To G. D. Drury Esqr.

Chief Secretary to the Government of Fort St. George

Sir,

Para 1. Though I have not been specially directed

directed to make a separate report
on the Cotah Estate yet as
it forms half of the ancient
Zemindary of Ramachundrapooram
and as the only remaining ancient
Property of any importance in
this District regarding which
I have not already addressed
the Government or the Board
of Revenue I take the liberty
submitting the following remarks
on its affairs.

2.- In accordance with the
the Razeenamah entered into in
Fasly 1228 / 1818/19 by Ramachundraraz
Zemindar of the united Estate
of Ramachundrapooram

and his brother Jaganatharaz who sued
the former in the Northern Provincial
court for a half share of the Family
Property, the united Estate of Ramachendra-
pooram was subdivided in Fasly 1248/1838/39
and Cotah made over to Jaganatharaz,
the son of the latter. To relieve the
united Zemindary from the claims of
Jaggy Padmanabaraz which threatened
its destruction, half of the united Estate
was previous to the subdivision mort-
gaged to Members of the Cundimulla
Family, who advanced 90,000 Rupees at
15 per Cent Interest, for the purpose of
satisfying the Balance of Jaggy Padma-
nabaraz's claim. On the subdivision of
the Estate 47,000 Rupees of this last incurred
debt was charged on Cotah, and it was
stipulated as the most effectual method
of securing payment of the advance
that the names of the mortgagees should
be entered in the Government accounts
as joint Proprietors, and that in failure
of payment of Interest at the rate spe-
cified half of the property should be
made over to them

An Ekuty 1248 to the Estate was released in Fusly 1249 on account of Mutharayer from the payment of a Peishcush of Rs. 1157-11 per annum from Fusly 1249 to 1252 inclusive, the Government having granted the Remission for the above period.

24. The Estate of Kinally Krishnah died in Fusly 1250 leaving a Minor, and a Widow, who succeeded to the management of the Estate in that division, according to the Hindoo Law of Succession.

25. The Collector having reported that the Estate of Kinally Krishnah was indebted to the Government at the time of his decease in the sum of Pagodas 86,746. 2. 2. or Rupees 2,70,238-14-4 and that the Widow and Minor were unable to discharge the same, and requesting the Board's instructions how to proceed in the matter.

Ordered, that the Collector do transmit to the Board a statement of the Account of the Estate, specifying the Balances due to the Government at the end of each Fusly, and the Payments made on account thereof, distinguishing the Payments made within the Fusly to which they belong, from those made subsequently, and also the Balances remaining unpaid at the end of each Fusly, and that he do state his reasons for not having attached the Property of the Estate for the Balances due to the Government, and for not having instituted a Suit against the Widow and Minor for the recovery of the Balances, as well as against the Sureties of the late Collector, Ramasawmy Moodelly, who appear to be responsible for the Balances due from the Estate during the Collectorship of the said Ramasawmy Moodelly.

Fort St. George 2d June 1845.

Zemindar has furnished the original accounts of his management, and previous to his doing so those of the Village Curnums had been examined in my Cutchery- The total Collections realized from this Estate for the whole period it was under the Zemindar's management are

As per Curnums' accounts	197,440	-	8

The detailed accounts he has rendered, which have also undergone the scrutiny of my Establishment, give the results shewn in the following Statement.

Fuslies

has undoubtedly exceeded its due limits. For this, the Zemindar accounts by representing that the amount here shewn has not been exclusively applied to his private Expenses, but actually disbursed in other necessary charges, of which omitting Judicial expenses and other items, he names one on account of payments to Mohafsoldars or temporary servants to guard the produce at harvest, which he alleges has cost him on an average more than 500 Rupees a year. The following gives the particulars of this item of expenditure.

Considering

1 Among the items of the Zemindars Charges the first Fuc= =cary and Repairs is unobjection= =ble and moderate.

2nd The meat Servants wages and Sader= =ward ap= =pears to be also.

3rd The third item of Ze= =mindars expenses has

Fusliee Charges. Zemindars private Expenses. Payments to Mohafsoldars. Do to Court Peons. Expenses of Marriages. Repayments to Creditors. Total. Remaining. Amount collected by the Zemindar on account of Peons charges to Subscription. Remarks.

Fort St. George 2d June 1845

Considering the smallness of the Zemindar's family and his wants and obligations, the Expenditure here given must be considered extravagant and exceeding by Rupees 8000 the amount to which it might have been limited.

4th ditto The large item of Rupees 16,932 for interest paid to the holders of the mortgage on the Estate, would appear, under the circumstances attending the Engagements with which the Zemindar was entangled, to have been an unavoidable charge on the Property, and, as the Zemindar has represented, one tending in a small degree to his present embarrassments with the Government.

5th ditto The Durbar Charges entered in the next item consist of Fees and Presents to the public servants alike discreditable to the Giver and Receivers.

6th ditto In the next item debts to the amount of Rupees 604 are shewn to have been discharged. It would seem by the accounts that loans equal to part of that amount contracted during these years were merely repaid. but there is room to doubt the correctness of the receipts

Fort St. George 2d June 1845

receipts on this account which bear the semblance of having been entered in order to colour the item of debts discharged. Admitting, however, their reality, it is seen that the disbursement exceeds the receipts by Rupees 1135 thus shewing that the satisfying the Demand of Government was not a primary consideration with the Zemindar.

7th ditto Collections amounting to Rupees 5511 are entered as made by the Zemindar of Ramachundrapooram previous to the subdivision of the united Estate. The Zemindar's claim to have credit in his accounts for this sum has been frequently rejected by the late Collector on these just grounds, that the Balance of Deshcush for Fusly 1247/1837 on the united Estate amounting to Rupees 23001, was exclusively charged to the Zemindar of the Ramachundrapooram Portion, while any other collection of outstanding Balances against the Ryots was for the sole benefit of the Zemindar of Cotah.

Para 8 Upon the Zemindars own shewing the resources of the Estate have been

been to some degree misappropriated. Though
exctreme exctravagance on his part is
not detected, yet a larger proportion
of the Collections has been applied
to purposes other than the discharge
of the Government Peishcush, than
the circumstances of the Zemindar
warranted - Assuming the Zemindar's
Collections as given in this statement
to be what were actually realized
I am of opinion that Rupees 13,000 more
than the payments made should have
reached the Government Treasury.

9. Jaganatharaz, assumed
possession of his Estate at a most
unpropitious period, the commence-
-ment of the disastrous seasons of
fasly $\frac{1248}{1838/39}$ This year of Famine
was immediately succeeded by a year
memorable for the Devastations of
storm, and inundation of the sea,
from the effects of which the Villages
of Cotah from their proximity to the
coast particularly suffered. Fasly $\frac{1250}{1840/41}$
was

was also unfavorable. During these
years of general Injury the realiz-
-ation of the full Peishcush was
beyond the power of the Zemindar, and
in consideration of his recent
acquisition of the Estate and
adversity of season a Remission
of Rupees 47,000 for these 3 years
to him. For Fasly $\frac{1251}{1841/42}$ there
are no good grounds for recommen-
-ding any Remission.

10. The following exhibits
the result of the Collector's manage-
-ment for Fasly $\frac{1252}{1842/43}$ and it will
be observed that it has entailed an
increase of Rupees 13,662 to the pre-
-viously outstanding arrears.

11. For the present year 1253 / 1843/44 it is not expected that the receipts will be sufficient to pay the expences of management and the Government Peshcush combined, and a further addition to the arrears of about Rupees 15,000 may be calculated on. As the accounts now stand, the entire balance against the Estate up to the end of Fusly 1252 / 1842/43 is Rupees 1,02,594-4. Deducting from that sum the remission which I have recommended for the three unfavorable years Viz.t Rupees 47,000 it would stand at Rupees 55594-4

12. The condition of the Zemindar does not present any probability of his being able to discharge even this reduced amount. The resources of the Estate have been impaired by a succession of unfavorable seasons and part of the lands of some Villages rendered unproductive by the inundation of salt water in Fusly 1249 / 1839/40. But as under improving management

Peishcush or relinquishment of outstanding
arrears that the Government might be
inclined to concede to the owner of this ancient
Zemindary, which would have the effect of
restoring to the Zemindar would under his
present circumstances benefit his creditors
without relieving the Family, and although
in the hopelessness of obtaining any portion
of their dues, these creditors now profess
a willingness to accede to terms most
favorable to the Zemindar, it would be
contrary to reason to suppose that they
would not increase their pretensions in
proportion to any improvement in the
Zemindars affairs.

14 The sale of the Estate
for arrears of Revenue, seems inevitable
for if the Balances were remitted in toto
the Cundimulla Family would immed=
=diately enforce the penalty of the failure
of the engagements with them, and sub=
=dividing the Estate, take their share
to themselves.

from the Zemindar soliciting reduction of Peishcush and remission of Balances or failing these, the Estate may be retained under management and an allowance of 8000 Rupees Per annum, made to him from the proceeds thereof. In the course of years under efficient management, the proceeds of the Estate will doubtless be sufficient to pay the Government balances against it, and to admit of a moderate allowance to the Zemindar but not on the preposterous scale he proposes. But the Government have already objected to arrangements which should extend to a distant period the realization of outstanding balances and I do not therefore venture to support the propositions of the Zemindar further than to recommend that a small allowance of 100 Rupees per Mensem may be now sanctioned for the maintenance of himself and family, the number and extent of which is shewn in Enclosure No. 3, this sum added

No 2.

To Sir Henry Montgomery Bart.

Commissioner in the Northern Circar

The address of Stree Rajah Caucurlapoody Jugannadarauze Bahader Zemendar of Cotah Estate,

Necessitated to communicate some circumstances to you I beg to state them as follows.

The united Estate of Cotah and Ramachendrapooram had long been the Ancient Property of our Family and the Company's Government having adapted the assets of 16 years, fixed the Peishcush of that Estate, on two thirds of them allowing the one third as a Remission for us - we have since preserved our allegiance to Government paying its demand accordg to the Razeenamah entered into by me and Ramachendrarauze, our Uncle, which terminated the litigation between us in the Court, the united Estate was subdivided and Ramachendrapooram being assigned to Ramachendrarauze Cottah was made over to me charged with the Joint Proprietary right of Cuidemullavaroo Jusdies 1248. 1249. 1250, have been

6781 Fort St George 2d June 1845

have been adverse seasons attended with the failure of rain and the destruction of the gard. of Coco and nut by storm - Besides ten of the Villages of my Estate, situated near the Coast have greatly suffered from the inundation of the Salt water rendering the lands unproductive for ever to say nothing of the non realization of produce in that year, From these causes the Collections realized from this Estate, did not even meet the Government demand, and consequently a balance of Peishcush to the amount of Rupees 50,000 accrued in them,

In Fusly 1251. the late Collector addressed to me an Enoyetnamah demanding at the Direction of the Board of Revenue a liquidation of the arrears of the preceding years within four years by instalments along with Current Kists and in failure of this the Estate, was attached and placed under the Collectors Management the results of which have also added to these arrears a fresh balance of Rupees 50,000 for the two Fusdies of 1251. and 1252, making in all Rupees 100,000.

I cannot but complain of

Fort St George 2d June 1845.

of the little relief extended to me by the late Collector notwithstanding the Calamities the Estate was he set with of which he was not unaware he has ascertained the extent of the losses occasioned in the ten Villages of my Estate inundated by Salt water by the accounts required from and submitted by the Darogah of Dratcharam Division. He has also seen the Devastations of the storm and the consequences of the failure of rain still he has not recommended to the Board, a suitable relief, and the restoration of the Estate, to me from c attachment I beg to state that among the Villages referred to Gendamooros originally assessed at 11,000 Rupees and Penoopulla at 32,000 Rupees have been for sevly 1253, rented under Royanee system for Rupees 6,000 and 1700 respectively and there is not the prospect of even this sum being fully collected.

This the continuance of attachment from the denial of due relief by the late Collector has brought on, on the

6783.

Fort St George 2d June 1845

the Estate a succession of embarrassments.

Since you appear to have a regard to Justice you might now determine an adequate Permanent Pitchcum and base it on the two thirds of the recent assets taken from the resources of the Estate of the past 8 years that my family may effectually be relieved. In case this be disallowed I beg that in consideration of my ancient family the Estate may be retained under Circars management until all Government arrears shall have been liquidated and an annual allowance of Rupees 8,000 assigned to me till its restoration as in the case of the Ancient Families of Vutsavoyvaurs and Rawreaurs. Upon my application to Government on this subject I was favored with an Endorsement which I have submitted for your information.

Induced by your humanity I beg that you will pity the suffering of a descendant of this ancient Family in absolute want and loaded with numerous connections and give me either the one or the other of the

the alternatives proposed and hope that in either case I shall conduct myself strictly, and suitably to my obligations.

Though I was very de= sirous of calling myself on you at your first arrival in the District for a personal communication of my affairs I was prevented from doing so by a consider= ation of my personal insecurity as there is now out a Warrant issued against me by the Court for my apprehension at the prosecution of my creditors, and I have therefore addressed myself to you by this.

Sir

I have the honor to acknowledge the receipt of Extract from the Minutes of Consultation of Government in the Revenue Department No 493, under date the 19th Instant

+ herewith returned referring my report a letter from the Secretary to the Board of Revenue relative to the Extra remuneration to be granted to Vencut Row Deputy Sheristadar to the Boards Office during the time he is officiating as Head Sheristadar of Cuddapah.

2 Presuming that the duties which Vencut Row will have to perform whilst officiating as Head Sheristadar of Cuddapah are equal on labour and importance to those which would have devolved upon him, had he been travelling in the Provinces with a Member of the Board it appears to me that the same rate of batta Viz^a 8 7/12 Rupees per Mensem, as would have been granted in the latter case will be a proper and fair remuneration

Para 1. The State of the tracts which

Brings to notice the enormous Balances outstanding on ancient Zemindaries shews the origin thereof and suggests as an immediate relief that — special sanction be granted for adjusting the accounts of each Estate for the last five years — without interest as has been proposed and approved of in the case of the Chegutty Zemindary.

comprize the Ganjam agency. the Condition of the families by whom that tract is held, and the enormous amount of arrears of Revenue thereon, as it stood at the Commencement of the present season, seem to require to be brought to the Cognizance of the Most Noble the Governor in Council.- Political Consideration demand that some decided steps should be taken, and some plain rules applied without distinction to all the ancient Zemindars in this region that require relief, with a view to the retrieval of their affairs and to the restoration of Order and good government therein.-

2. There are twenty Ancient Estates of greater or less magnitude and importance included within the agency, and held under the terms of the permanent Settlement. Of these some

From the above it will be perceived the the Demand upon all these Estates during the year in which I write, was, arrears, Rupees 422,760-10-7. Current Rupees 209,700---- Total Rupees 632,460-10-7 or in rs and numbers three years demand, taking one Estate with another. I believe I am correct in stating that the present condition of affairs in Ganjam has no parallel since the introduction of the permanent settlement forty years ago.

5.

The disorder Commenced in the year 1839 and 1840 a Season of famine. Before there were no Balances, and even in that fusly Mr Bannerman then Collector was so satisfied of the good faith of the Zemindars, and deemed their exertions to meet the demand in that season of adversity so meritorious that he judged it proper to endeavour to enforce the full demand against one only, the Proprietor of Hautghur. With this view he sold that Estate, and purchased it for Government at Rupees 61,000---- The sale was disallowed by the orders of Government of the 2nd January 1841, and the Estate was Ordered to be restored to the Zemindar.

6.

I may add that in my judgment the disapproval of the sale and purchase of Hautghur

was a most just and proper measure. This Zemindar is by far the most respectable Land owner under the agents jurisdiction. He is of quiet unostentatious and unexpensive habits and pursuits, and a firm friend of Government, having given very important assistance to Mr Russell during the Goomsoor insurrection. He has uniformly heretofore supported the entire Police within his Zemindary at his own Cost, and always maintained good Order and subordination. I do not Contend that his default was owing to his inability to pay, for the Estate is a most valuable one, while the Peshcush is Comparatively light. The Zemindar, however, is of weak mind, and has besides the misfortune to be quite blind. Hence he has been plundered and robbed on all sides by people whom he could not Control, and who when more plunder Could not be got, would have seen him Consigned to poverty and ruin without remorse or shame.

Since the year 1839 and 40 no

7.

adequate measures have been taken to enforce punctuality in the public Demand in the Hautghur, or in any other, Estate. Altho' in that year the Government liberally directed that interest should not be charged on arrears in Cases where such indulgence was deemed proper, interest has been charged invariably on all Zemindarees at 12 per Cent per annum

annum ever since. The payments made instead of being carried to the Demand of the Current year, having been partly devoted in many Cases to defraying the charge of Interest on the Demand for past years. altho the Zemindar of Vautghur unable to Control his Paters (anglice stewards or Factors) and robbed wholesale by them, would have gladly had his Possessions superintended by an Officer deputed by the agent, and responsible to him, and even actually petitioned that this should be done, his prayers were disregarded and he is now left overwhelmed in difficulties to the extent of two lacs of Rupees.—

8.

The Estate is a lucrative one, under good Management it will yield a large surplus. It is now under my superintendence, and the results which are most satisfactory will be reported hereafter. The Zemindar does not wish to resume control, and even when the Zemindary is clear of debt, he would, I believe, prefer the management being retained by the Officers of Government, and accounted for by them.—

9.

The History of one Estate is the story of all, except that several of the Zemindaries are less favoured than Vautghur in their assessment and

of Course in these the charge of interest has operated with most severity. The Government demand presses heavily on the resources of many, and leaves their possessors with little in ordinary Seasons to maintain their rank and station, after paying escpences and Peshcush. The Estates most heavily assessed are Daracotta and Moherry, the latter of which from the amount of Peshcush Rupees 60,000 ... per annum, and from the great fall of price in agricultural produce of late years, will hardly do more than pay its Current burdens even under good management. To make it worth retention by its Possessor it would be proper to reduce the Peshcush which seems to have been undue[ly] estimated. The Consideration of this question, however, does not fall within the limit of the present letter. Mr. Russell in his Report of the 21st November 1837 has already brought fully to notice the pressure of the assessment on many of the Zemindaries.

Para 57.

Having briefly shewn the present lamentable State of affairs, the means that would alleviate the existing difficulties remain to be noticed, and I now beg to propose in one word, that the Agent be permitted to adjust in all the Zemindaries above named the accounts of the Proprietors without interest for the last five years, and to cease charging the same for the future at his discretion agreeably with what appears to have been the intention of Government as shewn in their Order of the 2d January 1841, and with what has been the practice in Vizagapatam in ancient Zemindaries.—

10.

Subjoined is a Statement of the Demand, Collection and Balance of Interest charged on these Estates since Fusly 1249 inclusive up to 12th July 1844.

12. The Demand for Interest on these nine Estates it will be observed is Rupees 9,949-13-10 of which Rupees 4,259-10-2 have been carried to account, having been abstracted from the Current Receipts during the last five years, and Rupees 5,690-3-2 are still exhibited as a Balance My proposition then is this, that authority be given for writing back all these sums taken for interest to current Revenue, and Special Sanction granted for adjusting my Revenue accounts accordingly, without interest, as regards these Estates- The whole remission will thus be Rupees 9,949-13-10.-

13. The effect of this measure will be to enable the Zemindars in many instances to resume possession of their ancient Estates, for most of them I have found, when treated firmly yet Considerately, to be very desirous of fulfilling their obligations- Some Zemindaries Such as Kantghur, Daracotta, and Moherry, are so involved that sequestration for some years is inevitable- Indeed it seems desirable that this should be so, and their situation is such as to render the Government Officers management a work of little difficulty- It is however very necessary that this Office, as now placed, should be

be relieved from the great amount of business which the temporary charge of so many Estates devolves upon it, and this will be the practical result of my Suggestion if acceded to- In all Cases indeed the relief will be Sensibly felt, and will lead to the more speedy restoration of order throughout the Zemindary tracts of this agency.-

14. With prudent and strict management there is no reason again to apprehend the accumulation of arrears in amount like the present- The Zemindars are mostly weak men who require to be protected by the agent from the roguery of their Factors, more than from any thing else- They would be punctual in most instances if they could, and the agent has abundance and power to enforce punctuality, if he will only use his authority with discretion in each case, and in due time.-

15. Altho' my tenure of Office in this District is temporary, I have thought it my duty to make this representation at once, in the humble hope that, under existing Circumstances, the measure of relief I propose for the restoration of order in the ancient Zemindaries in Ganjam will meet the approval of Government- The indulgence, I am assured, would be

Fort St. George 2nd. June 1845.

be received with grateful feelings, and be duly appreciated by the Parties for whose benefit it is sought. The proposal involves no consideration of Revenue Management that requires discussion, and it has been already acceded to in the case of the Chegutty Zemindary. Above all to remedy existing and pressing evils decision and promptness is essentially necessary, for every hour's delay only adds to the embarrassments of the executive Officer.

