845

Regulations declare the lands to be responsible for the Government Assessment still in Section V. Regulation XXVI of 1802 it is enjoined that if the sale of a land is necessary for realizing the arrears of revenue, it should only be made with the sanction of the Board - and letters have been since received from the Board directing rigid adherence to that enactment - In case the sale of the land itself is at once determined any claims that may be brought forward while the land is laid under attachment would occasion great delay in the realization of the revenue arrears - It is under this circumstance that the produce of the land is as far as possible made answerable for the revenue; But the Decree in question which is diametrically opposed to this custom which has obtained for a series of years without any remonstrance on the part of the Ryots would now lead them to the impression that the crops liable for the arrears of Revenue, cannot be sold for their satisfaction merely in consequence of an allegation that they were raised by another individual - If such an impression is made on their minds great hindrances towards the realization of the Government dues

Fort St. George 24th February 1845.

dues will be the result.

14 In a letter from the Court of Sudr Adalut bearing date the 17th May 1832 it is laid down that when a land is sold in satisfaction of a Civil Debt the proceeds can be paid to the creditor only after deducting the Government assessment and this practice is invariably observed - It is difficult to conjecture why the Subordinate Court did not consider the above injunction and practice.

15. The Plaintiff's assertion in his examination before the Court that the Revenue Defaulter Echoo Nambiar is not his Nephew is altogether false It is notorious that Echoo Nambiar is his Nephew and besides this in his deposition before the Cootnaad Tahsildar under date the 20th April 1840. relative to the arrears in question Echoo Nambiar stated that "he had some "outstanding money at Mangarah to recover "that his uncle Damodhen Nambiar had "proceeded thither for the purpose of recovering the amount, and that when it was "received, he would pay off the whole "of the Lists in arrears."

16. The Court on consideration of all the abovementioned circumstances will see

be convinced that by the evil persuasion of the Plff. his Nephew Cchoo Nambiar pay'd only 1/8th of his Negady leaving the whole of the remainder in arrear, that the crops of 4 lands which were included with those put under embargo, were, with the Knowledge of the Plff and in the Night time deceitfully and forcibly caused to be reaped and carried away by Shangoo Nair that since the paddy thus removed was justly attached and sold by the Cirkar the suit alleging that they were given to the Plff by Shangoo Nair on account of his debt to him is utterly false and groundless, that it was not possible to substantiate the allegations in the Plaint by any documentary evidence the Plff caused the 1st Witness Shangoo Nair, - a person connected with his family and who had given evidence on several former occasions in Suits prefer'd by the Plff, and who is like his own servant as well as the 2d Witness Ramen an inhabitant of Calicut and who has been for some time past his dependent to give testimony according to his suggestions and that the Subordinate Court passed the aforesaid decision without considering the former character of the above Witnesses and the Plff, the gross differences in their statements the

the many reasons above stated, and the circumstances of the Plaintiff not having found any other Witnesses in his behalf besides the two aforestated notwithstanding there were many persons on the spot at the time

It is therefore prayed that the Court will be pleased to refer to all the records connected with the original Proceedings of the case, hold any further investigation thought necessary, reverse the original decision, and order the return of the costs incurred by the Collector.

Para 1. I have the honor to transmit herewith the usual Statement* shewing the Gross Collections, Charges, and Net amount derived from the different Sources of Extra Revenue of this District in Fasly 1253. 2. The Gross amount which the Salt Monopoly yielded in the year under review, fell short of the sum realized in the (Antecedent) Fasly by Rupees 32,302—4—1. Of this decrease Rupees 13,845—9—1. occurred prior to the provisions of Section 43 of the Act No. VI of 1844 having come into operation, and Rupees 18,456—11—" subsequent thereto.- The quantity of Salt which should, on an average.

Had the average quantity been sold, the result (calculated at the former rate) would only have been a decrease of about 14,500 Rupees below the Gross Revenue of 1252/1842/43. when, it is to be recollected, there was an increase of Rupees 21,125—10—1.—

Decrease 584—248—1½

By the accompanying †Statement it will be perceived, that there was a decrease of 584—248—1½ in the total quantity of Salt sold in 1253/1843/44. of which 367—348—9½ is on account of sales for exportation to other Districts and 236—299—3¾ on account of those for Home consumption. both were affected by the increase of Price already noticed.— The decrease which occurred in the early part of the Fasly, owing to the inland markets being at that time overstocked, as would it was expected, have been made up, but for the rise in the price. A great number of Bullocks which had come down for this necessary of life before the close of the fair season, returned unloaded.— in short no more than 43 Garce was

