# Diary

Read again letter from the Collector of Trichinopoly dated 11th January and entered in Consultation 3d Instant.—

Read also the following Minute

(1)

Minute of the 1st Member. On a perusal of the Decree of the Principal Sudder Ameen at Trichinopoly and of the proposed Draft of an Appeal Petition it appears to me that the proceedings of the Collector of Trichinopoly were not altogether warranted by the Regulations and that he had not the authority to distrain the Cattle (or personal property) of the defaulter, before he had attached his Estate. There is nothing to show that this was ever done. The principal Sudder Ameen does not appear to have considered this question. But he has absolved the Collector the first Defendant from all responsibility, and has passed his decree against the 2d and 3d Defendants on the main ground that the Plaintiff and the defaulter were not of an undivided family and therefore that the Cattle (personal property) of the former were not liable to distraint for the arrears of revenue due by the latter.—

Stating that the proceedings of the Collector of Trichinopoly distraining Cattle of defaulter before he had attached his Estate were not warranted by the Regulations and that as the latter now holds the Board of Rev.e not interfere in his decision.—

As

As the matter now stands it appears to me that the Board cannot interfere in the question whether the family of the Defaulter is divided or undivided but that they should be satisfied that the measures taken in attaching his alleged property were justified by the Regulation. If these measures were not, as I conceive legal, in as much as the alleged personal property / the cattle / and not the Estate of the Defaulter would seem to have been attached in the first instance.

The only course that remains is to disallow the validity of the sale of the Cattle, to appeal against the decree on behalf of the Talook Officers on the ground that they acted under orders of the Collector and in conformity with the Circular order of the Sudder Udalut dated 12th March 1829 to instruct the Collector to enforce the payment of arrears of revenue in the District of Trichinopoly according to the provisions of Regulation XXVII of 1802.—

To the Chief Secretary to Government

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly, forwarding copy with translation of a Decree passed by the Principal Sudr Ameen of the Court at that station in which judgment is given in his favor, but against two of his Talook servants who were associated with him as defendants in the suit praying that these parties may be permitted to appeal at the Public expense, and transmitting draft of the Appeal Petition which he proposes should be filed.—

Submitting a letter from the Collector of Trichinopoly forwarding Copy of a Decree passed by the Principal Sudr Ameen of the Court at that Station against certain Talook Servants who were associated with the Collector as defendants in an action brought for having sold the Plaintiffs Cattle on account of a balance due by another Ryot and recommending for stated reasons that the suit may be appealed at the public expense also stating that the Senior Member of the Board does not Concur in the foregoing recommendation and that he has recorded a Minute of Dissent.— 10th January in Cons. 31st March 1845

2. It will be seen that the action was originally brought against the Collector and the two Talook servants. the former for having ordered, the two latter for having sold, certain cattle the property of the Plaintiff on account of a balance due by another Ryot. In his defence the Collector took upon himself the entire responsibility attaching to the whole transaction. the other defendants having acted altogether upon his orders. and, as regards

regards the sale of the Cattle he maintained that they had been properly attached and sold, the Plaintiff and the defaulting Ryot being of an undivided family, and the property of either been therefore by Hindoo Law answerable for debts due by the other.—

3 In his Decree the Principal Sudr Ameen seems to have considered to have been proved that the Plaintiff Vengoovyen and the defaulter Lutchmanien are not of an undivided family,— that the Cattle in question belonged to the former, and was not liable to be attached and sold for debts due by the latter. He therefore argues, that as the orders given by the Collector directed the sale of the property of Lutchmanien and as the Cattle sold belonged not to that individual, but to the Plaintiff Vengoovyen the Talook Officers in selling the Cattle did not act under the orders of the 1st Defendant, nor can he be held answerable for their proceedings on these grounds he has given judgment in favor of the Collector but against the 2d and 3d Defendants the Tahsildar and Peishcar.—

4. Against this Decree the Collector is anxious that his Talook Officers should be allowed to appeal and the Board would beg to

to recommend that they may be permitted to do so— They observe that it appears to them very questionable for the Principal Sudr Ameen is was borne out in decreeing against these Talook servants when the Collector had explicitly stated that their proceedings throughout the whole transaction had his full sanction and approval, and that he was prepared to answer for them— They would further remark that from the perusal of the papers connected with the case it appears, that the Principal Sudr Ameen from the first absolved the 1st Defendant the Collector from all responsibility and did not examine his witnesses that on the other hand the 2d and 3d Defendants thinking probably no defence on their parts to be necessary as the Collector had taken their Acts upon himself do not appear to have called witnesses even on the most material points— such for instance as the free execution of the deposition given by Vengoovyen— and the suit may therefore be said to have been in a great Measure tried exparte— Again the fact upon which the Sudr Ameen lays the greatest stress in his Decree, and on which indeed the whole question turns, Viz.t the division of property between Vengoovyen and Lutchmanien is in the opinion of the Board open to the greatest doubt and suspicion— Independently of

+ Appeal Petition Draft

Principal Sudr Ameen's Decree

of the deposition given by Vengeroyen before the Head of Police in which he admits that he and Lutchmenyen are of an undivided family, he does not even in his Plaint filed in the original suit pretend that any division of property had taken place between them. The facts dwelt upon by the Ameen in his Decree in proof of the alleged division Viz.t that the two parties lived in separate Houses, and had lands in their separate names are evidently far from conclusive on the point such arrangements being of no uncommon occurrence among the Members of an undivided family.—

5 Under such circumstances the Board beg to recommend that the 2d. and 3d. Defendants, the Thasildar and Peishcar, be allowed to appeal against the Decree at the Public expense, putting in for that purpose the accompanying appeal Petition being that of which a Draft was submitted by Mr. Onslow modified in some few particulars in this Office.—

6 In conclusion I am instructed to add with reference to the order of Government† quoted in the Margin that the Senior Member of the Board does not concur in the foregoing recommendation, and has recorded a Minute of Dissent.—

A

Draft of an Appeal Petition.—

The original Suit was instituted for the recovery of Rupees 45: 5. 5 with interest being the alleged value of 2 Cows and calves, which had been disposed of at public auction to satisfy a demand on account of revenue due by Lutchmanien the undivided brother of the Plaintiff against.—

1st. The Collector of Trichinopoly.
2nd. Vencatrao the late Thasildar.
3d. Punchanadum Moodely the Peishcar.
4th. } Two Revenue Peons.—
5th. }

The 1st. Defendant under the permission of Government dated the 25th. September 1843 defended the Suit, taking upon himself all responsibility in regard to the transaction complained of and requesting the Court to exonerate the other Defendants from liability on the grounds that they acted under his, the Collectors authority. The Principal Sudr Ameen has without examining any witnesses on the part of the 1st. Defendant passed a Decree in his favor and adjudged that the 2d. and 3d. Defendants shall pay the proved value of the Cattle which were sold, Viz.t Rupees 29. and the costs of the suit as regards themselves. The Plaintiff bearing the cost as regards the 1st. Defendant.—

From

From this decision the 2d. and 3d. Defendants appeal on the following grounds.—

1st. The 1st. Defendant admits his liability and denies the responsibility of the 2d. and 3d. Defendants, and the notice under which the property which was eventually sold was attached bears his signature, and has thus incontrovertibly his authority and the money obtained from the sale has been appropriated by him — not for the benefit of the 2d. and 3d. Defendants but for the use of the state on whose behalf the 1st. Defendant is the agent. Under what plea his responsibility has been set aside is not clear for he the 1st. Defendant does not in any way impugn the conduct of the 2d. and 3d. Defendants who have been guilty of no deceit in the transaction, and the argument of the Principal Sudr Ameen that the 1st. Defendant cannot be held responsible because the notice was affixed to the house of another person instead of the person in whose name it was issued rests entirely upon the assumption that the Plaintiff and Lutchmanien had divided their property which it is quite clear they have not done. The argument of the Principal Sudr Ameen that the name of the Defaulter is not entered in the Puttahs is worth nothing in as much as the property of an undivided family is

is of course liable for all claims against any of the members of such family all and severally.

2ndly. It is argued in the decree that the Plaintiff and the revenue defaulter Lutchmanien are proved by witnesses to hold their property severally and distinctly and to live in separate houses. This the Appellants contend is no proof that they are a divided family according to Hindoo law and it is beyond question that they never have formally divided their property whatever arrangement they have made for their convenience as to the management of their property and this fact the deposition taken from the Plaintiff verifies. It has been alleged on the part of the Plaintiff that this deposition was given upon compulsion but this the Appellants entirely deny and contend that no satisfactory evidence has been adduced in support of such an assertion. The deposition they ever was freely given and in proof of it they will produce before the Court the witnesses before whom it was given and by whom it was attested.—

On these two grounds therefore first that as they acted under the orders of the Collector and as that officer has taken upon himself the entire responsibility of their acts he and not they are liable, 2ndly that as they are prepared to prove, the Plaintiff and Lutchmanien are not of a divided family and that the effects of either might therefore legally be sold for the debts due by the other the Appellants pray that the decision of the Principal Sudr Ameen against them may be reversed.—

1. Under the explanation furnished by the Principal Collector of Salem in the letter which accompanied the foregoing proceedings, the appointment of a separate Writer to pay the Military Pensioners in that District seems necessary, and as there was a person actually employed on the duty since the 1st. April 1844, there would appear to be no objection to the established allowance being granted from the above date; but as the allowance is purely of a Military nature, and authorized by Established Military Regulations, the Most Noble the Governor in Council resolves to issue his instructions in compliance with the application of the Principal Collector of Salem from the Military Department.-

2. The attention of the Board of Revenue will

Submits Annual Report on the Minor Estates of Sungumvudsah and Corpum for Fusly 1253

Sir

I have the honor to submit the Annual Report on the Minor Estates of Sungumvudsah and Corpum for Fusly 1253 and to forward the following Accounts.

1. Comparative Demand Collection and Balance of Corpum for Fusly 1253.
2. Demand Collection and Balance of the Current Revenue and arrears of each Fusly up to the end of Fusly 1253.-
3. Account Current for Fusly 1253.
4. Demand Collection and Balance of Government Pishcush for Fusly 1253.
5. Comparative Statement of Charges between Fusleis 1252/52.

Sungumvudsah as per above particulars.

2. The season as I have already represented in my public report was a favorable one Dated 18th January 1845. the rains were abundant, but these small Zemindaries which are situated in the hills at a great distance from any market for produce have suffered severely from the very low prices

Sungumonsalk

prices which have prevailed for many years past.

3. There was a decrease of Rupees 824.1-7 in the Current demands, and of Rupees 863.13-3 in the Collections in the past compared with the preceding Fusly. This has arisen principally from inferior lands having been thrown out of cultivation. The decrease in the Collections was however reduced to Rupees 824.1-7 in consequence of arrears to a larger amount having been realized in the past than in the preceding Fusly. The details of the Demand and Collection are exhibited in the subjoined figured Statements.—

| No | | Fusly 1252 Demand | Fusly 1252 Collection | Fusly 1253 Demand | Fusly 1253 Collection | Increase Demand | Increase Collection | Decrease Demand | Decrease Collection |
|---|---|---|---|---|---|---|---|---|---|
| 1 | Current | 14526 12 9 | 13788 11 10 | 13702 11 2 | 12892 14 7 | " " " " | " " " " | 824 1 7 | 863 13 3 |
| 2 | Arrears | 1010 11 6 | 28 13 3 | 1757 15 2 | 268 2 9 | 741 3 8 | 239 5 6 | " " " " | " " " " |
| | Total | 15537 8 3 | 13785 9 1 | 15454 10 4 | 13161 1 4 | 741 3 8 | 239 5 6 | 824 1 7 | 863 13 3 |
| | | | | | | Deduct Increase | | 741 3 8 | 239 5 6 |
| | | | | | | Net Decrease | | 82 13 11 | 624 7 9 |

4. From the above Statement it will be observed that the demand amounted to Rupees 13702 11-2 and the collection to Rupees 12892 14-7. The balance outstanding therefore amounted to Rupees 809-12-7 From the extremely unfavourable season which

which has succeeded that under perusal I fear but very little of the balance will be recovered.—

5. The following is an Account Current exhibiting the receipts and disbursements on account of this Estate during the last Fusly. The Charges are all of an ordinary description but they require the sanction of the Court of Wards.—

| Receipts | Amount | | | Disbursements | Amount | | |
|---|---|---|---|---|---|---|---|
| Balance of Fusly 1252 | 3822 | 11 | 4 | Subsistence to the Minor | 1890 | " | " |
| | | | | Charges Collection | 1144 | 7 | 7 |
| Receipts of Fusly 1253 as per Statement No 2 | 13261 | 9 | 4 | Government Commission | 191 | 6 | 1 |
| | | | | Postage paid | 2 | 8 | " |
| | | | | Peishcush | 6700 | " | " |
| | | | | | 9934 | 5 | 8 |

| Company's Rupees | 16584 | 3 | 8 | Company's Rupees | 16584 | 3 | 8 |

6. I have added a portion of the collections of the present Fusly to the above balance of Rupees 3649-11- and paid the sum of Rupees 3,000 into the Treasury for investment in Government Securities.—

7. The Minor will attain his majority in about 2 years.

of preserving tranquillity and maintaining their influence over the wild and lawless tribes who inhabit their Estates.