16. With these sentiments and deeply persuaded that no management will succeed in this District without the Cordial support and confidence of Government, on their agent, may I request you will submit this report and favor me with the orders of Government thereupon with the greatest possible dispatch.-

Ganjam District,
Governor's Agent's Office,
Chatterpoor 29th April 1845.

[Signed] P. B. Smollett
Ag. agent to the Governor

Ordered that the foregoing letter be submitted with the following address.-

To

Fort St. George 2nd. June 1845.

(18-19.)

To the Chief Secy. to Government

Submitting letter from the Ag. Agent in Ganjam reporting upon the condition of certain Estates in his District now under attachment for arrears & proposing that authority be granted to adjust the accounts without interest whereby some of the Zemindars will be enabled to resume charge of their properties and stating that the Board recommend the proposal for the favorable consideration of Government.

2nd. June 1845.

To The Chief Secretary to Government.

Sir,

1- I am directed by the Board of Revenue to forward for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Acting Agent in Ganjam reporting upon the condition of certain estates in his District.

2- The estates treated of in this report are nine in number as shown in the margin and have most of them been taken under attachment since November last. The Peishcush upon the whole is Rupees 209700 and the total amount of arrears at the conclusion of Fusly 1253 or 1st. July 1844 was Rupees 4,22,760 - 10 - 7. In this last sum however is included the charge on account of Interest being Rupees 56690 - 3 - 2. which it further seems that Collections in past years to the extent of Rupees 40259 - 10 - 8 having been

been applied in payment of interest on arrears in place of being appropriated to the reduction of the arrears themselves had this latter and more regular course been taken the total amount of arrear without interest due on the close of last Fusly would as shown in the

Arrears principal and Interest 1st July 1844	4,22,760	10	7

	382,500	15	11

Margin have stood at Rupees 325,870- 12- 9- or little more than one and a half years Peishcush.-

3- The embarrassments above referred to commenced it will be seen in the year 1839/40 a season of Famine Mr. Smollett in Para 5-6-7-8-9 has given a sketch of the history of the Hautgher estate, one of the most important of those now under review, and has touched briefly on the circumstances of the other Zemindaries some he states are more heavily assessed than others but on all the curses of their being thus involved are nearly the same the embarrassments originating

originating in adversities of Season but being aggravated by the depreciation in the price of agricultural produce the facile character of the Zemindars and their liability unless duly protected by the Officers of Government to be defrauded and plundered by their Factors.-

4- As a remedy for the existing state of affairs in these Zemindaries the Acting Agent proposes that authority be granted for writing back all the sums already taken for interest (Rupees 40259-10-0-) to Current Revenue and for adjusting the Revenue accounts without interest the whole remission will thus be Rupees 96949-13-10- leaving as shown in Para 2 the account of principal chargeable against the 9 estates to 1st July 1844 at Rupees 3,25,810-12-9- the balance against each is exhibited separately in the annexed Statement.

Of the demand for the Current Fusly which has been included in the State+ ment given in Para 3. of the Acting Agents report, it may be remarked that Rupees 134572- 12- 2 had been Collected to 31st. March last leaving for realization during the remainder of the Fusly Rupees 75.127- 3- 10.

5-

The effect of the measure which he advocates will, Mr. Smallett states be to enable some of the Zemindars to resume charge of their properties and thus relieve the Agent from the great amount of business which the temporary management of so many estates throws upon him. Even in those Zemindaries which must remain under Sircar administration for some years to come such as Bautghur Daracottah and Mohurry the beneficial effects of the proposed indulgence will be sensibly felt and lead to more speedy re-establishment of order and good Government under prudent and direct management, the Acting Agent further states, there is no reason to apprehend that-

that such arrears as the present will again accumulate.-

6. In the Extract Minutes of

In Cons. 28 Jan. 1841. Consultation 2d. January 1841. the Government when reviewing the condition of several of the embarrassed Ganjam Zemindaries including those now under report were pleased to express their readiness to forego the demand of interest upon arrears when the default had not proceeded from wilfull fraud or dishonesty on the part of the proprietor. This liberal indulgence does not appear to have been acted upon

From Govt. 21st. in Cons. 30 May. 1822 Para 2/ As regards the Estates now under notice- A similar indulgence has also been shown in favor of the ancient Zemindaries of Vizagapatam and very recently the same principle has been recognized by Government in the case of the Chegutty property in Ganjam - To carry out the like measure in the instances now brought under consideration would seem to be but in furtherance of the original intention of Government and may be expected.

From the Actg Collr of Rajahmundry
No 21.

Sir

I have the honor to submit for the approval of the Board of Revenue a Statement of the sale by Public auction on the 15th Instant of the Ab Karry Rents for the ensuing Fusly.

2. There were 19 Farms let for the present fusly for the aggregate rent of 51383 Rupees, but the Cadeyam Mootah being now incorporated with the Rajahmundry Division of Zemindary 18 Farms only comprise the whole District at present

Publics	Rents
1255 1845/46	44736
1254 1844/45	51383
Increase	6653

The total sum bid for these amounts to 58036 Rupees which is 6653 Rupees above what the several rents were given for last year

I have the honor to acknow-ledge the receipt of your letter of the 10th ultimo forwarding Petition No. 136 of 1845 from Petchiah Poorchettum Meerasdar of Wontemittah in the Sidhout Talook praying for the restoration of certain Lands by the adjudication of the Civil Court and requesting me to state the circum-stances under which the Court saw grounds for interference on the matter, the Enam being "service" and not cognizable but by the Revenue Authorities under Regu-lation VII of 1831 I have the honor to state that on an enquiry being made as to the nature of the Enam it appears that it was not granted on account of Poorchetum seavice but as Bhutwartee which the Petitioner must have been aware of at the time. Though any claim to the Enam in question comes equally under

under the Provisions of the Regulation above quoted the local Courts have hitherto taken cognizance of such and in the present instance it appears to have been transferred from the Petitioner's Uncle / in whose name it is entered in the Pymash and Enamatee Accounts / at his death to one Munnien Venkatramanah / no relation / by a deed of gift regarding the execution of which Petitioner states he knows nothing being very young at the time—The Enam has subsequently been transferred on the death of Venkatramanah to the present Incumbent Ramuckah in his suit against whom, Petitioner has been unsuccessful—

To C. C. Lovell Esqr.
Acting Collector of North Arcot

Sir, With reference to your Memorandum forwarding a letter from the Secretary to the Board of Revenue under date the 28th Ultimo. requiring information relative to the dismissal of two monigars in the Sub Collectorate during the Month of March. I have the honor to forward the following explanation—

1. One of these individuals

2. named Ramanapa Naik was Monigar of two Villages, eight miles distant from each other, and in two separate Taloks Namely, Sembankem in the Talook of

of Tiruvallur, and Codanly in the Talook of Arcot. It appeared that he was utterly unable to conduct the Revenue and Police affairs of both Villages, and when summoned to attend at my Cutcherry, when held for a period of 15 days near Sembankum in Tiruvallur Talook, where his presence was particularly required during the Settlement of the Jamabundy of that Village he absented himself altogether, although daily ordered to attend, and went over to the other Village in the Talook of Arcot. I therefore considered it expedient to deprive him of his situation of Monigar in one of those Villages - as he appeared incompetent to manage the affairs of both and consequently he was dismissed from this Office in the Village of Sembankum but he still continues to be monigar of Codanly -

3. The other individual named Ramanoojengar Monigar of Shohuttur in the Talook of Wandiwash, was dismissed in consequence of the Thasildar of that Talook having reported him to me, to be utterly unfit to continue in his Office owing to his total

total neglect of his several duties. He had requested leave of absence for the space of 10 days, in the Month of November 1844, and had continued absent from his Village ever since, being a period of more than four months, and at a time when his presence in the Village was absolutely necessary for the adjustment of the Revenue Accounts &c. preparatory to the Jamabundy Settlement - under these circumstances, I considered that this utter dereliction of duty, called for severe punishment, and that he had justly incurred the penalty of dismissal - I therefore directed the Thasildar to select as proper person to be appointed as Monigar of the Village in his stead -

37.

To the Chief Secy. to Government } Submitting a letter from the Collr. of Salem forwarding translation of the plaint in No. 228 of 1844 of the subordinate Court of Salem preferred against himself and others shareholders in an Agrahaarum Village for the recovery of certain sums alleged to have been the balances of Jodigy due by another shareholder but paid by himself for the purpose of procuring the release of his Village which had been attached for arrears and recommending that the Collr. be allowed to put in the draft of answer proposed by him and modified by the Board & that he be authorized to defend the suit at the public expense.

1st. in Cons.n 15th. May 1845.

To the Chief Secretary to
Government.

Sir,

1. I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Collector of Salem forwarding translation of the Plaint in Suit No. 228 of 1844 of the Sub Court of Salem preferred against himself and others and draft of the answer which he proposes to file in the Case.

2. The Plaintiff in this action is a shareholder in an Agrahaarum Village and sues for the recovery of a certain Sum alleged to have been the balance of Jodigy due by another sharer but paid by himself for the purpose of procuring the release of his Village which had been attached for arrears.

The Collector in his proposed answer states that according to the tenure of Agrahaarum Villages, all the sharers are liable for any balance of Jodigy jointly and severally that Plaintiffs village was attached for arrears, and released on those arrears being liquidated

liquidated, and that if Plaintiff did as he asserts pay more than his share, his remedy will be in an action against the party whose duty it was to collect the Jodegy - but who are in no way concerned with the manner in which the sum may be made up as by the several contributors He further shows that on former occasions Agraharums have been gifted and eventually resumed for arrears without reference to those particular shareholders thro whose default the balance may have been due - He also explains that the Pattahs to which the Plaintiff refers in support of his claim were granted in Agraharum Villages by Colonel Macleod in 1805 with a view to settle the disputes of the holders among themselves that they have never been renewed since that time nor ever used for the settlement of the Village or for the collection of the Quit rent.

3 - The answer proposed by the Collector which the Board have in some degree modified seems to be

a sufficient defence The Board therefore beg to recommend that the Collector be allowed to put it in and to defend the suit at the public expence.

Draft of an Answer proposed to be filed in Original Suit No. 228 of 1844 instituted in the Subordinate Court of Salem by Strenevasaradiengar one of the Kerapaupumbady Agraharumdar against the late Principal Collector of Salem -

The Plaintiff sues for recovery of Rupees 30 - 2 - 7 being Principal and Interest alleged to have been paid by him to the Circar (on behalf of the 2nd Defendant) as his share of Revenue arrears in the Agraharum of Kerapaupumbady in the Salem Salook -

The 1st Defendant has to state, that in consequence of the Jodegy of the above Agraharum, not having been punctually discharged every year by the Agraharumdars according to the Kistbundy the Agraharum

Fort St. George 2nd June 1845.

Agraharum was attached but not solely as stated in the Plaint on account of balance due by the 2nd Defendant.

The Ameen appointed on the part of the Circar for the management of the Agraharum collected from the ryots engaged by the Agraharumdars to carry on their cultivation every year the amounts for which they had entered into agreement with the Agraharumdars and gave credit to the same towards the balance of Jodigy due by the Agraharumdar. When the Village was put in their possession all the Agraharumdars were held jointly responsible for any arrears of Jodigy against the Agraharum, exclusive of collections from the ryots as above stated. The Plaintiff did not pay any money on account of the balance due by the 2nd Defendant nor was the Agraharum attached for the balance due by the 2nd Defendant neither are there any accounts to that effect or receipts granted to the Plaintiff All the shareholders of the Agraharum being held responsible for the total amount of Jodigy of the Village it is customary that all sums paid by any Individual as

Fort St. George 2nd June 1845.

shareholder to the Circar, be carried to account in part payment of the total amount of Jodigy and receipts are granted accordingly

The Sudr Ameen Pundit in dismissing the Plaint from his file, on the ground that the Plaintiff should include the 1st Defendant also as responsible for the amount illegally collected from him on account of the balance due by the 2nd Defendant - while Puttahs were separately and Individually issued appears ignorant of the nature of Jody Agraharums - The Jodigy is a Quit rent on the Village for under all circumstances whether there be cultivation or not and all the sharers are responsible for the whole Jodigy and not for their Individual shares - as Mr. Macleod's object in granting Individual Puttahs was merely to prevent any disputes of the Agraharumdars among themselves and to enable them to know the extent of land to which each was at that time entitled for the purpose of defining the share then held by each Meerasidar similar Puttahs were given in all the Jody Agraharums in the District.

Fort St. George 2nd June 1845.

District but these have never been renewed. what-
ever changes may have taken place in the shares
actually held by the several parties since the
time they were first issued, as they must have
been, had they been granted with a view to de-
termine the precise amount of Jodigy for-
which each party should from time to time
become liable, nor has the Jodigy hitherto
been collected with reference to the Individu-
al Puttahs of each shareholder or any
thing like a ryotwar or individual set-
tlement of the Agraharums ever took
place.

It is customary that when any
Individual Agraharumdar fails to pay his
balance of Jodigy the others pay it on his
account which they can recover from the
Defaulters by civil process or Mortgage on
his land. If the Plaintiffs really paid
the balance due by the 2d Defendant he
had an undoubted right to prosecute him
in the Sudr Ameen's Court, and it was
incumbent on the Court to investigate
the matter but in rejecting the suit
and desiring the Plaintiff to institute

Principal Collr's endorsement on Petition No. 392 of 1841.

Fort St. George 2nd June 1845.

a fresh one including the 1st Defendant
the Pundit has shown his ignorance of Reve-
nue matters and a want of proper informa-
tion as to the nature of the subject
he was called upon to decide.

The 1st Defendant begs to refer
the Court to the opinion of the Board of Re-
venue on a similar case in the Appana-
masamoodrum and Cottambady Agra-
harums attached on account of the balance
of Jodigy some of the shareholders on
that occasion petitioned the Board pray-
ing that each of them should be allowed
to pay his Individual share according to
the Puttah granted by Mr. Macleod.

On two Arzees 355 and 392 of
1841 received from the Board reports dated
1st July and 10th September were submitted de-
tailing the Customs in force in regard to
Agraharums and forwarding Copies of
Puttahs granted by Mr. Macleod, together
with certain decrees produced by the Agra-
harumdars the Board returned the ur-
zees, with endorsement, declining to
comply with Petitioner's request.

Note Collr should file this correspondence.

Sd

1843 Fort St. George 2nd June 1845.

In another instance the Agraharams of Appasamoodram, and Abimavun, were attached for arrears of Jodigy in Fusly 1250 and as the balance was not discharged the Board on the 12th. January 1843 recommended to Govern^t. that these Agraharams should be incorporated with the Circar Village to which Government were pleased to accede 31st. of the same month. It will thus be seen that in Villages on Agraharam Tenure falling into arrear the whole Village has been attached and eventually resumed by order of Government without reference to those particular shares thro' whose default the arrears may have accrued which could not have been the case had each shareholder been responsible for his own share only.

The 1st Defendant therefore trusts that the Court will take into consideration the above circumstances which he is prepared to prove by witnesses and documentary evidence and dismiss the Plaint as grave-less awarding the Plaintiff to pay all costs.

From the Coll. of South Arcot — Para. Affording explanation regarding the Pension of one Soobyen with reference to Board's letter of the 24th April 1845.

Sir,

In answer to your letter of the Board, that the specific amount of the annual Pension sanctioned to several individuals in lieu of their Enam Lands resumed was paid from the commencement of Fusly 1232 in consequence of the orders of Government for the resumption of the Enam as well as for the continuance of the Money Pension having been received at the close of Fusly 1251.

2. The Enam receipts of Wodayarpolliam Cavilgar were kept under attachment from Fusly 1245 to 1251 at the rate of Rupees 62-8-6 per Annum, to the four individuals to whom they were awarded the total amount for seven years would be Rupees 437-11-6. but the Enam Land not having been resumed for that period, the actual collection made during those years was only Rupees 313-13-8 which was paid in equal shares at the rate of Rupees 78-7-5 to

to each when the share of Soobyen was, after his demise paid to his Mother on account of his infant son.—

3. According to the general arrangement made for the payment of these Pensions Soobyen was considered to be entitled to Rupees 15-10-½ per annum, or one fourth of the sum of Rupees 62-8-6-, but the amount* due to him up to the date of his death in Fusly 1252 remains unpaid owing to the non-attendance of his Mother at my Cutchery to receive it.—

Para 1.

With reference to the Board's Proceedings of the 20th February last, and the orders of Government which accompanied them, calling upon me to submit a Special Report on the falling off in the Sales of Salt

Reporting upon the falling off in the sales of Salt in this District with reference to Board's Proceedings dated 20th Feby. last

for Home consumption, since the raising of the Monopoly price from 70 to 105 Rupees per Garce. I have the honor to State that I lost no time in calling upon the local Officers to submit their own Sentiments as well as those of the respectable Inhabitants and Salt Merchants.—

2. Most of the Shasildars have reported, after having consulted with the respectable Ryots and the Salt dealers, that the falling off in the Sale of this article for Home consumption is to be chiefly attributed to the greater body of the poorer Ryots using earth Salt, which is procurable in abundance in various parts of this District. The consumption of this description of Salt has increased since the price of Salt has been raised.—

3. My predecessor, on enquiry, found the decrease in the Home Sales to have mainly originated from the above cause, issued a Circular order to watch and detect the Sale of earth Salt wherever carried on to the injury and loss of the Government Revenue, but cautioned the public Servants, at the same time, not to annoy the poorer

Class

Fort St. George 2nd June 1845.

Clafs of the community who, from their condition of life, were utterly unable to purchase the Government Salt with the profits of the dealers added to the Monopoly price of 105 Rupees per Garce, and although it has been frequently brought to notice that the poorer clafs of inhabitants use earth Salt in their food, yet no case of traffic in this description of Salt has been detected, or supposed to have been carried on to any extent.—

4. The quantity of Salt sold for Home consumption entered in the Statement* No 8 was taken from the Accounts of the Salt Pans. There may be a small quantity consumed out of that sold for inland consumption, in this and in the adjoining districts; but I have no means of ascertaining the quantity.— There can be no doubt that the Sale for Home Consumption is not proportionate to the extent of the population in the district, from the following calculation.—

5. There are seven lacs of people in this Soobah, and Salt being one of the necessaries of life required by every clafs of people, the lowest quantity of Salt each

*Vide Extra Revenue Report for Fasly 1253 dated 6th December 1844.—

Fort St. George 2nd June 1845.

each person requires is supposed to be not less than one Polum weight per diem or about 28 Pounds per annum.— at this rate, 7 lacs of people would consume about 1968 Garces in a year. The average annual sale from Fasly 1230 to 1237 while it was sold at 70 Rupees a Garce, was 1084 Garce, and from 1238 to 1252 at 105 Rupees a Garce, the Sale was only 453 Garce.— From this result, it is plain, that the diminution in the quantity sold during the latter period, is mainly attributable to the increased price at which the consumer must pay for that necessary article.—

6. It must also be borne in mind, that the consumers do not procure the Government Salt at the monopoly price.— The price increases in proportion to the number of Venders it

Fort St. George 2nd June 1845.

it must pass thro', which varies according to the distance it is purchased at. Viz. the place of manufacture on the Sea Coast. The lowest addition of profit including the transport charge is one Rupee a Garce for every mile on the Monopoly price; considering the risk to which this article is subjected, this addition to the price does not appear very excessive.—

From the enquiry personally made by me during last year, and that now reported by the local Officers, I am of opinion that the increase on the monopoly price has not only diminished the Sale, but has compelled the poorer inhabitants to use the unwholesome substitute of earth Salt. The reasons contained in

† 25th March 1820 Orders of Government against the increased price are borne out.—

(46.)

From the Collr of Trichinopoly. Praying with reference to former correspondence that rather than be compelled to reinstate David Pillay in office he may be allowed to make that person an allowance from his own purse, and pointing out his reasons for believing that David Pillay must have been privy to the fact that a person, whom as Head of the Police he set at large without enquiry, having the mark of an iron ring round his leg was a run-away convict.—

Sir,
Para 1— I have the honor to acknowledge the receipt of your letter of the 5th Instant communicating the orders of the Board in the matter of David Pillay whom I am directed to relieve from suspension and replace in his former Office or in any other of not lower degree or emolument.—

2. I request that the Board will not attribute it to want of respect for them that I do not yield a ready obedience to their orders for I am so convenced of David Pillay's guilt that were it not that I am under pecuniary engagements which forbid such a measure my poverty should be no bar to my at once soliciting the permission of Government to resign my appointment, rather than submit to the degradation and embarrassment in the performance of my duty, which I shall have to suffer if I am eventually compelled to hold communication with him again as a Tahsildar. and as an appeal I believe is open to me to higher authority I trust that the Board will do me the kindness to forward the correspondence which has been taken—

Fort St. George 2d June 1845.

taken place on this subject together with the address for the orders of the Most Noble the Gover in Council, I of course being responsible to David Pillay for the amount of salary which will be due to him under the orders which may be finally passed.

