Fort St. George 27th. February 1845.

fields should not be extended to any villages in which it has not hitherto been allowed. This measure seems the more called for as His Lordship in Council observes that the estimated remission on this account by Colonel Munro for the whole of the Ceded Districts was 29,166 Rupees, while it has now reached in Bellary alone 27508 and in Fusly 1243 it was 13,636 Rupees not half what it was in the year under review. Fusly 1252.

Para 8 10 The Board observe that the correction of the field assessment made by Mr. Robertson has been calculated on the true principle of deducting the general and permanent remissions granted in Fusly 1231 A.D. 1821/22 from the old survey rates first and then reducing the inequalities afterwards instead of vice versa but that practically the result is the same, but in the Board's Proceedings on the Settlement of Bellary for Fusly 1250 Para 13. it is shown that the practical results are not the same and that they considered it to be the correct principle to deduct first from the survey assessment the

remission

remission for viz. peppermint and then to make the deduction for the permanent remission. It is there shown that deducting upon the principle now stated to be correct the permanent remissions first and the remissions for the over assessment on the fields afterwards was a loss to Government, and that in the Village instanced in their observations, there would thereby be a loss of £ 3-10½ Canteroy Pagodas on a gross settlement of 2187-1, Canteroy Pagodas.

11 The effect of the grant of the general remissions of 25 and 33 per Cent in Fusly 1231 A.D. 1821/22 upon the general condition of the agricultural classes and the Revenue of the District is a subject of great interest, and His Lordship in Council would desire to have a separate and full report thereon from the Collector, which seems more urgently called for from the Collector's observations in the 4th. para of his present report; and with advertence also to the fact of the relinquishment of the suspension of the inferior lands indicating a want of substance and means in the Ryots to carry on the most

Expensive

expensive cultivation of the former. The improvement in those Talooks where improvement has taken place is attributed by the Board to causes unconnected with the remission viz. to the liberal grant of Cowles and improvements in the sources of irrigation. Eight Talooks seem to have improved since Fusly 1218 more or less, 6 have remained stationary and 3 have retrograded In these three after adding the amount of the permanent remissions to the present Beriz there is a decrease of Revenue compared with Fusly 1218 of £ 35,345 Rupees Colonel Munro estimated that the whole remission would be made up by increased cultivation in the course of 10 or 15 years. The Beriz of Fusly 1218 A.D. 1808/9 was Rupees 2,67,964. The Beriz of Fusly 1251 A.D. 1841/42 was 2,15,864 not more than half of the remission given in Fusly 1231 has been made up. The remissions of 25 and 33 per Cent on the Beriz of Fusly 1251 was 66,960 of which Rupees 3,15,760 has been made good, of which 30,767 has been in 3 Talooks only.

subsequent to the grant of the remission of 25 and 33 per cent in Fasly 1231. and giving the information for ryots and Cowle Lands separately The accounts for the period embraced in the triennial and decennial rents may perhaps not be attainable or at least be not very trustworthy and the accounts for those years may therefore be excluded especially as there is reason to believe that cultivation was much forced by the renters.

The Net Land Revenue settlement for the year amounted to Rupees 23,86,149 being Rupees 3,164 below that of the preceding year the whole was collected within the Fasly, excepting Rupees 16,486-6-10 which was reduced by the 31st September to Rupees 5,315-8-9 His Lordship in Council observes that the uncollected balance up to the date of the Collectors report prohibited in para 32 of the report to which the Board refer as 9,179 Rupees.

in the other branches of 37,497.

Para 35 Collectors report

16 The whole charges of the District amounted to 4,31,695 being 3,426 Rupees below the charges of the previous year. Of this 4,663 was for the repair of tanks and water courses and 7,786 for advances for cultivation (Tuccavy). It appears to His Lordship in Council that the Tuccavy advances are very large in a District like Bellary possessing the advantage of a very moderate assessment and a large extent of Enam in the possession of the Ryots. His Lordship in Council is desirous of receiving an explanation of the causes of so large an amount being required and directs that the several Collectors be instructed to state in their future report whether the Tuccavy advances have been recovered in whole or to what extent and the reasons of any outstanding balances

Read Extract from the Minutes of Consultation under date the 9th ultimo, forwarding certain correspondence and requesting the opinion of the Court whether there exists any legal objection to declaring that the provisions of Section III Regulation VII of 1832 shall be applicable to a piece of ground with the Bazar situated thereon, in front of the Barracks at Tpichinopoly to enable the Officer Commanding Her Majesty's 94th Regiment, with the assistance of the Magistrate to make arrangements for ensuring cleanliness in the neighbourhood of the Barracks.—

On a consideration of the circumstances stated in the communication from the Magistrate of Tpichinopoly the Sudr Adalut are aware of no objection to the locality adverted to in the correspondence before the Court, being declared to be a Military Bazar and placed under the Military Police. They however are of opinion that it cannot be placed under the control of the Officer Commanding Her Majesty's 94th Regiment, but that it must be as all other Military Bazars are, be placed under the Officer Commanding the Station.—

From the Secretary to Government
Communicating observations & orders on the Board's Proceedings Relative to the Settlement of Minor Estate of Pennapullah in the District of Rajahmundry for Fuslies 1257 & 1252.

Extract from the Minutes of Consultation

Under date the 13th February 1845.

Read the following Extract from the Proceedings of Court of Wards dated 2d January Relative to the Settlement of Minor Estate of Pennapullah in the District of Rajahmundry for Fuslies 1257 (1847/48) & 1252 (1842/43).- (Rereenter No. 17)

1. The Most Noble the Governor in Council learns with much regret that this Minor Estate the permanent Peishcush on which is Rupees 1829 has during [illegible] years in which it has been under the Management of the Collector and Court of Wards become involved in arrears of Peishcush to the extent of upwards of 12,000 Rupees.-

Amount due in 1829	Rs. 456-13-7

Do Do on account of Fuslies 1257 & 1252	2220-11-2
Interest	33-7-0
	13,319-5-4

2. The Estate came under management in 1829 owing the small sum of 456-13-7 to the Government, since which it has never realized the Peishcush and only in six cases even half that Amount.-

3. This extraordinary defection is attributed in general terms to unforeseen circumstances- Calamitous seasons and deseases- &c.

His

Fort St. George 27th February 1815

His Lordship in Council would be prepared to reduce that amount as well as remit the arrears which have already accrued - if the proprietor who has now attained his Majority was able and willing to receive Charge and undertake the manangement of the Estate —

4. Such unfortunately is not the case - he has been ascertained by the personal examination of the Commissioner in Charge of the District, to be of Weak and imperfect intellect, and totally disqualified, as well as unwilling to enter upon the Estate —

5. Under these circumstances the Government are willing to adopt the Course recommended by the Commissioner and the Court of Wards, and accordingly sanction the remission of the whole of the arrears which have accrued during the Minority of the proprietor considering such to have terminated with Fusly 1252 amounting to Rupees 12862-8-9 and direct that the Estate be sold by auction for the amount which shall have fallen due subsequent to his attaining his majority including also the amount due at the time of its coming under management

6. The Government observe that no allusion is made to the sum of Rupees 2775-14-0 mentioned in the 13th Para of the Commissioners Report as irrecoverable balances due from Ryots and which he requests Sanction for writing off - and will therefore be glad to have their opinion on the subject, previous to granting Sanction as desired, and also on the expediency of remitting any further sums which may remain uncollected up to the date of the sale of the Estate —

Communicating to the Bd Coll. of Rajahmundry the observations and orders of Government on the Board's Proceedings relative to the Settlement of the Minor Estate of Pennapullah for Fusslies 1251 & 1252.

From Coll. & Jt. Mag. dd. 5th Feby 1815.

1. Resolved that Copy of the foregoing Extract from the Minutes of Consultation be forwarded to the Acting Collector of Rajahmundry who has already submitted for publication an advertisement for the Sale of the Pennapullah Estate on account of the arrears of Peishcush which has fallen due since the minor proprietor attained his majority or from the end of Fusly 1252 —

2. With a view to afford further information of the Causes which have proved so

Fort St. George 27th February 1845

so detrimental to the interests of this Estate the Board request the Acting Collector to ascertain and Report whether the Village of Pennapullah has been exposed during the period of the Proprietor's Minority to injury from the excessive and protracted flooding of the Godavery from which it is represented by the Commissioner to have suffered so severely in the Months of August and September in Fusly 1253 / 1843/44.

Para 10 dated 28th Decr 1843 inbons 11th Jany 1844

3. The Government having authorized the sale of the Estate, and given its sanction that the whole of the arrears which accrued during the Minority of the Proprietor amounting to Rupees 12862-8-9 may be written off— The Board are prepared to recommend that the balances against the Ryots of Pennapullah may be remitted. The Acting Collector will therefore be pleased to submit a Statement shewing the amount of arrears outstanding against them at the Close of Fusly 1252 with any information respecting the present and past Condition of the Village of Pennapullah which comprised the Estate; its population and

Reporting on the Bodagadah debts and the employment of assistants to the Governor's agent in Ganjam.

Sir,

I have the honor to acknowledge the receipt of Mr. Bourdillon's letter of the 6th January, and of the Board's Proceedings of the same date with transcript of the Extract from the Minutes of Consultation dated the 12th December 1844, having reference to the Bodagadah Zemindary.

2. It is not in my power now to state how Mr. Bannerman employed his Assistants in the years 1841-1842, 1843. but that Gentleman, made himself on the spot in his Judicial capacity as Agent to the Governor in Ganjam, a searching enquiry into the debts of the Bodagadah family about two years ago, With the concurrence of the Parties, and the consent of the creditors he decreed the sums found to be still due as shewn in a figured statement that accompanies this letter.

3. Government having found fault with the delay in forwarding information that would enable the Board of Revenue to submit the Report prescribed by Section III Regulation V of 1804

I

2606- Fort St George 27th February 1845

I beg respectfully to observe that Mr Bannerman was much indisposed for many months before proceeding on leave to the Cape of good Hope, that in his Political capacity of Agent he considered himself competent to act at his discretion within the tracts withdrawn from the ordinary Regulations with more freedom than in his fiscal duties as a Revenue Officer in the Collectorate, also that the Provisions of Regulation V of 1804, are declared not specially applicable to Bodagadah.

Finally I can certify that the Estate was well managed and the administration of the Minor's affairs most economically conducted by Mr Bannerman.

4. The debts which were enquired into and decreed by Mr Bannerman still remain unpaid, they amount to Rupees 8087-3-10- as shewn in Mr Anstruther's letter of the 19th January 1844- They had not been paid by Mr Bannerman under his own decisions because there were not at the time sufficient funds to enable him to do so in full- The statement I have now submitted will shew the Court of

2607- Fort St George 27th February 1845

of Wards that the claims were for the most part founded on Bonds and that two years have nearly elapsed since the Agents decision was given establishing their validity-

5. The Parties have been clamorously pressing for payment under the circumstances detailed, I consider it my duty to discharge them taking a receipt in full from the Creditors and thus saving two years farther interest to the Zemindars family. As this is so beneficial a measure for them I cannot doubt the Courts approval.

Sir,

In acknowledging the receipt of the Extract from the Proceedings of the Board of Revenue, dated the 27th ultimo forwarding copy of an order of Government and of the Extract from the Minutes of Consultation in the Military Department to which it refers, I have the honor to report for the information of the Board, that the Buff Accoutrements therein alluded to, are not indispensably required for the Armed Peons on the Establishment of this Collectorate but as far as regards belts and Pouches would be useful for them. The present ones were issued to them on behalf of Government so far back as the year 1800 and have been repaired at their own expense as regards material one of their own body working it up. The rest of their dress is found by themselves.

2. Under these circumstances the belts and pauches being furnished to the Armed peons by Government, and the last issue of them being so far back I would beg to recommend that on the present occasion new ones be issued to them out of the Buff Accoutrements referred to.

This suit was brought in the Zillah Court for the recovery of the half share of the Village Goottanadeevy- This Village yields annually a Cist of 2500 Rupees including the Circar Revenue which is 776 Rupees 12 Annas- The half share is 886 Rupees 4 Annas due for the fusly 1846 and subsequent profits- Plaintiff states that her husband's paternal Grand father acquired the Mootah of Nullapilly in 1803 and it came to her husband's father who died in 1820, at that time the husband was only 14 years of age, and his Mother acted as his guardian and she illegally sold the 8 Villages to her Son-in-law, of these one was valued at 5,000 Rupees and they were registered in the name of the Son-in-law, this Son-in-law was the

the Husband of the Defendants, Subsequently Defendants Husband received 2,500 Rupees from the Plaintiffs Husband's Estate and sold half of the Goottanadeeny Village and the profits were paid to Plaintiffs Mother-in-law until June 1245, when Plaintiff came of age, her Mother-in-law gave her a Karar-namah entitling her to receive the emoluments, and also gave her the Deed of sale executed by her Son-in-law on the 13th December 1823 Plaintiff demanded her portion of the Village but she refused to give it up. Plaintiff sues therefore for her share of the Village.

2 Defendant in answer denies that any Karar namah was executed, nor did she herself ever pray any profits to Plaintiffs Mother-in-law and this Suit is contrary to Regulation I of 1819 and no representation was made regarding this transaction when the Mootah was attached by the Collector and also her Husband pursued this Village in 1823 from Plaintiffs Mother-in-law.

3 The Plaintiff in reply states that as there are hamlets attached to this Village Regulation I of 1819 does not

not apply to this case.

4 The Defendant in rejoinder states as there are no separate boundaries to the hamlets and as no Sist will be paid on them this Village cannot be divided.

1st. Witness states that Plaintiffs Mother-in-law sold the Village Goottanadeevy to Defendants husband for 5000 Rupees and no money was paid for it, although it was registered in Defendants name- Afterwards Defendants husband sold back half of the Village to Plaintiffs Mother-in-law for 2500 Rupees, when the Village was attached by the Collector in 1833, Plaintiffs Mother-in-law claimed half of the Village and half of the profits of the Village were paid to the Plaintiffs Mother-in-law till 1835. Witness is relation of both parties-

2d. Witness attested Document A and was present when it was executed

Fort St. George 27th February 1845

executed - The purchase money Viz.o 2,500 Rupees was deducted from 500 Rupees due on the previous purchase, all parties were present. The remaining 2,500 Rupees were paid at different dates to Plaintiffs Mother-in-law. Witness was Goomastah of the Plaintiffs' Mother-in-law and is a relation of both parties. The whole Mootah was managed by Defendants husband and Defendant and half of the profits were paid till 1835 and in 1836 a dispute arose out of the profits paid to Plaintiffs' Mother-in-law, 70 Rupees were deducted to be paid to the Plaintiffs Mother-in-laws sister as being due to her for Maintenance - The Village has some lunkah lands and Sesc hamlets - The profits due on the half share are 600 R.s - 700 R.s - and 800 R.s - After the death of Defendants husband, the whole Mootah was attached by the Collector - The second sale took place about 8 Months after the first -

3.o Witness was present at the execution of the Kararnamah A, the Writer and 2.o attesting Witness are both dead - he further corroborates the Evidence of the 1.st Witness thoroughly, and adds he was Sheristadar of the 1.st Defendants husband,

and

Fort St. George 27th February 1845

and prepared the account C, and signed the documents D and E, after they had been prepared by the other Goomastahs and adds there are five hamlets and some lunkah lands - The second sale took place 8 Months after the first sale - Identifies all the documents except B.

