To

J. F. Thomas Esqre
Chief Secretary to
Government
Fort St. George

Sir,

1 As promised in the concluding para in my letter under date the 13th Instno, I have the honor by desire of the General Committee of addressing Government on the subject of the prizes to be awarded in the early part of 1846 with a view to the improvement of the Agricultural products of this Presidency.-

2 Annexed is a Schedule of prizes with conditions the General Committee would suggest for the adoption of Government.-

3 It will be observed that the sum total of prizes offered for competition is slightly in excess of the Amount sanctioned for competition in the year 1845 but the quantity of Agricultural produce required is Materially increased - This the General Committee propose with a view to ensure such a Cultivation & manufacture as shall pave the way to the establishment of if not establish at

5769 Fort St. George 15th May 1845-

at once, a marketable article, and not leave the competition to fancy articles ever nursed during their brief growth and affording no criterion as to the facilities of making them a staple produce of the Country.-

4 Judging from last year it does not appear likely that all the prizes will be Competed for; but this will not lessen the value of the incitement to improvement held out by Government.-

5 There are other slight Modifications which the Government will not fail to observe. New Orleans Cotton has been substituted for Peruvian still further to encourage the successful experiment of last year at Coimbatore and a prize for the best indigenous Cotton has been introduced, agreeably to a suggestion of Mr. Drury it is hoped that when once the Ryots shall have been excited to emulation in improving their indigenous Cotton they will readily appreciate the advantage to be derived from the Cultivation of superior Species - A prize has been introduced for Indigo Manufactured from the dry leaf, a Manufacture still continued in many parts to the Southward where

Fort St. George 15th May 1845

where the leaf is brought from too great a distance to extract the dye in its green state.-

A 3rd prize for Coffee has been introduced for greater encouragement the Cultivation of this Article is now Carried on in the most unscientific Manner and every inducement should be held out to improve it and take advantage of the Numerous Sites among our hilly districts admirably adapted for Coffee Plantations.-

Wool has been altered from "Merino" into "any fit for the English market" and the prize and quantity of Caoutchouc have been both raised.-

6 The General Committee are of opinion that these prizes should be awarded by judges approved of by Government who should be empowered to refuse a prize to any Article which had not attained a certain Standard of excellence, or to give only a reduced prize.-

7 Mr. Duchterlony a member of our Committee is of opinion that the Competition should be unrestricted on the ground that it is to "Europeans" "alone that we can look to have new paths beaten

Fort St. George 15th May 1845.-

"beaten out and effective improvements introduced into old ones and that from Europeans alone can we look for that elaborate "and useful information regarding Cultivation and Manufacture that seems of such vital importance to the general interests" - The Committee generally however while acquiescing in the Correctness of Mr. Duchterlony's sentiments are of opinion that the Native competitor is entitled to the greatest consideration and encouragement. Our cheap Manufactures have deprived a large proportion of the population of their means of subsistence, and any measure likely to dishearten the Native Agriculturist in the march of improvement will be attended with the most mischievous consequences. They therefore recommend that competition for all the 2nd prizes should be limited to Natives and East Indians.

8. The General Committee would further request Government to consider how vain it is at present to expect the Native Ryot to send his Cotton or other produce to the Presidency to compete for Government prizes. Nine ryots out of ten, if they have not sold their

Fort St. George 15th May 1845

their produce almost before the seed is sown sell it to intermediate agents before it is cut. To them the Presidency and its inhabitants are a terra incognita the prices of Cotton in the British market and the fluctuations of British commerce are things undreamt of. Their Native village the Shadildar's Cutcherry, and the Collectors Koozoor form the horizon of their hopes and fears. With the European or East Indian adventurer it is quite different, he generally starts upon Capital borrowed at the Presidency and as a matter of Course lends his produce there his dearest interests are bound up with his Presidency connexions and the London price Currents are regarded by him with a watchful eye. To him there is no risk no extra expense, no great trouble in diverting for a brief Space a portion of his produce from his Agents godowns to the Society's garden to compete for a Government prize.

9th To remedy this inequality between Native and European Competitors the General Committee would recommend Government to desire Collectors of the several Districts to Assemble at the proper Season a punchayet of Native ryots to determine the best produce offered for Competition in

Fort St. George 15th May 1845.

in each district and to send a small portion of the best produce of each district to the Presidency and at the public expense with a certificate that the quantity necessary for Competition had been produced and explanatory of the method of Culture.

10th They would further recommend that the produce of the best Article in each district should not only be thus allowed a Chance of competing for the Government prize free of expense but further rewarded with a silver Medal of small value / a Medal awarded to the best Cultivator / would be better still / The expense would be trifling and the Measure would in a great degree excite discussion and emulation among the Natives and thus be a means of advancing the great object the Government have in view in awarding prizes at all the improvement of the Agricultural Resources of India.

1. The Most Noble the Governor in Council Authorizes the Disbursement in the Commencement of the ensuing year of a Sum not exceeding 3000 Rupees for prizes to the best Samples of Indian Produce enumerated in the list appended to the above letter, but is of opinion that the Competition for all the prizes should be confined to Native and East Indians, as the recent reduction in the duties on Indian Produce is sufficient to stimulate European exertions.-

2 His Lordship in Council doubts the

the expediency of the proposition contained in para 6, and is of opinion that the award of the prizes should rest with the Members of the Committee, some of whom from their practical experience in Mercantile matters are obviously most competent to decide upon the standard excellence of the staple productions of the Country.-

3. The Revenue Board, to whom the foregoing letter will be Communicated, will be pleased to give effect to the suggestions contained in its 9th para.-

4. In accordance with the recommendation in the Concluding para, His Lordship in Council will be prepared to Sanction the presentation of Silver Medals to the best Native Cultivator in each Taluck of the articles specified, but he is desirous of receiving the opinion of the Board upon this proposition before the measure is finally adopted.-

2. That the Weavers' and Chucklers' Huts mentioned in Lieutenant Colonel Faldwyns' report should, for the reasons advanced by that Officer, be removed.

3. That the proposed increase to the Military limits of Paulghautcherry, should be made under the reservation contained in the 15th Para of Mr. Goodwyns' letter above alluded to, Viz "that it should be clearly understood that the "limits of the Cantonment being settled confers "no Police or other Authority not possessed at "present on the Officer Commanding Paulghautcherry."

I am at the same time directed to state with reference to Extract from the Minutes of Council, Revenue Department No. 76 dated the 27th January 1844 / received with the correspondence now under acknowledgment /

1. That the limits of Cantonments where Military Bazars are established were fixed by G.O.G. No. 139 dated the 1st of June 1832.—

1832, with a view to the same being under the control of the Military Police and for the prevention of smuggling within four Miles of the Main Guard Houses, and not in any way to interfere with the right of ownership of land situated within such limits. For instance the Cantonments of Saint Thomas Mount, Poonamallee, Vellore and Trichinopoly have each respectively large portions of Paddy and other cultivation within their limits the extent of which can be seen on reference to the Plans.-

2. In the selection of a site for a Cantonment it has hitherto been the practice to purchase the land required for the erection of Barracks, Parade Ground, Compound for Officers' Bungalows, Kutting Lines, Bazars &c. if not already the property of Government, and to retain the same solely and wholly for the above purposes. but on the occasion of the formation of a Cantonment at Palaveram in 1822, this practice was not adhered to, and the whole of the ground situated within its limits was purchased by Government without reservation and has since been retained for the use of the Troops there stationed.-

In

3. In the event of its becoming necessary to extend the limits of a Cantonment, or that a limits is required for any of the purposes above mentioned, the quantity of ground required is in like manner purchased from the proprietors, as in a recent case in the Cantonment of Poonamallee when Kutting ground was purchased for the Detachment of Veterans on duty at that Station as per Extract from the Minutes of Consultation No. 2255 dated the 17th May 1844. in the event however of the limits being extended with the intent to increase the authority of the Military Police, the proprietary right is not interfered with, except as regards smuggling &c. as mentioned in the 1st Para of this report.-

4. In conclusion I am further directed to forward, in advertence to the foregoing, the Copy of
3rd Nov. 1844. a letter from the Officer Commanding Paulghaut-
cherry marked No. 1. regarding Police authorities,
15th Nov. 1844. and the reply thereto from this Office marked No. 2. in which latter it is distinctly stated, that in fixing the Military limits of that Cantonment it was intended merely for the purpose of assigning ground to enable Officers of the Corps there stationed to build Bungalows on, and that the Police Authority at stations like Paulghaut-
cherry was in all cases vested in the Civil Magistrate

To The Quarter Master General
of the Army
Fort St. George.

Sir,

With reference to my letter to your address No. 41 dated 14th January last regarding the proposed limits for the Military cantonment of Paulghautcherry, I do myself the honor to report that I have ridden round these Boundaries which with my previous knowledge of the place has enabled me to offer the following opinions for the information of the Most Noble Commander in Chief.

1st I fully concur in the reasoning and opinions of both Mr. Conolly and Mr. Goodwyn particularly in the 9th Para of the latters letter dated the 25th August 1838. A most erroneous indulgence has however in my opinion been granted lately in suffering Officers to build substantial houses so positively on the foot of the Glacis of the Fort but these Officers I understand pay a quit rent to Government as well as to Natives for part of the same compound as is the case with Major Osborne. Natives also have been permitted to erect dwellings which may come to be a Village

to

to any extent close at the foot of the Glacis near to a house now erected by Captain Atkinson. The strip of land between the house belonging to Major Osborne and those occupied by Ensigns Frith and Newlyn is a positive excavation from the Glacis it cannot yield above a very few Rupees annually /perhaps 4 or 5/ and should, I do think, be resumed by Government under the reasoning of Mr. Goodwyn in the para above referred to.—

2d I am of opinion that the two tanks named in Lieutenant Francis's plan, the Madapencollum and the alungollum tanks should not be taken within Military limits, as I know from previous experience that they would only lead to constant litigation between the Military and the Civil authorities, and are not necessary to the comfort or convenience of the Military of this Station.—

3d I have a perfect recollection that the Weavers Village near to where Dr. Ladds house formerly stood was often complained of from the noise made by the Inhabitants, but I cannot conceive that that annoyance can be considered as a sufficient ground

of

of complaint to force their removal, as it is clear that the Civil Authorities are prepared to punish the individuals who may commit the nuisance.

4th. The nine or ten Chuckler huts near to Mr. Sayer's house ought unquestionably to be removed. they were not there when I occupied Mr. Sayer's house in 1837, and are from the Commanding Officer's report manifestly injurious & affecting the discipline of the Troops in Garrison, and they can have no claim to remain there.

5th. With the above exceptions I think it would be most advisable that the Military limits of Paulghautcherry should be immediately defined agreeable to the Plan of Lieutenant Frances. The sooner these limits can be defined the better, as rendering the Commanding Officer responsible for any erection which may be hereafter made without due Military Authority. and I am of opinion that the whole of the Paddy ground within 600 yards round the Fort should be placed under Military Control so as to prevent the

the present occupiers of those fields from ever erecting any building within that distance around the Fort. There is a vicious indulgence granted to some of these landholders of irrigating their ground from an Outlet from the ditch which should certainly be put an immediate stop to.—

The documents which accompanied your letter No. 401 of the 4th March 1844 are herewith returned, and a letter from the Officer Commanding Paulghautcherry on the Subject dated the 6th of January last transmitted.—

Paulghautcherry 21st March 1845. } /Signed/ J. Gibson Major Genl. Commanding Sn. Dn.

To The Deputy Assistant Qr. Mr. Genl. Southern Division.

Sir,

I have the honor to acknowledge the receipt of your letter of the 21st Instant No. 887 with its several enclosures herewith returned, and to report for the information of the Major General Commanding the Division my opinion on the subject.—

The boundary of the proposed Cantonment having been inspected by Mr. Silver

Silver and myself, Irecommended that in addition to the limits laid down in the plan signed by Major Eastment and Mr. Goodwyn the ground from the pond on the West skirting the Paddy fields, down to a Tank at the bottom of the Compound in which Captain Evans' house stands, and in Lieutenant Francis's plan called Madapencollum Tank, round to the gate of the Travellers' Bungalows should be included. My object for wishing this was to secure the house as a residence for one of the Officers and also that I might have removed about nine or ten Huts occupied by bad Characters, laid down in the Plan as Chucklers Huts. In these, arrack is sold greatly to the injury of the Men of the Regiment. The piece of Garden ground in front of Captain Evans House was originally a part of the compound, there is now not more than Eighteen Yards between the house and the hedge which has been run across to make the garden, the whole included would not be larger than an ordinary compound. The piece of ground Irecommended to

to be included to the Eastward of Mr. Sayers' Bungalow is a very eligible spot for building, and cannot be of any great value to the Proprietor. The compound in which Dr. Ladds' house stood is centrically situated, and although the holders of these grounds make objections they should be over ruled. The Weavers' Huts at the corner of this compound should undoubtedly be removed. On the last appearance of Cholera at Paulghaut it was in this Village that the disease made most havoc, and from its proximity to the Officers' houses may be looked upon as a nuisance. I do not see the slightest objection to the water in the Tanks, although included in the Military limits, being applied to the purposes of irrigation with the exception of the Tank in the Lines, which is absolutely required for the use and comfort of the Men and their families, and which is not of necessity wanted for the cultivation of the ground, there being another below it.