10. It seems to me therefore to be highly expedient that on every occasion of a lapse, all lands alienated subsequently to the permanent Settlement should be resumed even though it may be found expedient subsequently to restore them in order that the parties in possession of them may be reminded that they hold them as a matter of favor, not of right, and that they can be deprived of them if they fail to fulfil the obligations on account of which they were granted.—

11. The misfortune in the present case was that the enquiry as to which of the lands ought to be resumed and which restored was so long postponed I was just about to commence upon it when I was removed to another District, and when I returned after nearly 2 years absence I found that owing to pressure of other business it had not been completed, and the settlement of Fusslies 1251 and 1252 was formed with reference to the accounts prepared when we first took charge of the Estate.—

12. Mr Smollett had however commenced this enquiry, and as soon as I resumed charge of the District I immediately proceeded to the neighbourhood of the Zemindary and completed the investigation.—

13. The present settlement was made after this enquiry was completed, and the consequence is that there was a large decrease in the demand. The details of the Demand and Collection in the last compared with the preceding Fusly are exhibited in the annexed Statement.—

No.

Fort St. George 20th March 1845.—

He continues to prosecute his studies under my supervision, and it affords me pleasure to be able that there is a marked improvement in his conduct and character. He now shows a degree of intelligence and ability which I hardly anticipated, and I have no doubt but that he will be fully equal to the management of his Estate by the time that he will be entitled to receive charge of it.—

Corps comm.

8. This Zemindary came under the control of the Court of Wards in Fusly 1241, and Mr Smollett, in his report for that Fusly has already reported that the Ameen who was deputed to take charge of it passed the sale of all the lands which had been lowered without authority permitted and passed all Cuttubadies which had been permitted and reduced, and resumed all lands and Villages which had been alienated subsequently to the permanent Settlement. In fact he restored the Estate as nearly as possible to the condition it was in when the Permanent Settlement accounts were taken.

* Letter 3d Oct. 1842 Para 4.

9. This of course created much dissatisfaction but I am clearly of opinion that the course pursued was a correct one. The Fusly Zemindaries are far more lightly assessed than the Proprietary Estates and this was done avowedly on the ground that it would be absolutely necessary for the Zemindars to keep up large Establishments for the purpose

of

Fort St. George 21st March 1845.

14. I now proceed to detail the causes for the changes in the demand exhibited in the above Statements.

Serojettee 15. The following 12 Villages the Serojettee Dowle of which amounts to Rupees 3511-11 a which have been long in the possession of the Relatives of the Zemindar, or of influential Bill chiefs, have been restored to them, and a moderate Cuttobady has been imposed.-

Cuttobady Mocapahs 20. The following are the details of the increase under this head.

Cuttobady on Villages restored to former holders as explained in Para 15. — 1864 "

Cuttobady imposed on the Village of Chintalabalaga which had been granted by a former Zemindar to his Uncle as a free Mocapa. It was subsequently restored for the maintenance of the Mother and Widow of the incumbent under orders of the Court of Wards.

The present Cuttobady had been imposed in consequence of the death of the Widow — 200 " "

Agrahanums Shistums 21. There was an increase of Rupees 86 under this head which is the Amount of Shistum fixed on the Villages restored in Para 16.

* in para 9 22 I have already stated that the measures which were adopted

Fort St. George 20th March 1845.

adopted when the Estate first fell on management excited considerable dissatisfaction, and I have no doubt that the delay that has unavoidably occurred in making the enquiry which has now been conducted has led to a falling off in the revenue. Every thing has now however been satisfactorily arranged, and I am of opinion that in favorable seasons the Collections will average little short of Rupees 24,000 which is nearly double the Amount of Peishcush &c. It is worthy of remark also that three of the most profitable Villages in the Estate have been transferred for a term of years to the Bibilly Zemindar who pays the Peishcush direct into the Treasury.

23. There now is a decrease on the Current Collections in the past compared with the preceding Fusly Amounting to Rupees 1,936-10 which is to be attributed to much land having been thrown out of Cultivation owing to the low price of produce.

24. The following Statement exhibits the Demand Collection and Balance on this Estate for the Fusly under review.

| | Demand | Collection | Balance |
|---|---|---|---|
| Fusly 1253 | 23,096 9 8 | 20,829 6 1 | 2,267 3 7 |
| Arrears | 12,691 2 2 | 6,457 . 4 | 5,524 1 10 |
| Total | 35,787 11 10 | 27,296 6 5 | 7,791 5 5 |

25. Of the above Current balance Rupees 112-6-7 have been realized since the close of the Fusly. This is a very unfavorable season that I fear but little of the remaining balance will be recovered.

Se

Fort St. George 20th March 1845.

26. The arrears outstanding at the commencement of the season amounted to Rupees 12,091-2-2 of this Rupees 6,457-4 have been realized, leaving a still outstanding arrears of Rupees 5,624-10 a large portion of the Collections was however merely nominal. The late Zemindar had borrowed sums of money from individuals and assigned over to them the revenues of certain Villages to secure the payment. These Villages remained in the possession of the Creditors until an enquiry was made regarding the incumbrances on the Estate. That having been concluded, credit has been taken for the Amount of the different rents amounting altogether to Rupees 5,021-6-7 which have been entered as disbursements in payment of the debts so that the actual Cash Collection on account of arrears Amounted only to Rupees 435-9-9.

27. It is necessary to explain this as otherwise the Gross Collections of the year under review as exhibited in the Margin would appear considerably to exceed those of its predecessors, whereas there was in reality a falling off Amounting to Rupees 1228-5-3.

28. Of the arrears still outstanding a large portion accrued previous to the Estate coming into our charge and I fear but little is recoverable. I shall however submit a detailed report on this subject hereafter.

† dated 29 March 1844.

29. As I have submitted a separate report† on the composition which I have effected with the Creditors, it is unnecessary to revert to that subject at present.

30. The following Account Current exhibits the details of the receipts and disbursements during the year under review. As the debts have been discharged with the sanction of the Court of Wards and as all the other charges are of ordinary description, I beg that they may be confirmed.

31. I have added a portion of the Collections realized in the present year to the balances exhibited above and I have paid into the Public Treasury the sum of Rupees 10,000 to be invested in Government securities.

32. The Minor is still only 7 years of age. He is residing with his family at Vizianagram. He has commenced his education and has already made some progress in reading in his own language. He appears to be an intelligent child. It is much to be regretted that the family will not hear of his removal to Madras where he might obtain so very superior an education.

Order thereon — Ordered to be brought forward at a future day.

Read the following letters.

To

J. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George —

26

From the Acting Collr of Rajahmundry — With reference to Board's orders of 6th ultimo reporting the result of the sale of Rajahmundry Estate in public auction and of having purchased it on account of Government for Rupees 4416-10-5 and requesting sanction for it submitting the necessary explanation for bidding to that extent and that Cautavaram Estate is relieved as the balance was discharged. — Para 4.

Sir,

I have the honor to report what I have done in consequence of the orders of the Board of Revenue under date 6th ultimo instructing me to sell by auction the Estates of Rajahmundry and Cautavaram unless some arrangement should be made by the Proprietors for the liquidation of the outstanding arrears of revenue

The

Fort St. George 20th March 1845

2. The proprietor of Cautavaram paid his arrears in full on the 20th ultimo and that Estate was in consequence not put up to auction —

3. The Proprietor of Rajahmundry took no notice of the communication I made to her of the resolution of the Board of Revenue and her Estate was accordingly put up to auction on the 17th Instant — no person offered any bid and although I postponed the termination of the auction from day to day until yesterday no person made any bid whatever. —

4. — Having neglected to ask permission of the Board of Revenue to bid for this Estate on account of Government, I have been obliged to use the discretion given to Collector's under the Circular letter of the Board of Revenue dated 11th October 1821 and accordingly took upon myself to bid on account of Government to the amount of Rupees 4416-10-5 for which I have the honor to solicit the approval of the

+ Vide Enclosed Statement No. 1.

Fort St. George 20th March 1845.

the Board of Revenue and their recommendation for the sanction of Government.-

5. Of late, I believe, it has usually been the practice, in bidding on account of Government for an Estate sold for arrears of Revenue to offer the full amount of the outstanding balance. The Board will observe that I have refrained from doing so on the present occasion neither have I knocked down the Estate for the lowest sum for which it might have been bought, as I believe no one would have raised the price upon a single rupee had I bidden it- It is proper that I should explain the motives which influenced my conduct in this matter.-

6. The intention of bidding the full amount of the arrears, is manifestly to clear the accounts of incumbrances with respect to the particular Estate, and to leave no demands upon the books- Recently however there has been reason

reason to think that this course is not without inconveniences, in-as-much as I have information respecting which I am making enquiries with a view of proposing any measures which may appear advisable, that the late Proprietor of Caujah whose Estate was purchased by Government last year for the full amount of arrears being Rupees 3,167-8-5, is now adopting legal measures to collect from the Ryots the unpaid revenue for the period when he was in possession of the property, should he succeed in this intention, it may endanger the current revenue- and it is evident that whatever he may now recover from the people will be so much clear gain in-as-much as the Government demand against him has been cancelled.-

7. To avoid the chance of a similar inconvenience, I have as above stated bid on account of Government for the Rajahmundry Estate the sum of Company's Rupees 4,416-10-5, which leaves a demandable balance against the late Proprietor of Rs. 652-12-8, upto the date of sale, but which according to the account inserted in the Margin will at the end of this fusly clear up the whole Government due and allow for a possible trifling defalcation of the Summahlundy demand for the current fusly. Mean while, if it seems good to Government, the balance against the late Principal may be remitted, upon her written consent obtained, to waive any claims she may have against the Ryots.—

From the Agt Collector of Guntoor

Sir

I have the Honor to bring to the notice of the Board that in compliance with the request of the Commissioner I have removed certain Curnums of surrendered Zemindary Villages from their offices for contumaciously refusing to produce their accounts and that I have also proceeded against and punished others, forwarded to me by him, under Regulation IX of 1822, charged with concealing public accounts. —

Reporting that he has removed certain Curnums of the surrenderes Zemindaries from their office and punished others under Regn IX of 1822 and requesting the Board's opinion as to the legality of his proceedings.

As I think it possible that some question may hereafter be raised by the parties concerned as to the legality of my proceeding in reference to Regulation XXV and XXIX of 1802 which provide for the removal from office and punishment for refusal to produce accounts of Curnums in Zemindaries, I am anxious to obtain the opinion and instructions of the Board upon the subject.

Section XI Regn XXV of 1802
Section XVI Regn XXIX of 1802.

The estates of the Zemindars in this District having been unconditionally surrendered to the Government by the Proprietors, their summuds having

having been delivered up to be cancelled - and it appearing to be in the contemplation of Government that the Zemindars should resume / if they be ever permitted to resume / their estates not only under new sunnuds but also under entirely new rules for their management and assessment, and the Honorable Court as well as the Government having moreover decided that the Settlement shall be conducted on the same principles as the ryotwary system of the Palnaud I cannot but consider that when the sunnuds were thus cancelled and the Estates placed under the ryotwary management of the Collector that officer became at once possessed of all the powers in regard to the removal and punishment of Curnums &c. as are by Regulation vested in a Collector of an unsettled District and that I am therefore justified in the course I have pursued. —

As this is a matter which materially affects my position with the Commissioner in this District, I trust the Board will favor me with a reply at as early a period as practicable. —

Ordered that the foregoing letter be submitted with the following address. —

To The Chief Secretary to Government —

(30:31)

To the Chief Secy to Government Submitting a letter from the Actg Collr of Guntoor reporting that in compliance with the request of the Commissioner for investigating the affairs of that District he has removed from their Office certain Curnums of Villages in the surrendered Zemindaries & proceeded against and punished others under Regn IX of 1822 stating that the Court of Sudr Adalut having ruled that the Provisions of Regns XXV and XXIX 1802 as respects Curnums do not hold good in the Case of zemindaries which have reverted to Govt that the surrendered Zemin

Sir,

1. I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Guntoor bearing date the 14th instant. —

2. In this it will be seen that Mr White states, that, in compliance with the request of the Commissioner for investigating the affairs of Guntoor he has removed from their Office certain Curnums of Villages in the surrendered Zemindaries, for contumaciously refusing to produce their accounts, and that he has under Regulation IX 1822 proceeded against and punished others forwarded to him by the same authority on charge of having concealed public accounts. The Acting Collector further represents that

3656

Fort St George 20th March 1845.