4.th Witness wrote Document - B. it was drawn out on plain paper - was present when Document A was delivered to Plaintiff by her Mother-in-law which was drawn out on 8 Rupees Stampt paper adds there are five hamlets attached to this Village - Does not know the boundaries, although they are fenced was not present when Document A was drawn out - knows Defendant paid the profits, on the half of the Village to Plaintiffs Mother-in-law - identifies Documents A and B -

5.th Witness attested Document B and supports Statement of 4.th Witness throughout, identifies documents A and B -

6.th Witness attested Document A was given B was present when Document A and B identifies identifies Documents A and B document C as having been written by 3.o Witness - identifies the signature of 3.o Witness on

on Documents D and E -

7th Witness identifies document B and his attesting signature thereon. There are five Hamlets and states the boundaries thereof - identifies documents A and B

Defendants Document

A a deed of registry showing that the Village of Goottanadeeny was sold to Defendants husband and by Plaintiffs Mother-in-law for 5,000 Rupees -

1st Witness states no boundaries were fixed nor are there sharers, Knows nothing about the payment of the 5,000 Rupees - The annual produce is above 2,000 Rupees and Witness is Village Moonsiff -

2. Witness states there are no boundaries to the Hamlets, he is an inhabitant of Goottenadeny - There are no shares on the Village - Witness managed this Village for Plaintiffs Mother-in-law for some time - Two Ryots rented the Village for 5 years from 1240 Fusly for 2,400 Rupees per Annum - The Village will yield 2,000 Rupees per Annum - The Government Cist is some what less than 800 Rupees -

3. Witness no money is

paid

paid to any one for shares, and adds the 8th Witness for Defendant is a Dependant on the Defendant Plaintiffs 3. Witness was never employed by Defendant or her husband -

4th Witness exactly the same as 3. Witness -

5th Witness exactly same as 3. Witness -

6th Witness same as 3. Witness -

7th Witness same as 3. Witness -

8th Witness same as 3. Witness and adds Plaintiffs 3. Witness was never Employed by Defendants husband - Saw the 5,000 Rupees paid to Plaintiffs Mother-in-law by Defendants husband -

5 The Acting Zillah Judge having carefully perused the whole of the proceedings decreed that the Documents A and B are fully proved; and the want of registry of these Documents appears to have arisen from the whole of the parties being relations, and Document A was made over to the Plaintiffs Mother-in-law and women are not likely to be acquainted with public affairs, and this is further shewn from Document B where the Mother-in-law authorizes Plaintiff to recover the land either privately or publicly - The Defendant has not objected to the sum mentioned by

Fort St. George 27th February 1845

by the Plaintiff as the profits of the share and from the evidence produced, they are shewn to be about 800 Rupees, so that the Acting Judge has no doubt as to the correctness of the sum Under these circumstances the Acting Judge decrees that the Plaintiff shall recover one half of the Village of Goattanadeevy as sued for, and the profits for fusly 1248 and subsequent profits. All Costs to be paid by the Defendant.

The Defendant being dissatisfied with the Lower Courts Proceedings, appeals and states that the Respondents Document A on which her claim stands, prohibits the subdivision of the Village and the Witness attesting thereon was dead, who was also the Writer of it. Its validity stands on the single evidence of the 2d Witness, who deposes that the purchase money of 2,500 Rupees was deducted from 5,000 Rupees due on the previous Sale of the Village by the Respondents Mother-in-law, which Statement is at variance with the contents of the said Document, in which it is stated, as if ready money was paid and with the contents of Appellants Document A which was dated 18 years ago, executed and registered upon payment of 5,000 Rupees in ready Cash. The Plaintiffs Document A was executed on 8 Rupees Stamp paper without being registered, as the former, though 13 years passed. The Plaintiffs Mother-in-law is acquainted with all Her transactions and

Causes

caused the whole Village to be registered in the Appellants Husbands name, therefore it is impossible to say that she did not understand the public affairs in getting her own share registered in her name. The transaction of the said share and the document was never within these 18 years past, brought to the notice of any local authorities under Section II Regulation I of 1819 or at least during the Management of the Collector under the Court of Wards when the appellant was under Minority, this Minority was authenticated by the Collectors order of the 16th July 1828- In the Original answer the appellant objected to the alleged share not being known to the Collector, or Court of Wards if it was true- The Plaintiff could not answer in her reply but allowed it, thereby the circumstance of her claiming profits from the appellant till 1835 is quite fraudulent- If it is not the case why did she not report or demand the alleged share during the Management of the Collector, and otherwise how, she recover her half profits during those years- The Plaintiffs 3d Witness contradicts the Collectors registry of the Sale of Stamps which certify that two Stamp papers of 8 Rupees each were

purchased by the son of the 2d Witness The Plaintiffs accounts for 3 years only were filed for the other 10 years no other accounts were produced, the above 3 accounts are without the signature of the Village Curnum or Moonsiff contrary to the tenor of the Plaintiffs Document A Those accounts show the half of the yearly profits was 800 Rupees- The Plaintiffs 2d and 3d Witnesses depose that the whole profits of the Village were 800 Rupees- From the Collectors letter to the Board of Revenue dated 23d October 1823 recommending the sale of the Village in dispute, it does not appear the Plaintiff has any share in it- Had her share been true, she would have then brought it to the notice of the Collector- It is stipulated in the Plaintiffs Document A that a piece of land will be granted to her 4th and 5th Witnesses, after she obtained possession of half of the Village- Consequently the Witnesses are hired ones- after stating that all the Witnesses of the Plaintiff contradict each other, the Appellant prays the Court to take the above reasons into consideration and pass a Decree reversing the Decree of the lower Court with all Costs-

The Respondent in answer

repeats

repeats over the whole Statement of the record and refers to the Sudr Courts Proceedings of the 11th December 1820 in a similar case as precedent to the suit and prays the Court to confirm the lower Courts Decree.

8 Having gone fully thro the whole pleadings with all the evidence before the lower Court, and having wasted thro 13 sheets of stamp paper of the most unnecessary trash irrelevant to the Suit brought forward by the Vakeel in appeal evidently for no other purpose but to swell the expenses to the utmost extent as well as having gone thro the Respondents Reply which is also of unnecessary length, but this the shameful waste of Stamps and time both on his part and that which the appellants Vakeel has cost the Court necessarily brought the long Reply of the Respondent - Four sheets would quite easily have taken in all the trash which the appellants Vakeel has written, and two whole sheets of Stamp paper was ample for all had the Suit been drawn up properly but I shall mark this hereafter - In the first place the Decree of the Acting Judge in ordering the Village to be divided was contrary to the Regulations, and had he for a moment looked at Section II and III of Regulation

Regulation I of 1819 I should say it was impossible that he could have passed such a Decree - The letter of the Collector shews plainly that his Decree was illegal and could not be enforced Vide St. / written in the Proceedings and pleadings above in red ink - There is no doubt one or two strange circumstances connected with this case, but which as their legality or otherwise cannot affect the point before the Court, I will only remark first that a Mother Guardian to her Minor son, should have been allowed to sell the Villages left by his father to him, during his Minority, to her son-in-law married to this very Minors Sister, appears most singular, secondly that neither the son when he came of age, or his wife's relations, should have brought this forward, and by his quietly making no objections, when he came of age, in a manner making such sale have the appearance of legal That the Document A of the Plaintiff was truly given by Defendants husband to his Mother-in-law for all her kind benefits in robbing her own son to forward his prospects I have not a doubt as to the writer and first attesting witness (the same person) being dead that is nothing against the Document and tho there is only one other attesting witness to prove

Fort St George 27th February 1845.

prove it, still I consider this quite sufficient- as to the argument that there was said in the Docu=ment to have been ready Money 2,500 paid when none was paid, I would not give this the slightest consideration for by the whole Statement the transactions between the husband of the Plaintiff and her Motherinlaw are an evident swindle from beginning to end, for by their own showing 8 Villages were sold to appellants husband for 5,000 Rupees the one now in dispute- as to the 2nd Docu=ment given by the Motherinlaw to the daughter-in=law it is quite clearly proved and I have not a doubt of the truth of it- the whole transaction seems to have been improperly worded and to have misled the parties, who are women- Tho' the Village lands cannot be divided, still there is nothing to prevent each party getting their share of the profits and as the Documents above named clearly prove the Respondents right to that, I reverse the Zillah Courts Decree as far as the Division of the Village, but decree, the appellant shall pay a yearly sum of half the profits — according to the Cummins Accounts and Document A to the Respondent with the sum for the year 1836 claimed, which shew would not pay and all arrears up to the execution of the Decree The appellant to pay all costs with the exception

of the unnecessary prevalent trash the Vakeel has thought proper to introduce into the appeal reasons on 8 unnecessary sheets of stamp paper, which Stamps the appellants Vakeel will pay for, to teach him in future to be a little more circumspect as to how he unnecessarily expends his clients Money

Acting 1st Judges opinion.

The circumstance under which — 9 the Village was sold to appellants husband and the Validity or otherwise of the sale are matters with which the Court have nothing to do- The Respond=ent claimed one half of the Village- she has clearly proved her right but as it is impossible for her to be put in possession of the half of the Village she is certainly entitled to half the net profits- The Acting 1st Judge therefore agrees in — opinion with the Acting 2nd Judge in this case.

In conformity with the — 10 foregoing opinions, the Decree of the Zillah Court is reversed so far as relates to the divi=sion of the Village, and it is adjudged — that the appellant shall pay a yearly sum of half of the net profits according to the Cummins accounts and Document A to the Respondent with the sum claimed for the year 1836 and all arrears up to the execution

the Decree. The Appellant to pay all costs with the exception of the unnecessary pruolent trash the Vakeel has thought proper to introduce into the appeal reasons on 8 unnecessary sheets of stamp paper which stamps the appellants Vakeel will himself pay for in order that he may be more cautious in future.

It is resolved that no private adjustment of this Decree shall be allowed or deemed valid unless the terms of such adjustment shall have been previously and reciprocally declared by all the parties interested herein and made a record of the Court with their unanimous consent.

Relative to the settlement of the land Revenue in the District of Bellary for Fasly 1252. 1842/43.

(Vide entries 27th Dec. 1844 No 6120.)

1. The season appeared to have been unfavorable owing to a deficiency of rain at the proper season and the consequent considerably damaged the Cotton Crops which were at the time in full bearing. The taxes generally received this Year a full Instalment whereby the net Cultivation was diminished. The Ryots/ prevailed to a great extent and no rotation/dry measures were adopted by the Collector by the employment of Native Officers for use to the Inhabitants, the Most visible the

Fort St. George 27th February 1845.

the Governor in Council regrets to observe that the disease proved very fatal - 5,002 persons out of 7,878 having died - an epidemic also prevailed and carried off upwards of 10,000 head of Cattle - The prices of the two principal grains Rice and Invaree were lower than in the preceding year, the former by 21, the latter by 5 Rupees the Garce - Cotton the other staple product of the Bellary District maintained the price of the previous year but was considerably below the average price of former years -

Para 7 Collector's report.

2. The extent of land taken up for cultivation exceeded that of the previous Fusly by acres 2,865 assessed at 38,747 Rupees owing to the relinquishment of superior for inferior dry lands, and of wet land - This as the Board remark is not the effect of season, as it cannot at that early period of the year be foreseen - The extent of the superior land thrown up was 7,389 acres assessed at 22,041 Rupees, and that of wet land 2,774 acres assessed at 22,818 Rupees while of the inferior lands there was an increased occupancy of 32,028 acres assessed at 6,112 Rupees - The Board observe that the proportion is not large, and consider these results sufficiently explained

Fort St. George 27th February 1845.

explained by the usual casualties by death, emigration and the effect of the low prices of grain on the poorer classes of Ryots. —

Statement in Para 7. Collectors report.

3 It is observed that of the 2774 acres of wet land relinquished, 1219 acres was land under the irrigation of tanks assessed at 7,168 Rupees 272 acres on land under the irrigation of Nullahs assessed at 6,237 Rupees and 1283 acres under the irrigation of wells assessed at 9,413 - The two last is explained by the Collector to arise from the relinquishment of their holdings by poor Ryots, but a fuller explanation of the cause would have been desirable. —

Para 4.

4. The Board have drawn the attention of the Collector to the considerable fluctuation in the well cultivation in this District of late years, and directed that he should explain the causes of annual increase and decrease - The proneness of the Ryots to abandon their old wells and construct new ones on low rated land on account of the advantages it holds out renders it incumbent on the Collector to give his especial attention to the well cultivation of his District. The exemption of the extra assessment on new wells only holds

holds good where the Ryot continues to keep his usual garden land, but the rule is easily evaded. In the other division of the ceded Districts / Cuddapah / it seems to have been entirely lost sight of the Board seem to think that it has been observed in Bellary, but His Lordship in Council considers it desirable to have distinct information from the Collector upon this point. —

Statement in Para 7 Collator's report.

5. The land left uncultivated and deducted at the Settlement was 60,313 acres assessed at 40181 Rupees in excess of that of the previous year, Viz^z, Dry land 58,815 acres and wet land 1,498 acres of which 330 acres was under wells. —.

6. The Most Noble the Governor in Council observes that the Board of Revenue have not noticed the results of the Cowle Cul= =tivation and Revenue in the year under review, and resolves to call their attention to the Minutes of Consultation 8th April 1841, on the Settlement of the Bellary District for Fasly 1249 in which it was directed that the subject should be prominently noticed in the future Annual reports. The general subject of the

of the working of the Cowle system in Bellary appears to have been considered in the Boards Proceedings of the 28th November last, but has not yet been laid before the Government — The Board will be pleased to supply this omission. —

7. The Most Noble the Governor in Council approves of the Boards observations in Para 7 on the explanation of the Collector of two instances in which a deviation had been made from the provisions of the standing Cowlenamah. —

Paras 8 to 11.