If the whole ground is included as laid down in Lieutenant Frances plan, there will not be more that sufficient for the

the accommodation of one Regiment.

In conclusion I beg respectfully to state my wish that the Cantonment should be established as soon as practicable, as Huts are being erected about the Officers' houses which I have not now the power to prevent- many occupied by characters very objectionable, and injurious to the well being of the Regiment.

Sir

Some instances having occurred in which I have been in doubt as to the course I should adopt with regard to the power of the Police Authority at this station, but to which I have hitherto invariably yielded compliance, I beg most respectfully to request you will obtain the sentiments of the Most Noble the Governor in Council through His Excellency the Commander in Chief on this subject. A plan of the Cantonment having been forwarded to your Office and a favorable reply for its Establishment received I am

induced to think that it is the wish of Government that the Bazar rules and regulations should be in force and that Paulghautcherry should be a Military Cantonment.

To The Officer Commanding Southern Division

Sir

I have the honor by desire of His Excellency the Most Noble the Commander in Chief to acknowledge the receipt of a letter from the Officer Commanding Paulghautcherry under your Countersignature, and in reply to say that Lieutenant Colonel Yaldwyn appears currently has completely mistaken or lost sight of the view and reasons for Establishing Military limits to the Cantonment of Paulghautcherry although they were distinctly given in his letters on this subject bearing date 8th June 1843 and 11th December 1844 respectively viz. "that ground might be assigned to enable Officers of the Corps under his Command to build Bungalows on."

I am at the same time directed to observe that in all Stations like Paulghautcherry the Police Authority, whether there exists a Military

Military limits to the Cantonment or not, is in all cases vested in the Civil Magistrates — and that even in the large Cantonment of Trichinopoly, the Police Authority is with the exception of the confined limits of the Military Bazar occupying a space of 400 yards by 110 under the Civil Magistrate.—

In conclusion, I am directed to add that when the Government may deem it expedient that the Bazar Rules and Regulations should be in force at Paulgautcherry, the Officer Commanding that station will have the same duty notified to him.—

For a length of time past I have held in the Village of Valunguy 7 Pollams 14 Mrs of Zeroyty land bearing the cist of Rs. 186—8a— of which after deducting the usual remission of Rs. 6—8— which has been annually allowed to me during Summa= =bundy Settlement as entered in the Ac= =counts of fusly 1250. the Circar used to receive from me the rest of 180 Rupees— I have in consequence been very partic= =ular in discharging every year the said sum of 180 Rupees up to fusly 1250 not= =withstanding the failure of Crops during some intermediate years But the 2d 3d & 4th Defendants bearing dislike towards me offered objections in the way of my obtaining from the Circar the said usual remission for fusles 1251 and 1252 amounting to Rupees 13 The second and 3d Defendants as well as the Sanatdar and Village Mohojsoldar under pretence that

I have in Consequence made a petition on the subject to the 4th Defendant who refused to give me an answer I thereupon presented an arzee to the 1st Defendant and waited some time at his Kuzzoor for his answer to the neglect of the business of Cultivation &c but in Consequence of what the ameen of the Talook had reported to him he the 1st Defendant has not given me an answer— I have not only discharged the whole of the Circars' dues but made some advance for repairs &c at the commencement of the Monsoon in fusly 1252 and conduct= =ed myself as a substantial Ryot with= =out leaving any balance. While it was thus the 4th Defendant making out a balance against me sold my Paddy as above said through the means of the 2d & 3d Defendants and wrongfully Carried away the proceeds amounting to 32 Rs. There Could be no reason whatever for me to withhold payment of the Circars' balance since I am a

a Moatbar. Had I really owed any sum a notice or should have been given to me about it within the same year for which such balance was due, and if I then failed to liquidate it, it should have been recovered by the regular attachment of my property adequate to the same within the fusly But it is quite Contrary to the Regulations the usage of the Country and the Law to attach my Paddy 15 Months since during my absence from the Village and to sell it only about 3 Months ago, and Carry away the proceeds as I who live upon Cultivation have in Consequence experienced much injustice, and as the Predecessor of the 1st Defendant, the late Collector did not enquire into the matter - notwithstanding I represented it to him by means of Letters or three or four Arzees. I am obliged to file this Complaint in order to obtain justice regarding the Money due to me from the Defendants as follows.

Amount withheld on account of usual remission for fuslies 1251 and 1252 at Rs 6-8 per annum	13-0-0
Amount received from me under pretence of balance	19-0-0

I therefore pray your Court will be pleased to examine my witnesses and Documents and pass a Decree adjudging the Defendants to pay me the amount together with the Court Charges. I also beg to state that I am unable to ascertain the date of attachment and sale of my grain as they took place during my absence from the Village. Please to peruse Dated 29th October 1844.

of Rajamundry.

Proposed answer to be filed by C. J. Bird Esquire Acting Collector of Rajahmundry 1st Defendant, to the Complaint filed by Nurlah Venkanah Plaintiff in Cause No. 293 of 1844.—

Plaintiff sues for restitution of 32 Rupees levied upon him by attachment and sale of his property whereof 13 Rs is stated to be on account of remission usually granted to him on the amount of his Cist, but withheld for two years; and the remaining 19 Rupees on account of an exaction to that amount above the total of his Puttah The Acting Collector is made a Defendant in the Case on the ground of his having refused redress when petitioned for it by Plaintiff.—

Concerning the 13 Rs Claimed as remission there is no need to make answer, the Court having already on the acting Collector's Motion determined that it is not Competent to award remissions which are indulgences of grace not of right.—

With regard to the 19 Rs Claimed to be refunded as an excess Collection, this Defendant denies that Plaintiff ever petitioned him on the Cist, and can prove that in the only petition presented by Plaintiff to the Collector Mr Prendergast, on the Subject

Fort St. George 15th May 1845.

of the remission which forms part of this Plaint, he Complains of having been called upon to give his share of assistance towards certain repairs to be made in the Village by the Ryots of which it is to be observed he makes a merit in his present Suit, and about Certain payments he made for the Pagoda expenses and the village charges: the whole story however bearing no resemblance to the one told in this plaint.- This Defendant therefore denies also that Plaintiff ever petitioned Mr. Prendergast on the Subject of the alleged extortion of 19 Rupees - This Defendant further denied that any Collection was made from Plaintiff as he states, by sale of his attached property for after the property had been attached in March 1843, (Plaintiff having then only discharged 151 Rupees out of his Cist of 186 1/2 Rupees) he himself liquidated the balance, and his property was released from attachment in June of fusly 1253.

This Defendant therefore trusts the Court upon examination will see fit to nonsuit the Plaintiff with Costs.—

As the 4th Defendant Colloory Soobanah, late ameen of Cocanada Talook, is the Servant of the Collector, this Defendant requests that this answer may be taken for him also.—

remission stated to have been improperly with-held, and Rupees 19. being the amount or Cist overcharged and unduly collected from him. as regards the first the grant of remission is clearly a matter of favor and not of right, and the with-holding of it forms no valid ground of action, as the Court on the motion of the acting Collector has already determined. In respect to the second the acting Collector in his proposed answer denies that any application was ever made to the Collector on the subject: the only complaint presented being of a totally different nature. He further states that into the Plaintiff's property was attached it was not brought to sale, the Plaintiff having escaped that measure by payment of the full public demand against him.

4. This defence appears to the Board to be sufficient and they therefore recommend that the acting Collector may receive authority to put in his answer according to the Draft which he has submitted, and to conduct it at the public charge.

Vetta Bhamiah Plaintiff Petitioner

Read Extra Petition No 93 of 1845 presented on 22nd Instant by Joorlapraudy Soobbiah Pleader on behalf of Vetta Bhamiah Plaintiff in original Suit No 270 of 1842 on the file of late Auxiliary Court at this Station, setting forth that out of the sum of Rupees 693 - 12 - - due to him as per Decree passed in his favor in the above cause a sum of 7 Rupees only had been collected from the sale of the property of the 1st 2nd & 3rd Defendants, - but that the balance was still due to him that this Court addressed a Letter to the Collector of this Zillah, under date 20th July last desiring him to attach and sell the 6 Mocasa Villages of Cheemalapaudy - but that the collector has not up to the present time carried the injunctions of this Court into effect whereby he became unable to recover the amount due to him and that the Defendants have

have been enabled to appropriate for their own use the profits derived from the aforesaid Villages, and therefore he (the Petitioner) prays the Court to address another letter to the collector of this Zillah with a request to attach, sell this aforesaid Villages of the Defendants and to remit to this Court the sale proceeds of the said Villages.

Ordered that a letter be addressed to the Collector in the Zillah of Masulipatam with Extract from these Proceedings requesting him to inform to this Court the reasons which prevented him from complying with the request contained in this Court's Extract dated 27th June forwarded with a letter dated 20th July last.

I have the honor to submit the following report on the Settlement of the Government Estates and Villages noted in the Margin for Fusly 1253 A.D. 1843/44 accompanied by the usual Statements enumerated below.

No 1. Abstract Summabundy Settlement for Fusly 1253.

" 2- Comparative Statement for Fusles 1252 & 1253.

" 3- Statement shewing the items of Increase and Decrease in the Settlement of Fusly 1253 compared with that of Fusly 1252.

" 4- Accounts Current for Fusly 1253.

" 5- Statement shewing the Increase and Decrease in the Settlement of each Village for Fusly 1253 compared with Fusly 1252.

In the Native Language

2- The Settlement of the abovementioned Estates and Villages for Fusly 1253 A.D. 1843/44 exhibits a net decrease below

Fort St. George. 15th May. 1845.

below that of the preceding Fusly of Rupees 487—12—8 as shewn in the following Abstract-

Season — 3- The season of Fusly 1253 A.D. 1843/44 was tolerably good not only for the cultivation of Poonasah the 1st Crop of the year as well as for the Black Paddy crops but also for wet lands situated in the Padama Estate from the early

Fort St. George. 15th May. 1845.

early rains which fell in July and August 1843 which enabled the Ryots to bring under plough a pretty consider-able extent of land- In the following months of September and November parti-cularly the latter, the rain failed, by reason of which the return from wet-lands was scanty being much below the real capa-bility of the land-

4- In Kytapully however the case was the reverse, in as much as rain, and the freshes of the Kistna failed during the early part of the season by which the cultivation of wet lands was obstructed, and that of dry lands tho' nearly on a par with the preceding Fusly, gave an inadequate return in consequence of the Jonna crop having suffered from the rains in December when it was coming maturity. these causes occasioned a falling off in the revenue-

5- Statement No 3 will shew the extent of Cultivation, the quantity of produce in the Dry and wet-lands settled on a division of produce, the value of the Sircar share thereof, as well as the revenue derived from the Money rented and Garden lands and the ready money collections of which the following is a summary-

6. Under the Head of Sist on lands settled on a division of produce will be observed a small increase of Rupees 281—2—8. of which Rupees 241—6—4 was on wet and Rupees 39—12—4 on dry lands. This increase should have been much larger with reference to the extent of cultivation on wet lands had it not been for the failure of rain in November 1843 as noticed in Para 3.—

Vide Statement of Demands Collection & Balance for that Month.

7. In the money rented and Garden lands there was a net increase of Rupees 176—9—1 and Rupees 246—15—3 respectively. This increase was obtained in the items of Tada Chodavu and Gunta cultivated in money rented lands as also in Chayrot-Chollies. Chelgadum and Garlic in Garden lands. It will be observed that there is small decrease in Woodoopoo Chodavu Onions in the latter lands which does not call for special remark.—

8. Under the Head of Ready money Collections it will be seen that there is an increase in some items of Rs 253—9—" and a Decrease of Rs 190—11—9 in others giving a net Increase of Rs 62—10—3 in favor of the fasly under review as shewn in the Margin.

11. The Village being situated in the vicinity of Kristna is dependant on it for the irrigation of its wet-lands. The freshes of the Kristna did not come down in the year under review sufficiently to supply its Tanks, and the rains were scanty so that there was a considerable diminution in the extent of wet-land brought under the Plough. This result operated most injuriously on the revenue from wet as well as dry lands settled on a division of produce, owing to the contracted Cultivation, particularly in the former, the causes of which were explained in Para 3. and tho' the latter was nearly equal the return was inadequate, owing to a heavy fall of rain in December by which the Jonna was damaged—moreover there was a falling off in the price of Grain as compared with that of the previous year.—

12 Under the Head of money rented lands there is an increase of Rupees 99—6—7 in the items of Punjah Mocka Jonna, Pyra Mocka Jonna, and Jaroomoo Dry but a decrease of Rupees 2—4 owing to a portion of these lands being

Fort St. George, 15th May 1846.

being appropriated under the new Tank in the Village, making the net increase amounts to Rupees 58—6—3.