Zemindaries of Guntoor must under their present circumstances be considered as reverted Estates, the Curnums of all the Villages comprised in them are therefore liable to be dismissed by the Coll.r for general misconduct or neglect of duty and requesting instructions or letter this view of the Case meet to the approval of Govt.—

that as the estates of the Zemindars in Guntoor have been unconditionally surrendered to Government by their Proprietors - the Sunnuds having been delivered up. As it appears to be in the contemplation of Government that the Zemindars if ever permitted to resume their estates should do so not only under new sunnuds but also under entirely new rules for their management and assessment - as moreover both the Honorable the Court of Directors and Government have decided that the Settlement shall be conducted on the same principles as the Ryotwary System of the Palnaud - he cannot but consider that as regards the surrendered Zemindaries he is in possession of all the powers for the removal and punishment of Curnums as are by the Regulations vested in the Collector of an unsettled district, that he is therefore justified in the course which he has pursued and that his Proceedings are not liable to

to impeachment on the grounds of their militating against Regulation XXV and XXIX. 1802. and on these points he solicits the opinion of the Board. —

From Sudr to Govt 5 Septr 1831 P-5. From Govt 13th in Cons 15 Septr 1831.

3. In regard to the subject of the reference above detailed the Board observe that the Court of Sudr Adalut on the 5th September 1831 ruled that the provisions of Regulation XXV. XXIX. 1802 as respects Curnums do not hold good in the case of "Zemindaries which have reverted to Government" because the proprietary right contemplated in section III Regulation XXIX 1802 is in such instances no longer in existence - It seems clear to the Board that the surrendered Zemindaries of Guntoor ment. under their present circumstances as fully setforth by the Acting Collector be to all intents and purposes reverted estates that consequently Regulations XXV. XXIX 1802 do not apply to these Zemindaries and that the Curnums of all the Villages comprised in them are

3658 Fort St George 20th March 1845.

liable to be dismissed by the Collector for general misconduct or neglect of duty, or to be punished by fine under Regulation IX 1822 with fine or imprisonment for any of the specific acts of fraud and malversation enumerated in Clause II Section II of that enactment, in the same manner and to the same extent as offences of the same class in Districts the Land revenue of which has never been permanently settled. With this impression the Board would under ordinary circumstances at once have communicated their sentiments upon the point to the Acting Collector without previous reference to Government - but adverting to the position in which that Officer stands to the commission, and considering that it is of primary importance that no room be left for questioning the legality or propriety of any measures which may be taken by the Acting Collector in furtherance of

3659 Fort St George 20th March 1845.

of the object of the commission in this, the early stage of its progress, the Board have deemed it right to bring the question for the notice of Government and to solicit instructions as to whether the views of the case above taken have their approval & concurrence.

Rt. Cons. 20th February 1840.

Board of Revenue to acknowledge the receipt of your letter of the 10th Ultimo returning with translations the papers produced by the several claimants of the Kadiletum Jaghire in support of their respective pretensions.

2. On referring to the previous correspondence on this subject the Board find that in your letter of the 3d February 1840 you stated citing as your authority the Register furnished by Mr. Chaplin 30th May 1815, that this shrotriem was granted in 1700 by Mahabut Jung then Nabob of Adoni for maintaining the establishment and rites of the great mosque (or rather, as it seems from your letter of 9th August 1844 Para 1) the great Durgah at Adoni. The orders of Government on this subject, Extract Minutes of Consultation 2d April 1840 are also given expressly on the same understanding - Viz. that this shrotriem lands of Kadiletum had been assigned for the support of such an institution.

3 Of the translated documents submitted in your letter of the 10th Ultimo Nos. 5 and 6, those produced

produced by Cander Ameen shaw purport to be copies of a sunnud Juree Chittie issued in favor of the original grantee of Kadiletum, shaw Ruhul ameen, by two Nawabs of Adoni in Hijree 1208 and 1211 respectively - and on examining these instruments the Board find that in both the Village is said to have been bestowed "for yeomiah." "for daily consumption," "to defray the charge of the holders livelihood" - "that he may use the amount for his expenses and continue to pray for the Nawabs long life and increase of prosperity" - but that in neither is mention made of any Durgah or religious institution as connected with or dependent on the grant in question - On turning to Mr. Chaplins Register No. 39 the Board also perceive that the shrotriem is simply stated to have been originally granted to Roohool Ameen by the Nabob Mahabut Jung - but without any specification of the purpose for which it was conferred -

4. Under these circumstances before

before proceeding to Government with any further application in respect to this shrotriem, it appears to the Board to be necessary that the object for which it was originally bestowed should be more fully elucidated. I have therefore to request that you will explain the grounds on which, as appears from your first letter on the subject, you have been led to conclude that the Village was granted for the establishment and rites of the great Durgah at Adoni - You will further be pleased to state, as far as can be ascertained, at what time and by whom this Durgah was built or founded, in what manner its expenses have hitherto been defrayed, for what length of time the proceeds of the shrotriem have been applied to its maintenance - whether it be provided with any other endowment or means of support, what is the form of grant or sunnud under which rent free alienations of land in aid of religious institutions are commonly

From A. J. Coll.r of Cuddapah - Recommending that an increase of allowance at the rate of 15 P.r Cent upon the monthly salary of the appointment Officiated in as drawing by the present incum-bent Apparow may be granted to Venkata Row -

Para of the Extract from the Proceedings of the Board of Revenue dated 23d January 1845, in regard to the allowance of Venkat Row while performing duty as Head Sheristadar in my Cutchery in addition to his salary as Deputy Sheristadar in the Board's Office, I have the honor to recom-mend that an increase of allowance at the rate of 15 per Cent upon the Monthly Salary of the appointment officiated in, as drawn by the present Incumbent Appa Row, may be granted to him; I should have proposed 10 per cent ac-cording to the Rules laid down for Deputation allowance in Chapter V Section IX of the Civil Service Regulations as being applicable to his case as a Servant holding an Office of Inferior emolument officiating for a Superior, had he arrived at any other time but the present when the duties required of him are very onerous, I hope in consideration of the pro-bability of his being relieved before the settlement

settlement is concluded the additional 5 per cent will not be objected to.

Should he however not be relieved by the conclusion of the Jummabundy, I should in that case recommend the reduction of 5 per cent from that date.

To,
The President and Members of the
Board of Revenue

Gentlemen,

Para 1. I am directed to acknowledge the receipt of your Secretary's letter of the 25th of June last, and to state that subject to the approbation of the Honorable

3080 Fort St. George 20th March 1805

Honorable the Court of Directors the Right Honorable the Governor in Council has resolved to grant on Shrotriem tenure, for three lives, to Elencumbadoo Mootiah Moodeliar Principal Native Manager in the Office of the Chief Secretary to Government, the Villages of Nallor and Vunnapaukum, in the Zillah of Chingleput on payment of the yearly Revenue of five hundred and fifty Pagodas, being about one third of the gross collections from those Villages on an average of ten years. You will prepare the Draft of a Cowle on these terms in this favor.—

2. The Governor in Council has further resolved, that E. Mootiah Moodely shall immediately enter on possession of the two Villages, and I am directed to desire that on that occasion he may be presented with a couple of shawls by the Collector in token of the approbation with which his character public and private is regarded by the Governor in Council.—

From W. D. Davis Esqre Collector of South Arcot

Reporting on the settlement of this District for Fusly 1253.

I do myself the honor to submit my Report on the Settlement of the Land Revenue of this District for the expired Fusly 1253 / A.D. 1843/44 accompained with the usual Statements as enumerated in the enclosed list of Packet.—

State of Season

2

During May and June the Season was so favorable as to lead to a considerable increase of the early dry cultivation, but a scarcity of rain during July and August proved very injurious, especially in the western Talooks where the Crops were only partially saved from destruction by a fall of rain in the succeeding Month of September, which rain, likewise was, in some measure, beneficial to the wet cultivation.—

3.

During October the rain was partial, and the North East Monsoon not having set in until the 3d week in November the interval proved very unfavorable for the middle dry.

× Varagoo Cholum & other grain.

Crops and in the month of December there being a scarcity of rain a total failure of these Crops was expected, but this apprehension was happily removed by more favorable weather in January especially on the Coast side of the District.-

4 The freshes in the Coleroon River were abundant, but the freshes in the Pennar having failed until the middle of October, the wet cultivation dependant on this river was impeded in a few Talooks.

5 The wet Crops are reported to have been scanty in every part of the District and in the out-turns of these Crops in the Waraput Amanie Villages in the resumed Jaghire of Collamalay in the Talook of Mannargoody where there is an abundant supply of water I observe this to have been the case. This partial failure of these Crops is, I conceive, to be attributed to the same cause which has led to a failure of the dry Crops, namely the unfavorableness of the season.

6. I have noted in the margin the average selling price of white paddy, for the whole year in favor of the principal Towns of the District. I have also separately noted the

Price of Grain

| | Rs as P |
|---|---|
| Price per Garce during the year | 378-7-1 |
| Dº for the last six months | 71-12-1 |

the average price at which it was selling for the last six months of the year and these prices, it may be observed, can hardly be considered as affording sufficient remuneration to the Ryots, but the decreased demand for Indigo and the reduced price for which it was consequently selling, together with the discontinuance of the manufacture of Cloth for the Eastern markets and the unusual low price at which grain of all sorts was selling in the Madras Market rendered the exchange of produce for specie, a matter of difficulty.-

7. I am happy to remark that there has been no disease or sickness more than ordinary prevailing in this District during the year.-

Ponjah- 8 In reference to the state of cultivation I have to observe that the total cultivation of dry land in the expired Fusly 1253 A.D. 1843/44 including the resumed Jagheer Villages, which were under amanie amounted to Cawnies 2,79,300, yielding a teerwah of Rupees 10,13,786- which, in the preceding year 1252 A.D. 1842/43 having been only Cawnies 2,64,697- or Rupees 9,59,676 exhibits an increase

| | C | Rs |
|---|---|---|

| Increase- | 14,603- | 54,310- |

increase in favor of the year under review of 1 Cawnies 14,603 or Rupees 54,310-

9. On a reference to the detailed

x marked D Statement x it will be observed that there has been a general increase in all the Talooks except Cuddalore, where a small decrease only of Cawnies 140 or Rupees 596 has occured, for which no remark appears called for:- Had there been rain sufficient in July and August, the cultivation of dry land would have been greatly increased as I had cause to anticipate from the accounts of the early cultivation which showed an increase of Cawnies 37,193 or Rupees 1,29,174 but the subsequent unfavorable state of the weather caused a falling off in the cultivation-

Nunjah. 10. The cultivation of wet land

during Fusly 1253 (A.D. 1843/44.) amounted to Cawnies 107052 or Rupees 1010470. which compared with the cultivation of the preceding year exhibits an increase in favor of the one under review of Cawnies 7729. or Rupees 70754. and this increase it will be observed, has been derived from Eleven out of thirteen Talooks.

Of

11 Of the increase above mentioned Rupees 52,723. have been derived from Wet land under Tanks dependant on the rain for their supply and Rupees 24,301. from the same description of land in the two Southern Talooks under the Coleroon irrigation, where there had been a diminution in the revenue in the preceding Fusly. owing to a falling off in the cultivation in consequence of low price at which grain had been selling during the two years previous to that time.

12 Deducting the decrease occasioned in the Cultivation in Trevandy and other Talooks under the Pennar and Guddalum Rivers in consequence of failure of the freshes an increase (as shown in the margin) of Rupees 70,754. is still exhibited in favor of the year under review-

Totacal. 13. The total extent of cultivation of Garden land in Fusly 1253 (A.D. 1843.44.) amounted to Cawnies 1286 yielding teerwah of

| | | |
|---|---|---|
| 1253 — | 1,280- | 22,011 |
| 1252 — | 1197- | 20,139. |

Rupees 22,011 and in the preceding Fusly it amounted

amounted to Cawnies 1197 or Rupees 20,139, thus exhibiting an increase in favor of the year under review of Cawnies 89 or Rupees 1,872. This increase, it will be seen, has been derived from an increase in every Talook but this cultivation having fallen off for some years past, I am at present endeavouring to trace out the real cause of the failure and I hope to be able shortly to report the result by a seperate communication for the information of the Board and Government.

14 Thus, the total amount of cultivation of all description of lands both in the Iyen and in the Anaave portion of the Jaghier Talooks, was Cawnies 387,639. or Rupees 2046,268 exhibiting an increase in favor of the year under review of Cawnies 22,421 or Rupees 126,937. of which Cawnies 2275 or Rupees 8,868, is the amount of Teerwah of waste land brought to Summah under the rules of Hooksoummah of this District, as shewn in the Margin.