8. The correction of the over assessment of fields is a matter of the first importance. The extension of it to all the in Talooks in the District was authorized by Government in the year 1826, but it appears that there is no information before the Board of the extent to which the measure has been carried out, or the principles upon which it has been conducted. This information they have now called for in a separate report which should in His Lordship's opinion have been obtained at a much earlier period — The difficult task of ascertaining and correcting the

the over assessment of particular fields should not have been allowed to proceed without the Board being in full possession of the principles on which it was conducted. It was the more necessary when an advertence is made to the fact that the waste at the time of the survey was measured in large tracts of from 100 to 1000 acres that it was not subdivided into small fields, and that consequently there could have been no field assessment of these lands at the survey, and that much of this waste land is now under the plough, some explanation seems now for the first time to have been given of the course pursued by Mr. Robertson - Mr. Mellor states - Para 26 - that Mr. Robertson took up the accounts which were partially prepared in Fusly 1217 A.D. 1807/8 and compared them with his own minute examination of several fields as well as with the result of the opinion of some of the old public servants and intelligent farmers and commenced to allow an abatement on such fields as were found overtaxed and consequently waste - Mr. Robertson in his report on Fusly 1243 stated that, it being upwards -

Para 29 Report on Fusly 1243.

upwards of 7 years after the measure had been authorized by Government) he had been collecting the necessary materials to make the distinct representation on the subject which the Board had called for, that he had been prevented doing so by the pressure of more urgent business, and that in the meantime such an remission as was found absolutely requisite was granted to the fields in actual cultivation. -

It appears to His Lordship in Council that among others one serious difficulty presents itself to successfully correcting the over assessment of fields made at the survey in Fusly 1217 A.D. 1807/8 namely, the fact of the general removal of the boundary marks of the fields, which took place during the triennial and decennial rents. These were to a great extent replaced by the Ryots, but to what precise extent does not appear from the information before the Government. The arrangement of the survey fields appears thus to have become generally disorganized, and set right again by Ryots, whose proceedings it is obvious could not be trusted - Mr. Robertson in his report on Fusly 1237 remarked that the

Para 30 -

Fort St. George 27th February 1845.

the measure of restoring the boundary stones of fields was still in progress and could no dependance be placed on the reports of the Carkoons and Village people little would remain to be done but that an examination then making in the Darmaveram Talook had detected many errors in the accounts first delivered - The identification therefore of the present with the old survey fields of Colonel Munro appears to His Lordship in Council a matter of serious difficulty and without this he is unable to understand how the work of ascertaining and correcting the over assessment then made can be carried on - These several considerations and others which might be mentioned render it particularly necessary that a full exposition should be given by the Collector of the principle upon which the work has hitherto proceeded. The Governor in Council directs that the Report now called for by the Board be submitted at the earliest practicable period, and is of opinion that till it has been received, and disposed of by the Board and Government the correction of the over-assessment of the fields

reporting that the zillah Court have passed a decree in appeal suit No. 68 of 1844 reversing the finding of the Subordinate Court in O. S. No. 783 of 1841 instituted by a Curnum of the Village of Nadanoor in the Pittapore Zemindary whose attempt to give up the Devoyettee land held with his Enam land was resisted by the Collr as Contrary to the Customs of the District and requesting that the Actg Collr may be allowed to prosecute a special appeal in the Court of Sudr Adalut and to file an appeal Petition according to a Draft submitted by him-

St. 24 Feby 1845

letter from the Acting Collector of Rajahmundry (with enclosures) in which that officer reports that the zillah Court of Rajahmundry have passed a decree in appeal suit No. 68 of 1844, reversing the finding of the Subordinate Court in original suit No. 783 of 1841, and giving Judgment against the 1st Defendant the Collector of Rajahmundry adjudging them to pay Rupees 66 as damages with the appeal Costs- Mr Bird at the same time requests permission to bring the case by special appeal before the Court of Sudr Adalut, and submits for approval the draft of the special appeal Petition which he proposed to file-

2. The merits of the question at issue, as gathered from the papers now submitted appear to be as follows- The Plaintiff in the original suit is a Curnum of the Village of Nadanoor in the Pittapore Zemindary, which is now under the Management of its Proprietor, but at the time when the cause of action arose, was under the administration of Government Officers. He holds 10 Candies 2½ Tooms of land of which 8 Candies is Enam and 2-2½ Devoyettee. but the boundaries of the several kinds of land have not been defined- nor can it be ascertained

Fort St George 27th February 1845.

ascertained whether any given piece of Ground out of the whole 10-8 — 2-7/2 be Enam or Jeroyette the whole forms one holding and by the Custom of the district cannot be divided. but must either be held or relinquished together - In fusly 1251 the Curnum attempted to give up his Jeroyette land, and to retain his Enam, but this was resisted and he was held liable for his Jeroyette Assessment. From some mistake on the part of the Talook authorities, it appears however to have been at first supposed, that his Enam and Jeroyette land had been separate holdings and the Curnum was in consequence called upon to pay what is termed "Rules Tax" viz. a certain per centage of his Enam assessment according to the "Rules" for regulating the holding of Enam land by Jeroyettee ryots drawn up by the Collector Mr Smith in November 1841 and sanctioned by the Board of Revenue 1841. This error which would have been to the advantage of the Curnum was subsequently discovered and rectified and the Plaintiff in lieu of the "Rules tax" was held answerable for the entire Cist of his Jeroyettee land on which he seems to have presented a Petition to the Collector remonstrating against the "Rules Tax" and without waiting for an answer to his Complaint proceeded to institute a

+ His rules Tax would have been only Rs. 7-5-8- The Jeroyettee Cist was Rs. 120-

a suit in the Subordinate Court of the Zillah.—

3. In the original judgment upon the case before the Subordinate Court, the Acting Subordinate Judge held, that according to the revenue usage of the District the Plaintiff could not give up his Jeroyette land without at the same time relinquishing his Enam, that the charge upon him for the full Jeroyettee Cist was consequently proper. that although it might in the first instance have been demanded as "Rules Tax" the mistake was amended as soon as discovered and had occasioned him no injury. and under these circumstances he nonsuited the Plaintiff with Costs.—

4. The Plaintiff dissatisfied with this judgment appealed to the Rajahmundry Civil Court who held in their decree, that the sole question to be decided was, whether the demand of "Rules Tax" were correct or not all other considerations being extraneous and irrelevant. they observed that it had been proved that the Plaintiff had been compelled to pay "Rules Tax". that it had been admitted that he was not liable to this said Tax, and that therefore without reference to any other circumstances he was entitled to a verdict. On this ground they direct

Fort St George 27th February 1845.

directed the lower Court to revise their decree and to find in favor of the Plaintiff with costs of appeal but not those incurred in the lower Court, which were refused, because the Plaintiff had commenced his action before receiving an Answer from the Collector on the subject of the Petition addressed to that Office.

5. In the letter now submitted the Acting Collector requests permission to prefer a Special appeal to the Court of Sudder Adalut against the finding of the Civil Court - He observes that the error in charging the Curnum with Rules Fees was one merely of form, that it was corrected as soon as brought to the notice of the Collector, that it was productive of no injury to the Plaintiff and that it never could be the intention of the Legislature that Collectors should be liable to be cast in Costs and damages for mere clerical errors - or confusion of terms, in the administration of an intricate revenue System, nor except in cases where actual vexation had been practised, or positive wrong inflicted - and that were the contrary doctrine admitted the Collection of the revenue would be a far more difficult task than at present - The Board fully

Fort St George 27th February 1845.

agree with Mr Bird in these remarks, and considering the question at issue to be one of much importance they beg that he may be allowed to prosecute the special appeal as now applied for and to file an appeal Petition according to the Draft which he has submitted - They would beg leave to draw attention to the circumstance stated in Mr Bird's letter of the 22nd Instant that the extension of time for which he has applied to the Court for filing the appeal will expire on the 23d March.

I have the honor to explain that the sum of Rupees 290-5-— being the value of 52 Rolls of damaged Stampt Papers returned to Madras as per letter from the Superintendent of Stamps bearing date the 13th May 1842. was (with a view to adjust the item) included with other sums in both heads of Demand Collection and Balance sheet of August 1842. The Demand &c. sheets ending the 11th July of fusly 1252 exhibits Rupees 26265-3-— and if you deduct from this, the Value of the damaged Papers Rupees 290-5-— above specified, the remainder is Rupees 25974-14-— or Rupees 25975- in round figures, being the exact amount of sales as stated by me. —

and requesting to be informed whether under the authority of section XII of the new act he is authorized to disallow the right of the Merchants to evade duty by taking the Bombay line when the Customary and directed route lies in an entirely different direction - quoting another recent instance of certain Merchants attempting to evade the duty and stating that unless something is done to obviate it, the former statement will be verified that all important traffic will disappear through the Bombay Frontier -

in my letter under date the 18th November 1844 No. 114 -

2. The Bombay Frontier being declared free, the Merchants of the District will, as I before stated, avoid all payment of Duty by making use of that route, I wish to be informed whether under the authority of Section XII of the new act, I am authorized to disallow the right of the Merchants to evade duty by taking that line when the customary and directed route lies in an entirely different direction - The question is one of vast importance, and the sooner I am made acquainted with the wishes of the Board on the subject the better -

3. To elucidate my meaning in a way not to be mistaken I will mention a circumstance which has just occurred - Certain Cloth Merchants stated that a large quantity of Goods prepared by them were about to pass the Ankali Ford to Sholapoor (they intended in fact though much out of their way to get into the Bombay Territory, evade the Duty, and then proceed by that circuitous route

Fort St George 27th February 1845-

route to the place in Mysore to which their Goods were destined) as the correctness of the Statement was doubted. I directed a Purkarah to accompany the Party, and if the Statement proved true to offer no hinderance - The Merchants on becoming aware of this, and that they were watched, confessed, that they were going into Mysore and agreed to pay the Duty on the Cloth, The amount was Rupees 1700, and the Board from this will be able to judge of how matters stand, and that unless some thing is done to obviate it, my former Statement will be verified "that all important traffic will disappear through the Bombay Frontier"

From the Sy Collr of Cuddapah — affording the information required by the Board in their letter of the 13th ultimo respecting the Commission drawn by the Darogah and Vender on the sale of Stamps.

Para 1. With reference to your letter of the 13th ultimo, I have the honor to state — that the Stamp Darogah of this District formerly drew 2 per Cent as his share of the Commission on the sale of all Stamps with exception of sales of Revenue Stamps by Tahsildars on which he received 3 per Cent, while the Zillah Court Vender received 3 per Cent on his own sales and — the Tahsildars 2 per Cent on theirs, and 3 per Cent on the sale of Sayer Stamps was formerly — divided between the Sayer Sheristadar and — Talook Cottas Mootsuddies, at the rate of 2 per cent to the former and one to the latter. ——

2. In my letter of the 3rd ultimo, I meant to recommend that the Darogah should receive 3 per Cent on all sales and the Vender 2 per Cent on his own sales. No change being made with

with regard to the Commission on — sales by Tahsildars, which sales are so small that the receiving commission on them by the Darogah does not materially affect the relative proportion between the Total Commission drawn by them and the Vender. The effect of the proposed arrangement would be that whereas formerly the Darogah and Vender received in round numbers about Rupees 40 and Rupees 30 per Mensem respectively, they would now draw about Rupees 38 and Rupees 24 per Mensem, the decrease from the abolition of the Sayer being in a great measure made up by the increased sales of stamps for the use of the Courts. — Appended

With reference to the Extract from the Proceedings of the Board of Revenue under date the 9th Ultimo, I have the honor to submit an abstract of the Monthly Collections at each Chokey for the past year.— From this it appears that the annual Collections are not likely to exceed 8000 Rupees.—

2. The last Chokey in the list Viz. Veerabadra Droog is in a very wild and unfrequented part of the Country but still there is a ferry there, and as it is the only one between the next Chokey and the boundary of the District, a distance of about 40 Miles, I thought it advisable to place a Chokey there in the first instance, but finding that no Collections were made there, I discontinued it from the 1st of August 1844.—

3. The Chokey at Beejanamall has also been discontinued from the 1st of February, Goods being no longer permitted to pass by that route.—

Proceedings thereon.

Informing the Collr. of Chingleput that the original Sunnud for certain land in N. A. granted to Subadar Major Mahomed Ghouse Bhahader was transmitted on the 8th Novr. 1810 to the Collr. of N. Arcot for delivery to the Subadar and forwarding Copy of it for his information.

It appears that the original Sunnud transmitted to this Office by Government on the 30th October 1810 for certain land in North Arcot granted to Subadar Major Mahomed Ghouse Bahdoor was transmitted on the 8th November of that year to the Collector of North Arcot for delivery to the Subidar.

The accompanying Copy of a Sunnud dated 17th August 1810 found on the Board's records, and which they presume is a Copy of the one above referred to, is herewith sent for the information of the Collector of Chingleput.

Sunnud granted by the Honorable Sir George Hilaro Barlow Baronet, Knight of the Most Honorable the order of the Bath, Governor in Council of Fort St. George, and its Dependencies, on the part of the Honorable the United company of Merchants of England trading to

to the East Indies to Mahomed Ghouse, Subidar of the Body Guard.

The Honorable the Governor in Council having been pleased, in consideration of the faithful and active services of Mahomed Ghouse, Subidar of the Honorable the Governors Body Guard, to grant him for the period of his own life, and to his heirs for the period of two lives, being in the whole for the term of three lives. Sixty Cawnies of land situated in the Kusbas of Cauvereepauk and Arcot and in the Village of Ramapooram in the Northern Division of Arcot, yielding to Government the annual rent of Star Pagodas 44 7/16 and of the description hereunder specified Videlicet.

In Cusba Cauvereepauk 7 Cawnies — ¼ of
Poonjee 11 Cawnies annas — 11¾ — of Nunjee 1 Cawnies annas — 9¼ of Sotkaul 45½ of Waste
and 0 Cawnies anna — 1 of Porumpoke land.

In Ramapooram Cawns. 20 and annas. 3½ of Nunjee land.

In Cusba Arcot Cawns. as. 14 — 2½ of Nunjee
Cawns. annas 4 — and 4 of Sotkaul Land.

Be it therefore known to all Officers of Revenue and to all proprietors of land that the aforesaid Sixty (60) Cawnies

of

of Poonjee, Nunjee, Sotkaul, Waste and Porumpoke land, situated as aforesaid, are conferred on Subidar Mahomed Ghouse and his heirs for the period of three lives on the following conditions.

1st. That the said Subidar Mahomed Ghouse, shall consider himself amenable to all such regulations and ordinances as the British Government may from time to time, establish for the dispensation of justice, and the prosperity of the Country.—

2d. Continuing to perform the above stipulations, and to perform the duties of allegiance to the British Government, its laws and regulations, the said Subidar, Mahomed Ghouse, or his heirs as above stated are hereby authorized and empowered to hold, during the term of their respective lives, the Sixty (60) Cawnies of Poonjee, Nunjee, Sotkaul, Waste, and Porumpoke land, situated in Cusba Cauvereepauk in Ramapooram, and in Cusba Arcot in the Northern Division of Arcot above mentioned.—

To

Fort St. George 27th. February 1845.

3d.

To obviate all causes of dis-
-pute respecting the water to which the lands
above described shall be considered entitled,
it is hereby declared that the transfer of
them to Subidar Mahomed Ghouse and
his heirs aforesaid in Enam tenure
shall not, in any respect affect, the
proportion of water which may have
hitherto flowed to them in common
with the other lands of the Village,
but that they shall be entitled to the
same proportion of water as they may
have hitherto received, without
molestation from any person
whatever.

Given in Fort Saint George

From Collector of Chingleput ---- Submitting explanation on Captain Mackay's Statements

Sir/

1. With reference to the Extract from the Proceedings of the Board dated the 27th January, I have the honor to state, that having Communicated to Mr. Cotton the sentiments of Government conveyed therewith, he has explained to me that the reply to Captain Mackay's letter, which has been considered uncourteous, would not have been penned had that Officer in his letter, in lieu of general charges, communicated the evidence he had to produce, and which letter was thereupon naturally viewed as an unjustifiable attack upon the Talook authorities, and the more particularly so, as the Collector had placed a Peon under the special orders of Captain Mackay and his Predecessors to assist them in detecting and bringing to notice any illicit sale of spirits.

2 I have also to add that after the receipt of Captain Mackay's letter, Mr. Cotton twice proceeded to Poonamalie with the object of

of checking the illicit sale of liquor, and of bringing to punishment the persons against whom such charges could be proved, but that the evidence was of such a general nature that no specific offence as to time or place could be legally substantiated, he then, however, took such measures as I trust may tend to check, in a great measure the evils complained of.

From the Collector of North Arcot

Sir

With reference to the correspondence noted in the margin I have the honor to submit Statement with Abstract shewing the particulars of the Debts of the Zemindar of Cavetnuggur. The number of creditors included in the Statement is 36. and the amount of Debt exclusive of sundry Debts and Debts subsequently contracted is Rupees 9,53,172-6-" and inclusive of those two items the Debts amount to Rupees 9,61,673-10-2 In lieu of amount the sums due to three creditors who have not appeared to set forth their claims are included. There is some difference between the sums claimed and the amount as admitted by the Zemindar, which does not call for remark in this place. The amount which the Creditors are willing to give up is inconsiderable. No doubt the creditors are prepared to forego a much larger portion

portion of their claims if arrangement for the payment of a fair and equitable sum are definitively made, but until an arrangement of a positive character is determined on it is not to be expected that the creditors will state what they consider a fair adjustment of their claim as any declaration now on their part will only prejudice those claims hereafter before the Courts, if it is finally resolved that the Debts shall not be discharged from the public Treasury.