3.

My request to the Most Noble the Governor in Council is that if he shall consider that David Pillay ought to be restored to the service, I may be permitted to place some other person in his Office, and pay him from my own purse the amount which he would have received as salary, or that I may appoint him to some situation of inferior grade, paying him, if it shall be so ordered, myself the difference so long as I retain my present Office

4.

In thus persisting in resisting the restoration of David Pillay, I presume not to put myself in opposition to the decision as to his innocence which the Court of Foujdary have arrived at. I never thought that he could be proved guilty before a Court of Law, for it amounts almost to an impossibility to prove that of which I hold him guilty, without supposing circumstances which it was never pretended

Fort St. George 2d June 1845.

pretented occurred. but I must maintain that the evidence given before me was calculated to give rise to the strongest suspicion of his guilt, in a legal point of view, while it left no room to doubt it in a moral one. and I have reason to suppose that there was a very material difference in the evidence given before the Court and before me. and one witness. a very important one. was, as is notorious and has been acknowledged to me by parties who could not fail to know the real circumstances of the case, corruptly kept out of the way during the trial before the Court.

5.

I will take the liberty of briefly recapitulating the reasons which have impressed upon my mind so deep a conviction of David Pillays unworthiness. That person in the early part of his service obtained considerable credit for his activity as an ameen of Police at Sin: gypetty, in a part of Tanjore which is inhabited by the peculiar class of people called Kullers, who are thieves by profession, and in consequence of his reputation I presume, was, many years ago, appointed to the situation of Tahsildar in this District. In the course of duty he necessarily became acquainted with men of very dubious character whom

whom he was obliged to employ to bring him information - One of these men having occasion to proceed to Karoor, according to his own account, to pay a visit to his relations, on his way accidentally stumbles against a drunken man, who abusing him he seizes him and accompanied by a posse comitatus of the Village, takes him before the Head of Police who happens to be his old singapatty acquaintance of thief catching notoriety, David Pillay - No regular examination is held & the Head of Police failing to observe what is obvious to every one else, that the drunken man had the mark of an iron ring round his leg, and disregarding the warning of the Moozoomdar, the native Officer next in rank to him in his Cutcherry, that it would be better to make some enquiry into the case releases him without even making a record of the case -

6.

Now had this been all, the Police Ameen would in my estimation have been guilty of gross dereliction of duty, for he was bound under any circumstances to make enquiries about the man so being a stranger - but brought to him as

as he was by a man whom he must have known to be an informer, his negligence appears to me to be doubly inexcusable - more particularly after the observation of the Moozoomdar -

But this is not all - a few months after this occurrence a desperate robbery is committed in a neighbouring District, and so well known is this stranger whom David Pillay released, that he is at once fixed on as one of the perpetrators of it - a warrant is issued and I, by means, not of the Talook police, but of the peons I have about me, managed to get sufficient information to cause his apprehension - I find that he has been lurking about David Pillay's talook for months, has accumulated a considerable sum of money by his depredations and is a terror to all the Country around - he confesses, and it is otherwise proved, that he is a runaway Convict - and is convicted of having been engaged in the robberry above alluded to and sentenced to transportation for life -

7.

To me the coincidences above described yield an irresistible inference - Viz: that the Informer did not by mere chance stumble across the Drunken

V. B. He had rupees 300 on his person when before me and his women were covered with ornaments -

6858

Fort St. George 2d. June 1845.

Drunken man in the immediate neighbourh
of his old acquaintance the former asumee
of Police of Singyputty and present Head
Police of Vittoocutty - and that it was not th
accident of the latter's place of residence hap
pening to lie on the direct road to Caroor
which led to the former finding himself s
fortunately near his friend when he need
his assistance to protect him from the abu
of a drunken man - but that knowing he
would secure to himself a very handsome re
if he could catch the notorious robber and ru
away he went to Vittoocutty for the very purp
of seizing him, and that he was enabled by th
bold measure of taking him to a Police Offi
to exact a larger sum from him than he wo
otherwise have succeeded in doing, or than the
reward would have yielded him, and that
his former acquaintance with David
Pillay enabled him successfully to carry
thro' his designs - It is certainly, moreover,
very remarkable that two men of such
experience should have omitted to note
the mark of the iron ring -

Q.

But supposing that these
surmises

859.

Fort St. George 2d. June 1845.

surmises be not correct - and that David Pillay
has not been wittingly unfaithful, what excuse
can be found for his negligence in setting at
large without enquiry a Stranger brought before
him under such circumstances as I have described,
with the brand of the jail on him? I will not escape
tiate on his supineness in permitting a person
of this sort to live at ease almost under his very
eyes for - if it be allowed that he was duped into
letting him loose and that he is blameless for doing
so, it was not of course necessary that he should
have bestirred himself to the more active exer-
cise of duty implied in pursuing the robber
from the free exercise of his calling - But I
cannot imagine the possibility of sufficient
excuse being made - And here I must take the
liberty of observing with reference to the Board's
remark that it is evident from my own letters
that David Pillay is by no means wanting
in the activity and intelligence required in
a Police Officer" that any allusion I made
to his exercise of these qualities referred to
former times or that if I alluded to later
times I adverted to his abuse of them - and
that at all events I most distinctly called
in question his honesty - the absence of which

which is hardly compensated for by the possession of the others. I never thought David Pillay trustworthy either as a Tahsildar or a Police Officer and I altogether deny his being an active one or at least that he applies the quality of activity to any useful purpose.

10. In conclusion I beg most respectfully to state that if I be compelled to reinstate David Pillay in the Office of Tahsildar I cannot be responsible for the proper Police Management of the Talook of which he may have charge. It is well known to Government what difficulty I have to contend against in this District which abounds with men who are thieves by profession in which the Men Cavil system has only recently been abolished and the Men Cavilgars still insist on their right to exact "Black Mail" and in which the Heads of Village Police are mere nominal Police Officers receiving no remuneration from the state. If under these circumstances I am required to employ in situations of trust and responsibility such men as I believe David Pillay to be, I must fairly confess that I shall be called

called upon to perform a duty which I shall not be able to perform with justice to the people committed to my care or with satisfaction to the Government who honor me with the charge, or to myself. I crave therefore that the alternative proposed in a former part of this letter may be allowed me in the event of David Pillay's dismissal being disapproved of, viz. that I may be permitted to maintain him at my own expense so long as I retain my present appointment.

Trichinopoly on his application for permission to dismiss

dismiss one of his Tahsildars.

2. It will be necessary to explain that the individual referred to, David Pillay is Tahsildar of the Vittecutty Talook, was, under orders from the Fouj:daree Udalut, committed to take his trial before the Criminal Court for misconduct in the discharge of his Police duties. He was acquitted by the Court but the Magistrate kept him as before under suspension and applied to the Court of Fouj:daree Udalut for their permission to dismiss him from his situation, on the grounds of his proceedings in the matter which had led to his committal. The Judges of Fouj:daree Udalut declined to accede to Mr. Onslow's request both because he had not, in their opinion, shewn Sufficient Cause of the proposed dismissal and because such a measure would be inconsistent with the issue of the late trial. Mr. Onslow× next applied to the Board enclosing copy of his correspondence with the Fouj:daree and repeated to this Office the request for leave to dismiss the Tahsildar, which he had recently made to the Court. In×reply, the Board explained to him, that as the Fouj:daree Udalut, under whose Cognizance the offence on which the Tahsildar had lately been arraigned would more properly

properly fall, had seen no reason on review of all the proceedings to sanction the dismissal of that Officer. The Board were also precluded from authorizing it on the particular grounds stated. They admitted indeed, that as had previously been remarked by the Fouj:daree Court, incompetence or want of the necessary qualifications would be sufficient cause for the dismissal of a Public Servant without any specific act of delinquency. In the instance before them however such disqualification did not exist. David Pillay having been admitted by the Magistrate himself to be an active and intelligent Police Officer, while if he were suspected of corruption, malversation of authority, reasonable grounds should be adduced to shew that such suspicions were well founded before they could be accepted as valid reasons for his removal from the public service.

3. Against this decision Mr. Onslow is anxious to appeal and has therefore solicited that the whole correspondence may be laid before Government with a request, that, should Government concur in the view taken by the Board, he may, in place of being obliged to reinstate David Pillay in his former appointment, be allowed either to remove him from employment altogether, or to place him in some inferior Office paying him his former salary or the difference from his own purse

From the Coll.r of Trichinopoly - Submitting the report on the Moturpha ...ca called for in the Board's letter of the 10th of April 1845

Sir,

Para 1. I proceed to submit the report called for in your letter of the 10th ultimo on the subject of the Moturpha case together with Statements prepared according to the forms which accompa-=nied it. -

2. - It was explained to the Board by my Predecessor Mr. Blair in his letter of the 6th April 1833 that in conse-=quence of a correspondence between the former Collector Mr. Travers and the Board a large proportion of the Moturpha Re-=venue was suspended in the year 1815, pending the orders of the Board as to ... which of the items of which it was composed should be included and which excluded from the Government demand. It seems that no final orders were ever obtained from the Board and ever since the period just mentioned the demand has been almost entirely confined to the Tax on looms,

Fort St. George 2d. June 1845.

looms all the other items of Moturpha yielding a revenue of about 364 Rupees only, and the demand being restricted to a few villages which when Mr. Travers made the arrangement alluded to, happened to be under a manie, the rest of the District being rented, and the Moturpha items being excluded from the objects on which the rents were fixed apparently upon an understanding of the orders of Government dated 3d. December 1841, that this was to be the arrangement adopted in fixing the rents.-

3 The total demand on account of Moturpha in the Trichinopoly District was, as will be seen from the accompanying Statement No. 1, A.D. 1843-44 in Fusly 1253 Rupees 5997 of which no less than Rupees 5500, belongs to the loom tax - of the remaining sum of Rupees 497 - Rupees 133 belong to the Taxes on Hill and Jungle produce which under the orders of the Board* have now been carried to the Head of Extra land Revenue - leaving only the

* Dated 31st October 1844

small sum of Rupees 364 as the Moturpha tax exclusively of the Looms. The partial distribution of this latter amount and the objectionable nature of some of the items seem to render its abolition a measure of propriety, indeed it should be considered advisable with reference to the mistake under which the general abolition of the tax took place - for I conceive it to have been a mistake to reimpose it thro' out the District.-

4. The Loom tax yielded a Revenue as above stated of Rupees 5,500 in Fusly 1253 - The following are the rules which regulate the collections.-

A loom which yields cloth of the

Value per Annum of Rupees - 3 - 8 - 0 as. 0.
is taxed at Rupees ..... 0 - 14 - 0

From Rupees 3 - 8 - 0 to Rupees
17 - 8 - 0 ..... 1 - 12 - 0

Exceeding Rupees 17 - 8 - 0 ..... 2 - 10 - 0

5.- The number of looms taxed according to these rules was in A.D. 1843-44 Fusly 1253 - 5,418 and the revenue obtained from them amounted to Rupees 5213

4 - There are some other looms which are

taxed

Fort St. George 2d June 1844.

taxed at various rates which seem to have been arbitrarily determined. In July A.D. 1843/44 1253 the looms thus taxed were in number 285. the revenue they yielded was Rupees 287-3-1.

6. As my predecessor informed the Board in his letter above quoted there are 2123 looms which pay no tax at all of these 784 belong to the Fort of Trichinopoly and its environs and the exemption in their favor seems to have arisen from the former existence of a house tax which was long since abolished. The exemption of these looms I consider to have arisen from some oversight and I am not aware of any reason why they should not be taxed in common with the other looms of the District.

In the Fort 784
Another place 1339
2123

7. The proportion borne by the Moturpha tax to the Land Revenue of the District is 7½ annas. the settlement of the Land Revenue for July A.D. 1843/44 1253 being Rupees 12,78091-12-5 and of the Moturpha Rupees 5,997-11-2, There is no distinct charge for its collection and the trifling proportion it bears

Fort St. George 2d June 1845.

to the land revenue hardly admits of an apportionment being made.

8. It seems proper that I should not conclude this report without adverting to the fact that in the Talooks of Arrealore and Podiarpol claim the people are called upon to pay a tax for the support of the Cavil-gars most of the items of which would properly come under the head of Moturpha were not the proceeds appropriated to the purpose specified.

9. The accompanying Statement + No 5 exhibits the particular items to which I allude and it will be observed that the demand on that account amounts in the two Talooks in question to Rupees 2,408-0-0 Statements in Marattah language are also herewith forwarded.

Forwarding Statement of claim of Ls in comparison with former leases as reported by the renter

In renewed answer to your letter of the 25th November requiring brief report on Petition No. 1340 of 1844 from Chokalingum Pillay and to your call in reply to my letter of the 2nd December, on the 2nd January, for more detailed opinion on his claim to compensation for loss sustained &c. from the early termination of his contract in Cs. Fusly 1253 for the Tobacco farm of Modacolum, and for both the Tobacco and Betel farm of Shevagunga to a whole amount of Rupees 13540-1-1. Viz. Rupees 11,240-1-1. for actual loss by the contract up to the period of its termination and for Rupees 2300-0-0. the loss of profits he calculates, he should have made had the contracts continued to the end of the Fusly; and some additional sum for interest on money borrowed; and advising me of the Board's view that the closing of the rents within the Fusly without his concurrence do give him a certain claim which they direct me to arrange by an equitable offer to him, without at the same time, subjecting the Government to any unreasonable charge. I have the honor to state that the great difficulty to giving effect to their equitable and liberal wishes lies in what I cannot help deeming the duplicity and falsehood of the renters accounts and claims.

J

renter and opinion that the palpable bad faith of claimant should bar compliance with the prayer of his Petition.

Fort St. George 2nd June 1845.

Fort St. George 2nd June 1845

2.

I have drawn up various Comparative Statements and have at last selected the accompanying one, which shews on the renters own accounts, for a five years average, a loss has been annually sustained on these three forms to amount of Rupees 5,267, exclusive of Sibbendy and Saderwared, whilst Petitioner makes his loss for last Fusly Rupees 10,868. similarly exclusive of Sibbendy and Saderwared.

The average loss by renters accounts from 11th July to 27th April, has been annually 4801 Rupees; whereas Petitioner Claims a loss in the same period of Rupees 8,568.

The rent was given by Mr. Acting Collector Morehead, during the period of my suspension, and the clause that ought to have been inserted providing for the resumption of the rent was omitted; and would probably have been so, had I been the administrating Officer, for I find it had been omitted also in the preceding year, tho not in Fusly 1251. But under all circumstances I think the indubitable bad faith of the Petitioner should bar his

his claim to any thing he cannot substantiate before the Civil Courts; but having thus given my own opinion I shall be happy to give effect to more liberal views, or to afford Statements after any new form the Board may think proper to require.

56.

Sir,

From the Collr of Tinnevelly

Reporting on Petition No. 1712 of 1844

Para 1. I have the honor to return Petition No. 1712 of 1844 with the following explanation

2 The Choultry was originally erected by one Goozery Soobbiah, in "Sevacauny" Village, Sauttoor Talook, for the accommodation of Travellers on the high Road from Travancore to Madura and other stations; to support the charity the Nabob granted the Village of Tadungasy Managacharry, assessing it under Baljeolaga Tenure. The surplus after deducting the Circar Baljeolaga Teerwah comes to Rupees 910; some Syan land was also purchased and granted by the Original founder, the above Soobiah, had no direct descendant his brotheranlaw named Audeliyaram Sosy succeeded to the Management, his Village being 60 miles from the Choultry, the affairs of it were conducted by one Bungaruh his agent - a despute having arisen after the death of the above Audeliyaram Sosy whose grandson is Veeraraiswara Sosy and his Nephew Ramanatha Sosy these

these 2 persons sued in the Provincial court, c—
complaining that as the Choultry was rest-
-ed by their ancestors "it should be put
"in their possession, and not kept as it
"has lately been by the agent, as if it was
"his own" and a Decree was passed in
their favor. The above Bungaruh appeal-
-ed in the court of Sudr Udalut, which
Court confirmed the above Decree.

The sessions Judge of
Tinnevelly agreeably to the instructions of
the higher court sent a letter requesting
me to put the Chuttrum Ut-
Village in possession of above Vencataswara
Sasy and Ramanatha Sasy. I hereunth- c—
enclose the Copy of the letter with my reply
thereto, for your Boards information.

The above choultry was
found greatly injured and out of repair
in 1838 and the charity was entirely mis-
-appropriated. the Merapsidars of the —
Village complained that the charity was
wholly discontinued, and that the Produce
of the land was usurped by the Managers
of the Choultry. The Tahsildar on an
investigati-

investigation, found this to be the case, and
informed Mr. Thompson then Collector c—
Mr. Thompson sent an order to the Tahsildar
directing him to Collect the Produce of the
Village, as the charity was discontinued
and misappropriated, and to remit to the
Huzzoor treasury the above sum is in
deposit. The total amount of the Chuttrum
since 1838 up to the present time is Rupees
266 in both the Huzzoor and Talooks —
Treasuries.

5 Agreeably to a Court precept. Mr.
Ogilvie then Collector put the Ch- Utensils
and Village in possession of the above 2 persons
and also gave an order to the Tahsildar
in 1841. directing him to "reserve the Enno-
"lument of the Village until the Managers
"repaired the Chuttrum and continued the
"Charity." subsequently with the concurrence
of the Managers, Sir H. Montgomery directed
them to pay to Circar one half of the Enno-
lument of the Village for repairing the
Chuttrum, and to carry on the charity with
other half this was however not done eventu-
ally it came to my knowledge that the Ma-
nagers have appropriated to themselves the
income

income of the charity for the expenses of the
Court suits, instead of for the choultry: while
they gave a false monthly account to circar
as if the charity had been correctly continued.
On sending for the whole accounts, which
were in the house of the burmoon of the
Chultrum, and comparing them with the
account received Monthly, great fraud
was discovered, and that the sum misap-
propriated from Fusly 1250 to Fusly 1252
was Rupees 880-0-0.

6 On sending for Vendata-
swara Josy 1st Re-
spondent, he agreed
that the choultry erected originally by
his ancestors should be repaired, their name
be exhibited, and the chultrum, Utensils,
and Village, be taken charge of by Govern-
ment and the charity conducted properly,
according to its original founder's intention.
Orders were sent to the Tahsildar accordingly.

7 Vencataswara Josy the chief
petitioner and Manager of the choultry agreed
fully to the arrangement proposed, namely of
putting it under circar charge, carrying out fully
and fairly the Original and charitable intentions
of the founder, exhibiting the founders name
conspicuously

conspicuously on the entrance, the Josy having an
agent or accountant of his own to keep a check on
the expenditure for his own satisfaction - the pay of
this accountant and a Monthly travelling allowance
of Rupees 20 for the Josy himself / to meet the exp-
pence of his coming as frequently as he liked to
inspect and overlook the Choultry / to be paid from
the Choultry funds - the above arrangement appeared
to meet all fair claim the petitioner could advance
on the Choultry, and ensured the application of the
charity according to the real will and intent
of the founder, instead of its being, as it long
had been, converted and misappropriated to the
private use of 2 individuals - The Nephew has
since endeavoured to dissuade the elder
Manager from terms, which will in future be a
bar to either of them deriving the personal
emolument they have hitherto done from the
Choultry endowments - Making use of and usurp-
ing to their own private purposes a charity in-
tended for public benefit - their only possible
claim upon it, is that of honorary Managers, as
distant descendants of the founder - and this
they have strictly forfeited by their abuse of the
charity, as if it were their own private property.

8 I have gone at some length into
this

this choultry because it has been long under a
dereliction, and Mismanagement: because
strenuous efforts are now being made to get the
charity again into their own hands, and because
there are various other public charities in the
District equally abused which have heretofore
escaped notice, but of which the history would
be much the same, and the only remedy a
similar one. Copy of Vencataswara Sosyi's former
agreement to the terms proposed, is enclosed.

Sir,

A Precept having been issued
by this Court to put the Respondents in Suit
appeal No 19 of 1841 in possession of the sevacase
chultrum and its appurtenances according to the
Decree passed by the Sudr Udalut in the above
cause, the Nazer has made return that Tavaroya
Pillay the 2d Defendant in the Suit gave attachee
that the above chultrum and its Villages &c have
been sequestered by you, and that in consequence
he is unable to enforce the precept in question.

I therefore have the honor to request you will be
good enough to cause the above chultrum and
its Villages &c specified in the accompanying
Memorandum to be put in possession of the Respond

Tinnevelly

Sir,

Para 1. In reply to your letters of the
16th December last and 4th Instant I have the honor
to afford the following information. Previous to the
issue of the precept alluded to in the letter, the chul
trum and its appurtenances were made over to the
possession of the Defendant, according to a Decree
passed in the Original Suit in the Provincial Court.