15 The item of Kuseer on Cacare

Cir Kar water supplied for the Dry wet and Garden Vns. Cultivation in Fusly 1253 A.D. 1843/44 amounted to Rupees 50,132 while the amount in Fusly 1252 A.D. 1842/43 was Rupees 41,515 thus showing an increase of Rupees 8,617 in favor of Fusly 1253 A.D. 1843/44. This increase has been general and not confined to any one Talook, and has been derived mostly from the water supplied from the Circar Tanks and Channels to the wet cultivation carried on the dry land. The actual Land Revenue Bariz, therefore, including Kuseer teerwah amounted to Rupees 2,096,400 or Rupees 135,555. above that of the preceding year, to which the other items of receipts, Viz.t Tax on Trees and Fishery. of the cultivation made by Bramins and Mauselmen as well as the allowances for Village Servants &c. amounting in the aggregate to Rupees 197365-0-4 as shewn in the Statement † being deducted, leaves a net result of Rupees 199059 3-11-7 exhibiting an increase of Rupees 12915 1-6-5 or nearly 7 per Cent in favor of the year under review, which I trust will be considered satisfactory both by the Board and Government.

The seven Talooks noted in the margin including Trevandy and Cuddalore which composed the charge of my late Acting Head Assistant Mr. Daniell in June last were settled by myself inconsequence of the indisposition of that Gentleman at the period of the Settlement, and the Puttahs were distributed in my presence and all the objections and disputed points raised by the Ryots were invariably settled on the spot.

21. Mr. Arbuthnot the Head Assistant Collector, who had charge of the Talooks of Tricullore and Trinomaley having been compelled to quit the District suddenly on leave to the Hills the Settlement of these two Talooks were conducted to my satisfaction by Mr. Wedderburn the Assistant Collector, accompanied by the Sabberistadar who was deputed for that purpose and I regret that this Gentleman has been likewise compelled to leave the District for a period on account of ill health.

22. I enclose Copy of the report of my Sub Collector Mr. White on the settlement of the four Talooks forming the Sub Division of this Collectorate and it is with no

no small degree of pleasure, I take this opportunity of mentioning the great satisfaction he has afforded me in the management of his charge, as well as the very cordial co-operation I have on all occasions experienced from him.

23 Mr. Daniell my late Acting Head Assistant had entire charge of two Talooks, besides the Police duties of two other Talooks, and other miscellaneous investigations, all of which he, not only conducted to my entire satisfaction, but has always evinced much zeal and industry in the performance of his duties.

24 I cannot conclude without adding my testimony to that already so frequently expressed in favor of my Head Sheristadar Runga Churry from whose experience and high attainments, I have derived the greatest assistance ever since I joined this Collectorate. The Nair Sheristadar Dingue Moodeliar is also equally deserving of praise both from his well

No. 39 The Modification in the Sayer Department from 1st April last occasioned this decrease.

No. 40 This increase has arisen in consequence of a great quantity of Sugar and Molasses having been exported to London in the year under review on which drawbacks was allowed.

Nos. 41 to 45 Vide Remark Nos. 5 and 7.

No. 46 The refunds deducted from this item in the year under review being smaller than in the preceding year, occasioned this increase.

Nos. 47 to 51 Vide Remark No. 57.

No. 52 This increase is to be attributed partly to the payment of drawback on the quantity of Sugar and Molasses exported to London and partly to the charge being debited to the Head Sayer charges up to July 1252 and since transferred to Sea Customs charges in July 1253.

Nos. 53 & 54 Vide Remarks to Nos. 57.

1. I have the honor herewith to forward the Statements noted in the Margin relative to the Settlement for fusly 1253 of the four Taloks under my charge, Viz.te Verdachellum. Bowangherry, Ellevenasore and Callacorchy.

2. The amanie land Revenue of the preceding fusly 1252, amounted to Cawnies 12,557 1–7/16 as or Rupees 66,917–2–2 which after deducting, Rupees 2443–9–1, as the amount of the four Rehauts, Viz.te Cowle Manavaree remission & Pyots for drawing water by means of pecottah, and Poligars Pannee: sum or half teerwah, left the sum of Rupees 65,473–9–1 as the Bariz of that fusly. The land Revenue including Poonjay Nunjah and Sotacal in the fusly under Report 1253 amounted to Cawnies 13,752–15 3/8 as or Rupees 69,452–2–10 from which deducting Rupees 2933–6–1– on account of Rehaut, as above stated the sum of Rupees 66,518–12–9 remains as the Bariz for fusly 1253. The nett increase therefore in the land Revenue for the present, as Compared with the preceding fusly is Cawnies 1,181–7 3/8 as Rs. 3,045–3–8 as particularized in the annexed Statements

Sir,

From the Asst. Collr in charge of Trichinopoly -

I commenced the settlement of the wet Talooks of this District on the 15th ultimo - It is stated in 2nd Para of the Hookoomnamah sanctioned by the Board on the 29th July and received on the 9th August 1844 that the Ryot shall be held responsible for the Teerwah whether the field be cultivated or not. If any Ryot finds himself unable to cultivate any portion of his field which he held in the preceding fusly he must give Razeenamah at the commencement of the cultivating season for such portion as he is unable to cultivate. The Cultivating season commenced in May, and as the Hookoomnamah was received on the 9th August it was not therefore published in the Current fusly at the proper period. -

I have received several Petitions from Ryots for deduction of the waste left uncultivated mostly on account of their lands being too highly assessed and partly from unavoidable reasons such as want of water and other good causes. I have to request the early sanction of the Board to settle the Summabundy of this Fasly on the same principles as that of the last Settlement. the Hookoomnamah above alluded to. shall be put in force in due season of the ensuing Fasly.-

of which I beg to inclose a brief precis with dates. I have directed all arrears of pay to be given to the Tahsildar.-

2 When aught is wrong in the police administration of a Tahsildar I think it easily capable of correction under the ordinary diurnal attention given to the proceedings by the European Officers. If from supineness, or other cause irregularities have been allowed to gain strength and become habitual I think they are still easy of correction by the European Officers fixing his abode for a few days or weeks, if need be, at the Cutcherie and giving up great part of his leisure to enquiry into the abuse, and instruction how to avoid it in future. Now from the annual returns of tent allowance before the Board it will be seen that since Mr. Elliots nomination to the Sub Collectorate in November 1841 he has only passed 15 days in the Talook of Tyempully of which 8 days were, at two separate times, at the Cutcherie Pylney; and 7 days at 4 different times, at Chettraputty Cutcherie of Valoor Modak a Village 10 miles east of it, on the great road No. 2, from Dindigul to Coilamalacotay and

and Paulghat, which it is necessary to pass in going to and returning from Pylney and hence I argue much if aught that may be wrong will affect Mr. Elliots' Character for remissness of supervision.-

Sir

Para 1.- I have the honor to acknowledge the receipt of your letter dated on the 12th Instant, requesting to be informed of the result of my enquiry into the proceedings in the cases against Dond Row the Tahsildar of Iyempully — as and beg to state that although my letter of the 10th Ultimo held out the expectation of a few days being sufficient to enable me to close the said proceedings I confess, I was not willing to believe you would wish to see the man so accused in

full authority, when of his ability and integrity there were such extensive doubts before at least the expiration of the time in which you expected any report on the same- It can scarcely be supposed that his restoration would facilitate the enquiry whilst I particularly stated such must of necessity, act as a hindrance and therefore they could not be expected to be furnished within that period.—

2. Besides the several cases alluded to, I have examined some of the Police proceedings of the said Tahsildar, and 64 of those already examined are certainly exhibitive of gross neglect of duty, and, as observed in my letter of the 17th Ultimo, appear to confirm the worst suspicions.

3- The remaining investigations are going on as quickly as possible, as are also those in which Sham Row is concerned. But as no further inquiry can be done to the cases against Dhond Row by a few days further delay, I propose furnishing those against Sham Row first.—

Plaint 27th April 1845. Plaintiff states, that Natchi Mootoo Moodely had informed him that, eleven Months previously at Marichelamboo Village, Took Rayee Gounden's daughter and Daughter in Law quarrelled and on his son, Thylee Gounden, beating his own wife the two women drowned themselves in a Well, and that Dhondoo Row the Tahsildar having proceeded to the Village frightened Thylee Gounden and received from him, through the Zillahdar a bribe of 45 Rupees.

Evidence.- The 5 Witnesses depose that Took Rayee Gounden's Son, Thylee Gounden, had maltreated his wife, on which she and a girl of 10 years old drowned themselves; that the

the Zilladar, Soobbien, came alone to the village, inspected the dead bodies and took the parties with him to Palany, for examination. — 1st and 2d witnesses further depose that Natchi Mootoo Gounden (2d Witness) and one Vailuppa Gounden (not examined) spoke for and received from, Thylee Gounden 45 Rupees, which sum Vailuppa Gounden took charge of, and going with Natchy Mootoo Gounden to the Zilladar's house, they both told him (the Zilladar) that 20 Rupees was for himself and 25 for the Tahsildar.-

1st & 2d Witnesses

Caliappa Gounden 3d Witness deposes that Palany Gounden (2d Witness) told him, he had just come from giving the Tahsildar 25 Rupees and the Zillahdar 20.-

3d Witness

Of the two persons deposed against by the 1st and 2d witnesses of having given the bribe, the 4th Witness, Natchy Mootoo Gounden, deposes that he knows nothing of money having been given.-

4th Witness

Chinnapa Gounden, 5th Witness, deposes that he knows nothing of the bribe.-

5th Witness

Defence — 16th August 1845. 1st Defendant

Dhondoo Row denies having gone to the aforesaid Village or having received any bribe.-

30th January 1845.

Soobbien Zilladar says he went alone inspected

2d Defendant inspected the dead bodies, investigated the case and reported it to the Talook, but did not receive any bribe.-

Remarks

Delay of 1st The Complaint was first made in April 1844 11 months after the time (stated) of occurrence, by one Seshroya Moodely, who had no interest of any kind in the matter.-

2d 4 months after (in August) Witnesses Depositions and Tasildar's Defence were taken.-

3d 5 Months, subsequently to this or 9 months subsequent to the charge (January 1845) the Zillahdar's Defence was received.-

None of the documents explain the cause for this protracted delay or how the parties were cited, or what induced the Complaint by a non interested person - or the state of the Suicidal case, as reported by the Zillahdar to the Talook authority, nor the reasons for not examining Thylee Gounden from whom the bribe is pretended to have been extorted; nor Vellupa Gounden; who is represented as one of the persons receiving it from him and giving it to the Zelladar; Neither has the Joint Magistrate given any decision in the case or communicated his opinion of it.

was given to the Tahsildar by Ramen Chetty (3d Witness) in Prosecutor's presence, who asked the Tahsildar how he could so receive a bribe and 2d that 5 or 6 months sickness prevented him earlier appealing to the Joint Magistrate.

Evidence - 1st Witness.

Vadagiri Prosecutor's Brother (1st Witness) deposes that her son informed her that on his Com-plaint to the Tahsildar he had sent for the parties and after detaining them 8 days without enquiry the Defendant Shunmoogum Chetty, had given a bribe and came away.

2d Witness

Curpen Chetty (2d Witness) deposes that the Defendants having beat and ill treated the Prosecutor, a Row had come and taken them and the witnesses to the Talork, that after remaining there 5 or 6 days, one evening, Shunmoogum Chetty (Defendant) gave Ramen Chetty (3d Witness) a Knot of 50 Rupees desiring him to give it to the Tahsil-dar, which he did in his (Deponents) presence and that Mootten Chetty (4th Witness) also accompanied him at the time and saw the transaction.

6th Witness

Ramen Chetty (3d Witness) deposes that the Defendants, having beaten the Prosecutor

tyed

tyed him with a rope and let him down into a well and that on Prosecutor complaining at the Talork, a Peon came and took the Defendants and said Witnesses with him, that they were detained about 5 or 6 days without enquiry, when one evening Defendant, Shunmogum Chetty came to Witness and telling him he had promised the Tahsildar 50 Rupees to send by him to the Tahsildar and delivered to him that sum to give to the Tahsildar witness did so in presence of Curpen Chetty (2 Witness) and Mootten Chetty (4 Witness) who accompanied Deponent at the time.

4th Witness

Mootten Chetty (4th Witness) deposes that having gone to Palany to buy Mustard seed and saffron, one evening Shunmogum Chetty (Defendant) gave Ramen Chetty (3d Witness) a Knot and desired him to give the 50 Rupees it contained to the Tahsildar, that Deponent and Curpen Chetty (2d Witness) accompanied Ramen Chetty to the Tahsildar and saw the money given.

5th Witness

Veeragava Naicken, Dhelayet-(5th Witness) deposes that when he went with the Joint Magistrates summons, of the 7th December, for the parties, Curpen Chetty (2d Witness) informed him the Defendants had compromised with the Prosecutor.

Shunmogum

1st Defendant

Shunmogum Chetty 1st Defendant
states that Prosecutor having taken away a string
of gold beads from his daughters neck, he
demanded it, and Prosecutor promised to
give it up but failing, he complained to the
Tahsildar about it. Prosecutor also complained
subsequently both compromised. No bribe was
given to the Tahsildar.