2. It appeared desirable that an arrangement should be made with the creditors, as it would remove the Zemindar from all embarrassments and leave him unfettered to attend to the improvement of his Estate and the welfare of his Ryots But many difficulties now present themselves, which it is right should be brought under consideration of. The desired arrangement to be successful must embrace not only all the Debts but a guarantee must be had that fresh Debts are not being incurred while the old Debt is in

course of Payment and the Estate held by Government with this view. If any portion of the Debt is omitted from the unwillingness of parties to this mode of adjustment or if in the interim of settlement a fresh debt is incurred the Creditors in either case can obtain an order of Court for the sale of the Estate or a portion thereof and thus the endeavours made for the welfare of the Zemindar and of his Ryots will be rendered fruitless, and the sum paid by Government for the liquidation of the Debts risked. The arrangement to be successful must have the concurrence of all parties: the Estate must be formally made over to Government by the Zemindar till the object in view is accomplished and the Creditors must be directed to bring forward their claims within a certain date, after which all claims will be rejected.

3 But is it desirable under present circumstances that the proposition of relieving the Zemindar from all embarrassments with the assistance of Government should be carried out. The Estate was attached

towards

towards the close of Fusly 1257 / A.D. 1847/48 at which time the demand of Government against the Zemindar was Rupees 2,26,171 being composed of nearly 2 instalments of Fusly 1249, and 2 instalments out of 3 of Fusly 1251; at the period of attachment two courses were open to Government; first, the sale of the Property at once for the arrears, and secondly to retain the management of the Zemindary under the Officers of Government till the demand of Government should be satisfied. The latter course was followed. Of the total demand against the Zemindar at the Date of attachment aboveamentioned Rupees

1,31,171-0-0 of arrears have been realized and the current Peshcush up to this Date has been punctually carried to account, thus leaving Rupees 95,000 only as the demand against the Estate on account of arrears. Is it desirable under this altered state of the demand against the Zemindar to follow out the original desire of meeting the claims of the creditors encompassed as the proposed arrangement is with

Difficulties

difficulties arising from the backwardness of some creditors to come forward and the contraction of new Debt by the Zemindar.

4. Supposing a satisfactory arrangement could be made with the creditors the object contemplated Viz. the benefit of the Ryots of the Estate by relieving the Zemindar from all pecuniary embarrassments would still be unattainable without a guarantee that the Zemindar will not incur fresh Debt. Is it possible to obtain this guarantee? will past experience, or the fact that fresh Debt is being incurred at this present time, or the known habits of the class hold out a prospect that a guarantee is to be had? It appears not. The habits of the class are based on Principles which create an increasing demand for Money and if the present crisis is now met a new crisis will come on in a short time to be met in a similar manner if the same Policy should obtain.

5. Thus by a compromise with the creditors the only gainers will be the creditors themselves. The Zemindar will

will be relieved for the time from the present pressure, and the Ryot, the prominent object in the whole arrangement, will be left as he now is. The rapacity of the Zemindar and his new creditors must be met. The Ryot is the only source whence the demand is to be satisfied.—

6. The alternative of not relieving the Zemindar from his present difficulties is to be considered. In about 2 years the arrears will have been fully discharged, when the estate will be made over to its Proprietor. The demands of the present creditors must then be met by the Zemindar in addition to which the deep seated habit of contracting Debt will be in operation. The creditors must have their demands satisfied either by ready payment, Mortgage or assignment of the Revenue of the Villages, as before the present attachment of the Zemindary, or the creditors will insist on the sale of the estate to meet the obligations of the Proprietor. Under any circumstances it will

be disastrous both to the Zemindar and to the Ryot. The ruin of the former is inevitable whatever course is pursued. If the Zemindar should again fall in arrear to Government before the sale of his Estate by the Courts, the Ryot may be preserved, as attachment of the Estate must ensue. The probability is that the Zemindar will make any terms however disadvantageous with his Creditors rather than allow his estate to be sold by the Courts. Should he pursue this course it will be impossible for him to discharge the Peshcush punctually and attachment will follow.

7. From the facility with which the arrears of Peshcush have been realized since the attachment of the Estate it is manifest that the interests of Government are secure. The resources of the Estate are fully sufficient to meet the demands on account of Peshcush. The other parties involved in the present discussion are the creditors, the Zemindar and the Ryot. The creditors as such have no claims on the Government

by

Fort St. George 27th February 1845

They stand in the same position as all other creditors, they know the circumstances under which they lend money, and the prospect they have of repayment. They know that generally they cannot look to the sale of the Zemindary in satisfaction of their demands, because the Estate is liable for the satisfaction of the Demand of Government before private Debts can be attended to, they look to surplus Revenue and assignment of portions of the Zemindary. The condition of the Zemindar, it is seen, is beyond recovery without assistance. The Ryots and the condition of the Country must be the prominent point on which the determination of the subject should turn.

8 If every thing could be placed in the same position as at the date of attachment perhaps the proper course would be the sale of the Property to be bought in by Government, and a provision secured to the Zemindar. But a considerable portion of the Government demand

Fort St. George 27th February 1845

demand has been discharged, and as the remainder is in course of realization it would be inexpedient perhaps to follow that course now. The Zemindar is desirous to recover the immediate management of his Estate and to enter into an agreement to discharge the arrears by instalments together with the Current Peishcush but as he has already failed in this respect it is not to be expected that he will fulfil such agreement. On the whole it appears desirable that the proposition of settling with the Creditors should be abandoned and that the Estate should be again made over to the Proprietor when the present arrears have been discharged.

The Zemindar's Vakeel produced his accounts by taking the interest in payment of the Principal and adding compound interest thereon- Hence a difference of Rs 3,416 13-5- as p The Vakeel further states that 700 Rs on account of Court expences were paid to the Creditor's Vakeel which sum and the interest accruing thereon, he wishes should go to the Credit of the Debt- No Document however has been produced to prove this and as said before the Court expences devolved on both parties-

As per Accounts inclusive of all money transactions antecedent to the final execution of a bond

It is ascertained from the Accounts of the Creditor that after closing accounts up to the 18th Jye Fusly 1229 the late Zemindar Venkataperumal raz issued a bond on that date which shews the debt to be Rupees 21124-12-3 at that period interest thereon to run at 1 per Cent that on the same date the Zemindar issued a Takeed to Ameel Sawmy Moodelly stating that Malepoordy Vca 37 Villages were assigned for Pagodas 1630 per annum that sum to be credited annually in payment of the interest on the above said debt and the residue credited in liquidation of the Principal. That after squaring accounts according to the terms of the Takeed up to Aswy Fusly 1237 the creditor produced his accounts during the Zemindars minority shewing the balance to be Rupees 4427-10-7 the accounts he now produces are inclusive of interest on this sum of 4427-10-7 and correspond with those rendered by the Zemindar and sent to the Board in the year 1829 the accounts produced by the Zemindars Vakeel shew that the payments have been credited in liquidation of the Principal and Compound interest added to the Monies so paid

31248 12 3 62497 8 6

In another Bond dated 26th Aswy Fusly 1237 it is stated that after closing accounts from Fusly 1230 there remained a balance of Rupees 3195 4 6 inclusive of interest agreeing to pay interest on this amount at 1 per Cent per Month the Creditor have accordingly added double interest and produced his accounts the Zemindars accounts approximates to accuracy in all but Rupees 220 4 6 which it is stated is the unentitled amount of interest.

35975 " 4 71950 " 8

The Creditor produces accounts to shew that a sum of 500 Rupees was paid to the Zemindars Guardian by order of the Manager on the 30th Pertawee Fusly 1238 the Zemindars Vakeel urges that this sum was given in peturn for certain honorary distinctions bestowed on the creditor and was therefore not included in the debt. No documentary proof are however forthcoming in support of the assertion on either side.

" " " " " " " "

There appears to be an excess of Rupees 280 in the payments made at 15 different times in the Zemindars Vakeels accounts above that of the Creditors which the former states was the money disbursed on account of honorary presents made to the creditor on the occasions of his visit to the Zemindar and was credited in liquidation of the debt. The latter is willing to admit this provided proof is shewn but the Zemindars Vakeel has not hitherto produced any proof in support of his assertion.

The Zemindars Vakeel produced accounts to shew that interest was paid only on the Principal Rupees 9274 6 u and the Monies so paid were credited in liquidation of the Principal and compound interest thereon has been added. The Creditor adds that on the receipt of the Ameel Saumy Moodelly's paid Rd. 1481-2-7 Vizt. 1313-11-8 for the repair of the Colatoor Tank in fusly 1233 and Rupees 167-6-4 for repairing a spring channel in fusly 1234 in support of the latter he possesses no document. The Zemindars admits only 990-8-u being paid on account of Tank repair but on examining the Monigars Vca. and old accounts of the Village it is ascertained that the Creditor had paid Rupees 1313-11-8 for the repair of the Tank but no more-

The payments made in fusly 1234 from the Colatoor rent is shewn by the Zemindar's accounts to be Rupees 1099-12-3 and by the Creditors to Rupees 607-4-5 this difference on enquiry is ascertained to have arisen from the changes in the price of Grain taken by the Creditor Vizt.

That at the time the Zemindary was under attachment in 1234 the price of Grain fixed by the Creditor was according to the Double Nerik but that two years afterwards the Zemindar altered it to the rate of the high selling price of the Market at the time 1234/-

Remarks

17

The Creditor produced a decree of the Zillah Court dated 23d November 1837 In which the Court decides that interest at 6 per Cent should be paid by the Zemindar on the sum of Rupees 1874-4 Elizt Principal Rupees 1524-13-6. Interest Rupees 349-6-10 which was the amount of debt Settled in the Collectors Cutcherry on the 1st May 1831 - That the Zemindar appealed against this decision when a decree was passed in the Provincial Court on the 12th September 1842 (Extract of which was produced) which confirms the Zillah Courts decision and decides that interest at 12 per Cent should be paid on the debt from the date of the Original decision. The Creditor has accordingly produced his accounts calculating interest at 12 per Cent from the 1st May 1831 as the date of the original decision, and the reason he assigns thereto is that the decree of the Provincial Court was to that effect that besides 12 per Cent was inserted in the Bond granted by the Zemindar to Sowcar Eammakeeram in the matter of this debt -

The Zemindars Vakeel states that no interest can be charged for Rupees 349-6-10 because that sum is the amount of interest he produced accounts by adding interest to the Principal alone at 6 per Cent from the date of the Zillah Courts decree and at 12 per Cent from the date of the Provincial Courts decree - The Zemindars Vakeel further states that a sum of Rupees 10 were given on the 16th Margaly Fusly 1242 to which compound interest being added amounts to Rupees 23-13-8 - This sum as paid does not appear either in the Zillah or Provincial Courts Decrees - The Creditor therefore does not admit it

The Creditor has produced a Razeenamah filed in the Provincial Court on the 27th June 1838 in which it is stated that the Creditor filed a Suit in 1836 for Rupees 12,993-12-0, but the sum compromised was (Principal Rupees 8750) inclusive of double Interest-Rupees 17,500 of which Rupees 9,018-8-0 being paid in liquidation thereof, from the Village of Cummapully Virp. Principal Rupees 4,506-4-0 Interest-Rupees 4506-4-0 there remained a balance of Rupees 8487-8-0, that for the payment of this sum and the interest accruing thereon at 1 per Cent per Month, Jermundiem Vns Villages were assigned from fusly 1248 to 1253 Fsl of the amount for which the Villages were assigned Rupees 2,500 per Annum, Peishcush exclusive, the amount Vns Merah being deducted the remainder to be Credited in payment of the annual interest and in liquidation of the Principal The Creditor has now produced his accounts according to the stipulations contained in the Razeenamah. The Zemindar's Vakeel states that altho the Razeenamah binds him to pay interest on Rupees 8,487-8-0 Rupees 4,243-12-0 thereof is interest, that he has therefore added interest only on Rupees 4,243-12-0 from the date of the Razeenamah and that the payments made were Credited in liquidation of the Principal interest thereon being added also the Jermunm Vns Merah as the payment on account of the debt. But on his being interrogated as to the cause of his thus deviating from the terms of the Razeenamah, He in reply states that the order of the Sudr Court was to that effect. This order is not forthcoming. The Vakeel states that in regard to adding the Amount Merah in payments of the debt, the entry in the Bohasum's account is to that effect.

The Creditor has accordingly produced his Accounts by adding double interest on the sums which were not paid according to instalments- The Zemindar's Vakeel states that in consequence of the sum in the Haramamah being an excess of Pagodas 1378-15 10/16 in the Zemindar's Accounts of the Monies no separate interest thereon can be added- There is an excess of Pagodas 1378-15 10/16 in the Zemindar's Accounts of the Monies paid in liquidation of the debt above that of the Creditors- By this the former produces receipts of Goondosa- the Uncle's son of the Creditor for Pagodas 1042- The Creditor will not admit this because the receipts were granted subsequent to Goondosa dissolving partnership- Viz- That Goondasah the Creditor and others, 5 persons, were our partners and entitled to the amount of Debt- but that in Fusly 1240 Goondasah separated and the amount due to him as joint sharer was paid to him this J. Sashachella petty Chetty (when a Pharee- -sah separated and the amount due to him as joint sharer was paid to him this J. On examining the receipts, One bearing date the 19th Pungoonay fusly 1251 appears to assign no reason for having of Money to the extent of Pagodas 1020, received in fusslies 1233 and 1234- The Zemindar's Vakeel can obtained a receipt for Monies paid along ago; nor do the entries during the Zemindar's Minority, shew the entry of this sum- Copy of another account denominated, Malegay account, bears an original of this account is said to have been destroyed- item of Pagodas 1020. but the

Goondasah has preferred claims but he has absented himself without supporting it- Under the foregoing circumstances there exists a difference of Rupees 17,288-11-2 between Columns 2 and 3 of this Statement-

81,000 " "	1,68,000 " "		It is ascertained from a Rajeenamah produced by the Creditor that he filed a suit in the late Provincial Court against the Zemindar in 1836 for Rupees 1,42,556-1-11. but the amount agreed to was Rupees 1,00,000 to be paid from the Berij of Shevadah 9 in 38 Villages. The Rajeenamah proceeds to exhibit that the affairs of the Villages should be conducted both by the Zemindar's and Creditor's servants their Pay as well as the disbursements on account of Tanks 9 in repairs to be made from the Berij of the Villages. The Net amount, being in the first instance, Credited in payment of interest- the residue in liquidation of the principal- The Zemindar's Vakeel produced Accounts by Crediting all payments in liquidation of the Principal and added Compound interest on the amounts so paid. From the Collr in the Nr Dn of Arcot } Para 1.

Submitting statement of Loans contracted by the Nargunty Poligar Lutchmee dauce Ummah and of the Revenue of Villages assigned for the liquidation of the same and states that the interference of Govt appears to be called for either by making over the property at once to the Heir Mottoosawmy Naick or by keeping it under the management of the Court of Wards under Regulation V of 1804 under the circumstances set forth. Also submitting a Moyen Zabetah

From Do 29th April 1841
From Do 12th July 1841.