2. The late Collector, Mr. Thompson
in 1838 having on full enquiry ascertained that
the charity was not duly performed, and that the
chultrum was going to ruins, directed the "Maniams"
allowed by the Circar, to be sequestered, the dues
to be collected by the Government Servants, and
the charity, as usual in all such cases, to be
kept under public Management and Controul.
The Zuft did not take place at the requisition

of the Court, but under the authority vested in the Collector by the Board of Revenue and Government, whose duty it is to see that all such public Chuttrums and charities are duly and fairly administered for the public benefit and not (as in the present instance) abused and misappropriated to the private and peculiar use of the distant descendants of the Founder. their right or claim over such an Institution can only be to administer the public charity intended by the founder for the public at large. when these funds cease to be so applied, and are appropriated to private purposes, the Government and its Officers properly interfere to ensure the due performance of a public charity, and secure it from abuse. such was done in the present case. and is now Maintained, as in numerous similar instances in Madura and other adjoining Districts.

by. Mr. Thompson in 1838

3 Of the Manniums sequestered by Government half of the amount was Deposited for the repairs of the Chuttrum (greatly needed) and the other half ordered to be applied for the due performance of the intended charity, but even of that amount the claimants appropriated a portion to their own use.

Moreover

4 Moreover on the 20th July 1844 the 1st Defendant Venkataswara Sayer uncle of the 2d Defendant presented a petition to me at my Office requesting that the chuttrum, the things belonging to it, and the Manieums allowed by the Circar, may all be sequestered; a part of the chuttrum be removed to another place, and the charity performed under Circar Management, and also gave a list of things to be taken under charge of the Government. On the receipt of this Petition, the list therein enclosed was sent to the Tahsildar, with instructions to take charge of the building and property, and see to the due performance of the charity.

5 The Petitioner appears now from selfish views or interested and bad advice, to have repented his former proposal, and wishes again to appropriate to his own benefit, the chuttrum, and its allowances. but under the fact of his former Petition, the ruinous and palpably neglected state of the building; and the long continued abuse and misappropriation of the charity to private uses, fully ascertained by the late Collector's

enquiry,

Fort St. George 2nd June 1845.

enquiry and of which there is amply proof on Record / the charity cannot, with any hope of its usefulness or integrity be again entrusted to the Petitioner but according to the spirit and intention of Regulation VII of 1817 will remain under public Management under the authority of the Board of Revenue and Government.

With a view however to give the Petitioner, as a reputed descendant of the original Founder, every practicable consideration and control, an arrangement was made to allow him from the funds of the Chuttrum a travelling allowance to enable him to visit it constantly - an Accountant or agent of his own nomination to act jointly with the public Officers; his name to be inscribed on the chuttrum and the whole to be under his surveillance - the due appropriation of the funds in charity only, according to the original intention, being provided for by Government. An arrangement which if Venkatasawara Sasy has honestly and simply the Founder's charitable intention

in view, includes all that he could wish, and more than could be reasonably expected after the previous and long continued misappropriation.-

I may also mention as bearing on the point at issue, that a most respectable land holder, now building a large and commodious choultry at an espence of more than 8,000 Rupees. similar to and with a like charitable object to Sevacassy, has specially requested that the choultry with its endowments and charity, should be (even in his own life time) taken under public management, as the only certain means of securing after his own death the permanent and full administration of his charitable intention and preventing abuse of it by private individuals to their own benefit. and for this purpose retaining his own name only as the Durmakurta or Founder. he makes over as a public trust all the buildings, land

land and deeds connected with the Covil putty Choultry; thus showing that he appre= =ciates the necessity and recognizes the pro= =visions of Regulation VII of 1817.

The Board approve of the measur taken by the Collector to prevent further abuse of the endowments of the Choultry re[ferred to. The] engagement entered into by the Petitioner Venca swara Iosy gives him every advantage to whic he has a reasonable claim, and the Board direct that if he decline to abide by it, the allowance granted to him under it be immediately discontinu and no further consideration be shown him.

Ordered that the following endorsemen be passed upon Petition No. 1212 of 1844.

"The Board approve of the step taken by the Collector respecting the Petitioners an see no reason to interfere in their behalf."

In the certificate forwarded yesterday on account of Mr. Crozier, no mention is made of the reasons which induced you to send that Gentleman off previous to the receipt of leave from Government.— you will probably have shewn the necessity of his immediate departure, to the Medical Board, but it is not impossible that exception will be taken by the Revenue Board (to whom I have forwarded the Certificate) at

Sir,

With reference to the Certificate on Mr. Crozier's account, which was forwarded to you for transmission to the Revenue Board, I am not aware that any omission has been made in its contents, no medical reasons having existed in Mr. Crozier's case for an immediate departure, and the only reason for sending him off previous to the receipt of leave, was, the opportunity of proceeding to Sea by a Vessel then in the roads, and such being the tenor of the Certificate, it was deemed sufficient reason for recommending him to proceed at once, and not lose an opportunity of leaving the Coast which might be the last one of the season.-

From the ----- }

The Secretary to the Clothing Board informs me that he has sent a quantity of Yellow cloth in place of Scarlet and blue, which I had indented for to make belts for my Dalayets and Peons.-

I am in some hopes that the Secreta-
=ry may have mistaken the orders of Government to which he refers (those of the 18th April last) and that my Dalayets at least may be permitted to retain the decent colors (scarlet bound with dark blue) which they have had in wear for

according to the Secretary's view there is to be no binding a deficiency which will tend to the rapid wearing out of the belts.

for very many years, in place of substituting so very unbecoming a color as yellow. My hope is grounded on the term made use of by the Secretary i. e. "all Peons Belts for public offices." with the dash as I have written it. Perhaps the Board will enlighten me on this point. But be that as it may I would respectfully point out, that it seems questionable whether disadvantages will not be found to result from having the belts every department of Peons of the same colo. In this District there has been hitherto a distinction between the Court Peons, the Collect Peons, the Sea Custom Peons & the Tapal Peons, distinction which I think it obvious is of consid =able service.

Sir/

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 27th. March last, together with a copy of the order of Government and of the letter therein referred to, and to submit herewith Copy of the correspondence Vide noted in the margin from which it will be seen that in consequence of the Military Board deeming it objectionable to allow building of any discription to be erected on the North Esplanade of Black Town I pointed out to the Agent of the P. and O. S. N. Company the spot alluded to by the Chief Engineer, and requested him in the event of its being found suitable for the purpose, to inform me of the description and size of the proposed Coal Depot to be constructed there. He now states, in reply, that having received an unfavorable answer from the Superintendent of the Peninsular and Oriental Company's affairs in Calcutta, he has written to the Directors of that company, and that so soon as he receives their instructions on the subject he would make the necessary communication to me, adding that he regrets he cannot as he wished avail himself at once of the indulgence which the Government have so readily granted.

Sir,

I have the honor, under the orders of the Military Board, with reference to your letter dated 1st Instant, to forward you Copy of a report of the Chief Engineer on the application from the Agent of the Oriental Steam Navigation Company for a piece of ground on the North Esplanade of Black Town, in which they entirely concur, and with the view to addressing Government on the subject,

they

they request that you will favor them, on the
part of the Board of Revenue, with your
sentiments thereon and inform them whether
the ground alluded to by Lieutenant Colonel
Sim within the Town, on which he suggests
the required sheds should be erected, is
Government property, or is procurable for the
purpose it is proposed to be appropriated
and the Board thankfully avail themselves of
your offer to communicated with Captain Biden
as to the extent of ground required for the sheds.

Report of the Chief Engineer on an applica-
from the Agent of the Oriental Steam Na-
vigation Company for a piece of Ground on the
North Esplanade of Black Town at such
rent as Government may fix, for the purpo
of erecting a shed and enclosing a space of
Ground as a Depot for Coal for the use of the
Steam Vessels of that Company.

Referred for Report 25th March 1845.

The Chief Engineer is of
opinion that it is objectionable to allow
Buildings

Buildings of any description to be erected on
the Esplanades of Black Town. They have been
cleared at a great expense, and it is desirable
to preserve them free from encroachments
and obstructions of all kind both on Military
Principles and for the healthiness of the Town
and comfort of its inhabitants. If the prin-
-ciple of refusing such applications is once
departed from, it becomes difficult to dispose
of cases of similar urgency, which are likely
enough to occur.

But the Chief Engineer
is of opinion that there is no objection to permitting
the Oriental Steam Navigation Company to
erect a suitable shed within the Town, contiguous
to the Inner rampart and between Boatman's
Gate and the adjoining Bastion to the North.
There is sufficient space there for a long and
tolerably wide shed without encroaching
on road, and it is far enough from the houses
of the Town to prevent any great risk to them
from fire. The position is also convenient
for the landing and Shipment of Coals.

The Steam Company
should pay a moderate rent
for

for the ground that they may occupy.

Submitting copy of correspondence with Messrs. Franck & Co. and requesting orders as to whether the articles therein alluded to, which were received on two parcels by Bangalore Post from Bangalore should be passed duty free for the reasons stated by them-

Sir

I have the honor to transmit herewith for submission to the Board of Revenue — copy of a correspondence with Messrs. Franck & Co. relative to two parcels containing Miscellaneous Articles from Bangalore which were sent to me, a few days ago by the Post Master General.

2 Since the receipt of the Orders communicated to me in the Board's Proceedings dated 29th July last, all Goods which arrived from Foreign Settlements were charged with the Frontier duty. The Owners of some of them objected, at first, to make payment on grounds similar to those urged by Messrs. Franck & Co., but on their attention being called to the Rules laid down in Act No. VI of 1844, Section VIII of which provides that "such Goods shall not be allowed to pass across the Frontier line out of or into the Territory of the East India Company, until the owner or person

in

Fort St. George 2d June 1845

in charge thereof shall produce and deliver a Certificate shewing that the Customs duty leviable thereupon has been paid in "full," they immediately afterwards, came to a Settlement of account with this Office.

3. The firm of Messrs. Franck & Co. is a respectable one, but if the articles they allude to are to be passed duty free on their representation that they were sent from Madras to Bangalore and have now been returned, or if the alleged fact is sufficient to entitle them to exemption, many others will, under the like circumstances, consider themselves authorized to claim the same indulgence.

4 I therefore solicit the Board's instructions as to the course proper to be pursued in the case of Messrs. Franck & Co.'s present application, so that I may thereby be enabled to ascertain, at once, whether the production of a "Certificate shewing that the Customs duty" "has been paid in full," which is required by the Act, should be invariably called for or not.

To
Messrs. Franck & Co.

Gentlemen,

With reference to the application made to me this day by Mr. Franck of your Firm, I beg to call your attention to the provisions of Section VIII Act No. VI of 1844, as it is thereby shewn that I am not authorized to pass the Woollen Cloths alluded to by him duty free excepting on your producing "a Certificate shewing that the Customs duty leviable thereupon "the produce or manufacture of the United Kingdom or any British possession," is at 4 per Cent; and on those "of any other place or Country" at 8 per Cent as per Schedule A appended to the Act. As Mr. Franck refused to make any payment on account of such duty, I request that you will be good enough to furnish me with full explanation of the grounds of his objection to enable me to submit the same for the consideration and orders of the Board of Revenue

Collector of Madras

Sir

We have to acknowledge receipt of

of your letter of 19th Instant. When our Senior saw you yesterday, and explained the circumstances connected with the two parcels, returned to us from Bengalore you not only expressed yourself satisfied with what he advanced, but promised that the parcel should be returned to us, during the afternoon of yesterday. As however your letter under reply, asks for explanation of the grounds of our objection to pay the duty you wish to levy on those parcels we beg to offer the following.

Captain S. Bill at Bangalore, amongst other Articles ordered some Merino Vests to be sent to him by Bangly.

Lt. Cunningham at Shimooga ordered some Berlin Wools, by the same mode of conveyance which were forwarded to him on 24th, and the Parcel for Captn Bill on 30th Ultimo which receipt we hold from the Post Office - and which were submitted to you. These Gentlemen returned the above named Articles, whose letters, we also handed to you, and on receiving intimation from the Post Office, that these Parcels according to a notification from that Department under date 25th July 1844 had been forwarded

to

to the Collector of Madras

We applied for them and were given to understand, by a verbal message from some one in your Establishment, that before we could remove them, we must produce the duty Bill of their having paid Import Duty, or pay the duty which would be levied by your Department. We would beg to observe that from the very tenor of our business, we are unable to produce the Import duty Bills of any articles we sell. We receive property from Hundreds for Commission or Auction sale; but it is clear and we presume must be equally so to you that such articles must have paid duty before they are sent to us for sale. The case at issue is simply this. We despatch some Europe articles through the Post Office, to Parties at Outstations, they are returned to us through the same Channel and on applying for them we are told we must pay a duty, which we object to, and for the reasons we have advanced.

We shall be glad if this matter is brought to the notice of the Board of Revenue for their consideration

I have the honor to submit, for the consideration and approval of the Board of Revenue, a draft of an answer proposed to be filed in O.S. No. 59 of 1845, instituted against me and others, in the Subordinate Court of Salem a translation of the Plaint, accompanied, and I request the necessary sanction, may be obtained for defending the above suit, at the Government, expense,

No. 1.

Translation of an answer proposed to be filed in the Subordinate Court of Salem by W. E. Lockhart Esqre Collector of Salem, in O.S. Suit No. 59 of 1845, instituted against the Collector and 6 other Individuals by Mauruppa gounden of Chennagherry in the Raizepoor Talook to obtain possession of 37 Goontahs of Poonjah land producing 10 Rupees annually, and bearing Peerawah Rupees 2—1—8 and situated in

in Chennagherry subject to Rauzepoor Talook

The 1st Defendant asserts that Statement of the Plaintiffs is not correct of the 4 spots of land to which Puttahs were given to Plaintiff, Viz.t, Nos. 263, 264, 265, and 266, the latter No. is calculated as Totum Poonjah and part left as pasture for Cattle the other 3 Numbers he cultivates fully as Totum and enjoys the produce.

A dispute arose regarding the putcut lands between the sons of the deceased Tandava Coundan, of that Village, his widows and relatives who represented to the Huzzoor that in the original pymash there existed some excess in their putcut lands, but that the extent thereof was decreased and requested to have the lands surveyed upon which the 2d Defendant a Goomastah of the Huzzoor Cutcherry was directed to proceed to the Village and survey the whole putcut lands belonging to the relatives of Tandava Counden, he accordingly proceeded and while measuring the lands the Plaintiff requested the said Goomastah to survey his land as there existed some discrepancies the Plaintiff being one of the relatives of Tandava

Tandava Coundan the 2d Defendant in conformity to the instructions received from the Huzzoor surveyed the above the said 4 spots belonging to Plaintiff on the 6th November Instly 1253, as there was no boundary marks to the fields Nos. 263- 264, and 265, but all in one square the Goomastah measured it according to what was pointed out to him by the plaintiff and found a decrease of Acres 1-17-4, on the following day, he measured the spot No. 266 and found an exceess of acre 1-10-3, but after deducting the increase acres 1-10-3, from the decrease acres 1-17-4, there was an actual decrease of Goontahs 7-1-1- as the whole 4 Number of fields remained in his possession, without any boundary mark and as the decrease did not amount to 10 per Cent as prescribed by Para 9 of the Hookoommanah it was not entered in the account,

The 37 Goontahs under a dispute appeared to the 2d Defendant to have been fraudulently taken by 1st Defendant, from the Mary pourumboke and

and added to the field No. 262, named Aulaneoottay porumboke, in consequence of the Mary porumboke being situated nesct to this field consisting of Acres-2-1-3, paying a Teerwah of Rupees 6-4-4 for which he held a puttah and which on being measured an excess of 37 Goontahs was discovered and it was reported that the 6th Defendant had enjoyed the excess of land from Fusly 1243, it was assessed at the same rate, fixed to the adjoining field No. 262, Viz. 2-11-8 - and an order was forwarded to the Tahsildar to collect from him that amount for 10 years from Fusly 1243, to 1252, and bring it to Sway Summak account, and to give a Puttah to 6th Defendant for the 37 Goontahs for Fusly 1253.

The allegation of the Plaintiff that the 37 Goontahs of land mentioned in the plaint was taken from the fields above alluded to and enclosed in the 6th Defendants fields No. 262 in consequence of his fields together with that of the 6th Defendant being formerly held by one single ryot indiscriminately is incorrect as there are distinct boundary Banks intervening between the 6th Defendants fields No. 262 and

and that of the Plaintiffs No. 263, consequently his assertion is erroneous and inadmissible subsequent to the period of the Plaintiffs obtaining possession of his fields Nos. 263-264, 265 and 266, the field No. 262 was for some years cultivated and at other periods remained waste,

Had the disputed 37 Goontahs of land been actually encroached upon and included in field No. 262 the Plaintiff would have at the time discovered the same and preferred a complaint to the Circar, claiming its recovery but failed to do so - The Plaintiff at the time of the distribution of Puttahs for Fusly 1253, represented this matter when he was informed with reference to the above particulars that he is not at all entitled to it, The Plaintiff without taking into consideration all these circumstances and with the view of concealing the excess acres 1-10-3, found in the field No. 266, pretended he was only in possession of the 3 fields No. 263, 264, 265, and to cover the deficiency therein he has advanced a groundless claim

claim for the recovery of the land in Dispute.

The land now in dispute properly appertains to the Mary paramboke waste being situated on the North side of the field No. 262, but does not belong to the Plaintiff as mentioned in his Plaint it is therefore, prayed that the Court will Dismiss the Plaintiffs claim with all costs.

The 2d and 3d Defendants having acted under the instructions furnished to them from the Circar there is no necessity for their filing a separate answer,

Collector,

No. 2.

Translation of a Plaint preferred in the Subordinate Court by Maurappa Counden, son of Chenna Counden of Malaperyampallieum, residing at Chennaghery Pully by Caste, by profession a Cultivator against F. A. Brett Esqre for W. E. Lockhart, Esqre the late Acting Principal Collector Soobba Row of Doubettah and the Huzzoor Goomastah Seenevasienger the late Acting Tahsildar of Raizepoot and the present Savoirneviss in the Huzzoor, Moattoosoolayen, the curnum of the said Chennaghery Village, Soobbaroya Moodey and Pullicoodootah Counden son of Andy Counden, of the said Village Pully by caste, and by profession a Cultivator,

This suit has been brought in order to be put in possession of a certain spot of Malagoozary poonjah land measuring goontahs 37—4—4 bearing a Teerwah of Rupees 2—11—8- and yielding a Melvahrum produce of 10. Rupees and to cause the puttah issued for the land in dispute by Mr Lockhart to the 6 Defendant to be annulled.

I hold puttahs for the following 3 spots of putcut land which are in my possession Viz.t. 1 filed named Kuttumtotum No. 263, consisting of acres 3—13—12, and assessed at Rupees 9—7—6- and Vengteetantotum No. 264 measuring acres 1—7—12, Teerwah Rupees 4—4—6,

and

and the said totum No. 265 - measuring acres 1-31-11. Teerwah Rupees 3-3-6. Total acres 6-13-13, Total Teerwah Rupees 16-11-6. These 3 spots of lands are situated in the Chennagherry Amany Village bounded in the South by Aulancoottainttary and to poosawyee Koil poramboke west by the Poonjah ground No. 262, belonging to the 6th Defendant North by the Eroova Counden Poonjah ground No. 258 - and east by Venkateetan Poonjah No. 266. The 6th Defendant added the 37 Goontahs now in dispute to putcut land No. 292, situated near to the said grounds and continued to enjoy the produce thereof when this circumstance came to my knowledge in July 1253, and I was ready to prefer a complaint to the Collector on the subject the 6th Defendant having with the aid of the 3d 4th and 5th Defendants prevailed upon the 2d Defendant who came for the purpose of surveying the land of one Tandava Counden to survey the land No. 262, The 2d Defendant who had received no authority to survey the land No. 262, made a survey thereof and granted a puttah to the 6th Defendant for such portion of the disputed land as had been encroached upon by the 6th Defendant with the assessment thereon, duly specified in it as being found in excess on Survey

Previous

Previous to any Puttah being issued I presented an Arzee stating that the land found in excess was connected with my putcut land and that no puttah ought to be granted for it, to the 6th Defendant, but from Mr Lockhart having issued in July 1253, a puttah in the name of the 6th Defendant as above stated without giving any answer to my Arzee, perhaps at the misrepresentation of the 2d 3d 4th and 5th Defendants has rendered me injustice Ever since Aumundah the year in which the survey was made of the lands as well as those of the 6th Defendant in consequence of the land having been cultivated by a single Ryot, who has by some means or other misappropriated the land now under dispute as there was nothing of Aumandy Tursoo or ancient waste adjoining those to cause such an excess, even admitting an excess in land to have existed in those belonging to Defendants it must be but little, and can hardly amount in excess to 1/2 it would not be half of the quantity of land in excess - if a survey be made of my land, it would appear that the 6th Defendant encroached upon my land - As Mr Lockhart, having issued puttah to the 6th Defendant thro' the fraudulence of the 2d 3d 4th and 5th Defendants and as the 1st Defendant is in charge of the District this suit is brought against them all I humbly solicit the Court will put me in possession of the land in question and get the puttah obtained by the 6th Defendant cancelled.