4. The impoverished state of the Gollahs towards the close of Fasly 1252/1842/43. noticed in the 3d. Para of my report dated 29th January 1844, rendered it indispensably necessary to take measures to ensure a supply at the earliest opening of the (last) Season. this was only to be accomplished by offering prices rather above the ordinary scale. Even this had not the effect of securing an adequate supply, for no more than 2511—154—6. was imported— and the price paid for the same averaged Rupees 35—11—7 7/100 per Garce, whereas the average Price of 1252 was only Rupees 31—1—7 70/100— Hence the increase of Rupees 2,217—2—1. in the charges for purchase.— To explain the difficulty which was experienced in procuring an adequate quantity of Salt, at the same favorable rate that it was purchased in former years, I beg to submit to the Board Copy of the correspondence noted in the Margin.—

5. The increase of Rupees 140—6—0. in the "charges of superintendence and sale" applies to the item of "Extra Charges," partly arising from repairs made to the Gollahs and partly for making Purrah measures equal

equal to an Indian Maund.—

6. The excess in the charges above noticed, amounting in the aggregate to Rupees 2,357—8—1 added to the decrease in the gross Collection, have produced a deficit in the Net Revenue of Rupees 34,659—12—3.—

7. In a fluctuating branch of Revenue which yields nearly 5½ lacs, the difference of a few thousand Rupees will not be deemed of such importance as to require particular explanation. although the Gross Collection of 1253 is below that of 1252 by Rupees 6,118—5—8; it will be seen that it is above that of 1251 by Rupees 14,643—15—8.—

8. In the "Charges for purchase" there is a decrease of Rupees 11,606—5—9—It would seem that the Principal Collector of Coimbatore has been enabled to effect a +further reduction in the price paid for the Tobacco supplied for the use of the Malabar

9. The excess of Rupees 1,724—5—9 in the "Charges of superintendence and sale," is consequent upon the increased supply above adverted to the amount being expenses incurred for the conveyance of the same to the Depôt at Ponany. the decrease in the charges of purchase has covered not only this increase, but also the decrease in the Gross Collection, and produced a small increase of Rs. 2,763—10—4 in the Net Revenue.—

Abstract is to be accounted for by no such duty having been levied since the foregoing date.—

11. The decrease of Rupees 1,977—6—4 in the "Charges of Collections," is attributable to the abolition of the Sayer Establishment and the excess of Rupees 4,334—2—9 which appears against Drawback is entirely owing to a larger quantity of Piece Goods,—which had previously paid the 5 per % land Customs having been exported by Sea in 1853, than the quantity carried away in 1252. These circumstances caused a decrease of Rupees 3,621. 14—11. in the Net Revenue.—

12. The unfavorable result which this branch of Revenue presents is attributable to unavoidable causes. More than one third of the large decrease of Rupees 34,757—15—7 arises from the reduction in the rates of Export Duty, especially as regards the Articles which were hitherto liable to a particular duty, such as Pepper, Cardamoms, Sandalwood &c. &c. The other portion of the decrease, is owing

Fort St. George 26th February 1855.

Vide Para 8 of the Report dated 29th January 1856.—

owing to a falling off in the exportation of some of the Staples of Malabar,- particularly Pepper and Cocoanuts. The excessive exportation of these Commodities in 1252 must have occasioned a depression of the Markets to which they are usually carried.—

13. The difference in the charges of Collection is I conceive, too trifling to need remark— With respect to the excess of Rupees 6,956—14—1 in the disbursements under the Head of Drawback, I beg to state, that it arises mainly from the quantity of Pepper re-exported from Bombay (partly out of the large supply they had from Malabar in 1252.) to the United Kingdom in 1253 having been much above the re-exportations of the prior year. It may not be out of place to observe here that in 1252 there was a decrease of Rupees 30,481—10—5 in the Disbursements on this account. The decrease in the Gross Collection and the increase in the Charges above noticed, have caused a deficiency in the Net Revenue Amounting to Rupees 41,730—12—8.—

19 The Settlement of this source of Revenue has been productive of an increase of Rupees 3,152—7—" in favor of the late Fusly, a portion of which is owing to several items which had hitherto escaped taxation having, in the course of the Jummabundy of 1253, been brought to account. the gross increase was Rupees 7,738—15—6; more than a moiety of which was however absorbed by the Remissions which it was found absolutely necessary to grant on account of Houses, Shops &c. &c. in a decayed state, as well as those proved to be held by individuals in indigent circumstances. the relief thus granted amounted in the aggregate to Rupees 4,586—8—6. leaving still the surplus of Rupees 3,152—7—" above noticed.—

Encl. No. 5

To H. H. Glass Esqre.
Collector of Sea Customs
Bombay.

Sir,

I have the honor to enclose a notice and to request the favor of your giving it every possible publicity among the mercantile community at Bombay.

As it is of the utmost importance that the required quantity of Salt should be received before the close of the present season, I would further request that in the event of your considering the prices offered insufficient to ensure the requisite supply, you would be so good as to raise them to such an extent as you may judge it absolutely necessary, at all events for about half of the quantity specified in the Notice. This is of course under the presumption that no Salt has left Bombay previous to the receipt of this letter a fact you will be easily able to ascertain modifying your measures accordingly.