The correspondence noted in the Margin has reference to the succession to the Nargunty Pollium: The late Poligar it is seen left instructions to Lutchmy Dauce ummah. His widow to adopt Mottoosawmy Naick. Lutchmy dauceummah did not act upon these instructions she was recognized as the immediate successor and further interference was not considered necessary at that time. Mottoosawmy Naick subsequently complained that the Widow was going on in a reckless manner but as this did not appear to be the case then it was not considered proper to disturb the existing arrangement.—

2. Frequent complaints have been since made that Lutchmy dauceummah was encreasing

of Sibbendy proposed to be entertained on the management being assumed by the Collector

Debt and wasting the property - These have been investigated and the result is embodied in the accompanying statement; from this it will be seen that Loans have been contracted to a considerable amount and the Revenue of Villages assigned for the liquidation of the same. Lutchmy dauceummah has also granted Cowls to relatives and others.—

3. It is manifest that Lutchmy dauceummah has not ability and discretion to manage the Property. She is in the hands of her own relatives, with whom the welfare of the Family and of the Ryots is subordinate to other considerations affecting their own interests. The interference of Government appears to be called for either by making over the Property at once to the Heir Mottoosawmy Naick or by keeping it under the management of the Court of Wards under Regulation V of 1804. Mottoosawmy Naick is about 25 years of age but as he is unpractised in the details of management and as the Property has been badly managed by the Widow it appears desirable that it should be under the management of the Court of Wards for some time Mottoosawmy Naick being

being required to attend at his Pollam and to make himself acquainted with the principles and method of a sound management.

4th The Beriz of the Nargunty Pollam in Fusly 1232 was Rupees 18001-1-2 -

Land	16828-9-2
Tamarind Trees	1172-8-0
	18001-1-2

It pays a Peshcush of Rs. 6596-0-0 to Government - The number of Villages comprising the Pollam is 62 Mouzahs and 18 Mujrahs, together 80 Villages - Fuslies 1233 and 1234 were years of Famine and the Pollam was given up to the Polygar in Fusly 1235. The Beriz of Fusly 1232 has therefore been inserted as shewing the effects of the Property. That year was a very productive one -

5. A Statement shewing the Establishment which it is proposed to maintain on the ensuing year being assumed by the Collector is herewith submitted - The Charges of management to will be seen are estimated at Rupees 106-8-0 per mensem -

This Debt of 1,000 Rupees was contracted in fusly 1252 the four Villages mentioned were rented out for 5 years for Rupees 880 of which 400 Rupees are to be credited annually for the liquidation of the Debt — The late Poligar borrowed Money in this way the present Poligar has taken up a loan yearly from 500 to 1000 Rupees till fusly 1252 when Rupees 1,000 were borrowed. —

This Debt of 1,749 Rs - 12 a - P was contracted in fusly 1251 — The Village is rented out for six years from fusly 1252 for Rupees 3,150-10- " in the names of Coopsoorow and Appajeerow the Nephews of the Mortgagee. —

This Debt of 2500 Rupees was contracted in fusly 1254 — There were no debts due at the close of the fusly preceeding — The Villages are rented out from fusly 1251 to 1258 — The late Poligar borrowed Money in this way. —

This tope is rented out for 5 years from fasly 1250 it was agreed that the amount of rent should go to the liquidation of the Debt at 29 7/12 Rs. per Annum — It appears that the amount of Loan has been fully liquidated. —

This Village was rented out to the Poligars Vakeel — Coopiah for 36 Pagodas per annum for 5 years from fusly 1251 — who under rented it for 39 Rs. per Annum Coopiah states that he pays the amount of rent to the Poligar but the Monigars Vcia. do not know this. —

This Village was rented out to the Poligars Sheristidar P. Bheemrow Vizt. In fusly 1251 for Rupees 210, from fusly 1252 to 1253 at Rs. 2 38- per annum who has under rented it — The Carnam is not aware whether the rent goes to the Poligar or not — Bheemrow says that the amount of rent was paid to the Poligar according to the Kists Contracted by him but — that it was not his practice to make it known to the Monigar Vcia. —

The Carnam states that Half of the Beary of this Village is in the enjoyment of Kistapandid the Brotherinlaw of the Poligar, as Enam as per Takeed issued in fusly 1252. —

The Village is in the enjoyment of C Sashagherry row on a Jodee of 2 Pagodas in consideration of the Poligar having received certain Loans from Sashagherry row. —

No. 3.

To J. Goldingham Esqre

Principal Collector in the
Northern Division of Arcot—

Respected Sir,

1. The humble Petition of Moodoosaw=my Naidoo, adopted son and brother of Comara Venkatappa Naidoo late Poligar of Naragal attached to the zillah of Chittoor That 3 days previous to the demise of your Petitioners' brother and adoptive father, who was destitute of a male issue, he was being conscious of his death, intimated to his wife, his intention of adopting your Petitioner, in view that he might, after him, maintain his family and other relatives, and succeed him as poligar, and in the presence of the relatives, Ryots, Carnum and the Servants attached to the Poliem, granted a Will to that effect on Stamp paper under date the 13th September 1837, attested by eleven respectable and credible witnesses and on the same date addressed urzees to your Predecessor Mr. Ogilvie and to the government soliciting that the Poliem may be granted to the Petitioner after his death, and in the interim of the Sanction of the Government being obtained to that effect, that the adoptive Mother of the Petitioner be allowed to superintend the affairs of the Poliem.—

2 The next day after the above occurrence, or on the 14th of September 1837, the said Comarah Venkatappa Naidoo died, which circumstance was immediately reported to the late Collector Mr. Ogilvie by your Petitioners adoptive Mother, by an

Fort St. George 27th February 1845.

an urjee, accompanied by the Will, and in that urjee it was also maintained that agreeably to the orders of her husband, his funeral rites will be performed by your Petitioner, and a report made on the subject afterwards, on the 15th of September the Petitioner under the Hindoo law performed the funeral ceremonies of Comara Venkatappa Naidoo and he still continues performing the annual ceremonies &c.—

3d The late Collector having referred to the urjees addressed to him both by your=s Petitioners adoptive Mother and father as well as the Will in question made a report of the circumstance to the Board of Revenue, who ordered the Will to be carried into effect— With reference to this order, the Collector sent a=Paseed to your Petitioners adoptive Mother, direct=ing that the Petitioner be sent to him together with the Will and the witnesses who attested it and=that in the interim the affairs of the Poliem=s be conducted by your Petitioners adoptive Mother, who in reply stated in an urjee that after the Collection of the Revenue payable to the Circar, which was in arrears, the orders thereon contained will be duly attended to.—

4th The brother of your Petitioners adoptive Mother Ullor Conniah, who arrived here from Tanjore for want of subsistence, and some of the Servants of the Poliem in order to gain their livelihood persuaded your Petitioners=s adoptive Mother, that if the Poliem were granted to your

Fort St. George 27th February 1845

your Petitioner she will not have to spend money as she judged, or to superintend the affairs of the Pollem, and that if she prolong the time, the Pollem will continue in her name for ever — She being a female, readily gave credence to those ill persuations and delayed carrying into effect the orders of the Collector, who having subsequently sent positive orders adhering to his former one, your Petitioner's adoptive Mother made an arzee that she did not like your Petitioner, and that she might be allowed to adopt another, the Collector brought this circumstance to the notice of the Board, who declined complying with the request, on the ground that her adopting another against the Will of her husband is open to objection and sent an order directing her to conform to the Will — the Collector, communicated this order to the Petitioners adoptive Mother, and required her to send the Petitioner and the Will to the Hoozor, as the was formerly directed but she failed to do so However the Collector under the orders of the Board summoned and examined the witnesses who attested the Will, and reported that it was a genuine Document, and that your Petitioner is the sole heir to the Pollem, and the Board under date the 30th August 1838 likewise recorded their opinion that your Petitioner is the sole

heir

heir to the Pollem — The late Collector under the above order issued Takeed to your Petitioners adoptive Mother, under date the 11th September 1838 directing her to conform to the tenor of the Will, but she neither did so, nor sent an answer thereto — On the 19th August 1839, your Petitioner addressed an Arzee to your Predecessor, stating that his adoptive Mother had not properly managed the affairs of the Pollem in consequence of the bad council of the persons above alluded to, and that she had contracted considerable debts to the injury of the Pollem, who sent a Takeed to the effect that the management of the Pollem cannot be vested in a woman any longer nor can she pledge it and directing that the Will left by her husband be conformed to, but as she made no answer to it he issued a further Takeed acquainting her that no good would result, by her acting against the orders but to no purpose — your Petitioners adoptive Mother being a woman, and does not know how to read and write, the ill designed persons have persuaded her to oppose the Cirkar orders and to pledge Villages subject to the Pollem on account of the Circar Kists, by this the Pollem is now brought into ruin —

5th Your Petitioners adoptive Mother having acted in direct violation to the orders of the Circar and disipated the property or the Pollem

Fort St. George 27th February 1845.

Pollium, your Petitioner presented an Argee to the Board of Revenue under date the 23d January 1841 praying to confer the Pollium on him according to the tenor of the Will left by his deceased father, and to the urgee of his adoptive Mother to your predecessor, who being of opinion that the Pollium should be conferred on him, called on the Collector to state whether the Pollium can be granted on the Petitioner or whether it is to be sequestered, under Regulation 5 of 1804. The Collector having enquired into part of the circumstances contained in the Petition of your Petitioner to the Board of Revenue, admitted the fact of your Petitioner being proprietor to the Pollium under the Will, but stated in the report to the Board of Revenue that his adoptive Mother carries on the management of the Pollium in a most peaceable and proper manner and that he answered questions in the matter to the Pundit of the Provincial Court who declined having them solved on the ground that both parties should appear before the Court. The Board of Revenue on the 28th April 1841 referred your Petitioner to the Civil Court. The late Poligar Veneatappa Naidoo has expressly declared in the Will that your Petitioner is the sole heir to his Pollium and estate and made a

a report on the subject both to the Government and the late Principal Collector Mr. Ogilvie. These Documents have likewise been acknowledged by your Petitioner's adoptive Mother, subsequently, and the Board of Revenue as above shown have on more than one occasion were of opinion that the Pollium should be conferred on him agreeably to the terms of the Will. Under these circumstances your Petitioner most respectfully beg leave to request your goodness will judge whether he is to seek his redress in the Civil Court. Your Petitioner's adoptive Mother with a view to deprive him of the Estate, and to subject him to a great loss, mortgaged the Villages mentioned in the accompanying list borrowed money on them, and spent it in vain. your Petitioner consequently requests your goodness will summon and examine in the Reddies and Curnums mentioned in the enclosed memorandum in proof of the Villages being mortgaged as well as the mortgage Bonds and report the matter to the Board of Revenue and at the same time further beg to request you will have goodness to have the Will and argees translated and after a due consideration of them send the Questions which are on the Records of your Cutcherry and which were in April 1841 proposed by the late Principal Collector the Provincial Court Pundit.

Pundit, and after obtaining his answers to get the sanction of the Board to confer the Poliem on your Petitioner — The Sudr Udalut have recently sent an order to the Provincial Court to have the questions, which might be proposed by the Collectors solved by their Law Officers —

Sir,

Para 1. In reply to the concluding part of Para 3 of Extract from the Minutes of Consultation, on the Settlement of the Land Revenue of North Arcot for Fusly 1252 A.D. 1842/43 which accompanied Extract from the Proceedings of the Board of Revenue, desiring that it might be explained, "How the Zemindars whose "lands it is presumed have been "equally affected with those of the Govern- "ment, were enabled to pay up the demand "against them in full, when in more "favorable seasons they have fallen into "arrears," I have the honor to request that there is no doubt but that the lands of the Zemindars have been more or less affected, equally with those of the Govern- ment, but not to that extent as to affect the payment of the Peishcush. —

Reporting the cause of the Zemindars having paid the demands against them in full in Fusly 1252 —

2. Regarding the Zemindary of Cavetnuggar, it is to be recollected that

Reporting with reference to the Extract from the Proceedings of the Board dated 10th June 1844 that 120 individuals have been newly appointed as Tolies and Tundulkars in the District that the allowances of 12 Old Servants have been increased and submits a detailed list of the same

With reference to the Extract from the Proceedings of the Board dated 10th June 1844 conveying the sanction of the Governor General in Council for the disbursement of Rupees 1681-1-7 per Annum to place the Village Police in the Salem District on an efficient footing by increasing the allowances of Tolies and Tundulkars whose emoluments are inadequate and augmenting the number of them where complement is deficient I have the honor to report that 120 individuals have been newly appointed as Tolies and Tundulkars in the District and the allowances of 12 old servants have been increased; but the unoccupied

the amount sanctioned by Government
for the purpose. This difference of Rupees
10-4-8 has arisen on account of an error in the
account submitted by the late Principal
Collector J. Orr Esqre with his report
dated 26th April 1836 in which it is entered
that the allowance of a Paty in the Village
of Marasoor in the Gloor Talook was
Rupees 4-11-4 and that an Increase
Rupees 10-4-8 was required to be added
to the same in consequence of
its being too small. On examining
the records it is found that
the original allowance of the said

Sir,

I have the honor to request the orders of the Board for the grant of 4 Acres of immemorial waste land applied for by one J. D. Mansel for Coffee cultivation in the Village of Shemmuddoroo in the Shervaroy Hills on the usual term of rent free for 5 years. The terms are agreeably to the orders of the Board conveyed in Extract from their Proceedings dated 8th September 1842, and in accordance with the Boards' instructions of the 1st December 1842. The native inhabitants of the Hills were made acquainted with the present application and they have offered no objection thereto.-

From the Subcollr in charge of Salem Referring to the Proceedings of the Board of Revenue dated 27th Ultimo & Copy of Extract from Mr. of Conc dated 25th idem regarding the Tank referred to in Capt. Hill's letter & submitting the Explanation called for by the Board &c.-

Para 1:- With reference to Proceedings of the Board of Revenue dated 27th Ultimo, forwarding Copy of Extract from Minutes of Consultation dated the 25th idem, requiring the Principal Collector to be called on for explanation relative to instructions said to have been issued for the plugs of the sluices of the tank at Mataghery from which the Horses of the Remount are watered, to be opened, in order to let off all the water that remains in the tank, without giving any warning of the measure to Captain Hill -

2. I have the honor to state that no order was issued by Mr. Gleig for the tank to be emptied in the way described; but a report having been made by the Tahsildar of Ossoor, that the flowing of the water required for the cultivation under the tank had been suddenly stopt by some

Horsekeepers

Fort St George 27th February 1845.

Lorrekeepers sent by Overseer Johnston, an order was sent to the Tahsildar to cause the water to flow as usual.

3. Warning was not given to Captain Hill before Land, because no information had been given to the Principal Collector that the water was required. as the land watered from the tank amounted to acres 66. 14 - 9 - assessed at Rupees 392 11 - 8; and the practice had not hitherto obtained of reserving the water specially for the use of the horses. I submit, that any emergent circumstances should have been brought to the knowledge of the Principal Collector in the first instance instead of Overseer Johnston adopting a measure so much beyond his authority, when Mr Grieg would no doubt have rendered every assistance that the safety of the Revenue and the rights of the Ryots might allow of. —

To The Secretary to the Board of Revenue Fort St George.

(85)

From Lt. C. Montgomery Bart. Collector of Tanjore } Sir. Reed.

Submitting the Summah Fusly Accounts of his District for Fusly 1253.

Mr. Bishop was relieved from his occupation of Acting Collector of Tanjore on 6th May last and in my absence the conclusion of the settlement, which he had conducted up to that period, was effected by the Acting Sub Collector Mr. Cotton as I did not join the District till after the termination of the Fusly

x 1253 A.D. 1842/43.

my duty on the present occasion is merely to forward the Accounts of the Settlement with such explanatory remarks as appear necessary in elucidation of them, and to furnish the required information on points noticed by the Board in their Proceedings on reviewing the Settlement of Fusly 1253 A.D. 1842/43.