13- In Garden lands there is a decrease of Rupees 28—3—5 in the items of Chillies and Tobacco, owing to the heavy fall of rain in the month of December which was unfavorable for these crops, but there is an increase of Rupees 6—11—3 in Chelagadum its Cultivation being larger than in the preceding fusly—

14- The ready money Collections in the rent on Mangoes, and the Circar share of Grain derived from the Mahasoodams fee at one Star for each heap—The production of the former was by no means great in the year under review—

15- The following Statement exhibits the Collection on account of Fusly 1253 and 1843/44 upto 31st October 1844 to which date the accounts were closed, agreeably to instructions conveyed in the Board's Proceedings dated 8th January 1844—

16. The current Collections from all Estates on account of Fusly $\frac{1253}{1843/44}$ up to 28th March 1845 amounted to Rupees 803—11—8 exhibiting a decrease of Rupees 803—5—5 below those of Fusly $\frac{1252}{1842/43}$ which is owing to the settlement of Kytapully, in the Fusly under report having fallen off. It will be observed that there remains a balance of Rupees 284—6—8 still due which will be realized in course of Fusly $\frac{1254}{1844/45}$

17. With reference to your letter dated 27th February last. I beg to state that the advances made for Cultivation for Fusly $\frac{1253}{1843/44}$ in all the Estates included in the report amounted to Rupees 97, which was recovered in full by the end of November last.

18. It will be seen on its reference

Fort St. George. 15th May. 1845.

reference to Col. 258 of the Abstract Statement No. 1 that the Demand on account of Mariamut nisf amounted to Rupees 285—10—7, of which Rupees 26—5—5 were Collected leaving a balance of Rupees 259—5—2 of this Rupees 130—14—8 are due on account of Moiety of expenses incurred for the construction of a Tank at Poodraveram, but is not recovered in consequence of the land of this Village having been inundated by Sea water by the Gate in 1843 and being unfit for Cultivation, and the remainder is due on Cuppalatoddy and Padavah Mootah, where some of the Ryots have been unable to pay from the scantiness of produce.

19. Referring to Para 15 of my

Fort St. George. 15th May. 1845.

my report dated 13th April 1844 promising to recommend for remission such portion of the arrears outstanding on these Estates as may appear irrecoverable. I beg to state that of the balance of Rupees 374–8–8 due on account of arrears ascertained to be recoverable the sum of Rupees 41–5–7 has since been realized, and the remainder Rupees 332–15–11 must be considered as realized in future, as the falling off in the produce and prices did not admit of their collection during the year

If the

Fort St. George 15th May 1845.

20. The arrear of Rupees 257–6–2 the recovery of which was then considered hopeless is still unrealized, and further enquiries are in progress in reference to Para. 6 of the Board's Proceedings dated 7th November last with the view of ascertaining what portion of the amount if the arrear now due may be found irrecoverable and the result will be duly reported to the Board.

21. Adverting to Para 4 of the Minutes of Consultation of 30th March 1844 in which Government wished to know whether land cattle rated with Pumpkins and Gogoloo referred to in Para 3 of the Board's Proceedings dated 29th January 1844 is taxed in other parts of the District; I beg to state that in no part of this District under my management is this species of crops assessed except in Deyy and sea Islands, where a tax of 2 Rupees per Coontah is levied only in cases when the extent of land usually allowed for each Village for this purpose is found to have been exceeded, such being the case, and as the assessing of this culture has not been general, its imposition now would be considered a hardship by the Ryots without conducing to much addition to the Revenue. I therefore still think that it would be as well that the present System

Fort St. George 15th May 1845.

System should be allowed to continue.

22. The following abstract shews the amount of settlement of the Estates under report for fusly 1253 / A.D. 1843/44 compared with the Peishcush originally assessed on them.

	Grand Total	13822 9 11	6387	5 4	7435	4	7

23. This decrease cannot but be attributed to the unfavorableness of the season and the consequent scantiness of produce added to a depression of prices of Grain compared with former years when the Permanent assessment was fixed.

24. On reference to the account current No 1. it will be observed that the Gross Collections from all the Estates amounted to

to Rupees 9169 — 15 — 3 / from which if the charges to be deducted the net revenue was Rupees 6101 — 10 10. which has been carried to the credit of Government.

25. Referring to the concluding part of Para 17 of my report on the settlement of these Estates dated 13th April 1844. I beg to state that I have succeeded in introducing rents for dagy Lands in these Estates from fusly 1254 / A.D. 1844/45 to 1258 / 1848/49 and for the wet lands for fusly 1254 / 1844/45 only, as noted in the margin. =nah was re-attached in June 1844 as report-
=ed to the Board on the 1st of that month-
as also the Estates of Gollapully Vejayaray
Chatroy, Weyore and Madoor as reported on
the 19th September 1844- The balance of
Rupees 21495—3—6 on Pentapaudoo and
Goondoogolanoo must be realized in this
fusly, and orders have been issued repeat-
=edly to the Zemindar on the subject.—

30. With regard to the balance
of Rupees 31,280—13—8 against the Estates of
Bezvara and Coppa-Nad, the Zemindar and
her surety have been repeatedly called upon
to pay the same, but have failed to do so.—
The accounts forwarded by the Tahsildar of
the Estimated resources shew that the collec-
=tions on these Estates did not exceed Rupees
27,493—11—3. This falling off is attributed to
the failure of produce consequent on the unfavora-
=bleness of the Season.—

31. The affairs of these Estates
having been fully reviewed in my report da-
=ted 16th November last, it is unnecessary to
recapitulate here the causes of the deterio-
=ration in their resources or the measures which
are

Fort St. George 15th May 1845.

are considered advisable for relieving them
from their present incumbrances.—

32. As regards the balance
of Nursoyagoodem the Proprietor has been
repeatedly called upon to pay the same,
but he has failed to do so—unless
therefore the balance be paid within the
end of this fusly the Village will be attach-
=ed for the same as well as for the current
Peishcush.—

33. The Proprietors of Streeramu-
=veram Calagara and Bullepurroo having
failed to pay the balance outstanding
against them respectively the Estates were
attached as reported to the Board on the
10th July last. The current and arrear
on the latter village having been since
paid the attachment has been withdrawn.
The Nundegamah Estate was attached
for the large arrear outstanding
against it as reported to the Board
on the 25th November 1844.

34. Statement B will shew the
collections on account of current and arrears
compared with that of fusly 1252 A.D. 1842/43.

35. It will be observed that there was a
decrease of Rupees 9664—15—1 in the payments on account
of Nundegamah Estate, but an increase of Rupees
25581—11—9 in the remaining ones.

36. The following Abstract exhibits
the arrear outstanding against the Estates in
possession of the Proprietors under their Management.

37 The arrear on Nundegamah Estate amounts to Rupees 1011928—15—8, and that on the others Rupees 195090—5—4, the causes of the non-Collection of which are explained in the Remarks appended to Statement C which accompanies this Report.—

38 With reference to Para 11 of the Board's Proceedings dated 7th November last remarking at the omission of not sending detailed accounts in the Maharatta language, I beg to observe that Maharatta Accounts are not usually kept in this District, but accounts of a single Village have hitherto been forwarded with one of the Reports on the Settlement of the Estates under Management; either Government Estates, Minor Estates, or those attached for arrears of Revenue. These accounts were forwarded with my report on the Settlement on Estates of the last mentioned description for Fusly 1252 A.D. 1842/43 and similar accounts for a Village in the Government Estates accompany this Report.—

Return of Tahsildars of the Collectorate of Madura & Dindy as they stood on the 1st May 1845.—

88	Annajee Rao Maratta Brahmin		57	Madacolum	163175 9 2	120	From 3d July 1838 to 30th April 1845 6 9 29	15	Head Gomastah in the Appointment of Renmad from 5th November 1815 to 31st August 1821. 4 9 26 Head in the Sub-Collector's Cutcherry of Madura from 1st September 1821 to 5th April 1830. 8 7 5	28 5 6	This general character and habits were pretty correctly reported upon on the 1st May 1842 since that he has had increased labor and increased years to contend with. at that time his character was too favored to be liable to Change from Ordinary Causes.— He was subsequently dismissed by Mr Commissioner Bruce on the 14th January 1843 on such insufficient grounds that he was restored by the Board after 9 Months on the 17th October. The Board Commend a precise attention to rules and variety of forms that it is impossible to fulfil particularly in Department of Public works and the Civil Engineer without to bring any thought here such is to be given, or gaining any dislike of such as usual carelessness of level or height in consequent of water in tank &c. This precision acts against the interest of Government for under the present salute nearly so much work is executed as is required under the terror of Tahsildar from the Engineer's recommending responsibility of works lying with them that he cannot dodge off from his engagement assists — since the Commencement of the Resty the labor has been excessive in an examination of all the land marks little short of a revenue Survey by new professional men and can be but to contend with the exceptions of opposition of from inveterate stolidity of Cultivators all of whom must be succeeded by the heir probably inexperienced and unprepared than his predecessor in the intricacies of the Resty forms of Accounts & Settlement.—

Elliot. He is honest and deligent but vexatious in his manner of doing business to the public Servants under him and to me in the vexatious length of his reports. He continues very unpopular but his faults are less striking in every way than in last year. To all the labors of the Madaeolum Talsildar is added in his Talook the very extensive injury done by the inundations of January and under the present system of Muramut scarcely repairable so extensive must be the emergent returns the Civil Engineer ought to be sent to the talook to report how and by what manner the difficulties can be met the servants are not sufficient for preparation of the emergent accounts whilst in progress for the superintendence of the works themselves or for the payment nor have I yet been able to procure those Extra Mustrees without whom they cannot be undertaken. —

From the Collr of Chingleput — Submitting an address from Narraiah Head Sheristadar —

Sir,

I have been requested by Narraiah the Head Sheristadar of this District to submit to the Board the enclosed address. Having already in my report on the Survey of this District stated my opinion of his services it does not appear requisite for me again to dwell on them. The period of his service as a Deputy is undoubtedly has been unusually lengthened

To The President and Members of the
Board of Revenue
Fort St George

The humble address of P. Narraiah
Head Sheristadar in the
Hillok of Chingleput

Sheweth,

Para 1. That your address having on the 16th February last obtained under the sanction of your Board the appointment which he now holds considers it due to himself to bring to your Board's notice the

Fort St. George 15th May 1845

the comparatively small salary which is allowed to him and which is the minimum of 280 Rupees per mensem

2. Your addressor has now completed an uninterrupted service of 23 years latterly filled the situation of Head Sheristadar in this District for more than 20 years During that period your Board are aware that your addressor has rendered the most important service to Government in the different Departments of business, and more particularly the superintendence of the Survey of a large portion of the District, in consideration of which his immediate superior Mr Greer and his predecessor have been pleased to recommend to your Board that the rank and pay of a Head Sheristadar may be conferred on him from the date of his having entered on the duties of the Survey Department 1st January 1838. This has not as yet been sanctioned, the Survey report being still under the consideration of Government but as your addressor has now in due Course obtained

× Enclosure No 1. From the Collr to the Board 6th October 1834.

× Enclosures No 2 and 3 From the Collr to the Board 31st July 1839 & 9th February 1841

obtained the appointment of Head Sheristadar, he trusts he will be justified in claiming the benefit of retrospective rank leaving the payment of arrears for future decision. Calculating therefore from the date abovementioned to that of his late appointment, the period of your addressor's service in the rank of Head Sheristadar is 9 years and one Month, adding to which 3 years and 8 Months, being 1/3rd of his previous service of 11 years as Naib Sheristadar / according to the Rules relating to the allowances of Head Sheristadar / the total period of service as Head Sheristadar comes to 12 years and 9 Months, which entitles him to a Salary of Rupees 337- 8 per Month.

3. Independently of this view of the Case, your addressor would respectfully submit for your Board's consideration that one half of the period of his twenty years service as Naib Sheristadar before his appointment as Head Sheristadar would alone entitle him to the same rate of pay as is abovementioned, provided your Board be pleased to dispense in his case with the necessity

Fort St. George 15th May 1845

necessity of waiting for the first five years after his appointment as Head Sheristadar such an indulgence towards one who has held the situation of a Kist Sheristadar an unusually long period and discharged the arduous and important duties appertaining to the Office of Head Sheristadar out any additional remuneration will not Your addressor, trusts, be considered as misplaced favour, more especially when it is remembered that the Sheristadars of the adjoining Districts of South and North Arcot are now in the receipt of Rupees 75 per Month although their total period of service does not exceed 27 years, and they had not served as Kist Sheristadar for more than four years. These individuals were employed on a much lower rank and pay in December 1824 when your addressor was first appointed a Kist Sheristadar, and it is therefore very humiliating to your addressor who held a higher rank for so long a period without any discredit, to receive a smaller salary at the hands of his Employers.

Your

Fort St. George 15th May 1845

Your addressor begs to refer your Board to the Statement inserted in the margin of the Land Revenue of this District for the last 20 years, from which it will be observed that the actual result of the Survey Settlement the greater portion of which was conducted by him under the orders of the Collector is a large increase above the Revenues of many years preceding the period of the introduction of that Settlement throughout the District.