To

Collector of Sea Customs

Bombay.

Sir,

I wrote to you on the 15th April requesting that you would have the kindness to give me your aid in obtaining a supply of salt for the use of this District.

I presume from not having received and reply that you found it impossible to do what I wished.

I now take the liberty of requesting you to make enquiry as to the possibility of my being able to get salt down to Tellicherry and Cannanore at the earliest opening of the Season, and the price I should have to pay in order to induce persons to furnish me with the required supply some what in advance of the usual time of coming down the Coast. Last year two Ships left Bombay for Cannanore where they remained a considerable time on the 19th and 20th August.

Calicut.

Sir,

I have the honor to acknowledge the receipt of your two letters dated respectively the 15th April last No. 427 and the 26th Ultimo No. 797 to the address of the Collector of Sea Customs Bombay and which were duly handed over to me as Collector of Land Revenue by that officer.

2. On the receipt of the former the whole of the Salt Merchants of this place were requested to attend to my office where the purport of your letter was explained to them, but the Season was then too far advanced to admit of their undertaking to furnish you with the quantity of Salt required even had the terms been considered advantageous. besides which the quantity of the article in the Pans was very small.

3. With reference to your present communication I regret to have to inform you that there is but little Salt now in the Pans under my charge. Some early rain in

Fort St. George 24th February 1845

in the beginning of June destroyed a large quantity which was in a state of preparation, and none can now be manufactured until the Month of March next at the earliest.

4th.

Immediately the season opens I will advise you of the state of the market, in the mean time making your wishes for an early supply known to all the Salt Merchants of this place.

Sir,

I shall feel much obliged by your giving every possible publicity to the fact that 35 Rupees a Garce will be obtainable for the rest of the season, for Salt at the stations of Tellicherry and Cannanore. I have fixed this rate with reference to your letter dated 22nd Ulting but should you find that from any circumstances that may occur prior to the receipt of this letter that the price now fixed by me (35 Rupees) is insufficient I shall feel

Fort St. George 24th February 1845

feel obliged by your making such additions as may seem necessary. At Tellicherry we are in want of Salt and it will be a very seasonable aid if you can send us some with the least possible delay.

Sir,

The non receipt of any answer to my letter of the 2nd Instant caused me some perplexity, our stock of Salt has become ruinously low, and I am unable to take decided steps to replenish it until favored with information from you. The Native Merchants say that they cannot afford to bring down Salt under 40 Rupees a Garce, but I depend of course not on their interested statement, but on the Official report I receive thro' you the last of which would make the price for less.

I feel certain that on being made aware of the exact sum in

you

you will do your best to aid me in a matter which so nearly concerns the interest of Government.- Unless I receive a large and general supply during next Month there will be a considerable falling off in the revenue to say nothing of private loss to the Salt Merchants.-

Collector
Cannanore

Sir,

I have the honor to acknowledge the receipt of your letter No. 228 of the 2d instant and to acquaint you that as therein requested I notified to the principal Salt Merchants that Rupees 35 per Garce will be obtainable for Salt at Tellicherry and Cannanore for the rest of Season.- The price of Salt at the Pans is just now Rupees 128 per Rask of 1120 Indian Maunds or per Garce of 175 Indian Maunds Rupees 20---

The duty at 1/4 of an anna per Indian Maund is 2-11-9

and the Freight and Charges of Shipment &c. are stated to amount to Rupees 18-0-0

So that the prime cost at either of those Stations would probably not fall short of Rupees 40-11-9

2. I proposed to several of the Traders that they should export to Cannanore and Tellicherry about three or four hundred Garce which you would buy at Rupees 40 per Garce but they have declined to ship any Salt for those places unless assured of finding a market for the same at a higher price.- Under the circumstances stated in your letter and considering that before I can be favored with further instructions from you the season for exporting Salt to the Coast will be closed I have accepted the offers of the undermentioned parties to land and place at your disposal (before the close of the season) at Cannanore or Tellicherry as you may wish, the quantities of Salt and at the prices stated opposite to their names namely.- Hajee Koolamen Cadoo ——— 100 Garce @ Rs. 47½ per Garce
" Meeta Sayah ——— 50 ——— 43 ———
Hajee Sakareah ——— 100 ——— 42½ ———
" Ibrahim Cadoo ——— 50 ——— 42 ———
" Soosub Bulladina 50 ——— 40 ———

For the whole quantity the average price is Rupees 43-9-1. which I trust will not be deemed too high.-

3. I have no means of ascertaining what is the consumption of Salt

Fort St. George 24th February 1845

Salt in the districts under your charge not the quantity which was on hand there when you wrote. But from the best information I can procure I am led to believe that 350 Garce is not more than sufficient to meet the demand for the next Five Months or until September next, before which the importation of Salt in your quarter cannot be expected to be resumed. There is no reason to believe that the price of Salt in the ensuing season will be lower than it is at present -- and I hope therefore that even if 350 Garce should be more than what is immediately required no inconvenience will result from the amount of this supply --