Season:-

2. The productive powers of the land as reported by Mr. Bishop in his letter of the 1st March 1844. were found to have been impaired by the heavy rains which fell in the May preceding saturating the soil with water at a time when it is usually left by the force of the sun and Vegetation ceases, and thus is prepared for the reception of the rich deposits brought down by the rivers to a later period. In the Months of August and September the freshes in the

Fort St. George. 27th February. 1845.

the rivers were scanty in October and November they failed. The local rains failed at the early season of cultivation, were insufficient as to advanced, and superabundant and its termination injuring both Car and Peshcumum Crops. So that altogether the season appears to have been unfavorable both for wet and dry produce.

3. The following Statement prepared in observance of the directions laid down for my guidance in the 4th para of the Proceedings of the Board on the Settlement for Fasly 1252. demonstrates the advantages obtained a.D. 1842/43. by the construction of the upper Anicut for the Sangah cultivation in Tanjore. It exhibits the progressive improvement which in spite of casual adversity of seasons is observable in the Revenue of subsequent years both melan- and exclusive of Fasly 1245. The average cultiva- a.D. 1835/36. tion of the 6 years previous to the construction of the Anicut. compared with that subsequently (Fasly 1246 being included in the comparison) exhibits an increase in the average of latter years of ₹. 3895. which converted into money at the standard rate per Candy gives a money result of Rupees 131959 or 4 9/32 per cent. and which converted according to the Board instructions into the real actual

Fort St. George. 27th February. 1845.

actual Summahbendy prices. stands at Rupees 23809 or 53/64 per cent. Excluding on the other hand Fasly 1246. it would appear that the average of the subsequent 7 years. exceeds that of the 6 past by ₹. 4887 at a standard Candy of 165725 Rupees or at 5 25/32 per cent. the increase in the actual Candy being Rupees 2778 bearing a vantage of 3/4. The increase moreover in the extent of cultivation for the Fasly under report is ₹. 5723 above the average of the past 6 years at a standard Candy of Rupees 123853 and producing an actual revenue of Rupees 41802.

Add: Land cultivated since the construction of the anicut — Fasli 1253: Valy — 89309

6. In explanation of the difference remarked in the 6th para of the Board's Proceedings for fusly 1252 (F.B. 1812/43) between the extent of the Nunjah cultivation reported as under the Annicut and that given in the Statement annexed to the 3rd para of the report in that year distinguishing the several extents under each source of irrigation, I beg to observe that the extent given in the former account comprised the whole Nunjah Cultivation in the Neeradrumbum Villages or those irrigated for the greatest part by rivers, are denominated as such, including the comparatively diminutive extent in them dependant on Tanks and other Sources; whereas in the latter account, the extent specified under each source was what it exactly was, thus causing as is shewn in the Marginal Statement the difference noticed. Nor will this account appear objectionable when it is considered that the lands attached to the Neeradrumbum Villages, so mainly dependant on the Annicut, cannot well be dismembered from them though irrigated by other sources than the River, and that the centage of these lands on those under River

River irrigation is so insignificant that it stands at 1/2. It will be observed that a similar difference arising from the same cause exists between the similar two Statements for the fusly under report as is shewn in the Margin.

Board's Rent

10. There has been no alteration in the classification of Villages denominated in the Margin.

11. The number of Villages Woolungoo rented in the last Year was 1413. It now stands at 1399, by the reversion of 17 to Amany, and the accession of 3 Viz. 1 from Amany and 2 from the 1 Year rent Authorized by the Board.

12. In Villages settled under Board's rent there is a Decrease of 17 from the withdrawal of 28 Villages transferred to other classes Viz. 2 to Woolungoo rent, 1 to Woolungoo not affected by the Current price

price and 25 to Amany, and from the accession of 11 Villages under Amany in the last Year.

13. Proposals for the rents of these Villages in the past fusly were invited at the Commencement of the Cultivating Season, and the Offers for 19 out of the Total number of 99 were accepted and the rents confirmed previous to the 1st. or Car Crops being fit for the Sickle. The remaining Villages 80 were rented during and subsequent to the Car harvest. The Board will probably however be disappoint: ed to learn that these rents though money pay: ments were made, were not strictly speaking the money rents, which it is stated in their late proceedings it is intended they should be. The rent of each Village was a fixed grain Amount converted into money at the average Selling prices of the Year - It was not till now understood that the object of the Board was solely to introduce a money rent, and the Acting Collector Mr. Bishop in renting these Villages as above explained conceived as his predecessors did that he was fully carrying out the order of the Board. The System of Board rents has now

now been in Operation for five years, and although I was myself the first Collector who acted on the Board's instructions, and with much personal exertion, succeeded in renting a large portion of the Amany Villages in Fuslies 1249 A.D. 1839/40 and 1250 A.D. 1840/41 I was not aware till after the receipt of the Board's proceedings on the Settlement of fusly 1253 A.D. 1843/44 that they ob: jected to a grain rent converted into a money payment as above described, or that their orders were confined to a strictly money rent. The object of these rents was supposed to be to avert the evils of the Amany system, the Chief of which is undoubtedly the Actual cutting and harvesting of the Crop under the Supervision of the Government Servants; This main evil: has in all instances been averted as far as regards the main, Viz. the Peshanum Crop and in many as regards both, but when the rents have not been effected sufficiently early in the Season, as with Woolungoo Villages un: rented at the commencement of the Year, so with these, the minor evils of Government inter: ference in the Cultivation have been unavoidably maintained

maintained. In many instances however the rent: ing the Villages at all has been the consequence of this very interference - Some few money rents have been obtained for the present fusly but the difficulty with which the Meerasseedars have been persuaded to agree to such terms when prices and demand promise to be good, shews pretty clearly how much greater they would have been in the late Years when the price was not only low but grain almost unsaleable. Indeed it is not too much to assert that if money rents, such as it has this Year been understood to be the wish of the Board and Government to introduce, had been alone admitted in the past three years, more than 3/4ths if not all of the Villages which have been entered as rented under the Board's order would have remained under Amany.

1254
A.D. 1844/45

14. Strictly money rents in obedi: ence to the orders of the Board will for the future be encouraged.

Woolungoo rented the commutation price not affected by the Current. -

15. There is no materiab change in this class of Villages only one having gone to Amanny and two received in its stead, Viz.t 1 rented under Board's order, and 1 under Amanny in the last.

Amanny

16. There is an Important Increase of 30 Villages in this Description of Settlement occasioned by the transfer of 13 Villages to other classes - Viz.t 1. to Woolungoo 11 to the rent under Board Order, and 1 to Woolungoo rented the Communication price not affected by Current prices, and by the accession of 43 - Viz.t 17 rented under Woolungoo, 25 under Board's orders, and 1 under Woolungoo, the commutation price not affected by the Current in the last. This increase of Amany Villages has resulted from the Season, which in prospect ap: peared, and in reality proved, less propitious than that immediately preceding -

17. The number of Villages wherein remission was granted, has been as shewn in the Margin ab: Statement

a difference of 4000 Cdys in the Standard grain amount entered for the Tritara. = poondy Talook in the 2 Statement (C. and No. 10) which accompanied Mr. Bishop's report on that year, I beg to explain that the two Statements in question at first corresponded with each other, an error being afterwards detected in both, it was corrected in Statement No. 10 but overlooked in the other. The grain Amount therefore which was entered in the former Statement (No. 10) is correct, and that in the latter, remains a mistake.

32. It appearing from the 18th para of the proceedings for fusly 1252 A.D. 1842/43 that the Board are inclined to believe the difficulties of the agricultural population in Tanjore less than stated by Mr. Bishop, and that the transfers of lands reported by him, being private, are considered to arise from Causes other than the necessity of discharging the Government demand, I think it incumbent on me to report the grounds on which my observations and enquiries oblige me to express an opposite opinion.—

The

Rs. 44,7,000—

33. The extent to which Mr. Bishop has stated the Transfers of lands, seems to have been arrived at on no substantial data. It was merely the extent which had come to his knowledge by that part of the transfers of Meerasy property which in Tanjore is usually registered in the public accounts, on the sanction of the Collector obtained after the filing of an agreement entered into by the vendor and the purchaser before the Talook Revenue authority. But there are likewise other transfers which exists to a larger extent in the Districts of lands not registered in the public accounts in the name of the party to whom they are transferred, but who notwithstanding actually enjoys them. The extent therefore which comes to our Knowledge by the accounts of the sales of the Stampt Papers and Cadjans purchased by private Individuals for executing Deeds of Sale or Mortgage of their lands, place in our hands, less objectionable and more correct data. These accounts shew not only the price at which each stampt paper or Cadjan is

Fort St. George 27th February 1815.

is sold, but also the Amount for which, and the tenure on which the transfer is made. The following Statement prepared on this data, gives the extent of these transfers during the three past fusslies at Rupees 27,66,197 which converted into land at an assumed valuation of 200 Rupees per vaily stand at V. 13831.—

Fusly	Sale Money of Lands	Mortgage Money of Lands	Total	Extent of Lands transferred assumed at 200 Rs per vaily
1251	5,33,352	4,32,829	9,66,181	4,831
1252	6,66,323	4,28,420	10,94,743	5,474
1253	4,04,253	3,01,021	7,05,273	3526
Total	16,03,928	11,62,269	27,66,197	13,831

34. Of these two kinds of transfers the one headed "Mortgage Money" may as hoped by the Board, perhaps be of a temporary nature though the future recovery or forfeiture of these lands must depend on the future improvement or decline in

in the Condition of the mortgagers. It may be presumed that the necessity to transfer these lands must have been principally felt by Meerassidars of those Villages the Punnuhkum dy of which remains under the ordinary provisions of their settlement stated from year to year uninfluenced by fluctuations of the Current selling prices, and excepting therefore, Villages of the opposite nature, the yearly standard Revenue of Villages coming under this description does not fall far short of the total Rupees 27,66,197 or the above given amount of transfers of lands of all descriptions being Rupees 23,73,911 which may be said to be derived from an extent of 67,373 Valies of wet land the Punjahs and other items included in the transfers being mere appurtenances

35. It now remains to consider, whether these extensive transfers arose from the necessity of land holders to meet the Government demand or otherwise, and this can not be better ascertained than by tracing how far the agricultural interests have improved or declined in late years a retrospective view of this period presents a continued accumulation of losses brought on them by the seasons as is shewn below.—

36- Hence it can scarcely be doubted that the losses of the Meerasidars by Price have been 80 and by Produce 25 per cent making the total loss 105 per cent or what is the same, some what more than the standard Summakbundy Beriz of one year. This extent of losses approximating to the sum to which the total transfers extend, force me into the conclusion that the difficulty of meeting the public demand has been the main incentive in the Meerasidars for the disposal of the lands thus transferred.

37- The present value of landed property in Sanjore is at a tolerably accurate Estimation five times the Government Revenue for one year. This Estimation, the Board will observe

absence, is also supported by the same proportion which exists between the assumed value assigned to, and the average demand on one Vaily of land, as given in paras 33 and 34 respectively, as well as between the extent of Summajah land, from which as explained in para 34 the Standard Revenue was chiefly derived and the assumed extent of land transferred

It will therefore be painfully striking to the Board that the Meerasidars in Tanjore of the Villages settled under the invariable standard Prices by taxing as above explained in the years of 1250-51-52-53 as much as balanced in value the Summahbundy of 19 Years, have of necessity deprived themselves of 1/5 to of

№ 12

To Mr H. C. Montgomery Bart
Collector of Tanjore

Sir

Para 1. I have the honor to submit the Annual Summabandy report of the Sub Division under my charge for the Fusly 1253.- A.D. 1843-44

2. The past Season upon the whole proved an unfavorable one from causes some of which were anticipated and others equally unforeseen.

3. Heavy and most unusual rains fell during the Months of April and May 1843 which had a very prejudicial effect upon the whole Country, the evil consequences of which were sufficiently apparent during the whole Season. First the spontaneous production of a quantity of rank vegetation and weeds all over the Nunjah fields which at the cultivation Season proved most difficult to eradicate and in consequence the labour necessary to bring these fields to a fit state for the reception of the regular Crops was doubled and trebled, where this has not been undergone the losses have been proportionately greater. Secondly the inhabitants in many parts were obliged from the same cause to abandon their regular plots of ground on which they had always been accustomed to sow the Car seeds, owing

Fort St George 27th Febraary 1845

owing to their being submerged and to sow it on other tracts of land which were not so well adapted for the purpose and the total Cadap Car cultivation fell short under that of the previous year in the proportion noted in the Marg. The produce of this yearly grain also was very much effected by the constant and heavy rains which fell daily more or less for 2 Months Viz. from the 20th September till the 20th November and during the harvest. Finally after all the requisite labour and exertions had been undergone, the lands having failed to crack from the same causes into those innumerable fissures (the advantage of which is so well known on its first inundation by the earlier freshes of the Cauvary) the sumbah Crops which for many Months appeared to be most luxuriant at the harvest yielded a very indifferent outturn Viz. something less than 75 per Cent of a full crop.-

5. In the preceding Fusly there were 6 Villages under Amany of which 1 has been rented in the current year upon the Wolang system and 5 in accordance with the instructions of the Board leaving 1 under Amany. 9 which were Wolang rented last year came under Amany in the current together with 1 received in exchange from His Highness Rajah making a total of 11 Villages under Amany. The greatest exertions to induce the Land holders to rent these Villages were ineffectual owing to their having suffered accumulated losses in the preceding Faslies and the unfavorable prospects of the season under review. The Meerasidars offered to rent them at a reduced rate (or upon Board rent) but as acquiescence would only have been a plea for similar remissions in future, and the precedent appeared obnoxious they were only given the option of taking them on the full Standard amount as they had hitherto done.-

23 The accompanying Statement A exhibits the distribution of the Revenue on the different Denomination of Villages.

24 Out of 918 Field assessed Villages it was found necessary to grant remission to the extent of 2899—11 in 19 Villages on 120-9 G. 64 3/4 out of 716—16—1 1/16 which suffered from the total destruction of plants as well as on account of waste lands which it was found impracticable to cultivate this year a further remission of 374—14—5, on 47—7—13 15/16 of Bagayet and Poonjah lands was also made after careful examination of the lands themselves, destroyed either by excavation of channels or by the incursion of Sea water and also the actual state of the Merasdars who have suffered so greatly during the last 3 or 4 years.

25 The Summa amount of Land Revenue in each Talook in the Sub Division is stated below.

The Decrease in the 3d. Item is occasioned by a number of weavers having gone to other districts to procure their livelihood in consequence of the depressed state of the

the market for their Commodities.

30. The land holders of some shrotrium Vcas Villages in the Sheally and Cattalum Talooks claimed remission on certain lands destroyed by the excavation of the South Rajah Voykal as well as compensation the first item was acceded to, to the amount of R a P 12 — 4 — 8 — being the assessment on ℣ 3 — m 14 — ℊ 58 9/16 — destroyed and remitted as the Village does not in any way benefit by this project, but the subject of compensation was left for future consideration and decision.

31. A portion of Bagayet Vca lands belonging to a Pagoda in the Vellungiman Talook amounting in all to ℣ 7 — m 86 3/16 was entered as land allowed in lieu of backyard in the survey account of Fusly 1239 but in Fusly 1241. it was entered as Tariff — The assessment on it was never paid in consequence of the land being claimed to be Survamaniem. This claim has been finally investigated and found to be correct the Jumma amount R a P 20 — 7 — 6 — has consequently been struck off

32. In Fusly 1226 ℣ 1 — m 10 ℊ 5/8 of ground was

and ordered the above sum to be collected during the ensuing Fusly.

40. A sum of Rs. 1,268—15—3 a P. due by certain Meerasidars in Paralum Talook will be also collected during the ensuing Fusly, as it appeared that this sum was not recoverable except by Distress, when there would have been still greater difficulty in promoting the regular cultivation of the approaching season and it is more than doubtful whether the requisite sum would have been realized after all.