To The Chief Secty to Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Salem requesting permission to defend at the public expense Suit No. 39 of 1845 filed against himself and six other defendants in the Sub Court of Salem.

2.

The Plaintiff in this case holds four fields three of which fall short of but one exceeds the Pymash measurement. On the whole however there is upon the Area of the four fields a net deficiency as compared with the Sota Extent shewn in the Survey accounts, a field held by another Ryot adjacent to his Plaintiffs land has lately been found to be in excess of its due dimensions and Plaintiff therefore claims the surplus as having been taken from his land. It is however shown by the Collector that distinct boundary marks exists between the fields in question and that Plaintiff has cultivated his present land for some years without preferring any complaints which he would have done had his fields been encroached upon. The fields in question were also measured by a Goonastah when it appeared that the excess claimed by the Plaintiff did not form part of his land but had been taken from a field which does not belong to him.

3.

Under the circumstances above set forth the Board consider the answer proposed to be filed by the Collector sufficient and they therefore recommend that Mr. Lockhart may be permitted to put it in and to conduct the defence of the Suit at the public charge.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 3d Ultimo forwarding a Petition (No 425 of 1845) from B. Venkatachelliah late Mootahdar of Allagaunttum in the District of South Arcot and calling upon them to report fully the grounds on which it was deemed necessary to cause the entire Mootah to be put up to sale and also to state what the practice has usually been in similar cases.

2. In reply I am instructed to explain that the balances of public revenue for fasly 1253 outstanding against the Allagaunttum Mootah

6941 Fort St. George 5th June 1845.

Letter from the Collr 10th Cons 22d August 1845 a 893-13-10-

Mootah on the 1st August last amounted to Rupees 3475-2-9 being nearly three fourths of the entire Annual Peishcush and the Board in consequence at the recommendation of the Collector ordered the Estate to be brought to sale. It was accordingly put up to auction on the 30th September last, but although the entire Mootah had been advertized for sale the Collector was at the request of the proprietor induced to sell one only (Mundagaput) of the two Villages composing it. The sale of one Village only when the whole Mootah had been advertized for sale, and its sale before the proportion of the Peishcush to be assessed upon it had been duly determined were irregular and in contravention of Regulation XXVI 1802, but under the circumstances the Board were not willing to disturb the sale, and they therefore directed that the Sub division accounts should be prepared with all dispatch and that on the assessment payable on Mundagaput receiving their sanction the purchaser should at once be put in possession of the Village. On these accounts being drawn up, they were found to be inaccurate, and the late purchaser being dissatisfied with the amount of Peishcush proposed to be fixed upon his Village refused to complete his purchase. The conduct of the sale in the mute at abo[illegible]

above Mentioned having been irregular- the Board on the refusal of the purchaser to make good his bargain were compelled to cancel it- and to order a fresh sale- In consideration however of the delay and difficulty which had occurred in the preparation of the Sub Division accounts already forwarded by the Collector and found to be erroneous and it being desirable that the Estate should not be kept under Sircar Management for a longer period than Could be avoided, the Board directed that the whole Mootah which consists of only two Villages should at once be sold in one lot- unless the proprietor should find means to liquidate the balance before the day fixed for the sale- The second sale accordingly took place on the 21st April last when the Mootah was knocked down for Rupees 5200- being Rupees 1452-7-10 above the total balance Peishcush Interest and Charges due upon the Estate for the previous year as shewn in the Margin-

In regard to the usage which has usually obtained in such cases Sam directed to observe that Section V Regn XX 1802 leaves it to the discretion of the Board to cause the entire lands of a defaulting proprietor or only a portion of them to be sold- In practice however Estates and specially small ones Estates have rarely if ever been sold otherwise than under the difficulty from the imperfect and suspicious character of the individual village accounts, of apportioning the total Peishcush equitably upon the several subdivisions of the Estate and the delay thus interposed being serious objections to the sale of separate portions of a Zemindary or Mootah- It has been shown in the present case that the sub Division accounts prepared proved to be erroneous and that the final sale did not take place till the 21st April 1845- or till three fourths of the fusly succeeding that on which the arrear had accrued had expired

Government.

Sir,

Para 1. I have the honor to acknowledge the receipt of the Extract from Minutes of Consultation dated the 4th December last, No 605. transmitting Copy of a letter from the Secretary to the Government of India on the subject of the Gold Fanams of the Provincial Currency of the Malabar Collectorate reported on in my letter to Government of the 18th September last-

2 The Government of India desire information why these Coins are received in the Provincial Treasury above their intrinsic value, and under what obligation the Government is to receive them at all in the face of Sec. IX Act XVII of 1835 by which it is enacted that, from the 1st August 1835, no Gold Coin shall be a legal tender of payment in any of the territories of the East India Company and it is stated, that under the terms of this Act, the Governor General of India in Council cannot sanction the re-issue of these Gold Fanams nor allow of their further receipt at any

any rate of exchange higher than their intrinsic
value, unless it can be shown that the Government
is bound by contract to take them at the fictitious
rate that is now fixed upon them.

3 There is no special contract pendering
it obligatory on the Government to adhere to the
rate of conversion at which these Gold fanams
are received into the Provincial Treasury of Malabar
The question rests more upon consideration of equity
and general policy than upon any special
obligation binding either the people or the Govern-
-ment. The land Revenue was always kept in this
currency. It was the Summahkundy money of
accounts during Hyder's possession of the Districts
and the present rates of conversion were those then
in force. The same rates have obtained for 42 years
that the District has been in the possession of
the Company and the immediate effect of lowering
their value in payment of Revenue will be to
increase the land revenue assessment upon the
Ryots 9¼ per % upon the new, and 8¾ per % upon
the old Fanams. and when it is considered
that they have, from time immemorial
formed the Standard and Medium of
Commercial exchanges among the
ryots

people of the District, that they have, from time
immemorial, formed the Standard of valuation
of real property of every description throughout
Malabar, and that the people are strongly
attached to this currency, it is not difficult
to conjecture the effect which a depreciation
in their value would have upon every species
of property and the general dissatisfaction
it would occasion. I should therefore feel extremely
unwilling to interfere with the rate of con-
-version of these fanams, established as it has
been for upwards of half a Century, at the
same time, there can be comparatively no objection
beyond that of the loss occasioned by recourse
to interdicting their issue.

4. I may here explain what appears
to be a misconception. Mr. Secretary Dorin in para
5 speaks of the certain loss, which the Govern-
-ment sustain by the receipt of these Coins
at an enhanced value, but there is no loss
if they are reissued. They are paid away as
Malikana and other charges at the rates
at which they are received and invariably
keep up their Treasury value in the Bazar and
occasionally

occasionally when extensive purchases of grain are made, bear a premium of from 1 to 1½ per %. It is only, therefore, when they are received that the overvaluation at which they were received is felt.

5. It has been observed further that there can be no difficulty in introducing the Company's Silver Currency into Malabar seems evident from the state of trade between that province and Bombay which had the effect in the first four months of the present year according to Official Returns received from Bombay of causing the importation into Malabar from Bombay by private Individuals of no less a sum in Silver than Rupees 2,67,566 and this is not a solitary instance but the invariable course of trade on the Western Coast; so that the inference would almost be that Silver is the natural Commercial circulation of the Province and Gold the exception and an exception confined to the Government treasuries by reason of its enormous over-valuation.

6. I have already explained that the over-valuation is not confined to the Government Treasuries, that these fanams bear as high a value in

in the Bazar as they do in the Government Treasuries, and sometimes higher, and as regards the importation of Specie from Bombay, that has existed for years, and has coexisted for years with a large circulation of these Gold fanams, and without interfering or apparently having any tendency to effect a displacement of the local Currency. Mr. Sheffield, the Collector of Malabar so far back as 1827, stated that the extensive commercial intercourse with Bombay Cutch and Gozzerat always ensured to the province an enormous influx of Specie in Rupees. These imports of Specie had evidently chief relation to commercial transactions and were returns for Exports, while the provincial currency is that which brought to bear upon transactions relating to the land revenue assessment and the valuation of property of every description.

7. The only other instance that I am aware of, in which Coins are avowedly received like the Gold fanams of Malabar at more than

than their intrinsic value are the Silver fanams which are principally current in North Malabar and the Chuckrams which are received from the Travancore Government in payment of its Subsidy The subject of the chuckrams was brought under the consideration of Government in my report dated 28th October last para 25 in which I pointed out that I thought the Government were not bound to receive those Coins at a rate of conversion beyond their intrinsic value. The question of the Silver fanams of Malabar has not I believe has yet been laid before the Government. These fanams are not the Coinage of any native Mint, but were introduced by the European Nations who had factories for the convenience of their Trade. The English Coined them at first at Bombay and afterwards at Calicut The French at Pondicherry and spread them from thence. The Danes Coined them at Tranquebar and spread them from Calicut where they had a factory, and one Addy Rajah an opulent Merchant set up a Mint at Cannanore and Coined fanams for his own Commercial purposes. There were three sorts

different kinds of fanams in circulation, but being nearly of the same value, were equally current all over North Malabar.

8. With regard to Act XVII of 1835 quoted in the letter from the Government of India, I may observe that the Gold fanams of Malabar are received in payment of Revenue in the same manner as all other Gold uncurrent Coins are received at the several Provincial Treasuries at stated rates of Conversion as given in tables sanctioned by Government. The Gold fanams, under the considerations detailed in para 3 of this report, and other uncurrent Coins with the view of displacing the old Currency, and unless so received that object could not be attained.

9 I have the honor to transmit herewith, for the information of the Most Noble the Governor in Council, copy of a further report on the subject from the Collector of Malabar dated 7th Ultimo.

Sir,

I have the honor to acknowledge the receipt of the letters dated as per margin on the subject of the local currency of Malabar.

18th December 1844.
10th January 1845.

The first point upon which information is called for in Mr. Stonhouse's letter of December last is, "In what currency is the land Revenue assessment entered in the Village Jabok and Kuzzoor Accounts: whether in Gold fanams, Pagodas or Rupees?" In answer to this I beg to state that the Land Revenue assessments is entered in the Village accounts of the 10 Jaboks forming the Southern Division of Malabar in the Coin in which the original Summabundy was framed in Ayder's time, viz. the Varay or new Gold fanam, and it has ever since continued to be the jummabundy Money of account, at the Treasury rate of 3½ fanams per Rupee. The Counterparts of the Village accounts which are in the Jabok and Kuzzoor Cutcherries are likewise in this Coin, but all accounts

accounts now prepared in these Offices are in Rupees Annas and Pice.

In North Malabar, comprized of the 6 Jaboks noted in the Margin the Land Revenue is entered in the Village accounts in Rupee, quarter and pices.

2. In reply to the second question "whether any considerable payments are made "by the Ryots of these Land Revenue Assessment "in new and old Gold fanams or Silver fanams" I beg to observe that the old fanam has from the causes stated in the latter part of my letter dated 4th December 1843 almost disappeared the amount received in the Treasury being now very small, as will be seen by a reference to the accompanying Memorandum. With regard to the new Gold fanam it may be said that the payments in this Coin is also gradually decreasing On the 12th December 1843, the date from which the issue of this Coin was discontinued the balance in hand was to the Amount of Rupees 69,456. the subsequent receipts during a period of nearly 18 Months Amounts to Rupees 22,380 giving an average of Rupees 1,500 per Month but the average of the last six Months is only 600 Rupees

* an inconsiderable sum compared.

See Memo No.

The

Fort St. George 5th June 1845.

The 3rd Question propounded in Mr. Stonhouse's letter is "What would be the "effect upon the land revenue of the District "or upon the payments by the Ryots, if the new "and old Gold fanams, as also the Silver fanams "were henceforth to be received at their intrinsic "value, instead of at the present rates" The new Gold fanams being the Coin in which the land revenue assessment was, as already stated, framed, the effect thereupon would obviously be the raising of the assessments on the Ryots to the extent of 9½ per Cent, which appears to be the difference between its intrinsic value and the treasury rate, as shown in the concluding part of Mr. Stonhouse's letter of the 18th December last.

Under date the 31st August 1802 Major Macleod the then Principal Collector of this District published a proclamation by which the Varay or new Gold fanam was lowered from 3/- to 47/52 per Rupee and the Silver fanam from 6 to 5½ per Rupee which raised the Seignorage on every individual 20 per Cent on Gold

and 10 per Cent in Silver. The proceeds of Government will show that the heavy increase in the assessments which this alteration of the Exchange gave rise to, was one of the principal causes which excited so universal a ferment in Malabar, that Major Macleod deemed it advisable to relinquish the charge of the District and make it over to Mr. Richards, First Judge of the Provincial Court, without even waiting for the orders of Government. Mr. Richards, on the 11th March 1803 proclaimed (among other things) to the inhabitants at large, that all the Current Coins would until further orders, be received in payment of Revenue "at the rates they "were valued at, previous to the 31st August "1802" and the Government directed him to confine himself strictly to the conception granted by his Proclamation above adverted to, which order also was made known throughout the District by a subsequent Proclamation dated 2nd April 1803.

The Government of India appears to be impressed with the idea that the rates at which the Coins in question are presumed have been

been lately fixed (now fixed" is the term made use of in Para 4 of Mr. Dorin's letter to the Government of Fort St. George dated 8th November 1844) upon them, and that they are not of the Company's Coinage. It has already been shown that the rates" (at all events as regards the Berar or new Gold Fanams) have obtained from the time the Land Assessment was framed. and with respect to the Mints from which those Coins were issued, I beg to refer to my letter dated 27th April 1843 in a report to the Board of Revenue, Mr. Richards, in speaking about the local Coins of Malabar, writes thus, "It must be further "remarked of the Berar and Silver Fanams "that they are both of the Company's own Coin- "age and that whatever may have been "advanced to you, Gentlemen, to the contrary "Government have derived a long continued "and considerable revenue from the Coinage "of the former" Mr. Richards adds, "this is a "point in which I cannot be mistaken, for "I personally superintended the Calicut Mints "during a great part of the period alluded "to. Now for it were right to Coin such base

base money is altogether destined from the present "question".

I trust that sufficient has been said to show that the Government are in a manner bound to receive the Gold and Silver Fanams at the rates which have obtained for a number of years, and under this view of the case only occurs to me to reiterate the suggestions made in my letter dated 11th July 1843 that the Supercession of the local Coins by the British Currency be effected gradually by stopping the issue of those Coins and sending them from time to time to the Presidency for percentage.

No. 1.

Minute of the Hon. Member.

1. The subject brought under our consideration by the orders of Government of 25th November last, does not appear to me to be one which can be treated with any advantage in reference to the mere details of the rates at which uncurrent Coins should be received at the Provincial Treasuries.

2. Before taking therefore the Table of Rates prepared by the Assay Master, and the

6957. Fort St. George 5th June 1845.

review of this Table by the Acting Accountant General, into consideration, two preliminary questions appear to me to require to be disposed of; First whether many of the uncurrent old Coins named in the Table should be received at all at the Government Treasuries and not be left to find their value with the Shroff and the native Jeweller to be thus gradually absorbed by conversion into Native Jewelry- And secondly whether, in cases where uncurrent Coin of every kind now forms a more fraction of the Circulation of a District the Government should not prohibit its receipt in that District, leaving such Coin to find its way out of the District by the ordinary channels of trade or be melted down for the Bullion Market. This would effect at once, as far as many Districts of this Presidency are concerned, the great object to be kept in view- to have only one uniform legal Currency recognized- But this object appears to me to be lost sight of when uncurrent Coin is received at given rates

Fort St. George 5th June 1845.

rate at the Government Treasury for it as this uncurrent Coin has this certain known value fixed on it, which it can command at will, it will, I conclude circulate freely, and consequently remain in circulation equally with other Currency.

3. From the Table No 1 annexed, prepared at my request in the Accountant General's office the following results appear. That in four Districts of the Presidency, viz. Chingleput, Coimbatore, Salem and Madura, the Amount of uncurrent Coin received in the Treasury was less than 1000 Rupees per Annum. The average annual revenue of these Districts exceeds 86 Lacks. This Amount of uncurrent Coin is too insignificant therefore to affect the Circulation and it follows that uncurrent Coin need not be received into the Treasury in these Districts in the three Districts named in the Margin the Amount paid into the Treasury in the three years 1841/42 to 1843/44 fell short of one and one half Lack. The Revenue received was in the three years 186 Lacks.

the case of these Districts also I should say that the refusal to receive uncurrent Coin could produce little hardship, as the depreciation of a sum of this Amount 5000 Rupees per Annum in the Bullion Market consequent upon its refusal by Government could not be such as to affect any great interest seriously. I would therefore propose to prohibit its receipt in these Districts, and the Treasuries should not be furnished with a Table of rates.

4. The only exception I have heard named as expedient is in the case of the Lumbadies or bringing Hyderabad or Nagpore currency for the purchase of Salt into the Maritime Districts, and instead of a Table of rates I think it questionable, rule then it would not in these cases be better that the Coin should be received at its Market rate and carried to account accordingly, so long as the amount is trifling its accurate adjustment by an Assay or recoinage at the Mint appears superfluous, and it is fairest to the foreign traders to take the Coins from him at the Market value of the day, and to carry them to account as Bullion at the Mint.

afford facilities for the foreign commerce of the District I should still consider it advisable to receive the Coin by Sale on account to be finally settled by the outturn at the Mint. For under the present system a depreciated Currency may be introduced to an enormous extent --

7 In Tinnevelly also there is a Comparatively large amount of uncurrent Coin, but I doubt, if its receipt into that Treasury is necessary. The ordinary transactions of the Merchant and of the Shroff should carry back the foreign Coin, and would do so if refused at the Government Treasury. It is not also so large (Rupees 124751) that the refusal would impede the extensive commerce of that District, and the Travancore Chuckrum is now received at a less *

On the question specially raised in paras 5 and 42 of the Acting Accountant Generals Letter, I concur entirely with him that the outturn of the recoinage is the proper criterion, and not the assay of a limited number of pieces, and if the Table is continued it should be as revised by a reference to the recoinage of large quantities

quantities, as proposed by the acting Accountant Ge-

9 I would however limit the Table even with
this revision to old Coins, and the Currency of the
States. I do not see the necessity nor the grounds
in any case for the Table containing an Assay of
the Coinage of the Company's Mints. The Rupee
any British Mint, if received at par where
was issued, should be received at the same
rate in the Treasuries of this Presidency where
such Coin is largely circulated, and should it
in any instance be subjected to a Madras Assay
Table rate it should be refused at par only when the
itself fell short in weight beyond the rem-
-ted per centage allowed for wear and
tear. In the table referred for our
review and report, an Assay valuation
is fixed upon several British Coins spe-
-cified. In Districts where the amount
of British or Company's uncurrent Coin
in circulation is small it might be
refused, and left to find its way out
of the District by ordinary Channels,
and it will be thus removed from
circulation at once in several Dis-
-tricts, and be re-issued, or taken out

of circulation for transmission to the
Mint only in those Districts where it now
forms a considerable part of the Currency.

10 In bringing this subject
under the consideration of the Committee,
I am by no means certain that the
Tables furnished to me are correct.
In the case of Bellary they are clearly
inaccurate, and I conclude in that of
Cuddapah also. These Tables the
Accountant General will probably
do us the favor to test, but I am not anxious
about the details. If the Tables approximate
to the truth, they are a sufficient guide. The
point I am desirous of seeing discussed is the
expediency of any recognition of unecurrent Coin,
except in Districts where it forms a considerable
part of the circulation, and whether the prevailing
system of sanctioning its receipt in all our Treasuries
does not directly tend to keep it in circulation
instead of driving it by its refusal by
the Government into the hands of the
Bullion dealer or the Jeweller.

11 It is also I think deserving
of consideration whether the Foreign
Currency might not, in many Districts,
be

Fort St. George 5th June 1845

be left to find its way out of them by the ordinary channel of trade. So long as it is received at its intrinsic value, as laid down in the Table of Rates in our Treasuries, does it not hold out an inducement to the Native Mints to Coin not only for their own territories, but for our Territories also: and has the present system any tendency to lead to the supercession of the Native Currency by our own, if both are recognized as equally good payments in our Treasuries - and if both are placed as is now the case, in the payment of rents nearly on a par, and is there any necessity for this? Again is it practicable to receive foreign coin solely as Bullion to be taken on account: and thus its depreciation at the Native Mint might be checked. For the Ryot in that case would soon find it his interest to pay in Company's Rupees in payment of his rents. and British Currency would then acquire the superior position it ought to hold. But I doubt if it will do so, so long as all the Company's Treasuries are

Fort St. George 5th June 1845

open to receive Native foreign Coin ad libitum at its intrinsic value, with a small deduction as seignorage. I would submit these questions for consideration, before we report on the Table of the Assay Master referred to us.