3d Defendant

Palany Gounden 3d Defend-
ant says Prosecutor took from the neck of
Shunmogum Chettys daughter a string of
gold beads that he was not beaten, nor was
any bribe given to the Tahsildar.

Enclosure No. 2.

Appeal Suit No. 5 of 1845 under Regulation
VII of 1828.

Subject of appeal.

1. Sham Rao, suspended Tahsil-
-dar of Thenkurry, appeals under date
the 15th January 1845, against a decision of the
Sub Collector, Mr. Elliot, of the 27th December
1844, in case No. 6 of 1844, instituted on the
11th December 1843 by Ubniapa Naik zemin-
-dar of Veerapakshy, the Sub Collector's mode
of spelling being followed as far as possible.

Sub Collector shewing of plaint, proof and award.

2. The Sub Collector shews the
complaint to have been made on the
11th December 1843, for recovery of 230 Rupees
paid in December 1837 to secure the good
will of the accused, then Tahsildar, of
Syenapully, and to save him from the an-
-noyance of an illegal claimant to his
inheritance - and on the evidence of the
1st Witness, Perien, professing to have
received the money from the plain-
-tiff and given it to the Tahsildar and
of the two remaining witnesses Ruppanen
and Ram Naidee who profess to have
seen

Fort St. George 20th March 1845

seem it given, by first witness to Defen-
-dant, he awards payment, by the latter
of double the amount under clause 1
Section V Regulation IX. of 1822. but he
omits to quote the section under which
the party is amenable, or to state what is
to become of the money if realized: nor does
he take any notice of the offence of the
party giving the bribe.-

Sub Collector's showing of cause 12 months delay in decision after close of proceedings

The Sub Collector observes that
the case was fully proved in December
1843 but "on account of Defendant being
"forwarded to the Criminal Court on certain charges" there being other cases against
"him, it was not considered advisable to
"to pass sentence at that time". He then
notes the denial of the charge by the ac-
-cused, and his declining to cross question
the witnesses, and observes that he confuted
the accused's plea of improbability on the
score of long delayed accusation, by re-
-minding him how one Permal Chetty
of Dindigul had been "directed or
recommended" to find security to
amount

Fort St. George 20th March 1845

amount of 200 Rupees, for having ventured
to complain against him, a quite sufficient
reason to prevent others coming forward.-

Sub Collector's showing of cause of 12 months delay in decision after close of proceedings

The Sub Collector represents
the plaint as stating that Subben Chetty
claiming the Zemindary of Veerapakshy
was complained against, by the real
Zemindar on the 8th March 1836, when he
was required, by the Joint Magistrate, to
give security to amount of 200 Rupees,
but that his escape was allowed by the Tahsildar
Sham Rao who, further, threatened the Ze-
-mindar the award should be set aside un-
-less he (Sham Rao) was conciliated
with a bribe" (of neither of which assertions
does the record afford the slightest proof or
probability) in consequence of which he gave
him 230 Rupees in December 1837.-

Neither here nor any where
else is it pretended Plaintiff had other cog-
-nizance of the annoyance, or of the seeking
for or giving of the bribe, than what passed between
him and the witness, his Vakeel.-

Plaint, all-
-ment on
Plaintiff's
Deposition
from the
record.

First witness states he re-
-ceived the money from the Zemindar,
carried it to his own house, where he

counted it and took it thence to Defendant, to whom he gave it, whilst sitting alone in his Verandah, when taking it inside the house, he came back again and said it was "correct," the second and third witness being also cognizant of the whole circumstances from the counting by 1st Witness in his own house. The 1st Witness speaks to the month and year as December 1837; but the 2nd and 3rd witnesses can only speak to some day "five or six years, and some day six years ago."

Principal Collector's opinion of want of ordinary care to ascertain possibilities of the charge.

It is remarkable there is no attempt on the part of the Sub Collector to elicit the cause that led the Zemindar, at this protracted moment, to expose his folly and dishonesty after having concealed it for six years. The record shews no summons for the witnesses yet there is no attempt to elicit any particulars of their lives how they suddenly happen to be ready to attest what had happened six years previously, in which two of them are not shewn to have any concern or interest whatever why they then came forward. if they had up to that day, kept that matter secret, or how it happened they should have afforded their presence both at the counting of the money in 1st

Witness house and afterwards at its delivery to the accused.-

Point Collector's note of the improbability

The Sub Collector makes no note of the improbability of a bribe being given in December 1837, to prevent annoyance from a man sentenced to security for 12 Months for the record shews Subbien Chetty was on Bail Pro investigation and report, so sentenced by the Joint Magistrate, on the 24th December 1836; which order was renewed on the 16th January 1837, notwithstanding an address of Shanmoga Pao, in his favor of the 5th Idem, in consequence of what witnesses, on his behalf, said, that he was sent to jail for 15 days, for making opposition to the warrant for his reapprehension on production before the Joint Magistrate, on the 28th March 1837, and was subsequently brought before the same Officer on the 26th April for the security to be taken; and the Sub Collector himself shews the prima official opinion held of this Subbien Chetty in posture, in recording his having been previously held to Rupees 1,500 security by Mr. Peter for a similar offence.-

Assumption of time as omission of non complaint at an earlier period on this side.-

Neither does the Sub Collector seek to find out, or account for the secret to being kept for six years: for his absconding

Fort St. George 20th March 1845.

to its being owing to intimidation cannot be admitted, when it is borne in mind Sham Rao was removed from the Tyeruppully Talook on the 13th January 1836, and suspended from the service on the 28th June 1843 - If indeed it was terror that prevented the institution of the plaint at an earlier period to what is to be attributed the sudden accession of courage to bring it forward at last!

Sub Coll's excuse for delay in decision untenable in fact and his representation of the case obscured.

The record of the case shews it was closed for the prosecution in December 1843, but it is a notorious fact that Sham Rao was not sent to the Criminal Court Jubbee, and in the Sessions Court he was acquitted of the ten heinous charges brought against him by Mr Elliot, as Joint Magistrate, till March 1844, and therefore I am of opinion there was no fair ground for delaying to call upon the accused for his answer and disposing of the case. The defence was taken on the 8th March 1844 and the accused being called upon again declined, on the 19th November following to cross question the witnesses, yet the decision was only passed on the 27th December.

Deputation with the Sub Coll. against his predecessor.

I leave to the consideration of higher authority, to which this will be eventually

Fort St. George 20th March 1845.

Suspicion

eventually submitted, the Sub Collectors dark insinuation (for such it seems to me) against his lamented predecessor, a Superior in Office viz the allusion to Permal Chetty, and to proceed to shew from dates how illogical is his conclusion. Permal Chetty complained against Sham Rao's corruption to the Board of Revenue: on the Sub Collector's enquiring it proved to grop a falsehood that he asked the Collector's advice, on the 13th July 1844, how to proceed against such a Vagabond, when approval of punishment was silently withheld in answer under date the 20th Idem

Misrepresentation of the case by the Sub Coll. see Letter 1839 & 1844 with Coll's endorsement 15th September 1845.

Sub Coll's illogical conclusion from it.

thinking it better to let the matter drop for fear of intimidating really injured persons from carrying their grievances before the Presidency authorities. Now if this misrepresented transaction took place in the middle of 1844 how could it have acted as a warning of intimidation for the 3½ years from the end of 1837.

And it appears from a second Memorandum of the Sub Collector's of the 10th September 1844, in reply to a question put in answer to the address of the 13th July, that this Permal Chetty had been previously held to security in 200 Rupees for falsifying a pattah in the name of another

Fort St. George 20th March 1845

another Ryot in 1835 and this it would seem, is the circumstance which the present Sub Collector must have so sadly misunderstood.

4. The lengthened appeal, which I have purposely avoided noting till I had endeavoured to meet the Sub Collector observations on the trial, is grounded on the vindictive anger of the Sub Collector towards him on supposition that he (appellant) was author of an injurious complaint, or information against him (the Sub Collector) to the Board of Revenue and that his visible anger was pandered to by defendants and others wishing to rise on appellants fall, who inserted this amongst many other false charges against him and he names amongst these inciters Veeraswamy Iyen, Iyacunnopillay, Pennal Chetty, Pillapachetty, and Soobammal in chief, details their connection, shews that rewards fell to several of his appellants enemies, and particularly that on the second day after institution of the suit under consideration the Plaintiff was rewarded by being put in authority over certain

Sub order 15th December 1843.

Fort St. George 20th March 1845

Principal Coll.r's order 2d August 1843.

Devasthans in his surrendered Zemindary, in contradiction to the express orders of the Principal Collector and that he, at the same time, absolved Perian[illegible] Vitrapa, or more properly complainant in the suit under consideration, from a charge of torch-light robbery- He also claims reversal of the decision against him on the character and connection of the witnesses with Plaintiff in the absence of any credible grounds for exacting a bribe, in the unnecessary length of time between the pretended gift and making the complaint on the long delay to pass the decision closing the proceedings for all which he assigns his own conjectures and reasons-

5. It may be proper here to mention per parenthesis that various Devastans having been improperly given up to the Veeraswamy Zemindar, by the Sub Collector, on the 5th August and 13th December 1843, and 24th January 1844 the authority was recalled by the Sub Collector on the 8th and 21st Febenary under the instructions of the Principal Collector of the 2d Febenary 1844-

6. The Principal Collector deems

Fort St. George 28th March 1845

deems it unnecessary to enter at all into the allegations of the appeal, but proceeds at once, on the record of the proceedings and decision of the Sub Collector, to cancel the decree under clause 3 Section III Regulation VII of 1828, in utter disbelief of what the witnesses assert from want of precision, want of record of respectability, and because of utter improbability.-

The Principal Collector deems the records alluded to in the note to the decision as useless in aggravation, as Shanu Rao was tried for the offence there charged by superior authority and acquitted.-

Charge.-

Having received from the Complainant Chinnapah Naik Zemindar of Veerupatchy some day in December 1837. through the hands of the 1st Witness Perien, the sum of Rupees 230, for the purpose of securing his good will and assistance in preventing the pretender Subben Chitty from giving him (the Complainant) further annoyance by laying claim to the Complainant's Zemindary, and stating himself to be the individual (Mallavelapah Naik) who was ordered to be hung, and supposed so to have been hung at Dévadhänapettah.

Decision.

For a clear understanding of this case, it will be necessary to give an outline of former proceedings respecting the said pretender, and exhibit his affected relationship to the present Zemindar.-

Kuppal Naik.

On the 11th of December 1843, the Vakeel of the Zemindar of Veerapakshy Chinnapah Naik, presented a Petition dated 9th December, to the Sub Collector, No. 2026/43, signed by the Zemindar, stating that Shanu Row, when Tahsildar of Dyempilly had exacted from him the sum of Rupees 230 in the matter of one Subben Chitty claiming a right to the Zemindary. A deposition was immediately taken from the Vakeel, and one from the Zemindar who happened to be present on the following day. He stated that in the Village of Peddapann, attached to the District of Coimbatore, lived one Subben Chitty, Son of Mooken Chitty, who had come to Palaney and Veerupakshee and declared himself the legal heir to the Estate, being in fact the same individual who was ordered to be hung, but that he had escaped that ceremony and had come to claim his own; that as the pretender gave him much annoyance, he complained on the subject to the Joint Magistrate, on the 8th March 1836, and the Defendant was ordered to find Security in the amount of 200 Rupees but failing or refusing to do so, the Joint Magistrate issued a Warrant from him, but Shanu Row, then Tahsildar of Dyempilly by connivance and assistance, had allowed him

to

to make his escape; and it was some time before he could be discovered. The Tahsildar further declared he would get the decision of the Joint Magistrate, upset, unless a sum of money were paid by the Zemindar. In fear of some plan being adopted, by which he should lose his gain, the Tahsildar of Tirupilly, the sum of Rupees 230, and hoped the same would be recovered and returned to him.—

On examining the records to ascertain the bearings of the case referred to it appeared that Soobben Chitty endeavoured to pass himself off as Muttavela Naik, the 2d. Son of the late Zemindar's 4th wife, who had been living at Devadhanapettah; that the Magistrate, Mr. Peter took 1,000 Rupees security from him; that he was subsequently forwarded to the Criminal Court, on a charge of being concerned in a Torch light robbery, when he was imprisoned for a year and released on security, but as he continued to annoy the Complainant he addressed the Joint Magistrate on the 8th March 1836, who, on receipt of the investigation made by the then Head

of Police Sham Row directed on the 24th of December 1836, security for 1 year to the amount of 200 Rupees, to be taken from Subben Chitty, and in default of payment, to be forwarded to the Joint Magistrate; but the man in the mean time decamped from Pulaney, where it was supposed, he was under the charge of Sham Row. Warrants being however issued for his apprehension, he was, after some delay discovered and placed in Jail: those who assisted him were fined.—

With reference to the present case of receiving a bribe, the case was fully proved by the Zemindar, his Vakeel and two Witnesses in December 1843, but on account of the Defendant being forwarded to the Criminal Court, on certain charges, and there being other cases against him, it was not considered advisable to pass sentence at that time.—

The Defendant denied, but stated he had no question to put to the Witnesses.— He merely observed that if it had been true, a Complaint would have been made before; but the Defendant was reminded that on the occasion of one Pernal Chitty, of Dindigul bringing certain Complaints of corruption against him (Sham Row) and his adherents, the Petitioner was directed or recommended to find Security in 200 Rupees,

for

Fort St. George 20th March 1845.-

for his future good conduct- as evil conduct and the bringing a complaint against Sham Row, appeared thereby to be considered synony-mous, it was not to be supposed any person would fail to rest contented with his first loss.-

The 2d. and 3d. Witnesses deposed to seeing the money /230 Rupees/ counted and put in a bag and carried by the Vakeel /1st. Witness/ to the house of Sham Row the Tahsildar of Syam-pilly, about 6 in the Evening, and that the Tahsildar took the money and acknowledged its being correct.-

The late Tahsildar of Syampilly Sham Row, is therefore awarded to pay twice the amount /230 Rupees/ proved to have been ex-acted from the zemindar or Rupees 460, or be im-prisoned during the space of 12 Months, according to the Provisions of Clause 1st Section V. Regula-tion IX of 1822.-

27th December 1844.