An agreement has been entered into with the persons above named similar to the one of which a Copy is enclosed --

Sir,

I have just received your

letter of the 18th Instant and beg to return my best thanks for the excellent arrangements you have made to supply me with Salt. The quantity you have contracted for is by no means too much, on the contrary I shall be glad to have 250 or 300 Garce more, I have sent a revised proclamation in the hopes of attaining this object in the usual method without trespassing further on your kindness -- Had I received your letter yesterday I should of course not have written the one then despatched --

J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George

(42) From the Jt. Pl. Coll. of Canara — Sir,

1. I have the honor to forward a List of 26 estates proposed to be sold in satisfaction of the arrears due on them for Fusslies 1251-52 and 53 A.D. 1841/42-42/43 — 43/44 and to request that the usual notice of the same may be published in the Board's office -

2. The necessary enquiry into the case of every defaulter shews that besides selling the property there are no other means of realizing the arrears due -

3. The estates are all private property the proprietors of which have intentionally withheld the amount payable upon them, knowing that the only remedy we have is a public Sale which must take up considerable time and by which they are the gainers -

as

Sir

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from Minutes of Consultation under date the 19th Nov. 1844 in

Submitting with reference to the Extract from the Minutes of Consultation dated 19th Nov. 1844

November last, a letter from the Civil Auditor observing that there is no real necessity for submitting for the sanction of Govt the Statements of the actual sums advanced for cultivation and that they can be forwarded to him after they have been passed by the Board and recommending for adoption the course pointed out by him.

in which it is stated, that His Lordship in Council does not see the necessity for submitting for sanction Statements of disbursements on account of advances already authorized by Government, and which are recoverable charges, and that Board are directed after communicating on the subject with the Civil Auditor to submit their opinion, whether such advances may not be adjusted and passed by the Office of Audit to the extent of the recoveries credited in the Collectors accounts, and whether the Statements already adverted to may not without inconvenience be dispensed with.

2.

In reply, I am instructed by the Board to submit for the information of the Most Noble the Governor in Council, the accompanying communication from the Civil Auditor bearing date the 25th ultimo.

It will be seen, that Mr. Morris expresses himself of opinion, that it is a work of supererogation to require Government to sanction the actual sums laid out as advances, when the extent has been already sanctioned to which such advances may be made, and the sums themselves which are so

laid out are recoverable but he states that this course has hitherto been adopted, because this Office having thus been assured that the definite sanction of Government had been granted for the sums actually charged, admitted and passed them at once without any reference whatever to their future recovery, the Supervision of which then fell under the Board of Revenue to whom such duty properly belongs. If, he urges, the system be now altered and the charges for advances are to be passed only to the extent to which they have been recovered as credited in the Collectors accounts, the responsibility of watching the gradual and eventual recovery of the sums advanced would devolve in a great measure upon him, whereas he has not the means of discharging this duty satisfactorily. As however he observes there is no real necessity for submitting for the sanction of Government the Statement of the actual sums advanced for cultivation &c. it will be sufficient to enable him to pass the debits in the Collectors Journals on this account, if the usual Statements of advances be forwarded to him for the purpose, after they have been passed by the Board, whose supervision will

Jam. St. George 24th February 1843

still be required, as heretofore, to check
the actual amount of advances and to
watch their recovery.

3. The Board beg to express
their concurrence in the measure recom-
-ed by the Civil Auditor, and as no further
reason in support of it they would
to observe that advances for cultivation
are usually collected with the early

prevent his accounts from being

inconvenience it would therefore in
their opinion be preferable to adopt
the course pointed out by the Civil
Auditor, and, should this meet ap-
-proval, the Board will furnish that
Officer annually with the Statements
of disbursements on account of Tuccavy
&c as reported to them by the Collectors,
on which he will be enabled to pass

From C. J. Bird Esqre
Collector of Rajahmundry. } Para 1.

Submitting for approval Draft of proposed special Appeal Petition to be filed against the Appeal Suit No. 68 of 1844 on the file of the Civil Court of Rajahmundry preferred by Nadoonoor Boochanah of Nadoonoor, with Copies of two Decrees of the Subordinate Court of Rajahmundry and of the Extract from the Civil Court's Proceedings and requesting orders to defend the Special Appeal, as the case involves a point

No. 1 Copy of a Decree dated 23d February of the Extract from the Civil Court's Proceedings dated 27th September and of the last decree dated 14th November 1844.