Fasly	Rupees

1252	9,98,057	
1253	10,85,183	

5. Your addressor further begs leave to point out what he has learnt to be a precedent to his Case. The late Head Sheristadar of Tanjore named Lutchmee Nursiah was allowed before the expiration of five years after his appointment to draw the increased rate of Rupees 437-8 in consideration of his having previously served for a length of time as Tahsildar and Sub Collector's Sheristadar, and discharged the duties of the Survey Department, without any additional allowance. To the

the claims of this individual, those of your addressor are equal if not superior, and he therefore trusts that your Board will con=descend to take them into your favorable consideration, and be pleased to allow him the increased rate of Salary to which his past services entitle him

6. In the event of your Board seeing any objection to a compliance with this prayer which your addressor trusts will not be the case, your addressor begs that your Board will at least permit him to draw in addition to his present Salary the pay of 176 Rupees sanctioned for a Pymash Sheristadar in this District as the duties of that Depart=ment have yet to be carried on, and the temporary allowance can be discontinued so soon as your addressor shall have obtained the increased rate of 525 Rupees after an actual service of 5 years as Head Sheristadar—

For which act of justice your addressor as in duty bound

Extract from a letter from A. Maclean Esqre late Collector of Chingleput to the Board of Revenue dated 31st July 1839, reporting on the completion of the survey Field Assessment throughout the District—

Para 136. It remains to bring to the particular

particular notice of the Board and of Govern-
ment the Zealous and indefatigable labours
of the Meritorious Individual who has been
associated with me during the last 8½ years
in the performance of the duties now brought
to a close. Previous to entering upon the
undertaking I was well aware that the
Naib Sheristadar Peshcauly Narainiah, would
bring to the consideration and practical
introduction of the new mode of Settlement
an energy of character, general intelligence and
accurate knowledge of the principles upon
which a Survey Field Apeasment should be
based, together with a long and perfect
acqueaintance with all parts of the District
and the circumstances of the Inhabitants
which no other Individual professed, and
this conviction induced me to select him
as the Head of the Department. I have in
no respect been disappointed, and al-
=though the judgment of the Board and Govern-
=ment have yet to be passed upon the manner
in which our combined duties have been
performed, this much I may now venture
to say that more undivided attention and
unremitting labour could not have been
bestowed

Fort St George 15th May 1845

bestowed by any human being upon any
subject, than has been given by Narainiah
to the discharge of his difficult duties —
My own debt of gratitude to him is heavy
in the extreme, and it is matter of regret
that it has not been in my power to
promote his advancement, the more so as
he has already filled his present situation
since 1st December 1834, Completing a public
service of 31 years during the whole of which
period he has enjoyed the confidence and
good opinion of all under whom he has served.
Under these circumstances I cannot but
feel most anxious to secure for him from
the Board and Government some public
mark of their approbation and I can
suggest no way of doing so more appropriate
than the conferring on him the retrospective
rank and pay of a Head Sheristadar from
the date of his assuming charge of the Survey
Department Vizg. 1st January 1836.

Extract from Mr Freeses Survey Report dated 5th February 1841—

Para 119. Mr Maclean in his final report Para 136 brought to the notice of your Board the indefatigable and meritorious exertions of Pesupatty Naraniah the Naib Seristadar of this Collectorate, who was placed by him at the Head of the Survey Establishment and suggested the propriety of conferring on him the retrospective rank and pay of a Head Seristadar from the 1st of January 1836— Having now brought the survey operations to a close, I cannot but put on record how fully I concur in the opinions expressed by Mr Maclean in regard to that indefatigable through whose labours patience and unwearying exertions it is but justice to say is mainly due the difficult task of revising in a manner which will may prove satisfactory and without creating discontent to those upon whom it must most heavily bear, a settlement originally fixed on too low a scale and acted upon for so many years. I trust therefore I shall not be considered as stepping beyond my legitimate limits in here expressing a trust that the Government will not only comply with Mr Macleans suggestion but will extend it until his promotion. Naraniah has filled the Office of Deputy Seristadar for a longer period (16 years) than usually falls to the lot of such persons, which perhaps is partly owing to the manifest inconvenience and detriment it would have occasioned to the Public service to have allowed him to seek promotion in other Districts—

They observe however from the last para of your letter that he has forfeited his salary during his suspension the full pay of his office during that time having been drawn by the Tirtanee Sheristadar who was acting in his place. I am instructed to point out to you that this is altogether irregular and opposed to the orders contained in the Board's circular of 9th March 1843. As Streenevasa Row has been fully acquitted of all the charges brought against him he is clearly

Draft of an Answer proposed to be filed in Original Suit No 228 of 1844 instituted in the Subordinate Court of Salem by Streenevasavaroy Iyengar one of the Herapaupumbady Agraharumdars against the late Principal Collector of Salem

The Plaintiff sues for recovery of Rupees 30-2-7 being Principal and Interest alleged to have been paid by him to the Circar on behalf of the 2nd Defendant as [illegible] arrears in the Agraharum of Herapaupumbady in the Salem Talook.—

The 1st Defendant has to state, that in consequence of the Doorgy of the above Agraharum not having been punctually discharged every year by the Agraharumdars according to the Kisthundy the Agraharum was attached but not solely as stated in the Plaint on account of balance due by the 2nd Defendant.—

The Ameen appointed on the part of the Circar for the management of the Agraharum collected from the ryots engaged by the Agraharumdars to

5944- Fort St George 15th May 1845.

to carry on their cultivation every year the amount for which they had entered into agreement with the Agraharumdars and gave credit to the same towards the balance of Doorgy due by the Agraharumdar. When the village was put in their possession all the Agraharumdars were held jointly responsible for any arrears of Doorgy against the Agraharum exclusive of collections from the ryots as above stated. The Plaintiff did not pay any money on account of the balance due by the 2nd Defendant nor was the Agraharum attached for the balance due by the 2nd Defendant neither are there any accounts to that effect or receipts granted to the Plaintiff. All the share holders of the Agraharum being held responsible for the total amount of Doorgy of the Village it is customary that all sums paid by any Individual shareholders to the Circar, be carried to account in part payment of the total amount of Doorgy and receipts are granted accordingly.—

the ground that the Plaintiff should include the 1st Defendant also as responsible for the amount illegally collected from him on account of the balance due by the 2nd Defendant —

While Puttahs were separately and Individually issued - appears ignorant of the nature of Sodgy Agraharums - The Sodgy is a quit rent on the Village whether there be cultivation or not and all the sharers are responsible for the whole Sodgy and not for Individual sharers - Mr MacLeods object in granting Individual Puttahs was merely to prevent any future disputes among the Agraharamdars and to enable them to Knows the extent of land to which each was entitled for the purpose of defining the share held by each Meerasdar similar Puttahs were given in all the Sody Agraharams in the District but no money has hitherto been collected with reference to the Individual Puttahs of each share holder —

It is customary that

Fort St George 15th May 1845.

that when any Individual Agraharumdar fail to pay his balance of Sodgy the others pay it or his account which they can recover from the Defaulter by civil process or Mortgage on his lands — If the Plaintiffs really paid the balance due by the 2nd Defendant he had an undoubted right to prosecute him in the Sudr Ameen Court and it was incumbent on the Court to investigate the matter but in rejecting the Suit and desiring the Plaintiff to institute a fresh one against the 1st & 2nd Defendants the Punsit has shewn his ignorance of Revenue matters and a want of proper information as to the nature of the subject he was called upon to decide —

The 1st Defendant begs to refer the Court to the opinion of the Board of Revenue on a similar case in the Appanamamoodum and Cottambady Agraharams attached on account of the balance of the Sodgy some of the shareholders on that occasion petitioned the Board praying that each of them should be allowed to pay his Individual share according to the

the Puttah granted by Mr. Mac Leod —

On two Urzees 353 and 392 of 1841 received from the Board, reports dated 1st July and 10th September were submitted detailing the Customs in force in regard to Agraharums and forwarding copies of Puttahs granted by Mr. Mac Leod together with certain decrees produced by the Agraharumdars, the Board returned the Urzees with endorsement, declining to comply with Petitioners request. —

In another instance when the Agraharums of Appadamoodrum and Chenavaram were attached for arrears of Jodigy upon a report made to the Board on the 6th September 1842 a reply was received that if the arrears of Jodigy was not paid within a certain time a report should be made to enable the Board to give instructions to take the Agraharums under Amany and as the balance was not paid as reported on 29th November instructions dated 31st January 1843 were received directing the Agraharums to be placed under the Circar management. None of the orders of the Board authorize the Jodigy of the Agrahars to be collected according to the individual Puttah granted by Mr. Mac Leod.

The 1st Defendant therefore trusts that the Court will take the above circumstances into consideration and dismiss the Plaint as groundless, awarding the Plaintiff to pay all costs. —

Decree of the Civil Judge.

The original Suit was brought by the Respondent

Respondent against appellants in these two appeal Suits for the recovery of 8 Cawnies and 9 1/2 Annas of Nunjah land situated in the bed of the tank of the Village of Punnapattoo paying Annually Rupees 108 - - -

The Respondent previously to institut-ing the Original Suit had sued in the late Auxiliary Court the 1st 2d 3d and 8th appellants and other Villagers of Punnapattoo and obtained a decree in Original Suit No. 162 of 1837 which was reversed in appeal in appeal Suit No. 653 of 1838 He then presented a special appeal Petition to the late Centre Provincial Court of appeal, which was rejected by an order dated 20th Sept-ember 1839 on which he petitioned the Court of Sudr Adalut in Miscellaneous Petition No. 225 of 1839. The Sudr Adalut by Extract from their Proceedings under date 4th November 1839 recommended the Provincial Court to reconsider the Plaintiffs application. The Provincial Court in reply sub-mitted Extract from the Proceedings under date the 28th December 1839 in reference to which the Sudr Adalut by Extract from their Proceedings dated 24th February 1840 informed the Plaintiff that it was open to him to bring a fresh Original Suit including the Collector as a Defendant and he brought it accord-ingly in the late Auxiliary Court and obtained a decree from which these two appeals have been made, one by the Coll.r and one by the other Defendants, though the grounds of appeal in

in the two Suits are not the same, they will be best disposed of by a single decree.-

A full and clear Statement of the case having been made in the Decree of the Assistant Judge it is unnecessary to repeat it and the Court proceeds at once to examine the grounds on which these appeals have been made commencing with the Collectors appeal in appeal Suit No. 66.

The Auxiliary Judge decided that the 2d Defendant in the Original Suit had a right to transfer his Durkast lands to a Paracody Ryot, and that the late Principal Collector Mr. Dent had acted illegally in cancelling the transfer, in as much as no law existed warranting his so doing and abundant proof had been adduced that it was by no means uncommon in the District of South arcot for the Coleoody Ryots of a Village to transfer their Durkast Lands to Poraccodies a practice which the Collector had sanctioned by giving Puttahs for such lands to Poraccodies, and also by himself, selling lands by auction to Poraccodies.-

The Collector in his appeal states that the question to be decided is "whether an "Coleoody or resident Inhabitant of a Village "having given a proposal for and obtained possession "for purposes of cultivation of certain waste land

"in

"in a Village and entered into an agreement
"with the Cirear to cultivate the said land is
"at liberty during the very first few weeks of
"its occupation or at any time, to make over
"for cultivation any portion of it by private
"agreement to a Paracoody or non resident with-
"out first obtaining the consent of the other
"Colcoodies or resident Ryots." The Collector
states that as there is no Regulation fixing
the principles and details of the Ryotwar
settlement the rules established by Govern-
ment are to be observed: and quotes a rule
from the Summabundy Book
of the District for Fasly 1240, which accords as
he affirms with the usage of the District
and which enjoins that when a Durkast
or proposal is made by a Paracoody to take
up and cultivate waste lands in a Vil-
lage the Colcoodies shall have the refusal
of them and such lands shall not be
granted to the Paracoody unless the Colcoodies
decline taking them. With reference to this
rule. the Collector argues that if he is
debarred from granting waste lands to a
Paracoody without giving the Colcoodies the
option of taking them, it follows as a necessary
consequence that an Colcoody himself is
debarred

debarred from transferring his Durkast lands
to a Paracoody without giving the refusal of
them to the Colcoodies because if an Col-
-coody could thus transfer his Durkast lands
the rule in the Pookummanah giving prefer-
-ence to Colcoodies over Paracoodies would be
virtually abrogated.-

With reference to the Assistant
Judge's remarks on the fact proved in evidence of
Paracoodies in South Arcot having been allowed
by the Collector to take waste lands and also
Durkast lands transferred to them by the
Durkastdar in spite of the opposition of the Col-
-coodies, the Collector observes that in the instan-
-ces deposed to by the Witness the opposing
Colcoodies had not consented to take up the
waste lands themselves and that the evidence
of Witness No 23 to the fact of certain Dur-
-kast land having been transferred by an Col-
-coody to a Paracoody is not to the point inas
much as the lands in question having been
three years in possession of the Colcoody had
ceased to be Durkast and become Puttah
-ed lands and therefore alienable.-

With regard to the Auxiliary
Judge's observation that the Collector in selling
lands

lands by auction sells them without enquiring whether the purchaser be Colcoody or Paracoody the Collector observes that such sales have invariably been sales of Puttah not Dur= =kast lands.—

The Respondent in his answer denies that Colcoodies in South Street have any pe= =culiar privileges with regard to the acquisition of land and affirms that the Collectors Hookumnama is not law and has been frequently disregarded by himself that an Extract quoted by the Collector from a letter from the Court of Directors shews that the question of the rights of Colcoodies is still undecided and that after a Puttah has been obtained for Durkast= lands the lands may be transferred to a Para= =coody shows that in practice the intrusion of Paracoodies into a Village is not prevent= =ed as a Paracoody is equally an intruder whe= =ther he holds a Puttah or does not.—

Admitting the correctness of the Collectors Statements regarding the circumstances under which the sale and transfer of lands to Paracoodies in the in= =stances referred to by the Assistant Judge took place, the Court is nevertheless of opinion that the Collector has entirely failed in making out his case.