Sub Collector.

Note.

In aggravation of this case, the Sub Collector would refer to No. 4 of 1846 on the file of the Joint Magistrate of Madura, in which certain par-ties, who were accustomed to frequent the Tahsil-dar's house, had forged the zemindar's signature to a Petition addressed to the Principal Collector, purporting

Fort St. George 20th March 1845.-

purporting to be a denial of his former Petition, or the one connected with this case, against Sham Row the forgery being made with the evident view of ob-taining the release of the Tahsildar from the said charge- The case was forwarded to the Criminal Court and Committed for further trial, as the Zemindar denied his signature, and the truth of the Statements therein contained, and proved an alibi- Although the case was eventually thrown out, a Copy of the documents form a part of this record.-

No. 3.

Decision in Appeal by the Magistrate in the Case of Sham Row, then Tahsildar of Sandiconboo, from that of the Joint Magistrate in No. 107 of 1844 under Regulation III of 1819 dated 28th December 1844; pass-ed on the 1st March 1845 under Provisions of Section V Regulation II of 1827.-

The Joint Magistrate's decision awards a fine of 50 Rupees or 1 Months Jail against Sham Row, for abuse of his Police authority in having extorted 13 Rupees from Chinnapillay and 4 others to induce their release from confine-ment, where he had kept them 12 days in 1840 as harbourers of thieves, under the Provisions of Section

Section II Regulation II of 1819 on the evidence of 14 Witnesses, of the bearing of each of which he gives his view.—

On the appeal of the 18th January record on the 22d the Magistrate called for the proceedings in the case, and on the 25th he obtained them from the Sessions Court.—

In the Joint Magistrate's precis of the evidence on which he awards the fine of 50 Rupees against Shaw Row, is shewn the circumstances attending to it, and as he declines entering into consideration of the mutilation of record, so will the Magistrate also confine himself to consideration of the evidence of extortion, and that of actual receipt of bribe.—

The record shews no reason whatever why the 1st Witness Nunga patty Naik should put himself forward as an informer and his evidence is of no avail whatever as it is entirely hearsay. The evidence of the 2d Witness Karoopoodian; of the 3d, Veera Mootta devan; of the 4th, Veeraputhen; of the 5th, Chinna pillay; and of the 6th, Michale, all of them incarcerated as harbourers of thieves, is represented generally by the Joint Magistrate as embracing a personal knowledge of the occurrences at the Nachiodai Mettai, at the Taluk Cutcherry, at the police guard; of the procurement of money from a Shop-Keeper, at the house of Shaw Row, when

the bribe was given; of the release of the prisoners, and of the subsequent repayment of the bribe on loan to Chinna Pillay one of their number thro whom it was given to the Tahsildar.—

The Joint Magistrate does not note the evidence of the 7th 8th 9th 10th 11th or 12th Witnesses as bearing on the giving of the bribe, but only on the incarceration affording the motive for extortion.—

The joint Magistrate represents the 13th Witness, Pettan, and the 14th Witness, Pooven, both Village officers, as deposing to being present when the bribe was given.—

The evidence of the bribe then rests on the imprisonment of 6 persons for 12 days, and final release without record, the causes of absence of record being assumed as fraudulent as so affording cause for extortion.— Upon the evidence of these 5 persons as having given it and on the evidence of the 13th and 14th Witnesses, to having seen it given.—

The record of this case does not prove the mutilation of examinations and proceedings taken in the case of harbouring thieves in 1840. But there seems good proof of incarceration of the 5 Witnesses, 2d 3d 4th 5th and 6th How they came to be released

released is spunned to be from the corruption the Tahsildar, which mainly rests on the asser-tions of these five participators in the offence- If we look upon them as giving the bribe to avoid investigation from consciousness of con-viction we must look upon their evidence with caution as coming from bad characters. If we look upon it as given from intimidation and terror we must consider them exceeding simple when we reflect that the occurrence is charged to have occurred at Dindigul,- the ordinary residence of the Joint Magistrate and whose Cutcherry is held under the same roof with that of the Tahsildar I make this remark to shew how easily such persons may have been worked upon by the 1st Witness to give any evidence that might suit him / Mungapathy Naik / the informer and in the same way that no reason appears for his coming forward with the information so is no reason assigned for their being forthcoming to give evidence 4 years after the occurrence of the crime charged, and their State-ment in one point is directly con-tradicted by the Shop Keeper / 10th Witness /

from

from whom they assert they obtained the means of giving the required bribe.-

From being parties in the offence from their concealment of oppression, at the very door of the Joint Magistrates office, from their concealment of the bribe for four years, and unanimous appear-ance to dispose to it, and contradiction of the Shop-Keeper, Aroonagherry / 10th Witness / of one main point in its corroboration, I hold their evidence as much too light to hurt the character of the accused.-

It is sought to be supported by the evidence of the 13th and 14th Witnesses whom the Joint Magis-trate names with respect as "Village Officers."-

Now the 13th Pettan, a Chuckler by Caste is indeed Thotie of Malaputty, a hamlet of Palakkat-naipoor equally distinct from the town of Dindigul and the Village of the 5 Corrupters Vizt. Canarapatty hamlet of Covanooth; but Poodan 14th Witness, a Puller by Caste, does not seem to hold any office however low and is merely designated as "Cultivator" they are represented as having been accidentally present loaded with plantains and leaves for the Tahsildar when the bribe was given. But from the following improbalities I utterly reject their evidence.-

M.

3813 Fort St. George 20th March 1845.

It is not customary for men of such low Caste to remain sufficiently near a Brahmin's house to see the "counting of 13 Rupees" nor to hear that it was given for the "matter spoken of the preceding day" It is not probable that illiterate men like these / their depositions are marked only / should keep in mind particulars of so accidental a transaction for four years. Their pretended presence is spoken to only by the 1st Witness, the informer whose evidence is entirely hearsay, and not once by any of the five givers of the bribe. and there is no attempt to account for any of those persons never once speaking of the two low Caste men as having been accidentally present at the occurrence four years previously.—

The charge seems to me to have been maliciously got up by the first Witness but with what view or from what procuration nowhere appears, and in this view, the decision is annulled, and the repayment of the 50 Rupees to the accused directed under Section V Regulation II of 1827.—

Register No. 107 of 1844.—

Plaintiff — Vers. — Defendant.

[Mangapatty Naik Informer] — Shaun Row Suspended Tahsildar of Sankaray late Head of Police of Sadikamboo.—

Circar.—

On the 23d of November 1844, one Mangapatty Naik gave a Petition No. 1942/1844 dated 22d idem bringing to notice certain three matters against the late Head of Police of Sadikamboo Shaun Row, on which subjects a Deposition was taken from him, and a Summons was issued for the Witnesses concerned in the matter which forms the charge in the present matter. It appearing advisable to divide the instances or cases a separate Deposition, on solemn affirmation, was taken on the 26th November, from the informer / 1st Witness / to the effect that in the hamlet of Kaverypatty attached to Government in the Taluk of Sadikamboo, were 5 persons named Veerapoodram &c. who had been represented to the said Head of Police, as harbouring or feeding certain thieves, by an oley, Ramma or Cadjan addressed to him by the Tuchiodey Mettu Pron Rangien sometime in the year 1840, on or soon after the receipt of which the said Head of Police, Shaun Row, issued

issued a warrant for the apprehension of the said 5 persons, and on their arrival at Dindigul, kept them in the main guard for 12 days and released them without any examination, on the receipt of 13 Rupees as a bribe, given him by one of the incarcerated Chinnapilly, on behalf of himself and others, for all which the said Prisoners two others and the Mettie Peon could bear testimony.-

The 2d Witness Karapordiem deposed to the Peon having written the said oley to the Talook, on which a warrant had been issued by Sham Row, and brought by Peon Hapan, who produced them before the said Head of Police, who ordered them to be kept in the main Guard, in which place one Soobah Naik mounted guard. They were there for 12 days when the Curnum of Gurvanoot Senigherry apillay (11th Witness) and Peon Rangien (7th Witness) came and enquired why they were thus uselessly put in the main guard, and advised their subscribing for their release, but they demurred stating that they were not thieves- After which Hapan the warrant Peon deceased, came and told them from Sham Row that

that if they would give 13 Rupees they should be released, so money, in the shape of advance was taken from a Shop Keeper, who was to receive repayment in pulse (Rundulu) and with 2 Rupees ready money, they were taken from the main guard; and Chinnapilly went to the house of Sham Row with the said 13 Rupees which he duly delivered whilst Deponent and three others stood at a little distance, after which they were allowed to return to their Village- The said sum with 12 Annas batta, they repaid to Chinnapilly, at the rate of 2¾ Rupees a head- The 3d 4th and 6th Witnesses deposed to the same effect, as also did the 5th Chinna Pilly who stated that he gave the money to Sham Row-

The 7th Witness the Mettie Peon Rangien deposed to sending the oley to Sham Row, respecting the said 5 persons; after which Peon Hapan brought a warrant and took them all to the said Head of Police and that he subsequently saw them all in the main guard. He professed a Copy of the Cadjan and can would produce it if required.-

The 8th Witness Peon Soobbah Naik deposed to having the Prisoners under his charge whilst placed in the main Guard, when

when Shaun Row was Head of Police.—

9th Witness Police Peon Vittu deposed to a similar effect. The 10th Witness Arnagharry did not remember the loan for pulse. The 11th Witness, the Curnum Sevagherry pilly deposed to the Tahsildar speaking to him on the subject of the Prisoners; He also deposed to the issue of the warrant and subsequent incarceration of the persons therein named.—

12th Nagamuttoo Kouan deposed to being in the main guard at the same time with the Prisoners.—

13th Witness Pettan and 14th Witness Purvan both Village Officers, deposed to being present when Shaun Row received the money from Chinna Pilly 5th Witness.—

On the 28th of November an order was sent to the Muzumdar / the Tahsildar being absent / to search for the oley sent by the Peon Rungen, all the bundles and investigations for that year being already before the Joint Magistrate in no part of which did the same appear. The oley was discovered on the records

records of the Talook Cutchery, and accordingly forwarded to this Office. On the 27th of December the Head of Police Shaun Row denied any knowledge of any Rannad or oley written by the Peon Rungen or of any investigation or proceeding taking place in consequence thereof. He further denied receiving the bribe and stated that if the subject had been true the parties themselves would have Petitioned before, and not through Mangapatty Naiker; that the 2d Witness named by the informer as having seen the money delivered by Chinna Pilly were not named by the 5 persons imprisoned. In his deposition given on the following day however, and after finding that the said original oley had been discovered in the records of his late Office, he acknowledged having sent for the said parties, but stated he did not give orders for their imprisonment, but merely directed the parties to be kept on charge of a Peon / Notwithstanding this confession, he replied on the question of investigation being put to him, that if such oley had been sent, there would have been some investigation, but being a long time back he forgot all about it. when asked how the oley came to be by itself

separate

separate from the record of investigations he stated that the Cutchery people being now different from what they were in his time they may have done some fraud in the matter. When asked how there came to be no entry of such a case having ever existed, he observed that if the investigation had ever been made it would have been entered, but as it was not, he supposed there had been no investigation, attributing the non entry, to there not being any investigation, although he had already hinted at its destruction by the present Talook Officers, but refers the question to the Roysam, /Laksmanaranien/ When, however, asked whether it was customary or not to enter such cases, he stated he remembered that it was not! — Having left the Talook, he seemed to consider himself perfectly free from all charge or blame for irregularities &c committed during his own time. As this, however, more particularly belongs to any charge which might be brought for destruction or mutilation of the records, the Warrant having been concealed destroyed or otherwise made away with, no further notice of it here appears to be called for.—

The

The Head of Police was again asked if any examination consequent on the obey of the Mettu Peon, had or had not taken place, when he replied that if such had been sent to him some investigation would have taken place. Shaun Row stated he had no questions to put to the Witnesses or to the Murzendar who discovered the obey by itself. The Warrant Peon Hassan is stated to be dead. After the prevaricating Statement of Saun Row, which sufficently exhibits criminal conduct on the destruction or abducation of the warrant, as well as great neglect of duty either in not keeping a copy thereof, making no entry of the subject, or /in case of no investigation/ taking no notice of the persons stated in the obey to be harbourers of thieves there appears nothing further to be done in the present instance than pass an award in the matter of the proved extortion, and in consequence of the evidence against him, the Prisoner Shaun Row late Head of Police of Tadikambu, is sentenced to pay a fine of 50 Rupees, or be imprisoned in the Zillah Jail for one Month according to the Provisions of Section II Regulation III of 1819.—

Submitting copy of 4th para of a letter of 8th Instant from the Sub Collr respecting to submit several more decisions against Sham Row & the current month & respecting my reversal of the last one before me Vizt one for extortion.