From the Enclosures herewith transmitted, the Board of Revenue will perceive that the Zillah Court of Rajahmundry has caused an unfavorable decision to be passed against the Collector, involving a question of considerable importance. It never could have been contemplated by the legislature that Collectors were to be amenable to the Courts for mere clerical errors and mistakes of entry in their accounts. Should such a notion become prevalent, it will make the collection of the revenue a much more difficult task than it already is. In the case now alluded to, the Board will perceive that no new exaction was laid upon the original Plaintiff, but that in the confusion attending the introduction of the new Rules proposed by

Mr.

point of considerable importance

Fort St. George 24th February 184

Mr. Smith on 20th November 1840 and sanctioned by the Board on 6th May 1841, a portion of the tax due from Plaintiff was erroneously accounted as coming under that arrangement. The error was afterwards corrected, but it appears the Zillah Court considers that this was not sufficient and requires an actual refund of the sums incorrectly brought to account, and has thereupon caused a Decree with costs of appeal to be pronounced against the Collector.

2.

Although the amount in this individual case is not great, I think the question involved in it of sufficient importance to warrant the Zillah Court's dictum being appealed from, and I have accordingly prepared a Draft of a Special Appeal Petition to be addressed to the Sudr Udalut - if the Board, agreeing in my opinion, and approving of the line of Argument I have taken, should be pleased to procure the permission of Government for me to conduct the appeal at the Public expense.-

3.

The Village of Nadoonoor is situated in the Pittapoor Zemindary, but the money sued for, having been collected while the Estate was under management, the refund as well as the Costs of Appeal, if the Decree should stand,

Fort St. George 24th February 1845.

will have to be paid by the Collector of the District. But the just object of the proposed appeal is to establish the principle that excepting in case of unwarranted exactions, the Collectors' proceedings in realizing the revenue are to be supported by the Courts.

4.

I regret that the time for entering the special Appeal in this case terminates within so short a period hence as the 23d Proximo, but the Board will observe that although I made application to the Subordinate Court for the requisite papers on the 1st I only obtained them on the 23d Instant. The delay appears to have been occasioned by the departure of Mr. Copleston and the continued absence for some time after of Mr. Anstruther, which prevented Mr. Rohde from attending to the duties of the lower Court.

as the Plaintiff was unable to cultivate the
Jeroyte land, he informed the same to Pona

some persons and relinquished cultivating th
land in Fusly 1250. In Fusly 1250 (1840) the
said renter left the said Jeroyte land as pasture;
yet he addressed a Petition to the first Defendan
pretending that the sist of that land was
due by the Plaintiff. This Petition has not
yet been disposed of. In Fusly 1251 the 2d
Defendant having misreported to the 1st Def
=fendant, he newly fixed a sist of 75/2 Rupees
called "Rules Sax" upon the said 8 Candies of
Merase service land belonging to the Plaintiff
in Fusly 1251 (year Plava) 1841, though it was
not customary. On 30th September 1841 the
2d Defendant having pressed on Plaintiff for

payment

payment of the said Sum of 75 Rupees 8 annas.
Gorty Ramasawmy was made surety for it. out
of that money 19 Rupees were collected on 20th
October 1841 and 19 Rupees on 20th November from
Plaintiff by the 2d Defendant. The Plaintiff
therefore sues the Defendants for recovery
of the said sum of 38 Rupees which they received
and requests that he may be exonerated from
payment of the remaining sum of 37 Rupees
8 Annas for which the said person stood as surety.

Answer of the 1st Defendant states as follows.
the whole of the Plaintiffs allegations in
this case are not true; at the time when the
permanent Settlement was made some Mau
=neum lands and Jeroyte land were under the
enjoyment of 12 Curnums at Nadoonoor, the
extent of which land is particularized in
the Accounts, but their boundaries are not
defined. 10 Candies and 2/2 Tooms of maunem
and Jeroyte land is in possession of the
Plaintiff, as he is heir to one of the 12 Curnums.
The whole sist of the above land was Ru
=pees 157 As. 9 P. 8 with reference to the perma
=nent Settlement, but subsequently the
Plaintiff himself fraudulently reduced the
sist to 120 Rupees; although it appears by

the

the accounts that the Cuttoobody tax of the
8 Candies of Enam land is Rupees 37 As. 15 P. 8 and
that of the 2 Candies 2/2 Sooms of Seroyte land
is according to the permanent settlement 11
Rupees 10 As. yet the boundaries of the above
two description of lands are not defined so
to shew which of them is Maunem and which
of them is Seroyte. but the said reduced tax
of 120 Rupees has been collected from him upon
the whole quantity of the land undefined.

The Plaintiff with an intention
=tion of deceiving the Zemindar relinquished
Cultivating 2 Candies and 2/2 Sooms of his
land in Fusly 1250 saying that the land
he retained in his possession is Maunem land
and that he must pay a smaller sist, and
that the land which he threw up was Seroyte
land but no such orders could be given as
Moreover it was the duty of the Collector and
not of the Plaintiff to determine which, or
what quantity of land is to be considered
Seroyte, and which and what quantity was enam

It was ordered that the Plain
=tiff should pay the sist upon the whole land
according to the Maunool, because the Plaintiff
had irregularly and fraudulently thrown up the land.