The rule quoted by the Collector from the Immanabundie Hookumnama is probably founded on the ancient usage of the District, but whether it is so or not, it is perfectly un= =exceptionable as it interferes with no ones rights but the Collectors deduction from it appears inadmissible.

The Collector argues that because he cannot make over waste Village lands to a Pa= =racoody without first giving the Colcoodies the refusal of them, therefore an Colcoody Durkast= =dar cannot dispose of his Durkast lands to a Paracoody without the consent of the Colco= =dies. In the opinion of the Court, this does not follow.—

When the Collector has granted to any one waste lands on Durkast, such lands, with reference to the rights of the Colcoodies are no longer circumstanced as they were before the Collector granted them, nor does the Dur= =kastdar stand in the same relation to them that the Collector did. They cease to be classed among the Common waste lands of the Village and become the property of the Durkastdar. The Collector binds the Durkastdar down by a formal agreement to pay the assessment on them, but in this agreement he inserts no stipu= =lation that the Durkastdar shall transfer the lands to none but Colcoodies. so far from it the Collector in his appeal fully admits that if the Durkastdar will only wait till the an= =nual Puttahs are distributed he may trans= =fer them to whom he will the granting of a Puttah entirely annihilating the rights of the Colcoodies

Fort St. George 15th May 1845.

Coleroodies.—

The question then is whether a Puttah has the power which the Collector assumes it has of conveying full proprietary right in land. In the opinion of the Court a puttah merely determines the amount of revenue demandable from the party holding it. If puttahs for land have been granted to a party for a series of years the inference is that the party who has thus held them is the proprietor of the land, but they don't of themselves confer proprietary rights any more than a Collectors withholding them would destroy such right if it existed.

The Court is of opinion that when land has been formally granted to a Durkastdar his proprietary right in it is quite as full as it is after he has taken out a puttah, and that the right which the Collector admits that a Durkastdar has to alienate his Durkast land to a Paracoody after taking out a Puttah, he also possesses before taking it out.—

The Court is therefore clearly of opinion that Mr. Dent acted illegally in cancelling the transfer to the Respondent

of

Fort St. George 15th May 1845.

of the land in dispute.—

The Court now proceeds to dispose of the Appeal Suit No. 56.—

The ground taken up by the appellants in this suit (certain Coleroodies of Punnapattoo) differs from that taken up by the Collector. The Collector fully admits that the 2d Defendant in the Original Suit was an Coleroody and argues against his right of transferring his Durkast land to a Paracoody but these appellants assert that the 2d Defendant was not an Coleroody and therefore so far from his being able to transfer his Durkast lands to a Paracoody he had no right to hold them himself.—

The Respondent in his answer, denies the existence of the Hereditary rights claimed by the appellants and maintains that the 2d Defendant in the Original Suit was an Coleroody.—

The Court observes that when the appellants pleaded as Defendants in Original Suit No. 162 of 1837 they did not then deny that 2d Defendant was an Coleroody and their acts with regard to him and to the land in dispute clearly show that they considered him to be an Coleroody. If he was a Paracoody and

and had no right without their permission to take the land in question on Durkast, why did they not dispute his right. Instead of doing so they merely disputed his right to transfer it to a Poracoody thereby fully admitting his right to hold it himself.

The Decree of the lower Court is affirmed. The appellants in both appeals are adjudged to pay the full costs of suit.

Submitting for the Explanation regarding the rent of the Villages of Callamalay Saghire in the Manargoody Talook and returning the Petitions with 5 Statements

Sir,

In returning the Petitions received with your letter I have the honor to submit the further report required by the Board.-

The Statement herein enclosed, will shew the annual Bariz, Collection and balance of the 28 Villages now rented of the resumed Callamalay Saghere in the Talook of Munnargoody for the last 23 years, or from Fusly 1231 to 1253 both

both inclusive with the amount of the proposed rent noted below it.

†No. 2

3.

In †Statement is shewn the Bariz of each Village for the last 10 years, from fusly 1244 to 1253, together with the proposed rent for three years, affixed to each Village, in red ink, from which it will be clearly seen, that the proposed rent is favorable, especially in the Bariz of the 13 Villages which were under Amanie during the last 3 years.

4.

†No. 201 of 1845

With respect to the allusion made in the †Petition, that Cauvelly Poroshoo is not included in the Bariz account sent to the Board, I beg leave to refer them to the remarks appended

†No. 3.

to the enclosed †Memorandum.

5

†No. 4.

I further beg to enclose another †Statement, shewing the extent of land cultivated and the average produce per Cawny of the 13 Villages which were under Amanie. The large decrease in the quantity of grain during the last 3 years, shewn in the above Statement, is owing to the fraudulent conduct of the Villagers.

6.

Before obtaining proposals I called upon the Sahsildar of Munnargoody to furnish an Aumishum Account, or a

a rough Estimate of the probable quantity of produce from the Warapath land of each Village for the current fusly which he prepared by the Curnums and Surfdars. The crops on more than half of the Warapath land actually cultivated from July to December last being young, and not fit for forming a correct Aumishum, they were roughly estimated. This account was made preliminary to obtaining the Rent. From the character of the Ryots of these Villages, as well as the loss of Revenue sustained by Government during the last 3 years by keeping some of the Villages under Amanie, there is little hope of realizing the quantity of grain according to this rough Estimate, if any of the 28 Villages were kept under Amanie.

The terms of rent for the three years were obtained with reference to the average extent of cultivation, produce, price and Bariz of former years, and not solely with reference to Aumishum, or the said rough Estimated Account of the Current fusly and are favorable and as much as could be obtained.

In the †Petition the alleged

loss in the amount of rent is stated to be Rs. 11,300 per annum and in the other Petition, it is stated to be Rupees 12,105; if this loss be added to the amount of the rent now obtained, it will raise it nearly to Rupees 42 and 43,000, a year. On comparing this sum with the annual †No. 1 Bariz of the last 23 years, it will, I think, appear to the Board utterly impracticable to obtain a further rent to the extent of Rupees 12,000 in excess of that now proposed, and that, the accusation made against my Sheristadar is unworthy of notice.

9

*No. 435 of 1845. offer of 50 Rupees was ever made for the Village of Reelpaudy by the person mentioned in the 10th para of the Petition. The other individual, named Abdul Kader, was a defaulter in the former year's rent and persuaded for 3 succesive days, certain Ryots of Malepathy not to rent the Village for more than 1,600 Rupees other Ryots of the Village proposed to rent it for the sums noted on the margin which proposal was accepted. On the following day the said Abdul Kather offered to rent the Village for Rupees 1,800 only 25 Rupees more but he being a pauper and a defaulter, his offer was declined.

I beg to forward another Statement prepared by that Officer after the other Statements were submitted to the Board, shewing the Peervahputh Bariz as well as that on Varaputh lands &c. in the Current years Amisham account, for the inspection of the Board, but it is improbable that the Ryots would rent the Villages for 3 years solely on this rough Estimate, without reference to the average produce and fluctuation of price.

11. I beg to add, that on enquiry, there is no person of the name of Soobray pillay (the petitioner) to be found in the Village of Naiwausel, and that on a further perusal of the Petitions, the Board will perceive that they have been prepared by some of the Buzoor servants from malicious feelings towards the Head Sheristadar.

12. In conclusion, I beg to observe that the Board having refused to sanction the arrangement proposed by

†Board's Proceedings 24th Octr. 1836. Mr. Ashton of placing these Jaghere Villages on the same footing

*27th Septr. 1842. as the Iyen villages of Munnargoody, and the *suggestion of Mr. Gallett for introducing the survey assessment still pending for their consideration, I consider the present rent to be favorable as it would be very difficult to realize so much revenue under an amanie System.

A. This very high Bareez was solely owing to the unusual high price of grain, at which the Circar share was sold in this fusly.

B. This Bareez was realized from the rich produce and fair price obtained in this fusly the reaping of the Crop having been personally superintended by Mr. Ashton.

The Villages from No. 17 to 28 were under Amaine in the preceding considerable decrease occasioned during the last three years principally Villagers.

the whole of the 28 Villages remained under Amaunie since the commencement of this year. But the Collector being unwilling to keep them under Amaunie any longer fearing that the Villagers would carry on their fraud during the reaping period he was disposed to rent them on fair terms, which having been obtained as anticipated they were accepted. On comparing the proposed terms of those 13 Villages with the Bareez of the past 5 years exhibited in the Statement sent to the Board with his letter of the 25th March 1845, from No. 16 to 28, as well as on these from No. 1 to 15, they appearing favorable, they were accordingly

These lands being subject to be overflowed by the Ponnany Lank, the Crop sustained injury.

obtaining strictly money rents for the

requesting that in cases where Money
rents cannot be procured, you may
be authorized to conclude fixed grain
rents commutable into money at the
average prices of the Fasly.

2. In reply I am instructed
to inform you that under the circum-
=stances stated in your letter adverting to
the difficulty of procuring Money rents
and to the disadvantages of Summary
Management the Board will not object
to your concluding Grain rents in those
instances in which it may prove impracticable
to obtain offers upon other terms. They cannot
however but observe that the Grain amount
at which these rents have been given of
late years has fallen very far short of the
Woolungoo standard of the several Villages.
Thus on referring to Statement No. 12 with
your report of 12th of February last they
find that whereas the Woolungoo produce
of the 99 Villages rented for Fasly 1253 is
6,43,945 Kalkums the quantity at which
the Grain rent was concluded for Fasly
1252 was only 4,49,989 little more than

two

two thirds and in 1253 it was still less viz 4,31,501; it can scarcely be supposed that the actual outturn of these Villages can have fallen so greatly below the Wodiyoo Standard originally fixed upon them.

3. The Board think it desirable to draw your attention to these facts and they do not doubt that you will accept such offers only for the Fasli sents of the ensuing Fasly, as after due enquiry you may feel satisfied with the said conditions and resources of the Villages for which they are tendered.

In reference to the Board's Proceedings of the 28th November, received on the 11th December, requiring opinion whether, with reference to the Custom prevailing in the Cunneundy Zemindary, Comara Varasimmia Appiah Naick is entitled to succeed to the estate as nearest heir of the late Zemindar, and if possession should in such case be made for the widows of the deceased Zemindar, and adverting to the possibility of posthumous issue to the late proprietor. I have the honor to forward Correspondence with the Sub Collector, by which the Board will find I have no hope of giving a satisfactory report in answer except by making my enquiries independent of heirs. —

In reference to this correspondence and to the many others before the Board I hope they will see sufficient difficulty to our carrying on business in concert to induce them to recommend his removal from this Collectorate.

Sir,

I have the honor to acknowledge the receipt of your letter of the 11th December last, on the subject of the heirship to the Cunneevady Estate, and to enclose six Depositions to shew the Custom of the Zemindary and the right of Comara Narsimha Appiah

Fort St George 15th May 1845.

Appiah Naick to succeed to the property of the deceased zemindar. It would appear that no female has ever conducted the duties of zemindar. A family tree accompanies to shew the relationship of the parties.—

2. In stating the right of Comara Narsimha Appiah Naick, to succeed Doraswamy Appiah Naick, I do not mean in any way, to state my conviction of the right of the deceased to the enjoyment of that Estate, my letters of the 27th September and 30th October 1843, with that of the 21st March 1844, on the matters connected with that Estate, tend to shew that whilst there is suspicion of the said Estate having been resigned, the same was not even, made over in strict accordance with the orders of Government dated 21st January 1841, which restricted the same to the end of the Fusly 1252, whilst however the Zemindary is freed by the Agreement of Doraswamy Appiah Naick, dated 2d November, and your Yaddast dated 3d November, with Proclamation of the same date, from any further demand, I would offer it as worthy particular attention whether a demand is not likely to be made against the Government for any money due to the Estate on matters mentioned in my above said letters, and which

5988. Fort St George 15th May 1845.

which claim may possibly be found to amount to about two lacs of Rupees. As I cannot but feel that the hope of establishing this claim, was one of the chief inducements to get back the Estate, on the part of those mentioned in my letter of the 21st March last, I deem it my duty to bring the matter prominently forward, for the consideration of the Board of Revenue. ——

3. With reference to the bill said to have been made in favor of the deceased's 1st wife, I believe the same to be a forgery made by the late Kadar Pharcharah and the said widow. The 2d widow would have no objection to measure her pension by the same scale, but whilst I shall have the honor of addressing you again on this point, I beg to submit copy of a Deposition taken from Comara Narsimha Appiah Naick on the allowance he would be willing to make over to the two wives of the deceased Zemindar if the Estate came to his possession.