41. Rupees 3245—3—4. is outstanding against a Meerasdar named Suchuma-Tillay who pays to the Circar annually to the large sum of Rs. 16,321—4 V. 92—12 M. this sum will speedily be recovered from the amount realized by the sale of his extensive estates by Auction in the Zillah Court in pursuance of Decrees passed in several suits brought against him by his creditors a communication has been already made to the Subordinate Judge on his matter.

42. Rupees 3,412—11—3 a P. outstanding against certain large Meerasdars in Sheally Talook might have been collected had the

on the Tahsildar used common exertions or shewn the smallest zeal in the execution of his duties and there is no valid reason why this was not done at the time I have been obliged to suspend him from Employment on account of corruption and general inefficiency and shall therefore say no more on this point at present but that this sum will be recovered during the Next season.

43. A sum of Rs. 257—13—10 a P. is payable by several petty Meerasidars but which cannot be recovered until their moveable and immoveable property is sold by auction.

44. A further sum of Rs. 1951—15—3 a P. is in train of payment.

45. The sum of Rs. 1,018—15—3 a P. is a balance on certain lands held under Circar management and belonging to a Minor / Periavagapoo / in the Sheally Talook these lands have been thus situated since the year 1836. when the matter was referred to the Board of Revenue as well as the Zillah Court. The annual losses sustained in the Villages in question will be a subject for further consideration and reference hereafter, but in the meantime it appears that during the last 3 years there has been no

warrum

warum "whatever" payable to the above individual and who has consequently been reduced to the greatest want. It was therefore resolved this year to cut the crops under the direct superintendence of the Circar servants and after appropriating a certain sum for the absolute necessities of the individual in question the remainder was credited to Government leaving the above balance as irrecoverable.

46. A further balance of Rs. 1,623 — 5 — 2 — on various Items it is feared is also irrecoverable tho' every effort will be made towards its collection.

47. The amount collected during the fusly under review on account of the balances of former fuslies is stated below

Proceedings Relative to the Settlement of the Shevagunga Estate in the District of Madura for Fusslies 1251. 1252 & 1253.

(91)

Proceedings thereon. Para 1 This Estate having been sequestered by Government pending the result of legal proceedings was restored to the Zemindar on the 11th of September last under instructions issued to the Principal Collector from the Court of Sudr Udalut. Under these circumstances it would not appear necessary to do more than notice generally the result of the settlement of the land revenue in the respective fusslies above alluded to and the condition of the Zemindary at the period that it ceased to be managed by the Government authorities and was restored to the legal owner.

review this Estate participated in the general favorableness of season which was felt throughout the Southern Provences, the subjoined comparative statement exhibits succinctly the result of the settlement of the three years under review the Collections in fusly 1253 it should be remarked being calculated up to the 30th of September only.-

Fusly 1251. 3. The Balance for fusly 1251 entered above was subsequently reduced by the payment of Rupees 17000 and the Principal Collector remarks that the remainder with the exception of a purely nominal balance would be made good by the Grain purchasers. The disbursements for the same period amounted to Rupees 3,77,886-6-6 and under the head of Peishcush (being Rupees 2,62,500) the collections were Rupees 2,39,500 leaving a balance due on account of Government amounting to Rupees 23,000 for the year in question. but which was adjusted in the ensuing.-

Fusly 1252. 4. The Ordinary and Extraordinary disbursement amounted Fusly 1252 to Rupees 3,09,183-7-3 which included a sum of Rupees 2,55,908-15-- being two instalments of Peishcush and leaving a balance on this account of Rupees 29,591-1 due by the Estate to Government for the year entered above.-

Fusly 1253. 5. The account current which accompanies the report on fusly 1253 exhibits the Gross receipts of the Zemindary to be Rupees 4,22,390-14-1 and the total charges both Ordenary and Extraordinary of the year to be Rupees 3,22,390-14-1 exclusive of one lac of rupees which was invested in the Public Funds for the benefit of the individual who should eventually be declared the rightful owner of the Estate. The total disbursements within Fusly 1253 therefore amounted to Rupees 4,22,390-14-1 of which a sum of Rupees 29,591-1- was the amount of the unadjusted balance of Peishcush for fusly 1252 and Rupees 2,22,661-10-6 was carried to account under the same head for fusly 1253 at the expiration of which period there was still an outstanding balance due to Government of Rupees 39,838-5-6.-

the Estate with an outstanding balance of Current Peishcush unprovided for, was altogether irregular, and they desire to be informed why the Principal Collector thus appropriated the above sum from the receipts of the year, before securing the payment on full of the demands of Government.

7. It appear from the Statement in para 5 of the above report that after giving credit for the amount of Collections up to the 30th of September the balances of land revenue outstanding were Rupees 157178-7-3 with which arrear the Principal Collector remarks "the Estate was given up to the Zemindar." The Board would have been glad to learn what the assets of the Estate were to cover this balance, the quantity and value of grain in store and what amount had been sold and not collected, as well as by what purchasers due on the 11th of September the date when the Zemindary ceased to be under his management. It would moreover have been satisfactory to the Board to know the actual amount of ready money in the Treasury on account of the Zemindary, and whether any and what result was taken from the Proprietor at the time of placing him in the

possession of his Estate.

8. The Board desire to be furnished with full information on the several points above noticed and request that Mr. Blackburne will submit his report together with statements made up to the day of the restoration of the Estate.

Sir.

In my half yearly Return of Maps to the Surveyor General the last dispatched on the 8th Ultimo, I have shewn the bad state of some, and desirableness of fresh Copies ever since January 1840, without eliciting any notice, which is perhaps owing to no special demand being made for them.

I have been furnished with the very useful Nos. 80 & 81 of the Grand Trignometrical Survey map, but they do not comprise

comprise the extreme north of the Collector as bounded by Salem and Coimbatore; nor the west towards north as bounded by Tinnevelly, and Travancore; and in this portion is comprised the rich and large talook of Theroonnungalum of which I have no Map whatever. I am given to understand Nos. 62 & 68 comprise the portion I am in want of and I submit it would be conducive to the interest of Government that they should be furnished if they are available.

From the Principal Collector of Madura } Sir,

Shewing Statement of defalcation of a Tope renter for fasly 1252 to amount of Rs. 185-11-4 in the Subsequently restored Zemindary of Kummewady and recommending abandonment of the claim on sale consideration of the entire impoverishment of the renter, and of the sale of the securities personal property towards its trifling liquidation.

Fort St. George 11th January 1845

To J. Pycroft Esqre
Secretary to the Board of Revenue
Fort St. George.

In reply to the Proceedings of the Board of Revenue of the 7th November I have the honor to report that the Sub Collector being pressed to Collect an outstanding balance of Rupees 185 - 11 - 6 in Nellacotay for the preceeding fasly he reported that he had already directed the attachment and sale of the defaulting Tope renters' personal property and of his two securities and sequestration of their land.

And on the same 11th January I forwarded to him a petition of one of the Securities complaining of the sale of his property, and requesting information.

On the 18th January I remarked on the seven months delayed recovery of balance and desired to be favored with particulars of land sequestrated.

On the 2d February the Sub Collector reported that having ascertained the inability of the Tope renter to pay his dues he had sequestrated the real property of the securities. That he deemed the Renters' a hard case because he said he had enjoyed the rent for 17 years up to the Current one

one, when he hoped to have had it also and to be thereby enabled not only to pay what was due from him but to make profit besides because of money laid out upon it in the past fasly in which he had made no profit, and the Sub Collector forwarded me the petition as a valid excuse, but apparently without any attempt to ascertain its truth while to me the improbabilities appeared great.

On the 20th June the Sub Collector reported sale of the entire property of the defaulting renter at Rupees 13- 4- "- and of the personal property of his two securities at Rupees 13- 2- leaving a balance against the renter of Rupees 185—11—4 for which he recommended sale of the securities' lands as forwarded by me on the 26th October.

In this is included Commission to Zemindar-

2- " The tope in question forms part of the Cunnewady estate restored to the proprietor on last fasly which

which makes it particularly desirable to close the account.

There is nothing before me to shew there was due watchfulness on the part of the Government Servants to collect the Rents as they become due, but on this point I have had no communication with the Sub Collector.

There seems nothing in the nature of the rent itself that should entitle the defaulter to immunity.

But in consideration of his impoverishment and of the sale of his two securities personal property I beg strongly to recommend remission of the remainder of the debt & release of the sequestrated real property.

From Mr. J. Blackburne
Dy. Collr. of Madura —
Returning Petition Dy. 1376 of 1844 with

Sir
Para- I have the honor to offer the following

Fort St. George 27th February 1845.

with full explanation and suggesting an Endorsement.

following explanation of Petition No. 1376 of 1844 herewith returned.—

The Certificate given by Lieut. Cooke to the predecessors of Claimants is for a piece of ground 164 native feet from South to North and for 75 feet from east to West—

9 Inches to a foot.

The buildings raised are titled and occupy 174½ English feet from South to North and 60 feet from east to west.—

They occupy part of the east side of a very irregular contracted street leading from the South Mansee very principal street to the Place where the various Civil Courts are held; and by which all public Servants and Suitors go.

This ground is absolutely indispensable to making a proper approach and must be obtained by some means or others.—

Inasmuch as Mr. Cockshead has no authority whatever to give the land and as there is no record of payment made for it, it is held under an invalid title, and the parties ought to be glad to accept my offer of other ground of equal dimension with valid title and low payment for the materials of the buildings but the

that as it may, they have yet only cause to complain of my wish for even intention has never been proved by any overtact of interference with their enjoyment

I would suggest it might be

2. agreeable to the Board to give the following Endorsement.—

By explanation of the Principal Collector it appears you have as yet sustained no injury: he deems the removal of your houses for which you have shewn no valid title indispensible: and the Board trust he will offer such terms in other ground, with valid title and reasonable remuneration as will induce you willingly to consent But the Board will not listen to future Petitions till you have really suffered injury.

Proceedings thereon,

96-97

From the explanation afforded in the letter above recorded it does not appear that Mr. Blackburne has as yet interfered with the occupancy of the spot of ground referred to by the Petitioner. The Board further observe that any measures which may be adopted by that Gentleman with a view to remove obstructions

Fort St. Geo.e 27th February 1845

obstructions and to improve the various thoroughfares in the Town of Madura must be undertaken by him in his capacity of Magistrate, and not of Principal Collector and therefore would not fall under the cognizance of this Office - If Petitioner feel aggrieved by any act done by Mr. Blackburne as Magistrate he must seek redress in the mode prescribed by the Regulations, but the Board cannot entertain his complaint.

Ordered that the following Endorsement be passed upon No. 1376 of 1844.

From the explanation given by Mr. Blackburne it appears that Petitioner has not as yet been molested in the occupation of the ground to which he refers - and if he had been any measures resorted to by Mr. Blackburne of the nature of those complained must have been undertaken by him in his capacity of Magistrate and with such acts the Board could not interfere. -

Translate of proposed answer to plaint in Suit No. 137 of 1844 on the file of the Subordinate Court at Madura instituted by Meenatchee Ayee against the Principal Collector and Magistrate of the District, and 2 others.-

1st

The ground mentioned in the plaint not the ancestral property of Plaintiff's but waste land of Government appropriated till recently for reception of sweepings &c. of the quarter and was entirely unenclosed. In view to the propriety and cleanliness of the Town Scavengers Carts have been employed which have, by degrees superseded necessity for retaining such pieces of ground, the rubbish and sweepings of every house accumulated during the day being removed, on the neat in the carts going round the Streets for that purpose. The ground was given by the 1st to the 3d Defendant in lieu of a piece taken from him to increase the witdh of a Street in which he was a resident, and he has justly built the house on it.-

2- The fact of Plaintiff having tried to obtain it by private sale from the 3d Defendant, as since brought to the notice of the first Defendant, in some measure supports belief she had no prior claim to the ground.

The 2d and 3d Defendants should be relieved from all responsibility they having acted under the orders of the 1st

Reporting the institution of a Suit No. 137 of 1844 against the P. Coll. of Madura in the Sub Court of the Zillah by one Meenatchee Ayee to recover a certain piece of ground & recommending that he may be allowed to put in the draft of an answer he proposes to file and to conduct the defence of the Suit at the public expence.

Sir,

Para. 1- I am directed by the Board of Revenue to state for the information of the Most Noble the Governor in Council that on the 11th Ultimo the Principal Collector of Madura reported to them the institution of a Suit No. 137 of 1844 in the Subordinate Court of the Zillah by one Meenatchee Ayee against himself and two other parties and submitted copy and translation of the Plaint and of the answer which he had put in in the case.-

The answer in the Suit reported having been already filed without previous reference to Government, the Board directed the Principal Collector to proceed in conformity with the course laid down in the Proceedings of the Sudr Adalut 27th November 1816 which it should be remarked had not reached him at the

From 18th inst. to 27th February 1845.

3- On perusal of the Plaint the Board find it stated by the Plaintiff that the piece of Ground for the recovery of which the present action has been brought is her ancestral property and has been held in the enjoyment of her husband, her son, and of herself for years past- but that recently it has been unjustly given by the 1st Defendant the Principal Collector, to the 3d Defendant who has illegally occupied it and built a house upon it- In his proposed answer the Principal Collector asserts that the ground in question is not the ancestral property of the Plaintiff but that it is Government land- that till recently it has been appropriated for the reception of the Sweepings &c. of the Town of Madura and has been entirely enclosed and-

and that lately this plot of ground being no longer required for its former purpose was given by him as Principal Collector to the 3d Defendant in lieu of a piece of land taken from this latter in order to widen the Street in which he resided.-

The answer proposed to be put in by the Principal Collector and which the Board presume that he is in a condition to substantiate appears to them to be good and sufficient and they therefore beg to recommend that he may be allowed to file it and to conduct the defence of the suit at the public expense.-

the accompanying report from Mr. Thomas Collector of Tinnevelly announcing the final Completion of the Bridge over the Tambraparny River between the Towns of Tinnevelly and Palamcotta, on the high road to Madras which was undertaken and executed at the sole expense of Soolochenum Modeliar the Naib Seristadar of that District.-

2. The Collector states that this noble and useful structure was made use of as early as the month of November 1843, practically available for the purposes of transit; the circumstance of its opening having been marked in an appropriate manner by the personal attendance on the occasion of the Public Functionaries both Civil and Military as well as the principal native inhabitants of the Station. Since that time the additional work requisite for completing the Balustrades and the approaches to the Bridge has been finished, and Mr. Thomas adds, that "nothing now remains but to put up some handsome "Bridge Lamps to make the bridge as useful "by night as by day."

The

Fort St. George 27th February 1845-

3. The actual cost of the Bridge as it now stands is estimated at Rupees 51,986 exclusive of Rupees 4,912 sunk in the sale of Government Paper and interest making the total outlay amount to not less than Rupees 56,898- which exceeds the Amount originally proposed to be appropriated by the spirited Proprietor for the entire completion of the work by about 17,000 Rupees-

4. The utility and advantage of this great undertaking in affording and securing at all seasons of the year an uninterrupted communication between the populous and extensive Towns of Palamcottah and Tinnevelly is well known to Government and is fully exemplified in the memorandum of passengers and traffic furnished by the Collector which have been observed to cross the Bridge since it was first opened to the Public.

5. With a view to commemorate the laudable conduct and Public spirit of Soolochenum modelliar in thus devoting so large a portion of his private fortune to a work at once permanent, ornamental and unquestionably of great public utility, Government were pleased to direct in an Extract from the Minutes of Consultation dated 29th August In Cons: 17th Sept. 1840. that on the completion of the structure a Pillar should

should be raised at the expense of the State "in commemoration of the Builder" this national testimonial is now in progress of erection, and it only remains with the Board to give their full support to the recommendation of the Collector "that the Bridge may be entered in the Annual Public Statement of Public Buildings by Private Individuals and published in the Fort St. George Gazette."