I have to apologize for the delay which has occurred in bringing this subject forward, but it has been unavoidable, partly waiting for the Tables prepared for me, and partly from the pressure of other duties.

Minute of Mr Stonhouse.

The practice of receiving uncurrent Coins at the Provincial Treasuries at certain rates of exchange has existed almost from the period of the assumption of the Country and was adopted mainly, if not entirely, with the view of displacing the old currency by the new. In endeavouring in my report to Government of 28th October last to place the exchanges of uncurrent coins at our Provincial Treasuries on a more sound and satisfactory footing, I did not, of course, contemplate any change in the existing practice, but now

Fort St. George 5th June 1845

now that the question of the expediency of allowing them to be so received has, and as I think very judiciously and appropriately, been raised by the Senior Member, I am inclined to concur generally in the observations he has recorded. The operation of the system for so many years has for the most part effected the object in view, the displacement of the old Currency - for the uncurrent Coins now received into the Provincial Treasuries can hardly be considered in that light, but as a foreign currency introduced into the Company's Districts for Commercial and other purposes and which will continue if left to its ordinary course. The matter therefore resolves itself into the simple question as to how far public inconvenience might result to the internal traffic of the Country by the refusal to receive uncurrent Coins in those Districts which adjoin the territories of Native states, or in the Salt Manufacturing Districts where it is believed that the purchases of

Fort St. George 5th June 1845

Salt are in great part made in uncurrent Coin. On these points I think it would be desirable to ask the opinion of the Board of Revenue, that is whether they considered the refusal generally in all Districts to receive a foreign currency at the Provincial Treasuries in payment of Revenue would be attended with any prejudicial effects, if not, I should be inclined to make the measure a general one. I would propose however that the prohibition should be confined strictly to the currency of Native states and foreign European Nations. The old Arcot Rupee and all former Coins issued from the Company's Mints and Pagodas and the Company's former Rupees as well as Bombay and Sicca Rupees should continue to be received as hitherto. The Bombay Soorat Rupee in which a considerable portion of the Land Revenue of the Bellary District is paid is now elapsed and I think its property as uncurrent Coin, and these should continue to be received at par, as they have hitherto been. We should under this system avoid all the evils attendant on the iniquitous practice

practice adopted by Native Governments of debasing their Coin from time to time, while all Coins which have issue from Provinces now forming an integral portion of the British Territory in India, will continue to be received till they wholly disappear from circulation.

I would except however one Coin from the General Rule namely Spanish Dollars. The rate of conversion at which they are received yields a large profit on recoinage. They are likely to be in demand at any time for remittance to China or our Eastern Settlements, and form a profitable mode of making it, and they are by far the best bullion to send to England if the Home Treasury should be in need of specie remittance from this Country. I think in 1838/39 the Court of Directors particularly desired to have Spanish Dollars in such cases.

I am not inclined to think it would be advisable to receive uncurrent Coins at the Market rate as suggested in Para 4 of the Minute of the Senior Member. as we should even

have them received and credited in account at half a hundred different rates, added to which it would place it in the power of the Sowcars to play with the rate of exchange as best suited their purposes, and any large influx of uncurrent Coins as would probably be the case on an extensive purchase of Salt, would immediately lower the Market value of the Coin. Besides which I do not think the Market value so good a criterion for the Government, as the result of former Outturns, for it is to be received them for re-issue, but for re-coinage and it is to the loss upon this process that they should look in regulating the rate of conversion at which uncurrent Coins should be received.—

The subject at present

1st

under consideration of the Committee relative to uncurrent Coins is one of so novel a nature to me that I feel a reluctance

reluctance in entering upon any discussion
of it, as however my own opinion is in favor
of the admission of all uncurrent Coins at
certain rates of Exchange. I will endeavor
as concisely as possible to lay my reasons
before the other Members of the Committee for not co-
-ciding in the decision they have arrived at.

2 It is I believe admitted that the
Circulation of uncurrent Coins has of late ye
materially diminished, and the Statement p
prepared for the Senior Member shews the
Amount to be very
the arrangements at present existing
or a slight modification of them,
should be sufficient to ensure the
continued decrease of this Currenc
or even to keep it at its present low
ebb, I can hardly think the Committee
warranted in recommending so
decisive a step, as a general refusal
to receive uncurrent Coins in all
Provincial Treasuries.-

3, It must be borne in mind
that this refusal will occasion the
greatest loss and inconvenience
to the party least able to bear it-

Fort St. George 5th June 1845

The Trader will have to supply himself with
the Current Coin to effect his purchase or
return without them is it possible that
the Sheriff who thus necessarily becomes a
party in the transaction, will allow to
pass a barrier to escape him? having
trafficked for the Traders uncurrent Coins
and become possessed of them at his own
risk to what purpose will he be to turn them
since the existing arrangements the Coins
are retired from Circulation and
sent to the Mint previous from it in the shape
of Current Coin. The Sheriff must also con-
-vert them into Bullion, but the means
he possesses of transporting this to the only
market where it will yield him a fair return
are not easy of attainment, is there then
any guarantee that he will not attempt
its conversion into that form in which it
would be every where marketable, until its
Counterfeit nature be detected? My own Idea
is that the rate of exchange on all Foreign
Coins

Fort St. George 5th June 1845.

Cases should be so fixed, as to guard the Government against loss while the trader should contain of a given value for his money, not liable to fluctuation at the will of the Shroff or any other interested party.

4. It is however proposed to restrict the refusal solely to the currency of Foreign States. but from this restriction Dollars are to be exempted. In Statement No 1 which I assume to be correct, the amount of Currency is stated*; if from thence be deducted the amount of Dollars included in it* there remains a Net Balance of £ or as the Statement embraces a period of 3 years a yearly average of £ if it can be shown that on the percentage of so small an amount as this, the Government are losers, the rate of exchange upon the several Cases might be readjusted in reference to their Returns. but the loss must be trifling and as the Government is a large gainer in Dollars this might be allowed as a set off.

Chief Secretary to the Govt

Sir,

I am directed by the Governor in General

Fort St. George 5th June 1845.

General in Council to acknowledge the receipt of your letter No. 897 dated the 17th Ultimo with its Enclosures on the subject of the Gold Currency in Malabar.—

2. It appears that new and old Gold Fanams of the local currency of Malabar are received into the Government Treasury in payment of Revenue at a rate of Exchange greatly in excess of their intrinsic value and consequently at a heavy loss to the Government.—

3. The Government in Council is not informed why these Coins are received above their intrinsic value or under what obligation the Government is to receive them at all, in the face of Section IX Act XVII of 1835 by which it is enacted that henceforward (except on the 17th August 1835) no Gold Coin shall be a legal tender of payment in any of the Territories of the East India Company.—

4. It is impossible under this Act that the Governor General in Council can consent to the re-issue of the Gold Coins now in the Treasury of the Collector of Malabar, nor is he prepared to allow of the further receipt of Gold Coin at any rate of Exchange higher than their intrinsic value unless it can be shewn that the Government

Fort St. George 5th June 1845.

is bound by contract to take them at the fixations now fixed upon them so long as the Government consents to take a Coinage not its own at an excessive valuation there will be no tendency on the part of that coinage to disappear, since it must always be the interest of individuals to tender Coins that are allowed to pass for more than they are really worth.—

5. The Military Accountant General and the local authorities seem to be doubtful of the expediency of displacing the local Currency of Malabar but of provinces wanting of the extreme inconvenience of encouraging a variety of Coinage probably few stronger instances could be found than the present scheme the Government is certain to be so heavy a Loser. That there can be no difficulty in introducing the Company's Silver Currency into Malabar seems evident from the State of trade between that province and Bombay which had the effect in the first four Months of the present year according to official returns received from Bombay of causing the importation into Malabar from Bombay by private individuals of no less a sum in Silver than Rupees 2675466 and this is not a solitary instance but the invariable Course of trade

on the Western Coast, so that the inference would almost be that the Silver is the natural commercial Circulation of the Province and Gold the exception and an exception confined to the Government treasuries by reason of its enormous value.

6. The Governor General in Council desires me to request that unless there be special reason to the contrary with which he is at present unacquainted, immediate measures be taken for prohibiting the further receipt of Gold into the Government treasuries of Malabar excepting at its intrinsic value.

7. The Governor General in Council is not aware whether a similar use of currencies not of Government Coinage either of Gold or Silver as permitted elsewhere within the territories of the East India Company subject to the Presidency of Fort St. George, but if it be so, he thinks it expedient to lay down as a general rule that however convenient it may be either for the public

service for the public occasionally to admit of the receipt of any native Currency at its intrinsic value at a Government treasury it can never be proper to allow that Coinage to be re-issued. It should invariably be reserved for recoinage with the view of adding the grand object never to be lost sight of, of establishing one simple and uniform British Currency for the whole of British India.

2 I have further to request that in elucidation of the subject you will furnish the Board with a Statement showing the amount of Foreign Coins received into your Treasury annually for the last 5 years you will be pleased to specify the principal descriptions of such Foreign Coin the parties by whom from whence and the purposes for which it is usually brought, as well as the amount of such currency which as far as you may be able to ascertain is in Circulation in your District. The Board further wish to be informed whether it has been the practice for some years past to receive these Coins from your Treasury and if not to what extent their circulation in the District would appear to have been affected by their not having been replaced.

3 The Board understands that by far the larger portion of the Foreign Coin received in payments of Revenue in your District consists of Spanish Dollars you will be so good as to mention particularly the means by which these find their way into your Treasury and as it is presumable that they are principally paid for Salt and Sea Customs what effects the prohibition to receive them would be likely to have upon the trade of your District.

4 The Board trust that you will be able to favor them with a reply to this letter within a week after its receipt.

To
The Collector of
Malabar

Sir,

The attention of the Board of Revenue has recently been called by Government to the question as to the propriety of refusing to receive Foreign Coins at the Provincial Treasuries in payment of Revenue and they have been furnished with Copy of your letter to the Accountant General dated 7th February 1845 bearing upon the subject as regards the Malabar District. From Para 2 of that letter they perceive that the amount of the new Gold Fanams (the chief of the Local Coins of your District) received into your Treasury from the 12th December 1843 to the date on which you wrote, being nearly fourteen months was Rupees 22,980 giving an average of Rupees 1,580 per Mensem but that the average of the last six months of that period was only 6000 Rupees monthly. The Board request that you will be so good as to inform them to what reason this great decrease in the payment into your Treasury of the new Gold Fanams in those six months compared with that of the eight months preceding is in your opinion to be ascribed, and what has been the average receipt of those Coins since the date of your

2. The payments above referred to, would appear to have been made on account of Land Revenue. You will be pleased to state whether the new gold fanam be commonly paid on account of the items of Extra Revenue, Monopolies &c. or for Salt and if so to what extent.

3. I have further to request that you will inform the Board as nearly as you may be able to form a judgment what is the amount of this Coin now in Circulation in Malabar, whether any Gold fanams are now Coined by any local Mint in Travancore or elsewhere, and in what time the amount now current in the District may be expected to be absorbed supposing the present practice of receiving the Coin at your Treasuries but without receiving it to be adhered to.

4 It was also desired that similar information to that called for in this and the preceding Paras may be supplied regarding the Silver fanams.

Sir,

The Board of Revenue having lately been called upon by Government for their opinion on the practicability of refusing to receive Foreign currency at the provincial treasuries in payment of Revenue, I am directed by the Board to request that you will inform them whether in your judgment such a measure could properly be carried out in your District or whether it would be likely to be attended with material inconveniences and to be productive of prejudicial effects.

I have further to request that in illustration of the subject you will furnish the Board with a Statement shewing the amount of Foreign Coins received into your Treasury annually for the last 5 years. Para 1. The Shoragunga Zemindary in the Madura District after paying off the arrears for which it was attached on account of Government was under orders of the Court of Sudr Adawlut continued on Fasly 1249 under the management of the Principal Collector pending

the result of an appeal preferred by Rd Periya Woodia Tever to Her Majesty in Council against the Decree of that Court in favor of the Ramnad Vengamedoo Natchyar and was restored under date the 11th September 1844 (Fasly 1254) to the Proprietor under receipt from the same authority.

2. During the five years the property was thus situated, the resources would appear from the annual Settlements entered in the Margin to have been extremely fluctuating; the Collections however have been sufficient to meet the usual charges of Superintendence Tank repairs Zemindars subsistence and Peishcush exceeding Rupees 39838-5-6 which were due at the close of Fasly 1253 besides admitting of the investments of two Lacs of Rupees each in the Bengal Loan for the benefit of the Proprietor.

(Here enter 10th April 1845 No 270)

From the Statement of Demand Collection and Balance appended to the foregoing report the following results appear.

	Fusly 1252			Fusly 1253.			Increase		
Salt	95183	9	7	1,12,616	10	-	17,433	-	5
Sea Customs	13834	8	9	18,490	1	5	4,655	8	8

Stamps	27,888	6	-	26,444	9	-	1,443	13	-
				Decrease			28,391	13	2

The net result being Rupees 2,899-10-9 in excess of the Settlement of the preceding Fusly 1252.

The charges under the head of Sayer were less than in the previous year by Rupees 2,654-4-9 and the Amount of Drawback paid was also Rupees 22,571-8-2 lower than in the preceding Fusly. There

3. There was further a decrease of Rupees 6949-11-1 in the charges for the manufacture of Salt and in Conpacking, therefore the net revennes of the year under review and those of preceding Insty. the comparison is in favour of the former by Rupees 3,50,93-2-10.

4. The Sales of Salt have increased at two pans, Viz^t. of Cumarsah and Nellimarla, the increase was Rupees 30,383-11-0, and at two others, Viz^t. Conadah and Cupilly, the sales fell off to the extent of Rupees 12,920-13-7.

5. The less sales at the two last mentioned pans arose from the diminished quantity manufactured for their supply in consequence of the early setting in of the Monsoon, and the whole store was disposed of before the 1st. April. The supply of these pans depends it appears entirely on the quantity of Salt manufactured on the spot, and if the quantity falls short of the demand, as in the year under review, not only the Government revennes greatly suffer, but the inhabitants in the neighbourhood also must necessarily be put to the most serious inconveniences.

6. The Most Noble the Governor in Council therefore resolves to direct the Board

of Revenue to consider whether it would not be practicable, when the quantity at these places is not sufficient for the demand, to supply the deficiency from the nearest depôt, so that the Government may be secured from loss and the people from inconveniences. This plan of supplying one Chokey from another, when circumstances require it, is attended with considerable benefit in Canara, and might be followed with equal advantages in other Districts.

Sayer Rupees 20,918-11-2	
Stamps " 11,613-13-11	

7. The decrease in the receipts from Sayer and Stamps having been caused by the change of system introduced by Act VI of 1844, calls for no particular notice; and the improvement in the revenue from Sea Customs resulted from the operation of the same enactment, and from an increased trade at Bimlipatam.

Increase 4,665-8-8.

Paras 26 to 30. 8. The Collector has gone into some length regarding the advantages and disadvantages of Rule VIII for the administration of Civil justice within the Agency, but the Most Noble the Governor in Council will not enter into that question in this place, but will await the report from the Agent which he was requested to submit if he considered the rule objectionable.

Under these two heads there was an increase of Rupees 19577-1-6 which being placed as a set off against the loss of revenue from the other branches, exhibits a net result in the Settlement of Fusly 1238, of Rupees 11504-15-8. below that of the pre=ceding year.-

2. The items which constitute the large decrease under "Sayer" are Rupees 59551 in the Collection of the Inland Customs, and Rupees 27,142 the reduction in the Betel and Tobacco rents, both the consequence of the operation of Act

Act XI of 1844 and also Rupees 9,980 the decrease in the Frontier duties arising principally

3. The Government do not deem it necessary to go into the causes of fluctuation in the other sources of Revenue which are fully explained in the Collector's report, and the more important adverted to in the Board's Proceedings. It will be sufficient to observe that the causes which affected the consumption of Salt in Fusly 1252, and noticed in paras 2 to 4 of the Proceedings on the settlement of that year, appear to have been but partially relieved in the year under review. The increase of Rupees 42987. obtained under this head was in the opinion of that Collector the consequence in the enhancement of price from 105 to 180 Rupees per Garce during a portion of the Fusly, and from larger exports by Sea chiefly to Ceylon at 42 Rupees per Garce, being the supply furnished on the requisition of that Government for Coast Salt.

For Fusly 1253.-
A.D. 1843-44.

Para 1.- Save under the heads of Sayer and Motorpha there has been an increase in all the other branches of revenue, which raised the Settlement of the Extra Sources for Fusly 1253. to Rupees 16321- 13- 7- above that of the preceding

preceding year.-

2. The Collections from the sale of Salt were larger by Rupees 17,348- than in any previous year on record. The increase in the charges under this Head is explained by the larger quantity of Salt received into store than in the preceding year, and the necessary payment of the manufacturer's share.-

3- In the Sayer there was a falling off to the extent of Rupees 39,701-14-6- occasioned by the abolition of the Inland and Town Duties under Act VI of 1844, but this decrease was nearly met by an increase under the Head of "Sea Customs", arising chiefly from the duty levied under the provisions of that enactment on Cotton exported to Madras and China, Amounting to Rupees 30,387-3-2.-

To Madras	Rupees	18,958-14-1
" China	"	11,428-5-1

4- Among the items which contributed to the decrease in the Moturpha, Rupees 1721-9-1, it is observed, were relinquished under the Board's orders discontinuing "the practice of appropriating the contents of the Pagoda Hundies for the benefit of the Government." Deaths by Cholera and the Emigration of many of the weavers to Colombo, are stated to be among the other causes of diminution in this branch of revenue.-

† Rupees 539-2-6

Small Farms.-

5- The revenue under this head has increased Rupees 11239-10-1, and it is satisfactory to his Lordship in Council to observe that the arrangement of letting the fish ponts to the people of the respective Villages has been attended with benefit to the people and advantages to the Government; and that out of the demand under this head only Rupees 25-9-11 were outstanding at the end of the July.-

7. For the reasons stated by the Collector in para 24 of his report, sanction is granted for writing off the irrecoverable balance of Rupees 122-3-11- due under the Head of Moturpha for Fasslies 1252 and 1253, and of Rupees 7-2-11 under that of

To Lieutenant Colonel Browne
Secretary to Government
Military Department

Sir,

I have the honor by desire of
His Excellency the Most Noble the
Commander in Chief, to forward for the
information of Government the accompanying
29th April 1845 copy of a letter from the Officer
Commanding the 35th Regiment, reporting
the arrival of the Corps by sea from
Honore at Mangalore on the 28th Ultimo
en route to Mercara, with a Memo-
randum of Charges incurred by the
Regiment coming by sea from Honore
at Mangalore, and of the strength as
shewn in the copy of Present state

No. 102.

To The Quarter Master General
of the Army
Fort St. George.

Sir,

I have the honor to report that the Head Quarters of the Regiment under my Command sailed from Honore on the morning of the 27th Instant and arrived here yesterday.

2nd Lieutenant Lighton sailed from Honore with his Detachment on the morning of the 23d, and arrived here on the evening of the 24th Instant.

3d I purpose quitting this en route to Mercara on the 1st Proximo but in consequence of want of carriage shall be compelled to leave a few of the families to come up in the Rear.

4th The Public Carriage Bullocks proceeding by land have not yet arrived, but on Representing this to the Officer Commanding Mangalore, he has sanctioned the use of the Public Cattle for the Conveyance of Tents Stores &c. on an emergent Indent, which I trust will meet the sanction and approval of Government.

5th I beg to subjoin a rough account

account of the Shipping expences incurred by the Regiment, to enable the Government to form an opinion of the advantage of this mode of transport, at the same time to remark that the Port charges are exorbitant, and the owners of Pattymars ought to be compelled to come within the backwaters of Mangalore and Honore.

A present state is herewith enclosed.

From the Agent to the Govr in Vizagapatam.

Reporting on the settlement of the Vizeanagarum Zemindary for Fusly 1253.

Sir,

I have the honor to submit the annual Report on the management &c of the Vizeanagrum Zemindary for Fusly 1253 and in illustration of the same to forward the following detailed Account

I. Abstract of Demand Collection and Balance.

II. Account Current of Receipts and Disbursements.

III. Comparative Statement of Demand Collection and Balance between Fuslies 1252 and 53.-

IV. Statement shewing the Dowle, number of Villages, Population, cattle and sources of irrigation &c prepared according to the Form ordered by the Board of Revenue.

V. Statement of Balances including Aumany.-

Fort St. George 5th June 1845

2. The Settlement was completed except in a few Villages previous to my resuming charge of the District little more will therefore be expected from me on this occasion than a Statement exhibiting as concisely as possible the result of the year.

3. The Board are aware that the system of an individual Settlement which has prevailed in this Zemindary for many years, having been introduced under the orders of Mr. Russell has been discontinued during my absence from the District.