4. With respect to the expectation of Posthumous issue to the late zemindar, I beg to state that there is not whatever.

In alluding to the agreement of Dowsawy Appiah Naick of the 2d November and my yaddast of the 3d with proclamation of the same date, I request you will be good enough to give their purport sufficient for the Board to Comprehend the object and justice of your allusions.

And I will request you also to be good enough to enter in the letter a succinct Statement of your fears

1. I have the honor to acknowledge the receipt of your of the 14th Instant, and beg to state that the reference to the orders of Government, dated 21st January 1841 was made on account of its entry in the agreement signed by the Zemindar, but it would have been more intelligible, perhaps, had I given the further explanation which I now beg to offer.—

Para 2.

2. I regret the not possessing the letters of the Secretary to the Board of Revenue, or the Minutes of Consultation, but from the Memoranda I have made, on

Fort St George 15th May 1845-

on the subject (of which little or nothing exists on the records of this Cutchery) it appears that by a communication from the Secretary to the Board of Revenue to Chief Secretary to Government, dated 27th January 1842, the Minutes of Consultation dated the 21st January 1841, sanctioned the restoration of the Estate, on the payment of the arrears due; but a subsequent letter dated 6th November 1841 from your office to the Board, stated the inability of the Zemindar to do so, on account of the Interest accruing on the said arrears- The Board of Revenue in their Proceedings of the 2nd December of the same year, called for a Statement of the amount of demand and of the principle on which it had been calculated, this was furnished, but the Board were pleased to recommend "that a formal surrender of the property to Government should be required, in failure of payment of the arrears with Interest by the close of Fusly 1252 / or before the 12th July 1843-/-

3. This did not seem to have been done, and as no other sanction was mentioned than that contained in the Minutes of Consultation dated 21st January 1841-

(apparently

Fort St George 15th May 1845-

(apparently modified by subsequent information and instructions) and as I felt that no notice whatever had been taken of my communication dated 30th October 1843, though certainly of sufficient importance for consideration, if not submission to higher authority, I had the honor of laying before you what seemed to me a deviation from the spirit of the sanction quoted- If in this supposition I erred, it must be chiefly attributable to my not being favored with Copies of the Communications and reports with the Higher Authorities, in matters connected with their Decision- —

with reference to the probability of a demand being made by the Estate, to the amount of about two lacs of Rupees, I contemplate, no advantage to the Government by publicly making herein a minute exposé of what might, perhaps have been avoided by deliberation on my former communications, but notwithstanding the scanty supply of information on all such subjects allowed to the Sub Collector of this District, I feel no hesitation in Considering there are grounds for expecting success in any prosecution of such claim- The justice of such demand and propriety of complying with it, will however chiefly depend on the final decision of Government, as to the legal

legal posfesion of the Estate.—

Para 3. 5. I would not have alluded to any "will" in my Communication of the 12th Instant, had not the translation thereof, and joint English Petition from the two Widows, to your address, dated the 11th December last, been sent to me by the Public Sappal, for that express purpose, in a small envelope, open at each end, and bearing the following in your own hand writing — Forwarded to the Sub Collector in reference to letter on subject of Allegation to the Cunnavady Zemindary — Poodoocotay 16th December 1824."—

Paras 4 to 6. 6. With reference to the authenticity of the said Will, Comara Narsimmah Appiah Naik, in his Deposition dated 17th January last, pronounces it a forgery, but I am unable to offer any thing further on the subject at present. I merely submitted the agreement in behalf of the Widows, made by the heir of Doraswamy Appiah Naicko.—

7. As no authority has been given to Comara Narsimha Appiah Naik to hold the Estate, or Carry on the duties of Zemindar, I beg to offer it to your consideration, whether pending the decision of Government, the said Estate

1. I am acknowledging the receipt from the Maramut Superintendent, of a Copy of your directions to him dated the 25th Ultimo, conveying orders to the effect that he was not to follow any instructions direct from me, and to acquaint me of your sentiments on the subject. I beg respectfully to state that as I am perfectly aware of my authority in Maramut and other matters being very incomplete, it was perhaps hasty and irregular in me to direct a Government Officer, the Superintendent Maramut Mauistry doing duty in my Division, to inspect with me a Government work in Nellacottah, where so much fraud has been practised, but it certainly would not have been any infringement of official courtesy, to have made known your wishes to me direct instead of through a Takeed to the Mauistry

As

Fort St. George 15th May 1845.

2. As, however, the step taken by me to ascertain the necessity of recommending a work the Maramut superintendent had estimated for and you had indirectly sanctioned, appears to be considered very irregular, I beg to put on record the causes which induced me to visit the spot.—

3. The Civil Engineer in his Diary for the 28th November 1844, respecting the supplying channel of the Pelat Tank, observes that at his suggestion the Ordinary Accounts of 1844, contained an item of Rupees 224-10-5 for constructing a Calingula of discharge across a breach in the said Channel, which was complete on the 12th of July, at a Costs of Rupees 198-3-5.—

4. On the 22nd of September last, 3 yards of the said Calingula, were reported to have been washed away and on the 28th of the same month, the Superintendent Maistry having visited the spot, prepared an Estimate of Rupees 264-8-11 for the repair of the injured portion as well as for the addition of 5 yards to the length, besides widening the Channel, Yea and you were pleased to sanction the same as "emergent".—

On

Fort St. George 15th May 1845

5. On the 8th of october, however, the remaining portion was carried away by another freshe, when the said Superintendent visited the Channel and framed, on the 28th of the same Month, an Estimate amounting to Rupees 249-3- for its entire re-Construction.

6. After the above Estimates had been framed, the Civil Engineer inspected the place, and pronounced the work not only ill-done/-as the event too truly testified/but attributed the destruction also to marked disobedience of his particular directions, for which he justly recommended that the Talook Authorities should be held fully responsible.- The Engineer there proceeded to frame an Estimate similar to his former one for the entire re-Construction of the Calingula, amounting to Rupees 224-10-5, offering it to the consideration of the Principal Collector, whether it was fair to put down the Cost of a work so improperly erected to the charge of Government, and whether it ought not rather to be borne by the Circar-servants who superintended the work or who were otherwise responsible for its honest Construction and safety.-

Now

Fort St. George 15th May 1845

Now it appears that you have been pleased to sanction 3 separate Estimates for the reconstruction of the said Calingula

1st. for 264 Rs 8 as 11 p on the 28th September 1844

2nd. for 249 — 3 — 0 ..... 28th October — Do.

3d. for 224 — 10 — 5 ..... 28th November — Do. & letter of the 18th Feby. 1845

It is stated in the Superintendents Arzy of the 11th Ultimo that some injury had happened to the Ana above the Calingula, by a fresh on the 20th December last, after the Engineer had visited the place, for which Rupees 64 were required — This being made known to you, I was requested in your letter of the 18th Ultimo "immediately to give the necessary authority to the Talook Authorities" But for what purpose authority were to be given I have been unable to conjecture and chiefly for the following reasons.—

In your above-mentioned letter of the 18th Ultimo, is forwarded an Address and Estimate from the Superintendent bringing to notice the very unsafe state of the Calingula and recommending "use of rough stone in chunam in its reconstruction", and again it is stated "that on reference of

Fort St. George 15th May 1845

"of this matter to the Civil Engineer he has again "acquiesced in the use of stone" Vide. by which it would appear that the Civil Engineer was acquainted with the work and recommended the reconstruction of what was only in an unsafe state — But a reference to the Engineers Diaries and the previous Reports of the Superintendent, will shew that the Calingula was not in exciistence for 2 Months before the fresh of the 20th December came down: It is therefore evident that the work for which stone / prepared by an advance to the workmen out of the 2nd sanctioned reconstruction Estimate / was allowed to be substituted for brick and the work in a very unsafe state from the fresh of the 20th December, could not be one and the same — In fact the one for which the Civil Engineer permitted stone to be used instead of brick, is the destroyed brick-Calingula, and the one for which the Superintendent required 64 Rupees, is the injured stone Ana above the Calingula — The former work was annihilated by the destruction of 11 Yards, before the 9th October last — The other was only damaged by the loss of 8 Yards on the 20th December following.—

Although

6000 Fort St. George 15th May 1845

10 Although it is more than probable that the use, by the Superintendent of the Common Tamil word Calinje with reference to the Ana, might be mistaken in your office for the word Calingul, it was nevertheless necessary for me to inspect the spot previous to conveying authority on a point not clearly understood, and respecting which there was evidently a great mistake, the request of the Superintendent being for sanction of his Estimate, not for change of materials.-

11 Whilst I trust the above will be deemed sufficient for direction of the Superintendent, I beg to request your opinion and instructions on the subject of his proposal which is plainly stated in his Estimate and Arzy of the 11th Ultimo, since without a dam in proper order, a Calingula for the channel dependent on it, can be of no possible utility.-

Sir,

In reference to payments made as per pay list for February in Tandicomboo to Zilladars of Vadadundoor and Vada Madura I have the honor to request your reference to my Famil Memorandum of the 24th of February and 10th August, and to report as in detail according to Dates your Distribution of the pay of the latter, the persons acting for them; and how the former acting is paid; and why a final Decision is not come to regarding them, seeing they have now Continued 8 Months under suspension.-

The Principal Collector of

Madura

Sir,

I have the honor to acknowledge the receipt of your letter dated the 7th Instant and

6005- Fort St. George 15th May 1845.

and beg to state that in consequence of Petitions respecting the frauds in the Trikas of Vedasandoor and Vadamadura, attached to the Taloot of Tadikambu, I was induced to suspend the Zillahdars appointed thereto; and on the 16th of July last, directed Karimpak Krishniah to act in the former, and Trichinopoly Honety Naik at the latter place - The pay of the suspended Zillahdars, has been kept in deposit from August last.-

2 The charges of concealment of cultivation, have, in both cases, been established, but some thing still remains to be done in Vêdasendoor-

3 On the 1st Instant, I issued instructions to the Tahsildar of Tadikambee to collect from the ryots of Guddam and Halavarapully certain balances proved to be due by them to the amount of Rupees 609; and the Acting Zillahdar of Vada madura was allowed to draw half the Salary in deposit for the time he had seen the duty.-

4 I have been hitherto so much thwarted, and received so much discouragement in my attempts to bring out the frauds of the District, that I trust you will not withhold

From

Fort St. George 15th May 1845

from me that assistance which as a Public Officer, I am entitled to expect.-

5 As I cannot but feel that like most other Cases of the same Kind, every attempt will be made to prevent my decision in this matter being carried into execution, I am the more careful to allow no just reason for hindrance or reversal; but this Causes a delay, which, tho' at present absolutely necessary, cs under other circumstances could be avoided.-

I beg to enclose a Copy of my order to the Muzumdar of Nellacottah by which it will be seen that in consequence of a dispute respecting the right to the revenue of the village of Veeramankanatoor Puddapatty, a suit had been filed in the Zillah Court at Madura and a decision passed in favor of the former Renter Veerapah Gownden on which he had petitioned me to direct the revenue derived therefrom to be kept in deposit and the examination into the Cultivation by the Zemindar's people to stop, with which reasonable request there appeared no reason to refuse compliance. But the order appears to have been evaded by all the Collections being made over to the Zemindar so that he at least has no reason to complain, although the other party may have.-

Sir,

Para 1.- With reference to my letter of the 19th Instant, I have the honor to lay before you the abstract of the cases against the Village Officers of Devadhanam pettah; and hope, in a few days, to be able to submit further particulars.-

2. In consequence of your wishes that the Natamgars and Curnums should not be placed under suspension till the cases against them were proved, &c I addressed you by a Tamil Yaddasht dated the

Fort St. George 15th May 1845.-

the 29th October 1842 requesting to Know whether the Curnams and others of Cambam were to be suspended, as their case which was still under examination, and your reply of the 2d November following stated that they might be suspended if there were proof against them. On the same principle I Kept under suspension, the Natamgars of Devadhanam pettah, the cases against him having been numerous and fully proved.-

3. Respecting the Manium land being in posession of Vasanta Manegar, and other particulars full mention is made in the accompanying copy of an arzy from the Muzumdar of Tengare. Much exaction had been proved against this man, and other Village Officers, as may be gathered from the following abstract evidence taken before the Tahsildar of Nellacottah.-

4. On the 3d of December 1843, one Caudanoor Veloyda Poolaven presented a Petition to the Sub Collector of Madura, Stating / in the 1st 2d and 3rd paras / that the Natamgars of Devadanam pettah, Vasanta Monegar, and the Curnum of the same place, Soobramaniah Pillay, had

committed

Fort St. George 15th May 1845.-

committed frauds in the Surnadhayem collections, and from the 4th to 10th Para of the same that about the fusly 1249 A.D. 1838/9, in an Anicut dispute connected with the wet lands at a spot called Devadhanapettah Pool Hombay, certain ryots viz Venkaten Setty and 9 others were each fined by the Prin= =cipal Collector, ten Pagodas, and that Ven= =catew Setty alone was able to pay his fine of ten Pagodas, the other 90 Pagodas were bor= =rowed from one Mottoocomara Nadan of Madura, by Sunkerlinga Nadan one of the ten fined, and by him paid to the Circar, that on return of the party to their village, a tax was laid upon the inhabitants both according to their cultivation and as a poll tax, the same being fixed by the Natamgar and Carnam to realize the amount due for the payment of the fine by nine of the persons some paid their money and part of the said debt was remitted to madura, to the lender Mootoocomara Nadan, part of the money being spent by the Natamgar & Carnam, according to their pleasure.-