The Board of Revenue cannot however conclude this communication without expressing their sense of the munificense, honorable motives and Public Spirit which have marked the character of Sooloo chenem Moodelliar in appropriating so considerable a part of his ancestral property and private resources to the execution of a work of such magnitude and essential local as well as Public utility, and they would beg therefore to submit for the consideration of Government whether, as instances of similar laudable and patriotic feeling are of so rare occurrence amongst the Natives of the Country the praiseworthy conduct of this individual may not be considered as worthy of being acknowledged by Government by some appropriate title as a "Public Benefactor".

Collr of Tinnevelly

With reference to your letter of the 20th Ultimo, I have the honor to state that the Circular orders of the Board of Revenue will be duly attended to in Tinnevelly in every Case coming under my notice, my allusion was not to any late purchases here, but to those of former occurrence in both in this and other Districts. I have now at Ramnad's wish, to request the special sanction of the Board (as directed in their Circular) for the case in question, the purchase of a piece of land× with a building which he wishes to endow a charitable institution.

In Cons: 27th Febr 1845-

Sir,

In reply to Mr. Shaw's
letter of the 3d Instant, I am directed by the
Board of Revenue to transmit for your infor-
mation an Extract from a General letter from
the Honorable the Court of Directors under
date 29th November 1843. You will observe that
the orders of the Court are more stringent than
those issued by the Board in their Proceedings
of June 29-1826 Pp 72-73 copy of which was trans-
mitted to you in Mr. Bourdillon's letter of
the 20th Ultimo and altogether prohibit the
holding of land by Revenue Servants within
the limits of their several Districts- The Board
are aware that Ram Row does not apply for
the land for his own use or advantage but for
the purpose of endowing a Charitable institu-
tion- They fear however that to admit of
such a distinction might open a door to
abuse and an evasion of the Court's orders
and therefore feel themselves under the necessity
of

of declining to accede to his request-

Relative to the management of the Extra Sources of Revenue in the District of Coimbatore for Fusly 1253.
S.D. 1843/44-

The Settlement of the Fusly under review compared with the preceding exhibits a Net decrease of Rupees 9,290-13-3 a result attributed by the Principal Collector to the abolition of the Inland duties by the promulgation of Act VI of 1844- The annexed Statement shews in one view the comparative result of Fuslies 1252 & 1253 under each head of Extra Revenue-

There was a decrease on each head of Sayer in consequence of the abandonment of this portion of the Revenue during the last quarter of this Fusly as shewn in the annexed Statement.

2.

The disbursements on account of Sayer are less than in the preceding by Rupees 1692—10—10 owing to the same cause. The explanation given by the Collector in the last para of his report for the increase in the charges of Fusly 1252 in regard to which Mr Broughton was called upon in the Board's Proceedings dated 22d April 1844 to furnish further information, is considered satisfactory. The actual decrease under this head occasioned by the removal of all restrictions upon the Inland trade amounts to Rupees 27,528—4—4 as shewn in the Margin.

Deficit in collection 29,220—11—2—
Diminished Charges 1,692—10—10.

3.

The settlement of the Revenue derived from Abkarry, Sundry, small farms and licenses and Stamps respectively, do not call for particular notice

2957. Fort St. George 27th February 1845.

The increase in the Charges of this year under report on account of the conveyance of Stamp Paper from the Presidency it is perceived, is Rupees one and not fourteen as remarked by the Principal Collector in the 14th para of his report which latter number is probably a Clerical error.

The proceeds of the sales of

4.

Increase 2809-0-4

Sandalwood, Ivory and Elephants were in the year under review in excess of the past year by Rupees 2809—0—4. The greater portion of this sum was realized by the sale of Captured Elephants—In explanation of the large increase in Fusly 1253 compared with Fusly 1252 it is to be observed that in the latter year no sales of Elephants or ivory took place. The charges incurred on account of the period under consideration amounts to Rupees 1,086—6—3 being in excess of the former Fusly by Rupees 343—1—6 an increase caused by the removal of the Sandalwood found in the Godowns at Sugoor and Sembanuttum in the Ootacamund Talook to Sattamungalum and Bhowaney—The net Revenue of the present year from this source is in excess of the former by Rupees 2465—11—10.

contained in para 9 of the report on the Subject of conveying the Sandalwood in store in

Fort St. George 27th February 1845

in the Godowns at Bhowany to the Presidency for Public sale, the Board observe that the instructions of Government sanctioning the proposed arrangement were furnished to the Principal Collector under date the 12th of December last. In Para 11 of his report the Collector supplies the information called for by Government 30th May 1844 respecting an item of Rupees 739—15—0 realized from the sale of teak wood. The amount appears to have been made up partly from the proceeds of the sale of a quantity of teak and black wood trees felled in the Government Forest of Sagoor and Tippacaudo at the rate of 2 and 1/2 Rupees a tree respectively under the sanction of the Board when those Spots were under the jurisdiction of the Collector of Malabar; and partly also from the sale of a quantity of timber unfit for Government purposes from the forests of Arimalla. The Principal Collector has omitted to state the amount of these sales respectively and as regards the latter he remarks that hitherto it has been customary to make no charge for timber of the above description when required for building purposes

In Cons 17th June 1844

Fort St. George 27th February 1845

The Board see no occasion for this indulgence and desire that in future the value of the timber sold be credited to Government.

6. The Moturpha demand amounted to Rupees 83,118—9—10 being in excess of Fusly 1252 by Rupees 2775—11—1 and above Fusly 1251 by Rupees 6988—7—6. In the 15 para of the Principal Collectors' report will be found the principal items of increase. Amongst them the Board remark an increase in the Loom tax of Rupees 997—3 above last Fusly in which there was also an increase under this head above Fusly 1251 of Rupees 998—4—0. The cause of this augmentation, in the Loom tax in the year under review is not explained. The Board trust however that they may not be disappointed in the hope entertained by them in regard to the increase under this head in Fusly 1252 as expressed in Para 6 of their Proceedings 22d April last.

7. Although the quantity of Tobacco supplied this year to Travancore and Cochin was less than that furnished in the preceding one, the amount of profits under this head exhibits an increase above Fusly 1252 by Rupees 1766—8—4. This increase is stated to have been occasioned by

Profits on Tobacco			
1252	11,525	2	1
1253	13,291	10	5
increase in latter year of	1766	8	4

by a new system of adjusting the accounts introduced under instructions from the Accountant General—

8. From the explanation furnished in Para 18 of the Principal Collector's Report it appears that under the new mode of adjustment the Charges incurred for the purchase of the Tobacco and other incidental expenses are proportioned on the total quantity received into Store in a whole Quarter instead of Monthly as heretofore the average per Candy upon the above quantity is then struck which amount becomes the standard price of a Candy for the ensuing quarter, the result being as stated that "under this calculation the price of Tobacco supplied in the "year under Review was less than in the last "and the difference greater which will account "for the increase under the head of Profit "on Tobacco"

9. The Board do not clearly follow Mr Wroughton through the above Explanation they conclude that he does not mean to imply that the alteration in the System of accounts alluded to in any way affects the price of the Tobacco supplied to the Native States the amount of which is fixed

From Govt 10th inclosure 12th August 1814.

From the Collector of Malabar ---

Sir

With reference to the Extract from the Proceedings of the Board of Revenue under date the 16th Ultimo, I have the honor to forward copy of a communication recieved in answer from Mr. Cowley of Wynaad - Mr. Cowley it will be seen is anxious to secure the Government ground for which he has applied, but hopes to obtain some slight modification of the terms which are stipulated in the Government orders of the 21st December last -

Para. 1.

With reference to the Board's Proceedings of the 16th Ultimo forwards copy of a communication from Mr Cowley proposing a slight modification of the terms stipulated in the Government orders of the 21st December last relative to the Forest Land applied for by that Gentleman in Wynaad.

29th January 1815

2

I beg to express my opinion that Mr. Cowley's objections are such as to merit the favorable consideration of Government

No. 1

To

The Collector of

Malabar.

Sir

I have the honor to acknowledg receipt of your letter dated January 23d enclos-ing copy of order from Government referring to the lands at Terrivoterrah and in reply thereto beg to submit the following remarks for your consideration and if approved of for your kind recommendation to Govern-ment that they be acceded to, according to Para 4 of the Government dispatch wherein it is stated "that the Govt will be prepared to reconsider these terms "if there should appear to the Board or Collector any valid objections"

1st I beg respectfully to point out that Para 1 refers to the letter of the Board of Revenue of July 22d 1814 and desires that the land be made over "as proposed by them" Now Sir the Board in their letter of the above date recommend that the land should be made over for a lease of 21 years renewable for a further period of 21 years. and the present concession of Government has shortened the period of the renewed lease by 7 years. I take the liberty of bringing to your notice

Fort St. George 27th Febuary 1815

notice, that the expences and difficulties of the undertaking are very great and hope you will consider it worthy your recommendation to Govern-ment that the original proposal of the Board be adhered to, of renewing the lease for 21 years.

2d Will you be good enough to inform me if the words "renewable for a period of years on the same terms" intimate the payment of another sum of 3,000 Rupees or merely of the Pep-per Corn rental.

Referring to Para 2 of Govern-ment orders. The stipulated quantity of land to be cleared and cultivated within the periods of 5 and 10 years we should most gladly accom-plish in the 1st or 2d year. The required Capi-tal is at this moment ready and the only like-lihood of delay is a paucity of labor or prevalence of Sickness. things we cannot control. Under these considerations do you think, Sir, I may beg a modification of the penalty attached that uncleared lands revert to Government?

Of Course we submit to the rights of Government relative to Roads, Rivers, and Minerals and shall as desired Keep the Boundaries distinct.

distinct after they have been specially pointed out by some Government Officer appointed for the purpose.

The last request I have to beg your attention to, is the alteration or omission of the paragraph "that no part of the land "not brought under actual Cultivation shall "be subject to sale or transfer" you are aware. I believe Sir that I am acting as the representative of a few Gentlemen who having formed a Small private Company are prepared to enter into the cultivation of Coffee largely - We must nevertheless have one person in whose name transactions are performed - all the land I have hitherto purchased from Natives, though in my own name is for our Mutual and joint benefit. But in this particular Case of Terryoot it is agreed that Lieut.t Col.l Peter Lawrie Pew of the Bengal artillary be Trustee for this property, and if Government is pleased to grant the land upon the modified terms now deferentially submitted, it would be our respectful request that the deeds be made out in the name of Colonel Pew, But Sir, according to the paragraph under

Consideration

Consideration, in the event of the death of Colonel Pew (supposing the deeds made out in his name) if he were previously unable to assign to each proprietor his share of the land, the whole must revert to Government! as neither sale or transfer are present permitted -

In the deeds of Partnership it is strictly enjoined that the share of a partner deceased, is to be purchased by one or more of the other partners - I mention these particulars to prove that we are in earnest about the Cultivation of the land - but as the Deed of lease must be made out in the name of one person, if sale or transfer be not allowed, I cannot see Sir, how that individual acting as Trustee to us all can assign to each, his particular share of cultivated and uncultivated land.

Should you see this in the light that I do, I would feel exceedingly obliged by your recommending the omission of that part of the Government orders - If desired by the Most Noble the Governor in Council that my name as the acting party be inserted in the deed, it can of Course be used, - but if immeterial then Colonel Pew's as Trustee

Trustee, and should Government be pleased to allow the alterations here proposed, the re= =quest for which if backed by your recom= =mendation - I am sure will have due weight I shall be happy to enter into possession &c and commence active operations immedi= =ately -

chiefly to the consumption of Batavia Arrack and Toddy by large bodies of Coolies preparing to proceed to the Mauritius - who were congregated at Pondicherry - and Royapooram for some time - before they could embark for that Colony It would have been satisfactory to have learnt what their numbers were and for what period they were gathered together in those particular localities under such circumstances as could have occasioned so great a consumption of those articles, and the Collector will hereafter be pleased to enter more into detail in explaining a fluctuation in the Revenue arising from such an extraordinary cause. Deducting charges which amounted to Rupees 68,280-12-3- the Net Abkarry revenue for fusly 1253 was Rupees 5,40,079-14-6- being in excess of that of the preceding year by Rupees 37,018-14-1-

The result of the Revenue derived from this source shows an increase of Rupees 8435-1-10 above that of fusly 1252 arising from a larger Import of Firewood and Shells, particularly of the latter while on which alone there has been an increase of Rupees 5,892-4-6 Deducting charges which exceeded those of Fusly 1252 by Rupees 596-10-5 there remains a Net Revenue under this head of Rupees 15,830-13-7 being in excess of that of the previous Fusly by Rupees 7,838-8-1.

It appears from the remarks contained in paras 6 26 and 32 of the Collectors Report that on the abolition of the Sayer dues the proportion of the charges of the Hoozoor Establishment hitherto borne under that head was subdivided for the adjustment of account and apportioned — subsequent to the month of April last to the remaining branches of revenue with reference to the amount of Collections realized from these several sources respectively.

Ordered that a copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Demand Collection and Balance be submitted to Government and a transcript of the same be forwarded to the Collector of Madras for his information and guidance.

Read the following letter--

To,

I Pycroft Esqre

Secretary to the
Board of Revenue
Fort St. George

From the Collr of Madras--- Submitting a revised Statement of Ground rent assessed on certain Bazars at Royapooram and stating that no Certificates have been issued for any part of the Boatmens Village nor have the authorized acknowledgements been signed by the occupants of Houses in it.

Encls. Nos 1-

Sir,

Para 1- I have the honor to acknowledge the receipt of Mr Lovell's letter under date the 21st October last relative to the assessment of Ground rent on certain Bazars at Royapooram, and to transmit herewith, for submission to the Board of Revenue, a revised Statement of the demand thereon for May last, embodying the particulars now called for.-

2- It will be observed that the extent of Ground and the amount of monthly Ground Rent under each of the heads enumerated in Para 3 of the letter under acknowledgement are as follows.-

of

Fort St. George 27th February 1845

Of the three items entered above only the third, being Rupees 3- 15- assessed on 540- Sqre feet would seem to require revision, inasmuch as the demand has been made on certain spots in the occupancy of tenants, which form part of locations that the principals have a right to hold, but the parties not being in possession of any documentary evidence of title, it was difficult to ascertain readily the nature of their claim to exemption, on the ground of the sites of the Bazars being included in their respective allotments.-

Adverting to para 4, I beg leave to explain that, under the instructions conveyed in the Extract from the Board's Proceedings

He accordingly sent several of the Boatmen

1253	4,05,086	7	10	2,47,907	-	7	157,178	7	8	To the 30 September on a/c of 1253.

Fusly 1251. 3. The Balance for fusly 1251 entered above was subsequently reduced by the payment of Rupees 17000 and the Principal Collector remarks that the remainder with the exception of a purely nominal balance would be made good by the Grain purchasers. The disbursements for the same period amounted to Rupees 3,77,886-6-6 and under the head of Peishcush (being Rupees 2,62,500) the collections were Rupees 2,39,500 leaving a balance due on account of Government amounting to Rupees 23,000 for the year in question. but which was adjusted in the ensuing.-

The

Fort St. George 27th Febriary 1844.

Fusly 1252. 4. The Ordinary and Extraordinary disbursement amounted Fusly 1252 to Rupees 3,09,183-7-3 which included a sum of Rupees 2,55,908-15-- being two instalments of Peishcush and leaving a balance on this account of Rupees 29,591-1 due by the Estate to Government for the year entered above.-