The Plaintiff's objection to the new rules framed regarding the cultivation of the Enam lands, and void of truth, is useless: for. they were not applicable to the Plaintiff. but only to the ryots who cultivated Maunem lands of other persons, and not to the persons who cultivated their own lands.

The 1st Defendant trusts that from the above circumstances it will be apparent to the Court that the Plaintiff is bound in justice to pay the amount fixed to be paid by him. Defendant. and requests the Court to nonsuit the Plaintiff after examination: as the 2nd Defendant is a Servant on behalf of the Collector, this answer will be accepted for him also.

Reply states as follows.

In Fusly 1250 the Plaintiff cultivated his own Enam land having relinquished cultivation of the Seroyte land. The 2nd Defendant collected the rules tax from the Plaintiff in Fusly 1251 saying that the 1st Defendant (Collector) had issued him a Hookum to that effect. The Plaintiff therefore brought this suit for recovery of the tax. Though the 1st Defendant is aware of

of this, yet he stated in his answer (
that part where he mentioned the
-stract of the Plaint) that the Plain
stated that the 2d Defendant deman
from him the payment of the tax. therefo
it may be considered that all the 1st D
-fendants other Statements in the answer
are such as above - As it will be proved
by the evidence as well as by the recei
furnished to the Plaintiff by the 2nd D
-fendant that the sum of 38 Rupees paid
by Plaintiff were received as the rules tax
and as the 1st Defendant admitted that
the order about the rules tax is not ap
-plicable to the Plaintiff, but to the per
-sons who cultivate the Enam lands of others
it will be known that the Defendant
alone are responsible to the Plaintiffs' claim
-

2 Postees and 2½ Tooms of
Jeroyte land which had been cultivated
by Plaintiff up to Fusly 1249 having been
thrown up by Plaintiff in Fusly 1250 in wa
which the Village was under rent, the
2nd Defendant exonerated the Plaintiff from
the responsibility of the Jeroyte cultivation

and

and included the said Jeroyte land in
the Statements of the rent of the
lands which had been left waste in
Fusly 1251 in which the Village was
under Amany and caused the said State-
-ment as well as a Moochelka which
he had taken from the Plaintiff
and others about the waste lands
to be signed by the Plaintiff and the
Villagers, and forwarded them to the
Collector under his hand - It will
therefore be known to the Court that
the land which the Plaintiff relinquished
was included under the head of waste lands
because it was Jeroyte land, that the
Jeroyte land having had boundaries the
2nd Defendant and the Villagers ascertained
upon a reference to the Accounts. that
it was 2 Postties and 2½ Tooms in extent

yielding

yielding sist of 102 Rupees and that
the Fusly 1250 the Plaintiff's responsib
about the Jeroyte cultivation cease
It will likewise be known to th
Court that the 1st Defendant
Statement that there are no bound
to the Jeroyte and Naunem lands,
that therefore although the Plainti
relinquished the Jeroyte in Fusly 12
yet he is bound to satisfy the demar
made by him, are useless.

The 1st Defendant
=mits that the Enam and Jeroy
lands are separated by the accounts
but that there being no boundaries
these lands 12 Curnums have paid cists
upon both Jeroyte and Enam lands. The
Court and the Collector including the 1st
Defendant caused some of the Enam lands
belonging to some of those 12 Curnums
to be sold by Auction. The persons
who

who purchased those lands have been enjoying
them as enams according to the accounts, and in Fusly
1243 Mr. Crawley the then Collector caused 7/4 Candies of the
Plaintiffs enam land to be attached according to its
boundaries, and released it afterwards - consequently
it will be clear to the Court from that record, that the
enams of the Curnums have no connection with
Jeroyte lands on perusal of the Accounts of every
Village it will be explicit to the Court that they
contain only the extent of lands but not boundaries -
should the Court send for and peruse the accounts
showing the Collection and also other accounts
which were presented in the Office of the Collector
from Fusly 1237. in which the said Village came
under Amany, and the original documents (8 in
Number) such as puttahs &c. which were execute
-ted about the Plaintiffs enam lands, and which the
Plaintiff presented to the 1st Defendant (Collector)
during the examination of witnesses in a Summary
case which arose between this Plaintiff and Sonnada
Narsimooloo in Fusly 1250 it will be clear to the
Court that the Plaintiff has 3/4 Candy of land
on which Cuttoobady of 18 Rupees will be paid
Annually, and 7/4 Candies of enam land, that these
lands were acquired by the Plaintiffs ancestors -

and

and that therefore the Statement (of 1st Defendant) that 37 Rupees 15 annas 8 Pice of Cuttoobody is payable on the 8 Candies of land is not true. If the Statement of the 1st Defendant that the Plaintiff has produced amount of Sist than that of the permanent Sist is true, there is no reason for the 1st Defendant and the late Collector Vca not to Collect the full Sist. By this the 1st Defendants Statement is not to be considered as true. The Plaintiff further states that this claim being about "the rules tax", he states no more than the above. In conclusion he prays that as the 2d Defendant Collected from him (the Plaintiff) 28 Rupees Viz. 12 Rupees on 20th January 1842 and 16 Rupees on the 20th March 1842 out of 37½ Rupees from the payment of which the Plaintiff prayed in the Plaint he may be exonerated and caused to be given him receipts, the sum of 28 Rupees as well as 38 Rupees (which he stated in the plaint to have been already Collected from him by that time) which make up 66 Rupees may be decreed to be remitted to him by the Defendants together with Costs and that he may be exonerated from payment of the remaining 9½ Rupees.—