According to the wish of the Petitioner, this matter was sent to the

Tahsildar

Fort St. Georg 15th May 1845.-

Tahsildar of Vellacottah, for examination who reported on the 5th of July 1844, that he had examined the case and sent 115 documents with 7 Hindoovi accounts, 16 whole Tamil accounts, and damaged ditto 5. total 143 documents.-

That respecting the fraud of the Surnadhayem tax the former Tahsildar had examined the case, but on account of the proof being prevented by the Carnam and Natamgar of Devadhanapettah, they were each fined, on one occasion, 3 Rupees and on another occasion 2 Rupees each, by orders to the Tahsildar, dated respectively the 28th of June 1841 No. 270, and the 14th of March 1842 No. 220, the Petitioner in that matter wishing the investigation to stop.-

That with reference to the fine of 100 Pagodas, of which 90 Pagodas was said to have been laid on the ryots, it was fully proved by the said inhabitants, that on ploughs and land, a tax had been laid, & accordingly some money had been paid of which a portion had been sent to Mootoo= =Roomara Nadan, & some been appropriated by those who collected it. It appeared however, that

Fort St. George 15th May 1845.-

that 100 Rupees remains due to Mosttoo Koomara Nadan. for which the Curnam, Natangar and others had given a Bond and sent it to him, but the money not having been paid accordingly he had sued the Natangar and Carnam, in the Court, and that a Decision had been passed, and Warrant issued to pay the same. That it was proved by the ryots that they and the NotaKar had been called together under pretence of collecting Circar balances, when they were all apprized of the forced levy.-

By the Deposition taKen by the Tahsildar of Vellacottah it appeared that 76 ryots alone paid towards the unjust levy, as land & personal tax, the sum of Rupees 101-2-9 which money had been received from them the 16 persons including the Carnam's relatives and others; of these 6 alone were present, and five of them allowed the receipt and disbursement, on account of the whole inhabitants, in the said matter, of, at least 184-2-. The other one did not rightly remember what he had collected and spent in the matter, which one of the 5, though he could not recollect the exact sum received, had still with him Rupees 23.-

By-

Fort St. George 15th May 1845.-

By certain Cadjan accounts discovered with the Village Officers, it appears that about Rupees 140-3-. had been overcollected by the Village Officers from the inhabitants according to their cultivation, and by certain secret accounts discovered, it was shewn that at least a further sum of Rupees 109-13-7. had been overcollected.-

It is also shewn and acknowledged by the cultivators, that a fraud on the Circar, in the concealment of land Cultivated to the extent of $5\frac{12\frac{3}{4}}{100}$ Guntahs, assessed at Rupees 7-2-4 had been committed by the said Natangar and Carnam of Devadhanapettah.

It is likewise proved that for Fusly 1252, the NotaKar had made extra levies from 38 ryots, in money to the amount of Rupees 5-9-. besides 3 callams and 4 tooms of grain and a fowl. It is further proved that the same NotaKar, for the same Fusly, took from 30 ryots, the extra sum of Rupees 56-15-. but from ten others he took Rupees 46-4 less than was done, that the balance/pretending that one sum should be deducted from the other/ viz. Rupees 10-14-8. was still with him.

The above subjects appear to require a little further examination which

but considered you would far prefer being in posession of all I had to say on the point to receiving mere intimation of your letter being received. my being on circuit and the intimation of certain holidays with the current business have prevented the immediate transmission of the further information I expected to afford.-

2. I wished to be in posession of your opinion respecting the restoration to the Ryots of Devadhanapettah of the money they had been unjustly deprived, and which I do not consider should be resorted even if the Sudder Officers had any wish to compromise the same. Should however you be pleased to consider further examination requisite and the Natangars restored without any remuneration to the ryots for the extra levies I will instantly do so and leave the matter in whatever state you may please to direct.-

3. I cannot but feel regret that a case which has caused you dissatisfaction and myself trouble should ever have been brought before me. Nevertheless considering the matter of some importance but respectfully request your wishes or instructions upon the subject as to whether I am to proceed with the investigation or whether such is considered unnecessary.

Sir,

Under date the 23d April 1844 I directed restoration of Vaeuntha Managaren to his Nattamai of Devadhanapatty- After Calls of the 11th January and 18th February to know why you had tacitly declined obedience, you.

you gave me an unsatisfactory answer on the 20th Idem:- Again pressed on the subject on the 6th and 17th March, you changed the channel of correspondence from Magisterial to Revenue Department, and under date the 25th March you offered an inadmissible excuse, and after detailing various frauds against the man, which you said were proved, but which carry on the face of your letter marks of irregular proceedings, and absence of proof, you concluded with saying it seemed to require a little further examination which you hoped to complete and make known to me in a few days.-

2. Called upon by me on the 11th April for the promised completion of the case, you reply on the 14th with similar inadmissible excuses for the renewed delay. Say you had wished to know my opinion on certain matters, the request for which was never hinted at in your preceding correspondence, and conclude by desiring my instructions whether you were to proceed in your investigation

or if I considered it unnecessary.-

3. On the following day the 15th April I requested you to complete, and submit the case prior to carrying it into execution with the least possible delay.-

4. Finding no hope of your ever terminating this case unless obliged by Superior authority, I have the honor to request that if the case or cases (all of them) be not submitted to me with your decision on the 10th Current, that Vasuntha Manaigaren may be, on that day, restored to his Rattamai.-

	Wages of 4 Coolies for keeping up cleanliness of drains at Rupees 3 — 2 as each per Month for a Year — 150 —		
		417 —	

1. The drainage was first laid down in the Masee Vidhi and, in case not to offend, or interfere with, private claim great irregularity of line and width existed. By exchange and gift of other ground, and by removal of the lofty Palace wall, opportunity now offers to correct these irregularities, every where widening the street, to a lineal extent of 1,00. Yards, and other portions will be hereafter similarly open to Correction.

2. The estimate for parapet walls to the 4 Wells in South Sellharai Vidhi seems high, but as a permanent improvement and one necessary to Safety, being in a wide and open street, Crowded at times of feasts, cannot but recommend it Strongly.

3. The lofty inclosure wall of the great Pagoda forming the east Seltharai Vidhi is disfigured, and the Street contracted by the long enjoyed erection of irregular Masonry houses, tiled Shops, thatched buildings & garden walls: the latter have been cleared away, and the broad street restored to the public: after many Months negociations the present inhabitants of the buildings proposed for removal, consent to the terms offered: the agreement of others must be hereafter procured, when the place will be restored to its original beauty freedom of space and salubrity of Air.

4. The Pagoda already maintains 4 Scavengers carts, and 2 more are imperatively desirable for the Denadaan Streets. The 4 Coolies are a new charge, but their want has been long felt. the various means hitherto taken to make the inhabitants keep clean the portions in front of their houses failing; a better arrangement may be made at some future period, by obtaining the services of convicts, or by a house assessment to provide for lighting the streets as well as the drainage: A similar increase of Establishment for the portion of the town, exclusive of the Denadanom Streets, must be at present met from the fort funds.

15th May 1845.

5. The 10 miles from Madura to the great Allagherry ruined pagoda is of use only to Pilgrims, by whom it is frequented at times, in great numbers. About a couple of miles was put in repair last year from the same funds; the present estimate is for a further portion of the least expense in Masonry works, and by degrees the whole line will be easily put in order, with exception of Expensive Masonry where the Vaithyar crosses it in many channels, and which will not be undertaken till future care and observation shew how it may be most effectually and durably done, at least expense: —

6. The Estimate of Rupees 6419—13—2 for Road No 5, from Meylore to Thiroopattoor, was carefully made by the Civil Engineer, and received with his letter under date 7th December 1844, and this amount is for portions running thro' the Peramalai Devastan lands in Shevagunga. The Thumberan, in whose possession they are, and the Shevagunga Zemindar, who claims a right of superintendence, tho' bitterly quarrelling with one another, have each given their written consent and approbation to this work being executed under my superintendence, from the Deposits in the Government treasury. —

7- Meyloor is 18 Miles north of Madura, on the great military road No. 4, from Trichinopoly to Dindigul and from being a wretched poor Village is becoming a town of importance from the vast improvement of road No. 4. from the almost impassable road No. 5. between it and Shroofattoor, being now of great mercantile and private convenience: and the improvements in which are now carrying on, for the 20 miles towards perfection, from the mutation of a foot path for 16 miles, from it to Shenagunga, to a fine handsome & wide road, at the expence of Village labor and my superintendence, and from the gradual improvement of the 10 or 12 Miles of road to it from Allagherry Coil - The Agraharum in which is the Chuttrum, was the longest and best street in the Village and by my care for years its whole breadth had been cleared, and kept free so that when a fire took place in the last days of January it consumed only the whole of the houses (thatch) on one side the street, without communicating to the other and the width of the street permitted the safety of greatest part of the little property - I have advanced many hundred rupees to enable them to rebuild of terrace and tile and in return I am allowed to mark the line and height of frontage - The chuttrom has been very considerably enlarged and cleared, and a piece of ground has been purchased in the rear for privies, and reception of carts, for the security of which from thieves, the present estimate is submitted: the amount will be defrayed by saving from sums assigned for the distribution of food to travellers, which distribution will be entirely discontinued till the work is complete -

8 The chuttrom is on the same road No. 4. & is the next stage north 11 Miles from Meyloor. The ground was so confined that every cart necessarily blocked up the narrow road - a small piece of waste has been purchased, the present Milk hedge must be cut down and the wall is to be built at the new extremity -

9. Originally this Chuttrum had no accommodation except for Brahmins & Sooras last year I found means to have a Tiled Pial Verandah built on its North side for the lower casts & the present estimate is submitted for a similar Tiled Pial - Verandah along its west face -

Chittampully is the first stage north of Madura on Road No 4, between Trichinopoly and Dindigul. It has long had the worst travellers Bungalow on the road and within the last few years a chattrum has been built by a late Tahsildar, for which a grant of 60 rupees taxed land has been given. The chattrum is strong and well built, but still wants a Cookroom and Pial Verandahs on the outside for low Caste travellers. It is 9 Miles north of Madura and as many South of Meyloor. Its great deficiency is tolerably good water at all times and often an insufficient supply when it is obtained from Thorumboor 1½ or 2 Miles distant. Much private and a little public money has been spent in endeavoring to obtain and preserve a supply of water in vain. It is supposed a spring has been found in a chain of the rock which being enlarged, cleared and dammed up would afford what is required. An estimate has been made after my inspection by the Tasildar and Talook Maistry to amount of Rupees 183—10—0. There are in Deposit a great variety of Surplus water pondal money in very trifling Amounts in different Talooks to Amount of 87. 2—0 in the Treasury in Meyloor Talook Treasury 30—3—0 for Oorany or Pond funds. And there are due in various Villages of Mooroor Gapoory for Oorany or Pond funds 182—11—6; I would strongly recommend appropriation from these different Sources of the full estimate.

N. B. The Superintendents of the respective Institutions have readily given their written assents to all the above propositions.

The Board authorize the estimate charges from No. 1 to 9 inclusive amounting to Rupees 2921. 15. a. for the repairs &c. referred to in the foregoing Statement to be defrayed from the Surplus funds of each Institution respectively. The Principal Collector will be careful to confine himself to the simple disbursement of the sums authorized and will in no way interfere with or control their expenditure.

The Board observe that there is no surplus funds belonging to the Chittoor putty Chuttrum, but that it is proposed to apply the Amount in deposit belonging to certain water Pandals &c. to meet the expense (Amounting to Rupees 183. 10.) for securing a supply of water for the Chuttrum in question. The Board cannot sanction the appropriation of funds belonging to other institutions for the improvement of this Chuttrum which they observe is endowed with land yielding a yearly revenue of 60 Rupees from which if absolutely necessary the required improvement should be made.

Reporting continued impression, after extensive enquiry that the Little Palace appertains to the estate of Ramnad and is not the private property of Muttoo Chello Tayer the late Manager.

To J. Pycroft Esq.
Secretary to the
Board of Revenue
Fort St. George

Sir

Under date the 29th April 1844 a year ago the Board commanded me to make a thorough investigation into the particular circumstances under which Vizia Regoonatha Muttoo chello Tayer late Manager of Ramnad obtained originally and held possession of the building called the "little Palace" and to submit report upon the same, forwarding for my information the Minutes Consultation of the 4th Idem in which the Most Noble the Governor in Council declared he did not consider any impression sufficient to determine on his right a right that had never been questioned during his Management.

Gov. No. 392 of 1844 — 23 Aug. 13 1844

2. On the 18th May they forwarded me in reference to their Proceedings above alluded to, a petition from the late Manager to Government, herewith returned, and on the 10th October they were obliged to remind me the report was still due.