Para 1.

In reference to my letter of the 4th Instant on the subject of Mr Elliot's investigation into Sham Row's conduct I have the honor to annex an Extract from a letter from him just received, and dated the 8th Instant, in which he argues on the non necessity of complying with my wish that in all his future magisterial proceedings his decision might appear in the vernacular as well as in the English language. I shall rather regret in his refusal to comply with my desire than take his alternative of demanding the opinion of the Foujdaree.

Foujdaree Adalut on the subject. The time of myself and Establishment is too much wasted at present on references, the labour of which necessarily falls on me.

2. And in reference to my allusion in the 2d para of the above letter, I beg to inform you I have been engaged for five hours this morning (and it will still take some days to be engrossed) in unravelling the protracted case and I have reversed the decision of one Month's confinement in

x 15th Feby 1845 x Jail awarded to Sham Rao under Regulation III of 1819 for an assertion he convicts him of in 1842 to suppress a case of murder, of which he acquits the accused for want of proof but in which he fully believes; but to which I give no credit whatever any more than the late Acting Joint Magistrate.

3. If Mr Elliot sends up the 12 Cases remaining against Sham Rao within the Month I purpose to dispose of them very Summarily - i.e. entering into the merits only and discarding from consideration his arguments and suspicions.

Extract of letter from the Sub to the Principal Collector of Madura dated the 8th and received 11th March 1845.

Para 1. As I expect to submit several more decisions against Sham Rao during the present Month I need not say how much more usefully my time could be expended than in making a translation which can be of no service to any save the Native servants of the Principal Cutcherry. I shall do my best to find leisure for the purpose, although I have doubts of my success with so small an Establishment; but if it is considered an act of Justice towards the Individual to be punished or of utility to superior authority, to have all decisions both in English and Tamil I request the matter may be brought to the notice of the Foujdaree Adalut for uniform adoption in the Principal Cutcherry as well as all Courts and Offices in the Madras Presidency.

Recommending resumption of 2 Villages alienated without sufficient authority from an endowment of a Chuttrum very valuably by the late Manager of Ramnad and his sister Mootoo Veerayee Nachiyar the Guardian.

54

Para 1.

I am submitting for consideration of the Court of Wards the suggestion of the Manager of Ramnad giving cover to an application from Mootoo Veerayee Nachiyar late Guardian for restoration of the 2 Villages Sivavayel and Reelpanayoor, appertaining to the estate for support of a Chuttram at Cushak Ramnad, I have the honor to inform you the Chuttram was founded by her in 1838 and the abovenamed two Villages yielding an annual income of Rupees 1,981-3-10 assigned under her own authority of Guardianship as an endowment for its support.

* 26th March 1838

2.

The Chuttrum was under the direct supervision and control of the Ranee till in November 1843 it was assumed by the present Manager of her own authority with a view to restoration after arrangements for the due appropriation of the income to the institution, and the Manager has now framed a proposed list of Disbursements and recommends its restoration and support of the charity

charity thro the Ranee it founder from the net income of the Villages on the ground of its great utility and comfort to the numerous Ramiswaram pilgrims passing thro the Cusbah of Ramnad where they have no other means of relief.

It would seem from the Abstract &c accompanying the Manager's address that the two Villages the endowments of the Chuttrum are and that a small portion of the assessment thereon is paid to the estate under denomination of Poroppoo or quit rent in lieu of produced by the late Manager in lieu of the full demand, and possibly with a view to divert enquiry from their alienation.

× Rupees 174-9-8

I do not forward the list of proposed disbursements because I think under the circumstances of the case however desirable the appropriation may be it is not justifiable under a protest of the husband of the Minor Heiress dated the 19th February 1845.

The seed land of the two Villages cultivated in fusly 1252 was Nunjah 722 Cullums, and Poonjah 1163 Koorkums, the receipts were paddy to value of Rupees 1090 and Ready money 891 Rupees Total Rupees 1981.

This is an action for recovery from Defendants of a piece of waste ground 80 by 120 English feet valued at 110 Rupees, situated within the following boundaries, sold to Plaintiffs by Government, under receipts passed by them in acknowledgment of his payment for the same, after reversal of an Endorsement made by the 1st Defendant, and prohibition of all interference on its part with the ground sued for, and with brick debris of 200 Carts load, and 50 yards of stones valued at 25 and 5 Rupees respectively.

1. In disposal of the ditch and Glacis, after removing the ramparts of the Madura Fort, by the Government, Mr. Surveyor Marrett, in common with the 3d and 4th Defendants under the authority of the 1st, sold to us, the 1st Plaintiff and the father of the 2d in February 1843 (date not recollected) 6 Grounds comprising 3 numbers ie 4 grounds forming

forming the 1st plot in the ditch and the glacis of the southern rampart and measuring 80 by 20 feet, situated south of a secondary street running east to west of Madarsah's ground, north of South Marrett's Vidhi and east of the Bastion and rampart, as well as 2 grounds forming the second plot, situated east of Seekunder Rowten's house ground, west of Mahammed Kunny Rowtens, north of South Marrett Vidhi and South of a Secondary Street running east to west and measuring 40 by 120 English feet, for a consideration of 66 at 22 Rupees each number. The 3d and 4th Defendants, under orders of Mr. Surveyor Marrett immediately measured and marked out with pegs the above 6 grounds and gave us possession of them.

2. In consequence of the strict requisition of the 3d and 4th Defendants under orders of Government, for filling in the ditch and building houses on it, we did on the 1st of March 1843 send for, thro' the 3d and 4th Defendants two Coolies at Madura named Paupadoo, the Son of a dancing woman, and Nayagam, Son of Savoori Moottoo and entered into an agreement with them that they should fill in the ditch of 10 grounds Viz 4 grounds forming the 1st plot

plot, as well as two others that Madarsah had purchased to the east of the above, as also 4 other grounds east of it, purchased by Mooka Reader, total 10 grounds comprising five numbers and level the ground within 60 Indian hours, to be measured by a rod with the 2.nd Plaintiff's father, and that the 2.nd Plaintiff's father should pay for their labor Rupees 108 3/4 @ 21 3/4 Rupee per every two grounds. This settlement was effected thro the 3.d and 4.th Defendants themselves, and in verification of which the 2.d Plaintiff's father obtained, in his name, an acceptance of the terms on a single leafed cadjan from the above Coolies, at the 10.th Indian hour of that day, assembled at a Mosque near the south gate of the Fort of Madras, with the attestation of the 3.d and 4.th Defendants, who afterwards measured to the Coolies the above ten grounds, commencing from the east of the Bastion and marked them out with pegs — to which the Coolies filled in according to the conditions and measurements agreed upon, and received from the 2.nd Plaintiff's father the 108 3/4 Rupees without reserve in the course of days. We retained the above acceptance of terms as a document demonstrative of our right to the ground in question.

3. Of the 66 Rupees the value of the grounds, comprising the 1.st and 2.nd plots the 2.nd Plaintiff's father paid Rupees 33 on the 10.th August 1843 whilst on his demise, which took place subsequently in the same year / date and Month not recollected / the remaining 33 Rupees were also paid by the 1.st Plaintiff under dates the 17.th March and 26.th April 1844 at 20 and 13, Rupees respectively into the Madacolum Talook Treasury and receipts obtained in the names of the payers on three different single leafed Cadjans under the signature of the Tahsildar.

4. In order to build on the ground forming the 1.st plot we procured 200 Cart loads of broken bricks at 2 Annas each, and 50 Yards of Stones at 10 Yards a Rupee valued at 25 and 5 Rupees respectively, and secured them at the above grounds, and intended commencing the house in June 1843 / date not recollected / but was prevented by the 2.nd and 3.d defendants having in July of the same year / date not recollected / contrary to law and equity unjustly and illegally measured marked out with pegs and made over to the 5.th 6.th 7.th 8.th defendants the grounds forming the 1.st plot as well as 2 other grounds making One number consisting of 40 by 120 feet, sold to Peeresab

Peersah, to the South of it and forming a third
plot ie east of a street running South to North,
South of South Marrett Vidhi, North of an Outer
Street running east to west and west of Samalsah
ground, as also two other grounds, making also one
number, consisting of 40 by 120 feet, sold to Sa-
-malsah and forming a 4th plot ie. east of the
above ground South of South Marrett Vidhi,
west of Mansahs ground and North of the outer
Street total 4 Numbers of grounds.

5. Aware, as they were of the 2nd Plain-
-tiffs having petitioned the 1st Defendant, under
date the 29th July 1844 shewing our rights to the
grounds inquestion and remonstrating with him
against the 2nd and 3rd Defendants unjust dis-
-possession of us of our grounds and requesting
his prohibition from making them over to them,
yet the 5th 6th 7th & 8th Defendants encroached
upon a portion of the adjoining eastern ground
measuring 4 by 120 feet belonging to the above
named Madarsah which forms part of the first
mentioned plot and unjustly raised one layer of
mud wall on it in August of the same year.

6. In answer to our petition refer-
-red to in the preceding para the 1st Defendant
gave an Endorsement to me/2 Plaintiff/
under

under date the 8th of the same Month, to effect that
my prayer was without grounds and Vexatious that
the particular spot of ground was neither fixed
for us nor marked out with pegs at the time
of sale, that they had been justly made over to
the 5th 6th 7th and 8th Defendants in lieu of
similar portion taken from them by the Govern-
-ment as adjacent to them and with reference to the
rules observed in exchanging grounds in east
Marrett Vidhi, and recommending us to get si-
-milar adjacent grounds measured to us thro
the 2nd Defendant which it is added was no wise
injurious to us. No notice is taken in it of the
broken bricks and stones I had secured in the
ground forming the first boundary.

We are not satisfied with this
7. Endorsement but look upon it as unjust for the
following reasons.

It may be fully evident from
the Endorsement directing us to take fresh
grounds, as well from the acceptance of terms
alluded to in para 2 of this petition as from
the receipt referred to in para 3, that the
grounds in question were sold to us and that
we had filled them in after they were
measured

measured out to us, but the denial in the endorse-
-ment of the fact of those grounds having been
measured out to us would seem unjust- all the
eastern adjoining grounds were sold by Goover-
-ment to different persons and some of the
purchasers have built houses thereon. This en-
dorsement would seem unjust in as much as it
directs the dispossession of a first purchaser
of his ground to satisfy the claim of another
whose grounds are situated next to it and
which the Government resumed from him,
as such a proceeding is open to objection
when by a law suit their recovery may be so
sought by the party- On the present case our
acceptance of the adjoining grounds in lieu
of those in question will by all means, sub-
-ject us to be sued for in the Court by its
original purchasers and to our ultimate loss
of the property- Moreover the Defendants
5th 6th 7th and 8th bought their grounds only
at 2 Rupees each, and if the Government
resume them they can give them other grounds
in lieu from amongst the numerous unoc-
-cupied grounds situated west of them
which are equal to them in value, and are
the property of Government; On the Contrary
they will not be justified in depriving us

us of our grounds valued at 22. Rupees each and
reclaimed by us with great personal labour
and expense of 21¾ Rupees each, after having been
sold to us- We took upon the endorsement afore-
-said as such that our adherence to it will subject
us to eventual dispossession of those grounds even
after we build houses on them, and we feel assured the
Government have no authority by the Regulations
to transfer lands previously sold to another to
his prejudice- As the 1st Defendant passed
the unjust endorsement without consider-
-ing the foregoing reasons and the 2nd & 3rd
Defendants having also unjustly trans-
-ferred the grounds in question to the 5th 6th
7th and 8th Defendants, and the 4th who attested
our accepted terms, being also privy to them
we have included them as well as the 5th 6th
7th and 8th Defendants who endeavour to
gain unjust possession of our grounds as
Defendants in this suit-

As we have nothing to do with
8.
the grounds forming the 3rd and 4th plots
the property of Peersah and samalsah
respectively as well as with a portion, viz.
4 by 120 feet of a ground belonging to Co
Madarsah, situated east of the grounds
forming the first plot which had been
unjustly

unjustly encroached upon by the 5th 6th 7th and 8th Defendants, and a wall raised on it, it is for them to sue for their recovery. We have not entered claim for the ground forming the 2d plot, it being under our enjoyment and free from question, and tho' the value of the ground forming the first plot including our charges towards its levelling amounts to Rupees 87½, yet with reference to the great personal labor and difficulty with which we have filled them to their present level we raised it to 110 Rupees their present real worth, and because the grounds are at present unoccupied by the Defendants, we do in right of our purchase, bring this suit for their recovery, together with the broken bricks and stones, to the exclusion of any interference on the part of the Defendants.