4. No uniform System has been substituted for it. some Villages have been rented out on Leases varying from 2 to 5 years. In some Villages a Ryannee Settlement has been introduced, that is the sum payable by the whole Village for the year is fixed and the principal Villagers execute a Moochilkah making themselves jointly and severally responsible for the Amount. When an adequate offer for the Rent of a Village could not be obtained and the Villagers objected to execute a Ryannee Moochilkah, then an individual

Settlement

Fort St. George 5th June 1845

Settlement was continued each Ryot being answerable only for the Assessment on the land occupied by himself.

5. This is the way in which the Zemindars and Proprietors usually conduct the Revenue administration of their Estates and with them it answers very well.

6. Having a thorough knowledge of the value and resources of each Village and of the character and circumstances of the population, and above all having an account to give of their Revenue Management to Superior controlling Authorities, they make the most advantageous arrangement they can in each Village without reference to any System.

7. But it appears to me very doubtful if such a mode of Settlement will ever be found to answer when the Revenue administration is in the hands of the officers of Government.

8. I confess however that it is far more easy to point out the defects in any system that can possibly be introduced into a District the lands

of

Fort St. George 8th June 1815

of which have never been surveyed nor assessed and of which therefore we cannot form any correct estimate of the value, than to decide on which is least objectionable, for it is but a choice of evils.—

9. If the Settlement is an annual one, whether Village war, or Ryotwar, Estimates of the produce must be taken— To frame these we must either entertain temporary Establishments for the purpose, or employ the subordinate Talook servants, and in either case we expose the persons employed to temptation which few natives are able to resist— Notwithstanding these objections to the above system, there are many important advantages, which go far to counterbalance them.—

10. As the Settlement is an annual one and framed with due reference to the nature of the season, the extent of the Crop and its value, a pretty correct Estimate may be formed of the amount of Revenue which ought to be realized from each Ryot or each Village as the case may be— In a good year the Revenue

Fort St. George 8th June 1815

Revenue rises, in a bad year it falls, so that in a series of years with good management we generally realize an average Revenue—

11. The renting system seems theoretically well adapted for a district—such as this and so in my opinion it would be practically if we could only find men of respectability and substance willing to undertake such Rents on moderate terms. but here lies the difficulty—

12. In leases the amount of Rents is fixed with reference to the average Collections so that in a good year we realize no more than this. In such a year the Renters may pay with tolerable punctuality but they will immediately spend any surplus that they may realize, so that when an adverse season comes upon them they have no resources from which to make good any loss they may sustain— They then withhold all payments in the hope that they will eventually obtain some remission—

If —

Fort St. George 5th June 1845.

If a Remission is granted
13 to the renters we have no security that the
Ryots share the benefit of it - If no remission
is granted we must either allow a portion of
the Rent to stand over or fill the gail with
Revenue defaulters -

I regret to say that I do not
14 write theoretically on this subject - The present
season is perhaps the most unfavorable
that we have ever experienced since this
Zemindary came into our hands, and I find
the utmost difficulty in extracting any
thing from the Renters -

The engagements which
15 have been made with the Renters must of
course be kept, and it is perhaps not
desirable to interfere with the present
arrangements unless we are prepared to
introduce a Revenue survey -

As I have already ex
16 plained in my general Report on the
District, the season was decidedly
favorable but the Southern Talooks
in

in the Vizeanagrum Zemindary
suffered from the storm in
October -

The prices of every
17 description of produce continued
extremely low -

From the rains
18 having commenced early and
seasonably there was an in
crease in the demand as will
be observed by the annexed
figured Statement amounting
to Rupees 49,010 — 1 — 6 -

From the above statement it will be observed that the demand in the year under review which was an unusually favorable one amounted to Rupees 8,85,581-0-1-6. Now the average Collections since the Zemindary came under management amount to Rupees 8,45,352—12—10- so. that I am at a loss to understand on what ground Mr. Smollett came to the conclusion announced in the 11th Para of his Report for last year, that the system to the finances of the Rajah, and that on an average from fifty thousand to a lac of Rupees on a moderate calculation, have been annually lost to the Zemindar of Vizianagrum.

There was an increase in the Demand under this head amounting to Rupees 56,767—8 The following Statement exhibits the demand in each Taluk in the past compared with the preceding Fusly.—

Fort St. George 5th June 1815.

The increase above shewn is to be attributed principally to the more favorable season, and partly to three Villages having been transferred to this head from that of Moodub Rent the leases having expired—

21. The decrease of Rupees 7,473 10 " under this head arises mainly from 3 Villages having been transferred from this head to Jeroyettee—

Moodub Rent.

22. The decrease under the head. of Motursha is in a great measure to be attributed to the depressed condition of the Weavers from whom this tax is principally levied—

Motursha.

23. The trifling alterations in the demand in the other sources of Revenue are not of a nature or extent to require any observations—

24.

The subjoined figured Statement exhibits the Current Collections in the past compared with the preceding Fusly and shews an increase in the year under review amounting to Rupees 38,828—15—8. The Collections are however below the average Collections since the Zemindary has been under management—which amounted to Rupees 8,45,552—12—" as exhibited in Para 19—

The Inhabitants under the Lands of Pongettee amounted at the close of the Fusly to the Large sum of Rupees 45855-11-8- This has been reduced by subsequent Collections to Rupees 3391-6-6- That so large a balance was outstanding is a great misfortune to the attached to the hurricane in October 1843; in consequence of which a considerable portion of the growing Crops on the Talooks within its influence were completely carried away, and those that remained this season were subsequently attacked by a Blight which materially affected the harvest- Had the seeding season been favorable we, a larger portion of the outstanding balances would have been removed, but as it has unfortunately been perhaps the most adverse one, we have yet experienced since the Zemindary came under management, Of per that may be the whole has been disposed of.—

33. P. Atchootaramrauze who stands No 5. in the above Statement died in Fusly 1253. His heirs are without the means to discharge the balance outstanding against him amounting to Rupees 103-8-0 The Village has therefore been transferred to a competent Renter, and the above balance is perfectly desperate. The remaining balances will be recovered shortly. —

35. The Board of Revenue have frequently been informed that the 1st of the above persons has fled the Country and taken refuge in the French Settlement of Yanam. The other two Renters name above are likewise bankrupts, the whole of their property having been sold in satisfaction of decrees of the Civil Courts. Their Villages are therefore under Attachment, and the above balance has arisen owing to the Lease

having been a good many unauthorized alienations in some of the Villages. Measures will be adopted for the resumption of all such, and it is to be hoped that by this means the balances will be recovered —

36. The sum of Rupees 72-13-0 on account of augraharum Shotrums, Rupees 6-12-10 on account of Mocassah Nuzzers, and Rupees 21-12- on account of Cattoobadies. Total Rupees 101-5-10 was outstanding at the close of the Fusly. Of this amount Rupees 53-2-7. have since been collected, and the remaining balances amounting to Rupees 48-3-3 will be recovered hereafter.

37. The balance outstanding on account of Motursha at the close of the Fusly amounting to Rupees 1462-13-0 has since been reduced to Rupees 415-2-8 by subsequent collections. The balances is due by persons in very depressed circumstances and I fear that but little of it is recoverable. —

38. There was a balance of Rupees 111-10-3- due on account of Tuckavy or Advances for cultivation which has been reduced by subsequent Collections to Rupees 9-0-0 still due by Ryots who have either died or deserted. This will be recovered from their securities. —

Net Increase 38.628 15 8.

26. The increase in the Collections is to be attributed to the same cause as led to the increase in the demand and need not therefore be repeated.

27. The following Statement exhibits the Collections in each Talook in the past compared with the preceding Fusly.

28. The decrease has generally arisen in those Talooks which were within the influence of the Storm in October.—

29. In the Talooks not affected by it, the Collections were considerably above those of the preceding year.—

30. The subjoined figured Statement exhibits the current demand, Collection and Balance of all sources in the year under review.—

The Inclosures under the Heads of Pamphlet annexed to the Close of the Study to the Large sum of Rupees 45850-11-8- This has been refunded by subsequent Collections to Rupees 33917-6-6- That so large a Balance was outstanding is in a great measure to the attributed to the Insurrection in October 1843; in consequence of which a considerable portion of the growing Crops on the Talooks within its influence were completely carried away, and those that remained the Tenants were subsequently attached by a Dhy which materially affected the Increase - Had the Inundation not been a favorable one, a Large portion of the outstanding Balances would have been remitted, but as to Rs. unfortunately been perhaps the most advance one we have yet experienced since the Zemindary came under management, I fear that merely the whole has been deferred.

P. Atchootanmrauze

Fort St George 5th June 1845.

33. P. Atchoo-taramrauze who stands No 5. on the above Statement died in Fusly 1253. His heirs are without the means to discharge the balance outstanding against him amounting to Rupees 103-8-0. The Village has therefore been transferred to a competent Renter, and the above balance is perfectly desperate. The remaining balances will be recovered shortly. —

Permanent Hereditary Renters.

34. The annexed Statement exhibits the details of the balances amounting at the close of the Fusly to Rupees 1577-5-0. —

35. The Board of Revenue have frequently been informed that the 1st of the above persons has fled the Country and taken refuge in the French Settlement of Yanam. The other two Renters name above are likewise bankrupts the whole of their property having been sold in satisfaction of decrees of the Civil Courts. Their Villages are therefore under Attachment, and the above balance has arisen owing to the Leasing

having been a good many unauthorized alienations in some of the Villages. Measures will be adopted for the resumption of all such, and it is to be hoped that by this means the balances will be recovered. —

36. The sum of Rupees 72-13-0 on account of Augraharum Shotrums, Rupees 6-12-10 on account of Mocajeah Nuzzers, and Rupees 21-12 on account of Peram Cuttoobadies. Total Rupees 101-5-10 was outstanding at the close of the Fusly. Of this amount Rupees 53-2-7 have since been collected, and the remaining balances amounting to Rupees 48-3-3 will be recovered hereafter.

37. The balance outstanding on account of Moturpha at the close of the Fusly amounting to Rupees 1462-13-0 has since been reduced to Rupees 445-2-8 by subsequent collections. The balance is due by persons in very depressed circumstances and I fear that but little of it is recoverable. —

38. There was a balance of Rupees 111-10-3 due on account of Tuckavy or Advances for cultivation which has been reduced by subsequent Collections to Rupees 9-0-0 Still due by Ryots who have either died or deserted. This will be recovered from their Securities.

39. The subjoined Statement exhibits the Gross Collections inclusive of Arrears in the past compared with the preceding Fusly. —

From the Actg Collr of Rajahmundry

Referring the Board to the Sudr Courts Proceedings of 28th May 1836 respecting the Subject brought to Board's notice in the letters of 22d February and 22d March last regarding the Suits filed by the Former Proprietors of Cauza and Moggollah Estates against Ryots & Requesting Orders on the Subject as some Steps should be taken in the Courts thereon

Para 1.

Sir,

Referring to Para 4 of your letter to the Chief Secretary to Government dated 31st March last, forwarded for my information with Extract from Proceedings of the Board of Revenue dated 1st May 1845, I beg leave to direct the attention of the Board of Revenue to the opinion of the Sudder Adalut dated 28th May 1836, sent to this Office with Extract from the Proceedings of the Board of Revenue under date 13th June of the same year.-

2. Under this construction of the law, I do not see how I am to oppose the suits which have already been brought against the Ryots of Cauzah and Moggollah Estates for balances, nor those which I understand are likely if these are successful to be brought by the late Proprietors of other Estates for the like purpose.-

Para b

3- In reply to the motion, which in my letter to your address of 22d March last I mentioned having desired the Government Vakeel to make in

the

Fort St. George 5th June 1845.-

the Subordinate Court of Rajahmundry on the Subject of the suits now in question, I received copy of Extract from that Court's Proceedings dated 14th April last, which I submit for the Board's information, and to which I had prepared a reply arguing upon the provisions of Regulation XXVII of 1802 against the claims set up by the ex-proprietors. The closing of the Civil Courts prevented the presentation of this motion, and I have since discovered among the records of this Office the construction to which I have above referred.-

Copy No. 1.

4. I now beg to have the instructions of the Board of Revenue, if possible, previous to the opening of the Civil Court on the 12th of June, when it will be necessary to take some steps or other in the matter, either by resisting the ex-proprietor's right to the arrears, which I fear may not be done, or simply by denying the liability to action of the Government Servants, who have been included among the Defendants for not having collected the balances claimed from the Ryots while the Estates were under attachment previous to their sale.-

5. I observe that the Bengal rule adverted

Fort St. George 5th June 1845.-

adverted to by the Sudder Adalut in their construction, has been repeated in the new act for recovery of arrears in Bengal No. 1 of 1845. Section XXX, and therefore I fear it would be useless to take any steps to obtain a revision of that construction. Care should be taken however in future to prevent as much as possible the embarrassing consequences which may follow, and I cannot at present think of any expedient more likely to be effectual than the one I proposed with respect to the Estates of Rajahmundry, Moongondah and Yanoogapilly in my letters of the 22d February and 22d March 1845.-

No. 1.

E.P. No. 358 of 1845.-

It appears that Plaintiffs fell into arrears to Government not having received from his ryots the amounts which should have been paid to him, it became then the duty of the Collector to appoint an Ameen who ought to have Collected these balances, and before the estate was sold these balances should have been credited to the Plaintiffs.-

The

7069 7071

Copy No 1

Fort St. George 5th June 1845.-

The Plaintiff's estate was sold for the arrear before such sums due from the ryots to the proprietor had been realized, and as the price it fetched fully realized the Government demand, it is evident that had the ryots balances been paid there would have been just the amount due by the ryots to their former proprietor to be refunded to the proprietor.-

The Collector having sold the Zemin=daree Villages received the full amount due upon it to Government upon which he, as purchaser, sent an order directing that having received the full amount due, old balances that is all such as belonged of right to the Assets of the former proprietor should not be collected.-

Now as shewn above had these been Collected and the estate been sold for the full amount which it did fetch the Plaintiff would have had to receive a refund of just so much of the pur=chase money as these balances amounted to.-

The Clause 5 Section X Regulation XXVIII of 1802 it is true prohibits ryots from paying to defaulting proprietors any balances due after attachment has been made, but it has been shown that the full Sum due by Plaintiffs to the Government has been paid, and that a sum was due to him by

7072 Fort St. George 5th June 1845.-

by the ryots the amount of which if collected would have been repaid to Plaintiffs. It becomes evident that unless the estate was sold with the balances due Plaintiffs has been wronged to that extent the question is from whom is he entitled to redress.-

Is the Auneen liable for not collecting these rents, or are the ryots, or is the Collector as the present holder of the estate, or is it to be considered that the estate, with all old balances due thereon by the ryots, was bought.-

From the Collector's order to the Tahsildar saying that as the estate had been sold for the full Sum for which it was attached no further Collections of old balances should be made, it is evident that the Collector considered that the old balances did not form a part of his purchase but rather a portion of the Security for the payment of the Peshcush, but this is not a conclusive argument, for the Collector might have of free will given up this amount.-

The best course will be to require proof as to the understanding on which all public sales are effected and that a Copy of the advertisement for the sale of this Estate be adduced and also proof as to whether hither to the title of new purchasers to

7073. Fort St. George 5th June 1845.-

to collect old balances has been recognized, and to apply the same rule to the purchase in the present case by the Collector.-

No. 1.

Extract from the Proceedings of the Civil Court of Rajahmundry Dated 18th april 1845.-

Read Rautzeenamah Petition No. 205 of 1845 presented by Sarepully Suttamah and Sanamanadum Streenevasoacharloo Pleaders, of both the parties in appeal Suit No. 25 of 1841 late Northern Provincial Court's file, Stipulating that the Village of Goottanadeevy should be registered in the name of the Respondent jointly with Agnegoondala Suttummah appellant, that the Respondent should manage the affairs of the whole Village for 8 years from fusly 1254 to 1261, and receive the profits in full satisfaction of the amount of 5325-9-6½ due to her under the Decree in the above Suit for 8 years from fusly 1246 to 1253, paying the Circar's Peishcush on the Village, that the Respondent may settle the lands of the whole Village to the Ryots as she pleases during the above period, that should the Respondent fail to satisfy the Circar's debt and bring the Village to public Auction, the appellant should pay the arrears and take the whole Village into her sole enjoyment in perpetuity without any further interference of the Respondent, that in the beginning of fusly 1262, the appellant should parcel out the Village into two equal portions, and allow the Respondent

Respondent to take one of them; if the pleave, then the appellant and respondent should continue paying the Circars Peishcush respectively on their respective portions; each managing the affairs of her portion of the Villages that should the Village suffer loss or yield profit by the innundation of the Godavery river or by forming new islands in the River within the limits of the Village, the appellant should again parcel out the village into two equal portions in December, allowing the Respondent to take one of them for her enjoyment, that both of them should equally bear the espences of bringing new lands to Cultivation, that should either of them fail to pay the Circar's Peishcush upon her portion and bring the Village to daction for arrears of Revenue, the other party should pay them and take the whole Village into her sole enjoyment depriving the party so failing of any right to her half share of the Village; that the appellant paid 250 Rupees to the Respondent on account of the balance of Revenue due to Government on that Village up to the present date; that the appellant should, within 15 days, cause the ryots to agree to pay to Respondent outstanding balance of Revenue due by them for their Cultivations, or in default of doing so she the

/the appellant/ herself should pay the same to Respondent, and that the Respondent must collect the balance of revenue which may remain uncollected up to the end of Fusly 1261-

Therefore, the appellant requests the Court to issue a Precept to the Collector of Rajahmundry to cause half of the Village of Goottanadevy to be registered in the name of the Respondent, and to make over to her the other portion of the Village belonging to the appellant empowering her to manage the affairs of the whole Village and receive the profits for her enjoyment from the present Fusly 1254 to 1261.-

Ordered that Copy of this Rauzeena-mah be sent to the Collector of Rajahmundry with a request that he will comply with the terms therein stipulated by registering the Village Goottanadevy in the name of the Respondent Tolaity Boochelutchmanmah jointly with the appellant Agnegoondala Suttunmah and by allowing the Respondent to manage the whole Village for 8 years Viz. from Fusly 1254 to the end of 1261 to enable her to Collect profits in full satisfaction of the amount due to her under the appeal

Fort St. George 5th June 1845.

Appeal Decree in No. 25 of 1841 late Provincial Courts file and also by allowing both parties to parcel out the village between them in two equal shares at the beginning of Fusly 1262, they both being held jointly answerable to the Pishcush of the Village. The Collector is further requested to dispense with the sale of Nadavandully Estate ordered by the Court's Precept dated 23d September 1844.

Ordered that an Extract from these Proceedings be sent to the Acting Collector of Rajahmundry by Precept requiring conformity thereto and returnable within 25 days from and after its receipt.-

From the Collector of Masulipatam. Submitting Statement-the Establishment employed for the Collection of Frontier Customs and recommending certain alterations in the same-

Sir,

Para. 1. With reference to Para. 3 of my letter dated the 27th May 1844 I have the honor to forward herewith a Statement shewing the Collections and Charges of Establishment in the Frontier Chowkies of this District since the Act No. VI of 1844 came into operation, viz. from the 1st April 1844 to the 31st March 1845, as compared with those of the year immediately preceding, and exhibiting certain alterations which from the experience of the past year I think might be made with advantage both in the number and location of some of the Chowkies, and in the number and amount of pay of the Establishment hitherto entertained.

2- It will be seen from this Statement that the frontier Collections for the year abovementioned have amounted to Rupees 30948-9-2 exceeding the estimated receipts mentioned in my letter of the 21st October 1843 by

Rupees 26830-11-10.

From Ft. St. George. 5th June 1845.

by Rupees 11317—13—4. and shewing an increase of no less than Rupees 19,993—2—8 above the actual Collections of the preceding year as shewn in the Margin. The net revenue for the 1st year since the act has been in operation, after deducting Charges (Rupees 5308—4—0) amounts to Rupees 31,040—5—2.

From 1st April 1844 to 31st March 1845	30,948	9	2
Increase	19,993	2	8

3. An inspection of the Statement now submitted will shew that in many of the Chowkies the Charges of Collection are utterly disproportioned to the receipts, and although this reason of itself is not in all cases sufficient to warrant their being at once done away with, there are several, the names of which are noted in the Margin at which I think it will be sufficient to keep a peon or two for the prevention of smuggling, and to incorporate the Villages of each with those of other Chowkies which are still to be maintained.

2. Tayenty

with altogether. There is no road thro' the former, and the only articles which pass thro' it are of the most trifling description brought to one or two Nizams Villages situated within this District. The Muckanawaregoodem Chowkey is close to the confines of the Rajahmundry District and the Nizams Country, and situated in the heart of the jungle, thro' which there is little or no traffic of any kind.

5. By the alterations proposed above, there will result a saving in the Cost of Establishment amounting to Rupees 988—0—0 per Annum.