The 1st Defendant in his rejoinder states that the contents of the Plaintiffs reply are not at all true. The limits of Plaintiffs Seroyte and enam lands are not defined, as has already been stated by the 1st Defendant in

in his answer. Plaintiff fraudulently attempted to relinquish part of the lands which he held, and pretending it to be of an inferior quality as Seroyte. He states that he has got receipts for the amount of "rules tax," which he alleged was Collected from him. The 2d Defendant (amildar of Amlapoor) without making a perfect enquiry concerning the Plaintiffs lands having reported to the 1st Defendant stating that Plaintiff was Cultivating solely his maunim lands, having relinquished the Cultivation of his Seroyte land, an order was issued to Collect from Plaintiff the "rules tax" as well as from other ryots agreeably to the rules sanctioned by the Board of Revenue. Afterwards the 1st Defendant on perusing the record in his Office found that there are no boundaries to define the Plaintiffs enam and Seroyte lands, and consequently he placed on Plaintiff the responsibility of the whole sist of the lands, Seroyte and Cuttoobody enams. The Plaintiff whereupon gave a petition to 1st Defendant complaining of the assessment of the "rules tax" but without waiting till it was answered he referred a Complaint in repugnance to Clause 2d Section III Regulation I of 1823 and stated in his reply that he possessed receipts for the money which he alleged to have Collected from him, as "rules tax".

your

your Court will therefore be convinced that the peay
are of no avail and that the amount which had b
Collected from Plaintiff was credited on account of
sist of the Jeroyte and Cuttoobody lands, which he
bound to pay to Government. Had the amount been Coll
=ed from Plaintiff as "rules tax" he would have waited
the 1st Defendants' decision on the petition presented
by him, and would have then presented its Copy with the
bill of Plaint consonant to the provisions of the Regulation
above quoted. The Plaintiff further states in the peply
that in Fusly 1251 when the village was under man
=agement the 2nd Defendant entered the Jeroyte land
(which he had relinquished) under the head of waste land
in the Amaracapoo Form, and submitted it to 1st De
=fendants Office with Moochelka obtained under his and
other Villagers signatures. The Plaintiff and other Curnums
of Nadoonoor with fraudulent intent got their waste lands
entered in the said statement under the head of Jeroyte
but the limits of those lands are not defined, and consequent
=ly the statement and the Moochelka are not available to
the Plaintiff's case, for, if the boundaries of the Jeroyte
and enam lands belonging to the Curnums of Nadoonoor
were defined, the Plaintiff and the Curnums of Nadoo
=noor would have entered into details of the boundaries of their

Jeroyte

Jeroyte and Mauniem lands in the depositions given
by them before the Head of Police, Copies of which were
filed by the Collector in Suit No. 98 of 1832, lodged by one
Nadoonoory Chena Vencanah, their depositions clearly
show that no boundaries were defined, your Court will per=
=ceive that the Curnums intended to relinquish the inferior
description of land as Jeroyte out of the lands in their
possession and with this fraudulent design have brought
forward false Complaint. The Plaintiff argues that how
could the Court and the Collector sell the Enam lands
belonging to some of the 12 Curnums of Nadoonoor, if
the limits of those lands were not defined. It was the
mistake of the late Collectors who allowed the lands of
that description to be sold without examining the
permanent Accounts. In such cases it is necessary to
proceed agreeably to the permanent accounts in which
the outer limits of the said Curnums lands are not
defined. The Curnums are therefore bound to pay the
Cist on the lands of all descriptions belonging to them,
according to the permanent Accounts. As the Collectors
were not parties in the Causes wherein the lands were
sold by order of the Court, they could not have an oppor=
=tunity of conducting a defence in them. As regards the land
which the late Collectors caused to be sold in auction the

Curnums

them as security and consequently the lands of some
them were sold in satisfaction of the balance stru
against them yet the Curnums are responsible abo
the remaining Enam lands as well as also the
and Cuttoobady lands. The Curnums fraudulently fo
boundaries of the lands which were sold but no lon
to their Jeroyte and Enam lands are defined in
permanent Accounts as stated above. Defendant pra

The Acting Sub Judge has perused
the somewhat voluminous proceedings in this
case together with those in 98 of 1842 (which
has been finally decreed—