27th May 1844

3. Called upon for the precise grounds of his claim to the "Little Palace" the petitioner averred that about 60 years previously his

Fort St. George 15th May 1845

his mother's maternal uncle Ramasawmy Iyaver, had raised a small building upon an unoccupied piece of ground which he had ever after continued to inhabit with his wife the Ranee Mungalashwara Nachyar till on her succession to the Zemindary on Rakshasa Servanayee Attal, his sister's daughter, and petitioner's mother, in dower, since which time she had ever occupied it with occasional absences to her husband's patrimonial property at Edeyenbadel - and meantime it had been occupied under authority by the Moodeliar of Madras, and by Sangily Sheravagarem of Sheragungah. That the building then fell to him by descent, and had been occasionally repaired by his ancestors and himself, but he had no accounts in proof. That he had enlarged the spot by purchase of ground on the north from his neighbours in Number 1839/40, and in Vikary, A.D. 1832/33, and had increased the building at his private cost, the accounts of which he could not now produce, as they had been left in the building itself, but that he was prepared with oral evidence in both points, and he adds that when Ranee Mistlo of

Veerayee

Fort St. George 15th May 1845

Veerayee Nachyar instituted a suit for the whole Zemindary, this building was not included: and partitionalization of his above averments Petitioner stating in writing on the 21st July 1845 that he has no other means of proving the dower to his mother than by witnesses; that the occasional absences of his family at Edeyenbadel prevented him specifying the number of years the building was occupied by his father's family: - that he cannot specify the time during which it was occupied by the Moodeliar from Madras and the Sheravagaren from Sheragunga; but that the reconstruction of of the building had cost him 7 or 8000 Rupees and that it had been in the occupancy of his family for the last eleven years: - and he declares that the building in question is neither the "Pittle" or the "Southern Palace".

4. The Vakeel on behalf of petitioner's opponents, the presumptive heirs to the Zemindary, maintains that the building was originally raised by the Zemindar Mootoo Ramalinga Saithoopatty, and appropriated for the use of his sister, Mungalashwara Nachyar, who occupied it till her succession to the estate; when she took possession of the Palace or Great Palace, as it is also called. That it was then

occupied

occupied successively by Annavenamiyja Moodeliar of Madras and Singily Sherragaren of Sheragunge. That in the succession of Ramasawmy Saithoputty the occupancy of the "Little Palace" fell to Chittra Nannain Tayer, husband of one of the younger Sisters of the Zemindar, and he continued so to occupy it for a long time after the petitioners assumed the functions of Manager. On his quitting it for another residence, it became the abode of Petitioner's family, who about this time taking advantage of repairs to a portion of the Great Palace, called Seeluny Anja's Little Palace, and reconstructed and enlarged it in an efficient manner from the timber and funds belonging to the Estate. Re objects to petitioner's averments, that no dowry could have been given without a deed of gift:- that many of the Zemindar's relations have been born in the Little Palace, but obtain therefrom no right of possession:- that by the decree of the Provincial Court in Suit No 3 of 1813 the Little Palace was awarded to Sivagamy Nachyar

and

and she continued to occupy it till the decree in her favor was set aside by the Sudr Adalut and he argues that this is a proof Petitioner's mother had no right to the building, or she would then have maintained her right to. He charges the petitioner with forgery of the three deeds of Sale for the additional land purchased asserts that there in truth waste land but that it was the property of the Estate. He asserts that part of the timber used was supplied by the late Coly Moottoo Pillay in payment of grain purchased from the Estate and that it is entered in the Chargers for repair of the Great Palace. And finally that in the Suit brought Vide No 3 of 1813 by Ranee Mootoo Veerayee Nachayar the palace in question must have been included because she sued for recovery of the two palaces and it is notorious there are no others than the "Great" and the "Little" palace.

3. Petitioner filed 3 Cadjans deeds of sale for land dated respectively

11th Settkoray Newdanah / 21st April 1832 and 17th Aany Nundanah / 29th June 1832. and 28th Veraay Vekary / 8th June 1832 one of which was on a 4 Annas Stamp / unnecessary the price being only 31½ Rupees / and the other two on plain Cadjans.

6. Petitioners opponent filed a ground

plan of the Little Palace, distinguishing the new from the old buildings; 68 orders signed by the petitioner as Manager; 24 addressed to him; 42 orders signed by the deceased Peishcar, head revenue servant under the manager, on the produce greenery; - and one united account consisting of 82 Cadjans leaves, being bills or account of expenditure under those orders, and indicating that the new buildings were raised in substitution of the old ones Total 135 documents.

7. Twenty three witnesses were examined for petitioner, two were called by the Collector.

8. Four of Petitioner's witnesses depose to the original Little Palace as having been built by Ramasawmy Iyer and given by him in dower to Sivanayee Attal, mother of the petitioner, whilst the opponents witnesses - as formerly - maintain its erection by Mattoo Rao: making a suit for his sister Ranee Mungalishwara Neachyar, wife of the above Ramasawmy Iyer, who occupied it till her succession to the Zemindary; - and to its ever continuing under the authority of the proprietors Mentors into my evidence of probable belief, that or Zemindar

Fort St. George 15th May 1815

Zemindar should build a house on a spot of ground adjoining his own palace within his fort, for the accommodation of his married Sister and her husband; but it does not seem probable to me that such an expence would be borne by the poor husband of a Zemindar's sister; nor that he should be allowed to occupy a piece of ground adjoining the palace, if the Zemindar did not retain power and right over that building; and it seems to me very improbable that a building belonging only and exclusively to the husband of the Zemindar should be allowed to be called a "Palace." And in respect to the purchase of the three spots of ground, of trifling Value, tho' there is no reason to doubt their purchase, it is not clear that it was purchased by petitioners private property, and it seems clear to me the sellers were only temporary occupants by sufferance, in consequence of the often changing masters of the estate, and had no power of sale whatever, for they can none of them produce any documents to establish their own right nor can they even say how they obtained possession The Petitioner's excuse for not producing the accounts of expenditure on the "Little Palace" is deserving of little credit, whilst the documents filed for the opponents, being

unsupplied

Fort St. George 15th May 1845

supplied by the present Manager Vcg. Orders of the Zemindar Peshkar and others for cutting down trees of the Palace Garden and for disbursement of money and Grain for the building from the assets of the estate and supported by fictitious accounts of expenditure, and proved by the evidence of the Zemindar Peshkar and the other witnesses cited by the Collector, shew a most preponderating evidence against the petitioner; - and little weight is to be given to his objection that these accounts of expenditure are very defective and incomplete; for similar deficiencies and irregularities will be found in very many of the Zemindary accounts since the petitioner assumed so entire a sway over its administration. Petitioner has entirely failed to prove that the building in question is neither the "Little" nor the "Southern" Palace.

9. Almost every witness has given his evidence as an unflinching partisan; but taking into consideration the documentary evidence such as it is, and the probabilities of the case, I find nothing to disturb my impression that the building and grounds in dispute is known as the "Little Palace," that it was built and has been frequently repaired at the expense of the estate; and that it is a component portion of that estate and exclusively at the authority of the proprietor.

Furnished on the 16th Instant with the proceedings in Case No. 109 of 1844 in which the Joint Magistrate, Mr. Elliot, has recorded his conviction, under the same date of exaction against Sham Row, Tyak, recently by me restored police Royasum of Sandikumboi; fining them each 50 Rupees, or in default 15 days confinement in the Jail; Sentence to Jail for the Offence charged to have been committed in June 1838, under Regulation III of 1819. I had no hesitation in reversing it, not only as wanting in proof, but as believing the charge entirely groundless.

2. Under date the 16th Instant Mr. Elliot also forwarded me his proceedings in No. 7 of 1845 under Regulation IX of 1822 in which under date the 20th of the preceding Month of March, he convicted the suspended Tahsildar Sham Row, of Corruptly receiving

receiving 100 Rupees, on the 8th June 1843; and sentenced him to pay a fine of 200 Rupees or suffer imprisonment in the Zillah Suit for 6 Months.

3. The prima facie reading of this decision led me instantly to doubt its justice; perusal of the proceedings entirely confirmed them. The original complaint is laid by the Corruptor, the Zemindar of Devanum, on the 20th July 1843, and is supported on the same day by his Karbar and two menial Servants. The answer of the Defendant was taken on the 10th of the following Month and on the 13th December 1844 suddenly made his appearance the 4th Witness represented at the head of his deposition as of 29 years of age and Inhabitant of Devanum and as a Cultivator in the service of the Zemindar. He volunteers evidence that the Zemindar doubting if his Karbar had really paid the 100 Rupees to the Defendant had sent him to enquire, whereupon the Defendant gets a Brahmin Lad to write a receipt for the money, signs and gives it to the Opponent for his master with injunctions to destroy it when read. The Joint Magistrate writes to the Zemindar to ask if this is true; he says it is and sends the receipt

which

which is recognized by the 4th Witness and the Zemindar being called, also proves the document. The defendant acknowledges the signature but declares the writing a forgery. The receipt bears no date yet the

4. 4th Witness is not once questioned as to the time he received it nor at his final examination of the 15th February last is the corrupting Zemindar questioned as to the time he received it which must in all probability have been prior to the date of his first complaint, if ever received at all nor the reason of his withholding mention of this powerful Document at the time of the Complaint; nor even bringing it to notice at any subsequent period.

5. My own opinion in this case is so strong that I think Mr. Elliot would be open to censure for wilful neglect of duty in not striving to prove a case of conspiracy and forgery against some or all of the party; but that I think from the various cases I have examined and reversed, that his judgement is so warped by a preconception of the guilt of this Individual that he is quite unable to weigh evidence and should not be allowed any longer to exercise the powers of a Judge over him.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 25th Ultimo reporting your having reversed two decisions passed by your Sub Collector and Joint Magistrate - one in a Magisterial and one in a revenue case against Sham Row Tahsildar of Nellacottah and stating that you have felt

Fort St. George 15th May 1845

felt it your duty to prohibit Mr. Elliot from receiving further criminal charges against that individual or against certain other parties whom you have specified submitting also copy of a letter which you have addressed to the Sub Collector on the subject.

2. In reply I am directed to inform you that the Board see no reason to question the propriety of your having reversed the conviction of Sham Row under Regulation IX 1822 or the grounds stated. On the reversal of the conviction under Regulation III 1819 it is not necessary to remark as the case does not fall within their Cognizance.

3 The Board also approve your having called up all cases now pending before the Sub Collector in which Sham Row and the other parties referred to are concerned, and of your having directed the Sub Collector to communicate to you the receipt of any penal revenue charges against the same parties in future the nature of the accusation and the course of procedure which he proposes to adopt. They regret however that they

Fort St. George 15th May 1845

they cannot approve that part of your letter to Mr. Elliot in which you prohibit him from entertaining hereafter any criminal charges against Sham Row and the others and order him to give to all complainants an endorsement stating that he is precluded from receiving such charges. Such prohibition it appears to them is contrary to the provisions of C I S V Regulation II 1827 under which the Sub Collector has full authority to exercise the powers of Magistrate within the limits of the Sub Division, and consequently to receive all criminal charges or information which may be preferred to him & in cases arising within those limits altho in his disposal of those charges when received his proceedings are subject in the fullest degree to the control and supervision of the Magistrate. It is further very objectionable as being humiliating to the feelings of the Sub Collector, tending to weaken his authority within his Sub Division generally - and in a great measure to deprive him of

Fouz: Uda: Circular orders 8th April 1830-

of all due control over the particular parties to whom it applies who are for the most part his own Taloote Officers.

The Board therefore direct that your Orders to the Sub Collector in this respect be modified and that in criminal or in Revenue matters he be left to entertain any charges which may be preferred against Sham Row and the other persons named, reporting only to yourself the institution of such complaint, their nature and the notice which he proposes to take of them and keeping you informed from time to time of the progress of the investigation, so as to enable you to interfere at any stage of the enquiry at which your interposition may seem called for.

The result of this enquiry would appear to have been, as stated

in the letter recorded above, that in consequence of a greater number of trees having been brought to account as yielding pro-duce since Fusly 1250 a slight increase of Rupees 70 has been made in addition to the amount of the rent which these parties were then called upon to pay.

The Petitioners however appear in their present address to demur to this Enhancement of the Sum they originally con=sented to pay and pray to be permitted to continue the rent permanently at the rate settled in the year 1841 viz 1472. The Board see no grounds for entertaining this request and resolve accordingly to record the following endorsement on the above petition

"The Petitioners are informed "that their request to be permitted to con=tinue to hold the Topes in Coilpatam at "the rate settled in Fusly 1250 without liability "to additional demands is inadmissible, being "contrary to the tenor of their original agreement."

I have the honor to acknowledge the receipt of the Extract from the proceedings of the Board of Revenue dated 17th Instant, giving cover to an Extract from the Minutes of Consultation under date the 3d idem, and desiring me to communicate to the Colungode "Numbidi the "prohibition against felling timber in the "tract under dispute until he shall have "established his right to do so by a suit against "Government in the Coimbatore Court contained "in para 3 of that Extract"

After a careful perusal of the

2. Government orders, I feel an uncertainty whether or no it is intended to restrict the Numbidi from the exercise of the other rights besides that of felling timber, which he claims on the disputed tract Viz.t the gathering of Jungle produce, honey, wax, gums &c. and renting the privilege of pasture to the numerous cattle owners who come to this locality from considerable distances. Perhaps the