6. There are two Chowkies on the Juggiahpett frontier, Mulkapooram and Cumbeempaudoo, the duties of which are collected at Polumpilly, and Dubbakooputty respectively. It is proposed, therefore, to transfer the Establishments of these Chowkies to the last mentioned Villages.

7. It will be seen on reference to Statement No. 2 that a small increase of 2 Rupees is proposed to be made to the pay of the Peishcar at Madaveram, to place him on an equal footing with the Peishcar

* Prepared according to the form furnished with the Board's letter dated 21st March 1844.

of Chintlapoody the principal Station on the main road to Nagpoor Nadaveram is situated on the main road to Hyderabad and the traffic thro' it into and from the Nizam's Dominions is very great. Its position makes it one of great importance and it is proposed to include in it the Villages of the Nursimlogoodem Chowkey, the reduction of which is now recommended.

8. The only other item of increase which I beg to recommend is an addition of 10 Rupees to the pay of the Huzzoor Head Goomastah. This Officer has to examine and check the accounts received from all the Frontier Chowkies and his responsibility and labour increase with the amount of revenue derived from this branch which as already noticed, exhibits a considerable improvement and as after deducting these items of increase, the charges will still exhibit a net decrease of Rupees 822 per annum. I trust that the present recommendation will meet with the Board's support.

9. Should the alterations &c now

Fort St. George, 5th June, 1845.

now recommended be approved by the Board, I have the honor to request that the accompanying revised list of Chowkies and Routes may be forwarded to Government for publication in the Official Gazette agreeably with the provisions of Sections X & XII of the Act No. VI of 1844.

To the Chief Secy to Government

Submitting a letter from the Collector of Masulipatam reporting the amount of collections and charges at the Frontier chowkies in that district from 1st April 1844 to 31st March 1845 and proposing certain reductions in some of the chowkies and the abolition of others. Recommending for sanction the proposed modification and suggesting that the revised list of rentes submitted by the Collector by which goods should be allowed in future to pass the Frontier of that District be published in the official Gazette for general information

11th June Registered 8th July Despatched June 1845

Sir

1. I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Masulipatam reporting the amount of duty collected at the Frontier chowkies in his District from the 1st April 1844 to the 31st March 1845 under the operation of act VI of 1844 and of the charges incurred on account of the Establishment maintained for that purpose and proposing certain reductions in some of the chowkies where the charges are not proportionate to the Collections and the abolition of others situated in localities through which little or no traffic is carried on.

2. The modifications proposed by the Collector appear proper and the Board beg to recommend that they may receive the sanction of Government and that the Revised List of Rentes submitted by him by which goods should be allowed in future to pass the Frontier of that District be published in the Official Gazette.

(11.)

From the Collector of Bellary — Submitting Report on the Collections of Manabab & proposing discontinuance of certain Items thereof from the objectionable Mode of their Collection —

Para 1.

Sir,

In Para 9 of the Proceedings of the Board of Revenue under date the 7th December 1843. on the Settlement of the Extra Sources of Revenue in this District for Fusly 1252 / A.D. 1842/43. the Board expressed a wish to have a detailed Report on the particular description of Motorpha Tax called Manabab, and I accordingly beg leave to submit Report on the subject and to transmit 2 Statements the 1st shewing the Castes who contribute their quota and the amount of the Tax paid by each particular Caste for Fusly 1252 / A.D. 1842/43 whilst the other Statement contains the yearly Collections of this Petty branch during the last 10 years.—

This Manabab is collected from 7 different Castes in 11 Talooks the remaining 6 Talooks noticed in the Margin not paying tax of this denomination (beyond either Sadee or Motorpha on Manufacture or profession).—

3. In Four* of the above 11 Taloks there obtain a practice of renting out this Tax and in one Taluk it is levied only on two Castes Viz.t Coorubaars / Shepherds / and Mandegaaras / Shucklers / the former. In the other 6 Taloks named in the margin the Tahsildars are entrusted with the exclusive management of collecting the Tax under Annaym. The practice of renting appears to have been considered by former Collectors as contrary to the Ryotwar System and why the contract was continued in the other Taloks I cannot say / probably / it has been overlooked.—

4. The number of Persons contributing to Manabaub as per Column 22 in the Statement No. 1 is 4728 and the amount of contribution is on Rupees 3,620—13—. being Rupees 2,460—10—10. paid by 3934 Ryots who either pay land assessment, Sodie or real Mohurpha or both, all amounting to the large sum of Rupees 40,128—4—. and the remainder Rupees 1,060—2—2. is levied on 794 individuals who pay no Tax to the Circar. I shall now describe the Manabaub itself. The amount collected at so much a year per family is Rupees 3,242—6—. and the levy of Fees and forfeitures adjudged in cases of Castes

and

and Religious matters is Rupees 278—7—. collected by Renters. This Manabaub being Rented out to the Heads of the Castes, these men states the Items composing the Rent at Rupees 278—7— Statement No. 1 Col. 26 to 29. for Fusly 1252 A.D. 1842/43. as follows.—

On 154 Marriages		176. 13. —
On 31 Marriages with a Widow or Woman Separated from a living husband		61. 1. —
On 27 Adultery Settled		19. 8. —
On 24 Trespass of Caste Rules		21. 1. —
		278. 7. —

I must here state, that in Taloks where this brand is not rented or in other words where the Collection of Manabaub is under the Annamie management of the Tahsildars and in the 6 Taloks where there is no Manabaub to Collect in either way the levy of these fines is still in existence made by Heads of Castes at the time of adjudging Cases.

5. It remains a question whether individuals paying the 1st stated sum of Company's Rupees 40,128—4—. in the shape of other specific Taxes to Government should also be made liable

to

Fort St. George 5th June 1845.—

to pay this Manabaub of Rupees 2,460 10 10, the only plea being that it has so continued since the Cession of the Country. I beg to leave it for the Board's serious consideration. It averages only 1 as. 10 a. 2 p. on each of the 3,904 Persons per year: while the other Taxes average 10 Rupees. I think it reasonable that they should be relieved from this Extra Tax. With regard to those who pay no other tax than Manabaub. I do not see any objection to continue it beyond the objectionable nature of the Tax itself it must be evident that any Tax upon what the Natives consider disgraceful conduct besides being a discreditable mode of taxation in itself is liable to the greatest abuse. The Persons allowed to collect state the Fines at a certain amount but whether they state this correctly it is quite impossible to say there can be no doubt that a feeling of shame and a wish to avoid publicity would in all cases where the Parties are not become perfectly callous induce a compliance with even an unusual

demand.

demand. Hindoo Government collected this on Tax as a Punishment to infringement of Caste Rules. The Mahomedan Government were never very particular under what denomination money came to the Treasury and the Tax has been continued in our day probably without any exact knowledge of particulars.

Ordered to be on the Table.—

(43.)

From the Collr of Vellore—

Sir,

I have the honor to acknowledge the receipt of your letter dated the 10th Ultimo bearing Malabar and to forward the three Statements therein called for, which I have accordingly prepared and submit herewith for the favour of the Board's consideration.

2. The Statement No 3 shows the Bazar Cowle of Vellore to have been increased by 202 Rupees, and the Statement No 4 shows the Bazar Cowle of Arnee to have been increased by 1230 Rupees, making together 1432 Rupees, which I have entered in the Statement No 2 as the increase of the Bazar Cowle of the Collectorate.—

I have &c.

In some Talooks only the amount so regulated falls short of the Estimated Bariz of the Talook from various causes. The 2d Item Bagur Veesabady a Jaxe on Professions or labours is assessed by the Talsildars themselves with reference to the usual Collections and the Profits gained at the time by each Class subject to it The mode in which this is settled is open to great objection, but there being no alternative, the same course has continued to be observed. Of the taxes on labour, the Loom Jaxe yielding about half the whole amount it was the subject of a letter to the Board from a former Collector Mr Chaplin who proposed certain plans for the Regulation of the same. In my Report to the Board on the Weavers of this District Talo had occasion

occasion to refer to this subject. The same pr
observed in taxing looms obtains in respect
Jaxes, or labour Houses &c. To regulate
modify the existing system is not an easy
and therefore it is advisable to abandon it alto
-gether, and adopt a new one, I shall not enlarge
-ed the subject here but will explain what occur
-me in the concluding part of this Report. At
present the discretion of the Talsildars appears to be
the data upon which the Settlement of the Jaxe is
based. Consequently the information required in the 4th

form No. 2. But an annual payment from the Moturpha Revenue is made to the extent of Rupees 2,554 on account of Mahomedan religious institutions such as Dargha &c^a in Circar Villages and to the Enamdars in Jaghiers Surva Enams & Shrotrium Villages. The incumbents having a claim this allowance I have in order to exhibit the same added another Heading (Column 9) in the Statement No. 2 Regarding this allowance the late Principal Collector Mr. Robertson furnished the Board with an account under date the 19th June 1832.—

5. The Collection of Moturpha does not appear to me to press with severity on any particular Class in this District. In addition to the important relief afforded to the People by the relinquishment of the general inland and Town Duties, they are not in the least affected (as elsewhere) in the Bellary District (where the consumption of Earth Salt is so general) by the operation of the new Act in regard to Salt or rather by the increased price fixed on Sea Salt I see no reason why Moturpha should not continue, But as regards the Manabaub included under the Head of "Moturpha," I had the honor to submit my opinion in the Extra Revenue Report of this District for fasly 1252, the Board have since called for certain additional information on the subject (in the 9th Para of their Proceedings

dated the 7th December 1843/ which I now furnish with the necessary Accounts in a separate report and beg to suggest, that out of the Manabaub amounting to Company's Rupees 3,682 _2_ .. the Portion collected from Persons who pay Jodee and Land Revenue as well as Moturpha amounting to 2,460-10-10 under the above technical term of Manabaub may be given up altogether as therein requested. In certain places Moturpha is always collected even from agriculturalists on the score of their keeping Sheep (where such is the case) The reason of their maintaining these is in many cases to fertilize their lands - Some persons of this Class are however exempt from the Tax Colonel Munro was of opinion, that Cultivating Ryots should not be subjected to Moturpha I am however unable at this moment to specify the exact amount of tax thus collected but it may be assumed as amounting to about 6,000 Rupees and this also I consider a fit item to be remitted. —.

6. The Vessabady settled as it is by those subject to it and regulated amongst themselves may be considered unobjectionable - But Bajhur Vessabady is a tax so irregular so undefined and therefore so open to abuse that I propose the following. —.

I. A specific amount of Tax payable once a year should be assessed according to circumstances on each Gold Smiths Fire on each Hearth or Fire Place of Iron & Brass Smiths and on each Carpenter. —.

II. There being three different Classes among the Iron manufacturers and Workers of Earth Salt it would be

Fort St. George 5th June 1845

be expedient to assess them at a fixed rate for each particular Class. —

III. In the Indigo preparations there is a great distinction and two rates should be Established that no variation may take place in the rate so fixed for each kind. —.

IV. The same among the Dying and Chintz Establishments.

V. A specific rate of tax should be fixed on each Meat Shop, Each Cotton cleaners Machine, and for each Toddy and

VI. Do. Do. on each Flour Shop, each Drugshop, and on each String of Earthen Bangles. —.

VII. The Tax on Shepherds is now regulated by the number of Sheep - Those not engaged in agriculture should be assessed at so much for each 100 Sheep. —.

VIII. Heavy Taxes are at present collected on Looms, and no less than 10 Classes should be fixed in each Taluk. Each Class being taxed at a given rate as the Class may be considered liable according to the judgment of the Servants of Government. —

IX. The Taxes on houses should be regulated at so much for each House according to circumstances. —

X. The Collections from other items are trifling — some systematic plan might be adopted in assessing them. —

XI. The Manabaub is already recommended to be abolished. —.

XII. As regards Fisheries and the substance (Earth) for making Bangles they are at present rented out, and the same course should I think be continued. —

7. I am of opinion that the principle on which Moturpha is levied should be uniform throughout the District. It should not be left in the hands of the Taluk Authorities but be scrutinized by the Hoozoor Cutcherry and undergo supervision during the Annual Summabandy. —.

No. 46.

As regards the former of the above Petitions /No. 935/ it appears from the foregoing letter that the Petitioner Soobana Charry is the brother by half blood of Ramachendra Charry the individual on whom one of the Poligars of woodiarpollium formerly conferred a Dattak Maneum out of his Cavil lands Government however having resolved to

Government and declining for stated reasons to recommend the Petitioners request also reporting the death of Sooba Iyen as a share to the extent of Rs 15-10-1½ in a pension of this description originally conferred for life and supporting the Collectors recommendation that this allowance be continued in the name of Sooba Iyens son for the support of himself and his Mother—

to assume all alienations made to individuals by these Poligars and to grant in lieu life pensions equivalent to the value of the Maneums assumed the names of the several claimants upon these Enams were registered with a view to their being placed in the enjoyment of the money grants awarded as compensation for their resumed rights and privileges.

2. In the present case an annual pension of Rupees 52-2-5. was conferred on the two sons of the original grantee whose joint names were duly entered in the Register forwarded by the Principal Collector on the 27th November 1840- no reference whatever being therein made to the Petitioner who now alleges that his name was surreptitiously concealed and omitted by his nephews owing to his absence from Cuddalore at the time of the preparation of the register in question and upon which omission he grounds the present application to be admitted to participate on the grant.—

3. Upon this point the Collector reports that the Petitioners statement is undeserving of credit inasmuch as it has been ascertained that he was

1 Rayenada charry
Vadivanda charry

In Cons: 17th Dec: 1840-

Fort St. George 5th June 1845

residing on the spot during the two years the list was under preparation, and he must consequently have been fully aware of the arrangements in progress- and as it appears clear moreover from the genealogical tree which accompanies the report that the Petitioner is a brother of the original grantee merely by half blood and therefore only a Collateral relation to the present incumbents who are his direct descendants the Board are of opinion that the claim set up by him to a share in the Rocka maneum is inadmissible-

4. The second Petition No 995. upon which information is furnished was submitted by Ramasawmy Iyen, also advancing a claim to participate in a Money pension amounting to Rupees 62-8-6. which was conferred under circumstances similar to the foregoing, basing his claim on Consanguinity, and the intentional omission of his name from the Register to which reference has just been made by parties interested in its exclusion.—

No 995.

5. From the Collectors letter and the enclosure which accompany it it appears that the Petitioner

grand sons of the original holder of the Inam
and such being the case his claim would u
doubtless have been taken into considerat

to prefer it at the period of the preparatio
of the list the object of which, it is remark
he must have been fully aware of, as the

From the Coll.r of South Arcot.
Submitting the information called for in the Board's letter of 17th April 1845 respecting the spot of land situated in Bundy poitlien in the cuddalore Taloote.

Sir

With reference to your letter of the Board, that on my inspecting the spot of land at Bundy poitliam in the Cuddalore Talook regarding which a suit had been filed in the Principal Sudr Ameens Court, I found it to be Gramanattam situated in the immediate vicinity of the village and used by the inhabitants as a place for them to perform the calls of nature, who suffer great inconvenience from that portion which is under cultivation, and which ought never in my opinion to have been given on Durkast.

2. With regard to the 4th Para of your letter under acknowledgment

I have the honor to state for the information

18th Jany 1845. I beg to state that on the receipt of a notice of the suit having been instituted, I instructed the Government Vakeel to furnish me with Copies of the Plaints, which he did only on the 28th January last, and on a perusal connected with the land, and being at a loss to know what view the Court would take of the matter at issue, I endeavoured to effect a compromise between the parties to which the last purchaser at the Court sale objected, unless he was reimbursed the purchase money, and as the Plaintiff was unwilling or unable to accede to his request, caused some days to elapse, and which was the reason of the delay noticed by the Board.

From the Collr of Trichinopoly
Reporting on the Petition presented to the Board by one Appah Goorookulon the subject of certain Pagoda lands.—

Sir

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated the 24th Ultimo relative to a petition presented to them by one Appah Goorookulon the subject of certain Pagoda lands.—

2. The lands in question have for many years been let to whoever was willing to cultivate them and bind himself to pay the Coodewarum as well as the Jurm Teerwah and whatever has been received as Coodewarum has been carried to the Head of Davustanum funds, and is entered in the accounts as belonging to the surplus of the Pagoda funds. The total amount thus received is Rupees 34-3-1—

3. The Pagoda to which the lands were attached being completely ruined and no service being performed

performed in it the lands may fairly be considered as having escheated to Government and I recommend that they be sold at public auction to the highest bidder. The Pottah which the present cultivator holds is so worded as to prevent any claim to proprietorship on his part.—

From the Prin. Collr of Madura
Explaining the Board's error in supposing in their Proceedings of 27th February on the settlement of Shevagunga for Fusly 1251. 1252 and 1253 that no part of the Estate at the investment of the Carnatic Loan of Rs and forwarding a tabular statement of grain sold up to 11th July 1844 when the Estate was released from sequestration.

Sir

1. On the 6th March I had the honor to receive the Board's Proceedings in review of my settlement of Shevagunga for fusly 1251 1841-42. 1252 1842-43. and 1253 1843-44. as reported upon by me respectively on the 28th October 1842 two Months before my suspension and on the 27th February 1844 and 3d December 1844 after the Govt

Government had restored me to Office but with an assurance of having forfeited their confidence.-

2. In the 5th para they point out to Government how I had invested a lac of Rupees in the funds for benefit of the legal claimant to the estate, and in the following one they pronounce the proceeding to be "altogether irregular" whilst there was an outstanding balance unprovided for and having thus held me up to the animadversion of Government they then call upon me to account for such great irregularity.-

3. The Board's impression and consequent misrepresentation of the circumstance to Government, was wrong- At the end of January 1844- there was net surplus in the Madura treasury of Rupees 129.506-6-6- after payment of every demand for Fusly 1252- and liquidation of the kists for December 1843 and January 1844/ Fusly 1253/, and thus after investment of the One Lac in question there was still a surplus

Fusly 1253-

surplus balance of Rupees 29.506-66 in the Madura treasury.-

4. In reference to their observations in the 7th para on the estate being restored, on the 11th September 1844, whilst Revenue for Fusly 1253 was due to amount of Rupees 157.178-7-3 they require to know "what the assets of the Estate were "to cover the Balance, the quantity and "value of grain in store, and what "amount had been sold and not Collected "as well as by what purchasers due on the "11th September" and "the actual amount of "ready Money in the treasury on account of "the Zemindary and whether any, and "what receipt was taken from the Pro-"prietor at the time of placing him "in the possession of his estate:- and the Board desire the above information with Statements made up to the day of restoration of the estate.-

I requested him to make arrange-
ments to receive charge on the 10th,
he informed me of his willing-
ness to take the whole of the talook
establishments, and such part of my
own as was paid from the funds of
the estate off my hands, and charged
his Vakeel Balaramasooderian Moodeliar,
to give effect to all details. On the 11th
I issued proclamations to the people,
and instructions to the Ameen, intima-
ting release of the Estate from seques-
tration, and requiring the latter to re-
mit to the Madura treasury all
collections thereafter to be made in
payment of grain sold till enter
liquidation of Revenue due for
fusly 1253, A.D. 1843-44
and for the instalments
due up to September 1844 on ac-
count of the revenue of fusly 1254 A.D. 1844-45
which last amounted to Rupees

Para 1

Shewing the principle upon which Extra charges for the Carts supplied to the 15th Regiment on N. Ty were made and releases also a Statement shewing the amount advanced at Coimbatore.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 24th Ultimo enclosing copy of Minutes of Consultation of the 22d of that Month, and directing me to explain the principle upon which Extra Charges were made for the Carts supplied from this District for the use of the 15th Regiment Native Infantry.

2. For this purpose I beg leave to refer the Board to their Proceedings dated 9th December 1844, and also to the Extract from Min.s of Consultation of the 1st January 1845 from which it will be observed that the Extra charge in question was made in strict conformity to the orders therein contained.

3. I take this opportunity of informing the Board that the Carts from Coimbatore were taken as far as Cannanore 211 Miles - Viz.t 48 Miles in this District, and 163 Miles within the limits of Malabar and as arrangements cannot be made in

that

that District as directed in the orders of Government date 12th April 1841 this must on all occasion press doubly more heavily on Coimbatore than either Madura, or Tinnevelly from the fact of only a very limited number of carts being procurable at this station, and the distance to be travelled over is double that of either Tinnevelly or Madura whilst on public grounds, it militates against the interests of Government incalculably by interrupting the Tobacco Monopoly and the Salt trade. On the last occasion, the consignments of Tobacco must have been suspended for an uncertain period, but for the employment of Carriage Bullocks — a mode of conveyance most injurious to the Tobacco. I have hitherto been unable to procure carts for the transmission of Sandalwood to the presidency for the same cause. Vide Minutes of Consultation No. 1210.

4. A statement shewing the amount paid from my Treasury and the rate at which the hire of the carts was regulated is transmitted herewith.