It is very evident that the object
sought to be gained by Plaintiff is not that
appears on the face of his plaint— the real
question at issue is one of considerable impo
=rance as effects the Plaintiff as well as many
others, and the Government—

The main point for consideration
is whether the land alluded to Viz^t the Jeroyet
and enam is separately defined or not and capable
of being held one without the other—

It is evident to the mind of the
Acting Sub Judge from the documents that have
been filed by the defendants that the land, as
the permanent accounts at present stand is
not devisible, and was never intended to be
so, Viz^t, that the parties holding these lands
cannot relenquish any portion thereof, at
their pleasure— This point has already been
decided

Fort St. George 24th February 184

decided by the late Zillah Judge Mr Anstruther
in the decree in Suit No 98 of 1842, wherein
one of the heirs of the 12 Kurnums alluded to
in these proceedings holding Jeroyete and
Enam land in the same Village sued for 118 Pu
=gass value of Produce of Enam land, ill
fusted for the recovery of balance due on
Jeroyete land, which Plaintiff had thrown
up— The point there as in the present suit
for discussion and decision was whether Plain
=tiff had a right to throw up the Jeroyete land,
the opinion recorded in the decree above
alluded to was unfavorable to the Plaintiff—

Upon the evidence then produced
it was there argued as a general principle
that the Custom of the Country was opposed to
the practice of parties relenquishing Cultivated
Jeroyete without permission of the Zemendar
or Collector—

The Acting Sub Judge does not
consider it necessary to argue the general question
of the right of Ryots to relinquish Jeroyete land,
as that would involve a difficulty which does not
exist in the case now before the Court, for it is
clearly shewn from the proceedings that the
Jeroyete in question cannot be relenquished at the
Plaintiffs will, it being held together with Enam, neither

of

Fort St. George 24th February 1845

of which are defined in their extent.—

It appears to the Court that the Plaintiff aware of the weakness of his cause, has caught at and endeavoured to dwell upon an error which as effects the real point at issue is quite immaterial, It is not as Plaintiff would endeavour to shew, whether he Plaintiff, ought, or ought not to pay "Rules Punnoo" the 1st Defendant admitted that the Collection of the money now sought to be recovered under the head of rules tax was a mistake and on discovery of the Tahsildar's error it was rectified in the accounts and the same credited under the proper head, Viz.t, Rist of Jeroyetee and Enam lands.—

By the Documents produced by the 1st Defendant it is shewn that the total sum payable by the Plaintiff according to the Permanent accounts is Rupees 157 as 9-P. 8 that he fraudulently himself reduced this sum to 120. as asserted by the Defendant, there cannot be a doubt, which fraud was not discovered till lately 1257.—

The evidence for the Plaintiff does not effect or invalidate the defence at all.

It does not appear that a demand was made on Plaintiff for 75 Rupees 8 as but only the amount which had been fraudulently reduced

Fort St. George 24th February 1845

reduced Viz.t Rupees 37— as 9 P. 8— In conclusion it has been clearly shewn that no demand has been made against Plaintiff, which the Defendant was not warranted in making that Plaintiff has no right to throw up the Jeroyetee as he pretends he has and therefore this Suit is dismissed with all Costs to be borne by Plaintiff.—

Relative to the Management of the extra Sources of Revenue in the District of South Arcot / Here Enter 13th for Fusly 1253. A.D. 1843/44

January 1845 No. 48 /

1

The Net revenues from the Extra sources in the District of South Arcot for fusly 1253. amounted to Rupees 421,572—2—10. being Rupees 25,747—14—11. below that realized in Fusly 1252.

2.

From the subjoined statement exhibiting the fluctuations in the different branches the causes of which have been sufficiently explained by the Board of Revenue, it is observed that excepting under the heads of Abkarry and Small Farms there was a decrease under every other principally however in the Sayer branch.

3 The large Decrease under the head of Sea Customs is in a great measure owing to the amount of Drawback on Sugar and Molasses Exported* to London which is included in the general charges appertaining to that head and reduced the Net revenue to that extent. The Government notice with satisfaction the increase in the exportation of the above articles and will be glad to have in future reports a statement of the number of Sugar Manufactories established in the District.

real causes which he stated it to be his intention to investigate. The Board on that occasion justly remarked that the subject was one of great importance and as the falling off in the sales exhibited in Enclosure 8. of the present report is very considerable the Collector should have made a special report on the subject as called for by the Board in their Proceedings on the previous Fusly. His Lordship in Council requests that this may now be done and that the Board will obtain from the several Collectors of the Salt Manufacturing Districts and submit to Government a statement of the sales for Home Consumption from Fusly 1230 to 1252. similar to that now furnished by Mr. Davis to allow of a judgment being formed as to how far the increase of price from 70 to 105 Rupees per Garce has interfered, if at all with the consumption of this necessary of life to the Native population.