9- We therefore pray the Court will be pleased to pass their Judgment awarding us the grounds, measuring 80 by 120 feet forming the first plot, in consideration of our title to them, as well by the sale, as by the receipts granted to us by the Government, together with the broken bricks and

stones above stated, cancelling the Endorsement of the 1st Defendant-

Translate of Proposed Answer by 1st Defendant to Suit No. 140 of 1844 on the file of the Subordinate Court of Madura-

1- The 1st Defendant invited Offers for grounds to be levelled by the overthrow of the ramparts and filling up of the ditch of Madura, the boundaries of which were to be subsequently adjusted according to equity and deeds of sale procured from Government, for the exact measurement could not be ascertained till the level was complete-

2- The Plaintiffs and 5th 6th 7th and 8th Defendants became so far proprietor and claimants, to certain portions, as the improvements progressed one of the grand outlets of the town encroached upon the portion of the last four Defendants, and each in his turn was thrown proportionately back- The measurement reserved to each is the same as at first, its relative measurement is the same and its relative portion is the same, neither

neither has one portion been better filled up than another, and similar slight deviations and adjustments have prevailed and been cheerfully acquiesced in, in positions further advanced and already built upon.

3- The stones and brick debris have never been interfered with by first or (as he believes) the other Defendants- The Government have not yet consented to issue of the deeds of sale, but neither have they refused to give them-

4- The 1st. Defendant is willing, and under necessity to take the responsibilities of the other defendants upon himself and submits he is entitled to a nonsuit because the plaintiffs do not affect to shew they have sustained any loss; because they have no documents in their favor to a precise spot of ground; and because they have not fulfilled part of the understood contract, that the levelling was to have been complete and building raised, within a given time which has long since passed, and which subjects them to loss of the ground in its present improved state, of Government were so paid as to exact it-

From the Princl. Collr. of Coimbatore.

Acknowledging the receipt of the Board's letter regarding Shaik Davood, Tahsildar of Darapooram and affords explanation thereon.

Sir,

Para 1. I have the honor to acknowledge the receipt of Mr. Bourdillon's letter dated the 23d ultimo, conveying what appears to me a most unmerited censure from the Board against my Proceedings in the case of Shaik Davood late Tahsildar of Pulachey and now at Dharapooram upon an inference formed on my letter of the 31st December 1844 in which it

it is stated, that "I have solicited permission to "dismiss him from the Public service."

2. I regret exceedingly that the communication referred to should have led to such a conclusion, which I most unhesitatingly disclaim having done, and which is corroborated by the fact of his removal to another Talook of less emolument than the one he previously held, for with reference to para 10 of the Board's Proceedings dated 11th November 1841, I did not consider myself prepared to recommend his dismissal except upon still stronger and more unmistakable grounds than those which I then made apparent.

3. My object in addressing the Board in the manner adopted was merely to shew a series of acts of misconduct committed by the Tahsildar leaving it for consideration how far he was deserving of confidence in the situation to which I then nominated him. This I believe is apparent on the face of my letter and I submit which I respectfully request the Board will do me the justice to reperuse.

4. With regard to the objection of the Board for the payment of the salary of Tahsildar to the Goomastah deputed to act for him and demanding explanation thereon,

I

I have only to remark that it rested with the Board at their discretion to have admitted my recommendation for the payment or otherwise their fiat is not for me to question. but with the immediate management and the responsibility of the District devolving on me, I presume that I posses authority to exercise my own judgment in the selection of persons for the appointment of Tahsildar either permanently or protempore and under these circumstances if I am to be called upon to explain every minor arrangement that I may deem it fit to make, except in cases of appeal, I respectfully submit it will only tend to augment the difficulties of my situation and prove subversive of my authority.

5. As it would seem from the general tenor of the Board's communication that I exercise a degree of harshness and severity in my treatment of the native Public servants, I take the liberty of assuring the Board that nothing can be further from my intention than to act injuriously or harshly to my Native Officers from whom I derive the most willing and efficient assistance, as the present condition and prosperity of this District will fully manifest, except in cases of fraud or absolute necessity, and this upon the most clear and

sufficient

sufficient grounds, as will be observed from the 2 Quarterly Returns submitted under the standing orders dated the 13th July 1826. and this assertion will be the more apparent by adverting to the marginal Statement which exhibits the number of dismissals since my appointment to this District in comparison with those of former years.-

Recording observations and orders on his letter of the 11th Ultimo offering explanations in respect to the case of Shaik Davood Late Tahsildar of Pullachee and requesting him to furnish the information required by the Board regarding the circumstances which made it necessary to depute a Goomastah from his Office to take charge of the Talook instead of permitting it to devolve on the Talook Serishtadar.-

In Cons.n 23rd Jan.y 1845.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 11th Ultimo offering explanations in respect to the case of Shaik Davood late Tahsildar of Pullachee.-

2. In Para 1. 2. of this letter you complain of the inference formed by the Board from your letter of 31st December last in which you are stated to have solicited permission to dismiss the Tahsildar from the Public service "a conclusion which you most unhesitatingly disclaim as you did not consider yourself at liberty to recommend his dismissal except upon stronger and more unmistakeable grounds than those which you then made apparent" whereas in the very next Para you admit it "to have been your object to show a series of acts of misconduct committed by the Tahsildar, leaving it for consideration how far he was deserving of confidence in the situation to which you had nominated him."-

3- It must be evident that thus setting

setting in array before the Board a long series of delinquencies imputed to the Tahsildar — with your once clearly implied opinion of his unfitness for Office — was in effect to recommend or suggest his dismissal and could not be viewed in any other light. The irregularity of thus leaving to the Board the unpleasant task of awarding punishment on charges which if well founded were susceptible of direct proof in place of holding formal proceedings yourself upon the case has already been remarked on, in Mr. Bourdillons letter.—

4. In that letter (Ps) explanation was requested as to the "particular circumstances "which made it necessary for you to depute a "person from your own Office to take charge of the "Talook instead of permitting it to devolve on the "Talook Serishtadar according to the regular "and ordinary practice". On this, in Para 4 of your letter now before the Board, you remark that "with the immediate management and respon- "sibility of the District devolving on you, you "presume, that you possess authority to exercise "your own judgment in the selection of persons "for the appointment of Tahsildar either — "permanently or protempore and under these "circumstances if you are to be called upon to

"to explain every minor arrangement that you may "deem it fit to make except in cases of appeal "you respectfully submit it will only tend to "augment the difficulties of your situation and "prove subversive of your authority."—

5. In reply the Board desire me to state that they cannot admit that compliance with their requisition for information in the matter referred to, and those of a like nature can in any way embarrass you in the discharge of your duties. The Board did not object to the delegation of the Gomastah to take charge of the Talook — such a measure may have been perfectly right and proper — but it was unusual — and they wished that the cause should be explained. That explanation has not been furnished and the Board direct that it be supplied.—

6. With regard to your observation in Para 5 of your letter that "it would seem from "the general tenor of the Board's communication "that you exercise a degree of harshness and severity "in the treatment of your native Public servants", I am instructed by the Board to state that no such inference can fairly be deduced from their Secretary's letter of 23d January last, which related exclusively to the case of the Pullachee Tahsildar and contained no allusion whatever to your general course of procedure towards your Native subordinates. Under these circumstances the contrast which in the conclusion

conclusion if your letter you have drawn between your own treatment of your Native Public servants and that of your Predecessors in Office is altogether unc-called for.

Sir,

From the Asst. Collr in charge of Trichinopoly -

I commenced the settlement of the wet Talooks of this District on the 15th ultimo - It is stated in 2nd Para of the Hookoomnamah sanctioned by the Board on the 29th July and received on the 9th August 1844 that the Ryot shall be held responsible for the Teerwah whether the field be cultivated or not. If any Ryot finds himself unable to cultivate any portion of his field which he held in the preceding fusly he must give Razeenamah at the commencement of the cultivating season for such portion as he is unable to cultivate. The Cultivating season commenced in May, and as the Hookoomnamah was received on the 9th August it was not therefore published in the Current fusly at the proper period. -

I have

2. I have received several Petitions from Ryots for deduction of the waste left uncultivated mostly on account of their lands being too highly assessed and partly from unavoidable reasons such as want of water and other good causes. I have to request the early sanction of the Board to settle the Summabundy of this Fasly on the same principles as that of the last Settlement. the Hookoomnamah above alluded to. shall be put in force in due season of the ensuing Fasly.-

Submitting further correspondence with the Sub Collector on the subject of Dhoondoo Rao Tahsildar of Iyempully and a precis of two cases against him prepared by the Sub Collector with report of having awarded to him his arrears

To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St George

Sir,

In reference to the correspondence between the Sub Collector and myself submitted on the 24th October and in reply to the Board's instructions of the 8th December I have the honor to submit a further one on the subject of Dhoondoo Rao, Tahsildar of Iyempully to report in reference to the 2d para of your letter that the Tahsildar never was formally suspended. but that being in attendance in the Joint Collr's

Office for investigation from the 6th of April was sent to the Subordinate Criminal Court on the 13th May and acquitted by it on the 25th July; yet was only restored to office on my repeated urgent instances, on the 17th October - and in reference to the last part of the 5th para, to report that after inspection of the two cases submitted by the Sub Collector of

of which I beg to inclose a brief precis with dates. I have directed all arrears of pay to be given to the Tahsildar.-

2 When aught is wrong in the police administration of a Tahsildar I think it easily capable of correction under the ordinary diurnal attention given to the proceedings by the European Officers. If from supineness, or other cause irregularities have been allowed to gain strength and become habitual I think they are still easy of correction by the European Officers fixing his abode for a few days or weeks, if need be, at the Cutcherie and giving up great part of his leisure to enquiry into the abuse, and instruction how to avoid it in future. Now from the annual returns of tent allowance before the Board it will be seen that since Mr. Elliots nomination to the Sub Collectorate in November 1841 he has only passed 15 days in the Talook of Tyempully of which 8 days were, at two separate times, at the Cutcherie Pylney; and 7 days at 4 different times, at Chettraputty Cutcherie of Valoor Modak a Village 10 miles east of it, on the great road No. 2, from Dindigul to Coilamalacotay and

and Paulghat, which it is necessary to pass in going to and returning from Pylney and hence I argue much if aught that may be wrong will affect Mr. Elliots' Character for remissness of supervision.-

3 When I shall shortly have the honor to answer the Board's enquiries respecting Palany appa Moodeliar, Curnum of Cumbum in Thenkarrai of Dindigul, I hope the Board will bear this letter in mind and the inclosed precis of the two cases, adverting particularly to dates to shew the procrastination which in my opinion is so injurious to Mr. Elliots' own character and which costs me an useless labor of from one to three and sometimes many more hours daily.

Sub Collector of Madura
@ Dindigul

Sir,

In reference to the expectation you held out to me on the 10th Ultimo that a few days would suffice to enable you to close your proceedings in the case of Dhondoo Rao Tasildar of Iyempully I have the honor to request you will favor me with the result.—

Madura ——

To The Principal Collector of
Madura.

Sir

Para 1.- I have the honor to acknowledge the receipt of your letter dated on the 12th Instant, requesting to be informed of the result of my enquiry into the proceedings in the cases against Dond Row the Tahsildar of Iyempully — as and beg to state that although my letter of the 10th Ultimo held out the expectation of a few days being sufficient to enable me to close the said proceedings I confess, I was not willing to believe you would wish to see the man so accused in

full authority, when of his ability and integrity there were such extensive doubts before at least the expiration of the time in which you expected any report on the same- It can scarcely be supposed that his restoration would facilitate the enquiry whilst I particularly stated such must of necessity, act as a hindrance and therefore they could not be expected to be furnished within that period.—

2. Besides the several cases alluded to, I have examined some of the Police proceedings of the said Tahsildar, and 64 of those already examined are certainly exhibitive of gross neglect of duty, and, as observed in my letter of the 17th Ultimo, appear to confirm the worst suspicions.

3- The remaining investigations are going on as quickly as possible, as are also those in which Sham Row is concerned. But as no further inquiry can be done to the cases against Dhond Row by a few days further delay, I propose furnishing those against Sham Row first.—

Dindigul ——
Sub Collector's Cutcherry.
